

DONLEY COUNTY MELON CROP GOES TO MARKET

For a number of years the consumers of both canteloupe and water melons of the southwest have known of the superior quality of Donley county products. The canteloupe crop comes on at a gap in shipments after the central Texas crop is gathered, and before the Colorado crop comes on the market. This too, gives local growers a decided advantage.

Truckers from Oklahoma, Kansas, New Mexico and Colorado come to Donley for melons when the crop begins to roll proper. Northwest Texas takes the first of the crop.

Admittedly the largest and steadiest producers of melons are Frank Hardin of the Naylor community. His crop is just beginning to hit the top market. He says his quality is better than ever before, and the melons more uniform because of a careful selection of planting seed.

Corn, peas and melons are bringing to this county several thousands of dollars. Grasshoppers, except in a few localities, have done little damage. They have been held in check with poison to a large extent, it is said.

Trucks come to the grower, pay for what they get and do their own marketing as a rule. The producer is out no further expense except to gather the crop. In some instances, the buyer gathers his load selecting special quality for which he is willing to pay a premium.

For the present, there is a ready market in towns on the Plains where this list of products cannot be grown.

Federal Land Bank Loans To Be Held at Present Rate

Both the U. S. Senate and House carried a vote over the veto of the President in maintaining a fair rate of interest on federal farm loans.

Cong. Marvin Jones led the fight in the House. The act continues for one year the 3 1/2 percent interest rate on federal land bank mortgages, and sets the rate at 4 percent for the next year. It also sets a 4 percent rate on land bank commissioner loans instead of the present 5 percent.

Knorrpp Wins First In Sunday Tourney

Out Paces Patman And Boston Who Finish Second And Third

Whittling 13 strokes from his 23 handicap, Wesley Knorrpp Sunday captured the flag tournament at the local golf club. He out paced J. T. Patman and U. J. Boston by shooting an 82 against his allotted 95.

Patman and Boston grossed an 80 and 77 respectively to have 10 and 9 strokes advantage. Their handicaps were 90 and 86.

The trio outstripped the field and were far ahead of Alex Cooke whose flag looked good for first place before the last foursome came in. Cooke had a 79 for a six stroke lead.

Milton Shaver had a 10 stroke to play when he completed the 18-holes but picked up.

Boston Wins Third Flight In Sr. Golf

Knorrpp Takes 4th Flight Consolation; Other Locals Lose

Clarendon's U. J. Boston came through with flying colors Thursday to win the third flight in the Tri-State Senior golf tournament at Amarillo by defeating Sled Allen of Lubbock 2 and 1 in the finals.

Wesley Knorrpp, Clarendon, downed T. F. Connally, his hometown entrant, for fourth flight consolation.

Results of other matches of Clarendon players:

Nuckles won from Bill Cooke by default in second round, second flight consolation, and Baker beat T. M. Shaver 2-up in the same bracket.

In the fourth flight consolation, Connally defeated W. S. Peidleton, Shamrock and Knorrpp downed C. B. Crawford, in second round matches.

B. F. Holmes, Shamrock, captured the title with a win over Wallace Clark, Canyon, to regain possession of the trophy which he lost to Skaggs of Clovis. He won the inaugural event in 1935.

Funeral services were conducted here Tuesday by Rev. J. Perry King for Richard Ellis (Dick) Green, aged 31 who died at the home of his brother-in-law, A. D. Woods, in Memphis Monday, where he was taken for treatment five days ago.

He had resided in Clarendon for the past thirteen years. He leaves a wife, Mrs. Lavada Woods Green whom he married in 1930, and two children, Carol and Jimmie. His brothers are J. W. of Clarendon and Will of Alanreed. Sisters are Mrs. J. W. Sherill, Era, Texas; Mrs. W. F. Smith, Gainsville; Mrs. E. L. Hedges, Whitesboro; Mrs. Roy Conway, Baxter; Mrs. A. O. Comer, Marysville.

He united with the Baptist church at Marysville several years ago.

Attending the casket were Verma Lusk, James Bain, Cleve McCrary, Ed Duncan, Marshall Morris, Clyde Wilson.

The deceased was employed at the ice plant last summer before becoming ill.

Sunnyview Rural School Purchase Bus This Week

The Sunnyview rural school district placed an order with the Ford Motor Company this week for a school bus costing about \$1,700.

Delivery will be made about the middle of August, according to Doss Palmer, local dealer, who accompanied George W. Kavanaugh, county superintendent, and Gene Hester and White to Oklahoma City Tuesday to transact the business.

The bus will be the first operated by the Sunnyview district, and will transport pupils to the Clarendon schools.

Clarendon Milk Dealers To Meet Here August 3

A meeting to be attended by state and federal milk inspectors is announced for Clarendon August 3 at the courthouse.

Cans well tinned, without open seams and free of rust will be required. The subject of sour cream will be discussed at the meeting. It is further stated that lard, coffee and baking powder cans will be barred as cream containers in the future.

Chevrolet Dealers In Rodeo, Jamboree

Climax of Contests Is Held Friday Afternoon And Night at Hall Ranch

More than two hundred dealers, salesmen, parts managers and service men connected with Chevrolet products attended a rodeo and barbecue at the Jack Hall ranch northwest of Amarillo Friday and at night.

John L. Matthews, zone used car manager of Oklahoma City had charge of the affair, and John Snider prepared the barbecued meat and arranged the trimmings.

Approximately \$1,500 worth of prizes were presented to salesmen for their efforts in selling used cars the past two months.

W. W. Noblet, manager of the Chevrolet Motor company here, and Grover C. Heath brought back an automatic .22 of late pattern which they proudly display as a reward for superior luck for the two months' efforts.

Clyde (Shine) Martin doubled his labor quota and was rewarded with a prize. S. C. Bell drew from the prize list a filled thermos jug.

Mr. Noblett estimated the crowd at around four hundred. All local men acclaimed the affair a humdinger of a success in which there was much enthusiasm.

FALLING BRICK FRUSTRATES JAIL BREAK MONDAY

The sound of a falling brick, reaching the keen ears of Mrs. Guy Pierce in the ground floor of the county jail, frustrated an attempted break Monday night about 9 o'clock.

Billie Gerald Smith, 23, arrested here Goodnight Saturday night for driving without lights, admitted to officers that he had pried loose the brick.

Smith gave his address as Beaumont, but was without papers of identification or showing ownership to the car. When detained he had \$6 in nickels in bank wrappers in the trunk of the car.

He was given a 10-day jail sentence by Justice of the Peace, W. A. Davis in order to allow officers time for a complete investigation.

Upon further questioning he was said to have told Sheriff Guy Pierce the car he was driving, a 1929 Chevrolet coupe, had been stolen in Denver, Colo.

His finger prints have been sent to Austin and Washington for a check-up and the Denver police have been notified of the car.

A felony warrant has been issued in Golden, Colorado for Gerald Smith, held in the local jail for investigation, it was revealed in a long distance telephone conversation from the Golden sheriff to deputy Guy Wright last night. The nature of the warrant was not stated.

A long record of arrests and convictions of Gerald Smith was also received from the state identification bureau at Austin this morning.

Not including detention on suspicion or vagrancy charged, Smith's record shows a 2-year sentence in Beaumont in 1931 for auto theft; five years in Beaumont, 1931 robbery with fire arms; five years, Huntsville robbery and theft from Jefferson county, 1932.

County officials were this morning preparing an extradition waiver at the request of Colorado authorities.

Everyone is welcome to every sermon, M. F. Manchester, local minister said.

Flea Hopper Description Is Given by Agent Who Says Farmers Are Confused

Farmers in this section who have been confusing the flea hopper with the leaf hopper may identify the destructive pests by their size and color, County Agent H. M. Breedlove said this week.

The flea hopper measures about the size of a pin head and is green in color. They get under the skin of cotton and sting the squares, the agent said.

The leaf hopper, a harmless insect, is described by Breedlove as much larger than the flea hopper, grayish in color and is more or less "streamlined."

The destructive insect seems to diminish west of Hedley and has not been seen farther than Lela Lake, he added.

SINGERS TO MEET AT HUDGINS NEXT

Sessions Begin at Ten To Continue All Day With Basket Dinner

The folks of the Hudgins community are going to make a full day of it next Sunday when the Donley County Singing Convention meets at their school building. The sessions are to begin at 10 a. m. and will continue all day.

A basket dinner will be observed' and all those coming are requested to come prepared for the noon feast.

President L. H. Earthman has been informed by Mr. Wills of Hall county, that he will bring a girls quartet, and a male quartet of fine singers. At each convention date, a large number of Hall county and other singers attend and add interest to the sessions.

Jim Cannon, one of Donley county's leading singers and enthusiasts, stated that he believed this gathering next Sunday would be one of the best yet. The entire public has a cordial invitation to enjoy this feast of vocal music.

FFA Clubbers Off For Trip Sunday

L. W. DREW DIES AT SEYMOUR TUES.

Operated Wagon Yard Here Fifteen Years About Turn of Century

Following an illness of some three weeks, Mr. Drew passed away July 27th in a Seymour, Texas hospital near where he had made his home for a number of years. Among the pioneers of Clarendon, Mr. Drew had a wide acquaintance and many friends. His place of business was the town home and stopping place of hundreds of cattlemen and farmers in the early day.

Lucious W. Drew was born in Americus, Georgia July the first 1857. Moved to Alabama at the age of 11. Came to Texas at the age of 16 with his parents. Settled in Files Valley, Hill County, moving to Baylor County in 1878 and settled on the place where the family now lives. He was married to Amanda Boyd, March 23, 1890. To this union were born six children, two boys and four girls. Two daughters have preceded him in death.

He was among those who homesteaded in the Oklahoma territory in 1900. He filed on land in Roger Mills County living there five years after which he moved to Clarendon, Texas and operated the Drew Wagon and Feed yard for fifteen years.

After a short residence in Oklahoma City he moved back to his old home place in Seymour, Texas.

He was converted and joined the Methodist Church in 1900. Though he did not attend church services regularly he adhered strongly to the teachings of the Bible.

He was at all times kind and gentle, loyal, honest and dependable, and numbered his friends by his acquaintances.

Funeral services were conducted at the Methodist Church in Seymour, Wednesday, July 28 at 9:00 o'clock a. m. and the body placed at rest in the Henson cemetery.

Survivors are his wife Mrs. Amanda Drew and four children: C. O. Drew of Pampa, Texas; V. J. Drew, Wichita Falls, Texas; Mrs. Lalar Wilkerson, Clarendon, Texas; and Beatrice Drew, Seymour, Texas. Four grandchildren, Jack Drew, Wichita Falls, Texas; Drew Wilkerson, Sunray, Texas; and Lalar Belle and Margaret Wilkerson, Clarendon, Texas.

W. A. Massie Hurt In Fall From Mill

Shoulder Dislocated When He Plunged From Tower

W. A. Massie received a shoulder dislocation Friday evening about 6 o'clock when he fell from the windmill tower at his home.

Mr. Massie, who is in the 70's was repairing damage done in last week's storm, when he plunged to the ground. No one witnessed the accident.

According to E. Hickey, a neighbor who helped carry Mr. Massie into the house, the victim had been fixing guy wires at the top of the tower. He had evidently finished the wiring and was nailing a brace when he fell it was thought.

Mrs. Massie was in the house and did not see her husband fall but heard, what she described as a dull thud. Mr. Massie was lying in the edge of the garden when she ran from the house.

By falling in the newly spaded garden, doctors believed he was saved more serious injury. He probably hit on his hand and although dislocating his shoulder, broke the force for the fall.

He was resting easily at his home here according to the last report.

Airplanes to Be Used In Measuring County Farm Lands

Measurement of acreage for the 1938 federal soil conservation program was ordered discontinued here yesterday morning by B. F. Vance, administration assistant of College Station who said in a telegram to County Agent H. M. Breedlove that measurements would be taken from aerial photographs.

Donley County fields will be photographed from airplanes in the near future Breedlove said, but was unable to give the date.

Fifteen hundred farmers at a 43-county meeting in Amarillo yesterday endorsed a permanent farm program to be presented at this session of congress.

Nolie Simmons, Forest Sawyer and Charles Bairfield, represented Donley County at the meeting.

"The gathering endorsed provisions of an American Farm Bureau Federation bill now before the legislation and urged congress to "stay in session until this type be passed."

"Panhandle farmers appreciate beyond measure the great advantage to agriculture of the AAA," the resolution read. "Although adopted as an emergency measure, with amendments, it could no doubt have been made more perfect as a farm program. It was extremely unfortunate that the Supreme Court declared it unconstitutional."

"Parity prices in years of normal supply must be provided for if agriculture is to absorb its share of the rising cost of industry and labor. In years of abnormally large production, direct control of surpluses must be available and permanent system of commodity loans be put into effect as a price stabilizer."

Seventy Boys Return From 4-H Encampment

Seventy boys returned this morning from the annual 4-H Club encampment on the Rommie Derrick place on the Rowe ranch.

In the night of sport, the boys took time off to discuss the College Station short course trip, August 16 to 19 inclusive, and about 20 members pledged attendance.

Gathering at the swimming hole around 2 o'clock, the boys had a swim which was followed by a big feed, a baseball game, then boxing and wrestling.

County Agent H. M. Breedlove, sponsor of the club, was in charge of the encampment.

A short talk by Jerome Price was one of the highlights of the program.

Local Pastor Has Many Conversions

Cross Plains Revival Is Concluded Sunday With More Than Thirty Conversions

Accounts of the revival held in Cross Plains by Rev. J. Perry King appearing in the Cross Plains Review give an interesting record of success. More than thirty were converted during the revival, eleven of them the last night.

Quoting from the above publication:

"The Rev. Mr. King is receiving wide praise by members of not only the local Baptist church, but other denominations as well, for his ability in the pulpit. "He's one of the most gifted gospel speakers ever to pass our way," said the pastor of a nearby rural church to a representative of the Review."

Rev. King returned to Clarendon Tuesday and will fill his regular pulpit here next Sunday.

COUNTY FEE SYSTEM.

Whether officials in counties having 20,000 or more inhabitants continue on the present salary basis, or revert to the fee system, will be decided by Texas voters August 23.

Quite a bit of literature is being put out to befuddle the minds of the voters into returning to the fee system. This form of political thunder is being sponsored largely by officials. Some of these men wax enthusiastic because their salaries under the fee system ran up as high as \$30,000 a year.

It took a number of years to enlighten the public to the evils of the fee system. A number of officials were sent to prison costing the state thousands and thousands of dollars. Auditors traveled over the state checking up on the boys in office. These auditors drew 5c per mile for the use of their car, and an expense allowance of \$3.60 a day for room and meals in addition to a good salary. Taxpayers paid the bill.

In one instance, a representative of the State Auditor's department and an attorney for the State made two trips from Austin to Yantis in Wood county to see an ex-convict whom they claimed owed the state \$4 for fees he had collected. The mileage of the two officials cost the taxpayers \$57.40, and their room and board another \$28.80 making a total of \$86.20. After their second trip, the ex-convict mailed a \$4 check to the Comptroller's department at Austin, and the case was closed if they had a case.

The fee system in many instances caused to spring up a kangaroo court along the highway where pistol-totin' officers acted as judge, jury and executioners. A stranger in a strange land paid off readily and the home man paid to

escape humility. The money rarely ever was turned in to the county.

In some instances, officers paid back to the state thousands of dollars. Many times the officer was honest in believing that he was entitled to certain monies when he was not.

The salary system is but two years in effect. It has saved the taxpayers of the more thickly settled counties large sums. Instead of killing the law, it should apply to every county in fairness to the honest official who wishes and expects only to be honest and fair in dealing with the public.

When we vote, let's recall the trials and often convictions at Austin in connection with the fee system and vote for the continuance of the salary measure. It is fair to the officials and to the taxpayer alike.

1937-38 Dairying Prospects Better

DALLAS, July 28.—Indications point to a much more favorable situation for dairy producers in 1937-38 than in the last year, the Bureau of Agricultural Economics points out. Production of dairy products has increased, prices are higher in response to good consumer demand, pastures are in good condition in the dairy States and with prospects for more normal harvests, price of feed is expected to be lower. Butter prices have probably reached the seasonal low point for the year.

Seasonal peak in milk production is past. Production on July 1 was about 4 per cent less than on June 1 but 3 per cent more than a year ago on July 1. Milk production during the third quarter of 1937 is expected to exceed production in same period of 1936 but higher consuming purchasing power this year will tend to offset effect of larger production on price. Prices to farmers during last half of 1937 are expected to average about as high as in 1936.

Manufactured dairy products have been moving into consuming channels in about the same volume as last year but at considerably higher retail prices. Fluid milk and cream receipts at principal Eastern markets in May indicate further increases in consumption of these products.

TEMPLE OF TRUTH
 By the Apostle

Then there was the old man who got caught in a suit after writing letters to a "sweet young thing." After that he got a portable and concluded to play safe. In writing his first business letter, he started out: "My darling and gentlemen of

the jury, etc. It just stuck in the old man's craw like a night mare even though he was made the goat.

Speaking of the finer arts, Bachelor Bill and Ima Fizzle engaged in an animated discussion Sunday afternoon. It went like this:

"Would you live with a man who had a million dollars?"

"You darn tootin'."

"What if he had only five bones?"

"What do you think I am?"

"I know what you are from what you said, but I wondered how much."

About forty years ago this appeared in an old joke book:

"Eve stole first, Adam stole second, Gideon rattled the pitchers, Goliath was put out by David and the prodigal son made a home run."

It was offered as proof that

baseball was an ancient game.

An old-timer in to see me Saturday stated that the world had gone "skow-wowed." Does it mean the same as anti-godlin or catawau- us? If it does, that's easy to understand. I once knew a fellow who was thrown from a horse. He described himself as being rendered "hors-de-combat." That meant he had a fight with the boss after he got his legs untangled.

Twenty-six have died from infantile paralysis in Texas during the past year. You hear a lot about that misfortune. Thirty-eight suicides during the same time but you hear very little about it. During the same time, 1,237 were killed in auto mishaps of one kind and another, but no one appears to be interested in that at all.

So far as newspapers are concerned, the race for free space is on in a big way between the proposed world's fair exposition at San Francisco and New York City.

Making plans to attend the XIT reunion at Dalhart August 9-10 are W. B. Halle, Joe Cluck, Homer Mulkey, Pink Rogers and J. C. Estlack, all former cowpunchers on the big ranch thirty-odd years ago.

And along comes a stranger gathering in shekels on account of the social security board or something. It may be just the right idea, but it is so un-American, we have to have time to get used to it.

The Old Settlers are getting tuned up for the meetin' at Tate Grove the 13th of next month. Its a mighty good place to go and mix up with a lot of real Americans who don't expect the government to support 'em. The old-timer was anything except a "gimme-gangster."

No Gramma, Perhaps.

Reading in the paper Sunday, an article had to do with a man living down state who said "only two living creatures" could be entrusted with the care of the children of this couple. Reading on, it was plainly evident that he had reference to his two dogs. Admitted that dogs are great and possess a fine spirit of comradeship almost

equal to a fine old grandmother, but we prefer the grandmother.

Joseph Gone One Better.

Recalling the Biblical days when one Joseph had a coat of many colors, no doubt he was the gentleman who set the color style that has vexed old humanity all these centuries. It was along about that time that women, mostly young ones, painted beneath their eyes with charcoal to darken the appearance of the eye color perhaps. Some women get a lot of satisfaction in doing that yet. The latest in the color line is a company already organized to color sidewalks to suit the complexion of the mistress of the home. They propose to make sidewalks adding a color that will not only make women appear far more beautiful from the reflection, but men will be more romantic. Both the world fair shows of next year will be so equipped.

Who Saw Him?

A long time ago this writer had an Indian acquaintance who never doubted anything he saw, but that which he heard he demanded further proof by asking the question, "who saw him?" An Oklahoma exchange gives its readers a lesson on theology this week by stating that: "Hell is populated by Hitlers, those who advocate a sale tax and oppose the erection of a new arbor at the church." It is plainly a local situation, and aggravated condition.

Safety First.

A coroner's jury in Lamar, Missouri scathingly denounced a feilow townsman for not rescuing his young wife from a mill pond. The aged husband told of having kicked her body around under the water in an effort to get it to rise to the top, but, remembering his doctor's orders to keep his head dry, could not afford to dive into two feet of water and rescue her. It might bring on an attack of catarrhal hayfever. He further testified that he kept his foot on her lest she be carried away by the current, and loudly called for help. That may be oke-e-doke in old Mizzoo, but the same stunt would likely get a man a suspended sentence in Texas.

Yea, Which One?

In our present predicament surrounded with oligies and isms, who, which or what has brought on us the most trouble, men, machines or monkeys?

That Blue Buzzard!

Digging among some relics, what should bob up but a letter from the district chiseler of the NRA of the alleged Blue Eagle days. Well sir, this bird wrote me that if I didn't send him \$15 within ten days that I would be sent to federal prison. He never got the money. From the reply letter pinned to the threat I read: "If I cannot live in peace as a law-abiding citizen, I might as well be in jail. As for the fifteen bucks you evidently expect to graft from me, you can simply go straight to hell!" Some of the newspaper boys had the money scared out of them, and right here in the Texas Panhandle too, as well as other parts of the nation. It looked like for a short spell that the good old U. S. A. had gone "foreign."

Cotton Pests.

Sulphur mixture appears to do up the cotton flea. An arsenic mixture seems to do a plenty for the grasshopper. Now if the farmer can get up some plan to handle the cotton speculator, he'll be all hunkadory.

What? No Auto Tax!

Just when we get to thinking that a failure to tax anything, especially an auto, is bordering on the sacriligious, here comes the information that Hall county does not include her autos on the tax rolls. Old Donley does. Or at least it has our family down for four of the blamed things.

CRIME DOESN'T PAY

If someone would say to me today, "Let's rob that house, I know a way."

I'd speak right up and answer "Nay."

Then prove to them, crime doesn't pay.

Look at Dillinger, shot on sight, When "G men" saw him pause to light—

A cigarette after a matinee; That goes to show, crime doesn't pay.

Or take Capone, in prison now, This crime alone should show you how—

The law first catch them, then they weigh—

The proof to show, crime doesn't pay.

When Jesse James was a bandit bold
 Way back in yonder days of old
 The outlaw gangs would rob and slay
 But end up knowing, crime doesn't pay.

There's Barrow, Hamilton, Pretty Boy Floyd,
 A career like theirs you should avoid,
 And in their stead a life quite gay,
 Should show the world, crime doesn't pay.

When Bruno Hauptmann died that night,
 His face showed not a trace of fright,
 For Bruno knew he'd had his say,
 And a chance to prove crime doesn't pay.

There's the Matson case—a brutal crime,
 The law will find that man sometime,

And when they do, there's but one way,
 To show him then, crime doesn't pay.
 So when you look for "easy dough"
 Don't "crack a safe" because it's so,
 That even if it's "the perfect way,"
 A clue will show crime doesn't pay.
 —Tad O'Malley.

"Big Names" Charged With Drunk Driving

NEW YORK, July 28.—It was a big day in one New York court last week with five prominent defendants from scattered parts of the country on charges of driving while under the influence of liquor.

Mrs. Mary Reemicke, wealthy resident of Coral Gables, Fla., was held in \$500 bail for trial next Wednesday.

David W. Monteith, a leading citizen of Hialeah, Fla., paid a

\$100 fine for driving while intoxicated.

Frank Reardon, a big cattle man from Big Spring, Texas, forfeited a \$100 bond when he failed to appear. A warrant was issued for his arrest.

Isadore Mellinger is in Dallas this week where he is buying fall goods.

Be sure to get your money's worth

It's your money. You've earned it. It will be spent. For fuel, clothes, furniture, food, all sorts of necessities - - - and if there's any left, for luxuries.

The way to make that hard-earned money go farthest is to purchase products of certain value. Products backed by well-known manufacturers. Products that are widely bought and used, that are carefully and painstakingly kept to high standards of quality, and that have been found over and over again to give full worth. Advertised products!

When you buy a watch or a rake, a set of china or a radio set that is advertised in this paper, you are buying a product whose maker is willing to talk about it, tell about it, put what he knows about it in print and sign his name to it. When you buy advertised merchandise by name, you get the utmost of purchasing value from every dollar.

Because it doesn't pay to advertise poor products,
 it DOES pay to buy those advertised.

Green Belt Golfers Win From Wichita Falls In First Match Sunday

WICHITA FALLS, July 28.—A picked squad of Green Belt golfers Sunday trounced the many players of Wichita Falls 12 to 1 in the first 36 holes of a 72 hole match.

Walker and Farrell beat Underwood and Nuckles, Gibson and Lebus downed C. Underwood and Cherry, W. Anderson and Jack Parr lost to Landis and B. Strachan Jr., L. V. Anderson and Johnson won over Mooring and Francis, Judd and Hampton clipped Powell and Watson, Stephenson and Newton beat Huper and Abousee, Haney and Michie downed Carroll and Krauss Anderson.

The second 36 will be played in Wichita Falls either August 9 or 15th.

Clarendon Hopes For Victory In Golf Go With Memphis Sunday

Clarendon shot makers will take to the local links to try and avenge a previous drubbing by the Memphis Country Club when the eastern city invades the Hillcroft course here Sunday.

The locals have a perfect record this year with the tilts all marked off with red ink.

A win Sunday would ease the pain of the 26 losses out of 33 starts in two games with the Shamrock club.

Preparations Underway For Invitation Tourney

With invitations mailed to clubs over the Panhandle preparations are underway for the eighth annual Hillcroft Invitation golf tournament here August 15 and 16th. A committee is expected to start collecting a generous prize list this week and greens and fairways will be worked soon.

Frontier Fiesta Officials Say They Do Not Serve Liquor

FORT WORTH, July 27.—Frontier Fiesta officials today contradicted the city council's opposition to "strip dancing" and illegal alcoholic drinks at the show.

Backed by statements of Texas Liquor Control Board agents, Business Manager, James Pollock asserted that "mixed drinks" served on the grounds were legal wine drinks or less than 14 per cent alcoholic content. Stronger drinks are available only at the Fiesta Package Store, said Pollock.

Councilman George Seaman yesterday had passed a resolution condemning law "violations" and asking that Governor Allred instruct liquor agents to "take the necessary steps."

Concerning the "indecent" charge directed at her act, Dancer Hinda Wassau declared that "they put a g-string on me and made me a decent woman a week ago."

"What's indecent about my act?" asked the shapely former New York night club entertainer. "I work under a dark blue light—and besides, don't I wear gloves?"

Police recently informed the Fiesta management that Miss Wassau must don a brassiere for her act. Ed Bakeman, manager of the show, admitted that he failed to convey the order to the dancer.

"I was standing in the wing watching Miss Wassau's number when Mr. Pollock told me about the police order," said Bakeman. "I guess I just didn't hear Mr. Pollock."

Bill Crawford returned home this week from a painting and fishing expedition down in Wilbarger County parts. Grandpa Oiler, Mrs. Crawford's father, returned with him for a visit.

Nana, Art Miracle, Displayed At Fiesta

Fort Worth, July 28.—"Nana," world famous painting which is so lifelike that it almost breathes is on display on Sunset Trail at the Fort Worth Frontier Fiesta.

The exhibition at the Fiesta marks the forty-fourth year that "Nana" has been shown in the United States. Purchased by John Sutton and now owned and exhibited by his son, H. F. Sutton, "Nana" was brought to the United States in 1893 to be displayed at the Chicago World's Fair. "Nana" was purchased for \$33,000 and the present owner has refused offers as high as \$85,000 for the picture. It's exhibition history has caused it to be referred to as "the little gold mine."

"You keep 'Nana', son, and she will keep you," John Sutton told his son soon after the picture was purchased. And H. F. Sutton has found his father's advice literally true for "Nana" has earned more than \$2,000,000 for the Sutton family since the picture was purchased 56 years ago from the Russian artist, Suchorowsky, who painted it. More than 9,000,000 persons have paid admissions to see the painting.

Second in Family Injured By Diving Within Year

A few days ago Clyde Patterson dived off into a pond south of Alanreed. The water was too shallow and his head struck a gravelly bottom injuring his neck requiring the services of a physician.

Less than a year ago, a brother, Guy Patterson dived into a tank on the McCracken ranch striking his head against a submerged oil barrel. He suffered painful injuries which laid him up for several days. Both young men are sons of J. A. Patterson of the Glenwood community north of Salt Fork.

WPA Cut Not Expected To Greatly Effect Donley Co.

That WPA workers will be dropped from Texas relief rolls for inefficiency will effect Donley county only slightly, is the opinion of most county officials.

The rolls here have been automatically reduced by workers finding jobs in private enterprises.

Cotton Acreage of Western States Shows Big Gain

DALLAS, July 28.—A significant development in the cotton industry is the gain in acreage by Far Western States where the yields are highest.

According to the Department of Agriculture July estimate California, New Mexico, Arizona and Nevada are all expanding production. California now has 618,000 acres in cultivation compared with 370,000 last year, a 67 percent gain.

Arizona has pushed planting from 208,000 to 270,000 acres in two seasons; New Mexico from 118,000 to 138,000 and Nevada 1,000 acres for the first time.

These are all high-yield states. Average harvested per acre from 1932-36 for California was 531 pounds; for New Mexico 395, Arizona 375. For the big producing States figures are much less, Texas showing only 145 pounds, Mississippi 217, Georgia 215, Alabama 205, Louisiana 203, North Carolina 292 and South Carolina 251.

On the basis of these yields, production in the Western States this season is expected to exceed 1,100,000 bales. California should raise about 740,000; Arizona 245,000 and New Mexico 125,000.

In other words, while the older belt has been restricting its output in recent years, the Western States have been forging ahead rapidly in

hart, August 9 and 10.

Recalling the Old West in another fashion will be rodeo, the best that Dalhart has ever attempted. Allyn Finch and Sol Skidmore, real cowhands who are in charge of the affair, recently went to Canadian to see the Beutler Brothers rodeo stock in action.

"They have some of the best outlaw horses in the Southwest," declared Finch. There will be big Brahma steers to ride; smaller ones to bulldog, and fast, dodging calves that the cowpokes will try to dab a loop on. Beutler Brothers live in Elk City, Okla.

Amid fanfare of music, and a glorious burst of color, the Queen of the XIT will open the pageant by bidding the world welcome to

the land where the latchingstring hangs on the outside.

The countless ages of the grasslands will pass in swift and colorful review, with their conquistadores, explorers, ciboleros and Comancheros, the latter being the name given the Spaniards who years ago traded with the Indians at Buffalo Springs, later the No. 1 headquarters of the XIT, and at other water holes over what the conquistadores called the Llana Escatada.

Then in brilliant pantomime, with a narrator; or in action with the voices of the cast of more than 200 carrying over a loudspeaker hook-up, will come the days of Old Tascosa, established by the Spaniards who flowed down from the

hills of New Mexico, descendants of those hardy bands that spread commerce and the Gospel behind Coronado, Cortez and the others.

Rolling back the curtains of time, the pageant will show the birth and development of conditions that led to the creation of the XIT ranch, then trace its history under the noted "Barbecue" Campbell, its first general manager; under Col. Al G. Boyce, its second; down to the days of the nestor, the range wars and finally into the great West Texas kingdom of the present. It will end as it began, in a blaze of color, the character dances of many people to symbolize the mighty spirits that fused and swept the West on to an empire.

HUNDREDS OF OTHERS LIKE THIS MAN CURED

This is to certify that I, Hugh Denby, of Kress, Texas, Route 1, came to Dr. H. H. Milling at the Milling Sanatorium for treatments for my knee and leg. My leg was drawn up to my body; my knee was stiff and swollen, and I could not sleep at night unless I was full of dope. I tried all kinds of things, and several doctors; all the time got worse. I heard of Dr. H. H. Milling at Mineral Wells, Texas, and decided to give him a trial. I stayed five weeks and am now a well man. Can walk and use my leg and knee as well as I ever could. If you want to get well, go see Dr. H. H. Milling at Mineral Wells, Texas.

U. S. CAN'T FOOL SOUTH PLAINS' GEESE WITH FENCE AROUND ALKALI

Fowls Can Slick Congress But Solons No Match For Birds Which Are Not Deceived By Looks; Geese May Hide Behind Wire Barrier If Chased By Animals

EDITOR'S NOTE:—The following was received in a letter from a south plains landholder and is printed here for its humorous quality only and not necessarily to cast reflection on governmental projects. Not even those proposed in Donley County.

The United States bought a lot of wet weather lakes over in Bally County for a duck and geese sanctuary, which lakes are dry plenty of time; and they built a nice fence around the lakes and had a fine time, and a good laugh, and spent their money; got nice places for lakes and they would have gotten lakes if there had been any water. The idea was to have a place where ducks and geese could light safely etc., and stay all winter and feed around there if

they could, and always have a place fenced in so they would be safe in case anything got to chasing them.

This U. S. Committee, perhaps a committee of congressmen, must have selected these lakes at night because when the lakes are dry there is a deposit of alkali on the lake bed, and at night, from above, these 4 feet deep lakes look like they had water in them. But this congressional committee could not fool these geese. They would not light on this alkali even at night. They raised a lot of squaking and honking and kept on going, and easily fooled the committee; but most any goose can put anything over on congress, but no congress ever sicked a wild goose or any other kind.

The fences are in good shape and if a goose ever stops there he will find good grass and he can feel perfectly safe from any dangerous wild animal as all he need to do is get behind the fence. He can stay there as long as he wants to if he dont drink, if he does want a drink he can fly a few hundred miles to some other game sanctuary or go back to Canada.

MIDWAY

 Mrs. John Goldston

Midway people have a lot to be thankful for this week as the hail storm, wind storm and twister which visited several communities of Donley the past week, all missed here completely, and we had only a very nice rain, which was followed later by one of the most valuable rains that Midway has had for many a day.

As a rule, when a hail storm or wind storm hits Donley, Midway is in the main path, or it has happened so for the past 36 years anyway. In this period of time Midway has been completely hailed out six times, everything, even killing whole groves of trees and the finest orchards Donley County has ever had, and as that was before the days of car and tractors, buggies and carriages were riddled and the live stock bruised up so that they were unable to work for days. All poultry being killed; house tops were riddled so completely that new roofs had to be put up, and in some cases lives almost lost. As the past weeks storm passed us it is interesting, as well as lucky for Midway.

The legend is that why Midway is always in the hail district: That years ago a lot of gold was buried here by a band of the Con. army or Indians one, (I do not remember which) and that, this gold attracts the electricity which causes a hail storm. Perhaps gold has been buried in some other community recently. Anyway we are thankful and can sympathise with, as well as for the people that the hail did visit.

Donley county was given quite a

boost the past week when a number of out of the county people visited in the John Potter home, enjoying fried chicken, corn on the cob, water melons and other country raised goods. Those to visit were Mrs. Jasper Hinkle, Mrs. Mark Nash from Foster, Okla., Mrs. Homer Lewis from Enid. These were half sisters of Mr. Elmer Drennan. They were also visiting Mrs. Mollie Scoggins of Ashtola who has been real ill.

Mrs. Minnie Wise, from Elmore City, Okla., Jim Wise of Esteline, John Wise of Hollis, Okla., Mr. and Mrs. Aubrey Wise of Kansas City, Mrs. Willie Anderson of Cornell, Texas and Mr. and Mrs. Elmer Drennan.

Mrs. Myres and daughter Jewel visited in the John Goldston home last Thursday. These were neighbors of some twenty years ago. The daughter Jewel was enroute here from Michigan where she had driven, and purchased a new car, driving it back to her home in California. A sister, who is a trained nurse, accompanied her here for a visit with her parents.

Mr. Nelse Roberson, Midway's cotton committee man began measuring the land for the government the past week. Beryle Longan is assisting him.

The Midway Quilting club met the past Thursday in the home of Mrs. Tomlinson. Two quilts were tacked and one quilted. A covered dish lunch was enjoyed at the lunch hour. Ice tea and canteloupe were served in the late afternoon. Those present were Mesdames Lloyd Moreland, W. D. Higgins, Bob Williams, Bill Gaither, Clyde Butler, L. Belew, Nelse Roberson, J. C. Longan, Pat Longan, H. R. King, Misses Robbie Zoe Moreland, Reba and Marguerite Higgins. Some of the members of the Lelia Lake study were also guests. Mrs. Tomlinson was hostess. The club will meet next, last Thursday in August with Mrs. Loyd Moreland.

Death Penalty Is To Be Asked For Roy (Pete) Traxler

HUGO, Okla., July 28.—That the death penalty would be asked in trials of Pete Traxler on charges of armed robbery, was confirmed by state's attorneys last week.
 Traxler was captured after his Texas prison break near Hugo by two farmer hostages who turned the outlaws own guns on them, killing Traxler's pal, Fred Tindol.
 Traxler is under indictment in Donley County for highway robbery.

The Associated Press carried the story a few days ago of the bark of a dog saving the lives of a whole family. A small incident one says; yes, but it carried with it eternal consequences. People are watching you my Christian friends Christ said a long time ago, "by their fruits ye shall know them." Character finds expression in conduct. What we are we do. What we think we say. The Savior said again, "out of the abundance of the heart the mouth speaketh." Many times it takes but a word, a thought, an impulse to turn a life, to change the course of the years, to fix a destiny. Benjamin West said, "a kiss from my mother made an artist of me." The difference between joy and sorrow may be but a word or a simple deed or a smile. Turn the drift of failure in your life into the march of victory by rightly relating yourself to the giver of all life. As you walk life's pathway meet the Master at least once a week in the appointed place of worship. It will be a tonic for you during the other six days of service.
 Regular services Sunday at The Baptist Church. We will be happy to have you.

SUNDANCE, Wyo., July 28.—

A gleaming strip of tin, six inches wide and more than a mile long, saved this little Black Hills community from Mormon cricket hordes recently.
 The tin, mounted atop eight-inch planks and curved outward, proved a fortification the pests moving southwest from breeding grounds in the Bear Lodge Forest, could not surmount.

SAN ANTONIO, July 28.—Grapefruit, big cash money crop of the Lower Rio Grande Valley, was the big item in out-of-state carlot shipments of fruits and vegetables last year, Lance Hooks, Federal Market News Service announced recently.
 The 13,069 grapefruit cars was not only a phenomenal increase over the 3,979 last season but constituted nearly 25 per cent of the 56,399 total of all fruits and vegetables, Hooks said.

AN OLD COW PUNCHER'S DREAM

By T. H. Gatlin
 (Weatherford, Texas)
 His dreamy old eyes gaze far out beyond the hills,
 And he recalls the old days that have past,
 How, when he was younger, he rode that old range—
 Broke the broncs or roped the wild steers so fast!
 He sees his old saddle there on the corral—
 Old lasso coiled as he left it—
 Just so,
 His scarred up old chaps hang there on the old bunk house walls—
 And his mind rambles back to days long ago!

Long before the swift iron horse came thundering by—
 This old cowboy and his "chuck wagon" gang,
 Guarded each night the herd of long horns,
 And around camp fires at night gaily sang!
 A tear trickles down his seamy old face—
 As he recalls the old days long gone by,
 He sees the sun set behind western hills—
 And he heaves a long drawn out sigh.

He dreams he's again out there riding range—
 Riding herd on a dark stormy night—
 Sees the flash of the lightning—
 Hears thunder's loud roll—
 Hears the herd's mad stampede in their fright!

Old six shooter out—he heads faithful horse—
 And rides to the front of the steers!
 Fires a tatoo of shots—but his trusty horse falls—
 And the stampede beats the sands in his ears!

He awakes with a start—finds it only a dream—
 Of that same night his old leg was all broke—
 The boys picked him up more dead than alive—
 The old Doctor was there when he woke!

Faithful old puncher—you'll ride herd no more—
 No more the old lasso you'll throw,
 That old leg is still crippled—the old days have gone—
 And on crutches on through life you'll go!

I cannot but envy your glorious past,
 'Twas full of excitement and thrills,
 I know you see visions of days that are gone—
 When your eyes rove over yon hills!

Dream on dear old fellow—of contented herds,
 That browse on the hills that's near by—
 Dream that some day you'll again ride the range,
 At the last great big round up in the sky!
 (Dedicated to my cousin T. H. Gatlin, Palo Duro, Texas, who was crippled in line of duty).

Panhandle Wheat Shipment Increase Over Last Year

BORGER, July 28.—Eight thousand four hundred and thirty-eight carloads of wheat have been shipped from the Panhandle territory this season, according to M. C. Burton, general passenger agent of the Santa Fe R. R., Amarillo.
 The shipments to date are approximately up over 6,000 for the corresponding period last year.

His Fatal "Beauty" As 'Scarer' Used To Make the Girls Faint!

Wallace Beery, star of "Good Old Soak," Coming to the Pastime Theatre next Thursday and Friday claims that he got his start in the theatre as a "scarer."
 "In 1910," asserted the veteran character actor, "every vaudeville act and musical comedy had a 'scarer.' He would come on in the middle of an act, wearing a black mustache and hollering, 'Where are those guys? I'll beat their brains out.' This threat was always accompanied by the most horrible face the actor could devise."
 Beery asserts that he didn't have to try very hard to make such a face. "Why, when I came on, women all over the audience would scream, and a lot of 'em would faint. That was the first time I realized that I had a fatal beauty."
 Challenging the star's record as Public Scarer Number One was George Sidney, one of the greatest burlesque and musical comedy stars of his day, who appears with Beery in "Good Old Soak."
 The two "scarers" were given ample opportunity to reveal their respective prowess during a sequence of "Good Old Soak," directed by J. Walter Ruben.
 In the new picture Beery plays Don Marquis' famous character, Clem Hawley, the Old Soak, Sidney has the role of Kennedy, a peddler. The setting is Bay View, a mythical but typical small town near New York.
 Clem's wife, Janet Beecher, is angry with him for something he hasn't done. Beery registers dejection. Sidney senses a sale and registers anticipation. They gallop through every facial expression in the book until Sidney, discovering that Beery hasn't a nickel, registers pity and insists that Beery accept a present for his wife on credit. Beery registers extreme happiness.
 "Cut," motions the director, "Wally wins by a nose."
 "That scarer!" Sidney wails in

mock supplication. "That Beery! I should compete with a face like that!"

May We Flatter You?
 You have possibly heard the expression, "That dress certainly does flatter you." It is not for us to say how truthful the statement, but every woman wishes her dress to bring out every idea that is appealing to the eye. She is careful as to style and color. And should be. She takes a personal pride in her appearance. This is the one privilege desired most, and one of her most priceless sentimental treasures.
 It is our business to help you maintain the color, form and wearing value of your dress. To clean and press that garment as nearly perfect as is possible within the scope of skill and modern equipment. You don't guess when you send it to Parsons - - - you KNOW. And the price is no more than an ordinary cleaner would charge. That nappy newness - - - that freshness - - - that odorless process, all appeals strongly to our lady patrons.

FIRST PAPER IN THE PANHANDLE OF TEXAS OBSERVES 50th ANNIVERSARY

David M. Warren, Publisher of The Panhandle Herald Compiles Statistics For Birthday Edition Giving History of Paper Since 1887

Panhandle, July 28—Thursday, July 22, marked the fiftieth anniversary of the establishment of the Panhandle Herald, the first pioneer newspaper in the Panhandle area, to survive for five decades.

The first issue then named the Carson City Herald, was printed in a tent about a mile east of the present business section and was published by H. H. Brooks who came to Panhandle overland from Quanah, the railroad terminal.

Because of expense of moving his press, Brooks built one of timbers which printed a creditable first issue.

Many persons have owned the Herald during its 50-years. Among the owners have been L. D. Addis, Ed A. Jarbee, J. C. Williams, J. L. Gray, W. H. Mitchell, Frank Elston, R. C. Dessineux, J. C. Lowes, Fred and Rolly Wester, E. E. Manney and J. L. Nunn, Nunn-Warren Publishing Co. and Panhandle Publishing Co.

Lee Saterwhite sold the Herald to J. L. Nunn, J. E. Nunn and David M. Warren, who founded the Nunn-Warren Publishing Co. It was sold to the Panhandle Publishing Co. in 1932, of which Warren is the president editor and manager. In the same company is the Berger Daily Herald and Spearman Reporter.

Brooks, the founder, was a native of England. He came to the United States as a missionary and was at one time pastor of an E-

piscopal church in Houston. Because of difference he resigned to join the editorial staff of the Fort Worth Daily Gazette.

Brooks completed his newspaper work in Amarillo where he had established the Amarillo Champion. He died in Oregon in 1905.

FIELDS—

Tom Fields, Henry Fields, all of Groom.

All the children are married except Tom and Henry, the two youngest boys yet at home. Tom will finish school at Tech next year. Henry will make his third year of West Texas College football team of Canyon this term.

Other relatives and friends present were Rev. and Mrs. Weathers, he being pastor of the local Baptist church. Mrs. W. G. Ditto, Greenwood, Miss. Mrs. Jessie Krouse, Memphis, Tenn.

Following kodaking and the usual merriment of such a gathering, ice cream, cake and watermelons was served late in the afternoon. Rev. Weathers offered prayer for the continued well-being of the Fields family.

SLAVE NEGRO DIES

Ab Parker, last of the slave negroes residing in Clarendon died at his home here Friday night. Coming to Clarendon when the town was new, he resided here since that time.

Old Settlers Will Picnic August 13th

J. L. Reid, Aged Ninety, Is Oldest Member; Lived In County Fifty Years

Membership in the Donley County Pioneer Association is limited to those who have resided in the county for twenty years. At that, there will be a big crowd of qualified members on hand to do the occasion justice.

According to President W. I. Rains, this is to be the biggest and best affair of its kind ever to be held yet. The folks will gang up at Tate Grove. Better water facilities will be provided under the direction of the President, and Frank Jones. Frank is chairman of the water committee this year.

There will be no barbecue. The folks are all expected to bring baskets, tubs or buckets filled to the brim. The cost of beeves for a barbecue will be applied to the water arrangement. There will be plenty of ice water and hot coffee, etc.

"These reunions of old-timers bring back pleasant memories of days gone by, although there comes a sad thought as we miss the ones who have gone home each year." Mr. Rains said Monday while talking the matter over in the Leader office. Uncle Bill is really enthused about the whole affair. He says a fine program is being planned by Homer Mulkey, chairman of the program committee.

J. L. Reid, aged ninety, and a resident near Lelia for a half century, is the oldest member. Then there is Frank White of Clarendon, who came to the Hedley country about 1890 or before. Joe Devine got there about the same time. Mrs. J. H. Myers, who lives on Lake Creek, is said to have come to Donley county in 1888.

The tentative program will include a main address, music by the Clarendon High School band, sing-songs, strings single and in groups. The basket dinner is always an important item. The business session will be held about one o'clock after the eating is done. Homer Mulkey is requesting program suggestions. If you want any special number, tell him about it.

A complete program of the big celebration will appear in the Leader August 5th. Watch for it.

Lily Pons Renders "Blue Danube Waltz" As "Girl From Paris"

One of the world's best-known melodies, Johann Strauss' "Blue Danube Waltz," to which millions have waltzed since it was written, is sung by Lily Pons in the Parisian star's sparkling new musical comedy, "That Girl from Paris," in which she is co-starred with Jack Oakie and Gene Raymond.

The famous melody undergoes an alteration in its rendition which would probably astonish its composer. Miss Pons sings it in a New York roadhouse to the accompaniment of a four-piece orchestra. The instrumentalists offer interesting "swing" variations in an effort to disconcert the vocalist, and the familiar tune is heard bedecked in brilliant new crescendos.

The "Blue Danube Waltz" is one of the six numbers which utilize the tiny soprano's gorgeous coloratura voice in "That Girl from Paris." "Una Voce Poco Fa," from "The Barber of Seville," Panofka's "Tarantella" and three modern melodies by Arthur Schwartz and Edward Heyman—"Seal It With a Kiss," "Call to Arms" and "My Nephew from Nice"—are also sung by Miss Pons.

Dealing with the hilarious adventures of a French singer who follows a group of American musicians to this country and then finds is implicated in legal matters as well as affairs of the heart. "That Girl from Paris" is said to be both much funnier and much more musical than the little diva's earlier vehicle, "I Dream Too Much."

Herman Bing, Mischa Auer, Lucille Ball, Frank Jenks, Vinton Haworth, Willard Robertson and others appear in the important roles of "That Girl from Paris," an RKO Radio Picture.

Mr. and Mrs. Frank Bourland and daughter Jeanne left Tuesday for Dallas.

Miss Margaret Richards returned to Amarillo Friday after a visit here with her grandparents, Mr. and Mrs. F. M. Lynn.

Officer W. C. Haile Nabs Moral Pervert

Los Angeles Has Epidemic Of Moronic Type Who Seek Innocent Prey

Chloris Haile, son of W. B. Haile of this city, and a member of the Los Angeles, Calif. police force for the past 13 years, has made a creditable record.

Recently while visiting him, W. B. Haile found his son working on a case where a man was molesting little girls. It was just a short time after a demon had murdered three little girls.

Commissioner Haile accompanied his son to a lawyer's office where he placed the man under arrest after he was identified by a little girl who stated he had made improper advances in her presence the second time.

This Jewish lawyer and undertaker, Michael G. Phillips, was later tried before Municipal Judge A. S. Guerin, and was convicted of two misdemeanor charges of improper conduct toward little girls.

"In my opinion, moral cases of this type should be felonies," Judge Guerin said. "It is my rule to impose the maximum jail sentences allowed by law in these cases."

Nine men and three women sat on the jury that convicted this man who is married and has a daughter of ten years.

This incident elicited a long editorial in the leading daily in which Chloris Haile and his police partner, Merriweather, were highly commended for their diligence.

Texas Voters to Determine Status Blind-Destitute On August 23rd

Aid to the needy blind and to dependent and destitute children of Texas are two services provided for in Constitutional Amendments which are being submitted to the people in the election August 23rd. These amendments will, if adopted, complete the Federal Social Security program in Texas, and will make for a rounded-out program of security for all of those groups of our citizens who are insecure, or potentially insecure.

Texas cannot afford to neglect her obligation to her unfortunates while other states of the Union are moving forward with the development of greatly needed social legislation. According to a release by the Social Security Board of July 13, 45 states and 3 territories have approved plans for assistance to the needy aged; 33 states for assistance to the needy blind, and 35 states for assistance to dependent children.

The amendment submitted for dependent children specifies that the state shall not appropriate more than a million and a half dollars per year for such service, and that the appropriation shall not exceed \$8 per month for one child, or \$12 per month for any one family. These figures represent the state's two-third's contribution toward this type of assistance, as provided for under the Social Security Act. The Federal Government will then contribute the other one-third, which means that the amendment will provide a maximum of \$12 per month for one child in a family, and \$18 per month for a family with two or more children. The Federal Government will also pay part of the administrative expense of this service. It is estimated that there is a minimum of 30,000 dependent and destitute children in the state. Surely Texas can do this much in providing the necessities of life for her needy children and in equipping them with physical and moral stamina to meet the responsibilities of life as the citizens of tomorrow!

The amendment for the needy blind provides a maximum appropriation by the state of \$15 per month per person over 21 years of age, provided he or she is not being maintained in an institution. The Federal Government will match the state dollar for dollar for this service, which means that the needy blind person over 21 years of age cannot receive under this amendment more than \$30 per month. The Federal Government also pays a part of the cost of administration of this service.

The ratification of these two amendments will mean a decided economic and social advantage to Texas. From a humanitarian viewpoint, it will mean that common justice will be done two groups of needy individuals in the state who are unable to do for themselves.

Mrs. John Rhodes and Mrs. Howard Stewart left Tuesday for Dumas where they will visit in the home of Mrs. Glenn Riley.

Damaging Wind And Rain Reported West of City

With a brisk wind that was reported to have overturned several small buildings, rain estimated at over an inch fell in a sudden shower about 7 miles west of Clarendon at 4 o'clock yesterday afternoon.

Mrs. W. T. Hayter at the Hayter filling station said the rain fell in a small strip from northwest to south east of the station. Although the wind was strong, only branches were torn from trees.

Unconfirmed reports gave a barn at the Lee Moore farm as being blown over with several chicken coops capsized farther south-east.

Mississippi Man Visits His Brother at Brice

Meeting for the first time in twenty years naturally made the visit a joyful occasion when C. V. Murff of Tupelo, Miss. visited his brother N. L. Murff at Brice this week.

West Texas is quite different to the states in the deep south, and Mr. Murff and son Frank of Tupelo saw many interesting sights out this way.

Bourlands Tour South Texas Visiting Relatives

Leaving here the first of the week, Mr. and Mrs. Frank L. Bourland, and daughter Jean of Amarillo will tour south Texas.

They expect to spend some time in Austin. Another stop of more than a day will be made at the Pan-American exposition at Dallas.

Rumor Spiked That 8th Grade Would Not Be Taught at Goldston

Spiking the rumor that Goldston school would not include the eighth grade during the 1937-38 year, J. S. Dale said yesterday the system would continue as formerly.

"The school year will begin Monday, August 16," Dale said, "and teach through the 8th grade."

PORTER AT WATER MEETING

Judge Ralph Porter attended a meeting of Chamber of Commerce and Panhandle Water Conservation association joint meeting at the Amarillo Hotel yesterday.

Carl Hinton, secretary of the organizations, said outlook was very bright for special governmental funds for the lakes project out of the \$1,500,000,000 relief fund.

Thursa Turner spent Sunday in Memphis.

Approximately 5,000 Acres Estimated Lost In Hall By County Agent

Only 5,000 acres of Donley county crops were lost in last week's hail storm and approximately 50 per cent of that loss was cotton, County Agent H. M. Breedlove estimated Saturday.

Breedlove made the estimate after a survey of the stricken area. He also used figures compiled during the Federal farm acreage reduction program.

The cotton acreage base in Donley County is 63,966 acres with about 75 per cent of that figure in cultivation. Adding small plots not included in the farm program, Breedlove figured the entire cotton crop here would only reach about 50,000 acres.

Miss Opal Pyle will arrive in Clarendon this week end and will spend a two-weeks vacation in the home of her parents, Mr. and Mrs. T. M. Pyle.
