

## Progress To Begin Next Week

Details and selection of the district Works Administration offices is being perfected this week. The selection of the departmental heads and the work of the furniture and equipment offices on eighth floor of Brownwood nearing completion for the offices is being perfected for use until a purchase for equipment can be made through the state office at Austin.

The headquarters office will settle down to routine work on the first part of next week. The first applications for projects were filed Tuesday in the county. These applications are being checked by the department from which they are approved, they will be state headquarters and if there, to Washington for approval. Time needed to process the applications should not be more than two weeks, according to the state office.

## Burning of Utility Records Bared in Senate Probe

The flood of telegrams which poured in on Representative D. J. Driscoll (Dem., Pa.), shown left in characteristic pose, urged him to vote against the holding company "death sentence" because the center of attention in the Senate lobbying probe, when evidence was given that the originals had been burned in the Western Union office at Warren, Pa. R. P. Heron, of Warren, Pa., center, and E. W. O'Brien of Erie, Pa., right, shown on the witness stand, testified that they destroyed records on orders from "higher up" in the Associated Gas and Electric Company, with which both are connected.

## CCC ENROLLEES FOR ARIZONA CAMPS ARE BEING SECURED HERE

Brown county applicants for enrollment in the CCC were being registered at the county relief office here this week and are to report at Memorial Hall Friday morning for enrollment. Enrollees from Brown, Coleman and Eastland counties will report for duty at Stafford, Arizona.

Captain Benjamin Tolbert, commanding officer of the CCC camp at Lake Brownwood, is in charge of the enrollment of the 278 youths from seven counties in this section who are being recruited for CCC service. The schedule for enrollment is: July 24, McCulloch county enrollees; July 25, San Saba Mills and Comanche counties; July 26, Coleman and Brown counties; July 27, Eastland county.

Enrollees from McCulloch, San Saba, Mills and Comanche counties will report at Fort Thomas, Arizona.

Quotas for the seven counties are: Brown, 25; McCulloch, 59; San Saba, 50; Mills, 15; Comanche, 2; Coleman, 45; Eastland, 82.

## FIRST FHA LOAN IN BROWNWOOD APPROVED

First commitment on a Brownwood loan under title 2 of the Federal Housing Act was received here this week, only 10 days after the application was mailed from Brownwood to the district office. The commitment is on a \$1,600 loan for refinancing at 5 per cent interest for 20 years.

Under present regulations of the FHA, application for a loan is sent to the district office at Fort Worth for inspection and if approved a commitment will be issued. The prospective borrower may then present the commitment to the approved private lending agency in asking for a loan.

Smith Bell, Brown county FHA chairman, said this week that a number of applications are expected here. Applications may be made for new buildings as well as for refinancing.

The loans secured through private lending agencies, approved by the FHA, may be repaid in monthly installments which include payment on the principal, interest, taxes, fire and hazard insurance, service charge and mutual mortgage insurance.

## HOSPITAL FOR NEGRO TUBERCULARS MAY BE BUILT HERE BY STATE

The board of directors of Brownwood Chamber of Commerce voted to extend an invitation to the State Board of Control to locate a sanitarium for negro tuberculosis patients near Brownwood. The action was taken after a letter from the board was read which asked if this community would be interested in establishment of the sanitarium here if the state would buy the tract of land for the hospital.

The letter also explained that location of such a sanitarium near a community in no way endangers health conditions. The last Legislature appropriated \$200,000 for establishment of the sanitarium, and the expenditure would be \$2,000,000 over a period of a few years. A 500-acre tract of land with 200 acres in cultivation is needed for the hospital.

In earlier communications the Board of Control made inquiry as to local donation of the hospital tract. This was not thought possible by directors of the local organization, and no action was taken.

## COURT ON VACATION UNTIL SEPTEMBER 1

With the completion of its work Saturday for this term the district court will be in vacation until September 1. The appeal bond of Charlie Rice, charged with burglary of Coggin Avenue Drug Store, was declared forfeited by Judge E. J. Miller. The Rice case was affirmed by the court of criminal appeals about a month ago and the mandate returned shortly after that.

Sentences of Earl and Lee Haynie, charged with burglary, were changed from one year in the penitentiary for Lee Haynie and one and one-half years for Earl to a one year suspended sentence for Lee and one year in the penitentiary for Earl Haynie.

The first of the fall sessions of court will open at Coleman September 1. From Coleman the court moves to Brady. The fall term in Brown county opens the latter part of October.

Captain Victor Sandras has completed 31 years with the Louisiana Department of Conservation.

## STANLEY WOOD GIVEN NEW TRIAL DESPITE ATTORNEY'S PROTEST

The unusual procedure of the state requesting a new trial in a murder case conviction, while the defense pleaded to allow acceptance of sentence was enacted in Judge E. J. Miller's district court last week. Judge Miller ruled in favor of a new trial. The case was that of Stanley Wood, transferred to Brown county on a change of venue from Coleman county.

Wood was sentenced to ten years at his trial. When the sentence was passed the defense excepted and asked for a new trial. The prosecution agreed that there might be reversible errors in the case and asked that the jury's verdict be set aside and a new trial granted. Defense counsel then announced that Wood had decided to accept his sentence.

In arguments before the court Friday J. K. Baker, attorney for Wood, said the defendant now agreed to accept sentence and wanted to serve the term. He said that the defense had never asked a new trial and that excepting of sentence and notice of appeal was purely a formality to give the defendant a chance to determine further steps.

Special Prosecutor Walter C. Woodward brought higher court rulings on three cases, which he said were identical to the one in question and were decided upon exactly the same points as were in question in this case. It was the opinion of the higher court in these cases that the court could set aside the jury's verdict and allow a new trial but it could not then reverse this order and allow defendant to accept sentence.

The procedure taken by Judge Miller in granting a new trial in this case is unusual, there being only a few similar cases on record.

## GILLIAM GIVEN TWO YEARS IN DBC CASE

E. B. Gilliam, Sr., charged with embezzlement of Daniel Baker College funds, was found guilty and sentenced to two years in the penitentiary by a jury in district court Friday morning. The case had been turned over to the jury at the completion of the hearing Thursday night.

Gilliam accepted sentence immediately. He made his bond, set at \$2,000 by the court, and was released immediately from custody of the sheriff. Attorneys gave notice of appeal and asked 90 days in which to prepare statement of facts.

This was Gilliam's third trial on the embezzlement charges in Brown county. He appealed following the first trial, and the case was reversed. The second trial resulted in a hung jury.

He is charged with having embezzled money belonging to Daniel Baker college independence drive funds.

## City Fire Station Plea Sent To WPA

The city of Brownwood's application for a PWA grant of \$3,600 to aid in building a fire station for the south side of the city has been transferred to the WPA office.

Officials who presented the application to the PWA office Saturday were told that all new applications made to the PWA for amounts less than \$25,000 will be transferred to the WPA.

The application has been forwarded to the WPA office at San Antonio from which it will probably be transferred back to the district office here.

Almost doubling last year's list for the same period, 446 notices of intention to drill oil wells were filed in California during the first five months of 1935.

## War Declared On Hot Check Artists

Hot check writers will receive no more leniency in Peace Justice E. T. Perkins' court. Last week he fined an offender \$200 and costs, to total \$213, for passing a hot check for \$1. The fine assessed is a maximum punishment for this offense.

Judge Perkins said that he wanted this fine to serve as a warning to hot check writers that he will impose the maximum penalty to offenders in the future.

## MRS. ROY MATHEWS OF BANGS BEING BOOMED FOR CLUB PRESIDENT

Mrs. Roy Mathews of Bangs, re-tiring president of the Home Demonstration Clubs of District Three, is being sponsored by women of the county and this district for election to the office of state president. If this office is not sought she will be offered for the office next in importance, that of president-at-large.

Mrs. Mathews is considered one of the most popular and efficient demonstration club women in the entire state. She held numerous offices in the Bangs and county organizations before becoming president of the district. She is a former president of the Brown county council.

Mrs. Raymond McElroth, prominent Coleman county worker, is seeking the office now held by Mrs. Mathews. She is at present serving as president of the Coleman county council.

## ENROLLMENT HEAVY FOR SECOND PERIOD OF BOY SCOUT CAMP

The second period for the Boy Scout camp for Scouts of the Comanche Trail Area at Camp Billy Gibbons closed Wednesday. The most interesting experience related by returning Scouts and leaders is that of being stranded all night Monday night across the creek from camp while they waited for high water in San Saba river and Brady creek to go down.

The stranded party was returning from a barbecue given the Scouts at Gibbons ranch when high water prevented their return to camp. They were crossing the dam to reach the camp when a sudden rise of water came down the stream and 40 boys and leaders were forced to build a bonfire and remain all night on the creek bank.

Enrollment for the second period of the Boy Scout camp at Camp Billy Gibbons was the largest in the history of this area. The camp, which opened at noon Wednesday of last week, had an enrollment of 170 including fifteen Scout leaders.

The total enrollment for the first period was 135 boys and nineteen leaders.

The routine daily program for the second period was as follows: Morning—6:10, reveille; 6:20, wash up and big idea program 7:00; breakfast; 8:10, inspection of tent areas of individual troops; 8:45, life saving class; 9:00, handicraft class; 9:45, advanced swimming and diving; 10:30, regular swimming period; 11:30, recall; 12, lunch. Afternoon—1, rest; 2, handicraft; 2:45, life saving class; 3:45, advanced swimming and diving; 4:30, swimming; 5:30, recall; 5:45, retreat; 6, supper; 7, free time; 8, camp fire program; 9:45, taps.

## DIVERSION OF WATER TO SLOUGH TO MAKE IT RUNNING STREAM

The "Slough," unsightly stagnant branch, is to be converted into a running stream, under plans adopted by the Brownwood city council this week. The stream meanders through the eastern edge of the city, a running stream in wet seasons, with water accumulated in pockets through most of the summer. Plans developed by Sam Thomas, city water and street superintendent, and approved by the city council, call for diversion of sufficient water from Pecan Bayou to make the slough a running stream.

The Slough connects with the Bayou about midway between the two city storage dams. Elevation of the outlet is such that water is diverted into the slough only when there is a rise of three feet or more.

A 10-inch pipe is to be placed in the Bayou six inches below average water level and laid to the head of the slough. A valve will be placed in the pipe so that water can be stopped from running into the slough when desired.

City officials have pointed out that having running water in the Slough will be a great aid to sanitary conditions. Councilmen discussed the plan at a meeting last Tuesday night and ordered Mr. Thomas to proceed with the work. The slough goes back into the Bayou south of the city dump ground.

Work on extension of East Broadway from the courthouse square to a connection with highway 23 was ordered to be started immediately. Property owners furnished right-of-way and material for a drainage structure for the work.

Commissioners' court is to furnish machinery for the job. The drainage structure is to be built over Adams branch. When completed this extension will give the city another paved connection with highways leading into town.

## DRY ORGANIZATION IS PERFECTED HERE TO DEFEAT REPEAL

Douglas Condon was elected chairman of Brown county prohibition forces and plans were laid for a militant campaign to keep this county in the dry column August 24, at a mass meeting of drys at Howard Payne Auditorium Sunday night. A special election to repeal constitutional prohibition in Texas as will be held on August 24, and the campaign in this county will be extended into every voting precinct in the county, leaders of the movement decided. Brown county long has been a dry stronghold, and every effort will be made by the organization to bring out a big dry vote.

Other officers elected at the Sunday night meeting were: Mrs. J. W. Trapp, women's vice chairman; Clyde McIntosh, secretary-treasurer; Frank H. Sweet, W. A. Bell and H. M. Hughes, members of the county advisory committee.

Bishop H. A. Boaz of the Methodist church, one of the leaders in the anti-repeal program in Texas, addressed the meeting. He said that he had been battling against liquor and liquor interests for forty years. "I am against liquor," he declared, "but I hate no man. This is a campaign against liquor, and not against people." He gave as one of the reasons why he opposed repeal of the existing law that it would quadruple the amount of hard liquor consumed in the state.

He said the adoption of the repeal amendment would turn millions out of legitimate trade into the liquor traffic and would bring about much misery and suffering among all classes.

In closing he suggested the election of a chairman for each precinct of the county and a committee of at least five for each voting box in the county so that every voter could be contacted before the election.

F. S. Abney acted as temporary chairman and introduced the speaker. He also presided during the election of officers. Thos. H. Taylor, is chairman of the anti-repeal forces for this senatorial district.

The University of Kentucky will erect two new buildings at a total cost of \$500,000, if plans for a PWA loan are successful.

Being beautiful means jobs for many New York girls who pose for advertisements.

## Prize Rural Writer

Mrs. Mary Elizabeth Mahoney  
SHE comes from Oasis, Mo., a tiny village of 27 inhabitants, and has just been awarded first prize as the best country newspaper correspondent in the country. The prize is awarded annually by The Country Home, a national farm magazine. She was considered the best of 1581 contestants for the award.

## RAPID PROGRESS IS BEING MADE AT CCC CAMP AT PARK SITE

Rapid progress is being made on projects for the second period at the CCC camp at Lake Brownwood. The boat dock project, which includes a native stone lookout house at the top of the bluff overlooking the lake, is about 50 per cent complete.

Four picnic structures have been completed, and roads have been extended from the club house south to the site of the new cabins along the Jim Ned side of the park. Six additional structures of this type will be built.

Work has been about half completed on two of the eight additional cabins to be built during this six months period. Work on a third cabin was started Monday, according to N. H. Lee, superintendent at the park for the NPS. The eight new cabins will make a total of 14 in the park which will be for rent and use by the public when the park is opened.

Contract for the pipe for the park water system has been let and bids are out for a 40-foot tower and a 4,000-gallon tank for the system.

## WEDNESDAY LAST DAY FOR SCHOLASTICS TO ENTER NEW DISTRICTS

Wednesday, July 31, is the last day for transferring students from one school district to another for the coming school year. County Superintendent F. D. Pierce said this week that only a few students had taken advantage of the transfer period. Transferring is essential for state aid, and in order for all districts to benefit from the aid the students must be transferred during the month of July.

All students must be transferred through the county superintendent's office and cannot be transferred by trustees of the district in which the student lives.

## RUSH WORK TO CLEAR GROUND FOR REGATTA

Work in improving the boat dock tract at Lake Brownwood was rushed this week to get as much work completed as possible before the closing of the work period Thursday afternoon. Men were transferred from one shift of the county relief canning plant and the city rock crushing project to the crews at the lake project Tuesday. The tract is being prepared for spectators who will attend the first annual regatta at the lake August 3 and 4.

## Farm Group Will Fight Ruling On Processing Tax

H. G. Lucas to Lead Militant Campaign in Defense of AAA Legislation.

The Texas Agricultural Association is preparing to launch an aggressive campaign in defense of the AAA processing tax, recently declared unconstitutional by one of the lower courts. They also plan to attack the high protective tariffs enjoyed by the manufacturing industry.

H. G. Lucas of Brownwood, president of the Texas Agricultural Association, conferred with directors of the association in Dallas Tuesday, when plans were made for the campaign.

"We plan not only to ascertain whether legal action can be taken against high protective tariffs for the manufacturers," Mr. Lucas said Wednesday after returning to his home here, "but to begin an aggressive defense of the processing taxes, to take steps to prevent retention of processing tax money already collected by the manufacturers instead of returning it to the consumers who paid it, and to look into the possible abuse of the power of the injunction by federal district courts. We plan to enlist the active cooperation of all other farmers in the nation, so that there will be a finish fight for the protection of the farmers' rights."

"The AAA processing tax is the farmers' tariff and agriculture is entitled to protection the same as other industry," Mr. Lucas said.

"The manufacturing industry has destroyed the processing tax," Lucas charged, "and the farmers are plenty mad about the attitude of industry toward them. The processing tax has been one of the main things that kept agriculture going the last two years."

To Provide War Chest

Lucas said he expected the association would ask each member for a \$1 contribution to "the war chest to carry on the fight."

"The suits against the processing tax on the ground that it is not for revenue but for redistribution of wealth are just as applicable to the tariff which farmers have paid for generations on the commodities they use. We propose to take the matter in our own hands and see that there is equality for agriculture."

Lucas termed the processing tax "the first opportunity the farmer ever had to enjoy equality with other groups on the finished products of his own materials," and said "now he is losing that benefit through court action."

Mr. Lucas announced a meeting of the association for August 1 at Bryan at the same time the farmers' short course is in progress at Texas A. & M. College. The association has a membership of 225,000, he said.

Meeting for Action

"When we meet at Bryan August 1," Mr. Lucas said, "we will have all the directors of our association present, and about thirty leading farmers of the state will be with us, to go into executive session and hear the reports of our legal advisors. There will be no resolutions adopted, but action will be decided upon and actually begun at this meeting. There is no time for resolutions and protests. We plan to take our cause to the courts and fight it out."

Before the meeting of next week, Lucas states, legal advisors will make an exhaustive study of the principles involved in the processing tax and in the protective tariff, to determine whether the latter is vulnerable for the same reasons that have been advanced in lower court decisions invalidating the processing tax. "The tariff is for the protection of American manufacturers and the processing tax is for the protection of American farmers."

Mrs. Mary Soucey returned to her home near Blanket after a visit with Miss Annie Innes.

Mrs. Hanly of Rising Star and Mrs. Arthur Faulkner of Brownwood were business visitors in the community Monday.

Arthur Smith and Nic Small of Rising Star bought peaches here Monday.

Mrs. Dee Hardy of Colorado is visiting her parents, Mr. and Mrs. J. A. Waldrip. Mr. Hardy returned to his home Sunday night by way of Cisco.

Several from the neighborhood are attending the series of meetings at the Christian and Baptist churches at Rising Star.

Mr. Kenney is progressing nicely in gathering his splendid crop of Elberta peaches.

Mr. and Mrs. Mitchell Adkisson and sons, OdeH and Clyde, from near Blanket were Sunday visitors here.

Mr. and Mrs. Arthur Cannon of Rising Star were in the community Sunday.

J. A. Hancock was a business visitor at Brownwood Monday.

Mrs. F. B. Weaver who has been ill is improving.

Mr. and Mrs. Wayne Patterson and children, after a stay with parents and other relatives, returned to their home in South Texas Saturday.

Miss Lee Ella Howell came home from Baird Saturday where she had been visiting a sister.

Mrs. H. L. Cannon, who lived many years near May, passed away Friday at the home of her daughter, Mrs. Doss Holder of Maudley. Her children, Mrs. Ed Richardson of Wilson, Texas; Mrs. Hattie Williams and daughter, Miss Edith, of Abilene; Mrs. Veda and son of Waco, and Mrs. Mary Holder and son, D. E., of Munday, came with the body. Mrs. Cannon had many friends here who sympathize with the bereaved family. Funeral services and burial at Wolf Valley cemetery.

Several from the Okra community attended the Methodist revival at Macedonia Sunday.

Mr. and Mrs. Elvin Stoner and daughter are spending a few days with Mrs. Stoner's parents, Mr. and Mrs. Bill Vernon and family.

Mr. and Mrs. Charles Mason of near Cross Plains spent the past week with Mrs. Mason's parents.

Mr. and Mrs. John Harris, Mr. Ross Harris and son, Scott, visited in the home of Mrs. Lee Weatherby and family Monday evening.

Mr. and Mrs. Thomas Gifford of Graham are spending a few days with Mrs. Gifford's parents, Mr. and Mrs. Bob Carter and family.

Miss Burna Vernon spent Sunday with Miss Joyce Weatherby.

Mrs. S. W. Fountain was saddened by the death of her sister, Mrs. A. K. Anderson, of Sipe Springs, who was buried in the Amity cemetery Sunday.

Those who attended the funeral of Mrs. A. K. Anderson Sunday were: Mr. and Mrs. F. A. Haynes, Mr. and Mrs. Walter Boggs, Mr. and Mrs. Everett Harris and Mr. and Mrs. Lee Weatherby.

Mr. and Mrs. Walter Boggs spent Sunday with Mr. and Mrs. F. A. Haynes.

Mrs. Lee Weatherby spent Saturday evening with Mrs. John Starkey.

Mr. and Mrs. Claud Hill and family of near Okra spent Sunday with Mr. and Mrs. Ira Swift and family.

Mr. Ira Bell Rankin of Bradshaw visited in the home of Mr. Lee Weatherby Sunday.

Mr. and Mrs. Floyd Michael of near Sipe Springs visited in the home of Mr. and Mrs. Lee Weatherby Tuesday.

### May

Mr. and Mrs. Ernest Kidd visited Mrs. Kidd's mother, Mrs. Brant, last Sunday. Their boys, J. Pat and Don, are still here with their grandmother.

Mrs. Mattie Harlow is spending a few days with her sister, Mrs. Ruth, in Cyril, Okla.

Prof. N. T. Underwood is spending a few days with his mother, Mrs. Willie Underwood.

Prof. H. E. White and M. Evatt returned Monday night from a business trip to Fort Worth.

Mrs. W. P. Wiggins returned from Dallas where she visited her daughter, Mrs. F. M. Wileman. She also spent Saturday and Sunday with her brother, Frank Robason, at Fort Worth.

G. E. Cook, who has been spending a few days with his family, returned to his road work near Brady Wednesday.

Robert Woods and family of near Winters is visiting his father, Alex Woods and family.

Prof. G. H. Morrison and others went to Lubbock Thursday on business.

## Guard against winter colds with circulated heat

Doctors tell us that a constant, uniform temperature between 65 and 72 degrees is helpful in preventing winter colds. Gas floor furnaces and circulating heaters provide exactly this kind of heat. They CIRCULATE warmed air to every part of the room, knocking cold spots and chilly drafts. With the floor furnace no oxygen is taken from the air you breathe. Both prevent wall sweating. Investigate the advantages of this healthful gas heat while special July prices and terms are effective. Pay only small amount down and equipment will be installed at your convenience.

Begin monthly payments in OCTOBER

### Community Natural Gas Co.

Here's something to think about when you buy trucks

It pays 3 ways to buy CHEVROLETS

World's lowest Prices

Valve-in-head six Economy

Year after year Dependability

The world's best truck buy! That is the verdict of the ever-increasing number of people who are choosing these big, powerful Chevrolet Trucks. A very natural verdict when you realize how much more economical these trucks are to buy, operate and maintain. Chevrolet Trucks sell at the world's lowest prices. Their six-cylinder valve-in-head engines use less gas and oil. And their strong, sturdy construction assures faithful performance, year in and year out, with a minimum of maintenance expense. That is why we say—It pays 3 ways to buy Chevrolets! See your Chevrolet dealer and choose the right Chevrolet Truck for your delivery or haulage needs—today!

CHEVROLET MOTOR CO., DETROIT, MICH. Compare Chevrolet's low-delivered prices and easy G. M. A. C. terms. A General Motors Value.

### MAKING Smart CLOTHES

If you want an easy-to-sew, easy-to-wash Summer dress, here is your answer. You can see for yourself how simple the dress is! The sleeves are cut in one with the bodice. The pattern has very few pieces. The only sewing which might be considered tricky is the bound button-holes—and the Del-

for instruction sheet which comes with the pattern tells you how to make these the easiest way.

As for the laundering, you simply unbutton the dress and pop it in the tub. And afterwards spread it out flat to iron!

Best of all, this is a perfectly charming style—comfortable, cool, and crispy chic. Make it in linen or pique or gingham and choose big brilliant washable buttons!

This is a Butterick Pattern and may be bought for 35c at your local department store.

### Bangs Townsend Group Is Proposed

A mass meeting is to be held at Bangs on Saturday, July 27th, for the purpose of organizing a Towns-

Addresses on the Townsend Plan will be made by J. B. Jones of Brownwood and other speakers of the county. The meeting is set for 2 p. m.

There are 81 Georgia towns that use "ville" with their names.

### RECORD CLASS WILL FINISH SUMMER WORK AT HPC AUGUST 2

Rev. H. R. Long, pastor of First Baptist Church at Sulphur Springs, will be the principal speaker on the commencement program for the summer class at Howard Payne College, to be held Friday night, August 2.

The graduating class of 55 is the largest summer class in the history of the college. Members of the class are:

Keith Appleby, San Angelo; J. Weldon Bailey, May; Pearl E. Beck, Kenedy; James M. Bradford, Dublin; Willie Lane Brown, Coleman; Dorous Brown, Comanche; Lovie Cadenhead, Brownwood; Lawson C. Cash, Pioneer; J. C. Conradt, Lometa; Helen Daniel Connell, Brownwood; Mrs. Morris Day, Rockwall; Nella Derrington, Whon; Stella Bruton Duke, Winters; Cyril D. Findley, Bangs; Oleta Fisher, Mullin.

Charlotte Gibson, Rising Star; Eunice Goodall, Roosevelt; Mabel Hall, Sidney; Willa Faye Hamilton, Rising Star; Mrs. A. S. Hart, Rockwood; Lula Jo Harvey, Santa Anna; Marion F. Hines, Lometa; Dale E. Howard, De Leon; Druelle Hudler, May; Norine Jagers, Big Lake; Webb D. Jenkins, Comanche; Annie Johnson, Rochelle; Alpha L. Jones, Blanket; Mrs. W. D. Kirkpatrick, Whitney; Mary Beth Langston, Cisco; Clara Halden Malloy, San Saba.

Eileen Marshall, Dallas; William H. Marshall, Brownwood; Minnie Vardiman Mayhew, Ballinger; Mrs. Mary Michaels, May; Maurice Mitchell, Brady; Della Lucile Mitchell, Brady; Pauline Parker, Cottle; Oma Parks, Locker; Patsy Yarbrough Pulliam, Bangs; L. Byron Rucker, Strawn; Tessie Oma Statno Shirley, Llano; Claybelle Spence, Brownwood; Attie Stevens, Cisco; Fannie Stevens, Cisco.

Winifred Baugh Strait, Big Wells; Lee R. Tesson, Bangs; Herman Edgar Trigg, Brownwood; Irene Huston Underwood, Paint Rock; Clinton Voyles, Cross Plains; Herman Walton, Hamilton; Kathleen Douglas Williams, Brownwood; Johnnie E. Williams, Mullin; Thomas Coleman Williams, Cisco; Jessie O. Woodward, Coleman; Vera Wooten, Brady.

A churchyard dating from colonial days is situated in the heart of the Bronx, where many immigrants live.

The department of agriculture reports its forest products laboratory at Madison, Wis., had 4,500 visitors last year.

### Farm Group—

(Continued from Page 1)

tax is for the protection of American producers. Neither is primarily a revenue measure," the farmers leader declared.

### Defense and Offenses

Mr. Lucas explained that his organization does not plan simply to launch an attack on the manufacturing interests now profiting from the protective tariff, although that probably will be a part of the program. Primarily it is planned to build up an air tight defense of the rights and privileges now enjoyed by the farmers, and to provide protection against abuses that may come through unwise employment of injunctions or through any prospective legislation by the national Congress. If the processing tax is finally outlawed by the Supreme Court, the farmers will insist that the money already collected from the consumers not be retained by the processors, who did not pay it but simply "passed it along to the farmers and to everybody else." It would be impossible to return the tax to the public, of course, Mr. Lucas says, but the farmers are determined that it shall not be retained in the treasuries of the processors.

"The job is too large for the farmers of Texas to handle by themselves," the state president declared, "but we plan to organize an aggressive campaign in our own defense and to invite all the other farmers of the country to join us in the battle. A small contribution from each farmer, based upon the acreage he is cultivating, will provide us with an ample fund for any court action which may be instituted."

"The processing tax is the first opportunity the farmer ever had to enjoy equality with other groups on the finished products of his own raw materials and now through court action he is losing that benefit," Lucas declares.

### Manufacturers Not Hurt

"The processing tax has not hurt the manufacturer. For generations farmers have paid the tariffs uncomplainingly and their farm supplies and these tariffs, carried relatively high percentages when compared to processing taxes, but the latter have been passed to the consumer with increases.

"A cotton work shirt weighing less than a pound carries a processing tax of a little more than 3c. Before the processing tax the retail price of the shirt was 73c; now it is a little over 90, or an increase of more than 17c. Before the processing tax the farm price of cotton in the shirt was slightly above 8c, now it is a little more than 11c, or an increase of a little more than 2c which, plus the processing tax, totals about 5 3-4c, and yet the retail price increase is more than 17c. The shirt carries a 45 per cent ad valorem tariff which amounts to more than 41c. "Such being the case, isn't it about time the farmers set about destroying the high tariff which they have paid, when manufacturers have destroyed the processing tax which they have passed on to the consumer?"

### Covers All Texas

The Texas Agricultural Association was organized December 3, 1933, by fifty independent farmer organizations and now has 1,989 community organizations in 228 Texas counties, Mr. Lucas said. The directors of the agricultural association comprise W. H. Grimes of White Deer; W. H. Haynes, of Crosbyton; R. A. Gardner, Cantrell; W. W. Porter, Colorado; J. M. Arnett, Anson; J. S. Ivy, Fairfield; T. T. Booth, Jacksonville; Shirley Gregg, Manor; R. C. Roseboom, Donna, and Mrs. Don Maxon, director at large, Irving.

### Mr. and Mrs. Kitchen Honored By Veterans

C. P. Kitchen, Brownwood, commander of the Department of Texas, United Spanish-American War Veterans, was in San Antonio Sunday to confer with committees in charge of planning the program for the Spanish War veterans national convention. The convention will be held in San Antonio September 15-19.

A luncheon was given at the Gunter Hotel honoring the commander and his wife, who accompanied him to San Antonio.

### Coleman Band Will Give Concert Thurs.

A concert by the Coleman band, under the direction of James King, Sr., will be given Thursday at 8 p. m. on Howard Payne campus in place of the regular Thursday night concert by the Brownwood municipal band.

The municipal band, directed by W. R. Parker, gave a concert at Coleman Friday night.

### LOCAL MERCHANTS LEAVE FOR MARKET

A number of Brownwood merchants left this week for wholesale markets where they will attend style showings and purchase their fall and winter merchandise. Turner Garner, manager of Garner-Alvis Company, left Sunday for New York City. He plans to visit the markets of St. Louis and Chicago while away.

Henry Gibbs, of Bettis & Gibbs, is in Los Angeles where he plans to attend Market Week and Style Review at the Biltmore Hotel.

Mr. and Mrs. Dave Knobler left Saturday for St. Louis, Chicago and New York where they will purchase fall and winter merchandise for Knobler's Style Shop.

### LANKFORDS HOLD LEAD IN SOFT BALL LEAGUE

Unless the strong Howard Payne aggregation can defeat the Langford team in the tilt scheduled for Thursday night the Leathernecks will emerge from the local series of soft ball games undefeated. They won a 7-2 victory over the Coca-Cola boys Friday night. Howard Payne, presents occupants of second place in the standings can win or tie for the pennant if they topple the Langfords team Thursday night, but local fans consider this improbable.

Standing of the teams follows:

Team	Won	Lost
Lankfords	7	0
Howard Payne	7	1
Coca Cola	5	2
Central Methodist	5	4
Coggin Ave. Baptist	5	4
Texas Company	4	4
First Baptist	3	6
Knights of Pythias	2	6
T. P. & L.	3	6
First Methodist	0	8

### Action Expected On Highway From Brady

Immediate action is expected on Highway No. 23 from Brady to the Brown county line, according to Chas. T. Trickey, McCulloch county resident engineer.

McCulloch county citizens voted almost 4 to 1 a \$25,000 bond issue for purchase of right-of-way on this highway in an election held May 25.

Not yet 12 years old, Little Mary Hoerger, Miami, Fla., diver, stunned veteran observers and participants in the 3-meter springboard event of the National A. A. U. meet at Manhattan Beach, N. Y., when she took top honors. In winning the championship, the little lassie defeated such well-known stars as Mrs. Dorothy Porton Hill, former Olympic queen, and Claudia Eckert, of Chicago. Mary is shown above in two 2-foot dives, and below in a jubilant takeoff.

### LARGE GRAIN CROP ABOUT HARVESTED

According to estimates made by County Agent C. W. Lehmborg the grain and feed crop now being harvested in Brown county is one of the largest in the history of the county.

The grain yield is estimated by the county agent as follows: Oats, 750,000 bushels, an average of 30 bushels per acre on 25,000 acres. Wheat, 195,000 bushels, an average of 13 bushels per acre on 15,000 acres. Barley, 140,000 bushels, 35 bushels per acre on 4,000 acres.

The feed crop is mostly grain sorghum and corn. The corn is estimated to be 360,000 bushels, 18 bushels per acre on 20,000 acres. Grain sorghum, 30,000 tons, one ton per acre on 30,000 acres.

### Work Relief Is Halted Until Aug.

Brown county work relief program, suspended Thursday when the allotment of funds for this month was exhausted, will not be resumed until the August allotment is made. Projects carried on this month include clearing of land at the boat dock tract at Lake Brownwood and lateral road work in all four of the commissioners' precincts.

### Buys Cigarettes, But Gets Case Of Cottonseed Hulls

When J. L. Dodgin, Santa Anna, opened a case of cigarettes he had bought in Brownwood he found that he had paid \$95 for a case of cottonseed hulls.

As a result Grey Werner and Oliver Blackmore are in county jail charged with swindling over \$50. It is alleged that they made the sale of the cottonseed hulls to Dodgin representing them to be cigarettes.

Millions of May flies recently were blown into Fresno, Calif., where they lived, as usual, but one night.

Mother! You are responsible for your children's health. How do you meet this responsibility?

Proper diet in childhood lays the foundation of health for their entire lives. Their young, active bodies need plenty of wholesome, health-giving wheat foods for proper development and sturdy growth.

Stimulate youthful appetites and nourish growing, young bodies with plenty of bread, cakes and cookies made from CAKE FLOUR. It enables you to give them wheat in its highest form, rich in nutritive elements and milled to insure baking success.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in this newspaper will be promptly corrected when brought to the attention of the publishers.

BROWNWOOD BANNER

Established 1875. Published every Thursday by Brownwood Publishing Co., Inc., 112 East Lee Street. Telephone 112. Mail Address, P. O. Box 419, Brownwood, Texas. Subscription price in Brown and adjoining counties, \$1 per year; elsewhere, \$1.50. Entered at the Postoffice at Brownwood, Texas, as second class mail matter.

WENDELL MAYES, Editor JOHN BLAKE, Business Mgr.

Any error made in advertisements will be corrected upon being brought to the attention of the publishers, and the liability of this paper is limited to the amount of space consumed by the error in the advertisement.

Good Will Or Bad

During the next few months, and with decreasing regularity perhaps during the next two or three years, hundreds of people from Brownwood's logical trade territory—the twelve counties adjoining Brown—will be visiting the local Works Progress Administration offices from day to day.

Mostly these will be the leaders of their communities, members of the commissioners courts, city councils, school district officials, with a few chamber of commerce officials and other progressive citizens of our neighboring counties. They will represent perhaps the most progressive thought and action in their respective communities, for they will be here in efforts to better their own localities.

These daily visitations to Brownwood offer this city an opportunity beyond the direct value to Brownwood of the money that will be spent here. For, as they return to their homes, they will carry with them some lasting impression of Brownwood; of Brownwood people, of Brownwood stores, of Brownwood schools and colleges, of Brownwood as a place to do business, as a place to live, as a place to educate their children. The opportunity presented to expand good-will for this city and county is almost unlimited.

Because they occupy positions of leadership and responsibility, given them by their own people, the opinion these visitors receive of Brownwood will carry more weight than that of the casual visitor to Brownwood. More than likely, they will have many opportunities in the future to express the opinions they gain while here. And, because they occupy positions of responsibility and importance in their own home towns, those opinions will carry weight when and if expressed.

The impressions they gain will be either good or bad. Because we believe in Brownwood and its people, we believe that they will be good. And it is not our desire to moralize, or suggest methods of building up any artificial good will through meaningless hula-balo. Yet we believe it is a matter that rightfully should be given serious consideration by every resident of this city, with the thought that if opportunity presents itself, care be taken that Brownwood makes the best impression possible; that most be made of the opportunity thus presented.

Finally has come recognition for the Country Correspondent, that boon and blessing of every country newspaper. A national farm paper has awarded a prize to Mrs. Mary Elizabeth Mahnkey of Oasis, Mo., who has been declared the best country correspondent in the United States.

Recognition Finally

While we do not officially recognize Mrs. Mahnkey as the national champion, since correspondents to The Banner were not invited to compete, still we are happy to note that recognition has been given these valuable contributors to the weekly newspapers of America. And, since 1581 correspondents were given consideration, some recognition of the title must be made.

Mrs. Mahnkey is correspondent to her county seat paper from a little community of 27 inhabitants, and the column that won her fame and a trip to Washington is sparkling with the homey news of her neighbors that makes these intimate items of interest not only to those whom they concern, but to all readers of the country newspaper.

The country correspondence is an institution in American weekly newspapers, and the correspondent a valuable adjunct too often denied proper recognition. No weekly newspaper is complete without its department of news of the various communities, and to a certain extent the progressiveness of the community is reflected in the character of news prepared each week by the correspondent.

It is noteworthy that Mrs. Mahnkey, who for the year will wear the laurel wreath, bases her ability largely on the fact that she has been constantly on the job for forty-four years, and in that time there has not been a Monday morning that the postman has not picked up her envelope of news for the county-seat newspaper. A practical application of the school-room maxim that "the only way to learn to write is by writing."

There were several side prizes awarded by the magazine. And while Mrs. Mahnkey will return to Oasis after the Washington trip to resume her important task of contributing the weekly news of her 27 neighbors, we believe that Mrs. Ewd. F. Stegman of Hope, Kansas, should be called to a larger field for her pertinent paragraphs that won her first prize in this division. Such paragraphs as this are entitled to a wider circulation than she is obtaining:

"At the Marion county line, Highway 15 indulges in a Mae West curve. At least it has proved dangerous to the man who tried to go straight and equally disastrous to the driver who attempted to hug the curve too tight."

H. H. Williamson, director of extension work in Texas, calls attention to the fact that last year the farmers were out-picking up tumble weeds, burning the spines off cactus, and cleaning the fence corners to gather the weeds to grind up for feed to keep their cattle, sheep and goats from starving to death. Several million dollars were borrowed in Texas with which to buy feed. More than 2,000,000 head of cattle and 1,080,000 head of sheep and goats were sold to the government because their owners did not have the feed with which to keep them alive.

Cashing In On Feed Crops

"This year," Mr. Williamson points out, "we have produced in Texas not only a full supply of feed for winter, but if we harvest the crop as we should, we will have almost another year's supply on hand," and he asks farmers what they are going to do with it.

It is realized that if farmers attempt to harvest and sell this crop on a cash market, that prices will decline far below the cost of production. It is believed that if livestock are fed for the market and properly finished, that a handsome profit will be realized, for there are no signs at this time that the livestock market will decline materially. One-half the crop on a cash market will bring more than all get if an attempt were made to market it.

With these facts in view, the Breeder-Feeder Association and the Extension Service, together with other agencies, urge business men and bankers to render such aid as may be necessary to provide the animals and facilities for the finishing of beef cattle and lambs, and to encourage every farmer, owner-operator or tenant to provide himself with a sufficient number of cows, hogs and poultry to provide his family with an abundance of meat, milk, poultry and eggs. It is also urged that work stock and breeding animals be fed liberally.

THIS CURIOUS WORLD

By William Ferguson

IF THE EQUATOR OF THE EARTH WERE A BAND OF STEEL, TIGHTLY ENCIrcLING THE GLOBE, A SECTION ONLY SIX AND A FRACTION FEET IN LENGTH NEED BE INSERTED TO COMPLETE THIS ENTIRE BAND OF STEEL TO STAND OUT ONE FOOT FROM THE EARTH'S SURFACE!

OWLS, SYMBOLS OF WISDOM, ARE FAR LESS INTELLIGENT THAN MANY OTHER BIRDS.

MAINE IS THE ONLY STATE IN THE U.S. WHICH TOUCHES BUT ONE OTHER STATE!

THE NEXT ELECTION

Mexia News: Republicans, who worked up a lot of pep a few weeks ago when the Supreme Court ruled on the NRA, are against downcast. Little is heard from them. They still are hoping something will happen that will give them the big chance. Thus far nothing has happened. Employment is making gains and the work-relief expenditures are just getting started.

Dallas News: Sincere Republicans, meaning the great body of that party, hope that the Democratic administration may prove successful in restoring prosperity. The political Republicans, meaning the minority group, hope all the new deals will fail, that unemployment will not diminish, that times may be so bad in 1936 that the country will rise up and throw the Democrats out of the appointive and elective offices. The political group is almost certain to be disappointed. Democrats are not united in the belief that all things done or being done at Washington are wise. Many Democrats especially distrust some of the immature or visionary advisers housed in the administrative offices. But the Democratic party as a whole regards President Roosevelt and his somewhat too obedient Congress as hopefully and earnestly striving for the greater good to the greater number of Americans. Mistakes have been made by the present administration. No preceding administration, particularly the one immediately preceding, has failed to commit errors, some of them extremely costly. It can not be gainsaid in any quarter that Mr. Roosevelt's Agricultural Department has been of immense help to the farmers and stockmen of all the States. Perhaps some of the things that department has done, with the consent and assistance of Congress, may not stand up under the scrutiny of the Supreme Court. Nevertheless the effort has been made, courageously and profitably and the beneficiaries are appreciative. Let no man doubt that agricultural America will stand by the Democratic party in the next election.

ATTEND SHORT COURSE

Brownwood firemen who attended the sixth annual Firemen's and Fire Marshals' Short Course at College Station last week returned Friday night. Those who went from here are Fire Chief Rance Pettitt, Fire Marshal J. M. Bowman, Assistant Chief Bill McQueen and Instructor Orville Bradley.

HURT IN CRASH

Miss Beth McCauley, member of the Ford School faculty, was injured when struck by a passing car near her home, 1221 Fisk avenue, Wednesday night. She was badly bruised and suffered one cut on her head, but her injuries are not considered serious.

A speaker at the recent meeting of the International Association of Police Chiefs declared that small men make better policemen.

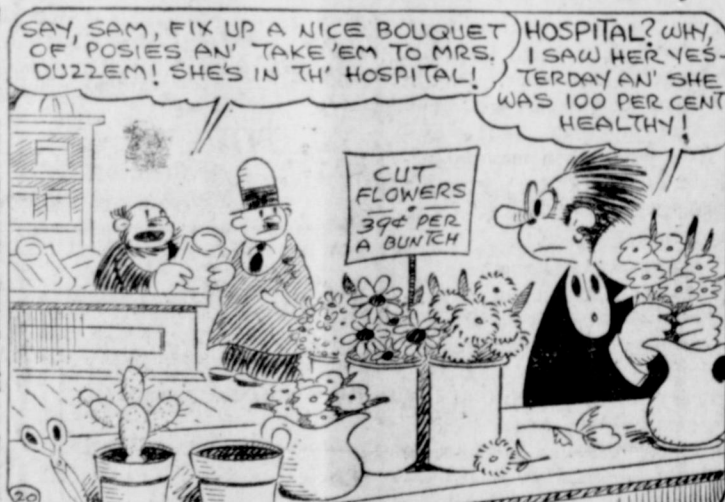

FLAPPER FANNY SAYS:

"Lead to your knitting" is a burd of wisdom. The second king of Hawaii, Kamehameha II, died of measles in London in 1824.

"MUST" LEGISLATION

(San Antonio Light)

Among the measures now pending in congress are two bills which the American congress in the exercise of its proper independent functions should mark as "must" legislation.

These bills are the Dies deportation bill and the Russell-Kramer anti-sedition bill.

The Dies bill, authored by Representative Martin Dies, of Texas, would suspend all "pioneer" immigration for a period of 30 years; would make mandatory the deportation of 3,500,000 aliens now illegally in the country; would give 4,000,000 aliens here legally 12 months in which to seek citizenship or go back home; and would bar aliens from jobs if the jobs can be filled by American citizens.

The Russell-Kramer bill provides federal punishment of \$5000 fine and five years imprisonment for persons who advocate the violent overthrow of the government.

This measure would automatically deprive citizens found guilty under the law of the privileges of citizenship, and lead to the peremptory deportation of offending aliens.

That patriotic public opinion is mobilizing itself in back of this proposed legislation is not open to doubt or question.

Representative Dies has already received more than 50,000 letters and telegrams in support of his bill, and more than 165 loyal organizations have thrown the weight of their membership behind the program.

SINGING CONVENTION

The Early High singing convention will be held at Woodland Heights school building Saturday night and Sunday. Everyone is cordially invited to come and help with the singing. Newt Wolverton is president of the convention, and J. D. Murray is secretary.

A shortage of Bartlett pears is anticipated this year by Pacific coast farmers.

The latest postage stamps from Iran (Persia) are inscribed "Postes Iranienes," instead of "Postes Persanes" as formerly.

Improving economic conditions in Argentina are being reflected in an increased demand for household electric appliances.

The village of Regenstein in the Harz mountains with five inhabitants claims to be Germany's smallest town.

ON TEXAS FARMS

Edinburg—A ventilated pantry in which the cans are never moist but are always cool is a valuable feature of the new kitchen belonging to Mrs. Tommie Hughes, a co-operator in the Lone Star Home Demonstration Club at Edinburg in Hidalgo county, according to Miss Mattie Wilroy, home demonstration agent.

In the ceiling and in the floor of the pantry there is a hole 22 by 9 inches over which is tacked a 16 mesh screen to prevent insects from coming in but to allow the air to pass through at all times. Shelves in the pantry are made from 3 1/2 inch planks and there is 3-4 inch of space between them that allows the air to pass between them at all times. The pantry will store approximately 650 containers and at present Mrs. Hughes has 50 in the pantry.

Conroe—From 30 cents she re-

ceived from the sale of a dozen eggs in January, Irma Johnston, Montgomery county 4-H club girl, bought two varieties of tomato seed from which she sold \$5 worth of plants to neighbors and set out 1500 plants in her garden, according to Miss Lele Mae Fortenberry, home demonstration agent.

The seeds were planted in paste board boxes to insure early plants. These plants were then staked and pruned to give a better variety of fruit. Irma has reached her goal as garden demonstrator by filling the 50 containers required.

Waco—A clothes closet, four and one-half feet long and two feet wide, containing four shelves in one end and a willow pole peeled and rubbed down for hangers in the other end, has been built by Odell Neal, clothing demonstrator for the Axtell 4-H club in McLennan county, at a cost of 65 cents.

THIS IS THE TIME TO BUILD THAT HOME

THE GOVERNMENT, THROUGH THE FEDERAL HOUSING ADMINISTRATION, WILL HELP FINANCE IT

If ever the "average family" had a golden opportunity to build and own a modern home, the time is now here. Under Title Two of the Federal Housing Act, your government makes it possible for you to secure money at low interest rates over long periods for repayment. Up to 80 per cent of the total value of land and home may be had in this fashion and almost any responsible family can now own their own home without difficulty.

LET US EXPLAIN THE PLAN TO YOU AND SHOW YOU HOW YOU, TOO, CAN BUILD AND OWN A HOME.

We Are Always Glad to Submit Cost Estimates

# Plans Being Completed for Regatta August 3 and 4

## SUCCESSFUL TWO-DAY PROGRAM ANTICIPATED AS INTEREST IN LAKE CARNIVAL IS QUICKENED

Advance tickets selling briskly, numerous entries received in speed boat races, work at the grounds nearing completion and mounting, prospects were bright this week for a successful Lake Brownwood Saturday and Sunday, August 3 and 4, from towns throughout this section indicate that the Regatta, particularly the speed boat races, will attract record crowds to the two days.

Among boat racers fans in Fort Worth and surrounding high, members racing committee who went to the first of this week in both cities, racers were being held daily. Practical racers from those two towns in Brownwood for the first time, they reported.

making the trip included Mrs. Sterling Holloway, Mr. Wright, Joe Stalcup and Mr. Smith. They interviewed a number of racers, and officials of the National Out-Board Association races.

### Tickets Are Sold Here

sale of tickets indicates Regatta people will turn out in full force for the Regatta in full force on Thursday. More than 3,000 tickets have been taken from the Regatta office by members of the Regatta committee and others in the event. While final tickets have not been made, it is estimated that approximately 1,000 tickets have been sold to date.

A floor show, featuring Sallie Gay, and including Frankie Parish, Cuffy Morrison and Harry Dizzy, interesting names, at least, accompanies the Davis band, and will give an entertainment during the evening. Also will be featured the bathing beauty revue, in which a number of entries have been received.

### Race Added Sunday Events

of a free-for-all run race by the Regatta Association Sunday afternoon, immediately following the NOA races, to meet the approval of the race committee, the race committee reported. The association voted Sunday night to add this race to the program.

totaling \$75, divided \$40, and \$10, will be awarded in prize. The Regatta budget was a bit, so that the addition of prize money in the budget did not increase the total expense of the meet.

attendance and interest justify the race committee also was authorized to offer prizes for a

## Turns Bright Eyes Toward Reno

Nancy Carroll turns a bright face to the world as she prepares to leave Hollywood for Reno, to seek freedom from her marital ties. For a year and a half the attractive film actress has been separated from her publisher husband, Bolton Mallory, and at last has decided to make it permanent.

his signal will be run up under the white flag so he will know to report immediately to the station.

In case an emergency should arise and all doctors and medical men on the ground and on the water are needed, either the signal will be a red flag or the cross flag will be lowered to half mast.

### Concessions To Be Sold July 29th

G. F. McKay, chairman of the concessions committee, has announced that bids for concessions will be opened at 10 a. m. Monday, July 29, at the Chamber of Commerce offices in the Brownwood Hotel. Bids must be accompanied by a certified check, and the committee reserves the right to accept any bid or reject all.

Sites for the concessions will be staked off on the tract adjoining the boat docks, and persons interested in purchasing concession rights may inspect the sites before submitting bids if they desire.

### Casting Tournament Is Morning Feature

One of the most interesting features of the Saturday morning program will be the bait and fly casting tournament, to be held at the boat docks. Chairman Leo Ehlinger of the committee in charge of this feature estimates that at least 50 local entries will be on hand for these events, in addition to a number of expected out of town entries.

Targets have been set up on the campus of the South Ward school, Brownwood, and every afternoon

Only two casting events will be held in the tournament, both for accuracy. There will be no distance events. Regulation 5-8 ounce bait will be used in the bait casting event.

Prizes have been announced in this event as follows: Bait casting accuracy: First, \$15 Shakespeare professional reel; Second, \$10 Pleuger reel; Third, Shapleighs ultra casting line.

### Program To Offer Amusement For All

The program committee has arranged a program for the two days that provide something doing every minute of the two days. The complete program is as follows:

- Saturday, August 3
  - A. M.—9:00 Bait and Fly Casting Tournament; 10:15 Diving and Swimming Contests.
  - P. M.—1:30 Surf Board Contests; 2:15 Aviation Exhibition; 3:00 Boat Racing (Local Commercial and Inboard); 9:30 Dance and Bathing Revue Finals.
- Sunday, August 4
  - P. M.—1:30 Surf Board Exhibition; 2:00 N. O. A. Races, Drivers Meeting; 2:30 Class "A"; 3:10 Class "B"; 3:30 Class "C"; 4:30 Class "F"; 5:10 Free-for-all Hydroplane Race (Not under N. O. A.); 5:40 Free-for-all Runabout race (not under N. O. A.); 6:00 Swimming and Diving Exhibition (Saturday's winners).

FOR SALE OR RENT—8-room house; 3 sleeping porches, 2 hot and cold water baths, 2 garages, one storage room. Close to Howard Payne College and business district. J. H. Staton, Phone 696. If

## Carpenter Attends Farm Loan Meeting

C. M. Carpenter, secretary and treasurer of the Brownwood unit of the Farm Credit Administration of Houston, has returned from a sectional short-course held at Camp Warnecke, New Braunfels, July 18 and 19. Included on the program were a number of talks on agricultural topics made by leaders in their respective fields.

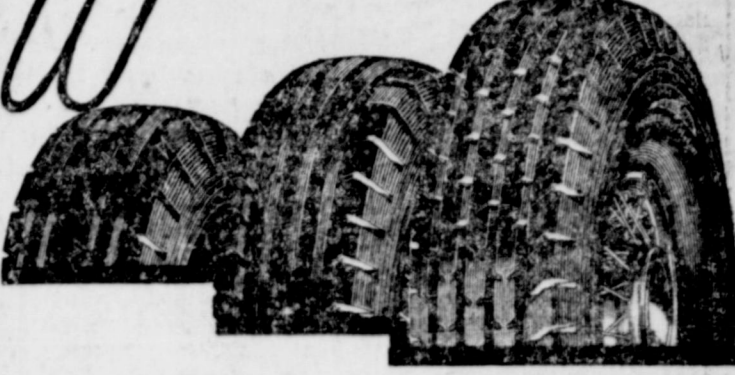

Among principal speakers at the meeting were A. C. Williams, president of the Federal Land Bank of Houston and general agent of the Farm Credit Administration of Houston, Dwight P. Riordan, president of the Federal Intermediate Credit Bank of Houston, Virgil P. Lee, vice president of the Production Credit Corporation of Houston, and Sterling C. Evans, president of the Houston Bank for Cooperatives.

Reduced Prices on Seat Covers at Chandler's—All This Week.

## COMMON CAUSE OF BALDNESS

One of the chief causes of premature grayness, falling hair and ultimate baldness is lack of circulation in the scalp. To overcome this and bring an abundant supply of blood to nourish the hair roots, massage scalp at night with Japanese Oil, the antiseptic counter-irritant. Thousands of men and women report amazing results in stopping falling hair, growing new hair on bald areas and in eliminating dandruff and itching scalp. Japanese Oil costs but 60c at any drug store. Economy size, \$1. FREE "The Truth About the Hair." Write Dept. 35. NATIONAL REMEDY CO., 50 West 45th Street, New York

EARLY HISTORY OF TEXAS

AS SHOWN FROM THE AUSTIN PAPERS

Rio Grande, and as far west as he went. The rosemary, fabled as a token for remembrance, possesses remedial qualities, Lincecum wrote.

"The plant—aromatic, stomachic, contains a very fine extractive oil—which is a good article in liniments for rheumatism.

"A mattress made of the dried herb, makes an excellent bed for feeble patients to sleep on. In this way it possesses considerable restorative powers.

"It is used for many purposes and is a pretty good article of medicine. A few sprigs of it put into the lard tubs while the lard is cooling, will prevent it from becoming rancid."

The spikenard is "good in female weakness, in coughs, as a general tonic," Lincecum writes. "It is taken in decoction or syrup."

"The Choctaws use it for many complaints among their children. In all cases where we would use the paregoric, Bateman's drops, Godfrey's cordial, etc. They use the spikenard, and it is a superior article. For this purpose they boil a little of the root in clear water, sweeten the decoction and give it freely to children of any age, who are troubled with gripes, colic, etc. It is an excellent article. I have tried it often.

"In bad cases of putrid sore eyes, the choctaws boil up a quantity of the root, and while it is boiling hot steam their eyes over it. Two or three applications generally cures them.

"It makes an excellent cough medicine, and may be resorted to with advantage in almost all forms of cough."

"A tea of the roots of the angelica is a pretty good medicine for the gripes in suckling children," he added. "Dried and pulverized, it is a good flour to roll pills in, and it gives them a pleasant odor. It is not often used as a medicine."

MORTUARY

TOWNSEND—Millard Clay Townsend, Sr., 79, died at his home, 1320 Avenue A, at 8 o'clock Monday morning. Funeral services were held Wednesday morning at 9:20 at the residence with Rev. H. S. Goodenough officiating. Interment was in Greenleaf cemetery with White & London Funeral Home in charge of arrangements.

Mr. Townsend was born near Pleasant Hill, Alabama, July 17, 1856. He came to Jones county, Texas, in 1898, where he made his home until coming to Brownwood way 13 years ago.

He was a member of Central Methodist church, having been a Methodist since 1872. He was active in all church work, having served as Sunday School superintendent, steward and trustee during his long and active life. He was always interested in community and church activities of every nature.

He is survived by the following children: M. C. Townsend, Jr., J. A. Townsend, Mrs. C. C. Webb, Miss Ethel Townsend, and A. B. Townsend, all of this city. Three brothers and five sisters survive: L. M. Townsend, Dallas; Bill Townsend, Jones county; F. A. Townsend, Mrs. Mollie Bayn, Mrs. Imogene Biswell, Mrs. Pete Doran, Mrs. Lon Evans and Mrs. Ben Anall, all of Alabama.

FOSTER—Mrs. Lillie Foster, 1505 Flak avenue, died at her home at 6 o'clock Monday morning. Funeral services were held at 10:00 o'clock Tuesday morning at White & London Funeral Home with Rev. Karl H. Moore officiating. Interment was in Greenleaf cemetery.

Mrs. Foster was born in Alabama November 4, 1854. She married Dr. Foster in 1880. She had been a resident of Brownwood for the past 35 years, coming here shortly after her husband's death. She was a member of the Baptist church from childhood.

BROAD—Mrs. Lillian Broad, 65, died at her home on Highway 7 at 1:00 p. m. Sunday afternoon after a prolonged illness. Funeral services were held Monday afternoon at 4 o'clock from First Presbyterian church with Rev. W. H. Foster officiating. Interment was in Greenleaf cemetery with Broad Funeral Home, Brady, in charge of arrangements.

Mrs. Broad was widely known throughout the county. Her husband, the late Harry Broad, was a leading merchant here for many years. She was a member of the Presbyterian church for many years.

Mrs. Broad was born in Tularosa county, New Mexico, October 2, 1869. She moved from there to Colorado, and married T. H. Broad at Durango, Colorado, August 30, 1887. The family moved to Brownwood in 1894 and she lived here until her death. Mr. Broad died in 1923.

FANS SETTLE BURNING QUESTION

When Old Sol's rays became too uncomfortable for the balcony bugs at Shibe Park, Philadelphia, they decided to discard their shirts, roll up their trouser legs, and get a sun tan while watching the game. Here are a few of the Athletics' fans displaying their manly forms for the sun to work on.

Colonel William C. Harlee, recently stationed at New Orleans, has retired from service with the U. S. marines after being in the army since 1900.

Members of the local Lions club believe that Brownwood's selection as the place for the 1936 state convention is practically assured. Abilene, the other strong bidder for the convention, has withdrawn her invitation in favor of this city. The selection of the meeting place will be made at a meeting of the board of governors to be held soon.

Announcement of Abilene's withdrawal was made in a letter written by Carl C. Sellers, secretary of the Abilene club, to Harry Soppenhaver, Wharton, chairman of the board of governors of Texas. Abilene and Brownwood were the chief bidders at the Temple convention held a few weeks ago.

Utility Tax Rates Are Hiked \$185,000. Commissioners court sitting as an equalization board Tuesday increased renditions of utility companies in this county approximately \$185,000. Representatives of most of the companies operating here appeared before the court at the hearing.

WHEELER—Mrs. Lara Wheeler, 54, died at 6:30 Thursday morning at her home three miles north of Owens. She had been ill for a week. Funeral services were held Thursday afternoon at 6:00 at Pleasant Valley with Rev. Charles Mark officiating. Interment was there with White & London Funeral Home in charge of arrangements.

MURPHY—Albert G. Murphy, 81, died at Shannon Hospital, San Angelo, at 2:30 Tuesday afternoon. Funeral services were held at 3:00 o'clock Wednesday afternoon at Jordan Springs church with Revs. J. W. Newton and W. R. Hornburg officiating. Interment was at Jordan Springs with White & London Funeral Home in charge of arrangements.

Mrs. Murphy has been making his home in Eldorado, Texas, since 1902, moving there from Brown county. He came to this county 50 years ago. He was ill only one day prior to his death. He was married to Miss Virginia Mobley 43 years ago, she having died July 13, 1920. He was a member of the Methodist church from childhood. He was born in Mississippi October 9, 1853, living in that state until coming to Texas.

Paving In Comanche On Highway 10 Will Start Immediately

Paving of the 3.7 mile strip of highway 10 through the city of Comanche will start immediately. Work of laying the caliche was completed Tuesday and the rock crushers began preparing stone for the road. Park Huntington is resident engineer at Comanche in charge of the work.

The paving of this gap in the Brownwood-Fort Worth highway will mark the beginning of other projects on the route. Its paving has already resulted in construction of a new building erected by Higginbotham Brothers and Company and several new filling stations along the route.

Youth Injured In Railroad Accident

Lester Wortham, 18, suffered a brain injury, a crushed left leg, chest and back injuries and bruises about the body when struck by an east bound Santa Fe train near Gravitly last Saturday. Trainmen said that the youth was crouched on one rail with his head in his arms, apparently asleep, and that he was not sighted in time for them to stop the train.

The crew stopped and called for aid for the boy. He was rushed to Medical Arts Hospital in a White & London ambulance. Fred Wortham of Siloam Springs, Arkansas, said he was enroute home to visit his parents when the accident occurred.

SHERIFF'S SALE THE STATE OF TEXAS, County of Brown. Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Brown County on the 22nd day of July, 1935, by L. J. Wilson, Clerk of said District Court, for the sum of One Thousand and 32-100 (\$1,159.32) Dollars, and costs of suit, under a judgment in favor of E. Franke in a certain cause in said Court, No. 6865, and styled E. Franke vs. V. A. Gilpin, et al, placed in my hands for service, I, W. E. Hallmark, as Sheriff of Brown County, Texas, did, on the 22nd day of July, 1935, levy on certain Real Estate situated in Brown County, Texas, and described as follows, to-wit:

ALL that certain lot and parcel of land situated in Brown County, Texas, and being a part of Outlot No. 509, (formerly known as the Coggin Block) in the City of Brownwood, Texas, which lot is described by metes and bounds as follows: BEGINNING at the North corner of a lot 60x140 feet, formerly owned by J. W. Phillips, sold by said Phillips to Chester Avinger, and by said Avinger to H. G. Franke, for the East corner of the lot herein described, and which beginning point is on the S. W. line of Boynton Street, (now Sixth Street) 60 feet N. W. from the East corner of said Out Lot No. 509;

THENCE S. W. with the N. W. line of said Avinger lot and parallel with Glenwood Avenue (Avenue I) 140 feet to the West corner of said Avinger lot and the South corner of this lot, same being on the N. E. line of an alley; THENCE N. W. and parallel with Boynton Avenue (Sixth Street) 54.8 feet to the South corner of Lot B, and the West corner of this lot;

FOR SALE OR TRADE A goat ranch near Goldthwaite. If interested, communicate with T. R. Dempsey, Goldthwaite, Texas.

Courtney Gray

Announces the opening of an office at 406 1st Natl. Bank Building for the General Practice of Law.

THENCE N. E. 140 feet to East corner of said Lot B, to a point in the said line of Boynton Avenue (Sixth Street) 62 feet N. W. of the North corner of the said Avinger Lot, for the North corner of the lot herein described;

THENCE S. E. with said Boynton Avenue (Sixth Street) 62 feet to place of beginning, and being the same lot sold and conveyed by J. W. Phillips and wife, to Ben Pain, on the 29th day of March, 1924, as shown of record in Vol. 190, page 441, of the Deed Records of Brown County, Texas, to which deed and its said record reference is hereby made; and being the same lands and premises described in a deed of record in Volume 300, page 342 of the Deed Records of Brown County, Texas, said deed being from Hugo Franke to V. A. Gilpin, et ux, to which deed and its record reference is hereby expressly made for a full and complete description of said lands, as well as all other pertinent purposes; and also being the same lands and premises described in a deed from V. A. Gilpin to B. H. Baxter, of record in Volume 230 at page 371 of the Deed Records of Brown County, Texas, and also referred to, and levied upon as the property of V. A. Gilpin, Thelma Gilpin, B. H. Baxter and Lola Baxter and that on the first Tuesday in September, 1935, the same being the 3rd day of said month at the Courthouse door of Brown County, in the town of Brownwood, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy, and said order of sale I will sell the said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said V. A. Gilpin, Thelma Gilpin, B. H. Baxter and Lola Baxter.

And in compliance with law, I give this notice by publication, in the English language, once each week for three consecutive weeks immediately preceding said day of sale, in the Brownwood Banner, a newspaper published in said Brown County.

Witness my hand, this 22nd day of July, 1935. W. E. HALLMARK, Sheriff of Brown County, Texas. By CHESTER AVINGER, Deputy. 7-25-35-8-7

The Williams Chapter of the Future Farmers of America, under the guidance of Mr. Hattox, the new agriculture teacher, has been reorganized and is off to a good start. Mr. Hattox has made it a point to get acquainted with every member of the chapter, and to do this he has made a visit to each of the boy's homes.

At the regular chapter meeting, Tuesday night, July 16, plans were made to attend the State F.F.A. convention to be held at Lubbock, July 24, 25 and 26. Arrangements were made whereby Tillman Kingsbury and Buster Madison, the chapter delegates; Billy Brown, James Brown, and Bill Looney, regular chapter members, are to make the trip to Lubbock. Tentative plans were made for the entire chapter to attend the Cisco Encampment to be held early in August.

The Certificates of Merit for which the boys applied, have arrived and are now in the hands of Mr. Hattox. Acting upon a suggestion made by Mr. Hattox, the boys agreed to have the Certificates framed and hung on the wall in the agriculture room in the high school building. These Certificates were awarded to boys who showed considerable skill in performing certain agricultural and scholastic jobs. Boys receiving certificates were: A. J. Howell, Jack Woods, Dillard Gregg, Otis Holman, Thomas Gee, Clifton Armstrong, Clifton Rider, Ikie Hickman, Tillman Kingsbury, Chitatus Byrd, Cecil Davis, Ray Williams, Edwin Ferguson, and Buddie Willmott.

Delegates of the Brownwood F. F. A. are in Lubbock this week attending the state convention of the organization being held there July 23, 24 and 25. Clarence Childress and Coy Evans are representing the Brownwood chapter and Lowell Pouncey is representing the Brownwood District on the State Executive Committee.

For Rent--60 acres, improved, close to town. Phone 2023. R. M. Low, Brownwood, Texas.

### Veterans Body Will Supervise Programs At Second CCC Camp

Programs for veterans who will be enrolled in the soil erosion CCC camp to be established here about September 1 will be arranged by the Veterans Welfare Association, composed of representatives of three local veterans organizations. Members of the V. F. W., the Disabled American Veterans and the

Spanish War Veterans met Sunday afternoon at Memorial Hall to take initial steps in forming the association. An executive committee composed of the commanders of the three Brownwood posts will meet soon to appoint committees and make further plans for the organization. The commanders are: J. H. Springer, Veterans of Foreign Wars; E. F. Skerrett, Spanish Veterans; and B. C. McClain, D. A. V.

### BIG CROWDS ATTEND BIRTHDAY PARTY OF WEATHERBY COMPANY

Officials of Weatherby Motor company were highly gratified at the response given by citizens of this section to their 15th anniversary celebration Saturday. Between 4,000 and 5,000 visited the show-rooms to see the displays there. Displays of trucks, school buses and heavy duty equipment by the Ford Motor Company plant of Dallas and equipment companies of Dallas attracted a great deal of attention. There was also a display of the latest model Fords.

Winners in the contest to see who could make the nearest guess of the number of new and used cars sold by the company in its 15 years in Brownwood were announced Saturday night. The number of cars sold was 5,132 new and 4,447 used, a total of 9,579. Winners announced were: First, J. C. Baker, route 2, who guessed 9,584, \$10 prize; second, Mrs. Vernon Carr, Brownwood, 9,569, \$5 prize; Homer Petross, Blanket, 9,565, \$1 prize; Walter Broughton, Brownwood, 9,563, \$1 prize; R. E. Sheffield, Brooksmith, 9,562, \$1 prize; Bill McQueen, Brownwood, 9,559, \$1 prize; Mrs. C. A. Humphrey, Brownwood, 9,558, \$1 prize; George E. Lamb, Jr., Brownwood, 9,557, \$1 prize. About 900 guesses were entered in the contest.

Weatherby Motor Company purchased the Ford business here from E. M. Roon July 18, 1920, and took charge two days later. The present building was constructed in 1924 and the company began operation there in September of that year. Gross business of the company in the 15 year period has amounted to approximately \$6,350,000.

### Fights Move by Dodge to Take Children Abroad

Believing that her husband intends to take their children to the Windsor Eng. estate of his mother, Mrs. Horace E. Dodge left his three suits against the wealthy Detroit speedboat manufacturer, seeking \$500,000 in property and cash and custody of two of the Dodge children, David Elgin, 5, and Diana, 3. Dodge shown right with Horace Jr. and Delphine, born of a former marriage, has never exercised his right to custody of her children nine months' each year in line with their 1933 agreement. Mrs. Dodge contends but now is demanding full custody of them.

### Brother Of Senator E. M. Davis Is Dead

Funeral services were held in Lampasas Sunday afternoon for Roy Davis, brother of Senator E. M. Davis of Brownwood, who died in a San Antonio hospital late Saturday afternoon. His death was attributed to erysipelas blood poisoning.

Mrs. Wade Thomas, Brownwood, is a daughter of Mr. Davis. Senator Davis and Mrs. Davis, Mr. and Mrs. Thomas and a number of friends from here attended the funeral.

Mr. Davis was employed in the Comptroller's office in Austin at the time of his death. He had been critically ill for five days.

He is survived by his father and mother, four sisters, and one brother in addition to his Brownwood relatives.

Years ago the making of guns entirely by hand was one of the chief industries of Guilford county, N. C.

### Singing Program At Calvary Church

Sunday afternoon at 2:30 there will be a program of singing at Calvary Baptist Church, corner 9th St. and Ave. J. Singers have been invited from all the surrounding territory to come and participate. There will be special numbers, class songs and different leaders. The service is cool and all who wish will find a welcome.

### UNDESIRABLE FISH BEING ERADICATED

A campaign sponsored by the Game, Fish and Oyster Commission and interested sportsmen of this community to eradicate enemies of game fish from Brown county waters opened Saturday morning in the Byrds Store vicinity. Joe Wood, game warden, is in charge of seining most of Lake Brownwood, Jim Ned creek and Pecan Bayou to remove turtles and fish of the sucker family.

About 30 men from the Blanket section aided in the work Saturday. All carp and buffalo fish caught in the seines are being given to the men who have agreed to aid in the work.

### Well, Well, Boulder Lake! How You've Grown!

You just can't keep a good lake down. It seems. And just to prove how rapidly Boulder Lake is setting up in the world, here are "before" and "after" pictures. At left, the shallow lake is pictured before diversion tunnels were closed. At right is a recent picture of the man-made lake—now 200 feet deep and more than 60 miles long—over which skims a motorboat laden with merry vacationists. Compare, in both pictures, the distance between the water's edge and the ledge crossing the dam's upstream face, which is 766 feet in height.

### A Smashing Success—For the Junkman!

A second before these engines had been roaring toward each other at 50 miles an hour. Then, with a crash that reverberated throughout the countryside, they piled, head-on, into each other. Mingled in a great volume of sound was the rending of steel, the hissing of steam from burst boilers, the clucking of cameras and loud applause! Yes, the wreck was staged—near LaSalle, Ill., by the M. R. & S. W. railroad. The object? Junking the trains!

EARLY HISTORY OF TEXAS

AS SHOWN FROM THE AUSTIN PAPERS

This is one of a series of articles taken from the collections of families in the University library. The collection covers all periods of Texas from the earliest Spanish mission in the province of Texas to the colonial era, to the present.

The rosemary, fabled as a token for remembrance, possesses remedial qualities. Lincecum wrote: "The plant—aromatic, stomachic, contains a very fine extractive oil—which is a good article in liniments for rheumatism."

"A mattress made of the dried herb, makes an excellent bed for feeble patients to sleep on. In this way it possesses considerable restorative powers."

"It is used for many purposes and is a pretty good article of medicine."

"A few sprigs of it put into the lard tube while the lard is cooling, will prevent it from becoming rancid."

The spikenard is "good in female weakness, in coughs, as a general tonic," Lincecum writes.

"It is taken in decoction or syrup. The Choctaws use it for many complaints among their children. In all cases where we would use the paregoric, Bateman's drops, Godfrey's cordial, etc. They use the spikenard, and it is a superior article. For this purpose they boil a little of the root in clear water, sweeten the decoction and give it pretty freely to children of any age, who are troubled with gripes, colic, etc. It is an excellent article. I have tried it often."

"In bad cases of putrid sore eyes, the choctaws boil up a quantity of the root, and while it is boiling hot steam their eyes over it. Two or three applications generally cures them."

"It makes an excellent cough medicine, and may be resorted to with advantage in almost all forms of cough."

"A tea of the roots of the angelica is a pretty good medicine for the gripes in suckling children," he added. "Dried and pulverized, it is a good flour to roll pills in, and it gives them a pleasant odor. It is not often used as a medicine."

Lincecum's notations are all scientifically made, listing the class and order of each herb, its natural order, popular name, scientific name, family and specie, and its medicinal effect.

The Williams Chapter of the Future Farmers of America, under the guidance of Mr. Hattox, the new agriculture teacher, has been reorganized and is off to a good start. Mr. Hattox has made it a point to get acquainted with every member of the chapter, and to do this he has made a visit to each of the boys' homes.

At the regular chapter meeting, Tuesday night, July 16, plans were made to attend the State F.F.A. convention to be held at Lubbock, July 24, 25 and 26. Arrangements were made whereby Tillman Kingsbury, and Buster Madison, the chapter delegates; Billy Brown, James Brown, and Bill Looney, regular chapter members, are to make the trip to Lubbock. Tentative plans were made for the entire chapter to attend the Cisco Encampment to be held early in August.

The Certificates of Merit for which the boys applied, have arrived and are now in the hands of Mr. Hattox. Acting upon a suggestion made by Mr. Hattox, the boys agreed to have the Certificates framed and hung on the wall in the agriculture room in the high school building. These Certificates were awarded to boys who showed considerable skill in performing certain agricultural and scholastic jobs. Boys receiving certificates were: A. J. Howell, Jack Woods, Dillard Gregg, Otis Holman, Thomas Gee, Clifton Armstrong, Clifton Rider, Ikie Hickman, Tillman Kingsbury, Clatus Byrd, Cecil Davis, Ray Williams, Edwin Ferguson, and Buddie Willmott.

Delegates of the Brownwood F. F. A. are in Lubbock this week attending the state convention of the organization being held there July 23, 24 and 25. Clarence Childress and Coy Evans are representing the Brownwood chapter and Lowell Poncey is representing the Brownwood District on the State Executive Committee.

For Rent--60 acres, improved, close to town. Phone 2023. R. M. Low, Brownwood, Texas.

MORTUARY

TOWNSEND—Millard Clay Townsend, Sr., 79, died at his home, 1320 Avenue A, at 8 o'clock Monday morning. Funeral services were held Wednesday morning at 9:20 at the residence with Rev. H. S. Goodenough officiating. Interment was in Greenleaf Cemetery with White & London Funeral Home in charge of arrangements.

Mr. Townsend was born near Pleasant Hill, Alabama, July 17, 1856. He came to Jones county, Texas, in 1898, where he made his home until coming to Brown county 15 years ago.

He was a member of Central Methodist church, having been a Methodist since 1872. He was active in all church work, having served as Sunday School superintendent, steward and trustee during his long and active life. He was always interested in community and church activities of every nature.

He is survived by the following children: M. C. Townsend, Jr., J. A. Townsend, Mrs. C. C. Webb, Miss Ethel Townsend, and A. B. Townsend, all of this city. Three brothers and five sisters survive: L. M. Townsend, Dallas; Bill Townsend, Jones county; P. A. Townsend, Mrs. Mollie Bayn, Mrs. Imogene Biswell, Mrs. Pete Dornd, Mrs. Lon Ivans and Mrs. Ben Amall, all of Alabama.

FOSTER—Mrs. Lillie Foster, 1505 Plisk avenue, died at her home at 6 o'clock Monday morning. Funeral services were held at 10:00 o'clock Tuesday morning at White & London Funeral Home with Rev. Karl H. Moore officiating. Interment was in Greenleaf cemetery.

Mrs. Foster was born in Alabama November 4, 1854. She married Dr. Foster in 1880. She had been a resident of Brownwood for the past 35 years, coming here shortly after her husband's death. She was a member of the Baptist church from childhood.

BROAD—Mrs. Lillian Broad, 65, died at her home on Highway 7 at 1:00 p. m. Sunday afternoon after a prolonged illness. Funeral services were held Monday afternoon at 4 o'clock from First Presbyterian church with Rev. W. H. Fostnick officiating. Interment was in Greenleaf cemetery with Broad Funeral Home, Brady, in charge of arrangements.

Mrs. Broad was widely known throughout the county. Her husband, the late Harry Broad, was a leading merchant here for many years. She was a member of the Presbyterian church for many years.

Mrs. Broad was born in Tularosa county, New Mexico, October 2, 1869. She moved from there to Colorado, and married T. H. Broad at Durango, Colorado, August 30, 1887. The family moved to Brownwood in 1894 and she lived here until her death. Mr. Broad died in 1923.

She is survived by the following children: Mrs. Lillian Grace Shaw, Brownwood; Thomas Harry Broad, Jr., Tulsa, Oklahoma; Geo. Richard Broad of Tulsa, and Jack Broad of Brownwood. Four grandchildren survive as does a brother, Will McKeever, and a number of other relatives.

HARBOUR—Mrs. Sallie Harbour, 85, died at the home of her daughter, Mrs. Walker Swinney, at 5:35 o'clock Saturday afternoon. Funeral services were held at 3 o'clock Sunday afternoon from First Baptist church, Lometa, with Rev. Foster, pastor, officiating.

Mrs. Harbour lived at Lometa but had been visiting her daughter here for the past six weeks. She became seriously ill 10 days before her death.

She was a member of the Baptist Church for more than 35 years. She is survived by seven children: Frank Harbour, Rosebud; Ransom Harbour, Olney; George Harbour, Mayfield; Clarence Harbour, New Baden, Texas; Mrs. E. A. Dingler, Tyler; Mrs. H. M. Heloway, Mayfield; Mrs. N. W. Swinney, Brownwood; also 33 grandchildren and four great-grandchildren.

DERRICK—Mrs. Lucy L. Derrick, 72, formerly a resident of Brownwood, died at her home in San Antonio Friday. Funeral services were held at the Denver Heights Church of Christ in San Antonio Saturday afternoon at 5 o'clock. Burial followed in Sunset Cemetery.

Mrs. Derrick is survived by Karl Derrick, Brownwood, Kenneth Derrick and Miss Mina Derrick.

PENNINGTON—James Franklin Pennington, 55, died at his home, 1711 Eighth street, at 11:30 Friday night. Funeral services were held at 5 o'clock Saturday afternoon from the residence with Revs. W. R. Hornburg and W. L. Wharton, Jr., officiating. Interment was in Greenleaf cemetery with White & London Funeral Home in charge of arrangements.

FANS SETTLE BURNING QUESTION

When Old Sol's rays became too uncomfortable for the balcony bugs at Shibe Park, Philadelphia, they decided to discard their shirts, roll up their trouser legs, and get a sun tan while watching the game. Here are a few of the Athletics' fans displaying their manly forms for the sun to work on.

Colonel William C. Harlee, recently stationed at New Orleans, has retired from service with the U. S. marines after being in the army since 1900.

Members of the local Lions club believe that Brownwood's selection as the place for the 1936 state convention is practically assured.

Mr. Pennington was born at Gatesville, Texas. He came to Brownwood twenty years ago and lived here the remainder of his life. For many years he was a blacksmith for the Santa Fe railroad.

He was a member of the Christian Church for 23 years. He was an active member, devout in his worship and considered one of the church leaders as long as health permitted his attendance. He was a member of Woodman of the World and Masonic lodges.

He is survived by his wife, two brothers, J. L. Pennington, Brownwood; G. W. Pennington, Gatesville; two sisters, Mrs. Betty Christian, Evans, and Mrs. I. T. Warnick, Troupe. Also a number of other relatives survive.

WHEELER—Mrs. Lara Wheeler, 54, died at 6:30 Thursday morning at her home three miles north of Owens. She had been ill for a week. Funeral services were held Thursday afternoon at 6:00 at Pleasant Valley with Rev. Charles Mark officiating. Interment was at White & London Funeral Home in charge of arrangements.

Mrs. Wheeler was born at Owens July 2, 1881, and lived all her life in that community. She was married to W. G. Wheeler in 1909 at Owens. Her husband died May 9, 1927.

While a child Mrs. Wheeler joined the Church of Christ and was always a devout member. She was a loving mother and widely known and loved by everyone in the community.

She is survived by nine children, J. W. Wheeler, Alle Wheeler, Archie Wheeler, Clarence, Devern, Dove and Dorothy Wheeler, all of Owens; Mrs. A. J. Jackson, Kerrville, and Mrs. H. M. White, of Cross cut. One brother, A. L. Smoots of Blake, and five sisters, Mrs. M. A. Arnold, Blake; Mrs. J. W. Duke, Coleman; Mrs. Nora Arnold, Blake; Mrs. Maggie Hubbard, Blake; Mrs. Johnnie Stephens, of Blake, and eight grandchildren survive.

MURPHY—Albert G. Murphy, 81, died at Shannon Hospital, San Angelo, at 2:30 Tuesday afternoon. Funeral services were held at 3:00 o'clock Wednesday afternoon at Jordan Springs church with Revs. J. W. Newton and W. R. Hornburg officiating. Interment was at Jordan Springs with White & London Funeral Home in charge of arrangements.

Mr. Murphy has been making his home in Eldorado, Texas, since 1902, moving there from Brown county. He came to this county 50 years ago. He was ill only one day prior to his death.

He was married to Miss Virginia Mobley 63 years ago, she having died July 13, 1920. He was a member of the Methodist church from childhood. He was born in Mississippi October 9, 1853, living in that state until coming to Texas.

He is survived by the following children: Mrs. John Smith, Brooksmith; Mrs. E. S. Thompson, Mrs. J. E. Lewis, Mrs. A. E. Holman, all of Brownwood; Mrs. Dan Christy, Mrs. Jesse Green, both of Big Lake; Ira Murphy, Brownwood; Ralph Murphy, Gordon City, Texas. One brother, George Murphy of Louisiana and 16 grandchildren and 16 great grandchildren also survive.

Paving In Comanche On Highway 10 Will Start Immediately

Paving of the 3.7 mile strip of highway 10 through the city of Comanche will start immediately. Work of laying the caliche was completed Tuesday and the rock crushers began preparing stone for the road. Park Huntington is resident engineer at Comanche in charge of the work.

The paving of this gap in the Brownwood-Fort Worth highway will mark the beginning of other projects on the route. Its paving has already resulted in construction of a new building erected by Higginbotham Brothers and Company and several new filling stations along the route.

Youth Injured In Railroad Accident

Lester Wortham, 18, suffered a brain injury, a crushed left leg, chest and back injuries and bruises about the body when struck by an east bound Santa Fe train near Graybi last Saturday. Trainmen said that the youth was crouched on one rail with his head in his arms, apparently asleep, and that he was not sighted in time for them to stop the train.

The crew stopped and called for aid for the boy. He was rushed to Medical Arts Hospital in a White & London ambulance. Wortham is the son of Mr. and Mrs. Fred Wortham of Shiloh Springs, Arkansas. He was enroute home to visit his parents when the accident occurred.

THE STATE OF TEXAS, COUNTY OF BROWN, SHERIFF'S SALE

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Brown County on the 22nd day of July, 1935, by L. J. Wilson, Clerk of said District Court, for the sum of One Thousand, One Hundred and Fifty-nine and 22/100 (\$1,159.22) Dollars, and costs of suit, under a judgment in favor of E. Franke in a certain cause in said Court, No. 6865, and styled E. Franke vs. V. A. Gilpin, et al, placed in my hands for service, J. W. E. Hallmark, as Sheriff of Brown County, Texas, did, on the 22nd day of July, 1935, levy on certain Real Estate situated in Brown County, Texas, and described as follows, to-wit:

## TO FURNISH MUSIC FOR REGATTA DANCE HERE AUGUST THIRD

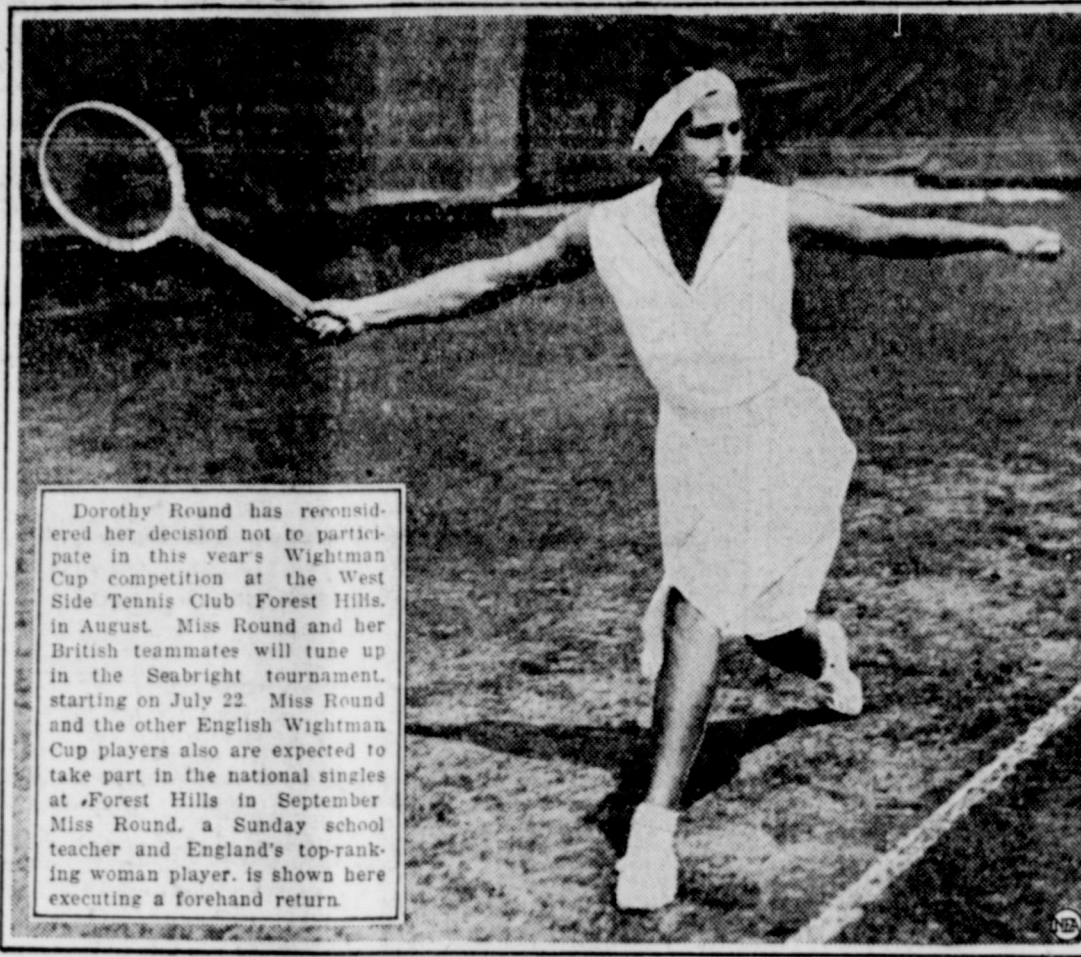

CHARLIE DAVIS

Newest of the Columbia radio favorites, Charlie Davis will bring his versatile dance band to Brownwood for the first annual regatta dance at Memorial Hall the night of August 3.

Known to variety and motion picture houses throughout the nation as the maestro with the million dollar smile, Davis turned all his vitality and experience into developing a dance band for one of Broadway's most critical night clubs, the famed Hollywood Restaurant, where his music won great favor with the smart New York crowd as well as with the out-of-town visitors who were attracted to the Hollywood by his excellent and well-balanced air programs over the Columbia Broadcasting System network.

With such well-known artists as Frankie Parish, the boyish tenor, Cuffy Morrison, the baritone with a trick in his voice for every octave he sings and Harry Dizzy, the hottest trumpeter this side of the Atlantic—which gives Lewis Armstrong all the credit due him—the band affords an excellent variety program. Add to this Charlie Davis' Notre Dame trained voice and his ability on the piano as well as the trumpet and the reason for the sudden popularity of this accomplished musical unit is apparent.

## In U. S. Again With an All-Round Game

Dorothy Round has reconsidered her decision not to participate in this year's Wightman Cup competition at the West Side Tennis Club Forest Hills in August. Miss Round and her British teammates will tune up in the Seabright tournament, starting on July 22. Miss Round and the other English Wightman Cup players also are expected to take part in the national singles at Forest Hills in September. Miss Round, a Sunday school teacher and England's top-ranking woman player, is shown here executing a forehand return.

### ONLY ONE MORE WEEK LEFT TO APPLY FOR FEED OR SEED LOANS

Wednesday, July 31, is the deadline for applications for summer following loans from the emergency crop and feed loan fund of 1935. The feed-seed loan office at county court house will be open every day the remainder of this month to accommodate applicants for the loans. During the past few months the office has been open only on Monday and Saturday of each week.

Norman Monaghan, director of the Emergency Crop and Feed Loan Section, said summer following loans are being made to farmers who will seed the land fallowed to winter or spring grain in areas where this is customary. Loans may be made only to farmers who have no other source of credit. As in the past, applicants may apply for loans at the local county crop and feed loan committee, Director Monaghan said.

"Summer following loans are limited to the actual cash requirements for following and seeding to winter or spring grain," he added, "and not more may be loaned than \$3 per acre, \$1 per acre being the maximum for following, and \$2 per acre for seeding to winter or spring grain, payable as needed."

"Under the law we cannot lend more than \$500 to any one farmer," he continued. "If the farmer has already obtained a loan from this year's crop loan fund the amount of the loan already made, plus any new advance must not exceed \$500."

While July 31 has been set as the final date for summer following loans from the emergency fund, no cut-off date for applications for the purpose of producing forage crops or purchasing feed for livestock has been announced.

Assisting in Harvesting Director Monaghan also said that the emergency crop and feed loan offices are now assisting many of their borrowers to harvest grain crops by releasing a part of the grain sale proceeds to pay harvesting expenses. Farmers who borrow from the emergency crop and feed loan fund give a first lien on their crops. If a borrower needs funds to pay the cash cost of harvesting and threshing, he will be permitted to retain out of the proceeds of the sale of his grain the necessary amount to pay such expenses. Such harvesting and threshing expenses may not exceed definite, per bushel limits set by the manager of the regional emergency crop and feed loan office.

Harvesting and threshing expenses may include such items as the threshing bill, purchase of twine and sacks, oil and fuel for tractors, feed for work stock and actual hired labor; but not labor performed by the borrower himself or members of his family. The borrower must present bona fide bills for all harvesting, expenses allowed under the plan.

The Ethiopians are said to have derived their religion and civilization from the Egyptians.

### JAIL GIVEN OK FOR FEDERAL PRISONERS

The strict regulations imposed on federal prisoners make them unwelcome tenants to Sheriff Jack Hallmark, although Brown county jail has been designated as suitable for housing federal prisoners. There are a number of jails in the state which have been approved by the federal government for detention of its prisoners.

Some of the federal regulations are: Regular visiting days and hours, one jailer handling all packages and mail to prisoners, no admittance of visitors in the run around to talk to prisoners, and several others equally as impractical for a small jail. From the sheriff's standpoint, one point which the federal government requires and very few jails in this section have is a visitors' room where the prisoner converses through a talking vent below a shatter-proof glass wall.

### HALLFORD APPOINTED COUNTY SUPERVISOR

Cotton committeemen, who have been busy measuring peanut and cotton acreage the past two weeks, will take their measurements to A. E. Hallford, superintendent of the Grosvenor school, who has been appointed county supervisor to check measurements.

He has been instructed to destroy the surplus in cases where it is found that more acres of cotton than was specified in the contracts have been planted.

Reduced Prices on Seat Covers at Chandler's—All This Week.

### CROSS CUT PAVING WILL START SOON

Contract for the paving of the Cross Cut road will probably be let at the next letting by the Highway Commission, according to District Engineer Leo Ehlinger. The plans, which were sent to Austin several days ago for final approval, have been returned to Mr. Ehlinger's office.

The road is 14 miles long and the engineers' estimate of the total cost of the paving is \$122,000.

### Hospital To Hold Meeting August 3

An invitation is to be extended to physicians and their wives here for the annual dinner of Medical Arts hospital, scheduled for Saturday, August 3, to attend the regatta at Lake Brownwood, August 3 and 4. The dinner will be held at the hospital's cottage on the shore of Lake Brownwood. Approximately 200 physicians will be invited to attend the dinner.

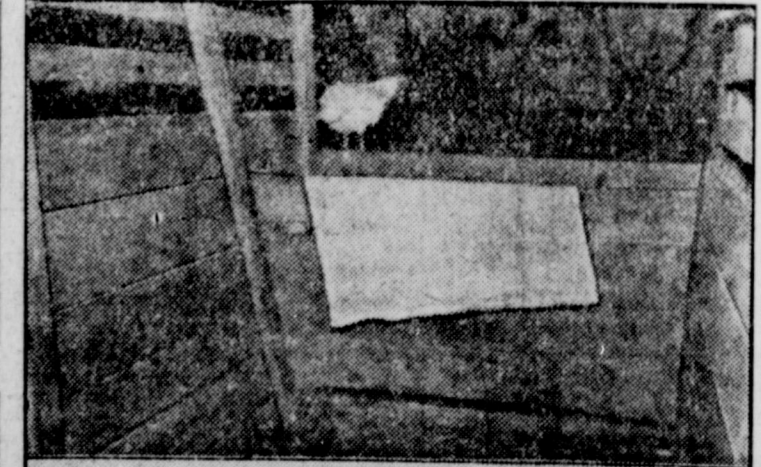

An interesting program has been arranged for the hospital meeting, including addresses by Dr. A. B. Singleton, teacher of surgery, and Dr. Charles Stone, professor of medicine in the University of Texas at Medical College at Galveston.

### Good Market Is In Sight For Mohair

Local buyers believe that several carloads of wool will be shipped from here this season. Prospects are bright for a good mohair crop and a fair price, although the wool market is very quiet here at present.

The price now is 30 cents per pound for grown hair and 40 cents per pound for kid hair.

### A Babe Is Born in a Manger

Not "Wise Men of the East," but kindly Barnesville, O., folk came with gifts for the baby born in a manger at the town's race track to a jobless couple. After the newborn had arrived, without medical attention, in a straw-littered horse stall which the homeless transients, Mr. and Mrs. Ellis Summers, had chosen for shelter, sympathetic townspeople brought clothes and food, and fitted up their "room" in the manner illustrated below. The picture above, that of an adjoining stall in which the baby's blanket hangs, reveals how the infant's birthplace previously had looked.

### MAGNOLIA EMPLOYEES TO HOLD PICNIC IN BROWNWOOD IN 1936

Employees of the Fort Worth district of the Magnolia Petroleum Company, which includes about 100 counties, will hold their annual two-day picnic in Brownwood in 1936. The selection of this city was made by secret ballot at the close of this year's picnic at San Angelo last Saturday night. Brownwood won by a large majority over Fort Worth, Sweetwater and Cleco.

District officials said that Brownwood could expect an attendance of 1,000 because of its central location in the district. The meeting will be held about the middle of July next year. The picnics include no business sessions being solely for the purpose of a get-together and good time for the employees of Magnolia. The programs usually close with a dinner and dance. W. O. Gatton, sales manager of the district, has charge of the annual picnics.

Several people from here attended the picnic at San Angelo and urged Brownwood's selection as the place for the 1936 meeting.

### County's Expenses Are Under Budget Estimate For

Brown county's expenditures for the past six months were \$35,358.35 which was \$2,578.35 less than the amount allowed in the budget for that period. These figures are based on an estimate made by Auditor R. C. Gocher. The estimate was reached by comparing the actual expenditures for the year in half.

Road bond funds are not included in the above figures. Road building this year, but this money came from the road bonds.

A. L. Pate, district sales manager, local distributor for Duke Butler, salesman, and for Harrison, secretary of the Brownwood Chamber of Commerce, said that the fight for the picnic was a close one. Mrs. Pate and Mrs. Butler gave valuable assistance in securing the picnic for this city, working untiringly during two days of the convention.

### SOIL EROSION CAMP NEARS COMPLETION

Excellent progress is being made on construction of buildings for the soil erosion CCC camp, to be located on a 12 acre tract at Fourth street and Avenue L. Lieutenant Paul Ivanich, in charge of construction, reports that the mess hall, recreational hall and the headquarters office are nearing completion. The city has completed extension of sewer and water mains to the property line of the tract.

Foundation footings have been completed for all the buildings, and walls are up for two other buildings. There will be 13 buildings in all and in addition several houses to be built by the Soil Conservation Service for use of its staff.

A 50-foot champagne bottle constructed of red bricks will house the "world's first champagne inn" at Wachenheim on the Rhine.

### CCC BOYS TO MEET DE LEON AMATEURS

The baseball team from the local CCC camp will meet the De Leon Amateurs in a double header to be played at the camp Sunday. The two teams clashed last Sunday afternoon at De Leon with the Lake Brownwood boys winning both the scheduled games. The scores were 5-1 and 5-3. Grover Benton pitched for the first tilt for the CCC boys, and Johnny Hammond pitched the second game.

Construction of one of the largest and most luxurious hotels in South America is under way in Santiago, Chile. The structure will cost about \$1,000,000, furnishings \$400,000.

Continued dry weather this summer which dried up the nectar-bearing blossoms has considerably injured the honey crop of North Carolina, beekeepers report.

### HIGHWAY DEPARTMENT MOVING TO NEW HOME

The highway department district offices are to be housed in the new offices soon. This week some supplies and seldom used equipment were moved to the new office building north of the courthouse.

The new building contains private offices for officials, drafting rooms, storage space for equipment and supplies, an accounting office and an office for the state highway patrolmen. There are ample lighting facilities and windows and the building is modern in every respect.

Part of the Red Sea is known as Foul bay—it's on the Egyptian side. McCracken county, Ky., ended its fiscal year with a cash balance of \$10,000 and all bills paid.

An analysis of relief costs in Kansas showed 10 cents out of every dollar spent was used for administrative purposes.

# It's the safe HUMAN MILEAGE\* IN A TIRE that really counts

● The greatest value that can be built into a tire is "Human Mileage"—extra quality that makes the tire itself last longer and extra safety that makes you last longer, too. Equip your car now with these new, sure-gripping, long lasting, soft riding, smart looking, Blowout-Proof Generals—the tires that are built for "Human Mileage!"
