Texas Desperadoes Kill 2 in Joplin, Mo.

Clyde and Buck Barrow, brothers of West Dallas, are being sought throughout the Southwest for killing two officers at Joplin in a gun battle. "Shoot to kill" is the order that has been issued. In the house, from which the men shot their way through a cordon of officers, a pardon from Governor Ferguson for Marvin Ivan (Buck) Barrow was found. They were identified by an automobile and by description. Both men have long police records. Clyde has been charged with killings in West Dallas, Hillsboro and Atoka, Okla.

VETERAN PEACE OFFICER VISITS BROTHERS HERE

Town Had Thirty Saloons Back in Balm Days Of Early Settlement

Somehow there are few old-time peace officers but who have a wonderful fund of experiences to relate. They lived through them, enjoyed the experience and like to review the past. At the same time, these experiences gave to such men a sturdy character much to be admired, and a quiet unassuming nature mellowed by the years. George W. Kutch, for several years City Marshall of Hobart, Oklahoma, is just such a character.

Beginning his administration back in 1905, the old town must have shared with others of the west a reputation for being "noisy" not to say "wild and wooly." Mr. Kutch bears but one wound from his service. He was shot in the left arm while investigating a burglary job in process. When asked what disposition he made of the case, the aged man casually replied that "I let him have all I had—six bullets—and if I hit him, he carried it off with him because I never found him afterwards." Blood poison from the wound gave Mr. Kutch a much closer call than the bullet.

He first saw day down in old Parker county 74 years ago when Indians were still raiding that section. He came from sturdy pioneer stock and soon took his place among men of his section despite immature years. He emigrated to Oklahoma in 1903 settling at Hobart where he became Marshall in 1905.

Blinded in 1915 supposedly from affected optic nerve trouble, nature did her best to make up for this misfortune in giving him a sunny disposition and the ability to laugh and joke with his associates. He lost his sight, but at the same time inherited what is commonly referred to as a "million dollar disposition."

By a coincidence, Doss M. Kutch, a son, is now City Marshall of Hobart, and wears the same badge as worn by his father 28 years ago.

Mr. Kutch was an honored guest Sunday at the home of his brother, Mr. and Mrs. S. B. Kutch where a feast was spread and a number of relatives gathered to do him honor. Among the relatives were Mr. and Mrs. A. C. Hallmark and children of Shamrock; Mr. and Mrs. Roy Kutch of Hedley, and Mr. and Mrs. Fred Buntin and daughter, Mr. and Mrs. M. S. Parsons and family, Mrs. Eva Atteberry and children, Mr. and Mrs. J. A. Kutch and family all of Clarendon.

Mrs. C. H. Russell of Electra is visiting her parents, Mr. and Mrs. S. H. Lovell of this city.

C. T. TAYLOR DIES IN WICHITA FALLS SATURDAY

Lived in Texas 82 Years Former Resident Donley County

Charles Thomas Taylor, 85, known affectionately throughout this section of Texas as "Uncle Charley," died in a Wichita Falls hospital at 6 o'clock Saturday morning after a brief illness.

Funeral services will be held at Petrolia from the First Presbyterian church at 3 o'clock Sunday afternoon with the Rev. W. B. Andrews, pastor at Gainesville and formerly a pastor in Petrolia. Dr. O. L. Powers, pastor of the First Baptist church of Wichita Falls, will assist Mr. Andrews. Burial will be in the Petrolia cemetery under the direction of the Merkle Undertaking company. The funeral cortege will leave the home, 1310 Taylor, at 1:30 o'clock Sunday afternoon for Petrolia.

Pallbearers will be four grandsons, Wylie Taylor, Reed Taylor, Don Taylor and Robert Murrell, and W. O. Kimmell and J. E. Handy.

A native of Warren county, Kentucky, Mr. Taylor was brought to Dallas in 1851 by his parents. He was 3 years old at that time. He came to Clay county in 1886, driving 1,400 head of cattle. From 1886 until 1919 he made his home in Clay county, then lived a year in Clarendon and then came to Wichita Falls, making his home here as a retired cattleman. For the last two years he had owned the Joyce ranch. Mrs. Taylor died in May, 1921. He was a charter member of the Presbyterian church at Lisbon, now a part of Dallas.

Mr. Taylor celebrated his 85th birthday last Tuesday.

Survivors are four sons, J. J. Taylor, H. H. Taylor and Tommy Taylor of Wichita Falls and L. B. Taylor of Clarendon; two daughters, Mrs. E. P. Murrell and Mrs. W. L. Holloway of Wichita Falls and several grand and great grand children.

Mrs. Dave Turner is Buried At Alameda Monday

Elder S. A. Ribble, pastor of the Church of Christ at Shamrock preached the funeral service for Mrs. Dave Turner at Alameda Monday. Besides her husband, she is survived by three daughters. They are: Mrs. Vera Christopher of near Denver, Colo.; Mrs. Rose Hall and Mrs. Ruth Thomas of near Alameda.

The family located on a stock farm south of Alameda in 1918, soon becoming one of the leading families of the community. Mrs. Turner was of noble christian much loved by all who knew her. This fact was attested by the large concourse of sorrowing friends and grief-stricken relatives who paid their last tributes at the Alameda cemetery.

Mrs. Turner was taken ill near a year ago while on a visit to her daughter's home near Denver. While some minor improvement was noted from time to time, she gradually grew weaker until her death. All that medical skill and loving hands could do was at her disposal at all times during her illness. The Leader family joins with the many friends of the family in extending the bereaved heart-felt sympathy.

Mrs. Clyde Dyer is Buried At McLean Friday

Relatives and friends of the family were shocked Wednesday at the sudden death of Mrs. Dyer, aged 21, who expired as she was preparing to journey to New Mexico to join her husband who had found employment there in a lumber camp.

She suffered a fainting spell early in the morning but rallied sufficiently to make a second effort by getting into a truck which had been provided with a cot for her comfort. She expired while being removed from the truck when the second heart attack occurred.

Bert Smith, an uncle of her husband, made a 500 mile trip to bring the saddened husband back to his orphaned babe and the funeral of the loyal wife and mother who expended her last ounce of energy in an effort to join him.

Funeral services were conducted at the Goldston school house Friday. The services were in charge of Rev. B. N. Shepherd of Clarendon and Rev. Crow of McLean. Interment was made in the McLean cemetery the same day.

Naomi Jolly Dyer was born April 17, 1912 in Greer county, Oklahoma. She was the fourth child of Mr. and Mrs. R. S. Jolly who reside at Wellington, Texas, in the Ludie community. She was joined in wedlock with Clyde Dyer on December 14, 1929 who, with a son Bobby Clyde, survive her. She was converted and joined the Baptist church at the age of fifteen years, and lived a consecrated christian life to her death.

Friends of the community paid a beautiful tribute to the christian character and high standing of Mrs. Dyer as one of the most beloved women, by floral offerings and many acts of kindness toward those whom she loved while living.

The Leader family joins with those who mourn the passing of this noble woman, in sincerest expression of sympathy to those with

Festival Queen

Miss Mary Carr Burnett, of San Antonio, junior student at the University of Texas, Austin, and member of Kappa Kappa Gamma sorority, will reign as queen of the annual Ross Volunteer festivities at Texas A. and M. College April 20, 21, 22.

Lower Butter Fat Rates Are Granted by Railroads

Announcement is being made this week that the Denver railway is cutting the rate on cream shipments approximately one-half. The same rate is being made on all railroads in the state, it is said.

The cream will be carried in the baggage coach as a fast freight item rather than express. This new arrangement will likely curtail express and truck shipments considerably. The rate applies only to shipping points within the state.

Shipments from here will be made largely to Childress, Amarillo and Pampa under the new ruling of the Railroad Commission. Further information may be had of the local freight agent.

Haverde Warner, 84, of Mr. and Mrs. J. T. L. Warner of west of town, is confined in St. Anthony hospital at Amarillo where he is receiving treatment for an arm infection that is said to be of undetermined cause to date.

Mr. and Mrs. E. F. Bryan, Mr. and Mrs. Harry Guiberson and Mr. and Mrs. Glenn Casey of Amarillo visited relatives here Sunday.

TAX RENDITIONS ARE COMPLUSORY BEFORE MAY 1ST

Churches And Schools May Be Taxed if Exemptions Are Not Filed

Time for rendition of Donley county taxes before the deadline of April 30th is rapidly growing short and a hardship will be worked on those who have not turned in their lists, county assessor W. A. Armstrong stated Wednesday in asking the Leader to appeal to citizens to look after the matter at once.

Homestead exemptions and church and school property will be levied on in full if not rendered for exemptions this month. All assessments are expected to be complete by the close of April 30th, Mr. Armstrong said, under the state law.

Property on the unrendered roll does not carry the owner's name and no statement of taxes due is sent out. It is imperative that every school and church official act at the earliest moment to protect their interests as the Assessor is compelled to follow the letter of the law.

AMERICA GOES OFF GOLD STANDARD

Secretary of the Treasury Woodin announced this morning that the United States had abandoned the gold standard in an effort to raise commodity prices. This action followed a conference of federal bank officials with the President over a period of several days.

Prices of wheat, cotton and many other commodities took a sudden rise on the strength of the change.

MINISTER SAYS PRINCIPLES OF ROTARY WIN OUT

President Calls Attention To District Meeting At San Angelo in May

"He profits most who serves best", one of the cardinal principles of the Rotary movement, "has taught me to be more liberal and tolerant of the rights of others", said Rev. W. G. Bailey of Plainview in speaking to the local Rotary club Wednesday.

The speaker mentioned the form of team work in his town by Rotary members. The Rotary park and other civic efforts of merit. For this, he gives credit to the "best Club of which he has ever been privileged to become a member," as he expressed his affection for co-workers in one of the largest civic clubs of the state. He placed Rotary next in importance to his church.

His address was made in a sensible, plain-spoken manner pretty much like one man would speak to another. His advice and suggestions were timely, though his principal remarks were confined to "what Rotary had done for him." A special invitation was extended him to again make up his unbroken attendance record with the Clarendon club next Wednesday.

The minister is conducting a series of sermons at the First Methodist church where his practical preaching methods draw large audiences at each service.

President O. L. Jenkins called attention to the district meeting at San Angelo the first week in May. Also the fact that nominations for local club officials would be made at the next meeting with an election the last meeting in May.

One especially pleasing feature of this day was the one hundred percent attendance record. Judge A. T. Cole will have charge of the program Wednesday next.

Christian Ladies to Display Needlework Skill

The Ladies Aid Society of the First Christian Church will place the beautiful "Spring Glory Quilt" which they are selling on display in the show windows of H. C. Kerbow & Sons, this week. This quilt design is considered as one of the most beautiful ever assembled by the ladies. It is a combination of two shades of orchid, green and white.

The Ladies had an all day meeting and quilting party in the basement of the church Wednesday and hope to finish the job in fine shape this week. The quilt will be awarded to the lucky party, at the grand drawing which will be held Saturday, May 6th. The ladies are selling "pot holders" for a dime each and giving one chance on the quilt with each holder sold.

Band to Observe Special Music Week Program

The Parent-Teacher association will sponsor a special band program at the College Auditorium May 12th in observance of Music Week.

Gus B. Stevenson will be in charge with his older band boys playing in special numbers. Band musicians of Shamrock and Memphis will also assist Stevenson in the presentation of special band music. A more complete announcement will be made in the Leader next week.

Hudgins Community to Have All Day Singing

Those who delight in community gatherings and singings that last all day with a sociable dinner in which every one enters heartily, will find out that at the Hudgins school the 5th Sunday in this month.

Information given the Leader is to the effect that the public is cordially invited to attend this gathering bringing well filled boxes, baskets or tubs. Even a dishpan will do, but get there and enjoy the good fellowship of these community gatherings.

STRONG SERMONS BEING PREACHED BY REV. BAILEY

Plainview Pastor Winning Popular Favor in His Efforts to Save

Few men have ever preached at the First Methodist church here before a more sympathetic congregation than Rev. Bailey who, by his sincere method of presenting his subject, has won for himself a place in the hearts of our citizens of all churches, and many outside the church.

His clean-cut presentation, and exhibition of a christian spirit of helpfulness has struck a tender cord of responsiveness seldom equaled. Truths clothed in language that any one may understand is being appreciated more with each sermon. There is nothing bordering on offense. Rather there a brotherly kindness expressed in each of his sermons that win the affections of his congregation.

Attendance is increasing daily. Friday afternoon at 2:30 he will preach on the subject of "God's Power to Save." That night at 7:30, his subject will be, "Call of the Other World." Those who have heard Rev. Bailey, pronounce this one of his most interesting sermons.

Saturday evening at 7:30 the subject will be "Repentance."

Sunday morning at the 11 o'clock hour, the subject will be, "The Christ at the Cross." Sunday evening at 7:30 his subject will be, "Accepting and Confessing Christ."

The public is cordially invited to take advantage of the opportunity to hear this good preaching, each of which is accompanied by good singing.

One Way Bus Picks up Two From Local Jail

Pen agent Crane called at the local jail Wednesday morning taking in charge Chester Shelton and Toliver Towles each of whom were given 5 year terms this term of district court.

The men were charged with burglarizing the office safe of the Clarendon Grain company in November, it is said. Each defendant waived a jury and the cases were tried before Judge A. J. Fires who assessed the punishment.

Odd Fellow Anniversary Will be Observed

Odd Fellows and Rebekahs will gather at the Hall Wednesday night in observance of the 115th anniversary of the Order, an annual affair.

A fitting program has been arranged with Rev. W. E. Ferrell as principal speaker. Music in variety will be an enjoyable feature. The ladies always see that the "feed" is up to par and this particular occasion will be no exception.

Criticises Uniforms

Miss Mildred Harrigan has resigned as a teacher in the San Antonio schools because her position prevented her from speaking her thoughts. She wrote a letter to army officers protesting against the soldiers marching in the Fiesta parade in olive drab uniform, declaring the unsightly color made them look like "an animated dung heap." She suggested that the soldiers march in civilian clothing.

MACDOWELL CLUB WILL PRESENT A SPECIAL PROGRAM

Music Week to be Observed With Two Programs And Visiting Artists

The Macdowell Club of Clarendon will open Music Week with a program on Saturday, May 6th at 8 p. m. in the College Auditorium. A small admission charge will be made for this performance.

This program will consist of numbers to be given by members of the faculty of the Fine Arts Department of the State College of Canyon, assisted by their artist students. Among the students will be Mary Ellen Hardin of Childress, well known "sweetheart" of the Panhandle Press Association who has been adjudged by the student body as the most beautiful girl of the Canyon school.

There will be presented a one-act play directed by Mr. Bachelor of the Speech-Arts department, assisted by pupils of that department of the school.

On the seventh, Sunday at 5 p. m., the Macdowell Club will give a Vesper service at the Methodist church. This will be a miscellaneous program, with the Club contributing several numbers.

Dalhart to Entertain 18th District April 29-30

Delegates of the local Post of the American Legion were selected Tuesday night to attend the convention of the 18th District at Dalhart April 29-30. J. W. Moody of Perryton is commander.

Delegates selected are Joe Holland, Nathan Cox, Milton Shaver, Pinky Price and Guy Smith. The trip will be made by auto according to information given the Leader.

City's Critical Financial Condition is Shown

Two reports bearing on the City's financial condition based on the inspection and audit of Dempsey A. Winn is given in the Leader of this issue.

From a reading of these financial statements, one may see at a glance what the citizens of the town are up against. One may also get some idea as to what our official family must face in the future, and that for an indefinite period.

Both reports appear on page six. Read them and give the matter close study. One hundred and fifty dollars has been spent to acquaint you with facts our officials think you ought to know, in presenting this their annual audit report.

Bill Miller is Released From Jail Wednesday

Sheriff Pierce released Bill Miller from jail Wednesday morning upon receipt of advices that Mr. Miller had been granted a conditional pardon by Governor Miriam A. Ferguson Tuesday.

Miller was given a pen term of a year in the district court here some two weeks ago on a charge of transporting intoxicating liquor. The pardon was granted pending his good behavior at the request of the jury, court officials and a large number of friends in Donley county where the defendant has resided for some thirty years.

Two Conservation Camps For Palo Duro Canyon Work

Two government camps are to be established for forestry work in Palo Duro canyon according to late information, the camp to employ two hundred men. Wages of one dollar per day will be paid.

In addition to the above pay, men will be furnished clothing and board. The enlistment will be for six months, it is said. Information may be had from Jim Guleke, T. E. Johnson or Julius Dorenfield of Amarillo, all three of the men being appointed on the local committee by Wilbur C. Hawk, president of the West Texas Chamber of Commerce.

Unrest or Distrust?

Metal Gymnastics.

Secretary of the U. S. Treasury Woodin in speaking of crooked bankers back east recently, said that where he found they had "skinned" poor devils out of their money on a crooked bond deal.

Alright, old boy, get the machinery of government after them. Crowd them so hard that the crooked bankers will bite a crowbar in two as large as a tent pole.

Another Sales Tax.

The pyramiding sales tax idea did not meet with approval when it came up for the consideration of our state lawmakers.

The revised bill exempts food sales. It levies but one 2 per cent tax and applies only to retail sales. The money raised is to be divided four ways.

A reconsideration of a sales tax bill is said to be due to the insistent demands of those interested in school funds for the coming term.

Another Bonhead.

On the front cover of a recent issue of West Texas Today, the publicity organ magazine of the West Texas Chamber of Commerce, there was pictured a sandstorm scene on a farm.

On the other hand, this magazine is supposed to circulate back out in a few places. Why hand

West Texas a package by insulting the prospective immigrant with a picture that is seldom actually seen in our section.

Certainly West Texas has many beautiful scenes which might be brought to the attention of those not personally acquainted with the pictorial resources of our great empire.

Very often the office guy responsible for these things will accidentally come in contact with a mental purgative. During the temporary rest from a toxin of lethargy, he becomes artistically irresponsible and gives birth to ideas entirely foreign to the demand.

War Gold Shipments.

France is conserving her gold supply by refusing payment of war debts. Her banks are calling home gold from corresponding banks in America at the rate of several million dollars a week.

Germany is conserving her resources. She too, is getting ready for war having evidently come to the conclusion that it is cheaper to fight proudly rather than pay under humiliation.

Italy and other nations who will find it to their advantage to see France get what she deserves, will likely remain neutral if Germany can whip France. England is expected to remain neutral, her people having not forgotten the last war would likely rebel.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy.

RADIO—The Young Man's Opportunity

Twelve million families in the United States have radio receiving sets. That's just twelve million more than there were fifteen years ago. Those sets must be serviced.

There are over six hundred commercial broadcasting stations, spending millions of dollars every month to bring entertainment into our homes.

Chamberlain School News

The Chamberlain school turned out last Friday at noon. At 1:00 o'clock the boys and girls put on an Easter program. After the program we all went out to hunt Easter eggs. Reid Huffstutler found the prize egg. After the egg

hunt the boys threw eggs at each other. Then the school boys played the outsiders in playground ball. After we got through playing, the married women played the winners. We all enjoyed the day very much.

Our 9th History class is entering the climax of our book "The World War." We all think that history is very interesting, but most of us are rather careless sometimes.

We have been studying very hard in Arithmetic but we can work most of the problems.

We think the 7th grade is the hardest of all other grades, and we will be glad when next year comes so we will be in the 8th.

TEMPLE OF TRUTH
By the Apostle

If there is anything that makes the old folks happy, it is to know that the boys and girls whom they have raised still remember the old folks at home. Milt Allen was all smiles Saturday while telling me that his daughter Eula Rose and husband living down in the Rio Grande Valley, had sent him and Mrs. Allen a box of fresh vegetables from their garden for an Easter dinner.

And some times it works right around the other way. My big-eared son down at the University got his Easter cake. When his mother made the cake, I boxed it up with dates and a supply of cosmetics. You know boys these times dote a lot on their cosmetics—face dope. Forty years or less ago, most any boy could find some girl who could stand his presence for a limited time without anything on his face except a rough hide. Well, it's different now. The cake was an "angel food" and of course the loud smelling dope helped out because all angels are supposed to be feminine.

Claude R. Gamblin has promised me some Chinese pumpkin seed. He says they are great stuff for preserves. Lynn Ray promises some "quay" seed that he says makes a cucumber as long as cord wood and almost as big—maybe. I'll try anything once, and these varmints will be planted along with the vine okra seed given me by none other than old Tom Messer. Got any more freak seed, folks?

A tourist stopped here long enough Monday to rage about our highway. He claimed to have had the filling jolted out of three teeth between here and Ashtola.

You folks who are suffering from boils should try that old-time remedy of running a string through a nutmeg and wearing it round your neck. I know several who have been cured by this remedy. A very fine old lady here is using it now and seems to be getting results. It may be a faith cure rather than any merit on the part of the nutmeg, but darn the remedy if it will get results. (P. S. This remedy also came from Arkansasaw.)

Among the visitors in the office Saturday were three young ladies. Dorothy Fay and Ruby Dell Scoggins were two of them and I failed to get the name of the third young lady of the trio. They looked over the machinery and we would like for more of the young folks to come in and see how we make the Leader.

Ed Francis in relating army experiences recently during the time he spent in France, said that the flies never bothered bald heads. The bald-headed men drew a spider on the head just the same as clothing, and the flies would not light where the spider looked like he was, but wasn't. We pass that on for the benefit of all the bald blacksmiths in this burg. The other men have nothing to do but fight flies.

In the good old days when the grocery sold out the pickles from the pickle barrel that stood wide open, he often found enough hardware and other things to more than pay for the pickles. Besides, everything that had been lost in the store for some time, could always be found at the bottom of the pickle barrel.

In listening in on a conversation of old time cow punchers Tuesday the talk drifted to old range songs. One fellow said Flop Pyle had a wonderful voice for singing "Home on the Range." In fact he said that when Flop went up the trail, quite a number of the cattle died from insomnia after delivery at Dodge City. Flop was not there to sing the critters to sleep every night and they just dwindled away.

And after all is said and done, most of us like the folks that God made rather than those that fashion made.

Down at Austin a west Texas lady, who is a widow, has been operating a boarding house all

winter in order to school her daughters. The oldest, a young lady of 23, and who lacks only one year of having her Bachelor of Science degree in Home Economics, feels that she should teach school the coming term in order to help out. This young lady has the best of references. "She neither smokes nor drinks" is the humorous but placid expression of one who recommends her after an acquaintance of several months. Any school board would do well to get in touch with this west Texas girl at once. I will be glad to supply her address. (P. S. This young lady was making a chicken coop no later than Friday, and I believe she has plumb plenty of energy and common sense, folks. Give her a chance.)

That new cream rate is fine. Now we need an egg and poultry rate. Then we can all get along first-rate. The Denver railroad is beginning to help its patrons. Hot dog!

Except for fist fights, family rackets and neighborhood gossip, news is scarcer this week than for many months. We can't print either of the above for the reason that some fools still fight and carry six shooters.

A young bride wishing to fry chicken and having no grease, put butter beans in the skillet and was surprised that the butter did not fry out of the beans.

Neighborhood gossip gets started in a peculiar way some times. A local man was seen kissing his cook last evening. The kitchen blind was up and of course the neighbor gossips saw it all and early next morning rushed over to tell the man's wife all about the matter. She refused to get excited over it, call the police, sue for a divorce or do either of the many things the gossips expected, simply because she is the cook.

A lady refused to accept a magazine offered here Tuesday and explained with some embarrassment that she had never learned to read. Being youngish like, I naturally asked her the reason.

"Well it's this way", the woman explained, "I never went to school nobow but one day only, an' that time it was at night, and we didn't have no light and the teacher failed to show up."

The College Hill Widow says that what this nation needs most right now is men who know enough to sit down when they get through saying what they think.

The bus coming through Tuesday had a disgusted bunch of customers aboard all on account of a smart-alec old man who, this side of Claude, jumped up and yelled: "Has any one on this bus lost \$20 worth of bills rolled up with a rubber band?" "I have", yelled a chorus of voices. "Well I have just found the rubber band", the old man said with a broad smile as he spat out the window.

Now turn to page 6 and read what Brother Jones has to say about the Sales Tax.

Miss Jane Read of Amarillo was a week end guest of Mrs. Fred Rathjen.

Mrs. Ralph Porter, Mrs. Jim Morris and Miss Lottie Bourland left Wednesday afternoon to attend the 7th district Texas Federation of Women Clubs at Hereford.

Mrs. Bascom Webb, who has been a patient at Adair for several days, is slowly improving at this time.

CARD OF THANKS

When we needed you most, friends and neighbors showed a christian spirit unsurpassed. Your many deeds of kindness, and flowers as an emblem of the high esteem in which you held our beloved Naomi Jolly Dyer, has endeared you to us beyond any expression of mere words. When similar sadness comes into your lives, we pray God that you may be among such friends as we have at and near Goldston.

Lost 40 Pounds On Doctor's Advice

"I'm a user of Kruschen Salts as a reducing remedy and can say they are fine. Have lost more than 40 lbs. in the past year. Am gradually reducing as my doctor advises." Miss Bertha Waldo, Haman, N. Dak. (Oct. 30, '32).

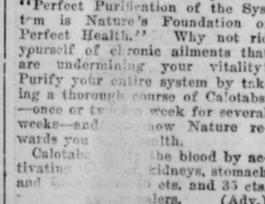

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back.

Renew Your Health by Purification

Any physician will tell you the "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —one or two a week for several weeks—and you'll know. Nature rewards you with health.

Calotabs purify the blood by activating the kidneys, stomach and bowels. 25 cts. and 35 cts. per box. (Adv.)

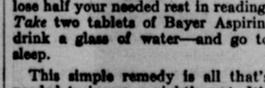

How to get to SLEEP

When you can't sleep, it's because your nerves won't let you. Don't waste time "counting sheep." Don't lose half your needed rest in reading. Take two tablets of Bayer Aspirin, drink a glass of water—and go to sleep.

This simple remedy is all that's needed to insure a night's rest. It's all you need to relieve a headache during the day—or to dispose of other pains. Get the genuine tablets of Bayer manufacture and you will get immediate relief.

Bayer Aspirin dissolves always immediately—gets to work without delay. This desirable speed is not dangerous; it does not depress the heart. Just be sure you get the genuine tablets stamped thus:

Put These Efficient Low-Cost Servants in Your Home

Electricity has been the magic force that has revolutionized home management. Through its use, present-day home-managers have gained happy freedom from household drudgery... have saved time, work and money... have protected health and happiness... have made of their houses real homes... all at the cost of only a few pennies a day for electric service!

Take the list below, RIGHT NOW, and check to see how many of these "Electrical Servants" you are enjoying. Every one of them mean added convenience, new economy, additional labor-saving and more efficient home management.

Since the organization of this company, the net average (total income divided by the total number of kilowatt-hours sold) electric rate has been **lowered more than 60 per cent!** You now can enjoy the superiority of complete electric service for **less money** than you paid for only inadequate lighting and one or two small appliances a few short years ago! Think of it... for only a few pennies a day you can enjoy all the incomparable advantages of modern "Electrical Servants"!

Ask a trained representative for further information. You will be happily surprised to find how much you can accomplish electrically for such a small amount.

29 MILLION TIRES SHOULD BE REPLACED

Twenty-nine million passenger car tires on the road today should be replaced at once, in the opinion of Holland Bros., local Goodyear dealers.

Mr. Joe Holland's estimate is based upon a survey made recently by the Goodyear Tire & Rubber Company to determine the number of unsafe tires in operation. The survey showed that one out of every three tires checked had been worn smooth and thin and was a real danger to motoring.

"Multiplying the number of passenger cars registered in the United States, approximately 22,000,000, by four and dividing by three, we get a total of 29,000,000 tires," explained Mr. Joe Holland.

"This figure is ultra conservative because it takes into account only those thin slick tires. It does not include spares which are likely

to be in worse condition than the tires in actual operation, or the millions of other tires, the condition of which borders on the danger line," he said. "Motorists should consider that the mileage remaining in a thin, slick casing is hardly worth the risk involved in driving with an unsafe tire." Mr. Holland declared. "Especially is this true," he pointed out, "when they can be traded in as part payment on new tires, which is the way we operate."

"In other words, and as a matter of fact, repair and service costs on old tires usually eat up many times the unused mileage value in a nearly worn-out tire. Besides this the car owner is likely to be subjected to serious inconvenience and loss of valuable time."

Judge Porter returned home from Houston Sunday night where he visited relatives and attended to business.

Kenneth Fink left Monday for Austin where he will attend the Home coming.

Texans Enjoying Decimal Beer in Louisiana Oasis

Top Photo—Houston misses put their feet on the rail of a Lake Charles night club and pronounce 3.2 beer to their liking. These snuggling maidens all drove over from Houston to be present when beer went on general sale in Lake Charles Thursday, and you can tell by their expressions that said beer tickles their palates just right.

Lower Photo—Here's a scene from right across the State line at Orange, Texas. A hurriedly improvised bar and saloon is taking care of the beer wants of Orange, and adjoining Texas cities. This bar is less than 100 feet from the State line, and if you think there wasn't a mad mob of people from Texas scrambling for beer at this address when it went on sale last Thursday at noon, then you've got another think coming.

Echoes of the Panhandle-Plains Historical Society

T. D. Hobart, Pampa: "I have never been happier than to open this beautiful building and to be here on the day when it becomes the property of the people of this great region."

Mrs. W. T. Coble, Amarillo: "I feel a proprietary interest in everything in the museum. I have gone through it again and again today delighted to find how valuable and interesting are the things it contains."

L. F. Sheffy, Canyon: "Sixteen hundred people visited the museum during the hours it was open today. It will be open from two to six on Sundays so that those who are busy on other days can come then to see it. It will also be open Tuesday and Thursdays from two to six."

Wallace R. Clark, Canyon: "I want to dedicate my next song to Uncle Avery Turner, who was my friend." (He then sang "Rounded Up In Glory")

J. Evetts Haley, Austin: "I have always believed that there is a relation between stability of residence and stability of character."

Mrs. Olive K. Dixon, Amarillo: "This has been a happy day for me. Three of my children are here at the meeting; they are learning what the Historical Society means to the Panhandle."

Miss Mary Cox, Plainview: "We hope everyone who is here can come to our Pioneer celebration in May. We try to make it a day of days for all the elderly people of Hale County and surrounding

country."

John McCarty, Dalhart: "We had flats and bad roads, but Mrs. McCarty and I would not have missed this meeting for anything."

H. E. Hoover, Canadian: "Nothing in my whole life has given me more pleasure than my membership in the Panhandle-Plains Historical Society."

W. H. Patrick, Clarendon: "Our work has just begun, we must have at least 2,000 members in this organization; it must grow and grow, for its work cannot be finished; it must go on and on."

J. A. Hill, Canyon: "History is an essential instrument in the hands of each generation. Without it, we who would build for the future select our materials as by a grab in the dark and wield our implements in ignorance of their uses. The work of the Panhandle-Plains Historical Society recognizes at once the source of the civilization we find here and the value of the material in building for the future."

Mrs. T. B. McCarter, Canyon: "I have a feeling for the Mary E. Hudspeth Room which I have for no other part of the museum. It is a tribute to the character of the finest woman I have ever known."

Otto Jennings, Tulla: "I once saw grasshoppers three feet thick in Fuqua's Wagon Yard at Tulla. One of the boys scooped up a tow sack full of them and while people were lifting the sack to test its weight, the grasshoppers chewed their way out, and left only the top of the sack."

Judge A. J. Fires, Childress: "Every one who becomes a member of this Society becomes genuinely interested in it, and can secure other members. I had to adjourn court to be here today. I have tried for nearly ten years to get to a meeting."

J. D. Hamlin, Farwell: "The lone cowboy, riding his horse across the short grass is becoming a rapidly dimming silhouette against the horizon."

Col. R. P. Smythe, Plainview: "Of course, I'm here. I never miss a meeting, do I?"

Horace M. Russell, Amarillo: "The pictures of Harold Bugbee, A. W. Mack, Margaret Seewald, John Elliot Jenkins, Vernon Hunter, and Ben Carlton Meade were beautifully hung by Miss Robinson."

Matthew (Bones) Hooks, Amarillo: "I am one of the few remaining witnesses to the part the pioneer men and women played in blazing the way for the comforts of life that the new generation are enjoying today."

Katherine Patrick, Clarendon: "It was a great pleasure to me to collect the signatures of the men and women who came to this country before 1900. There will be at least 1,500 signatures in the book when I get it finished. I have more than 900 already pasted in it." She referred to a beautiful book, bound by H. M. Russell, and presented to the Society by Miss Patrick.

John Hendricks, Sweetwater: "I have enjoyed being here. The people at the programs and around the chuckwagon all seemed to be having a good time."

Miss Hattie M. Anderson, Can-

yon: "People from fifteen states visited the Museum during the day. These included residents of New York, Pennsylvania, Oklahoma, Colorado, Kentucky, California, Georgia, Arizona, Washington, New Mexico, Oregon, Indiana, Arkansas, Wyoming, and Texas."

Expert Motor Repair

NO JOB TOO LARGE OR TOO SMALL

There are good watch makers - - - and there are poor watch makers. There are good motor mechanics and not so good motor mechanics - - - - The engine in your automobile requires as expert workmanship as your watch. When repairs and overhauling is done by experts—then you get full power from your motor—and there is no wear and tear and strain upon expensive parts. Whether it be engine, generator, timer, starter, valves or cylinders—we know motors and it will pay you to have your work done here. Now is the time to overhaul that motor for a full season of motor pleasure.

Sales Tax And Our Public Schools of Texas

(T. N. Jones)

Will the Legislature of Texas allow the assassination and destruction of the public school system of Texas by non-residents and others who are unwilling to pay taxes to educate the children of this state?

United States District Judge Cox, of Mississippi, came to Tyler, to hold a term of the Federal Court. I made personal inquiry of him in regard to the Law in that state, its operation and the feeling of the people about it. He explained to me at length that there had been much opposition to the Law by certain interests and strenuous efforts were made to prevent the Legislature from enacting the Law; but, after the Sales Tax Law had been in operation for practically one year, the opposition had changed to almost universal approval. The Law is now regarded as the solution of the problems concerning the balancing of the budgets of the different states.

After receiving the information relating to the Sales Tax in Mississippi and finding it satisfactory to the people of that state, and as furnishing a certain solution for the balancing of the budget, as well as relieving the home owners of at least a part of the burdens which have been placed upon them by the ad valorem tax system, I gave consideration to its applicability in Texas.

We have a Sales Tax system in Texas and have had for several years. The State Sales Tax in Texas is levied on cigarettes, cement, and gasoline.

I have reached the conclusion that the Sales Tax should be levied on all articles of commerce sold in Texas. There are many reasons why such a tax should be levied.

It will be paid by all the people and will be distributed according to the purchases made by them and according to their wealth and ability to pay.

There has been great propaganda by individuals, organizations, associations, and groups of people, against the establishment of a Sales Tax system in this Commonwealth.

The claim has been made and is still being made that the burden will fall heaviest on those least able to pay. An analysis of this contention will show its fallacy.

Those who purchase the largest quantity of merchandise of every nature, kind and description, are those who are well-to-do and that class would pay the bulk of the tax. The family in a city which purchases from three to five thousand dollars merchandise per annum, on the basis of 2 per cent would pay from \$60 to \$100 tax. The family in the city which purchases \$250 merchandise would pay \$5.00 tax. The family in the rural districts which purchases \$100 would pay only \$2.00 tax. The overwhelming majority of the families in the rural districts will not purchase this year \$100 in merchandise.

The man who purchases an "extra-heavy-weight, full cut, triple stitched, high-back men's overalls" for \$2.00, will pay 4 cents tax. Such articles are now in the market at that price.

The man who purchases a suit for \$35 will pay 70 cents tax. Illustrations could be given by the volume to show that the down-trodden masses would pay a very small proportion of the sales taxes and that those who are able would pay the overwhelming bulk of it.

There is another view of this matter which has been overlooked in my investigation. I found that there are hundreds of thousands of well-to-do people in this state who are able to pay their taxes. But they never have paid one dollar for the support of the government. After conferring with those who are in a position to know, it is my opinion that there are at least five thousand such people in Smith county. They have all the protection which the government can afford. They enjoy this civilization and all the guarantees furnished by the Federal and State constitutions, but they do not pay one cent for such enjoyment or for the advantages which are furnished by the state to them and their families.

Such persons are in every city and community in this state and in all other states. The only possible way by and through which they can be compelled to give assistance to the support of the government is by and through a Sales Tax.

There is still another class who in fact pay a very small proportion of the taxes necessary to run the government. In every city and

town in Texas there are large real estate owners who ostensibly pay ad valorem taxes. They do not pay such taxes, but when additional tax burdens have been added to their property, almost without exception they increase the rents and pass the additional burden on to their tenants. I have had occasion to make special investigation in regard to the policy of that class, and I found that they not only added the tax to their rent demands, but, as an excuse for increasing the rent, raised it from twice to five times the amount of additional taxes.

Another class of people that pays only a modicum of taxes to the state, county or city, is that class that has invested its money in bonds which are not taxed, and in addition has millions of dollars in notes and bills receivable which are not rendered for taxes or assessed for taxing purposes by any department of the government, from the precinct to the nation.

Such could not escape a Sales Tax.

It is not true that the Sales Tax would be a great burden and imposition on the poor man. I have heard and read that argument in Texas for more than forty-six years by exactly the same influences which are now opposing the Sales Tax, but from the precinct in which I have lived for more than fifty years, throughout the state and the nation, I have never in one single instance read, heard or known of those influences undertaking any great reform which would materially benefit the down-trodden, poverty-stricken masses, and aid in elevating and improving their condition. I challenge a denial of this statement.

For more than ninety years the schools in Texas have been made the goat. To be more accurate, the children of Texas have been made the goat since 1838, and all of the indications are that if conditions do not change, they will continue to be required to feed on shrubs, bushes and pine tops for their educational living.

There must be in all of the public schools of Texas, from top to bottom, men and women who are trained as teachers and who know and understand how to build in intellectual development, in character, and in great citizenship.

The very latest authentic statistics sent out from Washington during the past ninety days show that the average salaries paid the

teachers in Texas are from \$621 to \$787. Note that these are the average salaries. There are thousands of them who do not receive \$600 per annum.

Only the hired propagandist claim that such salaries are adequate under any condition. The state must raise the funds with which to pay satisfactory salaries.

The funds can be raised by levying a Sales Tax.

There must be a Rural Aid Bill passed appropriating more than has ever been heretofore given for the schools in the rural districts and in the towns and villages, and to pay the high school tuition of those children who live in the districts where there are no high schools.

The funds to pay the Rural Aid can be and must be obtained by levying a Sales Tax.

Recently, I discussed the Sales

tax before the Tyler Junior Chamber of Commerce. The following night two hired men came to Tyler to talk to the Retail Merchants Association. They devoted much time in attempting to reply to my views as expressed the previous night. The burden of their reply was that the Sales Tax suggestion was one coming from Hon. Jim Ferguson. They were not sufficiently informed to know that Former Governor Ross Sterling had recommended that tax in his last message to the Legislature.

Positive proof of the position of the hired men and their employers is shown by the fact that they are now infesting the Legislature and the committees thereof, proclaiming their opposition to such taxes as are absolutely necessary to satisfactorily finance an efficient system of public free schools.

"The two great conflicting forces of the world at the present are the spirit of truth and spirit of propaganda, the former of which tends toward the light and to the ultimate peace and happiness of mankind, and the latter of which is not only the father of lies, but a whole ancestral tree ultimately making for confusion and distress."

Respectfully submitted,
T. N. JONES

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"THE LORD'S SUPPER"

The Saviour gave no intimation as to when the Supper should be observed. It was not needful for him to fix the time, as He purposed to baptise His disciples in the Holy Spirit and thus guide them into all truth, that they may legislate for the church. The Apostles have given us the Lord's Day and the Lord's Supper, one commemorating His resurrection, while the other shows forth His death. Fifty two times a year we commemorate His resurrection, and surely reason requires that His death should be remembered with the same frequency. In Acts 20:7 we read: "And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them, ready to depart on the morrow." Paul arranged his schedule so that he could be with the church members when they came together to break bread. He had to wait nearly a week for this event. But he waited. True, we do not find the word

DOROTHY DARNIT

By Charles McManus

"Every" in the narrative, and it has been objected that "the first of the week" may not mean or be equivalent to every first of the week. We answer, neither is the word "every" found in reference to the Jewish Sabbath. "Six days shalt thou labour and do all thy work, but the seventh day is the sabbath of the Lord thy God." Is

not "the seventh day" equal in signification to every "seventh" day? Most certainly. The like truth appears from Paul to the Corinthians. "On the first day of the week they came together". He clearly intimated that the intention of their coming together was to eat the Lord's Supper. Thus in apostolic example we have the law of the ordinance as to frequency, the Lord's Supper, every Lord's Day.

The Lord's Supper is memorative, and so it has the nature and use of a pledge or token of love, left by a dying Saviour, to a dear surviving friend. As oft as we partake of this feast, we remember Him who gave Himself for us and Who is now preparing an eternal home for his friends and followers.

Sunday, we will bring a special lesson on the Lord's Supper, the subject will be, "A Personal Question." Sunday night we will bring a lesson on: "God's Wrath." We will try to show that God is angry at a certain class of people and has left them without excuse.

RHEUMATISM IS CURED AFTER 3 MONTHS' AGONY

Confined to Bed Until New Remedy Recommended By Friend is Tried

About October 1, 1930 I was stricken with rheumatism and confined to my bed for nearly three months. After different treatments failed to relieve me, I was induced by a friend to try a medicine that completely cured. I have not had any recurrence of rheumatism to this day.

Out of gratitude for its having cured me and others who have since tried it, I have agreed to act as agent for the remedy in this territory. This remedy removes the cause by purifying the blood through the liver and kidneys, and is therefore said to be a great nerve and system builder.

The price is very reasonable—only \$1 per sealed box of 30 capsules.

If you have rheumatism, or feel run down in health, send me a trial order and if you are not satisfied with results, I will cheerfully refund your money. The company manufacturing this remedy is capitalized at \$100,000 and their contract with me makes my guarantee to you binding beyond question.

Historical Society Given Signature Book

Among the many valuable contributions to the Panhandle-Plains Historical Society museum collection, none surpass in rare and sentimental value that of Miss Katherine Patrick of Clarendon.

Her gift was a beautifully bound book containing the signatures of more than nine hundred pioneers who came to the Panhandle before the year 1900. Every effort is being made to secure original signatures of all old-timers. Miss Patrick is of the opinion that the book will contain at least 1500 signatures when completed.

Those who came to the Panhandle previous to the year 1900 are kindly requested to write their name, the place where they first settled, and the date on a slip and mail this slip to Miss Patrick at once.

COUNTY SCHOOL NEWS

By Sloan Baker
County Supt. Schools

Chairman of the High School Course of Study Committee, Geo. Kavanaugh of Martin met with Committeemen C. W. Howard of Bray, and Frank Behringer of Hudgins in the County Superintendent's office last Wednesday night. A course of study was outlined according to suggestions from H. T. Burton of Clarendon and W. L. Payne of Hedley. The outlined course of study has been sent to Austin for approval. This approved course will be used in the Rural school districts next year.

County Superintendents from many counties in the State will meet in Austin next Thursday, April 20th with County Delegates

and patrons of the public schools to try if they can to influence by a concerted effort the payment of \$16.00 per capita next year so the public schools of Texas may remain open for a full term next year. A number of the schools of Donley county are sending petitions by their county Superintendent to Austin to aid in this effort to hold the present state apportionment.

The County Board of Education will meet Monday the first day of May to classify the common school districts. All trustees of schools are invited to be present at this classification.

McKnight school closed last Friday afternoon. Mr. G. G. Clemmons, Mrs. Bartley and Mrs. Rebecca McCrory have taught a very successful school there this year.

Mrs. Lou Brock Nicholson finished her third term as teacher at Watkins. She was re-elected another term. The school closed last Friday.

A number of the schools are getting ready for the State Standardized School Inspector. Martin school had an all day workday last Friday improving the grounds and building a fence, placing gates at the two entrances. They expect to qualify this year as a Model school. The community worked hard all day Friday but decided on another work day this week to finish their improvements.

WINDY VALLEY SCHOOL NEWS

Last Monday morning, April 17, we went into the last month of school. With many tasks still incomplete and the outlook for next years school work very dark at the present time, teachers and students have quickened their pace to accomplish the greatest amount of good possible in the remaining time.

Literary Society will meet Thursday for the last time this year. A varied program will be presented together with music and two One act plays.

Mr. and Mrs. Dillard will leave Friday morning for Canyon, accompanied by Jimmie Lee Cole and Willie Buchanan who will enter the District Interscholastic meet at Canyon.

A baseball game played at Hudgins last Tuesday afternoon proved disastrous in the seventh inning for the boys from the Valley. They were leading by a good margin until the tide turned in the seventh and Hudgins ran in eleven scores making the score 16-9. The boys made a good come back but the game ended in a score of 15-16.

Last Friday afternoon the children of Misses Johnson's and Taylor's rooms were surprised with an Easter egg hunt. About 250 eggs were hid and the children spent some forty five minutes in the mad scramble and there were a few that never lost hope until the sun drove them home.

LABOR

Surely there still is labor for man's hands;

Surely the heart shall not be thus bereaved

Of its fine dignity. The untilled lands

Await him, there are forests yet uncleaved,

And the dark caverns hold within their dim

Vast aisle their stores for him. And yet today there go the wistful eyed;

The beaten one down every lane and street,

Begging for that which they have been denied:

Dragging their helpless way on leaden feet;

Haunted by clutching hands and hungry cries,

A fear within their eyes. God, bring us through this labyrinth that men

Have made through blindness—guide us through it, Lord!

Give back to hearts the joy of work again—

The joy of service with its sure reward.

Have pity and forgive our gross mistakes

Before the heart of mankind breaks.

—Grace Noll Crowell.
