COTTON REPORT BOOSTS PRICES

LAST GOVERNMENT REPORT SHOWS NEAR HALF MILLION BALES LESS.

The government report on the cotton crop issued Monday of this week has had a great deal to do with the interest of the people of Clarendon in the cotton crop for the year at hand.

The condition of the cotton crop declined during September from 60.3 to 54.4 per cent of normal, bringing the forecast production on October 1 to 13,993,000 bales or 446,000 bales below the forecast of September 1, the agricultural department announced Monday.

This reduction is less than the reduction indicated by the decline of 5.9 points in condition for the reason that in the September forecast the crop reporting board's interpretation of condition made allowance for damages from boll weevil unanticipated by reporters at that time, the department said.

The reduction therefore represents approximately the reduction due to unfavorable climatic developments in South Atlantic states, excessive and continuous rains caused heavy losses from boll weevil and boll rot. In the northern portions of the belt, the low average temperatures prevent average development of bolls.

In parts of Oklahoma, continued drought has reduced the size of bolls and outturn of lint. On the other hand, a slight improvement has resulted in Mississippi and Louisiana due to favorable weather for maturing the crop.

Condition of the cotton crop on Oct. 1 was 54.4 per cent of normal, indicating a production of 13,993,000 bales, compared with 12,955,000 bales harvested last year, the agriculture department announced today.

Census reports made public simultaneously showed 4,961,032 running bales, counting round as half bales, ginned from the crop of 1928 prior to Oct. 1, compared with 5,944,739 for 1927. Upon the 44,916,000 acres for harvest it was forecast there would be a yield of 149.1 pounds of lint cotton per acre, compared with 154.5 pounds in 1927.

DR. MORRIS TO PREACH HERE SUNDAY MORNING

Dr. S. L. Morris, Secretary of the Home Missions of the Southern Presbyterian Church, will fill the pulpit at the Presbyterian Church on Sunday, October 14th.

ALL EXHIBITS ARE RETURNED HOME

Donley County folk will be glad to learn that the last of three exhibits from the Panhandle country have been returned to Amarillo. These exhibits have been on the road since August 20th and have been seen by a great many people in the northern states of the Union.

Panhandle real estate dealers and chambers of commerce over the territory are now mailing out literature to these people. Reliable realtors of the Panhandle and of the states visited are cooperating in an attempt to settle farmers from the middle western states in rural districts of this territory.

One real estate dealer of Plainview has mailed out 3,000 letters to prospects in the three states, according to Mr. Cram. The firm reports favorable results from the first 1,000 letters mailed out and is highly pleased with the success of the undertaking, Mr. Cram said.

At the meeting of directors next week, plans for a more elaborate program of exhibition for next year will be discussed, Col Haines said. It is the opinion of those who accompanied the exhibits that the program should be continued over a number of years and enlarged each year, he stated.

HIGH SCHOOL HAS A FULL SEASON

MANY TO BE PLAYED; MOST TO BE PLAYED ON FOREIGN SOIL.

The Bronchos of the Clarendon High School met with serious reverses in the first game of their conference season last Friday, but have a number of other games slated that will keep them interested for the remainder of the school year.

Two games are scheduled to be played in Clarendon, the first being that with Wellington Friday of this week and the other with Quitaque on November 16th. A tentative game has been placed on the school slate for November 12th, but nothing definite has been done in this connection.

The Bronchos have definitely lost their chances for winning the district honors this year since they were defeated by Memphis. They will meet Claude at Claude on October 19th, Childress at Childress on October 26th; Shamhook at Shamhook on November 2nd; Tulia in Clarendon tentatively on November 12th and Quitaque here November 16th.

The remainder of the season has at least two games in store, these to be arranged after the winners of the District play have been determined, leaving the lower contestants to fight the losing end of the game for the mere honor of the affair and that the members of the respective teams may win their much coveted sweaters and letters.

Coch Hutton asks that the folk of Clarendon give the team their undivided support for the reason that it is needed.

LOCAL REPRESENTATIVES WIN ENTIRE TRACK MEET

Representatives of the West Texas Utilities Company of Clarendon carried off all the prizes offered Tuesday of this week when an impromptu track meet was held in connection with the Safety meeting held in Childress. Robert Dillard, employee of the local company carried off all honors in the track events, coming home loaded down with a table lamp, a floor lamp and a cigar lighter.

Three members of the American Legion of Clarendon are in San Antonio this week, attending the National meeting of that association. These men made the trip overland and will thoroughly enjoy the visit to the historic city for this reason. The Clarendon visitors are: Charles Trent, Clyde Douglas and Price Morris.

Miss Katie Butler, teacher at Whitedeer, spent the last week-end here in the home of her parents, Mr. and Mrs. W. O. Butler.

Miss Ruth Stocking motored to Pampa Sunday to return to her mother, Mrs. J. D. Stocking, who had spent the past week at the bedside of her daughter, Mary.

be called upon Dr. Loyd's return, perhaps some time next week, according to Col. Harve H. Haines, general chairman.

About 4,500 registrations of persons particularly interested in this section of Texas, and who, by registering, indicated their desire for further information, were received at the booths of the three exhibits during the tour, it was said yesterday.

Panhandle real estate dealers and chambers of commerce over the territory are now mailing out literature to these people. Reliable realtors of the Panhandle and of the states visited are cooperating in an attempt to settle farmers from the middle western states in rural districts of this territory.

One real estate dealer of Plainview has mailed out 3,000 letters to prospects in the three states, according to Mr. Cram. The firm reports favorable results from the first 1,000 letters mailed out and is highly pleased with the success of the undertaking, Mr. Cram said.

At the meeting of directors next week, plans for a more elaborate program of exhibition for next year will be discussed, Col Haines said. It is the opinion of those who accompanied the exhibits that the program should be continued over a number of years and enlarged each year, he stated.

Although it is understood that the undertaking this year was a success in a financial way, plans for financing the 1929 program will be disposed of next year before operations start, Col. Haines said.

Town Even on Games Played Last Friday

The Clarendon schools are even on the games won and lost in the last week's football. The College team had planned to play at home, but played at Canyon and won from the Yearlings of the West Texas State Teachers College by a score of 6 to 0.

The winning score was put over by L. Naylor, who intercepted a pass shortly after the opening of the game and ran a good part of the length of the field for the coveted score. The remainder of the game was hard fought with the College taking the lead in winning more first downs than were taken by the Canyon representatives.

On the other hand, the Bronchos from the Clarendon High School were trounced severely and without mercy by the Memphis Cyclone. The Clarendon boys lost to that team by a greater score than any team in the history of the High School. The final score was 47 to 0 and the boys were quite badly beaten up by the trouncing given them by the Memphis team.

The Bronchos are a game enough team, but have not worked together for a long enough time to know what to expect from their fellow players. Not any one of the members of the team were injured in any manner except in their feelings over the great defeat.

BOY SCOUT PLANS UNDER COMMITTEE

COMMITTEE OF ELEVEN ASSUME CHARGE OF LOCAL SCOUTING.

At a meeting called by Wm. Y. Durrett, Field Executive for the Boy Scouts of America, Wednesday of this week at the Antero Hotel, a committee of eleven Clarendon men was named to assume supervision of the Boy Scout movement in Clarendon and to co-operate with the Southeast Panhandle Area now in process of organization.

Mr. Durrett came on the field a few days ago and selected a group who are to have charge of the Scout program in this community and secured the attendance of eight of the eleven at a luncheon Wednesday noon when the work was explained and plans laid for the proposition of the work at this place.

Officers of the local organization are: S. E. Allison, chairman; Odos Caraway, vice chairman; G. L. Boykin, secretary. Others of the committee are: A. L. Chase, D. O. Stallings, Homer Mulkey, O. C. Watson, Harwood Beville, George Ryan, Dr. J. G. Sherman and Sam M. Braswell.

Clarendon representatives on the new Southeast Panhandle Area Boy Scouts Council selected are G. L. Boykin, O. C. Watson, George Ryan.

Finances for the support of the Area raised in Clarendon to Wednesday noon totaled \$711.00, and three committees have the work in hand to complete the proposed goal of \$1200.00.

The committees are working today and hope to have the total sum in cash and subscriptions by Saturday noon.

Two troops of Scouts are now at work in Clarendon and the plan of local work incorporates at least two more in the next few weeks. The new Area Scout Executive will assume his duties and supervision here within the next thirty days and prosecute a vigorous program during the winter and spring.

CLARENDON YARD TO HAVE 1,200 BALES BY SATURDAY

The number of bales of cotton in the Clarendon yard will lack only a few reaching the number seen here in the whole season when Saturday evening rolls round. The cotton weigher, Rayburn Smith, stated the fore part of this week that the yard would have 1,200 bales by Saturday night at closing time if the crop continued to arrive as it had since the cotton had started opening.

The hot, dry days have done wonders to keep the crop opening and the gins are running far into the evening each day to keep pace with the production from the fields. The yard gained six hundred bales from Wednesday of last week to Wednesday of this week.

MITCHELL'S SHOP PUTS IN MANY IMPROVEMENTS

The latest additions to the equipment of Mitchell's Beauty and Barber shop will include a water softener to handle the water that flows through the hot and cold water systems of the shop. A third chair has been put in to care for additional customers that come into the city and three barbers are always in place to care for the trade.

TWO GAMES IN ONE NEXT FRIDAY

COLLEGE AND HIGH SCHOOL TO PLAY GAMES HERE FRIDAY AFTERNOON.

Clarendon High School and Clarendon College will celebrate a field day here Friday afternoon when each of the two mentioned schools will be represented in College Park by their football teams.

Clarendon High School and the Bronchos will meet the team from Wellington and a real snappy game is in the offing. These two schools have been rivals in a friendly manner for many years and their games are always interesting and hard fought from first to last. The Wellington team comes here without a defeat to their credit and it is their utmost belief that they can withstand the attacks of the Clarendon High School's hardest players.

The other game scheduled for the afternoon will be between two hereditary enemies, the team from Clarendon College and the team from Wayland Baptist College. These teams have met on the football field in deadly battle for more years than one would care to mention. The odds have slightly favored Clarendon College in the number of wins scored against the school. Wayland has one of the fastest and snappiest teams of their history, featuring two of the Close family. On the other hand, Clarendon has a team with staying power and great ability in any event. A fast backfield is there with plenty of reserve and a lot of generalship. Other things are also favoring the Bulldogs as they meet the Jackrabbits on their home grounds.

The games will be started promptly at 2:00 o'clock and the rooters for the two teams are asked to be on hand promptly for the games must go off smoothly or there will not be time to finish both before the evening closes.

NEW SCALES ADDED TO CARE FOR FALL WORK

One of the latest additions to the labor saving devices found in the city of Clarendon is that set of scales recently installed by the Clarendon Grain Company in their office on West Front Street. These scales are of the latest and most improved design and are automatic in their action. A small trip keeps the scales locked while the wagon or other vehicle is driven on the scales. When this is released the weight is automatically shown on the dial. The scales will weigh up to 20,000 pounds by units of ten pounds. The scales will be in active use by the latter part of this week.

BRYAN-MILLER ADDS NEW MAN FOR FALL BUSINESS

Another business house in Clarendon has added additional assistance to care for the needs of the place for the rush of business that is just ahead. Bryan-Miller has added Ben Dubose of Amarillo, an experienced man in the lines of men's furnishings that are handled by this progressive place of business. Prior to this time, the business has been handled by the Messrs. Clarence Miller and Allen Bryan, but with the pending rush that is at hand, the third man has been seen a necessity and will assist in keeping the business going ahead at a full rate of speed.

Miss Mildred Crane of Amarillo spent the week-end with her parents, Mr. and Mrs. W. L. Crane.

DONLEY WINS IN FAIR AT DALLAS

PANHANDLE COUNTIES LEAD IN WINNING PLACES AT GREAT STATE FAIR.

The News received a telegram Tuesday of this week from Secretary-Manager G. L. Boykin in Dallas, stating that Donley County had won 23rd place in the exhibits at the State Fair. This winning was taken with a score of 899.58 points, or a gain of 122 points over the score set at Amarillo. Thirty-six counties of the state were entered in the agricultural exhibits.

Profiting by the work done in the Tri-State Fair at Amarillo, the local manager of the Chamber of Commerce bettered the Donley County showing by the number of points named above even though the grade of judging is much more strict at Dallas than it was at Amarillo. Details of the fair will be made public at a later date.

For the first time in a number of years, the first place in the county exhibits at the fair was taken by an East Texas County, Harrison, Randall County was second with the remainder of the leading in the entire fair being taken by counties west of the middle part of the state.

Hillcrofters Take Ten From Panhandle

The Hillcroft Golf Club repaid the visit to this city a short time ago by the Panhandle Golf Club on Sunday afternoon and took almost as many matches in play on that course as they took when the visitors came to Clarendon. Ten of the thirteen matches played on the Panhandle course were won by Hillcroft players. Other matches are expected to be held during the excellent playing conditions found in this section of the state during fall months.

Those attending from Clarendon were: Ira Merchant, H. B. Kerbow, Allen Cooke, W. H. Cooke, P. B. Gentry, Holman Kennedy, Geo. McCleskey, A. N. Wood, R. C. Weatherly, Sr., and R. C. Weatherly, Jr.

Losers from the Hillcroft team are: Lee Casey, Homer Mulkey and Black.

Two members of the Hillcroft club led the field of players with a score of 70 each, which is par for the course. Robert Weatherly, also of the Hillcrofters shot below 80 in the tilt.

Mrs. Charles Trent, Mrs. C. W. Bennett and Mr. W. H. Martin motored to Amarillo Saturday.

John McClelland and nephew, Horace McClelland, were visitors in Amarillo Monday.

LIONS HAVE MERRY TIME TUESDAY EVE

LADIES AND FACULTY OF PUBLIC SCHOOL WERE GUESTS OF LIONS CLUB.

The semi-annual Ladies Night of the Clarendon Lions was celebrated Tuesday evening of this week with a crowd that threatened to overflow the dining room of the Hotel Antro, where the meal was served. An even one hundred plates were set for the Lions and their guests, surpassing the fondest expectations of the Lions. This is the second largest attendance that has been registered at a Lions program of this nature, the other being that held in April of this year when the Pampa Lions were given of the local club. At that time 109 plates were used.

Promptly at eight o'clock the doors to the dining room were thrown open and the Lions and their visitors were ushered into the entertainment room. The management of the hotel had gone to a great amount of trouble to make the room as attractive as possible, using the Lions' colors, purple and gold, in the decorative scheme. The flowers on the table, the after-dinner mints and the final course of the meal, all carried the idea of the coloring of the Lions organization, adding much to the enjoyment of the occasion.

The invocation was given by Lion George Ryan and the Lions were seated, after which a number of songs were sung, led by Lion Braswell with Miss Stallings at the piano. The meal progressed very nicely with a few interruptions from the tail waiter, who insisted on fining as many of the members and guests as possible.

Roll-call of the Lions was taken for the reason that the attendance contest is in full blast and the Lions are doing all possible to keep up their record of one-hundred per cent. As each name was called, the Lions arose and introduced their guests for the evening.

The faculty was introduced by Lion H. T. Burton, superintendent of the Clarendon schools, who was able to introduce all of them without a hitch. The first number on the program was a toast to the teachers by Lion Murrell. Lion Murrell stated that he received notice from Lion Mulkey in his handwriting and could not determine if the word in question started with a "t" or an "r," so was prepared to do a little of both. The response to this was made by Miss Helen Beck.

Lion Porter toasted to the Ladies of the Club with the response being given by Mrs. J. G. Sherman. Mrs. G. L. Boykin gave two very pleasing violin solos, accompanied by Miss Fray Stallings. Miss Rita Foster gave "His Courier," a reading by O'Henry, and willingly responded with an encore.

The final part on the program was a playlet, "The Play is the Thing," presented by the members of the Dramatic Club of the schools. The play was presented without the least sign of a stage or settings for the reason given in the name of the play. The reception given the play showed that it was well received. Miss Foster invited the Lions to follow the actors through the year and see what great improvement was made by the end of the nine months term of school.

Following announcement of the football games Friday evening of this week, the Lions and their guests adjourned in the usual manner.

Those present aside from the Lions were: H. L. Farrow, Myra

BULLDOGS FACE TOUGH SEASON

ONE GAME OFF COLLEGE SLATE WITH WIN FOR SCHOOL. TWO HERE.

With the first real game of their season tucked snugly away in their possession, the Bulldog team of Clarendon College is facing the remainder of the season with more than their usual amount of enthusiasm. The win over the Yearlings at Canyon last week gave them confidence enough to see them well over the remainder of the season.

Traditional enemies of the college will be met this week with only two games to be played at home while the third is hanging fire although it is hoped that the Turkey Day game will be played here with the Wichita Falls Junior College aggregation.

Beginning with the game that will be played here Friday afternoon, the schedule of the college will include: N. M. I. at Roswell on October 27th; Texas Technological College Freshman at Lubbock on November 2nd; Wayland Baptist College at Plainview on November 12th; West Texas State Teachers College Yearlings here on November 17th. The game with the Wichita Falls Junior College has only been tentatively booked and it is hoped that the details can be so arranged that the boys will be here for the Turkey Day battle.

The same thing holds good with the College as with the High School in that the majority of the games for the entire season are to be played out of town. For that reason, Coach Stocking is asking that the town turn out for the few games that are to be played at home.

PALMER-KIDDLE OPENS DOOR IN SOUTH OF ROOMS

Workmen completed construction the fore part of this week of a new and modern entrance on the south side of their building to allow cars to enter that side of the structure. The new entrance was made necessary through the need of this place of business for an entrance to their show rooms on that side of their place of business. This gives them one door on the east and a second one on the south, making sufficient room to care for all the cars they may have occasion to handle.

CLARENDON LIGHT PLANT EMPLOYEES IN MEETING

The district meeting of the West Texas Utilities Company was held in Childress Tuesday of this week with many of the members of the Clarendon crew in attendance on the sessions. This event was the usual safety meeting of the district and was more widely attended than any others for this reason. Those attending from Clarendon are: T. D. Nored, Robert Dillard, Jim Blair Redfern, Mr. and Mrs. George Garrison and Mr. and Mrs. W. L. Smith.

KINSMEN OF ONE TIME RANCHER ARE HERE

V. B. Rowe of Liverpool, England, and H. V. Rowe of London, England, are here this week visiting in the home of Mr. and Mrs. W. H. Patrick. Both of these young men are kinsmen of the one time rancher, the famous RO ranch east of Clarendon and have longed to see this country at first hand after hearing so much of it from their relative who founded the place. They are on an extensive tour of the United States and will be here for a short time before going to other points of interest.

Worsham, Mrs. B. G. Smith, Mrs. A. A. Mayes, E. M. Lindsey, Mrs. E. M. Lindsey, Miss E. Stevens, Vada Waldron, R. G. Brister, Helen Beck, Mrs. W. A. Wilson, Mrs. L. M. Cousins, Mrs. T. D. Nored, Josephine Murphy, Julia Taylor, Verna Latson, John G. Hutton, J. R. Wells, Elton Aiken, Mabel Mansell, May Lumpkin, Lillian Abbott, Mrs. Fred Rathjen, Ozella Hunt, Mrs. L. N. Cox, Rita Foster, Frank Stocking, V. B. Rowe, Liverpool, England; H. H. K. Rowe, London, England; Katherine Patrick, Marvin Lindsey, Ben Smith, Phifer Estlack, Joe Noble, Mrs. Brice W. Kennedy, Lillie Dell Slover, R. E. Drennan, Mrs. R. E. Drennan, Geneva Merrill, Helen Martin, Roberta Ryan, Mrs. L. B. Cooper, Mrs. J. G. Sherman, Mrs. H. T. Burton, Nedda Sue Burton, Mrs. Odos Caraway, Mrs. Geo. A. Ryan, Mrs. Sam M. Braswell, Mrs. U. J. Boston, Dorothy White, Alta Lewis, Mrs. L. H. Johnson, Mrs. H. C. Brumley, Mrs. H. Mulkey, Carrie E. Owens, Lorena Steagall, Mrs. W. M. Murrell, Mrs. Sam E. Allison, Mrs. H. J. Edington, Mrs. G. Lester Boykin, Fray Stallings, Mrs. F. L. Stallings, Temple Harris, Mary H. Howron, Jennie Dale Porter, Ineva Hendrick, Mrs. D. O. Stallings, Mrs. H. T. Patrick, Mrs. A. L. Chase, Mrs. O. C. Watson, Mrs. W. C. Stewart and Mrs. W. A. Pierce.

FIRES TO OPEN COURT MONDAY

FALL TERM OF DISTRICT COURT TO HAVE LIGHT-EST DOCKET IN YEARS.

Opening the Fall term of court in Clarendon will be a very simple matter this year, for the reason that the docket is lighter than it has been in a number of terms of court. The grand jury is called to meet at 10:00 o'clock and will be impaneled and started on their task. A list of the jurors was carried in the News a short time past.

There will be no jury called for the first week of court, but there will be some called for the second week of court. The third week opens with a murder case set for trial beginning on Monday. A special venire will be called for that week. Other cases of little importance will either be tried or cleared from the docket of the court before the end of this term.

This term of court will be presided over by Judge A. J. Fires of Childress, newly appointed to the judge of the 100th Judicial District on the resignation of C. C. Small, the judge for the past term. Judge Fires was also elected to the office in the primary in July.

The major part of the new cases to come to trial at this term for the first time are divorce cases. These hold the predominant place in the affairs of the court on appearance cases. There are very few cases dealing with the violation of the liquor laws of the state other than those that have been held over from the preceding terms of court.

It is expected that little work can be done in this term of court unless the Grand Jury should secure a number of indictments from their labors during the time the court will be in session here.

ESTLACK MOVES PLANT TO HOLLAND BROS. BUILDING

J. C. Estlack, owner of the Estlack Printery, removed the equipment and shop the fore part of this week to a new location in the Holland building, on East Second Street. The new location gives more room and is in a fine new building, making all things work to a better end. The shop is now housed in that part of the building formerly held by the Bartlett Nash Company, but vacant since the removal of Mr. Bartlett to Childress.

CLARENDON DOCTORS ATTEND MEET IN MEMPHIS

Dr. H. L. Wilder and Mrs. Wilder and Dr. B. L. Jenkins, all of this city, were in attendance on the meetings of the Panhandle Medical Society in Memphis Tuesday and Wednesday of this week. The attendance of other doctors of this city was prevented from a number of reasons that were unforeseen prior to the opening of the sessions of that body. Dr. Wilder appeared as Councilor of the Texas Medical Association and was placed on the program to respond to the address of welcome. All attending physicians report that Memphis did all possible to make the two days' stay a most thoroughly enjoyed affair.

YANKS WIN FOUR GAMES FOR TITLE

CARDS MAKE POOR SHOWING AND BREAKS GO TO THE WINNER AS USUAL.

The New York Yankees won another world's championship Tuesday when they won their fourth consecutive baseball game from the St. Louis Cardinals, 7 to 3. Entering the series in a crippled condition the American League entrants breezed through to four straight wins with no serious opposition.

New York won the first two games on their home grounds 4 to 2, and 9 to 3. Journeying down to St. Louis they won the two remaining games 7 to 3 and 7 to 3.

FIRST COTTON FIRE BURNS FIVE BALES FRIDAY EVE

The first fire in the Clarendon cotton yard was reported last Friday evening, when a fire was discovered with a number of bales in danger of being entirely destroyed. The department answered the call with all possible speed and were successful in preventing the spread of the flames to other parts of the yard. Five bales were burned and no other damage was reported. All were insured.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

If prohibition gets all the "enforcement" promised and threatened by both parties in this campaign, the "wets" are sure out of luck for the next four years.

Texas again won the Dixie Series, when Houston staged a powerful come-back to win over Birmingham. Now, if our Cardinals had only done as much in the World's Series—

Are you going to get so busy this fall that you will do even less work of a community nature than before? We hope not. We all need to be busier than we are on our own account, but the community demands need attention, also.

If anybody, anywhere, was in doubt as to Al Smith's "weakness," a glance at his votes for the past two decades for whiskey and its attendant evils would settle the question forever. Prohibitionists demand that if there is ever to be any tinkering with the Eighteenth Amendment and the Volstead Act that it be done by friends—not enemies.

The safety and continuation of progress in this nation rests with those citizens who boldly take their stand on national issues, but grant to others the same right, refusing to let political differences sever or weaken friendships. One doesn't lose real friends over a difference in view on any subject. The others don't matter so much.

Al Smith is a generous cuss. He is actually willing to let the states have the same rights they had before the passage of the Eighteenth amendment. The Tammy candidate has stirred a hornet's nest in his attack upon prohibition—the greatest moral victory in the last hundred years. The moral forces in America will shatter him like glass and he will go down in history as the last man in this nation to dare fight on the side of liquor.

Football in the Southwest, especially Texas, is forcing respect and recognition in the East and North. Last year four Texas gridsters won an inter-sectional game for the West against the East, and last Saturday S. M. U. won a moral victory against the Army on their grounds at West Point, when the game ended with the Army one point to the good—and how good that whistle sounded to the Army Mule.

If Republican John Raskob quits the Republican party because of prohibition, going to the Al Smith standard to "rid this nation of damnable prohibition," it proves that even Andrew Mellon's enforcement is too strong to suit him and indicates to the world just what sort of enforcement we might expect under Al Smith's "leadership" and directed by Democrat John Raskob, as secretary of the treasury. Doesn't take an extra smart prohibitionist to get the lay of the land.

The 1928 Annual Home Town Edition of the Clarendon News will be published on Thursday, December 13th, just nine shopping days before Christmas. Like the circus, it will be "bigger and better than ever."

Good citizenship demands that all citizens vote in the election of Nov. 6th, and every other election. No matter what your sincere views are, go to the polls and register your will. Thus shall be preserved the foundation of free government. Vote, urge your neighbor to vote.

Our community auditorium needs continue to mount up. This week we are having a home-talent performance for a local worthy cause, and the staging of the presentation is seriously handicapped by stage facilities far too small, and by a house which will hardly hold the relatives of those appearing in the production. Growing children continually demand larger clothes, and our growing community needs an adequate auditorium. Let's play Santa Claus to our own local need.

West Texas Chamber of Commerce officials have entered a fight to oppose the freight advance in this section of the state. It is their duty to fight for the best interests of West Texas, but our enemies have at last succeeded in bringing about a new rate structure and it will cost the people of West Texas three to five million dollars every year in added freight costs. There was a time in this section of the country when tonnage was so low and the population so sparse that the railroads had a hard time making a profit, but that time has departed.

"Lift the Panhandle out of the mud" is an admirable slogan, and The News wishes the organization for that laudable purpose an early success, but here in Donley County the proposition is squarely up to ourselves. No outside agency can bring us a system of roads, although the state and federal government offer large aid if we will but do our part. We are soon to have an opportunity of deciding whether or not our county shall go forward along with our neighbors in the very important matter of paved and macadamized roads. Let's lift this part of the Panhandle out of the mud.

### COURTESY

A meeting with an old-time Chinese scholar elicited the meditative conclusion: "When all is said and done courtesy remains the most certain proof of the superiority of a civilization. It is the great aristocratic hypocrisy which banishes the obscenity of the human beast and transform the egoisms and atrocious rivalries of men into aesthetic spectacle. It scatters precious moments through everyday life like those golden points which gleam in the lustrous surface of lacquer."—Abel Bonnard in "In China."

Donley County scored twenty-third place among the Texas counties exhibiting at the State Fair of Texas at Dallas, which is just twenty-two places lower than we should have scored—if we had only had a county agent. Randall County won second place without the continued rains that Donley enjoyed this year—but they have a most efficient county agent over there. Winning exhibits is only one of the services a county agent does for his county. Donley County rightfully belongs in front rank of Texas counties and will regularly be among the top notchers—when we have the vision and the will to employ and use a county agent. We are able.

Each and every man ought to interest himself in public affairs. There is no happiness in mere dollars. After they are acquired, one can use but a very moderate amount. It is given a man to eat so much, to wear so much, and to have so much shelter, and more he can not use. When money has supplied these, its mission, so far as the individual is concerned, is fulfilled, and man must look still further and higher. It is only in wide public affairs, where money is a moving force toward the general welfare, that the possessor of it can possibly find pleasure, and that only in constantly doing more. The greatest good a man can do is to cultivate himself, develop his powers, in order that he may be of greater service to humanity.—Marshall Field.

### "THE GOOD OLD DAYS"

Now we know why the days that are gone were called "the good old days." A letter from an old-timer in the Dallas News states that game was so plentiful that wild hogs freshened up the appetite jaded with wild turkey, venison and other choice meats. No wonder the days were good. No scrabbling for chuck. All you had to do was to go out with dogs and gun, round up the hogs, pick out a nice fat razorback—that you never had to feed—get your hog and live fat for some time to come. Nature prepared the food and all you had to do was to go get, without money and without price. And you did not have to buy feed for the wild game you ate. Now the hogs must be fed and the poultry looked after and there is not much fun going out with a gun to shoot up more or less tame prairie chickens or doves. And you feel rather like a criminal to shoot ducks and geese for the fun of it. In the good old days of yore wild game was necessary for food. But the ruthless slaughter was a crime. And the penalty was the extinction of many kinds of game. So, to our shame, the good old days were not so good after all.—Higgins News.

### THE PARTY LASH MAKES A BIG DIFFERENCE

Hon. Guinn Williams is one of the foremost congressmen from Texas. He is a big visioned, big-hearted West Texan and a man whose judgment is uniformly sound—when he is allowed to make his own conclusions. In 1927 he knew Tammany Democracy for what it really is. In 1928 he still knows Tammany, but the party lash makes a difference and he talks differently. It's the same with every other Texas congressman and senator. Read what Guinn said down at Iowa Park last year and figure it out for yourself, remembering that Texas rank-and-file Democrats can't be driven by the same party lash—we have no jobs nor position to uphold:

"Let's see about Guinn. About a year ago he was in Iowa Park and attended a luncheon and made a talk. Guinn was talking about the democratic minority in congress, and he didn't figure New York Democrats much of a party asset. He said "there is as much difference in those New York Democrats and the kind of Democrat you and I are as there is in a wolf and a sheep." He said "I hate to say it, but the western Republicans and the Southern Democrats are more alike; they are almost like this," and he placed his palms together."—Iowa Park Herald.

### ECONOMY AND EFFICIENCY IN COUNTY CONTROL

A general utility man is employed for his full time by the Campbell County (Va.) School Board. He visits regularly the 99 schools of the county and makes necessary repairs to buildings and equipment. Many old buildings have been remodeled by the utility man since his employment in June, 1926, and sanitary conditions have been improved in a number of other schools. In addition, he has constructed two new school buildings. He paints roofs, repairs defective flues, sets up and rebuild desks, and twice a year he oils the floors of the buildings which have no janitors. The school board has purchased a truck, and this enables the utility man to deliver school supplies, which are bought in quantities, resulting in a substantial saving. Coal for some of the smaller schools is delivered by him. He is paid 40 cents per hour and he has received an average of \$82.50 per month. Additional help required by him is paid for at the rate of 30 cents per hour. Operation and maintenance of the truck costs an average of \$38.25 per month. The work of this man has resulted not only in the saving of time and money in the conduct of schools in Campbell County, but has notably increased the efficiency of the school system. The division superintendent of schools directs the work and arranges the program for his visits to the schools.

### OLNEY CITIZENS TAKE ADVANTAGE COUNTY AGENT

Farmers in the immediate vicinity of Olney are taking advantage of the employment of a county agent to learn about terracing, caponizing, and culling, through demonstration.

## "TEXAS FARMERS IN FINE SHAPE"

By J. A. MOORE  
Superintendent of the Agricultural Department of the State Fair of Texas

I am harvesting my twenty-ninth crop and preparing for my thirtieth and in all those years I never saw conditions more favorable throughout Texas than they are today.

In 1926 we harvested one of our best grain crops and better than a five million-bale cotton crop, receiving less than 15 cents for our cotton. In 1927 we had another fairly good grain crop and a four million-bale cotton crop—a million bales short of that of 1926—but we received a million dollars more money for it, and furthermore, the farmers in 1927 produced their crop at a lower cost than in 1926.

This was the turning point for the Texas farmer; that was when he returned to the days of old. He arose early in the morning and stayed late in the fields, and having learned that lesson in 1927 he carried it into his farm plans in 1928. While his acreage in corn and practically all other grain crops has been reduced in 1928, the weather conditions, combined with other favorable circumstances, has increased his yield in every crop except oats.

He has not only supplied himself with ample food and feed for himself, his family and his livestock, but there are more farmers today with a surplus of feed and a surplus of livestock to sell at a profit than there was in 1927. You will find many more farmers today with chickens, hogs, milk cows and beef cattle than you could find a year ago.

With these conditions before us and with a cotton crop that will likely equal the 1927 cotton crop, with a price that will also equal the 1927 price and furthermore a twenty-five per cent reduction in the cost of producing the crop over that of the year before, the farmer, as I see the situation today, is in the best shape he has been in years, if not than ever before in the history of Texas. The men who really worked and who put some thought into their work are admitting this.

I am making this statement after a trip through all parts of the State; I have met the real farmers and I have found them going ahead on the right road, all wide awake and not only ready to listen to practical suggestions but able and willing to make them for the benefit of all concerned.

These are the type of men who never miss the educational opportunities offered by the State Fair. They will all be in Dallas sometime between October 6 and 21. Some of them will remain for several days, picking up information, comparing notes, studying the exhibits relating their experiences to others eager to learn and missing no opportunity to acquire knowledge that will help them in their daily work.

They will spend most of their time in the agricultural, dairy, poultry and live stock departments and the machinery sections looking over what is new. They will bring their wives and families and every member will learn something that will be of benefit to them. These are the people who get the most good out of the State Fair.

### Largest Motor Exhibit Ever Held in Southwest Planned for 1928 State Fair

In line with the general plan to make the 1928 State Fair of Texas the greatest and most interesting ever held, the directors in charge of the automotive show have evolved a plan which will result in the most novel and the largest motor exhibit ever held in the Southwest, far exceeding in the number of attractions the annual shows at St. Louis and Kansas City, according to Phil Prather, in charge of that section of the State Fair.

The automotive section in the Manufacturers' building has been enlarged to take in all the new features, it is said. There will be eight divisions this year, instead of only two as in years past. These will be the regular display of new 1929 models of passenger cars, continuous demonstrations of cars in action on a track inside the building, a complete exhibition of shop and garage equipment in action, special factory exhibits, general accessory and equipment exhibits, an immense exhibit of motor buses, educational exhibit for motorists and an exhibit of airplanes including the newest and largest passenger planes.

"The automotive show alone will be well worth anybody's time to come to Dallas to see, regardless of the thousands of other attractions at the State Fair," said Mr. Prather.

There will be no horse races held on Sundays at the State Fair of Texas Oct. 6 to 21, but five races each afternoon will be featured on each of the other 13 days of the fair.

Demonstrations every morning on the grounds of the State Fair of Texas, Oct. 6 to 21, will show farmers the modern methods of hitching and working teams of more than two horses. The new methods, it is said, will save any farmer \$200 a year in time and labor.

### HIGHWAY 91 BEING GRADED THROUGH ALL HALE CO.

Grading work on Highway No. 91 through Hale County is progressing steadily according to accounts from Plainview. It is expected that the road will be ready for paving on schedule time.

## NEW CITIES LAY BETTER STREETS

LOSS ANGELES, WITH 4,740 MILES, HARD SURFACES 234 MILES FOR RECORD.

BY E. E. DUFFEY.

Younger cities, perhaps governed less by habit, are making better provisions for modern traffic than older centers of population.

Los Angeles, for instance, a member of the younger generation of cities, last year established a new record in street building by completing and accepting 234 miles of first class pavements capable of economically carrying the tremendous burden that daily passes over the ordinary city street.

That city now has 1,456 miles of pavements of which 900 miles may be said to be adequate for the automobile in its demand for stability and smoothness, more than is possessed by any other city. This is only a small part of Los Angeles' street equipment, for if all streets were unraveled they would extend for 4,740 miles, a nice summer tour.

All cities, even down to the village of a few thousand, possess startling mileages of streets. This fact alone constitutes one of the best arguments for the construction of street surfaces that serve year in and year out without excessive repair bills.

It is both unfortunate and illogical that cities progressive in almost every other respect permit the continuance of costly repair work on such vast mileages of inferior roadways as are in existence. Numerous cities of importance built downtown streets 20 or 30 years ago for horse drawn vehicles. Notwithstanding the complete change in the type of traffic, these streets have been repaired year after year with little attempt at redesigning them for modern needs. This is not a characteristic of large cities alone.

Street repair bills play "hob" with city budgets, and in many instances account for excessive indebtedness. Efficient cities are proceeding on the principle that it is best to replace high-cost inferior surfaces with high-type pavements and to build new streets of stable material. Such action saves money, provides greater effort and gives the taxpayers the peaceable feeling that he has bought something other than the privilege of spending money for repairs.

Not only are younger cities, designing street accommodations particularly for the automobile, but it is striking that subdivisions and newer sections of old cities are also recognizing that the automobile is not a hay-burning machine.

A car weighing a ton, (most of them weigh more than that), traveling along at a moderate rate of speed deals the roadway a blow of two tons when a slight bump is hit; trucks often throw a force of five tons per wheel on the road. There is no wisdom in continuing to repair streets of ancient vintage, simply because it is easier.

### CLARENDON FARMER WHO OPPOSES WHISKEY RING

The Whiskey Ring met in a recent Convention and tried to read out The Great Democratic Party, every man and woman who do not believe in stultifying their conscience, and voting for WHISKEY. The Good Men and Women of the Democratic party, of the United States, cannot conscientiously vote for WHISKEY, and they are not going to do it either. Now, as to whether the Whiskey people read them out remains to be seen. They tell us that they cannot

change the Volstead Act, that they cannot change the 18th Amendment. No, they cannot do that without a two-thirds vote of the people, but they can select enforcement officials who will NOT ENFORCE, because the head of the Government is opposed to the 18th Amendment, and despises the Prohibition law. When the head of our Government is opposed to Prohibition from EVERY ANGLE, do you suppose that he would name Prohibition officers who would enforce a law that he despises? Well, hardly. Being opposed to prohibition, he would naturally, and conscientiously name prohibition officers who would let the people have all the liquor they want and at prices much lower than whiskey drinkers are now paying for whiskey. It would mean easy whiskey for the boys and girls who drink this poisonous stuff. Some believe that our boys and girls are drinking more whiskey now than they drank when we had open saloons. This is unreasonable to believe, when it is so much harder to get whiskey now than when saloons were the order of the day.

This reminds us of the story the Great Evangelist Sam Jones once told of a Kansas Saloon Keeper. This saloon keeper told Mr. Jones: "We sell more liquor under prohibition than we sold when we had open saloons." "Well," Mr. Jones replied, "when you had open saloons, you sold all the liquor you could get now that you have closed saloons, you sell more liquor than you can. What kind of a lie is that you are trying to poke down me, you lousy old hound?"

A good man and farmer of Clarendon told us last Sunday that he visited Clarendon Saturday, when they had a big crowd in town, and that he never saw a single drunk man, or anyone who had the smell of whiskey on them. He also told us that if Clarendon had had open saloons, from six to a dozen drunk men would have been seen on the streets. He has seen Clarendon with open saloons and also did business in that town when prohibition was enforced. He knows the difference. This farmer is a life long Democrat, never scratched the ticket in his life, but says he will NOT vote for Al Smith

Figuring ahead...  
...and getting ahead

YOU can save money on your Cow Chow bill this fall and winter by following this plan—

1. Figure ahead how much Cow Chow you will need for the whole winter.
2. Let us give you a price on your winter needs. We can save you money on quantity orders.
3. Arrange to take it off the car as you need it. That will save you what we would otherwise have to charge for handling, hauling and storage.

Figure ahead—that's the plan thousands of dairymen are using today to get ahead.

Ask us for our quantity prices off the car—drop in or phone.

The Store with the Checkerboard Sign

for President. Do you blame him?—Claude News.

It is unnecessary to remove food from a can as soon as it is opened. For a reasonable period

the food may safely remain in the can. Transferring it to another container only means another dish to wash. If the can was safe while the food was shut up in it, it is still safe.

## Voice of the People

The time is near at hand when the people of the nation will express at the ballot box their approval or disapproval of its public servants and nation policy

When the public speaks it always is portentous, significant and consequential. Whether the verdict applies to national politics, a public utility, a private business or an individual. It is an incontrovertible force in which judgement the victor or the victim must abide.

The public demands, and is entitled to service—good service and constructive service—no other kind will develop confidence and trust or perpetuate loyalty and patronage.

This sort of service forms one of the basic principles upon which the West Texas Utilities Co., is founded. It is with pride that we point to the thousands of satisfied customers who stand loyal and steadfast. We like to believe that it is a commentary to our unswerving efforts that our industry continues to grow and thrive in such gratifying proportions.

### ATTRACTION SUPREME FOR THE STATE FAIR AUDITORIUM PROGRAM

Dallas.—(Special)—Roy Rupard, secretary of the State Fair of Texas, announces that the advance ticket orders and the mail orders from out of town for "The Desert Song" are three times in excess of those of any previous attraction brought to the State Fair as an amusement feature.

"There is a reason for this," says Mr. Rupard. "Hundreds and hundreds of Texas people have already seen 'The Desert Song,' in New York, Chicago, Los Angeles and St. Louis. They report that it is in many ways the best show we have ever brought to the State Fair. They are telling their friends that we have booked a show that will delight everyone and that the prices being charged are only three-fifths of those charged in the other cities. They are also buying seats for themselves and their friends to whom they want to give a treat, and so the advance orders continue to pile in from all parts of Texas. They come addressed to me at Fair Park and I am filling them strictly in the order in which they are received."

"The Desert Song" is by Mr. Romberg, who composed "The Student Prince." The prima donna is Bernice Claire, of whom John Rosenfield, Jr., a dramatic critic of the Dallas News, who saw the company in St. Louis, says: "She is the most remarkable combination of good voice, good looks and charming personality I have ever seen or heard." There are 100 singers in the company, and the best orchestra ever brought to Dallas with a traveling company.

The latest feature to be added to the amusements which the State Fair of Texas will offer its patrons this year is that world-famous moving picture, "The King of Kings," and absorbingly interesting and thrilling picturization of the last days of the Saviour.

The picture has been endorsed everywhere by the clerks of all denominations as the most reverentially treated and the most biblically correct treatment of this sacred subject ever put on the screen or stage. Aside from this, as a spectacle, the picture is said to be tremendous. Many of the best known actors on the screen portray the parts in the Biblical drama and the picture is said to be one which will live forever in the memories of those who see it.

It will be produced in the Auditorium on Monday, Wednesday and Friday afternoons only for the reason that the theatre will be occupied by "The Desert Song" at all other periods.

For the first time in the history of "The King of Kings," the admissions will be 25 and 50 cents. This is made possible by the large capacity of the Auditorium.

### WORLD FAMOUS FILM "THE KING OF KINGS" AT STATE THE FAIR

More than 47 designations of special days have been made by the State Fair of Texas for celebration by various counties, sections, and organizations. It has been announced by Roy Rupard, secretary of the organization.

East Texas is celebrating the day on Thursday, Oct. 11, while West Texas will celebrate on Tuesday, Oct. 16, Mr. Rupard announced.

Following is the list of special days:

Saturday, Oct. 6—"Golden Key" Day, Texas A. & M. Day, Sewanee Day.

Sunday, Oct. 7—All Church Day, German Societies Day.

Monday, Oct. 8—G. A. R. and W. R. C., Agricultural Exhibitors Day.

Tuesday, Oct. 9—Dallas Day.

Thursday, Oct. 10—County Commissioners Day, East Texas Chamber of Commerce Day, Smith County Day, Gregg County Day.

Friday, Oct. 11—Children's Day, Waco Day, Columbus Day, Press Day, Van Zandt County Day.

Saturday, Oct. 13—Traveling Men's Day, All College Day, Texas Commercial Executive's Day, Texas Legislator's Day, Red Men's Day, Titus County-Mt. Pleasant Day.

Sunday, Oct. 14—All Texas Day, Security Benefit Day, Spanish War Veterans Day, Rainbow Division Veterans Day, Czech-Slovak Day, "B" Battery, 133rd Field Artillery Day, Texas Deaf Day.

Monday, Oct. 15—S. W. Dairy Association Day, Ginners Day.

Tuesday, Oct. 16—Confederate Veterans' Day, Fort Worth Day, West Texas Day.

Wednesday, Oct. 17—Kentucky Day.

Thursday, Oct. 18—Louisiana Day, American Radio Relay League, Ellis County Day.

Friday, Oct. 19—R. O. T. C. Day, Texas Federation of Music Clubs Day.

Saturday, Oct. 20—Houston Day, Mustang Day, Rice Day.

Sunday, Oct. 21—Closing Day.

### SPECIAL DAYS AT THE STATE FAIR

Mrs. Jim Haile visited in Amarillo Monday.

### STATE FAIR OFFERS BIGGEST PROGRAM FOR ITS 42ND YEAR

The 42nd annual State Fair of Texas, opens its portals on Saturday, Oct. 6, with perhaps the greatest number of new features to offer the visiting public than ever before in the history of the state institution, Harry Almstead, who is serving his second consecutive year as president of the fair has announced.

Not only will there be more entirely new features, but the quality of everything has been specially emphasized for this year's exposition.

Better amusements will be found on the ground, superintendents of every department have urged former exhibitors to bring only the best quality of agricultural, livestock and other exhibits, and efforts have been made to increase the quality of every department.

One of the outstanding features of the 1928 State Fair will be the Agricultural Department, which for the first time have more than one half of the 252 counties of Texas represented.

The increased interest in agriculture is due to some extent to the changing methods of farming in Texas—the big farm moving westward while the older sections of the state are being converted into small truck farms, poultry pens and with all raising some dairy cattle.

Dairying in Texas has increased so rapidly in the past few years, that the need for a huge dairy show right here at home has brought about the birth of the Southwest Dairy Association, which will foster the Southwest Dairy Show to be held in conjunction with the State Fair of Texas. Success of this First Annual Southwest Dairy Show has already been assured and officials of the fair are highly enthused over the prospects of the new "baby" growing to large proportions within a very few years.

The Poultry Show this year is housed in its new home. The building, known previously as "Smoky Row," because it has heretofore been used as restaurants, is handily situated just a block off the main avenue, and is well laid out for its new purpose. More than 6,000 birds are expected to be shown in the poultry show.

Horse racing will again be the special feature for grandstand amusement. Success of last year's race meet is bringing many fast horses to the 1928 State Fair meet, during which there will be 65 races run on the thirteen days of the meet. A total of \$26,500 will be awarded winners of the races.

Between races, the Barnes-Carruthers Hippodrome Circus will be presented in front of the grandstand. This year's circus is the best by far ever brought to any State Fair. It is headed by "Poodles" Hannaford, world famous equestrian comedian and one of the most daring of all bareback riders. The Hippodrome Circus will be presented both afternoon and night. The night presentation will be augmented by a brilliant display of fireworks.

"The Desert Song," perhaps the most colorful musical production ever presented on Broadway, is being brought to the State Fair Auditorium. The stupendous production has played to "Standing Room Only" on most of its engagements, and has captivated New York and London with its plaintive tunes from the Sahara, its colorful costumes and intriguing drama.

The Morris and Castle Shows will occupy the new midway. A concrete walk, nearly a quarter-mile in length, horseshoe shaped, and thirty feet wide has just been completed for the midway.

Rides and amusement devices of the permanent amusement area will be in full blaze during the sixteen-days of the fair.

Three major football engagements, and three minor games, are booked for the fair. Texas A. & M. and Sewanee blast the lid off the local season on October 6. Texas meets Vanderbilt on October 13, and S. M. U. meets Rice on October 20. Wylie College of Marshall will play Langston University on October 15. These are negro colleges. Sunset High School and Waco High play on October 12, while on Dallas Day, October 9, Abilene Christian College meets Austin College at Sherman.

Again there will be many free attractions on the grounds, chief of which will be the Art Show, the Automobile Show, and the Recording trials and entertainment in the Exhibit Building.

### GREATHOUSE TO BE AT MEMPHIS

LYRIC SOPRANO TO APPEAR IN NEIGHBORING CITY OCTOBER 16.

Memphis, Texas, Oct. 3.—Dorothy Greathouse, lyric-coloratura soprano, will be presented in recital at the Gem Theatre here Tuesday night, October 16, at 8 o'clock. Miss Greathouse is being brought to this city under the local management of William Russell Clark, managing editor, and Lyman E. Robbins, advertising manager of The Memphis Democrat.

Advance seat sale will begin this week. Mail orders will be accepted. Checks should be made payable to either of the local managers. All seats will be reserved. The first seventeen rows

will sell at \$1.50 and the remainder of the house at \$1.00. Top prices for this attraction are usually \$2.50 and \$2.00. Miss Greathouse is being brought to Memphis as an experiment, and if the recital is a success, other similar attractions will be booked during the winter season.

Miss Greathouse was recently presented in recital in Amarillo under the auspices of the Tri-State Fair and she was accorded one of the greatest ovations a musician ever received in the Panhandle city.

Dorothy Greathouse is an American artist, who not only brings vocal beauty to her art, but also has the ability of singing the story of the song into the hearts of the audience.

Being endowed with a beautiful soprano voice, capable of portraying tenderness in songs of love, brilliancy in sparkling coloratura numbers, sadness in the dark tone poems of pain and sorrow, together with a charming personality and highly intellectual interpretative powers, she has succeeded in captivating her au-

diences wherever she has appeared, and today is one of the outstanding concert artists.

Miss Greathouse is late of the Chicago Civic Opera Company. She was the Prima Donna Soprano with that sterling operetta, "The Student Prince." Last season, she was featured on the Keith-Orpheum circuits in a program of operatic arias and songs.

The repertoire of Miss Greathouse incorporates Opera Arias in English as well as in the original languages. English ballads, German lieder, French chansons and standard Oratorios. However, American songs and ballads have a prominent place in her recitals.

Being endowed with a beautiful soprano voice, capable of portraying tenderness in songs of love, brilliancy in sparkling coloratura numbers, sadness in the dark tone poems of pain and sorrow, together with a charming personality and highly intellectual interpretative powers, she has succeeded in captivating her au-

diences wherever she has appeared, and today is one of the outstanding concert artists.

Miss Greathouse is late of the Chicago Civic Opera Company. She was the Prima Donna Soprano with that sterling operetta, "The Student Prince." Last season, she was featured on the Keith-Orpheum circuits in a program of operatic arias and songs.

The repertoire of Miss Greathouse incorporates Opera Arias in English as well as in the original languages. English ballads, German lieder, French chansons and standard Oratorios. However, American songs and ballads have a prominent place in her recitals.

Being endowed with a beautiful soprano voice, capable of portraying tenderness in songs of love, brilliancy in sparkling coloratura numbers, sadness in the dark tone poems of pain and sorrow, together with a charming personality and highly intellectual interpretative powers, she has succeeded in captivating her au-

### 300,000 Attendance Is Expected on Home-Coming Dallas Day at the Fair

Dallas.—Dallas would like to gather her children around her on the occasion of her big rally at the State Fair of Texas, which is to be held on the first Tuesday during the Fair period, Oct. 6 to 21.

That day, long known as "Dallas Day," is this year to be called "Home-Coming Dallas Day," and in the effort to make it a record breaker with 300,000 attendance, all Dallas sons and daughters are invited to come home for that one day, at least, to visit the old town, the old folks and the old friends.

Such is the plan of Chairman "Bill" Hitzelberger, the big wheel-horse of so many successful Dallas gatherings, who is the chairman in charge of all arrangements for the celebration.

Hitzelberger promises more fun and entertainment on the State Fairgrounds that day than was ever known there before, and that's saying something. All of Dallas County is to be included in the welcoming committee for "Home-Coming Dallas Day."

Starch does not taste good unless it is well cooked, hence it is advisable to cook cereals until it no longer considered necessary to cook them for several hours before they are given to the children. Many of the package cereals now on the market have already been precooked so that some of them need only a very brief cooking in the double boiler.

**NEWS' WEEKLY COTTON LETTER**

**COTTON PRICES DECLINE**

The cotton market during the week of Sept. 29th to Oct. 5th was fairly steady with quotations on Oct. 5th down about 1-8 to 1-cent per pound compared with those of September 28th. The demand for shorter cottons was reported fair with a good demand for middling and strict middling. The trade is assuming a waiting attitude, pending the government report on Oct. 8th. The Eastern Standard report will compare with the Sept. 8th estimate of 439,000 bales and actual 1928 cropings of 12,956,043 bales of 500 pounds. According to the Weather Bureau, the week ended Oct. 2nd, in the more northern states of the belt, especially the Carolinas, brought much better weather for cotton resulting in considerable reduction from the effects of late storms, although some low temperatures are still too wet in some districts.

Middling cotton, 7-8 inch staple, on Oct. 5th brought prices as follows: Norfolk, 18.38c; Augusta, 18.25c; Savannah, 18.24c; Montgomery, 17.70c; New Orleans, 18.42c; Memphis, 17.80c; Little Rock, 17.82c; Dallas, 17.60c; Houston, 18.10c; and Galveston, 18.25c. The average of the ten designated spot markets on Oct. 5th was 18.06c compared with 18.29c on Sept. 28th and 20.57c the corresponding day last year.

The total sales of spot cotton on these markets for the week were 318,341 bales against 206,467 bales the same week last season.

October future contracts for the week at New York declined 20 points to 18.85c, at New Orleans, 14 points to 18.19c, and at Chicago 10 points to 18.38c. Certified stocks on Oct. 5th in New York were 7,281 bales, in New Orleans, 4,484 bales; Houston, 3,225 bales, and Galveston, 968 bales. Total stocks in New York were 10,084 bales, in New Orleans, 141,965 bales; in Houston, 481,216 bales, and in Galveston 387,960 bales. Total exports from August 1st to October 5th were 1,230,514 bales compared with 1,297,095 bales last season in the same period.

**FINES USED TO BUY CULTURAL OBJECTS**

Small pieces of statutory, reproductions of famous works of art, colored prints of paintings by old masters, and post cards from noted places in Europe were purchased from part of the proceeds of fines collected on overdue books from the library of Richard J. Reynolds High School, Winston-Salem, N. C. The pictures and statutory were selected by three teachers of the school who went abroad last year, and they are of special value in the study of English, history, and art. It is expected that as other teachers travel abroad in the future they will be commissioned to make similar purchases, and the money paid by the students in fines will thus be returned to them in the form of cultural objects.

**DETOUR SIGNS MEAN PROGRESS**

**MAY BE A BIT TRYING BUT THEIR PLACE; 12-MILES OF THEM THIS YEAR.**

By E. E. Duffy.

Detours, like mothers-in-law, are grossly maligned. The detour though all too frequently bumpy and dusty, is a sure sign that an effort is being made to provide smooth and economical travel conditions for the motorists.

Considering the attitude the average motorist possesses toward the detour, probably no set of figures would be more depressing to him than those showing detour mileages. Be that as it may, in 1928 motorists are being compelled to travel over 4,000 miles of improvised roads because of high type pavement construction, and 88,000 miles because of other road construction and bridge installations.

A few years ago a facetious gentleman remarked that there was more "de-touring" than touring. At that time he was undoubtedly right—for then detours were established helter-skelter and the dilly-dallying of highway builders prolonged the agony.

But today, the detour is usually a fairly well kept roadway and travel is directed over it for as short time as possible. Road builders now accomplish as much in a week as they did in a month ten years ago, and this means that paved highways are being thrown open to traffic much earlier.

Road builders have adopted a striking method of road construction for which the motoring public may be thankful. This is half at a time construction wherein one half of a pavement is laid while traffic continues traveling over the other portion. When the first strip of pavement is laid traffic is moved over to the pavement and the gigantic mixer then travels down the other lane leaving a trail of concrete flush with the strip in use. This of course is not always practicable.

A community without detours is either a community with enough good roads, a rara avis, or else that community is neglecting its roads.

Even at that, the detour is certainly no worse than the roadways over which travel in backboards was current a few years ago.

**HATCHING CHICKS IS OLDEST INDUSTRY IN HISTORY**

Farmers and poultrymen who hold the belief that when they buy chicks from a modern hatchery they are patronizing an infant industry are due for a surprise. King Tut, so ancient records show, must have dined regularly on broilers raised from hatchery chicks, for incubators have been used for production of chicks by the Egyptians and Chinese from time immemorial.

The hatchery business, far from being a product of modern enterprise, was old when Columbus first landed in America. It has behind it the tradition of ages, and is probably the first farm industry to adopt economical mass production methods—long before modern leaders "discovered" this means of reducing production costs.

The hatching and selling of baby chicks as a business enterprise has existed more than 2,000 years in Egypt and China, ancient records show; while fifty years ago when hatcheries were unknown in this country, there were at least 150 hatcheries in Egypt, each with a capacity of about 300,000 eggs a year. Thirty-four years ago first shipment of chicks was made in this country, inaugurating what was to grow to one of agriculture's largest industries.

Although the hatcheries of the country have several organizations, and do millions of dollars of business each year, it was not until recently that some of the more progressive hatcherymen banded together to promote the sale of chicks on a purely business basis, with quality of product, and excellence of service to customers as their basic ideal. These hatcheries, operating under the slogan, "Hatchery Chicks For Greater Profits," are scattered from coast to coast. They come nearest to the ideal of the ancient Egyptian hatcheries, whose operators for generations handed their business down from father to son, to carry out the traditions of service which is a part of their industry.

**CROSBYTON FARMER RAISES LARGE PUMPKINS**

A pumpkin weighing 55 pounds raised by Lon Martin, a Crosbyton farmer, was brought into town and exhibited. The pumpkin was unusual in size for this section and will be taken to some of the fall fairs.

ago. If the detour is a bit rough, the only thing to do is to be Polyanish about it.

**ILLINOIS SHATTERS WORLD'S PAVING RECORD**

Chicago, Ill., Oct. 10.—A world's record in pavement building was recently established by Illinois when in one week 70.68 miles of concrete pavement were laid, state highway records show. These roads are 18 and 20 feet wide. This mileage exceeds the previous week's construction by more than seven miles. One hundred concrete paving mixers are at work on Illinois state projects, several are capable of placing more than a one-mile strip in seven days.

The efficiency of modern road building is evidenced by a comparison with pavement building of ten or fifteen years ago. Then a single mile of hard surfaced road frequently required a month for construction.

Illinois hopes also to establish a new season's record. This state now holds the world's best mark of 1,229 miles of hard surfaced road built in 1924.

**DUCK SEASON OPENS ON OCT. 16TH TO JAN. 31ST**

Shotguns of all sorts, shells with long range and hard hitting power, hip boots and hunting coats are taking the center of the stage this week as the hunters plan to be up and away early on the 16th of this month to take advantage of the opening of the 1928 duck season. Reports indicate that the ducks are plentiful and that there will be little difficulty in securing the limit, especially on the first few days of the season. The hunting season for this sort of birds is extended to January 31, 1929, giving the hunters plenty of time to enjoy all the shooting the care to start. Reports are that the ripening fields of the county are being visited by the incoming migratory fowls and that the producers will be glad to be rid of the visitations since they are doing considerable damage to the crops.

The friends of Mr. and Mrs. S. T. Sayre will be glad to learn they have returned from Mineral Wells and that they are staying at the Hotel Clarendon until they leave for their winter trip.

**CHILDRESS HOTEL COFFEE SHOP TO OPEN SOON**

The Childress Hotel Coffee shop will be opened soon, two months previous to the opening of the hotel proper, according to J. P. Rankin, manager. This is being brought about by a special effort on the part of contractors.

**GRADUATE STUDENTS ADVISE WISCONSIN FISH**

Five graduate students of the University of Wisconsin will assume this fall the responsibility of assisting first-year men students in the selection of their courses and in the adjustments to college life. The plan had its inception in the university last year. The system is continued in the belief that graduate students, themselves just finished with undergraduate work, can render more acceptable service to new students than older men whose student days are remote. The administrative assistants, as the graduate advisers are called, are under the supervision of the junior dean of the university.

**SEXES ARE SEPARATED IN FRENCH SCHOOLS**

Schools in France for the most part are not co-educational, but in some places they admit both boys and girls. In maternal schools any child under six may attend. Each commune is expected to maintain at least one elementary primary school. In small communes the schools are of necessity mixed, but where two or more schools are supported the

usual practice is to separate the sexes. The superior primary schools, the secondary, normal, and technical are usually not co-educational. Schools for boys are generally taught by men and schools for girls by women, but some courses in secondary schools for girls are given by men teachers. The proportion of women teachers is increasing. The uni-

### Big Home Talent Cast of Over 50

"The Flapper Grandmother," a musical comedy, with a cast of over 50, will be presented at the College Auditorium Friday night, Oct. 12th. The P. T. A. is working hard on this proposition and bringing to Clarendon one of the most delightful home talent productions ever staged. There is a laugh in every line.

A plot that holds your interest throughout, action swift moving and clean and wholesome comedy. There will be choruses of Flappers, good-looking Jellybeans, ridiculous matrons, funny door knobs and precious ragdolls.

The Flapper Chorus is perhaps one of the most attractive features of this show. They have the cutest and cleverest songs and dances you have ever seen. Much originality is displayed in the way of costuming.

The comedy deals with an old grandma who invests her money in the Tea Pot Oil Dome; later she becomes a millionaire; she decides to go to Europe and have her face lifted and return to America a typical flapper with beaux galore. The talented Miss Rita Foster will be the Flapper Grandmother.

Other outstanding characters are Mrs. J. L. McMurtry, C. C. Powell, Philip Gentry, R. E. Drennan, Rita Foster, Nettie Sims, Gwyn Youngblood, Hugh Lusk, Earl Smith, Joe Cannon.

So check your critical faculties at the door and relax your face so that you can give it a treat in the way of a good laugh.

#### FIRST METHODIST CHURCH

## Society

#### Episcopal Auxiliary Meets

Mrs. John Fleming was hostess to the ladies of the Episcopal Auxiliary when they met in a business and social meeting Wednesday afternoon with a fair attendance.

Many interesting items were discussed during the session and many pleasantries exchanged during the social hour.

#### Home Economics Club Enjoy Demonstration

"The Serving of a Formal Dinner" was demonstrated by Miss Harvey Thompson, Friday afternoon, when fifteen of the Home Economics Club members gathered at the home of Mrs. W. D. Van Eaton to be the guests of Mrs. Joe McMurtry.

Mrs. Wm. Spitzer and Mrs. M. T. Crabtree, who were delegates to the Federated Club meeting at Hedley, talked interestingly of the meeting, with the instructive and interesting demonstration by Miss Thompson following.

#### Ladies Aid Is Guest of Mrs. Cline

Mrs. R. H. Cline was hostess to the members of the Ladies Aid Society of the First Christian Church when they, under the direction of Mrs. O. D. Leisburg, studied the 16th Chapter of Matthew Wednesday afternoon.

Mrs. Tarwater gave her name for membership during the business session. A social hour was enjoyed afterwards with dainty refreshments being served.

On Wednesday, Oct. 17th, Mrs. J. A. Thompson of Lelia Lake will be hostess to the society members with Mrs. Cline as leader.

#### Busy Women Elect Officers

The members of the Busy Women Sunday school class held their regular business meeting in the parlors of the Methodist Church Friday afternoon with the following officers being elected for the new year: Mrs. E. M. Ozier, president; Mrs. Edwin Baley, 1st vice president; Mrs. Otis Barnes, 2nd vice president; Mrs. J. M. Acord, secretary; Mrs. Eula Cox, treasurer; Mrs. C. A. Burton, teacher; Mrs. Carrie Weidman, assistant teacher.

The yearly reports were read with much gratification and more plans for the bazaar were discussed.

#### Misses Helen and Mildred Martin Are Clever Hostesses

A party extraordinary was that given by Misses Mildred and Helen Martin at their home Thursday evening when they entertained Misses Dewey Mitchell, Winnie Weatherly, Opal Pyle, Norma Rhode, Herloise Burrell, Mable Mansell, Gnevrre Merrill, Rita Foster, Mrs. C. W. Galloway and F. E. Sawyer with a waffle supper.

On each place card was instructions as to the part of the meal to be served by the guest. This caused much merriment with hilarity reigning throughout the evening.

#### Mrs. W. W. Taylor Is Hostess

A delightful hospitality Saturday was that given by Mrs. W. W. Taylor when she entertained a number of friends with bridge at her home.

The rooms were attractively arranged with late garden flowers and proved an inspiration for the many hands of bridge enjoyed during the afternoon.

A lovely salad course was served at the close of the games to Mrs. S. M. Braswell, Mrs. H. B. Kerbow, Mrs. C. E. Killough, Mrs. J. R. Porter, Mrs. C. C. Powell, Mrs. Eva Rhode, Mrs. J. G. Sherman, Mrs. Fred Rathjen, Mrs. Roy Beverly and Mrs. W. H. Youngblood.

#### Willie Maude Pratt Celebrates Birthday

The young set enjoyed their share of frivolities the past week and among the very happy occasions was the party given by Mrs. R. L. Bigger in honor of the tenth birthday of her niece, Willie Maude Pratt, at the home of Mr. and Mrs. R. L. Bigger Saturday afternoon.

A wonderful time was spent

by her friends with all kinds of games being played under the supervision of Berkeley Ryan, Gerald Pratt and Vera Nolan. Big colored balloons and candy dumb-bells were given as party favors.

The refreshment table proved a source of delight to the youngsters. The birthday cake, which centered the table, was made in the form of a merry-go-round with animal cookies serving the places of the customary horses, and the ten birthday candles supplying the lights. A menagerie surrounded the cake with other animals in pans being artistically arranged in various places of the table. The circus idea was enjoyed by the youngsters almost as much as a real circus is.

Those helping to celebrate the happy occasion were:

Joe Ellen Kennedy, Merry Tom Atterberry, Mildred Atterberry, Eugenia Nolan, Peggy Word, Gertrude Reed, La Verne McMurtry, June McMurtry, Kittie Carroll, Margaret Kelley, Margaret Wilkerson, Lala Belle Wilkerson, Dorothy Joe Ryan, Maxine Ellis, Katherine Calhoun, Gertrude Hayden, Willie Maude Pratt, Thomas Earl Noble, Billie McAdams, Luther Hall, Micky Stewart, Jack Lynn Rutherford, Dudie Gentry, George Lowe, Rayburn Smith, Billie Cooper, Junior Swift, Johnnie Lott, Martin Kelley.

#### "Where Our Money Goes" to Be Studied By the Baptist Ladies

The W. M. S. of the Baptist Church will have their regular Missionary program on Oct. 17th, at the church at 3 o'clock. The subject to be studied is "Where Our Money Goes," with Mrs. T. M. Couch as leader, and the program follows:

Hymn—"Kingdom Is Coming." Devotional—Rev. McClung. Current Missionary Events—Mrs. A. T. Cole. Co-Operating in the Business of Missions—Mrs. G. G. Kemp. Lines of Service—Mrs. J. T. Warren. Hymn—"I Gave My Life For Thee." Lord's Prayer in Concert.

#### Friday Afternoon Bridge Club Is Guest of Mrs. Selden Bagby

A much enjoyed affair of last week was the meeting of the Friday Afternoon Bridge Club members in the home of Mrs. Selden Bagby for an afternoon of enjoyment at their chosen game, bridge, Saturday afternoon.

Beautiful dahlias were artistically arranged in the living room of the home, where the guests were seated for the games, with Mrs. M. P. Gentry holding high score, and Mrs. C. E. Milley drawing consolation at the close. Both were presented with beautiful favors.

Those in the playing were: Mesdames C. E. Miller, Forest Taylor, Holman Kennedy, Sam Dyer, M. P. Gentry, P. B. Gentry, Park Chamberlain, James H. Morris and Miss Mildred Martin.

#### Mrs. Shelton Is Hostess to Mother's Club

Mrs. Paul Shelton entertained in her home for the first time Friday afternoon, when she was hostess to the members of the Mothers' Club.

Mrs. J. R. Porter was leader for the afternoon of the interesting study on "The Economic and Aesthetic Value of Teaching Children to Know and Love Birds" with Mrs. W. C. McDonald reading an interesting paper on "What the Government Has Done For the Protection of Birds and How to Obtain Its Printed Matter."

A short sketch of the life of Audubon was given by Mrs. T. H. Ellis and a general discussion followed with Mrs. R. Wilkerson, Mrs. Porter, Mrs. Manley Ozier and Mrs. H. T. Burton presenting prepared readings.

A dainty refreshment course was served later.

#### Mrs. Jim Haile Is Congenial Hostess at Bridge Party

On Thursday afternoon Mrs. Jim Haile was the congenial hostess to the members of her bridge club and a few special guests, at her home.

An autumn motif was carried out in the decorations and bridge accessories for the afternoon.

During a short business session of the club Mrs. Manly Ozier, Mrs. Bill Bromley, Mrs. Robert Parks and Mrs. Jim Redfern were elected to membership.

At the close of the games a lovely salad course was served after Mrs. B. C. Antrobus and Mrs. Redfern had been presented with score favors.

Those present were: Mesdames B. C. Antrobus, Robert Parks, Carl W. Bennett, Jr., Bascom White, Bill Bromley, W. L. Ball, Manley Ozier, Earl Alexander, Leonard Parker, Jim T. Redfern, Misses Monette Chase and Lotta Bourland.

#### Sims Parent-Teacher Association Meet on Tuesday

The Parent-Teacher Associations of Clarendon are keeping step with the associations of the larger cities of the Panhandle in general growth in activities and in the extension of the work, as is evidenced by the large attendance and interest in the Sims Parent-Teachers Association of the South Ward School. In fact, more parents are becoming interested in the Parent-Teacher organization of the city than ever heretofore.

It is not uncommon to hear the work of these organizations discussed at various social functions, or even on the streets, however, there is much room for improvement and many more parents are yet to become interested; to these the three organizations solicit

your interest and support, for does not your child's interest come first?

On Tuesday afternoon at 3 o'clock the Sims Parent-Teacher Association met in the gymnasium of the South Ward School for their regular monthly meeting. A splendid program was presented by the pupils of the 5th grade. Marvin Mitchell gave an interesting talk on fire prevention.

Mrs. W. C. McDonald was elected president to take the place of Mrs. C. C. Powell, resigned, and Mrs. Rayburn Smith as treasurer to fill the vacancy made by the election of Mrs. McDonald to the presidency. A number of things concerning the organization were discussed. Mrs. Swift, 3rd vice president, reported that her committee was composed of Mesdames E. P. Shelton, U. J. Boston and Mrs. Walter Taylor.

Miss Foster's room received the picture for having the most mothers present.

#### Missionary Society Meet in Circles

Much interest was shown in the circle meetings of the Woman's Missionary Society of the Methodist Episcopal Church, South, Wednesday afternoon as each leader presented an interesting and well thoughtout program and the attendance on each was above par.

Circle Number One met in the home of Mrs. E. Price with Mrs. W. M. Murrell as lesson leader. Circle Number Two was guest of Mrs. R. C. Vinson and Mrs. U. J. Boston presented the lesson, with other assistants. Mrs. Davis was hostess to Circle Number Three, with Mrs. L. A. Reavis lesson leader. Circle Number Four, with Mrs. D. P. Ross as leader, met in the home of Mrs. Frank Smith.

A social hour was enjoyed at each meeting place, which made it an enjoyable as well as profitable afternoon.

#### Phoebe Ann Buntin Celebrates Birthday

Little Miss Phoebe Ann Buntin celebrated her seventh birthday by being the delightful little hostess to the members of her needle club with a game party on Wednesday afternoon.

On arriving the guests were requested to register in Phoebe Anne's Baby Book, and the many different forms of handwriting are interesting study.

Many games, both indoor and outdoor, were enjoyed until refreshment time. A white and pink birthday cake was served, after the lighting and blowing out of the seven candles, with other edibles, too.

Those present were: Misses Dorothy Kerbow, Mildred Atterberry, Ethel Wilder, Kathleen and Ruzell Ryan, Ruby and Mary Ellen Roberson, Mary Zee Taylor, Margaret and Lala Belle Wilkerson and Master John Roberson, Jr.

#### T. E. L. CLASS MEETS IN HOME OF MRS. EDD SPEED

The T. E. L. Class of the Baptist Church met Tuesday afternoon in the home of Mrs. Edd Speed for a business and social meeting. The devotional services of the day were opened by a prayer, led by Mrs. W. B. Sims. The routine of business was had during

ing the course of the afternoon. Mrs. Speed served a plate luncheon to the following:

Mrs. Cap Lane, Mrs. Ralph Andis, Mrs. Eva Draffen, Mrs. E. M. Lindsey, Mrs. Whipple Reid, Mrs. W. B. Sims, Mrs. W. A. Land, Mrs. Major Hudson, Mrs. W. A. Ames, Mrs. Edd Speed, Mrs. Hugh B. Lusk and Misses Virginia and Edith Speed.

#### CARD OF THANKS

We wish to express our sincere thanks to all our friends for their kindness and help that made it possible for our little girl to receive the surgical attention that she so much needed. May our Heavenly Father's richest blessings be yours.

Mr. and Mrs. C. E. Morgette. Rev. and Mrs. C. B. Ingram.

Mrs. Fred Chamberlain and two small children left Friday evening for Dallas, where Mrs. Chamberlain will visit with her mother.

#### JUNIOR HIGH P. T. A. TO MEET ON OCT. 18

The Junior High Parent-Teacher Association will meet in the auditorium of the Junior High School building Thursday, Oct. 18, at 3:30 o'clock. All parents having children in this building are urged to be present. A number of items will be discussed in the business session at this time and the following program will be presented:

Musical Number—Eighth Grade Girls, Miss Merrell, Conductress. Question: How the Child's Study Habits Can Be Aided by the Home From a Teacher's Standpoint—Mrs. Nathan Cox.

From a Parent's Standpoint—Mrs. Jim Headrick.

Some New Methods in Teaching—A Teacher.

Discussion on Text Book, "Child, His Nature and His Needs"—A Parent.

## "KING OF KINGS" OPENS AT MISSION THEATRE

"King of Kings," Cecil B. DeMille's spectacular masterpiece portraying the life of Christ, will open a week's engagement at the Mission Theatre in Amarillo with a special night matinee at 11:15 o'clock Saturday night. The management feels that this extra presentation is necessary to accommodate the crowds which will want to see this marvelous picture which played to packed houses for over a year on Broadway.

The picture is an awe-inspiring one in which the story of the Nazarene is told in pictures and with sound. It has been endorsed by the Jewish Rabbis, Protestant ministers, Christian Scientists

and scholars of nation-wide repute.

Since the introduction of sound producing devices, a picture of the class of "King of Kings" can be made far more realistic than was ever possible before and this has been done in "King of Kings."

In addition to seeing a most marvelous presentation, one hears the crashes of thunder, the wailing of the wind, the cries of the panic stricken mob, the reverberations of the avalanche and the effects of the earthquake. The clinking of the 30 pieces of silver as they are paid to Judas are distinctly heard.

There is an invisible choir of 110 voices of Metropolitan Opera singers who sing "Hallelujah Chorus," from Handel's "The

Messiah," "Rock of Ages" and "Holy, Holy, Holy."

One hundred and ten symphony orchestra musicians play the incidental music and the accompaniments.

The production was made at a cost of \$2,500,000 with eighteen well known moving picture stars in the leading roles and a grand total of 5,000 in the entire picture.

It is the unanimous opinion of all who have heard it that the "King of Kings" in its synchronized version reaches such heights that it is doubtful if the effects will ever be surpassed.

In order to accommodate those who wish to see the premier at the 11:15 o'clock special matinee, Saturday night, tickets will be sold in advance for it at the box office of the mission Theatre.

## EFFECTIVE MUSIC TEACHING IN CALIFORNIA TOWN

A boys' chorus of 160 voices has been organized in the Santa Ana (Calif.) schools. Members are selected on the basis of musical ability, scholarship, and citizenship rating. Their ages range from 9 to 16 years, and unchanged, changing, and changed voices are included. The costume of the chorus was designed by the director of art of Santa Ana schools, and follows somewhat the Russian design, having a smock of orange-colored material, to suggest Orange County, white trousers, and black ties. The boys have acquired a large repertoire of selections by standard composers. They have sung in concert on several occasions and have given five programs over the radio.

Announcement of the Fourth Pan-Pacific Science Congress, to be held in Batavia, Java, Netherlands East Indies, in May, 1929, has been received by the Interior Department, Bureau of Education, through the State Department, from Mr. J. H. van Royen, minister at Washington of the Netherlands Government.—School Life.

Miss Elpie Allen of Jacksboro is a guest of her cousin, Mr. S. B. Kutch, and other relatives.

WANTED: Waitresses. Apply at Caraway's Cafe.

### NEW YORK LEGISLATURE LENGTHENS SCHOOL YEAR

Number of days each year during which school must be in session has been increased from 180 to 190 by recent action of the New York Legislature. Compulsory attendance upon part-time instruction by employed minors, 14 to 17 years of age, except graduates of 4-year high schools, is required in cities having a population of 20,000 or more, and in districts where there are 200 or more such employed minors. Exceptions are made of children mentally or physically defective. The penalty against the parents for permitting their children to violate attendance requirements was increased from \$5 or 5 days' imprisonment to \$10 or 10 days' imprisonment for a first offense.

Movement of population from the Borough of Manhattan to other sections of New York City caused a decrease of 10 kindergarten classes in Manhattan and an increase of 5 classes in the Bronx and of 9 classes in Brooklyn, according to recent report of the board of education of the city of New York. The number of children enrolled in kindergarten classes in November, 1926, was 44,125.

## GREATHOUSE HAS HISTORIC NAME

SINGER TO APPEAR IN MEMPHIS COMES OF LONG FAMILY OF GREAT FOLK.

Memphis, Texas, October 9.—

Dorothy Greathouse, lyric-coloratura soprano, who sings in Memphis Tuesday night, October 16, was born in Kentucky of a famous old Southern family, but at an early age she was taken to a 20,000 acre ranch in New Mexico where she lived an outdoor life, riding broncs, roping cattle, and joining her brothers in various duties. She is a true daughter of the West. Some of her schooling was obtained in Amarillo. Later she went East to study music and dramatic art under world famed masters.

Dorothy Greathouse's family is one of the oldest in America. Her ancestors were prominent in the Revolutionary War. She is eligible for membership in the D. A. R., and has sung for many of their affairs. Her grandfather, Major John Stull Greathouse was born in Kentucky, studied law, and opened a law office in Springfield, Illinois, where he became law partner of Abraham Lincoln and Stephen A. Douglas and later Attorney General of the state of Illinois. Miss Greathouse is the youngest niece of General Greathouse, Civil War hero, in whose memory a shrine was erected. In fact, every generation of her family has produced an artist or a personality of outstanding ability and prominence.

The advance seat sale for the Greathouse recital is more than meeting the expectations of the local managers, Messrs. Robbins and Clark. Although a number of the best seats have been sold, still a number of others remain. Mail orders for seats accompanied by checks should be forwarded this week if possible. The first seven rows sell for \$1.50 the seat and the remaining twenty-two rows at \$1.00 the seat. Checks

BON TON CONFECTIONERY.

### College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

#### BOYS' FORUM CHANGES NAME OF ORGANIZATION

At the last meeting of the Boys' Forum, the name of the club was changed to the Hi-Y. The first program of the year was rendered, and the number that commanded the most attention was a debate. The subject chosen for discussion was, "Resolved That a College Education is Necessary For a Success in Life." The affirmative was upheld by Harold Osborn and Henry Wilder, and the negative by Carroll Holtzclaw and Fred Bourland. After much discussion, it was decided that the affirmative side won.

#### MR. BRASWELL GIVES INTERESTING CHAPEL TALK

One of the most interesting chapel programs of the year was rendered Tuesday morning when Sam Braswell, editor of the Clarendon News, spoke to the student body on the newspaper business. He stressed the fact that the newspaper field has grown by leaps and bounds in the past fifteen years, and that it now ranks among the big business of the world. He outlined the history of the development of newspaper work from the invention of the printing press. The high school students received inspiration from his talk, and were glad to hear him say that he "loved his job."

#### MANY ATTEND RALLY

A large percent of the student body met Thursday night on the school grounds and participated in one of the most successful rallies of the year. Elvis French and Julia Taylor led the high school. Members of the Senior Boys Club were out one hundred percent.

#### GLEE CLUB PREPARES THANKSGIVING PROGRAM

Although the high school is low in "man power," the boys of the Glee Club are working enthusiastically on a Thanksgiving program under the direction of Miss Geneva Merrell, director, and Miss Helen Martin, accompanist. The Thanksgiving program will stress group singing, although attention will be given to quartets and special numbers.

#### PHI BETA MU SORORITY CHANGES ITS NAME

At the last meeting of Phi Beta Mu, a decision was made to change the name to the Palo

Duras. An interesting program was given which is as follows: "One Little Shoe," by Gwyn Youngblood and Lois Alexander. It has been reported that this was a delightful number, and brought both tears and laughter to the intellectual Palo Duras. Verna Latson gave a violin solo.

#### THE GIRLS' FORUM

The Girls' Forum met Wednesday, October 3, with thirty-five members present. Miss Worsham and Mr. Cooper were present to lead in the work. After a short business session, an interesting and instructive program was enjoyed. As an added attraction, Miss Harris and Miss Sparks each played a piano solo. A number of the girls are enjoying tennis with Miss Abbot, and others are playing volley ball with Mr. Cooper.

#### CLARENDON HI COMPLETES ECONOMICS DEPARTMENT

Clarendon High School is now equipped with the best and most complete home economics department in the history of the school. The school board reports that more than \$4,000 have been expended this year in re-building and refurbishing this department. An entire wing of the first floor of the Junior College dormitory has been converted into a bungalow, consisting of six rooms; a living room, dining room, bedroom, kitchen, bath, and sewing room. Not only is the department efficient, but it is attractive in every detail, finished entirely in white, and has many built-in features.

The department offers three years' work, and, according to Miss Helen Beck, director of the department, the enrollment has reached its limit, and the girls are showing a great interest in the work. Miss Beck received her degree from the University of Texas, and has been connected with this department three years. She has taken vocational training at Fort Collins, and is working toward the degree of Master of Arts at Columbia University. The department plans to hold open house some time next week, and all the public is invited.

#### HIGH SCHOOL GIRLS BEAT COLLEGE TEAM

Immediately following the big pep rally the first basket ball game of the season was played between the High School and the College girls. The High School won by a score of 38 to 29. The College girls had not had as much practice as the High girls had had. The outstanding player for the High School was Lena Towles who made 24 points. The College star was Madge Richerson who made 19 points.

#### BURTON TALKS ON FIRE PREVENTION

Mr. Burton took the chapel exercises in hand Tuesday morning and talked to the student body on "Fire Prevention." Being Fire Prevention Week, Mr. Burton urged that each one in the

WITH THE RIGHT BACK—ING ANY MAN CAN PUT UP A GOOD FRONT.

#### WHY DO THE SUCCESSFUL USE BANKS?

Merely because it is to their advantage to do so.

If men who are successful think banks are useful—and they all do—wouldn't it be reasonable to suppose they can be helpful to all classes?

#### COULDN'T YOU USE US?

Farmers State Bank "There is no Substitute for Safety"

school co-operate with the city fire department in any way that might be of help. Reading from statistics, Mr. Burton stated that the following was true: Loss by fire in 1927, \$562,000,000; loss by fire in 1927, \$478,000,000. Present statistics show that at the present rate of fire loss, the loss for 1928 will be greater than that of the two preceding years. This goes to show that the people are becoming careless again, and something must be done to remind them of the enormous consumption of that fiery dragon called fire.

During the last year, Clarendon's City Fire Department has installed a new auto-power which has an output of 500 gallons of water per minute. The fire department is composed of nothing but hired men, totaling twenty in all. It has a new chemical wagon, and with its twenty members as firemen, is now classed on an equal basis with any other in the state. As a result of this improvement, the key rate of insurance for the city was reduced from 48 per cent to 30 per cent. During the next few weeks the city intends to put its workmen on every vacant lot in the city, and destroy all weeds, grass and rubbish by a careful guarded fire.

#### BULL DOGS SNEAR YEARLINGS 6 TO 9

The Bulldogs scored in the first four minutes of the game on a series of line plunges and passes. The ball was carried from Clarendon's twenty-yard line to the goal. The pigskin was carried across the line by "Slick" Naylor who completed a pass and ran the great distance of seventy yards. The rest of the game was fought within Canyon's thirty-yard line. The game was full of conversation, monologues and dialogues. Bulldogs made twenty first downs and Canyon made none.

#### OFFICIAL TIME PIECE BEEN TAMPERED WITH

The students of Clarendon Municipal Junior College have offered a liberal reward of two-bits for information leading to the arrest and conviction of any one or ones who has bothered or is bothering the official time piece of the institution. For three days it was regulated perfectly. It sounded right on the dot and no reports of any students having missed dinner because of failure to sound have come in during those three days. Since it has been tampered with, several have missed their dinners.

This official time piece, the donkey owned by one of the Belleville boys, brays at eight-thirty, nine, ten, eleven, and eleven-thirty. He seldom misses over ten minutes. It is rumored that it was a white-haired Senior who bothered our time piece.

#### ALPHA DELTA PSI

Alpha Delta Psi met Oct. 3, and rendered a very interesting program. The roll-call was answered by each individual member calling out the name of a favorite song. The second number on the program was a song, "The Spanish Cavalier," sung by the society, and led by Bessie Lee Jackson. The third number was a short talk by Matty Rhode on "Why You Should Serve the Literary Society." The fourth number was a piano solo played by Madge Richerson. The fifth number was the reading of selected poems from "Modern Poetry." Miss Mansell selected several humorous and pathetic poems from Millay and Sarah Teasdale. The sixth number was a reading by Gladys Noble, entitled, "In the Usual Way." The seventh and last number on the program was a vocal solo by Cecil Hukel, which was enjoyed very much.

Alpha Delta Psi Literary Society will stage a radio program at Amarillo, Texas, some time in the near future. There were three new members initiated into the society at its last meeting: Gladys Estes, Bessie Lee Clayton and another.

Before the society adjourned it enjoyed the pleasure of singing both of its songs.

Resulting from the

## CROSS-FLOW RADIATOR

The cross-flow radiators in the cooling systems of the Pontiac Six and the Oakland All-American Six reduce to a minimum the evaporation of water and alcohol. An automatic thermostat prevents water circulation until the engine reaches correct operating temperature. As a consequence the engine warms up quickly and less choking is needed, reducing dilution of crankcase oil. Because of the protection the cross-flow radiator provides against losses of water and alcohol, the Pontiac Six and the All-American Six require less attention in winter than other cars. Also, through their thermostatic control, they reveal far better performance than other cars in their fields when the temperature is low. The cross-flow radiator is available only on the Pontiac Six and the All-American Six. Come in and see it. And learn while you're here of the many other advancements which only these two great General Motors Sixes provide.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$825. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available.

## Johnson-Mahaffey Motor Co.

## OAKLAND-PONTIAC

FOREIGN-BORN WORK-MEN STUDY ENGLISH

More than 25,000 foreign-born men and women from 47 countries attended Americanization classes in Massachusetts during the school year of 1926-27. A constant effort is made to bring education to the people, and of 1,438 classes conducted 207 met in homes, 258 in neighborhood centers, 166 in factories and 807 in evening schools. In some factories the adult aliens employed meet three times each week for instruction in English. They assemble at noon, as soon as lunch is eaten, for a class session of 30 to 40 minutes. Sometimes a schoolroom is provided for them by the management of the factory. The classes are conducted in co-operation with the State Department of Education.

District 24, Glenwood; Mable Sibley, Clarendon, Texas.

District 25, Pleasant Valley; Neola Donald, Clarendon, Texas.

### EDINBURGH SCHOOL BOARD ADVISES ADOLESCENTS

A "letter of greeting and counsel," intended to give guidance in life choices, including spiritual matters, is issued by the education committee of Edinburg, Scotland, to all school children on reaching their fourteenth year. The school authorities impress upon the adolescent boys and girls the far-reaching consequences of their ideals and actions at this age, and the letter suggests that the child should "seriously, conscientiously, take stock of his gifts, his preferences, his possibilities" as they may affect his after life.

Mrs. Barrett of Childress spent a few days last week in Clarendon in the interest of club work.

Short orders and sandwiches our specialty. The Cottage Inn Lunch Room. (41pd)

## ITEMS OF INTEREST IN DONLEY

### ASHTOLA

Sunday school at the regular hour with good attendance. Miss Jessie Swinburn spent Sunday with Vera Johnson. Miss Juanita Morris spent Sunday with Mary Lois Hayter. Mr. and Mrs. Ben Lovell and son, James Reed, Hue Lovell and Miss Lavera Poovey visited in the home of H. W. Lovell Friday night.

A party was given in the home of Cecial Allen Saturday night. Miss Lelia De Freese spent Sunday with Sybil Wade. Mr. and Mrs. R. H. Roberts and Son Junior visited in McLean Sunday.

Mr. and Mrs. D. F. Cristal and children of Lelia Lake visited with J. T. Parker and family Sunday.

The Women's Demonstration Club met with Mrs. Lu McClelland Tuesday. It will meet next with Mrs. James L. Smith.

Miss Merle Harp spent Sunday with Margaret Swinburn. Mr. Aubburn Eddings visited with Theron Burrow Sunday.

Mr. and Mrs. Tims of Hedley visited their son, Henry Tims, Sunday.

Mrs. Byres and her mother Mrs. Tyler, of Amarillo, were in Ashtola Wednesday on business.

There will be a box supper at the Ashtola school house October 20th. Everybody is invited to come and bring a box. The money will be used for paying for the lights that were installed in the school house.

School has dismissed for cotton picking until November 1 so everyone will be busy trying to gather their crops.

### NAYLOR

Mrs. Fanny Naylor and daughters were hostesses to a week-end house party, their guests being Mr. and Mrs. Wilburn Kendall and children, Mrs. Mary Austin and daughter, Miss Bettie, Misses Angel and Lou Naylor, Mr. and Mrs. Louis Fields and son, Junior, all of Amarillo. A good time was reported and all too soon time came to say goodbye. All left Sunday afternoon for their homes, except Mrs. Fields and son, who will remain as house guests for the week.

Mr. and Mrs. Richmond Bowlin entertained their children and grandchildren over the week-end. Saturday night they had a guinea roast, each enjoyed the roast and all the trimmings that go with it. Those present were Mr. and Mrs. L. R. Bowlin, Mr. and Mrs. L. R. Beach and son, Mr. and Mrs. Wynne Bowlin and children of Hedley.

Mr. and Mrs. Tom Bain spent Sunday at Clarendon with Mrs. Bain's parents, Mr. and Mrs. O. C. Hill.

Mr. and Mrs. Tommy Bain were

dinner guests of Mr. and Mrs. O. C. Hill Sunday.

Mr. and Mrs. T. E. Naylor and son, T. E., were guests of Mr. and Mrs. John Naylor at a 6 o'clock dinner Sunday.

Miss Lucile Johnson spent Saturday night and Sunday with Miss Louise Tidrow.

Cotton picking is in full sway now at Naylor.

Mr. and Mrs. Lindsey Taylor and daughter, Mary Z., of Clarendon, were visitors at the Rich Bowlin home Sunday.

### SUNNY VIEW

The school here that is being taught by Mrs. Dessie Day and Miss Waters closed for the children to pick cotton a few weeks.

Mr. and Mrs. J. A. Batson and Ray Roberts of Amarillo spent Saturday night and Sunday with Mr. and Mrs. Sam Roberts.

Mr. and Mrs. T. T. Waggoner and children of Claude and Mr. and Mrs. Roy McKee and children spent Sunday with Mr. and Mrs. Behrens.

Mr. and Mrs. Archie McNeely and children and Mr. and Mrs. Millard Stark visited with Mr. and Mrs. Heckle Stark Sunday.

Mr. and Mrs. Meredith and little son Bobby Gene, of Santa Barbara, California, spent Friday night with Mr. and Mrs. Deverette Leathers, and left for California early Saturday morning.

Mr. and Mrs. John Goldston and little daughters, Lucile and Bettie John, and Mr. and Mrs. L. Taylor called on Mr. and Mrs. A. M. Lanham Sunday afternoon late.

Mr. and Mrs. C. F. Bogard of Clarendon spent Sunday with Mr. and Mrs. Neal Bogard.

Mr. and Mrs. Sam Roberts called on Mr. and Mrs. A. M. Lanham Thursday.

### Pleasant Valley

Herman Dorsett, who is training at the Fitz Simmons Hospital at Denver, Colo., is visiting his parents this week.

Mrs. Youree and son Lewis, and Mr. and Mrs. Stringer of Hedley visited in the Lamberson home Saturday afternoon.

Mr. and Mrs. D. W. Clappitt and son Roy, of Clarendon, Mr. and Mrs. Frank Hardin and children were dinner guests in the Longan home Sunday.

Miss Bobbie Champion, who is teaching at McLean, visited her aunt, Mrs. Hugh Riley, over Sunday.

Mr. and Mrs. Guy Stidham spent Sunday with the latter's parents, Mr. and Mrs. W. K. Davis.

Mr. and Mrs. Frank Lyeres of Amarillo spent the week-end with Mr. and Mrs. E. O. Hutton.

Games were played and ice cream and cake served to Janie Virginia, Mary Ella Williams, Rachel Edith Longan, Viola aBin, Joe Williams, Mr. and Mrs. Gene Hardin, and Henrietta Longan. All report a very enjoyable time.

### BUILDING PERMITS SHOW A LOSS FOR MONTH AUGUST

Austin, Texas, Oct. 3.—Building permits issued in Texas during the month of August seem to indicate that a turning point in the building industry has not been reached, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business of the University of Texas.

"During the month," he said, "building permits in 32 Texas cities reporting to the Bureau were \$10,640,570, compared to \$8,364,178 in July and \$13,944,501 in August, 1927. One-half of last year's permits were issued in August over those in August of last year reported gains while the others recorded losses. However, the losses were larger so that the State shows a considerable decrease. Beaumont, Brownwood, Corpus Christi, Lubbock, Port Arthur and Tyler had large gains. On the other hand Amarillo, Del Rio, McAllen, San Angelo, Waco and Wichita Falls show losses."

Texas ranks first among the states in number of ice manufacturing plants and number of persons engaged in the industry. The annual production is valued at \$25,000,000.

### STUDENTS OF AGRICULTURE IN THE MINORITY

Of the 142,111 resident students enrolled in land-grant institutions of the United States during the school year 1925-26 more than a third—34 per cent—were registered for courses in arts and science, 20.5 per cent in engineering courses, 9 per cent in commerce and business, 8 per cent in agricultural education, as shown by a report on land-grant colleges by Walter J. Greenleaf, associate specialist in land-grant college statistics of the United States Bureau of Education, published by the bureau as Bulletin, 1927, No. 37.—School Life.

## 400,000 Homeless in West Indies Storm

The latest report from Red Cross representatives in Florida records a death list in that state alone of 2,300 persons. This appalling figure has been increasing each day as relief workers were able to penetrate into isolated areas and report their surveys. The wires bring word to this office of a village entirely wiped out and a population of 400 reported dead or missing.

Mr. Baker in charge of relief work in Porto Rico wires that it is practically impossible to determine the total number of deaths resulting from the hurricane there. Small villages scattered through the mountainous interior of the Island have been inaccessible heretofore and the people have buried their dead without thought of the record.

Considered in relation to this appalling loss of life, property damage seems less significant, but the estimated property damage of fifty million in Florida includes all the worldly possessions of thousands of refugees now in the care of the Red Cross at feeding stations, camps and in hospitals. Small farmers, fishermen and laborers on the large plantations are now dependent upon the Red Cross for the assistance that will enable them to meet the simplest requirements of food, clothing, shelter and medical aid until the income destroyed by the hurricane can be re-established. The list of dead includes the breadwinners of many families and provision must be made for widows and orphans not only for the moment but for the future.

In Florida means of communication with the inland areas are being re-established, roads are opened and the relief machinery is functioning efficiently. Extraordinary measures are being taken by the medical officers of the Red Cross and the state health authorities to prevent an outbreak of disease which might add to the record of death and distress. Inoculation of the refugees is proceeding rapidly.

Six thousand six hundred refugees were reported in Red Cross concentration camps Monday, September 24th. Fourteen thousand seven hundred men, women and children were fed by the Red Cross on that day. Temporary hospitals are caring for one hundred eighty-five injured. This is fortunately a small list when considered in relation to the number dead.

From Porto Rico we have the report of four hundred thousand people homeless and that a great part of this number are destitute and dependent upon the forces of relief for the essentials of existence.

Fifty-one persons representing branches of the Porto Rico Chapter met September 22nd in San Juan and a universal co-ordination of effort is now directed to the task of relief. Roads have been opened rapidly and seventy municipalities in the Island have been reached by motor transport

with relief supplies. The Island is divided into five districts and a director in charge of each district reporting to Mr. Baker, National Director in charge of the Red Cross.

The complete destruction of communication in all areas prevented any early pictures of the devastation which this latest disaster has created and it is difficult to appreciate the significance of a death list which mounts day by day. Red Cross Chapters must supplement the normal channels of the press if the people of America are to appreciate the extent of the catastrophe and the demand for their generosity which the situation justifies.

## FALL FESTIVAL TO BE STAGED AT PAMPA

The Chamber of Commerce and Fair Association will stage a Fall Festival the week of October 15.

Plans have been made to make this one of the largest and best celebrations ever put on in the Panhandle district. The management has secured the services of the best promoters in helping stage this Festival. There will be numerous features to entertain the visitors throughout the week, including a Shifflett Air Circus presenting death-defying feats and acrobatic flying; also, landing a man from a speeding aeroplane to the ground without the aid of parachutes or any mechanical devices. There will also be elaborate ground fireworks displays on Thursday night, including a night aerial performance with aeroplanes and acrobatic and stunt flying amid beautiful bursts of flame, smoke and fireworks.

A style show and review will be staged in front of the grandstand on Friday night. A number of leading merchants of Pampa have already entered, which assures the directors of having one of the finest displays of beautiful gowns and wearing apparel ever shown in a style show in this section. There will also be a number of vaudeville acts included with the style show.

Among the other attractions that are scheduled to take place during the last three days of the Festival will be a football game, a contest and stunt night, which will also take place on an elevated stage in front of the grandstand.

Arrangements are being made for the merchants of Pampa to give away numerous and varied prizes during the Festival. The Lachlan-Carson Exposition Shows will form a background for the Festival. This aggregation has twenty shows of merit and eight novel rides.

Tickets will be placed on sale one week in advance. The price of admission by buying a season ticket will be 33 1-3c for each event.

Mrs. Mae Womack returned the fore part of this week from an extended vacation trip to Sherman, Dallas and other points in that section of the state. Mrs. Womack reports a visit to the State Fair in Dallas and also the Red River Valley Fair at Sherman and states that she is glad to return to this section of the state after seeing the desolate condition of the eastern section of Texas.

## ESSAY ON THE HORSE BY A HINDU BOY

Students of the British high school of Bombay, India, were asked to write an essay on "The Horse." This is what one boy wrote, as quoted in Sherwood Eddy's book, "India Awakening."

"The horse is a very noble quadruped, but when he is angry he will not do so. He is ridden on the spinal cord by the bridle, the driver places his feet on the stirrups and divides his lower limbs across the saddle and drives the animal to the meadow. He has a magnificent exterior mouth and his head is attached to his trunk by a long protuberance called a neck. He has four legs; two are on the front side and two afterwards. These are the weapons on which he runs and also defends himself by extending those in the rear in a parallel towards his foe. But this he does only when in vexatious mood. His food is generally grass and grains, and he eats thusly with his mouth. His teeth are also ravenous and greatly to be excupulated. He has power to run fast as he can. All so there are horses of short size. They do the same as the others are generally doing, except sometimes more so. They have got a tail, but not so long as the cow or other such like animal. The tail is for gracefulness and scenic beauty and when the horse is not in hasty expression, it reposes in tragic solitude on the other end. I like elegantly to ride a horse immensely. Except sometimes when he magnificently don't I do not. The horse is a dismal assuoltness as a milk cow. When he neighs, it is best to absence immediately, if not sooner, for he generally interprets something."

"Manual for Parents," a 15-page booklet, is issued by the High School of Commerce of New York City, and a copy is sent to parents of all boys in the school. The purpose is to give a comprehensive knowledge of the work of the school, the duties and responsibilities of students, and ways in which parents may cooperate in realizing the highest ideals of the school.

## LELIA LAKE

W. V. McCauley and Mr. Blackshire made a business trip to Borger Saturday.

Miss Vera Leathers of Canyon spent the week-end with her folks.

L. L. Rose, Houston Lee and Robert Austin of Clarksville arrived Friday for an indefinite stay here. Rose is a nephew of Mrs. S. R. Tomlinson.

Mrs. D. W. Tomlinson and children spent last week-end with relatives at Ashtola.

Mr. and Mrs. Walter Morrow of Martin spent Sunday as guests of Mr. and Mrs. Wallace Walling.

W. J. Self and Mr. Mason left Monday on a business trip to points in Oklahoma.

E. R. Reeves, Jr., returned Monday from Wichita Falls.

J. C. Christal and family spent Sunday at Ashtola.

The young people enjoyed a

party in the C. H. Holland home Saturday evening.

B. J. Leathers has begun the building of a new modern farm home one mile east of town.

## CONDON IS NAMED SPONSOR W. T. S. T. C. SENIORS

Professor S. H. Condon, formerly dean of Clarendon College, has been chosen by the senior class of the West Texas State Teachers College to be their sponsor this year.

Mr. Condon has been with the Canyon College only a little more than one year, but he is one of the most popular members of the faculty. He is acting Dean of Men at the present time, during the absence of Dr. Harris M. Cook. Condon is a member of the history department.

Miss Margaret Goldston, a teacher in the Amarillo schools, spent the last week-end here in the home of her parents, Mr. and Mrs. F. L. Goldston.

## PERSONALS

Miss Margaret Latham and R. C. Latham of Amarillo spent the last week-end here as guests of Misses Bera and Eugenia Noland.

Mr. and Mrs. R. B. Latham and family of Amarillo spent the last week-end visiting in the F. L. Goldston home.

Mr. and Mrs. Chas H. Dean of Dimmitt spent the week-end with Mrs. Dean's parents, Mr. and Mrs. C. M. Lane.

Mr. and Mrs. J. T. Barnard have returned from Dallas where Mrs. Barnard underwent a serious operation sometime ago.

Mr. James Trent spent Sunday in Amarillo with Mrs. Trent, who is a patient of St. Anthony's Hospital.

Mr. and Mrs. Dorr Ellis announce the birth of an eight pound son on Tuesday, October 9th. Mother and babe are doing nicely.

Mr. and Mrs. Sam Dyer left overland Wednesday morning for Missouri, where they will visit with relatives and return later with Mrs. Minnie Dyer.

Rev. M. M. Beavers, presiding elder of the Plainview District of the Methodist Church, spent Monday night here with Presiding Elder Murrell, both going over to Shamrock Tuesday, where the former has farming interests.

## NEW WATER SITE SOUGHT BY HAMLIN ENGINEERS

Engineers are at work in Hamlin looking for a new water site. The water supply of Hamlin is sufficient at the present time, but prior to the spring rains the lake was low.

A survey indicates there are sufficient growing citrus trees in the lower Rio Grande valley to produce a commercial crop of more than 10,000 car loads of oranges and grape fruit within a period of five years.

Texas has the first unattended dial system telephone exchange in the Southwest. It is located at Pasadena, one and one-half miles east of Houston city limits. The plant works automatically without the attention of any attendant. A second such plant is to be installed at Lisbon near Dallas.
