Volume 3 Number 19

CLARENDON, DONLEY COUNTY, TEXAS, JULY 16, 1931

A Common Paper For Common People

## KEEPING HOME FIRES BURNING

We have progressed (?) to the point where the housewife and a pressure canner means more to the family larder than the head of the home and a 160 acre farm.

## Ten Ladies Will Attend Short Course College Station

Session Will Be Held From July 27th to 31st With Reduced Rail Rates

Donley county will be well represented at the Short Course when it convenes the 27th. Three girls and seven women from this county are to attend.

The representatives from the Girls' Clubs are Joan Thompson of Hedley, Virginia Williams of Lelia Lake, Hazel Dyer of Goldston.

Mrs. Louie B. Merrell of Ashtola goes as a representative of the Council in which all of the clubs of the county are represented.

Other delegates to attend are: Hedley—Mrs. John Aulif. Clarendon—Mrs. C. D. McDowell.

Martin—Mrs. J. E. Baker. Chamberlain—Mrs. Huffstutler. Mrs. C. E. Lindsey of the Clarendon club was awarded a free trip to the Short course by reason of winning in the wardrobe contest.

Mrs. J. A. Pool of Martin also won a free trip in the living room contest.

The expenses covering the trips of Mrs. Lindsey and Mrs. Pool are to be paid by the Clarendon Chamber of Commerce, that body having sponsored the prize money offered in the living room and wardrobe contests.

Mrs. Fanny Powell, mother of C. C. Powell and Mrs. J. R. Porter is here for an indefinite visit.

Dr. E. E. Calaway of Tahoka and Miss Sallie Calaway of Ft. Worth, brother and sister of Mrs. U. J. Boston, were here the past week when her son Bobbie underwent an operation for appendicitis.

## Camp Fire Mess Hall Project Looks Like A Reality

Mary Travis Dyer Sells Most Benefit Show Tickets Winning Prize

Camp Fire girls enjoyed the friendly rivalry in a contest of ticket selling for the Pastime benefit shows here Monday and Tuesday.

Mary Travis Dyer heads the list by selling tickets to the amount of \$22.80. Willie Maude Pratt sold \$11.60; Laverne McMurtry's ticket sales were \$8.40; Vivian Taylor disposed of tickets amounting to \$7.90. Berkley Ryan's sales amounted to \$6.50; Helen Louise Green added \$5.20 to the treasury; Rosalyn Bass added another \$5.

A prize of exemption of any encampment fee was the prize offered to the girl selling the most tickets. The girls are \$48.25 the richer through the kindness of Mr. Mulkey in putting on the benefit show at the Pastime.

Contributions of cash: Business and Professional Women's Club, 10.00; Lions Club, 15.00; Rotarians 10.00; Odos Caraway, 10.00 C. J. Douglas, 5.00; U. J. Boston, 5.00; J. L. McMurtry, 5.00; J. W. Martin 5.00; W. W. Taylor, 3.00; J. D. Swift, 3.00; C. C. Powell, 2.50; Mrs. Arch Dyer, 2.00; Cameron Lbr. Co. 10.00.

Total cash contributions for the construction of the Mess Hall amounted to \$133.75 up to Wednesday night of this week.

Mrs. Cal Merchant, Mrs. J. W. Gordan and Mrs. J. L. Bain each contributed building material from the old building formerly used as a boy's dormitory. John M. Bass also contributed building material. The following mechanics have agreed to contribute labor on the building: R. L. and R. Steagall, John M. Bass, S. B. Arnold, F. O. Wood, H. Gorman.

Miss Lorena Steagall and her Camp Fire Girls greatly appreciate the ready response to their cause and are very jubilant over the prospects of getting their Mess Hall under way. Any one else wishing to contribute should see Miss Steagall at once. The greatest need is right now.

## County Home Demonstration Club Tour Monday

The motorcade will leave Ashtola promptly at 8:30 a. m. Monday morning, July 20th. The first stop will be made at the home of Mrs. J. D. Moss. The next stop will be made at the home of Mrs. J. A. Pool at Martin.

Lunch will be served by the Clarendon Club at the home of Miss Katie Meaders, District Winner of Class 2 in the living room contest.

In the afternoon, visits will be made to the homes of Mrs. C. E. Lindsey near Clarendon, Mrs. C. G. Knox near Lelia and Mrs. Ross Adamson at Hedley.

A side trip has been arranged for a visit to Mrs. Pit Holly's poultry yard while the motorcade is in the vicinity of Ashtola.

## One Word Omitted Caused Many Phone Calls

Due to the omission of the word "Ashtola" on the copy for the grocery ad for the Tims grocery last week, quite a bit of time was consumed in answering phone calls from our readers who wanted to know where the "new" grocery was located.

Mr. Tims is in business at Ashtola and has been for near two years. He evidently thought that every one was familiar with his name, as they no doubt are in his section, but it just goes to show that a merchant must keep reminding people of some things every week.

## Civil War Veterans Gather For Neighborly Visit

Through the kindness of M. W. Mosley, three veterans of the Civil War were enabled to spend Thursday together at Hedley, there being only a few of the veterans left in Donley at this time.

T. H. Peebles and W. H. Martin accompanied Mr. Mosley down early in the morning to the home of Mr. and Mrs. B. E. Harris at Hedley where these venerable citizens enjoyed a hearty meal and a day filled with reminiscences of years of long ago.

## Business Men Are Thanked For Assistance

The Executive Board of the Women's Club Room hereby expresses appreciation to the firms advertising with us, to donors and The Donley County Leader for generous contribution of space making it possible to place a plan in the Club Room.

## Cornwallis Domino Club Tournament The 24th

Announcement is made that the members of the Cornwallis Domino Club will stage their second tournament at the Legion Hall here Thursday, the 24th. A loving cup is the principal prize going to the winner in three successive heats.

Thirty-six were in the scrimmage in the first contest, and double that number is expected this time.

G. L. Boykin won in the singles at their first meeting and O. D. Liesberg and J. D. McAdams won in the doubles.

All domino fiends are especially invited to be present with the assurance that plenty of skill will be rearing to take them on. The entrance fee is fifty cents to make prizes possible.

## Memphis Players Down Our Local Boys Tennis Go

Clarendon's two leading tennis stars were defeated Sunday in a match with players from Memphis. In the doubles Benton Smith and James Smith dropped the match to McLean and Burke 2-6, 7-5, 6-4. The Memphis boys were slow in warming up, but when they did they took the last two sets.

In the singles match Benton Smith lost to Haggler 6-3, 6-2. Haggler played tennis at Vanderbilt three years. This was a better match than the score indicates. Both players were serving them over hot and fast.

The boys will go to Memphis Sunday for a return match in which Childress will also compete.

## Five Towns In District Lions Meet Here On Tuesday

Boyd Meador of McLean Was Selected Chairman For Coming Year

Members of the Lions were here from Amarillo, McLean, Claude and Childress Tuesday in a district meeting of the organization. Dr. Warner as president of the district organization, presided.

Boyd Meador was elected group chairman of the district to serve the coming term. Bill Gilstrap of the McLean club was elected secretary. He is active in the Lions club at McLean. G. E. Boswell was also present from the same club.

Judge Matthews and Dr. Warner represented the Claude Club.

J. Roy Bartlett, past president of the Lions club of Childress, was a conspicuous member in the gathering. Fred Story, formerly of this city and now in the insurance game in Childress, was also present as representing the Childress club.

W. W. Chilton of Amarillo is an ardent worker in the organization bringing a good report from the Amarillo club.

Each of the clubs reported a constant increase in membership, and gave reports on accomplishments of the past season.

Fred W. Rathjen was presented with a "past president's button" at the meeting Tuesday. J. R. Porter made the presentation speech, to which the recipient graciously responded.

## Childress Pioneers Will Celebrate Saturday

Arrangements have been made at the auditorium at Fair Park for entertaining the pioneers of Childress county Saturday of this week.

Former residents of Childress county who now reside in this county will be on hand to help celebrate the occasion.

W. L. Underwood, pioneer settler and cowman of the early days, is president of the pioneer association according to an announcement received by the Leader this week.

Miss Hazel Coleman of Dallas is a guest of Mrs. G. F. Keener for the week.

Mr. and Mrs. Reagan Bryan and daughter Donna Rea of Turkey were here over Sunday visiting in the W. A. Land home.

## Turkey and Memphis Ask Phone Rate Reduction

Petitions were signed in both towns during the week asking that residence phone rates be cut to \$1 per month. The company supplying Turkey and Memphis is the same as that supplying Clarendon.

It is claimed that signers have expressed a willingness to discontinue their phone service entirely if their requests be not granted. The management has not made any counter suggestions so far as can be learned.

## Baptist Revival Begins July 23rd at Lelia Lake

Announcement is made by L. D. Aten, church clerk, that a revival will begin at Grace Missionary Baptist church at Lelia Thursday night, July 23rd.

Elder W. M. Webb of Texarkana will do the preaching. Mr. Aten states that Bro. Webb is a very able minister of the gospel, and everybody is invited to attend these services.

## Are Visiting Rio Grande Valley Holdings

J. T. Wilson of this city is in the Valley inspecting his holdings there purchased several months ago. He makes annual visits to that section and is well pleased with the progress in development of the Magic Valley.

He was accompanied by S. C. Bell of McLean. Mr. Bell is a tenant on the Wilson farm near McLean since leaving Hedley, and is considered one of the best farmers of that section.

## Clarendon Rifle Club Gets Under Way With 24 Members

Clyde I. Price Elected Head of Club That Will Have National Affiliation

Sponsored in a sense by the national government that this nation may continue to lead in rifle marksmanship, guns and ammunition will be supplied the local club by the government practically at cost.

The Clarendon Rifle Club has made application for a charter to become affiliated with the National Rifle Association.

The organization of the local Club was perfected Saturday with the following men elected as officers: president, Clyde I. Price; vice president, Clinton Henry; executive officer, Chas. B. Trent; publicity officer, G. L. Boykin; treasurer, Dr. O. L. Jenkins; secretary, W. A. Clark, Jr.

In addition to the above named men, Meade Haile, C. J. Douglas, P. B. Gentry, J. R. Porter, Dr. C. G. Stricklin, Rolfe Brumley, Earnest Hunt, Joe Goldston, C. E. Batten, Guy Pierce, Cleo Emerson, Barcus Antrobus, Sam Dyer, Joe Ritter, Walter Wilson, Clarence E. Miller, Earnest Pope and Walter Clifford make up the present membership.

Both rifle and pistol practice is possible in the new club according to announcement, and no restrictions are placed on the membership. The initiation fee is said to be five dollars with annual dues of two dollars per year.

In a practice test on the river Friday afternoon, using an army "Krag" and firing at a target of 200 yards, W. A. Clark, Jr. scored hits of four out of five. Others to engage in target practice at the time were Chas. Trent, G. L. Boykin, Meade Haile, Clyde Douglas and Clyde Price.

## Pastor Returns From Conference Ceta Canyon

Rev. Robert S. McKee returned from the Presbyterian conference held over the week at Ceta Canyon Tuesday. He announces that regular services will be held at the Presbyterian church next Sunday.

Those attending the children's Conference from here were Jo Ellen Kennedy, Joy McCanne, Dorothy Powell, Dorothy Keener, Rebecca Welch, George Chamberlain, Joe Montgomery, Arthur Chase, Robert McKee, Jr.

The children were taken to the canyon by Mrs. A. L. Chase and Mrs. McCanne. Mrs. Fred Chamberlain, Mrs. A. L. Chase and Mrs. Holman Kennedy returned them to Clarendon Tuesday afternoon.

Mr. and Mrs. P. L. Chamberlain are on a vacation trip through N. Mexico.

## Baptist Revival Being Conducted Here By Rev. Kellam

Large Congregations at Both Morning and Evening Hours Attest Interest

The series of revival services being conducted at the Baptist Church is making fine progress. Dr. J. J. Kellam, field representative of Buckner Orphans Home, is bringing some splendid messages. Immediate results are already being seen in several presenting themselves for church membership on profession of faith.

Prayer groups by ages, intermediate, young people and women are meeting each evening before the preaching hour. A fine group of juniors are meeting at 8:00 each evening, under the direction of Miss Sara Thompson and the B.Y. P.U. leaders in a booster choir.

The morning services are at 10:00 o'clock, the evening services at 8:30. The public is cordially invited to worship with the local congregation and enjoy the blessings of this series of special revival services.

## Salt Fork Bridge Authorized By Board Tuesday's Session

Legality of Action Questioned When Time Warrant Payment Is Considered

At a meeting of the Board of County Commissioners held here this week, a petition bearing a number of the names of Hedley citizens was presented asking that a bridge be constructed on the Hedley-McLean road across Salt Fork.

The Board acted upon the petition favorably specifying payment to be made therefor in twenty-year time warrants bearing 5% interest. The cost of the bridge was estimated at about \$20,000.

In looking up the law covering the issuance of time warrants, there is some question as to the legality of issuing time warrants for so large a sum. The matter will be thoroughly investigated before final action is determined.

The matter of providing heat for the Court House next winter was taken up and discussed without any action being taken. The Board is investigating the cost of a fuel oil equipment cost as compared to the present system.

Renewal of the county's lease on the hospital was tabled pending the further consideration of amendments. Just what these amendments embodied, could not be learned at this time.

Mrs. J. B. Martin of Amarillo is a house guest of Mrs. J. H. Morris this week.

## Two Counterfeit Bills Show up Here Over the Week

One greenback of ten dollar denomination was accepted by Claude Morgan at the Straw filling station several days ago. It was declared a counterfeit by Roy Clayton when offered for deposit at the Donley County State bank.

The twenty dollar bill drifted into the "M" System grocery Monday. Mr. Duncan states that a stranger made some purchases and gave him the bill. Another stranger about the same time cashed a good bill in making a small purchase.

The twenty was pronounced a counterfeit by Van Kennedy when it was included in a deposit at the Farmers State bank.

Both bills were sent in to the Federal department of justice at Dallas. This is the first time counterfeit bills have shown up here in a number of years.

## Wrestling Match Scheduled For July Thirty-First

According to promoter T. G. Stargel, Clarendon is in line for another wrestling match July 31st. The plans are not complete, but it will be a real wrestling match.

The main bout will be between Roy Welch of Borger, the boy who had the round with "Dutch" Mantell, and Rob Roy of Amarillo. Rob Roy is a portage of Cal Farley and promises to be one of the leading men in the game.

## Revival Church of Christ Is Announced

Announcement is made that Elder G. K. Wallace, who conducted a revival here two years ago, will again conduct a revival at the local Church of Christ beginning Friday, the 24th.

The revival is scheduled over a period of two weeks. Local talent will conduct the singing, the leader having not been selected at this time.

## Local Grocer Reports Crops Good Over Wide Area

Mr. and Mrs. Sam W. Lowe and son Bille returned Tuesday from an extended overland vacation trip. They visited Mrs. Lowe's mother, Mrs. W. J. Alkens at Lipan where a family reunion was held.

They also visited at Mineral Wells and at Dallas. Mr. Lowe states that crops are fine in practically every section visited, and that a good price is all that is necessary to put the country back on its feet.

## Chester Hodges is Seriously Burned Near Hereford

While filling a gasoline tank on the tractor with which he was operating a combine, Chester Hodges, resident of Clarendon, was severely burned about 2 p. m. Saturday afternoon.

The accident happened in a field near Hereford. He was rushed to a hospital in Hereford where his body was found to be burned in front from his stomach to his feet. His father, W. E. Hodges of the Martin community, was near him at the time he was injured.

Mrs. Chester Hodges and his mother, Mrs. W. E. Hodges, are with him. His wife going immediately and his mother going to Hereford Tuesday. He was reported as doing as well as could be expected Wednesday, though suffering greatly.

## Whitlock Family is Taking Long Auto Trip

Leaving here Sunday, Mr. and Mrs. Frank Whitlock and sons Price and Lawrence, started on an auto trip that will take them over much of the scenic trail of the western states.

In addition to trips to include the scenic parks of the Rockies, they will extend their visit to Yakima, Washington where their daughter, Mr. and Mrs. George Garrison and babe are living.

Miss Weita Haile accompanied them on the trip, this being her first visit to the northwest, or to the Rocky mountains. They plan to be gone more than a month.

## Little Buys Bankrupt Stock Chenault Variety Store

The goods and fixtures of the Chenault variety store were sold here Friday under receiver's sale bringing \$1185.

T. M. Little, Sr. was the highest bidder of about six who made any bids. The goods were valued at \$1221 and the fixtures at \$700 when appraisal was made when the firm went bankrupt.

Stores of the same firm located at Borger, Memphis, Electra were also sold to the highest bidders during the week under bankruptcy proceedings.

## Club Girls Enter Contest At Amarillo Friday

Misses Beatrice Hardin and Jane Williams of Lelia Lake, first year club girls, represented the county in team demonstrations at Amarillo Friday.

They were accompanied by Miss Martha Buttrill, County Home Demonstration agent of Donley county.

## Two Hens Make Political Predictions on Eggs

Mrs. Inez McGlamery, who resides with Mrs. D. H. Hott, has two eggs each showing raised letters in bold relief that might have some political significance in the next presidential election.

An egg laid by a Rhode Island red hen plainly speaks up for "Smith" with a well defined "S" in bold relief on the end of the egg.

A Whit Wyandotte hen has other views about the matter by producing an egg bearing the letter "C" in bold relief on the end. Could she have reference to Coolidge?

Anyway, these eggs were brot to the Leader office today. As a lettering artist, either hen would grade A-plus, and hens know about as much about leading political men as any one else.

## Band to Resume Concerts Thursday Evening

Announcement is made by band director Gus B. Stevenson, that the band will resume their weekly concerts Thursday evening of this week.

Special numbers will be played in addition to regular drill practice. The place of meeting is at the band stand at the old school building at the south end of Main street.

The band folks were paid many compliments for their work on the booster trips and playing during the picnic.

The weekly concerts are free and are open air concerts. The hour to begin is eight o'clock. The public has a cordial invitation to enjoy

## American Legion Convention At El Paso To Cover 3 Days

Delegation From Local Post Will Help Celebrate 13th Annual Roundup

There will be big doings at El Paso August 24-25-26 according to a letter received by the Leader from Julius H. Alberts, chairman of the Convention Committee Monday of this week.

Alberts is telling his buddies that El Paso is going to spend thousands of dollars on entertainment features that will include banquets, bull fights, dances, parades, contests and special features that will be pulled off in Jaurez.

All convention sessions are to be held in El Paso. A six minute ride and a six cent fare takes the boys across the river where Mexico promises to give them a royal welcome and stage some entertaining all their own.

The local Post has selected Nathan Cox, Cliff Decker and Barcus Antrobus regular delegates. Alternates were also chosen in the persons of Joe Holland, Clarence Miller and Tom Tucker.

Plans are being made to make it possible for a crowd to go overland by auto thus enabling a much larger delegation to attend the 13th State Convention than any other in the history of the Legion.

Mr. and Mrs. Sayre of Mineral Wells are visiting relatives and friends here. Both are pioneer residents of Donley county, being numbered among the largest ranch owners for many years.

Mrs. Fred Lowe and children, Mary Frances and Fred, Jr. of New Orleans, are visiting his parents, Mr. and Mrs. W. T. Lowe and other relatives here this week.

## Medicos Guests Of Rotary Luncheon At Noon Friday

Pioneer Physician And Civic Leader of Amarillo Makes Inspiring Address

Physicians in attendance on the Five County Medical Association were guests of the Rotary club at luncheon hour Friday noon at Hotel Clarendon through the courtesy of Drs. Jenkins.

Dr. Jeter of Childress paid his compliments to the membership and spoke for a short time on general topics.

Dr. J. W. Ballew of Memphis engaged in witty reparte with other physicians and expressed his pleasure at being present.

Dr. R. S. Killough of Amarillo, pioneer and one of the leading civic workers of that city, brought an inspiring message to his listeners. The Doctor spoke on civic pride, the duties of citizenship and how to get the most out of life.

In summing up life's assets, the speaker said that "no man has really gotten anything out of life except that he contributes something worth while to the cause of humanity."

His remarks were highly appreciated, instructive, and delivered in a sincerity of manner that at once appealed to the minds of those who have associated their efforts for the benefits that might be afforded humankind.

Visitors at this luncheon were Mrs. Teat, manager of Adair hospital, Dr. and Mrs. R. S. Killough of Amarillo, Drs. Hyder, Hennen, Odum, Ballew and Stubblefield of Memphis, Drs. Morgan and Jeter of Childress, Drs. Ellis and M. L. Stricklin of Clarendon.

J. Roy Bartlett of Childress again paid his periodical visit finding a wholesome welcome among friends of former days when a resident here.

The musical program was in charge of Rotarian R. S. Cope and Rotary Ann Rhoda Wiedman.

The Vocational Service Committee will have charge of the program for the luncheon hour this week.

**Slow Down!**

A ladie's journal says that model husbands are not built for speed.

**Home Talent.**

The miser who hoarded his money back in 1918 is a wizard today if he's still on the job.

**Fall Falters.**

Now that he has been convicted and sentenced, the biggest job of all is to find a jail that meets with the requirements of former Senator Fall.

**Farm Relief!**

It is said that farm relief is in sight but you have to go to Europe to see it. Uncle Sam is promising nothing for his own sons and daughters.

**Citified Dallas!**

As further proof to offer that Dallas is a real city, murders, high-jackings, holdups and burglaries are said to have grown in number far in excess of Chicago.

**Personal Service.**

And without the home-town paper, who would there be to say "has accepted a position" when he was tickled to death to "get a job?"

**Possibly Not, Sister.**

A lady wants to know if the cigarette ads now running in the Leader are suggesting that girls smoke cigarettes. We hardly think so because girls have no "Adam's Apple."

**Yelp For Help!**

Of course the independent oil operators have a reason for the 'yelp for help' and from the amount of noise they are making, one would think they had been damaged almost as much as the cotton and wheat producers.

**The Confessional.**

The average man confesses his fears to his doctor, his weakness to his minister, his mistakes to his lawyer, and denies everything to his wife who knows more about him than all of the other three put together.

**Changing Titles.**

There was a time when 'hoss' doctors were called 'professor' like the school teachers. Now we call him 'doctor' and never have occasion to refer to the teacher unless he is the football coach, then we call him "coach."

**Silent Partners.**

The taxpayers of Donley county ought to be told where their money is going and what they are getting for it. Every taxpayer is a silent partner of the official family. No other partnership exists without every interested partner knowing all about the business.

**The Big Surprise!**

Now that the Wickersham Committee has taken up two years telling us things that we already knew, the biggest surprise is the announcement that a small part of the half million dollars allotted the Commission for expense money, is to be returned to the treasury.

**Oh! Mistic!**

And now Col. Easterwood of Dallas, he of flying fame and orbit gum, has filed a million dollar suit against Wrigley and Orbit gum producers alleging breach of contract.

Since Colonel Bill has already made a success of all his undertakings, there may not be a big lot of gum chewing, but there will be a lot of rag chewing in which Col. Bill Easterwood will likely make somebody hard to catch.

**Bug Prize Winner.**

Dr. L. O. Howard, bugologist of the Department of Agriculture, has been awarded the Capper Gold Medal and prize money amounting to \$5000 for having discovered the most effective methods for fighting insect pests that destroy crops.

Deserving? No doubt of it. Now if some fellow will discover a method by which a farmer can get something out of his crop in the form of money, he should be pensioned for the balance of his days.

**Tom, You're Wet.**

Editor Thomas T. Waggoner of the Claude News took us to task in his last issue for, as he says, not reporting a certain evangelistic sermon preached at a local church.

He is correct except that it was a funeral sermon. Instead of ignoring the matter, we printed an item with reference to the occasion on page four of our issue of July 9th which was the best we could do without getting out a special edition.

**Queer Ideas.**

When a rainy spell comes, most of the folks swear they will never see the sun again. When a dry spell comes, they know we are in for it and that rains for all time have ceased.

When times are hard, the same bunch swears we will all starve to death and won't be long about it. Then when times get back to normal and conditions are good, we act as though it will last always and spend accordingly. That's why we generally get caught in a tight place. But we do it.

**Wheat And Charity.**

T. E. Johnson, editor of the Amarillo Globe-News, hit the nail squarely on the head in their Sunday issue when he suggested that all charity organizations buy up all the cheap wheat possible with funds on hand, have the wheat milled and stored to feed the hungry multitude this winter.

There will be plenty of hungry folks when the snow flies, not only in Amarillo, but all over the wheat belt. Johnson's suggestion should be heeded now enabling the charity organizations to do three times as much good with the same amount of money than if they waited to buy flour at the regular retail price this winter.

**Preachers and Publishers.**

We admit that some preachers are careful to get their meetings announced, but apparently have no interest in handing the paper a report on the meeting after it is held.

Some preachers are fine to work with and are sold on their job. We have some of that tribe in Clarendon. Then there are others who do not seem to care whether their church is ever mentioned in the local paper.

Some publishers do not care about church news. We do, regardless of the denomination. It is a part of the duty of the preacher to see that the church news appears in his local paper every week. If we overlook a report on a church service, it is simply because we did not feel like hiring a special reporter to write it up.

**Lost Opportunities.**

There never was a better time for the West Texas Chamber of Commerce and similar organizations to gain the good will and confidence of the farming and stock interests of the west than right now.

Every pressure should be brought to bear to find markets, to create demands and help to dispose of agricultural products, mo-

hair, wool and live stock.

An organization that "whoops it up" for more people to come out here is worth nothing to the country. In proportion to market demands, we have too many people here already.

We need more pay-rolls. We need more manufacturing plants to work up our raw products here instead of sending them out of the state and paying double freight when they are returned as a finished article.

**An Open Policy.**

There was a time when almost all public service corporations were condemned by the majority of the consumers. This condition was largely brought about by the public or consumers knowing little or nothing about the inner workings of the corporation that was trying to serve them.

The West Texas and a few other utility companies adopted a policy of taking the public into their confidence by a liberal advertising policy. This advertising has and is being run in both dailies and weeklies wherever the company is doing business.

In view of the adoption of this policy, speaking of the local utility of the West Texas Utility, our people believe in and have every confidence in the company, the local management, and the employees.

Rates have been repeatedly reduced without request. Stock in the same company has been sold on the same plan. The fair, dignified manner of dealing with the public has enabled them to sell stock, increase sales and generally profit on their investment without incurring the ill will of a single fair-minded individual.

**College Instruction.**

Those who do not appreciate a college education may be pleased to learn that, after careful experiments on a number of students, the authorities of Cornell University announce that cigar bands are unfit for food.

Having thoroughly explored the fields of football, golf, tennis and bridge, a graduate who could waive his sheepskin in the face of the world as the champion "cigar band eater", would open up a new field for gastronomic glories unheard of in past ages.

It is said that after subsisting wholly upon cigar bands for several days, the "test squad" failed to exhibit corpulent tendencies or muscular development akin to the mythical reputation of an Atlas or Vulcan or even a Jack Dempsey.

These results were no doubt a great disappointment to the learn-

ed instructors who are hard put in devising means and methods to appease the appetites of the lazy progeny of wealthy parents in their zeal to achieve notoriety and fame even at the expense of a dilapidated digestive system.

The experimental field is one of broad expanse. Its limits might be extended to include the annoying habiliments of pedal extremities. A "toe nail" eating contest might open a succulent field for scientific experiment since history fails to record any such test being made.

**EDITORIAL SERMONS**

The editorial chair and the pulpit are separate and distinct stations in life, but a little sermon now and then by some editors capable of delivering them reaches more ears and perhaps does more in keeping this world on an even basis, morally speaking than the pulpit itself.

The editor of the Millen News gives this valuable admonition: "We have not doubted, and others wiser than we, have publicly expressed the belief, that the world-wide depression of business and the world-wide saturnalia of crime were due in a large measure to the forgetfulness of God. Furthermore, it is becoming more and more evident to the average person that something more than were human power is needed to curb and control depraved human nature. The marvelous revelations of man's resourcefulness have caused many to doubt the need of a Higher power, and difficulties beyond the capacity of mere humans to overcome, whether so intended or not, may prove sufficient to overthrow such a belief. Many good people believe that the world is on the eve of a great religious revival, and the time does seem most propitious for its beginning. The pendulum of infidelity and skepticism appear to have reached its extremity and is ready to turn to the beaten paths our fathers trod, and verily it does seem that those of the present generation might be permitted to witness such a transition and leave a legacy of its renewed faith to posterity."

**WORK AND PLAY**

In a certain English town, hard hit by industrial depression, unemployed men are enjoying sports on a field provided for them by the Rotary club.

"Scandalous!" says Aunt Granny. "Sakes alive," echoes her sister Grundy, "the idea of encouraging men to play when they should be looking for work!"

But Aunts Granny and Grundy

do not understand. When jobs are not to be had, there is a very profound reason why men, idle thru no fault of their own, should be given an opportunity to play.

Play provides a release for physical energies, but more important than that, it provides a healthful outlet for those complex intellectual tensions which determine a man's morale. And that is a very important thing.

Beggars and convicts and would-be suicides are persons with a low morale. With self-respect gone, a man either turns against society with a vengeance born of desperation, or he drifts into the easy belief that society owes him a living—a debt he may not be loath to press on the street corner with a tin cup, or in a bank vault with an acetylene torch. In either case he is anti-social.

Men who play may have hard luck, but if they keep on playing, they are going to keep their moral fibre intact longer than the man who mopes and sighs and fidgets.

Tell that to Aunts Granny and Grundy.

**World War Veteran Writes Descriptive Poetry**

The poem printed below was written several years ago and was printed in the "Loyal American" for the first time at the close of the war. Here it is:

**We've Done Our Hitch**  
I'm sitting here and thinking,  
of the things I left behind,  
And I hate to put on paper, what  
is running through my mind;  
We've dug a million trenches, and  
cleared ten miles of ground,  
And a meaner place this side of  
hell, I know it can't be found,  
But there's still one consolation,  
gather closely while I tell,  
When we die we're bound for heav-  
en for we've done our hitch in  
hell.  
We've built a hundred kitchens for  
the cooks to stew our beans,  
We've stood a hundred guard  
mounts and cleared the camp  
latrines,  
We've washed a million mess kits,  
and peeled a million spuds,  
We've strapped a million blanket  
rolls and washed a million duds,  
The number of parades we've done,  
is very hard to tell,

But we'll not parade in heaven, for  
we've done our hitch in hell.

We've killed a million Dutchmen  
that tried to take our heads,  
We've thrown a million hand gre-  
nades into the Dutchmen's beds,  
We've marched a hundred thou-  
sand miles and made a thousand  
camps,

But when our work on earth is  
done, our friends behind will tell,  
for we'd done our hitch in hell.  
When the final taps is sounded, and  
we lay aside our cares,  
And we do the very last parade,  
right up the golden stairs,  
And the Angel bids us welcome,  
and the harps begin to play,  
And we draw a million canteen  
checks and spend them in a day,  
It is then we'll hear St. Peter say,  
ing, loudly, with a yell,  
"Just take a front seat, mister, for  
you've done your hitch in hell!"

**WHEN A MAN OWES**

Nothing so paralyzes that part  
of a man that gets him ahead in  
the world as worry. And few wor-  
ries emulate the corn-borer more  
than the worry over money owed.

Debts are no disgrace, per se.  
Most of the business of the world  
is done on borrowed money and  
will continue to be, for credit is a  
basic principle of the prevailing  
economic system. Yet, emergencies  
do happen. And if the wherewith-  
al to repay money owed is not in  
sight, all is not lost.

Human nature is such that if the  
harried debtor goes to his creditor  
and explains honestly and frankly  
his situation, a way out usually  
will be found. Perhaps it will be  
the partial-payment route. Maybe  
it will be a deferment of all obli-  
gations. Anyway, the tension will  
have been eased, and all import-  
ant self-respect restored.

There's no longer any need for strenuous household  
drudgery . . . no need to be disagreeably tired every  
night . . . no reason for wearing your life away at a hot  
kitchen stove, over wash tubs, or with dust cloth and  
broom—let efficient *Electrical Servants* do the hard work  
in your home.

For every domestic task there's an electric appliance  
that will do the work satisfactorily, quickly and inex-

**TEMPLE OF TRUTH**  
By the Apostle

Migosh! Here's Pink Rodgers who suggests that the "Hoover Holiday" has already lasted too long and ought to stop right now. Friend Rodgers was the first man to bring in wheat to apply on subscription less than 24 hours after our last issue was out announcing the plan.

His wheat tests 64 and is free of smut. He grew it in Armstrong county. Has 4200 bushels and the price is around thirty cents. Can't possibly pay expenses at that price. It's a darn shame.

This fellow Pink Rodgers says that Hoover's idea of helping the people of Europe is to save the rich fellows who have been lending them money. He can't help but think how Hoover fought the soldier loan bill and the Senator Nye bill that provided for a lapse of a year on Federal Farm Loan payments. He thinks that farmers in this nation should be shown some consideration, and he's dead right.

What a life! The dimensions of the Camp Fire Girls' Mess Hall was ballooned up in last week's issue. Some of the girls told me about it. We said it was 12x30 in one place and waxed enthusiastic later on and said it was 18x30. Now I don't know what size they propose to have built, but here's hoping they get just what they want.

There's a certain fellow in this town who talks in his sleep. When he sleeps, he tells what he has been doing the previous day. In order to keep peace in the family, he takes a nap down town before going home each evening.

The College Hill widow says that she has let some fools kiss her, but she never lets a kiss fool her.

A newspaper man has some queer experiences 'apostlin' around. Went to see an old fellow one time who was about all in. He was seven years behind on subscription, had cussed me and the country during the whole time. "Well, how do you feel?" I asked as an opening wedge in a conversation. "Oh everything looks bright ahead" he said. A neighbor had been having trouble with him for many years and butted in by saying, "that's fine, you'll be seeing the blaze in about five minutes."

Hard times? Surely not! There were more cars out Sunday afternoon for joy rides than for many months. Some were hauling 'two' and some a dozen, but most all of them just coming away from some place.

Squash are said to be a variety of gourd, but they are good eating just the same. That's where the term "gourd head" originated. Donley can produce vine stuff just about as well as any place and better than a lot of them.

T. Jones was in town early Monday morning arming himself with a sixshooter, butcher knife and lariat preparing to make an assault on the wilds of northwest New Mexico on his annual game hunt.

The newspaper folks at Shamrock claim to have the largest dry land terrapin in captivity, or living as for that matter. Its weight is said to be 175 pounds and was purchased from E. C. Miller of Lawton, Oklahoma. It was found in Maverick county, Texas.

"Whoopie", that's the name given the distinguished reptile, is a champion in a number of terrapin derbies having outrun thousands of terrapins. Escaping at one time it is said that he outran a number of autos but was finally lassoed by a man throwing the rope from an airplane.

"Whoopie" not only speaks several languages, though most proficient in Mexican lingo which he early acquired as a youth on the border, but has quite a reputation as an after dinner speaker and orator at picnics. Whoopie claims to have had nothing to do with the election of Hoover in the last campaign as he was leading a revolt in old Mexico at the time. This is a source of much regret as he frankly believes now that he should have been giving his services to his own nation.

As an entertainer he plays second fiddle to no one as he not only sings beautifully the biggest grand opera hits which he learned over the radio, but also has a vast fund of cowboy ballads that would make a concrete Indian weep.

Whoopie is said to play a number of musical instruments though he refuses to waste any time on a sax, saw or oboe. His mind naturally runs to the classics.

His present owners kindly acceded to his pleadings for safety by keeping him in a bank vault to escape the frequent high-jackings in that section. His favorite drink is cantelope juice and he lives on

rattlesnakes. He spends his spare time reading Albert Cooper's editorials in the Shamrock Texan. You tell the world we have had some hot weather. When Walter Wilson started for town Monday from the laundry, he bogged down in the melting concrete on the bridge. His tracks today look like some prehistoric animal had been there—big feet, long strides and 'neverthing'. The place where he fell down looks like an airplane without landing gear had taken a wallop.

They're coming, folks, they're coming! The fellow who wrote up the garden of Eden and the Nile Valley has nothing on some fellow from Donley county who has been out in California boosting the fishing grounds of this "green belt" (when it rains) that is known over Europe, Asia and the white spots of Africa.

A California car of handsome dimensions stopped at the Hollan filling station early Tuesday morning and inquired the way to Lella. The spokesman for the determined looking crowd aboard also asked which lake contained the big fish—Johnston or Taylor.

He was advised to try both as he appeared to be armed for any sized fish from a sea bass weighing a ton, tuna that weigh around five hundred on down to minnows of a mere ten pound size.

His tackle consisted of grabs, spears, gigs, TNT and dynamite. He didn't propose to be hemmed up and slaughtered by no sea serpent. He was from the grounds of big fishing and knew his stuff.

An inquisitive party inspected the catch of the California folks late in the evening and counted two small carp and a gold fish.

This crowd from the Pacific coast explained that they had read in a bulletin issued by the University of that state that sea turtles, crocodiles and other sea stock had been found here, but they did not read far enough.

We have 'em alright but they belong to the prehistoric age. This bunch was just four hundred million years too late according to a professor of their own state and they have nothing to blame on us. It has been a big job for us to preserve 'em and keep 'em four hundred million years if some one wants to know something.

Oh thunder! The good woman has just phoned that the kids have brought in seven head of monkey-faced owls from the river. The old hen and six little ones. Here's where the Apostle heads right into the middle of another family racket.

**Southern Farmers and Jobless Men Get Income From Unexpected Source**

Photo-American Lumberman. Scene in Cut-over Lands Being Cleared.

LAUREL, Miss. — Many hard-hit farmers and unemployed men throughout this section—due to the general depression—are receiving good incomes for cutting timber lands in Mississippi to supply a corporation that is an important contributing factor to the conservation of the nation's forests.

The Masonite Corporation, whose manufacturing plant is located here previously utilized only edgings slabs and short lengths from sawmills—material formerly sent to the trash burners as worthless—in the manufacture of wood boards which are extensively used for structural insulating wall board paneling concrete form making and numerous other practical purposes.

Due to the rapidly increasing demand for its products, the available supply of waste timber from sawmills has proved inadequate, so farmers throughout this section are reaping a profit by clearing their cut-over land and selling the small round wood, worthless for sawmill purposes to the Masonite Corporation. This is not only giving the farmers a substantial income—many of them declare it is more profitable than cotton raising—but it has alleviated the unemployment situation throughout this section to an appreciable extent, as many men have been put to work of the farmers cutting this small timber and removing the dark barked wood brings a premium of \$1 per cord.

The corporation pays out to farmers and men more than \$1,000 daily for this raw timber delivered at its plant.

**DEAR OLD DAD**

The nettie trust—and who does not feel its tenacles about our throats,—is behind a big movement to put "Dad's Day" on an equal footing with Christmas and Fourth of July. If you find you are devoid of any particular emotion on the third Sunday in June, you

must get a little help from the telegraph companies, which have compiled a number of cute and appropriate sentiments for the occasion, condensed into night letter length.

"Stepchild's Day" and "Mother-in-law Week" are doubtless just ahead of us. Once the nobler passions are properly honored with

nationwide celebrations, then will come the lesser desire. Why not a national minute during which we pause to consider our love of watermelon or baseball?

What the country really needs is a "National Husband's Hour" once a year, which would start off with a respectful 15 minutes silence.—Emporia Gazette.

**NAYLOR CLUB**

The Naylor Home Demonstration Club met with Mrs. John Naylor July 9th with 10 members present. The program as outlined in the year book was carried out.

**Pioneer of Hall County Dies From Rifle Bullet**

Leaving a note to relatives and friends in which he claimed all blame for the deed, J. D. Vardy aged 77, of Estelline, was found dead at his home there Friday. He

attributed his decision to die to financial worries.

He has lived in Hall county about fifty years, and was held in highest esteem by a wide circle of friends. He named cowboy friends for pallbearers in his letter and directed that his body be taken to the cemetery behind a vehicle drawn by horses. This last request was found impossible because no horse-drawn hearse could be located.

He leaves a widow and a brother at Estelline and other relatives. The funeral was delayed pending the arrival of a sister from California. A number of friends in this county attended the funeral.

**Harry Koch Again Enters Newspaper Field**

Vacation days are over for Harry Koch of Quanah, for the present at least. He has again become owner of the Tribune-Chief which he operated successfully for almost forty years, and which he sold to a chain some few years ago.

The town never did become reconciled to the chain idea, and Mr. Koch never did exactly feel satisfied out of the newspaper game. Coming to this country as a poor immigrant lad over a half century ago, he located at Quanah when a young man and established the first paper. Through all these years he has been a leading citizen of his town and one of her most highly respected citizens.

**Panhandle Baptist Workers In Conference at Memphis**

The Panhandle Baptist Workers Conference met with the First Baptist Church of Memphis, Tuesday, in a very spiritual meeting with the program on the subject "Prayer".

After several splendid talks on prayer, the address of the morning was brought by Dr. J. J. Kellam, field representative of Buckner Orphan Home, presenting the work and needs of the Home. An offering was taken to help in the stressful conditions they are facing.

Clarendon was represented by Dr. Kellam, Rev. E. N. Shepherd, O. C. Watson, Mesdames Wm. Gray, T. M. Couch, A. W. Simpson, L. L. Cornelious, Leona Richardson, Edith Vinson, Misses Thelma Reid, Lola Barnes, Sara Thompson, Ruth Thompson.

**Local Lions Depart Friday For Toronto, Canada**

G. L. Boykin, president of the local Lions club and secretary of the Chamber of Commerce, and S. M. Braswell, editor of the Clarendon News and District Governor of the Lions of this district, left Friday night for Dallas where they will join Texas delegates on a special train bound for the International gathering of Lions in Toronto, Canada.

Julian C. Hyer of Ft. Worth, next international president of the Lions, will be presented a gavel by Mr. Braswell. This presentation

has peculiar historical significance in that the gavel is made from wood taken from the San Jacinto battle field, and is studded with a stone taken from the Alamo. The convention will close the 17th, Friday of this week.

Mrs. Matt Bennett is visiting her daughter, Mrs. Dick Hughes of Pampa.

Ben Hooker of Tenaha, Texas is visiting his sister, Mrs. Dave Johnson.

Mr. and Mrs. Frank Stitt of Roswell were week end guests of Mr. and Mrs. Lucian Bones.

Miss Delphia and Homer Bones visited in the Banard home Sunday at Groom.

Mr. and Mrs. John Beverly of Pampa visited friends in Clarendon through the week.

Sheriff Guy Pierce attended the State Sheriff's convention at Houston returning home today.

Geo. B. Bagby was a Dallas visitor Monday and Tuesday.

Mr. and Mrs. R. R. Broun were business visitors in Amarillo Tuesday.

Mrs. J. H. Clark and Mrs. V. A. Kent were Amarillo shoppers Monday.

A letter from Mrs. R. M. Morris, who is at Reisel, Texas, states that her daughter Christie Morris, is slowly recovering from pneumonia and malarial fever. They had gone there two weeks ago to visit Mrs. Morris' sister for a family reunion when the young lady fell ill.

Master Bobbie Boston is recovering nicely from an appendix operation performed on him Friday night at Adair hospital.

Mrs. A. T. Cole is visiting her daughter, Miss Willette, at Pampa this week.

E. Dunn will move his family to Canyon where he will be in the employ of the Raleigh company.

Mr. and Mrs. T. D. Nored and children left Tuesday for a vacation trip in Colorado.

Miss Francis Parker of Stratford is making an extended visit with relatives and friends here.

D. B. and Ernest Pope were Quanah visitors Sunday.

Miss Elizabeth Kemp is spending the week with relatives at Chillicothe.

**Glamorous, Far-Off Alaska, Land of the Midnight Sun, Where Totem Poles and Glaciers Loom on the Horizon**

DANCING ON DECK

SUMMIT OF WHITE PASS

Discriminating travelers in search of distinctive, out-of-the-way trips are turning in increasing numbers annually to Alaska, the land of the midnight sun. This great American possession—known at one time as "Seward's Folly," was once called "Russian America" and was purchased by the United States from Russia for \$7,200,000 in 1866. Contrary to belief once held, Alaska is not a frozen waste, for many varieties of flowers bloom there profusely.

Alaska is unique in its majestic beauty. Brightly-painted, grotesque totem poles never fail to interest the traveler. "Panning for gold"—washing dirt in a sieve-like receptacle in

the hope of finding some of the precious metal—is also a fascinating and sometimes profitable pastime. Visitors can watch the hydraulic miners washing away with high-pressure hoses the dirt which covers gold-bearing ore; see thousands of salmon fighting their way up swift waterfalls heroically trying to reach the spawning grounds, and buy quaint Indian curio.

**State Fair Tickets Going Fast Says Local Ticket Agent**

"People in this town like their bargains," said Mr. Wisdom local ticket agent for the Denver Railroad Co., when asked today how the "five-for-one" State Fair admission tickets were going. These tickets were placed on sale at the local railway ticket office some time ago by the State Fair of Texas.

The idea for the reduced price was that so many new things had been added to the Fair in the last few years that people could not see

even all of the things they were interested in in one day. To make it possible for them to see it all, State Fair Directors authorized a special price of five tickets for one dollar for a short time.

The reduced price tickets come in strips of five and may be used by one person or five, or on any day between October 10 and 25 inclusive, according to information from Fair officials.

It was also hoped, Fair authorities said, that the reduced price would help make the 1931 Fair the biggest in its history. Our Fair, they said, should be greatest in success as well as size.

Mr. Wisdom said that he expected the special price tickets to be withdrawn from sale shortly and urged everyone who wanted to save money to buy tickets now.

The Sunday school class of Mrs. Dave Pitterson had a picnic on the river Saturday.

Mrs. J. A. Pool is visiting her daughter, Mrs. Grady Parsons, at Claude.

**BUSINESS DEPRESSION AND SALE OF THE BIBLE**

It is often said that in times of depression, sales of the Bible increase. A report given out by a prominent New York Bible House would prove the assertion. This publishing house has recently received an order, according to a news release, from a London department store for 100,000 copies of beautiful binding. It is believed that this is the largest single order ever placed. A statement credited to the department store making the purchase is an interesting one. The manager said "There is only one book in the world of which any business firm would dare to order 100,000 copies."

**BETTER THAN THEORY**

A large New York coal company decided to replace its horse-drawn delivery wagons with motor-trucks. The management had the good and uncommon sense to notify the agent of the teamsters' union six months in advance of the change. When the shift from oat to gasoline power came, the corporation heads were surprised to find that each of the drivers had qualified himself to operate motor-trucks. Because these men knew the company's customers and policies, there was no hesitancy in re-employing them.

This is a true and typical instance of the way employers can cooperate in giving to the men who

work for them a break." Workmen, if they knew far enough in advance of impending substitutions of machines for men, often will re-train themselves at vocational schools for other jobs.

**COMPENSATION**

When my luck seems all out  
And I'm down in the mouth,  
When I'm stuck in the North  
And want to go South;  
When the world seems a blank  
And there's no one I love  
And it seems even God's  
Not in Heaven above,  
I've a cure for my grouch  
And it works like a shot—  
I just think of the things  
That I'm glad I am not:  
A bird in a cage,  
A fish in a bowl,  
A pig in a pen,  
A fox in a hole,  
A bear in a trap,  
A fowl on a spit  
A horse in a stable,  
A cow in a shed,  
A plate on a table,  
A rug on a lap,  
The sheet on a bed,  
The case on a pillow,  
A bell on a door,  
A branch on a willow,  
A mat on a floor.

When I think of the hundreds of things I might be,  
I get down on my knees and thank God that I'm me.  
Then by blues disappear, when I think what I've got,  
And soon I've forgotten the things I have not.  
—Elsie Janis in The Cosmopolitan.

**WILD BEASTS IN AMERICA**

All the wild animals aren't in the circus, the zoo or the jungle. Grizzly bears and mountain sheep and goats, elk and antelope roam the National Forests in increasing numbers every year. A recent census by the Federal Forest Service shows that the animal population of the 151 forests is 1,073,111 by actual count and by estimates of local forest officers.

The deer, in particular, thrive in the forests and they showed the greatest increase last year. Grizzly bears have not held up so well. The black and brown bears also have fallen off in some regions. The antelope, once thought to have disappeared entirely from this country, registered a 45 per cent gain year, bringing their number to 11,140. On the high peaks of Alaska and the northern Rocky mountain states, mountain sheep and goats enjoy their wild life. Deer abound in every one of the Nation-

**Chevrolet Production Leads Same Month Last Year**

Production of Chevrolet cars and trucks in June totaled 84,597 units as against 78,472 in the same month of 1930, W. S. Knudsen, president and general manager announced today.

The June figure brought the output of the company for the first six months of the year to 522,232 units, Mr. Knudsen said.

Production during June compares with 113,852 cars and trucks built in May, which was the highest month's output since July, 1929. The decline in production from May to June this year, however, was 6,000 units less than during the corresponding period last year, indicating a seasonal decline rather than the abrupt drop experienced last June, when the slump in general business first was felt by Chevrolet, Mr. Knudsen said.

Of the volume during the month

**When BABIES are Upset**

BABY ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

just ended, 78,734 units were built for the domestic market as against 70,160 a year ago, a fact which Mr. Knudsen interprets as further evidence of improvement in the United States in retail buying over a year ago, at least as far as Chevrolet is concerned.

The margin of difference by which production in 1930 exceeded

that of 1931 has gradually narrowed month by month this year, and with the output curve intersecting last year's during the May-June period, sales in June and every remaining month this year are expected to exceed the corresponding months of last year, Mr. Knudsen stated.

**WANTED!!**  
1000 Bushels of Wheat, Oats and Barley  
Before August 15th  
Yes, it's true, we're taking wheat at \$1.00 per bushel—Oats at 50c and Barley at 50c, in payment of subscriptions to the Donley County Leader. The Leader is not lowering its subscription rate which is \$2.00 per year in Donley and adjoining counties.  
**Wheat---\$1.00 per Bushel**  
**Oats---50c Barley---50c**  
**LIMIT: One Subscription to Family**  
THIS OFFER GOOD ONLY FOR SUBSCRIPTIONS IN DONLEY AND ADJOINING COUNTIES.  
There are certain conditions, of course, to this offer. The Leader cannot accept payment for subscriptions longer than a year in advance, to the subscriber. In other words, for each name only one year's subscription will be taken. However if one individual wishes to pay for more than just one person, that will be alright.  
And another condition is that the grain must be in sacks. We have no storage facilities and for convenience must have it in sacks. Weigh it yourself. We'll take your word for it.  
If you are not a farmer or do not have your own wheat, the Leader will allow you to purchase the wheat but we insist that you buy direct from a farmer and that you pay the farmer at least 50c a bushel for his wheat. Please don't pay him less—you are getting a bargain at that and we will appreciate your helping the farmer and in turn helping the Leader make the most of this drive.  
We are offering real farm relief. Wheat \$1.00 per bushel and Oats and Barley, each 50c a bushel in trade for subscriptions to the Donley County Leader.

Even candy is dangerous. Noah Segler, aged two, fell off the porch at Hemphill, West Virginia while using an all-day sucker. The stick punctured his throat from which he died soon afterward.

The "Mother of Presidents" is not exempt from booze experience. We read in the Orange Review, a Virginia paper, that a ten year old son was found prostrated by heat when his car stopped on the highway. A doctor was called and he was revived in two hours. His parents were with him but were both drunk, and were taken to jail. The mother was liberated next day because she had five small children at home by themselves.

Drouth conditions over the Dakotas has become so severe that the Great Northern railway is making special rates in hauling out the live stock to grass and feed in more favored sections. The regular freight rate is paid as the stock are shipped, but a receipt is given guaranteeing a "free" trip back home for the stock at any time the owner may see fit. The rate is thus one-half fare.

In the same drouth belt, best grade dairy cows are being sold at \$10 a head. Some farmers have abandoned their farms and stock, some their families and a few have suicided. Some families are living on charity whereas two years ago they had nice homes, plenty to eat, and owned good farms.

When Asa Cole, aged 84, found that a young lady of 16 was engaged to a man of 24 at Barber, Louisiana, he eavesdropped them, killed the girl by shooting and wounded the young man before his rival could disarm him.

When tomatoes got down to two dollars a ton, growers in the Rio Grande valley resorted to 'home canners' and are putting up the fruit to market in the tin by easy stages later in the season.

Ruins of ancient Basket Weavers have been discovered in southwestern Colorado, a civilization more remote than the Cliff Dwellers. Relics are being taken for the museum at Denver.

Land set aside for World War veteran homesteads in northwest New Mexico a few months ago has been withdrawn when veterans refused to homestead the arid section. It is proposed that Indian tribes take it over for grazing.

Will Rogers attended a dedicatory ceremony at Claremore, Oklahoma Tuesday where a statue in his honor was unveiled on the grounds of the airport which he contributed to his home town.

## Local Golfers In Match With Amarillo Beat By Scratch

Game of Sunday Shows Score of 16-17 Favor of Home Pill Pounders

Thirty-four golfers from Amarillo's Hillcrest golf club came down Sunday in time to become guests of the local club at a chicken dinner at the Clarendon Hotel at noon.

The Amarillo bunch on their home course walloped the home boys 17 to 11 two weeks before. The home team cleaned them up by a narrow margin of 16 to 17 in the heat Sunday. Both teams are considered among the very best in the Panhandle and the contest for first honors will continue unabated.

Elliott Hatch, Amarillo city champion, rounded out the 18 holes with a 68 or 4 under par while Al Cooke, local southpaw, had a 69. The results in Sunday's game: Elliott Hatch defeated Ira Merchant 6-5; G. W. Dodd defeated M. P. Gentry 1 up; W. J. Satterwhite defeated H. B. Kerbow 2-1; Harry Daily defeated C. J. Knorpp won from Don Taylor 8-6; Homer Parsons won from R. M. Rose 6-5; Dr. Harter won from Hugh Baker 2 up. Doss Palmer and Fred Devore were halved.

## Five County Medics Meet Here Friday

The medical society of which physicians of Childress, Collinsworth, Donley, Hall and Wheeler make up the membership, met in regular session here Friday. Visiting physicians became the guests of the local practitioners at the Rotary luncheon at the non hour.

Dr. B. L. Jenkins presided in the absence of the president in a scientific program that began at 1:30 in the afternoon.

Those appearing on the program were Dr. Hyder of Memphis, Dr. R. S. Killough of Amarillo, Dr. B. L. Jenkins. Round table discussions enabled every physician to contribute to the value of the talks made.

Dr. Killough lectured on "Some things every doctor should know about the eyes," making a practical talk within the reach of every physician, and of much value in rendering service to his people.

The meeting was considered very good as a whole and most pleasing by those who were present, though too few of the members of the Five County Medical Society were present to benefit from the discussions.

Mrs. S. E. Crotto and daughter of Tulsa, Oklahoma are visiting her sister, Mr. and Mrs. E. P. Shelton.

## C. L. Morehead Becomes New Owner Clarendon Drug

The Clarendon drug store owned and operated by J. F. and son Jack B. Jones for over two years, was sold to C. L. Morehead Friday.

Mr. Morehead is a pharmacist and formerly operated a drug store in Tulsa. He has had years of experience in his chosen profession and expects to restock the new purchase.

Jack Jones will remain in the employ of the firm, and Eddie Frantz will remain for a time at least. Jack F. Jones is at present taking a much needed vacation with his other sons in Oklahoma.

## Flies, Moths, and Mosquitoes Belong In Same Class With Dreaded Bedbug

These visitors have come to stay.

CHICAGO—Bedbugs are the most universally abhorred of all household insect pests it was revealed today in a "Social Register" of insects compiled by the American Research Foundation.

"Because bedbugs are so generally disliked American housewives have waged relentless warfare on them with effective pest destroyers and have succeeded in curbing them to a very large degree," the Foundation reported, "but many other insects which cause even more damage than bedbugs are given little attention and therefore have multiplied in such proportions that they constitute real menaces to public health and property."

In its "Social Register" the Foundation lists eleven insects in the order of their "popularity" as follows:

Flies, moths, mosquitoes, crickets, ants, carpet beetles, book lice, centipedes, fleas, cockroaches and bedbugs.

"Flies, moths and mosquitoes are the most numerous of insects because they are too often accepted in American homes as necessary evils," the Foundation asserted in a bulletin covering a nationwide survey of insects. "They are just as easy to destroy as bedbugs and cockroaches if attacked through their breathing pores by the spray of an effective pest destroyer, and their number would be greatly reduced if housewives realized that they are just as much to be abhorred as the more loathsome bedbug."

## Prize Winner Letters Will Be Printed Next Week

Announcement of winners in the letter writing contest on the subject of "Why Merchants Should Advertise in the Leader" has been held up pending a number of side issues.

It has been definitely determined that the contest is no infringement upon the postal law governing lottery advertisements. This information came too late to permit of the publication of the first prize winners this week. Looked for it on the front page next week.

Basil Caussey of Tyler visited friends in Clarendon Tuesday.

## Forty Acres of Peas Ready For Market Next Week

County Tax Collector M. W. Mosley has a bunch of hands ready to begin gathering blackeye peas which he announces will be ready the first of next week. They have been grown on his farm northwest of Hedley.

From the forty acre patch he expects to help supply the demand at home as well as a number of towns on the plains. The new peddler law will force him to sell them at wholesale as he has no truck equipment to peddle them himself.

Mrs. A. Baldwin of Memphis visited relatives here Tuesday.

## Plant Growers Are Leaving For Annual Hunt

Mr. and Mrs. T. Jones are leaving for their annual hunt which they have religiously observed for a number of years. Macklin Butler will take them by auto to Elephant Butte dam where they will spend at least a part of the summer. They expect to arrive there Saturday of this week.

After the opening of the game season, they will enter the big game country where they have visited each year never failing to find, bear, deer, panther and turkey. This hunting ground is very rough and is located quite a distance back in the mountains from the big lake where it is possible only to get their mail about once each month.

They will be kept informed of all the happenings in Donley county by having the Leader reach them as often as it is possible to get the mail to them by private carrier.

## Local People on Visit Over Plains Section

Mr. and Mrs. M. W. Mosley visited up on the plains the last of the week. They visited S. W. Smith and Bunt Owens families at Plainview, and A. C. Finley and family at Sudan also Clarence Cannon and others there who formerly resided in Donley.

Crops are good, lakes full of water and cattle fat according to Mr. Mosley. They returned home Friday. They also visited a brother, J. T. Mosley, he and Mrs. Mosley are the proud parents of a son born the 4th.

A girl was born to Mr. and Mrs. Frank Allen Tuesday morning. The Leader family joins with the many friends in congratulations.

Mrs. Doss Palmer and son Ray returned home Tuesday after spending a week with relatives on the south plains.

A son was born to Mr. and Mrs. Van Kennedy Tuesday night. Weight nine pounds in his sock feet and has started out on a career under the name of Richard Van Kennedy. Success to the little man is the wish of the Leader family and friends of the family.

## Eight Dollar Pants Being Sold for Less Than Two

Grocery special are pretty well known. Our hundreds of readers scan the Leader every week for the grocery specials because they save more than the price of a subscription every week.

In this issue the Greene drygoods company is offering "red hot specials in the drygoods line. Bill Greene is likely putting out a 'feeler' just to see how you folks like the idea.

Anyhow, the Leader force has stocked up on these \$8 pants being sold at \$1.95. A man can't find a better bargain. In fact the whole list in his ad in this issue has same kind of bargains.

Read the special drygoods list and lay in a supply. The prices are lower than you will find them again soon, and frankly, many say these prices are the lowest since way back in the 90's.

## Whole Wheat Flour Finds Many Consumers

The fact that wheat growers, and those who may buy it at a very low price, has caused an increased consumption of whole wheat flour.

Farmers may bring the wheat to the Simpson Mill and have it ground for ten cents per hundred. Besides effecting a big saving, the whole wheat flour carries a high nutritive value and is being appreciated by those who have tried it.

Physicians frequently recommend flour of this type in certain ailments. In addition to eating the wheat in this form, County Home Demonstration agents advocate a method of preparing the grain as a breakfast food, a recipe for which was published in the Leader two weeks ago.

Wheat may be canned by the usual methods in use today, and kept for future consumption. Quite a number of Donley county people are using more wheat. Growers of this grain may be helped by an increased consumption in the manners listed above.

Mr. and Mrs. Harry Long and children returned to their home in Arkansas City, Kansas Sunday. They had been visiting Mrs. Long's father, W. D. Jordan of this city.

Mr. and Mrs. Marion Cox and daughters of Panhandle visited in the A. H. Baker home here Wednesday.

Miss Maxine Fletcher, who has been visiting Misses Vera and Eugenia Noland, returned to her home in Amarillo Saturday.

Miss Isobel Agan was an Amarillo shopper today.

Joe Baldwin of Tenaha, Texas is visiting his sister, Mrs. Buck and other relatives here this week.
