CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 21, 1943

A Common Paper for Common People

## The American Legion Auxiliary Begins Membership Drive

Aubyn E. Clark Unit No. 126 of Clarendon, Texas is beginning an intensive membership drive. Mrs. Karl Adams is serving as chairman with the following committee members: Mrs. Clarence Pipes, Mrs. Colie Huffman, Mrs. E. R. Andis.

If you are the mother, wife, daughter, or sister of a Legionnaire or of a veteran who was killed in action or who has departed this life you are eligible to the American Legion Auxiliary.

We are offering you a membership in the American Legion Auxiliary today because you are the mother, wife, sister or daughter of a man who has served America in war; because you have experienced the pangs of anxiety for loved ones, the sacrifices and hardships which war brings to the families of the fighting men; because these experiences have made you value more highly the things for which our men have fought—are fighting—America and all that it means; and because we know that you desire to continue to serve, in war and in the peace that is to come, with them, our fighting men, for America.

To get a true beginning in the understanding of exactly what an Auxiliary membership means we must look back to the very start of the organization life. We find that the Auxiliary is an organization for the single purpose of serving. Nothing for self is contemplated. The purposes and aims of the organization lie outside of itself in something bigger and of greater importance.

The first and only purpose of the Auxiliary is to serve with the American Legion for America. All of its activities have this end in view. Its members have constant opportunity to go forward with the men of their families in patriotic service given in the same spirit that the men served during World War I and are now serving in World War II.

Peace will come and the men of the armed forces will come home. They will add their young strength to the mature power of the American Legion. Their mothers, wives, sisters and daughters, (See AUXILIARY, Page Eight)

Mr. and Mrs. Alexander of Wellington are visiting their daughter, Mr. and Mrs. Chas. Bairfield.

## FFA Youths Start Pig Projects For Spring Shows

Members of the Clarendon F.F.A. are rapidly securing their pigs for the 1944 Spring shows and are starting them on feed at this time. Pigs of each of the six leading breeds, cheser whites, durocs, black and spotted Poland Chinas, hampshires and berkshires will be fed out and exhibited, according to J. R. Gillham, vocational agriculture instructor.

A large portion of the boys have already selected and secured their pigs according to Gillham, and the remainder will do so before November 1st. Every boy in Donley County who has the proper set-up and has plenty of skim milk to feed a pig will have an opportunity to feed out a club barrow if he desires. A number of business men have agreed to furnish any boy who has skim milk to feed a pig, a well blooded pig, and the feed to feed him, if he is interested in carrying on a pig project. Any youth desiring to enter this plan should contact F.F.A. adviser J. R. Gillham at once.

The Donley County, Amarillo, Houston, and Fort Worth Stock Shows will be held in the spring and all club youths feeding barrows in addition to helping in the war effort by producing food, will have an opportunity to exhibit his barrow.

### J. F. CANNON CELEBRATES 89th BIRTHDAY

Mr. and Mrs. Lloyd Moreland honored Mrs. Moreland's father, Mr. J. F. Cannon, with a birthday dinner at their home October 10th, celebrating his 89th year, which was on October 8th.

Mr. Cannon has been a resident of Donley county since 1918. There are five sons and five daughters comprising his family. Six of them were present for the occasion.

Those to enjoy the celebration were Mrs. Hulda Wilson and Mrs. N. W. Durham and children Dan and Joan of Memphis, Mr. and Mrs. Milton Cannon and children Tommy, Jimmy and Jane of Ralls; Mr. and Mrs. Tick Barbee and son Keith of Goodnight; Mr. and Mrs. U. Z. Patterson and son Sammy, Mrs. Linnie Cauthen, Mr. and Mrs. Geo. Bulman and daughter Helen, Mr. Richard Cannon and son Frank, all of Clarendon.

### RUMMAGE SALE RESULTS

Rummage sales held in town Saturday, Oct. 16 netted the following results:

The Women's Society of the Christian Service of the Methodist Church made \$46.50.

The Win One S. S. Class of the Methodist Church took in \$38.00.

The Presbyterian Auxiliary realized \$56.00 from their sale.

The Episcopal Auxiliary made \$40.00.

Proceeds from these rummage sales all go to worthy causes. Various articles and clothing contributed by individuals makes possible these sales.

## Bronchos to Play Shamrock Today

The Clarendon High School Bronchos are at Shamrock this afternoon to battle the Shamrock Irishmen B team. The game was scheduled to start at 3:30.

The Bronchos went over with the intention of scoring another victory after defeating the Groom Tigers 18 to 6 last week. The locals, according to Coach Flip Breedlove, are in fine shape and are handling the pig skin better each day of practice.

The probable starting line-up is Holland and Williams at ends, Cowan and Mann at tackles, Lovell and Bromley at guards and Bentley at center. Morgan, Adams, Murri and Carlile will be in the backfield.

Due to the fact that the Shamrock games have been scheduled for playing on Thursday's, we would like to state that the Shamrock team will return this game Thursday night, October 28 at College field. This is an old rivalry game and even though we get licked this week, it is all the more reason you should see the game next Thursday and we know the boys will be doing their very best on their own home ground to defeat the Irish if at all possible. Make your plans now to be there.

The Dorcas-Althean class of the First Baptist Church will have a Rummage Sale Saturday, October 23rd in the old Patman Bldg., south of Pastime Theatre.

Any contribution of wearing apparel or "what have you?" will be greatly appreciated.

### RUMMAGE SALE THIS SATURDAY

Mrs. Pete Engle and daughter Emily of Abilene returned home Tuesday after spending the week end with her sister, Mrs. Will Patman and other relatives.

Mr. and Mrs. John Fowlkes and family of the Naylor community visited his parents, Mr. and Mrs. R. W. Fowlkes the week end.

### TWO NEGRO BOYS FINED IN COUNTY COURT FOR MAIL ROBBERY

Two negro boys were assessed jail sentences and fined in county court last Friday before Judge R. Y. King for the stealing of mail from the Depot, where an accommodation box is located for those who do not get to the Post Office before closing time.

One of the boys received 30 days in jail, \$10 fine and court costs. The other received 5 days in jail and \$30 fine and court costs.

Both boys admitted taking as much as \$55 in cash since the first of the year and the checks they found in letters were destroyed.

### P.-T. A. TO MEET THURSDAY 28

The Parent-Teachers meeting will be held Thursday, October 28th in the Junior High building at 3:45 p. m. All mothers are especially urged to be present as Miss Frey will talk on "Communicable Diseases and Common Colds."

Miss Frey, a highly trained nurse of St. Louis, is now holding the Home Nursing courses over the county. Miss Frey is doing a splendid work here in training and informing the women of the home how to meet emergencies as well as take care of the common ills that beset a family so often.

**BILLY EARL LYNN**  
Billy Earl Lynn, of the Navy, left Wednesday after visiting a few days with his grandparents, Mr. and Mrs. F. M. Lynn and Mr. S. A. Pierce. Billy Earl is the son of Mr. and Mrs. Earl Lynn of Amarillo and is a native of Clarendon, having lived here when he was a small boy.

He is a veteran of the Battle for Kiska. He stated that three boats were shot out from under him during the engagement but he escaped mishap each time. He is now on furlough before being transferred to Norfolk, Va.

## Bronchos Tounce Groom Tigers 18 to 6

The Bronchos came out of their game last Friday night victorious. The first victory experienced so far this year. The score of 18-6 against the Groom Tigers is partly explained by the inexperience of the Groom team and the lightness of the players, also combined with the splendid improvement of the locals.

W. S. Carlile did all the scoring for the Bronchos. He plunged over for the first count, caught a beautiful pass and sprinted about 35 yards for the second and took a lateral near midfield and went over for the third. The Groom tally came in the closing minutes of the game and the visitors are to be complimented on the way they stayed in there and fought every second of the playing time even though they were on the losing end.

## RATIONING AT A GLANCE

By PEPPY BLOCKER

Remember to take your War Ration Book No. III with you when you go to register for Book IV this weekend; you must have Book III before Book IV can be issued to you. This rule is set up by the National office and must be followed so please do not ask the teacher helping you with your application to make any exception to this rule. Due to a shortage of forms, you may have been unable to secure an application from your grocer; in this case, you may pick up your application blank at the school where you register and any teacher will be glad to assist you in filling it in.

All rural residents will register at their nearest schools on Friday, October 22 from 9:00 a. m. to 9:00 p. m. Clarendon residents may register on Thursday from 1:00 to 5:00 p. m. at the College or on Friday or Saturday from 9:00 to 6:00.

Sugar Stamp 14 expires November 1st. Nos. 15 and 16, for canning, both are good through October 31.

Ceiling prices for ammunition for civilian use were established at retail and wholesale levels at prices corresponding to those prevailing in March, 1942, the district Office of Price Administration, said today. They advised that the WPB was releasing a quantity during this time for use during hunting season.

At the wholesale level, five zones have been established in which prices are subject to sellers-transportation terms and discounts in effect during March, 1942. The retail level sets a definite dollar and cents price in a nationwide ceiling which must be posted in stores selling ammunition. They include:

Shotgun shells (25 in a box): 12 gauge, \$1.38; 16 gauge, \$1.32; 20 gauge, \$1.32.

Rim Fire Cartridges (50 in a box): .22 long rifle, reg. 34c; .22 short, reg. 21c.

Center Fire Cartridges (20 in a box): .25-35 Winchester, \$1.41; .300 Savage-Remington, \$1.85; .30-30 Winchester, \$1.46; .32 Winchester Special, \$1.46; .30 Remington, \$1.46; .270 Winchester, \$2.10.

## Father of Local Woman Dies

Dr. Sylvester Leyman Ingham, pioneer Canyon dentist and father of Mrs. Millard Word, died at a Canyon hospital early Wednesday morning. Always ready to take his part in the civic and religious activities of Canyon, the pioneer dentist was a member of the Presbyterian church, the Rotary Club, the Masonic Lodge and the Panhandle District Society of Dentistry. He was a generous contributor to charity, and Canyon people say the dentist always was ready to help someone in need or trouble.

Survivors include his wife, a son, Dr. George Ingham, a daughter, Mrs. M. R. Word and three grandchildren, Mary Charlotte, Robert Ingham and Mildred Word, all of Clarendon.

Funeral services will be held at 4 o'clock this afternoon at the First Presbyterian church of Amarillo, with Dr. R. Thomsen officiating. Burial will be in Llano Cemetery.

### PANHANDLE MEN ARE GERMAN PRISONERS

Second Lieut. William B. Bagwell, son of Mrs. R. L. Bagwell of Claude, and Staff Sgt. Chester J. Beasley, husband of Mrs. Ima Lee Beasley of Shamrock are listed in Wednesday's war department report as being German prisoners of war.

No mention was made as to where these men were captured, or as to where they are being held.

## ODT Issues New Order

Common carriers may not be used to make retail or wholesale deliveries to circumvent the new motor delivery restrictions, which went into effect Oct. 11, the Office of Defense Transportation announced today. Although motor common carriers are not specifically included in the ODT's delivery restriction order, persons requiring deliveries to be made are prohibited from hiring a common carrier to make deliveries in excess of the number permitted by the order. For example, the ODT said a retail merchant who had already received his maximum of four wholesale deliveries of ice cream in a week could not hire a package delivery concern to make additional motor deliveries to him in the same week. Likewise, the merchant could not hire a "dime-delivery" carrier to make additional retail deliveries of ice cream to a customer after the customer's one weekly delivery had been made. In addition to limiting the wholesale and retail weekly delivery frequency of commodities the ODT's order also imposes a 5 lb. or 60 inch weight and size limitation on retail deliveries of packages. Shippers are similarly forbidden from employing motor common carriers to make delivery of under size or under weight packages. The ODT has prepared a series of questions and answers on this subject which are available at the ODT Information Office.

Mrs. Ruth Jacobs and son Guy Allen left for Dallas Friday night where she has work.

Billy C. Sims, who was charged with burglary, pleaded guilty before District Judge A. S. Moss Monday and received a four year suspended sentence. Billy was charged with the theft of the school trophies at Lelia Lake last summer.

## Outline of Changes Being Made In The Old Age Assistance Program

On October 20 the Old Age Assistance program in Texas will begin operation under a new set of rules. A reexamination of the department's definition of need has been made and policies have been changed in an effort to adjust the program to the limitations imposed by the current appropriation. We expect the net result of these changes to be a shifting of money from the least needy to the most needy persons.

The law states that a person must be in need in order to receive Old Age Assistance. Need is not defined except that the law states that the amount of assistance given shall provide a reasonable subsistence compatible with decency and health, subject to the \$30 limitation, and prohibits consideration of:

- (1) A resident homestead;
- (2) The ability of applicant's child or other relative, except husband or wife, to support;
- (3) Income and resources which are not actually known to exist and which are not actually available to the applicant.

On the other hand, the law requires that consideration must be given to income and other resources actually available to an applicant, including contributions from relatives where there is reasonable certainty that these contributions will continue. In those instances where relatives have made the statement that contributions would not be made in the future but such contributions have continued, the law requires full weight be given to this income in determining the extent of an applicant's unmet needs.

It is necessary for the Department of Public Welfare to define need in specific terms, itemizing the necessities to be provided and setting out what resources a person may have and still be considered in such needy circumstances as to require assistance from the state.

In October, 182,305 persons received Old Age Assistance checks in Texas. These persons were certified by individual investigation of their circumstances to need a total of \$4,258,093. There was only \$3,776,807.80 available for payment. Since the Old Age Assistance Fund lacked \$481,285.20 to pay full grants, \$2.64 had to be deducted from the certified amount of each grant in writing checks.

All persons on the rolls are not in the same condition of need. Circumstances range from those who have qualified under the maximum provisions of the law to the opposite extreme of complete destitution. A flat cut takes from those in extreme need the same as from those who could secure equivalent support if the program were discontinued. While it is (See OLD AGE, Page Eight)

The first freezing temperature of the year was recorded at the Airport Saturday, October 16th, 31.9 on that date was the minimum for the week, and the maximum was 91.9 on Monday. The precipitation was .08 on Tuesday. The low temperature recorded this morning was 35.9.

Funeral services were held Tuesday afternoon at the Church of Christ for Mary Essco Moore with M. F. Manchester, local minister, officiating. Mrs. Moore, a former resident of Donley County, passed away at Modesto, Calif., October 14th.

She is survived by one daughter and two sons by a former marriage, Curtis Hankins of Clarendon, Hurlis W. Hankins of Borger and Mrs. Wyneth Bryan of Conroe, Texas. Also three daughters and one son by the present marriage. They are Mrs. Lola Hunsley, Mrs. Mildred Hunsley, Miss Pauline Moore and Eugene Moore, all of Memphis. Her parents, Mr. and Mrs. M. H. Anderson of Clarendon; also two brothers and eight sisters, nine grandchildren.

Pallbearers were Jake Lagrone, Roy Mabery, Olin Bain, Gilbert Lane, Allen Hardin and Terrell Trussell.

Burial was in Citizens cemetery with Buntin Funeral Home in charge of arrangements.

## Registration Begins This Thursday For Ration Book IV

### DR. KEITH LOWELL TO TAKE POST-GRADUATE COURSE IN PHILADELPHIA

Dr. Keith S. Lowell left Thursday, October 21st to attend a post-graduate course given by the American College of Osteopathic Surgeons in Philadelphia, Penn.

Dr. Lowell reports that one of the principal speakers will be Dr. Louis Kress, the medical director of the division of Cancer Control, Department of Health, in the state of New York. Dr. Kress is chairman of the New York state branch of the American Society for Control of Cancer.

All of the latest advancements in surgery will be presented at this clinical assembly.

Dr. Lowell plans to return home on November 2nd.

His wife, Dr. Laura Lowell will take over his practice during his absence.

### BILLY C. SIMS RECEIVES SUSPENDED SENTENCE IN DISTRICT COURT

Billy C. Sims, who was charged with burglary, pleaded guilty before District Judge A. S. Moss Monday and received a four year suspended sentence. Billy was charged with the theft of the school trophies at Lelia Lake last summer.

### FREEZING TEMPERATURE RECORDED SATURDAY

The first freezing temperature of the year was recorded at the Airport Saturday, October 16th, 31.9 on that date was the minimum for the week, and the maximum was 91.9 on Monday. The precipitation was .08 on Tuesday. The low temperature recorded this morning was 35.9.

## Mary Essco Moore Buried Here Tues.

Funeral services were held Tuesday afternoon at the Church of Christ for Mary Essco Moore with M. F. Manchester, local minister, officiating. Mrs. Moore, a former resident of Donley County, passed away at Modesto, Calif., October 14th.

She is survived by one daughter and two sons by a former marriage, Curtis Hankins of Clarendon, Hurlis W. Hankins of Borger and Mrs. Wyneth Bryan of Conroe, Texas. Also three daughters and one son by the present marriage. They are Mrs. Lola Hunsley, Mrs. Mildred Hunsley, Miss Pauline Moore and Eugene Moore, all of Memphis. Her parents, Mr. and Mrs. M. H. Anderson of Clarendon; also two brothers and eight sisters, nine grandchildren.

Pallbearers were Jake Lagrone, Roy Mabery, Olin Bain, Gilbert Lane, Allen Hardin and Terrell Trussell.

Burial was in Citizens cemetery with Buntin Funeral Home in charge of arrangements.

### EXTRA COPIES OF VICTORY EDITION AVAILABLE

For those of you who did not get one of the Victory books, we wish to inform that we have several copies of the Leader Supplement copy left which will be sold to the first callers. These Supplement copies are just like the books except for the back and grade of paper used.

Those who have Victory books reserved please call for them as soon as possible or let us know why you are delayed.

Mr. and Mrs. W. A. Land are visiting their son and family, Mr. and Mrs. Marvin Land at Tucuman, N. Mex.

Consumers were advised today by Chairman Cap Morris of the Donley County War Price and Rationing Board to take their War Ration Book III with them when they go October 21 to 23 to register for the new War Ration Book IV.

"No new ration books are to be issued consumers who don't produce the No. 3 book," Chairman Morris declared. "Housewives, or any other member of the family, may sign up for the entire family group at this registration as they did at registrations for Nos. 1 and 2 books."

The No. 3 book was issued last summer by mail, but the new one will be issued at school houses by teachers and other volunteer workers "who have proved their ability to do the job quickly and efficiently," the chairman said.

"I know the public appreciates the willingness of teachers and other volunteers to undertake the tremendous responsibility involved in the distribution of ration books, and speaking on behalf of the board, I know we do," Chairman Morris added.

Teachers and other workers, receiving instructions on the issuance, have been advised that consumers are to apply for the books at their nearest school house. The book will be distributed to all persons except members of the armed forces who are subsisted or who are members of officers' messes, persons confined to institutions and persons who have resided less than 60 days in the United States. The registration will be held Oct. 21, 22 and 23 in Texas, Arkansas, Missouri and Kansas and Oct. 25, 26 and 27 in Oklahoma and Louisiana.

Registration for all rural residents will be at the nearest school building on Friday, October 22, from 9:00 a. m. to 9:00 p. m. In Clarendon, applications will be taken on Thursday, October 21 from 1:00 p. m. to 5:00 p. m. and on Friday, October 22 and Saturday, October 23, from 9:00 a. m. to 6:00 p. m. It was previously planned that the local force would work until 9:00 p. m., but a check-up revealed that this would be unnecessary and would work a hardship on the teachers who are handling the registration.

War Ration Book IV, which will last approximately two years, combines point and unit stamps. It has eight pages containing a total of 384 stamps, printed on safety paper in blue, red, green and black ink. The green stamps probably will be used as supplementary stamps. There are 96 unit stamps printed in black ink. The word "spare" appears on 72 of these stamps, which can be used in the case additional ration currency is needed for any of the programs. Twelve of the stamps have the word "sugar" printed on them and an equal number is designated for coffee, which no longer is rationed. Now that coffee rationing has been suspended and ration stamps are not required to buy it, these stamps will also be used as "spares."

**Manpower Savings**

Army Ordnance production is steadily increasing while manpower requirements are constantly declining.

Garand rifle production is soaring, for example, but in its production two Army Ordnance employees can now do in a days work which formerly required four employees.

This typical achievement highlights a recent manpower survey of Ordnance factories, arsenals and depots throughout the country, a copy of which was received to-day by Captain R. M. Smith,

commanding Pantex Ordnance Plant, near Amarillo, Texas.

"Increased production with less manpower," Captain Smith said, "is attributed to two factors: constantly improving industrial facilities and manufacturing technique, combined with constantly increasing skill on the part of Ordnance employees."

During the past year, according to Captain Smith, civilian personnel in Ordnance Department headquarters in Washington declined 34 percent; in the 13 decentralized Ordnance procurement districts was 28 percent; in Ordnance arsenals and proving grounds the decline was 16 percent; in Field Service establishments the decline was 20 percent; and in gov-

**HOLY MATRIMONY**—Starring Monty Wooley and Gracie Fields, which comes to The Pastime Theatre, Saturday Night Prevue, Sunday and Monday, October 23, 24, 25th.

ernment-owned contractor-operated Ordnance plants a 37 percent decline was registered. Last year 4,466 workers were required to produce one million rounds of small arms ammunition a day. Statistics from Ordnance plants indicate that only 1,832 workers are necessary to-day to produce the same amount.

**Farmers Produce Record Crops In Face of Hardship**

The farmers of the United States this year cultivated more land and are producing more livestock products than ever before, according to the Bureau of Agricultural Economics.

In the spring of 1943, farmers planted the largest crop in history—in spite of bad weather, a decreasing supply of farm labor, and little hope of getting new farm machinery.

This year's unprecedented production has been achieved with less hired farm labor than farmers used in 1942, according to the Bureau. It has been made possible by the ingenuity of the individual farmers and their families and through the cooperation of farmers and representatives of county agricultural agencies.

Farmers and their families have worked longer hours. Farmers have exchanged farm work with their neighbors, they have made better use of available farm machinery, and they have found farm workers with the assistance of the Extension Service and through importation of workers who were placed locally by the county agricultural agents and his associates.

In a survey of 50 typical counties throughout the United States, the bureau found the following factors favorable to record agricultural production:

1. Relatively good prices for farm products allow the farmer to

make money and impress upon him the importance of his job.

2. Deferment of farm workers by Selective Service is evidence to the farmer that the government appreciates his contribution.

3. The farmer is pleased with the increase in local responsibility for administration of the farm program.

4. The "panic stage" of farm labor shortages is over for the present at least.

5. The farmer likes to produce without the restrictions of depression years.

The assignment of specific crop and livestock quotas to each county has been an important factor in this year's farming activities, farmers indicate. Many of them volunteered for enlarged quotas, and most of the others readily accepted quotas assigned them by a county committee.

Most farmers, the survey showed, take pride in growing their part of the county's "new potato quota" or whatever crop it may be. They like to learn in advance what is expected of them and why. They like to know what their shares of the familiar and unfamiliar crops are and plan accordingly.

The farmers showed by their responses that they like to produce. They like to see crops grow and mature. They get more out of a field of corn or wheat, cabbages or carrots, than the money the crop sells for. They like to see crops respond to rain and sun and to see them withstand a drought or a wet spell because of their own skill in planting and cultivating or in choosing satisfactory varieties. And farmers are happy now, they said, because the government is encouraging them to produce all the food and fiber they can.

Mr. and Mrs. D. E. Leathers and daughter, Mrs. J. R. Williams, spent the week end visiting their son Johnny Leathers at Naval Base Hospital, Grand Prairie; also visited relatives at Ft. Worth.

**RATION TOKENS IN FEBRUARY**

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized rubber, will be slightly larger than a nickel and smaller than a quarter.

Ray Couch had a very serious operation at the Methodist Hospital at Ft. Worth Wednesday of last week. He is in a very serious condition.

**Can Vitamins Change GRAY HAIR?**

Impartial investigators have found vitamin Calcium Pantothenate of some value in changing gray hair, where a deficiency of this vitamin may have caused gray or graying hair. For example, one test conducted by Good Housekeeping magazine on a number of people, showed 88% of those tested (all ages were included) had positive evidence of a return of some hair color. Now thousands use GRAYVITA, which contains 10 mgms. of Calcium Pantothenate (the same amount used in above tests) PLUS 450 U.S.P. units of B<sub>12</sub>, the vitamin necessary to healthy nerves. Try GRAYVITA. See what a difference it may make in the way you look. 30 day supply, \$1.50; 100 day supply, \$4.00.

**Overweight Oil makes Old Cars Older—Fast**

Note how **Light** a grade of oil can make good, with your engine **WINTER OIL-PLATED**

You can change to an OIL-PLATED engine by changing to any grade of Conoco N<sup>th</sup> motor oil—from lightest to heaviest—and you can change to any grade of Conoco N<sup>th</sup> at the same popular price. But the lightest possible grade of oil that's fit for the Winter change your car needs now will help to save your battery—your gasoline—your engine. The more the oil is overweight the greater the wear, and when that makes you try still heavier oil you get still more wear—still more oil and gasoline consumption—worse and worse and worse. Short-circuit this ruinous process by having your engine OIL-PLATED.

OIL-PLATING is distinct from the familiar liquid type of high-strength oil film also provided by Conoco N<sup>th</sup> oil. Both oil film and OIL-PLATING are paired against wear every mile. Every time your engine rests, however, any liquid film drains down to the crankcase. But OIL-PLATING doesn't all drain down. It tends to stay wherever attached by Conoco N<sup>th</sup> oil's "magnet-like" action—achieved synthetically. Often now you don't use your car for days. Yet when you start, the OIL-PLATED surfaces are still ready-lubricated...faster than instantly. That's how the former fierce wear of cold starting is reduced by OIL-PLATING your engine. All other wear, too, meets its match in your OIL-PLATED engine. Change at Your Mileage Merchant's Conoco station—today. He knows the lightest grade of N<sup>th</sup> for you. Continental Oil Co.

**Dread Engine Acid is Fought by OIL-PLATING**

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

Chapter 9 of "THE SECRET CODE" Adm. 11-20c

**THE TEMPLE OF TRUTH**  
By the Apostle

**DETECTION.**  
It's an easy matter to locate the folks in a hick town who are pulling down the best money. You will always see more dogs fighting

over the garbage container in the alley behind the homes of the best spenders.

**LOOKING BACKWARD.**  
Look over the old family portraits. You may find an incentive for going on a rigid diet.

**SCIENTIFIC.**  
Replying to a query from a local college student: A horsepower is

an activity of 746 watts; a watt is the rate of doing work to the amount of 1 joule a second; a joule is 10 million ergs; an erg is a force of one dyne tugging along for a distance of 1 centimeter second; a dyne is equal to the weight of one Panhandle gray mosquito 15 seconds after death in a room of a temperature of 72 degrees and a humidity of 3.7289. There is nothing like accuracy, young lady.

**MEASURE.**  
Some times you meet up with a fellow whose head is as empty as a nickel sack of chocolate candy.

**DIPLOMACY.**  
A laugh covers up a multitude of embarrassing pauses, providing you know which pause to cover up. On the other hand, the abrupt ending of a giggle is about the most embarrassing thing to close

down. It's a great deal like the doorknob coming off in your hand in the dark room, etc.

**ESTIMATION.**  
In making an estimate of a man, each individual naturally has his own standards. That takes us back to the proposition that when you judge one, you really judge three. The individual: The guy you think you are; the guy you appear to be; and the inner you.

**PIONEERISH.**  
Enterprise springs from confidence. That takes us back to years ago when the drouth had "raunched" on the Panhandle for months. Dear old aunt Twila continued to talk about the weather. "Looks like rain today," she'd say.

**RADIO STUFF.**  
With the beginning of the radio orgies, often termed the winter programs, we have to endure the alleged singing of many who occupy their places through pull. Few of them have a cultivated voice. Most of them were merely summer followed. If it were not for Kate Smith, danged if I wouldn't give my radio away to some enemy of the nation. Let him suffer for a while.

**THE PESSIMIST.**  
A pessimist always wears both belt and suspenders. Last summer out at Albuquerque, an optimist's suspenders broke and when his pants came down, he could not hold up pants and invade enemy territory at the same time. Consequently, the old boy got whipped. He is likely a pessimist long before now.

**LAND OF DYEING.**  
Some of the war news is colorful. For instance Red advances into White Russia is making Hitler blue.

**ANOTHER BLONDE.**  
With new contraptions being put on the market, we have natural blondes, peroxide blondes, platinum blondes, and now comes the suicide blondes—the kind that dye by their own hands.

**BRILLIANCY.**  
The first few times that a kitten gets its tail caught in the door, do you suppose it rushes to its mamma and tells her that it would have been much better if all cats had been frogs. The young are so intelligent these days!!!

**One Job Well Done Begets Another**

THERE'S no satisfaction in all the world like the feeling of your work. This is one thing that all producers of useful things have in common.

And those of us whose job is production—whether of goods on farms and in factories, or of services in stores and banks and utilities—can best see the results of our work in the high standard of living which we have helped to create in America. For this standard is built on our ability to produce more per person than any other nation on earth. And the people of every country, who are looking hopefully to us for food and weapons, can count on America because it has this great productive might.

After the war is over? Many people are talking about a richer life for all of us then. And they're right! For that richer life will be brought about, not by promises, but by hard work on the part of America's producers. And they—those who grow and make and do things—can do this post-war job better if they work together and understand each other. General Electric Co., Schenectady, N. Y.

Hear the General Electric radio program: "The G-E All-girl Orchestra" Sunday 10 p.m. EWT, NBC—"The World Today" news, every weekday 6:45 p.m. EWT, CBS.

## 1926 BOOK CLUB

The 1926 Book Club met Tuesday afternoon in the reception room of the Methodist Church in one of their best programs of the year.

Mrs. Howard Lynch of Amarillo, who has the reputation of being one of the Panhandle's best book reviewers, gave a most interesting version of "The Valley of Decision" by Marcia Davenport.

"The Valley of Decision" is an engrossing novel of love and devotion, of loyalty and self sacrifice which spans nearly seventy years of American life and reaches out to acknowledge America's inevitable ties with other freedom loving nations.

Mrs. Lynch's constructional criticism, her own version and her clever way of placing emphasis upon high points of interest enthralled her listeners.

The music for the evening was furnished by Beverly Stricklin.

The room was beautifully decorated with large baskets of dahlias and snapdragons.

Refreshments were served to about seventy five guests, by the hostesses, Mrs. Bairfield, Mrs. Morris, Mrs. Lowry, Mrs. Gillham and Miss Polk.

## 1930 NEEDLE CLUB

Mrs. Lee Bell entertained this Club at her home Tuesday afternoon. The usual needle work and visiting was enjoyed.

In the late afternoon a delicious salad course refreshment was served to Mes. Ona Tatum, Ralph Decker, Fred Russell, Vada Carpenter, Ernest Hunt, Guy Wright, and hostess, Mrs. Bell.

## KILL KARE KNEEDLE KLUB

In the home of Mrs. S. W. Lowe, members of the Kill Kare Kneedle Klub gathered Thursday afternoon.

Beautiful dahlias and marigolds were seen in abundance throughout the rooms.

During the meeting, Mrs. T. O. Kirby's resignation was accepted with regret.

After a pleasant hour, a delicious refreshment plate was served. Those to enjoy the occasion were guests, Mrs. Aiken of Lipan, Texas and Mrs. W. T. Lowe; club members, Mesdames H. C. Brumley, R. R. Dawkins, Eva Draffin, R. A. Hay, W. A. Massie, H. Mulkey, E. H. Noland, Lon Rundell, W. T. Sims, Frank White and the hostess, Mrs. Lowe.

## 1922 BRIDGE CLUB

The 1922 Bridge Club met Tuesday afternoon for the first time this year in the home of Mrs. J. T. Sims. Games of bridge were played at two tables. Mrs. Sims gave Victory Stamps for prizes. Mrs. Letts won high, Mrs. Gentry, consolation.

A lovely salad plate refreshment was served to Mesdames T. H. Ellis, Odos Caraway, R. A. Chamberlain, C. T. McMurtry, Sella Gentry, A. R. Letts, J. L. McMurtry, Eva Rhode. Mrs. Carroll Knorpp and her mother, Mrs. Church of Long Beach, Calif, were tea guests.

## GARDEN CLUB

The Garden Club will observe guest day Monday, Oct. 25th at 4 p. m. in the home of Mrs. J. L. McMurtry.

## CLARENDON H. D. CLUB

Mrs. A. H. Baker, assisted by Mrs. Henry Williams and Miss Etta Harned entertained the members and guests of this club at the home of Mrs. Baker Friday afternoon. Lovely garden flowers were used to decorate the guest rooms.

The Club was opened by Mrs. Lea who read the Club Creed. All round discussion on cooking and canning was had where a substitute for sugar was used. The Club closed with prayer by Mrs. Van Eaton and will meet Nov. 19th in all-day meeting at the home of Mrs. C. L. Benson. Mrs. Grover Heath and Mrs. Ed Speed will assist. Each lady will bring a covered dish. Roll call will be: "What I am most thankful for."

A lovely refreshment plate was served to guests, Mrs. John Rhodes, Mrs. W. M. McBrayer, and Mrs. W. O. Butler; and to club members, Mesdames G. A. Anderson, Lena Antrobus, Earl Lea, C. D. McDowell, W. D. Van Eaton, W. A. Davis, O. C. Watson, A. L. Chase, J. C. Estlack, Grover Heath and hostesses, Mrs. Baker, Mrs. Williams and Miss Etta Harned.

## BIRTHDAY DINNER

A birthday dinner honoring Mrs. D. T. Smallwood of Brice was served in the home of her daughter, Mrs. J. G. McAnear Sunday, Oct. 17.

Dinner was served buffet style. A large cake with 53 candles was center piece of the dining table. A friend, Mrs. Della Ayers, and who was the oldest one present, and a granddaughter, Iva Jean McAnear, helped Mrs. Smallwood blow the candles out.

Twenty six were present including Mr. and Mrs. Jake Lagrone and family of Ashtola, Mr. and Mrs. Wayne Ewing of Borger, Iva and Ertle Davis of Comanche, Mrs. Weldon Gergary and son, Mrs. Bessie Lane, Larry and Mary Katherine, Mr. Gilbert Lane and Mrs. Della Ayers, all of Clarendon; Miss Joveta Roberts of Ashtola, Mr. and Mrs. D. T. Smallwood and hosts, Mr. and Mrs. J. G. McAnear and Iva Jean.

## DORCAS ALTHEAN S. S. CLASS

The Dorcas - Althean Sunday school class of the Baptist Church met in the home of Mrs. G. G. Ayres, Thursday, Oct. 14th with the president, Mrs. Ayers presiding.

Mrs. W. D. Kidd led in prayer. Mrs. W. C. Gunter read the devotional, Psalms 27th chapter. Announcement and plans for a rummage sale were made. The afternoon was spent crocheting afagan squares to complete an afaghn for the Red Cross.

Those present were Mesdames Burton, Kidd, Palmer, Rainey, Gunter, Bromley, Bain, Talley, Keys, Head, Riney, Ayers. Hostesses were Mrs. Talley, Mrs. Keys, Mrs. Bain and Mrs. Ayers.

## HARMONY CLASS

The Harmony Class of the Methodist church met in their regular monthly meeting at the home of Mrs. B. G. Watson, Thursday, October 14 with Mrs. Watson as hostess and assisted by Mrs. J. R. Gillham.

Games of 42 were enjoyed before the business session and Mrs. Cap Morris gave the devotional.

Lovely refreshments were served to the following, Mesdames B. C. Antrobus, Carl Bennett Jr., Bill Ray, G. G. Reeves, O. C. Watson, C. B. Morris, M. L. Thornberry, Frank Phelan, Tom Goldston, R. S. Brumley, M. R. Allensworth, Walter Wilson and Miss Carrie Davis and the hostesses Mrs. Watson and Mrs. Gillham.

## WINDY VALLEY CLUB

Miss Lola Ayers was hostess to the Windy Valley Club Thursday. One quilt was quilted. Nine members present.

Mrs. W. B. Ayers received a polly anna gift.

Mrs. Gerald Reed will be hostess next meeting.

## YOUNG PEOPLE'S CHOIR

The Young People's Choir met in their regular practice Monday night in the home of their sponsor, Mr. W. D. Kidd.

The attendance was off slightly, but is expected to reach normalcy next week.

All young people are cordially invited to attend Monday evening at 8 o'clock at Mr. Kidd's home.

## PATHFINDER CLUB

The Pathfinder Club will meet Friday, Oct. 22 at 4:30 p. m. at the home of Mrs. J. H. Howze.

Bureau of Public Relations, U. S. War Department  
**INDIAN MAIDS JOIN WACS**—In proportion to the population members of North American Indian tribes have an outstanding record in volunteering for service in the armed forces. Indian women as well as the men are in uniform and engaged in patriotic work. Corporal Lillian Lincheze, center, WAC recruiter at Gallup, New Mexico, greets two Navajos from the tribe of which she is a member. Her fellow tribeswomen in colorful Navajo raiment are (left) Ruth Anne Williams and (right) Beatrice Bitselly. Corporal Lincheze has done much in the enlistment of Indians and is a popular member of the Gallup WAC recruiting office.

## WORKERS CONFERENCE

Those attending the Workers Conference of the Panhandle Baptist Association which met at Turkey Tuesday evening were Rev. E. L. Moody, Rev. and Mrs. J. R. Naylor, W. D. Kidd, Mrs. A. W. Simpson and Mrs. Lola Barns.

Mrs. C. G. Stricklin and daughter Beverly Gray, left for Dallas Wednesday night.

## VISIT PARENTS HERE

Mrs. Dale Nix and small son Billy Dale of Riverside, Calif., and Mrs. C. R. Bingham and two children, Lu Olin and Beverly of Bartlesville, Okla. are, visiting their parents, Rev. and Mrs. J. O. Quattlebaum. Mrs. Nix and son will go to Canadian Saturday to visit Mr. Nix's aunt, Mrs. Jeff Todd a few days before leaving for her home in Calif.

## Ration Reminder

**SUGAR**—Stamp 14 became valid August 16, expires Nov. 1st. No. 15 and 16, for canning, good for five pounds each through October 31.

**SHOES**—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

**MEATS, Fats**—Brown stamps C, D, E and F good through October 30.

**Sewing Machines Repaired.** Any make. All work done at store. Thompson Bros. Co. (13-tfc)

**LATEST RESCUE TECHNIQUE**, invented by Britain's R.A.F., is to drop lifeboats from rescue planes. The boats float down by parachutes to American, British or other Allied airmen who have crashed at sea. When they clamber aboard, the men find food, supplies, and an engine which enables them to reach a home port. Many airmen already owe their lives to this ingenious craft.

**Large Crowd Sees Alaskan Pictures**

A large appreciative crowd was in attendance at the College Auditorium Monday night to see the colored film scenes of Alaska shown by Jack Lamb, world famous sportsman and traveler. The auditorium was filled to capacity, many having to stand in the doorways and hall. Many expressed their appreciation for having had the opportunity to see these wonderful and beautiful scenes of Alaska.

As the film ran its course, the silent grandeur of the far north was brought to view, showing a land of splendor, inhabited by thousands of wild animals and birds which had never laid eyes on man before. The running streams and lakes were filled with thousands of fish—a place which fishermen dream of. Great snow-covered mountain peaks reached heavenward, defying with brutal aspect the encroachment of the intruder. The fascinating sunset with its fiery splendor challenged the northland wonders as its golden rays repainted the distant mountain peaks.

Mr. Lamb told the audience that it was through the insistence of Mayor Tom Connally that the picture was brought to Clarendon.

Rev. and Mrs. L. Guy Ament and their daughter, Mrs. Jacobus and her son Guy, left Friday night for Dallas where Mrs. Jacobus will work in the Juliette Fowler Orphans Home. Rev. and Mrs. Ament will visit also at Waco and plan to return home Saturday.

Mr. and Mrs. Jack Merchant and daughter Jacqueline were down from Pampa visiting his parents, Mr. and Mrs. Cal Merchant.

Mrs. W. A. Davis is visiting her children at Amarillo.

Mrs. J. R. Bartlet and daughter, Marilyn and Mrs. Earl Lea were Childress visitors Sunday.

Mr. and Mrs. Gilmer Ayers and children Laquita and Gail were in Amarillo Monday.

Mr. and Mrs. R. O. Johnson of St. Louis is visiting her mother, Mrs. R. W. Fowlkes. They are enroute to California to visit their son, R. O. Johnson Jr., who is in the service.

Mr. and Mrs. Ernest Hunt and children attended a lovely dinner at the home of Oscar Bagwell, honoring A. C. Paul Scoggins, Sunday.

Sgt. Marvin Jones of Lubbock is home on a three-day furlough visiting his mother.

Mrs. Ernest Hunt and children, Miss Carrie Davis and Donna Rea Bryan attended the T. D. Nored Jr. funeral at Wellington, Sat.

**LOCALS**

Mrs. S. W. Lowe has returned home from a visit with her mother, Mrs. W. J. Aiken at Dallas. Mrs. Aiken came home with her for a ten-day visit.

Mrs. R. M. Morris and Mrs. Wade Hilliard visited in Amarillo the first of the week. They returned home Monday evening.

Mr. and Mrs. C. M. Carpenter of Sweetwater visited over the week end with Mrs. Carpenter's parents, Mr. and Mrs. Bill Crawford.

Miss Lela Clifford of Pampa spent the week end visiting her mother, Mrs. W. T. Clifford.

Mr. and Mrs. Jack Merchant and small daughter of Pampa were down for the week end visiting his parents, Mr. and Mrs. Cal Merchant.

Lieut. Geo. Chamberlain and wife and two children from Camp Davis, North Carolina, are visiting his parents, Mr. and Mrs. F. E. Chamberlain for a few days before going on to a new post in California.

Mrs. R. W. Bingham from Vernon visited in the R. C. Bingham home over the week end.

Mr. and Mrs. O. C. Watson Sr. and Mrs. Lena Antrobus were joined by their son O. C. Watson Jr. in Amarillo for a visit. He was on his way to Lubbock for an examination for the Navy.

Mr. and Mrs. Carl Almond visited in Memphis and Childress Sunday.

Mrs. David Johnson is visiting her daughter and family, Mr. and Mrs. Grady Holbert at Crowell this week.

Mrs. Haskel Kemp has returned home from medical treatment at Shawnee, Okla.

Mrs. Allen Jefferies is with her father, Frank Collinson at El Paso who is very ill.

Mr. and Mrs. Harry Blair and Mrs. Bill Bentley were shopping in Amarillo one day this week.

Mrs. Ruth Rhodes and son are visiting her parents, Mr. and Mrs. Clyde Butler.

Maxine Ellis is in Wichita, Kansas, illustrating draftsman in the Boeing Airplane Co.

S/Sgt. Ray Palmer is in San Anita, Calif. attending an automotive school.

Mrs. O. D. Stanley of Abilene was in Clarendon visiting relatives the week end.

**USE BOOK FOUR NOVEMBER 1**

Housewives will start using green stamps A, B and C from new War Ration Book Four, Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two (X, Y) remain good through November 20. Book Four is being distributed the latter part of October—the exact time and place being announced locally. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

The items for which a hatchery or breeder should be checked, states Gillham, include the freedom from pullorum disease, the production of the flock, the weight of the eggs, size of the hens, breeding characteristics of the hens, and if possible, the performance of some birds previously bought from that source.

Mrs. Holt and children are visiting her mother, Mrs. Karl Adams.

Mr. and Mrs. J. L. Beard have moved to Dallas and are working there.

**How to Buy Your Baby Chicks**

Rush business that hatcheries had last season will probably be repeated this coming season, reported J. R. Gillham, Agriculture teacher. To avoid difficulty in securing the number and quality of chicks desired, the poultryman should make his orders as far ahead of delivery date as possible.

Before making an order a few precautions that may largely determine the success of a proposed poultry enterprise should be observed very carefully, said Gillham.

First, buy chicks as close to home as possible. If the kind or breed of chicks wanted cannot be secured in this locality, try not to go outside the state to make the purchase. The kind of poultry that will do best on the farms in this area can be found in Texas.

Some causes for baby chick losses can be completely eliminated by proper buying. For example, no chicks should be lost from pullorum disease. Chicks should be bought from flocks that have been properly tested for this disease under an effective private testing program or under the National Poultry Improvement Plan.

Most hatcheries have strict minimum qualifications that they meet before chicks are sold. Nevertheless, a buyer should check his source of chicks closely in order to insure the delivery of quality birds. If a buyer has no means of making a check on the sources that provide the particular kind of fowl he wants, he might want to order from hatcheries that are in the Poultry Improvement Plan program since these businesses are regularly checked by a State Inspector.

# 100 OCTANE GASOLINE

*Adds 5th engine to every 4-engine bomber*

**ROUND-THE-CLOCK AIR RAIDS** over Germany and South Pacific . . . Every time you read this headline in your newspaper, remember that United Nations war planes are vastly improved war weapons because their tanks are filled with 100 octane gasoline from the United States.

To say that this super-fuel is equivalent to a fifth engine in every four-engine bomber is actually understating the facts! Compared with German aviation fuel of 87 octane, it improves performance more than 25 per cent.

Long peacetime research for new and better things from petroleum gases, as well as from petroleum, prepared Phillips for an important role in wartime production. Phillips Petroleum

Company was among the first to take 100 octane gasoline . . . as well as butadiene for synthetic rubber . . . out of the laboratory and into mass production.

Twenty-four hours a day, our best efforts are devoted to the production of these and other synthetic chemicals which will bring closer that great day when once again you can say "Fill 'er up" . . . and the service man will crank into your tank a new and improved Phillips gasoline.

Until then, every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasolines, lubricants, fuel oils, are also gigantic chemical plants pouring out weapons for victory.

## Seven Food Groups Are Keys To Health

To help housewives tell at a glance whether their families are getting the right foods every day, the War Food Administration has designed a Nutrition Target, scientifically arranged for quick planning of healthful menus.

With the aid, any cook easily can see whether her meals contain something from each of the seven groups of foods that scientists have discovered are essential for good health. By eating some food from each group every day, a nutritionally sound diet may be achieved.

In wartime especially, the Nutrition Target has an important function. It is often necessary to

make substitutions in menus. Suppose you had planned a meal of grapefruit juice, steak, green beans, carrots, potatoes, and bread and butter with cheese for dessert. But you couldn't get the juice, steak, or potatoes. What would you substitute?

A look at the Target gives you the answer. Instead of steak, you might have poultry, fish, eggs, or baked beans. Instead of grapefruit juice, you could substitute a raw cabbage salad. And instead of potatoes, you might use cauliflower, parsnips, or summer squash. The resulting meal would still be balanced and nutritious.

The facts of good nutrition are simple and easy to learn. They have been condensed into the "National Wartime Nutrition Guide," a folder containing the Nutrition Target, lists of foods in each group, and hints on conserving food. This folder is handy for

the housewife to have in her pocketbook when she goes to market.

Copies of the "National Wartime Nutrition Guide" may be obtained from any regional office of the Food Distribution Administration or from the local nutrition committee.

### CIVIL SERVICE ANNOUNCEMENT

The position of Price Specialist of lumber, \$3800 per annum, with the Regional Office, Office of Price Administration, Region V, which comprises the states of Texas, Louisiana, Kansas, Missouri, Oklahoma and Arkansas, Dallas Texas, will be filled by Civil Service procedures, Elmer G. Hayes, local civil service secretary announced today.

Applicants must have had at least five years of recent responsible full-time paid experience in the production and distribution of lumber.

Applications must be filed on or before the close of business October 25, 1943, with the director, 10th U. S. civil service region, 210 S. Harwood Street, Dallas 1, Tex.

Glen Allison left for San Francisco Friday night after a furlough visit with his mother, Mrs. J. L. Allison.

## Income From Livestock Outlined

Prospects of good incomes for Texas livestock owners during the remainder of this year have been outlined by Dr. F. A. Buechel, economic analyst of the University of Texas Bureau of Business Research.

Since inventories of cattle in Texas at the beginning of 1943 were slightly larger than at the first of 1942, and since shipments to date in 1943 have been only a little higher than for the previous year, it seems certain that shipment of cattle will hold up well during the rest of the year, Dr. Buechel explained.

High marketings of sheep will also probably continue, he predicted. Excellent prices have given sheepmen an opportunity to cull over-age ewes from their herds, he said.

Shortages of feed will have two effects on Texas ranchmen, the economist declared—the first will be less demand for Texas cattle and calves from feeders in the cornbelt area. In the second place, increased marketings of hogs will not bring an increased income since most hogs are now being shipped to market at a lower weight than normal because of lack of feed.

Mrs. Nina Gates from Amarillo spent the week end visiting her parents, Mr. and Mrs. Bill Crawford.

Mrs. M. W. Stevenson and children were visitors in the Bill Crawford home Sunday.

### THE STATE OF TEXAS

TO Louida Hubenthal Tully, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 100th District Court of Donley County at the Court House thereof, in Clarendon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of November A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 27th day of September A. D. 1943, in this cause, numbered 2214 on the docket of said court and styled Wilbern Tully Plaintiff, vs. Louida Hubenthal Tully Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for Divorce because of cruel treatment as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Clarendon, Texas this the 28th day of September A. D. 1943.

Attest:  
HELEN WIEDMAN  
Clerk District Court,  
Donley County, Texas  
By Walker Lane  
Deputy.

### IN THE DISTRICT COURT OF DONLEY COUNTY, TEXAS

TOM REEDER vs. NO. 2218  
OLETA REEDER  
THE STATE OF TEXAS  
To Oleta Reeder:

You are commanded to appear and answer the plaintiffs petition at or before 10 o'clock a. m. on the first Monday after the expiration of forty-two days from the date of issuance hereof, the same being Monday, the 6th day of December, 1943 before the Honorable 100th District Court of Donley County, Texas at the Court House in Clarendon, Texas.

Said suit was filed the 20th day of October, 1943.

The style of the suit: Tom Reeder, Plaintiff, vs. Oleta Reeder, Defendant.

The suit is for a divorce of the bonds of matrimony now existing between Tom Reeder, Plaintiff and Oleta Reeder, Defendant and the statutory grounds of such divorce is cruel treatment.

Given under my hand and seal of said court at office in Clarendon, Texas, this the 20th day of October, 1943 and issued this, the same date.

Clerk of District Court,  
Helen Wiedman,  
(Seal) Donley County, Texas  
By Walker Lane,  
Deputy.

## Winter Care Of Orchards

The winter months, when fruit trees are dormant, is the best season to prepare the farm orchard for next year's production, says J. F. Rosborough, horticulturist for the A&M College Extension Service.

According to dietitians, two servings of fruit daily are needed to maintain a person's health. Fruits are a free source of vitamins, and also supply iron and calcium as well as other minerals for blood, bone and body processes.

To obtain highest yields trees should be treated now for harmful pests and surface diseases like borers and scale. Gummy exudations filled with sawdust pellets at the ground line of a tree is symptomatic of borer damage. Rosborough recommends paradichloro-benzene, commonly called PDB, as most effective against borers when used from the middle of October to mid-November.

No soil preparation is necessary in administering this treatment except to break the crust for 15 to 18 inches around the tree and remove any grass or weeds. Place the PDB crystals in a circle about three inches from the trunk. For mature trees one ounce is used, and for young trees one half an ounce is enough. The crystals should be covered with dirt immediately after being applied, and firmly patted with the back of a shovel to make a cone-shaped mound. The cone should be torn down after six weeks and the remaining crystals removed.

If only a few trees are infested,

the simplest treatment for scale is a wash composed of two and one half tablespoons of lye in one gallon of water. This may be applied to the affected parts with an old paint brush. More extensive scale infestation in a large orchard may be dealt with by spraying during the winter with oil emulsion or concentrated lime sulphur.

### DRAFT DELINQUENTS TO BE INDUCTED

Beginning November 1, all men 18 to 38 years of age who are subject to selective service but who are delinquent will be put into class 1-A immediately and ordered to report for induction, the Selective Service Bureau of the War Manpower Commission has stated.

## SPORTSMANSHIP (An Editorial)

By La Rue Shadle

Sportsmanship is one of the best traits a person can have. It is particularly typical of Americans. In World War I, the American soldier was honored in France on the battle line, in Germany in the Army of Occupation, or wherever he happened to be, for his honest chivalry, his sympathetic understanding of situations, his bravery, and his graceful acceptance of results. These are the essences of real sportsmanship. The American soldiers of World War II are noted for these same traits.

Everyday American sees the result of having taught her youth the quality of sportsmanship. The home, the church, the school, and

all our other fine organizations have combined and are all agreed on the importance of teaching this characteristic to all the coming generations so that America may remain a free and happy nation.

Perhaps the largest part of the credit for the embedding of this trait in American youth goes to our splendid school systems. From the kindergarten on through our colleges and universities fair play and sportsmanship never cease to be taught.

A good example of sportsmanship was shown last Friday by over thirty of the Clarendon Jr. College freshmen during their initiation by the old timers, the sophomores. Regardless of what horrible regalia they were forced to wear, they came trodding up the steps of the old brick school building and began hauling books and obeying the every beck and call of the sophomores. As the day wore on, insult was added to injury, but the freshmen took it all in good spirits and smiled through it all. The sophomores salute these swell sports.

Sportsmanship is not a trait peculiar to the freshmen; it is evident throughout the whole school body. It is a fine characteristic and it will live as long as the American way of life survives.

Sportsmanship is not a trait peculiar to the freshmen; it is evident throughout the whole school body. It is a fine characteristic and it will live as long as the American way of life survives.

Sportsmanship is not a trait peculiar to the freshmen; it is evident throughout the whole school body. It is a fine characteristic and it will live as long as the American way of life survives.

## CHAPEL PROGRAM AT JR. HIGH

Mrs. Burton had charge of the chapel program Friday, Oct. 15th. First we sang "The Eyes of Texas," "Army Air Corps," and "Over There." Fay Powell said a reading. The Quartet composed of Mary Ann Bromley, Ruby Jo Kidd, Ardith Warren, and Arvazine Smith, accompanied by Delene Blair, sang "Sunday Monday or Always" and "There's A Star Spangled Banner Waving Somewhere." Merle Holland of Senior High said a reading. Judge King made a very interesting talk. Mike Smith lead the pledge to the flag. That concluded the program.

Donley County Leader, \$2 a year

## HIGH SCHOOL JUNIORS SPONSOR PROGRAM FOR OCTOBER 8

By Mary Nell Keys

The high school juniors had the chapel program last Friday. First on the program was Gene Bryan who sang "Pistol-Packin' Mama" accompanied by Manly Bryan. As an encore Gene sang "In My Arms" which was equally as good as his first song. Next there was a cornet solo, "Star Dust" by Carol Brumley played in his best Harry James style. There was also a skit entitled "Matrimonial Music." The script was read by Jack Ballew while the music was supplied by Edith McCrary at the piano, Ruth Patman and her flute, Robert Naylor and his clarinet, Jean Porter and her saxophone, musical flute and ocarina, and Billy Jean Knox and Gertrude Calcote with their singing. The next number was a piano solo by Edith McCrary; she played "Cow-Cow Boogie" in true jazz style. Billy Jean Knox and Gertrude Calcote came back next to sing "There'll be Blue Birds Over the White Cliffs of Dover" and "Little Cat's Tail." Next was another skit which was an announcement of a football game between the Bronchos and Lefors Pirates. Bob Bentley was the announcer, and some of the girls in the pep squad furnished the cheers. Jean Porter gave a clever reading.

The program was highlighted by the trek across the stage of the college freshmen in their initiation togs. Some of the best ones were: H. C. Shaw, who represented a sweater girl and incidentally made a very good one; Troy Moffet as Daisy Mae and Wassel Mason who was Lil' Abner; Helen Porter made a fetching shine girl and by the way, she made some money too; Billy Lowe with his short dinner dress and picture hat; Peggy Stewart was a good "Old Woman Who Lived in the Shoe" with dolls for children; Henrietta Guy looked just like Carman Miranda with all her costume jewelry;

Javan Tucker was swell "Model"; Dorothy Kennedy was the ideal cotton picker; Eleanor Blasingame had at least sixteen pigtails, each one tied with a different colored ribbon. There were many other clever costumes seen in the parade. Louise Moss wore a colorful Indian costume. And there were many more that we haven't time to tell about.

## JR. HIGH NEWS

In Miss Darden's seventh grade Tommy Murphy has sold his calves. He plans to spend more time studying now.

Jean Thompson went to Amarillo shopping Saturday. We expect her to set the fashions for the seventh grade.

Gene Bryan had guests from Amarillo Sunday.

In Mrs. Lowry's eighth grade there are two new pupils, Mary Brewer and Dorothy Perry.

## SOUTH WARD NEWS

Mrs. Mears' room has a new pair of book ends for their reading table. They got them with their first book of green stamps.

Miss Mongole's room is making Halloween art work and fruit. They are beginning on picture study.

Mrs. Prewitt's room has two new pupils, Theola Noble, Hedley, Texas and Dorothy Jones, Paris, Texas.

In Miss Stevens' room Bobby Parker, Goldston, left. The pupils are working on Halloween cats and owls for their room.

Mrs. Bain's sixth grade will have their P.T.A. program a week from this Thursday.

## F. F. A. NEWS

By Billy Christie

Joe Barns was elected Parliamentarian to fill a recent vacancy. A committee was appointed to plan an F.F.A. social. Several other items of business were discussed at a regular meeting of Clarendon Chapter of Future Farmers of America, October 5th.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germs, phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## SOPHOMORES SPONSOR CHAPEL PROGRAM OCTOBER 15

By Helen Porter

The high school sophomores had charge of the chapel program Friday, 15th. The program was a swell one, and everyone is very proud of the sophomores for giving such a grand hour of entertainment.

Morgan gave a humorous reading at which everyone laughed.

Frances Peabody and Barbara Bell sang "Stormy Weather." Barbara accompanied on the piano also.

Tom Goodner wrote an original English essay on "Noses." Everyone wanted him to give it in chapel. The essay surely showed Tom's wit and humor, but he could probably write a more formal essay if he wanted to.

A short playlet was also put on, "Paul Faces the Tire Shortage" was the name of it.

Characters: Mr. Jones—A defense plant worker—William Jacobs, Lefors; Mrs. Jones—Nelta Lois Cowan, Goldston; Their attractive daughter who has been studying home nursing—Ada Sue Smith, Junior—Mary's kid brother, on whom she practices—Jimmy Douglas, Goldston; Paul—The oldest Jones child, who has many social problems—Lee Shelley, Goldston; Jane—Paul's favorite girl friend—Dorothy Jean Tatum, Lefors.

After the regular program was over, Mr. Drennan called on the football boys to say what they thought of the game Friday night. Everyone had the same idea about "going in there and fighting." The speeches must have done the boys good, since they really did "fight and win."

## More Vitamins Discovered

Two more of the life-essential B vitamins have been discovered by the Biochemical Institute of the University of Texas during the past three years of research. Dr. R. J. Williams, director, has reported.

Folic acid and pseudopyridoxin are the two vitamins discovered in Institute laboratories—folic acid has been publicized as the "Popeye" vitamin because of its presence in spinach. It is believed to be very important in combating certain types of anemia.

The Biochemical Institute has been partially financed for three years by the Clayton Foundation for Research. Plans for the future, Dr. Williams reveal, include further extensive study of vitamins and their relationships to cancer.

Friends of Mrs. C. R. Skinner will be glad to learn that she was brought home from the Clarendon Clinic Sunday. She is resting very well. Mrs. M. D. Buchanan is staying with her.

## Outlook Good For Holiday Turkeys

News from the turkey front is good. Plans for Thanksgiving and Christmas dinners may include the normal quota of drumsticks and white meat, because Texas growers are expected to produce 3,750,000 birds this year. This, says George P. McCarthy, who made the forecast, means plenty of turkey meat for our soldiers and plenty for civilians.

All turkeys being marketed now are taken by the army, but approximately 65 percent of this demand has been met and the remainder will be liquidated by November 1. Meanwhile, many producers believe that current market quotations on top grade justify putting a real finish on their turkeys. The present market for grade A young turkeys is 30 to 32 cents, and 24 to 25 cents for grade C.

Mr. and Mrs. Herschel Heath returned to their home Sunday at Okla. City, after a visit with his parents, Mr. and Mrs. Grover Heath. He is employed in Douglas vice, to feed to produce Grade A turkeys and take advantage both of the higher price per pound and the additional weight gained. There is no field of livestock production, he adds, which will pay a greater return at present than feeding turkeys for market. A turkey-developing mash plus grain will do a good job of fattening, or a commercial fattening ration may be used.

Best results will be obtained if the turkeys are confined to a small area to prevent walking off extra gain. A trap of one to five acres, depending upon size of flock, would be suitable. McCarthy recommends giving a flock warmer in the marsh for several days to reduce parasite infestation and get better gains. But once the feeding program starts, feed should remain before the birds for free choice feeding until they are marketed. Five pounds of feed should produce one pound of gain.

### Pre-Season Care For Orchards

Care of orchards is a round-the-year job. Fruit trees and vines should be tended during the non-production season in order to make possible abundant yield in the fruiting period, says H. M. Breedlove, County Agent for the A&M College Extension Service. Planting winter cover crops is a good beginning. Experiment Station tests show that twenty pounds of vetch will produce the equivalent of three hundred

pounds of nitrate of soda an acre. And in addition to its fertilizer value, vetch turned under in the spring will add several tons of humus material to orchard soil which is valuable during the growing season. Type of soil affects the choice of winter cover crops. Hairy vetch does well in the sandy soil of east Texas, but should be planted only in areas of adequate rainfall. Clover thrives best in the heavy soils of south and central Texas, and rye, oats and wheat, being tolerant of drought, are recommended for west Texas. These crops should be planted in early

fall and turned under at blossoming time. Checking trees for scale and borer damage is another job which shouldn't be delayed. Scale infestation at this time can kill trees unless treated promptly. If only a few trees are affected a mixture of two and one half tablespoons of lye to one gallon of water applied with an old paint brush will do the trick. In large orchards, winter spraying with oil emulsion or concentrated lime sulphur will deal with scale. Para-di-chloro benzene, commonly called PDB is most effective against borers when used in middle October or up to mid-November.

"Sure, I remember how much land was worth in the last war, but I also remember how little it was worth and what happened afterwards. Inflation ruined a lot of farmers then."

### Auxiliary—

(Continued from Front Page) as well as the women who have themselves been enlisted, will give increased strength for achievement to the American Legion Auxiliary. Together the two organizations will be a mighty force for America, serving in every community in the land to "care for those who have borne the battle". You are privileged to be part of this great force. A membership in the American Legion Auxiliary awaits you. Take it. You will always value it among your dearest possessions. Dear Legionnaire:

Aubyn E. Clark Unit No. 126 is offering to your mother, wife, sisters and daughters membership in the greatest patriotic woman's organization in the world. We are offering this membership to them because they have experienced the pangs of anxiety for loved ones, the sacrifices and hardships which war brings to the families of the fighting men; because those experiences have made them value highly the things for which our men have fought—are fighting—America and all that it means; and because we know you desire them to continue to serve, in war and in the peace that is to come, with our fighting men, for America.

The American Legion Auxiliary, in the year just passed, assisted 493,999 children at a total cost of \$2,364,484.67. Here in our own state of Texas 18,182 children were helped at a cost of \$36,622.75. We have aided 37,352 veterans and 102,819 veteran families at a cost of \$315,608.61.

When the women of your family accept membership in the American Legion Auxiliary they become a part of those fine services to our friends and neighbors.

The Dues are \$1.50 per year. We hope you will join us in requesting the ladies of your family to accept membership in this, the greatest woman service organization in the world—THE AMERICAN LEGION AUXILIARY.

Mrs. C. Huffman Unit President  
Mrs. Karl Adams Unit Membership Chairman

Mrs. C. G. Stricklin, Mrs. C. A. Burton and Misses Charlotte Molesworth and Ruth Richerson attended the Red Cross meeting in Amarillo Friday.

**NEW ARRIVAL**  
Mr. and Mrs. W. A. Baten of Brice announce the arrival of a son, Monday, October 18, at a Memphis hospital. The name is Arnold Eugene. Mr. and Mrs. Baten operate the store just as you enter the Brice flat.

Mrs. U. J. Boston, Mrs. C. A. Burton and Mrs. J. D. Stocking were in Hedley for the 50th Wedding Anniversary of Mr. and Mrs. T. R. Moreman Sunday.

Mrs. Gretta Kelley from Los Angeles, Calif. is visiting her parents, Mr. and Mrs. J. A. Howard.

Thad Rogers of the Navy is here visiting his father, Pink Rodgers and other relatives.

### Old Age—

(Continued from Front Page) necessary for this department to scrupulously follow the law and leave both extremes on the rolls as the law requires, the law gives us the duty of defining the standard of need. It therefore is possible by policy to include or exclude what might be termed semi-essentials and to limit the standard of living which can be provided.

With this in mind we have just issued a new rule book for the three programs, Old Age Assistance, Aid to the Blind, and Aid to Dependent Children, which covers 65 pages, succeeding a manual that covered 377 pages. In the future, grants will be made on the basis of what is needed by an individual for the purchase of the essentials only. By eliminating from the budgets allowances for purchase of semi-essentials, we hope to get rid of the cut and the nearly half a million dollars per month now being taken from total grants by proration will be absorbed by taking the semi-essentials out of budgets, limiting standards of living which assistance money can provide, and requiring fuller use of private resources. In this way we hope to insure the absolute necessities to those solely dependent upon Old Age Assistance.

Mr. and Mrs. Nolie Simmons and Mrs. Chas. Speed and Bettie Ann Speed visited Mrs. Ed Speed who is in the Northwest Texas Hospital for treatment.

Doneta Chamberlain of Portales, N. Mex. visited Beverly Gray Stricklin Tuesday night.

### Leader to Publish Broncho Range

Beginning this week the Leader will publish the Broncho Range each week, devoting as much space as possible. Due to the urgent request of the government that we use as much of their material as possible, we will be unable to allow the space to the schools that we would like.

The Broncho Range carries current happenings of the three Clarendon schools—South Ward, Junior High and the High School and Jr. College. The news is written each week by the students and censored by a competent teacher. We publish this news not only for the benefit of the students and school, but that the public may read about the activities of a wide-awake school, whose aim is to merit the confidence and hope that has been placed in them by their parents.

Mrs. W. L. McConnell of Perryton is visiting her mother, Mrs. J. D. Stocking.

Mrs. J. L. Allison and son Glen saw the parade at Amarillo Friday
