Donley County Celebrates Fourth Here

County's Largest Auditorium Well Filled Tuesday Eve

HEDLEY IS HOST TO GREAT GROUP

MANY CARLOADS OF CLARENDON FOLK IN ATTENDANCE ON PROGRAM TUES.

One of the largest groups of Clarendon folk yet to attend a celebration of like nature was present Tuesday evening of this week when Clarendon folk presented a program to the residents of Hedley and community. More than 250 people were present, and with the Hedley folk, filled the large high school auditorium more than half full.

A program was presented that was made up of a great many of the numbers given in other communities visited since the first part of June. An added feature was presented in the sale of popcorn and the consequent presentation of a quilt to Mrs. T. E. Trostle of Clarendon who was fortunate in the receipt of the item. This was in turn presented back to the Hedley club women for auction and was later knocked down to Dick Bain for \$7.50, bringing the receipts from this source to more than \$45.00 for the evening.

The Clarendon High School band was presented, first in a concert on the school lawn and later in the auditorium. These were followed by the clog dancers from Clarendon, by the Hukle Quartet and by instrumental numbers from the Pierce, Keener, Koresa stringed band, Rev. W. E. Ferris of the First Christian Church was presented as the magician, presenting some quite mystifying stunts for the edification of the assembled crowd. The closing number on the program was a duo of yodeling solos by Clyde Hudson accompanied by the stringed trio.

Announcement was made by County Agent Brown of the selection of a representative to sit with the two Chambers of commerce and with other representatives in the solution of the problems of the county in the most feasible manner.

Secretary Boykin also announced the July Fourth celebration and invited the participation of Hedley residents. The complete program was announced here as is found in other parts of the News.

The program of entertainment of the evening was closed by the singing of the first verse of "America," the gathering leaving to partake of ice cream and cake prepared by the Hedley club women. The receipts from this source has not been learned.

Mrs. Manley Ozier and son, Edward Blair, are visiting with Mrs. Blair, mother of Mrs. Ozier, in Waco.

Mr. and Mrs. Oran McCrealess and two daughters of San Antonio arrived Monday for a visit in the home of A. M. Beville. Mrs. McCrealess will be remembered by many as Miss Ruth Gage.

Miss DeLaurel Beville, who received her degree from Southwestern University at the close of the past school term arrived Sunday for a visit with her father, A. M. Beville.

G. LESTER BOYKIN
LION VICE PRESIDENT

BAPTISTS WIN HONORS SUNDAY

LOCAL ORGANIZATION WINS BANNER FOR THIRD TIME AT LESLIE

The Clarendon Baptist Sunday School and B. Y. P. U. members moved to Leslie Sunday some eighty strong to attend the Associational Sunday School and B. Y. P. U. meeting and won permanent possession of the attendance banner. The attendance at the convention was well over the three hundred mark, and was the most interesting and constructive programs ever held by the Association. In the two previous meetings of the organization the Clarendon Baptists had won the attendance banner and they only needed to win the record this time to win the sole possession of the trophy. The Memphis delegation brought an attendance to the Sunday meeting that pushed the local delegation to the utmost to beat. Memphis sent approximately 90 members to the meet, but the larger number from Memphis was not sufficient to win over the Clarendon attendance when each total was multiplied by the number of miles traveled to the place of the associational convention. When the final attendance points were announced the Clarendon representatives had the majority of over 240 points.

The banner of excellency was won by Clarendon, who doubled their attendance in Sunday school and otherwise came up to the standard as set by the association. The next meeting of the Association will be held in Clarendon the fifth Sunday in August. A record breaking attendance is expected at the next meet when the Associational delegation gather in the city.

LOSS REGISTERED IN CREAM SHIPPED

JUNE SHIPMENTS SHOW DECREASE OF 85 CANS OVER MAY RECORD

Cream shipments for the city of Clarendon amounted to 356 ten gallon cans during the month of June. This amount of cream shipped is a decrease of exactly 85 cans for the month of May, and is approximately 200 cans under the record of cans shipped from the city last June. The loss may be attributed to the extreme heat hands as set by the association. The decline began with the third week in the month and it was found that only 84 ten gallon cans of cream was shipped to the users of the commodity. This loss continued to grow with the following and last week in June recording a low total of 83 cans.

This month's total brings the year's total to 1,897 ten gallon cans of cream to be shipped from the local cream stations.

Mrs. Chas. E. Powell of San Diego, Calif. is visiting her mother and brother, Mrs. Minda Warren and Reed Aycock, both of the city.

Mr. and Mrs. Boswell and children, Helen and Genevieve of McLean arrived Wednesday for a short visit in the home of Rev. and Mrs. W. M. Murrell, parents of Mrs. Boswell.

Miss Laverna McMurry, who has been visiting with relatives in Cordell, Okla., returned to her home Sunday accompanied by her aunt, Mrs. Frankie Moore and her two children.

Mr. and Mrs. Sam M. Braswell and Miss Clair Marie returned Saturday night shortly after midnight from an automobile trip to points in Illinois, Michigan and Ohio. They visited relatives in Chicago, Lansing and Hillsdale, in Michigan; Delaware, Utica, Zanesville and Granville in Ohio.

Clarendon Urged To Bring Dinner

THE PEOPLE OF CLARENDON ARE URGENTLY REQUESTED TO BRING THEIR BASKETS LOADED WITH GOOD THINGS TO EAT TO THE PICNIC GROUNDS NEAR THE SOUTH WARD SCHOOL BUILDING

At the regular weekly luncheon period of the Clarendon Rotary Club held at the Clarendon Hotel last Friday the main event of the time was the speech delivered by Rotarian A. T. Cole, in which he gave a fell and lasting account of his wanderings in the past few weeks during his vacation trip. This feature of the day provided no little entertainment and humor to the members of the club present. The speech was further enriched by the ever present wit of the speaker.

Miss Anna Moores, recently back from an extended vacation trip to points down state, entertained and pleased the gathering with two special vocal numbers. Both were tremendously enjoyed by the Rotarians, and it is their plan to

The grounds have been put in shape by the city and the authorities state that everything is in readiness for the mammoth basket luncheon. All that is left to be done is for the people to bring their baskets to the grounds and start the consumption of the food. The ice water and iced lemonade will be furnished the luncheon by the Chamber of Commerce, and will be placed in two great cisterns where they may be reached by all who are present. The supply will be unlimited, so no one need have any fear along this source. Let's all be there.

ROTARY CLUB ENJOYS LUNCHEON

A. T. COLE RELATES EXPERIENCES OF TRIP TO GATHERING

At the regular weekly luncheon period of the Clarendon Rotary Club held at the Clarendon Hotel last Friday the main event of the time was the speech delivered by Rotarian A. T. Cole, in which he gave a fell and lasting account of his wanderings in the past few weeks during his vacation trip. This feature of the day provided no little entertainment and humor to the members of the club present. The speech was further enriched by the ever present wit of the speaker.

Miss Anna Moores, recently back from an extended vacation trip to points down state, entertained and pleased the gathering with two special vocal numbers. Both were tremendously enjoyed by the Rotarians, and it is their plan to

FRED W. RATHJEN
LION PRESIDENT

Benefit Dance For Local Band

A Fourth of July dance will be held Friday night starting at 9 o'clock in the Davis building, formerly occupied by the Amarillo Furniture Co. The dance will be in the form of a benefit with the proceeds going to the Clarendon High School Band fund. A seven piece orchestra has been secured from the city of Amarillo, and will furnish music that is unexcelled in this part of the country. The floor of the building has been placed into first class shape for the pleasure of the dancers.

The building will be well cooled and will be comfortable for all who attend the event. A reasonable charge will be made for the dance which will last from 9 to 12 o'clock.

Mr. and Mrs. C. Daughtry of Fort Worth are here for a visit in the home of her mother, Mrs. J. P. Manley.

W. M. Bourland, Miss Lotta Bourland, Jackie Bell, Mr. and Mrs. Frank Bourland and Miss Jean, Dorothy Jo Taylor, Mr. and Mrs. R. M. Bourland and Mr. and Mrs. E. L. King, left this morning for a vacation trip to Taos, New Mexico.

Miss Moores again with the group in the near future. Only two Rotarians were absent in the Friday's meeting, and this was due to the fact that the members were out of the city at the time.

Due to the Fourth of July celebration to be held in the city on tomorrow, the regular date for the weekly luncheon, the club officials have planned to have the luncheon today so as not to miss a luncheon period.

The Rotarians were told again of the plans for the Fourth and each was urged to bring their dinner and join with the county people in the big dinner to be spread under the trees at the South Ward School Building tomorrow noon.

SHAMROCK TEAM BEATS LOCALS

HILLCROFTERS WIN ONLY FOUR MATCHES AS PLAYERS BATTLE HIGH WIND

The Clarendon golfers were swept from their feet by two foes last Sunday, when the wind and sand consolidated with the players of the Shamrock club, and suffered the most severe beating administered them in several years. Of the twenty-one matches played the Clarendon players won only four. The day was the most disagreeable that has been seen in this country in many months. The wind had a velocity of about 40 miles per hour and was filled with sand, making playing extremely difficult and very unpleasant. This was the first time that the Shamrock players have defeated the Hillcrofters, in match play between the two cities.

The Clarendon players were royally entertained by the Shamrock club, who served a fine chicken dinner with all the accessories attached at the country club house overlooking their wonderful club lake. Shortly after the dinner the pairing were made for the match play and the players were started from the various tees of the course.

The four local men winning their matches were: Meredith Gentry, Al Cooke, Sam Braswell, Jr., and J. T. Parnman.

The Shamrock players were Casey, Clyde Douglas, Beckett Karbow, Kenneth Karbow, Phil Gentry, Alex Cooke, Paul Green, Milton Shaver, Frank Whitlock, Ira Merchant, Walter Wilson, Homer Parsons, Holman Kennedy, A. N. Wood, Seldon Bagby, and Paul Smithy.

LIONS OFFICERS ARE GIVEN POSTS

CHOSEN LEADERS FOR COMING TERM ARE INSTALLED TUESDAY NOON

The closing acts of the Lions Club officers for the past year was the installation of the newly chosen officers of the club for the coming term of twelve months. A slight change in the order of installation was observed, the first group to be placed in their respective positions being the leaders beginning with the First Vice President and taking in all the other officers of the organization. Lion Sam M. Braswell as District Governor elect gave the officers their tasks and saved them after they had been given something of their new places. In the seating of Lion Fred Rathjen, as Boss Lion for the coming year, the Lions pledge was given the entire club and the incoming Boss Lion was told that the work in hand was more than a job in name.

In the inaugural address delivered by Lion Rathjen, he expressed the desire for a year of co-operation from every member of the organization. The club was assured of his belief in the loyalty of the organization to the officers in the past and asked that the Lions stand by him with their ideas and assistance for another successful year for the Clarendon club.

In addition to Lion Rathjen as president, the following were placed in their respective positions: First Vice President, G. L. Boykin; Second Vice President, J. G. Sherman; Third Vice President, Holman Kennedy; Treasurer, Olos Caraway; Secretary, F. L. Stallings; Lion Tamer W. M. Murrell; Tail Twister, W. A. Wilson; Directors, C. J. Douzles and T. D. Nored. The two hold-over directors, Sam M. Braswell and A. L. Chase complete the board for the coming year.

Lion Nored reported on the Naylor and Chamberlain visits, stating that they were quite a success although he did not know of the amount received in either of the cases. The Hedley session was announced and the Lions were urged to attend and make up as large a crowd as possible.

The unusual quality of the past luncheons of the club was expressed by Lion Kemp with a request that a vote of thanks be presented. This was done with the

CLARENDON IS READY FOR 4TH

PLANS COMPLETE FOR THE ENTERTAINMENT OF BIG CROWD TOMORROW

The city of Clarendon is in readiness to entertain the largest crowd ever to assemble in the city when the people of Donley county move into Clarendon for the celebration of the Fourth of July tomorrow morning. The committees in charge of the various events of the day have finished with the details and everything is just ready for the starting signal. Never before has the city of Clarendon entered into the work of getting things in shape for the entertainment of its visitors like it has for the entertainment of the citizenship of Donley County. Nothing has been left undone that might detract materially from the enjoyment of the folks that will be guests of Clarendon in tomorrow's celebration.

A full day of interesting entertainment has been provided the visitors to the city, starting at 10 o'clock in the morning, and finishing shortly before 10 o'clock Friday night. All the attractions are free to the public and are of the highest type, affording all those who will be present with the cleanest and wholesome sort of amusement. Beginning with the big baseball game in the

team will proceed with the dinner at noon, during which the great speed classic of the Panhandle will be held between the select group of turtles entered by the youngsters of the county. The program will be resumed at 2 o'clock with the racing events being run off at the College Park. Besides the races there will be a slow mule race, calf roping, goat roping contest, and brose riding event. Following this part of the day's celebration will be another ball game at 4 o'clock. Band concerts from four bands will be given throughout the day and the grand climax to the program will be at 8:30 with the consolidation of all four bands into one great band will present a massed band concert to close the festivities of the day. It is hoped that all the people in Donley County will be present for the great celebration and the Clarendon folk will guarantee their visitors a fine day of varied entertainment.

exception of Lion Chase, who stated that he wished to again present a minority report in the matter. The entire July 4th program was announced by Lion Boykin, who urged the members to attend the sessions and to bring their lunches to the place designated for the noon meal. The program as announced is found in another part of this issue.

In the introduction of guests, Alvin Cadenhead of Childress, B. O. McCrealess of San Antonio and Lester Sheffy of Canyon were presented to the club.

As a parting thought and in recognition of the attendance record as made by the pianist, a gift was presented her by Lion W. H. Patrick.

PRESS
ASSOCIATION

WELCOME TO DONLEY COUNTY'S CELEBRATION OF THE FOURTH OF JULY

Voicing the unanimous sentiments of the people of Clarendon, The News extends a most cordial, happy welcome to all Donley County people and visitors who come to our city Friday, July 4th.

The Celebration and County Picnic has been built largely around the county demonstration work of the men, women, boys and girls clubs, but it includes every citizen who will join in for a day spent in pleasant recreation and in visiting among neighbors and friends.

Times are pretty dull, but then when we are busy we make excuses for not having time to be neighborly and visit around as we should, so this occasion is really a most logical time for us to put in a full day doing those friendly, neighborly things we have so generally neglected.

Friday, the Fourth of July, is scheduled full of free entertainment for all who come and with a number of visiting bands the entire community should be filled with spirited music and the laughter of happy people. We have so much to be thankful for that we certainly can afford to laugh and play while we enjoy each other's company on that day.

This issue of The News is filled with messages from local business men inviting you to be in the throngs here tomorrow. We have made many preparations for the event and for your coming. We expect you and shall be disappointed if you don't come.

Again let us say it—"You are welcome, most welcome to our Celebration here tomorrow."

YOUR COMPETITORS

Don't worry about your competitors. They are the epic of life. They are the zest of business.

If it weren't for your competitors, there would be moss and ivy all over you and your business.

You are losing more money by neglect than you are by competition.

You are losing more by waste, by lack of team play, by jogging along in a rut.

If your competitors are ahead of you, be a good loser. Don't squeal and make excuses.

Then play the game harder. Get at it with all the brains you have and all the brains you hire.

Don't settle down to be a tail-ender with a grouch. Make up your mind to win.

Show your competitors that you are still in the running.

Then, when spring comes (again) you might send a present to every one of your competitors with a card saying, "Many thanks for having kept me alive during the past year."

Yes—why not?—the Michrometer.

Eight drownings in Texas over the past week-end and hundreds bowed in sorrow by these untimely deaths—such is the most recent weekly chapter of this season's recreational activities in this state. This week comes the Fourth of July closely followed by another week-end and we shall be most fortunate if we escape with a lesser death toll in Texas waters. It behooves all of us to give extra heed that our families and our communities shall be free of this stalking death that lurks in every cooling pool and stream. Those who can't swim should go into the water only when attended by those who are competent. Those who can swim can afford to be doubly careful. Not all the death-toll comes through automobile accidents. Let us enjoy the water, as we enjoy our other recreations, but let not that pleasure turn to irremedial sorrow.

Great rejoicing in Mayence and all Germany over the withdrawal of all occupying French troops marked the first of this week. Mayence was the last base of occupation and is free from foreign occupation for the first time in nearly twelve years. Doubtless the French were just as eager to return to their native soil and certainly the world at large is happy that the occupation is at an end. It means less opportunity for friction between rival nations and a chance for better understanding of neighboring peoples. The end of occupation is a matter of joyful relief for all the nations of the earth.

Early week dispatches announce the death of Dr. Harvey W. Wiley, celebrated pure food advocate and authority on diet. Dr. Wiley made one of the greatest peace-time contributions to the nation that has ever been made and thousands of American people are alive today by reason of his victory many years ago for the abolition of adulteration in foods and higher standards in handling all food-stuffs. Dr. Wiley deserves a monument as tall as any of our great and near-great.

WE CHOOSE TO SUPPORT CLINT SMALL

Home from a four thousand mile trip into the Northern states, we find that our early choice for governor of Texas has withdrawn from the race. For many months we had hoped that Lynch Davidson would make the race for governor, but Mr. Davidson chose to withdraw, which gives us the opportunity to lend our support and vote to our good personal friend and neighbor, Hon. Clint C. Small of Wellington.

Mr. Small, in company with several others in the race for the nomination, takes a contrary view to our own in respect to the state highway bond issue, for we are firmly convinced that Texas will never complete a uniform highway system under the present plan. We should oppose a bond issue if it was to be financed through an ad valorem tax—we have enough of that now—but the proposed plan merely pledges the gasoline tax for the funding of the bonds, and will not increase the present tax at all. So seldom does one pick a candidate, however, in complete accord with all of one's views that we shall not let this difference deter us in giving loyal support to Clint Small. He can't keep the state from passing the bond issue, if it elects to do so, anyway, just as Mr. Sterling could not issue the bonds if he were governor, so that matter can rest on its own merits.

The News will not knowingly support a man for executive office who does not subscribe to the constitution of the United States—and that means all its amendments. Clint Small has publicly and repeatedly declared his stand for the enforcement of the prohibition amendment, and we believe he will do what he says.

Mr. Small is a good business man, he is an able lawyer, he is a progressive citizen. He is competent to fill the office with credit to himself and his state, and then one gets more satisfaction out of supporting a friend than someone seldom seen and hardly an acquaintance.

Clint Small, we are for you.

THE MENACE OF PRIVATE REFERENDUMS

The taking of nation-wide polls under private auspices may be a menace to democratic government for the following reasons:

First, such referenda being costly will be taken not simply when a considerable portion of the voters call for them but when some private interest with abundant financial resources deems the time favorable to take them;

Second, the referendum is taken without the safeguards which should make it fair and authoritative;

Third, once taken the interests which it favors will argue from it as if it were an authentic disclosure of voter opinion;

Fourth, when the result of such a referendum is adverse to a law it will be used to paralyze the law-enforcing agencies, to justify law breaking, and as an excuse for local nullification.—Statement by Dr. Edward A. Ross, noted professor of Sociology at the University of Wisconsin.

SUCCESS COMES FROM THE INSIDE

Successful men keep themselves under their own thumbs. They keep their problems on the operating table until some intelligent disposition is made of them.

Unsuccessful men slosh around in a soup of fear, indecision, nerves. Their problems get them down and hammer the daylight out of them.

Successful men, while they're on the make, treat themselves like dogs, so to speak. The unsuccessful, in the process of unmaking themselves, suck the soothing syrup of self-pity and act like a lot of suck cubs.

One man keeps his brains and his emotions separated; another's emotions keep slopping over and spoiling his brainwork.

With rare exceptions, success and failure come from the inside, not the outside.—Spinal Colyums.

DONLEY WOMEN RANK HIGH IN DISTRICT

The Donley County winners in the living room contest added further laurels to their homes when each placed high in the judging of the Panhandle District. The district is composed of all the Panhandle counties, and the contest included all the winners from each county.

Miss Mary Lovell of Ashtola placed second in the district in the class 1 division, and Mrs. W. V. McCauley of Lela Lake was honored with third place in the class 2 division.

C. Daughtry arrived Monday from his home in Fort Worth to spend the summer in Clarendon, Amarillo, and Lubbock, where he will pursue his profession of tuning any type of piano which the public may have. Mr. Daughtry will be in the city all next week and will fill all requests to tune the pianos of the Clarendon citizens. He will visit his sister, Mrs. Manley.

Cotton Scores In Sports Wear

COMFORT counts in sports wear. For this reason and also because they are designed with complete regard for outdoor sports cottons are so often preferred. Their fashion acceptance is already established and there is every reason to expect that it will be further emphasized this season.

The ensemble shown above at the left is made of lustrous cotton broadcloth and a novelty cotton coating. One of its features is a cartridge case trimming in which

golf tees may be carried in the skirt. Hat and shoes harmonize with the predominant color motif in blue and white.

One of the new cotton tweeds is shown in the other sports costume. This fabric has a nubbed homespun-like finish that adds a distinctive touch to the entire costume. Yellow and green are the predominant colors. A one-piece tennis suit of broadcloth in the popular "Boy Scout" style is worn underneath the tweed costume.

"SOUTHWEST MARKET" TELLS ABOUT TEXAS

The most accurate and complete compilation of facts setting forth the unlimited resources of the southwest—Texas, Oklahoma, Arkansas and Louisiana—ever compiled, is included in a new 160-page book entitled "The Southwest Market," just issued by Industrial Dallas, Inc., the organization sponsoring the \$500,000 three-year community advertising campaign of the Dallas Chamber of Commerce.

Ten thousand copies of the book were included in the first press run, and during the ensuing 12-months, these are being placed in the hands of industrial and manufacturing executives, bankers, investment houses, builders, sales managers and advertising agencies throughout the United States.

All facts and figures in the book have been compiled from authoritative sources, such as the U. S. Census Bureau, the Blue Book of Southern Progress, Sales Management, Texas Almanac, besides voluminous extracts from the original reports of industrial and research experts employed especially to survey various aspects of the Southwest for Industrial Dallas, Inc.

There are six main divisions to the volume, entitled "The Southwest Market," "Serving the Southwest Market," "Manufacturing Conditions," "Dallas, Its Growth," "Aviation in the Southwest," and "Texas Laws Affecting Entry into the State."

Continuing the policy adopted two years ago at the outset of the Dallas advertising campaign, the whole Southwest is treated as a single unit market. Incidentally the figures show it is one of the eight major marketing areas of the nation, with more than 12,000,000 population, and \$6,000,000,000 annual buying power. No attempt has been made in the book to advertise or exploit any one section of the Southwest over any section, but a true picture is given for the resources and wealth of the entire territory. The book is profusely illustrated with more than 450 photographic reproductions of agricultural, industrial and commercial activities under way throughout the four states, ranging from the oil wells and lead and coal mines of Oklahoma to the port facilities of the Gulf cities, and from the lumbering industry and the diversified agriculture of East Texas and Louisiana to the oil fields, pure-bred cattle and new cotton and small grain fields of Western Texas. Views of the wonderful Rio Grande Valley country, the Winter Garden, and the other agricultural districts are shown side by side with the imposing skylines of Houston, Fort Worth, San Antonio and Dallas, to complete the picture in the minds of Eastern executives and financiers, of the well-rounded prosperity and development of the Southwest.

"The publication and distribution of this book," said R. L. Thornton, president of Industrial Dallas, Inc., "is intended to render a highly valuable service to the development of the Southwest in spreading accurate information about the scope and variety of the resources of one of the least-known and wealthiest market areas of America."

"The effect of the widespread dissemination of this authoritative and graphic picture of the Southwest is expected to be revolutionary, and to be of material assistance to every community and every individual in the great Southwest. The market for bonds, issued by municipal corporations, counties and road districts of the four Southwestern states, doubtless will be quite favorably affected, when

JUNE 1, 1930 SHOWS LARGE GAIN IN COTTON SUPPLY

AUSTIN, July 2.—The indicated supply of cotton in the United States on June 1 was 5,840,000 bales against 3,935,000 bales on June 1, last year and a seven-year average on that date of 4,312,000 bales. This is the largest indicated supply at the beginning of June since the crop year of 1920-21, according to Bernard Nichols, editor of the Texas Business Review, monthly publication of the Bureau of Business Research of the University of Texas.

"The relative increase since last month is due to a falling off in consumption and in exports," Mr. Nichols said. "During May, the supply was reduced but 638,000 bales, whereas in May last year, disappearance amounted to 981,000 bales. Total disappearance for the first ten months of the present cotton year is 1,825,000 bales under that in the same period of the year previous. The carryover, therefore, on August 1 is likely to show a material increase."

"On June 1, the indicated supply of cotton in the United States was 1,905,000 bales larger than on June 1, 1929. Changes in the supply on June 1 in the past seven years have totaled 6,850,000 bales, and price changes have amounted to 2,545 points, or a change of 37.2 points for each change of 100,000 bales in the supply. At this ratio, an increase in the supply of 1,905,000 bales should be accompanied with a decline of 708 points from last year's price. On this basis New Orleans spots should be about 12.53 cents. On a replacement basis and allowing for price changes, New Orleans spots should be about 10.83 cents. However, last year's actual price was two cents under our calculated price based on supplies. When two cents is added, New Orleans spots based on the United States supplies alone should be about 12.83 cents."

TEXAS FIRE LOSS IN DECLINE OVER LAST MONTH

No.	Cause	Amt.
20	Incendiarism	\$44,268.00
32	Electricity	37,000.00
21	vacant house fires	35,000.00
21	vacant house fires	35,565.00
32	stoves, furnaces, boilers and pipes	32,530.00
25	Exposure	24,000.00
15	Explosions	16,350.00
23	Matches and smoking	11,304.00
9	Electric irons	10,211.00
1	Sparks from machinery	9,500.00
5	Spontaneous combustion	7,550.00
8	Petroleum and its products	4,939.00
1	Motion Picture	4,300.00
6	Lightning	4,250.00
10	Rubbish, trash	2,660.00
2	Ignition of hot grease, tar, oil, wax, etc.	2,000.00
12	Defective chimney and flues	2,064.00
9	Miscellaneous known causes	1,756.00
3	Gas, natural and artificial	235.00
5	Sparks on roof	177.00
132	Unknown causes	327,060.00
	TOTAL	577,704.00

The fire loss in Texas for the month of May has been cut almost one half of the previous month of April, the fire loss for

April being \$1,137,663.00, making a reduction for May of \$560,959.00.

The Texas Fire Insurance Department attributes this reduction to the fact that a relentless war is being waged in most every city and town in Texas against careless fires, vacant house fires and incendiary fires. The city officials, the local Fire Marshals and Fire Departments, and the citizens of the Texas cities and towns have come to realize what a tremendous waste has been taking place in Texas for the past number of years on account of our enormous annual fire loss. It seems that there has been a general awakening on the part of all the people of Texas to the tremendous cost that they are paying due to our heavy fire loss, and that there is concerted action and cooperation taking place in cities and towns of Texas to further reduce the cost of fire by reducing our losses.

The Texas Fire Insurance Department wants to commend the city officials and the citizens of Texas for the stand that they have taken in behalf of Fire Prevention and Fire Protection, and to say to them that without their support and cooperation the work of this department would be futile in trying to reduce our annual fire waste. We appeal to them to keep up the fight against the agencies that reap destruction of life and property in this State thru the channels of fire. Also, we want to appeal to our city officials in giving to their local Fire Marshal better support in the performance of his duties, and ask the people of Texas to welcome the local Fire Marshal when he comes to their place of business to make an inspection, for the reason that he has come to perform a service for them and is entitled to their support.

TRI-STATE PLANS ARE COMPLETE FOR BIG 4TH

AMARILLO, July 3. (Special)—Featuring the biggest card of motorcycle racing ever held in Amarillo, and the most elaborate display of fireworks ever brought to the Panchero for one night's program, the Amarillo Tri-State Exposition is planning to entertain the people within its area on Friday, July 4th.

The racing events start at 2 o'clock in the afternoon, on the oval at the fair park. Nine races have been scheduled, ranging from five to 25 miles in length, and in which the contestants will ride for \$600 in cash prizes. Some of the nation's best riders have entered. Jack Hall's ranch, three miles northwest of Amarillo, has been leased for the day. The ranch will be open for visitors all day long. The program of entertainment will start there at 5 o'clock and continue until midnight. Once in charges for fishing, swimming, croquet, picnicking, or what ever the crowd's choose to do. Plenty of real shade for visitors. Families may spend the day, if they like, by paying 50 cents for adults and 25 cents for children over five years old.

The program at the ranch will include games, contests, airplane stunt flying, the largest display of fire works ever shot off in Amarillo, also dancing starting at 9 o'clock, played by Joe Norman's Orchestra. There will be a charge of \$1 for dancing.

ROBERT LEE BOBBITT OUT FOR ATTORNEY GENERAL

DALLAS, TEXAS, July 3.—Attorney General Robert Lee Bobbitt, campaigning for his first elective term in this office, will complete his speaking tour in Northeast Texas this week and next week will carry his campaign to North and West Texas.

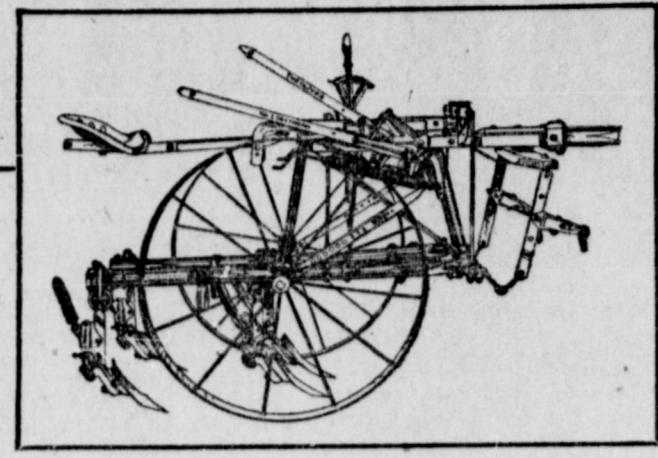

Mr. Bobbitt was appointed to the office of Attorney General of Texas nine months ago, having just prior to that time served three terms as a member of the Legislature. He was elected Speaker of the House of the Fortieth Legislature without opposition. During his tenure of office General Bobbitt has handled many important legal matters for the people of Texas, outstanding among which was his successful defense of the Rural School Aid bill, carrying an appropriation of \$5,000,000. Within twenty-four hours after the bill was attacked, and when it seemed that Four Thousand Texas schools would be closed, General Bobbitt took steps which prevented this and allowed Four Hundred Thousand children in the Rural Districts to continue their school work.

General Bobbitt spent Sunday at his headquarters in Dallas. He declared that information received from many sections of Texas indicated that he would carry the State by a heavy vote. "People of Texas are keenly alive to the importance of this office," General Bobbitt said, "and they desire to elect a man whose training and experience qualify him to ably represent them as their lawyer."

MUNICIPAL PLANTS MAY BE SUBJECT TO NEW TAX

Public utilities owned and operated by municipalities may be subjected to the state excise or privilege tax, according to the Attorney General's Department of the state of Washington. The constitution exempts them from property tax, the opinion says, but that the courts hold a privilege or excise tax is not subject to constitutional limitations.

Texas led all states in production of crystalline graphite in 1929.

An Oliver Cultivator Built for the Southern Farmer

To meet your particular cultivating requirements, Oliver built the No. 1 Southern cultivator. Its special construction enables you to cultivate properly, corn, cotton and other crops.

This cultivator has an extremely high arch for laying by tall crops. It embodies the well known Oliver seat guide and balance frame and can be equipped with 4 shovel pipe beam, 4 or 6 shovel flat beam or disc gangs and either hammock or straddle seat without changing the frame.

Parallel gangs insure uniform work in the row as the shovels always cut full width. The wheels are adjustable for different width rows.

Clarendon, Phone 3 Texas

Lets Celebrate--

The 154th anniversary of the Declaration of Independence of these United States in a manner that will be highly pleasing to everyone.

Even through our place of business will be closed on that date, you will find us at some place in the crowd waiting and ready to meet you and help you enjoy this outing.

IT IS OUR DESIRE

To serve you better in the future than we have done in the short time we have been in business in Clarendon and for that reason we are extending you a hearty welcome with a wish that you will be so well pleased that you will return for other visits.

A New Ford

Would be just the thing you need to take that wanted vacation trip, or to fill the place that is left open for the second car you need around your farm.

Perhaps it is a truck you need, or a delivery car. You will find that we have just exactly what you need in any of these lines and that it will be most easily secured.

IN OUR SHOP

You will find a set of tools and the necessary equipment to make any repairs you may need on your car or truck. We have specially trained mechanics who do the work and you will find them especially well versed in handling the ills of the Ford car.

VISIT US REAL SOON

SOCIETY

Smith-Barnhart

Winding up a month in which weddings of wide social interest were unusually numerous, Miss Julia Mae Barnhart, daughter of Mrs. Dollie Barnhart of Pampa, will become the bride of Erman E. Smith of this city. The wedding will be solemnized tomorrow morning at 10 o'clock at the First Methodist Church in Pampa. Rev. Thomas B. Brabson will officiate. Tall floor baskets of pink gladioli and carnations will brighten the background of greenery which is to form the altar. Tall candelabra holding white candles will flank the sides of the altar.

Preceding the ceremony, Mrs. F. L. Elliott will accompany, Mrs. A. H. Doucette who will sing, "Because" and "At Downing." For the entrance of the bride party, Mrs. Elliott will play "Lohengrin's Wedding March."

Ushers will be John Barnhart and Horace Park. Miss Frankie Barnhart will attend her sister as maid-of-honor. She is to wear a lovely frock of flowered net over blush taffeta. With it she will wear a large picture hat of pink horsehair braid. Her bouquet is to be of pink sweetheart roses.

Mrs. Kelly Hamblen of Miami will serve as matron of honor. Her dress is of green net over pale green satin and her hat is of the same shade. Her bouquet will be of Ophelia roses.

The bride is to enter on the arm of her uncle, H. McBe. She is to wear a stunning gown of beige georgette made colonial style, with a full circular skirt, falling to the floor in the back. Her garden hat is of sun tan lace with a large bow of rose velvet tied in the back. She will carry a bride's bouquet of sun-kissed roses.

Bob Miller of this city will serve the groom as best man. An informal reception in the home of Mrs. Mel Davis, 1117 Christine Street, will follow the ceremony.

Mr. and Mrs. Smith will go to New Orleans on an extended honeymoon trip after which they will make their home in Amarillo. Mrs. Smith's going away costume is of tan and black crepe with accessories of tan.

Miss Barbara Burette Is Named Honoree

Miss Barbara Burette of Fort Worth, house guest of her sister, Mrs. Earl Alexander, was named honoree of two enjoyable affairs this past social week.

On Thursday Mrs. Alexander entertained with an early morning breakfast at her home which reflected admirably with extra touches of color brought out by the flowers used in table and house decoration.

Breakfast was served at 7:30. A delightful part of the day and the games of bridge were concluded long before the day became so warm.

Miss Mary Cooke played high

the honoree was presented with a lovely gift, emblematic of the high esteem with which her friends regard her. Those present to enjoy this affair were Mrs. Virgil Merchant of Stratford, Mrs. Durwood Skelton, Mrs. Frank Simmons, Mrs. Jack Montgomery, Mrs. Meade Haile, Misses Cleo Brown, Pauline Lane, Joyce Hopkins of Miami, Lotta Bourland, Eva Lee Morrison, Jane Killough, Maurine Wood, Nell Butler, Mrs. Ross Harwood Beville, Jr., of Amarillo.

The color scheme of pink and green were carried out in the decorations of the party room, and a lovely three course luncheon was served to the above guests.

On Saturday evening this same group were brought together again at the Country Club where a delightful picnic was enjoyed. The party motored out about 6:00 o'clock and enjoyed the cooling waters for a time before participating of the sumptuous picnic lunch spread out on tables overlooking the lake.

Mrs. Garrison Hostess To 1930 Needle Club

In keeping with our coming holiday, July 4th, Mrs. Garrison used symbols representing this holiday in her decorations Tuesday afternoon, when she was hostess to members and a few invited guests of the 1930 Needle club at the home of her parents, Mr. and Mrs. Frank Whitlock.

Needle work and conversation filled the afternoon hours with a delightful refreshment course being served at the close.

Miniature flags were given as plate favors. Attending were: Mrs. Carl Tyree, Mrs. Ralph Decker, Mrs. Joe Cannon, Mrs. W. A. Lead, Mrs. Frank Whitlock, Mrs. Vadie Carpenter, Mrs. Walter Wilson, Mrs. Marvin Land, Mrs. Bill Leverette, Mrs. Clarence Whitlock and Mrs. Buster Vaughn.

Kill Kare Kneedle Klub Entertained

Cool and inviting was the home of Mrs. Eugene Nolan Thursday afternoon where she entertained the members of the Kill Kare Kneedle Klub.

A profusion of garden flowers brightened the rooms and made a cheerful setting for the hours spent in needle work and conversation. Delightful refreshments were served to: Mesdames W. A. Land, W. A. Massie, Sam Kennedy, Bill Greene, Walter Taylor, Mrs. E. B. Brumley, W. C. Stewart, W. B. Sims, D. A. Downey, Eva Drafen and little, Miss Dorothy Ann Kennedy and Master Billy Lowe.

Pathfinder Holds Story Hour

Mrs. U. J. Boston pleased those present for the story hour Tuesday afternoon and many chuckles of delight were heard from the children as she related the adventures of the hero and heroine.

These meetings are growing in attendance and the stories seem more interesting than usual. Mrs. Will Johnson and Mrs. J. D. Stocking were sponsors and supervised the play.

Mrs. Ross Harwood Bevie, Jr. Honored

One of the lovely parties of the week was that given in honor of Mrs. Ross Harwood Bevie, Jr., of Amarillo, Saturday at 2 o'clock by Miss Esther Morrison at the Pastime Confectionery. The luncheon guests enjoyed themselves to the fullest extent, engaging in the fun and merriment of the occasion. At the close of the party

1930 Good Will Club Meets

Entertaining in her home, Mrs. T. D. Nored was hostess to members of the 1930 Good Will Club Monday afternoon.

Fancy needle work and the safe topic "The weather" was freely discussed among other subjects while the needle was applied and diligently plied to the work in hand. Guests of Mrs. Nored for the afternoon were Mesdames Don Martin, I. O. Noble, Will Johnson, Fred Russell, Melvin Cooke, Elmer Jones, Johnson and Blanton.

Miss Blackwood is Honored at Party

Honoring her house guest, Miss Geneva Blackwood of Vernon, Miss Elizabeth Kemp entertained on Friday at her home.

Bridge furnished the principal diversion for the afternoon and three tables were in the playing.

A dainty refreshment course was served at the close to: Mesdames Eunice Johnson, Pauline Shelton, Pauline Sanford, Carroll Holzer, Gene Bourland, Roberta Larson, Dorothy Joe Taylor, Mary Frances Caraway, Joannie D. Latson, Ruth Price and the honoree, Miss Geneva Blackwood of Vernon.

Business and Professional Women in Play

On Tuesday the members of the Business and Professional Women's Club met for their usual evening of recreation, this time it was golf played at the Boston-Cooke miniature golf course.

Miss Helen Weidman proved to be the most proficient at putting the little white ball over the velvety greens. About eighteen members enjoyed this outing.

Intermediates Enjoy Picnic Thursday

One of the most enjoyable picnics ever held by the Intermediate department of the Methodist Sunday school was that of last Thursday afternoon at the river.

A large crowd made the trip out and enjoyed the games suggested by the sponsors, Mrs. C. C. Powell,

CANYON CHAMBER OF COMMERCE SPONSORS TOUR

Canyon (Special).—Plans of the Canyon Chamber of Commerce are complete for the big day tour of the Palo Duro Canyons, on Sunday, July 13, when visitors from the Panhandle and Plains will be allowed to visit the beautiful canyons during the day.

Arrangements have been completed whereby the Lighthouse Canyons may be viewed by visitors. The roads leading into the Lighthouse have been closed for several months, but through agreement between the Canyon Chamber of Commerce and the stockmen controlling the pastures in the vicinity of the Lighthouse the roads will be opened for a time during the day. Sightseers will be given an opportunity to view the most colorful and scenic part of the Canyons by making a trip to the Lighthouse.

These canyons are located 14 miles southeast of Canyon and may be reached by following the main road leading east from here. The roads will have signs placed at the intersections making the route clear to the visitors so that no one need go on the wrong road. Regulations which are required in many of the large national parks will be enforced. Among them are that no fires will be allowed. No passing will be allowed inside the pastures. Cars must remain in the beaten paths and roads going in and returning in single file.

Definite instructions will be given at the gates when entering the various places to be seen enabling the visitors to see the most in the shortest length of time.

Gates to the Lighthouse canyons will be open at 10:00 a. m. Leaving cars will be stopped at 12 noon and remain open until 6:00 p. m. This will allow visitors to see another beautiful spot in the canyons. The Elkins ranch adjoining the Marshall place will be opened at the same time giving access to both ranches and various parts of the canyons at the same time.

The Elkins ranch and the ranch at the Lighthouse canyons are not open to the public at anytime

Mrs. E. G. Smith, Miss Ineva Hendrick and Mr. Lester Schull. The most interesting feature however was the bountiful lunch that was spread in the late afternoon. Ice cream cones delighted the party and very few can say that they have not had all the cones they could eat as there was an abundance for all.

W. M. S. In Meeting

Rev. Shepherd brought a splendid lesson of devotion, from the 3rd chapter of Ephesians, to the members of the W. M. S. of the First Baptist church, when they met in their regular monthly meeting Wednesday afternoon.

Mrs. W. M. Gray, the president presided over the business session. Quarterly reports were given by the chairmen of the various committees and plans for other work were discussed.

but it is through the efforts of the Canyon Chamber of Commerce that the owners have agreed to allow visitors to see the canyons at the time designated. However, the Marshall ranch is open at any time with a small admission charge for the cars entering. There will be no charge to enter the Marshall ranch, as well as the others, on Sunday, July 13.

Owing to the danger of becoming lost in the canyons no one will be allowed to go down into the canyons of the Lighthouse. However, the canyons at both the Marshall and the Elkins ranch may be entered, but the Lighthouse Canyons must be viewed from the top rim.

Owners of livestock ranging in the canyons have suffered losses of various kinds due to the careless visitors and therefore they have closed the gates leading to the canyons to the public at large. It is only through the efforts of the Chamber of Commerce that the more scenic spots may be visited on July 13.

TWO HEADSTONES RECEIVED HERE

The News was informed Wednesday that two of the Government head stones had been received for placement over the graves of Aubyn E. Clark and Roy Boswell. These were unloaded this morning and will be in place by the latter part of this week. Clyde J. Douglas, service officer for the local American Legion Post, stated that he now had a sufficient supply of application blanks for the receipt of these markers and that he would be pleased to make them out for anyone who desired one of the stones.

It may be of interest to those who might be interested that these may be secured free of charge by relatives of any soldier who died in the World War, the Spanish-American War or either side in the Civil War. They are of uniform size and may be set up so that they are easily read. The American Legion has made plans to set up all stones of World War veterans.

PRESBYTERIAN CHURCH

Robert S. McKee, Pastor. Sunday school, 9:45 a. m. No morning service, owing to pastor's absence. Union Evening service, 8 p. m. Rev. S. E. Allison will preach. Woman's Auxiliary Wednesday afternoon.

Misses Lois Alexander, Betty Walker, Wylfa Alexander, Nadine Haile and Elgin Patrick spent the last week end in Amarillo as guests of Miss Davella Kelly. Messrs Glen Casey and Harry Giberson of Amarillo were Clarendon visitors over the week end.

Mr. Frank Parcher is entertaining friends of California.

WEST CITY BOYS IN LEAD

EAST TEAM WINS FIRST GAME BUT LOSES LEAD IN SECOND

The team from the west side of the city is again resting one game ahead of the east club after a temporary tie with the opposition resulting from an upset in which the lads from the east handed the crack west team a neat trimming in last Friday's game. The eastern boys displayed a fine brand of ball in the Friday game, and turned in several sensational plays to help the cause along. It was an inspired team which took the field against the louted west crew in Friday's fray, and time after time the east boys would turn in sparkling plays to turn back the powerful assault of the Boykinmen. The score was 5 to 4 with a rally by the west sluggers falling just a single tally short of tying the score in the last inning. The east club jumped into the lead in the first inning and never relinquished it throughout the game, although the west team threatened almost every inning. In the final inning Captain Watson made a desperate attempt to tie the score when he hit one a mile for a home run with a mate on the paths. However this only closed the gap two runs and as the next two batters were easy outs the threat went to naught. A proof that the east players were on their toes and played real baseball is shown by the fact that in the fourth inning the west team filled the bases with no outs, but was only able to push over a single tally, due to one of the runs being cut off in a play at the plate, and a liner which was converted into a double play. This evened the percentage of the two teams play thus far this season with one loss and one win.

The Tuesday afternoon game went to the west side players by a score of 4 to 3, and again put the west side at the top of the league. It was a fast brand of ball with the pitchers giving up very few hits. The batteries of the east were Jackson and Hudson, for the west McAdams and Gorman. Jackson allowed four hits and four runs, and McAdams gave up only one hit and three runs. The score by innings were:

East	0-10-02-3-1-2
West	1-03-0x-4-4-2

The percentage standing for the teams now are:

West won 2, lost 1	666
East won 1, lost 2	333

The next game will be played Tuesday afternoon at 4 o'clock at the College park.

Mrs. James W. Adams and son, Jr., of Amarillo spent Tuesday and Wednesday of last week with Mrs. M. Stark and Mrs. Neal Bogard.

Mrs. E. L. Bailey and Miss Frankie B. Thomp Waxahachie are visiting with relatives here Mrs. M. Stark, Mrs. Heckle Stark, and Mrs. Neal Bogard.

The Rev. Swan has returned from Lubbock where he attended the Young People's Summer Conference, of which he gave a favorable report.

Miss Elizabeth Beecher, representative of the National Women's Auxiliary was present and was the guest of Miss Katherine Patrick, enroute to her home at Hastings, Neb.

Misses Florence Fink and Wylfa Alexander and Kenneth Fink spent last Thursday in Amarillo.

Mrs. W. M. Montgomery returned last Saturday evening from Amarillo where she had been for some time for medical attention.

Mrs. F. C. Johnson is visiting with relatives in Ennis, Texas this week.

Little Miss Aileen Bevis of Amarillo is the entertaining little guest of the grandmother, Mrs. J. B. Baird.

Mrs. G. T. Forester of Seymour, Texas, arrived Tuesday to attend the bedside of her daughter, Mrs. Cecil Longley.

Dr. and Mrs. C. W. Galloway returned Monday from Oklahoma City and Clinton where they had visited with relatives and friends.

Mrs. Jimmy Rawlins and children of Shamrock returned to their home Wednesday after a visit with her mother, Mrs. W. A. SoRelle.

Mrs. Gordon Jordan and children of Tulsa who have been the guests of her mother, Mrs. W. A. SoRelle returned to her home Thursday.

Miss Margaret Gladden of Oklahoma, Miss Virginia Martin of Kingsville, Texas, and Miss Viola Martin of San Antonio are guests in the J. W. Martin home this week.

Miss Orene Hudgins returned last Sunday from Santa Ana, California, where she has been since the first of the present year, visiting with relatives and teaching.

Mr. and Mrs. George Green and daughter Miss Lodi left Wednesday afternoon for Dallas and other points where they will visit with relatives while Miss Lodi goes through a clinic.

JOHN FLEMING FUNERAL HELD THIS AFTERNOON

From the family home in West Clarendon this afternoon at four o'clock the funeral of John Fleming, who died by his own hand Tuesday shortly before noon. The funeral service will be read by the Reverend L. L. Swan, rector of the Episcopal Church of this city, and the Masons will be in charge of the burial. Just a few minutes before twelve o'clock Tuesday, Mr. Fleming walked into Kerbow's hardware store, and on back to the office as if he was going to write a letter, something he often did, and no one noticed anything unusual about his manner. A report of a pistol and a fall of the body brought instant attention, but it was too late—John Fleming was no more.

Mr. Fleming had been in ill health for many months and was known to have been despondent over his condition. He was seventy-two years old and had friends who mourn his passing. He was in the drug business and has been connected with drug stores for the major part of that time in this city, and the old settlers remember him as a good business man, a splendid druggist and a princely gentleman. One of the young, progressive farmers of Donley County often recalls that Mr. Fleming made little loans to him and aided him in many ways as a lad, showing that generous nature and understanding of boyhood which he will always associate with the memory of the departed friend.

Mr. Fleming was born at Weverly, Ill., Feb. 18th, 1858, where he lived until young manhood, when he moved to Medicine Lodge, Kans., on the then frontier of civilization. After some years in Kansas where he was connected with a drug store, he moved to Colorado where he met and won Miss Ada Traylor, whom he married in 1830, and who with one son, Jephtha Fleming, of this city, now survives him. A daughter, Kitty Fleming Cooke, died some ten years ago.

The family moved to Texas and located at Childress for a few years then came to Clarendon and have lived here for the past twenty-eight years. During all these years the deceased and his family have been among the first families of this community.

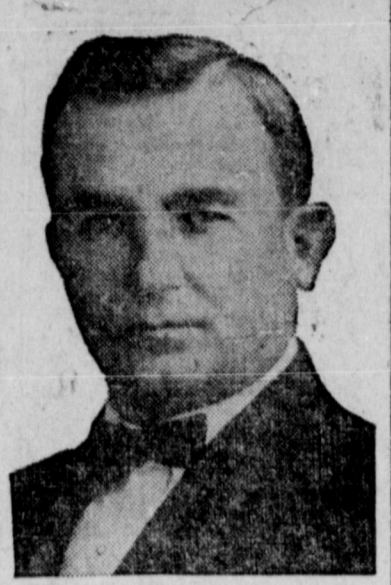

Besides his immediate family, Mr. Fleming was survived by a brother, Jim Fleming of California; two sisters, Mrs. M. M. Bradley of Chatham, Ill., and Mrs. C. H. Shaw of Lancaster, Texas. Mrs. Bradley arrived here Wednesday for the funeral services. Mrs. O. J. Stone of Sweetwater, a niece of Mrs. Fleming, is also here for the funeral.

The pall bearers are: Allan Jeffries, Wm. Barefield, Hugh Brown, Chas. Killough, Clyde Douglas and Bennett Kerbow, all Masonic brethren of the deceased. A large concourse of friends attended the service and the sympathies of the entire community go out to the bereaved household and sorrowing relatives in this their great loss. May Peace and Comfort from a Loving Father be theirs.

Mrs. James Trent, Mrs. Frances McClellan and daughter of Tulsa motored to Amarillo Tuesday where Mrs. McClellan and daughter boarded the Rock Island for El Paso, where they will visit the parents of Mrs. McClellan. Mrs. Trent returned home late in the afternoon.

Rev. Robert McKee and son, Robert, and A. L. Chase left Wednesday for Ceta Canyon where they will attend the five day camp for the teen age boys.

For Railroad Commissioner

Senator Nat Patton of Crockett, Houston County, announces for Railroad Commissioner. He was reared 20 miles east of Crockett; taught school; served as a member of 33rd House of Representatives; served four years as County Judge, Houston County; member of 41st Legislature, representing 5th District in State Senate. From pioneer East Texas Democrats. 47 years of age. Married, four children.

Mrs. W. A. SoRelle returned Thursday from San Antonio where she had spent about ten days vacationing.

Miss Cecelia Atteberry and friends from Pampa were visitors at the Country Club where they were joined by friends from Clarendon Tuesday night.

Mr. and Mrs. Cecil Longley announce the arrival of a baby girl on Sunday. Mr. Longley is a mail carrier in the Silverton route and he with his family have lately moved here and are occupying a part of the Geo. Bagby duplex on College Hill.

Mrs. Walter Parker from Pampa spent a few days last week in Clarendon with her husband who is attending school at the College.

Rev. and Mrs. C. A. Sutton of Coolidge, Texas, are here for a visit in the home of Mr. and Mrs. Homer McElvaney and with other friends.

Mr. and Mrs. Joe Cluck and daughter, Virginia and Mrs. Reeves, mother of Mrs. Cluck left Monday for Colorado where they will spend the month of July.

Miss Geneva Blackwood of Vernon who has been the house guest of her friend, Miss Elizabeth Kemp, returned to her home last Saturday.

Lilliputians Sell a Chevrolet

The above scenes are from a novel sales training film by Chevrolet Motor Company. Salesman and prospect are pictured as were the little men in the famous story, "Gulliver's Travels." In one scene, salesman and prospect, in diving suits, are inspecting the oil-filled crankcase. In the other, back in street clothes, they are on the front seat studying the steering and shifting equipment.

ITEMS OF INTEREST IN DONLEY

BRAY

Sunday school at the regular hour with a very good attendance. Kenneth Bain who has been helping W. O. Hill in his crop left Saturday to help his brother, Carl Bain, near Spearman to harvest his wheat.

Measured by the electrical output varistick, business conditions in Texas are eight time as good as the average over the United States. For the last three months, Texas' electrical output gained 8 per cent against an average over the United States of 1 per cent.

NOTED SPEAKERS TO BE FEATURE OF SHORT COURSE

College Station, Texas, July 2. —Addresses by speakers of national repute in agricultural matters, a women's program on homemaking that is expected to be the most comprehensive in years and full programs for 4-H Club members as well as detailed subject matter programs for various group sessions are in store for the crowd of 5,000 expected to attend the twenty-first annual Farmers Short Course July 28-Aug. 1, at the A. & M. College of Texas. Detailed program will be announced soon, according to H. H. Williamson, vice-director and state agent of the Extension Service.

Attendance of 4-H Club boys and girls is expected to equal last year's record of 1,700. In keeping with custom special rates will be granted by the railroads, it has been announced.

Speakers on the general program will include F. W. Schillings, of Minnesota, member of the Federal Farm board; Dr. O. E. Baker, senior agricultural economist; bureau of agricultural economics, U. S. Department of Agriculture; D. Gus Dyer, professor of economics, Vanderbilt University, and editor Southern Agriculturist. Mr. Schillings will discuss Farm Board politics as related to dairy and poultry marketing. Dr. Baker will give a series of four lectures on land utilization dealing with trends in agricultural production, in consumption of farm products, in population and their agricultural significance and the world situation in agriculture. Deon E. J. Kyle, of the school of agriculture, A. & M. College, will discuss "Chief Factors in the Present Agricultural Situation."

Homemaking program for the women's group will include the following speakers: Cora Mae Walton, Dallas public schools; "Child Care and Training," Dr. Jessie Whitaker, chief, division of rural home research, Texas Agricultural Experiment Station, "Food Fallacies," Mamee Lee Hayden, specialist in home industries, Extension Service, "Marketing Home Products," Susan Bates, Cotton Textile Institute, New York, "Style Trends in Cotton Materials," Mary Anna Grimes, textile and clothing specialist, division of rural home research, Texas Agricultural Experiment Station, "Selection and Care of Synthetic Fabrics."

Program for 4-H Club members will include contests in terracing, livestock, dairy and poultry judging for boys and 4-H appropriate dress contest for girls.

The afternoon subject matter group program for men will be in three divisions, poultry, beef cattle, sheep and goats, dairy cattle and swine; and field crops and horticulture.

TRAFFIC CONTROL REDUCES ACCIDENT FATALITY GAINS

Agitation for licensing of automobile drivers will be aided by the survey of Nation's Business which shows that in the North-eastern states where improved traffic control has made greater headway than in most sections, the fatality increase from 1920 to 1928 was 76 per cent, while in the Middle West it was 134 per cent and in the South, where no states have licensed drivers, the increase was 259 per cent.

AVERAGE U. S. FAMILY'S AUTO EXPENSE IS \$776

The average American family spends \$776 a year on its automobile or automobiles and \$134 on gas, according to a speaker before the N. E. L. A. meeting in Hot Springs, Ark., recently. It spends \$65 on tobacco, \$35 on candy, \$100 on cosmetics and \$33 on electricity.

Texas had 7,021 farms electrically served from transmission lines at the end of 1,236 over 1928, but only 1.5 per cent of the 465,646 farms in the state.

THE NEW TEXACO Motor Oil Is Here

A radical departure from motor oils that have been in use for the past quarter of a century, they present an oil that meets all the requirements of modern-day motorists—that lasts longer and that is crack-proof.

A COMBINATION

Of Texaco Motor Oil and Texaco Ethyl Gasoline will make your motor car perform as though you had a new car instead of one that has been driven for many thousands of miles.

Out Of Business

That's what we are planning to be all-day July Fourth. We are going to close our store and celebrate right in Clarendon with Donley County folk and show that we are for the county and all the folk in it.

We hope to meet many of those with whom we have mixed in the trips to communities visited in the past few weeks and express a desire that you may enjoy the program of entertainment that has been prepared for your enjoyment.

Our store will be filled with all sorts of things of interest to you on the Fourth and we ask that you look at our windows when you are in town for the celebration.

On Saturday

We are offering the greatest array of bargains that have ever been gathered in our store for an event of this sort. This is to be the closing day of a series of DOLLAR DAYS and we are certain that you will find just what you are seeking when you visit our store on that date. Make a purchase of \$1.00 and more and then guess at the amount of money we have in the jar in our window. You will probably be surprised at the total, but then there is the opportunity of winning a valuable prize if your guess happens to be nearest the correct amount contained therein.

VISIT OUR STORE SATURDAY ANYWAY

GREENE Dry Goods Company The Big Daylight Store

We Extend--

A hearty welcome to you to enjoy this day that has been set aside for your pleasure and enjoyment. We will not be in our place of business on Friday, but will be mixing with the crowd and hope to see all of you at some time during the day.

American Motor Tourists in Europe Increasing; Now as Simple to Take Auto as It Is to Check a Trunk

Map showing main automobile roads of Europe

The wide, wide world instead of the North American continent is now the field of the American motor tourist. An ever increasing number of Americans, according to steamship officials are taking advantage of the situation and are motoring in Europe. The transportation of an automobile to and from Europe has been made quite as simple as the handling of a piece of baggage and the cost of travel according to those who have been over the ground is such that it is less costly for a party of three or four to take their car to Europe and tour than it is for the same party to go in the standard way. About 8,000 cars will be taken to Europe by tourist this summer.

There is no trouble. Two simple forms are filled and with the home town driving license they are presented either to your automobile club or to the steamship company. These organizations do the rest. The person transporting the car drives it to the embarkment pier one day before the time of sailing. He gets a baggage tag for the car and does not see it again until he goes through the European customs. Either on time or within a half hour the car is on the pier for him.

It is equipped with international license plates. As he steps into it he has his foreign driving license, his customs pass and is on his carefree way.

In Europe he has a magnificence of opportunity that is unequalled. The roads are equally good with American roads and there are more miles of them. The country is not only varied in topography but is varied nationally and racially so there is something new for every mile—the tourist can drive over a road built by Julius Caesar before the Christian era or over a road laid by Yankee dough boys to help win the war. He can see battlefields in ruins and restored. He can view, almost as if it were vanished but yesterday, the entire age of feudalism. He can see where the Moors left their mark on continental Europe and the castles where the Borgias and Leonardo da Vinci flourished.

One party of four girls, according to a check, made the complete European tour at a cost of five dollars a day each—about the cost of staying at home.

In order that prospective American tourists may have a knowledge of just

what to expect in touring Europe and just how to get there the United States Lines has prepared a detailed automobile road map of Europe and complete information about getting there. The company will furnish the readers of this paper with a copy of the map and the information. Those desiring one may write direct to the United States Lines, 45 Broadway, New York, New York.

From the standpoint of climate Europe is about like the United States. In the summer, spring, and fall the roads are in perfect condition. In Northern Europe in mid-winter roads are snow covered and many of the mountain passes are closed, but in the South there is an area corresponding to our own South. An ideal time to tour is in the late summer and early fall. Then one can tour in the Northern countries first and later work southward where he has thousands of miles of delightful road from Spain across France to Italy and then to Greece and on into Turkey. He can cross into Northern Africa and there encounter a delightful road system and variety of interest that is unsurpassed.

Camp Fire Girls Have Busy week

This week has been a busy seven days for the members of the Sacajawea and Kicuwa camps of the Camp Fire Girls. The week had been set aside for Camp Fire Girls' Week, and as in the past the Clarendon girls have been doing many things and improving the city. Under the capable leadership of Miss Lorena Stegall the girls have organized two of the most active camps in this section of the Panhandle, and their work is to be commended to the fullest extent. Clarendon is proud of its Camp Fire girls, and their appreciation of the support given them by the citizens of the city is being shown by their splendid work this week.

Monday the members met at the Girl's Dormitory and spent the day placing appropriate decorations about the banquet room where they will entertain their mothers and fathers with a fine banquet. Tuesday the girls were on the streets of the city securing the pledges of the business men to take the proper care of the American flags when they are displayed. The pledge secured the promise of the citizens to take down their flags at sundown. This is one of the most fractured rules in flag etiquette, and beginning with the Fourth the people of the city should act accordingly in regard to this important rule. The children of the city under twelve years of age will be the guests of the Camp Fire Girls Wednesday afternoon at 4 o'clock at the South Ward School. A large attendance is expected to be present for this feature of the week's work. The fathers and mothers of the girls will be banqueted Thursday night at the Girls Dormitory. Friday will find the members of the two camps visiting the shut-ins of the city and leaving a path of sunshine with the unfortunates wherever they go Saturday has been designated as Camp Fire Day for the whole week, and will be given over to the Camp Fire work of the members. Sunday evening the girls will meet at the First Christian church at 8:30 where the girls will give a church council fire. The entire public is cordially invited to attend this program.

Below is the list of citizens and business firms who signed the petition concerning the flag. Piggly Wiggly, Antro Hotel, Clarendon News, M. System, Shelton & Sanford, Clifford & Ray, Stocking Drug, O. D. Skelton, W. W. Taylor, Joe Goldston, Bryan Miller, E. W. Taylor & Sons, Greene Dry Goods Co., P. H. PERSONALS

Elder and Mrs. D. L. Hukel and family left this morning for Central Texas, where Mrs. Hukel and the girls will visit her relatives near Hico, while Elder Hukel conducts a series of revival services in that section of the state. The first series is to be held at Jayton and is to start Sunday.

Mr. and Mrs. Joe Cluck and daughter, Miss Virginia, left Monday morning for a vacation trip to Yellowstone National Park. They expect to be out of the city for the next three or more weeks.

Mr. and Mrs. Austin O'Neal and children and Clint C. Small, Jr., all of Wellington, were visitors in the T. D. Nored home last Friday evening.

Mrs. Eva Draffen was a weekend guest of her sister, Mrs. Olen Walker and Mr. Walker of Amarillo.

Mr. and Mrs. W. H. Rogers and Mr. and Mrs. Roy Rodgers and baby left Saturday of last week for Hot Springs, Arkansas, where they will spend a ten days vacation.

Dr. and Mrs. C. G. Stricklin and Miss Beverly Gray, Mike Stricklin of Groesbeck and Miss Martha Ralph left Tuesday morning for Colorado, where they will spend the month of July on vacation. Dr. Stricklin stated that they might visit Yellowstone Park while out, but that this part of the trip was uncertain.

Mrs. Fred Rathjen and son returned to their home here Sunday morning after a month's vacation spent with her parents and with friends in San Marcos.

Mr. and Mrs. U. J. Boston and children returned to their home here last Thursday from Fort Worth, where Mrs. Boston and the boys visited while U. J. attended a session of Piggly Wiggly owners in Ardmore, Okla.

Miss Polly Wilkerson of Nashville, Tenn., and Miss Sarah Williamson of Iowa Park, who have been house guests of Mrs. B. C. Antrobus returned to Iowa Park on Thursday.

Friends of Mrs. E. Dunn, who was operated on a short time past for appendicitis will be glad to learn that she is back in her home and that she is recovering very nicely from the operation.

Miss Lela Lamon, local manager for the State Telephone Co., returned the latter part of last week from her vacation.

Mr. and Mrs. B. O. Creless and daughter from San Antonio are in the city visiting with A. M. Beville, Sr. Mrs. Creless is a daughter of Mr. Beville.

Miss Edna Montgomery returned to her home here Sunday evening after some four weeks in Dallas for medical attention and treatment. She is reported to be much improved.

A Glorious Fourth

Is the wish we are extending to the many visitors who will be in Clarendon on that day.

Our store will be closed all day, Friday, July 4th, and we hope to meet many of the patrons of our place of business as they are in the city for this occasion.

We want you to enjoy the program that has been prepared for your entertainment and hope you will return for others that will come in the future.

A Hearty Welcome

Is extended those who come here for that day of all days and the hope is that you will be well pleased with all the events.

We wish for you and all yours a most enjoyable event and hope there will be no clouds to mar the pleasure of the day for you.

LOOK AT OUR WINDOWS WHEN YOU ARE HERE

Rathjen's Shoe Store

Shoes and Hosiery

LUMBER

Is not ordinarily considered in connection with a celebration of the Nation's Birthday. How many of you would be able to enjoy the day were it not for the presence of this necessary building material?

A NEW FARM HOME

Will use much of it in its construction and you will find that we have the lumber and other materials you will need in its construction. In addition to this, we have the plans and can furnish you with complete specifications for the very home you are wanting.

COME IN SOME DAY

We'll be pleased to go over your problems with you, whether it be the building of a chicken coop or the erection of a new home or a barn. It's our job and we are pleased to be of any assistance to you.

A feature of the new building of the Dallas Gas Co., now starting construction, is an arrangement of four rooms planned to resemble a modern home—laundry, kitchen, dining room and living room, equipped with all modern gas appliances used in modern homekeeping so visitors may see them in actual operation.

REXALL STORE MAKES NEW CHOCOLATE ICE CREAM BALL

The Rexall Store's confectionery department now has become a manufacturing business. As yet their labors are only sold in their business. The commodity is in the form of an ice cream ball covered with chocolate on the end of a stick. The sale of this refreshment confection has been enormous in the past few weeks, and is rapidly displacing the ice cream cone in the favor of the public.

Street railway companies in the United States purchased and put into service more new cars in 1929 than for several years past, the figures being 1,374 as compared with 897 in 1928. In the same time 2,325 old cars were junked or sold, a new record in the industry.

State Candidates "Shelling The Woods" Over Texas

EARLE B. MAYFIELD IN RACE FOR GOVERNOR

Denison, Texas.—Reiterating opposition to the proposed \$350,000,000 highway bond plan, Earle B. Mayfield, candidate for governor, addressed a good size audience here Wednesday night after having spoken at Sherman in the afternoon.

"The people of this State are in no mind for such a stupendous debt to be thrust upon them,"

EARLE B. MAYFIELD

The speaker declared, "There are enough funds accruing to the Highway Commission for an expansive program and enough to meet county road obligations, relieving them of that tax. The proposed plans which I oppose would reimburse the counties only on condition that they use the money for lateral roads, but does not provide for any tax relief whatever. If you vote for this large debt, it will probably fall upon your children and grandchildren to pay it, for there is no telling what will happen to the gasoline tax."

"The Legislature may cut it in half or do away with it entirely, and unless your property backs up the gigantic issue, what bonding house would risk buying the bonds? What is needed is a permanent policy of construction, a financial plan to be worked out, and with millions of dollars always available, this can be done. The State should pay the entire cost of constructing highways."

"While taxes can not be lowered, they can be shifted so as to relieve the property owners," he continued, "and the ad valorem tax should be removed. Among other things, we could increase the taxes on franchises and charters and extend the intangible asset law, all of which would give plenty of money for appropriations."

He also urged a tax on chain stores, foreign owned and controlled, suggesting a gross receipts levy, adding, "They use a shovel to scoop up your money and then bank it in New York, without contributing a cent to the community in which they operate. I am the only candidate championing the cause of the independent merchant."

LOVE MAKES SPEECHES AT TYLER AND TERRELL

Tyler, Texas, July 2.—The record of Cene Johnson, veteran Texas politician, was aired here Wednesday night by Senator Thomas B. Love, Dallas candidate for Governor, speaking in the interest of his campaign. Mr. Johnson's name was brought into the campaign as the result of a speech made here recently, in which Mr. Johnson was quoted as having said that "Tom Love is running for Governor in the idea of clipping the claws of the Tammany tiger."

"Mr. Love referred to him as 'my friend and fellow-battler for the cause of good government.'" "Cene Johnson is right when he says that I am trying to clip the claws of the Tammany tiger," said Mr. Love. "He might well add that I am the only candidate for Governor in the first of eleven years who was not lined up with John J. Ruscoe and Tammany Hall in 1928 to elect a wet Tammany sachem President of the United States."

"Tammany Hall ought not to be given by the Democrats of Texas in the coming primaries the great advantage of nominating for Governor a candidate who is not outspokenly in favor of clipping the claws of the Tammany tiger. A Tammany victory in the coming primaries is a victory for booze and for the domination of the Democratic party not only in Texas, but in the Nation by the wet Wall street millionaires."

Senator Love spoke at the city hall at Terrell Wednesday afternoon. He was introduced by L. A. Maricham.—Dallas News.

ROSS STERLING IN GOVERNOR'S RACE

Below is excerpts from Candidate Ross Sterling's speech delivered at Huntsville. Mr. Sterling is a Houston candidate.

"In any system of county aid for state highways, the tax bur-

den is inevitably unequal, unfair and unjust. Counties which are least able to furnish a half or a third of the cost of building state highways are the ones upon which the heaviest burden falls. Your own county of Walker is paying \$1.55 on the hundred dollars valuation, for road purposes. One of the main highways through Walker county connects the great cities of Houston and Dallas. I leave it to any fair minded citizen that Harris and Dallas counties receive more benefits from this main route than Walker county receives. Yet by reason of their enormous property values, Harris and Dallas counties will pay only a few cents, slightly over 20 in one case and less than 20 in the other, for state highway construction.

Counting the millions of dollars in county aid furnished every year, and resting as a tax lien upon the farmer, the ranchman, the home owner, the merchant and business man, Texas is receiving at present enough revenue to carry forward a reasonably large program of highway development. But if we are to reach the goal which seems desirable, if we are to make the users of the state highways pay the entire cost of building and upkeep, we must quit reminding that the counties bond themselves for state highway purposes. We must quit sending delegations to beg that rural communities vote bonds for the purpose of closing the gaps in major routes. At present, this form of persuasion unfortunately seems necessary.

It would be my purpose as governor to study carefully our state taxing system and the best means of remedying the inequalities which exist. I am confident that an adjustment helpful to the people of Texas can be brought about. Citizens of small means are being taxed too heavily, in my opinion, while some of the wealth of Texas is not paying its just share of taxes. The business interests of the state should have nothing to fear from a wise revision of our tax laws since business benefits from a wholesome economic condition of the people generally.

It is almost universally agreed that the state's penal institutions need to be put on a sounder and better basis. There are differences of opinion as to the best methods of bringing this about. Progress toward good business management of the prison system has been made in the last three and a half years, but there is need for further improvement along those lines.

As governor I shall apply the force of the office to enforcement of the prohibition law and all other laws, and will help all I can to facilitate the legal machinery of the state.

JAMES YOUNG IN RACE FOR GOVERNOR

Fort Worth, Texas.—Voters of Texas this year will have an opportunity to vote on one of the most outstanding statesmen since the days of Hogg, Ross and Culberson, for Governor.

He is Hon. James Young of Kaufman, who served for ten years in Congress, and retired without opposition with one of the most enviable records of achievement of any man who ever went to that famous body from Texas.

Young is a believer in tax reform, a prohibitionist, a member of the Baptist church and has never voted anything but a straight Democratic ticket.

He is a native Texan, born in Bask county, 63 years ago, and through his hard work both in private and public life has become one of the leaders of his party in Texas, and a successful man in his own business and profession. He has applied business methods to farming, and as a result is known as one of the most successful farmers in his section.

His knowledge of agricultural conditions and his practical application of this knowledge rendered him one of the most beneficial men to the agricultural interests who ever served in Congress, and his record in behalf of the agricultural and livestock interests is an outstanding accomplishment, which is recognized by growers all over the United States.

LYNCH DAVIDSON MAKES STATEMENT TO VOTERS

Houston, Tex., June 30, 1930. TO THE PEOPLE OF TEXAS: So very many of my friends, including newspaper friends, throughout the State have asked my opinion respecting the various candidates and particularly those running for Lieutenant-Governor and State Treasurer that I am taking this method of answering. I have a personal acquaintance with practically all the candidates for Lieutenant-Governor, and unhesitatingly recommend Senator E. E. Witt of Waco, Texas. In electing a Lieutenant-Governor we should bear in mind that circumstances of various kinds may at any time cause him to be governor of Texas. Senator Witt is a man of able qualifications, a gentleman, and will fill the office to which he aspires with honor and ability. I would most appreciate your supporting him.

In respect to the office of State Treasurer, the Honorable John E. Davis, Editor of a newspaper, in Mesquite, Texas, is a man I have

ROBERT LEE BOBBITT FOR ATTORNEY GENERAL

Stressing the point that the Attorney General of Texas should recognize the trust imposed upon him, General Bobbitt recited a number of important questions, including his department's action on the rural school bill, which had been successfully handled.

"Just 24 hours after plaintiffs had perfected an injunction tying up \$5,000,000 in the rural aid keep approximately 4,000 rural school children, the attorney general's department had the higher courts suspend that injunction and leave school officials at liberty to administer the fund and keep approximately 4,000 rural schools open," he declared.

Prompt action by the State legal department averted a real crisis in the field of education and further exemplified the duty of his department to stand ready at all times to fight for those things consistent with the constitution and laws of the state, he pointed out.

Touching on the recent Sherman riot, General Bobbitt said he would in the future, as in the past, render communities assist-

ROBERT LEE BOBBITT

ance to safe-guard the law in any locality when requested to do so by local officers and citizens.

"I did not hesitate, and am now engaged, upon the request of the officers and people of Grayson County, to assist in an effort to bring to justice the individuals who are responsible for the mob violence and the burning of the courthouse in Sherman recently, and of ruthlessly destroying property and threatening the lives of citizens."

"In short, it has been and will continue to be my policy to face the Constitution and statutes of my State squarely; to remember the oath of office prescribed and to fulfill every duty and responsibility that may confront me without regard to any considerations other than the law and the public welfare of the citizenship of Texas under the law."

JAMES ALLRED IN RACE FOR ATTORNEY GENERAL

Wichita Falls, Texas.—Wichita County pledged its support to James V. Allred, who brought his campaign to the homefolks for the first time at a rally staged by the "Allred for Attorney General Club" at the Kemp Hotel Wednesday evening. The rally which was arranged by local friends and supporters after Mr. Allred had announced that he would speak over KGKO radio station, came as a complete surprise to the candidate.

In opening his talk, Mr. Allred said that he did not care prepared to make a regular campaign speech, but merely wanted to report to his friends, the progress of his race and the enthusiastic support which his candidacy was receiving throughout the State. He recalled the race that he made four years ago, when with the help of his friends, he secured the endorsement of 356,000 voters of Texas, being defeated by a mere 4046 votes. He stated that outside of Harris County, the home of his then opponent, he received a majority of more than 12,000 votes over the state generally, and that when his friends placed his name on the ticket two years later, he refused to oppose the then Attorney General for a second term. Without criticizing the Governor, the speaker called attention to the fact that the wishes of the vast army who supported him in 1926, had been ignored in the appointment of one of his now opponents to succeed General Pollard, who resigned last year.

The candidate pointed to his record as an official and citizen, the support which he received in the last campaign, and the fact that he is now four years older and better qualified, as justification of his claim that he was entitled to receive the nomination.

JOHN E. DAVIS FOR STATE TREASURER

The people of Dallas County have honored me with election to the Legislature nine times, giving me longer service in the House than any other person in the history of Texas. I was first nominated with a plurality of about

2,400 over my nearest opponent, the plurality system being in effect at that time, and at the last general primary I had a majority of more than 14,000 over the combined votes of two opponents.

Since the first primary I have never failed to have a large majority over the combined vote of all opponents. This I regard as a testimonial from those who know me best as to my character as a man and my devotion to my duty as a Representative.

During the last five terms in the House I have served as chairman of the Committee on Contingent Expense, having charge of the purchase of all stationery, supplies and equipment and the payment of all bills covering the contingent expenses of the House, and Speakers Ewing Thomason, Chas. G. Thomas, Lee Satterwhite, Robert Lee Bobbitt and W. S. Barron, who appointed me, have commended me for the careful and painstaking manner in which I have handled that work, and I have often been referred to as "the watchdog of the contingent expense fund."

As a member of the Legislature, I have been faithful in attendance upon the sessions and have voted consistently for economy and with the moral forces. I have never introduced a "by request" bill, prepared for and designed to benefit some special interests or small group of persons, keeping in mind the fact always that I was elected by the people, and trying to be their representative in the fact as well as in name.

Prior to my election to the House, I served two terms as a clerk in the House and once in the Senate and also served four terms as mayor of my home town.

My long service in the Legislature and my contact with the

JOHN C. DAVIS

various departments has given me experience that I feel will be of value to the people of Texas if I am elected to the office of State Treasurer, and has also given me a wide acquaintance over the State, for my friends include practically all state officials and members of the Legislature since 1903, many newspaper men and others, and fortunately for me, some of these friends live in almost every community in the State. Ask them about me.

I hope those who read this will pardon me for having referred to the confidence expressed in me by the people of my county and for my work in the Legislature. I have not done so in an egotistical or boastful spirit. For myself I make no claim other than that I

have been honest and have tried to be faithful to the trust reposed in me.

I was born in Georgia 55 years ago and was reared principally in Tennessee; came to Texas and Dallas County in 1896 and since 1899 have been editor and publisher of The Texas Mesquite at Mesquite. Have a family of a wife and four children; two sons who are newspapermen, and son in the U. S. Navy and a daughter at home.

I feel that I am qualified to fill the office I seek in an acceptable manner and if thus honored by the people of Texas, I pledge myself to an honest, painstaking, fair and faithful performance of the duties thereof.

JOHN E. DAVIS.

EDGAR WITT IN RACE FOR LIEUTENANT-GOVERNOR

Waco, Texas.—The announcement that former Senator W. H. Bledsoe of Lubbock has withdrawn from the race for Lieutenant Governor was pleasing to the supporters of Senator Edgar Witt of Waco. The Lubbock man was looked upon as a formidable candidate, due to his long service in the legislature and his wide acquaintance in West Texas.

When informed of Bledsoe's withdrawal, Sen. Witt stated that he now felt certain of winning the nomination in the first primary. An earlier development favorable to Witt's candidacy was the announcement that Hon. Tom W. Perkins, of McKinney, formerly a state senator, would not make the race for Lieutenant Governor.

Senator Witt has served longer than any other member of the present session, one exception.

He was elected in 1918 while still away in the army, and has served continuously since. He has been very active in prison reform, judicial reform, State University and educational legislation.

W. GREGORY HATCHER FOR RAILROAD COMMISSIONER

W. Gregory Hatcher, now serving his sixth year as State Treasurer has announced his candidacy for the office of Railroad Commissioner to fill the vacancy created by the death of the late Clarence Gilmore. Mr. Hatcher says that in asking the voters to promote him to this position they are only being asked to follow the precedent heretofore established of promoting heads of the Departments of the State Government to the office of Railroad Commissioner. He stated that one of the members of the present Railroad Commission served four years as State Comptroller, and another four years as State Treasurer, immediately prior to their being elected to their positions. He says that he has served as State Treasurer for six years, and this together with his experience in the business world, and 12 years experience as a practicing lawyer immediately before assuming the duties of State Treasurer, have qualified him to ably discharge the duties of the office of Railroad Commissioner. If elected to that office he states that he will continue to regard "a public office a public

CLINT C. SMALL

CLINT C. SMALL IN RACE FOR GOVERNOR

Texas who would see their State live up to the splendid traditions to which its citizens are heirs, have come to feel that the political situation has developed into such a maelstrom of personal animosities and factional bitterness, that it is time for a complete and thorough elimination of the factors which are making a mockery of good government in Texas.

For years past, the State has been getting deeper and deeper into the mire of partisan politics until it has reached a point where measures are too often approved or condemned, not upon their merits, but upon the personality of the man or men who sponsor them and the personal grudges and political quarrels of the past. It is a well known fact that the election of any one of several of the candidates now offering for governor would certainly perpetuate, and probably increase, the inefficiency of governmental affairs by adding fuel to the flames of discord already existing.

In view of these incontrovertible facts, many politics-weary citizens are looking with hopeful

trust, and serve all the people with that fidelity to their cause which has characterized his every act as a public official.

Mr. Hatcher has made three campaigns for State Treasurer, receiving nearly 500,000 votes in each election and is very optimistic about his success in the present race for Railroad Commissioner.

eyes to the candidacy of Senator Clint Small of Wellington. Senator Small is in no way connected with any of the personal or political quarrels that have embroiled the State in endless and unnecessary strife at past primaries, and often resulted in the elimination of the most desirable and capable candidates. He is not hampered by political debts that must be paid, and his record as an office-holder and business man is clear and highly creditable. He declares that it is his conviction that "the people demand and should have, relief from partisan strife" and it is his belief that Texas needs a constructive business administration which will build up its institutions and develop its industries and resources.

Senator Small is opposed to increasing taxes and committed to the theory that coordinated and consistent effort will make it possible to get more out of the tax money we are now paying and he is known as a "go-getter" when convinced that what he is after is the right thing.

He is thoroughly sold on the possibilities of industrial development in Texas and believes that the expansion of industry will help the farmers by providing more and better markets for farm products.

As a Texan, he is interested in the progress and prosperity of the whole State and proposes a "sober, logical and constructive program of public policies and public administration" devoid of factional prejudices.

Mr. M. M. Noble and Mrs. G. G. Kemp motored to Amarillo Monday.

TRIPPERS FEEL COMMUNITY LIFE

TWO NEARBY COMMUNITIES VISITED LAST WEEK WITH LARGE CROWDS

Two more of the communities near Clarendon were visited the latter part of last week by business and professional men from the city of Clarendon.

The program Thursday evening at Naylor was so different that it drew much comment from the gathering as a whole.

The program for Chamberlain Friday evening was called upon the Clarendon business and professional men were again present for their share of the fun.

All candidates who were opposed for their offices were called upon to make short speeches to the gathering.

It has been estimated that more than one hundred were at Naylor Thursday evening, while the attendance on the Chamberlain political fest was nearer the two hundred mark.

Baseball Enthusiasts To Have Treat Fourth

The baseball fans of Donley County will have their fill of the National game if they will come to Clarendon the Fourth of July.

The next ball game will start at 4 o'clock and the fans will see two of the community teams of the county battle for the victory.

The third game of the day will be played between the winner of the East-West game in the morning and the crack Ashtola ball club.

The committee in charge of the baseball features are T. D. Nored, U. J. Boston, and Allen Bryan.

ITEMS OF INTEREST IN DONLEY

WINDY VALLEY

Sunday school at ten o'clock Sunday at the Baptist church.

Official Program Donley County July 4th Celebration and Picnic

Below is the program of events as they will be held in the city of Clarendon, tomorrow, July 4th. The entire county is urged to be present for the big celebration.

- 10:00 a. m.—East County vs. West County baseball game at College Park.
12:00 Noon—Mammoth basket dinner under trees near South Ward School Building.
12:30 p. m.—Turtle Race at place of dinner.
2:00 p. m.—Races and rodeo at College Park.
3:45 p. m. Band concert and candidate speaking at old Grammer School Building.
4:00 p. m. Brice vs Goldston baseball game at College Park.
5:30 p. m. Ashtola vs winner of East-West county baseball game at College Park.

Racing-Roping and Riding on Program

Touches of the old-time Fourth of July celebrations will be brought back to mind tomorrow at the College Park, when the rodeo part of the celebration takes place beginning promptly at 2 p. m.

The second event will be a cow pony race of 220 yards. The entrance fee is \$2. The first prize will be \$10 and the second will be \$5 plus the entrance fees.

The boy's pony race follows next in line with the winner winning \$5. There will be no entrance fee in this event.

The crowd will be entertained in the following event with a slow mule race that should evoke much laughter from all present. There will be an entrance fee of \$5 and the total fees will be divided into three prizes.

A calf roping contest will take the spotlight in the succeeding event. There will be three prizes taken from the entrance fees of \$5.

The next number on the program will be a goat roping contest with the three prizes divided from the entry fees, which will be \$2.

The concluding event on the afternoon's rodeo program will be the Bronc riding contest. Entrance fees will be \$3 and from the total will be divided into two prizes.

Entry's must positively be post Friday, July 4th, at 10 a. m. with Clyde J. Douglas at the Rexall Drug Store in Clarendon.

The committee in charge of the arrangements at the College Ball Park are Frank Whitlock, P. B. Gentry, and Cleo Newwood.

Mrs. C. A. Burton left last Sunday evening for Mount Sequoyah, Arkansas, where she will be for the coming three weeks in attendance on the Sunday School work in that place.

Following her completion of the work she will visit friends and relatives before returning here about August first.

Broadcaster Adopts Novel Device To Aid in Sports Announcing

Aviation Helmet Equipped With Transmitter Gives Greater Freedom.

When the words "Play Ball" went out over the radio to millions of expectant fans a new device was used by E. D. ("Ted") Husing, Columbia Broadcasting Company's sports announcer. Ball fans seated near Columbia's box saw Mr. Husing don an aviator's helmet in which there was incorporated a microphone. This gave the announcer complete freedom of movement and enabled him to give a more vivid and accurate description of the game, play by play.

In conjunction with Husing's helmet is the portable speech-input equipment, familiar wherever public affairs are in progress. For dinners, dances, and various forms of entertainment, the Western Electric Company manufactures portable equipment now in universal use by broadcasting companies. This is carried in two suit-cases weighing about 65 pounds each. One of these contains the amplifier and the

other mixing units. An additional box carries batteries for the power supply. The helmet used by Mr. Husing is identical to the one supplied to aviators for use with Western Electric two-way aviation radio telephone communication.

The mixing and control panel of the portable equipment may be connected with as many as three microphones located, let us say, in three different parts of a huge baseball stadium. One of these will pick up the music of the band, another the cheers of the crowd and on a third will be heard the voice of the announcer dominating the broadcast. As the various sounds are fed into the amplifier they are passed on through the mixing panel where certain features are tuned down while others are made louder. This is then transmitted over telephone lines to the broadcasting station where the program is put on the air.

W. T. C. OF C. TO ADVERTISE

NEW ADVERTISING SCHEME TO BE PLACED ON NATIONAL BASIS

STAMFORD, TEX., July 2.—*One-third upon stamps, one-third in 30 days, one-third in 60 days.*

It sounds like an invoice, and is precisely that. The West Texas Chamber of Commerce is in the business, just now, of selling 1,500,000 stamps and 300,000 booklet covers: the first real united effort the organization has ever made to advertise the West Texas territory on a national basis.

The stamps are air-mail size, in four colors, glued and gummed in sheets of 15, ten sheets to the book. The West Texas chamber sells each book for one dollar and throws in 30 covers for good measure. The local chamber of commerce, after making the purchase in bulk, in turn resells the stamps at a suggested price of a penny apiece, to local business houses; and, from its 50 per cent profit on the transaction, gets enough funds in hand to issue a piece of town advertising.

First Contract Made

The first sale on contract basis was made by D. A. Barden manager of the West Texas chamber, and J. E. T. Peters, manager of the service bureau and in charge of the selling campaign. They put the deal up to Abilene, for two reasons: (1) that city having lately entertained the general convention at which the stamp-poster deal was formally approved by resolution; and (2) as a compliment to the chairman of the publicity committee which handled it, Max Bentley, an Abilenian.

The Abilene Chamber of Commerce took its quota's worth \$500; and the Abilene Reporter-News made the first re-purchase on the penny-apiece basis.

Proceeding the Abilene sale, however, came offers to buy from Supt. Stamford, Sweetwater and San Angelo. Their respective quotas are: Spur, \$75; Stamford, \$100; Sweetwater, \$300; San Angelo, \$500.

Stamps

The West Texas poster stamps are highly lithographed, and each bears West Texas' now official slogan: "West Texas Raw Materials Capital of the World." In addition, the territory's resources are quickly set forth; one-half of the nation's cattle, two-sevenths of the nation's cotton, three-fifths of its oil, three-fifths of its wool and mohair, one-half of its cattle, maximum sunshine with moderate temperatures, the poultry-man's Paradise, etc.

The idea behind the stamp deal is to sell West Texas to the world; to put over in the minds of people everywhere, first the identity of West Texas; and second, its major possibilities. The trifling cost makes it possible for the great body of the citizenship to take part in actively advertising the territory, on a tremendous and ever-repeating scale, by placing stamps on outgoing mail, letterheads, envelopes, packages. As Manager Barden puts it, "The first purpose is to obtain the cooperation of business and professional men throughout West Texas in doing a real advertising job for West Texas; the second,

to tie more closely the members of the West Texas Chamber of Commerce and to build up a plan to advertise West Texas nationally."

Covers

The cover is standardized, highly lithographed in multi-colors, and produced in quantities so as to be available at a minimum cost. It adopts the idea of the rising sun—a trade mark for all present and future West Texas advertising; and, although advertising West Texas itself, allows each town to employ and prominently identify itself. Matter descriptive of the town goes inside the cover. It offers normally the most expensive piece of advertising literature—the colored cover—at a price far beneath that which any town can procure for itself on the individual basis. "These covers appeal to us greatly," said T. N. Carswell, secretary of the Abilene chamber, in giving his \$500 order to Barden and Peters, "for it happens that we are getting ready to put out a piece of literature on Abilene—and our message will be contained inside this beautiful standardized cover."

Profit to WTCC

The West Texas Chamber has already made its first order of 1,500,000 stamps and 300,000 covers from Wimberly Hubbard Co. of Fort Worth. The price was \$6,300, or at the rate of 6.3 cents for a sheet of 15 stamps plus three covers. The small profit accruing to the WTCC on sales will be used in issuing a piece of descriptive literature for itself. It is a deal which everybody wins and nobody loses.

The resolution adopted by the convention at Abilene read: "Resolved, that the convention adopt the publicity plan of stamps and booklet covers; that this committee be empowered to assess each member town with its fair quota of stamps and covers, which assessment will be subject to the final approval by each member town."

Peters is taking the proposition to 140 member towns, and quotas have been fixed on the following basis: 500 to 1,500 population, \$50; 1,500 to 3,000 population, \$75; 3,000 to 5,000 population, \$100; 5,000 to 7,500 population, \$150; 7,500 to 10,000 population, \$200; 10,000 to 20,000 population, \$300; 20,000 to 50,000 population, \$500; and over 100,000 population \$1,000.

FLAG DAY IS 153 YEARS OLD

Flag Day, June 14, commemorated the anniversary of the adoption of the Stars and Stripes as the National emblem, by and act of Congress 153 years ago.

During the Revolutionary War a number of unofficial flags of various designs appeared among the regiments of the Continental Army. A flag adopted in 1775 had 13 alternate red and white stripes, representing the 13 colonies, but carried the British crosses of St. George and St. Andrew in a blue canton, to indicate that allegiance to the King had not been renounced. Even after the Declaration of Independence in 1776 this flag was displayed by forts and ships for several months.

But on June 14, 1777, Congress officially adopted a new flag, in the following resolution.

"Resolved that the flag of the 13 United States be 13 stripes, alternate red and white; that the Union be 13 stars, white in a blue field, representing a new constellation.

When Vermont and Kentucky

were admitted to the Union, two stripes were added to the flag, making 15. But it was seen that the addition of a stripe for each new state would spoil the symmetry of the flag, so in 1818 Congress provided that in the future there should be only the original 13 stripes, but that a star should be added for each new state.

The pretty tradition that Betsy Ross made the first flag according to a design suggested by Washington has been popularly accepted, but historians doubt its authenticity.

Since its establishment in 1896, the observance of Flag Day has become widespread, and is the occasion for patriotic exercises, in which reverence for the flag and all it stands for is inculcated. The

Order of Elks has adopted a most inspiring ritual for its Flag Day ceremonies.—Kerville Mountain Sun.

The 8-mile spur track built by the Santa Fe to get access to the West Dallas industrial district is nearing completion. . . . Contract for a \$4,000,000 passenger and freight terminal and warehouse at Fort Worth has been let by the Texas & Pacific. . . . Santa Fe is building a \$250,000 storehouse and platform at Cleburne.

Mr. and Mrs. Floyd Lumpkin and son, Jimmy, and Mrs. J. R. Potts were guests of Mr. and Mrs. Martin of Childress, Sunday.

CHURCH CHAT

"GIVING"

It is a tremendous rhetorical question which closes the final prophecy of the Old Testament. "Will a man rob God." And for a terrible dramatic answer comes the gospel record of God's own Son. Go to Calvary and see. They robbed Him of His liberty; they robbed Him of His sandals, of the shirt off His back; they hanged Him high between two thieves and robbed Him of His life. Yes men will rob God. They will steal from their own mothers, they will rob their brothers; and they will rob God. The basis of Christ's teachings about money is the fun-

damental conception of stewardship (Luke 12:42; 16:1-8). Not only money, but every gift of God is received in trust of His use. Man is not an owner, but a trustee, managing another's goods and estates, God being the one original and inalienable Owner of all. The two things required of stewards are that they "Be faithful and wise," that the study to employ God's gifts with fidelity and sagacity—fidelity, so that God's entrustments be not perfected to self-indulgence, sagacity, so that they may be converted into as large gains as possible. The Jew was branded as a robber if he held back his tithe. Why should a Christian who robs God of His dues be considered a good saint? For such, a

reckoning day is coming. They must give an account. In our Sunday morning message we hope to sound the warning to three groups, children, Christians, and sinners. Our subject will be: "Achan's Golden Wedge." In this message we hope to give you some new information on an old subject.

The Sunday evening hour will be used by the "Camp-Fire Girls." They will have complete charge of the program and service. Every body invited to attend these Sunday services.

W. E. FERRELL, Minister, First Christian Church, Clarendon, Texas.

Mr. and Mrs. Oran Dyer of Oklahoma City have been guests of Mr. and Mrs. Earl Ryan.

THE NEW TEXACO MOTOR OIL

LONGER-LASTING, "CRACK-PROOF"

THE Texas Company again demonstrates its leadership in the petroleum field with the introduction of a vastly superior, new product—a motor oil that lasts longer—that is crack-proof—a motor oil that meets exactly every requirement of the high speed automobile engine of today! This new oil revolutionizes lubrication values as completely as the new and better Texaco Gasoline, the original "dry" gas, revolutionized motor fuels in the Spring of 1926.

An Oil Without Precedent

There have been oils that gave remarkable mileage. There have been oils that flowed freely at zero. There have been oils that kept your engine completely free of wax and carbon troubles. But—never until now have all these advantages been

combined in any one single lubricant. That motor oil is ready for you today. It is the new Texaco—longer-lasting and crack-proof. Road tests—laboratory tests have proved it.

Available in all our 48 States

Fill your crankcase with this new crack-proof motor oil today. It will more than pay you, not only in greater value for your lubrication dollar but for your car dollar as well. It is manufactured in five grades: C, D, E, F, and G, corresponding in body to Society of Automotive Engineers (S. A. E.) viscosity ratings. 30¢ a quart everywhere (35¢ for grade G).

THE TEXAS COMPANY

Refiners of a complete line of Texaco Petroleum Products including Gasoline, Motor Oil, Industrial Lubricants, Railroad and Marine Lubricants, Farm Lubricants, Road Asphalts and Asphalt Roofing.

Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

While in West Texas a few days ago I called on my old friend, Boyce House, editor of the Ranger, Texas, Times. Ranger is one of those splendid West Texas cities that is forging ahead so rapidly. While talking with Mr. House he told me a story about a hotel in Mineral Wells where all West Texans meet. I am interested and am going over and spend a couple of days to see what I can see. Mr. House said:

"It was once said of a sidewalk cafe in Paris that if one sat there long enough, everyone he knew would pass along. Somewhat the same might be said of the Baker Hotel in Mineral Wells, at least as far as West Texans are concerned. This new hostelry—not surpassed in beauty and luxury in even the greatest cities—was opened only a few months ago, but already it has become the gathering point and meeting place of the citizens of the vast empire of West Texas.

"A few Sundays ago I was in the lobby of the Baker with my friend, R. K. Phillips, publisher of the Wetherford Democrat, when he exclaimed with delight, 'There's Judge James D. Hamlin.' The two friends greeted each other warmly. It was their first meeting since 1906 when they had been associated in publishing a newspaper in the then small town of Amarillo. Mr. Phillips had remained in the newspaper business through the years and had prospered. Judge Hamlin had turned to the legal profession with brilliant success and in representing a huge ranch which was divided into hundreds of farms, he had gained a position as an empire builder. This reunion is but typical of scenes in the spacious lobby. I never go there, even if for only a few minutes, that I do not see some friend of other days.

"It is a wonderful hotel that has been built in pleasure and health resort city. Mr. Baker has spent a million and a half—and is not through spending. Beside the hotel is a swimming pool for the guests and a wading pool and a beach for the children. A few blocks away is a private golf course, and boating and fishing are enjoyed on a private lake, set in the rugged grandeur of the hills adorned with their ancient boulders in picturesque Palo Pinto county—A Region That is Steeped in Indian Tradition and Frontier Lore."

George H. Sweeney, publisher of The Pueblo (Colorado) Chief, says:

"What has become of the dreamer?" "In years past how many times have we heard someone criticized by the words, 'He is only a dreamer.' Then it was the man who built air castles for his community's future was regarded as but a dreamer.

"Today, if we but reflect, we probably find that same dreamer far ahead of us either financially, politically, or socially, and there just because he was a dreamer. "Modern business speed, in fact every modern achievement is but the fruit of some dreamer's foresight.

"To continue progress, whether it be personal or community, we must all be dreamers, and then, more important than all, we must dream out loud.

"The way to dream out loud is to use proper advertising and repeat it often enough to insure the accomplishment of its purpose.

"America's wondrous business today is but the result of dreamers advertising their air castles. Scan your newspapers, your magazines, listen to your radio, you can but agree.

"Are you, in your personal, in your community life, a dreamer-most people, most communities have but to dream out loud to become successful."

"That the merchant who has faith in himself, faith in his business and faith in his city is a liberal advertiser.

"Advertising not only brings direct benefit to the store that advertises, but it brings people from the surrounding country to the city, and they seldom spend all their money in one store.

"Liberal advertising builds bigger, better newspapers.

"Newspapers are the leading light of a city; they are city builders; they are leaders in every activity of a city. No home-seeker, investor or industry looking for a place in

which to locate will tarry long looking at a city that does not support its newspapers. When a city has sick looking newspapers, it's a cinch the business of that city is sick. Who wants to live or do business in a sick looking city?

Your newspaper is your flag of Progress. It shows the spirit of Progress of your city.

House Cuts Passports Fee

Americans who visit the sea are the beneficiaries of a recent vote of the House of Representatives. Passports, originally costing ten dollars, were reduced to five dollars, by action of the House, and the limit to which they may be extended was lengthened from two to six years.

United States citizens have been aided in their pleasure jaunts abroad by governments other than their own. Visa fees, also, have exhibited a shrinking tendency during recent years. While England still requires a visa fee of ten dollars, as does Japan from the American who prolongs his stay in that country, several countries have cut their fees to a minimum or even abolished them altogether. Some time ago, France reduced hers from ten to two dollars.

Even before the boys of the A. E. F. learned to speak dourly French it was "gay Paree" more than any other place on the globe that lured the American tourist. Since the war not only the alluring French capital, but the solemn beauty of the American cemeteries draw many hundreds of Americans annually.

HAPPY MOTHER ENTHUSIASTIC ABOUT KONJOLA

Relates How New And Different Medicine Did Wonders For Her Little Boy of Twelve

HARMON GLAZE

Results are what count, and Konjola can be counted on for results. Sufferers want relief, not promises. Konjola has made a matchless record simply because it does the things it is designed to do. Take, as a typical example of Konjola at work, the case of Harmon Glaze, 12, whose mother, Mrs. Annie Glaze, Route 4, Lonoke near Little Rock, Ark., says:

"My boy, Harmon, 12 had typhoid about five years ago, and his health since then was not good. He frequently had fever and had attacks of nausea. He had no desire to play and his appetite was poor. Nothing I gave him seemed to do any good. Konjola had helped me so much that I decided to give it to Harmon. Today, he is like a different person. He eats, sleeps, and plays like other children and is no longer subject to fevers. I am still giving him Konjola for it has done so much for both of us."

So it goes; victory after victory wherever Konjola is given the chance to prove its merits. You can put your faith in Konjola feeling that you will be rewarded abundantly.

Konjola is sold in Clarendon, Texas, at Douglas & Goldston drug store, and by all the best druggists in all towns throughout this entire section.

Announcement Column

The Clarendon News is authorized to announce the names under each public office listed below, as candidates for said office, in the Democratic Primary in July, and in the second primary in August if necessary:

For District Attorney, 100th Judicial District:
JAS. C. MAHAN.
W. A. McINTOSH.

For District Clerk:
A. H. BAKER
(For Re-election)

For County Judge and Ex-Officio County Superintendent:
J. J. ALEXANDER.
(For Re-election)
FRANK KENDALL

For County Attorney:
R. Y. KING.
(Re-Election)
R. J. DILLARD

For Sheriff:
J. R. (DICK) BAIN.
C. M. PEABODY.
GUY PIERCE
JOHN W. SWINNEY

For Tax-Collector:
M. W. MOSLEY, (Re-Election)
J. H. RUTHERFORD
J. H. HURN.
A. N. WOOD.

W. A. ARMSTRONG.
(For Re-election)

For Commissioner, Precinct No. 2:
W. H. (Henry) YOUNGBLOOD,
(Re-election)
R. A. (Roy) BEVERLY

For Commissioner, Precinct 1:
SID E. HARRIS.
(Re-election).

For Public Weigher, Precinct 2:
F. B. THOMAS.
J. R. LAFON.

TO ALL ELECTORS EXPECTING TO BE ABSENT FROM THE COUNTY ON ELECTION DAY AND NOT WISHING TO LOSE THEIR VOTE

At any time not more than ten nor less than three days prior to the day of the election any party expecting to be absent from the County, and wishing to vote, may make their personal appearance before the County Clerk of the County of their residence and deliver to the Clerk his or her poll tax receipt or certificate of exemption. The Clerk will then deliver to such voter one ballot which the voter must then and there, apart, without assistance or suggestion from any person, mark, fold, place in an envelope, seal and return the envelope containing the ballot to the county clerk. If the voter is personally unknown to the County Clerk he must be identified by at least two persons, and if such party has lost his or her poll tax receipt he or she must make affidavit to such fact.

Voters wishing to leave their county more than ten days before the election, may yet vote by complying with the following, to-wit: At any time, not more than twenty, nor less than ten days prior to the day of the election such party wishing to vote, may make their personal appearance before any notary public and deliver to the notary public their

NEW JERSEY APPROVES ART OF WALKING

HIGHWAY COMMISSION MAY NOW BUILD SIDEWALKS ALONG STATE ROADS

By E. E. DUFFY

Act No. 74, New Jersey Laws of 1930, is its commonplace name, but it carries with it something of significance to every person in this country who walks.

The gist of the law is that New Jersey's state highway commission may build sidewalks along state highways. This is the first noteworthy recognition given in recent years to that part of society known as the pedestrian, that person who is continually being killed and maimed along public thoroughfares.

Two other states, Delaware and West Virginia, have made such provisions, according to a recently conducted survey to which 36 states replied. Only about a third of the states have provisions for permitting towns and counties to build country walkways even at their own expense.

It is quite apparent that on the whole there is a tendency to overlook that people are still required to walk along the public highway. But considerable walking is still being done; Delaware reports that in the period from 1924 to 1929, 83 pedestrian accidents occurred in the state. This is 36 per cent of accidents of all types in Delaware outside of Wilmington.

A glance at highways leading into towns and cities, or highways passing rural schools, will reveal that walking is not a lost art. In fact it is very much of an art, for where no walking provisions have been made pedestrians are forced to walk along the pavement's edge, or on the abutting shoulder, with the expectation of jumping into ditches and brambles most any moment.

Eward N. Hines, well known road leader of the Detroit area, recently declared, "I am a firm believer that pedestrian walks along heavily traveled roads are

poll tax receipt or certificate of exemption; the notary public will then mail the poll tax receipt to the clerk of the proper county, and the clerk will mail back to the voter one ballot by registered mail, which letter containing the ballot must not be opened except in the presence of a notary public. The voter must then and there, apart, without suggestion or assistance, mark and fold his ballot, and make affidavit to that fact, and place the ballot and also the affidavit in an envelope, seal and return the envelope containing the ballot and affidavit to the notary public and the notary public will then return it to the county clerk by registered mail. If the voter is personally unknown to the notary public the identification must be at least two persons. All the expenses of absentee voting must be paid by the voter. Blank ballots may be obtained at the clerk's office, and any assistance or information which the law allows will be freely given.

R. L. KING, County Attorney

absolutely necessary, and while the time may not be ripe for carrying this out on a major scale, the time is surely coming when all such roads will be supplemented by walkways." New Jersey has given impetus to a movement, which in view of pedestrian accident figures, should rouse latent sympathy throughout the country for pedestrians—a group of which we are all members.

With 150 acres in cucumbers, Detroit (Red River County) farmers are watching with interest erection of a pickling plant with twenty 500-gallon pickling vats. Washco Farmers, Inc., are building a \$25,000 citrus packing plant, handling twelve cars of citrus fruit daily. Mount Pleasant's milk plant, representing an investment of \$200,000, is ready for business. On agreement of farmers of that community to plant 500 acres in sweet potatoes, a northern produce concern is to build a \$50,000 sweet potato curing plant at Aubrey.

Kaolin deposits across the Rio Grande near Reynosa are expected to bring a chinaware plant to McAllen. A representative of an Ohio chinaware concern investigated the kaolin deposits and the labor situation and if plans go through the factory with its 300 skilled workers would be brought bodily to Texas. Del Rio, Eagle Pass, Carrizo Springs and Crystal City are to have natural gas from a line to be built by the Central Power & Light Co. from the Maverick County field at a cost of \$2,000,000.

Country Club Sports Popular At Girls' College

NO Wells College graduate of the future will embarrass her father, her brother or her husband by mistaking a masher for a niblick. Wells is the only woman's college to include a golf links on the campus and golf is one of the sports which take the place of the old fashioned organized gymnastics. This program is designed to give the young women students exer-

Elinor Orr of Grafton, Pa., a junior, undergraduate golf champion

else in the open air, keep them healthy and to teach them good form in sports which they will normally incline to for recreation after completing their college course. Everyone must learn to swim. That is a safety regulation. Basketball, base-ball and field hockey are still in the curriculum for those who enjoy these games. But emphasis is placed upon golf, riding and tennis in the spring and fall; on skiing, skating

Above—Jane Woodward, Minneapolis, Minn., secretary of the Athletic Association; Frances English, Bloomfield Hills, Mich., president; Helen Pfeiffer, Brooklyn, N. Y., treasurer and Sylvia Smith, East Orange, N. J., vice-president. In oval—Mary Herrmann of Scarsdale, N. Y., freshman, tries her luck with line and rod in Lake Cayuga.

and tobogganning in the winter as sports which the average woman will find useful in later life. Hiking, bicycling, archery and fencing are included in the sports and boating is also possible as the three hundred acre campus lies along the shore of Lake Cayuga. The development of sports from the standpoint of the later social life of the student is another way

use a good type of spray insecticide as they clean. It is but a very few years since some of the large oil refining companies have developed this spray-type of insecticide, which has been a boon to housewives and has simplified their problem of keeping the home insect-free.

Disease lurks wherever there are insects. Flies carry many dangerous diseases, so do mosquitoes and bed bugs. Roaches contaminate and destroy your food. They embarrass you before your friends.

Most any insect infestation can be readily controlled by the regular use of a good insecticide spray, which can be easily purchased from any hardware dealer, grocer, druggist or department store, and which are at present being advertised in this paper by some of the large oil refining companies.

Paraffin on Honey Sections

Paraffining sections of comb honey, though not a common practice, is one that should be followed by all honey producers, says apiculturists of the U. S. Department of Agriculture. Paraffining makes comb honey more attractive to the consumer. Unused paraffined sections will keep for another season without becoming dirty and discolored. Use only paraffin of the best grade and the highest melting pot. It should be heated to a temperature of 180 degrees to 190 degrees F. With an ordinary varnish brush, give a thin, smooth coat to the tops of the sections after they are in the supers and before they are given to the bees.

Though cattle on the range should always be supplied with some salt, the amount needed depends partly on the feed available. Cattle need from 2 to 2 1/2 pounds a month on average range when the feed is succulent or when browse plants form the bulk of the forage. For the remainder of the season 1 to 1 1/2 pounds a month is enough. A fair allowance for a year-long range is about 20 pounds a head. There is less salt in plants when fresh and green than when dry, and less in browse forage than in grass and weeds.

To broil tomatoes, wash them, remove the stems ends, cut in half, put in a greased shallow baking dish, add salt, pepper and melted butter or other fat to season, and place under the flame of a broiling oven far enough from the flame to allow the tomatoes to cook before browning. Broil for 20 to 30 minutes or until tender and lightly browned. Serve hot garnished with parsley on crisp butter toast.

KNOWS NOW WHY IT IS PRAISED

"I don't believe anybody ever got finer results from Sargon than I did. Rheumatic pains in practically all my joints, sharp pains

vent sats from jumping and securing a hold above it. Iron pipes as nest supports are sat-proof in themselves. An overhanging and sloping roof over the nest opening is a partial protection against cats. Sometimes a wire screen of a mesh large enough to let the birds in but to keep the cats out is practical.

ONE PRESCRIPTION MADE FAMILY DOCTOR FAMOUS

Seldom has any single act been of greater benefit to mankind than that of Dr. Caldwell in 1885, when he wrote the prescription which has carried his fame to the four corners of the earth.

Over and over, Dr. Caldwell wrote the prescription as he found men, women and children suffering from those common symptoms of constipation, such as coated tongue, bad breath, headaches, gas, nausea, biliousness, no energy, lack of appetite, and similar things.

Demand for this prescription grew so fast, because of the pleasant, quick way it relieved such symptoms of constipation, that by 1888 Dr. Caldwell was forced to have it put up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is always ready at any drugstore.

COMFORT IS KEYNOTE OF THE VACATION HOME

BY WYATT BRUMMITT

To fit the vacation needs of most families, a summer place need not be an elaborate affair, complete with formal dining rooms, many servants and all the civilized accessories which movies delight to reveal.

The ideal summer home is the one which gives vacationists the utmost of trouble-free relaxation. It may be extremely simple, but for the average family it should not be so primitive that it does not provide reasonable safety, sanitation and other safeguards of health and comfort.

Ordinarily, the sanitary equipment of a summer home is its weakest feature, in spite of the fact that the dangers of inadequate sanitation are generally recognized. Yet there is no reason why the matter of sanitation should be considered a problem, as it can be very easily provided for. A simple septic tank, of the type commonly found on farms, will solve the problem at minimum expense.

Ordinarily, such septic tanks are constructed of concrete. While they are simple enough in construction (plans and directions may be had free) many vacationists prefer to have them built and installed by local contractors who are familiar with the procedure.

Another piece of equipment which has been found a distinct aid in maintaining health and comfort is a modern concrete cistern, designed to insure a constant supply of clean soft water. It is a great improvement over the old rain barrel, which was a breeding place for mosquitoes and other pests.

With an assured water supply and proper sanitary facilities, many of the needless hazards of "the simple life" are completely eliminated. The cost is small and such improvements are practically permanent.

With a septic tank, a bathroom can be added to the summer home's equipment, an improvement which means much in terms of convenience as well as sanitation. All domestic sewage goes into the septic tank, where bacteria break down the solids. From the tank, the fluid content is led away in drain tiles and finally discharged, into the ground or a natural drainage system. By this time, the discharge is colorless, odorless and harmless.

EIGHT YEAR OLD CHEVROLET GIVES REMARKABLE SERVICE

Chicago, Ill., June 17.—An outstanding achievement of the current motoring season was recorded here recently with the arrival of J. M. Griffith from Mexico City, in 138 hours of running time, in a 1922 Chevrolet touring car with five passengers.

Although nearing 64, Mr. Griffith drove every inch of the distance himself. After stopping off here two weeks, he proceeded to Detroit where he inspected several automobile plants and the General Motors proving ground, and then was impatient to be off on the long trek home to resume his occupation as mechanical engineer.

Leaving Mexico City on April 30, the party covered the 929 miles to the Border, crossed at Laredo, and proceeded to Chicago and Detroit with no mishaps other than two stop-overs, one for fire repairs and one, at San An-

tonio, for carbon removal and replacement of three exhaust valves in the eight-year-old car. The log of the trip, as reported by Mr. Griffith, provides statistics of interest to those contemplating a lengthy tour this summer:

Distance (Mexico City to Chicago), 2514 miles; running time, 137.5 hours; average speed 18.28 miles per hour; gasoline consumption, 166.6 gallons; miles per gallon, 23; cost of gasoline, \$33.75; oil and greasing, \$6.25; repairs to car, including tire repairs, \$11.50. The total cost of transportation, exclusive of meals, hotel expenses and personal items, was \$51.50, or at the rate of one-third cents a mile for each person in the car.

Despite the age of his Chevrolet Mr. Griffith said that he started on the tour with no doubt as to the venerable old-timer's ability to cover the distance without trouble. In driving around Mexico City, prior to the start of the tour, the car was constantly being called upon to climb mountain passes up to 12,000 feet.

The speedometer had registered 28,000 kilometers before leaving Mexico. After spending several

days here, following his return from Detroit, Mr. Griffith nosed his car toward the South, and started out on the return trip as nonchalantly as though his destination were only a few miles out of town or his car were a new 1930 six cylinder model.

The Price of a Clean Home

Most women take a distinct pride in their homes, says a local official of the Gulf Refining Company. They insist on keeping them clean and attractive. They realize the true value of cleanliness and wholesome surroundings. It takes a vigilant woman to keep the home pleasant and comfortable.

The cleaning of a home is not merely a matter of sweeping out the dirt and dusting the furniture. These days it means keeping out vermin and insects.

An infestation of insects will render the most attractive home a place of doubtful comfort. No one likes the "Creepy" feeling that goes with bugs.

Those housewives who have gone through an experience with insects need no urging to constantly

BAYER ASPIRIN

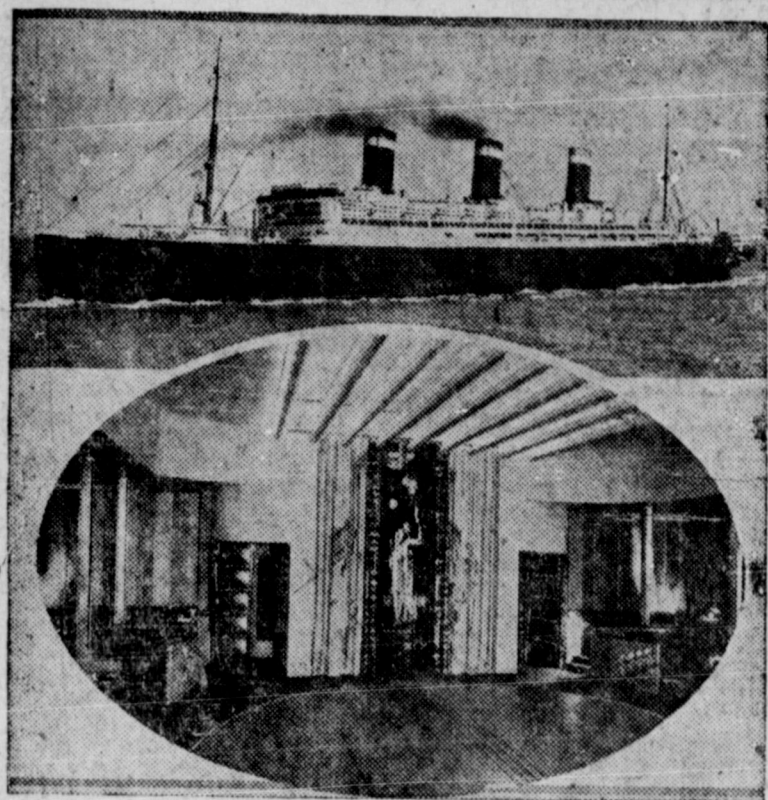

SOUR STOMACH

JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia. Be sure to get the genuine.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Leviathan a Floating Movie Palace— Night Club Shows Sound Pictures

Ship Shows Talks Nightly For Passengers' Amusement

The Leviathan, not content alone with being the flagship of the American passenger fleet, is now the largest sea-going talking motion picture cathedral in the world.

Keeping in step with the ship's general policy of providing every possible comfort for her passengers, such as ship-to shore telephone communication and other innovations, a regular sound picture installation has been made in the new "night club" on the giant liner.

Here the latest Broadway releases are shown by means of Western Electric sound picture equipment. The new sound picture system was put in operation when the vessel made her first trip after being re-conditioned.

The Leviathan is the first of the large liners to install permanent sound picture apparatus of the identical type now in universal use in the world's largest motion picture theatres. Accommodations have been provided for the entertainment of as many as a thousand passengers.

TEXAS TECH OFFICIALS ANNOUNCE SCHOLARSHIPS LIST

LUBBOCK, Texas, June 17.—Announcement of the complete list of scholarship awards in Texas Technological College for the current school, 1929-30, has just been announced, as follows:

Wyatt C. Hedrick scholarship of \$250 for the student with the highest scholastic standing, Carl McAdams, Goldsboro.

John W. Carpenter scholarship of \$250 for the student with the highest excellence in textile engineering, Frank Maddox, Waco.

Clifford B. Jones scholarship of \$250 for the student of highest excellence in agriculture, Elmer Hartman, Lubbock.

Fort Worth Star Telegram scholarship of \$250 for the best all-around athlete, Dennis Vinzant, Lamesa.

Dr. M. C. Overton scholarship of \$200 for the student of greatest value to morale of athletic teams, Jack Durham, Hamilton.

Faculty scholarship of \$125 for worthy student, William Nelle, Laredo.

Scholarship of \$100 for the best work in English by any young man, Donald Boggs, Lubbock.

Scholarship of \$100 for the best work in English by any young woman, Martha Pfaff, Gainesville.

Scholarship of \$100 for the best college citizen among the men, Cary Lodal, Gordon.

Scholarship of \$100 for the best college citizen among the women, Lizzie Belle Clements, Lubbock.

Scholarship of \$50 for the student doing the best in interpretative reading, Pearl O'Dell, Quanah.

Scholarship of \$50 for the student doing the best work in one-act plays, Virginia Smallwood, Lubbock.

Scholarship of \$50 for student making the best oration, E. B. Fincher, Amarillo.

Scholarship of \$50 for the best debater among the men, William Sewell, Slaton.

Scholarship of \$50 for the best debater among women, Mary Beth Sheeley, Lubbock.

Pan-Hellenic scholarship of \$25 for the home economics student making the highest average, Velma Anderson, Aspermont.

Beating A Tornado's Time

You can outrun a tornado, says the United States Weather Bureau—provided you sight the men-

ace several miles away and have at hand a car at hand that can make sixty miles an hour and are in open level country and happen to be near a road that leads at right angles to the tornado's path. Given all these necessary aids, and will find the automobile the second best means of escape. Of course, a well-constructed tornado cellar is the safest refuge.

The bureau further furnishes a description of a tornado for the inexperienced person. Usually it takes the appearance of an elongated, funnel-shaped or cylindrical cloud hanging from the sky toward the earth. If you can't see the cloud, be warned by the sky. Clouds are thrown into a wild, swirling, greenish, or purple where dark, but often mingled with streamlike grays and whites. A terrifying roar, which is compared to thousands of railroad cars crossing a bridge, may be heard at considerable distance.

The movement of the storm is moderate, averaging about 40 miles an hour and in rare instances reaches 60. It's path generally varies but little from a straight line. Most tornadoes move toward the northeast, a few toward the southeast, and the rest, with few exceptions, in some other easterly direction.

Three Rivers Glass Co. will increase production, already at 50 million bottles a year. W. L. Moody III, of Galveston was recently elected to the board, bringing the company in close contact with the Moody-Seagraves gas interests. . . . Unnamed interests are back of a \$6,000,000 acid manufacturing plant to be erected at Beaumont according to report in Beaumont newspapers, which surmise it to be a Standard Oil project. . . . Eighty-two new industrial enterprises were located at Amarillo during 1929. Central Power & Light is building a 20-ton ice plant at Edna.

Sore Gums Now Curable

You won't be ashamed to smile again after you use Leto's Pyorrhea Remedy. This preparation is used and recommended by leading dentists and cannot fail to benefit you. Druggists return money if it fails. Clarendon Drug Store.

CONSERVATIVE LEADERSHIP IS NEEDED

Agriculture's greatest need today is conservative leadership, Mr. Sam R. McKelvie, Federal Farm Board, said in an address prepared for delivery before the graduating class of the South Dakota State College, Brookings, South Dakota, at commencement exercises Friday evening, June 13, 1930.

"I mean unselfish leadership of men and women who are not controlled by prejudice or prompted by expediency," Mr. McKelvie explained; "and out of institutions like the South Dakota State College much of that leadership will inevitably come. I look with the most hopeful anticipation upon boys and girls now engaged in 4-H Club work. The things they are being taught largely through experience will qualify them to think and act along sound lines in later life. All too few of them reach the heights of academic training that have been attained by the members of this graduating class; but even so, experience is the best teacher and education, plus experience must be the qualifications for sound leadership in agriculture."

Discussing the Agricultural Marketing Act, which as a member of the Federal Farm Board he is helping to administer, Mr. McKelvie said the best this legislation can do is to bring about equality of opportunity for the farmer and as soon as possible leave with the farmer the responsibility for doing things that the government is now undertaking to assist him to do.

"Laws," he continued, "were passed for industry, labor, banking transportation, and what not. In so far as there were benefits from these laws, the farmer shared somewhat in them, but the condition of agriculture required that something specifically must be done for the nation's basic industry; hence the Agricultural Marketing Act. This is predicated upon the ability of the farmer to manage his own business, once he is organized to do so. Cooperation is the key to it and only in exceptional cases can the Federal Farm Board have dealings with a farmer or anyone else who is not a member of a producer-owned and producer-controlled marketing unit. A lot of people do not understand this. Some think it was designed to afford reader access to easier credit for the farmer. Others think it is the government in business. It is neither. It is the farmer in business cooperatively, with the Government assisting to organize and finance farm marketing activities.

"I cannot emphasize too strongly that there is no disposition in the Agricultural Marketing Act or among the members of the Federal Farm Board to impose the

power of government upon the management or conduct of the farmers business. Our desire is that at the earliest possible date the government may be relieved of doing for the farmer things that he can and prefers to do for himself. This does not mean that the Federal Farm Board is going out of business soon, but it does mean that as the cooperative agencies now being assisted by it are able to go it alone, they will be heartily welcomed to do so.

"The extent to which this law may be helpful to the farmer and ultimately successful in its purpose, rests almost wholly in the farmer himself. If he takes advantage of it and develops the right kind of leadership and management in his marketing affairs, it will succeed. If he listens to the sweet siren of those who are opposed to it, it will fail."

Stimulation of domestic production and construction of some of the markets brought about at home through changes in dietary habits and introduction of power machinery and abroad through increased foreign competition, Mr. McKelvie said, have worked to the serious detriment of the American farmer.

"About ninety per cent of our agricultural production is consumed at home," Mr. McKelvie continued in turning to the more promising side of the farm outlook picture, "While we export largely of wheat and cotton, we import considerably of some other products, such as oils, that are substituted for farm products of our own. To the extent that we can make the American market our own, the opportunity is afforded for the readjustment of farm production, so that in one way or another those of our farmers who are well qualified may prosper. Because of its very nature, and lack of organization, agriculture has not kept pace in meeting the rapid changing conditions; but the time is not too remote when increased efficiency of the American farmer plus organized effort will have placed him on a basis of equality with other lines of endeavor."

Mr. McKelvie called attention to changed conditions in county towns—how the blacksmith shop has given way to the garage; the filling station does a part of the banking business of the community and the graduate pharmacist must

know how to make sandwiches as well as pills.

"The general store in your town is not the store of my day," Mr. McKelvie continued. "Instead of providing for a season's requirements six months ahead, the country merchant boards the train every week or two and goes shopping in some of the principal markets. He buys from hand to mouth and is obliged to do so for he is in competition with a chain store that has its representatives on the markets every day, ostensibly keeping Main Street up to date with Broadway or State Street. . . . In every line of business these changes have taken place which rapidly since the war has mystified the one who is not alert to the requirements of each day."

LARGE INCREASE SEEN IN TECH SUMMER ENROLLMENT

LUBBOCK, Texas, June 17.—More than 1100 students have been enrolled in the summer school at Texas Technological College at the end of the first week. This represents an increase of approximately 200 over the enrollment at the same period last summer. If percentages in effect in 1928 and 1929 are maintained, officials point out that the attendance at both terms this summer will reach 1500.

Owing to scanty appropriations teachers this session are working on contracts guaranteeing only two-thirds of their regular salaries. According to President P. W. Horn it may be possible to pay as much as seventy-five per cent of salaries, but not more.

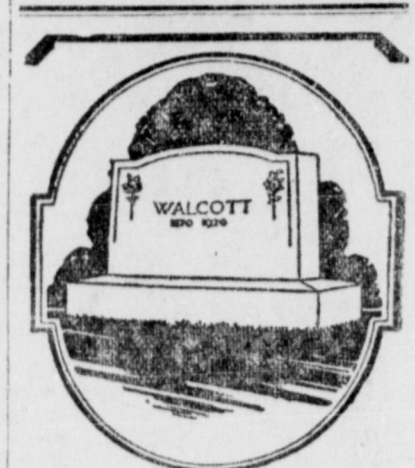

Dickinson dedicated its new \$60,000 school building. San Angelo has sold \$150,000 worth of school bonds and its building program is getting under way with the

proceeds. Woodlawn Heights, Brownwood suburb, voted \$23,000 for a new school. Friona voted on a \$60,000 bond issue for a new high school. Pennington soon will start work on a \$60,000 high school.

A clean cow is the first step in the production of clean milk. Even though cows appear to be clean, they may be very dirty and may need to be brushed before each milking. If kept in the stable, they should have a thorough grooming at least once a day. Clip the long hairs from the udder, flanks, and tail, so dirt will not cling to them. Just before milking, wipe the udder, flanks, and belly with a clean damp cloth. Sufficient bedding and frequent removal of manure, also help to keep cows clean.

Corn-and-cob meal is a good form in which to feed to horses who do not have time to chew ear or shelled corn thoroughly, or whose teeth are too poor to eat the whole grain. Corn-and-cob meal has about the same feeding value, pound for pound, as shelled corn. It is best to grind the meal only as needed, as it may mold in storage.

Mrs. Frances McClellan and daughter arrived Thursday for a visit with relatives and friends. During their stay they will be house guests of Mr. and Mrs. James Trent.

THE VALUE OF SOUND DESIGN

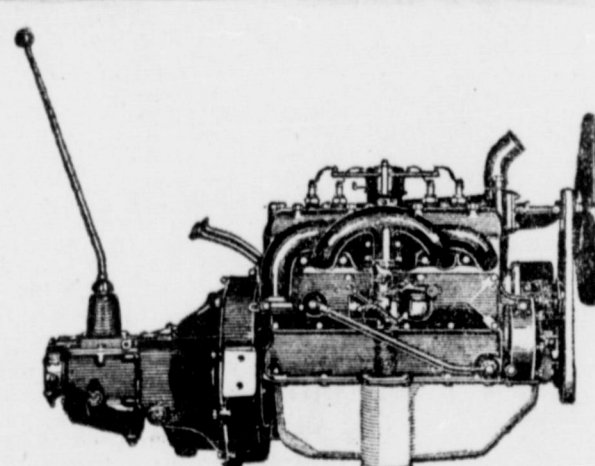

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

THE good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

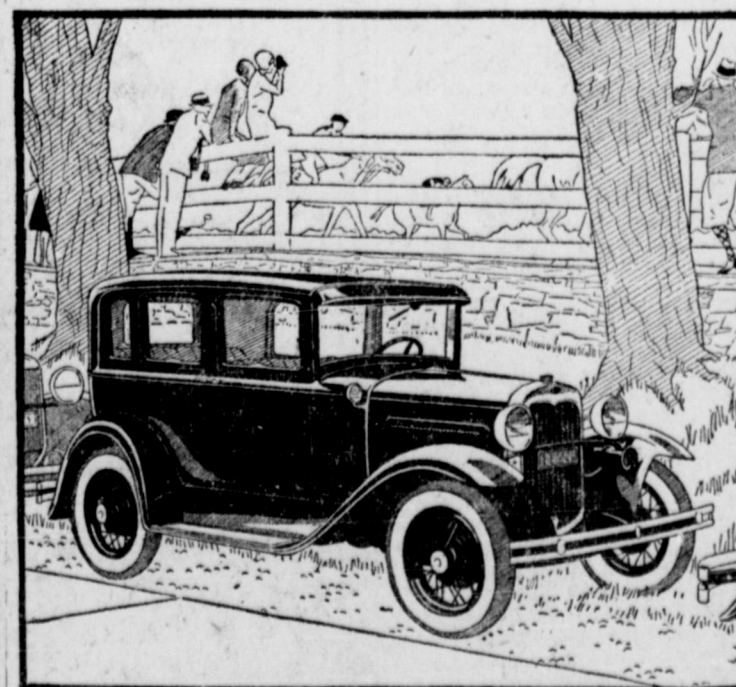

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.

ENJOY OUTING AT DRIPPING SPRINGS SUNDAY

Three families of the city enjoyed an all-day outing at Dripping Springs south of Claude on last Sunday. The fore part of the day was spent in an exploration of the canyon, returning to the springs in time for the noon day meal. Mr. and Mrs. Fred Russell and family and Mr. and Mrs. Henry Shoffitt and family, both of this city and Mr. and Mrs. B. W. Anderson and family of Cisco made up the party for the outing.

Texas has more prisoners confined for violation of the prohibition law than any other state in the union and more than 32 other states combined on that count. (Authority: Representative Bachman, W. Va.)
