CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, MAY 16, 1918.

NEW SERIES: VOL. 29. NO. 20

CLARENDON COLLEGE COMMENCEMENT EXERCISES

The session new closing has been a splendid one. The faculty and the student body readily adjusted themselves and have done a splendid year's work. We have one of the largest and strongest graduating classes that has ever gone out from the school. Quite a number of the young men would have been in the Senior Class joined the army before school opened, several others have joined since. This caused a decrease in the attendance of boys, but we have had a larger number of girls.

The high standard of work has been held up in all departments. The college has been recognized as one of the strongest schools of its grade in the south for several years. Not only is the work in the Literary Department of high grade, but the work in the School of Fine Arts is as strong as that done in the best conservatories.

We invite the public to attend the various programs of the Commencement Exercises. This will furnish a fine opportunity to judge of the work done in several departments.

The College has never had more enthusiastic support at home and abroad than it enjoys at the present time. It is year by year broadening the scope of its constituency.

Still the unsettled condition, on account of the war together with the great number of young men taken into the army raises very serious problems for the school in the immediate future. Without a united effort on the part of the friends of the school next session may prove its most critical period. The annual budget that has grown from year to year has become considerable. Without a large enrollment it would be impossible for the school to pay its running expenses. There are seventeen faculty members. These are all strong teachers and command a good salary. It is absolutely necessary to keep a strong faculty if you are going to hold up the standard of the school.

If the college is to go "over the top" the next session we will all have to be boosters.

SENIOR CLASS ENTERTAINMENT

The Senior class of the Clarendon College Conservatory of Music was delightfully entertained Saturday with a three course dinner given by Mr. and Mrs. R. Deane Shure at their home.

The table was beautiful, with its decorations of cut flowers and lighted candles, and the place cards were very unusual and unique. One of the most interesting features was that the elaborate and deliciously prepared three course dinner was strictly a Hoover dinner.

After some time spent in pleasant conversation, the guests departed, thanking their charming host and hostess for an enjoyable evening long to be remembered. Those present were Misses Beulah Baird, Vivian Benson, Thelma Carhart, Evadne Hurn, Mattie Eva Lane, Virgie Manley, Luma Noble, Josephine Nichols, Lucy and Beatrice Story, Lois Smalley and Mr. and Mrs. Shure and children.

Col. R. S. Kimberlain stated to a News representative that the Confederate Annual Reunion would be held at Tulsa, Oklahoma, in September, and that the railroads had given them a one cent rate.

NEWS WINS THIRD PRIZE IN CONTEST AGAINST FORTY-SEVEN OTHERS

In the Mergenthaler Linotype Contest held at Fort Worth last week during the meeting of the Texas Press Association, The Clarendon News was awarded third prize, \$20 in gold, having been declared as the ranking third newspaper in Texas.

Considering the fact that there were nearly fifty entrants and that all the papers who won higher rank were published in towns and cities twice and three times as large with corresponding equipment, The News man is modestly proud of the showing made and pledges himself to greater efforts to give Clarendon the best newspaper in Texas.

The first prize was won by The Vernon Record; second prize by Denton Record-Chronicle; third prize by Clarendon News; fourth prize by Sulphur Springs Gazette.

ASHTOLA NEWS

A light rain fell Saturday evening.

Messrs. J. D. and Noel Harvey and Misses Lora Mae Harvey and Jessie Mae Johnson made a business trip to Amarillo on last Wednesday.

Mrs. and Mrs. J. A. Johnson entertained the young people of the community with choir practice in their home Sunday evening, May 5.

Mr. Tom Major visited his sister Mrs. Roy of Goodnight, last Tuesday night.

Geo. Day, formerly of Ashtola is working for the Grogan Bros. at present.

Frank O'Neal is visiting his parents Sunday. He is working at Goodnight at present.

Mr. J. A. Johnson made a business trip to Clarendon on Thursday.

Mr. W. F. Barker has two cases of whooping cough in his family. We are glad to report they are some better at this writing.

Dell Shores made a trip to Goodnight Saturday.

Mr. and Mrs. Roy Shores entertained the young people of the community with choir practice Sunday night. A large crowd was present and all reported an enjoyable time.

Miss Eula Rhodes spent Saturday night and Sunday with Miss Chloe Hanson.

Vern Roy and family were visitors in Ashtola Sunday.

Misses Hazel Harris and Leota Harvey were the guests of Miss Floy Johnson, Sunday.

Mr. and Mrs. Dell Shores, Mr. and Mrs. Fred Shores were the guests of Mr. and Mrs. Protzman Sunday.

CHRISTIAN LADIES AID

On Wednesday afternoon, May 15, the Ladies Aid of the Christian church met with Mrs. H. A. Rothfus. A Bible lesson was read and discussed by the circle from the 5th chapter of Luke. Bro. Huckleberry and wife were with us and an interesting talk was made by him in regard to the work in the future on numerous things.

Some excellent music was furnished by Mrs. Rothfus. Refreshments were served after which, we adjourned to meet with Mrs. Lloyd Blackwell, on May 22.

Mrs. Chas. Goodnight returned home Monday after several days visit here with her niece, Miss Elizabeth Dyer.

WALTER CONNALLY DEAD

News reached our city, Tuesday morning, revealed in the sad message of the sudden death of Walter Connally, Monday.

Mr. Connally is a cousin of T. F. Connally; and has visited in Clarendon often making many friends here who will be greatly grieved to learn of his death. He was a very prominent financier in East Texas having large investments in several corporations. Also he owns business property in Clarendon located on Kearney street. His home is at Tyler.

The News extends its sympathy to the bereaved relatives and friends in their hour of sorrow.

Harwood Beville attended to business at Amarillo Thursday.

TEXAS PRESS ASSOCIATION CLOSURES GREAT MEETING AT FT. WORTH LAST SATURDAY

Considering the drouth and wartime conditions the annual meeting of the Texas Press Association which met in Fort Worth Thursday morning of last week and closed Saturday afternoon, was one of the most successful in the entire history of the organization. A very light attendance was anticipated, but all were pleasantly surprised when it was found that the attendance was just about normal and whereas only fifteen or twenty new members were expected the association received over fifty.

Fort Worth upheld her traditional reputation as a convention city and the entertainment received was in advance of any the association has received in late years. Especially did the Star-Telegram exert every effort to make the stay of the pen-pushers one of pleasure.

Harry Koch of the Quansh Tribune, Chief was elected president, Sam Fore, Floresville, vice-president, and San Antonio was unanimously selected as the next place of meeting.

The Clarendon Plant and Floral Company very kindly complimented the ladies of the Panhandle delegation with carnations and the News editor had the pleasure of handing them out and telling them where such beautiful flowers could be procured.

CLARENDON COLLEGE COMMENCEMENT PROGRAM

Friday Evening 8—Art and Domestic Science Reception.

Saturday morning 10:30—Expression Concert.

Saturday Afternoon 3:30—Primary Exercises.

Saturday night 8:30—Society Debate.

Tuesday 8:30 P. M.—The Senior Play, entitled, "Green Stockings."

Wednesday 10:00 A. M.—Commencement Exercises. Address by Rev. G. W. Shearer, Childress, Texas.

Another Good Investment

We paid out some Red Cross money a while back. Paid it out—and forgot it. That's how much it hurt. Might not be a bad idea to have a look at what that money has been doing.

That money went, dollar for dollar, where it did a full day's work, wherever it was.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm flannel belly-band around six-year-old Antoine out back of Noyon.

No use,—we can't figure this Red Cross task in cents worth.

There's the whole path of ruin from Belgium to Switzerland, just to visualize one thing at a time. If your Red Cross money went there it very likely provided pots and pans, food and clothes beds and blankets, for the repatriated people.

Three years ago these people were prosperous and contented—self-respecting, steady, saving, hard-working, everyday, small-town citizens.

Now they have the "earth under them and the sky over them"—not one thing else.

It's for you to say whether this great work of mercy shall stop.

The Red Cross is yours, just as our Army and Navy are yours; yours to support with the same fervor and loyalty that leads you to the bottom of your purse for Liberty Bonds.

It's for your voice to say whether your Red Cross shall falter now or sweep onward, greater and more helpful than ever before.

And it's your dollars that must answer.

Out of the bleeding heart of Europe there comes a cry heard above the moan of the broken body racked with pain. The Soul of Freedom, at bay with Death, cries out to save Liberty for the race of men.

It is your Liberty, your nation's freedom, your children's birthright, that is fighting for its life.

All that life holds for you as an American is at stake in this war, and you must fight for it to the utmost limits of your power.

We cannot all be in the trenches, but every one of us can—and must—sustain those who are.

Not as an act of mercy, but as an act of war—as a Soldier of the Nation—help the Red Cross heal, support, cheer our Soldiers and Sailors of Liberty that they may fight the sooner, the harder, the longer in this Holy War.

TO THE PUBLIC

As it is only a few days until I shall enter the service, and as the business affairs of my father, since his decease, demand my attention for the little time I have remaining, I have resigned my office, closed out my business here, and will go to my old home until I enter the service.

I wish to express my thanks and appreciation to all for their hearty co-operation and assistance during the time I have been with you, and hope to again take up my work here when I return from the service.

Respectfully,
Edward F. Ritchey.

Judge J. S. Stallings of Claude, was in town Wednesday.

Music Makes a Household a Home

No home is a real home without music—good music. The home without music is not a home in the true sense of the word—it is merely a household. Every home should have some kind of a musical instrument, preferably one that meets all requirements and suits all tastes. For instance, a phonograph.

When you choose your phonograph do not let prejudice in favor of any certain make or against any other makes stand in the way for making a wise choice.

Every dealer will tell you that his particular phonograph or talking machine has the best "tone," the greatest artists, the handsomest cabinets, the best motor, the best reproducer or any number of other things. We tell you that

The NEW EDISON

"The Phonograph with a Soul"

Re-Creates the human voice and the music of human-played instruments with such fidelity that the actual voices and instruments cannot be distinguished from the New Edison's Re-Creation of them.

The wise way to choose your phonograph is to have several makes sent on trial to your home where you may make comparisons among them in the quiet of your living-room, and decide which one you would like to keep—which one you think you would enjoy hearing just as much five years from now as you do today. Then you will choose well, wisely and without regrets.

Any dealer whose name appears in the list below will, upon request, gladly send a New Edison to your home.

Official Laboratory Model

CITY DRUG STORE

LOCAL AND PERSONAL.

Have you tried maize meal?
We do all kinds of soldering. Parker & Rhode.
Price Baker of the JA was in town Tuesday on business.

Just try some muffins made of Maize meal.
Bring us your tinware for repairs. Parker & Rhode.

Miss Maude Clark spent Sunday with relatives at Lelia Lake.
Whipple Produce Co., pays market price for your eggs, poultry and hides.

W. D. Smith is shipping his cattle to his ranch near San Angelo this week.

Just received a new line of hats that will bear comparison anywhere. Harned Sisters.

Mrs. Joe Doss of Memphis visited relatives and friends in Clarendon this week.

Mrs. J. B. Anthony visited with her daughter, Miss Modena, at Childress the past week.

How are you? Have you tried Tanlac?

Let M. W. Headrick & Son show you the New Perfection oil cook stove.

Mr. and Mrs. J. R. Bartlett made a visit to relatives at Lelia Lake Sunday.

Mrs. W. L. Smith and children of Mulberry were in town Tuesday shopping.

George Whately and sister, Miss Grace, were guests of Miss Irene Steed last Friday.

See our line of wrist watches they make useful graduation gifts. Goldston, the Jeweler.

M. V. Homeyer, surveyor at the JA ranch, was transacting business in Clarendon this week.

Mrs. O. B. Stanley, after an illness of several weeks duration, at Hedley came home last Thursday.

Miss Nellie Baker came in last week from Quannah where she taught in the public schools the past year.

Just received a new line of hats that are different and sure to satisfy. Harned Sisters.

Have you tried maize meal?

For particulars on the New Perfection built in oven, see M. W. Headrick & Son.

Hot cakes? Yes, they are fine made from maize meal. Ask your groceryman.

Just received a new line of hats that are different and sure to satisfy. Harned Sisters.

W. L. Butler and daughter, Miss Carrie, of Lelia Lake were shopping in our city Tuesday.

At The Vogue you will find the King Bee and Gage hats which please the most artistic.

Mr. and Mrs. W. B. Doughty left Wednesday for Tulia, where they will spend the summer on their farm.

Let the commencement gift be an Ever Sharp Pencil or A Fountain Pen. See Goldston's line of them.

Let the government have the wheat flour, for the boys at the front and order maize meal from your groceryman.

Let us save you money on that diamond ring for your daughter's Graduation Gift. Goldston, the Jeweler.

Beautiful designs and correctly made hats are found when you buy a King Bee or Gage hat. The Vogue sells them.

Miss Ruth Thompson, who teaches near Lakeview spent the week end with her parents, Mr. and Mrs. Eugene Thompson.

Have your eyes fitted with glasses and keep up with the boys over there Satisfaction guaranteed. Goldston the Jeweler.

T. H. Gatlin, who is on the JA ranch, has returned from New Mexico where he went to see a brother who is critically ill.

Mrs. J. A. Kent, who has been in town for several weeks past with pneumonia was able to return to her home at the JA this week.

The razor guaranteed to give satisfaction during the life of the buyer is sold at Stocking's Store. What more could you ask?

Miss Evangeline Loeffler of Clarendon College Conservatory will teach violin and piano during the six weeks of the summer session. Anyone desiring this work see her on or before May the 23rd. 20-21.

Jim Headrick, Crockett Taylor and O. C. Watson attended the Panhandle Hardware Convention at Amarillo this week. They report a very profitable meeting and a most enjoyable time.

WHAT IS WORSE THAN WAR?

Consumption Four Times More Deadly Than Bombs and Machine Guns.

Pierre Hamp, a French medical authority, estimates that of the 28,000,000 people of all ages still living in France 4,000,000 must die of tuberculosis. The war will have killed about 1,000,000. This means that man with all his inventiveness is far less efficient than Nature as a man killer. There have been over 400,000 new cases of consumption in France since the war began. This is why, despite the number of new hospitals, there is still not sufficient space available for tuberculosis cases.

The Question of Pensions.

Of course first consideration is accorded to the ever popular wounded men. Therein lies the tragedy of the consumptive soldier. With the new cases coming in daily from the trenches the consumptives are not as helpless as the wounded men. When discharged from the army the severely wounded are allowed a pension by the government. The consumptives, however, receive no allowance unless they can prove that their illness is entirely due to their service in the army. This is not an easy thing to do, and consequently comparatively few consumptives receive governmental assistance.

Until the American Red Cross began to extend its aid the plight of most of these men was often pitiful. When discharged from the hospital they are given certain instructions which would eventually bring them back to health. But conditions are hard. They are usually unable to earn much and so do not get proper or even sufficient nourishment. Very often they are in a condition to look after themselves, still less to safeguard the health of others. To meet this difficulty local committees have been formed to look after the discharged patients and see that they do not pass on their disease to members of their families. The task is well nigh hopeless. Even if proper living quarters are to be had sanitation and hygiene cannot be taught overnight. They sleep in air tight rooms, kiss their babies, drink out of the same cups and use the same towels as the rest of their families. In spite of these appalling difficulties, however, the rapid spread of the disease must simply must—be checked. Even to attempt this would be an impossibility without the tremendous facilities and aid of the American Red Cross. No other agency could conceivably face, much less hope to accomplish, such a task.

HOT DRINKS FOR TIRED FIGHTERS

The Red Cross Rolling Canteen.

In six months the American Red Cross supplied a million French poilus with hot coffee, tea, chocolate, bouillon, at the time they needed it most—just as they were entering the communication trenches for a tour of duty under boche fire or coming out, tired and worn, after their grueling vigil. If you were dragging the tireddest pair of feet in France through the mud, and if you were greeted by a cheery voice and a steaming pint of beef tea, wouldn't it be "a grand and glorious feeling"? Oh, boy!

Now, this is the work of the "rolling canteen," and some day a Kipling will sing "the story of the tanks"—tanks of broth and bouillon that the Red Cross "Special Front Line Service" trundles up to the lines. The Military Sanitary Service supplies the wagons and utensils. The Red Cross unit does the work. It supplies these hot drinks at a cost of 50 francs (\$10) per thousand men, a cent apiece!

Think of that—the penny your little girl sends the Red Cross can buy a big hot cheering drink, a good saturated greeting, for a fighting man who desperately needs just that! One penny! Red Cross Rolling Canteens to the number of 15 are now behind the lines in continuous service. Their crews are exposed to shell fire and often have to put on gas masks.

Eugene Hale, brother of United States Senator Hale, served six months with a rolling canteen in France, and he says:

"While the men are glad to have the hot drinks, their chief satisfaction consists in the sense this service gives them of a friend being there with a helping hand in a critical hour."

And now the American army has asked the Red Cross to undertake this front line service directly in touch with the medical relief stations nearest the Yankee front and the Red Cross is eager to do.

5,500,000 Pairs of Shoes Are Ordered by War Department

Recent contracts by the War Department authorize the manufacture of 5,500,000 pairs of metallic-fastened field shoes for over-seas use. The average price was about \$7.75 a pair.

Contracts have also been awarded for the manufacture of 2,000,000 pairs of field welt shoes for United States and over-seas service, the average price being \$6.50.

Marine Corps Again Asks for Recruits

The Marine Corps has begun a new drive for recruits to provide for the recently authorized increase in the corps. Recruiting has not been pushed since August, when the Marine Corps reached its full strength authorized at that time, but more than 2,000 men were enlisted in April.

In the Marine Corps Reserves and National Naval Volunteers there are now more than 40,000 men.

An additional credit of \$3,250,000 has been extended to Belgium by the United States, making a total of \$107,850,000 loaned to that country, and credits to all other allies \$5,250,000.

Advice from Shanghai states that the subscriptions to the third Liberty loan there amount to over \$600,000, and a report from the American embassy in Mexico City states the subscriptions there are more than \$350,000.

It is announced in the Bohemian press that experiments made with "paper cloth" have proved so successful that Hungarian state railroads are to furnish their employees with summer clothing of this fabric.

In its regulations governing the price of wool, the War Industries allows dealers to make a charge of 3 per cent of the selling price if the wool is not graded, and 3½ per cent if graded. This commission is to cover all storage, cartage, and insurance.

Regulations for bread-making in Sweden permit only nine kinds, the weight and price being prescribed by law. Only rye, wheat, barley, or oat flour may be used, and for ordinary bread the use of butter, lard or other fat, milk or cream is prohibited.

A study is being made of the formulae and manufacturing processes of medicines requiring glycerin, and

plans for the curtailment of the quantity now used in case it becomes necessary will be submitted to the general medical board of the Council of National Defense.

For kerosene in barrel lots that carries the money back guarantee buy it of—Baldwin Bros.

Improved cattle ranches in eastern Colorado with plenty of water and leaved grass. Leases cost 10 cents per acre. Price of deeded land from \$15 to \$25 per acre. Otto Harkee, Hugo, Colorado. 20p.

Now is the time to get your Mid-Summer hat at Harned Sisters.

Some watches for commencement gifts at Stocking's Store.

Reasons!

Why you should use **Cardul**, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give **Cardul** a trial?

Take
CARDUI
The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr. for **Cardul** . . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

THE CREATION AT METHO- DIST CHURCH MONDAY

Haydn was seventy-five years of age when he undertook the composition of The Creation. "Never was I so pious as when composing this work," he said afterwards. "I knelt down every day, and prayed God to strengthen me for it." He spent two years in its composition, and when urged to hurry its conclusion replied "I spend much time over it because I intend for it to last a long time."

The libretto was compiled by Lydley from Milton's "Paradise Lost." The Creation was first performed in 1789 in Vienna.

The whole of the first part is given over to the establishment of order amongst the elements, the second part relates the creation of the various living creatures, and the third part is devoted to the praise of the Almighty for the work accomplished.

The Creation was Haydn's greatest work and his last appearance in public was at a performance of it in 1808 in Vienna. It was a memorable performance; and the audience included people of the highest rank who came to do honor to the composer. Haydn was carried into the hall in his arm chair, and was received with a flourish of trumpets and joyous shouts. He was overcome with emotion. When the passage "And there was light" was reached, and the audience broke into tumultuous applause, he made a motion with his hands toward Heaven and exclaimed "It came thence." Such was his agitation that he was obliged to leave the hall at the end of the first part and he died shortly after.

This wonderful Oratorio will be performed by the Methodist Choir in its entirety, on Monday night, and to say that it is the biggest musical event ever staged in Clarendon is putting it mildly. It is an extremely difficult work and demands very exacting ensemble as well as superb finish in the heavy contrapuntal chorus. The soloists are announced elsewhere in this issue of The News. Everybody invited, no admission.

Have you tried maize meal?

NO TRAPPING

Positively no trapping in any of the JA pastures. If you want to avoid prosecution, observe the above. J. W. Kent, Superintendent.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Donley County GREETING:

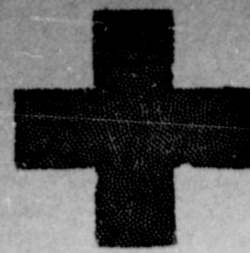

You are hereby commanded, That by making Publication of this Citation in some newspaper published in the County of Donley, if there be a newspaper published in said County, for four weeks previous to the return day hereof, you summon Harvey Adams whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Donley at the Court House thereof, in Clarendon on the Third Monday in July, same being the 15th day of July, A. D. 1918. File number being 1001, then and there to answer the Petition of Mrs. Jonnie Adams, filed in said Court, on the 8th day of May, A. D. 1918, against the said Harvey Adams, and alleging in substance as follow, to-wit:

That she and defendant were lawfully married in the State of Oklahoma on February 24th, 1915 that they lived together as man and wife until October 1916, at which time the defendant was indicted and convicted for felony theft, and sentenced to a term of five years in the penitentiary of the State of Oklahoma, that immediately after his said conviction he began the service of said term in said penitentiary, and up to the filing of said petition he has served twelve months and more of said term that he has never been pardoned out of said penitentiary by the Governor of said State or proper pardoning power; that during the time plaintiff and defendant lived together there was born to them a child, a boy named Doyle, age three years January last; that the defendant is not, and will not be a suitable person to have the custody and control of said child, and that she is able to undertake its custody, care and control. She prays for judgement in all things dissolving the marriage vows between herself and defendant, and for absolute custody and control of said child.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Clarendon, this 8th day of May, A. D. 1918.

J. J. Alexander, Clerk District Court Donley County, Texas.
By Agnes J. Hayes, Deputy.

"A great net of mercy drawn through
an ocean of unspeakable pain"

HAVE you ever lain in No Man's Land, with a shattered thigh and a throat that burned with thirst?

Has your wife ever begged food for her children and herself at the mess-kitchen of a soldiers' camp?

Has your little son ever torn his mother's heart with a plaintive cry, day after day, for food she couldn't give him?

Has your little daughter, clad in a ragged dress, her *only* dress, ever shivered night after night in the ruined cellar of what was once her home?

Has your city ever been destroyed—nay, powdered, bricks, stone, timbers and all so ground into the dust that one scarce knew where street ended and building began?

It is exactly such suffering that the Red Cross is organized, here and in Europe, to relieve.

The Red Cross asks for One Hundred Million Dollars as the least it needs to carry on this work.

Can you—*dare* you—refuse to give to this work—and give till the heart says stop?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Our Government Instructs Us To Urge You to Buy your Fuel Now for next Winter

1st Economy.

Aside from the patriotic assistance this will be to the Federal Fuel Administration, you have every reason from the standpoint of self-protection to heed this WARNING

2nd Service.

Spring Prices are lower than they will be in the summer. Prices will advance every month during the summer. Next month's prices will be higher than this month's prices.

3rd Supply.

Transportation service from point of production to us, and our delivery service to you is fairly good now, but will become increasingly difficult as the season progresses.

The supply for private consumption is ample now, because of favorable weather conditions. The supply will NOT BE AMPLE next fall. Buy while the supply is here.

Avoid suffering of your loved ones next winter by buying your fuel NOW!

GREAT TEXAS PLAY AT PASTIME NEXT MONDAY

William Fox will present "The Conqueror" with William Farnum in the leading role at the Pastime Theatre on Monday night and matinee, May 20. "The Conqueror" is an R. A. Walsh production and is screened with all the care and attention to detail that is so characteristic of Walsh pictures.

General Sam Houston in 1836, in command of a few hundred raw troops met about 1600 Mexican veterans, led by Santa Anna, on the banks of the San Jacinto. The battle was a rout for the Mexicans, and the next day Santa Anna was taken prisoner. Texas' independence was won by this victory. 10 and 20c

DELCO-LIGHT Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE

The Unusually Brilliant and
PATRIOTIC PROGRAM
FOR 1918**

**PRESIDENT WILSON
Says—**

"The work that the Chautauqua is doing has not lost importance because of war, but rather has gained new opportunities for service. Let me express the hope that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense."

It is essential that the folks who remain at home "Keep the Home Fires Burning," and that the morale is maintained in our own vicinity as it is important to furnish amusement and recreation for the soldiers in camp. In the Chautauqua program there is a proper blending of the patriotic lectures, patriotic music, and a good, wholesome entertainment and refreshing entertainment.

For details about the splendid program, get a booklet from **Sam Braswell, Chairman Advertising Committee**

The summer session of Clarendon College will open Thursday, May 23, and continue for six weeks. Courses are offered in mathematics (plane and solid geometry, and trigonometry), science (chemistry and general science), and latin. Address: L. E. Gribble. 20-2t.

Mr. and Mrs. Ed. C. Bromley received news May 4th from their son, Bill, stating he had arrived safely in France. He is with the 13th Machine Gun Battalion.

Joe Burton, son of Mr. and Mrs. C. A. Burton who has just finished the officers training camp at Camp Gordon, Atlanta, Ga. has received his commission as Second Lieutenant.

Mr. and Mrs. J. R. Ramsey after a sojourn of many months in California have returned to their home at Clarendon. Their many friends are delighted to have them home again.

—LOST—Lavallier Please return to Mildred Stewart. 192t.

On Sale Saturday and Monday silks and Ladies Ready-to-Wear. Some handsome piece silks and dresses, waists etc. Read our ad telling all about this special. Baldwin Bros.

The commissioners are having roads worked considerably now, and with a good rain they will be in an excellent condition. At present there is a traction engine employed on the Colorado to the Gulf Highway.

Miss Ann Davis attended the funeral of her cousin, Miss Jesse Bruce at Amarillo, Saturday. Miss Bruce visited in Clarendon last summer and is known by quite a number of our people.

Let us select that graduation gift for you. Goldston, the Jeweler.

Harwood Beville, Clerk of the Local Board of Donley County tells us he has had a call for thirteen men who will leave for the training camps May 25. Twelve of these go to Camp Bowie and one to Camp Travis. Also he states that all of the men who are in Class One should be prepared for their call at any time because these calls are being made frequently.

Miss Merle Benedict left Wednesday for Chicago where she will attend the summer session in an art school. Enroute she will spend a few days in St. Louis visiting friends and attending the commencement exercises of Washington University of which institution she is a graduate. Now is the time to get your Mid-Summer hat at Harrod Sisters.

Herbert L. Whitfield of Hedley and John H. Boydston of Jericho will leave for Jacksonville, Florida, May 20. Both go as mechanics.

Olin Walker, who is stationed at Fort Sill, Oklahoma, visited with his parents and friends several days the past week.

Claud Strickland and Bill Huffman of Hedley were in Clarendon Monday. The former coming to be examined for the army.

Miss Equilla Summerour returns Saturday from her school. She goes to Canyon at an early date to attend the summer normal.

I Am the Red Cross

HENRY PAYSON DOWST

(With acknowledgments to Robert H. Davis,
author of "I Am the Printing Press.")

I am the Symbol of the pity of God.
I burgeon upon the flaunting banner of victory and the drooping guidon of defeat.
I am the token of peace in the midst of battle, of gentleness shining through the sombre mists of hate.
I am a chevron on the sleeve of mercy, an honor mark set high upon the brow of compassion.
I am the color of blood spilled for democracy, the form of Christ's tree of agony, and my followers, at need, crucify themselves to make men live.
I carry the hope of life into the red pits of death, and a dying soldier salutes me and smiles as he goes to touch the hand of God Almighty.
I stand for the organized love of mankind, the co-ordinated impulses of young and old to do good, the sacred efficiency of human service.
I mark the flag under which are mobilized the forces of industry and finance, of church and school, of capital, of labor, of genius and of sinew.
I am Civilization's Godspeed to those who defend her; I am the message from home.
I am the Symbol of the pity of God.
I AM THE RED CROSS.

A Thorough Test

One to Convince the Most Skeptical
Clarendon Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Clarendon residents should be convinced.

The testimony is confirmed—the test complete.

Testimony like this cannot be ignored.

W. H. Martin, retired merchant,

Fourth and Park streets, Clarendon, says: "I began using Doan's Kidney Pills, which I procured at McKillop's Drug Store, about two months ago and they relieved the pain and lameness in my back. My experience warrants my recommending Doan's, for certainly are a good kidney medicine."

Lasting Benefit

Over four years later Mr. Martin said: "I have the same faith in Doan's Kidney Pills today as when I first gave a recommendation for them. I haven't had occasion to use them since."

DIGEST OF WAR NEWS

Navy Department Commends Boatswain for Heroism

Many members of the United States Army and Navy are being commended for bravery in action or in emergencies. A typical case is that of John Mackenzie, chief boatswain's mate, of the Naval Reserve Force, described in a Navy Department statement:

The case is unique in that it has to do with one of the latest engines of war. As is well known, United States destroyers and other submarine fighters carry depth charges containing a large amount of high explosives which are dropped in the path of enemy submarines and explode under water. These have proved effective weapons in the destruction of U-boats, and they are safe enough when the safety pins are affixed; but when they get beyond control and the safety pin comes out they are a source of serious danger to the vessels carrying them. It will be recalled that the men on the U. S. S. Manley who lost their lives in the collision of that destroyer with a British vessel were killed by the explosion of one of these bombs.

In a heavy gale on the morning of December 17, 1917, a depth charge on the Remlik broke loose from its position on the stern. The box went overboard, but the charge was hurled in the opposite direction and went bouncing about the deck. As it weighs hundreds of pounds it was impossible for anyone to lift the bomb and carry it to safety. It was even dangerous for anyone to go to that part of the ship, as the seas were washing over the stern. As the officers and crew watched the bomb some one shouted: "The pin's come out." Realizing the danger, Mackenzie, exclaiming, "Watch me; I'll get it," dashed down the deck and flung upon the charging cylinder. Three times he almost had his arms about the bomb, but each time it tore from his almost crushing him. The fourth time he got a firm grip on it and heaved it upright on one flat end. Then he sat on it and held it down. The charge might have broken loose again and exploded at any moment blowing Mackenzie to bits, but he held on firmly until lines could be run to him and man and depth bomb safely lashed. Soon afterwards the ship headed up into the sea and the charge carried to a place of safety.

The commanding officer of the Remlik, in his report recommending that the medal of honor be conferred on Mackenzie, says:

"Mackenzie, in acting as he did, exposed his life and prevented a serious accident to the ship and probable loss of the ship and entire crew. Had this depth charge exploded on the quarter-deck with the sea and wind that existed at the time there is no doubt that he ship would have been lost."

National Forests to Receive More Stock for Gazing

The national forests this year will be open to 500,000 more sheep and nearly 250,000 more cattle than in 1917. This will bring the total of stock grazed under permit to about 9,000,000 sheep, 2,360,000 head of cattle, and 51,000 swine.

This increase is in addition to one of 200,000 sheep and 100,000 cattle made last year.

Germany Limits Spending Money of American Prisoners

Money intended for interned civilians and prisoners of war in Germany should be remitted through the Bureau of Prisoners' Relief, American Red Cross, Washington, D. C. Remittances so made will probably

not be delivered to addresses by the German Government in cash, but in the form of credit on prison exchanges.

According to the Spanish ambassador at Berlin, the German war department states that there are no restrictions in regard to the remittance of money for civilian and military prisoners. Such money is placed to prisoners' credit, and may be spent under the following regulations:

"Military prisoners. Sixty marks weekly may be spent by officers and others of similar rank; 50 marks weekly by non-commissioned officers and men.

"Civilian prisoners. Sixty marks weekly for men of better social position; 50 marks weekly for others."

Manufacture of Unnecessary Farm Machinery May be Dropped

Nearly 2,000 types and sizes of farm implements which have been gradually developed by manufactures during peacetime competition have been recommended for elimination during the war by committees of the National Implement and Vehicle Association. The object, according to a statement by the Council of National Defense, is to conserve materials, labor, capital, and manufacturing facilities for war use.

In the report of the committee meetings to the commercial economy board of the Council of National Defense it was stated that no machinery recommended for discard was believed to be necessary to modern economical agriculture. The lines considered by the committees consisted of steel and chilled plows, grain drills seeders, and other tillage implements and farm elevators.

Such of the recommendations as the board deems suitable, with others from different sources, are being brought to the attention of all implement manufacturers and jobbers, and as many retail dealers as may be reached, through questionnaires. Delivery of Locomotives Ordered by Government Starts in July

Delivery of the first of the 125 locomotives ordered by the Railroad Administration will start in July, and deliveries will continue monthly during the rest of the year. The locomotives are of six standard types with one heavy and one light style in each type. They vary in weight from 290,000 pound to 540,000 pounds and the entire order will cost about \$60,000,000.

The six standard types are expected to eventually supersede the many kinds now in service, which embrace engines built according to 500 or more specifications. According to the Railroad Administration, this is the first real step ever taken toward the wide standardization of locomotives.

An order has also been placed for 100,000 freight cars of standard type to cost between \$250,000,000 and \$300,000,000. Negotiations for the construction of many thousand additional steel freight cars are still pending. The five types of cars ordered represent the standard forms of freight cars adopted by the Railroad Administration.

The adoption of these standard types, it is believed, will eventually substitute a few scientifically worked-out designs for the numerous miscellaneous varieties of cars, representing probably more than a thousand different old styles and specifications now in use, the accumulations of the past.

Signal Corps Needs Experienced News Photographers

A number of high-grade news photographers are urgently needed by the Signal Corps. These men must have expert experience in the handling of speed cameras such as Graflex, Graphic, and also understand speeds of lenses and various makes of cameras and operation of same. Only those men who can furnish references as to their actual experience as news photographers will receive consideration.

The men selected for this branch of the service will be sent to a school for military training. Upon completion of the training they will be promoted to grades of sergeant, first class, and will be ordered overseas in a short time. Applicants must be citizens of the United States between the ages of 21 and 31. All communications should be addressed to Air Division, Training Section, Photographic Branch, Washington, D. C.

Many Instruments Needed in Equipping Fighting Planes

Before an airplane can be put into military service it must be equipped with at least nine delicate aeronautic instruments, some of which are absolutely essential to exact flying and all contribute to the successful operation of a plane. One gives the

JOHNSON & STEWART

his location as to height and direction; others tell his speed through the air, the speed of his propeller, the amount of gasoline carried, water temperature, operation of the oiling system, and guide his "banking" on turns. Another necessary article is the oxygen-supplying apparatus, with out which an aviator could not climb to any great height.

For operation of actual combat planes, such as observing, photographing, bombing, and fighting planes other complicated and expensive instruments and sets of apparatus are necessary. Among them are machine guns, gun mounts, bomb racks, bomb dropping devices, bomb sights, radio and photographic apparatus, electrically heated clothing, lights and flares. These bring the total cost of equipment for an airplane to several thousand dollars each, depending upon the type of the plane.

(Continued on Page Seven)

For Sale or Lease

No. 1—320 acres level plains land 18 miles of Channing, well improved, 7-room dwelling, sheds, corrals, etc., all fenced and cross fenced, 240 acres in cultivation, extra fine well and surface tanks. This carries 3 sections lease land that is well grassed and all under good fence, 8c per acre. Price \$25.00 per acre.

No. 2—2 1-2 sections we miles of railroad, carries 5 sections leased land, 10c per acre. Price \$13.00 per acre.

No. 3—10 sections, 85 per cent level plains land, 2 sections under cap rock, which affords early grass and fine protection, 3 wells and mills, good dwelling, out houses, corrals, etc. Place all under fence, subdivided into 4 pastures. This land lies within 2 miles of railroad and could be subdivided and sold at \$20 per acre. Price \$13.00 per acre.

No. 4—9000 acres 85 per cent fine agricultural land in shallow water belt within 4 miles of railroad town. This land was formerly school land and carries \$10 per acre indebtedness for 30 years at 5 per cent. It is subdivided into 177 acre tracts and each tract carries its own debt. This is one of the best colonization propositions on the plains. If interested in this tract will take it up personally.

No. 5—6 3-4 sections, one of the best little ranches in Texas, living water, \$9. Also 9000 acres adjoining this. Can sell separate or together at \$9.

No. 6—860 acres 3 miles from railroad, 150 acres in cultivation, 3 room house, well and windmill, carries 6 sections leased land all fenced. Priced \$17 bonus. Must buy with this tract 150 cows at \$85, 50 two year old heifers at \$60, 100 yearlings at \$45. Also have 7 1-2 leased sections one mile of this 860 tract, all fenced, 3 room house and 150 acres in cultivation. Must buy 150 cows at \$85, 50 two year old heifers at \$60, 200 yearlings at \$45. Can sell together or separate.

No. 7—20 sections, all under fence, 4 1-4 sections to buy, \$12-50 bonus per acre, good improvements, 3 wells, 15 3-4 sections to lease, 10 cents per acre. Fine rains, plenty grass. Possession May First.

"A great net of mercy drawn through an ocean of unspeakable pain"

Facts About the American Red Cross

Did you know that—

It has established and is operating twenty dispensaries in the American Army Zone in France to care for the needy families there and to improve health conditions in that section ready for our troops?

It is housing and feeding thousands of children in the War Zone to keep them away from the danger of gas and shell fire?

It has divided the entire War Zone into six main districts, with Red Cross workers at each point to distribute cooking utensils, agricultural implements, beds, bedding, food and clothing?

It provides builders and ready-to-put-up buildings to house the homeless in the devastated regions, often before the walls of the destroyed homes have cooled?

It is bringing over two hundred tons of supplies every day into Paris, from which one hundred and twenty-five tons are reshipped to branch warehouses over France?

It is providing an artificial limb factory outside of Paris, in addition to special plants for the making of splints?

What will *you* give to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

CADET TOM BROMLEY WRITES FROM FRANCE

Third Aviation Instruction Center Somewhere in France, April 4th, 1918.

Dear Mr. Patrick:

The greatest battle of the world war is now being fought. Up to the present time the most important battle fought was the battle of Verdun, where the Germans threw wave after wave of men against the French, for no gain. It cost both side not one, but division after division to carry on the battle of Verdun. Well in the present offensive, Spring Drive by the Germans the men lost in the battle of Verdun wouldn't last one day. An ambulance driver that saw the first eight days of this drive told me that he saw seventeen waves of Germans coming at one time. He said the British were mowing them down with machine gun fire and firing at them point blank with French 75 Mm's. The way they work it is for a whole battalion to advance shoulder to shoulder for about two or three hundred yards. The ones that are alive fall down and hold that ground. Then the second wave advances and goes on past the first the same distance and then the third and so on down until the last wave has been used. During all of this the British are making an orderly retreat, saving their men and at the same time

killing about four-fifths of the Germans. At one place four divisions of the British army held thirteen divisions of the German army back for three days. At a certain town one Canadian battalion kept seven German battalions from capturing a town until they could get reinforcements enough to drive them back. The ground the British are retreating over is absolutely devastated. Eighty-seven different divisions of the German army has already been reconized in this drive.

This includes all of the Germans reserves except about fifteen divisions and these have probably been used by now. The British and French have all of their reserves left and the U. S. also has several divisions ready to go into the battle any minute. Even if the Germans keep pushing forward in mass formation as they have been doing the last few days we will kill them off at such a rate that the drive will be a hopeless waste of man as far as the Germans are concerned. If this drive continues at the present rate as it has, a few days longer the German army will be worn out. Then the Allies will throw in a lot of fresh forces and break thru the German lines. Then the war will be won by fighting it out in the open.

You have probably heard of the German gun that has been firing on

Paris from a distance of 75 miles. Well at first we thought it was Zeps about 45,000 feet in the air dropping bombs, but later found it to be a long range gun. This gun is about 30 yards long. It shoots a 9.2 bullet. The theory is that after the bullet is fired and gets its velocity a series of explosives is in the back end of the bullet and explodes at certain intervals causing enough increased velocity to throw the shell 75 miles. The bullet is about 9 feet long and has 30 kilo-grams of T. N. T. inside of it. It is an Austrian invention and causes a terrific explosion, but very little damage. A gun of this size could not shoot over twenty times until it would have to be overhauled. They must have about six of these guns. One of these shells failed to explode. The people in Paris don't pay any attention to them due to the fact that very little damage is done. It costs them at least \$50,000 to shoot one time with this gun. They shoot about twenty shells a day for three days, but have quit now.

Well, I have done nearly everything imaginable since coming over here. Started in with pick and shovel, then Mess Sergeant and so on down until now I am railroading. Expected to get my commission last week, but the squadron I was with was busted up and sent to the front. That means I probably won't get it

UNABLE TO DO ANY WORK FOR SEVEN YEARS SAYS RAINEY

Nothing Reached His Case Until He Took Tanlac—Has Gained Fourteen Pounds

"I have been laid up, unable to do any work for the past seven years," said Samuel L. Rainey of 1450 East Texas Street, El Paso, Texas, recently. "I suffered from a complication of troubles," he continued, "that seemed to puzzle those who examined me and no treatment or medicine did me any good. I took so much strong medicine that my stomach became all upset and my nerves completely shattered.

"My feet pained me so at times I couldn't stand on them and would swell until I couldn't get my shoes on. Great knots, the size of hen eggs would come out of my body. I had terrible pains in the back of my head running on down in the small of my back, and at times I couldn't move without help. My stomach was in such a bad condition I had to live on liquid diet for weeks at a time and even this would sour and cause my heart to flutter and almost cut off my breath. I was so nervous and miserable I never knew what it was to get a good nights sleep and no one knows the suffering I had to endure. "My folks have spent lots of money for me and I have taken enough medicine of different kinds to stock a small drug store, but nothing seemed to reach my case until I got Tanlac. I have gained fourteen pounds, and while I don't claim to be well, yet, I'm so much better and am improving so fast that I have good reason to believe my troubles will soon be a thing of the past. My appetite is fine and everything I eat seems to agree with me perfectly. My nerves have quieted down and the swelling and pain have subsided until I can sleep and rest well and I'm simply feeling better in every way than I have in several years."

Tanlac is sold in Clarendon by Dr. J. D. Stocking, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

Its nothing new to the people of Donley County. We have sold hundreds of barrels of this high grade kerosene, if you have not tried it ask your neighbors they know. Baldwin Bros.

M. W. Headrick & Son have just received a new shipment of New Perfection Oil Stoves. See them at once.

Harned Sisters, have some pretty, new hats be sure to see them.

\$1.00—ONLY—\$1.00. Try our Tenis slippers at \$1.00. Baldwin Bros.

Louis Sitner motored to Amarillo last Sunday where he spent several days with friends, returning here the latter part of the week.

CLAUDE MILLS WRITES FROM CAMP TRAVIS

Camp Travis, May 2, 1918. Dear Mamma:

I have passed all the examinations so far all right, I think. I guess we are about through with the examinations. I have been vaccinated for small pox and inoculated for typhoid fever and had a rotten tooth pulled yesterday. We haven't got our army suits yet. Nearly everybody is going to take out \$10,000 worth of insurance. We have to know the date and place of birth of whoever we have the insurance made out to. I believe your date and place of birth was March something about 1868, Hopkins, Mo. I wish you would let me know exactly as soon as you can. It rains here some nearly every day, some days a good deal. The sun scarcely shines at all.

There is 476 men in our company. Weisendanger, Carl Adams, Wallace Weatherly, Frank Decker, James Hinkle, Myers and Benton Tatum bunk in the same barracks. The camp is about six miles from San Antonio. They say we will be under quarantine for about two weeks yet. We get plenty to eat, but not much to do yet. The rules are pretty strict here. We have a fine bunch of officers over us especially the Captain, Lieutenant and the Top Sergeant.

We are in the barracks that was made for Officers Training School. They are nearly all gone now. It has been pretty cool here most of the time.

How are you all getting along, alright I hope. I have been interrupted twice while writing this by having to fall out. The aeroplane camp is a few miles west of us. We often see fifteen or twenty of them in the air at one time. They make a good deal of noise. You can hear them almost as far as you can see them. They also have three or four observation balloons up most of the time. Well I will close for this time. Write soon, with love,

CLAUDE MILLS, 68th Co. 17th Battalion, 165 Depot Brigade, Camp Travis, Texas.

Tan-No-More THE SKIN BEAUTIFIER

The most scientific and most wonderful facial preparation of the modern age. It imparts to the skin a velvety softness and delicacy which is delightful in appearance and pleasing in effect. Used during the day it is a protection from the Sun and Wind. In the evening its use assures a faultless complexion. Tints: White and Flush. All dealers, 35c, 50c, \$1.00, or sent post paid on receipt of order. Sample for the asking.

WOMAN'S MASS MEETING

All the women of Donley County are urged to attend a meeting at the Court House Auditorium, at 4:00 p.m. Saturday afternoon, May 25, for the purpose of organizing a School of Citizenship. The discussions will be of a nature to inform the women in regard to voting and make them more familiar with public questions. It is hoped that all women of the County will co-operate with us and the Auditorium will be filled.
The Pathfinder Club.

"A great net of mercy drawn through
an ocean of unspeakable pain"

WE'LL WIN

What does it mean to you to know that your American Red Cross:

- Is supporting 50,000 French children.
- Sends supplies to 3,423 French military hospitals.
- Provides 2,000 French hospitals with surgical dressings.
- Is operating thirty canteens at the front line.
- Is operating six other canteens at French railway junctions, serving 80,000 French soldiers a day.
- Operates a movable hospital in four units, accommodating 1,000 men.
- Is operating a children's refuge in one part of the war zone; and in another a medical center, and traveling dispensary, both capable of accommodating more than 2,000 children.
- Has opened a long chain of warehouses stocked with hospital supplies, food, soldiers' comforts, tobacco, blankets, etc., all the way from the seaboard to the Swiss frontier.
- Has warehouse capacity for 100,000 tons.
- Has 400 motor cars and operates 7 garages, making all repairs.
- Had shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former country.
- Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.
- Started a thousand different activities in Italy at the time that nation was in its most critical condition.
- Has established 5 hospitals in England and operates a workshop for hospital supplies employing 2,000 women.
- And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And that is but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross we could never win this war.

Without your Red Cross quick, vital help to keep Italy in the fight for Liberty would not have been possible.

Without your Red Cross thousands of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food.

And great and wonderful as has been the work of the American Red Cross in the past, still greater and more wonderful must it be in the future—for now *your* boy is in the fight.

Your Red Cross cannot neglect France, England, Italy, Serbia, Roumania and little Belgium. It must give them all constantly increasing help, for the men of these countries have been fighting our battles.

But now we must all redouble our efforts and sacrifices for our Red Cross because a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.
