CLARENDON HATCHERY OPENED ITS 8th SEASON OF CUSTOM HATCHING MONDAY

One Hundred Per Cent Blooded Stock Will Be Offered Patrons This Year; Equipment Modernized Throughout; Contracts Signed With Missouri Farms For Eggs

Opening its eighth season of custom hatching Monday of this week, The Clarendon Hatchery will this year offer its patrons 100 per cent blooded chickens, Frank White Jr., manager, said this week. White also said his was the only hatchery in the Panhandle offering these services.

Almost completely remodeled at a cost running into hundreds of dollars, White stated the equipment was sufficient to more than care for what he expects to be the greatest business year since 1929.

While on a recent trip, White signed contracts with a number of poultry farms in Missouri, for shipments of blooded eggs of over a dozen varieties. These eggs will tend to improve the quality of stock in this section, he pointed out.

This year's season was also started with electrical incubators which will hatch 22 cases of quality eggs at a setting.

The Clarendon Hatchery has enjoyed a steady increase throughout its seven years of operation. Shipments last year were made to numerous adjacent states. Among these were Louisiana, New Mexico, Colorado, Arkansas and Oklahoma.

Mr. White is also the owner of the Wheeler County Hatchery in Shamrock, of which his brother Harold, is manager.

MRS. ANDIS IS NEW PRESIDENT

County Federated Clubs Board Elects Officers Monday Night

Eight clubs were represented at a meeting held in the Club Room Monday night at which time a new official family was chosen for the federated clubs of the county.

Only presidents of the various clubs are eligible to hold official positions in the federation. Meetings are held at 3:30 on the afternoon of the first Monday in each month.

In the election held Monday night, Mrs. E. R. Andis, president of the Woman's Auxiliary of the American Legion, was chosen president to succeed Mrs. F. W. Rathjen whose term had expired.

Mrs. Nathan Cox becomes the new vice president to succeed Mrs. J. F. Heath. Mrs. Ernest Hunt succeeded Mrs. Ruth Teat as secretary. Mrs. J. C. Estlack was elected treasurer to succeed Mrs. Rayburn Smith.

Clubs represented were: Pathfinders, Mrs. Nathan L. Cox; B & P W, Miss Fannie Perry; 1926 Book Club, Mrs. C. E. Bairfield; American Legion Auxiliary, Mrs. E. R. Andis; Les Beaux Arts Club, Mrs. W. G. Word; Clarendon Home Demonstration Club, Mrs. J. C. Estlack; Junior Home Demonstration Club, Mrs. Elmer Palmer; Mother's Club, Mrs. Ernest Hunt.

Clifford McCrary and family left Wednesday for California, to make their future home.

CLUB NOTES

Lion Caraway reported the distribution of 63 Christmas baskets, towards which the Club made a substantial contribution.

The Boss Lion announced the regular meeting of the Directors next Monday evening.

Mr. J. C. Jensen, of Plainview, was introduced as a guest. Lion Braswell explained the Melvin Jones Birthday Membership Drive, each club being asked to secure two new members.

Members of the Club were given an opportunity to express their new year resolutions. It was significant that the majority expressed their intention of driving their cars more carefully.

R. S. McKee, Secretary.

Trapping Industry In Full Swing Now

Added Income For Farmers And Ranchers As Prices Soar On Pelts

With fur prices the highest in several years, local farmers and ranchers are turning to trapping as an extra source of income.

Local market prices range up to \$6 for coyotes; \$1 to \$5 for Badgers; \$1 to \$6 for coons with skunks and possums up to \$1, according to M. S. Parsons, local buyer. These prices depend upon the condition of the fur, and the way the pelt is handled, Parsons said. Some pelts are brought in which are worthless because of lack of knowledge or carelessness in skinning and drying, he stated.

Perhaps one of the leading trappers of this section is Bill Richardson of the JA ranch who has a string of 35 to 40 traps and employs two assistants.

Richardson had caught approximately 15 coyotes along with other smaller animals up until last week end it was reported.

City Taxes on Par With Year; \$11,000 Expected

Approximately \$3,000 has been collected this year for city taxes, Mrs. Mae Shaver, City Secretary said Tuesday. This figure about equals that of last year for the same time, Mrs. Shaver asserted.

On these bases, about \$11,000 will be collected before the deadline, January 31, she said. Last year the total reached an approximate \$14,000.

Great Grandson of Martins Born January 3rd

A son, weight 8 1/2 pounds was born to Mr. and Mrs. G. W. Moss January 3rd, this possibly being the first 1937 birth in the county.

This little man is the great grandson of Mr. and Mrs. W. D. Martin, and his father is in the employ of the Clarendon motor company.

CHRISTIAN CHURCH ANNUAL ROLL CALL

Former Pastor And Family Among the Large Number Present Thursday Night

Members of the First Christian church observed their annual roll call in the church basement Thursday night, a bounteous spread provided an ideal supper for the faithful.

Rev. W. E. Ferrell, former pastor, and his family of Wink were present.

Following the roll call, a round table discussion caused several interesting talks to be made.

Rev. Ferrell gave an interesting account of his year's work for the church at Wink, Texas. Mrs. Ferrell spoke in a manner that left no doubt of her deep affection for the local church where she and her pastor husband worked faithfully for several years.

Rev. Robt. E. Austin closed the speaking with appropriate remarks, and his wife favored with a number of piano selections.

Mr. Homer Mulkey presented Rev. and Mrs. Ferrell and daughter "Mickey" with a gift from the church as a token of appreciation of their work with the church in the past.

Rev. and Mrs. Austin were also remembered with a token of love and appreciation in the form of a gift from the church, for their past work and their future success here.

"Seventy-five answered roll call, and it is sincerely hoped that the number at the end of 1937 will be doubled," one of the faithful members stated to a Leader reporter Monday.

Car Registrations

Nine automobile registrations were recorded here this week, according to Glenn Churchman, deputy collector. Out of this number 7 were new cars, Churchman said.

The registrations: Mrs. Faye Seagins, '37 Plymouth coupe; R. C. Land, '36 Pontiac sedan; George A. Shoop of Jericho, '37 Chevrolet coupe; R. P. Nichols '37 Chevrolet sedan; Homer Mc Elvany, '37 Dodge sedan; Mrs. W. E. Davis, '37 Plymouth sedan; Rex Lawley, '37 Ford sedan.

Moffett Purchases Kemp Auto Interest

Chevrolet Agencies Here And At Chillicothe Included In The Sale

A partnership formed in February of 1926 was mutually dissolved here Friday when Rep. George Moffett of Chillicothe purchased the interest of his partner, Mr. G. G. Kemp of Clarendon.

The deal included Chevrolet agencies here and at Chillicothe. Mr. Kemp will continue in charge of the local agency until such time as a suitable manager can be found.

No changes in the personnel here is contemplated, it is said.

"I may be here for a week or a year," Mr. Kemp stated, and he expects this to be the best year since 1929. He will take his time in looking for something in the business line that suits his temperament and ideals.

Mr. Moffett spent several days here the past week, and he too, spoke enthusiastically of the business outlook. "My judgment is that Clarendon is one of the best towns in the Panhandle of Texas. Its past history and future prospects both reflect this. I feel that a business investment in the town is a good investment."

Community Meeting Tonight To Talk Electric System

Citizens of the Martin community will hold a public meeting this Thursday night for the purpose of discussing a proposed extension of the local lighting system to include that community.

Local manager Chas. M. Lowry and district manager Mode of Childress have been asked to be present, it is said.

Moss Retires From Active Business Field

R. S. Moss closed out his business here Saturday and left for Amarillo where his family has been for some time and where he will make his future home. Mr. Moss has conducted a Battery & Electric business in Clarendon for about 17 years, owns considerable property here, and is one of our most highly respected business men.

1937 AUTOMOBILE LICENSE TAGS TO GO ON SALE 1st.

Decided Color Change In This Year's Tags; Plates To Be Attached In March

A total of 1,700 passenger license tags were received here, ranging from 323:101 to 324:800. Two hundred commercial tags for this county range from 48:551 to 48:750. Farm truck plates are 27:651 to 27:800.

For the full year of 1936, 1703 passenger cars; 192 commercial trucks and 100 farm vehicles were registered. Totals for the year of 1937 there are 1590 cars, 141 commercial vehicles and 150 farm trucks received tags.

The new car plates have a black base with yellow figures. Commercial car tags feature an orange background with black figures, and the farm truck license plates have a black base with orange numerals.

Hatchery Manager Goes To Convention

Purina Dealers Over State Will Meet in Ft. Worth Thursday and Friday

Having won the prize for the largest sales of Purina products in his district, Mr. Frank White, local distributor, started for the state convention of Purina dealers with quite a bit of enthusiasm.

He was accompanied by Mrs. White. Following the close of the convention Friday, they expect to visit in Fayetteville, Arkansas and Joplin, Missouri before returning home.

Roy D. Heath Is Appointed Regional Manager

Announcement was made this week of the appointment of Roy Heath as regional manager of eight counties for the Southwestern Maytag Company with headquarters in East Texas. Mr. Heath will leave to assume his new duties within a day or two, he said Wednesday.

Heath has been connected with the Clarendon Furniture and Maytag Company for over two years where his outstanding sales ability attracted the attention of company officials.

Your Leader is Your Public Servant

(An Editorial)

Beginning with the first issue on January 2, and ending with that of December 31, there were 53 issues of the Leader during 1936. Never before in the experience of the owner of this publication was this known before.

The Leader, with the kindly assistance of a large corps of helpers, has come a "fur piece" during the past year. An indication that the growth will be much greater this year is due to the fact that our rural news writers have pledged themselves to greater effort, and local people and our own force have entered the new year with the same enthusiasm.

Leader readers have long ago learned to depend on the truthfulness of the advertisements appearing in the Leader. This paper is the clearing house between those who have something to sell, and the buyer.

Personally, the Leader management knows that individuals and business men can profit by buying space in the Leader. Right at this time when there is a lull, catalog houses get busiest. Then why should not the merchant get busy and get the business that would otherwise go out of the community, and go for all time to come? Money spent out of the county is gone forever so far as the citizens of Donley county are concerned.

If you have a news item, please call 386. We can't hear and see all that goes on. That's why we pay a high rate for a telephone. Please use it. We want your news items. We want to work for and with every individual in the entire trade territory.

Thanks a lot neighbors, for all that you have done or said in our behalf the past years we have been doing our best to help you. Saturday afternoon is visitors day. Or come in any time you like. We are always glad to have our friends visit the Leader office. We are interested in you and your welfare. Perhaps with a closer acquaintance, we can be of more help to you. Thanks a lot, folks, thanks a lot.

First 1937 Baby

To Master Buster Matthew Slater goes the honors for having been the first born in Donley county in 1937. The youngster is a son of Mr. and Mrs. R. O. Slater, and was born at their home at 10:50 p. m., January 2nd, one mile north of Ashtola.

The Leader joins with the friends of the family in offering sincere congratulations and best wishes for a long and useful life for Buster Matthew Slater.

38th Anniversary Of Eastern Star

Approximately 100 Persons Attend Banquet at Lodge Rooms Wednesday Night

Members of the Clarendon Chapter of the Eastern Star entertained with a banquet at their rooms in honor of their 38th anniversary. Approximately 100 persons attended which included members, Master Masons, wives and guests.

Music for the occasion was furnished by Mrs. Allen Bryan, Mrs. Ralph Kerbow and the Clarendon High School band. Miss Annie Bourland was in charge of the singing.

Mrs. Alta Lane, Worthy Matron, presided as toastmistress.

A two-course turkey dinner was served in the rooms decorated with the Star colors, lighted candles and wall baskets carrying out the autumn motif.

J. M. Hill And Aggie Students To Attend Swisher Poultry Show Saturday

A group of Clarendon High School vocational agricultural students will go to Tullia Saturday to compete in the poultry judging contest of the Swisher county poultry show, according to J. M. Hill, instructor.

Hill said about five boys were expected to make the trip.

Mother Miss Temple Harris Died Christmas Week

Home for the Holidays, Miss Harris found her mother ill with bronchitis. Pneumonia later developed resulting in her death.

Jones Lauded For Farm Tenancy Work

Proposes Bill That Means Long Time Payments And Low Interest

The proposed bill in Congress by Marvin Jones of the Texas Panhandle, and Bankhead of Alabama probably means more to the encouragement of farm home owners in America than anything yet proposed.

The bill, if passed, will call for an expenditure of fifty million dollar appropriation each year for a period of ten years with which to purchase farm land. This land will be sold to small farmers who will be given long periods in which to repay, and at a low interest rate.

This is said to be the first stroke to defeat farm tenancy that began inroads upon our natural resources in 1880, and has steadily depleted land values and incomes until the deplorable condition of today results.

Students Resume Classwork Monday After Vacation

Class work at all Clarendon schools was resumed Monday morning as students and teachers ended a 10 day Christmas vacation period.

Teachers and many pupils returned to Clarendon last week-end after Christmas visits.

With mid-term examinations set for about Jan. 18, class work during the remainder of this week and next will be occupied by assignments that will terminate the regular third six weeks exams. Exam coverage schedules will be announced later.

Billy Greene Here For Visit After Bowl Game

Billy Greene, member of the University of Washington foot-ball squad that dropped the Rose Bowl game to the Pittsburgh University Panthers, New Year's day, arrived in Clarendon Sunday for a visit with his parents, Mr. and Mrs. Bill Greene.

In summarizing his opinion of the game, Greene said the overconfident Washington Huskies were no match for the powerful determined Panthers.

Final Vital Statistics Report Shows Births Lead Deaths

Complete official figures on vital statistics, compiled by W. A. Davis, show that deaths here exceeded births by over 2 to 1 for the year 1936. An even 100 births were reported as to 41 deaths.

December added 4 births to the list to round out the 100 mark while only one death was reported over the 40 recorded as of November 30th.

Pastime Continues Bank Night Shows

Manager Says Bank Nite Has Been Conducted On Legal Basis Since Beginning

Dozens of interested persons have besieged Mr. Mulkey with questions relative to the custom of bank night at the Pastime theatre. When asked by a reporter for the Leader, Mr. Mulkey stated that "our shows have been conducted on a legal basis without criticism since the beginning, and we expect to continue on that basis."

Twenty percent of the money expended upon the lucky ticket holder is the state tax rate under a law recently passed by the legislature. This money amounting to around a million dollars a year goes into the Old Age Assistance fund for helping the aged of the state.

An invitation to attend the Clarendon Chamber of Commerce annual banquet as guest speaker was extended to Dr. Bradford Knapp, president of the Texas Technological College in Lubbock, following a decision of the board of directors at a meeting here Tuesday night.

Dates for the banquet will be set to meet Dr. Knapp's convenience, according to J. M. Hill, secretary of the chamber, who was appointed chairman of the arrangement committee. However, Hill said, the invitation, mailed Wednesday, contained suggestive dates of January 25 or 28.

Hill indicated the banquet would be held at the First Christian Church.

The annual Chamber of Commerce banquet is the outstanding civic gathering of the year. Current business affairs are discussed as well as problems of the future. Officers of the board are elected at this gathering along with the president and vice president.

Winners of the Christmas lighting contest for both the stores and homes are also announced.

Others appointed to assist Hill in arranging the banquet were J. T. Patman and Sam Braswell.

Judge J. R. Porter, County Director of the Panhandle Conservation Association also met with the board, Tuesday night. Porter outlined the principal parts of the program and discussed ways and means of raising this counties quota of approximately \$150.

The new Panhandle Conservation Association with the most extensive program ever conceived for this section, was organized by delegates from over 20 Texas and Eastern New Mexico counties at a meeting in Amarillo, Saturday Dec. 19. Officers were elected and a 10,000 budget was outlined for the program which will include contouring, terracing, and farm pond and lake building.

Porter will also meet with the commissioners court here to discuss plans to raise the county's part of the budget before the directors again meet in Amarillo on January 14.

Visits Clarendon After 23 Years Absence

After an absence of 23 years, Mr. David Lochridge and wife of Worland, Wyoming visited in Clarendon with Mr. and Mrs. Fred Rathjen and other friends Sunday.

Mr. Lochridge is a former Clarendon resident having moved from here in 1913.

Tom Goldston Gains Strength Since Coming Home

An illness that forced him to spend some time in a Dallas hospital is abating at this time, it is said, to the extent that Mr. Goldston can sit up for short periods.

He was brought home some two weeks ago from Dallas.

BANKS DEPOSITS ON UPWARD TREND

Loan Increases Over Month Show Normal Conditions Returning

Clarendon and Hedley banks show a healthy increase in deposits as revealed in statements published in this issue of the Leader. The deposits are higher than at any period since 1930.

The total deposits of the four banks December 31, 1936 shows to have been \$1,070,541.45. The deposits in this county are in line with other sections showing a decided recovery movement.

The total loans of the reporting banks of this county are quite a bit above that of a month ago, it is said, due to feed and other necessary loans made at this time of the year. This is claimed to show a decided return of confidence on the part of both borrower and lender.

WHAT OF THE FUTURE?
Merchandising in the smaller towns located on improved highways near larger towns is supplying plenty of material for serious thought over the nation.

Facing the field of action today, the storekeeper has no place left him. The modern merchant studies the needs of his trade and plans to serve that trade with what "they" want.

Comparing the scene of world affairs today with those of twenty years ago, one cannot but imagine Kaiser Bill to be getting quite a kick out of it.

Just what Hitler and Mussolini will do next to keep the crowd following, no one knows, not even the leaders.

Should they choose to start another war, let it be hoped that the poor saps this side of the pond will be allowed to do their fighting on their own soil.

In the meantime, Germany is getting about all she asks for simply because the war lords (or war profiteers) of all the nations involved in the World War agreed on a war market.

Improvements in both buildings and stocks have been noted the past year among the merchants of Donley county. There is a closer cooperation with the customer.

The dry spell extending from the fore part of June to the first week in September necessarily curtailed crop production. Farmers learned a lesson from the dry weather.

Our farmers have come a "fur piece" during 1936 in gathering new ideas. With the assistance of the county agent and federal money, our farmer friends will no doubt progress farther through 1937 than for many, many years.

TEMPLE OF TRUTH
By the Apostle

The Leader carries the advertisements of firms every week offering real bargains. The smart subscriber can often save the price of a year's subscription in one week's purchases by reading the advertisements carefully.

For the benefit of our folks touring the southwest, let it be known that Elpaso classes as a criminal offense "any person, male or female, brown, black or white, married or single or any derivation thereof to wade, paddle, swim, dive or duck into the water of any irrigation ditch within the city limits."

The ordinance was said to have become necessary when bachelors of a well known club hotel were obliged to keep their shades drawn

during the day to avoid seeing women bathing in the ditches.

Elpaso may be rough but it is refined.

It seems like some of these city churches need a good chef now more than they need a preacher.

If you are tired of being a woman, put on roller skates in Colorado where you would be classed as a vehicle.

Did you ever attend a public function where some of the married men would have a whipped-dog look to their eyes when they came in?

"Lost plane remains silent," reads a headline from Utah. Do most of them run around howling like a hit dog after a crash?

And lest we forget, most men go broke during a boom.

Bust pictures became the vogue because "bay windows" were always more or less unfashionable.

Member way back when the clucking of the wagon coming from the canyon loaded with wood on a cold day brought joy to the household?

And those who had no canyon, gathered fuel from the prairies and stored it ahead for winter. Necessity is the mother of a lot of things, including cow chips.

The greatest compliment was paid this writer Saturday. A housewife of highstanding stated that she "could not keep house without the Leader any more than she could get along without her Bible, dog or cat."

And any woman who has reared eight fine men and women, and kept her old man traveling the straight and narrow path all during that time, is a real asset to any community.

Taking a bath in a washtub in the kitchen on a cold day is another old Panhandle custom that a lot of folks have almost forgotten.

And a lot of folks kept their butter in a well by placing it in a bucket tied to a rope. Others used a spring, but springs were mighty scarce. A water trough affair was the favorite after windmills came into use.

If any of you old-timers ever helped 'put up' one of those first windmills of the U. S. type that had a casting that weighed more than a railroad locomotive, come in and let's finish telling each other just what we didn't have time to do 35 or 40 years ago.

The fellow who sent me that mid-victorian underwear for Christmas is nothing more than a "hit and run driver," with the verbal trimmings.

The fellow who ignored the stock law, now ignores the auto speed limit.

The fellow who used to slow his buggy horse down to a walk when he crossed a bridge, won't even slow down for a telegraph pole in this auto age. "Old codgers either don't drive at all, or just go helladabrinde," a highway patrolman stated Friday.

As a rule, we Americans feel that musicians, artists and poets are getting their just dues when they are starving to death.

Then there's Robt. L. Moore, ex-real estate and manager of the Waggoner interests around Vernon

who, given names of poor children by the Red Cross, buys them clothing for Christmas each year. He played Santa in this manner to more than nine hundred this Christmas, it is said. Another man of means is spending that which he can never hope to take with him when done with this world.

Americans crave variety. Can't some one pick a guitar while the car turns end over end on one of our highways?

There is virtue in the Panhandle so long as the Virtue drygoods company continues in business at Perryton.

Hadn't thought of it in just that light, had you?

Immunity
Ima Fizzle says her boy friend is immune to moonlight, but not moonshine.

Best Friend
"A friend is one who knows your every fault, and loves you just the same," is said to be the best definition to friendship. A friend is also a fellow who won't let some one talk him into doing something against your best interests. He's your steadfast friend come the darkest night. You don't have to hunt him up to ask him if he's still standing pat. If he is your real friend, you know all that without hunting him up at all. He does not fight your interests one day and help you the next.

Mutual attraction
The fellow who doesn't care much about you, is the same fellow you don't care much about.

Lost Opportunity
What a pity that feature writers were not at large during the life of Methuselah. What a time one could have had writing up the accomplishments of that old boy over a period of more than nine hundred years!

Worst Nuisance
A nose chaperon at a young folk's picnic.

Road Hogs
You would think that any man who had enough sense to accumulate enough means to own even an equity in an auto, would have sense enough to be decent, but are they?

Nuisances
That synthetic tap dance over a Mexican station sounding like a spinach-fed jackass kicking his way through a barn, is not an animal at all. It is said to be an electrical machine.

Hallucination
While taking Christmas in Amarillo, Loco Louie sat down on a curb after he had gotten so much he could not walk. He got to looking for the moon to come up. Finally he spied a bright star. He got up and wobbled over to it and found the blamed thing pinned on a constable. He spent the night in the city hoosegow.

Invention
Well, folks, we came out of old 1936 with a plentiful supply of boondoggiers.

Appreciation
Suppose we look up all the gray records and erect a monument to the memory of the fine old lady who invented "sop."

The Iowa A&M College is about to give up the idea of persuading the folks to eat grasshoppers this season, and use poison on the hoppers.

Some men's disposition depends upon the condition of their liver.

And you don't know whether its fear of you, love for you, or plain duty that keeps the old man on the job. At any rate, he's watched closely.

They may not know, any more about Mendelssohn, Tetrazzini or Sembrich than a hog does a side saddle, but the music of the Gully Jumpers, Potlikker and Jug stringed bands have a powerful lot of pleasing rhythm when they get unlimbered.

Paris Resident, Ago 104, Dies

Paris' oldest resident, Miss Clara Lee, died at the home of a niece, Mrs. Nell King, Born at Lafayette, Ind., when there were only 28 miles of railroad in the United States, Miss Lee had witnessed the metamorphosis of the last century in transportation. She moved to Paris, then a village, 62 years ago.

Joan Crawford, And Clark Gable In Star Attraction, Jan. 13-14

Against a background of international intrigue, with Scotland Yard detectives close on their heels in a mad dash over the map of Europe, Joan Crawford and Clark Gable appear in their new starring Metro - Goldwyn - Mayer picture, "Love on the Run", opening a Two day showing at the Pastime Theatre, Wednesday and Thursday, January 13-14th.

Prominent in supporting roles are Franchot Tone, Reginald Owen, Mona Barrie, Ivan Lebedeff, Charles Judels and William Demarest.

Gable portrays a newspaperman and Miss Crawford an American heiress. She runs away from the altar and a pompous nobleman into Gable and trouble. Tone has the part of a newspaper buddy of Gable's.

Owen becomes a deep-dyed villain in the action-filled comedy melodrama as Baron Spanderman, head of an international spy ring. Gable and Miss Crawford are pursued in airplanes, trains and automobiles only to uncover bigger game in the Baron and his spy intrigue.

W. S. Van Dyke directed the new picture, adapted from an original by Alan Green and Julian Brodie, which appeared serially in a national magazine.

Northwest Texas Farmers And Ranchmen Broadcast Successful Farming Practices

Northwest Texas farmers and ranchmen believe in sharing their successful practices with their neighbors, and agricultural leaders from 6 counties will go on the air during the next 3 months for this purpose.

Farmers, ranchmen, and county agricultural agents from Oldham, Gray, Roberts, Hansford, Dallam, and Ochiltree counties will broadcast over Station KGNC at Amarillo the details of experiences which will be of constructive help to others in the same lines of endeavor.

Reports from county agricultural agents in the northwest section of the State indicate that there will be many activities to report.

The Bates brothers of Amarillo are contour listing 600 acres of pasture in their Castro county

REMOVE NEEDLE MANY YEARS IN ARM

J. O. Crites, of Lovelland, feeling a severe pain in his left arm, summoned a doctor who deep into the fleshy part of the arm and found a needle that had caused the pain. Dry goods men who examine the needle said that particular type of needle had not been made for many years. The instrument was embedded in a grisly growth that prevented it from injuring the muscles of the arm. Mr. Crites could not recall when the needle entered his arm.

holdings in addition to improvements already accomplished, such as painting and repairing their buildings and setting out orchard and shade trees.

Last spring Asa Willis, manager of the Herring estate, contour furrowed 1,000 acres of land and followed up with contour summer fallow. Willis states that the only prospect for wheat is on the contour furrowed land.

With an expenditure of \$3.50 an acre for terracing and utilizing run-off water on 4 1/2 sections the annual production value of 200 acres on the Pitchfork ranch in King county has increased from \$10 to \$60 an acre, according to the manager, V. V. Parr.

"Before terracing I could produce \$2,000 worth of produce on these 200 acres," Parr told his agricultural agent, "and now it will produce \$12,000 worth of alfalfa."

Outlook Is For Further Improvement Says Bureau Of Agricultural Economics

The outlook is for further improvement in the economic position of agriculture in 1937.

This is the opinion of the Bureau of Agricultural Economics which annually aids farmers with forecasts as to the trend of various agricultural commodities.

In general, farmers may expect 1937 to be similar in many respects to 1935.

Farm prices are expected to stay at high levels in 1937, although some decline is probable in the last half of the year. Taxes may move up slightly, and costs of labor, building materials, machinery, and fertilizer will probably be a little higher.

Some increase in cotton acreage is expected. Wheat production will be up, both in the United States and the rest of the world, and declining prices are in prospect.

Increased demand from consumers is expected to aid fruit growers. The stronger demand for vegetables will be largely nullified by increased plantings.

Unusually large stocks of rice are on hand and the price outlook is unfavorable.

Hog prices will be high through 1937 and production will be short for several years. Cattle prices will be higher in 1937 than in 1936 and the outlook for several years is good.

NEW EASY-ACTION SAFETY BRAKES

They offer the following advantages:

- 1 Self-Energizing Operation... gives greater stopping power—with easier, softer operation of the brake pedal.
2 Cable-and-conduit Control... gives sure, all-weather operation of brakes—the safety of steel from pedal to wheel.
3 Big 12-inch Rib-cooled Drums, give extra large braking surface per lb. of car weight, and long life for brake-linings.

You can't judge Brakes until you drive the 1937 FORD V-8

HERE'S HOW IT WORKS

As primary shoe "A," is applied against the moving brake drum, the drum helps to apply pressure on secondary shoe "B." As a result, about one-third less pedal pressure is required of the driver.

Four of these brakes, with a total area of 186 sq. ins. give 1937 Ford V-8's greater braking surface per pound of car weight than any other 1937 American-built car. No wonder Ford V-8 brakes are called "Easy-Action Safety Brakes."

Local People Attend Family Reunion at Memphis

Mr. and Mrs. Sloan Baker and children were among those to attend a family reunion at the M. A. Beasley home in Memphis over the week end.

Mr. and Mrs. Hick Daniels and children, Gordon Maddock, O. N. Womack of Amarillo were the other relatives of the Baker family present.

TO MY SON

(Margaret Johnston Grafflin.)
Do you know that your soul is of my soul, such a part
That you seem to be fibre and core of my heart?
None other can pain me as you, dear, can do;
None other can please me or praise me as you.

Remember, the world will be quick with its blame
If shadow or stain ever darken your name—
"Like mother, like son," is the saying so true,
The world will judge largely of "Mother" by you.

Be yours, then, the task, if task it shall be,
To force the proud world to do homage to me;
Be sure it will say when its verdict you've won,
"She reaped as she sowed. Lo! this is her son!"
—Bee-Picayune.

Mr. and Mrs. Kenneth Fink and babe of Childress visited his mother, Mrs. O. L. Fink here over the week end.

Misses Wilma Dee Smith, Joyce Link and Wanda Mayfield returned to Abilene Sunday where they are entered in A. C. C. They were accompanied by Mr. and Mrs. D. S. Smith.

A New Year— A New Congress
By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic

America at this time greets a New Year—and a new Congress.

What do the American people ask of each?

Of the New Year, opportunity for longer strides along the road to recovery . . .

Of the New Congress, whatever action, or restraint, may be necessary to make such strides possible . . .

America is ready for those lengthened strides. The need exists for new buildings, new goods, replacements; for many things that supply and serve the people. Industry and commerce—all our creative facilities—stand ready to meet that need.

Workers in every field are eager for the employment that increased production assures. Talk of closer cooperation among all elements essential to a quickened program fills the newspapers.

All that seems necessary is Confidence.

Confidence that public, rather than factional advantages, will sway the men chosen to represent us in our National Legislature.

Confidence that no new barriers will be placed in the way of work and production.

Confidence that constructive plans for the future will not have to be scrapped overnight to meet the vagaries of every glittering economic novelty.

Confidence that the worker's income will not be wasted by political extravagance billed against his present and future earnings.

Confidence that throughout the nation humanitarian considerations will dominate political aspects in emergency measures to aid the unfortunate.

The Seventy-fifth Congress faces a glorious opportunity to inspire this confidence.

If it grasps the opportunity, it can earn the gratitude of a great and encouraged people.

If it fails . . . our wishes for a Prosperous New Year will have been in vain.

World's Youngest Mayor Guest of LaGuardia and New York

Municipal budgets and such were discussed by the mayor of the world's largest city and world's youngest mayor when Mayor LaGuardia of New York played host to 17-year-old Mayor Daniel Kampan of Boys Town recently. Left to right above are LaGuardia, Kampan and Father Flanagan, founder and director of Boys Town.

THE world's youngest mayor visited New York recently as official guest of the mayor of the world's largest city—and they talked about budgets!

Danny Kampan, Mayor of Boys Town, Nebr., is only 17 and the youngest mayor of a real city in the world. As mayor of New York, Fiorello LaGuardia controls the largest municipal budget in the world.

After being locked in private conference in LaGuardia's office for some fifteen minutes, the mayor of New York admitted newspapermen and photographers:

"Mayor Kampan and I have exchanged credentials" LaGuardia said. "We've decided this job of being mayor isn't all it's cracked up to be!"

"You said it!" chimed in the youthful Kampan.

Going to New York to take part in a national radio broadcast, the Mayor of Boys Town and Father Flanagan, founder and director of the nationally famous home for homeless boys there were accorded all the courtesies and honors extended by the metropolis only to world celebrities. They were met at the train by Mayor LaGuardia's official motor cavalcade with smartly uniformed motorcycle officers flanking all sides. With screaming sirens clearing their way through the heavy New York traffic, they were whisked to the city hall for the big public reception.

While the two mayors posed for a battery of photographers, Father Flanagan stood in the background smiling gently, his eyes serious and kindly. He founded Boys Town, ten miles west of Omaha in 1917. Since then 4,466 homeless boys of all races, colors and creeds—from the 48 states of the union have been made good citizens there.

Beseiged by reporters for a history of his famous home he said: "No boy is a really bad boy. If you take him off the streets you can stem the tide of Crime. No one wants to be a criminal. It's only the lack of opportunity that makes boys criminals."

Breathless before the honors and recognition extended his homeless boys by the great American metropolis Father Flanagan told newspapermen how Boys Town began 19 years ago with five boys, how today present Boys Town with its 360 acres of fine farm land and modern buildings was his dream come true. With pride he showed reporters a recent letter written him by J. Edgar Hoover, head of the nation's G-Men. Hoover wrote: "If Boys Town were just financially able to care for all the boys that need its help, crime would be dealt one of the most effective and crushing blows I can imagine."

While in New York, young Kampan was offered an opportunity to attend an eastern preparatory school, a scholarship in an eastern college and a career. He turned them down with thanks, and a smile: "Thank you very much" he said "but I think I'll go back with Father Flanagan!"

These new super all-metal planes are now being built and tested out at the Santa Monica, Cal., plant of the Douglass Aircraft Company. Each plane provides seats for 24 persons in daytime and 16 berths at night, similar to the standard rail sleeper berths. Weight of each plane is 24,000 pounds, with a wing spread of 95 feet, propelled by two engines weighing 2,000 pounds and capable of developing a top speed of 215 miles per hour at 7,000 feet. Meals will be cooked and served on the planes to passengers.

Scores of inquiries are being received from Eastern and northern manufacturers by the Texas Planning Board regarding the natural resources of the State.

Sunnyview School Home Talent Play

Exciting Comic Expected to Bring Out Large Crowd Next Friday Night

Perhaps you have heard the expression, "turned blue with rage." Now you can see as well as hear "the Purple Tantrum" at the Sunnyview school.

The home talent best suited for each of the parts has been selected and rehearsals have been in progress for some three weeks.

Pauline Riley plays the part of Alice Ripley in "borrowing" a husband. Dorothea Riley is represented as Eleanor Binns in looking for husband "No. 2."

Edna Putman will appear at her best as an English social leader in the person of Mrs. Mansfield Taylor Barren.

As her idea from the first, Mrs. Paul Smith becomes Carilla Link in helping a cause that is comic and thrilling.

Dollie Hall as Mrs. Jared Ripley and Delmer Koontz as Mr. Jared Ripley take the place of Jan's parents. Henry Hall plays the part of Abner Ripley, brother of Jared, and best known as "old money-bag."

Completing the family, Glen Riley comes along as Reed Barren, while Clyde Putman is nothing but a "crook" in the person of Arthur Lang.

The plot is well worked out and pictures the average family where the money tends to center within the jurisdiction of one individual, and that one person somewhat if not altogether close-fisted.

See this play at the Sunnyview school, Friday evening, January 8th at 8 p. m. The school folks will appreciate your presence.

(This would have been a swell play, only what the play has been postponed indefinitely at the last minute.—Editor.)

GOLDSTON SCHOOL NEWS

We started school off with a bang in the New Year of 1937. None of the high school made any resolutions this New Year because we all say they are made to be broken.

We have organized our basketball teams—both boys and girls and hope to play a game soon. In basketball practice we had four teams of boys out on the basketball court yesterday. The girls have two teams and plenty of substitutes.

Goldston school is being replastered and painted. The high school room is almost finished. We think our school will look very new when it has been "remodeled."

On our blackboard we have a picture of Henry Ford's 1938 V-8. It is shaped like a half-moon and has the motor in the rear end. We are interested in knowing the various changes in the cars and wonder if we will ever go back to the horse and buggy stage. How things can change!

Earthen Dams Are Favored By SCS

Members Say Soil And Water Conservation Hand In Hand; Tests Conducted on Erosion
 Memphis, Jan. 6.—The Memphis Soil Conservation Service, in cooperation with farmers and ranchers, has constructed numerous stock water ponds and dams in Hall, Collingsworth, and Donley counties.
 Soil conservation and water conservation go hand in hand, say members of the Memphis Soil Conservation Service Camp. For the cheapest and most practical small reservoir for the farm, the SCS recommends an earthen dam.
 Such dams may be built across a drainage line or may enclose an artificial depression to be filled from a natural stream or drainage way. Most of the cost is for labor and equipment which a farmer usually can supply himself.
 The effectiveness of soil and water conservation at flood sources in minimizing floods is substantiated by several established facts.
 Flood loads are due in large part to rapid surface run-off of rainfall or melting snow and the quick concentration of this water in stream channels.
 The upland soils of a watershed constitute a storage reservoir capable of absorbing or retaining enough water to prevent, or at least greatly reduce, critical flood crests in the lower drainageways.
 Proved and adaptable procedures to hold water in the soil are now being used to best advantage.
 Dalhart, Jan. 6.—It pays to start saving soil on newly cleared land rather than waiting until washing waters have carried away most of the good soil which developed during the years, if experiments conducted at the Guthrie, Okla., Soil Conservation Service station are an indication.
 Two equal size fields, one eroded and the other virgin grass land, were sown to oats. Virgin land yielded over 40 bushels to the acre while the wasted field produced only 11 bushels.
 The eroded land had been in cultivation some 30 years but erosion was largely to blame for wasted fertility of the field. If oats were selling at 40c a bushel, the difference in returns from the one-acre fields would be \$11.60. In addition, cost of terracing badly eroded land was over three times greater than on newly broken land.

Pension Payments Cover Period of 6 Months
 Texas needy aged
 Austin, Jan. 6.(N)—Old aged needy in Texas received \$7,638,800 in the six months since the state began pension payments. With the starting number of 60,000 pensioners paid \$949,000 in July, the number increased to 92,000 by December who were paid \$1,481,000.
 Approximately \$179,400 was paid by the federal government for operation cost from February, when the law went into effect, and December.
 Orville S. Carpenter, acting director, said the administration was concerning itself mainly with 50,000 applications pending investigation and reinvestigating old cases required by recent restrictions imposed by the legislation.
 Expecting the number of pensioners to not go over 100,000, Carpenter said that figure may eventually remain stable.
 Pensions are paid from liquor taxes which fell short of providing the necessary amount and forced Governor Allred to call a special session of the legislature last fall which abolished the three man commission and placed the administration under the board of control. It also provided for borrowing money to pay the state's portion and limited the state expenditures to \$7,000,000 for ten months.
 Frank and Roy Heath were business visitors in Oklahoma City last week. They also visited an uncle in Chickasha.
 Billie Floyd left this week for Arizona and other western states, including California, where he expects to locate.
 Mr. and Mrs. Frank Stocking left Thursday for Washington D. C. after a visit here with relatives and friends. They were accompanied home by Mr. Stocking's mother, Mrs. J. D. Stocking, who will visit there for some time.

Hartley Farmer Says Trench Silo Shows \$1 A Ton Profit
 Dalhart, Jan. 5.—A Hartley County farmer, who dug a 300-ton trench silo early in November, is now realizing \$1 a ton profit for every ton.
 In pointing out the profit of the trench silos, C. C. Gilbert, the farmer, said the entire cost of constructing, including purchase of the ensilage cutter, was approximately \$1 a ton. With the present price of bundle feed at \$8 per ton, Gilbert has sold his silage to a cattlemaster for \$10 per ton.
 Ardis Patman and Mary Frances Powell left this week to resume studies in the West Texas State Teachers College in Canyon.
 Mrs. Marion Quisenberry and children left this week for Houston where they will join Mr. Quisenberry who is engaged in the trucking business.

QUILT 90 YEARS OLD
 Mrs. E. E. Bolton, of Houston, while on a recent trip to the Sharp community, near Cameron, displayed a quilt made more than 90 years ago. It was of floral design with rainbow colors predominating. The quilt was owned by the Bolton family during the Civil War and was buried with other family valuables when Union soldiers made their raids on the family homestead. It has been exhibited at many county fairs and Mrs. Bolton received an invitation to show it in Chicago recently, but she declined.

OVER \$1,722,193 EXPENDED BY RA

Three Units of Rural Rehabilitation Aid Farmers

Over \$1,722,193 was expended for grants by the Rural Rehabilitation of the Resettlement Administration in 32 Texas Panhandle Plains counties in 1936, it was announced last week. This figure is the total of standard loans, emergency loans and grants to farmers in Region 12, with headquarters in Amarillo.
 The first and most important of three units of the program was the standard rehabilitation loans. The total in the 32 counties since January 15, 1936, is \$1,012,132.07. These loans were made to 2,646 farmers.
 The second was grants to farmers whose resources had been completely exhausted. There were 9,278 families in this group with grants totaling \$197,662.41.
 The third consisted mainly of emergency feed and seed loans. To date only 113 farmers in this area have received a total of \$12,306.50 from this special fund.

EDITOR DEPLORES ONE CROP SYSTEM

Staff Member of Farm And Ranch Says Utilized Labor Is Needed Badly

What is needed on the average farm is a more balanced program that will utilize labor to the fullest extent, T. C. Richardson, associate editor of Farm & Ranch, told members of the Agricultural Club in Dallas last week.
 Richardson said tenancy and the one crop system are hindrances to agriculture in Texas.
 The average wheat and cotton farmer expects to work from 75 to 100 days a year and make enough to run expenses for 365. The cotton farmer, on the face of such a condition, gets a high wage per hour, but he doesn't work enough hours, the speaker added.
 In comparing income from two farms—one of which is planted all in cotton, the other one fourth in cotton—experiment stations records show that the all-cotton farmer grosses 47 cents per hour for his labor but collects for only 1,500 hours. The "balanced" farmer grosses only 41 cents per hour, but collects for 2,269 hours, giving him an annual income of one fifth more than his all cotton neighbor, Richardson said.

TOO WARM HOUSES IS WINTER HAZARD

Austin, December 16.—It is an illogical fact that many people complain about the heat of Texas summers and yet sit indoors during the winter months in a temperature about as high as that about which they complained in the summer season.
 "If the average person would realize the definite hazard in developing and maintaining an indoor temperature above 70 degrees, or at most 72 degrees, when the outside thermometer registers around freezing," he said, "there would be fewer colds, less bronchial conditions, and less pneumonia than there are today."
 "Fresh air is one of the body's basic needs and no amount of luxury or artificial pleasure can be substituted for it. It may be a comfortable feeling to be warm, especially with the consciousness of the tough weather outdoors, but it is quite another matter to achieve this comfort at the probable cost of health."
 "Winters in the Temperate Zone are sufficiently trying upon the human system with their sudden and sharp temperature changes, without adding to the burden by making a hothouse of one's home. Of course, colds and other respiratory affections can be acquired in many different ways, but one of the easiest methods of becoming victims of such hazards is the overheated house."
 "To become overheated and perspire, though the latter condition may not be perceived, and in this softened state to brave the cold winter blasts, is to take a thoroughly unwarranted chance with health."

PWA TO CONTINUE JOBS IN TEXAS

\$1,000,000 Work Has Been Furnished Since Inception

Fort Worth, Jan. 5.—Julian Montgomery, state PWA director announced today that the PWA branch of the federal government will continue to furnish employment to several thousand persons in Texas until after March.

No new projects are to be started as the PWA expires June 30 unless Congress extends this agency.

Approximately one hundred million dollars worth of work has been made possible in Texas and at the present peak gave employment to 20,000 persons directly and an additional 50,000 indirectly. Montgomery estimated there are now 8,000 persons employed directly.

A group of Clarendon business men have been asked to attend a meeting of county judges in Lubbock Friday, January 8, which is being held to formulate plans to further WPA work in the Panhandle.

Clarendon Residents Move Into New Homes After 1st

A moving trend is underway in Clarendon with residents recently changing address.

Mr. and Mrs. Frank Heath have moved from their old home in west Clarendon to the house formerly occupied by Mr. and Mrs. G. G. Kemp.

The Rex Lawley's will occupy the old Heath home having moved from the Frank Prachar house.

W. R. McClenney moved into the house of C. T. McClenney which has recently been remodeled since partially burning.

Mr. and Mrs. H. M. Breedlove are now in the Matt Bennett house in west Clarendon which was recently vacated by the Fred Williams'.

Mr. and Mrs. Kenneth Kerbow are at home in the C. W. Bennett Jr. house, formerly occupied by the Carl Parsons family.

Harrisons Visit Relatives In Two States

Among the attractive features of McAllister, Oklahoma is the state prison, thinks Hawley A. Harrison, who, with Mrs. Harrison and some of their children visited relatives in that city last week.

A further visit was made with a cousin, Dr. W. E. Harrison and family at Paducah. The trip covering some fifteen hundred miles was made without mishap. "We never saw but one wreck," Mr. Harrison said, "and that was where a truck had gone over an embankment killing several head of stock which the trucker had been hauling."

Former Local Man Heads HOLC Corp.

Bill Clifford Is Appointed Manager Of Amarillo Branch Last Week

W. A. (Bill) Clifford, former Clarendon resident and son of Mrs. W. T. Clifford of this city, has been appointed manager of the Amarillo branch of the Home Owners Loan Corporation, it was announced last week. He is also the brother of Walter Clifford of the Clifford & Ray Grocery Company.

Mr. Clifford was assistant manager of the Amarillo district from October, 1933, until November 10, 1936, at which time he became acting manager when the former manager, J. C. Anderson, Jr., went to Houston to take over a division office.

The Amarillo HOLC office serves 58 West Texas counties. It is under the Dallas Division headquarters.

A total of 9 1/2 million dollars is loaned to home owners of the 58 counties. There are some 4,300 loans.

Before joining the Home Owners Loan Corporation, Mr. Clifford was associated with the Amarillo Bank and Trust Company for 10 years. He was one of the first men appointed to positions in the Amarillo HOLC office. His promotion was approved by both the state and the national HOLC officials.

Commodity Expert Visits Relatives Here

Mr. and Mrs. Frank Stocking and Son Leave Today

Mr. and Mrs. Frank Stocking and son Soxle left today after a short visit here for their home in Washington, D. C. where Mr. Stocking is a special expert with the commodity division of the Federal Tariff Commission. Mr. Stocking left this city three years ago after resigning from the Clarendon schools where he had taught for a number of years.

A graduate economist from Columbia University and expert statistician, Stocking found ready employment at the National Capitol and for the past two years and a half has done research work in the field of plastics for the Federal Tariff Commission. His work has carried him through several eastern states and a large section of eastern Canada.

In addition to working eight hours a day with the tariff commission, Mr. Stocking has completed the first year of law at George Washington University where he has attended classes at night. In spite of heavy governmental duties he maintained high scholastic record last year carrying five law subjects at the University. He expects to receive his degree in law in 1938.

Meantime he will continue his work with the tariff commission which offers permanent employment.

Clarendon Church Charter Member Gives First Solo

Pleasant Andrew Buntin, 87, pioneer of Clarendon, sang his first solo here recently when he gave three stanzas of an old song memorized when he was a boy in Kentucky 80 years ago.

There was no musical accompaniment for the song that Mr. Buntin, familiarly known as "Pa" volunteered to give because failing eyesight prevented his joining in a responsive reading at a holiday Sunday service at a Church he had attended for 50 years.

So far as is known, Mr. Buntin is the only charter member of the Methodist church organized here in the early 80's. The gathering met in a private residence, and the first church building was a small plank structure just to the east of the present magnificent edifice.

Four Liquor Cases Will Be Heard by County Court

Four cases for violation of the liquor law are docketed for Monday morning, January 18 when county court will convene.

Persons whose cases are set for that time are Johnnie Campbell, Arthur Campbell, Mr. Hood and Albert Boyd.

The latest arrest was that of Arthur Campbell who made bond of \$250 last week following his arrest on a charge of selling intoxicating liquor after a complaint had been sworn out by a representative of the Liquor Control Board.

A commission to pick the jury for these trials was chosen by the court yesterday. They are H. T. Burton, Frank Hardin and Frank Kendall.

Funeral Services Conducted For Noble Infant

Funeral services for Joe Winfred Noble, infant son of Mr. and Mrs. P. W. Noble, were held at the home of the child's grandfather, I. M. Noble, in Windy Valley Wednesday afternoon. Rev. W. T. Lackey of Lelia Lake officiated.

Joe Winfred died at the age of 6 months following an attack of meningitis. Mr. Noble is employed by the Sun Ray oil company.

Mercury Hits Low As Snow Arrives

Eight Degrees Recorded As "Blue" Norther Strikes

The season's low was recorded here early this morning when the mercury dipped to 8 degrees above zero. Snow which began falling from overcast skies before day-break by noon today had blanketed the ground.

The "blue" norther struck the city about 10:30 Wednesday morning to send the mercury plunging downward 44 degrees in less than 24 hours. Wednesday's high was 52 degrees.

The icy blast struck Amarillo about 8:30 yesterday morning and had progressed as far as Wichita Falls last night where a temperature reading of 20 degrees was reported shortly after midnight. Amarillo's reading at midnight was 9 degrees.

Reports from other towns in this section gave Plainview 42 at 4:30, Lubbock 64 at 5 p. m. and Vernon 43 shortly after 5 p. m. when the norther struck.

This year's frigid spell was a month in advance of the 1936 wave which, on February 5, sent the mercury to 8 and three days later dropped it to 1 4-5 below zero. February 14 and 18 were recorded at 5 degrees with 8 reported on the 20th.

Maximum and minimum readings for the week: Friday, 62.34; Saturday, 39.18; Sunday, 40.12; Monday 55.25; Tuesday 58.18; Wednesday, 52.38.

The mercury stood at 4 degrees in Amarillo at 10 o'clock this morning with Clarendon reporting 9 degrees at the same time. Weather forecast for this morning said the cold wave would hang on for the rest of the week.

Mrs. Granson Watters Dies Early This Morning

Bernice LaFon Watters died at the home of her parents, Mr. and Mrs. J. R. LaFon, here, at 4 o'clock this morning. Death came after a two-weeks illness.

Funeral services will be held at the First Methodist Church Saturday afternoon at 4:30. Rev. E. D. Landreth and Rev. J. Perry King will officiate.

Born in Cleburne, Texas, Mrs. Watters moved with her parents to Lelia Lake and later to Clarendon where she spent 13 years of her life. She was married to Granson Watters in September 1934 and the young couple made their home in Phoenix, Arizona for two years. She was a graduate of Clarendon High School and attended Clarendon College.

Especially talented in music, Mrs. Watters, following her graduation from the Amarillo College of Music, taught in Amarillo.

Besides her husband in San Diego, California and her parents, she is survived by five sisters; Mrs. Hugh Currie and Ruth LaFon of Amarillo, Mrs. Ross Beville of Philadelphia, and Lynn and Bobby Jo of Clarendon; one brother Lowell of Clarendon.

Mr. and Mrs. Frank Beyouth and children of Memphis, Mr. and Mrs. Sam Beyouth of McLean, Mr. and Mrs. S. F. Salamy of Amarillo and Miss Jennie V. Cohlma of Waynoka, Oklahoma were the other guests.

Bronchos Prepare For Post-Vacation Basketball Games

Clarendon High School cagers returned to drills this week with stiff workouts in preparation for post-vacation games.

Inter-club contests were the only tilts on the card this week but the Bronchos will swing into county competition by next Friday; meeting the Hedley Owls at the local gym.

Hope was expressed by officials, however, that other games will be booked before the Hedley bout.

Mr. and Mrs. John Lynch, Mr. and Mrs. Vaughn, Everett McGwer and Miss Dorothy White were in Amarillo Thursday night.

Congress Faces A Double Opportunity

By RAYMOND PITCAIRN National Chairman Sentinels of the Republic

Since its first session back in 1789, the Congress of the United States has represented to the world the American principle of Government by the People.

Through almost a century and a half it has remained one of the greatest Representative Legislatures on earth.

That is something for its members to remember during the session now in progress.

For the present Congress of the United States faces a double opportunity. It can translate into action the will of the public; and it can continue to prove to the world that Government by the People offers the surest road to the continued well-being of a nation and its individual citizens.

At this time such a demonstration could prove of immense value to both the Old World and the New.

To Europe it could emphasize the significant facts that nations rattle the sabres less violently and men live in greater happiness where Public Opinion, rather than Dictatorship, rules.

At home it could remind us that under the American form of government, authority resides in our elected representatives—not in the hordes of appointed Bureaus and Commissions which through recent years have increasingly expanded in size, in power, and in arrogance.

During past weeks official Washington has strongly indicated an intention to curtail both in numbers and in power our growing army of Bureaucrats.

If the 75th Congress backs up that promise it can win the widespread approval of the country. But this will not end the achievement. It can also take a significant step in strengthening throughout the world the principle of Government by the People—a principle on which our Nation was founded and has risen to greatness.

COTTON BREEDERS MEET IN AUSTIN

Hope to Regain World Markets And Improve Texas Cotton

Prominent cotton breeders from all parts of the state met in a conference at Austin last week and decided to assist every agency, organization or individual in any way in regaining world markets for American cotton.

The body pledged themselves to co-operate with efforts of the Federal Department of Agriculture and A&M College to standardize and improve the quality of Texas cotton and this motion was sent to Secretary Henry A. Wallace.

Teachers In Donley County Plan Get Together Here

All school teachers in Donley county will hold an all day "get together" here Saturday, January 23, County Supt. George Kavanaugh said this week.

O. L. Jacobs, president of the Teachers-Trustees association, set the date at the recent annual banquet at which time R. E. Drennan was appointed chairman.

A committee will meet with Mr. Drennan this week to complete arrangements for the meeting.

HIWAY DEATH CUT HOPE OF ICC

Move to Reduce Death Rate Which Reached New Record In 1937

A reduction of the death hazards of American highways was sought last week by the Interstate Commerce Commission when they moved to set up driving rules for commercial motors.

Fatalities reached an estimated 37,000—a new high record—at the close of the year. The commission made public its broad regulations to become effective July 1st.

The rules set up included, "reasonable or prudent speed under existing conditions, a minimum age of 21 for new drivers, a requirement that they must read and speak English and they must bear proper identifications.

Hope that the rules would be followed by the states in the interest of uniformity was expressed by the commission.
