WHAT'S THE USE OF MONEY ANYWAY UNLESS WE WIN?

This is the reply to the man who says, "I can do better with my money than buying Liberty Bonds."

He cannot do better. He cannot do as well. He means that he can obtain a higher interest rate.

Let us suppose that everyone, or even a large number of men, talked this way. The Loan would fail. That would mean the defeat of civilization, and the triumph of Germany.

Tried almost beyond human endurance, our allies might "lie down," discouraged, disgusted. "Unlikely," you say, "they will fight on." This raises a point which is not yet thoroughly understood—it is money that is going to win this war. The supply of bravery amongst our own boys and our allies is ample; what they all need, what they must have, is money.

What would be the result of a wavering attitude on the part of our allies? Germany would take heart, possibly would make one supreme effort, and would open the way for an invasion of this Country, which our own fleet might not be able to frustrate.

Even supposing that as a result of her great effort, Germany was successful enough merely to force a draw, and an inconclusive peace, what would happen? Her every energy would be bent towards the object of invading this Country at the earliest moment possible in order to replenish her bankrupted stores of money and supplies.

Let us presume that Germany has been so far successful that the war is brought to our shores, and our export trade is at a standstill. Do you realize what would be the condition of trade? It would be paralyzed. Markets would fall to pieces, industries would be stopped, everywhere there would be country-wide unemployment. Enormous indemnities would have to be paid to Germany to call off her armies; taxes so enormous that they would stagger the imagination, would have to be imposed, and the man who said, "I can do better with my money than buying Liberty Bonds," would feel himself to be the most foolish and mistaken man on earth. His dollar that he could "do better" with, would be worth maybe twenty-five to fifty cents to him.

Truly—What's the use of money, anyway, unless we win this war?

CANNING CLUB WORK.

In the recent Canning Club exhibition, the Sunnyview Club won out as a Club. Little Eula Allen, age nine years, winning the greatest number of prizes. This small exhibit is but the beginning of Donley County's work of progression along these lines of work in home gardening and food supply, as every rural child over eight years of age will be encouraged to take up gardening during the coming year. The premiums were awarded to the following children:

Eula Allen beans 75c, apples 50c and peaches 50c; Mable Eichebarger beets 25c; Vena Grant tomato pickles 25c, okra 50c; Eunice Reed cucumber pickle 25c; Mamie Dingler chow chow 25, jelly 25c; Annie Myra Reed tomatoes 50c; Gene Wren plums 25c; Nina Grant catsup 25c.

Mr. Homer Mulkey gave the girls a pass to the Pastime Matinee, for which the ladies extend their appreciation.

Mr. Patrick addressed the ladies on the Hoover plan of good food conservation.

Mrs. S. A. Andrews and daughter, Miss Iona of Wellington were here visiting friends Sunday.

Mesdames J. T. Sims, Jas. Trent and C. W. Bennett went to Claude Tuesday.

Misses Emma Mae Little and Essie Patton went to Fort Worth Saturday night for a short visit.

LIBERTY DAY DEMONSTRATION WEDNESDAY HUGE AFFAIR.

The committee having in charge the Liberty Day celebration here Wednesday certainly laid their plans well, as the occasion assumed large proportions and outdid the hopes of the most sanguinary. People from all parts of the county were here and the affair is certain to be of untold value in the successful closing of the Second Liberty Loan campaign here Saturday.

The parade formed on the vacant lot north of the grammar school building and consisted of members of the local Red Cross organization, Honor Guard Girls, students of Clarendon College, pupils of the public schools, Clarendon Fire Department and automobiles, all moving under the direction of Mr. J. T. Patman, Marshal of the Day. The procession was headed by a car bearing "Liberty Enlightening the World" personified by Miss Lila McClelland, another car bearing Mrs. Chas. McMurtry in the guise of a Red Cross nurse ministering to the destitute children of Belgium, and a float carrying a Red Cross nurse, (Mrs. Styll), caring for a wounded soldier in khaki.

As had been arranged the parade came north on Kerney street to the flag staff on Second street where the choir and orchestra under direction of R. Deane Shure were mounted on a large float and where the following program was rendered:

"Star Spangled Banner" by audience
Invocation.....Rev. G. E. Burton
Address.....Rev. Mr. Story
America.....Miss McClelland
Vocal Solo.....Mrs. Ulm
America.....by audience

Judge O'Neill briefly outlined the subject of the demonstration and Mayor SoRelle served as master of ceremonies. The principal address was made by Bro. Story, who grew eloquent under the stress of the patriotic occasion. There were some two thousand people in attendance.

J. H. Rutherford went to Camp Bowie Saturday night to visit his son, Jack.

Mr. Green, one of Ozier's efficient clerks visited friends in Quitaqua Sunday.

J. H. Rutherford returned Tuesday morning from Fort Worth and Dallas.

Misses Edith and Hallie Bryan and Allen Bryan went to Dallas Saturday to attend the Fair.

Mr. and Mrs. Edward Kelly of Memphis were guests of Mr. Kelly's sister, Mrs. F. E. Chamberlain last week. Greagore Weisendanger of Lelia Lake was seen on the streets Tuesday.

John Montgomery, traveling salesman for Waples-Platter was in town Monday and Tuesday.

Sam Dyer returned from Fort Worth the first of the week where he has been the past month.

Mrs. Rex Elkins went up to Claude Tuesday afternoon to visit her mother, Mrs. Dyer.

Miss Mary Shaw returned from the Dallas Fair Wednesday morning.

Miss Modena Anthony is visiting her parents, Mr. and Mrs. J. B. Anthony for a few days.

George Roberson of Childress has been in town since Monday repairing the boiler at the pump station.

J. P. Hagler went down to Fort Worth Wednesday night on a business trip.

Mr. and Mrs. J. W. Mount and Miss Charolette Ingram of Canyon were here Sunday visiting the Word family.

Mrs. J. W. Gordon returns this week from Dallas where she has been for some time in the sanitarium.

Mrs. August M. Taylor is visiting her brother, T. M. Little of Memphis this week.

THE PATHFINDER CLUB.

The opening session of the Pathfinder Club was held at the residence of Mrs. Bennett, with Mrs. Bennett and Mrs. Alexander as hostess. Miss Mary McLean, the retiring President, gave a very appropriate and interesting talk. Mrs. Wm. Grey the new President took the chair. During the business session two members were received. Mrs. Alexander very ably led the discussion on new books, after which the hostess served a delicious lunch.

The second meeting of the Club was

held at the home of Mrs. Silvey assisted by Mrs. J. T. Sims. A large number of the members were present, also four visitors. One new member was received during the business session. The study for the afternoon, Turmoil, was led by Mrs. Bennett in a very attractive manner. The hostesses served a delightful lunch after which the Club adjourned.

The next meeting will be with Mrs. Gentry, Oct. 26th.

Mrs. Kate Lockridge of Landor, Wyoming formerly of Clarendon, is visiting friends.

SUNDAY MARKED THE OPENING OF LIBERTY LOAN CAMPAIGN

Operating with a clear conscience under the proposition that prosecuting the campaign for the Second Liberty Loan is a religious duty, numbers of speeches were made in various parts of the county Sunday morning and afternoon by the Central Committee of Donley County. Wherever an audience could be found a vigorous appeal was made for the citizens of this county to rise up and do the handsomest thing by subscribing to this second call with what liberality each man could command.

At Windy Valley a good audience greeted Judge O'Neill, A. L. Chase, Chas. Baldwin and others. Several speeches were heard and an active committee for that community was secured. Great results are expected from Windy Valley.

Ashtola people had the pleasure of hearing R. Deane Shure, who delivered his message from the viewpoint of one who has visited and studied Germany and the autocratic form of government. Several ladies accompanied Mr. Shure and a fine interest was manifest.

In the morning at the eleven o'clock hour W. H. Patrick, J. T. Patman and D. M. Ferebee invaded the Hedley community and by courtesy of the Methodist minister, Mr. Patrick was given the right-of-way, delivering a masterful address of some forty minutes duration.

Tom F. Connally, Mrs. J. B. McClelland, Miss Lila McClelland and Sergt. Baumhoff handled the situation at Lelia Lake where a small but interested gathering greeted them, Mr. Connally and Sergt. Baumhoff delivering telling blows for the Liberty Loan.

Two car loads of Clarendon folks took Jericho by storm and drummed up their own audience after arriving there in the afternoon. Frank Bourland, Geo. W. Medlin, C. C. Powell and W. H. Patrick occupied one car, while Mrs. Chas. McMurtry carried, Mesdames J. S. Ulm, Tom Kennedy, Elgin Styll, Miss Leta Warren and Carroll McMurtry. After the addresses Mrs. Ulm sang a patriotic song and the audience joined in singing America with the added verse which appears in these columns this week.

At Goldston advantage was taken of a Sunday School attendance and a fair crowd greeted Sam M. Braswell, E. F. Ritchey and Bennett Kerbow who were attended by the families of the former and latter. After the explanation of the Second Loan by Mr. Braswell, Hon. E. F. Ritchey made a strong appeal for co-operation on the part of all the people.

A mass meeting was held Monday afternoon of the Central Committee and plans were laid for the intensive campaign to mark the rest of the week and committees were appointed to direct the work. Arrangements were made for a parade and celebration for Wednesday, Liberty Day, and for further work in all the communities of the county.

Every member of the church is especially invited to talk about the future work.

If you are not a member, your presence will be highly appreciated.

DONLEY COUNTY EXHIBIT A FEATURE AT STATE FAIR.

The agricultural exhibit of Donley County at the State Fair at Dallas was one of the great features of the agricultural building and caused much comment from the thousands who daily passed the Donley County booth. While in general awards the exhibit as a whole won only eleventh place, yet the reason for this failure in taking higher rank was the fact that it was necessary for each county to enter three samples in every event, and as several items of Donley County products were only represented by one or two samples no score could be counted when in reality our products surpassed the winners. This was notable true in the millet exhibit, melons, cotton, alfalfa and seeded ribbon cane.

Two first prizes were won by Donley County in two varieties of apples and the Grand Sweepstake prize on apples was also won by Donley. The prize money amounted to around \$110 which added to what was raised here and Hedley, still leaves the exhibit fund in the red, and Mr. Kennedy is with the exhibit at Dallas on his own expense. Opportunity will be given at an early date to wipe out the deficit now existing.

Special mention should be made of the work of Ralph Decker who made the "star" grain exhibit, the center piece of the booth and which attracted so much favorable comment by the fair visitors. Also the Kaffir King and the Maize Queen were daily favorites with the throngs.

Donley County should have won first prize and grand sweepstake on county exhibit and we should learn a lesson this year which will be worth something to us in coming years. Active work in assembling the exhibit should begin two or three weeks sooner than it did this year, and a surplus of exhibits should be entered in every event.

The advertising done for Donley County through this year's exhibit at the Fair cannot be estimated and hundreds of prospective home owners will come among us.

PRESBYTERIAN LADIES ENTERTAINED.

Mrs. C. Y. McDonald entertained the Ladies Aid Society of the Presbyterian Church last Wednesday, Oct. 17. The afternoon was taken up with numerous business matters and a very interesting lesson. Among other things it was voted to give \$13.50 of the Auxiliary money to the Red Cross Chapter with which to buy blankets for the purpose of making convalescent gowns and bed slippers.

During the social hour, light refreshments were served.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. E 79

EITHER GOD IS DEAD OR GERMANY IS DOOMED

Dr. Newell Dwight Hillis, in a late address, said:

"That dying German officer in Royce packed the genius of a moral universe into a few words. Wounded last winter through the spinal cord, unable to move the lower part of his body, for weeks he waited for death. Two aged French women cared for the dying man. One day this German officer sent for the village priest and told him that the Von Hindenburg line was nearly complete, that the order to retreat had been given, that the home of these aged women who had cared for him so tenderly would be burned, that not one church, house, barn, vineyard or orchard would be left. The news crushed the old priest.

"In his dying hour a righteous wrath filled the heart of the German officer. These are his last words as I transcribed them from the lips of that priest, standing one day in Noyon: 'Curses upon this army! Curses upon our Kaiser and his war staff! Ten thousand curses upon my country! Either God is dead or Germany is doomed!'—Manufacturers' Record.

CLASSES IN ARMY DRAFT

Washington, Oct. 22.—The five classifications into which men awaiting draft will be divided under the new regulations approved by President Wilson, have become public.

It was discovered today that what was to have remained an official secret for a week or more was divulged Saturday night at a dinner in New York which Secretary Baker and Provost Marshal General Crowder attended. The provost marshal general discussed the new regulations, without intending to make the classifications, but some members of a New York local exemption board, thinking to elucidate the general's speech, printed the classifications on the back of the menu card.

The classifications were published today as follows, and show every man registered to which class he belongs and what order the different classifications will be called to service:

- Class 1.**
1. Single men without dependent relatives.
 2. Married men (or widowers with children) who habitually fail to support his family.
 3. Married men dependent on wife for support.
 4. Married men (or widower with children) not usefully engaged, family supported by income independent of his labor.
 5. Men not included in any other description in this or other classes.
 6. Unskilled labor.

Class 2.

1. Married man or father of motherless children, usefully engaged but family has sufficient income apart from his daily labor to afford reasonable adequate support during his absence.
2. Married men, no children—wife can support herself decently and without hardship.
3. Skilled farm laborer engaged in necessary industrial enterprise.
4. Skilled industrial labor engaged in necessary agricultural enterprise.

Class 3.

1. Man with foster children dependent on daily labor for support.
2. Man with aged infirm or invalid parents or grandparents dependent on daily labor for support.
3. Man with brothers or sisters incompetent to support themselves, dependent on daily labor for support.
4. County or municipal officer.
5. Firemen or Policemen.
6. Necessary artificers or workmen in arsenals, armories and navy yards.
7. Necessary customs house clerks.
8. Persons necessary in transmission of mails.
9. Necessary employes in service of United States.
10. Highly specialized administrative experts.
11. Technical or mechanical experts in industrial enterprises.
12. Highly specialized agricultural expert in agricultural bureau of state or nation.
13. Assistant or associate manager of necessary industrial enterprise.
14. Assistant or associate manager of necessary agricultural enterprise.

Class 4.

1. Married man with wife (and) or children (or widower with children) dependent on daily labor for support and no other reasonably adequate support available.
2. Marines in sea service of merchants or citizens of the United States.
3. Heads of necessary industrial enterprises.
4. Heads of necessary agricultural enterprises.

Class 5.

1. Officers of states or the United States.
2. Regularly or duly ordained ministers.
3. Students of divinity.
4. Persons in military or naval service.
5. Aliens.
6. Alien enemies.
7. Persons morally unfit.
8. Persons physically, permanently or mentally unfit.
9. Licensed pilots.

TWICE PROVEN.

If you suffer back ache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Clarendon evidence—doubly proven. L. L. Taylor says: "I had a lame back and it was hard for me to straighten up. I couldn't bend over 'ut what sharp twinges shot through my back. I used Doan's Kidney Pills, procured at McKillop's Drug Store and they removed the pain and lameness from my back and I was able to go to work again."

LASTING RESULTS.

Over four years later Mr. Taylor said: "I have never had any trouble with my kidneys since Doan's Kidney Pills cured me and I believe the cure is permanent." Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

SAW SHIP SHOT NEAR GIBRALTAR.

Vernon Record.
"We are back in the good old U. S. A. once more." These are the first words of a letter received by Rev. H. M. Long from his son, Lloyd, who sailed from Newport News, July 23. No one who reads his experiences will doubt that he did feel glad to get back to America.

Lloyd sailed as seaman, and when the quartermaster began having trouble with his head after they had been at sea three days, Lloyd was appointed quartermaster. He says that he can now ship as quartermaster on any ship. It ordinarily requires three years for a man to secure his quartermaster papers.

In this letter written from Savona, Italy, Lloyd told none of his experiences, because the censor was not letting any information get by. That his trip was not devoid of thrills is manifest from the letter written on arrival in America.

Westbound, his vessel put in at Marseilles for a day, on account of a submarine scare, and there he saw his first big dirigible balloon in active war service. A near collision with another big liner is of little interest in comparison with much exciting experiences with the submarines.

"As we came into the bay of Gibraltar about daybreak, we sighted a convoy of four ships," Lloyd says. "Without warning there was a boom from a big gun, and immediately one of the ships listed to port. It was a daring exploit. Three miles from the guns of the world's greatest fortress, a submarine had made a hit. Immediately every available gun in the fort was brought into play. The smaller guns made a sharp bark that seemed likely to burst our ears, but the giants with a range of twenty miles seemed to shake the earth. Two ships were torpedoed, but neither one sank before making shore, by the aid of numberless tug boats.

"Another time an English vessel, The Hawkhead, which had been with us in port Savona, wirelessed us that she was being shelled by subs. Suddenly the wireless stopped while the ship was giving us her location. You may be sure we gave the spot a wide berth.

"On the way down the Italian coast we saw five ships that had been torpedoed so near shore that they were able to run on the beach. One boat passed at 3 o'clock. She had been torpedoed at noon.

"The seriousness of our situation was brought home to us squarely for the first time when the Platonic, a ship that had been in port with us was torpedoed one day out. One of the men who went down has been a former mate of mine."

The Brindilla, on which Lloyd sailed carried six thousand tons of benzine, naphtha and ammunition. Long is one of the graduates of Clarendon College who has gone out into the world and made good. We are pleased to congratulate this young man on his rapid promotion.

CLARENDON COLLEGE CONSERVATORY ITEMS.

The first recital of the year, number 89, will take place on next Monday. The orchestra and the Girls Glee Club will appear.

These recitals have been numbered since Mr. Shure has had charge of the department and the number shows how much has been done along this line in that length of time.

The choir is making remarkable progress and the work on the Creation is moving along much faster than the director had hoped for, which fact insures a splendid reading of the same at commencement time. There are fifty-two members in the choir this year and the quality as well as the balance is the best that it has ever been. The tenor and bass sections are much above the average.

The soloist will be announced in the immediate future and will be the best that can be obtained in the South, Mrs. Adams and Mrs. Ulm will be the local soloists. The work will have orchestral accompaniment.

New students are enrolling from time to time and the department now enjoys the distinction of being numbered among the very largest of the Junior Colleges of the South.

The Orchestra is doing some serious work and we shall have some beautiful things from it very soon.

The Ladies Glee Club is at work on an Operetta which will be given after the Christmas Holidays for the benefit of the Choir.

Let us all start to talk up MUSIC DAY which will be a part of the regular commencement next spring. The concert in the morning will be given by the Senior Class, the Orchestra and the Glee Club. Three of the members will perform concertos with Mr. Shure at the second piano. They will be the Mozart C Major, Rubinstein D Minor and the Mendelssohn D Minor. The afternoon will be devoted to the Artists and the night to the "Creation."

The Senior Class met at the home of Mr. Shure and arranged the dates for the senior recitals which will be announced in the near future.

An early issue of the Clarco will be devoted to this department and we suggest that you to watch for it, because it will be something to be remembered.

The next number of the Lyceum Course will take place on the 16th of next month and will be given by the Zedlers, whom we so much enjoyed last year.

HARRY L. KNIGHT OF MARSHALL, TEX. GAINS 26 POUNDS

Popular Young Railroad Man Says
He has Found Out From Experience
What Tanlac Will Do.

"When I finished taking my third bottle of Tanlac nearly three years ago, I had entire relief from my rheumatism and found that I had actually gained twenty-six pounds in weight besides. I threw my crutches away and went to work and I have held my weight and have been well ever since."

The above remarkable statement was made to the Tanlac representative in Marvin's Pharmacy a few days ago by Harry L. Knight, of Marshall, Texas. Mr. Knight has for a number of years been with the bridge building department of the Texas & Pacific railroad and was always at his post of duty until he became so disabled by the rheumatism that he was forced to stop work and seek relief. Mr. Knight is a nephew of former Adjutant General A. J. Scott, who was formerly of Atlanta, Ga., but now of Tioga, Texas, and he has many friends especially among railroad people, in this section of the "Lone Star State."

Continuing his statement, Mr. Knight said: "Yes sir, I have found out the value of Tanlac by taking it myself. I certainly appreciate what it did for me and I'm glad to make this statement and give others the benefit of my experience with what I consider the best and most useful medicine yet discovered."

"Three years ago, I was taken with what is called articular rheumatism in a very severe form. I was laid up with it and remained in a hospital at Marshall for three weeks. I got no relief and had about given up. I just suffered as much as a mortal could, it seemed to me, and no treatment or medicine gave me any relief. I had intense pain in the joints of my lower limbs and my feet were swollen I couldn't wear my shoes. I had to use crutches and even then it was agony for me to navigate. I lost twenty pounds in weight and was badly run down. I was extremely nervous and this made my suffering worse as my pain was principally in my swollen joints and it was torture for me to move about at all."

"Well, I read about Tanlac in the Dallas News and decided to give it a trial. I just began to improve on my first bottle and, as I have already said, when I finished my third bottle I was entirely relieved, threw away my crutches and went back to my old job with the railroad. I picked up twenty-six pounds, which was six pounds more than I had lost. I have enjoyed good health and the free use of my limbs, without pain, ever since and Tanlac did it all. My work keeps me exposed to the weather a great deal and I decided to come here and get me another bottle of Tanlac to keep my system in good shape and fortify myself against the dangers of the winter season and I know Tanlac will do it. I am very grateful for what it did for me nearly three years ago and for the good health I have enjoyed ever since then and I don't hesitate to tell anybody about it."

Tanlac is sold in Clarendon by Stocking's Store, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

CATTLE AND SHEEP RANCHES IN NEW MEXICO

New Mexico, the ideal range country for cattle or sheep, now offers to stockgrowers the final opportunity to buy desirable grazing lands at reasonable prices. I offer exceptionally good grazing propositions in New Mexico at attractive prices to stockmen who are ready to do business now. These properties come in deeded land, leased land, open range and in combinations; stocked or clear. They are well located and possess all the essentials of first-class stock ranches. They are both large and small and include a few very large properties.

RED CROSS NEWS.

On account of the Liberty Loan Campaign the work in the Red Cross work rooms has been more or less suspended this week, to enable the Red Cross ladies to help in this, the last week of the campaign. They have worked unceasingly and have accomplished a great deal, securing bonds not only in Clarendon, but in the various surrounding towns within the past week.

The organization of the Hedley Branch of this Chapter has been perfected.

The Presbyterian Auxiliary has sent in a donation of blankets for bath robes or dressing gowns for the soldiers.

The Red Cross Booth will be on the street as usual, Saturday the 27th. Please remember it with your donations.

Red Cross Theatrical Day will be observed on December the 7th. The entire receipts of many theatres throughout the country as well as the salaries of many patriotic actors for that day, will be contributed to the Red Cross War Relief Fund. A number of theatres are planning special performances for the occasion.

The theatrical profession has always been in sympathy with any work along broad humanitarian lines and the Red Cross has profited by the generosity of actors on many occasions. At a pageant given recently in New York, nearly one hundred "headliners" participated and about \$50,000 was received for the Red Cross.

Theatrical leaders throughout the country are co-operating with local Red Cross authorities in making the undertaking a nation-wide success.

The Red Cross membership has just become more than four million, included in that membership are hundreds of thousands of Americans who are knitting, making surgical dressings, comforts etc.

Talk about your genuine patriotism: The soldier boys, down at Camp Bowie, who have already given their lives to be used at the discretion of this government, subscribed over one million dollars to the Second Loan. At the various camps throughout the nation something near forty million dollars have been subscribed by the boys who wear the khaki. Uncle Sam is not asking but about one or two per cent of our entire citizenship to face the enemy, and is content to ask the rest of us to back up the small per cent with our money. The example of our soldier boys should put to shame every man who hesitates to pour into the coffers of the U. S. Treasury whatever surplus finance he may command.

Back to the tall timber for those sly-eyed prohibitionists who claim that the women's vote is needed to vote out the saloon. McLennan County, a stronghold of liquor for years, went dry by a majority of over twelve hundred votes in the election last Saturday. What men need to do is to quit shifting the burdens of government and stand squarely to meet every issue of life secure in the thought that the affairs of the home are being properly guided by the magic hand of motherhood and that posterity is receiving woman's supreme attention. Any other situation is illogical, out of harmony with the laws of God and points to a world disaster in which the foundations of society and the home shall disappear in a maelstrom of woe.

The Plainview News and others of this section who have been radical enough to propose and advocate the division of Texas are having hard sledding these days on their proposition so disloyal to the traditions of Texas. Paper after paper has come out in loyal manner for the established order and even some papers who have been counted by the proponents of division have declared themselves frankly for a greater and better Texas within the same borders. There is one thing certain, a man who rants about the division of Texas does so for political reasons or else is afflicted by a serious case of sour stomach. Let us have unity and peace.

Just two more days to establish your standing as a patriotic American by purchasing a Liberty Bond. The

names of those who uphold the government in these perilous times will be permanently enrolled at Washington and in after years, long after people have forgotten to brag about coming from the First Families of Virginia, posterity shall rise to boast that their forebears backed the cause of Liberty in 1917 and point with pride to the family name inscribed upon perpetual record in the archives at Washington. Buy a Bond today.

Since the carnival season has closed it seems an opportune time for the people who look to the best interest of Clarendon to petition the city commission to bar such forms of amusement from the city limits. There is not a single argument that will hold water to allow these parasites to continue to prey upon the financial and moral resources of our town and no doubt the city fathers would be glad to pass the restriction if the people would only encourage the banishment of this evil.

The country is full of patriotic citizens. Read the advertisements appearing in this issue urging the Liberty Loan, the space being paid for by patriotic men, who do not hesitate to spend their means to aid in the campaign for Democracy and human rights vs. German barbarity.

LIBERTY BONDS ACCEPTED FOR MERCHANDISE AT THIS STORE

HOWARD-RECTOR.

One of the prettiest home weddings this writer ever witnessed occurred at the home of Mr. and Mrs. Lanas Doshier last Monday afternoon at 3:45 when Mr. Arthur William Howard and Miss Julia Grasilda Rector were joined in the holy bonds of wedlock. The much-loved Dr. S. E. Burkhead, former teacher and long-time friend of the young couple, spoke the magic words which made them one for life. The handsome home was beautifully decorated, pink and blue constituting the color scheme. Cut flowers and smilax were tastefully arranged, the effect being most artistic and pleasing to the eye.

At the appointed hour, the sweet strains of Mendelssohn's Wedding March were heard—Miss Jessie Smith at the piano. Then came the bridesmaid, Miss Emma Rector, sister of the bride, on the arm of the best man, Mr. Forrest Howard of Quanah, a cousin of the groom. Next came the ring bearer, little Miss Texas Rose Doshier and then the bride and groom. The group made a very pretty picture, assembled as they were, under a large smilax horse-shoe, denoting good luck, with a bow and arrow centerpiece, emblematic of cupid's achievement. The ring ceremony was used. The bride looked very lovely in a broadcloth traveling coat suit, beauty slip braided, with accessories to match. The bridegroom's gift to her, an elaborate set of furs, was a cynosure for

all eyes.

The bridesmaid was beautifully dressed in georgette over pink taffeta; the pretty little ring bearer wore blue crepe-de-chine with pink trimmings, and carried a satin, pink trimmed pillow on which was the platinum ring circled with diamonds. The bride's gift to the bridesmaid was a fountain pen; to the ringbearer a set of gold beauty pins.

The bride's gift to the groom was a Waldemar gold watch and chain combination and Master Mason charm set with diamonds.

After the ceremony and congratulations, a wedding dinner was served and enjoyed in the fullest sense. We should be guilty of rank injustice if we failed to say that all the planning and preparing for the event was done by the bride's mother, Mrs. T. M. Rector and sister Mrs. Lanas Doshier.

Miss Gertrude Friend, cousin of the bride, charmingly presided at the register.

The unexpected arrival of the bride's brother, Horton from Fort Scott, Kans, was a happy feature. Another was the fact that the wedding date was the bridesmaid's birthday anniversary.

Mr. and Mrs. Howard start on life's journey together under the most auspicious circumstances. The bride, in addition to beauty and charm, possesses all the grace and other requisites for the making of an ideal helpmate. The groom is the younger son of Mr. and Mrs. M. T. Howard, pio-

neer and highly esteemed Clarendon citizens. He is a straight forward, honorable young man, of unusual ability and unquestioned integrity. Both have a host of warm friends, all of whom will join us in the wish that happiness may abide with them and a full share of the good things of life may be their lot.

The happy pair left on the evening train for a visit to Dallas and other points. They will be at home after November 15th in Clarendon.

Guests at the wedding, in addition to those already mentioned, were: Messrs. and Mesdames G. R. Doshier, K. R. Doshier, Z. R. Doshier, M. T. Howard, Floyd C. Howard, J. C. Chrystel of Lelia Lake, A. B. Long, Geo. M. Bugbee, S. W. Love, Ed C. Boliver of Hedley; Misses Jessie Smith, Kathryn Smith, Beulah Doshier, Genoa Doshier; and Messrs. F. B. Doshier, Jack Aikens and Douglas Doshier.

CARELESSNESS RESULTS IN FAILURE.

Not a day passes but we hear nice things said of our garments, styles and prices. This we greatly appreciate and we are bending every energy to make this store the shopping center for all women who demand style, service and values.

We are making some alterations and when completed we will have one of the handsomest shops in the state.

Every express brings us new Suits, Coats, Skirts, Waists and Dresses; all moderately priced.

Come in and see the new things, they will be a revelation to you. Our prices are lower than what you would have to pay out of town. Our styles are up to the minute. Our alteration department is in charge of competent dress makers and we make no charge for alterations. Every garment that leaves the store is perfect.

FOOD CONSERVATION WEEK OCTOBER 28th to NOVEMBER 4th

We have been living on corn bread and cabbage until the cat has become disgusted and left home," said W. H. Patrick of Clarendon, County Food Administrator of Donley County, at the great meeting in Amarillo Thursday of last week. Mr. Patrick urged that our people reduce the living expenses and invest in Liberty Bonds. He is urging the unqualified support of our people for the national government.

Pledge Card Week.

During the week of Oct. 28 to Nov. 4, every home in this county will be visited by the County Food Administrator and his assistants for the purpose of enlisting all our people in the cause of saving all the food which has hitherto been wasted or allowed to spoil. Our Food Administrator is a busy man this week making plans for the great drive beginning Monday morning, and his assistants will be thoroughly trained by the opening of the campaign. The pledge card campaign will be carried on in every county in the United States, and will be pushed vigorously. After the pledge cards are received in Washington, and every family's name registered there, instructions in regard to saving food will be mailed out. The men and women who make the canvass in this county are instructed to take the names of any who refuse to sign the cards and the reason for refusal. These refusals will be forwarded to Washington.

It was clearly pointed out in the great meeting at Amarillo last Thursday when County Administrators from forty counties in the northwest Texas section gathered for a conference with Porter A. Whaley, District Food Administrator, that the necessity of saving food had become so apparent to the government, that if our people refused to save the waste in foods, our nation would soon be on the meal ticket basis as the nations of Europe are today. Necessity was the key-note of that meeting. Saving the little bits will add greatly to the whole. It is not a question of whether our people want to or not—it is a question of the life or death of democracy, and in which our government will not shrink to compel the person who refuses to help our boys and our allies who are fighting.

The Food Administrator from Dalhart issued a challenge to the Administrators in each of the forty-four counties, stating that his county would show the greatest per cent of the people having signed the pledge cards by Nov. 4. Every county at once accepted the challenge, and every County Administrator and his assistants are doing their best to beat Dalhart. The people of this county are anxious that we win in this friendly competition and will assist our Administrator in the work.

Condemn Feeding Wheat.

Regarding the farmers who have been feeding wheat to hogs, the following meeting in Amarillo:

Amarillo, Texas, Oct. 18, 1917. To the Honorable Porter A. Whaley, District Food Administrator for the 8th District of Texas:

We, your committee, appointed to present resolutions looking to the conservation of the food supply of America particularly affecting the bread supply beg leave to report as follows and await your further commands:

Whereas it is a well known fact that there exists a great shortage in wheat for the use of the allied nations and numerous farmers and stock feeders are and have been feeding wheat to hogs and other live stock and

Whereas there can possibly be no argument advanced in favor of this practice; either on account of relative food values or cost of feeding as compared with the standard stock grains, therefore be it

Resolved that we the county food administrators of the 8th district of Texas unhesitatingly condemn this practice as wasteful and criminal and pledge ourselves to use our every effort to prevent the improper use of wheat as stock food and thereby avoid a forceable intervention of the Federal Government.

F. R. JAMISON, Canadian
A. B. SPENCER, Crosbyton
Wm. F. ST. JOHN, Brownfield.

Vital Points in Campaign.
The vital points in this campaign is conservation of that which has been hitherto been wasted. No one is expected to go hungry; all are expected to eat sufficiently; only use good common sense in eating.
Wheat, fats and sugar are the three necessities which are short in this country. Save every slice of bread that has hitherto gone into the scrap bucket; eat more corn bread; eat less meat; use less sugar; study the substitutes which the government offers for these foods. These are the things our people MUST do if we win the war.
The County Administrator has vital facts which he wishes each and every person in this country to know. You do not have to wait until next week to sign the pledge. Go to him and ask him for a card and for the booklet he has for distribution. Let all in this county join with him in making a real success of this great food conservation campaign.

AN ADDED VERSE TO "AMERICA"

All over the nation people are singing the appended verse as the last verse of "America." The custom originated in Canada where they sing "God Save The King" to the same tune. Let our people learn it and use it on every occasion.
"God save our splendid men;
Send them safe home again;
God save our men.
Keep them victorious, patient and chivalrous,
They are so dear to us,
God save our men."

SWINE BREEDERS ASSOCIATION DONATION.

Various members of the Texas Swine Breeders Association have already donated 25 hogs now on exhibit at the Dallas State Fair, to the Red Cross, same to be sold at auction at 2 o'clock, October 25th, to the highest bidder, the total proceeds to go to the Red Cross.
This is a very generous and patriotic act on the part of the various exhibitors and they deserve a great deal of credit.

JERSEY DAIRY CUSTOMERS.

This notice is to call your attention to the change in service. Beginning November 1st. milk will be delivered once a day only from 9 o'clock to 3 o'clock. Milk will be sold for cash or tickets only. Tickets must be put in bottle for your day's milk each day. Owing to the high price of feed, cost of high living, high prices and scarcity of labor, short days and all the milk trade of the town to care for, forces us to ask our customers to bear with us in trying to put the business on basis by which we can furnish good milk and good service and be able to get by. To keep books and collect bills mean 10 day's hard work for one man every month. Then the merchants who have to furnish us \$600.00 worth of supplies has to take chance and we have to pay for that, so that is more expense, so you can see where a little business runs too, scattered among 4 or 5 hundred people.

Now milk, pure and good quality is wholesome, comes cheap as to prices of other food products. If you have a cow, I hope you will keep her and if you have more milk than you need, divide with your neighbor, don't let anything go to waste these hard times. It is not so much saving money as it is conservation of our food supply. The uncertainty of conditions and the high prices on everything, we are unable to risk the expense of enlarging our plant now. But will do our best to furnish milk to all who want it, and will appreciate any kindness you can show us and we will gladly endeavor to serve you continuously. Get your tickets early so you will not be missed November 1st.

ADMISSION PRICE TO BE RAISED

After November 1st the regular admission price at the Pastime will be 15-cents for all over twelve and 10 cents up to that age.

With the universal advance in prices on everything in the market now I think it hardly necessary to explain why the higher rates are adopted. The change is imperative. Everything that goes into the motion picture industry has undergone the same changes in price that has marked the advances in other lines and there is no other course for us without lowering the class of attractions which has not been done in the past nor will it be in the future. The public need have no fears as to the value they will receive for their money. In adopting the new schedule more quality will be added to more than balance the difference.

From time to time we will also have big special attractions up to the merits of that shown in the large cities.

In some cases it will be necessary to advance the admission slightly above the regular rates.
