## Million Dollar Election Next Wednesday

### ROAD BOND ELECTION IS ONE OF MOST IMPORTANT EVER PUT TO DONLEY FOLK

**ELECTION TO BE HELD WEDNESDAY, NOVEMBER 21. RETURNS TO BE RECEIVED IN CLARENDON AS SOON AS POSSIBLE FOLLOWING CLOSE OF THE POLLS. PLACES OF ELECTION AND JUDGES GIVEN HEREWITH.**

The election for November 21, carries a great deal of weight in the county and is probably one of the most important affairs of the sort that has ever been held within the confines of Donley County. For the convenience of those who are qualified voters, the following list is given showing the place the election is to be held and naming the election judges who are to hold the election:

- Commissioners Precinct Number One (1), Donley County, Texas:
  - Voting Box No. 1, at Goldston: At Goldston School House, with G. R. Grant presiding officer.
  - Voting Box No. 7, at Jericho: At Jericho School House, with Henry James presiding officer.
  - Voting Box No. 11, at Martin: At Martin School House with T. R. Adkins presiding officer.
  - Voting Box No. 12, at Pleasant Valley: At Pleasant Valley School House, with P. H. Longan presiding officer.
  - Voting Box No. 16, at Ashtola: At Ashtola School House, with J. A. Johnson presiding officer.
- Commissioners Precinct Number Two (2), Donley County, Texas:
  - Voting Box No. 2, at Clarendon: At Clarendon Municipal Building, with J. T. Patman presiding officer.
  - Commissioners Precinct Number Three (3), Donley County, Texas:
    - Voting Box No. 3, at Lelia Lake: At Lelia Lake School House, with G. T. Adams presiding officer.
    - Voting Box No. 4, at Giles: At Giles School House, with Arthur Ranson presiding officer.
    - Voting Box No. 5, at Hedley: At Hedley School House, with C. O. Cooper presiding officer.
- Commissioners Precinct Number Four (4), Donley County, Texas:
  - Voting Box No. 6, at Rowe: At Hackberry School House, with T. L. Naylor presiding officer.
  - Voting Box No. 9, at Oiler: At J. L. Hawkins Home, with Homer Lee presiding officer.
  - Voting Box No. 8, at Whitefish: At Whitefish School House, with D. W. Turner presiding officer.
  - Voting Box No. 13, at Skillet: At Skillet School House, with C. F. Weaver presiding officer.

No definite place has been named for the receipt of the election returns, but these will be rushed as much as possible that the result may be known in the late evening of the day of the election. It is to be understood that the election will start at 8:00 o'clock and that the polls will close at 7:00 o'clock in the evening.

An item in connection with this matter that might be of interest to the people of the county is that concerning the actions of the Commissioners Court Monday of this week. The court was visited by eighteen representatives of bond houses desirous of handling the Donley County issue. Each of them presented bids and all of the bids were rejected. Principal reason for the rejection of the bids is found in the fact that the United States recently issued a large amount of short time bonds bearing a like amount of interest as the Donley County bonds. The result was a slight slump in the market and the result was seen when the Donley commissioners were visited. There will be another bid at a later date.

### FOOTBALL FANS TO BE WELL PLEASED

DOUBLE BILL SCHEDULED TO BE PLAYED HERE FRIDAY OF THIS WEEK.

Two games of football in one afternoon is the program scheduled for the fans of Clarendon and vicinity when the Bulldogs of Clarendon College will meet the Canyon Yearlings and the Bronchos of the Clarendon High School meet the Quitaque representatives. Both teams promise to be in prime condition to present the Clarendon fans with an exhibition they will be glad to see.

The Canyon Yearlings are as much of a football team as are the Buffaloes, if all indications are taken to be correct. The Bulldogs met them on the Canyon field early in the season and were declared the winners of the tilt in a score of 6 to 0. Since that time the college representatives have played many games and have learned to work together better than they were doing at that time. The majority of their games have been played away from home and the local fans will turn out in a body to see them perform in College Park once more.

The other game, that of the Clarendon High School Bronchos against the Quitaque team, is a little undecided. The Quitaque team comes to Clarendon with blood in its eye and will give the local boys a fine run for their money. The Bronchos have come out of the kinks in a considerable degree and are showing a remarkable degree of teamwork after beginning the season under the greatest handicap known. Their team lacks the seasoned air of veterans to this date, but their green condition has been worked out of them as may be seen by recent battles in which they disposed themselves like a true and tried team as Bronchos should.

### STATION AGENT SERIOUSLY ILL IN FT. WORTH HOSPITAL

The many friends of C. H. Wisdom will be grieved to learn of his serious illness which has made it impossible for him to attend to his duties at the depot in Clarendon. The agent has been carried to Fort Worth, where he is now being treated in Saint Joseph's Infirmary there. At last report he was a trifle improved following a series of blood transfusions. His brother, Carroll Wisdom, of Bowling Green, Kentucky, is with him at Fort Worth. The force at the depot could give little or no information as to when Mr. Wisdom could be expected to return to his home here and stated that his life was despaired for a time.

### THIRD OF AN INCH OF RAIN FALLS TUESDAY EVENING

Accompanied by threatening and a heavy wind, rain to the amount of .35 of an inch fell here late Tuesday night. At some time during the night a westerly wind took up the battle and cleared away threatening clouds. Wednesday was beautifully clear and windy enough to please anyone. The results of the rain made the effects of the rain vanish like magic and cotton picking was resumed after noon in all parts of the county.

### SPUR TRACK NEARING COMPLETION WITH 4 CREWS

The 1400 feet of new side tracking for the Denver Road of this city was rapidly nearing completion Wednesday evening of this week as the forces of four section crews made available were pushing their work as fast as possible. All preliminary work had been completed prior to this week and the laying of ties and rails will complete this part of the labor. Following the completion of this, the erection of the new cotton platform will be started and rushed to an early finish. The platform will be ready for use before the end of the present shipping season and will be situated where it will serve the cotton yard to the very best advantage.

### Road Bonds and Donley County Progress

An Editorial.

Only a few more days now, until Donley County will decide at the ballot box whether she will authorize a million dollar bond issue for the building and maintenance of paved highways and lateral roads within her borders. The national election and the press of business in the fall season has worked against very much heat in the campaign, pro and con, and most of our voters approach the election next Wednesday with a fair understanding of what the proposal will actually cost the taxpayers, and with some idea of what it will mean to the growth and development of the county.

Under provisions of the election order and survey of the highway engineers, Highway No. 5 is to be paved through the county from the end of Hall County paying at the east line of Donley on the south side of the Fort Worth & Denver tracks to the west line of the county. The route as designated by the survey takes the old ridge route coming west from the Hall County line, misses Giles, comes through Hedley on the south side of the railroad, comes through Lelia Lake as the highway now runs, continuing through Clarendon and to the Armstrong County line on the south side of the railroad. Highway No. 88, from the north line of the county above Jericho follows the same general route as now to the Hall County line near Brice. Highway No. 75 (known as No. 66) is routed north of the Rock Island tracks instead of south as at present. All of the million dollars will be used on these designated state and federal highways, except \$175,000, which is divided among the four precincts of the county, not according to percentage of taxes paid as is customary, but according to need for lateral roads, this arrangement coming by order of the commissioners court.

On Highways 5 and 75 state and federal money will be matched two dollars for one of local money. On No. 88 state funds will match dollar for dollar. Therefore, instead of having one million dollars to spend in Donley County the issuance of the bonds will bring a total of two million, three hundred and twenty-five thousand dollars to add to the prosperity of our citizenship.

The county tax rate will be increased \$1.14 per hundred dollar valuation by the issuance of the bonds, and each tax payer may compute his increase in taxes by applying the increased rate to his state and county valuation. Like everything of real value, there is a cost to the proposal, counties and cities as individuals having abandoned the idea that permanent progress may be had without large outlay of money.

The question arises at once as to whether or not the value of the paved highways and improved lateral roads will be worth what it costs the tax payers. If it is worth what it costs, then we may assume that the voter will favor the issuance of the bonds.

The News favors the road bonds because Donley County needs the roads as she never needed them before.

We favor the bonds because this method of finance is the fair and economical method of modern finance.

We favor the bonds because paved highways coming to the north and south of us leaves Donley County in an uncomfortable position as regards tourist travel and competition for immigration and development.

We favor the bonds because we believe this is Donley County's last opportunity to control the route of the highway through our county. The state is very certain to provide a fund for completing the main highways of Texas and will locate and route them according to short-line surveys of professional engineers and without regard to the convenience of the smaller towns and communities. This means that Lelia Lake and Hedley would both be left off the air-line route from Memphis to Clarendon, which is manifestly unfair.

We favor the bonds because it is the surest and quickest way to improve our lateral roads for the benefit of our farming communities. Until we have improved highways any proposal for lateral road improvement has little or no chance of adoption. If the state builds the highways the laterals will still be on our hands to finance. The present proposal saves time and achieves the desired end.

Frankly, we believe the next legislature will pass the Sterling plan or some variation for a huge state bond issue to complete the highway system of Texas. This plan reimburses counties who have built or are building standard highways, and it is very likely that Donley County tax payers will never pay more than two years' road tax before the burden is assumed by the state.

We favor the road bonds because we believe that the roads will be worth more than they cost to every man, woman and child in Donley County.

We believe the road bonds mean an era of unprecedented growth, development and progress for Donley County.

### SEVENTH ANNUAL FATHER AND SON BANQUET CLIMAX OF YEARS OF WORK

ANTRO DINING HALL WELL FILLED AS FATHERS AND SONS MEET IN SEVENTH CELEBRATION OF NATIONAL WEEK. ORPHAN BOYS TO BE GIVEN SPECIAL ATTENTION AT EVENT FOR NEXT YEAR. JOLLY MAKES SPLENDID ADDRESS

A culmination of seven years of effort in Clarendon was found Monday evening of this week when 105 fathers and sons gathered for the annual affair in the Antro Hotel. The banquet was the climax in Clarendon for the celebration of a world-wide Father and Son Week which was celebrated in all the nations on earth where the Y. M. C. A. and the Boy Scouts have gained a foothold.

The doors to the dining room were thrown wide shortly after the hour set for the banquet and the hungry visitors fled into the room where the tables were set in family style. Toastmaster Tom E. Connally called the meeting to order for the invocation from Rev. S. E. Allison. This was followed by the singing of "America" first by the dads of the gathering and then by the sons.

As the boys were receiving their helpings from their happy dads, Mrs. G. Lester Boykin gave a very pleasing violin solo, accompanied by Miss Fray Stallings. The more formal portion of the program was forgotten for a few moments as the hungry aggregation made serious and heavy inroads on the heavily burdened tables. When all had been filled to their complete satisfaction, a saxophone trio played three very interesting and entertaining selections to the great delight of the gathering. The trio: E. M. Lindsey, Henry Wilder and I. B. Pierce.

The "Midnight Blondes" a comedy organization from Clarendon College then gave some interesting and amusing moments to the aggregation and pleased their hearers a very great deal. Those taking part in the work at this time were: Alfred Estlack, Earl Humphrey and Billie Dillard. Earl Humphrey, in the role of the colored gentleman, was quite a knockout with his wisecracks when questioned by the white man in the case.

Irvin E. Jolly, the new Scout executive for the Southeast Panhandle Council, was then introduced and spoke convincingly of the problems confronting every father. These problems were made all the more complex by the complete changes in the location of the great part of the population, thus bringing forth new ideals and ideas in the minds of both parties most seriously concerned. The lack of family life as it was once known is brought more forcibly home when it is seen that all the family is working in an attempt to "keep up with the Joneses."

Continuing, Mr. Jolly pointed out the fact that the boys and girls of the nation comprise our greatest asset. That it is up to the fathers of today to so train their boys to do their jobs and be better men than their dads is an important factor in the progress of the country is found in the fact that the fathers have more faith in their boys than they have ever had before this time.

Since the younger years of the boy's life is more impressionable than the later years, it is self evident that this is the period in which they need the companionship of their fathers. The Boy Scout work, the Y. M. C. A. and their allied lines such as the churches and schools are splendid as far as they go, but the training of the boys should not be left to these agencies alone. The mother is calculated to do an excellent job in raising a boy but he will need the touch of his father to make the training and raising complete. Mr. Jolly further stated that there is no such thing as a "Bad Boy" but stated that this is the result of handling. Thus the need for more men to give more time to the training and care of the boys of today, for most certainly they are to be the men of tomorrow.

A boy is a born gambler, doing something and escaping punishment and then repeating the action on the hope that the needed reprimand will again be missing when he is discovered. Special attention was given to the four charges that take place in every boy's life between the ages of 12 and 18. These are: Physical, mental, social and religious. It is during these six or more years that the boy needs attention for he is looking for a thrill whether it be physical or mental and the father may rest assured that this thrill will be forthcoming whether

er the direction is right or wrong. The boy naturally dislikes formalities during these years and his dislike for hypocrisy hinges on hate. The boy cannot be fooled and is more capable of knowledge of many items than the father may ever imagine. Above all things, it is necessary to live the man before the boy.

Election of officers than took the center of the stage with Mr. Connally acting in the capacity of chairman. The year belonging to the boys being at hand, Ross Harwood Beville was named president, Benton Smith was elected Vice Chairman and the Executive Board is to be composed of Henry Wilder, O. C. Watson, Jr., G. G. Kemp and W. C. Stewart.

The remainder of the evening was taken with extemporaneous and spontaneous addresses from many who were present. L. Ballew and his five sons were presented to the club, this being the largest single family present. Those who spoke are: Dr. B. L. Jenkins, W. D. Van Eaton, L. Ballew, Hugh B. Lusk, Odos Caraway, G. G. Kemp, S. E. Allison, Leon O. Lewis, W. H. Patrick and W. C. Stewart.

At the next affair of this nature, the orphan boys of the city are to be guests of Odos Caraway and he asked that all boys be notified of this turn of affairs and they be given due publicity in this connection. Mr. Caraway will be aided in this line of work by G. G. Kemp and Rev. S. E. Allison and many others of the town.

A touching note was brought into the evening by the reading of a telegram from the boys of Toastmaster Connally who could not be present for the event.

### DISTRICT COURT CLOSES SESSION

ALL WORK COMPLETED AND JURY COMMISSION AT WORK ON NEXT TERM.

The sessions of District Court for the term were brought to an end late Wednesday evening of this week with one of the busiest terms that has ever been held here. A great number of convictions have been secured and few appeals have been made. The docket has been almost completely cleaned, there remaining only four criminal cases and three civil cases to be brought to the attention of the court at some date in the future. The criminal cases are waiting on witnesses who are out of the state and according to advices from the court, will possibly be dismissed at the next term.

The record of the court for convictions in the past ten days has been one that will long be remembered. The Grand Jury was called back into session and returned a number of bills. Two of these, for bootlegging, were against Messrs. Huackby and McNeil. In each instance, the punishment was set at three years. Motion for a new trial and notice for appeal were posted and the men will be held in the Donley County jail for the next ninety days. A case against Messrs. Stewart and Stout, apprehended and tried on a charge of burglary and safe breaking resulted in a penalty of six years each. Mr. Pinkston, tried on a charge of assault and attempt to murder resulted in the defendant being released on an insanity charge. Accordingly, the culprit was tried for lunacy and was commanded to be placed in an asylum.

This record for ten days work will long stand in the records of Donley County as being one that carries out the letter of the law stating that any man is due a quick trial. One case was tried that resulted in a hung jury. This case was immediately transferred to Childress County, where it will be tried as soon as possible. The jury commission worked out their task beginning with Wednesday evening and Judge Fires and the remainder of the court left for their respective homes before their tasks to another county for work of a similar nature.

Mr. Will Word made a business trip to Spearman last week.

### 5,000 BALE MARK NOT TO BE REACHED SATURDAY

Had damp weather not been encountered the fore part of this week, the Clarendon yard would have contained in excess of 5,000 bales by the close of business Saturday night. As conditions now stand, they state that the receipts will run near to 4,750 bales by that date. 4,440 bales were in the yard late Wednesday afternoon with few bales on the way to be turned in before the close of business that day. A few less than one-half the bales received into the yard have been shipped.

Messrs. A. R. Calloway and Alvis Moreman of Alameda were visitors to Clarendon Friday of last week. Mr. Calloway reports that Alameda is showing a great deal of prosperity due in a measure to the reviving of oil interests near there and to the great crops they are enjoying in that section.

### Local Woman Sells Turkeys at Profit

Miss Katie Meaders, resident of the Sunnyview community, announces the sale of twenty turkeys on the local market the first part of this week with a gross receipt of \$106.76. Miss Meaders states that she has been raising turkeys for the past eleven years and that this has been the best crop she has produced to this time. She explained further that the recent trip made to A. & M. and the attendance on the Short Course had a great deal to do with the change in her fortunes in caring for the crop of turkeys. It is to be understood that these birds were not sold for production purposes, but that they were sold on the open market and that they will probably be used on Thanksgiving tables here and in other places not far distant from Clarendon.

### LOCAL REPRESENTATIVES ATTEND SAFETY MEETING

Six of the eight members of the force of the West Texas Utilities Company of this city were at Childress Tuesday of this week at the usual safety meeting. The following were at Childress from Clarendon: T. D. Nored, O. E. Harvey, Robert Dillard, W. T. Hunt, T. C. Cunningham, L. M. Smith.

A price of 31 cents per pound was paid for the birds, which indicates that she received the top of the market for the opening.

Scientific feeding of the birds using home grown feeds to the exclusion of all others has made it possible for Miss Meaders to succeed so well with her project. Rolled oats was the only food used aside from home grown products and these were only fed when the birds were at a very tender age.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

Our 1928 Home Town Edition comes off the press on Thursday, December 13th, and on account of the tripled or quadrupled volume all copy of any size and extent must be in hand a few days early in order to secure position and best service. It's no small job to triple or quadruple the output of a newspaper and the time element is not to be ignored.

The News feels that the citizenship of Donley County is to be congratulated on its present efficient combination of a district judge, a district attorney and a public opinion as voiced in our local juries, all of which display such a regard for law enforcement and the rights of society as evidenced in the speedy and effective verdicts against the guilty in the present term of district court. Those who regard our laws with disdain are due for a shock when they face Judge Fires and a Donley County jury. The law must be respected and obeyed.

Next week the Fort Worth and Denver railroad opens its new lines into the South Plains country and six special trains will operate over its 205 miles of tracks in honor of this event. The opening of these new lines marks a real epoch in the history of the Panhandle country and we may expect unusual development in the virgin territory of the South Plains in the next few years. We live in a wonderful age and it is a pleasure and a privilege to see history made all about us. Hundreds of pages of history are due from West Texas and the Panhandle.

The American people have voted decisively for the retention and enforcement of the Eighteenth Amendment and forces are already mobilizing for an effective enforcement. What the citizen owes, now, is his personal observance of the liquor laws of the country, and if he is wise he will remodel his conduct in that regard before crushing public opinion holds his actions in the same light as that of any other law-breaker. It is of no avail for a person to give vocal endorsement of the liquor laws, while he patronizes the criminal bootlegger or accepts a drink from the man who does buy illicit liquor. We need personal honesty in America and the man who doesn't conform to such a standard is going to find himself in the condemnation of a righteous public opinion. Better reform now—the rocky going is just ahead.

## DEMOCRACY, NOW WHAT?

Since observations and suggestions as to the future of the Democratic party are now distinctly the order of the day, The News has a few observations to make which are probably worth no more and no less than hundreds of others.

We do not consider that the Democratic party is officially dead and a subject for a political funeral insofar as its national influence is concerned. Those who have watched its maneuvers for the past eight years know that a wide rift has been present and that no solidarity could be expected of it so long as it had two definite and opposite policies, presenting two altogether different faces in the North and the South. The result on Nov. 6th, 1928, was inevitable and may prove just the physic necessary to break the malady which brought certain defeat.

From a Texas standpoint, The News has no illusions. Texas is Democratic and the greatest proof of it was the successful revolt of Nov. 6th. Texas will continue to be Democratic, even though we may expect stronger opposition to the dominant party in state affairs on account of the great influx of orthodox Republicans into the Southwest. However, leaders will never feel so cocksure again, that the rank and file of the Democratic party will swallow machine methods and gag-rule candidates, and we may expect a healthful respect for the opinions of the plain people in all future campaigns. This is, in itself, a victory for good government and Texas will profit by this condition in the administration of state affairs.

Now as to the attitude of the opposing wings of the Democratic party in the nation, there remains much confusion, but as the smoke of battle clears away there is emerging a sane and conciliatory attitude which may be the basis for the salvation of the party. Governor Smith has announced his retirement from politics, evidencing the spirit of a good loser, which if extended to the Tammany organization will work wonders in relieving the strain in the South. Mr. Raskob is faced with a two million dollar deficit as a hang over from the campaign and there is little likelihood that he entertains any hope of any considerable financial aid from the South, for even in the few states that maintained party regularity, there is an open pronounced distaste for Tammany and a party alien as Democratic chairman. On the other hand, little conciliation may be expected if the demand for Mr. Raskob's resignation continues to grow. Mr. Daniels, Mr. Glass and Franklyn Roosevelt, Senator Walsh, Senator Simmons and others may be able to quiet the troubled waters and effect a basis for future operation of the party, and in their efforts Southern Democrats place their hopes, demanding that the voice of Southern Democracy be heard in all future councils.

Here in Texas there is a corresponding confusion. Party regulars say that the bolters may come back like they left—of their own accord, while Prohibition Democrats say that Drys who voted for Smith may redeem themselves from the Wet taint by a future alignment. Little respect is given a few feeble voices from the regular camp who demand the exclusion of the bolting Democrats, and they are being overwhelmed by conciliatory choruses of regular leaders. To The News it seems foolish to harbor the differences of the past campaign. Democrats must be granted the right of their personal convictions and party loyalty and expansion may not be promoted by "bitter end" sentiment.

With the dawning of a day of goodwill and sane consideration of the situation as it is, we may approach the rehabilitation of the Democratic party and guarantee its life and power as a national factor.

## WRITING A LIFE RECORD

It is well for the young man to know that a record is kept of his acts nowadays. The editor of the Post-Register used to teach school and he was asked about an occurrence among the students nearly 30 years ago. The information sought was easily recalled, but we were curious to know why it was sought. There was a little case of gambling among the boys investigated and a member of that same class now holds a position in which he is trusted with large sums of money. Fortunately for him, his name was not in the list investigated nor was he guilty but not caught. How did that company find out about that incident? Probably from an old justice court record. How did they find that the man in question was a member of the same school class with those investigated? We don't know. Utter foolishness! people exclaim at such investigations; it was only boyish mischief and fun; those boys are as honest as if the incident had never happened. And some say the boy who plays a small game of chance with his own money may be scrupulously honest with other people's money. Then some say a man should not be hounded all his days by a youthful indiscretion. The editor of the Post-Register believes all that is true. But will the bond company or corporation believe it? The Mexicans have a saying "where water has run, it will run again." That seems to be the belief upon which corporations and bond companies act. Parents, dads especially, should encourage their sons and their daughters, too, to avoid that which may register forever to the public their names on criminal court dockets. Complete reformation may take place but the one interested is hard to convince. Few of us but have some youthful indiscretion to live down. Now more than in the past youth is writing a record in black and white. Keep it clear.—Lockhart Post-Register.

Every man is said to have his pet ambition. Whether it be true or not, I can say for one that I have no other so great as that of being truly esteemed by my fellow men by rendering myself worthy of their esteem.—Abraham Lincoln.

## MOUNTED RATTLESNAKE ATTRACTS ATTENTION AT STOCKING'S

The huge rattlesnake killed by Fayne Kent and Jerome Stocking late in the summer has been returned to the city mounted on an attractive display pedestal. The mounting shows the reptile climbing a small shrub after a bird that has evidently been charmed by the actions of the snake. Those who saw the snake before it was sent away to be treated were a little disappointed in its appearance after treatment, for it had shrunk appreciably from what it was at the time it was captured. The soaking given the snake would probably have had a little to do with the decrease in diameter as well as the fact that the enraged reptile had swollen by the simple method of breathing large quantities of air while on the end of the rope. The window has been constantly surrounded by a group of onlookers since the display was made Sunday morning. It will be remembered that the snake was dragged a considerable distance and that later it was captured in a box and brought to town and was later killed by the gentle administrations of an overly large dosage of chloroform.

## BRADY CITY COUNCIL PAVING ALL ALLEYS

Sanitary conditions in Brady will be much improved by paving of all alleys in the business district which will start soon. The city council recently went on record to defray all expenses for the project.

Public utility plants of Texas consume almost three billion feet of gas a month in generating electricity.

### RED CROSS DECLARES WAR ON ACCIDENTS IN TEXAS

Thorough instruction for every Texas citizen, in what to do in accidents before the physicians arrive, is the aim of the Red Cross First Aid and Life Saving Service. Mrs. Jeffries, chairman of the Red Cross Roll Call here November 11-29, announced this week.

As the Supervisor of Safety of a large automobile corporation put it, "A search through the educational field for the best way to teach safety finds that first aid properly taught outranks everything else. Its value lies in the fact that it makes a person think about himself in terms of a physically handicapped man. It teaches how the average accident occurs and how to avoid it; and above all, it sets up in his mind an actual desire to avoid it." In Texas, Mrs. Jeffries stated, there are 17 chartered life saving corps, which have enrolled 5611 persons. Nationally last year 43,445 persons were graduated from Red Cross first aid classes, and 38,924 students were graduated from life saving classes. These last constitute an active army in the United States working to prevent unnecessary loss of life due to drowning.

The experience gained during the past few years indicates, Mrs. Jeffries concluded, that the dangers involved in water sports in Texas can be eliminated through training and by the adoption of water safety methods. When our communities provide sufficient swimming pools, bathing beaches and skating places, and furnish trained Red Cross leaders, under whose guidance both children and adults may enjoy themselves in safety, the number of preventable deaths through drowning will be greatly reduced. Such Red Cross leadership, it is said, is financed entirely from the membership dues which every person in Texas will have an opportunity to contribute to the Red Cross during the forthcoming Roll Call.

### CHAMBERLAIN CLUB NAMES NEW OFFICERS

## SHORTEN ROADS TO SAVE MONEY

PENNSYLVANIA'S RELOCATED HIGHWAYS GIVE \$10,000,000 PRESENT TO MOTORISTS.

By E. E. Duffy.

Relocation of highways attendant with the laying of pavements, save both the motorist and the government considerable sums of money, highway records reveal.

Samuel Eckels, chief engineer of the Pennsylvania Department of Highways, asserts that in the last few years relocations brought about by new highway paving have shortened Pennsylvania roads by 210 miles. Mr. Echols estimates that this travel distance saved is worth more than ten million dollars annually to the users of Pennsylvania highways.

Relocations, highway authorities point out, are not always feasible but frequently new alignments can be made that make for straighter and safer travel. For instance, Colorado has just completed a 73-mile concrete pavement between Denver and Colorado Springs—an up-to-date highway that is not interrupted by a single railroad crossing. Five of the original 13 crossings were eliminated simply by relocation of the highway.

Efficient highway building now calls for a thorough study of all conditions and circumstances before the pavement is laid. Modern highway builders, in considering the location of a pavement, no longer take the original right-of-way for granted. The roadway is surveyed and if practicable it is shortened. Hundreds of miles of travel are wasted daily because of roundabout routes and "happence" engineering of other days.

Professor T. R. Agg, nationally known highway engineer of Iowa State College, after conducting a lengthy study of a pavement, declares that tremendous savings are possible by making travel more direct. His figures show that if a highway carries about 1,000 cars a day, or a total of 365,000 tons of traffic a year, each foot of distance saved to traffic will justify an expenditure of at least \$60 for road shortening. That is to say it would be strict economy to spend \$316,800 to shorten a road by one mile.

So in addition to the regular benefits pavement projects also bring the likelihood of shortening the roadway to the least possible distance. This means money saved to the motorist, who is also the taxpayer, and to the government through lowered maintenance and construction costs.

### SCHOOL FOR THE BLIND

In 80 institutions maintained in the United States for the education and training of the blind, 6,084 pupils received instruction during the school year 1926-27, as shown by United States Bureau of Education Bulletin 1928, No. 9. The figures represent an increase of 22 per cent over the enrollment in 1918. Graduates from the high-school department of such institutions numbered 177, of whom 101 were boys and 76 were girls. Instruction in instrumental music during the year was given to 2,688 pupils, vocal instruction to 2,729; and 3,499 were enrolled in industrial courses. Children in kindergarten classes numbered 336.

Of institutions included in the report, 47 are State supported, 21 are schools or classes in city school systems, 5 are private institutions receiving some State aid; 1 school is located in the Philippine Islands, and 1 in Porto Rico. Both blind and deaf children are accepted in 17 of the schools. Of the 863 instructors employed in institutions for the blind, 220 are men, and 643 women. This is an increase over 1918 of 19 male instructors and of 122 female instructors.

Total expenditures of the 67 institutions which reported this item amounted to \$3,993,404. They possessed permanent endowments of \$5,707,108. The value of buildings and grounds was \$17,283,141; equipment, including libraries, \$2,151,091. Libraries of the institutions reporting contained 157,380 volumes in raised type, and 46,324 printed in inked type.

## GROWTH OF TEXAS IS SHOWN BY GAIN IN ELECTRICITY PRODUCTION

Production of electricity by power plants in Texas showed a gain of 27 per cent over August of last year, according to a report received by the Texas Public Service Information Bureau from the U. S. Department of the Interior. This is considered an accurate indication of the growth of the state.

The total generated in this state for August was 210,520,000 kilowatt hours. The total for the entire country was 7,485,000,000 kilowatt hours.

In the production of this electricity in August Texas public utility plants consumed 2,939,085,000 cubic feet of natural gas, 85,172 barrels of fuel oil, and 59,449 tons of coal.

By far the greater portion of the August output in Texas was generated by fuels and the minor portion by water power. Only 482,000 kilowatt hours is accounted for by water power, while 210,038,000 hours of the total of 210,520,000 kilowatt hours was generated by oil, coal and gas fuels.

Texas consumes more natural gas for generating purposes than any state in the Union, California being second.

### ART ON PARITY WITH ACADEMIC SUBJECTS

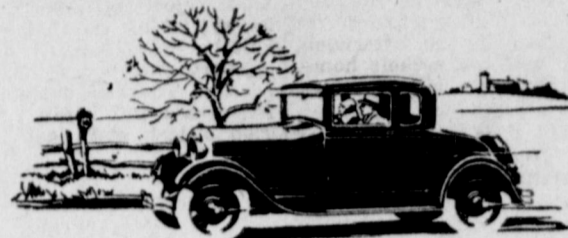

Because of the value to the child as an individual and as a citizen, art is placed on a parity with academic subjects in Lincoln Platoon School, South Bend, Ind., and it becomes an integral part of the child's school life. Pupils work in a room particularly adapted to needs of drawing classes, with necessary paraphernalia, including facilities for applied arts. Periods are short, and work is intensive. To develop an interest in civic improvement, architecture, and in home planning, art study is related through problems to civic enterprises and interior decoration.—School Life.

Regular course for teachers of the blind are offered in two institutions, and George Peabody College for Teachers, Nashville, Tenn., gives special summer courses for teachers of the blind and semi-blind.

## To the first half-million new Ford owners

To THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with an unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

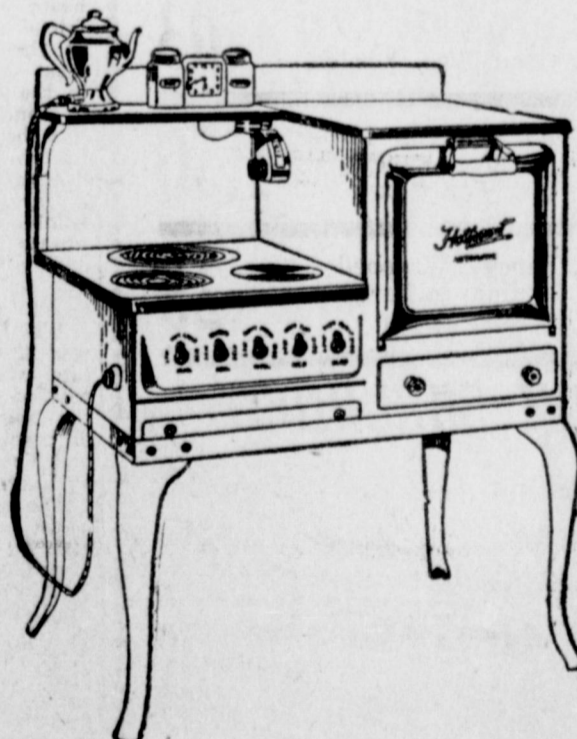

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

## Butler-Zachery

Miss Katie Butler, attractive daughter of Mr. and Mrs. W. O. Butler, was quietly married to Mr. Robert Zachery at the home of Rev. Douglas Carver, Baptist pastor at Whitedeer, Thursday, Nov. 9, at 9:30 o'clock, with Rev. Carver officiating.

Mr. and Mrs. Zachery left immediately after the ceremony for Lubbock, Texas, where they stayed until Sunday, coming to Clarendon and spending the day with relatives, and leaving for Whitedeer late in the afternoon, where they will make their home, and Mrs. Zachery will continue with her teaching.

Mrs. Zachery is a graduate of Clarendon High School and attended Clarendon College for two years. She has been a teacher for the past five years, having been associated with the public schools of Whitedeer for the past two years.

Mr. Zachery is well known in Clarendon, having spent all the early years of his life in or near here with his parents, the late Mr. and Mrs. W. E. Zachery. He is a graduate of Clarendon High School and is now a salesman for the Oakland-Pontiac cars in Whitedeer.

Among those attending the Mothers' Congress and the Parent-Teacher Association's annual Convention, in session at Amarillo this week, were: Mrs. U. J. Boston, Mrs. Paul Shelton, Mrs. Bill Greene, Mrs. J. D. Swift, Miss Slover, Mrs. W. C. McDonald, Mrs. Tom Kennedy, Mrs. O. C. Watson, Mrs. W. W. Taylor, Mrs. C. C. Powell, Mrs. J. G. Sherman, Mrs. B. L. Jenkins, Sr., Prof. and Mrs. H. T. Burton and possibly others whose names we failed to get.

## FLETCHER-DODSON

The News has been informed that Clyde Fletcher and Miss Blanche Dodson were married at Memphis Saturday afternoon. The marriage was performed at the Church of Christ in that city with Rev. S. E. Templeton officiating. A few intimate friends of the young couple witnessed the ceremony. Both the contracting parties are well known to residents of Lelia Lake and their many friends wish them a long and happy life.

## McDowell Music Club Begins Year's Work

One of the most enthusiastic meetings ever participated in by the McDowell Club members was that held in the parlors of the Methodist Episcopal Church, South, Monday afternoon when the members voted unanimously to go on with our work.

New officers elected for the year were Mrs. Ralph Kerbow, president; Mrs. J. L. McMurtry, vice president; Mrs. Manley Ozier, Secretary and Treasurer; Miss Helen Martin, directress; Miss Mildred Martin, accompanist; Mrs. R. Wilkerson, reporter.

New music will be ordered and real, earnest work will begin at once. The club will meet in the parlors of the Methodist Church Tuesday evening of each week at 7:00 o'clock until the club room is available, then the meetings will be held there.

Every member is urged to be present Tuesday evening and the rehearsals will begin promptly at 7:00 o'clock and last only one hour.

## Mrs. Clutter to Lecture Next Friday Afternoon

Mrs. Clutter of the State Extension Department of Austin will lecture to the ladies of the county at 3:30 o'clock Friday afternoon in the Ladies' Club room at the City Hall on Community Libraries. This lecture is sponsored by the Pathfinder Club but is for all ladies of the county interested in club work.

## Kill Kare Kneede Klub Meets In Home of Mrs. R. H. Beville

Mrs. R. H. Beville was hostess to the Kill Kare Kneede Klub Thursday afternoon at her beautiful new home where lovely autumn flowers were artistically arranged in the reception room and a salad course was served at the close of the afternoon.

Kneedeclubwork and pleasant conversation created a happy time for the gathering of members and special guests, who were as follows:

Mesdames Eva Rhode, Eva Draffen, W. A. Massie, U. J. Boston, Tom Goldston, G. G. Kemp, S. W. Lowe, Floyd Keener, Joe Cluck, J. D. Swift, George McClesky, E. C. Herd, Buel Sanford and Gilbert.

## Mrs. A. L. Chase Is Hostess

Mrs. A. L. Chase made a very charming hostess to a large gathering of members and special guests of the Thursday Needle Club, Thursday afternoon at her home.

The rooms were attractive with pot plants and late autumn flow-

ers where the afternoon was spent with needlework and light conversation.

Later dainty afternoon refreshments were served to: Mesdames Odos Caraway, George Ryan, R. A. Chamberlain, Sella Gentry, J. T. Patman, F. E. McCrary, Arthur Letts, B. L. Jenkins, W. G. Word, T. B. Lumpkin, H. C. Kerbow and Minnie Dyer.

## Pathfinder's Club Meets

The Pathfinder Study Club met Friday afternoon at the home of Mrs. R. H. Beville, with Miss Fray Stallings as associate hostess, where "A Travel to Shakespeare's Home" proved an intensely interesting subject.

Mrs. J. L. McMurtry, leader for the afternoon, gave "Shakespeare's Youth" following the roll-call when the members answered by giving a setting of one of Shakespeare's plays.

"London to Oxford by Way of Windsor, Eton and Stoke Poges" was given by Mrs. H. T. Burton and Mrs. B. L. Jenkins took the travel from "Oxford to Stratford by Way of Warwick and Kenilworth."

The interesting travel from "Stratford-on-Avon and Shroton" was presented by Mrs. Forest Taylor. Mrs. Sella Gentry ably discussed "Shakespeare's Festivals and Memorials."

It was voted during the business session to entertain Mrs. Cutter of Amarillo during her stay in Clarendon. Mrs. Cutter will speak to the club women of the town at the Ladies' Club Room Friday afternoon at 3:30 o'clock.

## Thursday Afternoon Bridge Club Is Entertained

A delightful party Thursday was the meeting of the Thursday Afternoon Bridge Club in the home of Mrs. L. L. Swann, who proved to be a most gracious hostess.

The rooms were lovely with a profusion of chrysanthemums in honor of the occasion and bridge was enjoyed until a late hour. High score went to Mrs. T. H. Ellis.

Those present were: Mesdames Earl Alexander, P. E. Chamberlain, T. H. Ellis, M. H. Rhoades, Clyde Price, Homer Glascoe, Louie Merrell, R. L. Bigger, J. R. Calhoun Misses Beulah Baird, Mary Cooke and Nettie Sims.

## Sims Parent-Teacher Association Met Tuesday

The regular monthly meeting of the Sims P. T. A. was held in the gymnasium of the South Ward building Tuesday afternoon with a splendid attendance.

A well prepared program was given by the pupils of the 4th grade under the direction of Miss Slover and Mrs. L. M. Cousins. A paper on "The Choice of Literature for Children," was read by Mrs. T. H. Ellis, and "The Effects of Literature" was discussed by Mrs. Rayburn Smith.

"Is the Equipment of My Room Adequate For My Needs" was given by each teacher of the South Ward school, and a committee was appointed to see about securing these supplies.

Miss Elizabeth Stevens' room received the \$5.00 prize for securing the most members for the P. T. A. during the recent membership drive. Individual prizes were won by Vivian Taylor, Kitty Carroll and Jack Carroll. Miss Rita Foster's room received the picture for having the greatest number of mothers present.

## Mr. and Mrs. John Watts Are Genial Hosts Tuesday

On Tuesday evening Mr. and Mrs. John Watts were the genial hosts to a large group of their friends with a 42 dinner party at their home, which was made most attractive for the occasion by the use of a profusion of chrysanthemums and pot plants.

A beautiful dinner was served at tables most artistically arranged with Thanksgiving motifs. A large turkey gobbler strutted boldly on the table, telling the guests the table number and how daring he looked above the salad. The covers and napkins also featured the Thanksgiving idea.

When covers were removed 42 was the pleasant diversion until late, when a loud clap of thunder told of the approaching rain and the guests quickly departed after many compliments to the host and hostess for the pleasant evening.

The personnel of the party: Mr. and Mrs. G. L. Boyken, Mr. and Mrs. U. J. Boston, Mr. and Mrs. Loyd Stallings, Mr. and Mrs. J. R. Porter, Mr. and Mrs. D. O. Stallings, Mr. and Mrs. C. C. Powell, Mr. and Mrs. J. G. Sherman, Mr. and Mrs. R. Wilkerson, Mr. and Mrs. S. M. Braswell, Mr. and Mrs. G. G. Kemp, Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. A. A. Mays, Mr. and Mrs. M. M. Noble, Mr. and Mrs. J. T. Patman, Mrs. Eva Rhode, Mrs. B. G. Smith, Miss Fray Stallings, Miss Ola Mae Watts, Mr. Wells, Mr. Farrow and Mr. Ziegler.

## Kongenial Kard Klub Is Guest Mr. and Mrs. Bell

An elaborate turkey dinner with all its trimmings was served to the guests of Mr. and Mrs. Charlie Bell Tuesday evening when they entertained the members and a few special guests of the Kongenial Kard Klub.

Miniature turkeys served as place cards and tallies and a yellow and gold color scheme, suggestive of the oncoming Thanksgiving holidays, was used. Mrs. Bell showed her artistic temperament in the arrangement of the decorations.

Auction bridge was the game for the evening and was thoroughly enjoyed. Mr. and Mrs. Park Chamberlain held high score at the close of the games. Mrs. Clyde Price received the consolation cut for ladies and Mr. Carl Bennett, Jr., for the gentlemen.

Those present were: Mr. and Mrs. Clarence E. Miller, Mr. and Mrs. Jimmy Miller, Mr. and Mrs. Richard Bell, Mr. and Mrs. Park L. Chamberlain, and Mrs. Lenode Goldston, club members, and Mr. and Mrs. Carl W. Bennett, Jr., Mr. and Mrs. Clyde Price, Mr. John Sims, and Miss Beulah Baird, special guests.

## Thursday Dinner Bridge Holds Regular Meeting

Among the many truly enjoyable social affairs of the week was the meeting of the Thursday Dinner Bridge Club in the home of Mr. and Mrs. Meredith L. Gentry.

A turkey with all its accessories was served at the dinner hour and many remarks of approval concerning the preparation of the various dishes were uttered.

In the games of auction bridge which followed, Mr. and Mrs. Phillip Gentry were awarded high score prize. Mrs. Selden Bagby drew consolation.

The guest list included: Mr. and Mrs. Phillip Gentry, Mr. and Mrs. Forest Taylor, Mr. and Mrs. Ira Merchant, Mr. and Mrs. Holman Kennedy, Mr. and Mrs. Sam Dyer and Mr. and Mrs. Selden Bagby.

## Lovella Bell Is Hostess on Ninth Birthday

In celebration of her ninth birthday Lovella Bell entertained with a game party on Saturday afternoon at her home.

Victrola music and a violin solo by the little hostess with the games following were enjoyed by the guests until called to the dining room where a large birthday cake, topped by nine candles, centered the table and red candy baskets marked the places of each.

The cake was cut and served with hot chocolate to the following: LaVerne McMurtry, Betty Joe Caraway, Ruby Micky, and John Jr., Robertson, Virginia Davis, Virginia Butler, Lalar Belle and Margaret Wilkerson.

## T. E. L's. in Business Session

In the beautiful and adorable home of Mrs. Ralph Andis Tuesday afternoon the members of the T. E. L. Sunday school class, Baptist Church, held their regular monthly business meeting.

Mrs. Andis had arranged many beautiful pot plants and ferns throughout the house in welcome to her guests and many words of praise were heard on her excellent taste.

Only business of interest to the class members was discussed with a short social hour following during which the hostess, assisted by Miss Gladys Andis, served a very attractive ice course. The ices had been molded into the form of

a turkey with other Thanksgiving motifs being used.

Those present: Mesdames J. S. McClaren, W. A. Armes, T. L. Kimbell, Rufus Dawkins, Buel Sanford, Frank Whitlock, J. H. Harris, Cap aLne, Lonnie Wood, F. F. Davis, E. M. Lindsey, Maggie Whipple Reed, W. A. Land, Eva Draffen, W. B. Sims, H. C. Brumley, Nolle Simmons, E. Westfall, Jack Morrow, Ed Speed and Miss Gladys Andis.

## Evening Dinner Bridge Club Entertained

The members of the evening-dinner bridge club were royally entertained in the home of Mr. and Mrs. Fred E. Chamberlain when they were host and hostess, Tuesday evening.

A most sumptuous and appetizing dinner was served with the playing of bridge following in rooms artistically arranged with cut flowers and pot plants.

At the close of the evening it was found that Mrs. T. H. Ellis held high score for ladies and Mr. W. C. McDonald for gentlemen. Each was presented with appropriate favors.

The guest list: Mr. and Mrs. J. L. McMurtry, Mr. and Mrs. A. T. Jeffries, Dr. and Mrs. T. H. Ellis, Mr. and Mrs. W. C. McDonald, Dr. and Mrs. M. H. Rhoades, club members, and Mr. and Mrs. Wesley Knorpp and Miss Rita Foster, invited guests.

## Les Beaux Art Club Meets

The Les Beaux Art Club met Saturday afternoon at the home of Mrs. E. O. McCanne with Mrs. C. C. Powell as assistant hostess, where many interesting things about "Textiles" were learned.

Miss Ineva Headrick led the lesson and gave an interesting discussion on "Early Textiles," and Mrs. James H. Morris talked on "Painted, Dyed and Printed Cot-

tons and Linens of Western Europe."

"Tapestries of France" were discussed fully and in an instructive manner by Miss T. H. Ellis to the large gathering of members.

## Woman's Missionary Auxiliary in Circle Meetings

Mesdames R. H. Beville, W. A. SoRelle, Otis Naylor and J. C. Estlack were hostesses to circles number one, two, three and four, respectively, of the Woman's Missionary Auxiliary, Methodist Church, Wednesday afternoon.

Each report a good attendance, an interesting lesson from the missionary voice and a delightful social hour.

## Ladies' Aid In Interesting Study

In the home of Mrs. Frank White, the ladies of the Aid Society, First Christian Church, studied the 19th chapter of Matthew under the leadership of Mrs. Willie Goldston.

The meeting opened with the repeating of the Lord's Prayer in concert. Mrs. W. T. Hayter presided over the business session.

During the social hour, which followed the afternoon's program, delightful refreshments were served.

## Episcopal Auxiliary Meets

The ladies of the Episcopal Auxiliary gathered in the home of Mrs. W. H. Patrick Wednesday afternoon, for the regular business and social meeting of the week, with the usual attendance.

Many items of business of interest to the organization were discussed and a social hour was enjoyed at the close.

Miss Hazel Bourland, student in Texas Technological College at Lubbock, was a visitor over the week-end in the home of her parents, Mr. and Mrs. F. L. Bourland.

# Happy Moments

When you're introduced to just about the most gorgeous girl you ever laid eyes on—

And she tells you she ADORES a man who dresses with careful good taste—

And when she remarks how UNUSUALLY good-looking your Florsheim shoes are—say—that's a happy moment you never WILL forget!

There's a certain assurance about the smart style of Florsheim Shoes which somehow is passed on to the man who wears them—wherever he goes. And maybe Florsheim good looks alone won't win a girl's favor, but from what we've been told—they certainly do help!

### W. M. S. Notes

The W. M. S. Baptist Church, held their regular circle meetings Wednesday afternoon and the reports are as follows. East circle met in the home of Mrs. Wm. Gray with a good attendance. The Bible study, the last twelve chapters of 2nd Samuel, was led by Mrs. W. C. Stewart.

Mrs. Geo. McClesky conducted the mission study on "Mountain Schools of South Carolina." Interesting talks on these mountain schools were given by Mrs. A. T. Coyle, Mrs. E. R. Tatum and Mrs. D. L. McClellan.

A social followed with dainty refreshments being served.

Mrs. H. C. Brumley and Mrs. Joe Goldston were hostesses to the member of the west circle and as these ladies had completed their course of mountain study, "Oak and Laurel," an examination was given by their teacher, Mrs. Joe Goldston.

A splendid attendance was had at this meeting. A social hour was enjoyed at the close.

The regular mission study of the society will be held in the church next Wednesday afternoon at 3 o'clock and it is hoped that a large attendance will be present to hear the program on "Coveted Mexico." Mrs. W. C. Stewart is leader for the afternoon and the program follows:

Hymn—Kingdom Is Coming.

Watchword For Year—Isaiah 5: 4-2.

Devotional—Rev. S. R. McClung.

"Coveted and Conquered"—Mrs. J. T. Warren.

The Birth of the Nation—Mrs. Geo. McClesky.

Contrasting Invasion—Mrs. G. G. Kemp.

Triangular Mexico—Mrs. Wm. Gray.

Mexico Cornucopia—Mrs. Jim Headrick.

Current Missionary Events—Mrs. W. C. Stewart.

### H. S. SPRINGALL TO BE HERE FOR SUNDAY SERVICE

Dr. H. S. Springall of Dallas will be in Clarendon Sunday for the purpose of holding a congregational meeting in the Presbyterian Church of this city. Dr. Springall will preach in the church at both the morning and evening services and the public is cordially invited to attend and assist in either of the services. The congregational meeting is of especial importance and all members of the church are urged to be present.

Mrs. James Trent and Mrs. Geo. B. Bagby are spending the week in Amarillo, having gone up Tuesday. While in the city they expect to attend some of the sessions of the Mothers' Congress and P. T. A. Association.

Mr. and Mrs. C. M. Lane are in Lakeview with their daughter, Mrs. V. V. Thomason, and Mr. Thomason, who announce the arrival of a young son the latter part of last week. Both mother and babe were doing nicely at last report from the bedside.

### CITIZENS SHOULD INTEREST SELVES IN ENTERTAINMENT

Homer Mulkey of the Pastime theatre will be one in a thousand progressive showmen who will attend the Motion Picture Theatre Owners convention which will be held at the Baker Hotel in Dallas, November 13-14. "The mission of entertainment is one of vast importance to a city and its surrounding community, and I am going to this convention to learn of things which may enable me to offer greater benefits to Clarendon in the matter of entertainment."

"Sound and talking pictures are the biggest thing in the world of motion pictures of today, and while they are by no means perfect and as yet are not available

to the small theatres, in a little while they promise to place motion picture entertainment in the very front rank of the entertainment of the world.

"At the Motion Picture Theatre Owners convention, an organization designed to aid exhibitors in the all important mission of entertainment, I hope to learn something of pictures, music and presentation which I may bring back to Clarendon and its people which will be more entertaining, inspiring and beautiful."

"The mission of entertainment is important," he said, "and one in whose hands this business is placed should leave nothing undone which has a tendency to improve it."

Word received by Homer Mulkey from the headquarters of the Motion Picture Theatre Owners in Dallas states that music would be one of the subjects discussed at the meeting.

## LIONS QUESTION ROUTING ROAD

### GREAT PART OF HOUR TAKEN WITH ANSWERING QUESTIONS ON ROADS.

Lion Clyde Douglas held the chair at the luncheon Tuesday of this week in the absence of Lion Chase. Little club business came to the attention of the gathering, but much talk was had on the matters that are of greatest and most vital interest to Clarendon and Donley County folk at this time.

Lion Patrick was called to the floor and made a report on the Charter Night event at Claude on Thursday evening of last week. He reported a most excellent meeting with one of the youngest and peppiest memberships in this section of the state. Prediction was made that the older men of the Claude community would be aligned with the club in the near future. The trip to and from the neighboring city was hampered to some extent by meeting a heavy fog, but otherwise the trip was without event.

Lion Watson reported on the Father and Son banquet and stated that those who did not attend the event had missed something of vital importance. This was one of the most successful events of this nature that has ever been held in Clarendon during the seven years of their life.

Lion Porter was called on for an explanation of a recent ruling made that will effect the work of the Justice Courts of the state. This ruling takes away from the Justice Court all those cases except when they are specified by statute, placing them in the County Court. The present fee system does not allow a fee to be paid unless the defendant is found guilty, when the case is tried in Justice Court whereas the County Judge receives the fee whether or not the man under suspicion is guilty.

This was followed by a lively discussion in which a number of very pertinent questions were asked concerning the application of the aforementioned explanation to the Lions.

Following this, a letter was read the club from Mrs. Griswold in Houston thanking the club for the telegram sent last week. A telegram was also read from the Quitaque Lions asking that the Clarendon club listen in Tuesday morning and send telegrams if the program was coming in clearly.

The remainder of the hour was taken with a discussion of the various phases of the road situation in Donley County. Especial emphasis was placed on the designation of Highway 5 and a number of questions were asked that bear directly on the present situation. The state demands that the situation of the road remain as it was designated when the road bonds were voted and will not allow the expenditure of one single dollar on the road if it is removed from the designation at the time the election was held. These answers were made by Lion Porter, who stated that the official designation map was on record at Austin and that a copy of the map was on file in his office and in the office of the County Clerk, where they might be seen by anyone who cared to ask for them.

Lion Burton announced the final Bulldog game for Friday. Lion Patrick pushed the Red Cross Call again to the front and one Lion moved that each Lion be fined at the next luncheon if he did not have his Red Cross button.

Mrs. C. D. McDowell is in Temple, having gone down the early part of last week.

Miss Coye Latson returned Sunday from Waco, where she attended the home-coming of Baylor University, of which she was a pre-medical student last year.

Mrs. W. B. Haile is visiting in Mangum, Okla., having gone over last week.

Mrs. J. T. Barnard visited over the week-end with Mrs. Edgar Johnson of Pampa.

Mr. G. M. Richards of Wellington spent a few days the fore part of the week in Clarendon.

Messrs. Walter Clifford, Will Ray and Homer Parsons celebrated Armistice Day by attending the football game in Amarillo.

Mr. and Mrs. Frank Heath and Misses Wilma and Cecil Hukel were visitors in the home of Mr. and Mrs. G. T. Heath over the week-end at Crosbyton.

Mr. C. B. Umsted, wife and son, Mr. and Mrs. Fred Buckingham, Aubrey Huddleston and John Buzzell of Vernon were in Clarendon on business this week.

### Please Take Notice

The Methodist Missionary Society would appreciate it if their friends who received a box of Christmas Cards from Alden Galleries, Kansas City, Mo., would mail their remittance direct to the company as soon as convenient or return the box to Mrs. Paul Shelton or Mrs. C. A. Burton so the account can be balanced.

## BULLDOGS LOSE IN TWO GAMES

### WAYLAND TAKES BIG SCORE AND CHILDRESS WINS ARMISTICE DAY TILT.

The Clarendon College Bulldogs played in ill luck for the past two games. Saturday they met Wayland in the second game of the season and were downed by the merry score of 33 to 0 in a hard fought tilt that called forth all sorts of plays from the Jack-rabbits to prevent the Bulldogs cutting down the lead they had piled up. As has been the custom in the past, the Bulldogs played a merry game in the first half but were so weakened in the latter end of the play that Wayland was able to score as they willed. Hence, the size of the result of the game.

The game Saturday was the second and final game of the season to be played with Wayland Baptist College of Plainview, the first being lost to the same team here earlier in the season by a score of 13 to 6. Coach Stocking states that the Bulldogs are almost invincible in the first half, but they are so weakened and that they have so few reserves that the opposition is able to do as they please.

The second defeat within a week came on Monday at Childress, when the augmented Bulldog team met a gathering of all stars from Childress and were downed by a score of 19 to 0. The Childress aggregation was ex-players from large colleges composed for the most part of school coaches and such other players as could be gathered from the men of the town and schools. Proceeds from the game were used to place a floor in the basketball court at Childress.

Misses Rita Foster, Mary Jo Chamberlain, Edna Butler, Betty Weatherly, Lillian Murphy and Coaches Hutton and Stocking attended the football game at Childress Monday.

Mr. and Mrs. D. W. Hudgins of Amarillo spent Armistice day in Clarendon with their parents, Mr. and Mrs. J. G. Blanks. Mr. Hudgins continues in the employ of the Great West Mill and Elevator Company in Amarillo.

## College—High School Activities

Conducted by the students of Clarendon Junior College and Clarendon High School.

### Rev. L. L. Swan Conducts Chapel

The chapel exercises were conducted Friday morning by Reverend L. L. Swan, pastor of the Episcopal Church. He made the theme of his talk a comparison of the moral life today with that of the time when he was young. In the comparison he brought some very interesting facts about India. He told us of some of their customs and gave some details of the life of the Indian people. His talk was enjoyed by all.

### Mr. Burton Talks in Chapel

The chapel exercises were to be conducted by one of the literary societies Tuesday, but due to the holiday they were given more time and Mr. Burton talked on the importance of having a general education. He stressed the importance of taking English with a commercial course and gave a specific example of how the commercial course really was. Mary Jo Chamberlain gave a humorous and entertaining reading.

### Girls' Forum

The Girls' Forum met Wednesday, November 7, in the auditorium. A very interesting talk on Paul Laurence Dunbar, a modern poet, was given by Thelma Ellis and Lorene Hayes told a very interesting short story, entitled "The Prairie Knight," by O'Henry. A round-table discussion of "How a Girl Can Improve Her Character," was led by Mary Frances Caraway.

### Mr. Burton Talks at Hi-Y

Although the usual program was not given, anyone present will say that great interest was shown in the lecture given by Superintendent Burton. Mr. Burton told several of his own experiences when he was a boy which were both interesting and helpful to the group. Members of the Hi-Y hope that he will make another visit soon.

### Alpha Delta Psi

The past week was a busy one for Alpha Delta Psi. The society put on a chapel program Tuesday, a regular program Wednesday morning and party Wednesday night.

In the regular meeting the roll was called and each member answered with a joke (Ade, Slick and Earl were most of the jokes). The second number was a hot trio by Misses Duckett, Hukel and Jackson. They sang "Love Dream" first and as an encore they sang a parody pertaining to Senator Farrow and Lady Mansell.

The chief feature of the program was a talk by Miss Mansell on Esperanto, an international language. She told how the language was made up. Each part of speech has a different ending and the whole language is made up of suffixes and prefixes. The meaning of the work is "Hope of All Nations."

### Miami Beats College Girls

Miami High School defeated the College girls in a hard fought game here Friday night. The game was an even match in the first quarter. The game was fast and snappy from the start. The first quarter ended in a tie of 4 to 4. In the second quarter the Miami girls had better team work and at the close of the second quarter the score was 20 to 12 in favor of Miami. In the third quarter Clarendon had begun to pick up a bit and at the close of the quarter the score was 22 to 16 in favor of the visitors. The fourth quarter was hard fought, each team making the same number of points, and the game ending with a score of 28 to 22 in favor of Miami. Cantrell and Duncan of the Miami team were the stars of the game, each scoring 14 points.

### Alpha Delta Psi Conducts Chapel

Alpha Delta Psi Literary Society entertained in chapel on Tuesday morning of last week. The two society songs were sung with Opal Duckett at the piano and Cecil Hukel leading.

The program varied all the way from a reading to a whistling solo. The members on the program displayed the spirit of the society, and showed that they were interested in society activities. The Misses Speed, Reavis and Allen, who were on the program, are not members of the society, but they were willing to help all they could.

The program: Society Songs—By the Society. Reading—Betty Griswold. Vocal Solo—Cecil Hukel. Piano Solo—Marue Trostle.

### Reading—Gladys Estes.

Quartet—Hukel, Parr, Reavis and Allen.

### Reading—Gladys Noble.

Whistling Solo—Virginia Speed.

### Foolishness

"Slick" (to Bessie Lee J.)—"What, you're going home to get married?" "What?—I'll give you five thousand dollars if I marry before another year has passed." "Slick"—Good. Give me the five thousand, and I'll marry ye.

"Unconscious" Humphrey has gone to work. It is wondered if Gladys was responsible.

John Craine—All of the banks will be closed four months after Hoover becomes president.

Earl H.—Not for four months, just for one day. The Fourth of July.

"Goob" Smith (rings for theatre but gets the wrong number unknowingly)—Can I get a box for two tonight?

Startled voice at the other end—We don't have boxes for two.

"Goob"—Isn't this the theatre? (crossly.)

Other voice—Why, no, this is an undertaking shop.

The doctor stood by the bedside and looked gravely down at the sick man.

"I can not hide from you the fact that you are very ill," he said. "Is there anyone you would like to see?"

"Yes," said the sufferer faintly. "Who is it?" "Another doctor."

An amusing typographical error was made not long ago in a large newspaper, which read: "The doctor felt of the patient's 'purse' and admitted that there was nothing he could do."

Mother—Why did you spank my child yesterday? Stocking—Because he couldn't tell me where Rome was located after we had drilled two hours on it. He just stood and looked blank.

Mother—Poor thing. He was dumfounded at your ignorance, most likely.

Miss Abbott—I believe in woman's rights.

Miss Harris—Then you believe a woman should have a vote?

Miss Abbott—Not exactly, but I do think they should have a voter.

### Tramp Party

Alpha Delta Psi Literary Society enjoyed a most exciting tramp party on Wednesday of last week. Most of the members came dressed in the humorous regalia of a tramp, and exhibited some very interesting stunts. Mr. Farrow, cicerone of the evening, was the "knockout" when it came to the judging of the tramp impersonators. Chewing an unusual cud of paraffin and appearing in a very unique style of rube clothes, Mr. Farrow created many hearty laughs among the members.

The first place the members visited was the entertaining hall in the Girls' Dormitory where several members, who were on the first program committee, entertained with several games and many exciting maneuvers. The members next journeyed to the Junior High School where the Midnight Blondes entertained for some thirty or forty minutes, giving a one act play entitled "Hello, Hello Back." Immediately following the one act play, the members meandered over to the Jack Killough home, where the remaining members on program entertained.

The members were so engrossed in the merry-making that they were astounded to realize the lateness of the hour. Several minutes before the wee hour of midnight had passed, the members paraded the streets and sang the society songs. The evening had been a gay one for the members of Alpha Delta Psi.

### Basketball Game Friday Evening

The College Girls' Basketball Team played their first game Friday evening at the Gymnasium. The girls were defeated by a score of 22 to 28. The Miami girls were well trained and displayed good teamwork. The chief fault of the College girls was that the guards made too many fouls in passing the ball to the center. Much good work was done by the forwards on the College team. They scored practically every opportunity they had, missing very few of the goals.

### Personals

Misses Mary Howren, Geneva Merrill, Helen Beck and Temple

Harris visited the Carlsbad Cavern during the holidays.

Coaches Hutton and Stocking went to Childress Monday.

Mr. H. L. Farrow spent the week-end at Lubbock.

Miss Lillian Abbott and Miss Ozella Hunt visited their homes in McLean over the week-end. They were accompanied by Miss Myra Worsham.

Misses Mabel Mansell, Rita Foster and Helen Martin spent Sunday at the J. A. Ranch.

Among the ex-students of Clarendon College and High School who visited here for the holidays were Gordon and Walker Lane, Wade Youngblood, Glenn Allison, Rufus White, Porter Pierce, Hazel Bourland and Mary Hazel Hurn, all from Lubbock, and Cleo Brown from Canyon.

Mr. and Mrs. L. B. Cooper went to Memphis Monday.

### POSTAL SERVICE ON CHRISTMAS DAY

The day is not so far distant as to give some thought in regard to Christmas Day. It is not so much you should determine the Christmas gift, as it is to fix vividly in your mind that you must mail your Christmas packages before Christmas Day, at least in sufficient time that the package will arrive at destination and be handed out before Christmas Day.

Read the following letter from Postmaster General New addressed to postmasters:

Office of the Postmaster General, Washington, D. C., Oct. 25, 1928.

As Christmas this year falls on Tuesday, it is my purpose to relieve of work on Christmas Day as many postoffice employees as may be possible, and thus permit them to have the full benefit of the greatest of all holidays and partake of their Christmas dinners in their homes with their families.

Postmasters will, therefore, suspend all work in post offices from 12 o'clock midnight, December 24, except special delivery service and the regular holiday collections and dispatches of first class mail, and there will be retained on duty on Christmas Day only such number of employees as will be required for this purpose, and to receive and store, but not work, incoming mail. There will be no city delivery, village delivery, or rural delivery on Christmas Day. Special delivery mail will be handled and delivered as usual; such employees as may be necessary shall be on duty for that purpose.

At 12 o'clock midnight, December 25, such activities as ordinarily commence at that hour will be put in operation, and on the following morning all activities will be resumed with full force and energy.

This was done on Christmas Day in 1925, and there is no reason why the same plan should not be successfully carried out this year, provided all necessary advance preparations are made.

Postmasters should, therefore, immediately commence to organize their offices and take measures to obtain the full co-operation of the public in order that the Christmas mail may be promptly deposited, dispatched and delivered. The greatest factor in this achievement is early mailing and the handling and disposition of all mail promptly as received.

Postmasters should, therefore, inaugurate their Mail Early Campaign at an early date, and to this end should solicit the co-operation of newspapers, business and civic organizations—such as chambers of commerce, boards of trade, Lions, Rotary and Kiwanis Clubs, and like organizations—public school authorities, theaters, picture houses, public utilities, and

PREVENT ACCIDENTS IS GILMORE'S PLEA

"Out of twenty-nine accidents at grade crossings in Texas in August, as shown by the reports of the carriers to the Railroad Commission," Clarence E. Gilmore, chairman of the commission and president of the Texas Council of Safety, said Tuesday, "in which five were killed and forty-four injured, twenty-three were accredited to autos and one to a motorcycle."

"When we consider them in connection with the fact that for the year ending Aug. 31, 1928, there were 879 people killed and 4,613 injured in automobile accidents on the streets and highways of Texas, is it not enough to cause people as a whole to take serious note of the situation and join heartily in a campaign to reduce these accidents?"

"The greatest hope for human safety education in this age of frantic movement lies with the children of the present generation, and it follows of course, that particularly the one opportunity of instilling into them permanent and lasting lessons of safety is through the public schools."

"Civic club, parent-teacher associations and women's clubs all appear anxious to be of assistance. There is work for them to do, but it has proven a difficult problem to get definite and co-ordinated action."

Beef cattle purchased in the fall for grass-grain fattening should be "roughed" through the winter so as to gain from 50 to 75 pounds.

AMERICAN BOYS GUESTS SCANDINAVIAN FAMILIES

The Hellig Olav, of the Scandinavian line, brought here a few days ago 125 American boys, selected from the 100 of last year, from preparatory schools all over the United States, who, also like those of last year, are to spend a month as guests in Danish families. Immediately upon their arrival, under the direction of Dr. Sven V. Knudsen, the boys left Copenhagen, some going to the city of Odense, on the island of Funen, and others to the cities of Vejle and Aalborg, in Jutland.

It will thus be observed that although the number of American boys who have actually come is considerably less than was expected, this number is still a considerable one for so small a country as Denmark.

CHAMBERLAIN

The box supper of last Friday evening netted the neat sum of \$120.00. The sum so raised will be used to paint the interior of the school building and to purchase school playground equipment.

The Chamberlain school house is being treated with a coat of stucco and is also receiving a new room. This means that we will have three teachers instead of two when the school is opened about December first.

INTERESTING FIGURES ARE GIVEN ON U. OF T. STUDES

Austin, Texas, Nov. 12.—With an enrollment of 3,554, the College of Arts and Sciences at the University of Texas boasts approximately two-thirds of the entire enrollment, according to Miss Gertrude Heath, statistician in the registrar's office.

The College of Engineering with a total enrollment of 701 is next in size to the Academic School. The enrollment of the School of Law is only slightly greater than one-half of the College of Engineering.

In spite of the fact that women are supposed to be better at talking than at mathematics, there are more women in the College of Engineering than in the School of Law. The former has a total of 23 women in its student body, while only twelve women are studying law.

The enrollment of the School of Education totals 104. A total of 384 graduate students gives the Graduate School the third largest enrollment in the University.

The School of Business Administration has an enrollment of 238, while the College of Pharmacy is the smallest, with an enrollment of 75.

"COWBOY LITERATURE IS OUTSTANDING"—PAYNE

Austin, Texas, Nov. 5.—"Literature relating to the cowboy and his activities is the most distinctive contribution of Texas to the literary world," Dr. L. W. Payne, Jr., professor of English at the University of Texas, said in commenting on his new book, "Survey of Texas Literature," which is to be ready for distribution about the middle of November.

A sketch of the first book printed in Texas, as well as summaries of the first novel concerning Texas and of the first novel written in Texas, is included in the book. It is only since the Civil War that Texas writers have attracted National attention, according to Dr. Payne, and for that reason, the latter part of his book is considered of more importance from a literary standpoint than the first half.

Where moderate applications of manure are made to land at this time of year, it pays to add 40 or 50 pounds of superphosphate with each load. This may be put on the manure either in the stable or after it is loaded on the spreader.

FINAL RETURNS SHOW NO CHANGE

HOOVER MAJORITY MOUNTS AS ALL BOXES ARE IN. 1,650 VOTES CAST.

The final returns from Donley County indicate that the trend taken earlier in the receipt of the returns has not changed in the least, leaving the final election results the same.

The following tabulation appeared in the last issue of the News with the exception of four boxes that were out at the time the paper went to press:

Table with 2 columns: Name and Votes. Includes Naylor (0), Ashola (11), McKnight (10), Smith (12), Martin (9), Bray (3), Giles (6), Watkins-Oller (9), Goldston (24), Rowe (4), Wilson (4), Skillet (5), Whitefish (5), Hedley (17), Hedley (66), Lelia Lake (24), Clarendon (288), Total (486).

Two votes were cast in the county on the Socialist ticket. The total straight Republican vote was indefinite and is set at approximately 181 since that is the number of votes received by John H. Hunt for the office of Republican County Chairman.

In the State officers, Lon A. Smith was high point man with a total vote received of 1,332. Others in the race for state offices received as low as a few more than 1,000 on the Democratic ticket.

Another item of interest concerns the four amendments that were added to the ballot. All of the amendments were passed, the Confederate pension amendment carrying by a majority of nearly three to one.

Phil Enzel is in Clarendon again after an absence of some length.

ABOUT THE ROAD BONDS

To The News: I think that most every one will agree that sooner or later we will have to pave our roads or else be left behind, with other counties paying on all sides of us.

I further oppose it because it would take the matter of location entirely out of our hands. We recall the hard fight we have had with the state commission in getting the location to go through Hedley.

Last, but not least, I don't believe that this part of the state would get any roads built until the lower part of the state's roads were completed.

DORENFELD FOR PREPAREDNESS

SPEAKER AT ARMISTICE DAY PROGRAM PRESENTS POINT OF PATRIOTISM.

Col. Julius Dorenfeld, Jr., of Amarillo, Texas, was the speaker of the evening at the Union Armistice Day program in the Methodist Church Sunday evening.

These boys are to be the men of the next ten to twelve years and it is from among these that the main power for a great conflict must be derived.

Colonel Dorenfeld spoke of preventing another war and stated that it was his belief that a suitable army and navy would have more effect in keeping off another holocaust as was the affair of 1917-18.

Immediately following the close of the war, Colonel Dorenfeld made journeys through the nations at war and found a string of munitions factories along the Russian frontier.

The auditorium of the Methodist Church was comfortably filled in all its parts for the entire program. H. T. Burton, Commander of the American Legion Post, was in charge of affairs and handled the program smoothly.

Clyde J. Douglas, chairman of the program committee, introduced the speaker of the evening. The program was closed by the rendition of "The Star Spangled Banner" by the band.

A fitting climax to a week of Sunday school effort directed toward the Children and Young people of the Methodist Church was held Friday evening in the church auditorium.

J. R. Porter, general superintendent of the Sunday school, was in charge of the program and was one of the main speakers of the evening, outlining the policy of progress of the Sunday school.

Starting with the reports and plans for the youngest in the Sunday school, this was made by Mrs. W. R. Holder, superintendent of the Cradle Roll Department.

The entertainment of the evening was furnished the parents, mother and members of the Sunday school by the various departments and their corps of instructors.
