## ASHTOLA WINS COMMUNITY EXHIBITS W. P. HOWARD TAKES INDIVIDUAL PRIZE

### DONLEY COUNTY FAIR OF 1928 WAS AN UNQUALIFIED SUCCESS FROM EVERY ANGLE. PLANS NOW UNDER WAY TO CARE FOR EVEN LARGER SHOWING DURING THE COMING YEAR. LACK OF ROOM IS CARED FOR BY ADDITION OF TENT.

When the final judging was completed, the members of the Ashtola Home Demonstration Club were pleased to learn that their exhibit had taken first place in the community showings with a total of 898 points out of a possible 1,000. Lelia Lake was second with 855 points, Chamberlain was third with 834 and Jericho and Naylor brought in the latter part of the community exhibits in the fair.

In the individual exhibits in the fair, W. P. Howard of Lelia Lake took off first place in this class. Major Hudson was second in the individual and G. L. Patterson of Ashtola was third. Mr. Howard showed forty-one different articles raised on his farm near Lelia Lake. The other of the three exhibits were closely in line with the one set up by Mr. Howard and the judges were hard put to it to decide between the winners of the three in the exhibition.

Taken as a whole, the fair was by far the best that has been seen in Donley County. All departments were up to a standard that has never been reached in the past. All farm produce points to an overwhelmingly large crop production in all lines for this year with the showings taken as an index to the crops they were selected from.

Especially interesting were the school exhibits in place in the second floor of the Grammar School building. Although no prizes were offered in this work, the room was filled with visitors at all times, who took great pride in seeing what the students in the various grades in the city were doing. The Camp Fire Girls' corner was of great interest, creating much talk on the part of the many visitors to this part of the building.

The entries of the girls' club of the county was highly gratifying and proved to be one of the interesting points of the entire fair. The entire women's division was housed in the school building, together with the showings of the merchants who put in a great deal of time in making their booths attractive to the many visitors to the fair. Two merchants registered the visitors to their booths, giving suitable prizes for the person guessing nearest the number registered. With this taken as an index to the number in attendance, the figures should run to more than eight thousand who took advantage of the showings and visited the fair on the two days it was in operation.

The poultry division was filled with fine selections from the flocks of Donley County poultry fanciers. This section was also one that contained the pet stock that was placed there for the public to see. The Dairy Show was alone one that failed to attract the attention it deserved. This being the first year this was held, there was little interest manifest and no prizes were issued to the entrants. All other prizes will be paid as they were awarded, just as soon as the management of the Chamber of Commerce can get their affairs lined to care for this detail.

A detailed list of the prize winners in all departments follows: Class 50, Head and Ear Grains: Red Milo Maize, E. S. Ballou, first and second; Frank Hardin, Black Kafir; W. M. Jordan, W. H. Gray, H. M. Reid, Peterita; H. W. Lovell, Jr., third; M. C. Ramsey, Glen Williams, J. W. Moffett, White Dent Corn: H. M. Reid, Sam Hill, J. L. Smith, Yellow Dent Corn: J. R. Bullis, E. V. Quattlebaum, Sid Harris, Corn Sweepstakes: J. R. Bullis, second; seed cotton: T. F. Lawson, second. Best 20 open Bolls: T. F. Lawson, B. L. Howard, second and third. Best three stalks cotton, B. L. Howard, T. F. Lawson, J. P. Reynolds.

Class 52, Grains and Seeds: Peanuts: Glen Williams, B. L. Howard, J. Bryson. Peanut Vine: Homer Thoams, W. H. Smith, Lilia Beans, Othella Poovey.

Class 53, Sheaf Grain, Grass and Forage: Millet: Sheaf: W. H. Gray, first and second; Red Top Sorghum Sheaf: Sam Hill, B. L. Howard, Sudan Grass Sheaf: B. L. Howard, H. M. Reid. Sheaf Field Peas: B. L. Howard, first.

Class 54, Vegetables: Gallon Sweet Potatoes: Sam Hill, B. L. Howard. Gallon Onions: S. W. Lowe, Sam Hill. Gallon Turnips: W. H. Corbin, second. Gallon String Beans: W. M. Jordan, second. Best Dozen Tomatoes: B. L. Howard, B. L. Blackburn, Gus Persons. Best Dozen Roasting Ears: J. Hester, second. Best half-dozen egg plant: W. H. Smith, Kate Thompson. Best Three Cabbage: J. B. Reynolds, W. M. Jordan. Best Three Squash: Mrs. W. H. Corbin, second.

ond; Kate Thompson, third. Cashaw, Major Hudson, Sam Hill, Pumpkin: C. E. Salmon, Sam Hill, second and third. Watermelon: Glen Williams, C. J. Talley, B. L. Howard. Cantaloupe: Nolie Simmons, W. M. Jordan, Mrs. W. H. Corbin. Best Dozen Peppers: J. B. Reynolds, T. M. Shaver, Major Hudson. Okra: B. L. Howard, Mrs. W. H. Corbin. Cucumbers: Kate Thompson, Mrs. W. H. Corbin.

Class 55, Horticultural: Apples: Gus Persons, first, second and third. Peaches: Gus Persons, Mrs. W. M. Emmons, Mrs. W. H. Corbin. Pears: Gus Persons, Nolie Simmons, T. M. Shaver, J. M. Porter. Poultry—Rhode Island Reds: Cocks, E. V. Quattlebaum, first and second. Cockerels, E. V. Quattlebaum, first, second and third. Best Young Pen: J. R. Bulls, cock and cockerel in show, E. V. Quattlebaum. Barred Rocks: First Cockerel, Lee Nowlin, First Pullet, Lee Nowlin. Buff Leghorns: Odel Barnard, first pullet, first cockerel. Buff Orpingtons: First and second hen, W. D. Eaton. First Hornsby, Cockerels, Mrs. W. D. Van Eaton, first, second and third. Best pen Orpingtons, J. T. McMinn. Best Orpington pullet, J. T. McMinn, first, second and third. White: Production pen, W. T. Lowe, 1st cock, E. V. Quattlebaum, first, second and pullet, S. E. Quattlebaum, first and second hen, E. V. Quattlebaum, first, second and third cockerel, E. V. Quattlebaum. First cockerel in show, E. V. Quattlebaum. Hamburgs: First Black Giants, C. E. Lindsey. First and second Hamburg pullet, C. E. Lindsey. First and second Hamburg cockerel, C. E. Lindsey. Turkeys: First old tom, J. F. Sewell, second, M. C. Ramsey. First hen, M. C. Ramsey, second, J. F. Sewell. First and second year tom, Gilbert Mann, third; Sam Hill.

Dairy Division: Best two year bull, H. A. Summers. Best two year old cow, S. B. Kutch, first and second. Best heifer calf, C. L. Knight. Best bull under two years, C. L. Knight. Best heifer under two years, C. L. Knight. Club Division, Open Class. Best bedspread: Mrs. S. C. Ashley, Ashtola; Mrs. A. C. Arnold, Naylor.

Best Dresser Scarf: Mrs. J. B. Turnbow, Martins; Mrs. Guy Taylor, Lelia Lake; Mrs. C. E. Lindsey, Clarendon.

Best Lunch Cloth: Mrs. J. M. Acord, Martins; Mrs. Roy Beverly, Clarendon.

Best Reed Waste Paper Basket: Mrs. Will Kennedy, Lelia Lake; Mrs. Guy Taylor, Lelia Lake.

Best Reed Serving Tray: Mrs. H. M. Reed, Chamberlain; Mrs. A. C. Arnold, Naylor; Mrs. W. M. Emmons, Chamberlain.

Best Pillow, Smocked: Mrs. M. T. Crabtree, Clarendon; Mrs. J. A. Tomb, Clarendon.

Best Footstool: Mrs. Guy Taylor, Lelia Lake; Mrs. C. R. Skinner, Clarendon.

Best Hooked or Braided Rug: Mrs. M. T. Crabtree.

Best Pound Cake: Mrs. H. M. Reed, Chamberlain.

Best Angel Food Cake, Un-iced: Mrs. H. R. Skinner, Chamberlain; Mrs. Roy Beverly, Clarendon.

Best Dozen Coconut Macaroons: Mrs. H. R. Skinner, Chamberlain.

## SUNDAY RALLY DAY AT METHODIST S. S.

### PROGRAM MARKS PROMOTION OF PUPILS AND RALLY DAY EXERCISES.

Next Sunday is Rally and Promotion Day at the Methodist Sunday school, according to Judge J. R. Porter, superintendent, and all pupils in the beginners, primary, junior and intermediate departments who have earned it will be transferred to the department just above. A program has been made up from the four departments involved and after the regular Sunday school, which begins at 9:30 o'clock, this program will begin in the main auditorium at 10:30 o'clock.

The Rally Day exercises will extend over through the regular preaching hour, and Supt. Porter with the pastor, Rev. S. E. Allison, is expecting an attendance of five hundred or more. The program follows:

Solo—Gene Meadow.  
Good Morning Merry Sunshine, Jesus Loves Me, This I Know, Be Ye Kind One to Another.  
Prayer—By Beginners Department.

Song—Primary Department.  
23 and 100 Psalm—Primary Department.  
Ten Commandments—3 Year Girls and Boys.  
Year's Report—Secretary Primary Department.

Violin Solo—Louis Wilder.  
Story of Old Testament—Thayer Accord.  
Story of New Testament—Harvey Lou Strawn.  
Bible Drill—Junior Department.

Chorus—Intermediate Department.  
Reading—Eunice Johnson.  
Violin Solo—Verna Latson.  
Reading—Lelia Mae Kerbow.  
Male Quartet.  
Address, "Our Sunday School" —Judge J. R. Porter.

## PADUCAH EDITOR HERE FOR WEEK-END VISIT

Editor E. A. Carlock, editor and publisher of the Paducah Post, accompanied by Mrs. Carlock, spent the week-end in Clarendon in the Braswell home. Mr. Carlock is immediate past-president of the Texas Press Association and is one of the leading publishers in this section of the state. He plans to make a semi-weekly of the weekly Post on the first of October and although crop conditions are not good in Cottle County, the rapid growth of Paducah warrants the added issue each week.

Mr. Carlock is an enthusiastic golfer and is loud in his praise of the Clarendon course, which he terms the best course in West Texas outside the cities. He takes his golf seriously like he takes his farming interests, his business rental property in Paducah, and his newspaper work.

## NEPHEW OF CLARENDON MAN KILLED IN PLANE

E. M. Ozier received the news the latter part of last week of the untimely and unexpected death of Ernest Purdy, his nephew, in a plane accident at Albuquerque. It seems that a forced landing became necessary on some plowed ground and the plane turned turtle, killing the young man almost instantly. No others were injured. Mr. Purdy was here only a short time ago, taking some of the Clarendon people for a ride in the plane he was driving. The funeral for the young man was held in Tulsa Monday of this week.

## SMITH SPEAKING SATURDAY NIGHT

### HON. SAM RAYBURN WILL SPEAK HERE FOR SMITH-ROBINSON TICKET.

Hon. Sam Rayburn, Texas Congressman, from Bonham, will speak here Saturday night, Sept. 29th, at 8 o'clock, according to a letter received here Wednesday by W. P. Cagle, chairman for the Smith-Robinson ticket in Donley County. Congressman Rayburn is on a speaking tour of the Panhandle and will come here from Wellington after he speaks there in the afternoon. The speaking will be held in the district court room of the court house, and all citizens of the county are invited to attend, with a special invitation to the ladies.

Mr. Cagle says that Mr. Rayburn is one of the most entertaining speakers in Texas and his long connection with the Democratic party fits him well to represent the Smith-Robinson ticket in this campaign.

## L. B. Cooper Has Story in Magazine

The September issue of the Nation's School carries a story from the pen of L. B. Cooper, Dean of Clarendon Junior College, that would be of great interest to many of the people of Clarendon, especially those who have children entering universities for the first time this year. The story is headed, "A Study in Freshman Elimination in One College," and is based on an exhaustive study of the first year students of Texas University. Some very interesting facts and figures are prominent in the story, which is based primarily on the findings of the author from recommendations extended by first year students at the school and on the records of their failures as found in the offices of the registrar of the school. Some of the suggestions of the students would be welcomed with open arms, particularly those which have to do with the elimination of both first year English and Mathematics from the prescribed courses of the freshman in college. An interesting fact that was found in this connection was that practically all of the students planned to continue their education, even though they dropped from the school their first year or during their first year.

## HILARIOUS REIGNS AT LIONS SPREAD

### SIDES CHOSEN BY CAPTAINS IN EIGHT WEEKS CAMPAIGN ON ATTENDANCE.

A new zip and a lot of enthusiasm was seen Tuesday of this week as the Lions met for their usual weekly luncheon in their club room in the Antro Hotel. A number of members had returned after an absence of some weeks and their presence seemed to add to the spice of the occasion. The first item to be attended at this time was the matter of selecting captains for the two opposing sides of the eight weeks attendance campaign started Tuesday of last week. Lions D. O. Stallings and J. G. Sherman were named Purple and Gold, respectively, choosing their sides from the membership of the club. The purple side will consist of the following: D. O. Stallings, Captain; O. C. Watson, J. T. Patton, R. L. Bigger, C. J. Douglas, A. L. Chase, Sam M. Braswell, H. T. Burton, Ira Alderson, Dr. H. Wilder, W. H. Patrick, Carl Parsons, J. R. Porter, T. D. Nored, S. E. Allison, McHenry Lane, W. M. Murrell, S. R. McClung and W. A. Fierce.

The Gold side will be represented by: Dr. J. G. Sherman, Captain; Ira Merchant, Homer M. Key, A. A. Mayes, L. B. Cooper, Loyd Stallings, Fred W. Rathjen, Odo Caraway, Harwood Beville, W. C. Stewart, H. J. Edington, W. A. Wilson, G. C. Kemp, G. Lester Boykin, George A. Ryan, L. H. Johnson, U. J. Boston and H. C. Brumley. Following this, there were reports made by the committees in charge of the Morquette and Peden cases. Both were found to be doing as nicely as could have been expected under the circumstances. Further reports will be made as they are available.

Lion Ira Merchant reported on the findings of the members of his committee with reference to entertaining the faculty of the schools in the near future. The consensus of opinion had it that something of this nature should be done. The Fellowship committee was authorized to take this matter in hand and attend to making the details of the event, notifying the club of their actions.

F. L. Bynum of Amarillo and S. P. McMinn of Childress were introduced to the club. In the introduction of his guest for the day, Lion Murrell caused an uproar which could not be quieted for the remainder of the luncheon hour. Each of the two gentlemen introduced stated that they were glad to be with the Lions and that they trusted to be able to again meet with them.

Lion Bigger raised a question that has to do with all the tent shows, carnivals and all entertainments which come here for short time and leave with a great deal of money that rightfully belongs to the merchants. Lion Bigger's discussion of this matter was ably seconded by Lion Patrick, who stated that every subterfuge known to man was used by people who could not afford to go to these shows to get the money they had to have to allow them to go. Lion Patrick stated that the amount of money carried away from towns like Clarendon would go a long way to make conditions better if it were left here. Lion McClung then seconded the remarks of the two preceding Lions, stating that he saw the matter from the church viewpoint and that he was solid with the other two to do

## SMALL RESIGNS FIRES IS NAMED

### NOMINEE FOR OFFICE NAMED TO SUCCEED SMALL AS DISTRICT JUDGE.

Announcement of the resignation of Judge C. C. Small, Judge of the 100th Judicial District, was made public Tuesday of this week. The resignation is to take effect September 30th, which will be about the last of the term of court in Memphis. Judge C. C. Small was appointed to the office of District Judge on the death of R. L. Templeton. During the past year that he has held this office, he has done some good work on the bench and has set quite a record in his line of work. In the last Democratic Primary he made the race for Senate of the 18th District and won the place without opposition. The Hillsbrokers will meet the Memphis team on their home course next Sunday and will tackle the Panhandle players on their course the following week. Officials of the club ask that a good attendance be out that the Hillsbrokers team may put up a good scrap from beginning to end of the play in the neighboring towns.

## AMARILLO EXHIBIT QUALITY IS FINE

### SECRETARY BOYKIN STATES THAT OUTLOOK IS EXCELLENT FOR DONLEY.

Even though the greater part of the Donley County exhibit was secured rather hurriedly, Secretary Boykin of the Chamber of Commerce states that the quality is such that it stands a good chance in the showing at the fair. Mr. Boykin left late Friday evening with the exhibit and will have it in place by the time the specified time has rolled around. The exhibit was hauled to Amarillo by truck.

The lay-out of the booth will be practically the same as it has been in the past years. The background is to be composed of a centerpiece, oval in shape, bearing the words "Leads in Diversification" spelled with kaffir corn. The border to the oval is made of turnip seed, forming a black contrast to the white background and yellow kaffir corn letters. Other parts of the background will be made up of bundles of field products arranged so as to form an attractive decoration for that part of the booth. Other products will be arranged on the floor of the exhibit in an attractive manner.

## CHURCH OF CHRIST SERVICES ENDED

### SERIES OF MEETINGS CLOSED SUNDAY NIGHT WITH FINE SPIRIT SHOWN.

The series of Revival services that were in session all during the past week and for a short time before were closed Sunday evening, Elder D. L. Hukel as the pastor of the church delivered a most wonderful soul searching and straight to the point sermon and could have continued longer had the press of the fall not interfered.

Attendance and interest in the meetings continued to hold up and increase as the series drew to a close. The church was enriched by the addition of six new members to the rolls during the services. Three of these came in by baptism and the other three through other means.

Elder Hukel has made many friends here during the short time he has been here, and has promised to make his announcements through the columns of the News as to the weekly meetings that will be held in the church.

Mrs. Ida Gore, sister of Mr. G. A. Anderson, is here for a visit of some length in the home of Mr. and Mrs. G. A. Anderson. Mrs. Gore makes her home at Hutchins, Texas.

All possible to keep them out of the city.

A motion was put and passed to name a committee of Lions to visit the merchants of the city who will have no club affiliation, learn their will concerning carnivals, tent shows and the like, and present their findings to the City Council for their action.

Lion Burton announced the program to be presented by the Dramatic Arts Club and asked the attendance of the Lions.

Adjournment as usual.

## Hillcroft Wins Panhandle Tilt

Members of the Hillcroft Golf Club again demonstrated that they are about the best team that has ever played on the local course. Ten members of the Panhandle Golf Club visited Clarendon Sunday and lost all ten of the matches played. Not one of the matches were played to extra holes to decide the winners and all of the contestants seemed to enjoy being in the city. Results by matches follow: Robert Weatherly 8 up and 7 to play; won from Patterson, Walter Wilson 5 up and 3 to play; won from Sone, Al Cooke 5 up and 4 to play; won from Carpenter, Ira Merchant 3 up and 2 to play; won from Walker, A. N. Wood 6 up and 5 to play; won from Harper, Phillips Gentry 9 up and 7 to play; won from Morgan, Wesley Knopp 6 up; won from Shaw, Van Kent, 8 up; won from Booth, Lee Casey 3 up and 2 to play; won from Grimes, Meredith Gentry 8 up; won from Weatherly from Panhandle.

The Hillsbrokers will meet the Memphis team on their home course next Sunday and will tackle the Panhandle players on their course the following week. Officials of the club ask that a good attendance be out that the Hillsbrokers team may put up a good scrap from beginning to end of the play in the neighboring towns.

## DONLEY IS EIGHTH IN COUNTY RANK

### RANDALL COUNTY IS FIRST WITH VERY NEARLY PERFECT SCORE CARD.

Scoring 954.7 points out of a possible of 1,000 in the County score card at the Tri-State Fair and Exposition in Amarillo, Randall County carried off the honors in that section of the exhibition with flying colors. Hemphill County was second and Hartley was third.

Other counties in the contest finished in the following order: Wheeler, 867.6; Gray, 839.9; Swisher, 830.7; Roosevelt, N. M., 821.8; Donley 777.1; Collingsworth, 775.3; Armstrong, 770.3; Bailey, 728.9; Hall, 722.0.

The exhibits were judged by R. E. Dickens, superintendent of the U. S. experiment station at Spur; E. W. Thomas, manager of the Lockyaw experiment farm; and J. B. Wallace, U. S. grain inspector at Plainview.

The judges praised the exhibitors for the splendid quality of the exhibits and for the care and selection shown in preparing them.

It was Randall County's first time to win first place at the Tri-State Fair. The exhibit was prepared by W. H. Upchurch, Randall County Agent, and was financed by the commissioners court and the Canyon Chamber of Commerce.

The county exhibits are considered unusually good and many of them will be taken to the State Fair at Dallas where they are expected to uphold the reputation established by West Texas of winning the majority of the first 10 prizes.

## AMARILLO EXHIBIT QUALITY IS FINE

### SECRETARY BOYKIN STATES THAT OUTLOOK IS EXCELLENT FOR DONLEY.

Even though the greater part of the Donley County exhibit was secured rather hurriedly, Secretary Boykin of the Chamber of Commerce states that the quality is such that it stands a good chance in the showing at the fair. Mr. Boykin left late Friday evening with the exhibit and will have it in place by the time the specified time has rolled around. The exhibit was hauled to Amarillo by truck.

## BICYCLE RACE STAGED BY CLARENDON BOYS SAT.

Commencing with the other attractions offered to the people of the city on last Saturday was a bicycle race sponsored by Claude J. Davis, enterprising young business man of the city. The race was of six blocks duration, starting at the end of the pavement on Third Street and ending at the place of business of Mr. Davis on West Fourth. Six contestants were in the race and the elapsed time was little short of marvelous in the manner in which the boys made the pre-arranged course. Wilford Andis was first winner in the contest and was presented a bucket seat for his bicycle. Lawrence O'Neal was second, receiving a tire for his efforts. Robert Greene was third and received a set of handle grips. Others who also ran are: Normal McCarty, "Buck" Andis and J. M. Lumus.

## SMALL FIRE CAUSES MUCH ALARM IN SERVICE STATION

A small fire originating from a leaky gas line raised considerable rumpus shortly after noon Tuesday. The gas had recently been installed in the R. L. Bigger Service Station and an undetected leak in the line caused quite a flame to burn up the wall on the south side of the office. The alarm was turned in while small extinguishers were used to a good advantage in fighting the blaze. The chemicals from the fire truck soon quelled the blaze with little loss save for the inhalation of the fumes from the extinguishers. Pumping lines were laid to the fire but no water was used. Little damage was reported and this was fully covered by insurance.

## FEDERATED CLUBS PICNIC ON FRIDAY

### COUNTY FEDERATION TO USE COUNTRY CLUB GROUNDS FOR PICNIC.

Final arrangements were completed the latter part of last week while the Donley County Fair was in progress for the first annual picnic of the Donley County Federation of Women's Clubs. This is to be one of the outstanding social events of the entire year and all women in the county connected in any manner with the federation are asked to be present for this picnic.

The picnic will be held at noon on Friday of this week and will be a basket affair. The ladies will leave Clarendon about ten o'clock that they may have things in readiness when the time arrives for the meal to be served.

Mrs. Trent, president of the County Federation, is especially desirous that a good attendance be present for this occasion as this will be an excellent means for them all to become better acquainted.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

New businesses are coming to Clarendon, in the same proportion that new families are moving to our city. A most satisfactory era of growth is on our town and community.

Our position is absolutely neutral. We don't care where the Dixie series games are played, just so Houston beats Birmingham. It looks like another All-Southern title for the Texas League.

Donley County's farm exhibit won eighth place in the county exhibit division at the Tri-State Fair at Amarillo. This may not be as high placing as many of our citizens had hoped to win, but when it is considered that Donley County has no county agent, seems to the News that we have done well. Give us a county agent and the real rank of Donley County will be established in the first year.

Amarillo's Tri-State Fair is going over big this year in the matter of attendance, and the "free gate" is proving a most successful policy. Hundreds and thousands from over the entire Panhandle, Western Oklahoma and Eastern New Mexico are in daily attendance and around a quarter million visitors are expected to view its exhibits before next Saturday night. Donley County people are doing as they should—they are going to the Tri-State Fair by the scores.

One of the comical sidelights in the present national campaign is the spectacle of Al Smith traveling West in a palatial train to tell the farmer his plans for farm relief, when in his entire public career he has never carried a single farming county in New York state. If the farmers of the West are fooled by his East Side sophistry they prove themselves more gullible than the farmers of his own home state. New York farmers know him.

Donley County's Free Agricultural Fair closed Saturday evening after one of the most successful showings the fair has had in recent years. There is a new and growing interest in the county fair which is heartening to the men and women so intent on its success, so much so that it seems within the next year or two it may be probable that the fair will be permanently housed. Our county fair is one of our growing assets and is worthy of all the support it receives and more.

The News doubts if there is a one percent shift in the votes for Hoover or Smith in a period from the first of September to the 6th day of November. People read much more than even four years ago, and most have made up their minds just who they intend to support and no argument, ballyho, or lying campaign will shake that determination. Sometimes it looks like sheer waste of time and space for newspapers to give so much space to the campaign which is already decided. Maybe it is a waste.

A man without mirth is like a wagon without springs, in which one is caused disagreeably to jolt by every pebble over which it runs.—Henry Ward Beecher.

Visiting players on the Hillcroft Golf Course here at Clarendon return uniformly the same verdict—that we have the best golf course in the Panhandle outside of one course at Amarillo. Just another of those many items in which Clarendon excels.

Nature's book is like other books: you must open the covers; you must fix your eyes upon the text; you must get into the spirit of it. When you have read one sentence correctly you are so much the better prepared to read the next one.—John Burroughs.

Governor Moody's proposed measure to inaugurate civil service in state administration offices got the cruel turn down by the state Democratic convention recently held at Dallas. Governor Moody is right when he urges this reform in state management, and it was just another instance of shortsightedness on the part of the Wet conventioners who engineered the first liquor convention Texas Democrats have staged in the past decade. Texas will never have really efficient conduct of state affairs until we adopt the civil service system for non-elective jobs.

Government must inspire confidence not only in its ability, but in its integrity. Dishonesty in government, whether national, State or municipal, is a double wrong. It is treason to the State. It is destructive of self-government. Government in the United States rests not only upon the consent of the governed but upon the conscience of the Nation. Government weakens the moment that its integrity is even doubted. Moral incompetency by those entrusted with government is a blighting wind upon private integrity. There must be no place for cynicism in the creed of America.—Herbert Hoover.

O. O. McIntyre says the greenest folks on earth are those who have been reared and live in New York City. He must be right, or else Tammany leaders wouldn't have the nerve to attempt to dictate to Southern prohibitionists how they are to vote, threatening them with expulsion from the Democratic party if they fail to be led willingly by a liquor head. Southerners are more devoted to principle than men of any other section, and if the Democratic party is to remain in the hands of the Smith-Tammany-Liquor gang there are millions of our people who have voted their last party ticket. Principal first.

Details of the proposed million dollar bond issue for hard-surfaced roads in Donley County will probably be worked out by the commissioners court and a call for election issued within the next two weeks, much to the satisfaction of those who have striven to bring this matter to an issue in this county. Opposition is expected, but proponents of the roads believe that when the matter is before the people for full and frank discussion it will be possible to secure the necessary two-thirds majority. It will interest everybody.

More and more there grows a sentiment to do everything possible under the law to prevent the coming of tent shows and carnivals to Clarendon. A move is under way to get a united effort among the business men to urge the application of a city law which will in effect prohibit this class entertainment coming within the city limits of our town. Good crops always attract a flood of such attractions, and with them comes the fakir, the grafter and worse. They hurt business in all lines, they are often immoral and never uplifting, and within the fire limits are a potential fire hazard of no small magnitude. We can protect ourselves from such molestation, and it is the act of good citizenship to do so. Lend your support to their exclusion.

### THE NEW SOUTH—TEXAS

Sometimes from the office of some commercial agency or business institution comes a gem in literature as well as paragraphs bristling with facts, filled with philosophy and running over with optimism. Recently we came across such a gem under the caption as above, and we reproduce it for its contained worth:

Airplanes, telephones, telegraph, radio, smooth highways and railroads have made Texas more compact for purposes of government and business than was the smallest of states a century ago, thus practically disposing of the fear that the area of the Lone Star State would prove too great for practical governmental purposes.

Its integrity, as an entity, safe, Texas—powerful, rich in land and resources, and daily gaining in wealth and influence by reason of the "Texas for Texans" spirit of its people—may look forward to a self-supporting population of ten, even fifteen millions, an annual income by these people of as much as fifteen billions, and a place of the very first magnitude among the states of the Union.

Someday the surplus drainage of other regions will be brought under control and diverted to West Texas, there to irrigate lands now too dry for the best agricultural results.

Some day industry will rank with agriculture and raw material production in that state.

In half a generation Texas has created an artificial port at Houston and developed a water borne movement of some 12 million tons.

In fifty years it has built an inland city at Fort Worth and increased its population some 5,000 per cent.

In a short span of time it has created at Dallas one of the best conditioned cities in America.

San Antonio has become an excellent place in which to live and to develop business.

And so the record goes. Everywhere progress. Everywhere promise.

For Texas, or for the good of any part of the state, all Texas works in harmony.

The drift of cotton production is westward, to the new, virgin flat lands, where mechanical cultivation and pickers will solve the problem of farm labor and materially reduce the cost of production.

Only one, or at most two generations removed from the pioneer stage, Texas enjoys the vigor and enthusiasm of youth, plus a character of effective patriotism and local pride, if at all, matched in other states.

Woe be to the man who essays to sell Texas short.

### INITIAL MEETING OF BAPTISTS IN AMARILLO FRIDAY

Waco, Texas, Sept. 25.—Kick-off meeting of all district nine workers of the Greater Baylor University campaign will be held in Amarillo on Friday, Sept. 28, from 10 a. m. until 4:30 p. m.

J. M. Cook of Amarillo is chairman of district nine and will preside at the Friday meeting. Workers all over Texas aggregating 5,000 seek to raise \$2,000,000 in the state at large to retire the indebtedness against Baylor, the bulk of the state denominational debt.

Plans applicable to every section of district nine will be discussed by leaders. The Popular campaign dates from Nov. 23 to Dec. 4, simultaneously over Texas, immediately following the Texas Baptist General convention, Nov. 13 to Nov. 18.

District nine embraces six Baptist associations. Rev. J. R. Hicks, of Dalhart, is chairman of Trans-Canadian associations; Rev. C. R. Joiner, Wellington, North Fork; Rev. V. M. Cloyd, Hereford, Sierra Blanca; Rev. S. R. McClung, Clarendon, Panhandle; Rev. W. C. Garrett, Amarillo, Palo Duro; Rev. W. C. Harrison, Canadian, Canadian association.

Organization of district nine is in excellent shape, according to Chairman Cook. Preceding the Popular campaign, "Baylor Sunday" will be observed in larger Baptist churches to inaugurate the state-wide enterprise for Baylor University.

### MERKEL CITIZENS PLAN TO ERECT \$75,000 HOTEL

Twenty thousand dollars have been subscribed to a \$75,000 hotel for Merkel. According to plans \$40,000 is needed before the hotel building will start.

## PAULINE STATION OPEN FOR SERVICE

RECORD IS SET IN ERECTING HUGE POWER PROJECT NEAR QUANAH.

Ablene, Texas, Sept. 18.—Furnishing unlimited power to the 104 cities, towns and communities now served by the company, and providing a reserve supply of electricity to serve at least half a hundred more communities, the gigantic generating plant of the West Texas Utilities Company at Lake Pauline was put into operation late Monday night, it was announced from the general offices of the company here.

The new plant was tied into the Crowell-Quanah and Quanah-Vernon highlines forming an interconnection with the other generating stations of the company. This is the first of three units planned at Lake Pauline, which is five miles northeast of Quanah. When the three units are completed this will be one of the largest generating stations in the southwest.

The newly completed unit has a generating capacity of 20,000 horsepower, raising the company's available generating capacity to approximately 70,000 horsepower, an increase of over 50 per cent.

In addition to serving communities on the properties of the West Texas Utilities Company, the Lake Pauline station will transmit 6,000 horsepower to the properties in Oklahoma of the Southwestern Light & Power Company of Oklahoma City.

What is considered by electrical experts as a record for construction was established in the building of the plant. It was completed in just a few days over six months and did not include night shifts. There were approximately 200 workmen on the job. Operation of the plant will require 30 men. W. E. Huss of Abilene is chief engineer and J. N. Green is resident engineer. Earl Hoppe, chief engineer of the company was in charge of all construction work.

Machinery in the plant includes a 20,000 horsepower General Electric turbine and three 1,000 horsepower boilers. The turbine of the latest design and operates on 375-pound steam pressure. The boilers operate on 300 per cent of rating.

The plant will be known as the Lake Pauline Power Station, deriving its name from the fact that it is located upon that broad body of water covering 600 acres which once was used as an old irrigation project.

Pursuant to the policy of the West Texas Utilities Company, the lake will be fenced and landscape artists will convert the bald open prairie into a veritable flowerland. Parks will be laid out and flower gardens will be planted around the plant. The company will erect 12 picturesque Spanish type homes for employees.

With a new branch of the Fort Worth and Denver railroad recently built to the plant and company employes making their homes near the plant, it is predicted that a thriving little town soon will be built at Lake Pauline.

R. B. Niese, Jr.

## BUTTER FROM KEROSENE IS BABSON PROPHECY

The coal furnace and stove, twenty-five years from now, will be things of the past, Roger Babson, head of the Babson Statistical Organization, declares.

"All householders will be compelled by law to use gas or electricity for heating, cooking, refrigeration, power and other industrial and household purposes."

A quarter century hence, says Mr. Babson, gold will be made from lead; butter, milk and cheese from kerosene; tides will be harnessed and the heat of the sun will be utilized in industry.

"Office buildings, factories and apartment houses will be built without windows in order to obtain better ventilation," Mr. Babson declares. "Street intersections, where traffic policemen are now necessary, will have overhead bridges. All main streets will have two stories of sidewalks with special provisions for the parking of cars anywhere on the pavement of a street. When the helicopter is perfected, every house will have a hangar on the roof."

## LELIA LAKE MAN PROSPERS IN TOWN

DAIRY HERD IN TOWN PAYS EXPENSES OF OPERATING AT HOME.

(By H. D. Cuydendall)

W. P. Howard came to Lelia Lake, Texas, in 1913 from New Mexico, flat broke. He is now worth about \$4,000 and made all of it in the last six years. He has done it by a system of diversified farming and living at home. He has been fortunate in that he has had landlords who permitted him to farm as he chose, but they knew that he was not going to do anything but what would improve the value of their farms and enrich the soil, rather than to make it poorer as some tenant farmers do.

Mr. Howard rents 130 acres from Guy Taylor and J. D. Cook. He has 64 acres in cotton, 40 acres in feed and the rest in truck garden crops such as watermelons, cantelopes, beans, peas, pop corn, sweet peas, turnips, etc. He has four plantings of peas.

The feed crops consist of maize, hegira, red top cane, ribbon cane, sudan and three kinds of corn: Suro-Cropper, Gold Mine and White Dent.

Mr. Howard finds a ready market in Lelia Lake for his truck crops. Just the other day he loaded up 11,735 pounds of melons and sold them in a few hours. His melon crop will bring him about \$100 an acre and he has three acres planted.

The truck that is not sold on the market as fresh stuff is canned up for winter use. The family will start the winter with about 400 quarts of canned fruit and vegetables.

Mr. Howard does not live on the farm but lives in his own home in Lelia Lake. Since he lives in town he cannot keep a large dairy herd, but has two cows and sells milk and butter. The milk is sold to neighbors and the butter to merchants of Lelia Lake. Three or four pounds of butter is produced each week, in addition to that used at home. Mr. Howard's policy is to sell nothing that can be used to supply the family living expenses.

He has five hogs for home cured meat; also a sow and seven pigs. They are blooded stuff of the Duroc type. He makes enough off the hogs he sells to pay for the cost of raising all of them. He puts up from 800 to 1200 pounds of meat per year. He had lard left over last year and will have this year.

The family also keeps a flock of chickens and sells eggs in the spring to add to the other incomes.

The foregoing shows a farmer who has found a method of living at home and so has his major crop in the clear. Whatever he makes off his cotton crop this year will be all net profit as he has no expenses to come out of it except for the picking. His living is taken care of and if he makes no crop he does not go in debt.

## LAMESA BEING SERVED GAS FROM AMARILLO

Gas was turned into the mains in Lamesa from the Amarillo oil fields last week. Demonstration of new stoves for the new fuel has been the order of the day since, with the result that a number of people are buying stoves before cold weather.

The Southwestern Dairy Show, to be held in connection with the State Fair of Texas, October 6 to 21, is to be made a permanent feature for the encouragement of the dairying industry in Texas.

## QUITTAQUE LIONS ASSIST DAIRYING

THREE PUREBRED SIRENS IN COMMUNITY RESULTS FROM ACTIVITIES.

The Lions Club of Quitaque,

under the leadership of Mr. G. S. Dowell, superintendent of schools has purchased two registered Jersey sires and placed them in the territory immediately around Quitaque, to give service to herds of dairy farmers without cost except for the feeding of the animals. The Club does not expect to get its money back directly, but rather through increased amounts of money spent by the farmers with the business men, when the dairy herds have been built up to greater production through the fine sires purchased. One of the animals was purchased from Mr. Terry of Venus, Texas and the other from Mr. Watts of Tulla, Texas. The pedigree showed up good in both cases. One of the animals came from a mother that produced more than 600 pounds of butterfat in a year's time.

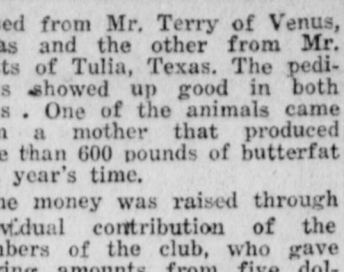

The money was raised through individual contribution of the members of the club, who gave varying amounts from five dollars to fifteen dollars each. Mr. Dowell visited each member personally and raised the money with little difficulty.

The bull purchased from Mr. Terry cost \$150 and the same amount was paid for the Tulla bull except that \$10 was the cost of hauling it to Quitaque. The Terry bull is from the Fauvius Prince line, a grandson. This was one of the most famous bulls in the country and the descendant is expected to hike dairy production in the Quitaque section. The Tulla bull is a descendant of the Gambe Knight line, a bull imported to this country from the Jersey Island by Dr. Underwood. It also is a grandson. A man familiar with jersey sires said that the Quitaque Lions Club would be stealing this bull if they got it for \$250 and \$150 was the purchase price.

When the committee went out to a pasture west of Quitaque to select an animal and make purchase, about 15 men accompanied them, business men and farmers. Ben Chandler, a farmer, got so interested in the good sires that he purchased one on his own individual account for \$150, putting him in the trailer and taking him home. Thus, three bulls have been purchased as a result of the activity of this Lions Club. Mr. Chandler got a half-brother of the Fauvius Prince bull purchased.

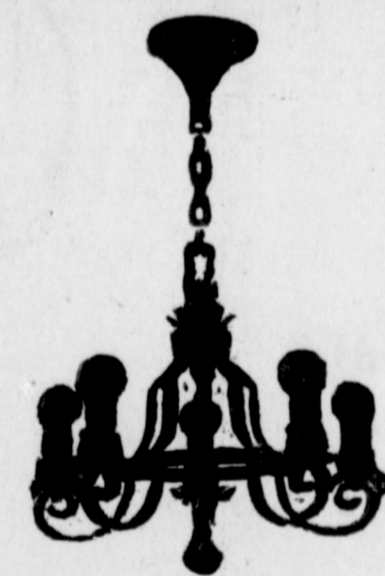

## COLEMAN BEAUTIFICATION PLANS INCLUDE PARKS

Coleman is starting a home beautification project which when completed will include a boulevard entirely circling the city. Two parks and the site for a new park recently donated by an interested citizen will be given attention.

### DAIRY FARMER IS SHOWING PROFIT

FIFTEEN DAIRY COWS AVERAGE \$600 PROFIT PER MONTH TO R. L. HALL

R. L. Hall, who lives in the little house at the old city lake, came to Childress last December with just \$100 in his pocket. Today he has \$1200 equity in a dairy herd and money in the bank, in addition to owning a registered Jersey sire that is building up his dairy herd into something worth while. All this has been accomplished in a little more than six months time.

Mr. Hall came to Childress from Vernon in December, having gone broke on cotton farming. He had made 52 bales of cotton and took 6 1-2 cents per pound for some of it, after paying \$2 per hundred for the picking. He decided there was no money in cotton farming. He had previously tried dairying at Plainview where he operated with 42 head of dairy animals. Now he decided to re-enter the field.

He leased a small tract of 53 acres from the City of Childress lying next to the old city lake. He had his household effects hauled up here at a cost of \$18 and paid \$50 for an old Ford truck, to be used for a delivery truck. He bought, entirely on credit, from O. H. Smith, 15 average Jersey dairy cows for a total cost of \$1535. This included interest and all. He then planted the entire 53 acres in sudan grass to give him a green pasture throughout the summer.

He started building up a milk route in the city and today he has all the customers that he can take care of. He and his wife operate the dairy so there is no overhead expense and the feed cost amounts to 28 cents per head per day. On the other hand each cow makes the owner about \$1.50 per day so that his clear profit is around \$1.20 per cow per day or about \$20.00 per day in total.

This \$20 has been used to pay off the indebtedness on the dairy herd. He has cut this down to around \$300 and before the year is up will be paid for. Then he will be able to bank the amount that he now pays Mr. Smith for the herd. He has accumulated some money in the bank in addition to paying out on the herd. He also bought, for \$125 a registered Jersey sire so that he could build up his dairy herd in the offspring.

Speaking of sudan pasture, Mr. Hall says that two acres of sudan are worth ten acres of native pasture. He has 17 head of dairy animals, though milking only 13, but they keep down his 53 acres pretty well.

Mr. Hall pays cash for his groceries, dry goods—everything he buys. His only losses come from customers who beat him out of milk bills, by moving away or through bad accounts. He says he loses a good bit in this manner.

Mr. Hall says that he sleeps only about six hours a night, but it has been worth a lot to him as he has made about \$1500 in about 8 months and stands to be able to save enough money to

### NEW YORK-PARIS FASHIONS

CHANELS tricolor fashion has certainly carried the world. Half the smart people look like Fourth of July decorations and it is just as true of the Riviera as it is of our own resorts. Her famous tricolor scarf has been copied and copied and still remains the scarf of the day. It is shown here with a hat that obviously has been designed to wear with it. White felt with a medium sized brim, is the material and the trimming is an amusing arrangement of circles of red, white and blue pyralin through which a navy blue ribbon is drawn. These buttons are back again. On everything, too, even hats. The one sketched is likewise of white felt, for so many of the good sports costumes begin with white. It is trimmed with red buttons and ribbon. The brim of the hat is slit and buttoned over, one button and ribbon-bound button hole to each side and to the hat band. A hat like this needs a faithful following out of the button idea to be really right, so if you get one, be sure you wear it with a white crepe de chine frock that goes in for buttons and in the color of the ones on the hat.

buy his own farm in a few years. This is his ambition.

#### SNYDER SHIPS FIRST EGGS TO HAVANA, CUBA, MARKET

Snyder shipped 400 cases of eggs, or 12,000 dozen to Havana, Cuba, recently. This is considered the earliest shipment of eggs ever shipped from the county, shipment usually starting in January.

#### SHAMROCK WINS NEXT REGIONAL BODY MEET

The next meeting of the Panhandle-North Plains District Convention of the West Texas Chamber of Commerce will be held in Shamrock. This city sent a large delegation to the meeting recently held in Pampa.

### DAIRY COWS PAY FARM EXPENSES

STEADY INCOME ENABLED TELL MAN TO PAY DEBTS AND BUY MORE LAND.

ESTELLINE, Texas, Sept. 13.—B. L. Caldwell, who lives in Hall County, 2 1-2 miles west of Tell, has a farm of 200 acres, about 165 of which are in cultivation. They moved on this farm fourteen years ago, having bought it the summer before from J. J. Land's father. They came here from Elida, New Mexico, where they had formerly lived.

When they bought the place they paid down about \$750 on it and owed the balance. They purchased 160 acres at a cost of \$18 per acre. The balance was placed in 300 equal payments. One year they failed to make the payment—in fact could hardly pay the interest to the First National Bank in Childress.

They first started in the dairy business the first of July a year ago. They had sold a little cream before that time but did not get

a separator until the second day of July a year ago. Their object in getting some dairy cows and selling cream was to try and get out of debt. They now have the land all paid for and in addition, about seven or eight years ago, they purchased 40 acres more for \$22 per acre.

They started dairying with five cows, buying one here and one there as they could locate them. They bought a separator and began selling cream.

The cream checks did not quite pay for the groceries and dry goods as the family has considerable expense. The skim milk was fed to the hogs and chickens and the eggs were sold on the market. Four or five pigs are sold each year and the family butchers its own meat for winter use, using their own cured meat the year around.

The garden tract did not prove very profitable this year. The orchard is coming along. It has been set out with young trees that would have borne this year had it not been for a late frost.

The family now has seven dairy cows and sells about \$7 worth of cream per week. The highest week they ever ran was \$20. The family does not have to borrow as much as it used to make the cotton crop.

Mr. Caldwell is now buying some land of the old Mill Iron

ranch principally for his son. He bought 320 acres the first time and is now trying to get 160 acres more. The son moved 7 cows up there and has learned the value of dairying from his father.

In summing up Mr. Caldwell said: "If you live on the farm you want to raise just as much of everything you use as you can. A dairy herd brings in a steady income—a person gets a little money all the time. I had rather have a few dairy cows and have something coming in all the time than to depend on cotton."

#### CISCO CITIZENS TO MAKE ADVERTISING JOURNEY

An advertising trip of citizens to go from Cisco to Matamoras, Mexico, via San Antonio, and Brownsville is being planned to start October 10 or 12. The trip is estimated to cost probably \$40 per person.

#### NEW OLTON SCHOOL TO BE MOST MODERN IN SECTION

Work is progressing on the Olton school house which contains eight large class rooms and a library. The building is costing \$45,000, and will be modern in every feature when completed. Twenty per cent of Olton scholarships are in high school.

### GOOD REPORTS FROM EXHIBITS

ALL MEN IN CHARGE OF SHOWS IN NORTHERN STATES REPORT FAVORABLE COMMENT.

The following letter, from the hand of Dr. O. H. Lloyd of Vega, will bear out the assertions made heretofore of the interest the exhibits of the Panhandle-Plains of Texas, Inc., are attracting wherever they are being shown in the northern part of the United States. Dr. Lloyd was stationed at Marshalltown, Iowa, and states that the fair there was one of the best in the entire number now in that section.

The letter: Guthrie Center, Iowa, September 16th, 1928. Panhandle-Plains of Texas, Inc., Amarillo, Texas: Dear Folks—Just a word of report on our work.

Our agricultural exhibit at Marshalltown, Iowa, was an unqualified success, attendance at the fair was very good, although it rained much in the week, too wet for the farmers to work and

they came to the fair. One continuous strain of favorable comment and surprise of what they said was "a beautiful display." Many of them said that they had seen the country and that these were the products they had seen there and they were coming back.

Our registrations were very heavy and a large percent were eager to get information from our standpoint. I am sure that Marshalltown is the best fair we have made and will lead to happy homes for many people from Marshalltown who will sooner or later immigrate to the Panhandle of Texas.

This is a community where sharks operated in an early day, and much Panhandle land was sold at inflated prices, but even at that, these people feel kindly toward our exhibit and express admiration for the work we are doing—astonishment in the advancement we have made and confidence in the future of a country which has made such rapid strides.

To any and all of those who have contributed in anyway, and especially to Amarillo, who has done so much to make this work possible, I would say that your wildest imagination cannot truly paint results that are bound to come to the Panhandle of Texas as a result of this campaign. Signed: Dr. O. H. Lloyd.

### NANCY MORROW COLE

Nancy Morrow Cole was born November 13th, 1844, in Walker County, Alabama. Death came to her Sunday, September 23rd, 1928, in the home of her daughter, Mrs. D. K. Smith, of Fort Sumner, New Mexico. At the time of her death she was 83 years, 10 months and 10 days old. The last rites were held from the home of Mr. and Mrs. A. T. Cole in this city on Monday, September 24th, at 3:00 o'clock. Rev. S. E. Anson, pastor of the First Methodist Church, officiated in the funeral, assisted by Rev. S. R. McClung of the First Baptist Church of Clarendon. Special songs used included: "How Firm a Foundation," "Amazing Grace," and "Meet Me There." Interment was had in the Citizens Cemetery. Nancy Morrow was married in 1859 to Wm. Steuben Cole, moving directly to Arkansas where the family made its home for seven years before coming to Texas, where the remainder of her life was spent. Her husband preceded her in death in 1906. Ten children were born of this union, seven of whom are yet alive. They are: Mrs. Eva Mitchell, Muskogee, Oklahoma; Mrs. R. L. Boswell, Sterling City, Texas; Mrs. D. K. Smith, Fort Sumner, New Mexico; J. B. Cole and T. D. Cole, of Amarillo; S. D. Cole, Donna, Texas; A. T. Cole, of Clarendon. Besides these children, the deceased is survived by one brother and a great many other relatives. The family of which Mrs. Cole was a member has been singularly free from deaths of any nature, only six having occurred in

the past seventy years. During this time there have been 82 direct descendants in the family, fifty-eight of whom are living. These include a host of nieces and nephews, grandchildren and several great grandchildren.

Mrs. Cole was converted at a very early date in her life and remained a consistent Christian all of her life. She was particularly well known to the older residents of the city of Clarendon and these extend their sympathy to the bereaved family in the time of their grief.

Out of town relatives and friends here for the funeral are: Mrs. R. L. Boswell, Sterling City, Texas; Mr. and Mrs. R. C. Boswell, Lubbock, Texas; Jim Boswell, Plainview, Texas; Mr. and Mrs. T. D. Cole, Amarillo, Texas; J. B. Cole, Amarillo, Texas; Mr. and Mrs. Houston Parke, Pampa, Texas; Miss Willette Cole, Pampa, Texas; Mr. and Mrs. John Morrow, Mr. and Mrs. Clyde Morrow and son Clarence and Paul Morrow, all of Groom, Texas; Mr. and Mrs. Jim Morrow, J. R. Morrow and Mrs. Lydia Turner, all of Hammon, Oklahoma.

### COLLEGE-HIGH SCHOOL P. T. A. MEETS OCT. 4

Announcement is to hand of the initial meeting of the Parent Teachers Association of the College and High School. This meeting will be held in the College Auditorium Thursday, October 4, at 3:00 o'clock. All parents are urged to attend this meeting and take part in the initial meeting of the organization.

### MAGNETIC DECLINATION IN TEXAS IN 1927

The Coast and Geodetic Survey, Department of Commerce, has just made available a new publication of particular value to surveyors of this state who are required to use magnetic methods in recovering the lines of old surveys. The publication also contains the information necessary for testing compasses at the magnetic stations established by the Coast and Geodetic Survey, descriptions of which stations are given in full in the publication. With this publication, it is possible to find changes in the magnetic bearings at different localities in the State as time has elapsed. The use of this information for every degree of longitude and latitude makes it easy to find the correct values for any given place.

A copy of this publication may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., by remitting fifteen cents and requesting a copy of Coast and Geodetic Survey Serial No. 417, "Magnetic Declination in Texas in 1927."

### SAN SABA WORKING BETTER SEED PROGRAM

The San Saba Chamber of Commerce is conducting a campaign for better seed for the farmers. On account of the failure of some of the crops seed must be imported and the C. of C. thinks this is the time to improve the quality.

### LIGHT BALES DRAW PENALTY IN PRICE

TEXAS COTTON ASSOCIATION SETS PENALTIES TO BE ATTACHED FOR WEIGHT.

For the protection of the farmer as well as the buyer of cotton, the Texas Cotton Association has adopted a standard penalty for bales of cotton which are light in weight. On a bale that weighs less than 450 pounds and not under 400, the penalty is assessed at \$1.00. A bale weighing less than 400 pounds, but not less than 350 pounds, the penalty is set at \$2.00. Bales weighing less than 350 pounds may be rejected, but if accepted, must carry a penalty of \$3.00 for being under weight.

This penalty is assessed for the reason that the purchaser of the bale of cotton who buys a bale weighing less than 450 pounds is buying an average of four pounds of tare at the current price of cotton. The tare weight purchased on bales above 450 pounds is negligible and the penalty is not assessed on bales weighing more than the amount stated. The tare weight is considered an average of twenty-one pounds in Texas for the amount of bagging and ties used on each bale. This amounts exactly to 4 percent on a bale of 525 pounds weight, the percentage increasing as the weight of the bale decreases.

The Association has issued posters which are displayed in prominent places in the gins. A part of one paragraph contained on the poster will be found as follows:

"For all practical purposes, including the Government reports, the awarding of prizes for early ginned lint is based on the average weight of our cotton at approximately 500 pounds per bale will be readily recognized and there is certainly no good reason for putting up more than an occasional bale weighing less than 450 pounds."

### PLAINVIEW IS STAGING OLD FIDDLERS' MEET

Plainview, September 24.—An Old Fiddlers' Contest will be staged in Plainview October 12th for the benefit of boys' work in the Central Plains area of the Panhandle sponsored by the Rotary, Kiwanis, and Elk's Clubs of Plainview.

The contest is open to the world, and already several noted fiddlers of this territory have accepted the invitation that has been broadcast over the Panhandle-Plains area of Texas, and New Mexico. Maury Hopkins, Secretary of the Plainview Chamber of Commerce and Agriculture, has sent several invitations to fiddlers that are known to live in West Texas, and is very anxious to get in touch with others over the country who will participate.

The contest will be staged in the municipal auditorium at Plainview. Judge L. S. Kinder, veteran boys' work enthusiastic, is chairman of the general arrangements committee having the contest in charge. Says Judge Kinder: "Any person in the Central Plains area of the Panhandle who is interested either in old fiddling music, or in the boys' work that we are trying to put over in this section of Texas should make arrangements to attend at Plainview on the 12th. Every one present on that evening will be taken back to the time of long ago when such pieces as 'Sally Goodin' and 'Billy in the Low Ground' were the popular music of the day, and the present time have not lost their soul's thrilling ardor. It is guaranteed by those in charge that no one present of whatever age he may be can resist the temptation of wanting to cut the pigeon wing after listening for a while to these grand old fiddlers."

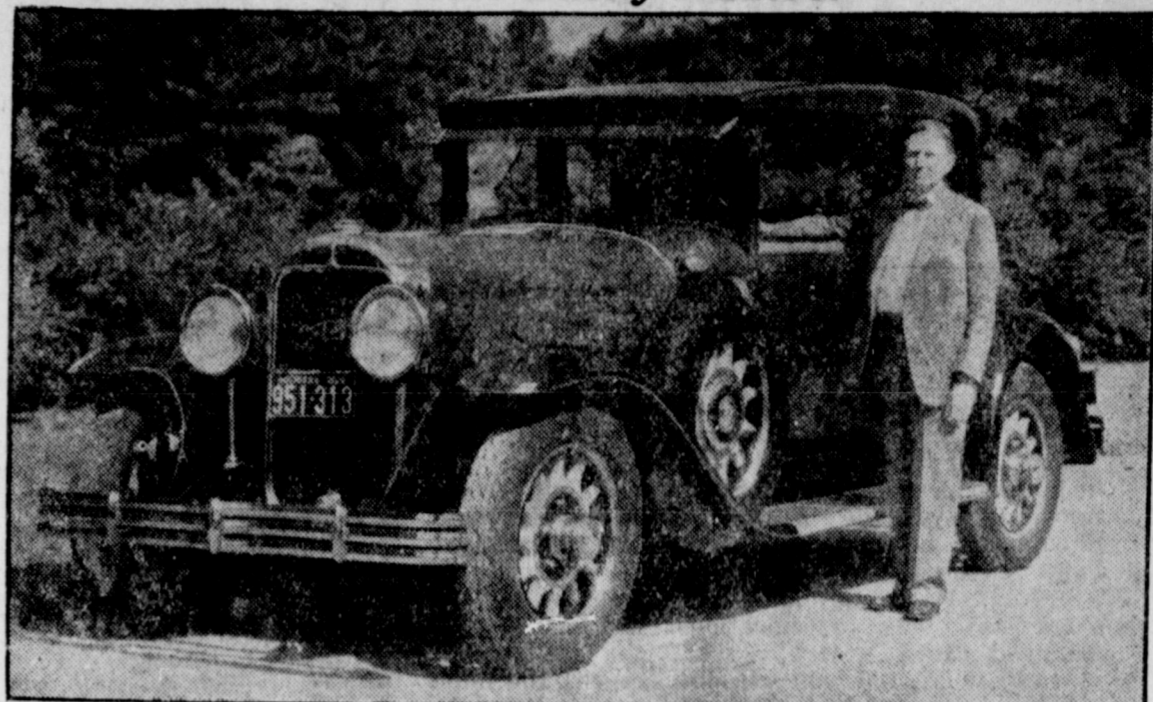

### NICHOLS PREDICTS FARMERS' RECEIPT FOR 1928

Austin, Texas, Sept. 26.—"In case prices continue at the present low levels, the total income to Texas farmers is likely to be no larger than that of 1927," declared Beervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas, in a recent summary of the agricultural situation.

"Favorable crop prospects are largely offset by lower prices so that the outlook can be said to be only fair," he continued. "Fall sowing of wheat is well along in many districts and a considerable part of the corn crop has been gathered. Most of the tame hay is in the stack. Cotton deteriorated less than was expected during August. Bolls are opening rapidly and harvesting is general. Texas ginnings to Sept. 1 were 843,000 bales, against 925,000 bales for the same period in 1927. Insects and disease are causing some loss."

"Farm prices for the major crops were lower. Corn and oats declined several cents a bushel and wheat is selling at the lowest price in several years. Cotton fell \$5 a bale."

## BAIRFIELD-ALEXANDER

Miss Thelma Alexander of this city and Mr. Charles E. Bairfield of Clarendon were married at Wichita Falls Sunday, September 16. They left immediately for Dallas and Sanger where they visit the relatives of the bride. They will make their home in Clarendon.

The bride is the daughter of Mr. and Mrs. L. T. Alexander of this county. She has many friends in this city, having spent most of her life here. She graduated from the local high school, has attended the Abilene Christian College and also studied in the Woodrow School of Expression at Dallas, Texas, and Duke, Okla., for several years.

The groom is the son of W. Bairfield of Clarendon, a well-known resident of that county. He is a graduate of the Texas A. & M. College, and for several years has taught vocational agriculture at Olton, Texas.

The Standard joins the many friends of this young couple in extending congratulations and best wishes for a long life of happiness.—Collingsworth Standard.

## Stargel-Antrobus

Miss Lucy Antrobus, daughter of Mr. and Mrs. Geo. W. Antrobus, and Mr. Frin Stargel of Amarillo, were married Thursday, Sept. 20, at Hollis, Okla., in the presence of a few relatives and close friends.

After a short honeymoon trip Mr. and Mrs. Stargel will return to Amarillo to reside.

Miss Antrobus is well known in Clarendon, having resided here the greater part of her life and Mr. Stargel is associated with the Herring Hotel of Amarillo, but was formerly manager of the Antrobus. Both have a host of friends here who will be greatly interested in the news of their marriage.

## Mothers' Club Opens For Year's Work

Mrs. J. D. Swift was hostess to the members of the Mothers' Club when they opened for their year's work Friday afternoon.

The room in which the study on "The Maturity, Intelligence, Family, Food, Strength, and Uses of the Elephant and Camel" was conducted were profusely decorated with cut flowers and pot plants.

Mrs. J. H. Headrick, George Ryan, Bromley, Manley Ozier, Clyde Douglas and Fred Buntin discussed the topics pertaining to the subject and it proved most instructive.

Punch was served throughout the afternoon, with an ice course being served at the close.

## Miss Lotta Bourland Is Hostess

An Autumn motif was carried out in the lovely party given by Miss Lotta Bourland Thursday afternoon when she entertained the members of her bridge club and a few invited guests.

Large Autumn leaves served as the tally cards and beautiful Autumn flowers decorated the rooms where the games were enjoyed.

Mrs. Leonard Parker was high score winner and received a lovely favor.

A two-course luncheon was served to: Mesdames Carl Bennett, Jr.; Jim Haile, W. L. Ball, Earl Alexander, Dick Bell, Lenode Goldston, Leonard Parker, Charlie Bell, and Floyd Lumpkin; Misses Obie Crabtree, Lorraine Patrick and Dorothy White.

## Mr. and Mrs. W. C. McDonald Entertain

Mr. and Mrs. W. C. McDonald delightfully entertained with a dinner-bridge on Friday evening, Sept. 14th, at their home in College Heights.

A color scheme of yellow and green was used, Nasturtiums and sunflowers centering the small tables and dainty place cards completing the decorative note.

After a sumptuous dinner, games of bridge were enjoyed, with Mrs. Fred Chamberlain being winner of the high score prize for ladies at the close. John Bugbee drew the prize for the gentlemen and Miss Ruth Stocking was awarded guest favor.

The guest list included: Dr. and Mrs. H. M. Rhoades, Dr. and Mrs. T. H. Ellis, Mr. and Mrs. A. T. Jeffries, Mr. and Mrs. J. L. McMurtrey, Mr. and Mrs. Earl Alexander, Mrs. J. D. Browder, of Fort Worth; Miss Ruth Stocking, Mr. John Bugbee and Mr. Louis Holloway.

## Mrs. Letitia Swearingen Honored With Well Appointed Affair

Among those attending the Amarillo Fair from Clarendon Sunday were: Mr. and Mrs. O. C. Watson and children, Dorothy and O. C. Jr.; Mr. and Mrs. Walter Taylor and children, Mr. and Mrs. Youngblood, Mr. and Mrs. O. T. Smith and son, A. J., Mr. and Mrs. Robert Darnell, Mr. and Mrs. Ben Andis and children, Mr. and Mrs. John Watts and Ola Mae Watts.

Mrs. Letitia Swearingen Honored With Well Appointed Affair

The fall social season is slowly rising from its low ebb of late summer with from one to several hospitalities being given daily.

One of the most delightful hospitalities was given Tuesday when Mrs. J. T. Patman honored Mrs. Letitia Swearingen of Childress with an artistically appointed luncheon at her home.

Covers were laid for eight at the well appointed table, which

had for its centerpiece gorgeous zinnias arranged in a fan-shaped vase. Dainty place cards marked the place of each guest who enjoyed the lovely three-course luncheon.

The ladies busied themselves with needlework while they talked of "old times" and pleasantly passed the afternoon away.

Invited guests were: Mesdames A. L. Chase, B. L. Jenkins, W. H. Martin, Walter Dyer, R. A. Chamberlain, George B. Bagby, and the honoree, Mrs. Letitia Swearingen.

## Two Lovely Affairs Are Given By Mmes. Bagby and Dyer

Decidedly the loveliest affairs of last week were those given by Mesdames Selden Bagby and Sam Dyer on Thursday and Friday afternoons, at the home of Mrs. Sam Dyer.

The rooms in which the games of auction bridge were enjoyed were artistically decorated with gorgeous dahlias, pot plants and various late Autumn flowers.

In the games of bridge on Thursday afternoon Mrs. Fred Chamberlain held high score and Mrs. R. Wilkerson low, at the close. Each were presented with exquisite favors.

On Friday afternoon Mrs. Allen Beville was presented with high score favor, Miss Beulah Baird was so unfortunate as to draw consolation, while Mesdames Ralph Kerbow, Park Chamberlain, Richard Bell, Forest Taylor and Miss Anna Moores drew table cuts and were given dainty handkerchiefs.

A delicious two-course luncheon was served each afternoon with baskets of Nasturtiums centering the small card tables which were attractive with their snowy white covers and handsome table appointments.

The guest list of Thursday was as follows: Mesdames George B. Bagby, W. H. Martin, James Trent, A. R. Letts, C. C. Powell, Rhoades, T. H. Ellis, W. C. McDonald, R. A. Chamberlain, Fred Chamberlain, J. T. Sims, W. H. Cooke, B. L. Jenkins, J. L. McMurtrey, Sella Gentry, George Ryan, Charles Bugbee, and R. L. Bigger.

Those present on Friday were: Mesdames Allen Beville, of Amarillo; Forest Taylor, Park Chamberlain, Richard Bell, Ralph Kerbow, Charlie Bell, Holman Kennedy, Phillip Gentry, Meredith Gentry, John Ryan, Floyd Lumpkin, Clarence Miller, Jimmy Miller, Lenode Goldston, Earl Alexander, C. E. Stricklin, Louis Merrill and Carl W. Bennett; Misses Beulah Baird, Anna Moores, Mildred Martin, and Nettie Sims.

## Zone Meeting Well Attended

The Zone meeting of the Woman's Missionary Society, Methodist Episcopal Church, South, held in Clarendon at the Methodist Church on Tuesday, was well attended with Hedley having the largest out-of-town representation.

The meeting opened at 10 o'clock with a bountiful lunch being served at noon. Rev. Allison and Rev. Murrell, together with other local persons, gave interesting talks and book reviews during the day and all in all this was a wonderful day well spent.

## Mr. and Mrs. Sam Dyer Hosts With Bridge Party

Such a pleasant evening was spent Monday by the members of the Thursday Dinner-Bridge Club at the hospitable home of Mr. and Mrs. Sam Dyer.

A sumptuous two-course dinner was served in the early evening with the games of auction bridge following.

At the close of the enjoyable evening Mr. and Mrs. Phillip Gentry received high score prize and Mr. Holman Kennedy consolation.

Those present: Mr. and Mrs. Forest Taylor, Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Phillip Gentry, Mr. and Mrs. Selden Bagby and Mr. and Mrs. Holman Kennedy.

## Tuesday Needle Club Opens Club Season

After having been closed through the hot summer months, the Tuesday Needle Club opened their active club season Tuesday afternoon at the home of Mrs. C. E. Miller, where lovely garden flowers made a charming environment for the large gathering of guests who enjoyed the afternoon with fancy work and visiting.

At the close of the afternoon a lovely refreshment course was served to the following ladies:

Mesdames S. W. Lowe, J. D. Swift, Forest Taylor, Charlie Bell, Carl Chamberlain, Earl Alexander, Richard Bell, R. L. Bigger, Jimmy Miller, Charles Trent, Sam Dyer, J. R. Porter, and Mrs. Harold Wade, of Gould, Okla.

## Young People Enjoy Picnic at Lelia Lake

A delightful outing of Monday was the picnic enjoyed at the Lelia Lake camp, where a beautiful picnic lunch was enjoyed together with their favorite out-door sports by Mr. and Mrs. Matthews of McKnight and Dr. and Mrs. C. W. Galloway, Misses Opal Pyle, Norma Rhode, Dewey Mitcham, Winnie Weatherby, Thompson, Madge Davis, Helen Martin; Messrs. Ernie Hardin, John Burgan, Walter Clifford, Will Ray, Dendil Davis, Edley Crabtree, and Howard Stewart.

## Kongenial Kard Klub Members Are Entertained

Delightful indeed was the dinner-bridge given by Mr. and Mrs. Park Chamberlain on Tuesday evening, Sept. 18th, at their country home at 7:30 o'clock.

Beautiful roses adorned the

rooms in which a lovely two-course dinner was served with Mr. and Mrs. C. E. Miller being awarded high score, Mrs. Charlie Bell consolation for ladies and Mr. Dendil Davis for gentlemen at the close of the delightful evening.

The guests were: Mr. and Mrs. Clarence Miller, Mr. and Mrs. Jimmy Miller, Mr. and Mrs. Richard Bell, Mr. and Mrs. Charlie Bell, Mr. and Mrs. Lenode Goldston, Miss Winnie Weatherly and Mr. Dendil Davis.

## Mrs. Leisburg is Hostess to Ladies Aid Club

On Wednesday afternoon Mrs. O. D. Leisburg was hostess to the members of the Ladies Aid Society of the First Christian Church at her home when the 15th chapter of Matthew, with Mrs. Cooper as leader, was read and discussed. Mrs. Cooper also presided over the business session, due to the absence of the president.

Delicious refreshments were served to the twelve members and two visitors present.

## Episcopal Auxiliary in Interesting Meeting

An interesting reading pertaining to the work of the Episcopal Auxiliary was given by Mrs. George Ryan Wednesday afternoon when the ladies of the Episcopal Auxiliary held an enthusiastic meeting in the home of Mrs. Ben Chamberlain.

Mrs. George B. Bagby presided during the afternoon.

A social hour was enjoyed at the close.

Mr. and Mrs. Fred C. Connally were visitors in the home of his parents here Monday of this week. Mr. and Mrs. Connally were en route to Amarillo from Port Arthur where they were married only a short time past.

## GOLDSTON

Rev. Laney filled his regular appointment here Sunday evening, also Sunday night.

Mr. and Mrs. Leonard Goldston attended the fair at Amarillo last Sunday.

Some of the farmers have begun picking cotton. Some few bales have been ginned here.

John Swanson was found dead near his home last week. Seemed that he had been dead several days.

Mr. and Mrs. Clyde Hudson and G. R. Grant are visiting relatives in Montague County this week.

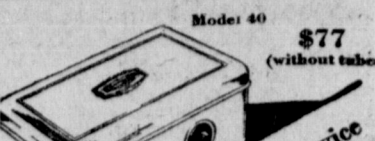

Quite a number from here attended the fair at Clarendon last Friday and Saturday.

We are sorry to report the death of Grandma Shannon, which occurred Monday night, she having been very ill at her home for the past four months. The funeral was held Tuesday afternoon at the Baptist Church at Clarendon. Revs. Baker and Williams conducted the funeral. The entire community is in sympathy with the relatives. We are all grieved at losing this good woman from our midst.

There was a bad car wreck on the Jericho road Sunday night. Two cars ran together, one lady was killed instantly; no one else was hurt. Their home was at Memphis and they were en route home from McLean.

Charles Summers left Friday of last week for Eldorado, Oklahoma, where he will spend the winter months.

Miss Obie Crabtree, Miss Mary Catherine Headrick, Miss Elizabeth Sawyer and Rhodin Chase left Thursday morning for Austin to enter State University for the 1928-'29 school term.

**JOHN SWANSON**  
Friends of John Swanson, long time resident of Donley County, were saddened to learn of his death last Thursday. The deceased was found by persons hunting wood on the creek near his place, and was declared by physicians to have been there for thirty-five to forty-eight hours. Funeral services were held last Thursday afternoon with Rev. Leon O. Lewis officiating. Interment was had on his home place, following out a request that he be placed there when he died.

Mr. Swanson was 71 years of age at the time of his death. He was born in Sweden and came to the United States in 1880 landing at Galveston. He is one of the oldest residents of this section, having freighted and worked with railroad construction crews in this part of the state before the railroad came to Clarendon.

The many friends and neighbors of Mr. Swanson had nothing but the highest praise for his neighborliness and citizenship. Mr. Swanson was naturalized and exercised all the rights of the American citizen. His friends state that he was of a very charitable nature and that he was a real friend.

**CARD OF THANKS**  
It is impossible to enumerate the many and varied acts of kindness and love on the part of friends and neighbors in the recent shadow that crossed our home in the death of our dear mother. You will never know how we appreciate all you have done for us, and may an All-Wise Father temper your trials in like measure as they come, as come they must.

We thank you all,  
Mr. and Mrs. A. T. Cole  
and Family.

**NOTICE TO PARENTS**  
The following rules are in force this school term in the Junior High School, also Senior High School: Three tardies equal one absence. Each unexcused absence will mean ten demerits, fifty demerits and the student will be sent home. Parents will have to return the student to school and vouch for same. Ten unexcused absences will automatically suspend the student for the remainder of the school term. In case of truancy, girls will be given 25 demerits and boys will be given 25 demerits or corporal punishment.  
H. T. Burton, Supt.

The Cottage Inn Lunch Room specializes in good sandwiches. (39c.)

**MOTLEY COUNTY  
MAN TO NET \$5,000**

**NET PROFIT OF ABOVE NAMED AMOUNT TO RESULT FROM YEAR'S OPERATION**

J. S. Ferguson, who lives on a farm 2 1/2 miles southwest of Roaring Springs, Texas, in Motley County, expects to clear several thousand dollars this year off his cotton crop, because he has paid his own way with other expenses through the operation of a dairy herd.

The Ferguson family, J. S.'s dad, moved on the present farm 10 years ago, when he bought 160 acres, 100 of which were in cultivation, the rest in pasture. The cultivated tract is divided up as follows: 60 acres in cotton, 15 acres in grass crops such as sudan and barley and the rest in cane, corn and maize.

The family started dairying when they first moved on the farm, but the size of herd varies constantly as the Fergusons are dairy dealers and buy and sell the year around. Each year they ship in from one to three carloads of Jersey dairy cattle to sell off what they can, keeping the rest to add to their herd. They shipped in three carloads last year from Collin County, in East Texas. They intend to ship some in this year if there is any demand for them, and there likely will be as Roaring Springs is a coming dairy section.

The present dairy herd began its operations on March 10, last, consisting of 12 cows, nine of them two-year-old heifers with first calves, raising six calves with the cows at the time the herd was being milked. Three calves were lost.

From March 10th, when the dairy herd started operation to August 5th, the records showed that 1,041.9 pounds of cream had been sold, with a cash income from this source of \$400.36. This amount cared for the family expenses and provided a semi-weekly dividend check for the son of Mr. Ferguson, who owns and operates the dairy herd.

The money from the cream checks was used to buy groceries and dry goods for the Ferguson family and operate the car. The son pays his board thereby buying the groceries and in return he gets the sudan and barley to pasture the year around. Not only has the proceeds of the cream checks done that, but it has helped to keep up the repair to tools and other small expenses about the farm, as well as to pay the feed bill.

The skim milk is fed to hogs and chickens. About 200 chickens were sold this year, 50 of them hens at 20 cents per pound and the rest as fryers at 50 cents each. About \$50 to \$75 worth of hogs are sold each year in addition to all the necessary meat cured for home use.

The garden tract is irrigated from the windmill and everything that is possible to raise in a garden is produced there. Everything not used on the table in the summer time as fresh stuff, is canned up for winter use. Most of the canning is done in the fall. The winter will be started this year with about 100 quarts of fruits and vegetables to supply the table and not have to buy from the store.

The family raised a few turkeys, selling about two dozen at an average of \$3 per head. Last year watermelons were planted in the field and brought about 30 cent each. A half acre was planted and about \$30 worth sold, the rest being given away to neighbors and friends.

**PERSONALS**

Mr. Lonnie Woods left Saturday night for Fort Worth, where he transacted business.

Charles Summers attended to business affairs in Edorado, Okla., the latter part of last week.

Mr. and Mrs. Allen Ryan visited the Tri-State Fair in Amarillo on Monday.

**Wm. E. SWEET TO TAKE TEXAS FIELD FOR HOOVER**

Among the outstanding Democrats of this country who will be in the field in Texas soon in behalf of the candidacy of Herbert Hoover will be William E. Sweet of Denver, former Democratic governor of Colorado and former national elector. "Governor Smith did not accept the platform as adopted," said Governor Sweet. "He cannot consistently challenge the democracy of those who insist upon standing upon the platform. The fact is that this election has ceased to be a contest between the Republican and Democratic parties, but it is a fight between the wet and the dry forces of the nation. As president Mr. Smith could do much to bring about the modification of the Volstead Act. In all probability a change will occur in the personnel of the Supreme Court in the next six years. By every means in his power, Mr. Smith, if elected president, would seek to modify the Volstead Act by substituting another law which would give the anti-prohibitionists what they want. The validity of this law would be submitted to the Supreme Court. Governor Smith would fill every vacancy that might occur in this court with men who were biased in favor of the wet cause. The new law might be held constitutional and modification become a fact. Those who believe in the dry cause should not take this chance."

Mr. and Mrs. Matthews of McKnight are guests of Mrs. Matthews' aunt, Mrs. C. E. Griggs.

Mrs. Homer Mulkey and Mrs. J. M. Williams left Friday for a visit in Amarillo with relatives in that city.

Mrs. Jim Blair Redfern had as her week-end guests her mother, Mrs. A. A. Walker, of Canyon, and grandmother, Mrs. A. N. Thomas, of Ennis, Texas.

Mr. and Mrs. S. T. Sayre returned Thursday from Mineral Wells, where they had spent several weeks in the interest of their health.

Mrs. T. F. Hannon left Sunday for her home in Wichita Falls after a visit of a week here in the home of her sister, Mrs. F. C. Johnson. Mrs. Hannon was accompanied to her home by her mother, Mrs. H. C. Reed, who spent the summer with Mrs. Johnson. Mrs. Reed will be in Wichita Falls for the winter months.

**DAN BELL GREETED OLD FRIENDS HERE**  
Dan Bell of Amarillo, one of the old employes of the Ft. Worth and Denver railway, was in the city Wednesday morning looking around for old friends.

Dan Bell began working for the Denver road when the division point was at Clarendon, or before, and when the division point was moved to Childress he came with the force from Clarendon, working in the shops for a number of years.

Later he was again stationed at Clarendon where he continued to work for several years, or until he had been in the employ of the company long enough to be retired with a pension.

A number of his friends greeted him in Childress and were glad to see him in good health and able to take life easy.—Childress Index.

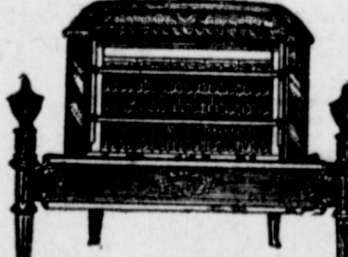

Judge J. F. Porter attended to legal business in Amarillo Tuesday of this week.

Mrs. H. A. McCabe and baby spent the last week-end here enroute to Nocona from her home in Fullerton, California. Mrs. McCabe visited in the home of Mrs. Georgia Burrell.

Homer Mulkey went to Amarillo Wednesday to attend the Fair and bring Mrs. Mulkey and her mother, Mrs. Williams, home after a visit there with relatives.

**GOREE GIN IS FIRST TO USE NATURAL GAS FUEL**  
The first users of the new natural gas in Goree were the Goree Gin Company. In a few minutes after the gas was turned into the mains the gin, which had previously installed burners, was running with the gas as its fuel.

**SAN ANGELO TO PAVE AN ADDITIONAL 20 BLOCKS**  
Contracts for twenty blocks of additional pavement has been let by the San Angelo City Commission. An electric bond of \$1,000 was accepted.

**Artistic Settings For Odorless Warmth**

Beauty of design and finish combined with excellence of construction characterizes every model in this wide variety of Lawson Radiant Heaters. No spot in the home is more worthy of adornment than the fireplace. There is a Lawson Heater to please each individual taste and to suit the needs of any room, large or small.

A wide choice is offered among the several finishes of metal construction and the many color combinations achieved by variegated hues and shades in which the clay backwalls and radiants are made.

Several designs are in keeping with distinct modes of architecture such as English, Colonial, Spanish, etc. The vogue in American homes demands harmony of both color and style with interior decoration.

Lawson Radiant Heaters are made for use with natural gas. Once installed they require no further adjustment for continued operation.

### BOLL WORMS

May ruin the cotton crop and ruin some of our farmers and business men.

But—

Boll worms and ruined cotton crops do not hurt the men so badly who are farsighted enough to practice diversification and to lay up their profits in our bank for worse times.

### THE FIRST NATIONAL BANK

There will be no horse races held on Sunday at the State Fair of Texas, Oct. 6 to 21, but five races each afternoon will be featured on each of the other 13 days of the fair.

The new dairy building on the grounds of the State Fair of Texas is located near the live stock pavilions in which the live stock of the first annual Southwestern Dairy Show will be held.

#### WHAT TEACHERS SHOULD KNOW

Health and the school are SO absolutely interdependent that a timely article in Hygiene on what part the teacher plays in the health problems to be considered is deserving this quotation: "No matter whether there is a course of study in health or whether those in authority are vitally interested, every teacher may accomplish something worth while.

Her purposes for the year should grow out of the needs of the children. Among the question that the teacher may try to answer are the following:

- Is the temperature of the school room conducive to comfort and good mental activity?
- Are the pupils using their eyes under the proper conditions as to light?
- Are there physical defects of vision and hearing that I need to consider?
- Do the pupils have sufficient rest between strenuous periods of work?
- Is there ample time for the mid-day meal?
- Are there pupils who seem to be dissatisfied in pursuing their tasks? Why?
- What opportunities are there for pupils to practice health habits in school?
- Am I as a teacher doing my part in training them in health habits?

#### ODESSA BREEDER SELLS FIFTY YOUNG HREFORDS

John M. Gist, fancy Hereford breeder of Odessa recently sold 40 head of six months old bulls to Marfa breeders for \$250 a head. The forty were of a herd of 100, the balance of which will be groomed for late fall shows.

### College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

#### JUNIOR CLASS ELECTS OFFICERS FOR YEAR

The Junior class of Clarendon High School held its first meeting September 10 and elected officers for the year. Eunice Johnson, president; Betty Walker, vice-president; Joe Noble, secretary; Wylla Alexander, reporter, and James Smith, sergeant-at-arms. According to Miss Alexander, the Junior class intends to be a peppy organization, and to do all it can for the benefit of Clarendon Hi.

#### COLLEGE STUDES HELD RALLY WEDNESDAY NIGHT

Gwynn Youngblood and Lois Alexander led the college in some peppy yells Wednesday night preceding the game Thursday with Pampa. According to Miss Youngblood, the college has an entirely new set of yells this year, given to the college through the courtesy of the Pastime Confectionery. The girls have shown a great deal more interest in the pep meetings this year than the boys.

#### BOYS PROMINENT IN HIGH SCHOOL PEP RALLY

The Senior boys showed a great spirit Thursday night when the Senior Boys' Club met in a pep rally at College Park. Elvis French, yell leader, led a large number of boys in a series of peppy yells both at the high school, and down town. After the meeting the Senior boys erected a Senior flag at the fair. The girls present at this meeting were: Kitty Speed, Lena Towles, Lodi Green, Pauline Lane, Thelma Youngblood, Frankie Ziegler, Helen Smith, Lucile Pickering, Bonnie Nell Gordon and Rita Mae Gordon.

#### HIGH SCHOOL BOYS' FORUM ORGANIZES

The High School Boys' Forum, with the purpose of training boys in debating, extemporaneous speaking and public speaking, was organized Wednesday. The members will engage in debates, and will present a program at each meeting. The officers elected were: Phifer Estlack, president; Bill Dillard, vice president; Ben Morgan, secretary-treasurer; Joe Noble, reporter, and Elvis French, sergeant-at-arms.

#### PEP SQUAD ABOLISHED

The chapel period Friday morning was devoted to the discussion and final abolition of the pep squad, composed of a select group of girls. The entire student body voted to abolish this organization as such, and henceforth, the entire high school student body shall be known as the high school pep team. According to Mr. Burton, this plan is more democratic, and will prevent one individual from attending too many games. Students who desire to accompany the football team on any trip, must be passing in all their school work.

An interesting class fight was also staged between the Sophomores and the Juniors. Elgin Patrick, Junior, and Kitty Speed, Sophomore, were nominated for assistant yell leaders. They tied at the first vote, but Elgin Patrick won by two votes at the second vote.

#### BASKETBALL GIRLS SELL SANDWICHES

The Senior High basket ball girls raised money the past week by selling sandwiches and telling fortunes at the fair. The money raised will go to buy the girls' basketball sweaters and skirts. The girls wish to express thanks to all the patron.

#### REVEREND MURRELL TALKS AT CHAPEL

Rev. W. M. Murrell made an interesting talk at the chapel period on Tuesday morning. He stressed the importance of being honest, upright, and industrious. The high school and college students are looking forward to another visit from Rev. Murrell.

#### BRONCOS WIN OVER HEDLEY

The Bronchos of Clarendon High School went on the gridiron Friday for the first fight of the season. The opening game was with Hedley and resulted in a score of eighteen to nothing in favor of the Bronchos. The first touchdown was made in the second quarter after a series of line plunges. Dillard carried ball across the line for the first points of the season. The second touchdown was made by Joe Noble when he intercepted a pass and ran eighty yards for the goal. The third six points was

made by Dillard when he recovered a fumbled ball on Hedley's twenty yard line and ran the twenty to Clarendon's goal. Tucker made the highest number of yards through Hedley's line, Joe Noble second and Bill Dillard third.

#### GIRLS' FORUM ORGANIZES

The Girls' Forum met Wednesday September 19, to elect officers for the coming year. The following were elected: President, Eunice Johnson; Vice-president, Marjorie McKillop; secretary and treasurer, Roberta LaFon; reporter, Ruth Dunn. Twenty-two girls came out to the first meeting and many of them decided to play either tennis or volleyball. With Miss Worsham as sponsor the plan to have a very successful year.

#### ALPHA DELTA PSI

Alpha Delta Psi, literary society, met Sept. 12 and elected the following officers: Lorain Naylor, President; Alfred Estlack, Vice-president; Hazel Parr, secretary-treasurer; Eugene Estlack, sergeant-at-arms, Earl Humphrey, Critic; Opal Duckett, Pianist; Cecil Hukel, Yell Leader. The first meeting of the society was given over to plans and discussion concerning the year's program. There are twenty members in the society at present and a few more are expected to join at an early date. The members are very enthusiastic over making the society a real credit both to themselves and to the school, and as a result have started in by decorating the society hall in baby blue and pink crepe paper, the society colors. The first program will be held September 26 at 10:15.

#### FOOTBALL BOYS ARE ENTERTAINED AT PAMPA

Thursday night, after the game at Pampa, the Clarendon representatives were entertained at the home of Adeline and Cecilia Atterbury. After refreshments, dancing was enjoyed by all.

#### SOPH CLASS LARGEST IN LAST FIVE YEARS

The Sophomore class this year is larger than it has been for five years. Officers have been elected for the year, and the class is planning an active program. The officers are: Billy Joe Terrell, president; Billy Ward, vice-president; Josephine Murphy, secretary; Pauline Shelton, treasurer; Johnnie D. Latson, reporter, and Raymond Nichols, sergeant-at-arms.

#### "MIDNIGHT BLONDS" NOW UNDER WAY

The Midnight Blonds have begun the work that they left off at the close of last school year. They already have an engagement to put on a play at Wellington during the Christmas holidays. They have a number of plays and various kinds of entertainments for nearly every purpose. The boys entertain on a sixty-four basis and will be glad to visit any of the country school or of the neighboring towns. They are trying to make school expenses by putting over these programs and all they ask is the chance, a little publicity, and they will put the entertainments over in great style. Let them entertain your next party or banquet.

#### BULLDOGS WIN FIRST GAME OF SEASON

The Bulldogs of Clarendon Junior College, at Clarendon, played their first game Thursday at Pampa. The score was 13 to 6 in favor of the Bulldogs. Clarendon's first touchdown was made by William Wilder on a blocked punt from Pampa on Pampa's twenty yard line. The touchdown

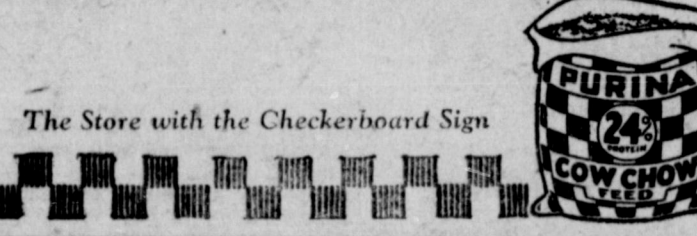

### Don't Put Your Cows into the Milk Pail

COWS that milk themselves into the pail never last long, and their owners are continually putting out money to buy new cows. Fed according to directions, Cow Chow supplies the various milk-making materials so that the milk is made from the feed and not from the cow's body. Cows have longer lactation periods and longer life. And your replacement charges will be smaller.

Come in and let us show you records of what Cow Chow is doing for leading dairymen.

### Clarendon Grain Company

PHONE 52

The Store with the Checkerboard Sign

was made during the first few minutes of the game.

Pampa's touchdown was made in the third quarter by Stalls. The score was made on a fumble by Blanton of Clarendon on Clarendon's seven yard line.

Clarendon's second score was brought down the field from their twenty yard line by a series of line bucks. Blanton, Bulldog's quarter, carried the ball over the goal line. Darnell added the other point by kicking the goal.

The penalties in the game were heavy, Clarendon being penalized 100 yards and Pampa 30 yards.

#### AG. BOYS ASSIST AT FAIR

Under the direction of J. G. Hutton, the agricultural boys assisted Mr. G. L. Boykin in building the booths and stands for the county fair. The boys were also shown the fine points in judging farm products at this time.

#### CAMP FIRE GIRLS' COUNTY FAIR BOOTH

The Camp Fire Girls attractively displayed their year's work at the County Fair. The booth was artistically arranged, showing each girl's work. Each girl made one article of the layette which added a great deal to the attractiveness of the display.

In decorative pictures Helen Goldston won the blue ribbon; in pillows, Marjorie McKillop; foot stools, Lodi Green; and water color painting, Dorothy McCanne. In

the layette, the baby cap made by Miss Steagall, the blanket made by Mary Frances Caraway, and the pillow made by Eleanor Parle of Canyon took blue ribbons.

#### GEOMETRY CLASS EXHIBITS AT THE FAIR

One of the most attractive school exhibits at the fair was the set of note books displayed by the geometry class under the direction of Dean Cooper. The note books represented compass work. Each book contained five problems, and one original design. According to Mr. Cooper, the students prepared very attractive books, and some of the original designs were excellent.

#### PERRYTON FARMER GROWS 50 KINDS OF VEGETABLES

Over fifty kinds of vegetables are grown on a farm by Mr. and Mrs. J. P. Wilkenson, southeast of Perryton, of Wolf Creek. Swiss Chard, oyster plant, colorabi, worm week, berries and melons are included in the group.

#### Sore Gums-Pyorrhea

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Leto's Pyorrhea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails.—Douglas & Goldston Drug Co.

### Chevrolet Passes Five Millionth Milestone

Chevrolet's rise to leadership was again indicated on Sept. 8 when the five millionth car rolled off the assembly line at the Flint, Mich. plant. The milestone car was a standard coach—one of the most popular models in the line. Below is the first Chevrolet, built in 1913.

The Ashtola Women's Home Demonstration Club met in the home of Mrs. R. H. Roberts Tuesday evening.

#### PHILLIPS COMPANY OPENS BULK STATION IN CITY

The Phillips Petroleum Company announced today, the opening of a bulk station in Clarendon in line with its recently announced policy of expansion in the retail gasoline business.

Phillips has made rapid strides in the development of its retail marketing organization and now has distribution for its products in many mid-western states, extending from the Canadian border to the Texas Panhandle, and on into New Mexico. Many of the stations in this area are located on U. S. Highway 66, which ties it with the brand name of "Phillips 66" gasoline.

The local station is located at Clarendon and will be in charge of H. D. Tomb. A division office of the marketing department is located in Amarillo, Texas, under the supervision of A. M. Hughes. General headquarters of the marketing department are located in Bartlesville, Oklahoma, in charge of H. A. Trower.

Since the first of the year retail outlets have been established in the following towns in this area: Clarendon and Ashtola.

"Phillips 66" is a new type of gasoline made from stabilized natural gasoline in combination with refinery gasoline. Many superior qualities are claimed for it, due to its greater volatility which insures easy starting, quick acceleration and power because of the easy vaporization and even distribution volatility makes possible in automobile and airplane motors.

The Phillips Petroleum Company is one of the largest independent oil companies in the country. Last year it produced over twenty-three million barrels of crude oil from 2,500 wells on Phil-

### NEWS' WEEKLY COTTON LETTER

#### COTTON PRICES ADVANCE. DEMAND IS FAIR TO GOOD

The cotton market during the week of September 15th to 21st was steady and higher, with final quotations up about 5-8 cents per pound compared with September 15th. Reports indicate a somewhat better demand for spot cotton during the week but, however, with no decided improvement. From some sections came reports of a higher basis, particularly for cottons of the shorter staple lengths.

The prices paid in ten designated markets, for middling cotton 7-8 inch staple, on September 21st, were as follows: Norfolk, 17.75c; Augusta, 17.94c; Savannah, 17.82c; Montgomery, 17.15c; New Orleans, 17.76c; Memphis, 17.25c; Little Rock, 17.35c; Dallas, 17.00c; Houston, 17.60; and Galveston 17.70c. The average price paid in these ten markets was 17.53c on September 21st, compared with 16.88c on September 14th and 20.18c on the corresponding day last season. Total sales of spot cotton on these markets were 323,865 bales compared with 284,968 bales the corresponding week last year.

October future contracts advanced 68 points to 18.20c in New York, at New Orleans they advanced 68 points to 17.51c and at Chicago they were up 58 points to 17.52c. Certified stocks on Sept. 21st were as follows: New York 7,237 bales, New Orleans 3,055 bales, Houston, 2,207 bales and Galveston 1,132 bales. Total bales in New York were 9,843, in New Orleans 92,313, in Houston 312,676, and in Galveston 264,450 bales.

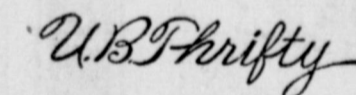

Properties in six states: Oklahoma, Texas, Kansas, Louisiana, Arkansas and Kentucky. It had, at the end of 1927, nearly one million acres of oil and gas leases in the producing and potential areas of mid-continent.

In addition to its large oil production the Phillips Company is the world's largest producer of natural gasoline. It operates forty-six plants in the mid-continent field and during 1927, produced more than 184,000,000 gallons of natural gasoline. Present daily gasoline production is over 500,000,000 gallons, according to Phillips officials. The Company operates a large refinery at Borger, Texas.

The balance sheet for the first six months of 1928 showed total assets of more than \$146,000,000.

The Phillips Company was organized in 1927 around the nucleus of the personal holdings of Frank Phillips and L. E. Phillips, two brothers who went down from Iowa into what was then Indian Territory, early in the twentieth century. They engaged in the banking business and continued in that work until 1917, when the oil business began to require more of their time. Both men are still interested in banking work, holding directorships in several of the country's largest banks, but neither pursue the work actively any longer. L. E. Phillips is also a member of the Federal Reserve Board for the Tenth District.

DON'T SNEER AT A PENNY—IT'S THE MOTHER OF A DOLLAR

KEEP THE RECORDS STRAIGHT

All sorts of tangles and arguments and misunderstandings may be avoided when one pays by check.

Money is saved and friendships are held through checking accounts.

So safe and convenient, too.
