Donley County Represented At Course

Public Is Invited To Camp Fire Girls Program Tonight

FOURTEEN ARE AT FARMERS' COURSE

FINE DELEGATION REPRESENTS DONLEY COUNTY AT COLLEGE STATION

Last Saturday evening thirteen persons interested in home demonstration and agricultural work boarded the east bound Denver passenger for College Station where they will attend the annual Farmer's Short Course at the A. & M. College of Texas. One other made the trip overland which gave Donley county a representation of fourteen to benefit from the school and work there.

The local delegation was headed by Home Demonstrator, Miss Martha Buttrill and County Agent, T. R. Brown. The Clarendon Chamber of Commerce is paying the expenses of Mrs. C. E. Lindsey and Mrs. J. A. Pool who won free trips to the short course by virtue of their prize winning exhibits in the Clothing and Living Room contests respectively. Mrs. L. B. Merrill of Ashtola is attending as the delegate from the Donley County Council.

Other members of County clubs who are attending the Farmers' Course are Mrs. John Aull of the Wifadosis Club of Hedley; Mrs. C. D. McDowell of the Clarendon Club; Mrs. J. E. Baker of Martin; Mrs. J. A. Hueston of the Clarendon Club; Miss Joan Thompson of Hedley. This young lady's expenses are being half paid by the Wifadosis Demonstration Club of Hedley. Others are Miss Virginia Williams of Tulla Lake; Miss Hazel Dyer of Goldston.

The boys clubs will be represented by James Reynolds of Lelia Lake while Louie Holloway will also attend the sessions of the short course, stopping off at A. & M. on his way from a visit to south Texas.

The delegation is expected to arrive back in Clarendon the latter part of this week.

LIONS PLANS LAID FOR COMING YEAR

NEW COMMITTEES START WORK ON YEAR'S PROGRAM AT ONCE

Something new in the manner of roll call was had Tuesday at the Lions luncheon, when Lion J. R. Porter called the name of every Lion at the meeting, along with those who were out of the city and whose names were called in the roll call. The Tail Twister had been instructed to collect a fine of ten cents for each named called incorrectly or one whose name he could not call.

A list of the committees named at the Directors' meeting Monday morning was read, the members of each committee stating that they would receive a complete list in a few days, together with the annual statement of finances issued by the Treasurer and furnished the club through courtesy of the Clarendon News.

Lion Sam Braswell, Jr., explained the plan for working of the program committee for the coming year. With the first meeting in September, two members will be drawn for each meeting, these to have full and complete charge of the program. The dues will be named sufficiently far in advance that the program may be worked up and ready when the appointed time arrives. Lion Boykin added that no censorship would be imposed on the programs.

Lion J. E. Teer called the Lions attention to the presence of a folder at each of their plates explaining the Key-Member plan and urging that this work be taken up and pushed that the Clarendon Lions Clubs could secure more of these key-members. The short time reduction in the initiation fees was also mentioned as an aid toward securing more members in the club.

Lion Mosley reported that his committee had investigated a case of a near blind boy here and

ROTARIAN COLE SPEAKS TO CLUB

"MORATORIUM" IS THEME OF ADDRESS DELIVERED TO ROTARY CLUB FRIDAY

The Club Service Committee had charge of the Rotary Club program for Friday and as their contribution to the luncheon period's entertainment presented Rotarian A. T. Cole who addressed the group on the subject of "MORATORIUM." That subject was very timely discussed by the popular attorney in a clear concise manner giving the members of the club a view on the International affairs which is at the present time troubling the major powers of the world. Rotarian Cole intimated that the whole plan hinged upon the cancellation of a portion of the huge debts that is owed by the European nations.

Guests for the day included C. D. Knight of Abilene and Arthur Osgood of Amarillo. These gentlemen expressed their appreciation at being allowed to meet with the local group and hoped they might have the privilege again at some later date. The program committee with Rotarian R. S. Cope as chairman will have the program in charge for this Friday's luncheon.

Adjournment was had in the usual manner.

Health Main Topic At B. & P. W. Meet

Mrs. Ruth Teat was hostess at the Tuesday evening Club luncheon. The program was based on Health.

Miss Mae Womack, chairman of the Health Committee gave the principle talk of the evening. She urged the Business and Professional Club members to build up their physical bodies in such a way that they could be rated 100 per cent along this line of work. She stated that she intended to keep a health card on each member in order that an accurate report might be had in making her report to the State Chairman.

The Club's "Year Book" was presented at this time and a rising vote of thanks given the committee and those who helped with the work.

Visitors at the luncheon were Miss Mary Jo Chamberlain and Mrs. Charles Dean of Dimmitt.

The Recreation Committee will have charge of the August programs.

that the folk with whom he was making his home agreed to allow him to be taken to Amarillo for examination and possible treatment. The committee plans to get in touch with the doctors in Amarillo and find if Thursday of this week will be satisfactory and if so, they will carry him there for examination.

Guest of the day was introduced at this time, Lion Douglas introducing W. Carroll Knorrp. Expression at pleasure at being with the Lions was made by Mr. Knorrp.

The recently played golf match was reported by Lion Kerbow, who disclaimed any credit for the winnings of his side, merely stating that he knew how to pick the players. Lion Walter Wilson stated that his side had been beaten out of the winning. Lion Burton reported on his visit to Decatur, indicating that he planned to hunt squirrels and fish while there, but that the untimely arrival of the canteloupe harvesting season had cut his plans squarely off. He reported that the children, if they happened to be boys, were being named "Canteloupe," if they happened to arrive here while the season of harvest was in full blast.

Lion Caraway reported the Camp Fire Girls being located in their camp, fairly well situated and comfortable. He stated that the Lions were extended a special invitation to attend the Camp Fire Council Thursday evening and see what they were doing.

Lion Murrell took the floor and explained the duties of the Tail Twister, explaining that he thought all the officers should pass a school of instruction before they were allowed to take office. He asked that the Tail Twister be fined thirteen cents.

Lions Directors Breakfast Monday

Something new in the line of meetings for the Board of Directors of the Clarendon Lions Club was seen Monday of this week when the old and new boards met for the July meeting. A breakfast was the order of the day, this being held rather than an evening meeting due to the difference in temperature of the dining room.

One important item to be discussed at this meeting was the change in institution fees for the coming ninety days. This fee is to be reduced to \$15.00 for the period mentioned, and will go back to the organization \$25.00 at the end of the period. This was done as a trial matter and will be worked on in connection with the Key-Member plan now in effect among the clubs of the International Association.

Some other business matters were discussed and were reported at the luncheon Tuesday.

WESLEY KNORPP HEADS GOLFERS

OFFICERS ELECTED FOR NEW YEAR AT BANQUET MONDAY NIGHT

New officers for the Hillcroft Golf Club for the ensuing year were elected Monday evening at a banquet at the Clarendon Hotel. A score or more players were present and enjoyed the big chicken dinner bought by the players of Walter Wilson's team who were defeated by the team captained by H. B. Kerbow.

Deviating somewhat from the old time plan of electing officers by popular vote a nominating committee of three men was elected and a board of directors was elected by this committee composed of seven members. This board of directors met Tuesday and elected the following officers from their group: Wesley Knorrp, President; J. T. Patman, Vice-President; Holman Kennedy, Secretary-Treasurer. Club committees were also appointed for the coming term, and the matter of dues and finance was discussed and arrangements made to care for some.

The board of directors is composed of Wesley Knorrp, J. T. Patman, C. J. Douglas, M. P. Gentry, Carl Parsons, Holman Kennedy and Dick Allen.

KENNETH FINK IS ON CANYON NEWS

LOCAL MAN EDITS CANYON PAPER WHILE EDITOR IS IN LEGISLATURE

Kenneth Fink, son of Mrs. O. L. Fink of this city and graduate of the school of Journalism of the University of Texas, is now editing the Canyon News at Canyon, while Clyde W. Warwick, the owner and editor, is in Austin attending to his duties as member of the legislature.

Mr. Fink did splendid work in the University and had quite a bit of experience on the Daily Texan, student publication. He has also done some vacation period work on the Clarendon News.

Mr. Warwick is to be congratulated on having secured Kenneth who is handling the duties of his position like a veteran. His many friends here wish him well in his new position.

G. W. JONES WINNER OF CORNWALLIS DOMINO CUP

Last Thursday evening in the American Legion Hall G. W. Jones wrested the Cornwallis Domino Club Championship cup and title from a field of more than twenty players. Jones sailed through the play without the loss of a single match and was easily the outstanding player to ever enter a domino affair in the city. Advancing to the finals Jones encountered P. B. Gentry, himself a fine player, but the champion was not to be denied and also took the runner-up into camp with a straight game victory.

CHURCH OF CHRIST BEGINS SERIES FRI.

ELDER G. K. WALLACE WILL CONDUCT REVIVAL SERVICES FOR LOCAL CHURCH

The summer revival campaign for the Church of Christ of this city will begin this Friday, July 31st and will continue through Sunday, August 9th. Elder G. K. Wallace has again been secured to conduct the services of the meeting and will be remembered by the local membership for his pleasing appearance and his powerful sermons. It is indeed fortunate that the local church was able to again secure the services of Elder Wallace for the approaching campaign and with his coming the church goes of the city and country are insured of wonderful and inspiring messages. He conducted a series of services here two years ago.

The Music for the meeting will be under the direction of R. M. McGowan, competent song leader of the Clarendon Church of Christ. All of the services of the ten day campaign will be held at the Church of Christ auditorium with the morning services beginning at 10 o'clock while the evening services will be started at 8:30 o'clock.

The general public is especially invited to attend and participate in any or all of the revival services.

Four Clubs Show Much July Work

Seven of the Home Demonstration Clubs of the county were represented at the council meeting held last Saturday in the office of the County Home Demonstration Agent. Some business matters were attended and all of the clubs did not get to make their reports on the work accomplished. The four clubs who made a report show that all the clubs have been at work and that a great lot was done.

The Smith Club reports 21 dresses, 1 coat, 23 undergarments, 4 renovated garments, 13 children's garments, 5 quilts, 6 wash hats, 1 dresser scarf, 1 pair pillow cases, 20 pounds soap, 36 quarts pickles, 1 floor painted and 1 cabinet painted.

The Chamberlain club reported 66 quarts vegetables, 74 quarts pickles, 48 quarts fruit canned; 12 dresses and 15 other garments made and 9 garments renovated; 75 pounds of soap were made and 7 pounds of cheese were set away; 3 walls were refinished and a delegate is being sent to the Short Course.

The Clarendon club reported 140 pounds of soap made; 10 dresses, and 2 rugs made; 23 quarts vegetables, 6 quarts pickles and 10 quarts jelly set away for later use. Members report at least eight new vegetables in the gardens with ten fresh vegetables ready for use at this time.

The Ashtola club made a rather full report, showing cream sold in an amount of \$40.67; Eggs sold and used to a value of \$25.90 and chickens sold and used to a value of \$127.10. This same club reported 35 quarts pickles, 45 quarts fruit and 8 pints of jellies ready for use in cans. They also made 10 dresses, 5 undergarments, 5 towels, 2 quilts and 2 rugs.

R. L. STEAGALL IS NEW COUNTRY CLUB KEEPER

Effective Saturday, August 1st R. L. Steagall will have charge of the Country Club grounds. Mr. Steagall will take the place recently vacated by Buster Vaughn. The skill of Mr. Steagall in the landscape gardening will no doubt be a great help to the country club property. Rules and regulations of the club will be strictly enforced as in the past.

A CORRECTION

The News wishes to call the attention of its readers to the mistake in the price of COFFEY in the ad of Shelton & Sanford on page 2. The ad reads 3 pounds for 37 cents. This should read ONE pound for 37 cents. Your attention to this error in composition will be appreciated. Thank you.

Legion To Meet Next Tuesday Eve

Members of the Aubyn E. Clark Post of the American Legion are called to meet for a regular session of the Post next Tuesday evening in the Legion Hall. At this meeting, plans will be laid for a big "Stag Picnic" for the immediate future and some further discussion will also be had on the delegation to the El Paso meeting of the State of Texas.

It is desired that as large an attendance as possible be at this meeting, as everyone in the Legion is to be asked to take part in the picnic. Some surprises are planned for this event.

Miss Geraldine Kelley of Amarillo spent the past week end here with friends.

Mrs. Tom McGowan and daughter, Miss Pearl, from Hedley are visiting this week in the home of Mrs. R. M. McGowan.

BAPTIST REVIVAL IS HUGE SUCCESS

SUMMER REVIVAL SERVICES END LAST SUNDAY WITH SPLENDID RESULTS

The two-weeks revival series held by the First Baptist church of this city closed last Sunday with a fine attendance. The service of the meeting, interest was the very best and the blessing and good done for the community as a whole can never be estimated. Dr. J. J. Kellam of Dallas who conducted the series proved to be a very forceful and convincing evangelist and won the hearts of his hearers. The spiritual side of the church was toned up to a fine degree. The interest created by the visiting pastor was evidenced last Sunday evening at the closing service when every available space in the spacious auditorium was filled with his followers.

Twenty-four came into the fellowship of the church on profession of faith and baptism, eight by letter and one by statement. Seven children made professions of faith, but not yet have affiliated with the church.

An unusual feature of the services was the unprecedented interest in all the services by the young people of the church. They all joined into the spirit of the revival and shouldered the responsibility with all their ability and energy, helping in the choir, orchestra, personal work and in the prayer meetings. Seven of these splendid young folk surrendered their lives to the Father to further His work and teachings along whatever channels He may choose.

At the last service an offering was made to help care for the 800 orphans now living at the Baptist Orphanage at Dallas, Buckners Orphan Home.

CHICAGO FRUIT BUYER VISITS DONLEY GROWERS

Wednesday of this week Mr. Hartwell Wagoner of Rocky Ford, Colorado, and representative of Gridley, Maxon & Co., Commission merchant for fruits and vegetables in Chicago, Ill., visited the melon growers of Donley county. Mr. Wagoner was decidedly impressed with the quality of the product in this vicinity and stated that next year he will again make a visit to the county with the purpose in view of shipping a number of car loads of the melons to the eastern markets, which at this time of the season are clamoring for canteloupes. The texture and type of melons grown in Donley county were very satisfactory and was a revelation to the visitor. He stated that he came to Donley county on the recommendation of Denver agent M. B. Oats after a request from County agent T. R. Brown. Donley growers are asked to keep Mr. Wagoner's return in mind for their next seasons crop.

Mr. and Mrs. C. L. Craig of Pampa spent the past week end here visiting in the home of her parents, Mr. and Mrs. F. G. Patching.

LOCAL GOLFERS WIN SUNDAY GO

HILLCROFTERS TAKE THIRD STRAIGHT INTER-CITY MATCH—BEAT HEDLEY

Last Sunday Clarendon golfers were hosts to the fairway forces of Hedley and Estelline on the Hillcroft course. However, the locals acted in the most gentlemanly manner and drubbed the visitors with the overwhelming score of 25 matches won and only 3 lost. This latest win marked the third consecutive triumph of the Clarendon niblick slingers, they having won from Amarillo, Wellington and Hedley in the past three Sunday's.

The matches with the Hedley and Estelline golfers was of the most enjoyable that the local players have encountered. Not from the standpoint of victory so much as the splendid fellowship and sportsmanship displayed by the visiting golfers.

The matches and the results of same follow:

Ralph Kerbow defeated Jeff Pirtle, 8 to 6; Blain Daugherty defeated Homer Parsons 2 up; Jack Merchant defeated H. Moffett, 7 to 6; John Knorrp defeated Jap Shaw, 7 to 6; Carroll Knorrp defeated Dan Lattimer, 4 to 2; Doss Palmer defeated Bill Huffman, 1 up; U. J. Boston defeated Kermit Johnson, 8 to 7; Dick Allen defeated Earl Reeves, 8 to 6; Mr. Allen defeated J. M. Berry, 6 to 5; Al Cooke defeated Adamson, 8 to 7; H. B. Kerbow defeated Zeb Mitchell, 1 up; Fred Buntin defeated Buster Simmons 6 to 5; Holman Kennedy defeated Roy Kutch, 2 to 1; M. P. Gentry defeated Mathew Allen, 7 to 6; McCaslin defeated W. H. Cooke, 3 and 2; Hank Bagby defeated E. E. Hickey 7 to 6; Dick Cooke defeated Fred Lovelace, 8 to 7; A. N. Woods; defeated W. C. Pluck, 5 to 3; W. A. Wilson defeated Les Hawkins, 5 to 3; Wesley Knorrp defeated Farley, 2 to 1; Tom E. Connally defeated Boy, 2 to 1; T. M. Shover defeated A. O. Davidson 8 to 7; Ernie Hardin defeated Chas. Davidson, 7 to 5; J. T. Patman defeated John Swiney 1 up; Carl Parsons defeated Elmer Gunn, 4 to 2; Louie Thompson defeated R. C. Weatherly, 2 to 1.

BUFFALOES TO BE INSPECTED

EXPECT GOODNIGHT HERD. LAND TO BE TAKEN BY STATE

AUSTIN, July 29.—The Texas Game Commission next week will visit the Goodnight Ranch in the Panhandle, to inspect the last remaining herd of Texas buffaloes, with a view of acquiring the 200-odd animals and land for a state game sanctuary. This arrangement was made by Chairman A. E. Wood with Fred L. Hasket, who is representing the section in an effort to save the buffalo from extermination. The commission will consider acting under a bill by Senator Charles S. Gainer, introduced Wednesday, to designate the herd state property in a game sanctuary. Chairman Wood said the area may be stocked with pheasants and that a fish hatchery is desired in the Panhandle and may be located on the Goodnight property.

This action by the Game Commission followed a flood of objections to the announcement of a few days ago which announced that the splendid Goodnight herd of the old monarchs of the plains would be slaughtered. Telegrams and letters by the thousands have poured into the hands of the members of the legislature vigorously protesting the proposal. Other letters would not hurt the chances of the retention of the herd, and if any others have time a few lines to the governor or the legislators would help save the dwindling band of animals.

COUNCIL FIRE TO BE TONIGHT

CAMP FIRE GIRLS INVITE PUBLIC TO BE THEIR GUESTS AT NEW CAMP

The most successful encampment ever attempted by the Camp Fire girls of Clarendon is being held this week at the new camp site opposite from the Country Club grounds in the grove of trees on the Goldston place. Something like 45 members of five troops of girls are enjoying the festivities of the camp having a rip-roaring good time. The new camp site with its spacious mess hall, fresh water well, springs, babbling brook, magnificent shade trees and cool breezes is all any one can ask and its convenience to the Country Club grounds where the girls take their dips, dance and engage in games of tennis and golf, finish the picture.

This evening the Camp Fire Girls will hold their annual Council Fire ceremony at which time the neophytes will be directed in the proper channels and members of the higher divisions in the Camp Fire realm. The program will begin shortly after 8 o'clock and will center around a huge bonfire where the rites will be easily witnessed by the spectators seated on the gentle slopes which surround the camp site. Eighteen girls will receive their new robes and sashes. They are Vivian Taylor, Helen Louisa, Nancy Travis Dyer, Willie Maude, Pratie, Hilda Jo Caughen, Laverne McMurtry, Eugenia Noland, Peggy Word, Rosalyn Bass, Lucile Andis, Ruth Nichols, Mary Francis Powell, Dorothy Powell, Gertrude Reed, Jo Ellen Kennedy, Joy McCanne, Mary Wood and Anna Moores Swift. Seven will be inducted into the realm of Firemakers Rank and are Lodi Green, Ruth Donnell, Berkeley Ryan, Geraldine Pratt, Helen Goldston, Jo Ella Stewart and Evelyn Murphy. Only three have advanced sufficiently to be candidates for the rank of Torch Bearer. These are Misses Mary Frances Caraway, Roberta Lafon, and Lorena Steagall.

Everything is run strictly to schedule on the camp, and so far this period has elapsed without the slightest petty quarrel among the large number of girls. This coupled together with the fact that not a single girl has complained with a case of sunburn is truly remarkable. This letter is due to the exceptionally fine shade which covers the entire camp. The program with which the girls act accordingly is given:

- 6:30 Rising time.
- Morning Devotional.
- 7:00 Swims at Country Club.
- 8:00 Return.
- 8:30 Breakfast.
- 9:15 Toothbrush Parade.
- 9:30 Clean tents.
- 10:00 Inspection.
- 10:30 recreation period.
- 1:00 Lunch.
- Toothbrush Parade.
- 2:30 to 3:00 Quiet Period.
- 3:00 to 4:00 Rest Period.
- 4:30 Swim.
- 5:00 Return.
- 7:00 Supper
- Toothbrush Parade.
- 8:00 to 10:15 Recreation period.
- 10:15 First alarm for bed.
- 10:30 Last alarm for bed.

The girls and the guardians are especially desirous to thank the citizens who have helped make the splendid camp possible. Appreciation is extended those who made donations, volunteer their labor and to the Bon-Ton Confectionery for the ice cream at one of their meals, also to Miss Mildred Martin who sent the group delicious cookies, the Piggly Wiggly who donated the delicious canteloupes and Mr. Goldston for the fine roasting ears.

Special thanks are due D. R. Davis and Tony Watson for their swimming instructions. The entire group expressed their appreciation individually through personal paragraphs found in another part of the News, and all wish to be hostesses to the local citizens this evening at 8:00 o'clock. Drive past the Country Club turn in at the first gate on the left, proceed south to the Goldston home and reverse your route through a gate and continue north through a lane and then right until the camp is reached.

GRANDFATHER STUFF

Now it's "Grandpa", thank you. Having been a humble member of the Fourth Estate for a quarter century, and not having felt age creeping along, it is now bourne in on the editor of this newspaper. When Sam Harben Braswell was born on July 16th, this editor became a member of a Fifth Estate, the Ancient and Honorable Order of Grandfathers, and it seemed that age had taken one great long stride in separating him from his youth.

Being Grandfather for the first time is a real sensation. There is a drawback, however, and that is that one is supposed to have arrived at the age of discretion and sound judgement when mistakes are few and far between. This puts an added burden on the "Old Man," which is enough to make old age come on even faster.

Anyway, being Grandfather is a great privilege and this editor is pardonably proud of the new Estate. That name of the little fellow is a partnership affair between the News editor and Sam Harben, Secretary of the Texas Press Association and former partner of the youngster's grandfather. If the young man turns out extra well, Sam Harben will be claiming the honor of an undivided namesake, we suppose, but he won't be able to get away with it—as long as Grandfather can hobble around on his cane.

Grandpa is proud of Sam Jr., and Cecelia, but he is even prouder of his grandson.

CITIZENS A PRIVILEGE

"Your situation is that of the alien knocking for admission at the door of this country. You have no absolute right to it; it is largely a matter of grace on the part of the government."

Thus did Judge James C. Wilson of the United States District Court, sitting at Fort Worth, address a stalwart young fellow of 31 who was an applicant for citizenship, having been born in a foreign land. The young fellow asserted that he could not take the oath of allegiance requiring him to bear arms in time of war. Judge Wilson denied him citizenship.

The jurist pointed out that the greatest hero of the war was a conscientious objector. He referred, probably to Sergeant York.

"If you have objections to the government, conscientious or otherwise, it is natural that the government should have objections to you, and should withhold its grace in granting citizenship," Judge Wilson told the young man.

A great many people have conscientious scruples against the bearing of arms. Perhaps, in the native-born American, that would come under the heading of freedom of conscience. But when it comes to granting citizenship to alien-born, it is Uncle Sam's job to grant or withhold it, as he sees fit. American citizenship it either an inheritance or a privilege. It is our right to say who shall or shall not come into the brotherhood. It is our country, and we are not so badly in need of new citizens that we must accept them on their own terms.—Abilene News.

WHAT PROHIBITION STOPPED

No one would accuse the Chicago Tribune of being fanatical on the liquor question. Nevertheless, an editorial in that paper under date of July 11, 1917, paints a gripping picture of the evil the American people attacked in passing the prohibition amendment:

"If the secret records of the brewing and distilling industries were ever brought to light, they would tell a story of social and political corruption unequalled in the annals of our history.

"If the vertible narrative of the American saloon were ever written, it would make the decadence of Rome look like an age of pristine beauty in comparison. If these men have not made a practice of committing murder and arson, it is because these crimes did not seem immediately profitable.

"The liquor business has been the faithful ally of every vicious element in American life. It has protected criminals, it has fostered the social evil and it has bribed politicians, juries and legislatures."—Quannah Tribune-Chief.

VACATION TIME IN TEXAS

This season brings with it the vacation period of the Southwest, and under present conditions many feel that they cannot afford the usual trip and rest. There are, however, many substitutes that persons may make for the annual vacation if finances will not permit, and many can have fairly satisfactory vacations near home, or easily within the state.

Don't miss your vacation. If you stay at home, take periodic outdoor picnic suppers, fish and swim all you can, and enjoy the great outdoors with your family and friends. The mental refreshment will be great and at a small cost.

Cotton Farmers Should Demand Cotton Content Bagging For Wrapping Says Knox Farmer

MUNDAY, TEXAS, July—In recent years there has been much agitation in the South for an increase in the consumption of cotton. Doubtless many thousands of bales of the South's principal money crop has been consumed as a result of this agitation, but there still remains a surplus, and with this surplus the cotton farmer is going about his work of producing another crop with the depressed feeling that he will realize but little for his labor and investment, and he is wondering what can be done about it—if anything.

Cotton farmers have faced this situation before and having looked on from the sidelines with hearty approval of the various movements advocated with a view of consuming part of this surplus, but with never an idea that they themselves could do anything that would materially aid in the movement.

But Peter Loran, a Knox county farmer, and member of the executive committee of the Farmers Co-Operation and Educational Union of Texas, has been watching with keen interest the agitation from farmers advocating the use of cotton bagging, but has observed that gins throughout this section continue the use of jute bagging, despite the low price of cotton, and being of a curious turn of mind he began some investigations of his own.

Among other things he found that all-cotton bagging was not practical for the reason that if it were made sufficiently heavy to withstand the rough handling to which cotton is subjected the cost would be prohibitive. However, he has succeeded in finding a bagging made 60 per cent of cotton and 40 per cent jute meets all of the requirements of cotton factors and transportation companies. Every yard of this bagging, which weighs exactly the same as the ordinary jute bagging, contains 12 pounds of spinnable cotton.

The use of this bagging throughout the cotton growing states would consume thousands of bales of surplus cotton. So Mr. Loran went to a number of ginners in his immediate section and insisted that they purchase this cotton-jute bagging, and the Farmers Union Gin of Munday placed an order for 3000 patterns, which order alone will consume more than 40 bales of cotton. This gave Mr. Loran the idea of asking other farmers to insist that their cotton be wrapped in a cotton content wrapping, and that is just what he is doing.

While the cotton-jute bagging offered is just a little higher in price than the jute bagging, Mr. Loran believes that it will be to the interest of the farmers to pay the small additional cost in order to consume the heavy surplus which in turn will stimulate the price of cotton more than the slight additional cost per bale of the wrapping. The cotton-jute product weighs exactly the same as the jute bagging, hence there is no loss in weight. "Farmers," says Mr. Loran,

"have for a number of years watched the various agitations for the use of more cotton without interesting themselves in the movement to any great extent, and it is high time for farmers to take a hand—indeed they can take the lead for this movement than all of the other moves that have been started, and we should awaken to the fact that our own cotton is being wrapped in jute, an imported product, to the discrimination of cotton, and with concerted action on the part of cotton farmers several thousands of bales of this surplus cotton can be consumed in manufacturing bagging for this year's crop.

"Farmers, bankers, civic clubs, oil mills, ginners and others of the South interested in the welfare of the country have shown a sincere interest in this new cotton bagging, and farmers are urged to demand it of their ginners," says Mr. Loran.

In advocating the use of this cotton-jute bagging Mr. Loran has the support of the Farmers Union of Texas, of which he is an active member, being a member of the executive committee of the state organization. He has been farming in Knox county for more than forty years and is of the opinion that it is time for farmers to demand something that will help in consuming the great surplus of cotton which is pointed out as the primary cause for existing low prices.

Mr. Loran plans to make an extensive trip over West Texas to advocate the use of this cotton-jute bagging, and will be glad to answer all questions pertaining to its use. His address is Peter Loran, Route 3, Munday, Texas.

DONLEY COUNTY REGISTERS LOSS IN MARRIAGES IN 1930

According to a report sent to The News from Washington Donley county boasts of only 28 marriages in the year of 1930. This small number of marriages was reduced from 107 the previous year. The divorces in the county also took the count with only 8 couples against 12 in 1929 securing separations in Donley county.

There were 45,158 marriages performed in Texas during the year 1930, as compared with 63,173 in 1929, representing a decrease of 18,015 or 28.5 per cent. This decrease is due in part to a change in the marriage laws, effective June 12, 1929, requiring three days notice to be given before the issuance of a marriage license. In 1922, there were 61,730 marriages performed.

During the year 1930, there were 16,682 divorces granted in the state, as compared with 18,383 in 1929, representing a decrease of 1,701 or 9.3 per cent. In 1922, there were 12,527 divorces granted. There were 110 marriages annulled in 1930, as compared with 167 in 1929.

The estimated population of the state of Texas on July 1, 1930, was 5,853,000, and on July 1, 1929

5,739,723. On the basis of these estimates, the number of marriages per 1,000 of the population was 7.7 in 1930, as against 11.0 in 1929; and the number of divorces per 1,000 of the population was 7.7 in 1930, as against 3.20 in 1929. The number of marriages was furnished by the County Clerk and the number of divorces by the Clerk of the District Court, of each county.

A SOLO EXPLORATION

A Scotchman, Dugald Campbell, who has faced death many times in exploration of the Dark Continent, will attempt to penetrate the unknown deserts and backlands of Northern Africa. Alone and unarmed, Mr. Campbell will leave shortly with a caravan of 12 camels given him by friends in this country and in Scotland. His itinerary includes the land of the veiled Tuaregs and the Senussi. He expects to be gone for approximately three years.

Cunningham, Sr., of Enid, Oklahoma had passed away in the early hours of Sunday morning they left for Enid Sunday afternoon. Mr. and Mrs. Morgan and children were callers in the home of Mr. and Mrs. W. H. Clay Sunday afternoon. Mr. and Mrs. Less Hawkins of Hedley were visiting in the home of Mr. and Mrs. W. O. Hill Sunday. Mr. and Mrs. Marvin Capps and son spent Saturday night in the home of Mr. and Mrs. McDaniel. Mrs. C. P. Cunningham was a caller in the W. O. Hill home Thursday afternoon and stayed until Friday afternoon. Callers in the DeGroff home Sunday afternoon were Mr. and Mrs. Marvin Capps ad son, Mr. and Mrs. W. D. McDaniel and children and Mr. and Mrs. H. M. Noll and children. Mr. and Mrs. Homer Lee were visiting in Hedley Saturday. Misses Ethel and Floy Bell are visiting relatives at Herford this week. Mrs. W. H. Clay and children and Mrs. Roy Bardine and children were callers in the home of Mr. and Mrs. Martin Banister Tuesday afternoon.

Mr. and Mrs. L. M. Spier and children spent Sunday in the home of Mr. and Mrs. Loyd Basley.

J. C. Hill and L. M. Spier went to Claude Monday after a load of wheat, some for hog feed and some to be planted just as soon as that long delayed rain comes.

W. H. Clay was a business visitor in McKnight Tuesday. Mr. and Mrs. G. Beck of McLean were callers in the home of Mr. and Mrs. W. O. Hill Thursday afternoon. Mrs. E. P. Rowe and children and Mrs. Earl Balew and children of Amarillo spent the week end in the home of Mr. and Mrs. Louie Spier.

HUDDINS

There was a very good crowd present at Singing Sunday night and some old time singing was enjoyed. Mr. and Mrs. Whitt and daughter of Pleasant Valley attended Singing at Huddins Sunday night Miss Loyey will be one of the teachers at Huddins this term. We are sorry to report Mr. Bevers as being seriously sick, at last report he was very low, not expected to live. We hope he is better by now. Several of the men folks are very busy working on the teacherage getting it ready for school to start, they are annexing two more rooms to it making a four room. We suppose the school will start the 3rd of August. Mrs. L. M. Putman helped Mrs. M. L. Putman of Lelia Lake can be part of last week. O. L. Jacobs attended church at Windy Valley Sunday evening. Those taking dinner in the E. M. Christie home Thursday were Mrs. Miller of McLean, Mrs. Lewis and two daughters of Hartshorn, Oklahoma, Cecil Hurd Wilbarton, Oklahoma, Mrs. Thut of LeFors, Mrs. Meadow and son of McLean, Mrs. Willie Miller and daughters of Clarendon. Miss Cowen who has been visiting her brother and family returned to her home at Estelline Sunday. Mr. Woods visited and transacted business at Memphis Saturday night. Those visiting in the J. C. Perdue home Sunday were Mr. and Mrs. D. B. Perdue and Miss Connie Perdue, Mr. and Mrs. Van Roy and family of Windy Valley. Mr. and Mrs. L. C. Tims and children Mr. and Mrs. Ralls and family of Canyon, Mr. and Mrs. Joe Davis of Clarendon. J. C. Perdue returned home with his aunt, Mrs. Ralls at Canyon and will also visit his uncle

Tom Perdue and family at Herford while gone.

CARD OF THANKS

We appreciate very much the many expressions of love and sympathy that were tendered us by our friends during our late bereavement. We thank you for the beautiful floral offerings and every act of kindness. May out Heavenly Father abundantly bless and keep each and every one of you. Mrs. W. R. Silvey, Mrs. J. B. Marten, Mrs. P. K. Matthews, J. K. Gwynn Silvey and Mrs. W. B. Sims.

SUNDAY SCHOOL CLASS BREAKFAST AND SWIM

Tuesday morning at the Country Club a swim and breakfast was enjoyed by the Business Women's Class of the Baptist S. S., honoring Miss Iris Leonard, who has recently taken her membership in the class and in the church. Those who enjoyed this fellowship in the beautiful out-of-doors were the honoree, Miss Iris Leonard, Misses Fay Barnhart, Sara Thompson, Willie Davis, Anna Moores, Naomi Allison, Margaret Goldston, Agatha Taylor, Ruth Thompson, Mesdames Frank Simmons, of Borger, Lorene Bartee, L. J. Goldston, hostess, and W. C. Stewart, teacher of the class. The beauty of the club grounds was extended to the class through the courtesy of Mr. and Mrs. O. C. Watson, and Mr. and Mrs. L. J. Goldston.

REV. INGRAM CONCLUDES REVIVAL AT GOODNIGHT

Rev. C. B. Ingram dropped into the News Office the fore part of the week and reported a fine meeting he had just ended at Goodnight last Friday. Twelve conversions were had in the week's revival with a world of good done outside the church. Twenty-one persons were united with the Lord thus far in July which brings the total since January to 217 for the venerable old disciple and a total of 257 for the period since conference. It is doubtful if there is any pre-

Dr. J. G. Sherman DENTIST Room 5 Goldston Bldg Res. Phone 251 Office Phone 43

acher anywhere who can boast of such a splendid record. May Rev. Ingram's work in the future be crowned with the same degree of success. C. W. Smith, a laborer of St. Louis, told the magistrate he had forgotten he had a wife when he was arraigned on a charge of desertion.

E. T. Pope returned to this city last Friday evening from a short fishing and vacation trip in Colorado. He reports good fishing with plenty of hot weather and lot of deer flies and mosquitoes. Mr. and Mrs. H. K. Edwards and family of Crowell visited in the R. H. Alexander home over the past Sunday.

IN SOCIETY

Friendship Club

Mrs. A. T. Miller was the charming hostess of the members of the Friendship club Tuesday afternoon in her home in the west part of town. After reading of the minutes of the previous meeting, the members championed by Mr. Miller engaged the time in playing dominoes and conversation. At the close of the social hour the hostess served delicious refreshments to the following members: Mrs. C. R. Skinner, J. E. Mongole, M. T. Crabtree, J. S. Allison, C. Ballew, J. W. Rowland, H. Tyree, G. D. Stocking, J. H. Harris, G. J. Teel, M. E. Thornton. The next meeting of the club will be held in the home of Mrs. M. E. Thornton Tuesday, August 11.

Missionary Women Entertain Husbands

Women of the Missionary society were hostess to their husbands and friends Wednesday evening at the Country Club with a moonlight supper, a number of children and "grown ups" enjoyed a swim before supper was announced. This is an annual affair of the Missionary society and is always looked forward to with pleasure.

Bill Wood Is Host

Wednesday evening at the home of Bill Wood in the west part of town was the scene of much merriment, when a number of young people gathered for the evening to play bridge and dance. Punch and cake was served to the following: Misses Helen Rodgers, Mary Francis Caraway, Ruth Nichols, Roberta L'Fon, Lucille Andis, Lois Wallace, Pauline Shelton, Eunice Johnson, Jonnie D. Latson, Mozell Beaman of Gainsville, Texas. Steve Green, Bill Rutherford, Billie Skelton of Groom, Rhodin Chase, Sam Cauthen, Tony Watson, Joe Noble.

Win-One S. S. Class Picnics Monday

The Country club is a favorite spot these delightful moonlight evenings, where Sunday school classes, clubs and individuals take advantage of its beauty. On Monday evening the Win One Sunday School Class of the Methodist church together with invited guests enjoyed a picnic party. The ladies left town at six o'clock and a large number enjoyed swimming before the evening meal. After supper visiting was enjoyed until bed time. Every one expressed the desire to go again soon.

League Has Outing

Saturday evening the Clarendon Epworth League entertained the visitors of the District with a picnic supper out on Salt Fork river. A bountiful supper was served to about fifty guests, after which games were played until a late hour.

PARCEL POST LIMIT RAISED AUGUST FIRST

Postmaster C. H. Bugbee announces that the Parcel Post limits are to be raised August first, from the present limit of combined length and girth of 84 inches to a limit of 100 inches on these two measurements. In addition to the raising to 70 pounds, much larger packages will be carried than and it is expected that the increase in parcels mailed will be quite large. The minimum charge on a package of the above named size will be the same as that charged for a parcel weighing 10 pounds, the zone applying on a package of that weight.

GENERAL MOTOR'S PLANS FOR 1933 WORLD'S FAIR

DETROIT, Michigan—Signing of contracts authorizing the erection of a special building at a construction cost of close to \$1,000,000, to be devoted exclusively to the display of General Motors products at Chicago's International Exposition in 1933, is announced by W. S. Knudsen, president and general manager of the Chevrolet Motor Company. Albert Kahn, architect, is now drawing up plans for the structure, which will have 100,000 square feet of display space and will be strategically located on the lake shore opposite 31st street, one of the main entrances to the Exposition grounds, in the transportation center. A complete automobile assembly line in constant operation is one of the attractions planned for the new structure, in which also will contain the complete lines of General Motors products, Mr. Knudsen said. This corporation is the first industrial concern to contract for the erection of a special display building on the Exposition grounds, officials said. Mr. Knudsen heads a committee of General Motors executives who will have charge of the project.

Mr. and Mrs. G. G. Kemp, Miss Elizabeth Kemp and Miss Carroll Holder returned Sunday evening from a week's trip to Denver, Colorado.

WHITLOCKS RETURN FROM LONG TRIP TO WASHINGTON

Mr. and Mrs. Frank Whitlock and sons, Lawrence and Price, accompanied by Miss Weta Haley returned to their home Monday evening from a delightful vacation trip across the Rockies to Yakima, Washington, and other points of interest. The parties made the trip overland adding much to the pleasure of the trip by the northern route through New Mexico, Colorado, Wyoming, Utah, Idaho and Oregon. The return trip was made along the southern route through Oregon, California, Arizona and New Mexico.

A brief account of the trip was related to The News by Miss Haley and is found below. "We left Clarendon at 4 o'clock Sunday morning and drove 171 miles to Perico, Texas, where we had breakfast. The noon hour was spent in Raton, New Mexico, and the afternoon was spent in the beautiful scenic drive to Colorado Springs. Leaving Colorado Springs the following day at 5:30 o'clock we drove to Denver where we visited the State capital. Our second visit to a State capital was made the same day when we stopped at Cheyenne after which we drove to Rock Springs, Wyoming, where we spent the second night on the road.

"The morning following we enjoyed the marvelous drive through Devils Slide in Utah and lunched at Ogden where we viewed the first large fruit orchard, Hot Springs, Idaho, was the resting point for the third day. On the fourth day we journeyed through Idaho and Oregon before reaching Washington. In Idaho thousands of fine truck farms irrigated by the famous Thousand Falls bordered the old Oregon Trail for many miles into Boise. We entered the state of Washington via a ferry boat across the Columbia river. Arriving at Yakima, Washington, at 11:30 that night we visited in the home of Mr. and Mrs. George Garrison. Mrs. Garrison was before her marriage Miss Lucille Whitlock, daughter of Mr. and Mrs. Frank Whitlock.

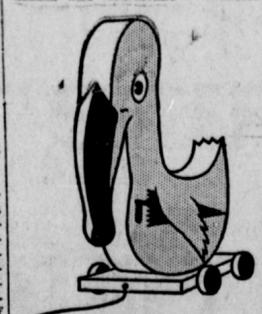

"One of the most interesting experiences we encountered was our first drive through a tunnel that was in Washington and we drove through four others on the return trip through Oregon. The Cascade mountains were crossed through Oregon. We passed through Portland and Salem, viewing the Vista House at Crown Point on the wonderful Columbia River Highway, Horse Tail Falls, Mount Hood the perpetually snow capped mountain whose peak is 11,225 feet high, and the Multnomah Falls some 620 feet high. Among the other interesting sights was a forest fire in Oregon, wild deer and the beautiful sun set on the Pacific Ocean just out from Crescent City. We drove through Red Wood Forest and Sacramento, but the little town of Needles on the Colorado looked awfully good to us after driving 168 miles of desert country.

"As stated, Frank arrived home Monday evening after a delightful vacation which carried the party some 4,727 miles."

LOCAL MEN ATTEND SERVICE MEET MONDAY EVE.

Local service and repair men of the Clarendon Motor Company were in Wellington Monday evening attending a meeting of their groups. The Chevrolet people called the meeting and the members of the force attending from this city are: G. G. Kemp, Ernest Kent, J. D. Mitchell and Bob Carr.

Henry Ellis and Mrs. Dorr Ellis and son spent the past week-end here in the home of Mr. and Mrs. J. F. Blocker.

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

LION PRESIDENT HARD AT WORK

LIONS INTERNATIONAL OPPOSES ASSISTANCE AND AID TO SOVIET RUSSIA

TORONTO, Ont.—Julien Hyer of Fort Worth, Texas, the new president of Lions International is in Chicago this week formulating and working out the details of policies adopted by the board of directors at their meeting in Toronto. One change occurred in the International Constitution and By-Laws, permitting one active member on the Board of Directors from any country with forty-five or more clubs in that country. As a result of the amendment, Jack Connell of Toronto, Canada, was voted on the Board to represent Canada in the International Association.

The Lions International convention at Toronto, Canada, July 13-18 proved to be the largest and most eventful in the history of Lionism. The approximate 10,000 Lions in attendance failed to follow the typical of complete pacifism typical of the present day service club, but adopted a platform of active economic resistance to the methods and policies of Soviet Russia. The resolution passed by the convention is as follows:

"Be it resolved that the delegates of this Convention go on record as being opposed to the practice of any of the citizens from the countries represented in this association lending their aid and assistance to the communistic and soviet policies of Russia." The resolution was in part prompted by the brilliant address of Colonel Alvin H. Owsley, of Dallas, Texas, Past Commander of the American Legion, in which he lamented the fact that American industrial specialists and engineers were selling themselves to Soviet Russia and making it possible for the country to compete with us through our own methods and the added advantage of conscript labor.

Superintendent and Mrs. H. T. Burton and Miss Nelda Sue returned to their home last Monday evening after an absence of some weeks in Decatur, where they visited the parents of both. Mr. Burton reports a bountiful crop of canteloupes with lots of work being done to get them harvested and shipped. While in Decatur, Miss Nelda Sue happened to an accident and broke one of her wrists, but is reported to be improving nicely.

Rev. B. N. Shepherd left Monday for a two weeks vacation in the mountains of New Mexico. He accompanied Mr. R. E. Kay and M. D. Shepherd, his nephew, from Tahoka. Mr. Key and M. D. have been visiting in the Shepherd home the past ten days.

MARY HAZEL HURN WRITES INTERESTING LETTER HOME

The latest news from Miss Hazel Hurn, who is traveling this summer in European countries, was received last Saturday morning by her parents. The letter was written from Rome, Italy, and was very interesting, telling of the sights there and of the many interesting places visited. The letter also stated that she was planning to sail for home about August 6th and that she would land in New York City and would return overland to her home here.

LOCALS

Mrs. Lloyd McWhorter and daughter from San Bernardino, California left today for their home after a visit of some length here with friends.

Mrs. George T. Cope and son of Fort Worth are here for a visit in the home of her sister, Mrs. J. H. Headrick.

Bob Manley of Post spent Sunday here in the home of Mrs. J. P. Manley.

Lena Manley of Post, Texas is here for a visit in the home of Mrs. J. P. Manley and other relatives.

Mr. and Mrs. Bill Psalms and children from Pampa visited in the home of Mr. and Mrs. T. M. Pyle over Sunday.

Mr. and Mrs. Cliff Ingram of Los Angeles, California, arrived last week for a visit with Rev. C. B. Ingram and family and Mrs. Ingram's brothers, Charlie and Edd Speed.

Mr. and Mrs. Frank Harrison of Amarillo visited the first of the week with Mrs. Harrison's parents, Mr. and Mrs. W. H. Youngblood.

Mr. and Mrs. H. L. Brady and family left last week for Carlsbad to visit the cavern, they returned Tuesday.

Miss Nora Cook of Wellington is a guest of Mrs. Katherine Starks this week.

Mrs. C. H. Dean is visiting her parents, Mr. and Mrs. C. M. Lane.

Mrs. Luke and son, Donald are here for a visit in the home of Mr. and Mrs. F. G. Patching. Mrs. Luke is a sister to Mr. Patching.

Mr. and Mrs. John Harris and son of McLean spent the past week end here visiting in the F. G. Patching home.

Mr. and Mrs. Tom Slover and baby from Paducah were visitors in the home of Mr. and Mrs. F. G. Patching on Monday of this week.

TWO TYPES OF DAIRYING DISCUSSED BY SPEAKER

College Station, Texas, July—It is a matter of importance to those interested in the subject of profit in dairying to recognize the fact that there are two types of dairying, Prof. Charles N. Shephardson, head of the dairy husbandry department, Texas A. & M. College, advised members of the livestock group at the Farmers Short Course here Tuesday.

One type is found on the commercial dairy farm where dairying is the major enterprise and milk is sold for retail trade. The man selling on this market usually receives a price for his milk sufficiently high to justify practices, such as purchase of a large part of his feed, hiring of labor to operate the dairy and the like, that would not pay on the average dairy farm.

The other type of dairying, the speaker went on to point out, is what might be described as farm dairying where the dairy herd is only one of a number of enterprises in a well balanced farm program. The farmer engaging in such dairying usually sells his milk for manufacturing purposes at a much lower scale than does the straight commercial dairyman.

For the man who engages in the second or farm dairying type, the cow has an entirely different function than for the commercial dairy operator. Basically he is a farmer and his income must come from the products of the soil and the utilization of his own labor. To maintain the productivity of his soil, he must give constant attention to fertility. The function of the dairy cow in this case is to fill these requirements. She acts as a home market for much of the farm produce. She affords her owner profitable employment for his labor and she is a constant source of fertilizer for soil building.

Odos Caraway, Miss Julia Mae Caraway and Mrs. Meade Hale were in Amarillo Monday of this week attending to business matters.

FATHER OF LON RUNDLELL DIED IN WACO ON SUNDAY

Friends if Lon Rundell of this city will be grieved to learn of the death of his father, T. S. Rundell, at the Baptist Sanitarium in Waco last Sunday evening. Mr. Rundell had been in the sanitarium for treatment for some time and underwent an operation Sunday, from which he never recovered. Mr. Rundell was 76 years of age at the time of his death and was the first of his family to pass to the life on the other side. Eight children and Mrs. Rundell are left to mourn his passing. Burial was had the early part of this week at Walnut Springs, Texas, the home of Mr. and Mrs. Rundell for a number of years. Mrs. Lon Rundell, who had been to Waco for a visit returned to her home here Monday.

Responding to an alarm, firemen of Los Angeles were surprised by the following signs displayed in a store window of the burning building, "Fire Sale! Entire stock of Damaged Goods Must Go!"

CHURCHES

SENIOR B. Y. P. U.

Subject—The Highest Expression of Christian Living.

1. Introduction, Carroll Holtzclaw.
2. Just an ordinary Christian, Leona Merritt.

(Robert S. McKee, Pastor.)
Sunday School, 9:45 A. M.
There will be no preaching Services Sunday, due to the pastor's absence.

Miss Verna Latson who has been working for General Motors of Amarillo is home for this week.

PISTOL VICTIM DIES WEDNESDAY

MURDER COMPLAINTS FILED LAST NIGHT; BOTH MAKE BOND OF \$5,000

Bill Elston, 24, victim of Sunday night's mystery shooting at Jack Hall's ranch is dead. Never fully conscious from the time a bullet crashed through his head, the patient died at 1:30 o'clock Wednesday afternoon in Northwest Texas hospital. A few hours later a joint complaint of murder against Sid Harper and E. R. Murr, motorcycle policemen who were attempting to arrest the youth at the time of a fatal shot, was signed by District Attorney Edw. W. Thomerson.

The charge was filed at 9:25 P. M. in Justice Judge J. W. Minter's court and served 10 minutes later as the two were on duty. Chief of Police W. R. McDowell took the two officers to the County jail where they were locked up at 9:45 by Sheriff Bill Thompson after they had surrendered their pistols and badges to Chief McDowell. They were automatically suspended from service.—Amarillo News.

CHANGE IN DATE

The Presbyterian Ladies Ice Cream Supper has been changed from this evening at 7:30 to the evening of Saturday, August 1. The hour will remain the same; 7:30 p. m. and the place will not be changed from Mrs. Glascoe's. The change was made due to the fact that no conflict will be had with the Camp Fire Council held this evening at the Girls camp, Please bear in mind and be on hand to eat your full share of the ice cream sold at that time.

EIGHT MIRACULOUSLY ESCAPED INJURY IN MISHAP

Last Thursday evening about dusk eight local boys in a stripped down Ford car narrowly escaped serious injury when their car turned turtle on the race track at the College Park after hitting a drain ditch on the east curve. The boys were making an average speed when the auto became uncontrollable and scattered the boys along the track and pinning Snooks Andis under the wreckage. All of the boys revived quickly after the smash and extricated Andis from under the car. As Andis started to help the others he fainted and failed to regain consciousness until about 10:30 o'clock Thursday night. O. C. Watson, Jr. was persistently sustaining severe scratches on the head, arms and legs.

Those in the wreck included Phil Couch, Robert Green, A. G. Lane, Loyd Benson, Marshall Butler, O. C. Watson, Jr., Snooks Andis and Junior Roberts. All the boys are up and are rapidly recovering from their crash, however the victims are not looking for any such thrills in the near future.

J. E. TEER APPOINTED LIONS SEC. TREASURER

J. Eddie Teer, manager of the Wm. Cameron Lumber Co. of this city, was appointed Monday of this week to the office of Secretary-Treasurer of District "T" Texas Lions. The appointment came from the office of District Governor Sam M. Braswell and Mr. Teer's appointment was made after the record of the Lions in the district were checked. The office to be held by Mr. Teer is a newly created one, made necessary by the tremendous expansion of the Lions clubs in Texas in the past few years. The entire state organization was until this year under the guidance of a single State Secretary-Treasurer, Hon. S. A. Stewart of Dallas. The development was such that at the State Lions convention this year at Port Arthur it was voted to have a district secretary appointed by each of the five District Governors to serve in that capacity in their respective districts.

Mr. Teer has been a popular and valuable member of the Clarendon Lions Club for the past three years and is at the present time third Vice-President of the local organization.

Miss Verna Latson who has been working for General Motors of Amarillo is home for this week.

SPORTS

CLARENDON NINE NOSES OUT WELLINGTON IN FAST GAME

Yesterday afternoon on the local diamond the Clarendon baseball club handed the fast stepping Wellington aggregation a 7 to 6 defeat after fighting an uphill fight throughout the game. The visitors hopped off to a lead in the first few innings running their margin up to five to one at the fifth inning, due largely to misdeeds by Fitzgerald, local gardener. The Clarendon team began coming to life and entered the ninth inning with the score 6 to 5 against them, following a two run rally in the eighth which failed to tie the score. In the ninth Schull first up fled to center and then the bombardment started. Stephenson who had pitched a beautiful game for the homelegs collected his second double of the game. Stephenson advanced to third and Fitzgerald was safe at first when the pitcher failed to handle his slow grounder clean. Fitzgerald pilfered second placing the tying and winning runs in scoring position. McCrary walked filling the bases with one out. Ernest Fitzgerald hit a perfect double play ball to the second baseman who muffed it and then threw wild to first permitting the winning run to cross the plate.

FORMER CLARENDON BOY WILL COACH AT POST HIGH

Below is a clipping from the morning's papers which tells of the election of Walter Mark "Ox" Emmons to the coaching position at Post High School this coming year. Emmons will be remembered by his many friends here as one of the best athletes ever in Clarendon High. He lettered in football at A. & M. last year from which institution he graduated. The Clipping: "Ox" Emmons, Plainview, graduate of Texas A. & M. College, will direct athletic work at Post High School the coming year. I. R. Witt, superintendent of schools, announced. He succeeds Kenneth Hemphill of Littlefield, former Tech student, who resigned recently after election to attend the University of Texas.

A CORRECTION

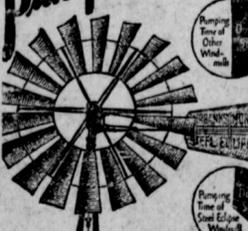

The News has made errors and then some more errors, but it is seldom that a flock of these come through as was the case this past week. An announcement was made concerning an Ice Cream Supper that was to have been held this evening. In the announcement, the hour for the beginning of the social and the place for the same were incorrectly stated. All the other parts were in error. In the first place the Presbyterian Ladies are holding the social—not the Episcopal Auxiliary. Next, the date was July 30th instead of July 23rd. The News wants to extend regrets at such a display of errors, and also wishes to ask that as many of the readers attend this event this evening as possible.

SHEEP MAKE UP LIONS SHARE OF TEXAS SHIPMENTS

AUSTIN, Texas, July—Sheep provided the biggest share of live stock shipments from Texas during the first six months of 1931, according to the University of Texas Bureau of Business Research. Forwardings of all classes of live stock in Texas during June amounted to 34 per cent more than during June of last year.

"Large shipments occurred among all classes of live stock, with sheep increasing 92 per cent, cattle 37 per cent, calves 13 per cent, and hogs, 13 per cent," the Bureau's report said. "For the first six months of the year, however, total shipments were 8.5 per cent less than for the like period of 1930. During the first half of the year, hog shipments declined 48 per cent, cattle 16 per cent and calves 1.4 per cent. On the other hand, shipments of sheep amounted to 197 per cent more during the corresponding six months of last year.

"Compared with May, June shipments of sheep declined 66 per cent, cattle 37 per cent,

WHITE COLLAR JOBS

Boys should be taught to think less of fitting themselves for "white collar" jobs, says Prof. F. G. Nichols of Harvard, who points out the greater opportunities for promotion in industry than in clerical pursuits.

The young man who starts at the bottom in a factory often soon distances one who begins, say, as a bookkeeper. The idea is that while the clerk or bookkeeper may have a white collar job from the very first, the ambitious and intelligent industrial worker has a better chance to raise to an executive position, so that when he does reach the top of the ladder it means something worth while.

Advice along a similar line is given by President Thatcher of the Massachusetts Agricultural College, who defends vocational schools against the reproach

sometimes leveled against them by the classical student. He says that "the idea is erroneous that vocational schools are undignified because they work with materials near at hand and not with a knowledge of things that are ancient and far off."

Literally, however, the proportion of white collar jobs is constantly increasing. With the continual advent of new machines for doing the "dirty work" for the world, the time may come when everyone may have a white collar job.

Mr. and Mrs. H. T. Burton returned from their vacation trip Monday to Decatur and other places in that part of the State.

Dr. and Mrs. Clyde Spencer of Amarillo were guests of Mr. and Mrs. W. T. Hayter over the week end.

Reduce the Acid

SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated.

Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians in correcting excess acids.

SPORTS SLANTS

By Sam Braswell, Jr.

Well, customers, how did you like your vacation last week from the cross-fire of SPORTS-SLANTS? Anyway, in spite of all your objections we are back again as usual with nothing to say and a lot of room to say it in. I apologise though for being delinquent last week, but you'll have to admit that it ain't every day that you get a chance to be a proud papa for the first time, and who wants to rake the old beezor for something to write about when you are watching the future Broncho and U. of T. gridiron star call his first set of signals.

The girls attending the Camp Fire Girls encampment this week at their new camp site are sure having a great time. We were out there a little while the fore part of the week and was surprised at the splendid location and convenience of the girls' camp. The camp tents are nestled beneath great cottonwood shade trees with a charming little brook running through the camp fed from fine fresh water springs of where the cool sparkling water bubbles from the ground. The springs are located convenient to all the tents and adds much to the picturesqueness of the out-door camp. Upon a higher level is the new mess hall, a permanent structure of pleasing appearance. It is a real honest-to-goodness out-door camp with the hills, trees, shade and everything to make the girls enjoy themselves to the utmost. Visitors are welcomed to the girls and their guardians, and we believe everyone would receive a new insight into the girls work if a few minutes or an hour or so would be spent at the camp.

The new crew of officers for the Hillcroft Golf Club have certainly started off with a popular move in the installation of a new surface sand for the local greens. The new putting sand is being brought in from the Smelter at Amarillo, and will present a uniform surface on all of the greens. It is the same sand which is in use on the Hillcrest course at Amarillo making them of the best in the country.

This inter-city play that has been going on for the last three weeks is a fine thing and shows that the caliber of tennis played in Clarendon is as good and even better than that played in most of the other towns of the state of this village. Two matches have been played with the Memphis racket welders and have resulted in the honors being split. On the local courts three weeks ago the locals were handed a kicking, but down at Memphis the Clarendon players turned the tables on the Memphians in the return engagement. This Sunday the locals will match volleys, lobs and smashes with the players from either Claude or Memphis on the courts at the College. Thomas Clayton, James Smith and Benton Smith are the players who have represented Clarendon in the previous matches. They are all fine players and will give any team a run for their money. Tennis is an interesting game and one will get a big kick out of witnessing the matches.

The winning streak now enjoyed by the Clarendon golfers will try to be increased by another match next Sunday when the Hillcrofters will journey to Shamrock where battle will be done with the Cole Creek par shooters. To defeat the Shamrock club is a hard job with everything in your advantage, but when the play is over their own course the task is doubly hard. The Clarendon players found that out last year when only four matches out of a large number were won by the locals. The Shamrock golfers are of the best sportsmen in the game and always treat their guests most royally before they set out to give them a good trouncing on their attractive and sporty course. In Holmes and Staggs anybody's two aces will have the struggle of their lives. It'll be a great match.

12 Football Games On Fair Schedule

State Fair Has Interesting Schedule For Football Fans

Dallas, July—Football at the State Fair this year promises to be a real feature, with four intercollegiate games and eight red-hot interscholastic games now scheduled. With 42,000 seats in the new \$300,000 stadium completed last year, and which is now the biggest stadium in the entire South, there will be ample and suitable accommodations for everybody at Dallas.

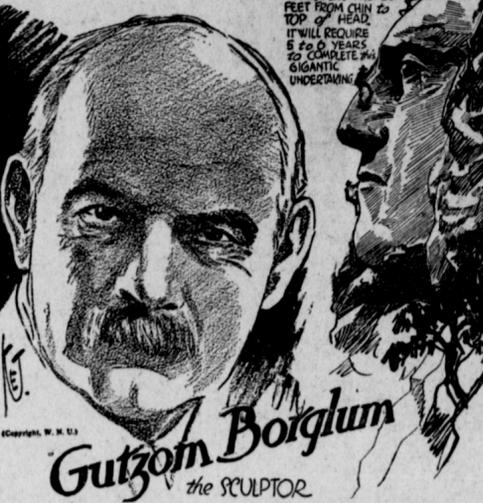

Another important innovation, introduced with splendid success last year, is night football. Six of the games scheduled will be played at night by a \$10,000 lighting system. Last year, night football proved remarkably popular with thousands of State Fair visitors and now, that this feature is better known, officials of the Fair are anticipating record-breaking crowds for every game. Following is the schedule of the games:

- Saturday, Oct. 10: 2:30 p. m.—Texas A. & M. vs. Iowa State
- 8:30 p. m.—Dallas Tech. vs. Woodrow Wilson
- Tuesday, Oct. 13: 2:30 p. m.—Forrest High vs. Oak Cliff High
- 8:00 p. m.—Texas Tech vs. Haskell Indians
- Friday, Oct. 16: 8:00 p. m.—Terrill School vs. Bracone Indians
- Saturday, Oct. 17: 2:30 p. m.—Texas U. vs. Oklahoma U.
- 8:00 p. m.—Sunset High vs. Woodrow Wilson
- Monday, Oct. 19: 2:30 p. m.—Wiley College (Negro) vs. Prairie View
- Friday, Oct. 23: 2:30 p. m.—Terrill School vs. Texas Tech (Freshmen)
- 8:00 p. m.—North Dallas High vs. Oak Cliff High
- Saturday, Oct. 24: 2:30 p. m.—S. M. U. vs. Centenary College
- 8:00 p. m.—Forrest High vs. Dallas Tech.

TOPNOTCHERS by KET

Carving A Mountain Into A Monument

MOUNT RUSHMORE in the BLACK HILLS of SOUTH DAKOTA is slowly emerging into the largest and most imposing piece of sculpture ever attempted by man. When completed there will be four figures each 450 feet tall, 100 feet across the shoulders and 60 feet from chin to top of head. It will require 5 to 6 years to complete this gigantic undertaking.

Gutzon Borglum the SCULPTOR

POLITICS AND PERSONALITIES

The next Congress will include some of the queerest assortments of state delegations in the Senate that have ever been witnessed.

From Ohio we will have the garrulous, nervous Simon Fess and retiring, serene Robert Bulkley. Colorado sends us Charles Waterman, Republican reactionary, and Edward P. Costigan, Progressive Democrat. Louisiana has replaced sedate Mr. Ransdell with flamboyant Huey P. Long, who is a contrast also to his unobtrusive colleague, Senator Broussard. Cordell Hull of Tennessee, scholarly and meticulous of speech, will represent the same electorate as does Kenneth McKellar who is sometimes hot-tempered and very often rash in his utterances.

In addition, there will be the anomalies that have existed for some time. Pennsylvania's two Senators, elegant, lugubrious David Reed and booming, beaming "Puddler Jim" Davis constitute the most amusing contrast in officialdom. It is impossible even to compare flaming Hiram Johnson, California's senior Senator, with the junior Senator, "Solemn Sam" Shortridge. Borah has so far overshadowed his colleague, John Thomas, that there actually are few people who can recall the latter's name.

New Hampshire's George Moses, whose acid tongue evokes hate, fear and admiration, has little in common with Henry Keyes, a quiet and obedient person. From New York we have Royal D. Copeland, whose frequent, declamatory tirades are

an antithesis to Robert Wagner's more occasional and much more meaty speeches.

CRIME IS ORGANIZED

From investigations by the National Crime Commission, it has been disclosed that a highly organized system of "fences," as receivers and disposers of stolen goods are called, handle more than \$500,000,000 worth of loot each year.

Newton D. Baker, former Secretary of War, declares that the lone burglar is now a rarity, and that well organized gangs are plying their thieving trade along efficient business lines. In order to do this they must have definite outlets for the property stolen. If these could be eliminated, Mr. Baker believes that the total thefts would be largely reduced. While police and other officers of the law are aware of this condition, and generally do what they can to break up these "fences," there is need for greater cooperation on the part of the public in keeping a lookout for places of this character and promptly reporting them to the authorities.

Losses suffered by the public from thefts, burglary and robbery almost equal the destruction by fire. If these losses are to be lessened there must be increased vigilance on the part of all citizens and a greater determination to aid in putting criminal gangs out of business.

A 12 inch steel file was discovered in the stomach of a 20-inch catfish which was caught off the Massachusetts coast, near Boston.

In protest against late "lighting up" hours, hundreds of residents made oil lamps out of jars and tied them to the city lamp post in Sudbury, Eng.

Local Golfers To Play Shamrock Sun.

As many of the members of the Hillcroft golf club as possible are requested to make their plans to go to Shamrock this Sunday where an inter-city golf match will be had with the members of the Cole Creek Golf club on the latter's course. It is hoped that as many will make the trip to Shamrock Sunday as there were the Sunday before last when some thirty or more locals made the trip to Wellington.

The last match between the golf teams of Clarendon and Shamrock resulted in an overwhelming victory for the Cole Creek players, Clarendon winning only four matches out of about 12 played. That defeat of the Hillcrofters was handed them on the same course which will witness the battle Sunday. A victory is expected for the local par shooters over the Shamrock crew however the matches promise to be real battles with a fine time anticipated by all. The festivities of the day will begin with a delicious dinner served the Clarendon delegation at noon.

GUARD CHILD'S VACATION

Vacation time is a happy time, but it is also fraught with danger especially for children, unless certain simple and common sense precautions are taken for the safeguarding of health. An excellent list of summer suggestions is by the children's bureau of the United States Department of Labor, all of which might well be heeded by parents about to leave on summer vacations with their children.

"Be sure," cautions the department, "that you spend your vacation in a house that is clean and well screened, and that the milk and water are safe. Do not let the children drink water from the roadside springs. See that your child drinks three or four glasses of cool, unflavored water daily. Fresh-fruit orangeade and lemonade and tomato juice may be given also in moderation, but tea and coffee and some bottle drinks containing a stimulant which children should not have. "Use no raw milk. If pasteurized milk is unobtainable, boil the raw milk. Do not buy food for children from street carts or from counters where it has been exposed to dirt, dust and flies. Give the children plenty of fresh, green, leafy vegetables and ripe fresh fruits. Every child should be outdoors five to six hours daily, except on rainy or very windy days."

When one considers that one of the delights of a vacation lies in

the psychological reaction of letting down the bars, it is only human that the change from the daily routine of living may also result in the individual failing to note some of the change. It is a good thing for the welfare of a community or a nation that there are impersonal forces like the children's bureau on the job to check up on the possibilities of human error, even during care-free vacation time.

HOME PRODUCTION STRESSED AT FARMER'S COURSE

College Station, Texas, July—Just four pigs, dressing 170 pounds each, will give a farm family 650 pounds of bacon, ham, pork loin, spare ribs, sausage and lard worth approximately \$190, an amount of food that would require 4½ bales of 8-cent cotton to buy. A. L. Ward, Dallas, educational director, National Cottonseed Products Association, told the livestock group at the Farmers Short Course, Texas A. & M. College, in speaking on "Opportunities of Hog Production."

Every farmer should produce meat enough for his home use at least, Mr. Ward said, adding that on most farms enough kitchen waste together with feedlot waste to raise a litter of pigs will be found. If a farmer produces feedstuffs, he will, of necessity, have to market them in some form of livestock. Due to their high efficiency in converting feedstuffs into meat and to the quick turnover that they offer—it being possible to reach

the finished market in six to eight months—hogs offer one of the best means of marketing such feeds, the speaker said.

Development of the dairy industry will, in many cases, be the governing factor in the matter of the number of hogs on any particular farm, Mr. Ward continued, pointing out that in those districts removed from the centers of population where cream is sold pigs are in demand as a means of using the skimmed milk and other dairy by-products.

DIGGING IN PALESTINE

Biblical stories are receiving additional confirmation through the results of excavations outside the city walls of Gaza in Palestine. Among other things unearthed is a subterranean tunnel, 600 feet long and wide enough for two men to walk abreast in it with ease. The walls of Gaza still stand, but the river by whose banks the flocks of Abraham grazed is dry. The city is four times the size of any city existing in Palestine at that time.

READ THE WANT ADS.

THIS WOMAN LOST 64 POUNDS OF FAT

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Douglas Goldston Drug Co., or any drug store in America. If joyfully satisfied after the first bottle—money back.

Clarendon, Texas

Obituary

WILLIAM RIAL SILVEY

On Tuesday, July 21, at four forty-five p. m. one of the best known of Pioneer Educators in the Panhandle of Texas passed to his heavenly reward. Prof. Silvey had been in ill health since October, 1929 although it was not considered serious for a year. In December of 1930, he was taken seriously ill, his children coming home to be with him in case his afflictions proved fatal. He rallied from this attack and seemed to be on the path of recovery, only to meet with further trouble. In May of 1931 he underwent an operation which was the only chance for relief, but he never recovered enough strength to get out of bed again. His only regret in passing was giving up the work he loved so well, and leaving his wife behind him, as his devotion to her was beautiful even in his last days.

Prof. Silvey was born December 23, 1858, near Versailles, Morgan County, Missouri. He had three sisters, the oldest Jenny, then Annie, and the youngest Lucy, he being the second in age. In 1866 his mother died. Very soon after Lucy followed her mother.

Prof. Silvey gained his first knowledge from his older sister, who in the passing years had taken a rather good education at various private schools near Versailles, Mo. He was sent to several of the private schools one in and the others near to his home town. After he had finished this type of schooling he undertook teaching in some of the smaller rural schools. At this time, when he was about twenty years of age his oldest sister passed away, leaving only his one sister, Annie who survives at present. His father had married again, but there were no children born to this union.

Prof. Silvey entered the University of Missouri as a beginning student when he was twenty-four years of age. As he was determined to make teaching his life work, a greater part of his college curriculum was devoted to studies in pedagogy. After a little over three full years of study he received from that institution the degree of Bachelor of Pedagogy, equivalent to the degree now given as a Bachelor of Science in Education. He went to California where he took up a position in Fresno teaching in rural schools during his first years, and later attaining the rank of Principal in the city school system.

After five years he returned to Versailles, Missouri, and became the County Superintendent of Schools. He held this position in Missouri for two years. At this place he met the woman who was to become his future wife, then Miss Anne Eliza Gwynn, also of that city.

He came to Texas in 1891 and taught his first school at Lockney.

While he was in California, he had taken additional work with the University of California, so that he was one of the best prepared men in that section of the Panhandle.

In 1894, he went to St. Louis, Mo., where he was married to Miss Gwynn, then of that city. They made their home in Claude,

Texas, where he was the Superintendent of Schools. The following year they moved to Clarendon, Texas, where he undertook a like position. On Sept. 1, 1895, their first child was born, a son, christened Joseph William Silvey. His arrival was a great joy to this young couple, though it was short lived, as he was taken from them on the twenty-fifth of the same month. Prof. Silvey, kept his position as Superintendent of the City Schools of Clarendon, Texas, the following year, and for many to come.

The Clarendon School district was established in 1888, so that when Prof. Silvey came to take up his work, small advance was in evidence. In 1898 a new building was built, which at that time was one of the best in that part of the Panhandle. The enrollment increased steadily with the rapid strides of educational enlightenment in the years to come. The high school was the first in the Panhandle to be placed on the accredited list of schools. Many graduates entered colleges and universities throughout the nation, most of them having been inspired to continue by the example set in their worthy leader and teacher.

No other teacher in the Panhandle of Texas had more interest or more pleasure in seeing others develop under his guidance. To say that his twenty-four years of teaching in Clarendon was a success, would merely mean that that time was one of supreme happiness and contentment to him and his. In 1912 another building was started some distance from the site of the older one, it serving as the high school for some time. Both of the buildings are still in use.

In 1897, a daughter was born to Prof. and Mrs. Silvey, Floy Gwynn Silvey, the only child to graduate under her father while he was in Clarendon. In 1900, a son was born, William Rial Silvey, Jr. He was a great pleasure to his father, and as constant pride because he bore the name, and because he exhibited the self same gifts. Death again stole from loving arms the second son, on October, 16, 1915. In 1904 another daughter was born, Ruth Eliza Silvey, and in 1907 a son, J. K. Gwynn Silvey, both surviving.

In the fall of 1916 he took up his new duties as Superintendent of Pampa Schools. In this district at that time there was only one small school building, that did not prevent extremely overcrowded conditions, nor provide ample teaching space. He made plans for the new school building, that was built one year later. Most of the courses in the school system were accredited during his time as leader in this district. A very unusual and new action was provided that

collected and delivered the rural school children each day of the school week. This tended to enlarge the enrollment of the school and provide sufficient funds for all purposes. His time in this district was a success, and he added greatly to his list of acquaintances and friends. When he left in 1923, he left more very dear friends behind than most anyone that followed him in his departure he had letters and messages from his former students and friends, and many of them were present when his last rites were spoken.

In 1923 Prof. Silvey and his family, moved back to Clarendon, Texas, where the two younger children might have the advantage

of the College. His daughter graduated from the College department, and his youngest and only son, from the Academic division. During the year in Clarendon, he enjoyed living around with old friends and acquaintances reviewing and reliving the earlier days of his struggles.

In 1924 he moved with his family to Dallas, Texas where his children continued their studies, all of them graduating from Southern Methodist University. He quickly made many acquaintances and friends because of his keen interest in school life of all sorts and also because of his intricate knowledge in all its activities. He registered on the substitute list of teachers, serving the larger part of one year on the faculty of Highland Park High School. During the last three years of his life he did very little teaching, although his interest never waned.

Prof. Silvey served in summer sessions at Clarendon, College, West Texas State Teachers College, University of Texas, and many teachers Institutes throughout the State of Texas. He served on the State Board of Education for some time, and again on the State Board of Examiners.

The life of Prof. Silvey was filled with happiness, and joy, as well as with the sorrows that go to complete an entire existence. He was fearless in his approaches, though fair and kindly in his actions. If he undertook a task, he saw that it was fully completed. He stood for the right and fought to see that it was carried out justly. He was Christian in his thoughts, and Godly in the walks of life. His last rites were performed in the Methodist Church, which had always been a pleasure and a pride to him. His life and his work was a success, and he has justly and rightly gained the eternal rest that is now his, forever.

On Wednesday, July 22, a short funeral service was held at his home in Dallas, Rev. W. V. Hite conducting. On the following day services were held in the First Methodist Church in Clarendon, Texas, Rev. J. Sam Barcus conducting, assisted by Rev. E. B. Bowen, Rev. W. M. Murrell, and Rev. E. N. Shepherd. He was laid to rest in the Citizens Cemetery, Clarendon, Texas.

To say that Prof. Silvey was a loyal friend and a natural leader would mean that he was a successful teacher. To say that he worked zealously, would mean that he was a kind and devoted husband, and a loving and thoughtful father, would mean that he was a great man. As a last tribute from his son, it may be said that he was all that he was thought to be and more than the world can ever know, a loving, confiding and thoughtful father that left to me a very inspiring record. We grieve, yet we are proud of him.

J. K. GWYNN SILVEY.
COTTON ACREAGE REDUCTION BILL BEFORE SESSION
AUSTIN, Texas, July—Emancipation of the tenant farmer was seen as one of the benefits of the enactment by the Texas legislature of legislation requiring crop rotation and control of cotton acreage, by speakers before the house committee on agriculture.

The committee had under consideration the Olsen bill, introduced by Rep. J. J. Olsen of Yoakum and signed by twenty-five members of the house, one of three steps taken in the legislature in the interest of the cotton farmer. The senate has under consideration a similar bill by Senator Cunningham of Abilene and the house has adopted a resolution requesting Governor Sterling to call a meeting of south-

ern governors to consider the plight of the cotton industry.

The possible benefits to the share-cropper or tenant farmer was brought out by Rep. Lawrence Westbrook of Waco in questioning Joe B. and John T. Fortson, and A. A. Allison, widely known central Texas landowners, who spoke in behalf of the bill.

All admitted that it was the practice of many landowners in Texas to require their tenants to raise nothing but cotton, thus making it impossible for the tenant to diversify and live at home. Under the Olsen bill, cotton could not be planted on the same land two years in succession, thus requiring crop rotation and diversification.

These speakers, whose holdings of land in Navarro county and include several thousand acres central Texas, declared nothing that was done could possibly hurt the cotton farmer, and that they saw possibilities for many benefits from the enactment of control legislation.

The Olsen and Cunningham bills are essentially the same. They provide that in 1923 cotton acreage may not exceed one-half the land in cultivation in the state and that therefore cotton shall not be planted on the same land in successive years.

Sponsors of the measures see two benefits from such legislation: First, that the over-production of cotton, which has resulted in a surplus this year equal to a year's present consumption, will be eliminated; and second, that the disastrous practice of draining the soil of its fertility by planting one crop—cotton—which has reduced the per acre output of Texas lands nearly a half a bale to less than a quarter of a bale, will be checked and the upbuilding of the soil started by crop rotation.

J. E. McDonald, commissioner of agriculture, is supporting the

legislation in the belief that it is of much more vital import to Texas than oil conservation legislation. He declared that he wanted the people of Texas, who elected him to office, to know his views on the subject.

SCHOOL PATRONS NOTICE

A county-wide meeting of the school patrons of Donley county will be held in Clarendon on Friday, August 14th. Hon Paul L. Stone from the State Department of Education at Austin will be present at this session, according to County Superintendent, Mrs. Nora McMurtry. It is especially urged that all the patrons of the schools of Donley county will be present and hear the important message Mr. Stone brings to this county.

The purpose of the session, according to the Superintendent, will be to discuss and interpret

the new scholastic laws which will shortly go into effect. Further details concerning the above meeting will be found in The Clarendon News next week. The hour and place of the meeting of the interested parties with the educator has not been set at present.

STORY OF A PIONEER TEXAS WOMAN

Mrs. Jane Patton was a pioneer woman of Denton, Denton county, Texas. She and her husband, Captain Sam Patton, were esteemed friends of General Sam Houston. During pioneer days Mrs. Patton went through three Indian raids, in which her home was burned and her much prized livestock either killed or driven away by Indians.

The story of these Indian raids as told by Mrs. Patton, will appear in the Monthly Magazine Section of the Clarendon News, August 20.

More Than Money

Your savings account is worth more to you than just the money it involves. It represents increased self-confidence, financial independence, the ability to grasp sound opportunities. It's valuable from every angle.

WHY WAIT LONGER

FARMERS STATE BANK

ADVERTISING IS NOT An Added EXPENSE

Advertising Puts the Customer You Want to Reach—In Your Reach

Advertising is an improved and modern way of distributing your merchandise. It takes the place of the old, slow, costly and inefficient methods of the past.

If you knew of a clerk you could hire whom thousands and thousands of other merchants had employed and made big profits on, would you hire him, providing the salary he asked was reasonable? Would you consider \$50.00 per week salary you paid him ADDED EXPENSE or would you consider it a wise investment?

Do you consider the rent you pay ADDED EXPENSE to merchandising or an essential?

Do you consider the electricity you burn, the window trims you arrange and the interior improvements you make ADDED EXPENSE and loss of time or necessity?

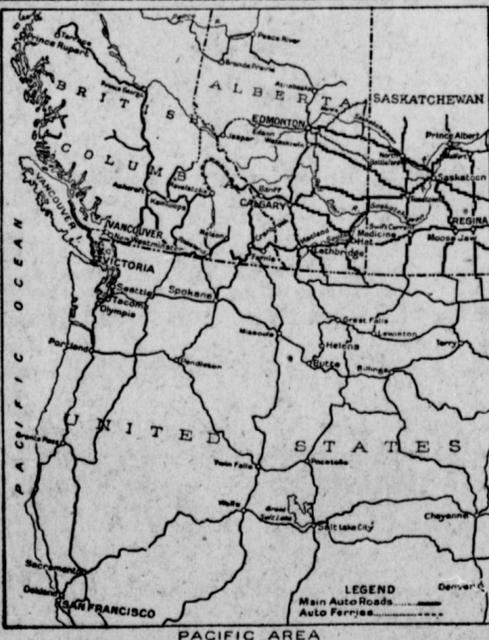

Do You Know How To Advertise?

Many merchants do not advertise because they say they don't know anything about it. If you don't know shoes, stoves, flour or automobile tires and you should see a future for the item in your store, wouldn't you give it some thought?

This newspaper makes it a business to study merchandising methods. We are alert to the needs and requirements of local merchants and are anxious to assist in any way possible with your advertising problems. We will prepare your advertising and advise with you and there is no charge for this service.

We will be glad to help you work out your advertising programs, and our services are free!

The Clarendon News

Our readers will be glad to learn that the Canadian Government has issued a series of road maps of Canada and the United States, for the benefit of those contemplating a visit to the Dominion. The map appearing on this page is a small scale sketch of one of the sheets in the series, but the actual map shows the different highways in detail.

With its innumerable lakes and rivers now made more accessible by paved highways, Canada presents almost unlimited attractions to the vacationist. The intending motorist, camper or angler will find in that country every facility necessary for an enjoyable holiday.

Those contemplating a Canadian vacation should make application for information to the National Development Bureau of the Department of the Interior at Ottawa, from which source maps covering the area between any state and Canadian province, together with a leaflet, "How to Enter Canada," which contains a summary of the regulations pertaining to entry of automobiles for touring, may be obtained. Other interesting literature on the country's recreational attractions will also be supplied free of charge.

SPARKS
from 'round the
CAMP FIRE

Through the co-operation of the guardians in charge of the encampment of the Camp Fire Girls troops The News has been able to secure the various expressions from the girls attending how they like their new camp and the sort of time they are having this week in camp. The "sparks" from about the camp fire are given to our readers in the following paragraphs:

I think this place is a "Hum-dinger." I also think this is a pretty place and I want to tell Mudder, Homer, Tita, Da-daddys, and Dad hello.
Peggy Gorman, Campfire Mascot, (Age 2 years.)

We are enjoying the Camp very much this year. We appreciate the Mess Hall and the things the people have done for us. We have strict rules which are fun. The mosquitoes! They are thick!! Scratching is the pastime. Our tent has highest average so far and we hope it will be continued. We wish everyone could enjoy the swimming we have twice a day. Thanks to all the people who have helped us to have our camp. Nellie Grady, Mary Travis Dyer, Helen Louise Green, Gertrude Reed, Eugenia Noland and Vivian Taylor.

We wake up in the morning

When the sun is shining bright, We don our suits and bathing caps

But Gee! they do fit tight, Then we're off for a swim in the Country Club Lake

And the water sure is fine, We splash and parade 'round about And then it's time to dine.

Golf and tennis are played there, And balls are whizing every-where.

We clean out tents and make our beds, And have them graded then,

And after that we fix our dinner, Um! Ahem.

Then we're all as quite as little mice

Cause quiet hour it comes, and say,

And if we're not it's just too bad Cause a fine we have to pay.

When we all get up for a swim we go,

After all we do like it so, And supper we dance about

But bed time just will come, And we go sleep while watch we keep

That nothing will go wrong. Joy McCasne, Margaret Blackwell, Anna Mores Swift, Rosa Lee

Although this is my first camping trip with the Camp Fire Girls I cannot imagine a more ideal camp than this, made thus by the kind-hearted citizens of Clarendon. It's a good life if you don't weaken.—Rebecca Welch.

We are the Camp Fire Girls. I am a Camp Fire Girl and I have a good time at camp. This is the first time I have been at camp and it is fun to be at camp and am having a good time.—Mable Thomson.

The Owassa Troup of the Camp Fire Girls are the smallest troupe. I like our camp. We have visitors all time. I thank the people that have been so kind to us. We go swimming twice a day over at the Country Club. Julia Hahn.

Tent No. 7 thinks our camp is swell all but the mosquitoes.

We occupy our time in cleaning our tent (although the company always manages to come when they are dirty). Swimming, eating and listening to the Bull-frog music. We want to thank all the people who have made it possible for us to have this camp and also the people who have sent us "goodies" to satisfy our hungry appetites.

Fish Bass, Fat MacMurtry, Sue Powell and Pete Powell.

Tent No. 6.—We are members of the Kicuwa troupe of Camp Fire Girls. We have tent inspection every morning. Some men of Clarendon have put in a pump.

Mr. Lumpkin sent us a freezer of ice cream Thursday night which was enjoyed by all. And Misses Mildred and Helen Martin sent us some cookies which were also enjoyed by all. Mr. Boston sent some cantelopes Monday night

Everyone is enjoying Camp very much.—Virginia Cluck and Willie Maude Pratt.

It would take all the adjectives in the English language to describe the hot time we are having. We get so hungry our beans taste better than ice cream and cake would at any other time. Our hours are filled with good times. Avis Lee McElvany.

To the citizens of Clarendon who have taken interest in helping the Camp Fire Girls, we wish to thank the people of Clarendon who have built the Mess Hall and Mr. Lumpkin for the nice cream, Mr. Boston for the nice cantelopes, Miss Mildred Martin for the cookies, and all the others who have done things for us.

Everyone is having a grand time. We swim, dance, play tennis, golf and other games. We cook, eat and sleep (little). We have tent inspection every day.

We have nine tents, and Boyd these girls certainly do work trying to keep them clean.—Hilda Jo Cauthen, Marjorie Shepherd and Kedron Evans.

In appreciation of what some thoughtful citizens of Clarendon have done for the betterment and progress of Camp Fire work may we, the occupants of Tent No. 3, Bobby Lynch, Mary Lois Hayter, Janne McDonald and Guardian, Helen Goldston, have the privilege of saying that this camp has enabled us to realize to the greatest extent the Law of the Camp Fire.

Seek Beauty

Pursue Knowledge
Be Trustworthy
Hold on to Health
Clarify Work
Be Happy.

We are having a grand and glorious time. "Need more be said?"

We could not express what a grand and glorious time we all are having. We thank all of the ones who have had any part in our camp.—Florence Fowler.

We are the Owassa troupe there are only seven in the troupe five are at camp the others couldn't come. We are having a good time swimming. We have the highest report for keeping our tent the cleanest. We have good things to eat. We thank the people of Clarendon for the nice things they have given us.—Dorothy Kent, Gene Teat and Frances Morris.

Lots of fun it's here— We're a merry band of seven To us this camp is heaven

Our meals are fine and dandy Every thing from beans to Eva Lee's candy

Lump's ice cream was spiffy Mildred's cookies went in a jiffy

The Wiggly Wiggly cantelopes were the stuff

We had more than enough Swimming twice a day we go

Although the time between passes slow

Climbing over fences and rails Sinking and bogging we search for cat tails

We built a bridge across the brook

Leading to a shady nook We're happy as can be

Thanking you all for your gen-er-ous-ity.

Composed by—Berkley Ryan, Jo Ella Stewart, Vera Noland, Geraldine Pratt, Ruth Nichols, Evelyne Murphy, Lucille Andis.

ONE CLARENDON WOMAN BELIEVES IN HOME-LIVING

There is one Clarendon woman who believes that she can buy vegetables and can them for use next winter much cheaper than she can wait and buy the green vegetables or the canned products during the coming winter months. She is urgent that others who do not have gardens follow her example and has left some figures that are convincing. In the past week, from July 20 to 24 a total of 143 quarts of various sorts of produce were canned at an average cost of .029 per can. This does not include the cost of the can or the seasoning used in putting the produce in the cans.

Here is the list of articles canned. Beets, 2 bushels, cost \$2.00, 38 quarts canned and 15 quarts pickled; Squash, 2 bushels

Clarendon people for the things they have done for us.—Jo Ellen Kennedy.

It would take all the words in Webster's Dictionary to express the hot time we are having with blistered backs and mosquito bites.—Nell Cook

canned, cost \$1.00 40 quarts canned; Black-eye Peas, 2 bushels canned, cost .35 35 quarts canned; Cucumbers, one-half bushel canned, cost .75 20 quarts pickles made; the total cost was \$4.10, or an average per can of less than three cents.

This Clarendon woman is interested in having plenty of fresh vegetables to eat during the coming winter when they will be hard to get and very expensive. Others in the rural sections are doing the same thing, and others in the city would do well to follow the leadership set by this one woman.

NORED REPORTS FISHING EXCELLENT IN COLORADO

A report received the latter part of last week from T. D. Nored, who is spending his vacation in Colorado, states that he is having the time of his life. He shipped the force at the West Texas Utilities office a string of eighteen trout that he caught in two hours angling. The fish were beauties and proved that he was at least where the fish were to be caught. A notation on the card stated that he was leaving for Mexico at the time the card was mailed.
