CLARENDON, DONLEY COUNTY, TEXAS, MAY 27, 1943

A Common Paper for Common People

Clarendon Chapter, O.E.S. Hostess to District Meeting Here Saturday

Clarendon Chapter No. 6, O.E.S. served as hostess to a School of Instruction for District 2, Section 5 on Saturday, May 22nd.

The Worthy Grand Matron, Mrs. Hollie Anglin of Luling, Texas was present for the meeting. The school was presided over by District Deputy Grand Matron, Mrs. Alice Mae Stewart from Lubbock. Other honored guests of the day were Associate Worthy Grand Patron, Mr. W. Baldwin of Wichita Falls; Grand Examiner, Mrs. Audra Tatner of Iowa Park; Deputy Grand Matron, Mrs. Lola Webster of Memphis and Mrs. W. Baldwin, a member of the Jurisprudence Committee of the Grand Chapter.

Despite the inclement weather approximately eighty-five guests from Spur, Memphis, Estelline, Dodson, Hedley, Turkey and Claude, registered during the day.

Twenty-one certificates of Proficiency were issued to members of Clarendon Chapter with a total of thirty-four certificates issued to all members present.

During the noon hour, a delicious luncheon was served by the Win-One Class of the Methodist Sunday school. The church parlors were very artistically decorated for the occasion by Mrs. Lon Rundell.

The following entertaining program was presented:

Vocal Solo — Mary Margaret House.

Reading—Johnnie Johnson.

Piano Solo—Dorothy Ann Kennedy.

Reading—Miss House.

During the evening session the local chapter initiated six candidates: Mrs. Hattie Palmer, Mrs. Marie Patterson, Miss Ethlyn Drennan, Mr. and Mrs. Heck Stark and Mr. Van Kennedy. Mrs. Van Kennedy and her corps of officers won high praise from the visiting Grand officers for the manner in which they conducted the initiation ceremony.

The chapter rooms were beautifully decorated by Mrs. U. J. Boston and Mrs. W. W. Taylor.

CLARENDON CLINIC OFFERS HOME NURSING COURSE

It was announced this week by Dr. Keith S. Lowell, that a home nursing course would start the 1st of next week at the Clarendon Clinic.

The course will take in all phases of home nursing and will take approximately six hours each week. The nursing staff of the hospital will do the instructing.

Anyone wishing to take the course should put in their application at the hospital right away so that a class may be started without any delay.

Fleet Operators Must File Report With ODT

County agent H. M. Breedlove stated this morning that according to information from the office of ODT, fleet operators of commercial motor vehicles who have failed to file report on their operations for the first quarter year must do so immediately. N. F. Nelson, Amarillo District manager for ODT is making this request. Many operators with fleet units have not turned in this report that was due on the thirtieth of April. Fleet operators are those persons having three or more trucks and blank forms were mailed to those operators for the filing of this report. If the form has been lost, another might be obtained from the office of Defense Transportation, 1008 Fisk Building, Amarillo, Texas.

ODT must have these reports to know what mileage conservation has been accomplished. Mr. Nelson stated. If the operators do not file promptly, they may find it difficult to obtain gas rations for subsequent quarters.

BROTHER OF MRS. AMENT DIES IN CALIFORNIA

A telegram received Sunday morning from Mrs. G. H. Morrison, sister-in-law to Mrs. L. Guy Ament, stated that her brother Rev. G. H. Morrison, died Saturday night at 10 o'clock, San Francisco, Calif.

Rev. Morrison was a minister in the Christian Church in Texas for a good long period of years. However, he had been unable to do regular work for some years.

The immediate cause of his death was to the effect that he had a fish bone lodged in his throat last Saturday at the evening meal. The Dr. X-rayed him and took the bone out, but due to his weakened condition he could not survive the shock. His burial was in San Francisco.

REV. E. L. YEATES
Rev. E. L. Yeates, pastor of the Memphis Methodist Church will do the preaching in a revival to begin here Sunday at the local Methodist Church. Rev. Yeates is said to be a good speaker and brings messages which are very beneficial to his listeners.

ELECTRICAL STORM WEDNESDAY NIGHT

There was fireworks in the sky last night as the first bad electrical storm of the year moved in just before midnight. Besides being electrical, the cloud seemed to be quite wet and turned loose 1.08 inch here in town and at least that amount and upwards over other parts of the county.

The rain did much damage to young crops just coming through the ground, and all new seed planted the past few days will be lost it is believed.

CELEBRATE 43rd WEDDING ANNIVERSARY THURS.

Mr. and Mrs. O. S. Anderson were hosts to 19 guests last Thursday when they celebrated their 43rd wedding anniversary at their home here.

A spacious dinner with all the trimmings was enjoyed at the noon hour by the following guests: Rev. Grubbs and wife, Rev. Fitzgerald, Mr. and Mrs. Jim Garland and Mrs. Garland's father; Mrs. Geo. Fowler, two daughters and grandson, Mrs. Benner Robinson and Mrs. Cagle of Childress, Mrs. Leona McWhorter and children of Estelline.

Revival to Begin At Methodist Church

A series of inspirational services will begin Sunday at 11 a. m. at the local Methodist Church. Rev. E. L. Yeates of Memphis will do the preaching.

"We urge our membership to attend, and extend a most cordial invitation to our friends of the whole community to be in every service possible," said Rev. J. O. Quattlebaum, local pastor. "You will hear a helpful message from a successful pastor and good speaker," he said.

Jeep Campaign Is Decided Success

The following letter was received by Supt. H. T. Burton from Mrs. J. W. Walker, Texas Director School at War, War Savings Staff, Plainview, Texas May 22, 1943

Superintendent of Schools Clarendon, Texas

Dear Mr. Superintendent: Although reports on the outcome of our Jeep Campaign are still coming in to the War Savings Office, it may be said with accuracy that the final results will indicate in excess of 5,250 jeeps purchased by the school children of our state. This is an outstanding record, and everyone connected with the sale of Stamps and Bonds in Texas, either officially or unofficially, has a right to take great pride in the accomplishment of the schools.

We consider the report from your schools as one that was outstanding. The schools of Clarendon appear on our honor roll list of accomplishment. I wish to take this opportunity to extend my personal congratulations to you and the members of your student body and to express my personal appreciation for your cooperation and accomplishments.

The members of the War Savings Staff solicit your continued interest and effort in sponsoring the various phases of the program, which will continue for the duration of the war.

Sincerely yours,
Mrs. J. W. Walker

Mrs. C. W. Bennett Dies Early Today

Mrs. C. W. Bennett passed away early this morning at St. Anthony's hospital in Amarillo after a lengthy illness. She had been a resident of Donley county for the past 40 years and was 66 years of age at the time of her death.

She is survived by a daughter, Mrs. Clyde Price and a son, Carl Bennett Jr., three grandsons, her mother, Mrs. E. C. Durham and a sister, Mrs. Paul Eikel of New Braunfels. Also a brother, Henry Dickson of California. She was preceded in death by her husband, who passed away July 27, 1939.

Pallbearers will be John Sims, George Green, Odos Caraway, George Bagby, Joe Goldston and Homer Parsons.

Funeral arrangements are not complete at this time, awaiting communications with out-of-town relatives.

Stamps 15 & 16 For Canning Sugar

Stamp number 15 and 16 War Book One good for five pounds each for home canning. Sugar to be obtained from retailers rather than applying to local board for sugar coupons. Stamps 15 and 16 become valid May 24 for five pounds each through October 31, 1943. No change made in rate at which sugar for canning will be made available. One pound for each four quarts or eight pounds of finished fruit and five pounds per person for jams and jellies.

Additional canning sugar will not be issued from the local rationing office until stamp number 15 and 16 have been used. Then if you have fruit on hand and can prove your need additional sugar up to fifteen pounds can be issued for this purpose.

Please do not call at the rationing office for canning sugar until stamp number 15 and 16 have been used and you have need for additional sugar.

MOVE TO TULSA

Mr. and Mrs. T. W. Eanes, residents of the Martin community, left the past week for Tulsa, Okla. where they will make their home. In visiting the Leader office, Mr. Eanes stated that they regretted to leave Donley county and their many friends but that they wanted to move closer to three of their children who are now living at Tulsa.

Junior High Graduates

Tuesday morning, May 25 was a happy milestone in the lives of 48 pupils from Junior High when they were handed their diplomas, graduating them into high school work. At the graduation exercises special awards were made for outstanding achievements during the school term.

Under the able guidance of H. M. Lane, Principal, the Junior High school completed a successful year and is proud to announce the names of those graduated:

Junior High Graduates

June Atteberry, Leroy Butler, Imogene Brinson, Betty Jean Brown, Juandelle Cruse, Nelta Cowan, Gertrude Calcote, Ruby Jewell Dingle, Wayne Donnell, Erma Lee Elliott, Dorothy Nell Kemp, Sylvia Faye Morgan, Alma Jo Mosley, Patty Molesworth, Elise Norwood, Mary Nell Perdue, Ada Sue Smith, Joyce West, Dupree Wood, Mary Katherine Lane, Joe Usrey, Christeen Heathington, Gene Adams, Billie Roy Blackman, Joan Blackwell, Manly Bryan, Jimmy Douglas;

And Wendell Davis, Tom Goodner, Melba Ruth Grady, Sidney Harp, Edna Lou Lamberson, Joe Tom Lovell, Junior Martin, George Bell McNeal, James Wesley Palmer, Frances Peabody, Dick Reeves, Lee Shelley, U. G. Swinney, Charlie Sullivan, Treva Nell Trussell, Jimmy Tucker, Dorothy Jean Tatum, Max Keys, Laura Ruth LeGrone, Donna Lee Jones, George Bulman.

Juandelle Cruse was valedictorian and Manly Bryan was salutatorian.

Junior High Awards

Jenkins Best All-round Boy and Girl—James Wesley Palmer and Patty Molesworth.

American Legion Auxiliary Citizenship Award — 5th & 6th Grades: Mary Ladelle Cox and Jimmie Beard.

Penmanship Awards — Sixth Grade: Ladelle Cox, Ira Jean Estlack, Scharlean Pyeatt, Billy Naylor, Betty Jean Decker, Margaret Robertson, Dorothy Tankersley, Buster Bain, Jeanne Marie Percival, Gene Bryan, Juanita Massey, Joan Thompson.

Perfect Attendance Awards—all grades: Gilbert Stewart, Biffie Dee Blair, Frances Peabody, Dorothy Jean Tatum, Sybil Head, Margaret Jane Duke, Billy Carl Pittman, Marie Idell Martin, Joanne Swink, Arlene Russell, Bobby Martin, Christine Heathington, Georgia Belle McNeal, Boyd Pipes, Georgia Lee Endsley.

High School And College Graduates

Forty-four High School students received their diplomas last Tuesday night. Clarendon Junior College graduated 15 students Monday night. Large crowds were out both nights to see their sons, daughters and friends receive their diplomas.

College Graduates

Billie Ralph Andis, Hazel Bingham, Nellie Endsley, Geraldine Jordan, Charlyn Davis, Edith Neff, George E. Moore, Rex L. Moore, Betty Jo Bartlett, Buena Walker, Mary Williams, Maurice Risley, James Earl Hott, Maxine Robertson, Louise Skinner.

Geraldine Jordan was valedictorian and Billie Ralph Andis was salutatorian.

High School Graduates

Helen Porter, Billy Lowe, Dorothy Ann Kennedy, Claude Hearn, Billie Nell Warren, Ted Tomlinson, Frances Phelps, W. G. Adams, Peggy Stewart, Ernest Thompson, Katherine May, H. C. Shaw, Jean Williams, Javon Tucker, Ray Graham, Lela Mae Allison, Weldon Moody, Mary Nell Keys, Harold Donnell, Kathleen Brinson, Calvin Naylor, Earl Dean Wilson, Bob Word, Floree Talley, Gayle Pyeatt, June Gibbs;

And Billy Ray Graham, Ara Paulk, Troy Moffett, Ladell Tankersley, G. G. Reeves, Glenn Robertson, Frances Adkins, Jack Riley, Jimmy Butler, James Clark, Louvett Cowan, Billy Moreland, John Earl Ryan, Ray Rappy, Lewis Underdown, Billy Ray Bell, Victor Smith, Jack Shelley.

Claude Hearn was valedictorian and Billy Lowe was salutatorian.

Special Awards

The Legion Award to the best all-round high school boy and girl went to Claude Hearn and Helen Porter. The Pathfinder Award to the best English student was presented to Claude Hearn.

REV. J. O. QUATTLEBAUM
Rev. J. O. Quattlebaum, as pastor of the local Methodist Church, urges every one with a cordial invitation to attend the inspirational services at his church which begin Sunday morning, May 30.

INFANT SON BURIED AT AUSTIN MONDAY

The infant son of Mr and Mrs. Ansel Barton died Sunday in Austin. It was taken to a Galveston specialist about a month ago where it was found to be afflicted with a form of nerve tumor.

Mr. and Mrs. F. M. Barton and Mrs. Ansel Barton's mother attended the services.

LIGHTNING STRIKES SHELTON HOME

During the electrical storm which blew in last night, a bolt of lightning struck the north ridge of the Lloyd Shelton home, knocked off some shingles and traveled on into the house and came to a stop in an electric clock which it knocked out in the middle of the floor and exploded, scattering glass all over the room. Other than the clock, it did very little damage except for giving Mr. and Mrs. Shelton a little shaky excitement.

New Farm Program Planned To Ease Labor Shortage

TRAINING FOR MARINE CORPS OFFICER

With two basic courses out of the way. Private First Class, Otis C. Rolls of Clarendon, has gone to Quantico, Virginia for the final step in his training as a Marine Corps officer.

He has been doing advanced infantry training at Camp Lejeune, New River, North Carolina, after completing a special "boot camp" course at Parris Island, South Carolina. Now a Private First Class, graduation from the Quantico Officer's Candidate School will result in his commissioning as a Second Lieutenant.

Saturday Is Poppy Day

America's dead of two wars will be honored Saturday when millions of Americans will wear red poppies as a symbol of remembrance and tribute.

Here, as in other cities throughout the country, women of the American Legion Auxiliary will be on the streets at an early hour with baskets of poppies. A large corps of volunteer workers has been organized by Mrs. Karl Adams, Poppy Chairman, to distribute poppies to everyone in the city.

The poppies have been made by disabled veterans at Legion, Texas, who have been working at their beds and in the hospital work room during the winter months and spring. This occupation has helped them to pass the long hospital days pleasantly, has enabled them to earn money and has been valuable in promoting recovery.

While distributing the memorial flowers, the Auxiliary women will receive contributions for the Legion and Auxiliary rehabilitation and welfare funds. All of the money contributed will go into these funds, the Auxiliary workers serving without pay. Poppy contributions form an important part of the funds which support the vast humanitarian efforts of the Legion and Auxiliary for the disabled veterans, and children of the dead and disabled of both wars.

More than 13,000,000 poppies were distributed by the Auxiliary last year and the number worn Saturday is expected to be substantially larger. The local Auxiliary Unit is prepared to supply a poppy to everyone in the city, and believes there will be few who fail to honor the war dead and aid living war victims by wearing the little red flower of remembrance this Saturday, May 29th.

Ration Reminder

GASOLINE—"A" book coupons No. 6, good for four gallons each, became valid May 22 outside the Eastern gasoline shortage area.

SUGAR—Coupon No. 12, good for 5 lbs. must last through May 31st. Coupon No. 13 becomes valid June 1st, and will be good for 5 lbs. through August 15. Coupons No. 15 and 16 became good May 24 for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for additional rations if necessary.

COFFEE—Stamp No. 23 (1 lb.) good through May 30.

SHOES—Stamp No. 17 in War Ration Book One good for one pair through June 15. Stamp No. 18 (1 pr.) will become valid June 16th.

MEATS, etc.—Red Stamps E, F, G, H, J remain valid through May. Processed Foods—Blue stamps G, H, J remain valid through June 7th. K, L, M, became valid May 24th.

Local needs will determine Donley county's participation in a new farm labor program aimed at reducing the manpower shortage which threatens success of the 1943 food production program, county agent H. M. Breedlove said following his return from a conference held May 17 and 18th at Amarillo County plans for registration and placement of farm labor will be worked out by the farm men and women who are members of the county Agricultural Victory Council, Breedlove said. Members of the council's executive and labor sub-committees likely will be called, into a discussion meeting of the plans in the near future.

At the Amarillo conference, county workers of the Texas A&M College Extension Service learned that the college had agreed to accept supervision of the program upon the request of Chester C. Davis, War Food Administrator. Funds for conducting the program in Texas will be apportioned to the college under legislation recently enacted by the 78th congress. The agreement between the Texas A&M College Extension Service and the office of the National Food Administrator, relates only to the recruiting and placement of farm labor within the state and the various counties and does not apply to the movement of farm labor across international boundaries or state lines.

"We realize that farmers and ranchers in Texas will not be able to obtain the quantity and quality of labor to which they are accustomed, but we hope to be able to help them get enough workers to prevent the wasting of crops in the field and the dispersal of livestock," the county agent said.

In some counties where the need justifies and it is desired by farmers, town and city boys and girls will be recruited for farm labor. Many rural schools already have adjusted their schedules to free school children for work during the critical periods of harvest. In a few counties of Texas where the farm labor situation is very serious, there may be organized local battalions of the women's land army, the agent learned. In the nation as a whole, recruiting of a U. S. crop corps of 3,500,000 workers for full time, seasonal or temporary farm work is contemplated.

Breedlove quoted Lt. Col. Jay Taylor, Texas rancher and deputy War Food Administrator, as saying that "Ninety-nine percent of this program will be carried on in the counties and one percent in the Washington office."

"The long hours and hard work of the families on Texas farms and ranches indicate their patriotism," Breedlove said, "and the Texas A&M College Extension Service accepts its new war time assignment with the hope that it may bring some measure of relief to the people who are working to produce more food and feed for Victory, and more food and feed than ever before in the history of the nation."

Validity Dates For Red Stamps

The schedule of validity for red stamps is as follows:

Stamp K becomes valid May 30, stamp L, June 6; stamp M, June 13; stamp N, June 20th, and all expire June 30th.

Red Stamps E, F, G, H and J expire midnight May 31st.

To help the retailer by eliminating end of the month buying rush, processed food stamps G, H, and J may be used by consumers through June 7th.

Blue processed food stamps K, L, and M may be used from May 24th to July 7th, inclusive.

Three Aviation Cadets Find Rattlers Very Nerve Wrecking After Forced Landing In Canyons Last Week

LUBBOCK, ARMY AIR FIELD, May 24—Still mighty foot-sore as the aftermath of their 25-mile hike, three aviation cadets at this large twin-engine air base west of Lubbock took time off yesterday afternoon and told of a number of harrowing experiences which occurred when their trainer plane was forced down Sunday evening, May 16, in the rugged canyon

country between Clarendon and Turkey on Prairie Dog Fork of Red River.

Very positive that they won't soon forget their last cross-country trip before a long time, were all members of the trio, which included Troy L. Ray of Florence, Texas, William E. Young of Frankfort, Ky., and Alfred E. Johnson of Momenca, Ill.

Bouquets for Montgomery

THE PEOPLE OF GABES crowded around to shake General Montgomery by the hand as he entered this strategic Tunisia port after its recent capture by the hard-driving British Eighth Army. This picture shows "Monty" accepting bouquets of flowers from French girls after he had been presented with an Address of Welcome at Gabes.

First nerve-wrecking incident on their anything but routine flight was the after-midnight landing, which was made in the lower Palo Duro Canyon nearly a thousand feet deep, on the famous JA ranch. The plane scooted along the river bed for several hundred feet, then nosed over, but the cadets escaped with nothing but minor bumps and bruises.

No lights were visible in any direction, so the party of three decided to rest a bit before setting out to seek aid. At 5:30 next morning, they began plodding

their way downstream, sticking close to the canyon and river-bed. Occasionally they made the steep climb up the banks to attempt to sight some evidence of habitation.

Most disagreeable feature of the hike was the sand in the riverbed, into which they occasionally plunged knee-deep, and which wore huge blisters on their already-weary feet. Running a close second as a source of discomfort was the too-frequent presence of rattlers and other snakes, which bobbed up half a dozen times along the way.

It was hard-going by noon time, so a breathing-spell was agreed upon. Ray and Johnson promptly dozed off, but the memory of their encounter with a rattler shortly before was still too fresh in Young's mind for sleep to woo him effectively. Finally he turned over on his side, determined to catch at least a "cat nap."

Not three feet away, he spied another rattler, head up-raised, eyeing him in apparent curiosity. Terrified and wide-eyed, Young lay frozen and motionless, returning the rattler's gaze. After what seemed an age to the distraught young flier, the snake lowered its head and moved on.

"I woke up Ray and Johnson and told them this wasn't the time or place for any further sleep, you can bet on that," says Young.

Almost despairing of ever again finding evidences of civilization, the cadets again ascended the banks of the canyon and spotted what turned out to be a pair of tepees and a chuck-wagon being used by a round-up crew several miles away. Before they reached it, however, they encountered the Heckman place, ranch home of Mr. and Mrs. Sim Rhoades, some seven miles southeast of Brice and Antelope Flats.

After pausing outside to alleviate their intense thirst, the LAAF men were greeted by Mrs. Rhoades, who heard their plight and then prepared a meal "the likes of which has never before been eaten by man," according to Cadet Johnson. They stowed away approximately five pounds of beef,

together with huge servings of corn, fresh tomatoes, hot biscuits—and peach ice cream. That was some 20 hours after they had been forced down from the clouds.

"It was the best meal any of us will ever eat," is the studied verdict of Cadet Ray.

Rhoades took them into Clarendon, from where they dispatched a message which relieved the fears of worried personnel at the twin-engine base here. Now, they are back at LAAF, none the worse for their experience and eager to be back in the air.

They are unanimous in the opinion that tackling enemy bombers can't be a great deal worse than battling some of the most rugged country in Texas.

HEAVY LOAD FOR POSTMEN

Letter carriers' backs will be aching under heavy loads this week as distribution of some 40,000 application cards for War Ration Book 3 gets under way. This book will provide new stamps to replace those running out in existing books. Consumers will fill out and return application cards, pre-addressed to OPA mail centers, between June 1 and June 10. Residents of Texas, Oklahoma and Louisiana will receive their new books from Dallas, where volunteer workers will fill out the names on more than 10,725,000 ration books.

WHAT OF THE FUTURE?

AMERICA is the only great Nation in position to get up in the drivers seat and steer this, old world back to decency and sanity after Hitler is sent spinning to the devil's hell and Hirohata is booted into a select little hell of his own, but you know and I know that unless God Almighty raises up a Moses to lead a money mad and morally debauched cross section of YOU AND ME, back to sanity, who is the man to do the job? I am not trying to TELL you, I am ASKING you, and believe me, brother, sister, world civilization, or eternal night hangs upon WHAT AMERICA DOES, today, tomorrow and when war ends and millions of Americans strive to return to the ways of peace. Many millions of men the world over have been trained to be killers by fair means or foul—when these return home, it matters not where, they must be given the kindly, thoughtful consideration that they have so richly earned.—C. L. Tanner, Editor Alice (Texas) News.

OCR TO SUPPLY FARMERS' NEEDS

The newly-created Office of Civilian Requirements, WPB, has worked out an emergency farmers supply program which will quickly make available to farmers some 50 items essential in the production of food. The procedure will enable a farmer to buy reasonable amounts of needed items directly from his dealer without complicated forms. Materials to be made available under the program include adjustable wrenches, agricultural forks, auger bits, barbed wire, clevises, dehorning saws, fence pliers, garden hoes, batteries, motors, grain scoops, grease guns, harness hardware, horse collars, nails, neck yokes, poultry netting cold chisels, hog rings, knives, and many other products.

Is this a case of **SWELLED HEAD?**

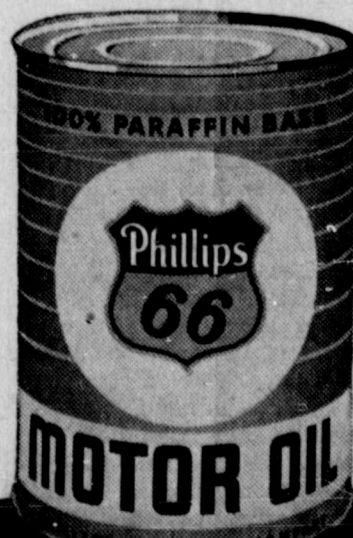

NON SEMPER EASUNT QUAE VIDENTUR, is the answer. Or in plain English: Things are not always what they seem. And this seems to be really a case of a small hat rather than a swelled head.

Now, when you want to pick an oil for your motor, one that will serve you well and save your motor and your money, here are facts, in plain English, to help you choose with confidence.

Phillips produces a variety of oils because cars, motorists, and pocketbooks vary. But if you are the kind of careful car owner who wants our best oil, you need have no question. Phillips frankly tells you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It is always good sense to use good oil. But now it is plainly more important than ever. So be safe and saving. Ask for Phillips 66 Motor Oil when replacing winter-worn lubricant, or when making the recommended every-two-months oil change.

IT'S PHILLIPS FINEST QUALITY

THE TEMPLE OF TRUTH

By the Apostle

SMELLY.

This "imported" cheese you get these days smells like it had been "deported." At that, Wisconsin firms are putting out a mighty

fine imitation of foreign born cheese May it continue after the duration.

RUBBER PRODUCTION.

Did you know that vast experiments are being made for growing the guayule plant in the Texas Panhandle? This is the plant from which is taken the fine grade of rubber. Mrs. R. L. Duke of Dalhart has had charge of the experi-

mental plots the past year or more. She is doing a swell job of it. Mrs. Duke is the widow of the late Bob Duke, former manager of the Rita Blanca division of the XIT ranch at the time I was employed there in 1903.

DEFINITION.

To gossip, is the art of saying nothing in a way that leaves nothing left unsaid.

MAY ORGANIZE.

Now comes Cap B. Morris saying that the fathers of sons in the service ought to organize here as they are doing in a number of places. Alright, Cap, let's organize. It will likely open a way by which we may be able to help more in the rush to victory. In talking to a number of fellows who would be eligible, they all seem to think we ought to get

busy right now, and get started with the organizing.

UPITY.

"Member way back yonder how proud you were of your Ford. Then after you finally succeeded in making it look like the dickens by carelessness and all kinds of bum treatment, you dubbed it a tin Lizzie or, perhaps, just plain Liz. That's all changed up now under this shortage affair. The tin Lizzie is now known as a "strategical metal Elizabeth," on the records of a bureau in Washington.

OLD SAYING.

The probable reason there is so much bran and sawdust in those little round sausage is that "it's hard to make both ends meet."

SOCIAL STUFF.

Erwin Rommel has concluded his visit in Africa and is now somewhere in Bulgaria. Von Arheim, who flunkied for Rommel in the long race across the desert, is now "visiting" friendly enemies in England. As time goes on, there will be more and more of the enemy generals come to England and America to recuperate

AWAKENING.

The quickest method of taking the morning exercise is to step on the soap while climbing out of the bath tub. (Sometimes I get \$5 for a suggestion like this.)

VACATION SPOTS.

With this gas rationing, you might as well join me in planning a vacation. Let me mention Lake Creek, Salt Fork, Carroll Creek, gravel pits south of town and the alleged caliche pits east and west of town. Don't overlook the lake north of town. Then if we can club together, a whole bunch of us, we might make one trip to Palo Duro canyon park. Why doggone it, this will be my first summer to stick around the home diggings. Oh yes, there is Sims Hill and the amethyst gravel deposits! Might as well see the whole show while you are sticking around waiting this summer.

MOUNTAIN STUFF.

Paw had been working diligently with a stub pencil for some time when all of a sudden the old codger came to life and yelped: "May, durned if I ain't learned to write!" Maw was all interested right at once though she didn't know how to read or write herself. She wanted to know what "them purty marks said." Then Paw had to admit "durned if I know, I ain't learned to read yit!"

After that broadside, if you feel able, hit the victory garden. The goat head weeds will be looking for you.

PLANNING ISN'T NEW

THE way a lot of people are talking these days, you'd think planning is something new.

But anybody who's ever run a farm or a factory knows that if you don't plan, you can't get the most out of what you have to work with.

To plan properly, the farmer has to know about crops, soils, seasons, tools, and stock; and the man operating a factory has to know about machines, markets, science, and engineering.

Yet for all this specialized knowledge which each of these activities requires, the managers of both farm and factory have much in common in their planning. They have the same problems—to mention a few—of employment and taxes, of costs and a fair profit, of setting aside reserves for a "rainy day."

And they have the same objective in their planning—to do everything they can for their country today, and, tomorrow, to make a fair living through greater service to their fellow Americans. *General Electric Company, Schenectady, N. Y.*

CLARENDON H. D. CLUB

The hostesses, Mrs. Karl Adams and Mrs. Frank Hommel entertained the Club at the home of Mrs. Karl Adams Friday afternoon.

Lovely American beauty roses were used to make the entertaining rooms more attractive.

Mrs. C. L. Benson presided over the business meeting in the absence of both president and vice president. The Club Collect was repeated in unison by Club. At the close of the business meeting Mrs. Benson handed out Red Cross Kits to the club members to make.

The meeting adjourned to meet June 18th at the home of Mrs. C. D. McDowell, Mrs. Van Eaton assisting.

Program—"Eradication of Garden Insects." "Controlling Vegetable Insects" by Mrs. McDowell. Home-made grape-nuts by Mrs. Estlack. Misses Ida and Etta Harned gave an interesting demonstration on grain nutrition.

A lovely salad course plate was served to invited guest, Mrs. Geo. Green; club members, Mesdames G. A. Anderson, A. H. Baker, Mattie Hudson, O. C. Watson, A. L. Chase, J. C. Estlack, C. D. McDowell, Van Eaton, W. A. Davis, Ed Speed, C. L. Benson and Misses Ida and Etta Harned and hostesses Mrs. Adams and Mrs. Hommel.

GARDEN CLUB

The Clarendon Garden Club met in the home of Mrs. H. C. Brumley with Mrs. R. R. Dawkins and Mrs. Ed Speed as co-hostesses. The entertaining rooms were attractively decorated with roses and plumbago.

The business was in charge of the president, Mrs. John Goldstop. A committee was appointed to cooperate with the P.-T. A. in a project to beautify the school ground just south of the bridge. This committee was composed of Mrs. J. L. McMurry, Mrs. Frank Phelan and Mrs. C. D. McDowell.

"Birds and Bees in Our Gardens" was the theme of the program presented by Mrs. Walter Taylor and Mrs. Lee Holland. Leaves from Mrs. Taylor's scrap books showed the birds native to this locality and an interesting quiz on birds proved quite educational.

Hostesses served lovely refreshments of neopolitan ice cream and cake with johnny-jump-up bouquets as plate favors.

Guests attending were Mesdames M. C. Reed, Henry Williams, F. L. Goldston, Frank Frey, Bill Ray, Rolle Brumley, Jack Molesworth, Eva Draffen, W. B. Sims, J. A. Moreman and Miss Betty John Goldston.

Members attending, Mesdames H. T. Warner, Will Johnson, U. J. Boston, J. L. McMurry, Frank Phelan, John Goldston, Joe Goldston, O. C. Watson, A. L. Chase, J. H. Howze, C. D. McDowell, J. E. Mongole, Lee Holland, Walter Taylor, H. C. Brumley, R. R. Dawkins and Ed Speed.

HARDIN-BEARD

Miss Billie Hardin, daughter of Mr. and Mrs. W. R. Hardin and Johnnie B. Beard, son of Mr. and Mrs. Johnnie W. Beard, were married Thursday evening, May 20th at Altus, Okla. They were accompanied by Billy Ray Bell.

HARDIN-HILL

Miss Thelma Hardin, daughter of Mr. and Mrs. W. R. Hardin and A. W. Hill, son of Mr. and Mrs. Sam Hill were married Saturday evening, May 22 by Rev. J. O. Quattlebaum. They were accompanied by Mr. and Mrs. Johnnie L. Beard and Miss Ada Bradley.

FRIENDSHIP CLUB

Mrs. C. R. Skinner was hostess to the members and guests of this club Tuesday afternoon when she entertained at her home. Lovely flowers were used to decorate the guest rooms. Mrs. Skinner, president, presided at business meeting. Pleasant conversation and Red Cross work was the main feature of the afternoon.

A lovely refreshment plate was served to invited guests, Mrs. M. G. Cottingham of Lelia Lake and Mrs. G. M. D. Matherson and Mrs. Gene Hester of Clarendon; Club members, Mesdames H. Tyree, J. E. Mongole, Womack, Jesse Poole, M. E. Thornton, C. E. Lindsey, L. Ballew, J. W. Morrison, G. J. Teal, J. D. Stocking.

WOMENS SOCIETY OF CHRISTIAN SERVICE

The Womens Society of Christian Service met in the church parlor Wednesday afternoon in their regular social and business meeting. Mrs. W. C. Slater gave the devotional and Mrs. Lawrence Whitlock gave the lesson from the book, "The Methodist Meeting House." Frankie Hommel played a piano solo, "Valcik" by Mokres.

Refreshments were served. The hostesses were Mrs. W. C. Thornberry, Mrs. Homer Bones, Mrs. W. C. Slater, Mrs. A. L. Thornberry, Mrs. W. T. Clifford.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

The landscape of huge trees, shrubs and vines is much more attractive by the wisteria vine draped over the garage at the home of C. W. Taylor.

A lovely flora bunda rose is flowering profusely over the rock fence in the garden of Joe Goldston.

The home of Dr. Guy Stricklin is made more beautiful by the red rose and the white mock orange that are blooming in an abundance.

One of the most beautiful roses is the huge pink climber in the foreground at the home of the Misses Harned. In the background there are huge mock orange shrubs covered with snowy white blossoms.

Red and pink roses produce a very bright splash of color at the yard of Mrs. Linnie Cauthen.

The park way on College avenue has recently been cleared of weeds and presents a more pleasing view.

Numerous bright colored flowers are blossoming in the yard at the Dr. B. L. Jenkins home.

Victory gardeners are rejoicing over the recent rains and many are beginning to enjoy the fresh vegetables for their own use.

EPISCOPAL CHURCH OF ST. JOHN BAPTIST

Rev. Frank H. Hutchins, M. A., Clergyman
Mr. Walter B. Knorpp, Lay Reader

There will be no service Sunday, May 30, at the Church of St. John Baptist. Instead, all the members of the congregation are urged to attend the Union Service Sunday evening at 8:30 at the Methodist Church.

Thursday, June 3, however, is Ascension Day, and there will be a celebration of the Holy Communion at 10:00.

CHURCH OF CHRIST

M. F. Manchester, Minister
Bible study at 10 a. m. Preaching and the Lord's Supper at 11. Evening services begin at 8:45. A warm welcome to all.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor
Preaching service at 11 a. m. Due to the Methodist revival there will be no evening service. Next Wednesday at 8:30 p. m. our prayer service and Bible study, the 10th chapter of Acts. All are invited and welcome.

Pfc. and Mrs. Norman McCrary returned to Gainesville Tuesday night after a ten-day visit with relatives and friends.

Dr. B. L. Jenkins spent the week end visiting his son and family, Mr. and Mrs. B. L. Jenkins Jr. at Amarillo.

RED CROSS VOLUNTEER SERVICE

We are busy packing all garments for our largest shipment which goes the first week in June. If anyone has Red Cross sewing, please turn it in not later than Saturday, May 29th. This does not mean the Soldiers Kits.

Sewing
Mrs. John Goldston turned in 2 quilts made by the following ladies of the Midway community: Mrs. Dick Tomlinson, Mrs. Bob Williams, Mrs. W. D. Higgins, Mrs. Margaret Cole, Mrs. Swinney, Mrs. Hartman, Mrs. Luttrell, Mrs. Loyd Moreland, Mrs. Everette Stevenson, Mrs. Will Chamberlain, Mrs. Dalton Swinney, Mrs. Edith Longan, and Mrs. John Goldston. These quilt tops were pieced and donated by Mrs. W. K. Davis. Mrs. Davis has also pieced 4 other quilt tops.

Another quilt top was made by the ladies of the Mother Study Club.

We took 337 articles to the Army and Navy Hospital in Amarillo. These were made by the ladies of various clubs, church societies, and the Home Economics Class of the college. We hope to have some other sewing for this hospital at a later date.

A nice donation of used clothing was given last week by Mrs. Cap Morris. We again want to stress the urgent need for more used clothing.

Soldier's Kits
We issued 83 Kits to Mrs. Doss Palmer for Mrs. Burton's Sunday School Class. Two very nice donations were given to us last week for the Soldier's Kits by Mrs. S. T. Sayre and Mrs. J. D. Swift.

We thought the readers of our column would be interested to know that the younger children

were thinking of the Red Cross too. Last week we received a donation of \$2.05, which was the balance in the Treasury of the Defense Club. Members of this club are: Edward Sawyer, Clyde Price, Mike Smith, Tommy Murphy, Fred Molesworth, Billy Naylor, Ladelle Cox, Buster Bain, Betty Jean Decker, Arvazene Smith, Scharlene Pyeatt, Ira Jean Estlack, Jovetta Maxey, Gene Bryan, Joan Thompson, Dorothy Ann Castleberry, and Mae and Miller Morris.

HOME SERVICE

Much anxiety has been felt at times by dependents of service men because of delay in receiving checks. Because of that fact the following statement has been issued from Red Cross headquarters: A check is not payable until after the close of the month for which it is effective. Thus, a check effective for the period beginning March 1st would not be payable until March 31st and should be received early in April.

The following statement is interesting: Under Office of Price Administration regulations, a serviceman on furlough for three days or more is entitled to obtain quantities of rationed meats, cheese, fats or oils and canned fish to supplement the rations of the relatives or friends with whom he spends his furlough. Men on seven days furlough or more may obtain quantities of other rationed foods. These may be obtained upon the presentation of his furlough by the Serviceman to the local ration board.

Newspapers have reported the activities of individuals who are securing funds falsely from relatives of servicemen for transportation of the man for a last leave home before being sent overseas. Usually these impostors visit families and represent themselves as non-commissioned officers. Their approach to the relatives stresses the urgency of the family comply-

ing at once with funds. When people are so approached, they are asked to at once notify the officers. It is obvious that a commanding officer would not send personal representatives to a family to secure funds.

V-Mail service has been extended to correspondence between British Army and Navy personnel residing in the U. S. and relatives and friends in Great Britain.

LEAVE FOR SANTA FE

Will Lewis and Mrs. William Lewis Jr. left Monday for Santa Fe, N. Mex., where Mrs. Will Lewis and her daughter Mrs. Tom Slick from Dallas will join them for a week.

HOME ON VISIT

Ensign and Mrs. R. P. Slaven of New Orleans, La. are home on a 5-day furlough. He finished his training and received his wings May 19. He is being transferred to Naval Air Station at Hutchins, Kansas as an instructor.

Corp. Carrol Monroe of Camp Cook, Calif. visited his sister, Mr. and Mrs. P. C. Messer Wednesday. Mrs. Messer and son accompanied him to Plainview where they will visit their parents.

Mrs. Harmon R. Fricks and children of McAlester, Okla. have been visiting her folks, Mr. and Mrs. D. C. Williams of Clarendon the past two weeks. They returned home Friday. Mrs. Fricks is the former Miss Louise Williams of Clarendon.

Mr. and Mrs. Edd Speed were in Amarillo Saturday.

Motion pictures of all University of Texas football games, including the ones with Northwestern and T.C.U.—Texas lost both of these—are now in circulation in service camps throughout the nation, Coach D. X. Bible has announced.

MORE THAN FLOOD WATER NEEDS CURBING IN TEXAS

Thanks to the diligence of a Texas House investigating subcommittee headed by Representative Jo Ed Winfree (Houston), and the untiring work done by Representative Marshall Bell of San Antonio—serving his first term—Texas now has a law, awaiting only the signature of Governor Stevenson, which will check some of the activities of river authorities in this State.

Two such authorities—the Guadalupe-Blanco and the Lower Colorado River—were created in 1935 for the primary purpose of curbing the flood waters in the streams named in their titles. The house committee found, after weeks of investigating, that the Guadalupe-Blanco Authority had done no flood-curbing, and the Lower Colorado Authority had done little except in so far as the erection of dams to generate electric power upstream from Austin might be useful.

The Bell Bill is intended to curb something relatively as serious as flood waters—namely, a disregard for the responsibilities that should be assumed by every member of a State-created agency, whatever its size or purpose.

Therefore, the Bell Bill prohibits any agency heretofore or hereafter created by the Legislature to carry out the purposes of the Conservation Amendment to the Texas Constitution:

From paying or contracting to pay, directly or indirectly, any commission or fee to any person whomsoever in connection with the purchase, lease, sale or acquisition in any manner whatsoever of any property, real, personal or mixed, then existing and being used for the purpose of generating, transmitting and distributing electric power.

From fixing, by contract or otherwise, the resale price of any commodity as service sold by such agency to any municipality or electric corporation.

From making any loan of money to another agency for any purpose whatsoever; from employing

an attorney to perform any legal service in acquiring for the agency existing facilities for generating, transmitting or distributing electric power or energy except for a sum of money to be agreed upon at the time of such employment.

From making any contract or agreement under the terms of which its electric facilities may be operated—with either a private corporation, unless such private corporation be doing business in Texas in such a manner as to be subject to the jurisdiction of the State Courts! or a public corporation or public agency (whose principal business is the generation, transmission, distribution or sale of electric power or energy) unless such public corporation or public agency is created under Texas laws.

The legislation by no means covers all the devious activities of river authorities brought to light by the Winfree Committee. It is not so comprehensive as the original draft by Representative Bell—but it is a start, and a good start when a Texas Legislature finds time to enact such a bill.

San Antonio's experience in recent months with two river authorities was responsible both for the House investigation and the passage of the Bell Bill. Enactment of the law does not end San Antonio's difficulties over a contract upon which the courts must pass—but San Antonio's experience has contributed to the benefit of other cities and the State itself.—San Antonio Express.

Tom Goodner left Tuesday for a two weeks vacation visit with his uncle and aunt, Mr. and Mrs. Fancher Upshaw at Amarillo.

Mr. and Mrs. R. S. Dillard are visiting their son and wife, Mr. and Mrs. Billy Dillard at Plemons.

Miss Mable Mongole is at home after teaching school at Alarred the past term.

MEMORIAL DAY

Sunday, May 30th

LET US HONOR THE HEROES OF TODAY

This year the thought of Memorial Day is brought closer to our own homes. Every day there are many of our boys being killed and wounded in action.

For the duration - - - let us keep the thought in mind - - to do every big and little thing that might help to bring this war to a close.

This Sunday, we not only honor the heroes of past wars, but our valliant heroes of today.

EVERY DRIVER CAN HELP

KEEP 'EM ROLLING

WAR, 1943 style, is war on wheels. Men, weapons and materials vital to victory must be moved swiftly, safely and without delay.

But each day accidents at grade crossings in America injure or kill 19 motorists and delay 38 trains a total of 22 hours—a drain on manpower and time that a nation at war simply cannot afford.

Will you, as a patriotic driver, enlist in the nationwide campaign now under way to stop these accidents? Here's how you can help:

1. Be extra careful—wartime careful—in all your driving.
 2. Be especially alert when approaching a grade crossing.
 3. Be sure the way is clear before you cross the tracks.
 4. LOOK, LISTEN and LIVE!
- Help keep 'em rolling for victory!

NATIONAL SAFETY COUNCIL

America's Part In Total War

Designed to bring about a greater understanding and appreciation of America's part in total war, an advertisement is being published this month in the Donley County Leader and more than 300 other daily and weekly newspapers in the Gulf South by United Gas Pipe Line Company and associated companies.

"It makes me wonder what kind of an American I am" is the heading of the advertisement which outlines a few of the many things soldiers of the home front can do to back up our fighting men and speed Victory.

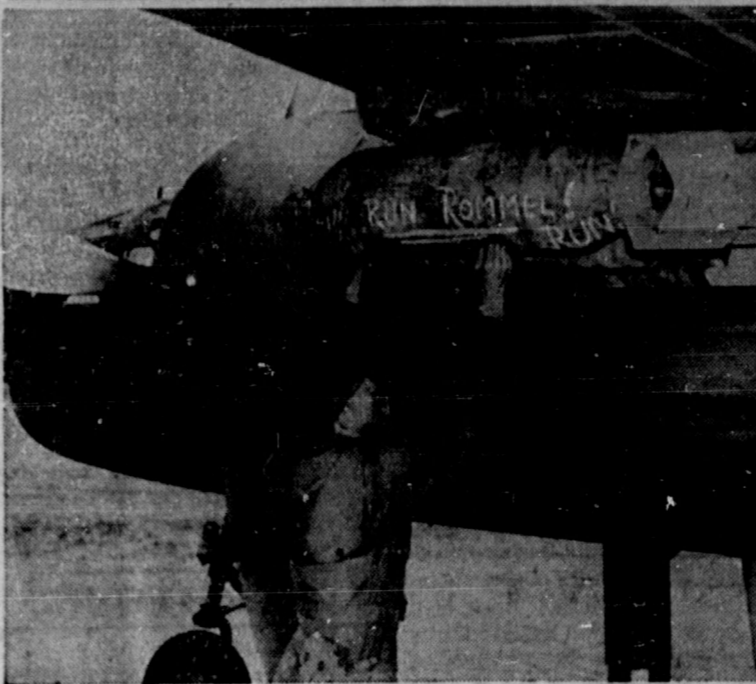

The sponsoring organization is engaged in production and transportation of natural gas to meet the fuel requirements of war industries, cities and military centers throughout the Gulf South. Its oil production is going to meet military requirements in this country and at distant battlefronts.

The advertisement points out that every civilian can identify himself with the war by voluntarily doing certain jobs, working in spare time, investing idle funds and part of earnings in war bonds, and cooperating in the numerous wartime activities now being conducted.

Schools' Victory War Loan Drive Goes Over The Top

Texas schools have gone over the top in raising their quota for the Second Victory War Loan Drive. Their goal set by the Treasury Department was to purchase

A B-25 Delivers Its Message

U. S. Army Air Forces Photo

This picture reveals one reason why Rommel is no longer in Africa. The bomb on which was chalked the advice for Rommel to run, and the B-25 which delivered it, were both paid for by War Bonds. Every Bond you buy is a message of defeat for the Axis.

U. S. Treasury Department

354 jeeps, \$900 in Bonds and Stamps being considered the cost of one jeep. Final reports from the War Savings Staff in Austin indicate in excess of 4,000 jeeps purchased by the school children of Texas. The goal set by the Treasury Department for the schools of the entire nation was 10,000 jeeps. In view of this figure the accomplishment of the Texas school children is outstanding. The San Antonio schools turned in a top record. In excess of \$6,000,000 worth of Bonds and Stamps were sold and purchased through a concerted drive by the combined

schools of the city. This fund will be used to purchase 20 flying fortresses for the Alamo Squadron.

USED INNER TUBES ARE RATION-FREE

Used inner tubes for passenger car or truck tires can now be purchased without a ration certificate. It is estimated that there are about 765,000 used passenger car tubes and 225,000 used truck tubes now idle in dealers stocks. All rationing regulations have been removed on used tubes to help conserve the supply of new ones.

2nd War Loan Drive Passes Dist. Quota

With a goal of \$400 Million and sales of \$577,770,126 (millions), the Eleventh Federal Reserve District comprising all of Texas and parts of Louisiana, Oklahoma, New Mexico and Arizona, exceeded its goal by more than \$177 Million or 44.4 percent.

Of the above final over-all district total, \$349,392,626 (millions) were sales to non-bank investors, exceeding the \$200 Million district goal for this class of investors by more than \$149 Million or 74.5 percent. The remainder was sales to

bank investors and totaled \$228,377,500 (millions), distributed on an allotment basis after being over-subscribed several hundred percent.

Figures giving official final sales by counties in the district are now in the hands of the War Finance Committee chairman and co-chairman in each county—with over-all sales totals broken down into "non-bank" and "bank" classifications, and with sub-totals showing sales of each of the several different types of bonds offered.

Pvt. James K. Morton visited his parents and wife here Sunday. His wife and son returned to Frederick with him for a visit.

—On Pay Day, Buy Bonds—

Farm Workers Need No Social Security Number

"The boy or girl who expects to go to work on a farm after school is out to assist in winning the war on the home front does not need a social security account number," according to Dewey Reed, Manager of the Amarillo Social Security Board office. "If this same boy or girl has a job or has good reason to expect employment in work covered by the Social Security Act, such as clerking in a store, working in a cafe, or in any other kind of industry, except agriculture, city, county, state or government employment, then a social security account number card is necessary."

"In the connection it should be stressed that when an individual secures an account number he should keep it, recording the number in some place where it will be available at all times, just in case

the original might become lost or stolen. Social Security cards are not easily replaced as they used to be on account of paper shortage and scarcity of help. If everyone securing account numbers will preserve them and keep them in a safe place, they will be making a valuable contribution to the war effort," Dewey Reed emphasized.

"Newspapers and the Office of War Information have been cooperating in an effort to reduce the number of applications for duplicate account numbers Boys and girls who are entering covered employment for the first time this year are urged to safeguard their account number cards against possible loss. Anyone who needs a social security account number card secure one from any Social Security Board field office but they not needed unless the applicant has a job or expects to go to work right away," he concluded.

The Second War Loan drive is for \$13,000,000,000. That means \$100 from every resident of the United States.

We Honor The Heroes of 1943

This MEMORIAL DAY

Memorial Day comes closer home this year. For our Nation is at War. Perhaps that neighbor boy you knew so well has just given his life, or has been seriously wounded on some far-away front. Perhaps he has been reported missing in action on land or sea.

While we pause to honor the memory of the heroes of all Wars, past and present, let's resolve to make whatever sacrifices are required to bring about the downfall of today's would-be dictators, so that we may move forward in

... "It makes Me Wonder What Kind of an American I Am!"

"This morning I visited with the Jones family. Believe me, I learned firsthand what this war means to all of us, and how our loved ones are sacrificing on the war fronts today—right now! That is, I talked to the oldest Jones boy, home on furlough from the battlefield.

"When I learned what our boys at the front are doing—risking their lives in battle, exposing themselves to shell shock and the many other horrors of war, going for days on emergency rations and without a good night's rest, and making countless sacrifices unheard of here at home . . . well, it made me wonder just what kind of an American I am.

"It made me wonder, too, how many other Americans have been as easy-going as I—going on about our daily tasks, giving little thought to what we can do to help.

"I realize that I, like too many others, have been concerned mostly about how this war is affecting me—instead of finding ways how I can help in our war effort. From now on, when I'm asked to work in OCD or Red Cross—to sell War Bonds or do other wartime jobs, I won't need any excuses. In fact, I won't wait to be asked. I'll volunteer, knowing that my contribution will help bring Victory quicker and speed the return of our courageous fighting men!"

Keep The Victory Garden Producing

Conscientious Victory gardeners, especially those living in areas having suitable moisture, plant and harvest throughout the growing season. But J. F. Rosborough, horticulturist for the A&M College Extension Service, cautions against planting any but heat resisting varieties in summer. English peas, head lettuce, mustard greens, bush beans and radishes are not suited to a hot weather garden.

After the white potatoes are dug plant blackeyed or cream peas in the same rows, Rosborough suggests. When early mustard greens go to seed, follow with okra, green pepper plants, or even swiss chard. Incidentally, swiss chard has more vitamin A than any of the other greens. Leaf lettuce, which is tolerant of warm weather, is an excellent successor to early radishes, but gardeners should be careful not to confuse the leafy variety with head lettuce. Grand Rapids or Black Seeded Simpson are recommended for good summer growth.

Eggplant does well in hot weather, with Florida Highbush or Purple Beauty well suited to Texas growing conditions. Allow three feet of space between plants, but watch out for potato bugs. When this pest gets a start on potatoes it will move to eggplants and eat them up in a few days. On the first appearance of the bugs dust the plants with calcium arsenate and they will give no further trouble. A second planting of sweet corn may be made now in order to provide roasting ears over a long period. When it is up 10 to 12 inches thin the stand to two feet apart. All hot weather vegetables need more room for moisture and plant food than the early ones.

The horticulturist warns against digging potatoes in the morning and allowing them to lie in the sun all day. Dig in the evening and place them in a cool, shady spot immediately to dry for a day or two. Then spread them out on poles or straw in a cool, dark place where air circulates freely. Never have the potatoes more than two layers deep and, if there is room, a single layer is even better. Remove all bruised potatoes before storing them.

C. H. Cruse of Groom visited here Sunday.

EXAM FOR UNITED STATES ATTORNEYS AMENDED

The Board of Legal Examiners of the U. S. Civil Service Commission today threw open the special Federal attorney examination scheduled for June 12 to four additional groups of applicants.

Originally limited to attorneys recently discharged from military service, members of the 1943 law school graduating classes, and qualified persons granted disability preference, the exam for \$1,800 and \$3,200 legal positions is now also open to those qualified attorneys and law school graduates not able to take the 1942 examination because they were:

1. American citizens living in centers of the War Relocation Authority;
2. Qualified men not applying because they were officially notified of their imminent induction into the U. S. armed forces;
3. Persons not citizens on August 31, 1942 (closing date for filing 1942 applications) who have since received citizenship;
4. Law school students not expecting to complete law school by February 15, 1943 who did so

DESTROY EXPIRED RATION STAMPS

Housewives are urged to destroy all expired red or blue ration stamps to help guard against black markets in food. Reports to OPA indicate that many storekeepers have asked their customers for expired stamps, and in turn have used them to buy more food from wholesalers. Because foods bought at wholesale with these stamps can be sold at retail without points, every expired stamp given to a storekeeper is a potential contribution to an illegal market.

Mr. and Mrs. J. K. Morton and James Morton visited relatives at Amarillo Sunday. Mrs. James Morton and baby returned home with them.

Diese Kriegsindustrie Geschlossen weil die Notige Elektrizität nicht mehr Vorhanden ist

You Can't Depend on Isolated Hydro-Electric Power, Eh, Mr. Goebbels?

Allied bombers this last week hit Herr Goebbels in one of his most vulnerable spots. Bombs—and mines—rained upon two of Hitler's biggest dams, knocking out hydro-electric plants which provided power for much of Nazi-land's wartime industry.

"Rail and Highway Bridges and Power Plants Swoop Away and Whole Industrial Centers Wrecked" read the newspaper headline.

Of course, crafty Herr Goebbels wouldn't actually post the sign seen above: "This war industry closed for lack of electric power." But that, in fact, had already happened, even before the latest bombing raid on Nazi hydro plants. Power shortages have hampered German factories. With all their other substitutes, the Nazis haven't yet been able to invent an ersatz electricity!

West Texas—and all America—is more fortunate. There's no power shortage here! And we're not dependent on hydro-power... which, as the Germans have learned, is vulnerable to enemy airmen while has been with-out ample power for all its needs!

Here in West Texas we have an interconnected system of steam power plants, each independent of the other. Neither bombs nor drought nor floods in the vicinity of any single plant can "knock out" this system.

Transmission lines are so linked together that power is automatically switched from one region to another in event of mishap. It's the most dependable system the world has ever known.

While Goebbels posts his "Closed" signs, free American men and women—permitted to plan, invent and create in the democratic way—are building the weapons of war which hasten the day of Victory... posting another sort of sign: **Danger, Adolf—Americans at Work!**

We have more electric power than all the Axis nations combined. And no war industry served by the electric companies under American business management (companies like the West Texas Utilities which are supplying over 90% of this

REDDY KILOWATT: "There's no substitute for War Bonds, either!"

West Texas Utilities Company

Mr. and Mrs. Jiggs Mosley and children who visited her mother, Mrs. H. L. Riley in Clarendon and his parents, Mr. and Mrs. Milt Mosley at Hedley, have returned to their home at Truscott, Texas.

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary
Donley County ACA

We are receiving very good response to the letter sent out showing the number of pounds of cotton harvested, on each farm. We should like to have all these in the office as soon as possible, as work needs to be started on tabulating this data on the farm work sheets as soon as possible. Those of you whose pounds check out all right we should like for you to sign the letter in the place specified and turn it in, but should it not check, we would be glad to check with you at any time.

Farmers in the Clarendon community are especially invited to come to the county office Friday, Saturday and Monday, and longer if necessary to let us help you with any premeasurement problems that you have. In order to have a steady flow of work we are sending out just so many letters asking farmers to come in on certain days. Please try to come on the day shown in the letter of notification if at all possible. But if you cannot please do not come until the next Tuesday following, as I expect that we will be very busy taking care of the ones notified to come that day. Probably beginning next Tuesday all farmers in the county who have not taken advantage of the Pre-measurement Program are invited to come in as soon as possible to do this work if you would like to have it done.

VISITS HERE

Edgar Palmer, who is stationed at an Air Corps base at Denver, Colo., visited Mr. and Mrs. Doss Palmer here Wednesday and other relatives near town. He is on a furlough and is on his way to visit his family at Houston.

Dairy Feed Problems

The present need for dairy products, and perhaps for several years to come, should be an encouraging outlook picture to dairymen. It seems likely, too, that when the war ends there will be a demand for foundation stock from the United States to rebuild dairy herds in European countries.

According to H. M. Breedlove of the A&M College Extension Service, the other side of the domestic picture does not look so good. This angle is the feed situation. Feed is high in price at this time, and many persons who have studied the supply and the outlook for production believe it will remain high. This means, says Breedlove, that every effort must be made to have an abundance of pasture, silage, and good quality hay. The more good roughage which goes down the cows' throats the less grain mixture will be needed.

Put another way, the higher the protein content of the roughage, the less protein will be needed in the grain mixture. Most Texas hay contains less protein than it should. The more immature the hay crop is, the higher it is in protein, Breedlove says. Of course, tonnage as well as quality is wanted. Therefore, it should be cut at medium stage. Johnson and Sudan grasses should be cut just before they head. Prairie grass should be cut at or just before bloom, and cane should be cut in the bloom.

Farmers should try and put up one ton of hay and three tons of silage for every cow. If no silage is made, put up two tons of hay for each cow. If at all possible, also put up some legume hay like alfalfa, clover, cowpeas or peanut. Legume hays are higher in protein.

CLARENDON MEN TO LAREDO

Transfer of several Clarendon men from the Lubbock Army Air Field to the Air Forces gunnery school at Laredo was announced this week. They will pursue a course of instruction in flexible gunnery at the Laredo base.

They were Pvt. Johnny Grady, son of Mrs. Robbie Grady; Pvt. David F. Hall, son of Mrs. Mamie Hall, 90 North Boyer, Amarillo; and Pfc. Eulen O. Higdon of 603 College avenue, Lubbock, son of Mrs. Gertrude Higdon of Clarendon.

The Three Clarendon men enlisted last October and had been stationed since that time at the big twin-engine advanced flying school at Lubbock, where Uncle Sam turns out pilots for his big bombers and transport planes.

GLENN ALLEN JOINS ENGINEER CORPS

Glenn Allen, manager of the Clarendon Hotel, has volunteered his services to Uncle Sam and will leave for Ft. Sill, Okla. for induction tomorrow. He will be connected with the Army Air Corps Engineers and will receive his basic training at March Field, Calif. After six weeks there, he will be eligible for Officers Candidate School or overseas duty and will receive the rating of Master Sergeant.

Mr. Allen, with his family, came to Clarendon a few months ago to take over the management of the Clarendon Hotel so that his father could move out on his farm. Before moving back to Clarendon, Glenn made engineering his profession for about seven years, which makes him very capable for the work that he will enter for the government.

RETURN FROM VISIT

Mr. and Mrs. Frank Bourland and Mr. and Mrs. Finn Bourland of McLean returned home Wednesday from a visit down state. Mr. and Mrs. Finn Bourland visited her mother, Mrs. Medley at Ft. Worth and relatives at Dallas, while Mr. and Mrs. Frank Bourland visited their daughter and family, Mr. and Mrs. Bob Dillard at Corsicana. Their grandson, Ritchie Dillard accompanied them home for a visit.

VISIT HERE SUNDAY

Mrs. W. T. Cornelius and daughter Wanda Lou, accompanied by her son Wilson Cornelius and wife and son Jerry from Altus, Okla. spent Sunday with Mrs. Cornelius' sisters, Mrs. T. Jones and Miss Cora Ferris north of town.

By Bureau of Public Relations, U. S. War Dept., Wash., D. C.
The Women's Army Auxiliary Corps observed its first anniversary Sunday, May 16. WAAC enrollment has reached the 60,000 mark, more than one-third of the authorized strength of 150,000, which it is hoped will be reached by July 1. WAAC forces are installed at Allied Headquarters in North Africa and in over 100 Army camps, posts and stations in this country. Requests for WAAC's for non-combatant jobs from Commanding Generals in overseas units total 18,810; requests from commanding officers of Army units in this country total 500,000 (375,000 from the Air Force alone).
The WAAC is open to all women from 21 to 44 inclusive, who have two years high school education or the equivalent, who are physically fit and mentally alert, who have no children under 14 or other dependents. Above, Auxiliary Martine Celis, typist at the Public Relations Office, at Pine Bluff Arsenal, Arkansas.

Mr. and Mrs. Red McCrary left Wednesday for Camp Howze, Texas, after a visit here with relatives.

Mrs. A. T. Cole who is in the West Texas Hospital at Amarillo after a major operation, is said to be doing nicely at this time.

Food Forecast For 1943

Beef animals, sheep and lambs, and pigs on Texas farms and ranches on January 1, 1943, were at an all-time high, according to County Agent H. M. Breedlove. Moreover, the record number of chickens on Texas farms stood 17 per cent above a year ago and 44 per cent above the ten year average. The average on hundred hens produced 1,047 eggs in February of this year compared with 985 in the corresponding month a year ago.

Employing these figures for an analysis of the current year's food outlook, Breedlove notes an intention by Texas farmers to increase acreages in cereals and feed for 1943. For example, Breedlove says, sweet potato acreage promises to be 56 per cent above 1942. Regardless of reduced labor and shortages of machinery and equipment, farmers plan to plant two per cent more corn; four per cent more barley and rice; 15 per cent more peanuts, and increase the acreage of all sorghums 11 per cent above last year.

Unusually good calf crops and reduced death losses more than offset the increase of 29 per cent in marketing of Texas cattle and calves during 1942 over those of the preceding year. Indications are that the 1943 spring pig crop will be about 30 per cent larger than that of a year ago, which in turn was 44 per cent greater than the 1941 spring production.

"Farmers were assisted in their patriotic efforts to meet the war needs for meat by bumper crops

on the Plains, and by attractive prices for livestock," Breedlove says, "but it should be pointed out that farmers now are squeezed between skyrocketing feed prices and ceiling prices on meat. Farmers will need extra labor for peak requirements, as well as favorable seasons. Given these, they will do their part to reach the war food goals set."

ACCEPTS NEW POSITION

Virginia Williams who has been the librarian in the Lovington, New Mexico school, spent the week end with home folks. She left Wednesday morning for Deming, New Mexico where she has accepted a position as librarian in the Bombardier school there.
