TENNESSEE GRANTS WOMAN SUFFRAGE—RESOLUTION CARRIED BY A MAJORITY OF TWO WEDNESDAY, 18

FIRST TEST OF STRENGTH RESULTS IN TIE VOTE, 48 TO 48; ACTION OF HOUSE FOLLOWS PASSAGE OF MEASURE IN SENATE, CLOSING LONG AND BITTER STRUGGLE FOR EQUAL SUFFRAGE IN NATION

Nashville, Tenn., Aug. 19.—Woman suffrage became a part of the basic law of the United States when the Tennessee Legislature ratified the Susan B. Anthony constitutional amendment.

The Tennessee House passed the ratification resolution which had already been adopted by the Senate. Tennessee was the thirty-sixth state to ratify, thus completing the ratification and putting the amendment into the constitution bringing to a victorious conclusion the long struggle for equal suffrage in the United States.

This vote was taken on a motion to table the resolution ratifying the amendment. The motion was made by Speaker Walker, leader of the anti-suffrage forces. After two roll calls on Walker's motion without result, the House dropped the motion and started to vote on the ratification.

The vote was accompanied by wild shouts in the House. The galleries and aisles were packed. The suffragists, wearing their yellow badges, started a great demonstration.

Immediately after the vote was announced, Speaker Walker, who voted against ratification, changed his vote to favor ratification. This was done in order to give him the right to move a re-consideration of the resolution. The re-consideration motion must be made within two days.

Walker's change of vote made the total 50 to 46. Suffrage workers were confident that Walker's move would not result in any change in the final action if a re-consideration was called for.

Women now will be able to vote in the November elections on equality with men unless the amendment is blocked in the courts or a reconsideration changes the result. The vote in the house came with dramatic suddenness after an ineffective attempt to table the resolution of ratification had been made. Speaker Walker moved to table. The vote on this was 48 to 48 and the house went into an uproar because the decision was in doubt. A second roll call also tied.

Then the speaker announced the vote would be taken on the original resolution providing for ratification when order had been restored. The clerk began to call the roll slowly and the onlookers held their breath.

The vote was announced as forty-nine for suffrage, forty seven against. Speaker Walker was immediately on his feet and the house was in confusion.

Then Walker said: "I change my vote." This made the result 50 in favor of suffrage and 46 against. Walker is an anti-ratificationist.

For a minute after final vote was called it looked as if it was a tie. It would have been, but Representative Harty Burns immediately he changed his vote from no to yes. This gave victory for the resolution ratification. Burns is the youngest Representative in the House.

After the vote the House adjourned on motion by Representative Radick. A legal attack will be made on suffrage, according to the officers of the Tennessee Constitutional League which is composed of lawyers. The argument will be made that the State Constitution forbade action by this session of the Legislature.

Suffragists estimated there are 27 million women voters in the country. Seven million of those already have presidential suffrage through their section by state action.

DATES OF DONLEY COUNTY FAIR WILL BE SEPT. 17-18

By agreement of the Donley County Fair executive committee, the fair this fall announced for Sept. 9, 10, 11 will be held on the 17th and 18th, or a week later than previously announced. The Program will be as big as can be put on and will be better as there will be only two rather than three days. The exhibits will be better as the crops will be matured better and on the other hand so long a wait until the Dallas Fair will not take place.

The Chamber of Commerce will assist the farmer in any way that it can in taking care of the exhibit after it is brought to the city and everyone is urged to join in collecting the best exhibit that Donley has ever known. A part of the exhibits that will be sent to the other fairs over the United States have been gathered and they are the finest that have ever been grown in the county according to the statements of those in position to know.

The Chamber of Commerce will add what features it can in the way of band music and general entertainment. A number of the most successful live stock breeders have promised to have some of their best stock here, some of them barely able to reach this place in time for the fair from Springfield, Illinois. No admission will be charged. Everything points to the most successful agricultural fair that Donley has ever known.

GOLDSTON ITEMS

Crops are looking good since the fine rains.

A number of the boys are working on the road south of the river. Mr. Owen and family will move this week to Whitedeer. We regret to lose these good people from our community.

Mrs. Elmore returned from Canada last week where she had been visiting friends.

Mr. and Mrs. Fleming of Groom attended church here last Sunday and visited at the Hudson home. Mr. and Mrs. John Goldston attended church here last Sunday.

The revival meeting which has been going on all last week conducted by Rev. Ferguson and Reavis came to a close Sunday afternoon resulting in some 25 conversions.

Mr. and Mrs. Hodges and children of Martin attended church here last Sunday.

Mr. and Mrs. Mitchell were visitors at Hedley last Sunday. The young people enjoyed a party at the Owen home Monday night.

Mr. Hansard and family who live south of town attended church here last Sunday.

Neely Hudson went to Kansas City last week with a load of cattle. Reporter.

THE PRESBYTERIAN CHURCH

I saw a sign the other day; it read: "We need concern of man is neither wealth, appetite, nor popularity. It is religion. Seek ye the Lord while He may be found. Call ye upon Him while He is near." And wondered what you thought about the matter of going to church every week.

M. T. HOWARD INJURED SERIOUSLY WHEN HIS CAR FALLS INTO CREEK

M. T. (Doc) Howard was thrown from his car and seriously injured Monday morning at two o'clock while returning to his ranch twenty-five miles southwest of Clarendon. He was immediately brought to the Adair Hospital in this city and received medical attention. His forehead has an ugly gash and his left arm, it is feared can not be used again as the muscles were in part torn loose from the shoulder.

Mr. Howard had just driven out of Battle Creek near his home, when to avoid a high center he drove the car out of the road; but he was closer to the bank of the creek than he realized and the car ran off the bank and fell several feet to the bed of the creek miraculously throwing him clear. He walked back to the road a mile to the home of Harry Pierce and aid was summoned and Mr. Howard was rushed to the city.

Mr. Howard has been resting very well for the seriousness of the hurt and the doctor thinks that no complications will set up.

METHODIST AND BAPTIST CONGREGATIONS ERECT A LARGE TABERNACLE

A joint meeting of the Methodist and Baptist congregations of this city was held on the court house lawn Sunday afternoon at three o'clock at which meeting it was decided to erect a tabernacle for the revival meetings of the two churches. A committee was appointed for each church to transact all business connected with securing the lumber and transporting materials to the grounds.

The tabernacle is erected on the vacant lots just east of the ward school building and is a well braced structure some hundred feet square with wooden roof. Commencing tonight the remainder of the Baptist revival will be held in the tabernacle while the Methodist revival will be conducted at the same place.

CHILDRESS FAIR PROGRAM WILL DRAW BIG CROWD

The sixth annual fair will be held at Childress, Texas, on September 15, 16, 17 and 18. The management has put forth extra effort to secure more and valued entertainment and a better exhibit than before. More prizes are being offered. The value is worth while to those who have material for exhibit.

The principal features of the amusement program includes the usual carnival, broncho riding, raffles and many kinds of ball games. The managers are making preparations to take care of the large crowd expected that no one may go away without saying a good word for that hustling town.

BAPTIST REVIVAL

Rev. J. A. Smith, pastor of the First Baptist Church in this city, with the aid of his congregation held a series of revival meetings last Sunday morning. He is being assisted in the meeting by Mr. John W. Davis, singing evangelist, of Center. The meetings are being attended by large congregations and much interest is being manifested here. Several conversions and reclamations have been the result thus far. Commencing tonight the services will be held in the tabernacle.

Manager T. L. Benedict, of the local telephone exchange, returned Tuesday evening to his home in this city from Chicago, Toledo and New York where he visited with friends and old schoolmates. He visited the large factory of Southwestern Telephone Company in Chicago and made arrangements for a new board for Clarendon.

THE FINANCIAL DEPARTMENT IS NOW COMPLETED

SECRETARY MEFFERD ANNOUNCES THAT ANOTHER DEPARTMENT OF THE CHAMBER OF COMMERCE IS READY TO GO TO WORK

We are able to announce the new organization of the Clarendon Chamber of Commerce a department at a time. There will appear from time to time in these columns reports of completed departments until all of the departments have been completely filled out and then the entire organization will be given at one time.

The Departments of the Chamber of Commerce will be: Welfare Department, Harry H. Sitter, director; Agricultural and Live Stock Department, O. C. Watson, director; Financial Department, Odos Caraway, director; Highway and Civic Improvement Department, C. W. Taylor, director; Fair Department, Geo. A. Ryan, director; Publicity Department, Sam M. Braswell, director; Extension Department, A. L. Chase, director; Home Demonstration Department, Mrs. Ida Chitwood, director.

We gave the organization of the Publicity Department and the Fair Department in last week's issue and heretofore have given the organization of the Financial Department. The other departments will be announced as soon as they are finished.

Financial Department

Odos Caraway, Director. Executive committee: J. D. Swift, chairman; Roy B. Mefferd, secretary; Holman Kennedy, Walter Taylor, J. A. Warren. Advisory committee: T. E. Allen, chairman; Dr. B. Younger, Bob Strickland.

The West Texas Chamber of Commerce has issued the following warning to all towns in West Texas against the prevalence of stock selling grafters and sharks, against whom it has started a vigorous warfare.

"Mr. Farmer and Mr. Merchant, your increasing prosperity has attracted the First Christian church, sister designs to come to you offering specious propositions for erecting large manufactories and kindred enterprises. He wants you to subscribe to his scheme, purchasing stock. In cases the grafters secure from 40 to 50 percent of all moneys paid in and get away with the remainder. They come with elaborately designed letter heads, catchy in appearance, smart in make-up and sometimes weighted down with bogus names of directors and sometimes with names familiar to you. Every proposition offered you, should be carefully investigated and the credentials of these men should be verified by proper measures. In case of doubt let the West Texas Chamber of Commerce handle the situation. It is open for service, free to its member towns.

"Already the organization has frustrated schemes of this kind, saving communities thousands of dollars. It is willing to help your town."

The Clarendon Chamber of Commerce is in full accord with the above statements and you are asked to pass it on to your neighbor. Pass it on Brother.

Second Monday of September

The Chamber of Commerce has arranged with Mr. Will Lott to use his Horse and Mule Barn and lots during the Fair. All of the Poultry and Hogs will be shown in this barn and in these lots. No one will be charged anything for the space that he will need. It will be free for everybody. The only thing that will be expected of the one who is shown here will be shown in this barn and in these lots. No one will be charged anything for the space that he will need. It will be free for everybody. The only thing that will be expected of the one who is shown here will be shown in this barn and in these lots.

A meeting of the Donley County Democratic executive committee was held in the office of A. M. Beville Tuesday afternoon for the purpose of drawing the names for position on the ballots to be used in the preferential primary the 28th.

The names were placed on slips of paper of exactly the same proportions placed in a hat and drawn by Tom Connally and M. M. Noble in turn. Bailey won first place in the gubernatorial race; Lynch Davidson won first position for Lieutenant Governor and Pierson first in associate judge's position. The ballots were printed Wednesday and turned over to county clerk Wm. E. Bray so that anyone desiring to be absent on the primary date might vote before leaving the county.

SIMPSON TO SPEAK HERE FOR BAILEY SATURDAY

Hon. E. A. Simpson, of Amarillo, formerly of Clarendon will speak here Saturday afternoon in the interest of Bailey's candidacy for governor. Mr. Simpson needs no introduction to the people of Clarendon as during his stay here he formed a large acquaintance and his ability as a speaker is well known. He will speak on the court house lawn at 2:30.

MUCH BUSINESS ATTENDED TO AT TUESDAY LUNCHEON

Tuesday's luncheon was one of the biggest affairs in so far as attending important business that the Chamber of Commerce has yet enjoyed. A committee was appointed to overlook the road situation; the secretary was empowered to secure the services of a certified cotton classifier; it was agreed to send a man to the Colorado-to-Gulf Highway meet at Trinidad next Monday and Tuesday; and the water situation was discussed and action taken toward securing better service.

A committee of the Ladies of the Christian Church served and extra fine dinner consisting of fried chicken, creamed potatoes, sliced tomatoes, potato salad, ice tea, fruit cocktail and cake.

A committee was selected to overlook the road situation in Clarendon's trade territory in the Brice Valley. Recommendations will be made to the Chamber of Commerce by those overlooking the situation and action will be taken to repair the roads.

Clarendon, especially with the large cotton crop that will be marketed here this fall needs the services of a certified cotton classifier and steps toward securing the same will be taken up with the state department. The Chamber of Commerce will guarantee the salary of the man doing the work and the farmer can cooperate by paying a small fee for each bale graded. In this way the farmer can feel sure that his cotton is graded properly and he can watch the market quotations for prices.

The possibility of drilling more wells and placing a large tank on some eminence in or near the city was discussed together with the plan of placing a dam across a creek fed by spring water near Clarendon as the water thus brought together would be more than 250 feet above the level of Clarendon and ample pressure and supply for any emergency would be provided.

The meeting of the Colorado-to-Gulf Highway Association at Trinidad next Monday and Tuesday is especially interested in the construction of durable highways and many features of road construction are discussed by experts who have made a life study of roads. Some members of the Chamber of Commerce will attend this meeting and report to the home people any facts that may be of interest in forwarding the movement for better roads. Every feeling of enthusiasm at Trinidad next Monday and Tuesday was on the big highway to citydom.

CHRISTIAN REVIVAL

The revival meeting now being conducted at the First Christian church is succeeding beyond the most sanguine expectations. The attendance has been unusually good, and the interest all one could desire. The power of God has been felt in many ways. There has been 29 additions to the church in the first ten days of the meeting, and many more have said they were thinking very seriously of accepting Jesus Christ as their Saviour, King and Guide. Bro. Strong is preaching marvelously plain, simple, loving, convincing sermons. Sister Wofford's solos lift one into the very presence of our blessed Lord and the singing of the choir is inspiring, helpful, spiritual and is no small aid in the success of the revival. The excellent cooperation of the membership, official board, pastor and evangelists demonstrate very clearly the power and possibilities of united action.

The meeting will continue over two more Sundays, thus carrying on thru the month of August. We invite the earnest, prayerful, christian co-operation of every christian in Clarendon and vicinity to help with the unsaved for the Man of Galilee. To this end then let us "sacrifice" our bodies as a living sacrifice, and let us pray without ceasing. Attend every service, do like Andrew of old, and go find our brother and bring him to Christ. Earnestly and prayerfully praying the richest and choicest blessing, Christian effort in this city to extend the Kingdom of our Lord and Christ, and to gather into the Kingdom precious souls. We again extend to one and all the invitation to "Come over and help us."

BAILEY WINS FIRST PLACE WHEN COMMITTEE DRAWS

A meeting of the Donley County Democratic executive committee was held in the office of A. M. Beville Tuesday afternoon for the purpose of drawing the names for position on the ballots to be used in the preferential primary the 28th.

The names were placed on slips of paper of exactly the same proportions placed in a hat and drawn by Tom Connally and M. M. Noble in turn. Bailey won first place in the gubernatorial race; Lynch Davidson won first position for Lieutenant Governor and Pierson first in associate judge's position. The ballots were printed Wednesday and turned over to county clerk Wm. E. Bray so that anyone desiring to be absent on the primary date might vote before leaving the county.

Several from this community attended church services at Hudgins school house Sunday night.

ENTHUSIASTIC CROWD ATTEND NEFF SPEAKING

A large gathering attended the speaking by A. S. Stinnett and Judge Works, of Amarillo, last Saturday afternoon on the court house lawn in this city. Each of the speakers tried no oratorical effects but took their bearings, they said, from the records of the two men. Several local supporters of Mr. Bailey were present. Following the speaking, opportunity was given to those who cared voluntarily to sign an endorsement of Mr. Neff, and large numbers signed the various lists, the women taking an especial interest in the signing. Hon. Cullen F. Thomas was to have spoken but he was taken sick and was unable to fill the appointment. The speakers were introduced by R. H. Beville.

Mr. Stinnett said that he cared to do nothing but relate the record of Mr. Bailey as he had been acquainted with the senator since young manhood. He related Mr. Bailey's stout opposition to passing the Panama Canal, then Mr. Bailey's opposition to divorcing the railroads from the steamship companies when the roads sought to keep the lines in the effort to keep freight rates high as possible. He then related the facts of Mr. Bailey's dealings with the Waters-Pierce Oil Company when that company was the worst threat that Texas had to fight. In the next place, Mr. Stinnett said that, when the national government was making its hardest fight on the greatest of all trusts—The Standard Oil Company—Mr. Bailey was a counselor to that trust and papers were found showing that Mr. Bailey had received near a million dollars in fees.

Mr. Stinnett then related the incident of Mr. Bailey's defense of Lorrimer, the Republican senator from Illinois who had bought his seat in the senate. Mr. Stinnett then denounced Mr. Bailey for the latter's stand against the Pure Food and Drug act, closing the speech by touching on Mr. Bailey's war record.

Judge Works commenced his speech by a humorous reference to what he called "the main supporters of Bailey were dug up," characterizing Alvin Frazier, who was Thompson's manager in the first primary as an "anti-prohibitionist whose record is known any where near Hillsboro."

Mr. Works then took up a criticism of Mr. Bailey's Plainview speech, saying that it was a strange thing that Mr. Bailey said that he was a poor man when investigations afterwards showed that he had received near four hundred dollars for his opposition to the Panama Canal project.

"What is a Democrat?" asked Mr. Works; "What is a Methodist? What is a Baptist? What is a Mason? One who upholds the tenets of his organization—not one who says that he opposes all the principles for which that organization stands and then declares himself one of that organization."

"How many of you, if you had the chance, would like for you and your wives and your children to sit at the feet of Joe Bailey to learn the lessons of Democracy?" asked the speaker with the effect that when no hand was upraised the gathering gave him applause.

Mr. Works then referred to the promises of Mr. Bailey that he would reduce the taxes. "Where Mr. Bailey will commence he has not told us," said Mr. Works. "Did you ever hear of taxes being reduced?" To that question an aged citizen shouted "I am seventy-seven years old, and I never have heard of that." "No sir," replied Mr. Works, "when Joe has the chance of doing that, he did not and why does he talk that way now when he does not have the chance?"

Mr. Works then referred to the endorsement given by the Democratic party to the League of Nations and declared that Mr. Bailey was not in harmony with the party in his bitter opposition to the league idea.

Mr. Works as well as Mr. Stinnett defended Mr. Neff's land plank, saying that it was the same plank that was advocated by Gov. James Hogg, Alexander W. Terrell and other illustrious Texans. Mr. Works reminded the people that Mr. Neff received three-fourths of the votes at Moody, the home of Mrs. Patterson declaring that if the circulars that were being circulated about Mr. Neff were true, then the people there would not have given Mr. Neff that handsome majority. Mr. Works then challenged the opponents of Mr. Neff to prove that Mr. Neff had the dirty record that they were talking about.

The speakers were met at Good-night by a committee composed in part of M. M. Noble, A. M. Beville, R. H. Beville, N. N. Martin, J. L. Goldson, Charles Dean, J. A. Warren, J. B. Baird, Joe Horn, Bela Martin, Mr. Neely.

MISS LULU BELL, A HOME MISSIONARY AT FORT WORTH, HAS BEEN VISITING HER BROTHER, MR. WILLIE BELL, OF THIS COMMUNITY THE PAST WEEK.

Emil Lehman returned Saturday night from South Texas where he has been visiting his sister. Mr. Huffstutler, Alfred Huffstutler and Oren Hott left last Thursday for New Mexico where they are prospecting.

Several from this community attended church services at Hudgins school house Sunday night.

Anna Myra and Frank Reid have been visiting in the home of their uncle near Ashtola. Mr. Charlie Harp of this community, and Miss Olive DeJarnett near Clarendon, were married Saturday. Mrs. Earl Smith and daughter are visiting at Wichita Falls. R. E. Strickland of the Strickland-Story firm, returned Wednesday from eastern markets where he spent the past several days securing a fall and winter stock of merchandise.

INTERESTING DEPARTMENT ADDED TO THE NEWS

SECTION WILL BE CONDUCTED BY SECRETARY-MANAGER ROY B. MEFFERD AS A PEOPLES'

In our efforts to keep up with the times and use every available opportunity that may come to Donley County, arrangements have been perfected whereby the News has secured the co-operation of the secretary of the Chamber of Commerce in conducting this section of the paper and according to this arrangement the department will be under his personal supervision.

The Department will be known as "What Does Donley County Need Most?" Each and every citizen of Donley County is invited to write to Secretary Mefferd and discuss anything that will be of interest to Donley County. It is understood that any letter received along this line may be published, in fact, that is the reason for establishing this department so that each man can give his views on what Donley County needs most and if in our opinion the letter is of enough value to the people of the county it will be published in full.

Come on now and send Mr. Mefferd a letter telling him what you think Donley County needs most. Let's get this thing going so that we can help the Chamber of Commerce to work on the things that the people think are the most important and not be wasting time on things that the people are not interested in. Understand that any letter you send in may be printed and that it may not be printed. Let's have several letters so that we can print them this next week.

Come on fellows, What do we need most? Speak up!

HOME SHORTAGE MENACE AGAIN LOOMS IN SIGHT

The usual home shortage in Clarendon is again being felt as school time draws near. A number of people from other sections of the Panhandle and even from other parts of the state this week seeking a home of any degree of comfort. Some of these people who have been renting here each year with the hope that prices of building material would decrease, now face the fact that the rent has doubled and material selling at a much higher rate.

Men of small means and the man working on a salary simply cannot build under present conditions. In view of this fact, it is plainly the duty of the leading citizens of the town and those who are interested in the growth of the town, to see that these buildings are constructed that more people may have a chance to live here. Even at the present rate of building material, the rate of rent they are willing to pay admits of a sound investment in building houses for rental purposes.

Many new houses are being built right along to be bought before completion, or else rented on a paid in advance plan for a long period. That the housing problem is retarding the growth an upbush of this town is plainly apparent to any one who takes to take a glance at the situation.

Many of the merchants of this town live in rented homes. A large number of the working class of our best citizenship likewise live in rented homes. All are paying a high rate for the privilege.

With the addition of the two new lumber yards, perhaps the four yards now credited to our town will find some way out of the difficulty by selling material at a more reasonable rate but there is no getting around the fact that the town itself must take a leading part in putting into force an effective remedy to relieve the City Beautiful of a most serious handicap.

WINSLOW-CLARK

Miss Ruth Clark and Mr. W. V. Winslow of this city were united in marriage Sunday morning at nine o'clock by Rev. C. N. N. Ferguson at the Methodist parsonage. The ceremony was witnessed only by relatives and intimate friends, following which ceremony the couple left for Lexington, Tennessee. Mr. Winslow's former home was in the city.

The bride is the daughter of Mr. and Mrs. John Clark, of this city and is one of the popular misses of the young set. She has grown to young womanhood in and has had her schooling in the schools of this city. Mr. Winslow is to be congratulated upon his choice. The groom came here about a year ago following six years of naval service, having been an engineer on an ocean liner. He is an industrious young man and has made good in his profession of mechanical engineering. Many are the friends that he has made during his residence in Clarendon. After a visit in Tennessee, they will be at home in this city. Friends join with the News in offering congratulations and best wishes.

VIRGINIA-TEX PEOPLE GET OIL SHOWING

Reports emanating from a reliable source state that oil has been found in the Virginia-Tex well near Memphis at a depth of 2,040 feet. Considerable gas was encountered when the sand was penetrated. No information is obtainable as to the amount though samples have been brought to Memphis this week and set off for chemical tests.

This showing has lent encouragement to other wild cat prospects in the Panhandle, many of which are drilling in a most promising formation.

Hoffman's Candies

—We have recently received a fresh stock of the famous Hoffman's Candies. They are as good as can be bought. And with the candies recently received from the California Chocolate Shop, they easily give us absolute supremacy in the candy line.

—For the smoker we have assembled the choicest collection of cigars and cigarettes on the market today. We can satisfy you, if anyone can.

OKLAHOMA'S BIG PLAN FOR MARKETING COTTON CROP

Probably the greatest story of co-operation I have saved for the last. This is the Oklahoma co-operative cotton marketing program.

When Aaron Sapiro came South in April to the Montgomery Cotton Association meeting with his vivid story of successful "commodity marketing" in California, he started something. And no man can say what the end will be. The peanut farmers of Virginia and North Carolina got him to come to Suffolk and tell his story, and they are already at work signing up contracts for large scale marketing on the California plan. And in Oklahoma the cotton farmers, with Sapiro's help, have worked out a cotton marketing plan which is the most promising and practicable big plan of cotton marketing yet worked out in any Southern state.

Carl Williams gave me the details. 1. The plan is to get 30,000 Oklahoma cotton farmers to agree to market their cotton for seven years through their own co-operative sell-

ing agency. 2. In order to safeguard them it is guaranteed that selling costs shall in no case exceed 4 per cent as a maximum, and the farmer will be rebated for any payment in excess of actual selling costs.

3. Each farmer pays a membership fee of \$10 to be used in promoting organization work.

4. While the organization hopes to control 300,000 bales, it may begin business if farmers raising 200,000 bales sign up for the service.

5. The farmers will own and control the organization. Only growers of cotton can be members and growers in each of the ten districts will elect an executive committee. The eleventh member will be named by the president of the State Board of Agriculture.

This is indeed a big and promising plan. The theory is that each farmer ought to be willing to say, "I would rather trust the selling judgment of the biggest and brainiest organization we can hire than to trust my own judgment. I know, too, that the plan will insure wise warehousing and fairness in grading and classing which I, as an individual, cannot enforce for myself. I know too that by reason of the advantages of wise grading and selling in quantities, prices will be increased for me to a much greater extent than will be represented by my membership costs."

Tremendously promising, in my opinion, is this Oklahoma cotton marketing plan. Every state in the South should get ready to follow Oklahoma's lead in this matter. The Progressive Farmer will keep our readers informed as to its progress.—The Progressive Farmer.

THIS IS TODAY!

(Clay Center, Neb., Clay Co. Sun) It is to laugh! The printer goes into the cigar store lays down 15c for a 5-cent cigar and smiles; he goes to the boot shop and gives up five-cent simoleons for a pair of five-buck kicks and rejoices with the storeman over his prosperity; to the druggist he hands a dollar for a bottle of physic that he formerly bought for 35c and makes good by adding 50 cents to the outlay as payment for 25 cents' worth of chocolates to make the physic a necessity; he pays the grocer and the butcher two prices and

registers approbation; he gives the banker 8 per cent for 4 per cent money and recognizes that in unnatural times one must expect unnatural charges; he pays the garageman, the picture show man, the drayman, and the railroad their increased rates without a kick, but when any of these intelligent and progressive business men desire a handful of letterheads they are shocked at the continual upward trend in the prices of printing. We might offer these gentlemen a number of valid reasons for higher printing costs in addition to the ones that they already know to be legitimate, but do not think it necessary to go into our business details to them any more than we expect them to do this for us. However, we will say to them that the day when the country printer owed everyone in the community and was dependent upon their charity for his support—the day when he walked in fear of his banker and approached his grocer in confusion—is with all offices of any consequence a thing of the past. To be a successful newspaper man requires nearly as much talent as it takes to successfully manage a soda fountain and should be worthy of as much remuneration as is expected by the proprietor of any establishment. In addition to this a successful newspaper man must have sufficient literary ability to correct the copy of men who wish commercial printing so as to make it intelligent in its construction. He must work more hours than any other man in business in the village and he must pay his employees higher wages than any other commercial enterprise in the place and these are but few of the reasons why it costs more to have printing done in these days of advanced costs of everything than it did when shoes were selling for \$3.50 wheat for 60c and "Horseshoe" at 45 cents per pound. The fact that we dare write and publish these truths is proof positive that in some cases at least, fear and trembling have been superseded by that knowledge of actual value which makes for commercial independence. It is to laugh!

THE COUNTRY EDITOR— "HE IS A GREAT CITIZEN"

There are seven hundred weekly newspapers in Texas. There are country editors who wield facile as well as fascinating pens. There are men at the lead of some of these weeklies who are among the most brilliant writers of the Southwest. They are among the chief developers of Texas. They are ever fighting for the advancement of their people. They are ever battling for town and country. They are close to their readers. They understand the convictions of their readers. They know the needs of their readers. These publishers of country weeklies are valuable citizens. They may not accumulate great wealth. They may not fill niches in the halls of fame when they pass on. They are neither autocrats nor egotists. A country best to fulfill that mission. His influence is powerful. He exerts it in the right way. He stands for righteous laws which are based on justice and just laws which are based on righteousness. The Ohio State Journal is a very progressive as well as influential daily newspaper. This tribute to a certain class of weeklies is worthy of reproduction in the columns of any newspaper: The Hartford Times announces the discontinuance of its weekly edition. This may not mean much in Ohio but in New England it means a great deal. The Weekly Times began life on Jan. 1, 1817 and ended it on July 29, 1920, and in the course of its long career exerted a great influence upon the thought of rural Connecticut and adjoining states, for it always was edited well and sometimes powerfully. It quits because by reason of the progress made in transportation conditions, nearly everybody can get a daily paper now and demands it and the weekly no longer can make ends meet. Most of the great daily papers used to have weekly editions, some of them more widely circulated and far more influential than the dailies, but nearly all the weeklies have passed out of existence now for the same reason that has caused the demise of the Hartford Weekly Times. The weekly was good but the daily is better and is now almost universally obtainable, if it is a morning paper, on the day of publication. There is one class of weeklies, however, which never will die as long as men and women live together in small communities and in well settled countryside. It is what we call the country weekly. A well conducted country weekly, and hundreds of them are wonderfully well conducted, does not attempt at all to compete with the city daily. It ignores in its news columns the news of the world, which it knows its readers will get from other sources more fully than it could give it to them, and gives them the community and neighborhood news. Its field is limited, but as long as human beings remain interested in their own doings and those of their friends and neighbors, the field will be there, insistently demanding to be filled. When a so-called country editor has the ability to gather all this news and to present it attractively and combines with this an honest mind and a clean and kind heart, for use in his editorial column, he does for the souls of his readers what the country doctor does for the bodies of his patients. He is a great citizen.

NORTH CAROLINA HAS THE ONLY CONFEDERATE VETERAN NOW IN CONGRESS

Congressman Fritz G. Lanham, who is now in Fort Worth, brings from Washington an impression that will interest the entire Southland. There remains in Congress only one survivor of the Confederate Army. Since the death of Senator Bankhead, Chas. Manly Stedman, Democrat, of North Carolina, is the only Confederate Veteran in Congress.

"There are seven union soldiers but Stedman is the only Confederate," Lanham said. "Chas. Manly Stedman—his middle name characterizes the man exactly. He looks very much like General Lee. And if there must be only one in Congress there could not be a better one."

Stedman is a cousin of Judge N. A. Stedman, prominent lawyer of Austin, He is from Greensboro, N. C., and is representative of the Fifth district. During the Civil War Stedman served with General Lee's Army the entire four years. He was three times wounded, and surrendered at Appomattox.

Not long ago a Northern representative assailed the Confederacy," Lanham related. "On the following day the courtly Southern gentleman replied in his magnificent way, in the neatest, sweetest phrases. The Southern soldier is held in great veneration by all the Representatives. Just now he is fostering a plan of the Robert E. Lee Chapter of the United Daughters of the Confederacy to build a monument in Washington to General Lee. It does get rather lonesome for the Southerner up there without a single monument to the South," Lanham said. Congressman Stedman and Congressman Lanham are both on the board of directors for the erection of the monument.

OPTIMISM GOOD MEDICINE

We do not pretend to know anything about Christian Science, not even enough to judge whether it is either Christian or science, but we do believe in the power of the mind over matter, and in this respect favor the belief that optimism is good for the general health and pessimism proportionately bad. There is always something the matter with a pessimist. He is either mentally or physically sick, and being so, he easily accumulates a perpetual frown. He may not be an invalid, but upon his feet and moving about, still he is seldom free from ailments and complaints. His pessimism is not so much because of his ailments as his ailments are because of his pessimism.

Pessimism is as destructive a force in one's health as it is in one's purpose and performance. The average pessimist seeks the shadows and willfully deprives himself of the life-giving sunshine. The sun, the flowers, the trees and the green foliage of the glad earth smile at him in vain. The trill of the birds, the murmurous whisper of the brooks, the organing of the wind as it comes savagely through the forest, kissing the silence into song, are all dead to the dulled ears and jaundiced eyes of the pessimist.—Swiped.

CALLAN'S ESSAY ON MAN

Man is the queerest of all the animals. He is born barefooted and lies bareheaded. The more you know about him the less you understand why the Creator did not make him horse first and then quit. An average he thing will shave a scabbard through the forest, kissing the silence into song, are all dead to the dulled ears and jaundiced eyes of the pessimist.—Swiped.

Man is of many ways and full of prunes, when he can't find any moonshine liquor. It takes him a year or so to learn how to talk, but he never learns when to talk. He will lie all night and dream; he will lie all day and scheme. He is a complex assembly of egotism, stomach and stubbornness, believing that a dog which belongs to him is better than a dude that belongs to his neighbor. Man is an unfinished piece of common furniture. He spends all his spare change trying to keep his teeth, and all that he can borrow getting rid of his appendix. He imagines himself the king of beasts, and yet it takes him longer to learn how to yank than a jungle monkey and longer to grow whiskers than a Mexican billy goat.

TO FEED MORE ANIMALS

While it is a fact that many farmers have complained this year because they have to feed livestock when feed was scarce and pastures scant, the time is coming perhaps when every farmer will feel that he was fortunate in having animals to feed. It now seems that feed crops are to be more abundant than was at first believed and that the yield will probably exceed the fondest expectations. If an abundance of feed is produced, animals will certainly be higher and consequently in greater demand.

Now is a good time to get a start of livestock. Those who wish to raise animals might begin now by getting a few calves, a few pigs, a few lambs or a few goats and take care of them till the feed crops are ready. In this way a start might be obtained at a minimum of cost and those who get the right kind of animals and care for them properly will get the benefit of their good judgment.—Farm & Ranch.

NOTICE PRECINCT CHAIRMEN

As most of you understand there will be no second primary for county offices, but on August 28th, will be held the run-off primary for state offices. There being no funds in the treasury to pay election officials for this work you are directed to secure volunteer election officials from the opposing adherents of Bailey and Neff to hold the election in your precinct. Election supplies can be secured at my office the week beginning August 23rd.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.
The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.
Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

NEW RECORDS MADE AT A. & M. SHORT COURSE
With an attendance of more than 1,200 farmers, farm women and boys and girls, the annual farmers short course at the A. & M. college this year established many new records. One of the most hopeful signs was the increase of attendance on the part of the boys and girls and women. There were 400 boys, 125 girls and about 150 women present this year. While many families from all sections of the state are taking this as their outing, nevertheless the short course is featured by applications to work and study and inspection of the college farms.
There is a camping ground at which families, who came in wagons, and others, who came in automobiles, are made comfortable. Other students are housed in dormitories and take their meals at the mess hall.
Jackson and Wharton counties were the banner counties from the standpoint of attendance, the delegations from those counties having come to the college on special train.
The short course was divided into sections for men, women, boys and girls. The men were given instruction in farm crops and general agriculture, dairy husbandry, animal husbandry, horticulture, poultry husbandry, agricultural engineering and diseases of livestock. The boys had especially arranged demonstration lectures and practice courses in tractors and gas engines, stock judging, fence building, terracing and other subjects. The girls instruction included work in sewing, cooking and serving, basketry, canning, home beautification health and sanitation. For the women all phases of domestic science and economy, child welfare and rural improvement were covered.
A faculty of leading agriculturists from institutions of learning and industrial organizations throughout the nation is assisting Director E. J. Kyle in conducting the short course. The course opened Monday and will close Saturday, August 14.

INSANE MAN GIVES AWAY OIL WELLS

Bert McCoy, a barber who had worked for Pat Williams in his shop near the Harvey House for a few days, went crazy last Friday night and started out with a revolver and

a knife. The officers were notified and Sheriff Stickley found him some time after that and placed him in jail.

A trial was held Saturday and McCoy was adjudged insane. A wire to Terrell was answered at once that there was a place for the man and

Harry Stickney left at once with the man to put him in that institution.

McCoy was a bartender in Canadian in the early days. Some twelve or fifteen years ago he went away and came back only a few days ago from Arizona. He started his eccentricities Friday by buying a \$200 diamond ring from the Miller Jewelry Store. Then he purchased an old Grant Six automobile. That night he started on his wild west tour with a knife and gun.

His particular hallucination was that he was going to make everyone that he came in contact with and happened to take a liking to, rich by giving them an oil well. He had oil wells by the dozen to give away.—Canadian Record.

John Esten Cooke, president of the Texas Press Association, and formerly publisher of the Banner-Stockman here in Clarendon, was in Clarendon the fore part of the week visiting with his many friends here. While here he called at the News office several times.

29 Years 13 Years

More than one quarter of a century has elapsed since N. N. Martin established himself in Donley County, Texas. Believing that it possessed one of the healthiest climates of the entire United States and that it was destined to grow into an agricultural country of the first rank, as has since become universally recognized, he has chosen to remain here for all that period. He has been satisfied for 29 years to devote his entire time and effort to the building up of a country with such a rare combination of resources and advantages as this affords.

One of the oldest real estate firms of the Panhandle was formed 13 years ago by him, and he has devoted his attention exclusively to this occupation from that date to the present time. Did you ever try listing your properties with an old established firm where that if a possible mistake is discovered after a deal has been turned, the agent is still there for you to "come back at." We also invite you to consider the prices on some of our listings from a page of quick special choices in city property, farms and ranches.

For sale or trade the Taylor home known as the Charles McMurtry place in the west part of the city. This is one of the prettiest homes in Clarendon. Priced reasonable and on good terms.

N. N. Martin & Son, exclusive agents. Farm of 160 acres, 4-room house, large barn, windmill, 140 acres under cultivation, 100 acres fenced with bar-wire; one mile from good school; price, \$85 per acre.

Six section ranch 4 miles from Clarendon; sufficient tillable land for ranch purposes; living water and shade trees; priced low.

Six section ranch 9 miles from Goodnight; 400 acres tillable, living water. Price, \$17.50 per acre.

Three and one-half sections; two sets of improvements; five miles of Clarendon; on public road and mail route. This place is a bargain to be bought entirely or cut in half at \$25 per acre.

N. N. Martin & Son.

PARKER FAMILY REUNION

The heart of Mrs. Sarah Parker was made glad last Sunday when every one of her children and grandchildren gathered at the home of herself and her son J. T. Parker in south Clarendon. Her two daughters Mrs. Arthur Turley of Commerce and Mrs. W. M. Marcum of Royse City and her sons, Tom and Henry of this city, composed the group of children, while altogether, twenty-two grandchildren were present.

Mrs. Parker is 73 years old and is still healthy and vigorous, declaring that she can walk as fast and far as any child or grandchild that she has. She has lived in Clarendon for twelve years and in that time has made a large group of friends who will wish for her many more years filled with happiness.

Messrs. Johnson, Knopp, Boydston, Smith and families of Groom attended the revival at the First Christian Church last Sunday.

In justice to all concerned I wish to say in reference to rumors of bootleggers that the parties caught were not local citizens but were from other localities transporting liquor. Leon O. Lewis, J. P.

Mrs. Ida Chitwood, home demonstrator for Donley returned yesterday from an extended visit in central Texas and Oklahoma. She made the entire trip in car and reports a most delightful time.

Mrs. W. O. Bower, of Arlington, is here visiting with her parents Mr. and Mrs. W. T. Lowe.

Miss Bertie Gatlin is visiting with relatives in Wichita Falls.

—HOW DID

Pat Neff

CONDUCT HIMSELF

in the Patterson-Watson Case? The people of Moody, Patterson's home, answered that question July 24th and gave Pat Neff three-fourths of the votes cast in that box. Did they think that Pat was a Judas?

Mrs. Waller S. Baker with whom Mrs. Patterson stayed the night of Patterson's death states on her oath that Patterson and Neff were not "warm friends" and further states that Mr. Patterson opposed Mr. Neff when the latter was running for county attorney and supported Neff's opponent.

Dr. W. L. Crosthwaite, who waited on Patterson in the last hours, states on oath that Patterson and Neff were not friends and that Patterson often criticized Neff. Dan Foard, former sheriff of McLennan county, states on oath that Patterson was not a friend nor even a supporter of Neff.

Read the circular letter signed Edna C. Patterson. Read it twice. Does it sound like the letter of a widow mourning for her husband or does it sound like the cold, exact statements of POLITICIANS? Where is the affidavit to the authenticity of that letter?

YOUNG MAN

YOUNG WOMAN

Are you going to College this Fall?

Then you will be interested in a school that offers the following advantages:

1. A standard four years' college curriculum leading to a Bachelor's degree, and specially equipped to offer advanced instruction in Agriculture, Art, Expression, and Music in addition to the usual college courses.
2. A faculty of fifty "hand picked" specialists in the various fields of learning.
3. A department of Music unexcelled in the whole Southwest, giving private instruction in voice, piano, string instruments, band and orchestra besides instruction in public school music.
4. A department of Expression that takes rank with the best in the country.
5. A Department of Agriculture equipped with splendid laboratories and sufficient land for work in horticulture and stock farming. We have a herd of high bred dairy cows, a few fine hogs, and a poultry yard.
6. A school plant that represents the last word in school architecture, consisting of an Administration Building, a Dormitory for Girls, an Infirmary, a metal shop for Manual Training, and heating plant, conservatively valued at \$1,250,000 and easily surpassing all other institutions within three hundred miles.
7. A Dormitory for women that has every modern convenience at a minimum of expense, under the directions of as fine Christian influence as can be found anywhere.
8. A Kindergarten in charge of trained experts, used as a demonstration school for kindergarten teachers.
9. A common school of nine grades under expert instructors used as a demonstration school for grade and high school teachers.
10. A Manual Training Department that offers courses in all forms of wood and metal work and printing.
11. A Director of Athletics and Physical Education for both men and women and the very best equipment for these departments including a beautiful indoor swimming pool, shower baths, an unexcelled gymnasium, six tennis courts, a base ball and football field, a race track, etc.
12. A library of 10,000 volumes unexcelled in quality, administered by trained librarians.
13. The religious life of the school is distinctly invigorating. Devotional exercises are held daily for the entire student body. The Y. W. C. A. maintains a paid secretary who gives general direction to Christian activities. In addition, the Baptist and Methodist Churches will have paid secretaries here during the coming session.
14. Expenses very low—no tuition (except for private instruction) free text books, cheap board.

There is no need for the young people in the Panhandle and Plains to go away from this section for college advantages, when all of the above unexcelled facilities are to be found in The West Texas State Normal College, Canyon, Texas.

J. A. Hill, President.

LOCAL & PERSONAL

Born to Mr. and Mrs. Mulkey Patterson a boy August 14th.

John Mongold is on the plains attending the threshing of his wheat crop.

Mr. and Mrs. Will Bullock of Alhilo, are visiting with J. W. Flowers and family.

Mrs. Jack Hawkins, of Waxahachie, is here visiting with her parents Mr. and Mrs. E. C. Whipple.

Harry Allen and sisters, Misses Annie and Thelma, are visiting relatives at Okema, Okla.

Mrs. Rena Blanchard, of Wichita Falls, formerly of Clarendon was here Monday transacting business.

Mr. and Mrs. B. W. Moreman and family of Hedley attended the revival at the First Christian Church Sunday.

J. L. Falls of Panola county, was here the middle part of the week looking over the country with a view of purchasing a farm.

Mr. and Mrs. C. J. Behrens, of Temple, are visiting with the former's parents, Mr. and Mrs. F. L. Behrens east of town.

John Miller of Carnegie, Okla., who has been visiting in the home of P. R. Huckleberry returned to his parental home Tuesday night.

George Taylor and mother, Mrs. L. L. Taylor, returned Monday from a visit at Wichita Falls, Ft. Worth and other points on a pleasure trip.

Roy McKee who lives west of Clarendon underwent an operation for appendicitis Sunday evening. He stood the operation well and is on the rapid road to recovery.

George Chambers is in receipt of a telegram stating that his father has succumbed a stroke of paralysis at his Booneville, Mississippi home and is not expected to survive.

Rev. Morgan of Cleburne visited several days of last week with P. R. Huckleberry and gave much encouragement to the revival in progress at the First Christian Church.

Miss DeLaural Beville returned Thursday from a two months' vacation in California. Miss Beville said that state to her is a most wonderful country and that there, scenery is as varied as can be, but nevertheless she prefers old Texas.

Word received from Mrs. E. M. Oiler locates them at Colorado Springs. They made an interesting visit to Pike's Peak and write that they have seen many wonderful sights but nothing that made them lose their interest in grand old Texas.

Announcements have reached here telling of the marriage of Miss Lilita Wilson and Mrs. Smith McCorkle at University Park, Dallas this morning. Each one of them formerly attended Clarendon College and the announcement will be read with pleasure by friends.

Mr. and Mrs. Gabe Boyles of Weatherford are here visiting at the Judge Parsons home. Messrs. Boyles and Parsons are friends of many years and appear to be having a royal good time. Mr. Boyles was a nee-mate of the father of John Beverly during the Civil war period.

R. O. Thomas returned the first of the week from Flint, Michigan to which place he had gone in company with Oles Caraway. Mr. Thomas drove a Buick back on record time not even donning mud chains until he reached Quail. Mr. Caraway stopped over in Oklahoma City for a few days before coming on home.

Mr. and Mrs. Paul Dinkle of Mineral Wells are visiting at the parental home at Lela. Paul will soon begin his second year as county agent down in the sticks at an increase in salary. He is no doubt making good in that line as he did in the late war the wounded two times. Paul informs us that some of the farmers would not 'split on farming' after they get a gusher down his way—it will be the same up this way some day, Paul.

J. P. MANLEY

J. P. Manley, one of the old time citizens of Clarendon died at his home yesterday morning. The funeral was conducted at the residence this morning. Further particulars will appear in the next issue of the News.

Announcements have been received in this city of the marriage of Edward Frank Ritchey and Miss Lora Ethel Evans at Mena, Arkansas on the 8th inst. Mr. Ritchey was our county attorney at one time going into the world war at the time he was in office. He made a good record all around and is now located at Breckenridge, Texas, where he has a lucrative practice. His many friends here wish the newly wedded pair all the joys that life may give them.

Why rent when you can buy a nice home from \$10 to \$20 an acre, from 1 to 10 miles good towns and railroads. Cash from \$2 to \$3 an acre, balance long time, cheap interest. This land is in Gaines, Yoakum and Terry Counties. See Clarendon Commission Company. Exclusive agents, Clarendon, Texas. 34c.

Who For Governor?

—We oppose Mr. Bailey on three grounds.

FIRST:—We do not believe he is a good Texan.

SECOND:—He has not proved himself a good Democrat.

THIRD:—We do not believe he has shown himself a good patriot.

—Mr. Bailey has not for twelve years lived in Texas, not even owning any real estate here.

—A democratic aspirant to the governor's chair should be in harmony with the platform as adopted at San Francisco. While Mr. Bailey is against practically every plank in it.

—His war record speaks for itself, while he was "Invincible in time of peace, he was Invisible in time of war."

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Miller now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it. The super-service of the Miller Tire is now everywhere discussed.

The Second Annual reunion of the veterans of the 90th Division will be held in Oklahoma City, September 25, 26 and 27. The 90th Division was originally made up of men from Oklahoma and Texas and trained at Camp Travis, Texas. However, many replacements were received from every state in the union. The division took part in the St. Mihiel and the Meuse-Argonne offensives and was one of the divisions honored by a place in the Army of Occupation in Germany. Every man who trained or served at any time with this division is cordially invited to attend the reunion. The 90th division has permanent headquarters at Dallas, Texas in charge of Arthur J. Reinhart, secretary.

WHITE WAY SOON TO BE COMPLETE

Work started this morning on Clarendon's white way. Six ornamental lamp posts will be placed on each block on Kearney Street and four posts on the railroad right-of-way. The work is being done under the supervision of A. L. Chase, which is assurance of a complete and satisfactory job.

The light posts will be placed along the sidewalk so that, as well as giving light to the street, they will light the side walk also. All of the posts carrying the wires from the plant have recently been removed from Kearney to the side streets and the circuits connecting the white way will be laid under ground. As soon as the bricks along the walks can be removed and the wires laid, the iron posts will be placed at regular intervals. The work will be finished by the time that the new engine is ready to be hitched to the circuits of the city.

The new white way will be one of the most welcome improvements of our city. For almost a year Clarendon has been in more or less darkness, but soon the giant 150 horsepower engine at the local plant will sing those gratifying words, "Let

there be light." The almost universal plan of the white ways in the large cities is to place the lights along the curb and Clarendon is adopting this plan on account of the entire satisfaction that it gives.

COURAGE TO DO RIGHT

If democracy is to be a success, we must stimulate in every possible way the courage, the constructive-ness and sober wisdom of our officials. Honesty is no rare virtue in public men, but courage is; because men soon find that by a conciliation of antagonistic force they go far. The "pussyfooted", the evader, the responsibility shirker, the passer of the buck in ordinary times is a man who if he shows nerve should be promoted. But his nerve should be linked with sanity. We should not mistake hysterical obsession for constructive statesmanship. The reason that so many palaverers go so far is that their only opponents who have courage or unbalanced extremists who feel right but who wish to take a mountain at one leap.—Franklin K. Lane.

CROP REPORT FOR STATE INDICATES STATUS OF FARMS

Corn

The crop reporting board of the bureau of crop estimates, Washington, D. C., makes the following estimates from reports of its correspondents and agents:

Corn is estimated at 95 percent of a normal crop which is indicative of a yield of 26.17 bushels per acre and forecasts a production of 166,784,000 bushels when based on the acreage estimate of 6,825,000 acres.

Texas has an exceedingly promising prospect in most sections of the state with the crop practically assured. The only troubles reported have been poor stands in some instances, some irregularities caused by replanting made necessary by the April frost damage, and dry weather and hot winds over a few counties of the south plains.

Wheat The yield has been established at 13.5 bushels per acre which would give a production of 13,082,000 bushels for the state. The quality is rated at 85 per cent where 100 percent represents a medium grade.

Oats The yield per acre for oats is 25.83 bushels, which, based on an acreage of 1,575,000 acres gives a production of 40,682,000. Generally speaking this crop has been unsatisfactory and in producing territory yields have been very slow.

That part of the 1919 crop still remaining on farms is estimated to be 472,500 bushels or 5 percent of the production of that year.

Barley From a condition of 60 percent of normal, with a yield of 23,115 bushels per acre, barley production is placed at 462,000 bushels, from 20,000 acres.

Rye The yield per acre for rye is placed at 16 bushels, which gives a production of 64,000 bushels from the 4,000 acres on which the crop is grown.

Rice The average rice condition of the state is placed at 84 percent of a normal. Based on the condition a yield of 32.34 bushels per acre is in prospect and forecasts a probable production of 9,094,000 bushels from the 281,200 acres under the crop.

Hay The tame hay acreage this year is estimated to be 600,000 acres, or 92 percent of last year's acreage.

The wild hay acreage is 95 percent of that for 1919. The condition of all hay is 92 percent of normal.

Grain Sorghum There are 2,020,000 acres planted this year of an increase of 6 percent over 1919. The present condition is 86 percent of normal and from this a production of 57,328,000 bushels is in prospect with an acreage yield of 28.38 bushels per acre.

MISTAKES AND COMEBACKS

The County Press: When the plumber makes a mistake he charges twice for it.

When a lawyer makes a mistake he has a chance to try the case all over again.

When a carpenter makes a mistake it's just what he expected.

When a doctor makes a mistake he buries it.

When a judge makes a mistake it becomes the law of the land.

When a preacher makes a mistake nobody knows the difference.

But when an editor makes a mistake—good night!

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color of a lustrous of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

NINE REASONS GIVEN BY THEODORE ROOSEVELT FOR GOING TO CHURCH

1. In this actual world, a Churchless community, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid down grade.

2. Church work and Church attendance mean the cultivation of the habit of feeling some responsibility for others.

3. There are enough holidays for most of us. Sundays differ from other holidays in the fact that there are fifty-two of them every year—therefore on Sundays go to Church.

4. Yes, I know all the excuses. I know that one can worship the Creator in a grove of trees or by a running brook or in a man's own house just as well as in Church. But I also know as a matter of cold fact the average man does not thus worship.

5. He may not hear a good sermon at Church. He will hear a sermon by a man who, with his good wife, is engaged all the week in making hard lives a little easier.

6. He will listen to and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered a loss.

7. He will take part in singing some good hymns.

8. He will meet and nod or speak to good quiet neighbors. He will come away feeling a little more charitably toward all the world, even toward those excessively foolish young men who regard Church going as a soft performance.

9. I advocate a man's joining in Church work for the sake of showing his faith by his works.—Central Christian Advocate.

MASONS PLAN DORMITORY AT UNIVERSITY OF TEXAS

Austin, Texas, Aug. 9.—In addition to the Presbyterian Theological Seminary property, which was recently acquired by the Masonic order of the State, negotiations are under way for securing Driskill Hall, situated two blocks from the seminary building. All of this property will be used as dormitories for the daughters of Master Masons. It is stated that Driskill Hall will accommodate 30 girl students and that the Theological Seminary property will accommodate 71. Up to this time about 80 applications have been made for the coming year. It is stated that rooms and board may be obtained at these dormitories for \$25 a month.

It is planned by the Masonic bodies of Texas to erect other permanent buildings to provide accommodations for 500 or 600 young women students desirable sites are now being investigated with this end in view. In addition to the dormitory plans it is proposed to set aside a revolving fund of \$100,000 or more to loan to worthy students as a means of assisting them in obtaining an education at the University of Texas. It is also the purpose of the Masonic bodies to establish dormitories at the University for the accommodation of the sons of Master Masons.

COMMUNITY CENTER

Austin, Texas, Aug. 17.—University of Texas authorities are interested in the proposition of establishing a community center especially designed to meet the social and group needs of the students of that institution. James E. Pearce, associate professor of anthropology, and Charles W. Ramsdell, professor of American history, recently investigated the community center plan that is in operation at the University of Michigan. Their enthusiastic report has caused much favorable discussion of the matter, and but for the lack of finances it is probable that similar work would be undertaken at the University at an early date. The idea, as carried out by the University of Michigan, has solved the distressing problems arising from a scattered student body, and unwholesome social conditions. The building provides for the students a center for their activities as well as for their social affairs, furnishing reception rooms, reading, writing and rest room, a billiard room, halls for dancing, a floor of bed rooms, to be used for the entertainment of visitors to the University, cafeteria, dining rooms, club rooms and an immense swimming pool. All clubs and student organizations hold their meetings in the building, which is adjacent to the campus. Authorities of the University are enthusiastic over the results secured, finding that the plan has brought about a centralization of student activities and life, as well as affording a solution of pressing social problems.

RUNAWAY MONDAY

While standing hitched near the Cameron Lumber yard Monday morning, a team became frightened and ran through the yard and circled several times. Little damage was done to the yard when the team was stopped although one of the horses was considerably bruised up from the chase and the wagon was demolished.

Neff's Record Further Shown

The following is a copy of a letter bearing on Mr. Neff's record as to woman suffrage, education, etc., while a member of the Legislature. The original letter is on file in our office:

Neff's Educational and Suffrage Record

Aug. 9, 1920,

Hon. Geo. W. Mendell,
Austin, Texas.

Dear Mr. Mendell:

I am pleased to note that you are supporting the candidacy of ex-Senator Bailey for Governor.

Neff is appealing to the women for support, claiming to have been their friend and advocate of their enfranchisement.

As a member of the 26th and 27th Legislatures, he not only vigorously opposed the establishment of the girl's industrial college, but ridiculed the idea of educating the Texas girls for industrial efficiency.

If you will go over the journal of the House of both the 26th and 27th Legislatures, you will get an idea of his friendship for the struggling womanhood of Texas. Follow the bill introduced by me for the creation of an industrial institute and college for the white girls of Texas in the 26th and by Mulkey and Pierson at my instance in the 27th.

One objection that was made to the establishment of such an institution was that it was a step in the direction of woman suffrage. When he became a candidate for Governor, several months ago, he appropriated, without credit, all my thunder and has, no doubt, succeeded in deceiving many female voters as to his former attitude toward their educational, industrial and political enfranchisement. The truth is Pat Neff is a time-server, ready to espouse any cause which he believes to be popular.

I hope that Joe Bailey will beat him by an overwhelming majority,

Your friend,

(Signed)

V. W. GRUBBS.

NOTE—Judge Grubbs was founder of the great College of Industrial Arts at Denton and is now the head of the Grubbs Vocational School.

Pall-Bearer Pat Neff and "Patterson Case"

"People of Texas are familiar with the death of former Commissioner of Insurance and Banking, Jno. S. Patterson, as a result of bullet wounds received while making an inspection of a bank in Central Texas.

"Mr. Neff had been a close friend of Mr. Patterson, notwithstanding his denial to the contrary, and assisted the Pattersons during the last hours of Mr. Patterson. Later Mr. Neff, notwithstanding his former acquaintance and friendship of the Pattersons, assumed the defense of those responsible for Mr. Patterson's death.

"You will find a signed letter from Mrs. Jno. Patterson, outlining the facts in the case as concerned Mr. Neff.

"Mr. Neff's defense is that he took the case as any lawyer might take any case and contends no violation of the ethics of his profession. While technically there may be no violation of professional ethics, the question has been and can be logically raised as to whether there was a violation of a higher code of ethics which includes gratitude and friendship.

"The Patterson letter follows:

"Mr. E. R. Pedigo, Austin, Texas—Dear Mr. Pedigo:

"I have tried so hard to put aside and dwell as little as possible on the injustice that has been done my husband, knowing that he has gone where the unworthiness of men cannot harm him. However, I appreciate your action in the matter and will state as nearly as possible the facts in the case."

"My husband always considered Pat Neff one of his warmest friends. They began the practice of law about the same time at the Waco bar, and while Mr. Patterson lived at Moody, his practice took him to Waco several times each week. Naturally, he formed warm friends among the young lawyers, always speaking of P. N. as among the closest. The years went by; my husband never failed to give him support whenever he sought an office. They called each other by their given names and acted in the customary way for men who are friends. Not a month before my husband's death he remarked to me that P. N. would likely be in the next Governor's race and that he expected to support him.

"When we brought Mr. Patterson to Waco, Pat Neff was the first to meet us. Soon the sanitarium was thronged with Waco friends and hosts of relatives from Moody. The doctors were anxious to keep the room free of people on account of my darling's labored breathing. Most everyone came out of the room, I, myself, sitting in the doorway. But this 'mere acquaintance', as he called himself, who 'only came because Cullen Thomas phoned him and asked him to make inquiry as to Mr. Patterson's condition,' stayed by his bedside and shed bitter tears, although Cullen Thomas had already come, been in the room and gone out on the porch, realizing how precious the oxygen was to my dying husband.

"The morning passed, but this 'mere acquaintance' remained in the sacred chamber where we only want those who love us. When the end came, he asked to be allowed to take me to the hotel, although my sisters, brothers and numerous relatives were there to do so. My sister and I went with him and he was the last to say good-night.

"So many people say he was manifesting all this interest to try and get the case. He and his God only know as to that; all I know is that my husband counted him as among his best friends, and his actions in my husband's death chamber made me think he had a strong love for him, and quite naturally named him as one of the pall-bearers.

"A few days after the burial, Pat Neff phoned and asked to see Mr. J. C. Reynolds, president of the First National Bank at that place, my brother, and me on business. I was in bed, but thinking it a friendly mission made an engagement to see him. We were dumfounded when he told us that the demon who had murdered my husband wanted him to defend him.

"Mr. Reynolds, my sister and brother told him plainly he could not afford to do such a thing; he urged his warm friendship and his intimate knowledge of his life as a reason for his taking the case, saying he would see to it that no mean, insinuating thing would be said against him. I told there was nothing that could be truthfully said against my husband; that if he went into the case he would hurt himself and not my husband. He left, saying he would phone me next morning. He phoned Mr. Reynolds and asked him if we took the skin off of him after he left. Mr. R. said they are of the same opinion that I am; we do not see how you can do it, but if you really want to do so, we have nothing more to say. Meaning that if his standards of honor were no higher than that we did not consider him worth our notice.

"Thanking you again for your interest in the matter, with best wishes for you and yours

"Respectfully,

"EDNA C. PATTERSON."

Neff Compared to Judas Iscariot

STATE OF TEXAS,
County of Collin:

On this the 7th day of August A. D. 1920 before me the undersigned authority, personally appeared J. K. P. Shrader, well known to me to be a creditable person who after being duly sworn deposed and said:

I was present when Judge Barry Miller of Dallas, made a speech at the county court house in the town of McKinney, July 19th, 1920. Speaking in the interest of Hon. Robert E. Thomason's candidacy for Governor, Judge Miller, after going into the details and fully explaining the facts of the much talked of "Patterson Case" said "That he could excuse Mr. Neff for taking \$500 of the state's money unlawfully in 'The Chicken Salad Case and could vote for him after he had done this, also, said he could excuse Mr. Neff and vote for him after he had unlawfully ridden all over the state on a free pass campaigning for Governor," but so help me God I would never excuse or vote for him under any circumstances for his action in the Patterson case. Judge Miller remarking further said "Judas Iscariot, when he sold his Lord for thirty pieces of silver, was an Angel compared to Pat Neff when he sold his friendship for money by his action in that case."

After the above statements are given in substance, Judge Miller made this statement and used these exact words: "I WOULD NOT RISK PAT NEFF AS FAR AS I COULD THROW THIS COURT HOUSE WITHOUT LOSING A SINGLE BRICK."

(Signed) J. K. P. SHRADER.

Subscribed and sworn to before me this August 7th, 1920.

(SEAL) T. C. ANDREWS,
Notary Public in and for Collin Co.

—Despite the above, Judge Barry Miller is stamping the state for Neff. This is but one of the many perplexities being flaunted in the face of the citizenship of Texas at this time. It is a fair sample of the crowd that is howling for Neff. Mr. Voter, what do you think of a man who will tell you in one breath that Neff cannot be trusted, and in the next breath tells you that you should support that candidate without telling you the reason of the change? Why does Barry Miller support Neff? The reason is very plain to the average voter and it is safe to say that he will not be misled by that class of men.

Rid Your Place of Rats

IMPORTANT—READ THIS!

Do not judge RAT-SNAP by the results of a single cake. Some people expect a single 35c cake to kill a whole swarm of rats that may have been breeding around the premises a long time. It won't—no poison will. If there are many rats on your premises get a \$1.25 pkg. (5 cakes) and we will absolutely guarantee results. After rats eat RAT-SNAP they flee the premises to find water, so judge results by the rats you DON'T see, after RAT-SNAP has been used.

Don not judge the "KILLING MERITS" of RAT-SNAP by seeing some of the broken pieces laying around. Wait at least ten days. If you then see more live rats, use RAT-SNAP again in generous quantities.

Take precaution to use a corner of the paper wrapper when breaking off bits of RAT-SNAP. In this way, fingers should never touch RAT-SNAP because the rat with his acute sense of smell would detect human agency in preparing his LAST MEAL.

Rats can tell at once if food has been handled.

If then it fails—we pay back all your money.

COX ON HARDING

"Harding is a man of great personal charm. Strange as his convictions may appear to me, he is perfectly sincere in his belief that the future welfare of the country lies in the custodianship of the Republican party under the policies which he represents. He is of the McKinley type, brought up in the faith of the Old Guard Republican faith. I respect his journalistic achievements, but we stand very far apart."

HARDING ON COX

Sam King and wife and D. C. King of Groom, accompanied by their visitors from Kansas Mrs. Brownfield and Mrs. Lottridge motored over and visited Sunday with our townsman A. M. King.

J. C. Estlack, general comedian for the News force, returned Saturday last from a month's vacation spent in Southwest New Mexico and in the northern fringe of Old Mexico. He says that the cats were moderate and that the drinks were superb.

Mr. and Mrs. G. H. Hodges and son Earl and J. T. Hahn and family of Bowie, Mrs. S. H. Manning and two children and Mrs. J. B. Wadsworth and three children of Washit, Texas, were guests at the J. C. Estlack home the past week.

T. Jones, manspinner of T. Jones Company, known all over the Panhandle and elsewhere, returned from a fishing trip this week in the Monroe, Louisiana country. He reports crops much better here than there and a far better climate in old Donley.

The Methodist ladies will give a market Saturday all day for the purpose of raising money for minor repairs and furnishings of the church. The market will be held in the Kerbow hardware store at which place the good ladies will dispense the best of chicken, pies, cakes and many other good things to eat. The general public is invited to eat with them Saturday next.

CLARENDON CITIZEN DONATIONS TO SCHOOL FUND
Mr. W. W. Taylor, Sec. School Board
Dear Mr. Taylor:
Knowing of the critical condition of our public schools and the urgent need of funds to carry our schools on as they should be, and being a citizen of Clarendon, unfortunately not owning any property the first of the year to be rendered for taxes, and having two boys to attend the coming term of school, I herewith hand you my check for \$20.00, the amount of taxes that would be rendered against my home. I feel that in doing this that I can in a small way repay for the services rendered by the public schools of this city toward the education and moral uplift of my children.
With the very best wishes for the progress of our schools, I am,
Sincerely yours,
E. D. Martin.
Mr. Martin has the thanks of the School Board for the above donation.
W. W. Taylor,
Secretary of the Board of Education.
