City Insurance Key Rate Reduced Again

Celebration Boosters To Visit East Cities Tomorrow

CITY KEY RATE LOWERED 3 CENTS

LATEST KEY RATE REDUCTION GIVES CLARENDON LOW RATE OF 27 CENTS

Following closely upon the heels of a rate reduction a few months back, comes an announcement from the State Fire Insurance Commission of Texas in which the citizens of Clarendon are entitled to a further Key Rate Reduction of 3 cents effective on policies written by agents after June 15th, this year. The additional reduction comes as a distinct surprise to the local agents, and it is doubtful if another city in Texas the size of Clarendon enjoys the minimum rate which the city of Clarendon now boasts. Before the last reduction the rate was 30c for the insurance of Clarendon and with the new change the key rate will be found to be only 27 cents.

The new reduction comes from the necessary changes being made in the city's pumping system. The system has always been adequate to care for the needs of a town with far more population than Clarendon boasts, but there were a few minor things in the location of the pumps which the state department were not satisfied with, so with the changes came the long sought for results—the three cent credit on the key rate.

The new rate of 3 cents is effective on all mercantile buildings and stocks of the city after June 15th, while a reduction of 2 cents will be effective on all public buildings, dwellings, hospitals and special hazards.

GIRL SCOUTS GIVEN CAMP SITE NEAR CLARENDON

Through the generosity of Mr. J. J. Goldston the members of the Clarendon Camp Fire Girl troops will have a place all their own in which to hold their camps in the future. A camp site has been donated the troops of the city of Clarendon, and a more suitable location would indeed be a hard task to undertake. The site is across the road from the Country Club grounds and is situated in the midst of a fine grove of large cottonwoods. Not only is there splendid shade, but there is also fine fresh water springs to take care of the girls' thirst. Work has been started on the improvements of the site and a first class up-to-date camp will no doubt be the outcome in the near future.

Pampa Announces First Wheat Show

An ad will be found in this issue of the News announcing the Wheat Show which is a part of the Gray County Fair to be held at Pampa September 10-12 inclusive. The Pampa Wheat Show is the only one of its kind in the southwest and interest is running high over the prospects for such a splendid exhibition of the crop which has been such a vital part in the development of the great Panhandle area.

BRICE TRIPPERS HAVE BIG TIME

LAST OF BOOSTER TRIPS PROVES TO BE GAYEST MEETING OF SCHEDULE

The Fourth of July Booster Trip to Brice last Friday evening proved to be the gayest gathering of the year for the large party of Clarendon folk that made the visit to the thriving little city just outside the boundaries of Donley County. The largest crowd to make a trip from here attended and enjoyed no little of the splendid fellowship of the people of Brice during the evening's visit at the spacious school house.

T. D. Nored acted in the capacity of master of ceremonies for the evening and proved to be one of the cleverest and most efficient program handlers of the series of trips. The program too was one of the best to be presented by the local entertainers and was enjoyed by the Brice citizens.

The Clarendon band was on hand in their usual peppy style to give the evening just the right tonic needed to get it started off on the right foot. After the band numbers Mrs. Bass presented two charming numbers on the piano, especially was her rendition of "Mocking Bird" to the liking of the audience. Charles Walker pleased the crowd with a trombone solo after which Miss Mary Travis Dyer took the house by storm by her solo tap dance.

DR. M. L. STRICKLIN JOINS BROTHER HERE

Dr. M. L. Stricklin of Grosebeck arrived here the past week and has joined his brother, Dr. C. G. Stricklin in the practice of medicine with offices in the Goldston building. The newcomer is a few years older than his brother, C. G., and comes to Clarendon with a splendid record in his profession from Grosebeck where he has practiced for a number of years.

Dr. Stricklin will move his family here in a few weeks and expresses himself as delighted with the climate and citizenship of Clarendon. He qualified as a citizen early in the week by enrolling as a cash-in-advance reader of The Clarendon News.

Sam Cauthen of Clarendon was awarded the B. A. degree at the fifth annual commencement exercises of the Texas Technological College when 163 were graduated. Eighty-eight others are to receive degrees in August.

NEWS WINS HONORS IN STATE MEET

Last week at the sessions of the Texas Press Association The Clarendon News was listed among the prize winners in the contest for the best set of ads of the weekly newspapers of Texas. For the past five or six years The News has entered similar contests of a state-wide scope and each time has been a consistent winner.

Mayor Cagle Attends Texas Mayors' League

Mayor W. P. Cagle returned to his home here Tuesday night from Lubbock where he has been attending the sessions of the League of Texas Municipalities in that city. A splendid time was reported by the Clarendon chief while in the convention city with a fine line of entertainment offered for the pleasure of the visiting mayors.

Municipal Ownership was the main theme of the sessions with the most popular opinion favoring the municipal form of operation in the city. Practically every one of the larger city mayors were strongly in accord with the city ownership idea.

The only drawback to the entire affair according to Mayor Cagle was the fact that the majority of the time was spent in discussing the problems facing the larger Cities of Texas, while very little attention was devoted to the wants of the smaller cities.

The next year's convention will be held in Dallas. Mayor Ernest O. Thompson of Amarillo was elected Vice-President of the organization for the coming year.

NORED TO HEAD RETAIL ASS'N.

RETAIL CREDIT MENS ASSOCIATION PLANS TO OPERATE IN THE FUTURE

T. D. Nored, manager of the local unit of the West Texas Utilities Co., was elected head of the Retail Credit Mens Association for the ensuing year at the regular meeting of the organization Tuesday evening at the Clarendon Hotel. Other officers of the group elected were Ralph Andis, Vice President; and J. Ed Teer, Arthur Parker, and Joe Holland, directors.

The principal discussion was relative to the Fourth of July plans and the question of whether it would be proper for the stores of the city to close for the day. After some debate the question was settled by the decision of the group to abide by the agreement entered into some years ago and close their doors on the Fourth of July so all employees and employees may take advantage of the opportunity to enjoy the celebration to the fullest extent.

The question of incorporation was next advanced and after lengthy discussion the organization voted to incorporate in the near future.

MACKAY WILL WRESTLE PABLO RODRIGUEZ HERE

A telegram from Cal Farley late Wednesday evening announced that Pablo Rodriguez, Spanish wrestler from Las Vegas, New Mexico, would meet Cyclone Mackay in the wrestling match to be staged here on the night of July 2nd. Farley assured the Clarendon folks Rodriguez was one of the best and is so good he has been secured to give the Little Irishman his training lessons preparatory to his championship match in Amarillo next Monday night. Both Mackay and the Spaniard are looking forward to the match here, and a large crowd is assured for the match.

LOCAL POSTMASTER IN CONVENTION AT AMARILLO

C. H. Bugbee, postmaster for this city, was in attendance on the Postmaster's convention in Amarillo Wednesday of this week. Mr. Bugbee, although head of a second-class office, stated that he seemed some good from the convention which was for those postmasters of third and fourth class offices. Roy Nichols, Houston postmaster, was the speaker who held the center of the stage during the greater part of the day, telling of a great many things that were of interest to the gathering.

Mr. and Mrs. D. W. Clappitt and son, Roy, left Tuesday for Amarillo and Farwell where they will look after their lands. They plan to return to the city Saturday.

Mr. and Mrs. Robert Dillard announce the birth of a son this, Thursday morning.

CITY ASKS FOR CUT IN RATES

BOTH THE TELEPHONE AND GAS COMPANY HAS BEEN ASKED TO LOWER RATES

Sensing the times of depression and wishing to do something that will help the citizens of Clarendon, Mayor W. P. Cagle has issued letters from the City of Clarendon to both the State Telephone Company and the Gas Company asking that the utility users in this city be given a fair cut in the rate price of the commodity furnished. The letters sent were in no way hostile in their nature, but were merely a request for the benefit of the city's users of the gas and telephone service. The rate being paid by the local users of the utilities at present are the same rate which was paid several years ago when the county was in normal circumstances.

With the condition of the county in mind at the present time, the city feels justified in the request and the Mayor is being commended for his efforts which have been expended for this worthwhile move. At the present time a reply has been received from the Telephone District office with the answer that the matter will be taken up with the manager in the near future, with the final reply forthcoming shortly. No answer has been received from the Gas officials, but a reply is expected with each mail.

Elmer Palmer Elected Head Of Masons Here

Elmer Palmer was elected Worshipful Master last Friday evening at the regular meeting of the Masonic Lodge. Election of officers for the coming year was the principal order of the evening with the following elected besides the officer listed above: Nolie Simmons, Senior Warden; Homer Mulkey, Junior Warden; E. A. Thompson, Secretary; W. H. Patrick, Treasurer; and Lonnie Hahn, Tyler. The last three named were re-elected to their positions, while Elmer Palmer succeeded Homer Parsons, retiring Worshipful Master; Elmer Palmer is the retiring Senior Warden and Homer Mulkey succeeds Clifford Allison, retiring Junior Warden. Installation services will be held on the evening of Wednesday, June 24th.

BURNED FINGERS GETTING TO BE AD IN CLARENDON

We have all heard the old saying "don't get your fingers burned," but despite the age old warning there seems to be a tendency among the citizens of the city to do just that very thing—and a fine job they did of it too.

Dr. Harter is this week wearing the results of his unheeded warning with his right hand bandaged in great style. It happened this way—Doc was frying a steak (or at least that is his story) and a quantity of hot grease leaped from the pan and covered his favorite tooth probing hand. The results were painful but the severe burn is healing satisfactorily at present.

Camp Fire Girls Beautify City Park

The members of the Camp Fire Girls of the city under the direction of their capable instructor and leader, Miss Lorena Stegall, have been busily engaged in the beautification of the city park for the past week. Every member who was able was at the park site Monday morning at 5:30 o'clock busily extracting the weeds which have grown in the flower terraces and other flower beds of the park. The girl's work can easily be seen by any who might take time to visit the new city park. The flowers and the trees are coming up splendidly and the work of the Camp Fire troops have been one of the greatest factors in the appearance of the city's beauty spot. The girls have worked faithfully and are proud of their flowers, so a word or two in commendation of their efforts from the citizens of Clarendon would not be too much an exertion on the part of the local folk.

Mrs. E. P. Shelton left Tuesday morning for Dallas, to visit several days with her parents.

GROCCERS-GASSERS WIN LAST GAMES

DRY GOODS CLUB DOWNED IN FINAL GAME TO SPOIL THE SEASON'S RECORD

The Clothier's dream of coasting through the first half of the city Twilight League with their record unblemished with a defeat was blasted last Friday afternoon and night when the up-and-coming Gassers took advantage of the darkness and the late hour when all good and true Dry Goodsmen should be in the midst of their dreams, and pushed across the winning run.

Up until it got so dark it was a real ball game with the score tied at 6 all at the end of the regulation seven innings. The League Leaders tried desperately to hand the game to the Gassers by a series of errors early in the game, but a four run rally in the last inning tied the game up in a double knot. In the semi-darkness the Dry Goods scored one run in the eighth to take the lead, but it was darker when the Gassers took their turn and sneaked two tallies across the plate while the Clothiers were trying to find the ball in the ever thickening gloom.

ROY WILSON CASE REVERSED BY APPEALS COURT

Word was received here the last of the week from Austin of the reversal of the Roy Wilson arson case verdict by the court of appeals of the state. In the verdict received here in District court Wilson drew a penalty of 5 years in the penitentiary for his alleged part in an arson charge in this city. The case will be retried if the prosecution desires to again carry the charges into court. Grounds for the reversal of the case is not known as yet by county officials.

H. G. HASTINGS IS NEW MANAGER AT PANHANDLE

Mr. and Mrs. H. G. Hastings who for the past several months have managed the Antro Hotel in this city, have accepted a like position at Panhandle, Texas, where they will take over the management of the Panhandle Inn. While in the city Mr. and Mrs. Hastings and their little daughter made many friends and their many friends here wish them the best of success in this new place.

DRESS CONTEST IS DECLARED SUCCESS

LARGE ATTENDANCE FROM SEVEN CLUBS SHOW GREAT INTEREST

Donley County's Home Demonstrator was more than well pleased with the results of the County-wide Dress Contest held here Wednesday of this week. Estimates place the number in attendance at eighty-five persons, representing seven of the clubs of the county. All of the ten clubs had entries who started the work January first, but only were in the final contest.

The event opened early Wednesday morning with the ladies gathering in the Legion Hall, where the garments were placed on display for the inspection of the judges. Judging the garments proceeded steadily through the morning until the noon hour, when a basket dinner was set out in the Woman's Club Room in the lower floor of the City Hall.

The contest was made up of Wardrobe Demonstrators, one from each club, and co-operators, made up of all the other members of the clubs represented. A total of forty-three dresses, complete with their foundation patterns were displayed, while seventeen of the women had completed their foundation patterns and had them there for the judges to inspect. Ashtola led the list of clubs with the most foundation patterns. Clarendon was second and Smith was third on the list.

The clubs of Clarendon, Chamberlain, Ashtola, Whitefish, Smith, Naylor and Hedley were represented here with their dresses and their patterns.

Winners in the contest are: First, Mrs. C. E. Lindsey, Clarendon; a free trip to College Station and the Short Course. Given by the Chamber of Commerce. Mrs. Ross Adamson, Hedley, second; Paper for living room. Mary Lovell of Ashtola third, \$5.00 worth of work in Little's Beauty Parlor.

In the Contest of the wardrobe co-operators, Mrs. Aullif of Hedley was first place winner, receiving paper for her dining room. Mrs. J. A. Huffstutler of Chamberlain was second place winner, receiving paper for her kitchen. Mrs. Clark Latimer of Hedley won third place and received paper for her bath room. Honorable mention in the co-operators class will be found to be Mrs. Jap Shaw and Mrs. Joe Crawford of Hedley; Mrs. W. F. Holley of Ashtola; Miss Katie Meaders and Mrs. J. A. Meaders of Clarendon; Mrs. H. M. Reid of Chamberlain and Mrs. Clyde Roden of Smith.

Miss Minnie Mae Grubbs, District Agent from College Station and Miss Paralee Brock, County Home Demonstration Agent from Hollingsworth County were the judges.

HOT DAYS RESTORES A MEMORY

What sometimes restores one memory will have no effect on another.

That is the record of a case right here in Clarendon and affords a fine study in psychology.

Hot days of recent weeks has caused Homer Mulkey to remember that he once owned an electric buzz fan, and that he loaned it to someone several months ago, Homer remembers that far, but he just can't remember who borrowed it.

BOOSTER TRIPS PLANNED FOR 4TH

CELEBRATION BOOSTERS WILL MAKE TRIP TOMORROW AND WEDNESDAY

Two booster trips are planned by the Clarendon Fourth of July Committee to the towns within a radius of 60 miles, in an effort to draw crowds from these points for the mammoth celebration to be staged in the city on the 3rd and 4th of next month. Everything from firecrackers to a wild west rodeo performance will be found included in the varied list of events to be staged during the two-day affair. The first of the two all-day trips will be tomorrow when the celebration boosters turn east to make a visit to the neighbors in Lelia Lake, Hedley, Giles, Memphis, Newlin, Esteline, Carey, and Childress in the first lap of the trip. From Childress the trippers will change their course to the north where they will proceed to Wellington and Shaprock. Following stops at these cities the boosters begin the return journey east to McLean, Alarred, Jericho and then to Goldston and back to Clarendon.

A large number of Clarendon folk have signified their intention to make this trip and all those who plan to make the east run are asked to meet at the band hall in the old school building not later than 8:30 o'clock Friday morning. All band members are urged to be in uniform and ready to leave prior to this time.

A large quantity of advertising matter has been finished and will be distributed along the stops on the two trips. Four-page circulars with complete program and event details will be supplemented with window cards announcing the celebration and will be left with citizens of the cities visited.

On next Wednesday the trippers with the band will again take to the open road with visits being made to Ashtola, Goodnight Claude, and Washburn, from which the party will split, one half to Panhandle while the other will take the towns on the Rock Island down to Groom. The parties will meet again at White Deer, where the journey will be resumed to Kingsmill and then to Pampa. Following the Pampa stop the trippers will make the trek back home.

The plans for the big celebration have been completed and everything is in readiness for one of the largest affairs ever presented in the Panhandle. One of the big features will be the Free Barbecue given the visitors of the city on the 3rd. Subscriptions from the public spirited citizens of Clarendon and Donley county amounted to \$244.85, which together with the donation of the beeves from the cattlemen insures one of the largest and most complete barbecues spreads ever attempted in this country. Frank Whitlock, local barbecue king, is in charge of the feast and promises to outdo himself on this affair. This barbecue is absolutely free, and everyone who attends the celebration is guaranteed all he can eat. Seven beeves will be used in the assurance of plenty.

The following men will act on the serving committee for the barbecue on the noon of the third: W. C. Stewart, Bill Dillard, J. H. Harris, H. B. Kerbow, F. L. Stallings, Bill Patman, Holman Kennedy and S. W. Lowe. Each of these will have a three man crew under their orders with the entire number under the direction of Mr. Whitlock. These will be on duty at eleven o'clock on the morning of the barbecue date and will see that everyone is given their fill in the shortest possible time.

The list of events include an old time square dance and fiddlers contest, baseball games, car races, horse races, complete rodeo performances, and numerous other entertaining features. Make your plans to be present at the mammoth celebration to be held in Clarendon on July 3rd and 4th.

TELEPHONE LINES IMPROVED

The State Telephone Company of Texas, has been doing some construction work. Setting new poles and stringing some open wire. This work was done by J. E. Buco, T. J. Low and W. B. Hucklebo, plantman from the general office at Lubbock.

DEPRESSIONS

A story recently issued by Roger Babson, gives a complete history of all periods of depression from 1837 to 1921. The story is of considerable length, but in the following paragraph which we quote from it, Mr. Babson sums up what these experiences have taught:

"From these annals of depression, two remarkable and inspiring lessons can be learned: First, all depressions are essentially similar; second, never once has the United States failed to recover from 'all the dull, deadening pain, all the keen, maddening anguish'—and rise from the desolation to new reaches of prosperity.

"The time to do our best advertising is in a depression. It is the time to accumulate physical wealth. It is the time to build moral character. All kinds of personal and business plans should be perfected and performed in a period of hard times."

TOO MUCH—LET'S GO

Too much wheat and too much lumber,
Too much steel our mills encumber,
Too much cotton, too much corn,
Too much clothing to be worn,
Too much autos, (here's what's funny)
Even too much ready money,
Too much hog and too much cow,
That's, they say, the trouble now,
Selling half and making double,
That's not it. No, here's the trouble,
Too much waiting for the low,
Standing still when signs say "Go!"
Too much questions, too much fearing,
Too much talking, too much hearing,
Too much people, every day,
Doubting this old U. S. A.
Too much waiting, chicken-hearted,
For the rest to get things started,
Too much saying times are bad,
Too much talk of times we had,
When we ought to start the movement,
Too much waiting for improvement—
Too much brake instead of clutch,
That's the only too much. Selected.

THE DANGER OF WAITING

Life can play foul jokes on people some times. In a large middle-western city there was a grocer, who worked very hard and saved his money religiously so that his old age would be provided for.

For fifty years he stuck to his grocery store. He worked and saved too hard to have very much fun, but he was looking forward to the day when he could retire. Then he would have his fun. He would have money and leisure, and he would make up for the years of hard work.

Well, he finally retired—money in the bank, an assured income, a nice home, everything he needed. "Now," he told his friends, "I am going to enjoy life."

And just 24 hours after he had retired he dropped dead.

If a novelist put that in a book we wouldn't believe it. We would say that things don't really happen that way, and we would accuse the novelist of straining too hard for an ironic effect.

But life takes queer twists that are not permitted to good fiction. It all happened, precisely as it is described here; and all we can do is admit that there are times when wisdom and prudence are horribly confounded.

As a matter of fact, this sort of thing happens fairly often—in a little different way. Not many people who have prepared for a carefree and leisurely old age die just as they begin to taste their reward, of course; but they get cheated out of their dues, just the same. They find that leisure, after a lifetime of hard work, is boredom. They find that they have forgotten how to play. They find that the empty hours are depressing because they do not know what to do with them. They find themselves feeling that they have been put upon the shelf, and they grow ten years older in 12 months.

Perhaps we aren't meant to be too cautious. Deferring one's happiness to the end, when one will have time and the means to take it, is risky. For most of us that gilded tomorrow will never dawn. If we don't get our happiness along the way we shall never get it at all.

That is a lesson worth learning. The real joy of living is not something that can be banked and drawn on at some future date. It has to be taken from day to day. It is compounded usually of many little experiences. The haze of an autumn afternoon over a flaming woodland; the confiding smile of a child, nestling in one's arms for a fairy tale; the smell of a clear wind as one trudges along a beach by blue water; the sudden revelation of tenderness in the eyes of a loved one; the brief, vanishing strain of a bit of music—of such things is a satisfying life fabricated. You cannot postpone them, you cannot wait for them. You must get them as you go along, or you will miss them entirely.—Standard, Excelsior Springs, Missouri.

THAT advertising through the printed page has the necessary attractiveness and efficiency of performance that brings profitable results.

History has shown that continuous advertisers have found success, while non-advertisers have always been lagging behind. Lack of advertising is killing many businesses that should show increasing business instead of decreasing business.

People have been educated to the fact that well advertised products are the quality kind and they won't buy any other.

Continuous advertising of quality creates a buying demand which assures the advertiser quicker turnover.

Any business in this day and time cannot stand still. Progress and competition demand that it move ahead or go out of business.

Continuous advertising of quality and service builds and keeps the confidence of the public. Without the confidence of the public, no business can move ahead.

Continuous advertising is the modern way of building better business. It proves to the public that the advertisers are proud of what they have for sale.

Anything worth selling is worth advertising.

Advertising is the most effective selling help that can be found, because continuous Advertising paves the way to bigger sales.

Every business having something to sell should advertise continuously so the public may know who they are, where they are, and what they have for sale.

Written at the Baker Hotel, Mineral Wells, Texas. Left home this morning early to drive to the Pacific coast. Spent the morning driving on a splendid highway via Sulphur, Ardmore, Marietta, and other progressive Oklahoma cities. Had lunch at the famous Texas Hotel at Fort Worth, Texas and then started west on that great highway known as "The Broadway of America." Will ride on it all the way to San Diego, California. It's a wonderful highway, hard surfaced most of the way.

I reached Mineral Wells for a night's stop. I like it so well that I'm going to stay two nights instead of one. Miles before you reach Mineral Wells you can see the magnificent Baker Hotel. This hotel is the south's finest resort and tourist hotel. It is as fine as any hotel in Texas. It is something different and I find the

rates most reasonable. It is located in the heart of the city. On account of the curative water here, Mineral Wells is advertised the world over as the city where "America Drinks it way to Health." I find the business people and citizens here very progressive.

Because the folks here do things as a unit. They have no factional fights over questions and matters arising for the development of those things which are for the betterment of business.

Because their business men are willing to give time and money to the betterment of the city.

Because Mineral Wells has a reputation of being a good city in which to live, work and play, and lives up to that reputation.

Mineral Wells is just beginning to enter a new area of development, with her face toward the sun.

Mineral Wells believes in newspaper advertising, and by so doing is attracting most favorable attention from the world.

From here I continue along "The Broadway of America," going through many wonderful West Texas cities, among them Ranger, Eastland, Cisco, Sweetwater, Odessa, and Van Horn, each one an eye opener to anyone who has never visited West Texas.

That cities compete for business.

You are cheating yourself if you don't use every effort to make your city a busier city.

Every effort that ingenuity can suggest should be made to keep your city several jumps ahead of its competitors.

The best rivalry between cities should be that of good roads.

Good roads are not an expense, but an investment that pays dividends.

The most expensive thing a city can support is poor roads.

A community without a good roads program is like a ship without a rudder.

Better business for the business farmer and the city business man always follows good roads.

The city that has the best roads leading into it gets the business.

GIN BONDS STILL REQUIRED BY LAW

AUSTIN, Tex., June 18.—To correct an apparent misunderstanding among ginners over the State, R. H. Fincher, gin chief in the department of agriculture, staged today the old state law requiring ginners to make bond was still in force and effect.

Fincher said the misunderstanding apparently arose when the governor vetoed the bill passed by the 42nd legislature which would have relieved ginners of the necessity of making bonds.

"Due to this veto," Fincher said, "the law is still operating under the old law." He urged ginners to make applications and bonds as early as possible.

NAYLOR

Naylor had another good rain, and crops are fine, everyone busy. Ray Hefner and sister, Miss Ana visited with Miss Gertrude Shepherd at Clarendon Sunday afternoon.

Miss Louise Tidrow had as dinner guests Sunday Miss Marvin Hicks of Hedley, Miss Clyde Bain and Jake Blankenship.

Leroy Tidrow, who is working at Memphis, spent Sunday with his parents, Mr. and Mrs. A. E. Tidrow.

Ray and Loyd Hefner returned from a trip to New Mexico Saturday.

Misses R. H. Johnson and A. O. Hefner left Monday for Oklahoma to buy a load of barley.

Johny Alexander and sister, Miss Eva of Memphis, visited for a short while with the Tidrow family Saturday.

Pleases the Most Particular

EVERYONE has experienced that little feeling of nervousness when entertaining certain particular guests—the sort who "notice things"; the ones who are a bit fussy about the flavor of their coffee, and the way it's served.

When you entertain your "particular" guest, just plug in your gleaming Electric Percolator—you'll be surprised at your confidence—the little flourish and the smug little smile with which you pour. You'll receive the congratulations just a little complacently, for you knew success was assured—the electrical way.

Are you making the fullest use of your Electric Percolator? ... The surety of always perfect coffee—always faultlessly served? There's not a chance of anything going wrong when you make your coffee in one of the delightfully convenient and attractive Electric Percolators.

"THE BIBLE"

The Bible is God's inspired word. When compared with the Book of books, the best of this world's literature pales into nothingness. Without the Bible, the world's history is incomplete. Little would be known of that period prior to four hundred years B. C. without it, nothing would be known of a Saviour. It is the book of a Man, the Man of men, the peerless Son of God. It presents Him to us as our Saviour, "the way, the truth and the life" (John 14:6). In the Old Testament the approach of Christ is gloriously predicted, but in the New Testament, He appears as our living, loving Lord. Without the Bible men would know nothing of the plan of salvation, they would not know how to come to Him, or to live acceptably in God's sight. "Faith cometh by hearing and hearing by the word of God." (Rom. 10:17). Of His own will He brought us forth by the word of truth. Without the Bible men would be in utter ignorance of the future and the eternal abode of man.

The Bible and not the creeds of churches or the interpretations of commentators, should be our sole standard of appeal in religious matters. Error proceeds from man, but never from God. His word is absolutely infallible. "To the law and to the testimony they speak not according to this word, it is because there is no light in them." (Isa. 8:20). The Bible should be our guide—a lamp unto our feet, and a light to our path. It should be our daily meditation. "Oh how I love thy law! It is my meditation all day" (Psa. 119:97). Let it be our comfort in sorrow and its words shall whisper hope and peace in the death hour. "There is a Bible, because there is a God, and there is only one God." (Garbett).

The enemies of the "Word of God" are busy trying to destroy faith in the "Book of Books" the challenge has been sounded, the hour has arrived when all Christians should rally to its support and proclaim its truths to the ends of the earth. Church pews are empty, and churches wondering why. Atheistic and infidel literature has been distributed by the car-loads, people have read tons and tons of that faith-destroying, soul-damning and hell-filling literature, which is worse than cringing, crawling, biting rattle snakes, infesting the paths of our boys and girls. The effects of this literature is being felt and seen in all churches of the land. The time is at hand for the Bible loving people to take their stand against the enemies of the word of God. The best way to defend the Bible is to get acquainted with its truths, and after having learned its truths put them into practice. "Be living epistles known and read of all men."

In our two sermons Sunday we hope to present to you two messages that will help to strengthen your faith in God and His Word. The morning subject will be: "The Word Power Of God." Sunday evening our subject will be: "Sin And It's Cure." In this lesson we wish to see what the Bible has to say about "sin" and then

show you the "Cure" for it as we find it outlined in the Scriptures.

We invite you to be present at both services.—W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

CHRISTIAN CHURCH INSTITUTE IS WELL ATTENDED

The special Bible Institute held at the First Christian Church Sunday and Monday was very well attended and a great deal of good was derived from the sessions. Rev. Broadfoot, teacher and instructor from Snyder, proved to be a very interesting and forceful speaker as well as a splendid teacher, and brought his audience a number of wonderful lessons.

METHODIST CHURCH

Sunday School at 9:45 a. m. Judge Ralph Porter, supt. We will be glad to have you.

Our Jewels, Mrs. Peabody. Vocal Solo, Miss Sara Thompson. A story of three Girls, Mrs. Laverett. Closing Prayer, Mrs. E. A. Thompson.

The East Circle served sandwiches, cake, and iced-tea. The organization will meet in circles as follows this coming Monday afternoon at 3:30, the Rex Ray with Mrs. Bartee at the home of Mrs. Joe Fowler, the East and South at the church.

T. C. GARDNER SPEAKS AT BAPTIST CHURCH

State B. Y. P. U. Secretary, T. C. Gardner spoke to a most interested audience at the Baptist church Sunday morning. Mr. Gardner, as always, brought a challenging message. Stressing the need and value of trained workers in the service of Christ. Mr. Gardner met the B. Y. P. U. workers in a very helpful conference from 2:30 till 3:30, in which problems peculiar to the training department of the church were discussed.

 2. Eat Proper Food and Seek Proper Exercise, David McCleskey.
 3. Secure Proper Amount of Rest Katherine Tucker.
 4. Consecrate it to God, Ruth Tucker.

HOW ONE WOMAN Lost 47 Pounds In 3 Months and Feels Years Younger

Mrs. S. A. Solomon of New Ben, N. C. lost 47 lbs. in 3 months with Kruschen Salts. She reduced from 217 to 170 lbs. She feels much stronger, years younger and more energetic than when that bothered her for years as all her friends tell her. "I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Douglas Goldston Drug Co. and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

HUNTING & FISHING

is a monthly magazine for good fellows, young or old, who love the great outdoors. Each issue is crammed full of interesting stories and fascinating pictures of hunting, fishing, camping and trapping. It contains the most valuable information about guns, rifles, hunting tackle, camp outfits. Tells how to make traps, how to build camps, how to train hunting dogs, where, when and how to catch fish and a thousand and one other things you need to know. And here's the famous Remington Sportsman's Knife shown in actual size with stag handle and two long slender blades, just what you need for skinning and cleaning fish and game. Blades are of superior quality steel, just what for a good clean job of skinning and cleaning.

SPECIAL OFFER

A NEW PAIN KILLER

What is declared to be one of the most outstanding medical discoveries of the past decade is a new antiseptic, said to be 70 times as effective as carbolic acid, yet so innocuous that a

"baby could drink all its stomach would hold and be unharmed." The new product, which is a pain reliever as well as an antiseptic, was discovered by Dr. Zedler Leonard of John Hopkins University, and is described as a synthetic organic chemical having its origin in the glands of a goat. The fact that the announcement of the new discovery comes from such a trustworthy source indicates that it may prove to be a valuable contribution to the relief of suffering humanity. Successful tests of an automobile propelled by rockets were conducted recently in Berlin.

IN SOCIETY

Heironimus-Caraway

Beautiful for its simplicity was the wedding Sunday morning at 10 o'clock uniting in marriage Miss Agnes Caraway and Mr. Clarence Heironimus of Pampa. The ceremony was held in the home of Mr. and Mrs. Odos Caraway, parents of the bride, amid a charming setting of a fern and blue and pink flower banked altar. The lovely room was even more exquisite in the soft glow of candle tapers on either side of the altar.

At 10 o'clock, Miss Mary Frances Caraway entered the room and softly played Cadman's "At Dawning" on the piano. With the first strains of the beautiful Bridal March Father Williams of Amarillo entered and took his place before the candle lighted altar. Mrs. Everett H. Clark of Groom, Matron of Honor entered from the stairs. She was lovely in a beautiful flowered chiffon dress with white accessories.

The Best Man, Mr. Bud Martin of Pampa, and the groom entered from the dining room and were met at the altar by the bride and the Maid-of-Honor, Miss Julia Mae Caraway, sister of the bride, who entered the room from the stairway. The bride was beautiful in

liable and is a member of the Shrine and Masonic orders. The News joins with the host of friends of the couple in wishing them the most of happiness and success in their life together.

Out-of-town Guests Attend Wedding

Out of town guests for the Heironimus-Caraway wedding were, Mr. and Mrs. G. M. Reed of Stratford, Mrs. Willie Goldston of Amarillo, Texas, Mr. and Mrs. Fred Weworka, Borger, Texas, Mrs. J. E. Stephens, Los Angeles, California, Mrs. Lenode Goldston Greenville, Texas, Mrs. Weworka of Weworka, Oklahoma, Mr. and Mrs. R. E. Smith of Pampa, Texas, Mr. and Mrs. E. H. Clark, Pampa.

Recent Bride Is Given Shower

Mrs. Alfred Estlack and Mrs. A. H. Baker were hostess Friday afternoon, entertaining for Mrs. Eugene Estlack, a recent bride, many beautiful and useful gifts were presented the bride. Refreshments of ice cream and cake were served to forty-five guests.

Miss Patrick Honors Mrs. J. E. Stephens

Miss Katherine Patrick was the charming hostess to a bridge party Tuesday in honor of Mrs. J. E. Stephens and Mrs. John O. Mabery.

A color scheme of pink and white was carried out. Huge baskets of larkspur made the house more beautiful. High score and cut prize was presented the honor guest with Miss Patrick also presenting each with a gift. Covers were laid for the following ladies, Mesdames Ira Merchant, Seldon Bagby, Chas. Trent Stargell, Carl Bennett, Floyd Lumpkin, Clarence Whitlock, Richard Bell, Earl Alexander, Miss Mary Jo Chamberlain, Dorothy White, Athlyn Taylor, Catherine Cole, Mary Cooke, Elgin Patrick. Out of town guests were Miss Ann Craven of Childress; Mrs. Dwight Upton of McLean; Mrs. Walter Parker, Pampa, Mrs. J. E. Stevens, Los Angeles, California; Mrs. John O. Mabery, Tulsa, Oklahoma.

Tuesday Bridge Club

The night Bridge Club were guest of Mr. and Mrs. Forest Sawyer, Tuesday evening. Garden flowers added to the lovely home and dinner was served before the games to Mr. and Mrs. C. E. Miller, Mr. and Mrs. Park Chamberlain, Mr. and Mrs. John Sims, Jr., Mr. and Mrs. Richard Bell, Mr. and Mrs. Clyde Price, Mr. and Mrs. Ira Merchant, Mr. and Mrs. B. F. Kirtley, Mr. and Mrs. C. F. Davis of Dallas. Mr. and Mrs. John Sims played high score, Mr. and Mrs. Park Chamberlain cut for consolation.

Miss Eunice Johnson Charming Hostess

Miss Eunice Johnson was hostess to a number of school mates Tuesday evening. Bridge occupied the first few hours of the night and a mid-night feast was enjoyed just before retiring for the "morning". The girls enjoying the "slumberless" party were Misses Verna Latson, Roberta LaFon, Elizabeth

CAMPFIRE NEWS

T. E. L. Class Party

The T. E. L. Class of the First Baptist Church met Tuesday afternoon at the home of Mrs. Frank Whitlock with Mrs. W. A. Land and Mrs. Ralph Keys assistant hostesses. A short business session was held with the president Mrs. A. W. Simpson presiding. The class had their first lesson in the book "Old Testament Studies," with Mrs. W. B. Sims Teacher.

A social hour followed with the hostess serving a delightful ice course to the following members and guests, Mesdames Major Hudson, J. R. Cox, W. H. Miller, Ed Speed, W. M. Mosley, Cap Lane, W. B. Sims, Leona Richardson, M. C. Reed, Lonnie Wood, A. W. Simpson, Eva Draffen, Dave Taylor, Abe Jackson, Joe Fowler, and T. J. Mann.

Mrs. Meade Haile Entertains Friends

On Thursday afternoon at the home of Miss Eula Morrison, Mrs. Meade Haile was co-hostess to a lovely bridge party.

The rooms were decorated with garden flowers. The guests list included Miss Betty Walker, Elgin Patrick, Edna Montgomery, Nadine Haile, Dorothy McCame, Betty Weatherly, Edna and Nell Butler, Helen Baley, Verna Latson, Wylfa Lee Alexander, Lotta Bourland, Jane Killough, Maurine Wood, Julia Mae Caraway.

Mesdames Roy Ingram, Tom Murphy, Mill Leverett, Harry Simpson, and Miss Dorothy Elliott of Memphis.

A two course plate lunch was served. Nell Butler played High Score Mrs. Henry Simpson cut for consolation.

1930 Needle Club

Mrs. Buster Vaughn was the pleasing hostess to the members of the 1930 Needle Club with a swimming party at the beautiful grounds of the Clarendon Country Club. After a lengthy plunge in the cooling waters of the club lake the members enjoyed conversation followed by a delicious refreshment course and a journey back to their respective homes in the late evening.

Those enjoying the charming affair were Mesdames Ralph Decker, Ernest Hunt, Joe Ritter, Homer Grimsley, Jiggs Mosely, Alvin Landers, Ray Couch, Turner Kirby, Marvin Land, Don Martin, Carl Peabody and Miss Mildred Morris.

Obituary

CHARLIE DERRICK DIES AFTER PARALYTIC STROKE

Friends of Charlie Derrick, Panhandle pioneer, were saddened Monday night when he passed away at the Adair Hospital. He died at 7:30 o'clock and was a result of a stroke of paralysis from which he suffered since Saturday afternoon.

Last Saturday afternoon friends of Mr. Derrick found him on the floor of his bed room in a serious condition following the stroke. He was rushed to the Adair Hospital where attention was given him, but he slipped away without regaining consciousness again.

Mr. Derrick came to Clarendon 45 years ago and served a long while in the employment of the J. A. Ranch. He also worked in the employment of the McMurtry ranch.

Funeral services were held at the Buntin Funeral Home with Rev. R. S. McKee conducting the last rites of the venerable old timer. Appropriate music was presented by Mrs. J. L. McMurtry and Miss Annie Bourland. Interment was had in the Citizens Cemetery in Clarendon.

He has no survivors other than his half brother, Romie Derrick and a cousin, Mrs. J. R. Doshier, both of Clarendon.

DALHART TO HAVE ROUND-UP FRIDAY AND SATURDAY

DALHART, June 17. — Cow hands from the forks of the creek will be in Dalhart Friday and Saturday for the Dalhart Texas Annual Spring Round-Up given under auspices of the Roy Rhodes Post of the American Legion. Leonard Stroud, famous rodeo performer, trick roper and rider is staging the big event.

Side-winding, snorting, back-bowing, squealing horses will toss many a waddy from their hurricane deck, according to the old cow hands who have seen these horses cavort in front of the grandstands.

The program will start each afternoon at 2 o'clock and something will be doing from then on. In addition to the regular rodeo performance there will be a night shirt race, in recognition probably of the argument John L. McCarty, editor of the Texan, started last year about whether men should wear night shirts or pajamas. A prairie grass race and cigar race are other features.

Ray Moore and his Spring Round-Up hands will furnish music for the all-night dance Friday and Saturday night jubilee to last until black midnight. Music at the rodeo will be furnished by the Dalhart band. The Amarillo 142nd Infantry band originally the Old Gray Mare band, and the Moore orchestra.

Cashiers checks are in the bank, assuring prize money and the entry list grows steadily, embracing some of the foremost rodeo and trick rodeo performers in the Panhandle cow country. More than 2000 out-of-the-city visitors are expected to attend the big two-day event.

Overalls worn by a girl in a school near Pearl, Ida., were approved by the state superintendent who said, "certainly they are as suitable as the pajamas which the teacher wears."

WOMEN IN PRISON

Four years ago a new Federal prison for women was opened at Alderson, West Virginia, with Dr. Mary B. Harris as superintendent. A recent writer describes it as "a Federal junk yard where women are sent who have broken the nation's laws", but adds that under the guidance of Dr. Harris "these misfits of society are being reconditioned to such good purpose that the prison world in general is sitting up and taking notice."

Dr. Harris has demonstrated that strict prison discipline may well be combined with sympathetic interest in her unfortunate wards, a majority of whom are drug addicts when they are sent to her. While many of these cases seem hopeless, much success has been attained already in effecting what appeared to be permanent cures.

A striking illustration of the efficacy of the prison's system is seen in the fact that of 170 paroles granted since the institution was opened, only one has been broken. Many affectionate letters are received by the superintendent and her assistants from women who were former inmates of the prison, and quite a number have returned for a friendly visit.

The prison is conducted on the theory that there is some good in everyone, and it is the business of prison authorities to develop the best in its wards, at the

same time firmly repressing their evil tendencies so far as possible. This theory is working out well in practice at Alderson.

Although its exact identity is still hidden, a new essential to life has been discovered within the protein of milk.

Oil and gasoline are to be made from coal by a British firm through a new process recently patented.

An Omaha clock with more than a score of hands and several dials shows the correct time in all parts of the world simultaneously.

The quality of music has been found to be greatly affected by humidity of the atmosphere.

Slow motion pictures of flying birds have been found useful in the study of the theory of gliding.

RECENT BRIDE

MRS. CLARENCE HEIRONIMUS

an attractive wedding creation of pink and taffeta with white accessories, and Miss Julia Mae was charming in a lovely yellow gown with white accessories to match.

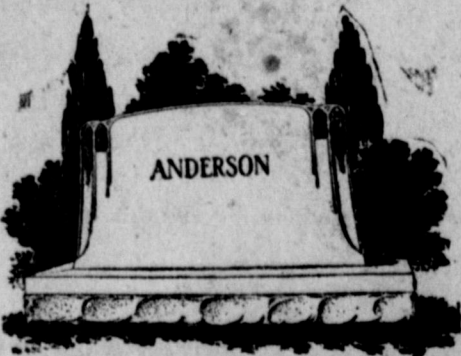

The wedding vows were read by Father Williams before a few close friends of the couple. At the conclusion of the ceremony the popular young couple left for a honeymoon trip to Colorado.

Mrs. Heironimus is the eldest and charming daughter of Mr. and Mrs. Odos Caraway of this city and is one of the most popular young ladies of Clarendon. She received her high school education from Clarendon High School with the class of 1926. She also holds a degree from Incarnate Word College of San Antonio. The past year she has been one of the most popular instructors of the Gray County school system. Her many friends will miss her charming personality and association in the social group of the city.

Mr. Heironimus is a native of Indiana and is the son of Mr. and Mrs. L. O. Heironimus. The young man is now in the employment of the Phillips Petroleum Company where he holds a responsible position in the company's plant at Pampa. He is thoroughly re-

Miss Ruby Reed is spending this week with her brother Willie Reed at Lelia Lake.
Mr. and Mrs. Raymond Slayter spent Saturday night with Mr. and Mrs. Whit Calcutt.
Rev. Gattis preached here Sunday morning and again Sunday night.
A splendid rain fell here Sunday which will be a wonderful help to crops and track patches.
Mrs. Hayter of Clarendon visited Mr. and Mrs. Oscar Kempson Sunday.
Mr. Carper's sister from near Goodnight visited him Monday.
Mrs. Susan Ashley spent Sunday with Mrs. A. L. Wallace.
Mr. and Mrs. Sam Allen and Buster Russell visited in the A. L. Allen home Tuesday.

JAMMED ROADS POINT NEED OF GREATER WIDTHS

(By E. E. Duffy)
Memorial Day has passed and in its wake there still may be heard the echoes of one of the greatest, if not the greatest, traffic congestion periods in all history.
Reports from all over the country relate that hundreds and hundreds of miles of rural roads between metropolitan centers and country playgrounds and resorts were packed with cars to the point where motion was reduced to a mere crawl.
Congestion, of course, reached its greatest torment in and near the large centers of population. The highways leading in all directions from New York City were jammed to the breaking point—of motorists' nerves. A highway engineer in New York reports that the new Poughkeepsie bridge carried 20 miles of cars Memorial Day and Sunday. He further states: "Facilities have never been sufficiently expanded to accommodate all those who desire to travel by highway during the summer season. Experience on the highways radiating from New York City show that increased facilities are immediately absorbed by traffic."

The evening before Memorial Day the editor of the Fort Lee, New Jersey, Sentinel reported: "Traffic congestion caused by holiday already terrific. Police facilities are strained to the breaking point. Hundreds of thousands of cars are bottled up by narrow roads and detours. However, new wide concrete roads being built by New Jersey are expected to be a permanent solution of the problem."
The deluge of motorists that descend on Atlantic City and other New Jersey resort centers brought anguish to traffic cops and happiness to wayside vendors.
The Keystone Automobile Club of New Jersey issued this message: "Atlantic City experienced one of the heaviest traffic flows in all history over Memorial Day. White Horse Pike was taxed to capacity by a steady stream of traffic to and from the resort. In order to provide for future traffic needs parallel routes, by-passes and cut-offs are being constructed. Atlantic City contemplates, in conjunction with railroads, an expenditure of six million dollars in an eliminating grade crossings, work starting November 1."
That is the thing holidays, and even ordinary weekends, are made of. Highways must be designed with the peak traffic in mind. They must be built wider for heavy traffic flows. They must pass under or go over railroads. They must be made safe in every particular for mass motoring. And in thinking of the cost of such facilities, it must be borne in mind that traffic congestion, with its long waits, accidents and deaths, isn't free.

Many purebred animals, particularly purebred bulls, are being introduced into the sections where cattle fever ticks and scrub sires held sway in the past.
Always dry wet leather and at a temperature not too hot for the bare hands. Strange as it may seem, wet leather burns much more rapidly than dry leather. If a polish or shine is not desired, an application of oil to the leather articles while they are damp makes them more soft and pliable when dry.

Rev. G. H. Gattis spent Sunday and Sunday night with D. F. Randall and family.
Mrs. Allen is visiting her Aunt Mrs. R. L. Moss.
Misses Ruby Reed, Irene and Genevieve Collier were dinner guests of Mrs. Arnie Moss Sunday.

WASHINGTON BOUGHT A CHARIOT BY MAIL

"President Washington, with a team of horses and a chariot, visited more states than some Presidents have in automobiles," smiled Congressman Daniel A. Reed, of New York, while lunching with a group of newspapermen at the National Press Club in Washington.
"What a traveler he would have been if he had had an auto!" Representative Reed is the man who gained fame some years ago as the coach of the Cornell football team, and also as the champion heavyweight amateur wrestler of the United States.
"All of this newspaper material sent throughout the land by the United States George Washington Bicentennial Commission telling about the Celebrating of Washington's Two Hundredth Birthday next year, from February 22 to Thanksgiving Day, has aroused my interest in that great man," continued Reed. "I've been reading everything I can find about him. Yesterday I found this letter written by him in 1776 ordering a chariot from London:
"To Robert Cary & Co. Gentlemen: My old chariot having run its race, and gone through as many stages as I could conveniently make it travel, is now rendered incapable of further service. The intent of this letter, therefore, is to desire you will bespeak me a new one, time enough to come with the goods (I shall hereafter write for) by Capt. Johnston, or some other ship."

"As these are kind of articles that last with care against number of years, I would willingly have the chariot you may now send me made in the newest taste, handsome, genteel and light; yet not slight, and consequently un-serviceable; to be made of the best seasoned wood, and by a celebrated workman. The last important which I have seen, besides the customary steel springs, have others that play in a brass barrel and contribute at one and the same time to the ease and ornament of the carriage. One of this kind, therefore, would be my choice; and green being a color little apt, as I apprehend, to fade, and grateful to the eye, I would give it the preference, vogue and equally lasting is unless any other color were in vogue. In that case I would be governed by fashion. A light gliding on the mouldings (that is, round the panels) and any other ornaments, that may not have a heavy and tawdry look (together with my arms agreeable to the impression here sent) might be added, by way of decoration. A lining of handsome, lively colored leather of good quality I should also prefer, such a green, blue, etc., as may best suit the color of the carriage. Let the box chair slip under the seat be as large as it conveniently can be made (for the benefit of storage upon a Journey) and to have a pole (not shafts) for the wheel horses to draw by; together with a handsome set of harness for four middle sized horses ordered in such a manner as to suit either two postillions (with a box) or a box and a postilion. The box being made to fit on, and take off occasionally, with a hamel cloth suitable to the lining. On the harness let my crest be engraved.
"If such a chariot as I have here described could be got at second hand, little or nothing the worse for wear, but at the same time a good deal under the first cost of a new one (and sometimes though rarely it happens so) I would even have one made, and have been thus particular in hopes of getting a handsome chariot through your direction, good taste and management—not

A. F. LEVER TO DELIVER TWO SHORT COURSE SPEECHES

College Station, Texas, June 10—A. F. Lever, Columbia, S. C., author of the Extension Act of 1914 and at present a member of the staff of the Federal Farm Board, is scheduled for two addresses at the twenty-second annual Farmers Short Course at Texas A. & M. College July 27-31.
Mr. Levers has a record of many years in public service, marked by his interest in farm demonstration work and in improvement in rural conditions. He entered Congress before he was 27, and continued there for eighteen years. Prior to that he had been a member of the South Carolina legislature and was secretary to Congressman Stokes, one of the prime movers in rural free delivery legislation. Early in life, Mr. Lever said: "My father was a Lever and my mother a Derrick. I should be able to lift something myself."
Soon after entering Congress, he was appointed on the agricultural committee and was its chairman for a number of years. When Dr. Seaman A. Knapp carried farm demonstration work from Texas to the South Atlantic country, Mr. Lever was one of the first Congressmen to give it encouragement. He rode with the agents from demonstration to demonstration and attended their annual meetings. He displayed similar interest in home demonstration work and was the first Congressman specifically intended to help country women and girls.
On his voluntary retirement from Congress in 1919, he became a member of the Federal Farm Loan Board. In 1922, he organized the first Carolinas Joint Stock Land Bank.

Many farmers cut brush in the summer or early fall, in the belief that brush cut at these seasons will not sprout again. The U. S. Department of Agriculture says that there will always be some second and even third growth regardless of when the brush is cut.
In Palatability good brown alfalfa hay is equal to or somewhat superior to good field cured hay, but it is not superior to it in feeding value. However, much of the brown hay is the result of accident, and in many cases attempts to make brown hay have resulted in failure.
of copper, however, for these do not stand the powerful heat of our sun."

Miss Marjorie White spent Tuesday in Amarillo visiting friends.

One never knows what dangers lurk in the path. Recently Mrs. Amelia Faeteau strolled serenely along a Washington street, when without warning she was attacked by a big blue goose, which knocked her down and inflicted many bites and scratches. The goose's owner, Mrs. Rose Regland was assessed \$50 damages.

The theory of the superiority of mind matters got another boost the other day. John Moraine of Montreal has been paralyzed in his legs for three years; had no idea that he would ever walk again. When lightning struck his home he forgot his infirmity and ran for dear life.

William H. Gannett, a retired publisher of Augusta, Me., is a victim of the irony of fate, "or sump'n," as Andy would say. After traveling thousands of miles by airplane without an accident, he slipped on loose gravel while walking along the street and suffered a fractured hip.

PREVENT TRAFFIC

Farm terraces are for lack of man little work each year or terracing instrument. Terrace up to the necessary and height. Seeding to prevent the erosion of the terrace at sharp bends cause the cutting action of the water. Preventing the concentration of water just below a terrace in furrows left after construction will often stop the formation of gullies between the terraces. This form of erosion between terraces often causes the channel to fill with soil during a single rain, causing the overtopping and breaking down of the terrace. Where water concentrates in a natural depression it may be necessary to seed the depression to grass. Borrowing animals, large cracks that develop in dry places and low places in the top of the terrace caused by dragging farm machinery across often cause serious breaks that can be avoided by early repairs.

CATS

Sam Braswell, Jr.

of July entertainment committee certainly do know events. More real sporting events are going to be popping during the two-days celebration here than in the past several months. And variety—well you just can't hardly imagine such a varied assortment of activities. About all that is lacking is a horse shoe pitching contest, but there isn't time for one anyway. Three baseball games, automobile races, horse races, rodeo performance and a number of other events are the order of the day, so there is something of interest for every one. You are invited and expected to be present—come to Clarendon on the night of the 2nd and stay through the glorious Fourth, and enjoy the best time and the biggest free barbecue of your life.

We can hardly wait until Monday night which brings Cal Farley, the challenger, into combat with Jack Reynolds, the welter weight wrestler of the world in a match which will mark the second time in as many years that our friend Cal has attempted to wrest the crown from the champ's head, or rather the belt from his waist. Something in the neighborhood of three or four million Clarendon fans will be on hand to

CHALLENGER

CAL FARLEY

cheer the popular little Irishman on to victory at Amarillo Monday if all go who have signified their intention to attend.

We will sure be there with bells on, but we hope Jerry Main of the Amarillo Daily News or Olin Hinkle of the Pampa News doesn't sit near us this year up there in the press box, because last year those boys would have us tied up with their typewriters in a combination writers' cramp and a double toe hold every time Reynolds and Farley started mixing it fast in the ring. We don't remember whose foot it was we twisted during the match, but that's the way a Farley-Reynolds bout is—it makes everybody get into action with them.

We pick Farley to give the Ohio man the works Monday.

The local grapplers are getting into shape rapidly with their daily workouts showing up their training faults of the past several months. The hard training hours spent on the mat are proving wonders for the boys and in the next few weeks we fear for the lad who agrees to take on any of the local neck twisters. Those who are showing up to the best advantage at the present time are D. R. Davis, J. P. Rhode, Jack Jones, Carrol Hudson and Snooks Andis. Rhode, Hudson and Andis are learning a world of tricks from Davis and Jones, and will be ready to take on any of their class in the near future. Both Jones and Davis with their years of wrestling experience are looking great and will be able to put on a real show on the wrestling card here Thursday night, July 2nd.

At present it looks as if Jones and Davis will meet in the semi-

windup before the main event between Cyclone Mackey and another first rater to be supplied by Cal Farley for the event. In the curtain raiser, Rhode, Martin, Andis or Hudson will appear, this to be determined by matchmaker Stargel in the near future. Cal Farley will be the third man in the ring during the main bout, and will see that the match is run in the proper order.

Many inquires have been received from nearby cities relative to the details of the match and these will be ready for publication next week.

Hooray, hooray and other expressions of elation, we see where Lil Stoner will be back winning games for the Fort Worth Cats in the next few days. The critics are a little dubious as to the ability of the recent Phillie cast-off to again regain his former condition to the extent that will help the Panthers in their attempt at the come-back act. But whatever trouble the 1930 pitching ace may experience in getting started this year, we believe his presence on the pitching roster will have a great effect on the balance of the players. He has suffered from a 'dead' hand several times before, but the hot weather and sufficient work has brought him around every time to a good season. Fort Worth believes in Stoner, and the players are at their best when he is in the box, so we can't but believe that with the return of Lil the Cats will take a new turn and emerge from the Texas league race with the pennant successfully defended and the other seven clubs suffering from severe clawings from the Panthers.

The Cats have also added further strength through the addition of pitcher Bedner, he is a pitcher of splendid ability and is a hurler of proven timber. With his addition and with the players returning to their old time form after numerous illness the Cats are going to be

building of its kind in the Southwest, seating 20,000 people, with an arena large enough for a football game, is to be erected for the Tri-State fair in time for the opening of the 1931 Exposition.

The Coliseum will be known as the International Coliseum and will be formally opened by President Ortiz Rubio, of Mexico, who has announced that he will make every effort to be present. Four governors have already accepted invitations to participate in the dedicatory exercises.

Under the plan for financing the erection of the building, each of the 144 people who made the trip to Mexico on the News-Globe special to invite President Rubio to attend the Tri-State fair, has

been named chairman of a committee and will be asked to name fifty sub-committees. Each sub-committee will be asked to dispose of two tickets to the dedicatory program at \$5.00 each. Those tickets are to be sold before July 15 in order that the building may be completed in time for the 1931 fair.

The names and address of each of the persons buying one of those advance tickets will be placed on permanent tablets in the building. All funds will be placed in trust until sufficient money has been raised to erect the building.

Wilbur C. Hawk, president and other officials of the fair are now busy contracting for talent

a mighty improved club over the listless team they have been for the past 40 day.

What do you think about the continuance of the city Twilight Baseball league in a second half schedule. The present schedule is completed and some have expressed the opinion that the league should be continued while others have stated that interest will not justify the continuance of the games. We hope the play will be continued and believe it should. Now is the time that such activities should by all means be kept going. The long evenings would certainly be dull without something to do two evenings out of each week. Let's keep the league going.

For your information we will pass on to you the definition of a man, clipped from one of our News Services. "A man is that large irrational creature who is always looking for home atmosphere in a hotel and hotel service around the house."

GOLDSTON DEFEATS TULIA AT SILVERTON 16 TO 0

The Goldston Baseball club had little more than a workout and a fine bit of batting practice Sunday at Silvertown when they downed the touted Tulia aggregation to the tune of 16 to 0. As in the past the heavy sluggers of the Donley team could not be kept from pounding the ball to all corners of Briscoe county and this fact coupled with the masterful twirling of Vodie Clemons proved too much for the opposition.

Home runs were slugged out by Conroy, Seago, and Blanton of the Goldston club while numerous other extra base blows were registered throughout the contest.

The bright spot in the game was the pitching performance of Clemons, 16 year old hurling fella of the Donley team. The Tulia batters were held to a single blow throughout the game while eleven were issued free trips to the water buckets via the strike out route. In the first three innings Clemons disposed of seven Tulia batters by the one-two-three method, and then eased up and coasted through to win behind the growing margin provided by his ambitious slugging mates.

CHILDREN CRY FOR IT

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

Fletcher's CASTORIA

ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

LELIA LAKE

Mr. and Mrs. Van Kennedy and daughter, Dorothy Ann, Mrs. T. B. Lumpkin, of Clarendon, visited Mr. and Mrs. Will Kennedy, Sunday.

Mrs. Lawrence Price and children of Esteline, spent Monday in the home of her uncle, J. L. Mayberry.

Mr. Harry Brown, of Goodnight, is visiting his daughter, Mrs. G. Leathers.

Mrs. B. J. Leathers spent Sunday with a sister at the J. A. Ranch.

Brother and Mrs. S. C. Bailey paid a very pleasant visit in the J. B. Reynolds home Sunday night.

The T. E. L. Class of the First Baptist Church entertained Friday afternoon at the home of Mrs. D. M. Cook with a Kid Party. Each little girl came promptly at 2:30 o'clock bringing her doll and materials for making its spring clothes, this accomplished many interesting games were enjoyed by the kids. Refreshments were served to Mrs. J. C. Christal, Mrs. B. J. Leathers, Mrs. D. E. Leathers, Mrs. Walter Ginn, Mrs. Earnest Walker, Mrs. Van Knox, Mrs. Billie Christal, Mrs. Loman, Mrs. C. L. Lewis, Mrs. Wilton Grounds, Mrs. D. M. Cook and Misses Margaret Christal, Jessie Cook, Frances and Roby Koons.

MARTIN

Church Saturday night and Sunday afternoon was well attended.

Mr. and Mrs. Rufus Poole and baby spent Sunday with the lady's parents, Mr. and Mrs. Ham. Mrs. Poole's sister, Mildred accompanied them to their home.

Mr. and Mrs. Lewis and children of Mexico is visiting the lady's parents, Mr. and Mrs. A. J. Sibley.

Miss Ruth Hartzog is visiting her sister, Mr. and Mrs. J. C. Johnson at Brice, this week.

Miss Polley Sowell spent Sunday with Mr. and Mrs. Otis Wood.

Mr. and Mrs. Clark Alexander of Naylor spent Sunday with her nephew, Mr. and Mrs. Lee Wood. Mrs. Ludy Word of Brice spent last week with her sister, Mr. and Mrs. Odell Baker.

Margaret LaFon returned home Friday after a week's visit with her friend Francis McNeal of Brice.

Mrs. Claude Davidson and daughter Martha Louise, of Duncan, Oklahoma and sister Tina Pittman are spending a few days visiting Mr. and Mrs. John Minter of Amarillo.

Eva and E. C. Fulton spent last week with their sister, Mr. and Mrs. Claude Easterling.

Mr. and Mrs. William Jordan and children of Goldston spent Sunday in the home of Mr. and Mrs. J. H. Easterling.

Mr. and Mrs. J. G. Powell spent Sunday with Mr. and Mrs. Dave Patterson.

SUNNY VIEW

We had a nice shower last night which will be of great benefit to the crops.

Mr. and Mrs. F. O. Wood of Clarendon called on Mr. and Mrs. Neal Bogard Sunday afternoon.

Miss Ethel Hutto and Mr. and Mrs. Alfred Estlack spent Saturday night in Brice visiting with Miss Oneta Isham and other friends, they also attended church Sunday morning and singing in the afternoon.

Mr. and Mrs. Sam Roberts and Miss Louise Batson and Irvin Aten were callers in the home of Mr. and Mrs. Floyd Parker of Goldston Sunday afternoon.

Miss Nannie Mae Behrens and Brothers, F. L. and Truette spent Saturday night and Sunday with their sister, Mr. and Mrs. Roy McKee of Ashtola.

D. D. Lanham of Amarillo spent Sunday visiting with his parents, Mr. and Mrs. A. M. Lanham.

Mr. and Mrs. Perry Wood are at Dumas as he has a job there in an Implement Department.

Mrs. A. M. Lanham spent Wednesday afternoon with Mrs. Neal Bogard.

Miss Eula Haley and Mr. and Mrs. Paul Smith and children were callers in the Will Haley home Sunday afternoon.

Mr. and Mrs. Lonnie Wood and the boys, Arlie and Louis spent Monday out here at the farm.

Mr. Hugh Riley and Mr. Will Davis made a trip to South plains Sunday morning.

Little Miss Pauline Riley spent Thursday afternoon with little Miss Dorothy Jean Bogard.

Miss Ethel Hutto and Mrs. A. M. Lanham attended the miscellaneous shower given in the honor of Mr. and Mrs. Eugene Estlack, newly weds of a week, in the home of Mrs. A. H. Baker. Mrs. Baker assisted by Mrs. J. C. Estlack and Mrs. A. D. Estlack, Miss Ethel Hutto and Miss Anna Sue Cox (granddaughter of Mrs. Baker) very pleasantly entertained a large group of friends. The bride and groom were the recipients of many beautiful and useful gifts, delicious cake and ice cream was served to all present.

Mr. and Mrs. Bill Knowles of Lelia Lake and Mr. and Mrs. John Hessey of Pampa were callers in the home of Mr. and Mrs. Nelson Riley Thursday.

Mrs. Heckle Starks spent Friday with Mrs. Neal Bogard. Mrs. Bogard is doing nicely since coming home from the hospital.

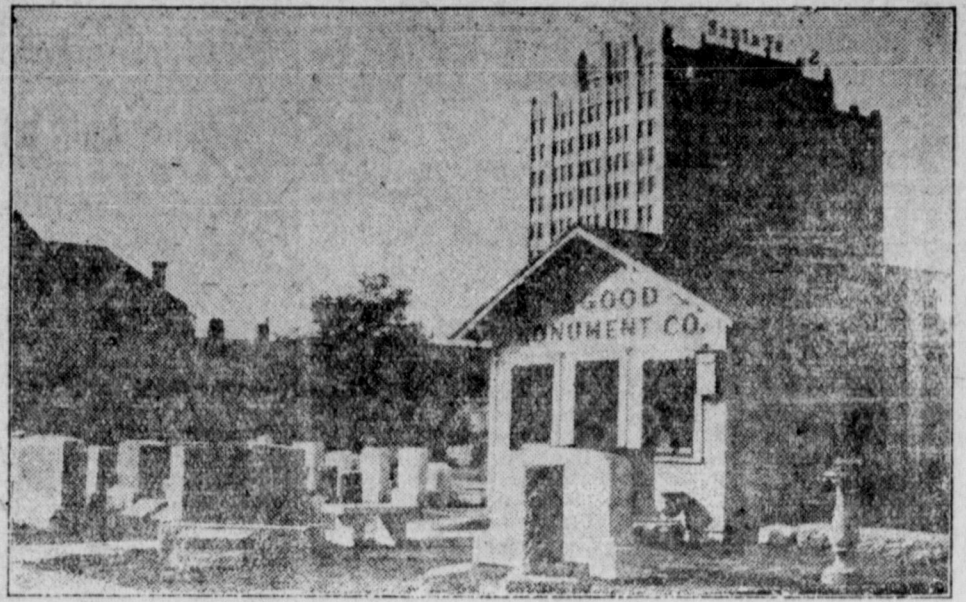

Mr. and Mrs. Luther Butler of Lelia Lake called on Mr. and Mrs. Neal Bogard Tuesday afternoon.

Mrs. Sam Roberts called on Mrs. A. M. Lanham Monday night, while the men folks attended Lodge.

CLARENDON NEWS

Illustrated above is the modern plant and yard of the Osgood Monument Co., 800 Taylor Street, Amarillo, Texas. This is the institution's 25th anniversary and its present facilities are quite a contrast to those of 1906 when the firm first opened at 703 Polk Street.

Let us **SHOW** you why **Firestone** TIRES are better!

FIRESTONE do not manufacture special brand tires for others to distribute—but they do make a complete line of tires for us, bearing the Firestone name and guarantee, that not only meets the prices but beats any special brand tire distributed by mail order houses or others in Quality and Construction, giving greater values.

Firestone have invested \$25,000,000.00 with Firestone Dealers in establishing the most economical distributing and servicing system in the world.

Come in today—let us show you the **INSIDE FACTS** from cross sections—that you may understand the **EXTRA VALUES** in Firestone Tires.

Firestone Gives You	4.50-21 Tire		6.00-19 H. D. Tire

KA "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "best quality" tires under his own name. Firestone puts his name on every tire he makes.

Like tobacco... the best Gasoline is **Blended**

THERE are as many kinds of tobacco as there are soils and climate in which the plant is grown. Every smoker knows that no single tobacco makes a pleasant smoke. You may prefer Burley with a touch of Turkish or a mixture which includes Perique. Whatever the preference, every good smoke is *blended*. The popularity of your favorite brand rests entirely on the adeptness of the blender.

refiners developed their *balanced-blend*, triple-test gasoline. Three types of gasoline are used: Natural Gasoline, for *quick starting*; Straight-run Gasoline, for *power and long mileage*; Cracked Gasoline, for its *anti-knock* properties.

As expertly as the tobacco leaves are mellowed and combined, these three elements are produced and blended in balanced proportions to make CONOCO Gasoline. CONOCO refiners are masters of the art of blending.

You will find this better gasoline wherever you see the CONOCO Red Triangle. Try it today.

KANSAS AREA TO SPEND FORTY MILLIONS

Notes Twenty Bond Issues For Road, Street And Other Improvements; Labor to Get Most of Money

(By E. E. Duffy)

"You pay for good roads whether you have them or not, and you pay less if you have them than if you do not."

These words uttered some time ago by T. H. Macdonald, chief of the Bureau of Public Roads, characterize the attitude of Kansas City, Mo., and Jackson county, in which it is located. By an average vote of four to one, twenty bond issues totaling \$40,000,000 were adopted there for a number of public improvements. One county issue for \$3,500,000 will complete the county highway system by adding 82.5 miles of concrete pavement to the 244 miles in service. Kansas City will make her streets safe and less costly by expending a total of \$8,500,000, giving the region \$14,000,000 for the needed motoring facilities.

In this \$40,000,000 construction program, which includes airport, park, sewer and other improvements, Kansas City takes her place along with New Orleans as a forward looking city. New Orleans, with an extensive civic improvement program under way, showed the first quarter of this year while the rest of the country east of the Rockies recorded a loss of 24 per cent.

Half of the bond issue money to be spent in Kansas City and Jackson county will go directly to labor and much of the remainder will go to labor through the work of making and supplying materials and equipment. It is estimated that \$8,000,000 worth of materials will be supplied by Kansas City herself.

In urging the adoption of the county highway bond issue, county road officials issued this statement: "Maintenance of the eighty-two and a half miles of old road proposed to be rebuilt under the County Highway Program, will take more per year from tax funds than the additional tax will amount to for interest on and retirement of the \$3,500,000 in bonds proposed for the rebuilding of the roads. Each year this cost will mount higher and the roads, already in need of rebuilding, will become more impassable."

Just three years ago Jackson county adopted a \$6,500,000 bond issue and since then 244 miles of concrete roads were built. With the additional mileage soon to be installed, motorists in that community shortly will be equipped with one of the best metropolitan highway systems in the country, which demonstrates that the problem of providing motoring space can be quickly and easily defeated.

The \$8,300,000 to be spent for street improvement will bring the construction of better street surfaces and widened streets. Another issue for the \$200,000 will build 420 raised and protected concrete safety zones, 500 raised concrete safety islands and five underpasses for schools located in congested districts.

Kansas City and Jackson county adopted these measures with the thought that the benefits will have a cash value far greater than the required outlay.

W. H. Little and Felton King of Childress were guests of Benton Smith over the week end. Benton returned to Childress with them Sunday afternoon.

Houston Miller and family of Canadian were visitors in Clarendon the first of the week.

Mr. and Mrs. C. J. J. Weatherly and family left Thursday morning for their home in Los Angeles California, after a visit in the home of his parents, Mr. and Mrs. R. C. Weatherly. They were accompanied to New Mexico by R. C. Weatherly, Sr.

Mr. and Mrs. Clyde J. Douglas and children and Mrs. E. R. Tatum left Sunday afternoon for Wichita Falls and Dallas. Mr. Douglas will visit his mother in Dallas and attend to other matters while in the city.

Rev. and Mrs. W. T. Lackey and son and Prof. and Mrs. L. H. Mullins were in the city the early part of the week attending to business matters before returning to their home at Booker, Texas.

Mrs. Wm. Gray, Vernon Tucker, Miss Mae Bennett and Raeburn Stegall left Saturday for Colorado where they plan to make some changes on their cabin for the vacation season.

Miss Anne Craven of Childress left Tuesday morning for her home after spending this week here in the home of Miss Lorraine Patrick. She was accompanied home by Miss Patrick who will visit in Childress for a time.

Mrs. John Maberry of Sayre, Oklahoma, left Thursday for her home after a visit of some days here with Miss Lorraine Patrick.

Mrs. T. M. Couch and daughter, Miss Gwendolyn, left Saturday for Fort Worth, where they will visit friends and relatives.

LIONS TOLD OF COMING ELECTION

NEW PRESIDENT OF PANHANDLE BANKERS INTRODUCED TO LIONS

The opening part of the Lion's luncheon Tuesday was taken with a number of announcements concerning the work that was in the immediate offing in-so-far-as the Lions were concerned. The Business Men's feed for Tuesday evening was the first to be announced, with the Lions being again told of the coming election of officers to come next Tuesday.

Action was taken by the club in the matter of the recommendation to send the President-elect to the International convention. The directors had made the recommendation and their action was okayed by the club in action Tuesday. The report of the auditing committee was called for by the Boss Lion, but the committee stated that they had not completed their report.

Lion Holman Kennedy was introduced as the new president of the Panhandle Bankers' Association and stated that he was pleased with the recognition given him and that he would at least have something to do.

A recent acquisition on the part of Lion Porter was explained to the club, he telling of the receipt of a wagon wheel from a vehicle constructed by his grandfather some 90 or 100 years ago. The wagon was first driven to Missouri, later being brought to Texas, where it remains to this time. The wheel was in an excellent state of preservation.

Guests for the day were introduced as Dr. Mark Stricklin of Groesbeck, Texas, who is coming here to make his home; and Mrs. Richmond Bowlin of the Naylor community.

A report from Groesbeck was made by Lion Sam M. Braswell, who stated that he had heard of the coming of Dr. Stricklin while at the Press Association meeting in San Angelo. Dr. Stricklin was highly complimented and the town was as well complimented on his removal here.

A further report on the Texas Press Association meeting was made by Lion Braswell, who stated that it was one of the best he had ever attended. An Inspirational Program had been arranged with many of the great leaders of industry in the state represented on the schedule of events. One of the greatest addresses of the entire meet was that of R. L. Thornton of Dallas, who indicated that the future of Texas was much in front and that the greatest era of development was yet to be seen by the state in the next 25 years.

Lion Patrick called the Lions attention to an address made by President Hoover to the Indiana Press Association in which he cast many compliments at the newspapers for the work they are doing in the various sections of the United States.

Adjournment followed the singing of the first verse of "America."

Mrs. Kelly Chamberlain and son arrived home this morning from Kansas City, Saint Louis and other points, where she has been visiting for the past two weeks.

Mrs. Kate B. Carrol and children arrived Tuesday night from California where they have been for the past several months. They made the trip via automobile and report a very pleasant trip.

Mrs. J. T. Reese of Alexandria, Ohio, spent from Monday until Tuesday afternoon in the home of Mr. and Mrs. Sam M. Braswell. Mrs. Reese is a cousin of Mrs. Braswell, and was on her way to Plainview to look after some real estate.

THOUSAND DISASTERS RECEIVED RED CROSS AID IN 50 YEARS

American Society to Celebrate Its Birth Year With Nationwide Observance

Tornadoes, floods, forest fires and other calamities and upheavals of nature have visited the United States more than one thousand times in the last half century.

All of these were of severe intensity, causing loss of life and great property damage. Minor catastrophes were not counted in this list of disasters, which has been made public by the American Red Cross, in connection with the celebration this year of its fiftieth birthday.

It was on the evening of May 21, 1881, in the modest home of Miss Clara Barton in Washington, D. C., that the American Association of the Red Cross was first formed. Before the year was out, and before, indeed, the United States Government had officially moved to approve the Treaty of Geneva, adding this nation to the company of thirty-two others adhering to the treaty to protect the wounded in warfare, Miss Barton had plunged the small society into a disaster relief task.

First Red Cross Unit

This was in the north woods of Michigan, where forest fires swept the homestead farms of pioneering families. Miss Barton, as president of the Red Cross, had organized a branch in Dansville, New York, where she was sojourning. This little group immediately raised money, food, clothing and other supplies and sent them to the forest fire victims. In Rochester and Syracuse, New York, nearby, word spread of this charitable enterprise, and Red Cross auxiliaries were organized there to help. So began the disaster relief work of the Red Cross fifty years ago. In the intervening years, millions of men, women and children have been aided. Thousands of homes have been restored. Thousands of persons, overwhelmed by floods, tornadoes, and fires until all they possessed had been wiped away, have been rehabilitated and prosperity and happiness smiled upon them once more.

This year has been dedicated by the Red Cross and its chapters in 3,500 communities to commemoration of the events which led to the birth of the society in the United States.

President Hoover Speaks

The celebration of the anniversary was inaugurated in Washington at a dinner, attended by many distinguished men and women, at which Chief Justice Charles Evans Hughes, president, and President Hoover, who is the president of the American Red Cross, was the chief speaker. Judge Max Huber of Geneva, Switzerland, the president of the International Committee of the Red Cross, in which fifty-seven nations are joined in a Red Cross brotherhood, also was a speaker. As were Chairman John Barton Payne of the American Red Cross, and Miss Mabel T. Boardman, secretary, and veteran leader of the society.

The Red Cross standard, which flies all around the world where mercy is needed, was first introduced as an ideal in our modern civilization in Geneva in 1864, when the international Red Cross convention, afterward to be known as the Treaty of Geneva, was signed by twelve countries agreeing that on the battlefield the wounded should be given aid by doctors, nurses and others, who should wear the sign of the Red Cross, and be treated as neutrals in the warfare.

Two Americans attended this first convention, the American Minister George C. Fogg, and Charles S. P. Bowles, representative in Europe of the United States Sanitary Commission, a volunteer organization of sympathizers with the North in our Civil War. Facts they gave resulted in adoption of some of the American ideas.

Returning to the United States, Fogg and Bowles sought recognition of the Geneva Treaty, but the Grant administration took no interest. Under Hayes, the same lethargy was encountered. Other civilians who became interested soon lost heart.

Clara Barton Founder

But there had emerged from the Civil War period a middle-aged woman who had seen much service on the battlefields around Washington. This was Clara Barton. Ill health caused her to make a trip to Europe in 1869. There she became interested in the Red Cross idea, and joined a unit which saw service in the Franco-Prussian war. Upon her return home, she launched an active campaign for the treaty, but met the same opposition as her predecessors. However, President Garfield, when he came into office, recognized the merits of the movement, and when death by assassination removed him, his successor, President Arthur, sought approval by the U. S. Senate of the treaty. Thus was consummated a seven-year fight in this nation for a humanitarian ideal. Clara Barton was recognized as the society's founder and was its president for twenty-three years. She died in 1912 at the age of 89 years.

CLARA BARTON

This month marks the fiftieth anniversary of the American Red Cross, which is a monument of the devotion and self-sacrificing of a noble woman, who lives in history as one of the world's greatest humanitarians.

Clara Barton was in her 60th year when she founded the American Red Cross and became its first president in 1881, after service in caring for sick and wounded soldiers in the Civil War and in the Franco-Prussian War of 1870-71. She later worked in the Russian famine of 1892; in Armenia after the massacres of 1896; in Cuba during the Spanish-American War from 1898 to 1902.

She died in 1912 in her 91st year, having been active in the work of the Red Cross almost to the very last, retaining the presidency until she was past 82, and doing war work in the field until she was past 80.

She saw the organization which she founded grow to be the greatest relief agency in the world, whose usefulness has constantly increased. In addition to carrying on its regular work, the Red Cross last year raised a special fund of more than ten million dollars for the relief of drought sufferers. It now has a membership of nearly five million adults, besides seven million "junior" who are being instructed in first aid, life-saving and other means of human relief.

A half century of splendid service has already been recorded by the American Red Cross as a result of Clara Barton's love for humanity. That it will continue to carry on magnificently in the spirit of its founder can not be doubted.

FARM BOARD WORRIES

Whether justly or unjustly, the Federal Farm Board is under fire that appears to get hotter day by day. As a result of widespread dissatisfaction with its operations it seems that the "farm relief" issue will be a most lively one in the next Congress and in the 1932 campaign.

Certain groups of business men and industrialists have contended from the beginning that the Farm Marketing Act, while imposing a heavy tax burden, would not help the farmers in the long run, because the effort to overcome the law of supply and demand by temporarily pegging the price of agricultural products was bound to end in failure.

It is certain that enormous losses will result from the Board's

WAR VETERAN TO SPEAK BEFORE ROTARY CLUB HERE

Tomorrow noon at the regular luncheon of the Rotary Club Major R. W. Macke of Paris, noted war veteran and globe trotter, will speak to the members of the organization telling of his many and varied experiences. During the war Major Macke saw service as the chaplain of the famous Winnepeg "Black Devils." Scars of actual battle are carried by the veteran, he losing his left arm by having it blown off during battle.

OPERATIONS IN THE MARKET

In fact it has reversed its policy with respect to the purchase of wheat and has served notice that it will not attempt to buy the prospective 1931 surplus.

Now comes a revolt on the part of the farmers themselves. The 25,000 wheat growers of the North Dakota-Montana association have resigned from the national cooperative organization sponsored by the Farm Board, the growers' declaring that "instead of helping our organization the Farm Board has done everything possible to destroy it."

It is only fair to say that the members of the Board have tried to help the farmers, but it seems that they have been given an impossible task. The farmers simply raise more wheat, cotton and other products that they can sell at a profit. So long as they continue to overproduce it is unlikely that any laws which have been passed or may be passed will serve to help them very much.

COST OF ARMAMENTS

In an address at the opening of the recent session of the International Chamber of Commerce in Washington, President Hoover called attention to the vast expenditures by the nations for armaments, aggregating nearly five billion dollars a year.

This, he declared, is about 70 per cent greater than was spent for military purposes before the World War. It represents the cost of keeping five and a half million men actively under arms and twenty million more in reserves.

The President deplored the fact that the nations felt it necessary to maintain such extensive armies and navies in spite of their adherence to the Kellogg-Briand pact, whereby they had renounced as an instrument of national policy and had agreed to settle all their controversies by peaceful methods. He spoke hopefully however, of the efforts for armament reduction which have been made, and called upon the business men of the world to aid in promoting peace.

Manifestly the maintenance of world peace is the most important problem that confronts civilization. Compared with it all other problems are relatively insignificant. And whoever by word or deed needlessly adds to the difficulties of its solution is an enemy of the human race.

People of Brazil spent more than \$8,000,000 for patent medicines in 1930.
