WOMEN'S COMPOSITION RECITAL AT THE COLLEGE A GREAT SUCCESS MONDAY

The music loving people of Clarendon enjoyed a feast of harmony Monday evening at Clarendon College when Prof. R. Deane Shure presented a recital made up entirely of his compositions for piano, voice, violin and chorus. For a number of years this has been an annual affair much anticipated by the citizenship of this community. Heretofore it has been the custom to give the recital as a benefit to some worthy cause, but as this is Mr. Shure's last year in Clarendon, he preferred that it be presented free of admission as a compliment to the many friends who have stayed by him and his work so faithfully since he has been in the city.

Possibly the best enjoyed number of the piano selections were "Yes-terglow" as interpreted by Mr. French Harrington, and "Morning Greeting" and "Lark's Woo", played by Miss Faun Crane.

The premier numbers of the voice were "Omnia Vincit," sung by Mrs. J. S. Elm, and the appealing lullaby sung by Mrs. Mary B. Adams.

Under the personal direction of Mr. Shure, the Methodist Choir received many compliments on their rendition of his anthem, "The Lord is My Shepherd."
The personnel of the audience were unanimous in their open appreciation of Mr. Shure's work and the program of the evening. Clarendon people will envy from year to year the opportunity of the people of Indiana, Penn., to hear further composition recitals from the versatile and soulful interpretations of Mr. Shure.

D. O. Stallings went to Amarillo this morning on business.

BAPTISTS POUND PASTOR

Wednesday evening at the Baptist prayer meeting there was an unusually large crowd present, and Bro. Maples concluded new interest was only being manifested which was true, but the principal reason at this time for the increased audience was to go to Bro. Maples home after services and assist in pounding the family.

The affair was a complete surprise to them but nevertheless much enjoyed. Everything good seemed to have been brought to this home which included flour, sugar and canned goods.
Sandwiches and hot chocolate were served to the guests.

NOTE: The next and last vesper will be made up of request numbers. All requests should be mailed, or phoned to Mr. Shure not later than May first. Numbers receiving the most requests will be used.

There is a two-fold purpose in giving a request program. First—the performer is desirous of giving the public those things they most enjoy. Second—the musical intelligence of the public is ascertained thereby. A large list of requests is solicited.

SIX O'CLOCK DINNER

Last Thursday evening Mesdames E. A. Simpson and Joe M. Warren entertained a number of the soldier boys who have returned to Clarendon at the home of Mrs. Simpson.

The boys with the exception of a very few, were with the Seventh Texas Infantry later known as Co. H, of the 142nd Infantry, under the leadership of Capt. E. A. Simpson.

A lovely turkey dinner was served to the following: Lieutenant Will Cooke, Sergeant Mathew Lane, Corporal Manley Ozier, Rodney Baldwin, Sam Dyer, Jessie Moore, Herman Pervial, Willie Rumble, Sergeant Harry Warren, Mrs. E. A. Simpson and Miss Sue Alice and Seldon Simpson, Miss Frances Cooke and Mr. and Mrs. Joe Warren and family.

The most princely gift ever donated to Clarendon College in her proud history was consummated the past week when John Vancleve of Wichita Falls, oil magnate and former student of the local institution made a contract with President Geo. S. Slover and the board of trustees to give the funds necessary for the erection of a science building in memory of Vancleve's father. The memorial building will be erected when the board is ready for it, but that the financial aid may be available to the institution at once Mr. Vancleve has very generously consented to advance \$12,500 by Sept. 1st, which will pay the cost of building a wing on the young ladies' home. The agreement is that when the science building is started that the College repays the \$12,500 used this year for the much needed addition to provide quarters for the ever increasing attendance of young ladies. Should the College grow to where the second wing to the young ladies' dormitory is needed next year Mr. Vancleve is willing to duplicate the advance of the \$12,500 again under the same conditions. This assures the College of at least a \$25,000 building from Mr. Vancleve, although he has not indicated that this will be the extent of his gift.

With the recent action of the board which virtually makes Clarendon College the only recognized school for the entire Northwest Texas Conference, with the adoption of Clarendon College as the conference school by the New Mexico conference, with the proposed endowment for the school, with the gathering together of the most competent and scholarly faculty in the history of the school and with Mr. Vancleve's generous gift which may be only the beginning of such donations, Clarendon College is entering into the dawn of a wonderful future—a future which shall bless Clarendon and the Panhandle for ages.

Dr. Slover also advises that he has another offer to make public in the next few days that will surpass anything the most sanguine friends of the school have hoped for.

Plans are underway for the immediate building of the wing to the girl's dormitory and construction will begin in the next few weeks.

MOONLIGHT PICNIC FOR SOLDIERS AND SAILORS

Through the ingenuity of a number of Clarendon young ladies an excellent moonlight picnic was planned for Tuesday night. All committees worked very harmoniously together and every phase was executed perfectly.

An especial effort was made to invite every sailor and soldier boy who is home and to also secure a girl to entertain him during the evening. About six-thirty o'clock the crowd which consisted of over a hundred met at the court house and nineteen cars were ready to accommodate the young folks and take them to the river.

When arriving at their destination a big camp fire was made which lent much attractiveness to the scene, and a big can of coffee was put to boiling, which was later much enjoyed. A lunch seldom seen at a picnic was spread and readily devoured, as many went directly from their work and some climbed the hills which was a good stimulus for appetites.

The chaperones for the occasion were Messrs. and Mesdames Bob Stricklin, W. T. Hayter and Jack Killough.

ALPHA CLASS ENJOY SUNRISE BREAKFAST

The Alpha class of the Methodist Sunday school of which Miss Zoe Glenn is teacher, enjoyed a sunrise breakfast this morning at the hills south of town. After breakfast games were played. There were about twenty present.

PAMPA PLANS FOR SCHOOL IMPROVEMENTS

The Pampa school district is planning for much improvement during the coming year. This is a wealthy district twelve by fifteen miles, containing property valued at over four million dollars, this being one of the finest wheat producing sections of the state. Their school improvements contemplate the expenditure of \$75,000 in new buildings. Fifty thousand dollars worth of bonds have already been voted and approved while another election for an additional twenty-five thousand dollars has been ordered. The plan is to erect a modern high school building in Pampa, with four brick school houses at convenient points in the district.

W. R. Silvey has been elected as superintendent for the coming year. The News wishes here and now to congratulate the people of Pampa for their wisdom and foresight in selecting so able a school man as Prof. Silvey to pilot their school

through the constructive period. He was on the job while both of our brick school buildings were being built and has long years of experience in planning for efficient buildings. Prof. Silvey carries with him the best wishes of the Clarendon people who know his ability.

BOBO McLEAN AND MISS JOHNSON SURPRISE EACH OTHER

Two former Hereford friends, who had not met in months, and neither of whom suspected the other to be in France, met the other day in Toul, France, and a joyful reunion ensued.

This information reached Hereford this week in a letter from Bobo McLean, who said he was wandering down the street in the French town on March 15th, his birthday, and suddenly met Miss Johnnie Johnson, formerly a nurse located at Hereford.

Bobo says he cancelled a leave of absence from the city he held, and a joyful reunion and old-time gab-fest followed.—Hereford Brand.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The News editor leaves tonight for Vernon to attend the tenth anniversary meeting of the Panhandle Press Association of which he is the secretary. He goes armed with a pressing invitation from the Donley County Progressive Club asking the Panhandle editors to meet in Clarendon next April. Plainview and Childress are also candidates for the meeting, but if earnest, sincere argument can have any weight we hope to land the meeting for Clarendon. Panhandle people know too little about the attributes which makes our city the most desirable residence city in this section. If we get the editors here they'll tell about it when they go home. Clarendon must have the publicity she deserves.

The News is considering the publication of an illustrated history of Donley County's part in the great war, and if we can get sufficient encouragement we will issue it some time in the early fall. The book will be bound in soft leather or vellum, contain a history of the service of every Donley County boy with his picture, pictures of those in the county who did war service at home, statistics in all the bond, stamp, Red Cross and other drives of the war—in fact just such a souvenir edition of the war that every Donley County home ought to possess. The cost will run from \$5.00 to \$10.00 per copy, with no charges whatever for the insertion of the pictures. If you would like to have such a book and record, just express your sentiments to the editor.

It is just a little over a month now until Texas will vote on the four constitutional amendments, the text of which were recently printed four consecutive issues in The News. The News stands unreservedly for the Prohibition amendment; we are in favor of using the state's credit for the assistance of home owners and home purchasers in making necessary improvements; we favor the raising of the governor's salary from \$4,000 to \$10,000, (several Texas mayors are receiving more than \$4000); lastly we are opposed to the woman's suffrage amendment. We will give some expression from time to time showing why we favor or oppose this or that measure, basing our attitude solely upon the laws best guaranteeing the American home, upon which so great a nation has been reared. Following our established policy The News will print the views of any citizen on these questions, when signed copy is submitted for publication, regardless of which side of the question is urged. These are vital questions and every citizen should be on hand May 24th, to vote as his conscience dictates for his home and native land.

Ever anon we see signs that tend to show that at least in some respects the old world is getting to be a better place in which to live. In the daily press of Texas and other southern states in recent weeks has been appearing advertisements of the Magnolia Petroleum Oil Co., advocating the closing of gasoline stations on Sunday. These advertisements have appealed to the conscience and sense of fair play for the men who have to tend the station and have sought to arouse public sentiment in behalf of strict Sunday closing. It ought not to be necessary for such advertisements to appear as all our fundamental laws guarantee the sanctity of the Sabbath, but the demands of a pleasure seeking and convenience demanding people have nullified in part their righteous intent. It is a great thing to find a corporation of great wealth throwing its influence against this practice of Sabbath breaking and in a measure jeopardizes the old opinion that all corporations were bad, having only the creed of "get gold" as a motto. Read these advertisements, buy your gasoline and oil on Saturday and give the gasoline station men the Sabbath that rightfully belongs to them.

Somebody asked an old Missouri store-keeper why he didn't put a small advertisement in the local paper to advertise a "home blend" of coffee that was particularly good. "I don't wanta," he replied lazily. "If I did, folks would pester me all the time to show 'em my goods." Thus did an old Missouri store-keeper pay unconscious tribute to the business-getting value of advertising. He missed the other side of it. Lots of people who really wanted this particular brand of coffee were unable to get it because no one ever told them where it was to be had. You yourself know that it would take you twice as long to shop if there were no advertisements to guide you in your buying. You wouldn't know where to start. You'd miss a lot of good values just because no one ever told you about them. The man who advertises is glad to have you "pester him" to show you his goods. Don't miss the advertisements. They will save you money. Advertising. Advertising.

Read the announcement on the first page of this issue in which Clarendon College is the recipient of such a magnanimous gift at the hands of a young oil king. This is a wonderful year of advancement for Clarendon and this great stride for the College made possible by the liberality of a former student of the school is to be outstripped in a few days with an announcement greater and even more far reaching for Clarendon College and Clarendon. You can't afford to miss a single edition of The News for there will be few weeks in 1919 which does not announce or record some remarkable advance for the city. It's great to live in such a town.

It is reported that there is some opposition to the proposed paving ordinance, even in face of the fact that a large majority of the property owners on Kearney Street have signified their willingness to bear their two-thirds part of the cost. Why should anyone stand in the way of progress when those upon whom the heavy expense will fall are willing to spend their money for town improvement?

Two things which now occupy the minds of progressive Clarendonites: Street paving ordinance to be voted on Tuesday, April 29th, and the big Fourth of July Celebration. United effort will crown these most laudable projects with supreme success.

Opposition to the League of Nations will not survive the summer. The first draft is certain to be defective but ample leeway is provided for its change and improvement from year to year.

MONTHLY REPORT OF THE PUBLIC SCHOOL

The report for the month just closed at the Clarendon Public School is probably the most satisfactory to date. We are now on the home stretch, with only a few more weeks to go, and the kind of work done in these last few weeks may determine whether a pupil passes or fails, hence the necessity of keeping on the job up to the last minute.

In attendance this month the eleventh grade room ranks first with a percentage of 98.7. In the high school Miss Marsh's room has the best general report and is therefore the winner of the banner. HENS, OR MEN— WHICH IS WORTH MORE?

Which is worth more, a hen or a man? Some of the Methodist leaders say that for practical purposes the hen will have to be accorded the palm. And the way of it is this: For many years past the members of the Methodist Episcopal church, South, have given for foreign missions an average of less than fifty cents apiece a year. It has been only a few weeks since that amount was less than the price of a dozen eggs—often poor eggs too. Imagine a full grown man standing at the altar of sacrifice and saying: "Lord, here are a dozen eggs; take these and evangelize the world."

Now just an ordinary hen—Plymouth Rock, Leghorn, or just common barn yard—will lay at least a hundred eggs a year. At that rate the contribution of an average hen, if devoted to evangelization of the world, would be as great as those of a half dozen average Methodist men. Somebody says: "The Lord never put this world task upon the chickens, but it might be done more quickly if we turned over to them the financial part of it." Certainly of all the eggs produced in the next five years by the hens belonging to Southern Methodists were turned into the Centenary fund, the desired \$35,000,000 would be provided several times over.

And the comparison does not apply of Southern Methodists alone. There are a number of other denominations whose men, in their gifts for missions, would suffer sadly by comparison with the hen.

THE MERCHANT'S DREAM

Last evening I was talking
With a merchant aged and gray,
Who told me of a dream he had,
I think 'twas Christmas Day;
While snoozing in his office
The vision came to view,
For he saw an angel enter,
Dressed in garments white and new
Said the angel: "I'm from heaven.
To bring you up to glory
And put on your golden crown.
You've been a friend to every one
And worked hard night and day;
You have supported many thousands,
And from few received your pay.
So we want you up in glory.
For you have labored hard,
And the good Lord is preparing
Your eternal reward."
Then the merchant and the angel
Started up to glory's gate.
But when passing close to Hades
The angel murmured, "Wait!
I have a place to show you—
It's the hottest place in hell,
Where the ones that never paid you
In torment always dwell."
And behold, the merchant saw there
His old customers by the score,
And grabbing up a chair and fan,
He wished for nothing more.
But was bound to sit and watch 'em
As they sizzle, singe and burn,
And his eyes would rest on debtors,
Whichever way he'd turn.
Said the angel, "Come on, merchant!
There's the pearl gate to see."
But the merchant only muttered,
"This is heaven enough for me."

TELLS OF A FEW INCIDENTS WHILE AT THE FRONT, AND TRIP ACROSS

Mr. and Mrs. C. T. McClenny are in receipt of a very interesting letter from their son, John, who is with the 55th Infantry of the Seventh Division.

Because of its length we are forced to eliminate a good portion which deals with the trip across and their new residence in France, which has its pleasures as well as its hardships.

"While encamped at Chaligny the newspapers reported that Austria had given up, which put all the boys in good spirits, but at three a. m. Monday morning, October sixth we were awakened and informed to roll pull packs that a rush order had been received for us to proceed to the front immediately. This put every one in a good humor as training had become monotonous and we were anxious to prove that we were better than the Huns. That night we slept in a dense wood but were ordered not to pitch tents but made ourselves as comfortable as possible, however, it was raining. This was our first taste of real warfare. Little did we realize that many of us would never return and some would go through life crippled but every one was of good cheer and willing to take the chance. After several days traveling we reached the support trenches relieving a company of the 359th Infantry. We were placed in the trenches and given very little information and few knew whether the Huns were yards or miles away. A gas guard was immediately placed on duty, our artillery was only a short distance behind us and they kept putting a few shells on the Huns through the night. The trenches were awfully damp and very chilly, all thought at this time they were very poor, but later they proved to be very comfortable and like home. Policing was about all we had to do here.

A few days later we were ordered to relieve Co. I, 55th Infantry. Here things were quiet except for indirect machine gun fire, except at chow time and the Huns seemed to know the exact time we fed and he would certainly shell us at that time. Shortly afterwards shells from the enemy came our way ranging in all sizes and descriptions. At this place we had our first casualties.

We were relieved by Co. B, 55th Infantry, and went back for a rest. After being assigned to quarters and had breakfast we had the famous French three minute bath, all received clean clothes and after getting a good shave felt like new men although we were badly in need of sleep.

Again we went to the front and after what we considered a living hell for nine long days and nights we were all completely played out but we made the hike back to the first aid station and were treated to a good drink of water the first for some time. While back here a surprise came announcing that hostilities had ceased at eleven o'clock.

Both sides took advantage of the time limit set and expended as much ammunition as possible. Exactly at the appointed hour firing ceased and it certainly did seem strange for the quietness that prevailed was hardly creditable as everyone expected the firing to continue at any moment. Every one was happy but little excitement was shown.

A strange coincidence, it seemed to me that everything run in the number eleven. Arriving in France on the eleventh of the month, eleventh hour, hostilities ceased on the eleventh month and the eleventh day and the eleventh hour."

PANHANDLE LANDS ARE BEST SECURITY

Houston, April 6.—Land securities offered by farmers in North Texas in obtaining loans from the Houston land bank are among the safest to be found in the state, according to Judge M. H. Gossett, president of the Houston bank, who returned Friday from a six-day tour of the territory around Amarillo. Judge Gossett, accompanied Captain W. S. A. Smith of Washington, a director of the federal farm loan board, who is inspecting the securities offered by the various farm loan associations in the United States.

Captain Smith and Judge Gossett made their headquarters at Amarillo during their stay in North Texas. They visited Lubbock, Plainview and Canyon City, and stopped over at intermediate points situated on the railroad. They went as far east as Miami, Texas, which is about thirty miles from the Oklahoma state line, and also inspected lands around Pampa and White Deer, Texas. Captain Smith was shown the development of the country in a motor car ride which took them to places situated off the railroad.

Captain Smith expressed himself as being pleased with the agricultural conditions of the country. Judge Gossett said the Houston bank had loaned money to the extent of approximately \$5,000,000 on secured land in North Texas and the purpose of the visit through the Panhandle was to ascertain the extent of the security offered.

Who You Should Own Your Own Home

Because That's the Only Way You Can Have a HOME. Your HOME is where you have the right to shut yourself away from the world at any time, and no one can say you "nay,"

Your HOME is where you can keep your family safe and well and happy. Unless you have control of the building, through ownership, you are subject to the whim of the real owner, and you no longer have a HOME but merely a shelter whose occupancy you enjoy only as long as SOME ONE ELSE PERMITS.

The HOME is the original and genuine Safety First. When you own your own home you know you have a refuge at all times and your children instinctively turn toward HOME against outside attractions.

A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Clarendon gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

W. H. Martin, retired merchant, Fourth & Parks Streets, Clarendon, says: "I began using Doan's Kidney Pills, which I procured at McKillop's Drug store about two

months ago and they relieved the pain and lameness in my back. I think my experience warrants my recommending them. They certainly are a good kidney medicine."

Over four years later, Mr. Martin said: "I have the same faith in Doan's Kidney Pills today as when I first gave a recommendation for them. I haven't had occasion to use them since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Are You Too Worn Out To Succeed?

The creeping, stealthy poisons arising from constipation have kept thousands and thousands of otherwise able men and women from attaining success. Is it doing it for YOU?

Nothing will turn AMBITION into ILL-TEMPERED LAZINESS quicker than constipation. And nothing will render the body more liable to dangerous diseases than this same poisonous condition.

DON'T BE CONSTIPATED! It isn't SAFE! It isn't SENSIBLE! It isn't NECESSARY! BE WELL. But don't rely on ordinary laxatives to help you. Try instead the newest scientific treatment for constipation—RICH-LAX.

This preparation not only overcomes constipation in all its forms, but it does away with all the nausea, cramping and deranged digestion caused by ordinary laxatives.

RICH-LAX gently removes the bodily poisons and leaves you well—strong—and able to go about your work with that wonderful feeling of KEEN AMBITION that is so necessary to success.

It SERVES—that's the peculiar thing about our service

Service!

THAT poor little word—everybody's using it. It's so underfed and overworked nowadays, it looks like a famine in India.

But we've plumped it up—here at our place—till it really stands for something big. With us, battery service actually means "the service that serves."

The Eveready Storage Battery is guaranteed to give a year and a half of ever ready starting, igniting and lighting service. And we're here to make that guarantee good.

WELCOME HOME MEN OF THE 132nd ARTILLERY

Friday morning when the north bound Denver arrived there was a splendid crowd at the station to welcome home Corporals Floyd Lumpkin and Earl Adams, two of our boys who have been with the 132nd Field Artillery, Battery B, for almost two years. This regiment was mustered out of service at Fort Worth last week, and at which place the boys were received most royally. The boys never saw service on the front, but however, did open field work.

Their stay in France was very interesting and it is intensely entertaining to hear them tell of their adventures there, but with all their varied adventures they conclude that Clarendon is about one of the best places they have seen at all.

Corporal Lumpkin will accept a position with the Palace Confectionery. We have not learned what Corporal Adams will do.

TURNER-SPEED

Tuesday evening at the home of Dr. S. E. Burkhead were united in marriage, Mr. Perry Turner and Miss Beulah Speed.

Miss Beulah is the daughter of Mrs. H. L. Speed and has lived in Clarendon for a number of years. For a time she was a valued employee of the Clarendon Telephone Exchange. She is accomplished and a very attractive young woman.

Mr. Turner is the son of J. W. Turner of Wellington, a prosperous farmer of that county. Mr. Turner has just been discharged from the army. He was in the 107 Infantry 27th Division. Every man has a citation from that division for being the first to break the Hindenberg line. While engaged in the St. Quentin sector he was slightly wounded.

These young people were sweethearts when small children in Oklahoma together. But had drifted apart until war was declared and he came to visit her, when the old love was renewed.

They leave today for their home in Wellington. The News wishes for them prosperity and happiness.

WILL YOU MATCH THE ORPHAN CHILDREN OF BUCKNER ORPHAN HOME

Just before his death, that sainted man, Dr. R. C. Buckner, whose memory all Texas revere, wrote a letter to Alex Sanger, State Chairman of the Jewish War Relief drive, a portion of which reads:

"I am writing you as to what am willing to do to enlist my congregation by an appeal from my chapel next Sunday.

"My congregation will be made up of our family of orphan children in their regular chapel service, yet I believe they will, out of their small change earned in various little ways divide whatever they may have and I will remit the same direct to you. R. C. BUCKNER."

As a result of this appeal made by Buckner, the children of Buckner Orphan Home have contributed ONE HUNDRED DOLLARS, every penny of which was earned by them in chores.

To the intelligent, broad minded, sympathetic citizenship of Donley County it is not necessary to say more than HUMANITY—SOMEWHERE—is in need; women and children are cold, hungry, naked, and it rests with the men and women of Donley County as to whether or not they are to be fed, clothed and sheltered.

Acquiring a Perfect Figure

Most women who have perfect figures did not have them originally. They have acquired them.

A woman gradually takes the shape of her corset so the corset produced by the most artistic designer is the right one to wear to secure a perfect figure.

MODART CORSETS Front Laced

are most symmetrically and artistically designed. They are comfortable, stylish and gradually mold the figure into those beautiful lines that every woman admires and desires.

Have a trial fitting at our store and we believe we can show you at the first fitting an improvement in your figure. Further improvements will be shown as you gradually "shape up," under the influence of the MODART Corset.
