

The Donley County Leader

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

Volume 5 Number 19

CLARENDON, DONLEY COUNTY, TEXAS, JULY 13, 1933

A Common Paper For Common People

Soc Dolagar Says - - - -

In some communities it is a hard matter to distinguish between a "leading" (?) citizen and a durn nuisance.

2 Dead and 3 Hurt in Freight Train Wreck

Lee Hamilton, an Athens farmer, and Jim Merrell, a Corsicana painter, were killed and three other men were injured when a Cotton Belt train was derailed on a long trestle one mile east of Trinidad Friday. The trestle was torn up for 500 feet and thirteen freight cars were scattered over Cedar Creek bottoms. Sixty men were riding in the cars when the wreck occurred, twenty-seven being in the last car that rode safely over the trestle. A hot-box, which locked the wheels, caused the wreck.

Hatchery Offers Chance To Poultry Growers

The Clarendon Hatchery accepts the "new deal" by making some fine offers to responsible people to grow poultry on a part payment plan, according to a statement of the manager, Mr. Frank White Jr. today.

He wants to see those who have lived on the same farm three or four years, if they are tenants. Those who own farms and can meet the requirements are invited to talk over the plan.

The offer made in the hatchery advertisement in this issue of the Leader states the principal requirements. Read it. Then talk to the hatchery man. Quite a number make the poultry issue a business in this county, and they are making good at it.

Chamberlain Ball Club To Play Claude Sunday

Extra hard training has been the rule of the manager of the Chamberlain team the past several days in preparation for the Claude game. Sunday's game period was omitted entirely to give the players a chance to get on their pins.

Those who relish a real ball game are expected to be seen at the Claude diamond next Sunday. Claude will play the local team a return game at the Bryson diamond on July 23rd.

Farmers Holiday Meeting To Be Held at Memphis

Milo Reno, of Des Moines, Iowa, and president of the National Farmers Holiday Association, will speak in Memphis on Friday afternoon, July 21, according to information received here from Judge L. Gough of Amarillo, chairman of the board of directors of the Texas division of the association.

Mr. Reno will make two speeches in Texas, one at Plainview and one at Memphis, it was learned. He is making a tour of the states in behalf of the association, and it is believed that Texas farmers, especially in this section of country, will give him a good attendance.

Presbytery Meet Is Being Held at Ceta Canyon

In company with the pastor, Rev. Robt. S. McKee, a crowd of joyous youngsters and others left here Monday morning early bound for the annual school of instruction at Ceta Canyon near Tulla.

Rhodin Chase is song leader. Others attending from here are William Hardin, Charles Word, Robert Word, Arthur Chase, Bob McKee, Jean McDonald, Louise Wood. Some 60 children are said to be in attendance.

Alberta and Jess, local colored people, were taken along to look after the internal good of the crowd, both being expert cooks.

C. E. McCARRELL
Song Leader and Bible Teacher

Mr. and Mrs. W. C. Stewart attended the funeral of Mrs. Stewart sister, Mrs. Emma Lightfoot, Saturday at Alvarado. They returned home Sunday. Mr. Stewart's mother, Mrs. V. T. Stewart and his sister, Miss Lillie Mae Stewart, returned home with them for a few days visit.

Mrs. C. A. Burton who has been visiting her brother, W. E. Betts, at Clovis, New Mexico the past week, returned home Friday.

Children to Stage Plane Tournament Two Days

CHILDRESS, July 12—More airplanes will soar over Childress next Saturday and Sunday than have been seen in this region ever before. More than 14 and possibly 20 planes of various types and makes will gather here those two days for an air circus sponsored by the American Legion.

Wing-walking by a blindfolded performer and delayed parachute jumping will be the featured events of each of the two days. Tommy King, of Hollywood, Calif., will thrill the crowds congregated at the Childress airport with these dangerous stunts.

King is a member of that select group of air dare devils, the 13 Black Cats of Hollywood, has doubled in many of the leading air pictures, and has many thrilling incidents in his ten years of experience since taking up the work at the age of 14. Among the pictures in which he has doubled are "Hell's Angels," "Wings," "Lilac Times," "The Legion of the Condemned," "Flight," "Air Mail," and "Central Airport."

A list of well known pilots from various points in Texas, Oklahoma, Kansas and Colorado have promised to have planes at the aerial event. The stunting will be done in a Ryan monoplane piloted by Orval Vaught, of Liberal, Kansas.

COTTON GROWERS REDUCE ESTIMATES ON LATE REPORTS

Government Request Meets With Ready Response Of Donley Farmers

From the beginning, government officials have been insisting that farmers not exceed the estimated yield of cotton in making their estimate claims. The average acre production for Donley county was given at 167 pounds per acre.

In the beginning of the preparation of claims in this county, some based estimates as high as 300 pounds per acre. Those handling the matter here were of the opinion that such estimates could only retard the time of payment since a readjustment would likely be made by government officials before final payment.

This week a number of cotton producers have come in and asked that their estimates be reduced. Some having placed their first estimate as high as 300 pounds per acre, were content with 175. Some of those taking options agreed to a reduction from 300 down to 225. More and more farmers are taking options rather than cash plan over the week. They figure that with the deflation of the dollar, cotton at present prices are no higher now than two months ago, but if there is any appreciable raise, they will realize more by the option plan.

To date 637 applications representing 18,256 acres of cotton to be destroyed have been received by the county committee. Of this amount, 4,081 acres have been approved by the Committee. It is estimated that contracts representing some 5,000 acres are in the hands of local community committees not yet turned in.

Donley county's cotton acreage quota set by the government is 21,120 acres. This is said to be 30 percent of the average acreage planted for the past five years. The average acreage production on 125 approved applications is given at 172 pounds. The government figures show an average over past five years as being 167 pounds. The county committee urges that the applicants keep average below 174.

The U. S. Secretary of Agriculture has established July 31st as the dead line for rejection or approval of these cotton contracts. The matter should be rushed according to information had from the County Committee.

Clarendon To Have Official Fair Band

Following a conference with President Lampe of the Tri-State fair at Amarillo recently, Director Gus B. Stevenson was asked to officiate as official bandmaster at the Fair this fall for four days, or possibly eight days, the full fair time.

This is another of the many honors that has been bestowed upon the local band based on merit alone. Mr. Stevenson feels that his band can put over the job alright, but hardly expected to have his band recognized as the official band since several good bands may be had in the Tri-State territory.

D. R. Davis, chairman of the local band committee accompanied Mr. Stevenson on the Amarillo trip and is well pleased to know that his committee is making progress in securing proper recognition for the band that has in many ways attracted unusual attention to Clarendon.

Grain And Cotton Markets Continue Upward

Hard wheat sold for as high as \$1.14 1/2 at Ft. Worth yesterday. Corn sold at 77 1/2, oats .53, barley .68, maize 1.75 per hundred.

Due to a demand for rye bread, a corner on the market was rumored when the price advanced more than 25-cents within three days to \$1.07.

Spot cotton of seven-eighths staple sold for 11.15 on the leading markets Wednesday as the highest level since the depression started in 1929.

MORE INTEREST BEING TAKEN IN MANNEY REVIVAL

Being Held in Open Air Near Antrobus Home Account Of Hot Weather

Interest and attendance continue to increase during the fifth week of the revival conducted by the E. E. Manney Evangelistic Party from Amarillo. After three weeks services in the building next door south of the Antrobus hotel, the meetings were moved to an outdoor pavilion at Antrobus Park and the party composed of Evangelists E. E. and Irene Manney and their daughter Dorothy was joined by Mr. and Mrs. C. E. Mc-

E. E. MANNEY
Evangelist

Carrell and their daughter Betty Jewell. The special music both vocal and instrumental furnished by this party together with the inspiring messages from the Word of God by the evangelists render this meeting one of the best ever held in Clarendon. The "old time religion" is preached and sung and to date there have been between 20 and 30 seeking and finding the Lord at the old fashioned altar.

The Christian people of Clarendon are invited to co-operate in these meetings and everybody is cordially invited to attend. There are plenty of comfortable seats and out-door feature added to the delightful messages in sermon and song make it a delight to attend.

EXTREME HEAT WAVE COVERS ALL WESTERN STATES

Vernon Registers Highest In State Tuesday When 114 Is Reached

Feed crops in Donley county have suffered from the intense heat of the past several days, and more especially this week. Crops on that portion receiving rain last week are making a fine growth as hot winds have been less noticeable this week.

Clarendon is said to have registered the highest temperature of the season Tuesday when 109 was registered. Amarillo had 110, and this degree of heat was maintained across the northern tier of counties of the state. Kerville appears to be the coolest place in Texas having never gone above 84.4 up to Wednesday of this week.

The average rainfall for the state during June of last year was 2.78. This year it is .78 inches. Crops over the state are spotted and small grain will be very short according to late government estimates.

New Rural School Aid Law Is Explained

In this issue of the Leader is given a complete explanation of the Rural Aid law as affecting the rural public schools.

Copy was supplied by Sloan Baker, county superintendent of schools. All those interested in the welfare of the rural schools should turn to that article in this issue and give the matter careful thought.

T. E. JOHNSON EXPLAINS PALO DURO PROJECT

Has Visions of Wonderful National Park Soon For Panhandle Section

Editor T. E. Johnson of the Amarillo Globe-News and chairman of the Palo Duro Park Board, informs the public of the progress being made on the park site, and the possibilities of the future.

"The Palo Duro Park project will get under way within 10 days. All requirements of both the state and federal government have been met. Three companies of 200 men each, under control of the Army, will be located on the park. The federal government, through its national park service, is sending men to Amarillo this week to plan the park on an extensive scale. It is entirely probable that the project will be taken over as a national park before it is finished and that much more money will be spent on improvements than now authorized.

Present plans call for almost a half million dollars being spent on the Palo Duro program, including the small park in the Palisades. Altogether, four companies of men are to be employed for six months. Their payroll is \$150,000. Camp supplies for these men call for \$120,000. There is an appropriation of \$72,000 for building materials and an RFC loan of \$124,000 for construction, running the total up to \$446,000 now available for the work.

This does not take into account the value of the property after the improvements have been made. The land was acquired by the state under terms whereby it will be paid for out of concession revenues. No down payment was made and the state is not obligated except for the concession receipts. In a nutshell, the Panhandle is getting a state park of 14,000 acres and the government is spending \$446,000 to improve it-and all with out cost, except for some preliminary expenses incurred by the local committee in putting over the project.

Amarillo had no chamber of commerce to pay the expense of the committee. Time was the big element, and it wasn't possible to raise an expense fund. A few Amarillo individuals guaranteed the costs of the preliminary work, which amounted to \$1,655 for Amarillo's part. Canyon citizens spent \$2,212, making a total outlay, locally, of \$3,879 for the park project. Major item of expense was drilling of water wells. Under the government's plan for such projects, local communities must have water available before the work is authorized. The Amarillo and Canyon committees drilled seven wells in all. But, at that, it should be a fair trade. For \$3,897 we are to have a major park where the government is spending \$466,000 for improvements.

Plant Growers Leave Monday For Vacation Grounds

Mr. and Mrs. T. Jones heard the call of the wild again leaving here Monday on the W. M. Pickering truck bound for Elephant Butte dam for their annual vacation.

Both have followed their custom of leaving here in July of each year and returning around December for several years. The time will be spent at the big lake in fishing until the hunting season opens in the fall. The camp is then moved to the mountains above Monticello about a hundred miles from the lake where deer, bear and turkey abound.

Mrs. Margaret Ellis Dies Here Wednesday Morning

Rev. L. A. Reavis had charge of the funeral services for Mrs. Margaret B. Ellis here Wednesday, after which the body was prepared for shipment to Whitesboro by Buntin & Son.

Mrs. Ellis had been making her home with a daughter, Mrs. Lelia Russon south of the cemetery for some years. She was seventy-six years, five months and fourteen days old at her death.

PRISON SYSTEM BEING MANAGED TO SAVE MONEY

Convict Skill is Managed To Produce Necessities For Other System

Under the management of Lee Simmons, the prison system of Texas is being managed in a most efficient manner. The skill of each individual convict is being utilized to the best interests of both prisoner and the state.

Right at this time the prison system is supplying shoes to all the state eleemosynary institutions of the state. Canned goods of vegetables will be supplied them later. They have already canned 117,000 cans to date.

Last year more than 500 convicts were taught to read and write. There are 840 illiterates in the prison system now, divided racially as follows: Whites, 303; negroes, 428; and Mexicans, 109. Of the 5,375 convicts in prison 2,529 are enrolled in the school.

The prison school curriculum includes seven grades of academic work and 68 vocational courses. When Mr. Simmons took over the prison system there were only 300 enrolled in the school. In four years he has increased this to 2,529. Night schools are held at all 22 prison camps and at the Huntsville unit. Attendance is voluntary except in the case of illiterates.

Cotton acreage on the prison farms had already been cut one-third by Mr. Simmons, but in addition to this he has agreed to reduce the prison farm acreage in each county a percentage equal to that averaged by farmers in the county under the federal crop reduction plan.

Up to July 1 of this year only 28 convicts had escaped as compared with the more than 600 who broke out annually several years ago.

"Of course we may lose 100 tonight," Mr. Simmons said. "It does not pay to brag about not having many escapes."

Mrs. C. E. McCARRELL
Assistant With Special Music

Brother Ingram Ignores Hot Weather in Ministry

Rev. C. B. Ingram handed in his June report to the Leader Wednesday with that old-time chuckle saying that he would not exchange his mission for the best station in the district.

His report shows that 223 attended Sunday School; 228 attended church; that he made 45 visits; had 45 professions of faith. His remuneration in cash and barter amounted to the total sum of six dollars.

Vawters Conducting Revival At Pampa This Week

Those who heard them here during August and September of last year, will be glad to learn that the Vawter revival party is again back in the Panhandle.

A revival is now in progress at Pampa. Rev. C. R. L. Vawter is preaching and the same musicians have charge of that service as when the revival was conducted here.

TAFT CLEMMENS KILLS ANOTHER NEGRO TUESDAY

Pistol And Car Spring Are Weapons Used In Death Struggle

The first killing in several years among the colored element took place on the north side shortly after noon Tuesday when Taft Clemmens is alleged to have fired two shots at Bill Jones, one taking effect in an upward range through the body causing death within a short time.

Immediately after the shooting Clemmens beat it for the jail to surrender, carrying his pistol along. He came to the rear of the jail covered with blood and surrendered to Mrs. Guy Pierce, who was alone with her babe at the time.

Clemmens' head was in a battered condition said to have been due to a spring leaf in the hands of Jones. The principal damage was a gash across the back and one across the front of his head.

The quarrel is said to have arisen over a flippancy remark made by Clemmens to a brother of Jones with reference to personal appearance. The argument was continued and Clemmens claimed he went outside the building where a gambling game was in progress, and as he was turning the corner of the building was struck from behind. As he turned he was struck across the forehead, according to his statement given County Attorney King. It was at this time he drew the pistol and fired with fatal effect.

Clemmens is said to have waived a preliminary hearing and will remain in jail until the fall grand jury can pass upon his case. He was given a three year suspended sentence some time ago for having broken into the Rayburn Smith filling station.

Quite a number of the colored citizens hung around the courthouse during the afternoon including the wife of the accused. The dead man had no family. Soon after the shooting a car loaded with negroes was seen to come across the bridge near the laundry and head east at a nothing flat rate. The driver was crouched down behind the steering wheel, hatless and no doubt shoeless, not going any place in particular, but certainly "coming away" from some where.

Ex-Mayor H. W. Taylor has been ill the past week, being confined to his room.

COMMISSIONERS RE-EMPLOY BROWN AS COUNTY AGENT

No Further Action is Taken On Right-of-Way Matter Across County

At a meeting of the County Commissioners here Monday, T. R. Brown was employed again as county agent at a salary of six hundred dollars per year. The federal government will make up the remainder of the salary. That portion of the salary to be paid by the county will be paid out of an emergency fund.

Those favoring the re-employment of Mr. Brown were G. W. Beck who made the motion, and Roy Beverly who seconded the motion. Sid E. Harris voted in favor of the motion. The only dissenting opinion was that of J. Les Hawkins of the Hedley district.

The reason for the employment of a county agent at this time is said to have been due to the cotton reduction process now being put over. Mr. Brown will act as secretary to the local committee, it is said.

Reports of the various county offices for the second quarter were approved.

Nothing new developed in connection with the construction of Highway 5. It is claimed that the securing of the right-of-way is the only problem now holding up actual work.

West Texas Press Association

DISCOVERY.

One thing the wet-dry imbroglio has accomplished for Texas already is that Dan Moody has been re-located after we had all forgotten there was such a man.

HIGHER BREAD PRICES.

In view of the fact that the working class of people in the larger cities buy bakery bread, the recent hike in prices has attracted the attention of Secretary Wallace of the Agricultural Department. The bakery profession in general is being warned by him that unreasonable prices will not be tolerated under the excuse of a 30-cent wheat process tax. Mr. Wallace further calls attention to the fact that bakers during the decline in prices claimed that flour expense was a small factor in figuring the cost of a loaf of bread, and that the elements other than flour entering the loaf was the principal cost. He thinks the same argument should hold good under present slight increase in flour costs, and that a 1-cent increase cost per loaf should be sufficient as compared to the retail price of May this year.

This protest from the consumer brings to the fore two thoughts. First, that the consumer cannot pay higher prices until a higher earning capacity has been provided. Second, that the Department officials are facing a national problem of combatting an orge of profiteering similar to that of a few years ago before the depressing period began. There is much encouragement in the thought that equal attention is to be given the consumer and the manufacturer in an effort to make an equitable adjustment that is supposed to bring the nation back to normalcy.

NEWSPAPERS AND RECOVERY ACT.

It may be possible for the federal government to compel the newspaper publishers and the printing fraternity in general to adopt a code of ethics and comply with the code to a reasonable extent. No such conditions bordering on the millennium has been possible in the past much as the plan has been tried.

Viewing the Industrial Recovery Act from a layman's viewpoint, it would seem that if the publishing fraternity, or any division thereof, should agree to any form of licensing process, such an act would jeopardize the freedom of the press. If the federal government has the power to license, it would also have the power to control. This power of control in time, would no doubt become a political machine that would preclude any incentive for, or the possibility of the existence of an independent publication. In other words, for instance, shall we as publishers become turncoat politicians changing with each national political party as it comes into power?

There is no question but what the regulation of certain defects in the publishing profession would redound to the benefit of the nation, and that latent laws should be brought out of the tomb and made a living example of justice. More especially does this statement apply to the publishers of weekly newspapers, many of which exist on false statements and questionable practice.

PANHANDLE HIGHWAYS.

It is most gratifying to note that a number of highway construction jobs were approved Tuesday by the Highway Commission at Austin. Those sections of the state where drouth conditions are most depressive were given the preference. The money comes from the emergency appropriation designed to relieve unemployment and amounts to some \$15,000,000.

A number of Panhandle counties were favored in the 'letting' on this occasion, those in the upper Panhandle being given the preference because of a crop failure due to dry weather. This is a logical conclusion and the Commission is to be congratulated for having used good judgment.

Donley county continues to be favored with "unfortunate" (?) local rains and is not being favored with highway construction on No. 5. It is possible that matters will drag along in this county during the aggressive highway construction period, and we will find ourselves left out of the reckoning.

At the time when the county would have been forced to assume a burdensome bond issue to secure highway construction, the writer opposed everything that hinted of a bond issue. He still does. But at this time when have nothing more to do than secure the right-of-way, further delay in securing the highway is the height of folly. If we wait for a drouth, we may never get the consideration of other counties. As we have mud and highways, we would prefer mud, but when

we can have both at the same time, let's have the highways, at the earliest possible moment.

RETROSPECTION.

Yesterday, while turning tattered leaves in memory's record of events emblazoned on the stained pages of the hand-book of time, beckoning thoughts of a far happier day kissed down the lids of the glorious past and painted in brilliant hue with a master hand a picture of a time when God's children impelled alone by affection, honor and industry gathered the wealth of the land and the sea and snatched from hiding places the secrets of nature and fashioned with brave hearts, trained minds and willing hands those things that more nearly made of this earth a worker's paradise. Homes where laughter greets the day and night kisses down innocent lids to sleep in peace surrounded by plenty in a daily association with that parental love—emblem of eternity which refuses to recognize time, effaces all memory of a beginning, and fears no end—dwelling in the sacred altars of our land.

Today, God's sunlight casts its silver rays over the same land where His children grope in mental darkness. Deserted houses are but "homes with broken hearts" surrounded by hovels and huts that shelter the producers of life's bounties and poverty is the mother who has a daughter called hunger, and a son called crime. Little eyes that open as "the blue of the night meets the gold of the day" cry for bread while ambition knocks at factory gate begging for the privilege of wiping from the face of so-called civilization the greatest crime of all time—hunger of the innocents. We often wonder if the time will ever come when "intelligent" human beings will learn to regulate their affairs as well as the intelligent monkeys of the jungle.

RADIO TO HELP NEWSPAPERS.

A reading of that heading will cause a large question mark to bob into the heads of other publishers. It should. Radio advertising is being debunked of its false claims. Corporations and others who have been paying fabulous sums for a "howl" over the air mixed up occasionally with a stale joke or a racket coming from a tin pan orchestra (?) are in open rebellion on a careful check-up. These advertising rackets did not reach the people. Those who have radios cut the advertising by instantly switching to another station when the advertising howl begins.

Now in order to overcome this reaction against radio advertising, newspaper men are being offered a glorious opportunity to go broke in a hurry by helping the radios stage a come back.

Here is the big idea. "Radio Mirror" in tabloid form of some 32 pages may be had for 40 cents a year. This tabloid is semi-monthly and may be given as a premium by the publisher. In fact those backing the Radio Mirror insist that it be given as such. Referring to the advertising in the envelope enclosed with a copy of the "spider" publication that is designed to grab the "fly," we read: "Grab this chance to secure your favorite home paper with all the local news together with this bright entertaining and instructive radio magazine."

There you have it in a nutshell! You can put the radio competitor advertising right into the same home along with your own publication. The radio tabloid is designed to grab the attention of the reader and lead him or her to the radio. The radio magazine will carry the national advertising. You as a weekly publisher will carry nothing except the message of a competitor. The radio can't reach the reader any more, so the stations "hook-up" on a magazine that is designed to draw attention. It has been conclusively proven that folks read advertising better than they listen to it. For that reason, and that reason alone, we are being offered a radio magazine, and asked to help the enemy put it over in a big way before time for renewal of the contracts with the big corporations this fall.

Will weekly publishers fall for this form of cheap duplicity? Some of them will. That is why it took weekly publishers several centuries to climb out of the dodo class, and many of them are still climbing.

Mr. and Mrs. Fred Ballew and family of Amarillo visited his parents, Mr. and Mrs. L. Ballew Sunday.

Mr. and Mrs. Geo. McCleskey and sons, George and David returned home Friday from a three weeks visit with relatives at Weatherford.

ROOSEVELT EMPHASIZES IMPORTANCE OF ADVERTISING TO NATION'S RECOVERY

Advertising, the most reliable stimulus to trade, is an essential factor upon which the hopes for business revival are based. This means national and local advertising, alike.

President Roosevelt, himself takes the lead in advising a free use of this means of trade recovery. The confidence of business leaders of the nation in this essential of trade, is well known. Economic experts add their support to the claims that advertising is the life-blood of commerce.

In a letter to Edgar Kobak, president of the Advertising Federation of America, President Roosevelt wrote:

"I wish you would say that I hope the high standards which have made good advertising an economic and social force of vital importance to us all will be continued. Your cooperation will be valuable to the restoration of improved levels and flow of trade. It also will help business and industry to return to better time.

"By doing these things you will be serving your country and government.

(Signed) "Franklin D. Roosevelt." To this appeal by the leader of the "new deal" were added the

words of General Hugh S. Johnson, national industrial recovery law administrator:

"Advertising is certain to be an important factor in the new industrial relationships under the terms of the act. In this effects, the law will bring to the fore the sales problems of the manufacturer and will emphasize the importance of

an accurate knowledge of his markets."

Mrs. L. C. Mann of Ft. Worth is visiting her aunt, Mrs. L. Ballew this week.

Miss Idell Durett of Amarillo is visiting her grandparents, Mr. and Mrs. J. G. Teal.

Modern Electric Refrigeration Will Plug These Budget Leaks!

You're throwing away 20 per cent of your food bill—if your home lacks modern refrigeration equipment—through losses in wasted food... spoiled food... and small-quantity high-price buying! This substantial sum will make the payments on a modern, efficient, money-saving Electric Refrigerator!

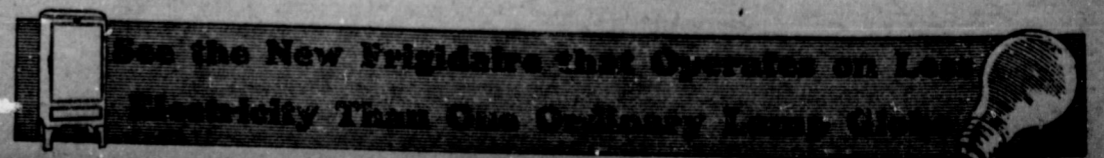

Food experts agree that in the average home an Electric Refrigerator will save at least one-fifth on the cost of your food. Half of that sum will be saved through the elimination of spoilage and the safe preservation of valuable left-overs. The other half will be realized through quantity buying at "week-end bargains" offered by your grocer. These important savings are possible with a modern Electric Refrigerator, because this invaluable "Electrical Servant" provides the proper temperatures for safe and healthful refrigeration... automatically!

Let a new Frigidaire earn its way in your home. You can pay as it saves—then bank the balance. Ask for a demonstration—and about present low prices and easy terms... TODAY!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company

TEMPLE OF TRUTH
By the Apostle

Most every one realizes there has been a new deal, but some are kicking about the hand dealt them.

With food prices going up every day, a new word has been coined. The dollar now is accused of being afflicted with "shrinkatosis" which is something like the advertisements have been accusing the public of having—halitosis, only worse.

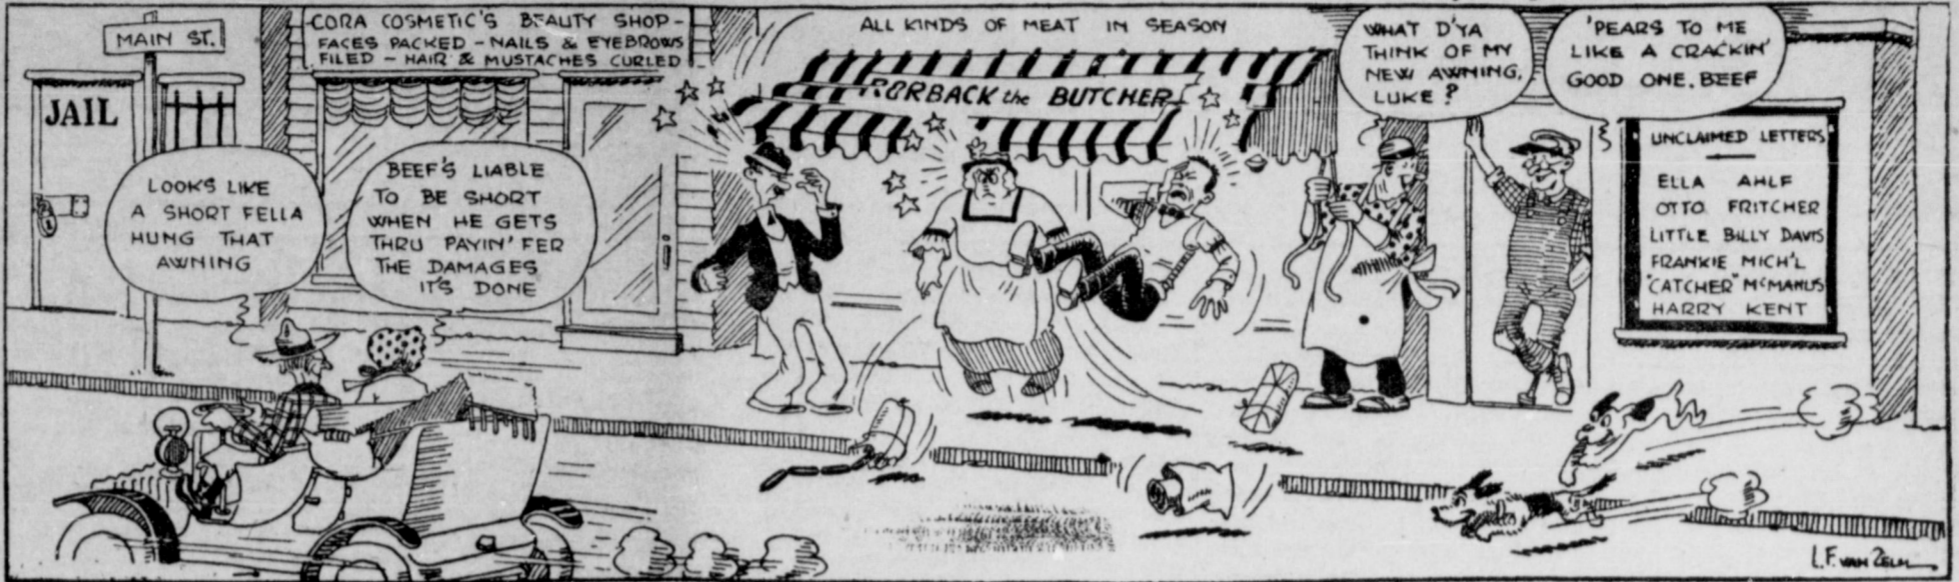

There was a time when you had to plank down a dollar sixty for a pair of half soles much of which was taken from the flank. Now you step up to the counter, buy a rubber pair for 15c, go home and put them on yourself. This is a fast age. Then if you don't like the idea of gumming on the rubber kind, buy a can of half sole paste and smear on a half sole that looks pretty much like real leather. Both kinds work and are lasting better than leather. The age is getting faster all the time, but so long as there is improvement, we should worry about the future.

BEEF RORBAK, OUR BUZZY BUTCHER, HAD A NEW AWNING HUNG OUT IN FRONT OF HIS SHOP YESTERDAY. HE SOON FOUND IT WAS TOO LOW BECAUSE EVERY TIME HE UNFURLED IT, THE BLOOMING THING WOULD CROWN A COUPLE OF HIS BEST CUSTOMERS.

For a long time a little boy brought us the Saturday Evening Post each week. Then he disappeared from rostrum. Now Ella Gene Speed brings it. She is a daughter of Mr. and Mrs. Ed Speed, aged 7 and in the third grade the coming term. Mighty fine little girl, courteous and bids fair to be a real business woman some day. The little folks who have been properly trained at home are not as numerous as they used to be. Or is simply because we are an old foggy and prefer to stick to the older form of child training when little folks were taught to respect their elders?

One of the cardinal principles of Rotary is "Service above Self."

That means that the member of the Rotary organization must see the good in his friends and neighbors and try to help them. That he will prize human friendship. That he will try to make some one happy every day. That he will try to understand the other fellow, and help him with his problems. Being a Rotarian is a big job and the unselfish spirit often surprises others who have not come to a realization of the fact that every individual owes a public debt that can only be paid in serving humanity.

The old Latins are said to have referred to a dog as "canis familiaris" and we call him a "pooch." Without consulting the dog, we are sure that he don't give a darn.

Some time ago we referred to an old maid with a face like a mummified prune. We did not stop at exterior description knowing that beauty was only skin deep. We went into the "innards" of the question and excused the face and chose to dwell at length upon the intrinsic value of the character within. We thought we did a pretty good job of defending her but maybe we didn't as evidenced by a letter hailing from Los Angeles and signed "Old Maid." Bless her heart we would not offend any of them for a million—make it dollars or peaches, and we like peaches above all else. In a delicate feminine hand about which there can be no doubt as to the author, we read: "In comparing my face and those of others to the mummified prune, please remember that even a poor prune was once a beautiful bud in its early career." We have often wondered why Georgia did not think up some plan of glorifying the peach, since that is the peach state of states. California is pruny

meaning of course, that she is full of prunes. Prunes have beautiful buds, fruit of excellent quality and finally they are "mummified" by a lye water process and shipped east. The three stages represent three ages of woman—16, 30 and 70. Here the defense rests

The reason that blondes only are employed in a creamery is that yellow hair in the butter is not so conspicuous as black.

Eves-dropping again, said Adam, as his wife fell out of tree.

Some peculiar things bob up some times that are called coincidents. For instance down at Eskota near Sweetwater, a number of ladies met last week at a club meeting. Nothing at all strange about that but among the number were two Mrs. Trents, two Mrs. Sorells, Mrs. Johnson, Mrs. Quattlebaum and others who are familiar names here.

Those Camp Fire girls are working hard this week getting in new and renewal subs for the Leader. That is their method of making the money that will pay their expenses to the camp this summer. Oleta Wood appears to be in the lead this week. This is a case of where the leader leads and the leader wins the prize being offered by their sponsor, Miss Mary Frances Caraway.

When you hear a man say that he runs the things around his home

these days, he may have reference to the washing machine and the vacuum cleaner.

Sam Kutch says he knows of several cows that are taking up the "new deal" idea by pasteurizing their milk and putting it into bottles themselves.

Often the boy who writes 'smutty' stuff on fences in the due course of time becomes a reformer. When he does, the rest of the folks catch the Dickens.

The College Hill widow says that getting a husband is a small item since she has had four of 'em, but getting one that will accept training is what makes a revolving door of matrimony in her house.

The preacher says the "fitless and fitting" party broke up in a knock down and drag out. When asked just what he meant, he says, "oh, that dance where the loose women and the tight men put on a show." This is the truth if I ever told it. The preacher said it in a way that he meant it.

"So you are not going to Corpus this summer?"
"No, it's Galveston we're not going to this summer. It was Corpus we did not go to last summer." (Back fence gossip.)

By gad, I'm going to learn to play golf if I have to eat spinach three times a day.

The Jim Heckman factory has been turning out plum plenty of asbestos umbrellas this hot weather. It takes brains to get on in this world with the thermometer at 107

Patient: "What is the best way to prevent diseases from biting insects?"
Doctor: "Quit biting the insects."

Sign in a hotel room in Amarillo: "Guests are requested to throw no bottles from the window."

Under the depression everything has been reduced even to the wages of sin.

Have you ever seen a man who could look intelligent while shaving his upper lip?

Speaking of conversations, one heard this week is said to have won the tin cup. Sullivan Cooper told Homer McElvany that he knew a girl once who could play anything by ear. Not to be outdone in an ordinary run of hot weather conversation, Homer said he knew an old man who fiddled with his whiskers over in Oklahoma.

Lady of the House: "It's positively disgusting the way the Jones carry on over at their house every night."

Visitor: "Well, for the life of me I don't see how you look into the Jones window from here."

L. of H.: "Well Susie, you just come over tonight, get upon a

chair on that table and hang way out and tell me what you think about what you can see."

This exorbitantly hot weather is getting the old man down, way down. The Apostle has been offered a free trip to Carlsbad cavern from Amarillo over the week end if he will drive the car. The next thing, can he hitch-hike to Amarillo and would it be better to start out Thursday night or wait until Friday morning? Down in the bottom of the massive cavern it is cool. The latest reports are that folks are standing, sitting and lying ten deep right on the coolest spot on the bottom. They don't take time out to patronize the bathing beach on the Pecos at Carlsbad. The Apostle would do both—and gladly. There is nothing more attractive in the world right now than the famous Cavern. Later it will be Palo Duro park.

Mr. and Mrs. Lawrence Hayter announce the birth of a daughter on the 8th.

Mr. and Mrs. Henry Shoffett of Lefors visited relatives in Clarendon Sunday.

Billie, small son of Mr. and Mrs. S. W. Lowe had his tonsils removed at Adair hospital Monday.

Mrs. Ida Chitwood who visited her father, Grandfather Keener, returned to her home at Chicago.

Donley County Leader, \$1.50 a year

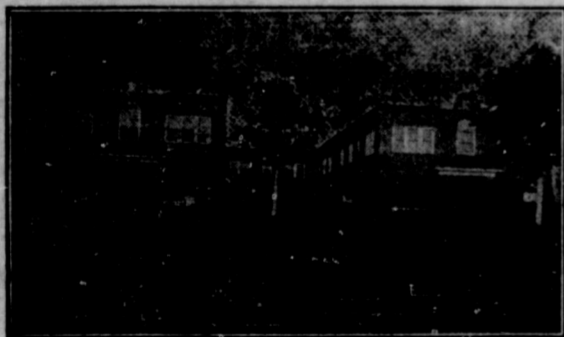

That Weekly
Pay Check

The dairy and poultry weekly pay checks are to the rural district what a Pay Roll is to a town. Both are valuable assets. The farmer who sells enough to pay his bills as he goes, is happier because he has far less worries.

MRS. LUCIAN BONES ENTERTAINS

Friday nite Mrs. Bones entertained the B. U. D. club with a slumber party at her home in Clarendon.

After a good swim, a buffet supper was served. Eating instead of sleeping was the pastime of the evening. Those to declare the party a scream are Ruth Cauthen, Claudyne Ratcliffe, Lucile Yates, Delphia Bones, Helen Rodgers, Nova Cook.

GOODWILL CLUB

Mrs. Joe Carlile was hostess to the Goodwill Club at her home Thursday afternoon. During the business session plans were made to make a nursery quilt to be sold this fall.

During the social hour, the hostess served a lovely refreshment to club members Mmes. L. D. Carlile, Melvin Cook, Claude Gamblin, Fred Russel. Afternoon guests were Mrs. Rodgers, Mrs. Ellis, and Mrs. Chas. Carlile.

B. P. WOMEN'S CLUB

The Business and Professional Women's Club met at the Club room Tuesday evening. Miss Mildred Martin acting as hostess. This was the first meeting of the new year and Miss Carrie Davis presided as president. The Club voted to furnish milk for a needy family and to have a vanishing tea. The date for this tea to be announced at a later date. New committees were also appointed.

A lovely refreshment was served to Club members Mmes. Stark, May Shaver, Beatrice Antrobus, Misses Carrie Davis, Fannie Perry, Lottie Lane, Helen Weidman, Julia Mae Caraway, Lelia Lammons, Norma Rhodes. Invited guests

were Mrs. Leta Verne Wewerka of Elreno, Okla., and Miss Helen Martin.

FRIENDSHIP CLUB

Mrs. J. W. Rowland was hostess to the Friendship Club Tuesday afternoon at her home.

The Club meeting was opened by prayer; Mrs. C. R. Skinner, leader. Mrs. R. S. Chunn read the 100th Psalm. Mmes Stocking, Crabtree, and Teal read poems.

A social hour followed a short business session when a delicious ice course refreshment was served to invited guests Mmes. R. L. Chunn, Mrs. Albert Tomlinson of Lelia Lake, Miss Ideil Durett of Amarillo. Club members were Mmes. C. R. Skinner, J. G. Teal, H. Tyree, J. D. Stocking, J. A. Toomb, M. T. Crabtree, J. L. Allison, Eva Womack, J. A. Meaders, C. E. Lindsey, Miss Katie Meaders, and Mrs. Rowland, hostess.

1926 BOOK CLUB

Mrs. L. Thornberry, Mrs. Simmons Powell and Mrs. Manly Ozier entertained the members of this club with a breakfast Tuesday, July 11th at the home of Mrs. Rolle Brumley.

Invited guests were Mesdames Leck Goldston, Joe Goldston, J. W. Evans, Ralph Kerbow, U. J. Boston, Katherine Sturk, Clyde Douglas, I. O. Noble, Otto Beach, Mrs. Stevenson of Houston, Miss Cloteal Moreman of Hedley, Miss Dorothy Elliott of Memphis, Miss Margaret Goldston.

Club members present were Mesdames V. A. Kent, Manly Ozier, L. Thornberry, Eddie Teer, Simmons Powell, Fred Buntin, Lula Smith, Ruby Bromley, G. L. Boykin, Rolle Brumley.

LEGGETT-WRIGHT

In a pretty home wedding in the presence of the family and a few friends, Miss Dorothy Wright became the bride of Eugene D. Leggett of Vernon, Saturday July 8th, at 10:00 a. m.

The bride is a daughter of the late C. A. Wright. She is a graduate from Clarendon high school and attended W. T. S. T. C. at Canyon, and has recently been employed in the Oklaunion schools.

Mr. Leggett is a son of Mr. and Mrs. Samuel D. Leggett of Lawton, Oklahoma. He is a graduate of Lawton high school, attended Oklahoma University and a member of Sigma Nu Fraternity. For several years he has been an employee of Phillips Petroleum company at Vernon, Texas.

The bride was lovely in a going away suit of navy, triple sheer, three-quarter length coat with accessories to harmonize and carried an arm bouquet of rose-buds, baby breath and fern.

The couple entered the living-room, which was beautifully decorated with sweet peas and ferns, to the strains of "Wedding Dance" by Paul Linke, which was furnished by K. G. R. S., where a beautiful ring and marriage ceremony was read by the Rev. W. E. Ferrell, pastor of the First Christian Church.

In the informal reception which followed the ceremony, the guests were served punch and angel-food cake; Miss Leta Verne Lott, sister of the bride, presiding at the punch bowl. The bride and groom left immediately by automobile for points in Colorado. Following the honeymoon they will be at home in Vernon.

Out-of-town guests present for the wedding were: Mr. and Mrs. Norwood Wright of Amarillo, Mr. and Mrs. J. M. King of Vernon, uncle and aunt of the bride.

RAWLINS-LATSON

Miss Jonnie Dee Latson of Clarendon and Harold Rawlins of Dallas were married at Durant, Okla. Saturday afternoon.

They returned to Dallas Sunday where they will make their home.

Mrs. Rawlins is a daughter of Mr. and Mrs. O. W. Latson of this city and has been a student nurse of Baylor at Dallas for several months.

Mr. Rawlins is a nephew of Mrs. E. P. Shelton here and is employed by the Dr. Pepper company at Dallas.

LOYAL WORKERS UNION

Program for July 16, 1933. Subject—The Courage of Jesus. Leader—Mrs. Cornelius.

Courage in the face of temptation—Mrs. Ray.

Courage in Dealing with corruption—Mrs. Couch.

Courage in the face of criticism and opposition—Mrs. Cornell.

Courage to meet hatred and disloyalty—Mrs. Deal.

Courage in the presence of suffering and death—Mrs. Phelps.

MRS. PERRY IS COMPLIMENTED

In honor of Mrs. Perry's 69th birthday, her daughter Fannie planned a surprise birthday party for her by inviting members of the Busy Womens Sunday School class of the Methodist church and several friends to their home Friday afternoon at 4 o'clock.

At the appointed time, Mrs. Clyde Hudson, who had Mrs. Perry out for a visit, brought Mrs. Perry in. As she entered the guests arose and sang "Happy Birthday."

The Class then had a short business session after which games were played led by Mrs. Clyde Hudson and Mrs. Lester Schull.

Mrs. Perry was presented a number of useful gifts as a further delightful surprise.

Miss Carrie Davis entered the room at this time bearing a lovely cake lighted with a candle for each year. Mrs. Perry's wish was "happiness for all."

Refreshments of ice cream and cake were served to Mesdames J. W. Moss, H. L. Brady, Eula Cox, J. R. Cox, Joe Humphrey, Frank Smith, S. T. Clayton, Wardlow, Starr Sachse, Hays Robbins, H. A. Blanton, W. B. Halle, M. M. Beavers, J. M. Acord, Mary Steagall, C. E. Griggs, Lee Mears, Clyde Hudson, Lester Schull, and Misses Susie Dillard, Carrie Davis, Mil-

dred Evelyn Humphrey, Shirley Sachse, and the honoree, Mrs. Perry and Miss Fannie Perry.

CARD OF THANKS

We take this means of expressing our sincere appreciation to our friends and neighbors who out of the fullness of their hearts kindly ministered to our loved one during her illness, and for the many kind acts shown us at the time of her death.

W. W. Buck
Mr. and Mrs. Ben Buck
Mrs. Doris Buck
Mrs. M. E. Thornton
Joe, Charles, Henry, Alvin and Jim Baldwin.
Mr. and Mrs. Dave Johnson

The father of G. F. Keener is quite low at this time. He has been ill for some time suffering from a complication of ailments.

Mr. and Mrs. Wallace Weatherly and children are visiting relatives here today. They have been residing in Haskell county for the past three years, but are now on their way to California.

Cecil W. Smith and Frank Hommel made a business trip to Lefors Tuesday, both claiming to have brought a big rain to that section.

Tells How She Lost 15 Lbs. of FAT

Rheumatism Gone Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." (Miss) E. L. P.

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life! Kruschen Salts is obtainable at all drug stores—a jar lasts four weeks and costs not more than 85c.

Miss Gladis Beavers of Canyon is visiting her parents, Rev. and Mrs. M. M. Beavers.

CLARENDON H. D. CLUB

The Clarendon H. D. Club met at the home of Mrs. J. C. Estlack Friday in an all day meeting.

Program—Hook Rug Making. Mrs. G. A. Anderson—Demonstrator, assisted by Mrs. Eva Humphrey.

The ladies were busy from 10 a. m. to 5 p. m., some cutting strips while others were learning to use the needle on the rug. Some pieced quilt blocks. A nice time was had by visiting and pleasant conversation.

At the noon hour the dining table was laden with good things to eat. About 28 different varieties

of dishes were spread, each lady bringing a dish for the lunch.

The club adjourned to meet at the home of Mrs. O. L. Fink July 21st at 2:30 p. m.

Invited guests present were Mmes. Eva Humphrey, M. W. Mosley and Jim Heckman, Miss Julia Hahn. Club members, Mmes. O. L. Fink, John Clark, G. A. Anderson, A. H. Baker, M. T. Crabtree, Lester Schull, J. M. Acord, N. M. Lawler, W. D. Van Eaton, H. L. Brady, Lonnie Hahn, Edd Speed, C. D. McDowell, A. L. Chase, Miss Fannie Perry and Mrs. Estlack, Master Alfred Hahn.

Started Chicks

We have about 8,000 started chicks and pullets for sale which we will sell on part payment now, and balance this fall to parties which can put up sufficient collateral to cover unpaid balance. Or we will sell on fall time without down payment where customer can give bankable note.

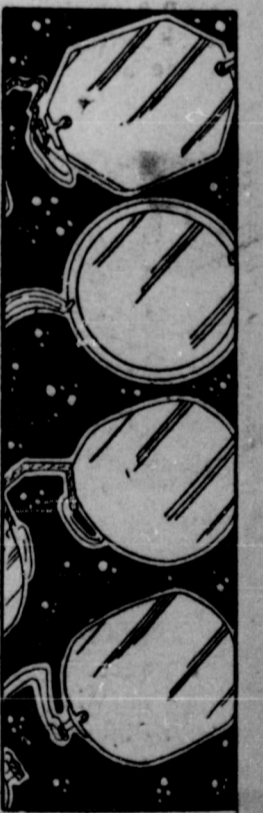

Purchasers must have sufficient feed on hand now to insure proper care of the chicks until fall.

Clarendon Hatchery

Frame Selection

is highly Important to your looks

What type of face is yours? Is it round, angular, oval? Let us show you the various types of new, smart frames—and just the type that will be the greatest aid to your appearance. We shall be pleased to lend our assistance. We make no charge for examination of your eyes except in the event you do not need glasses—and then only a nominal charge.

Mrs. A. M. Lanham

Most everyone here attended the rodeo in Clarendon the 4th.

Mr. and Mrs. Will Hall of Lakeview and her father, Mr. Cox and her brother Mr. Zac Cox also of Lakeview were dinner guests of Mr. and Mrs. R. A. Brame Sunday.

Mr. and Mrs. Sam Roberts were very pleasantly surprised when her mother, Mrs. Batson and sister Mrs. Gus Roscoe, Mrs. Brice Webster and her friend, Mrs. Parks all of Memphis; also Mr. and Mrs. Quin Aten of Lelia Lake Mr. and Mrs. Rice Batson and Mr. and Mrs. Floyd Parker and baby of Clarendon.

Misses Pauline and Mildred Brame and Mr. Homer Bones called on Mr. and Mrs. A. M. Lanham and Mrs. Elizabeth Rowley Tuesday afternoon the 4th. All enjoyed eating ice cream and playing games.

Miss Nannie Behrens is visiting her sister, Mrs. T. T. Waggoner and family of Claude.

Mr. and Mrs. L. L. Taylor of Clarendon were very pleasant callers in the Lanham home Sunday afternoon. All driving to Mr. Jim Reynolds and Mr. Cruise's to see their truck farm. Mr. Reynolds states with a good rain they would have all kinds of vegetables to sell.

Mrs. Nelson Riley and Miss Kathleen called on Mrs. L. L. Taylor Friday afternoon.

Mrs. Cecil Beach and daughter Loyce were supper guests of Mr. and Mrs. A. M. Lanham and Mrs. Elizabeth Rowley.

Misses Pauline and Mildred Brame attended the entertainment given by Miss Dona Mae Koen and brother Delton of Lelia Lake.

Mrs. Jack Reed and small son were visitors in the home of Mrs. A. M. Lanham Saturday afternoon.

Mr. and Mrs. Ed Koen were visitors in the R. A. Brame home Sunday afternoon.

Mr. and Mrs. Neal Bogard and family of Hudgins and Mr. and Mrs. Heckle Starks spent Sunday in the parental home Mr. and Mrs. M. Starks.

Junior Brame is doing nicely since coming home from the hospital Wednesday.

Mrs. Claudine Ratcliff and brother Billy called on Misses Pauline and Mildred Brame Wednesday afternoon.

Mr. and Mrs. Sam Roberts and her mother, Mrs. Z. O. Batson were callers in the Lanham home Sunday night.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF DONLEY.

By virtue of an Order of Sale issued out of the Honorable District Court of Potter County, Texas, for the 108th Judicial District, on the 3rd day of July A. D. 1933, by the Clerk thereof, in the case of Amarillo Bank & Trust Company versus Tom G. Babb, No. 9877, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in August A. D. 1933, it being the 1st day of said month, before the Court House door of said Donley County, in the City of Clarendon, Texas, the following described property, to-wit:

All of Section No. Twelve (12) in Block "E", D. P. Ry. Company Grantee, containing 640 acres of land, lying and being situated in Donley County, Texas. Being any and all interest owned, claimed or asserted by the said defendant, Tom G. Babb, in and to said land.

Levied on this 6th day of July 1933, as the property of Tom G. Babb to satisfy a judgment amounting to \$880.00 in favor of Amarillo Bank & Trust Company, and cost of suit.

GIVEN UNDER MY HAND, This 6th day of July A. D. 1933. Guy Sheriff, Sheriff Donley County, Texas.

WE HAVE TURNED THE CORNER

It looks now like we have definitely turned the proverbial corner that we have been looking for the past three years. The President's program of relief is rapidly being whipped in to a working program. Billions of dollars are being poured in to the various channels of trade primarily to aid unemployment.

With the vast sums of money distributed as it will be, no doubt, it will create thousands of places where a knowledge of business will be needed. The young man or woman having just finished high school will act wisely if they will now prepare themselves by a few months

COUNTY SCHOOL NEWS

The New Rural Aid Law is Outlined as Follows:

- A. Schools eligible for Rural Aid under Aid Act 1933-1935.**
- Scholastic Population
- (1) Schools between 20 and 400 scholastics provided entire district is less than 500 scholastics.
 - (2) Consolidated districts that average less than 200 scholastics for each original district.
 - (3) Entire county districts having less than 5000 scholastics.
 - (4) Certain districts having 48 square miles or more.
 - (5) Any district that transports 60% or more of its students.
 - (6) Schools less than 20 scholastics if located in counties with less than 1400 scholastics in common school districts, if levy limit of local tax.
- Tax Levy.**
- Either or (1) Local maintenance Tax alone of 50c or more. (2) Total tax of not less than 75c.
- Exceptions**
- (1) Valuations must not be less than State and County valuations.
 - (2) Districts, which now have a maintenance tax of more than 50c will not receive aid, if this tax rate is reduced.
- Taxable Wealth.**
- (1) Valuations shall be less than \$3000 per scholastic. (Taxes must be assessed on State & County basis or above.)
 - (2) This does not apply if district is assessing a \$1.00 local tax.
- Average Daily Attendance.**
- (1) Must be 70% of scholastic census of either white or colored race. **Exceptions.**
 - (1) Epidemics.
 - (2) District having parochial schools.
- B. Types of Aid under Rural Aid Act 1933-1935.**
- High School Tuition.**
- (1) \$7.50 maximum, per pupil, per month, under same conditions as in previous high school tuition law.
- Transportation Aid.**
- (1) \$2.00 per pupil per month for high school pupils between districts
 - (2) \$1.00 per pupil per month for elementary and high school pupils within districts.
 - (3) Districts containing 100 square miles receive \$2.00 per pupil per month on all pupils transported.
 - (4) County unit systems allow \$1.00 per pupil per month in sparsely settled sections.

20-35	1 teacher
36-65	2 teachers
66-95	3 teachers
96-125	4 teachers
126-155	5 teachers

 and one teacher for each additional 30 scholastics.
- (2) This calculation is based on the net scholastic population of white or colored race, less those above grade taught. The word net scholastics means census plus transfers in minus transfers out
- (3) Length of term. For unaffiliated schools as nearly 8 months as possible based on combined state, county and district funds. Affiliated schools must follow rules of that class.
- (4) Salary schedule. Any excess of the following cannot be made up from Rural Aid Funds. One teacher \$80.00 per month; Two Principal \$85.00, Assistant \$75 per month; Three, Principal \$95, two assistants \$75.00 per month; Four, Principal \$100, assistants \$75, primary \$85 per month; five-teacher schools, Prin. \$105.00, other assistants \$75.00, primary \$85.00; Six, Prin. \$110.00, assistants \$75, primary \$85; seven teacher, prin, \$120.00, high school assistants \$85.00, other assistants \$75.00; eight, Principal \$125.00, High School assistants \$85.00, other assistants \$75, primary teachers \$85.00.
- Industrial Aid.**
- (1) Schools having 3 or more teachers may secure \$10.00 each year for each course in agriculture, farm mechanics and home economics.
- Library Aid.**
- (1) Schools with 4 teachers or less, which have not received aid before may receive \$10.00 per class room, provided the amount is matched from local funds.

NAYLOR

Mrs. R. Bowlin

Sunday School was well attended Sunday morning and a fine singing that night.

Jo Reed spent week end with Russel and Bert Tunnel at Midway.

Here's Something to Think About:

The public buys more Goodyear Tires than any other kind—this is the eighteenth successive year . . . The public wouldn't buy more Goodyear Tires if Goodyears did not offer greater value . . . But they do offer greater value, hence they enjoy greater sales . . . Are you wondering what tire to buy? Just ask yourself this simple question: "Why should I buy any tire but a Goodyear when a Goodyear costs no more?" . . . We think you'll decide it by coming right down to see us.

ARE YOU WONDERING WHAT TIRE IS BEST

NAMES IS NAMES

Charles SCENT of Flag Springs, Kentucky is no relative of Paul I. ODOR of Amarillo.

Speaking of sob stuff, how about Eddie TEER meeting up with D. C. CRYER of Robstown?

NEER-LYBRAND is the name of a firm of insurance and real estate agents of Greenville.

Speaking of values, Miss Lotta PRICE of Wellington is a talented English teacher.

Henry GOUGER sells insurance at Robstown, but O. K. TONGATE of Brownfield does not sell gates.

Bill PSALMS of Pampa, Jim BIBLE of Alanreed, I. D. DIVINE of Texhoma, J. D. POPE of Clarendon, Bill PRIEST of Shamrock and J. P. LORD of Carey ought to put over a powerful moving re-

vival.

No, Tom HEROD is not an Egyptian King. He lives at Pampa.

C. GOODENOUGH is president of the school board at Alice, Texas. Just what would have happened had he been a teacher?

Ed CARLSON of the Southwest Bakery in Dallas is not the same Ed CARLSON of Clarendon who is also a baker.

Gus Will and Mabel May are children of the SPLITT family of Mitchell S. Dak.

SCHWAB is the name of a doctor at Ralls.

Hecklers are much given to "devilin'" some one. Mrs. A. E. HECKLER of Adilas is dietician of the public schools, and is a daughter of Mrs. R. L. DEVELIN of Stephenville.

O. S. ASPERIN operates a planing mill at Memphis.

Cap ORCUTT resides in Precinct No. 2 of Hall county.

Bill DOEDIGGER lives at Wichita Falls. He cleans kitchen sinks as a plumber.

Newspaper men also have peculiar names. S. E. BOYS of Plymouth, Ind., Robt. SNAKESING of Patterson, N. J. for instance.

As a parade of doctors, how about I. E. HUMAN of Jonesboro, Arkansas; H. H. SHOULDERS of Nashville, Tenn.; and C. E. SCRATCHLEY of Laredo?

LAUGHTER is an undertaker at Abilene, Texas.

Robins do not seem to like the Panhandle, but we have a ROBIN ETEE at Tahoka who chirps over the telephone exchange as manager.

Will FRESHOUR and Ed CASEBEER of Lovington, N. M. ought to be able to do some business.

ST. JOHN BAPTIST (Episcopal) CHURCH
Rev. L. L. Swan, Rector
There will be no services Sunday.

Mr. F. W. Keener left Wednesday night for Needles, California.

When The Argument Is Ended . . .

Some one will have to repair that smashed fender—don't take it to any repair shop just because it's handy. Cool off—then recollect that Finis Harp's Auto Hospital—your repair shop—does the most satisfactory—and least expensive repair work.

Of course, it isn't necessary to wait for a smash-up to establish a need for our service. General overhauls are as necessary to your car as your own semi-annual trip to the dentist. Get our low bid on life-extension for your automobile.

Early History of Old Clarendon

By Earl D. Jones
(Continued from last week.)

Following are some excerpts taken from the only copy of the Clarendon News known in existence that was printed in the old Settlement. It is Vol. 2--dated Aug. 2, 1879--No. 3.

Local Items

The cotton crop of Northern Texas will be more than average. S. V. Barton, formerly from Ohio, says he never saw, even in Ohio a better setting of corn than is found on Mr. Hefflebower's field.

Mr. J. T. Rice formerly of Mass. a harness maker by trade is welcome addition to our number.

Mr. Shick and family of Ft. Elliot, will shortly be added to our best of prominent settlers.

A Barber chair is among our recent acquisitions.

No whisky forever at Clarendon. The two new mail routes will be in operation from Elliot to Henrietta and Ft. Griffin, via Clarendon by October first.

Send fifty cents for the second vol. of the Clarendon News. Back numbers of vol. first can be had if desired.

E. Burlingame Esq. of Clarendon has charge of the new freight line, and those six splendid mules will be sure to be in on time with such a hand. Mr. B. has been in the employ of Mr. Hefflebower for eight years and has well earned the fine

endorsement received.

The trading interests are growing a Clarendon.

The Sunday law in Texas has so been amended as to cover the entire time from 12 o'clock Saturday night to the same hour Sunday night. Shop men and traders beware.

F. G. Copeland has become a land holder in Clarendon. He has a nice little farm of 160 acres south-west of town.

The month of July has been exceedingly warm, hotter than usual.

Let all letters and correspondence after the receipt of this number of the News, and until further notice be directed to "Clarendon, Donley County, Tex. via. Dodge City, Kansas."

The poles and wire for a telephone line from Fort Sill in the Indian territory to Elliot in Wheeler County, 45 miles from Clarendon, is now on the ground and the erection will soon be complete. A telegraph office at Elliot will be of special benefit to our colony.

Through the kindness of C. B. Vivian, from Capt. Goodnight's camp, we learn the size of some of the herds now in the Panhandle. The cattlemen and their herds are:

D. T. Beals & Co.	30,000
Capt. Goodnight	12,500
Creswell	10,100
Torry	8,000

Littlefield	8,000
McNulty	6,000
Baker	4,000
Carreck	4,000
Bugby	3,000

The demand for harvest hands makes this the hardest time of the year for the poor tramp.

A fearful drought prevailed all over the state last Sunday, caused by the general observance of the Sunday law; to many old guzzlers it seemed an eternity between drinks.

Question Corner

Have you any chills or malaria fever in Clarendon? No, we have no sickness of any kind since its settlement except some who have gone there as invalids.

What is required to become a member of your colony? Nothing but to come and make yourself at home amongst us.

What is good lumber worth in Sherman? \$13. to \$15.

What are the prevailing diseases peculiar to the climate. None that we have yet learned.

What advantage in Donley county over Western Kansas? One great advantage is an abundance of pure living water. Some places in Kansas they haul their water many miles. Also soil better building more easily obtained.

What is the price of a pony, saddle and bridle in Sherman? From \$20.00 to \$40.00.

Is there any cactus in your country? Not common.

What constitutes an actual settler on school lands? Improvements, plowing, building and actual residence, more or less regularly, and annual payments of one tenth the cost (1.50 per acre), and interest on deferred payment of 10 per cent. See estimate of total cost in this number. The entire cost, \$240, may be paid down if desirable.

How deep was the snow this last winter? Six to ten inches.

What will a tent cost to buy or rent? One 12X15, heavy duck, will cost about \$20.00.

Are the lands generally level enough for the use of reapers and sulky plows? Yes.

What about the law of fencing? None at all. Stock must be herded.

What effect has your climate on catarrhal subjects? Very favorable.

Is the wheat grown of a spring or winter variety? A winter variety; sown in October and November. Oats are sown in the fall, winter or spring.

Did Irish potatoes do well at Clarendon? Yes.

What are the disadvantages of that frontier life and country? Similar to what might be expected in all new countries west--nothing serious we think.

Have you plows and implements for sale at Clarendon? Yes, generally.

Did your colony raise any corn, wheat etc. last year? Yes, corn, oats, millet, potatoes and garden. The crop was good, considering the sod plowing and late planting.

Will cotton be grown so far north? Yes, easily and readily; was tested last year.

When will taxes be due on land patented this year? When assessed probably next year.

When is the best time to come? The best time is NOW.

Can persons find comfortable boarding at Clarendon? And at what price? Very fair boarding at \$1.50 to \$5.00 a week.

Is the land flat, rolling or hilly? A little of each; rolling is the prevailing style of country.

What kind of grain is sown? Anything you wish.

What price will it bring per bu.? Can't say. Probably corn is selling at and is sure to sell at \$1.00 and upwards. Wheat from \$1.50 to \$2 per bushel.

Is it a good place for wintering cattle, sheep and hogs? No better in the world. Cattle sell at about \$8. to \$12.50 per head; sheep \$1.50 to \$3.00 according to quality; hogs no quotations.

What is the prevailing religion? That which "turns the world upside down" methodism.

Have you a church? A temporary erection, which meets all present needs. We have good society, Sunday schools, preaching, and the decencies and courtesies of civilized life, well observed.

Is there plenty of woodland? Not in Western Texas, though enough for fuel and many other uses.

Can a man buy lands for a home and not come for a year or so? Yes.

Do you think you can permanently exclude whisky? Yes, emphatically.

What kind of trees grow most readily? Almost anything, we think.

Could a family live one year in a water-proof tent comfortably? Yes.

What wages do mechanics receive? \$1.50 to \$2.50 per day.

Personals in 1879

Mr. Summerfield again called at Clarendon on the 19 ult. He has charge of the state work in the western part of the Pan Handle.

Vail brothers and Petrie have located on McClellan creek, numbering about 500 head.

J. H. Parks is now in Motley county surveying. He will return to Clarendon in a few days.

Messrs Otey and Barton have purchased Mr. Hefflebower's residence.

Capt. C. Goodnight has just returned from a business trip to Colorado.

Mrs. Goodnight has been making her home in Clarendon for a month. She is a very estimable lady and we wish she could become a permanent resident.

Mrs. Shick, of Ft. Elliot, Texas with her two children arrived in Clarendon on the 19 ult., to remain a month or so.

Celebration of the fourth of July 1879 at Clarendon was successful beyond expectations, nearly one hundred persons, men, women and children enjoyed the day together.

Last year the assemblage was small and very much inferior to the present. H. B. Hawkins was chief of the management and wore his eagles. Mrs. Goodnight, Osborn, Kimbal, Hefflebower and others managed the public feast and spread, probably, the best table ever set in the Pan Handle. Miss Dora Hefflebower with her piano rendered invaluable aid, supported by the choir. Mr. and Mrs. Allan, Hawkins, Copland, Sibert, Osborn, Reckerd and Loogle superintended the salute of 38 guns. The tables were spread in a large unfinished house, and the exercises held beneath a fine arbor or canopy en-

gineered by Mr. Copeland in front of the school house. The day was fair and all manifested an interest in the occasion and in the happiness of others. At nine o'clock the people gathered at the ringing of the bell. E. M. Lyness presided. The crowd sang heartily the old "America". Rev. Mr. Ames and Mr. Allan delivered addresses of more than ordinary interest. "Bugle Blasts" and other appropriate music was well rendered. After the dinner which was free, and of which all partook, followed a racy program of toasts proposed by James T. Otey, Esq., of which the following is an outline:

1. Our nation's birthday--the day we celebrate--Response by Mr. Ames.

2. The president of the United States--Response by Rev. W. A. Allan.

3. Texas the state of our adoption--Jas. H. Parks.

4. The ladies of the frontier--Mrs. N. D. Freeman.

5. Progress; past, present and future--J. S. Rockwell.

6. The friends we left behind us--David Hefflebower.

7. Our mothers--J. W. Reckerd.

8. The future of the Pan Handle of Texas--Wm Bornyman.

9. The red man, his destiny--Norman Holcome.

10. The children, our country's future hope--E. M. Lyness.

Probably nowhere in the state the "Glorious Fourth" celebrated more of decorum and loyalty and less of whisky and nonsense than at Clarendon.

"It is all over now and we can sit and perspire in the unutterable agonies of a high collar and ministerial dignity, while the cool south winds fill our lungs with

dust and our ears with the din of the noisy city. We feel uncomfortable amidst the restrictions of life, and we suspect we look so, for there is a very wide contrast between the color of our countenance bronzed as it is by weeks of exposure, and the white tie beneath it--a difference almost wide enough to justify the good old sister who greeted us on our return with the following observation: 'Why you look almost like a negro.' We sit at the desk and try to elucidate next Sunday's theme but the eyes will unconsciously wander toward the trophies of our seven week's hunt, and our mind fly off to the staked plains and Clarendon, and we again inhale the glorious Western atmosphere and with a happy lack of anything to do but to slay buffalo or lounge the time away beside some silvery stream. We confess that we slay more buffalo and see more silvery streams in the study than we did out west, and of late too lounge more time away. We were much disappointed in Clarendon. It is far more beautiful than we supposed. If any one who 'does' the West could see the little frontier city under the circumstances in which we saw it, Donley would son be the home of multitudes. Day after day we had traveled our way across the Staked Plains that stretched away on every side, brown, dusty, barren.

"...We emerged from the depths of Goodnight cavern one beautiful Sabbath morning and suddenly came upon Clarendon. The crystal waters of Red River, the neat dwellings and the vast extent of fertile soil stretching away as far as the eye could reach, formed the loveliest picture we have ever seen. We were home again. North-

ern enterprise was visible everywhere. The tall corn and other crops reminded us of other days in beloved Illinois.

"The neat schoolhouse, the notes of whose bell fell with strangely sweet cadence on our ears, told us that the northern hearts which beat in that village were Christian hearts. We were at home again--doubtless so when we felt the cordial grasp and hearty good wishes of that prince of good fellows, Parks, and hosts of others whose faces are imaged in our hearts! We wish that we were with them again, and who could blame us?"

NOTE: The above was written by some one who signed his name (C. H.)

P. S. The town was moved in 1889 to where Clarendon, Texas is now located on the Fort Worth and Denver Railroad.

I have endeavored to copy these last articles as they appeared in the 1879 issue of the Clarendon News, without changing any of the words even though they were misspelled.

A copy of this, is on file in the Museum at Canyon, Texas.

Mr. and Mrs. W. H. (Buddy) Tittle of Childress visited Phifer Estlack Tuesday.

Miss Jane Younger of Amarillo is visiting her grandparents, Mr. and Mrs. W. H. Martin.

Mrs. A. N. Wood and children, Garland and Oleta, and Mrs. Woods brother, C. N. Plaster and daughter Fay of Canyon, visited relatives the past week at Frederick, Okla.

You'd like the ROBINSONS

They're the kind of people it's nice to have as neighbors. They always seem to have such a good time together. Their home isn't large, but it's furnished in excellent taste; everything fits perfectly, as though it had been made especially for the very space it occupies.

And their dinners are charming. Not expensive, but different - - - - - new and interesting dishes that other people haven't heard of yet. Mrs. Robinson dresses beautifully, too. Her clothes have that air of coming straight from Paris, yet she doesn't spend much on them.

If you should ask her how it is she manages things so well, Mrs. Robinson would smile and say, "It's really very simple. We budget our income. That tells us how much money we have to spend. And we read the advertisements in the Donley County Leader. That tells us how to spend our money wisely."

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"FIVE GREAT THINGS"

1. The greatest thing on earth is the soul of man: Its value is infinitely beyond comparison with everything else. One soul is greater than the universe. "For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?" (Matt. 16:26) This is the divine valuation put upon man and his soul by Christ, the Master of the soul.

2. The greatest work is the salvation of the soul from sin. Salvation relieves misery and confers more happiness than all of the works of all philanthropists. "And fear not them which kill the body, but rather fear him which is able to destroy both soul and body in hell." (Matt. 10:28) "How shall we escape, if we neglect so great salvation: which at the first began to be spoken by the Lord, and was confirmed unto us by them that heard him." Heb. 2:3.

3. The greatest evil is sin, issuing from the heart, the source of all suffering death. "Wherefore, as one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned," Romans 5:12. See also Rom. 7:24.

4. The gospel is the only remedy for sin and sorrow. Other remedies are spurious and ineffectual. "For I am not ashamed of the gospel of Christ: for it is the power of God

DOROTHY DARNIT

By Charles McManus

unto salvation, to every one that believeth," Rom. 1:16. Also see Acts. 4:12.

5. The church is the only organization or society, organized by the Lord to carry this remedy to sinful and suffering humanity. The church as a consolidated body, embodies the wisdom, power and promise of God for nearly all possible moral and spiritual good. When the church neglects this program of spreading the gospel, it neglects the very task for which it was called into existence. Mark. 16:15,16. Eph. 3:10.

ALLOTMENT PLAN WHEAT CONTROL IS EXPLAINED

Believed That 2c Per Bushel Levy Will Cover Cost All Control Associations

College Station—An extra 30 cents per bushel is in store this fall for Texas wheat growers for that part of their crop that goes into domestic human consumption in the United States if the domestic allotment plan of the Agricultural Adjustment Act works out satisfactorily, says O. B. Marti, director of Texas A. and M. College Extension Service. Returning from a regional wheat conference for representatives of 9 Southwestern states last week he pointed out that it is the firm intention of the Administration to raise wheat prices up to a parity with the general price level through distribution of a 30-cent-per-bushel processing tax proclaimed effective July 8th by the Secretary of Agriculture.

"On the other hand," says Mr. Marti, "by the plans tentatively announced Texas growers would have to reduce their acreage an average of 25% in order to participate in the benefits if a 20% reduction is ordered. In some counties growers might have to reduce acreage by as much as 50% to receive benefits. This is due to the fact that the five year acreage averages on which state and county allotments are based is not as high in Texas as the three-year acreage average on which the individual farm allotment is based. This in turn is due to the newly settled wheat lands of the Panhandle. The same problem exists in Oklahoma, Kansas and Colorado. We are presenting a brief for Texas to the Agricultural Adjustment Act officials pointing out the injustice and suggesting changes."

National campaign plans call for preliminary conferences as early as July 15th and an active contract signing campaign beginning early in August, Mr. Marti reports. Plans for the Texas campaign are being held up pending a satisfactory adjustment of the basis for computing the individual farm acreage. The Extension Service has been drafted to conduct the work of informing growers of the details of the plan.

As planned by the Administration, signers of contracts would organize local county wheat production control associations which would handle the relief through direct contract with regional wheat offices. It is proposed to meet the local expense of administration in the counties by levies on farmers' benefits, estimated to amount to an average the country over of about 2 cents per bushel.

The plan in brief consists of the grower signing a three-year contract to reduce acreage as directed by the Administration and to farm the remaining wheat acres in a workmanlike manner, in return for which the farmer would be paid each fall 30 cents per bushel for the portion of the expected crop that is estimated will go into domestic human consumption. Payments would be made in two installments, the first about September 15th and the other after seeding time. First payments would be made this fall, which means that in exchange for a reduced acreage for 1934 and 1935 the grower would receive three yearly payments, in the autumns of 1933, 1934 and 1935.

Of vital interest to Texans is the crop insurance feature which provides that payments will be made if the farmer fulfills his part of the contract even though the crop is

CHICAGO GANG TACTICS USED ON BEER PARLORS

Regular Chicago beer gangster war tactics were used on two San Antonio beer parlors last week when eight charges of buckshot shattered their plate glass windows. Police say the attack doubtless was made by the beer ring in an attempt to keep the price of 3.2 beer up to 25 cents. Both places had been selling it at 20 cents. This cafe now has a new sign: "3.2 STILL 20c."

destroyed by hail, wind, drouth or insects.

On the other hand, a farmer must contract this year for three years and he may not withdraw. Failure to comply with the contract later this year or in the succeeding two years would result in the Government declaring the advance payments a lien against future crops.

As the plan stands now farmers who have grown wheat one and two years would have to reckon their acreage on a three year average which would virtually eliminate them. This provision is being protested by Texas and other states where new settlers have recently opened up farms.

"The plan for the relief of the wheat farmer is in a formative stage and may be modified by direction of M. L. Wilson, United States wheat administrator," state Mr. Marti.

Magnolia Products

Magnolia auto products have stood the test of time.

Our chemistry department is constantly finding out new ideas. These ideas are then given to the public in the nature of newer and better products. If there is a better method of taking care of your car, you may be sure that - - -

MAGNOLIA PETROLEUM COMPANY

has that Gasoline, Oil or Grease most needed. And more than that, our selling agents here at Holland Brothers filling station know just WHAT, WHERE and WHEN to apply that particular Oil or Grease.

THREE grades of GASOLINE are at your service to suit the requirements of every purchaser.

Every modern improved device and machine is used to insure a proper lubrication of your car. It must pass a careful inspection before being returned to you.

Auto Laundering is one of the conveniences we have to offer the public. Your car is washed on short notice and at a very moderate cost.

Holland Bros.

Pictures of Texas Artist in Wellington Exhibit

Miss Adele Laure Brunet, internationally known artist whose affiliations in the world of art outrank those of any other woman painter in Texas, will exhibit in Wellington next Friday, July 14, for an indefinite stay, being a visitor in the home of Mrs. W. H. Lynn, 1407 Amarillo street.

An exhibit sponsored by the City Federation of Women's Clubs, where a number of Miss Brunet's canvases will be shown, will be a treat to everyone in Wellington

who is fortunate enough to attend. It is noteworthy in itself that a town the size of Wellington can have the distinction of such an exhibit. Such an occasion should bring numerous visitors from surrounding towns, particularly as the picture which won first place at the Allied Art Exhibit at Dallas will be displayed—a painting which many traveled all over Texas to see.

It is hoped by the sponsors that everyone, whether artistically inclined or not, will not miss the opportunity of seeing these lovely paintings.

COUNTY SCHOOL NEWS
By Sloan Baker
County Supt. Schools

Mr. Roy Bedichek, representative of the Interscholastic League, visited the County Superintendent's office last week. He explained the new plan of district, regional and State meets in Basketball and Field and Literary events. Donley County will compete in the district with ten other counties at Pampa. The winners at Pampa will go to a regional meet at Canyon to compete with winners of three other districts representing in all forty-six West Texas counties. This new arrangement puts the district meet nearer to all competing counties. The usual congestion at Canyon will be eliminated because only district winners will be in competition there. The regional winners will go to Austin to the State meet Donley County is going to make an effort to be the first county in the state to pay its Interscholastic League dues and start out the first of the year to work on League Events.

All transfers should be made before the first day of August for the year 1933-34.

The Tenth Annual Conference of County Superintendents and County Supervisors will be held at A & M College, July 24-28 inclusive. The County Superintendent will attend this conference.

Donley County Leader, \$1.50 a year

Mrs. Wilford (Snooks) Andis, patient at Adair hospital is reported better today.

SPORTS
By Hack

The Chamberlain Ball Club rested last Sunday but will start the next week at Claude where they play the fast stepping team Sunday. These two teams have not met this year and this should be one of the best games of the year.

Chamberlain boys are working out preparing for a good game. Claude will play a return game here July 23rd.

Quit a number of the local fans are going to Claude with the team. They would be glad to have more. Let's see how many of us can go along.

The Washington Senators continue to lead in the American League with a two game margin over their nearest rivals, the Yankees. The N. Y. Giants continue to lead in the National League but quite a number of teams are within striking distance of first place. The lowly Boston team is leading the second division with a good chance of finishing the season in a still higher position.

Lots of fight fans would like to see a world championship fight in Texas, but Jack Dempsey speaking at Ft. Worth, said it would take half-million dollars to bring one here and then it might not get here.

Dempsey is touring the country with what he is introducing as the next champion, Max Baer. We think he will be when he has a chance to meet Carnera but that will likely be quite a while to wait. Let's all go to Claude Sunday and see a real good ball game.

Mrs. Fannie Robinson Dies in Amarillo Tuesday

Funeral services were conducted at the First Christian Church here for Mrs. Fannie S. Robinson Wednesday afternoon by the pastor, Rev. W. E. Ferrell. She died at the home of a daughter, Mrs. L. P. Scruggs at Amarillo early Tuesday aged 83.

Surviving her of the immediate family are Mrs. Scruggs, and Mrs. Roy Wood of Amarillo, Mrs. O. D. Liesberg of Clarendon, and one son Knox Robinson of Groom.

Mrs. Robinson was a member of the First Christian Church and a charter member of the Eastern Star Order of Clarendon.

Rev. W. E. Ferrell's subject was, "The Death of a Christian." The text used was, "A good name is better than precious ointment; and the day of death than the day of one's birth." (Eccl. 7:1). The songs used in the services were, "Sometimes we will understand," "Safe in the Arms of Jesus," "Asleep in Jesus" and "In the Sweet By and By." These were the songs requested by Mrs. Robinson before her death, which came to her in Amarillo, Texas, about one thirty a. m. July 11th. This list of songs was found in her Bible, on the day of her death. The last thing she did Monday morning was to spend some time reading her Bible. To all who were acquainted with Mrs. Robinson, there is no doubt regarding her and her religion, she was a Christian, in words and deeds and this is the greatest tribute that can be paid to any one. The Eastern Star Order, assembled at the church and as an order, paid their last respect to Mrs. Robinson with a very expressive and beautiful ceremony.

Miss Jo Ella and Nicky Stewart spent the week-end in Pampa visiting their sister, Mrs. R. E. Komer

Mr. and Mrs. Lank Thornberry and daughter Estell of Wichita Falls and Mr. and Mrs. E. D. Aviams of Orange, Calif. are visiting Mr. and Mrs. L. Thornberry.

Mrs. Allen Beville and daughter Allen of Amarillo visited her mother, Mrs. J. B. Baird Saturday.

Mr. and Mrs. Alfred Estlack and small daughter, Ira Jean, Mrs. J. C. Estlack and son Phifer visited her sister Mrs. S. H. Manning in the Charlie-Beebe home at Amarillo Saturday.
