Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE—Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

West Texas Press Association

OBJECTS TO NIGGER LAWYER.

Judge B. D. Sartin of Wichita Falls is "sartin" of one thing. Quoting from a recent speech favoring prohibition he said: "Postmaster General Jim Farley was the chief supporter of the movement to curtail the soldier bonus, and hurled a direct insult to the American Legion forces when he recently instigated the appointment of a negro as assistant attorney general, placing him in charge of all soldier claims. The appointment of a negro to this office and the placing of the black in charge of soldier claims was one of the most dastardly insults ever hurled to loyal Democrats and to the American Legion." Those are the words of the learned Judge, and he apparently did not say enough about it either, if "saying" will remedy matters any.

THAT \$20,000,000 BOND ISSUE.

This editor favors the bond issue for two principal reasons if he had no others, and he has. The first reason we favor the bond issue is that Gov. Jim Ferguson favors it. He always favors the 'under dog.'

The second and foremost reason why we favor the bond issue is that the West Texas Chamber of Commerce is against it. If that body ever favored anything that they could not manage or at least manipulate, it cannot be recalled to mind now.

Governor Ferguson has an article in this issue explaining the bond issue in detail. Read it carefully. At the same time remember that thousands of west Texas folks are in the drouth belt this year and have nothing left in the way of food for man or beast except that which comes from government sources.

RAILWAY TO STAGE A COMEBACK.

Both freight and passenger transportation methods are to be changed within the near future on all the main railway lines according to an official of the Denver road in conversation with the writer recently.

Passengers will be transported in dustless coaches at a speed of 110 miles or more per hour with absolute safety. The fare will be less than half what it is today. The air will be washed and cooled by a refrigeration process. The windows will remain closed precluding the many ills of draughts of the present day equipment.

Freight will be hauled on trucks of 8 tons capacity and more. They will be equipped to gather up the freight and deliver on land. Returning to the rails, the wheels were lined up. A touch on an air-valve lever lowered flange wheels that locked the steering gear at the same time. The four guide wheels are identical with those of the pilot wheels of a locomotive except that they are made of both steel and rubber. Gasoline motors will supply the power on all "trains" of either freight or passenger.

These equipments are now in use on the Union Pacific, Nickel Plate and Pennsylvania railway systems in sufficient quantity to take them out of the experimental category of rail equipment. It is believed that the Denver will be using this method within the next year. They already have a similar equipment on the branch line from Estelline to Lubbock, except that it has rail equipment only.

More speed, lower rates, more comfort and convenience in this new idea is what the railways are banking a comeback on in competing with bus and truck lines. The public is more concerned in the service rather than who can render it.

PRICE OF BABIES GOES HIGHER.

According to Mrs. Mabel Bassett, State Commissioner of Charities and Corrections of Oklahoma, doctors are selling babies in her state in order to collect their fees. Mrs. Bassett is quoted as saying that some babies have sold for as much as \$100, while \$70 is a good average. Heretofore founding asylums have been overflowing with unwelcome bits of humanity with only chance places for home and affection.

This news will come as a shock to many. Not those who would shudder at the thought of helpless humanity being bartered off to the highest bidder as a mere chattel, but to those who refused to have babies because they considered them a nuisance rather than a blessing, and were totally ignorant of the possibility of a cash market.

Perhaps the market has been opened as a result of some "new deal" rather than through the ingenuity of a professional man when we come to think of the thousands that are murdered before birth each year in this highly enlightened christian nation. The monetary loss has been terrific; the

damage to the health of womanhood horrifying; the practice most damnable, and the system of so-called civilization under which we live where such conditions obtain is an insult to God and a disgrace to humanity.

Gov. Ferguson Discusses Bond Issue

The bond issue is a proposition to give the people an opportunity to vote for the issuance of Twenty Million Dollars of bonds to be payable in ten years with 4 1/2% interest and to be paid by levy on corporations and without any lien or tax on ad valorem or real estate values. The amendment specially provides that there shall be no lien on real estate, that is, no farm or home or business house shall be taxed to pay these bonds. The money will be spent under the direction of the Legislature and committees of five in each county known as a Committee of Welfare and Employment. This money shall be spent for destitute families and people, who, as a result of unemployment growing out of the depression, cannot take care of themselves. There is in Texas today over a million people being fed by the Federal Government. During the last ten months over Twelve Million Dollars has been sent from Washington to the people of Texas for this humane purpose. However, the Washington authorities tell us now, respectfully but firmly, that if Texas does not show some disposition to feed its own destitute population that then they will presume that Texas can take care of itself and after October no further remittances will be made to Texas.

I want to again emphasize that this Twenty Million Dollar Bond issue divided into Six Million people only represents a payment of \$3.33 principal for the whole ten years, 33 1-3 cents a year, and the interest amounts to 16 2-3 cents more, making only a total of 50 cents that every citizen of Texas will be called upon to pay, if able, in order to insure against hunger, want, misery and privation of the unfortunate part of our people in Texas. This money will not only go to the destitute families, but being spent in the usual channels of trade, will do much to revive business under the present stressful conditions.

This relief is one of Mr. Roosevelt's early acts and ambitions and he wants to continue to help us if we will show some evidence that we need it and want to help ourselves.

There is no other source of revenue from which we can hope to get this money. Every county is broke, every city and town is broke, the people are broke, and what little money they get from the cotton crop won't pay half the debts of the average man.

I have always been against bonds and I am against them yet, but I am not a-goin' to act a durn fool and not use every resource at my command to prevent my fellowman from going hungry and cold to bed for lack of food and raiment. I had rather agree to tax myself to my dying day for Ten Dollars a year, let alone Fifty cents, than to hear the distressful cry of one hungry child or to know that one aged mother or father had suffered for the want of coffee, bread and clothes because I wasn't liberal enough to tax myself for the measly sum of Fifty cents a year. Look a-here, you old skin-flint cuss! Stop this talk about you being opposed to bonds and get to shouting and help me put this thing over. You know I'm right and if you vote against these hunger bonds, it will be just because you don't like me politically, or you haven't got sense enough to run around loose, and if you keep up your foolishness you are liable to be on the hungry roll yourself. Half of these million people who are on the hungry roll voted against me and my wife every time we ran for office, and I suppose they will continue to vote that way if we ever announce for office again, but I don't care anything about that. All I want to know is that if they are hungry and in need of help, I want to be taxed to feed them just the same as I would my political friends. Now that's that about the Bond Issue.

—James E. Ferguson.

CIVIL SERVICE EXAMINATION

The United States Civil Service Commission has announced open competitive examinations as follows:

Chief Engineering Draftsman, \$2,600 a year, Principal Engineering Draftsman, \$2,300 a year, Senior Engineering Draftsman, \$2,000 a year, Engineering Draftsman,

\$1,800 a year, Assistant Engineering Draftsman, \$1,620 a year, and Junior Engineering Draftsman, \$1,440 a year—for work on ships; less a deduction of not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1/2 per cent; departmental service, Washington, D. C., and field service. Optional branches: Ship hull, ship piping, ship ventilation, mar-

ine engines and boilers, and electrical (ship).

Marine Engineer, \$3,800 to \$4,600 a year, Associate Marine Engineer, \$3,200 to \$3,800 a year, and Assistant Marine Engineer, \$2,600 to \$3,200 a year, less a deduction of not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1/2 per cent; departmental service, Washington, D. C., and field service.

Associate Dye Technologist, \$3,200 a year, less a deduction of not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1/2 per cent; Customs Service, Treasury Department, for duty at New York City. All States except Iowa, Maine, Maryland, New Hampshire, Vermont, Virginia, West Virginia, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington.

Full information may be obtained from Norma Rhode, Secretary of the United States Civil Service Board of Examiners, at the post office or customhouse in this city.

Mrs. I. E. Whately of Lelia Lake was a pleasant visitor in the Leader office Tuesday.

Misses Jewell Smith and Emma-gene Gregg of Ashtola were callers at the Leader office Tuesday.

Miss Ira Huckaby and Mr. Henry Boyd Newman of Memphis visited Miss Louise Smith Tuesday.

Raymond Davis was in town for awhile Tuesday afternoon.

Mr. Loris Garner of Allison, Texas is visiting in the home of Dr. and Mrs. J. G. Sherman.

Mr. and Mrs. E. R. Reeves of Lovelland and Mr. and Mrs. Earl Lafon of Channing visited in the W. C. Reeves home near Lelia of the week.

G. L. Boykin and H. T. Burton returned Wednesday morning from a fishing trip in the mountains of New Mexico.

Quick Relief for Chills and Fever and Other Effects of Malaria!

Don't put up with the suffering of Malaria—the teeth-chattering chills and the burning fever. Get rid of Malaria by getting the infection out of your system. That's what Grove's Tasteless Chill Tonic does—destroys and drives out the infection. At the same time, it builds up your system against further attack.

Grove's Tasteless Chill Tonic contains tasteless quinine which kills the infection in the blood. It also contains iron which builds up the blood and helps it overcome the effects of Malaria as well as fortify against re-infection. These are the effects you want for COMPLETE relief. Grove's Tasteless Chill Tonic is pleasant to take and absolutely safe, even for children. No bitter taste of quinine. Get a bottle today and be forearmed against Malaria. For sale at all stores.

You'll Enjoy the Advantages of Modern ELECTRIC Water Heating

Hot water at all times (and it's needed for countless purposes every day in the week) is one of the greatest comforts and conveniences of the modern home. Most homes of today enjoy hot water service of a fashion—but here's the type of service your home should have...

Hot water in a constant and adequate supply... with perfect safety... without the disadvantages of flame noise, poisonous fumes, odors, smoke and soot... and at extremely low cost.

—In short, you need modern ELECTRIC water-heating service!

Drop in at our Merchandise Showroom and see the beautiful new electric water heaters now on display. They are efficient, dependable, safe, low in first cost, the terms are attractive—and they operate on the new "constant hot water service" plan that means remarkably LOW COST OF OPERATION!

ASK ABOUT... Our "Constant Hot Water Service" Plan. It Gives You a New and Surprisingly LOW COST!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

TEMPLE OF TRUTH
By the Apostle

Speaking of patriotism, a Brice farmer says he is willing to do anything the President asks of him except quit his wife. He quit her when the depression started.

Right now we are paying over 60 cents a pound for licorice just because it is pressed up with a thick plug tobacco. It retails at 14 cents "undiluted."

Due to the shortage of tobacco crop this season, the next thing we know some nut who has suddenly gone patriotic, will be wanting to have 5,000,000 tobacco users shot.

Some time ago it was suggested in this column that pig birth control would be advocated in the near future. Well, she's right on us. Not only is birth control advocated, but it is suggested that 5,000,000 sows be butchered to feed the needy this winter. (P. S. We measure everything now in five million lots—nothing cheap about our imagination in the good old U. S. A.)

PAYMENT OF BILLS

It is common sense to use the checkbook instead of the pocket-book in all business transactions and in payment of bills. Are you taking advantage of this service?

MAIN STREET'S HUSTLING NEWSPAPER

CLEAN-UP WEEK AT THE LIVERY STABLE

HAMMY BACON COMMENCED CLEAN-UP WEEK YESTERDAY BY CURRY-COMBING THE LIVERY HORSE. HE ACCIDENTALLY TICKLED OLD SPITFIRE WITH THE CURRY COMB & SHE KICKED UP HER HEELS AND ALSO LUKE STOOP IN HIGH GLEE.

By L. F. Van Zelm

Kid—"My papa is an Eagle, Lion, Elk and a Moose."
Kiddo—"Gee! What does it cost to see him?"

Hugh Riley claims to have crossed string beans with spuds this season. The big advantage claimed by him is that when the strings are pulled off the spud, the skin can be slipped off like a banana. (Get your seed orders in early ahead of Frank Hardin.)

If we had far less "Viewing With Alarm," and a whole lot more of "Pointing With Pride" in every community, we would be a lot better off.

Government checks for cotton destroyed will be mailed direct to the farmers according to late announcement from headquarters. If yours has not arrived yet, just be patient.

Old timers of the west working on ranches were "cowpunchers." Later when they found changed conditions and it became the custom to crawl off a horse and build fence, tank and do windmill work, these workmen became to be known as "waddies."

Well, the cowpunchers are to hold their annual reunion at Wragge Park north of Canyon the 31st of this month. All who punched cattle prior to December 31, 1895 are eligible to join. These same eligibles are welcome to be present at the love feast. The wife and children may come but there had to be a stopping place somewhere, and the grandchildren are barred. Some have as high as sixty grandchildren and Randall county would be filled up much less Wragge Park if the grand kids got in on the deal. A more complete report is to be found on the first page in this issue.

Some of the east Texas farmers boasted of prolific corn "way back yonder." There is an instance related of how a farmer stuck his hoe handle in the ground in his corn field when he went to dinner, and found a 'nubbin' growing on the hoe handle when he returned an hour later. He never had anything on the west Texas man about that time. Our old cow men can recall several who started out with a very small bunch of steers and soon grew a herd. Some steers were known to have as high as five calves and yearlings in one season. This freak of nature was

not confined to old Greer county altogether, either.

A story is related of how a Hall county woman visited the circus and approached a cage wherein was confined a kangaroo. The front of the cage bore the words: "Native of Australia." The old lady looked at the kangaroo for some time and burst into tears and said: "My God! And my school teacher daughter just wrote that she had married one of them things."

In town we hear such phrases as—"poor business", "high cost of living," also "no money," and "official scandal" along with a few other peppy news dopes every day. Out in the country we hear a similar line of—"moral turpitude", fist fights, family rackets, neighborhood gossip and such other wholesome announcements as would indicate that the folks are keeping thoroughly alive to the times.

And don't forget the turnip patch. Sow turnips right now says an old friend who has reminded us of the time each year. If spinach and rape are sowed with the turnips, you can have greens clear up to spring, the rape being the latest.

Some folks are looking for a loan until they find a makeshift job that will give temporary relief until they can join the Red Cross this winter.

Don't forget that next Saturday is election day. It's more than that. Questions are to be decided on that day that will likely shape the course of the nation for perhaps a century. Get out and vote. Nothing could be said here that would change your vote, and besides, it's nobody's business how you vote.

The courts have ruled 3.2 beer intoxicating in Colorado. Those near the state line obey the edicts of their wives and do their drinking in Nebraska where the courts have ruled that it is not intoxicating.

A tourist complaining at the high cost of gasoline in the mountains of Ariz. recently stirred up the ire of the station man who informed him that in addition to the time wasted explaining the high price, he also paid federal, state, congressional district, city, county, precinct, street, continent and hemisphere taxes. Mallorder catalogs will list "auto shafts" this winter that will enable the auto owner to hitch his horse to the old family bus and escape the gas taxes out there.

Believe it or not, the old Apostle is a real old-timer of the Panhandle. He landed at Tascosa, Texas 49 years ago. Luscius Dills was county judge. Jim East was city marshall. Judge J. N. Browning held district court and Temple Houston was one of the unbeatable lawyers of that time. Hendricks was the leading merchant, etc. Today, the courthouse is the ranch headquarters house of the Bivins ranch. A gravel pit is the only industry left, operations having started long after the railroad built in there in 1889. In our day there, all the freight was brought in from Dodge City, Kansas by freight wagons.

Does any one know of a better method than an application of kerosene for removing chewing gum from a baby's hair. (Some of 'em are past 16.)

In the husband's code, would it not be a great idea to have Johnson put a stop to women dolling up their husbands so that they attract women, and then hanging around to make his admirers keep

at a safe distance? (This is a special request from a friend of this column, and it did not come from Brice either.)

Famous last words—Wait until we see if the style changes.

* BRAY SCHOOL NEWS *
* * * * *

Everything has gotten under way, and the Bray school is moving along nicely. The enrollment has increased from 56 the first day to the present number, 65, and we hope that others will start in the near future.

The principal and trustees attended the meeting of the school board held at Clarendon Thursday of last week.

The upper room met Thursday August 11th, at the call of the principal to organize a club. The purpose of this club is to take care of all business and entertainments that should come before the school. The name decided upon was the Bray Civic Club. A written Constitution was adopted by all members present. The following officers were elected: president, Lillian Sharp; Vice-president, Faye Ma-

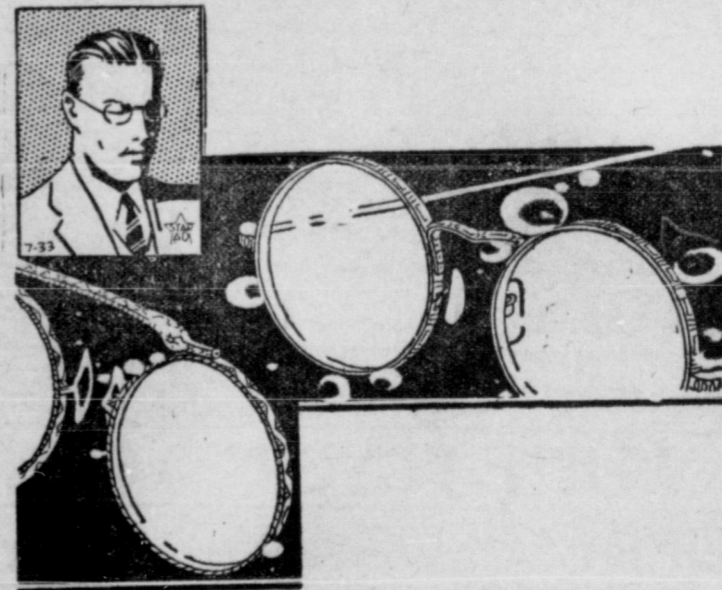

lone; and secretary, Euva Duckworth. All students over 12 years of age and teachers are eligible for membership. Also all over 12 years of age in the community are eligible to join.

Mr. and Mrs. L. B. Cooper and daughter of Gainesville, Florida visited friends in Clarendon Friday. Mr. Cooper was formerly Dean of Clarendon Junior College and is now Professor of Education in the University of Florida.

Pathfinder, The Time-Tested News Weekly
is now offered to you with YOUR CHOSEN HOME PAPER

By a favorable arrangement we are able to send you that old reliable family weekly, The Pathfinder, with this paper, at a price never before equaled. There is nothing like The Pathfinder anywhere—nothing equal to it at any price. Over a million people take it and swear by it. It takes the place of more costly periodicals. News from all over the world, the inside of Washington affairs—the truth about politics and business, science, discovery, personalities, pictures, stories—and no end of fun. Call at our office, see samples of Pathfinder and order this club, or send amount by mail. Two papers every week: your favorite local weekly and the most popular national weekly—104 splendid issues—

MISS ROSELYN BASS ENTERTAINS

Honoring Miss Viola Bain of Littlefield, Miss Roselyn Bass entertained with 7 tables of bridge at her home Monday evening.

The covers for the bridge tables were in colors of light green, peach yellow and rose. After enjoying the games of bridge for awhile, outdoor games of various kinds were played on the lawn which was attractively lighted with electric lights.

Following the games Mrs. Bass mother of the hostess served a delicious refreshment of ice cream and cake while music was furnished by Roselyn on the guitar and T. D. Nored on the mandolin. Miss Louise Smith accompanied on the piano.

Those present were honoree Miss Viola Bain, Misses Laverne Mc-

Murtry, Eugenia Noland, Joy McCane, Sarah Virginia McGowan, Zelda Ruth Nored, Helen Louise Green, Louise Smith, Frances Sanford, Avis Lee McElvany, Catherine Cornell, Willie Maud Pratt, Anna Moores Swift, Dorothy Ann Kennedy, Roselyn Bass.

And Ardis Patman, Walter Brady, George Wayne Estlack, Johnny Beville of Amarillo, Bill Walker, Willard Skelton, J. R. Bartlett, Bob Boston, Harold and Houston Gattis Harry McCracken, Billy Johnson, Arthur Chase, Robert Nichols, J. W. Thomas of Wellington, Mr. and Mrs. Van Kennedy, Mr. and Mrs. T. D. Nored, Mayor W. P. Cagle, Mr. and Mrs. John Bass.

GOODWILL CLUB

Mrs. S. I. Johnson was hostess to the members and guests of the Goodwill Club at her home Thurs-

day afternoon.

Quilt piecing was the main feature of the afternoon. The club presented Mrs. I. E. Pierce with a gift showing their appreciation as a club member and expressed their regrets losing her from the club.

Mrs. Johnson served watermelon to the following guests: Mmes Lucian Bones, Iva Hill and Charlie Johnson. Club members: Mmes I. B. Pierce, Wilson Grey, Sam Dale, Claude Gamblin, A. O. Yates, Melvin Cook, Fred Russel, L. D. Carlile.

CLARENDON H. D. CLUB

The Clarendon H. D. Club met at the home of Mrs. Lonnie Hahn Friday afternoon. Mrs. C. D. McDowell in chair. The usual business was transacted and a social hour enjoyed when a delicious refreshment was served by Mrs. Hahn.

Club members present Mmes A. H. Baker, John Clark, A. L. Chase, C. D. McDowell, Major Hudson, Lester Schull, and Miss Fannie Perry. Afternoon guest Mmes J. T. Warren, F. A. Cooper, Johnson, and Mrs. Olive of Waco.

The Club will meet Sept. 1, at 2:30 p.m. at the home of Mrs. C. D. McDowell.

1912 NEEDLE CLUB

Mrs. B. L. Jenkins entertained the 1912 Needle Club at her home Thursday afternoon. Fancy needle work and pleasant conversation was enjoyed until a lovely salad and ice course refreshment was served by hostess Mrs. Jenkins to invited guests Mmes Sam Lowe, G. L. Boykin, J. W. Evans, McCrary, Miss Carrol Holder and Sammie Joe Lowe.

Club members Mmes R. A. Chamberlain, A. L. Chase, J. T. Patman, Crockett Taylor, Homer Glascoe, Hastie, J. B. Baird, Anna Hall, A. A. Mayes.

FRIENDSHIP CLUB

Mrs. W. T. Hayter entertained the Friendship Club when she invited them to the country club in an all day meeting. The regular business meeting was held in the morning. Each club lady brought a covered dish and at the noon hour a delicious lunch was enjoyed. In the afternoon the flowers were inspected and enjoyed until about 3 p. m.

Ice cream was served to club members Mmes C. R. Skinner, L. Ballew, Toombs, M. T. Crabtree, J. G. Teal, J. A. Meaders, H. Tyree W. R. Rowlan, C. E. Lindsey, M. E. Thornton, Eva Womic, W. T. Hayter and Miss Katie Meaders.

1926 BOOK CLUB

Despite the rain Tuesday afternoon the members of the 1926 Book Club, motored to the country club for a picnic supper. The rain did not stop them from enjoying their swim although the water was cold. The picnic supper was spread on the club house porch and enlivened by club members Edith Balina Jean Brumley, Virginia Bryan, Eunice Buntin, Joyce Clark, Myrtle Ingram, Ella Kent, Mary Thornberry, Luma Smith, Zell Tombs, Lallar Wilkerson, Odel Ozier, Helen Martin. Invited guests Thelma Bairfield, Cloteal Norman of Hedley, Mrs. Allensworth.

Virginia Bryan and Eunice Buntin acted as hostesses.

T. E. L. CLASS

Mrs. Turner Nichols was hostess to the T. E. L. S. S. class of the Baptist church Wednesday afternoon when they met in her home for a business and social meeting. After the business session a very pleasant social hour was enjoyed and at which time a delicious salad and ice course refreshment was served to afternoon guest Mrs. Hill of Whitesboro, Mrs. Priddy of Dallas and Mrs. W. Z. Borrion of Groom, class members mesdames Cap Lane, T. M. Couch, Deal, W. B. Sims, Eva Draffin, W. A. Land, J. R. Cox, A. W. Simpson, Edd Barnes Joe Fowler, Major Hudson.

STAIRS MADE HER GASP FOR BREATH

Penalty of Excess Fat
Although she has lost but 7 lbs. of her overweight, this woman finds that 7 lbs. has made a remarkable difference to her.
Her letter reads: "I am 53 years old and my height is 5 ft. Last year I weighed 154 lbs. I have been taking a half-teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips, and only weigh 147 lbs. dressed. But I feel lighter and can now run upstairs, which before used to make me gasp for breath. Everyone says how well and fit I look."—(Miss) J. H.

Kruschen is an ideal blend of 6 separate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while you're reducing to normal weight.

Get Kruschen Salts at any live druggist in the world—a jar lasts 4 weeks and costs not more than 85 cents.

COUNTY SCHOOL NEWS
By Sloan Baker
County Supt. Schools

State Superintendent L. A. Woods writes a letter explaining new legislation. The following questions and answers will clarify some of the points not understood

clearly. The answers are given by Mr. Woods.
Question. What is the legal relation between the number of teachers employed and the number of grades taught?
Answer. The question of classifying the individual school should be viewed from several angles such as, proximity to other schools, road conditions, enrollment in grades taught, property valuation, tax rate, cost on an additional teacher versus cost of transportation and tuition.
Question. How are delinquent

taxes listed?
Answer. Delinquent taxes are to be listed as "Resources of the District" if reasonably expected to be collected.
Question. Will industrial aid be allowed to schools not eligible for Rural Aid?
Answer. No.
Question. What changes are to be made in the payment of high school tuition by the Rural Aid Law for 1933-35?
Answer. None, except the law limits the amount from Rural Aid Fund to \$7.50 per month which can be paid to any school for any pupil.
Question. How much transportation aid will be allowed for high school pupils transported into another district?
Answer. If the grade to which the high school pupil belongs is not taught in his home school, transportation aid not to exceed \$2 per month per pupil will be allowed, provided the district shows need of such aid, and further provided the sending district is levying some local maintenance tax.
Question. How much transportation aid will be allowed for grade pupils transported from one district to another district?
Answer. None. Unless it is conclusively shown that it would be more economical to transport these children than to teach them at home.
Question. What will determine whether a school district is able to support a transportation system?
Answer. Its certified financial statement given in the rural aid application substantiated by personal investigation of the Deputy State Superintendent.
Question. How far must a child live from school to be allowed transportation aid?
Answer. No transportation will be allowed for pupils who do not live two miles or more from the school building.
Question. Will state aid be granted this year regardless of number of grades taught, if county superintendent and county board had already classified schools and employed teachers before the Deputy State Supt. went on the field last week?
Answer. Yes, if eligible otherwise.
Question. In schools which adopt

the plan of paying teachers for twelve months, when should the payment begin?
Answer. The first of September, when the school budget goes into operation.
There have been a number of teachers ask as to when the Institute will be held this year. There will be no Institute as it is prohibited by law. There may be three teachers meetings during the year held on Saturdays of a duration of not more than three hours each.
The Donley County Board met in called session last Saturday. The Board ruled that Donley County Schools would stand as classified this year. The Board started to working toward a transportation system for County next term to meet Rural Aid requirements.

Sunday School Soft Ball In Three Way Tie

Complications set in this week as the Sunday School soft ball league went into a three way tie for the championship. The Christians entered a winning team in the race to upset the apparent championship Methodist team Friday by a single run lead. This put the Baptist, Presbyterians and Methodists in a three way tie.
A meeting was called Sunday afternoon to decide the schedule for the play off. It was agreed by representatives of the three teams to play three games each with any team losing two games to take third place and the other two to play off the championship. Names of the teams were placed in a hat and two drawn to decide which teams would play the first game. The winner of the first game was to play the third team. The loser of the first game would play the loser second game. The winner of this game would play the winner of the second game, etc.
In the first game Monday the Baptist won from the Methodists by a score of six to one. Tuesday afternoon the game was called off during the game because of rain, but it had been agreed before the game to replay the game in case it was called off. Wednesday afternoon the game was replayed with the Presbyterians winning nine to three over the Baptist.
This afternoon (Thursday) the Baptist team will play the Methodist team. The winner of this game will play the Presbyterians Friday. Come out and enjoy the fun. It is all free.

"We Serve to Serve Again"

THE BLUE EAGLE PLEDGE

In a recent radio broadcast by Donald R. Richberg, general counsel of the National Recovery Administration, on an American Legion program, he recited the now famous "Blue Eagle Pledge," written by that humorous and clever writer, H. I. Phillips, which Mr. Richberg declared, is worthy of wide circulation: "I promise: "1. To support the code and cut the arguments. "2. To give the iron ear to the fellow who has all those reasons why it won't work "3. To remember that we are in a war, and that if it was all right for the government to ask a few million boys to give their lives to settle a disturbance in Europe it must be fairly reasonable to request a few million merchants to endure a little discomfort for the common good. "4. To bear in mind that, after all, this time Uncle Sam is not asking me to leave my home and my family and show a machine gun squad I can take it. "5. To realize that patriotism is patriotism, even when there are no bugles. "6. To regard the Blue Eagle as a Blue Eagle and not as a Chisel-beaked Woodpecker. "7. To remember that I have an obligation to do something more than stick a picture of a bird in a front window.

"8. To realize that the slogan is 'We Do Our Part' and not 'We Dupe Our Partner.' "9. To develop a rousing hatred of trickery, chiseling and the old 'run-around.' "10. To have no time for the fellow who would rather obstruct a plan that might cost him a \$500-a-year loss than to support a plan that would enable ten million people to eat regularly. "11. To stop talking about 'interference with natural economic laws,' 'inevitable business cycles,' etc., and to realize that nobody ever got a wrecked truck out of a ditch by citing precedents. "12. To remember that we were all demanding action—and that finally we got it. "13. To realize when in a critical mood toward Little Nira that nobody has suggested a better plan for quick action. "14. To be willing to take it on the nose for a year (if absolutely necessary) to cure a national headache. "15. To keep ever foremost in the mind, when talking about the sacrifice being asked of me, that, after all, I'm not asked to put on a uniform, go to France, dodge shrapnel, sleep in the mud and get what comfort I can out of the fact a girl named Nellie is knitting me a pair of socks. "16. To work more and talk less, always realizing that it is impossible to pull a drowning man out of a well by throwing him a plate of boloney. "17. To remember that the only difference between a slacker in this crisis and a slacker in the World war is that the slacker in the

THE TEXAS RELIEF BOND ISSUE

Following is reproduced an exact copy of the principal section of the senate resolution submitting the proposed constitutional amendment authorizing the legislature to issue relief bonds. The most significant clauses are printed in capitals for the information of readers:

"Section 51a. The legislature shall have the power to authorize by law the issuance and sale of the bonds of the State of Texas, NOT TO EXCEED the sum of Twenty Million (\$20,000,000) Dollars, bearing interest at a rate not to exceed four and a half (4 1-2) per centum per annum; and payable serially or otherwise not more than ten (10) years from their date, and said bonds SHALL BE SOLD FOR NOT LESS THAN PAR and accrued interest, and NO FORM OF COMMISSION SHALL BE ALLOWED in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be FAIRLY DISTRIBUTED OVER THE STATE and upon such terms and conditions as may be provided by law, and the legislature shall make appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the legislature to issue bonds hereunder is expressly LIMITED TO THE AMOUNT STATED AND TO TWO YEARS FROM AND AFTER THE ADOPTION of this grant of power by the people. Provided that the legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof FROM SOME SOURCE OTHER THAN A TAX ON REAL PROPERTY and the indebtedness as evidenced by such bonds SHALL NEVER BECOME A CHARGE AGAINST OR LIEN UPON ANY PROPERTY, real or personal, within this state."

World war had more good reason for being scared stiff. "18. To remember that we were all shouting for 'a President who would do something.'"

Garland and Oleta Wood and Virginia Taylor of Clarendon were visitors here Sunday afternoon. Several people of this community have been attending the singings at Martin the past week. Mr. and Mrs. C. E. Mixon and family spent Sunday with relatives at Brice. Mr. and Mrs. Howard Stewart of Chamberlain spent the week end with relatives here. Johnnie Rhodes returned home with them for a weeks visit. Miss Margaret Kerbow of Brice is spending this week with Mr. and Mrs. H. B. Rhodes and family. Mr. and Mrs. Fred McAnear had as dinner guest Sunday, Mr. and Mrs. Horace Knowles and family and Mr. and Mrs. Ned Scaff of McLean. O. B. Sellers of Ft. Worth, District Governor of Rotary Clubs, will meet with the local Rotary club at the Clarendon Hotel next Wednesday evening at 6:30. Mr. and Mrs. H. B. Rhodes and sons spent Saturday night and Sunday with friends and relatives at Brice. Mrs. A. L. Millsap and son, Woodrow are visiting her son Mr. Jimmy Millsap and family of Pampa. Mr. and Mrs. H. M. Stewart and family Mr. and Mrs. Dick Eickenberger, Mr. and Mrs. Clyde Hudson, Mr. and Mrs. W. C. Veazy and Woodrow Crow of here surprised Mr. Neely Hudson of Chamberlain with a birthday dinner Saturday. Mr. and Mrs. Jordan and children spent Sunday with friends at Chamberlain. Mr. and Mrs. S. J. Dyer and family are visiting relatives at McLean this week.

Bro. Charley Williams the Baptist minister begun his meeting Friday night. The services are well attended. Mrs. Bert La Noir and son Jr. of El Paso after spending a week with her parents, Mr. and Mrs. T. B. Downing left for her home Saturday. Mrs. A. E. Tidrow, her daughter, Miss Louise, also Frank Tidrow and Robert Johnson went to Allen Wednesday to get apples. Mr. and Mrs. R. E. Beach and children also Mrs. Jesse Beach visited with Mr. and Mrs. K. C. Reed Sunday afternoon. Mr. and Mrs. Tom Bain, Mr. and Mrs. T. E. Naylor, Mr. and Mrs. J. W. Mann, Mr. and Mrs. Tommy Bain, Misses Minnie and Ava Naylor and their guests Mr. and Mrs. Cutter of Amarillo and Mr. and

Mrs. Rich Bowlin attended the old settlers picnic Friday. All reported a great time and a big dinner. Mr. and Mrs. T. B. Downing and family spent Sunday with Mr. and Mrs. Austin Selby. Mmes. Robert and Walter Johnson spent Sunday with Mr. and Mrs. K. C. Reed. Little Sidney Rhea Beach of Hedley spent week end with his grandparents, Mr. and Mrs. Richmond Bowlin. Doris Espy left Wednesday for Coledge and will be gone about a month, picking cotton. Mr. and Mrs. Cutter of Amarillo spent several days with Misses Naylor. Dave Blake of Vernon, old friend of A. H. Baker in ranch days in the upper Panhandle, visited him here the last of the week.

Transfer the Beer Revenue

From the Bootlegger Into Commercial Channels And The Tax Money To The City, County, State And U.S. Treasury

A source of taxation without burden, that will alleviate distress and in some measures reimburse the Federal government for the millions of dollars spent in this section for emergency aid, lies within grasp of the people of Donley County and the Panhandle. There are many sane arguments in favor of the legalization of 3.2 beer in Donley County and one of the most important of these is the financial benefit to be derived from city, county, state taxation of the beverage. Furthermore it will take the control of beer out of the bootlegger's and racketeers hands and put the profits into commercial channels. The beer is here now—why not tax it? If the local option election fails, it will continue to be here as it has in the past—tax free! The prohibition amendment has made law violators out of hundreds of otherwise law abiding citizens in Donley County, who manufacture "home brew" for their own consumption, who drink an occasional bottle with their friends, who patronize "speak-easies" or have 3.2 beer in their homes. These people, your neighbors, aren't criminals but under the prohibition amendment they are termed as such. You "old timers"—don't let someone else tell you how to vote! Judge from your own experience. Refer back to the days when beer and liquors could be obtained legally, before the day of bootleggers. Then compare that picture with the situation today and vote your convictions.

Here's the Answer to Our Problem!

The history of our experiments with the liquor problem is a bitter lesson in the folly of extremists. The wets permitted conditions to become so odious that the Eighteenth Amendment became inevitable, and the dries in turn allowed the reaction to become so unbearable that the twenty-first Amendment was the inescapable result. All we can salvage from the ruins of both regimes is the knowledge that, even in matters so provocative of radical thought as prohibition, there is, after all, a middle road. True temperance is possible neither in an era which produces the saloon nor in one which produces the racketeer. Wets and dries alike should now unite in a dual program to control the liquor traffic and to promote temperance by moral suasion rather than governmental decree.

Some Prohibition Facts!

The United States is today the world's greatest crime center. Only about 10 per cent of those who commit crimes are convicted and punished. In 1931 the United States held the highest homicide record among the civilized nations of the world. Nearly two-thirds of the cases clogging our court machinery and congesting our prisons are due to violations of the 18th Amendment. Fifty-six per cent of all federal government funds spent for the administration of federal criminal justice goes toward prohibition enforcement. (Wickersham report). Cost of crime is more than three million dollars daily (Wickersham report). The federal government alone has appropriated \$7,000,000 for new or enlarged prison facilities in the last few years. Federal prisons are crowded. There are three times as many prisoners as in 1921. (U. S. Department of Justice). The number sentenced to prison for prohibition violations was 28,801 in 1931, of whom only 5,044 were put in federal penitentiaries. (Attorney general's report). Nine hundred and ninety boys and girls of high school age were held in federal jails for violating the prohibition law, last half of 1930. (Wickersham report). Not only has national prohibition failed to prohibit but we feel that the voter should know that: Prohibition cost the United States over 11 billion dollars in 12 years for enforcement and loss in revenue. That: The cost of prohibition to the people of this country was more than three times the whole federal revenue from individual income taxes in 1932. Total revenue received by federal treasury from individual income taxes in 1932, \$820,425,625. Estimated total cost of federal enforcement (after deducting fines), \$49,000,000. Estimated loss in federal revenue, \$1,000,000,000. Total of cost of enforcement and loss of revenue, \$1,049,000,000.

WINDY VALLEY SCHOOL NEWS

School started in Windy Valley last Monday, with the enrollment slightly under last year. This is due to the fact that some of the children are still needed at home. But from all indications this coming week will bring them to school.

Mr. Dillard, Miss Johnson and Miss Taylor have spent their summer to a good advantage. Mr. Dillard has been in school at W. T. S. T. C., at Canyon; Miss Johnson at Simmons University at Abilene and Miss Taylor at New Mexico State Teachers College at Las Vegas. They work on the plan that if you expect to be a good teacher one has to keep up with the latest developments in that field.

With the work and improvements that were done on the buildings and grounds last year, having been kept in a good state of preservation this summer, together with the improvements that we expect to make this year, there is no doubt but that Windy Valley will be among the leading schools of Donley County.

Messrs. Stogner, Bowling and Simmons together with the teachers have rated the school according to the chart that is sent out by the State as a guide for a model rural school. We expect to meet the requirements before the school year is out, and ask the State to send an inspector to grade us as such.

The first entertainment of the year will be for the purpose of helping to buy seats to seat the auditorium.

Mr. Dillard has secured another gift of "National Geographic Magazines," this group consists of seven complete years. This brings the total to thirteen complete years.

The following magazines come to the school each month for the

DOROTHY DARNIT

children to read: Review of Review's, Readers Digest, Texas Outlook, American Magazine, Colliers, Good Housekeeping, and the Amarillo Daily News. Remember there is an education in good magazines.

SUNNY VIEW
(Mrs. A. M. Lanham)

We had a nice shower Friday night and crops look nice and green.

Mr. and Mrs. Jasper Starks and niece, Mrs. Chambers and nephew left for their home at Memphis, Tennessee last Tuesday after spending 2 weeks here with his brother, Mr. and Mrs. Millard Starks and other relatives. While here all made the trip to New Mexico where they visited Carlsbad Caverns, Roswell and other places of interest. All were very much im-

pressed with the country near and around Roswell. Grass, alfalfa and other crops are fine.

Mr. and Mrs. Sam Roberts visited their daughter, Mr. and Mrs. Floyd Parker and baby Saturday. Master J. R. Morgan and sister, little Miss Silvia Fay of Goldston spent last week here with their grand parents, Mr. and Mrs. R. A. Brame.

Mrs. Millard Starks called on Mrs. A. M. Lanham Friday morning.

Mr. and Mrs. T. T. Waggoner and family of Claude spent Sunday with Mr. and Mrs. F. L. Behrens.

Mr. and Mrs. Marvin Hinkle and son of Tahoka, Texas came in Thursday for a visit with his parents, Mr. and Mrs. W. D. Hinkle. Mr. and Mrs. Roy Morgan of Goldston spent Sunday with Mr. and Mrs. R. A. Brame.

Mr. and Mrs. Neal Bogard and family of Hudgins attended Sun-

day school Sunday and were dinner guests of Mr. and Mrs. Millard Starks.

Miss Mildred Brame is spending this week with her sister, Mrs. Roy Morgan of Goldston.

Miss Pauline Brame went shopping in Amarillo Wednesday.

Mr. and Mrs. Hinkle has their granddaughter, Miss Barker, also niece visiting with them the past week.

LIKES SAVAGE WAY, BECAUSE IT IS QUICKER

"In savage tribes, where skulls are thick
And primal passions rage,
They have a system sure and quick
To cure the blight of age.
For when a native's youth has fled
And years have sapped his vim,
They simply knock him in the head
And put an end to him."

"But we in this enlightened age
Are built of sterner stuff;
And so we look with righteous rage
On deeds so harsh and rough.
For when a man grows old and gray
And weak and short of breath,
We simply take his job away
And let him starve to death."

BRICE
(Velma Lemmons)

Sunday school attendance was not as good Sunday as it has been the last few Sundays. We hope to

have better by next Sunday, however.

The Baptist Revival closed last Thursday night and Bro. Reed has returned to his home at Higgins, Texas. There were three additions to the church by letter.

The Methodist Revival started Saturday night and the few sermons that we have heard, have been very good, indeed. Bro. Apple is holding the Revival.

Mr. H. B. Rhodes and family of Goldston visited in the home of Mr. W. H. Lemons and family Saturday night and Sunday. They were very glad to have them and it seemed like old times to have the same old bunch together once more.

Mr. Churchman and family of Clarendon visited in the home of their daughter, Mrs. Zack Salmon Sunday. They all attended Sunday services at Liberty church.

There has been lots of sickness in the community the last few days. We sincerely hope that everyone will be back in their natural health soon.

Mr. Hubert Dickson and Mr. Haskell Lemons spent Sunday with John and Jim Lemons.

The Juniors of the community had a contest during the Baptist Revival. They were divided into two groups, the Red Birds and the Canaries. The Red Birds won in the contest and the Canaries entertained them last Thursday evening at six o'clock with ice cream and cake. All of the children enjoyed it very much, as well as the young and old folks.

Mr. Lee Kerbow gave a party

for the young folks last Friday night and everyone who attended it had a most delightful time.

Mr. Claude Mixon of Goldston visited Mr. Murff and family Sunday.

Mr. Merle Lemons and wife were in the home of W. H. Lemons and family Saturday night and Sunday. Some of the folks from Brice went to Lesley for the singing Sunday. We are sure that they enjoyed it very much.

Mr. C. J. Holland and family went shopping in Memphis Satur-

day afternoon. Mr. and Mrs. Ernest Lemons and children spent Monday in the home of W. H. Lemons and family.

We wish to remind our friends that Sunday is singing day at Brice. We hope that many of our old time visitors and friends will be with us. We are always glad to anyone else who can come and be with our good singers with us and with us.

OLD SETTLERS—

(continued from front page)

elders while the younger generation inspected both the saddles and the "garb" of the ladies wearing "riding skirts", dresses and hats in vogue in their girlhood days. These to furnish the most novel amusement of the day were two Hedley ladies, Mrs. O. R. Culwell and Mrs. J. B. Masterson.

When the call came for oldest settlers to mount the platform, several qualified for over 40 years. Joe Patching led in a clear field with his "over 50 years" in old Donley, and to him go highest honors for having served his section as one of her most outstanding

citizens for more than half a century.

Not content with any experimenting when the "Old Settlers Association" was growing by leaps and bounds despite any form of depression, every official was re-elected. W. I. (Bill) Rains continues as president; M. W. Mosley as vice-president; Mrs. O. R. Culwell will continue to perform the efficient services of a secretary thoroughly in accord with the spirit that motivates the life of the movement.

Next to the "riding exhibit" of the two ladies, the next most captivating event was the square dancing. Two sets by the elders and two by the younger set with Dave Shelton and Bill Crawford

taking turn at calling, supplied amusement for the first time for many of those present. Few "bobbles" were made though it is said some of the elders were disgusted with the success of the young folks who evidently have been doing a lot of practice of late. Waltzes, two-steps were indulged in by a few but it was the day for the old square style and those who preferred the more modern style gladly joined into the spirit.

In addition to the dancing described above, the buck and wing, old clog and "coon" dances were especially good judging from the audience of over a thousand attracted to the platform for the old time frolic. Miss Bobbie Reed, a young lady of possibly 12, gave an exhibition of both tap and coon dancing. "Rooster" Mosley cut up 'something awful' as did Leonard Cordray who was followed by his son Radell Cordray, a lad of 13 who did everything that his 'pa' could do and then some. Buck Roberts exercised his feet in a manner that brought forth cheers and reminded the folks of 'way down east.'

Miss Theresa Webb gave an excellent reading in keeping with the occasion.

Old time fiddle and other music was furnished by T. L. Clark and Noland Woods of Clarendon, W. E. Walling and W. C. Reeves of Lelia Lake, Ralph and Vernon Davis and Radney.

The Clarendon Band under the direction of Gus B. Stevenson rendered several numbers that met with a ready response of cheering from those who were agreeably surprised to know that this portion of the well-filled program had not been overlooked.

Mere words could not describe the feast at the noon hour. They referred to this exercise as 'dinner'

because it was a time for a fill-up at the noon hour. The long table of last year overflowed and more than two hundred ate at other improvised tables. S. G. Adamson supervised the super quality coffee making as usual, built a plenty of it but ran out of cups due to the overflow crowd. Every one staid in a good humor and drank in relays until the crowd was satisfied.

A large platform had been constructed enabling every one to see what was going on at the center of the amusement. Plans are already under way for improvements for next season which will be held in August as has been the custom for the past two years, the life of the Association. Some 200 were at the organization or beginning in 1931 on a creek south of Hedley. Last year the crowd was estimated at 600 and this year the crowd was well upwards of 1200 according to those who made an honest effort to count them. Those in authority plan to enforce a more rigid rule of admittance next year by admitting no elders to the grounds unless they have resided in the county for 20 years. They state that the excellent program this season caused some to "fudge" on a good cause. A family basket picnic for the entire county separate and apart and preceding the Association picnic has been suggested for next season.

Bob Gordon, formerly of Clarendon and now practicing lawyer in Pampa, had business here Wednesday.

Jack Hayes returned Wednesday from an extended trip to points of interest in South Texas and Louisiana.

Miss Dorothy Oliver of Amarillo is a guest of Mrs. T. M. Shaver this week.

GOLDEN WEDDING ANNIVERSARY

The gold of love, and not the gold of money, was the gold of the Golden Wedding Anniversary of Mr. and Mrs. J. T. Adamson of Hedley, Texas, August 21, 1933.

Fifty years have passed since they were married; half a century made of time's shadow and sunshine, tears and laughter, shaded with life's sorrow and tinsel with its joy.

Six children and ten grandchildren were present at this celebration: Mr. and Mrs. S. G. Adamson and family, Mr. and Mrs. J. W. Adamson and family of Hedley; Mr. and Mrs. Arthur Greer of Roswell, N. Mex.; Mr. and Mrs. A. H. Gibson of Amarillo; Mrs. Gladys Hartley and Inez of Borger; and Mrs. Feebe Farrack and Fern of Lubbock. T. L. and M. L. Adamson were not present.

Hodge Adamson of Hedley, a nephew was numbered with the merry throng.

A song and poem, composed especially for the occasion by Mrs. Gibson, were delightfully rendered; the song in unison, and the poem by Inez Hartley.

The delicious odors mingling in the kitchen scared old man Depression far enough away that he was forgotten while a bountiful dinner was enjoyed without his usual interruption.

Mr. Adamson enjoyed his meal from a plate approximately 100 years old. Mrs. Adamson walked to the table with a cane made in 1866, from a sapling grown on the battlefield of Shiloh.

The home was beautifully decorated in blue and gold, and lovely flowers were in abundance.

In the afternoon a number of pictures were taken, and a watermelon feast was enjoyed.

A Golden Wedding does not come to all. Only a few pass thru its golden presence that lingers in the heart and echoes down the years.

Thru showers of gifts and golden wishes from the hands and hearts of others, Mr. and Mrs. Adamson beheld a beautiful rainbow of love, gloriously bathed in the rosy light of eternal hope.

—Reported.

Smith Brothers to Build Refinery Soon

According to a statement of Mr. Vester Smith Tuesday, a refinery of fifty thousand gallons capacity per day of gasoline is to be constructed about 10 miles northeast of McLean soon.

Work on the refinery is to start about the 10th of September, he said. The Smith Brothers have been engaged in the gin business in a number of localities of this section for a number of years.

Spitzers to Celebrate 50th Wedding Anniversary

August 30th will be the Golden Wedding Anniversary of Mr. and Mrs. Wm. Spitzer of Clarendon. Due to the continued illness of Mrs. Spitzer who has been bedridden for some time, friends are kindly requested to call in the afternoon from 3 to 5.

The Leader joins with the many friends of this venerable couple in wishing them many more years of happy wedded life, and hope for an early recovery of Mrs. Spitzer.

Donley County Leader, \$1.50 a year

Misses Katherine Cole and Mary Jo Chamberlain were Amarillo visitors Tuesday.

E. J. Chenault, enterprising farmer of south of Lelia, marketed some good watermelons here Wednesday.

J. C. Estlack, who spent a delightful vacation at the Milling Sanatorium at Mineral Wells, returned home this week after an absence of a month. He says that the cures being effected there are almost unbelievable even when seen with your own eyes because no surgery or drugs are used.
