HOME TALENT IS USED ON PROGRAM

FINE CROWD IS EXPECTED TO ATTEND ANNUAL COMMUNITY PARTY

Tonight is the big night of the Clarendon Chamber of Commerce as the much discussed annual Community Party gets under way at the First Christian Church at 7:30 o'clock. Plans have been completed and everything is in complete readiness for the grand occasion. A number of out-of-town guests will be present, chief among them will be Col. Erasmus Tack of the Amarillo Daily News and Mason King and Henry Ansley also of Amarillo.

The program this year will deviate from the usual run of programs in that there will be no main speaker of the evening and everyone having a part on the evening's event will be a local citizen. This idea was started several months ago and has met with instantaneous acclaim with the interested citizens of Clarendon and Donley county. Holman Kennedy is toastmaster of the evening which insures the event to be one of smoothness and studded with sparkling bits of wit and humor.

To Tom F. Connally, chairman of the program committee, goes the lions share of the credit for piecing together what is certain to be the outstanding get together occasion ever held or attempted in the city of Clarendon. He has arranged a program which radiates with informality and is designed to win the hearts and the interest of the entire attendance from the first part of the program which consists of numbers from the crack junior band under the direction of Gus B. Stephenson. From this beginning through the delicious banquet served by the ladies of the Christian Church the evening will be one of neighborly spirit and topics of vital interest will be discussed by a number of the local citizens in short to-the-minute addresses. But speeches are not the only feature for intermingled therein will be found special musical numbers by the newly organized union chorus and the High School Male Quartette. There are to be sing-songs with everyone joining in the singing of old time favorites—music every one can understand and enjoy.

Following the program election of members board of directors of the chamber of commerce for the coming year will be held. A late estimate places the attendance at approximately 175 for tonight's Community Party.

VISITORS HEARD BY LIONS CLUB

LIONS CLUB TO SPONSOR INTERNATIONAL ESSAY CONTEST IN SCHOOLS

The greater part of the program of the Lions Club was taken up by visitors Tuesday, bringing various messages of interest to the members. Following the roll call and the reading of the minutes Lion Douglas displayed a copy of the presentation card which has been hung in the Lions Club room at the Adair Hospital. In the other committee reports Lion A. L. Chase requested an extension of time to his committee who are working on the return of a number of the old Lions who have for various reasons retired from active services.

Introduction of guests included Mr. Carver, head of the Business Administration Department at the College, Rev. L. O. Byerly of Borger, Mrs. Rich Bowlin and

REVIVAL IS OFF TO FINE START

REV. L. O. BYERLY MAKES HIT WITH HEARERS IN CHRISTIAN MEETING

The dash and fire of Rev. L. O. Byerly is proving popular with the congregation of the First Christian Church and the other persons who are attending the revival services at the First Christian Church here. The youthful energetic delivery of the popular

REV. L. O. BYERLY

visiting pastor is drawing more folks each evening to the church auditorium where the campaign is being held. The inclement weather conditions and the terrible condition of the roads leading into the city have kept the crowds away from the services, but with the continued dry days of the first part of the week the church will be filled to overflowing before the first half of the two weeks campaign is closed.

Rev. Byerly's style of preaching is something new to the people of Clarendon and is pleasing to all who have heard the Borger pastor. His sermon topics are interesting and include many answers to the questions which have long been uppermost in the minds of the christian people.

The music is especially good with Rev. Byerly proving his all round qualities with the leadership of the singing and special numbers on the trombone.

The services begin at 7:30 o'clock each evening and every one is urged to attend some or all of the services.

Gold Footballs Are Presented to Broncs

Fourteen members of the Clarendon High School Broncho football squad and two coaches were awarded miniature gold footballs Wednesday morning in assembly period for their splendid service last fall upon the gridiron on which they won the District and Bi-District titles. The trophies were secured through the interest and appreciation of the Clarendon business men are of solid gold dull finish beautifully engraved with the initials "CHS" above the lacing and the year "31" below the lacing. On the back there appears "Bi-Dist. Champions" and the name of the player and his position.

The following players who served so valiantly and who will long cherish the awards presented by Sam Braswell, Jr. are: Captain Pymond Nichols, Fred Reid, Tony Watson, Snooks Andis, Loyd Benson, Pete Morris, F. L. Behrens, Elery Watson, Loyd Martin, J. T. Easterling, Pete Easterling, John McMahan, J. T. Mann, Archie Watters and the coaches, Frank A. Stocking and John G. Hutton.

The individuals and firms making possible the trophies are: C. G. Stricklin, Mrs. C. G. Stricklin, Holman Kennedy, Wesley Knorpp, Watson & Antrobus,

TWO CLARENDON BANKS REELECT OFFICERS-BOARD

In regular annual meetings of the stockholders of the First National Bank and the Farmers State Bank the fore part of the week the present officers and directors of both institutions were re-elected for the coming year. The Donley County State Bank failed to hold their meeting on account of Wesley Knorpp and W. J. Lewis being unable to attend. This will probably be held within the next two months.

Mrs. U. J. Boston left on Monday morning for Ft. Worth to attend the bedside of her sister, Miss Sallie Calloway, who underwent a serious operation on Tuesday.

F. W. & D. C. Ry. Pays School Taxes

The Clarendon Independent School District tax fund of the county was greatly helped Saturday when C. H. Wisdim, local agent for the Fort Worth and Denver and Denver City Railroad, paid the school taxes for the railway with a check for \$1,050. The Denver road is the largest taxpayer in the district and with their payment it is expected that many of the smaller payers also will follow suit and help the local schools close the present school year on a cash basis. The railway is receiving the appreciation of the citizens for their prompt payment of these taxes.

The Railroad pays approximately \$22,000 taxes to Donley county each year ranking as one of the largest tax payers in the county.

BUFFALOES TO STAY IN TEXAS

DALLAS GROUP BUYS PAPER ON GOODNIGHT HERD AND WILL EXHIBIT THEM

Preservation of the famous Goodnight ranch buffalo herd, endangered when the ranch went under the hammer, was assured when a group of Dallas business men took up the livestock mortgage held by the City National Bank of Wichita Falls, it was announced Tuesday.

The assurance came from A. C. Nicholson, Dallas, official of the Great Southern Life Insurance company which last week foreclosed its mortgage on the ranch proper. He with several other Dallas men acquired the herd by paying the mortgage held by the bank.

In an Associated Press dispatch from Dallas, Nicholson was quoted as saying arrangements had been made with the insurance company to allow the herd to graze over the 3,000-acre ranch until another preserve can be found.

Names of the purchasers of the herd were not revealed. Their leaders announced that the famous and characteristic animals, closely linked with early Texas history would not be allowed to leave the state.

Efforts to save the buffalo from sale, scattering, and slaughter began several months ago when the sale of the properties appeared inevitable. The last legislature authorized purchase of the herd, started half a century ago, by the state if citizens would obtain land for a refuge. Efforts to get the land have so far been unsuccessful.

Miss Dorothy McNutt of Dallas is visiting in the home of her sister Mrs. C. E. Miller, and Mr. Miller. Miss McNutt accompanied Mr. and Mrs. Miller home from Childress on Sunday, Mr. and Mrs. Miller having gone down earlier in the day for a short visit with friends.

LEE'S CAFE RECEIVING REMODELING JOB HEIPE

Lee's Cafe, one of Clarendon's most popular eating places, is undergoing major changes this week from the painters' brush and carpenters' tools, as Lee Muse, proprietor, proves that he believes the depression is a thing of the past. At the completion of the remodeling operations the cafe will be one of the most attractive sandwich shops to be found in the entire Panhandle.

The interior, new equipment and the exterior of the business will be finished in a brilliant orange with black trimmings. Everything in the place will be subjected to the remodeling touches of the re-finishers.

Late Notes From The City's Sick

Following the wholesale illness of the last week which sent a number of Clarendon citizens under the surgeon's knife comes the favorable reports from each of the cases which will brighten the friends of each of the individuals.

Mrs. J. T. Patman was returned to her home from the Adair Hospital last week and is rapidly regaining her strength and good health. Mrs. Walter Wilson who underwent a major operation is still in the hospital but is doing splendidly and may be brought to her home during the next ten days. Ira Merchant who underwent an emergency operation for appendicitis is practically recovered and is greeting his friends on the streets again.

A new guest of the Adair Hospital who registered Wednesday afternoon is Homer Parsons. This popular citizen was immediately treated to a tour of inspection of the building with the majority of the time being spent in the operating room where a successful operation for appendicitis was negotiated. Homer's friends will be quite eased to hear that he is doing fine and will soon be on his way to gain lost health.

Mr. and Mrs. Gus B. Stephenson spent the past week and with friends and relatives in New Mexico.

POWELL IS HEAD LITTLE THEATRE

ELECTION FOLLOWS MRS. COLE'S INABILITY TO SERVE AS PRESIDENT

At the first meeting of the directors of the Clarendon Little Theatre held Monday afternoon in the Womans Club Room at the City Hall, it was found necessary to fill the vacancy in the presidency of the organization, by reason of Mrs. A. T. Cole's firm resignation.

C. C. POWELL

was elected to press of other duties.

C. C. Powell was elected and took office immediately.

One of the features of the meeting was the report of the Historian, Mrs. A. B. Cole, who read the doings of the Little Theatre under the past administration and which were added to the minutes by unanimous vote.

Reports of the Christmas program were heard and comments of commendation were given stage committees, electricians, newspapers, etc., who contributed to the success of the event. Special mention was made of Ralph Decker who painted some special scenery for the play, complimentary to the organization.

President Powell will name the full compliment of standing committees in the next few days and work is to begin on the first play of the new year in a few days. The play will be "Duley" and Mrs. Frank Stocking will direct it.

Political Situation Gets Off to Fine Start

In the official political announcement column of The Clarendon News on page eight the readers will notice a great deal of activity already getting started which promises to make this year one of the most interesting election years in the history of the county as well as in national history. With this list of fine candidates already in the race for the various offices of the county and with even more promising to announce in the near future the voters of the county will have plenty of fine candidate material from which to pick their officers for the coming two years.

In a recent communication from Judge J. J. Fires, to the editor of The News the veteran judge indicates he will be in the race for re-election to the position of District Judge and states that his formal announcement will be forthcoming in the immediate future. Nothing definite has been heard from Jimmie Mahan, but it is expected that he will again attempt to defend his position of District Attorney against the assaults of John Deaver of Memphis and possibly others.

HEDLEY BANK IS IN SPLENDID SHAPE

SECURITY STATE BANK STATEMENT IMPROVES COUNTY BANK STANDING

Supplementing the statements of the three local banks comes the statement of the Security State Bank of Hedley giving Donley County a firm boost in the stability of local conditions. The Hedley institution like the Clarendon Banks has fallen off a bit from previous years' business, but again like the local banks, through the means of excellent management, it has weathered the storm of unsettled economic affairs and closes the year of 1931 with an excellent statement.

In the Loans and Discounts column of the Hedley institution there is found \$124,973.69. Adding this to the local total of \$624,483.45 we find the county total in this item \$749,457.14.

In the Deposits column the Security State Bank shows \$80,083.10 which added to the \$737,763.56 in the local banks brings the county deposits to \$817,846.66.

The splendid showing of the local institutions in the Cash column is increased some \$24,677.93 making the county total in this item amount to \$307,938.98.

NORMAN DANIEL HUDSON IS BURIED HERE TUESDAY

Donley County was saddened Monday when the news spread of the death of Mr. N. D. Hudson at the Adair Hospital at 3:20 p. m. With his passing Donley County and Clarendon lost another of its long time residents. Mr. Hudson has been in excellent health until the past two months when his condition took an unexpected turn for the worse.

He was born in Nelta, Hopkins County, Texas, February 20, 1866, at which place he grew to young manhood. He met Miss Mattie Harn and their friendship grew into a beautiful romance which culminated in the marriage of the couple on December 30, 1888. To this happy union was born seven children, one preceeding the father in death while still an infant. Four daughters and two sons survive the deceased and were at his bedside at his passing.

The family moved to Brice, Texas, in 1909 residing there until 1920 when the family home was removed to near Clarendon. Since that time he has made many friends which are grieved by his death.

Mr. Hudson joined the Methodist Church while a young man

DRY DEMOCRATS HAVE LITTLE HOPE FOR PARTY

Dry Democrats of the South can have little hope for party success, with the leadership of the party in the hands of the Raskobs, Smiths, Roosevelts, Ritchies. Successive statements of Raskob, and the inane "bull" of the Jackson Day Dinner from defeated standard bearers, give added reason to the position of Southern Dries who see the Democratic party hopelessly split by the wet hydrophobists of the North and East, and an opportunity lost for a party victory.

Raskob's latest declaration that he stands against a platform stand either wet or dry, but that he believes the party should demand a resubmission of prohibition to the people, is so thin that nobody is fooled even a split second. It is just another wet stand dressed up in sheer immodesty, and all the world can see.

The Democratic steed in the South is going one way and the Democratic steed in the North is going the other. Nobody can ride it going both ways, and the name has been so bespurred by the leaders in liquor and license, that it no longer holds reverence. Defeat and disintegration seems the only result.

The Chicago convention of the Democrats this year will be another wet parade with dries foolish enough to attend and participate, getting what is coming to them sudden and often.

A BROADER RELIGION GAINS GROUND

A short decade ago it wasn't popular in the United States to declare ones self too liberal in denominational allegiance, and our religion was a narrow sort. One wasn't orthodox if he openly professed to believe that a person of another faith had as much promise of salvation and Heaven as he did himself.

But the fires of liberality and brotherhood have been burning, and gradually the old world has been learning some things. Today there is hardly an educated follower of Jesus, who will express more than a preference to his own faith, or speak very loud in saying that his denomination is alone favored of God.

One of the greatest exponents of this new and much-to-be desired liberality and brotherhood is Seth Parker of radio fame, and others like him, who regularly preach the world-wide equality of love, religion and brotherhood, and who extend to all who profess the name of Christ a hand of friendship and understanding.

A broader religion challenges the world and wins men to God. May it gain momentum until it brings all men into its happy and beneficent fold.

ONE WAY WE MAY WIN

It's hard, just now, for us to believe that the financial difficulties through which we are passing can bring us any permanent good, and yet it is possible that it will bring us many spiritual advantages and some monetary.

One way we can win is for the people to put their minds so tenaciously upon extravagance in government with resulting high taxes, that a reform will be achieved and lower taxes and more efficient administration will be the result.

If we can do this, within a decade we shall have won back all our losses from the period which we hope is now beginning to clear away.

GOVERNOR STERLING OPPOSES TAX INCREASE

In speaking of the treasury deficit of the state government this week, Governor Ross Sterling declared himself against an increase in taxes and expressed a belief that revenues in the next four months will reduce the deficit to a negligible figure.

Following his policy of administration, Gov. Sterling said: "Taxes already are burdensome. We need to stop the leaks in expenditures." This policy and determination on the part of the governor is especially well pleasing to struggling tax-payers just now, and Texas voters will not forget Ross Sterling when he stands for re-election.

REAL LOYALTY

"I shall count that man loyal and true to America, no matter where his ancestors were born, what language he speaks, what church he attends, or what color his skin—all those it seems to me are matters that he could not control himself—but I shall count that man loyal if he is loyal and true in heart and mind, in deed and act to the great forest of boys and girls willing to see that they have a chance to grow up into good, strong human forests—the future citizens of America."—Francis G. Blair.

PROFANITY

We have known golden hearted men who were addicted to profanity.

We have known sanctimonious scoundrels, also who never uttered an unholly word. We had rather be cussed by a real man than to be prayed for by a religious fakir.

But this is no apology for profanity. The habit of cursing cannot be condoned. It is high treason against the Almighty and a species of assault and battery against the English language.—El Paso Scottish Rite Bulletin.

Industrial Possibilities of Texas

BY COL. WM. E. TALBOT

(Editor's Note:—Following is the 16th of a series of articles by Col. W. E. Talbot, agency manager for the Southland Life Insurance Company and the prime mover in the campaign for Texas industries, in which he discusses the possibilities of Texas from an industrial standpoint, answering the question: "What manufacturers does Texas have and what can we profitably manufacture?" Other articles will follow.)

Special To The Clarendon News

Some figures were released recently that show an economic waste in Texas on one of our largest industries. We have been taking the short end on cattle raising the same as we have on many of our other industries. For instance a beef steer will average about 900 pounds, and for the year these figures were taken, sold at \$9.20 per hundredweight. Then, these steers were shipped to northern grazing fields where in 3 to 3½ months their weight increased to an average of 1,200 pounds.

Now, mind you, our stock man spent 2 to 2½ years in bringing the steer to the 900 pounds and the northern man spent 3 to 3½ months in bringing it from the 900 pounds to 1,200 pounds. It is then called a prime beef steer,

and would sell for \$13.43 per hundredweight.

Now let's see how that works out. It means the Texas raiser gets, on this basis, \$82.80 for 2½ years work, and the man who fattens the steer gets \$78.36 for the 3 months work. In other words, the northern man gets within \$4.50 of what the Texan made in one-tenth of the time. Multiply that \$78.36 by a million head of cattle and you have Seventy-Eight Million Dollars more annually that would stay where you have a chance to get it back if we fatten the cattle ourselves.

In a great many cases our own cotton seed is shipped North to help fatten the cattle. Here are our western plains with a surplus of wheat. We could raise some fattening foods in other communities. An additional advantage would be the retained fertilizer if we fatten the steers and shipped direct to market, and two freight charges would be eliminated.

When are we going to wake up?

West Texans. FORWARD!

It has been the history of West Texas that after every national depression, this "Land of Opportunity" returns to normal—and marches ahead to greater prosperity—more rapidly than any other section of the country.

Recognizing this, can you doubt the brilliant future ahead of West Texas? Can you remain depressed when you're living in this land of vast and valuable resources? Can you allow a temporary period of adjustment to blind you to the immense possibilities just around the corner?

Of course you can't—neither can other thousands of loyal and enthusiastic West Texans! That's why the rapid development of our land has astounded the world—we have a boundless, and justified, faith in West Texas!

This company, rendering dependable and efficient electric service to 125 prosperous cities and towns, has displayed its confidence in this territory's future by the investment of approximately fifty millions of dollars and the creation of an annual payroll that has averaged over \$2,000,000.00 for the past three years. Our firm faith further is exemplified by the reduction of electric rates for service to the home to the low average of only 6.3 cents per kilowatt-hour . . . by the construction of three major generating stations, nineteen auxiliary plants, and more than 2,500 miles of transmission lines . . . through the building of fifty-five local office buildings and warehouses, and the erection of the many additional permanent facilities necessary so that West Texas can offer to industries and home-makers that dependable and inexpensive power supply available only from a widespread transmission line electric system.

The future of West Texas is assured! Present fundamental conditions are sound, and West Texas' wealth of natural resources—un-surpassed by any other section of the country—give every indication of progress that will dwarf in magnitude that sensational development which a few short years ago riveted on us the attention of the entire nation! Let us take advantage of this encouraging situation—and march through to a greater prosperity than ever before! Let us assume our rightful eminence in the great Southwest!

Copper Mines Eight Miles Southeast Of Quannah to be Opened Shortly

Secretary Sager of the Quannah Chamber of Commerce and the T. C. man started out Friday evening on a visit to the celebrated copper mines of Foard county.

Those of our readers who never heard about these mines will be interested in learning that in the early eighties Gen. McClellan of Union fame persuaded some of his New England friends to invest two million dollars in developing these mines.

Cabins were built and heavy machinery transported to that inaccessible country, long before a railroad had been built within fifty miles of it, and much rich ore was run through the smelter.

Unfortunately Gen. McClellan had fallen with a couple of grafters who were more interested in working their friends than in producing copper. Expenses soon ran up in such fashion that the output of the mines could not possibly overcome them.

Lawsuits were instituted by the stockholders who felt themselves defrauded, and Gen. McClellan became a bankrupt. Most of the machinery was carried to Quannah, where it remained for years and finally was sold as junk.

In 1891 we found the mines abandoned: all that was left were several hundred feet of shallow tunnels, a smokestack that could be seen for miles, and an immense pile of coke. For several years afterwards this pile furnished fuel for the folks living in that sparsely settled country.

Mr. Sager and the writer followed the Crowell road for several miles, finally taking a country road that took us in a north-westerly direction to the pasture of Worsham & Johnson, not far from the Hardeman county line.

The road was very dim, in fact it wasn't much more than a rough trail that only a few cars had gone over. Crossing Canal Creek proved easier than it looked, however, and we finally reached the end of the trail, where we saw two other cars.

Winton Watkins, the engineer, was there, and he introduced us to two experienced miners, Messrs. Casperson and Handley who are making a number of forty foot holes with a diamond drill, and keeping a minute log of them with a core box. All three are very hopeful and believe they have struck something good.

Mr. Watkins, some eighteen months ago, secured the mineral rights on 3600 acres of the Worsham & Johnson ranch, and also 5300 acres of W. O. Neal's, and succeeded in interesting Tulsa capitalists.

Geologists investigated these prospects and reported them favorable, and Mr. Watkins expects to move a smelter out there before long.

He showed us a hogback some three thousand feet in extent, the three foot vein of which he figures contains over 780,000 tons of high grade copper; enough to keep a smelter busy for many years to come.

We went over to Cedar creek, where the old mining people had built a concrete dam, which had been washed out long ago. Crushing machinery, and what remained of a couple of big tanks, where the crushed ore had been sluiced,

are still there. The tunnels have mostly caved in, though we found a couple still shored up, and noticed that Dame Nature had been busy washing copper nuggets down the hills.

Some specimens we gathered were highly interesting. The copper is mainly found between layers of gypsum, and carbon frequently adheres to it. Traces of cinnabar, silver and gold are also found, but not in paying quantities.

The refuse that had been thrown aside by the old miners still contains over seven per cent of copper, according to Mr. Watkins, who stated that modern processes secure a great deal more metal than what the miners used to extract from the ore fifty years ago.

It was an interesting trip, and we trust Mr. Watkins will be successful in developing this prospect on a large scale as he anticipates, and have a railroad spur built out there, either from Swearingen or Crowell.

Winton Watkins, engineer for Hudson Meador of Burkburnett, contractor for gas and oil pipe lines, called at the Tribune-Chief office yesterday evening. He reports that his men took their coring machine over to Will Neal's pasture, where on section 85 and 86 are copper outcroppings far richer than those in Foard county. They drilled two holes on Saturday and Sunday, and discovered a six foot vein that ran over fifteen per cent of the very best ore.

Satisfied with their findings, the two miners left for Tulsa while Mr. Watkins and his partner, Mr. Meador, proceeded with their preparations for erecting a mining plant.

Actual work on the plant will be begun next month. The West Texas Utilities will run a hi-line to the mines, and a spur railroad it to be built from Lake Pauline, about six miles in length.

The plant is to be built up gradually and at first employ from twelve to fifteen men. There is a lot of float scattered over that whole country which in course of time may be scooped up and brought to the smelter but for the present there is enough copper ore in sight to keep a good sized plant busy for several years to come.

Of course these plans are all yet in a formative stage, and it is possible that the smelter will be located on Lake Pauline, and the ore run to it by transmission lines. The lake is considerably lower than where the copper is to be mined, and the prospect of having always lots of water on hand looks good to a mining man.

However that is all in the future! Sufficient for the present it to know that the plant will actually be built, and in its erection employ a number of people, which is welcome news to everybody in the country. Quannah Tribune-Chief.

True Story of Mrs. Rodriguez Told to Clarendon News

The true life romance of Mrs. Rosa Rodriguez, Polish lady who died here lately, was retold to a member of The News staff by Mr. J. H. Martin, who has known the family for many years and possibly knows more about the history of the old lady than any one. A few of the published facts concerning the history of Mrs. Rodriguez were somewhat mixed up and we are indebted to Mr. Martin for the correct details.

As in the previous story Mrs. Rodriguez was shipwrecked while on her way to the States from her native country, Poland, and landed at Port LaVaca. She was adopted by a Spanish family of considerable means living in San Antonio by the name of Leall. This family was very kind to the unfortunate little girl and bestowed upon her all the affections of devoted parents. Three other adopted girls were numbered in the family, and all received the best education possible at that time.

An employee of the Leall family, Juan Rodriguez, met the young lady and a beautiful romance entwined the hearts of the pair and eventually the couple were married. Juan and his bride came west and entered into the employ of the J. A. Ranch, taking charge

if the horse range camp on bitter creek. After a few years at this place the family moved to a camp above Goodnight where he was in charge of a portion of the property under the late Chas. H. Goodnight.

Working hard and saving the family gathered a little fortune which they kept in their home. One night a thief attempted to steal the money but was frustrated and the money was given to Col. Goodnight for safekeeping. As the years wore on the thought of a permanent home entered the hearts of the Rodriguez family and a modest home was purchased in Clarendon on east Third Street. The money was transferred to the Clarendon Bank and then lost when the institution failed. Shortly following this disaster Juan died leaving Mrs. Rodriguez with a Union Civil War pension as her sole means of support. Through the years this brave woman has fought life's bitter battles and won hosts of friends in Clarendon with her sunny disposition. She was approximately 75 years of age at the time of her death.

New Firms in Texas Show Upward Trend

Special To The Clarendon News
AUSTIN, Texas, Jan. 13.—Although the total number of new firms which received charters from the Secretary of State during 1931 was 3.6 per cent under that for 1930, there was an increase in total capitalization for the year of about 16 per cent, according to the Bureau of Business Research of The University of Texas.

"The total capitalization of the 2,116 companies which were incorporated during the year was \$86,096,000, or practically \$12,000,000 more than in 1930," the Bureau's report said. "Even with this increase, however, total capitalization for 1931 is small as measured by the totals for the ten years beginning with 1920 and sales before the records set in 1927, 1928, and 1929 of \$269,000,000, \$390,388,000, and \$285,612,000 respectively. The number of new corporations, on the other hand, showed up rather well in comparison with previous years.

J. M. DEEVER SEEKS COUNTY ATTORNEY JOB

The Clarendon News has been authorized to place the candidacy of John M. Deaver of Memphis, Texas, before the voters for the office of District Attorney. Mr. Deaver was born in the District at Memphis in Hall county where he received his high school education. After attending Trinity University three years he answered his Country's call and joined the Marines serving in France during the World War. Following the war he graduated from the University of Texas Law School.

He has served two terms as County Attorney in Hall county, during which time he has a record for convictions in contested cases in the County Court, which has not been surpassed in that county. He now holds a trusteeship of the Memphis Independent School District.

In line with the necessity of the time, if elected, he promises to keep the expenses controlled by the office at the lowest figure consistent with a diligent administration of the duties of the office and a fair and impartial discharge of the duties of the office to the very best of his ability.

LOST 20 LBS. OF FAT IN JUST 4 WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I am only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back. (1)

and W. J. Bragg highly recommend the young man for the office and request your favorable consideration of Mr. Deaver when you look over the ballot in the July Democratic Primary.

Interesting Sidelights On The Bi-Centennial Celebration Life of George Washington

GEORGE WASHINGTON'S "FIGHTINGEST" GENERAL

Special to The Clarendon News As the nation begins this year of celebration to its greatest man, George Washington, every man who helped him fight the battle for our Independence shares in his glory and claims national interest.

In the front ranks of these dashing officers, says the United States George Washington Bi-Centennial Commission, was "Mad Anthony Wayne," whose name is familiar to every American boy who loves a hero.

Interest attaches to Anthony Wayne from the moment of his birth, for he picked New Year's Day itself for that important event. He first saw the light at Easttown, Pa., on January 1, 1745, which makes this day his 187th birthday anniversary.

Wayne was named Anthony after his grandfather, an Englishman who lived in Ireland for some years before migrating to Colonial America. Here he built up a modest fortune so that his grandson Anthony was able to start life with some advantages in the way of education. He also came naturally by his fighting blood, the grandfather having served with distinction under the gonfalon of William III of England, and the boy's father took active part in the French and English conflict in America.

In fact, young Anthony's military spirit got in the way of his schooling. An uncle, the boy's first schoolmaster, complained to his father that more time would have to be given to study and less to playing soldier, or Anthony would have to leave school. He later was sent to the academy which became the University of Pennsylvania, and there distinguished himself in mathematics and, at the age of eighteen, he became a surveyor, like the youthful George Washington.

Early in the outbreak of the campaign for Independence, Anthony Wayne put his fiery heart into the fray. In 1775 he served, along with Benjamin Franklin, on the Pennsylvania Committee of Safety, and in that same year he organized and drilled the 4th Pennsylvania regiment of soldiers. On Jan. 3, 1776, he was commissioned a colonel, and took his regiment to reinforce the attack on Quebec. At Three Rivers he led with all his characteristic dash and assault on a superior British force and there received the first of six wounds he suffered during the Revolution.

Next he was sent to Fort Mifflin, but there the enforced inactivity was too much for his ardent spirit, and he besought of Washington a post of action in the field. In February, 1777, he was made a brigadier-general, and two months later he joined Washington in the Commander in Chief's movements in New Jersey, giving good account of himself.

At the Battle of Brandywine, Wayne was given the important duty of defending the center of the line at Chad's Ford against the advance of Kenyphausen's Hessians, and so spiritedly did he resist the British attack that he received credit from many military authorities for saving Washington's army from a rout. A little later a force under Wayne was overwhelmed by a British force under "No-Flint" Gray at Paoli, and though they suffered what became known as the "Paoli Massacre," Wayne brought off the main body of his men.

During the heart-breaking winter at Valley Forge, it was Anthony Wayne's raids on the British lines for supplies that many times saved Washington's army from outright starvation, and these forays were a sore trial to the enemy. When Clinton took his army out of Philadelphia that year, Wayne was ordered to hang on to the British rear, and where ever he appeared there was invariably a fight. At Monmouth, Wayne did more than any other except Washington himself to save the American army from disaster and convert that action into a drawn battle.

When Stony Point was to be taken, Washington relied upon his fighting general, Wayne, and there "Mad Anthony" brought off the most daring exploit of his whole career. Stony Point had been considered impregnable. It commanded the important crossing of King's Ferry, and it was essential to American success that it be wrested from British control. Not only was the position strongly fortified, it was protected by a

marsh which at high tide was covered by water so as to render the fort itself an island.

Wayne took his command to within a mile and a half of the place, and waited for midnight. Then he moved his men forward in two columns, to carry the redoubt by the bayonet. To insure the element of surprise, the charges were removed from all but a few muskets, these to be fired to divert British attention from the real attacking columns.

So desperate was the attempt that Wayne's correspondence before the action indicates his belief that he might lose his life, but he meant to take the fort.

He took it, leading his men up the slope until he was hit in the head by a musketball that laid him senseless. In a short time he recovered, nevertheless, and was there in front. The British themselves paid tribute to the dash of Wayne and his men. Washington, Lafayette, Steuben, and all the rest of Wayne's comrades in arms showered him with praise, and General Lee called Stony Point "the most brilliant assault in history."

Later in the Revolution, Wayne played important parts in squeezing Cornwallis out of the Carolinas, and in 1781 he joined Lafayette when Cornwallis had moved into Virginia. Mad Anthony proved a gadfly to the British commander. At Green Springs he threw himself upon the entire British army, and at Yorktown it was Wayne who opened the first "parallel" thrown round Cornwallis, a key move in the final victory.

Another of Wayne's six wounds was received when a nervous sentry at Lafayette's camp let fly at him on a dark night. The bullet glanced from a bone in Wayne's thigh and lodged in the flesh. Far from angry at the soldier, Wayne raged instead against the American commissary, and complained that "if the damned cartridge had had enough powder, the ball would have gone clear through."

After the war, General Wayne returned to civil life in Pennsylvania and was a member of the State convention that ratified the Constitution. In 1792, President Washington commissioned Wayne General in Chief of the American Army with the rank of Major General, and sent him to do what both General Harmar and St. Clair had failed to perform, the subjugation of the Indians in the northeast. Wayne first built three forts in the hostile territory and offered the Indians peace. When they refused, he met them at Fallen Timbers and not only cut them to pieces but leveled their villages for miles around. It taught them a lesson they never forgot, but it cost Wayne serious injury to his health. On his return to Pennsylvania, Washington made him a commissioner to shape a treaty with the Indians, but on this mission Wayne became ill and died at Presque, now Erie, Pa., on Dec. 15, 1796.

Many times had Washington commended him for his brilliancy and daring. The esteem was mutual, for the men were warm and lifelong friends and so admired each other that Wayne once is said to have remarked that he would storm the gates of hell itself, if Washington planned the assault. In the honors paid to the Father of the Country this year, Wayne's name and fame will deserve its mention, along with that of the man he adored and served so well.

IN SOCIETY

Merry Party at Parish House

An affair which added much to the week's social activities, particularly for the younger crowd was the dance given by Messrs Alexander Cooke, Byrum Haile, and Johnnie Blocker on Friday evening at the Parish house, with Rev. and Mrs. L. L. Swann, Mr. and Mrs. Meade Haile, and Miss Mary Cooke as chaperones.

Radio and Victrola music inspired the happy group in their merry making until a refreshment course was served the following and they departed for their homes:

Misses Marjorie White, Esther Morrison, Mann, Elizabeth Kemp, Vera Nolan, Mary Travis Dyer, Jo Ella Kennedy, Lois Wallace, Jean Bourland, Carroll Holder, Dorothy Joe Taylor, Eunice Johnson, Lucile Andis, Jonnie D. Latson, Berkeley Ryan, Evelyn Murphy, Pauline Atteberry and Eleanor Morris.

Messrs Kenneth Brown, Snooks Andis, Loyd Benson, Ardis Patman, Billie Greene, Billie Cooke, Mike Stricklin, Lee McKinney, Archie Watters, Tony Watson, Eleroy Watson, Hubert Reavis, Glend Allison, Sam Cauthen, Bill Word, Alfred McMurtry, Carroll Hudson, Price Whitlock, Hollis Leathers, Pete Morris, and Phillip Smith.

1926 Book Club In Study

"Red Heels" by Lexie Dean Robertson, a Texas poetess whose home is in Rising Star, was the study for members of the 1926 Book Club when they met in the basement of the Presbyterian church, on Tuesday afternoon, with Mrs. Sam Braswell, Jr. and Miss Lotta Bourland as hostesses.

Mrs. Bill Bromley, leader for the afternoon, gave an interesting sketch of the life of the poetess, while Mrs. G. L. Boykin selected and read a number of the poems from "Red Heels."

During the business session Mrs. Ingram was elected to membership. The club also voted to donate the books (3) left over from the book-club to the city library.

Women's Missionary Auxiliary Has Interesting Lesson

Mrs. Paul Shelton made the lesson from the Missionary Voice unusually interesting for members of the Woman's Missionary Auxiliary of the Methodist Church, who gathered in the church parlor at 3:00 Wednesday, for this study. Mrs. Beavers was leader of the devotional.

Next week the Auxiliary will meet at the church in a business session.

Club Honored With Party

Informal but altogether enjoyable was the bridge party given by Mr. and Mrs. Clyde Price in honor of the Kongenial Kard Klub members at the home of Mr. and Mrs. C. W. Bennett, on Tuesday evening.

The guests arrived at 7:30 o'clock and were greeted with tables arranged for games of auction bridge which were enjoyed until a late hour with Mrs. Charles Trent playing high for ladies and Mr. C. E. Miller for the gentlemen.

A dainty refreshment course was served to the following club members:

Mr. and Mrs. P. L. Chamberlain, Mr. and Mrs. C. E. Miller, Mr. and Mrs. C. B. Trent, Mr. and Mrs. Carl Bennett, Jr. and Miss Dorothy McNutt of Dallas, were invited guests.

Miss Elgin Patrick Is Hostess

Miss Elgin Patrick was hostess to members of her Auction Bridge Club on Saturday afternoon at the W. H. Patrick home, West 2nd Street.

As the guests arrived they drew score cards and found their places at the tables where games of auction bridge were enjoyed until time for scores to be added. Miss Josephine Murphy was winner of high score favor and Miss Marvin Wood consolation.

A dainty refreshment course was served at the completion of the games.

Mrs. P. B. Gentry Is Hostess

Contract bridge which is gaining in popularity every day and in every way was the form of entertainment planned for her guests by Mrs. P. B. Gentry on Tuesday afternoon when she entertained members of her contract club at her apartment.

Scores were disregarded and the games enjoyed for the sheer joy of playing and the sociability of the group.

A delightful refreshment course was served late in the afternoon to: Mrs. Ira Merchant, Mrs. M. P. Gentry, Mrs. Sam Dyer, Mrs. Kelly Chamberlain, Mrs. T. H. Ellis, Mrs. Charles Trent, and Miss Lorraine Patrick.

Presbyterian Auxiliary Meets

Members of the Woman's Auxiliary of the Presbyterian Church met in their respective circles Wednesday afternoon. Circle No. One were guests of Mrs. Melvin Cook and had the usual Bible lesson and devotional period.

Members of Circle No. Two felt so energetic that at the completion of their devotional period they tackled a quilt. This to be used for some worthy cause. These ladies met in the basement of the Presbyterian church.

Sims P.-T. A. Enjoy Thrifty Program

The Sims Parent-Teachers Association seems to be growing in attendance as the room in which the monthly meetings are held was filled to overflowing when Mrs. J. L. McMurtry presided over the meeting in the absence of the president, Mrs. U. J. Boston.

The theme for the afternoon was "Thrifty" with the pupils of the two third grade sections giving a splendid playette under the supervision of their teachers, Mrs. Mae Pruitt and Miss Mable Mongole. The object of the playette being to stress the value of pennies and the important part they play in making dollars if wisely expended or kept.

During the business session Mrs. McKee and Mrs. H. T. Burton told of some of the welfare work being done by the Welfare Committee. Mrs. Pruitt's room received the pictures for having the largest number of mothers present.

Friendship Club Enjoys Afternoon

The beautiful country home of Mr. and Mrs. J. A. Meadows, which is always abloom with many potted plants was the scene of a friendly meeting of the Friendship Club on Tuesday afternoon when Mrs. Meadows and her daughter, Miss Katie were the charming hostesses.

During the business session a letter of thanks was read from the prisoners in the Donley County jail for the nice Christmas dinner and basket of fruit sent to them by members of this club.

At the close of the business session fancy work and conversation were enjoyed until a lovely salad course was served.

Attending were: Mesdames J. H. Hanis, L. Ballew, J. A. Meadows, J. W. Roland, C. R. Skinner, J. D. Stocking, H. Tyree, G. J. Teel, M. E. Thornton, Eva Womack, J. E. Mongole, J. A. Tombs, and M. G. Cottingham, club members.

Mrs. Hoyt Smith and daughter, Malena Smith, invited guests.

Miss Calhoun Is Honoree

A delightful affair of the week end was given Saturday evening when Miss Anna Moores Swift entertained with a game party at the home of her parents, Mr. and Mrs. J. D. Swift, in honor of Miss Catherine Calhoun of San Angelo, who is spending the New Year holidays in the home of her granddaughter, Mrs. B. W. Chamberlain.

Miniature fans served as score cards for the games which were enjoyed in rooms tastefully decorated in ferns and bowls of blooming Narcissus. Miss Dorothea Watson was awarded high score favors, while Miss Calhoun received a lovely guest-of-honor gift.

Dainty candies were served throughout the evening with punch and sandwiches being served at a late hour to: Misses Dorothea Watson, Rosaline Bass, Willie Maude Pratt, Laverne McMurtry, Virginia Cluck, Avis Lee McElvanev, Margaret Kelly, Sarah Virginia McGowan and the guest-of-honor, Catherine Calhoun of San Angelo.

Mr. and Mrs. J. W. Martin are spending a time with their daughter, Mrs. Bob Younger and Dr. Younger of Amarillo.

Mike Stricklin Is Host With Party

Enjoyable in its hospitality was the dance given by Mike Stricklin on Saturday evening at the home of his parents, Dr. and Mrs. M. L. Stricklin, on the Bugbee hill.

In this spacious home radio and phonographic music bade the guests enjoy themselves with dancing until a late hour.

Enjoying this hospitality were: Misses Jean Bourland, Lucil Andis, Carroll Holder, Elizabeth Kemp, Dorothy Joe Taylor, Jonnie D. Latson, Nola Gordon, Eunice Johnson, Pauline Shelton, Pauline Sanford, and Roberta Lafon.

Messrs Byrum Haile, Elbert Bowen, Sam Cauthen, Carroll Hudson, Tony Watson, Bill Word, Alex Cooke, Benton Smith, Dick Nichols, Bill Wood, and Jonnie Blocker.

Pathfinder Club In Business Session

With Mrs. H. T. Burton and Mrs. A. T. Cole as hostesses members of the Pathfinder Club met in the Ladies Club Room on Friday afternoon in a business session at which time the following officers were elected:

Mrs. U. J. Boston, President; Mrs. J. R. Porter, Vice-President; Mrs. Tom Goldston, Recording Secretary; Mrs. Fred Rathien, Corresponding Secretary; Mrs. Floyd Keener, Treasurer; Mrs. W. C. Stewart, Parliamentarian; Mrs. Sella Gentry, Historian; Mrs. J. W. Evans, Federation Councilor.

An enjoyable social hour was spent by the ladies following the close of the session with the hostesses serving dainty refreshments.

Junior Les Beaux Art Club Meets In Study

The monthly meeting of the Jr. Les Beaux Art Club was held in the club room Wednesday afternoon, with Miss Mary Howren and Miss Edna Butler as hostesses.

The study, "Beginnings of Art Among Early People" was ably led by Mrs. Meade Haile with Miss Mary Howren freely discussing the "Art of the Stone Age," "Art during the Bronze Age" was the topic assigned and ably given by Miss Julia Mae Caraway.

During the business session four new members were voted membership into the club. The program for next month will be a study of George Washington.

Dainty and tasty refreshments were served during the social hour which followed the completion of the business session and program.

Dinner Bridge Club Entertained

Among the many enjoyable social events of the week was the dinner-bridge party given Wednesday evening by Dr. and Mrs. O. L. Jenkins, at their home, for members of the dinner-bridge club.

The guests gathered for a tempting two-course dinner, daintily served at small tables and after dinner covers were removed for the games, which were enjoyed until a late hour by the following club members: Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Phillio Gentry, Mr. and Mrs. Forest Taylor, Mr. and Mrs. Holman Kennedy, Mr. and Mrs. Sam Dyer and Mr. Selden Bagby.

Les Beaux Arts Club Elects

The Les Beaux Arts Club met last Saturday at the home of Mrs. T. H. Ellis. Election of officers was held for the ensuing year and the following were chosen: President, Miss Mary H. Howren; Vice President, Mrs. L. S. Bagby; Secretary, Mrs. J. W. Evans; Treasurer, Mrs. Holman Kennedy; Historian and Librarian, Miss Temple Harris.

The program of the afternoon consisted of the study of some of the noted French artists of the 16th century, and of the Sevres porcelain which originated in that century. Mrs. Holman Kennedy led with a talk on Wateau. Mrs. Evans followed with a paper on Fagonard. Mrs. James Morris discussed Chardin. Mrs. Frank Bourland closed the program with a paper on Sevres China.

Refreshments were served to those present by the hostesses, Mr. Ellis and Mrs. W. H. Cooke.

Needle Club Members Enjoy Afternoon

Mrs. A. L. Chase proved herself a charming hostess when she entertained the 1912 Needle Club, Thursday afternoon at her home.

An enjoyable afternoon was spent in needle work and chatting at the close of which a lovely two course afternoon luncheon was served to: Mrs. Homer Glascoe, Mrs. B. L. Jenkins, Mrs. B. A. Chamberlain, Mrs. A. A. Mayes, Mrs. Sella Gentry, Mrs. L. S. Bagby, club member, Mrs. Mary Stegall, Mrs. Keith Stegall, Mrs. J. D. Stocking, Mrs. J. L. McMurtry and Mrs. Carl Adams, invited guests.

MacDowell Club Notes

Plans are progressing nicely for the Cantata, "In Old Japan", to be presented by members of the MacDowell Club on January 26th, under the direction of Sam M. Braswell.

Committees appointed by the president, Mrs. Tom Goldston, are busy making and executing plans with all members of the chorus working diligently to make this the very best and most colorful program yet to be given by this organization.

Episcopal Auxiliary Continues Study

With Mrs. W. H. Patrick as hostess, members of the Episcopal Auxiliary continued the discussion of the study "Building a Christian Nation" with each person present having a part in the discussion. The Bible lesson and invocation was led by Mrs. C. W. Bennett.

During the business session Mrs. W. H. Patrick and Mrs. L. L. Swann were elected as delegates to the Convention to be held in Big Springs, Texas, January 24th.

THINGS WORTH KNOWING

A Handy Way to Open an Asparagus Can
Instead of opening my Asparagus cans at the top, I turn them upside down and cut the bottom. In this way, no matter what bad luck I have in opening the can, the tips are never injured. The smooth end also comes out easier than the rougher tips.

To Remove Paint From Window Pane

Dip a cloth in hot vinegar. Wipe spots with this and they will disappear.

To Remove Grease Spots from Floor

Sprinkle dry soda on spot. Pour boiling water over this. Let stand. Then scrub and spot will disappear.

COOKING HINTS

Chili Con Carni
¾ pound round steak ground.
1 onion.
1 can tomatoes (No. 2).
1 can kidney beans.
A lot of black pepper.
A little Cayenne.
A little water.
Cook at least 1½ hours.
Method: Put some grease in a

skillet and brown round steak and cut up onions together. Add the remaining ingredients, mix well. Cook slowly.

Any Season Marmalade
2 pounds apricots (dried).
1 large can crushed pineapple.
¾ pounds sugar.
Method: Soak apricots over night, add pineapple and sugar and cook.

Fresh Apricot Marmalade
1 basket apricots.
1 can crushed pineapple.
4½ pounds of sugar.
Method: Stone apricots, then mix sugar, pineapple and apricots together and cook.

BAKING HINTS

Spinach Loaf With Cheese
½ peck of spinach.
1 cup grated cheese.
1 egg.
1 cup crumbs.
½ green pepper.
3 tablespoons fat.
1 teaspoon of salt.
A little paprika.
A little onion.
Method: Wash spinach thoroughly. Cook spinach carefully with just a little water. When

done chop fine and add the other ingredients which should be chopped. Bake in a small bread pan ½ hour in a moderate oven.

Grease the pan, serve with tomato sauce.

Molasses Cookies

1 cup sugar.
1 large cup shortening
2 eggs.
A little salt.
1 cup molasses.
2 teaspoons soda (level).
2 teaspoons cinnamon.
1 teaspoon cloves.
1 cup hot water.
4 cups flour.
1 cup raisins if desired.
Method: Cream sugar and shortening. Add 2 eggs well beaten. Add salt, Beat soda into molasses and add to mixture. Stir in spices and flour then hot water. Flour the remains well and add last if desired.

Hints for Making Cookies

Sometimes, make your cookie batter ahead and place in the ice box over night. In the morning, the process will be much simpler as they will roll easier, will not stick and will take very little flour.

More about the all-district football selections. The coaches of the district through the Amarillo Daily News announced their idea of the team and handed the championship Bronchos five places on the mythical eleven, thereby proving how well thought of the team produced by coaches Frank Stocking and Hutton was over the District. Here's the team:

Owens of Miami and Watson of Clarendon, ends; Behrens of Clarendon and Stone of Hereford, tackles; Morris of Clarendon and Terry of Miami, guards; Weckesar of Miami, Center; Thompson of Dalhart, Quarterback; Reid of Clarendon and Howell of Dalhart, halfbacks; and Nichols of Clarendon, fullback and captain.

And this is clipped from the Dalhart Texan—we can all laugh at this one.

"Brewer, left end and Chenault, left tackle of Dalhart are given places on the Clarendon News All-District Class B team.

"The Texan editor did not have an opportunity to see any class B teams other than Clarendon in action with the exception of Dalhart. Based on our observation our selection for an All-District Class B team would be the entire Dalhart squad with the Clarendon first team squad as material to shift in to bolster up any possible weak points.

"A team composed of the two could whip any other Class B team in the state with the possible exception of the Masonic home which had a Class A Aggregation."

The last paragraph is absolutely correct but the second is the one that gets the mythical outburst. They think a lot of the Dalhart team in Dallam county evidently. So does the Clarendon fans, but that selection is a bit too optimistic.

We do agree with our contemporary in that a coach could use the Dalhart team as shock troops to start the game—but as evidenced in one game last November the "weak points" begin to show in the Wolves club in the third quarter—and then let the Bronchos go in and win the contest.

Our congratulations to Miss Hazel Stewart in her selection by the Hedley Owls to the position of "sports writer" for that athletic organization. This is a new venture for Miss Stewart and she is one of the first of the gentler sex to take over this interesting and fascinating work. In this issue of The News two articles from the pen of Miss Hazel are found telling of the activities of the Hedley teams on the marble boards. It is a fine start and the readers of The News may expect to keep up with the Hedley teams from week to week.

And while speaking of Hedley the other teams of the county better look to their laurels for coach Newman has another crack outfit again shooting at the title. And the Owls promise to have good teams for a number of years to come. This from the fact that the Junior Owls stepped out last week to cop the tourney at McLean.

Lelia Lake will also bear watching if their plans materialize. The fans will get a line on their team in this week's issue of The News.

The Bronchos are going to be dressed up this season out on the hardwoods with new uniforms and warm-up equipment. Solid Maroon uniforms with large block numerals and Maroon warm-up suits trimmed in white make up the new court apparel for the season. By the way, the Bronchos inaugurate the 1932 season tomorrow night with a game with the Claude Mustangs. Let's everybody be on hand and start the Bronchos out after their second district championship. Junior High School Gym.

It was our pleasure last Saturday afternoon to have Miss Effie Dean Bullard, C. A. Thomason and Professor Robert Weatherly all of Lelia Lake as visitors in the office for a short time. Come again folks.

Hooray for Texas, the old Alma Mater finally won an athletic

contest. After floundering through the grid season and the first game of the cage scheduled they up and smacked the Arkansas Porkers. Not to be outdone by the Steers the Baylor Bears tangled up the cocky favorites, the T. C. U. Frogs in a decisive defeat at Waco and Rice completed the upsets with a great win over the soldier boys from Aggieland. The southwest conference is as uncertain as District one (Class A) was in football last fall.

Texas Plays All Six S. W. Foes in a Row

AUSTIN, Jan. 12.—With one date yet to be filled, the 1932 football schedule of the University of Texas shows that the Steers will meet each of their six Southwest Conference opponents this fall. The sixth conference foe is the University of Arkansas, booked for a game at Fayetteville November 18.

The schedule is as follows: Sept. 24.—Open at Austin. Oct. 1.—Centenary at Austin. Oct. 8.—Missouri at Columbia, Mo. Oct. 15.—Oklahoma at Dallas. Oct. 22.—Rice at Houston. Oct. 29 S. M. U. at Austin. Nov. 5.—Baylor at Waco. Nov. 12.—T. C. U. at Ft. Worth. Nov. 18.—Arkansas at Fayetteville, Ark. Nov. 24.—Texas A. & M. at Austin.

Hedley Junior Team Wins McLean Meet

HEDLEY—Blaine Doherty, student coach of Hedley High School, took advantage of the invitation tournament for Junior teams at McLean last Friday and Saturday by entering a team. The team won games from McLean, Heald, Lela Hill, and entered the final with Groom, winning from Groom after a two minute and a five minute extra play off. Richardson of Hedley broke the tie of 17-17 with a winning two points. Armstrong was high point man of the tournament, but was put out of the final game on fouls.

The boys taking part were: Armstrong, Gordon, Hill, Shaw, Richardson, Pickett, Vinyard, and Swinney. The Juniors are to be commended on the way they conducted themselves as proof of good sportsmanship.

Hedley Teams Show Power in Victories

HEDLEY—Playing before a crowd of some 400 people the Hedley Owls and Owlets downed the Shamrock Irishmen and girls team in a "double header" on local hardwood Saturday night to win 3 of 4 week end games. The Hedley Owls flew to victory over the Irishmen Friday night on the Shamrock court to the tune of 34 to 11 while the Owlets lost to the girls team 9 to 15.

The Owlets held the Shamrock girls to a score of only two points during the last half of the game Saturday night. The girls seeing service were Maurine Goin, Opal Wood, Ila May Kyser, Emma Lou Plunk, Mildred Culwell, Nina May Bailey, Thelma Burdine, Snookie Clarke, Helen McEwin, Eloise Leach, Lillian Payne is the girls coach. The final score being 21 to 11.

The fighting Irishmen started as though to lash the Owls to bits. The Hedley team packed score upon score only to find the Irish battling bravely. Hedley players were Armstrong and Tollett. Co-Captains: Hunsucker, Stafford, and Evans. Coach Newman substituted Youree, Pickett and Tidwell. Score was 41 to 18.

Lelia Lake Juniors In McLean Tourney

Lelia Lake—On Friday afternoon the junior boys of Lelia Lake journeyed to McLean and entered the Junior Basketball Tournament held there January 8th and 9th. We played Skellytown Saturday morning and were unfortunate in as much as we were beat 12 to 9.

We are indebted to McLean for the hospitality accorded us while there. We wish to especially thank the people who furnished us rooms and meals while there.

Although we lost in the tournament, we profited much in experience and are looking forward to the games we are going to play in the future.

Those making the trip were: James Bullard, D. W. Tomlinson, J. Harold McDaniel, J. T. Floyd Noble Eddins, Morris Finch, and Coach Dave Waldron.

Lelia Lake Lassies Await Good Weather

Lelia Lake—The girls basketball team of Lelia Lake have been hindered from practicing by the inclement weather for the past week or so.

Several of our best players have been absent and there has been such a few times suitable for practice that the team has made little or no progress. We hope that the weather will be better now so that we can get in some more practice and perhaps play some more games.

"Bound To Marry" Presented in Ashtola

Lelia Lake—The Seniors of Lelia Lake school took a play,

"Bound to Marry" to Ashtola Friday evening, January 8th. This same play had been given in Lelia Lake the second of November. The audience was not very large Friday night. The bad roads prevented the people from attending. Regardless of the small amount made the Seniors enjoyed the trip. We wish to thank those who helped to furnish the stage, also Miss Oma Wilson for the splendid dance number.

Lelia Lake Cagers Are a Busy Team

Lelia Lake—The boys went to Ashtola Friday afternoon to play the third game off with Ashtola. We beat them 13 to 10. This made us two games to their one. Mr. Dave Waldron could not be with us, so Mr. Robert Weatherly carried us to play the game. We are to play Smith Monday if nothing prevents. They are to return the game Monday week. We are hoping we can win both games.

Our Junior boys entered the tournament at McLean this week end. They were defeated by a score of 12 to 9, by Skellytown. They reported having a splendid time while they were gone. I am sure the games they saw will be a great help to them throughout this season.

Sophomore Class is Honored With Party

Lelia Lake—The Sophomore class met in the home of Mrs. Earl Myers on Saturday evening, January 8. Each of the Sophomores invited some one. We played bridge and forty-two until ten o'clock. Refreshments were then served to the following guests:

Mr. and Mrs. Albert Tomlinson, Maxine Tomlinson, Frances Johnston, E. J. Myers, Guy Moore, Amy Hinkle, Merl Chenault, Marie Underwood, and the host and hostess, Mr. and Mrs. Earl Myers.

After refreshments were served every one went home. We all had a very nice time and want to thank Mrs. Myers very much for what she did for us. We are very sorry that the rest of the Sophomores did not get to come for they certainly missed a good time.

Laws Regulating Traffic on Highways Changed; Sheriff Pierce Explains New Ones

Several laws regulating traffic on the highways were changed at the last session of the State Legislature and many local citizens and autoists of the county have not been warned of the changes, according to Sheriff Guy S. Pierce. State Highway Patrolmen, G. A. Freese and E. C. White, who are stationed here, are enforcing all highway laws and motorists are expected to obey them, as ignorance is not an excuse for violation, the Sheriff explained.

Some of the new rulings passed by the Legislature, according to Sheriff Pierce, are that all animal drawn vehicles are required to carry lights or lanterns in lieu of lighted lamps must have an adequate reflector in both front and rear of the vehicles. No vehicle shall exceed a total outside width, including load thereon, of 96 inches, except width of farm tractor not to exceed nine feet. This law does not apply to farm implements or well-digging equipment. No motor vehicle laden with a load shall exceed 12 feet and six inches, including the load.

No motor vehicle, commercial, truck-trailer, trailer, or semi-trailer shall exceed a length of 45 feet. All truck drivers must have receipt for registration, carrying capacity and weight for commercial vehicle on their person while driving. No motor vehicle is allowed to have more than one trailer attached to it.

A truck or combination vehicle is allowed to carry the maximum tonnage weight of 14,000 pounds from the point of origin to the nearest practical common carrier, receiving or loading point equipped to carry or transfer such load. The length of the vehicle is not to exceed 55 feet and the driver is required to have a license to cover transporting and tonnage.

Speed limits for vehicles are: 45 miles per hour on the highways, and 20 miles per hour in the city; commercial vehicles under gross tonnage of 6,000 pounds, 40 miles per hour; commercial vehicles over 6,000 pounds gross tonnage, 25 miles per hour on the highway and 18 miles per hour in the city. All persons operating commercial motor vehicles over one ton are required to carry a chauffeur's license.

Every motor vehicle, except road machinery and farm tractors, having a width in any part exceeding 70 inches shall carry two clearance lanterns on the side. A white lamp shall be carried on the left front side of the vehicle

That business concerns that are selling something of everything, but not enough of anything should turn their attention to better advertising stimulates business.

Truthful, persistent advertising gets the attention of the readers and sets their thoughts moving in the direction of the merchandise or service advertised in a way that brings results.

Advertising holds customers, makes new ones, and turns fussy customers into satisfied customers.

The modern business concerns know that good advertising is worthy of thoughts of all thoughtful people and they read them item by item, because they show the way to gather savings.

People realize that the business concerns whose names they find in the advertising columns have left nothing undone to carry in stock the finest merchandise that is possible to be produced for

the price asked. The scheme of life is so arranged that some have merchandise and need cash while others have cash and need merchandise. Advertising provides the opportunity for them to meet.

The motive power of any business is truthful advertising. It is the great service that brings together the buyer and seller for their mutual benefit.

Reduce the Acid Start the NEW YEAR RIGHT!

SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips Milk of Magnesia, because one harmless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere. Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians in correcting excess acid.

With the firm resolution—"From now on I'LL SAVE a few dollars every week." Never tell when those spare dollars might prove "life savers" in tiding you over an "emergency." Or—when they might be the means of grasping a promising Opportunity.

A new Home Economics class has been started this week. The class is composed wholly of boys. The last inspector who was here recommended that this course be started. She stated that the larger schools of the state had installed this course in their regular curriculum.

Press Club Has Interesting Meet

The school staff of "Along The Broncho Range" met in the semi-monthly Press Club meeting on Tuesday 12. After the business had been attended to, George McCleskey gave an interesting talk on "Points on Interviewing." His speech was followed by one from Miss Geraldine Pratt on "How to Report Speeches." It is expected that there will be beneficial results from their talks.

The President of the Press Club reported a letter received from a candidate for governor of Texas, who was desirous that his speeches be published in the school paper. But the Club decided not to participate in politics.

Parish House Dance

On Friday 8th, Alex Cooke, Byrum Haile, and Johnny Blocker entertained a large group of young people successfully at the Parish House with a dance. Every one seemed to have an extraordinarily good time. The music was excellent, and all seemed to have the "dancing fever." At about eleven o'clock the exhausted dancers were refreshed with sandwiches, cake, and hot chocolate. Chaperones for the dance were Mr. and Mrs. L. L. Swan, Mr. and Mrs. Meade Haile, Mrs. John Blocker, and Miss Mary Cooke.

Agriculture Report

The pupils to be exempted from the mid-term exams of the 1st year Agriculture Class were: Garland Wood, Harold Hams, and Emmett Simmons. This week the class studied about poultry under the job "Judging Exhibition Poultry". Afterward they continued studying Parliamentary Procedures. Ruth Cauthen and O. C. Watson Jr., served as chairman. This class lost two members but received another one. Arlie Wood and Snooks Andis left the class and John Blocker changed to it from the 2nd year Class. Snooks Andis went to the 2nd year class.

The Second Year Agriculture Class have for the last two weeks been reviewing for mid-term examinations which they had Wednesday. They made window frames the week before the examinations. This week they have been studying poultry and how to raise baby chicks. They also studied about insects and pests of poultry and how to kill each insect.

College Dance

To many, the week end of January 9th was just another Saturday night, just another Saturday night, just another Sunday. To a number of Clarendon College Students, a deeper significance was attached to all three days—and why? A dance, entertaining some twenty or more of the members of the Freshman and Sophomore Classes and a few students of the Senior High School, was given in the home of Dr. and Mrs. Mark L. Stricklin on the night of January the ninth.

Under the direction of the co-hosts, Mike Stricklin and Buck McKinney, the guests began to arrive at eight o'clock. No time was lost; the music was excellent, and dancing claimed the attention of all present. As one guest remarked "How can I begin to tell what a perfectly marvelous time I had when Webster offers only prosaic words?"

In an alcove adjoining the dining room was a huge punch bowl whose popularity was unrivaled. Those served at the dance were Jean Bourland, Lucile Andis, Eunice Johnson, Elizabeth Kemp, Carol Holder, Roberta LaFon, Jonnie D. Latson, Pauline Shelton, Pauline Sanford, Dorothy Jo Taylor, Nola Gordon, Byrum Haile, Bill Word, Carroll Hudson, Bill Wood, Alex Cook, Johnie Blocker, Sam Cauthen, Elbert Bowen, Dick Nichols, Benton Smith, Tony Watson, and the host, Buck McKinney and Mike Stricklin.

As the hands of the clock reached one o'clock the guests began to leave—and it is remembered to leave—an it is rumored that each one present is hinting for another dance at the home of these same two "Fishes."

Assembly Reports

Monday, January 11, at 10:20 the students and teachers of the High School and Jr. College met in the auditorium while Mr. Burton made several announcements. These announcements were about changing the schedules and subjects.

Tuesday morning the High School and College students met in assembly. Mr. Burton gave to each one a circular which the Parent Teachers Association had had printed on the financial condition of the Clarendon schools. He also requested that all the students show these to their parents.

Junior Class

Hooray! The Junior exams are over at last, and what a relief. It seems that not just the Juniors but all the school is relieved as well. Most of the pupils think that they passed. The teachers were very generous in giving exams a wee bit easy.

The board surprised the students with a holiday before the exams and the fortunate ones, who were exempted had to make special trips the next week—all for nothing, because the teachers did not tell the exemptions.

Seniors Get Class Rings Saturday

Last Saturday the long expected Senior rings arrived. This was the first order and only seventeen of the Class ordered one this time. The news of their arrival spread fast among the Seniors but only twelve of the seventeen rings were taken out of the store by Monday afternoon and at that

Former Texas U. Dean May Be Governor General

AUSTIN, Texas, Jan. 13.—Texas friends of Dr. George C. Butte, former dean of the Law School of The University of Texas, are discussing the possibility of his being appointed to the vacancy caused by the prospective resignation of Dwight Davis as governor general of the Philippine Islands. At present, Dr. Butte is vice governor of these overseas possessions of the United States. Governor Davis is now in this country and Dr. Butte is temporarily filling the office. According to newspaper reports that have come from Manila from time to time, Butte has already won a popular place in the hearts of the people of the Island, and his appointment as governor general would meet with general approval. His government policies are said to be in line with those of the Hoover administration.

Two Billion Credit Relief Bill Hurried

WASHINGTON, Jan. 11.—Congress moved forward unitedly today with the \$2,000,000,000 reconstruction corporation bill, pressing it with a vigor that should take it to the White House shortly after the middle of the week. President Hoover's signature is expected promptly to make effective the enormous credit relief provided.

The Senate worked today under an agreement to pass the measure before night, while the House began consideration of its similar bill under a schedule that will permit a final vote by Wednesday night. Difference in the measures approved by the two houses then must be ironed out in conference, but that should not take long.

While Congress pressed forward with the bill, the President called in Senator Class (Dem.) of Virginia and Welcott (Rep.) of Connecticut. Gov. Eugene Myer of the Federal Reserve Board and Undersecretary of Treasury Ogden Mills for a prolonged discussion of the general economic situation. Both House and Senate also have just received another measure sponsored by President Hoover, which would afford relief directly to those who have funds tied up in banks which have failed during the last year. The aim of this "depositors' relief corporation," a separate institution with a capital of \$150,000,000, is to deal out ready cash, representing part of funds of depositors which have been unavailable.

A BIG MOVE

The biggest living tree ever transplanted from one place to another is moving across the Mall near the United States Department of Agriculture at the rate of 50 feet every working day. The "big magnolia," as it is called by horticulturists in the Parks office, is so large that a section of earth 33 feet in diameter and 100 feet in circumference had to be moved with it to preserve its roots. The tree, roots and earth weigh a total of 150 tons.

Rose Song Hits In Crazy Quilt

Coming directly from its Chicago triumphs, Billy Rose's "Crazy Quilt" with Fannie Brice, Phil Baker and Ted Healy, will be the attraction at City Auditorium, in Amarillo, for one night, Thursday, January 28th.

"Crazy Quilt," Chicago edition, is an amplification and consolidation of "Sweet and Low" and the New York version of "Crazy Quilt." Rose, whose fame until last season consisted of being a successful songsmith with such hits as "Barney Google" and "There's a Rainbow Round My Shoulder," to his credit, blossomed out with a revue called "Sweet and Low," starring Miss Brice and Mr. Baker. For twenty-eight weeks the show was among the box office leaders of Broadway. This in the face of threatening apathy that made it that Gay White Way a canon of lament.

Then came "Crazy Quilt" with Ted Healy as an added star. Only the passion of the stellar triumvirate for the cooling beverages of Paris and the salubrious zephyrs of the seaside curtailed its stay at the Forty-fourth Street Theatre.

This is the largest musical comedy with over one hundred people in the cast. They come to Amarillo from Oklahoma City on a special train carrying four pullmans, dining car and three baggage cars. According to Wilbur C. Hawk, of the Globe News, this

POLITICS AND PERSONALITIES

Andrew W. Mellon may be impeached for violating a statute of 1789 if the House Judiciary Committee acting on the resolution of Representative Wright Patman of Texas investigates thoroughly. The statute which the fathers of our country framed forbids Secretaries of the Treasury from engaging directly or indirectly in trade and commerce or from owning ships in sea trade under penalty of a fine of \$3,000 and removal from office.

Among the charges which the Committee is asked to investigate are Mr. Mellon's ownership of voting stock in some three hundred corporations "directly interested in the tariff, in the levying and collecting of Federal taxes and in shipping products upon the

high seas." The resolution calls attention to "tens of millions of dollars" in tax refunds to the Mellon corporations and to Mellon ownership of forty-nine ships in the United States registry and fourteen tankers flying the flag of Venezuela. A count deals with Mr. Mellon's profits on distilled whiskey sold as a commodity in trade and commerce.

If the House votes an impeachment investigation the fireworks will begin. And if some enterprising Congressman can find an eighteenth century law under which Senator Smoot, apostle of high tariffs, can be eliminated things would begin to look hopeful.

Lampassas is the market place for twenty-five carloads of pecans grown this year, the largest crop on record for this section.

Lions Hear—

Mr. J. C. Estlack. The latter was asked to explain his part in the George Washington Bi-centennial celebration which consists of "tree planting." Mr. Estlack told of the plans and the need for the citizens of Clarendon to take some action to retain its position as the "City of Trees." A committee was requested and granted to meet with representatives of other clubs to work out a line of work for the project. This committee to meet Friday afternoon.

The meeting was then turned to the program committee with Lion O. C. Watson presiding. As the first number on the program Lion H. T. Burton introduced Mr. Carver who told of the progress of the students in Business Administration and requested that they would be glad to do some work free of charge for the local merchants. He then entered into an interesting story concerning the customs and actions of the people of Japan and of Russia, including a summary of the present Manchurian situation.

Rev. L. O. Byerly of Borger, visiting Lion who is conducting a revival meeting at the First Christian Church, was introduced and responded with a humorous discourse of the conditions of the country an dadded several specific reasons why a revival meeting in Clarendon was needed.

Lion Sam Braswell, Jr., presented plans for Lions International for an international essay contest to be held in the near future. Following a discussion it was voted that the local club would sponsor the movement in the Clarendon schools and the matter referred to the Educational Committee for action.

The return of Lioness Dorothy White was acclaimed with enthusiasm as was the return to the fold of Lions Holman Kennedy and M. W. Mosley.

Lion Tom Connally announced the Community Party for Thursday evening and requested that everyone be present and help make the event a worthwhile occasion.

The group dismissed and journeyed to the home of Lion Ira Merchant where he answered roll call, thereby keeping his attendance unbroken.

WILLIAM PINCKNEY NICHOLS PASSES AWAY SUDDENLY

Friends of W. P. Nichols were shocked and grief Monday afternoon when the old gentleman succumbed to a severe heart attack at his home on the eastern outskirts of the city. Mr. Nichols was apparently in the best of health and had been to town and had just walked home when he suddenly complained to his wife of a terrible pain in his back. The pain growing worse Mrs. Nichols raced to a neighboring house for help. Aid was received but the pain had become so acute the patient died shortly after the arrival of the physician.

Mr. Nichols was born in Franklin County, Georgia in 1853. He grew to manhood there where he met and married Miss Elizabeth Ayers in 1875. To this happy union was born ten children four of who preceded their father in death.

In 1890 the family moved to East Tennessee and moved to Texas in 1908 where they resided until 1910 when they located in Clarendon.

The deceased was an active member of the Baptist church having joined that faith when twenty years of age. During that time he had served as Deacon for a number of years.

Funeral services were held at the First Baptist Church Tuesday afternoon at 3 o'clock with the Rev. B. N. Shepherd conducting the last rites of this splendid character. A host of friends and beautiful floral offering attested his worth to his fellow citizens. He was laid to eternal rest in the citizen's cemetery.

Those left to mourn his passing are Mrs. W. P. Nichols, S. T. Nichols, John Nichols, Roy Nich-

HUGH BROWN ANNOUNCES FOR COUNTY TREASURER

In the announcement columns of The News will be found the name of Hugh Brown who threw his hat in the ring this week for the County Treasurer's office.

Mr. Brown is a long time resident of Donley County and Clarendon, having lived in the county nearly forty years and in Clarendon for the past thirty years. He has never before asked for public office, and comes to the Democratic voters of the county with a splendid record as a man, a neighbor and a citizen, and asks their consideration of his claims for the Treasurer's office when they come to vote in the July primary.

Mr. Brown feels that he is well qualified to fill the requirements of the office and promises all a fair and honest administration if he is elected.

CAPPD OF APPRECIATION

To the many friends and acquaintances who made our burden of sorrow lighter during the illness and death of our beloved husband, father and brother we wish to extend our sincere and heartfelt thanks, and we also acknowledge the beautiful floral offerings. May such friends be a blessing to each of you in your darkest hours, is our prayer.

"IMPRESSIONS"

From Revival at Christian Church

Editor's Note: (The following impressions are from sermons and things said by Rev. L. O. Byerly, of Borger, Texas, who is holding a meeting at the Christian Church. Services each evening at 7:00 p. m.)

"I'm here to do all the good I can. If I can serve you any way call upon me", said Brother Byerly in his opening sermon on Monday evening. He talked about "flat tires" and most of the folks attending found out that in the common expressions and meaning of the day "they were in some respect flat tires."

No preaching can be bigger

neither can it lift people higher than the life lived by the average Christian. God wants folks to live for him and not be so concerned about "what we believe" or the "doctrines". My mother's religion needs no proof and it is something you cannot successfully deny.

There are a lot of fellows who are "not bad" and they are "not good" either—not worth ten cents a dozen in any market of the world. Tramps, going no place, just traveling. Not in Clarendon, no, of course not.

Any man who will live before his children and eat before his children and not acknowledge God as his bountiful giver of all good things is about nine-tenths hog.

The skeptic and doubter have deep tap roots and they are fed by the waters of willful sin that they are unwilling to give up. To be a Christian they would have to give up sin—so they go around exploding their doubts and showing their ignorance.

Clarendon is a fine town, I like it here very much. I believe that I will do a great deal of good here—I believe you need some help. I would like to be helped. Let's co-operate.

1932 A. D. meaning After the Depression. There is no depression to the Christian. Even death does not depress for he lives forever on the riches that God has promised to provide—eternal food for the soul—fearing him who can kill both body and soul.

I love the children and I want the house to be filled with them. I can work with them, I have two

of my own, I can help them grow to be useful men and women but you old hard-headed "old folks"—boy howdy—nothing short of an explosion of dynamite could move you. If your old and hard-headed and want to live for the devil and receive the devil wages, eternal life in hell, go ahead, I won't stop you, but I'm not wanting that life for mine.
