The only relief for Donley county taxpayers is to pull political wires and line up with the 18 counties exempted by the Legislature.

## BANKER ASSERTS BOTTOM SCRAPED IN DEPRESSION

Four-County Medical Visitors Are Guests of Rotary Club At Luncheon

After paying a distinct compliment to the medical fraternity, W. H. Patrick, president of the First National Bank, member of the Board of the Dallas Federal Reserve bank and key banker of this county, as principal speaker before the Rotary club Friday at the Clarendon hotel, launched into his subject.

Taking up the subject of "gold standards" used as a monetary basis by some nations, he spoke of the effect of a discontinuance of this standard in England recently and its effect on the general welfare of the people of that nation.

In a general discussion of the finances of the leading commercial nations, it was the opinion of the speaker that we had "scraped bottom" in the present depression, and that recovery, though slow, was no doubt beginning at this time. He assured his listeners that conditions in this county were in excellent condition everything considered, and the outlook hopeful for an early return to normalcy.

Guests of the Club were Doctors High and Jones of Wellington, Hennen of Memphis, White, Jeter, Morgan and Prestidge of Childress and Dr. C. G. Stricklin of Clarendon.

The program for this week will be in charge of the Vocational Service Committee of which Dr. J. W. Evans is chairman.

## LELIA GINNER GETS NEW TRIAL IN BANK CASE

Received Three Year Sentence At Amarillo More Than Year Ago On Accessory Charge

The Court of Criminal Appeals at Austin Wednesday reversed the case of Bert Smith sentenced to a three year term in the District Court at Amarillo several months ago, and which has been pending since that date.

The court held that Smith should have been prosecuted as a principal instead of an accomplice if the allegations of the state were true. The indictment alleged that he "advised, commanded and encouraged" other parties in the alleged embezzlement of the Stinnett State Bank of \$6,601.

R. A. Franks, an employe of the bank at the time of the robbery, and J. W. Adams were convicted soon after the robbery. Smith was tried in Potter county on a charge of venue and given the shortest term of the trio, and an appeal was taken.

## BRONC-WARRIOR BATTLE AT MIAMI IMPORTANT TEST

Motorcade Headed by Band to Lend Assistance to Local Team Friday

Headed by the band and a motorcade, the Bronchos will journey to Miami tomorrow for a bi-sectional game. Clarendon won the championship of section D by defeating Memphis 12 to 0 Armistice Day. Miami won the championship of section B by defeating Spearman 7 to 6 in a game Saturday. The winner of this Clarendon-Miami game will meet the winner of the Dalhart-Hereford game next week for the championship of Class B, District 1.

This will be the first time since 1926 that a Clarendon team has played for a bi-sectional title. The Bronchos have developed into a powerful football machine in the last few games, but Miami will not be a set-up by any means. Clarendon did beat Miami 24 to 0 earlier in the season in a practice game here at Clarendon, but they will be a different bunch of football players on their own home ground with a title at stake. It will be a tough game without a doubt.

There has been a rumor that Miami has protested some of the Clarendon players. The Miami officials were over here Wednesday but according to Coach Stocking this morning (Thursday), there is nothing to the rumor.

The whole Broncho squad will make the trip to Miami with the probable starting lineup the same as in the game with Memphis.

Charlton Will Preach Sunday At Presbyterian Church

Announcement is made that Rev. F. T. Charlton of Canyon, and for some time pastor here, will preach at the 11 o'clock service at the Presbyterian church, and again Sunday evening at vesper services at five.

The pastor, Rev. Robert S. McKee, extends a cordial invitation to the public to again hear Rev. Charlton on this occasion.

Jaws of Rhinoceros Are Found by Chamberlain

Will Chamberlain, amateur paleontologist and collector of prehistoric fossils, added another "find" to his collection the past week when he found the upper and lower jaw bones of the prehistoric rhinoceros that is said to have inhabited this section some millions of years ago.

The specimen shows sockets for the two tusks, but no ivory was found near these bones that had been apparently scattered. The specimens are on display at the Stocking drug store where dozens of other ancient and modern curios are on display.

Mrs. Clarence Whitlock returned from Spearman Sunday where she spent the week with relatives.

## BEAVERS IS NEW PRESIDING ELDER THIS DISTRICT

Rev. E. B. Bowen Continues As Pastor of Methodist Church in Clarendon

Announcements made at the close of the Panhandle Conference of the Methodist church closing Sunday at Vernon brings the information that Rev. M. M. Beavers is to be the next presiding elder in this district.

He has been serving in that capacity in the Plainview district for the past four years. He has also served the churches at Chillicothe, Canadian, Hereford and where he assisted in the completion of the church building that was under construction at the time he entered upon his duties there.

He also served the church as pastor at Canyon and saw a new church edifice constructed there during his ministry and in which his efforts entered in many different ways. His pastorate at Colorado City was another pleasant milestone and for the past four years he served the allotted time as presiding elder of the Plainview district.

Dr. Beavers and family arrived today (Thursday), and his people will have an opportunity to meet him Sunday as he will preach at the morning hour.

Rev. E. B. Bowen has been returned here as pastor of the Methodist church which will be a source of much pleasure to the many friends which he and his family have come to know during the past few months.

Both the pastor and presiding elder at different times served the church at Aspermont, Chillicothe and Hereford. Now Rev. Beavers comes to Clarendon as presiding elder to work with Rev. Bowen, the first time both men have been so situated though they have followed each other in the work a many other places.

Rev. and Mrs. Beavers have a daughter who will make her home with them in Clarendon, the other children having grown up and out in the world on their own resources. All Clarendon welcomes this family and trusts that their stay here will be both pleasant and profitable.

Other pastors of this district are Dodsonville, A. J. Jones; Dozier-Heald, C. H. Williams; Goodnight, M. D. King; Hedley, J. V. Hendrix; Lakeview, Ollie Apple; Lella Lake, H. H. Liles; McLean, John H. Crow; Memphis, J. M. Fuller; Mobeetie, J. R. Bright; Pampa, A. D. Moore; Quitaque, O. M. Addison; Shamrock, R. N. Huckabee; Turkey, J. F. Michael; Wellington, T. M. Johnson; Wheeler, E. D. Landreth; Allison-Briscoe, C. D. Dameron.

Claims Championship on Boll Pulling in County

West Texas claims some boll pulling champions as well as other champions and this week C. V. Sloan of Canyon lays claim to the championship in Donley county.

On the McClenny farm five miles east of town this week, Mr. Sloan pulled 1,119 pounds of bolls in 10 hours and 40 minutes. Who is there to dispute his claim to the honors on that record?

Mrs. W. H. Cook and grandson Billy, are visiting in Lubbock.

## Heads Federation

This is Mrs. J. W. Fincher of Houston, who was elected president of the Texas Federation of Women's Clubs at the convention held at Lubbock last week. She defeated Mrs. R. G. Lee of Cisco for the honor.

## BIG CROWD OUT FOR FATHER-SON BANQUET AFFAIR

Dr. Jarrett of Canyon School Is Principal Speaker Of The Evening

One hundred and sixty-seven fathers and sons gathered in the basement of the Christian church Monday evening to observe the annual Father-Son banquet affair. The number last year was two hundred and eleven.

O. C. Watson Jr. performed the functions of toastmaster in an admirable manner at the same time making explanations and apologies on account of a lack of training in that particular role, though his crowd did not deem any explanation necessary. For a fellow of his years, he pulled the show through to a successful conclusion without any casualties and no one could have done better.

Lloyd Benson paid a glowing tribute to the fathers and Dr. B. L. Jenkins condensed a lot of common sense and complimentary remarks to the sons in a short talk that again brought forth hand-claps.

O. C. Watson, vice president of the School Board, based his talk principally on a plea for the schools and suggested the payment of school taxes now as an imperative necessity.

Tom F. Connally was called upon as a favorite speaker, and paid high tributes to the idea of a father-son get-together each year. The remarks of Mr. Connally appealed to his hearers as on many other occasions, and more especially because of the fact that he has always been a leader in the movement.

Dr. Jarrett spoke at length entertaining with reminiscences of his early life "back east" and detailing incidents of his school days. He offered for the consideration of the boys four suggestions: conserve individual health; have a home of your own; follow the line of work most desired; live close to the Divine.

C. A. Bryan was the oldest father present.

## JURY FAILS TO AGREE IN TRIAL OF COUNTY JUDGE

Jury Stands Eight to Four For Acquittal After All Night Deliberation

The extortion charge upon which county judge J. J. Alexander was being tried beginning Thursday morning, went to the jury late Friday afternoon. After deliberating on the matter until about ten o'clock Saturday, Judge Fires discharged the jury when it was found that an agreement was seemingly impossible.

The judge was indicted three times by the recent Grand Jury. The charge upon which he was tried last week alleged that he collected fees as county judge to which he was not entitled. He was alleged to have collected fees in 17 cases that had been dismissed without trial.

The defendant in testifying in his own behalf admitted that he knew that the collection of fees as charged in the indictment was a criminal offense, but stated that Miss Helen Wiedman, as deputy county clerk, made out the claims and that he did not know that such cases were included, and that he was innocent of any wrongdoing in accepting such fees.

Miss Wiedman testified that the Judge called off the cases from the docket while she made notation on paper after which she stated she made out claims from her notations.

County attorney R. Y. King testified that he had called the Judge's attention to the matter on more than one occasion, and suggested that he restore the money to the county, but that the Judge refused to comply with the request.

It developed during the trial that Judge Alexander refunded sixty dollars to the county on the day that court convened according to the statements of Mrs. Bessie Smith, county clerk and her deputy, Miss Helen Wiedman, and Mrs. Linnie Cauthen, county treasurer. This fact was also vouched for by the defendant and his son W. C. Alexander.

The firm of Cole & Porter represented the defense and district attorney J. C. Mahan represented the state.

Discontinuance of Street Lights Brings Protests

At a meeting of the American Legion, resolutions were adopted protesting the discontinuance of street lights in Clarendon. The protest was based on the idea that dark streets and alleys would afford a better protection for criminals. It is their further belief that no lights means more high-jacking and burglaries from which Clarendon has been comparatively free up to this time.

The Lions club also voiced a protest in their meeting Tuesday. Members of that club suggested that some means be provided to again light the streets at the earliest possible date as a safety measure.

Some individuals of the town are also protesting. The lights were discontinued by the city as a matter of economy some two weeks ago.

## Both Sentenced to Death, They Share Cell

James Williams, 27, left, Hunt County negro sentenced to death for killing Joe West, a white farmer, and Barney Lee Ross, 23, Morris County negro who will be electrocuted for attacking a white woman near Daingerfield, are in the same cell at the Hunt County jail at Greenville, awaiting their trip to the penitentiary and the death house. Neither says a word in regard to his fate, according to the jailer. For the most part, they sit and stare at each other.

## SANTA CLAUS TO VISIT CLARENDON ON THREE DATES

Santa Will Parade The Street Handing Out Free Gifts To Kiddies in Gobs

Old Santa does not mean to pass up the little folks this season regardless of what the older folks have to say about it. He's coming dressed in all his gay red and whiskers to match.

Not only that! He's coming loaded down with gifts for all the kiddies that happen to be on the street looking for him. Every one will receive a present. Old Santa plays no favorites.

## LIONS TO MOVE TO NEW QUARTERS AFTER THIS WEEK

Rev. Murrell Presented With Memory Book by Club; Goes To Abilene District

At a meeting of the Lions Club at the Antro hotel Tuesday as their week luncheon date, Boss Lion G. L. Boykin presented Rev. W. M. Murrell with a memory book after each of the Lions had inscribed within its folds a parting message of best wishes.

Rev. Murrell, presiding elder of this district for the past four years has been assigned to the Abilene district where he spent seven years on a previous ministerial work. In accepting the gift, he spoke fervently of the warm friendships formed here and stated that he was going to a place of work where he had left many friends.

The committee in charge of selection of new quarters made a report through the chairman, O. C. Watson, who announced that the SoRelle building had been secured.

It is the purpose of the club to fit the building for banquet use and to provide library tables and other furnishings that will insure comfort and convenience to the members.

Due to some changes in the membership, vacancies were noted and filled as follows: Ira Merchant was advanced from 2nd vice president to 1st vice; T. D. Nored was advanced from Lion Tamer to 2nd vice president; J. T. Patman was taken off the Board of Directors and given the post of 3rd vice president; D. O. Stallings was delegated to act in the capacity of Lion Tamer instead of serving on the Board.

Two vacancies appearing on the Board of Directors, H. T. Burton and W. H. Patrick were elected to fill these vacancies.

Miss Opal Gillstrap of Austin, and representing the State Board of Education was a guest of the Club.

## DAVE BOWER IS FOUND DEAD NEAR SHAMROCK SUNDAY

Body Is Found Under Bridge Marks Showing Electric Shock Cause of Death

The mystery surrounding the death of Dave Bowers, whose body was found beneath the highway bridge north of Shamrock Sunday, still remains unsolved according to advices from there Wednesday.

A gash on his left hand showed where he had grasped a live wire. Burns on the bottoms of his feet showed burns as the current passed.

## RED CROSS ROLL CALL CONTINUES OVER NEXT SAT.

Inhabitants of Incorporated Towns Not Eligible For Red Cross Assistance

In reporting progress of the 50th anniversary Red Cross roll call today, Mrs. H. T. Burton, roll call chairman of Clarendon expresses satisfaction with the progress made last Saturday. Nothing has been done since that date, but the work will be continued over next Saturday.

Citizens of Clarendon to the number of 187 are wearing the Red Cross buttons. It is believed that more than 200 will join before Saturday night. Mrs. Burton is of the opinion that Clarendon citizens should subscribe half the allotted goal of \$400.

Mrs. Burton states that no incorporated town is eligible to receive Red Cross aid since the organization has taken it for granted that each town of that size is amply able to care for its needy citizens except in cases of extreme disaster.

Red Cross roll calls are being conducted over the county but no report of the results is obtainable at this time.

One of the most important tasks performed by the Red Cross is in assisting disabled veterans. The government has provided means and methods of help, but often the veteran is handicapped in his efforts to properly prosecute his claims or prove his eligibility. It is the work of the Home Office Secretary to assist these veterans and thousands have received claims through this assistance.

The money collected in this roll call is for use among the needy rural citizens. Not a penny will go to relieve citizens of the incorporated towns. Donley county received \$1600 from Red Cross headquarters during the past year. The county is being asked to raise only \$400 as her quota at this time.

## THANKSGIVING DAY PROCLAMATION

Whereas, the earliest harvest Thanksgiving in America was kept by the Pilgrim Fathers at Plymouth in 1621—and it is very important that we should observe and keep the same spirit in our minds. Thanksgiving day has been observed from the time of President Washington down to President Hoover.

Therefore, I, as Mayor, of the City of Clarendon, respectfully request our citizens to observe Thursday, November 26th, 1931, as a Holiday, and ask that our business men close their shops and houses for an old fashioned Holiday, and give God the glory for blessings bestowed upon us.

W. P. CAGLE,  
Mayor.

**Knowledge.**

Many a man has found it easier to get a daughter off his hands than it is to keep his son-in-law on his feet.

**Biggest Job.**

Apparently the biggest jobs confronting the so-called higher institutions of learning is in keeping them from degrading into sports and gin parties.

**Opportunity.**

Edwin Markham became a historical character by his painting, "The Man With the Hoe." Now who will be the first to paint "The Woman With the Hoe?"

**Feminine Ideas.**

Now that Kentucky has elected Ruby as her governor, we are wondering if that has been his name for some time, or did he use it for practical purposes in corraling the feminine vote.

**Tell-Tale Signs.**

A man may have patched clothing, grimy hands and plod his way home with stooped shoulders, but if his little ones have their noses flattened against the window panes looking for him a half hour before his arrival, you can just bet he is not a bad man by any means.

**Sane Crazyes.**

The other nations are offering Japan samples of the Briand-Kellog treaty, the League Covenant, the Nine Power Treaty, the Pact of Paris, the World Court and the League of Nations and the Nipponese appear to be totally ignorant of them all. Here's hoping that we never have to pull the Monroe Doctrine on the wiley Japs.

**Political Success.**

Judge Charles Edward Bull, Texan by birth, Nevanan by choice and education, some few years ago moved to Hollywood. Since then he has starred in "The Iron Horse" and "The Heart of Maryland."

Playing the part of the "Judge" in these casts, he has added dignity to the profession of picture

show folks, and besides, he is playing a brand of politics that means more money than holding an office in Nevada.

**Panhandle Press Meet.**

The next gathering of the members of the Panhandle Press Association will be held at Amarillo April 21, 22 and 23 according to a selection date made by the Board of Directors in a meeting at Amarillo Saturday.

The Panhandle association directors voted not to merge with the West Texas association. At the same time an invitation is extended to the members of that association to attend the Amarillo gathering.

This decision will no doubt meet with the approval of a large majority of the members since nothing would be gained by merging the two associations. We of the Panhandle have a live organization. We meet and fight in peace. Let's keep it that way.

**Tax Problems.**

By special acts of the Legislature, eighteen counties in Texas are exempt from paying ad valorem taxes to the state for the next several years.

These exemptions were secured on excuses, flimsy and otherwise, but they were gotten by and through the scheming politicians who have no regard for the extra burden of over eight hundred thousand dollars that will be placed on the other taxpayers of the state this year.

C. L. Tanner, publisher of the Alice News started the ball rolling some few weeks ago by publishing a list of these counties and other information secured from the state Board of Control.

With big leaks in state affairs, and little leaks in county affairs in several counties, no wonder that the average taxpayer is shouting his head off and threatening open rebellion because of the confiscatory rate of taxes.

Every sensible taxpayer is willing to be taxed to support his government, but millions of taxpayers are tired of being "skinned"

and will soon wake up to the point of demanding that all this political high-jacking be stopped.

**GOSSIP ABOUT BANKS**

Fully half of the closed banks in Texas are monuments to the malicious prattling of idle gossips; and it is remarkable that so many of these rumor-mongers are of the variety that identifies its sex by wearing pants.

The figures are supported by the recent declaration of Commissioner of Banking, James Shaw, that 15 of 28 state banks closed in the past two months are reopened and transacting business as before. "A large per cent of the banks in Texas have closed," said Mr. Shaw, because of unbelief and unfounded rumors rather than because they were unsound or unsafe.

Generally, the man or woman who peddles gossip about "shaky banks" doesn't know what a bank is or how it operates. A bank has a function to perform other than the safekeeping of your money. Cash that lies in the bank is idle money, serving neither God nor Mammon. Cash that is loaned by the bank, upon sound securities, is working money—money that seeps into the blood stream of commerce and fertilizes the fields where prosperity is sown and reaped.

If a bank kept all of its deposits in the form of "cash on hand," it would be pretty poor excuse for the thing a bank is supposed to be. It would have no money to loan upon good securities; it would contribute nothing to the expansion of trade and creation of wealth by manufacture and building. In fact, it would be nothing more than a glorified strong-box and eventually would lose its substance to the expense of operation.

Any bank, no matter how large

or small, that can immediately liquidate its deposit-obligations is no asset to the community it pretends to serve. Strange as it may seem, it would be a grossly misman aged bank that could pay every depositor, in full, the same day, the same week, or even the same month the demands were made. It is the obligation of a bank to provide a safe depository for your funds, to maintain itself in such condition that it can meet any reasonable withdrawal demands and still provide a reservoir of credit for the requirements of its community.

Don't be too ready to credit every rumor that is peddled by people whose judgment upon, and understanding of, the banking business is not well established. Remember that confidence is the foundation stone upon which banks are built, and, when that stone is torn out, the whole structure is apt to tumble.

Pernicious rumor-mongers can tear down in one day all that a community of industrious and thrifty citizens can build through years of effort. Recognize the bank-gossip for what he is, and give him no more credence than his petticoated, prototype; for everybody is hurt when a strong and solvent bank is forced to close its doors.

**Mrs. Mary H. Hunt Buried At Claude Sunday**

Funeral services were conducted at the First Baptist church Sunday by Rev. J. A. Russell, the pastor. Mrs. Hunt, aged 57, had been a resident of Armstrong county for more than thirty years.

Until ill health caused her retirement, she was active in community and church affairs for a long number of years.

**AT EVENTIDE**  
The Cry From Flanders

By Allan Hill  
We hear low rumblings as of war,  
We see men's faces grim with hate,  
As war lords in sheep's clothes bend o'er  
Great maps, and trace with hands of fate.  
Scarce dawn has come from blackest night,  
Scarce staggering man has found his way,  
When low, they whet their swords to fight—  
To wound, to maim, to blind, to slay.  
What reck ye? Will not man let rest  
The peace we won? The good faith keep?  
Must nations give again their best  
And mingle bones with us who sleep?  
Our lips are mute; but still our cry  
Goes out lest we have bled in vain;  
Lest war clouds scudding 'cross the sky  
Bring to the world dark days again.

Rev. Rembert G. Smith of Sparta, Georgia, who criticized Bishop Cannon for his campaign activities in 1928, was suspended from the ministry by a secret trial at the North Georgia Conference of the Methodist church Saturday.

One hundred and ten members of Rev. Smith's congregation protested the suspension. Dr. W. P. King, book editor of the church, of Nashville, defense counsel, filed notice of appeal.

Mr. and Mrs. Ceburn Buck of Memphis visited his mother, Mrs. Vinnie Buck, Sunday.

A cold tube using no filament for use in radios has been invented by Dr. August Hund of the Wired Radio, Inc. No light socket will be necessary as the new tube will be operated from a small compact dry cell no larger than a cigar box.

 By the Apostle

By golly, when the women cut off their hair and got to wearing pants, it looked like a show down. When they took to wearing striped pajamas in public and private, it was a case of something had to happen.

It has happened. The latest styles for men's clothing is said to be a loud noisy colored pajama. You can't tell whether he is going to bed or somewhere else. The styles come in a wide range and look like the ruggin' on a Mexican general. Won't that knock out these female eyes that have been looking on just plain ordinary pajamas? Our suit measure besides inches reads like Arabian Nights. Green pants with red stripes. Pink sleeves with black stripes. The rest of it will be made of white with alternating blue and red stripes to show that all the patriotism is not dead. The bottom of our pants will be set off with old point lace done in a yellow striped motif a la zebra, if you can understand.

Ducks up on the plains are being captured by a neat little scheme advocated by and through the farm board with the advice of the Hoover pea commission. Tear gas is shot into the air by means of a rocket. The ducks get an eyeful of tears and have headon collisions and fall to the earth knocked senseless. They are then gathered up with combines and sacked before they can recover their bearings. (P. S. This is credited to the Hoover administration.)

When arrested at Decatur recently on charges of shooting craps and disturbing the peace, a nigger by way of explaining his side of the case said: "Boss, you-all knows dat on 'count dis repression, ah jus' nachly had to talk louder to mah bones."

Who remembers when the Democrats used to send out garden seeds from Congress. They don't even raise 'em up there any more. We used to cook what we got because they wouldn't grow when we planted 'em. If the democrats get into power this session, we are bound to get some more good eatin' seeds. Dern these republicans—they act like Scotch.

Well sir, we had only a few donations over the week, but one thing especially do we want to do is thank Mrs. E. W. Bromley for the chili sauce. It made salt pork taste like breakfast bacon. Every woman ought to know how to make it, and that is not the only thing that this good woman can make just a little better than any one else. She's of the times when women learned to keep house as well as a bridge score.

Don't forget the meat recipes at the Leader office. Only 20 cents each and any woman can can meats and make a number of good things out of meat and save a lot of waste by working up the scraps

Some folks poked fun at the idea of planting greens but we did and we have. We took the advice offered and we have as fine a Jack county product as could be found in Arkansaw. Plenty of turnip greens, mustard, rape and spinach.

Anybody want a start of poke? Come around and get some bushes. Also an old lady wants to get some seed of the old-fashioned dishrag gourd. Who will help her out?

Speaking of dishrag gourds reminds us of Panola county down where the mosquitoes are a little troublesome at times. Missed our milk cow and in hunting for her we heard her bell ringing—cows wear bells down there—and when we got to where her bell was, there was nothing left but her skeleton and a mosquito was standing on a stump ringing the bell for her calf.

A fellow brot in a sample bottle of "nature's tonic" which he offered as a sample and a gift—all free. We looked at his face and if that tonic would make us look as god-forsaken as he looked, we wouldn't feed it to a neighbor's dog. Nature has only one tonic—reasonable exercise, plain grub sensibly cooked and plenty of fresh air and sunshine.

The College Hill widow says that if everybody told the truth there would be no marriages and every man's credit would go smash in 24 hours. Well, maybe so, maybe so.

Of all the dern mean things it is a turkey thief. Every fall some good woman finds some one has stolen her money crop. Any man who would steal turkeys ought to be shot in the legs so that there would be no trouble in identifying him next day. That's what we mean, shoot 'em in the legs.

A man over in Oklahoma found relief in prayer when his neighbor stole his wife. When lightning struck his team and killed them he again prayed and got by. A cyclone came along last spring as they often do over there, and after he was beaten up by hail, the twister dragged him back and forth through a "bodark" hedge a few times and dropped him. He prayed again but in only one sentence which was, "say Lord, this is gittin' to be plumb redickless."

The old Apostle enjoyed a fine visit recently when Mrs. S. W. Butler, who resides east of town, came into the office to pay her subscription. She's past middle age and has had a lot of experiences. In fact she used to hand spike type for her father years and years ago when he ran a paper at Tecumseh, Oklahoma back in the old territorial days when that town was a town.

Speaking of having experiences the old Apostle has had a few himself if you happen to know about it. As an explorer in the southern part of Mexico in the jungle forests all alone with a gun and only one cartridge left, he had been fighting large python snakes for a week without a minute's rest. Well, something had to happen. Only one more shot and death stared us in the face. We took good aim at the largest snake that faced us, slipped his skin off and blew it full of wind through the gun barrell, got on that skin and using the gun for a paddle, we went down the river at a forty mile clip and escaped. Never rode anything in our life that was smoother or safer. Brains are a great thing when they come out for air.

Nothing riles the Goodwoman quicker than when we brag on a slim woman with black eyes. She's fat and has blue eyes, and just can't forget that she won the prize on apple 'sassa' at the Amarillo fair this fall. In fact we have that call-out to our attention fifteen times a day and four times through the night by the alarm clock. We frankly admit it was quite a big event, but we like variety in family racket material. And besides, she's a boaster. We never never boast ourselves and this is one reason we are handicapped in a hand-to-hand argument.

A woman down at Alpine sold enough butter and eggs to buy a tombstone for her husband's first wife—so he would have no excuse to ever mention her name again. Or viceversa, etc.

"You needn't tell me  
 —I know Camel is  
 the fresh cigarette!"

# Milder

## because they're *fresh*

### CAMELS are never parched or toasted!

**FOLKS** who smoke really fresh cigarettes made from choice sun-ripened tobaccos never have to give a thought to their throats.

That's because such fresh cigarettes retain natural moisture—and are gratefully smooth, cool, throat-friendly, *mild*.

Camels are the *fresh* cigarette—everyone knows that now—they're blended from the finest Turkish and mild Domestic tobaccos that money and skill can buy.

We would never dream of parching or toasting

these choice sun-ripened tobaccos—that would only drive off or destroy the natural moisture that makes Camels fresh in nature's own mild way.

The Camel Humidor Pack protects a fine cigarette fresh with natural moisture—it could do little or nothing to freshen a cigarette that is dried-out or factory-stale.

If you smoke for pleasure, see for yourself what freshness means in mildness and flavor—switch to Camels for just one day—then leave them, if you can!

**Grand Jury's Final Report**

Comes now the Grand Jury duly impaneled for the October Term, A. D. 1931, of the District Court of Donley County, Texas, and submits this its final report:

1. We have been in session for five days, and have inquired diligently into all violations of the law that have come to our knowledge and have heretofore returned into open court four felony indictments and we herewith return into open court four felony indictments.

2. We have visited the County Jail and find the same in excellent condition, and wish to compliment the Sheriff's department upon the condition the jail is kept in.

3. We find the conditions of the county generally as to law violations to be in excellent conditions and we wish to compliment the officers in charge of law enforcement and running down crime for their vigor and alertness in the exercise of their duties as we believe this is responsible for conditions.

4. We earnestly recommend to the Commissioner's Court of Donley County that the books of the County be audited at the earliest possible moment, so that all may know the financial condition of the County.

5. We wish to thank the Court for his instructions to us on violations of the law, and what constituted violations of the penal law. We also wish to thank the District and County Attorneys, the District Clerk, the Sheriff's Department, and all bailiffs of the Grand Jury for their assistance during our deliberations.

We have finished our labors and ask that we be finally discharged. Done at Clarendon, Texas, this the 16th day of November, 1931.

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

### Celebration of Armistice Day

How we did appreciate that half-day holiday we got November 11th, and we wish to say to the Trustees that we appreciate their being so considerate of us.

It seemed that most of the faculty and students chose to celebrate the day in the same way, for most of them attended the Clarendon-Memphis football game. Among those present were:

Mr. and Mrs. Thomasson, Mr. Waldron, Mr. Weatherly, Miss Potter, Miss Garland, Miss Hill, C. A. Thomasson, James Reynolds, Guy Moore, Harold McDaniel, James Bullard, Noble Eddings, Bill Shaw, Gerald Whately, and Leroy Leathers.

The small towns are usually accused of being jealous of the larger towns, but this is not true between Clarendon and Lelia Lake. Although we do not have a football team of our own, we are always glad to see Clarendon win the games.

When we meet Clarendon in basketball games we feel that it is a friendly rivalry, which makes the association very pleasant for us.

### A Word from the Superintendent

School is moving along nicely. However, we have been handicapped some by the cotton picking season. We are hoping all the students will soon be back in school. It will be necessary for those who have been out to do extra good work if they are to make their grade for the year.

Next week marks the end of the second month of school. We are hoping that our next report cards will show up better than the first.

Our seniors are practicing on their play which they hope to give before Thanksgiving. Our pupils are very proud of their page in the Leader and we are planning to make it better from time to time.

We are very proud of the books that have been donated to our library by the Rotary Club, Miss Potter, Miss Altha Knox and others. We appreciated these books more than we are able to express. Thanks again for them.

### Armistice Program at Chapel

Last Wednesday being Armistice Day, the Lelia Lake school had a patriotic chapel program before dismissing for a half holiday. We sang some of the songs that the soldier boys sang while in the army. Melba Bullard gave a patriotic reading. The second and third grades sang a flag song. Miss Garland and Miss Taylor had put lots of time teaching the song to their pupils and the little tots looked very sweet as they marched in with their flags. The song was enjoyed by all. Mr. Thomasson then gave a talk about the cost of the World War, both in men and money. He also gave some of his experiences while training at Camp Bowie, after which we were dismissed so that all that wished might go to the parade and ball game at Clarendon.

—Beatrice Hardin.

### Senior Play

Hurrah! Folks, here's good news for you. We Seniors have started working on our play. We are getting up an extra fine one. We sure hope everyone is planning on coming. This play has nine characters and believe me, folks, we have nine real actors.

This is a story of a girl who decides she wants a husband and so she writes to a marriage bureau. Then . . . but come and see what happens. This play is going to be put on Wednesday, Nov. 25, 1931 at 7:30. Be sure and don't miss it!

### Basketball Game with Clarendon

Last Tuesday the basketball girls played with Clarendon and in that game suffered our first defeat. To be defeated in the first game doesn't give us such a bright outlook for the future does it? Never-

theless we have several things for consolation. First, it was only a practice game in which subs took as much part as the first team; second and greatest, we more plainly saw our faults; and third, we had a grand time regardless of results.

We are going to try to remedy our faults so that in the next game we may make every one proud of our team. This will require a great deal of work because practically all of our girls are new and inexperienced.

### Boy's Athletic Report

Hurrah! The boys have most of the line-up in school now, and we are all working to make a real team for this year. The boys are all very enthusiastic.

We played a part of the Ex-Zebras Thursday afternoon, and beat them 37-10. Boy that certainly makes the old boys feel fine!

We are contemplating on motor-ing to Clarendon one afternoon next week and play the College boys. If we do, we are going to try to win, but if we are defeated, we will take it as clean sports. "Clean Sports," is our motto.

### English Workers Club

The English Workers Club met for a special meeting on November 11, 1931 to celebrate the Armistice.

The program started with a song "America." This was followed by the roll call which the members answered with a war or peace quotation. Athalee Dodson then told about the World War and its price. Mrs. Thomasson told how the war affected the people at home, and their rejoicing when the Armistice was signed. General Pershing's life was then told by C. A. Thomasson. He told of General Pershing's boyhood and his part in the war. The last Hague Conference and its efforts toward peace was told by Lorene Howard. The meeting then closed after the members sang a few war songs.

### Sophomore Club Report

On October 29, the Sophomore English Club met. The house was called to order by the president.

There was some old business before the house so we discussed that. The committees that were supposed to report, were still not ready.

We also had some new business to attend to. A motion was made that we would have dues in the club, but it was not carried.

We then had our program: Hallowe'en customs—Ruth Davis  
A reading (Why we like Hallowe'en)—Inez Wood.  
Jokes—Amos McWetley.  
A Ghost story ("The Haunted Ship")—Harold McDanials.  
Two songs—By class.

The program was very interesting and enjoyed very much. The motion was made and carried to adjourn.

—Marie Underwood.

**The Winners Club**  
"The Winners Club" met Nov. 9, 1931, with the president in chair. The minutes were read and accepted. During the business session, we had a report of the committees. The flower and color committee reported. We chose as our flower the sweet pea and our colors are pink and white. The name and motto committee reported, and we named our club "The Winners Club," with a motto "We never stop until we win." The constitution and by-laws committee reported, and we adopted our constitution and by-laws. As we were to elect new officers, we elected the president, but did not have time to elect any more. Morris Finch was elected president. The other officers will be elected at our next regular meeting. The president appointed a program committee, Sarajo Tunnell, D. W. Tomlinson, and James W. Bullard. After the business session a Armistice program was rendered as follows:

Roll call—Answered with something told to you about the World War by a soldier, or peace quotations.

Patriotic reading—Virginia Williams.

Song—Tramp, Tramp, Tramp—Geneva Robertson, James W. Bullard, Dona Mae Koen and Beatrice Hardin.

Talk—America—Rubye Jones.

Reading—In Flanders Field—Sara Jo Tunnell. Answer—D. W. Tomlinson.

Why we celebrate Nov. 11th—James Reynolds.

War story—Morris Finch.

Reading—I am an American—Billie Howard.

Song—America, the Beautiful—by all.

The program was enjoyed by all.

The motion was made and carried that we adjourn until our next regular meeting time.

**Better English Club Meets**  
The seventh grade English Club met in regular session Nov. 9. The president took charge and after the minutes were read and approved new officers were elected. Those elected were:

President—Francis Johnston.  
Vice-President—Lanelle Lewis.  
Secretary—Marie Howard.  
Correspondent Secretary—Bernice Self.

Critic—Winston Nippert.

We appointed a program committee and adopted our motto "Better the Best". A patriotic program was enjoyed. Program:

Why we have a holiday on Nov. 11th—Marie Howard.

A happy reunion—Bobby Leathers.

The Flag goes by—Vernelle Leathers.

In Flanders Field—Maxine Tomlinson.

I am an American—Francis Johnston and Bertha Lee Howth.

After our program Mr. and Mrs. Thomasson told us some interesting stories of the war.

We adjourned to meet again Nov. 24.

**Locals**  
Mr. Bobby Leathers and Mr. Jonny Leathers went to Amarillo Saturday.

The Humberd girls have returned to school. We all are very glad of their return.

Laura Mae Gerner spent Sunday with Alinae Morton.

Miss Gladys Humberd spent Sunday with Cynthia Mae Eller.

Miss Beatrice Hardin spent Sunday in Wellington.

Miss Evelyn Warren spent Sunday in Mr. and Mrs. Jones' home. She is from Amarillo.

Miss Marie Butler has returned to school today. She has been out of school for a few days, and we are glad to have her back.

We are also glad to have Miss Wilota Grimsley return to school today.

Miss Cleo Harey returned Friday to school. We hope she will stay with us for a while.

Isabell Knox missed school most of last week on account of the illness of her brother.

The following visited Wilota Grimsley Sunday: Lorene Howard, Oleta Grooms, Athalee Dodson, Cleo Usrey, Oleta Camp, Adalaide Carroll and Marie Underwood. They had a good dinner and a pleasant time.

Effie Dean Bullard visited in Turkey Sunday.

Virginia and Jane Williams and Sarajo and Mildred Tunnell called on Beatrice Hardin Sunday afternoon.

**New Picture Donated to School**  
The Lelia Lake school this past week received a very much appreciated picture of the State Capitol at Austin. It was donated by Mrs. Seery in memory of her daughter, Edna Seery.

This picture is on canvas in colors. Mr. Lane of Clarendon donated a frame and framed the picture. The picture is eighteen inches wide by twenty-two inches long.

We as pupils of Texas schools are proud of our State Capitol. It is larger than any other state capitol in the nation.

This immense building was begun on March 2, 1885. The complete building was dedicated on May 16, 1888. The capitol cost 3,000,000 acres of land which is now worth \$60,000,000.00.

The walls are made of Texas red granite. It contains 258 rooms, 900 windows, and 500 doors. The curtains in the governor's reception room alone cost \$3,000.00. One of the seven perfect mirrors in the world is in the capitol building.

Many of our pupils have never seen our capitol building but they can learn of it here. We hope they may all see it some day.

**A Welcome Visitor**  
Mr. Morris of Turkey visited in our school Thursday. Perhaps I should say he visited Mr. Waldron, with whom he had attended Clarendon College several years ago, but we all enjoyed his visit after we found out that he wasn't an inspector or some one to murder us.

The arithmetic class especially enjoyed his visit. He told us how arithmetic began and how the various signs that we now use originated.

He visited in most every class room and made quite "a hit" with the boys by playing ball with them. We hope that he will come again.

(The following themes were written by sixth grade pupils).

**Traveling Then and Now**  
In the days of the Prairie Schooner when the people wanted to take a journey, they traveled in one or else a covered wagon. The prairie schooner was simply a covered wagon fitted with beds and other living necessities in which the driver placed his entire family and started for a distant farm. It was no uncommon thing in those days to see a number of these wagons, one behind the other, making their way through the unknown plains of Texas. Many times, hundreds of these wagons were captured and burned by the savages.

Now a man puts his entire family in an automobile and drives hundreds of miles in a day in safety, unharmed by the weather or the savages.

—Millard Cruise.

**Card of Thanks**  
In appreciation of the loving kindness shown our dear wife and mother during her illness, and the lovely floral offerings at her death, we wish to thank our many friends and neighbors. May God's richest blessings be with you all in your darkest hours.

Finis Harp and Children.

H. Bural of Plains was in town Monday. He had charge of the Yoakum county exhibit at the State Fair this fall.

—Laura Mae Gerner.

**Wake Up Your Liver Bile**  
—Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. ©1931, C. M. Co.

**SILVIA FRANCES HARP**

Mrs. Harp, an account of whose death appeared in the Leader last week was born January 31, 1895 and was aged 36 years, 9 months and 12 days at the time of her death.

She was married to Finis Harp on December 10, 1912 at Chillicothe, Texas. To this union seven children were born, six boys and one girl. They are Jesse, Earnest, Andrew, Roy and Raymond, Vera, Billie Earl, all of whom survive her. Also her father, Mr. and Mrs. J. L. Killebrew, and stepmother, Mrs. Anne Killebrew of Breckenridge; a sister, Mrs. R. W. Harp of Gainesville. These are the only near surviving relatives, all of whom were with her during her last illness.

Clarendon has been the family home since 1912. It was here that Mrs. Harp learned the duties of wife and mother and it was here that she made numerous friends. She was a devoted christian and an active worker in the Baptist church being teacher of the Cradle Roll class at the time of her death.

Her kindly ministrations endeared her to many. The little folks who greeted her on Sunday mornings will miss her just as her own little ones will miss the mother at home where a mother's sacrifices and devotion added to the sum of happiness of the members of her family.

When all that skill and loving care had failed to prolong her life, her remains were tenderly taken to the Baptist church where she had worshipped, and in the absence of her pastor, Rev. R. S. McKee, pastor of the Presbyterian church, spoke the last words in paying tribute to the mother who had kept the faith and gone to that home not made with hands.

**OUT OF PLACE IN YOUR ENGINE!**

PETROLEUM JELLY—an honored remedy in every family medicine chest—but what a trouble-maker in your motor oil!

For when you step on the starter in winter—it is petroleum jelly that makes your oil stiff and unresponsive. And when your engine warms up it is petroleum jelly that makes your oil water-thin.

Petroleum jelly has virtually been stripped from Sinclair Opaline Motor Oil—a new process requiring specially designed refrigerating equipment, operating at as low as 60° below zero—a much lower temperature than is required for just removing wax. All grades of Opaline are refined for year-around use—(See Sinclair Law of Lubrication booklet which we will gladly give you).

clair Law of Lubrication booklet which we will gladly give you).

We sell Sinclair Opaline according to the Sinclair Law of Lubrication. This law is based on the fact that the space between piston and cylinder wall is widened by wear. The grade of oil which filled this space at 3,000 miles cannot safely bridge the gap and prevent gasoline dilution at 15,000 miles.

Sinclair Opaline is refined from selected paraffin base crudes in various grades—one of them is designed to fit your engine according to its present state of wear. Your speedometer will tell us the grade you require.

## MARTIN CANNERS DISPOSE OF BEEF AT TURNBOW HOME

County Agents Continue Beef Canning Schedule in Many Donley County Homes

An all day club and community meeting was held Thursday in the home of Mr. and Mrs. J. B. Turnbow of the Martin community for the purpose of demonstrating the best methods of preserving beef for future use.

The butchering the day before was done under the guidance of county agent, T. R. Brown who again returned the next morning to demonstrate the best methods of cutting up the carcass, fifteen men being present.

The canning process was supervised by Miss Martha Buttrill, county H. D. agent. During the day three-fourths of the beef was canned. Ninety containers were required for this process of the No. 2 can size, and twenty-four No. 3 cans, or a total of one hundred and fourteen cans.

At present market prices, three-fourths of the beef was worth on foot \$9. The canned products represented a value of \$59.40 at present market values.

Some fifty women were present for the canning demonstration, 18 of whom were regular club members. There was a bounteous lunch served at noon, each lady being a contributor of a dish.

## DAVE BOWERS—

through tacks in his shoes. Since there was no chance to receive a shock near where the body was found, officers believe that he was killed at some other point and his body thrown from the bridge.

The body was found by J. M. Hood, employe of the highway department, who was inspecting the river bed. He stated that no tracks appeared near the body. Bowers' shoes showed black mud while the soil near the body was white sand.

Dave was the son of I. N. (Newt) Bowers who formerly lived west of town, and was well known locally having achieved quite a reputation as a rider in rodeo contests. The family moved to Wheeler county a few years ago where Newt Bowers became sheriff.

## Goldston Pie Supper Crowd Entertained With Music

Friday being the 13th did not dampen the efforts of the Goldston folks in putting on a pie sale, the receipts from which amounted to \$55.40 which will be spent on athletic equipment.

The men folks matched the array of pies with cash and check books while music that is "felt in the bones" was furnished by John Spier, Q. W. Walling and Mrs. H. L. Earthman.

M. W. Mosley of Clarendon as auctioneer warned against any mention of a depression and bashfully managed to say enough to get the job done in great shape.

A novel part of the sale was the sale of gift boxes contributed by the following merchants of Clarendon: Greene Drygoods, Little Mercantile, Silver Mint, Rathjen's, Hanna-Pope, Douglas-Goldston, Stocking Drug Store, Kerbow & Sons, Clarendon Furniture, M System, Piggly-Wiggly, Armstrong Grocery, Clifford & Ray, Hill-Mixon and Johnson grocers at Goldston, all of which was appreciated by the Goldston community. And more especially do the teachers and pupils appreciate the favors shown the school.

E. F. Bryan of Amarillo visited relatives in Clarendon Monday.

## Meat Canning Recipes Are For Sale This Week

Recipes for canning the various kinds of meat as used in the demonstration club work have been printed in the Leader plant and may be had at twenty cents each to cover cost of production.

These recipes cannot be had from any other source is the reason the Leader has printed them that every one may have an opportunity of getting this information at small cost.

The recipes tell you plainly how to can roast, steak, liver paste, stew, etc. You can also learn how to make meat loaf, chili, hash meat and keep it in cans. Only a limited amount has been printed and we suggest that you call at the Leader office at once if you want this information.

## BIG CROWD—

(continued from front page)

or present. He will be 81 on the 29th of this month. His great grandson, John Manly Bryan, aged two and a half years, was the youngest son present. Both of these honor winners also figured in a four generation group again winning honors. The four generations were represented by C. A. Bryan, E. F. Bryan of Amarillo, Allan J. Bryan and his son John Manly of Clarendon.

Two fathers again showed up with five sons each following their annual custom. I. Ballew of Clarendon and his sons Earl, Wilson and Fred of Amarillo, and Elba and Donald of Clarendon again made a fine showing as a representative family of good citizens.

J. C. Estlack and his five sons Alfred, Eugene, Phifer, Homer and Wayne represented the second group of father and five sons.

Two quartets appeared on the program, the first being sung by James Smith, Elbert Bowen, Bill Word and Sam Cauthen. Dr. O. L. Jenkins, Arch Dyer, G. L. Boykin and R. E. Drennon sang the second number with Miss Rhoda Wiedman at the piano.

In the election of officers for the coming year, Dr. B. L. Jenkins was the unanimous choice for president, and Frank White Jr. was just as popular as his running mate being elected vice president.

The committee on which two fathers and two sons are represented resulted in Elba Ballew, T. F. Connally, James Smith and 'Snooks' Andis being delegated all the authority necessary to make a howling success of the next banquet affair.

Excellent music was furnished by Gus Stevenson and his orchestra throughout the evening at intervals and was a very pleasing part of the program indeed.

Again the ladies of the Christian church pleased the entire 167 with a turkey lunch and the trimmings that placed the crowd in excellent mood for the program that followed.

## Actions of Thieves Warning To Poultry Growers

Regardless of what one might measure out to a turkey or chicken thief as an appropriate method of punishment, some method had best be devised or locks placed on all poultry houses lest the owner get up some fine morning and find the flock missing.

Some few petty thefts have been reported, but the biggest haul at the farm of S. T. Clayton in the Sunnyview community Thursday night when a truck was used in carting off 48 head of their fine flock of turkeys.

## SANTA CLAUS—

(continued from front page)

He will be in Clarendon on the different dates. He makes his first appearance here on Saturday, December 12th. Write that date down right here, little folks, you may forget it.

His next date to visit Clarendon will be on the following Saturday of the 19th and again on Saturday of the 24th. He's generous this year with his visits and is doing this that every little boy and girl may get something. Some may not be able to get out the first time, or even the second time, but if you get out to see him all three times, you are just winner—that's all.

In the meantime, write Santa a letter. Bring it to the office of the Donley County Leader. These letters will all be given to old Santa before he gets to town and give him an idea of what the folks think about him. Your letter will be printed in the Leader too. Write plainly on only one side of the paper and write your name just as plainly as you can so that Santa Claus can be sure to read it. Bring or send the letter to the Leader office and Santa will do the rest.

A small twister damaged the Junior High School building at Childress to the extent of \$15,000. Buildings at Panhandle at the same time were damaged \$6,000.

## Toy Repairing by Boys Class For Needy Little Folks

A worthy suggestion has been made by the boys of Mr. Boykin's agricultural class in that they be permitted to repair toys that they may be given to needy children at Christmas time.

These worthy boys ask that you leave any toy contributions at the City Hall from where they will be collected, repaired and painted and gotten ready to make some needy boy or girl have a real Santa Claus visit when all the rest of the folks are enjoying the pleasure that the Yuletide brings.

Mrs. R. I. McGowan and Fannie spent the week end at the C. H. Reynolds home at Lelia and were joined by Mr. McGowan Sunday when they joined the congregation at the Church of Christ to hear Elder D. L. Hukel preach.

Having moved back to the shop which I formerly occupied in the Holland Building, a share of your general auto repairing will be appreciated.

I have plenty of tools and machinery with which to turn out a good job and will back every repair made with my reputation as an auto mechanic covering a period of over ten years in Clarendon.

An estimate of your overhauling job costs you nothing. Come in and let me make you a price.
