Run-off Election Party Is Announced

Armstrong County Gap On Highway 5 To Be Paved

SAME LOCATION AS 1ST PRIMARY

RETURNS WILL BE POSTED
ON STATE, DISTRICT, AND
COUNTY RACES

The News is pleased to announce that on the evening of Saturday, August 27th, it will again sponsor an election party complimentary to the citizens of Clarendon and the surrounding trade territory. As in the July Primary election party returns from the 19 precinct boxes will be tabulated on the giant blackboard of all the races, precinct, county, district and state. The location of the party will be at the same place as was used before, on the north side of the Douglas & Goldston Drug Co. The street will again be roped off from the intersection of Kearney Street to the alley back of the First National Bank, thus giving the hundreds who watch the board freedom from automobile traffic.

It is believed that the county returns and also the state returns will be counted and reported quickly the 27th due to the light ballot which will face the counters in this election. Approximately one hundred less names will be found on this run-off ballot than was on the first primary ticket.

The same plan will be carried out in placing the returns on the board this time as July 23rd. With the co-operation of those individuals and firms which so splendidly helped this party promises to be one of the most successful and largest ever staged in Donley County. Make your plans to be in Clarendon on the election night of August 27th.

Sterling Speaking At Hedley Friday

If plans mapped out by the Panhandle headquarters of the Sterling-For-Governor campaign work out, Henry Ansley, noted humorist of Amarillo, will speak for Sterling at Hedley this Friday afternoon at 4 o'clock. Ansley will speak at Turkey Friday night and will make the Hedley engagement on his way down. He will speak on the streets at Hedley and a good crowd is expected to hear his appeal for the re-election of Governor Sterling.

Crippled Children's Clinic is a Success

The Crippled Children's Clinic staged in the city Tuesday at the Adair Hospital under the supervision of the Crippled Children's Council, Incorporated, of Amarillo was a decided success with seven cases being examined by Dr. John T. Gray, consultant orthopedic surgeon of the Council, and one arriving just a few minutes after the specialist, in the company with J. C. Paschall, chairman of the Council, had returned to Amarillo.

One case was treated at the hospital and others were examined and will be treated in the near future. Ira C. Merchant and Odos Caraway, local committee in charge of the clinic, stated that the co-operation from local physicians and nurses as well as the hospital staff was all to be desired and everything was in the best of shape. Every one connected with the work took personal delight in seeing his or her part of the clinic was the very best. Glowing compliments were passed by the visiting specialists and other interested parties on the excellence of the local hospital plant and its personnel.

FAMOUS REVIVAL GROUP IS COMING

CHRISTIAN CHURCH REVIVAL
WILL FEATURE MUSICAL
ARTISTS IN MEETING

The most unusual and unique revival meeting ever held in Clarendon will be conducted at the First Christian Church starting Thursday, August 18th when the Vawter Evangelistic Party arrives in the city for a three weeks campaign. The party is one of the most famed of all evangelistic workers and their success is well known over the various sections of the United States.

Dr. C. R. L. Vawter, world famed evangelist, has brought together what is reputed as the really outstanding group of artists and workers doing the bidding of the church today. He has just recently returned from Australia where he has spent several months and astonished and won thousands with his soul-stirring and appealing messages on the gospel and its remarkable power.

Included in the party is Mrs. Vawter, W. D. (Billie) Reeves and Howard House. Mrs. Vawter is the soloist of the party and has sung her way into the hearts of thousands. Mr. Reeves is choir director and one of the most clever workers with young folks in the work at the present time.

The Vawters bring with them one of the most complete lines of musical instruments carried by any evangelistic party. Included in the equipment is a set of Notre Dame chimes, one of only two sets of these beautiful musical instruments in the entire world.

A splendid welcome is planned for this fine party on their arrival to the city and the general public is cordially invited to attend any or all these services.

Miss Delphia Bones spent last week in Hedley visiting with friends.

Run-Off Assured in County Judge's Race

Contrary to the thoughts of many of the citizens of the county there will be a run-off in the County Judge's race. This was made certain when J. C. Estlack, runner-up to Sam Lowe in the first primary decided to finish the race the latter part of last week.

LEGIONNAIRES TO VISIT IN MEMPHIS

CLARENDON BAND WILL
MAKE TRIP TO NEIGH-
BORING CITY FRIDAY EVE

The Aubyn E. Clark Post of the American Legion will pay their respects to the Memphis Post of the Legion this Friday evening when they take the Clarendon Band to the Hall County metropolis where a concert will be given beginning at 8:00 o'clock at the band stand in the city park. This will be the second good-will trip of the Legion Post with the help of the band in the past few weeks and will no doubt meet with the approval of the Memphis Legionnaires and the citizens of the Hall County city.

The local delegation will leave the city at approximately five o'clock tomorrow afternoon and a concert will be given at the club before the concert.

The concert will begin promptly at 8 o'clock and the local musicians will be joined by members of the old Memphis Gold Medal Band. Approximately one hour and thirty minutes will be consumed by the local band in presenting a brilliant and tuneful concert.

BALLOTS NOW READY FOR ABSENTEE VOTING

Ballots for the Democratic run-off primary on August 27th are in the hands of the County clerk, for absentee voting and all citizens who plan to be out of the county on the primary date, are urged to call or write to the County Clerk for their ballot.

LOCAL LIONS HOST TO GROUP MEET

SIX CLUBS REPRESENTED IN
FINE MEET HERE. ESTEL-
LINE MAN ELECTED

Lions of Group 81 of District "T" met in Clarendon Tuesday from Pampa, Estelline, McLean, Amarillo and Shamrock in the regular quarterly group meeting, listened to reports from the various clubs of the group and elected Lion Fred Landers, Estelline publisher, as next Group Chairman succeeding Lion Boyd Meaders of McLean.

Optimism featured the entire meeting and sparked in the speeches and reports of the various Lions as they delivered their address or made a club report. Throughout the International organization optimism is the keynote and every member is looking to the rays of a brighter future which will again in the near future establish this great nation once more on a firm and stable business and economic foundation.

Following a delicious chicken dinner Lion Ira Merchant called the group to order and the guests were introduced. Lion Merchant turned the meeting over to Group Chairman Boyd Meaders who conducted the business meeting which followed. Club activity reports from Clarendon, Amarillo, Childress, Shamrock, Estelline, McLean and Pampa were heard and each was filled with constructive work which indicated that each of the above cities of the Panhandle were indeed fortunate in having such a group within its limits.

That old master of stage and footlight entertainment, Mike Hollander of Amarillo, was called to play some numbers on the piano and he quickly won the hearts of those present with his original and individual interpretations while at the piano. His efforts were met with round after round of applause as the popular producer of the "Scandals of Amarillo and Clarendon" displayed his talents.

Donley Old Timers To Meet August 19

The second annual Old Settlers Picnic of Donley County will be staged at the Tom Tate Grove six miles northeast of Hedley on Friday, August 19th. It will be an all-day affair with an old-fashioned spread of good things to eat at noon. Every one is expected to bring a large basket loaded with choice "chuck" as there will be no one permitted to leave without being accorded an opportunity to get his fill. The entertainment is being lined up at the present time and those who will be present for this second annual affair will enjoy old-time music, singing and good snappy speaking. Every family that has been a resident of Donley County for 20 years or more is qualified to attend this old-timers picnic. Make your plans now to enjoy this event.

ROTARY HEARS OF CRIPPLED CLINIC

REPORT MADE BY ROTARIAN
DYER ON MEMBERSHIP
CLASSIFICATION HERE

Rotary secretary, A. J. Dyer, made an interesting report on the open classifications for Rotary membership in the city of Clarendon before the regular luncheon of the Clarendon club Friday. Rotarian Dyer is chairman of the Membership Committee of the Club and is forming plans whereby the membership of the Rotary group will be supplemented with new members in the near future. The report indicated much study and investigation had been made by the committee and it is expected splendid results will be the outcome.

President O. L. Jenkins called the attention of the Rotarians to the Crippled Childrens Clinic, Inc., which was held in the city Tuesday. A call was issued to every member to see if there was not some child which was suffering from some handicap of deformity which might be brought to the clinic for specialist examination and which would later benefit from corrective treatment. Visitors for the day included Rotarians Ralph Caviness and Jeff Watson of Memphis who were making up their attendance.

GOLFERS SWEEP ENTIRE MATCHES

WELLINGTON LOSES 19 MAT-
CHES AS LEADERS GET
HOT SUNDAY HERE

Clarendon's league leading golf experts really gave an exhibition of what carried them to the championship Sunday when they played hosts to the Wellington players and as such showed great discourtesy by taking all nineteen matches from the visitors. Only one match remains to keep the Hillcroffers from the coveted league trophy, that with Childress, there Sunday, August 21st. The overwhelming victory Sunday just about cinches the flag for the local entry as Shamrock remains some points below with a hard match with the Memphis shooters facing them as their grand finale.

Childress, however, will bear the entire respect of the Hillcroff members for it was they who slipped up and knocked the Clarendon players off their only defeat this season in a match played at Memphis and placed the leaders in a very embarrassing position insofar as the leadership was concerned. Everything is being done to take a full force to the Childress county seat in order to insure a victory which will mean

COMMISSIONERS TO BUY RIGHT OF WAY

MOVE ON FOOT TO PAVE
THROUGH TO CLARENDON
MEETS SOME FAVOR

Donley County now has new and double distinction. When the Armstrong County Commissioners Court voted unanimously to furnish the right-of-way to the highway department and receive a paved highway through the county with no charge against the county whatever, Donley County became a single, isolated, road, but untraveled county on Highway No. 5, to be holding up the completed road in the Panhandle.

Armstrong County had received the same generous offer from the Highway Department that has been presented to the Donley County court several times, and the action there Monday means that construction on No. 5 through Armstrong will begin at once. The route is South of the Denver tracks throughout the county with a probable variance in the town of Claude. Divisional Engineer Van London was present and presented the matter in detail to the court.

Several Commissioners from Donley County have conferred with the Amarillo office of the highway department recently, and there is a move on foot among some people in this end of the county to offer the department right-of-way from the Armstrong County line through the city of Clarendon, if they will pave down this far. No definite move has been made in this respect, but it is said that an effort will be made before the Donley County Court in the immediate future along this line.

The News will stick to its original position and urge the paving all the way through Donley County, however, as this is the only means of guaranteeing that the route will go through Lelia Lake and Hedley. If the paving stops at Clarendon, then the air-line route to the Hall County line becomes a certainty, when the last link is built, as all the saving in mileage in Donley County is between Clarendon and Hall County.

Another contingency being mentioned in the highway situation, is the stoppage of all construction should Mr. Ferruson be elected governor, as all Federal aid will be withdrawn from Texas. Road proponents are urging that all speed be used in meeting the offer of the department so that contracts can be let before January 1st, and the money placed in escrow, as this would guarantee the completion of the road.

"The poor ye have always with you," says the Bible, and so far Donley County has had the highway problem with her, but she don't need to remain troubled with the latter, if she will take prompt action. And even the poor wouldn't be so poor if the half million dollar construction program were begun in Donley.

Local Ladies Attend Pampa E. Star School

Mrs. Mollie Gray, Mrs. Eva Rhode, Mrs. Nathan Cox, Mrs. Bill Greene, Mrs. Henry Tomb, Mrs. Emma Crabtree, Mrs. James Trent, Mrs. John Sims, Sr., and Mrs. R. C. Weatherly attended the School of Instruction of the Order of the Eastern Star at Pampa Wednesday, all except two of the ladies took examinations for certificates.

Mr. and Mrs. Guy Stidham of Little Rock, Arkansas, is visiting their parents, Mr. and Mrs. W. K. Davis of Sunnyview and Dr. and Mrs. Stidham at Memphis, the championship of the Cap Rock Golf League.

Junior College Plans For Most Successful School Year In History

NEW COURSE IS OFFERED HERE

DEAN CLARK SAYS SCIENCE
DEPARTMENT WILL AC-
CEPT DONATIONS

Even in the face of the stubborn depression Clarendon Junior College faces its sixth year of existence with a brighter outlook than at any time since its birth. Under the capable guiding hand of Dean W. A. Clark, Jr., the college has enjoyed a steady growth with its departments becoming more and more balanced and better fitted until at the present time practically any course which might be secured at the great institutions of learning throughout the southwest may be obtained in Donley County at a minimum cost.

So thorough and interested is Dean Clark in the upbuilding of the local college that he is spending a greater part of his vacation period directing the remodeling and re-arrangement of the entire science department. Laboratories are being rebuilt with additional water and gas fittings added and additional space built to care for 32 students at one time. Possibly the most helpful addition to the chemistry laboratory is the installation of eight small fume hoods and two large enclosed hoods, which will carry the obnoxious acid fumes from the building.

The biology laboratory is being given attention and improved to meet the additional requirements of a new course. College Biology, which will be offered to students this fall. Heretofore only high school biology has been offered

students inclined towards this interesting field of work.

The Physics lab will be improved in the next few weeks and plans are being worked out in an effort to offer College physics next year. When this is reached Clarendon Junior College will offer all courses needed for preliminary work before entering medical, and other specialization institutions.

All the laboratories are conveniently located to the Science lecture room which also is being remodeled and made ready for use in the work of the department. It is fitted so various tests and demonstrations may be carried on in connection with the lectures. The department's equipment and stock is valued at \$3,500.

All this work is being done with little expense to the school district and it was brought to the attention of the writer that a number of articles which are easily in the reach of all Clarendon and Donley County citizens could be used to a great advantage if donated to the department. Salad dressing jars of various sizes make excellent specimen jars and several hundred of these could be used by the department. Please save all like glass containers and report them to Dean Clark or bring them to The News and they will be delivered to the College. Other donations which will be appreciated are small electric motors of any size or make and the following specimens: lubber grasshoppers, large bullfrogs, honey bees, water plants (any kind), snails, earthworms, butterflies, fresh water clams (mussels), crawfish, tarantulas, perch (large specimens only can be used to advantage), algae (pond scum, any kind), and salamanders. The department will preserve the specimens as a pro-

WILL THE PANHANDLE WIN WITH PARRISH?

Under the census of 1930 the Panhandle of Texas is entitled to two new seats in congress. In the first primary eliminations left only Senator Pink Parrish from Lubbock as a contender for one of the three places-at-large.

Senator Parrish is pitted against George Terrell, who lives over against the Louisiana line, and who got into the run-off mainly by being named Terrell.

If the Panhandle is to win one of the seats to which it is entitled it must give Pink Parrish such a solid vote in this section that he can go into the older and more distant portions of the state with a commanding lead.

Get your pencil set now to scratch George B. Terrell in Place No. 1, Congress-at-Large, and give that fine, jovial and efficient public servant, Pink Parrish of Lubbock a solid vote in Donley County. We can do that much.

A STERLING RECORD FOR TEXAS

Under the troublous and harassed conditions of the past two years it is an easy matter to overlook some of the very constructive things that have been accomplished under the sterling administration of Governor Ross Sterling. There are fairly well-read people who ask the question, "What has Gov. Sterling done for the people of Texas?" which is a fair question and deserves a fair answer.

When Governor Sterling came into office Texas faced a deficit in operations of the state of \$4,500,000, and excessive appropriation bills added to a shrinkage of tax collections, brought this deficit estimate up to \$11,390,000. The governor spoke out boldly against such a deficit in government and vetoed \$3,621,897, and then won his fight to tax sulphur, cement, natural gas and cigarettes, which brought the deficit to a negligible sum and will in another year wipe it entirely out. Texas, thus assumed a better position than nine-tenths of the states of the Union and even better than the national government itself. Too little has been said about the fine business achievements of the Sterling administration, which could not have been accomplished had the governor not been able to command the support generally of the departmental heads and the legislature.

Governor Sterling favored and made possible the amendment to be voted on in November exempting all homesteads up to \$3,000 assessed valuation from state tax, which step is the first step in many years which gives direct relief to the small home and farm owners of Texas.

His administration directed the forces of the state government in pushing vigorously the drive against excessive and unlawful fees collected in Texas, and his office aided the work of the legislature in reducing the fee scale, which points to final abolishment.

One of the finest pieces of work under Governor Sterling has been the appointment of Lee Simmons as head of the penitentiary system of the state, and the complete rehabilitation of the costly and wasteful system until today it stands as a model system in the South and is now almost wholly self-sustaining, whereas it formerly cost the people of Texas millions of dollars every year. Another instance of business in government.

Here in the Panhandle, we have seen more road construction than in the entire previous history of Texas, with over ten million dollars spent for high-class highways and not a single charge of graft in connection with any contract. The present commission is the personification of the system adopted when Governor Sterling was chairman of the department, and the governor has seen that only good men and true have filled that important commission. Panhandle people, especially should be grateful and loyal to Governor Sterling for this one fine demonstration of governmental operation.

Down in East Texas, the prompt use of troops by the Governor, saved the oil industry and especially the land owner and small operator, from destruction, chaos and revolution. Oil had been put down to ten cents a barrel and the people were in a desperate state when relief came by enforced proration. Texas has been saved millions of dollars by Governor Sterling's courage and devotion to the best interests of all, as against the big oil companies.

Governor Sterling has made one of the finest records of public service of any executive in the history of Texas, and he deserves to be re-elected, since he has given the state honest government, responsible government and business-like government.

Texas needs two years more of Sterling government.

If a man is right all the bombardment of the world for five, ten, twenty, forty years will only strengthen him in his position. So that all you have to do is to keep yourself right. Nevermind the world.—Talmage

BETTER PRICES FOR COTTON

Over the cries of woe from the cotton raisers of the South comes the ringing news of better prices for cotton, and now there are many authorities who predict seven or eight cent cotton this fall.

The advance in prices this week means nearly twenty million dollars extra to Texas farmers, and there is the hope that the advance will continue to still higher levels.

Eight cent cotton means much better conditions and business for this country.

BOTH PARTIES CLAIM CREDIT

Both Democrats and Republicans are claiming credit for the brightening of business skies. Democrats say that business realizes that Roosevelt and Garner are going to be elected, and the recovery has already commenced. Republicans say that business is mounting up under the leadership of President Hoover, and since it knows there will be no change in the presidency, all timidity is being thrown off.

There you are. Take your choice of reasons. The thing that is really important, however is that returning confidence is becoming manifest in all parts of the nation, and the ordinary citizen is thankful, regardless of which party finally gets the credit.

THE SUBMISSION VOTE WAS VALUELESS

It is just a little amusing to see some politicians jumping up to say that they will respect the will of the people of Texas in the matter of submitting the Eighteenth Amendment, as recorded in the first primary.

Very few over half the people of Texas expressed themselves in the monkey-test and we have it from the "wets" themselves, that a vote for submission doesn't mean one is for the repeal of the amendment. Only the wet sections of Texas voted with any entirety and many dry portions of Texas held no elections.

Texas is dry, and dry to stay, and all this submission and repeal humbug means but one thing—the last death struggle of the liquor interests who are seeking to shift the tax burdens from their own backs to the poor, ignorant laboring men and the women and children of the nation.

FLAG OF THE FREE HEART'S HOPE AND HOME!

When Freedom from her mountain height
Unfurled her standard to the air,
She tore the azure robe of night
And set the stars of glory there.
She mingled with its gorgeous dyes
The milky baldric of the skies,
And striped its pure celestial white
With streakings of the morning light.
Flag of free heart's hope and home!
By angel hands to valor given;
The stars have lit the welkin dome
And all thy hues were born in heaven.
Forever float that standard sheet!
Where breathes the foe but falls before us,
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us?

Your Electric Power Supply

MUST Be Flexible

Electric power, to serve any community adequately, must be flexible. It must meet all requirements, large or small—from a large factory to a small household—at any time and at any place.

Small local plants serving single communities lack this flexibility . . . they lack the variety of volume and demand which enables a larger system, serving a wide area by transmission lines, to operate efficiently.

The transmission line delivers large amounts of power at once without the delay of installing additional equipment. Thus it clears the way for a rapid and permanently expanding industrial growth.

The present day industrial progress of small communities is based in a large measure on the ample and economical power supply which resulted when transmission systems replaced inefficient and expensive small local plants throughout the nation.

The West Texas Utilities Company, through its widespread 2,500 mile transmission line network, makes available to 125 progressive West Texas cities and towns over 100,000 horsepower of electric energy—ready at the turn of a switch.

CARE - FREE

The periods in life when one can be carefree are limited. Childhood is one of those periods, and rightfully so,—an inheritance due all. Other periods of carefreeness seldom materialize, except through an individual's own planning and consistent work to that end. Relief from financial worries brings a sense of carefreeness which well repays one for the effort made to save and to have, as hundreds of depositors in our saving department will testify.

STERLING ASKS COMMISSIONERS NOT FIX RATES

GOVERNOR ASKS COURTS TO WAIT UNTIL AFTER SPECIAL SESSION

AUSTIN, Aug. 8.—Governor R. S. Sterling yesterday requested that county commissioners courts defer fixing their tax rates based on their highway bonded indebtedness until after a special session of the legislature proposed for September.

The governor had promised to convene the legislature for the purpose of allotting a portion of the gasoline tax fund to pay interest and create a sinking fund for county bonds issued for construction of highways now a part of the state system.

Governor Sterling yesterday telegraphed Otis Miller of Anson, county Judge of Jones county, president of the County Judges' association in part as follows: "I am requesting the county commissioners courts throughout the state to defer the fixing of their tax rate and levies insofar as highway bonds are concerned until after the special session of the legislature has had an opportunity to pass the tax relief measure which I shall submit to it at the session early in September. . . . I am giving this message to the press in order that all county judges may get the request through the daily papers."

CHURCH OF CHRIST REVIVAL CLOSED

SPLENDID RESULTS ARE ENJOYED BY CHURCH DURING REVIVAL

The Revival campaign of the Church of Christ was concluded Tuesday evening when Elder Frank L. Cox, popular Mineral Wells pastor, delivered his farewell message to a splendid congregation. The sermon ended one of the most successful meetings ever held by that faith in Clarendon and the good, will live long within the community.

Seven additions, one reclamation and six baptisms were reported with a great spiritual uplift benefitting the people of Clarendon and surrounding communities.

Wonderful crowds featured each service of the campaign and were far in advance of expectations as anticipated by those in charge of the revival. The visiting Elder brought mighty messages of inspiring gospel truths and won the hearts of his hearers from the very outset. He left Clarendon with the best wishes of its citizens and his return will be welcomed by every one.

Sincere appreciation is expressed by the church to those who had a part in making the campaign a success and will gladly reciprocate if ever the opportunity presents itself.

Rev. and J. H. Braswell of Canyon are visiting in the home of their son, Sam M. Braswell.

To The Voters of Donley County

The second primary is rapidly approaching and I shall in print as well as in personal solicitation ask for your support on August 27th for the office of County Judge.

Again I wish to publicly thank each of the 1141 who saw fit to support me, and also thank those who did not for any consideration they may have given me. Of this number about half came from Clarendon boxes and the other half came from the other boxes of the County.

My views regarding the financial affairs of the county, as frequently expressed in my first campaign have not changed in the least. I believe in our county living within its income. I believe the best way to get out of debt is to stop making new obligations. At the same time I wish to state that I am not opposed to public and private improvement, but I believe in them only at such time that we can afford it and have some good sound business reason to believe that we can meet the obligation when it comes due.

So far as I know I have met practically every voter in the county. In case I missed some I am respectfully asking for your support and in case of election, promise to make you the best County Judge that my judgement can afford.

Respectfully,

S. W. LOWE

1930 Needle Club Plans to Piece Quilt

The home of Mrs. Melvin Cook, which was artistically arranged with cut garden flowers, was the scene of much planning and delightful conversation for members of the 1930 Good Will Club Thursday afternoon.

During the business sessions the members voted to piece and quilt a silk quilt which would on completion be given to the holder of the lucky ticket. The ticket being given to each purchaser of a dish of ice cream to be sold by members of this club at a later date.

Fancy needle work and bits of conversation, particularly concerning the present heat wave filled the remaining afternoon hours for the following club members:

Mrs. Dick Bain, Mrs. Nash Blasingame, Mrs. Si Johnson, Mrs. Don Martin, Mrs. Fred Russell, Mrs. Henry Schoffitt, and Mrs. A. O. Yates.

Wylfa Lee Alexander is Hostess

Last Thursday afternoon Miss Wylfa Lee Alexander entertained her Contract Bridge Club at her home. Misses Josephine Murphy and LaTrice Benson played high in the games for the afternoon.

Delectable refreshments were served at the conclusion of the games to the following: Misses Lorraine Patrick, Betty Walker, Ester Morrison, LaTrice Benson, Josephine Murphy, Elgin Patrick, Lois Alexander, Nell Butler, and Mesdames Kelly Chamberlain and Meade Haile.

1912 Needle Club Entertained

Last Thursday afternoon Mrs. L. S. Bagby entertained her Needle Club. The ladies had an enjoyable time sewing and in conversation.

Club members present were Mesdames W. H. Martin, R. A. Chamberlain, H. C. Kerbow, A. R. Letts, A. L. Chase, B. L. Jenkins, Sella Gentry, A. A. Mason, Crockett Taylor, J. T. Patman, J. B. Beard, and Annie Hall. Guests were Mesdames Floyd Baldwin, Price, J. W. Evans, Lee Hayes, Mathews, Seldon Bagby, John Lewis, J. D. Stocking and Misses Lela Clifford and Ross.

At the conclusion of the afternoon delectable refreshments were served.

Mrs. J. E. Mongole Hostess to Friendship Club

Mrs. J. E. Mongole was the charming hostess to the Friendship Club Tuesday. The rooms were decorated with bright garden flowers. The meeting was opened with the Lord's Prayer and then Mrs. Thornton was the leader in the Scripture lesson for the afternoon. The ladies then spent the remainder of the time in pleasant conversation and needle work.

A delightful ice course was served to the following: Mesdames M. T. Crabtree, J. D. Stocking, L. Ballew, J. L. Allison, G. T. Teel, C. R. Skinner, M. E. Thornton, and Toms.

Ladies Aid Meets at Mrs. W. L. Butler

The Ladies Aid of the First Christian Church met at the home of Mrs. W. L. Butler at Lelia Lake Wednesday afternoon. Mrs. John Beverly opened the meeting with prayer. After a short business meeting, Mrs. Ralph Paxson led the Devotional, the 8th chapter of I Corinthians. The hostess served delicious refreshments to 14 members and 2 visitors. The next meeting will be with Mrs. Owen Butler with Mrs. W. L. Butler leader of the 9th chapter of I Corinthians.

Miss Heckle Stark Entertains

Mrs. Heckle Stark entertained the members of her circle of the Woman's Auxiliary of the Presbyterian Church, at her pretty home in Sunny View, on Wednesday. The program on evangelism and educational work in Brazil was led by the Chairman, Mrs. J. E. Mongole. After the lesson a social hour was enjoyed.

As each member left she was presented with a luscious sample of what the Stark melon patch produces. Mrs. Neal Bogard assisted Mrs. Stark.

B. & P. W. Club Enjoys an Outing

Twenty-two members of the Business and Professional Women's Club of Clarendon enjoyed a picnic at the Bell Ranch Tuesday evening of this week. Swimming, games and a bountiful picnic supper made up the entertainment of the evening. Several guests were also present.

IT IS A WOMAN'S PROBLEM

By Jane Lacy
The threat of Fergusonism is primarily a woman's problem. I can not escape the conviction that Jim Ferguson would be definitely out of the political picture had she not won the ballot and given him the opportunity to continue, in his wife's name, policies and practices he can not impose in his own right.

In lending her strength to Jim Ferguson's political ambitions, Mrs. Ferguson but continues an age-old practice of womankind. We can forgive her; but we must resent the husband's eagerness to accept her sacrifice. We can not permit proxy privilege to invade the realm of woman's political self-determination. We must repudiate the sinister, Fergusonian institution which seeks to array our strength against the state and make our victory the common-wealth's defeat.

When women won their right to vote and hold office, they laid the predicate for such a situation as now confronts us. We must rise in our might and smite the threat that makes women its tool and the state its victim.

"I've been baking a long, long time and I know something about flour. I'll confess it was no easy matter to induce me to use my first sack of Pride of Amarillo, but now that I've found this better flour we're good friends for life. Pride of Amarillo has a distinctive flavor—the good old 'pure wheat' flavor—that I've never found in any other flour. I like it much better. So do John and the children and there's the final judges."

TOO-- Personal

By Mary Jo

The Inquiring Reporter is one of the most un-known writers of Donley County or any where. Her column is published in The News because it takes up space. The opinions she expresses are her own, no one agrees with her or is responsible for the things she says. Her mutterings are not to be interpreted rationally.—Editor's Note.

Did you see "Dr. Jekyll" and "Mr. Hyde" at the movies? I saw it and after Dr. Jekyll went through one of his nervous rigors to look like Mr. Hyde I mentioned to the girl next to me that I thought there was a resemblance between him and Clark Gable. Don't you think there was? She was indignant because Clark Gable was an idol to her and there wasn't much attractive about the animalistic Mr. Hyde.

MISS CLARENDON again had the town at her feet. Last Saturday on top of one of our most upright grocery stores stood the town beauty with a number of people looking up to her.

I read—"A liar must have a good memory." I thought that was a pretty good thought.

SUGAR STOMPING ROMANCE

One of the most delightful and informal gatherings of the week was Tuesday evening when "Clark" entertained a number of his friends (ladies free . . . men if they had or could borrow a dollar) at the OPRA HOUSE. Congratulations, I had the best time I have had this summer; when I get to be CONSTABLE I am going to see that there are more dances and I can chaperone them.

The SUGAR STOMPERS aided the host in entertaining and played many love inspiring tunes for gallant young men to dance with their girls of the moment. The hall was not adorned with the ever-present cut garden flowers and there was a scarcity of the old fashioned WALL FLOWER—now a fellow gets "stuck" with a girl. You could smell lilac and violet hair tonic on the men and a wide range of perfumes on the girls so it made up for the lack of flowers.

Refreshments were served all during the dance consisting of chewing gum, soft and hard drinks. The more sober-minded strolled to a confectionery where they had a soft drink and those that wanted to be "lighter on their feet and emptier in their heads" went to their car and enjoyed drinks from a fruit jar. THE LAW realized this and kept a watch on the stairs to see how straight the inebriated could climb them. Vote for me for CONSTABLE and I'll see if I can't remedy that.

The guests were dressed in their evening clothes. I roughly estimated that 82 per cent of the girls were dressed in Organdy. It gave some of them a flippant manner and they looked clinging and girlish. Blue was a predominant "tagging" color. Most of the females had a new Finger Wave, and a wistful smile. For the men, they looked rather well and I never saw so many who kept on their coats in spite of the heat. They had new hair cuts and shined for the evening. One fellow told me he didn't care about coming to the dance but he needed a shine and a hair cut and that was a way to get inspired to clean up.

Among those present was every girl in town that could manage for a date. Memphis sent a delegation of men, women, and children. A few of the town girls were escorted by these aliens and it gave them a very superior attitude to think they could charm a man that lived thirty miles

away. Oklahoma sent two profitable looking Don Juans. At a late hour "Tiger Rag" was played by the SUGAR STOMPERS and there was a lot of fast dancing and leaping, but no one was hurt. The dancers then calmed down and became more rested as they swayed to "Mighty Like a Rose." The guests then departed for their homes or the country.

Mr. and Mrs. Roy Scott of Memphis visited in the home of Mr. and Mrs. J. F. Hommell Sunday. Mrs. Scott is a sister of Mrs. Hommell.

Mrs. W. O. Hommell has as her guest this week her niece, Miss Elsie Price, of McLean.

SIG WRITES A LETTER TO THE GOVERNOR

Dear Ross:
Excuse the familiarity, but there's no use wasting words. I am now your kitchen cabinet, having appointed myself to that position when I was defeated for the legislature. The people did not want my political talents to be lost to the state, and it occurred to me I could serve best as your confidential adviser and factotum.

Let me be the first to congratulate you upon your good fortune in enlisting such remarkable ability so cheaply.

Our first job, of course, is to get you re-elected. To do that, we need a new plank in our platform. We must fight water with floods, fire with conflagrations. So here is the new plank: "If I am re-elected, I immediately will stop all prison system expense by paroling all the inmates and firing all the guards, clerks, and other taxeaters connected with that institution." This is a two-edged plank that will harvest votes with both edges. Taxpayers will welcome this tax relief, and friends of our prison wards will vote for you. While you are drumming up votes in the towns and cities, I will attend to these larger matters. In fact, I will tour the prison system and get all the boys and girls to write their people what to do.

By the way, we, too, can now offer two governors for the price of one. Me and you ought to be able to do more for Texas than Pa and Ma. Fact is, counting our wives (like Ma counts her husbands) we're bidding four governors for the price of one, while they only offer two. Let us raise that ante, if they can.

I will go into the matter of what is to be submitted to the special session of the legislature in my next letter. Meanwhile, better send me three or four hundred dollars for expenses. Helpfully yours, SIG.

Practically every line of manufactured goods will be on display in the Texas Manufacturers Exhibit which is now being arranged for the 1932 State Fair of Texas. It has been announced by Col. W. E. Talbot, managing director of the Southwest Development Bureau, under whose auspices the show will be held. The Texas Manufacturers Exhibit will be in the Main Exhibit Building and has been limited to only those goods which are actually made in Texas. Two hundred exhibits are expected.

MRS. MULKEY'S MOTHER LAID TO REST FRIDAY

Mrs. Mattie E. Williams, mother of Mrs. Homer Mulkey of this city, was laid to rest last Friday morning following her death early Thursday morning which climaxed a long and lingering illness. Funeral services were held at the First Methodist Church with the Rev. W. E. Ferrell in charge, assisted by Rev. B. N. Shepherd. The deceased was born Mattie E. Morris April 29th, 1847 in Virginia. She came to Missouri and was married to E. S. Doke in Pike County in 1865. The family moved to Texas in 1892 where she lived until thirty years ago when she moved to Clarendon. Six children were born to this happy union, four of whom survive their mother. Following Mr. Doke's death she married J. M. Williams following which the family home was removed to Clarendon.

The News joins with the community in extending its most sincere sympathy to the bereaved family and prays that God in His infinite goodness comfort the aching hearts.

CARD OF THANKS

There are not words expressive enough of the gratitude of the human heart for us to convey to our many friends and neighbors, our appreciation of the manifold words and deeds of helpfulness and sympathy in the recent illness and death of Mother Williams. Throughout her lingering sufferings there have been proofs added to proofs of the genuineness of friendship and continued acts of neighborliness which we shall never forget.

For all such friends and neighbors, their acts, comforting words and eloquent flowers, our hearts go out in profound thankfulness. May a Kind Providence reward you according to our gratitude and repay you in kind when dark days come, in our prayer. Mr. and Mrs. H. Mulkey, Mr. and Mrs. J. E. Richey, Mr. and Mrs. C. M. Doke.

MR. AND MRS. ANTROBUS ON MONTH'S VACATION

Mr. and Mrs. G. W. Antrobus left Wednesday for a thirty day vacation to points in the North. They go first to Lake Winona, Ill., where they will attend the World Bible Conference and enjoy the outing at the lake. From there they will go to the old home of Mr. Antrobus at Falmouth, Kentucky, where they will visit friends and relatives and attend to business, returning here shortly after the first of September.

Miss Pauline Lane who has been attending the summer session of Texas Tech at Lubbock returned to her home here last week.

Montie Garrison, former citizen of Clarendon, who is now residing in Childress, was a business visitor in town last Thursday.

Mesdames Earl Alexander, J. E. Teer and B. F. Kirtley motored to Amarillo last Friday afternoon.

Mrs. Sam M. Braswell is visiting and attending to business in Granville, Ohio, and other points in that state. She will return next week.

BULLINGTON TO MAKE RACE ON DRY PLATFORM

STRICT ENFORCEMENT ON 18TH AMENDMENT TO BE ADVOCATED BY WICHITAN

DALLAS, Aug. 10.—Orville Bullington of Wichita Falls, today carried the Republican gubernatorial banner in Texas, bent upon an aggressive campaign for the chief executiveship against the Democratic choice to be named in the run-off primary Aug. 27.

Bullington's acceptance speech and his party's state platform, adopted in convention yesterday, indicated the grand old party adherent would go before the voters of Texas, advocating strict enforcement of the 18th amendment.

Republican leaders joined Bullington in denouncing the Democratic national platform's enunciation for repeal of the 18th amendment and, pending that result,

immediate modification to legalize the sale of wines and beers.

Either Gov. R. S. Sterling, a candidate for a second term, or Mrs. Miram A. Ferguson, Texas' first and only woman governor, will oppose Bullington in the general election. Those two were paired in the Democratic run-off primary.

TENNIS TOURNEY PENDING INTEREST

COUNTY TENNIS TOURNEY TO BE HELD IF INTEREST JUSTIFIES PLANS

Interest seems to have lapsed a bit in the proposed tennis tournament for the latter part of this month and unless this interest is revived with sufficient entries to justify a really good tournament the project will be definitely abandoned. Plans have been made to stage the tourney on the dates, August 26-27, with an entrance of 50 cents per player to be used to purchase balls and other incidental expenses relative to the tournament.

All the tennis players of the city have enjoyed the new courts near the junior high school a great deal this summer and every one should take a great interest in a tennis tournament to end the season's play before the start of the fall term of school.

A suitable trophy will be presented to the winner of the tournament and will be played for each year until one player has won the prize three times. If enough players enter the play additional prizes will be awarded.

If you are interested and live in Donley County please send your name to The Clarendon News or see Charles Walker or Benton Smith. These names must be in before Wednesday, August 17th so final announcements and plans may be published in next Thursday's issue of The News.

In most of the tourneys over the country this summer, entries are being received by the Herald at a fast clip and the tourney promises to have upward to twenty crack teams of the country entered, among them the House of David bearded team, and the Holdenville, Oklahoma nine which copped the Denver Post Tourney a few weeks ago.

It's going to be a good scrap in the Southwest Conference this fall with the Championship Mustangs from SMU, Rice's Owls, A. & M's, soldier boys, and Texas' Steers all entertaining hopes of finishing at the top of the heap.

We'll give it a good think and let you know about it in a few weeks. Last year we picked the winner and will try again.

H. J. R. No. 1
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 1 of Article 6 of the Constitution of

the State of Texas be amended so as to read as follows: "Section 1. The following classes of persons shall not be allowed to vote in this State, to-wit: First: Persons under twenty-one (21) years of age. Second: Idiots and lunatics. Third: All paupers supported by any county. Fourth: All persons convicted of any felony, subject to such exceptions as the Legislatures may make. Fifth: All soldiers, marines and seamen, employed in the service of the Army or Navy of the United States. Provided that this restriction shall not apply to officers of the National Guard Reserve, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, except as provided in this section."

Section 2. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows: "Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps."

Section 3. That Section 40 of Article 16, of the Constitution of the State of Texas be amended so as to read as follows: "Section 40. No person shall hold or exercise, at the same time more than one Civil Office of emolument, except that of Justice of Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Navy, and

Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy and Marine Corps, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States; or retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States, or from voting at any Election; General, Special or Primary, in this State when otherwise qualified."

Section 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next General Election to be held throughout the State on the first Tuesday after the first Monday in November, 1932. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

S. J. R. No. 26.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 11, of Article 7, of the Constitution of the State of Texas, as amended by a vote of the people by virtue of Senate Joint Resolution No. 7, passed at the Regular Session of the 41st Legislature, be, and the same is hereby amended so as to hereafter read as follows: "Article 11. In order to enable the Legislature to perform the duties set forth in the foregoing Section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, except donations limited to specific purposes, shall constitute and become a Permanent University Fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the Fund, as may now be in the Treasury), shall be invested in bonds of the United States, or of the State of Texas, or counties of said State, or in School Bonds of municipalities, or

in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto; and the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing Section; provided that the one-tenth of the alternate Sections of the lands granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1858, entitled, 'An Act to establish the University of Texas,' shall not be included in, or constitute a part of, the Permanent University Fund."

Section 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on Constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1932. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

Well sir, Judge Alexander, is quite a truck grower. Was over to his office the other day and he drove up in his "hoopie" and I'll be something if he didn't have 500 pounds of the finest grapes I ever saw stacked in the back of that automobile. He had just come from his splendid farm out in the Naylor community where he raises a variety of farm and truck produce. It was nearly dinner time and Milt Mesley and myself evidently looked pretty hungry for the Judge rationed us out a portion of the different varieties of his vineyard produce. I'll tell you those Alexander grapes make good jelly. If you folks want any of 'em you better speak quick for people all over the Panhandle are snapping them pretty fast. Thanks Judge, the whole Braswell delegation sure are enjoying them.

The Clarendon golf entry in the Cap Rock Golf League pulled away a few points from the stubborn challenge of the Shamrock golfers Sunday when they up and smacked the visiting Wellington players all over the lot for nineteen matches to sweep the day's play and register the local's first clean sweep of any single match played this season. However, the narrow margin which separated the Hillcrofters over Shamrock was not widened very much as the Wheeler county boys thumped Memphis off with 12 matches won out of 15 played.

As it now stands, Clarendon has the inside track and is almost certain to come under the wire first as both contenders lack only one more match finishing the league schedule. Clarendon plays Childress at Childress, August 20 and Shamrock goes to Pampa the same day. Both leaders are expected to run into some tough competition, but should win with about the same margin.

Even Ira Merchant won a match Sunday. Ira hustled in Monday beaming from ear to ear and demanded congratulations. I hadn't heard of his conquest of the day before, and not believing him anyway, was sort of reserved in our shouts of joy and other demonstrations of the nature. However, we took off down the street to the hardware emporium where all sporting and political matches are re-played and re-staged and sure enough Merchant had won another golf match. What-a-man. It must be great to be that good.

It sure looks good to see T. J. Mann back in town anxiously awaiting the first call for football recruits to the ranks of the Broncho District and Bi-District champions. Thomas Jefferson isn't hardly big enough to carry all the name around with him, but believe you me, he is dynamite on the football field, and he is going to be heard from plenty and frequently this year if he begins this year where he left off down at Wichita Falls last December. The mighty mauling midget Mann arrived Wednesday morning and took up his residence with Floyd Lumpkin.

T. J. moved to Dallas at the close of school last year and the chances looked slim for his being a member of the Bronco

again this year until Lump gave him a place to stay and his board.

And while we're speaking of the pie-skin activity, it reminds us of what we read in the Memphis Democrat last week. The home town boy that made good, good friend Adrain Odom, writing sports for the Amarillo Globe-News blasts forth with a stirring survey of the Class "B" football situation. Clarendon it seems won't be much of a factor in the race this year as practically all the football talent was lost through graduation. That was most interesting news to local fans and no doubt met with favor there. The Cyclone backers. There seems to be just a few details which Odom missed in gathering his facts for the article, and he further tells of how the spotlight will be centered on Memphis in the approaching campaign. Memphis no doubt will have their usual fighting eleven, as always but the writer evidently overlooked the fact that such proven ball toters as Captain Andis, E. Watson, McMahan, Boles, Davis, Mann, Hudson, Reavis, and others will be listed among the most favored men to carry on for the Maroon and White, while the forward wall will feature experience, weight, speed and aggressiveness in such candidates as Behrens, Martin, Easterling, Greene, Walters, Gorman, Haile, Cooke, O. C. Watson, Johnson, McCrary, Linders, Jackson, O'Neal, Reid, Turnbow, Clemons, Smith, McKee, Butler, Word and numerous others.

While the other teams of the district are favored to hold the advantage, Clarendon, with this line-up, is content to accept the role of the underdog. That's fine, but a warning to other teams in the district is—"Be careful with the dog, you might get bit."

Thanks for the information Adrain, and come down and be our guest when we play for the Bi-district title.

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surface.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,488,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

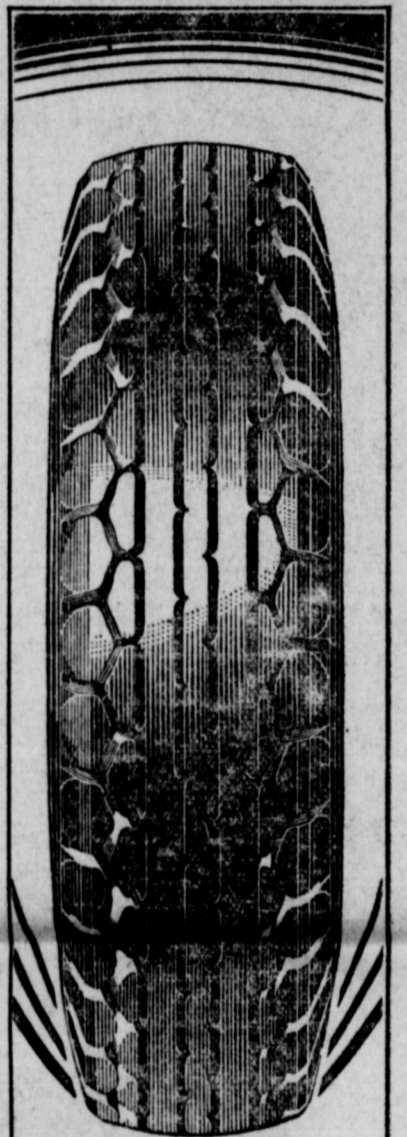

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

● The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

Gov. R. S. Sterling To Call Special Session To Relieve Tax Burdens

Chief Executive to Issue Call For September Meeting to Act Upon Tax Relief of Lifting Highway Bonds From Homes, Farms and Ranches to be Effective For 1933. Urges Quick Action by Legislature.

Part of Gasoline Tax Advocated For Purpose

AUSTIN, Texas, Aug. 2.—Governor R. Sterling said in a statement today that he would limit business before a special session of the Texas legislature he plans to call to meet next month to consideration of relief to counties of highway bond burdens.

He said he would not propose to the extraordinary session a proposal that salaries of state employees and administrators of departments and institutions be readjusted. He said he believed that matter should be left to the new incoming legislature next January.

Gov. Sterling expressed a belief that the special session could complete its work in one week's time. Under the Constitution a special session of the legislature is limited to 30 days, it being within the discretion of the legislators when they shall adjourn within that period.

His formal statement follows: "I have heretofore stated I will call a special session of the legislature after the primary to act upon the tax relief of lifting highway costs from the homes, farms and ranches, in time to be effective during 1933.

"It is my purpose to issue the proclamation, to be held immediately after the democratic state convention in Lubbock on Sept. 13.

"At the primary on Aug. 27 a new legislature will have been nominated. It will include a large number of new members and many of the present members will not return.

"I would deem it unfair to ask

the retiring members after a new legislature has been chosen, coming fresh from the people with a mandate of their will, to undertake to set up a new policy with respect to the readjustment of existing public salaries. That properly should be left and will be left to the people's newly elected representatives who will meet in regular session in January.

"Since the call will be limited to the one purpose of relief of highway bonds, it is my belief the work can be completed in less than a week."

THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE

THE DOORS OF THE HOUSE, THE MOUTH

Psa. 51:15.

There are three kinds of doors in this wonderful house that we are studying, the mouth, nose and ears. The mouth is the most important. We are not quite so dependent upon the ears and nose. Some people live, even the deaf. Others there are who get along very well with very funny noses, but no one can live without a fairly good mouth. The mouth is the passage way to the lungs.

By it we utter sounds, speak and partake of food. The mouth renders us splendid service, and because it can be put to both good and bad uses, I am taking it as a text.

You look into the mouth and there you see the tongue. It is one of the most principal pieces of furniture in the house. It is by the tongue we taste, and by it we speak words. The Arabs have a saying, "The tongue's greatest storehouse is the heart."

The Bible says: "Out of the abundance of the heart, the mouth speaketh." To keep your mouth right, and your tongue right, you must keep your heart right.

The tongue can bless, it can curse, it can sing, it can lie, it can hate, it can love.

The mouth is the most important door in the house. We must keep this door-way clean. The mouth is really a broadcasting station, the first and best of all such stations.

Jesus in His brief ministry had much to say about the use of the mouth. He warns us that by "Our words we will be justified and by our words we shall be condemned."

this lesson Sunday morning. At the evening service, our subject will be: "The Second Coming of Christ" we will show how the nations of the world will appear before Him to praise and confess Him, and to be judged. You will enjoy these lessons, so be present. —W. E. FERRELL, Minister, First Christian Church, Clarendon, Texas.

PANHANDLE MUSEUM BUILDING TO BE STARTED SOON

CANYON, Aug. 10.—Work on the Museum building for the Panhandle-Plains Historical Society will begin within a month.

At a joint meeting of the Board of Directors of the Historical Society and the State Board of Teachers' College Regents here today plans for the building were approved and accepted and bids will be received within the next two weeks. The Historical Society has in the banks \$25,000 to match an equal amount appropriated by the last Legislature. The actual construction of this will bring to a climax a movement which was started almost five years ago and will give to the Panhandle the first State owned Museum in Texas. The building will be erected on the campus of the West Texas State Teachers College where the property of the Historical Society has been housed since its organization in 1921.

In order to complete the \$25,000 fund the Board of Directors of the Historical Society borrowed \$600 but outstanding pledges which will be paid at the earliest possible moment will take care of this obligation.

Mr. MacDonald of England, and President de Valera of the Irish Free State, part without coming to an agreement about the tariff. No well-regulated country should be deprived of a tariff dispute. The Irish and the English have no reason to be discouraged.

A St. Louis broker has left about a hundred thousand dollars for the care of dogs and cats. Perhaps he showed good sense in selecting dumb animals as beneficiaries. At least, the canaries and white mice will not try to break the will.

The Atchison (Kansas) Globe apologizes for stating that a fellow editor was 88 instead of 78. No apology was necessary. Running a paper adds ten years to anyone's age.

At this particular time, it may be appropriate to reprint a sentence written long ago by Poe: "I never knew a man in my life who could not bear another's misfortunes like a Christian."

The economy gun has been fired and its echoes are beginning to come back. Some Ohio folks are unreasonable enough to object to having their mail delivered by freight train.

Grandfather's stories often have to do with the ravages of cholera in America, several generations ago. Today it is kept out by a barrier of enlightenment, scientific achievement and sanitation. In the third century, the Chinese constructed a wall of brick, twenty-five hundred miles long, seventeen feet thick, sixteen feet high, and provided with twenty-five thousand watch towers. It was designed to promote the public weal. Today the Chinese population is being decimated in some quarters by cholera and other epidemic diseases. It is time for China to build a new and better wall.

We are indebted to the Middle West for one good phrase, and to the Atlantic seaboard for another. An Indiana college president says that the country is suffering from "spiritual illiteracy" and a former Secretary of State, speaking in New York, expresses the opinion that the land is getting over a "financial drunk."

One orchestra leader has sued another because the man used claims that he is the King of Jazz. The title suggests some kind of an action for libel, rather than a quarrel as to which litigant should have the exclusive right to defame himself.

Man who snooped into prison affairs, says that he was told to quiet down before his boy got what the Lindbergh baby received; and a convict who broke jail in one state asked to have his sentence increased to life in another.

in order to avoid what he would have to take if returned to the institution from which he escaped. Criminals cannot be handled like children on a playground, but now and then something crops out that leads the average reader to think that prison reform still may have some distance to travel.

Quotation for the week. "People seldom improve when they have no other model but themselves to copy."

Many bands will be featured in the amusement end of the 1932 State Fair of Texas. With more than 100 bands expected to compete in the Statewide B Contest and with numerous bands with the various attractions booked for the exposition, band music should be plentiful. Two of the most famous bands which will be heard at the State Fair are Henry Santrey's band which will be at the auditorium, and the Singers Midget Band which will be on the Beckman and Gerety Midway.

Women who patronize Conoco Service Stations are delighted with the courtesy and helpfulness of Conoco salesmen. There is nothing forward or obtrusive about their service, but it has the little touches of respect and thoroughness that make it pleasing.

Conoco men always see that your windshield is polished clean, that your tires are checked accurately and that the radiator is filled... without splashing. They are glad to furnish battery water, if you desire.

Women are especially pleased with the spotless, plainly marked Conoco

rest-rooms which are available for them.

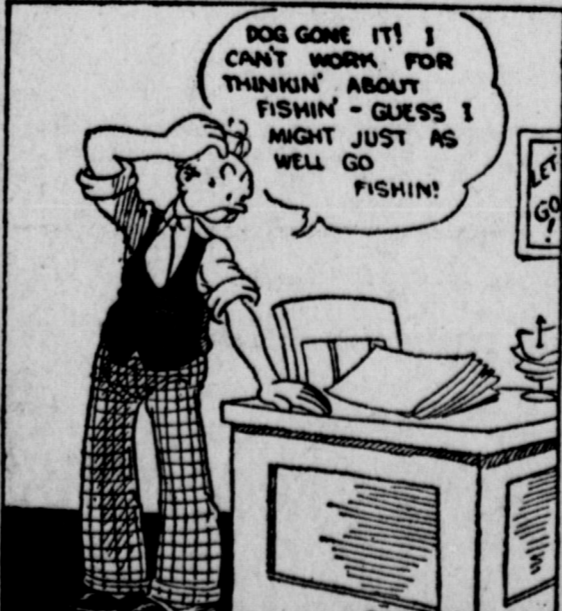

Women who are traveling by car find Conoco service invaluable. At any Conoco station they can learn the condition of near-by roads, receive accurate mileage and route information, obtain dependable road maps and authentic details about local hotels, camps, sports and sources of supplies. The Conoco man will check packages and arrange to handle mail and telegrams.

All of these services are free, of course; not only free, but rendered with a spirit that leaves no doubt that the Conoco man is eager to be helpful.

DRIVE BEING MADE FOR SENATOR PARRISH

LUBBOCK, Aug. 9.—Sole West Texas survivor of the first primary in the three-sided race for Congressman-at-Large, Senator Pink L. Parrish, of Lubbock, is vigorously pushing his run-off campaign.

Paired in Place No. 1 with George B. Terrell, aged politician from over near the Louisiana border, Senator Parrish carried into the August battle of ballots the standard of West Texas, deserving of two new members of the House of Representatives had the State been redistricted in accordance with law as based upon the 1930 Federal census figures. Unless West Texans line up almost solidly behind their one candidate the broad acres of the Panhandle-Plains, and Central West Texas will not be recipient of the added representation to which it is entitled.

Parrish Working Hard Senator Parrish, who has represented the 30th Senatorial district in the upper house of the legislature for the past three and a half years, is letting no grass grow under his feet as he pushes his drive for the Democratic nomination which is tantamount to election. He expresses optimism and feels that he will lead his veteran opponent from the first through the last count following the coming election.

"I favor submission of the 18th amendment to the voters of the United States despite the fact that I have always voted personally for prohibition," he says in commenting upon his platform. "Texas Democrats, in the July primary expressed an overwhelming desire to secure such submission and if I go to Congress I shall always endeavor to be guided by the wishes of the Texas constituency—on prohibition and everything else."

Against Debt Extension As for extension of war debts, the Lubbock man takes a very decided stand. "I am in favor of collecting every penny that is owed us by European Nations," he declares. "And the sooner the better. If it is not possible to collect those debts without further extension, I favor, in addition to the government's extensions, a similar extension on the part of international bankers. In other words, if our government gives European nations longer to pay their debts, the big banking houses must do the same. I see nothing fair about the government's stepping aside in favor of Wall street."

Is Native Texan Son of a Confederate veteran and a native of Lamar County, Senator Parrish has resided in West Texas since his youth. He is interested in farming and stock raising on a small scale and "Because I have had actual experience along this line" is ready to fight the battles of agriculture in the House of Representatives if he is sent to Washington. "To my mind," he says, "it is impossible to bring about a return of normal times until agriculture and its contributing agencies are saved from the slough in which it now reposes."

"I also favor elimination of the bureaucratic form of government saddled upon us by the Republicans. It is too inefficient and too costly and if I go to Congress one of the principal problems upon which I aim to work is the reduction of governmental costs, to be reflected in decreased taxes."

"I do not mean that I will favor 'penny wise, pound foolish' economies; such a program would be harmful. But I do know that many economies can be placed into effect in the operation of the national government and that's what I'll be after," he states.

Has State-Wide Strength Senator Parrish, who received a whopping big vote in South and East Texas in the July primary, believes the people of Texas will largely agree that the Panhandle-Plains area is entitled to at least one of the three Congressmen-at-Large.

ON TEXAS FARMS By W. H. Darrow, Extension Service Editor

In spite of loss of a good tomato market this year, J. T. Youngblood in Upshur county declares he will stay with the crop another year because he has made more than \$30 per acre from three acres with the crop half picked. The unsold surplus of the Upshur crop is going to hogs and into cans, the county agent states.

Because nine Wharton county 4-H Club boys made an average of 49 bushels of corn per acre last year, compared to a county average of 20 bushels, there are 37 farm boys growing corn this year under county agent direction.

Karl Miller of San Benito got a 15 percent increase in Irish potato yield this year from land on which legumes were turned under last season. Up to July 1st 3243 acres of land to be planted to soil building legumes had been reported to the county agent.

A total of 12,592 containers of food have been canned in the community kitchen in Georgetown since its establishment a year ago by a civic organization in cooperation with the home demonstration agent. It was in constant use through June, some of the time keeping open for all night runs.

Average grocery bills of \$3.77 per family are reported for May by 57 Robertson county home demonstration club women who are leading the way in demonstrations of wise living at home.

TO THE VOTERS OF LEGISLATIVE DISTRICT NO. 122

With this I want to thank my supporters among the voters of District No. 122 for their handsome attitude toward me.

I suppose that the 2188 men and women that decided to vote for me did so under the assumption that I would make a clean campaign. I can assure them that I carried out this implied mandate in full, and that the reputation of each one of my four competitors, so far as my tongue and my pen are concerned, is as good after the campaign as it was before. The three lawyers who ran against me returned the compliment in like spirit.

I had a very definite and clear-cut idea of what I would try to do in case I was sent to Austin. It is obvious that if the producers of the new wealth of this district and of Texas could have the opportunity guaranteed under the Federal and State constitution—equal opportunities and equal burdens—the general welfare and wellbeing of all citizens alike would be more in line with what we all wish and hope in our moments of quiet reflection.

If a man now to be chosen to represent this district in the next legislature should prove to be unequal to such a task I shall in all likelihood make the race again.

Yours cordially, Richard Wischkaemper.

CAPITALS OF TEXAS

How many could name, offhand, the Capitals of Texas if asked the question? Probably not many.

As a matter of fact, Texas has had thirteen Capitals, some for a very brief period of time. And the permanent location, which is familiar to all present residents was made probably prior to the memory of any person now living. Here is the list, with the date at which the capital was located, as given by the World Almanac: Saltillo, Mexico—1824. Monclova, Mexico—1833. San Felipe de Austin on the Brazos—1835. Washington on the Brazos—1836. Harrisburg, Galveston, Velasco, and Columbia on the Brazos—1837. Houston—1839. Austin—1842. Washington on the Brazos. Austin—1845.

Local Lions Hosts

Secretary made a report of the group activity which was accepted.

Chairman Meader called upon Lion Sam M. Braswell, immediate Past District Governor, for a short speech and he complied with his expressions of appreciation for the splendid support and co-operation of the group while he served in office and also gave an interesting resume of the activities and advancements of all the clubs in the group.

In the election of new officers for the coming year Lion Fred Landers, publisher of the Estelline News, was elected Group Chairman with Lion T. A. Powers, also of Estelline, as Secretary.

Lion C. C. Broughton of Childress made a stirring bid for the next Group Meeting to be held in Childress which was accepted by acclamation, the date to be set in October.

As the final number on the program the New District Governor, Lion C. H. Walker of Pampa was introduced and gave a wonderful and inspiring address on club management, stressing the points which should be worked on faithfully by each club in order that every club in the District may be benefitted and up-bid to the finest point, thereby becoming a greater benefit to the community which they serve.

With the singing of the "Eyes of Texas" the group adjourned until the next regular meet in October.

ject and this save many dollars in case the specimen had to be purchased from supply houses.

College Government will be another new course offered for the first time this fall.

As the fall term opens September 5th and time draws near Dean Clark is anxious for every boy and girl in this section of the Panhandle who intends to attend some college to have a copy of this year's catalog and asks the citizens of Clarendon and the surrounding territory to send the name of such student to Clarendon Junior College, Clarendon, Texas.

The Library is another of Clarendon College's most prized possessions and is without a doubt the most complete and up-to-date of any junior college in the entire state.

Cottons For Sunny Days

THE vogue for white continues with unabated popularity. This summer when you think of white you instinctively think of cottons. One reason for this is that white cottons are so cool and comfortable. They are washable and above all they are the acme of economy. The versatile younger generation that has a crowded calendar of sports, week-end yachting trips and visits to the country will plunge heavily on the black and white sports frock shown in one of the accompanying photographs. This is particularly smart by virtue of the double breasted jacket blouse—a new feature in the mode for summer. White pique is used for this costume which goes admirably with a smart sailor breast of heavy woven cotton fabric. The other photograph shows one of the new beach frocks which is just the thing for those hot sunny days so delightful to many who take their sun tanning and swimming seriously. This costume is also of pique and has already scored a great hit in smart European resorts with indications that it will enjoy pronounced favor in summer wardrobes in this country.

Mrs. Mollie E. Gray had as her guest on Tuesday Mrs. Belle Tomlinson, Worthy Grand Matron of Texas Order of the Eastern Star; Mrs. Maude Ripley, member of the Grand Examining Board; Mrs. Minnie Qualtrough, District Deputy Grand Matron, and Mrs. Clark of Dallas. They were on their way from the Memphis school to the Pampa School.

Henry Ansley's Rise to Fame Traced to Speech Delivered Here

While Clarendon has failed to command the spotlight of the nation as being the birthplace of a president, governor or financial wizard it does hold the distinction of being the birthplace of the fame of one, Henry Ansley, well known "Jackass of the Plains," erstwhile newspaper writer and professional bull slinger of this great commonwealth. Little did the citizens of Donley County realize when they attended an annual banquet of the Clarendon Chamber of Commerce last January they were to listen to a gem of after-dinner speaking which would spread its humor and homely philosophy from pole to pole. And the gay lothario, Henry himself, had no intention of his latest and most sparkling bit of nonsense being printed and reprinted in practically every publication on the North American continent.

"Why I Like The Depression," of all inane subjects for a Chamber of Commerce address. The gathering was disgusted and slumped in their seats expecting the worst and ready to force a laugh or two at the Ansleyified statements. But did that worry the Panhandle's most notorious mispent columnist? Of course not—it never has, has it? Well sir, the stage was set and Henry rose to new heights of eloquence as he gesticulated and gesticulated over the glorious advantages being derived from the splendid and wholesome depression we are all enjoying. Henry was away and really proving he was a

genius when it came to telling lies and making himself and every one else believe them. The dark clouds which mantled the shoulders of the chamber enthusiasts began to turn to a rosy hue and as soon as the startled natives recovered from the initial surprising blow began rolling in outbursts of merriment as Henry "Lord Blessed 'em, and further strengthened his claim to the title of "Jackass of the Plains". That speech delivered in Clarendon won the Amarillo speaker much fame and probably fortune as the address greatly amplified for the publishers has been printed and is now selling on practically every news stand throughout the United States. We are still looking for our autographed copy of the book written by that great and glorious Panhandle rival to Oklahoma's Will Rogers, Governor Murray and Pretty Boy Floyd.

Secretary Jerry Debenport and Archie Blanton of Childress were here today urging the members of the Clarendon golf club to support Childress for the tournament which will mark the end of the Cap Rock Golf League play of the season.
