## Business Buildings Being Remodeled And Modernized

Three Business Houses Being Remodeled And Two More Under Contract. New Lines of Merchandise Will be Added in Many Instances

More activity is noted at this time in Clarendon business lines than since the depression began in the fall of 1929. More buildings are being remodeled and modernized for a number of business changes, and more new lines are to be added to those already established.

**Corner Brick for Thompsons**  
Workmen began a remodeling job on the corner brick at Third and Kearney for the First National bank of Memphis. L. D. Saunders of Memphis is the contractor. All partitions are being removed. The drive-way will be taken out and the front and south side the full distance of the absence of the wall will be replaced with glass. The sidewalks will be rebuilt on a higher level.

The Thompson Bros. hardware firm will occupy the building. The west portion separated by a fire-proof brick wall will be used for a tractor shop and other repair jobs incident to their business. The outside as well as the inside will be painted and decorated. The front will be modern in every respect. Mr. Sanders stated. The building will be ready for occupancy about August 15th.

**Meat Market to Move**  
The Castleberry meat market will open for business in the Trent building next Monday morning. Mr. Oscar Castleberry stated Wednesday. The building portion formerly used by Shaver & Whitlock has been refinished completely for the firm, with some additions. This well known firm has been in business here for several years in the Clifford & Ray store. In addition to their regular stock of fresh meats, they will add a complete line of canned and lunch meats and other necessities for the quick meal. A quick delivery will be a feature of the policy of the firm in the new location Mr. Castleberry stated.

**Farmers Exchange to Move**  
Another grocery store move will be that of the Farmers Exchange. The firm has purchased the C. W. Bennett brick building south of the elevator in the same block where the store is now located. The building will be remodeled as soon as possession can be had. In addition to a larger grocery stock, the firm will add shelf hardware and piece goods in the drygoods line. Cream and egg purchases will continue to be a feature of this well known firm.

**Clarendon Food Store to Move**  
The Clifford & Ray building having been purchased by the firm, the Clarendon Food Store will begin remodeling the building now occupied by the Farmers Exchange as soon as possession is had. A modern front and more glass display space will be provided. Egg and cream purchases will be a new feature of the firm. The entire building will be changed up and repainted.

**Clifford & Ray to Move**  
The building formerly occupied by Shelton & Sanford is undergoing extensive repairs and changes. This building purchased by Clifford & Ray will have a modern front when completed, and includes the McGowan barber shop.

**Antro Hotel Installs New Furniture Facilities**

In keeping with modern methods of providing comfort for guests, the Antro hotel has installed eight modern air cushioned chairs in the lobby. Other furniture in keeping with the appearance of a modern hostelry has been installed for the comfort and convenience of the guests by manager B. C. Antrobus.

## Smith Bros. Fete Large Crowd Thurs.

Small and Thompson Are Speakers When Thousands Gather In Annual Fest

The crowd attending the annual barbecue at the Smith Bros. refinery near McLean Thursday is estimated at more than three thousand. There was food a plenty left after the multitude had eaten. The variety of meats and trimmings were the best that money could buy.

John Arnot, veteran barbecuer of Amarillo, cooked the meats and made the sauce to go with it. The hickory wood was imported for the furnaces to supply roasting coals, it is said.

Senator Clint C. Small and Ernest O. Thompson, chairman of the state railroad commission, were the speakers.

A large number of Clarendon people were in attendance.

## Johnston To Speak At Hedley Saturday

Will Represent the Governor In Presenting Issues Of Campaign

Announcement is made by the Allred All Panhandle campaign headquarters in Amarillo that J. F. Johnston of that city will make an address at Hedley Saturday afternoon, July 18th.

Mr. Johnston is a gifted speaker and will interest those who make it possible to hear him. Issues of the campaign will be fully explained in an effort to clarify the accusations that have been made against Governor Allred.

## Young Ladies See Centennial Exhibits at Dallas

"The Texas Cavalcade is the most wonderful sight in the Centennial grounds," stated Misses Mildred Allen and Wanda Mayfield Tuesday in summing up their experiences while in Dallas. They each declared the superb lighting system at night more than grand. Plenty of ice water, but food in the grounds is high.

They were accompanied by Mr. and Mrs. W. B. Mayfield, and Miss Mary Louise Taliaferro, a niece of Mrs. G. E. Allen, accompanied them home for an extended visit at the Clarendon Hotel.

## MARTIN IS TAKEN TO PRISON TODAY

Charged In Service Station Murder at Wellington Near Three Years Ago

Some three years ago a service station was robbed in Wellington and the operator mortally wounded. Two men are alleged to have committed the crime, only one of whom has been caught.

Tense Martin was given 99 years on a charge of complicity in the robbery and has been held here for safe keeping for 23 months pending appeal of his case. Bud Russell, prison agent, passed through here today and Martin began the journey to state's prison.

The other party in the robbery has so far eluded capture, though the search over the nation goes constantly on. Officers still believe that he will be punished for the heinous crime.

## CURTIS DOUGLASS WILL SPEAK HERE

Senatorial Candidate Will Discuss Major Issues Of Campaign

Announcement is made by his headquarters in Panhandle that Hon. Curtis Douglass will speak on the street in Clarendon at 2 p. m., Saturday, July 18th in behalf of his candidacy for the state senate.

Mr. Douglass has made an active campaign speaking in practically every town and village in the district. He illustrates his talks with photographs and other records as proof of his assertions. Large and enthusiastic crowds have greeted him at other speaking points.

He will speak at Estelline at 3:30 p. m., Turkey at 4:45 p. m. and Quitaque at 5:30 the same afternoon after speaking in Clarendon. Senator Clint Small is the present incumbent, and is making a campaign for re-election.

## Poovey Home is Completed At Ashtola

Another modern rural home in Donley county has just been completed by Speed brothers and John Eudy at Ashtola. Mr. and Mrs. W. A. Poovey have moved in and are enjoying the modern conveniences of the new home.

The building is of the stucco type of six rooms, built in features and other modern conveniences. The kitchen is a model of neatness and convenience. Mr. Poovey already has plans for a barn in keeping with the appearance of other improvements.

## Arm Broken While Operating Feed Grinding Machine

While operating his feed mill near the Hayter service station west of town Monday, Herman Percival's left arm was broken when he attempted to adjust a belt.

He is taking an enforced vacation at present pending repairs to his left arm, only glad that it was not his right arm.

## Church Of Christ To Begin Revival Soon

Fred McClung of Ft. Worth Will Preach Series Of Sermons

Announcing the revival to begin at his church soon, W. Wallace Layton gave the following details Monday:

"The Church of Christ announces their summer revival to begin August 2nd, and to continue through August 11th. This date has become almost traditional with the Church as they have had their meeting at this time for the past several years.

The services of Bro. Fred McClung of Ft. Worth have been secured for this meeting. Bro. McClung needs no introduction to Clarendon as he was here two years ago and won the admiration and love of this city.

The song service will be conducted by home talent. Bros. R. E. Duncan and R. I. McGowan will be in charge. Bro. Layton, local minister, will be here to assist in every way possible the effort put forth in this meeting.

Make your plans now to hear Bro. McClung from August 2nd to 11th. We extend a hearty welcome."

## R. W. Moore Is Recovering From Fireworks Burns

Burned on the right shin by a torpedo here the 4th of July, Mr. Moore has suffered no ill consequences. The flesh was lacerated and his pants torn by the explosion as he mingled with the crowd.

## Aunt of Movie Actor Visits In Clarendon

Mrs. J. H. Bolin of Jacksonville, Texas visited with Mrs. Phil Engel the past week on her way to California where she expects to spend the summer.

Mrs. Bolin is an aunt of John Boles, movie actor who played in "The Little Rebel" with Shirley Temple, and has a wide acquaintance over Texas.

## ASHTOLA INVITES CANDIDATE RALLY

Speakers of Both County And District Will Be Heard Friday Night

Those wishing to present their claims for office before an audience of voters will have that opportunity at Ashtola Friday night. The meeting is primarily for that purpose.

Pies and pop will be sold. The school has an excellent piano and this with other music will be a part of the entertainment.

The community has always been loyal to turn out for any public happening of any note. They will do that very thing this time. Surrounding communities are asked to share in the gathering. Every candidate interested is invited.

The funds from the sale of goods will go toward paying for song books used in the Sunday school and church.

## Silverton Publisher Weds Kansas Lady Saturday

Mr. and Mrs. Roy Hahn were in Clarendon Monday on their way to their home in Silverton after having married in Jewell, Kansas Saturday.

Mr. Hahn, one of the leading weekly publishers of the Panhandle, is owner of the Briscoe County News published at Silverton. His bride was Miss Barbara Whitney of the staff of the Jewell County Republican, published at Jewell, Kansas.

This means that the Panhandle Press Association will welcome another member into the largest regional press association of the world at the next meeting.

## Pioneer Colored Man Dies Here Last Night

Ed Thomas, father of Truman Thomas, a resident of Clarendon for more than forty years, and one of the most highly respected citizens of the colored population, passed away at his home late Wednesday night.

## Eighteen 4-H Club Boys to Attend A. & M. Course

Trip to Benefit From Farmers Short Course at College Station Will Include Stay at Centennial at Dallas On Return Trip Covering Eight Days

## Attend Amarillo Highway Meeting

Chairman Harry Hines Is Principal Speaker At Celebration

Highway boosters from Denver to the Gulf are said to have attended the celebration of the completion of Highway 5 in Amarillo Tuesday.

Chairman Harry Hines of the State Highway Commission was loudly cheered when he gave the strong assurance that all gaps would be closed, and that work on Highway 66 from Amarillo to the state line would receive early consideration.

With the completion of Highway 5 through Donley and Armstrong counties, a distance of 70 miles, an all-weather highway was completed from the Gulf to Canada, 205 miles during the past three years.

Thirty-five towns along Highway 5 were represented. Those attending from Clarendon were L. E. Thompson, Joe Holland, Chas. M. Lowry, A. L. Chase, Odos Caraway, Mr. and Mrs. C. J. Douglas.

## Sisters Visit Ranch Manager Wednesday

Surprise Visit Brought Them Together After Absence Over 40 Years

Motoring to the JA ranch from their home at Okra, Texas, five half sisters of the ranch superintendent, J. A. Kent, paid him a surprise visit. They had not seen him since he was a lad of thirteen years.

The sisters are Mrs. Adeline Hayes, Mrs. Jay Maxwell, Mrs. R. Maxwell, Mrs. S. Medford and Mrs. Kate Wilford. The youngest is 73, and the eldest 81.

## JA Ranch Manager Sailed For England the 14th

M. W. H. Ritchie, general manager of the Adair heir interests in this section, sailed on the Normandie from New York City the 14th. He took his special car along to make overland tours of England, Holland and France while in that country.

J. W. Kent, ranch manager, is in charge of operations. Mr. Kent has been ranch manager ever since Mr. Ritchie came to manage the estate.

## PUBLIC SCHOOL AID SET AT \$19

Highest Scholastic Point Reached in Board Meeting In Austin Wednesday

At a meeting of the State Board of Education in Austin Wednesday, the scholastic apportionment was placed at \$19 to aid public schools of the state the coming term. Based on a scholastic estimate of 1,560,000, the school fund will total \$29,640,000.

The Board originally set the apportionment at \$17.50. This was raised to \$18.50 recently. The Board states that the additional raise comes too late to permit the raise of teacher's salaries, or to extend the terms of school.

Chairman Tisinger announced that he believed the term could be completed with more than a half million in the treasury due to increased valuations, and the payment of delinquent taxes.

Announcing the second annual trip of the 4-H club boys to College Station, county agent H. M. Breedlove gave a general outline of the trip and its benefits Tuesday.

This is the second trip for the Donley county boys to attend the Farmers Short Course at the big state College. "It is one of the most educational trips that the boys of the county can take and still call it a vacation," he said.

The boys will have the opportunity of going through all the experiment stations and will attend lectures on different phases of farming, and such other classes as pertain to farming and ranching.

The Donley county group of "clubbers" will leave College Station Thursday night and come back to Dallas and spend Friday and Saturday at the Centennial. "It is planned to make this trip one of the most interesting that the boys have ever had at the Short Course," Mr. Breedlove stated.

Boys who have paid for reservations on this trip are:

Pat Slavin, Jess Cornell, Floyd Derrick, John Howard Gilbert, Fred Easterling, L. B. Hartzog, Donald Harlan, Jack Robinson, John M. Bass, all in or near Clarendon.

C. F. Brown, Andy Brown, Morris Lamb of Jericho.

Frank Spaulding, Foster Pickett, T. J. Hansard, Wesley Watson, all of Hedley.

Darrell Bailey of Ashtola.

Boys whose names are not listed above, and want to make the trip, are advised to get in touch with their county agent, H. M. Breedlove at once.

The boys will leave from in front of the county agent's office at 9:30 Saturday morning, July 18th. All boys must be on time.

The boys from the Hedley district making the trip will be picked up on the new highway at Hedley about 10 o'clock.

## Former Clarendon Woman Dies in Missouri

The many friends of the family of Mr. and Mrs. T. L. Benedict, prominent old time residents of Clarendon, are grieved to learn of the death of their daughter, Grace Truman Benedict Baldwin, which occurred in Hannibal, Missouri on Monday July 13.

Mrs. Baldwin will be buried in St. Louis, Missouri this Thursday. Mrs. Baldwin is survived by her husband, Willie Ben Baldwin, her daughter, Margorie, her parents Mr. and Mrs. Benedict, two sisters Myrtle and Mary Hallett and brother Russell.

The Benedict family have resided in Carthage, Missouri since leaving Clarendon some 15 years ago. The many friends of the family here extend their sincere sympathy.

## City's New Grader Arrives Here Monday Morning

Street work has been badly hampered, states Mr. Haile because of no grader. The old grader, besides being worn out, did not have the flexible wheel joints so that it could be run on any desired angle.

The new grader has been rebuilt, comes guaranteed, and the company sent a man here to erect it and try it out.

## Railroad Week is Observed By Denver Employees

Railroad week, July 13-18, being observed by the railways west of the Mississippi river in celebration of the progress made in developing western sections, was observed by local employees of the Denver here.

**DROUTH OVERSHADOWS POLITICS.**

With thousands in the northwest facing starvation, petty political bickerings have been discarded for the present. Government agencies broaden the scope of assistance with three major objectives in immediate view.

First, families in dire need are being provided with food and clothing. Second, live stock is being moved out or shipped directly to market. Third, plans are being made to change the methods of handling the soil to prevent erosion, and to store water if and when it falls. Dams are to be constructed with WPA labor. Other public work this week saw the heads of seventy-five thousand families put on jobs that will at least provide the bare necessities of life.

Government loans of all kinds are being extended another twelve months.

Almost a million men, women and children are caught in the merciless grasp of the drouth that is further intensified by the highest temperatures known to the northwest from Chicago to Pocatello, Idaho since the whites settled in that section. The death toll from heat alone in this section has passed the 1600 mark within the month.

**PANHANDLE POLITICS WARMS UP.**

Tom Hunter brought the first spasm of vitriolic speech-making to the Panhandle Monday night at Amarillo. Hunter is making his third race for the governorship. His principal objections to his competitors were directed at Gov. Allred whom he accused of "keeping" \$20,000 that belonged to the state. Citizens of common sense will wonder why Hunter did not perform the function of a good, legally trained citizen by filing a complaint rather than rant over the state leaving doubt in the minds of his listeners as to his honesty of purpose. Fischer continues to tell the folks how he could, if elected governor, force the lawmakers to do his bidding and raise a lot of money without increasing taxes. Allred fell short of his goal in discharging a duty to his people simply because a majority of the lawmakers preferred to play petty politics rather than serve those who entrusted them with office.

The senatorial candidates of this district are warming up. In fact it is the hottest campaign in years. Senator Small, who sponsored a bill through the senate following the Hoover-Smith campaign that disfranchised every Texas democrat who voted for Hoover, only to see it vetoed by Gov. Moody, is perplexed by numerous questions of the voters. Had his bill stood up, he would likely have a much better chance right now of election. Curtis Douglass, his opponent, never having been a state senator, has less to answer for to those whom he solicits for support. If Douglass gets all the "Hoovercrat" votes, and a reasonable share of the straight democrats, he will win by a big majority.

Candidates for representative prefer to pursue the even tenor of their way. Few speaking dates are being filled in this county so far. Eugene Worley, present representative, has as opponent E. C. Puryear of Collingsworth county, a son of former representative John E. Puryear.

**ALLRED FOR GOVERNOR**

Two years ago The Press was the first large newspaper in the state to announce its support of James V. Allred for Governor after he had won his way into the second primary.

During his term we have praised some of the things he has done and criticised others. Whatever criticism we have had we have not lost our faith in his fundamental honesty and patriotism.

Therefore, we think he should be given a second term.

The lineup against him this time is much the same as it was two years ago, and The Press can find no reason for joining hands with the forces it opposed then.

Governor Allred faced a hostile Legislature when he took the oath. Considering that handicap he has done much.

He presented a tax program that in most details was fair and just. The Legislature turned it down and he says he will present it again. It is sufficient to pay the pensions and possibly to relieve other tax burdens. It is far better than any of the "single-shot" tax plans of his opponents.

The State's financial condition is good and has improved under Mr. Allred. We do not mean to say

that a thorough revision of fiscal affairs is not needed. We repeat that it is but Governor Allred is not responsible for our present antiquated system of finances. Texas is financially sound, however, and the Governor has done well in keeping it so.

His influence defeated the sales tax. His good offices obtained the passage of a driver's license law that had languished session after session in the Legislature. He approved the law setting up parole boards in each county to keep young men out of prison wherever possible. He set up a merit system of clemency for convicts.

He obtained the establishment of the State Safety Commission which welds all the law enforcing agencies of the State into one body and which, if properly operated, will mean increased efficiency.

He has rewarded his friends with office, but he has steered clear of political hacks and, fortunately for the State, his friends are largely clean and capable young men.

He advocated old age pensions before the passage of the constitutional amendment and the law the Legislature passed is a good one and one of the most liberal in the nation.

He is still for state regulation of

utilities and with a more friendly Legislature should obtain the passage of laws that will properly safeguard the people.

We do not wait until the second primary this year to endorse Governor Allred because it appears there will be no second primary. The Governor is well beloved by his people. No one need be surprised if he wins hands down on July 25. He should.

—Houston Press.

**TO THE CITIZENS OF HALL COUNTY:**

It appears from the frequent visits made to Donley County for the express purpose of advising our citizens how to vote for District officers, so the law can be enforced, so they say, is just a little presumptuous.

We people of Donley County feel that we have as clean a citizenship as there is in Texas and as law abiding, and see no cause for advice or dictation from our neighbors in Hall County.

We have the same District Officers that Hall County has and we feel that if these Citizens who are so interested in having us help them enforce the law would use as much energy in getting behind the present officers and cleaning up their own back yards, they would not need our assistance.

TEMPLE OF TRUTH  
By the Apostle

An old maid remarked Saturday ament the governor race that she was "a Fischer of men."

There is nothing quite so forlorn as a preacher trying to function just after he has had all his teeth pulled.

Driving his mules up to a hitching rack at Hedley Saturday after-

noon, the Sand Hill Sage remarked as a political speaker was bellowing his best that "a flatterer is a mush mouth office holder who compliments himself when he knows all along he ain't done nuthin' fur us."

The man who claims to have caught the largest fish can get away with his story, but the man who says that he has reduced government expense 25-percent is going too far to be believed.

When a man's feet hurt him worse at a convention than his head, it is a sign that he is getting too old to "enter into the spirit" of the carnival of progress.

"Once it was a wolf in sheep's clothing that he feared most, but now it is a woman in man's clothing," remarked Bachelor Bill in summing up his personal troubles Tuesday.

The republican machine has already started out with Knox in it. With no-knox gas, the democratic vice president hopes to Garner in the votes.

It has been said that the best way to properly judge a man is not by what other men say of him, but by what he says of other men.

Over in Kentucky the average run of folks are boycotting the sale of soft drinks, chewing gum and candy because of the sales tax. The tax is known as a "luxury tax" designed to add \$2,400,000 to the state treasury in a year.

And Mr. Frank Hurn, the chigger bites that were accumulated the morning of June 6th when we went down on the creek in your pasture, have about all disappeared. The bumps or knots were not noticed until I absent-mindedly laced my shoes up to the knees, using the knots for hooks.

"Some folks have a railroad mind," says the College Hill Widow. Their minds seek the lowest level where the least effort is required."

Could it be the powder on a woman's nose that causes her to use explosive words at times?

Blue Bug Bessie, who thinks Sallie Patica is great, also suggests salt in the drinking water and very little hard likker as a great help during the hot weather period.

No, Sallie Patica's grandpa was not a wop.

A bright young man receiving the bonus down in Shelby county had the Gypsies "bless" \$280 of it—all he had. Now he wants the sheriff to bring them back—Gypsies and dollars, too.

At the postmaster's convention in Atlantic city, somebody pinned a spring of mistletoe on Jim Farley that was not noticed until he got up to dance. (Darn them republicans anyway!!)

The world is getting more truthful. Conventions are now being referred to as "carnivals."

\*\*\*\*\*  
\*\* VISITING WITH OUR \*\*  
\*\* NEIGHBORS \*\*  
\*\*\*\*\*

The wedding ceremony to be performed next Saturday night at the Dallas Centennial is one of the strangest ever to happen. Miss Violet Hilton, a native Texas girl will wed James Moore of Cleveland, Ohio.

The promoter of this column has an invite. Nothing at all strange about that? Not a bit, but wait a minute!

Miss Hilton is one of the so-called Siamese twins. In other words she has, is and will be joined to her sister for all time. Or at least as long as she lives. In the event either dies, the other one cannot live because their spinal cords are grown together in such a way that separation is impossible. They were born that way 23 years ago. They have traveled all over the world, and consequently have amassed a fortune.

The wedding will take place in the Cotton Bowl, we are told in the special invite, a similar one being mailed to each of the newspaper profession anywhere publicity may be had.

I ain't goin'. It's just to be blamed hot down there, and the chiggers and mosquitoes are too numerous. Besides a lot of other things. GW would have to tag along and she "ain't got nothin' to wear."

Along came Mr. and Mrs. Roy Hahn Monday on their way from Jewell, Kansas to Silverton—their home town. Mrs. Hahn is the new society editor of the News which Roy purchased from R. B. Boyle some months ago. They were married Saturday, and are a fine, fine young couple. We have had quite a lot of dealings with Roy, and he is a fine, honest young man. Roy has been getting out a fine paper, and of course it will be better now that the excellent talent has been added to the Briscoe County News staff. Good luck and best wishes are theirs. The car was loaded with gifts given them by Kansas friends, an indication of their high standing and worth to any community. Come over some time, folks.

GW and I went to Ashtola Sunday, heard a fine sermon by Rev. Reavis and then took dinner with Mr. and Mrs. W. A. Poovey. Every time I get out, I have greater respect for the cooking ability of our Donley county women folks. That table was loaded with the best that could be had. Mrs. Poovey and her

Two Treads  
ARE BETTER THAN ONE  
Everyone knows that a tire with TWO TREADS instead of one is bound to be safer and capable of delivering much greater mileage. Only Seiberling TWO-TREAD tires have this patented feature. Each tread is about as thick as the single tread on ordinary tires. Hence, TWO-TREAD Seiberling's double safe mileage and are the world's most economical tires.  
NEVER WEARS SMOOTH!  
These four photographs show the progressive tread wear of Seiberling TWO-TREAD tires. Note that at 40,000 miles the tire still has a safe tread. Let us demonstrate this patented tire for you today. We make liberal trade-in allowances on your old tires!

Ernest O. Thompson  
CANDIDATE FOR  
RAILROAD COMMISSIONER  
He believes not only in democracy of government, but in democracy of opportunity.  
His fight to protect the interests of the little man and the independent oil operator is a matter of record.  
He believes every boy and girl should have opportunity for an education. Through his efforts hundreds of thousands of dollars have been paid into the school fund by proper enforcement of the conservation laws.  
He believes labor is entitled to a just wage that will enable Texas men and women to live up to American standards. He has always been fair to labor.  
He believes all utilities and freight rates can and should be adjusted so they will be fair to both the public and the utility companies. He has proved that this can be done by what he has already accomplished.  
THOMPSON'S RECORD  
He has stopped gas waste and hot oil.  
He has reduced freight rates on cotton and grain.  
He has increased the daily market demand for Texas oil by four hundred thousand barrels per day.  
He has made a thorough study of oil conservation and is probably the best informed public official in America on the subject today.  
He, as Mayor of Amarillo, reduced the rates on gas, lights, and telephone. All of those rates are still in effect.

**WEATHERLY—FOXALL**

Miss Betty Lou Weatherly, daughter of Mrs. Emma E. Weatherly of Clarendon and James Lesley Foxall, son of Mr. and Mrs. F. N. Foxall of Memphis, were united in marriage at the Polk Street Methodist church in Amarillo Wednesday, July 15th. The ring ceremony being said by the pastor, Rev. C. C. Grimes.

They were accompanied by Mrs. Sam Darden, Miss Lillian Murphy, Billy Weatherly, Ed Foxall, Dr. H. F. Harter of Clarendon, and Winford Gattis of Amarillo.

The bride was very attractive in a yellow cargo suit with accessories of yellow and green.

The couple left immediately on a wedding tour that will take them to Estes Park and other points of interest in Colorado. They will make their home in Memphis upon their return.

Mrs. Foxall is a graduate of the Clarendon high school and very popular in her home town.

Mr. Foxall is a graduate of the Memphis high school and received his B. S. degree from Texas A&M College. He was associated with the Ford motor company in Clarendon at one time, and at present is associated with the Foxall motor company in Memphis.

**EUDALY—REDDING**

Miss Barbara Eudaly of Bryan, Texas and E. F. Redding of Clarendon were united in marriage at Bryan on Sunday, July 12th, 1936 in a beautifully simple and impressive ceremony at the First Baptist church with Rev. R. B. Ellrod, pastor of the First Methodist church of Bryan officiating.

Mrs. Redding is a graduate of C. I. A. and of Texas A&M college

at Bryan, and at present is secretary to the Agricultural Education and Rural Sociology department of A&M College to which position she will return for a time after spending a few weeks in Clarendon.

Mrs. Redding is the daughter of Mr. and Mrs. E. R. Eudaly of Bryan, Mr. Eudaly being Dairy Specialist in the Extension Service of A&M.

Mr. Redding graduated from A&M College in the class of 1935, and now holds the position of Adjustment Assistant for Donley county. He is the son of Mr. and Mrs. E. F. Redding of Rosebud, Texas.

Mr. and Mrs. Redding arrived in Clarendon Monday afternoon and are at home in the Lane apartments.

**KILL KARE KNEEDLE CLUB MET THURSDAY**

Mrs. W. A. Land entertained the members of this club at her home Thursday afternoon, the rooms being decorated with cut flowers and pot plants.

Needle work and pleasant conversation were the principal diversions of the afternoon.

Billie Marvin Land gave a number of songs accompanying himself on the guitar.

Ice cream and cake were served to guests, Mesdames Ben Hill, John Black, Nathan L. Cox, H. J. Eddington, Fred Reid, Marvin Land and Miss Jo Elia Stewart.

And to members Mesdames J. R. Bartlett, Homer Mulkey, Cap Lane, W. C. Stewart, W. B. Sims, Eva Draffin, Buel Sanford, Henry Williams, J. H. Harris, Joe Cluck and Misses Etta and Ida Harned.

**NAYLOR BIRTHDAY CLUB MEETS**

Miss Minnie Naylor was hostess to the Naylor Birthday club at her home the 9th. Members and the two guests, Mrs. Darrell Hall and Miss Vada Waldron, arrived early. A lovely covered dish luncheon was served at the noon hour.

Miss Minnie Naylor presided at the business session in the absence of the president, Mrs. W. M. Pickering. Mrs. Hall was enrolled as a member.

A most interesting program was heard, several numbers being old-time love songs sung by Misses Lou and Ava Naylor—songs of their mother, grandmother and great grandmother in the days of long ago.

Miss Lou Naylor was the honoree of the month, she receiving many gifts. After the gifts were admired, those present made a trip to the "Isle of Long Ago." Here were found many keepsakes, many of them over 100 years old. Photo totypes, candle snuffers, bits of hand lace, infant dresses made in 1868 and worn by three generations. One worn by P. O. Naylor and pinned to it was one modern dress worn by his granddaughter, Sandra.

Mrs. John Naylor was the guide to pilot the trippers through the many interesting sights on the "Isle of Long Ago."

The next meeting will be at the home of Mrs. Harold Longan, she to be hostess August 13th at the Pat Longan home.

Another foreign controlled product that could be produced in the South is Tung Oil, on which China now has the monopoly. Tung oil, which comes from the tung tree, is the most important paint, varnish and lacquer oil used by American industries. Last year, 128,000,000 pounds of it were imported from the Orient.

**Fair Texan Nominates Centennial**

Politics did not completely dominate the stage in Philadelphia at the Democratic National Convention. The Texas Centennial celebrations had their charming emissary in the person of Marion Fore (right), whose father, Sam Fore, Jr., is the popular publisher of the Floresville Chronicle-Journal. Her commission was signed in Austin by Governor Allred and presented in Tyler at the annual convention of the Texas Press Association by President Louis Elbert of Galveston. First to congratulate her was Janice Jarratt of San Antonio, lovely Sweetheart of the Texas Centennial, who is shown examining her official commission, while the gentleman in the center, also an honoree at the Philadelphia conclave, looks on approvingly from his portrait.

**TEXAS MY TEXAS**

By Hank McCullough  
This is the message I send today  
From the land of burn-up and blow-away;  
Where the cactus grows and the pansy won't  
And the dust comes down and the taxes don't;  
Where the soil is dry as a preacher's text  
And the heat comes first and the drouth comes next;  
The earth is red as an Indian's paint  
And gyp rock is where sandstone ain't;  
Where the water's hard as a minister's heart;  
But that is only the mildest part.  
For we never know when we drill a well:  
We may strike oil and we may strike Hell.  
And when we manage to make stuff grow.  
The bugs come up from Mexico  
And what is left when they get through  
Is not enough for a goat to chew.  
Where a man's good farm is here today  
And tomorrow a hundred miles away;  
And he sits down in the shade of his shack  
And waits for the wind to blow it back.

The first daily news broadcast ever given at a world fair has been inaugurated at the Texas Centennial Exposition.

International news reports will be given from 6 to 6:05 p. m. daily over the Exposition network.

Historical hymns two centuries old are heard daily from the Catholic exhibit at the Texas Centennial Exposition. The program commences each day at 11 a. m.

Of the commercial fertilizer produced in the United States, 70 per cent is made in Southern factories, the number and output of which have increased considerably during the past few years.

The South's very industrial existence, as well as its hope of developing its unlimited material resources, depends in large measure upon both the adequacy and the efficiency of its transportation facilities, Mr. Edgerton continued.

The United States spends annually for foreign paper, pulp, and pulpwood \$175,000,000. Most of it comes from Canada and Scandinavia, and practically all of it could be manufactured from Southern slash pine.

Anna Moores Swift is visiting friends in Amarillo this week.

Visitors to the Texas Centennial Exposition need have no serious fears about the food they eat within the Exposition grounds. Five Dallas food inspectors have been assigned the task of eliminating bad food.

Police within and about the Texas Centennial Exposition grounds are really walking information booths rather than bogey men.

That goes for traffic officers too, said Robert L. Jones, Chief of Dallas police. "A visiting driver would have to do something awfully bad and really prove himself an incorrigible before we would give him a ticket," he said.

## THE GREAT CONTROVERSY

W. Wallace Layton, Minister

### "THE NEW NAME"

We have noticed that division is caused by false teachers who perpetuate untrue theories. There are innumerable theories which have no sanction from God's Word yet are "palmed off" in God's name. It shall be our privilege for awhile to notice some of these and correct them. This week we invite you to a consideration of the dogma "that there is nothing in a name."

He who says there is nothing in a name only expresses his ignorance of the Bible or else he has a theory to uphold. Long ago the prophet of God said "when the nations (Gentiles) see my righteousness my people shall be called by a new name which the mouth of Jehovah shall name" (Isa. 62:1-6) we only have to discern the time when the Gentiles were accepted into God's righteousness and learn thereafter what the new name is. In Acts tenth chapter we have the record of the first Gentile convert; following this (Acts 11:26) "The disciples were called Christians first in Antioch." Christian is the God given name—the new name, and the only name with divine approval. Peter said "If any man suffer as a CHRISTIAN let him not be ashamed, but let him glorify God in that name" (1 Pet. 4:16) If we would seek to glorify God it must be done in the name Christian.

Christians collectively become the bride of Christ. That is why we wear His name—"Christian." What would we think of a bride who refused to wear the name of her espoused? Then what do we think of the churches or any claimants of Christianity, who refuse to wear the name of Christ? It seems to me that it is a reflection on the "honorable name of Christ Jesus" when we substitute another name.

Then, religiously speaking there is much in a name. The name Christian came from God as the New name of prophesy. It is the only name in which God can be glorified; Paul persuaded sinners to become Christians; and finally Jesus says (Jno. 10:1-3) "The porter calleth my sheep by NAME and they hear his voice."

### ARCTIC

Why pity the poor Eskimo,  
Who never has to use a hoe—  
Who never has to spend a cent—  
Who lives a life of sweet content  
Who builds his house of blocks of snow—  
The lucky dog, the Eskimo.  
Why should we pity him like sin,  
Clothed so warm in fine seal skin?  
He worries not when rent is due,  
He never signed an I. O. U.  
Indentured with the date and day  
On which he is supposed to pay.  
When hunger calls the happy lubber  
He fills his hide with walrus blubber.  
He has no dates that he must keep,  
He stretches out and goes to sleep.  
He takes no orders from his wife,  
His household is not filled with strife.  
None tells him when to come or go.  
A happy man, the Eskimo.

### Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes; feel nervous, miserable—all upset.

Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.

## SHOULD FARMERS SUPPORT Senator Small?

We as farmers are not so quick to swallow promises, or to believe mere statements as we once were. We've been to school—the school of experience.

### PEA PATCH BILL

Senator, while you were presumably representing the wholesale produce dealers, you sponsored through the Senate an "occupation tax" bill that required farmers selling their produce outside their county to pay a high tax. This bill was in force during the spring and summer of 1930. It is true that the bill was repealed, but we lost a summer crop because the tax prevented us selling our peas, melons, corn, etc.

### DISFRANCHISE VOTERS

Following the election in 1928, you sponsored a bill seeking to disfranchise every Texas democrat that voted for Hoover. Governor Moody vetoed the bill and saved the day. Not content with that, you sought to carry the bill over Moody's veto, and again failed. Yet you come now and ask for the votes of any man or woman regardless of how they may have voted in 1928.

### \$500 CORPORATION FEE

You stated at Spearman in your opening campaign talk that you had not received more than \$500 in fees from corporations in 25 years. Yet you voted to table a measure that would require senators and representatives to give a list of the monies received from corporations. Why were you ashamed to let us all know about it. Do you mean to tell the public that your work was "to defend the small oil companies against large corporations" as you did at Childress, and then have your name listed as the attorney of Humble, Shell and 16 other giant oil corporations and expect us to believe it?

### YOUR ENDORSERS

The West Texas Chamber of Commerce in their convention at Amarillo May 11, 12 and 13th started you out. It took them three days to get the job done, but they certainly whooped it up for you.

Senator, we are not mad at you, but we are through with you. Your interests and ours conflict in too many places. Politically, you appear to be the dearest politician in the state. We could name a lot of other reasons here, but we can't spend any more money telling the folks about it. Since Curtis Douglass is your opponent, we'll just vote for him. He certainly has plenty of farmers backing him. In fact his father-in-law, a wheat farmer, came down here with Judge Willis, and he looked like he was in dead earnest.

Opportunity and opposition usually coexist. The larger the opportunity the more perplexing the problems. One need not expect to solve a problem by running away from it. Opportunities neglected usually create more problems. Answers found to problems by solving and proving them creates strength of character, generates courage, provokes vim, vigor and vitality. Opposition overcome makes life fascinating. Charming personality is possessed by those who dare to do the seeming impossible. Growth and strength and will power accompany every overcoming conquering life. Do not allow your life to become hum-drum and unattractive by simply drifting along and failing to tackle some problem that calls forth the best there is in you. It is a privilege to meet with opposition and tactfully use it as a stepping stone to a better, higher, nobler, and more worthwhile life. It is slavery and sin to be satisfied with the ordinary and take things as they come without putting forth an extraordinary effort to stem the tide.

**PENSION APPROVED**

This editor, being a member of the Legislature which made provision for the payment of old age assistance to needy persons 65 years old and older, has interested himself this week in making inquiries among local citizens who had applied for such assistance.

One man contacted said his application and that of his wife had been approved for \$17 each, making a total of \$34 per month to be paid the couple beginning in July. This man and his wife own their home, keep a cow, raise vegetables, and have managed to sustain life. With \$34 coming in monthly, he said, they will be sitting on top of the world. He is perfectly satisfied with the amount allowed by the Old Age Assistance Commission.

Another man was approved for \$19 and his wife for \$17, the extra \$2 in his case being allowed for the purchase of medicine that he requires. An aged and practically helpless widow has been approved for \$30 monthly, the maximum amount possible to be allowed. Of this \$30, the State will pay \$15 and the Federal Government \$15. Other local applicants have been approved.

The Federal Social Security Act only joins the State in making payments to aged needy individuals, and the Federal Government will match State funds for this purpose only. Those who have made a study of the Texas Old Age Assistance law are now beginning to say that Texas has the most liberal old age assistance law of any state. In most of the States property owned by old people becomes the property of the State at their death, if they received old age assistance. And in other States if the aged person has children who are able to provide for them, they are denied assistance. No such provisions are to be found in the Texas law.

The Federal Government has already appropriated over \$1,150,000 to match the State in the July and

**Douglass' Friends Confident He Will Be Next Senator**

H. E. Hoover and Judge Templeton Help In Campaign

Panhandle, July 15. — Curtis Douglass is ahead today in the race for state senator from the 31st senatorial district, believe friends who have made a thorough study of the campaign during the past week.

His friends feel sure that Douglass will win the nomination for state senator from the 31st senatorial district. As his opponent is making his third race for this office and has held it for eight years, many voters feel that it is time to get newer and younger blood in the office.

During the past week end Douglass spoke at Miami and Higgins Friday afternoon and at night at Canadian.

Judge H. E. Hoover, leading pioneer and attorney of the Panhandle, introduced Douglass at Canadian Friday night.

"Curtis Douglass has ability," said Judge Hoover in his introduction. "He is honest and I am telling you he will go down to Austin and fight our battles fairly and squarely. Ladies and gentlemen, I want to present the next state senator from the 31st senatorial district."

Hoover's friendliness to the cause of Douglass is expected to carry much weight in the Panhandle, as this pioneer is noted for always being on the side he deems right.

A busy day was spent by Douglass in visits to Wheeler, Shamrock, Wellington and Groom. It is estimated that easily 1500 people heard him in each of the addresses at Shamrock and Wellington.

Judge R. H. Templeton, whose late brother married a sister of Douglass' opponent, introduced Douglass at Wellington. The crowd was enthusiastic and hundreds of people from Collingsworth county have pledged themselves to vote for Douglass. The outstanding support from this county is most encouraging, as Douglass' opponent lived there for many years.

Judge E. A. Simpson of Amarillo spoke at Perryton, White Deer and Spearman to large crowds Saturday.

Judge Newton P. Willis of Pampa, former district judge of the 84th judicial district when Douglass was district attorney, spoke at Friona, but rain forced cancellation of his engagement at Bovina and Farwell.

Judge W. I. Gamewell, Canyon attorney, spoke at Stratford also on Saturday.

Ralph Randel, automobile dealer, has been a most effective speaker for Douglass. He is just closing a year as district governor of Lions and has a large acquaintance throughout this senatorial district.

Douglass will address a rally in San Jacinto Thursday night. His radio address last Thursday night brought much favorable comment throughout the district.

August payments. This is more than was appropriated to any other state, some of which have a larger population than Texas, for July and August payments. The appropriation is larger because Texas is more liberal in its Old Age Assistance law.

**"MONKEY BUSINESS"**

A rope passing through a pulley suspends on one end a weight and on the other end a monkey. The rope weighs four ounces per foot. The weight of the monkey (in pounds) equals the age of the monkey's mother (in years). The age of the monkey's mother is twice as old as the monkey was when the monkey's mother was half as old as the monkey will be when the monkey is three times as old as the monkey's mother was when the monkey's mother was three times as old as the monkey.

The weight of the rope plus the weight of the weight at the end is one-half as much again as the difference between the weight, and weight plus the weight of the monkey.

How long is the rope, and how old is the monkey?

**3 GREAT STARS JOIN IN DRAMA OF ADVENTURE**

ROISTERING "A MESSAGE TO GARCIA," STARS BEERY WITH BOLES AND STANWYCK

Wallace Beery—Barbara Stanwyck—John Boles. These three great stars, together for the first time, enact their greatest roles in 20th Century's roistering, romantic "A Message to Garcia," the picture coming to The Pastime Theatre, Saturday night Prevue, also Sunday and Monday.

Inspired by Elbert Hubbard's immortal essay, the picture has a plot written about one of history's most fascinating exploits.

Boles is the man who carries the message to Garcia in the jungle interior, a message that will change the destinies of three nations. For a companion, he takes Wallace Beery, an amusing rogue who is half traitor, half hero.

When they discover that the man who was to guide them to Garcia has been killed, they take his daughter, Barbara Stanwyck, to show them the way.

Hardship, peril, adventure, faced together in the treacherous jungle, draw Boles and Miss Stanwyck to each other. But, when she is wounded Boles carries on bravely with his mission, leaving her behind in the care of Beery.

The taut and nerve-scraping climax of the picture approaches when Beery reappears and leads Boles into what he mistakenly thinks is Garcia's camp, actually the stronghold of Boles' enemies.

A heroic charge led by Beery frees Boles from the clutches of his captors, makes possible the re-joining of the lovers and brings the picture to a happy close.

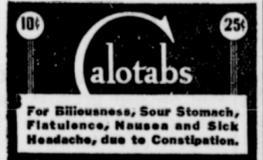

Appearing prominently in the supporting cast are Alan Hale, in the menace role; Mona Barrie, as a temptress; and Herbert Mundin, in one of his characteristic cockney parts.

Bones of many pre-historic animals have been removed while the excavation for the basement of the Museum addition has been in progress. Workers on the job have been interested in making a collection which has been turned over to Prof. C. S. Johnston for classification. Mr. Johnston states that from the number of bones being excavated all over the Plains there had to be many large animals in this section in the early periods.

**West Texas College Students Come From Many States**

The 1250 summer students at West Texas State Teachers College claim permanent residence in eight states besides Texas and in 100 of the counties in Texas.

New Mexico students are the most numerous of the out-of-state group, there being 32 people from that state. 19 Oklahomans rank second, Colorado, Missouri, Arkansas, Arizona, Illinois, and Kansas also are represented.

Other than Randall and Potter counties, Hall County leads the Texas group with 45 people enrolled at Canyon College. Wheeler

County is second with 39, Collingsworth and Donley Counties tie with 35. All counties except seven of those lying along and north of the Texas and Pacific Railroad between Fort Worth and Odessa are represented in the student body. Far away Willacy, Cass, Smith, Limestone, and Atascosa Counties have sent students.

Work leading to the Bachelor of Business Administration and to the Master of Arts degrees is now offered at Canyon. Enrollment for the second six-weeks summer term begins Tuesday July 14.

E. C. Puryear was here Saturday meeting the voters.

Mrs. Faye Scoggins and daughter, Miss Ruby Dell, spent the week end in Clarendon. They are students of State College at Canyon.

G. L. McKnight, general manager of the Aetna life insurance company of Texas, was over from El Paso Friday. No other insurance man in the southwest is so well and favorably known as Mr. McKnight.

TO THE PEOPLE OF DONLEY COUNTY:

It has been my happy privilege to serve the people of Donley County in the capacity of County Superintendent of Schools for one term. I believe there is no one but who would agree that the experience gained while in this position has better fitted me to serve you another term.

My previous training and experiences also qualifies me for the job which you have intrusted me. I served two years in the army during the World War. One year of this time in France in the Aviation Corps. After returning from France, I was employed as lease foreman in Ranger Oil Fields. I have taught school for ten years. One year at Goldsmith in Collingsworth County, one year at Parnell in Hall County and eight years as principal of Smith School in Donley County. I have a permanent life certificate to teach in Texas Schools. This certificate is based on College credit work done in Trinity University at Waxahachie, Texas and Park College, Parkville, Missouri. Since being your County Superintendent, I have taken extension work in curriculum revision and attended a school for County Superintendents at Texas Agricultural and Mechanical College.

During my administration of the school affairs in Donley County due to the splendid Cooperation of the patrons, trustees and teachers with the Donley County Board of Education and the County Superintendent the following accomplishments have been realized:

- 1. New school buildings have been completed and all school property has been kept in good physical condition.
2. Seven Rural Schools have been standardized.
3. Fourteen school buses have been purchased to transport pupils to their own local district schools and the high school pupils to affiliated high schools.
4. High School and Junior College enrollments have been increased.
5. Thirty percent better attendance in Rural Schools has been accomplished.
6. Better trained teachers are employed.
7. A Rural Trustee-Teacher Association has been formed.
8. New Budgetary System of Bookkeeping has been established in the office of the County Superintendent.
9. Maximum Rural and Federal Aid Grants have been received.
10. Safety First Rules have been taught in all the schools.
11. Two outstanding Centennial Celebrations and Musical Festivals were participated in by the school children of the county.
12. There has been added interest in Inter-scholastic League activities as shown by the increased numbers of contestants.
13. This progressive school program enables the rural child as well as the city child to finish his education in a good affiliated High School.

I wish to thank each person who in any way has helped to make my past term successful. I also wish to thank you for the opportunity of serving you. It has been a pleasure and I would like to serve you again another term. If you feel that I am deserving of a second term and that I merit your vote I will appreciate and thank you for your support in the Democratic Primary next July the twenty-fifth.

Sincerely, SLOAN BAKER

Sanderford for Governor

To the People of Texas:

In announcing my candidacy for Governor subject to the Democratic Primary, July, 1936, I wish to make the following statement:

I am a native of Bell County, Texas, and am in my 41st year. I have had fair educational advantages in the common schools, Wedemeyer's Academy, from which I graduated in 1914, and was for two years a student in Baylor University of Waco. I taught a rural school for one year. In the fall of 1917, I voluntarily enlisted for flying duty in the United States Air Corps in which capacity I served for 21 months.

I am married and have three children, all within the scholastic age. I have been a member of the Baptist Church for over twenty years. I served for two terms as tax collector of Bell County and have been in the automobile and associate business continuously since 1923. I am not a lawyer. I was elected to the State Senate from the 21st District over two worthy opponents in the first primary in July, 1932.

When I am elected I shall respect the constitutional rights of the people to have a governor who will stay on the job, cooperate with the Legislature and will neither squander the people's time nor abuse the opportunity for service by continually engaging in social, political and pleasurable affairs. I will not use the powers of the office to place my relatives on government payrolls.

I favor: First. A substantial reduction of Government expenses and where conditions will justify I shall, if necessary, use the veto power to reduce appropriations twenty-five per cent.

Second: A three per cent retail sales tax for the purpose of paying the Old Age Pension and to take the place of the present real estate taxes for general revenue, schools and Confederate Pensions.

Third. I am opposed to any state income tax, as, the Federal Government has already preempted the income tax field. It would be a wise state policy to prohibit enactment of such a tax by constitutional amendment. This would invite new capital to our state, result in the development of industry and the employment of more labor than perhaps any other one thing that could be done.

Fourth. I favor a graduated land tax for county purposes beginning with the small valuations. This will increase opportunities for home ownership and tend to discourage the holding of large tracts of land for speculative purposes. The Federal Government while loaning millions to banks, railroads, insurance companies, towns, cities and counties, could render no greater service than to loan up to \$3,000.00 at 1 1/2 percent interest on 21 years' time, without down payment to families with which to buy farm homes.

Fifth. I favor a reasonable chain store tax provided it treats everybody alike and does not exempt any special class of business.

Sixth. To promote employment, I favor a constitutional amendment exempting from taxation all textile, leather, paper and woolen mills, and other similar factories for a period of twenty years that have 50 or more employees.

Seventh. I favor the right of suffrage being extended to any citizen on the payment of a small registration fee in lieu of our present poll tax.

Eighth. I subscribe wholly to the principles of local self-government with the enforcement of all laws administered honestly by local authorities and with the backing of the state government.

Ninth. I believe that labor has the inherent right to organize and bargain collectively through representatives of its own choosing.

Tenth. Since the people of Texas have voted repeal, I favor the passage of such laws as will insure strict regulation of the liquor traffic and reduce the evils of this trade to a minimum.

I am the only candidate that can beat Allred in the runoff. Hunter has lost twice and Fischer is unknown and incompetent and is an oil millionaire.

Hot Weather Calls For Careful Living

Keeping cool and standing the heat during the hot summer months is in a large measure dependent upon the individual, health authorities agree. Over indulgence in food or exercise may cause much suffering.

"The clothes we wear and the food we eat play an important role in keeping us comfortable during the hot season," said Dr. John W.

Brown, State Health Officer.

"Summer clothing should be light in weight and color and of a porous texture. White clothes reflect the rays of the sun and therefore are cooler. Frequent change of clothing, particularly of that next to the skin, is especially conducive to comfort.

"The summer diet should consist of light, nutritious, and easily digested foods. Fresh fruits and vegetables are particularly desirable as hot weather foods because of their ease of digestion and wide range of variety in the manner they may be served. Meat and heavy pastries should be eaten sparingly. A balanced diet may be maintained without these foods. Do not eat when you are tired.

"Exercise should be taken in hot weather but good judgment must

be used in the amount that is taken. Swimming is fine exercise and is more refreshing than other forms of exercise. If sun baths are to be indulged in, care should be taken to accustom the skin by exposing the body for short periods in the beginning.

"Plenty of rest is necessary during hot weather. Sleep a sufficient number of hours and eat at regular meal times. Acquire regular habits of living and develop a cheerful outlook on life, and you will find that it will help you to spend a comfortable summer at home or on vacation."

Miss Opal Pyle is spending her vacation with homefolks. She is employed in the large mercantile store of the Hanna-Pope company at Lubbock.

**Vice President Gives Allred His Endorsement**

Uvalde, July 14—(SPL)—Vice President John N. Garner broke his traditional silence on political matters here today with a brief statement endorsing Governor James V. Allred and expressing a hope that the governor will win renomination in the first primary without the necessity of waging a run-off campaign.

The Vice President was interviewed just before he left for a two-weeks' fishing trip with a party of his old Uvalde cronies.

"I never talk about national affairs," he said; "I leave that to the boss. But I still vote in Texas, and have a right as a private citizen to my own preference."

"I don't mind the world's knowing that I think Allred has made a fine governor and I hope he is reelected in the first primary."

"Of course, I am just talking like I fish—in the capacity of a private citizen, and not as vice president."

Miss Frances Sanford is a guest of Miss Nancy Rutherford in Dallas this week.

Miss Pauline Sanford spent the week end with friends at Medicine Park.

**Forest Grant is Buried Here Wednesday Afternoon**

Funeral services were conducted for Forest Grant at Memphis Wednesday, and interment made in the local cemetery. He had been ill for some time and had been a patient in a San Angelo sanitarium, but died at Memphis Tuesday.

He was employed by the West Texas Utility company at Memphis. He was a son-in-law of W. A. Bullard of Lelia Lake and a nephew of G. R. Grant of Goldston. His wife alone survives of the immediate family.

C. A. Bryan is spending the week with his son Reagan Bryan and family at Turkey.

Mrs. Ed Bentley and son of Lakeland, Florida visited her aunt, Mrs. W. A. Land Sunday.

Mr. and Mrs. M. W. Mosley of Hedley spent the week end with Mr. and Mrs. Ed Bromley, and were accompanied home by their granddaughter, little Miss Mary Ann Bromley.

Mr. C. D. Moore and daughter Mrs. Neivers, old time residents of Clarendon, are visiting in the home of Mr. Moore's sister, Mrs. Julia Beverly.

**Interesting Relics Are Given To Museum**

**Artifacts Used by Earliest Settlers Predominate In Exhibit List**

The Donley County Historical Museum continues to receive interesting relics from many sections of the globe. The majority of the articles are such as were used in the homes of the earliest settlers.

Mr. Stultz, science teacher in the local schools, contributes a collection of minerals, petrified wood, shells and rocks. Jewelry such as once adorned African belles includes bracelets, nose and ear rings, etc.

Indian moccasins are the gift of Mrs. Eugene Taylor Stevenson, and Mrs. W. H. Martin contributes a hand carved walking cane of interesting design.

George Seaton remembers the Museum with a—U branding iron of ancient range days of the antelope period and first settlement.

Miss Ann Bobo contributes a branding iron "ALF" used by her stepfather over a hundred years ago, and a "slay" used in weaving, that is 152 years old and used by her great aunt.

The firm of Shelton & Sanford have loaned a number of show cases. The number of specimens being received constantly call for more exhibit space, and show cases are greatly needed.

The Museum is open every Monday afternoon from 4 to 6 in the basement of the College. No admission charge. The public is cordially invited to visit the Museum during opening hours. Mrs. F. L. Bourland and Mrs. J. W. Evans will have charge of the Museum next Monday afternoon.

Misses Lola Pearl Cox of Panhandle, and Alpha Mae Patton of Amarillo are guests of their grand parents, Mr. and Mrs. A. H. Baker.

Mrs. Clate Peabody was operated on at Adair hospital Saturday. Reports today indicate that she is doing nicely.

Mrs. Walter Taylor and her daughter Mrs. Bert Boomer returned home from Alpine where Mrs. Boomer attended Sul Ross college the past six weeks.

**Purveyer Announces For Representative**

**Collingsworth County Man Is Son of Former Representative**

E. C. Puryear as authorized the Leader to announce his candidacy for the office of representative from this the 122nd district. He is a son of John E. Puryear, a former representative of this district.

Mr. Puryear says that he is asking for the vote of the people on the following basis:

E. C. PURYEAR

"1. I promise economy in government in so far as it does not curtail worthwhile functions such as schools, etc., and I will make an earnest effort to try to balance the budget in order that the state may not be constantly paying out more than it takes in thereby piling up more indebtedness for the next generation.

"2. I favor the payment of the old age pension as voted by the people, and I believe it should be paid to all people who are eligible under the constitution and not to certain classes.

"3. I promise that I will be your representative and that, if elected, I will go to Austin with both hands and feet free, and that I will remember at all times that I am working for the people of my district and not for monied interests or powerful lobbies.

"4. I favor the efforts of the truckers association in establishing quicker transportation at less expense, more safety on the highways and shorter hours for the drivers with equitable pay.

"In all other matters I will do my best to try to represent you with the interest of this section of Texas constantly in mind. I will appreciate your vote and your support and will do my best to justify your confidence."

**Thompson to Close Campaign In Amarillo 23rd**

Amarillo, July 15.—A real old-fashioned political rally with "all the trimmings" of music, ice water and impromptu speakers from the crowd is being arranged here for Thursday night, July 23, as a home-coming celebration for Ernest O. Thompson and to let the rest of the state know that the Panhandle is "stronger than ever" for the red-headed fighter from the Plains who is chairman of the Texas Railroad Commission.

The rally will be outdoors, on the lawn of the Municipal Auditorium where loud-speakers will be set up to insure everyone of hearing the program.

The program will begin at 7:30 o'clock, with a concert furnished by the 142nd Infantry band, a musical organization widely-known throughout the state and which has asked for permission to participate in the rally as an honor to Thompson who recently was made a full colonel in the Texas National Guard.

"This is not an Amarillo rally," says Bill O'Brien, Panhandle rancher and banker who is giving his time to the active management of Thompson's campaign in this section.

"This is an event for the entire Panhandle. We are holding it here because Amarillo is centrally located and accessible to the people from all sections of the Plains country.

Mr. and Mrs. Floyd Keener and children of Amarillo are visiting in the home of her aunt, Mr. and Mrs. Buel Sanford.

Mrs. W. L. Crane and daughter, Miss Edna, and Joseph Brazil of Amarillo motored down Sunday to visit in the John Clark home. Mrs. Crane is spending the week here.

Mr. and Mrs. Raymond Harrah of Pampa were here Monday for the services at the tabernacle.

Joe Barnes, aged 9, is visiting with his brothers, Roy and Edwin in Denver, having made the trip by himself.

Dallas, Texas—A day honoring Disabled American Veterans of the World War will be observed at the Texas Centennial Exposition July 10. Program arrangements are being made which will include Madame Schumann-Heink and National Commander Marvin A. Harlan.

Parking prices hit a low level this week about the Texas Centennial Exposition grounds as rates dropped to 15 and 20 cents. Lot owners, who at the outset of the Exposition asked a half dollar, brought out red painted signs and went to hawking for cars on a 15 cent rate.

**Families Take Mountain Vacation Trip**

Mr. and Mrs. Cal Merchant, Mr. and Mrs. Virgil Merchant and daughter Marilyn are on an extended vacation trip on the Conejos river near Antonito, Colorado.

This is a favorite fishing ground for a number from this section, among them H. T. Burton.

Mrs. Fred Russell visited in Memphis Tuesday.

A globe-trotting Englishman and his wife were among the second week visitors at the Texas Centennial Exposition.

P. L. Robinson and wife looked over the exposition and commented: "Quite a jaunt, but well worth it."
