LIVING IN HOPES.

When the Democrats take over the reins March 4th, may we have more pruning and less grafting in government. That's the idea most prevalent right now.

YOUNG CHURCH PEOPLE TO PRESENT MORNING THANKSGIVING PROGRAM

Thanksgiving is observed in Clarendon by union services each year as a rule, each church being given an opportunity to share in the program. The program this year will be a young peoples program exclusively, and a bit different to any other program in observance of Thanksgiving Day.

Another change made in the program for next Thursday at the Methodist church is that it will begin at seven o'clock in the morning. An excellent program has been arranged with Mrs. John M. Bass as general chairman of the several program committees from each of the churches taking a part.

The program:
Union chorus with union orchestra.

Thanksgiving Psalm—Mamie Ferrell.

Old English Thanksgiving Hymn to be read by Miss Nova Cook and Rhodin Chase accompanist.

Violin Solo—Miss Elizabeth Kemp.

Chorus—Appropriate Thanksgiving songs.

President Lincoln's Thanksgiving Proclamation 1863—Virginia McGowan.

Playlet—The First Thanksgiving—Larree Burson, Nell Cook, Jean McDonald, Virginia Wisdom, Robert Green, Bill Wood, Robert McKee.

Clarinet Solo—Hubert Reavis, with Rhodin Chase accompanist.

Vocal Solo—Mary Louise Hayte.

Vocal Duet—Frances Fowler, Dorothy Phelps.

Violin Solo—Bobbie Boston.

Reading—Wilma Dee Smith.

Two numbers by Union Chorus and Orchestra.

The public is cordially invited to enjoy this early morning program. Great care has been taken in the arrangement and preparation, and it is believed that the young people will acquire themselves in a manner that will meet with popular approval and appreciation.

Mrs. Frank Simmons of Dallas and Mrs. Kolner of Pampa were week end guests of their parents, Mr. and Mrs. W. C. Stewart.

Mr. and Mrs. W. J. Neal and family and Mr. and Mrs. Edgar Neal and family and Mr. and Mrs. Ross Adamson of Hedley visited in the J. E. Bulls home here Sunday.

THREE ALLEGED KNOB KNOCKERS CAPTURED HERE

Men Are Taken by Sheriff's Force After Three Shots Are Fired

While making his rounds about 2 a. m. this (Thursday) morning, nightwatchman S. S. Kutch heard a noise in the office of the Clarendon Grain Company operated by C. W. Bennett and J. T. Sims just west of the depot.

He immediately notified the Sheriff's office and Sheriff Pierce and deputy Guy Wright accompanied Mr. Kutch back to the building where the three kept watch for an hour or more. When nothing developed, Pierce entered the building and fired three shots. This got some action causing three men to walk out and surrender.

The men lodged in jail awaiting further development gave their names as W. R. Martin, Tolliver Towles and Chester Shelton. A car said to belong to their crowd was located west of the elevator building and bore a Wheeler county license.

Towles formerly resided here. He is said to be under bond pending a car theft charge at Amarillo.

Shelton is said to have been given a five year suspended sentence recently at Amarillo on a car theft charge.

A variety of burglar tools were found near the safe which had been tampered with showing that an effort had been made to punch out screws around the combination, but had not been opened. A large jack screw was found in the car.

Father-Son Banquet Takes Definite Form

Committees from the various clubs of the city have been busy "peddling" tickets during the week that will entitle the purchaser to sit in with the big crowd at the banquet table of Clarendon's biggest affair Thursday evening at 7 o'clock.

What kind of a program? Nobody seems to know. The mystery has deepened, and not only deepened but has reached that degree of thickness of a London fog or east Texas sorghum, for the need of a better comparison.

In quest of a more equitable understanding, we are only directed to be present. This "directing" coming from the big boss who possibly has a better domestic acquaintance with the genus homos, big or little, than any other man in the county. At any rate, it will afford one an excellent opportunity to appease one's curiosity.

Blue Bonnet Presentation Gets Out Big Crowd

Again the Sims Parent-Teacher Association score a financial point in presenting the Blue Bonnet play Monday and Tuesday nights.

Large crowds were in attendance and the local talent came up to every expectation. The cast was published in the Leader last week. Thirty-two children from the public school, and more than fourteen elders took part in the program.

Ashtola Depot is Robbed Saturday Night

The Sheriff's force and a railroad bull spent Sunday trying to track an alleged thief south of the Ashtola depot. He was traced for some distance to a canyon, but there he appeared to have gone up into thin air so far as a trail or track is concerned.

He gained entrance by prying off the lock on the waiting room. Entering the freight room, he gathered up a bundle of clothing destined for the Drennan store and containing work clothing to the value of about \$5.00.

Tims Store is Burglarized At Ashtola Monday Night

Entrance was made into the Tims grocery at Ashtola some time Monday night by breaking the glass in the front door. Canned goods, tobacco, inner tubes and various other things were taken.

This is the second robbery in Ashtola within less than a week. Mr. Tims had been debating the idea of installing a burglar alarm, but thought it a useless expense. He looks upon the matter more favorably now that something like a hundred dollars worth of goods were taken. Citizens there are becoming alarmed to the extent that a close watch will be kept on night prowlers.

Two Charged With Burglary Plead Guilty Monday

When arraigned before Judge Fires Monday afternoon, Roy Jackson of Clovis and J. T. Connor of Amarillo plead guilty to a burglary charge and each were given a total of four years.

The charges against them resulted after their capture recently in the Howard store at Lela Lake. They were indicted on two charges each for entering the Moreman and Howard stores, and received a sentence of two years on each job. They will be taken to the pen just as soon as Uncle Bud Russell can get around to it.

Bronchos to Play Bobcats Here Friday

The Childress Bobcats, a class "A" squad, will be here for a game with the Bronchos at 3-15 tomorrow—Friday, the 18th.

The local is bubbling over with confidence since their great victory over the Memphis Cyclones last Friday. They will play Sanger Thanksgiving Day.

METHODIST WILL HOLD CONFERENCE HERE NEXT YEAR

Few Changes Made in Matter of Economy; Bowen Returns To Clarendon Church

In the work of the Northwest Texas Methodist Conference closing at Amarillo at 8:45 Sunday night, very few changes were made as a matter of economy in church administration.

Rev. J. O. Quattlebaum, formerly of Borger, is returned. Rev. J. A. Scoggins will be stationed with the church at Panhandle. Both are well known in this section for their faithful and effective service in church work.

Clarendon district has very few changes. M. M. Beavers, presiding elder; Alanreed, V. N. Henderson, Clarendon, E. B. Bowen; Clarendon circuit, M. D. King; Dodsonville, M. P. Hines; Dozier, J. R. Bright-Hedley, A. V. Hendrix; Hedley circuit, J. P. Cole; Lakeview, Ollie Apple; Lefors, C. H. Williams; McLean, J. H. Crow; Memphis, J. M. Fuller; Mobeetie, W. H. Strong; Pampa, C. A. Long; Plaska, A. D. Moore; Quitaque, O. M. Addison; Shamrock, C. E. Jameson; Turkey, J. F. Michael; Wellington, T. M. Johnson; Wellington circuit, C. D. Damon; Wheeler, E. D. Landreth; district evangelist, G. H. Gattis.

A gigantic prohibition rally was held at the Polk Street Methodist church at 3 p. m. Sunday conducted by Bishop H. A. Boaz of Houston and Dr. J. W. Hunt, president of McMurray college of Abilene.

Through the efforts and influence of Rev. E. B. Bowen, pastor of the First Methodist church here, the Conference will be held in Clarendon next year. This will likely be the largest number of guests this town has ever undertaken to entertain, but they will find a welcome and with plenty of courtesies thrown in for good measure not excelled by any other town in which the Conference has ever met.

Mr. and Mrs. Elba Ballew spent the week end visiting relatives in Amarillo.

Officers Make Record Run To Lela Store

One night recently the alarm sounded in the John Howard home at Lela informing the household that the front door of the store had been opened. The next thing was to call the sheriff as has been the custom all along on these night programs of a similar nature for the past several months.

Sheriff Pierce and Deputy Wright dressed and reached the Lela store in 12 minutes, a mere matter of a seven mile run with plenty of sharp curves and two rail crossings.

When the officers reached the Howard store, Pierce went to the front and Wright to the rear, only to see a fleeting figure knock down fences as he headed south. This miscreant had taken the precaution to open the back door before beginning operations, and that was the method of escape. He left behind a quantity of tools taken from Kinch Leather's home. Wright shot at the fleeing figure which made him break the speed record. No further clues have been found.

BRONCHOS TAKE SCORE 26-2 FROM MEMPHIS FRIDAY

Spectacular Plays Are Made By Both Teams in Fight For Supremacy

The fighting Bronchos from Clarendon High School plunged and passed their way to a glorious triumph over the plucky but inexperienced Memphis Cyclones on Memphis soil Armistice Day and the Dove of Peace, from her lofty perch, saw the Maroon and White clad warriors mete out a stinging 26-2 defeat over their traditional rivals for gridiron supremacy.

It was a hilarious occasion for Clarendon fans. Many can still remember the disappointments of past years and such a victory for the Maroon and White was another page added to a colorful but exciting football history.

The game started off with Memphis kicking with the wind. Boles received and took the ball back to Clarendon's 37 yard line. With Whitlock and Elery Watson carrying the ball, the Bronchos speedily marched down the field, with Hudson dashing across the goal line for the first pay dirt. Whitlock plunged the line for the extra point.

After the touchdown, E. Watson kicked to the Memphis 45 yard line where it was fumbled and Clarendon recovered the ball. With line plunges and a long pass from Whitlock to Boles which was good for 27 yards, the Bronchos again carried the ball over with Whitlock making the final plunge. The try for point was no good. A punting duel now began, culminating in a "safety" for Memphis. The first quarter ended with Clarendon leading 13-2.

The second quarter started off with Clarendon being penalized and Memphis fumbling. Taking the ball after a Memphis fumble, the Bronchos started another fast journey toward the goal line of the opposition. Whitlock went over like a pile-driver for the third counter of the game. The try for extra point failed. The half ended with Clarendon still leading 19-2.

The half started off with Clarendon doing the "rush act" and as a result receiving 5 yard penalties. After receiving three penalties in a row, the Bronchos settled down and soon had a Memphis kick blocked and within their possession The Cyclones were unable to stop the swift and hard-smashing plunges of Whitlock, who drove his way, with line interference, over the goal line for his third time over and the fourth counter of the game. Elery Watson was successful in adding the extra point.

During the closing minutes of the game, Clarendon fumbled and Memphis recovered. Fighting with mad fury, the Cyclones carried the ball to the Clarendon two yard strip. The Maroon and White were determined that the ball had gone far enough, and four times the Cyclones plunged at the Clarendon goal line but to no avail. The game ended with the score 26-2 in favor of the Bronchos.

Except for a one point defeat at the hand of the Shamrock Irishmen, the Bronchos have gone through their district schedule with a winning stride. But for a bad break, the Bronchos might have been marching toward another Bi-district title.

WOMEN WORK IN DRIVE FOR FUNDS FOR RED CROSS

Mrs. W. H. Patrick Takes Charge of Local Drive In Roll Call

The local drive for Red Cross roll call funds got off to a late start due to the fact that the headquarters office asked that a man be placed in charge of the work. No suitable party who could spare the time was found to start the work off on Armistice Day.

The good women have again assumed charge of the work and will put it over as they have in former years. The Roll Call in Clarendon is strictly a woman's job both by tradition and intuition. Mrs. W. H. Patrick has kindly consented to act as chairman of the work in Clarendon.

Two hundred and eleven Red Cross chapters in Texas, covering as many counties, are engaged in distribution of food and clothing made from government wheat and cotton according to a statement from the St. Louis office.

Approximately 153,000 barrels of flour and 1,396,730 yards of piece goods have been received for use in Texas in needy relief. Of this amount, five thousand sacks of flour and five thousand yards of cloth have been received to date in Donley county. During the year \$1,600 in cash has been allotted to relief work in Donley county by the St. Louis office of the Red Cross.

It is estimated that four million families in the United States has shared in the distribution of flour during the past eight months. This flour was made from wheat formerly held by the Farm Board. Millers accepted pay in wheat in exchange for milling expense and the sacks. Spinners accepted pay in cotton for the cost of the cloth that is being distributed.

In view of the fact that Donley county has received more than she has given the past two years, Homer Mulkey, county chairman, is of the opinion that our citizens will be most generous in answering the Roll Call this time.

James Milton Pharr Buried Here Monday Afternoon

Following a lingering illness of several months, J. M. Pharr aged 33, passed away Sunday night at the home of his brother-in-law, Felix Jones west of town. The deceased had resided near Brice for several years and was well and favorably known over this section.

Services were conducted by Bro. Durrett at the Church of Christ here at 3 p. m. Monday. The Masons had charge of the service at the cemetery.

He is survived by his wife, and his mother, Mrs. O. C. Wheeler of Indianola, Okla. His sisters are Mrs. C. E. Wheeler of Clarendon; Mrs. T. L. Shults of Lamesa; Mrs. W. A. Cattlet of Brownwood.

His brothers are W. H. Pharr of San Antonio; Rufus Pharr of Hawaiian Island; Lawrence Wheeler of El Paso; Clayton Wheeler of Indianola, Oklahoma.

A large number of friends and relatives were present for the last rites and there was other evidences of the high esteem in which he was held by those who knew him best.

DISTRICT GOVERNOR ROTARY CLUBS COMPLIMENTS LOCAL ORGANIZATION

Sheriff Asks Cooperation Of Our Citizens

Due to the increase in petty thievery, Sheriff Guy Pierce again requests the assistance of all law-abiding citizens. He especially requests that no autos be left on the streets, and especially autos containing articles, or an unlocked spare tire.

Again, he asks that thefts be reported to his office promptly whether day or night. Those who "pass up" petty theft only encourage stealing on a more extensive scale, he says.

Thieving in other towns is decidedly on the increase, largely due to the carelessness or indifference of the average citizen. No officer can control this form of outlawry without some help from the public. Put your valuables under lock and key, and in case of a mishap, call the Sheriff at once, is his advice.

John Harp is Injured In Auto Smashup Sat.

In company with his father, C. B. Harp, John was driving the car on the return home west of town Saturday forenoon when the steering rods failed to function which caused the car to swerve and turn over.

John was painfully injured and was immediately brought to Adair hospital for treatment. He is improving as well as could be expected at this time.

Tax Collector Gives Out Valuable Information

In regard to tax paying, county tax collector M. W. Mosley has asked the Leader to explain some of the details that it might be information of value to the citizens of this county who wish to take advantage of a saving in paying their taxes.

The split payment plan of paying taxes expires November 30th.

The last date upon which delinquent taxes may be paid according to law and save interest and penalty, is December 31st. All taxes not paid by that date will be subject to interest and penalty. This applies to taxes past due now.

Marvin Smith to Manage New Hedley Grocery Store

Marvin Smith has been in Hedley the past several days getting the Boston store building in shape to receive the stock of groceries that he will have charge of as general manager for U. J. Boston, owner of the Piggly Wiggly store here.

Mr. Smith has been in the employ of the Piggly Wiggly here for a number of years and has a wide acquaintance over the county. His friends predict for him every success in the enterprising town of Hedley.

Palo Duro Canyon Receives More White Tail Deer

Eleven head of white tail deer were turned loose on the Ed Harrel ranch in Palo Duro canyon Monday according to a statement of J. J. Dent, director of game preserves. This shipment makes forty head of the deer brought to the Panhandle this year for restocking purposes.

The deer are brought in by truck from the game preserves of southwest Texas. The canyon is a natural resort for deer because of the running water, year round forage and the winter protection to be had there. The canyon is closely watched against intrusion of hunters.

Man Dies From Heart Attack Tuesday Night

N. S. Whitsell, aged about fifty, died about 10 p. m. Tuesday night shortly after being seized with a heart attack.

He lived in the north part of town and leaves a wife and five children and his mother who was making her home with the family. He had resided in Clarendon about four years.

H. C. (Andy) Anderson of Ranger, governor of the 41st district of Rotary International, spoke to the membership during the Friday luncheon hour following a meeting with the directors and major committee chairman earlier in the day.

Mr. Anderson, member for ten years with a one hundred percent attendance record, is thoroughly acquainted with civic club problems, and Rotary's ability to bring about better conditions and a better understanding of business relations, local and international.

He gave a graphic description of a meeting of the district governors of Rotary at Victoria, British Columbia last Summer where he met and listened to a discussion of national problems as detailed by men high in business and governmental circles. All messages were translated into the various languages and received individually over a personal phone serve by each guest at his table position in the hall.

He discussed the four major activities in Rotary and showed where possibilities lay for service in each of them. He especially stressed work among boys explaining that this particular phase of community service was his chief hobby.

This meeting was the 47th club visited by Mr. Anderson since taking office June 1st. In visiting each of the clubs in his district, he will have spent five months of his time and will have traveled 12000 miles.

This talk of Governor Anderson was easily the best all-round talk made yet before the Rotary club according to the unanimous opinion of all the members present. As a clear, convincing speaker, he "rang the bell" at every effort and drove home telling truths that will be an inspiration for months to come.

Rev. W. E. Ferrell, pastor of the First Christian church who discontinued his membership when he returned to North Carolina some months ago, again re-entered the fold Friday amid loud acclaim.

Through the enterprise of the president, Dr. Oscar L. Jenkins, and Rev. Ferrell, four page bulletins were distributed bearing the ancient title of "Denzel" and filled with "meaty" food for thought. A special section was devoted to district Governor Andy Anderson. This is the second time the Club has enjoyed a bulletin, both going over in a big way.

LITERATURE IN MUSIC IS THEME MACDOWELL CLUB

To Meet Saturday Afternoon In Ladies Club Room At Usual Hour

"Literature in Music" will be the theme of the MacDowell club in their meeting Saturday afternoon with Mrs. F. A. Stocking as leader and Misses Weidman and Pauline Shelton as hostesses. The program as arranged by Mrs. Stocking is as follows:

Vocal Solo—Mrs. R. Wilkerson. Pianologue—"Out to old Aunt Mary's", Rosaline Bass. MacDowell Chorus—"Bend-meer Stream" and "Trees."

Violin Duet—"Hasta," Bobby Boston and LeRoy Leathers with introduction by Phoebe Ann Buntin.

Piano Solo—"Hark, Hark, the Lark", Mrs. Earl Alderson with introduction by Phoebe Ann Buntin.

Group Singing—"Drink to me only with thine eyes," "Auld Lang Syne"; "Stars of Summer Night"; "Sweet and Low."

Vocal Solos—"Road to Mandalay" and "Fuzzy-Wuzzy", Robt. S. Cope.

Reading—"The Highwayman", Wilma Dee Smith.

Vocal Solo—"The Wind" and "Little Boy Blue", Mrs. J. L. McMurtry.

Mrs. B. F. Kirtley and son Basil Jr. and Mrs. J. E. Teer returned home Saturday after a visit with relatives in Hubbard City, Waco and Ft. Worth.

THANKSGIVING DAY PROCLAMATION

Whereas the earliest Thanksgiving harvest in America was kept by the Pilgrim Fathers at Plymouth in 1621, and has been observed each year from President Washington down to President Hoover.

Now, Therefore, I, W. P. Cagle, Mayor of the City of Clarendon, do set aside and declare Thursday November 24th, 1932, to be a holiday and respectfully ask our citizens to repair to their places of worship, there to give thanks to Almighty God, the author of all good that was, that is, or that will be for ever more.

West Texas Press Association

Feminine Things.

Probably the reason it is referred to as "Mother Earth," is because she consistently conceals her age.

Queer Quirks.

Neither Roosevelt, Hoover nor Mrs. Ferguson carried their home precincts in the recent election, though the vote was close in each instance.

Explanation.

The big "catch" in all the government loans is that you are supposed to pay it back. The big corporations may be able to "dicker" along for a few years, but the farmer won't have anything to do but dig up because he belongs to that class needing no loans—he needs a market.

Real Farm Relief.

The nearest thing to farm relief in Donley county for the next eight months will be the weekly cream check backed by well filled pantries. The nearest analysis that a farmer could make out of the government farm relief was something round that fits a square hole, is neither fish nor fowl, barks like a chicken and has red handles.

The Aftermath.

Those high in the political councils of the nation are of the opinion that the President will now resign following his decisive defeat. Secretary Stimson of the Department of State may resign that president-elect Roosevelt may be appointed in his stead. When Hoover resigns, Roosevelt would be officially qualified by succession to succeed him. After all, this may be mere guess work, but it is being talked.

The Fergusons.

That the Fergusons, so often referred to as "them governor" by the enemy during the campaign, have an excellent opportunity to stage a come-back never before known in Texas, is devoutly believed by a majority of the electorate.

If for any reason this condition cannot be brought about, they will have lost the support of standpaters for all time. Jim Ferguson is conceded to be eminently qualified to meet and dispose of any problems that may confront them, and all Texas is awaiting the results.

Cause of Upheaval

For some eighteen years a bureaucracy has been builded in Washington. This idea has taken root in state, county and town government in the majority of instances. This practice has called for useless expenditure all along the line. High salaried men have been employed when not needed. The constant increase in taxes has reached the point to where Mr. Average Citizen is unable to carry the burden.

This idea of a class living in luxury at the expense of the lowly taxpayer has caused the voter to register his only peaceable protest—vote 'em out. He has not acted in his own interest in every sense, but he temporarily appeased his wrath. It is to be devoutly hoped that the incoming administration will release this, and give the taxpayer a rest, in part at least. If it does not, it will have only this one opportunity.

That Centennial.

Voters of Texas voiced their approval of nine constitutional amendments to the Constitution last week with a reckless abandon that would indicate that they

"didn't give a darn" what happened next.

Good citizens are often led by persuasive talk into lending their support to bureaucratic measures that in practice, no matter what they are in theory, mean autocracy. Bureaucracy gives to a small group of public employees an arbitrary and undemocratic power over the lives of fellow citizens. Too often such an official proves himself to be in reality a petty Alexander, with vague dreams of empire.

The Centennial amendment voted gives to the next Legislature unlimited authority to create a new bureau with a free spending prerogative without limit. No right thinking citizen of Texas would for a moment fail to measure in true values the lives of the early heroes of Texas' independence, but they should not be penalized in doing so to the extent of several millions of dollars.

Texas has only one safeguard left. May she have in her legislative bodies a majority of men of the type of John E. Puryear and George Moffitt.

Hip Pocket Papas.

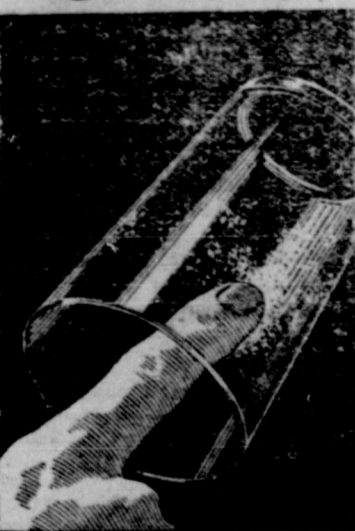

The thousands who have been sent up on a "hip pocket" liquor charge see in the new administration a chance to return home. Mayor Cermac of Chicago has given police instructions to arrest no man for selling beer.

Millions are being spent for brewery equipment as a result of what might be understood as "inside" information as to what will happen in December, or at least during the regular session of Congress.

Militant antis are marshalling their forces. They find solace in the fact that to legalize the manufacture of beer it will be necessary for it to pass muster of the United States Supreme court to show that beer of 2.75 alcoholic content is non-intoxicating. The beer element declare they would not accept a grade under 2.75 percent.

Oklahoma's Bureau of Prisons

ROUGH to your finger

ROUGH IN YOUR STOMACH

It's easy to say they're all alike—and easy to prove they are NOT. Dissolve a genuine Bayer Aspirin tablet in water, pour it off, feel the fine powder that coats the glass. Do this with some other tablet, see what coarse particles are left! They feel as sharp as sand, even to your finger. How must they affect those delicate membranes which line your throat—your stomach? For immediate relief from head aches, colds, sore throat, neuralgia or neuritis, lumbago, rheumatism, there's nothing like Bayer Aspirin. It cannot depress the heart.

comes out boldly and reduces the number of reformatory buildings from 16 to 9, and the capacity from 1,200 inmates to 800. When asked for an explanation, the Bureau heads explained that "it is of the opinion that if the prohibition amendment is repealed there will be less need for prisons for the reason that the vast majority of the boys are sent up for violation of the liquor laws."

In view of the material being placed at the disposal of the lawmakers both for and against the liquor business, there is a memorable scrap immediately in the offing.

EDUCATIONAL DIGEST

Taxes! Taxes! Taxes! Seems to be a household word now days. The problem of taxation is getting its share of comment these times. If we had a tax that was enforceable and based on the ability to pay, these comments about high taxes that we hear would vanish like dew of a spring morning.

A study in Caldwell county revealed the fact that in 1928 the average ratio of assessed to the true value for acreage property worth \$2500 or less was 39.1 per cent, whereas the average rate of assessment on acreage property worth \$2501 and more was 28.1 per cent. The corresponding figures for 1926 were 40.1 per cent and 30 per cent, indicating that the burden of the state property tax was one-third greater on the owners of farms worth less than \$2500 than it was on the owners of farms more valuable than that.

In the annual report of the Comptroller to the Governor for 1931 we find that 178 counties did not report money of banks and money of bankers for taxation; 215 counties did not report credits of banks and bankers for taxation; 228 counties did not report shares of capital stock for taxation; and 212 counties did not report stocks and bonds for taxation.

In 1928 the assessment of the real and personal property for state purposes was reported to be 20 percent of the true value in Dallas and 75 per cent of the true value in Galveston. Though the rate of the state levy per \$1000 of

assessed valuation was \$7.70 in both these cities, the rate per \$1000 of estimated true value was \$1.54 in Dallas as compared with \$5.78 in Galveston. Thus the burden of the state tax on property in Galveston was 3.75 times that on equally valuable property in Dallas. In 1929 real property was assessed for state purposes at 35% in Houston and 67% in Waco. Enough examples have been cited and countless others could be added, to show that the state ad valorem tax imposes unequal burdens on the different counties. This will continue to be the case so long as the present system of administration is retained. It is simply out of the question to get at uniformly fair valuations of property for state purposes with 254 separate assessors appraising it according to local needs and local influences, and with 254 separate boards of equalization.

A tax system at best is only a pump, and a new pump is no cure for a dry well.

The minority report of the Texas Tax Survey Committee stated that "tax collectors make little or no effort to enforce the collection of taxes on personal property." In this same report it is calculated that "the total of all delinquencies on the general insolvent and erroneous list therefore is \$44,878, 565.99, and the portion of this sum that arises from poll taxes is \$12,025,299.89.

If this twelve million dollars of delinquent poll taxes could be collected, it would pay over half of the state apportionment for each child of school age during the current school year.

ALL SOUTH SEND YOUNG PEOPLE TO TYLER COMMERCIAL COLLEGE

Several thousand former students of America's largest commercial school are scattered over the world. Many hundred enroll annually. Tyler Commercial College could not make this splendid showing if it depended alone upon its immediate territory as many schools do. It draws its students from all over the South, many of them travel a thousand miles or more to secure the advantages of its superior courses and to save both time and money in getting their training.

Although T. C. C. is essentially a business school, it offers many other courses in order that young people may take full advantage of the opportunities on every side of them. Among the courses are Cotton Cladding, Telegraphy, Radio, Railroad Station work, Western Union, Show Card Writing, Civil Service, etc. These courses are not handled as a side line. Each of them occupy a department all its own. Each is in charge of competent instructors. Each attracts its full quota of students.

All of these courses, as well as the purely business courses—Busi-

ness Administration, Banking, Bookkeeping, Shorthand and Typewriting, Penmanship, Secretarial, Complete General Business, Junior and Senior Accounting—are fully described in a big book which you may have for the asking. This book also tells you the stories of hundreds of other young men and women who have found successes beyond their dreams.

Clip the coupon below and send for the splendid, helpful, inspirational book, "Achieving Success in Business". Read it carefully and lay your plans to join one of the great classes at T. C. C.

Don't postpone the day of your success. Send for the general catalog NOW. It is free for the asking. Tyler Commercial College Tyler, Texas

THE WEEKLY PAY CHECK

Plans amount to nothing unless put into execution. We may look forward for better times, but the one big idea is to do something now—today. The idea of looking forward to a one crop market in the fall is past. It is the weekly pay check this year that will count most in the long run. Poultry and dairying makes it possible to pay one's expenses every week with no bills accumulating.

WEST TEXAS—"Raw Materials Capitol"— Offers Immense Industrial Opportunities

It has been the history of West Texas that after every national depression this section returns to normal—and marches ahead to greater prosperity—more rapidly than any other section of the country.

Present fundamental conditions are sound, and West Texas' wealth of natural resources—unsurpassed in any other part of the country—promise future progress of a magnitude that will dwarf that sensational development which a few short years ago riveted on this section the attention of the entire nation.

AND ALERT INDUSTRIES ARE TAKING ADVANTAGE OF THIS ASSURED DEVELOPMENT!

An adequate, flexible and inexpensive power supply is vital to industrial activity. Here in West Texas, the "Land of Opportunity", this industrial necessity is ably and amply supplied by the West Texas Utilities Company.

Industries recognize power as one of their prime problems. They recognize, too, that in West Texas this company has solved that problem by making their power investment for them—and is able to furnish energy at a lower cost than it could be produced in any other manner.

The West Texas Utilities Company, dependably serving 125 progressive West Texas cities, makes available more than 100,000 horsepower of electrical energy, distributed from three major generating stations and 22 auxiliary plants over a 2,500-mile transmission line network.

For detailed information on any subject concerning West Texas, write this company's Industrial Department, Abilene, Texas.

TEMPLE OF TRUTH
By the Apostle

The marriage of John Doe's son to Bessie Spendthrift was a great affair. The write up in the papers was about the average. All the average. All the boy had ever done was play football and blow the old man. The girl played bridge and blew her old man.

The write up said that the bridegroom, Small Doe, was a letter man having received three broken ribs and a cauliflower ear in the last conference game. Bessie too, is an exceptionally bright girl. It was she who introduced arched eyebrows into her community when she got back from college. If we believed everything that we read in the papers, nothing but football is practiced in the public schools, high or low. Many a couple has started out with less than arched eyebrows and three broken ribs, and we predict that the parents have a long, rocky road ahead.

Since the democrats have taken over about everything, maybe we will get some action on the local telephone rates. People here have practically quit using them and the amount of service over the few that is left makes the rate more than twice as high as it was when we had a whole lot of 'em. The present rate is a war time rate. The office help is cut down in number and the salaries cut down in price. It's a rotten shame that a public has to put up with a telephone system that is too stingy to deliver the goods. The girls are doing their best at central office, but they can't do it all toward giving the people a telephone service that they have every reason to expect, and more especially at a price that is little short of robbery.

is because they run out of the building and leave their wives "alone."

Some people limit their originality to their spelling.

Some men mope around hoping for the day when they will be too old to do anything except to watch the thermometer and read the funny papers.

Who remembers way back when women folks exchanged eggs and home remedies over the back yard fence? Along about that time it was customary to divide hog liver, spare ribs and back bones with the neighbors. In fact the neighbors swapped work at hog killing time and while the men killed hogs the women folks visited and cooked up an extra good dinner. That might have been foolish according to modern ideas, but they did it and seemed to enjoy the custom. Neighbors "set up" with their sick like they thought something of them. Now they go to the hospital and the folks look to charity for their hog liver. It's a fast world, the fastest we've ever lived in yet.

Anybody making any cheese these days? We want the addresses of all the cheese makers in the county. If you know of any one making it now, please let us know it.

This is the time of the year when we begin to make up presents for Christmas. We are running a number of ideas in the Leader from now on. There is a something about a home made gift that is a bit better than the store bought trinket. It carries sentiment. It has been made by the hands of some one who loves you, just for your sake. There is no better way to show real affection. My

best gifts were made in the homes of those whom I love and esteem above all other earthly things.

And another thing, a lot of folks feel sure that after Congress meets December 4th, anybody will be able to get beer—maybe something stronger. A lot more folks expect it to be handled through the postoffice. If any one sees a brass rail and a bunch of high, shiny brass cuspidors in the post-office some morning, we will know that Uncle Sam has made a bid for business. Bootleggers will be sore and a very, very few people will be really disgusted. There won't be any chance to get through the back door. Every customer will have to walk up to the window and plank down the price, whatever it is, and do it before the public. This will embarrass a lot of folks who have been used to the family bootlegger delivering it to the kitchen door. The postoffice clerks and the honorable P. M. himself may be wearing a white apron regalia and look like a Kuklux. It will be a great day for somebody. Schools will be dismissed to show the kids what used to be when their ma and pa went to school. It is said that the government beer will be so much cheaper that the home brew machinery will be dumped into the back yard. Towns will have to put on an extra force of wagons and trucks to haul off the home brew contraptions to make room for the citizens to get around. The bootleggers will have to depend on the Red Cross this winter. There will be a lot of misery among the bootleggers, but every one else will be so drunk they won't know it. By the time we all get sobered up again, the depression will be over. Since the daily papers have broadcasted the passage of the beer act on December 5th, there will likely be a long string of folks lined up in front of the postoffice that day. It will be so crowded we can't get any mail and nobody will be interested in the mail. Fellows who don't like beer can quit the democrats and join the republicans for spite. When preacher Reavis or old brother Ingram reads this, either of them will say that "hell has gone democratic too."

Somehow it is a lamentable fact that we seldom learn of the good things about anybody until they are gone. Just this week Meribell Gray, a college student passed away within a few hours after being taken ill. My boy Homer has been telling me about what a jolly time Meribell and other members of his class had in the "lab" Thursday afternoon, and she passed away Friday night, one day later. Last spring when she was graduated from the Pampa high school, she had planned to rejoin her family at Phoenix, Arizona. At about that time her aunt, Mrs. L. H. (Hick) Johnson died and left some little fellows. Meribell thought of those motherless waifs and said "she had to come to Clarendon to care for them." It is these little heroic deeds that grow in immensity and grandeur after the one making the sacrifice is gone. She came in May and was faithful to her trust to her death. It may never be recorded in history, but the noble deed of Meribell will live in the minds of many throughout this generation. She was just one among a million girls to whom we prefer to refer as being one of God's uncrowned queens.

And Jim Pharr passed on Friday Jim was of that sunny type of fellows who, despite illness and financial reverses resulting from his handicap, faced the world with a smile. Jim's name has been in this column a number of times because he was of that playful disposition to make others laugh. He told us funny things and we passed them

on that others might enjoy his talent. Generous to a fault, imbued with a ceaseless energy, Jim had a wide acquaintance. When he saw death approaching, he asked to be taken to the home of Felix Jones, a brother-in-law, that he might breathe his last among those whom he loved most. Jim was a fine fellow, honest and courageous and he faced eternity with the same smile that he faced a world where fate seemed against him. Jim had nothing to fear—may we all have that assurance when our time comes.

THE FARMER'S BUSINESS

Every farm is a business. It requires careful study combined with energy to make it pay, but it pays. The farmer who expects to prosper by neglecting details seldom gets ahead. Plan to sell something all through the year. Raise a few extra stock that may be marketed any time. Pay grocery bills through the sale of poultry, eggs, cream or butter. The merchant would not think of selling one item alone, and the farmer should not.

Christmas
Photos

It is none too early to be thinking about Christmas gifts. Where could you get, for as little cost, twelve gifts that would be more appreciated than a dozen photographs?

During November only, our prices reduced 25 to 50 percent, and our regular 8 x 10 enlargement free with each dozen photos.

BABY PHOTOS

Your baby won't be little long, and photographs never grow up.

During November, an 8 x 10 baby portrait for only \$1.00. In connection with this offer, ask us about our special "comb and brush" gifts.

Revered Couple Celebrate 50th Anniversary

Mr. and Mrs. W. T. Lowe, highly respected citizens residing southwest of Clarendon for a number of years, celebrated their 50th wedding anniversary Sunday at the home of a son, S. W. Lowe in Clarendon. Seven of their ten children and their families were present to do them honor.

The children present were Mrs. J. D. Farrar, Portales; Mrs. W. O. Bower, Port Arthur; Mrs. Roy Broadway, Miami; Mrs. Hubert Brown, Clarendon; Jesse of Miami, Texas; Sam and Walter of Clarendon. Those unable to be present were Mrs. T. D. Thomason, San Francisco; Mrs. Everette Beggs, Enid, Okla.; Fred Lowe of New Orleans, La.

In addition to their own children, about fifteen grandchildren and two great grandchildren were present.

Rev. B. N. Shepherd, pastor of the First Baptist church of which they are members, officiated in a beautiful ring ceremony. Mrs. W. B. Sims gave a very appropriate reading. Mrs. Bower sang Mother McCrae.

A male quartet added much to the occasion by singing a number of songs of fifty years ago, among them being "When You and I Were

Goose Man and family enjoyed a sumptuous dinner in the home of his father south of Lelia Lake.

Poor old Ross was not only beaten for governor, but failed in a desperate effort to dictate to the Texas voters who his successor should be. In that Gov. Sterling reminds us of a story of an old

country boy, who tried to show his city cousins how to run a party in their town. But instead of listening to his dictations a fellow in short hand took him by the nap of the neck and kicked him out of the house. But he came back, and insisted that he knew how a party should be run. This time they not only booted him out of the house but clean out of the yard. He finally got up, brushed the dirt from his clothes, clawed the sand out of his eyes, and said by-gum I'm going home, I don't believe they want me here.

WOMEN ENLIST WITH WAR-TIME SPIRIT IN RED CROSS DRIVE ON DISTRESS

Little Sarah Jo Thruah tries on a dress made from Red Cross cotton in a chapter production room, where Miss Jeanette Racooin is one of several hundred volunteers sewing garments for the needy. In the bins behind her are thousands of men's shirts and children's garments to be made up and given away. At right, Miss Mabel T. Boardman, secretary of the Red Cross, under whose leadership several hundred thousand women are making clothing for the unemployed.

HOW shall 500,000 bales of Farm Board cotton be converted into clothing for the unemployed and needy, was an urgent question confronting the American Red Cross when Congress voted the raw cotton for that purpose to the Red Cross in midsummer.

Congress also had laid 35,000,000 bushels of Farm Board wheat upon the Red Cross doorstep, beginning last March, and the great relief organization had conquered the task of putting flour and bread from this wheat into the homes of 3,500,000 of the nation's needy families. The wheat distribution continues and it is estimated that the free flour will not be exhausted until the late spring of 1933.

Cotton presented a complex problem, but the Red Cross swung a large staff of workers into the job, and by October 1 had distributed more than 30,000,000 yards of cotton cloth to more than half of the chapters or counties of the nation. Thousands of women volunteered to make the cloth into garments for school children, for men and for women. Dresses, underwear, men's shirts, boys' suits all came flying from the sewing machines.

Following up the cloth, the Red Cross prepared to give men's trousers, overalls, jumpers, boys' knickers, underwear and stockings and socks for all the family.

Without the work of the women who volunteered as seamstresses, and the thousands of men and women who helped give flour, clothing and other direct relief, in the name of the Red Cross, these useful aids to the unemployed would not have been handled so promptly,

nor reached so many people, Red Cross officials say.

In the administration of the wheat and cotton, the Red Cross will expend an estimated \$450,000. Funds from the Red Cross treasury will be used. Every Red Cross membership in the annual roll call from Armistice Day to Thanksgiving Day will help toward meeting these costs.

Chairman John Barton Payne has characterized the relief emergency facing the Red Cross this winter as the greatest it has had to meet since the World War, and has appealed for the support of every citizen.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blasts up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes the good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Request a substitute, 25c at all stores. © 1931, C. M. Co.

smooth tires are dangerous on s-l-i-p-p-e-r-y roads

MAYBE you've gotten by on smooth tires while roads were mostly dry. But look out now! Slippery driving days are ahead. Your risks are multiplied. Better change at once to sure-gripping new Goodyear All-Weathers. They'll protect you all winter, save you money on repairs and delays, and still be like new for spring and summer. So trade in your smooth tires this week!

EXPRESSION OF THANKS

We take this means of thanking friends for the many kindnesses shown us in our great loss. To those who brought flowers and comforting words, and to the ministers who explained away the mysteries that becloud our minds when death enters our homes, we sincerely express grateful appreciation. Especially do we thank classmates and associates of our loved one for their kindness and expressions of affection. May God in his infinite wisdom place you

among such friends in times of sorrow is our prayer.

EDUCATIONAL DIGEST

Conditions in Alabama are not much worse than in eight or ten other states. Let us take it, however, as an example of the worst. Our information shows that all of the schools in at least eight of the counties have been closed. It indicates that nearly all of the schools of the state will close before the end of the year unless immediate aid is received. It shows that citizens have become aroused fearing a complete breakdown in public education, and that they are threatening to march 30,000 strong on the state capitol to urge the legislature which has hithered attentively to the walls of the Tax League, to listen a moment to the voice of the children and to hold up before the lawmakers the need of continuing to carry out the principle that every child is entitled to an education and to a fair start in life.

J. W. Crabtree, Secretary of the National Education Association.

Will the people of Texas stand idly by and allow the lawmakers of Texas to ignore the rights of the children, the future Texans, to be trampled under unscrupulous feet? Will the people of Texas allow their schools to close before the end of the year as they are apt to do in Alabama? Will the people allow such a situation to arise in Texas as there is in Chicago?

-G. G.

During such perilous times as the World War, France did not find it necessary to close her schools in order to have more revenue with which to buy war munitions. Are we here in Texas, going to allow a little thing like the so-called depression force us to hoist the white flag and compromise, at the expense of the children, by closing the schools?

-G. G.

If we could but close our ears to the voice of the pessimist and the walls of the Tax-League, we would have the depression half licked.

-G. G.

We hear many protests about the high cost of education in Texas, but not one word have we heard about the high cost of soft drinks, ice cream, candy, and chewing gum. It costs the people of Texas almost as much for these luxuries as it does for the support of public education.

-G. G.

26.4 per cent of all of the taxes collected in the entire United States is spent in the support of the public schools.

-National Education Association, Research Bulletin Vol. VI, No. 5, Page 276.

About 68 per cent of the income of the national government is spent to pay for the wars that we have had and those that we are going to have. About one per cent of the in-

TUBES FOR AIR MAIL

BROOKLYN, N. Y.—Hon. John A. McKenzie (left), New York City Dock Commissioner, in charge of aviation for the city, inspects pneumatic mail tube system which carries Uncle Sam's mail at high speed beneath the streets of New York and which he is urging to be installed between Floyd Bennett Field, New York's \$4,000,000 airport, and Brooklyn to shoot air mail into New York, five minutes after the mail plane has landed. He says underground pneumatic tubes between airports and post offices will put air mail on a new footing.

It's Sausage!

Charlie Knuppke, who lives a few miles north of McGregor, Texas, doesn't depend entirely on his cotton crop. He raises feed, feeds it to the hogs and sells hundreds of pounds of "sausage in the casin'" every year, besides having plenty for himself and family. Charlie is shown with several big lengths of his hog fruit around his neck.

come of the national government is spent for education. If we spent more for education, we might prevent some of the wars that we are preparing for.

-G. G.

It costs about ten cents per day per capita to operate the schools in Texas. Many of us spend more than that per day for non essentials.

-G. G.

30 per cent of the cost of operating the state government is attributed to the operation of free public schools.

Scenic Beauty in Art Plaquet

For those who appreciate the finer things, yet must "count the pennies" in Christmas giving, the problem is happily solved in the exquisitely artistic plaques which abound in the holiday displays this season. Many of these are of rare scenic beauty as will be seen by the two lovely types pictured. The one at the top is called "The Half-Way Change," and the other "The Roadside Mill." Being of plaster of paris done in relief work with old ivory finish, these bits of art are most inexpensive. Other subjects in this series of four are "A New England Home" and "Edinburg Beach."

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action, get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

"THE PRODIGAL FATHER"

A certain man had two sons, and the younger of them said to his father: "Father give me the portion of thy time, and thy attention, and thy companionship, and thy counsel and guidance which falleth to me." And he divided unto them his living in that he paid the boy's bills, and sent him to a select preparatory school, and to dancing schools and to college; and tried to believe that he was doing his full duty.

And not many days after the father gathered all his interests and aspirations and ambitions and took his journey into a far country into a land of stocks and bonds and securities and other things that do not interest a boy, and there he wasted his precious opportunities of being a chum to his own son. And when he had failed to find satisfaction, there arose a mighty famine in his heart, and he began to be in want of sympathy and real companionship. And he went and joined himself to one of the clubs of that country, and they elected him chairman of the house committee, and president of the club and sent him to legislature. And he would have satisfied himself with the husk that other men did eat, and no man gave unto him any real friendship.

But when he came to himself, he said: "How many men of my acquaintance have boys whom they understand and who understand

them, and who talk about their boys, and seem perfectly happy in the comradeship of their sons, and I perish with heart-hunger? I will arise and go to my son and say unto him: "Son I have sinned against heaven and in thy sight, and am no more worthy to be called thy father. Make me as one of thine acquaintances."

And he arose and came to his son. But while he was yet afar off his son saw him and was moved with astonishment and instead of running to meet him, he drew back and was ill at ease. And the father presented his prepared speech and asked to be considered as a chum

But the son said: Not so, I wish it were possible, but not it's too late. There was a time when I wanted companionship, and advice and counsel, but you were too busy I got the information and I got the companionship, but I got the wrong kind, and now, alas! I am wrecked in body and soul, and there is nothing you can do for me." (Selected)

BE KIND TO-DAY

I tenderly repeat her name,
Since Mother's gone from earth away,
And oft there comes a thought of shame
For kindly words I did not say.
I failed her toil-worn hands to
Or print a kiss upon her brow,
With tender words whose tones
To which she cannot listen now,

How well I mind the wintry day:
"T'was but a few short years ago,
But oh, how long they stretch away
So filled with pain, they drag more slow.
Her fourscore years and almost nine
Spent, life's torch was flickering low
Close in her hand she prisoned mine,
Then whispering "precious child" let go!

O, ye who have your mother still,
To walk with you the earthly way,
Keep not kind words and deeds until
They radiant walk in endless day
But whisper words of love and cheer,
Or share with them your anxious care.
Twill please them most to feel that here,
They still may someone's burden share.

Bring fairest flowers that can be found,
To fill their rooms with sweet perfume;
Don't wait to heap the fragrant mound
Above their dark and silent tomb.
In all your pleasures let them share,
Who filled your childhood days with joy;
Though graying threads may fleck your hair,
You still are mother's girl and boy.

HISTORIC OLD LANDMARK MOVED FROM LOCATION

Office Building Forty-Four Years Fades Out of the Picture Monday

If buildings could talk, what a wonderful bit of history could be gained from the old McClelland office building moved from the rear of the First National Bank Monday. The first location of this historic little edifice back in 1888 was on the present location of the Watson & Antrobus hardware. Just how long it had been there, no one knows, not even W. H. Patrick, president of the First National Bank who has a better historic memory than possibly any other old resident in the county.

In 1892 the building was moved to the location where it has stood these forty years. It continued as an office building until a short time before the death of its owner, J. B. McClelland in December of 1929.

T. S. McClelland, noted buffalo hunter came to the Panhandle in the '70's. He was joined by his brother Bruce (J. B.) McClelland in 1888 according to the most reliable information to be had at this time. Together the two men continued until the death of T. S. McClelland in 1906.

The McClelland brothers conducted a real estate business being state agents for Close brothers of Chicago. These holdings consisted of some 300 sections in this and nearby counties. The firm sold practically all of this land. Due to the high esteem in which these two men were held, they also did a big business handling real estate for other non residents. Land sales through the years involving a total of millions of dollars is said to have passed through this modest little office building. For a long number of years, Whit Carhart was bookkeeper for the firm.

After engaging actively in the development of the Panhandle for forty years, this building was sold to a colored man and moved Monday to the jurisdiction of Mayor Ab Parker, there to become a dwelling. Deserted by occupancy the past three years, the little office building took on the aspect of a "broken heart" wrapped in pleasant memories of the kindly old gentleman who dwelt there. Old timers of sentimental men recalled pleasant recollections of many favors at the hands of J. B. McClelland through the many years. Yes, if buildings could only talk!

Special Father-Son Sermon At Christian Church

The First Christian Church, announces that it will conduct a special service for all the fathers and sons in this community, next Sunday night. A special song and reading program is being arranged and sermon that will assist all parents and children will be delivered by the pastor, Rev. W. E. Ferrell. He will preach on the subject: "The Heart of a Father." Fathers and sons are especially invited, but mother and daughters are also invited and are expected to attend. The service will begin promptly at seven o'clock Sunday evening.

Mr. and Mrs. L. D. Carlile and children were Amarillo shoppers Saturday.

School Girl Dies Suddenly Friday Night

Death came a few hours after the first symptoms of illness to Meribell Gray, aged 18, and daughter of Mr. and Mrs. George H. Gray Friday night. Funeral services were conducted by Rev. L. A. Reavis assisted by Rev. Long, pastor of the Pampa Methodist church where Meribell was converted in August of 1931.

Meribell was a faithful Sunday school and League worker, and was also a member of the Rebekah lodge, Odd Fellows having charge of the service at the Odd Fellow cemetery. She was a student of Clarendon Municipal Junior college and ranked high in her class work. She graduated from the Pampa high school with the class of 1932. Since May, she had made her home here with her uncle, L. H. (Hick) Johnson.

Her parents arrived Sunday from their home in Phoenix, Arizona. Her other relatives are a brother, Howard aged 17, Ruth 11, Althea, aged 9. Mr. and Mrs. Fred Johnson are her grandparents.
