## Miss Clarendon To Be Crowned Monday Evening

### IDENTITY OF LUCKY MISS REMAINS UNKNOWN. FINDER TO BE REWARDED

**MAMMOTH CEREMONY OF CORONATION TO BE FIRST OF KIND EVER STAGED IN CLARENDON. INTEREST IS HIGH AS TOWN IS WATCHED FOR APPEARANCE OF YOUNG LADY NAMED FOR PLACE. MAGIC WORDS MUST BE USED.**

Interest in the identity of Miss Clarendon is running at its highest point as the News goes to press this week with only three days left in which the lucky Miss will be named by some lucky man or boy in Clarendon. The coronation ceremony that is to be held Monday evening of next week will eclipse anything that has ever been seen in Clarendon and many men and boys are constantly doing their best to work out the identity of the Mystery Miss.

For the information of those who plan to be in the contest, Miss Clarendon will be on the streets of the city between the hours of 3:00 and 5:00 P. M. Friday, 5:00 and 6:00 P. M. Saturday, 10:00 to 11:00 A. M. Monday and 2:00 to 3:00 P. M. Monday. The young lady in question will be on the streets and in the business houses on Kearney Street during the time mentioned above. Prizes have been offered by some merchants to the lucky man or boy who accuses her and repeats the magic words while in their place of business. This is to be in addition to the prize of \$7.50 offered by the Chamber of Commerce.

To win one or any of the prizes, the following rules must be observed: (The young lady must be accosted between the hours mentioned above. The following words must be repeated to the satisfaction of the Mystery Miss: How do you do, Miss Clarendon? You are Clarendon's princess for the West Texas Chamber of Commerce Convention at Fort Worth, June 18, 19 and 20, 1928. Whereupon she will inform you if you are correct.

Prizes to the lucky man or boy will be bestowed at the coronation of the queen Monday evening after everyone has had a try at the magic words and the proper manner. In addition to this, Dr. J. G. Sherman, Carl Parsons, Lorain Naylor, O. T. Smith and others will present a program of entertainment that is guaranteed to make any one laugh and to cure the ills of many.

A number of other young women of the city will be used in the coronation ceremonies, these to be selected later. The usual picture will be shown following the coronation ceremonies, and the other program of fun that has been planned.

The contest to decide on Miss Clarendon is open to any man or boy of the city. The rules must be strictly followed and the young lady will tell the lucky person of the correctness or incorrectness of his statements whenever she has been approached and the magic words spoken.

The track is clear, the barrier is raised. Let's go.

### DONLEY COUNTY HEN FOLLOWS PRODUCTION EXAMPLE

A Donley County hen, not to be out done by tales of great things done in other lines of endeavor in the county, followed the example set by her keepers and presented her owner, Charles Wright, with an egg that is up to all expectations of the most optimistic producer. Mr. Wright brought the fruit into the office last Saturday and left it with us for display. The egg is of fairly uniform shape with a slight ridge near the center of the product. Measured the long way, the egg is seven and seven-eighths inches in circumference. The other way round, the egg measured an even six inches. The egg weighed four ounces, one quarter of a pound. The News force has had a severe discussion as to which of them would take the egg home and have it cooked for their morning meal. So far, it is to be seen in the News office and will probably be beyond the stage where consumption is possible in a few days.

Mr. and Mrs. Henry Williams and son, Chester, returned to Clarendon the latter part of last week for the summer months.

Mrs. Bennett Kerbow and son, Kenneth, motored to Denton the latter part of last week to visit relatives and to bring Miss Lelia Mae home from C. I. A., where she has been in school the past year. They started home Tuesday morning but a car trouble caused a delay at Wichita Falls, so they arrived here Wednesday accompanied by Miss Walker of Denton who will visit in the Kerbow home for a time.

### TWO HOTELS CHANGE MANAGEMENT THIS WEEK

The Clarendon Hotel and the Antro Hotel are both under new management since the fore part of this week. The Clarendon Hotel has been taken over by the owner, Mr. G. E. Allen, who has been absent from the town for the past three years, while the place was operated by Mrs. Chapman. Mrs. Chapman has made no announcement as to where she will go or what business she plans to enter. She will probably take a vacation before she enters business again. The Antro Hotel is now under the management of T. G. Stargel, recently of Panhandle, who takes the place vacated by R. H. Jensen, manager here for the past six months. The Coffee Shop is also under new management.

### CLARENDON MAN RECEIVES MASONIC LIFE MEMBERSHIP

O. L. Fink received a Life Membership in the Masonic Lodge at Willis Point when that body met for their usual meeting in May. Mr. Fink is one of the few men in Clarendon who has one of these coveted certificates and he is proudly telling his friends of the honor the fore part of this week. The certificate was awarded on work that had been done by the member in the lodge.

Misses Mary Katherine and Dorothy Headrick are visiting in Amarillo with their father, Mr. Norton Headrick of that city.

Mr. and Mrs. H. Ralph Kerbow and daughter, Miss Dorothy, Mr. and Mrs. H. C. Kerbow and Mr. and Mrs. Don Grady left Wednesday morning for a fishing trip to Medicine Park, Oklahoma.

### DOUBLE TREAT IN STORE FOR STUDES

After learning that there was little to be seen on the old homestead of Col. Charles Goodnight but the group of buffalo, the officials of the Clarendon College Summer School decided to make their trip over this week end one of double significance. The school continued with unabated speed last Saturday, adding classes that the entire day might be spent the latter part of this week in the special trips.

The students plan to leave Clarendon early Saturday morning and spend the entire day on the trip. They will first stop at Goodnight where they will look over the Goodnight herd of buffalo. While here they will have an opportunity to visualize the great plains of the state as they appeared many years ago with animals of this nature running in great flocks over the entire country.

The next scheduled stop will be in the Paloduro Canyon South of Claude at the Boy Scout Camp. This camp is located at Dripping Springs and the students will have all the water they need for the day or as long as they care to stay in the camp. This place has been improved a great deal by the Boy Scouts of the Panhandle and will prove of interest to the visitors.

Two other week-ends remain for the visiting of other historic spots on the Plains. One of these has been set as the McKenzie Battle Ground on the Tule Canyon. This will be an all day trip, the route selected being through Tule and back to the canyon from the other side. The final week-end vacation will be spent on the grounds of the Country Club and is expected to be the biggest event staged during the session of school.

Dean Cooper reports excellent attendance on other historic spots on the Plains. One of these has been set as the McKenzie Battle Ground on the Tule Canyon. This will be an all day trip, the route selected being through Tule and back to the canyon from the other side. The final week-end vacation will be spent on the grounds of the Country Club and is expected to be the biggest event staged during the session of school.

### DONLEY COUNTY CROPS MAKING FINE HEADWAY

Farmers throughout this section of the Panhandle are very busy planting at this season of the year. Planters are in operation on practically every farm. Especially is this true in the section around Clarendon Lelia Lake Hedley, Memphis, Lake View, Leslie, Brice, Turkey, Quitaque, Hulver and Parnell, as well as Estelline territory. This is due to the fact that the early planted cotton was badly damaged by the hail storms and the rest downed.

In a few fields around Estelline the cotton is up to a good stand but this is the exception rather than the rule.

Milo maize is coming up in almost all sections. Some is already raised almost knee high and to a good stand.

In the Amarillo-Ciudad sections the wheat looks fine. The rain came at just the proper time to help it head out well. It should ripen in two or three weeks. The stalk is short but is expected to make a good yield.

### MULKEY IS NAMED LIONS DELEGATE

Two cub Lions received their first taste of Lionism at the luncheon Tuesday of this week when they were called to the floor and asked for the usual speech on entering the club. The fine of Lion Cub Pierce was \$5.00 while that of Lion Pierce was \$25.00. The Tail Twister stated that he had received an announcement asking that the cubs be allowed to kiss the monkey rather than pay the fines assessed. The smack contribution by Lion Taylor left little pig on the face of the fine box, while that of Lion Pierce was less vigorous due to the fact that his fine was smaller. Thus were the two new members brought into the organization.

For the benefit of the new members of the club and the old members in particular, the Code of Ethics of the Club was read by O. C. Watson, who stopped at certain places to enlarge on the statements contained in the code.

The report of the International Convention Committee was made by Lion Sam M. Braswell, who asked that Lion Kemp take the chair while the report was being made. The committee recommended that the Boss Lion of the club be sent to the convention, following the precedent set last year in sending Boss Lion Watson. The report was received and Lion Mulkey was elected as delegate to the convention. The committee also made the report that funds were in hand to care for the expenses of the delegate and that no further contributions would be needed to pay all the expenses of the man sent.

Boss Lion Mulkey then reported that the plan for the election of officers of the club had been changed in that the three past presidents had been selected by the Board of Directors as a nominating committee to select their choice of officials for the year ahead. Other nominations could be made from the floor if need should arise, or if the members of the club should desire that other names should be placed on the ballot. The report of this to some extent in their selection of the officers. The report of this committee will be made at the next meeting of the club and the election is to be held on the last meeting in June.

Lion Mulkey further announced the benefit for the Clarendon band and urged that the Lions do their part in seeing that the band should make the trip to Fort Worth and enter the competition in the five year class of bands. The benefit will be held in the Pastime next Monday evening and a special show will precede the regular picture of the evening. The queen from Clarendon will be named at that time and further ceremonies will be had at that time to make it one of the most complete programs of the nature ever held in Clarendon.

Messrs. Brogdon of Denison, Iowa and Kenneth Fink were visitors at the club. Kenneth was glad to be with the gathering and stated that he should like to visit with the body more often in the future. Mr. Brogdon stated that although he was a stranger in the city that he was glad to be here and that he had heard with enthusiasm of the work of the Lions here.

The attention of the club was called to the picture of the Lions Convention in Wichita Falls, presented by Lion Fink. The picture hangs on the North wall of the Club room of the Antro Hotel and gives Clarendon an excellent place in the direct front of the picture. The photograph was received and framed before it was shown to a great many of the Lions that it might be better preserved.

### EARLE MAYFIELD HERE TOMORROW

**CANDIDATE TO SPEAK IN DISTRICT COURT ROOM AT EIGHT O'CLOCK**

Corrected announcements of a speaking date for Senator Earle B. Mayfield were received in Clarendon the latter part of last week, stating that Mr. Mayfield would speak in Clarendon Friday evening of this week. The local committee in charge of affairs has selected the District Court room for the event in question and everyone in the county is asked and invited to hear this popular candidate speak here.

Mr. Mayfield spoke in the same room six years past and had the largest attendance ever registered in that location. Publicity has been put out on the speaking and the attendance is expected to be even larger this time than when the candidate spoke here before.

### SPLENDID RAINS IN YARD CONTEST

**CONTEST INTEREST INCREASES AS COMPETITION IS TO BE KEEN**

Secretary Boykin of the Chamber of Commerce states that the contest for the most beautiful yard in Clarendon for the summer of 1928 is promising some excellent competition for those entering. Many have entered their yards and lawns since the last rains and the work on them is making some definite showing since sufficient moisture has been received. All three classes of the contest are making great strides and the committee will have no small task to select prizes that will be in keeping with the yards entered.

Since July 1st has been set as the final entrance date, this will leave sufficient time for home owners to make changes in their places and enter more of the contests than they had done to this time. Clarendon has long been known as a town of beautiful homes and lawns, but with the contest of last year and this, the name of the city should be spread throughout the Panhandle as having some of the most beautiful and well kept places that have been seen anywhere.

The City Commissioners have done their part in making the water rates as cheap as possible that this fluid might be used to make the lawns and yards look their best. As it has been said in the columns of the News before this date, "You will keep your yard anyway, so why not win a prize for keeping it?" It is not too late to enter now, so phone the Secretary of the Chamber of Commerce and he will list your place under the proper heading.

### LIGHT LINES ARE TO BE REBUILT

**THIRTY-FIVE BLOCKS TO BE RECONSTRUCTED BEFORE END OF SUMMER**

Immediate plans of the West Texas Utilities Company call for the complete rebuilding of three blocks of transmission lines in the business section of Clarendon. New poles will have been set and the construction practically completed by the time this paper is off the press.

The lines now in use in the business section of the town have been in use, some of them for the past fifteen years and a part of the equipment is becoming too light for the load they are called on to carry at peak times. This part of the transmission line is to be re-strung with wire of a larger size, using the most standard method of construction in use at this time.

The three blocks in the business part of town will be finished off in short order, and plans call for the erection and complete rehabilitation of approximately thirty additional blocks in the residence section of the city, principally that part of the line along Fourth Street, both East and West Kearney Street. The company plans to put this line in condition that it will care for the load in these parts of the city for the next twenty years.

The early summer months will be used to complete this work and have the city ready for a large program of expansion with the coming of the busier Fall and Winter months.

Miss Lois Bairfield returned Tuesday from a successful year spent at C. I. A. at Denton.

### PANHANDLE ASSOCIATION TO MEET IN MEMPHIS JUNE 10-11

Advices from Holman Kennedy, Secretary of the Panhandle Bankers' Association indicates that interest in the annual meeting of this association in Memphis on Monday and Tuesday of next week is greater than it has been for a number of years. The city of Memphis is making great plans for the handling of a great body of visitors and the line of speakers has been named as one of the best ever seen by that body. Henry Read of Memphis is one of the officials of the association and Holman Kennedy of this city has served the body in the capacity of Secretary for the past two years.

### PRESBYTERIAN CHURCH

Services may be expected at the Presbyterian Church next Sabbath as follows: Sabbath School at ten o'clock. Congregational worship at 11:00 A. M. and 8:30 P. M. You are cordially invited to worship with us.

### MANY ENTRANTS IN YARD CONTEST

CONTEST INTEREST INCREASES AS COMPETITION IS TO BE KEEN

Secretary Boykin of the Chamber of Commerce states that the contest for the most beautiful yard in Clarendon for the summer of 1928 is promising some excellent competition for those entering. Many have entered their yards and lawns since the last rains and the work on them is making some definite showing since sufficient moisture has been received. All three classes of the contest are making great strides and the committee will have no small task to select prizes that will be in keeping with the yards entered.

Since July 1st has been set as the final entrance date, this will leave sufficient time for home owners to make changes in their places and enter more of the contests than they had done to this time. Clarendon has long been known as a town of beautiful homes and lawns, but with the contest of last year and this, the name of the city should be spread throughout the Panhandle as having some of the most beautiful and well kept places that have been seen anywhere.

The City Commissioners have done their part in making the water rates as cheap as possible that this fluid might be used to make the lawns and yards look their best. As it has been said in the columns of the News before this date, "You will keep your yard anyway, so why not win a prize for keeping it?" It is not too late to enter now, so phone the Secretary of the Chamber of Commerce and he will list your place under the proper heading.

### CHAMBERLAIN SHOW NETS GOOD SUM FOR LADIES CLUB

The Women's Club of Chamberlain School House staged one of the most popular plays on last Friday evening that has ever been seen in this section of the county. A small admission fee was charged for admission to the play, and the sum of \$20.00 was realized from the work of the organization. This money is to be used in sending a representative of the Chamberlain Home Demonstration Club to the Short Course at College Station.

### LEAGUERS FROM HERE TO MEETING IN ABILENE

Charles Summers, Phifer Estlack and Benton Smith left early Monday morning for Abilene, where they will represent the Clarendon Epworth League at the Annual Assembly in that city. Due to the wet conditions of the roads and to a lack of other means, the attendance was not so large as was first expected, but it is thought that the Clarendon body will not regret sending these three to the assembly.

Miss Lois Bairfield returned Tuesday from a successful year spent at C. I. A. at Denton.

Misses Ieta and Minnie Mace of Lelia Lake left Monday for Canyon, where they will attend West Texas State Teachers College during the summer session.

Mrs. A. L. Chase returned Tuesday evening of this week from Denton, where she had been for a visit with Miss Manette during the commencement exercises of C. I. A. Miss Manette will remain in school for the summer term.

### HATCHERY UNIT IS RAISED TO 52,000

**LATER MODEL MACHINE PURCHASED BY FRANK WHITE TO BE PLACED HERE**

Late advices from Frank White, Jr., indicates that plans for the establishment of the hatchery in Clarendon for the season of 1929 are progressing nicely. The only change that has been made in the plans for the present has been the contracting for an incubator of larger capacity than was ordered before this date.

The new incubator will care for 52,000 eggs instead of the originally planned 47,000 and is of the most advanced type of construction known to the makers of this type machine. It will use gas and electricity for fuel and motive power and will prove quite a sight to the people of Clarendon when it is in operation.

The location of the place has not been settled, for the reason that there is plenty of time to make these arrangements and get them completed. Mr. White will not operate the plant himself, but has secured a man who has had many years of experience in hatchery work to supervise the work of the plant.

### FORMER COLLEGE STUDENT TO ENTER GIRL SCOUT WORK

The Chillicothe Valley News of recent date carries an item to the effect that Alice Mulkey, better known to her many friends here as "Abe" has made plans to enter the Girl Scout Work for full time. Miss Mulkey was a student of Clarendon College some years past and was one of the most popular young ladies ever in the city. For the past year she has taught in Arlington and has done a good bit of work with the Girl Scouts in that city. Her plans to enter the Girl Scout work was brought out by her recent contact with the project and she will probably attend a school in Houston and later take up the work for full time.

Mr. and Mrs. Cecil Reavis and family spent Sunday here in the home of Rev. and Mrs. L. A. Reavis.

### GOOD ATTENDANCE AT JOINT MEMORIAL

**METHODIST CHURCH SEES GREAT CROWD FOR FITTING SERVICES**

One of the most successful Memorial Day Services held in Clarendon was staged in the Methodist Church last Sunday morning at the eleven o'clock hour. To cooperate with the work, the Baptist Church dismissed all services and attended the Methodist Church to assist in the services of the day. Other churches in the city had their programs announced before hand and it was impossible for them to be changed.

The program was carried out as was announced in the last issue of the News. Rev. S. E. Allison had charge of the services and preached the Memorial Day Sermon as originally planned. Judge J. R. Porter explained the reasons for the observance of Memorial Day, with special reference to the late war when so many of the youths and men of the United States were maimed or killed in the conflict. This day is more fitted to be observed by all people and all nations than any other National holiday in effect anywhere for the reason that all nations have had wars and all of them are respectful of their war dead.

Miss Eunice Johnson read the Challenge, "In Flanders Fields", as a fitting selection to be given on this occasion.

Rev. Allison then gave a good part of the address of President Coolidge at a Memorial Day service, urging that the people not forget their allegiance to the nation lest we should also be forgotten.

The church was beautifully decorated with a profusion of potted plants and cut flowers. The American Legion flags were placed in their proper places in the chancel with the pastor.

### ALL TOWNS JOIN IN CELEBRATION

**STERLEY SELECTED AS LOCATION FOR MAMMOTH FETE IN JULY**

Showing a spirit of cooperation not uncommon for the towns of the great Panhandle section of the state of Texas and sacrificing their own interests for that of the betterment of the whole section, all towns on the new line of Fort Worth and Denver South Plains Railway have joined hands for a mammoth celebration late in next month. The original plans were formulated in a preliminary meeting in Turkey Friday of last week when representatives from almost all the towns along the line were present and took an active part in the work in hand. Some of the towns had already laid tentative plans for individual celebrations on the final work on the new lines, but these were thrown aside and a town little more than a name and a place was chosen to be the scene of the great festival.

Various figures have been set as a goal for the date, with the average running from 25,000 to 50,000 as the predictors were conservative or optimistic over the plans. Sterley, as the site for the celebration, is at the junction of the lines from Plainview and Estelline and has little claim to being a town as yet. These things were considered by a committee named from representatives of all towns present and they felt that the location was one that none of the towns could take offense over since there was nothing there to be offended at.

F. D. Daggett, General Passenger agent for the Denver Road spoke to the gathering and commended the actions of the towns on the line in their selection of a point that would bring no favor or disfavor on any of the others on the line. Representatives of newspapers of state wide prominence offered their support in making the celebration one of the greatest ever seen if publicity would do a great deal to assist in the work. Special trains have been planned since the date of Friday of last week and it would seem that the entire Panhandle Plains country and the country as far East as Dallas was waking to the celebration to have large representations on the grounds.

No action has been taken in the matter by the Clarendon Chamber of Commerce, but it is certain that Clarendon will be well represented at the site since the roads are good and the weather will probably be propitious for the celebration when the proper time arrives.

### BUSINESS MEN ASSIST CLARENDON SLUGGERS

Following the organization of the Clarendon Sluggers, the business men of the city were given an opportunity of assisting them to secure uniforms and to otherwise assist them in making the best possible appearance when they meet other teams of the Panhandle section of the state. A list was passed from one hand to another with the result that the following firms presented the boys with a uniform each. Home Bakery, Diggly-Wiggly Grocery, Moschery and Electric, Ideal Cafe, Tomb Motor Company, Clarendon Motor Company, Continental Oil Company. Others of the city contributed cash in the amounts set opposite their names: J. H. Miller, \$1.00; H. G. Chesney, \$1.00; A. R. Carter, \$0.50; Castleberry Brothers, \$0.50; Stocking Store, \$0.50; J. C. Estlack, \$2.00; City Garage, \$0.50; R. L. Bigger, \$0.50; Simms-Bennett Chevrolet Co., \$0.50; Ed Carlson \$0.50; Bryan-Miller, \$1.00; W. J. Greene, \$1.00; Ryan Brothers, \$1.00; Earl Ryan, \$1.00; Lee Vaughn, \$1.00; A. H. Baker, \$1.00.

### CHAMBER OF COMMERCE TO TRY TO SECURE HELPERS

The Clarendon Chamber of Commerce received a letter from the United States Department of Commerce, Farm Labor Division, of Fort Worth, the fore part of this week, in which they asked for the number of laborers and trucks needed to harvest the crops of Donley County. The letter further stated that they had been receiving letters and inquiries from laborers and that they would be able to supply any needs placed on them. In case help of this sort is needed, get in touch with the Chamber of Commerce and let Manager Boykin know how many to ask for and the dates when they are needed.

Judge Harwood Beville and J. Cobb Harris motored to Amarillo Wednesday.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

We should keep our politics lined up with principle. Victory isn't near so important as the moral satisfaction of being right.

Rains, wonderful rains, timely rains. The Green Belt, of which Donley County is the choice part, leads the Panhandle in crop conditions and the fall of 1928 bids fair to be the best we have had in years.

We shall not be satisfied until our band is the Gold Medal Band of all West Texas. Our opportunity is in the contest at Fort Worth on the 18th, 19th, and 20th of this month at the annual convention of the West Texas Chamber of Commerce. We must Win.

The Clarendon News missed being judged the best all-round newspaper in Texas by only two points in a very close race with the winner. The Memphis Democrat, and the second scorer, The Kerrville Mountain Sun. We won the silver cup for the best job printing in Texas at San Antonio in 1926, and can't complete again in that event for five years, but we are going to stay in there and pitch until we bring home the big cup for the best newspaper in the Lone Star State, which we hope will be in 1929. In any event we shan't quit until we win. We deem it an honor to be named among the best three newspapers in Texas, and our hat is off to Claude Wells of the Memphis Democrat and W. A. Salter of the Kerrville Sun. They deserved their places, and like Salter said "the judges are darn smart men".

Did it ever occur to you just how little the politicians had ever done for our nation or our state? Did it ever look as if their activities and smoke screens were actual disadvantages rather than a help to our growth and progress? On the other hand, in spite of some indiscretions and selfishness, haven't you noted how so-called "big business" has made large contributions to development and progress and have had largely to do with the bringing up of living standards in these United States to their present-day high levels? Really, it doesn't take much reflection to see where credit is due in the marvelous advancement of this nation and the general happiness of its people, which brings us to the observation that in the good year of 1928 none should be so foolish as to become overwrought on the subject of politics and politicians. The clear eyes and high character of American enterprise is the dominant force for this republic, which coupled with the unswerving principle of patriotic voters will bring the old ship of state safely through the troubled seas to the port of honesty and virtue and stable citizenship.

Clarendon will grow and progress as we will that she grow and progress. Clarendon is the living picture of her citizenship.

Flattering prospects for a great harvest in Donley County this fall also afford rosy prospects for the Donley County Fair this year. We shall have the greatest fair we have ever had if no untimely event befalls.

Lots of time, effort and money is being spent on Clarendon yards this season, and the Yard Beautiful contest is going to be the stiffest contest ever seen in this community. Even those who have not elected to enter the contest are catching the spirit and our city is blossoming out to merit still further laurels as the most attractive city in the Panhandle.

Garden truck, roasting ears, field peas and beans, watermelons and canteloupes, fruits, etc., will soon be coming in here in Donley County. No king's table can afford better than we will have here at home, which reminds us again that the Green Belt of the Panhandle of Texas, Donley County in particular, is the greatest spot known to man since the Garden of Eden closed down for lack of patronage.

National prohibition is passing through its heaviest attack from the shock troops of liquor and booze in these intervening weeks before the national conventions of the Democratic and Republican parties. The Eighteenth amendment is just as safe as any other amendment to the constitution and when the smoke has all cleared away enforcement will be strengthened and life, liberty and law still further enshrined.

Of interest to Clarendon people is the announcement of the graduation of Miss Clara Esten Cooke, who finished at C. I. A., Denton, Monday of this week. Miss Cooke is the daughter of John Esten Cooke, former Clarendon editor, but now of Rockdale, and her many friends here will be happy to know of her success in college. In the closing exercises she played the leading role in a presentation of "Romeo and Juliet".

Enroute to the annual meeting of the Texas Press Association at Texarkana, it was the privilege of this writer to be present at the dedication ceremonies of the new office building of the East Texas Chamber of Commerce at Longview. The building is the gift of the citizens of Longview to the organization and in a measure is a memorial to retiring President Kelly of that city, who has just completed a most successful term as chief executive of the East Texas body. W. N. Blanton, formerly secretary-manager of the Panhandle-Plains Chamber of Commerce with headquarters at Amarillo is the very efficient secretary-manager of the regional organization of East Texas and is contributing in a large way to the very practical and purposeful program being carried out by its officers and directors. With a carefully selected staff and with surprising strength and co-operation throughout the older settled portion of Texas, the East Texas Chamber of Commerce bids fair to make a monumental contribution to the growth and progress of that section and to Texas at large.

## LOWER KEARNEY STREET IS LIVENED WITH PAINT

For the past week, painters have been very busy with their brushes and paint in the fronts of the business houses on Lower Kearney. Almost the entire front on the west side of that street between First and Second Streets has been retouched with colors that in some cases will rival the rainbow. The first to be painted was the Neek, the confectionery located next to the First National Bank building on the north. The came in for its due share of attention and the front here was repainted in an attractive manner. In both instances the color of paint used here was white. Following the street further North the passer by is caught by the new front on the M System store. This building has been refinished in three colors. The awning has been repainted in white with the projecting beams in bright orange. The front of the building proper has received a coat of orange colored paint with trimmings in a dark shade of green. The front of the News office is to receive another coat of paint on the awning and all other wood work about the front of the structure. The posts in front will be painted black while the other will become a splendid shade of gray. Other buildings on the street are thought to be catching the decorating fever as it will not be long before the main business section of the will be one of the most pleasing in the Panhandle section of the state.

## MONDAY MORN HEADACHES

An exchange has the following to say:  
What is a week end for?  
Certainly, not for dissipation; not for the blindness of the movie

addict, nor the languor of the jazz Jackass, nor the 5 A. M. hilarity of the hooch-hitter.  
All week-end excesses that make up the Monday Morning Headache unfit you for business on the most important day in the week.  
And what you can't do on that day some one else must do. If the Monday Morning Headache ended at that it would be reason enough to shun all ways leading to it.  
When all the rest of it is brought to mind, what a besotted thing it is to work for a Monday Morning Headache.

## A Rented house is an Expensive sort of Makeshift for a Home

Rented houses are all right in their way, but it's not very good economy to spend a large percentage of your income every month and have nothing to show for it.

Isn't it wiser to select a lot to your liking, build thereon exactly the house you desire, and let the monthly payments make it yours—forever? Once the home is yours you'll never regret having bought it. Act quickly—phone 8 and lets talk it over.

## The Real Test Of A Bank

A bank's usefulness to the community is its ability to serve. There is no other reason or justification for its existence.

The unwavering purpose of the Donley County State Bank is to develop this important function—the service of banking—to the highest degree of usefulness to the public.

For over third a century it has steadily progressed toward its ideal.

## BY-PASS ROADS NOW IN STYLE

REGIONAL PLANNERS TO  
LESSEN CONGESTION BY  
CAREFUL ROUTING

Wandering cows no longer determine courses for highways. To-day, city streets and rural roads near populous centers are usually located by regional planning experts who forestall regret with study. One of the greatest offerings of planning commissions to the congestion-worried motorist is the by-pass.

By-passes are simply city-avoiding roadways. In the early days of this modern highway building era, it was the avowed purpose of highway associations to place as many big towns and cities as possible on the route, and these routes passed directly through the so-called fortunate cities. The thought on this has changed.

Forcing traffic through cities is no longer held advisable, for the profit accruing to the larger city is of doubtful volume, and the attendant traffic congestion and discomfort doubtless make it uneconomical. The motorist in a hurry, too, is deservingly of consideration. Forward looking communities are solving the problem by designating and constructing by-pass routes which carry traffic around and not through the city. Smaller communities find it profitable to construct substantial connecting routes that will attract trade but not through traffic.

In the Philadelphia-Camden district great circular roadways are being or are under construction. New Jersey is busy constructing a "Crescent Highway" around Camden. This highway, from 28 to 56 feet in width, is part of a comprehensive plan formulated by New Jersey in the attempt to handle efficiently the great herd of pleasure seekers travelling to and from the New Jersey seaside resorts. By routing traffic around Camden, hopeless traffic tangles are avoided.

Chicago and Milwaukee some day hope to be joined by a wide express highway. It is planned, however, that this highway will not enter directly into downtown Chicago. The route will be laid west of Chicago to meet the Lincoln Highway. This highway is already routed away from Chicago so that through traffic will not be thrown unmercifully on Chicago streets.

Detroit and Los Angeles also are making progress in by-pass building. Buffalo located in Erie County, New York, is going forward rapidly with a Greater Motorways system. Here again, wide pavements will carry through traffic around Buffalo. Buffalo's business men consider this a wise move, for it is expected, when the system is completed, that access to Buffalo itself will be more easy and more comfortable and therefore, inviting of more trade.

Smaller cities and towns are al-

so seeing the wisdom of the by-pass. Many state highway departments now route main state highways around towns rather than through them with wide connecting stubs for those who care to stop.

### MANY FROM METHODIST SUNDAY SCHOOL AT MEET

The Sunday School training school being held in Memphis this week is drawing a fine attendance from the members of the Clarendon Methodist Sunday School and interest is at its best at all times during the sessions of the event. A splendid faculty has been selected to carry on the courses and these are being done very nicely. The faculty is in part well known to Clarendon people, having taught in the school here last summer. The faculty is: Rev. J. W. Chisholm, "Life of Christ"; Rev. B. L. Nance, "Organization and Administration"; Mrs. W. E. Lyon, "Primary Department Administration"; Mrs. R. H. Lowelling, "A Study of the Junior Child"; Rev. J. C. Mann, "What Every Methodist Should Know".

The following are in attendance from the Clarendon Sunday School: Rev. S. E. Allison, Pastor; J. R. Porter, Supt.; Mrs. C. C. Powell, Supt., Primary Department; Miss Fanny Perry, Supt., Intermediate Department; Mrs. U. J. Boston, Misses Vera and Virginia Speed, Earl Jones, Miss Clara Sample, Mrs. J. T. Patman, Miss Gelar McClenny, Miss Mae Naylor and Mr. and Mrs. O. C. Hartzog.

The school started last Sunday evening and will continue through Friday evening of this week. To accommodate out-of-town students, the classes are being held only in the evening, for a two hour session at each time. The students are going down late in the afternoon and are returning to their homes here in the same night.

### DONLEY COUNTY ORGANIZED FOR BIRTH REGISTRATION

Late reports from the State Department of Health state that Donley County has now been organized in accordance with the new Vital Statistics law and that registrars for births and deaths have been named in the county to care for these vital figures. According to the statement, there were registered in Donley County in the first three months of 1928, only 35 births and 12 deaths, which should figure approximately 53 per cent of the total births and deaths in the county during that time. Every birth is required to be recorded within five days after delivery and each death must be recorded and a certificate secured before the body may be removed for burial. It would seem that Donley County has been a trifle lax in this part of the enforcement of the state laws and the full co-operation of everyone concerned is asked to make the county 100 per cent from this date forward.

Further information on these matters may be secured by writing the Bureau of Vital Statistics at Austin. Mrs. C. M. Lane is registrar for Precincts 1, 2, 5

and Clarendon. Frank Kendall of Hedley is registrar for Precincts 3 and 4 and Hedley.

### RAILROAD HAS FINE RECORD FOR LOSS OF LIFE

The safety of railway travel is revealed in a report just issued by L. F. Shedd, Superintendent of Safety, Rock Island Lines, Chicago, Ill., which shows that that railroad has had only two fatalities to passengers in passenger train accidents since 1919, although the Rock Island, during that period of eight years, carried a total of 7,163,436,511 passengers, an average of one mile. One of the accidents occurred in 1923 and the other in 1924. No passengers on Rock Island trains lost their lives in the other six years included in the report.

An interesting sidelight in the report shows that in 1925 approximately 7600 persons were killed who were passengers in automobiles, compared with seventy-nine killed in train accidents throughout the United States.

### CHUCK WAGON MODEL IS CENTER OF ATTRACTION

For the past few days, the model of the chuck wagon and all accessories has held the center of attraction for the many visitors to Clarendon. The wagon has been in the window of the Douglas & Goldston Drug Company and was used as a part of the advertising scheme on the book by H. T. Burton, "A History of the J. A. Ranch". Photographic reproduction of the diminutive wagon, the cook, the supplies and all other necessary parts fails to give due credit for the exactness found in the manufacture of the outfit. The dutch ovens, coffee pot and other cooking utensils are as real as if they were a part of a lilliputian camp outfit. The fly over the cook fire and the diminutive tepee with their bed rolls and other accessories are so complete as to make one wonder if they are really not a part of another world other than the one on which we dwell and are a part. The horse wrangler's pony is

standing in his place in one part of the window and will almost defy detection as to whether he is real or merely a part of the landscape. After the outfit has been shown in the Fanhandle, it will become a part of the museum in the University of Texas.

Due credit for the manufacture of the outfit should be given Clinton Henry, the manager of the ranch, Buffalo Heim, keeper of the Plains Corral Camp and Jimmie Moore, chief cook for the headquarters camp of the ranch. All parts of the wagon, harness, pots, pans, tent, fly, saddle, pony and other articles in the display are hand made following a scale of one eighth inch to the foot. The pony is a model of Mrs. Henry's favorite pony.

### CLARENDON SHRINERS IN AMARILLO FOR CONVENTION

One Clarendon boy and two others who are former residents of the city were assisted over the hot sands of the Shrine Ceremonial in Amarillo Friday of last

week by a goodly representation of Clarendon people and one of the best crowds that has been present at one of these affairs for a number of times. All Clarendon folk report an excellent trip with one of the best times they can remember seeing. Homer Parsons is the candidate who took the hot walk from Clarendon and Clifford Allison of Hedley and Emmett Richards of Wellington are the two who are former residents of the city. Clarendon representatives at the ceremonial are as follows: Mr. and Mrs. Fred Chamberlain, Wesley Knorrp, Mr. and Mrs. C. W. Bennett, Junior, Mrs. Carl Parsons, Miss Lucy Antrobus, Monty Garrison, Lee Casey, Mr. and Mrs. G. A. Anderson, Miss Peggy Whisnand, Homer Mulkey, J. H. Rutherford, Mr. and Mrs. W. H. Youngblood, Chas. Bugbee, Mr. and Mrs. Frank Whitlock, Mrs. J. L. Allison, Miss Naomi Allison, Miss Helen Martin, John Hunt, Miss Lucile Whitlock, Mrs. Walter Wilson and Ed Hodges, also E. L. Lewis of Lelia Lake.

### SOUND OF THE RATTLER

Last spring a steam shovel, excavating for a railroad tunnel near Childress, Texas, scooped up 150 large rattlesnakes. A group of boys near Belton found a den and killed 15; a man in the vicinity of Goliad killed nine; and one day in January, 1928, a party of young people near Youngsport killed 21 rattlesnakes.

There are rattlers, rattlers everywhere—and not a one we can trust.

Be prepared, when you go on an outing, to avoid the venom of the deadly rattlesnake. The above article, to be published in the Clarendon News' Monthly Magazine Section, issued June 21st, will tell you how to safely dress for an outing and what to carry in a first aid kit.

# HICKS REDUCES TIRE PRICES

## Lower Rubber Market — Lower Tire Prices Hicks Again Passes The Savings On To You

ONCE MORE, through economies offered by modern merchandising and declines in the rubber market, the Hicks Rubber Company stores and associated stores take the lead in announcing lower tire prices.

Linking Dayton quality and Hicks service—the finest tire and the largest distributor—the Hicks policy begins to operate when the raw material is purchased and ends only when the finished product has given the maximum service.

Under our supervision, everything — expense, tradition and precedent—has been sacrificed in order to build the greatest tire value in the world. Tire history reveals no contract that is so far reaching, in giving you a super tire at a moderate price, as the contract between the Hicks Rubber Company and the Dayton Rubber Manufacturing Company.

So close had contact between the factory and the consumer been brought, so much of the usual warehousing and distribution expense has been eliminated by the Hicks policy of having carloads of Dayton tires shipped direct to individual stores, that we have been enabled to take tires designed to be high priced and consistently reduce them to reasonable levels.

Hicks modern merchandising, with its centralized buying power and its inevitable reward—large sales volume—has revolutionized the tire business in the Southwest and made the name of Hicks synonymous with better tire values.

In line with our policies, in view of rubber market declines, and in response to public demand, this announcement of tire price reduction is made—not only on the super-standard Dayton Thorobred All-Black tire that has won its place of leadership over highly-advertised first-line tires, but on the famous Dayton Red Stripe Stabilized tire, safest and longest running tire on earth.

Thus the Hicks Rubber Company stores and associated stores again keep faith with the public, which has always kept faith with us, availing itself of Hicks money-saving opportunities and giving us the great sales volume that faith and service has visioned.

### The Super Tire

For the Man Who Wants the Best

Thousands of motorists in the Southwest have attested by their purchase and testimonials the superiority of the Dayton Red Stripe Stabilized tire.

Performance on the hot roads of the Southwest has proven its stamina, safety and service.

### ITEMS OF INTEREST IN DONLEY

#### HUDGINS

We had a good rain in this community Sunday evening which the farmers were glad to see as the ground was getting hard to work.

No Sunday School or Preaching. Some few met and had singing at the same hour, it being so rainy not many were present.

Several from this community attended the play at Chamberlain Saturday night.

Mr. and Mrs. Bob Williams of Lelia Lake visited the latter's brother, Mr. L. M. Putman and family Sunday.

Mr. and Mrs. W. M. Murrell have returned from Abilene, where they attended commencement exercises of McMurry College.

### RIGID PAVEMENT SAVES 14 PER CENT IN GASOLINE

College Station, Texas, May 29—Investigation of gasoline consumption of motor vehicles operating over various types of road surfaces, show that motor vehicle operating over a rigid pavement uses 14 per cent less gasoline than when operating over the average earth road, L. H. Durst, fellow in highway engineering, A. & M. College of Texas, pointed out in recent discussion of the high cost of poor roads. Other investigations estimate saving in fuel time and depreciation of equipment for modern macadam or rigid pavements over earth roads at 1 cent a mile for average pleasure vehicle and 1 cent a ton mile for trucks.

Melvin Davis was seen on the streets greeting old friends Saturday of last week.

### Sue Alice Simpson in Honoree Monday Night

Monday night, June 4th, Miss Davilla Kelly honored her guest, Miss Sue Alice Simpson, with a theater party. The picture was a scream and those enjoying it were: Misses Nadine Haile, Lois and Wylfa Alexander, Edna Montgomery, Gwyn Youngblood, Sue Alice Simpson, honoree and Davilla Kelly, hostess.

### Home Economics Club Meets

"Distinctive Dress" was discussed fully by the County Home Demonstrator, Miss Eula Key, Friday afternoon when the Home Economics club met in the home of Mrs. M. T. Crabtree with fifteen members present.

Miss Key displayed patterns and discussed styles and colors most becoming to the different types. Delicious refreshments were served later by the hostess.

### Missionary Notes

On Wednesday afternoon, June 6, the Missionary Society of the Christian Church met in the basement of the church with 14 present. The lesson subject was "Training the Youth for Christian Citizenship". Interesting talks were made by several members and papers were prepared by others. Two new members were added to the roll. A report was given of the year's work, this meeting ending the year. Mrs. Anderson was elected President for the coming year. Mrs. Carlson was re-elected Secretary and Treasurer. The society adjourned to meet at the Church July 4th.

### Mrs. Sherman is Hostess to Mother's Club

Mrs. J. G. Sherman was hostess to the members of the Mother's Study Club in the last meeting for the club year Friday afternoon.

Mrs. Geo. Ryan was the efficient leader for the lesson on "Modern Methods of Training Animals and Their Lesson for Parent and Child", with Mesdames Manley Ozier, Eva Draffen, Fred Buntin and U. J. Boston assisting. During a short business session Mrs. R. Wilkerson was elected Missionary Director for the coming year.

The hostess, Mrs. Sherman, served lovely refreshments at the close of the meeting.

### Old Maid's Society Honors Member Who is Leaving

The Old Maid's Society's mourning for the near departure of one of their charter members, Miss Florence Fink, lead to a delightful picnic Tuesday afternoon at 2:00. An unusually good lunch was served under the river bridge about 4:00, after many interesting events took place. A swim was then suggested and they went to Indian Gulch and had a very unusual swim (Oh boy! and how!) after which they ate a quantity of fruit and cookies. After such an active day they willingly went home.

Those present were: Miss Florence Fink, honoree, and Misses Nadine Haile, Betty Walker, Julia Taylor, Gwyn Youngblood, Elgin Patrick, Latrice Benson, Davilla Kelly, Sue Alice Simpson, Edna Montgomery, Lois and Wylfa Alexander and Mrs. Hale.

### Mrs. Charles Trent Entertains

On Friday afternoon the rooms of the home of Mrs. Charles Trent were fragrant and abloom with beautiful spring flowers in welcome to the members of the Friday Afternoon Bridge Club.

In the games Mrs. Holman Kennedy scored high for club members and Mrs. L. L. Swan for invited guests. Mrs. Dorr Ellis drew consolation.

A delightful two course plate lunch was served to the following members and guests: Mesdames Nat Perrine, Dorr Ellis, Sam Dyer, Selden Bagby, Homer Ellis, Philip Gentry, James H. Morris, R. Wilkerson, L. L. Swan, Holman Kennedy, Forest Taylor, J. R. Porter, Park Chamberlain, O. L. Jenkins, Miss Frances Cooke and Miss Helen Martin.

### Win One Class Entertained By Mrs. U. J. Boston Monday

The home of Mrs. U. J. Boston was tastefully decorated with spring roses and larkspur when the Win One Class of the Methodist Sunday School met for their business and social meeting. Mrs. R. Y. King was assistant hostess. Ice cream and cake were served to those present at a late hour in the afternoon.

Miss Ruth Haning honored the visitors with a violin solo following the usual business meeting. A Bible contest was staged later in the afternoon with Mrs. S. E. Allison securing the nearest perfect score. She was awarded a bouquet of roses for her winnings. Other matters took the remainder of the afternoon and the guests, sixteen of them, departed wishing for more such enjoyable occasions.

### Mrs. Swan Hostess to 1922 Bridge Club Tuesday

The home of Mrs. L. L. Swan was the scene of the regular meeting of the 1922 Bridge Club Tuesday afternoon of this week, at which time a very pleasant afternoon was spent playing the chosen game of the club. Three

tables were in the playing. The home was tastefully decorated with flowers of the season and everyone was pleasantly occupied with their game.

Mrs. W. H. Cooke was fortunate in winning high score. Mrs. R. A. Chamberlain drew consolation and Mrs. Minnie Dyer was awarded low score prize.

A delicious two course plate luncheon was served late in the afternoon to the following members: Mrs. L. S. Bagby, Mrs. C. H. Bugbee, Mrs. John Sims, Mrs. W. H. Martin, Mrs. J. B. McClelland, Mrs. Sella Gentry, Mrs. A. R. Letts, Mrs. James Trent, Mrs. W. H. Cooke, Mrs. R. A. Chamberlain and the hostess, Mrs. L. L. Swan. Guests for the day were: Mrs. R. L. Bigger and Mrs. Minnie Dyer.

### Miss Lucy Noble Weds Pampa Attorney Monday Evening

A simple wedding ceremony attended only by the immediate family of the bride, was celebrated at the home of Mr. and Mrs. M. M. Noble here Monday evening, when their daughter, Miss Lucy Noble, became the bride of Mr. W. M. Lewright of Pampa. The happy event is the culmination of a romance begun during the past school year while Miss Noble was a teacher in the Pampa schools. Mr. Lewright is one of the outstanding young lawyers of that city, and after a ten day's trip to St. Louis and other points the newlyweds will be at home in Pampa. Rev. S. E. Allison performed the ceremony.

The bride is one of Clarendon's most popular girls, having moved here with her parents in early girlhood, and having attended Clarendon High School and Clarendon College, she has a host of friends who wish her all happiness, and who compliment Mr. Lewright on having won so charming a life-mate.

### Mrs. Carl Bennett, Jr., Delightfully Entertains with Bridge Party

An affair which added much to the week's social activities was given Saturday afternoon when Mrs. Carl Bennett, Jr., delightfully entertained a group of her friends with a bridge party at her cleverly furnished new home.

The rooms of the home were profusely decorated with lovely roses and spring flowers. Mrs. Charles Trent, Miss Athlyn Taylor and Mrs. Clyde Price were present with high, low and consolation prizes respectively.

A sumptuous two course plate luncheon was served late in the afternoon.

Included in the guest list were: Mesdames Selden Bagby, Sam Dyer, Charis Trent, Charlie Bell, Meredith Gentry, Philip Gentry, Jimmy Miller, Ira Merchant, Dorr Ellis, Richard Bell, Earl Alexander, Forest Taylor, O. L. Jenkins, L. S. Bagby, C. E. Miller, C. G. Stricklin, Park Chamberlain, Clyde Price, C. W. Bennett, Carl Parsons, Manley Ozier, Misses Athlyn Taylor, Mary Stocking, Fannie Florence Sims and Beulah Baird.

### Mrs. Charles Bugbee is Charming Hostess

The most delightful party of the week end was that of Mrs. Charles Bugbee, who was the charming hostess to the Saturday Bridge Club members at her palatial country home Saturday afternoon. Spring flowers were attractive-

ly arranged in the entertaining rooms. In the games of auction bridge Mrs. W. C. McDonald was presented with guest high score, Mrs. McClelland with club high and Mrs. George Ryan was consoled with low cut. The winners were presented with beautiful favors.

Next the guests were invited into the dining room where a lovely two course luncheon was served them from a table made most attractive by the use of some of Mrs. Bugbee's most cherished objects. This being near her wedding anniversary, a cloth given her as a wedding present was used on the table together with a cluster of orange blossoms which had held her wedding veil in place. A color scheme of yellow and white had been most effectively used. Yellow and white snap dragons combined with Easter lilies formed the centerpiece. Yellow tulle bows on the marmalade jars and dainty nut cups completed the scheme.

Those present were: Mrs. James Trent, Mrs. Geo. Ryan, Mrs. Sella Gentry, Mrs. A. R. Letts, Mrs. J. T. Sims, Mrs. J. B. McClelland, Mrs. J. L. McMurtry and Mrs. W. C. McDonald.

### BAPTIST SENIOR DEPARTMENT ENJOYS PICNIC TUES.

The Senior Department of the Baptist Sunday School enjoyed one of the best picnics of the year Tuesday evening of this week when they betook themselves to Indian Gulch for an outing. A basket lunch was carried and spread at a late hour on the banks of this famous little watering place, some thirty-four enjoying the festivities of the occasion. The trip was made in six cars and one truck, the return being made at a late hour in the evening with the members and guests expressing desire that such an enjoyable evening would be repeated at a near date in the future.

Those present were: Mr. and Mrs. W. C. Stewart, Mr. and Mrs. G. G. Kemp, Mr. and Mrs. Walter Love, Mr. and Mrs. Joe Goldston, Mr. and Mrs. Joe Cannon, Misses Gwendolyn Couch, Lucille Parks, Edith Speed, Thressa Vineyard, Anna Moores, Frances Tatum, Mildred Sparks, Fern Cauten, Mary Hazel Hurn, Cleo Brown, Elizabeth Kemp, Orene Riley, Ruth Dunn, Weta Haley, Joe Ella Stewart, Catherine Speed, Oweta Towles and Messrs Carroll Holtzclaw, Gordon Lane, Leonard Harris, Rhea Couch, Nicky Stewart and Everett Barnes.

### FARMER-STOCKMEN ASKS TAX ASSESSORS OFFICE

The News is authorized to announce the candidacy of T. W. Smith for the office of Tax Assessor of Donley County, subject to the Primary in July. Mr. Smith is a native Texan, and has been a resident of the Panhandle and Plains section of the state for the past thirty-seven years. He has lived in Clarendon for the past ten years. Mr. Smith served in the capacity of Sheriff and Tax-Collector of Donley County for a term of four years and states that he was very well acquainted with the terrain of that county during his term of residence there. Having been a farmer and stock raiser for a past thirty years, Mr. Smith feels

Good music, short interesting services. You are most cordially invited to come and worship with us.

Mr. and Mrs. Joe Cluck attended to business in Texline last week.

### QUINN BUCK AGAIN IS RECEIVER OF SCHOLARSHIP

In a recent issue of a News bulletin from Texas Christian University at Fort Worth, the name of Quinn Buck, former Clarendon College student, appears as one of the students to receive his scholarship from that school. Quinn is originally from Crosbyton and was one of the most talented students ever in the college here, both in his studies and in his art work, of which he was quite proud. Quinn is attending the University at Fort Worth and will return to that school again for the session of 1928-29.

**GREAT WEST MILL AT AMARILLO COMPLETES ADDITION**

With the completion last week of the lowering elevator and group of storage bins pictured on the left in the above sketch, the Great West Mill & Elevator Company's plant at Amarillo becomes one of the largest in the Southwest. This new addition increases the storage capacity of the mill from 500,000 to 1,300,000 bushels.

The original plant of the company was built in Amarillo in 1921 at a cost of approximately \$750,000. With this new addition, the mill represents an investment of about \$1,000,000. The manufacturing capacity is now 800 barrels of flour daily, with facilities for the handling of 110 cars every 24 hours.

The necessity for this large addition to the original plant has been due largely to the phenomenal growth in the demand for the two principal products of the mill—Amarillo Brand and Great West Brand of finest wheat flour. Both are widely sold throughout West Texas, New Mexico and the far Southwest, housewives in many communities expressing an almost 100 per cent preference for one of the other of the brands.

Great West products enjoy a considerable sale in Clarendon and vicinity, being handled here by Hokus-Pokus.

**LATE GOVERNMENT BULLETIN NEWS TO DONLEY FARMERS**

A late Government Bulletin, mailed to papers from the Department of Agriculture, has much of interest to farmers of Donley County, with special reference to those who plant a great part of their land in cotton. We are carrying herewith the article as a whole, and ask that all producers of cotton read the item. It will give some insight on the reason for the little demand for the cotton raised in Donley County as against a few years past when cotton from this county drew a premium of one to three cents on the markets of the spinners. There is little or no demand for a staple of less than 3/8ths inch, with the result that the cotton producers are losing accordingly.

It might be interesting to learn that the Cotton Buyers have recently taken action against the purchase of "Point Cotton" for the reason that the quality of the staple length of their purchase when this method of purchase is used. The Government bulletin follows:

Estimates on the grade and staple length of the cotton produced in the State of Georgia and a selected area including adjacent counties in Texas and Oklahoma for the past year, have been issued periodically during the past marketing season by the Bureau of Agricultural Economics, United States Department of Agriculture. These reports have yielded valuable data with regard to the quality of the cotton produced in the two areas and to the quality of cotton consumed by mills in Georgia, and under special congressional authority, reports on the grade and staple of the cotton ginned will be extended to the entire Cotton Belt next season.

Reports will again be issued the same as last year, beginning in October, 1928, and ending in April, 1929. Each report will give the grade, staple and tenderness of the cotton reported ginned according to the Bureau of the Census. A report of the carry-over by grade and staple as of August 1, 1928, will also be issued as soon as practicable after that date.

This expansion of grade and staple reports to cover the entire Cotton Belt follows the satisfactory outcome of the experience of the bureau last year in reporting the grade and staple for the areas mentioned. The service will be conducted in cooperation with the Land Grant Colleges, Extension Services and Agricultural Experiment Stations of the Cotton Belt States.

These reports of last year yielded data showing the percentage of tenderable and under-derable cotton and the various grades and staple lengths. The bulk of the cotton examined from the Georgia, Texas and Oklahoma areas was of high grade, but a large proportion of staple lengths was below average mill requirements. Studies of Georgia mill consumption showed that Georgia mills consumed approximately 288,000 bales of 3/8 inch cotton, but that Georgia produced approximately three times this quantity of short cotton reported by the Georgia mills. Georgia mills consumed more than 600,000 bales of 15-16 inch cotton last year, but Georgia produced only 172,000 bales of that length.

Of 1,110,923 samples from Georgia, approximately 3 per cent was below 3/8 inch in length and of 1,034,431 bales sampled in Texas and Oklahoma, 22 1/2 per cent was less than 3/8 inch. The comparatively large quantity of short cotton found among the samples may be attributed to the fact that from day to day the farmers are paid practically as much for cotton low in spinning quality as for cotton high in spinning quality. Because of the farmer's emphasis on quantity and a lack of an incentive to improve quality, the varieties which yield the most and mature the quickest are most favored. The short length may also be attributed in part to variations in soils and climate conditions in the Cotton Belt.

The Bureau has established classification offices for this work at Atlanta, Memphis, Dallas, Austin and El Paso, in each of which will be a board of cotton classifiers. A corps of field men will work in connection with each office to make arrangements with representative gins for submitting a sample of each bale ginned to the field office and to maintain contacts with these gins throughout the season. Such an arrangement will be made with approximately 1,500 representative gins throughout the Cotton Belt.

The samples submitted to each field office will be classified immediately and daily reports submitted in code to Washington headquarters. A system has been developed whereby no individual, either in the field or at Washington headquarters, may know or conjecture the total figures in the final report. The report will be issued only from Washington at an hour and date specified in advance. This system also provides that the identity of gins submitting samples to be classified will not be disclosed.

This national effort to make an inventory of the quality of cotton with a view to improving the quality of the crop in keeping with consumer demand has received widespread recognition as work of the highest importance to the growers and to the future of the entire cotton industry.

Robert Gordon has returned from the State University at Austin, where he spent the past winter in school. Robert will be here for the summer in the home of his parents, Mr. and Mrs. J. W. Gordon.

**STATE ROADS ARE SELF SUSTAINING**

**MOTORIST CAN CROSS N. CAROLINA IN ONE DAY OVER IMPROVED HIGHWAYS**

Crossing the state of North Carolina between dawn and dusk in a small four wheeled vehicle is a feat that would have stirred the imaginative mind of Jules Verne. Yet, although this 587 mile journey is not commonly done in one day, it can be done in comfort over the old North State's improved roads.

Contrast with this the travel time required in by-gone days when bewhiskered gentlemen and hoop-skirted ladies could only stand the strain of journeying a score of miles daily in awkward vehicles bumping over cow paths. And those later days when a 50 mile trip from home to visit relatives would bring the whole family out for a teary goodbye.

The North Carolina of today, with a population of 2,897,000, ranks eighth in the mileage of hard surfaced roads which includes 2,026 miles of concrete. Largely through an intensive good roads program that would do justice to a larger state, North Carolina has perhaps garnered more prosperity proportionately than any other like community. In the 12 year period, from 1914 to 1926 the value of this state's output increased 263 per cent against an average national growth of 158 per cent.

North Carolina's roads are self sustaining. Last year the gasoline tax and automobile licenses brought in almost double the amount needed to pay the interest and sinking fund of the bonds. Bonds outstanding in this state total almost \$115,000,000. Consequently the well planned highway development program in North Carolina is not a burden on the tax payers.

The value of this stimulated motor travel is difficult to ascertain, yet evidences of greater progress in public welfare are seen on every hand. For instance, North Carolina has risen from a way down on the list to third in school transportation. Ninety thousand children are transported daily by 2,317 buses to and from consolidated schools, which themselves were made possible by improved roads. Again, diversified farming has come in, perhaps for the first time swelling the lean pocket book of the one-crop planter of old.

SHOES AND HOSIERY

**FARM CARE OF MARKET EGGS**  
By F. W. Kazmeier, Bryan, Texas

Practically all eggs, when first laid are of equally good quality. It is of course true that size, color, and shape of egg are important factors, in a first class egg, however these factors, must be controlled by breeding. Under average conditions all eggs are fresh when first laid. Soon after they are laid they deteriorate very fast, unless given the proper care. There is no way to convert a bad egg into a good one, the only thing to do is to keep it from getting bad.

Pages after pages have been written about the necessity of removing all roosters after hatching season and thus producing only infertile eggs. Speeches have been made by the hundreds, blaming the roosters for several million dollars annual egg loss due to bad eggs. County Agricultural Agents and Home Demonstration agents, have been appealing to the farmers with tears in their eyes, to help produce a better egg, by removing the roosters from the flock during warm weather. Great trains have been run, showing the importance of producing infertile eggs. In many States the politicians have been considering passing a law, making it illegal to produce anything but infertile eggs in warm weather. The U. S. Department of Agriculture, has spent thousands of dollars in printers ink, paper, motion picture reels, etc., to further show why the rooster should be kept away from the laying hens out of breeding season. In R. R. Stations and Courthouses all over the country, colored posters have been put up, to show the necessity of producing infertile eggs. In many cities and towns,

has been called upon to put on a "rooster day" or a rooster party, merely to get the people to bring the surplus males to town and market them to help produce infertile eggs. County school Superintendents have been enlisted in this work, and have been getting the school children interested in this work, and have been getting results from this campaign. Boys and Girls Club work all over the State have been talking about the importance of producing infertile eggs.

The infertile egg campaign has been just about as successful as prohibition. It is hard to understand, why our egg producers cannot see the advantage of producing infertile eggs in hot weather.

It is not because they do not know. It is not because they cannot find the time, because in 30 minutes they can do this job. It is not because it does not pay, because infertile eggs bring more on the market than fertile ones.

Th male birds, will eat a great deal of feed between now and next hatching season, old males are not desirable for breeding purposes, because young males are more vigorous and produce better fertility.

Messrs Gordon and Walker Lane, students for the past two years in Texas Technological College at Lubbock, are home for the summer with their parents, Mr. and Mrs. Cap Lane.

Mr. and Mrs. R. Wilkerson and children and Mrs. Chas. Trent are in Seymour this week visiting the parents of the two ladies and enjoying a vacation.

### RACE FOR COUNTY JUDGE

#### TO THE PEOPLE OF DONLEY:

Believing that a statement of the Candidate's qualifications for the office sought is always in order, I respectfully submit to you the following facts in regard to myself and my candidacy for the office of county judge of your county.

I am thirty-five years of age, was born and reared on a farm in Comanche county, Texas. I completed the first two years work in the academic departments of Baylor and Texas Universities, am a graduate of the law department of the University of Texas, having received my LL.B. degree at Texas in August 1920. I am now and have been for a little more than seven years just past, county attorney of Donley County, actively engaged in the trial of causes both civil and criminal.

For three years prior to entering the law school in September 1916 I was teaching in the rural public schools of this state. Since October 1920 I have resided in this county, have bought and paid for a home at Clarendon, where I now reside with my family. My record here both as a citizen and an officer is well known to many of you.

Farming and stockraising are the basic industries of this county as well as the nation. Their progress, well-being and prosperity are inseparably tied to the advancement of the county itself and all other business therein. If elected as your county judge I shall use my every effort consistent with the laws of this state to further their growth.

The public schools of this county are a source of pride to its citizenship. Therefore, inasmuch as your county judge, by virtue of his office, is also your county superintendent, I desire to here state that should I be your county judge, it shall be my pleasure to painstakingly labor for the continued advancement and progress of your public schools.

The administration of the county's finances is a matter of vital concern to every citizen. And while the expenditure of county funds is primarily in the hands of your commissioners, yet the county judge as presiding officer of the Commissioners Court, is a co-worker and counselor of the commissioners and as such bears a large responsibility in regard to the spending of the county's money.

If elected as your county judge I shall favor a sound and economical administration of the county's business in accord with the statutes and your best interest in the Commissioners court; dispatch of business everywhere and a speedy trial of all causes in the county court.

I am asking for a promotion at primary to be held on July 28th, 1928. Your vote and influence will be appreciated.

Respectfully submitted, CURTIS E. THOMPSON, (23c)

Announcements have been received in Clarendon this week from the Greenville High School, stating that another of Clarendon's former residents will graduate from that High School this year. Rufus Carhart, son of Mr. and Mrs. Whitfield Carhart is the young man to complete his High School course. His many friends here extend felicitations on his completion of the prescribed course.

**For County Treasurer, Donley County:** MRS. LINNIE CAUTHEN.

**For County Clerk:** H. M. (Kenny) LANE. MRS. WILLIE GOLDSTON. MRS. B. G. (BESSIE) SMITH. W. G. WORD.

**For County Attorney, Donley Co.:** R. Y. KING

**For Commissioner Precinct No. 1:** SID HARRIS. EDWIN BAILEY. (For Re-election.) W. A. POOVEY

**For Public Weigher, Precinct 1:** BEN LOVELL (For Re-election)

**For Commissioner Precinct 2:** J. H. HURN. (For Re-election.) W. H. YOUNGBLOOD.

**For Public Weigher, Precinct 2:** RAYBURN SMITH. (For Re-election.)

spent Tuesday with Mr. and Mrs. Mabry.

Miss Dora Kelly spent the week end with Miss King of Lelia Lake.

Mr. and Mrs. C. J. Talley were called to Amarillo Wednesday of last week to be with their daughter, Mrs. Vestal Mosely, who was very sick. We are glad to report that Mrs. Mosely was improved enough to be moved to her parents home Sunday.

Miss Ina Fay Pittman spent Monday night with Misses Laveda and Lillie Wood.

Miss Kate Talley left for Canyon Tuesday to enter school. Mr. and Mrs. J. D. Acord spent Sunday in the J. B. Turnbow home.

Rev. and Mrs. Powell and Miss Lois LaFon visited Saturday and Sunday in McLean.

Mr. and Mrs. Aubrey Talley and family spent Sunday in the C. J. Talley home.

Miss Mabel Sibley visited her brother, Spencer Sibley of Claude a few days the past week.

### JERICO

Rev. Laney preached Sunday at the regular hour. A nice crowd was out and we hope for a larger one next Sunday.

The Ladies Home Economics Club met with Mrs. Frank Hermesmyer on Monday, May 28th, with Miss Key present. A nice lesson was rendered in "pastry making". A peach cobbler, a mince meat pie, a lemon pie and a meat and egg combination pie were made and served to all present. Club adjourned to meet with Mrs. George Hermesmyer.

Mrs. I. E. Osborn has returned from a visit with her children in Amarillo, bringing home with her, her daughter, Miss Ernestine.

Mr. and Mrs. V. J. Glazener were in Clarendon on business Saturday.

Mr. W. F. Ashmead and Arthur Ashmead were in White Deer on business Monday.

Misses Isobelle and Esther Davis of Alanreed were visitors in Jericho Saturday and Sunday.

A party was enjoyed by a group of young folks in the home of Mr. and Mrs. Roy Brown Saturday night. All reporting a nice time.

Mr. and Mrs. R. C. Brown were in Groom on business Monday.

Mrs. Jimmie Helm of Groom visited her mother, Mrs. W. F. Ashmead Thursday.

Misses Thelma Glazener, Isobelle and Esther Davis, Messrs Leslie Clayton, Busel and Dewey Glazener went to Goldston Sunday.

Mr. F. L. Goldston was in Jericho Sunday.

Mr. and Mrs. V. J. Glazener,

and Mr. John Childress were in Alanreed Sunday.

Mr. and Mrs. Tom Schaffer, Mr. and Mrs. George Elms and Mr. and Mrs. Claude Schaffer visited with Mr. and Mrs. Roy Brown Sunday.

Mrs. Jodie Helm and children visited with Mrs. Jimmie Helm Sunday.

Mr. and Mrs. Ernest Lamb, and Mr. and Mrs. Elmon Phillips toured to Borger Sunday.

Several from here have been attending the medicine show at Alanreed.

The little folks enjoyed a party in the home of Mrs. A. P. Brown Friday afternoon, June 1st. In honor of her son's, C. F. 12th birthday. Ice cream and cake were served to those present, everyone reporting a very nice time.

Miss Thelma Glazener spent this week end with Misses Isobelle and Esther Davis at Alanreed.

Lloyd Ashmead visited with Donley Darnell Sunday afternoon. Leslie Clayton has returned to his home in Amarillo after a few week's work here.

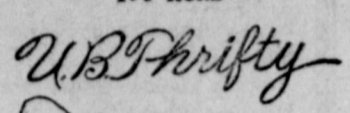

Mr. and Mrs. Herbert Bural are moving to Jericho again.

### HOME DEMONSTRATOR'S REPORT EARLY IN 1928

Miss Eula Key, Donley County Home Demonstrator, is asked to have her report in some few days earlier this year than has been the custom in the past, and asks that all the women of the county have their reports ready for her by June 15th, instead of the first date of July 1st. Miss Key further asks that the reports be as nearly correct as is possible to make them that she may have her report ready for the mails by July 1st, which was the date originally set for the women's reports to be in the office in Clarendon.

Mr. and Mrs. Lindsey Taylor and Clifford Decker spent the week end at Lake Kemp.

A Little grit every day is as necessary for us as for hens

U.B. Drifty

### MAKING GOOD FARMERS BETTER

The community is full of good farmers, men who are conscientiously striving to get ahead.

Through systematic study of "better farming" we hope to be useful in helping those who will work with us to produce more and market to better advantage.

Better farming means merely more study—and we are here to help.

### CONOCO + ETHYL = Knockless Miles

### CONOCO ETHYL The YARDSTICK for COMPARING MOTOR FUELS

THE quickest way to appreciate the superiority of Conoco Ethyl Gasoline is by direct comparison. You know the results you get from ordinary gasoline. So the next time the tank is empty fill up with Conoco Ethyl and note particularly these outstanding points of superiority:

1. No knocks.
2. Smooth, even flow of power.
3. Quicker acceleration.
4. Greater speed and pulling power on the long, hard hills.
5. Practically no vibration and no overheating of the motor.

Conoco Ethyl Gasoline is a combination of Conoco, the extra miles gasoline, and Ethyl brand of Anti-Knock compound—developed by General Motors. It is the standard—the yardstick for comparing motor fuels. A gasoline better than Conoco Ethyl has yet to be made. Fill at the Conoco Ethyl pump.

### NEW ROAD MAPS AT HOLLAND BROS. STATION

One of the best road maps ever printed, and one which is proving very popular with motorists, is the map being distributed by the Holland Bros. Service Station.

This new road map, which gives the exact condition of roads throughout the State, has just enough detail to be complete, and yet it is not so littered with unessential features that one gets a head-ache in trying to decipher it.

The map appears on the reverse side of the new Hicks Rubber Company circular, now being distributed, in connection with a reduction in tire prices by the Hicks Stores and Associated Stores.

Price reductions include the highest quality Dayton Red Stripe balloons and the popular Dayton Thorobred all black tires. "This price reduction," said Mr. Joe Holland, of Holland Bros., "is due to declines in the rubber market and is also a result of the economies effected by the modern merchandising policies of the company."

Centralized buying power and heavy sales volume, due to the popularity of Dayton tires," he said, "has brought lower prices on tires that were manufactured to be the highest priced tires in the world, but the public has bought so many of them that we are enabled to pass the savings from heavy volume on to the people?"

Invitation to call at the store and get one of the circulars, with the road map on the back, is extended.

### BIG AIRPLANE REVIEW PART OF CONVENTION

FORT WORTH—More than one hundred are expected here June 18, 19 and 20, for an Airplane review in connection with the Tenth Annual Convention of the West Texas Chamber of Commerce in Fort Worth. B. B. Buckridge, Industrial Commissioner of the Fort Worth Association of Commerce, is in charge of plans for this event.

The program is incomplete but will include a grand parade at 10 o'clock each morning. The planes will take off at 10:01 each morning and will fly over the city. In the afternoon there will be stunt flying, parachute jumping and other features.

One of the oldest planes in use will be here, as will the very latest models. It promises to be one of the biggest airplane reviews ever staged in the United States. Still another feature will be a barbecue for the aviators. Already returns indicate at least one hundred planes.

Mr. and Mrs. Houston Miller had as their guests over the week end, Mr. and Mrs. Hugh Frasier of Esteline.

### WHAT'S DOING IN WEST TEXAS

By West Texas Chamber of Commerce

Miles—The Runnels County Bankers Association will meet here in July.

Big Springs—Final plans have been made for the West Texas Press Association meet in this city June 13 and 14.

Tulia—Through efforts of the chamber of commerce, postcards showing Tulia scenes will be available here soon.

Portales, N. M.—Capacity of the local cheese factory is to be doubled upon arrival of equipment.

Mineral Wells—Sam Miller is the new president of the Texas Press Association and his city is host to the 1929 State Convention.

Mobeetie—The annual celebration at Old Fort Elliot is scheduled for June 6 and 7.

Perryton—The insurance key rate of Perryton has been reduced from 50 cents to 47 cents.

Wink—The oil town of Wink has incorporated with J. R. Ostrum as first mayor.

Turkey—A mammoth rail celebration is planned for opening of the South Plains railway extension.

Midland—A beautiful site for Midland's new grade school building has been donated as a memorial to the late John M. Cowden.

### CONCESSION SPACE AT TRI-STATE FAIR READY FOR SALE

Concession space of all kinds to the great free Tri-State Fair, September 22 of 29, is now being reserved through R. T. "Bob" Emmett, secretary-manager of the organization, 308 1/2 Polk street, Amarillo, Texas. With an estimated attendance of more than 300,000 persons as a result of the free gate this year there is a mad scramble for concessions.

Dance pavilions, novelty stands, ice cream sandwich rights, miniature railways, vaudeville and amusement are available. It is believed by conservative business men that the big free exposition offers unusual business opportunities to persons interested in concessions. Rates and blue prints of the ground may be had by application to Mr. Emmett.

Miss Mary Katherine Headrick returned the latter part of last week from State University at Austin, where she has been for the past school term.

Miss Mary Hazel Hurn returned to her home here last week from Lubbock, where she has been attending Texas Technological College.

Messrs A. E. Tidrow and J. W. Carnes sold and delivered hogs at Clarendon Saturday.

Mr. and Mrs. Richmond Bowlin were dinner guests of Mr. and Mrs. L. R. Bowlin Sunday.

Commissioner Bain is having some needed work done on the roads. The recent rains did much damage to them.

Mr. and Mrs. Fred Moore and Children spent the week end visiting friends at Dodsonville.

Mr. and Mrs. T. B. Downing and family were Sunday guests of Mr. and Mrs. Harvey Adams.

Mr. and Mrs. A. E. Tidrow visited with Mr. and Mrs. R. Bowlin Monday.

Mr. Loring Pickering and son, Cecil of New Providence, Iowa are visiting the former's brother, Mr. W. M. Pickering.

# OLDFIELD TIRES

**Firestone Built**

**COURIER**  
30 X 3 1/2 CORD  
**\$5.95**

**OLDFIELD**  
30 X 3 1/2 CORD  
**\$6.95**

**AIRWAY**  
30 X 3 1/2 CORD  
**\$4.65**

## QUALITY TIRES at LOW PRICES

The famous Oldfield Tire has been taken over by Firestone from the Oldfield Tire Company. For over four years motorists paid higher prices for this quality tire to the Oldfield distributors and dealers than for any other standard high quality tire.

Now, you can get them here for less than any other standard tire, thanks to Firestone economies in manufacture and distribution.

We also have the rugged, serviceable Courier Tire and Courier Tubes, which are made for us by Firestone. Never before have we heard of an oversize tire, with tough non-skid tread and rut-protected sidewalls, selling at the low prices we are offering.

For light cars we have amazing values in Firestone-built Airway Tires, enabling us to assure you a big saving no matter what price you want to pay.

Our helpful service gets out of these tires all the miles that Firestone builds into them. We are a service-giving organization that stands back of every tire we sell.

Our service lasts through the life of the tire. We make it give you full value.

**CLARENDON MOTOR COMPANY**

*"Come in today. We will save you money and serve you better."*

MR. AND MRS. J. R. MACE ENTERTAIN SATURDAY EVE

Saturday afternoon of last week, the home of Mr. and Mrs. J. R. Mace of Lelia Lake resounded with fun and merriment as they entertained a number of their close friends. Music for the event was furnished by Jack Elliott of Lelia Lake, Cecil and Ernest Inman of Quitaque and Miss O'Donnell of Jericho. The entertaining rooms were tastefully decorated with a profusion of pink and white roses. Pink was the color predominating in the refreshments of Ice Cream, Cake

and Lemonade that were served later in the afternoon.

Those enjoying the hospitality of the Mace home are as follows: Mr. and Mrs. Clay Inman of Jericho, Mr. and Mrs. J. T. Mace of Hedley, Mr. and Mrs. Adel Williams of Ashtola, Mr. and Mrs. W. M. Mace, Mrs. W. M. Posey of Hedley, Miss Elsie Mace, Mr. Lattie of Stephenville, Miss Ieta Mace, Mrs. Jim Warren of Amarillo, Mr. and Mrs. Atkins Mace, Mr. and Mrs. Bob Williams, Mr. and Mrs. E. B. Mace, Mr. and Mrs. Z. N. Williams, Mr. and Mrs. W. F. Davis of Clarendon, Mr. and Mrs. E. W. Kennedy and Minnie Mace.

**PANHANDLE CROPS TO BE SHOWN FAR**

EIGHTEEN CITIES IN FARMING STATES TO SEE PANHANDLE SAMPLES

For several months representatives from different portions of the Panhandle have been formulating plans for an immigration movement into the rural section of the Panhandle-Plains of Texas, embracing the most northerly 32 counties in the Panhandle.

These various meetings culminated on May 24th, in a final meeting at Amarillo wherein all the details of these plans were adopted and the committee on ways and means instructed to take such measures as may be necessary to put these plans into effect.

It is contemplated that these composite exhibits of Panhandle agricultural products will be displayed at a schedule of fairs in each of the states of Kansas, Nebraska and Iowa during the coming fall. Supplementing these exhibits will be publicity of a desirable character in the localities where the exhibits are shown, further augmented by additional publicity to be carried in farm journals having a generous circulation in these particular states. The schedule of fairs at which it is proposed to show these exhibits is as follows:

Kansas: Belleville, August 27-31; Clay Center, September 4-7; Topeka, September 8-15; Hutchinson, September 15-21; and Dodge City, September 24-28. Nebraska: Lincoln State Fair, August 31-September 7; Hastings, August 14-17; Aurora, August 27-31; Broken Bow, August 21-24; Geneva, September 11-14; Kearney, September 18-21. Iowa: Cedar Falls, August 14-17; Des Moines, August 22-31; Atlantic, September 3-7; Marshalltown, September 10-14; Guthrie Center, September 17-21; Coon Rapids, September 25-27; Waterloo, October 1-7.

Up to the present time the bulk of the immigration into the Panhandle of Texas has come from central and eastern Texas, and was composed largely of men who were more or less unfamiliar with climatic conditions in the Panhandle and whose principal efforts at agricultural products had been in cotton.

It is hoped that by encouraging a movement from those states where climatic conditions are similar to those of the Panhandle and where the products are largely the same as those raised in the Panhandle, that a more satisfactory character of immigration will be obtained.

Particularly is this true from the standpoint of crop rotation and varied characteristics of farming that is prevalent in the states in which it is proposed to show these exhibits, and by encouraging such immigration it is believed that our own farmers in the Panhandle will be induced to employ their energies in the production of a greater variety of farm products.

The Panhandle Development Association, as the organization is now called, will be incorporated and the officers selected by the Ways and Means Committee, of which Mr. E. B. Black of Hereford, Texas, is chairman. Immediate efforts will be made towards a comprehensive campaign to secure the necessary components of the composite exhibits and to prepare the necessary publicity to be used therewith.

**SCARLET FEVER INOCULATION GIVES IMMUNITY**

Following the recent wave of scarlet fever that has passed through Clarendon and the entire Panhandle section of the state, it is well that some little word be given concerning the scarlet fever toxin as a preventative of the disease. The current issue of "Hygeia" carries an item on this matter that will clear the minds of those who may have been in doubt as to the reliability and success of the preventative dose. The article in question was in the question and answer division of the magazine. The article follows:

Question: Will you kindly give me information regarding the effectiveness of the scarlet fever preventative? What percentage of effectiveness does it have? Is there a possibility of causing a skin eruption? Is it as successful as diphtheria toxin-antitoxin? Has it been accepted and approved by the A. M. A.? How long does immunity last?

Answer: The preventative injection of Scarlet Fever toxin in susceptible persons produces an effective immunity provided it is carried out in the proper way until a clean cut negative Dick test is obtained. If the proper kind of toxin is used there will be no complicating skin eruptions. How long the resulting immunity may last is not yet known but experience indicates that it may last at least two or three years and probably much longer.

Observation on nurses who take care of scarlet fever patients show that the immunization of susceptible persons against scarlet fever gives just as good results as immunizations against diphtheria with toxin-antitoxin.

Scarlet fever toxin for preventative purposes has been accepted by the council on pharmacy and chemistry of the American Medical Association.

The family physician is the one to decide when the circumstances and conditions present warrant the use of preventative inoculation against scarlet fever.

**SECRETARIAL SCREENINGS**

Clarendon Chamber of Commerce G. L. BOYKIN, Secretary

The Clarendon Band has a chance to win much publicity for the town at Ft. Worth this year. Speaking as a member of the Band, the boys have worked hard, and are still at it, to make this town a good showing. They deserve your support. For one that has been on as many band trips as the older heads in the band it is just another trip, but to the youngsters it will be something new. They deserve your support.

Miss Clarendon will be in town Friday, Saturday and Monday next. If you can pick her out from among Clarendon's fairest you can win \$7.50 in cash and a ticket to the entertainment given in her honor. Explanations and instructions are given in another part of this paper. The program in honor of Miss Clarendon will be given at the Pastime at 8 P. M. Monday at which time she will be announced.

Received a letter from the U. S. Department of Labor at Ft. Worth this week stating that they had many requests from harvest hands seeking work. If you are in need let this office know the number you can use, the date you want them, and what the prevailing price will be including board or without. C. W. Woodman in charge of this service states that he can furnish us with all hands needed if we let him know at once.

Another month to enter the yard contest. If you are keeping a good yard and would like to enter the contest we would like to have your name. If you do not care for the contest but keep your yard clean anyway then we are satisfied, our task has been completed. Thanks.

Better conditions for a crop never prevailed, than prevail in Donley county at this time. Donley will overlook much if some real constructive expansion and building is not done here this year. The spirit that builds cities comes from within. Clarendon has the men.

C. F. Brogden of Denison, Iowa, spent the fore part of this week here in the home of his sister, Mrs. O. L. Fink.

Mr. and Mrs. H. R. Phillips and daughters, Miss Carolyn, Miss Sue, Miss Alice and Miss Iris of Rotan, Texas arrived in Clarendon late Wednesday afternoon for a visit in the Sam M. Braswell home. Mr. Phillips is a brother of Mrs. Braswell.

**GREAT PROGRAM FOR C OF C MEET**

GREATEST PROGRAM EVER PRESENTED IS PLANNED FOR CONVENTION

FORT WORTH, June 3.—When West Texans come to this city, June 18, 19 and 20, for the Tenth Annual Convention of the West Texas Chamber of Commerce, they may rightly expect the greatest convention in the history of the organization.

For more than two months, committees made up of approximately 200 of Fort Worth's leading business men have been engaged in making plans for the decadal meeting. Such a spirit of co-operation of business men has never been exemplified in Texas and the result is that plans are now practically complete.

There will be at least seventy-five sponsors to be presented at the pageant, an annual event on the opening night of the convention. More than one hundred entrants have registered for the "My Home Town Contest", while fifty-odd band masters have already signed entry blanks for as many squads of musicians. Details also will be other contests, there for which are in the making. Headquarters for more than fifty towns, planning to send large delegations have also been assigned. Fort Worth is sparing no expense to make the convention the greatest ever held by any organization in the United States.

The pageant, always an event looked forward to by all West Texas at this annual conclave, will excel in brilliance, beauty and grandeur anything of the kind ever staged in Texas. It will be presented at the Texas Christian University Stadium, Monday evening, June 18, when the seating capacity is twenty-odd thousand. At this time, Miss West Texas and the more than seventy sponsors, chosen by as many cities in West Texas, will be presented.

The annual convention parade will be staged Tuesday afternoon, June 19. Already more than thirty cities and towns in West Texas have announced they will enter floats for this contest. This will be the annual delegation parade and because the attendance at the convention is expected to set an all time record, this parade is expected to be one of the longest that ever passed in review before a Texas assemblage. It will march over Main and Houston Streets, after forming near

the Texas & Pacific Railway passenger station.

Fort Worth's entertainment program is elaborate. Registration of delegates is expected to set new records because of this great entertainment program. Courtesy books will be presented each registered delegate. This will entitle free entrance to the pageant on Monday evening, one baseball game between the Fort Worth Cats and the Shreveport team, and will carry dance courtesies, as well as entrance to a theater and swimming pools. Numerous other features are yet to be added. Registration badges have already been received and in many places these badges are being sold in advance by chambers of commerce secretaries. Thus it will be seen that cooperation to make this the biggest convention West Texas has known has spread to every section of the great West.

The program in all of its detail will be announced within the next few days, according to Homer D. Wade, general manager of the West Texas Chamber of Commerce who is now in Fort Worth.

**FORMER COLLEGE TEACHER RECEIVES AWARD AT CANYON**

CANYON, June 4.—Neil Farmer, a senior of the West Texas State Teachers College, was one of the fourteen young women who received awards from the Women's Athletic Association this week. Miss Farmer received a handsome Buffalo blanket, the highest award offered by the club. Nine blankets were awarded and five sweaters. The blankets were designed by Miss Jessie Mae Scott, herself a member of the W. A. A. a college senior and a major in the art department. Miss Farmer is also active in tumbling and volleyball teams. She will receive her Bachelor of Science degree with Public Speaking as her major subject this week.

Others who received awards are: Canyon, Ruby Combs, Janet Combs, Jessie Mae Scott, Marlene Smith, Launa Moore Pearson, Ruby Lyons and Delma Fry; Claude, Edna Smalley; Tahoka, Lily Dell Slover; Lockney, Eunice Coleman; Stephenville, Adelia Walker, Clarendon, Nell Farmer; Olton, Gladys Swezea; Hereford, Ethel Womble.

Mrs. Matt Bennett and Miss Faye Bennett returned from Fort Worth Saturday of last week after an absence of three months in that city. Mrs. Bennett was accompanied home by her married daughter who lives in Fort Worth.

Tom F. Connally attended to business matters in Dumas the latter part of last week. Prospects for a good wheat crop are better than they have been for a number of years with the production promises increasing all the time.
