THIRTY-SIXTH DIVISION RETURNS CLARENDON PEOPLE AT FORT WORTH WELCOME THEM HOME

The boys are coming home. How we are thrilled to think that those whom only yesterday we bade goodbye in tears, are soon to be with us again. Telegrams from members of the Thirty-Sixth Division Clarendon boys have been reaching here the past few days, and Company H, 142nd Infantry is in its home states again. In a message to Harwood Beville, Capt. Simpson stated that he thought that he would be home the 15th of this month.

It is also of great interest to Clarendonites to know that the Ninetieth Division is soon to be demobilized. Since a number of Clarendon boys are with it, although some of them have already been invalided home.

The 142nd Infantry paraded in Enid and Oklahoma City Tuesday and in El Reno yesterday. Last night they departed for Ft. Worth and will probably reach there some time today. Theirs is a triumphant procession, and let their be the flowery road of the conquering hero.

They are to parade in Ft. Worth today and a number of Clarendon citizens as well as many others from the Panhandle have gone down there to witness the victory parade.

The date of their arrival in Clarendon is as yet indefinite as the process of demobilization at Camp Bowie is of necessity slow. Amarillo urges her citizenship to be at the train Saturday as the soldiers are expected then. Clarendon hardly expects them so soon. They may arrive here Sunday—this is the time when they are most looked for—possibly sooner probably later. But everyone listen for the glad tidings, and when the time of their home-coming is announced, be there to welcome them.

And not only this, but remember that many of our boys have already come home; welcome them. Make this a grand jubilee and a victory reception for all the boys. The Band will be there strong and every single solitary soul should be out there to show the boys how we rejoice in their return.

As we go to press, the most definite information that can be secured is that the boys are expected to reach Ft. Worth this afternoon at 5 o'clock.

LADIES AID MEETS

The Ladies Aid and Missionary Society of the Presbyterian Church met with Mrs. Charles Moore yesterday. A very interesting Bible lesson was led by Mrs. C. Y. McDonald, followed by other discussion. At the conclusion of the meeting, delicious refreshments were served by Mrs. Moore's daughters. The society will meet next week with Mrs. Vannie Hill.

MRS. CHAMBERLAIN ENTERTAINS NEEDLE CLUB

Mrs. Fred Chamberlain most delightfully entertained the Needle Club at her home on Tuesday afternoon. An afternoon of fancy work and sparkling conversation was enjoyed by the guests, after which an elaborate salad course was served to thirty-five members.

Last week Mr. and Mrs. E. C. Britain received a message from their son Roy M. Britain, saying he landed in the U. S. A., but had been returned to Europe for further service. Roy has been a Yeoman-2 in the U. S. N. for the past year, doing office work in France. He is now on the U. S. S. "Eten" working in the executive office. All of Roy's friends in Clarendon are glad to hear of him, and the entire crowd would like to hear him tell about his trip across the Atlantic with 11,000 other tars.

Misses Rose Muir and Marian Letts returned Sunday from Washington, D. C., where they attended National Park Seminary the past term. Miss Muir is visiting with Miss Letts.

MANY THOUSANDS ARE BEING EXPENDED FOR IMPROVEMENTS IN CLARENDON

In the face of one of the largest crops that our county has ever known, and fast oil development, it is natural that we should look for the improvement of our city; in this respect we are by no means standing still. Not only are our streets being paved but many residences are being constructed, many are being remodeled, and many hundred feet of sidewalk are finished or under headway. The street paving represents an expenditure of about \$50,000, and this construction is being done with all possible speed to insure good workmanship.

Smaller construction companies are being kept busy doing building of a general nature for the residents. Mr. Homer Glasgow has just had a sidewalk and curb built in front of his nice residence. Mr. F. W. Gordon has caught the fever from his neighbor and, likewise, has had sidewalk built in front of his place. Between the Glascoe and Turner places the city is building a walk across the street. T. M. Little, our enterprising merchant, is keeping pace with his progressive banker, and ranchman brothers and is having a sidewalk built adjoining his residential property.

The money being expended in the building and improvement of residences is near \$50,000. W. M. Patman has just finished remodeling his home. Mr. E. W. Grogan is having a most comfortable residence erected in the west part of the city at heavy outlay. The addition to the ladies' building of Clarendon College is halted at present awaiting the arrival of materials. With this extension the dormitory will be a most comfortable and up-to-date hall. Mr. Claud McAlister is having a neat home built just east of the R. W. Tally place. It is a six room structure with basemenat and all conveniences. Mrs. Mrs. Eva Rhode is having a handsome dwelling erected on the property just east of W. T. Hayter. It is a one story structure of six rooms, basement, heating plant, and all conveniences. Also on the property adjoining this on the south she is having three four-room rent houses built. In addition to this, many of our citizens are having improvements of a general nature made. When one looks at the bank deposits and the crop conditions as well as the building, he at once plainly sees that ours is an exceedingly prosperous county.

BAND CONCERT FRIDAY EVENING AT COURT-HOUSE

The D. C. P. C. Band will give its first open air concert on the Court House lawn Friday evening at 7:45 o'clock. The boys have been practicing hard and, although they have played for a number of engagements, this will be something a little different as it will be an effort in the concert line. New members are daily arriving at home from the various colleges and academies of this and adjoining states, so that the pep of the band is at the high tide, and now the morale will be entirely dependent on the public support, not in dollars and cents, but in the manifestation of a kindly interest by attending the concerts. The concert will not

interfere with engagements later in the evening, as it will be a twilight concert.

Program
March, "A World at Peace"—Haynes.
"Khaki Bill"-----Watson.
Sextette from "Lucia"—Donizetti.
March, "The Grenadiers"--- Huff.

March, "Stand, Belgians, Stand"--- Huff.
"K-K-K-Katy"-----O'Hara.
March, "The Stars and Stripes Forever"-----Sousa.

Mr. Leo Rippy and wife are visiting at the home of the latter's parents, Mr. and Mrs. G. S. Patterson of this city, having arrived here Friday morning. Mr. Rippy has been engaged in the Y. M. C. A. work in various camps for the last two years.

CELEBRATE IN CLARENDON JULY FOURTH--COMMITTEES PLAN TO ENTERTAIN MONSTER CROWD

BAPTIST MEETING PROVING INTERESTING AND HELPFUL

The series of revival meetings at the First Baptist Church are to be very interesting as well as successful. The evangelist, Rev. J. M. P. Morrow, is a preacher of ripe experience, having, in the thirty-nine years of his ministry, filled some of the largest pulpits in Texas. For seven years he was the general evangelist of the state convention, and for two and one half years he acted as field secretary to the Southwestern Theological Seminary. During the past seven years he has been the pastor of the First Baptist Church at Port Arthur as well as general evangelist.

Rev. Morrow, unlike many evangelists, does not give out a list of subjects to be discussed, nor does he use any sort of "stunts" to himself, but his wish is to present the evangelistic zeal that inspired Finney, Moody, and other such evangelists. He has given a most earnest invitation to all Christian people to attend all the services possible and to enter heartily into the campaign. The morning service is at eight o'clock so that all may come to the service and have the rest of the day for their various duties.

Rev. Morrow announces that Sunday afternoon, in addition to the other services, he will hold a special service for men and boys and that he is exceedingly anxious that as many as possible attend.

GRAY COUNTY SEAT REMAINS AT LE FORS

Pampa, June 10.—Gray County voters decided to retain the county seat at Le Fors in a special election held today, Pampa lacking 46 votes of getting the necessary two-thirds majority. Four hundred and eighty-seven votes were cast for Pampa, 312 for Le Fors, and 1 for Allenreed, totalling 800 votes. Eight alleged mutilated ballots were reported thrown out at McLean and three at Pampa.

Several score of voters here tonight signed a statement pledging themselves to support no candidate from Laketown, Le Fors, McLean, or Allenreed for any public office. The signers also asked that the pledge be preserved and presented to them before each election hereafter as a reminder as well as to have it published once every six months in the Pampa News.

Yes, Clarendon is going to have a real celebration this year. At a mass meeting of our citizens last Friday afternoon it was decided that the departure for this year would be a slight departure from the usual way of having a Fourth of July Celebration and that we would have an old fashioned basket picnic with plenty to eat for everybody. It was discussed as to whether we should have a separate festival to welcome home the boys or whether that should be held with the Fourth of July Celebration; the latter plan was decided upon. Then all soldiers are especially urged to attend as a hearty welcome awaits you. A central committee was selected to make general plans and to appoint other committees to work in conjunction with them. The chairman of this committee is J. T. Patman, and associated with him are George Reed and George Ryan. They have appointed a number of committees who are co-operating with them to make the picnic a success. The work of the committees is well in hand, and nothing of the real holiday spirit will be lacking.

At nine o'clock Mrs. Ida Chitwood, the county demonstrator, will give a parade of all the club members and their parents. Then there will be lots of music which will consist of band and orchestra selections and community singing. Following is a list of the committees, the chairman being the first named in each instance:

Finance: H. Mulkey, A. L. Chase, J. E. Walker.
Music: S. M. Braswell, Miss Myrtle Houk, W. T. Hayter.
Purchasing Committee: Henry Williams, F. A. Story, C. B. Williams.
Program, John Blocker, Paul Attebury, M. T. Crabtree.
Privilege: George Ryan, J. T. Patman, George Reed.

Dinner Soliciting Committee: Messdames J. T. Sims, L. D. Rhodes, O. D. Caraway, George Ryan, L. L. Taylor, C. T. McMurry, T. E. Bugbee, J. B. McClelland, J. T. Patman, Clint Phillips.

As nearly as possible the general outline of the program has been drawn up. Other features are to be added but so far the following has been arranged for by the program committee, commencing at 1:30 p. m.

1-4 mile dash, free for all.
1-4 mile cow pony race.
1-2 mile relay race.
Potato race.
Boy's sack race, under fourteen years old.
Slow mule race, open to all.
Ford race, stock cars only.
220 yard dash, for cow ponies only.
Goat roping contest, free for all.
1-4 mile running race, free for all.
Baseball game.
Broncho riding.

Now everything has been done to make this the most successful picnic in the history of the city. What are you going to do? Get on the band wagon and root. Come and help the community singing and hear the crack band of the Panhandle; come everyone and furnish your part of the pep and let's have the greatest celebration ever staged in Clarendon.

DODGE-MCCLELLAND

Married in the American Episcopal Church, Paris, France, at noon on June 5th, 1919, Major Henry Dodge of Cleveland, Ohio, to Miss Lila McClelland of Clarendon, Texas.

Miss McClelland has been a Red Cross worker in France for the past six months, and Major Dodge, Counselor to the Red Cross Commission to France, residing in Paris.

They will be in America during July and August visiting their parents, returning in September to their home in Paris.

The News joins with the many friends of the bride in extending felicitations and best wishes to Mr. and Mrs. Dodge.

LELIA LAKE RESUMES DRILLING ON WELL

The Lelia Lake oil well which has been shut down for several weeks on account of a twisted casing, will resume drilling at once, as their machinery for pulling has arrived, and they will go down. Indications so far have been favorable. They have reached nearly a 500 foot depth. Buck Creek company will begin drilling at once, as they have about sold their stock, and will close their books about the middle of this month.

The Don Lea well will be spudded in likely this week, as they have their derrick up and machinery set. They are located south of the railroad at Lelia Lake.

The Goodnight company have their derrick up and will begin actual operations at once.

The Hedley oil and gas company will begin operations soon; officials of that company declare, as they have

ordered machinery and will be ready for work very soon.

The Stevens well location near Brice just in the edge of Hall county not far from Clarendon, is getting into shape and will be organized for drilling in the very near future.

Leasing has not been active the past three weeks, on account of the shut downs of the well, but stock buying has taken the place of leasing and many Donley county citizens are buying stock, not only in the local companies, but in Burkburnett and other territories.

News reached here last week that Miss Radie Britain was awarded the gold medal in the Pipe Organ department of The Chicago Conservator of Music. This is an honor that proclaims the talent of the young musician. Although Miss Britain has had but two years of study in Pipe Organ, her technique and talent gain her praise wherever she plays.

Clarendon is today going forward in leaps and bounds. Everything is prosperous; but withal we seem none of us to be making one preparation that might be made and that is for the return of the soldiers in one phase of the preparation. We are cleaning up our city, we are having the streets paved, we are organizing various and sundry progressive clubs. But how many of us have made this one preparation? What, you ask, do we refer to? Merely this—you will soon be asked by some stalwart youth, who has learned not to fear Germans, much less Daddys-in-law, for that daughter of yours. What are you going to say? Are you glad the 36th is at home?

It is doubtful if the "oldest inhabitant" could recall a crop prospect so dazzling in its promise as the present one in Texas. Two of the four principal crops are no longer merely prospective. Wheat and oats are already made everywhere in Texas. In some parts of the state the work of harvesting is well advanced, and it is beginning even in the northern end of the Panhandle. There is but one report as to the yields of these crops. They are the greatest, taking them all in all, ever known in Texas. The only fear lately felt as to these crops has been that the farmers might not be able to harvest them because of a shortage of labor. But this fear has been dissipated. The labor has been found; if not as much as was wanted, at least enough, under forced effort and the favor of the weather, to enable the farmers even to glean the fields. Thus we have assured probably the largest crops of wheat and oats ever harvested in Texas, and almost equally assured the largest prices paid for them. Meantime corn, a precarious crop in Texas, is coming under the double encouragement of a summer's sun and a saturated soil, giving reason, at least, to hope that to bumper wheat and oat crops Texas will add a bumper corn crop. Of the four great crops in Texas, cotton alone remains problematical. But the worst to be said as to the condition of cotton is that the crop is late and "in the weeds", as the farmers say. However, those who know anything of the lustiness of the cotton plant will not be disquieted by those circumstances. They will think it possible for cotton to do its duty no less signally than wheat and oats have, and than corn promises to do; and if their faith should be vindicated, Texas may easily this year have an agricultural income twice the greatest that it has ever had.—Dallas News.

A LIVING WAGE FOR TEACHERS

It is strange that the generous-hearted American people, who poured out their riches so prodigally in response to every patriotic, every charitable appeal, and who accorded such enthusiastic and liberal support to every measure and to every group that helped win the war, should have neglected to properly encourage and reward the services of one of the noblest professions in the field of human activities—a profession that in lofty ideals, in unselfish principles, in sacred responsibilities, stands side by side with the ministry of the Gospel itself.

We wish to bespeak, with whatever power and authority we may have and with such words as may be granted to us, some measure of consideration for the foster-fathers and mothers of our children—the school-teachers of the United States of America.

There is no class of workers of which we demand as much. We commit into their keeping the minds, the bodies, and the very souls of our children in the tender and formative years of their lives, and they, receiving these children, can indeed be said to hold in the hollow of their hands the future of America. We expect these devoted men and women to watch over and care for our sons and daughters as tho they were their very own, to drill them in the arts and sciences, to train them for business and for citizenship, to instruct them in manners and in morals, to do for them those things which we would do had we the training and the leisure.

No class has assumed so heavy, so trying a burden and a responsibility with such willingness as these consecrated men and women. No class has performed their increasingly heavy tasks more devotedly, more conscientiously, and with less thought of self. No class served their country more whole-heartedly, more loyally, during the tempestuous times of war, day by day pursuing their round of duty, day by day helping the young people, and through the children the parents, to see the struggle in its true light, thus securing the cooperation of the community in every measure undertaken by the Government to win the war.

Truly they have made the nation their everlasting debtor. Truly had they not done their work so well this republic would not outlast the span of a generation.

What then have the teachers received at our hands in return? They have received little of honor and somewhat less of pay. Other classes have prospered; other classes thru powerful organizations have secured generous wages. The teachers have no spokesman, however, to demand even the simple justice of a living wage, so to them we give their petty prewar pittance, so meager, so pitifully inadequate, that it places a burning brand of shame and disgrace upon this nation.

The men and women who are making the Americans of tomorrow are being treated with less consideration than the janitors who sweep out the buildings in which they are employed; they are earning on the average less than the wages given to the scrubwomen employed in the public buildings of the United States Government. Normal school graduates receive less salary than street-sweepers; high-school principals and superintendents less than section foremen; country school teachers less for instructing the farmer's children than he pays his hired man to feed his hogs.

In a certain town in Illinois, for instance, the average wages of fifteen miners for one month was \$217, while the average monthly salary of fifteen teachers in the same town was \$55. In another town a miner who, by the way, was an enemy alien, drew more than \$2,700 last year, while the salary of the high-school principal in the same town was \$765.

We welcome with all our hearts the long-delayed recognition that is being given to the man who works with his hands. We believe that this same working-man will be the first to join with us in asking better pay for those who teach his children.

No wonder there are fifty thousand vacancies in the teaching forces of the schools. No wonder the ranks are being filled with weak men and immature women who merely use the profession as a stepping-stone to something better. No wonder there are thirty thousand teachers in the United States who have had no schooling beyond the eighth-grammar grade. Small wonder, indeed, that seven million of our school children are being trained by teachers, mere boys and girls themselves, who have had no professional education whatever.

When we consider that the 740,000 teachers of America are paid an average salary of \$630 a year; when, moreover, we consider the fact that living costs have actually advanced 103 percent since the beginning of the war, thereby cutting the buying power of these insignificant salaries in half, we can easily determine that only a fool or a martyr would choose teaching as a profession, or would long remain in it unless these terrible conditions were swiftly removed.

What a crime is this! What an indictment! What an unpardonable sin at the doors of an enlightened people who now find themselves at the head and forefront of the democracies of the world! How can we better prepare for the great undertakings of reconstruction than by setting ourselves immediately to remedying this perilous condition. In these trying and chaotic times when the world is beset by unrest, by anarchy, by revolution, by the devil's brood of appalling evils that follow in the train of war, we must make sure that the foundations of our republic are set on a rock that it may stand against the flood.

The peace and security of the world of the future will be in the safe keeping of the generation now in our schools. These boys and girls must "weave up the raveled sleeve" of civilization. Their hands must minister to the wounds of the nations. Their minds must meet and solve the difficult and crucial problems that will be their inheritance. Their hearts must be so imbued with the horrors of war and with the poverty and anguish that inevitably follow in its wake that they in their time will enter upon it only as a last resort in national self-defense or in support of some great principle of humanity.

Never has there been a more urgent need for high-minded, great-hearted, splendidly trained, 100 percent American instructors to drive home the vital lessons that these times hold. Never has the future of the nation been so clearly committed into the hands of the teachers. And yet thousands of men and women of ability who would prefer to teach are reluctantly leaving their chosen calling, forced by the hard necessities of their very existence.

The teachers ask no largess at the hands of fortune. They enter their profession for service, not riches. But they invest years and money in preparation for their life-work and the knowledge they gain is shared with others who themselves use it to their own profit. Teachers, then, by every right and in all justice expect a return that will permit them and their dependants to live decently and in comfort.

In every community reached by The Literary Digest there are readers of foresight, of vision, broad-minded men and thoughtful women who will see—nay, perhaps have long since seen—the critical and compelling importance of this problem. We are directing this appeal to them. We urge them to compare the salaries of their teachers with the wages of those who are doing work of equal value. There will be a challenge in the facts that will stir the community to action.

Let each community invest in schools so that it may thereby invest in a trained manhood and womanhood that can play their part in the great period of rebuilding and reconstruction that lies before us. Let each community set for its goal, as far as is practicable, a minimum wage of at least \$1,000 a year for the teachers of America. This would cost the nation perhaps as much as we spent gloriously in but one week of the Great War.

We are not pleading merely for the welfare of some single profession; we are not pleading for a special class; we are pleading for America: for her larger, her brighter, her richer future, for the fulfillment of her glorious promise. We are pleading for a coming race of men and women who shall be qualified to make complete the work of our forefathers who founded this nation and dedicated it to liberty, and who will bring to full fruition the new victories that we have won in freedom's cause. The are pleading for a wider teaching of the principles, the purposes, and the ideals of this nation that all men shall know her meaning and shall have equal access to her opportunities; that the light of Americanism will so shine that it will flood every home, every heart, in our great land.—Literary Digest.

A LITTLE LAY SERMON

If we had a daughter and found her loafing around the post office when she had no business there, we would see that she changed her conduct. And if she got in with a gang of girls and loafed around the street when we thought she was visiting a friend, we would see that she reform-

ed. Yet, whose fault is it?

Parents should know what their children are doing and begin to look after them before they form habits that will make them a target for the devil to shoot at. It does not take long to corrupt the most innocent of girls and make them a terrible sorrow, instead of a source of great pleasure to parents.

The busy, happy home girl is not so apt to get into mischief and the girl who has a wise mother is not an idle girl. Girlhood is the time to teach the lessons of life and the time to fit the daughter for her work in a home of her own, therefore it is criminal for mothers not to give their daughters a chance to make good wives and intelligent mothers. If home making can not be taught in the family home, then put the girl in a family where she may be taught housework, cooking, baking, sewing, laundry work and the many necessary things that most women must know when they take upon themselves the duties incident to making homes, after they lay aside the wedding gown and veil.

The girl who is kept busy at home has no time to gad and loaf and if she is with her mother, she is in good company. But if she runs the streets loafing and making herself a target for evil minded boys and men, she is putting a blot on her own name and the company she chooses is not a credit. She not only gets in bad herself, but she is a storm center for others as well.

It is well to remember that folks do not go to the bad all at once. It is little deeds often done, little seeds often sown, the careless, thoughtless deeds, the weakening of the character, so that when temptation comes, when the severe test is made, the evil overcomes the good because there is no strength of character, no will to resist and no matter how innocent the victim may have been previously the fall is sure. And once the wrong doing is started, the end is disgrace, sorrow and a life of regret. The young men a girl meets on the street have but little if any respect for her and make remarks about her to other young men. The girl may think she is being a romantic heroine or a movie star, but she is only making a fool of herself.

She may think the young men are dead in love with her, but real love protects the honor of a girl and the street gadding girl is taken at her true value and honor and respect are things lacking. Therefore, if a girl puts herself in the way of evil, she will repent alone.

There are men in this world who delight in leading girls off. Step by step, little by little, they transform an innocent girl into a thing of shame and then throw her aside to live out her life of misery, of heart-breaking agony, or turn aside in the paths that forever bar her from the better things of life.

The girl who is careful of her conduct, looks well to the company she keeps, is home at a reasonable hour at night, and who makes her mother her confidant and friend, stands a good chance to overcome every temptation to go wrong, but the careless girl too often becomes the talk of the town. It is easier to get on the wrong road than get back on the right road.—Higgins News.

TO CARRY THE RED CROSS ONWARD

An appeal to the American people for funds to carry on the work of their American Red Cross will be made next November according to the following statement issued by Doctor Livingston Farrand, Chairman of the Central Committee. "Appalling conditions in countries of Eastern Europe, imposing on the American Red Cross obligations additional to those assumed during the period of the world war, and continuance of activities in connection with the already outlined domestic program of the American Red Cross, make necessary an appeal to the people of America for further funds to carry on work for the relief of humanity.

It has been decided to make this appeal in Autumn in a period of two weeks culminating the eleventh of November, the anniversary of the signing of the armistice—the season when the American people may properly give manifestation through contributions to their American Red Cross of their thankfulness for deliverance from the added horrors of war which have fallen upon nations less fortunate.

At present the American Red Cross countries in Western Europe and with is bringing to a close its activities in the withdrawal of American troops from the war zone, its work for the Army abroad will end automatically. Disease and suffering of the most heart-rending character, however, are calling for relief in other fields.

The new international organization of Red Cross Societies is preparing to deal with the relief of health problems throughout the world in future years, but there are immediate emergencies which require the aid of agencies already established. Foremost among these agencies is the American Red Cross. At present the emergencies are being met with all the resources available, but it is apparent that imperative calls for assistance for the next year or more will make additional funds necessary.

It is anticipated that the generous hearts of the American people will respond to the appeal to the full extent of the needs that will present themselves."

VELVET, THE FRIENDLY TOBACCO HOME AGAIN

Velvet tobacco, in its jolly red tin, is again a feature of cigar stores, big and little. There is again Velvet in the pipes, and contentment in the hearts of an army of American pipe smokers. And thereby hangs a tale. "Where's Velvet Tobacco gone?" those same folks inquired, when disappointed in their quest for that aged, mellowed, friendly tobacco, which had made them and their pipes side partners for years.

Where was Velvet? Ask the Red Cross man or the "Y" man. Ask the Salvation Army lassie. Ask the doughboy or the jackie. Ask the hurried and harassed Quartermaster Corps that were responsible for "more beef, more bullets and more tobacco" for the boys under the tin derbies. Yes, that's why Velvet was not on some of the dealers' shelves. It was on the ships, in the cantonments, in the billets and the trenches. But Velvet is now wearing the red chevrons of an honorable discharge.

The doughboy who smoked the "tinned Kentucky sunshine" in France can now enjoy its friendly company on his own front porch. Those of us who willingly gave up luxuries that the boys over there might have them can stuff our old pipes once more with Velvet and "smile, smile, smile."

And Good old Velvet Joe! Well he's back in the columns of this paper and glad to see you all again.

MISSIS GERTRUDE AND PEARL MILLER ENTERTAIN

Misses Gertrude and Pearl Miller very delightfully entertained at their home with a 6:00 o'clock dinner Thursday evening in honor of their brother, Francis.

At the conclusion of the splendid feast, the party was taken to the Pastime Theatre. After two very pleasant hours spent in seeing Wm. S. Hart in "Branding Broadway" the party returned to the home where a delicious ice course was served. At a late hour the guests departed having spent a most delightful evening.

Those present were: Misses Gertrude and Pearl Miller, Ethel Hudgins, Luma Noble, Oressa Teague and Merle Benedict, Messrs. Harold Smith Duff Dean, Francis Miller, Rayburn Smith, Hardy Benson and Charles Dean.

A Guest. HAIL INSURANCE

The heavy rains this week would seem to assure 1919 crops unless same are ruined by hails and against such losses you can secure hail insurance in the strongest Old Line Companies.

Carlock Annis left Friday for Barron Field Fort Worth. Carlock was to have entered the air service shortly after the signing of the Armistice, but, with the coming of peace, was not called. He continued to leave in his application for admission into the service on the peace basis, and only last week was called. Lt. Yost of Barron Field came after him in a plane and, after taking dinner in the Annis home, the two departed for Fort Worth at two o'clock.

Let McMillan and Johnson order your suit. You will get fit and satisfaction. Big reduction on lots of suits.

Francis Miller returned Saturday morning to New York City to the ship on which he sees duty after an extended visit at home. Francis has been in the service since January 1918 and in this time has had opportunity to see a great portion of

the globe's surface. He hopes to be discharged and return home within the next few months.

Mrs. J. M. Erwin and children left Wednesday for Denison on a two weeks visit.

WAR NURSES TO RECEIVE \$60 BONUS ON DISCHARGE

Nurses who have been discharged from the service of the United States will receive the \$60 discharge bonus being given soldiers, sailors and marines, according to announcement by the federal government. Those who are discharged hereafter will receive this bonus on the same roll or

voucher upon which they are given their final pay.

Section 1496 of the Revenue Act, provides the payment of a bonus of \$60 to officers, soldiers, field-clerks and nurses of the Army upon honorable discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Nurses who have been discharged

and have received their final pay without the \$60 bonus, should make application to the Zone Finance Officer, Lemon Building, Washington, D. C., enclosing their discharge certificate or military orders for discharge, or both, if both were issued. Nurses are advised to secure attested copies of discharge certificates before forwarding them.

For further information regarding this, apply to the local Red Cross Chapter or the Division Department of Nursing Service.

Prof. S. H. Condon departed Monday morning for various points on the north plains to canvass pupils for C. C. this coming term. He will start at Shamrock and will make a thorough canvass of inland towns that are inaccessible to the college representative travelling by rail.

Miss Jessie Ingram returned Friday from Chillicothe where she visited her sister, Mrs. Gross.

RENEWED TESTIMONY

No one in Clarendon who suffers back-ache, headaches, or distressing urinary ills can afford to ignore this Clarendon woman's twice-told story. It is confirmed testimony that no Clarendon resident can doubt.

Mrs. Ellen Andreas, E 4th St., gave the following statement on November 29th, 1915: "I have used Doan's simply ask for a kidney remedy—getting them at Stocking's Drug Store. I advise anyone troubled with a weak back and bothered with their kidneys acting irregularly, to try them. Doan's Kidney Pills proved satisfactory for me, and I don't think there is a better kidney remedy."

GONE FOR GOOD
On April 21st, 1919, Mrs. Andreas added: "I have not had any signs of trouble since Doan's Kidney Pills cured me. The cure lasted."

Electricity is the Cheapest Power You can Buy

Electricity is no longer a luxury to be enjoyed by the few. It is now within the reach of the many. Read the following figures based on the average rates for electric current.

A nickel's worth of electricity will:

- Run a 12 in. fan for 10 hrs.
- Run a sewing machine motor for 10 hrs.
- Play an electric piano for 5 hrs.
- Pump 500 gallons of water 100 ft. high
- Clip 3 horses, groom 5 horses
- Grind 2 1/2 bushels of ear corn
- Crack 10 bushels of corn
- Thresh 7 1/2 bushels of barley
- Grind 400 lbs. of sausage
- Clean 2200 sq. feet of carpet
- Churn 50 lbs. of butter
- Separate 3500 lbs. of milk
- Mill 25 cows
- Operate grindstones for 15 hrs.

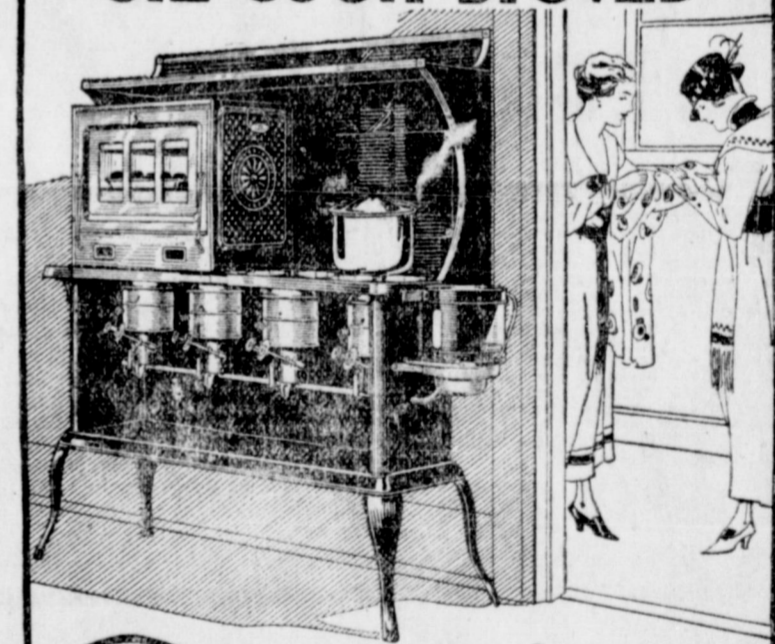

and do many other useful things.

Maybe You Resolved At The Beginning of The Year

That this year you would make your home still more attractive—more comfortable—more "homey"—than it was last year. That you would have bright, safe electric lights in your home this year, instead of kerosene lamps—plenty of light to read by, bright lights in the kitchen, lights instantly in the bedrooms without hunting for the matches.
Electric lights on the driveway—lights in the barn—so that the chores can be done as late as you please, with plenty of light everywhere and without the annoyance and the danger of using the flaming lantern. We can help you make good your resolution. Thousands of families all over this land, are adding to the comfort and attractiveness of their homes—and to the value of their properties, by putting in Delco-Light.
Thanks to this remarkable electric light and power plant, not only are their homes brightly lighted—they now enjoy the luxury of water, hot and cold, piped to the bath-room and kitchen—they use vacuum sweepers, electric irons—they will enjoy electric fans on sultry days and nights that are sure to come.
They save time and labor in the washing, churning and similar jobs. They run these machines with a little motor, relieved of good of the backaches that went with the old way of doing these tasks, and it costs just a few cents a day. You can join these happy thousands and rejoice because you kept that resolution. Write us that you want to know how DELCO-LIGHT will give you electric light and power, at low cost and with increased comfort and enjoyment in your home.

DRESSES—New and Snappy Styles

Ladies who look at our dresses from time to time—a good idea, by the way—know that there are no shop-worn dresses in our cabinets. We have received and sold more dresses in the last six weeks than ever before in the same length of time. Have received this week two or three shipments of the very daintiest georgette, crepe-de-chine, and printed voile models, that we have had. It's a positive pleasure to us to show them, and you ought to see how low they are priced.

Our Line of Dress Voiles

Is a fitting companion to that of our Dresses. We are showing some exquisite patterns in satin-stripes and plaids, silk voiles and voiles with floral designs, and they offer the woman who would be well and stylishly dressed, a wonderful opportunity. Voiles, to use a trade term, are "big", and we have sold an astonishing amount of them. The most of them have sold at \$1.50 the yard, but we have reduced the price, including some \$1.50 patterns received this week, to

New Georgette Waists

A big shipment just received in exquisite designs and priced so low you will be surprised.

"WELWORTH" AND "WIRTHMOR" WAISTS

In nearly 3000 cities of the United States, there are shown at the same time, the newest creations in Wash Waists—only one store in each city—and these are the "Welworth" at \$2.50 and the "Wirthmor" at \$1.50. They are sold at the same price everywhere—price printed on the tag. Be sure to see them—at our store only. New shipment, "every so often."

IN OUR SHOE DEPARTMENT—You will find a wide range of styles, in all leathers and colors, both in high-tops and low shoes—oxfords and pumps, for all members of the family. In white shoes, we are showing a variety of good models. One of them is particularly nobby—a high-heeled, canvas shoe with covered, rubber-tipped heel and rubber sole. It's the dressiest looking shoe of the kind you ever saw. Priced at \$5.00. Also a low-heeled walking shoe made just like the other and also priced at \$5.00.

WHY SHOULD WE BUILD NOW?

The government of the United States is using the greatest effort in its history to induce the citizens of this country to build, and to BUILD NOW. The Department of Labor is conducting a wonderful campaign addressed to the consumer, the builder, the artisan and all others interested in the building business. They urge general building of every kind to furnish both HOMES and EMPLOYMENT for returning soldiers and to furnish the housing that it so badly needs.

The man who has some money saved, and does NOT invest it in a home, generally SPENDS some or all of it in far less satisfactory ways, and for far less valuable things. The average man has a veritable itching to get rid of his money. The man who makes him INVEST it in building rather than SPEND it for luxuries, does a great and patriotic duty.

KANSAS CITY STOCK MARKET

Kansas City Stock Yards, June 9, 1919—Cattle prices today were strong to 10 cents higher than last week's close and 50 to 65 cents above a week ago. Prices have advanced steadily since last Tuesday, and demand today showed more urgency than for some time past. Hogs were strong to 10 cents higher than Friday and sheep steady to 25 cents lower.

Cattle receipts today were 11,000, or 3,000 fewer than a week ago. Only about 70 carloads of long haul cattle were included in the day's supply. Hog receipts 17,000, were 2000 larger than a week ago, and 6,000 larger than a year ago. Sheep receipts showed a moderate decrease compared with a week ago, and a 2500 increase compared with a year ago.

Prices for fat steers were 10 to 15 cents higher than last week's close and 50 to 65 cents above a week ago with considerable activity in the late trade. Offerings sold more closely than for some time past. A carload of 1407 Kansas steers sold at \$16.00 the highest price for some time past. California steers sold at \$12.50 to \$13.00. Arizona steers up to \$14.25, and Colorado steers up to \$14.50. Cow and heifers were quoted strong, at \$7.50 to \$13.00, and heifers ten cents higher at \$9.50 to \$14.00. Veal calves were steady.

Trade in stockers and feeders was rather quiet because of small receipts. Prices were firm. Feeders are quoted at \$10.50 to \$14.00, and stockers \$8.50 to \$13.00.

Hog prices here remain materially higher than elsewhere. The top price today \$20.30 paid by a packer, and bulk of hogs brought \$19.90 to \$20.15. Compared with last Friday the market is 10 to 15 cents higher. Pigs are selling at \$15.50 to \$19.00.

Sheep prices today were about steady with trade fairly active after a late start. Spring lambs sold at \$17.50 to \$18.50, and clipped sheep \$9.50 to \$10.50. Goats sold up to \$9.00, most of the offerings were from Arizona, Texas and California.

Normal receipts of horses and mules in the past week meet a fairly active demand at steady prices. There is some inquiry for thin mules for feeding, but demand for southern horses is dull and prices weak.

Market Correspondent.

PAVING IS ONE OF THE REAL ASSETS TO OUR CITY

First impressions are not lasting, but they often play a part with the judgment, even though the judgment is slowly formed. If we accept this hypothesis, and most of us do, judging from our preparation to meet some prominent personality for the first time, then think of how much better will be the first impressions of our city on passers-through, when our pavement is completed. One of our prominent citizens recently chanced to hear a conversation between two oil men of Wichita Falls, that ran something like this:

Mr. A.—"You speak of Clarendon, Mr. B. I do not recall where that place is."

Mr. B.—"You know where Lelia Lake is, well, Clarendon is about seven miles the other side of Lelia."

That is an illustration of the doctrine preached by most of the Chautauqua speakers this year, namely—do something for your own home town and the world will take notice. How good a recommendation it is for a town to be able to say on its commercial circulars, this or that many miles of pavement. That naturally has a cleaner sound to the outside world, as all men know that it is very, very difficult for weeds to spring up in the middle of a paved street. We do not have to go and preach to the outsiders the wisdom of our decision to pave; they know that; with the completion of the paving, the spider will soon hang up his mourning veil and go elsewhere to build his home; they know that ere long the fly will declare business conditions intolerable and will migrate to a less clean city. Since this is the condition, we should not be in the slightest way, bashful in telling the people elsewhere that we have awakened, and that today we are making ours the cleanest as well as the best school and church town in the Panhandle.

SGT. MAJOR A. M. BEVILLE, JR.

Sergeant Major A. M. Beville, Jr., of the 142nd Infantry received his training with the 36th Division at Camp Bowie and went with the Division to France and is now returning to Camp Bowie for his demobilization. In the fighting in the Champagne sector he was slightly wounded twice, and received a citation for organizing a squad and going out of their own trenches into the open under a scathing German fire and bringing up supplies and water to the regiment and was recommended for a Lieutenantcy which is granted to him in the Reserve. After his discharge he will make his home in Clarendon where he is engaged in business with his father and brother.

Rev. A. W. Hall left this week for Georgetown where he will attend the commencement exercises of Southwestern University. He will be accompanied by his daughter, Miss Ruth.

Who Is Best Man To Do Your Work?

The best way to have anything is—do it yourself. The best way to get ahead in the world is—save regularly and invest wisely. Your children may be buying Thrift Stamps but the nickels and dimes and quarters they are able to save won't buy a home or a new automobile or a new cultivator. The money to do that will not be saved—unless you save it.

It's easy enough to save if you do it the W. S. S. way. Quarters planted in Thrift Stamps grow into War Savings Stamps and the interest makes them grow like rain does a summer weed. Save for that happy opportunity. If you're not in a War Savings Society—get in one. Be with the crowd. Save.

Have you bought your Thrift Stamp today?

Farmers Find Easy Method of Saving

Farmers who are making a habit of getting a few Thrift Stamps every time they market anything from their farms are finding that they are able to save regularly and that they do not miss the small amounts invested. The average farmer in this section of the country depends largely on his "money" crop, which he harvests once a year. Almost every one of them, however, grows something else which he markets at odd times.

An occasional load of hay may be taken into town and sold. The thrifty farmer also plants peas, beans, okra, lettuce, beets or some of the other vegetables which thrive in the Southwest and for which there is a ready market. Butter and eggs form staple articles to be marketed between seasons. By buying just a few Thrift Stamps each time the farm-wagon makes a haul to town, the farmer or his wife is providing a fund which they will be able to turn to good account later on, for when these Thrift Stamps are exchanged for War Savings Stamps, they increase in value automatically, and may always be turned into cash on ten days, written notice to the postmaster, although the longer they are kept the more they earn.

Have you bought your Thrift Stamps today?

Sold 'For Keeps'

It is a pleasure to sell Goodrich Silvertown Cord Tires. When one of our customers tries one Silvertown, it isn't long before he wants them "all around."

Satisfied customers keep us in business.

The Silvertowns we've sold around this town are piling up thousands of miles without a come-back. And Silvertowns cost little more than fabrics, which makes them a pretty good buy.

Every Silvertown we sell, stays sold.

You are sure a tire is RIGHT only when you know the manufacturer habitually means to make good tires and has the resources to do it.

That's what we know about Goodrich.

Make our store your store. Every motorist needs advice and help at times. Our knowledge and experience are your for the asking.

WORLD'S RECORD IS BROKEN BY TANLAC

Bottles Sold in Four Years Would Reach From New York to Denver.

Four years ago very few people had ever heard of Tanlac—today it unquestionably has the largest sale of any medicine in the world, and is as well known in Canada as in this country. In the brief period of only years time this now famous remedy has leaped from obscurity to the very pinnacle of success. Its fame in fact, has long since spread beyond the limits of the continent, and numerous enquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country the story of its success would be hard to believe.

Up to January first, the total sales of Tanlac amounted to approximately twelve million bottles. The demand however is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,306,186 in three months.

At this rate therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold every day of the year, or 2100 bottles for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in single file end to end. Thus laid they would make a track of Tanlac from New York through Chicago and on to Denver, Colorado; or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled end on end they would tower 135 times as high as Pikes Peak, or rise 13,333 times higher than the Woolworth Building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale instead of being measured by the gross as other preparations have been, is now reckoned by the carload, and even by the trainload. In proof of this it is a noteworthy fact that the leading druggist jobbers everywhere now buy Tanlac almost exclusively in carload lots. To supply the Pacific coast trade alone requires from forty to fifty car loads per year—jobbers of the Middle West are selling from seventy to eighty cars per year.

The well known drug firm of Hensig-Elia Drug Company of Memphis, Tennessee, has sold over forty car loads since the introduction of Tanlac in that state four years ago.

Within the past ninety days, ten car loads of Tanlac have gone to supply the demand of British Columbia, Saskatchewan, Alberta and Manitoba, Canada.

The Owl Drug Company of San Francisco, the largest retail druggists on the Pacific Coast, state they have sold more than 180,000 bottles at retail, which surpasses the remarkable record of the Jacobs Pharmacy Company of Atlanta, who have sold approximately 80,000 bottles at retail.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state pure food and health laws of both the United States and Canada; and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold by leading druggists everywhere.

VISITING AT SANTA ANNA

Joe Warren and family of Clarendon, Texas, and Gwin Henry and family, of Emporia, Kansas, were in Santa Anna this week.

Mr. Warren is a brother-in-law of L. L. Baker, of the Liberty community, and formerly lived in this county. He set the first type ever composed in Coleman county. This work was done for W. L. Gibbs, on the Star-Telegram, a paper founded at Coleman in 1878. The Star-Telegram did not last long as it was strong for prohibition and public sentiment was in favor of booze, cards and revolvers. Ben Pittman was sheriff at that time and the rough-necks led him a merry life.

Mr. Warren is here trying to get oil acreage for development.

Mr. Henry is a son-in-law of L. L. Baker. He is athletic director of a college at Emporia. He was formerly connected with one of the colleges at Brownwood and is well known to many people in this county.

The above article was reproduced from the Santa Anna News published in Coleman county, Texas, where Mr. Warren and family are now visiting.

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous Tonic

the kind that freshens and quickens the circulation, energizes the good corpuscles that fight the battles of life for the sick.

RICH-TONE, The Famous Tonic, is unlike any other known remedy. It works differently, it reaches in and through and down till it penetrates to the seat of the disease and springs at the very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effects cures that no other can.

Mr. Wimsatt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

This famous tonic is for sale at our drug store at only \$1.00 per bottle.

NOTICE OF ELECTION

THE STATE OF TEXAS,
COUNTY OF DONLEY:

Notice is hereby given that an election will be held on the 28th day of June, A. D. 1919, at Goldston school house in Common school district No. 8 of this county as established by order of the county board of Trustees of date May 17th, 1919, duly recorded in Volume 1, page 22, of the minutes of said Board of Trustees, to determine whether a majority of the legally qualified property tax paying voters of said school district desire to tax themselves of and at the rate of fifty (50) cents upon the \$100.00 of taxable property in said school district for the purpose of supplementing the State school fund apportioned to said school district, and to determine whether the Commissioners' court shall be authorized to levy, assess, and collect annually a tax of and at the rate of fifty (50) cents upon the \$100.00 of taxable property in said school district for said purpose.

All persons who are legally qualified voters of this state and county and who are resident property tax payers in said school district shall be entitled to vote at said election.

Said election was ordered by the County Judge of said county by order dated May 31st, 1919, and this notice is given in pursuance of said order.

Dated the 2nd day of June, A. D. 1919.

J. H. Rutherford, Sheriff,
of Donley County, Texas.

ESTRAY NOTICE

Taken up on the farm of the undersigned, living about six miles northwest from the town of Clarendon in the County of Donley, the following described animal known to be estray, viz:

One white face cow, no brands or marks. Appears to be about three years old. Was taken up by me on the 23rd day of June, 1918, from the right of way of the Denver Road; she broke into my farm.

If not legally proven by the owner thereof within Twenty Days from the date hereof I will proceed to Estray the same in accordance with law.

Clarendon, Texas, this 28th day of May, 1919.
J. D. Carpenter, Taker-Up.

CITATION BY PUBLICATION

THE STATE OF TEXAS:

To the Sheriff or any Constable of Donley County, Greeting:

You are hereby commanded to summon L. H. Carhart and John W. McKinnon, defendants, by making publication hereof in some newspaper published in Donley County, Texas, for four successive weeks previous to the return day hereof, to be and appear before the Hon. District Court of Donley County, Texas, at the Court House in Clarendon, Texas, on the 17th day of July, the same being the third Monday in July, 1919, then and there to answer the petition of the plaintiff, G. C. Ferguson, filed in said Court on the 30th day of May, 1919, wherein G. C. Ferguson is plaintiff, and L. H. Carhart and John W. McKinnon, both nonresidents of the State of Texas, being numbered No. 1034 on the Civil docket of said Court.

The nature of the plaintiff's demand is as follows:

Suit in trespass to try title to all of section No. 53 in block C-7 in Donley County, Texas, alleging that on the first day of January, 1919, plaintiff was the owner of same and in possession thereof; that on said date the defendants unlawfully entered on same and wrongfully ejected plaintiff therefrom, and unlawfully and wrongfully withholds possession thereof from plaintiff to his damages in the sum of \$1,000.00.

By way of explanation further alleging that the defendant Carhart, in 1884, was the fee simple owner of all of said section; that thereafter he conveyed 120 acres of said section to one Talbot; that he thereafter conveyed the remaining 520 acres of said section by deed defective in description to the Clarendon Land Investment and Agency Company Limited; that by a like deed, alike defective in immediate description the said lands were conveyed to the defendant McKinnon; that by a deed likewise defective the said 520 acres was by McKinnon conveyed to plaintiff;

And praying for title and possession of said section in whole and that the deed from Carhart to the said Company and the deed from the receiver thereof to McKinnon, and from McKinnon to plaintiff be so corrected as to describe said 520 acres of land and for costs and general relief.

Herein fail not, but have you this writ with your return hereon endorsed showing how you have executed the same before said court at the said return day hereof.

Given under my hand and seal of said court at office in Clarendon, Texas, this 30th day of May, 1919.

W. E. Bray, Clerk,
of the District Court of Donley Co.

NOTICE OF ELECTION

THE STATE OF TEXAS,
COUNTY OF DONLEY:

Notice is hereby given that an election will be held on the 28th day of June, A. D. 1919, at Jericho school house in Common school district No. 9 of this county as established by order of the County Board of Trustees of date May 17th, 1919, duly recorded in Volume 1, page 22 of the minutes of said Board of Trustees, to determine whether a majority of the legally qualified property tax paying voters of said school district desire to tax themselves of and at the rate of fifty (50) cents upon the \$100.00 of taxable property in said school district for the purpose of supplementing the State school fund apportioned to said school district, and to determine whether the Commissioners' court shall be authorized to levy, assess and collect annually a tax of and at the rate of fifty (50) cents upon the \$100.00 of taxable property in said school district for said purpose.

All persons who are legally qualified voters of this state and county and who are resident property tax payers in said school district shall be entitled to vote at said election.

Said election was ordered by the County Judge of said county by order dated May 31st, 1919, and this notice is given in pursuance of said order.

Dated this 2nd day of June, A. D. 1919.

J. H. Rutherford, Sheriff,
of Donley County, Texas.

AN ORDINANCE REGULATING THE RAISING OF CHICKENS, TURKEYS, DUCKS, OR GUINEAS WITHIN THE CITY OF CLARENDON AND PROHIBITING THE SAME FROM RUNNING AT LARGE.

BE IT ORDAINED by the City Council of the City of Clarendon:

SEC. 1. That it shall be unlawful for any person raising or keeping chickens, turkeys, guineas and ducks owned by such person, or under the control of such person, to willfully suffer or permit any such fowl to run at large upon the public streets, avenues or alleys of the City of Clarendon, or to willfully suffer or permit such chickens, turkeys or ducks to run at large or go upon the premises owned or in possession of, or under the control of any other person within the corporate limits of the City of Clarendon.

SEC. 2. That it shall be the duty of every person raising or keeping or harboring chickens, ducks, turkeys or guineas, whether owned by such person or under the control of such person, to keep the same in a suitable enclosure so constructed as to prevent any such fowl from running at large upon the public streets, avenues and alleys of the City of Clarendon, or on the premises of any person residing adjacent to the place or premises where any such fowls are being raised or kept.

SEC. 3. That it shall be the duty of every person raising or harboring chickens, ducks, turkeys or guineas, within the corporate limits of the City of Clarendon, to keep the enclosure hereinabove referred to in a sanitary condition so that the same

shall not at any time become foul or offensive to adjacent neighbors or to the public.

SEC. 4. That any person violating any of the provisions of this ordinance shall upon conviction for the first offense be fined in any amount not exceeding Five (\$5) Dollars, and for conviction for the second offense, such person may be fined in any sum not exceeding Ten (\$10) Dollars, and upon conviction for the third offense subsequent thereto, such person may be fined in any sum not exceeding Fifty (\$50.00) Dollars.

SEC. 5. That by the term "person" as used herein, the same shall include the agent, servant or employee of any corporation, and it shall also include any firm or association of persons. That this ordinance shall be cumulative of all other ordinances, and shall not repeal same unless in direct conflict with this ordinance.

SEC. 6. That this ordinance shall be in full force and effect from and after its passage and publication as provided by law.

Passed by the City Council this, the 30th day of May, 1919.

Approved this 30th day of May, 1919.

O. C. Watson, Mayor.

A. W. McLean, City Sec'y.

Mrs. Alma D. Wade returned from a visit to her home state, Mississippi, last Sunday.

The country south of Brice was visited by a severe rain and hail storm the 9th.

On May 29 Zack L. Salmon of Brice and Miss Lessie Churchman of Clarendon were joined in wedlock. They will reside on the Salmon farm at Brice.

Mr. Clarence Valentine, a recently discharged soldier of New Mexico, came and claimed one of Brice's fairest girls, Miss Myrtle Robertson, as his bride. They will make their home in New Mexico.

It is with sadness I note the death of one of Brice's own boys who had been over there and faithfully done his duty. Just a few days lay between him and home when he was washed overboard the troop-ship and lost. This was Joseph C. or Carl Strong, whom we all knew and loved. "Of the many sad things, this seems saddest," a quotation from a letter of one of the boys since they reached the States.

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS,
To the Sheriff or any Constable of Donley County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously or regularly published for a period of not less than one year preceding the date of the notice in the County of Donley State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof.

THE STATE OF TEXAS,

To all persons interested in the estate of S. C. Davis, deceased. William E. Davis has filed in the County Court of Donley County, an application for probate of the last will and testament of said S. C. Davis, deceased, which will be heard at the next term of said court commencing the First Monday in July, A. D. 1919, at the court house thereof in the city of Clarendon, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

And further notice is hereby given that at the expiration of five days from service hereof said applicant, William E. Davis, will apply to the Clerk of the County Court in and for Donley County for a commission to take the depositions of C. H. Spears, Edna Brashears and Robert McKinney who reside at Eureka Springs, Carroll county, Arkansas, to interrogatories to be propounded to them to prove the execution and attestation of the last will and testament of said S. C. Davis, deceased.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and seal of said Court, this the 10th day of June A. D. 1919.

IN MEMORY OF MRS. ABBIE IDEL CLARK

The M. E. Sunday School of Lelia Lake wishes to offer their sincere love and sympathy to the Clark and Cook families of our community in their deep sorrow over the death of their beloved wife and daughter, Mrs. Idel Clark.

We know we have lost a friend and co-laborer that we could ill afford to lose. Idel and Artie have grown up among us and have always been identified with us. They began their married life and consequent "nest building" here. Always they have stood for righteousness and the best things in our community life. Idel had a great deal of pride in the making of a cozy, comfortable home

and proved herself a wise loving wife and mother therein.

While her religious life was always bright and shining, in her death it was doubly so. For some time she had known that her life might end suddenly from her severe heart trouble. So, when her last day came and she had only a few hours left, she called each loved one to her bed and gave each a loving farewell message leaving with them a never to be forgotten impression of Christian resignation.

Such a death in our midst reminds us of the uncertainty of life and the blessedness of a faith that helps us to meet our last appointment in a like spirit.

M. E. Sunday School,
Lelia Lake, Texas.

WITH APOLOGIES TO ELLA WHEELER WILCOX

It is easy enough to be happy
When your car "purs" along like a song,
But there's no joy at all
In a car that will "stall"
When the battery goes all wrong.
For there's nothing so tests the temper
If there's no way way to make the thing spark,
And one thinks of the smile,
That mile after mile,
Made not ring a care-free lark.
For "magneto-ignition" is certain
It ne'er causes worry or plight,
And it's better to know
When a-touring you go
That you want be hung up all night.
G. W. Morrison.

COAL FAMINE THIS WINTER

Unless people store their winter coal during the early summer months this country will experience the worst coal famine in its history. The mines have not produced 50 percent of the coal they did up to this period of last year and it will be impossible to supply everyone if we all wait until late summer to put in our coal.

That's Straight Talk—But It's True.
