A Common Paper For Common People

REMODELING THE PASTIME SHOW BEGAN MON.

Interior Remodeling Will Be Rushed For Installation Of Talkie Machinery

Expecting the arrival of the machinery for the RCA Photophone talkie any day, Mr. Mulkey has a force at work under the direction of contractor John Bass remodeling the interior of the show to avoid delay in meeting the urgent wishes of a large number who are looking forward to the big event.

The arrangement will be such that the same tone of voice produced will be the same all over the room. This is made possible, says Mr. Mulkey, by the proper arrangement of loud speakers. At the same time there will be no loud blasts near the screen as might be expected.

"I intend to give my patrons the best there is in talkies" Mr. Mulkey stated Monday, and judging from the investment he has made, no one will be disappointed.

COUNTY COUNCIL TALKS MARKET SATURDAY

Further Marketing Plans Are Discussed Interesting To All Clubs

During a meeting of the County Council of the demonstration clubs of the county held at the club rooms in the Municipal building Saturday afternoon, the Saturday market easily took first place.

Owing to the extremely busy time of the season, the attendance was not satisfactory and some matters were forced to go over to a later meeting.

It was decided that the Saturday Market be sponsored by the Council and that each club take its turn at sending women to serve on the Marketing Committee until plans were changed by a larger attendance, if such change be desired.

It was also suggested by some of the members that a regular marketing committee be selected from the clubs most interested in the market thus relieving other members not interested of any responsibility.

Miss Thompson, County Demonstrator, wishes it to be understood that any club member may be at liberty to contribute to the sale so long as the requirements of quality and packing method is followed.

Christian Church Employs New Pastor This Week

Members of the Christian church are elated over the acceptance of the pastorate of the local church by Rev. W. H. Marler, formerly of Crockett, Texas. The new minister has had wide experience in evangelistic work and will supply at nearby points as well as the local pulpit.

A large congregation greeted Rev. Marler at both morning and evening service Sunday giving him a warm welcome. He is already getting acquainted with the folks of the town and is well pleased with the outlook for a successful work here.

Mr. and Mrs. Houston R. Miller and family of Canadian spent Sunday with his sister, Mrs. Eula Cox of this city. Mr. Miller is the Pig-gly Wiggly man of that five-little burg.

Borgeritis!

It is a positive shame for the official family of Borger to carry off stills and hooch while the owners are attending church.

The guardsman who dropped his six shooter and accidentally shot an innocent bystander in the leg will likely be able to prove that he didn't know the thing would shoot.

Odd Fellows Celebrate With Banquet Monday Night

That an announcement of plenty of eats will bring out a crowd was again demonstrated Monday night when the local lodge of Odd Fellows put on a "feed" to which members of nearby lodges were invited.

After the regular routine of lodge business was attended to, the program partook of the nature of a family affair with a long table placed in the center of the room. Contributions of the brethren in the form of choice meats, pies, cakes and other attractions loaded the table to capacity.

The affair was one for which this organization is noted and many more are to follow thru the winter months. Talks were made by P. O. Wood, Guinn and Simon of the Memphis lodge, Est-lack and Little of the local lodge and others. An invitation was extended those present to assist in a similar affair at Memphis to-morrow (Tuesday).

Hedley Young People Have Picnic Party Friday Night

Some thirty members of the Methodist Young People's Sunday school arranged a picnic party Friday night meeting at the home of Mrs. R. S. Adams where cars were to take them to the Fench ranch.

The principal parts of the menu being roasted weiners and marsh-mallows, just as soon as the motorcade arrived at the camping place, a large bon fire was built and rustic implements in the forms of sharpened sticks appeared in dead earnest.

A large pot of "camp coffee" added zest to the healthy appetites of the joyous youngsters. This was further supplemented with bread, onions, etc. and other items that go to make up a real outdoor feed.

After the feast, Father Time kindly consented to turn back the hour hands that the grownups might enter into the games of "It," "Flying Dutchman" and "Threading the Needle." Mrs. Adams, hostess and chaperone, was voted a woman of many wonderful accomplishments at entertaining and was asked to repeat the program again real soon.

Old Time Resident Finally Decides To Modernize

After living in the same house for more than a quarter of a century just across the street from the southwest corner of the square, Joe Humphrey, Sr. has decided that he is in town and will make use of the modern conveniences that are to be had.

Recently gas was installed. He was proud of it even to the extent of demanding that he be allowed to light all the gas stoves. The innovation was great as the old man had visions of carrying out ashes and carrying in high-priced coal for a quarter of a century.

The next step was to have electric lights installed. That helped wonderfully. The high-powered globe enables him to read at night. The old kerosene lamp was dumped with the relics of a bygone age.

The gas light fixtures did not harmonize with the interior of the home so he is working that over. It's beginning to look like a real place now and the yard was always kept spic and span so modern ideas have finally captured the old cowpuncher of pioneer days.

Two Firms Change Hands

Lon Rundell has purchased the interests of the Ryan Bros. insurance and realty business. Mrs. Flora G. White will continue with the office management.

Mr. Rundell is well and favorably known, being one of the leading farmers of this section and interested in many other lines. Mr. Ryan has not made any statement as to what line of business he will follow now after selling a business that he has owned for nearly twenty years.

The sale of the Clarendon Super Service station was completed Monday by which Chas. M. Bell becomes the owner of the business formerly conducted by Mr. Cecil Smith. Mr. Smith will continue to conduct the business for the present.

BRONCHOS DEFEAT CHILDRESS BOB-CATS FRIDAY

Battle Viewed By Largest Crowd Since Old Game Days Years Ago

Arriving on the noon train several hundred strong and a band sending forth blasts as one army going forth to do battle against another, Childress landed her sturdy team and began a survey of the situation. The visiting Pep Squad soon let it be known that they were here to do their stuff.

Clarendon's band was in evidence all the afternoon. That Pep Squad, Oh boy! and how. If there is anything that will get the fight out of a team, it is a pretty pep squad and both teams had 'em.

As four o'clock neared, the home team headed for the historic old ball park where the famed Bulldogs of yesteryear won famous victories and established a national reputation. From Clarendon's kickoff at the beginning of the game until the final whistle, the crowd went wild with cheering.

Tearing, smashing and determined to win glory for the Maroon and White, the Clarendon Bronchos defeated the Childress Bobcats Friday to the tune of 13-0 before a recordbreaking crowd of several years. Fighting gallantly but outclassed, the Bobcats saw their cherished hopes crushed beneath the incessant line plunges of the Bronchos.

The spectators, eager and watchful waited with abated breath while the Bobcats at the first of the game were held for four downs with the goal line only one foot from the ball.

Dillard, Watson, Noble and Nichols played havoc with the Bobcat line. Dillard, as usual, sent the pig skin spinning through the air with his educated toe. And Noble, that crafty little back, amazed the on-lookers with his skillful side-stepping and line plunges. Davis and Teague showed up splendidly for the Bobcats.

The first half of the game witnessed the sizing up of one team for the other. Each eager to break loose, kept a wary eye upon the maneuvers of the other. Only once during the game did the Bobcats threaten Clarendon's goal line, and then with ball in one foot of the goal line the rock-ribbed wall of the Bronch line held them for four downs. The moments were gripped in death-like stillness. Whispers and smothered oaths passed up and down the side lines. And then Childress failed to carry the ball over on the fourth attempt. Screams and yells rent the air while the Childress boosters stood silently as their hearts beat softly of a sad lament. And then quickly as though

County Commissioners May Have Organization In Pan.

According to press reports, Judge Bean of Lubbock and Grider of Tahoka have called a meeting of the county commissioners of West Texas to meet at Lubbock October 16th for the purpose of forming an association of sixty west Texas counties.

Letters will be mailed out this week inviting the officials to meet on the above date. Since West Texas has problems separate and apart from those of other sections of the state, it is believed that an organization of this kind will result in great benefit to the western part of the state.

The state association met in Houston last week and this idea grew out of the unwieldy gathering at that time tho the purposes of the state gathering was unquestioned.

Mr. and Mrs. Virgil Merchant and son Cal, Jr., are visiting his parents here.

HEDLEY PLAYERS KICK PIG SKIN TO VICTORY

Hotly Contested Game Friday Gave Home Boys Second Game In Succession

The Hedley football boys took it off the Memphis Juniors again Friday in a game on their home ground to the tune of 36 to 6.

This was the most exciting game to be played on the local grounds and every player a stickler for clean sports.

The pretty Pep Squad did their stuff to the entire satisfaction of themselves and all who heard them—and most every one did.

Bill Mobley, referee, called the boys to the field at four o'clock to begin a game wherein Memphis had hoped to break even for the drubbing a short time back.

While the Memphis boys are clean sports, throw some wonderful passes and are great fellows, they were simply outmatched by the local boys who have been working hard to get into trim to put their school and town on the map.

Memphis scored one touchdown on an intercepted pass. Hedley made some colorful passes and six touchdowns. According to a Hedley fan who was an eye witness, all the boys did well, Charles did effective work on the end run, Jiggs never failed, James, Clyde, Armstrong and Johnson all staid right in there and scored the victory of 36 to 6.

The football boys are working up a lot of interest now since demonstrating their metal and are expecting more backing from the business men and others who enjoy clean, manly school sports.

BELOVED PASTOR PAID TRIBUTE ON BIRTHDAY

Birthday Is Celebrated By Friends Of This And Other Communities

One of the most pleasing events that has happened in the life of Rev. C. B. Ingram was that of Sunday when his many friends gathered in to help him celebrate his seventy-seventh birthday.

Rev. Ingram is what he is pleased to term a "cornfield clod knocker" preacher who began his ministerial labors in Collingsworth county twenty-three years ago when houses were few and antelope a common sight as he journeyed from place to place to preach.

Sunday morning the folks began to gather at his home blinging food for the noonday picnic that was spread under a large apricot tree on long tables. The preacher is pleased to say that there was plenty to eat and to drink—coffee and water. A cake bearing seventy-seven candles was the big attraction.

At two o'clock in the afternoon, the meeting adjourned to the Methodist church for the program of the day. What the congregation lacked in size was made up for in sincerity. The address of welcome was made by Mr. Tom Connally, who interspersed his remarks with choice bits of history and paid high tribute to the pioneer minister.

Other appropriate addresses were made by Rev. Sam E. Allison, T. E. Trostle and J. H. Hurn. W. T. Hayter confined his remarks to the evangelistic field. Mrs. W. T. Hayter and Mrs. Jim Carpenter spoke on rural conditions of church work.

Rev. Ingram preached a sermon using the subject, "Is thy heart right? then give me thy hand." At the close of the sermon his congregation shook his hand and wished him God speed. Rev. Ingram has preached 251 sermons since conference met and has had 72 conversions.

The awards for "no whispering" during services, a blue ribbon and chart was awarded to Neatwood, Prairieview and Pleasant Hill each, all of Collingsworth county. These three places tied out of twenty-

CLARENDON HAS BIGGEST DAY OF THE YEAR

Purchases Include Big Variety Autos, Milk Cows, Radios Drygoods And Groceries

The crowds congregated here Saturday reminded one of old times following the close of the war. Many estimated the crowd Saturday as being larger than for several years. The streets were jammed with cars even with the home folks remembering their pledges to keep their cars off the streets.

Sidewalks were almost impassible and the stores in the afternoon hours packed to capacity with eager buyers. More worth while articles and autos were sold Saturday than in the same length of time in hours before the slump.

Several farmers boasted of the fact that they were paying off notes one mentioning the fact that he had paid one for twenty-six hundred. Store bills were paid and back debts squared up in a manner that surprised those who have been crying "crop failure" all summer.

One noticeable feature of the buying Saturday was the fact that autos, radios and milk cows at the dairy sale were bought which means that the folks are going in for a bit of enjoyment as well as buying necessities.

While crops are exceeding their expectations, farmers are going to play safe in the future by investing in more cows and chickens, many of them informing the writer that their rape patches sowed after the first rain were now excellent grazing for both.

In discussing the road question with a number of farmer folks, not a one was content to continue using a dirt road while our gas tax money was being used by other parts of the state. They want good roads and are demanding them.

Some of the more prominent producers of poultry were bemoaning the fact that Donley county had no county agent and they needed him right now to see what could be done with sick turkeys. They appealed to the County Demonstrator, Miss Harvey Thompson, who promised to assist them with their vaccination work.

There was a some complaint among the cotton growers that the buyers at Hedley offered them more than they could get here. Some even vouched for the statement that cotton was being taken from this territory to Hedley for ginning because of the increase to be had in the sale price.

Clarendon is waking up to the fact that something must be done to hold her trade territory. Better roads must be built. The merchants are offering a much better inducement in the way of better goods at better prices in order to compete with Amarillo.

Every town within a radius of seventy-five miles was represented here Saturday and there will be many more such days. Get ready. Donley county hasn't had a crop failure in forty years and won't have any.

Shamrock Man Buys Interest In Local Furniture Store

A deal was consummated here this week whereby R. E. Paxson, manager of the Shamrock branch of the Amarillo Furniture Company, acquires an interest in the Clarendon Furniture Company, with J. F. Heath who established the local branch of the Amarillo Furniture Co.

The name of the firm is changed from Amarillo Furniture Company to that of Clarendon Furniture Company. The new firm will stock a complete line of radios in addition to furniture, stoves, etc. Otherwise there will be no change in the policy of the management.

Mr. Paxson will move here within the near future. The local store has enjoyed a lucrative business under the management of Mr. Heath who, with Mr. Paxson, become owners of the local store, and at the same time buying stock in the Amarillo Furniture Company of Amarillo, assuring them of the large purchasing power of the associated store chain.

Last Rites For Lebert Miller At Christian Church

Funeral services for Lebert Miller will be held at the First Christian Church this morning with the pastor, Rev. W. H. Marler, in charge.

The body arrived Monday from Morris, Minnesota accompanied by Lebert's father and sister, who hastened there last week when informed of the critical illness of their son and brother.

The pall bearers will be former classmates of the deceased and are: Tom Murphey, Abe Cole, Charles Carlson, Wm. Green, Vernon Lyle and Wm. Wilder. Lebert was an industrious young fellow, well liked and enjoyed the confidence of a wide circle of friends.

The Leader joins with these friends in extending sympathy to the bereaved and regret the untimely passing of this promising young man and especially just as he entered manhood with a bright future before him.

Pastor Baptist Church Will Move To Lawton, Okla.

At the close of the services Sunday night, Rev. S. R. McClung, pastor of the First Baptist church, offered his resignation to take effect the 15th of this month.

The resignation of this popular minister has occasioned much regret not only among the members of his church, but upon the part of the public at large. Rev. McClung is serving the church in his fourth year and his efforts have met with popular favor and the church has continued to grow in membership under his pastorate.

Because of his oratorical ability and consecrated life and devotion to the cause he represents, Rev. McClung's services have been sought on many occasions on varied programs for the betterment of humanity.

A large congregation is expected at the Baptist church next Sunday to hear the last sermon here of one who has served them well and faithfully. Rev. McClung has accepted the pastorate of the Central Baptist Church of Lawton, Oklahoma and will begin his labors there immediately upon leaving here.

It is with genuine regret that Clarendon sees this estimable family move from our town and the best wishes of their many good friends go with them to their new home.

Stock Selling In Panhandle Takes Its Toll

The public is warned to look out for smooth-tongued artists selling Ford stock in many places of the Panhandle. This is not the genuine Ford stock and is being sold at \$37.50 this week on the payment plan.

Ask your banker before investing money with a stranger. If you haven't a banker, ask the other fellow's banker. He will be glad to explain the catch in a scheme that is questionable.

Sheriff's Department Induces Five Dusky Gents To Rest In The Strong House

Five colored men aroused the sympathy of Sheriff M. W. Mosley and deputy C. M. Peabody Saturday when they learned that the cotton pickers were being annoyed by both home brew and "African golf" on the Adam Risley farm north of town.

The officers accordingly brot the bunch in with a batch of "brew" and will see that they enjoy rest and quiet until the grand jury can determine the matter.

The officers have been rather busy since the cotton season opened rounding up those who im-bibe too freely or choose to exchange intoxicants for the hard earned money of the cotton pickers.

Ginner's Cotton Report

The government's report on bales ginned up to October 1st is 5,905,065. Estimated yield for the cotton belt is 14,915,000. Estimate for Texas is given as 3,950,000. The condition of the crop is estimated at 55 percent of normal.

Mr. J. H. Hurn is looking after his extensive farm interests near Mobeetie.

CLUB MARKET IS MEETING WITH MUCH SUCCESS

Sales Offerings In Greater Variety Broadens Field Of Usefulness

The Demonstration Club market which began with the sale the fourth Saturday in August, continues to attract more buyers. The offerings here last Saturday at the show rooms of the Utilities company was of a better selection and a much wider scope of variety.

While the dressed poultry and cakes continue to be the leaders as in the past, a wonderful selection of sweet green pepper, canned goods including a wide range of variety of salad dressings, pickles, relishes, etc.

Miss Thompson stated Monday that the fancy pack fruits and vegetables displayed at the Poultry and Club Show would be offered some Saturday soon and "don't forget to tell them to whet their appetites and come to the sale Saturday next."

HIGHWAY BONDS ARE VOTED IN HALL COUNTY

Bonds Are Voted Saturday To Pave In Brice Section And Lateral Roads

By a majority of 981 against 276, the citizens of Road District No. 1 of the south end of Hall county Saturday approved a bond issue of \$1,220,000.00.

It is proposed to use the money in paving a highway from Memphis southwest to Lakeview, Leslie and Miss Brice a mile to the south, and extend on to the Mulberry bridge at the Briscoe county line, which is a distance of some twenty-five miles.

It is also proposed to gravel surface all lateral roads of the communities of that District connecting them with the proposed main highway.

Bonds had already been voted to pave the Estelline highway southwest thru Turkey to the Briscoe county line.

Basing their homes on improved roads, several families have already purchased raw land north and east of Turkey for the improvement of new homes. Several houses are under course of construction at present and nearby towns are feeling the effects of an increased population.

Stone Chain Stores Spread Over Southwest

Rivaling the Penny system, the Stone chain system of stores originating in the southwest and now numbering twenty in almost as many cities and towns, will soon be increased to forty-five.

This announcement was made at Wellington the past week by C. E. Stone, president and general manager. Locations have already been made for most of the twenty-five that are to be added, with a possibility that the South Plains area will be entered according to the management.

Mr. and Mrs. W. E. Betts and Miss Willis of Claude, spent Sunday with his sister, Mrs. C. A. Burton.

Mr. and Mrs. "Rusty" Clark of Groom spent Sunday with Mrs. C. M. Lane.

Reputation

Despite the fact that Colorado do staged a prison break with twelve killed—7 guards and 5 convicts—Texas maintains her lead with 28 who walked off the past month. The Hays county negro who was sent up for 99 years for criminal assault last January, and who is out on furlough while a pardon petition is being prepared, has evidently been greatly missed by the folks of his home town.

RICHES!

The hen is the only thing that can sit down and hatch out dividends.

COMPARISONS.

I've seen beach beauties at a parade of pulchritude. Nimble nymphs dancing before the footlights and all that, but there is no prettier sight than the lady carrying a dainty dish of food to a sick neighbor.

PERSONAL INVENTORY.

Are we individually doing our part in making the town where we are pleased to live, and on whose streets our children play, and where we may some day sleep our last, a better place in which to live?

SOME GIRL!

The longer a fellow lives the more he is convinced that a girl who is ashamed of or unfaithful to her mother is not worth a one-eyed button.

Young man, if you are met at the door by a girl in the pink of health who says: "I can't go for thirty minutes yet, for the dishes are not washed," stick to the job like a cocklebur to a woolly dog. She's a scarce article and the tribe is getting slim.

Golden Rule Courtship.

In a suit being tried at Seattle, Washington recently, Rev. W. H. Clark was claiming fifty thousand dollars as damages because Mrs. Minnie E. Kennedy, mother of Mrs. Aime Semple McPherson of Los Angeles fame, had given him the dodge.

Clark stated that "He had been struck by a moral hit and run driver in the dark." John S. Robinson, defending Mrs. Kennedy, characterized Clark as the "lowest, most contemptible criminal known to law—a blackmailer."

At any rate, these evangelists have played their last tune on the Pacific coast and it is such characters that make of hell a necessity.

WHO DID IT?

So many have made inquiry as to who wrote the editorials last week signing only the initials "A. D. E." Well, in the first place, I had no idea how many read that column, but I do now. Locally a whole lot of folks read it all. Some is good, some bad and some indifferent, but they read it.

Now the fellow who wrote the copy for that column last week was the oldest boy of the family. Alfred is his name and he is just a steady sort of a dependable fellow who likes the game and some authorities claim he has a special talent for writing. Being a very modest boy, he will never thank those who complimented the arti-

Fire Prevention Week Gets Attention In Schools

Children are taught fire prevention methods in our public schools and especially at this time. The entire country is observing the week and much property loss is saved by observing the rules as laid down by insurance companies, fire marshalls and from acting upon the advice of the governmental departments.

The loss of thousands of lives and property valued at approximately one-half billion dollars was the direct tax paid last year by citizens of the United States for fire waste. While the total loss in 1928 was slightly less than in 1927, America still bears the stigma of producing the world's worst fire record.

Recognizing the urgent necessity of keeping fire waste as low as possible, the National Fire Waste Council and the Insurance Department of the National Chamber of Commerce are sponsoring a competition known as the Inter-Chamber Fire Waste Contest among more than 650 cities in all parts of the country. The results obtained in the cities reporting in the Contest coincident with their participation in continuous fire prevention programs have indicated fire losses may be decreased through concerted effort.

Last year the cities making returns in the Contest showed a decrease of \$13,500,000 in property loss due to fire as compared with their average losses for the preceding five years. This was a decrease of more than 17 per cent. During the past three years the per capita loss of the contest cities has dropped consistently. In 1925, it was \$3.70 per capita, in 1926, \$3.07, in 1927, \$2.70 and in 1928, \$2.35. If the record of the country as a

whole had equalled that of the contest cities last year property worth \$200,000,000 which was burned would still be standing and serving a useful purpose.

The Contest is on a year-round basis as experience has shown that lasting results are secured only by continuous effort. Fire Prevention Week, now being observed, is the starting point of the year's work in many communities. Even after this Week is over every citizen should continue to keep in mind the importance of preventing fire and take steps to see that his negligence will not be responsible for any fire damage.

Scout Finance Campaign

Memphis campaigners to finance the Boy Scouts in Southeast Panhandle Area for the coming year are finishing their work this week under the efficient leadership of L. M. Hicks as chairman, assisted by Robert Grundy, Lyman Robbins, Rev. Jones, S. J. Bates and Sam McCollum. To date more than 25 new subscriptions have been received, which shows an increase of about 15 per cent over last year, several have enlarged their subscriptions, five cut their subscriptions and two refused to subscribe.

Last year's budget ran over a period of 15 months and showed a small deficit of about \$400 incurred at camp, the purchase of cooking utensils and small equipment, a truck, repairs to the buildings and building the dam were the causes for the deficit.

Other campaigns will be conducted in the remaining towns of the area immediately.

Ignace Paderewski, most noted pianist today, will visit Amarillo within the next three months on his fourteenth itinerary of the United States according to a statement of a leading musician of Amarillo Friday.

Mrs. M. S. Parsons and son Homer were Quitaque visitors Thursday. The Parsons brothers are remodeling their plant there due to increased business.

Local Man Has Collection Of Ancient Relics

As one enters the office of R. L. Bigger at his filling station, he is confronted with a fine set of moose horns which Mr. Bigger has displayed on the wall.

That is merely a trophy. His main hobby is the collection of relics of the stone age. In that collection he has a flint tomahawk picked up on the site of old Clarendon on the river. In addition to that he has a number of smaller like articles, scrapers, etc.

In his collection of spear and arrow heads are to be found some of the most perfect specimens in a wide range of sizes, two hundred in number. He received his last shipment of a hundred arrowheads and spear points from Louie Webber, a curio friend of his boyhood days and a resident of Eureka Springs, Arkansas.

These two hundred relics are displayed on the west wall of Mr. Bigger's office, neatly arranged on a cardboard. The collection is one of the most complete in the southwest.

THURSDAY BRIDGE CLUB

Mrs. Chas. M. Bell entertained the Thursday Afternoon Bridge Club at her home with two tables. Miss Mary Cooke won high score prize. Mrs. Clarence Miller and Mrs. Earl Alexander each won cut.

A dainty two course refreshment was served by the hostess following the games. Those present included Meses. Earl Alexander, Park L. Chamberlain, Clyde Price, T. H. Ellis, Clarence Miller, Dorr Ellis, and Misses Mary Cooke and Beulah Baird.

HOME DEMONSTRATION CLUB

The Clarendon Home Demonstration Club was entertained Friday by Mrs. J. A. Meader and daughter, Miss Katie, in their beautiful country home northeast of town, in an all day meeting.

The Club was presided over by the president, Mrs. W. H. Youngblood in the morning. A business session was held in the afternoon for the purpose of electing officers for the coming year. Mrs. W. L. Crane being chosen president, and Mrs. C. E. Lindsey as secretary-treasurer.

A bountiful meal was served in the spacious dining room at the noon hour to which each member was a contributor, which is the custom in all of their all day meetings.

Miss Thompson, Home Demonstrator, used "block printing" and "winter bouquet painting" as her lesson subjects, demonstrating each in an interesting manner.

Those present were Meses. G. A. Anderson, A. H. Baker, J. H. Clark, W. L. Crane, M. T. Crabtree, J. C. Estlack, C. L. Benson, C. R. Skinner, J. D. Stocking, Rayburn Smith, J. H. Watts, Toomb, C. E. Lindsey, W. H. Youngblood, J. A. Meader, and Miss Katie Meader. The guests were Mrs. Williams and children, Mrs. Williams being a daughter of Mrs. Meader.

MOTHER'S CLUB

Mrs. U. J. Boston entertained the Mothers' Club at her home Friday afternoon. Mrs. E. P. Shelton presided over the business meeting and Mrs. H. T. Burton led in the discussion of the program, assisted by Mrs. C. J. Douglas and Mrs. Bill Bromley.

The lesson subject for this meeting was: "Teaching children obedience, love and honesty." Mrs. Richard Wilkerson led in singing the club song "Texas, our Texas."

The hostess served a delicious salad course to Meses. E. P. Shelton, H. T. Burton, W. W. Taylor, W. M. Patman, Richard Wilkerson, Bill Bromley, J. R. Porter, C. J. Douglas, W. C. McDonald, G. E. Keener and T. D. Nored.

EPISCOPAL AUXILIARY

The Ladies Auxiliary of the Episcopal Church was entertained by Mrs. W. H. Patrick Wednesday afternoon with an interesting program.

A short business session was held followed by a dainty refreshment course served by the hostess.

CHRISTIAN MISSIONARY SOCIETY

Fifteen members of the Missionary Society of the First Christian church met with Mrs. J. A. Thompson of Lelia Lake Wednesday afternoon.

Mrs. F. C. Johnson led in the discussion of the bible lesson as taken from the 4th Chapter of Luke, after which refreshments were served by the hostess and a social hour enjoyed.

The members were so well pleased with the charming manner in which Mrs. Thompson entertained, that it was unanimously decided to accept her invitation to meet with her again during November on the date when she will lead in the lesson study.

PRESBYTERIAN AUXILIARY

Mrs. R. A. Chamberlain and Mrs. Floyd Lumpkin were hostesses to the Auxiliary at a meeting held in the church parlors Wednesday afternoon.

The book of Acts was the lesson subject with Mrs. Robt. S. McKee as leader.

A short business session was held at which time it was definitely decided to hold a "rummage sale" on the street Saturday. Refreshments were served by the hostess to a good attendance.

The next meeting will be held in the church parlors Wednesday at 3 p. m. of this week at which time Mrs. G. L. Green and Mrs. W. G. Word will be hostesses to a joint meeting of the two Circles of the Auxiliary.

METHODIST MISSIONARY SOCIETY

The members of the various Circles of the Society met at the church in a joint meeting Wednesday afternoon at which time the program as published in the Leader of last week was rendered. The program is again printed here by special request and is as follows:

Song by Society.

Devotional led by Mrs. R. Y. King.

Violin solo—Miss Harvey Lou Strawn.

"What shall I tell my children about God"—Mrs. U. J. Boston.

Reading—"Mr. Master"—Mrs. C. W. Bennett, Jr.

Story—Teressa—Mrs. Fred Buntin.

Vocal solo—Mrs. Rolla Brumley.

Objective of the Missionary Society from the Mission study standpoint—Mrs. G. L. Boykin.

From Bible study standpoint—Mrs. J. G. Sherman.

The Bible study for the coming year will be based on the book "Outline of the book of Acts" as written by Mrs. Mary Lipcomb Hargrove.

BAPTIST MISSIONARY SOCIETY

The Baptist Missionary Society met in the church parlors Wednesday afternoon in a business session.

The following officers were installed: President, Mrs. Wm. Gray; 1st Vice-Pres., Mrs. Couch; 2nd Vice-Pres., Mrs. W. C. Stewart; 3rd Vice-Pres., Mrs. Simpson. Two entertaining visitors of the Society were Mrs. Hughey of Arkadelphia, Arkansas, and Mrs. Conaster of Ft. Worth, both sisters of Mrs. W. T. Lowe.

Mrs. Hughey made an interesting talk on the Missionary work in her home town.

At this meeting a regular Bible

HANDKERCHIEF SHOWER

Mrs. Lake Dishman entertained with a handkerchief shower Friday afternoon in honor of Mrs. Bill Johnson who will leave soon to make her home in California.

A unique part of the entertainment of the afternoon was the writing of telegrams to Mrs. Johnson, the guests using each of the letters in the word "California" in the telegram. After the "telegrams" had been collected, the honoree wrote a similar telegram using the letters of the state that is to be her new home.

Mrs. Louis Thompson contributed several choice piano selections in a skillful manner that was much appreciated.

The hostess, Mrs. Lake Dishman, assisted by Mrs. Clifford Johnson, served a delicious plate lunch to Meses. C. L. Kinsey, Pen Johnson, Garvin McCaskill, Hobert Moffitt, Louie Thompson, L. A. Hart, J. W. Webb, Walker Martin, Rainey Westberry, Mary Dishman Gladys Ewen, Bill Johnson, Miss Melba Johnson and the hostess.

The honoree, Mrs. Bill Johnson or Ila, as she is affectionately known to a wide circle of friends, will be greatly missed and the best wishes of those who have been privileged to know her here go with her to the new home.

SURPRISE BIRTHDAY PARTY

Friday of last week, Mrs. F. M. Acord and a number of other friends of Mrs. C. L. Goin arranged a surprise party in honor of her sixtieth birthday.

The plans had all been made by her friends and the feast was already prepared with everything that goes with a birthday cake with "60" candles. Mrs. Acord called Mrs. Goin on the phone and asked if she would like to help her make some tomato relish. Being an obliging friend and neighbor, Mrs. Goin soon arrived at the Acord home only to be greeted by her friends and a lovely dinner.

The merriment continued until about three o'clock when the big birthday cake was cut and served with punch.

The many friends of the good woman wishing her many more such happy birthdays for "the older we are, the faster they come."

JUNIOR 1919 STUDY CLUB

The Junior 1919 Study Club met Wednesday with Mrs. Alvin Lake Dishman as hostess, and Mrs. Garvin McCaskill as leader. An interesting program based on the life and writing of Shakespeare was well rendered and highly appreciated.

The program: The Roll Call—Quotations from Shakespeare.

study course was agreed upon with the pastor as teacher. These study periods will be held on the first Wednesday afternoon of each month at the church parlors.

The Circles will meet at the usual hour Wednesday of this week with Mrs. J. H. Reeves entertaining the East Circle and Mrs. W. Z. Borron the West Circle.

Club Notes

LELIA LAKE CLUB

The Lelia Lake H. D. Club met Tuesday afternoon, twelve members being present. Miss Thompson gave a demonstration on "Food needs for the human body" stressing the idea of how an adequate diet may be maintained each day of the year without adding to the cost of the grocery bill.

She suggested leafy vegetables, starchy vegetables, fruits and meats, explaining the quantity and how to pack enabling the housewife to prepare a meal in from 30 to 40 minutes. Her idea is to shorten kitchen hours, and at the same time get better results.

ASHTOLA CLUB

Nine girls were present during Miss Thompson's demonstration Wednesday on "Food Needs for Growing Children," that the girls may learn what to include in their school lunches. The girls promised to try the school lunches suggested five times before the next meeting which is the 3rd Wednesday in this month.

ASHTOLA WOMEN'S CLUB

The Club met Wednesday Miss Thompson giving a demonstration in cheese making. The ladies are to serve the cheese at the next meeting. Only 3 1-2 gallons of milk, 1-2 rennet tablet, one fourth color tablet was required to make the cheese and fourteen women learned how to make it.

Mrs. Louie Merrell is to coat the cheese made, with butter and look after the simple aging process. Thanks are extended Mrs. Dilli of the Goldston club for the use of her press and information. Mrs. Dilli also showed how a cheese press may be made from a lard bucket and two coffee cans. Mrs. Tims was hostess.

CHAMBERLAIN CLUB

Thursday, twenty women of this club decided to do without a "club library" no longer. Miss Thompson had been saving up magazines for the past four months and contributed of her store which covered

Life of Shakespeare—Gladys Ewen.
"Romeo and Juliet"—Elsie Mace.
"As You Like It"—Clotel Moreman.

The next regular meeting will be held October 16th with Mrs. Lake Dishman as hostess, and Miss Melba Johnson as leader.

Our Club has started off for the season in a very encouraging manner with an unusual amount of enthusiasm on the part of the Juniors. All it takes to make a progressive Club, is for the members to put forth every effort expected of them, then a little more and we will be on top.

The hostess served a delicious plate lunch to Meses. Ralph Moreman, Gladys Ewen, Chas. Everette, Bill Johnson, Garvin McCaskill, Lake Dishman, and Misses Melba Johnson, Elsie Mace and Clotel Moreman.

Clarendon May Have Vocal Studio In Near Future

Mrs. Ardelle Smith George of San Francisco, youngest daughter of Mr. and Mrs. T. W. Smith of this city, is visiting her parents and other relatives in the Panhandle at this time.

Mr. George is doing some special work in the college at Canyon, and Mrs. George is looking over the nearby towns for a location for a vocal studio.

It will be recalled that Mrs. George was one of the winners in the National Young Artist's Contest at Portland, Oregon five years ago. Since that time, her reputation as an artist in the field of song has gone from coast to coast both as a concert and a radio artist.

Clarendon would indeed be most fortunate in having Mrs. George locate here, and if enough interest is shown, she will teach at least one day each week here. Information may be had about her work, and the possibilities of the opening of a studio by phoning her at number 483.

For the past four years Mrs. George has been contralto soloist in one of the largest churches on the west coast and has had a studio of voice in both Berkeley and San Francisco, California.

many subjects in which the ladies are vitally interested. They were also shown how to cut articles from the magazines and classify them forming a working library of their own without having to refer to that of their demonstrator.

Mrs. Harley Skinner, hostess at this meeting, had chickens penned for the lesson subject of "poultry culling" and Mrs. Roy Beverly was selected to keep a record of poultry production for this club.

R. E. Drennan, principal of the South Ward schools, suffered the loss of two casings and his spare wheel to thieves who entered his garage Thursday night. No clew has been found. Mr. Drennan left the doors unlocked for the first time and lost.

Mrs. W. H. Youngblood and daughters, Miss Mayme and Mrs. Meade Haile, spent Wednesday in Canyon visiting friends and shopping in Amarillo Thursday.

CAPITAL WEEKLY PRESS

War profiteering days had their manufacturers of cheese cloth blankets and papier mache helmets for the Army. All of which is recalled by numerous attempts to palm off inferior goods on the State.

Roy I. Tennant, member of the State Board of Control and Chief of the Purchasing Division, discovered last week that some of the State contractors have attempted to substitute inferior goods for the types specified by the Board of Control. All purchases are being checked and merchandise not up to standards is being returned, Tennant said.

"We have retained samples of every article contracted for by the State, and in every instance we are going to compare the articles furnished under the contract and unless they are up to standard or not the brand contracted for, they will be promptly rejected. Contractors should understand this and save themselves the cost of double and unnecessary transportation charges in attempting to palm off cheaper grade of articles on the State. It will not be permitted for one second."

Prison Relocation

Investigation of possible sites for a prison concentration near Austin was being made this week by a sub-committee of the Prison Survey Commission. A majority of the Commission are in favor of a relocation in the vicinity of Austin, although the Commission has delayed taking a formal vote on the proposition.

A. H. King, veteran representative from Throckmorton and candidate for Commissioner of Agriculture, is strong in his opposition to an Austin relocation.

King holds the idea that the concentration should be made on lands already owned by the State, perhaps the Wynne Prison Farm near Huntsville. Many harmful effects for the State Capital and the University of Texas would result from the prison system being located near Austin, according to King.

The Commission has voted to recommend that the Legislature appropriate \$1,000,000 to start construction work until final completion of the plant, which will cost approximately \$4,000,000, according to plans of the Commission.

Borger

Threats against the life of Governor Moody last week were considered ample evidence that the contingent of 100 National Guardsmen and small company of State Rangers are making an effective clean-up of vice and organized crime conditions in the Panhandle oil community.

Austin Chief of Police Thorpe received an anonymous communication from New York threatening to kill Moody if he persisted in his drive on Hutchinson County lawlessness. The letter, which was not taken seriously by the Governor, was believed to have been sent by metropolitan gangsters fleeing Borger at the advance of martial law.

Governor Moody had removed several Borger and Hutchinson County office holders. State Rangers are filling some of these posts temporarily under martial law appointment. More than 100 arrests have been made by the military authorities, and vice dens have

Burial Of O. L. Fink Takes Place At Denison, Iowa

The following account of the burial and family history of Mr. Fink is copied from the Denison, Iowa Review:

Funeral services for Oliver L. Fink, early resident of Crawford county, were held from the Methodist Episcopal church in Denison Tuesday afternoon at 2 o'clock. Rev. F. E. Hamlin officiating in the absence of Rev. J. Franklin Engdman. Following the services at the church interment was made in Oakland cemetery where the Masons conducted the services.

Oliver L. Fink died at a hospital at Lubbock, Texas, Saturday morning, September 28, being at the time of his death 59 years, 7 months, and 7 days of age. He was born in Clinton, Iowa, February 21, 1870, his parents being Edwin and Eliza (Adams) Fink. When about 7 years of age he accompanied his parents to Crawford county, arriving here on the same train that carried Hon. Leslie M. Shaw and his wife to this city. At first they located on a farm in Otter Creek township, a few years later the family moved to Goodrich township and settled on a valley farm about one mile south of Deloit. Here Mr. Fink grew to manhood, following the usual life of a farm boy of those early days.

He worked on his fathers farm during the summer months and attended school at sub-district No. 5, of Goodrich township during the winter months. On September 20, 1892 he was united in marriage to Miss Julia Walker, daughter of the late Mr. and Mrs. Theo Walker, of Denison, who died about eighteen months later. On February 17, 1897, Mr. Fink was united in marriage to Miss Florence Brogden. To this union three children were born: Percy, who died a soldier in the late war; Florence Esther and Kenneth Edwin. About 25 years ago the family moved to the state of Texas where with the exception of a few years they have since made their home. Mr. Fink was a devoted husband and father and an upright man in every respect. He was always active in civic affairs. Mr. Fink was an active member of the Masonic order and the Lyons Club of Clarendon, Texas.

The deceased is survived by his wife, two children named above; three sisters, Mrs. Belle Comfort, of Omaha, Nebr., Mrs. E. A. Johnson of Laurel, Nebr., Mrs. L. C. Albright, of Onawa and one brother Edwin F. Fink of London, Minnesota.

Floydada Lad Badly Injured By Dynamite Cap Friday

A lad of about ten years and a son of Mr. and Mrs. T. J. Carlton of Floydada was badly injured Friday when he placed a dynamite cap on a rock and hit it with a hammer, according to a statement of H. M. Drew of Mobeetie who was here Sunday on his way home after being called to Plainview Friday night when the life of the boy was despaired of when taken to a hospital.

According to statements of Mr. Drew, his nephew and several other children had secured the caps from a well supply house and the Carlton boy was the first of the lot to see what would happen when he struck the cap. His right eye was blown completely out and both arms and hands badly mangled. A finger and thumb of his right hand was amputated and

every precaution taken to avoid lockjaw and other complications.

The surgeon advised Mr. Drew that the lad would likely lose the remaining eye and possibly the right arm. Following the explosion, the elders found caps in the pockets of small tots who fortunately could find nothing with which to strike them, the larger boy taking the hammer from a smaller one to try a cap first with the above results.

Announcement is made approaching marriage of W. Price, son of Mr. and Mrs. Price of this city, and Maurine Maurie Yielding of Ingham, Ala., niece of Miss Silk of Wichita Falls. She has been employed as private secretary of W. W. Silk for years, graduated from College here, and is well liked by all who know her. Donley County Leader

Fruit Tree Blossoms Forth In Effort To Maintain Record

Donley county, famed for fruit production wherever tried, presents a freak this week in the specimen of a pear tree in the yard of R. C. Weatherly. This tree put on a crop in regular season but was forced to shed the fruit and part of the leaves in order to subsist on the scant rain of the summer.

Now since there is a season, the tree gets busy and blossoms out to help maintain its record of making a crop every season. This is the last tree in an orchard of a few years ago that consisted of a variety of trees but were destroyed by borers.

ALPHA DELTA PSI

Eighteen members of the Alpha Delta Psi Literary Society met last Wednesday night in the college auditorium to discuss plans for this year. A constitution and by-laws and some society songs were discussed with the result that committees were appointed to act on these matters. Program and social committees were also appointed. Since Mr. Archie Pool, our vice president, is unable to attend regularly, Mr. Joseph Brazil was elected to fill his place. We sadly regret our loss, but are happy to have one so competent to fill the vacancy. After a few interesting remarks by Mr. Clark, we adjourned to meet next Wednesday night when the following program will be given.

Roll call answered with joke—secretary.

Installation of officers.

Reading of By-laws and constitution—president.

Talk—sponsor current events—Billy Christal.

ALPHA DELTA PSI GOES ON PICNIC

Last Friday night about twenty four Alpha Delta Psians met on the college campus and, with Mrs. Clark and Miss Clark doing duty as chaperones, went to the river where a delicious picnic lunch was enjoyed. After a bonfire had been built and several guests had given proof of their readiness to leave we again took our places on Jerry Hayter's truck and journeyed homeward, tired but happy. —Reporter.

ROTTING HOUSE GIVES UP RICH HOARD OF GOLD

Gold Coins Bearing Dates 1852 Are Found In Historic Old Manse By Carpenters

The following story is clipped from a Chatanooga paper and handed us by Mr. M. W. Headrick, who is familiar with the surroundings. Mr. Headrick has visited the particular Manse on several occasions. He and Mrs. Headrick grew up near Varnell, Georgia and were married there fifty-six years ago.

Mr. Headrick is familiar with the description and knew the parties whose names are given in the article, the bit of history taking him back to barefoot boyhood days of long ago. He jokingly remarked Sunday that "he had no idea that old house contained gold or there would have been some digging around on his part a half century ago."

In 1837 a large residence with great rooms on the ground floor, even greater rooms on the second floor, a deep cellar below all and brick quarters for 100 slaves in the rear of the house, was built just east of Varnell, Ga.

Around the main dwelling was a wide porch, made strong and un-giving to the elements, as was the house, by the use of three-inch-thick pine boards of rough-hewed timber.

At late afternoon, when the dusk would fade gently into the coming night, like the quick mixing of an echo from the cotton fields with the elements of air and cloud, the master of this large house, with its great rooms, its deep cellar and quarters for 100 slaves, would sit on his wide porch and watch his laborers as they returned from their work in the fields.

All day the slaves had labored. They tilled the soil and planted the crops. They brought the fruits of the harvest for storage in the master's great barns. And when the fruits of their efforts were sold there was gold, much gold, in the master's strongbox.

Not content with the gold his fertile fields brought to him, the master of the estate would amuse himself with the sport of trading trinkets to the nearby Cherokee Indian tribes for precious gold dust.

When enough gold dust had found its way into his strongbox, the master of these broad acres would be off to the government mint, and returning, would add gold coins—\$20 gold pieces—to his hoarded treasures.

Until 1853 this master of a hundred slaves continued his bartering for gold dust, trips to the mint, and return trips to his home with gold pieces, fresh struck, for his strongbox. And then he died.

That master was Judge Owen Kenyon, the second judge of the Cherokee circuit. At his death his personal property consisted of thirty-three lots, each lot containing 160 acres of land, a total of 5,280 acres. His heirs were left much land but little gold was found and through the years legends of his hidden gold have been told to the children of the Varnell countryside by fathers who learned the story from their fathers.

From time to time the estate of Judge Kenyon was divided and sold, and in 1913 the residence and adjoining property of the judge was sold to E. C. Wilson, who lives there today.

Late last Thursday afternoon, Mr. Wilson, his brother and a crew of workmen were repairing the old Kenyon dwelling, doing the first repair work the house had known since it was built. While removing a worm-eaten window sill on the second floor, at the east side of the house, a yellow object attracted the workmen's attention—it was a gold piece!

One, two, three, four, five, six—and then a seventh circle of gold are fell into the light before the startled eyes of the discoverers. Seven fresh-minted \$20 gold pieces, six bearing the year mark 1850 and one dated 1852, lay in a golden pile.

All working stopped, Mr. Wilson sent away his workmen and with his brother proceeded to search

the casement for other gold pieces. And he found them. How many? That is not known.

Last night a brother-in-law of the discoverer of the hidden gold, Gail Emberson, of Ringgold, Ga., brought the news of Mr. Wilson's find to Chatanooga, and related the history of its former master, as has been recorded here.

A \$20 gold piece, minted in 1850, was displayed by Mr. Emberson, as verification for his story.

Mr. and Mrs. P. A. Buntin, who have been visiting relatives in Ft. Worth for the past six weeks, returned home Saturday.

The Presbyterian ladies held a rummage sale on the street Saturday that added materially to the church fund sponsored by these good ladies.

O. T. Hutto and wife of San Augustine, Texas, son of J. H. Hutto is visiting his father and sisters, Ethel and Allene.

W. H. Youngblood and J. R. Bain attended the judges and commissioners convention at Houston the past week.

Mrs. J. J. Morgan, Mrs. W. B. Stacy and daughter, Miss Hilda, of Green Forest, Arkansas, are visiting Mrs. Bunt Owens, Mmes. Morgan and Stacy are sisters of Mrs. Owens. The ladies are especially well pleased with west Texas and Clarendon in particular, and express a strong desire to locate here in the near future. In company of Mr. and Mrs. Owens, the ladies visited Amarillo Sunday.

Insurance Rights Of Ex-Service Men Outlined By Representative John H. White Of Borger District

Representative John H. White of the 124th District of Borger is interested in rendering a real service to those who have paid funeral expenses of ex-soldiers, and to widows and orphans and ex-service men of the late wars.

In order to save delay in action, Mr. White suggests that the matter be called to the attention of United States Veterans Bureau of Oklahoma City, since this section is under their jurisdiction.

Or one may take up the subject with the U. S. Veterans Bureau at Washington, D. C. direct writing a full explanation of what they wish. Post commanders of the Legion can be of valuable service in this matter also and have a fund of information along the lines outlined in this article. If you live near a town where an American Legion Post has been established, you might apply to the Post Commander direct.

In writing the various newspapers, Mr. White covers his subject well and we are gladly giving space to his communication below in the hope that this article will convey information to some one that will be of material benefit.

"The benefits due ex-service men are many and varied," Mr. White declares. "The matter of compensation to veterans disabled as a result of their war service is one of the most important. Any person who served in the Army, Navy or Marine Corps of the United States between the dates of April 6, 1917 and November 11, and who suffers a disability incurred as a result of such service, and can prove up to the first of January of 1925 that said disability was so incurred, is entitled to extra compensation if he is married and has dependents.

"In the event a compensated veteran dies, his wife, children or dependent parents are entitled to compensation. This amount is from \$30 upwards per month. The wife, children or dependent parents of uncompensated veterans are not entitled to compensation, unless they can show that the veteran's death was caused as a result of his war-time service.

Free Hospital Care
"Veterans of all wars are entitled to free hospital attention at any Veterans Bureau hospital, regardless of whether the illness or ailment was due to service connection or not. Compensated veterans are entitled to travel expenses to and from these hospitals, while uncompensated veterans are not.

"Men who have lost their discharge papers can secure duplicates by writing the office of the Adjutant General, War Department, Washington, D. C., who will send you a form to fill in and return. This procedure takes about 10 days.

"Veterans can still make application for their Adjusted Service certificates (bonus) though the last date by which to make application is January 2, 1930. Anyone who has not done so should do so at once. In the event a veteran of the World War has died before the 'bonus' law went into effect (January 1, 1925), the next kin or dependent can do so, and be paid the amount in cash. At death of a veteran holding an Adjusted Service certificate, the amount of

the certificate is immediately payable to the beneficiary, provided the Veterans Bureau is furnished ample proof of the death of the veteran in question. A veteran can also secure a loan by placing his certificate as collateral with a Veterans Bureau, but only in the event his Adjusted Service certificate is two years old. The amount of interest which a veteran is charged is six per cent per annum. Repayments on the loan can be made in multiples of \$5.00. Should the veteran lose his Adjusted Service certificate, a duplicate can be secured, but with considerable trouble. A bond to identify the government is necessary in cases of this sort.

Burial Benefits
"The United States government pays the sum of \$107 toward the burial expenses of ex-service men. To secure this payment it is necessary to establish proof of the veteran's death and submit therewith a statement of the undertaker's as to the cost of funeral, etc. It is usually submitted at the same time demand for payment of the Adjusted Service certificate is made.

"In this connection, I want to make clear that if the veteran died two, four or ten years ago and no expense allowance has been paid by the government, it will be paid provided evidence is shown that it has not been, and certified copy of death certificate and evidence of the deceased service connection is submitted. I have known of claims to be paid by the government after thirty years. The government also furnishes a headstone for the graves of ex-service men.

May Be Reinstated
"Veterans of the World War can still reinstate their government insurance. A straight life insurance policy can be bought by the average veteran for about 70 cents a month per thousand. All forms of policies are available to veterans and the cost is somewhat lower than old-line companies, due to no agent's commissions to be paid and the like. Every ex-service man should investigate the terms of this government insurance, and the wives of the men should see that they do so.

"Veterans who served in the war with Spain and the Philippine Insurrection are entitled to pensions. Many believe that they must be unable to work before they can apply. This is not true. Disability to the extent of 10 per cent is sufficient to draw a pension of \$20.00 a month. Full information can be secured by writing the

Pension Bureau, Department of the Interior, Washington, D. C.
"Every ex-service man should be cautioned to carry some sort of past service identification on his person, and this should include his full name and address, organization in which he saw most of his service, serial number of numbers of his Adjusted Service certificate, and the name and address of his next of kin, preferably at a permanent address. This sort of precaution has saved many a former service man from a pauper's grave.

Keep Discharge
"Every ex-service man should see that he has in a safe place, his original discharge papers or a certificate in lieu thereof, his Adjusted Service certificate, copies of compensation papers, together with his claim number, pension papers and a statement concerning his service record, such as where he enlisted, organization he served with, and the like.

"Many veterans who read this may say that there is too much 'red tape' to get anything from the government. That is very true if the veteran does not fill out properly the various forms sent him, but if they are correctly filled out there is very little 'red tape.'

Bob Harvey of Amarillo, spent the week end with his mother, Mrs. Monica Harvey.

Mrs. Earl Lynn and son Billie Earl, and Misses Reatta Thomas, Cleo Brown, Edna Mae Lafon, Maurine Wood and Nell Butler were in Memphis Sunday.

Mary Derrick, who has been ill of typhoid for the past 36 days, was given a birthday shower by the members of her school class Friday.

Mr. and Mrs. T. J. Kelley of Dallas, visited the F. B. Thomas family Sunday.

Mrs. Mary Jane Bushy, 91, of Ogdensburg, N. Y., nearly lost her life when she went to the rescue of Louis Seigel, 63, after he had slipped into the Oswegatchie River. Mrs. Bushy was the heroine of two former rescues when she saved two young boys from a similar fate.

HAPPIEST MAN IN THE WORLD

A Georgia paper claims to have found the happiest man in the world. The man lives in North Georgia. He has six fiddlers, ten children, thirteen hounds, a deaf and dumb wife and a moonshine still that has never been spotted by enforcement officers. No doubt the Georgian is a happy man, but we believe we know a genius hobo who is getting more joy out of life than the Georgian. Our hobo is a negro, about six feet high. He preaches in the summer time and shoots craps in the winter. He can wear an overcoat in August without discomfort; and a seersucker in January without feeling the cold. Anybodys shoes will fit him and his neighbors raise all the chickens. He wields the razor so savagely that every negro in the community is afraid to kick one of his dogs, or smile at one of his wives.—Exchange.

Mrs. J. T. Jeffries of Childress visited Mrs. J. D. Jeffries of this city Friday.

Mrs. Elmo Wall and brother, Ned McCleskey came over from Lubbock to spend the week end with their brother, Geo. H. McCleskey, and family. Ned states that he will return to make Clarendon his home after the 15th.

Mr. Meador, who has been staying with his brother, J. A. Meador at Amarillo, has been on the sick list. He was brought down here to the home of his daughter, Mrs. Lonnie Hahn, Saturday and is showing some improvement at this time.

UNBALANCED DIET COST 75 TURKEYS

It cost a farmer in Motley county \$200 recently to learn to feed his flock of 200 turkeys a balanced ration, according to M. P. Leaming, county agent. They were well housed in a lot containing two acres, had abundant grain and water before them at all times, and apparently everything was going well. Thinking that the birds needed more exercise the boys herded them in the open for a couple of days.

An abundance of blister bugs were discovered by the turkeys and being starved for animal food cleaned up the insects. The next morning the young turkeys were sick and within a week more than 75 had died. The remainder were put on a balanced diet, vaccinated against possible infection during their weakened condition, and most of them recovered.

"The next time the turkeys need bugs I'll buy meat scraps," The owner says.

Mrs. W. D. Clampitt, who was taken seriously ill while at church Sunday, is improving slowly.

J. T. Mosley of Clayton, N. Mex. visited his brother, Sheriff Mosley here and his mother at Hedley the last of the week.

John Griffin of Cooper, Texas, and boyhood friend of the Sheriff, was a visitor here the past week.

Joe Bounds, the popular obliging office deputy of the sheriff's department, spent the week end with home folks.

WILL ENTERTAIN TEACHERS

The ladies of the Baptist church will entertain the teachers of the public schools at the church Thursday night with a select program.

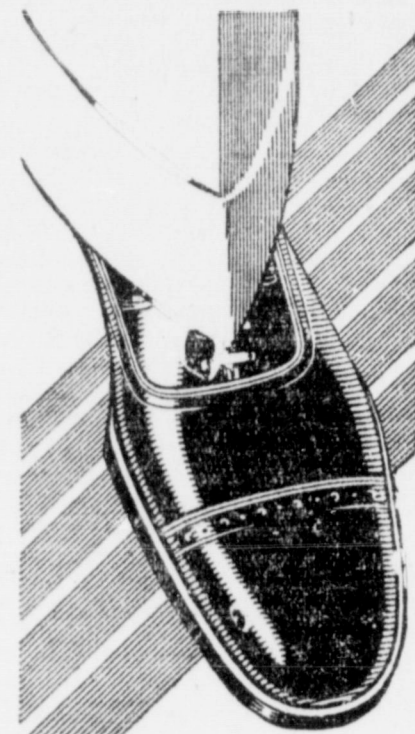

Mrs. John Goldston, who has been quite ill for the past several days, is a patient at the Adair county hospital. She is showing some improvement.

Organized Crime has reared its ugly head in Texas. Gone is the once colorful and much fictionized free lance bad-man who shot it out face to face with the "law".

General Jacob Wolters of Houston, Texas national guard officer, was sent to Borger to investigate the crime situation, brought to light by the recent assassination of District Attorney John A. Holmes.

Resignations of Borger and Hutchinson County peace officers would be the only way in which martial law for the oil town could be averted, Governor Moody indicated, declaring "peace officers are, for some reason, failing to suppress crime and bring criminals to justice."

"We have affidavits showing the money was paid to peace officers for protection from enforcement of the law," according to General Wolters' report.

Charles Stevens, prohibition officer and former ranger captain, was slain from ambush near San Antonio last week. Some nine arrests were made in connection with the assassination.

Requeses were made for rangers to help round up the gang slayers, but all available men had been sent to Borger.

At the beginning of the week the new Attorney General had taken no action on the appeal for a searching investigation of the finances of Hidalgo County.

The "Free State of Hidalgo" has been the scene of much political turmoil in late months, the Good Government League trying to overthrow the administration of Sheriff A. Y. Baker.

Political conditions in the County were the subject of an article in Collier's Weekly recently, the article revealing purported corruption etc.

Paul James, crack band man of the Panhandle, was up from Memphis Saturday. Mr. James will head the Gold Medal band in the state contest at the Dallas fair.

Miss Obie Crabtree, who is teaching school near McLean, spent the week end with her mother, Mrs. M. T. Crabtree.

Clarence Jackson of Memphis had business in Clarendon Saturday.

Richard Tucker and Dick Nichols made a business trip to Memphis Saturday.

Sen. Nye Sees Plot. P. Nye of North Dakota accused grain operatives of storing vast quantities of wheat in their storage houses. This would cause wheat growers to dump their commodity upon the market at whatever low price happens to prevail. He asked an investigation by the Federal Farm Board.

TENNESSEE TAKES NOTICE OF PANHANDLE

Front Page Press Publicity Given Fair Exhibit From This Section

The Panhandle-Plains of Texas, Inc., which is sponsoring three trucks carrying composite agricultural displays now exhibiting over the northern, midwestern and southern states, is gaining a great amount of front page publicity in daily papers of cities where the exhibits are placed upon display.

Following is a story from a Memphis, Tennessee daily, lauding the unusual array of Panhandle farm products being shown this week at the Mid-South Fair at Memphis, under the supervision of Dr. O. H. Loyd of Vega.

"The old geography is dead wrong. It got the Texas Panhandle down on the map as a desert. It's an empire, fairly rolling in health and wealth, fine cattle and crops, garden spot of what once was the wild and woolly west.

"So we organized us a country Chamber of Commerce, and searched on the warpath to make that geography fellow eat his maps," explained Dr. O. H. Loyd, retired physician and wealthy wheat grower.

And as the result of organized community effort, which since has spread to a dozen or more small cities and towns located out on the Panhandle plains, Dr. Loyd is at the Mid-South Fair to disprove what he calls "a geographical libel." The Panhandle exhibit occupies a large booth in the Shelby County Building.

Nothing to Sell "We have got a lot to show you, but nothing to sell," he explained.

"Our Chamber of Commerce spirit spread to Amarillo, Commerce, Plainview, Lubbock, Hereford, Panhandle, McLean, Clarendon, Pampa and a lot of little towns, and they organized more Chambers of Commerce. The more we brought about that geography business, the madder we got. Finally our joint Chamber of Commerce organization grew to a total membership of some 10,000.

"We went to the presidents of three big railroads, the Rock Island, Santa Fe, and the Fort Worth & Denver Road. We told 'em our troubles and what we proposed to do about it. They came in on the ground floor with us. We organized the Panhandle Plains of Texas, Inc., and we're telling the world about how the old geography got us wrong."

Three Exhibit Crews Backed by the dozen or more Chambers of Commerce and the three railroads, the Panhandle

Plains outfit this year has three exhibition crews on the road, one of which may be seen at the Mid-South Fair. It's costing a lot of money, "but it's worth millions," according to Dr. Loyd.

As for Dr. Loyd, personally, he's already made his pile. But he didn't do it practicing medicine. He made it growing wheat, with a pair of oil wells on the side.

The three outfits this year make the fairs at Memphis, Sedalia, Mo.; Belleville, Hutchinson and Topeka, Kan.; Lincoln, Neb.; Mason City, Des Moines, Marshalltown and Spencer, Iowa; Oklahoma City, Tulsa, Muskogee, St. Louis, Shreveport, Dallas, Houston, Beaumont and Amarillo.

"The boys back in the home towns are paying the bills," Dr. Loyd said. "This is the first year of our agreed five-year program to advertise our country.

Travel In Trucks "We send our outfits on their circle tours in two-ton motor trucks. I just got to Memphis aboard my truck from Spencer, Iowa, and that's a 1,000-mile ride. My outfit will have traveled some 6,000 miles I get back to Amarillo.

Colonization in the great Panhandle country, a territory 200 by 250 miles in area, is the objective of the combined Chambers of Commerce, assisted by the three railroad companies.

With Dr. Loyd is one assistant, Ross Vernon.

The booth is very attractive. It contains wonderful displays of wheat, barley, oats, rye, kafir, milo, alfalfa, fruits and vegetables.

Fresh fruits and vegetables are shipped to Dr. Loyd by express from back home as he travels from fair to fair, and these add to the fine appearance of the Texas exhibit. Apples, cantaloupes and tomatoes are the big money crops in trucking. Wheat, of course, is the biggest farm crop of all. Dr. Loyd has 3,000 acres in wheat on his own ranch.

The retired physician draws no salary.

He'll tell you, however, that he gets a big kick out of it, "and serving my country." — Globe-News.

G. L. Boykin, secretary of the Clarendon Chamber of Commerce, had charge of the exhibits at Sedalia, Missouri, Belleville, Kansas, Mason City Iowa and other places. Donley county contributed her share of the material for this exhibit and will also be represented in the exhibit of the Panhandle-Plains booth at the State Fair at Dallas this month.

R. C. Weatherly and Geo. H. McCleskey were Amarillo visitors Friday. Mr. Weatherly said he saw "the darn fool fixing his flag pole on top of that hotel" and gave it as his opinion that he "had mighty little to do." Amarillo is to stage a flag pole sitting this week.

George Perdue of Hedley was in town Saturday.

While looking over the Amarillo fair, the following conversation ensued between Mr. Hawk and Mr. Rutherford: "Jim, that's a good looking woman over there with the white hat on." Jim: "Which one do you mean, the one with gray socks?"

O. C. Hill says "there aint a dang thing to this idea of frog film, thick bark and goose feathers as to what kind of a winter we will have as he judges the weather by what the women wear and it will be the same old weather this winter."

"What has man to recommend him anyhow except that he was created first?"

"Since Borger has gone under martial law, the bootleggers have become so thick in Oklahoma that they have to wear badges to keep from selling to each other" was the announcement of Jack B. Jones, Jr. this week.

While making his last vacation tour in Arkansas, Bob Bigger drove into a little town where the whole population was running wild when he yelled out "what's this, a circus in town?" "Naw!" spoke the native. "Lynching then," asked Bob. "Naw!" Again spoke the native. "Well, what in the devil is the matter with all you folks," asked the Texas man again.

"Well", said the native in a vexed tone, "Rube Johnson is twenty-one years old today and we are trying to wear him."

Kane Circulation Bureau Puts On Campaign At Snyder With Great Success

While in Snyder last week, the writer missed seeing Mr. Kane who put on our big subscription campaign here in June, due to the fact that he was in the country that day with his candidates working the rural districts that day.

Newspaper men over the state watched this campaign with interest owing to the fact that the worst drouth in the history of Scurry county was in progress and the money crop was extremely limited.

A report from the force of the Scurry County Times-Signal Saturday states that the campaign is going over big and there is general rejoicing all-round. Mr. Frank Kane and wife were in personal charge of the subscription campaign and again score a victory maintaining the reputation of their Bureau of never having sustained a loss for their client.

The campaign put on for the Leader is said by newspaper men to have been a record-breaker in the annals of newspaper history in this state and was the means of much beneficial publicity for the Kane Circulation Bureau which has headquarters in Ft. Collins, Colorado.

Young Tourist Is Guest Of Local Business Man

While returning from Oklahoma City recently, G. G. Kemp of the Clarendon Motor Company gave a boy of fifteen a lift. The boy came on home with Mr. Kemp after detailing enough of his history to convince his benefactor that he was an unusual boy.

Tommy Shannon by name, originally came from Pittsburg, Penn. His father died four years ago, his mother two years later. The mother worked hard the last years of her life in an effort to provide the comforts of home and Tommy was last to befriend her just before she closed her eyes for the last time on her sick bed.

Mother and father gone, no other relatives to whom he could look for assistance. Broke and in a land where hospitality is a nonentity were the conditions that faced poor little Tommy Shannon as he turned his footsteps toward the Southland in quest of a home or whatever fortune might bring him.

Jobs are not plentiful for a lad of his years even tho he is richly endowed with a wonderful energy and an exceptionally bright mind. His first stop of any consequence was in Memphis, Tenn. where he secured a position as messenger boy. Soon after his wheel was destroyed by a reckless auto driver and his job was gone without a bicycle.

He wandered up through Illinois, according to his story, and found no place for a boy facing the hardships of life alone. His thoughts of winter weather and a scanty supply of clothing caused him to again turn to the southwest California bound where the climate better suited his means of purchasing clothing from a scanty sum that was rapidly diminishing.

It was on this journey that the big-hearted fellow picked him up and helped Tommy get nearer to that winter climate. Mr. Kemp during the past ten days, has become well acquainted with the homeless waif whose only crime is that of being bereft of parents, and whose only request is that he be given a chance to work and to make good.

Mr. Kemp is sure that the boy has some wonderful qualities. He was in the eighth grade at thirteen but has missed two terms of school since fate has dealt him a blow that would stagger the average boy. Not Tommy Shannon. Born of rugged Irish stock with quick snappy eyes as he looks pleadingly into your face, no one could doubt the sincerity of this industrious lad whose knowledge of the bible is astounding, and who was taught the precepts of the Master at a christian mother's knee.

Tommy Shannon is not crestfallen. He still believes in humanity. His ambition to make a useful man is as bright as that of any boy. He has used each preceding obstacle as a weapon with which to overcome the next. He stands today before all humanity as a clean, manly fellow with his face steadfast towards the rising sun. Just what kind of a man Tommy Shannon makes, depends upon the actions of fellows like you and me.

Somewhere in the great Panhandle of Texas there is a home where the cheerful presence of this lad would gladden the hearts of those now sad. Somewhere empty arms reach out to welcome the little stranger who today faces the world alone trusting in the God of his mother that he be given a chance to take his place in this rapidly developing section of the southwest among the best people on earth.

Help Tommy Shannon to find that home. A place where he can attend school. A place where he can grow up as a normal youngster. Some day you will be glad to have known and helped Tommy Shannon because the world will hear from him in due time. Phone the Leader office or Mr. Kemp if you know of a place for this boy. We will all be at the better for it and Mr. Kemp is especially anxious to help the boy get located and get into school right now.

THE PARENT-TEACHER MOVEMENT

Twenty years ago in the First Methodist Church in Dallas the foundations for the Texas Congress of Mothers and Parent Teacher Association were laid. These organizations owe their foundation and early development largely to Mrs. Ella Carruthers Porter of Dallas. The message and inspiration which went out from the Old First Church that day has reached the remotest corners of our great State and we have caught the vision of what a united intelligent parenthood can mean in the betterment of conditions for childhood. More than 50,000 members representing the organization today testify to the need and benefit of this great organization or parents and teachers.

The Parent-Teacher Association has been called a university for the training of parents for the great business of life—Parent-Teacher. "For what grander, holier, purpose under heaven does a human being need knowledge than for the training of a child?"

The best type of education cannot take place in the school alone. The most compelling factor in the education of a child is the influence of his parents. Parent-Teacher Associations are institutions for adult education. In this institution the students derive benefit in proportion to their participation. This organization provides an opportunity for parents to study their problems and to work together toward the building of worthier homes.

The school builds upon the foundation laid in the home. If the foundation has been well laid, the work of the school in fitting boys and girls for the activities of life may be doubly effective. A fine cooperative relationship should now be established between parents and their new partners in the education of their children. Teachers need to understand parents' viewpoint and parents need to understand teachers' viewpoints. Understanding is the basis of an effective partnership. A trained teacher is good; a trained teacher and child are better; but it takes a trained teacher and child and understanding parents to make a school.

When parents and teachers and all good citizens unite their forces they can build into community life the elements which make it a wholesome place for young people. It was such a conception of the organization of home and school on a nationwide basis which Theodore Roosevelt visioned when he said, "The parent-teacher association is the most fundamentally constructive force in the world today." Individual citizens acting alone are quite helpless. Organization is essential. WILL YOU DO YOUR PART TO HELP?

A Wichita traveling man whose wife is visiting in Chicago received a telegram yesterday that said: "Twins this evening; more by Air Mail".

Lady: "Horrors! I've never heard such swearing since the day I was born."

Truthful Wedding Report Gets More Attention Than The Usual Editor's Lies

At least one editor has been found who has the spunk to tell the truth about a wedding ceremony. As a rule, newspaper folks tell more lies about matters of this kind than any other.

"Mr. Robert Chetway and Miss Alice Broadkin were married at noon Monday at the home of the bride's parents, Mr. and Mrs. P. D. Broadkin, Rev. M. L. Gassaway officiating."

"The groom is a popular young bum who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-hearted old fool who takes up his bad checks instead of letting him go to jail where he belongs."

"The bride is a skinny, fast little idiot, who has been kissed and handled by every boy in town since she was thirteen years old. She paints like a Sioux Indian, sucks cigarettes in secret and drinks mean corn whisky when she is out joy riding in her dad's car at night. She doesn't know how to cook, sew or keep house."

"The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorative scheme, for the groom was newly plastered also and the bride newly painted."

"The groom wore a rented dinner suit over athletic underwear of imitation silk. His pants were held up by pale green suspenders. His number eight patent leather shoes matched his state of tightness and harmonized nicely with the axel-grease polish of his hair. In addition to his jag, he carried a pocket knife, a bunch of keys, a dun for the ring, and his usual look of imbecility."

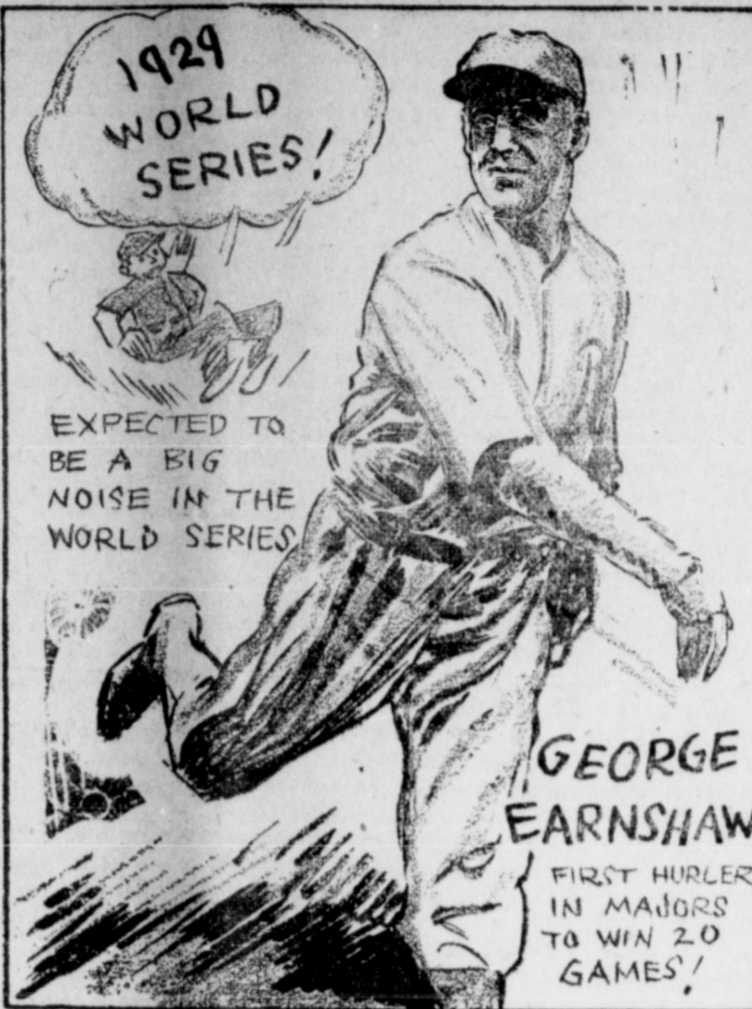

"The bride wore some kind of a white thing that left most of her legs sticking out at one end, and her bony upper end sticking out at the other."

"The young couple will make their home with the bride's parents—which means that they will sponge on the old man until he dies, and then she will take in washing."

Postscript: This may be the last issue of my paper, but my life ambition has been to write up one wedding and tell the unvarnished truth. Now that it is done, death can have no sting.

And Piston Rings
Tourist (in village store): "Whaddya got in the shape of automobile tires?"

"I am one of the proudest women in Amarillo today, and I just want to tell the people it's all because of what this Orgatone has done for my husband," said Mrs. G. R. Hayes of 119 N. E. fifth St. Amarillo, Texas.

"He had suffered so much during the past four years," she continued, "with stomach trouble that he had almost given up hope of ever finding anything to give him relief. His appetite was fairly good but what he did eat would just stay in his stomach and make gas and misery for him. Constipation bothered him continually and his liver was very sluggish."

"He had tried many different kinds of medicines and treatments but every thing failed to help him

until he began on Orgatone. His sluggish worn out feelings soon disappeared. He has such a good appetite now and his digestion is fine. He has already gained in strength and says he never felt more peppy or better. He sleeps good every night and goes to his work feeling fresh and bright. I am certainly grateful for the happiness Orgatone has brought to

BRONCHOS—

(Continued From Front Page)
 yet seeing a silver light behind the clouds, those three hundred and fifty Childress boosters burst forth with music and yells to cheer their boys on despite the vain attempt of a moment before. The last half started off with Childress weakening and Clarendon gaining ground. Both teams fumbled time after time, changing the ball from one side to the other consistently. The sensational play of the game came when Noble, a 135 lb. Broncho halfback dashed 18 yds. for the first touch down. The climax came rather suddenly and these on the side lines gazed awesomely at the little back who had sped across the goal line. Beard kicked goal and the third quarter ended 7-0 in Clarendon's favor.
 The last quarter was played with both teams fumbling and failing to complete short and long passes. The Bobcats displayed a fairly good aerial attack, but lacked in precision of cooperation. At the close of the last quarter the Bronchos scored another touch-down when Nichols, a hefty back, plunged through the Bobcat line for the second and last touch-down of the game. Beard failed to kick goal and the game ended 13-0 in Clarendon's favor.

Elpaso Will Entertain All Visiting Bands During Convention Week

Elpaso is all set for taking care of and providing every opportunity for all visiting bands to "show off" during the meeting of the West Texas Chamber of Commerce in that city October 24, 25 and 26th.
 As to whether Clarendon's band will have the honors of the trip has not been definitely decided. Memphis' Gold Medal band under the unfailing guidance of Paul James as director, will be there. El Paso has planned to house all the bands during the convention without cost to the individuals.

One of the interesting features planned for the bands will be a massed concert at night during the College of Mines and Wayland University football game. These bands will be seated together in the stadium, where the night game is to be played, and between halves each band will cross the field, playing as they march. When the opposite goal post is reached another band will start. Loud speakers will be installed, and as each band enters the field announcement of its city and a description of same will be given. The bands will also march through the city Friday afternoon immediately following the military parade. This will give ample opportunity to advertise each city. Dr. C. M. Hendricks of El Paso has charge of this feature.

Still another feature for the bands will be the afternoon and evening concerts. These are to be given from a big stand to be erected on the site of the old famous Sheldon Hotel. This building is being razed and by convention time will be out of the way.

For Every Room

With winter coming with its long evenings there can be nothing to make life better than to have that home properly furnished. You will find us able and ready to assist you. Our prices are beyond comparison, as we have a direct buying power with the largest factories of America. By being associated and owning stock in the Amarillo Furniture Company we enjoy price concessions that the average small dealer can not have. Our Prices and Merchandise will talk for themselves.

Come in today let us show you our stock.
