NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

A CALL TO CITIZENSHIP

Following many months of propaganda and "log rolling" the race track promoters are to present a bill in the present legislature to make gambling on races legal in Texas under the pari-mutual plan. These shrewd gentlemen have pointed out the fact that Texas offers the most desirable field for breeding of racing stock, that huge quantities of feed would be consumed at premium prices, that the state would receive a "split" in the profits of every racing event, that all book-making would be done under the supervision of a commission, and that it would bring into Texas thousands of dollars of foreign capital—a glowing picture painted by master hands.

Some small defects in the whole plan, however, have been left unmentioned. The plan fails to mention how many youths would be lured into worse forms of gambling by the legalization of that vice on the race track. The plan fails to show how many extra thousands of dollars the charities of the state would have to provide in the relief of families of those hundreds who cannot afford to gamble and lose. The plan fails to demonstrate how a new system of bootlegging would grow up hand in hand with the races, and how our citizenship would have added crime and sorrow through the twin-evils of more drinking and easier gambling. The plan does not show how the churches and schools would have to redouble their efforts in maintaining the moral equilibrium of our citizenship against the assaults of the gamblers plying their trade under the safe conduct of Texas laws. The plan fails to enumerate the added avenue of bribery in our state affairs through this connection of state supervision of "harmless" betting.

The News denies that there is such a thing as "harmless" betting. Gambling is always degrading and always walks hand-in-hand with crime. Texas has a few stars in her queenly crown and one of them is her statute outlawing race-track gambling.

Let us not turn aside from the high purpose of protection of our youth from the pitfalls which always accompany gambling. Let us not allow the crown of our commonwealth to be tarnished.

Let our people arouse themselves and flood our representatives at Austin with protests against this selfish attack on the morals of Texas. Let us say that the evils of race track gambling shall never again curse Texas.

In the name of citizenship, in the name of virtue, in the name of clear-eyed youth whose brain is not fired by the passion of gambling, let us resolve that this iniquitous measure shall not pass.

How many Clarendon citizens know much of the work accomplished by the Clarendon Chamber of Commerce during the past year? We'll venture that not ten men outside of the official ranks of the organization have any clear idea as to the amount of work accomplished—and 1928 was a year in which the local chamber of commerce did one of its greatest bits of constructive work. At the annual banquet on the evening of January fifteenth the accomplishments of the past year will be reviewed and counsel will be had on the program of work for 1929. If there is a time when a citizen of this community is called by every duty to lend his presence and interest it is at the annual meeting in which the work of the past year is paraded and when the plans for the new year are discussed and adopted. This is our community and no one but ourselves are responsible for its welfare and progress. Will your neighbor see you at the annual banquet on the evening of January fifteenth?

Chillicothe has installed the green, red and amber traffic light system on two of their busiest street intersections. That's fine, and yet Clarendon is struggling along with three or four of the most congested traffic intersections in the West with only a few silent "stop" buttons.

April 2-3-4-5 are the dates set for the Panhandle Dairy Show at Plainview. Every effort is going to be made to double Donley County's last year attendance. One hundred Donley County farmers interested in dairying present at the Plainview show is not too ambitious a goal. Let's go!

Dairying, poultry and hog raising were the strong bridges that carried scores of Donley County farmers to a profit in the lean years. Don't forget the three in 1929. If the year turns out good they will make it better. If not so good they will be a bulwark against hard times.

Business in the early days of 1929 is reported flourishing in Clarendon. The open door of opportunity in 1929 is the most promising any of us have seen in many, many years. If we take it at face value, 1929 may go down in history as the greatest year we have ever known.

All Texas will join in congratulations to Governor and Mrs. Dan Moody on the arrival of Dan Moody, Junior, January 6th. It is predicted that the young man will have red hair like his father and we hope he will elect to be a West Texan like his mother.

Nearly every town has a man, who, in civic affairs emulates the football player who ran the wrong way over in California the other day.

A Tribute to Main Street

By HERBERT HOOVER.

In an address delivered at Elizabethton, Tennessee, October 6, 1928, Herbert Hoover paid the following tribute to the opportunity given him for service to the South following the Mississippi flood disaster:

I, with other Americans, have perhaps unduly resented the stream of criticism of American life, the stature and character of our people. More particularly have I resented the sneers at Main Street. For I know that in the cottages that lay behind the street rested the strength of our national character. When it came to organization necessary to meet that great catastrophe the pressure of time alone made it necessary to rely wholly upon the leadership, intelligence, the devotion, the sense of integrity and service of hundreds of towns and villages on the border of the flood. It was they who must undertake the instant work of rescue, the building of gigantic camps, the care of children, the provision of food, the protection of health of three-quarters of a million of homeless people. All that we who were in the direction could do was to outline the nature of the service that every town and village should perform, and assist them with resources. In the face of that terrific problem that would test the stamina and quality of any people there was not a failure in a single case. This perhaps stands out larger in my mind than in most men because under similar conditions of great emergency I have had the duty to organize population abroad. And in no country does there exist the intelligence, the devotion, the probability, the ability to rise to a great emergency that exists in the Main Street of the American town and village. I do not wish to disparage the usefulness of Broadway, Pennsylvania Avenue, or State Street, but it is from Main Street and its countryside that the creative energies of the nation must be replenished and restored.

MOODY AND THE FEE SYSTEM

Gov. Moody is said to be planning for the extermination of the fee system in Texas. Gov. Moody is a forward moving individual. He has served his people as county attorney and district attorney. He has served the state as attorney general and governor. He is familiar with the conditions and he knows the needs of the people.

There is every reason why the fee system should be blotted out. There is every reason why all servants of the people, major and minor, should be placed on a salaried basis. The fee system was invented in the fossiliferous ages by ancients who believed that the work should be easy and the pickings rich.

As a system it has been handed down the ages. In Texas at least it should be sent to join the fossils by the lawmakers of the commonwealth.—Cleburne News-Record.

More sympathy for the loved ones of the murdered and for society as a unit than for the criminal must be cultivated and nurtured in these United States before we make very much progress in the matter of law enforcement against murder.

Whenever we have effective enforcement against whiskey making and bootlegging we will have very little lawlessness. As always great and lesser crimes go hand in hand with liquor.

Donley County, our fondest wish for you in 1929 is the passage of a bond issue for hard-surfaced highways.

An act of citizenship—attendance on the annual chamber of Commerce banquet next Tuesday evening.

Clarendon, we wish for you a modern and adequate auditorium in 1929.

CLARENDON HOME DEMONSTRATION CLUB IN MEET

The Clarendon Home Demonstration Club met for its first session in the year 1929 in the home of Mrs. W. D. Van Eaton with twelve of the membership present and taking a part in the activities of the day. The program up for discussion was "Sea Foods," with a demonstration of scolloped oysters, later served with the refreshments. The ladies had all received the new year books and were well pleased with them. Later discussions took up Pellagra, Goiter and Tuberculosis, and included the relation of diet to the diseases and the precautions necessary to prevent infection of persons not afflicted. The relation of the diet was also discussed as to the building resistance to the disease and to cure after the malady had been caught. Miss Thompson reported a very interesting meeting with much interest manifest by the large attendance present despite the flu and other sickness prevalent at this time.

SABINAL BOASTS OF MANY NATIVE BUDDING PECANS

Native pecan trees in Sabinal, budded to improve the varieties five years ago, are now bearing a crop of Burkett, Halbert, Texas Prolific and Kincaid pecans. Topworking the trees in the winter and budding the resultant shoots in the summer has proved the most profitable way to get a good crop.

The name "Llano Estacado" or staked plains, applied to the plains of West Texas, comes from the story that the Spanish explorer, Coronado, staked his course across the plains to enable him to retrace his steps.

Honest Service

That's what you get when you buy your groceries from us and have them delivered to your home. We believe that we are in a position to render you service that you will appreciate and that you will be able to depend on as reliable.

We also have a supply of fresh vegetables that are certain to vary the menu and make one appreciate the meals one receives.

Always Remember

To ask for our S. & H. Green Stamps. They are your extra earned discount you secure when you trade with us.

NEW YORK-PARIS FASHIONS

MOLYNEUX is one of the few designers who can use little ruffles and not have them give a frock that terrible air of trickiness or even worse, cuteness. Here, he combines ruffles with such simplicity that the result is one of simple distinction and gracious ease. For the frock sketched he uses transparent rayon velvet in a very brilliant shade of orange. The bodice is absolutely plain being cut much lower in the back than it is in the front. The straight hem-line skirt is ornamented with three quite full and circularly cut ruffles, each ending with a little bow at the right side. It is this use of the diagonal line that is one of the most distinguishing characteristics of the new fall and winter mode. With frocks of this sort, one is able to wear all the jewelry one wants for their very simplicity makes a perfect background for semi-precious stones or antique ornaments.

WHENCE THE NAME "WAFFLE" IS TOLD IN DICTIONARY

Winter breakfasts will, no doubt, often include waffles, a fairly modern addition to the science of cookery. The waffle is concisely defined as "a soft but crisp, indented batter cake cooked in a waffle iron."
For the origin of the word waffle, it is necessary to investigate its nearest kin in the English language—the word wafer. Wafer is an old middle English word. In cookery, says Webster's New International dictionary, it was the name of "a thin cake or biscuit, apparently formerly identical with or similar to the modern waffle."
Wafer is related to the Dutch "wafel," the German "waffel," the Danish "vaffel," etc., and also to the German "wabe," meaning a honeycomb. It was named, it seems, from its likeness to a large honeycomb.
Waffle and wafer are akin to the French "gaufre," a honeycomb, which has given the English language quite a different word in goffer, which means "to plait, crimp or flute, as lace, paper, etc."
As they are known in modern English, waffle and goffer are apparently wholly dissimilar. One of the fascinating aspects of word histories is that many hidden relationships like this become evident when their origins are investigated.
Rust is costing American farmers \$15,000,000 annually, which would make a nice little pot of relief. Oh, where is your idle machinery tonight?

INTERESTING LETTER GIVES INSIGHT TO CHINESE LIFE

C. P. O. Box No. 1234, Shanghai, China, Nov. 27th, 1928. Dear Editor:—Here comes another letter from the "bottom side of the world." It may be of interest to the readers of your most excellent paper.

We have recently had one of China's chief holidays. For more than a week I noticed signs of its coming. Great sacks of "moon-cakes" in brightly colored packets were shown in many stores. Beautiful lanterns were seen along the streets. Everything was in such gay style it made one think of a coming Christmas. It was the Chinese Moon-feast and Mid Autumn Festival. In their feasting it recalled our Thanksgiving Day.

The Chinese 15th of the 8th month is called "Tsoung Tsui," Middle Autumn. On that day they have theatricals before all the gods in the temple and burn "Shaung-tee," incense bushel. This bushel-like measure is made of incense sticks. The largest "bushels" sometimes measure as much as 20 feet in diameter. In the middle of the "bushel" is a long, large stick of incense made up of thousands of incense sticks the size of vermicelli. On the afternoon and night of this day each family also burns an incense bushel at home. These are smaller than the ones burned in the temple. On this day they who can so afford eat moon-cakes and all kinds of nice things. The incense bushel is decorated with flags and many colored dragon-gates something as children at home put candles on their birthday cakes; but the children in China take the flags and dragon-gate decorations from the bushel before it is burnt, and have great delight in playing with these, marching up and down the streets.

I asked the Chinese why they burn the incense bushel and eat the moon-cakes, and worship the moon with candles, incense and food on this day. They answered that there are many reasons for it and many stories are told about it. One of the reasons is because there is a lady-god in the moon, Her name is Zaung-noo. She is said to be exceedingly beautiful. From the beginning of time to the end there never was nor will be one as beautiful as she. She once upon a time was a woman of this world; but became displeased with her husband and all the world and fled to the moon. On this 15th the real story of why she fled is acted out in the long theatrical plays attended by throngs of people. In ancient times on the 15th of the 8th month when they burned the incense bushel the sweet fragrance would go high up to the moon goddess. She took pleasure in it and manifested her approval by coming near earth riding on a cloud and people could see her beautiful face. But now men's hearts have become wicked, and the world is full of sin, so the incense is not so pure as formerly and it does not rise so high as to reach the goddess in her palace and so, not enjoying its fragrance, she comes no more on the clouds; but people still offer incense and hope she will appear sometime.

They say that in the moon this goddess has a most beautiful castle. It is called the "Yuh-Koong," Moon Palace. Only one human has ever seen its glories. Once, during the Dong Dynasty, a Chinese king, called Ming Wong, by the Magic of a holy monk, was enabled to mount up from the earth to the Moon Castle to hear the music and see its beauty. He was allowed to stand outside for only a very few minutes. By that time the goddess knew that the king of man was there. She was very angry at the monk for leading the king to her holy land. Soon from the Castle came most unpleasant sounds. The monk understood that it was the queen's giving vent to her wrath and he quickly led the king back to earth.

You can thus see how full of superstition the Chinese are and how much they need the Gospel and Jesus Christ that they may see the real King in His glorious palace on High. It's a joy to teach Chinese children of Jesus and His salvation while young.

A Merry Christmas and a Blessed New Year to you and loved ones.
Yours in Christ's glad service.
(Rev.) H. G. O. Hallock.

LUBBOCK BUILDING MORE THAN THREE MILLION

The records at Lubbock show that with twenty-three permits issued during the past month, residences topped the list with \$112,500 worth. The month's total was \$51,000 bringing the year's total to \$3,188,169.

QUITAQUE BREAKS GROUND FOR \$30,000 NEW CHURCH

Ground was recently broken for the new \$30,000 Baptist Church of Quitaque. The church building will include a basement, a number of class rooms, and a large auditorium. It will be furnished with the best and most modern of seats and other fixtures.

NEW VIADUCT OFFICIALLY OPENED IN LAS CRUCES

The new \$75,000 viaduct at Las Cruces, N. M., which takes traffic on U. S. Highway 80 across the Sante Fe tracks was officially opened on December 22. The viaduct was made possible by federal aid, state and county funds, is an imposing structure and gives beauty as well as safety to the tourists.

HAPPY ADDS ONE BLOCK TO PAVED WAY SYSTEM

Another block has been added to the contract for paving at Happy. This will make five and one half blocks of brick street when it is completed. Rainy weather has retarded the work for a short time.

RANDALL COUNTY STARTS WORK ON COUNTY LIBRARY

It is the aim of the Women's Book Club, pioneer study club of Canyon, to develop a county library for Randall County from the subscription library which has been in use for fifteen years. A great number of books will be available from this source.

DALHART CHAMBER OF COMMERCE BUSY DURING 1928

The chamber of commerce at Dalhart has accomplished much constructive work this year, including the purchasing of a suitable site to build a \$80,000 hospital, the sponsoring of the exhibit program, the marking of the federal highways, and obtaining eight hundred column inches of newspaper publicity.

NOTICE OF DISSOLUTION, WITH CONTINUANCE

Notice is hereby given that the partnership between C. C. Powell and J. T. Patman, was dissolved on the 26th day of December, 1928.

All debts due to said partnership are to be received by the said J. T. Patman and all demands on said partnership are to be presented to him for payment, at Clarendon, Texas, where the business will be continued by the said J. T. Patman under the firm name of J. T. Patman & Son.

NEW ADDITION TO ALPINE IS OPENED FOR BUILDING

An addition to Alpine containing sixty lots of fifty foot frontage has been opened by Mr. and Mrs. W. B. Hamilton. Four new residences are under course of construction, all being of brick veneer construction and modern on every detail.

Managing poultry for profit isn't the easiest thing in the world, but it is a possibility on most every farm if proper methods are used. Good stock is the first essential to a profitable farm flock.

RHEUMATIC PAINS

Many rheumatic and sciatic pains are due to impurities and toxins in the blood because of poorly functioning kidneys. Sedatives, dopes and powerful drugs give only temporary relief and do not remove the cause. If you suffer stiffness, joint aches and rheumatic pains, get the new, quick-acting Cystex Test at The Rexall Drug Store. No sedatives or narcotics. If you don't soon feel free of pain and like new, you get your money back under our Iron-Clad, Money Back Guarantee. Cystex, special, only 60 cents.

COMPULSORY SCHOOL ATTENDANCE NOTICE

Notice is hereby given that all children who had not reached the age of fourteen years by September 1st, 1928, are required to attend school for a period of one hundred days beginning December 31st, 1928. This applies to all children between the ages of seven and fourteen who live in the Lelia Lake Independent School District.

Eggs when you want them

HERE'S a handful of Purina Poultry Chows turned into eggs. Hens get from Purina exactly the material from which to make eggs and keep up in body weight. Once you see the extra eggs you get by feeding from the Checker-board bag you'll never feed anything else but Purina Poultry Chows. How many bags do you want today?

CLARENDON GRAIN CO.

Boy's \$55 Steer Brings Him \$10,000 At Live Stock Show

1,150 lb., 15 Months old, Steer Who Took Grand Prize

MAKING nearly \$10,000 on a \$55 investment is the achievement of 12 year old Clarence Goecke, member of the 4 H Club, State Center, Iowa who won the grand championship with his 15 months' old steer, "Dick", at the International Live Stock Exposition in Chicago. It was the first time so young an entrant has ever won such an honor.

"Dick" was purchased, Clarence states, from his father for \$55. After taking the grand championship, he sold the animal to J. C. Penny Co., New York, for more than \$7, a pound. This price in addition to the \$1,000 grand championship prize brought Clarence's gross earnings to nearly \$10,000.

"Dick", the champion steer was bred and raised by Clarence and his 18 year old sister Emma on their father's farm near State Center, Marshall County, Iowa. He won the Marshall County, Iowa championship last September in the Junior Feeding Contest, and also won the grand championship in the Junior Feeding Contest at the International Live Stock Exposition.

Breeding, feeding, and care are three factors, according to Clarence, which made Dick the winner and although some of Dick's an-

cestors were common-scrub stock, the strain had been carefully bred out and improved.

Next in importance to breeding, Clarence points out, is feeding. "Dick", the grand champion, was fed a carefully calculated ration. During the first five months of his life he got nothing but milk and grass and ran with his mother in the pasture. During the next five months, he was gradually put on a ration of four parts chopped corn, six parts oats, and one part linseed meal, and given clover hay and someilage.

The corn feed was increased gradually until Spring and a little bran was also added to the ration. The following summer "Dick" was kept on dry lot and after September, 1928, a little cooked barley was added to his ration. The protein supplement used throughout the period was linseed meal.

At the International Live Stock Show, "Dick's" finish was pronounced perfect by the judges. His official weight was 1,150 pounds and he is said to be one of the finest baby beves that ever stood before the judges in the stock pavilion.

Clarence and his sister Emma are both members of the 4 H club in Marshall County and have taken many local prizes.

MORE GARAGES DOWNTOWN NEED

CITIES HAVE CURB SPACE FOR ONLY 6 PER CENT OF CARS DOWNTOWN.

By E. E. Duffey.

With automobiles at a high state of perfection, improvement in motor transportation must come about largely through the betterment of car facilities. Of the hindrances to motoring comfort, one of the most irritating and prevalent is the absence of parking places.

Seventeen American cities have curb parking space for only six per cent of the 1,425,000 automobiles that enter the business districts daily, according to a recent survey of the National Association of Building Owners and Managers.

This proves what the forlorn motorist has long suspected. Further, it calls to mind that parking cannot be properly handled unless some place is provided for cars. Many cities have established parking areas at nominal fees on unoccupied land. Frequently private land owners use vacant property to good advantage by selling parking privileges.

But all these steps, although helpful, are inadequate. If full use of the automobile in downtown areas is to be made in both large and small cities, downtown garages must be built.

Typical of the garages that will soon be found in great numbers in downtown sections, is the Hill Garage of Los Angeles. Ordinarily the 78 by 155-foot building site would provide space for but six dozen or so cars. But with the erection of a 13-story garage, this ground area permits 850 motor owners to store their machines.

The first two floors of the Hill garage are reached by ramps, sloping runways, up which the cars are driven. The upper floors are attained by special elevators equipped with turntables so that the cars may be taken from the elevators and shifted about in any of three directions without waste of space.

Skyscraper garages are coming into style also with several in service in larger cities. The Chicago Tower Building will have equipment for handling 1,100 cars. Fortunately not all of the 25,000 tenants of this building will drive to work in cars.

One third of all automobiles are in towns and cities of over 25,000 population. On Saturday night there are even more. At present there is neither street nor garage space for these cars near their destinations. Garages must supplement parking places and wide streets.

COMMERCIAL FAILURES SMALLEST SINCE 1920

Austin, Texas, Jan. 7.—While an increase in commercial failures from November to December is the usual trend, the sharp increase this year is the greatest on record, according to Bernard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas.

"December failures were more than doubled those of November and nearly 25 per cent greater than those in December, 1927," Mr. Nichols said. "During December, 54 firms with liabilities of \$1,085,000 went into bankruptcy compared to 24 failures having liabilities of \$701,000 in November. Last year in December there were 42 insolvencies with liabilities totaling \$503,000.

"Even though the failure recorded in December was unfavorable in comparison with November, the showing for the year is rather encouraging. Moreover, the relatively small number of failures in 1928 indicates that business generally was good most of the time. During the year, 547 commercial defaults were reported, whereas there were 691 in 1927, or a decrease of 21 per cent. This is the smallest number of failures in any year since 1920 when 475 were reported."

Heal Those Sore Gums

Even after pyorrhea has affected your stomach, kidneys and your general health, Leto's Pyorrhea Remedy, used as directed, can save you. Dentists recommend it. Druggists return money if it fails. Douglas-Goldston Drug Co.

Abilene, Texas, Jan. 7.—The old adage "In like a lion, out like a lamb," does not hold true with respect to construction work on the properties of the West Texas Utilities Company as is attested by work approved in the last week of the year 1928.

The company has begun work on more than 25 miles of extensions to the already more than 2,000 miles of transmission lines in West Texas. The following projects which have been approved or construction work has begun:

Six miles of three phase 12 kv primary line beginning at the Shell Pipe Line Company and extending southwest to the H. & G. N. railway survey, to serve the city of McCamey for pumping water.

Extend 2,300 volt primary lines of Lelia Lake four tenths of a mile to serve five additional customers.

Construct five miles of 22 kv transmission line south from Bronte to serve the Atlantic Pipe Line Co. pump station and to construct at the station a 600 kva steel substation.

Construct 13 miles of 12 kv line north from Shamrock to the city wells to serve Shamrock water pumping plant of 50 horsepower in addition to serving approximately 30 rural customers in the village of Twitty and several other rural customers en route. The company also will erect three kv substations there.

Build 1100 feet 11 kv line to serve the Independent Oil & Gas Co. Smith lease in the Noodle Dome field for drilling and pumping. Construct 8,000 feet of 11 kv line to serve the Humble Pipe Line Co. booster station in Jones County. This line is an east ex-

tion serving Sinclair Oil & Gas Company's Bickley lease.

With the addition of several new electric customers, the town of Dickens has been officially added to the list of communities served by the company. It is located northwest of Spur and is the county seat of Dickens County.

"We Sell For Less"

NEW PONTIAC TO BE PUT ON DISPLAY IN NEW YORK

Pontiac, Mich., Dec. 26.—First public showing of the new Pontiac Six for 1929 is scheduled to take place at the opening of the New York Automobile Show on Saturday, January 5, the Oakland Motor Car Company announced today.

Following the New York Show this newest General Motors car, widely heralded as offering "big car features within the price range of the small six," will be placed on exhibition at dealer showrooms throughout the country as fast as dealers can be supplied with display models, it was stated.

The new Pontiac will share fourth place at the New York show with its companion car, the new Oakland All-American Six, thus indicating the rapid rise of the Oakland Motor Car company to the volume field.

Exhibitors at the Show are allotted display space in the order of their rating based upon the dollar value of their car sales as compiled by the National Automobile Chamber of Commerce for a twelve-month period.

From twelfth place in 1927 and eighth place last year, the Oakland Motor Car Co. has passed eight competitors in only two years to take fourth place at the 1929 show, its aggregate sales for the year ending last June having been exceeded by only three other manufacturers.

While its comparative standing in the industry was rapidly climbing, the annual output of the Oakland Pontiac plant was showing a corresponding gain. In 1926 the total volume was 134,000 cars; in 1927, 193,000, and this year it is estimated at 260,000 Oakland and Pontiac Sixes.

That 1929 will show still further increase is indicated by the warm public reception of the new Oakland line and the many refinements promised in the new Pontiac, which Oakland officials are confident will make it more than ever a public favorite.

The first of the new Pontiac models rolled off the end of the assembly line here the latter part of December, with others following in quick succession so that all of the 5,000 dealers in the domestic

WORK ON HIGHWAY 24 STARTS FROM OLNEY

Construction work between Olney and Seymour on the grade and drainage structure of Highway 24 will begin soon. The highway leaves Olney on Main street and follows the Gulf, Texas and Western railroad tracks to the Archer County line on the north. The contract has been awarded for the part of the highway passing through Archer County.

LEVELLAND THEATRE ENJOYS RECORD CROWD

The new Wallace theatre at Levelland which recently celebrated its opening had a capacity crowd. The equipment of the theatre is unusually modern, having electric amplifier for music. Everything from the ticket office to the electric sign is new.

There are about 6,000 grade crossings on the public highways of Texas.

WORK OF 1929 TO BE WELL STARTED BY MOTORCADE

The West Texas Chamber of Commerce will start the new year by promoting another agricultural motortrade to California, to study the methods of farming, poultry raising and dairying in the Sunshine State.

The first trip of this kind sponsored by the Agricultural Department of the regional organization was held in September and was very successful. Most of the advertising of the trips has been word of mouth publicity given out

NOTICE

Mrs. B. L. Jenkins, Jr., Entertained For Her Sister, Miss Lewis

A truly lovely affair of last Friday was the bridge party given by Mrs. B. L. Jenkins, Jr., in the beautiful home of Mrs. O. L. Jenkins, honoring her sister, Miss Irma Lewis, of Green River, Wyo., who has been spending the Christmas holidays with her parents, Mr. and Mrs. L. O. Lewis.

Beautiful pot plants were attractively arranged about the living room and cheerfulness prevailed during the entire afternoon. Miss Maye Lumpkin was the fortunate winner of the high score favor and Mrs. J. R. Porter cut high for consolation.

A most appetizing afternoon luncheon was served to Mrs. Harry Ruddle, Mrs. Charley Bairfield, Mrs. L. O. Lewis, Mrs. Clyde Price, Mrs. Charles B. Trent, Mrs. J. L. McMurtry, Mrs. J. R. Porter, Mrs. B. L. Jenkins, Sr., Mrs. O. L. Jenkins, Miss Maye Lumpkin, Miss Erma Lewis, the honoree, and Mrs. Carroll Baldwin of Lamesa, Texas.

Kongential Kard Klub Meets

The Kongential Kard Klub members met in the home of Mr. and Mrs. Charles B. Trent for one of the most delightful meetings of their club year Thursday evening.

A well planned three-course dinner was served with the games of auction bridge following. Mrs. Clarence E. Miller held high score for ladies at the close of the games and Mr. Ira Merchant high for gentlemen. Miss Beulah Baird was fortunate in the cut for consolation for ladies and Mr. Clarence E. Miller for the gentlemen.

Those present were: Mr. and Mrs. Clarence E. Miller, Mr. and Mrs. Charlie Bell, Mr. and Mrs. Floyd Lumpkin, Mr. and Mrs. Ira Merchant, Mr. and Mrs. Park L. Chamberlain, Miss Beulah Baird and Mr. John Sims.

Mrs. J. R. Porter Entertains With Bridge Party

On Saturday afternoon Mrs. J. R. Porter entertained a few friends with bridge at her home in College Heights, and a most enjoyable afternoon was spent in the chosen game. Mrs. C. C. Powell, who will be leaving soon to make her home in Roswell, New Mexico, was presented with a lovely going away gift by the hostess at the close of the games.

Those attending were: Messames M. M. Noble, C. C. Powell, Eva Rhode, C. E. Killough, W. W. Taylor, Sam M. Braswell, D. O. Stallings, Fred Rathjen, G. L. Boykin, L. B. Cooper, H. T. Burton and Miss Fray Stallings.

ST. JOHN BAPTIST CHURCH

Rev. L. L. Swan, Rector. Service for Sunday, January 13th (Sunday after Epiphany) and the rector's thirty-fourth anniversary of ordination.

Holy Communion at 11 a. m., followed by parish meeting to elect officers to Convocation. Every confirmed member is urged to be present at this meeting and the treasurers of the various parochial organizations requested to be prepared to render their reports.

Convocation convenes at St. Paul's Church, Lubbock, Sunday, January 20th, to remain in session for three days.

Since organization of the state highway department in 1917 almost 400 grade crossings have been eliminated.

GILES RESIDENT DIES AFTER LENGTHY ILLNESS

The following account of the death of Mrs. E. L. Mevis was taken from the Amarillo News of Thursday and will be of interest to many of Clarendon's citizens, since practically everyone here knows Mrs. Mevis or had some business connection with her in the past many years since she and her husband first moved to Giles and opened a business there. The article:

Death Thursday claimed one of the Panhandle's most interesting early settlers, Mrs. E. L. Mevis, who died at her home in Giles community, seven miles northwest of Memphis.

One of the few women occupying such an office in Texas, Mrs. Mevis had been postmaster of the little village of Giles for the past 28 years.

With her husband, she had come to the Panhandle in 1890. They opened a general merchandise store at Giles, which is still doing business at the original location. Mr. Mevis lost his life in the Galveston flood in 1900 and his widow had continued to run the business since that time.

Surviving Mrs. Mevis are an adopted son, L. E. Beckwith, and a niece, Mrs. Clara Michael of Pittsburgh, Pa.

Funeral services were held at 2:30 Sunday afternoon at the First Methodist church, Memphis. Rev. E. E. Robinson, pastor, officiated. Interment was had in Fairview cemetery there.

NEW SHAMROCK CREAMERY HAS 400 GALLON OUTPUT

Shamrock's new creamery will have a capacity of 400 gallons of ice cream daily and will be able to turn out 700 pounds of butter at one churning. Refrigeration machinery, cold storage rooms, Pasteurizers, mixing vats, freezers, shipping containers and other equipment has been provided.

BOOKER STREET SYSTEM RECEIVING ATTENTION

Much improvement is being done on the Booker street system. A. L. Clark, recently appointed street commissioner, has been dragging the different streets following rains. The dip between the Booker hotel and the Quick Service Station put in to replace the culverts has been completed.

The first permanent settlement in Texas was established by the Spanish conquistadores who made expeditions to the north through El Paso del Norte. The settlement is today the town of Ysleta near El Paso. It was founded in 1682.

POST CITIZENS TAKING GAS FORTY TIMES DAILY

Forty meters a day are being set out in Post since the acquisition by that city of a natural gas system. The gas company will have its new permanent office home completed for occupancy by the close of the month.

OLTON COUNTRY TO SECURE MANY CARS CATTLE

Several car loads of cattle to be shipped in to Olton in the next three months have been contracted for by County Agent D. A. Adams. They will be mostly Jerseys. Interest is manifested in Guernseys and dual purpose types as milking Shorthorns, Red Polls and others.

WELLINGTON PURCHASES STREET CLEANING MACHINE

Wellington has decided that "the streets here won't be dirty now" with the purchase of a street sweeper and a motor maintenance which will be used in the near future following the purchase. The price of the sweeper is \$6,500, and the motor maintenance which will be used on dirt roads an additional \$3,000.

One of the important developments in the electric field of Texas is the electrification of oil fields.

San Antonio was founded in 1718 by the construction of the Mission Alamo.

CROSBYTON CITY COUNCIL ORDERS ELMS PUT OUT

By order of the city council at Crosbyton, elm trees are being planted in the city park to replace locust trees that have died. The city square has been much improved by bermuda grass that was set out in the spring. Crosbyton people do their part in civic beautification by keeping attractive lawns.

LAMESA ONE OF FASTEST GROWING TOWNS TODAY

Building permits in Lamesa have totaled \$300,000.00 this year with every prospect of continuing. Brick, brick veneer, and stucco houses have held the majority in the residential district with frame buildings in the minority.

THREE NEW STORIES FOR PECOS HOTEL PLANNED

Plans for three and possibly four more stories being added to the Graham Hotel at Pecos by the first of the year are being completed. Ball room, roof garden, banquet hall, club rooms and one hundred and twenty-six guest rooms have been planned.

More than 3,000 women attended last year the free schools for working women conducted in Buenos Aires by the Patriotic League of Argentina. In addition to the usual elementary subjects, the women were given instructions in the care of children, first aid, domestic science, ethics, the cate-

chism, deportment, hygiene, sewing and mending, machine embroidery and weaving.

Now that the old-time shop of the "village smithy" has been largely supplanted by the filling station or garage, it often devolves upon the farmer himself to shoe the horses on the farm. Ready-to-wear shoes of various sizes for horses and mules can be bought, and Farmers' Bulletin 1535-F, "Farm Horseshoeing," tells how to shoe horses. This publication can be obtained by writing to the U. S. Department of Agriculture, Washington, D. C.

Fun for the Kids on New Fast Liner

WHEN the Statendam, newest and fastest of the Holland America line fleet, arrives in New York harbor next spring on her maiden trip, she will bring with her several innovations which are interesting as examples of the way the great ocean greyhounds are being constantly refined and fitted with new schemes for comfort and amusement.

Sailing from a land famous for its delightfully quaint and attractive children, the Statendam will have something aboard that will

endear her to the hearts of all children. It is a spacious play room, unique in many respects, and warranted to keep any lively youngsters happy during a voyage of any length. In the first place, it will have attendants who know the ways of childhood and, besides, it will boast at one of its ends a real doll's house with furnishings that have been designed to give the little folks an abundance of thrills. A big aquarium, with many colored fishes swimming about, will be another unusual feature of the play room. The children of America are apparently going to love this new liner.

ing art expressions of Holland. The top deck, in order to give plenty of promenading space, will be built with an overhang beyond the line of the lower decks making it 84 feet wide. Another original idea of the designers is to give as much actual direct air ventilation as possible. So the Statendam will have more windows, it is said, than any other ship afloat—64 in the main dining room alone. The best cabins will be 27 feet by 17 feet in dimensions and will have five windows each. The woodwork and fittings of the third class dining room are said to be comparable with the finest dining rooms of liners built only a few years ago. The ship will carry 1,670 passengers and a crew of 600.

lum, baths, library, stores and beauty parlors, first class staterooms equipped with bedsteads, cafes, palm gardens, etc. Completion of the Statendam recalls one of the romantic sea stories of the war, as the new flag ship replaces one which was to have borne the same name, but instead—just as it neared completion at the outbreak of hostilities—was taken over by one of the allied countries. It was then named the Justice and rendered steady service as a troop and supply ship until the entry of the United States when she was used as a transport to carry American troops overseas. Just before the armistice, she was torpedoed and sunk 600 miles west of the Irish coast. At the end of the war plans were formulated for the construction of the present Statendam which goes into commission in April.

Society

Win One Class Enjoys Social

Mrs. C. L. Benson and Mrs. L. Thornberry were the gracious hostesses to the members of the Win One Class at the home of Mrs. Benson Monday afternoon. Mrs. Sam M. Braswell, in the absence of both president and vice president, presided during the business session and a number of pleasing reports were given by the chairmen of the various committees.

Mrs. Jim Haile proves Delightful Hostess

Mrs. Jim Haile proved to be a most delightful hostess to the members of her bridge club Thursday afternoon when she entertained in her home in College Heights. Bright colored tallies seemed to heighten the spirits of the guests and all entered into the playing with much zest. Miss Manette Chase was high score winner and Mrs. Leonard Parker low.

Ladies of First Christian Church Meet in An All Day Session

The ladies of the First Christian Church Aid met with Mrs. W. T. Hayter in an all day session Wednesday, Jan. 9. Each lady carried a dish. Those present were: Mrs. J. T. Bullock, Mrs. Eva Humphrey, Mrs. D. W. Clappitt, Mr. and Mrs. Will Dubbs, Mr. and Mrs. L. B. Cooper, Mrs. O. D. Leisberg, Mrs. John Beverly, Mrs. J. N. Wood, Mrs. S. B. Arnold, Mrs. H. Cline, Mrs. Gertrude Baker and Betty Blanche Baker, Ma and Mrs. Clark Hemminger, Mrs. J. C. Killough, Mrs. Bob McGowan, Marie McGowan, Mrs. G. A. Anderson, Mrs. Frank White, Mrs. J. D. McAdams, Mrs. Ed Carlson, Mrs. C. E. Johnson and Mrs. W. T. Hayter.

After a short business session Mrs. Hayter opened the devotional service with prayer. Song, "My Faith Looks Up to Thee," 23rd chapter of Matthew was read and references run and discussed. Meeting closed with prayer.

The next meeting will be with Mrs. J. N. Wood Jan. 16, and the 24th chapter of Matthew as lesson. Mrs. Frank White is leader for the afternoon.

Our next all day meeting will be with Mrs. O. D. Leisberg the second Wednesday in February. Thanking the hostess for a delightful day the meeting adjourned.

College High School P. T. A. Met

The College-High School P. T. A. met in the auditorium of the College building Thursday afternoon and listened to one of the most interesting programs that has been delivered this year. Dean Cooper addressed the assembly on "Adolescent Period of Boys and Girls," and those not hearing this talk treated to a rare treat.

Election of Officers Held By Various Circles

The election of officers was held by the various circles of the Women's Missionary Auxiliary of the Methodist Church Wednesday afternoon when Circle Number One met in the home of Mrs. J. C. Eastlack. Number Two with Mrs. D. P. Ross and Circles Three and Four in the church.

W. M. S. To Meet

The W. M. S. of the First Baptist Church will meet in a Mission program Wednesday, Jan. 16, at 3 o'clock, in the church. Topic: "Personal Consecration." The program is as follows: Hymn—The Kingdom Is Coming. Prayer. God's Claim of Ownership—Mrs. J. T. Warren. I Have Redeemed Thee—Mrs. E. A. Thompson. Acknowledgment of God's Ownership in Consecration—Mrs. W. Z. Borron. Hymn—Take My Life and Let It Be. In a Transformed Life—Mrs. G. G. Kemp. Life's Rich Cargo—Mrs. W. C. Stewart. Repeating in Unison the watchword of the year.

Mrs. Stewart Hostess to Circle

The East Circle of the W. M. S., First Baptist Church, met in the home of Mrs. W. C. Stewart Wednesday afternoon. The Mission Study was concluded and an examination given on same. A good crowd, considering the amount of sickness, was present and enjoyed the social hour which followed the examination.

JUDGE FIRES SCORES SALE OF WHISKEY INGREDIENTS

The person who sells any of the ingredients or supplies necessary for the manufacture of whiskey is just as responsible as the person who actually makes the whiskey. Judge Fires stated in his charge of the grand jury this morning. "You probably did not realize that the law makes it an offense to sell sugar, malt or bottle caps when the one making the sale knows these things are to be used for the manufacture of whiskey," he said. "It is your duty to investigate these offenses the same as any others."—Childress Index.

Everybody likes hashed brown potatoes, but not everyone knows how to prepare them. Cook 4 medium sized potatoes in their skins until tender. Remove the skins and chop the potatoes very fine, with 4 tablespoons of onion, also chopped fine, and season with 3-4 teaspoon salt, or to taste, and 1-8 teaspoon pepper. Melt 2 tablespoons butter in a smooth skillet and add 1-4 cup hot water. Put the potatoes in, in a thin even layer, and cook over a low flame until golden. Fold the potato over like an omelet and then turn onto a hot platter. Garnish with parsley.

Misses Julia Mae and Agnes Carraway left Saturday night for Fort Worth and San Antonio, respectively, where they will attend school.

Running people down is a bad habit whether you are a motorist or a gossip.

C. E. Griess left Monday morning for Plainview.

ALL LIVING ROOMS ARE NEARING FIRST EXAM

The Home Demonstration Club's Living Room Contest is nearing the completion of the first lap as the rooms near their first examination. This past week, the rooms presented by Meses. J. B. Masterson, O. R. Culwell, W. E. Gimsley and D. Milner of Hedrick News, a newspaper of Hedrick and Mrs. A. G. Huffmaster of Giles were examined and scored for the first time. Miss Thompson states that the rooms of Mrs. Guy Brown and Mrs. George Hermesmeyer of Jericho were scored Wednesday and others were in sight to be scored as the first period of the contest was drawing to a close.

A national hatchery organization is conducting a \$10,000 prize essay contest on "Why It Pays to Buy Chicks From a Hatchery." Full details are available from Contest Editor, 705 Third National Building, Dayton, Ohio. Forty-one prizes are offered for a 500-word letter, with \$5,000 as first prize.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Wedding March—1928

On a Buick chassis is mounted this flower-decked sedan of a Chinese bride, ready for the procession that will carry her to her new home. Motor cars rapidly are replacing the poles upon which coolies for centuries have borne the bride's sedan.

CHINESE LEAVING MANY TRADITIONS IN PASSING

With automobiles fast replacing the poles upon which coolies once bore the flower-decked and gala-carved sedan of the Chinese bride, the rites of centuries ago are followed in every detail. The process begins with the calls of go-betweens sent by the suitor to the home of the intended bride, partly for exchange of presents and partly to receive the consent of the bride's parents and fix a marriage day.

in the situation, the bride joining in the procession in her sedan, but with the sedan mounted on an automobile chassis. In such cases, the rites of centuries ago are followed in every detail. The process begins with the calls of go-betweens sent by the suitor to the home of the intended bride, partly for exchange of presents and partly to receive the consent of the bride's parents and fix a marriage day.

evening he returns with his bride in solemn procession. A few days after the ceremony the fathers of the groom and the bride meet at the home of the young couple to enjoy a visit before the family altar, on which are emblems representing a stork, a pine tree and a tortoise, all symbolic of a long and happy and fruitful married life.

FORMER CLARENDON BOY IS MARRIED IN CISCO

The News is in receipt of an announcement from Mr. and Mrs. John Milton Frierson of Cisco, announcing the marriage of their daughter to Mr. Arthur Coleman on Sunday, August 12th, 1928. Mr. Coleman is a former resident of Clarendon and has many friends here who wish him well in his married life.

Mr. Aubrey Hoddleston, who has been in charge of the Famous during the absence of Mr. Robertson, returned to Vernon Tuesday morning.

Mr. Charles Robertson returned Wednesday morning from Vernon where he has been at the bedside of his mother for the past few days.

Mrs. Carroll Baldwin of Lamesa is visiting in the home of her father, Mr. W. M. Bourland.

Rev. L. L. Swann left Saturday morning for Vernon, where he filled his regular appointment.

Messrs. A. Frank Hill and Bob Rose, both of Pampa, were Clarendon visitors over last Sunday.

SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce
G. L. BOYKIN, Secretary

The West Texas Chamber of Commerce is conducting a poultry-dairying-irrigation school to California starting on the 15th of January to last 12 to 14 days at a cost of \$50 for all transportation charges. This trip will include the famous poultry ranches of that state where farmers ship Texas maize and kafir at a cost of \$50 per ton and feed their chickens and sell eggs the year round for a profit. Petaluma will be visited where there are at least 9,000,000 laying leghorn hens eating Texas kafir and maize and producing eggs at a profit. Dairy farms of that state will also be inspected that are producing profits using Texas feedstuffs. This is a business trip and those in charge of the arrangements state that anyone going for pleasure should not apply. The trip will be made in a large bus taking about 12 or 14 days for the round-trip. If you are interested in this trip see the local Secretary or write to B. M. Whitaker of the West Texas Chamber of Commerce at Stamford.

The annual banquet of the Wichita Falls Chamber of Commerce will be broadcast over KGKO of that city Friday night, beginning at 8 o'clock. Frank Kell of that city will make the principal address, Josh Lee of the University of Oklahoma, after dinner entertainer extraordinary, will talk and Miss Dorothy Greathouse will sing. You are cordially invited by the Wichita Falls C. of C. to tune in on this program. They say Frank Kell is going to tell something.

Don't forget, annual banquet next Tuesday evening. Get your ticket early. We may have a surprise for you. If you have not heard Dr. Horn speak you have missed something. Come out and take part in a meeting for the good of your town.

DR. LORD GIVES NEEDS OF CHURCH OF PRESENT

Fort Worth, Jan. 7.—"Intelligence," "Co-operation," and "Devotion" are given as the three primary needs of the church today, by Dr. John Lord, dean of the Graduate School of Texas Christian University.

"Intelligence is the first and foremost of these needs," Dr. Lord points out. The appalling ignorance concerning the Scriptures among young people cannot but lead to disaster if left uncorrected. We need intelligence that will give us a victory over ourselves and a feeling of duty toward others.

"The second need—co-operation—is needed in carrying on the social work of the community, in order to prevent wasteful effort in the duplication of services.

"It is the further task of the church to devote herself to such truths and ethical teaching as set forth by Christ. Right thinking people do not want the church to come down to their level of thinking. Society demands that the church hold a place as a light on the hill.

"If the church is to meet these needs we must have the conviction that our cause is holy and that it is going to accomplish something—devotion."

GAS LINE NEARING CITY LIMITS OF HEREFORD

The West Texas Gas Company's main line has reached the railroad tracks. The welding crew is only about a mile and a half from town, and Hereford's prospects for natural gas in the near future are bright.

Young Farmers of Texas Set Some High Records

JACK FLYNT WYMAN SMELLEY

L.T. FELTY AND HIS PIGS

These three youthful farmers were among a group of twenty-three 4-H Club members of Texas awarded free trips to Chicago to attend the International Livestock Exposition and the National 4-H Club Congress. Jack Flynt, El Paso County, raised 4406 pounds of seed cotton on one irrigated acre. Wyman Smelley, Nacogdoches County, made 122 bushels of corn on one acre. L. T. Felty, Fannin County club boy, made a profit of \$126.18 on three purebred Poland China pigs.

College Station, Texas, Jan. 5.—Texas will always be a land of plenty and Texas farmers won't be in need of much relief if the next generation of farmers follows the lead set by the twenty-three 4-H Club boys of Texas who won prize trips to Chicago this winter on their crop production, livestock and poultry records. Battling with yields and gains and profits these boys emerged victorious in a fight for high honors with more than 17,000 other club boys to represent the Lone Star State at the National 4-H Club Congress held in Chicago during the International Livestock Exposition.

Officials of the Extension Service, A. & M. College of Texas, announced that records of these outstanding young farmers showed the yields of cotton to the acre varied from a bale to more than three bales, a corn club boy made 154 bushels to the acre, milo member gathered nearly three tons of threshed grain off one acre, a sweet potato club acre made 220 bushels, a pig club boy made a net profit of \$240 on a litter, a boy with turkeys cleared \$510 from a start of eight turkey hens last February, a dairy cow club member showed a net profit of \$296 in less than a year, and the winner of the lone baby beef prize showed a gain of \$123.

Most noteworthy, because it seems to be the highest corn yield in Texas in a long time if not the record yield, is the production by Paul Robinson of 154 bushels of weighed corn from a measured acre of creek bottom land in Madison County. Three other club boys made over 100 bushels of corn to the acre.

Out in El Paso County at Yleta a youthful farmer named Jack Flynt made 4406 pounds of seed cotton on one irrigated acre, previously devoted during fourteen years to that kind of soil builders, alfalfa. Marvin Kelly, of Minden in Rusk County, planted his acre in a branch bottom sodded with Bermuda and came through with 1256 pounds of lint and more than \$200 in his pocket. Jasper County, in Southeast Texas, showed the sweet potato champion, Mack Behannon, of Magnolia Springs, whose 11,000 pounds of sweet potatoes netted him \$187.95. On the South Plains Spence Hall in the meantime was growing and harvesting 5775 pounds of white milo maize from an acre devoted to pure line seed direct from the Experiment Sub-Station at Lubbock.

In livestock, an unusually good record was made by W. C. Wright of Lamesa in Dawson County, with a litter of nine pure bred Duroc Jersey pigs that netted him \$241. He made his money to get his start by working in spare time for a neighbor, sold \$170 worth of breeding animals during the year, won \$55 at county fairs by taking ribbons in every class he showed in against adult breeders, and ended the year with \$210 worth of stock on hand.

And near dairy farmers have come to see his six gallon cow and bona fide offers of \$400 have been made for the cow and calf. The boy's net profits were shown to be \$296.

Almost if not quite as outstanding was the work of J. R. Crow, of Hillsboro, who began a turkey project in February with eight hens from which he raised 109 birds. He sold \$193.61 worth for market purposes and has on hand seven males and fifty hens valued at more than \$400 dollars, according to offers received. His net profits amounted to \$510.63.

All the boys cited with the exception of the corn club champion who won a Chilean Nitrate of Soda prize trip, made the Chicago excursion by virtue of prizes awarded by the Santa Railroad, Armour and Company's annual award of a Chicago trip to the outstanding Texas baby beef club member was won by Joe Hutton,

LIONS PLAN TO SEE ZONE MEET

ENTERTAINERS PLEASE
LIONS AS MEAL IS SERVED
TUESDAY NOON.

The Burk Brothers, heard by radio fans over the state, were the guests of the Lions Tuesday of this week, giving many selections as the meal was served. The two youngsters are quite talented and were well received by the Lions as they rendered instrumental numbers and sang to their own accompaniment.

In the absence of Boss Lion Chase, Lion Rathjen was asked to take charge of the meeting since First Assistant Boss Lion Douglas was completely snowed under by his work.

Lion Rathjen suggested that a committee be appointed to attend to the attendance at the zone meeting at Childress Wednesday of next week. Lions Watson and Braswell were appointed since they signified their intentions of attending the event.

In order that the Lions show that they are thoroughly behind the work of the Chamber of Commerce and that they show the appreciation of their fellow member who has served the body in the capacity of president for the past two years, it was moved and passed that the Lions answer roll-call on January 22nd by stating if they had or had not attended the annual banquet on the evening of the fifteenth.

Some discussion followed that asked the luncheon be discarded on the same date as the banquet, but was lost due to the fact that the members preferred to attend the luncheon and also meet with the banquet on the same evening.

Lieut. H. T. Dinamore of Fort Worth was introduced to the club and stated that he was always glad to meet with Lions Clubs since they stood for so many of the better things of this life.

Lions Lyman Robbins and Dr. L. M. Hicks, both of Memphis, were the guests of the club for the day, each making the statement that he was glad to be with the Clarendon Lions. Lion Robbins told of the fast time taken to come from Memphis and of missing one of the bridges en route to this city. He also invited the Clarendon Lions to meet with the Memphis Club when it was possible, stating that the Clarendon Lions were being missed by not attending the luncheons.

Lion Dr. Hicks was at one time a student in Clarendon College and stated that he was glad that he was not recognized by the older men of the town for the raids that had been pulled on chicken roosts when he was a student here.

After the two Memphis Lions had been seated it was learned that they both had been barred from the floor in their home club of Fairy, Hamilton County, who put 294 pounds of beef onto a six months calf at a cost of 7 cents a pound and whose net profit came to \$123.12.

Have your breakfast room suite refurnished by Tyree and Decker. (2c)

GIRLS' CLUB NOTES

The Hedley Girls' Club met in the Hedley School house with eighteen members present. The subject brought up for discussion at this time had to do with the prizes that have been offered by the Clarendon Chamber of Commerce in connection with their projects in Poultry raising for the year 1929. The members of the club were urged to begin their work at once in this connection and to carry out their programs to a finish. The prizes are to be awarded to those who have made the best showing with their flocks by the last of February this year. Four points are to be taken into consideration in the judging. These are:

1. The care of the chickens on hand and their production records.
 2. The number of eggs set and the per cent hatched.
 3. The care and feeding of chicks and record of this and the amount of time used in caring for chicks.
 4. Number of chicks one week old by the end of February.
- Six prizes are being offered, the first two being roosters of the sort needed in their flocks with the third, fourth, fifth and sixth prizes being 45, 36, 24 and 12 day-old baby chicks in the order given.
- Literature of a likely nature to assist them in their work with their chickens was presented to the girls, after which they had a demonstration on shoes and their proper fitting as related to the posture of the wearer.

The Goldston Girls' met in their club work Tuesday morning of this week with five members present. They received the same talk on poultry and the same demonstration as the Hedley Club had received. Three members, Virginia Harris, Dorothy Dilli and Lola Faye Stephens were inducted into the second year's Club work as they were among those who received their first year certificates and pins at the presentation meeting of the clubs on December 15th.

The Ashtola Girls' Home Demonstration Clubs started their new year with much enthusiasm when they met the first week of the year in the school house at that city. Eleven members and two new ones were present to take part in the planning which took on the poultry projects for the year 1929 as the major objective in view. The discussions included the care and feeding of baby chicks and the selection of the

and that they had driven to Clarendon in forty minutes just to be able to get their speeches off their chests as they could not stand the pressure longer.

At the close of the luncheon, Lion Cooper delivered a classification address that should have been given Lion Sherman when he was inducted into the club. It was later learned that the information had been elicited from Mrs. Sherman and that the coming onslaught was a complete surprise to Lion Sherman. Lion Cooper offered his assistance to others too timid to deliver their classification addresses and was promptly told that there would be no further classification addresses for a year.

Adjournment in the usual manner.

breed most fitted for the needs in hand. Poultry calendars were distributed that contained spaces for the listing of production of eggs and of hatches of chickens.

DORCAS O. COOPER

Mrs. Dorcas O. Cooper passed to her reward last Thursday morning, succumbing to an attack of pneumonia that she had taken but a short week before her death. The last rites were held at the Citizens Cemetery Friday, January 4th, with Rev. S. R. McClung in charge.

Mrs. Cooper was born Dorcas Hearne on February 24th, 1901, in Red River County, Texas. She had been a resident of communities near Clarendon for the past several years and was married here. The deceased was a member of the Methodist Church, having been converted and united with that organization in 1920. At the time of her death she was 27 years, 10 months and 9 days of age.

One child, Dorris Evelyn, is left to mourn her passing aside from her parents, four brothers and one sister. Those surviving her are: Mr. and Mrs. M. D. Hearne of Clarendon; O. D. Hearne, Clarendon; C. C. Hearne, Clarendon; Mrs. Johnnie Dulworth, Mangum, Oklahoma; G. W. Bethel, Altus, Oklahoma, and A. L. Bethel of Amarillo, Texas.

TURKEY DINNER

Mr. and Mrs. Rob't. Lynch, served a bountiful turkey dinner Sunday to the following: Mr. and Mrs. Orie Leisberg and Mrs. Annie Cline of Clarendon, Mrs. R. B. Robinson, Mrs. Mary Suggs and children, Hutch and Elizabeth Adams, Mrs. Roy Woods, Mrs. Walker Robinson and daughter and Mrs. Ethel Cline and children of Amarillo, Mrs. P. H. Lynch and Mrs. Ima Moody of Claude. After dinner a Christmas tree was the center of attraction, each one present was presented with a gift in remembrance of this happy day.—The Claude News.

J. H. Paul of Amarillo was a Clarendon visitor Tuesday of this week attending to business matters here.

HAVE YOU SEEN THEM

FRIENDLY FIVES

You'll have to see these new Friendly Fives to appreciate them. They satisfy your eye, your foot, and your pocketbook. They are made of Genuine Calfskin with Prime Oak Bend Soles. They're a step ahead of style, and, incidentally, the best five dollars worth you ever wore. Come in and try on a pair today...

BRYAN-MILLER CO.

Men's Furnishings

What Is A Bargain ?

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain hunters if you like, but thrifty shoppers would be the better designation. Thrift is a commendable trait and merchants should cater to it.

One family wants a new carpet—the need is not urgent. Another is looking forward to buying dining room furniture—it may not be for a twelve months.

One man is thinking of buying himself a watch. One woman a shopping bag; another an umbrella.

All can be made to buy earlier—by advertising. Advertising can make the desire so keen that the bargain is forgotten in the fever for immediate possession.

A Note To Merchants

Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by advertising some desirable goods at reduced prices. Make advertising banish dull business. Often you can tempt the buyer who is biding his or her time, to buy from you—at a time of your naming.
