## License Plate Purchases Are Behind Schedule

Stating that purchase of new license plates is way behind schedule, tax office officials, this week urged that car and truck owners buy plates now and avoid the long waiting lines of a last minute rush.

Car owners are reminded that they must have their certificate of title and are requested to bring along their last years registration slip. You are reminded also to bring along the cash to pay for the new tags.

New regulations govern the issuing of licenses for all types of farm and commercial vehicles. Therefore farmers are asked to have ready the speedometer reading of their truck or pickup when they come to buy a license. If the speedometer is broken, the owner should be ready to make an estimate of approximate mileage on the truck or pickup.

Up to Wednesday night, only 341 car tags had been purchased and only 97 truck tags. You must not forget another important item: you must have the new tags on your vehicle by April 1st or not get caught using it after that date.

## Fighting Men To Have Music

G. I. Joe is not only going to continue blasting Japs and Nazis at an ever-increasing rate, but he is going to do it to music—thanks to a nation-wide campaign to collect musical instruments for the boys across the seas. This campaign, now going into its final week, is being sponsored in Clarendon by the Memphis Coca-Cola Bottling Co. at the request of the War Department.

Small instruments such as harmonicas, ocarinas, accordions, guitars, banjos, etc., are particularly needed. Those wishing to donate are asked to take them to any "Coca-Cola" dealer. "Coca-Cola" trucks will pick them up and forward them to the Army, which will send them overseas at once. In Clarendon there are hundreds of musical instruments that would delight the hearts of lone-some soldiers. Everyone is urged to dig down in basements, attics and storage rooms for those musical instruments that aren't being used and take them to the nearest "Coca-Cola" dealer.

"There are few if any comforts around a foxhole. The least we can do is give our boys a little music," according to Carl Allmond, manager of the Memphis Coca-Cola Bottling Co., who is in charge of the local campaign.

## Mrs. W. T. Clifford Injured In Fall

Mrs. W. T. Clifford was found unconscious on her basement floor Tuesday afternoon by the lady who stays with her. It was presumed that she had started down the basement stairs and fell, cutting a gash in her head and bruising across the right temple. Full extent of her injuries could not be fully determined, but it was found also that she had pulled several ribs loose. She remained unconscious until Wednesday at which time she was reported to be doing only fair.

## "A" Gas Slash Now Effective

March 22 "A" gasoline rations for this section of the country were reduced from three to two gallons a week. There will be no change in the value of the existing coupons, but "A-11" coupons and others becoming valid in the future will have to last three months instead of two. This announcement was made by the Office of Price Administration last week.

## Fishing Season To Open April 1st At McClellan

Bass and crappie fishing will open in certain Panhandle counties this year April 1st, instead of May 1st, to allow Texas State Game commission and government officials an opportunity of studying fishing conditions and restocking requirements of the testing area, it has been announced by officials of both departments.

The new ruling affects all of the six government lakes of this region which includes Lake McClellan, which is the nearest lake to us here. Bert Howell, concessionaire at Lake McClellan, reports that everything in the way of boats, baits and other fishing facilities are in good shape to get the season started off right. He also reports that at the present time, anyone is allowed to take any amount of the cats, excepting channel cat, at the present time and also reports that they have been biting exceptionally well and are unusually fat.

Another ruling, long advocated by those who know fishing conditions, will be tested this year in allowing fishermen to retain all bass and crappie caught which are below the legal limit in size. It is believed in allowing fishermen to keep the smaller fish caught it will improve fishing conditions of the Panhandle waters and afford for bigger fish in the future.

## Memorial Fund Still Growing

Despite a general lay-off, due to the current Red Cross drive, the Memorial Fund still continues to grow and this week finds the fund swelled a little more than last week. Memorial fund committees will become active again just as soon as the Red Cross drive has ended, and will call upon the people to make possible the aim set forth in the beginning.

## WILLIAM E. PATMAN COMMISSIONED

Among those graduating recently from the Big Springs Army Air Force school was William E. Patman, who is now a second lieutenant as bombardier-navigator. Lt. Patman spent 18 weeks of intensive training before he received his commission. He is a son of Mr. and Mrs. W. M. Patman of this city. Having been trained as an aerial gunner, Lt. Patman is now a triple-threat man and can now command any three of these positions with deadly accuracy as a crew member of the giant bombers.

## CHANGES MADE IN GASOLINE RULES

Beginning April 1, the five-gallon "R" gasoline coupon for non-highway users will be good for purchases at "authorized filling stations," as well as for gasoline purchased at bulk plants or delivered to private storage tanks, OPA announces. The "A" ration for motorists is now two gallons weekly in all parts of the country.

## Game Warden To Live Here

F. O. Garner, new State Game Warden for this district, was here the first of the week making arrangements for living quarters with the intention of moving his family here as soon as that matter was settled.

Mr. Garner is not a new-comer to many Clarendon residents as he formerly resided here some 20 years ago, and he also attended the old Clarendon College. It was at that institution that he chose to become a Methodist minister and which profession he has followed up until the present when he accepted the Game Warden job.

The district which comprises his jurisdiction includes eight surrounding counties and Donley county. He has already promised to keep the sportsman posted on all rules and regulations so that he will not have to do any pinching and spoil the outdoor fun of anyone.

The Leader force joins with the many other Clarendon residents in welcoming Mr. Garner and his family back to our fair city.

Dr. Ingham of Amarillo visited his sister, Mrs. Millard Word Friday. He took their mother, Mrs. Ingham to her home at Canyon.

## Pioneer Lady Dies Early Wednesday

Clarendon lost one of her earlier pioneers early Wednesday morning in the sudden death of Mrs. Carrie L. Wiedman. She passed away at her home here at three A. M. following a heart attack.

Mrs. Wiedman was born July 22, 1864 and married Fred Wiedman in Philadelphia, Pa., Sept. 5, 1885 and six years later they moved to Texas, where their home was established. She has been a resident of the state and of Donley county for the past 54 years and had acquired the love and friendship of many Clarendon residents embracing several generations.

She is survived by eight children, all of whom are living. They are: A. C. Wiedman of Kiowa, Kansas; Mrs. L. W. Hardesty of Milwaukee, Wis.; Bill Wiedman of Beaumont; R. T. Wiedman, P. F. Wiedman, Mrs. Julia Heuer, Helen and Rhoda Wiedman all of Clarendon.

Funeral services have not been completed at this time, pending the arrival of the family. Buntin Funeral Home will be in charge of arrangements.

Mrs. Lon Rundell visited Mrs. Haskell Kemp at Amarillo Friday. Mrs. Kemp is in the hospital for medical treatment.

## Red Cross Field Men Tackle Yanks' Problems Overseas

One of the very important functions of the American Red Cross is the direct communication it affords between the fighting man and his people back home. Here Red Cross Field Director John L. Barnes (left), of White Plains, N. Y., gives a message to Sgt. William J. McDonald, Jr. of Mamaroneck, N. Y. Picture was made in Sicily outside a straw Italian hut with the rear headquarters of the 1st Division near Mt. Etna.

On Masera Island, up in the Persian Gulf, where there is not a single tree standing and the wind blows across the island ceaselessly, Red Cross field men brought fishing tackle, books and writing paper to service men. Most welcome gift from the Red Cross was clippers for hair cutting—the boys had been without a barber for months.

In Persia, a Red Cross Field Director was able to locate a soldier's mother who he hadn't seen for 25 years.

In Africa, Red Cross field men flew in Army planes, hitch-hiked in supply trucks, bumped in jeeps over bombed convoy routes, through blinding sand storms and glaring sun to help men with personal problems and emergency communications, and to deliver magazines and books, cigarettes and chocolate to isolated posts and bases.

In Italy, Red Cross field men accompanied the troops in on the invasion barges.

In India, a sergeant was sentenced to the guard house for disorderly conduct. His officer couldn't understand the boy's behavior. He was a nice kid—he'd never gone to pieces before.

The officer asked the Red Cross Field Director to see him. The Red Cross man discovered a very worried boy. His wife had not been receiving his allotments, she wasn't well and needed an operation. She thought the soldier must have cancelled his allotments and a misunderstanding had arisen between them so that she was no longer writing him.

The field man got in touch with the Red Cross chapter in the boy's home town immediately. It took care of her, financed her operation and saw that she had adequate funds to provide for herself until the allotment again came through. When the Red Cross man explained what had happened to the soldier's Commanding Officer, the latter promptly released the boy from the guard house. From then on the boy was all right. His worries were over, and the Army had gained a good fighting man.

All over the world, in every theatre of war and active battle front go the American Red Cross field men—helping soldiers with major and minor personal problems, bringing them recreational items such as magazines, books, comfort articles, athletic equipment and re-establishing their contact with home. These men share the conditions and hazards under which the soldiers fight. They also share their lives. They are on call day and night whenever they are needed.

G.I.'s overseas have many problems. Their home seems very far away. With the Red Cross there at hand wherever he may be, the soldier knows he can always get in touch with home—that he need never feel alone with problems he doesn't know how to solve himself. More than 3,000,000 service men passed through Red Cross field men's offices last year.

On the mud clogged roads of Italy, through the far jungles of New Guinea, on lonely desert posts, Red Cross field men take your place beside your boy. In order to continue this service, the Red Cross urgently needs contributions from the American people to its \$200,000,000 War Fund drive this month.

## RATIONING AT A GLANCE

By PEPPY BLOCKER

Universal Pictures has recently released a movie short, "Prices Unlimited", featuring Leon Erroll. A great many of you probably saw it at the Pastime last week. This picture was made for the OPA and we hope those of you who saw it will remember the theme it attempted to put across—"Don't buy another depression."

Although all reports of the Nationwide Emergency Survey have not come in for Donley County, price panel assistants who have completed their surveys show all stores up-to-date in perfect compliance. This is a grand record and our hats should most surely be off to our grocers.

Mrs. Harold Phelps is now associated with the local War Price and Rationing Office as Price Clerk. Remember she is there for your benefit and any time you may have some question concerning Price or Price Control, Mrs. Phelps will be happy to help you.

Have you endorsed your gasoline coupons? Failure to do so may result in both embarrassment and inconvenience. Endorse all coupons now!

## WORTH WHILE COMMENTS

BY COUNTY AGENT Charles O. Reed

### Orchard Work Delayed

J. F. Rosborough, Extension horticulturist for Texas A&M College, reminds us that unfavorable weather conditions have prevented most orchard owners from doing their early spraying and pruning. He warns that both young and bearing trees should be pruned before the growing season is fully underway. Even though the trees may be in full bloom and beginning to leaf out, this work should still be done. Young trees should be pruned for shape and bearing trees should be pruned to stimulate growth and to thin out fruiting wood. This thinning of fruit wood will improve the size and quality of the fruit.

Mr. Rosborough also reminds us that this is the proper season for applying fertilizer to orchards. One and two year-old trees should receive a pound or two of commercial fertilizer and the older bearing trees should receive three or four pounds per tree. The applications should be made away from the trunk under the outer branches, and the material should be worked well into the soil.

The worm which is too often found in the ripe fruits of Texas is the larva of the curculio which lays its eggs in the fruit early in the season. The first spray for curculio control usually is put on when about three-fourths of the blooms have fallen, and in many localities this stage has past. Mr. Rosborough advises, however, that this application still be made. Fortunately for the orchard owner, the same weather conditions that have been unfavorable for early orchard work have also retarded curculio activity. The curculio will leave his winter quarters and start his feeding and egg laying activities as soon as warm weather and sunshine arrive. Therefore the first spray should be applied as soon as weather conditions permit but not during freezing weather.

### AT CARLSBAD FIELD

Second Lieutenant Rex O. Shannon, who formerly lived near Clarendon has reported for duty at the Carlsbad Army Air Field, Carlsbad, New Mexico. He is the son of Mr. and Mrs. W. F. Shannon who live near Plainview. Lieut. Shannon was commissioned on Feb. 8, 1944 upon completion of cadet training at Ft. Sumner, N. M.

## DONLEY CO. RED CROSS QUOTA STILL \$900 SHORT OF GOAL

### ROBERT LEATHERS NOW SECOND LIEUTENANT

Aviation Cadet Robert Leathers son of Mr. and Mrs. H. K. Leathers of Lelia Lake, was awarded the gold bars of a second lieutenant last Thursday at graduation exercises of the Army Air Forces Training Command School at Yale University.

Rated as a Technical Officer in Communications, he is now prepared to assume duties with tactical units of the Army Air Forces, according to Col. Raymond J. Reeves, Commanding Officer.

Lieut. Leathers will shortly be assigned to a tactical unit where he will be in charge of maintaining the Communication of his outfit. He will head a group of enlisted men specialists. It is groups such as these that are enabling the AAF to operate in a well-knit campaign over Europe.

Lieut. Leathers received his Bachelor's degree in Music in 1940 from North Texas State College, Denton, Texas. He sang for a season with the famous a capella choir. For the past three years he served as director of music for the McCamey, Texas, public schools. While in college he was elected to membership in Kappa Delta Phi, a national honor organization in education.

Lieut. Leathers is a nephew of D. E. Leathers whose family was declared the Typical American Family who were so highly feted in New York during the World's Fair.

### LELIA LAKE CHURCH OF CHRIST TO HOLD REVIVAL

A revival will be held at the Lelia Lake Church of Christ beginning Friday March 31st and lasting through April 9th. J. L. Moyer, minister of the Pioneer Park Church of Christ of Lubbock, will do the preaching, and Olen Usrey will have charge of the singing. Everyone is cordially invited to make their plans to attend the meeting. The services are to begin at 8:15 each evening.

## College Play Set For March 31

The Clarendon Junior College will present its annual play Friday night, March 31. The play, "Dude Ranch", is packed with laughs and entertainment that everyone, young and old, will enjoy. The cast has been working hard in preparation for the event, and it is expected to be an evening of delightful entertainment. Tickets for the play will be on sale soon. The price of admission will be fifteen and twenty-five cents. The college hopes to have a large audience out to share their fun in presenting "Dude Ranch".

### DEFERMENTS TO BE MORE EXACT

Occupational deferments must be more exacting, particularly with registrants under the age of 26, in order to meet calls of the armed forces, the Director of Selective Service has notified local boards. The combined strength of our armed forces has been fixed at 11,300,000 by July 1, 1944, and as of February 1, some 9,352,000 had entered military service.

### FORMER RESIDENT DIES IN CALIFORNIA

Adna Burket, former Clarendon resident, contractor and former employee of public school system, died at his home in Lynwood, California, Sunday, Feb. 20th.

Mr. Burket moved to California nine years ago. Services were held there Feb. 24th with burial in Woodlawn cemetery.

He is survived by his wife, Elizabeth; one son, Charles of Palm Springs; three daughters: Ada Holly and Christine Crawford of Hammond, Indiana and Ruth Roper of Lynwood.

Stating that \$3,900 has been collected in the Red Cross War fund drive in Donley county, Lee Bell, war fund chairman, today urged that every person who has not yet been solicited for the Red Cross drive, come by the Pastime Theatre and leave his donation.

This \$3,900 probably does not represent complete collections to date, Mr. Bell stated, pointing out that no report has yet been turned in on the drive from some of the rural communities. "However, because of transportation difficulties," he said, "we know that it will be hard for the rural workers to visit every home in their community." He especially urged rural people to be their own "volunteers" and turn in their donation within the next few days. He also asked that all workers try to get their job done by this week end if possible and turn in their report.

"Our quota is \$4,800," Mr. Bell stated, "and we are not over the top by a good bit yet; however, I believe that people do not need to be sold on the Red Cross, and our balance at this time is caused by some of us putting off the matter of making our donation at an early date."

Every citizen who has not yet donated is urged to make it a personal responsibility to turn in Red Cross donations—immediately—at the Pastime Theatre or to any of the district workers.

### SCHOOL CENSUS REPORTS MUST BE TURNED IN BY APRIL 1

Supt. H. T. Burton expressed the fact again this week that all census enumeration must be completed by the end of this month. This means that if you have a child that will start school or be 6 before Sept. 1st, must be turned in at this time instead of at the beginning of school which will be too late for our school to benefit from the state aid of \$25 per school age pupil. The census also includes those who have not reached their 18th birthday before the 1st of September. Names of young people who are married but still under 18 by Sept. 1st should be turned in to get the state allotment of \$25.00.

### ALLEN C. GRUNDY DIES AT MEMPHIS MONDAY

Allen C. Grundy, 46 years old, county attorney, former mayor and member of Hall County's most prominent families, died of a heart attack in a Memphis hospital early Monday. He was stricken in his office at the courthouse Saturday morning.

## Cold Wave Fails To Damage Fruit Crop

Dismay befell the orchard owners of old Donley county with the advent of the low temperature beginning Saturday night.

Though the temperature remained from 22 to 26 above over several nights, fruit buds and blossoms escaped serious damage as if by a miracle. This fact was ascertained today when a number of trees in different localities were examined to ascertain what damage had been done.

The earliest blooming apricots showed slight damage. Apricots just budding out, showed no damage whatever. Peaches and other fruits appear to be safe so far as past calamities are concerned.

Those who believe that only a light moon can save a fruit crop are changing opinions today because the past week of freezing period came in the dark of the moon.

Some early garden plantings were damaged, but even this is largely confined to beets. Other garden varieties appear to have suffered no damage, and this miracle of escape also applies to weeds including Canadian thistle, goat heads and other nuisance growth.

**LIBRARY NOTES**

By Mrs. C. A. Burton

China Book Week is from March 25th through the 31st—and the Office of War Information has asked for it!

The United States never accorded such ovations to any visitor as to Madame Chiang Kaishek. She was the epitome of what centuries have taught in social graces and in philosophy. In the present generation social changes have taken place in China as incredible as those in our own country. China is no longer isolated. She invites the future.

Many of us have most of our knowledge of China from Pearl Buck's stories and from Lin Yutang, the Chinese author and philosopher. Then the trilogy of stories by Alice Tisdale Hobart and the two books by Nina Fedorova portray Chinese life well, as does Cronin's "Keys of the Kingdom."

Dr. Doo is the librarian of China's national university, Sun Yat-sen University, now in Kuangtung. When he realized that invasion was really coming, he had only three days in which to remove the library with its collection of 210,000 books and 90,000 periodicals. In the three days he succeeded in boxing 50,000 volumes. They were taken 3000 miles into the interior. Ten miles of this

was by pack-horse. Such devotion to learning by a people whom we have thought of as a "heathen people."

Robert Douthat Meade, professor of history at Randolph Macon College, Lynchburg, Virginia, has won the 1943 Southern Authors Award for his life of Judah F. Benjamin, Confederate Statesman. The award is made annually by the Southern Women's National Democratic Organization in New York—and goes to the Southern author of the most distinguished book on some aspect of the South.

Alice D. Miller, who died in August, 1942, is said to have left a net estate of \$268,465—with her husband and son as chief beneficiaries.

The first veterans' hospital library on record in the U. S. was established just after the Civil War in the Soldiers' Home at Togus, Maine.

Everybody remembers Dale Carnegie's "How To Win Friends and Influence People" which led all best sellers not so long ago. Not so many read the answer to it "How to Lose Friends and Alienate People", though it was highly publicized. But now comes the news through the daily press that the author of the latter, Irving D. Tressler, 35 years old, and author of several other books and a former magazine columnist, committed suicide at his home in Shorewood Hills, Madison, Wis.

Nearly 700,000 combination song and religious service books have been ordered for the use of Army Chaplains, containing various prayers, services, favorite hymns and patriotic airs, and are grouped conveniently for the Protestant, Catholic or Hebrew service.

To our surprise we find that the publishers have been out of stock of "Lassie Come Home" for several months. This gives evidence of two things—the popularity of the story with its phenomenal sale and the result of wartime restrictions on printing.

**Jarris T. Brock Writes Mother**

EDITOR'S NOTE—The following letter was received recently from Pfc. Jarris T. Brock, son of Mr. and Mrs. C. H. Brock of the Goldston community. He entered the service as a Marine March 16, 1943. He has been serving in the South Pacific area since December of that year. This is the first letter received from him since December 24, 1943.

Dearest Mom:  
Just a few lines today in answer to your letters received the other day. I was surely glad to hear from you and that everyone was well.

I'm getting along just swell. I'm at a rest camp now and having lots of fun.

Tell Bob that I wish he had been with me when we landed on the Marshall Islands. We would have showed them how we could work together. We landed on my birthday, so you can imagine how I enjoyed it. I hope I can celebrate my next birthday in peace. I want to be with you by my next birthday though just keep your fingers crossed.

How is Eunice and the kids getting along? Fine I hope. I got a letter from her the other day and was surely glad to hear from her. I wish she would write more often and you too. Boy, a letter does a guy lots of good and I wish I could write to you more often but just can't.

Tell Willa and Iva that I will write to them soon as I can but for them to keep the letters coming my way.

Well, Mom, there isn't much to write about. We are having lots of rainy weather and it surely is cool at night. Well, I will sign off for now hoping to hear from you soon.

Love, J. T.

**OIL-PLATING YOUR ENGINE**  
is like outdoing the future—today

"A bird in the hand" is worth a whole flock of 1950 cars with wings—or even more moderate 1945 models that aren't here yet either. Better grasp the big advancement that's ready now... Better have your engine OIL-PLATED!

Conoco N<sup>th</sup> motor oil, for your needed Spring change, at once brings your engine internal OIL-PLATING—the foe of cursed engine acids. These unavoidable "leftovers" of combustion were a menace even when partly driven off by the steady heat of long trips. But rationing brought short jumps, with overcool operation that magnified acid attacks. It's high time now—in any car, under any conditions—to check rampant acids. And you'll succeed with Conoco N<sup>th</sup> oil, containing an advanced synthetic. This acts "magnet-like"... makes metals attract and hold their acid-resistant shield of OIL-PLATING.

Though your engine's cool or hot—running or not—the OIL-PLATING doesn't all promptly drain down to the crankcase. And where there's OIL-PLATING, the acids that want to destroy are told to "Keep Off!" That's how Conoco N<sup>th</sup> oil can advance your car's chance to keep going. Change for Spring today at Your Mileage Merchant's Conoco station. Continental Oil Company

**Use Peanut Butter**

Use peanut butter to replace part of the fat in baking powder biscuits, cupcakes, or cookies. For the biscuits, replace two of the tablespoons of fat with four of peanut butter; in cupcakes use half of the fat called for in the recipe and make up the difference with peanut butter; and for drop cookies, use the peanut butter as substitute for all the fat.

**How JIMMY & JUDY Made The Music Go 'Round and 'Round for UNCLE SAM**

IT TELLS HERE IN THE PAPER THAT THREE SEABEES WERE LOST IN THE JUNGLE AND TOOK TURN PLAYING AN OCARINA FOR TWENTY DAYS, TILL THEY WERE RESCUED—

OH BOY—WHY DON'T WE SEND POP'S OLD HARMONICA TO SOME SOLDIER OVERSEAS!

WOW! THAT'S A PEACH OF AN IDEA! AND ALL WE HAVE TO DO IS TAKE IT TO MR. MURPHY AT THE CANDY STORE WHERE WE GET OUR "COKE"—HE KNOWS JUST HOW TO SEND IT—

HOT DIGGETY—HERE'S OUR OLD ACCORDION TOO—AND LOOK! IT'S STILL GOOD—LET'S SEND THAT ALONG—

REMEMBER HOW UNCLE JIM USED TO PLAY "THE BLUE OF THE NIGHT" OVER AND OVER ON THIS—AND NOW HE'S WAY OUT IN GUADALCANAL WHERE THERE'S NO MUSIC AT ALL, I GUESS!

AND LOOK, JUDY, HERE'S THAT LITTLE FLUTE THAT YOU PLAYED IN THE FOURTH OF JULY PARADE—LET'S SEND IT ALONG—

COME ON, JIMMY—NOW LET'S COVER THE BOOK AND SEE WHAT THE NEIGHBORS HAVE

DO YOU THINK THIS BIG BAZOOKA MIGHT SCARE A JAP, MR. MURPHY?

SURE THING, AND BELIEVE ME—SOME HOMESICK YANK WILL GIVE YOU KIDS A HAND FOR THIS—GOSH—HERE COMES THE "COKE" TRUCK FOR 'EM RIGHT NOW—

BE SURE TO GIVE MY FLUTE TO SOME NICE WAG

SURE THING—SIS!

**HERE'S HOW YOU CAN HELP!**

Our boys in camp and overseas need musical instruments of all kinds—harmonicas, flutes, accordions, ocarinas, bazookas, pocket-size music-makers. Be a sport like Jimmy and Judy—ransack your home—and ask your neighbors for any unused instruments. Take them to your Coca-Cola dealer. Then the "Coke" truck will send them to Uncle Sam for our boys. Do it today!

Services performed by the Red Cross cannot be measured in dollars than can the love of a mother for her family of children.  
The Red Cross mobile unit that goes to the very front lines in Italy and serves hot coffee and doughnuts—  
The Red Cross "gray lady" who writes a letter home for a sick or wounded soldier—  
The Red Cross field director who reports to a worried soldier that his wife and baby son are well—  
The Red Cross workers who give milk and bread to starving children in Italy or on a Pacific island—  
The Red Cross club in some quiet spot where soldiers on leave from front can rest and relax—  
These cannot be valued in money. But it takes money, vast sums of money to perform these and all the other services which this great relief agency performs.

S. Carlile, Billy Lowe, Max Keys, Jack Semrad, Lt. Harry Nunn, and Bob Bentley and Johnnie Johnson.

Chaperones were Mr. and Mrs. Bill Bentley, Mr. and Mrs. Bill Bromley, Mrs. Stricklin, Maurice Berry and Mrs. Jack Latson.

Mrs. Pete Kunz is at Temple at the Scott and White hospital for medical treatment.

## CLARENDON H. D. CLUB

Mrs. A. H. Baker entertained the Club Friday afternoon at her home, Mrs. Estlack, assisting hostess. Pot plants and bowls of violets and forsythia were used for decorations.

The club was opened by prayer by Mrs. Van Eaton, and Club singing America. Mrs. Lea, president, presided at the business at which time the Club voted to give a donation to the Red Cross fund.

The Club will meet April 21st at the home of Mrs. A. L. Chase. There will be a flower exchange.

The St. Patrick colors of green and white were used in the delicious refreshment plate which was served to afternoon guests, Mrs. Elmer Hayes and Mrs. W. O. Butler, and to members, Mesdames Lena Antrobus, W. A. Davis, W. D. Van Eaton, G. A. Anderson, Earl Lea, C. D. McDowell, Henry Williams, O. C. Watson, A. W. Simpson, A. L. ## PATHFINDER CLUB

The Pathfinder Club will meet Friday afternoon at 4:30 in the home of Mrs. Ernest Hunt with Mrs. O. D. Lowry, assistant hostess.

Miss Mary Howren attended the teachers meeting at Amarillo Friday and also visited relatives over the week end.

## 1926 BOOK CLUB

Mrs. Bill Bromley and Miss Maurice Berry were hostesses to the 1926 Book Club at the Home Economics Room on Tuesday afternoon.

Mrs. W. E. Ray, the president, presided during the short business session.

Leader for the afternoon was Mrs. W. C. Thornberry, who presented Mrs. C. E. Bairfield in a most interesting review of "Grandmother Drives South" by Constance Jordan Henley. The book is a record of the 57 year old Californian's adventures in a 21-months tour of Mexico, Central and South America; part of her journey carrying her into sections where no white woman had ever been. She was the first woman to travel the Pan American Highway.

During the social hour, a delicious salad course was served to nineteen members and six guests, Miss Edgar Mae Mongole, Mesdames Jack Latson, Bill Bentley, Oliver Elliott, Carl Allmond, and Nellie Hoggett.

## JUANITA CARPENTER ENTERTAINS WITH PARTY

Games were played and fun and laughter were enjoyed Friday night at the home of Juanita Carpenter when she entertained a few of her many friends. After a few hours of games and fun, Mrs. Carpenter served a lovely refreshment to Louva Hunt, Donna Ree Bryan, Lama V. Tatum, Alma Louise Murphy, Portia Hay, Patsy Pittman, Ira Jean Estlack, Mary Helen Tankersley, Sybil Head, Scharlean Pycatt and Juanita Carpenter; and to Dick Kennedy, Dean Wadsworth, Douglas Shelton, Bobbie Beard, Robert Brown, Chauncey Hommel, Jean Bryan, Bennie Pycatt, Bennie Shelley, Floyd Henson, Gilbert Stewart.

## WOMANS SOCIETY OF CHRISTIAN SERVICE

The Womens Society of Christian Service met Wednesday afternoon in their monthly business and social meeting.

Circle No. 1 met in the home of Mrs. Victor Smith. Mrs. Barcus Antrobus gave the Bible lesson. There were seven members and one guest present.

Circle No. 2 met with Mrs. S. T. Sayer with fifteen members present and three visitors. Mrs. Frank Phelan gave the lesson.

Circle No. 3 met with Mrs. Lena Antrobus. There were sixteen members and one visitor present. Mrs. R. Y. King gave the lesson. Mrs. H. W. Hanks gave the devotional.

## VISIT PARENTS HERE

All of the children of Mr. and Mrs. J. A. Warren visited them here Sunday, except Weldon and wife, who could not be present. They were Miss Evalyn Warren and a friend, Warrant Officer Paul Hollingsworth; S/Sgt. and Mrs. Tommy Mandrill and little daughter, Carole; Sgt. and Mrs. Roscoe Crafton; Mrs. Harry Moore and son, James, all of Amarillo, and Mr. and Mrs. J. A. Warren Jr. and Barbara from Borger.

## CARD OF THANKS

We wish to take this means of expressing our gratitude to you, our many friends who have called and extended your kindness and words of condolence in the passing of our son on the field of battle in Italy. Those words and expressions have helped us to bear the burden, and in return we wish to say "May Gods blessings be with you always" and we shall never forget.

Mr. and Mrs. John Clark and Family.

Mr. and Mrs. J. H. Hurn and Mrs. Nathan Cox and daughters Mary Ladelle and Inelle visited Mrs. Van Zandt and son Joe at Tulia Friday.

Mr. and Mrs. Bert Smith and children took Bert Jr. to Okla. City for a medical checkup and also visited her parents, Mr. and Mrs. Parrish at Shawnee, Okla., also Mrs. Smith's sisters, Mrs. Pete Hart and Mrs. Katherine Walker from Ada, Okla. there.

Mrs. Goodner and son Tom were in Amarillo Friday and Saturday attending the teachers meeting and also visiting her sister Mrs. Upshaw.

Mrs. J. R. Bartlett visited her mother, Mrs. Fred Swift at Memphis Tuesday night. She is in the hospital and has been quite ill but improving.

## Producing Healthy Pullets For Layers

Poultrymen of the nation broke all records for egg production in 1943, and the War Food Administration has asked that they increase their production in 1944.

S. A. Moore, Poultryman for Texas A&M College Extension Service, says that the first step in increasing production is brooding and rearing a sound flock of pullets to replace the hens which did such a grand job last year. He outlines a simple program which, if followed, should insure a sound flock of pullets for the laying house next fall.

In the first place chicks should be started early because early chicks grow faster and have a lower mortality. Furthermore, the early cockerels can be sold while the prices are higher and the pullets will come into production early in the fall when high egg prices prevail. Chicks for flock replacement should be obtained from flocks which have been tested and found to be free of pollorum. The brooder house should be cleaned thoroughly and the brooder put into operation a day or two before the chicks arrive.

A strict sanitation program should be followed, as Moore says that this is the key to success in controlling disease in the chicks. The maintenance of the proper temperature is important, but the house should be well ventilated at all times. Fresh air is necessary but it is impossible to furnish plenty of fresh air if the brooder house is over-crowded. Poultrymen should allow one square foot of floor space for each two chicks. Fresh clean feed should be provided and the feed and water containers cleaned daily. This program should be followed closely for every chick represents feed, labor and food which should be conserved for our war effort. For complete details on the brooding

program get Extension bulletin, "Growing Baby Chicks", from the county agricultural agent.

**Farm Help For Veterans**

Soldier-farmers returning from the war should be helped in buying farms, J. H. Wood of Upper Darby, Pa., regional director of the Farm Security Administration, declared in a General Electric Farm Forum address here.

Speaking of the veterans' needs, Mr. Wood said: "This is what they tell me they want: first of all, credit—credit for the purchase of equipment, seed, feed, fertilizer. "Secondly, these boys need technical guidance. They need experienced supervisors to advise them how to keep records, what to grow for the market and what to grow for home canning and consumption. They want to know how to run their farms and homes efficiently and economically."

"These veterans also want medical care plans such as the Farm Security Administration sponsors in co-operation with county and state medical societies. They want their doctor and hospital bills prorated so that no accident or illness will drive them so deep into debt that they never again can hope to farm prosperously. "They want purchasing and marketing advantages that come from membership in co-operatives. They want to belong to groups that buy farm materials in wholesale lots and sell produce as an organization rather than as an individual, in order to cut costs." These things were overlooked after World War one, said Mr. Wood.

Mrs. Fay Anderson and children Thela Rose and Douglas of Duncan, Okla. visited last week with relatives and friends.

Mrs. Frank Bartlett is in Amarillo for medical treatment.

Estelle Thornberry from Amarillo spent the week end visiting homefolks.

**GOSSIP**  
 Alice was very thrilled Wednesday morning when she came to school. One of her sailor brothers had just come in from foreign service.  
 The Sophomore class had a theatre party last Monday night. Everyone had a nice time. There were several that wasn't Sophomores that went.  
 Lois Marie, who were the boys that wanted to bring you home Monday night? Oh yes, we forgot, you said that you had never seen them before.  
 Beth, who's senior ring are you wearing? As if we didn't know.  
 Earnestine: "Say Williams, it looks like Nova Lee is taking your new boy friend away from you."  
 Lois Marie: "Yes it sure does."  
 Earnestine: "Williams, are you jealous."  
 Lois Marie: "Nope not a bit, but I'll miss riding in his cute little model A."  
 Lois, why are you wearing that senior ring on the left hand? Use your imagination kids.  
 Say Reid, from Hedley, Tena still intends to bring you that button for your (what?) Oh yes, your mouth.  
 We are looking forward for the volley ball tournament at Lakeview this week end.  
 Earnestine does O'Neill write very good letters? — You guess —  
 Nova, that picture Floyd sent you of himself, really is cute.  
 A bunch of kids seem to have had a swell time at the show Wednesday night. Three girls with six or seven boys, is not so bad, or is it? Beth, Sylvia, who were the boys you and Catherine was with?  
 Say Tena, why did those girls seem to think it made you mad over what happened Wed. night?  
 Frankie seemed very thrilled Thursday morning when she came to school. You might be thrilled too, if you had just received an engagement ring from a soldier boy.  
 The Clarendon girls defeated the Lelia Lake girls four games last Thursday night. We really enjoy playing Clarendon because they are such good sports. We hope they will return our games soon.

**MOOS OF THE MOMENT**  
 BY UNCLE BOB  
 of the Kraft Dairy Farm Service

If you want to buy feed on a scientific financial basis, you ought to get acquainted with "Belinda", the wonder cow. ("Belinda" is the pen name used by dairy expert at Michigan State College.)  
 In addition to being an accomplished letter-writer, "Belinda" now proves herself a mathematical whiz. She has developed a device that automatically tells the comparative price values of feeds for dairy cows when such feeds are used in a balanced ration. All you need is a ruler to tell whether the price of a feed is too high, "O.K.," or a bargain. To secure this device, write to Michigan State College, Dairy Extension, East Lansing, Michigan. Ask for the Dairy News Letter for October-November, 1943.

But all the reasons why it can't be done look very small compared to just one reason why it must be done. That reason is that your country needs the milk and the products made from it, and a good share of it is needed for your sons and relatives in the service.

It has been estimated that cattle grubs are a \$50,000,000 pest. If your cows are afflicted with them, you're paying part of this bill. The Extension Service of our state college has available a bulletin that gives specific instructions on how to get rid of these pests. Your Uncle Bob suggests that you write right away for Bulletin E-562, Agriculture and Mechanical College of Texas, College Station, Texas.

It would also be a good idea to write Mississippi State College, State College, Mississippi, for Circular 123 on this same subject. In this circular, Mississippi also points out that it is time to rid your cattle of internal parasites and gives suggestions for treatment.

I'm always a little amazed when I run into a dairy farmer who is trying to battle out his problems all by himself. So much wasted effort and money, too, could be saved, if he would write to our State College of Agriculture. Experiments have been conducted and literature is available on almost any subject you can think of. The combined talent and experience of many capable men is available for the asking, so why not ask?

If you haven't got storage space for all the silage you'd like to plan on having this summer, you'll be interested in a bulletin from the Extension Service of our state agricultural college. This bulletin tells how to expand your permanent upright silage space with trench silos, and tells you how to construct them.  
 Trench silos are very inexpensive to build and they make it possible to adjust the amount of silage stored according to the number of cattle you have or plan to have. Write for Extension Bulletin B-84, Agriculture and Mechanical College of Texas, College Station, Texas.

For fodder news, listen in.

**THE AVERAGE AMERICAN FAMILY**

Includes 3 1/2 persons  
 owns 1/2 of a bathtub  
 listens to 1/10 of a radio  
 owns 1/2 of a house  
 1929  
 1944  
**AND gets about twice as much electricity for its money as it did 15 years ago!**

The envy of the world today is the average American family. That family has the world's highest standard of living. Statistically speaking, that average American family is composed of three and four-fifths persons. It uses three-fifths of a bathtub and owns one-half of a house, listens to nine-tenths of a radio, and gets about twice as much electricity for its money as it did 15 years ago.  
 Most families own more electric appliances now than they did in 1929. Over the years as they used more electricity the cost per unit used was steadily reduced. So—though your total bill today may be as much as it was in 1929—yet you are getting twice as much electricity for your money.  
 The cost of electricity has not only been steadily reduced but it has stayed down while most other prices are going up. Today, electricity is just about the biggest bargain in your war-time budget! For this you can credit your electric service company, manned and managed by practical business people. Their hard work has made electric service dependable and cheap.  
 Obviously, three-fifths of a bathtub wouldn't hold water very well! That is just another way of saying that three out of five American homes have bathtubs. The figure about electricity applies only to homes that have electric service (four out of five). But as an average of all these homes, it is a fact.

### SENIOR HIGH GOSSIP

Let's hope that Billie Howerton is finally on the right track—and there to stay—for a little while at least.

Is it true that Barbara Bell is coming out for track? Hurdle jumping at that!

Why didn't Dorothy Anne get school work done last week? But who in the world could study with that "specimen of he man" sitting around?

Since G. G. and Carroll have been going with a certain girl their theme song seems to be "Rock a Bye Baby." I wonder what connection there could be?

FLASH!! Frances Adkins seems to be quite worried about losing a certain letter! To whom do you suppose it is written? What is so valuable about it? Something apparently is or she wouldn't worry so!

Where did Johnnie get that watch she was wearing Wednesday?

day? It was a boy's, too. Do you suppose it could have been Bob's?

Rumors say that Calvin certainly had a grand time Friday night at Bob's dance.

"Sunshine" seems awfully blue and down-hearted since Friday morning at 6:30. She got a long distance phone call from Lewis, and he is going across very soon. She said his voice sounded wonderful! No doubt about it, it did.

We wonder why J. R. doesn't want his name in the paper so much? We don't blame you at all, J. R.

Wonder who the blonde in Lelia Lake is that J. R. has been dating regularly—and it isn't his sister. What happened to the blonde in Clarendon?

Wonder who that saucy brunette from Pampa is that G. G. has been seeing pretty regularly? We wonder what happened to the blonde in Clarendon.

Dick Kennedy went to Lubbock Saturday.

Douglas Shelton went to Fort Worth Friday.

Chauncey Hommel spent Saturday night with Floyd Henson.

Vondell Hommel was a visitor here Tuesday.

"Will I always have to sleep in a dresser drawer?" asks Billy.

Richard, have you eaten your Cream of Wheat this week?

Who are the two boys that have been visiting you, Ira?

Dudley is off the girls for the duration. Wonder what Ruth thinks about this?

What happened to your head Tuesday, Tommy?

The sleeping hours of Jr. High girls and boys are growing shorter as the skating rink moves in.

Who was the soldier that visited you over the week-end, Ladelle?

Douglas is still bashful. He left her standing on the step again.

Shortie surely wishes the girls wouldn't cut their hair off. Wonder why?

Billy and Margie seemed rather happy over their telegrams. Wonder whom they were from?

Dudley, you had better quit flirting with Billie. Richard is really getting mad.

Shortie says there isn't but one pretty girl in the ninth grade. Wonder who she is?

Douglas, we know all the secrets. But please read those letters from Ruby.

### KAPPA KAPPA SORORITY

Misses Helen and Jean Porter were hostesses to the Kappa Kappa Sorority last Wednesday, March 15.

A short business session was held during which the members decided on April the seventh as the date for their annual spring dance. Plans for this dance were discussed.

Miss Ruth Patman then gave a very instructive program on Huntington Library. This library and art gallery, located at San Marino, California, houses one of the finest collections of English portraits in the world, including Gainsborough's world-famed Blue Boy. This painting was purchased for the price of \$750,000. Huntington Library includes the original manuscript of "Annabel Lee" in Poe's own handwriting along with hundreds of other famous manuscripts and first editions.

After this program, lovely refreshments of punch, cookies, and candies, carrying out the St. Patrick's Day motif, were served to the members.

Sigmund Freud is known as the founder of psychoanalysis.

### Clarendon Overruns

#### Lelia Lake Teams

By W. S. Carlile

Last Thursday night March 16, Lelia Lake came to Clarendon to play a return game of volley-ball and basketball. They were defeated in all five of the games; the boys played one game of basketball and the girls, four. The scores of the game are as follows:

First game, Clarendon 15, Lelia Lake 10; second game, Clarendon 15, Lelia Lake 3; third game, Clarendon 15, Lelia Lake 2; fourth game Clarendon 15, Lelia Lake 13.

The starting line-up for Clarendon was as follows: Mary Alice Allison, Mary Dean Williams, Dorothy Churchman, Klyda Wilson, Kathleen Grady and Katherine May. The boys team was as follows: F. G. Crofford, Ralph Morrow, Horace Green, Frank Cannon, and Bob Bentley. The final score was Clarendon 49, Lelia Lake 23.

Each game the girls play, they seem to be getting better. It looks as though Clarendon is going to walk off with the tournament next month at Lelia Lake. Lelia is supposed to have one of the best teams in these parts, but it seems that we have one just a little bit better.

### "COLORADO TYPE" BREED-IMPROVER BULLS HEADING FOR THE GREAT CATTLE EMPIRE OF TEXAS AFTER BEING MADE RESERVE GRAND CHAMPIONS AT THE NATIONAL WESTERN STOCK SHOW, JANUARY 1944

Following the trail set by Colorado Domino 697, first purchase for the Mill-Iron Ranches by Lafayette M. Hughes, there have gone hundreds of daughters of "Colorado Type" bloodlines established by Dominator, Dandy Domino 2, Mischief Mixer 28; and developed by their great descendants; also have gone many carefully chosen herd bulls. On the Cottonwood, the Rocking Chair and other old, traditional ranches of the Mill Iron complex, they have acclimated themselves sturdily, carried their blocky, usable, cattleman's type of cattle into their adopted country, where cattle is king and every man a cattleman.

This consistent, type-breeding program has already brought credit to Lafayette Hughes. Now, to carry to a further higher point, he has acquired the Junior Bull Calves shown to the Reserve Grand Championship at the famous National Western Stock Show in Denver. These calves whose uniformity caused the comment "as like as peas in a pod" will follow the trail to Mill Iron, to continue the establishment of their own "Colorado Type" cattleman's cattle; usable, adaptable, practical for the average cattleman.

One calf, only, went to Charlie Page of Oregon, a young man who came to Denver to get one of these bulls and got him.

These Reserve Grand Champion bull calves follow two other recently selected shipments to Texas. One, of 80 to the famous 6666 Ranch of the S. B. Burnett Estate, whose John Burns and Jesse York chose them with unerring discrimination, and one of 48 bulls to the universally known Matador Land and Cattle Company, whose John Mackenzie chose them, together with an unusually trim, beefy young herd sire, for the registered herd. Also an outstanding son of Colorado Domino E 10, Colorado Domino K 600, was selected by Claude McInnis, Brownwood, Texas.

Banning-Lewis Ranches have a deep sense of appreciation for this warm endorsement by Texas cattlemen of the greatest cattle state of them all. Not only for their approval of our show selected specials and exceptional herd sires, but for their stated opinion of the general excellence and uniformity throughout our herd of the cattleman's kind of beef animal which we call Banning-Lewis "Colorado Type."

M. Cofor. Interment was made in Lakeview cemetery with Womack Funeral Home in charge of arrangements.

**1944 Income Estimate Due Before April 15**

According to a release notice from the office of Internal Revenue at Dallas, tax payers have been given until April 15th to file estimates on their incomes for the year 1944. The release says: "The time for filing 1944 Declarations of Estimated Income and Victory Tax has been extended until April 15. These estimates of this year's income must not be confused with the final income tax returns on 1943 income, which 50 million persons must file not later than March 15. Returns on 1943 tax are required by law of all taxpayers, regardless of whether or not tax was withheld from their wages. Only a limited number of taxpayers are required to take the additional step of estimating this year's income, which has now been postponed until April 15.

**Ration Reminder**

**MEATS, FATS**—Red stamps A8, B8, C8, D8, E8, and F8 are good through May 20. G8, H8, and J8 become good March 26 and remain good through June 18. Waste Kitchen fats exchanged for two points and four cents a pound. **PROCESSED FRUITS, VEGETABLES**—Green stamps A8, B8, C8, D8, and E8 are good through May 20. **SUGAR**—Sugar stamp 30 is good indefinitely for five pounds. Sugar stamp 40 is good for five pounds of canning sugar through February 28, next year. **GASOLINE**—A-11 coupons are good through June 21. **TIRE INSPECTION DEADLINES**—A-coupon holders, March 31; C-coupon holders, May 31; B-coupon holders, June 30. **SHOES**—Stamp 18 in Book One is good through April 30. Airplane stamps 1 in Book Three is good indefinitely. Another shoe stamp to be good beginning May 1 will be announced soon. **INCOME TAX**—Declarations of estimated 1944 tax are due by April 15.

**LONGER PERIODS FOR FOOD STAMPS**

Under the ration token plan, three red (meats-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits-vegetables) 10-point stamps become good on the first day of each month. To reduce last minute rush buying just be-

fore stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red points and 50 blue points which become good each month may be used at any time during a period of from 10 to 12 weeks. S/Sgt. Marvin Jones of Lubbock visited homefolks Tuesday.

**New Shoe Stamp Valid May 1**

A new ration stamp will be good for a pair of shoes beginning May 1st, but one of the two coupons now in use—No. 18 in ration book I—will expire April 30. The Office of Price Administration, announcing this said that despite a continuing tight supply of leather "it is expected that shoe rationing can be maintained at about the present level" of two pairs a year. The new valid stamp, which will be good indefinitely will be designated shortly before May 1, OPA said. Today's action will leave two shoe stamps in use as at present, since airplane stamp No. 1 in ration book 3 is also good indefinitely.

**How To Get Ready For Canning**

Homemakers who wait until the garden season is well advanced before they get their canning equipment in shape are running a big risk, warns Mrs. Winifred J. Leverenz of the Texas A&M College Extension Service. Mrs. Leverenz, who is Extension food preservation specialist, says equipment people are busy making repairs and supplying parts, and further delay may mean the loss of days or weeks in getting equipment in tip-top shape. There are some kinds of checking homemakers can do for themselves, the specialist points out. For example, they can check their jars to be sure there are no cracked or chipped ones set aside for use this year. Re-use of war-time tin cans is not recommended by the Extension Service since these often become discolored, rusty, and corroded. Usually the seams are not suitable for re-flanging. Mrs. Leverenz also warns against reusing war-time rubber rings. "Smell rubber rings when you are buying them," she advises. "Avoid getting rings which smell strongly like rubber tires or tubes, since this affects flavor and odor of food." Homemakers should make certain the rings they buy are suitable for the type of closure they intend to use, and they should follow carefully the instructions which come with war-time jars, closures, and tin cans. Throughout Texas, county home demonstration agents and experienced home demonstration club women who have been canning successfully for years are helping less experienced homemakers test their pressure cookers and check other equipment. In testing Victory model cookers, ordinarily made of steel with valve or weight-type gauges, Mrs. Leverenz recommends leaving the maximum thermometer in the cooker for 10 to 15 minutes. In the pre-war models three to five minutes was sufficient.
