Clarendon College Assumes Senior Rank

CLARENDON COLLEGE OPENS FOR FIRST TIME AS A SENIOR COLLEGE TUESDAY WITH BIGGEST ENROLLMENT IN HISTORY

COLLEGE TO HAVE MOST AUSPICIOUS OPENING. DR. MORGAN, NEW PRESIDENT, TO BE INAUGURATED. MANY DISTINGUISHED SPEAKERS TO TAKE PART. BAND MUSIC AND BARBECUE AMONG OTHER FEATURES OF DAY.

Clarendon College expects to open Tuesday, September 14, for the best year in its history thus far, and under the leadership of the new president, Dr. R. E. L. Morgan, is planning the biggest opening yet attempted by the institution. It is expected that there will be more students enrolled on the opening day than any preceding opening day, and an excellent program is to greet them, their parents, and the enlarged faculty of the College.

To facilitate matters of registration and in order to leave the first of next week clear for the opening, entrance examinations for students coming from unaffiliated schools will be given the last three days of this week.

In preparing to take a place among the leading senior colleges of the State, Clarendon College has selected a very strong teaching force. Much has been said about Dr. Morgan, the new president. Dr. Morgan comes to the College from Ardmore, Oklahoma. He was presiding elder of the Ardmore district of the West Oklahoma Conference, and had been identified as a leader in educational work in Oklahoma for a number of years. He is a graduate of the University of Louisville with the degree of LL.B., and holds the degree of Doctor of Divinity from Kentucky Wesleyan University. Dr. Morgan has been a member of the General Conference of the Southern Methodist Church for a great many years, and has been on the education boards so long that he is very familiar with the inside of college administration.

Stuart H. Condon will continue his work as Dean and head of the History Department. Dean Condon has been with the College for so many years that he is well known by its patrons.

Mr. John W. Chisholm is one of the new members of the faculty. He is head of the Bible and Religious Education department. His degrees are the B. A. Milligan College, and B. D. Emory University.

Miss Mary Howren has also been with the College for several years, and will resume her work as head of the Mathematics Department.

Mr. L. B. Cooper will be head of the Education Department. He took his B. A. degree at the University of Texas, and has done post-graduate work in that school.

Miss Mamie McLean, popular head of the English Department for the last several years, spent the past year in the University of Texas. She received her Masters' degree last Spring, and returns this Fall to her former position with the College.

Miss Ineva Headrick of this city is head of the Latin Department.

Mr. H. T. Burton is head of the Government, Economics and Athletics Departments.

Mr. Isaac W. Wade, who was with the College last year, will again head the Chemistry and Biology Departments. Archie Gordon will be his assistant in Chemistry and W. A. Clark will assist in Biology.

Mr. R. E. White has headed the Foreign Language Department for several years. He will be on the faculty again.

Miss Lena V. Griswold will teach foreign languages also, as she did last year.

Miss Ella Marie Ross will again teach fine and applied arts. She opened the department last year, after it had been closed for a number of years, and made it one of the most popular in the school.

Miss Esther McCrary is the new head of the Home Economics Department, dietician, and supervisor of the culinary department. Miss McCrary is a graduate of Georgia State College, and has done post graduate work in the University of Texas and Columbia University.

Mr. Grover C. Morris will continue to act as Dean of the School of Fine and Applied Arts and will teach piano and theoretical subjects. Mrs. Grover Morris will teach violin and theoretical subjects.

Miss Nell Parmer will be head of the Expression and Public Speaking Departments and Director of Physical Education. Miss Parmer is a graduate of Texas Womens College and has spent three summers in

study at the Curry School of Expression, Boston.

Mr. Frank Stocking of this city is the new Assistant Coach and Associate Professor of Social Sciences. He received his B. A. degree from Columbia University and made his letter in football at that school.

Miss Zetta Moon is Registrar; Mrs. Isaac W. Wade is Librarian; and Mrs. P. G. Huffman is Lady Manager and Nurse.

The opening day program follows. The plans for the day include, also, a barbecue. Invitations have been mailed to a large list over the country and the program is being given wide-spread publicity.

10:30 A. M.
Dr. J. T. Griswold, president of the Board of Trustees, presiding.

Invocation—Dr. George S. Slover, President Emeritus.

Scripture lesson, Rev. W. M. Lane, presiding elder of the Amarillo district.

Unveiling ceremony.
Installation of the new president of Clarendon College.

Address—R. E. L. Morgan, D. D.
Address—Bishop John M. Moore, D. D.

Benediction, Rev. O. P. Clark, presiding elder of the Vernon district.

12:30 p. m.—Barbecue.
Music by the Clarendon Municipal Band.

Address, "The Church College in the General System of Education," Dr. E. E. Robinson, presiding elder of the Plainview district.

Address, "Our Educational Ideals," Rev. C. A. Bickley, pastor First Methodist Church, Vernon.

Music.
Address, "The Program of the Conference Board of Education," Rev. J. H. Hamblen, president Conference Board of Education.

Address, "The Future of Clarendon College," Judge Thomas F. Turner, Amarillo.

Benediction, Rev. J. T. Hicks, pastor First Methodist Church, Wellington.

As a matter of record, it will be stated that the first Norther of the year hit Clarendon this morning bright and early. Most folk of the community will be glad for the reason that it will be quite a relief from the extremely warm days of the past weeks.

Mr. and Mrs. Carl Boston are the proud parents of a seven and one-half pound boy, born Tuesday night.

WORK BEGINS ON STREET PAVING

EIGHT CARS OF BRICK RECEIVED AND BASES LAID ON TWO BLOCKS.

Eight car loads of bricks to be used in the paving now being done in Clarendon have arrived and many more are coming. All the dirt work called for by the first contract has been completed, and the bases for the paving on Gorst and Sulley Streets has been laid. There is to be one block on each of the afore mentioned streets, each block lying between First and Second Streets. The concrete wall extending from Second Street to Third Street on Gorst has been completed also. This wall will be of immense value to the City, as it will not only protect the property immediately adjacent, but will improve the drainage system of the entire city. Another great improvement that has been made in the streets is the new bridge that was recently placed at the crossing at the South end of Kearney Street, near the High School.

The improvements mentioned in the above paragraph, are of course, only the beginning of the City's big paving program.

County Court Convened Here Monday Morning

The regular term of County Court for the month of September convened in the courthouse Monday morning of this week with one of the heaviest dockets seen for months. Judge Foster stated that there were a few cases that would be of universal appeal and that the court might be well attended for the session. Jury week has been set for the third week with the following men notified to appear as jurors for the session: O. C. Hill, Jr., J. J. Bills, W. A. Chambers, J. A. Casper, W. D. Scarborough, J. M. Jordan, S. A. Eddings, J. B. Stagner, T. M. Crabtree, W. L. Butler, W. D. Peabody, Aubrey Talley, M. W. Moseley, M. G. Cottingham, Jess Davis, E. B. Mace, W. T. Floyd, W. K. Davis, L. M. Johnson, Henry Mann, N. L. Jones.

MORE SCHOOLS OF COUNTY TO ASK FOR STATE AID

County Superintendent Porter stated the fore part of this week that he was busily engaged in making the rolls of the county for the schools that would ask state aid for the coming year. Eleven schools are asking for this aid and the amounts asked are to be more than any year previous. The reason for the increase in the number of schools and for the enlargement of the amounts asked was given as the decrease in the apportionment from the state department of Education.

More than passing interest is to be manifested by the people of the county in the Tax Rolls, which will be approved at the next meeting of the Commissioners Court in their regular session Monday of next week. There is a little increase in the valuations, which will make the total of taxes to be collected a little more than was collected last year.

Mr. and Mrs. John McLean and two sons of Hereford and Mrs. Potter of Wichita Falls visited in the home of Mrs. A. W. McLean last week-end.

LIONS HISTORY IS CLUB STUDY

FIRST SERIES OF PROGRAMS IS DEVOTED TO HISTORY OF ORGANIZATION.

In accordance with an outlined program for the month of September as promulgated by Boss Lion Watson the Clarendon Lions Club luncheon on Tuesday was given over to the history of the international Lions organization and the history of the local club since the fall of 1922, when it was organized.

Lion Wilder was the speaker of the day, and graphically told of the progress of Lions Clubs since the first one was organized in San Antonio over ten years ago. He showed how the idealism and necessity of the great war brought men of vision together and cemented them into the present organization; how the movement spread into other states and into Canada, and how with a small beginning the organization has now grown into the international force, with hundreds of clubs and over fifty thousand members, drawing from the leadership of every profession in every community—a tremendous force for God, country and home.

Getting down to the local aspect of the club history, the speaker recited the beginning of the club here in the fall of 1922, named the charter members and recounted the colorful events of "Charter Night," Oct. 28th, 1922, when the Amarillo Lions Club came down in a body to present the new club with its charter. Lion Wilder then enumerated the various activities of the club since its inception and attributed its success to the fact that unity of purpose had always marked its membership, that selfishness had no place in its program and that high aims and laudible ambitions had always characterized its activities.

Miss Mary Bell Gibbons, new teacher of Public School music in the Clarendon Public Schools, sang two numbers for the club, which met with instant and prolonged applause. She was accompanied by Mrs. Allen Bryan

Well of For-mer Clarendon Man Shows Oil

The Roxana-Bryan No. 1, a well in Carzon County, has been flowing a barrel of oil an hour since Tuesday night, and has not yet been brought in. Analysis showed the oil to be of higher quality than any other yet found in the Panhandle fields. It is reported, while the drillers pronounce indications favorable for one of the biggest wells in the field.

The well can not be brought in until pipes have been laid and sufficient storage secured, when it will be shot. The well came in with a heavy flow of gas some days ago.

Roxana-Bryan No. 1 is owned by E. F. Bryan of Amarillo and formerly of Clarendon.

A number of other Clarendon people own royalty in the company, while still others hold leases near the new producer.

LABOR DAY IS DAY OF LABOR IN CLARENDON.

Monday was Labor Day, but the only evidence of the fact in Clarendon was the fact that the banks and the post office were closed. Taking the day at its word, so to speak, the residents of this place lazed—that is, those who do it at all. The smattering of loafers and brick pressers who decorated the streets were not taking a holiday; they were on the job as usual, just doing their daily doesn't.

Mr. Wickline, new principal of the school was introduced by Lion Superintendent Morgan, and responded in a short talk that marked him as a fit subject for the Club and as a prime good fellow.

Lion Pres. Morgan of Clarendon College was present and affiliated with the club, having been a Lion at Ardmore, Okla., where he was a charter member and founder of that club. He received a wonderful reception from the Clarendon Lions. The club adjourned by singing America, led by Lion Holcomb.

CLARENDON HIGH SCHOOL OPENED MONDAY WITH SPLENDID PROGRAM DR. MORGAN MAKES ADDRESS OF DAY

ENROLLMENT GREATER FIRST DAY THAN AT END OF FIRST MONTH LAST YEAR. INCOMING CITIZENS PUSHING ENROLLMENT TO ONE THOUSAND. SPECIALISTS ADDED TO FACULTY. NEW SUBJECTS ARE ADDED TO CURRICULUM.

Clarendon's first claim to superiority over other towns of its size rests on the excellence of its schools—the College and the three public schools. The public schools of the city opened Monday, the fourth, with the largest enrollment they have ever had. 830 students were enrolled the first day of school—thirty-six more than were enrolled at the end of the first month last year. The enrollment at the end of last school term lacked only thirty-six of being a thousand, and at the end of this term will undoubtedly exceed a thousand.

However, increase in the size in the student body is not the only growth the public schools have enjoyed. The teaching force of the schools has been strengthened by the addition of a public school music instructor and an art supervisor for the elementary and intermediate grades. Miss Georgia Belle Gibbons, the music instructor, will teach school music in all three schools and will direct the assembly singing. Miss Flora Belle Arbuckle will teach art to the grades in the South Ward Building and will supervise the teaching of art at the Central Ward. The addition of these two specialists marks a distinct advance in the schools. Elementary economics and general science have been added to the high school curriculum. The High School now has twenty-eight and a half units of affiliation, one half unit having been added last year. New teachers, other than those already mentioned, are: Miss Kathleen Jennings who will teach the first grade; Miss Frances Slados, teacher of the second grade; Miss Helen Beck, teacher of home economics, and Mr. E. L. Wickline, the new principal. All come to Clarendon with the reputations of being strong, efficient teachers.

The new school term was begun Monday morning with an unusually good opening program in the High School Auditorium. A large number of patrons of the school were seated in the auditorium to hear the program. Preceding the opening of the program proper was a short concert by the Clarendon Municipal Band, directed by Mr. E. M. Lindsey, who will also direct the High School Band. The assembly then sang all stanzas of "America," with Miss Gibbons leading. Seated on the stage were the members of the school board, together with Dr. R. E. L. Morgan, new president of Clarendon College; Rev. S. R. McClung, pastor of the Baptist Church; Mr. A. T. Holcomb, Secretary of the Chamber of Commerce; and the new high school teachers. Opening the pro-

gram, Reverend McClung pronounced the invocation, after which Superintendent Paul Morgan greeted the students and patrons and introduced the new teachers. All three teachers responded with a short talk. Mr. F. E. Chamberlain, President of the Board, represented the trustees in a fitting address, presenting the aims of the Board for a better school. He impressed his hearers with the fact that no single element of the school—students, teachers, trustees, or patrons—could make a good school, but that the co-operation of all could make a splendid one. He also assured the students in a somewhat humorous, but positive manner that in cases of difference of opinion the teachers were always right. His talk was followed by short ones from Mr. O. C. Watson, Vice President, Mr. C. C. Powell, Secretary of the Board, and the following other board members: Mr. Matt Bennett, Mr. W. M. Montgomery, Mr. J. W. Martin and Mr. Henry Youngblood.

At the conclusion of this part of the program, Dr. Morgan made the address of the morning. He made a profound impression on his audience by his castigation of the spirit of carelessness so prevalent among Americans, illustrating his message with fact that twenty million letters and packages go to the dead letter office at Washington each year, due to carelessness in addressing, at a cost to the government of two million dollars per year. He stressed the fact that the school age is the habit forming period of life, and urged the students to overcome the habit of carelessness in youth.

Mrs. Boykin played a violin solo and an encore, in her usual finished style; and Miss Gibbons captivated the audience with two vocal numbers, uperintendent Morgan and Mr. Wickline then made a number of routine announcements and the program was ended, with the various classes going to their rooms.

CLARENDON—CANYON GAME TO FEATURE COLLEGE DAY

Monday, September 27th, the last day of the Tri-State Exposition at Amarillo is expected to be the big day of the seven.

This is school day at the Fair and all Amarillo schools will suspend for the day and all mercantile and business establishments will close at noon.

In the morning the Amarillo and Canyon high school elevens will stage foot ball classic and in the afternoon the teams from Clarendon College and the Buffalos from Canyon College will battle on the gridiron for the prestige of the Plains.

Canyon already has placarded all cars in this section with the slogan "Beat Clarendon." Each town has an army of rooters and with the combined efforts of the cheer leaders and pep squads a rip roaring time is expected. Clarendon will carry a band and a thousand rooters to cheer the Bulldogs to victory.

LIBRARY ADDS 27 NEW BOOKS

MOST NEW BOOKS NOVELS. FOUR CONTRIBUTED. NEW MEMBERSHIP RECEIVED.

"The librarian reports the following new books received at the Pathfinder Public Library during the past week:

NOTICE—Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

According to Jim's figures there are a few thousand more Democrats in Texas than Ku Klux. We are glad to hear that Texas is still Democratic, but we do wish Jim hadn't let the Republicans in on just how slim the majority is. Good-bye Jim!

Clarendon needs that community auditorium and she will need it in an increasing ratio as the months come and go. On the occasion of the district convention of the West Texas Chamber of Commerce, the need was most recently apparent, and many citizens felt the need very keenly. In all Clarendon's progress let us not forget the one, big community need—an adequate auditorium.

Curtis Keen says the tourist crop is worth thirty million dollars every year to Texas. Connected with the largest hotel interests in Texas, Curtis is in position to know, and situated as Clarendon is, on one of the main arteries of travel, our city should take every advantage of the opportunity to get our share. The new hotel, and other local facilities will greatly increase this city's part next year.

Dan Moody hasn't done a more popular thing in his entire career than his declaration for party peace since the run-off primary. Then he went down to San Antonio before the convention and laid aside a personal difference with a Dallas man in the interest of harmony. Texas has a coming man in the person of Dan Moody. His spirit of tolerance and broad views will carry him far in the world of politics. Texas is fortunate.

Our contemporary, the Childress Index, has blossomed out as a tri-weekly, in an eight-page, eight column form. The transformation was accomplished on the installation of a new Duplex perfecting press, and another linotype machine, which brought the Index equipment up to small-town daily standard, and we are presuming that Editor Haskett intends to go to the daily field in the course of a few months. The News rejoices in the progress of the press of West Texas and we wish the Index continued usefulness.

The News mentioned the other day that prospects indicated the heavy attendance at the public schools of Clarendon, with the need for another building just around the corner. Since then the school has opened, the rooms are full and overflowing, and while the student body may be accommodated with great difficulty this year, there is no question but what before another year rolls around more room must be provided. Our schools are our chief assets and The News maintains that without extravagance their needs must be provided as progress demands.

Some of the political sages of Texas are predicting a three cornered race for the United States Senate two years from now. They say that Representative Blanton and Jim Ferguson will enter the race against Earle Mayfield, and that he will have to face one of the two in a run-off fight. There are lots of surprises coming to these fellows who think it is going to be an easy matter to displace Earle Mayfield in the Senate. Those who think the Ku Klux issue will make him an easy mark, are as much mistaken as Jim Ferguson was in thinking that Dan Moody couldn't get the Ku Klux vote and still stand against the hooded order. Like Moody, Mayfield has had very little to say, has shown the olive branch to his former foes, and like Moody, he is going to be extremely hard to defeat. The News recognizes Earle Mayfield as one of the most astute politicians and campaigners in Texas. He has had more years experience in winning Texas votes than any other man in the public eye today, and the man who enters the race against him is due for much disillusionment and ultimate defeat. Jim Ferguson has nothing to lose, but he is unlikely to make another race in Texas after 1926. With Blanton it is altogether a different matter.

CLARENDON COLLEGE A SENIOR INSTITUTION

Next Tuesday, Sept. 14, Clarendon College opens its doors as a senior A grade college, after nearly three decades of proud history as a junior college.

This will be a mighty event in the civic life of Clarendon and the educational history of the Panhandle. With this opening comes the inauguration of a new president, which is in itself a happy augury of the new day that is dawning at Clarendon College.

The opening day will be marked by the presence here of high church officials from all over the territory, who will be the guests of the College at a barbecue and feature program, while Clarendon citizens are doing their part in making the several hundred visitors welcome and acquainting them with the merits of Clarendon and our College.

Clarendon has already received Dr. Morgan, the new president, with open arms. He is a citizen among us. Clarendon is behind him and other authorities of the College to make it an outstanding senior college of West Texas.

ADVERTISING NOT EXPENSE; INVESTMENT

The idea prevails among some business people that advertising is merely an expense, something to be added wholly to the operating costs of a business.

It is of course true that advertising is one of the necessary operating costs of a business, but it is also true that it is an investment creating values for future use.

When a concern advertises regularly, it builds up good will. It creates a reputation for that concern for enterprise and progressiveness, and it draws people to the store to see the goods thus described, and a good part of these people will become permanent customers.

The good will of a business is as much a part of its assets as money locked up in the building, or fixtures it owns or the stock that it carries. If you buy a good business, you usually have to pay a heavy sum for that good will. You are building that permanent investment every day you advertise.—Michigan Press Bulletin.

HERO WORSHIP

No young lady ever lost her hero because her hands happened to be a little calloused from wielding the broom or stained from dipping them in dishwasher. No girl ever fell down in the estimation of her hero because she stayed at home all afternoon and helped mother with the work, instead of coming down town and putting on a parade. No girl ever lost her hero because she made life more pleasant for dad and smoothed the wrinkles from his brow and caused him to look forward to the evening at home with pleasure. No girl ever lost her hero because she wasn't an adept at using all the latest and most popular slang for a young man to admire, and much less a young lady. If the young lady wishes the company of a true gentleman she will avoid current slang as she would poison. No girl regrets losing a hero who in reality was a common, cheap, tin horn sport, and she had better be a kitchen queen for dad and mother all her life than a broken-hearted drudge of a slave for some brainless brat a single day. Just because a girl arrives at gray hairs and faded cheeks in single blessedness is no sign she didn't have a chance. Most likely it is because she kept posted on market values and refused to sell her heart and happiness for a mess of potage.—Wabash Plain Dealer.

**"EFFICIENCY MEANS
SUCCESS"**

I am offering private lessons in shorthand and typewriting, commencing, Monday, Sept., 14. The class will meet from 7 to 9 Mondays, Wednesdays and Friday evenings of each week. Ten will be the limit of enrollment in the first class. If you contemplate enrolling it will be to your advantage to get in touch with me not later than September 14, for particulars.

WESLEY POLK

Mr. and Mrs. George Carroll, Joseph Carroll and George Carroll returned to Gainesville Friday, after a short visit here with Mrs. Kate B. Carroll and her family.

**TEXAS PATRIOTISM
AND ENTERPRISE**

(By A. N. Eshman, Winchester, Ten.)
Were I to have part in planning for a national or international exposition, I should make my first bow to Texas and ask that she make known her wishes concerning the big show, not that Texas is hard to please within reasonable limits, but because the Lone Star State probably excels any other state, according to population, in educational travel. They have the ambition and they have the money to back their judgment.

For example, I saw a personally conducted party of 189 tourists in Montreal, which represented ten Southern States, and exactly 100 of them were from Texas, and 89 were from nine other states. Yet, the entire party was organized by a Tennessee institution.
"My hat's off to the South," said a popular railroad official the other day at Niagara Falls. "They believe in seeing our country. They easily surpass any other section for seeing America first." Such was the verdict of a man who watches hundreds of thousands come and go with every passing year. The South for big records in travel, with Texas easily in the lead.

Search any prominent register at the census and you will find Texas names liberally sprinkled upon its pages. Check up where you will in any one of the five main palaces of the centennial, and you will find many loyal sons and daughters of the Lone Star State in evidence; and sometimes they are on the "glad way," too; for the sunshine way is the Texas way, whether seeing the sequoi, or lassoing a Hereford on a western ranch.

Miss Moena Lane, who studied in the University of Texas last long session and this summer, spent Monday here with her parents, Mr. and Mrs. C. M. Lane. She will teach in Silvertown High School this year.

**Shakespeare Advises
the Shopper**

"He is well paid who is well satisfied," wrote the Bard of Avon.

"Dress rich but not gaudy, for apparel oft proclaims the man," he further advised.

We know of no wiser counsel toward thrift than these sage remarks.

Pay enough to get quality and good taste and you will receive in return—satisfaction. Pay little and you get—disappointment.

Pay enough to get a garment that proclaims you a person of quality and good taste, and you have made a wise investment in personal appearance.

**This Company Must Grow Fast
to Keep Up With Clarendon**

Use of electricity in homes and shops is increasing. And the number of homes and shops is increasing. The biggest job of this company is to keep its plant facilities ahead of the growth in demand and in population.

No community can grow faster than its public utility service. Communities like Clarendon that are reaching out successfully for more business, more industries, and consequently growing larger all the time place a heavy demand on their public services and especially when it is recognized that each new customer represents a need for a considerable capital investment in plant facilities.

The mutual interests of this community and the people of the community it serves are the best reason in the world for the continued growth of both.

WHAT'S DOING IN WEST TEXAS

Cisco—The Cisco Lions Club will erect a model home here. The club has arranged with builders supply men and lumber companies to furnish the necessary materials for the building. They will finance the labor expense. After a period of advertising and inspection, the building will be sold and the proceeds used to pay the lumber men and others for materials. The club hopes by this act to stimulate a building campaign which is very much needed here at present.

Wellington—Traveling men will be honored in Wellington September 16, when they will be special guests at the Collingsworth County Fair. Wellington business men have invited all traveling men who work this territory to be present for the occasion, and every drummer who comes will be the guest of some merchant of the city. A program of entertainment and special refreshments, have been provided for the "knights of the grip."

Wichita Falls—Wichita Falls has challenged Amarillo to see which city can secure the most memberships in the West Texas Chamber of Commerce before October 1. Last year Amarillo led all West Texas towns with a total of 404 members. Wichita Falls was second with 324. Wichita Falls convention city for 1927 has resolved to take the lead and has already signed up 425 members for the ensuing year. Amarillo accepted the challenge of Wichita Falls, and the drive in each city is now under way.

Stamford—West Texas Today, the official magazine of the West Texas Chamber of Commerce, will devote the September issue to the fairs of West Texas. The magazine will be fifty two pages and will be placed in the hands of numerous out of state concerns who are or should become interested in West Texas opportunities.

San Angelo—Fall shearing of goats is now under way throughout this section. Reports received here are to the effect that the goats are shearing an average of about three and one half pounds each. Shearers are being paid six cents per animal for the shearing.

Amarillo—The state convention of the American Legion will convene here September 8 for a three day session. Railways have given a special round trip rate for the price of the usual one way fare. A record breaking attendance is anticipated. Amarillo has plenty of hotel facilities to accommodate the gathering and the big auditorium will be prepared for the general sessions. Speakers during the convention will include Major-General John A. Hulsen; Brig-General Paul Malone; Brig-General Jake Walters; Hansford McNider, ass't secretary of War and former national commander Alvin M. Owsley.

Llano—The Hills Country District of the West Texas Chamber of Commerce will hold its first district convention here September 10.

Del Rio—Camp Del Rio on the Devil's River near here was voted the permanent camp site for the Boy Scouts of this region; one hundred and thirty six scouts were encamped here during the last week of August. The Municipal Band of Del Rio has been re-organized with A. B. Ewing, secretary of the Del Rio Chamber of Commerce as director.

Big Springs—Options have been secured on several sites which are being considered by the business men of Big Springs for the new hotel, plans for which are being made. Officials are hoping to raise enough money to build a four story structure, with all modern conveniences. Plans for the building have been submitted by several architects, but have not been chosen yet.

MAXEY JIANT KILLED AT LELIA LAKE SATURDAY

Maxey Jiant, 35, was shot and killed early Saturday morning at Lelia Lake, six miles east of Clarendon. The shooting occurred on the front porch of the home of Jiant's father in law, J. M. Bozeman.

Bozeman immediately went before a justice of the peace and admitted that he did so in defense of his home. He is held under \$1,000 bond to await action of the grand jury.

According to him, Jiant and Bozeman's daughter had been estranged for several weeks and Jiant had been living in Ft. Worth, while Mrs. Jiant lived with her father. He returned to Lelia Lake on Wednesday and the couple discussed their domestic difficulties and decided to obtain a divorce.

On Friday night, Bozeman testified, Jiant had been drinking and he made three separate trips to his father-in-law's house, seeking to persuade his wife to live with him again. On the third trip, about 1 a. m., he said, Jiant appeared on the front porch with a flashlight in one hand and a six-shooter in the other. He broke open the screen door and started to enter the house.

Bozeman says he was just inside the door and as Jiant came through he shot him under the left ear, the bullet carrying instant death.

Mr. Frank Prachar and daughter, Miss Iva Prachar, left Monday for Nebraska to visit relatives. They were accompanied by Mr. Prachar's other daughter, Miss Jeannie Prachar of Dallas.

SESQUICENTENNIAL HISTORY SKETCHES

The one hundred and fiftieth anniversary of the adoption of the Declaration of Independence will be observed by the Sesquicentennial International Exposition, which opens at Philadelphia, June 1, 1926.

WILLIAM FLOYD, SIGNER.

Having his family mansion used as a barracks for cavalry and his live stock as food for the enemy were some of the hardships suffered during the Revolution by William Floyd, one of the New York signers of the Declaration of Independence. The one hundred and fiftieth anniversary of the signing of the document is being celebrated by the Sesquicentennial International Exposition in Philadelphia.

Floyd was a lover of the peace and contentment which comes of companionship with the soil. He was born in Brook Haven, New York, and died on a tract of land which he had purchased in its wild state and cleared for habitation. The tenor of the times drew him unwittingly into public life.

He received little education but his clearness of mind and strength of character carried him far. He lived on his father's estate until he was sent to the First Continental

Congress, in 1774. He retained his seat until 1785 with the exception of one year, making no speeches, but doing his share of work of committees. He was the first delegate from New York to sign the Declaration.

When the British made their first descent upon Long Island, Floyd headed a body of militia and drove them off. Later his family had to flee across the Sound and for seven years he neither saw his property nor derived any benefit from it.

In 1783 he returned to his farm, was made Major-General of the Long Island Militia, and for the next five years was a member of the New York Senate. He was a member of the first Congress of the United States.

The call of the land was too strong for him to resist, and in 1784 he purchased a tract of wild land on the headwaters of the Mohawk. This he cleared and took his family to live upon, leaving the region which had done him so much honor, and undertaking a pioneer's life in his old age. He died on his new farm in 1821.

CLAUDE HAS INDEPENDENT FOOTBALL TEAM

Claude is organizing a football team to be known as Claude Town Team, and would like games with any other team in the neighboring towns. Communicate with C. H. Holland at the First State Bank, Claude, Texas.

I THANK YOU

I want to take this occasion to thank the business and professional people of Clarendon for the first bale prize money which was made up and presented me for the first bale of cotton sold in Clarendon, Wednesday Sept. 1st. The sum was a liberal one and it was a pleasure for me to market the cotton in Clarendon. I thank you one and all.

A FAMOUS SOUTHERN COOK

Says

if all oil stoves sold on their working merits the Perfection oil stove would be in most every kitchen Rosa Michaelis

Southern domestic science specialist tells her experience in a recent national cooking test. Every woman who cooks will be interested in it.

THEY know how to cook in New Orleans. And that is where Miss Rosa Michaelis learned. This famous southern cook tried out the Perfection in her own kitchen. She is one of the six famous cooks who recently made a nation-wide test of this stove. Each gave it a rigorous trial. Each baked, broiled, fried and boiled—not one but a number of meals. They all agreed on the merits of the Perfection. Read what Miss Michaelis said.

Quickness is Remarkable

"I never fried a veal steak more beautifully. It retained all the juices and was a lovely, rich brown after frying only ten minutes," said Miss Michaelis. "The quickness and intensity of the heat in the long Perfection chimneys is remarkable. It's clean, too. After frying pancakes and boiling rice, the bottoms of the utensils showed no signs of soot."

Like a Gas Stove

"Everything I cooked was uniformly successful. I found the Perfection just about the same as a gas stove to work with. In some respects it was better. I prefer it to broil steak, for instance. I liked the way the top and bottom browned at the same time in the Perfection broiler."

No Delay In Refilling

"It's an absolutely safe stove. The oil tank may be refilled while burners are lighted. Once when my supply of oil ran low, my rice went right on cooking. I substituted a filled reservoir and my hands never touched the kerosene."

Roomy Cooking Surface

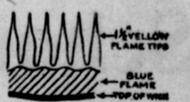

"The oven is large and the cooking surface is roomy. I stored a number of utensils on the handy base shelf. I could see my fuel in the glass reservoir and watch my baking through the glass oven door. The flame is easy to start, easy to regulate, easy to extinguish," she concluded.

Look Over the Line

Look over the line of the latest, improved models at any dealer's. The sizes range from one burner to five burners; the prices from \$7.25 to \$130.00. Select the right size for your particular needs. Join the 4,500,000 satisfied women who now cook on Perfections.

"SAVES FOR THE NATION"

ITEMS OF INTEREST IN DONLEY

NAYLOR.

Our school opened Monday with a good attendance and much interest; with Misses Samples and LaFon as teachers. We predict a good school year.

Mrs. A. O. Hefner and son, Ray, have returned on an outing in the mountains of New Mexico. They report a fine time and Mrs. Hefner is very much improved.

Mr. and Mrs. George Bain and children were guests of Mr. and Mrs. Tom Bain for the week-end. Misses Cleo Brown and Louise Pickering entered school at Clarendon Monday. Clarendon school will find in them fine students and girls of high ideals. We wish for them a most successful year.

Mr. and Mrs. Roy Shores of Goodnight were Sunday guests of Mr. and Mrs. W. H. Pickering.

The Baptist meeting closed Sunday night. Much good was the result. Rev. McCauley of Hedley did the preaching Monday afternoon the rite of baptism was administered to five.

Mr. and Mrs. Harlin Naylor of Amarillo were week-end guests of Harlin's mother, Mrs. Fanny Naylor.

Our crops are looking fine. As yet no cotton pests have been seen. Mr. and Mrs. Wardy Carnes are off on a vacation trip. Mr. Richmond Bowlin had a message Sunday that his brother, Judge

N. R. Bowlin, at Bridgeport was not expected to live. Mr. Bowlin left Sunday night to be at his bedside.

Ben Stroud of Hedley was visiting friends around Naylor Sunday afternoon.

Quite a number of Naylor people are attending the Methodist meeting at Hedley.

GOLDSTON.

The Methodist meeting is progressing nicely with the pastor, Rev. Graydon, and Rev. Hitchcock of Claude doing the preaching. Rev. Reavis preached Sunday morning and Sunday afternoon.

We had another good rain Saturday night.

Some of the farmers are going to start picking cotton soon as the weather clears up. The whistle of the new gin is already being heard.

Mrs. Dee Blanks of Amarillo is visiting her parents, Mr. and Mrs. W. L. Goldston.

Warren Bray of Abilene is visiting friends here this week. Mr. Elmore's sister of Pilot Point is visiting him and family this week.

Mr. and Mrs. Morgan and family, who have been visiting in East Texas, returned home first of the week.

Miss Pansy Dawson attended institute at Memphis last week. Mr. and Mrs. Y. E. McAdams and

family moved to Clarendon last week for advantage of the schools there.

We are glad to report that Mr. Leigler, who was operated on for appendicitis last week is doing nicely and will be coming home soon.

Mr. and Mrs. Carley Bell of Delphos, New Mexico, are visiting relatives and attending the meeting here this week. Carley will attend Clarendon College this winter.

Mr. and Mrs. Monty Garrison visited in the Elmore home last Sunday.

Miss Mavis Hudson is visiting with her sister, Mrs. W. C. Veagy, also attending the meeting.

Mrs. Malone and children went to King's Mills last week, where Mr. Malone has been at work for some time.

WINDY VALLEY NEWS.

Crops are looking fine at this writing.

Had a nice rain Saturday night. Loyd Morgan, Henry Bilderback, Estel and Curtis Bills were Memphis visitors Saturday evening.

C. L. Bills has returned from Ft. Worth, where he has been visiting the past three months.

Mr. J. S. Sachse and family have returned to their home in Tucuman, N. M., after two weeks' visit in the J. Bills home.

Henry Bilderback and Loyd Morgan were visiting in the Bills home. Wayland Bagwell of Clarendon is visiting his grandparents, Mr. and Mrs. J. J. Bills.

Loyd Morgan returned home from Vernon last week, where he has been visiting friends and relatives.

Cotton will be ready to pick in a few days.

Mrs. C. L. Bills returned Monday from Fort Worth.

CHAMBERLAIN

School began here Monday morning with good attendance. We predict a good school under the management of Misses Haley and Bogard.

Another big rain fell here Saturday night which is retarding the cotton from opening.

Mr. and Mrs. B. L. Blackman and daughters returned home from a visit with Mr. and Mrs. Hugh Taylor and Mr. and Mrs. Lee Weatherall of Petrolia and Wichita Falls.

Grandma Edwards called on Mrs. R. L. Bain Monday afternoon.

Mrs. L. Gammans has returned home from a visit with her sons in Fort Worth, accompanied by her daughter, Mrs. Mary Swint, who will visit with her a week or so.

Mrs. Minniard called on Mrs. Bain Sunday afternoon.

Boyd Reid and wife spent unday with his parents, Mr. and Mrs. H. M. Reid.

Quite a few changes will be made in the residents in this community. Mr. Elliott is moving to Brice, Mr. Brison of Brice taking his place here. Mr. Wyathy will move to Vernon. R. L. Bain moving to the Murphy place two miles west of town.

John Blackman spent Monday night with Olin Bain.

L. B. Taylor, wife, and son, R-ed, enjoyed a dove supper at the Bain home Monday evening.

No Sunday School was held Sunday on account of the damp, rainy weather.

Vera and Nettie Mae Blackman called on Zula Bain Monday afternoon.

Mr. N. Dingle called on Grandpa Neeley Sunday.

Born to Mr. and Mrs. Lee Weatherall of Petrolia on the 3rd, a daughter. Mr. and Mrs. Weatherall were one time residents of Chamberlain. Congratulations from their friends here.

Rufus and Walter Mark Emmons are preparing to enter A. and M. College in a short time.

Health very good in this community.

SUNNY VIEW

A heavy rain fell here Saturday night and Sunday morning, which will greatly help all the late feed.

The social party given by Mr. and Mrs. Lonnie Wood, Friday night, was enjoyed by all the young folks.

Mr. and Mrs. W. D. Martin spent Sunday in the home of Mr. and Mrs. E. L. Cornelius of Clarendon. Mr. and Mrs. Ralph Cornelius of Amarillo were also visitors in the Cornelius home.

Mrs. Essie Payne of McLean is spending the week in the home of her relatives, Mr. and Mrs. Millard Starks, Mr. and Mrs. Hebble Starks and Mr. and Mrs. Neal Bogard. She will teach school at McLean this fall.

Miss Eula Haley, Dudley Wilson and Miss Laura Brinson made a trip to Haskel last week to visit an old uncle. They will return this week.

Mr. and Mrs. Kennedy Pilliod and children and nieces, Misses Flossie Means and Susie Mae Jones of Garland, left for their home Thursday, after visiting here with Mr. and Mrs. John Butts and J. R. Dale and family. They also visited the Cap Rock on the Silverton Road.

George Truett Behrens is visiting his sister, Mrs. Waggoner of Claude, for the past week.

Mr. and Mrs. John Butler called on Mr. and Mrs. Charles Corder Sunday afternoon.

Miss Kathlene and Pauline Riley called on Mrs. L. L. Taylor of Clarendon Thursday afternoon.

The little Clemmons boys visited with Arlie and Louis Wood Sunday afternoon.

Mr. and Mrs. L. L. Taylor called on Mr. and Mrs. A. M. Lanham Sunday afternoon, all paying Mr. and Mrs. Behrens a short visit.

Free service in the placement of teachers rendered by the Wyoming State Department of Education during the year, if paid for at commercial rates, would cost the teachers nearly \$4,000.

Read the advertisements.

MORE FEED ON FEWER ACRES

(A. K. Short, Director Agricultural Service Bureau.)

With the rapid change in condition throughout this entire section and with it the development of keen competition in all lines of business, we are confronted with the problem of increasing returns to meet these conditions and to meet the additional demands that are being made. The fundamental principles of farming do not differ from that of any other line of business, so we find the farmer confronted with the problem of obtaining a greater net return per acre. The overhead expense of the farmer, including investment, and labor outlay remains fairly constant. This being the case, the great problem that confronts the farmer is to produce more revenue per acre.

There are only two ways in which this can be accomplished; first, to produce greater acre yields and second, to produce a better quality product that will command a better market price. Fortunately the two influencing factors go hand-in-hand and cannot be separated.

Quality soil, with quality treatment, planted with quality seed will produce high acre yields of first quality products. High acre yields or quality products have never been produced on scrub land or by scrub treatment, nor from scrub seed.

If we are to build our land and improve our system of farming to grow more feed on fewer acres then we must give consideration to four factors that govern or control plant production. These factors are, food, water, air and constitution. These four factors are of equal importance and the limit of any one of them will be the limiting factor in the development of either the plant or the animal.

The plant food consists of those elements stored in the soil that are soluble in water and are taken into the plant to build plant tissue. The feed for livestock are the plants, plant or animal products that are taken into the animal's stomach and the digestive juices, and used by the animal to build animal tissues, or to be converted into animal products.

Water in the soil is absolutely essential to dissolve the plant food and to form the sap, or circulation, to transfer the plant food to the leaves—which is the stomach of the plant—and then transfer the manufactured material to the place where the plant needs it.

In the animal, drink is necessary for identical the same purpose. The water is mixed with the food in the stomach and when the food is properly digested the blood—which is mainly composed of water—takes up the digested food and transfers it to the place needed, whether it be milk in a dairy cow, fat on the pig, wool on the sheep or feathers on the duck.

Air in the soil is absolutely essential to the life of the plant. The feeder roots of plants will not take up the plant food in the soil except in the presence of air. This is well illustrated from the fact that when land is puddled in the field, plants refuse to grow until they are plowed. This is also illustrated by the fact that in the early spring when the land is full of water, plants send out their feeder roots near the surface. We all know that animals must have an abundance of fresh air to survive.

Constitution in individual plants vary as widely as in animals. You can view a section of cotton stalks growing in a row and you will find that some individual stalks have but few if any bolls on them while another stalk, under identical the same conditions will be fruited heavily.

The same is true of corn or any other plants. Two cows may be sisters and handled and fed exactly the same way and the same amount, yet one produces twice the amount of milk as the other. In a litter of pigs there are always some that grow off better and produce better hogs than others. The same may be said of all livestock.

The first thing to be considered in storing plant food or feed for animals, is to provide a place for storage. For animals we build corn cribs, hay barns for feed, and storage reservoirs for water. For plants we build for both water and food with the one operation of terracing.

There are many plant food elements in the soil that enter into the production of plant, for example, there must be iron to produce the green leaves, there must be silica to produce the stiffness of straw. All but three of the plant food elements are usually found in abundance of the soil. These three are Nitrogen, Phosphorus and Potash. Nitrogen may be supplied to the soil by growing legume crops, such as peas, beans, clover, etc. and turning them under. It is also supplied by the use of commercial fertilizer in the form of Nitrate of Soda, Sulphate of Ammonia, and Cotton Seed Meal. The Phosphorus is supplied by the use of Commercial Acid Phosphate. The Potash may be supplied by the use of Kainite, Sulphate of Potash or Muriate of Potash.

There are three principal ways in which to increase the water holding capacity of the soil. The first is by terracing all rolling land. The second by deep plowing, and the third by plowing under organic matter. The water holding capacity of any soil is in direct proportion to the amount of organic matter it contains. Again if this organic matter is composed of legume crops, nitrogen is stored in the soil. The liberation of plant food in the soil is brought about by many factors or forces acting on the soil which break down the particles of soil until it gives up its plant food in soluble form to be used by the plant. One of the main factors of this process is brought about by what is termed soil bacteria. These are small useful organisms that are found only in soil that contains organic matter. The more organic matter a soil has the more active soil bacteria it will have and as a consequence the more productive will be the soil. The deeper the land is plowed the greater will be the amount of water that may be stored in the soil. The two factors of deep plowing and organic matter in the soil, govern or control the distribution of air in the soil. The fact that during the early wet spring when there is little air in the soil, due to excessive moisture, the plants root near the surface making it highly desirable that all crops be plowed deep the first cultivation to let air in the soil so the feeder roots will go deeper into the soil.

In selecting for constitution, it may be briefly stated that ears of corn or heads of grain sorghum should be selected in the field from stalks that under the same conditions have produced more than the other stalks near them. Just the same as you would save the heifer calf from the milk cow that produced the most milk.

If we are to realize any good and lasting results from a campaign for "More feed on fewer acres," there must be some spirit of competition aroused between the different sections of West Texas, between the counties, between the communities and between the individual farmers. In view of the fact that West Texas is a grain sorghum country, this contest should be based upon the total yield of shelled grain produced upon a plot of five acres of land. We have so little available data in regard to the production of grain sorghum liberal awards should be made on the complete records that give the most valuable information in regard to growing the crop.

Installation of shower baths in all school buildings in Peru is made mandatory under a law recently passed by the Peruvian Congress.

Selection of Dairy Cattle Breeds Influenced by Shows

A good typical Ayrshire sire Putting on the finishing touches

Many a man who is undecided as to the breed of dairy cattle that he will select has been influenced in making his decision by the animals of a particular breed that he has seen in public.

The individual breeder secures a great deal of advertising as the result of exhibiting at fairs, or in offering good animals at public sales. It gives people a chance to see and know the kind of stock that a man is breeding and paves the way for future business.

It is essential that special care and attention be given dairy animals far in advance of the time that they are to be exhibited or sold. Exhibiting or selling animals publicly in their every day clothes is poor advertising and puts them at a disadvantage when the competition is keen. It takes several weeks to put a dairy animal in good show condition and what applies to fitting for show applies as well to fitting for sale.

It is important that the dairy animal to be exhibited or sold be in good flesh. A good covering of flesh adds to size, increases smoothness and indicates that the animal is thrifty and in good health. Dairy animals being fitted need extra feed.

Stabling and blanketing are great aids in putting the hair and hide in condition. By stabling in summer, the animal is protected from the hot sun which makes the hide harsh and stiff to the touch. A roomy cow stall that is kept clean and well bedded

provides desirable quarters. Continuous blanketing helps keep the animal clean, sweats the hide, thus improving its handling qualities and makes the hair lay to the body. This blanket need not be expensive but it must be tied on securely.

Every dairy animal that is to be exhibited should have the hair clipped from the entire body about three weeks previous to the date of the show or sale. This will get rid of the old hair and allow a new, even growth to develop which will greatly improve the appearance and increase the selling value of the animal.

A point often overlooked in the preparation of a dairy animal for show or sale is that of training to lead and stand properly. An untrained animal cannot display its good points to advantage if it combats the efforts of the attendant to exhibit it properly. A little time spent each day in training to handle properly will save effort and embarrassment at the show or sale and increase the financial return.

While in training to handle, the man in charge of an animal should have one main thought in mind, namely that of showing the animal to advantage. By this is meant that when it stands, its feet are properly placed, back straight and head alert. Any movement on the part of the attendant or animal should be as graceful as possible. Until the ribbons are placed or the auctioneer's hammer falls, take no chances.

UNCLAIMED LETTERS

SOCIETY NOTES

Clarendon Girls Attend C. I. A. Luncheon

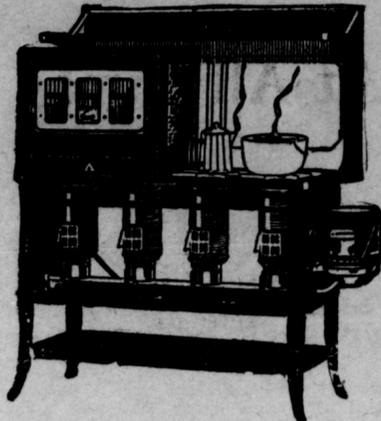

A social event of importance to two or three young ladies of this city was the luncheon given Saturday by the Amarillo C. I. A. Club for students and prospective students of the College of Industrial Arts. The thirty-five guests were girls from Amarillo and nearly every other town in the Panhandle. The luncheon was given at the Harvey House in Amarillo, and was a most enjoyable one. Those who went from Clarendon are: Miss Leta Verne Martin, who attended C. I. A. last year and who is returning; Miss Lela Mae Kerbow and Miss Claire Marie Braswell, who enter C. I. A. as freshmen this fall. Miss Eva Lee Morrison of Pampa, and formerly of Clarendon, also attended the luncheon.

GAS LINE ABOUT COMPLETED AS FAR AS QUANAH NOW

The gas line running from Wellington through Wellington to Wichita Falls is practically completed as far as Quanah. The river crossing on Buck Creek will be completed this week and the line should be tested and gas will be in the mains by the middle of next week, according to advices received here by Miss Jessie Service, representative of the Northern Texas Utilities Company. The Hope Engineering and Supply Company has sent workmen back to Wellington to complete the servicing for those people in Wellington who have made application but who have not been serviced. This will be the last time this company will have workmen in Wellington and all who desire to have gas placed at their property line without additional cost should make their applications at once, according to Miss Service.—Wellington Leader.

AMARILLO HAS BIG PROGRAM FOR SEPTEMBER

Amarillo's building program during September will be unusually heavy, according to indications at this time. Permits for the month may set a new record, even exceeding the high totals of May and June. Toney Chisum is to erect a three-story building on Polk Street at Eleventh as the new home for his automobile agency. The building will cost \$250,000. Work of excavating has started. Announcement has been made that work on the Charley Fisk ten-story medical arts building at Eighth and Polk Streets will begin before the end of the month. Work already is under way on the Rule building, an eight-story structure, at Third and Polk. However permit for the building has not yet been issued and will come in the September list.—Amarillo Globe.

Mrs. Selden Bagby Hostess.

The Dinner-Bridge Club was entertained Thursday evening by Mrs. Selden Bagby. Following the dinner, bridge was played at four tables by the following: Mrs. Charles Trent, Mr. and Mrs. Sam Dyer, Mr. and Mrs. Phillips Gentry; Mr. and Mrs. Meredith Gentry; Mr. and Mrs. Ford Taylor; Mr. and Mrs. Holman Kennedy; Mr. and Mrs. Homer Ellis; and Dr. and Mrs. Oscar Jenkins. Mrs. Kennedy's score was highest for ladies, while Mr. Dyer's was highest for gentlemen. Each received an appropriate favor, and Mrs. Trent drew the consolation.

Afternoon Club Entertained

By Mrs. Taylor.

The Afternoon Bridge Club was entertained Friday by Mrs. Forest Taylor. The game was played at three tables, with Mrs. J. L. McMurry making high score. Mrs. Charles Trent was fortunate in cutting for consolation. Each received a lovely favor. Refreshments were served in two courses to the following: Mrs. J. C. Nelson of Clovis, New Mexico; Mrs. Selden Bagby; Mrs. Homer Ellis; Mrs. Sam Dyer; Mrs. McMurry; Mrs. Trent; Mrs. Oscar Jenkins; Mrs. Meredith Gentry; Mrs. Holman Kennedy; Mrs. Will McDonald; Miss Frances Cooke; and Miss Mildred Martin.

Mrs. G. B. Bagby Hostess to Club.

Mrs. G. B. Bagby was hostess to her bridge club Tuesday afternoon, entertaining three tables. Her guests were: Mrs. W. H. Martin, Mrs. James Trent, Mrs. W. H. Cooke, Mrs. Arthur Letts, Mrs. L. L. Swan, Mrs. Rufus Chamberlain, Mrs. Selden Gentry, Mrs. H. T. Ellis, Mrs. J. D. Bowser of Ft. Worth, Mrs. John T. Sims and Mrs. Charles Bugbee. Mrs. Sims made high score and Mrs. Browder was fortunate in the cut. A lovely favor was presented to each. After the games, salad and ice courses were served.

Citizens Asked to Welcome Students

The office of the College is asking that citizens of the town meet all passenger trains Monday and Tuesday, to take out of town students who will be arriving to the College and to welcome them to the City. Those who respond to this request will perform a service that will be appreciated by the College and the students.

Former Clarendon Girl Honored in Childress.

Miss Fannie Story, daughter of Mr. and Mrs. Fred Story of Childress, a former resident and popular member of the younger set of this city, was recently appointed to be Queen of "A Night in the Orient," which is to be the opening spectacle of the Twelfth Annual Exposition of the Childress State Fair.

Win One Class Entertained By Mrs. Ellis

Mrs. Homer Ellis was hostess to the Win One Class of the Methodist Sunday School, when it held its regular meeting Monday afternoon. After the business meeting and election of officers, a social hour was enjoyed. Light refreshments were served to the twenty members and visitors present.

Miss Patrick Entertains for Guest.

Honoring her house guest, Miss Carolyn Shawver of Dallas, Miss Lorraine Patrick entertained with a slumber party at her home Wednesday night and a sun-rise breakfast at Kelly Creek Thursday morning. Her guests were: Miss Shawver, Miss Lucille Goldston, Miss Ella Lee Jackson and Miss Nadine Barnes.

PAGE-DAVIS

Last Saturday evening, Miss Opal Davis, daughter of Mr. and Mrs. B. A. Davis, and Mr. Russell Page of Texline were united in marriage in a simple ceremony at the Methodist parsonage. The Reverend J. H. Hamblen officiated with the ring ceremony. The bride wore a lovely frock of dark blue satin-backed crepe, trimmed in rose and gold, a rose felt hat, and other accessories to harmonize.

GIBBS-HUGHES

News was received this week of the marriage of Mrs. Hughes and Mr. R. M. Gibbs of Canyon. Mr. Gibbs is a former resident of this vicinity. Immediately after the wedding, which took place in Canyon, Mr. and Mrs. Gibbs left for Roswell and other points of interest in New Mexico.

Mrs. A. L. Chase and children, Miss Manette, Rhodin and Arthur Lowe, returned home Sunday, after spending two and a half months in California. They made the trip by motor and were met at Socorro, New Mexico, by Mr. Chase and Misses Athlyn and Julia Taylor.

Sims P. T. A. to Meet.

The Sims Parent-Teachers' Association will meet at the Central Ward building, Tuesday, September 14, at three o'clock. All members are asked to be present.

ATTENDANCE IN HIGHER INSTITUTIONS INCREASING HEAVILY

Registration in 913 colleges, universities, and professional schools of the United States increased nearly six times as rapidly as population in the 34 years from 1890 to 1924. From 121,942 in 1890 the number of students in these institutions mounted to 664,266 in 1924, a growth of 445 percent, as shown by statistics compiled by the Interior Department, Bureau of Education, published in Bulletin, 1925, No. 45. During the same period enrollment in secondary schools increased 951 percent, about 12 times as rapidly as general population, which increased 78 percent during this time.

W. G. SMITH BURIED TUESDAY

Wallace Garner Smith was born in Cass county, Illinois, Oct. 12th, 1845. At an early age he moved with his father's family to McDonald county, Missouri, where he spent his childhood. He served with the Confederate army during the Civil War, and at its close returned to Missouri, and was married to Adeline Love. Soon after his marriage he moved to Johnson county, Texas, where four children were born, two girls and two boys. He moved to Clarendon in 1908, where he laid to rest his wife. One son, Victor B., also preceded him to the grave. The other three children, Mrs. W. B. Webb, and Frank Smith of this place, and Mrs. J. R. Stout of Altus, Okla., with friends and relatives, ministered to him in his last illness. Besides his three children he is survived by 18 grandchildren. He became a Christian in early life, joined the Methodist Church, and lived a consistent Christian life to the end.

SAGE OF POTATO HILL TALKS OF SUPER MEN.

I admire those who accomplish fame and fortune, along honest lines. About seven-tenths of us are poor creatures, shiftless. Why should we not admire the super men who work with a purpose, and accomplish something?

It is pleasant for me to realize that we are a great nation. I cannot recall that I have had anything to do with it. Why should I meanly abuse those who have?

The hard workers who have perfected the radio, the telephone, telegraph, automobile, railroad, have greatly obliged me. On a recent summer evening I was sitting on a porch and a radio next door brought to me a really enjoyable musical performance. It was as free as the air out of which it came.

I shall encourage all hard-workers that they may further oblige me.—E. W. Howe.

Examination for a specialist in rural education to fill a vacancy in the Interior Department, Bureau of Education, is announced by the United States Civil Service Commission. Entrance salary is \$3,800. Competitors will be rated on their education, experience, and publications or thesis. Applications must be received by the commission in Washington, D. C., not later than July 6.

Texas population is 18 persons to the square mile. Rhode Island is the most densely populated state with 556.

NEWS ADDS THREE HUNDRED NEW SUBSCRIBERS SEPT. 1

Last week The Clarendon News went into three hundred new homes in the Clarendon trade territory and adjacent communities through the courtesies of a business firm of Clarendon who paid for three hundred subscriptions up to Jan. 1st, 1927. The Clarendon Chamber of Commerce co-operated by compiling a list and the new subscriptions began on Sept. 1st.

Without doubt this is the largest increase any Panhandle newspaper ever enjoyed in its circulation in one week, and with The News' already large list gives this paper absolute coverage in a very large territory. It also gives The News the largest circulation of any West Texas county weekly, and it will be the purpose of The News management to make the paper so indispensable to the new readers that they will never be without the paper again.

This is worth as much to other Clarendon firms as to the firm that paid the bill, and should add much to the general trade campaign for this town to be carried on this fall. Chamber of Commerce officials feel that one of the most important steps for county effort and general advancement of Clarendon trade territory is accomplished by this increase in the regular number of readers for the "Home Town Paper."

FORMER SLAVE PARENTS REGISTER 13 CHILDREN

Interest in birth registration was given another boost this week thru the receipt of a letter from B. W. Brown and wife, who are ex-slaves and live on a farm near Wadler, asking for the registration of their 13 children. The oldest of these children was born in 1875 and the youngest in 1903. The letter stated that the writers did not know their own age, as they were born during slavery, their owners being Mr. Joe Tomlinson and a Mr. McLite of Yorktown, Dewitt county.

"Not knowing our own ages, and hearing that there is a state law requiring the registration of all children born in the state, we want our children registered so that they can prove their age and identity," these ex-slaves wrote. Their request has been complied with and officials of the state board of health stated that if everybody was as interested in the registration of their children as this aged couple, that Texas would within a short time be in the registration area of the United States.

More than \$158,000,000 was expended for the support of State universities and colleges in the United States during the year ended June 30, 1925, according to reports received by the Interior Department, Bureau of Education. Of this sum salaries of professors and employees absorbed more than half. Purchase of materials and supplies for operation and maintenance accounted for nearly a fourth, and expenditures for land and buildings for more than an eighth of the entire amount.

The Texas legislature is composed of 31 senators and 150 members of the lower house.

Farming occupies forty-six per cent of the people of Texas.

PERSONALS

Mrs. John T. Bishop of Memphis is here this week.

Mrs. S. B. Offutt of Claude shopped here Saturday.

Mrs. J. E. Bryant of Conway is spending this week here.

Cap Davis and Pete Whatley of Groom spent Sunday here.

Miss Frankie Barnhart of Pampa visited relatives here this week.

W. J. McMurtry of Archer City visited his children here last week-end.

Mr. and Mrs. Houston Ballew of McLean spent Sunday with relatives here.

Mrs. E. A. Simpson of Amarillo was Miss Frances Cooke's guest for the week-end.

Mr. and Mrs. Odos Caraway and family returned Thursday from Manitou, Colorado.

Mrs. J. R. Boston and Miss Mary Boston of Hedley shopped here Saturday and Monday.

Mr. and Mrs. Kelly Hamblen of Miami spent a few days of this week here with their parents.

Mr. and Mrs. Lee Nowlin spent the week-end with relatives in Rock and Cordell, Oklahoma.

W. T. Hayter returned Sunday from a trip to Chicago, New York, St. Louis and other markets.

Wade Youngblood returned to his home here this week, after spending the summer in Santa Ana, California.

Miss Frances Cooke had as guests last week, Mrs. J. C. Nelson and her daughter, Miss Maxine Nelson, of Clovis.

Gene Byrd of Dumas arrived here Thursday evening to enter Clarendon College. He is a former student of the College.

Miss Elizabeth Stevens returned from Ft. Worth Saturday. She has spent the summer there with her sister, Mrs. Wright.

Dr. and Mrs. George W. Stocking of Austin are visiting this week in the home of Dr. Stocking's mother, Mrs. J. D. Stocking.

Mrs. C. Baldwin and children, Miss Bess Baldwin and Conally Baldwin, left Saturday for Lamesa, after visiting relatives here for ten days.

Miss Lummie Joy Lane went to Shamrock Sunday afternoon and took up her duties as a teacher in the public school of that city Monday.

Ebey Stocking returned Saturday from Sudan, where he visited Keith Stegall last week. Vestal Lott of Amarillo accompanied him home and spent the week-end in the Stocking home.

Mrs. Kate B. Carroll, Mrs. W. H. Patrick, Miss Dorothy Carroll, Miss Carolyn Shawver, Miss Lorraine Patrick, Harold Bugbee and Will Carroll spent Monday in Amarillo.

Mr. and Mrs. Will Terrell and son, Billy Joe, of New Castle were guests of Mrs. Cleo Keys the first of the week. Billy Joe will remain with Mrs. Keys, who is his aunt, and attend high school this winter.

Miss Mary Howren returned to the city Saturday after spending the summer in Colorado. She studied in the University of Colorado, and also made a number of excursions, one to Yellowstone National Park.

Mr. and Mrs. Joe Holland and family from Lamesa are here and will make their future home in this city. Joe is well known here, having been with the telephone company for a number of years. He will be associated with his father and brother in business.

Emanuel Dubbs is here for a short visit with his parents, Mr. and Mrs. Will Dubbs, before he enters Texas Christian University for the coming session. He will continue to fill the pulpit of the First Christian Church in Archer City as he attends school.

Mr. and Mrs. William Spitzer returned this week from an extended trip to Colorado and other states. They left here the twentieth of May and have spent most of the time with old school mates and friends. They report a wonderful trip.

Mr. and Mrs. J. E. Watson and daughter of Hobart, Oklahoma, arrived Friday to visit Mr. Watson's brother, O. C. Watson and family. J. E. Watson was recently elected to the Oklahoma Legislature. They returned Tuesday.

Mrs. Ida Chitwood and her daughter, Miss Christine Chitwood, left Sunday for Dallas, after spending the summer here. Mrs. Chitwood is head of the Home Economic Department of the Texas Daily Press League, and has headquarters in Dallas; and Miss Chitwood is a student in S. M. U.

A school of library service is to be established at Columbia University by an amalgamation of the State Library School at Albany and of the training courses heretofore maintained in the New York Public Library. A two-year professional course leading to a degree will be offered, and only qualified college graduates will be admitted.

SYSTEMATIC STUDY OF MUSIC BY RADIO

Intensive advance study of musical programs to be given by the Detroit Symphony Orchestra is made by children in public and parochial schools of Detroit, Mich., and suburban towns. The study culminates in a music memory contest held each spring, when themes of the selections previously given are played by the orchestra, followed by examination of the children. Programs for next year, with analytical notes, will be published in advance in order that pupils may be thoroughly prepared for the concerts. Arrangements have been completed by the State department of education for the broadcasting next session of the entire series of concerts, which are held in the afternoon, so that all Michigan children may have the advantage of this popular course in music memory and appreciation.

Texas now has the greatest gas well ever known in the world. It is in Wheeler County and is estimated to produce 200,000,000 cubic feet of gas a day.

TO MAKE A RABBIT STEW

The first and necessary step to take in making a rabbit stew is to catch your rabbit. Without the rabbit you can have no stew. And the first requisite to starting a business of your own is capital. The first step in securing capital is to begin saving. We will take care of your savings and advise you when you need counsel.

First National Bank

THE OLD RELIABLE

WELLINGTON FAIR READY TO GO

All is in readiness for the Great Collingsworth County Fair, September 16th, 17th and 18th at Wellington. All buildings have been repaired, race track put in condition and everything is spick and span. Great feature acts, agriculture, live stock, poultry, domestic art, fine arts, club work and the other exhibits will await you. Amusements of every description will be there. Some from the North, South, East, and some from the bottom, top and other side of the world. 3 great days of Fun, Joy and Education are promised to all.

HIGH SCHOOL ATTENDANCE INVOLVES DIFFICULTIES

Of 1,046 town pupils attending Winfield (Kans.) High School, 931 walk from 1 to 30 blocks going to and returning from school, 43 use bicycles, 14 travel by street car, and 58 by auto. This does not include 103 pupils from surrounding territory who travel an average of 5.2 miles five days a week to attend this high school. Exclusive of pupils who live on farms and have daily chores to perform at home, 183 pupils of the school work at different occupations in out-of-school hours, earning an average of \$4 per week. Ten out-of-town girls work for their room and board in Winfield.

MORE COURTEOUS.

Employees of electric light and power, gas, street railway companies by and large, have been conceded to be courteous, but we must help them to become more courteous and more efficient. The progress which the light, heat, power and transportation services will make depends almost wholly upon the personal service each employee gives to those with whom he comes in contact, says Martin J. Inall, president of the Middle West Utilities Company.

Those workers who show the greatest appreciation of rendering service are those who will grasp the opportunities and advance most rapidly.

The meter reader, the clerk at the receiving window, the attendant at the information window, are the public representatives of the utility company and it is through them that the patrons obtain their ideas of the company. So far as the patrons are concerned, they are the "company." The man or woman at the information window of an electric or gas company meets patrons who have either a just cause for complaint or are puzzled by lack of understanding. In every instance the employee must be a diplomat if he is to render the greatest service both to himself, to his company and to the patron.

Everything for the Builder

Contractors and private builders alike can obtain the best materials, best service and the best prices at our yard.

All standard materials—lumber—cement, plaster, wallboard, paint and varnish—are carried at all times.

Let us help you with your plans.

Bankers of Lower Panhandle Have Adopted Service Charge on Deposits

The leading banks of the Lower Panhandle section have adopted the service charge on deposits that amount to less than \$50, that is where the deposit averages less than that amount per month. The service charge has been adopted by larger banks over America and is done to cover cost of caring for these accounts. The average cost, or overhead expense of a bank, is said to be approximately \$1.50 per account, therefore the banks will continue to handle the business of small depositors at a loss.

The idea is to encourage the depositors to be more careful in checking their accounts and endeavor to build them up to a larger amount. Where the system has been in effect for several months the depositors feel grateful to the bankers and no complaint is ever made by the depositor.

The banks in this district, First National, Farmers State and Donkey County State Banks of Clarendon; Security State and First State Banks of Hedley; City National and First National Banks of Wellington; First State Bank of Dossyville; City National, First National and First State Banks of Childress; First State Bank of Tell; Estelline State Bank of Estelline; First National Bank of Turkey; First National Bank of Lakeview; Farmers State Bank of Newlin; Citizens National, First National and Hall County National Banks of Memphis; have adopted the plan.

The following statement has been issued by the banks, a copy of which has been mailed to every account:

"At stated intervals for several weeks past we have mailed you a pamphlet dealing with the inside details of the banking business, written by a bank customer.

"Our object in mailing this literature was to bring about a better understanding of the banking business among the people and to establish a more sympathetic relationship between us and our patrons.

"This is to advise you that the undersigned bank will, beginning September 1, 1926, make a minimum service charge of 50 cents per month on all accounts maintaining an average balance of less than \$50.00, or accounts that show by actual analysis that they are being carried at an actual loss with the following exceptions:

- Accounts against which no checks are paid during the month.
- Accounts for a period of 60 days after a loan is made to the party in whose name the account stands.
- Accounts of fiduciaries, the government, state, county or municipalities.
- Accounts under the direction of any court.
- Accounts of churches, charitable institutions, schools, lodges and farm organizations.

"We have been forced to make this charge in order to partially cover the actual cost of handling such accounts, as checks, passbooks, additional help, etc. It costs a bank approximately 50 cents to open an account. A checking account maintaining an average balance of less than \$50.00 is a direct loss to any bank.

"It is the fervent hope that all of the banks in inaugurating the service charge to discriminate against the small account, to penalize it or drive it away, or to make money off of it. It that were the idea, the monthly charge would be more, as indeed they are in the majority of other places. The intent and purpose of the service charge is to partially compensate the bank in carrying a large number of accounts, which show, under analysis, a direct loss to the bank each month.

"It is the fervent hope that all our small accounts will grow into healthy, thrifty ones, and that, by a more sympathetic understanding and a more earnest co-operation between us and our friends, we will be able to entirely eliminate the

necessity of the service charge. "In conclusion, we desire to state that according to sound principles of conservative banking, we are here to serve. If the service charge debit appears among your checks, and after considering the matter from all angles, you are yet unsatisfied, call at your local bank, where you will find a hearty welcome and the justice of the charge will be explained in detail."

EXECUTIVE COMMITTEE HAS LAST SESSION.

San Antonio, Texas, Sept. 6.—The closing session of the retiring Executive Committee, which has been pro-Ferguson in its sympathy, was marked by pathos as Chairman Arthur R. Edison of Hamilton told his fellow-members good-bye and under great emotional strain, tears came to his eyes, his jaws quivering and his words coming haltingly, said "Gov. Miriam A. Ferguson is the best Governor Texas has had in a long time."

Attorney General Moody was in the audience. When \$150 was set aside by the committee to purchase a watch in appreciation of Mr. Edison's services the tall, touselled, gray-headed attorney of Hamilton said he did not want the watch; he wanted the love and admiration of his fellow-members.

"We can not understand them and they evidently can not understand us," he said, referring to the Moody faction. "We are as far apart in the Democratic party as east is separated from the west."

"I do not want your watch. I have a watch and the money to buy one. If you want to make me a gift as a token of our fellowship and comradeship, a simple ring that I could wear on my finger would be acceptable."

"The people of Texas did not elect Dan Moody because they despised Gov. Miriam A. Ferguson; they elected him because they like him and they believe he has a future."

"The people have spoken and Dan Moody is my Governor and we are still on the verge of bankruptcy. We shall do everything within our power to make his a successful administration."

THE BASIS OF OUR NATIONAL PROSPERITY.

As a national election approaches there are many theories advanced as to the probability of a financial depression. Some argue on the line of over-speculation and too much expansion of credits. Others argue that the people are buying too many motor cars. Out of 20,000,000 automobiles in use in the world, 17,000,000 are said to be owned in this country. Then there is talk, mainly for political effect, that while there has been a general improvement in farm and market conditions, a great many farmers are still on the verge of bankruptcy.

As a matter of fact, there never has been a time when there were not some weak places in the financial, industrial or agricultural structure of a great nation, which could be magnified out of all proportion in creating campaign issues.

Let us consider five of the primary sources of new wealth, nationally speaking, of this great country of ours, that are constantly offsetting any possible collapse in the soundness and stability of national business affairs.

The first source of new wealth is farm crops, soil products; everything, included in the term agriculture. Indications are that this year will surpass all other years in the total of the golden stream that agriculture pours forth.

The second great national asset of new creative wealth is mining, mineral and metal products, including the oil industry. Reports show that they are on a prosperous basis of production.

The third source of wealth production is manufacturing in the

first stage from raw materials—the factory output for 1926 will surpass all previous years.

A fourth great primary wealth creator is lumbering, logging, paper mill products, and all associated industries connected with products of the forest.

Heaped upon this great mountain of new wealth created annually, we must not overlook the salt and fresh water fisheries. The hundreds of millions taken out of this element are next to meats and grains, the greatest item of food value.

If the hundreds of millions and billions of dollars of new wealth brought into existence annually and added to the existing wealth could be stacked up before the future financial stability of our country would be better understood. We would realize that the prosperity of this nation rests on the rock foundation of primary industries which create new wealth annually by supplying the wants of mankind with essential products necessary to maintain life. Our country has the greatest real basis of security, stability and continuous prosperity of all the countries in the civilized world.

The statistics supplied by the federal Bureau of Labor show unusual prosperity of wage earners for the past three years. The years 1923, 1924 and 1925 have been comparatively quiet and free from strikes and industrial struggles over wages.

During 1922 there were 1,612,562 employees engaged in strikes. For the following three years the record was: 1923 had 1,199 labor disputes with 756,084 employees involved; 1924 had 898 strikes with 654,641 employees involved; in 1925 only 428,218 persons participated in labor disputes.

Since 1923 there have been more wage increases than decreases—positive proof that the period since 1922 has been uniformly prosperous—and that means a broader distribution of wealth and a greater prosperity for a larger number.

It is essential that every citizen in our country should understand some of the primary sources of wealth which makes possible steady employment, good wages and short hours in this nation.

Any political party, political group or individual, instrumental in disturbing or crippling productive enterprises destroys employment and steady wages.

If the people understand these simple facts the way of the agitator in this country will be more difficult and the road to steady employment and good wages will become constantly smoother. The future is in our own hands.

WHY IS BROADWAY CALLED "THE GREAT WHITE WAY?"

One often wonders how Broadway received the name of "The Great White Way."

The answer is in the long line of electric signs that tell their story to the thousands of people who are walking or driving along Broadway, daily.

There are 1,095,841 incandescent lamps in electric signs along Broadway, it has been reported. Keeping the "Great White Way" white is an enormous task. More than 2,000 workers are kept busy on these great signs; fifty men make the rounds nightly to replace lamps.

The first electric sign along Broadway that attracted wide attention was the chariot race placed on top of the Normandie Hotel; and was for several years one of the sights of the city.

The development of electric signs in the past five years has been miraculous. A few years back who would have thought that figures and forms such as are now seen, could be made possible by the use of electric signs; or that one could stand and read a story told on an electric multigraph.

In spite of all this recent development, experts claim that the climax in the use of electric signs has not been reached as yet, and promise more stupendous development for the future.

CLOSED TO PUBLIC

From this date forward the canyon known as Troublesome Canyon is closed to the public and all violators will be vigorously prosecuted to the full extent of the law.

WINT BAREFIELD, Owner.

Good taste and good health demand sound teeth and sweet breath.

The use of Wrigley's chewing gum after every meal takes care of this important item of personal hygiene in a delightful, refreshing way—by clearing the teeth of food particles and by helping the digestion.

The result is a sweet breath that shows care for one's self and consideration for others—both marks of refinement.

THE SMALL TOWN IS BECOMING IMPORTANT.

The small towns are being reborn. Electric power is doing it—power, which Collier's has called "the greatest of all servants of society." It is starting long-idle factory wheels, building new plants, bringing better roads, higher wages and a better way of life. High tension wires are putting the pleasant happy small town of American tradition on its feet—to stay.

There was a time when industry flocked to centers of population. That was because of power and transportation facilities being available only in such centers. Now power and transportation are at hand in the small places and in the outskirts of the large centers—and better living conditions and lower cost

of living are generally found outside the big cities. Long transmission lines stretching for hundreds of miles to small towns and farms far distant from the source of power, would not be a fact today and in common use, if private utilities had not perfected so-called "super-power systems" thru interconnection or transmission line resources and development of great hydro-electric and steam plants.

More than 1,200 boys and girls from 72 high schools in North Carolina participated in the 1926 annual state-wide high school Latin contest. About 900 pupils from 64 schools competed last year.

Calculated upon the 1910-1920 rate of growth the population of Texas is now 5,400,000.

SPECIAL TRAINING FOR CAMP LEADERS

Courses for training counselors in organized summer camps for boys and girls are available in many institutions. Nine colleges and universities in seven States and the District of Columbia provide courses in theory and methods of camping; and in nine special schools of physical education, in addition to training courses, students are required to spend from 6 to 16 weeks in actual camp life. Special courses in camp administration for leaders are provided for Boy Scouts and Girl Scouts organizations, and the National Association of Directors of Summer Camps offers each year a short course in camp methods.

Civics classes for boys and for girls in Parker High School, Dayton, Ohio, are organized as city, state, and nation in miniature. No textbook is used, but by personal visits pupils become acquainted with the governmental activities of their own city; and histories, current events magazines, the Congressional Record, and other publications are kept on file for constant use of pupils.

Heads Band To Appear At State Fair, Dallas

A. F. THAVIU

Thaviu's Exposition Band, coming from engagements at the Sesqui-centennial, Philadelphia, and the Steel Pier, Atlantic City, will be heard in free concert at the Auditorium, during the State Fair of Texas, Dallas, Oct. 9-24.

HORSE SHOW EVENTS AT STATE FAIR TO HAVE EIGHT CLASSES

Entries for the horse show to be held during the 1926 State Fair of Texas, Dallas, Oct. 9-24, close on Monday, Oct. 4, according to the premium list, and all premiums are open to the word.

W. I. Yopp is director in charge of the horse show division and C. B. Teems will judge the different classes. There are eight classes, including the equestrian events, in which only amateur riders are eligible.

All animals competing must be entered in the names of bona fide owners and the animals must be named when entered.

The classes include saddle horses to halt; five-gaited saddlers; the novelty class, in which all horses on the grounds must be shown; the five-gaited sweepstakes, the walk, trot and canter, wherein competitors in the five-gaited class are not eligible; hunters and jumpers; the equestrian for lady and gentlemen riders and for boy and girl riders, under 14 years of age, and for a team of four lady riders, representing a club. The class for harness and saddle ponies includes Shetlands and others than Shetlands, and no entry may be over 40 inches in height.

POULTRYMEN PLAN FOR BIG DAY AT FAIR

Poultrymen's Day at the State Fair of Texas, Dallas, Oct. 9-24 this year, will be one of the red-letter days of the exposition, according to Walter Burton of Arlington, Texas, superintendent.

Highly enthusiastic over prospects for the State Fair show, which will be held Oct. 9 to Oct. 14 inclusive, Mr. Burton declares that arrangements for Poultrymen's Day anticipate all sort of events of paramount interest to breeders and the general public.

Suffered weak, nervous. I WAS in a very weakened, run-down condition, surely in need of a tonic and builder, says Mrs. J. R. Wrenn, of Anna, Texas. "I was so weak I had to go to bed, and kept getting weaker. "I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry. "I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui." Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments. Buy it at your druggist's. CARDUI For Female Troubles

NOTICE

By making publication of the hereinafter set out ordinance notice is given of all matters and facts therein contained which said ordinance is as follows, to-wit:

ORDINANCE DETERMINING TO ASSESS A PART OF THE COST OF IMPROVING PORTIONS OF FOURTH STREET AND SUNDRY OTHER STREETS IN THE CITY OF CLARENDON, TEXAS, AGAINST ABUTTING PROPERTY AND THE OWNERS THEREOF, AND ADOPTING ENGINEER'S ROLLS AND PROVIDING FOR NOTICE AND HEARING, AND DECLARING AN EMERGENCY:

WHEREAS, by ordinance passed on the 21 day of August, 1926, the Board of Commissioners of the City of Clarendon, Texas, ordered that sundry streets in the said City be improved by raising, grading and filling same, and installing concrete curbs and gutters and by paving with 3 inch Vertical Fibre Brick on 4 inch Concrete Base, and all appurtenances, the said streets so ordered improved being as follows, to-wit:

SOUTH FRONT STREET, from its intersection with the west line of Sully Street, to its intersection with the east line of Jefferson Street, known and designated as Unit or District No. 22.

SULLY STREET, from its intersection with the North line of South Front Street, to a line 126 feet north thereof, known and designated as Unit or District No. 23.

SECOND STREET, from its intersection with the East line of Alley in Blocks 6 and 20, to its intersection with the west line of Gorst Street, known and designated as Unit or District No. 24.

SECOND STREET, from the East line of Gorst Street to the West line of Carhart Street, known and designated as Unit or District No. 25.

GORST STREET, from the South line of Second Street to the South line of Lot 20, Block 19, and South line of Lot 5, Block 20, known and designated as Unit or District No. 26.

JEFFERSON STREET, from the South line of Second Street to the North line of Fourth Street, known and designated as Unit or District No. 27.

FOURTH STREET, from the East line of Jefferson Street to the East line of Parks Street, known and designated as Unit or District No. 28.

FOURTH STREET, from the East line of Parks Street to the East line of Taylor Street, known and designated as Unit or District No. 29.

FOURTH STREET, from the East line of Taylor Street to the East line of Ellerbe Street, known and designated as Unit or District No. 30.

FOURTH STREET, from the East line of Ellerbe Street to the East line of Garrett Street, known and designated as Unit or District No. 31.

FOURTH STREET, from the East line of Garrett Street to the East line of Winne Street, known and designated as Unit or District No. 32.

WINNE STREET, from the South line of Fourth Street to the South line of Third Street, known and designated as Unit or District No. 33.

WINNE STREET, from the South line of Third Street to the Center Line of Second Street, known and designated as Unit or District No. 34.

SOUTH FRONT STREET, from its intersection with the West line of Sully Street, to its intersection with the West line of Kearney Street, known and designated as Unit or District No. 35.

THIRD STREET, from the East line of Jefferson Street to the East line of Sully Street, known and designated as Unit or District No. 36.

SULLY STREET, from the South line of Third Street to the South line of Fourth Street, known and designated as Unit or District No. 37.

WHEREAS, contract was let and entered into with Panhandle Construction Company for the making and construction of such improvements, and the City Engineer has prepared and filed rolls or statements concerning the improvements and assessments therefor in each unit, and same have been examined and all errors found therein by the Board of Commissioners corrected; and,

WHEREAS, the Board of Commissioners has determined to assess a portion of the cost of such improvements against the owners of the property abutting thereon and against such abutting property;

THEREFORE, BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CLARENDON, TEXAS; THAT,

I. The Board of Commissioners of the City of Clarendon, Texas, does hereby determine to assess a portion of the cost of said improvements on said portions of streets against abutting property thereon and against the owners of such property, said assessments to be levied in exercise of the powers granted by Articles 1086 to 1096, inclusive, and Articles 1104 and 1105 of the Revised Civil Statutes of the State of Texas, 1925, heretofore adopted by this city, being Chapter 11 of Title 22, Revised Statutes of 1911.

II. Said rolls or statements, as corrected, be and the same are hereby adopted and approved.

III. The proportion of the cost in each district or unit to be assessed against abutting property and the owners thereof shall, in accordance with the proceedings concerning such improvements, be apportioned among the respective parcels of property abutting upon the improvements, in accordance with the front foot plan or rule, provided, that if the application of this rule shall, in the opinion of the Board of Commissioners, result in particular cases in injustice or inequality or in assessments in excess of special benefits to the property in the enhanced value thereof by means of improvements in the particular district or unit upon which the property abuts, then the Board of Commissioners shall adopt such rule in each district or unit as shall effect a substantial equality between the parcels of property abutting upon such district or unit and the owners thereof, considering benefits received and burdens imposed, and provided further that in no case shall any assessments be levied against any abutting property, or the owners thereof, for any part of the cost of improvements in excess of the special benefits in the enhanced value of such property by means of the improvements in the district or unit upon which such property abuts as ascertained at the hearing herein provided for, each district or unit being considered as a separate or independent unit of improvement, and the omission of any improvements in any district or unit shall in no wise affect or impair assessments levied, and the omission of improvements in front of any property exempt by law from the lien of special assessments shall in no wise affect or impair the validity of assessments. Assessments, when levied, shall be and constitute the first enforceable lien and claim on the property against which such assessments are levied, superior to all other liens and claims, except state, county and municipal taxes, and shall also be a personal liability and charge against the real and true owners thereof. The description of the parcels and tracts of the abutting property, the several amounts proposed to be assessed against such parcels of property, and the owners thereof, the total estimated cost of the improvements in each district, the total amount proposed to be assessed against each parcel of property, and other matters and things as shown on said rolls or statements being as follows, to-wit:

IV.

A hearing shall be given by and before the governing body of the City of Clarendon, Texas, on the 17th day of September, 1926, at 2 o'clock p. m., in the City Hall in Clarendon, Texas, in the regular commission meeting room, to the owners of the respective parcels of property, and to all others in anywise interested, whether they be named herein or not, all of whom are hereby notified to be and appear at the time and place herein named and fixed, and said hearing shall be continued from time to time and from day to day, if necessary, until all desiring and presenting themselves to be heard shall have been fully and fairly heard, and at which hearing any mistakes, irregularities, or invalidities in any of the proceedings with reference to the making of said improvements or assessments therefor may be corrected, and the benefits by means of the said improvements, and the amounts of the assessments, and the apportionment of the cost of the said improvements, and all other matters, and things shall be determined, and the real and true owners of the property abutting upon the said street to be improved, and any and all others in anywise interested, their agents and attorneys, shall be and appear at said hearing at said time and place and present and make any protests or objections which they, or any of them, may have as to the said improvements, as to the benefits therefrom, or as to any mistake, irregularity, or invalidity in any proceedings with reference to said assessments, such improvements, or to the contract therefor, and as to any other matter or thing in anywise connected, either with the said improvements, contract, or proceedings, and after all desiring and presenting themselves to be heard, either in person or by agents, attorneys, or representatives, have been fully and fairly heard, and said hearing shall be closed and assessments will, by ordinance and in accordance with law and the proceedings of the city, be levied against the respective parcels of abutting property and the

owners thereof, whether such owners be named herein or not, and whether the property be correctly described herein or not. At such hearing anyone in anywise interested or affected may subpoena witnesses and introduce evidence, and has the right to appear and to be heard.

Assessments against abutting property and the owners thereof shall be a personal liability of the owners of such property and a first and prior lien on the property against which assessments are levied, and shall be due and payable in eight equal installments, due respectively on or before ten days, 1, 2, 3, 4, 5, 6, and 7 years after completion and acceptance of the improvements upon which the particular property abuts, and said assessments shall bear interest from the date of such completion and acceptance and until paid at the rate of 8 per cent per annum, payable annually, provided, any owner shall have the right to pay any installment at any time before maturity by paying principal and interest accrued to date of payment; provided, further, that if default be made in the payment of any installment promptly as the same matures, then the entire assessment upon which such default is made shall, at the option of the contractor, or his assigns, be and become immediately due and payable and shall be collectible together with reasonable attorney's fees and costs of collection, if incurred.

The improvements in each said district or unit constitute an entirely separate, distinct and independent unit, and the proposed assessments for the improvements in each unit are in no wise affected by any fact or circumstance in connection with any other unit, all to the same extent and as fully as if entirely separate and independent contracts had been made for each unit and separate proceedings had, separate hearings and separate notices thereof ordered.

The City Secretary of the City of Clarendon is directed to give notice to the owners of property abutting upon the said portions of streets named to be improved, and to all others interested, of the time, place, and purpose of such hearing, and of all matters and things, by causing a substantial copy of this ordinance to be published at least three times in a newspaper published in and of general circulation in the city of Clarendon, Texas, the first of which publication shall be made at least ten days before the date for such hearing, and by such publication all owners of property abutting upon said portions of said streets, whether named herein, or not, and whether the property be correctly described herein or not, as well as all others in anywise interested therein, or to be affected thereby, shall be and are duly notified, and no error or mistake in the name of any property owner, in the description of any property, in the amount of any proposed assessment, shall in anywise affect or invalidate such notice or any assessment levied pursuant thereto, and not required, to give further notice of such hearing by causing a substantial copy of such published notice to be mailed to each owner of property abutting upon such portions of said streets, but all such notices by mail shall be only cumulative of such notice by advertisement, and publication, and said notice by advertisement and publication shall in all cases be sufficient and binding, whether or not any other kind or character of notice be given.

The present condition of said portions of said streets endangers health and public safety, and it is necessary that the improvement thereof be proceeded with at once, and while the weather will permit, and such facts constitute and create an emergency and an urgent public necessity requiring that the rules and by-laws providing for ordinances to be read more than one time or at more than one meeting, be passed and take effect as an emergency measure, and such rules and by-laws are suspended and this ordinance is passed and shall take effect as an emergency measure, and shall be in full force and effect immediately from and after its passage.

Passed and approved this 21st day of August, 1926.
 ATTEST: MAUDE CLARK-NELSON, City Secretary.
 H. W. TAYLOR, Mayor.
 Done by order of the Board of Commissioners of the City of Clarendon, Texas.
 MAUDE CLARK-NELSON, City Secretary.

FINANCIAL STATISTICS OF THE STATE GOVERNMENT OF TEXAS FOR THE YEAR 1925

Washington, D. C., Sept. 7, 1926
 The Department of Commerce announces a summary of the financial statistics of the State of Texas for the fiscal year ending Aug. 31, 1925.

Expenditures
 The payments for maintenance and operation of the general departments of Texas for the fiscal year ending Aug. 31, 1925, amounted to \$55,165,298, or \$10.88 per capita. This includes \$23,187,766, apportionments for education to the minor civil divisions of the State. In 1924 the comparative per capita for maintenance and operation of general departments was \$7.92, and in 1917, \$4.59. The increase noted for 1925 in expenses of general departments was due, principally, to the assumption by the State of the entire expense for maintenance of State highways, and to the increased apportionments for education to the minor civil divisions of the State. The interest on debt amounted to \$220,051; and outlays for permanent improvements, \$13,960,603. The total payments, therefore, for expenses of general departments, interest and outlays were \$69,345,952. The totals include all payments for the year, whether made from current revenues or from the proceeds of bond issues.

Of the governmental costs reported above, \$20,979,760 was for highways, \$10,040,879 being for maintenance and \$10,938,881 for construction.

Revenues
 The total revenue receipts of Texas for 1925 were \$64,675,016, or \$12.75 per capita. This was \$9,289,667 more than the total payments of the year, exclusive of the payments for permanent improvements, but \$4,670,996 less than the total payments including those for permanent improvements. Property and special taxes represented 42.5 percent of the total revenue for 1925, 44.0 percent for 1924, and 56.4 percent for 1917. The increase in the amount of property and special taxes collected was 94.5 percent from 1917 to 1924, and 2.5 percent from 1924 to 1925. The per capita property and special taxes were \$5.42 in 1925, \$5.37 in 1924, and \$3.10 in 1917.

Earnings of general departments, or compensation for services rendered by state officials, represented 5.2 percent of the total revenue for 1925,

6.8 percent for 1924, and 16.7 percent for 1917.

Business and non-business licenses constituted 33.7 percent of the total revenue for 1925, 30.1 percent for 1924, and 12.5 percent for 1917.

Receipts from business licenses consist chiefly of taxes exacted from insurance and other incorporated companies and from sales tax on gasoline, while those from non-business licenses comprise chiefly taxes on motor vehicles and amounts paid for hunting and fishing privileges.

Indebtedness
 The net indebtedness (funded or fixed debt less sinking fund assets) of Texas on Aug. 31, 1925, was \$4,412,566, or \$0.87 per capita. In 1924 the per capita debt was \$0.90, and in 1917, \$1.07.

For 1925 the assessed valuation of property in Texas subject to ad valorem taxation was \$3,602,217,082; the amount of State taxes levied was \$27,787,071; and the per capita levy, \$5.47.

A FALL CLEAN-UP TO CONTROL INSECTS

(By R. R. Reppert, Entomologist.)
 Attention of the farmers of Texas should at this time be directed to an important means of reducing insect injury to the crop of 1927. The damage done by insect pests of various kinds, and to the several crops during the season just passed will make the following suggestions especially timely.

Not all of our insect pests are easily destroyed by seasonal control measures. Boll worms, for instance, at the time their presence is usually observed have passed the stage at which poison is greatly effective against them. Poisoning the boll weevil is expensive and not always effective. Harlequin cabbage bugs and squash bugs are resistant to contact sprays. In the case of many insects easily controlled by insecticides, often a cheaper and more practical means of control lies in the application of cultural measures.

The effect of cultural measures in this respect depends upon some habit of the insect to be controlled. The cabbage bug and the squash bug must pass the cold season under trash and during the warmer season must feed continuously upon the particular plants adapted to them. The boll weevil feeds only on cotton, and must feed continuously upon this until the plant is killed by frost. The boll worm, as cold weather approaches, makes a protective cell from two to five inches beneath the soil surface where it spends the winter. So far as investigations have progressed, it appears that the cotton flea itself dies, but leaves its eggs inserted in the bark of the cotton plant, goat-weed, or horsemint, and possibly other plants, where it rests over winter and hatches the following spring.

Mention cannot be made of the habits of numerous other pests, but enough has been said to give weight to the suggestion that all crop residues be plowed under deeply as soon as the crop is harvested. It removes the plants also in which over-wintering eggs of some pests may be deposited, and if plowing is done sufficiently deep, resting forms of such pests as the boll worm are killed during the winter by weather extremes.

A state-wide campaign on the part of the farmers is urged by the Extension Service, having as its object the deep plowing under of all crop residues, followed by frequent harrowing at intervals during the winter to keep down weed growth, and the burning of trash and leaves along fences and ditches in midwinter. To burn crop residues on the field, however, improvises the soil and is not advised.

As the effectiveness of a fall clean-up increases with the earliness with which it is completed, a state-wide campaign is being urged to accomplish its results at once.

POSTED NOTICE
 The public is hereby warned that hunting and wood hauling is forbidden in the R. O. pasture. All trespassers will be vigorously prosecuted.
 W. J. Lewis.

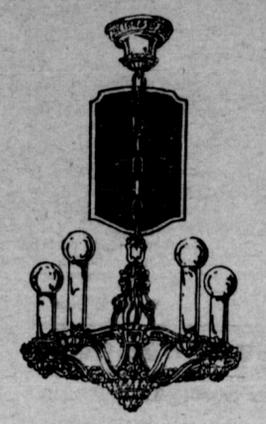

CITATION BY PUBLICATION
 THE STATE OF TEXAS:
 To the Sheriff or any Constable of Donley County, Greeting:
 YOU ARE HEREBY COMMANDED to summon all persons interested in the estate of Eva Britsch (commonly called and known in Clarendon, Texas where she lived as "Old Aunt Lucy") by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Donley County, to be holden at the Court House thereof, in Clarendon, Texas, on the third Monday in October A. D. 1926, then and there to answer a petition filed in said Court on the 21st day of August A. D. 1926, in a suit, numbered on the docket of said Court as No. 1489, wherein The State of Texas acting by and through the County Attorney of Donley County, Texas is Plaintiff, and all persons in anywise interested in the estate of Eva Britsch, deceased, such as unknown claimants and heirs to said estate, are Defendants, and said petition alleging that Mrs. Eva Britsch (commonly called "Old Aunt Lucy") died intestate and without heirs at Wichita Falls in Wichita County, Texas, in the month of March, A. D. 1925; that at the time of her death Old Aunt Lucy (Mrs. Eva Britsch) was seized and possessed in fee simple of the following described real estate located and situated in the town of Clarendon in Donley County, Texas, to-wit: Lots No's. 11 and 12 in Block No. 76 of the original town of Clarendon, according to the recorded map or plat of said town of record in the Deed Records of Donley County, Texas.

PROMOTING THE FISHING INDUSTRY OF TEXAS
 To increase the "finny tribe" is the ambition of the Texas Game, Fish and Oyster Commission. And to carry out this, the Commission is building up one of the most interesting enterprises—the establishment of more fish hatcheries in Texas—so that fishermen always will have fish to bite their hooks.

Read what the Commission is doing to keep Texas lakes supplied with fish and how it has developed the hatchery industry. The article will appear in the Clarendon News Sept. 16th.

Records of Donley County conveyed to Old Aunt Lucy (Then Eva Lesse) said Lot No. 12; That on the 7th day of Nov. A. D., 1896, C. F. Phillips deeded said Lot No. 11 by conveyance duly recorded in the Deed Records of Donley County, Texas, to Louis Lesse, who was then and there the husband of Old Aunt Lucy, and that on the death of Louis Lesse, said Lot No. 11, which was the community property of the said Louis Lesse and Old Aunt Lucy (Then Eva Lesse) passed to her, the said Eva Britsch.

Plaintiff further states that this suit is an escheat proceeding brought under and in accordance with Articles 3272 ET SEQ of the Revised Civil Statutes of Texas, 1925 Codification, to forfeit said Lots No's. 11 and 12 to the State of Texas. The State prays that said lots be escheated and that it have judgment, forfeiting the same to the State, and precluding all persons whatsoever from hereafter asserting or claiming any right thereto, and that a sale thereof be ordered as required by law, and for relief, general and special.

Herein Filed Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Clarendon, Texas this 21st day of August A. D. 1926.

F. G. WHITE,
 Clerk,
 District Court, Donley County.

What Is a Diuretic?
 People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

CENTRAL P. & L. BUYS PLANT AT WELLINGTON

CITY SELLS PLANT FOR \$200,000 FOLLOWING REFERENDUM VOTE.

Frank Houston, district manager of the Central Power and Light Company, announced Tuesday the purchase of the municipal light plant at Wellington by his company, the consideration being \$200,000.

Mr. Houston states that the plant is in very good condition, and it will not be necessary at once to connect Wellington with other power high lines, but that extensive improvements in the Wellington plant would be made at once. He said that the cost of the plant and system improvements would run as much as \$100,000.

During 1927, he said, a high line, involving \$100,000 more would be built from Hedley through Wellington and probably to Hollis, so as to complete a loop from Childress through Quanah. The object of inter-connection is to provide uninterrupted service throughout the year and provide also for the "at once" handling of any emergency demands at any point. For instance, if a fire or other disaster should destroy any plant's own power facilities so that it would need to ask the local electric company for power, it could get it instantly if the local plant were inter-connected with unlimited power. And it is a great asset to a town or city to be on such a circuit of unlimited power.

The purchase of the Wellington plant is another step in the plans of Mr. Houston's great company to form a network of electrical power throughout this part of Texas and into western Oklahoma. And it is not unreasonable to say that this great power company will be a tremendous factor in the development of its territory. For this part of the State of Texas is on the eve of a development whose extent is now undreamed by most of its population. But eastern capital sees the possibilities and knows much more about them than do we who live here with them from day to day, all unconscious of the potential wealth about us. Watch Texas grow!—Childress Post.

TRI-STATE FAIR AT AMARILLO, SEPT. 21-27.

All railroads into Amarillo will announce low excursion rates for the Tri-State Exposition, September 21-27. All stage lines will put on extra busses to efficiently handle the heavy traffic expected.

Those coming in their own cars will have a pleasant surprise in store for them, as all automobiles will be parked free in parking ground right at the main entrance. This space of 29 acres will be under strict police supervision and in charge of an experienced attendant to see that all cars are properly taken care of.

A mammoth Fire Works display takes place right in front of the Grand Stand where all seats will be absolutely free after six o'clock in the evening. In addition to the fire works there will be several big open air attractions. The Timbos, a whirlwind of furious fun. The Argyle Sisters, three very high flyers. The Flying Fishers, five of them. Cliff Curran, the swinging phenomenon, and various other attractions.

FAMOUS JERSEY HERD TO SHOW AT AMARILLO

Mistletoe Creameries of Fort Worth will bring its usual exhibit of Jerseys to the Tri-State Exposition, September 21-27.

This year the entire herd with the exception of the mature bull and cow will be animals that have been bred right on the Mistletoe Farm—a rather unusual accomplishment for a breeding establishment that has been in existence only three years.

The herd will be headed this year by Combination's Pretty Lad, a show bull that has never placed lower than second at any of the last years big fairs.

Included in this show herd are many of last year's ribbon winners. Everyone of the young animals shown will be from cows that have made over 500 pounds butter fat on the Register of Merit test.

Vacation colonies for special care of undernourished children or those needing out-of-door life are maintained each year from December to March in the parks of Buenos Aires, Argentina. In these colonies games and exercises, and breakfast and lunch out of doors, under supervision of teachers, are provided for a period of a month for three different groups of children. On the opening day about 1,000 children presented themselves for enrollment.

Miss Pearl Thomas spent the weekend in Alameda with her father, F. B. Thomas, who is seriously ill.

Donley County Free Agricultural Fair Friday and Saturday, Sept. 10-11. Cash Prizes and Premiums

FIRST COUNTY FAIR SINCE WAR DEVOTED EXCLUSIVELY TO AGRICULTURE. EVENTS FOR INDIVIDUAL AND COMMUNITY EXHIBITS. RAIN LIKELY TO INTERFERE WITH QUALITY.

Although the recent heavy rains in Donley County may interfere somewhat with the quality and maturity of the exhibits, the Donley County Free Agricultural Fair will begin Friday morning in the new Latson building, near the postoffice and adjoining street, and will continue through Saturday.

Committees on finance, exhibits and displays have been functioning all week, and judges from out of town have been secured. With the exhibits all in place by Friday noon, the judging will begin and awards made Saturday morning. Concerts will be played by the Clarendon Municipal Band on both days and a royal welcome is extended to the citizenship of the county and nearby communities to be on hand and enjoy the exhibits of the finest agricultural products afforded by the county.

The following is the schedule of events and the premium list:

Individual Exhibits.
1. Corn. Best exhibit of 10 samples of ten ears each and four samples of 50 ears each of not less than two varieties and not more than four varieties. First prize, \$3.00; second, \$2.00; third, \$1.00.

WOMAN'S PAGE.

Mrs. Margaret Stute, who conducts the "Woman's Page" for the Clarendon News, has another interesting article in our September monthly Magazine Section. The article is entitled, "Do You Know the Friends of Your Children?" No mother should fail to read it, and it is hoped that all mothers who get the Clarendon News in their home will read Mrs. Stute's article. The date is Sept. 16th.

Mrs. Thomas Swint and son, Dwayne, of Tyler, are guests of Mrs. Swint's mother, Mrs. L. E. Gammons, and her sister, Mrs. Lewis Thomas.

ITEMS OF INTEREST IN DONLEY

LELIA LAKE.

Very sorry to report the illness of A. E. Bynum.

Mrs. Grace Jant is still critically ill. She is in the home of her parents, Mr. and Mrs. J. M. Bozeman.

Little Etta Marie Rogers, daughter of Mr. and Mrs. Jim Rogers, died Friday evening at the home of her grand-parents, Mr. and Mrs. C. H. Reynolds. She suffered some four or five weeks. The body was laid to rest in Clarendon cemetery Saturday afternoon.

W. L. Butler had for his guest last week his uncle, W. R. Butler, of Clyde.

Kinch and D. E. Leathers had business in Amarillo Saturday.

John Howard and W. W. Jones spent Tuesday of this week in Panhandle and Borger.

Mr. and Mrs. Herbert Godfrey of Plainview spent Friday in the home of her parents, Mr. and Mrs. Jim Reynolds.

Mr. and Mrs. Elmer Cruse and her sister, Mrs. Ollie Lisben of Turkey spent last week in the home of Mr. Cruse's parents, Mr. and Mrs. R. Cruse.

Miss Alta Lewis spent the week-end with home folks. She is teaching near Shamrock.

Miss Leta Owens returned this week from a visit to different points in Cottle County.

G. C. Koons of Goodnight was in our burg Saturday.

The body of Maxey Jant was laid to rest Sunday afternoon at Clarendon cemetery. Those from a distance to attend the burial were his parents, Mr. and Mrs. Jant of Goodnight, and a sister of Fort Worth, Mrs. Carder and Adrich of Amarillo, and sisters of J. M. Bozeman.

J. M. Bozeman has begun rebuilding his store building that was recently burned.

Mr. and Mrs. John Howard were

called to Memphis Tuesday. His mother is critically ill.

PLEASANT VALLEY.

Bro. Hamblen preached for us Sunday at 3 o'clock.

Mr. and Mrs. John Goldston and family spent Saturday night and Sunday in Alanreed with Mrs. Goldston's parents, Mr. and Mrs. Wilson.

Mr. and Mrs. Charlie Waddle and son, Raymond, of Windy Valley spent Saturday evening in the Morris home.

Hal Riley spent Saturday night with Tom Corder.

Charlie Fronebarger and family visited in the Longan home Sunday.

Miss Henrietta Longan spent Saturday night with Misses Oma and Virgie Morris.

Miss Edith Hill spent Friday night with Miss Bessie Lee Clayton.

A party was enjoyed by the young people Friday night at the Lonnie Wood's home.

Edd Mehaffey spent Saturday night with Buster Riley.

Miss Lucille Haley spent the week-end with Hattie and Ruth Riley.

Misses Jewel and Josie May Davison spent the week-end in Amarillo visiting their cousin, Clifford Rogers, and wife.

Mr. and Mrs. Loyd Morelan returned from San Angelo Tuesday, where they have been visiting Mr. Morelan's parents.

Miss Nan Potter called in the Longan home Monday afternoon.

Miss Henrietta Longan visited Miss Eula Allen Sunday night.

Mr. and Mrs. J. M. Potter, Mrs. Ormie Harlon and family, and Miss Nan Potter spent Sunday at Lelia Lake.

Misses Oma and Virgie Morris and Henrietta Longan visited Eula Allen Sunday afternoon.

CLARENDON AND OTHER TOWNS SPREAD PUBLICITY

Stamford, Sept. 8.—Responding to calls sent out from the West Texas Chamber of Commerce officers here, cities in the Panhandle and the South Plains district of Texas are sending in propaganda literature concerning their opportunities and advantages offered, to be distributed among the visitors to the Sesqui-Centennial Exposition being held in Philadelphia. This literature is being distributed from the West Texas Agricultural Exhibit, put on display by the West Texas Chamber of Commerce, which is being shown throughout the entire exposition. Persons from all parts of the United States, as well as from several foreign countries, call for bulletins and booklets from the West Texas cities. The towns which send in this literature will thus be advertised in many sections of the country, with very little effort on their part.

Cities in the Panhandle-Plains districts who have already sent in bulletins are: Clarendon, Tulia, Happy, Amarillo, Wellington, Spur, and Spearman. Other sections of the West Texas Chamber of Commerce territory are also answering this call sent out from Philadelphia.

According to John W. Whiteaker, who is in charge of the West Texas exhibit, this display of products, taken from all sections of the country, is one of the most favored in the agricultural campaign. A number of questions are asked daily concerning the production of grains, cotton, fruits and the like. The visitors are also interested in the dairying, poultry raising and oil industries. Many of these questions can be answered by the distribution of such literature as has been sent in. Homer D. Wade, manager of the West Texas Chamber of Commerce, is urging every city sponsored by the organization to comply with this demand for literature, which will not only aid their city in advertising campaigns, but will boost West Texas as a unit.

LADIES OF GOLDEN CROSS IN DRIVE FOR LIBRARY.

The drive for the Clarendon College library is progressing rapidly in spite of the extremely warm weather of the past few weeks.

To bring Clarendon College up to the required standard for a Grade A College it was found her library must have an addition of some 2500 volumes. The Ladies of the Golden Cross were asked to undertake the task of raising the library up to the required standard of a degree giving institution. Plans were made and work began at once. The results locally have been very gratifying. Most every one whom the committee has been able to see have been very generous either with books or cash donations. Something over one-half of the required number of volumes having been secured to date.

It is very necessary this work be completed as soon as possible, as the state inspector will be here in the autumn to survey the library. The campaign will continue until the goal has been reached.

3,000 FINE BIRDS TO BE SHOWN AT WICHITA FALLS

Wichita Falls, Texas, Sept. 8.—Three thousand fine birds will be on display in the poultry division of the Texas-Oklahoma Fair in this city, October 2 to 7. Entries thus far received indicate this number of birds will be shown. It will be one of the biggest displays the Southwest will have ever seen.

SANITATION OF SCHOOL GROUNDS AND BUILDINGS.

With the near approach of school days, thought should be given by school authorities to proper sanitation of school grounds and buildings that the health of school children may be protected during the school term, stated Dr. H. O. Sappington, state health officer.

"No public school should be allowed to begin its session without first being put in a safe, sanitary condition, as insanitary school surroundings are not only a menace to the health of the children, but are also a menace to community health.

"Actual sanitary requirements for a school plant are: A safe water supply, proper sewerage and waste disposal and cleanliness of buildings and grounds. In rural districts and small towns where sewer facilities and common water supplies are not available, special attention should be given to making the local water supply safe and to providing sanitary toilets. Open-back, unsewered toilets are serious health menaces and under no condition should be allowed on school premises. Plans for approved types of closets may be obtained free of charge by writing your state board of health, Austin.

"Where the water supply of a school is obtained from a well, a pump should be provided, as a bucket and rope becomes contaminated from dirty hands, causing possible pollution of the water with disease organisms. A water-tight platform should be built around this well to prevent water contaminated with filth from children's shoes seeping through the ground into the well. Free analysis of samples of water sent by school authorities will be made by the state board of health."

REVIVAL AT CHURCH OF CHRIST BEGINS SEPT. 19.

A big revival meeting will begin at the Church of Christ Sept. 19th. John M. Rice of Abilene, Texas, will do the preaching, and H. P. Cooper, the local minister will have charge of the song service. You are cordially invited to attend every service and you can rest assured that you will not hear anything but plain, simple gospel preaching, and good singing. Come and bring your friends.

The regular services are as follows: Bible study Sunday morning, 10 a. m. Preaching and communion, 11 a. m. and 7:30 p. m. Prayer meeting Wednesday, 7:30 p. m.

"M" SYSTEM STORE TO OPEN FOR BUSINESS SOON

The opening of the new store in Clarendon, the "M" System has been delayed by the fixtures and the improvements to the building, but they state that their formal opening will be held on Saturday, September 18. The manager of the store is Mr. R. E. Duncan, who comes here from Memphis, and who will make his home in the back of the store for the present time. Mr. Duncan comes highly recommended and has been with one of the stores at Memphis. Mr. and Mrs. Duncan are well liked in Memphis and their future in Clarendon is bright.

Mr. and Mrs. Claude Wilson and family of Goodnight are new residents of Clarendon for the benefit of the schools. Mrs. Wilson is a new addition to the force of Hanna-Pope & Co.

"The Prisoner's Song"

REV. W. C. HILBURN, FORMER CLARENDON PASTOR, DEAD

"The Dallas News" of Saturday, September the fourth, carried news of the death of the Reverend W. C. Hilburn of Ft. Worth, who was pastor of the First Methodist Church of Clarendon twenty or more years ago, and who has many friends here who will grieve his going. Several of his children have attended Clarendon College and, with their father, are well known here. The following was clipped from "The Dallas Morning News":

Fort Worth, Texas, Sept. 3.—The Rev. William Charles Hilburn, 61 years old, pastor of the Boulevard Methodist Church, died Thursday morning at 1:30 at the church parsonage. Acute indigestion is believed to have been the cause.

The pastor had been actively engaged in conducting a campaign to raise funds for a new church and had spoken to a large gathering of his church members a few hours before he died.

Pending funeral arrangements, awaiting the arrival of relatives the body is at the Harrison-Cole mortuary. He is survived by his wife, Mrs. Mattie F. Hilburn; five daughters, Mrs. E. C. Bradford, Mansfield; Misses Lillian, Ruth and Thelma Hilburn, Fort Worth, and Mrs. Ray E. McClesley, Handley; three sons, H. S. Hilburn, Plainview; M. R. Hilburn, Lubbock, and Charles Hilburn, Fort Worth; three brothers, S. J. and J. P. Hilburn, Florida, and T. B. Hilburn, Turkey, and a sister, Mrs. Emmett Colver, Marion, Ark.

MR. WHITFIELD CARHART COMPLIMENTS "NEWS"

"The News" greatly appreciates the following letter, which was received this week from Mr. Whitfield Carhart of Greenville, a highly esteemed former citizen of this place. Dear Mr. Braswell:

I see from the wrapper that my subscription to the Clarendon News is to expire on the 10th instant and I am enclosing you check for \$2.50 for renewal of same for another year. I wish to say that we all look forward to the arrival of the paper each week, and read it with much pleasure. It always makes us homesick, but we love to know what our friends are doing. Clarendon is home to us and when my work is done here in Greenville, we will be happy to head towards the dear old town again where we hope to stay.

With kindest personal regards, I am

Yours very truly,
WHITFIELD CARHART.

A. M. BEVILLE, SR., REPRESENTS DONLEY COUNTY IN DEMOCRATIC CONVENTION

The democracy of Donley County is being represented at the State Democratic Convention in session at San Antonio this week, by Mr. A. M. Beville, of Clarendon, who will cast the county's vote in all deliberations of that body. Mr. Beville has been enjoying a vacation in South Texas for the past several weeks, and will return here for the winter, immediately after the close of the convention.

The latest news received is that Mr. Beville was honored by being named a member of the Permanent Organization Committee, representing the thirty-first senatorial district.

Mrs. G. O. McMurtry left this morning for Albany, Texas, and Abilene, where she will visit for a few days prior to her return to Montreal, Canada. Mrs. McMurtry was visiting here in the home of her sister, Mrs. H. L. Wilder.

DR. MORGAN PREACHES TWO SERMONS IN AMARILLO.

Dr. R. E. L. Morgan, new president of Clarendon College, made his first appearance in an Amarillo pulpit Sunday, when he preached two sermons at the Polk Street Methodist Church. "The Amarillo News" says that in spite of threatening weather the church was filled to capacity for both services, and Dr. Morgan was given a warm reception. According to a number of local people who listened to Dr. Morgan's sermon as it was broadcast over WQAC, he talked forcefully and delivered a message of unusual worth.

REVOLUTIONARY LEADERS WERE WELL EDUCATED

Twenty-three of the 56 signers of the Declaration of Independence were college-bred men, nearly all of them graduates, according to School Life, a publication of the Department of the Interior, Bureau of Education. Harvard was represented by 8; William and Mary by 3; Yale 3; Cambridge (England), 3; Princeton, 2; "Philadelphia," 2; Edinburgh, 1; Jesuit College at Rheims, 1. Sixteen others received "excellent" or "classical" education, one of them at Westminster School, London. Two obtained all their formal instruction from tutors.

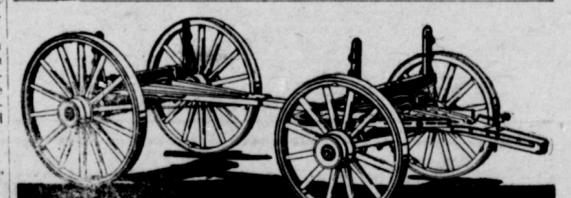

Mr. and Mrs. L. C. Parker, Jr., Misses Mattye and Abbye Parker, and Walter Parker spent last week in Perryton with Mrs. Parker's mother, Mrs. A. B. Wilson.

HANNA-POPE STORE AT MEMPHIS HAS A GOOD OPENING.

The new Memphis store of the firm of Hanna-Pope was formally opened to the public Friday evening. Between the hours of 7:00 and 9:30 music was furnished by an orchestra and refreshments were served to the many people who came to look at the new establishment and the new stock. According to Manager E. T. Pope of the Clarendon store, the opening was an unusual success and the store has been enjoying a good business since.

COLLEGE COURSES FOR PHYSICAL DIRECTORS

For training directors and teachers of physical education, four-year professional major courses leading to a bachelor's degree are offered in 92 State universities, colleges, teachers colleges and private institutions in the United States, as shown by a study made in the Bureau of Education, Department of the Interior, of 700 catalogues of higher institutions. Three-year special courses for teachers of physical education are offered in 22 teachers colleges, normal schools, and private institutions.

Farm Trucks for Every Purpose

The next time your high-priced wagon is in use and you have some hauling to do—remember we have, ready for your use, the style truck that will carry the load year after year, pull easily and prove a good investment.

John Deere Farm Trucks

In price, strength, draft and finish, John Deere farm trucks give exceptional satisfaction. They stand hard usage year after year because they are built right and in a factory that has an established reputation for making only the best wagons and trucks. The same careful workmanship is used in their construction as is used in the famous John Deere Farm Wagon. We can furnish these trucks with either wood or steel wheels.

We can also furnish farm wagons, boxes and shoveling boards, each and every one of which will give you full value in service.
