Donley County Ginning Sets New Mark

Individual Entries Win High Awards At Tri-State Fair

First High School Conference Football Game Here Friday At 3:30

LOCAL EXHIBIT- ORS ARE HIGH

DONLEY COTTON EXHIBIT PLACES FIRST IN TRI- STATE FAIR LAST WEEK

Several of the Donley county exhibitors placed high in the individual competition at the Tri-State Fair concluded last Saturday in Amarillo. The cotton exhibit from the Ellis Farm won the blue ribbon from all contestants in that contest. The watermelon raised by Glen Williams ran second in competition with hundreds of melons from all parts of the fair territory. The honey-dew melons raised on the Crews-Reynolds farm at Lelia Lake topped third place from the field in this event.

Donley county poultry raisers also ranked with the best at the Tri-State poultry show. Incidentally the show this year was said by the judges to exhibit the best birds of any fair to date. E. V. Quaddebaum was awarded honors for the best parti-colored cockerel; second and third parti-colored hen; and second and fifth cocks. E. P. Shelton was awarded seventh place for the young pen.

The Donley county agricultural exhibit which placed tenth with 908 points was high in everything with the exception of the pumpkin and canning exhibits which were decidedly below the average for the county. Had it not been for these two items the Donley exhibit would have ranked fourth place. Each of the above mentioned items scored under 90 points. Other items and their scores are given below: Barley 98, Wheat 95, black eye peas 98, watermelon 96, alfalfa 90, cotton 91, cane sorghum 90, and cane 92.

Misses Etta and Ida Harned returned Thursday from a two weeks stay in Colorado. They feel very refreshed and rested after their outing.

Mr. and Mrs. J. G. Blanks and family attended the Tri-State Fair at Amarillo and visited Mr. and Mrs. D. W. Hudgins, Mr. and Mrs. Dee Blanks and baby.

Misses C. G. Atteberry and Clyde Naylor of Pampa visited Wednesday in the home of Mr. and Mrs. Sam Braswell, Jr. Mrs. Atteberry is the mother of Mrs. Braswell.

FEW FARMERS AT CO-OP MEET

WISCHKAEMPER AND BUE- GER ANSWER QUESTIONS CONCERNING CO-OP WORK

Approximately thirty interested Donley County farmers gathered in the district court room of the Court House Saturday afternoon and received a great deal of enlightenment concerning the workings and plans of the American Cotton Co-Operative Association. Henry J. Wischkaemper and Otto Bueger Association workers were present and led the discussion which covered practically all the main points pertaining to the Association.

The Saturday meeting, although few were in attendance, included many of the best farmers of the county, and ones who were really interested in furthering the plans of the Association in Donley county. Many questions which hitherto had puzzled the local farmers were answered by the above mentioned gentlemen to the satisfaction of the ones wishing information.

SIX LOCAL LADIES ATTEND THEATRE TEA AT AMARILLO

Mesdames Joe Goldston, M. M. Noble, U. J. Boston, A. T. Cole, J. L. McMurry, and O. T. Smith represented the local Little Theatre movement Tuesday afternoon when they motored to Amarillo where they attended a tea given by the ladies of the Amarillo Little Theatre at the Ladies Club Rooms of the Municipal Auditorium. The Dutch atmosphere was in evidence throughout the entire afternoon in the decorations, refreshments, and in the entertainment.

The annual 1 act play was especially well received by all present, having a Dutch setting and action to further the Dutch party. Following the play two dance numbers were presented to the approval of those attending. Following the program a fine refreshment course was served the visitors.

The Clarendon ladies state that a splendid time was had, with the Amarillo women charming hostesses. Several new ideas were gained by the local members of the Little Theatre which will no doubt be of some benefit to the Little Theatre activities in this city.

New Officers To Be Placed

The newly elected officials of the Aubyn E. Clark Post of the American Legion will receive their places according to the manual of ceremonies at the meeting on Tuesday evening, October 7th. These men were named at a meeting held Tuesday of this past week and are already making their plans to get the work well in hand at the earliest possible moment. Post Commander Elect Miller has the distinction of signing up the first member for the new year and states that he will have his committees named for presentation at the time of the installation of officers for the new year.

In addition to the installation ceremonies, there will be other details attended which will make this one of the most interesting meetings of the year. Reports will be had from every committee outstanding and these will make interesting reading, especially to those of the Legion who have not been in close touch with the progress made by the organization in the year past.

CITY MARSHAL PYLE THANKS DRIVERS FOR TRAFFIC HELP

The News has been asked by City Marshal T. M. Pyle to express to the automobile driving public his sincere thanks for the co-operation which they have shown in the observance of the traffic regulations in the past several weeks. Mr. Pyle stated that never in his life has he seen so much change in the attitude of the local citizens toward the safe and careful method of driving, and the traffic situation is better now than at any time he has been on the job. The people seem to take a personal interest in the safety movement, and most everybody is driving sanely.

Even on Saturday and Saturday night the traffic problem is being handled nicely by the City Marshal and his force. Clarendon people are now reaping the benefits of the traffic campaign in the past few weeks, and a minimum of accidents may be expected in the future.

G. W. Antrobus arrived in the city Monday morning from a month's trip which carried him through Kentucky and on to Chicago. He reports that he is very glad to be back in Clarendon. A story of his trip will be found in the columns of the News in a later issue.

WATERMELON FEED SPLENDID AFFAIR

MORE THAN ONE HUNDRED TAKE PART IN JOINT FEAST THURSDAY

The first joint affair to be entered into by the four Service organizations of the City of Clarendon as their share in the entertainment of the faculty members of the Clarendon School system was held Thursday evening of this past week at Troublesome Canyon. The place was given by Mr. Wint Bairfield when he learned of the purpose of the meeting, and the members of the faculty were thus given an opportunity of seeing this quite famed spot when they probably would never have been given the chance under other circumstances.

Originally planned to carry the teachers to the meeting place on a truck, giving them a hay ride as well as a picnic, these were changed when the heavy winds of the day made it impractical to take such a means of conveyance. A sufficiency of ways and means was provided by the faculty in their own cars and in the motor transportation means of others who made the trip.

No especial entertainment features had been planned, for it was thought that exploration parties would be formed and the canyons explored for quite a distance both up and down. This sport took the major part of the evening's entertainment, the teachers and members of the various clubs taking a great part in feats of climbing and other exercises of a like character.

The time set for cutting the melons having arrived, these were cut into fourths by F. W. Rathjen and G. L. Boykin, who passed them to the hungry multitudes as they stood in line to receive their share of the melons. A sufficient supply of salt had been provided and the watermelons disappeared as if by magic. Since only a half-sized crowd had made its appearance, there were plenty for all, each man or family receiving at least one to carry to their homes for later eating.

Members of the faculty expressed their appreciation to all the folk who had anything to do with the affair and it is thought that this sort of entertainment will probably be held each year instead of a number of individual entertainments by the various clubs of the city.

Taking part in the entertainment were the Rotary Club, the Business and Professional Women's Club, the American Legion and the Lions Club.

ESTELLINE CUBS MEET BRONCHOS

BRONCHOS CLIMB TO CHAMPIONSHIP HEIGHTS BEGINS WITH ESTELLINE FRIDAY

With six of the Bronchos out on account of injuries the local team will be forced to fight the Estelline high school cub with a lot of grim determination or a loss may be written on the records of the teams play. Of course such a thing is not expected by the fans of the city, but with such men as Captain Nichols, Andis, Whitlock, Easterling, McMahon, and Haile on the side line a lot of the potential power of the Maroon and White's attack will be lacking. None of the injuries appear to be of a serious nature except that of Haile, who will be lost to the squad for some weeks while the tendons in his arm are knitting themselves together again. Nichols suffered a hip injury in last week's fray and will be given a needed rest, as he has borne the brunt of the Broncho attack, although he will likely see some service should the Cubs exhibit some unlooked for power. Whitlock and Easterling each have ankle and leg injuries which will keep them on the sidelines through the Friday game. McMahon and Andis have minor injuries which will correct themselves in a few days.

The Estelline Cubs will be remembered last year as holding the Bronchos to a scoreless tie when the locals were doped to win by a large score, and the local coaches are working the team hard to avoid a repetition of the last season's game. So far this year Estelline has not made a very impressive record, losing by the same score to both Wellington and Shamrock, 25 to 0. This means that the Shamrock and Wellington aggregations are exceptionally strong or that the Cubs are very weak. But be that as it may, the Bronchos are primed for the Estelline team, and will try their best to open the conference schedule with a win from the Friday opposition.

Coaches Stocking and Hutton of the Local High School state that the game will be a good battle and the Bronchos will be in there every minute fighting to keep their slate clean with their fourth win of the season. The tentative line-up for the Bronchos: Watson and Behrens, ends; Morris and Langford, tackles; Gorman and Benson, guards, Cornelius, center; Reid, fullback; Bourland; quarter; Hudson and Beard, halfbacks.

RATHJEN TALKS BEFORE ROTARY

NUMEROUS VISITORS HELP MAKE FRIDAY LUNCHEON ONE OF MOST PLEASANT

When the Rotarians and their guests had partaken of the Friday noonday luncheon they were favored with several very beautiful piano selections rendered by Miss Grace Mae Sample, teacher of Piano in the Clarendon Public Schools.

Several visitors were present Friday and included A. W. Simpson, Quillan, and Rotarians Jeff Bailey, Rufus Green, Wiley Orr, and Carl Troop all of the Memphis club. These all paid their respects to the local club and expressed their appreciation at being allowed to meet with the Rotarians of Clarendon and hoped to again visit with the group.

Fred W. Rathjen, president of the local Lions Club presented the principal address of the occasion, with "International Relations" as the subject of the speech. Rathjen showed that a general study had been made along this line of thought, and it was brought out in the substance of the address that all the nations of the world should forget all the jealousies and selfishness, which now is so marked among the nations of the world, and be one large and helpful community with equal regard

COTTON ASSOCIATION AP- POINTS CLASSER AND AGENT

The American Cotton Co-Operative Association of Texas with headquarters at Dallas announced last week the opening of a cotton classer's office in Memphis, and a receiving office at Ashtola. Mr. L. B. Merrill will handle all the cotton for the Association which is received at Ashtola, acting in the same capacity as S. T. Merritt, local receiving agent. It will now be somewhat easier for the cotton to be taken to Memphis for classification than to Wellington where it has been necessary heretofore.

Ciril F. Crow, cotton classer for the Texas Cotton Co-Operative Association, who was sent to Memphis by the association at request of many Hall County farmers, and who now has his offices at the Memphis Compress Company, is well qualified for his type of work. Mr. Crow stated that his father and grandfather had been cotton classers for many years for some of the largest cotton houses in the South, and he stated in this work at the age of 17 and has continued in it for 11 years.

The Association is doing all in their power to help the cotton growers and this added service is just another convenience by which the farmers are able to again raise the market price for their crop.

MUCH ACTIVITY REPORTED TUES.

FORMER EDITOR TELLS OF FIRST VISIT TO CITY IN 1888

An interesting visitor to the Lions Luncheon Tuesday was E. Haskett of Childress, one of the oldest newspapermen in the Panhandle section of the state. Mr. Haskett told of his first visit to the city, when the major portion of the residents lived in tents and when business houses were few and limited in a great manner to saloons and their attendant business connections.

The introduction of Mr. Haskett was preceded by a report from various members of the club on the activities of the past week. Lion Mulvey was the first to be called upon, he telling of the visit to the Fair in Amarillo of the Clarendon Band and their attendant work and the reception they received while they were in that city. He suggested making plans further in advance and giving the boys of the band an opportunity to enjoy the Fair after they had completed their tasks.

Lion Boykin reported that the Donley County exhibit had scored a total of 908 points, 15 points separating this place from the fourth prize winner. All the produce shown in this exhibit rated very high in the minds of the judges and the event proved that there was little in the way of prosperity aside from the attitude of the producer. The fair was called the most successful ever held and due credit was given to Wilbur C. Hawk as the man who made it the success it was this year.

Lion Trostle gave the club a report on the watermelon feast, stating that of an excellent time was had despite the cold weather of the day set.

Lion McKee reported that some work had been accomplished by the Park Board and suggested that the Lions call by and see that which had been completed. The top of the hill is to be levelled and grassed, while the hillside is to be terraced and grass planted on the flat at the bottom of the

one for another. The press of the world also was shown to have a large part with the feeling existing between the nations of the world, and should the truth be given with all good intentions to foster a kindly attitude to other nations a wonderful step would be made in the direction of mutual understanding and friendship the world over.

After a song period, under the leadership of Rotarian Robert S. Cope, with Rotary Ann Rhoda Weidman at the piano America was sung and the club adjourned.

STURDY FINANCIAL CONDITION IS SEEN

BETTER BUSINESS CONDI- TIONS IS MIRRORED; IN- CREASE IN DEPOSITS

Although the banks in Clarendon have not stood the slump experienced in business any better than have the mercantile establishments of the nation, an indication of brighter conditions is seen this week in the deposit columns of bank statement at the call of Sept. 24. An increase of \$16,104.45 over the call of last June is reported in deposit at the present call. Cash reserves are slightly less than they were at the previous call. The loans and discounts of the three city banks are also below that of the earlier statement.

The Loans and Discount columns are in good shape however when it is considered that there is little loose change in the county. The three Clarendon banks carried a sum of \$864,115.86 in this portion of their statement, against \$868,583.50 in the June statement.

The Cash and Exchange columns are low at this season since all grain and cotton paper has been cashed out and is in use in the county. The local banks at \$540,801.98 in the local banks for the present, against last June's total of \$392,822.49 in the local statements.

The deposit columns continue to hold its own and steadily gain little despite steady broads which are being made upon this portion of the statements. In the Clarendon banks, a total of \$1,134,577.00 is found in the deposits column. Last June the local banks aggregated a total of \$1,118,472.55 in deposits, leaving an increase of \$16,104.45 for the call on September 24th. In 1927, the hardest year the county has ever experienced the deposits of the Clarendon banks only totaled \$1,087,371.11, which by comparison leaves Donley County on a stable financial condition.

LES BEAUX ARTS CLUB SPONSORS FLOWER SHOW

The Les Beaux Arts Club is giving a flower show in Club rooms from 1.00 until 6.00 o'clock October 18th. Prizes will be given for the best bouquet of each of the following: Roses, dahlias, mixed bouquet of garden flowers, non-blooming pot plants and blooming pot plants.

Every woman of the county is urged to enter all flowers. Ribbons will be given first, second and third places on all entries. Judging will be based on quality of flowers and arrangement. If possible please leave flowers at Club rooms not later than eleven a. m. Each woman is asked to help us make a success of our first flower show.

The Committee:
Mrs. C. C. Powell
Mrs. W. H. Cooke
Mrs. W. W. Taylor
Mrs. Cal Merchant

Some further progress might be seen in the city if the residents could be made to see the value of keeping their premises clear of weeds and other impediments of a like nature.

The Ladies Night on October 28th was again announced, as was the program in Amarillo on next Tuesday, October 7th.

Lion Patrick, who was mentioned in the speech of Mr. Haskett, then arose and admitted to the items mentioned and added a little to the remarks made by the preceding speaker.

Lion Burton announced the football game for Friday and stated that Estelline would furnish thrills aplenty for the fans if they would only attend he game. District Governor Braswell was called to the floor and made reports on the Charter Night celebration at Dumas held Monday evening. He told of the installation and introduction of the city officials at the same meeting and called the attention of the Lions to the organization and activity of Lions Club for some weeks preceding the incorporation of the city.

Adjournment followed in the usual manner.

COUNTY GINS ARE RUNNING STEADY

TWELVE GINS IN DONLEY COUNTY REPORT 3226 BALES OF COTTON TO WEDNESDAY

In a survey completed by the News Wednesday morning from the cotton gins of the county it would indicate that the cotton production of the county will not be so much below normal as many have forecast. From the twelve Donley County gins there has been 3226 bales of cotton already ginned, with a steady flow of cotton wagons and trucks coming to all the gins ever since the report was given. In Clarendon alone, the four gins of the city have turned out 500 bales of cotton in the past week. The Hedley and McKnight Gins turned out approximately the same number of bales, with the Lelia Lake gins coming in a close third.

Authorities at the various gins state that, if there were plenty of pickers and the weather was favorable all the gins would be running to capacity day and night. It is a new thing for Donley county to have 3200 bales of cotton by the first of October, and it is certain that the yield will exceed all early season expectations. At the present time the growers are hoping for the continuance of clear weather so the crop can be gathered as soon as possible before any extremely unfavorable weather makes picking impossible.

The gins of the county with their approximate gin total is given below:
Clarendon Gin, 270.
Baker Gin, 271.
Smith Gin, 195.
Fitzgerald Gin, 337.
Ashtola gin, 320.
Lelia Lake Gin, 217.
Smith Gin, Lelia Lake, 350.
Goldston Gin, 225.
Beaty Gin, Hedley, 354.
Farmers Equity Gin, Hedley, 250.
McKnight Gin, 105.
Westberry Gin, Hedley, 332.

Ralph Kerbow left Wednesday morning for Mineral Wells, where he had been called by a message, was in a very serious condition. Later in the day a second message was received calling the remainder of the family to the same place, as it was feared that the illness was of such serious character that their presence was needed.

Mr. Dorr Ellis of Kansas was a visitor to his home folks in Lelia Lake on Sunday. Mr. Henry Ellis, who has been ill for a time was returned to his home also on Sunday.

Band and Pep Squad Dress up For Fall

The Clarendon High School Band and Pep Squad will appear at the football games this time forward dolled up in their new fall costumes, lending color and uniformity to their appearance. The band members received beautiful sweaters Monday morning, and are proudly wearing them during the present cool spell. The sweaters are Maroon in coat style with a large "C" on the left side with a lyre inset in the "C". This makes a very pretty sweater with a most pleasing appearance, and will be used at the remaining ball games to back the Bronchos. The pep squad girls initiated their new uniforms at the football game last Friday and created no little favorable comment from those who witnessed the game. The uniform is of Maroon and White material with a Maroon megaphone against a white background. "CHS" is to be found on the megaphone. The new uniforms are much more flashing than the last season's dresses, and wherever the girls appear the crowds will be sure of seeing one of the classiest pep squad aggregations in the country. Not only will the girls be smartly attired but their peppy yells and songs for the Bronchos, under the leadership of Misses Emma Kenner, Ruth Price and Ruth Nichols, are second to none anywhere.

Donley County won the first prize on cotton at the Amarillo Tri-State Fair. And you will further note that a standard staple cotton won the ribbon, too. The market this year is very partial to standard staple cotton and the "half and half" variety is being penalized every day several dollars a bale. That hurts as low as the market is now.

Reports from the city marshal say that traffic conditions are much more favorable for safety now than at any period for a number of years. Co-operation along the line of observance of traffic rules is doing the trick, and if the citizenship stays in a frame of mind to do their part and the city officials continue to "bear down" on the few that took the reformation lightly, we shall see still further improvement in city traffic observance. It looks like law observance is a lot like religion—you have to have a "revival" now and then to warm up the backsliders.

PROFESSIONAL BEGGARS

Many beggars, some of them apparently in the best of physical condition, are making Tahoka of late. On personal visits to merchants they ask for the price of a chili, a hamburger or a meal. One visited The News office the other day and, after he had gone, the writer became a bit suspicious and followed him down the street. We saw him approach another man, and another. Two of the three times he got some change. That man was a grafter. He had claimed that he could not find work, and that he was hungry, to which plea a great percentage of people will listen. Work is a bit scarce now, all kinds except cotton picking. There are possibly many people that are hungry. But, before we help the next able-bodied man, we will first suggest that he do enough work to earn the bit we give him. If he is not hungry and needs work he will be glad for this help. There is cotton to be picked in Lynn County; and before any man goes hungry, he should not feel that picking cotton is lowering his position in society, even if the price is only 50c to 60c per hundred.—Tahoka News.

RUNNING A NEWSPAPER

The thing that makes it hard for a man to run a newspaper is his friends. When a friend thinks that something ought to be kept out of the paper he doesn't hesitate to ask it as a personal favor. An enemy doesn't ask any favors. But a friend thinks the conduct of a newspaper is the personal matter of the editor, when, as a matter of fact, he is largely in the position of a man serving a public trust.

A philosophical old fellow once said to the writer, "A newspaper that doesn't make you mad once in a while isn't worth the subscription price."

To make people mad is not the chief province of a newspaper, but if it is going to be one worthy of the name, it must print the news without fear or favor. The Register has been threatened with, and indeed has suffered business reprisals not once but frequently. These things must necessarily be borne in silence. The great reading public which a newspaper serves is not interested in the personal difficulties of the editor or publisher, though we have known instances where a full airing of threats and subsequent reprisals would have made absorbing reading.

But such things must be regarded as part of the game, to be suffered, perhaps, because of our sins committed in other directions. And then, too, it must be remembered that all things, both human and divine, are subject to criticism. Even the Bible does not escape.—Raleigh (N. C.) Register.

AMONG THOSE PRESENT

We know what our neighboring towns think of us, we know that our traveling men visitors talk of us, we know that our city relatives who come here for a short stay go out and tell about us. The biggest question is, "What do they say?"

Towns are like people. They have their personalities. We have possibilities in our town of developing a town personality that will stand out from our surrounding and competing towns. It does not mean the blatant, booster spirit; it consists of bragging of our town on every occasion. It means merely looking on fellow residents and fellow businessmen not as competitors, but as colleagues, friends, and team-mates in this community-competition of ours. It means merely an occasional smile in place of a frown.

"Personality" is acclaimed by great business men, politicians, statesmen, and others as important in the building of their careers. Their friends point to their "personality" as being their success. Towns have personality just as individuals have. And in achieving success our city must develop a personality just the same as great individuals have.

Here and there, all over the country, are towns and cities which have developed personalities. Towns and cities which have developed reputations. We hear of both the good reputations and the ones with bad reputations. Our town may not be big enough to develop a NATIONAL reputation, but a smiling, cheerful, MUNICIPAL PERSONALITY will ease our nerves, improve our digestion, increase and sweeten our sleeping hours!—Dalhart Texan.

S. W. CONFERENCE BIDS FOR GLORY

S. M. U. MUSTANGS HOLDS NATION'S SPOTLIGHT WITH GO AGAINST ROCKNES MEN

Far flung is the football line of the Southwest Conference this week—from the Great Lakes to the Gulf of Mexico.

Biggest single day in the history of the conference is next Saturday when three conference members advance into the Middle West for games with teams of high ranking nationally.

Most important of these games is the S. M. U.-Notre Dame clash at South Bend. Great showing of the Ponies two years ago against West Point makes this the most important game of the day on the national calendar.

While S. M. U. goes against the always powerful Irish of Knute Rockne, Texas A. & M. meets the Nebraska Huskies at Lincoln, Baylor takes on the Purdue Boilermakers at La Fayette, Ind. The Southwest Conference is hoped to lose each of these contests, but their followers in Texas hope for close scores; and if the Texans get a break—well, football pages are splattered with the dopamine.

While their opposition travel to far places, other members of the conference remain in Texas for nonconference games in this, the third week of the season.

T. C. U. goes to Breckenridge for its annual tussle with Simmons U.—the third such event, which is rapidly becoming a classic in West Texas where both teams are popular.

Texas remains at home for a game with the Centenary College Gentlemen of Shreveport. Rice Owls meet St. Edward's in Houston, Arkansas goes to Tulsa for an encounter with Tulsa University.

Showing of the Aggies was a feature of games last week. Matty Bell was said to be weak on offense, yet the Farmers piled up 43 points against Southwestern Pirates. A. & M. stuck to straight football, used vast numbers of reserves in this game.

The Frogs of T. C. U. got a lot of valuable training for their forwards as they drowned Austin College, 33 to 7. Offensive showing of T. C. U. was something of a disappointment. Coach Schmidt used every one of his 40 odd men. The tricky shift and spin plays of the Kangaroos gave his green tackles and guards valuable experience. Work of the ends, particularly Salkeld and Pruitt, the old Waco High school passing combination of Tiner to Pruitt, stood out.

Les Crumfill, Simmons coach, scouted the contest. He didn't say much, but from his attitude after the game one gathers that the Cowboy coach believes T. C. U. will be given a stiff struggle in Breckenridge Saturday.

Rice, after opening with a 34-6 verdict over Southwestern the week before, appeared weak Saturday. The Owls nosed out Sam Houston, 13 to 12. The Bearkats of Coach Jones showed unexpected fight and the Owls, surprised, lacked consistent drive. They may be surprised again this week when St. Edward's, where Jack Meagher formerly coached, meets them.

Those who go by comparative scores have food for thought in the Baylor-North Texas Teachers tilt. Baylor won 33 to 0. The week

SELLING TO FARMERS

Business men of the country spend 850 million dollars a year for advertising to reach city dwellers, but only 30 million in reaching the farmers, according to Samuel R. McKelvie of the Federal Farm Board.

He added that this disproportion in advertising efforts was all the more striking when it is considered that the farmers of the country have a normal purchasing power of ten billion dollars annually.

He might have gone further by stating that no class of prospective customers are more responsive to honest advertising than farmers and farmers' wives. Generally they take fewer newspapers and other periodicals than city dwellers and consequently read those they do take more thoroughly.

Merchants would do well to give more consideration to newspapers which reach the rural population.

Mr. E. P. Shelton was a visitor of the Tri-State Fair on Friday. Mr. Shelton was particularly interested in the poultry department since he was an exhibitor in that particular line, some of his birds winning first place.

before T. C. U. trounced the Teachers 47 to 0. That "good old Baylor line" appeared stout as expected, but the offense was poor.

Texas Puts on Drive

The Texas Longhorns, held to a single touchdown for three quarters, put on a powerful drive in the last period to win over the Texas school of Mines, 23 to 0.

The Longhorns using many subs, outplayed the Miners all the way but didn't produce much punch until the closing moments.

Arkansas, whose Porkers launch their conference season in Fort Worth Oct. 11, didn't have much trouble getting away with College of the Ozarks, 27 to 0.

S. M. U., presumably dodging scouts of Notre Dame, played two games last week. The Mustangs won over Howard Payne Thursday, 26 to 7, then their reserves played a scoreless tie with the Durant (Okla.) Teachers Saturday. This last game was announced some 24 hours before played, presumably to avoid emissaries of Knute Rockne.

T. C. U. FROGS TO DEDICATE NEW STADIUM AGAINST HOGS

FORT WORTH.—Texas Christian University's new stadium will be formally dedicated when the champion Frogs meet the Arkansas Razorbacks on the new field on Oct. 11. The stadium will be officially dedicated to the Southwest Conference Champions of 1929.

"The section now completed will seat approximately 20,000 persons," says L. C. Wright, T. C. U. athletic director. "When the complete stadium is built it will seat 60,000. The structure to date has cost about \$350,000, and when completed will represent an investment of a little more than \$1,000,000."

The west stand, as completed at the present time, has 61 rows of seats, while the east stand has 25 rows. The entire structure is modern throughout. Ideas gathered from the largest and most modern stadiums in the United States were embodied in its construction.

Squad dressing rooms and offices of the T. C. U. coaching staff will be housed in the west stand. The press box is one of the largest and most modern in the Southwest. It can be made sound-proof, and contains two radio broadcasting rooms.

Constant watering and care have produced a playing field in the new bowl that is already the equal of most Southwest fields. Since it is yet weeks before the field will be used, it can be said definitely that the new stadium will present a first-class sod and a fast playing field.

Five games, including three conference contests, will be played in the new bowl this season. The dedication game with Arkansas on October 11 will be the first, followed by Texas Tech, Oct. 25; Abilene Christian, Nov. 1; University of Texas, Nov. 15; and Baylor University, Nov. 22.

The time to buy feeder cattle depends principally on the system of fattening, the quantities and kinds of feeds available, and the quality of the cattle says the U. S. Department of Agriculture. Early fall is usually the best time to buy the lower grades of cattle for immediate fattening in dry lot, in order to market them in late winter or early spring. The lower grades usually reach their peak prices before June, though steers with considerable quality and condition may sell to advantage a little later in the season. Cattle to be finished on grass and carried through the winter on roughage should be bought in the fall. Buying feeders in the spring for finishing on grass the following summer should be limited to fairly mature cattle. Not much finish can be expected from young growing cattle that are roughed through the winter and marketed off grass the following summer.

A commercial orchard can pay profits in the Hill Country, Felix Knoese of Gillespie county thinks, and he points to a sale of \$3,000 worth of fruit this year in proof. Proper pruning and thorough cultivation gives him high quality fruit which averaged him 50c per bushel above ordinary prices last year.

In May 1929, I was critically ill with Rheumatism; in fact, I was an invalid and had to be helped around. My husband decided to bring me to Mineral Wells, as it looked as if there was no hope for me if I remained at home. But I had no confidence in Mineral Wells; in fact, I did not believe that anything or any place would relieve my suffering. You can imagine how I felt when I told my children "Good-Bye."

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon.

The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

SOCIETY

Miller-Bairfield

Announcement is made of the marriage of Miss Lois Bairfield and Mr. Sloan Miller of Henrietta, which was solemnized at the home of Mr. Wint Bairfield, father of Miss Lois, Saturday morning at 9 o'clock. Rev. S. E. Allison, pastor of the Methodist Episcopal church South reading the beautiful ring ceremony.

Miss Bairfield has lived in Donley County the major part of her life and has grown to young womanhood just on the brink of the beautiful Troublesome Canyon which has instilled in her a love for nature and the more beautiful things of life and being a true daughter of the Panhandle she has that broader vision and the sterling qualities that go to make up a true Texan. After finishing Clarendon High school she spent three years in C. L. A. at Denton, taking her degree from West Texas State Teacher's College in the spring of 1930.

The bride was attractively attired in a beautiful gown of black crepe with trimmings of white and accessories of black.

Mr. Miller is known in Clarendon having spent a time here as a student of Clarendon College, later entering West Texas State Teacher's College from which he finished in 1930. He will be athletic coach and an instructor in the public school if Snyder for the coming year where he and Mrs. Miller will make their home.

Mrs. W. W. Buck Hostess

The regular social meeting of the Numerous Hostess of Faror Club was held on Monday evening at the home of Mr. and Mrs. A. H. Baker with Mrs. W. W. Buck as hostess.

This was the first social meeting of the newly organized club and was highly successful, every member being present with a number of guests and such a delightful affair. "42", Touring and other games were indulged in, at nicely arranged tables, until a late hour when a lovely refreshment course was served.

Special guests were Mr. and Mrs. Young, Mr. Thompson, Miss Beulah Shearer, and Mr. Carrall Fox Young, all of Memphis.

Miss Irene McCormick, Miss Carrie Davis, Miss Kay and Mr. Earl Naylor.

P. T. A. to Observe Membership Week

Membership week will be observed in Clarendon this week by the Sims P. T. A. which will conclude the program of activities begun some two weeks ago.

During this week the Sims P. T. A. will give the patrons a cordial invitation to become members of the Parent-Teachers association.

In view of the privilege and duty entailed by such membership the officers and teachers wish to bring to the general public some information as to what it means to be a Parent Teacher worker.

"The one thing in the world on which everyone, regardless of race, creed, or language, can agree is the worth of a little child. America is committed to the ideal that every child shall have a fair start in life. The organized parenthood of America is a mighty force for worthier homes, better schools, and finer communities. As a member of the National Congress of Parents and Teachers, you have a part in helping to realize that ideal in your home, in your community, in your state, in the nation, and in the world. Everything that you put into this movement in time, energy, money, and spirit helps to

Kill Kare Kneedle Klub Meets

The Kill Kare Kneedle Klub members were guests of Mrs. Sam W. Lowe on Thursday afternoon and spent a most enjoyable afternoon with their needle work and conversation in rooms made attractive with a profusion of flowers.

A short business session was held before the hostess served dainty refreshments to the following club members and guests: Mesdames W. A. Land, Buel Sanford, Wood, W. A. Massie, W. C. Stewart, Eugene Noland, Walter Lowe, Bill Greene, Joe Cluck, H. C. Brumley, G. G. Kemp, George Dozier and Van Kennedy.

Pathfinder Club Opens Year

"How delightful to meet and each member to greet after the summer vacation is ended" was the predominating note of the opening meeting of the club year for members of the Pathfinder Club on Friday afternoon at the club room.

Lady members of the school faculty were honor guests for the program and reception which followed with mesdames C. A. Burton, E. P. Shelton, W. H. Patrick, Fred Rathjen and Sam W. Lowe as hostesses.

The club room had been attractively arranged with autumn flowers and gorgeous usters for the unusually interesting program which was opened with a violin solo by Mrs. G. L. Boykin.

Roll Call was answered with the most interesting book I read this summer. "Greetings by a Charter Member," by Mrs. W. B. Sims, included the outlining of what the Pathfinder club stood for and the major achievements along civic lines. Although this is a study club they have taken quite a bit of interest in civic affairs. This talk proved quite interesting especially to the newer members of the Pathfinder club.

"Greetings by the newest members" as told by Mrs. Frank Stueking gave an insight to what the Pathfinders are doing and what they wish to do. Mrs. Joe Goldston followed with a "Morning Wish" by W. Elmer Hunt.

"Administration Policies" for the coming year was ably presented by the incoming president, Mrs. A. T. Cole. The program was concluded with a beautiful vocal duette by Mesdames J. L. McMurtry and O. T. Smith.

Mr and Mrs. Mayes Entertain

A much enjoyed affair of Friday evening was the dinner party given by Mr. and Mrs. A. A. Mayes at their home which was adorned with a profusion of cut flowers and pot plants in honor of the occasion.

A sumptuous dinner was enjoyed at small tables attractively arranged with flowers and other appointments embodying a yellow and lavender color scheme.

"42" was the game introduced after dinner and furnished amusement for the following during the evening:

Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. U. J. Boston, Dr. and Mrs. J. G. Sherman, Mr. and Mrs. J. T. Patman, Mr. and Mrs. M. Noble, Mr. and Mrs. D. O.

Stallings, Mr. and Mrs. G. L. Boykin, Mr. and Mrs. W. E. Clifford, Miss Fray Stallings, Mrs. Eva Rhodes and Mrs. B. G. Smith.

Mrs. Reber Honored

The first tang of Autumn which ushered in the new week inspired hostesses to entertain for various reasons and helped to fill the social calendar for the week. Among the truly lovely affairs of the week was that given by Mrs. F. E. Chamberlain for Mrs. Reber of Colorado Springs, mother of Mrs. Kelly Chamberlain, and who has been a guest in the home of Mr. and Mrs. Kelley Chamberlain for the past ten days.

The beautiful home was enhanced with an artistic arrangement of flowers and greenery principal among them being asters which are so beautiful just at this time of the year.

Seven tables were in the playfully and bidding was brisk and lively with good comradeship and laughter making this a most pleasant affair.

Mrs. Reber received a lovely guest of honor favor at the close of the playing. Mrs. M. H. Rhodes received high score favor and Mrs. Odos Caraway consolation.

A lovely two course afternoon luncheon was served.

Seated for the games were: Mesdames Reber of Colorado Springs, guest of honor, W. H. Martin, James Trent, L. S. Bagby, J. T. Sims, W. H. Cooke, T. H. Ellis, A. R. Letts, Charles Bugbee, S. O. McCarren, Holman Kennedy, Selia Gentry, George Ryan, R. L. Bigger, Kelly Chamberlain, A. L. Chase, M. H. Rhodes, R. A. Chamberlain, C. G. Stricklin, Forrest Taylor, H. Glasco, Frank Stocking, Will C. McDonald, Odos Caraway, J. R. Blocker, Louise Marrell, J. L. McMurtry, B. L. Jenkins, and Miss Loraine Patrick.

Mrs. Smitley

Mrs. Paul E. Smitley was the charming hostess on Thursday afternoon to members of her bridge club at her apartment on East First street.

The members gathered early in the afternoon and spent a few hours with their chosen game, Auction bridge, in rooms beautified with Autumn flowers in all their brilliance and radiance.

Mrs. C. W. Bennett Jr., was high score winner for club members. Mrs. Earl Alexander for guests and Mrs. Sam Darden received consolation.

Participating in these games were Mrs. B. C. Antrobus, Mrs. C. W. Bennett Jr., Mrs. Sam Darden, Miss Lotta Bourland, Mrs. Lillian Brady, Mrs. Roy Ingram, Mrs. B. F. Kirtley, Mrs. T. F. Stargell, Mrs. Jim Haile, club members.

Mrs. Ira Merchant, Mrs. Ed Teer, Mrs. Earl Alexander, Miss Agnes Caraway, Miss Lois Bairfield, Mrs. Floyd Lumpkin, and Mrs. P. L. Chamberlain invited guests.

Senior B. Y. P. U. Party

Last Friday night the members of the Senior B. Y. P. U. were entertained at a party. The time of the party was to cover one week. Every day in the week had its special feature. For each of these different entertainments a new date was made. This made the party very interesting for all of those present. On Monday night those present were entertained by a number of short plays. Tuesday evening everyone visited the Palace of Sweets. Wednesday afternoon all of the members went to the races. On Thursday evening a concert was given by the Wayland Quartet. Friday night a party was given and games were played until almost time to go home. After the entertainments of the week tea was served on Saturday evening and everyone went home after spending a most delightful evening. We hope that those who

SUNDAY SCHOOL AND B. Y. P. U. IN CHARGE SUNDAY

Due to the absence of the pastor on a much needed vacation, the Sunday school and B. Y. P. U. were in charge of the worship services at both the morning and evening hours.
 At the Sunday morning hour the Sunday school gave their annual promotion program. The rostrum was decorated to represent a garden. The superintendent, Mr. S. W. Lowe was met by the Spirit of Growth, Mrs. Joe Goldston. The Spirit of Growth called the little flowers from the nursery class, who were graduating from the cradle roll department, into the garden of growth. They gave their part and were presented with their diplomas. The graduates from each department were called into the garden by the Spirit of Growth and gave their program showing forth the growth which had come. They were presented with their diplomas by their departmental superintendent. A fitting transition was given by the Spirit of Growth in each case. Music appropriate to the growth that was coming into the garden was sung by Miss Anna Moores as each came forward. The growth and development of each group was clearly demonstrated in the program which they gave, thus making the service a very impressive one.
 At the evening hour the Training Department had charge, a combination promotion and installation service was given. With a brief word of farewell from the department they were leaving and a welcome to the department they were going into, certificates of promotion were given the graduates.
 Then the installation service for the new officers was held. A rainbow theme was featured throughout. A beautiful rainbow of crepe paper was thrown from the "prism" of the B. Y. P. U. across the front of the rostrum. All the lights in the auditorium were turned off except a spot light which was focussed on the prism and the resulting rainbow. The account of the giving of the rainbow as a symbol of the covenant between God and man, as recorded in Gen. 9:11-17, was read. The members of the B. Y. P. U. in training for service for Christ were pictured as a rainbow of promise across the sky of the Baptist church of Clarendon, as the members are trying to transmit the light of Christ through their lives.

As the different groups of officers were called by name, they came to the front and a representative of the group pledged them to endeavor to place a certain color in the rainbow through their work as officers. For example, the presidents pledged the addition of the purple by the exaltation of Christ as King of Kings, the center of the whole program. When all were in their places, they were led in a prayer of consecration by Mr. S. W. Lowe.
 Mr. O. C. Watson, chairman of the board of deacons, spoke on what the church was expecting from this group of officers. He showed how a real Training Department in the church could be a rainbow of promise for the future.
 In closing, the B. Y. P. U. director, Miss Ruth Thompson, gave a rainbow of promises from the Word of God. She reminded the officers that it would not be easy to fulfill the pledges made. But

NOW IS TIME TO BUILD

Now is the time to build to remodel and to modernize, according to advice given by leading contractors and material men. It is possible that the present opportunity afforded by low material costs and high labor efficiency will not recur in several years to come, they say.

This statement is substantiated by the heating research bureau of the C. A. Dunham Company of Chicago, which has made a recent study of labor and material costs, showing that great advantage of the present situation.

TOWN BEAUTY AN ASSET

In spite of the apparent commercialism of the age in which we live, it is evident to any observer that the American people are developing a greater appreciation of the beautiful. This is not confined to the wealthier classes, but extends to the great masses in the towns and villages, and in the rural districts.

New towns and new sections of the older ones are being laid out with wider streets, with provision for larger lawns, more trees,

PAIN
so easily relieved
How to treat
Headaches
Neuralgia
Neuritis
or check a Cold

WHY ARE some women so patient with pain? Shopping with a head that throbs. Working when they ache all over. Sometimes it's hours before they take Bayer Aspirin and get relief! Most men take these tablets the moment some ache or pain threatens their comfort. And so should you. Genuine Aspirin is perfectly harmless; cannot depress the heart. The tablets stamped Bayer are always genuine Aspirin; always the same, always safe. It isn't sensible to suffer with a headache, a cold, neuralgia pains, or anything else these tablets relieve so quickly. Buy by the bottle and save money.

BAYER ASPIRIN

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

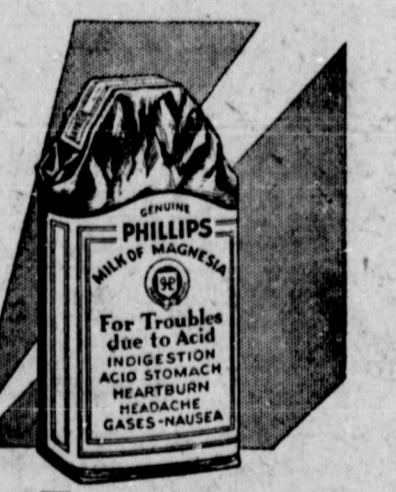

In 1885, Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today, this same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

Too Much ACID

MANY people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company since 1875.

WHEN BABIES FRET

THERE are times when a baby is too fretful or feverish to be sung to sleep. There are some pains a mother cannot pat away. But there's quick comfort in Castoria!

For diarrhea, and other infantile ills, give this pure vegetable preparation. Whenever coated tongues tell of constipation; whenever there's any sign of sluggishness. Castoria has a good taste; children love to take it. Buy the genuine—with Chas. H. Fletcher's signature on wrapper.

The Electric Man Recommends Safety and Convenience Lighting

"Do you know, I think one of the most convenient uses of lighting is the garage light, the driveway light and the yard light."

"More than likely you've noticed this type of lighting equipment, and have made up your mind to install it at some future date."

"Don't deny yourself such an important convenience—when it costs so little. Under the new rate system, this lighting is possible at a cost of only 4c per kilowatt-hour—3c where service is also used for heating or cooking—and will increase your monthly bill only a few cents; not enough to counterbalance the advantages of good lighting."

"With the new Home Comfort rate, your normal use of service should absorb the first two rates, placing all additional consumption on the low rate."

"You are sure to appreciate the many advantages that Safety and Convenience Lighting will bring you—and now at such low cost, you cannot afford to be without these advantages."

KONJOLA DID MORE FOR ME THAN ALL ELSE

New Medicine Proves Real Boon To San Antonio Housewife—Earns Eager Praise.

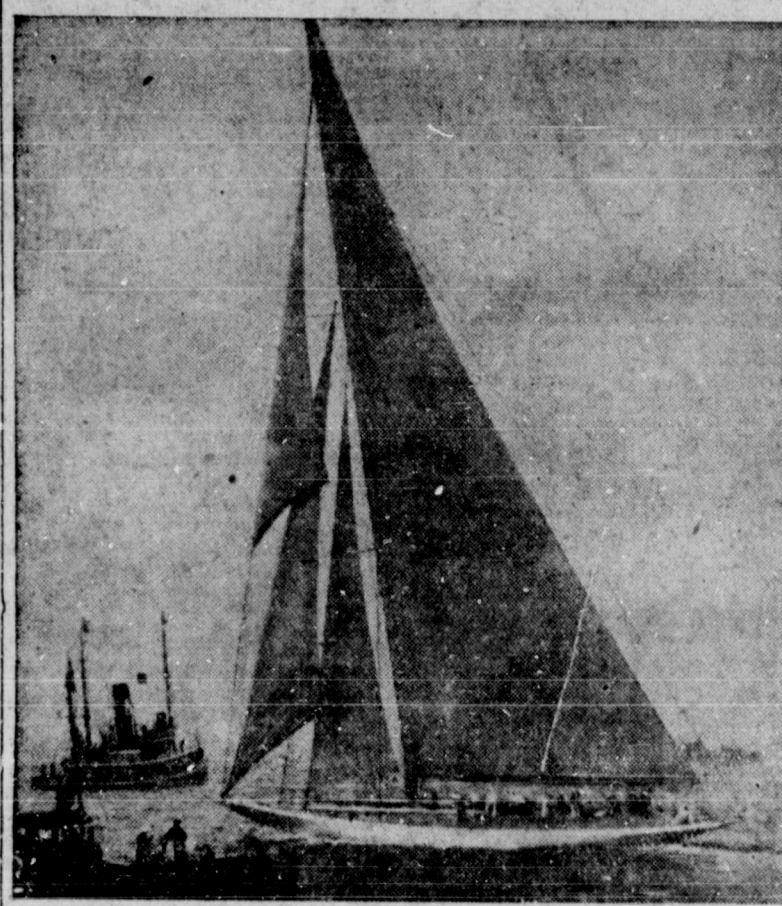

MRS. T. G. MOORE

"Three years ago I began having trouble with my liver," said Mrs. T. G. Moore, 314 Mission street, San Antonio. "It was sluggish, my complexion was bad and I had dark blotches on my face. I was troubled with constipation and forced to use laxatives and purges almost daily. Those conditions made me very nervous and I did not sleep well. I felt thoroughly down and out."

"My husband and I decided to give Konjola a trial. After trying this medicine out for a few days I found it different than anything I had ever tried before. Now, after taking Konjola for a month, I am feeling better than I have for a long time and am more than pleased with the results it has brought. It has done more for me than all else I tried and I am glad to endorse it."

Although Konjola does work quickly, it is best to take this medicine over a six to eight week period in the average case. Its record has made Konjola a household word in thousands upon thousands of American Homes.

Konjola is sold in Clarendon at Douglas & Goldston Drug Co., and by all the best druggists in all towns throughout this entire section.

ENTERPRISE, DEFEATS SHAMROCK V FOR CUP: The American Cup is still safely in America. The swift defender, Enterprise, is shown crossing the finish line a quarter of a mile ahead of the challenger, Sir Thomas Lipton's Shamrock V, in the first race for the Cup. of the marvelous growth and development of Sargon, the New Scientific Compound which has become the sensation of the drug trade throughout the United States, Canada and other countries.

The old illustration of the peddle dropped into the pool best describes the phenomenal and unprecedented demand and its fame is rapidly spreading over the entire American Continent like a great tidal wave.

Recently compiled figures reveal that approximately 15,000 men and women are marching into the drug stores daily for Sargon and Sargon Soft-Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told millions what it has done for them.

Marching in regulation U. S. Army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—within a few years time, encircle the entire globe.

The only explanation of Sargon's triumph in the Medical World is Sargon's true worth. Back of its triumph in the drug stores is its triumph in the homes and it is the grateful endorsements of its millions of users that has made it the most widely talked of medicine in the world today.

Sargon is extensively advertised, it is true, but no preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine.

There can be but one possible explanation for Sargon's amazing success and it can be told in one word—MERIT!

ROCKNE THINKS MAYBE HE WILL HAVE TO USE 1ST TEAM

Program stories being broadcast by the publicity department of the University Notre Dame quote Coach Knute Rockne as being of the opinion that he "may have to use his varsity team throughout the game or until we have a comfortable lead" in the clash next Saturday against S. M. U.

The same publicity story says: "In defensive scrimmage against a team of ineligible men, called by Rockne the Hamburgs, varsity backs showed S. M. U. passing plays and will probably be able to stop anything used last season by the Mustangs. They concentrated their defense on Long, end, and Gilbert, quarter, and the two halves, Mason and Katman. The three backs mentioned are veterans of the 1929 campaign and are all excellent lateral and forward pass tossers and receivers. Gilbert on one occasion last season completed a 65-yard pass to Long for a touchdown. Ira Hopper, 208-pound fullback, was marked in practice for his reputation as a plunger."

Notre Dame's first team will line up as follows:
Kosty, left end; Leahy, left tackle; Kassis, left guard; Yarr, center; Metzger, right guard; Donoghue, right tackle; Captain Conley, right end; Carideo, quarter; Schwartz left half; Mullens, fullback; and Brill right half.

AMARILLOANS CONFESS TO LOOTING STORE AT BRICE

Herbert Aduedell, 27, and Gordon Wood, 27, were arrested Saturday and confessed to the robbery of the Ben Hill grocery store at Brice Texas, in Hall county, last Friday night. The men were arrested at 1102 Arthur street in Amarillo by the constable's department which recovered practically all of the stolen merchandise, consisting of dry goods and groceries.

The young men stated that they left Amarillo about 9 o'clock Friday night, drove to Brice, robbed the store about 1:30 o'clock in the morning, came to North Brice where they cached some of the loot, then back to Amarillo, arriving at 9:30 in the morning, about the time that the constable's department received news of the burglary.

The young men had then gone to pay a debt—to return \$10 that they had borrowed, they said. The debt was paid with 200 pounds of sugar, five buckets of lard, 100 pounds of pinto beans, and 100 pounds of flour. This also was recovered by the officers.

Sheriff Sid Christian of Memphis came up Monday and took the two men back to Memphis. The stolen merchandise is to be returned to Mr. Hill.—Amarillo Daily News.

BRONCHOS DEFEAT AMARILLO TEAM

HIGH SCHOOL TEAM DISPLAYS VARIED ATTACK TO DOWN PRICE MEMORIAL

In the best and most interesting game of the year the Bronchos again showed their superiority and downed the fighting Price Memorial College eleven last Friday afternoon 12 to 0 on the College gridiron. The victory showed Bronchos to have a well filled repertoire of plays, and the execution of the formations were well timed and run off with telling effectiveness. The Bronchos found the visitors a worthy foe and the ease with which the previous opponents had been vanquished was entirely lacking. The victory came with a completed pass Nichols to Behrens in the second period for 20 yards and the first touchdown. The final marker being made late in the fourth quarter when Bourland on a delayed spur buck knifed his way through the bewildered collegians for eleven yards and a touchdown. Early in the first quarter the Amarillo eleven launched a savage line attack which carried them into the Broncho territory on two successive first downs, but here the Clarendon line stiffened and halted the best efforts of the Cardinal backs. This was the last threat of the visitors while the Bronchos seemed to grow stronger through the remaining periods. In the second period after the local backfield had carried the ball deep into the Price Memorial College territory a 20 yard pass from Captain Nichols was snared by Behrens with the Amarillo secondary defense forgetting to cover up for a possible pass play. The score remained 6 to 0 when the High School backs as usual failed to convert for extra point. Out of ten touchdowns scored by the Bronchos over their opponents this year, there is yet to be added the extra point from play. Only one point has been scored after touchdown, and that resulted from the opposition being off side as the ball failed to rise above the players.

The feature of the Bronchos play was the powerful thrusts through the line by Captain Nichols, and the runs by Bourland and Hudson. The line showed plenty of power with equal ability on defense and offense.

Clarendon fans are optimistic over the prospect for a district championship this year, and with the old Broncho spirit and cooperation from the fans it is very probable that the close of the season will find the championship tucked to the walls of the H. S.

Clarendon registered 15 first downs and Amarillo 3. Clarendon attempted 6 passes with 3 complete for 53 yards, 2 incomplete and one intercepted for 22 yard loss. Amarillo attempted 3 passes, 1 complete for 30 yards and two incomplete. Clarendon punted three times for an average of 24 yards. Amarillo punted 6 times for an average of 42 yards. Clarendon was penalized 15 yards. Amarillo penalized 10 yards.

The starting line-up for Clarendon was: T. Watson, Langford, Behrens, Beard, Andis, Captain Nichols, and Bourland. Substitutes were E. Watson, O. C. Watson, Easterling, Cornelius, Halle, Martin, Wood, Hudson, and Davis.

Mr. A. T. Jefferies and Mr. J. F. Blocker transacted business in Childress, Tuesday.

What Price Bread?

That the price of flour is not the governing factor in the price of bread is revealed by General Mills, Inc., which compiled operating costs of a series of representative bakeries. For every decrease of a dollar a barrel in the price of flour, the reduction in the cost of bread to the baker is only .0033 dollars per pound loaf.

Costs to the baker of 100 pounds of baked bread are shown in the following tabulation:

Flour cost per barrel	\$6.00	\$5.00	\$4.00	\$3.00
Flour	2.03	1.70	1.36	0.00
Other ingredients	.80	.80	.80	.80
Production costs	1.05	1.05	1.05	1.05
Selling-Delivery costs	1.75	1.75	1.75	1.75
Overhead	.60	.60	.60	.60

Bread cost to baker per 100 lbs. \$6.23 \$5.90 \$5.56 \$4.20

If the farmer gave away his wheat, if the miller milled his flour for nothing, bread would cost the baker 4.2 cents per loaf.

TRAFFIC RELIEF IS ON THE WAY

DETROIT AREA HAS 300 MILES OF HIGHWAYS WIDER THAN 40 FEET

By E. E. DUFFY
How fast does the world move? Scientists can determine the actual speed of the world quite accurately, but they cannot calculate the speed of progress.

Until recently, a century or more was required for a new idea to find its way around the civilized world. But with the transportation and communication equipment of today new things spread overnight, such as midget golf.

But even in this age, improved methods frequently are slow in spreading. A striking instance of this is found in motor transportation. While cities all over the country have been struggling in theories of traffic congestion and high cost, ill-planned highway programs, Wayne county, in which Detroit is located has virtually solved the traffic problem.

Wayne county has a story, and an exhibit, that warrants the attention of every community suffering from traffic. On Sept. 1st of this year Wayne county had completed no less than 624 miles of hard surfaced roads—but the amazing feature is that some 300 miles of this pavement is of a 40-foot width or greater.

In addition, Wayne county now has 35 grade separations, 33 of which are at railroad intersections and two at important highway intersections. During the year 51 miles of pavements were widened and 22 miles of new pavements were built.

And another outstanding thing on the Wayne county program is the continuous acquisition of wider rights of way. These are being acquired at an average rate of about a mile a week. Consequently when money is available for wide pavements, and there is a need for them, Wayne County has a place to put them.

Wayne county is looking at motor transportation from the business end as well as the pleasure.

Well paved arteries leading out in all directions from Detroit have tended to equalize real estate values; they have made it possible for city workers to live in spacious and "countrified" districts away from the city; they are helping downtown Detroit merchants and business men retain their customers.

The accomplishment of the Detroit area has not taken place by mere chance, nor have the automobile industries contributed more heavily than other industries. The Detroit region has done what other communities can do with a proper usage of available money.

Shortly highway officials of New York and Pennsylvania are to inspect traffic relief facilities in the Detroit area. In the last few years roadbuilders from all over the world have visited these highways. The news of Detroit's accomplishment is spreading and doubtless soon other communities will come to the realization that grade separations, pavement width, and hard surfaces, rather than traffic ordinances, constitute the only method of relief.

WORLD'S BEST LOSER

For undoubted sportsmanship we must give the palm to Sir Thomas Lipton, the gallant Irishman who will again contend for the America's Cup, the most coveted yachting prize in the world.

It is now 79 years since the famous cup was first won by an American boat, appropriately named the America, on August 22, 1851, and in the intervening years it has been successfully defended 13 times.

Beginning in 1899, Sir Thomas Lipton has made four attempts to lift the cup without success, and the forthcoming races starting September 13 will mark his fifth. That he has accepted successive defeats with equanimity and is willing to risk another leads Will Rogers to dub him "the best loser on earth."

After his first defeat in 1899, Sir Thomas came back in 1901 and 1903 to meet the same fate. He challenged for 1914, but the war upset his plans. He was again a contender in 1920, losing once more. Each time his yacht has been named the Shamrock.

IN THE RUMBLE SEAT

H. C. Glenn, in the Crosbyton Review, thinks the talk of "speeding up" and spending freely is all bunk. Instead, he says, that is the real cause of the present depression over the country. He gives a list of eight remedies that he believes will aid in solving the puzzle. Here they are:

GEN. PERSHING IS 70

General John J. Pershing, 70 years old on August 13, has had perhaps the most remarkable career of any American soldier of his generation, and although retired from the Army since 1924 is still active as chairman of the American battle monuments commission.

Born in Linr. county Missouri, he was graduated from West Point in 1886, gained his first actual battle experience the same year in the Apache Indian campaign. He served in the Sioux war of 1890-91; in the Santiago campaign of 1898, and distinguished himself in successful campaigns against the Moros in the Philippines, for which he was promoted from captain to brigadier-general.

He commanded the expedition sent into Mexico in pursuit of Villa in 1916, and at the outbreak of the World War was placed in command of the American Expeditionary Forces in France. For his distinguished services in the war he was made General of the Armies of the United States, a rank created for him by Congress in 1919. He also received the highest military decorations from all the Allied nations.

General Pershing's life has been marked by many hardships and at least one great sorrow. His wife and three children were burned to death in a fire at the Presidio of San Francisco on August 27, 1915, while he was absent from the post on duty. Mrs. Pershing was the daughter of Senator Warren of Wyoming.

During his long career General Pershing has served his country with extraordinary distinction, and his fellow citizens will wish for him many more years in which to enjoy the well-earned honors which have been bestowed upon him.

The high praise given Caste and Bellonte, the brave French flyers, for their flight from Paris to New York, the first from the continent of Europe to America, is entirely deserved. But no one has yet duplicated Lindberg's feat of flying alone across the Atlantic. Until someone else does the trick, the Lone Eagle will occupy a place all his own in the field of aviation.

When Walter Boesse, an iron worker of Chicago, toppled five stories to the ground he only remarked, "I had to come down to post this letter anyhow."
