City Commission Sets 19th For Utility Rate Meeting. Citizens Sign Petition

LOCAL MANAGERS CITED TO APPEAR

RATE ADJUSTMENTS WITH- OUT RECOURSE TO CITY ORDINANCE IS PLAN

Following the action of the city commission in session the first of the week, registered letters have been mailed the local managers of the Gas, Telephone and Electric concerns serving Clarendon inviting them to a conference with the commission on Monday, Oct. 19th, for the purpose of adjusting the three utility rates to a lower level.

This procedure was decided upon by the city officials in the hope of avoiding the salutary process of passing a city ordinance lowering service charges under the plan outlined by the Texas League of Municipalities authorized by a Texas statute. According to Mayor Cagle, the city simply hopes to agree to the demands of the citizenship as evidenced by the petitions signed by practically every business man in the city last week for lower rates commensurate with the economic standards of the times. If this is done it will be unnecessary, of course, to pass the suggested flat rate ordinance.

One of the utility concerns has already signified its intention of being present at the conference, and the others are expected to show the same courtesy to the invitation of the commission. If the commission doesn't get the rates reduced according to their ideas of what is fair, then the next step will be the passage of the ordinance covering the case, according to the demands of the citizenship.

Frank Houston, district manager of the West Texas Utilities Co., will probably be present at the meeting along with the local manager, Carl Throop, division chief of the Southwest Associated Telephone Co. with headquarters at Memphis, will probably represent his concern, while Manager D. A. Davis of the City Gas Co., will probably be joined by one of the officials of his concern from Wichita Falls.

GULF REFINING PROPERTY RECEIVES IMPROVEMENTS

The past week end witnessed extensive repair and improvements about the property of the Gulf Refining Company grounds here. Manager Floyd Keener has been in charge of the general clean-up and reports the buildings and tanks freshly painted in the customary yellow and black, Gulf Refining Company colors. In addition to painting, the headquarters grounds have been thoroughly cleaned of all rubbish and weeds and put in readiness for the coming winter season. A new feature has been incorporated in the burlap protection at the main building using a late invented traveling electric light. The light burns for a few minutes in one room and then turns off and in another room in another part of the building and so on throughout the night until the current is turned off.

Local Boy Heads A & M Panhandle Club

News has reached the friends of Jack Bourland here of the election of that young man to the presidency of the Panhandle Club at Texas A. & M. College at College Station. The Panhandle Club is composed of about fifty boys who live in the Panhandle and are enrolled in that institution. For years the Panhandle group of Aggie students have been active throughout this section and it is a signal honor to head this organization.

AMERICAN AIRWAYS LEASE EMERGENCY LANDING FIELD

An emergency landing field has been leased near the city by the American Airways Co., and aviation engineers have been busily engaged the fore part of the week in setting markers for the runways to be used by any airplane forced to land here. The field is located on the Bugbee pastures about two miles west of the city and includes approximately 70 acres. Only American Airways transports are allowed to use the field.

Miss Mave Bennett who was stricken quite suddenly last week and who has been in a very critical condition has recovered sufficiently to be removed to her home and there is slowly gaining her strength much to the gratification of her relatives and many friends.

A. N. WOOD SETS NEW GOLF COURSE RECORD

Last Sunday afternoon the existing Hillcroft Golf course record for nine holes was shattered by A. N. Wood when he got hot and blazed his way around the route in 32 strokes, four under par. In turning the trick A. N. started off with three birdies in a row, parred four, five and six, birded seven, and preserved his birds with pars on the final two holes. His feat was attested to by Ira Merchant, P. B. Gentry and M. P. Gentry, other members of the foursome. There are a number of comical angles to his record breaking performance with full information being cheerfully supplied by Merchant and M. P. Gentry, the junior members of the foursome who were soundly smacked down by Wood's 32 and Dude's 34 shot performances.

36 Names Appear on First Petit Jury List

DONLEY FEDERATION TO MEET SATURDAY

The Donley County Federation of Women's Clubs is called to meet Saturday afternoon at the Ladies Club Room in the City Hall. The meeting will be called to order at 3:00 p. m. All clubs of the county are urged to have representatives present at this meeting.

Little Theatre Play, "A Full House" Will Be Presented Next Tuesday Eve

A full house is never overlooked by those wanting something hard to beat and such will be the presentation of "A Full House", Little Theatre production next Tuesday evening in the way of unbeatable entertainment. The play under the direction of Miss Anna Moores opens the Fall Season, and indications point to one of the best evening's entertainments ever offered the citizens of Clarendon and Donley county. To insure the first class presentation of the play the casting committee has outdone itself and offers what is without a doubt the most competent cast of characters featured in any Little Theatre play to date.

"A Full House" is a three-act comedy-drama, and incorporates a cast of fourteen players. It is full of action and sparkles with wit and humor arising from the any number of amusing and intricate situations throughout. To insure the comedy parts Miss Dorothy White, a maid from Sioux City promises to tumble the house with her never failing wit, while she is backed up in her comic task by Nicholas King, a stranger acted by Frank Stocking.

The leading role is taken by Miss Eunice Johnson, who leaves nothing more to be desired in her dramatic roles and is ably supported by Betty Chamberlain who is certain to make a tremendous hit with his audience.

Don't forget the place, College Auditorium; Time, 7:45; date, Tuesday, October 13th; Admission, 20 and 35 cents. Proceeds to be turned over to the curtain fund of the Little Theatre to complete payment of the fine curtain now on the auditorium stage.

The complete cast of characters follows:
Parks—An English Servant—Carl Parsons.
Susie—Comic, from Sioux City, a maid—Dorothy White.
Ottily Howell—Eunice Johnson.
Miss Winnacker—From Yonkers, the Aunt—Helen Martin.
Daphne Carters—Ottily's Sister—Mary Jo Chamberlain.
Nicholas King—A Stranger—Frank Stocking.
Ned Pembroke, Jr.—an only son—Tra Merchant.
George Howell—A Bridegroom—Kellie Chamberlain.
Dougherty—A Police Sergeant

LEGION PLANS FOR ARMISTICE DAY

HUGE MEMBERSHIP DRIVE TO COMPLETE QUOTA WELL UNDER WAY

With membership already in hand exceeding two-thirds of the quota for the Aubyn E. Clark Post of the American Legion, plans were set in motion Tuesday evening of this week to put the post over the top before the next meeting which was called for Tuesday evening, October 13. The closing date of the Post is October 20th, and it is necessary that the quota be reached before that date to secure the third citation from the national Commander and from the Department of Texas.

In addition to turning in all the possible members, the members of the post are asked to bring their rifles to the hall for a short squad practice in order to be ready for any emergency that may arise when the squad may be needed. Some forty Kar rifles were secured for the members through the Post and a part of these should be on hand or use when they are needed.

Plans were also set in motion for the Armistice Day Celebration for Clarendon which falls this year on the second Wednesday, tentative plans call for a monster parade headed by squads in uniform and followed by the schools of the city. Legionnaires C. E. Miller, H. R. Kerbow and H. T. Burton were named a committee to work out the details of the program.

Much interest is being shown in the work of the Legion for this year as was evidenced by the short address given by Roy Guthrie of Memphis, who stated that the Memphis post was after the cup now held by Aubyn E. Clark Post and that they were shooting at the record made by Hedley last year when they secured every eligible member within a few miles of their post.

A large attendance at the next meeting is urged and much work to put the Post over the top with a larger and better Post than has been achieved in the past few years.

Mrs. M. M. Noble and daughter, Peggy, who are spending the winter in Amarillo visited over the week end with Mr. Noble.

MISS WEBB ENTER- TAINS ROTARIANS

R. E. DRENNON ELECTED SONG LEADER TO RE- PLACE R. S. COPE

The regular weekly luncheon period of the Clarendon Rotary Club was spiced with a splendid program arranged by the Club Service Committee with Rotarian B. L. Jenkins as chairman. One of the most pleasing and competent entertainers ever to appear before the local civic group was Miss Webb of Hedley. This young lady won the hearts of her hearers with two splendidly presented readings.

Following Miss Webb, the program remained on a high plane with a number of piano solos by the club's own Rotarian Ann Rhoda Weideman. The ability of this entertainer is well known in Clarendon and needs no introduction.

BRONCHOS DOWN QUITAQUE 31 TO 0

POWERFUL RUNNING AND PASSING ATTACK OF LO- CAL SWAMP VISITORS

Flashing a complete reversal of fortune from their last gridiron performance here Friday the Clarendon High School Bronchos gave notice of their championship potentiality when they overwhelmed the strong Quitaque High Panthers with a vicious running attack coupled with some brilliant passing plays by a score of 31 to 0. By virtue of the Maroon win Friday the Quitaque eleven was eliminated from the conference running and the Bronchos moved into first place.

Another team stands between the Maroon and White Warriors and the right to meet the winners of the western division, that team is Wellington, whom the Bronchos meet on foreign soil on the afternoon of Oct. 31st. In the meantime the locals will whet their appetite for Sleyrocket powder taking on the Amarillo Yanniigans and the Miami Chieftains on the Friday afternoons intervening that date.

The Bronchos attack was striking with deadly precision throughout the entire game against the Panthers, who were helpless throughout the contest. The week spent in intensive drill and training under the eyes of Coaches Stocking and Hutton ironed out the ragged and sluggish spots in the slow and non-concentrated offense and defensive tactics which slowed the McLean game the previous week the play of the homebreds was filled with a sparkling offense which was backed up with a sterling defense which never once let the Panther backs threaten the home goal. Mixing a dazzling passing attack with the most powerful and precise running attack which netted 19 first downs and over 400 yards the Stocking and Hutton coached machine was complete master of the situation from the very first few minutes of the battle.

CHAMPION ROPER GUEST AT LUNCH

FOURTH PERFECT AT- TENDANCE REGISTERED BY LIONS TUESDAY

The Clarendon Lions are stacking up a staggering percentage total in the International Attendance contest with their fourth perfect attendance record staged Tuesday of this week. One member was absent but had made up his attendance at Claude last Thursday to allow for his being out of the city this week. Some of the members showed their worry by making inquiry concerning the Childress-Clarendon contest, and the attendance committee was asked to make certain inquiries into the reasons for their non-attendance concerning the contest.

A pre-luncheon entertainment was provided by the program committee, this consisting of a series of roping exhibitions by Johnie Rufus of Ardmore Oklahoma, who is reputed to be the world's champion trick roper. These exhibitions were staged in the lobby of the Antro, where sufficient room was available for the show.

Announcement was made concerning the directors' meeting to be held next Monday evening in the usual time and at the regular place. One of the matters to be considered at that time is the arrangements for a luncheon since the hotel management has closed the coffee shop. The meal Tuesday was served by Caraway's cafe by special arrangement and committee composed of Lions Watson, Rathjen and Patman was

CLARENDON LIONS STAGE DUAL EVENT

NINTH ANNIVERSARY CHAR- TER NIGHT AND OLD MONARCHS WEEK OCT. 20

Tuesday evening, October 20th will be a high night for Lions in Clarendon, both past and present. In addition to the celebration of the ninth charter night of an organization, the evening will be spent in a program for the especial benefit of the former members of the Lions Club. Invitations are being mailed these and they are expected to be on hand with their ladies to make this one of the best events ever staged by the organization.

One of the principal events on the evening's entertainment will be the appearance here of International President Julien C. Hyer. Lion Hyer, who makes his home in Fort Worth, was extended this invitation some months past and will be in the Panhandle on other meetings on the date and will be the principal speaker at the event as planned.

Other dignitaries who will be here for this event will include Sam M. Braswell, District Governor of "T" District of Texas; C. W. Webb, International Field Director and the Presidents and Secretaries of several of the neighboring clubs in the Panhandle.

Plans for this event have been under way for some time, the program having fallen into the hands of the Major Activities Committee of the club. Clyde J. Douglass is chairman of the Committee and has A. A. Mayes, H. B. Kerbow, T. D. Nored and Sam M. Braswell as assistants on the work.

Brilliant Array Of Colors Features Les Beaux Arts Flower Show Here

A riot of multi-colored hues greeted any one who might have entered the doors of the Club Rooms on last Saturday to inspect the annual flower show, sponsored by the Les Beaux Arts Club of this city. Hundreds of plants and flowers of as many varieties were banked around the room in one of the most beautiful floral exhibits ever collected in this section of the Panhandle.

METHODIST PLAN FOR YEARS' CLOSE

FINANCES SHORT PUZZLE STEWARDS WITH CONFER- ENCE ONLY MONTH AWAY

At a meeting of the board of stewards of the Clarendon Methodist Church Monday night, it was ascertained that there was a shortage of over two thousand dollars in collections for the year's budget and the close of the conference year is just about a month off.

The meeting of the annual conference at Vernon on Nov. 12th marks the close of the year and the board will marshal its forces to meet the obligations of the church according to E. V. Quattlebaum, chairman.

Rev. E. B. Bowen, pastor, made a most unusual and appreciated statement when he told the board that with low prices and shortage of funds he expected to take his loss, just like any other citizen, and that there would be no complaint from him after the stewards had done their level best in the matter of collections.

Aside from the two thousand dollar deficit in salaries for the year, there is about eighteen hundred dollars due on conference collections for the benevolences, which must also be met as best they may.

It is the purpose of the board to call on the membership to do its utmost in the remaining weeks of the conference year that the best showing possible be made.

Chamber of Commerce Officials To Include Fire Prevention In Year's Plan

J. H. RUTHERFORD'S NIECE VISITS HERE LAST WEEK

Miss May Keeter, of Ft. Smith, Arkansas, was a pleasant visitor with her uncle, J. H. Rutherford the fore part of last week. Mr. Rutherford made a short trip to the young lady's home where he was joined by Miss Keeter on an automobile trip through Arkansas, Tennessee and Oklahoma before returning to Clarendon. Miss Keeter is proof reader for the Fort Smith daily newspaper and while in Tennessee inspected the plant of the Memphis Commercial Appeal, one of the nation's leading newspapers. She visited in Amarillo before continuing her journey back home.

The above was unintentionally omitted from last week's issue of The News, and should have appeared in that issue.

Applications For State Aid Mailed

Fifteen schools of Donley county have made their applications for State Aid to assist them in carrying out this year's program of work and have their applications on file with the State Department at Austin. The amount asked for Donley County this year is in excess of \$5,000 and has two more schools on the list than has ever been on the list before this time.

The figure given above will naturally be shaved to some extent by the officials in the State Board of Education, but it is thought that the greater part of these funds will be made available for the use of Donley county Schools before the close of the present year.

BILL TAYLOR ILL WITH TYPHOID—DOING WELL

Late reports from the bedside of Bill Taylor, who is ill with a case of typhoid fever near Yalton, Washington, indicate that he is doing as well as might be expected. Bill and his wife, who were reported afflicted with the same malady, but have every attention the construction company is able to give them.

Cream Shipments Lower Than Last

Cream shipments during the month of September totalled 206 ten gallon cans, his total is a decrease of 65 cans under the shipments of the month of August when 261 cans were shipped from the local cream stations to the consumers.

Up until the past month the total cream shipments for the entire year amounted to 2210 ten gallon cans, with the September shipments bringing the year's total up to 2416 cans.

REV. INGRAM CELE- BRATES 79TH BIRTHDAY

Last Sunday afternoon a group of friends gathered at the First Methodist Church in honor of their friend and servant, Rev. C. B. Ingram, who was celebrating his 79th birthday anniversary. It was a happy occasion for all those present and a great time was spent in acknowledgement of the never tiring and unselfish service rendered this entire section of the country by Rev. Ingram.

Short talks were made by the following persons present, Mrs. W. T. Hayter, W. T. Hayter, J. H. Hurn, L. F. Bones, T. E. Trostle, D. A. Bustin, Pome and Bain. Interpersing these splendid talks Rev. Ingram delivered some fine thoughts to the people present.

CHAMBER OF COMMERCE OUTLINES PLANS FOR FIRE PREVENTION

Fire Prevention Week, which has been observed so successfully in this year, affords an excellent opportunity to emphasize the need for constant vigilance in the prevention of fire waste. It is not, however, sufficient for us to concentrate on this subject for one week and forget it for the rest of the year according to Mr. H. T. Burton, Chairman of the Fire Prevention Committee of the Clarendon Chamber of Commerce. That such will not be the case is evident from the numerous activities the committee has planned.

In cooperation with the Chamber of Commerce of the United States, which is conducting a national campaign to reduce preventable fire waste, the local chamber has voted to make fire prevention one of its outstanding activities. The Chamber is studying local fire defenses, the water supply system, fire department, etc., and will support any measure found necessary in the improvement of the local fire protection.

The committee plans to keep the public informed regarding fire losses and methods of safeguarding hazards encountered frequently in our homes and places of business. Speakers will address the school children and various other groups from time to time. Seasonal fire hazards, such as burning of leaves in the fall, use of candles on Christmas trees, fire works and numerous others, will be pointed out at occasional seminars. Local legislation affecting fire losses will receive attention. The building and fire prevention ordinance will be investigated to determine their adequacy in light of the present conditions. The committee also plans to urge other officials who are helping in the campaign. Chief James Trent today said, "We all know that a city like ours could not get along without a fire department. What is not so well known is that the department needs the help of every citizen. We must work together to eliminate fire hazards and help in every way possible. We must be careful not only during Fire Prevention Week but every day of the year."

RIFLE CLUB RECEIVES MEMBER FROM MEMPHIS

Mr. Omer E. Johnsey, an employee in the Post Office at Memphis, has joined the Clarendon Rifle Club in order that he may be better prepared to protect the U. S. mail through the training he will get in the club. He expects to make the drive from Memphis to attend the shoots here, Mr. Ernest L. Hunt of the Clarendon Post Office is a charter member of the club.

The shoot Sunday included off hand fire from the 200 yard range and rifle fire was used from the 300 yard range for the first time. Another shoot is planned for this Sunday.

FIRE PREVENTION WEEK CLAIMS ATTENTION

Fire Prevention Week—October 4th to 10th—comes to us this year with a new appeal because of the present condition of finance and unemployment.

Our fire waste for the last year cost us half a billion dollars and over ten thousand lives. As nearly eighty per cent of this is unnecessary and is occasioned by either lack of education or pure carelessness, there never was a time when we needed more sincere co-operation in saving life and property.

Once a year this week among the fifty-two comes to us demanding our attention, and offering large dividends if we profit by its reminder, that a reasonable carefulness will reduce by amazing figures the annual toll of property and lives.

Now, as never before, citizens, let us defeat the Fire God by unremitting care and cleanliness about our premises.

THE COST OF GOVERNMENT MUST BE LESSEMED

City, county, state and national government costs must be reduced. This is the conviction of every thoughtful citizen, regardless of his avocation in life—unless it be certain unworthy public servants—and we haven't as many of that sort as people sometimes think.

In the next two years there is coming a determined effort on the part of the tax-payers to rid themselves of the intolerable burden, and this will be accomplished by consolidations of units of administration, abolishment of certain bureaus, consolidation of many jobs where the public can be served just as well, abolishment of the fee system and its attendant evils, and a general closer scrutiny of all public expenditures.

The cost of government must be lessened and the heavy heel of a determined citizenry will crush those who oppose.

DWIGHT MORROW PASSES

Senator Dwight Morrow, diplomat and statesman, was found dead in his bed Monday, and another colorful figure of modern times passes from the stage of action.

Probably Senator Morrow made his greatest contribution to the nation through his masterful handling of relations with Mexico through his position as ambassador during the Coolidge regime. His work there will no doubt be regarded as the outstanding diplomatic accomplishment in all history of relations with our sister republic to the South.

Public attention was also focused in his direction by the marriage of his daughter, Anne, to Col. Chas. Lindbergh, and his death will be national topic of conversation for many days.

WEeping FOR LUXURIES

Most of the weeping and wailing we hear these days are from the people who are bereft of their luxuries and not from those who are without the necessities of life.

The American home raised its level and standards of living in the past fifteen years beyond that of kings and princes ten years previous, and the pressure that has brought that level low is the cause of the greater part of the "hard times" cry that goes up from every corner of the nation.

We are all together to blame, but if we would adjust the standards of life to a level commensurate with conditions, and say less about it, it would be easier to assuage the wails of those who are actually in need.

MAUDLIN CHARITY

This nation has witnessed in recent years some striking examples of maudlin charity, but continued economic pressure has awakened the people to the fact that charity except to the worthy is a millstone about the neck of the community and an aid to the unworthy character who would live on public bounty.

"Cotton patch, rock-pile or starve" is the slogan posted in many communities and it is based on Holy Writ. The unworthy must be taught that great lesson and 1931-32 is the year old Professor Necessity is hokling his most successful school.

TEXAS LEGION VOTES DRY AT DETROIT

Despite the State Commander's comment that the American Legion's action at Detroit calling for a national referendum on the eighteenth amendment, was not a "wet" vote, prohibitionists in Texas are happy and proud that the Texas delegation to the national convention voted against the referendum issue.

Very few people have any doubts as to the sentiment of those who proposed and engineered the referendum vote at Detroit. This fact makes us proud of the Texas boys and their vote.

EXPECTING TOO MUCH

Small-town hotels have been the objects of criticism, ridicule and sneers on the part of their guests from time immemorial. But probably most of them are furnishing the best accommodations they can under the circumstances.

Travelers who are accustomed to modern conveniences and comforts in larger hotels probably expect too much when they strike a village hostelry.

As a reminder of this fact, one country town hotel-keeper placed signs in his rooms, which read as follows:

"This ain't the Waldorf-Astoria—If it was it wouldn't be here—You ain't J. P. Morgan—If you was you wouldn't be here—We know this Hotel is on the bum—Well, how about yourself?"

Industrial Possibilities of Texas

BY COL. WM. E. TALBOT

(Editor's Note:—Following is the second of a series of articles by Col. W. E. Talbot, agency manager for the Southland Life Insurance Company and the prime mover in the campaign for Texas Industries, in which he discusses the possibilities of Texas from an industrial standpoint, answering the question: "What manufacturers does Texas have and what can we profitably manufacture?" Other articles will follow.)

STORY NO. 2

So many plans made for the betterment of conditions in Texas are so closely linked with the hope of favorable legislation, the intervention of providence and the law of chance, that it occurred to me that a definite survey should be made of conditions, and an effort made to rectify them with the help and cooperation of the people themselves.

For years the newspapers and the chambers of commerce have advocated that something be done. Here was an opportunity to coordinate the activity of all these

forces toward doing something about it in an organized way.

First we needed a list of manufacturing plants; a survey to determine the need for the development of natural resources; utilize so-called waste products; facilitate marketing of agricultural production; encourage sales promotion for manufacturers located in Texas; endeavor to bring in manufacturing; promote additional uses of cotton through increased consumption in clothing; and the building up of home town communities through, first, buying from the home-town merchant, buying local manufactured products, then state products and in last analysis, United States made goods.

This plan covered a wide variety of subjects, but all tie into the material welfare of all our citizens, which is the only real prosperity.

1926 Book Club Presents Program

The 1926 Book Club presented an elaborate program at the college auditorium Tuesday afternoon, when they had as their guests all friends of the city who were interested in knowing just what this club could do in a musical way.

When the guests arrived at 3:30 o'clock they were greeted by Miss Lotta Bourland, Mrs. Ed Teer, Mrs. Meade Hille, Mrs. Bill Broomley, Mrs. Henry Tombs, Miss Tennie Harris, Miss Edna Mae Monroze and Mrs. Harlan Naylor, who composed the reception committee for the afternoon and helped to make the guests feel "at home" until the opening of the curtain which revealed a stage tastefully arranged with a wealth of Autumn flowers in all their gay tones. Vases, baskets and banks were filled to overflowing.

Miss Lotta Bourland, leader for the afternoon gracefully announced each number as follows: Double Quartette—Water Lilies, Texas Our Texas, Mesdames Brumley, Ozier, Loyd Stallings, Clark, O. T. Smith, Boykin, Misses Fox and Bourland.

Trio—Blue Danube Waltz, Strauss—Mesdames Boykin, Loyd Stallings and Miss Stallings.
Piano Solo—Air de Ballet, Lamaire—Miss Stallings.
One Act Play—The Weak Spot, Geo. Kelley.

Arnold West—Mrs. Elba Ballew.
Millie West—Mrs. Frank Stocking.
Jennie Drake—Mrs. Fred Bunting.

Vocal Duett—Life's May Morning, Ballew—Mesdames Rolle Brumley and O. T. Smith.
Two Pianos—Concert in G Minor, Mendelssohn—Mesdames Rayburn Smith and Allen Bryan.

Piano Quartette—Zampa, Herold—Mesdames Allen Bryan, W. C. Thornberry, Loyd Stallings and Miss Stallings.

It would be difficult to stipulate which numbers were the more appreciated since each was beautifully rendered and showed the many hours of work spent to make this program really worth coming to hear and such it proved to be so many expressions of appreciation were extended those appearing as well as the club members who made this program possible.

A business meeting was held at the Ladies Club room following the conclusion of the program in which Mrs. Van Allen Kent was elected to membership, Miss Helen Martin and Mrs. R. Wilkerson were added to the associate roll which was limited to six.
A dainty refreshment course was served by the hostesses, Mrs. Ed Teer and Mrs. Lotta Bourland.

Pathfinder Notice

The club will hold their regular meeting at the ladies club room next Friday afternoon at 3:30 o'clock. All members urged to be present.

Home Economics Inspect 4-H Pantry

The 4-H Pantry was the lesson studied by members of the Home Economics Club on last Friday afternoon. The purpose of which is to get a balanced and well rounded diet.

Meeting first at the home of Mrs. J. T. Brown the ladies were directed to the kitchen where a weeks menu had been planned and the necessary articles for preparing such had been placed near at hand. An emergency shelf was found here also, which consisted of fifty-two containers. The emergency shelf is so named for its adaptability to quick, well proportioned meals when unexpected company happens in on a busy day.

Next the ladies were conducted to the basement where the approved 4-H Pantry had been placed. Here they found 555 containers all labeled and arranged in groups as classified, each as fats, starches, etc. These enables the housewife to choose her foods quickly and wisely so as to have a well balanced meal.

Miss Buttrill gave a short talk on "Essentials of Correct Diet" then the women journeyed to the home of Mrs. J. C. Estlack and inspected her beautiful array of canned goods which are many, she having several hundred that she is unable to get in her pantry.

Next the women gathered at the club room where Miss Katie Meaders acted as hostess during the business and social meeting.

New officers elected at this time were: President, Mrs. O. L. Fink; Vice-President, Mrs. C. D. McDowell; Secretary and Treasurer, Mrs. C. L. Benson; Representative to County Council, Mrs. J. C. Estlack.

A Lovely Shower

Honoring little Master Edward Irvin Galloway on Friday evening, Mrs. Walter Clifford and Mrs. Floyd Keener entertained with a shower at the home of Mrs. Keener.

The rooms had been arranged with lovely autumn flowers and lent a charm of beauty to the many beautiful gifts showered on this fortunate baby.

After opening of the gifts a

lovely refreshment course was served to: Mesdames Tren Stargel, C. E. Miller, J. T. Patman, Elma Smith, T. M. Pyle, Allen Bryan, Tom Goldston, B. C. Antrobus, Marvin Warren, Buel Sanford, C. E. Griggs, Frank Stocking, Manley Ozier, Van Kennedy, B. G. Smith, Eva Rhodes and Mrs. Galloway, Misses Winnie Weatherly, Opal Pyle, D'Laurel Beville and Norma Rhodes.

MacDowells In Folk Songs Program

The initial second Saturday program of the MacDowell Club, which will be a regular feature throughout the club season will be presented this Saturday night at the Club Rooms beginning at 8 o'clock. A novel and interesting program has been announced which will incorporate "Folk Songs" as the theme of the presentation. Hostesses for the evening will be Misses Martin and Fray Stallings. Another feature of the program will be the visitors present, each member of the organization being allowed to invite one guest.

The program follows:
Roll Call—To be answered with the name of the folk song of some nation.

"Merry Life" and "Volga Boat Song", Miss Helen Martin's group.
Piano Solo, Virginia Bryan.

"Old Black Joe" and "Last Rose of Summer," Group.
History of two songs.

Folk Song, Instrumental, Gus B. Stephenson.
Negro Dialect Reading, Mrs. Frank Stocking.

Chapter from "Folk Music", Mrs. Richard Wilkerson.

Duet, "By the Waters of Minnitonka," Mesdames O. T. Smith and J. L. McMurtry.

MacDowell Club Continues To Work

Members of the MacDowell Choral Club are settling down to work in real earnest now that the year's work has been definitely outlined. At present the club is working hard on numbers to be presented on the Harmony Club Program at Memphis the latter part of the month and a large number of members greeted the director, Mr. Braswell at the regular rehearsal last Saturday afternoon.

Mrs. Bass Hostess To Mother's Club

Mrs. John M. Bass was hostess to the members of the Mother's Study Club at her home on Friday afternoon. This was the second meeting of their club year and much enthusiasm was manifested over the study for the com-

ing year as outlined by the program committee.

During the business session Mrs. Rollie Brumley was given membership in the club.

Mrs. J. D. Swift, teacher for the afternoon gave a splendid discussion on pears and was followed by Mrs. U. J. Boston, who gave a short sketch of the "Flying Dutchman" an opera by Wagner. The Life of Wagner was discussed by Mrs. C. W. Bennett, Jr., and Mrs. Bass closed the program by playing "Dream Song" by Wagner.

A lovely ice course was served during the social hour.
The next meeting will be at the home of Mrs. U. J. Boston.

Mrs. Letts Entertains 1912 Needle Club

Georgous dahlias and other late autumn flowers adorned the home of Mrs. A. R. Letts when she entertained members of the 1912 Needle Club on Thursday afternoon.

An enjoyable time was spent by the ladies as they conversed and did dainty pieces of hand work.

A delicious two-course luncheon was served late in the afternoon to Mesdames W. H. Martin, L. S. Bagby, Sella Gentry, H. Glascoe, R. A. Chamberlain, A. A. Mays, A. L. Chase, C. W. Taylor, club members and Mrs. Jetties Trent invited guests.

Mary Cooke Hostess to Contract Bridge

Contract bridge playing seems to be growing in popularity since a contract club has been organized for others have become interested and have learned the essentials of the game and still others are hoping to learn soon which proves that the afternoon was well spent in the home of Miss Mary Cooke, Wednesday, when she entertained the members of the Contract Club.

Participating in the games were: Mrs. Earl Alexander, Mrs. Kelly Chamberlain, Mrs. Charles Trent, Mrs. T. H. Ellis, Mrs. Ed Teer, Mrs. W. H. Cooke, Miss Anna Moores, and Miss Lorraine Patrick.

Thursday Bridge Club Entertained

A Halloween motif was used by Mrs. Ed Teer when she entertained the Thursday Bridge Club at her home Thursday of last week.

In the games Mrs. B. F. Kirtlev played high and was awarded a lovely prize.

Mrs. Teer in her usual pleasing manner served a dainty refreshment course carrying out the Halloween motif set by the score cards.

Seated for the games were: Mrs. B. F. Kirtlev, Mrs. W. L. Ball, Mrs. Tren Starrall, Mrs. R. C. Antrobus, Mrs. Jim Hille, Mrs. Roy Ingram, Mrs. C. W. Bennett, Jr., and Miss Lotta Bourland.

Ruth McDonold Celebrates Birthday

In celebration of her ninth birthday, Miss Ruth McDonold entertained a few friends at her home on Thursday afternoon where witches, black cats and ghosts went on a rampage about the house.

After games on the lawn the following were served dainty refreshments from a gaily decorated table where a witch ruled over the affair with her customary broom:

Misses June McMurtry, Zella Ruth Norid, Gene Teat, Maxine Ellis, Jack and Myrne McDonold.

Good-Will Club Has Quilting

The fascinating art of quilting and the hospitality of the hostess attracted the members of the Good-Will Club to the home of Mrs. Will Johnson on Oct. 1st.

The afternoon proved not only entertaining but profitable as well, as much work was accomplished by the following members:

Mrs. Fred Russell, Mrs. H. Shoffitt, Mrs. L. D. Carlile, Mrs. Don Martin, Mrs. Si Johnson, Mrs. Blanche Oden, Mrs. T. D. Nored and Mrs. Blasingame.

A lovely salad course was serv-

ed after which the club adjourned to meet at the home of Mrs. Henry Shoffitt on the next regular meeting date.

Mr. and Mrs. Webb Honored

Honoring Mr. and Mrs. Cecil Webb, who are to be in our city for several weeks, Mr. and Mrs. Sam M. Braswell and Mr. and Mrs. J. R. Porter entertained with a chilli and pie supper at the country club on Thursday evening.

The chilli, so delicious at this time of the year when the tinge of Autumn is in the air, was thoroughly enjoyed as well as the pie which left the party with a feeling of having been well fed.

The weather proved to be ideal on this particular afternoon making this an ideal outing for: Mr. and Mrs. G. L. Boykin, Mr. and Mrs. H. T. Burton, Mr. and Mrs. Sam M. Braswell, Mr. and Mrs. J. R. Porter and the honored guests, Mr. and Mrs. Cecil Webb.

Birthday Party

Miss Mary Lois Hayter entertained last Wednesday night in honor of her thirteenth birthday. The party beginning at 6:00 o'clock lasted until 10:00. A num-

ber of games were played until 8:30. An ice course was served to Misses Helen Louise Green, Francis Fowler, Ruby Tucker, Jo Ellen Kennedy, Virginia Butler, Willie Maude Pratt, La Verne McMurtry, Nell Cook, Hulda Jo Cauthern, Eugenia Noland and the hostess Mary Lois Hayter. The remainder of the evening was spent by every one going to the show.

Rev. W. M. Murrell left for Abilene on Monday morning where he will spend several days transacting business.

Mr. and Mrs. T. J. Wilson spent a part of last week at Alanreca visiting their daughter who con- versing from a recent operation.

Bryan Keener, son of Mr. and Mrs. Floyd Keener happened to the misfortune of catching his hand and arm in the wringer of an electric washing machine Monday morning, bruising it badly.

Messrs Harold White and Valmar, both from LeFors, were week-end visitors here in the home of Mr. and Mrs. F. A. White.

These Annual Dividend Checks
have reduced Your Electric Bill
60% since 1923!

AS an electric customer of the West Texas Utilities Company, you have received each year a substantial dividend—paid to you merely because you are a user of electric service! These annual dividends, in the form of reduced rates for electric service, have been made possible through efficient utility management, finance and operation. Since 1923, the year in which the West Texas Utilities Company was organized, these rate reductions have saved customers of this company a stupendous sum.

The West Texas Utilities Company has been in existence as a corporation for nine years—and during this time the average electric rate of the territory served has been reduced over 60%. You have reaped the benefit of this substantial reduction—by way of a lowered bill or through a greatly increased use and enjoyment of the comforts and conveniences of electric service.

In past years, many of you paid as high as 20 cents per kilowatt-hour for electric service in your home. Reductions made in the domestic or residential rate alone have amounted to 53%, and you are now receiving a more dependable and higher type of service at an average rate of less than 6.5 cents per kilowatt-hour. When you realize that this reduction has been accomplished in the short span of nine years, and that it has been made in a territory of small and widely scattered towns and communities, you will appreciate the magnitude of the task accomplished for you by the West Texas Utilities Company.

Do You Know?

.. that electric service is the only item in the household budget that has decreased continuously since 1913?

.. that the cost of electric service represents less than 2c out of every dollar of the average family's household expenses?

Electricity is your cheapest servant. It will work for you hour after hour—day after day—for an entire salary figured in pennies! Under the present modern rate schedule of this company, your additional use of service is billed at a surprisingly low rate, and adds but little to your regular bill.

Clarendon Boys Feeding Calves

Seven of the class of agriculture in the Clarendon Public Schools are feeding calves as one of their projects in the school work this year. Home grown products are being used as much as possible, with a small percentage of cotton seed meal being used by some of the boys in their work. The cost of the feeding for the first period is running from four to eleven cents per day, and will be changed every fifteen days until they are finally placed on full feed for the last 120 days of the feeding period. The calves will be placed in the Fat Stock Show next spring at Amarillo. The rations are carefully balanced from formulas worked out in the class room with Corn, Wheat, Oats, Barley, and Alfalfa being used for the concentrates. Cane and alfalfa is being used for the roughness, with some grain sorghum heads being also utilized. All save the roughness is ground that the stock may get the greatest benefit from the grains fed.

The boys feeding these calves are in both sections of the agriculture classes and are listed as follows: **John Blocker**, 1; **Alfred McMurtry**, 1 or 2; **Harry McCracken**, 1; **Charlie Word**, 1; **Bob Word**, 1; **Joe Montgomery**, 2; and **Hollis Evans**, 1.

Close records are being kept on these animals and they will be closely watched to learn just what the correct feeding will do to the calves.

News From Christian Church

Although the Christian church has had very little to say through the press in the last few weeks the church reporter states they have been quite busy.

Promotion Day was observed in the Sunday School and the promotion of pupils from the young peoples class necessitated the creation of a new class which was named **Young Married People's Class** and is being taught by Mr. Carver, teacher of Business Administration in Clarendon College.

Mr. Carver is proving to be a splendid leader and is striving to build up a large class.

How One Woman Lost 10 Lbs. in a Week

Mrs. Betty Luedeke of Dayton, writes, "I am using **Kruschen** to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of **Kruschen** in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at **Douglas Goldston's** or any Drug Store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back.

is taught by Mr. H. Mulkey was augmented by the promotion of pupils from the intermediate department and he continues to have a good membership as well as attendance.

The **Mid-Week prayer meeting** continues to prove interesting as the lessons outlined in the "Look-Out", the official church magazine, are being used. Mr. Mulkey leader for last evening brought a wonderful message to those present.

Missionary Program Given

The **Missionary Society of the First Christian church** opened their regular meeting Wednesday afternoon with the song "Footprints of Jesus." After the session Mrs. Tucker led the devotion with Mrs. McAdams, Mrs. Carlson and Mrs. Humphrey giving interesting talks. **Mrs. Teer, Mrs. Carver** and **Mrs. Anderson** presented a playlet of the Japanese-Mexico Foreign Missionary work. The meeting closed with the usual benediction.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always **Castoria** harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

There is no better way to grind feed than by the **Triple Reduction Process** employed by our **Blue Streak mill**. It grinds all feeds faster and better, giving you the kind of feed your stock needs with savings and food value you can't afford to overlook.

Have us grind your next lot of feed, you'll wonder why you haven't done it before.

Feeders are having wonderful success with **Simpson's All In One Egg Mash**.

Our hat is off to the Bronchos for the sweet game they played last Friday in defeating the strong Quitaque Panthers. The boys clicked Friday and in a big way—their offense was a beautiful piece of work with the line charging low and opening great holes in the opposing wall. The blocking performance of the Bronchos was the best seen here in years with the defense department offering nothing more to be wanted in that line.

For the information of SPORT SLANTS readers here is a little information in the form of statistics concerning the Friday game with Quitaque. Fred Reid reeled off 163 yards of invasion into Panther territory while Nichols toted the leather 126 yards further into enemy soil with Andis adding another 116 yards to complete the riot against the Quitaque team. As usual Capt. Nichols proved to be the work horse of the local eleven with his yards gained resulting from powerful thrusts through the line and off tackle, while the mileage of Reid and Andis were made largely in the broken field and on fakes. However it is a great thing to have three such ground gainers on the squad.

One of the most cheerful developments in this year's team is the first rate performance of Loyd Benson in the position of quarterback. The boy is always dependable and is directing the play of the team with an uncanny skill of a veteran. "Owl" knows the game, he loves the game, and he is in there giving all he has every minute. Just another reason why the Bronchos are going to have a successful season—like the rest of the players, Mr. and Mrs. Benson's son, Loyd has the will to win and the spirit to put his best physical and mental energy into the team's play.

Sport Slants doesn't even remember when the Bronchos enjoyed such a varied repertoire of intricate ground gaining plays as coaches Stocking and Hutton have prepared for the Maroon against opposition this year. Wing backs, reverses, end arounds, forward, backward and lateral passes, spread formations and the usual sweeping end runs and powerful line chargers are all featured in this season's attack.

Just what we thought would happen to T. C. U. happened last Saturday when the Tulsa University eleven crushed the Frogs 13 to 0. The Fort Worth Southwest conference entrant has been terribly overrated this season, and their defeat by the Tulsa team of ordinary strength is proof enough that the Frogs will not be a serious contender for conference honors. The same is true of Rice who slipped before the Sooners at Norman on the same afternoon 19 to 6. Too many sophomores.

The Longhorns and the Mustangs coasted through easy games in leisurely fashion against Missouri and Simmons respectively. Neither team showed the plays which will carry one of them to the conference pinnacle.

And now to again correct the Pampa Daily News for a statement issued in a story appearing in the Monday issue of that paper. The sports writer of that Publi-

cation either is very careless in his statements or is inclined to belittle the Clarendon Bronchos along with the Amarillo Sandies when the occasion presents itself. The erroneous statement reads:

"Coach Jones, with four days' training behind him, saw his eleven lose to Dalhart 6 to 0, but with another week's practice he figures he can beat the Harvesters. He has a wealth of high school stars with much experience back of them. For instance, he has Colvin of Turkey, the lad who almost single-handedly defeated Clarendon last year. Colvin is said to weigh 185 pounds and to look down from a height of 6 feet 3 inches. He is a bruising fullback".

The above was clipped from the story concerning the approaching contest at which time the Harvesters meet the Buffalo freshmen in a nocturnal game at Canyon Friday night.

For the benefit of the Pampa writer we would suggest that he further and closer inspect the records of the last season and especially the game between the Bronchos and Turkey. For fear he might misinterpret the score the Bronchos were the victor in that game by a score of 48 to 12. Of course some might believe that the Turkey team with its great Colvin came near beating the Bronchos by looking at the score—but we would prefer remaining under the impression that a team leading by six touchdowns won the game, and even then were not too hard pressed to eke out their 36 point margin. The impression was such to lead the public to believe that Turkey won the game and that Colvin was

the big shot. Colvin was good but shouldn't bother the Harvesters—he didn't the Bronchos.

Some pretty fair ball games in the 1931 offering of the annual world series baseball pageant. We must hand it to this new comer to the big show—but who has been the big show since the first day of the series—"Pepper" Martin. Ripley should pay this boy for the unusual feats he is bringing about by his super-baseball play. It has been so far in this series that the pitchers would like proof from someone that anybody ever got the Card's centerfielder deamon out. So far Mr. and Mrs. Grove's boy, Robt. Moses, and Mr. and Mrs. Ershaw's son, George, have had little or no success at it. It was that native son of Texas, Martin, which single handedly defeated the A's in the second game 2 to 0 and had the major portion of winning the third game with his lusty hitting and fielding against Grove. Then Tuesday in the fourth game, Pep showed the other eight Cards how to hit the offerings of Big George and collected exactly two bingles from the great pitching of the star right hander—these two hits were the margin of a two hit game and a no-hit performance.

We still believe the Philadelphia Athletics will win the rag.

Texas, S. M. U., T. C. U., Centenary and A. & M. are our pick to win Saturday games.

AVERAGE HORNED FROG IS GOOD SIZED MAN

FORT WORTH, Oct. 9.—Weight, 178 pounds; height, 5 feet, 11 inches; age 20 years.

With these figures one has a description of the average football player on the 1931 squad at Texas Christian University. If you don't care for averages, you may take the squad as a whole and find that the 42 men weigh 7498 pounds, measure 250 feet and 11 inches in height, and are 873 years old.

Not a single member of the squad fits exactly the description of the average. The nearest to it is Wallace Myers, end from Jacksboro, who weighs 180 pounds, is 6 feet tall and 20 years of age.

Lon Evans, guard, is the heaviest man on the squad, weighing 220 pounds; Ernest Brown, quarter, is the lightest, tipping the scales at 140 pounds. Both are from Fort Worth.

Twenty members of the squad are freshman numeral men, seven

Future Farmers Start Chapter In C. H. S.

Ever since school has started the agriculture classes have been thinking about having a Future Farmers Organization. On Tuesday the classes elected two boys from each section to see who wanted a Future Farmers Organization and when the meetings would be held. Those elected were Snooks Andis, and Delbert Linders from the first section and John Blocker and J. T. Easterling from the second section. Mr. Boylin said that a week from Saturday there was a chicken judging contest to be held at Claude so the students are going to get organized as quickly as possible to go to the contest.

The agriculture classes have had their six-week test this week. They have been making balanced rations all this week. They also had to have in their note books the day they had the test.

Sophomores Feeling More At Home Now

The Sophomores are feeling more at home now after the first six weeks. They are finding out what kind of tests each teacher gives and will know what to expect from now on.

They are also learning something of library regulations. The study hall teachers and the librarian get rather provoked. Some have had difficulty in getting their library card filled out. A few days ago a Sophomore girl asked Mrs. Clark, the librarian, if she had "The Courtship of Mine," Mrs. Clark assured her there was no such book in the library. But the Sophomores are learning fast, and there is still some hope for them.

There are also fewer numbers found wandering in the halls between classes.

have been squad members before without lettering, while 15 of the old letter men are back to try for a second football championship for T. C. U.

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

THE "HIDDEN QUART"

That Stays up in the Motor and Never Drains Away

— is Worth its Weight in Gold to Any Motorist!

It's not the mileage your speedometer shows that makes your car wear out quickly, lose power and need costly repairs. It's motor wear, caused by friction, that does it! And almost half of all this motor wear occurs while you're starting. Cut down starting wear and you'll give your motor longer life.

That's just what the "hidden quart" of Conoco Germ Processed Motor Oil does! It stays up in your motor and never drains away and thus cuts down starting wear! Ordinary oils drain away, leaving working parts unprotected until oil is pumped from the crankcase through the motor, which takes several minutes. Conoco Germ Processed Motor Oil penetrates and combines with metal surfaces of working parts, stays there and never drains away. The "hidden quart" safely lubricates every cylinder, piston and bearing the instant you touch the starter.

The "hidden quart" is worth its weight in gold to you! From the first fill with Conoco Germ Processed Motor Oil, you'll have this "hidden quart" up in your motor, giving safe lubrication at all times, lengthening your motor's life. Drain your crankcase now... fill with Germ Processed Oil at any station displaying the Conoco Red Triangle.

SCHOOLS OBSERVE PREVENTION WEEK

FIRE CHIEF AND EIGHT CAPTAINS TO INSURE SCHOOL SAFETY

Every one knows that this is Fire Prevention week. This week is observed every year by the schools from the first grade to the eleventh grade.

Tuesday morning an assembly was called by Mr. Burton for both high school and college. At the assembly he outlined some of the activities to take place in the school this week.

There has been a Fire Chief and eight Captains chosen from the student body to take charge of the fire drills. There is a little red rectangular piece of pasteboard placed somewhere in the building. When one of the students finds it he reports it immediately to the Chief who is Fred Bourland.

Mr. Burton also explained exactly how the students in each room are to get out of the building.

There has already been one fire drill which was carried out successfully, and there will be more to follow all during fire prevention week.

T. C. U. HAS LARGE ENROLLMENT

FORT WORTH, Oct. 9—Enrollment in Texas Christian University for the fall term is 1156, according to E. R. Tucker, registrar. Of this total 776 are enrolled in day classes and 180 in the newly inaugurated night classes. Enrollment for the fall semester of last year was 1058.

PALO DURANS IN GREAT NIGHT

PERFECT NIGHT SETS STAGE FOR YEAR'S MOST INTERESTING MEETING

May we substitute with due apologies to the composer, several expressions in a popular song of years ago and say "What a Night was Wednesday Night" when the Palo Duro Literary Society met in the club-room at the administration building?

To put the finishing touches on a night well drawn, there was the program of the evening: Piano Solo—Pauline Sanford. Short Story—Roberta LaFon. Violin Solo—Joyce Link. Vocal Duet—Jean Bourland, Bill Word.

ELECT OFFICERS AT SOCIETY MEET

VISITORS CORDIALLY INVITED TO ATTEND ALPHA DELTA PSI MEET

The Alpha Delta Psi society met September 29, 1931 at eight o'clock. Ansel Barton installed the new president, who in turn installed the other new officers:

President, Barbara Smith; Vice President, Ansel Barton; Secretary, Loree Hamm; Treasurer, Nova Cooke; Critic, Fay Brown; Prosecuting Attorney, Phifer Estlack; Sergeant-at-Arms, James Smith; Reporter, Adaline Smith. After the business meeting, the society was entertained by the following program: News From Hollywood—Pauline Slover. Piano Solo—Barbara Smith. Helen Lawler, Faye Brown, Loree Hamm, and Adaline Smith were cordially received as new members. All College students are invited to attend the meeting of the Alpha Delta Psi each Tuesday evening.

Class Pins Selected By Juniors At Meet

On October 1, the Junior class had a meeting for the election of a new president. Billy Green, the Vice President was elected president and Archie Watters was made the Vice President. An Emblem of the Junior pen was furnished by Mr. Goldston. Mr. Batton passed it around for all Juniors to see and discuss. The pen is unlike any that has been chosen in Clarendon. It is round shaped with yellow gold around the Broncho in the center and white gold around the edge. The Juniors are very eager to get their pens and wear them.

**Win One Class
Install Officers**

In the regular monthly business meeting at the home of Mrs. Eva Rhodes with Mrs. Forest Taylor as assistant hostess, Monday afternoon, members of the Win-One Class, M. E. Church, installed new officers for the new conference year.

Mrs. W. C. Thornberry called the house to order and after the transaction of old business turned the meeting to Mrs. J. G. Sherman, president for the new year, who presided during the remainder of the afternoon.

Twenty members were present to hear the reports from the various standing committees. Much pleasure was expressed over the fact that all clothing had been bought and sent to the orphan girl and boy supported by this class.

During the afternoon it was decided to pay the monthly dues of ten cents at each regular business and social meeting. The class also voted to be responsible for the mid-week prayer meeting when called upon.

Other officers taking their places at this time were: Mrs. Van Allen Kent, Vice president; Mrs. D. O. Stallings, secretary; Mrs. Frank Bourland, Treasurer; Mrs. J. T. Patman, teacher; Mrs. R. C. Weatherly, Assistant teacher and Miss Will Johnson reporter.

Mrs. J. G. Sherman will be hostess to the class on the first Monday of November. It is hoped that each member will keep this date in mind and be present for this meeting.

Company manners at home would go a long way toward putting the divorce court out of business.

Champion Roper—
named to have all data on hand for the meeting Monday evening.

The program committee for the day with Lion Patman as chairman, presented Lion Patrick in a discussion of the Gold standard and its possible effect on the business of the world. The change of England from the gold standard, to be followed by Norway, Sweden, Denmark and Egypt was noted to be feared since all bills are paid in the value of the Pound Sterling prior to the dissolution of the gold standard.

The effect is only domestic insofar as England is concerned, with a reduction of the face value of their currency by approximately twenty per cent. This allows England to undersell some in nations where there is a silver standard, but has little or no effect in other nations where this standard is not in effect.

Mrs. Linnie Cauthen and Mrs. Nora McMurtry spent Wednesday in Memphis, transacting business.

O. T. Smith and friend, Mr. Lowe, arrived from Ft. Worth and Dallas Wednesday afternoon for a short visit before continuing on to other fields of labor.

Miss Anna Moores was a visitor in Amarillo last Saturday.

**LELIA LAKE GROCERY
RUNS SERIES IN NEWS**

Last week, the Morton and Son Grocery of Lelia Lake started a series of advertisements that will be run in a number of issues of The News to come. This grocery ran a series of these ads in The News last year and were well pleased with the results. They returned to The News with their campaign this year and feel that their efforts will not be in vain.

Last week they had some splendid prices. This week they will again be in line. Look for their ad.

**Busy Women
Enjoy Social**

The Busy Women's Sunday School class of the Methodist church enjoyed a social and business meeting at the home of Mrs. J. W. Moss, with Mrs. Landers assisting hostess, on Friday afternoon.

Gay Autumn flowers adorned the rooms where the women gathered and discussed ways and means of being of more service to their church and chose the following officers to guide them during the next conference year.

Mrs. T. E. Trostle, president, Mrs. H. B. Robins, Vice President, Mrs. W. L. Landers, Secretary and Mrs. Eula Cox Treasurer.

An ice course was served at the close of the session. The ladies then motored to the home of Mrs. Eula Cox and showered her with a quantity of canned edibles, much to her surprise and pleasure.
