GROUP MEETING OF LIONS CLUBS MEETS TONIGHT

E. J. Osenbaugh of Denver Will be Principal Speaker

Members of Lions clubs from Amarillo, Claude, Panhandle, Pampa, McLean, Childress and other points will meet with the local club here at 6 this evening in a group meeting of the clubs of District 10.

R. J. Osenbaugh, international vice president, will be the principal speaker. District Governor Del Harrington of El Paso is expected to be heard on the program.

While the men are in a group meeting, the ladies will be entertained at the Pastime theatre.

A banquet will be served at 7:30 at the Antro hotel. Arrangements have been made for a large attendance on this meeting, according to Secretary Robt. S. McKee.

The occasion will be observed as semi-annual ladies night by the host club according to President T. D. Nored.

Dewey L. Wood Announces For Commissioner

The Leader is authorized to carry the announcement of Mr. Wood as a candidate for the office of County Commissioner from Precinct 4. He has resided near Skillet for seven years, and has never offered for a political office before.

He has a high school education, is a farmer by trade and is at present serving his community as a member of their school board, as well as being a patron of the school. He believes in good schools and good roads as well as other things that go toward making a community a better place in which to live.

If elected, it will be his aim to secure for his precinct all the benefits due it, and to serve the county as a whole to the best of his ability. He asks the consideration of the voters of his precinct on his reputation as a neighbor and citizen.

1ST CENTENNIAL EFFORT IS MADE HERE TUESDAY

Public Schools to Play Important Part In Celebration

C. E. Sloan, representing the American Legion Texas Centennial Committee was here Tuesday and secured the assistance of children of the schools in the sale of Centennial stamps, he having contacted 63 schools during his first two weeks. He has charge of this work in approximately a million dollars, according to Mr. Sloan.

The children will sponsor the sale of the stamps at a half cent each. It is expected that this effort alone over the state will bring in approximately a million dollars, according to Mr. Sloan.

The stamps are in three colors—red, white and blue. A single blue star on a white outline map of Texas with a red background forms the circular character in the center of the stamp. For the Texas Centennial appears at the top of the stamp, and the figures "1936" at the bottom.

The money to be gained by the sale of stamps, and the sale of a special Centennial coin already authorized by Congress, is expected to supply funds with which to construct a museum building at Austin on the grounds of the University.

On the opening day of the Centennial, March 2, 1936, the American Legion will contribute the museum building to the State of Texas gratis. This is the Legion's one big effort in making the Centennial the success it deserves.

When a child offers you a stamp, remember that one third of the funds derived from the sale will remain with the local school, and the other two-thirds will go toward the Legion campaign of constructing the museum building. One can easily see that both causes deserve the consideration of every citizen.

METHODISTS TO BEGIN REVIVAL SUNDAY MORNING

Rev. Frank M. Neal to Have Charge of Services Over Ten Day Period

According to an announcement of the pastor, Rev. E. B. Bowen of the First Methodist church, Rev. Neal will preach his first sermon at the morning hour next Sunday. The visiting minister is well known to west Texas Methodism, and is considered a very able preacher. He conducted a revival here twelve years ago and this visit is in a sense a "home coming."

Services are to be conducted twice daily.

Robert Watkins of Hedley will have charge of the song service. Mr. Watkins is a man of much skill as a song leader, and has had experience in helping with revivals.

The local pastor invites those of other churches, and those outside the church to attend these services feeling that much good can be accomplished by a closer co-operation.

Highway Will Be Bordered With Trees

Returning from Lubbock Monday, G. L. Boykin and Stanley Carlile brought with them one hundred and eight ash trees to be planted along Highway 5 in the west city limits. Another hundred will be gotten later.

The trees are being contributed by the agricultural field experiment station at Lubbock where thousands of shade and ornamental trees are being grown for this purpose.

More than a hundred honey locust trees were brought from Oklahoma Wednesday by a highway truck. These trees will be planted along Highway 5.

J. J. Alexander Critically Ill At Home Here

Returning here with Mrs. Alexander a short time ago, Judge Alexander expected to again make his home in Clarendon after an absence of some months in Ft. Worth where his sons Cecil and Byron and their families reside.

The Judge has been critically ill for the past week due to what is said to be a heart leakage condition.

Aggie Class Enters Stock Judging Contest

Vocational Agriculture students from Clarendon High were entered in the State Judging Contests at Lubbock last Monday judging in the live-stock contest.

The team was made up of Jess Cornell, Eugene Butler, and Walter Brady, with John Howard Gilbert and George Wayne Estlack as alternates. The team placed 7th in the contest that included teams from schools over all parts of Texas. Something near to 50 schools were represented and the competition was very keen only a few points separating the first ten places in each contest. Jess Cornell was high man on the Clarendon team and was 2nd in the judging of sheep in the contest which makes him the 2nd best in this respect in the State of Texas of the schools represented.

One other contest will be participated in before the end of the school year, at Plainview during the Panhandle-Plains Dairy Show.

The boys were accompanied by their teacher, G. L. Boykin, who has charge of the vocational agriculture and manual training work in the high school.

Commissioners Hold Short Session Wednesday

At a session of the Commissioners Court held the 28th attended by S. E. Harris and Roy A. Beverly, a deal was made for a larger road tractor and grader for this precinct.

The old grader and No. 30 caterpillar tractor and \$1200 was given for a used No. 60 caterpillar tractor and a twelve-foot grader, same to be delivered here without further cost.

NO COMPETITION

RAINFALL OVER COUNTY MONDAY NIGHT VARIES

Planting Prospects Please Farmers in Getting An Early Start

Rain fell in varying quantities over Donley county Tuesday night after midnight, the heaviest covering the northeast portion of the county. A rainfall of four inches at Shamrock extended southwest almost to Salt Fork in Donley.

Creeks were running bank full east of Goldston Wednesday morning. Good rains are reported over the Jericho section and southwest to Ashtola. The fall here and south would be worth little had not a half inch fallen little more than a week ago.

Farmers who had listed their fields preceding this rain are jubilant over the prospect of a good planting season. The early roasting air planting this season will be more than usual from all reports.

Sandy land farmers had not begun listing yet due to the high winds that prevent early plowing, though there is said to be sufficient moisture to begin their listing most any time.

Rains over the north end of the county covers Donley's best ranching section, and insures early grass and a big saving on feed bills. Due to the extra warm winter, stockmen have been spared the usual heavy feed bill this winter.

Aged Man is Suffering With Pneumonia Near Martin

The many friends of B. F. Sawyer will regret to learn that he is a pneumonia victim for the past several days. Mr. Sawyer is seventy-four years of age.

He visited with his children near Wellington until recently when he came to visit in the home of his daughter, Mrs. Dave Patterson near Martin. He has a wide acquaintance, and because of his quiet fatherly demeanor, has a large number of friends who will be glad to learn of his early recovery.

LATER—Mr. Sawyer is said to have passed away Wednesday night, the information coming just as the Leader goes to press.

CWA BULLETIN NEW RELIEF SET-UP

The complete termination of CWA activities on April 1st, will place the burden of supplying relief to indigent families of Texas on the shoulders of the following programs to be conducted by the Texas Relief Commission: Work Division (Work Relief), Direct Relief, the Subsistence Homesteads and the Rural Rehabilitation Projects.

The successful carrying out of these programs in Donley County has entailed the creation and installation, by the Auditing Department of the Texas Relief Commission, of a materially changed accounting system. The new system, known as the Donnell Installed System of Relief Accounting, was made under the supervision of George R. Donnell, Auditor of the Commission.

Of particular interest in the new set-up is the new "Work Relief" card which will enable the administration to properly supervise the "Work Division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made, definitely establishing their relief needs, will be given the opportunity to work and earn up to their estimated relief need requirements. This work card is so designed as to limit the payrolls to

Demonstration Club Quilt Brings Princely Sum

Ladies of the Clarendon Home Demonstration club serving lunches in the Fink building Saturday had a good demand for their appetite tempters, the ladies working in relays throughout the day.

Miss Julia Hahn was awarded the prize club quilt which netted the Club a total of \$18.

Hedley Legion to Entertain State Commander

L. Van Perkins State Commander of the American Legion will be in Hedley Monday night, April 9th and will make an address at the Legion Home at 8 o'clock that night. All ex-service men are not only invited but urged to come.

VOTERS CHANGE COMMISSIONERS CITY ELECTION

Many Believe This Will Be Off Year For Office Holders

Much interest was shown in the city election for two commissioners here Tuesday in which a record-breaking vote is said to have been cast when 597 voted. J. H. Hurn was election judge and H. J. Edington and G. A. Anderson served as clerks.

Commissioners A. L. Chase and Joe Holland were defeated by Tom F. Connally and H. C. Brumley, very little electing being done by any one during the campaign.

The vote stood at Connally 350; Brumley 346; Holland 269; Chase 188. Mr. Holland is serving his first term, and Mr. Chase has been serving since his appointment in 1925, being elected by decisive majorities each two year period.

A "new deal" was announced through the local press by Messrs. Connally and Brumley on March 15th in which they stated: "we are making this race for the following reasons: We want to give the people of Clarendon some relief from the present excessive tax rate, and exorbitant water rate, high gas, utilities and phone rates, also a rather expensive City administration."

(continued to back page)

Station CRS in Clarendon Closed Sunday

An operator under the Department of Justice was here Sunday in connection with an inspection of broadcasting station CRS being operated by Claude Duncan.

He held that the operator had not complied with all the requirements, and operator Duncan agreed to close the station and dismantle the equipment. No charges were filed.

The maximum for violation of the radio laws is a five-year term and a fine of \$5,000. The department that covers the radio field, hears complaints about interference of radio sets, etc. may be reached by addressing Federal Radio Commission, Room 464 Federal Building, Dallas, Texas.

HEAD OF LEGION WILL BE GUEST CLARENDON POST

Large Delegation of Local Legionists to Attend District Meeting

Van Perkins, State Commander of the American Legion will be a guest of the Aubyn E. Clark Post here at a luncheon at the Antro hotel Friday noon.

Commander Perkins will be enroute to Canadian to attend a convention of the 18th District of the Legion at Canadian which will be in session Saturday and Sunday of this week.

An effort will be made by the local Post to secure the next convention, a large number already having made arrangements to meet with their buddies at Canadian. This Post is best known as the "silver cup" Post because of having so many merited honors.

Bigger Demand For Materials For Roofing Jobs

Among the larger jobs to show up this week is the placing of a new roof on the Little Mercantile company. The building is one hundred and fifteen feet long and a width of fifty feet. The entire roof will be made new again out of a late shipment of roofing received by the Shamburger Lumber Company.

Geo. E. Ragland, local manager of the lumber company, states that business of his firm is showing an upward trend, and especially since spring has opened. Fencing of a number of kinds and roofing are the best sellers this week.

Rhodes Building Undergoing Remodeling of Front

Workmen are engaged in remodeling the front of the store building owned by Mrs. Eva Rhodes next door to the Clarendon hatchery. When completed, the front will be modernized with brick and plate glass. Other changes in the building are to be made along with any necessary repairs.

It is understood that the Thompson hardware company is to occupy the building, moving their stock from the White building next door to the Palmer auto company.

Youthful Baby Beef Grower Died at Amarillo Sat.

Jim Farley, youthful winner of grand championships at baby beef and meat shows in the Panhandle, is dead.

The lad died here Saturday, two days after his entry received grand championship honors at the fourth annual Lubbock Quality Meat Show.

James M. Farley, son of Mr. and Mrs. P. B. Farley of Groom, was 14 years old. He had been in the hospital here for the last six weeks. He underwent two operations.

While making a vain effort last Thursday to rally from the last operation, the boy received news of his latest achievement.

The same entry also won first place in the senior division of 4-H Club calves.

Two years ago Jim exhibited Blocky John, grand champion baby beef at Amarillo's fat stock show.

Funeral services were held Sunday afternoon in the Groom Methodist Church.

Among those going from here to express condolences to the family were Doss Palmer, W. H. Patrick, H. Bennett Kerbow, Frank Whitlock and Homer Mulkey.

American Legion Broadcasts Will Begin April 6th

Beginning on the above date, each evening at 10:30 a speaker will be heard in the interests of Legionists. The two leading net work systems have contributed time valued at \$504,000 for this occasion.

Speakers will be Sen. Reed, Sam R. Heller, Dan Sowers and others. Music will be given at intervals. All Posts will be requested to hold a meeting the night of the 6th commemorating the beginning of the war.

HIGHWAY WEST TO BE COMPLETED WITHIN 3 WEEKS

Construction Being Held Up From Clarendon Eastward

No definite information appears to be had as to when work is to begin on Highway 5 from here to the east county line, though the state has been ready to carry out its part of the contract for some time. Federal appropriations seem to be in a muddle.

The road bed from the west county line a distance of about 12 miles, has been opened to traffic as far east as the Martin school, and will likely be completed into town within the next month.

Gravel topping is to be put on the grade when it settles. Traffic is supposed to hasten the settling process.

No arrangements have been made with the state department relative to work on Highway 88 from Jericho to Brice, though the county commissioners have been using every effort for some time to make this highway improvement possible.

Ben Hill Opens Up Grocery Store at Ashtola

For the past twelve years Ben Hill has been best known as the "country grocer" by reason of the fact that he has conducted rural grocery stores.

He has a store at Brice and another at Goldston. On Saturday of this week he will open a grocery store in the Tims building at Ashtola where he expects to make his home.

Few men have built the good will and made the financial success of rural grocery stores in west Texas as has Ben Hill. Those who know him feel that Ashtola has been fortunate in the acquisition of the Hill family as neighbors, and in school and church work.

PARSONS BROS. CLEANERS MOVE PLANT LOCATION

Purchase SoRelle Building Giving More Room For Steady Expansion

The cleaning firm of Parsons brothers, Homer and Carl, is to be moved the coming week to the SoRelle building next door to Caraway's cafe, they having purchased the building last week.

Plumbers and carpenters have been busy all the week getting the changes made to best accommodate the new line that is to occupy the building.

Homer Parsons began learning the trade when he formed a partnership with T. M. Shaver on September 8, 1921. The firm then known as Shaver & Parsons continued in the Trent building until March 15, 1927.

It was then that Carl Parsons entered the firm by purchasing the interests of Shaver, and the business was moved to the Moss building where it has remained to this date.

At the time the new partnership was formed, new machinery to meet the needs and requirements in a first-class cleaning and pressing plant was purchased. Additional improvements have been made since then to take care of an ever increasing business.

The present move is made necessary by the steady expansion of business and the demand for more space. In addition to the cleaning and pressing, the firm does a nice volume of business in cleaning and re-blocking hats. This hattery line was added some two years ago.

In addition to the local trade, much of the volume of the clothing and hat business comes from out of town. Because of the quality of work coupled with reasonable charges, the clientele over this trade territory is increasing far more than the average individual would suspect.

CALAMITIES CAPITALIZED.

You just have to hand it to any town that can capitalize on a calamity. When the big wind struck Dalhart a few nights ago, it blew in plate glass fronts and wrecked an ice loading dock near the railroad.

AUTO WAR CONTINUES.

Reading from an insurance brochure giving a list of the total deaths and wounded for the year ending with the first of April, we have been having some real battle for the past twelve months.

The pitiful part of the whole thing is that few carried any insurance. No one is due a pension from the government. The auto was the chief offender from reading these statistics that are compiled with accuracy.

JURIES HAVE A COMPLEX.

Juries refuse to render verdicts of guilty in many instances because they have reason to believe the accused will be paroled or pardoned. If he is paroled, there is not so much danger, but if he "does" time and is forced to wait for a pardon, then it's too bad.

It all reminds one of the story of the judge who asked the defendant if he had anything to say before receiving a suspended sentence for murdering his wife.

LARCENY Methods Modernized.

A new racket has sprung up in west central counties of Texas recently. Mules and some times other draft stock has been stolen, loaded into a truck during the night and placed on the Ft. Worth market early the next morning.

Another racket being worked appears to be getting over in some places. Two men in a truck visit the farms and purchase beef stock. A check is given on a bank in some other part of the state in payment.

UNCLE SAM'S CRIMINAL ELEMENT.

If we have the most highly civilized nation on the globe, the other folks must be having quite a time. According to a report of the Department of Justice at Washington, Nevada leads with the largest criminal element in proportion to the population.

Despite all calculations, those states containing the largest foreign born population do not register the largest criminal element. Vermont has less crime per population than any state which is little less than surrounding states.

Per million population over the nation, a total of 3,204 autos were stolen. By the same ratio, Texas lost 5,163. Over the nation, for each million population, the following crimes are tabulated: Rape, 59; highway robbery, 1,025; burglary, 3,792; theft, 7,620.

In the five largest cities of Texas for 1933, a total of 27,533 felonies were committed for each million of population. According to the report, the underworld characters operated in Texas on a more extensive scale than in any other state for the year.

BALD HEADED TIRES!

How many safe miles are lost by motorists every year because their tires go bald prematurely? How many times does the motorist complain that his tire is smooth at only - - - miles.

Federal Extra Service tires have been designed to eliminate that complaint. Federal tread compounds are multi-blended. It is estimated that each particle is blended or kneaded 865 times before it is finally used in the tire.

Federal Extra Service Tire treads have non-skid center ribs and outer non-skid members. The outer design members on the tread have direct road contact at all times and prevent lengthwise skidding. You can't go wrong in buying Federals.

J. A. WARREN, Agent Clarendon, Texas

Jim Farley of Groom died in an Amarillo hospital Saturday. Jim, aged 14, was one of those fine many boys you seldom meet. Strictly business all the time and solid as his old dad. Jim grew baby beef prize winners. Thursday, while he lay on a cot in the hospital, the news was brought to him that he had won first place at Lubbock. He won at Amarillo. Just why we are deprived of these man-

ly youngsters at an early age continues the one big mystery in the great scheme of life.
Bachelor Bill says "If marriage damages a woman so much she deserves alimony, why is she entitled to damages if you don't marry her?"
Mrs. Jim Josey of Windy Valley lost a 100 pound sack of chick feed recently about a mile north of the Windy Valley school house. She will greatly appreciate it if some finder will report the matter. She needs the feed, and of course the finder has never found out who owned the feed or she would already have it back.

Jake paralysis appears to have left us. Now let them begin on Jack paralysis.
Drinking lots of water is said to keep one from becoming stiff in the joints. But some joints don't put out any water.
Just a few years ago a millionaire was regarded as a menace. Now he's a curiosity.

George Norwood up at the pharmacy says crooners is the result of having eaten and taken everything that is recommended over the radio. No wonder they howl so.
The College Hill Widow says what is to be will be, and what ain't already happened is liable to, for women have about decided against the expense of a divorce and will step out themselves.

A learned doctor has come out boldly in the face of strong feminine desires and declares that treating the stomach like a stepchild will not reduce the weight of

its owner. Along about poke salad time, some turn to pastures for grazing in order to reduce. I once knew a woman who tried living on broth for a month. When she walked you could hear her "splash" like the tides coming in. She worried constantly about her wrinkles when the fat vomosed, and the worry brought her down a pound and three ounces in the month—not the diet. Most of them finally agree with the wisdom of the Lord and return to greens, hog jowls, cornbread, potlikker and buttermilk for a spring dinner diet.

Men never attempt to reduce by dieting—not those babies. They wear corsets, straight-jackets and palings, but no dieting for them. One fellow here is so trussed up with form improvement that he carries a jaunty air like a burro peeping over a high board fence. High collars of the well known celluloid type were dignity preservers, but never fat reducers.

Speaking of fat men, I had an uncle in the long ago who suffered from what he termed "corpulency," being a veterinarian, he naturally was known as "doctor," traveled in the highest society and treated about as many humans as he did live stock. He was a graduate of a real veterinary school and displayed a diploma in his office with a fencing of moulding around it five inches across tinted in green with gold corners. My first acquaintance sprang up at Tascosa where he met and married my aunt. In addition to his other accomplishments, he was a staunch prohibitionist. He feared that it would make him fatter, and turned down a many a free drink though he played poker every night with the boys, and could cuss like a sailor. His wife took in washing when luck went against him.
That man knew more ailments than a dictionary ever recorded. Horses—both freight and cow—had something wrong all the time. Uncle treated according to his version of the disease and the owner's ability to pay. In his apothecary shop he stocked such remedies as hammers, chisels, bacon rind, knives, bones, sharp sticks, dimes, Spanish daggers, coal oil, lye, sugar, salt, sorghum molasses, vinegar turpentine, red pepper, burnt feathers, axes, and a winchester rifle. He also used hot irons, ashes boiling hot and plain fire.
He always vouched a cure in such cases as anthrax, blackleg, blemishes, bloat, bots, creeps, distemper, fistula, founder, (of the road, feed or water type), glanders, heaves, kidney sores, lampers, lockjaw (here's where the nail and hammer came in), lump jaw (this called for the winchester treatment), pinkeye, polleivil, rabies, snakebite, screw worms, set-fasts, spavin, splint, sprains, dislocated joints, sweeny, wire cuts and other wounds.
He had only one remedy for rabies. He drove nails into the head of the animal and in due time pronounced him dead. A Mexican persuaded him as a sure cure on one occasion to hang a frog in front of the rabid animal. The animal swallowed the frog and they both died from rabies.
Hitting a horse in the head with an axe was a favorite remedy for lockjaw until the winchester remedy was learned in a post-graduate course which uncle took by mail. A hot iron was used for rattlesnake bite. Some of the hardy range stock actually survived the remedy. The hide was split for ten inches each way from the wound and the meat cooked underneath.
He treated fistula with a bag of ashes right out of boiling water. A mule so treated one time knocked down the owner breaking his arm and caving in three ribs as the heat was applied to the weathers. Uncle was a smart man. A sign on

his corral read, "not responsible for life or accidents—either man or animal."
Uncle was a favorite at blacksmith shops, livery stables, camp-yards, etc. where wisdom and culture abounded, and bots and colic was as important then as high blood pressure and appendicitis conversations are today. His favorite haunts have become garages and camp yards now harbor department stores. Uncle has long since gone to his happy hunting ground. He always contended that heaven without his dumb friends would be worse than hell, and I fancy him now patting the forehead of a steel dust racer and playing a harp while the dogs howl.

THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

If you are sick and feel discouraged, write us for our booklet that will give you a fair idea of the nature of our work, the kind of cures being effected and testimonials of those to whom we have given a new hope by enabling them to regain their health. You have neighbors in Donley county who have been patients of this institution—some are here right now. We shall be glad to have you talk with any of them.

No matter what your ailment, don't give up hope.
When you arrive here, a licensed physician will diagnose your case after a thorough examination. If we can't help you, we will tell you frankly. Our rates of \$21 per week and up covers cost of treatment, room and board. Write us for any information and feel free to make any investigation you like.

An Institution with a National Reputation for the Treatment of CHRONIC DISEASES

SOCIETY PAGE

MRS. J. C. ESTLACK, Editor Phone 455

MISSIONARY SOCIETY
The ladies Missionary Society of the First Christian Church met in the Church Wednesday afternoon. Mrs. E. C. Herd presided and seven members of the Society were present. Four members of the Memphis Missionary Society were present, Mrs. J. M. Elliot, Mrs. E. E. Roberts, Mrs. W. Andis and Mrs. W. R. Cabaness. The Scripture lessons were Luke, twenty-fourth chapter. Devotional and Lesson Leader was Mrs. J. R. Tucker. Talks lesson were made by Mrs. J. H. Casey, Mrs. E. C. Herd, and Mrs. E. E. Roberts of Memphis. After the lesson period all enjoyed a social hour and refreshments were served by Mrs. Herd and Tucker.

FELLOWSHIP SUPPER
The Monthly Fellowship Supper and Social held last evening in the basement of the First Christian

Church, was on of the best attended in many months. Every body present had a good time and the evening program, which followed the supper was extra good. After a period of singing, the pastor led the group in a study of Prophecies concerning Christ and the Church.

PEARSON—WOOD
Miss Alma Pearson and Arlie Wood were married at Memphis Tuesday of last week. The bride is a daughter of John Pearson and was a student in the local school at the time of her marriage. The bridegroom is a son of Mr. and Mrs. L. L. Wood, is a graduate of the local high school and is engaged in farming and live stock buying with his father.

NEWS PAPER PARTY
Circle No. 1 of the Missionary Society of the Methodist church entertained the other circles of the

societies at the home of Mrs. C. W. Galloway, Wednesday afternoon. Very clever games in the newspaper work were enjoyed until late when an April Fool refreshment of angel food cake topped with apricots and whipped cream, to represent scrambled eggs on toast.

SHOWER GIVEN BRIDE
A shower was given Mrs. Arlie Wood at the L. L. Wood home Thursday at which time the bride received many handsome and useful gifts. Those attending were Mesdames Arlie Wood, the honoree, McNeil, McWhorter, Maxie, and Misses Ina Riley, Willie B. Cole, Jeanette McWhorter, Enda Thomas, Claudine Pearson, Earline Pitts, Helen Risley, Evelyn Warren, and the hostess, Mrs. L. L. Wood. Dainty refreshments were served.

MRS. BASIL KIRTLEY ENTERTAINS AT BRIDGE
Mrs. B. F. Kirtley in her charming way entertained her bridge club at her home Wednesday afternoon.

The spring motif was very attractive in spring flowers of Jonquils, violets and hyacinths. In the games of bridge, Mrs. Stocking was awarded the prize for high score. A lovely salad course was served to Meses. Frank Stocking, Floyd Lumpkin, P. L. Chamberlain, Forest Sawyer, Forest Taylor, Miss Lotta Bourland, afternoon guest, Mrs. Philip Gentry, Mrs. Simmon Powell called for tea.

CLARENDON H. D. CLUB
The Clarendon Home Demonstration Club will meet at the home of Mrs. A. L. Chase Friday afternoon April 6th.

1926 BOOK CLUB
Mrs. Jennie Del Porter and Mary Allensworth were hostesses to the members of the 1926 Book Club Tuesday afternoon at the Club Room. During the business meeting Mary Thornberry was elected delegate, Mrs. Bairfield alternate to the district convention at Amarillo 16th of April. Ella Kent resigned Treasurer office and Thelma Bennett was elected in her place. Nell Norwood was elected as new member to the club. Program review of Edison Marshall, novel book, the "Life in the Jungles." May Nell Teer gave review of book. Nathadna Cox gave his life. Lovely refreshments were served by hostesses.

FRANK STOCKING CELEBRATES BIRTHDAY
Mrs. Frank Stocking entertained with an 8 o'clock dinner honoring her husband Frank Stocking on his birthday Tuesday evening. After dinner games of bridge were played at 3 tables. Spring flowers were used for decorations. Mrs. Powell was awarded high score prize for ladies. Mr. Stocking also received a prize. Those playing were Messrs. and Mesdames Edd Teer, Basil Kirtley, Earl Alexander, Seldon Bagby, Simmon Powell, Mr. and Mrs. Stocking.

1930 NEEDLE CLUB
Mrs. Turner Kirby was a charming hostess, to the 1930 Needle Club Tuesday afternoon at her home near Jericho. The afternoon was spent in conversation and needle work. After a dainty iced course refreshment, each member opened their Polyanna gifts. Those attending were Mesdames Rhea, Couch, Gordon Lane, George Garrison, Vada Carpenter, Alfred Estlack, Carl Peabody, Joe Bownds Ben Buck, Ralph Andis. Invited guest, Mrs. Tom Kirby, hostess Glenn Kirby. The next meeting will be with Mrs. Alvin Landers, April 17th.

Mr. and Mrs. W. A. Armstrong and daughters Ruby and Minnie Lee returned from Clovis Wednesday where they went to attend the funeral of a relative, Mr. H. R. Sherwood. James Smith of Lefors visited relatives here Sunday. Mr. and Mrs. Stevenson of Amarillo spent week end visiting her parents, Mr. and Mrs. E. M. Ozier.

Panhandle Medical Society To Meet April 10th

The group of speakers that are to address the gathering of the Panhandle district medical society are said to represent some of the best in their respective lines of work in the nation. The session is to hold for two days. Among them are Dr. E. Von Grath, formerly of the University of Vienna, Dr. Crum Epler of Pueblo, Colo., Dr. Bedford Shemire of Baylor University and other notables of the medical profession.

Allred, to Open Campaign At Bowie April 9th

Citizens from surrounding counties have been invited to gather at Bowie on the 9th to hear the opening address of Hon. James V. Allred in his race for the governorship. Allred is a native of Bowie. Hundreds have already signified their intention of taking part in the opening of his campaign. Bowie has always been loyal to her favorite son as has been the counties adjoining Montague.

Newly Elected Officials Express Appreciation

Messrs. Tom F. Connally and H. C. Brumley ask the Leader to carry their expressions of appreciation to the citizens of Clarendon, in which they pledge themselves "to give the best service possible commensurate with their limited capacities" as Mr. Connally expressed himself while viewing the big task that is before the newly elected commissioners.

Mr. Connally stated today that he had been receiving letters and personal suggestions, all of which he and Mr. Brumley appreciate, and they wish to assure the public that every consideration will be given any suggestion made them.

Visiting Minister to Preach At Baptist Church Sunday

Rev. J. W. Weathers of Panhandle, Texas will preach at both morning and evening services at the First Baptist church next Sunday.

Rev. Weathers has made quite a reputation for himself on the Panhandle field, and comes with recommendation of being one of the outstanding young preachers in this section of the country. A cordial invitation is extended all to attend.

J. O. Vineyard of CCC Camp enlistment is back home again after an absence of almost a year.

Mrs. Simmon Powell and Mrs. Frank Stocking returned home Friday after a 10 days visit with relatives at Whiteright and Cleburne. Mrs. Davidson remained at Whiteright and little Soxy staid for a longer visit with his grandparents, Mr. and Mrs. Foster at Cleburne, not being able to be moved home after having the measles down there.

District Library Conference At Amarillo 14th

Judge R. Walker Hall will make the invitation speech at the Conference. Mrs. Ruth E. Deizell will be hostess. Other speakers to be heard are Miss Lucia F. Powell, president of the Texas library Association, Mrs. James Todd of Pampa, Mrs. J. M. O'Brien, Miss Tennessee Malone, Miss Lillie Hostetter and others.

John T. Sims is in Memphis today attending a meeting of the loan committee of the Memphis Production Loan Association, a government crop loan agency.

Roy Jewell, one of the few farmers to be out of debt and yet owning a nice farm home near Hedley, was here for the Shoffitt trial merely as a sightseer and visitor. Donley County Leader \$1.50 a year

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go
If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rosent a substitute. 25c at all stores. © 1931, C. M. Co.

Boys Be Careful of Your Kites

Kite flying—in close proximity to electric power lines—is extremely dangerous. A damp string or a small wire string coming into contact with an electric wire may result in serious injury. The wise thing is to fly your kites out of range of electric wires regardless of the type or voltage.

Do not attempt to rescue a kite entangled in electric wires. Notify the office of the West Texas Utilities Company, and our employees will be glad to get it down for you. Observance of these precautions will eliminate the possibility of serious injury.

West Texas Utilities Company

Three Speeds in Dairy Production

Feeding Experts Recommend Better Methods of Handling Cows.

Successful handling of dairy cows is much the same as expert handling of the motor in an automobile, according to the research workers at Purina Mills' Farm, Gray Summit, Mo.

"There are three speeds in the standard motor," says E. B. Powell, who has charge of the investigational work at the Purina Farm. "Good drivers do not fall to shift from low, to intermediate, to high in the routine of handling their car. If cows were treated as carefully as our automobile engines are treated there would be higher production, longer life and greater profit in our dairy machines. We have found that our cows produce better and more economically when three speeds for a year's work are carefully observed.

"In our 8-4-40 plan, each numeral really designates a period of time in the business year of the dairy cow. Every farmer who follows it will be benefited because his cows will produce more net profits by this improved method of handling."

Starting with 8 of the formula—each cow should have allotted to her 8 weeks to prepare for her next calving. This is generally known as the dry period.

The 4 means—the 4 weeks following calving. This is an adjustment period during which the cow adjusts herself for her period of heavy production.

The 40 signifies the 40 weeks remaining in the year. This is her real time for milk production. In these 40 weeks should be realized the full milking power in the animal. Every effort should be made during this period to keep production at a high and profitable level.

The first of these periods—the 8 weeks dry period—according to the research staff of the Purina Mills' Experimental Farm at Gray Summit, Mo., is the most important

of the standard of future profits. It is during this time that a cow must build strength and a firm condition of flesh that will permit her to stand the high levels of milk production expected by her owner.

By drying up the cow properly, allowing sufficient time to prepare for calving, you protect the udder for future milking. To help during this period, careful owners provide feeds which are not heating and which contain the right mineral balance.

"Money is to be made by following rigidly a system of 8 weeks of preparation for calving," says Manager Powell, "because 62 per cent of the unborn calf is made in the last 60 days." This is the dry period. By caring for the cow properly then, you are less likely to have calving troubles and more likely to produce cheaper milk through the following lactation period. Feeding properly during the dry period builds condition, and a cow in good condition always responds better to milk producing feeds.

The 4 weeks of adjustment following calving are important because the organs of the cow must again find their proper positions, and the cow's circulatory system must get squared away to the new job of feeding the blood to the milk making machinery instead of the calf making machinery of the body. Nature has started the regular milk flow. Man must capitalize on this and by feed and care develop production to the highest. Good feed will conserve and improve strength, vitality, and general body condition for the heavy drain of work that is to follow.

During the 40 weeks of steady production the cow uses the increased milking power which she has built up during the preceding two periods, the 8 weeks of preparation and the 4 weeks of adjustment. Now every pound of feed is calculated to produce its full measure of milk. The protein portion of the feed must be carefully adjusted so as to provide extra stimulus for milk making. The feed she gets must also contain the proper proportion of carbohydrates, fat, and minerals to satisfy her body requirements, if she is to yield a satisfactory profit.

Ollie Hommel had business in Lubbock Monday.

Mr. and Mrs. T. M. Pyle visited relatives in Pampa Sunday.

Mr. and Mrs. McHenry Lane visited at Canyon Sunday.

Mr. and Mrs. Mitchel of Pampa handle visited friends here Sunday.

BUILDERS OF TEXAS (IN THE AGRICULTURAL, AMUSEMENT, EDUCATIONAL, FINANCIAL, INDUSTRIAL, POLITICAL, PROFESSIONAL AND RELIGIOUS FIELDS.)

MARTIN (Folly Sowell)

There were a small attendance at Sunday school Sunday morning because of sick folks. Let us try to have a big attendance next Sunday as Bro. Williams will fill his regular appointment. If we don't more of us go our Sunday school is going to be a failure. We have a big sick list at present. Mrs. J. A. Pool and Mrs. J. D. Wood have been real sick, but are some better at this writing. The N. B. Watson family have all recovered from the measles. The little Baugh infant, niece of Mrs. Watson who has pneumonia is very much improved. We are sorry to report Mr. Sawyer being very ill at the home of his daughter, Mrs. Dave Patterson.

CHAMBERLAIN SCHOOL NEWS

Here we are beginning a new 6 weeks of our school. We will complete history and then take reading.

This Friday the 8th grade pupils are going to entertain the school with a program. Next Friday the 7th grade will entertain.

Frances Hott, one of the 6th grade pupils spent Sunday with Jaunita Estes.

Carl Webb and Ray Isham spent the week end together as usual.

Tick Barbee of the 6th grade played hookey Monday and is having a good time memorizing.

Chamberlain school was certainly well represented in the county Interscholastic League meet. Winners of the various events follow:

Robert Hott won first place in 220 yard low hurdles, 120 yard high hurdles, broad jump and discus.

Vernon Reid won second place in 100 yard dash, 220 yard dash, discus and third place in shot put.

Wilfred Hott won 4th in 100 yard dash, 2nd in 440 yard dash. Guthrie won 1st in mile race and 4th in 220 low hurdles.

Mile relay was won by O. W. Hott, Duckett, R. Hott and Reid. We also won a goodly number of the literary events.

Homer Hardin won 1st in sub-junior declamation for boys, and La Rue Shadle won 2nd for girls. J. B. Estes won 1st in essay writing.

Rose Donham won 3rd in Arithmetic.

In the one act play contest, we won 1st place with Rose Ada Reid, J. B. Duckett and Vernon Reid in the cast.

We feel very proud of our pupils record because they worked hard and merited every honor achieved. We will represent Donley county in the one act play contest Friday, April 6th at Pampa. We are also planning to enter the district track meet at Pampa.

NAYLOR

Mr. and Mrs. Walter Scott and family have returned from Hamlin, coming via Wichita Falls to visit relatives. Miss Ava Hefner came with them to visit homefolks, Mr. and Mrs. A. O. Hefner. Misses Hefner and Letrous Scott returned to Wichita Falls. Miss Hefner to her work and Miss Scott to a new job as operator in a leading beauty shop.

Frank Tidrow left Wednesday for Okla. to visit relatives and will visit in east Texas before returning home.

Mr. and Mrs. Edwin Eanes spent Sunday at the Gilbert ranch guests of Mr. and Mrs. Ray Hefner.

Mr. and Mrs. A. E. Tidrow and family also their week end guests, Mr. and Mrs. Dee Crites of Chamberlain spent Sunday with Mr. and Mrs. Pringle Hurst near Clarendon.

Mr. and Mrs. Jesse Hall spent Sunday with Mr. and Mrs. A. O.

LELIA LAKE (Mrs. H. R. King)

Mrs. Frank Wolford was called to Oklahoma City Friday by the illness of her daughter, Mrs. Pool.

Mr. and Mrs. C. C. Carter spent Friday with relatives in Amarillo.

Mr. and Mrs. D. E. Leathers shopped in Amarillo Thursday.

Leroy Leathers student of Tech at Lubbock spent Easter with his parents, Mr. and Mrs. B. J. Leathers.

Mr. and Mrs. M. G. Cottingham spent Thursday in Amarillo.

Mr. and Mrs. A. Roberson and Mrs. R. O. Esby returned Sunday afternoon from a short visit in Oklahoma City.

Mr. and Mrs. Willis Groom left Saturday for their new home at Texarkana having gone via Oklahoma City where Mrs. Grooms will

Hefner. Rev. and Mrs. Lackey were dinner guests Sunday of Mr. and Mrs. T. B. Downing.

Our teachers E. H. Estlack and Mrs. Edwin Eanes gave an Easter egg hunt Friday afternoon. All the children enjoyed it very much.

DONLEY COUNTY LEADER
 A COMMON PAPER FOR COMMON PEOPLE

BRICE
(Velma Lemmons)

The little children gave us an Easter program Sunday morning. After the program Bro. Dearnore filled his regular appointment and delivered a wonderful message, which was very appropriate for Easter.

The school children had an all day picnic Friday, and all parents fixed lunch. There were several different kinds of races and ball games. Everybody had a nice time.

There are several new cases of the measles but those who have them are getting along as well as could be expected. The Rexrhode children have them but are getting along very well. Thelma and Virginia Lemmons are also on the same list.

Mr. and Mrs. J. W. D. Chappell, and Mrs. Todd spent the weekend at Paris and Cooper visiting relations.

Mr. and Mrs. R. C. Holley visited in Sunnyview, on the plains, over the week end.

Mr. and Mrs. Merle Lemons and Dexter Todd were visitors in the W. H. Lemons home Sunday.

Mr. and Mrs. H. G. Higgins entertained the young folks with a party Thursday night, while the young folks were so interested, trying to get another party for Friday night. Mr. Glass, was the entertainer for that night.

Mr. and Mrs. Fechlum were shoppers in Memphis Saturday.

Miss Mildred Pitman, who has been attending school at Canyon, spent the week end with home folks, in this community.

Mr. and Mrs. Lee Eason of Ash-tola were guest in Grandpa Evans home Sunday.

Some of the folks in this community attended the singing at Goldston Sunday afternoon.

HEDLEY

Mr. Edgar Culwell was in Amarillo Friday.

Mrs. Raymond Storsish and children of Amarillo visited his mother, Mrs. Josie Adamson and other relatives last week end.

Grandma Shelton had a stroke of paralysis Friday and is in a serious condition.

Mrs. J. T. Adamson who has been suffering from a stroke of paralysis is improving.

Mrs. Johnson, mother of Mrs.

Dallas Milner who has been bed fast from a broken hip for several months was real sick last week, but better.

Rev. W. E. Wells and wife have both lost their fathers by death last week. Mrs. Wells father was buried at White Deer Friday and Rev. Wells father died in Georgia. Bro. Wells was unable to attend his funeral but Mrs. Wells attended her father's.

Rev. Patterson of Bethany, Okla. is conducting a revival at the Nazarene church here. Every one is invited to come an help in this battle for God. He is a sincere gospel preacher an is out and out for God and to win souls.

Mr. and Mrs. Joyce Armstrong of Clarendon visited home folks here Sunday.

Mrs. Mattie Killian and Misses Lois and Opal Wood of Amarillo are visiting their parents here.

Bob Adamson and wife went to Amarillo Tuesday.

Mr. and Mrs. Alton Hawkins of Memphis visited home folks Saturday night.

Mrs. Will Holland has been right sick for some time.

T. R. Moreman has been on the sick list.

Mrs. Frank Mace, Clifton Mace, Mrs. Harry Moore and baby spent Saturday and Sunday visiting C. J. Talley, J. A. Warren and J. R. Mace families.

HOMMEL'S ONE STOP SERVICE

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"The Danger of Drifting."
Text: "Lest haply we drift away from them." Heb. 2:1.

We all see the failures of the past. Our text points to a danger of the future. People are being carried away, like driftwood, from the things of primal importance. We drift from the things of religion, we do not deny them.

I. What is the cause of Drifting?
The want of a secure anchorage. A boat does not drift if it is securely anchored. Many have no settled religious convictions. We believe in religion and Christ in a general way. But what is the value of this faith when it does not restrain us from evil or inspire us to good? Too many people have no settled church. We drift into this church or that according to the attractiveness of the music or the sensationalism of the preacher. We are anchored nowhere to nothing.

Drifting is caused not only by want of anchorage, but by winds and currents—companionship, cir-

DOROTHY DARNLI

cumstances and the many influences of modern life. It is not drifting from the church alone, we are also losing our hold on Christ at the same time. Many are losing interest in him and all he stands for.

II. Why this Drifting Should be Arrested. Because drifting is a

source of danger to others. Wreckage is dangerous. Rocks and sandbars can be marked on charts and maps, we know where they are, but it is not so with a boat that has broken loose from its mooring. Drifting means ruin. We recognize this truth in almost every other sphere except religion. If a man lets his business drift, where does it drift to? If a gardener or farmer does the same with his garden or field, what happens? It is also true in our religious life, drifting means losses and ruin.

The Apostle Paul, knew what the results of drifting would lead to or be, so in his letter to the Hebrew Christians he sounded the warning that should arouse us today to a close walk with Christ and more faithfulness in our religious activities. Very few of us, consider the danger of drifting as we should, we just neglect, and put off doing our duty until it is too late. Now is a good time to check up and wake up and get back on the job.

ASHTOLA SCHOOL NEWS

THE LOG OF A PIRATE

Mr. Thomas, is away for the week, leaving his room in charge of Mrs. Thomas.

The senior class was given a holiday Tuesday to go to Larendon and listen to court proceedings. High school students should gain a knowledge of our judicial system and listening to an actual trial will teach them much that is impossible to get from books.

Ashtola won first place in the choral singing contest. C. P. Jones led the song, "Moonlight in the Springtime," he singing the stanzas with the whole chorus joining in the chorus.

Our school is striving to turn out well-rounded girls and boys, and the results this year have been highly gratifying. First, we won class B basketball championship of the county, both boys and junior girls, with the senior girls coming out a close second. This shows that the physical training of the students has not been neglected, and since the physical well-being is of vital importance to success in every other phase of life we consider time spent for athletics as well-spent. Athletics also cause pupils to take a greater interest in their school; this is true also of the whole community, with few exceptions. Second, we won the rural interscholastic meet, showing that literary work is receiving its due attention. Since we had strong opposition this year, we feel justly proud of our school for copping the meet with a total of 70 points. No other rural school had a debating team, and we entered both girls and boys. Then finally the winning of the choral singing contests shows that the cultural side is not being neglected. The operetta also is proof that the higher side of the pupil is being cultivated. The well-rounded student is, first, interested in and able to do his literary work; second, he is physically fit; and third, he is poised and at ease under all conditions.

The Pirate ball team has a game scheduled with Goldston for Thursday afternoon. This will be our first game of the season, and although we are not in very good form now, we hope to improve steadily as the season advances.

The Pirates are planning a week end trip to Lake Pauline, starting Friday, April 6, and returning Sunday. We are anticipating a very pleasant trip and are expecting to catch many fish.

Donley County Leader \$1.50 a year

Limas Credit to Bean Family!

By MARY BARBER
Food Page Editor, Child Life Magazine.

Boston baked beans may boast of an ancient and honorable lineage! But they aren't our only First-Family beans by any means. For a bean with a pedigree, a bean with a background, a bean with a family tree—consider the Lima! Limas were cultivated in the western hemisphere back in the glorious days of Montezuma. Well-preserved specimens of this aristocratic legume have been found among the archaeological discoveries in Peru.

But even if Limas hadn't come over to America long before Columbus, they would still be worthy of frequent consideration in the diet because of their extremely high food value, their alkalinity, and the vitamins and minerals which they supply. Their genuine economy, and their rich, nut-like flavor.

Limas are versatile too. Incompar-

able for the noontime soup, worthy as a main dish for any meal, luscious for the evening supper salad—Limas lend variety and goodness to many menus.

A basic recipe for dried Limas and an interesting new Lima dish follow:

BASIC RECIPE

To revive the fresh, juicy tenderness of dried California Limas, soak them in cold water from 6 to 8 hours. Drain. Cover with boiling water and cook slowly until tender (about 80 minutes). Add salt after 20 minutes cooking. The Limas are then ready for use in a wide variety of tempting dishes; including Cream of Lima Soup, Limas and Frankfurters, and Creamed Limas and Asparagus Tips.

BAKED LIMAS

2 cups cooked Limas 1 cup diced carrots
1/4 cup diced salt pork 2 cups boiling water
1/2 cup minced onion 2 tbsp. butter

Put salt pork in a heavy frying pan and cook 5 minutes; add onions and carrots and cook until brown. Add to the cooked Limas and mix well and turn into a casserole, add water, then break butter into bits and place on top of Limas. Cover and bake in a moderate oven (350 degrees F) until tender, about 45 minutes.

SUNNY VIEW

(Mrs. A. M. Lanham)

Mrs. Earl Scott and baby from Chillicothe spent a few days with her parents, Mr. and Mrs. A. M. Lanham.

Mrs. Neal Bogard spent Thursday with Mrs. Heckle Starks. Mrs. M. Starks, Mrs. Heckle Starks and Mrs. Neal Bogard and sons called on Mrs. A. M. Lanham Thursday afternoon.

Mrs. Daisy Alexander of Borger and her mother Mrs. Bill Knowles of Lelia Lake called on Mrs. Nelson Riley Wednesday afternoon.

Mrs. Nelson Riley called on Mrs. A. M. Lanham and Miss Rubie Peabody Wednesday morning.

Miss Rubie Peabody spent Sunday with her parents, Mr. and Mrs. Clarence Peabody and attended singing at Goldston.

Mr. and Mrs. Goldston of Midway called on Mr. and Mrs. A. M. Lanham Sunday afternoon until early bed time.

Miss Mildred Brame spent Saturday night and all day Sunday with her sister, Mrs. Sam Dale and also attended singing that afternoon at Goldston.

Miss Nola Mae Rolls and Mr. Glen Reed called on Miss Rubie Peabody Wednesday afternoon.

Little Silvia Fay Morgan of Goldston is spending a few weeks with her grand parents Mr. and Mrs. Brame.

Miss Pauline Brame spent the day Tuesday with her parents, Mr. and Mrs. Brame.

Miss Pauline Riley won first place of the rural school in spelling of the sixth and seventh grade.

Mr. and Mrs. M. Starks have improved their home by piping water to the house.

Mrs. A. M. Lanham who has been sick for months is not im-

proving at this writing.

Cecil and Byron Alexander of Ft. Worth arrived Saturday to be with their father, Judge J. J. Alexander, who has been seriously ill for several days.

Mr. and Mrs. S. H. Manning and children of Ralls, and their daughter, Mrs. Fannie Beebe and son George Charles of Amarillo visited here Sunday with Mrs. Manning's sister, Mrs. J. C. Estlack. They will visit at Bowie and Ft. Worth before returning home.

R. P. Reeves of Alanreed was a Clarendon visitors Wednesday. Mr. Reeves was the second sheriff of Gray county, and is considered quite a pioneer of that section.

ARGUMENTS IN SHOFFITT TRIAL THIS FORENOON

Defendant Occupies Stand Five Hours Giving Self Defense Testimony

Dr. G. W. Shoffitt went on trial in the District Court here Tuesday on a charge of assault to murder Sheriff Guy Pierce and his deputy, Guy Wright on the night of December 31, last year.

District attorney John Deaver and county attorney R. Y. King represented the prosecution, and Judge W. T. Link represented the defendant.

The following jurymen were selected: S. G. Adamson, C. E. Griggs, W. H. Morrow, Wilson H. Gray, A. O. Hott, Jim Baker, Tom McDougald, W. W. Jones, R. E. Duncan, M. L. Monroe, G. Z. Sherman and Phin McMahan.

Deputy Guy Wright was the first witness to take the stand and was followed by Sheriff Pierce, each of whom detailed the shooting scrape that resulted in the loss of Wright's left eye.

The defendant was on the stand for about five hours Wednesday during which time he went into methodical detail in giving his version of how and why the shooting scrape began. His principal explanation was one of self-defense.

All of the eccentric characteristics of the defendant were brought out in defense testimony to spirit communication and seeking of buried treasure, in an apparent insanity defense.

Shoffitt admitted having whiskey in his home, he and a friend having been taking a few drinks before the arrival of the officers who took the bottle off the visitor at the door as he was leaving. In his further testimony, he alleged

that one of the arresting officers struck him on the side of the head with a flashlight though he was unarmed and was not resisting. This had been denied in previous testimony of the sheriff.

Dr. Oscar Jenkins, state's witness while on the stand, testified to the indications of a blow on the side of the head of the defendant, and stated that it was not caused by a bullet. The doctor refused to qualify as an insanity expert, and had no further interest in the case other than that he was called to administer to the injured defendant in the course of his professional duties.

The largest crowd since the Upton murder trial in 1922 has been in daily attendance, the courtroom and halls being jammed. One especially noticeable feature of the case has been the ethical tactics of the attorneys, all procedure being void of bombast and grandstand horseplay to the audience.

The case is being argued before the jury this forenoon with a possibility that a decision will be rendered in time to include the result in this issue of the Leader.

Singing Convention Draws Monster Crowd

Whether it is the quality of the singing, or merely curiosity, no one seems to know for certain, but the singing convention in Donley county each first Sunday always get out a big attendance.

The crowd last Sunday at Goldston more than filled the school building which of itself means a large crowd. Aside from that, the yard was pretty well filled up too according to L. H. Earthman and others who never miss an occasion of this kind.

The next county meet will be held at Hedley on the first Sunday in May. All these conventions are held on the first Sunday in each month.

VOTERS CHANGE—

(continued from front page)

tion.

"If elected, we promise our best efforts to secure a reduction in all of the above charges. If elected, we promise without reservation, that we will reduce the tax rate, we will reduce the water rate; and most positively will reduce the expense of the City administration. We will balance the budget, by cutting the budget and not by increasing the taxes. We think these savings can be had without impairing the best interests of the City.

"This is our platform, if you favor it, and believe we can accomplish it, your vote will be appreciated."

The vote Tuesday is an answer of compliance with the new deal offered, and a vote of confidence of a big majority of the citizens of Clarendon.

Mr. Connally served as mayor some years ago. With him Mr. Brumley served as city commissioner. Mr. Brumley also served as county commissioner and two terms as sheriff of Donley county. He also was employed as structural engineer on the Denver railway for a long number of years. Both men have resided in Clarendon for many years and will go into office with the best wishes of their friends and neighbors for the best administration the City has ever had.

In discussing the election Wednesday, many of those interested in political questions, voiced their opinion that this would be an "off year" for office holders, not that there would be any grievance, but merely that a change would be desired because of economic conditions in general. This opinion was corroborated by election results over the state Tuesday.

The present water system coupled with an equally excellent fire fighting equipment is largely due to the efforts of A. L. Chase, both of which has meant much in securing a low insurance rate as well as a convenience to the town.

Mr. Holland who has had charge of street work the past two years is said to have accomplished a wonderful improvement. He readily took advantage of all government help and the streets today reflect his good judgment.

Palo Duro Park Building Ceremony April 12th

Canyon, Texas, March 29.—The corner stone of the lodge in the Palo Duro State Park will be laid Thursday, April 12, according to announcements by D. E. Colp, chairman of the State Park Board, who was in Canyon Saturday and Sunday. J. C. Guleke of Amarillo was appointed chairman of the arrangements committee and will have charge of the program for the day.

The Canyon Masonic Lodge will be in charge of the corner stone ceremony and will be assisted by the Masonic lodges of the Panhandle.

Former Governor Pat M. Neff and other members of the State Park Board together with a large number of state officials will be invited by Mr. Colp to visit the Park on that date and to participate in the ceremonies.

Green Belt League Union To Meet Here Friday

Delegates from Memphis, Hedley, Lakeview, Plaska and Turkey are expected here Friday night of this week for the Green Belt Union meeting of the Epworth League.

Sessions will be held at the Methodist church beginning at 6 p. m.

CWA BULLETIN—

(continued from front page)

the actual relief requirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, though simple in form, will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn from relief funds than his relief budget requirements.

Staff Auditors, J. M. Ralston and W. C. Orr, Jr., of the Texas Relief Commission announced Monday that a thorough study had been made of the Donley County Relief problems and the new system installed. G. L. Boykin will take charge of the new set-up here effective April 1st, as certifying officer under R. A. Baker, Administrator.

The new relief set-up to be used in this county has the specific approval of Washington officials, and it is believed that Kansas and Oklahoma, who recently sent officials to Austin to confer with State Relief officials and to study the Texas relief accounting set-up, may install this system in the Relief Work in their own respective states.

Chief Auditor Donnell emphasizes that this is a relief program, not a project program. Under the CWA, group employment was provided which approximated current business wages, whereas the present relief program can only supply relief to the destitute. When the building of roads, schoolhouse construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitute an erroneous expenditure of funds according to the terms of the Relief Acts under which relief funds are made available.

Mr. and Mrs. Jarrett Wilson and family of California are visiting relatives here.

J. R. Mace has been quite ill at his Lelia Lake home but is better at this time.

Mrs. A. T. Miller Passed Away Here Sunday

Funeral services were conducted at the family home at 2 p. m. Tuesday by her pastor, Rev. E. B. Bowen. The Buntin mortuary had charge of funeral arrangements. Interment was made in Citizens cemetery beside her husband who died September 5, 1931.

Mrs. Naomi (Burke) Miller was a native of Dowajac, Michigan

where she was born on May 4, 1859, coming to Texas in 1890. She was married to Abner T. Miller January 2, 1892. Clarendon became the family home in 1913.

She is survived by a daughter, Mrs. Cap Morris, and one sister and two brothers.

Mr. and Mrs. J. T. Wilson and Mr. and Mrs. Dewey Wood of Allenreed visited Sunday in the Roy Wilson home.

BETTER School Reports

CHILDREN'S vision should be checked up regularly. Physical change in children is rapid and constant. When it is a question of eyesight and proper vision, the child, nine times out of ten, does not know what is the matter with him or her. Proper vision nearly always makes for better school work. We are experienced optometrists. Bring your child here for eye examinations. If glasses are not needed we will tell you so. All of our service charges are very reasonable.
