### Annual Clean-Up Dates Set May 15th To 25th, Inclusive

#### THIRTY-THREE COMPLETE HIGH SCHOOL AND ELEVEN FINISH IN COLLEGE WORK

**LARGE CLASS OF SENIORS TO APPEAR IN JOINT MEETING SUNDAY MORNING AT METHODIST CHURCH. COMING WEEK IS FILLED WITH ACTION AS CLASSES SWING INTO LINE FOR EXAMINATIONS AND LAST MINUTE EXERCISES.**

Graduates of all ranks will receive their diplomas in fitting exercises this coming week as the term of school for the present year is drawn to a successful close. Eleven students have satisfactorily completed their work in the Clarendon Junior College; thirty-three have done as much in the Clarendon High School and a large number have finished with the Junior High School. A detailed program for the presentation of the diplomas and the other programs will be found in other parts of this week's paper.

The exercises proper will start with the morning service at the Methodist Church, Sunday morning, May 12th. Rev. Robt. S. McKee will deliver the baccalaureate address to all the classes combined at that time.

Monday evening there will be students recital presented by the Fine Arts Department of the college and High School. The public is invited to this event. Students of Misses Rita Foster and Helen Martin will hold the center of attraction at that time. This program is to be held in the College Auditorium.

The Senior Class will present their play on Tuesday evening. A small admission charge will be made for this event, the proceeds to go into the Senior fund. The class has been working steadily on this task for the past two weeks and will have a presentation that will be much pleasing to those who attend. A good part of the members of the class will have parts in the play.

The College graduation exercises will be held in the College Auditorium on Wednesday evening, May 15th. A slight change has been made in this program, but it will be of great interest to many of Clarendon's people. This program will also be held in the College Auditorium.

Senior Night has been set aside as Thursday, May 16th. At this time the usual and varied programs seen on events of this nature will be presented. The Class Will is to be read and the prophecy will be cast. This will be one of the very interesting programs of the week and will be held in the College Auditorium.

The crowning day of the week will be that of Friday, May 17th. At 10:00 o'clock in the morning, the Junior High School Commencement exercises will be held in the College Auditorium. The initial appearance of the valedictorian, Isla Smith, and the salutatorian, Frankie Sewell, will be had. Judge J. R. Porter will make the address of the morning and the program will be concluded with the presentation of diplomas by Superintendent H. T. Burton.

The evening of May 17th will see the close of the Clarendon schools for the year. The thirty-three seniors will receive their diplomas and the various awards that go to the high ranking students at that time. The address of the evening will be given by Rev. S. R. McClung and the diplomas will be presented by the Vice President of the school board, O. C. Waston. This program will be held in the Methodist Church.

Detailed programs for all the events will be found in other parts of the News.

**CLARENDON LIONS GO TO SAN ANGELO MEET**  
Eight Clarendon Lions are in San Angelo today for the District Convention of the Lions Clubs of the state. This convention convened today and will last for two days with the best estimated to be one of the best delegations in attendance that has ever gathered for a meeting of this nature. Lions O. C. Watson, A. L. Chase, C. J. Douglas, G. L. Boykin, J. T. Patman and Sam M. Braswell left early Wednesday morning for the meeting place and were joined by Homer Mulkey, who was in Dallas the fore part of this week at a meeting of the Motion Picture Theater Owners of Texas. Mrs. Braswell accompanied them to Rotan, where she stopped for a visit with relatives.

#### Local Entries Lose In Meet at Austin

Both Miss Abbye Parker and Billie Dillard failed to show up to their usual form at the State Interscholastic League meeting held last Friday and Saturday at Austin. Each of them were off their usual form and although both went into the finals, neither of them were able to make a place in the meet.

Miss Parker made 43 words per minute in her typing, falling far below the record set at Childress, when she made 57 words per minute against the competitor in the district. The winner of this work made 61 words per minute. Miss Parker finished fifteen in a large group.

In the track events, Billie Dillard was up against stars from all parts of the state, there being fifty entrants in the events in which he competed. Billie finished in the last group of fourteen, with a new state record being set in the high hurdles of 24.4-5 seconds. The low hurdles were made in 15.4-5 seconds.

Clarendon entrants were accompanied by J. G. Hutton.

V. Finch of Manton, Oakham, England, is here for a visit with friends and to look over his interests in this county.

#### MRS. THOMPSON NAMED SATURDAY

**NEW HEAD TO ASSUME DUTIES OF FEDERATED CLUB PRESIDENT SOON.**

A meeting of the Donley County Federation of Women's Clubs was held in the Club Room in the City Hall last Saturday afternoon and the proposition of the election of a new president took the center of attraction. Mrs. J. A. Thompson of Lelia Lake was elected to this position, taking the place of Mrs. Alva Simmons of Hedley, who was first elected and who later resigned the office.

Mrs. Thompson is a woman of wide experience in club work, having been connected with the county federation in Dallam County and being almost entirely responsible for putting the first County library in the state of Texas across.

The matter of a series of entertainments with the Clarendon band featured was brought to the attention of the federation, each community to present a stunt at the time of each event and a prize to be finally awarded for the best stunt. This was put before the organization by G. L. Boykin of the Chamber of Commerce and was well received, much enthusiasm being shown by representatives of the clubs present.

The next meeting of the Federation will be held in Hedley on the First Saturday in July, this date being July 6th. The women of the county are urged to make their plans to attend this next meeting of the federation.

#### MR. AND MRS. W. H. SMITH FIFTIETH ANNIVERSARY

The fiftieth anniversary of the marriage of Mr. and Mrs. W. H. Smith was very quietly celebrated by this couple in their home in East Clarendon last Wednesday. Mr. Smith came into the office of The News and stated that a big celebration had been planned but the illness of his wife for the past several weeks had forestalled any large preparations, so that the day was quietly spent at home. This young couple was married fifty years ago in Williamson County, Texas, at four o'clock on the afternoon of May 8th. They are receiving the congratulations of their many friends in this community.

Parts of the engine were found broken off and on the side of the car opposite their regular habitat and a number of freakish things have been located about the car.

#### 33 CARS HOGS ARE SHIPPED THIS YEAR

**W. B. MAYFIELD SETS RECORD BY SHIPPING NEAR TWO CARS WEEKLY.**

What is believed to be a new record for the shipment of hogs from Donley County to Los Angeles, California, has been set by W. B. Mayfield of this city. Mr. Mayfield has shipped almost two cars of hogs weekly since January first and stated the latter part of last week that he had five or six more carloads to be shipped in the next few weeks.

This source of revenue is one that the Donley County farmer overlooked for quite a considerable length of time, but which has almost come back into its own since the markets have been so satisfactory in the past five months. Mr. Mayfield states that he has some men in the county who furnish him with more than two cars yearly and that a number of them sell him one or more cars in this same length of time.

The average price received on each carload of hogs has been \$1,900, which would bring the rough totals to a figure approximating \$62,000 which has been received by the hog raisers of the county in a space of four months time. The exact figures on the receipts from this source are \$69,717.00. The cents were not figured in on the carload shipments and would possibly bring the figures to something more than this amount.

Mr. Mayfield stated that he was securing the greater part of his hogs from the eastern end of the county, the Hedley and Lelia Lake neighborhoods running more to this direction than were the communities surrounding Goldston, Clarendon and Ashtola. Mr. Mayfield further stated that the quality of the hogs for the county was improving generally, but that the better grade of livestock was being bought from the section of the county nearest Clarendon.

#### Sunday Dinner For Faculty and Board

The members of the Clarendon Independent School District School Board and their wives and the Clarendon College faculty were the guests last Sunday noon of Mrs. John Vineyard, in charge of the Clarendon College dormitory boarding department. The forty guests were assembled in the dining hall and were served with a very excellent meal that was greatly enjoyed, according to one of the members of the board.

An impromptu program was staged in which everyone had a part. The event was staged as being one of the last opportunities of the year to have these folk as guests at one time and was one of the most enjoyed occasions of the entire school year.

Miss Mantie Graves visited friends in Amarillo Sunday.

#### GRADUATES of 1929

Again we have the privilege of extending to a group of new graduates our sincere welcome to the life of greater opportunity which lies beyond the doors of school life. As they enter into this new life, as they put to practical use the training which they have acquired through days in school, we know that they will do their share toward making this community their community in fact as well as theory.

The business and professional men, on other pages of this issue, extend to you, our graduates, their word of welcome, and with it an earnest urge for each and every member of this year's class to remain here, entering the business and social life of this community with the idea of making it a greater and better place in which to live.

Miss Anna Morris has returned from Dallas where she spent the winter.

#### Masons Improve Meeting Place

The Masonic Lodge Hall has received some attention at the hands of the workmen during the past few weeks and will be a revelation to those who have not been to the hall for some time. A leaky roof had caused the plaster to fall from the ceiling in a number of places, leaving unsightly appearing spots here and there in the structure. The plaster and lath was removed from the ceiling and a new metal ceiling was substituted, removing the menace from this part of the building for all time to come. The ceiling has been painted an attractive color and is pleasing. In addition to this work, the walls have been refinished in a pleasing shade of green which will not rub off when one chances to touch the wall.

The windows of the place have also been repaired and the exterior woodwork and the screens have all received a coat of paint. The entrance door on the south side of the building has also had attention at the hands of the mechanics and presents a changed appearance to the visitor to the hall. Other improvements may be put into effect in the near future although the date has not yet been set for this work.

#### DRILLING PROCEEDS CASING IS RESET

**QUICKSAND IS PASSED AND DRILLING PROCEEDS ON MARINE TEST.**

Late difficulties encountered in the work on the Marine Oil Company test have been passed after a week of delays caused by the casing freezing in the hole. The casing was slit and a drill run down alongside to free the pipe. When this was done, the casing was pulled and the broken piece removed and a new piece was inserted and the work is now proceeding as if nothing had interfered with the work.

The man who was injured in the accident at the well some two weeks ago is recovering and is back on the job at the well. There is little to report except that the progress of the drilling is now satisfactory and that some details will be ready for release within the next few hundred feet of depth in the well.

Mr. Maupin stated that nothing was expected until they had reached a depth of from 1,200 to 1,700 feet, but that releases would be made as soon as this depth was reached. Amarillo folk are becoming interested in the test and are watching it with considerable interest. Some of the oil men of that city state that here will be a big new field north of Clarendon in the next sixty days, while others are more content to watch for developments before they make any statements.

#### ENGLISH VISITORS HERE SEE J. A. RANCH—OTHERS

A. K. Brown, hanker of London, England, nephew of M. K. Brown of Pampa, and his chum, Donald Sibley, also of London, were in Clarendon the fore part of this week. Mr. Brown of Pampa was here with them and took a great deal of interest in showing them the real workings of the J. A. Ranch and other places that would be likely to attract their attention in this section of the country. They are on their return trip from a tour of considerable length and came by here to see the ranch and to visit Mr. Brown. They plan to start on their return trip the latter part of this week.

#### BOOK SHOWER AND TEA IN CLUB ROOM SATURDAY

A book shower for the library in the Women's Club Room in the City Hall is to be held Saturday of this week. Everyone is invited to attend and every club member is asked to bring a book to be added to those already in the library. The place will be open from 2 to 7 o'clock and tea will be served during the time the place is open.

Miss Anna Morris has returned from Dallas where she spent the winter.

#### ASHTOLA SCHOOL CLOSED ON FRIDAY

**THREE GRADUATE FROM HIGH SCHOOL AND ELEVEN FROM SEVENTH GRADE.**

Graduation week for the Ashtola school ended last Friday evening with the commencement exercises. Two programs of great interest had been presented on Wednesday and Thursday evenings and the commencement program and presentation of diplomas and certificates brought the school to a close for the present year. The school this year has been in the capable hands of Mr. and Mrs. Lee Nowlin, Miss Ola Mae Watts, Miss Isabel Baley and Mrs. Harve Smith. Under their guidance the school has shown some of the best work that has ever been done and they have all been re-elected to their positions. It is not yet learned if they will accept.

The first program was one given entirely to the elementary grades of the school, from the beginners up to and including the seventh graders. They were presented on a stage decorated with yellow roses and cedars with the seventh grade forming the background for the parts given by the smaller youngsters. The various addresses of the seventh grade class were given on this occasion, the house being filled to capacity at this time.

On Thursday evening, Gypsy Operetta and a one-act play were presented by the High School students under the direction of Mrs. Louie Merrell. Again, the school auditorium was packed with a capacity attendance and the presentations were received with much enthusiasm and appreciation.

On Friday evening the school was officially closed with the presentation of the program as outlined here. Rev. W. M. Murrell, presiding Elder of the Clarendon District pleased the class and the gathering with his address and the other parts of the program were as pleasing as this had been. Diplomas were presented to three High School seniors, Misses Vera Johnson, Lavera Poovey and Jessie Swinburne. Seventh Graders to receive their diplomas are: Lotta Mae Harp, Stanley Johnson, Hubert Rhoades, Evelyn Jones, Loyd Hemelstrand, Glenn Drennan, Thelma Irwin, Ruth Caldwell, Marti Mason, Ruby Lee Mason and Walter Brown.

The following is the program presented on Friday evening:  
Invocation—H. W. Lovell.  
Welcome Address—Jessie Swinburne.  
Address to the Faculty—Lavera Poovey.  
Piano Solo—Mrs. L. B. Merrell.  
Valedictorian—Vera Johnson.  
Address—Dr. W. M. Murrell.  
Presentation of Diplomas.

#### MAY 15 IS FINAL DATE FOR ENTRY

**YARD CONTEST COMMITTEE EXTENDS CLOSING TIME TWO WEEKS.**

The yard contest entrance dates for the 1929 contest have been definitely set back for two weeks to allow those who were not quite ready to get their names on the list for some one of the many prizes that will be offered this year. The last issue of the News gave the impression of the committee as regarded the contest, but that had not yet been decided on the final entry date. This date now stands at May 15th and all entries must be in by that time or they will not be listed.

This year, the winners in the contest in Clarendon have the opportunity of entering the national contest and some one of the many prizes offered may be brought to Clarendon. Stone seats and like ornaments are being offered as prizes in the national contests, some of them being of elaborate construction and splendid appearance.

Winners of previous contests will compete in the local contest this year, but will be in competition with winners in the national events. Prizes for the three classes have not been selected, but will be chosen in a short time by the committee named for this purpose.

#### DATES FOR ANNUAL CLEAN-UP ARE SET

**CITY TO HAUL TRASH IF OFFICE IS NOTIFIED OF LOCATION.**

Dates for the annual clean-up for Clarendon have been officially set this week for the period of time from May 15th to 25th, inclusive. The proclamation of Mayor H. W. Taylor calling these dates to the minds of the people of the city is found in this issue of the News.

Mr. Taylor stated that the lateness of the call for this clean-up was so placed to allow a cessation in part of the strong winds that tend to muss ones place up even after the cleaning process has taken place. After the very thorough-going clean-up that took place in Clarendon last year, Mr. Taylor stated that the town was in an excellent condition and that very little cleaning would be needed this year as compared to other years when the clean-up was not so well followed.

The City will have sufficient wagons to care for all the trash that may be accumulated and will be pleased to haul this rubbish away if the city is notified of its location. The ten day period will be found sufficient to meet the needs of everyone if the time is used to the best advantage.

In addition to the usual manner of cleaning the city, Mayor Taylor has set aside May 17th and 18th as Boys' Clean-up Days. Immediately following the close of school on Friday afternoon, the boys will be paraded through the business section of the city, led by the band and accompanied by the Fire Truck and such other cars as may wish to enter the parade. They will be divided into four sections each section taking a quarter of the city and will clean their respective quarters thoroughly. Further details will be announced next week.

#### Scout School Is Started Tuesday

The school training scout workers of the City of Clarendon started here Tuesday evening with a very small attendance. The parish house of the Episcopal Church was used as the place of meeting and the initial program was started with the organization of the body. A list of names was compiled and these men will be seen and an attempt will be made to secure them to attend the school during the coming Tuesday evenings.

The school is to be a practical demonstration of scout work with men as the subjects instead of the boys. All men who are interested in boys, whether they have boys of their own, or if they care to work up with their boys, are asked to enter this meeting and take some part in it. The sessions will be held from 8:00 o'clock to 9:30 and no later, so that the evening will be well spent. Everyone has an invitation to attend.

#### TROOP ONE INITIATES NEW SCOUTMASTER TUESDAY

Rev. Henry Taylor, pastor of the First Christian Church of this city was duly initiated as scoutmaster Tuesday evening of this week when Troop No. 1 made a trip to the river for their usual weekly outing. The cooking and Fire Bed Tests were passed by the boys in the second class, this being a part of their required work. R. E. Drennan and Kenny Lane accompanied the boys.

Rev. Arthur W. Jones of Memphis, now conducting a series of revival meetings at Hedley, was a Clarendon visitor the fore part of this week, making a call in the News office while in the city.

Judge J. J. Alexander returned Monday from Dallas and Fort Worth, where he had been for a visit with his sons, Grady and Clark. Grady has recently removed from Kansas City and is opening a furniture store in Fort Worth. Judge Alexander states that the farmers in that section of the state have nothing in the world to look forward to as their fields have been left to grow up in weeds and Johnson Grass.

PANHANDLE PRESS ASSOCIATION

City and rural schools are in the midst of the final activities of the school year, and in a very few days will turn from their halls a new crop of seniors, with all the optimism and color that the name implies. Many will pursue further their education, while others will call it square and begin life with the knowledge they possess. The News would like to urge that where possible at all the seniors of our schools make every effort to go still further in their quest of education, for the coming years will put still greater premium on the boy or girl with advanced scholastic standing. But, if higher education is not to be had, we would point the attention of the pupil to the fact that it is possible to make a success in life in spite of such a handicap. Success, however, will be found only by close application, hard work and continued study. In this life we never get to the point where we may leave off study and work, if we hope to continue to grow and expand. Let our seniors remember the examples of such great Americans as Jackson, Lincoln, Edison, Franklin, and a hundred others, who, denied the advantages of school, overcame the handicap, and did it by extra application, continued study and unremitting work. It can be done!

One of the prettiest railroad scraps is about to entertain the country at large. The Rock Island, the Santa Fe and the Burlington lines are coming to grips in their conflicting plans to occupy the territory in the Eastern Panhandle of Texas. From our point of view, it seems to us, that the Burlington (or Denver) certainly has the right of way insofar as the proposed line North from Childress is concerned. For years they have openly declared their intentions to build such a line, when conditions would warrant. The Santa Fe has had pretty much their own way in the complete covering of the South Plains country, and the Rock Island has likewise had their way in reaching down out of Kansas into the rich Upper Panhandle. Very likely there will be some "horse-trading" before the issue is settled, but until that day there will be on display all the cunning and diplomacy that astute-rail executives and officials can bring to bear. The fight is on in earnest.

Just a few weeks ago The News editor received an autographed copy of J. Evetts Haley's new book, "The X. I. T. Ranch." Having just finished reading the book, we desire to say that no editor in the Panhandle should be without the book in his library. It is one of the most complete histories of the development of the Panhandle and the evolution of this section from a ranching to an agricultural country, accompanied with the color and atmosphere of the adventurous, hardy days of the past three or four decades. Mr. Haley has contributed much to the preservation of the intimate history of the Panhandle in his book, and it has an appeal that every lover of this section will not fail to appreciate.

Citizens of Clarendon can easily make the mistake of being so engrossed in the building of their own business plans and personal objectives, as to fail to make provision for little breathing spots about town—city parks, not necessarily large and expensive, but accessible to the public. It is very probable that in the next decade natural growth of the Panhandle and Clarendon will see quite an addition to the population of our city, and a corresponding increase in the price of city property. This means that the need of a city park or parks will be augmented and that it will cost more to get it. We ought to give a little time and thought to the needs of today and tomorrow, and be forehanded in our plans.

Nearly any move in America must be measured by the attitude of the great middle class of citizenship, which now as always is the bulwark of the nation. In Clarendon, in the Panhandle, in Texas, there is probably a greater percent of the so-called middle-class than in any other section of the country, therefore the reactions of our people here on any personal proposition is a fair indication of what the country at large will think and do. Abe Lincoln said "the Lord must love the common people, because he made so many of them," so we all should be honored to be included in the great majority who so mightily control the thinking and doings of America.

Members of the Clarendon school board of trustees are anxious to discuss the problems of the junior college with the taxpayers of this and other school districts in the county. They will appreciate your expression on the matter, no matter what your views. Give them the benefit of what you think.

Every time a home maker produces a better and more cheerful living room she has contributed largely to the happiness and success of that home. Environment very largely types the mental attitude and moral standards of people. Better rooms make better homes. Better homes make better people.

And then, while we are busy with so many other items, we must not forget the need of at least a temporary airport. The era of air traffic is upon us and the city that lags in providing for its development, is slowing its own progress.

## The Town Doctor

(The Doctor of Towns)

### MOTOR TRAFFIC VERSUS FACTORY PAY ROLL

There is no denying the value of factories to any community. New industries and more industries should be constantly strived for but many cities overlook or fail to recognize the real value of automobile traffic.

There are thousands of cities and towns with a population of from 10,000 to 40,000 with an average of 25,000 tourist cars per week (cars more than 100 miles away from their home garage.) The potential cash value of 5,000 such automobiles per week amounts to an average of \$26,000 per town, regardless of the size of that town. The business secured from this mode of traffic is good business; the money is good money. Merchandise purchased by those comprising the motor traffic is always cash transactions; goods once purchased are seldom, if ever, returned or exchanged, and there is less overhead per individual sale. But it is not only the amount of business or the amount of money that is to be considered when a comparison is made with factory pay roll.

Thirty per cent of a factory pay roll is spent outside of the town through purchases made by mail, going to the next nearest large town to purchase, and other known practices that keep the earned cash out of local circulation. It has been stated that a dollar outside money is worth one dollar and ten cents of inside money. Therefore, a town located on a highway, or highways, that carry an average weekly traffic of 25,000 cars, has in that traffic a cash asset equivalent to a factory in the town with a pay roll of approximately \$2,000,000.00 annually.

It is true that factories bring new people to a town, but so do highways; in fact, 20 per cent of the motoring public is in the market for or can be sold a new location. The publicity value obtainable from the average factory that can be secured is nothing compared to the publicity and good will that can be obtained through the motorists.

In the past, cities, communities and towns have offered all sorts of concessions and inducements to obtain new factories and no doubt there will be many towns that will continue to do so. There are many communities who lay claim to the fact that they will not offer concessions, but in most cases, the temptation is too great, it seems, and when it comes to the point that some other town in the immediate locality offers a bonus to secure a new industry, other towns do likewise; in some towns it is the purchase of stock, others the furnishing of a free factory site, free light, water or power, but in practically all cases, there is some inducement of a bonus nature that is offered.

There is a town in one of the central states that recently raised \$100,000 and donated it to a shoe manufacturer with a pay roll of \$1,000,000.00 in ten years. Figure the percentage paid for the business, with no guarantee that the business of this particular concern would not slump, the factory thereby being closed, or that any of a dozen other things might and could happen.

This same town had a motor traffic the value of which, on a comparative basis, exceeded this ten-year pay roll every year. Yet, there never had been any attempt to capitalize on it—business which was at their very door—a virtual gold mine that required only initiative and exercise of the mind to be turned into a reality.

Every city and town in the country has diligently worked, connived and maneuvered to get hard roads, but after getting them, many are sitting back with their hands folded across their laps, apparently blind to the "acres of diamonds" that these roads have made possible. This may be likened to a merchant working overtime for weeks to prepare for a gigantic sale, expending thousands of dollars in advertising to induce the people to come to the store on a specified day, and then failing to open up on the morning of the day designated.

If your town is not getting its share of this business, the reason lies within your town—it may lie with you. If your community is not getting more than its share, it is because you and your town are not going after it.

Business from motor traffic is not hard to get. Apply the same principles that a modern merchandiser applies to getting business for his store and the results will be satisfactory. It is a problem of modern business, and modern business is a problem of selling.

Your town may not have a traffic of 25,000 cars per week, but half—even one-fourth of 25,000 cars, is traffic enough to make it well worth your while to do something to get it. Get sold on the place where you live and then sell it to every motorist that travels through your community.

This Town Doctor article, one of a series of fifty-two, is published by The Clarendon News in co-operation with the Clarendon Lions Club.

### GOOD DAIRY BULLS A SOUND INVESTMENT

College Station, May 6.—There are now 150 regularly organized dairy bull circles in Texas, and the number of registered bulls in these associations is 700, according to a recent estimate of J. L. Thomas, dairy specialist in the Extension Service. New circles are being formed practically every week, and good bulls, aside from those in circles, are being rapidly introduced into the growing dairy herds of the state, he says. Last year county agents reported more than 2,000 pure bred bulls placed on farms, and during the last six years 5,085 registered dairy sires are shown to have been purchased by farmers or groups of farmers.

"The dairy business can be overdone in Texas," Mr. Thomas believes, "especially where farmers who are just learning expand the business too rapidly, buy too many high priced cows or fail to raise sufficient feed and pasture crops. But there is little danger of overdoing bull circles for this means better cows, cheaper milk and higher profits at the least expense."

In buying dairy bulls he suggests that only those from tested herds be bought so that the production records of dams be known. Otherwise the buyer is forced to take a chance as to the increased production of the daughters. It is not necessary to run such a risk for sires from proven dams are available, and although they are usually double in price they are worth the difference.

Revs. McClung and McKee were among the early fishermen Wednesday, May 1, going to Lake Childress and proving their sportsmanship by defying the cold all day long.

Miss Rita Foster went to Amarillo Friday.

### STORM MONTH

April has been termed the storm month and you read in the daily papers of damage being done over the country by storms and tornadoes. The next one may be in Donley County. See that you have this protection at the small cost of 20c to 40c per hundred and be prepared when it comes. Better check up on your fire insurance and see if you have plenty to cover your loss in case of a fire—very few have enough protection on their household effects—you have been adding new furniture, radios and other musical instruments, perhaps and have failed to increase your insurance.

See us for Insurance of all kinds and bonds.

# Learn the Lesson of Thrift

The truly educated man has learned this important lesson. He knows the value of putting money aside for a rainy day. He knows the danger involved in making no provisions for the future.

Saving money is as important as earning money.

It is essential to be protected against emergency.

Start an account today—one dollar will do it.

It will be a great comfort to you to know that you have a nest egg stowed away for the future. It will make you happier.

**How to Raise Poultry**  
By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

**LET US SPRAY**

**Kill the Vermin or the Vermin Will Kill Your Profits—Fowls That Are Free From Vermin Lay Better and Resist Disease More Easily.**

Not long ago I was asked by an amateur poultry raiser, whom I know slightly, if I would look over his flock and see what made them so droopy, spiritless and unproductive. They were "all outa pep" was the way he put it. It took only a moment's examination to disclose the reason for this undesirable state of affairs. His hens were just about being eaten up by chicken lice.

I asked to see the hen house and what I saw was what is all too often seen. An old roughly built shed had been hastily converted into a hen house. To say there were ten thousand hiding places for vermin would be a most conservative estimate. No attempt at sanitation or disinfection had ever been made. Ancient table scraps in various stages of decomposition proved attractive tidbits for myriads of flies. Mouldy straw lay about on the dirt floor, and dropping boards being something this chap had never heard about, the droppings served to still further befoul the already disgusting litter. In short, if I had wanted a particularly horrible example of anything one should not do in poultry raising, I could have found it here. I really marvelled that the poor birds had been so lucky as to suffer nothing worse than their painful burdens of lice.

Turning to my acquaintance, I said: "Charley, there are a lot of things that ought to be done here, but I have a little story that will help you remember one of the most important." Then I told him that story about the mother skunk and several of her little ones who were being pursued by a hunter. The hunter gained ground quite rapidly, which alarmed the youngsters not a little. "Just be patient, children," admonished the mother. "I'll tell you what to do when the time comes." The hunter continued to gain, and finally the mother called a sudden halt. As the hunter, seeing success at hand, plunged boldly forward, the mother skunk remarked calmly and confidently, "Now, children, let us spray!"

Of course, the first thing to do was to make a thorough clean up of the whole place. Then, a strong solution of Dip and Disinfectant was sprayed into every crack and crevice. Lime was dusted liberally over the dirt floor in order to neutralize its sour odor and make the place still more uncomfortable for lice, mites, bedbugs and other insect pests. Then the hens were dusted well with Lice Powder to kill the parasites on their bodies, and the dusting was repeated in seven days time. Now, whenever I meet my friend, Charley, he invariably greets me with a gesture which indicates the manipulation of a spray pump and with an air of mock piety exclaims, "Doctor, let us spray!" He also has a tale

to tell of a reborn flock that is taking a new interest in life and actually seems to be trying to make up for the time they lost before Charley learned his lesson.

While this case was an extreme one, the same story is being enacted many times over and not always with a happy ending. With proper construction of houses and equipment, proper sanitary arrangements and an occasional clean-up and disinfecting campaign the problem of vermin is seldom encountered.

Where these three points are not observed, however, vermin take their toll and profits suffer with the poultry. Lice, fleas, mites, bedbugs and many other pests in infinite variety either suck the life blood right out of their unwilling hosts or cause almost unbearable irritation. In either case, the fowl is seriously weakened, and the various bodily functions, including that of egg laying, are seriously hampered. Furthermore, while parasites are seldom directly responsible for death, except in cases of extreme neglect, they do often sap the vitality to such an extent that fowls become easy prey to disease.

These pests are preventable. It is no disgrace to have them show up on your premises, but it is a disgrace to let them remain. Not only that, aside from humane considerations which are too plain to need emphasis, it is mighty poor business to take a cut in the profits of any business when the cause of such a cut can so easily be removed.

(Copyright, 1929 by Dr. L. D. LeGear, V. S.)

**WAS DISCOURAGED ALMOST GAVE UP**

**"I WASN'T ABLE TO WALK UP STAIRS WITHOUT FALLING, BUT ORGATONE HAS RESTORED ME TO HEALTH WHEN ALL ELSE FAILED," SAYS AMARILLO WOMAN.**

"I actually believe Orgatone saved my life, for it pulled me up when I was nearly past going, and I feel better than I have in several years," said Mrs. Vina Neel, residing at the King Hotel, Amarillo, Texas, while talking with the Orgatone representative recently at the City Drug Store.

"My stomach got into such an awful condition," she continued, "that everything I would eat caused gas to rise and press against my heart that I felt as if I would smother to death. After eating I would turn sick at my stomach and get so dizzy I would nearly fall, and everything I had eaten would come right up, sour and undigested. My sleep was very restless and broken and I hardly ever got more than three hours any night. I was constipated, took laxatives all the time. My limbs would get numb and then again I would tingle all over, and would feel like needles sticking in my flesh. My fingers would get numb, and I thought it was poor

**NOW BUILDING SUPERHIGHWAY AT WASHINGTON**

**MT. VERNON MEMORIAL PARKWAY TO BE THOROUGHLY MODERN; ON 200-FOOT PATHWAY.**

BY E. E. DUFFY.

The newest contribution to the growing exhibit of superhighways and parkways is the Mt. Vernon Memorial Highway, between Washington and Mt. Vernon, Va.

Chief among the requisites of such a parkway in the modern sense, is an adequate right-of-way. The Memorial Highway will be placed on a strip of land 200 feet wide. At first a 40-foot pavement will be constructed, with additional hard surfacing to be laid later when traffic demands it. The roadway will be more than 15 miles long.

Grade intersections with railroads and all other heavily traveled roads will be entirely avoided by means of over-passes and under-passes. Further insurance against accidents will be given by the establishment of well-kept dirt shoulders extending ten feet on either side of the pavement.

Another modern note will be struck in the construction of seven or eight ornamental bridges.

"I was extremely nervous, and had sick headaches, and felt so miserable all the time. I wasn't able to walk up the stairs, without falling. I became discouraged, over my failure to get relief, that I grew despondent, and almost gave up hope.

"I saw where Orgatone had helped so many people and saw it advertised in a drug store, in Missouri, and decided to try it. I am completely relieved and feel like a well woman in every way. My digestion has improved and I eat anything I want without suffering afterward. I'm not nervous and sleep fine every night and the gas, dizzy and bloating spells no longer bother me, and I want you to know that I have tried all kinds of medicines and treatments. I have even gone through clinical examinations and to no avail, and I want you to know that only Orgatone has brought me out of it.

All my troubles are over and I am thankful and grateful to Orgatone, and I know it will help anyone suffering as I was."

Genuine Orgatone may be obtained in Clarendon at the Stocking Drug Store.

These are to be built to a width of 60 feet which will preclude traffic jams and accidents common to narrow structures.

By means of fast moving machinery, the highway will be completed by 1932 in time to be dedicated at the celebration of the two hundredth anniversary of the birth of George Washington. Work of preparing the roadbed has already started.

Landscaping will progress along with the construction work, so that shortly the builders will have achieved their purpose of making the Memorial Highway one of the most beautiful in the world. Neat parking places will be provided between the highway and the Potomac river.

The Mt. Vernon Memorial Highway will be the result of fifty years of planning. Linking together Washington, Alexandria, Washington's "home town," and Mt. Vernon, it will serve as an admirable monument to the First President. Interest in this historic corner of Virginia has been increasing extensively each year, along with the growth in touring.

**LOW RATE FARES FOR FARMERS SHORT COURSE**

College Station, Texas, May 5.

Co-operation of Texas roads through special rates in bringing the crowds to the twentieth annual Farmers Short Course at the A. & M. College of Texas this summer, to be held the week of July 29, is assured, according to H. H. Williamson, vice director and state agent of the Extension Service under supervision of which the short course is held. A rate of one cent a mile in each direction has been announced by the Southern Pacific Lines and other roads are expected to make attractive rates also, he said.

Plans are under way here for taking care of the largest attendance in the history of this state-wide farm gathering. Last year's attendance numbered 5,000 of which one-third were boys and girls. Authorities at the college expect facilities here to be taxed to the limit during the coming gathering.

Instruction to be offered will follow much the same lines as in the past, courses to be available in field crops, gardening, horticulture, poultry raising, dairying, general live stock, insect and disease control, clothing construction, nutrition, health and sanitation, interior and exterior home improvement and marketing. Specialists of the school of agriculture, agricultural Experiment Station and Extension Service will have charge of the various programs with the aid of a corps of authorities invited from other Texas institutions and from other states.

Misses Orville Headrick and Lela Clifford, teachers in the Wichita Falls schools, were at home over the week-end.

**NATIVES OF MEXICO SEE FIRST AUTOMOBILE**

A new kind of machine was seen recently in Atoyac, Mexico. Natives of the Pacific Coast town viewed this modern invention with a great deal of curiosity. It was an automobile.

General Rafael Sanchez, commander of the State of Guerrero, drove a Model A Ford Phaeton across country from Acapulco to Atoyac, over land so rough that none had made such a journey before. He sent this wire to R. Z. Martinez, Ford dealer at Iguuala:

"For your pleasure please be informed that the Ford car I purchased from you is the first automobile that has ever reached this town, where there are no roads at all and the land is strewn with rocks and soft sand. Motor in perfect condition after terrible test. Small native towns along path regarded first automobile with positive wonder."

Snyder's air-mindedness is growing with the arrival of the first home-owned plane, a Curtiss-Robinson Monoplane with OX-5 motor (90 horse-power), for the nearly completed airport. The port is unique in that it has such equipment that pilots and passengers need not leave the field to eat or sleep.

**Greater Productive Efficiency— Lower Cost!**

THESE are vital factors to the manufacturer who is planning to move his factory away from congested centers of population.

—Widespread power distribution and improved transportation facilities have fitted the smaller cities and towns for industrial purposes. Where living costs are lower, a lower wage scale is as effective as high wages in the large cities. Where living conditions are pleasant and home owning within the reach of moderate incomes, workers are conservative, productive, permanent. Where getting to and from work is unhurried and uncongested, valuable human energy is conserved.

THE cities and towns of West Texas have all these advantages to offer. With its 70,000 horsepower of electricity available, its three great generating stations and 15 auxiliary plants, this company insures industries abundant, uninterrupted service, similar to that enjoyed in the great metropolitan cities.

Davis-Burson

One of the loveliest weddings of the season was that of Miss Jessie Burson, eldest daughter of Mr. and Mrs. J. R. Burson, and Mr. Clifford Davis, son of Mr. and Mrs. W. K. Davis of the Sunnyview community, which was solemnized at the home of the bride's parents, Saturday afternoon, May 4, at 4 o'clock.

The rooms were most beautifully decorated in roses for the occasion.

The bride, becomingly dressed in blue georgette, came in on the arm of the groom to the strains of Lohengrin's Wedding March, played by Miss Geraldine Kelly, and the ceremony was performed by Rev. McClung, pastor of the First Baptist Church.

After the ceremony, the guests were invited into the dining room where the bride's cake was cut and served with an ice course, and where the many handsome and useful gifts to this popular young couple were on display.

Mr. and Mrs. Davis left immediately amidst a shower of rice for a two weeks trip to Dallas and other points, the first stop being at Childress.

Both young people are well known and liked here, having spent the greater part of their lives in this part of the country. Mr. Davis is a valued employee of the First National Bank.

Besides the immediate families of the bride and groom the only other guests were Mr. and Mrs. W. H. Patrick, Misses Katherine and Elgin Patrick and Geraldine Kelly.

**Jessie Burson Honored With Shower Thursday**  
Mrs. W. H. Patrick, assisted by her daughters, Misses Katherine and Elgin Patrick, entertained with a miscellaneous shower Thursday afternoon, honoring Miss Jessie Burson, the bride-elect of the week.

Music and conversation were enjoyed for a time then the numerous gifts which filled several baskets, were brought in and placed at the feet of the bride-elect, which she opened amid exclamations of admiration. When all the packages had been duly inspected a delicious ice course carrying out

the pink and green color scheme, in which the house was beautifully decorated. Pink roses were the main theme in the decoration. Miniature cupids, perched on the cake, were the favors.

Those present were: The honoree, Miss Jessie Burson, Misses Lois and Wylfa Lee, Alexander, Julia Taylor, Edna Montgomery, Edna Butler, Geraldine and Davilla Kelly, Nadine Halle, Cecil Huel, Opal Duckett, Latrice Benson, Josie Mae Davis, Luree and Sylvia Burson, Jewel Baily, Thelma Youngblood, Elizabeth Morris, Rita Foster; Mmes. J. H. Burson, Arthur Arnold, Guy Stidham, Ray Wilson, Ernest Davis, Robt. Bigger, T. W. Carroll, A. T. Jeffries.

Mothers' Study Club

Mrs. U. J. Boston entertained the Mothers' Study Club Friday afternoon with ten members and one visitor present.

Mrs. J. R. Porter presided in the absence of the president.

Mrs. Fred Buntin was the leader for the afternoon. The paper on "Walls We Build Between Our Girls and a Self-Reliant Purposeful and Brave Life," was read by Mrs. W. C. McDonald.

"A Heroic School Mistress" was given by Mrs. H. T. Burton.

"The Last Message" was read by Mrs. J. R. Porter.

The teachings of Miss Alcott's "Little Women" was discussed by Mrs. Paul Shelton, who also read "Girls That Are Wanted."

Mrs. J. H. Headrick read a very interesting Educational Letter from Dr. Berle.

Mrs. Geo. Ryan, who was elected president of the club at the last meeting resigned and Mrs. Paul Shelton was elected. Mrs. T. H. Ellis was elected representative to the County Federated Clubs.

The following were elected as new members to the club: Mmes. Ira Merchant, Dorr Ellis, Floyd Keener, Lovd Stallings, T. D. Nored, and Mrs. John Bass was a pleasant guest of the afternoon.

A violin solo by Master Bobbie Boston was very much enjoyed.

At the conclusion of the program the hostess served a delicious ice course.

Friday Afternoon Bridge Club

Mrs. Chas. Trent was hostess to the Friday afternoon Bridge Club on Thursday afternoon at her home, where a profusion of garden flowers lent a welcome to the entertaining suite. High score club prize was awarded to Mrs. Dorr Ellis; Mrs. T. H. Ellis, re-

ceived guest prize and Mrs. Sam Dyer cut consolation.

At the conclusion of the games a two-course luncheon was served to Miss Mary Cooke; Mmes. Forest Sawyer, L. L. Swan, Ira Merchant, Drek Bell, B. L. Jenkins, Jr., C. W. Bennett, Jr., Earl Alexander, Selden Bagby, Sam Dyer, M. P. Gentry, H. Kennedy, O. L. Jenkins, Forest Taylor, C. F. Miller, Park Chamberlain, Miss Mildred Martin, Dorr Ellis, J. H. Morris.

Home Economics Club

The Home Economics Club met in the home of Mrs. O. L. Fink Friday afternoon with eighteen members and five visitors present.

The lesson for the day was on "Posture and Shoes." There was a general discussion on "Health as Attainable Through Individual Effort and Responsibility."

Miss Thompson gave a lecture on "Shoes in Relation to Health." She also demonstrated some exercises to strengthen the feet and to attain the correct posture.

At the conclusion of the lesson, the hostess served lovely refreshments.

Thursday Needle Club

The Thursday Afternoon Needle Club was delightfully entertained Thursday afternoon at the home of Mrs. Frank McCrary.

Beautiful roses and syringa adorned the entertaining suite. Conversation and needle work enlivened the afternoon which passed all too quickly. A number of piano solos by Mrs. John Bass were greatly enjoyed.

A delicious two-course lunch was served during the late afternoon.

Those present were: Mmes. A. R. Letts, Albina Letts, W. H. Martin, H. C. Kerbow, C. W. Taylor, L. S. Bagby, J. T. Patman, B. L. Jenkins, Sr., Sella Gentry, Geo. Ryan, John Bass, H. Glascoe, Ann Hasty.

Christian Endeavor Picnic

Members and friends of the Christian Endeavor of the Presbyterian Church enjoyed a picnic at Troublesome Canyon, Friday afternoon late.

The crowd left town in cars and trucks about 6:30. Immediately upon arrival at the destination the picnic supper was spread and disappeared in short order. The

BENTON SMITH

rest of the time was spent exploring this scenic spot.

Those attending were Rev. and Mrs. Robt. McKee, Mrs. G. L. Green, Misses Nova Cook, Leila Bell, Delphia Bones, Edith Pierce, Ada Mae Owens, Lodie Green, Frances Choate, Mable Mongole, Helen Louise Green; Messrs. Bill Montgomery, Fred Bourland, Billy Word, Robt. Green, "Hoot" Bell, James Smith, Butler.

Saturday Afternoon Bridge Club

One of the most delightful occasions of the week was the party given by Mrs. W. H. Patrick when she entertained members and a few friends of the Saturday Afternoon Bridge Club.

A color scheme of pink and green was carried out in the decorations of roses, and also in the refreshment of two course.

Mrs. Geo. Ryan received high score and Mrs. Robt. Bigger cut consolation.

Those enjoying this occasion were Mmes. A. R. Letts, Robt. Bigger, Chas. Bugbee, Odos Caraway, Geo. Ryan, John Blocker, H. Glascoe, A. T. Jeffries.

Picnic Enjoyed By Young Ladies Saturday

A trip to the river with its attendant explorations, the supper cooked over a camp fire and the telling of ghost stories was much enjoyed last Saturday evening by a group of the young ladies of this city. They left the city at a comparatively early hour and first explored the terrain adjacent to the river before enjoying the supper and the camp fire. Ghost stories took the remainder of the evening and the tired and much

pleased folk made their return to the city at a late hour. The following were in attendance: Misses Lilly Dell Slover, Ozella Hunt, Carrie Davis, Myra Worsham, Lena Lamon, Lillian Abbott, Dixie May, Betsy Parks and Aleen Parks.

Sims P. T. A.

The Sims P. T. A. will hold its regular monthly meeting Tuesday afternoon and a good attendance is urged. Officers for next year will be installed at this meeting.

Mrs. J. D. Swift spent last week in Dallas visiting.

EUGENE ESTLACK

1922 Bridge Club

Mrs. R. A. Chamberlain charmingly entertained the members of the 1922 Bridge Club and a few friends Tuesday afternoon.

A profusion of roses lent a welcome to the entertaining suite.

High score was awarded to Mrs. Sella Gentry, while Mmes. W. H. Cooke, W. H. Martin and T. H. Ellis received table cuts.

A delicious two-course luncheon was served at the conclusion of the games to the following members: Mmes. W. H. Martin, Sella Gentry, T. H. Ellis, J. T. Sims, Odos Caraway, A. R. Letts, W. H. Cooke, and guests, Mmes. B. L. Jenkins, Sr., J. L. McMurtry, F. E. Chamberlain, Miss Howren.

PERSONALS

Mrs. C. E. Lindsey was called to Memphis last week by the illness of her sister.

Mrs. Carlos Grissom of Memphis spent the day here Tuesday visiting relatives.

Mrs. Henry Tims and children of Ashtola were guests of Mr. and Mrs. F. C. Johnson Sunday.

Mrs. Chas. Speed and daughter, Miss Kitty, left Tuesday morning for San Antonio, where they will visit.

Talma Smith and Mr. and Mrs. A. I. Williams of Washington, D. C., spent last Friday here visiting in the home of Mrs. Molly Hodges.

Mr. and Mrs. Dwight McNally and son of Dallas spent the last weekend in the home of Mr. and Mrs. W. R. Holder. Mrs. McNally is the niece of Mr. Holder.

Miss Katherine Patrick and Mr. Harold Bugbee were among those who went to Amarillo Friday to see the exhibit of the famous artist, Irving Couss, of New York and Taos, N. M.

Second Grade Picnic

The second grade room, of which Mrs. Brice Kennedy is teacher, made merry with a most enjoyable picnic out at the river Monday afternoon.

After the children had spent some time wading and sporting in the sand, a most bountiful picnic supper was spread, immediately after which the return trip was started.

Mmes. T. H. Ellis, T. D. Nored, Jim Chilton, N. C. Hudson and Will Lane assisted Mrs. Kennedy in taking her pupils out to the picnic.

The Amarillo Furniture Co. Extends Congratulations to the Class of 1929

Graduates--A Home Is Your Greatest Investment

Many a father has told his children just that, because no one knows better than the man or woman who has lived the greater part of their lives—that a home is the greatest investment. It is in the home that we rest, entertain—infact spend our happiest hours. Why not then, make YOURS a better home too. Perhaps your home needs but a few additional items to make its comfort complete—or perhaps need an entire outfit. Whatever your furniture requirements may be, we are equipped to meet those requirements.

Here's A Plan That Will Help You

A plan that will help you in furnishing your home with quality furniture at the lowest possible cost. Namely, Wright's Lower Cost and Sales System. This system has many advantages that are well worth investigating, but the outstanding advantage is the easy credit arrangement. Think of it, only a small down payment and balance in easy monthly payments. Under this great system a home may be furnished as low as \$10 per month, and don't forget our insurance feature. Hundreds have taken advantage of this plan, and we invite you to come in and talk over your furnishing problems with us. We want to help you make your home your greatest investment, too.

**FOR RENT:** Three 3-room apartments. See Bennett Kerbow. (17fc.)

**FOR RENT:** Good pasture, cows, \$1.00 per month; horses, \$1.50 per month. 7 miles south of Lelia Lake on Atterberry place. J. W. Mount. (19pd.)

**FOR SALE:** Baled hay, mixed or alfalfa. E. M. Ozier. (15fc.)

**FOR SALE:** Jersey Milk Cows. T. W. Smith, phone 461. (20pd.)

**FOR SALE:** Fresh country lard and two-row Lister in good shape. Phone 949 B. Clyde W. Hudson. (19pd.)

**FOR SALE:** Two 2-year-old Hereford bulls; registered and in good shape. J. K. Hunt, Claude, Texas. (19-pd.)

**FOR SALE OR TRADE:** I have six-room airplane bungalow house, roomy lots in good residence section of Gainesville, Texas, that I will sell or trade for real estate or town property in Alamo, McLean or nearby vicinity. For further information see D. W. Turner, Alamo, or call at the News office. (21pd.)

**FOR SALE OR TRADE:** Hay baler, hay rake and buck rake. All first class. E. M. Ozier. (15fc.)

**FOR SALE:** All kinds of garden plants. Ready NOW. Extra fine Beefsteak Tomato plants; also others. Reynolds & Cruse, Lelia Lake. (21pd.)

**FOR SALE:** Absolutely pure long staple Wichita-Greer cotton seed. See at Parsons Produce. H. Ziegler. (10fc.)

**FOR SALE:** PURE BRED MANKO—the new straight stem, drought resisting maize. Last year, in same field with kafir yielding less than one ton per acre this manko produced more than two tons, and threshed 76 per cent grain. Seed for sale by Clarendon Grain Co., and at my farm near Lelia Lake. B. L. Jenkins, Jr. (19c.)

**MISCELLANEOUS**  
**PIANOS PIANOS**  
Reliable manufacturer has in this vicinity one player and one piano for sale cheap rather than ship back, or might store with responsible party. Address Manufacturer, Box 365, Chicago, Illinois. (41fc.)

**ON SERVICE:** Jersey Bull subject to registration, \$3.00 cash at time of service. T. W. Smith, Phone 461. (20pd.)

Misses Eula and Mae Naylor returned the fore part of this week from Waco, where they had been for a short visit with Mr. and Mrs. E. T. Naylor. Mrs. Naylor returned here with them and will visit for a time before leaving for Shamrock, where she will be located in the future.

Mr. and Mrs. A. W. Simpson of Cordell, Oklahoma, arrived here the latter part of last week to make their home in this city. Mr. Simpson purchased the Thomas Feed Store and is planning to make some improvements to this place of business in the near future.

Lewis Barnum of Pueblo, Colorado, was in the city Wednesday for a visit. He and Mr. Patrick made a business trip to the south part of the county Wednesday morning.

**Used Car Bargains**

**FOR SALE:** 1927 Ford Tudor. Good shape. Lots of service in this car. Terms. Clarendon Motor Company. (19c.)

**FOR SALE:** Essex Coach, good condition; looks good. Terms. Clarendon Motor Company. (19c.)

**FOR SALE:** Essex Coupe. In good condition. Looks good. Terms. Clarendon Motor Company. (19c.)

**FOR SALE:** 1927 Fordor Sedan A-1 condition. A bargain. Terms. Clarendon Motor Company. (19c.)

**FOR SALE:** Ten touring cars. You can find what you want in this group. Prices right. Terms to suit. Clarendon Motor Company. (19c.)

**FOR SALE:** Roadster, 1927 model, well cared for. Body and fenders A-1. A bargain. Terms. Clarendon Motor Company. (19c.)

**FOR SALE:** Four Ford Trucks, Model T. You can find what you need in this group. Terms. Clarendon Motor Company. (19c.)

**YOU CAN FIND** your needs in the used car line at the Clarendon Motor Company. Prices and terms to suit everybody.

Mrs. W. W. Taylor and Mrs. A. L. Chase are in Denton for a visit with their daughters, Misses Athlyn and Manette. They were accompanied to Denton by Mmes. Selden and L. S. Bagby, who went on to Clarksville for a visit.

JULIA TAYLOR

**FIFTY ATTEND MASS MEETING**

**JUNIOR COLLEGE PROBLEMS DISCUSSED IN FRIDAY NIGHT MEETING.**

According to the registered consensus of opinion as expressed at the mass meeting held Friday evening at the Queen Theatre, the dominant idea of Clarendon citizens, concerning the municipal junior college, is to make full use of its benefits, to vote a twenty-cent tax in the Clarendon Independent School District based on state and county valuation, for its support and to work for a county junior college, just as soon as the voters of the county are willing to assume a twenty-cent tax, and participate in the control and management of the school.

The meeting was presided over by O. C. Watson, vice-chairman of the board of school trustees, who outlined the purposes of the assembly. Mr. Watson introduced Supt. H. T. Burton, who explained the relative position of Clarendon Junior College as compared to the other junior colleges of Texas, showing that our equipment was far superior to the average junior college, and proving that the opportunity here to the benefit from the school was much greater than in other more populous districts and where the taxable values were three to one hundred times greater than in the Clarendon district. From Mr. Burton's talk it was easily understood that to vote and operate a county-wide junior college was much more preferable, as with county-wide tax support the present tuition of one hundred dollars per term could be eliminated.

Explaining the new junior college law in Texas, Judge J. R. Porter addressed the meeting, pointing out the fact that except for a rider on the present law taking care of the peculiar condition existing in Clarendon, this city and county would be almost forever doomed to be without a junior college. Judge Porter made special emphasis of the fact that the proposed 20-cent tax could be levied only on the state and county valuations and not on the

high valuations of the school district. This means a very small tax for any one citizen.

W. H. Patrick had been assigned the discussion of the junior college as it benefits the community, and from his long experience as an observer of the school and as a business man registered his thorough approval of the tax from a district standpoint as well as his heartiest endorsement for the county-wide college. This, he thought, would be much more workable and for the general betterment of the entire county from an educational standpoint.

Others who discussed the issues of the proposal were County Attorney R. Y. King, John T. Sims, F. L. Behrens, J. C. Estlack, M. M. Noble, G. G. Kemp, F. W. Rathjen, J. T. Patman, Mrs. J. O. Thompson, J. H. Hurn, S. W. Lowe and Sam M. Braswell.

On a vote as to what course would be the best to pursue, whether to vote the tax on the district first and ask the county to participate in the benefits of the college, later, it was found that thirty-five of those present thought that the district should make the move first, as an indication of their faith and belief in the value of the school while ten thought that it would be best to go to the county with the proposal first. All, however, seemed in agreement that the county-wide junior college was the ultimate goal to be obtained.

The board of trustees indicated that it will continue their seeking of popular will in the matter and will ask for an election at a not distant date according to their findings.

Dr. J. G. Sherman and Kenneth visited in Wheeler County last Sunday.

Mr. Chas. Lewis of Washington, D. C., is here visiting his mother, Mrs. C. J. Lewis, who is quite ill.

Mrs. Lucian Barnes and children have gone to Amarillo for an extended visit with Mrs. Bones' parents.

Mr. and Mrs. D. W. Hudgins of Amarillo spent the past Sunday here in the home of Mr. and Mrs. J. G. Blanks.

W. M. Headrick of Dallas was here the last of the week for a short visit in the home of his parents, Mr. and Mrs. M. W. Headrick.

**MacDowell Club Entertains**

The members of the MacDowell Club entertained with a line party at the Pastime Theatre Tuesday evening in honor of Misses Mildred and Helen Martin and Mrs. Richard Wilkerson in appreciation of their untiring efforts in directing and accompanying the MacDowell Club.

After enjoying "The Trail of '98" all assembled in the balcony of the Pastime Confectionery, which was artistically decorated for the occasion in a color scheme of pink and green, roses and candles being used to carry out this effect.

Those present were: Mmes. Ralph Kerbow, J. L. McMurtry, Manley Ozier, O. T. Smith, Clark Hemminger, M. M. Noble, Misses Ida and Etta Harned, Harvey Thompson, Mantie Graves, Messrs. Harwood Beville, Roberta Ryan, Misses Howren and Anna Moore were invited guests, and the honorees.

**Miss Ineva Headrick Hostess**

Miss Ineva Headrick entertained a number of friends with a bridge party last Saturday afternoon.

The entertainers rooms were attractively decorated with roses and carnations. At the conclusion of a number of interesting games high score was made by Mrs. Chas. Trent and second by Miss Howren.

A lovely two-course luncheon was served to the following: Mmes. Chas. Trent, Roberta Ryan, J. R. Porter, Ralph Kerbow, Rich-

WILMA KING

**Win One Sunday School Class**

The Win One Sunday school class of the Methodist Sunday School was delightfully entertained Monday afternoon by Mmes. Sam Braswell and J. W. Watts at the home of Mrs. Braswell, where a large attendance of members gathered to enjoy the regular monthly program and social hour.

Lovely roses adorned the rooms where the sessions were held. During the social hour delightful refreshments were served.

**Sacajawea Camp Fire Tends Parting Dinner**

The members of the Sacajawea troop of Camp Fire Girls tendered one of their members, Miss Dorothy McCanne, a parting dinner last Wednesday evening in the home of Miss Hazel Gilbert. A delightful four-course dinner was served the guests, after which the entertained themselves with games of various natures that tend to pass the time away quickly. As a remembrance on the part of the Camp Fire Troop, the girls gave Miss M. Canne a scrap book as a parting gift. The following were guests on this occasion:

Misses Hazel Gilbert, Dorothy McCanne, Viola Jones, Willie Vineyard, Marjorie McKillop, Helen Goldston, Lodi Green, Ruth Dunn, Ruth Donnell and Clynelle Gilbert, the sister to the hostess.

**To The Public**

I have taken over the Thomas Mill and Feed Store in Clarendon and extend an invitation to all users of feed to visit me in the old location.

**IN THE NEAR FUTURE**

I expect to install a large hammer type mill that will assure my patrons of quick service on their grinding needs. Loads ground in fifteen to twenty minutes.

Your Patronage Is Appreciated.

### Save The Children From Blasting Caps

SEVERAL hundred children are either killed or terribly crippled every year by playing with blasting caps which they pick up in the vicinity of quarries or mines or where agricultural blasting has been done. Renewed efforts are being made this year to save the children from such injuries. The Institute of Makers of Explosives which, with the cooperation of sev-

The blasting cap (top) looks innocent but it can blow the toe off a shoe and tear a baseball to bits. One exploded inside a lead pipe and ripped it apart.

eral government agencies and the school authorities in nearly every state, has been trying to reduce the number of accidents, is again urging parents and educators to warn children against these caps. The name "caps" is really misleading for these small but terrifically powerful explosives. The usual blasting cap contains fulminate of mercury, a quick powerful explosive, and is used to detonate dynamite. It is a copper shell about a quarter of an inch in diameter and an inch or two long, half full of fulminate of mercury. Its explosion is sufficient to blow a hole through a steel plate a sixteenth of an inch thick. It will explode when struck with a hammer, or thrown into a fire and often explodes with tragic results when some child, lured by the agreeable shape and color of the copper

causing, tries to pick it open with a pin. In fact, accidentally stepping on such a blasting cap may explode it. Electric blasting caps are quite as powerful although, as they are sealed with sulphur plugs and dipped in dark colored wax, they are not such attractive playthings for children and hence cause fewer accidents. But even they are dangerous and not to be handled except by experts. A survey of the last three years shows that, during June and July, over thirty children a month are injured by blasting caps. These accidents are mostly in rural districts or near mining centers. During the winter months, naturally the toll is reduced a half. But the very fact that the mangling of children's hands, loss of eyes, legs, arms and crippling injuries of

many other kinds are spread over the year failed for a long time to seize public imagination. If all these children had been hurt a once the impression created would have been much more dramatic and somewhat more commensurate with the tragedies that have been brought into the lives of many children. So parents and teachers are being again asked to give heed to the dangers that lie around these otherwise very useful blasting caps and, by their warnings and more careful attention to the danger, to help to protect the children and prevent the little folks who play in places where blasting has been carried on from picking up these caps or having anything to do with them. They are pretty and innocent looking things but have the potentialities of a man-eating tiger.

**SOIL CONSERVATION MEET SET FOR JUNE**  
College Station, Tex., May 6.—As a step looking toward formulation of a broad regional program for the conservation and utilization of farming lands of Texas and the Southwest, President T. O. Walton of the A. & M. College of Texas has issued a call for the "Southwest Conference on Soil and Water Conservation" to be held at the Texas institution June 20 and 21 of this year.

All agricultural colleges of the Southwestern States will be invited to participate and to designate for attendance other agencies and interests of the states in which they are located. The purpose of the conference, as set forth by President Walton, will be to develop discussion and to map out a broad and comprehensive program for greater conservation and greater economic utilization of the farming lands of the Southwest.

Experiments conducted by the A. & M. College through its Experiment Station at Spur, in West Texas, have shown an actual loss in soil erosion of as much as forty-two tons an acre in one year on land with a 2 per cent slope and preventable water runoff losses averaging 25 per cent of the total rainfall.

Terracing as a means of conserving both soil and moisture is

growing rapidly in Texas, it was pointed out, more than 2,800,000 acres of cultivated land in this state being terraced now. This matter, as it relates to Texas and other states, will come in for discussion at the coming conference. Call for the regional conference was issued following institutional conference here participated in by representatives of various divisions of the college, including the

Extension Service, Experiment Station, Forest Service, School of Agriculture and other divisions. Quitaque's entrants in the local City Beautification contest have passed 21, with more entries coming in every day. Prizes aggregating \$50.00 are to be awarded place winners in the contest. Judges are to be chosen from town landscaping experts.

### MILLIONS TO BE SPENT IN TEXAS

**OIL AND GAS INDUSTRY WILL SPEND MILLIONS DURING COMING SUMMER.**

Dallas, Texas, May 2.—(UP)—Rapid growth of Texas was given today by the Lone Star Gas Company as reason for its expansion program reaching into the millions of dollars this summer. Plans call for expenditure of several millions to build four pipe lines totalling more than 200 miles, two large compressor stations, remodeling of a gasoline plant damaged by fire, construction of several office buildings, erecting a 24 mile telephone

### FEELS 20 YEARS YOUNGER, HE SAYS

"Sargon was a godsend to me, and I bless the day I first bought it; I feel like a new man," said J. F. Porter, of Keller, Texas.

J. F. PORTER

Mr. Porter is 73-years old and has been a deacon in the Missionary Baptist Church 52 years. He is also a Mason. "I suffered day and night for the past three years with stomach trouble. My gall bladder gave me serious trouble and pain. A most severe pain would strike me about two or three o'clock in the morning and would continue for hours. My entire system was out of order. I was so constipated I had to take laxatives almost every night. "I put off buying Sargon for weeks, but read so many endorse-

ments for it from good people in Fort Worth that I bought some, and it has worked wonderfully for me. I would not believe such results could be accomplished unless I had had the experience myself. Those terrible pains are gone and I sleep the whole night through. My stomach is right now and I eat what I please. I am strong and feel twenty years younger. My gall bladder doesn't bother me, my liver is active, and I am no longer constipated. "I feel it my duty to my fellowman to tell how Sargon has benefited me."

Sargon may be obtained in Clarendon from Douglas-Goldston Co.; and in Hedley from Hedley Drug Co.

Another line will be built from Gainesville north and west through Lindsay, Myra, Muenster, and St. Joe, 20 miles. A large new compressor station will be constructed at Gainesville to boost the supply of gas from Oklahoma and give additional supplies to Sherman, Denison, Paris, and Hugo, Oklahoma. The plant will cost \$70,000. A 10 inch line will be laid from Gainesville Junction to the gasoline plant at Gainesville, 4 miles.

A new office building of the Fort Worth Gas Co., a Lone Star affiliated company, will be completed this summer and another building is soon to be announced in a city on the south end of the system. The largest element of the pro-

gram is a proposed new 20 inch line from Petrolia to Fort Worth and Dallas which will have capacity of 100,000,000 cubic feet daily. It will draw gas from the Panhandle field near Amarillo.

Mr. and Mrs. Marion Wright left Saturday for a two weeks visit with relatives and friends in Oklahoma City and other points.

**WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE**

A physician watched the results of constipation for 47 years, and he believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly. Do not let a day go by without a bowel movement. Do not sit and hope, but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

### Makes Life Sweeter

Children's stomachs sour, and need an anti-acid. Keep their systems sweet with Phillips Milk of Magnesia! When tongue or breath tells of acid condition—correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—more mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

## The White House Silver

Mrs. Hoover has lately become a subject for unique congratulations. She is the first President's wife in several terms to take over the White House when its supply of silverware has been adequate.

Usually, a First Lady gets her first chill of dismay at the size and peculiarities of her job when she looks in the White House silver chests. So, that is what they expect her to use in entertaining eighty or ninety persons at the big State dinners, is it? That miserable outfit! Of course, those Monroe candelabra are divine, but the flatware! Well, there is certainly no doubt but that some of the forks will have to be washed between courses in the pantry! Such must have been the thoughts of many a newly-inaugurated White House Hostess in the past.

For the depletion of silverware in the Executive Mansion appears to be a chronic complaint. It occurs, it seems, not so much through the Government's stinginess in these matters as through the American souvenir-collecting additions which goes on quite unabashed even in the State Dining Room. During the big winter receptions, we are told, there is a steady loss of spoons and forks with their finely engraved "President's House."

The Wilsons managed to struggle along with a scanty and rather battered supply of White House silver only because the war rescued them from the perils of huge State dinners and receptions. The Hardings solved the problem by gathering all the odds and ends of silver in the place in one lot and having it all heavily gold plated. Then came the Coolidges, who, finding the gold plated service rather oppressive for their simple New England tastes, raised the question of a new silver purchase.

Not until the White House was remodeled and to some extent refurnished in 1927, however, was the purchase made. At this time there was much talk of securing American Colonial furniture for the entire house, and requests were broadcast throughout the country for gifts of authentic Colonial pieces, truly appropriate for such setting. And naturally it was considered desirable to have the new silver of American Colonial design.

To secure an entire dinner service of antique Colonial silver for the White House, of course, would be out of the question, and furthermore, it would not be suitable to modern needs. But fortunately American silver manufacturers were beginning to produce American Colonial designs. The one finally selected for the White House is known as the "Minuet" pattern having all the exquisite simplicity of that dance as well as its stateliness and grace.

The basis of this "Minuet" design is the scrolled pediment, so characteristic of American Colonial architecture and furniture, which is seen again and again topping Colonial doorways and fireplaces and secretaries and highboys. If you know George L. Ferris' painting, "The Minuet," that hangs in Independence Hall, Philadelphia, you will recall the lovely wreathed Colonial doorway with its scrolled pediment cap rising like a benediction behind and above the dancers. Hence, nothing could be more appropriate for the American President's table than silver of this scrolled pediment motif which runs like a single chord through nearly all American Colonial decorative art.

In addition to this new dinner flatware, the Coolidges also bought some American Colonial candelabras, so that, with other odd pieces from early administrations, there is now sufficient silver in the White House chests to give the State Dining table a complete American Colonial setting.

This setting of the White House table is usually a matter of intense concern and interest to an incoming President's wife. Later

on, she may come to regard it casually, but in the beginning when she is first acquainted with the perquisites at her disposal, it is a serious problem. So much depends not on her own personal preferences but upon those of her predecessors.

First of all, there is the beautiful State Dining Room itself—an inspiration to any woman with even the slightest artistic sense—with its perfect proportions, its smooth wainut paneling, its great silver chandelier and wall sconces, its fireplace and carved mantel at one side and its Flemish tapestries of the sixteenth century at the other.

In the center stands the splendid mahogany table which can be changed into different shapes and sizes by the substitution of different tops, and which, in the shape of a horseshoe or crescent, permits the seating of over 80 persons. Linen cloths are used on this historic table, and all the blissful profusion of flowers produced by the Government gardens and greenhouses are at its daily command.

"On this table," wrote Mrs. Taft in her Memoirs, "I used the massive silver-gilt ornaments which President Monroe imported from France. These table ornaments remind one of the Cellini period when silversmiths vied with each other in elaborations. Based on oblong plate glass mirrors, each about three feet in length, they stretch down the middle of the table, end to end, a perfect riot of festooned railing and graceful figures upholding crystal vases. Then there are large gilded candelabras, center vases and fruit dishes to match. The White House silver is all very fine and there are quantities of it.

"When I went to live in the White House I found much to my surprise that this silver had always been kept in a rather haphazard fashion in chests, or boxes, in the storeroom," Mrs. Taft explained, and she decided that something should be done about it. So she had a whole silver closet built in adjacent to the Custodian's headquarters, with regular vault doors and combination locks. It was divided into several compartments, "with velvet lined trays within drawers for flat silver and a special receptacle for each important article."

Prior to the Tafts, the handling of all the big State dinners and receptions at the White House had been done by outside caterers, but Mrs. Taft's housewifely genius led her to dispense with these costly and wasteful arrangements. Employing a housekeeper, she set out to prove to the great benefit of her successors that all of these affairs could be much more competently negotiated by the White House kitchen staff. And the Tafts were noted for the abundance of their hospitality, too.

However, one thing was vastly in favor of the new method. The dinners were not simpler and shorter than those served in former administrations. During the tenancy of the Grants, for instance when the White House table was under the charge of an Italian steward named Melar, the dinners consisted of 29 courses. Melar complained long and bitterly of the lack of silver with which to serve them. In those days the array of forks was impressive beside each person's plate—with a bouquet of flowers.

Outside catering and frequently outside equipment were used for the many decorative dinners given

### STORY OF MRS. N. L. JONES' IMPROVEMENTS

The story written by Mrs. N. L. Jones that appeared in the last issue of the News gave the most interesting parts of the work that she did in bringing her living room to the winning place in the Donley County Living Room Contest. A number of items that were included in the work failed to be mentioned and we are adding them that the public may picture in the mind's eye the many improvements put into effect.

The list of materials used in the room to make it as attractive as possible will include the following old items: Fuel box, two chairs, daybed, console table, paper basket, waste basket, footstool, fern and stand, five pictures, clock shelf, seven cushions, magazine rack, three table mats, vase, inkwell, desk calendar, arm table, four throw rugs, fifty-five books, geranium, six draw curtains and one mattress. The new material used in the room will include: day bed cover, book shelf, mirror, paper basket, three cushions and a vase.

In the work of improving the room, the following articles were removed entirely from the room: Bed, dresser, cane bottom chair, two calendars, enlarged picture, throw rug and four shades. Articles that were improved and put back in the room will include two chairs, clock, two lamps, victrola, table, five glass curtains, stove and long square.

The time spent on the improvement of the room took the spare time of Mrs. Jones for approximately seven weeks. Work of those in the family to assist in putting the room in first class shape amounted to approximately five days and voluntary outside help that was given in an effort to assist Mrs. Jones amounted to fourteen and one-half hours. The greater part of this time was spent on hand work in improving the appearance of the room and was mostly done on the furnishings and their decoration.

The total amount of expense accrued in making this the winning room of the county amounts to \$30.50. The list follows:

Putty and crack filling	\$.75
Paints and varnish	4.30
Curtains and fixtures	3.40
Upholstering	2.10
Dye	.75
Book case and magazine rack	5.00
GIFTS	
Console mirror	4.50
Three pictures	1.00
Vase	.60
Ink stand	.60
Screens and frames	7.25
Cement to build flue	.25
Total	\$30.50

The arrangement of the room also had a great deal to do with the winning of the prizes as may be seen from examination of the floor plan as first submitted by

the Roosevelts. One account of the period describes the State Dining table as "treated artistically in red, green and white, a combination of colors which accords well with the decorations of the room." At that time the hangings were red. "In the center an enormous silver bowl held a towering mound of crimson roses—Nearer the plate line six branching candelabra capped in silver and crimson rose on either side above spreading bunches of white carnations."

Crimson roses for the Roosevelts, pink roses for the Tafts, white roses for the Coolidges—and now what will be the Hoovers' favorite? It will be interesting to see what Mrs. Hoover, with her fondness for old-fashioned gardens, will choose for the low-American Colonial silver bowls on next winter's State Dining Table.

### VACATIONISTS SEEK COOL RETREAT OF THE ROCKIES

The never-ending and ever-changing charm of the Rockies is causing more people every year to seek these mountain fastnesses where the smell of pine and wild flowers takes the place of smoke and dust; and sound dreamless sleep under the blankets soothes jangled nerves and tired brains.

"See Europe if you will—but see America first" was said by a true American—and "see Rocky Mountain America first of all" has been exclaimed by thousands who have revealed in the joy of a vacation in cool Colorado.

And with all its rugged grandeur, delightful mountain camps, cozy chalets and luxuriously appointed mountain resort hotels, Colorado is only one night on the Denver Road from most any city in the Southwest.

According to F. D. Daggett, General Passenger Agent of the Fort Worth and Denver City Railway, a travel service is maintained by the Denver Road at every ticket office where vacationists may secure information on all costs and conveniences as well as points of interest to be visited on a trip to Colorado or the Northwest.

Mrs. A. L. Chase, Mrs. W. W. Tavior, Mrs. L. S. Bagby and Mrs. Selden Bagby left Saturday morning for Denton, where the two former ladies will visit their daughters, at C. I. A.

Mrs. Jones and the examination of the second plan as the room stood when it was completed. A cursory examination will seem to find the room more crowded on the second part than it was on the first, but a more thorough examination is better and that the pieces of furniture are so placed as to be accessible and of more benefit than they were at first. This was one of the strong points in the contests and showed that a great deal of time had been put in on the thought for better arrangement.

### TRI-STATE FAIR SIGNS RODEO JULY 3, 4, 5

Amarillo, Texas, May 9.—Announcement of a contract with Miller and King for a great Tri-State Fair association rodeo in Amarillo July 3, 4 and 5 was made by Wilbur C. Hawk, president of the Tri-State Fair, this week. In addition to announcing the contract with this famous Holly, Colorado firm of rodeo managers and performers, Mr. Hawk announced that \$7,500 in prizes would be offered to riders, ropers and other rodeo contestants in the three-day event.

Miller and King will bring some of the most famous bucking horses and Brahama steers in the world to Amarillo in addition to an array of busters seldom seen in this section.

The rodeo contests will be open to the world, and anyone wishing to compete should write Clyde Miller, Holly, Colorado.

### BOY SCOUTS AT GUYMON TO TEND COURTYARD

R. L. Caskey, Boy Scout Manager at Guymon, is planning to secure a plot of ground to be used as a nursery for shade trees, with the boy scouts to be drilled in the care of the plants. He will help with the seeding and care of ground around the courthouse.

Mr. T. J. Jolly returned Tuesday from Leonard where he visited relatives.

## An Airplane Oil For Tractor Use

A Group of Satisfied Users of Phillips Products

This map shows where Phillips Stations are located

IMAGINE driving your automobile 100 miles an hour for 16 hours without stopping. That's what an airplane engine must do. Only the finest oil can be used or the motor will go to pieces quickly.

The Phillips Petroleum Company uses Phillips tractor oil in their own airplanes which are used by Mr. A. M. Hughes and other company officials. These men have the same confidence in this oil that they want you to have. It's exactly the same oil that is ready for your car or tractor at any Phillips station. It warms up quickly, and fully lubricates in both hot and cold weather.

The picture at the top shows E. H. Simpson, H. D. Hill, O. D. Frazier, Geo. J. Rempel and their boys all seated on their farm machinery. These men all live in the neighborhood of Vega and Hereford, Texas. All of them use Phillips products.

This spring E. H. Simpson broke 220 acres of land with a gang plow. All of this land was worked over 3 times and 80 acres 4 times, ready for the drill. His total fuel and lubricating cost was 30c an acre. He used Phillips kerosene and oil. Many other west Texas farmers report great savings and complete satisfaction in using Phillips products. Write or talk to the Phillips agent when you need oil, kerosene or gasoline. They are quality products.

### CLUB NOTES

Wednesday morning the County Home Demonstration Agent met with the Ashtola Girls Club with 12 present. Good reports were had from their home project work. The demonstration for the day was had on button holes.

The Chamberlain Home Demonstration Club met Thursday, May 2nd, in the home of Mrs. H. A. Harrison. Eighteen were present for the demonstration on year beautification, which took into consideration the flowers and plants suited to the needs of West Texas. The successful culture methods of these plants came in for their full share of attention at this time. Divisions of the discussion included the planning of the home grounds; improvements that cost only time, such as terracing the yard for proper drainage, repairing gates and trellises. The organization was highly pleased with the discussion. They were also shown a new sealer for tin cans that does the work equally well as some of the higher priced models and is quite a bit less expensive.

The meeting for Friday, May 3rd, was held with the Clarendon club in the home of Mrs. O. L. Fink. Twenty-two were present for the demonstration on health in relation to posture. Shoes came in for their full share of the attention at this meeting.

Saturday morning, May 4th, the County Home Demonstration Agent and Secretary G. L. Boykin of the Chamber of Commerce met with eight of the members of the Lelia Lake Boys Club at the home of M. G. Cottingham. The judging of dairy cows, hogs and kafir corn took up the greater part of the work of the morning, together with the making of plans to attend a meeting of the Collingsworth County boys club at Wellington next Saturday. Mr. Stinson will have his judging team at work on that date and all eight of the boys signified their intentions of attending the meet and getting pointers on their judging work.

The Girls Council has been postponed from Saturday, May 11th to Saturday, May 18th. Members planning to attend the council meeting will please take note of the change. Miss Thompson will be in Wellington on that date to judge the judges in the butter contest.

The Martin Girls Club met Monday morning with a perfect score in the work on hand to be done. Two girls from this club, Lois LeFon and Ina Pittman, are already at work on the garments they are planning to enter in the clothing contest. The next meeting will be held at the school house on May 20th at 9:00 o'clock in spite of the fact that the school will be closed. This club is showing remarkable work, some of them beginning to eat vegetables from their home gardens and a part of the clubs having chickens almost large enough to eat.

The Hedley girls met Monday afternoon with fourteen present. A good report was heard on the home work of these girls, eight of them stating that they had started work on the garments they plan to enter in the contest.

An exhibit was made of the six first dresses in the contest in the Home Economics Department of the Clarendon High School, Miss Thompson carrying these to the neighboring city to show what the Clarendon High School girls are doing.

The Lelia Lake Club girls met Tuesday with twelve present. Good home work reports were had from this club with four girls starting on their clothing contest pieces. The exhibit as shown at Hedley was also presented to the Lelia Lake girls. The next meeting of this club will be held at 9:00 o'clock on the morning of May 21st, at which time a club picture will be taken. First year girls will wear their uniform caps and aprons and the second, third and fourth year girls will wear their garments they have made as a part of the club work.

The Lelia Lake women's club met Tuesday afternoon in the home of Mrs. Will Myers. The demonstration here was had on yard beautification with a discussion of the kinds of flowers and shrubs adapted to West Texas growing. The cultural methods were also discussed and some of the ladies brought seeds and plants for trading with others of the club. The next meeting of the club will be a trading meeting. Miss Thompson showed the members of the club the proper planting of shrubs and vines for the best effects, illustrating the discussion here in the home. The meeting was later adjourned to the home where dainty refreshments were served by the hostesses.

Wednesday morning an individual demonstration on the making of gooseberry jelly was held in the home of Mrs. J. C. Estlack.

Miss Irma Lewis returned Monday morning from Green River, Wyoming, where she has been teaching for the past year.

Sunday Mr. and Mrs. W. H. Patrick and daughters, Misses Katherine and Elgin, Miss Elizabeth Morris, Messrs. John Burbee, Louis Holloway and Harold Burbee made an outing trip to Mobeetie and returned. They were joined at Pampa by Mr. and Mrs. Frank Jones and Miss Edith Ellis of Amarillo, who returned to Clarendon and spent the night in the Patrick home.

### LIONS MEET IS MUCH ENJOYED

PLEASANT HOUR SPENT WITH PLANS AND REPORTS OF VARIOUS SORTS.

The first matter of great attention that was brought to the attention of the Lions Tuesday of this week was the report of Lion Douglas on the condition of the young lady mentioned in the club last week. This was thoroughly investigated and it was thought best that the matter be passed for the present. Lion Burton reported that Mr. Houdashell had been taken to Amarillo and that the doctor had reported him to be doing very nicely. M. J. Bonham was also carried to that city and left for further treatment. He will be secured at some time the latter part of this week.

A letter written to the doctors in Amarillo expressing the gratitude of the Lions was read to the club. The letter was written by Lion Watson as chairman of the committee with this work in hand.

The San Angelo trip was again mentioned and the Lions were told that the delegation would leave at five o'clock Wednesday morning.

The meeting with the business men of Hedley was announced as called off and postponed until Monday of next week. The same committee will function on the

work next week as worked on the matter this past week.

Report was made on the mass meeting held last Friday night by Lion Rathjen, who called the attention of the Lions to the article by Lion Burton that will appear in the News this week.

State income tax matters were talked over by Lion Rathjen with the suggestion being made that interested Lions write their representative and congressmen on the matter if they were for or against the movement.

Lion J. Griswold of Childress was introduced to the Lions, stating his pleasure at being with the Lions after an absence of eighteen months in Childress. He assured the Lions that they were doing a great work here and that the Childress club was also doing some great humanitarian work.

W. D. Murrell of Vernon, J. H. Watts of this city and A. J. Dyer of Fort Worth were the other guests of the club.

The applications of M. M. Noble and Tom F. Connally were presented the club with the okeh of the membership committee and they were unanimously elected to membership.

Following the announcement of the Scout School that is to be held each Tuesday night for five weeks in the Parish House, the club was adjourned in the usual manner.

Mr. and Mrs. Phillips Gentry and son are in Dallas for a business and vacation trip this week.

Ernest W. Wilson of Muskogee, Oklahoma, was a guest in the home of Mrs. Molly Hodges Saturday of last week.

PAULINE LANE

Miss Anna Moores returned Sunday from Dallas, where she has been for the past few months teaching. She returned with Mrs. J. D. Swift, her sister, who had been to Dallas for a visit of a few days.

Dr. and Mrs. J. T. Griswold of Childress were here Monday and Tuesday of this week visiting among friends. Dr. Griswold is pastor of the Methodist Church at Childress and former pastor and presiding elder of the Clarendon Methodist Church. Dr. Griswold is looking fine since his recent serious illness and operation.

### April Report of C. H. D. A. Is Full

The monthly report of Miss Harvey Thompson, County Home Demonstrator, is as usual filled to the brim with activities of every conceivable sort. This month Miss Thompson traveled 1,046 miles in the 22 days she was in the field. Thirty-one meetings of clubs were held with a total attendance of 500 members and visitors. Four days were spent in the office during which time she answered the telephone 78 times, entertained 71 office callers and wrote and mailed 163 letters of various sorts. 38 farm homes of the county were visited in addition to the trips made with the judges who completed their work on the twelve entries in the Living Room Contest closed the latter part of the month.

Six days of the month were spent in clothing demonstrations, one and one-half were given to gardens, four and one-half to refinishing furniture, three to posture and health, one to dairy work, one and one-half to poultry work, 3 to living room judging and the remaining one and one-half were spent in various and sundry work that was not tabulated.

The greatest amount of work done during the month was probably had in connection with the living room contest. An examination of this part of the monthly report is found to include 3 mended Rayo lamps; one adding more light globes; four rooms repaired with a lighter shade of paper, eight houses screened as to windows and doors or screen attached to frames; two added stoves; one traded an old stove for a better one; five stoves cleaned and polished; one stove moved out of a traffic lane to a better position; six rooms repaired in addition to those above; one room calomined and six rooms refinished as to woodwork.

The floor improvement division of the work will find one new floor; three varnished floors; one painted floor; four stained floors; four congoleum rugs; three small hooked rugs and one braided rug. Furniture added to the homes included some pieces that were reclaimed from the junk pile and refinished or repaired and a part new furniture. This list includes six chairs; three couches, one day bed, two tables, five book shelves, one book case, one clock shelf, eight magazine racks, three smoking stands, seven flower boxes, fourteen foot stools, seven waste paper baskets, eight flower stands and four end tables. Eleven pieces of furniture were refinished with stain, wax or varnish, six pieces were painted, eighteen pictures were added and a larger number of inappropriate pictures were re-

### Gives Formula For Whitewash

Spring is the time for the white washing of trees, G. L. Boykin, secretary of the Clarendon Chamber of Commerce, stated today, and that task done at the proper time will serve to check and kill the inroads of insects.

He gives the following formula for the whitewash preparation:

- 3 pounds quick lime.
- 2 gallons of water.
- 2 ounces caustic potash.
- 1 ounce crude carbolic acid.

This is to be mixed thoroughly and when applied to the tree will serve as a preservative as well as a repelent for the insects.

Mrs. Lillian B. Beard visited friends in Amarillo over Sunday.

moved to other locations, four rooms with no place for play were provided with games for both children and grown-ups, seven women removed useless furniture, eleven added curtains or drapes to the windows. Of the twelve contestants entered in the contest, eight were assisted in their work by their family only and four hired work done. Of the four, a part of the work was traded out and was counted as hired work.

The most spent on any one of the living rooms was \$250.00 while the least amount was \$18.10. The total amount spent in improving the twelve living rooms completed during the contest amounts to \$658.89.

## SUPERFEX OIL BURNING Refrigerator

### Ice from Oil Heat

Now, for the first time, with the invention of the marvelous Superfex Oil-Burning Refrigerator, you can enjoy modern refrigeration in your home no matter how far you may be from central station electric power and other conveniences. With this modern refrigerator you can keep your foods always cold and fresh, and in the prevention of spoilage it is both an economy and a safeguard of health. It freezes ice cubes, too.

The Superfex turns the heat from a pint of kerosene—costing

two cents—into 24 hours of effective refrigeration. Once a day you "light and leave it." No further attention is required. The burners do the work silently, in about an hour and a quarter, and go out automatically, but the refrigeration goes on. There are no moving parts, no valves—nothing to get out of order. The only outside connection needed is with the cold water supply line. The cooling water, however, need be used only during the short heating period.

The Most economical refrigerator ever built

## Development Of Junior College General Over State

### The Junior College Era Is Here

By SUPT. H. T. BURTON

The recent session of the legislature of Texas passed what is known as the Junior College bill. The main provisions of this bill are as follows: Three types of Junior Colleges may be established, Union Junior Colleges, County Junior Colleges, and Joint County Junior Colleges. The first type, the Union Junior College is a Junior college established by an Independent School district or a number of districts joining in together; the second type is as the name implies, a college for the entire county; a joint county Junior College is where a number of counties or parts of counties join in together to establish a college. But not just any district, county or counties can establish Junior Colleges. They must have a property valuation of \$12,000,000 and a high school enrollment of not less than 400 pupils.

It will readily be seen that according to the new law Clarendon College does not have the required property valuation of \$12,000,000 or the number of high school pupils, namely 400. Our property valuation for school purposes is only \$4,300,000 and we only have about 250 high school students. But Clarendon College is taken care of by a rider written

College and as stated above this decade may be rightly called the beginning of the rise of the municipal Junior College. The demand for Junior Colleges has preceded legislative action and the first legislative action has merely been permissive. The period for vigorous discussion is now on. It is safe to predict that the immediate future will see the multiplication of Junior Colleges in Texas at something like the same rapid rate that marked the growth of high schools.

Clarendon Junior College is unique. It is the only one of its kind in the state. As has been stated above, the Clarendon Independent School district has the smallest property valuation by several million dollars and has only about half the required number of high school pupils; at the same time the valuation of its plant, the buildings, equipment, etc., is far above the average for a municipal Junior College, and if we tried to replace the plant we would have to have a property valuation of \$25,000,000 in order to do it. This is due to the fact that the plant is paid for and there is no interest or sinking fund to be taken care of.

Three things are necessary for a successful Junior College, namely, the proper rating so the work offered will be accepted by the State Department and the association of Junior and Senior Colleges; a student body of at least 20 Sophomores and 40 Freshmen and finally, funds sufficient to run the institution. As to the first point, Clarendon College has the highest rating a Junior College can have and that is class A-1. It also has, this year, a sufficient number of students to meet the minimum requirements but needs more students. But Clarendon College does not get sufficient funds from its tuition, the only source of income to run it adequately and in order for it to be able to continue it must have more funds. The new Junior College law spoken of above provides a way for securing the funds needed. It permits a Junior College district to vote a tax of 20 cents on the \$100 on STATE and COUNTY valuation, not on school valuation of property. If Clarendon Independent District vote this tax upon themselves it would provide a revenue of about \$4,000 and that is just about what the College is running behind in expenses each year.

The Clarendon Independent School Board will very likely, in the near future, ask the people of this district to vote the 20 cent tax in order to keep the Junior College going with the idea in mind of allowing any or all of the districts in the county who desire to do so to vote this tax upon themselves and come in with them. If the whole county would vote this 20 cent tax it would bring in a revenue of about \$14,000 and every cent of it would be used for running the school. This would be sufficient to take care of all expenses and tuition would be free to every boy and girl in Donley County. This is the ideal situation and Donley County has an opportunity that no other county in the state has. The Clarendon Independent School District owns and does not owe a cent on

H. T. BURTON

by J. R. Porter known as section 16 in the bill which states any Junior College already in operation where an independent school district has voted bonds to the value of \$41,500 by May 20, 1927, to purchase buildings, equipments, grounds, etc., worth in excess of \$250,000 which said buildings, etc., was in operation as a college September 11, 1928. According to president H. W. Stillwell of Texas Junior College, who has made a survey of the state with respect to the possibilities of this law, 82 Junior Colleges can be established under the new law as follows:

"Colleges already in existence, 15; independent districts already having a valuation of \$12,000,000 or more in which other colleges may be set up, 21; independent districts with almost \$12,000,000 valuation, 4; counties or combinations of districts in a county where the valuation is such that Junior Colleges may be established not counting those already established and possible in separate independent districts, 29; counties in which the valuation can possibly be reached through combination of independent districts and common school districts, 13. Total 82. It is interesting to note in passing that only four public Junior Colleges are possible in the Panhandle of Texas, not under the new law, counting Clarendon Junior College which is already established. Colleges may be established in two independent school districts, namely Amarillo and Pampa, and in two counties, Carson and Hutchinson.

It takes no prophet to predict that this is the beginning of the era of the public junior colleges. Dr. Eby, in his article, "The Development of Education," points out that there was a period of private academies in Texas ranging from about 1850 to 1870. The first public high school was established in Brenham in 1875 and the next high school was established in Houston in 1877. The first acts of the legislature concerning high schools were merely laws to permit cities to levy a tax for the establishment of a high school. In 1885, following a period of vigorous discussion from 1880 to 1886, there were fourteen high schools in Texas. From this humble beginning the state of Texas is entirely covered with high schools. The private Junior College has preceded the municipal Junior

FRANKYE KATHERINE ZIEGLER

one of the best Junior College plants in the state. They are very anxious to share it with every citizen in Donley County and the surrounding counties, as for that matter. Should it be converted into a County Junior College then, there would be a County Board of Trustees elected at large which is prescribed by the new Junior College law to govern and determine the policies of the school. Donley County Citizen, think it over.

## Commencement

## Congratulations To 1929 Graduates The Clarendon News

"Your Home Town Paper"

### Honor Graduates Announced

#### From Class of 1929 Seniors

The faculty of Clarendon High School announce Miss Dorothy McCanne as valedictorian and honor graduate of the class of 1929. Miss McCanne completed her year's work with the high average of 91.65 per cent. Second honors of the class as salutatorian go to Miss Katherine Gallagher with an average of 89.815 per cent. The honor student this year as heretofore was chosen on the basis of their last year's work, the student with the best average carrying a full course of four subjects being given the honor. Special mention should be given to Miss Wilma King and Miss Lorene Hayes, both of whom finished with splendid averages but were declared out of the race due to irregularities in their courses of study. Miss King had an average of 93.13 per cent and Miss Hayes an average of 92.26 per cent for the past year's work. First honors for the boys was earned by W. D. Bryson.

These coveted honors have been earned through scholarship based on assiduous application. The above students are to be commended in attaining these premier honors. The faculty wishes to extend their congratulations to these deserving young students with the wish that they may bring as much honor to their college as they have to their high school.

The faculty announces also a change in the method of selecting the honor graduates for the coming year. Hereafter honors will be based on the entire high school curriculum consisting of sixteen accredited units. These sixteen units are to be composed of the eleven required units and such electives as the candidate may choose to complete the sixteen.

### The Senior Class Roll Of 1929

W. D. BRYSON is the typical example of flaming youth; ambitious, loyal, dependable and true. We confidentially await the outcome of his ambition to become an engineer. W. D. plans to attend Lubbock Tech next year.

EUGENE CHAMBERLAIN is reliable, obliging and has a good store of common sense. The Senior class has learned to rely on Eugene on many occasions, for he never hurries or worries, but always does his duty well.

BILLY DILLARD is a happy combination of good work, fine talker, football star, agreeable companion, worthy actor, capable leader and excellent athlete. We will miss Billy when he goes to A. & M. next year.

EUGENE ESTLACK is one of us in sincere spirit, if not in scholastic work. Although he is studying college subjects in part, we count him on the distinguished list of those who will graduate this spring with us.

PHIFER ESTLACK was an old man at football this year, having played on the famous freshman team in 1925, and many times he has upheld the Senior honor and dignity on the gridiron. Phifer is one of our few "originals," having been in the Clarendon public schools since he entered the first grade.

ELVIS FRENCH, with characteristic trustworthiness, has won the hearts of his classmates. "Snib" will be long remembered for his quiet manners and pleasing personality. Elvis begins preparation for an engineer in A. & M. next year.

MARVIN LINDSEY is the future poet and present heart-breaker of the Senior Class. Marvin's apparent preference for all shades of vermilion stamps him as a lover of art, but he declared his intention of living close to nature on a farm and writing poetry.

BENTON SMITH played end this year and proved himself a real Broncho in more than one game. Benton, judging from his present attitude toward school, will be dean and director of a Junior college some day.

GWEN ALLISON is another College student who desires to graduate with the class of '29. This proves her usual good judgment and clear-cut decisions. To know Gwen is a privilege—could more be said?

JULIA BARNARD is good natured and fun-loving in the combination of that rare thing—a good sport. Julia is planning to study music next year.

JEWEL BAILEY has Pep for her middle name; vivacious is her synonym; an engaging smile is her passport to any heart, for she is a striking example of the new Miss 1929.

MABEL COZBY combines conscientiousness and efficiency to make up her personality. These steady characteristics are to be truly appreciated for their real value in a person of Mabel's unusual temperament.

PEARL DUBBS is the mischievous, fun-loving girl that has a merry giggle for every occasion. Pearl is always willing to do her share in anything and contribute her part to any enterprise.

BILLY DILLARD

RUTH DUNN is the type of girl every class needs as an example—a scholarly debater, a consistent student, a good sport, a loyal pal, but most of all, she is as able to give original suggestions as she is to carry them out. Ruth came to us from Dalhart three years ago and we wish for others from that city if she is a sample.

LENA ELLIS has a clear, frank look and plenty of common sense. Lena's outstanding characteristic is that valuable and much needed quality, a practical use of knowl-

edge. Lena is useful, not only as a citizen of our class that is willing and ready, but as a friend she is staunch and true.

THELMA ELLIS. Sincerity, friendliness and frankness are her outstanding qualities. She spares no effort in the attainment of her desires, which proves her a consistent worker. Thelma is always honest, both with the outside world and herself.

KATHERINE GALLAGHER is an accomplished typist. She has the "speed" to carry her right into a good position even now. Katherine is very independent and has the courage of her convictions.

HAZEL GILBERT. "A merry heart maketh a cheerful countenance," suits Hazel to perfection. Her optimistic outlook on life has won many friends and she is much to be admired for a happy disposition.

LODI GREEN is a friend to all and once a friend, always a friend. Lodi is one of those resourceful comforters that on turns instinctively toward in time of trouble, for sympathy and understanding. Lodi is a good sport and a pal in the real sense of the word.

HELEN GOLDSTON is the type that invariably knows something interesting or exciting to tell and start a conversation. Helen's

THELMA YOUNGBLOOD

golden hair and sunny disposition go well together and she is well-liked by her classmates.

WETA HALEY is very demure and rather quiet, but when she speaks it is sure to be something worthwhile. It is of benefit for anyone to know Weta, for she is really very attractive.

LORENE HAYES is the living example of that old adage, "Still waters run deep." Lorene is the studious type of student that colleges welcome and delight to train, for she is a teacher's ideal. Could more be said?

WILMA KING'S quiet ways speak loudly for her, and it is a miracle that one small head can carry all she knows. She is a good debater and public speaker and is so unassuming and cheerful that everyone loves her. "Mrs. Simmons" is one of the most interesting characters in the Senior play.

DAVILLA KELLY. "I'm lucky and I'm happy, so maybe I'll get by," seems to be her motto. For "Kelly" is one of the best sports and fun-loving members of our class. "Kelly" plays the piano excellently, too.

JANE KILLOUGH is blessed with talented fingers—be it piano, typewriter or saxophone, she has a rhythm that can't be beat. Jane is good-natured and very obliging. She will do most anything to help anyone out.

MARY WOOD LANE is always agreeable, quiet and self-composed, and no one ever knows of what she is thinking. Mary Wood is efficient in her own quiet way.

PAULINE LANE loves whatever she looks upon, and her looks go everywhere—and everyone loves Polly. Polly lives up to her sunny name, and completely fits that huge and expansive adjective "charming." When Polly goes to Tech we are to expect great things and pleasant rumors of the popularity she has so richly deserved here.

DOROTHY McCANNE is a loyal supporter of the Senior Class and all its activities. "Tommy" backs the class and everything it plans or attempts.

HELEN SLATOR is sincere and capable. We are glad Helen went to Dallas with the Home Ec. girls for it is a splendid thing that such a deserving girl had that wonderful opportunity.

LOIS STRAWN is always ready to step into an emergency and make it an adventure or a treat. Entertainment is her strongest point as any Home Ec. girl can testify.

# Seniors School Leaders For Past Four Years

## History Of 1929 Graduates Is One Of Much Prestige Gained In Work

By DOROTHY McCANNE

The Senior Class of 1929 has always been a remarkable exception in many ways. Outstanding from the first, they have maintained a high standard, and constantly lived up to those ideals. The Seniors have always been ambitious since the time as Freshmen in 1925 they won the coveted football sweaters offered as a reward to the class which won in football. This feat was appropriately followed by the winning of the half holiday promised by Mr. Morgan to the class having the most representatives at P. T. A. Even as early as 1925, some of our classmates had begun to be outstanding; four were on the Broncho Staff and two lettered in football.

The Junior class of last year showed many of the outstanding characteristics that this year has found developed. The crowning achievement of the Junior year was the small annual that this enterprising class put out when the general school annual failed. This volume contained a record of the many parties, hayrides, and picnics. The Junior-Senior Banquet at the Antro Hotel was another memorable occasion. Again the Juniors won a holiday offered by the P. T. A. This year was marked also by the activities on Senior Day. Our Junior boys spent the entire night at work previous to Senior Day, placing Junior stickers and lavender paint over the entire campus. The surprised Seniors, much to their disappointment and chagrin, saw their flag come down and the Junior colors flying triumphantly. Although the Juniors were forced to spend the day in the classroom, when school was dismissed, they went to the McAdams ranch on a picnic and managed to have a better time than the Seniors.

This was inserted to prove how the present Senior Class has always dominated school affairs. They are the acknowledged leaders of all extra school activities. They began the year by a solemn resolution to study hard, have lots of fun, and as the final triumph, graduate with a flourish. Every class in school for the last four years has respected the present class for its vigor, ambition and progress.

September 5th found the Seniors enthusiastic and ready to start the year's work, which they now face completed. They have striven from that date to make and maintain a good record. September 6th, the Seniors wisely elected Billy Dillard president, Elvis French, vice president; Thelma Youngblood, secretary; Pauline Lane, treasurer; Phifer Estlack, reporter; and Marvin Lindkay, sergeant-at-arms. They had,

with usual foresight and clear perception, ordered their Senior rings through Mr. Goldston the year before. This class has a policy to patronize local dealers, and Mr. Goldston has loyally supported them in return. The underclassmen agreed to adopt the same ring, and thus a standard ring for Clarendon High School was first advocated, accepted, and worn by the Senior Class of '29.

The class felt its second great tragedy in the death of Johnnie B. Vinson, who died September 28th. His first experience with the sinister angel was during the Junior year, when Phil Reeves died from injuries received in a football game. Johnnie B.'s sunny smile and cheery voice will always be missed as the old class roll is called in years to come.

The first social activity of the Senior Class occurred September 14th. A hayride to the river and a watermelon feast were the chief features of the merry-making. The Junior class dutifully and delightfully entertained the Seniors with a party at the home of Miss Jeanette Parks on the evening of October 13. Such a pleasant evening was spent that the Seniors went away vowing that much of the traditional enmity between the classes had been dissolved. By eight bells, and all was well. The weather was clear, not a cloud hovered over the happiness of the two mighty classes. Ship ahoy! The crew began to eat, drink and be merry for they had ambrosia, roasted dove, heavenly hash, bows, cupid's darts, St. Valentine's relish, heart delight, angel food and nectar. And as there were no railings on this good ship Love, everyone fared beautifully as the following program was given under the captaincy of Billy Dillard:

Toasts:  
To the Compass (faculty)—Betty Walker.  
Response (needle of compass)—Miss Worsham.  
To Ship's Officers (Seniors)—Elvis French.  
To Ship's Crew (Juniors)—Eunice Johnson.  
To Tow Line (Sophs)—Billy Jo Terrell.  
Ship's Log (Senior Class history)—Benton Smith.  
To Mates (newly-weds in our class)—Pauline Lane.  
The program aft deck was as follows:  
Sweetheart Songs—Jane Killough and Maurine Hood.  
Violin Duet—Marjorie McKillop, Bonnie Nell Gordon.  
If Cupid Grew to Be a Man—Miss Abbott.  
Heart Stunts—Betty Jo Caraway.

A Leap Year Leap—Wilma King.

Alma Mater.  
Senior Day, anxiously awaited for four long years, dawned at twelve one Monday morning. Mr. Burton kindly consented to let them do what they pleased as long as they damaged no school property. The boys held a sumptuous party all over town, and the girls stayed at Hazel Gilbert's and Dorothy McCanne's—at times. Senior flags were raised on every flagpole in town and the Juniors did not attempt to capture them until the Seniors left town. Purple and white paint, disheveled underclassmen and victorious Seniors were all over town. A huge bonfire was built near the college and the loyal Seniors kept watch over the flag all night. It is an interesting and significant fact that this is the first time in the history of Clarendon High School that the Senior flag was unmoored. The Juniors did not even have a flag! The Seniors drove off, leaving the Juniors marching dismally to classes, while they went to spend a joyous day at Dripping Springs which was the most delightful day of all picnics. They returned a tired but happy group at the end of a perfect day.

This Senior Class has been famous for athletics in spite of the lack of boys. Dillard's educated toe has won many victories for Clarendon High School and Benton Smith's tennis is famous throughout this district. Track and field events are won almost entirely by Seniors and the majority of literary events are headed by Senior participants. Billy Dillard, an outstanding Senior, was high point man with 22 1-2 points. He won four places and tied for one second in the county meet. Frankye Ziegler and Benton Smith were the tennis stars and showed splendid training. Phifer Estlack took the first place in extemporaneous speaking, and Ruth Dunn and Wilma King lost the debate only because their ideas on the American Congressional System didn't duplicate the judges'. They proved their ability as excellent debaters in American Class. We have two excellent typists also, Miss Katherine Gallagher and Jane Killough.

The Senior Class was stirred by the revival of the school annual interest in October, but when the possibility of the entire school having an annual failed, the Seniors concentrated all efforts toward putting out a class annual similar to their Junior edition of last year. This project is now nearing a successful completion as a bigger and better annual than the one previous. It will soon be ready for the waiting students.

Taken all in all, this Senior Class is the best that has ever scratched their name on history's yellowed pages. They go forth into the world with one of life's triumphs—a diploma. This class contains promising material. You will hear their names again. Billy as a cartoonist, Elvis an artist, Julia and Marvin as poets, Jane and Davilla as musicians—the vision fades and we see them only as happy boys and girls about to graduate.

### NEWS IS CHOSEN FOR BIG CONCRETE ADVERTISING

The News received a letter the latter part of last week from the Dallas branch office of the Portland Cement Association, stating that after careful consideration, their office had decided to use our columns for an extensive campaign to advertise their products. The readers of the News probably noticed the first release on this contract last week, calling attention to the continued use of concrete for roads in all sections of the state. The famous test strip of road in Illinois was mentioned, showing that cement is the best material that can be used to build roads of any sort in any county. The contract is to be quite a large one and will be of vital interest to Donley County readers since road paving is of interest to every citizen of Donley at this time.

Act II. In the morning one week later.

Act III. Nine o'clock the same night.

Furniture—Courtesy H. C. Kerbow & Sons.

Music—Clarendon Band.

Manager, W. D. Bryson.

Mrs. E. M. Glass attended the book reception given at the home of Mrs. C. E. Johnson one day the past week. Miss Mary Peabody spent Sunday with Miss Lois LaFon. Mr. and Mrs. Theo Johnson and

MARY WOOD LANE

little son and daughter visited relatives in Amarillo Sunday.

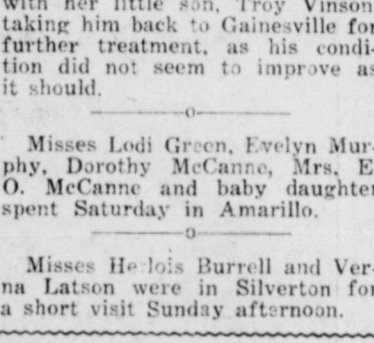

Several from here are attending revival services at Hedley this week, conducted by Rev. Arthur W. Jones of Memphis.

Budd Sims left for Washburn Sunday where he will have charge of an extra gang for the Fort Worth & Denver road.

Mrs. Z. A. Cox left Tuesday with her little son, Troy Vinson, taking him back to Gainesville for further treatment, as his condition did not seem to improve as it should.

Misses Lodi Green, Evelyn Murphy, Dorothy McCanne, Mrs. E. O. McCanne and baby daughter spent Saturday in Amarillo.

Misses Helois Burrell and Verna Latson were in Silvertown for a short visit Sunday afternoon.

LENA ELLIS

G. G. Kemp and J. S. Mulkey were in Oklahoma City the week part of this week, where they secured one of the new model Town Sedans being put out on the new chassis.

### STUDENTS ARE PRESENTED IN RECITAL MONDAY EVE

Piano students of the branch studio of the Amarillo College of Music were presented in recital Monday evening in the Methodist Church Auditorium. ## College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

### Clarendon Girls Take Two Places in Clothing Contest

By JOYCE LINK

The tenth anniversary of the Girls' Clothing Contest met in Dallas last week. The representatives from Clarendon were Joyce Link, Bonnie Nell Gordon and Thelma Youngblood.

Aside from the events given in honor of the six hundred girls in that city, the most important event in the minds of all the contestants as well as their respective teachers was the waiting for the decision of those almost human judges. Hoping against hope lingering with mingled joy and fear, the hour drew closer and closer. At last it came, bright and early Saturday morning about 10 o'clock at the Fair Park Auditorium.

After an interesting program of dancing, music and addresses by people of prominence, our little group from home was very surprised when the judges announced Joyce Link and Bonnie Nell Gordon as second prize winners. Each town was allowed only three representatives in the state meet. The school getting the greatest total number of points in features and in exhibit received grand prizes of \$50 and the school getting the total number of points in features received a certain amount of money in which Clarendon and Memphis tied and were awarded \$10 that will go to repair the dormitory.

Now, let us take in a few of the entertainments. Our entire group, consisting of Bonnie Nell Gordon, Thelma Youngblood, Mary Frances Caraway, Lucile Pickering, Jeanette Parks, Mary Slater, and Joyce Link, chaperoned by Miss Helen Beck of the department of Home Economics of Clarendon left this city Wednesday night, light-hearted and gay, dreaming of the glorious time to be in the city of Dallas. We arrived about 8:30 Thursday morning and soon found in the Baker Hotel men working steadily unpacking, and making ready to get the exhibit on display on the mezzanine floor. After arranging the exhibit in its appointed place, we enjoyed a good lunch, and then went on a scenic drive over the city. At 4 o'clock we went to a tea given in our honor at the dormitory of the Southern Methodist University. After seeing the most interesting things there we were again ready to sojourn on. Nevertheless, in spite of the gorgeousness of that building we have all returned saying that we prefer the home economics department of our own town to the one in the Southern Methodist University, except, perhaps, its elaborate dining room. That night we saw a good show, after which everyone slept, slept, and slept some more.

Friday dawned the day of days, the day in which we were to be judged. Thelma, Bonnie Nell and Joyce were selected in the chosen six and we waited patiently until we might hear the final outcome. Friday night the Home Economics girls were honored with a banquet on the roof garden of the Baker Hotel. The place was very elaborate and everyone enjoyed herself. After the style show Saturday morning, we all began to get ready to come home. We went to a show that night, and boarded the train about eleven o'clock and at last we were homeward bound.

Despite our entertainments, our many frolics and enjoyable times, we decided that the happiest moment of the entire trip was when we boarded the train.

After all, when all's said and done, "There's no place like home."

### Commercial Department

The Commercial Department, under the direction of Mr. J. Roy Wells has accomplished much during the past nine months. Besides the regular routine of work that is required of this department, the advanced students have done a large quantity of novelty stencil work including programs, form letters, printed forms, tickets, etc., for the school as well as for business men and outsiders.

Students of the Commercial Department put out the bulletins for two of the local churches each week, and have been highly complimented on this work.

The typing students deserve much credit for the advance they have made in typing. There are several students in the classes who are above the average typist. There are sixteen typing medals to be awarded this year to students for speed and accuracy in typing.

In the recent County Interscholastic Meet which was held at Hedley, the first, second and third

places were won by the students of the Clarendon Commercial Department; the Clarendon team also won first place. In the district meet at Childress, a student of this school won first place in typing and entered the State contest. The Clarendon team also won second place in the district meet.

Clarendon College has more affiliated freshmen credits in Commerce than any other Junior College in Texas.

### Harold Bugbee's Art Exhibit Causes Much Interest

Great interest was shown last week by the students of the Clarendon public schools in the art exhibit at the college building. The pictures exhibited were those of Harold Bugbee, local artist. The school considers itself very fortunate in having had the opportunity of displaying this excellent collection. Several classes from junior high school made a special visit to the college to see these pictures.

Mr. Bugbee has made a special study of western life and pictures it very admirably in his paintings.

### School Board Dines at Dormitory

On Sunday, through the courtesy of Mrs. John Vineyard, the members of the school board and their wives were entertained at dinner at the dormitory. Besides the members of the board, Mr. and Mrs. H. T. uBrien, Mr. Cooper, and the teachers of the dormitory enjoyed this excellent feed.

### Operetta a Big Success

The operetta, "In a May Day Garden," presented by the first seven grades under the direction of Miss Geneva Merrill assisted by Misses Lorena Stegall, Mary Cook and teachers of the grammar school, was a great success. The house was packed and the proceeds were large. Miss Merrill is well pleased with the success of the operetta, this being the last one to be directed by her this year.

There were 175 children who took part in the play and all played their parts well. Miss Jo Veta Wilson was the charming Queen of May, and she is to be complimented for her splendid acting. Nickey Stewart as Fairy of Dreams also invites attention. He played his part well and shows talent for the stage. Miss Merrill is to be commended for her fine work here not only with the grade children but with the choral club of the high school.

RUTH DUNN

### ISN'T THAT NICE?

A little bird told us that the Seniors are going to repay the Junior hospitality sometime next week.

### BUT, IS IT?

Laredo, Texas, May 2.—(UP)—Finding American marriages more stable than Mexican ones—mostly because Mexican authorities forgot to record their marriages—ten different married couples have crossed the Rio Grande this week to be married all over again by justices of the peace or Catholic priests.

Some of the couples remarried have had children old enough to act as witnesses at the second wedding of their parents.

Petersburg's chamber of commerce is actively working to secure natural gas for the town. A committee arranged to go to Amarillo and confer with the gas company there on the proposition.

### DEVELOPING THE CHICK

The second week will see the chicks starting to feather out and getting huskier and stronger every day. The feed ration should be continued as instructed last week. The circle around the hover may be eliminated by the end of the second week and the temperature let down to 85 degrees.

Several cautions should be mentioned at this time. Be sure not to frighten the chicks or to allow children or pets a chance to do it. Frightened chicks will trample each other to death.

Be sure to keep the chicks of different ages separated. The chief reason for this is that with two different ages of chicks together, the older chicks crowd the younger ones from the feed and drink with the result the younger ones become stunted and lose their chance of ever reaching complete and normal development.

Temperatures must be right and must be evenly maintained, or a lot of trouble can result. Be sure the chicks don't bunch on one side of the hover. They are comfortable and right when they are evenly distributed and form a sleeping ring within a few inches of the outer edge of the hover. Too much heat will drive them to the corners where they will suffocate and trample each other to death. Too little heat will cause them to "pile" in the warmest spot, in addition to inducing diarrhoea, pneumonia, etc.

If the chicks cannot be put in the sunshine within the first two or three weeks, leg weakness must be carefully guarded against. Cod liver oil fed in the proportion of 1 quart to 100 pounds of mash will help very largely in making up for lack of sunshine. Feeding eggs, especially the yolk, with the mash will help. Exposing the chicks to sunlight through ordinary glass is not enough, as the glass keeps out the essential health giving rays.

Coccidiosis should be watched for by the end of the second week, and due to its very serious and highly infectious nature should be guarded against by all possible means. The best preventative is strictest sanitation about all the chick's quarters. Cleaning the floor of the brooder house about the hover daily as long as the chicks are droopy, emaciated and sick, if they once become infected, is about the best that can be done, and a temporary all-milk ration helps.

The chicks at this age are normally peppy and full of lots of "go." As in the case with humans, normal good care and common sense are the great essentials, and with scrupulous sanitation and consid-

### College Students Go Picnicking

By S. SPIER

At least forty tickets were sold and the lunch prepared. Our enthusiasm continued to grow until we were all on our way to Dripping Springs, the stage of our play.

As we came to a stop everyone leaped from the cars and began an era of exploration and discovery. The most important discovery was made by Sir Chester Williams, who, peering through his field glasses, beheld in the distance a group of old Indians calmly smoking their peace pipes.

Chief Stidham was followed into camp by Squaws Noble and Slater who carried the game of the big hunt. After much merry-making by the entire tribe a great feast was served in honor of their safe return. Never before were the C. J. C. tribe served with so bountiful a feast, prepared by maidens Parr, Gerlach, Shepherd and Spier.

Camp broke at mid-afternoon and the tribe journeyed over the same track on return trip. Sir Chester Williams, who observed the great events of the days, refuses to disclose the secrets of the tribe.

Silas Clark, who lives north of town, returned Thursday evening of last week from Mart and Buckhorn in McLennan County. He was called to Mart the latter part of last week on account of the death of a nephew, Otho S. Clark, aged 23, who was buried Sunday at the old Buckhorn cemetery, southwest of Moody. Buckhorn is the old family home of the Clarks.

WETA HALEY

erate care you stand every chance of bringing the little fellows through the first weeks at least in fine condition.

Poultry Tips Column conducted by Leonard L. Brown, internationally known authority and founder of the Brown and Mann Strain of S. C. W. Leghorns. Enquiries are the great essentials, and with addressed care of this paper gladly answered by Mr. Brown.

## WHAT'S DOING IN WEST TEXAS

By West Texas Chamber of Commerce

White Deer has recently organized a chamber of commerce and elected Odis Dean, president and G. H. Russell, editor of the White Deer Review, secretary. Regular meetings were inaugurated at the Palo Duro Cafe on Mondays.

Junction's new ice cream plant will have a daily capacity of five hundred gallons of cream and will be as modern as any to be found

in the state. All new and the latest machinery is to be installed in the plant which will be a stucco building of Spanish architecture.

Laredo begins her shipments of Bermuda onions early and has already shipped over 200 car loads. Special train loads carrying from 75 to 100 cars will leave the town nightly while prices remain good. Then dealers will be prorated as to the amount they can ship in order to prevent the glutting of the market.

Hereford real estate records indicate that within a few years the great cattleman's paradise will soon become the land of the crop grower. The 110 transfers of agricultural land recently completed around the town has had a total

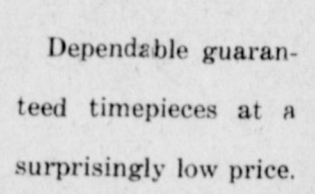

acreage of 48,175 acres of approximately 75 sections, averaging 438, acres.

Cisco entertained the Brazos Valley Pecan Growers association on April 27th. J. H. Burkett owner of the famous Burkett pecan tree from which more trees in West Texas are budded than any other, was present. Burkett was presented a bronze plaque in recognition of his influence on the growth of the industry.

Anson will entertain the third annual meeting of the Dal-Paso Cavern Highway association on May 8. Invitations have been extended the highway commissioners of both Texas and New Mexico to attend this meeting. Plans for a motorcade to begin at Shreveport, La., will be made.

Wagner

Sam M. Braswell, Director of Music.  
Miss Fray Stallings, Organist.

### Junior College

CONTINUED FROM 1ST PAGE

Now lets look into the future a little ways. Suppose Clarendon and Donley County should let Clarendon College die because of the lack of funds. Further, lets suppose that, Amarillo, Pampa, Carson and Hutchinson Counties, do not establish Junior Colleges then the Panhandle of Texas would not have a single public Junior College. What about the rest of the state? Are they going to establish Junior Colleges wherever they can do so under the new law? Certainly they are. They already have fourteen in operation and a number of new ones are to be established this year. What will be the result in a few years? Simply this, all of Texas except the Panhandle will have Public Junior Colleges for their children. Every one who has given this subject any thought knows that this is just the beginning of the establishment of Public Junior Colleges and all are agreed that it will only be a few years until the state will take them over as they have done the high schools and that they will be supported out of the state and county funds. If the Panhandle people sleep on the job they will wake up a few years to the fact that they are paying out their money to educate the children in the rest of the state and will not be reaping any benefit from it for their own children. Fellow Citizens, this is no idle dream, it is a fact. Think it over and lets get behind the best thing we have in Donley County and put it over in the way that only Panhandle people can do.

#### COMPANY OF SOLDIERS GO THROUGH CLARENDON

Last Saturday a company of soldiers from Fort Logan, Colo., passed through Clarendon enroute to Camp Travis, at San Antonio. They were travelling in army motor trucks, cammied along the way, and seemed to be enjoying the trip from remarks to G. W. Antrobus who directed them out of town and talked to the officers.

Messrs. Earl Naylor and James Patman went to Amarillo Sunday.

### Two Seconds Are Won in State Meet

Clarendon young ladies in attendance on the State Clothing meet in Dallas the latter part of last week carried off two second places on their entries. The third entry, that of Miss Thelma Youngblood, in the special occasion dress class, was judged among the first seven.

The amount won by the fact that Clarendon took two second places, put them in a tied position with the schools at Memphis and Palestine, winning them an award of \$10.00 The tie was for first place in points won. The Clarendon school is in competition in Class B groups, this comprising those schools in the state with more than 150 and less than 500 enrolled in the High School, making this the largest group in the state.

Miss Bonnie Nell Gordon won second place on the traveling costume she entered and Miss Joyce Link won second place on the first year wash dress. Miss Beck was more than well pleased with the final outcome of the contest and was much surprised when the Clarendon girls won the places they took.

#### SENIORS EXPRESS THEIR APPRECIATION TO SPONSORS

The Seniors owe a debt of gratitude to its two sponsors, Misses Helen Beck and Temple Harris. Without the assistance of these two, and the leadership of Billy Dillard, Senior Class President, the class would have lost valuable allies. The Seniors of 1929 have been well led in their enterprises, encouraged in their undertakings and guided in their pursuits. We appreciate Miss Beck and Miss Harris for their co-operation in directing the Senior play. We appreciate Billy's persistent efforts to keep the Senior Class "baid up" and without him, it is reasonably certain, we should have never had a Senior annual.

The Seniors will long remember Mr. Farrow and his whimsical little grin. He checks the roll every morning and sees that no dignified Senior commits the atrocity of giggling or whispering. He was Santa Claus to the Seniors once upon a time, but he never gave us the privilege of playing hooky.

The Senior Class of 1929 wish to thank Mr. Braswell for this issue of the Clarendon News. It is just another example of what has always been his policy of public spirit and co-operation with the Clarendon schools. We, the Seniors of '29, feel ourselves lucky that our class has been given this advantage and we take this method to show visible appreciation for Mr. Braswell's kindness and originality. We wish also to thank the merchants whose support has made this issue possible, both materially and in spirit.

#### THE SENIOR CLASS.

JULIA BARNARD

### CHIEF DISPATCHER HERE FOR EMPLOYEES TESTS

F. E. Rose, Chief Dispatcher of Wichita Falls was in Clarendon Sunday for the purpose of examining all classes of employees who are required to pass these tests at intervals. All operators and agents from Claude to Memphis, inclusive, were here for the test, having the examination from 3:00 o'clock to 4:30 in the afternoon. Out of town visitors here for the examination will include: J. J. McMicken, agent, from Memphis; A. G. Huffmaster, agent, from Amarillo; A. Vinyard, agent, Hedley; L. E. McKinney, agent, Lelia Lake; H. C. Tims, agent, Ashola; K. L. Canning, agent, Goodnight; B. D. Walker, agent, and A. T. Everett, operator, Claude, and C. H. Wisdom, agent, F. C. Johnson, cashier and operator, R. C. Vinson and

PHIFER ESTLACK

E. T. Leverett telegraphers, all from Clarendon.

In addition to examining the men mentioned above, Mr. Rose examined bridge foremen Ed Murphy, L. Allen and H. L. Pattie. Assisted by Road Master J. Moran of Amarillo the foremen were again examined. S. E. Watson, water service man out of Amarillo, was here for the purpose of re-pairing the water tank at this place and he was also examined.

Mr. Rose stated that his findings were all to the good and examination cards were issued to those who were examined on the way they were supposed to be doing.

#### ATTENTION, BAPTISTS!

Let's beautify the Baptist Church yards. What say you? The railroad company has refused to let us build the Antro park, so let's get busy with the church property. It's time for action.

Just a bit of will power and elbow grease is sufficient to do the trick. May as well get busy. I am going to agitate from this day on.

G. W. Antrobus.

Mr. and Mrs. O. L. Fink visited friends in Wellington Sunday.

Big Spring's first quarterly meeting of the chamber of commerce was attended by more than 400 people. The main topic of discussion was the building of good roads. Howard County will soon vote on a road bond to pave both highways out of Big Spring, and this course was highly recommended by those present.

### Class Roll

CONTINUED FROM 1ST PAGE

JULIA TAYLOR is versatile. All-round is a mighty big word for such a little girl, but it is just the only one that will suit the occasion.

MAURINE WOOD is tiny, attractive and just plain cute. She is too doll-like to really seem real, which makes her the dear she is and the one we all know to love.

LUCILLE WRIGHT is to be admired for her consistent mastering of the task at hand. No matter what it is that Lucille attempts, she will do her best, and she is another one who finds good in everything.

THELMA YOUNGBLOOD is learned, pretty and good. She is a seamstress, too, for she won the trip to Dallas with her handiwork. Thelma has proven a valuable member on the annual staff this year, too.

FRANKYE ZIEGLER is athletic, winnie out in the county tennis for Interscholastic League work. Frankye can be clever and unconcerned at the same time. In summary, she is a jolly good girl and well worth knowing.

Taken individually and collectively, the Senior class is a wonderful and finished product of the Clarendon Schools, and one which any city might well be proud. As each one of these boys and girls march from the school doors into life they will represent the training which they refer to with pride and a smile of reminiscence. This is a class in which many lives are represented, many personalities, and many characters, but never has a better class gone down into history's yellowed pages with Clarendon High School as their Alma Mater.

#### FORMER CLARENDON RESIDENT VISITS HERE SUNDAY

Mr. and Mrs. Ted Cullen of Amarillo visited with friends here over Sunday. Mr. Cullen is a former resident of Clarendon, having made his home here some twenty-five years ago, this being his first trip to Clarendon since he left here a quarter of a century past. Mr. and Mrs. Cullen were accompanied by the mother of Mr. Cullen.

Miss Willie Mae Stewart and Mrs. James Patman spent Sunday in Heidelberg visiting the parents of Mrs. Patman.

MAURINE WOOD

### CLARENDON LEAGUERS IN MEETING AT MEMPHIS

The Clarendon District Epworth League met last Saturday afternoon and Sunday in Memphis for a general convention. Clarendon was well represented at these meetings, two carloads making the trip and spending Saturday night and Sunday there in the session of the conference. Gwendolyn Allison, Andrew Reavis, Marue Trostle and Betty Griswold made the trip in the Trostle car while Elizabeth Kemp, Ruth Price, Mary Naylor, Frances Choate and Roberta Lafon made the trip with Mrs. G. G. Kemp. Charles Summers was also in attendance from the Clarendon organization.

Mr. and Mrs. Frank Heath and Mr. and Mrs. D. T. Heath spent the last Sunday with Mr. and Mrs. Heath of Crosbyton.

The Canyon Episcopal church has broken ground for the erection of a new home for their student welfare worker who is stationed in Canyon. The brick cottage will be planned to suit the needs of large student gatherings and for entertainment of visiting officers of the Church.
