Motor accidents right here at home, should bring forcefully to mind that driver and pedestrian should be more careful. CAREFUL!

Clarendon is due for the greatest period of growth she has ever known; beginning this fall. She has built steadily for years, but the big growth is just ahead of us.

It doesn't behoove protestants to prate too much about "religious tolerance" so long as episodes like the fundamentalist tabernacle fight down at Dallas continue.

Getting the national convention out of the way has been a wonderful relief to Texas candidates for office. They may now get a little attention to their own candidacies.

The great northern offensive is upon us. First, Tammany leads the South bound captive to her chariot, now comes the Northern Lights to beguile us. We like the latter better than the former.

Hundreds of Clarendon people are away this week on summer vacation trips. They are carrying with them into far way places the story of Clarendon and Donley County—the greatest residence city and the best live-at-home county in the Southwest.

In this enlightened age, we just must give our fellows the right to their own views, and there is no better time than in the present election year. Think for the betterment of mankind and your home community. Vote for men whom you believe will act in accordance.

Mrs. Clem Shaver, wife of Chairman Shaver of the National Democratic Committee threw a terrific bombshell into the ranks of the brass-collared partyites, this week when she arraigned Gov. Al Smith of New York as a "fakir and a charlatan" for his presumption in accepting a nomination for presidency on a dry Democratic ticket, with the avowed intention of using his influence and power, if elected, to modify the national prohibition act. At the same time Mrs. Shaver ridiculed the dry Democrats who had been fooled into party loyalty at the expense of principle by the "trick platform" as adopted at Houston. Mrs. Shaver declares that there are millions of Democratic women who will refuse to support Smith and who will stand for principle and prohibition first. To a really dry prohibitionist, that from Mrs. Shaver offsets the "party loyalty" plea of Clara Driscoll Sevier and Mrs. Nellie Tahoe Ross. We are going to see sights this fall.

Boy Scouts of Cleveland, Ohio, recently resolved to use their influence to stop cigaret smoking among women and girls. Noble boys. Noble—but so young.

"The strength of the strong character is very often directly due to the fact that its possessor has only a few guiding principles which he unwaveringly applies to each appropriate situation as it arises."—W. W. Charters.

Fine rains over the week-end gives Donley County the finest crop prospects she has had in many years. Our farmers have the cleanest fields we have noted in some time, and are doing some really fine farming this year. Their profits will show the perfect union of fine seasons and good work this fall.

Give me the man who holds on when others let go; who pushes ahead when others turn back; who stiffens up when others retreat; who knows no such word as can't or give up; and I will show you a man who will win in the end, no matter who opposes him, no matter what obstacles confront him.—O. S. Marden.

Alarmists in both political parties tell us that if their respective candidates are not elected the country is going to the dogs. We don't believe it. So long as the United States spends more for education than is spent for a like purpose by the balance of the world, this country isn't going to the dogs. We will face recurring crises from time to time but we will meet and solve our problems as we have always done. If the United States goes to the dogs the world is lost.

It seems we are never to be rid of demagogery. We call on the Republicans to be honest and we sit around and allow notorious Tammany Hall to rule our Democratic National Convention and dictate our presidential candidate—and one who sets himself up as being wiser and above the pronouncements of the platform. Here in Texas we have the spectacle of a party leader crying against Hoover for no color lines being drawn in the civil service offices of the national capitol, when Al Smith maintains a similar condition in the state departments of New York. If Hon. Jed Adams of Dallas was being his usual honest self, he would not stoop to such tommyrot, when he knows that Southern Democrats appealed in vain to Tammany congressman to vote with them against the Dyer Anti-lynching bill—that fourteen of them voted in favor of the color-line eraser. It always pays to be fair, and clean and square—even in politics.

Be Sure You Are Safe

Before you leave for your vacation this summer, make certain your property is well protected from all sorts of damage. Then you may take your trip and stay as long as you like with no feeling of anxiety over what has been left behind.

TWO CLARENDON YOUNG MEN NOW IN NAVAL ACADEMY

Stanley Miller, well known in Clarendon for his intellectual ability as well as his powers as a cartoonist and a humorist, received an appointment to and entered the U. S. Naval Academy at Annapolis on June 25.

Stanley graduated from C. H. S. in 1925 and since has attended Clarendon College for two years, besides working on the News and in the oil fields at different times. The Clarendon Lions Club sponsored Stanley's education in C. C. and is gratified that he has done so well.

Ennis Taylor of Lelia Lake entered Annapolis on June 28; he rooms on the same deck as Stanley. Ennis graduated from Lelia Lake high school in 1926; in the fall of 1927 he attended S. M. U. studying electrical engineering. The following spring he quit school to join the navy. By means of the navy, he too obtained admission to Annapolis. Ennis is the son of Mr. and Mrs. June Taylor of Lelia Lake.

The Editor received a letter from Stanley Monday which we quote in part in order to dispel any idea that to go to Annapolis means to have an easy time:

"Preliminary drills are arranged so that the inexperienced lad learns the business and progresses almost as fast as the youngster from a military school or the navy; for instance, after over a week here, I am still doing squad movements without arms.

"Our major grief comes during seamanship and physical drill. Seamanship consists of pulling an oar on a heavy cutter for an hour and a half. At present, we are also learning the difficult "frog" kicks for breast and back stroke swimming which must be done just right. It must be difficult for only one man in my division of

**5 reasons why STEEL ECLIPSE WINDMILLS run in lightest breeze**

Why does the Steel Eclipse run when other mills are motionless? The answer is, scientific design and fine workmanship. Note these five reasons— (1) Wheel is tilted to take advantage of lightest breeze. (2) All working parts are made of the lightest materials and surfaces are machined. (4) Mill starts on two-thirds load—not full load; quick downstroke and slow upstroke means less effort required on the lift or pumping stroke. (5) All bearing surfaces are in line, reducing internal strain and power loss. Ask us to show you!

Look this mill over at our store, and be your own judge as to its merits.

There is nothing like it in DESIGN or for POWER.

Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

## HOWEVER

That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction

## OTHERS

Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

## AND

That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field

## YOU

Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.

HEDLEY REVIVAL IN ITS THIRD WEEK

"Faith Healing" was the topic of the sermon of Rev. G. O. DeMerchant, of Bath, Canada, at the revival services in the First Christian Church at Hedley, last evening. The sermon was based on the text, "Jesus Christ the Same Yesterday, Today and Forever". A large audience heard the message.

The revival is now entering its third week with meetings every evening opening at 8:30 P. M. and on Sunday at 2:30 P. M. Mr. DeMerchant's subjects for next Sunday will be "Kept by Christ" at 2:30 P. M. and "The Second Coming of Christ" at 8:30.

With the recent display of 16 "hot checks" by a local merchant which ranged from \$12.00 down to \$1.00 on all three of the local banks and one in Wellington, may come a little reluctance on the part of some to see their names held up to public gaze, and hence a little more care to see that their checks are good for the amount designated.

Since the checks were pasted up Tuesday morning, they have attracted a great deal of attention and comment.

LIONS APPOINT ALL COMMITTEES

STANDING COMMITTEES FOR NEW YEAR ANNOUNCED BY PRESIDENT CHASE

With a very large percentage of the membership away on summer vacations, the Clarendon Lions Club met Tuesday at the Antro Hotel with only a seventy percent attendance present at the weekly luncheon.

President Chase was in the chair for his initial appearance, and in the absence of Secretary Stallings, who with Lion Mulkey is in attendance on the International Convention of Lions Clubs at Des Moines, Iowa, Lion Tamer Sherman acted in the capacity of secretary in addition to his multitudinous other duties.

After roll call and the reading of the minutes of the previous meeting, Boss Lion Chase asked Lion Watson to report on the organization meeting of the Quittaque Lions Club which was conducted by Clarendon Lions Thursday of last week. Lion Watson, Past President Mulkey of the Clarendon club having presided and Lions Watson, Patrick and Braswell having had some part in the first meeting of the new club, Lion Watson also reported to the club that Boss Lion Chase made his first official appearance at Quittaque and made a most practical address to the new organization on the duties and details of officers in the club work.

The standing committees for the year under the new administration as appointed by the president and ratified by the directors' meeting were announced by Lion Tamer Sherman as follows:

Attendance: C. J. Douglas, Chairman, Earl Alderson, J. T. Patman. Boy's Work: J. G. Sherman, Chairman, S. E. Allison, R. H. Beville. Community Welfare: Fred Rathjen, Chairman, H. J. Edington, W. C. Stewart.

Lions Education: O. C. Watson, Chairman, H. L. Wilder, J. R. Porter. Fellowship: G. L. Boykin, Chairman, W. M. Murrell, Ira Merchant.

Finance: Odos Caraway, Chairman, Monty Garrison, W. H. Patrick. Major Activities: Sam M. Braswell, Chairman, A. L. Chase, C. J. Douglas, Homer Mulkey, Odos Caraway.

Membership: R. L. Bigger, Chairman, Chas. H. Dean, W. A. Wilson. Program: Homer Mulkey, Chairman, Carl Parsons, McHenry Lane, George A. Ryan, A. M. Taylor.

School Affairs: H. T. Burton, Chairman, D. O. Stallings, S. R. McClung. Publicity: L. B. Cooper, Chairman, U. J. Boston, F. L. Stallings. Rural Contact: G. A. Anderson, Chairman, H. C. Brumley, W. H. Patrick, A. A. Mayes, G. G. Kemp.

President Chase then urged an early meeting of the various committees that the work of the new year might be gotten under way at an early date.

Guests of the day were: W. R. Murrell of Vernon, A. J. Dyer of Fort Worth, and Bandmaster E. M. Lindsey of Clarendon. Mr. Lindsey gave a talk on the National Democratic Convention at Houston as viewed by a bandman, and spoke interestingly of the advertising value to the Panhandle in the attendance of the Memphis Gold Medal Band, of which he was a member for this great occasion.

He also spoke briefly of the work of the Clarendon Municipal Band at the recent West Texas Chamber of Commerce convention at Fort Worth, saying that the band made a splendid showing and had no alibis to offer in their defeat in the contest with superior bands in size and personnel. The other visitors expressed themselves as being happy to be present and complimented the club and the city.

Lion Douglas of the attendance committee asked the Lions to call their "buddies" next Tuesday morning, notifying them of the luncheon as in the past, and said that his committee would have some new plans to announce at that time.

The club adjourned by singing "America."

DON'TS FOR DROWNING

This is the season when everyone seeks the water for relief from summer heat—creeks, "mud puddles" and real bathing pools are the popular places for people both young and old.

As there seems no pleasure but has its handicap—so with bathing and swimming there is always the probability of drowning. Almost everyone is liable to be exposed to the danger of drowning sometime during life, therefore, all children should be taught to swim just as they are taught to walk.

When in danger of being drowned an individual should always remember that in order to keep afloat the hands and arms should be kept under the water and in motion; when they are held out immediately submerged. It is not at all difficult to keep afloat if this rule is followed; as the human body is of nearly the same specific gravity as water, if you can keep presence of mind a very slight up and down motion of the hands and feet, paddling as a dog swims will be sufficient to keep the head above water and without tiring. If unable to keep the head above the surface, everytime it goes under, the mouth should be closed and the breath held tight preventing strangulation.

SNOW IS REPORTED 10FT. DEEP IN WEST

NO TIE-UP IN TRAFFIC—AS TRAINS ARE RUNNING ON REGULAR SCHEDULE

While Texas and Louisiana swelter in torrid heat, consoled only by the fact that "its good for the cotton," deep snow is reported in the West. Observers say that in some places in the mountains of Colorado it is ten to a hundred feet deep. However, this is snow that fell last winter and simply failed to melt in the high altitude of mountain peaks and on high sheltered slopes above timberline.

The trains are running without interruption over the Fort Worth & Denver Road, carrying hundreds of happy vacationists to cool Colorado to play in the perpetual snows of the peaks; to ride and hike and play golf in the high, dry and sunny climate that is always cool. Passenger officials of the Denver Road say that the low summer rates are attracting increased rail traffic this season.

Mrs. Allen Jeffries was called to El Paso Friday, due to the serious illness of her grand mother.

Mrs. Sam Norrod, her mother, Mrs. Westbrook, and daughter, Miss Mary, of Pilot Point, are house guests of Mr. and Mrs. Monty Garrison. Mrs. Nat Erwin and daughter, Miss Nathan, also of Pilot Point are visiting in the home of Mr. Garrison and L. Bal- lew.

Miss Belle McInnis of Wellington who has been the house guest of Miss Florence Fink returned to Mrs. O. L. Fink and Florence took her over and returned the same evening.
