DROUTH RELIEF and HIGHWAY WORK HAS ATTENTION

Burden of Action is Placed Upon Texas State Relief Commission

The Special Drouth Relief Meeting called in San Angelo last Monday was attended by more than 700 state, county and national officials including Assistant Drouth Director Lawrence Westbrook, Harry Petrie head of the cattle, sheep and goat purchasing program, and Mr. C. E. Swaim of the Bureau of Public Work who spoke on the road program in drouth counties. Donley County was represented at this meeting by Mr. Sam Braswell, Sr., Administrator Clifford Davis, Judge Sam Lowe, and Mr. G. L. Boykin, secretary of the Clarendon Chamber of Commerce.

Mr. Westbrook, who is the executive director of the Texas Relief Commission, outlined the relief program for drouth stricken areas and explained that the major departments in administering relief are the Department of Agriculture, the Farm Credit Administration, and the Federal Emergency Relief Administration. Mr. Adam R. Johnson, director of the Texas Relief Commission, Mr. Houston Harte, a member of the commission, and Mr. E. A. Baugh, project engineer also took active part in this meeting assisted by a number of staff employees of the Texas Relief Commission.

The major interest of West Texas Counties in this meeting was a further discussion of the disposition of a federal appropriation made to Panhandle counties for drouth relief and based on the agreement made at a similar meeting held in Kansas City by Harry L. Hopkins. A definite arrangement was apparently made pending the final decision of the Texas Relief Commission, they having only two members present at the San Angelo Meeting.

LEGISLATORS REFUSE LENIENCY TO TAXPAYERS

Three Factions Debate Tax Measure Refusing Wishes Of Governor

In debating the tax delinquency problems Tuesday, the Legislators had before them a bill proposed by the governor extending time of back tax payments to October 30, 1936.

Three factions developed in that body at once, one favoring remission, one opposing extension at all and a third favoring a brief extension.

The bill proposed for passage today (Thursday) provides an assessment of one percent penalty if paid by Oct. 31, 1934; one and a half percent if paid before Nov. 30; two percent if paid by December 31; and three percent if paid by Jan. 31, 1935.

Lady Visits Home Folks From N. M. Resort

For the past several months Mrs. A. O. Hefner has been forced to spend time on the Ruidoso west of Roswell for the benefit of her health. The past week she, accompanied by her daughter Miss Ava, returned home for a visit with home folks.

They came with Mr. and Mrs. W. C. Austry, their near neighbors in the beautiful scenic canyon well known to a number of our folks who seek health and recreation there each summer.

Nephew Local Man Becomes Representative Jan. 1st

Penn Cagle, son of W. I. Cagle near Quall and a nephew of W. P. Cagle of Clarendon, was elected to represent McLennan county in the legislature recently. He formerly for a number of years was professor of government in Baylor University.

B. & P. WOMEN TO PRESENT PLAY IN NEAR FUTURE

Four New Members Received Into Full Fellowship Tuesday Evening

The Business & Professional Women's Club held its regular business meeting at the Service-Clubs Room of the Antro Hotel on Tuesday evening of this week, with sixteen members present. Maudie Graves, president was in the chair, and song-leader Lotta Bourland and pianist Rhoda Wiedman were at their respective posts.

Carrie Davis, finance chairman, reported a net gain of \$7.03 from the sale of pop at the recent rodeo held in Clarendon.

Rhoda Wiedman, membership chairman, presented the applications of Annie Bourland, Tinnie Smith, Ruth Doanell and Helen Lawler for membership in the club, the four applicants being unanimously elected to membership. With these four additions the club's active membership now numbers twenty-eight, thirty members being the maximum under the by-laws.

By unanimous vote, the club is to give a play within the very near future. Zell Rodgers and Lotta Bourland were appointed to select the play and Rhoda Wiedman was appointed Play Chairman.

At the conclusion of the business, Fannie Perry, a charter member, in her characteristic charming manner, gave a brief history of the organization of the club and the receiving of its charter, and while displaying the framed charter, in befitting terms sounded the "Call to colors", looking toward a larger, better club.

Notice to Donley Co. Farmers

The County Agent's office has received a supply of interim certificates to be issued to the cotton producers who have already ginned cotton or expecting to have cotton to be ginned within the next few days. These interim certificates are the emergency exemption certificates which are to be issued temporarily so that the producer can sell his cotton as it is being ginned if he so wishes. These interim certificates must be issued on not more than fifty percent of the farm allotment and these certificates must be accounted for and turned back into the County Agent's office before the final exemption certificates covering the entire farm allotment will be issued. It is necessary that the utmost care be taken in handling these certificates in order that they will not be destroyed or lost and thus causing delay in issuing the final exemption certificates.

The final exemption certificates are expected to arrive within a week and those producers who are not expecting to have cotton to be ginned within this time will not sign up for the emergency certificates.

Shoffitt Trial to Begin At Memphis Monday

The trial of G. W. Shoffitt, charged with shooting at Sheriff Guy Pierce at the Shoffitt home on the north side last December, and taken to Hall county on a change of venue, is scheduled to begin in the district court at Memphis next Monday morning before Judge Fries.

Shoffitt was tried in the spring term of district court here on a similar charge alleging murderous assault on Guy Wright, deputy sheriff, and was assessed a prison term of two years.

The shooting resulted following a search of the Shoffitt home on the night of December 31, 1933, at which time Wright lost his left eye from gun shot wound. Pierce was not struck during the melee of firing said to have followed when the officers reached the yard as they were preparing to leave.

THE SLINGER

Goodly Attendance is Noted At Baptist Association

Rapt attention was paid the speakers at the Panhandle Baptist Association meeting held at the First Baptist church Tuesday and Wednesday.

Local people appearing on the program were the pastor, Rev. J. Perry King who discussed "foreign missions." O. C. Watson, leader in Baptist church work for many years, discussed "Baptists and their debts."

Judge Sam Lowe spoke on "temperance" at the afternoon session Wednesday. Rev. M. E. Wells, pastor of the Hedley Baptist church spoke on Sunday school work and Mrs. Wells was assigned the discussion of W. M. U. work.

W. H. Debord of Hedley discussed "home missions." Rev. Lee Vaughn had charge of the devotional service Tuesday morning, and Truman Caldwell of Hedley conducted a similar service at the afternoon session.

Rev. M. E. Wells, of Hedley was elected moderator; Rev. Truman Caldwell, clerk; E. E. Walker, Memphis, treasurer; Rev. J. Perry King, corresponding secretary.

The Association will meet next year at Turkey.

Donley County Agricultural Exhibit Looks Good

Striving to the utmost to outclass any previous effort in this work in Donley county, two young men just out of high school last term, are scouring the county collecting agricultural exhibits for the Tri-State Fair.

These lads are Jesse Cornell and George Wayne Estlack. The exhibit must be arranged Friday of this week in the fair booth. If you have field crops, fruits or vegetables that are a credit to your skill this drouthy year, call 924-A, 455 or 388. Your contribution to Donley county's exhibit will be called for promptly.

The specimens already collected surpass many of previous years. It looks like old Donley will be right at the head of the list when the boys get the exhibit arranged for the judges.

Mrs. P. L. Chamberlain and daughter Doneta returned home Wednesday from a few days visit with her sister, Mrs. J. W. Johnson at Clovis.

Bus Passengers Are Robbed Near Jericho Saturday

Two men boarded the Pickwick bus at McLean Saturday night about 8 p. m. A few miles west of there they punched the driver with a gun and ordered a stop, after which they relieved the passengers of about \$35. The two men then got into an auto that had been following along behind the bus.

Later, three men answering the same description held up the Standard Food grocery at Lefors securing about \$400 when they lined up the manager and several customers against the wall.

Pistols were used in the bus hold up and a machine gun was displayed on the Lefors job. Sheriffs of the four counties were called at once but no clues have been found.

Lions Enjoy Musical Program At Luncheon Hour Tuesday

A musical program most pleasing included Billy Walker, trumpet; Hubert Reavis, clarinet with Miss Delphia Bones piano accompanist. Miss Wilma D. Smith gave a reading.

Lions with 10-year continuous membership were awarded "Monarch" buttons.

Dr. Hicks was elected to the directorate to succeed T. D. Nored who resigned upon removal to Paducah.

Homer Mulkey and Joe Goldston reported activity phases of the crippled children committee.

Joe Bownds was a guest of the Club.

Mrs. Gattis of Turkey attended the zone meeting here Thursday.

Free Auto Show Tickets

All those subscribing for or paying renewal subscriptions to the Leader from this date until Friday, September 21st, will receive a free ticket to the auto show of the Tri-State Fair the night of the 22nd.

An interesting program will be presented in connection with the auto display, and the regular fare is 25 cents. Ask us about the free auto that will be given away that night, also electric radio and auto tires that will be given away.

Armstrong County Pioneer Is Buried Tuesday

Funeral services for Albert Lynch Cobb were held at Claude Tuesday afternoon at 3 o'clock with Rev. J. A. Russell in charge, assisted by Rev. John W. Crow.

Mr. Cobb became a resident ranchman near Claude in 1891 and owned extensive ranching interests 15 miles southeast of Claude, where he died Sunday morning.

He is survived by his widow, one son and five daughters. Mrs. Clyde Gilbert of this city is a daughter.

Those to attend the funeral from this section were J. R. Porter, Fred Patching, J. W. Kent, Jim Wilson, Mitch Bell, Charley Murphy, W. H. Patrick, Walter T. Taylor, J. W. Martin and Wiley Morris.

Others attending the funeral service from here were Misses Catherine Patrick, Lucile and Isabel Wright, Margaret Blackwell, Wanda Mayfield, Lorene Hayes, Lon Rundell, Slim Harvey, Clarence Bairfield, Raymond Stafford, Mr. Chambers, Mr. and Mrs. Charley Johnson, Mrs. W. B. Mayfield, Mrs. E. G. Hayes, Mrs. Dick Bain, Mrs. Claude Lindsey, Mrs. M. T. Howard.

Patrick to Address Pioneer Society at Amarillo

On each Wednesday of the annual Tri-State Fair in Amarillo members of the Panhandle Old Settlers' Association answer present at the rendezvous for a brief period to hear old tales and news of the trails, hardships and success of their fellows in conquering the prairies and fabricating farms from the raw soil.

C. J. E. Lowndes, who came to the Panhandle in 1885 as a member of the T-Anchor outfit, is president of the Association, and Floyd V. Studer is secretary.

W. H. Patrick, past president, will speak on the program Wednesday, the 19th. Others to speak are John Arnot and Mrs. Harry M. Beverly. The largest crowd in the history of the Association was in attendance last year, and an even larger crowd is expected this year from all indications.

Dr. and Mrs. Guy Stricklin and daughter Beverly Grey and Miss May Bennett returned home after a three months vacation visit at Estes Park, Colo.

SUPERVISOR OF CANNING PLANT MAKES REQUEST

Arrangements Must be Made In Advance Due to Very Limited Equipment

Mrs. J. M. Acord, supervisor of the Donley County Canning Plant, has reported that a number of producers are still bringing in meat and vegetables to be canned for which they have had no definite assignment. Because of a limited amount of equipment and the short labor authorization, it is necessary that these producers contact Mrs. Acord BEFORE bringing raw products into the cannery to be processed.

At the time that the producer comes in to get his assignment, he will sign a producer's agreement stating the date on which he is to bring his products to the cannery, the toll that he will receive, and the date on which he will call for the finished goods. The producer will be given a copy of this agreement so that there will be no conflict of dates.

Mrs. Acord has also stated that they will be busy canning beeves up through next Wednesday.

In order to avoid any unnecessary waste of perishable products, she has asked that those who have vegetables to be canned secure assignments immediately. At this time, vegetables and fruit will be given preference over beef so they can be canned before they waste.

Burlington "Zephyr" to Visit Here Last of Month

The new method of passenger transportation on the Denver will be most interesting. To see the "Zephyr" will be an innovation when the train is shown here some time between September 28 and October 2nd, according to D. F. Wadsworth, local agent, who has been advised of the visit.

A stop of one hour will be made in Clarendon. The public will be permitted to pass through the train that is operated by Diesel power and travels just as fast as the engineer dares to let her run. An average of over 100 miles an hour was made on some of the best Burlington track between Denver and Chicago the past summer in a test run.

Further information will be given through the Leader before the arrival of the train here.

Florists Seriously Injured Near Hedly Friday

Three men were seriously injured near Hedly Friday night when a casing blew out causing the car to turn over. They were brought to Adair hospital where they remained until Monday when they were placed aboard the noon train.

The men are Dallas florists, and had been attending a convention at Denver. Their names are Fred Fromholt and Messrs. Mayburn, and Boswell. The car considerably wrecked, was returned to Dallas by a relative.

Antelope Flat School Has Excellent Teachers

Among the progressive school communities none can excel that of Antelope Flat. Ansel Barton, graduate of Clarendon College and a law student at State University for two years, is principal. Mrs. Clarence Bullock, a teacher of several years successful experience, is his assistant.

The building is of the brick type made as nearly fireproof as possible. Besides the class rooms, a large auditorium was provided for the community center demands that are made upon a central building many times each season.

Thirty pupils are enrolled. One will wonder where they come from in that sparsely settled section of ranches, but they come. They with their elders and a very considerate school board and the earnest teachers, make this one of the very best schools of the Panhandle.

Dick Cooke Defeats Hampton Clarendon Invitation Golf Go

Thirty-Six Golfers From Six Different Towns Enter Local Tournament

Dick Cooke, youngest of the famous trio of golfing brothers, won the Fourth Annual Tournament title Monday afternoon when he defeated Thomas Hampton of Memphis, 1934 Green Belt Champion, by the narrow margin of 2-1. The match was sensational all the way; both players hit tremendous tee shots, made sensational recoveries, deadily approaches and run down dong putts. Dick was one under perfect figures while Hampton carded even par for the 17 holes.

Dick began his march to the Championship by eliminating Bennett Kerbow, Dude Gentry and Ira Merchant in rapid order. Hampton almost met his equal in his first match with a fellow townsman, Dr. L. M. Hicks, who was eliminated on the 23rd hole. After finally shaking loose from Dr. Hicks, Hampton made quick work of A. N. Woods and Al Cooke.

George Carter was crowned king of the second flight by virtue of a 2-1 win over O. T. Nicholson of Shamrock. Hank Bagby won consolation honors.

Two out of town players advanced to the finals in the Third flight with Archie Hallmark of Shamrock winner over Barney, Henry of Jericho. Billie Copek walked away with the consolation prize.

Frank Whitlock was a thorn in the side to players in the Fourth flight. A prize list, donated by Clarendon merchants, was awarded the winners.

Despite threatening weather, the tournament was declared by local officials to be a complete success. Plans are already being made for the Fifth Annual event to be held next year.

DALLAS BECOMES HEADQUARTERS OF 1936 CENTENNIAL

In a Contest With Houston And San Antonio, Dallas Bids \$7,971,000

Let to the highest bidder, Dallas was designated as the main celebration point for the Texas Centennial in 1936 with her bid of \$7,971,000. Houston bid \$6,507,000 and San Antonio bid \$4,500,000.

The selection was made by a commission of which Cullen Thomas of Dallas is chairman. The popular choice of the public was San Antonio because of the Alamo, Texas' cradle of liberty, and other historic considerations near there.

Hail Does Heavy Damage Near Alarend Sunday

Hail Sunday afternoon caused the loss of crops over a section ten miles wide and double that distance toward McLean beginning north of Alarend. The cotton crop of Mack Ayers, formerly of Hudgins, is a total loss he stated Wednesday. He thinks his feed crop will come out depending upon the frost date.

The Bruce nursery suffered a heavy fruit loss as did the Palmer orchard. Apples covered the ground beneath the trees and are being sold at 25 cents a bushel this week.

Next Trades Day Celebration September 19th

Announcement is made by the Trades Day committee that next Wednesday, the 19th will be observed as Trades Day in Clarendon.

It is expected that several merchants will put forth extra effort to acquaint the public with fall bargains on this day. New stocks having arrived recently are said to have alluring values.

Publishers of small town country weeklies may get several valuable ideas from the study of the other fellow's publications published under similar circumstances.

WHY NOT A CCC CAMP HERE?

The Public Works Administration is soon to make appropriations for soil conservation work in Texas. There is no county in the state in need of soil conservation more than is Donley county. Terracing has done much to save our soil the past few years, but individual efforts is but a drop in the bucket as to what should be done toward keeping the soil out of Salt Fork.

H. H. Bennett, director of the Soil Erosion Service, Washington, D. C. was for a number of years employed on government soil surveys in Texas. He knows the needs of the state, and particularly the counties. It is not too early to write him. Write Marvin Jones and Tom Connally in regard to the matter. We might as well have a CCC camp right in Donley. Besides the great amount of good that might be accomplished, the merchants and laundries will profit big from the establishment of a camp of this kind. Let's get busy.

HIGHWAY REPRESENTATION.

There appears to be quite a stir in West Texas over the possible appointee to the State Highway Commission by Jimmie Allrod when he takes office next January. Judge Ely's term will expire which will be quite a relief to a number of West Texans interested in highway development. Ely lives at Abilene.

The man most prominently mentioned to date is a fellow by the name of Williams of Mineral Wells. We have nothing against Mr. Williams except that he is not a West Texas man though he did for a short time reside at Tulia some years ago.

West Texas should not be satisfied with any man except a fullfledged highway enthusiast from Lubbock, Plainview or Amarillo, preferably the latter place since this section of the state has never had a fair representation on the Commission. We should not, and do not expect any special consideration, but we do expect to demand, if necessary, all our just rights in the appointment.

Jimmie Allrod promised this part of the state the square deal it deserved, and we fully believe that is just what we shall get. In the meantime, let's get together on the recommendation of some man suited to perform the services of a Trojan, who has the patience of a Job, the diplomacy of a Roosevelt and who can take the punishment of a prizefighter.

A BOY

Well, what is a boy? Just this! A boy is the person you are absolutely dependent upon to finish what you have started.

The time will come when he will occupy the chair at the desk where you are working now; he is going to do the work that you are doing now, but he is going to do it his own way.

He will be the father of a family, a farmer, a mechanic, a lawyer, a doctor, a poet, a musician, an artist, a professor, a surgeon, a jurist, a minister of the Word of God. Who? A Boy!

You may formulate policies and devise plans, but whether and how they will be carried out, rest with him.

A boy will make all the laws that you wish, negotiate treaties and form leagues. With the boy

rests the power to amend, to repeal or annul them.

He will occupy your seat in the Senate and sit on your bench in the courts of the land. Your village your town, your city, your state and the nation will soon be subject to his will.

He is going to take over and manage your schools, universities, colleges, hospitals, charitable institutions, prisons, and corporations. All your labors and your plans are going to be studied and judged; then praised or condemned by him.

Whether your name and your achievements will be gratefully remembered and honored by him depends upon his estimation of you and your achievements. All your work is for him and the destiny of the nation and the fate of humanity rest in his hands. The BOY of today is the MAN of tomorrow.

State Relief Headquarters
 Austin, Sept. 12.—Relief checks, representing allotments to Texas counties for the first half of September, were being signed Tuesday morning for mailing during the afternoon.
 Total money sent the counties in this allotment will be a little less than \$2,000,000, an allocation for the care of an estimated case load of 265,000. This number represents an increase of more than 10 per cent over the August load.
 State Director Adam R. Johnson had written a letter to accompany the checks in which he told county administrators that "this exhausts all available relief funds until additional state funds are obtained through action of the Legislature or until the federal government comes to our rescue."
 "You are therefore very definitely instructed to conserve these funds, but at the same time people should not be allowed to suffer. Every effort should be made by your clients to obtain seasonal employment so as to relieve our loads to that extent.
 These funds cover all your

Of Course You Want Your Boy to Win

If any one told you that you were making it needlessly hard for your boy or your little daughter to get on in school you wouldn't believe it could be true.

But are you giving your child, or your children, the good light they need for their home studying?

In many of the schools light is still poor, so it is especially important to provide good light where children's home work is done.

See that the lamps they use are of sufficient wattage to give plenty of light and that there can be no glare in their eyes, either direct or reflected.

Poor light makes concentration difficult, brings on fatigue and drowsiness quickly, is damaging to young eyes, and is often responsible for faulty posture, which is a danger to be guarded against.

Let our home lighting consultant tell you how to light your home for your children's benefit and for your own comfort. This is a free service. You have only to write or phone us to obtain it. Take advantage of this service before school begins. It will pay dividends in higher grades.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

TEMPLE OF TRUTH
By the Apostle

It has been discovered that some women have knee action in their arms, according to Bachelor Bill.

We have always been a friend to the ministry of all sects and creeds. Recently we ran across a fact which we offer as a suggestion since so many people go to Sunday school and leave before church services. The First Baptist church at Carlsbad, N. Mex. holds the regular church services at 9 a. m. Church services follow and the congregation is dismissed promptly at 11:45. Rev. Henry Weldon is the pastor and told the

writer it was a very successful plan which had been adopted after the First Christian church at Roswell had met with success after blazing a trail in new and untried methods.

I am interested in Amarillo. Principally because I have known the old cow town through the dry days of long ago, the oil period when she went "money mad", skidded through the "thug" era and down to the elite present when they try to make us believe they have a city putting on airs. I saw that burg when she measured around 800 population. She had 14 saloons, 11 gambling holes all of which was surrounded by a lot of manufactured noise. The old town has improved slightly through the years despite her influx of foreign population. A few specimens "with hearts as big as a ham" still exist there, and that's why we like to go to the old burg when we get hungry to visit with old-timers.

About the time the crowd rushes to a fire to see them, a paid bunch of firemen rush up and stop it. Why people persist in getting in the way at a critical time is a mystery all over the world.

W. Sidney Pittman, publisher of the "Brotherhood Eye", a colored publication of Dallas, claims to have a bigger circulation among all classes than Jim Ferguson's

Forum. But why compare the "Brotherhood Eye" with the "Forum"?

Of all men possessed of natural ability to paint a word picture, O. Henry (Sidney Porter) is said to have excelled them all. While a resident of Austin, he was invited to spend the week end on a farm to which place he was escorted on a creaky wagon late in the evening. In describing his arrival in his memoirs, he said: "Nightfall on the farm. The barns and trees melt into inkspots on the gray curtain of dusk. Thin wisps of smoke, like idle summer dreams, float up to meet dull clouds that stretch across the sky. In a field of haze the flash of a lantern mingles with the faint gleam of fireflies. Beyond a hill the lonely creak of wagon wheels fades into the distance, leaving only the quiet hum of the crickets. The country is asleep with only nature to welcome us."

A young lady who evidently has been called "down" is also calling for help in the form of Biblical proof to back up her side of the argument. She wants to know "if women in ancient times used cosmetics". Young lady, listen! The gals back in Jezebel's day ran circles around anything you or I have ever seen. Read II Kings 9:30 and Ezekiel 23:40 as a starter. How they painted "eyes" is a mystery since they do not refer to "eye-lids or eye-lashes, etc." P. S. They also washed feet in them days, but that was largely a ceremony reserved by the elders of the tribe. Cosmetics may have been necessary among the younger set because of bathing customs.

Every time a woman shoots her husband, or a man robs a bank, they think they should land in the movies or on the stage. Since the Catholic church has done a wonderful lot of good toward cleaning up indecent pictures, perhaps this other matter will be cleaned up later.

Yep! We need employment for the unemployed. But a real time of rejoicing will come when we have voiceless radio announcers and croonless crooners.

It is with utmost regret that we have to announce at this time that we don't know if the fall hat will be a beret, cartwheel or a fascinator.

Who can remember when all we expected of a congressman was a small batch of garden seed? (P. S. That seldom ever sprouted.)

The outstanding feature of the Legion meet at Mineral Wells was Jimmie Allred mistaking our own bandmaster Gus B. Stephenson for a bell hop. The rig Gus had on playing with the Colorado band caused all the humiliation on his part, and the gobs of fun on the part of others who found it out. Yes, Gus told it to everybody spreading the laughs all-round.

The College Hill Widow sums up "man" as follows: Man is an animal with two hands, two feet and often with two or more wives but never more than one idea at a time. Men are divided into three classes—husbands, bachelors and widowers. An eligible bachelor is a mass of obstinacy entirely surrounded by suspicion. Husbands also may be classed as being of three varieties—prizes, surprises and consolation prizes. Making a husband out of a man is one of the most intricate arts known to civilization. Some are caused to marvel at a sweet, soft, fluffy, tender violet-scented thing like a woman enjoying a kiss from a big, awkward, stubby-chinned tobacco-smelling hulk of a man. But most of them do. If you are of the clinging vine type, he thinks you lack brains. If you are an independent 1934 type, he thinks you have no heart. If you are silly, he longs for a brainy girl. If you are sensible, he longs for a playmate. If other men admire you, he is jealous. If not, he regards you as a wall-flower unfit for anything. The pop-eyed tribe keep you guessing except to exhibit a natural tendency toward baldness, bunions, toothache, flat feet and financial worries. A widow knows more about the confinement and care of a man than any one else because she camps on his trail like a chicken after a grasshopper. Men are like any other wild animal; he has to be trapped, but does better in captivity than when he is running loose.

"Chump" is the only word that reads the same upside down. Write it and see. "Once a chump, always a chump," was coined because of

this fact.

A San Antonio woman ran off with another man and finally landed in South America. The first letter back to the old home "roost" wasn't a letter at all—it was a small package. Inside the package was a perfumed note which read: "Dear Charlie: I love you still and am sending you some really delicious coffee because I realize how hard it is to get real good coffee in a hick town." Up until the arrival of the package he was heart-broken.

What a lambasting the legal profession gets in the comic strip known as "The Gumps." Bim is being robbed by his lawyer, who in turn has a very poor opinion of the opposing counsel.

Now an old fossil wants to know just what a "whoopie cushion" is since they are being advertised. Making whoopee made a song one time.

Said the tourist: That Clarendon village we are coming to is an attractive little burg, wasn't it? There ought to be a law - - -

Now that the show is over, don't forget to plant turnips, mustard, radishes, rape and wheat all in the same patch. They do better, and you have a chicken patch after you get beyond the 'greens' season.

Thou shalt provide thyself with a garbage can all thine own. Thou shalt not deposit in the garbage can of thy neighbor chicken feathers. Besides the wear and tear on the can, it is a strain upon thy neighbor. To permit them to remain would resurrect a neighborly spirit that has long been as dead as the dodo bird. Selah!

From Speech Delivered By
Marvin Jones At Amarillo
September 6, 1934

The program of the Administration has meant a great deal to Texas and to the Panhandle during the strenuous times through which we have been passing. The worst depression we have ever known, coming at the same time with the worst drought in our history, made the situation in our section very grave. Farm and city homes were being foreclosed by the thousands. There was no money and no credit.

The new Administration met these conditions with a program of action.

Among other things, this included a loosening of our credit structure.

It included a home owners' loan system that has saved thousands of homes in Texas and the Panhandle.

It included a farm mortgage bill which prevented the foreclosure of many thousands of farm homes in Texas and the Panhandle.

It included an agricultural adjustment program which has brought more than one hundred million dollars in wheat and cotton benefit payments to the farmers of Texas, and fifteen million dollars in such payments to the people of the Eighteenth Congressional District of Texas. In addition, it has caused a great increase in the prices of these commodities.

It included a crop production loan system which, by making emergency loans, has made it possible for the farmers of Texas and our section to plant their crops.

It included a beef and dairy cattle program which enabled the people of this section to cul their herds and carry through the remaining portion of their herds in better condition.

Without these vast benefits, it is difficult to know how some of our people would have lived through this period.

As chairman of the House Committee on Agriculture, it was my privilege to handle much of the legislation concerning which I have spoken. The people of this section have been generous to me, and I was happy to be in a position to assist in making this program possible. I have at all times fought for the interests of the people of the Panhandle of Texas.

A phase of the program which seems to have merited some criticism has been the special road program.

It was my privilege to assist in planning and drafting this original program. Some \$2,500,000 was set aside by the Public Works Administration as a grant for the payment of 30% for materials in the road building program in the drought area of the Panhandle, the Midland section, and some few counties in the storm area of South Texas. This money was to be matched by the Relief Commission out of the general relief

funds, not to exceed \$6,000,000.

For several months this program was held up, apparently because of the fact that Texas authorities were unable to agree on the division of expenses or as to who would handle the program or for some other reason.

Meanwhile, the relief funds out of which the 70% of the program was supposed to have come were expended, and while some of these funds were spent in the Panhandle of Texas, not anything like an adequate amount of them was spent on the road program to carry out by any means the original purpose. However, at Kansas City Mr. Hopkins agreed to make \$400,000 per month available out of new relief funds for the purpose of carrying out the initial program.

In addition, the Texas Highway Commission in distributing the \$24,000,000 that was allotted to Texas last year under the general road program failed to follow literally the provision that in administering it preference should be given to closing the gaps in the federal highways.

However, those who are keeping up with the program here assure me that both the Texas Highway Commission and the Texas Relief Commission are now in accord and are willing to join in seeing that the original purposes of the plan are carried out.

I expect to join with the committee from this section in presenting this matter in Washington within a few days. Neither Mr. Hopkins, Mr. Kirkpatrick, nor Mr. Westbrook of the Relief Administration, nor Mr. MacDonald nor Mr. Harrison of the Bureau of Public Roads can have any excuse for not making the balance of the funds available. I do not believe any of them will refuse, but if they do, we will know where to place the blame and where to make the effort.

It is but fair to add in this connection that all of the activities which I have discussed are paying their own way except the relief program. The wheat and cotton programs which have meant so much to Texas are self-supporting and have not cost the government of the United States any money.

This will be largely true of the farm mortgage and home owner's loan measures.

I believe the American people want work instead of a dole, and whatever provision is made should be made in the form of an opportunity for work. This is in accord with American principles and traditions.

Miss Mary Lynn Teer of Belton, Texas is attending high school here and staying with her brother, Mr. and Mrs. Edd Teer.

Mrs. Roy Beverly spoke on the advantages of "this winter in the garden." Miss Flora Wilson chose a subject seldom discussed and grossly neglected when she spoke on "wild flowers from the seed." The cultivation of wild flowers, of which we have many varieties, is said by many flower lovers to be our greatest yard asset.

All the ladies were very happy to have Mrs. E. V. Cooper and Miss Martha Thomas to become members.

A dainty refreshment was served in three courses to visitors, Mrs. Wilford Andis and little daughter Latiercia Ann, Misses Willie Barbee, Mary and Nelda Lee Harrison and little master Lyle Cooper. And members, Mesdames Barbee, Rumpy, Beverly, Thomas, Harrison, Cooper, Wilson and Misses Martha Thomas and Flora Wilson.

P. T. A.

The first meeting of the P. T. A. met Thursday afternoon with a good attendance.

The program was opened with the P. T. A. song and followed by P. T. A. prayers.

Dr. Oscar Jenkins brought a very interesting talk on Health before the parents and telling the mothers how to prevent diseases in caring for the children. Mrs. Bill Word sang a solo, "Sawnee River," accompanied by Mrs. Powell. Miss Vada Waldron's room won prize for having the greatest number of mothers present.

Plans for the coming years work were discussed and the social welfare work has begun. The P. T. A. hopes to have the cooperation of all the parents in this work this term.

ALPHA DELTA PSI LITERARY SOCIETY

The Alpha Delta Psi Literary Society met in their Club hall Tuesday evening, September 11, with president Homer Estlack presiding. From the secretary's book

Lu McClellan read an account of the preceding meeting.

Hubert Reavis with a saxophone and Delphia Bones at the piano played several popular selections. Robert Nichols presented some new and old jokes in his inimitable amusing manner. Billy Walker, publicity agent, greeted his audience with a conveniently short speech. Wilma Dee Smith presented a reading in her usual forceful manner.

Following this brief program, was a round table discussion of various business. With Sue Powell as chairman, a social committee of Billy Walker and Nellie Grady was appointed. Vice President Nichols, Wanda Mayfield and Wilma Dee Smith are to work up programs for the succeeding nine weeks. Initiations and plans for the annual play were duly discussed, and the group adjourned until next Tuesday evening.

All college students are invited to attend these sessions.

ELLIS—CHASTAIN
 Mr. and Mrs. Clifton M. Chastain have returned to Mineral Wells where they were married Sunday afternoon at 3 o'clock at the First Methodist Church, Lawton, Okla., by the Reverend J. W. Coontz, pastor of the church.

The bride is the attractive daughter of Mr. and Mrs. J. F. Blocker, the former Mrs. Penelope Ellis of Clarendon and a granddaughter of Mr. and Mrs. S. T. Sayre of this city. Mrs. Chastain wore for the ceremony an imported dark blue suit with harmonizing accessories.

She is a popular member of the social group both in Clarendon and Mineral Wells where she has visited frequently.

The bridegroom is the son of Mr. and Mrs. J. F. Chastain of Breckenridge where he formerly lived and was in business before he came here the first of the year. He is associated as joint owner with J. L. Skaggs in the Mineral Wells Motor Company—Chrysler and Plymouth dealers. Mr. Chastain is identified with business, social and civic circles of the city, a member of the Kiwanis Club, Junior Chamber of Commerce and other local clubs.

Both Mr. and Mrs. Chastain have a wide circle of friends here who will be interested to know of their wedding.

They will live at 1103 Northwest Fourth Avenue.

The Log of a Pirate
By Vera Barker

A shining, yellow, steel school bus was presented to the school near Clarendon to take them into school. If you see something very large and extravagant with "Ashtola School Bus" written on it, you will not blame the Ashtola children for being so terribly proud. Let us all join in with a united effort to take the best of care of our precious possession, so that those to follow us in school may enjoy it as we do. A very wise decision was made in selecting the driver. Tendal Gregg is driver and three cheers and good luck to him.

Las Piratas will be unable to hold regular meetings from now on. Greetings to sister Piratas and brother Piratas wherever they may be! Present officers in lodge are as follows:

Great Captain—Dola Gregg.

Captain—Ruth Warrick.
Guard—Alma Gregg.
Secretary—Vera Barker.

Educational Division ••• Purina Mills

The amount of milk or butterfat it takes to pay the cost of keeping a dairy cow for one year—that is the money making line in a dairyman's herd. E. B. Powell, manager of Purina Mills' Experiment Farm, points out. Whether a cow is helping to keep the dairyman or he is keeping the cow depends on whether or not her production is above that line.

The money making line varies for each herd and in any herd it is higher than it used to be, because prices for dairy products are lower. Most herds have a few poor cows which eat up part of the profits made by the better cows.

In determining the cost of keeping a cow for one year, the annual cost of pasture hay, ensilage, grain feed, and hired labor must be added together. Pasture is usually figured at \$1 per cow per month; likewise labor. If the value of the calf and manure are not enough to cover cow replacement cost, veterinary bills, and other general herd expense, then something must be added to the feed and labor costs to care for them. Dividing the total cost by the price of milk gives the money making line. Production above this line is the owner's return for supervision and management and interest on his investment, which must be figured for each individual cow.

To increase the profit from the herd, the dairyman should get rid of the cows whose production cannot be brought above the money making line and feed better and more liberal rations to those which are above it, so that they will produce all that is within their capacity. By this means, the herd can be made to pay no matter what the price of milk.

A simple set of tools to figure the cost of keeping a cow has been developed by the dairy department of Purina Mills. In most communities are checkerboard feed dealers who will be glad to supply them to help the individual dairyman to make an analysis of his herd to find where his money making line is, and which of his cows are above and which are below the line.

Amusing Hearthstone Brushes

Perhaps it is a hint on Santa's part to keep the hearthstone spic and span for his coming. Anyway, his pack contains an unusual variety of amusing fireplace brushes this year. They are extremely decorative, too, for the spirit of the times is for the humblest utilitarian article to be ornamented to the nth degree as well as useful.

(Polly Sowell)

Sunday school was better attended Sunday morning than it has been for sometime. There were sixty-three present. Immediately following Sunday school five candidates for baptism were immersed in the Allen pool. Bro. Williams filled his regular appointment Sunday evening.

Our school has been in session a week now, and there is much to indicate that it will be one of the most successful school years that Martin has ever had. A fourth teacher has been added which makes it possible for each department to do more efficient work than in the past. Our two new teachers are Miss Lucille Polk who has charge of the Primary Department and Miss Jessie Swinburne who has the Intermediate grades. Mr. Kavansugh our principal and Mrs. Jim Baker, who teaches the sixth and seventh grades, have been employed at Martin for the last two years.

Miss Jessie Swinburne spent Wednesday night with Miss Lucille Polk and both attended Bank Night at the theatre.

Mrs. Dave Patterson spent the past week at Borger, guest of her son and family, Mr. and Mrs. Herman Patterson.

Mrs. Virgil Jordan who has been bedfast for the past three weeks is reported improving at this writing.

Mr. Royce Turnbow, Glen Sibley, Fred Easterling, C. P. Jones and Harold Hamm entered school in Clarendon Monday morning.

Quite a few people in this community began picking their cotton this week. If it doesn't come a freeze too soon, there will be lots of feed in this part of the county. The feed crops look good since the rains.

Mr. C. J. Talley and Bill Sowell made a business trip to Amarillo Tuesday.

Mr. and Mrs. Bill Hatfield and family spent Saturday night and Sunday with G. C. Spier and family. Bro. and Mrs. J. G. Powell were their Sunday afternoon guest

Mr. and Mrs. Claude Easterling and son, Mr. and Mrs. Clyde Easterling and family spent Sunday with Mr. and Mrs. J. D. Wood.

Those visiting in the C. A. Jones home Sunday were Mr. and Mrs. H. E. Parker and family from Smith, Winston Wood and Frieda Helton.

Mrs. Jim Baker had as her Sunday dinner guest, Miss Jessie Swinburne and Polly Sowell.

Mrs. Kavanaugh, Mrs. Morrow, Mrs. J. R. Hillman, Mrs. J. A. Sowell and Miss Polly Sowell called on Mrs. Virgil Jordan Monday afternoon.

CHAMBERLAIN HOME DEMONSTRATION CLUB

Members of this Club were entertained Thursday, Sept. 6 in the home of Mrs. R. W. Fowlkes. The meeting was opened by singing "Blessed be the Tie" with Mrs. E. V. Cooper at the piano. Mrs. Fowlkes led in prayer.

The business session was presided over by the president, Mrs. R. P. Wilson. Answer to roll call was made by naming the "flower I like best."

A very interesting program was presented by Mrs. O. B. Rampy. Others assisting were Mrs. Barbee choosing as her subject, "roses for continuous blossom." "Dahlia" was the subject of Mrs. Loyd Reid.

Mrs. Roy Beverly spoke on the advantages of "this winter in the garden." Miss Flora Wilson chose a subject seldom discussed and grossly neglected when she spoke on "wild flowers from the seed." The cultivation of wild flowers, of which we have many varieties, is said by many flower lovers to be our greatest yard asset.

All the ladies were very happy to have Mrs. E. V. Cooper and Mrs. Martha Thomas to become members.

A dainty refreshment was served in three courses to visitors, Mrs. Wilford Andis and little daughter Laticia Ann, Misses Willie Barbee, Mary and Nelda Lee Harrison and little master Lyle Cooper. And members, Mesdames Barbee, Rampy, Beverly, Thomas, Harrison, Cooper, Wilson and Misses Martha Thomas and Flora Wilson.

JUNIOR LES BEAUX ARTS CLUB

At a meeting of the Club held Wednesday, Miss Jo Ella Stewart was signally honored with re-election to the presidency. Other officers elected were Miss Delphia Bones, vice president; Miss Dorothy Jo Taylor, secretary; librarian, Miss Cleo Brown; reporter, Miss

Geraldine Pratt. Misses Jean Bourland and Dorothy Jo Taylor were hostesses at this the first meeting of the new year. Miss Helen Lawler conducted a parliamentary drill.

QUILTING AT HOLLAND HOME WEDNESDAY

Mrs. B. J. Leathers of Lelia and Mrs. C. R. Piercy sponsored a quilting at the home of their mother, Mrs. Joe Holland Sr. Wednesday, a sumptuous repast being served by the sponsors at the noon hour.

The following ladies were present at this enjoyable affair: Mesdames John Clark, C. R. Skinner, W. D. Van Eaton, G. A. Anderson, H. Tyree, O. A. Scoggins, Alva Lane, R. A. Chunn, Joe Holland Jr., and the honoree, Mrs. Joe Holland Sr.

CLARENDON H. D. CLUB

The Clarendon H. D. Club met at the LaLadies Club Room Friday afternoon, Mrs. Irene Mitchell as hostess.

Program—How we are Governed.

Mrs. Crabtree, Mrs. Fink, Mrs. Baker, Mrs. Anderson and Mrs. Hahn assisted on program.

Mrs. Mitchell, assisted by Mrs. Lott Kimbriel served a lovely plate refreshment in colors of Green and White, to the following Club members: Mmes. A. H. Baker, A. L. Chase, Fink, McDowell, Clark, Anderson, Hahn, Crabtree, Mosley.

The Club will meet at the home of Mrs. Major Hudson Friday, Sept. 21st at 2 p. m.

CELEBRATES BIRTHDAY

Little Marilyn Merchant celebrated her 6th birthday at the home of her grandparents, Mr. and Mrs. Cal Merchant Sunday. Others to help enjoy this celebration were:

Mrs. Roy Carhart of Panhandle, Miss Carolyn Pottle of Phoenix, Ariz., Miss Erie Nell Harrison of Panhandle, Mr. and Mrs. J. S. Wynne, Miss Vi Leh Victors and Dick Walker of Pampa, Mr. and Mrs. Jack Merchant of Stanford, Mr. and Mrs. Ira Merchant and Mr. and Mrs. Cal Merchant of Clarendon.

P. T. A.

The first meeting of the P. T. A. met Thursday afternoon with a good attendance.

The program was opened with the P. T. A. song and followed by P. T. A. prayers.

Dr. Oscar Jenkins brought a very interesting talk on Health before the parents and telling the mothers how to prevent diseases in caring for the children. Mrs. Bill Word sang a solo, "Saanee River," accompanied by Mrs. Powell. Miss Vada Waldron's room won prize for having the greatest number of mothers present.

Plans for the coming years work were discussed and the social welfare work has begun. The P. T. A. hopes to have the cooperation of all the parents in this work this term.

MANN—LAND

ALPHA DELTA PSI LITERARY SOCIETY

The Alpha Delta Psi Literary Society met in their Club hall Tuesday evening, September 11, with president Homer Estlack presiding. From the secretary's book

Lu McClellan read an account of the preceding meeting.

Hubert Reavis with a saxophone and Delphia Bones at the piano played several popular selections. Robert Nichols presented some new and old jokes in his inimitable amusing manner. Billy Walker, publicity agent, greeted his audience with a conveniently short speech. Wilma Dee Smith presented a reading in her usual forceful manner.

Following this brief program, was a round table discussion of various business. With Sue Powell as chairman, a social committee of Billy Walker and Nellie Grady was appointed. Vice President Nichols, Wanda Mayfield and Wilma Dee Smith are to work up programs for the succeeding nine weeks. Initiations and plans for the annual play were duly discussed, and the group adjourned until next Tuesday evening.

All college students are invited to attend these sessions.

ELLIS—CHASTAIN

Mr. and Mrs. Clifton M. Chastain have returned to Mineral Wells where they were married Sunday afternoon at 3 o'clock at the First Methodist Church, Lawton, Okla., by the Reverend J. W. Coontz, pastor of the church.

The bride is the attractive daughter of Mr. and Mrs. J. F. Blocker, the former Mrs. Penelope Ellis of Clarendon and a granddaughter of Mr. and Mrs. S. T. Sayre of this city. Mrs. Chastain wore for the ceremony an imported dark blue suit with harmonizing accessories. She is a popular member of the social group both in Clarendon and Mineral Wells where she has visited frequently.

The bridegroom is the son of Mr. and Mrs. J. F. Chastain of Breckenridge where he formerly lived and was in business before he came here the first of the year. He is associated as joint owner with J. L. Skaggs in the Mineral Wells Motor Company—Chrysler and Plymouth dealers. Mr. Chastain is identified with business, social and civic circles of the city, a member of the Kiwanis Club, Junior Chamber of Commerce and other local clubs.

Both Mr. and Mrs. Chastain have a wide circle of friends here who will be interested to know of their wedding.

They will live at 1103 Northwest Fourth Avenue.

Mr. and Mrs. Lester Schull

visited friends in Amarillo Saturday.

Miss Inetha Collier spent Sunday night with Miss Marie Morris.

Mr. Willard Cook and Miss Theda Parker and Mr. Marvin Baker and Miss Viola Barker spent Sunday afternoon motoring and kodaking.

Miss Othella Poovey has returned from Majena and will attend school at Clarendon.

Miss Willa Poovey spent Friday night with Katherine Brown.

Mr. C. P. Jones spent the week end in Memphis.

A large crowd of young people were visitors in the Lovell home Sunday.

Paul Ledbetter and Clyde Barker spent Wednesday with Carl Barker and family.

Dola Fay Gregg visited with Athylin Drennan Sunday.

GOLDSTON

In the absence of their pastor the Baptist church met Sunday and elected messengers to attend the Panhandle Association which met at Clarendon Tuesday and Wednesday. Among other business transacted was the calling of a pastor. Rev. Lee Vaughn was chosen to serve the church for another year.

School was dismissed for one month in order that the children may help gather the cotton which is opening rapidly.

Two good basketball games were played here Friday. The school boys took the long end of a twenty to twenty six score with a team of outsiders. The school girls

won a close game from the outside local team of girls.

Miss Bera Lambert sixth and seventh grade teacher will spend her vacation with home folks at Alba, Wood County.

Amos Yates of Clarendon spent the week end in the Jimmie Millsap home.

Miss Mattie Rhodes primary teacher at Midway visited home folks over the week end.

Jimmie Millsap and lady and Woodrow Millsap attended to business at Pampa Monday.

Mr. and Mrs. M. M. Noble left for Austin Friday. Mrs. Noble will remain there with their son Joe who is a student in the State University.

The young people enjoyed a party Saturday night in the Reynolds home.

Howard Rhodes and Buck Hill attended to business at Silverton Friday.

Miss Dorothy Dilli returned home after an extended visit at Pampa. Fed McAnar and son Granvil motored to Memphis Monday.

Miss Pauline Brame of Sunnyview visited friends here last week. Hope Lemmon of Brice spent Tuesday night in the H. B. Rhodes home.

See where Herbert Hoover has launched a tirade of criticism against Mr. Roosevelt. Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

Ashtola School News

The Log of a Pirate
By Vera Barker

A shining, yellow, steel school bus was presented to the school near Clarendon to take them into school. If you see something very large and extravagant with "Ashtola School Bus" written on it, you will not blame the Ashtola children for being so terribly proud. Let us all join in with a united effort to take the best of care of our precious possession, so that those to follow us in school may enjoy it as we do. A very wise decision was made in selecting the driver. Tendal Gregg is driver and three cheers and good luck to him.

Las Piratas will be unable to hold regular meetings from now on. Greetings to sister Piratas and brother Piratas wherever they may be! Present officers in lodge are as follows:
Great Captain—Dola Gregg.

Captain—Ruth Warrick.
Guard—Alma Gregg.
Secretary—Vera Barker.

—oOo—
If possible Ashtola school will run one month before cotton picking dismissal.

—oOo—
A Pirate meeting was held at the Ashtola auditorium Friday night. Eleven members were present.

Everyone please hope for 'Slicks' rapid recovery from a "mysterious" heating. Present officers for Pirata Lodge are:
Great Captain—Granvil Warrick
Captain—C. P. Jones.
Sea Hawk—Robert Graham.
Secretary—Frank Hardie.

Educational Division ... Purina Mills

The amount of milk or butterfat it takes to pay the cost of keeping a dairy cow for one year—that is the money making line in a dairyman's herd. E. B. Powell, manager of Purina Mills' Experiment Farm, points out. Whether a cow is helping to keep the dairyman or he is keeping the cow depends on whether or not her production is above that line.

The money making line varies for each herd and in any herd it is higher than it used to be, because prices for dairy products are lower. Most herds have a few poor cows which eat up part of the profits made by the better cows.

In determining the cost of keeping a cow for one year, the annual cost of pasture, hay, ensilage, grain feed, and hired labor must be added together. Pasture is usually figured at \$1 per cow per month; likewise labor. If the value of the calf and manure are not enough to cover cow replacement cost, veterinary bills, and other general herd expense, then something must be added to the feed and labor costs to care for them. Divid-

ing the total cost by the price of milk gives the money making line. Production above this line is the owner's return for supervision and management and interest on his investment, which must be figured for each individual cow.

To increase the profit from the herd, the dairyman should get rid of the cows whose production cannot be brought above the money making line and feed better and more liberal rations to those which are above it, so that they will produce all that is within their capacity. By this means, the herd can be made to pay no matter what the price of milk.

A simple set of tools to figure the cost of keeping a cow has been developed by the dairy department of Purina Mills. In most communities are checkerboard feed dealers who will be glad to supply them to help the individual dairyman to make an analysis of his herd to find where his money making line is, and which of his cows are above and which are below the line.

Amusing Hearthstone Brushes

Perhaps it is a hint on Santa's part to keep the hearthstone epic and span for his coming. Anyway, his pack contains an unusual variety of amusing fireplace brushes this year. They are extremely decorative, too, for the spirit of the times is for the humblest utilitarian article to be ornamented to the 'nth degree as well as useful.

MARTIN

(Polly Sowell)

Sunday school was better attended Sunday morning than it has been for sometime. There were sixty-three present. Immediately following Sunday school five candidates for baptism were immersed in the Allen pool. Bro. Williams filled his regular appointment Sunday evening.

Our school has been in session a week now, and there is much to indicate that it will be one of the most successful school years that Martin has ever had. A fourth teacher has been added which makes it possible for each department to do more efficient work than in the past. Our two new teachers are Miss Lucille Polk who has charge of the Primary Department and Miss Jessie Swinburne who has the Intermediate grades. Mr. Kavanaugh our principal and Mrs. Jim Baker, who teaches the sixth and seventh grades, have been employed at Martin for the last two years.

Miss Jessie Swinburne spent Wednesday night with Miss Lucille Polk and both attended Bank Night at the theatre.

Mrs. Dave Patterson spent the past week at Borger, guest of her son and family, Mr. and Mrs. Herman Patterson.

Mrs. Virgil Jordan who has been bedfast for the past three weeks is reported improving at this writing.

Mr. Royce Turnbow, Glen Sibley, Fred Easterling, C. P. Jones and Harold Hamm entered school in Clarendon Monday morning.

Quite a few people in this community began picking their cotton this week. If it doesn't come a freeze too soon, there will be lots of feed in this part of the county. The feed crops look good since the rains.

Mr. C. J. Talley and Bill Sowell made a business trip to Amarillo Tuesday.

Mr. and Mrs. Bill Hatfield and family spent Saturday night and Sunday with G. C. Spier and family. Bro. and Mrs. J. G. Powell were their Sunday afternoon guest.

Mr. and Mrs. Claude Easterling and son, Mr. and Mrs. Clyde Easterling and family spent Sunday with Mr. and Mrs. J. D. Wood.

Those visiting in the C. A. Jones home Sunday were Mr. and Mrs. H. E. Parker and family from Smith, Winston Wood and Frieda Helton.

Mrs. Jim Baker had as her Sunday dinner guest, Miss Jessie Swinburn and Polly Sowell.

Mrs. Kavanaugh, Mrs. Morrow, Mrs. J. R. Hillman, Mrs. J. A. Sowell and Miss Polly Sowell called on Mrs. Virgil Jordan Monday afternoon.

WINDY VALLEY SCHOOL NEWS

School has begun in the Valley and everything is coming along very nicely. The school house was repaired and school grounds were cleared and made ready by a number of the school patrons. We, the school pupils and teachers of Windy Valley school, wish to thank each and everyone that has helped in any way toward putting the Windy Valley School House and school ground in condition for use. Everyone is cooperating very nicely and we want you to know that we appreciate it very much.

With Mrs. Batson and Miss Baley as sponsors, a club for the school girls has been organized. Officers of the club are: president, Alvis Darnell; vice-president, Leola Hudson; Secretary and treasurer, Jenny Jewel Nichols; Reporter, Ethel Skinner. The girls decided that they would call themselves the "Kokernot Klub", and have for their mascot, a monkey. The motto of the "Kokernots" is, Keep a sound soul, a clean mind, and a healthy body. Watch the girls' development under this motto.

Pupils of the intermediate room

have decided to make a rule each week to abide by. Their rule for this week is: "Leave other people's things alone."

The boys of Windy Valley school have organized a police patrol to protect the school building and the outer buildings. The officers are: Chief of police, Monroe Giles, assistants, Maschal Cole, J. A. Josie and Melvin Skinner, deputy. This club has principles of self-government that permits the pupils to pronounce judgment or punishment on their fellow school mates.

The police patrol was organized by Mr. Jackson, and is sponsored by him.

We have just finished an interesting ball game. The losers are to entertain the winners with a weiner roast and a school party Wednesday afternoon at 6:00 o'clock at the school house. The players are: Mr. Jackson, Mary Ruth, and Lester Walker, Ethel Skinner, Wallace, Nova and Clea Riffle, Maschal Cole, Alfred Bowling, J. A. Josie, Lynn and Monroe Giles, Leola Hudson, Jenny Jewel Nichols, Robbie Lee Russell, Joe Nell Stogner, Leo and Ray Paulk.

The Windy Valley Literary Society will meet Friday 14th at 3:00 o'clock. An interesting program is being worked up at this time. Everyone is invited to attend.

Margaret Calista Estlack

Born near Mankato, Minnesota December 24, 1859, Mother's eventful life closed at Carlsbad, New Mexico September 3, 1934 in her seventy-fifth year.

She met and married Alfred Estlack at Silver Cliff, Colorado during the memorable boom days in March of 1881 and who survives at this time. To this union the following surviving children are: J. C. Estlack, publisher of the Donley County Leader at Clarendon; L. J. Estlack engaged in the furniture business at Carlsbad, New Mexico; Raymond N. Estlack engaged in the oil business at Hobbs, New Mexico; Rose Nell, the wife of L. W. Boyd of Hobbs, New Mexico, and all of whom were present for the last rites.

There come moments in the lives of all when every support we claim as our own seems to have been swept away. It's a desolate state of mind to be in except for the fact that death alone can best teach us immortality. Then turning to God's word we find: "They shall hunger no more, neither thirst any more, neither shall the sun light upon them, nor any heat; for the Lamb which is in the midst of the throne shall feed them, and lead them to living fountains of water, and God shall wipe away all tears from their eyes." Our sainted dead are alive ever more! Death is swallowed up in victory—the grave is conquered—and heaven comes to our thoughts with friendlier familiarity. This is more than sentiment; it is inspiration. It is strength that can carry the load of life; it is enthusiasm that makes sorrow itself a sacrament.

As mother grew older and neared the setting sun of life's journey, she became spiritually beautiful; as a beautiful flower of God's handiwork sending forth love and kindness and teaching patience by her daily life. Through the many months of her last illness, Mother never lost sight of these graces that made her life an inspiration to those near and dear to her, and the friends who visited her.

She thought much of the "home over there" the last few weeks of her life. She spoke of her passing merely as a journey where she knew loved ones would greet her. To her it meant—

"As my twilight hour
Draws near,
Weep not for me,
For I shall not
Be going
To strange shores
Alone.
Loved ones are there
To welcome me,
And so
Rejoice with me
That I am going home!
Be glad
That after weary, troubled
years
I can, at last,
Find rest and await your
coming."

How feeble the ability to write the thoughts down upon paper. Not in flowery language, but in the simple language of love. I write "Dear Mother"—lovely tender words—and grow silent beneath the weight of thoughts and memories that, lying buried like precious jewels beneath the dust of years, arise clear and glowing in my mind. Tender memories of her loving acts and dreary tasks done smilingly in a labor of love for those of her household while the sun shone and the years marched swiftly by, and youth passed with them. Her life's long day closed with a fair sunset, the stars came out and unfolded her spirit and kissed her cold lips goodnight.

"O magical word, may it never die from the lips that love to speak it,
Nor melt away from the trusting hearts that even would break to keep it.
Was there ever a name that lived like thine?
Will there ever be another?
The angels have reared in heaven a shrine
To the holy name of Mother."
She was my mother, friend, counselor and pal. We each loved geology and roamed the hills together. Her last resting place is in a cemetery among the hills and rocks that she loved. This tribute is respectfully dedicated to the memory of my best friend—my Mother.

ASHTOLA SCHOOL NEWS

THE LOG OF A PIRATE

Vera Barker

The Coming of Transportation

The new bus that we have been looking forward to has at last arrived. Everyone left home happy this morning because of its presence.

When school first began the people and trustees of Ashtola met in a special meeting to discuss the buying of a new bus for the school. Although we were out a considerable sum of money we are proud of it. No wonder! It is a Wayne. All steel body on a Ford chassis V-8, has soft leather seats, three electric lights in the top, has a beautiful coat of orange paint on the outside and the most convenient thing about the new bus is that it carries 56 people and has all the latest safety devices.

The new bus was assembled in Oklahoma City and was driven through to Clarendon Sunday. It made its first run Monday morning. The bus leaves Ashtola school building at 7:00 o'clock to make

the south route, arrives back about 7:30, then leaves on the north route an is due back by 8:15 at the school house and then is due in Clarendon at 9:00 with Tendol Gregg driving.

This new bus is the most convenient thing Ashtola has ever had. Never before have the children been furnished a way to and from school.

Each and every pupil takes this opportunity to thank the people and trustees of Ashtola for the love they have expressed for us and we will do our part and show our appreciation by studying hard, and taking excellent care of it.

More power to you—"Ashtola."

The Ashtola High School are putting on a play for the benefit of the boys and girls Manual Training Dept.

The name of the play is "Fingerprints," one of the most up-to-date plays published. It is one of Bugbees popular plays.

The characters are:
Buster Warrick—Hosey Hawks.
Charles Fifer—Ned Thorndyke.
Robert Graham—Jimmy Lee.
Vera Barker—Mignor Mocare.
Alma Gregg—Pacelin.
Frank Hardie—Roger Whitney, Jr.

Lodema Mason—Mrs. Whitney.
Mildred Barker—Paulette Whitney.
Christine Knox—Pamina Thorndyke.
Ruth Warrick—Amelia.

We are planning 100% turnout of our community at the play. Admission 10 and 15 cents. It will be at Ashtola school house in the very near future. Watch for date.

We are really ready for work, I guess, for that is all you can hear is basketball. The basketball has been ordered, and will be here in a few days. We hardly know how we are going to start playing ball this year, but we are going to try to push on. We only have two members of the old team left that will be able to play. Under Mr.

Dillard's leadership, we are sure he will make one of the finest teams we have ever had. We could not do without our basketball sponsor.

We hardly think how the Junior boys are going to get along with their team this year. There are only four boys in high school.

Rev. and Mrs. Homer Akers of Happy are here this week guests of Mr. and Mrs. J. H. Howze.

Mr. and Mrs. Jack Merchant who spent the week end visiting his parents, Mr. and Mrs. Cal Merchant, returned home Tuesday morning.

DID YOU EVER GROW OLD JUST Knocking Around?

Pretty hard job, we all admit, and the more knocking you do the worse you feel. So it is with—

Your Auto Motor

The motor is where your biggest auto investment is, and where your power comes from, naturally. It is the "heart" of the machine. When it gets out of order, nature cannot repair it—it takes a good mechanic to do the job as it should be done. We make it a daily business to examine motors and repair them. It will cost you nothing to find out what your trouble is, and what it will cost to repair it. Often an auto owner has needless worries about the cost. It is smaller than the inexperienced guesses, as a rule.

Are You RIDING ON A CALF'S TAIL?

A LOT OF CAR OWNERS ARE

"How many legs has a calf?" Abraham Lincoln once asked a caller.
"Four," said the visitor.
"But suppose we call his tail a leg, how many legs will he have?" Lincoln persisted.
"Five," said the visitor.
"No, sir!" retorted Honest Abe. "He'd still have four. CALLING a tail a leg doesn't make it a leg."
... And CALLING a tire burst-proof doesn't make it proof against blow-outs. ... CALLING it a mileage marvel doesn't make it wear longer. CALLING it a masterpiece of tire building, doesn't make it so.

Seiberling Tires are built and sold on the four legs of fact. F. A. Seiberling, builder of good tires since 1898 and responsible for more major tire inventions than any other man, believes that car owners want tires that WEAR well—not that just READ well.

Seiberling Tires are FACT tires. Let us show you the difference between a "leg" and a "tail" when it comes to tire mileage, safety and economy. Drop in today.

"WE MAKE TIRES A BUSINESS—NOT A SIDE LINE"

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"The Church, it's Purpose and Mission."

We learned in a previous lesson that the Bible is the inspired word of God and that it was given to humanity to reveal Christ as the world's Saviour (John 5:30,40; Matt. 1:21) and the plan of salvation and the plan and program of the church. We also learned, when, where and how the church was to be established and the results of its program. Today we wish to study "The Church and Its Purpose and Mission."

The reason for the church's existence is to glorify God by its

holy life and good works, to mutually edify one another for the higher life and to win the world to Christ. It is the whole business of the whole church to win the whole world for Jesus.

The Church is God's greatest work on earth, as it is God's only life and soul saving institution on earth. The mission of the church is to evangelize, to preach and teach the gospel and conditions of salvation to the whole creation. It exists to save the lost, to give Christ to the world. It is a part of the church's mission to teach man his duty to God, to his fellow man and to himself.

The church was established to make known the wonderful love of God and his desire to save men from their sins. This should be the first mission of the church. The church has no right to change any of the laws outlined in God's word but must faithfully declare the full truth. When God outlines a program for man to perform, man

must fulfill every item in the program to obtain the end desired. Many cases can be cited to prove this point. For instance, Joshua before the walls of Jericho, Naaman the leper, The Ark and flood. There was but one way of escape provided in the days of Noah. The ark is a figure of the Church in many points. Those who accepted God's plan and condition were saved, those who refused the method of escape offered were destroyed. The church as God's live and soul saving institution on earth today, must make known God's plan, as it is the only plan that will bring salvation. May we be fair with God and go back to His word and learn what He desires of us. (Next lesson. "The Church Named.")

BABIES

A whole world of sweetness in one baby's smile
And all of blue heaven in one baby's eyes.

When God sent her here she must have grown tired
And stopped once to rest where the warm sunshine lies;

For some of it tangled itself in her hair
And never escaped for it's still shining there.

While she was resting a wild rose bent low
And kissed her so lightly on each rounded cheek.

Some of the rosinness lingers there yet.
Color to match it, an artist might seek

The universe over and never could find;
For babies and roses are two of a kind.

Tom Mix Riding Toward Amarillo As 1934 Tri-State Fair Attraction

Tom Mix, acknowledged the greatest Western star of the films, is riding toward Amarillo—in person—high in the saddle on his famous mount Tony, and thundering along at the head of Tom Mix Wild West and Sam B. Dill's big thrills-a-minute circus combined, which starts a six-day engagement at the Tri-State Fair at Amarillo, Monday, September 17th. Afternoon and night performances will be given each day throughout the six day engagement.

The fair begins September 15 and ends September 22. The celebrated screen star is bringing a full-fledged wild west show, made up chiefly of a congress of riding and roping cowpunchers, who appeared with him in his world popular motion pictures, and a carefully chosen \$100,000 herd of the renowned Tom Mix thoroughbred horses.

Both the noble Tony, and his talented off-spring, Tony, Jr., whom Mix rode in several of his more recent talking pictures, will be on hand each day at Amarillo.

The huge Sam B. Dill Circus, is virtually doubled in size since it's alliance with the Mix organization last winter, and ranks with the best circuses on the road today.

With the famous circus this year will be such acts of international fame as the Aerial Arbouchns, featuring Jimmy Arbouchn in a double somersault and side twist at the same time as he huris his body through space at the top of the big tent; Irma Ward, winner of the Lil-lan Leitzel medal and diamond studded belt which denotes world

Here's one industry for which neither General Johnson nor the NRA has yet formed a code. It's the great American boys' game of carrying water to a herd of thirsty circus elephants. This game may be played in Amarillo during the Tri-State Fair, September 15-22. The Tom Mix Wild West and Sam B. Dill's Circus combined will be a fair attraction for six days beginning September 17.

Chevrolet For August Leads Five Year Record

Detroit, Sept. 12.—The largest August production for five years, totaling 74,437 units for all plants, is reported by the Chevrolet Motor Company. This total includes domestic, export, and Canadian production.

For the first eight months of 1934 Chevrolet production totals 692,477, and exceeds by 66,200 the

1933 twelve months' total, which was passed early last month.

Retail sales reported by dealers took a decided upward turn in the last ten days of August, promising continued demand in September. The reported deliveries in the United States exceeded the domestic production.

Trays for Yuletide Gifts

Trays are registered as especially "smart" Yuletide gifts in current holiday displays. Of the making of attractive trays, there seems to be no end this season. Like everything else in interior decoration trays have gone English to a great extent, depicting quaint stage-coach themes, and colorful hunting scenes. Contrasting these are exquisite effects which are French in their dainty rococo design and antique-lacquered flower colorings

Kandy Kitchen is Operated By Dooley Bradford

The popular Kandy Kitchen located next door to the "Pastime Theatre is again under new management this week. Dooley Bradford, recently of California, and husband of the young lady designated Clarendon's beauty queen a few years ago, Miss Jo Veta Jackson, expects to make of this well known sweet shop one of the most popular places of business in town.

Local Girls Sell Tri-State Fair Tickets

One of the many attractions at the Tri-State Fair to be held in Amarillo September 15th to 22nd, inclusive, will be the elaborate automobile show and the donation of three gifts—New automobile of any make valued at \$685.00; electric radio; and a new set of Auto tires which will be given through the various automobile firms in co-operation with the Tri-State Fair Association. Tickets to the automobile show are now being sold by a number of young ladies known as the Tri-State Fair Girls. These tickets sell for 25 cents each. The ticket itself entitles you to see the grand automobile show at the Tri-State Fair and the coupon should be retained until the last night of the fair. And you do not have to be there in person; but it is necessary for your coupon to be there. If you are not going to be at the fair any time during the week, write your name and address on the back of the ticket and return both the ticket and the coupon to the Tri-State Fair Girl from whom you buy the ticket. Or if you are going to be there any one day during the fair, merely detach the top ticket to use for entrance to the automobile show and return the coupon with your name and address to any of the Tri-State Fair Girls whose name is listed below:

Miss Joyce Smith, Winona Ford, Jeannette McWhorter, Josie Mae Davis, Mrs. Dolly Goldston and Mrs. Elsie Russom.

One of these girls will be appointed to be at the fair the night of the drawing, and your ticket will be there if it is turned in on or before Friday, September 21st at 5 p. m.

Local Tire Dealer Says Price Buyers Can Get Value Too

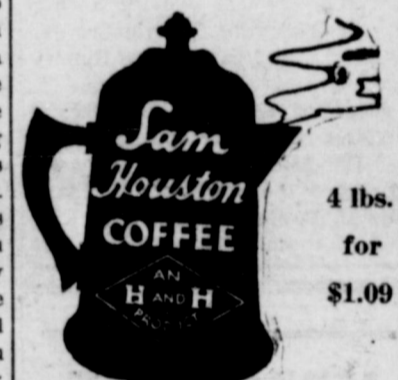

Speedway Unit Offers Most Advantages Found in More Expensive Brands

"Many motorists are of the opinion they cannot purchase an inexpensive tire from a big manufacturer," was the comment of Joe Holland, local dealer for The Goodyear Tire & Rubber Co., in discussing low prices now available on tires.

"This is, however, not the case," Mr. Holland continued, "and exactly the opposite is true. Goodyear, for instance, is the largest manufacturer of tires in the world and because of that fact its factories have greater and better facilities for producing tires at lower costs.

"The Goodyear Speedway, for instance, costs less than the now-famous G-3 All Weather Tread, but provides lots of mileage at a very reasonable cost—and has the Goodyear name branded on the side. The Speedway tire has cen-

ter traction for greater grip on the road, a tough thick tread, ribbed sidewalls and its carcass is made of Goodyear's patented Supertwist cord, that stretches and comes back with every flexing of the tire, thus adding miles and longer life to the tire," he concluded.
