Night School Discussing Poultry Begins February 17th

NIGHT SCHOOL FOR FARMERS IN CITY

ENTIRE WEEK TO BE GIVEN STUDY OF POULTRY AND DISCUSSIONS.

A week of interest to all Donley County farmers is promised beginning with the first session on Monday evening, February 17th. Complete plans for the workings of the matter are not complete, but those in charge state that there will be moving pictures, bulletins, charts, slides and general discussions on all subjects allied to poultry, its care and disposal.

The matter is being handled through the Agriculture class of the Clarendon High School and is open to the entire farming public. The sessions will be held in the College auditorium and sufficient room is promised to care for all who will attend. John G. Hutton, head of this particular department of the school and a graduate of the Colorado A. & M. College will be on the program for discussions on the various phases of farm life as brought to the attention of the school.

Furniture Store Has Fine Opening

One of the most successful events that has ever been staged in this section is the verdict of those who took part in the opening of the Clarendon Furniture Store on Saturday of last week. Scheduled to begin at 10:00 o'clock in the morning, there were many who took advantage of an hour earlier than this to inspect the new place of business and its stock of merchandise. Immediately after the noon hour, the Clarendon Municipal Band took their places in the rear of the building, on the balcony and played a concert of an hour that added much to the enjoyment of the occasion.

From this time until late in the evening, there was hardly standing room in the store as interested visitors took occasion to search for the treasures that had been placed in all parts of the building. At the outset, some 1,000 tickets were prepared and placed at the disposal of the visitors. These were soon exhausted and a fresh supply put in place. A still further addition was made to the bowl before the day was called finished and the owners of the store considered that the opening day was done.

When asked if they cared for another opening over this weekend, the owners of the store, Messrs. Heath and Paxson, stated that they did not care for another one for a long time as they considered this one quite sufficient.

CHASE NAMED TO PLACE ON CITIZENS CEMETERY BOARD

To take the place of J. B. McClelland, whose death left a vacancy on the Board of managers of the Citizens Cemetery, A. L. Chase has been named. Mr. Chase has accepted the place and will take up his duties at once. The Board has plans for the immediate future to enlarge the space by the purchase of an additional strip along the South side of the present cemetery, to allow for spreading in that direction and to care for the needs for some years to come. They are also planning a program of beautification that will take some years to complete.

FORREST TAYLOR IN NEW POSITION IN LOCAL BANK

Forrest W. Taylor is the new man to greet visitors to the First National Bank of this city since the resignation of Howard Stewart from this place of business. Mr. Taylor has filled various places in this bank at times in the past and his many friends will welcome the opportunity of again seeing his face as they transact their business in this institution.

LADIES TO HEAR TRAFFIC PLANS

LEGION TO CONTINUE WORK ALONG PREVIOUSLY TRIED LINES.

The Clarendon Post of the American Legion will continue their work with the traffic club as started last fall, and are planning to extend their efforts to include requests for assistance from the ladies clubs and other civic organizations of the city. A committee was authorized to make further plans for this matter and to request for places on the program of various organizations of the city that the plan may be explained and the work carried out.

The minstrel for the Legion was planned at the same meeting, the cast was selected and next Tuesday night was set for the first meeting of the cast. Director Stephenson is handling this matter and states that a program has been arranged that will be a steady roar from beginning to end. The date for the presentation of the production has not yet been set.

The Paloduro Park proposal was brought to the attention of the Legion and the local Post was put to a record as favoring the establishment of the park. Park along with others in the state, and the enactment of the drivers license law to provide funds to pay for the parks and to provide for their maintenance. Telegrams to Senator Small and to Representative Young were also authorized at the same time.

A number of other interesting items were attended at this time that will be of interest when they are finally worked to a successful conclusion. These include rifles for the use of the post, caps for the manual of ceremonies for opening and closing the meetings, individual members, obedience to and a great many other items.

Historian Burton asked that all members of the Post mail him their questionnaires and that he would be pleased to write a complete history of the Clarendon Post. If such had been available the past week, a great lot of time and trouble would have been saved.

Donley Cotton Continues Down

Cotton ginnings for Donley County continued to show a loss from the year 1928 in the preliminary report made public January 23rd. The report is for cotton ginned prior to January 16th, and has not been materially increased since that date in the county, due to the extremely cold weather that forestalled any opportunity to complete the tasks of gathering the last bits of the staple that remained in the field.

Totals for the state show a loss of approximately one million bales with 3,750,827 bales reported to the date for this year and 4,805,988 bales reported ginned on the date in the year 1928.

Without exception, the counties near Donley show a loss. Briscoe reports 7,663 bales for 1929 and 10,871 bales for the 1928 season. Childress county reports 25,364 bales for the past year with a total of 29,275 for the preceding year. Collingsworth is more nearly on a par with last year with a 1929 report of 42,018 bales and 45,463 bales for the year of 1928. Donley County is maintaining the average that will be needed to bring ginnings to 20,000 bales for the year. To date, there are reported 18,390 bales as against a total of 27,316 bales for the preceding year to the same date.

Hall County shows the greater loss with 50,805 bales for the present season against 77,164 bales for the past year. The extreme weather of the fore part of January has prevented any work on the part of the farmers and the next report should show a great gain over that for the mid-month report for January.

Absolute Count Not Yet Ready

AN ABSOLUTE COUNT ON THE POLL TAXES PAID IN DONLEY COUNTY IS NOT YET AVAILABLE, ACCORDING TO ADVICES RECEIVED FROM THE OFFICE OF THE SHERIFF AND TAX-COLLECTOR.

The total number of receipts issued has been totalled, and has been found to be 2,625, but the division into voting precincts has not yet been made. The reason assigned to this is the fact that a number of receipts were issued, to be later cancelled out for some reason or another. The supplemental roll exceeded by almost one hundred the expectations of the collector's office. These are scattered all over the eighteen voting precincts and the force asked that no report on the various sections be given until they were enabled to make an accurate count.

A count of the taxes received in the various departments has not yet been completed, but is being worked out with all the dispatch possible and will possibly be ready the latter part of this week. An estimate states that they will be some less than for last year, but the exact percentage is not yet available.

CITY TAXES ARE WELL PAID UP

DELINQUENT LIST IS SMALLER THAN FOR NUMBER OF YEARS.

In computing the amount of taxes assessed for the past year in Clarendon, the City Secretary made a small mistake last week and gave the News representative the assessed valuations for 1928 instead of those for 1929. For the past year, this amount was approximately \$38,000, or a gain of some \$6,000 from the year preceding.

Taxes received to the close of the period where they will not be delinquent amounted to a little more than \$35,000, which looked for a time to be more than the amount of the assessed taxes. Of this amount, approximately \$1,500 is left in the sewer and poll tax divisions of the book, leaving the remaining \$33,500 to be placed in the general fund of the city. This will be found to leave less than \$5,000 in the delinquent list of the city, a sum less by several hundreds dollars than the amount in this place for the preceding year.

Poll taxes paid in the city will be found to amount to 290. To this is added a list of 85 widows, which will bring the voting strength of the residents of the city to little less than 700 votes. Everything considered, the city is well pleased with the receipt of making their plans for a continuation of effort to give more for taxes for the past year and are the money during this year.

COURTESY STATION IS NEW NAME FOR BUSINESS

The place of business vacated by the removal of the Panhandle Service Station the latter part of this week has secured a new tenant in the person of Harlan B. Naylor of Amarillo. Mr. Naylor leased this place of business and has named it the Courtesy Station and states that he will strive to live up to the name he has chosen in the courtesy shown his patrons. A full line of work will be done at this place of business and a washing and greasing rack will be installed to make the place more complete. Accessories and a line of tires will be handled to take care of the entire needs of the motoring public. Mr. Naylor is well known in Clarendon although he has been in Amarillo for several years in the past. He lived the greater part of his life in the Naylor community and is a brother-in-law to Rayburn Smith. His many friends have been greeting him joyously since he arrived here and he will be pleased to meet many more of them in his place of business.

T. D. Nored of this city and Charles M. Lowry of Hedley attended to business matters in the Childress Wednesday of this week.

BAPTISTS START REVIVAL SERIES

FINE SPIRIT RECORDED AS GOOD CROWD ATTENDS FIRST OF MEETINGS.

The short revival series that is to be held in the Baptist Church of this city was started Wednesday evening of this week and a fine feeling was present as the house was comfortably filled for the first meeting of the ten day series. Rev. Shepherd was more than well pleased with the showing accorded and is confident that the meeting will mean much to the Church at large.

Lee A. Stulce, the man who will lead the song services for the meeting and who will supervise the personal work, was unable to be here for the opening night, but will be in the city just as soon as his health will permit him to be about his duties. Mr. Stulce has made a request for all the singers of the city interested in the work to be present at the services and take some part in them.

The services will be held each day, the morning service running from 10:00 to 11:00 o'clock each day and the evening service beginning at 7:30. The entire public is invited to attend and take some part in the services of the church.

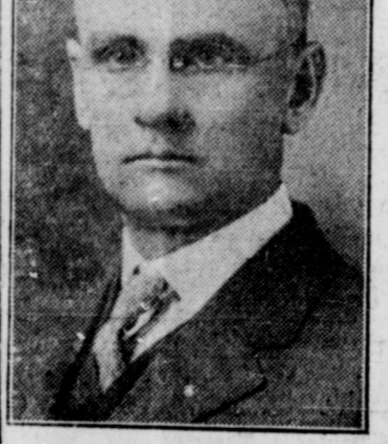

Hall Preaching Series Sermons

The Evangelistic meetings at the Presbyterian Church will close Sunday afternoon with the 1 o'clock vesper service.

Dr. Gainer B. Hall, of Wichita Falls, by his quiet, earnest presentation of the Old Gospel truths, is holding the undivided interest of the congregations.

Mr. Robert Cope is leading the singing and each night presents some special number.

Each service has shown an increase of attendance. The public is invited to attend the few remaining services.

TOM F. CONNALLY

Births Exceed January Deaths

Reports from the two registration areas of Donley County have been received in the office of the County this week. These figures are for the month of January and show that births exceeded deaths in the ratio of more than four to one. Hedley reports fifteen births and three deaths in the period of January 1 to 31, while Clarendon reports 24 births and 6 deaths in the same period of time. This brings the total births to 39 for the entire county and places the deaths at 9.

Frank Kendall is reporter for this work in the Hedley registration area and Mrs. C. M. Lane has this place for Clarendon and surrounding territory.

Mrs. J. G. Dodson and little granddaughter, Patty Jean, of Cordell, Okla., are spending several weeks with Mrs. Dodson's daughter, Mrs. J. L. McMurtry.

Cars Licensed In Great Plenty

THE LAST DAY FOR THE PAYMENT OF TAXES IN DONLEY COUNTY FOUND THE FORCE IN THE OFFICE OF THE TAX-COLLECTOR VERY BUSY INDEED WITH THE REGISTRATION OF AUTOMOBILES AND TRUCKS.

It has been stated that the greater portion of the receipts for this day were from the payment of the license fees rather than for the payment of taxes in other ways. The number licensed for the year to date is much less than that for the year 1929, with an allowance being made for the cars that have been junked in the past few months and that will not have licenses for the new year.

Cars to the number of 1,842 received their licenses to Tuesday of this week. This number remains some 800 short of the registrations for 1929, but means that approximately 400 cars received their licenses in the past week. 240 trucks have paid their fees into the office along with 60 trailers, 2 bus licenses and 2 motorcycles.

Dealers licenses have been issued all dealers in the county and are quite pretty in their coats of green with black figures.

OPENING PLAY IS MARKED SUCCESS

CLARENDON LITTLE THEATRE'S PREMIERE DRAWS GOOD HOUSE.

Presentation of Chas. Klein's four-act drama "The Lion and The Mouse," last Friday evening at the college auditorium, as the first appearance of Clarendon's Little Theatre proved to be a noteworthy success from the standpoint of dramatic art as well as financially. A splendid attendance greeted the curtain hour and the membership of the organization as well as other interested spectators are unanimous in their praise of the cast and director, Mrs. Frank A. Stocking, to whom belongs the greater part of the credit for the excellence of the presentation.

Local sponsors and sympathetic critics found a high undiscovered star in the person of Mrs. Elba Ballew, who had the heavy and leading lady role in the play. Her work was of an unusually high order and she has a technique pleasing to those who value diction, poise and understanding. As leading man, T. D. Nored, set a high standard for the local organization, well worthy of opposite work by Mrs. Ballew. Nearly every member of the cast deserves unstinted praise with special credit to Frank Stocking, Kelly Chamberlain, Fred Rathjen, G. L. Boykin and Misses Katherine and Lorraine Patrick. In order that none will be left out the News reproduces the cast of characters in order of appearance—and every one has the gratitude of the director and membership of the organization:

- Eudoxia ----- Dorothy White
- Rev. Pointex Deetle ----- William Wilder
- Jane Deetle ----- Mrs. Henry Tomb
- Mrs. Rossmore ----- Mrs. Roberta Ryan
- Miss Nesbit ----- Mrs. Clark Hemminger
- Judge Rossmore ----- C. C. Powell
- Ex-Judge Stott ----- Lester Boykin
- Expressman ----- Henry Tomb
- Shirley ----- Mrs. Elba Ballew
- Jefferson Ryder ----- T. D. Nored
- Hon. Fitzroy Bagley ----- Kelly Chamberlain
- Jorkins ----- Fred Rathjen
- Senator Roberts ----- McHenry Lane
- Kate Roberts ----- Lorraine Patrick
- Mrs. John Burkett Ryder ----- Katherine Patrick
- John Burkett Ryder ----- Frank Stocking
- Maid ----- Dorothy White

Final accounting of the receipts has not as yet been completed, but the door receipts will likely exceed one hundred and twenty-five dollars gross, with the guarantee of a neat net sum being realized for the curtain fund as sponsored by the Little Theatre. The Pathfinder Club, the 1926 Book Club and the Clarendon Lions Club are the three sponsoring organizations, and through them the tickets for the performance were sold. It is the plan of the Little

CREAM SHIPPED LOSES LITTLE

COMPARISON WITH YEAR AGO SHOWS SMALL LOSS CONSIDERING CONDITION.

With the coldest January registered in this county for thirty years, the shipment of cream from Clarendon for the month past was such as to bring more forcibly to the minds of the raisers the facts that this sort of an income is certain to bring profits. January of 1929 was favorable to shipments of cream but the industry in the county was just being started and little progress was shown. This year with the work well in hand, the net results are such that the worth of dairy stock is more than demonstrated.

A total of 185 ten-gallon cans were shipped from Clarendon in the several ways that shipments were made during the month. For January of 1929, this total amounted to 210 ten-gallons cans. Thus, a loss of little more than ten per cent was noted and this may be laid entirely to the weather as there are no other factors that affect the production of milk so much as a severe cold spell.

Then, there is the fact that more than the ordinary amount of butter is being sold the stores of Clarendon and to consumers direct than was being done during the month of January of last year. Through the efforts of the County Home Demonstration Agent, the standard for butter making has been raised until there is a standard product being placed on the market at this time that was not to be secured at this time last year.

The low price of cream at this particular time may also have something to do with the slack shipment during the month. In any event, the warmer days of this week and the month of February just ahead will probably show as much or more gain than was registered during February of last year.

CLARENDON MAY GET ROTARY CLUB SOON

Tuesday of this week, Mess. Allen Early and Norris Ewing of Amarillo were here making a survey of Clarendon as a prospective location for a new chapter of Rotary International, the oldest service club in existence today. Mr. Ewing is president of the Amarillo Rotary Club and Mr. Ewing is a prominent member of the same club, these gentlemen being among the civic and business leaders of that city.

According to tentative plans there will be a meeting held Friday for the purpose of completing the survey and explaining the purpose and workings of Rotary to certain interested citizens.

Members of the Clarendon Lions Club are much interested in the organization of the second service club in Clarendon and have proffered their services in any way to make the consummation of the new club possible.

NEWS WANT AD RETURNS LOST TIRE IN SHORT TIME

A truck tire was lost one day last week on the road between Clarendon and the JA ranch. A want ad was placed in the issue of the News out last Thursday and the work was started. Saturday afternoon, the tire was brought to the office of the News as was asked and the reward was paid and the tire returned to the owner. The tire was found by C. L. Fletcher and was lost by "Shy" Johnson. Both were well pleased with the results of the advertising and are satisfied that a want ad in the News will bring the desired results.

Theatre to present three more plays before the coming summer and the play-selection committee is already busy with the choice for the next and second presentation which will be staged probably around the latter part of February or the first of March. Mrs. Stocking, the director, asks that her full thanks be extended every member of the cast and all others who contributed in any particular to the success of last Friday evening's presentation.

GRAIN MAN NAMED IN FIRST MEETING

ELECTION HELD THURSDAY AFTERNOON AND ORGANIZATION STARTED.

A joint meeting of the Boards of Directors of the Chamber of Commerce for the year 1929 and for the coming year of 1930 was held last Thursday afternoon in the office in the City Hall. At this meeting, the election of officers for the year at hand was attended with the result that Tom P. Connally was named to this place. Expressions were also heard from the other three members on the board, A. A. Mayes, Allen J. Bryan and Holman Kennedy.

The general plan of the work of the Chamber was outlined for the coming year, a preference being given for the continuation and enlargement of the plans as outlined by the committee having had the plan outline in their hands. The same general plan of working the body by the use of the committee plan will be worked and committees from the Board of Directors was selected to name these committees in the very immediate future.

The new Board is enthusiastically attacking the problems ahead of them and will have many items of interest to make report upon in the very near future. Their first big task is the appointment of the committees and this will be attended as soon as the committee can meet.

School Districts Receive Payments

Final payments to the Independent School Districts of Donley County have been made from the office of the Sheriff and Tax-Collector this week. These payments represent in the greater number of cases the final payment of taxes to be received for the year in those instances where the taxes will not go delinquent. On this payment, Clarendon District received in excess of \$24,000, representing the receipts from this source since January 15. A payment was made to the Clarendon District prior to January 15th, bringing for the funds in hand to this time.

Giles District received a total of \$2,173, representing the receipts from the district since January first. The Lelia Lake District received a total of \$4,369.29 and Hedley received \$8,896.20 at the same time. These last two sums represent the collections since January 15th. At the same time, the balance on hand in the treasury due the City of Hedley was also paid to that body, representing a sum of \$3,168.75 being the balance in hand at the end of the paying period.

TWO BUSINESSES MOVE TO NEW LOCATIONS

Two business houses of the city of Clarendon have moved their headquarters this week to their hokes in the Latson building. The Heath's Tailor Shop moved the fore part of this week to their new home in the rear part of this building and are busily getting their shop arranged for a steady run of business. The other business to move is that of the Mitchell's Barber Shop, which took the remaining place on the Eastern side of the building. This place of business was moved the latter part of the last week and were sufficiently settled to allow for the transaction of business as usual on Saturday and for a partial inspection of the place of business by patrons and friends.

MEMPHIS BANDMASTER HEAD TEXAS BAND DIRECTORS

An item that will be of much interest to Clarendon people is that one which tells of the election of Paul A. James of Memphis, to head of the Texas Band Directors' Association. Mr. James is well known in Clarendon, having many friends here who wish him well in the work of the association. Mr. James is director of the Gold Medal Band of the State of Texas and has other bands in Hall County with which he works in addition to the work of the Memphis organization.

PANHANDLE PRESS ASSOCIATION

For years it has been apparent that Jim Ferguson had lost out irrevocably with the voters of Texas, but he still has some kick left in his old hide. The other night he had a nightmare and lunged out of bed breaking his collar-bone, and it got him back on the front page in a brief way. Comes higher all the time, Jim.

Southern spinners have purchased 3,429,894 bales of cotton the present season as against 721,136 bales for northern spinners. Ten years ago the ratio was stronger in favor of the northern mills, but in recent years the mills have gained rapidly in the south until it is now nearly a five-to-one proposition. Opportunities in the Southland are just on the verge of coming to a new high point and the cotton mill industry is one of the surest indicators of the trend. Texas is as yet virgin in development and the fortune of this generation and the next, depends on our own vision and energy. What a privilege to be a citizen of the great Southwest!

Dispatches announcing the resignation of William Howard Taft from the federal chief justiceship calls to mind the splendid career of another great American. Coming to the presidency after the strenuous administration of Roosevelt, for years Mr. Taft lived under the eclipse of the smoke and color of his predecessor. Now many students of history find that Mr. Taft was just the tonic this nation needed following the Rooseveltian regime, and that in reality he achieved much in his own calm way in the wake of the storm. As chief justice of the supreme court of the nation, Mr. Taft was more temperamentally at home, for his was more the nature of a jurist than that of a bold executive. Be that as it may, Mr. Taft leaves the official service of his country firm in the hearts of the people of all affiliations and sections, and a united citizenship wish for him many more peaceful happy years in the circles of his family and friends. President Hoover's appointment of Hon. Chas. Evans Hughes to the vacant post is a happy choice of a another strong outstanding jurist, and one who will maintain the honor of the office as under the tenure of Mr. Taft.

An official opinion by the attorney general's department that the state Democratic executive committee had no authority to bar "bolters" from the coming primaries under the state law was a God-send to the harrassed committee. They were "between the devil and the deep blue sea", so to speak, as rantankerous brass-collared Democrats demanded the exclusion, while freedom of conscience Democrats defied them to try to exceed the law. As a compromise they passed an order barring as candidates, those who failed to support Al Smith last election, and invited the "bolters" to participate if they choose. This invitation was to those who did not vote the Democratic ticket in the last presidential election, and according to some, permits the negro voters to enter the coming Democratic primaries, by its open wording. Certain candidates being barred under this ruling threaten to bring court action to force their names on the ticket, with a good chance of success under the ruling of the attorney general. The News has never worried about the matter for over three hundred thousand Democrats form a body fully able to take care of themselves, and if the Democratic party is to continue its recent policies, they wouldn't feel at home in such a party anyway. The day is past when so-called party discipline can be enforced. Either the party must stand for clean principles and clean men, or white folks will find a way out. Now we will see what we will see.

ANOTHER GRAFTER FINDS THE PICKING EASY IN BEEVILLE

Some Beeville business men are wondering what became of the man who solicited advertising to be placed on blotters which were to be distributed in the schools. They would not be so interested, of course, if they had not paid him in advance, or if the blotters had been distributed, as promised.

Dan Carter, principal of the high school, stated this morning that some of the merchants seem to be under the impression that the school authorities had given the solicitor permission to solicit the advertising. "The solicitor worked without our permission or knowledge and the school authorities cannot be blamed for the loss the merchants sustained," he said.

About a month ago this out-of-town solicitor came to The Bee-Picayune office to get prices on blotters. We understand he told the merchants he had made arrangements to have the blotters printed at this office. He did nothing but obtain prices on blotters and we have not seen him since.

If the merchants insist upon patronizing these grafters they should at least make them deliver the goods before paying. Still better, ask them to show their letter of endorsement from the chamber of commerce.—Beeville Bee-Picayune.

AN INTERESTING BATTLE LOOMS

Reliable rumors now have it that Senator Small will shortly resign as state senator and enter the race for congress against Hon. Marvin Jones. Coupled with this information is the news that Hon. Clyde Warwick of Canyon will resign as representative and will announce for Senator Small's seat in the Texas senate.

It is little likely that Clyde Warwick will encounter any serious opposition for the seat in the senate, as he has made a very splendid record and no candidate of any outstanding ability will likely come out against him.

However, the case of Senator Small is entirely different. He is entering the race against a very popular and useful congressman and one still in the first vigor of his prime. He will have to carry the burden of suspicion, as much as we think of him personally, of being a part of the national movement to replace avowed prohibitionists in congress with those of anti sympathies. His votes in the senate on legislation effecting the liquor laws have laid him open to such suspicion. Then, too, Senator Small went to Austin by the suffrage of an overwhelming majority of Democrats, men and women, who defied Al Smith and the liquor ring in the Democratic councils, and yet he argued and voted in a manner hardly respectful to these same friends back home, which same is little likely to be forgotten. It is true that he stood loyally to the interests of West Texas in the river-bed legislation, but there are those who deny that the bill that bore his name and gave him a claim to fame, was his own. With this in view, and loyal to West Texas and the Panhandle as he undoubtedly is, he is probably to encounter some rough sledding in a contest with our brilliant congressman at Washington.

On the other hand Senator Small is a most likeable fellow, a good business man, a worker in the West Texas Chamber of Commerce and has strong connections over the Panhandle with an organization forming in Amarillo who will wage an aggressive and intelligent campaign in his behalf.

Taken all in all, we are shortly to find ourselves in the midst of a most interesting and colorful campaign, between two splendid young men who ask nor give quarter in their contest for honors and preferment.

Really, The News thinks Senator Small would have done better to have waited, seasoning a little more in the state senate where he is in better position than ever to render his section signal service, and allowing those whom he has roughed a little more time in which to forget. Senator Small thinks otherwise and the people will decide—which is American and thoroughly Democratic. Let the band play and the fun begin.

Down at Stephenville a merger of newspapers has been recently consummated in that little city of five thousand people. Clements & Higgs are the men at the helm of the consolidation whereby the Stephenville Empire merges with their Stephenville Tribune, under the name of the Stephenville Empire-Tribune. W. H. Hawkins had conducted the Empire for twenty-six years and both institutions had been successful in Erath county, although as the mounting costs of operation became heavier neither of these gentlemen were in doubt as to the proper course to pursue, and the merger ensued, with Editor Hawkins announcing his retirement with intention to get some deserved rest. In a few weeks the Empire-Tribune will become a semi-weekly and a very superior newspaper service will be the result. Mess. Clements & Higgs have built up a very enviable business and have all the skill, ability and capital to do the job under the new arrangement. Congratulations, all around, gentlemen!

RETURN FROM HOT SPRINGS

Mr. and Mrs. James Trent returned last Thursday afternoon from Hot Springs, Arkansas, where they had been for the benefit of Mr. Trent's health for the past month. Mr. Trent reports that he is feeling much improved and that he feels that he received some benefit from his stay in the popular resort. He also reported that the temperature registered nineteen degrees below zero one night during their stay, but that they suffered no discomfort as they were in a comfortable dwelling place. An extremely rainy season was reported, the rain falling for nine days straight without a sign of a let-up. Rivers and streams are reported to be out of their banks and that a great many people are in dire need as the water menaces them in their homes along the river banks.

Texas postal savings deposits at the close of 1929 were \$4,288,276, gain of \$493,000 during the year.

EGGS AND MILK ARE IMPORTANT PARTS OF DIET

Professor Rice, of Cornell University, says: "The egg has but one close rival for supremacy as our perfect food, and that is milk. The eggs and the milk taken together form our best known combination of foods of an animal nature. One supplements the other, and neither is a perfect substitute for the other. Each is essential in the human diet if we are to secure the most normal growth, maintain perfect health, work effectively, live most economically and enjoy our living most thoroughly. "Eggs and milk in reality are

liquid meat in the most digestible and assimilative form. High class eggs are attractive, nourishing, easily assimilated and are healthful for young or old."

What other single food possesses such redeeming merit? What foods are as cheap per unit of digestible nutrients? The United States Department of Agriculture at Washington, D. C., says eggs may be served at any meal and in a variety of ways. Probably no other single article of food can be utilized in a greater number of dishes. The department has recently issued a new bulletin of egg recipes, entitled "Eggs at any Meal," which sells at 5c a copy.

PROMPT DELIVERY SERVICE

Enjoy Your Meals!

The most delightful part of having the Hotpoint "Phantom Maid" cook your meals is that you merely prepare them, at any convenient time, and then entrust their cooking to the infallible Automatic Electric Timer and Heat Control.

In addition to this important labor and time-saving feature, you will find your meals far more tasty and appetizing. With Hotpoint "Controlled Heat" you are able to retain all the delicious flavors and the health-giving minerals and salts—they are not boiled away as in the old, unscientific ways of cooking.

A Demonstration Will Convince You

Let us demonstrate the many advantages of electric cookery, and explain the Hotpoint Range superiorities. A small down payment will install this modern "Electrical Servant" in your home. Let the resultant economies make the remaining payments.

West Texas Utilities Company

ITEMS OF INTEREST IN DONLEY

GOLDSTON

Nanny and family left last week for Fort Worth and will make their home on their farm near that place.

SUNNY VIEW

Every one seemed to enjoy the pleasant sunny days the past week. Health very good in this section, except bad colds. Miss Orene Riley of Amarillo, spent the week-end here with homefolks. Misses Helen Goldston, Bessie Lee and Thomas Clayton attended the Methodist League meeting Sunday at Alanreed. Miss Vera Haley and little nephew, Harold Smith, and Mrs. L.

BRICE

We are glad to report Jim Pharr is showing quite a bit of improvement. His condition was such that they removed him from the sanitarium to the home of his sister-in-law, Mr. and Mrs. Felix Jones, near Clarendon, Saturday. Little Charles and Nellie B. Osborn are suffering with the flu. We are glad to report Mrs. Alice Cross is able to be out again after an attack of the flu. Rev. A. H. Baker of Memphis, filled his regular appointment at the Baptist Church during the week-end. Mr. W. H. Lemons is driving a new Ford Sedan. Mr. and Mrs. Bob Cummins of Hulver, spent Sunday with their

WINDY VALLEY

Every one has been enjoying the sun shine for the past few days. There has been lots of moving the past week. Mr. Hilburn from near Hedley, moved on the I. M. Noble farm. Mr. Mills also moved on the Noble place. Mrs. D. M.

WINDY VALLEY

daughter, Mr. and Mrs. Frank White. Misses Claudine and Mamie Smallwood spent the week-end with homefolks. Mr. Ben Hill of Clarendon, and Cecil Killough went to Amarillo, Wednesday. They returned with a load of freight for the store here Thursday. Mr. and Mrs. E. P. Payne received a message Friday that their daughter, Kovena, who was attending school in Plainview, was seriously ill. Mrs. Payne and son Verlin, left immediately for her bedside. We are sorry that her condition was such that she had to undergo an appendicitis operation Friday night. Verlin returned home Saturday and said she was resting as well as could be expected. Mrs. Payne remained with her. Mr. and Mrs. S. B. Thomas motored to Memphis Friday afternoon to attend to business matters. Mrs. L. E. Price was unable to make her classes again this week. Mrs. Lela Smallwood substituted for her again. According to a report from her Sunday, she will not be able to meet her classes before Wednesday. Mrs. D. B. Gentry and Miss Mary Sue Waters motored to Clarendon Friday afternoon enroute to Amarillo for a visit with Mrs. L. E. Price. Mr. and Mrs. Billy Shannon were Memphis visitors Thursday. Richard Hatley of Ashtola was a visitor in the Flat the latter part of the week. Mr. and Mrs. Kirb Hagin entertained her father, Mr. John Hatley, with a birthday dinner Thursday. Mr. and Mrs. M. W. Hatley, Mr. and Mrs. Alec Hatley of Ashtola, Mr. and Mrs. John Hatley and Mr. and Mrs. Scryll Aduddell enjoyed the occasion. Mr. and Mrs. Jack Hagin of Lakeview, were guests of his mother and sister, Mrs. Hagin and Mrs. Duke Osborn, Saturday night and Sunday. Miss Ruth Hartzog spent the week-end with her parents, Mr. and Mrs. A. C. Hartzog. Mr. and Mrs. Kirb Hagin of Leslie, spent Friday night with his mother, Mrs. Hagin, in the Duke Osborn home. Mr. and Mrs. Fox of Tell, were guests of their daughter, Mr. and Mrs. S. B. Thomas, Saturday night and Sunday. Mr. and Mrs. D. T. Smallwood motored to Clarendon Sunday afternoon to return their daughters to school. Mr. Duke Osborn has been attending to business matters in Wichita Falls this week. Mrs. Frank White has been on the sick list this week. Several members of the R. A. McDonald family were on the sick list this week. Everyone is enjoying the beautiful sunshine we are having after so many cold, dreary days. Although it seems there is an epidemic of colds and flu passing through our community, since the change in the weather. If the pretty weather continues our farmers will be busy in the next few days preparing their ground for planting. Mr. and Mrs. Frank White motored to Hulver Sunday afternoon with her parents for a few days visit. Mr. Joe Baten is back in the Flat again, after a visit with his mother in Wichita Falls. Mr. and Mrs. E. K. Killough and little son, Billie Dwain, visited in the Frank White home Sunday afternoon. Mr. and Mrs. Zack Salmon and children were visitors at Leslie Sunday afternoon.

tinued Mrs. Gwyn, "I suffered with indigestion and dyspepsia and during the past three years especially, I have tried everything imaginable with no results until I got Argotane. I was advised to take this and that but after trying them I continued to suffer. My stomach would cramp and bloat something awful after eating and even the lightest of diets did me the same way. My suffering was awful and I got so I was actually afraid to eat anything. This seemed to affect my nerves and I have been unable to get sufficient sleep and rest. "I was induced to try Argotane from the many statements I had been reading in the papers and now after taking two bottles I can truthfully say I feel better than I have in at least eight years. My sleep is sound and restful and, oh, it is such a relief to be able to eat what I want without suffering those terrible pains afterward. I feel very grateful and am only too glad to tell others about the medicine that has done so much for me." Genuine Argotane is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents. Texas lead all the states in railroad building in 1928 and 1929 and will lead again in 1930. New mileage built in 1928 was 449.53, in 1929 158.82 and actual and tentative construction for 1930 totals nearly 1,000 miles. Mr. Oby Paulk called on Mr. Eugene Fletcher Friday evening. Mr. and Mrs. M. A. Josey and daughters, Gladys and Hazel, called in the B. F. Fletcher home Sunday afternoon. Mr. F. C. Paulk left for Graham, Texas, Thursday. Theo Noble spent Saturday night with Clyde Fletcher. Several of the young people from this community attended the party in the Reynolds' home Saturday night at Lelia Lake. Mrs. Lizzie Gargis and Miss Errie Friday attended church at Lelia Lake Sunday morning. Lloyd Morgan, Errie Friday, Veta Mae Morgan and Willie Gray Tims attended church at Lelia Lake Sunday night. Mr. and Mrs. Jim Mann and family attended church at Lelia Lake Sunday night. Miss Jewel Morgan visited with Miss Juanita Simmons Sunday. Miss Juanita Hilburn visited in the I. M. Noble home Sunday. Lacy Noble spent Saturday night with Roy Mount. Mr. and Mrs. John Fletcher and Mr. Orville Davis and Mr. Joe Skinner called in the B. F. Fletcher home Monday morning. Miss Hazel Josey called on Mrs. B. F. Fletcher Saturday afternoon. Those taking dinner in the I. M. Noble home Sunday were: Inez Skinner, Juanita Hilburn, Roy Mount, Harley Hilburn, Bud Fletcher, Clyde Skinner and Alph Tims. Mr. Henry Stogner and N. C. were Hedley visitors Monday. Mr. and Mrs. W. B. Morgan were Clarendon visitors Saturday. Mr. Opal Mount spent Saturday night and Sunday with Oby Paulk.

Nine-Tenths Preventable

Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Heeding the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from Douglas & Goldston Drug Co.

ROAD BUILDING KEEPS MONEY IN CIRCULATION

More than half of highway cash goes to labor, survey shows.

By E. E. Duffy

Is money spent like water over the dam? Fortunately not, for the work of a dollar is never done. All too frequently money expended by governmental bodies is regarded by the taxpayer as money that is gone forever, when as a matter of fact, the spending of money by the government gives the dollar at least a double value.

First of all, a convenience or improvement is purchased which enables the government to better serve its citizens. Secondly, money spent for improvements goes into the pockets of individuals, and not unstrangely, labor gets more than any other factor.

In the matter of paved highway construction, for instance, labor receives more than half of the total expenditure, it is shown by an analysis of costs made by the Iowa State Highway Commission. In Iowa the construction of a mile of concrete pavement has averaged \$26,184 of which 52 per cent, or \$13,706 goes to labor through various channels.

Costs for a mile of highway are distributed as follows: stone aggregate, \$3,441; cement, \$5,856; reinforcing steel, \$850; freight, \$5,520; grading, \$2,000; miscellaneous contractor's costs, including profits, \$8,517.

From these items labor receives the following amounts: stone aggregate, \$1,032; cement, \$3,116; reinforcing steel, \$255; freight, \$2,448; grading, \$1,500; and the labor portion of miscellaneous contractor's costs, \$5,355.

Money's greatest value can only be achieved by keeping it in circulation and to do this the stimulating hand of governmental activity is needed. There is not a

NAYLOR

Bill Carnes of the RO ranch, spent Sunday with his sister, Mrs. A. E. Tidrow and family.

Mrs. and Mrs. Eanes and daughter are visiting in Comanche this week.

Sunday with a birthday rally for Mrs. A. O. Hefner, W. M. Pickering and Leslie Pickering, given at the home of Mr. and Mrs. A. O. Hefner. Mrs. Hefner in her gracious way served dinner to Miss Zelma Scott, Edwin Eanes, Miss Lucille Pickering and Mr. and Mrs. W. M. Pickering, Mr. Hefner, W. M. and Leslie say they will never forget as great a birthday dinner as Mrs. Hefner prepared for them.

Misses Rachel and Louise Tidrow and Lucille Johnson and Messrs. Smith, Green and Neese visited at Memphis Sunday, returning for six o'clock dinner at the home of Mr. and Mrs. A. E. Tidrow.

Mr. and Mrs. Andrew Robertson and baby spent the week-end with Andrew's parents, Mr. and Mrs. W. A. Robertson.

Little Miss Dorothy Lon is the guest of Mr. and Mrs. Walter Johnson, arriving Thursday night. All are delighted to have her.

Miss Leatrice Scott spent Sunday afternoon with Miss Ava Hefner.

We are sorry to state that Mrs. Carl Naylor is in the Adair hospital.

Mr. and Mrs. Frank Proctor of Memphis, spent Sunday with the A. E. Tidrow family.

Mr. and Mrs. W. H. Buchanan and family of Sherman, are now on the Rich Bowlin place. This family adds five pupils to our school.

Mrs. Harvey Adams spent Saturday afternoon with Mrs. Walter Johnston.

Horace Cooper visited with Mr. and Mrs. Richmond Bowlin Sunday afternoon.

Mr. and Mrs. J. R. Bain and daughter of Clarendon, also Mr. and Mrs. Tom Bain and son, Kenneth, of Hedley, were dinner guests Sunday in the home of Mr. and Mrs. T. E. Naylor.

Mr. and Mrs. J. T. Bowlin of O'Donnel, visited with their uncle, Rich Bowlin, Monday night.

Texas reported 116,759 births in 1929.

Texas' coldest day was February 12, 1899, when an official registration of 12 below zero was recorded in North Texas. Unofficial registrations were as low as 16.

WOMAN'S BUREAU COLLECTS ELOQUENT STATISTICS

The day is past when women wage earners can regard their salaries as "pin money," judging from a report recently published by Agnes L. Peterson, Assistant Director of the Women's Bureau in Washington. Exactly why double standard wages are unfair in view of the heavy economic burden that most women bear is demonstrated in these most salient facts brought out by Miss Peterson:

Women's earnings form the last line of defense against the wolf at the door of a large proportion of city families today.

A contribution from women is often a necessity because of the increasing needs of the modern family and the high cost of living.

Information from 60,000 women reveals that more than half this number turn over all their earnings to their families.

Of 458 working mothers, only 108 report their husband's salaries to be as much as thirty dollars a week, and they are con-

stantly haunted by the dread of sickness or unemployment.

A study of over 17,000 unmarried women shows that one in every five is caring for a family without any male help.

Cooking, dishwashing, scrubbing, laundering and care of dependents are not relinquished by most women who must struggle side by side with men.

As a result of these investigations, Miss Peterson plans to ask that State and National Governments make a thorough study of the problem of women breadwinners to prevent the wage exploitation which constitutes a menace to the health of women and to the welfare of the race.

In 1929, Texas brought in 5,101 producing oil wells and 574 gas wells. Dry wells numbered 3,333.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers—washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at Douglas & Goldston Drug Co.

In the matter of paved highway construction, for instance, labor receives more than half of the total expenditure, it is shown by an analysis of costs made by the Iowa State Highway Commission. In Iowa the construction of a mile of concrete pavement has averaged \$26,184 of which 52 per cent, or \$13,706 goes to labor through various channels.

Costs for a mile of highway are distributed as follows: stone aggregate, \$3,441; cement, \$5,856; reinforcing steel, \$850; freight, \$5,520; grading, \$2,000; miscellaneous contractor's costs, including profits, \$8,517.

From these items labor receives the following amounts: stone aggregate, \$1,032; cement, \$3,116; reinforcing steel, \$255; freight, \$2,448; grading, \$1,500; and the labor portion of miscellaneous contractor's costs, \$5,355.

Money's greatest value can only be achieved by keeping it in circulation and to do this the stimulating hand of governmental activity is needed. There is not a

NAYLOR

Bill Carnes of the RO ranch, spent Sunday with his sister, Mrs. A. E. Tidrow and family.

Mrs. and Mrs. Eanes and daughter are visiting in Comanche this week.

Sunday with a birthday rally for Mrs. A. O. Hefner, W. M. Pickering and Leslie Pickering, given at the home of Mr. and Mrs. A. O. Hefner. Mrs. Hefner in her gracious way served dinner to Miss Zelma Scott, Edwin Eanes, Miss Lucille Pickering and Mr. and Mrs. W. M. Pickering, Mr. Hefner, W. M. and Leslie say they will never forget as great a birthday dinner as Mrs. Hefner prepared for them.

Misses Rachel and Louise Tidrow and Lucille Johnson and Messrs. Smith, Green and Neese visited at Memphis Sunday, returning for six o'clock dinner at the home of Mr. and Mrs. A. E. Tidrow.

Mr. and Mrs. Andrew Robertson and baby spent the week-end with Andrew's parents, Mr. and Mrs. W. A. Robertson.

Little Miss Dorothy Lon is the guest of Mr. and Mrs. Walter Johnson, arriving Thursday night. All are delighted to have her.

Miss Leatrice Scott spent Sunday afternoon with Miss Ava Hefner.

We are sorry to state that Mrs. Carl Naylor is in the Adair hospital.

Mr. and Mrs. Frank Proctor of Memphis, spent Sunday with the A. E. Tidrow family.

Mr. and Mrs. W. H. Buchanan and family of Sherman, are now on the Rich Bowlin place. This family adds five pupils to our school.

Mrs. Harvey Adams spent Saturday afternoon with Mrs. Walter Johnston.

Horace Cooper visited with Mr. and Mrs. Richmond Bowlin Sunday afternoon.

Mr. and Mrs. J. R. Bain and daughter of Clarendon, also Mr. and Mrs. Tom Bain and son, Kenneth, of Hedley, were dinner guests Sunday in the home of Mr. and Mrs. T. E. Naylor.

Mr. and Mrs. J. T. Bowlin of O'Donnel, visited with their uncle, Rich Bowlin, Monday night.

Texas reported 116,759 births in 1929.

Texas' coldest day was February 12, 1899, when an official registration of 12 below zero was recorded in North Texas. Unofficial registrations were as low as 16.

WOMAN'S BUREAU COLLECTS ELOQUENT STATISTICS

The day is past when women wage earners can regard their salaries as "pin money," judging from a report recently published by Agnes L. Peterson, Assistant Director of the Women's Bureau in Washington. Exactly why double standard wages are unfair in view of the heavy economic burden that most women bear is demonstrated in these most salient facts brought out by Miss Peterson:

Women's earnings form the last line of defense against the wolf at the door of a large proportion of city families today.

A contribution from women is often a necessity because of the increasing needs of the modern family and the high cost of living.

Information from 60,000 women reveals that more than half this number turn over all their earnings to their families.

Of 458 working mothers, only 108 report their husband's salaries to be as much as thirty dollars a week, and they are con-

stantly haunted by the dread of sickness or unemployment.

A study of over 17,000 unmarried women shows that one in every five is caring for a family without any male help.

Cooking, dishwashing, scrubbing, laundering and care of dependents are not relinquished by most women who must struggle side by side with men.

As a result of these investigations, Miss Peterson plans to ask that State and National Governments make a thorough study of the problem of women breadwinners to prevent the wage exploitation which constitutes a menace to the health of women and to the welfare of the race.

In 1929, Texas brought in 5,101 producing oil wells and 574 gas wells. Dry wells numbered 3,333.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers—washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at Douglas & Goldston Drug Co.

ROAD BUILDING KEEPS MONEY IN CIRCULATION

More than half of highway cash goes to labor, survey shows.

Sims Motor Company Has New Models Of Oakland-Pontiac

Recent rumors of new developments in the Oakland-Pontiac line for 1930 found ample basis here today with the first display of the latest products of the Oakland Motor Car Company.

While retaining its established position in the six cylinder field with the New Series Pontiac Big Six which presents many mechanical refinements the company now has entered the eight cylinder field with a moderate-priced high-powered type Oakland that offers new peaks of power, speed and acceleration. The new Oakland is the only motor car in its price field powered with a "V" engine.

Entirely without torsional vibration at any engine speed, the new power plant develops 85 horsepower at 3000 r. p. m. from a displacement of 251 cubic inches. This remarkable output of power is due to several new factors, including the complete down draft type of carburation, the new type of high-compression two-plane cylinder heads and the horizontal valve design. These features and many others permit the development of 85 horsepower with a gasoline economy approximately the same as that of the previous Oakland Six which was rated at 68 brake horsepower. The comparatively short design of the "V" engine is only 25 9-16 inches long, has enabled the Oakland to retain the 117 inch wheelbase of the Oakland Six while allowing even more passenger room. The new Oakland's tremendous power in a chassis of moderate weight gives a ratio of one horsepower to each 37 pounds of car weight—the secret of the high speed, fast acceleration and flexibility of which the new car is capable.

Contributing still further to the effectiveness of both the new Oakland Eight and also the New Series Pontiac Big Six is the Cross-Flow design of radiator which remains an exclusive feature of these two cars. Both cars which originally introduced the pump type of fuel feed to the automotive industry continue to employ the highly effective AC fuel pump which provides exactly the proper amount of fuel at all speeds and positively prevents "starving" on long up grades.

Many other late developments also are to be found on both the Oakland and Pontiac. One of these is the safety device by which danger of operating without lubrication is obviated in the remote event that the oil pump should fail to function. In such an emergency the shearing of a small pin would stop the distributor and halt the engine, preventing possible damage from lack of oil.

Both cars are protected by crankcase ventilation of the combination pressure suction type which delivers crankcase fumes under the chassis. Removal of fumes and water vapor from the crankcase by the ventilation systems prevents condensation and consequent dilution of the oil. Chassis lubrication of both cars is by high-pressure oil gun. And both cars continue to use the aluminum plunger type of piston pin which prevents annoying piston pin rattle and the valve spring dampener which prevents spring surge or breakage.

Both also employ a new type of semi-automatic starting motor. In this new design, the starting motor pinion engages the teeth of the flywheel at the first downward movement of the starter pedal, electrical contact and rotation of the starter armature being accomplished only after the starter pinion is in mesh with the flywheel. This eliminates chipping of the teeth on the flywheel gear.

An important comfort feature on both cars is found in the rubber cups which seal the brake and clutch pedal openings when the pedals are in normal position, thus preventing summer heat or winter cold from entering the cars. The dash panels are heavily insulated against temperature extremes.

Increased flexibility in the front springs of both the Oakland and the Pontiac results in even greater riding comfort as does also the introduction of solid metal links connecting the Lovejoy hydraulic shock absorbers with the springs. These solid links, replacing the

straps formerly used, assure instantaneous action by the shock absorber pistons. All springs are fitted at the factory with lubricated spring covers which preserve their original resiliency.

Newly designed and smartly appointed new bodies by Fisher confer a new appearance value on both the Oakland and Pontiac lines well in keeping with their greater mechanical excellence and larger capabilities. The seven body models offered in each line include the two-door sedan, four door sedan, custom sedan, standard coupe, sport coupe, sport roadster and sport phaeton.

Special equipment obtainable on all models includes trunk rack and spare wheels and tires cradled in front fender wells and secured by chrome-plated retainer clamps.

CONTINUED PROGRAM OF EXPANSION SEEN FOR YEAR

Construction of additional transmission lines, expansion of distribution systems and a general improvement of existing facilities have kept construction crews working at top speed over the 45 counties served by the West Texas Utilities Company. In selling merchandise amounting to more than \$1,000,000 the 53,000 customers now on the lines have necessitated this expansion along with the general steady growth of West Texas. During the past three months two additional towns, Lakeview and Bakersfield, have been added to the lines of your company bringing the total number of communities served to 112.

Construction is in rapid progress on the Nasworthy Dam located 7 miles southeast of San Angelo. This dam, covering 1,400 acres, will furnish a perpetual water supply to San Angelo and the irrigated territory surrounding that city. A 1,000 foot dam with a 600 foot concrete spillway will have 15 Taintor irrigation gates.

The Concho Generating Station is being enlarged by the addition of a 15,000-kilowatt turbine to bring the total capacity of this plant to 35,000 horsepower. These projects will be completed by the latter part of the spring of 1930. Work was started recently on the construction of a 132,000-volt transmission line to extend south-east of Sonora to the Sutton-Edwards county line where it will interconnect with a similar line being extended north by the Central Power and Light through Camp Wood and Rock Springs. The interchanging of power will furnish three-way service to the territory south of San Angelo.

The following projects have either been completed or are at present under construction.

A power line extended from McCamey to Bakersfield to open up this new oil center. The line was completed September 18th. A 24 mile 12,000-volt line is being built from San Angelo east to Eola and will be completed about the middle of January. This line will have short tap lines to Meretta and Veribest. Improvements have been made this quarter in the electric distribution systems of 13 towns. Gas distribution has been improved in Abilene and water distribution in San Angelo.

Long rural lines have been extended from nine towns. A street lighting system has been installed in the city of McCamey and the "white way" now in use at San Angelo has been improved and extended.

A 13 mile 33,000-volt transmission line has been extended from Aspermont to the Pump Station of the Shell Pipe Line and other customers enroute. In addition to these several extensions have been made in the various oil fields to take care of the additional load. January 1st the West Texas Utilities Company had a total connected load of 115,123 kilowatts. October 1st, the total load had mounted to 129,513 kilowatts an increase of 14,390 kilowatts.

Our Beauty Parlor Service

Try as you will you cannot give your scalp, hair and complexion the expert attention you will receive in our beauty parlors. Not only have we the modern equipment, but we have the skilled operators who specialize in the different branches of beauty culture which enables our establishment to render an efficient and highly satisfactory service.

LIONS REGISTER HUNDRED PER CENT

HOME ECONOMICS GIRLS PRESENT PROGRAM OF APPRECIATION.

Registering the second one hundred per cent attendance for the year, the Clarendon Lions started the month of February with a bang and made one of the most enthusiastic showings that has been registered by the club in some weeks. Every Lion was in his place, with four visitors, two of them Lions from other towns, to see what the Lions in Clarendon are doing.

An interesting feature of the program was the presentation of a number of parodies of popular songs by the members of the Home Economics Department of the Clarendon High School under the leadership and guidance of Miss Helen Beck, head of the department. One member of the class expressed the appreciation of the department for the work the Club had done in sponsoring improvements to their department. This work was done last Fall and consisted in the installation of electric light fixtures as they were wanted, a new set of shades for the windows and a piece of linoleum for the bathroom in the department. A great many of the citizenship of the city assisted in the movement that was started by the Lions and carried to a successful conclusion by the organization.

Lion Chase reported on the Directors meeting held Monday evening and stated that the activities committee had been placed in charge of the Style Show that would again be held this year and that the merchants would be committed just as soon as they could be seen. Some new features will be added to the show this year to make it more interesting than ever before.

In connection with the dual zone meeting that is to be held here Tuesday of next week, a welcome committee composed of Lions Mulkey, Chase and Braswell was named to meet Secretary-General Melvin Jones and Lion Kater when they arrive in the city and to see to the comfort of all visiting Lions who arrive for the meeting. A registration committee was also named, composed of Lions Merchant and Teer, these to register all the visiting Lions as they arrive on the scene of the meeting.

The secretary read the attendance record for the year 1929, showing that a percentage of 89.1 had been reached, which is a gain of 6.5 per cent over the record of the year preceding. A report of the new classification committee was also read by the secretary in connection with the report of the directors meeting Monday evening.

The initial report of the Little Theater play was made by Lion Braswell, who stated that the entire report had not been received but that they hoped to clear at least \$100 by the time all receipts have come into the hands of the committee in charge and by the time all expenses have been paid.

Lion Watson was given charge of Cub Lion Smith and asked that the work of telling the cub of the work of the Lions should be postponed for another week and that the initial speech be heard instead. Lion Smith's fine to the amount of \$2.50 for speaking overtime, was remitted on action of the club.

Guests for the day were introduced and are: Norris Ewing and Allen Early of Amarillo, Lion Gaines B. Hall of Wichita Falls and Lion F. J. Harper of the Panhandle Club. Mr. Early stated that he now knew what was behind the recent moving power that put Clarendon to the front in leading the entire Panhandle in many things, and complimented the club on doing things in a big way. The demonstration at the hands of the Home Demonstration girls showed that the club was on the job. Mr. Ewing complimented the showing made by the Lions as demonstrated by the program presented and complimented the attendance record for the past year.

Lion Gaines B. Hall stated that as a member of the Wichita Falls Lions Club that they were noted for two things in their town. First, the organization and sponsoring of the boys' band and the second for the organization and work with the Wichita Falls zoo. Either of the two is well worth while and the Wichita Falls club is recognized for these two items.

Lion Harper of Panhandle stated that their club was one of the youngest in the Panhandle section of the state, but that they had two major prospects under way at this time. The first of these was to assist the agricultural work among the boys in High School and the second is the sponsoring and assisting with the organization of a community chest in their town of Panhandle. The Clarendon Lions were invited to attend luncheon in Panhandle whenever they chanced to be in that city on the regular meeting date.

Lion Walter Wilson raised the question of a sign at the entrance to the hospital asking that mufflers be closed and the quiet be maintained to assist in the work of that institution. The matter was discussed by Lions Chase and Caraway, who stated that markers were being placed along the streets leading to the place and that it might be possible to include a like marker in the budget. The good will to accrue from the placing of a sign carrying the name of the Lion Clubs was also mentioned and was discussed. The matter was placed with the activities committee for their consideration.

Mr. Ewing announced the presentation of the minstrel in Amarillo on the evening of February 11th and asked Clarendon people to assist in the work if they saw fit. An adjournment followed in the usual manner.

FURTHER LISTS OF NEW BOOKS FOR CITY LIBRARY

The News is pleased to carry the following list of books that have been added to the City Library in the past week. These are in addition to the already long list of books that have been added since the first of the year. The place is now being held open three days each week instead of open on Saturday as was the custom in past years. Tuesday and

AN ALL AMERICAN, ALL-SCOUT FOOTBALL TEAM

It will be interesting to note that of the eleven men chosen by Grantland Rice for the All American Football Team, seven were former scouts. In the Warner, Rockne, Jones, Alexander All

Thursday, the library is open one hour, from 4:00 to 5:30 p. m. The usual hours are observed on Saturday. Some new memberships are reported to be resulting from the additional books being placed in the library. The latest list follows:

The High Forfeit—Basil King. Mother Carey's Chickens—K. D. Wiggins. The Two Little Fellows—Josephine Lawrence. Comrades True—Edward S. Ellis. Heaven Trees—Stark Young. Chariot Wheels—Sylvia Thompson.

Little Jack Rabbit and Chippy Chipmunk—David Carey. Little Jack Rabbit and the Squirrel Brothers—David Carey. Rugged Water—Joseph C. Lincoln. Viola Gwyn—McCutcheon. A Lantern in Her Hand—Bess Streeter Aldrich.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., nationally famous Rupture Appliance Expert, will demonstrate without charge his unequalled method at

CHILDRESS On Friday, February 21st at the Rhea Hotel from 10 a. m. to 4 p. m.

Mr. C. F. Redlich says: "The Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

"IF YOU WANT TO HAVE IT DONE RIGHT—SEE REDLICH." Doctor J. W. Seaver, for many years in charge of the Physical Education of the students of Yale College, has recorded 75 per cent cures with this system.

Mr. Redlich is internationally known and speaks English, German and Spanish.

HOME OFFICE: 535 Boston Block, Minneapolis, Minn.

American Team, eight of the eleven men were former Scouts. Fifty-nine per cent of the grid iron leaders mentioned as All American material were former scouts.

New yet sixteen years old!

GENERAL MOTORS' lowest-priced eight

\$1045 AND UP superior performance

The development of the New Oakland Eight in reality goes back sixteen years. Several of the engineers responsible for its design participated in the production of General Motors' first eight, in 1914. Their extensive knowledge of eight-cylinder engines has resulted in a car of remarkably sound basic design, as well as one which has many advanced features. Its 85-horsepower engine develops one horsepower for every 37 pounds of car weight. This explains why few cars are as fast—why few, if any, can climb hills so quickly or accelerate so swiftly in traffic. Those who have driven it know how well it meets the description, "the car with superior performance." (The New Oakland's power plant is also exceptionally smooth. Its inherent eight-cylinder smoothness has been increased by a complete down-draft fuel system—new type cylinder heads insuring uniform combustion—laminated steel spring and rubber engine mountings. Considering its superior performance, exceptional smoothness and the beauty of its new Fisher bodies, the New Oakland Eight is very moderately priced. Thus many who have wanted to own a fine eight-cylinder automobile will find it a car of unusual appeal. Come in and drive it today.

PRODUCT OF GENERAL MOTORS

The New OAKLAND

The New Oakland Eight, \$1045 and up, f.o.b. Pontiac, Michigan, plus delivery charges. Lovejoy Hydraulic Shock Absorbers included in list price. Bumpers, rear fender guards and spring covers extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f.o.b.) price when comparing automobile values. Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

SOCIETY

Sims P. T. A. Will Meet Tuesday

The Sims P. T. A. will meet in regular session Tuesday afternoon at 3 o'clock, at the South Ward building. A good attendance is urged as important business will come up for disposal.

Entertained With Slumber Party

Miss Lucille Allen entertained with a slumber party Saturday night. They assembled at 7:00. Bridge and various games were played. A light lunch was served at 12:30. Special tables were set for breakfast at 10:30.

Entertained Wednesday Night

Lena Simmons entertained Wednesday night. The party assembled at 6:30 to make candy. Bridge and various games were played until about 8:00 o'clock. The party was then taken to the Pastime Theatre and enjoyed seeing "The Man I Love."

McDowell Choral Club Meets

On Tuesday evening in the parlors of the Methodist Church the McDowell Choral Club met for their regular weekly rehearsal. A large per cent of the members were present and much work was accomplished during the course of the evening.

Kongenial Kard Klub

Mr. and Mrs. Ira Merchant entertained members of the Kongenial Kard Klub at their home Tuesday evening. Dinner was served before the games in which Mr. and Mrs. Forest Sawyer received high score prize and Mrs. C. E. Miller cut consolation.

Forty-Two Club Meets

Dr. and Mrs. J. G. Sherman delightfully entertained members of the forty-two club at their home Thursday evening. Fourteen games were played before a delicious plate lunch was served to the following: Messrs. P. L. Chamberlain, Chas. Trent, Richard Bell, Forest Sawyer, C. E. Miller, Chas. Bell, Kelly Chamberlain, Misses Manette Chase, Evers, Messrs Keith Steagall, Jack Merchant.

Kill Kare Kneedle Klub Entertained

The Kill Kare Kneedle Klub enjoyed a meeting in the home of Mrs. W. A. Massie Thursday afternoon. Conversation and needle work whirled away the afternoon very quickly.

Home Economics Club Met Friday

The Home Economics Club met in call session at the home of Mrs. John Lott Friday afternoon. After a short business session, a round table discussion of poultry was held, at the conclusion of which the hostess served a delicious punch to the following: Misses Henry Youngblood, M. T. Crabtree, J. A. Tomb, A. H. Baker, O. L. Fink, L. C. Benson, C. E. Lindsey, J. C. Estlack.

1926 Book Club Entertained

Misses Beck and Clark were hostesses to the 1926 Book Club at the club rooms Tuesday afternoon. The subject for the afternoon was "Geo. Washington," and was ably discussed by the leader, Mrs. Elba Ballew, assisted by Miss Lotta Bourland, Mmes. C. E. Barefield and Allan Bryan.

Mrs. Stewart's Class Names New Officers

Mrs. W. C. Stewart's Sunday School Class of the First Baptist Church of this city met in their regular session last Sunday morning and elected officers for the coming year, in addition to attending to their usual run of business.

Win One Class Social

The Win One Class of the Methodist Sunday School enjoyed a social meeting at the home of Mrs. T. F. Connally with Mmes. R. C. Weatherly and Meadows, assisting, Monday afternoon. During the business session it was decided to divide the class and hold a member winning contest, the losing side to entertain the winning side.

Baptist W. M. S. Meeting Time Changed

A large number of the members of the Baptist W. M. S. were present at the church parlors where they met Wednesday afternoon with Mrs. Wm. Gray presiding and receiving reports of the various committees of the W. M. S.

Methodist Missionary Society

The ladies of the Methodist Missionary Society met in the church parlors Wednesday afternoon for their Bible study which Mrs. J. G. Sherman led. There were 21 present.

Presbyterian Auxiliary

Members of the Presbyterian Auxiliary met in the home of Mrs. Holman Kennedy Wednesday afternoon, at which time Rev. Hall, who is conducting the services at the Presbyterian Church, gave a most interesting and instructive talk on "Faith."

Episcopal Auxiliary Met Wednesday

The Episcopal Auxiliary met with L. L. Swan Wednesday afternoon, at which time the study, "The Principal Negro Schools of the U. S. A." was led by Mrs. A. R. Letts.

Baby Chicks

Place your order now for baby chicks and get them at the exact time you want them. We are getting eggs from some of the best flocks in the Panhandle as well as shipping in some eggs from thoroughbred flocks.

Twelve Popular Varieties

Until February 10 We will pay 45 cents per dozen for good, pure-bred heavy breed hatching eggs.

Taxi Service

Call 68 And Ask for Taxi T. G. STARGEL, Owner

M. S. of First Christian Church

The Missionary Society of the First Christian Church met in the home of Mrs. S. B. Arnold, Wednesday afternoon with 12 present. Mrs. Jim Casey presided in the absence of the president.

St. John's Episcopal Chapter

St. John's Chapter of the Episcopal Church met in the home of Mrs. Seldon Bagby, Wednesday afternoon with an average attendance. Mrs. A. T. Jefferies led the study, which was discussed by all. The hostess served dainty refreshments during the social hour.

League Council Entertained

The officers of the Senior Epworth League gathered Tuesday evening at the home of Miss Fannie Perry to attend their regular monthly Council meeting. Mr. Irl Smith, president, was in charge of the meeting. There were 10 of the officers of the league present to discuss plans for the next month's work.

World Traveling Lion To Be Fed Here Friday

Leo, the famous Metro-Goldwyn Lion, will make an appearance here Friday afternoon in person. This animal will be accompanied by a motor caravan of several trucks and will reach Clarendon in time for his daily feeding that takes place a little after 3:00 o'clock each day.

LONG TIME RESIDENT OF MEMPHIS IS DEAD

Ben F. Shepherd of Memphis, former owner of the Memphis Democrat and postmaster of that city for a number of years, died at his home in that city last Saturday morning. Mr. Shepherd was well known in Clarendon, having at one time made his home here. The burial services were held Saturday afternoon. Mr. Shepherd leaves his wife and two sons of Memphis; his mother, Mrs. J. G. Shepherd of Clarendon and a sister, Mrs. Wm. Miller of Clarendon. Mr. Shepherd was quite prominent in the life of the city of Memphis and his going will leave a place that will be exceedingly hard to fill.

Long Time Resident of Memphis is Dead

The personal appearance of Leo will inaugurate a series of pictures that manager Mulkey has secured from this company to be shown here in the year ahead.

For 30 days only, a \$1.50 Turpo Electric Vaporizer and a 75c jar of Turpo—a regular \$2.25 value for only 95c.

Stocking's Drug Store Clarendon, Texas

Famed Citizen Buried Sunday

Frank E. McCrary departed this life Saturday morning, February 1st, after a period of ill-health covering several months, the last one of which found him very acutely ill. His going was something of a shock to his friends for it was the second time in a month that the death angel had visited the home, Mrs. Albina Letts having passed away on December 31st.

Mr. McCrary was born in Vernon, Van Buren County, Iowa, March 18th, 1858, though his home after early infancy was in Keokuk, Iowa, which was the family home until he had grown to manhood. He was of a prominent family, his father, George W. McCrary, having been one of the early lawmakers of Iowa. He being in the state legislature before he was twenty-two years of age, then serving in the state senate. That was followed by eight years in congress and then he was appointed Secretary of War in President Hayes cabinet. He was then made a Federal Circuit Judge and was on the bench for several years. He resigned from that to accept the position of General Counsel for the whole Atchison, Topeka, Santa Fe railroad system. His mother was Helen Gelatt who stood by his side and filled successfully all the high social positions into which her husband's career led her.

Mr. McCrary, being well educated and having had opportunities of living in various cities and meeting prominent people was a well informed, well read man who was conversant with all current world affairs and could talk on any subject. Not having any business interests in Clarendon, he was not very well known, but had endeared himself to a small circle of choice friends by his cheerful, optimistic nature and his droll sense of humor. His motive in being here was to help Mrs. McCrary care for her aged mother and the home, so that she might emerge from her strenuous duties in such condition that they might still have a few comfortable years together.

Mr. McCrary was an expert social service worker. Plans for several of the most successful charitable organizations in Kansas City originated with him and were put across by others, his modesty keeping him in the background. For several years he was in charge of the Humane Society in that city. Later years his citizen-ship has been in Arizona where much of his best work has been done. Because of his advanced ideas on prison reform, the position of Parole Clerk was created for him in the Arizona State Prison. He has worked for and with all the governors of Arizona since statehood was granted, except the present one who has been elected since he has been in Clarendon. At one time he was the personal representative of the governor to look after all the paroled cases from all the different state institutions. It was his plan and desire to return to Arizona when the way opened and continue his work, but when the time came his health had failed.

A short but dignified and com-

forting service was conducted at the home Sunday afternoon at four o'clock by Reverend McKee of the Presbyterian Church and was attended by many close friends of the family. The floral offerings were profuse and unusually beautiful. The pall bearers were: Messrs. Charles Bugbee, A. L. Chase, O. Os Caraway, Paul Shelton, U. J. Boston and Buel Sanford. Interment was in the Citizens Cemetery, this city. Mr. McCrary is survived by one sister, Mrs. W. C. Boteler of Minneapolis, now in Long Beach, California, for her health and that of both her husband and daughter, and George H. McCrary, a lawyer in Kansas City, who also was detained from coming because of ill health.

"It seemeth such a little way to me, Across to that strange country, The Beyond; For it has grown to be The home of those of whom I am So fond. And so for me there is no death. It is but crossing, with abated breath, A little strip of sea. To find ones, loved ones waiting on the shore. More beautiful, more precious than before." Mrs. Annie E. Leonard of San Francisco, Cal., and Mrs. T. J. Jefferies of Childrens, were guests of their sister-in-law, Mrs. J. D. Jefferies, the first of the week.

A CARD OF THANKS
We desire in this way to thank our kind and devoted friends for their sympathy, their numberless acts of kindness during the recent illness and passing away of our husband and brother, and their beautiful floral offerings. We do not know how people could live through such dark hours without friends and flowers. May the dear Father raise up such friends for each of you when your hour of trial comes.
Mrs. Frank E. McCrary,
Mr. and Mrs. Arthur Letts.

CLUB NOTES

The Martin Girls discussed the planting of the farm fruit plots Monday besides having their regular demonstration on clothing. The 9 girls in this club are regular in attendance and they bring their club work up with fine interest, not only during meetings but from one meeting to another.

Hedley Girls Club had an attendance of 22 club members at their demonstration on clothing Monday evening. This club is largely composed of 1st year members who are striving to get club caps and aprons made by February 16th, so that they may present some club work stunts in uniform at chapel period for the school.

Lelia Lake Club girls are to demonstrate how healthy and how worthwhile they can make their personalities by being careful to observe the following health habits:

- Cheerfulness and enthusiasm.
- Sympathy and interest in others.
- Unselfishness.
- Loyalty and sincerity.
- Culture and refinement.
- Personal appearance.
- Correct clothing.

The girls worked on sewing, brought so that they might be helped during the demonstration. They gained so much inspiration from studying how to take an inventory of their personal worth that they are each planning to do 5 things (during the two weeks between this meeting and the next) so that they will score higher at the next meeting.

Twenty girls attended this meeting which was held at the school Tuesday morning.

Lelia Lake Club women met with Mrs. C. L. Lewis Tuesday afternoon at 2 p. m. Miss Thompson conducted the demonstration on the farm fruit plot and showed the 14 women present how to prune grape vines and fruit trees.

The demonstration also dealt with successful methods of planting trees, berry and grape vines. Mrs. J. A. Thompson, assisted with this part of the program. Many of the women are going to plant home fruit plots or finish planting the ones they already had as a result of the demonstration. This was induced by a member of the women who got grape cuttings from Mrs. C. L. Lewis and by some of the women taking the advantage of a nursery's special offer to furnish H. D. Club girls and women with as many as 50 orders of the following at the considerable sum of \$4.16 per order:

- 8 peach trees, 4 pear trees, 8 grape vines, 24 blackberry or dewberry vines. Total cost of above list \$4.16.

Eight club boys met at Lelia Lake school from 8 to 8 p. m. Tuesday evening. Miss Thompson gave them the Farm Fruit Plot demonstration and told them that they would be expected to be County Leaders since they had been organized a year. The County agent will take charge of this group of boys when they meet Feb. 18th. The fact that the club president, Lowell Davis, is not to be with the boys all the year, but is going to school this summer, caused an election of officers.

Andy Davis, Lowell's brother, was elected to fill the president's place. Johnson Creamer is vice president, and Keat Reynolds is secretary. Lowell made a speech advising the club as to ways to go to short course. Greer Cottingham made a speech in regard to the club having an entry for every premium offered for the 4-H boys next fall in State and County Fairs. He also stated that Collingsworth County, who has had the honor twice of getting officers elected at the boys and girls assembly at A. & M. College during the Farmer's Short Course were not running a delegate for office this year and were in favor of supporting a Donley County nominee. These boys are only waiting for boys clubs to be organized over this County and a Boy's Council to be formed to put some one up from Lelia Lake to run for this honor at the 1930 Farmer's Short Course.

A demonstration on correct meal service for the home was given to 14 girls at Ashtola when Miss Thompson met with them, Wednesday morning. Due to the fact that these girls have Home Economics taught in the school, as well as their Home Demonstration Club work and because the girls have not been manifesting the amount of interest that it takes to pass either the Home Economics work or the Home Demonstration work, Miss Thompson will give the time Ashtola girls have been having to Windy Valley girls who have been asking for several months to be organized.

Eighteen Ashtola H. D. C. women attended the garden demonstration at Mrs. W. P. Holly's Wednesday at 2 p. m. Miss Thompson conducted the demonstration on making hot beds. A hot bed was made 3x6 feet and 18 inches deep using horse manure to furnish the heat. The pit had a 5 inch layer of the surface soil added after packing the manure and dampened down so that it will heat. This is to be done 3 days before planting.

Mrs. W. P. Holly gave an able discussion of "planning a succession of plantings for vegetables the year round." The club discussed having asparagus and carrots in every member's garden this year because they are easily grown and add to the usual plantings 2 more varieties.

Hi-Y Club
An interesting program was given in the Hi-Y meeting Tuesday night. It was opened by a Bible discussion by Carrol Holtzclaw. Several reports were then given by members on the study commissions at the conference held in Amarillo in December. After these reports were given, a very interesting talk was given by Dean W. A. Clark. His subject was "Choosing Your Vocation." It was enjoyed by all who heard it, and we will be glad to have him talk to us again.

CARD OF THANKS
We take this means of extending our heartfelt thanks to the one who has been so kind and considerate of us during illness and death of our beloved husband and father. No words can express the deep-seated feeling that is ours and we pray that we may have the strength to bear up under the loss of our loved one.
Especially do we appreciate the beautiful floral offerings that were sent by the friends of the family.
Mrs. S. E. Atteberry, C. G. Atteberry and family, P. P. Atteberry and family, Mr. and Mrs. R. L. Bigger, Geraldine and Willie Maude Pratt.

First Methodist Church
S. E. Allison, pastor.
Sunday School meets in all its departments at 9:45 a. m. J. R. Porter, general superintendent.
Preaching services conducted by the pastor at 10:50 a. m. and 7 p. m.
Mrs. Rolla Brumley will be our soloist at the morning hour.
The service of the Boy Scouts. They will be our guests and will take part in the service, acting as ushers. We are delighted these boys as our guests.

CHAIRMAN LEGGE COMMENTS ON PRICE REPORTS

Commenting on press dispatches from New Orleans to the effect that cotton prices have declined \$2 a bale there as a result of a statement by him to the effect that the Federal Farm Board will not buy cotton at prices higher than the market, Chairman Legge said:

"Reports of what the Board contemplates doing evidently have been garbled. The Board is not going to buy cotton or any other commodity at any price.

"There has been no change whatever in the Board's cotton loan policy. The Board will continue to make supplemental commodity advances to the cotton cooperative associations on the cotton loan value basis announced October 21, 1929, and has no intention of calling loans already made to these associations."

Skim milk contains practically all the nutrients of whole milk except the butterfat and is an excellent feed for growing calves, growing and fattening pigs when used as a supplement to corn, growing chicks, fattening poultry and laying hens. The cash value of skim milk fed on the farm in well-balanced rations is equal to the market value of such amounts of other feeds as have the same feeding value. For calves, about 10 pounds of dry skim milk or 10 to 12 pounds of commercial or home-mixed calf meals will take the place of 100 pounds of fluid skim milk. For pork production, when fed as a supplement, 100 pounds of skim milk has a feeding value equal to about 11 pounds of corn plus 7 pounds of tankage. For laying hens, 100 pounds of skim milk will take the place of about 15 pounds of meat scrap. Only sweet milk should be fed to calves, but either sweet or sour skim milk may be fed to hogs and poultry.

E. T. Pope was in Dallas on a business mission the latter part of last week, returning to his home here the early part of the week.

AN OPEN LETTER TO OPEN MINDED PEOPLE

There's being a lot said these days about the "evils" of chain grocery stores—so much so that it looks as if the question would be dominant in state politics this summer.

"PIGGLY-WIGGLY" of Clarendon is a home-owned store, but lest somebody makes the mistake of classifying it as a "foreign owned store" we are going to spend some time, money and effort in talking straight-from-the-shoulder to the people of Clarendon and Donley County. Our people in this section are open minded people and we have no fears in making plain statements of facts even about intimate details of our business.

"PIGGLY-WIGGLY" of Clarendon is owned by U. J. Boston and brothers, all having been raised in Donley County and operating on money earned in Donley County. We bought the "PIGGLY-WIGGLY" franchise for a price, pay a one-half of one per cent royalty on gross sales. Which pays for service rendered by PIGGLY WIGGLY organization in the way of Advertising and better buying power. We buy from any wholesale house we please, although it is to our advantage—and yours—to buy through our co-operative wholesale connection.

This is the first of a series of Open Letters to Open Minded People. We expect to make them short and terse, bristling with facts, and fully expect to end the series with more friends and more customers who will save money every week on their table supplies.

Save Money By Buying From a Home-Owned Institution Selling For Less For Cash.

ITEMS OF INTEREST IN DONLEY

LELIA LAKE

Miss Laverne Stogner spent the week-end in her home near Hedley. Mrs. W. G. Brinson and Mrs. Luke Hart visited Mrs. B. L. Knowles Sunday. Misses Vera Brinson, Fay Floyd Wilma King and Vera Garland were dinner guests of Mr. and Mrs. W. C. Tomlinson Sunday. A number of our young folks were entertained with a party in the J. B. Reynolds home Saturday night. Rev. Knox, formerly of Dallas, is the new pastor of the Methodist church here. We welcome these good folks to our community. The following were dinner guests in the C. G. Aten home Sunday: Mr. and Mrs. Lamar Aten and family, Miss Louise Batson of Memphis, Mr. and Mrs. Joe Johnston and family, Miss Verste Eanes and Mr. and Mrs. W. C. Johnston and daughter. Mrs. B. L. Knowles has been quite ill for the past week. Mr. and Mrs. W. C. Reeves were callers in the Rev. W. W. Egan home Sunday afternoon. Mr. and Mrs. Milo Dotson of Memphis, attended church here Sunday evening. W. A. Ballard and son and daughter, Lonnie and Edna, returned the latter part of last week from Cleburne, Texas, where they had been visiting their mother and grandmother, who was seriously ill, but left her home better. Travis Reeves was a Hedley visitor Sunday. Mr. and Mrs. A. N. Stavenhagen visited Mr. Stavenhagen's brother, John and family, in Sunnyside, Sunday. Mr. and Mrs. M. L. Smith and little son of Clarendon, visited in the W. P. Howard home Sunday. Mrs. Cora Brown of Carter, Oklahoma, is visiting her sister, Mrs. John Howard and family. Mr. and Mrs. Johnny Moss and children of Ashtola, visited in the W. W. Jones home Sunday. Rev. E. H. Kennedy and sister, Miss Moody, were dinner guests in the home of their brother, Mr. and Mrs. Will Kennedy, Sunday. D. W. Tomlinson and family were Brice visitors Sunday. The Demonstration Club and Study Club met together Wednesday with Mrs. S. R. Tomlinson. The subject discussed by the Demonstration Club was poultry. The study club had a miscellaneous program. Dainty refreshments were served to the following members: Misses, C. L. Lewis, Van Knox, John Gerner, M. G. Catingham, W. V. McCauley, Will Kennedy, D. M. Cook, C. C. Carter, Earl Myers, H. R. King, Roy Darnell, J. A. Tompson, Guy Taylor and hostess, Mrs. S. R. Tomlinson. W. A. Ballard and family visited their daughter, Mrs. Clyde Cruse, and family in Turkey, Sunday. Edd Morton carried his son, Edward, to Amarillo last Tuesday for medical treatment. His brother, J. K., and Mrs. Claud Morton accompanied them. Edward is doing nicely at this writing. Mr. and Mrs. Wilton Ground visited friends and relatives in Amarillo Wednesday. Mr. and Mrs. St. Clair and Miss Bonnie Cook, the Bray school faculty, visited in the A. N. Stavenhagen home Saturday. Jim Reynolds and Perry Cruse visited relatives in Plainview the past week. Mr. and Mrs. William Walling spent Thursday night with Wallace Walling and family at Martin. Carl Lasson left Thursday for a visit with his brother, Willie, in Navasota, Texas. A. J. Garland at Goodnight, spent the week-end here with relatives and friends. Mr. and Mrs. D. E. Leathers and little son and daughter, visitor Mrs. Leathers' parents, Mr.

ASHTOLA

The Goodnight Circuit with Bro. Gattis as pastor held its first quarterly conference for the conference year at Ashtola, Saturday, Feb. 1 with all appointments well represented. The different appointments being Washburn, Fairview, Goldston, and Ashtola with several visitors from Clarendon and other places. Bro. Murrell, the presiding elder, preached a very interesting sermon at the 11 o'clock hour, after which dinner was served on the ground. Conference was held at 1:30 with a very good report. The first Sunday being Bro. Gattis' appointment at Fairview. Bro. Murrell went there to preach Mary Brandon, 5889 Moffit St., St. Louis. "It did not matter what I ate, belching and often vomiting, until the simplest meal. The gas so pressed against my heart that I became short of breath and faint. Sour hot liquids seared my throat until the heartburn was often frightful. I grew weak and lost weight and strength. No medicine I tried helped me. "Day by day and week by week after I began with Konjola, my system improved. The gas no longer forms in my stomach now and the bloated sensation has passed. I have an excellent appetite and can eat a hearty meal without the least discomfort. The pains of heartburn are a thing of the past. I have gained weight and energy and my friends remark upon the change in my appearance. I can never express my gratitude for the relief which this great medicine brought me." Konjola is sold in Clarendon by Douglas & Goldston Drug Co., and by all the best druggists in all towns throughout this entire section.

Bro. Joel Sibley, the Baptist Missionary, preached at Ashtola Sunday at 11 and again Sunday night. The Baptist church here being without a pastor went into Conference and called Bro. Y. F. Walker. It is hoped that Bro. Walker accepts and has a successful year. There was Sunday School at 10 o'clock as usual and B. Y. P. U. at 6:30. Mr. Brown Tabor of Brownwood visited his mother, Mrs. H. W. Lovell, last week. Mrs. N. L. Jones has been real sick at the home of her daughter, Mrs. John Umphries, in Clarendon. Mrs. Umphries and baby were sick and Mrs. Jones was there waiting on them when she was taken sick. Mr. and Mrs. Colman Howard were dinner guests of Mr. and Mrs. Lee Wood Sunday. Mrs. Hays spent Thursday and Friday night of last week in Amarillo where they recently moved from. Her husband returned home with her Saturday to spend the week-end, with homefolks. Mr. Tucker of Canyon, is visiting his daughter, Mrs. Albert Reed. Elsie Gregg has a nephew from Shamrock visiting in his home. Mr. and Mrs. Ralph Randall of Panhandle, visited his father and mother, Mr. and Mrs. D. F. Randall, over Sunday. Several from the Martin community attended church services here Sunday night. The Martin folks are always welcome to Ashtola. J. B. Scarborough, Mr. and Mrs. Dixie Scarborough and children from Petersburg, visited relatives and friends here the last of the week and attended conference. J. M. and Charles Jordan from Goodnight, visited in the B. F. Collier home Sunday. Harry Evans returned from Perryton, where he had been with his brother, Lavis, who is seriously ill. His father and mother remained with their son.

Mr. and Mrs. Christal and family of Lelia Lake, visited Mr. and Mrs. J. F. Parker and family Sunday. Mr. Joe Lewis spent several days the last of the week in Amarillo. Rev. and Mrs. Jewell Sibley visited in the Holley and Tims homes Sunday. Mrs. R. H. Roberts is visiting her parents in Comanche County this week. Mrs. J. A. Johnson and children visited their son and brother, Powell Johnson and family, Saturday night. Mrs. M. S. Swinburn called on Mrs. John Umphries Saturday evening. Mr. and Mrs. A. L. Wallace and family visited the lady's brother, Mr. and Mrs. Glespy, in the Goodnight district Sunday. Reta Defries spent Saturday night with Winona Ford. Mrs. Alva Hunsucker is on the sick list this week. Mrs. Albert Reed and family visited her daughter, Mrs. Edd Lovell, Sunday. Mr. and Mrs. O. C. Moody visited the lady's parents, Mr. and Mrs. Reed, Sunday. Pettie Joe and Mildred McKee visited Marie Morris Sunday. Charlie Jones and family visited in Claude Sunday. Mr. and Mrs. Harve Smith visited Mr. and Mrs. Bogard in Clarendon Sunday. Mr. and Mrs. Clarence Cobb visited the lady's parents, Mr. and Mrs. Fitzgerald, in Hedley Sunday. Miss Bledsoe, Lilitha Williams

and Margaret Hill visited in the H. C. Tims home Sunday. Mr. and Mrs. Henry Lovell of Clarendon, visited Edd Lovell and wife Sunday. Miss Mary Lovell returned home with them for a few days visit. Mr. Slayton and family have moved back to this community after living in the Brice community one year. Mr. Ervin and family have moved into the house recently vacated by Will Thomas and Edd Lovell and wife have moved into the part of the teacherage recently vacated by Lee Wood and wife.

For 9 Years Gas Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adlerika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone. Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened. Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but be sure to get the genuine—

PHILLIPS Milk of Magnesia

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would tell you to do—give a few drops of plain Castoria. No sooner done than baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot get away. And it's always ready for the cruelest pang of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Fletcher's CASTORIA

You probably know from experience how promptly and completely Bayer Aspirin relieves a headache. But until you try it for some deep-seated pain such as neuralgia or neuritis you cannot know its full effectiveness. Bayer Aspirin long ago proved that much suffering is needless. Doctors know it is safe to use freely. Just be certain to get genuine Aspirin with Bayer on the box and on every tablet.

ASPIRIN

ON DISPLAY TODAY

THE NEW OAKLAND 8

\$1045 AND UP

General Motors' Lowest-Priced Eight . . . the Car with Superior Performance

Today a new eight-cylinder motor car makes its appearance. It is the newest General Motors eight and by several hundreds of dollars the lowest in price. It is the New Oakland Eight with bodies by Fisher. The New Oakland Eight develops 85 horsepower and is the first stock car of its size and weight to employ an engine of such high power. Since performance depends largely on the ratio between horsepower and weight, the New Oakland Eight is exceptionally fast and powerful because it produces one horsepower to 37 pounds of car weight. The New Oakland Eight has all the smoothness which results from the overlapping power impulses inherent in eight-cylinder engine design. In addition, it enjoys exclusive mechanical advantages which make it even smoother and more delightful to drive. Several of the engineers who participated in creating General Motors' first eight back in 1914 were responsible for the development of the New Oakland Eight. To this latest task they brought a wide knowledge of eight-cylinder design. It is reasonable to expect that the Oakland is a finer eight because of this fact. A demonstration will reveal how well the New Oakland Eight merits the description "the car with superior performance." The New Oakland Eight, \$1045 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Lovejoy Hydraulic Shock Absorbers included in list prices. Bumpers, rear fender guards and spring covers extra. General Motors Time Payment Plan available at minimum rate.

NEW SERIES PONTIAC BIG 6

\$745 AND UP

A Famous Name—A Finer Car . . . Introducing Important Improvements

The announcement of the first Pontiac in 1926 brought to the low-price field a new order of beauty, performance and reliability. And each Pontiac announcement since that time has introduced a car which represented an improvement even over its own highly regarded predecessors. Now comes the New Series Pontiac Big Six—an even finer car with a famous name. It retains all those excellent qualities which have been responsible for Pontiac's success in the past. And in addition it introduces many improvements. New bodies by Fisher make this latest Pontiac Big Six more beautiful than ever. The smoothness of Pontiac's 60-horsepower engine is further increased by the use of rubber engine mountings. Pontiac's non-squeak four-wheel brakes are now even more efficient. A sloping non-glare windshield adds to its safety. Greater handling ease results from the use of a new type of steering mechanism. Improved Lovejoy Hydraulic Shock Absorbers give increased riding comfort. Come to our showroom and see this finer car with a famous name—the New Series Pontiac Big Six. The New Series Pontiac Big Six, \$745 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. MARVIN JONES ASKS FOR CHANGE IN STATE AFFAIRS

I want to make a plea for a change in the order of things.

Too many laws are being enacted, both state and federal. There is too much centralization of authority in the national government. Laws already enacted are not being properly enforced. In spite of the law against trusts, mergers and monopolies, those in charge of its administration, for the last eight years, have permitted illegal acts and combinations, if they have not actually encouraged them. Mergers, chain organizations, and holding companies have been allowed to develop until the yeomanry of the country is being destroyed.

I have repeatedly warned as to these dangers, but those in charge of the machinery of government have refused to take heed.

The rights of the states must be recognized and state and local control preserved in all matters except those of a strictly national character. There must be a curbing of the mergers, combinations and holding companies and the gambling on the exchanges. These tremendous concerns are setting prices and dictating terms to smaller concerns all over the country and in every phase of business life. The independent concern is being compelled to fight for its life. Individual rights are being lost.

The laws against such unfair methods should be enforced. When ever necessary they should be strengthened, and the rights of the individual to fair play should be protected.

I am not opposed to big business men, but these accomplishments must and should be kept within the terms of law and business of whatever nature must be made to deal fairly. In no other way can there be a permanent prosperity.

NEWS-REVIEW COMPLIMENTS COUNTY ON SECURING BROOD

The following item was clipped from the current issue of the Wheeler News-Review, and will be of interest to Donley County folk. The people in Wheeler County are rather loath to part with Mr. Broun although they are glad that he is to remain in this section of the state.

The article: T. R. Broun, Jr., former agricultural agent for Wheeler County, recently accepted a position as agent for Donley County, it became known here this week. Mr. Broun expects to move the latter part of this week to Clarendon, where he will make his headquarters.

Mr. Broun, through training and experience, is well equipped for the job of county agent and the News Review congratulates Donley County upon having secured his services. He accomplished many worth while things while serving Wheeler County and will no doubt be as efficient and valuable in his new location.

CLARENDON GIRL IN LIST OF PANHANDLE STUDENTS

Fort Worth, Feb. 5—Plans for the organization of a Panhandle Club are under way at Texas Christian University, under the leadership of Misses Doris and Mota Maye Shaw of Amarillo and Glen Ladue of Shamrock.

Names of all T. C. U. students whose homes are in the Panhandle have not been determined as yet, but among those eligible for charter membership in the club are the following:

Hugh Quinn Buck and Maynard Buck and Eugene Cagle, all of Crosbyton; Joe Carrol, Paducah; Miss Angeline Dubbs, Clarendon; Miss Dorothy Elliott and Rainey Elliott, Memphis; Clifton Fyffe, Floydada; John Hammond, Mem-

phis; Miss Jessie Hayden, Amarillo; Miss Ruth Jenkins, Floydada; Glen Ladue, Shamrock. Miss Lisenby, Spur; Miss Betty Mathis, Amarillo; Joe Pate, Paducah; Miss Pauline Rogers, Amarillo; Miss Gladys Seigler, Hereford; Miss Doris and Miss Mota Maye Shaw, Amarillo; Miss Sylvia Smith, Amarillo; Charles Caldwell, Tulsa; A. D. Weatherly, Plainview; Miss Virginia Wester, Plainview and Miss Mildred Woodlee, Dimmitt.

CHRISTIANSON BURIED WITH MILITARY RITES

The burial services for Henry Martin Christianson were had at the Citizens Cemetery last Sunday afternoon at 2:30 with the Aubyn E. Clark Post of the American Legion in charge of the ceremony. The military service was read by Charles B. Trent, captain in the National Guard and former commander of the Company in this city, assisted by Rev. Robert S. McKee of the First Presbyterian Church.

Members of the American Legion and their friends turned out in great profusion to witness the funeral ceremony that marked the last attentions that may be given their comrade in this earth. The Legion Post of Clarendon had done their part in searching for relatives of the deceased member. The search will be continued until all hope is lost for securing any information leading to relatives.

EARLY HATCHED CHICKS FOR GREATER PROFITS

There may be some question about the value of the old saying that "the early bird catches the worm," but there is no question that the early hatched chick catches the high egg prices in the fall, when supply is small and demand is heavy. According to market statistics over a number of years, prices in late September and early October are highest, with winter eggs next in value.

Early hatched chicks, which can be put into the laying houses in time to produce for this high period market, offer one excellent way of insuring the largest profits from the farm poultry flock. Experiments conducted with many flocks indicate that the early-hatched lots produced eggs of a total value of \$6.71 per bird, as compared with \$2.97 for late-hatched chicks. This is not all of the story, however. The early-hatched lot was classified into two groups—one comprising all quickly-growing, early-laying, well-formed birds, while the other group consisted of slow-growing under-sized and undeveloped birds that showed no indications of laying when the others did.

The net proceeds from the early maturing lot were \$5.09; from the late-maturing lot, \$1.93. In the light of this information it is essential not only to keep the early-hatched pullets, but also to eliminate from the early-hatched flocks the late maturers.

Profits from early-hatched chicks depend, to a considerable extent, upon the high quality of the stock which makes up the flock. Increased profits which farmers have been realizing from poultry during the past few years is due, almost directly, to the efforts of hatcheries which have spent many thousands of dollars building up good laying strains. During the past year leading hatcheries have organized under the slogan, "Hatchery Chicks for Greater Profits," to continue still further the improvement of chicks and insure fair dealing.

Replacement of poor stock by good flocks on thousands of farms is taking place yearly, under urging of agricultural leaders. Con-

Pioneer Passed Away Saturday

Clarendon and community was saddened Saturday when the news spread that S. E. Atteberry had died at the family home shortly after one o'clock, attended by his wife, sons and daughter, and at the close of an illness lasting several weeks.

Mr. Atteberry was in his seventy-fifth year, and had been connected with the founding and up-building of Clarendon and Donley County since 1883. He was a resident of Old Clarendon and moved among the first to the new town in 1887, having built the first frame building here when the coming of the railroad brought the new location of the town to its present site.

The deceased was born in Fairfield, Ill., Aug. 28th, 1855. He married Rebecca Adeline Phillips, Dec. 30th, 1880 at Henrietta, Texas, having moved to this state in 1872, settling first at St. Joe. Of this union there were born two daughters and two sons, three of whom survive him: Mrs. R. L. Bigger of Clarendon; P. P. Atteberry of Amarillo and C. G. Atteberry of Pampa. Another daughter, Mrs. Willie Maude Pratt died in Amarillo several years ago, her two children, Geraldine and Wil-

maude Pratt, having made their home here with Grandfather and Grandmother Atteberry since that time.

Always of a happy, cheerful disposition, Mr. Atteberry was particularly fitted as a hotel man in the early days of this section, and enjoys the confidence and friendship of hundreds of prominent men and women of the early days, as well as the love of scores of travelling men who enjoyed the hearty cheer and good fare of his hostelry. In late years his chief joy outside of the family circle was to pass along the streets of Clarendon and to rad-

tinued progress points to poultry as one of the leading farm profit makers within a very short time.

Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Let's Pyorrhea Remedy heals worst cases if used as directed. It is not a mouth wash or paste, and is sold on a money back guarantee. Clarendon Drug Store.

iate his cheer and sunshine to all his great circle of friends. His was a familiar figure on Kearney Street and he will be sorely missed by those who profited by his kindly friendship and cheery words.

The funeral was held at the family home Sunday afternoon, Feb. 2nd, at five o'clock and with the bier banked with flowers—mute tributes of love and esteem—Rev. B. N. Shepherd, pastor of the First Baptist Church, of which he had been a loyal member for many years, read the comforting scriptures and paid final tribute to him whose spirit had answered the final summons. Followed by hundreds of friends the remains were borne to the Citizens cemetery where interment was made.

Songs Mr. Atteberry loved were used in the funeral service. "Lead Kindly Light," "Just As I Am," and "Abide With Me" were sung at the home by Mesdames George A. Ryan, Anne Bagby and Mr. Phillips Gentry, with Mrs. J. L. McMurtry at the piano. At the grave they sang "Jesus Lover of My Soul."

pall bearers were: W. H. Patrick, M. E. Bell, Allen Bryan, C. W. Bennett, Robt. A. McGowan and H. W. Taylor, all long time friends of the deceased.

Beside the immediate family, Mr. Atteberry is survived by a younger brother, W. J. Atteberry of Amarillo and two sisters, Mesdames W. J. Brindley of Oakland,

Calif., and Harry Clifton, of El Paso, none of whom could be present for the last sad rites.

The News joins the entire community in expressions of condolence to the bereft wife and saddened children and grand-children in this hour of grief.

FREIBURG PASSION PLAY TO BE SHOWN IN AMARILLO

Amarillo, Feb. 1—The famous Freiburg Passion Play will be shown in Amarillo on February 14 and 15 at prices from \$1 to \$2.50 less than charged in most of the cities where it has been presented. Wilbur C. Hawk, president of the Tri-State Fair association, sponsor of the presentation here, announced.

Tickets for the two night performances will be \$1 and \$2.50, while at the matinees on February 15, children will be admitted for 50 cents and adults for \$1 and \$1.50.

The Passion Play will be staged in Amarillo's Municipal Auditorium, which seats 2,600. There are 40 players in the cast, and 150 "extras" to be recruited in Amarillo will be used in the mass scenes.

"This is by far the biggest and most lavish attraction ever sponsored by the Tri-State Fair," Mr. Hawk said. Reservation can be had now by mailing your check to Wilbur C. Hawk, care Globe-News, Amarillo, Texas.

ROY BEIGHTS TO SING ON RADIO FRIDAY NIGHT

Friends of Roy Beights of this city will be glad to learn that he is scheduled to make an appearance over Station KOA at 10:15 Friday evening of this week. Roy was most popular when he was here some years past and has made quite a success with his voice since going to Colorado for further study and development. Radio fans of the city will be pleased to hear him again as he makes his appearance on the air on Friday evening of this week.

WAITS EXPRESSES VIEWS ON SAFETY OF COLLEGES

Fort Worth, Jan. 27—"I am frequently asked, 'Is the college a safe place for our American youth?' I don't think that it is," says President E. M. Waits of Texas Christian University. Then he hastens to add: "The only really safe place for young men or old is in the grave."

"A college is a good place in which to grow, and growth implies danger, since it means the possibility of growing worse as well as better. Perhaps one of the most difficult things in our American life is to be moral, and yet not be narrow minded. It is this thing we seek for our college students."

President Waits has recently expressed himself at length upon the present-day college student in a new book, "A College Man's Religion."

"I believe at heart our young people are sound, and that we have never had a more serious, trustworthy and dependable generation of young people," he writes.

"The student can almost always be helped and led by the sympathetic friendship of those whom he likes, but an attempt to drive

him by those whose attitude is one of superiority hardly brings favorable results."

Miss Mildred Stewart, teacher in the Pampa High Schools, spent the past week-end here in the home of her parents, Mr. and Mrs. W. C. Stewart. She was accompanied home on Sunday evening by her parents.

Mr. and Mrs. John Beverly, former residents of Clarendon, and now living in Pampa, spent the past Sunday here in the home of friends.

BACKACHE

CAPITOL News

2000 TIMES TO MARS AND BACK

The automobiles of America will travel approximately 156 billion miles during 1930, according to a computation made by the National Automobile Chamber of Commerce. "Oh," thinks the modern American who is used to spinning miles during a single day, "that isn't so much; just remember how many automobiles we have." Those 156,000,000,000 miles, however, represent more than 4,000 times the distance to Mars, states Alvan Macauley, president of the National Automobile Chamber of Commerce, and if one contrasts the distance with that motor-travelled in another country, it gains significance. In China, for instance, all the people, with the exception of a comparative handful, are born, exist and die within a radius of twelve miles!

While we are congratulating ourselves on the progress and freedom that have been brought about by the motor, an enterprising historian has traced the automobile's origin to France and the year 1769. The blessed peace-time vehicle was actually invented as a military necessity by Nicholas Joseph Cugnot, a French Captain of Artillery, who was eager for some means of moving heavy cannon more rapidly. Captain Cugnot devised a crude tractor-form of machine that could carry four persons and even transport them at the terrific rate of two and a quarter miles an hour! The vehicles were steam driven. This was at the same time that Watt was striving to improve his steam engine. The year 1769 is also, incidentally, the year of Napoleon's birth.

RADIO MAKES CONTINENTS NEXT DOOR NEIGHBORS

When a voice from an alien land floats through the loudspeaker in your living room, distances and national boundaries shrink to relative insignificance. The broadcast of King George's brief speech opening the Naval Parley at London was a high-water mark in trans-atlantic radio relaying and opened a vision for the future of international communications. Now comes another nation, the Republic of Cuba, with the announcement that she has consummated an "association of interests" with the United States by which the island will enjoy direct connections with this country and the most important European and Central and South American nations. Two leading radio companies, the Radio Corporation have made all necessary arrangements.

Juan Fernandez De Castro, president of the Cuban company, stated in Havana that: "In accordance with the program of our illustrious president, General Gerardo Machado Y Morales, in encouraging the development of Cuban enterprises, and who has recently stressed the great importance to the commercial and economic Cuban life of enlarged and improved communication facilities, it gives me great satisfaction to announce a program of major importance in the further development of the communication facilities of Cuba. Senor De Castro then sets forth the details of the development and the advantages arising therefrom. "With modern radio," he concludes "no country will be beyond the direct reach of Cuba's latest communication facilities."

WOODCHUCK VILLAIN IN MOVIE

Boys who once relied largely on the gun and the woods for fun have come to look upon these things as tame sport beside the pleasure of automobile driving and its opportunities for recreation. Because of this change in pastime, the woodchuck, or "groundhog," has profited, says the Department of Agriculture. This rodent, which was once hunted so persistently, is the subject of a two-reel motion picture released by the Department under the title, "The Eastern Woodchuck and Its Control." Coming as it does just in advance of Groundhog Day, on February 2,

it is an especially timely film. How alfalfa fields, fruit trees and garden crops are damaged by increasing numbers of woodchucks is vividly depicted in the Department's motion picture. There are also shown the methods of control that were worked out by the Biological Survey of the United States after intensive study. Farmers who are desirous of reducing the woodchuck menace, especially in and near cultivated fields, with comparatively little labor and cost, will find any amount of helpful advice in this Hollywood version of modern scientific control.

WOMEN WHO FLY HIGH

Women who are learning how and why airplanes fly carry on a variety of work at the same time. Glance over the list of fifty-four women students who have registered for ground school courses at the Curtiss-Wright Flying Service school in New York City, since September 16 last, when the courses for women were inaugurated and you will find representatives of no less than eighteen different occupations.

Artists and lawyers, telegraph operators and advertising copy writers are among those numbered in the aviation school. No less than twenty secretaries have enrolled among the ambitious students of aviation. Two housewives, two airplane saleswomen, three students, a dramatics teacher, a department store worker, an accountant, a librarian, and a teacher of physical education find the prospect of doing things in the way of aeronautics more exciting than their present occupations. There is a waitress, who is also taking flying instruction and will be ready to solo shortly. She gets off at three o'clock from the restaurant where she works and then goes out to the field for her flying lessons. Twice a week, in the evening, she attends ground school.

SYSTEM MARKS SOCIAL EVOLUTION

Children who are suddenly made dependent by the death or disability of parents are not so likely now to be adopted haphazardly by any family in the community or shunted off into a handy almshouse. In both county and state administration an organized social welfare service has been growing tremendously during very recent years. For this the forces fight delinquency, dependency and neglect are thankful. Miss Grace Abbott, Chief of The Children's Bureau in Washington, calls the two movements, county and state, "the most significant in organized social service at the present time."

The chaos that once raged around the care of helpless individuals makes one more appreciative of a new order. Town and city "poor houses" harbored adults and children alike. Homes were unnecessarily broken up. Inadequate records or no records were kept of the children's identity or exactly what had been done with them. About 300 counties in the United States have organized their social services on a county basis. These counties are in the North, South, East, West and Middle West, a fact that shows social progress to be national in scope. A closer co-operation between State Departments of public welfare and county welfare work is another encouraging feature in this field of endeavor.

Dan's Shine Parlor

MRS. RICH BOWLIN HAS FINE RECORD

IS IMPROVING DAIRY HERD BY ADDING REGISTERED STOCK. KEEPS RECORD.

Another record for Donley County has been hung up by Mrs. Richmond Bowlin of the Naylor community. Mrs. Bowlin has kept an accurate record of the work she has done in the past year and states that she has sold 2,274 pounds of butter from her herd of seven Jersey cows. In addition to this, a sum of more than \$200 was realized from the sale of hogs that were fed principally on the skim milk left after the cream had been removed for the purpose of making butter.

Home consumption of milk and cream is not taken into consideration in these figures, sandwich cheese being made for sale from the left-overs of the milk crop. A crop of 200 turkeys was raised and marketed along with the other activities of this woman, these realizing a neat sum even though the market on these birds was not all that might have been desired. Mrs. Bowlin states that she expects to do even better with her turkey crop this year.

An interesting feature to be noticed in conjunction with this work is that Mrs. Bowlin is replacing her grade Jerseys with registered stock, believing that she will get better results by so doing. A late acquisition is a registered Jersey Bull, "Cid's Texas Ever" which animal is expected to bring additional prestige to the Bowlin herd of cows. This animal is a grandson to the famous imported "Cid", which was sold for \$31,000. The father of the animal secured is "Texas Cid", and is the prize Jersey Bull of the State of Texas.

These facts are gathered from the information kept in hand by Mrs. Bowlin and a further report from her on her extra-dairy activities would show that she is an extremely busy woman.

Sam M. Braswell left for Austin today to assist in the work of giving publicity to the proposed state parks movement, with special reference to the Paloduro Park project in the Panhandle. He went in response to a call from D. E. Colp, chairman of the Texas State Parks Board, and expects to visit his daughter at Denton and his son at the university at Austin while away.

Mrs. Sallie Crawford of Amarillo, is visiting her sister, Mrs. B. L. Jenkins, Sr.

Jerome Price attended to business matters in Amarillo Wednesday of this week.

Doss Palmer and J. D. Swift attended to business matters in Lubbock Tuesday of this week.

Mrs. H. F. Smith of Childress, spent the last week-end here with her sister, Mrs. S. S. Dubbs.

Mr. and Mrs. Robert Dillard are moving to Amarillo to make their future home, Robert having accepted a position with the Bell Telephone Company of that city.

Miss Betty Weatherly returned last Sunday evening from Amarillo, where she had been to attend a house party in the home of Mr. and Mrs. Biggs Horn.

Mrs. J. R. Reed, who has been visiting here in the home of her uncle, S. S. Dubbs, left last Saturday for Amarillo. Mrs. Reed will visit a few days in that city with her mother before returning to her home in Browder, California. Before her marriage, Mrs. Reed was Grace Dubbs.

G. L. Boykin, secretary-manager of the Clarendon Chamber of Commerce, is in Amarillo today attending a meeting of the Itinerary Committee of the Panhandle Plains, Inc., which committee will have charge of setting the itinerary for the agricultural exhibits representing this section of Texas at the fair and exposition of the North and Middle-West next season. Mr. Boykin was in charge of an exhibit at several fairs last fall.

Two Trousers With Each Suit

We said it could not be done but we proved it could—so we are able to offer you two trouser suits at \$29, a price we have not been able to equal before. You be the judge as to quality of materials and tailoring—we were astonished ourselves. Blues, tans, and grays. Also pin-stripe serges.
