## City Gets Highest Fire Insurance Credit

## Recitals and Programs Herald Commencement Season

### 6 PER CENT CREDIT OVER 1930 RATE

#### FIRE MARSHAL TRENT RESPONSIBLE FOR A-1 IN SURANCE RATE

City Fire Marshal, James Trent, received the following telegram last Saturday morning from the State Fire Insurance Commission at Austin:

"James Trent: Fire Marshal Clarendon, Texas Clarendon receives fifteen per cent good fire record credit effective March First Notify all agents."

J. W. Deweese, Fire Insurance Commissioner.

With this last credit the Clarendon citizens enjoy the highest credit rating of any city in the State of Texas. This credit is an increase of 6 per cent over the 9 per cent credit of last year.

The credit does not effect the key insurance rate in force at the present time, as the present key rate is equal to that of any city of similar size in the State.

The higher rating was made possible by the splendid fire record of this city for the past three years, the length of time upon which the credit is based. The 15 per cent credit on fire insurance will become effective on all policies issued after March 1st.

This credit is the perfect per centage for this phase of insurance being the highest credit any city may possibly obtain. The splendid credit is the crowning achievement of Mr. Trent, who has worked steadily since the time he was made City Marshal of the city of Clarendon in 1915 to reduce the key rate and establish a splendid fire credit rating. At the time of his investiture in office the key rate for the city was 64 cents. Since 1915 the unending work of Marshal Trent has brought about a 34 cent saving to the citizens of Clarendon or over 50 per cent on the key rate.

During the 16 years as a fire marshal Mr. Trent has seen the fire protection of the city increased until at the present time Clarendon's fire fighting equipment stands second to none in both apparatus and efficiency.

Items interesting into the splendid record are storage tanks with a capacity of 350,000 gallons of pure water, pumps capable of producing 1450 gallons of water per minute with a pressure of sufficient force to burst every main in the city, a full time fireman, latest in fire fighting equipment, efficient fire crew and a thorough and conscientious fire marshal.

### ROTARIANS HEAR LEAGUE WINNERS

#### GEORGE CHAMBERLAIN AND AUBREY BRADY SPEAK AT LUNCHEON

The Rotary Club members were entertained last Friday noon when they had as their guest George Chamberlain and Aubrey Brady county representatives to the district interscholastic league meet in the near future at Canyon. Both of the young men were winners in the declamation contests of the county meet recently held here.

The first speaker, Aubrey Brady, junior declaimer, presented a splendid speech on the subject, "The Fellow Who Will Take My Place." His discourse was well received by the Rotarians, and showed that the other contestants at the District meet will have their hands full to win over the local young man.

George Chamberlain, senior declaimer, followed with a splendid speech on the character of Sam Houston. This youngster although not of senior age entered the senior event and carried off honors. Both were given a fine round of applause after each speech and were complimented upon the excellence of their efforts by Rotarians Cole and Jenkins.

Tom F. Connally, local grainman, was the guest of the day and presented to the group the outlook for the grain situation and general conditions.

Rotarian Oscar Jenkins related his trip to the medical meeting at Dallas and also told of his pleasant visit with the Dallas Rotary Club while in that city.

Rotarian W. H. Cabanes of the Memphis club was present and expressed his pleasure at being allowed to meet with the local group frequently.

### Road Committees Ask New Routing

Highway committees representing the chambers of commerce of Hedley and Clarendon held a meeting here Monday morning and after a unanimous decision appeared before the Commissioners Court praying that the Court approve a change in the routing of Highway 5 in the East end of the county suggested by the committee and see if the State Highway department would consider carrying out their contract to grade and drain the right-of-way to be secured from the Hall County line to the east limit of the City of Hedley.

The Court is making a tour of the suggested change in the Hedley neighborhood and will then hold a session to decide if they think the suggestion of the committees wise and tenable.

The action of the court will be passed up to the highway engineers and a final decision will be reached.

### CHURCH OF CHRIST IN SPLENDID REVIVAL MEET

The revival services being held at the Church of Christ with Elder Walford of Wellington conducting are meeting with a splendid decree of co-operation and success. The messages brought by the visiting Elder have been filled with inspirational knowledge and have proved a benefit already to the congregation and entire community.

Splendid crowds have been in attendance upon the services with interest mounting with each period.

### BAPTIST ACCEPT LOCAL INVITATION

#### CLARENDON WILL BE HOSTS TO DISTRICT S. S. AND B. Y. P. U. MEET

Clarendon's invitation for the 1932 session of the District S. S. Convention was accepted. The telegrams from mayor of the city, the secretary of the Chamber of Commerce, and the chairman of the board of deacons of the Baptist Church arrived at the psychological moment. The selection of Clarendon as the place of meeting will bring the convention back nearer the center of the district and thus contribute to the effectiveness of the session.

Seven went from here to the meeting of the convention at Perryton this past week. Rev. B. N. Shepherd, Mr. A. J. Sibley, Mrs. T. L. Kimbriel, Miss Mabel Mongole, Miss Fraye Barnhart, and Miss Ruth Thompson. Reports of the convention were given at the morning and evening hours Sunday. These reports represented the convention as being informational, and inspirational. Several suggestions for the strengthening of the work here were made.

### CEMETERY ASSN. PLANS BALL GAME

#### EAST AND WEST TEAMS WILL PLAY—PROCEEDS TO FUND

Further signs of spring were evidenced this week with the announcement of a benefit baseball game to be played by teams representing the east and west sides of the city, the proceeds of which will go to the Cemetery Association. Letters requesting contributions for this fund were sent out a few weeks ago, but the returns from these have proved to be so little that it is necessary to raise supplementary funds to provide for the services of a ground keeper during the summer months.

The date for the benefit game has not yet been determined, but officials intimate that it will be sometime within the next two weeks. Frank Whitlock has been named manager of the East team and G. L. Boykin has assumed charge of the West outfit. Unusual interest is being manifested over this game due to the fact that a bountiful supply of first class baseball talent will be available this year. The game is certain to be of a higher quality contest than previous benefit performances that have been held in the city. All players who classify under one of the two teams are urged to let their managers know they will be available for the game. Practice will in all probability begin sometime the first of next week.

Let's all talk up the contest and draw a large crowd out for this worthy cause. Clarendon has always had a beautiful cemetery to reflect the respect for our loved ones who have passed. Are we going to let this respect be over shadowed by an unsightly cemetery.

Mr. and Mrs. Houston Miller and family from Canadian were visitors in Clarendon Sunday.

### Clarendon Men To Vernon Meet

Rev. Robt. S. McKee, pastor of the local Presbyterian Church, and John Chamberlain left Tuesday afternoon for Vernon where they will attend a three day session of the Dallas Presbyterial of the Southern Presbyterian Church.

Forty are expected to represent the Dallas Presbytery. Delegates are expected from Sherman, Denton, Gainesville, Dallas, Waxahachie, Bowie, Wichita Falls, Quanah, Crowell, Chillicothe, Vernon, Clarendon, Amarillo, in Texas and Clayton, N. M.

Rev. W. M. Murrell, residing elder of the Clarendon district, met Bishop H. A. Boaz at Dallas Tuesday for a conference.

### Court Sentences Brown Brothers

The March term of District Court presided over by Judge A. J. Fires, returned a verdict of guilty in each of the two most prominent cases which have come up for this term of Court. James E. Aston, Donley County State Bank robbery suspect, was assessed a penalty of 20 years in the penitentiary after being found guilty Saturday morning. His chief defense was built upon an alibi which attempted to prove that he was at his home the time of the robbery on June 23rd, last.

Convicted on a joint charge of assault with intent to kill, Milan and Belk Brown, brothers, of Tucuman, N. M. were sentenced in district court here Wednesday to five and four years, respectively, in the penitentiary. Milan Brown is 25 years old and Belk is 24.

The trial started Monday, the case going to the jury late Tuesday. No notice of a new trial motion had been filed Wednesday. The charges grew out of an attempt theft on the farm of T. E. Naylor, 12 miles northeast of Clarendon, on the night of December 14, 1930.

Marlin Brown, 19-year-old brother of the convicted men, was killed in the attempted robbery by Tom Moss, an employee on the Naylor farm.

Naylor surprised the trio in his garage on the night of December 14, apparently making an effort to steal an automobile. Pretending to have a gun, Naylor escorted the men to his house where he intended to call officers. Upon entering the house, the brothers learned Naylor did not have a gun and opened fire on him, shooting twice but missing. During the ensuing scuffle Moss came into the room with a shotgun, killing Merlin.

Moss and Naylor captured Milan Brown and the third member, later caught in New Mexico and identified as Belk Brown, escaped through a window.

The dead man was said by the captured brother to be Frank Parker of Oklahoma City, Marlin Brown giving his name as Dick O'Neil. Sheriff J. W. Moncus of Tucuman later identified the slain man and the prisoner.

### BOWEN IS PASTOR FOR METHODISTS

#### WELLINGTON MINISTER TO FILL VACANCY HERE—McPHERSON RESIGNS

Clarendon Methodists have a new pastor this week after the resignation of Rev. W. B. McPherson, who leaves the ministry to look after some pressing financial obligations. Bishop H. A. Boaz, presiding head of this conference has appointed Rev. E. B. Bowen of Wellington to this post and he will be in charge of the services Sunday, moving his family here next week.

The loss of Rev. McPherson is keenly felt here by the Methodist membership and citizens of the town, as in the few short months he has been pastor here his administration has been very successful. He with his family have been very popular with the people generally. He has not yet announced his plans for the future.

The local church will welcome Rev. Bowen to this work and he comes with a very splendid record to his credit in pastorates such as Wellington, Hereford, Chillicothe and others. He has done a great work at Wellington and his loss there is a source of great regret, even as the loss of the Rev. Mr. McPherson is here.

Presiding Elder W. M. Murrell collaborated with Bishop Boaz in the shift of appointments and says Rev. Bowen is eminently fitted for the post here.

### Five County Medics Meet In Childress

The Childress-Collingsworth-Hall-Donley-Wheeler Counties Medical Society met at Childress April 10. In addition to the local doctors present here were Drs. Schoolfield, Ballou, Hyder, Goodall, and Odom of Memphis; Drs. Jones and Harper of Wellington; Drs. Beach and Shaddix of Shamrock; Drs. Garner and Gilmore of Turkey; Drs. Vardy and Miller of Estelline, all members of the Five County Medical Society. Childress members of the Association who attended were Drs. Townsend, Michie, Morgan, White, Fox, Jernigan and Jeter. Non-members in attendance were Drs. Johnson of Childress, Jeter of Mangum, Oklahoma, and Drs. Bursley, Enloe, and Goodman of Fort Worth.

Dr. Bursley presented a very interesting paper on Primary Purpura Hemorrhagica which paper was freely discussed and valued thoughts exchanged. Dr. Goodman read a paper, and illustrated with lantern slides, on obscure Maxillary Sinus Infection. In this paper, Dr. Goodman pointed out the possibility of the Maxillary sinus causing much trouble by acting as a sort of reservoir for drainage from other sinuses. His chief caution was on early diagnosis by means of transillumination and the X-Ray. This paper was discussed with a great deal of interest.

Dr. Enloe's paper on Intestinal Obstruction with Operative methods of Treatment presented some very practical as well as some very technical points and was presented in a very interesting manner.

The next regular meeting will be held at Wellington and the members from the respective counties are expecting a meeting equally interesting as the one at Childress. Any private citizen who feels that he would be interested in these discussions is invited to be present.

### EGG-MILK DEPARTMENT SLOWED DURING MOVE

No stories concerning the Egg Depot or the Kiddies Milk Fund will be found in this issue of The News because of the temporary standstill in each of the departments due to the moving activities of the News office. Both of these projects have, however, had some activity despite the move to new quarters and will be found in the next issue of The News.

### Broncho Thin Clads Beat Memphis Easily

Tuesday afternoon the Clarendon High School Broncho track team and tennis teams invaded the Memphis High School campus and carried off the honors of the afternoon in fine style. The Maroon and White rolled up a total of 64½ points a against 49½ for the Memphis crew. Clarendon would no doubt have made an even better showing had the Memphis officials furnished a real track. As it was the events were run on the school campus with sidewalks traversing the track paths. The longer races and the relay presented a great handicap to the locals as there were markers at each end of the short distance at which point the contestants had to turn abruptly to make the return jaunt. The locals were severely handicapped by this as they have been running on a well rounded regulation track. The tennis results were divided.

Track results follow:

120 High hurdles: Behrens, Martin, Mabry, Memphis; 16.7.

100 Yard dash: Hudson, Womack Memphis, Reid; 10.4.

1 Mile Run: Bourland Memphis, Dever; 5.7.

220 Low hurdles Reavis, May Memphis, Greene, Memphis; 27.2.

220 Yard Dash: Womack, Memphis, Hudson, Holtzclaw; 23.2.

440 Yard Dash: May, Memphis, Reid, West, Memphis; 57.2.

880 Yard Run: Holtzclaw, Shepherd, Memphis, Russon; 2:18.

Shot: Nichols, Sanders, Memphis, McMahan; 41ft. 9in.

High jump: Martin, Watson West, Memphis; 5ft. 4in.

100 Yard Dash: Womack, Memphis, McMahan, Sanders, 99ft. 10in.

Broad jump: Womack, Memphis Martin, Hudson; 19ft. 11in.

Pole Vault: Andis, Blanton, Memphis, Hudson; 9ft. 3in.

Relay: Memphis, Clarendon.

### MONTHLY FEED TUESDAY NIGHT

#### SECOND EVENT TO BE IN HAND OF LOCAL OFFICIALS

The second meeting of the Retail Credit Men's Association for the city of Clarendon will be held next Tuesday evening in the banquet hall of the Clarendon Hotel.

As at the previous meeting held a month ago, the price of the plates will be fifty cents and the affair will be open to all interested business men. The event is scheduled to start at 6:30 and will be an event that is filled with interest to all business men. Some member of the committee will see each business man of the city and each one will be given an opportunity to attend if they care to do so.

No out-of-town speaker has been secured for this event, the program to be in the hands of the local officers of the body. Fred W. Rathjen is president and C. C. Powell is secretary.

Rev. B. N. Shepherd left Monday for Abilene, Texas to attend the State S. S. Convention, which convened April 14-17.

### W. H. PATRICK RE- TAINED ON BOARD

#### MRS. J. D. STOCKING AP- PEARS ON HISTORICAL SOCIETY PROGRAM

More than 200 persons, including many prominent pioneer figures in the annual banquet of the Panhandle-Plains Historical Society at Canyon Friday night, re-elected officers that served during the last year, including President T. D. Hobart of Pampa.

Earlier in the day, Judge H. E. Hoover of Canadian advocated completion of the Society's plans for an adequate museum, terminating collection of the tangible evidences of historical data to be equally as important as written material.

A resolution to enlarge the board of directors from five to seven members was adopted. J. A. Hill, president of the West Texas State Teachers college and well-known historian, and W. H. Patrick of Clarendon, whose directorial terms expired this year, were re-elected.

Judge H. E. Hoover, of Canadian, urged an industrial campaign by members for museum funds.

President Hobart of Pampa, together with other directors, W. H. Patrick of Clarendon, Horace M. Russell of Amarillo, H. E. Hoover of Canadian, and J. A. Hill of Canyon met for a brief business session Friday morning.

The chapel period was set aside to honor visitors and to have them see and be seen by the students of the college who were much interested in the Historical Society's development. President J. A. Hill of the college presided and the Buffalo band furnished special music.

The dinner program which brought 200 guests to canyon, had many special features, including cowboy songs, short reminiscences, special music, and much fun. T. D. Hobart of Pampa was toast

### GRADUATION EX- ERCISES MAY 14

#### CONGRESSMAN MARVIN JONES TO DELIVER ADDRESS TO SENIOR CLASS

Thursday evening, May 14th, has been set as the date for graduation exercises of the Clarendon Junior College and High School, according to information furnished by Dean W. A. Clark.

A most excellent program is being arranged for the climax of the graduation exercises when another large class will be present.

### SEMI-ANNUAL FETE ENJOYED BY LIONS

#### SINGER FROM DALHART IS CHIEF ATTRACTION ON TUESDAY NIGHT

The semi-annual Lions Ladies night was held as scheduled on last Tuesday evening in the banquet room of the Antro Hotel. Decorations in the Lions colors of purple and gold had been placed in the room to make it attractive to the Lions and their guests.

Festivities for the evening were opened by a march by Miss Fray Stallings and Gus B. Stephenson, the Lions and their guests entering the room to the strains of a lively selection. Boss Lion Rathjen presided at the opening of the meeting, making a few announcements and later turning the meeting to Lion W. H. Patrick, who was toastmaster for the evening.

Lion Clyde J. Douglas welcomed the Ladies and the other guests, the response to this being given by Mrs. Lester Boykin in a fitting worded parody on a popular poem.

Tow vocal solos by Miss Doorey, adopted singer of the Panhandle Lions were very pleasing to the gathering as was shown by the hearty applause given each of the two selections.

An improved eggshell worked out by a friend of Lion Nored was next demonstrated by the Lion in question, much to the consternation of Lion Chase. A later demonstration in the evening by Lion Boykin proved that the Lions and their guests had not forgotten how to play.

The office of Tail Twister was temporarily filled by Lion Holman Kennedy, who managed to fine every member of the Lions at least one time during the evening, later starting on the ladies and naming the Lion to pay their fine. The means employed by this Lion to collect the fines was novel, if not pleasant to the fined ones.

District Governor Sam M. Braswell was called to the floor and gave a very interesting talk on "Atmosphere." His handling of this subject was very pleasing to the Lions and brought out some points that were not commonly connected with this airy subject.

Two saxophone solos by Gus B. Stephenson and a farewell song by Miss Doorey preceded the adjournment, which was had by singing the first verse of "America."

master. Other names which appeared on the program were Mrs. J. D. Stocking, Clarendon; L. E. Haskett, Childress; Mrs. W. W. Wetsel and C. Don Hughes of Amarillo; Bill Dawes of Big Springs, and J. Evetts Haley of Austin.

### McKNIGHT MEETING IS POSTPONED TILL AUGUST

Rev. Joshua Knoy, pastor of the Lelia Lake circuit announces that due to unforeseen circumstances the scheduled revival meeting of the McKnight church has been postponed until some time in August. The exact date will be announced in this paper in a later issue.

### Memphis Lambasts Local Golfers 14-8

The Sunday afternoon golf match between the Hillcroft players of this city and those of the Memphis club on the latter's course proved disastrous for the afore mentioned team as Clarendon was patted for a 14 to 8 loss. The match last Sunday was the second between the two teams and each has resulted in a victory being registered by the Memphis team.

The Memphis players were courteous to the visitors in every way and all enjoyed the afternoon's golf matches to the utmost.

Other matches are being arranged for the near future with teams of surrounding cities.

### MacDowell Concert Postponed To 30th

The Spring Concert of the Clarendon MacDowell Club has been postponed from Friday evening of this week to Thursday evening, April 30th, according to advice received from Robt. S. Cope, director.

Memphis musicians scheduled to appear here for numbers on the program begged to be excused this week on account of the great effort among the ladies of that city this week in entertaining the Federation, and the later date was set as agreeable to all concerned.

The program will appear in next week's News.

### Ediplomas by the school, with the speaker of the occasion already selected.

Hon. Marvin Jones, congressman from this district, will deliver the address to the senior classes and his appearance here is a guaranty of the quality of the program. The classes feel themselves fortunate at having been able to secure Mr. Jones at a time when his abilities as a speaker are so much in demand.

The full program will be printed later when it is completed for release.

### McKNIGHT MEETING IS POSTPONED TILL AUGUST

Rev. Joshua Knoy, pastor of the Lelia Lake circuit announces that due to unforeseen circumstances the scheduled revival meeting of the McKnight church has been postponed until some time in August. The exact date will be announced in this paper in a later issue.

HON. MARVIN JONES  
Congressman

NATIONAL EDITORIAL ASSOCIATION

PANHANDLE PRESS ASSOCIATION

## THE NEWS IN NEW QUARTERS

The News has moved.

Beginning last Thursday afternoon as the week's issue came off the press the big trucks began to load out the printing equipment and machinery of The Clarendon News and for three days the great campaign raged until Monday afternoon when the last load was delivered to our new location in the old Ball Drug building, at 219 Karney Street.

The entire tonnage of the heavy machinery was delivered through a single breakage of any sort and when everything is set to rights The News will welcome visitors in its new home, where it has secured a long lease with privilege of renewal.

We hope there will be no shortcomings in this week's issue, but if there is we dare say those who have moved while they try to carry on business will be a little lenient with the News staff. It has been a big job and we hope never to move again until Clarendon has grown into the city class, when we expect to move into our own new building and with new equipment to care for the needs of a modern small city daily.

Improvements in the facilities of the business and editorial offices will be effected in the next few days.

## TAKING PERSONAL INVENTORY

That person does not live that cannot with benefit to himself take personal inventory. There are things that you have not been doing that you should be doing. Sins of omission are sometimes as great as those of commission.

And then there are things that you should leave off doing. If a person will sit down with himself and face his own life he will see mirrored in the retrospect many things that can be changed to advantage to himself. Any person who refuses to take personal inventory is afraid to or is an arrant and bigoted swellhead.

If it were not human to err it might not be necessary to take this inventory but since we know we are going to make mistakes it is up to us to determine them as quickly as possible and correct them. Mistakes once are human, continued, they are bad faults and nothing worthwhile was ever built on faulty material—your Life is no exception.—Dalhart Texan.

## PAMPA'S CHALLENGE TO ROUNDED PROGRESS

Now comes Pampa with announcement of a joint annual fair, exposition and wheat show, with a well organized plan of putting the project over. That's fine.

Pampa is without doubt one of the great wheat centers of the Southwest and their decision to establish a wheat show in conjunction with their industrial exposition shows their clear understanding of the fact that the basic foundations of their section must ever rest upon the agriculture regardless of their development of oil and gas with their attendant industries.

All the Panhandle will wish Pampa well in her projection of such a well rounded program of exhibits, just as all the Panhandle is confident of Pampa's success in the project.

## YOUR FUTURE LOOKS DARK—

- If you are associating with uninspiring friends.
  - If you are satisfied with the quality of work you are now doing.
  - If you are unable to save money on the salary you are now getting.
  - If you are unwilling to take helpful criticism.
  - If you are breaking down ideals for the sake of present pleasure.
  - If you are trying to build your life with no place in it for God.
  - If you are cultivating the enmity of your own conscience.
- Rev. Roy L. Smith in Houston Chronicle.

This week we heard a Donley County woman planning the raising of certain melons and berries this season to take the place of the fruit lost to the family in the recent blizzard. There is no defeat for those who plan to replace those things lost through no fault of their own—for those who smile at disaster and who plan for results along a new line. More often the lack of will is the thing that denies the truth of the saying "where there's a will there's a way," for there's usually a way.

# SPORTS SLANTS

By Sam Braswell, Jr.

Whew! This moving isn't what it's cracked up to be. Anyway folks we are in our new place of business now and we hope each of you will drop in sometime when you have time and look our new home over. We are proud of our equipment, and when we get everything straightened out in the editorial department as the plans call for we believe you too will be proud to call The News your newspaper. Come in, we'll be pleased to have you look our place over. Don't forget the plant—fifth door south of Past-time Theatre.

Well, at last the time has arrived when we have something definite to look for in the morning papers—baseball box scores. That's a relief from the sport pages served to us for the past few months which contained only "hashed-up" stories of every thing the writers could think of waiting for the coming of spring with its new baseball and familiar call of "Play Ball."

We just have to differ with some of the so-called "specialists" of baseball in their pick of the places to be held by the various teams at the close of the season. Here's our pick of how they will finish:

Texas League—  
Fort Worth  
Houston  
Beaumont  
Wichita Falls  
Dallas  
Galveston  
Shreveport  
San Antonio

American League—  
Philadelphia  
New York  
Washington  
Cleveland  
Detroit  
Chicago  
St. Louis  
Boston

National League—  
Chicago  
St. Louis  
Brooklyn  
Pittsburgh  
New York  
Philadelphia  
Boston  
Cincinnati

As for the Southwest conference results—unless one certain school breaks all its bats or the state institution is moved like a certain school of this city—the prize flag will again be added to a collection of such rags flying high above the rock bound outfield of a certain baseball stadium not so many blocks from the back door of a certain state capitol building.

Now it's your time to guess. Say folks, we want to place something before you through this column and we would like to get your opinion about it. Our attention has been called to the fact that there is a grow-

ing amount of interest in the city relative to the formation of a city twilight baseball league composed of at least three and probably four teams. We believe something of this sort could be successfully worked out and should be done this summer. There is an ample supply of first class baseball material in Clarendon, and no little interest would be created among the entire citizenship of Clarendon.

If there isn't sufficient players in the city for four teams, nearby communities with teams could be included in the league. Games could be played twice each week—one game on Tuesday and one game on Friday afternoons. The contests would be seven inning affairs starting at 5:30 o'clock or if more convenient at 6 p. m. No admission to be charged at any of the games. Balls and bats furnished by the teams playing. Each team being sponsored jointly by three or four business firms of the city. All games to be played at the newly completed athletic park at the college. These are just a few of the details which can easily and satisfactorily be taken care of with very little expense. The above plan is almost identical with that used in the city league at Austin each summer, the writer playing with one of the teams in that league last summer.

Clarendon should have something of this sort instead of the long popular method used by a large number of Clarendonites in condemning the attempts of the baseball inclined youths of the city when they try to start a city team. The twilight league will however present a different view point in that it is a city proposition and deserves the backing of everybody.

What do you think about the project? Are you in favor of the plan? If you are or not, we would like to hear from you. Write this column your own opinion, care of The News, and your letter will be forwarded to the readers.

Tomorrow afternoon at Amarillo at the Globe-News Track and Field Meet Clarendon folks will await with considerable interest the outcome of the 100 yard dash, 220 yard dash and the 220 yard low hurdle races. The local interest comes from the fact that Hudson, Reid and Holtzclaw, the three local cinder burners will match their flying feet with those of the much heralded Lard of Pampa and Bufkin of Amarillo. We predict that in the results of the dashes and hurdles the name of the Clarendon entrants will be written first in at least two of the events and that the fans will be greatly surprised. We believe that Nichols will carry off the honors in the shot and discus and perhaps in the javelin. Watch Clarendon's entrants. Hudson has run a faster 100 yard dash than has either Lard or Bufkin this year, and upon this base our prediction that he will capture the century feature.

## TODAY'S LEAGUE STANDINGS

Texas League		
	W.	L.

New York	1	1
Brooklyn	0	2
Pittsburgh	0	2
Cincinnati	0	2

## PERCENTAGE OF FAILURES IN TEXAS DECREASING

AUSTIN, Texas, April 14.—An increase of 67 per cent was recorded from the first quarter of 1930 to the corresponding period of 1931 in the number of commercial failures which occurred in Texas, according to the Bureau of Business Research at the University of Texas. During the first three months of 1931 commercial failures totaled 279, compared to 167 during a like period of 1930, while indebtedness of defaulting companies amounted to \$5,258,000 for the first quarter of 1931, compared to \$3,052,000 during the same period of 1930.

The number of failures during March totaled 71, compared to 91 in February. This decline was approximately seasonal for this period, the Bureau's report showed. Liabilities fell off from \$2,016,000 in February to \$1,266,000 in March, reaching the lowest level since October.

## BABSON GIVES HIS IDEAS ON BUSINESS DEPRESSION

The present business depression is not a mere matter of psychology. It is a result of definite and concrete causes. The basic cause is the unwillingness of people to buy more owing to the debts which they have already contracted. Every one has reached the limit of his ability to "borrow, beg or steal". Twenty years ago people bought mostly for cash; then came the installment craze when people bought merchandise on credit and stocks on margin. Now people have little cash and are sick both of installment payments and of being called upon for additional margins. People today are not buying goods or stocks and will not resume buying until their debts are somewhat cleaned up. This means

that the present depression—as recorded by the Babsonchart—will continue until the bulk of the present current debts are paid. Just as soon as a person gets his debts cleaned up he begins to get interested in building a house, buying new furniture, exchanging his old car for a new one, or some similar act.

Thus far there has apparently been little desire by the public to pay its debts as evidenced by the many bank failures. This means that the first practical step toward bringing back prosperity is to change the hearts, purpose and ideals of the people. The moral fibers of the community must be strengthened. The conscience of the masses must be awakened. Men and women must again struggle to pay their bills, doing unto others as they would that others should do unto them. The foundation of prosperity is sacrifice. Good times will return when good morals return. Business will improve when the principles of those doing business first improve.

Spending money on public works is like attempting to cure tuberculosis with a mustard plaster unless a proper proportion of the money is used to reduce indebtedness. A man can get rid of the white plague only by changing his habits of living. In the same way business can get rid of depression by changing its habits of doing business. The need of the hour is the revival of business morality. If an epidemic of debt paying should develop, the epidemic of bank failures would immediately decrease. From present indications this desire to pay debts is on the increase and this is a very favorable sign. All the country banks need is to have

people pay their debts. The churches and preachers should be the leaders in such a revival of honesty. Now is the time for them to preach the Ten Commandments and the golden rule. If each preacher would start a campaign to get all his congregation to pay their bills, as they would have others pay what is owed them, this depression would soon be over. Too many people want to ride today and too few are willing to haul. We all want the other fellow to pay us, but are we willing to make the necessary sacrifice to pay him? Yet before prosperity will return this sacrifice must be made and the other fellow must be treated as we would have him treat us.

Why delay the return of prosperity? It is as easy to have good times in 1931 as it will be two or three years later. The depression will continue until we make the necessary sacrifice. Paying our bills by the golden rule will bring back golden prosperity. If every community would have a religious revival there would soon be a business revival. A change of heart in one citizen makes a change for better business throughout the entire community. When 51 per cent of the people of any city make up their minds to pay their bills and give better service business conditions in that city begin rapidly to improve.

Mr. and Mrs. Gus B. Stephenson and son returned the fore part of this week from a business and pleasure trip to Roswell and other points in that section of the state of New Mexico. They also visited the family of Mrs. Stephenson while on the trip.

Otho Meredith has opened an independent gas station in Hedley.

#### BUSINESS CONDITIONS ARE ON UPWARD TREND NOW

AUSTIN, Texas, April 15.—New companies organized in Texas during the first three months of 1931 totaled 621, compared to 660 during the first quarter of 1930, a decrease of 6 per cent, but the capital stock represented totaled \$25,695,000 for the first quarter of 1931, compared to \$17,815,000 for the corresponding period of the preceding year, an increase of 44 per cent. These figures were taken from the quarterly report of the Bureau of Business Research of The University of Texas.

Charters granted by the Secretary of State for March numbered 241, the largest group since January, 1930, the Bureau's report showed. The total capitalization of these companies amounted to \$10,488,000, the highest monthly figure, with the exception of December, since June, 1929.

#### HEN STAYS ON JOB DESPITE ALL DISTURBANCES

The old hen blinking on her nest out in the chicken house doesn't know a thing about market prices, supply and demand, the depression, or farm relief. But day after day, week after week she just keeps putting the same vitamins—the same proteins—the same healthful food value which nature ordained in those eggs—whether they sell for 12 cents or sixty cents a dozen. And if the world turned upside down tomorrow we'd probably find the hen placidly underneath the mess turning out her daily globelet

of health wrapped in the world's most sanitary package.

So if the same full ration—the same bundle of carbohydrates, minerals, fats and vitamins is appearing day after day from mother hen we're certainly getting a bargain now when her product is selling at the lowest price in many years. Let's crack a few extra eggs into the frying pan for breakfast. We'll all be better for it.

#### EDUCATIONAL FILMS READY FOR SCHOOL ISSUANCE

AUSTIN, Texas, April 14.—"The Story of Steel" is told in a

series of films covering the steel industry from the mining of iron ore to the manufacture of finished steel products, issued by the United States Bureau of Mines, Department of Commerce for distribution through the University of Texas Visual Instruction Bureau. The titles of the pictures in the series are "Mining and Metallurgy," "Rails, Rods, and Plates," "Wire Products," and "The Manufacture of Pipe."

When her daughter became ill and could not attend classes at Boston University, Mrs. J. T. Gordon went to all of the girl's classes, then repeated the lec-

tures to her so that she would lose no credit.

## Prewitt-Lumpkin

An announcement was made this week of the marriage of Mr. Ben-Tom Prewitt and Miss Maye Lumpkin, both of this city. The marriage ceremony was performed at Sayre, Oklahoma, Easter Sunday, April 5th, by the pastor of the First Baptist church of that city.

The bride is the daughter of Mrs. T. B. Lumpkin and has made her home in Clarendon for a number of years. She is a valuable member of the public school faculty of this city and has been associated with this work several years.

The groom has been an employee of the Greene Dry Goods Company for some time and has made many friends while here.

Mr. and Mrs. Prewitt will make their home in Clarendon in the future.

The news joins with this couple's many friends in wishing them happiness and prosperity in their married life.

## Pathfinder Club In Interesting Meeting

The Pathfinder Club met Friday afternoon at the Woman's club room with Mrs. G. J. Sherman and Mrs. Frank Stocking acting as hostess.

The program, a study of the opera "Rigoletto" by Verdi was led by Mrs. J. L. McMurtry, assisted by Mrs. J. T. Patman and Mrs. B. G. Smith.

The very interesting study was followed by lovely refreshments served by the hostess.

## Junior Beaux Arts Club Meets

The Junior Beaux Arts Club met last Wednesday afternoon at the J. H. Burson home with Misses Sylvia and Luree Burson as hostess.

The meeting was called to order by the president, Miss Wylla Lee Alexander, and the minutes were read. The program was then turned over to the leader for the afternoon, Miss Julia Mae Caraway, who gave an interesting paper on "Sheffield Silver."

"Porcelain" was the subject discussed by Miss Wylla Lee Alexander, and "Peuter" by Miss Betty Walker.

A dainty salad course was served to Misses Wylla Lee Alexander, Julia Mae Caraway, Lucille Allen, Mary Howren, Mrs. Meade Haile and the hostess, Misses Sylvia and Luree Burson.

## Les Beaux Arts Club In Regular Meeting

The regular meeting of the Les Beaux Arts club was held Saturday at the home of Mrs. J. W. Evans, with Mrs. Evans and Miss Temple Harris acting as hostess.

The program for the afternoon consisted of a study of the Artists of the Early Renaissance with Mrs. S. L. Baylor as leader, who gave in detail a study of Ruben's "Descent From the Cross."

Mrs. Holman Kennedy gave a paper on "Costumes and Mannerisms of Van Dyke Paintings."

Mrs. Trent described "Bobbins and Pillows of Flanders, Brussels and Venice."

Les Beaux Arts Club had as their guests the Jr. Beaux Arts club organized several weeks ago and Mrs. V. J. Boston.

The hostess served lovely refreshments after which the adjourned.

## Cleo Emerson Russell Complimented

Master Cleo Emerson Russell who was eight years old last Wednesday was complimented with a delightful birthday party at the home of his parents, Mr. and Mrs. Fred Russell.

In the center of the table in the dining room was a large birthday cake adorned with 8 tiny candles. Around the cake was an arrangement of brilliantly colored easter eggs and an Easter Bunny. Jello in four colored layers was served with the cake.

## SPECIAL Sunday Dinner

## Ladies Aid

Mrs. Eva Humphrey was hostess to a meeting of the Ladies Aid Society of the First Christian Church Wednesday afternoon.

The meeting was called to order by the president and Rev. W. E. Ferrell then led in prayer. After the business session was turned over to Mrs. Ed Carlson. The 7th chapter of Acts was read and discussed.

Mrs. Humphrey assisted by Mrs. Earl Humphrey served lovely refreshments to the members and two visitors present.

The lesson for the following meeting will be a discussion of the last half of the 7th chapter of Acts. Meeting place will be announced later.

## Tuesday night Bridge Club Entertained

Tuesday evening of last week Mr. and Mrs. Charley Bell were hosts to the bridge club at their country home near Clarendon.

A delicious buffet supper was served the guests before the games of bridge were begun. High score for the evening went to Mr. and Mrs. Carl Bennett, Jr. Mrs. Clyde Price and Don Grady drew consolation for ladies and gentlemen.

Those present were Mr. and Mrs. John Sims Jr. Mr. and Mrs. Ira Merchant, Mr. and Mrs. Don Grady, Mr. and Mrs. Forest Sawyer, Mr. and Mrs. Clyde Price, Mr. and Mrs. Clinton Henry Mr. and Mrs. P. B. Gentry, Mr. and Mrs. Carl Bennett, Jr.

## Mr. and Mrs. Noble Entertain Friends

Eight tables of "42" were in progress Thursday evening when Mr. and Mrs. M. M. Noble royally entertained at the Woman's Club room.

Pot plants and spring flowers attractively arrayed in the spacious guest room made a delightful background for the guests to enjoy the games in.

Preceding the games, the hostess served a tasty luncheon course to those present.

Guests were: Messrs and Mesdames: A. A. Mayes, U. J. Boston, J. T. Patman, H. B. Kerbow, Dr. H. J. Sherman, S. M. Braswell, Sr., C. C. Powell, D. O. Stallings, O. T. Smith, G. L. Boykin, Walter Clifford, Fred Rathjen, H. T. Burton and Mr. Richard Wilkerson, Mrs. B. G. Smith, Mrs. Eva Rhodes, Mrs. Bill Price, Mrs. W. R. McPherson.

## Mrs. Kelley Chamberlain Hostess

The Thursday afternoon Bridge Club met last week at the home of Mrs. Kelley Chamberlain.

Bridge games proved a pleasure and pastime until the late afternoon with Mrs. Ed Teer receiving high score for the guests and Miss Anna Moore high score for the club members.

An attractively prepared and delicious two course luncheon was served by the hostess at the close of the games.

Club members attending were: Mesdames: John Sims, Jr., Earl Alexander, Misses Lorraine Patrick, Anna Moores.

Guests were: Miss Ann Crown of Childress, house guest of Mrs. Chamberlain, Mrs. Ed Teer, Mrs. Clarence Miller and Miss Mary Jo Chamberlain.

## Miss Jane Killough Hostess to Friends

Tuesday afternoon Miss Jane Killough was a very charming hostess to a number of friends at the home of her parents, Mr. and Mrs. C. E. Killough.

Bridge games progressed during the afternoon with Miss Lucille Allen receiving high score.

At the conclusion of the games a dainty salad course was served to the following: Misses: Wylla Lee Alexander, Julia Mae Caraway, Emma McGovern, Lucille Allen, Marjorie Wood, Nell Butler, Betty Walker, and Mesdames: Tom Murphy, Paul Smithey, Meade Haile, Sam Braswell, Jr.

E. W. Jones was a business visitor to Amarillo Wednesday.

## Our Weekly Church Chat

"FREEDOM"

Freedom is not the power to do as we please, unless we please to do as we ought. The Scriptural condition of freedom should be noted. "He that was called in the Lord, being a bondservant, is the Lord's free man." (1. Cor. 7:22). Freedom is conditional upon association with the Lord Jesus. Those who have answered the call of the gospel are the "Lord's freedmen." Jesus said: "If ye abide in my word, then ye are truly my disciples; and ye shall know the truth, and the truth shall set you free." John 8:31, 32. "If therefore the Son shall make you free, ye shall be free indeed" (John 8:36). The most perfect liberty exists where there is the fullest surrender to the divine will.

The purpose of our freedom. We are free to serve: Likewise he that is called, being free, is Christ's bondservant" (1. Cor. 7:23).

The liberty of worldliness often leads to lawlessness. The Christian takes heed," lest by any means this liberty becomes a stumbling block to the weak" (1. Cor. 8:9). The man of the world may boast of being a "freethinker." The man of God, desires that even his views shall not clash with divine revelation. "The truth shall make you free." True liberty is a priceless blessing.

"There is no liberty but in the gospel, no equality but in the truth, no fraternity but in Christ Jesus."

"Heaven will be freedom from sin, pain, anxiety, selfishness, and everything foreign to the soul's highest interest and joy." It is our business to help you prepare for heaven and the perfect peace and freedom that

awits the children of God. To help you, our Sunday morning sermon on "The Supreme Offering To Christ" and the evening sermon on "What Should We Do With Jesus?" will be filled with information that you should know. Jesus died that you might know certain facts, the church exists to day to make it possible for you to learn them, the preacher invites you to come and study the soul's greatest problems, so try to be present.—W. E. Ferrell, Minister! First Christian Church, Clarendon, Texas.

## GINGER ROGERS TO AGAIN FEATURE RADIO PROGRAM

Ginger Rogers, red-headed stage and screen star, will again entertain a nation-wide radio audience as guest artist of the Conoco Listeners' Hour in the next broadcast of this series, Peggy and Pat—the listeners' representatives have announced.

Ginger, now starring on Broadway in the hit show, "Girl Crazy," will sing some of the songs in the initial program of the Conoco series last fall, so many requests for her appearance have been received Peggy and Pat persuaded her to play a return engagement.

The program will be dedicated to the Great Lakes region, where Peggy and Pat plan to motor for their summer vacation. Music of that region will be featured by the orchestra, and the "Rondoliers" are preparing special quartette arrangements of requested songs.

The program will be broadcast in this territory by station WKY, Oklahoma City, at 7—April 22.

## THE VALUE OF NEWS-PAPER ADVERTISING

Newspaper advertising "seems to be the one constant factor in the business world, judging from the survey of businesses which failed to be affected by the depression of last year. The latest to come to our attention is the Hotel Gibson in Cincinnati. Last year was the largest in its history, and the hotel is eighty-two years old. In that time three new hotels have been erected. C. C. Schiffer, managing director, attributed the increase in business to a never ending newspaper advertising campaign.

"Of course we are continually redecorating, remodeling, and enlarging the hotel," Mr. Schiffer said, "but I think the large percentage of our business comes from the use of newspaper space. We use only the most modern drawings and layouts in our display advertising, but at the Gibson our one aim is to dispense old fashioned hospitality, and we have found this combination a very attractive one for the public."

Last year just at the time that business men in general were beginning to retrench on their advertising appropriations, Mr. Schiffer announced that the Hotel Gibson would increase its by almost fifty per cent. The financial stability of the hotel at the end of the year was conclusive proof that his faith in the efficacy of the newspaper advertising was well founded.

Mrs. W. C. Brening and two children spent the past week-end here from LeFors visiting in the home of Mrs. Georgia Burrell.

## Convention Is Discussed By B. P. W.

The Business and Professional Womens Club met Tuesday evening, April 14 at the Clarendon Hotel with Carrie Davis at leader. There were sixteen members present and Mr. R. S. Cope and Mrs. Mary Naylor guests. Mr. Cope favored the club with a vocal solo and then announced the McDowell Club programme. Lottia Lane led and instructed the members in a preliminary drill, and it is planned to have another lesson in the near future. Rhoda Wiedman presented some amendments to the Constitution and these were accepted by the club. It was then announced that the club charter would be presented in the near future. A general discussion of the meetings was had with some suggestions for changes, however, no action was taken at this time, as members wanted more time before making a decision. Plans were made for the State Convention to be held in Amarillo on May 28, 29, 30. Adjournment in the usual manner until April 28, 1931.

## CONSIDER THE HONEYBEE

The Department of Agriculture seems determined to convince us that we are a nation of ingrates so far as appreciating our insects is concerned. Its latest literary effort on that subject deals with the honeybee. "One must realize," states the Agriculturist James Hamelton of the Department, "that a bee has to visit several hundred blossoms before it can obtain enough of the elusive nectar to carry back to visit countless flowers and to fly hundreds of miles, not to speak of the heavy sacrifice in the lives of these tiny creatures." The writer cites ancient history to prove that the bee was praised centuries ago. He describes the perfection of honey and points out that man cannot manufacture such a product. He further pleads for a better understanding of bees and attributes the unpleasant relations between man and bee to the former's ignorance of proper methods of handling the insect. The honeybee states Mr. Hamelton, stings only in self defense. Anyone interested in doing experimental psychology in regard to a bee's idea of self defense is welcome to the task.

Wrapped in newspapers, \$20,000 stolen from a bank official by motor bandits was found hidden in a hen house in Chicago.

When the stork made its first visit to the home of Christ Toffel of Chicago recently, the new father was so elated that he went out on his porch and fired his revolver by way of celebration.

## SCIENCE TO WORK ON BRIDGE FLOOR

### HUDSON RIVER BRIDGE FLOOR TO BE MADE SKID-FREE

(BY E. E. DUFFY)

Stretching across the Hudson river, from mammoth pillars of steel and concrete, the world's longest suspension bridge is nearing completion. Contracts were recently awarded for the most important of the remaining work, the placement of concrete pavement on the bridge floor. The bridge connects upper New Jersey City with New Jersey. The roadbuilders charged with placing the pavement will use, in accordance with contract demands, scientific methods that will assure bumpless motoring, freedom from skidding, low maintenance and a durable bridge floor.

Although the surface of ordinary concrete pavement is regarded as being practically skid-proof complete safety from skidding on the Hudson River Bridge will be assured, for a broom will be drawn transversely across the newly laid concrete. The slightly roughened surface will give excellent traction for high-speed traffic, but will not alter riding smoothness.

Nowadays concrete workers can determine how strong they wish the concrete to be, and then design a mixture that will closely tally. The concrete for this bridge floor is to have a strength at 28 days of 4,000 pounds per square inch. The builders will use the water cement ratio principle of concrete making which was recently discovered. This principle has to do with the fact that the amount of water used in mixing the concrete very largely determines its strength. By controlling the amount of water used, and considering the consistency of the concrete mixture in regard to its placement, the strength of the concrete can be quite accurately predetermined. In the case of the Hudson River Bridge the required strength will be obtained by using five and three-fourths gallons of water for each sack of cement. The scientific procedure will go even further with the water content of the sand taken into consideration.

Because of the stiffness of this concrete mixture, particular attention will be devoted to its placement on the bridge floor, so that all nooks and crannies will

be filled. Novel mechanical methods will be used which will take the place of tamping, made impractical by the net-work of steel reinforcing.

The bridge floor will consist of 4,780 feet of pavement laid in two strips, each 28 feet nine inches wide. Later, when the traffic warrants, the 30-foot center section of the bridge will be paved, giving a total of eight traffic lanes. Fourteen thousand square yards of concrete will go into bridge sidewalks. Altogether some 1,000,000 pounds of steel will be used for reinforcing. Plans are being made by New

Jersey for the construction of an amazing concrete approach to the bridge—an approach of three decks and a 350-foot wide traffic distributing plaza.

Because she sold a single drink of whiskey, Mrs. Marie Badger of Detroit is serving a 15-month sentence in the penitentiary.

A few hours after he escaped from the police taking him to a reform school at Hugo, Colo., Lewis Demmittou applied at the institution for admission explaining that it was too cold to remain outside.

Second Honor Roll: William McPherson, 89; Aline Gibbs, 89; Kenneth Sloan, 89; Edith Shelton, 89; Mar. E. Robinson, 88; Dorothy Kerbow, 88; Billie Cooke, 88; Homer Tucker, 88; Georgella Ray, 88; Lawrence Heckman, 88; Mildred Jo Ham, 88; Carl Webb, 87; Jimmie Walters, 87; Lucille Nidever, 87; Cecil Smith, 87; Martha Jo Word, 87; Allene Hardin, 86; Ray Palmer, 85; Jessie Lane, 85; Jack Reeves, 85.

- Third Grade First Honor Roll: Gladys Thomas, 96; June McMurtry, 95; Billie Patman, 91; Billy Headrick, 91; Billie Lou Gilbert, 92; Nell Sachse, 92; Ruth McDonald, 91; Phillips Gentry, 91; Irene O'Neal, 90; Pauline Riely, 90; O. J. Melton, 90; Fred Chamberlain, 90; Raymond Hay, 90.
Second Honor Roll: Houston Alexander, 89; Roberta Clark, 88; Jack Erwin Mackey, 87; Billy Yates, 87; Thelma Heatherley, 87; La Jaun Ellis, 87; J. L. Reid, 87; Troy Moore, 86; Margaret Berry, 86; Joyce McCrary, 86; Jomy Jewel Nichols, 86; Glennie Deal, 85; Thad Lyle, 85; Louise Wood, 85.

- Second grade First Honor Roll: Mildred Phelps, 93; Lucille Goldston, 93; Kathryn Keener, 92; Jo Ann Smith, 92; Maxine Lamkin, 92; Roland Keener, 91; Claudine Haley, 91; Rosa Lee Ellis, 91; Johnny Grady, 91; Nelda Peabody, 91; Walter McPherson, 91; Cleo Russell, 90; Lowell Heckman, 90; Oleta Marshall, 90; Gaynell Tidwell, 90; Bobbie Joe Skelton, 90; Ellis Reid, 90; Katrina Carlile, 90.
Second Honor Roll: Dona Adams, 89; Leon Lusk, 89; Betty Jo Caraway, 88; Rowena Smith, 88; Coleman Luffman, 88; Jewell Hampton, 88; Jack Moss, 88; Eva Glennie Bain, 88; Al Word, 88; Romana Smith, 88; Glenn Sloan, 88; David Oden, 87; Edward Allee, 87; Louise Russell, 87; Emogene Mayo, 87; Lorraine Thomas, 87; Dan Boston, 86;

- Spanish Classes Those who have never taken Spanish little realize the good and the pleasure one derives by studying it. Miss Weidman has always made her classes particularly interesting by teaching the students little Spanish Songs, and by telling her experiences and adventures while in the Country of Spain.
Today, April 14, they had a little Spanish play presented before the classes, the name of which was Preparativas Para El Te. The students who acted the play were Marjorie White, Louise Smith, Wanda Mayfield, and Ruby Armstrong. The play created such an interest there will probably be more to follow.

- Did it rain? Well, just a little bit, but the Palo Durans went on a picnic just the same and on a truck at that. When they arrived at Gunboat mountain, there immediately began a hustle and bustle, as everyone was hunting wood to make a bonfire, which was soon burning cheerily. Due to the rainy weather, it was thought best to hurry back to town so the picnic lunch was speedily taken care of and everyone piled on the truck again, but they were just a little bit late. The rain peppered down upon them, but by good luck, it stopped every once in a while so that they would not become too accustomed to it. On arriving in town, everyone felt that it was too early to go home so they went to the home of Kenneth Brown, where they indulged in many things.

- PAUL E. SMITHY DONATES PICTURE TO SCHOOLS Mr. Paul Smithy, who a short time ago presented to the school a Gilbert Stuart print of George Washington, has recently made two more contributions to the school. One of these is a picture of Robert E. Lee which is from a photograph in the famous Cook Collection at Richmond Virginia. The other is that of Benjamin Franklin from the original portrait by Duplessis, now owned by the New York Historical Society.

- Paul Marcellini of New York is rejoicing in the fact that he is entitled to an annual vacation with pay. Arrested for speeding, he was given a \$50 fine or the alternative of 10 days in jail. He counted out the \$50, then put it back into his pocket, saying, "I've got 10 days vacation left; I'll go to jail and save this fifty."

- Dorothy Frances Mohler, 86; Clarence Pipes, 86; Helen Nicholson, 86; Ruth Blackman, 86; Florence Boyd, 86; Maurine Ticer, 86; Alonzo Tozier, 85.
First Honor Roll: Mary Frances Fox, 94; Jack Stephenson, 93; Calvin Salmon, 93; Billie Ralph Andis, 92; Berthamae Thomas, 92; John J. Robinson, 92; Dorothea Nell Oller, 91; Raymond Johnson, 91; Charles Britten Shuford, 91; Maxine Robertson, 91; Ray Bulls, 90; Edna Ruth Huffstutler, 90; Jo Allie Lane, 90; Elizabeth Morrison, 90; Kitty Ruth Haley, 90.
Second Honor Roll: Dorothy Dean Thomas, 89; Murice Risley, 89; Elzia Mae Ellis, 89; Walton Tucker, 88; Margaret Colson, 88; Ollie McCrary, 88; Billie Ruth Bulman, 88; Roy Bulls, 87; Jewell Allen, 87; George Reeves, 87; Aileen Kutch, 87; Madeline Kelley, 87; George Lankford 87; Bernice Langford, 87; Loyce Beach, 86; Robert Summers, 86; J. A. Howard, Jr., 86; Billy Mears, 86; Floyd Fowers, 86; Reba Huneycutt, 86; Maggie Davis, 86; James Lumpkin, 85; Opal Hudson, 85; Irene Langford, 85; Lois Moffett, 85.

SPANISH CLASSES

SENIOR CLASS NIGHT IS SUCCESS

The Senior Class night program was presented last Friday evening at 7:30 in the College auditorium. The class was honored with the presence of a large audience. The program appeared to be enjoyed by all.

- Part I Presidents Proclamation - Bill Wood.
Class History - Ina Riley.
Saxophone Solo - James Smith.
Climbing - Class Poem - Dorothy Jo Taylor.
Statistics - Class Statistician - Jean Bourland.
Piano Solo - Gertrude Shepherd.
Reading - "Girl" - Ruth Price.
Chorus - "To a Marching Tune" - Senior Boys.

- Part II Scene I.
A Court Room Scene - Class Will - Fred Bourland.

- Scene II.
Around the Campfire - Athletic Stunt Song.
Tennis Girl - Frances Choate.
Baseball Girl - Lucille Andis.
Hiking Girl - Bernice Andis.
Golfing Girl - Lois LaFon.
Basketball Girl - Viola Jones.
Football Boy - Silas Franklin.

- Scene III.
Witches From McBeth - Class Prophecy - Glennie Haley, Marjorie Harlan, Leona Merritt.
Presentation of Key of Knowledge to Juniors - President.
Class Song - "Our Old High".
Recessional - Delphia Bones.

A woman in Sturgis, Mich., found a novel use for her vacuum cleaner, but caused a neighborhood row over it. She kept the motor running during the evening hours because its purring soothed her baby to sleep. Neighbors complained that this mechanical lullaby interfered with their radio reception and she was forced to substitute vocal crooning for the more modern method which she had discovered.

George Bourland (arrested by cop) "But, officer, I'm a student."
Floop: "Ignorance is no excuse."

BOYS' DEBATE

On last Thursday morning the Clarendon and Quanah boys' debating teams debated in the college auditorium. The subject for debate was "Resolved that a Substitute for Trial by Jury Should be Adopted," which is the Interscholastic League subject for the year 1930-31.

The affirmative was upheld by the Quanah boys, S. H. Kelley and Thomas Emmons, while the negative was upheld by the Clarendon boys, Bill Wood and George Bourland. The judges, Mr. R. E. Drennon, G. L. Boykin, and Mrs. L. E. Brackenridge rendered the verdict in favor of the affirmative.

APRIL ANNIVERSARIES

Four Presidents of the United States were born in April, Jefferson, Monroe, Buchanan, and Grant. Among other distinguished Americans born in this month were John Burroughs and John Muir, famed naturalist; Henry Clay, Statesman and orator; Washington Irving and Edward Everett Hale, authors; Commodore M. C. Perry, who negotiated the first treaty between the United States and Japan; S. F. B. Morse, inventor of the telegraph; Wilbur Wright, airplane designer, and the elder John Pierpont Morgan, noted financier.

April marks the anniversaries of many important events in American history, including the beginning of all the wars in which the country has engaged, except the War of 1812. The Revolution, the War with Mexico, the Civil War, the War with Spain, and America's participation in the World War all began in April.

Washington was inaugurated first President of the United States on April 30, 1789; Louisiana was purchased from France on April 30, 1803. The battle of San Jacinto, which established the independence of Texas, was fought on April 21, 1836.

The first "pony express" between St. Joseph, Mo., and California was inaugurated in April, 1860; Perry reached the North Pole in April, 1909.
These are only a few of the many anniversaries which make April perhaps the richest in historic associations of any month in the year.

CLUB RECIPES

Roast: Cut roast into pieces as large as will go into can. Roll each piece. Put in a hot oven and cook until thoroughly seared. Turn if necessary, but do not pierce with fork. Pack into cans. Add 1 tablespoon of fat, and salt and seal.

Roll Roast: For rolled roast use the flank and the sheet of meat which can be stripped from the top of the ribs, or round or shoulder steak. Cut these steaks into strips as wide as the length of the can and long enough so when rolled up and tied, the roasts will fit the can. Place these sheets on the table and spread about one-half inch thick with ground meat.

Steak: Cut into pieces 1 1/2 or 2-inches thick. Seal in a pan of deep hot fat. Roll and pack. Add one large spoon of fat, and salt before sealing can.

Liver Paste: 1 medium sized liver (about 3 pounds)
1 1/2 pounds of fresh pork
2 tablespoons salt
1 teaspoon pepper
1 onion
6 crackers
3 eggs
1/2 cup milk or water

Put meat and seasoning through meat chopper twice. Add eggs and milk. Pack into cans. Use for sandwich filling.

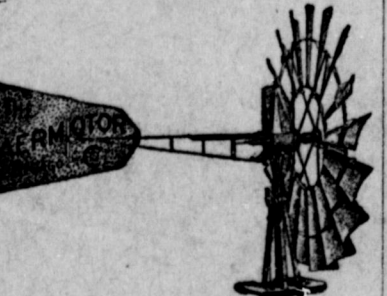

After hitch-hiking more than 1,500 miles from his home in San Diego, Calif., Don Preston arrived in Wichita, Kan., in time for his trial on a liquor law violation.

DATES FOR INTERSCHOLASTIC MEET ANNOUNCED

AUSTIN, Texas, April 8.—State championships in athletic and literary events will be decided here May 7, 8 and 9, when the district and regular contestants representing the best talent in 6,150 schools compete in the twenty-first annual State meet of the Texas Interscholastic League, according to Roy Bedichek, chief of the University of Texas League Bureau.

A tip for timid business men is given by Publisher Curtis of the Saturday Evening Post, who spent a million dollars for advertising last year and will spend double that amount during 1931. He says: "In a period of depression we must run as fast as we can to stay where we are."

# Garden Talk

No need of waiting any longer—planting time is really here at last! Everyone is eager to set out new plants, make alterations and add new features. Yes, it's mighty interesting to be working outdoors again to make the garden more livable and modern.

Plant new trees and plants as soon as the ground is fairly dry. Give them a slight mulch.

Pruning is necessary at planting time if trees and plants are to succeed. Cut back shrubs one-third to one-half, and if they are heavily branched cut off a few whole branches at the base.

Use plenty of fertilizer.

Just before the flowering season begins it is a good practice to top-dress the beds with bone meal and rake it in.

Details very often mark the difference between a charming garden and "just another garden." The proper placing of a bit of rock work, a flowering tree, a flagstone path, or an inviting lawn seat may be just what is needed to make your

garden individual and appealing.

When you plant next year's bulb border now, remember that Bleeding Heart is a dear old-fashioned companion for the Darwin Tulips. It prefers the shaded nooks and is one of the best border plants.

Children always find a great deal of fascination in watching the birds. If you plan a sanctuary for these feathered visitors the children will be deeply interested and more than anxious to help. It's very easy—evergreens for shelter, flowers for color, berries for the birds' winter menu, and last of all a lovely bird bath. Simple, isn't it? You will find it difficult to decide who is most pleased—the children or the birds.

What sort of entrance welcomes you to your outdoor living room? An ornamental arch or gateway always extends a gracious invitation to come out into the garden. Even the simplest arch becomes a delightful beauty spot if roses or other vines are trained over it.

## THE PROMISE OF SPRING

Enchanting April! The time when all our friends gardening dreams begin to take shape. After weeks of fireside planning it is good to be working out in the garden again. Everything is eager to shape in the triumph of spring. Bold splashes of color appear in the bulb border. Perfumed blossoms clothe the once bare branches. Cheery notes from a nearby tree proclaim the return

of welcome birds.

Everywhere there is a brisk activity, for does not spring promise us a store of future beauties if we but lend a helping hand? There are new plants to be set out, interesting changes to be made, new features to be added—everything to make the garden livable and charming. What are the promises of spring in your garden?

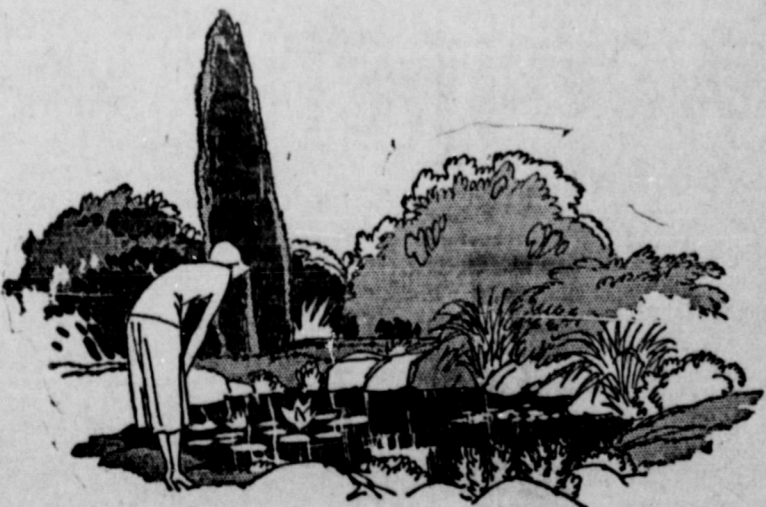

## WHAT TO PLANT ABOUT A POOL

It is the informal pool which offers us the greatest opportunity for planting about its margins, and a pleasing background planting will make the pool more interesting. In placing plants about the pool it is best to keep them in groups and not plant out the entire margin of the pool. There should be some space where one can walk right up to the water's edge. Plants should be selected according to soil conditions and lo-

ers and their height should be considered in their placing.

Hardy Grasses are frequently used at the edge of the pool, especially for backgrounds. The best of these are: Miscanthus sinensis gracillimus and Variegated Ribbon Grass.

Where low woody vines and shrubs are needed to sprawl over the stones or banks the following are useful: Japanese Hon-

ey-suckle, Matrimony Vine, Memorial Roses, Periwinkle and Evergreen Bittersweet.

Avoid using too many varieties if you want a unified or restful effect as opposed to a "spotty" appearance. A few varieties planted in masses, if carefully selected and happily placed, will make the pool attractive at all times.

Where moisture conditions are average the following perennials are good for planting between rocks or for ground cover along the margin of the pool: Alyssum in varieties, Pinks, Phlox, subulata (Moss Pink), Sedums in variety. For taller more upright perennials one may select varieties according to height and color of flower preferred.

Where the soil is moist but not bog soil the following perennials are very good subjects to be planted about the margins of a pool: Hardy Asters, Astilbes, Hibiscus, Lemon Lily, Japanese iris, Lobelia, Mistflower and Snake-root. Many of these are tall grow-

ers and their height should be considered in their placing.

Although nearly every sort of blooming plant requires some sunshine, there are some perennials which will thrive in shade. They are: Forget-Me-Not, Foxglove, Pansy, Bleeding Heart, Columbine, Japanese Anemone, Ferns, Lily-of-the-Valley, Monkshood, Japanese Balloon Flower, Bee Balm, Moss Phlox, Sedum, Virginia Blue Bell, Bugloss and Gout-weed.

The best perennials which provide good cut flowers include the Iris, Peony, Japanese Anemone, Torch Lily, and Chrysanthemum.

### BAPTIST W. M. S.

The Baptist W. M. S. met at the church Wednesday afternoon in a missionary meeting, with Mrs. A. W. Simpson as leader. Mesdames Joe Fowler, Cap Lane, W. B. Holtzclaw, G. G. Kemp, T. M. Couch, W. M. Mosely, F. J. Mann, B. N. Shepherd, had parts on the program.

In the business meeting, Mrs. W. C. Stewart was elected first vice-president and Mrs. A. W. Simpson second vice-president. The time of meeting was changed from Wednesday to Monday afternoon at 8:00 o'clock. So Monday afternoon the West Circle will meet with Mrs. G. G. Kemp, the East and South Circles at the Church.

### LOCALS

Mr. and Mrs. Archie Hallmark and baby from Shamrock were visiting relatives here Sunday.

Mr. and Mrs. Clyde Naylor and daughter and Miss Claudia Atteberry of Pampa visited Saturday night and Sunday in the homes of relatives.

Joe Goldston attended to business matters at Dimmitt Wednesday of this week.

Mrs. J. B. McClelland returned to her home here Saturday of the past week from a winter spent in New Mexico. Her son, J. B. Jr., drove her here from Oklahoma City in a car.

G. E. Allen attended to business matters in Amarillo Tuesday.

G. G. Kemp was a business visitor to Hammond, Oklahoma the latter part of last week.

Mrs. G. L. Boykin and two sons, Ben and Jim, Mrs. D. O. Stallings, Miss Fray Stallings and Master Frank Stallings spent last Wednesday in Pampa visiting in the home of Mrs. H. L. Wilder.

Miss Gwendolyn Couch was a business visitor to Amarillo Tuesday.

T. W. Welch, local operator for the Western Union Telegraph and Telephone company, is visiting in Amarillo on his vacation.

Mr. and Mrs. E. W. Brittain and Miss Vera Brittain, all from Jacksonville, arrived here last week for a visit in the home of Mrs. O. L. Fink.

Rev. and Mrs. J. H. Braswell went to Amarillo Wednesday after a two week's visit in the home of their son, Sam M. Braswell. Mesdames S. M. Braswell and F. W. Rathjen drove them to Amarillo where they will visit a few days with a daughter before returning to their home in Canyon.

Neil McKillop is visiting friends in this city for a few days.

### A SAFE FARMING PROGRAM

In all attempts to solve the farm problem, the chief difficulty is not in determining what things ought to be done, but in inducing the farmer to do them. It is almost unanimously agreed that certain conditions are necessary to safe farming:

1. The raising of all stock feed and such food as possible at home. This means grah, hay, gardens, cows, hogs and poultry.

2. Keeping up soil fertility by growing soil-building crops to be plowed under, thus saving fertilizer expense.

3. Reduction of acreage of crops, like cotton, which are nearly always overproduced. In other words, practice diversification.

4. General adoption of co-operative marketing.

The first two conditions may be established by the individual farmer. The last two require co-operation, particularly the marketing of crops.

While legislation may be helpful to a certain degree, no legislation will ever make farming safe and dependable without the observance of the principles stated.

In order to meet the ever growing seriousness of agriculture's plight, farmers must organize and stay organized, just as industries do, farming is also a business and an industry—the greatest in the country.

During a wake at the home of Joseph Grigas of Brockton, Mass., two men attempted to steal a barrel of home brew from Grigas' cellar.

Applying to a hospital for treatment, Phillip Skinter, a waiter in Chicago, reported that a biscuit thrown by a customer broke his jaw.

Seeking to bolster his trade, a Washington bootlegger advertises his liquor by stamping his name, address and telephone number on bright yellow lead pencils which he gives his regular patrons.

Texas manufactured more than 48,000,000 pounds of candy in 1930, using 28,800,000 pounds of sugar, 4,800,000 pounds of milk, and 2,000,000 pounds of peanuts.

## CLARENDON WILL BE IN PAGEANT

LOCAL GIRL WROTE PAGEANT TO BE GIVEN BY WTCC MAY 15

Representatives from Clarendon and 160 other towns, within the confines of West Texas Chamber of Commerce, will be asked to have a part in a spectacular pageant that will be shown on the evening of May 15 on the athletic field at Texas Technological college. The total number of participants in this show is expected to approach one thousand. The program is to be a part of the program for the West Texas Chamber of Commerce meeting.

Featuring West Texas today, the theme of this pageant is to be typical of the sectional productions, however, it is not to dwell upon the colorful past of this section of the country, and will be woven about the livestock, natural resources, sunshine and other productions of this period. Miss D'Laurel Beville, former Clarendon girl and daughter of A. M. Beville, of the speech department at Texas Technological college, has written the pageant and will act as director.

The pageant is arranged to be presented in three episodes before a throne which will seat Miss West Texas and her court. It is to last ninety minutes and will follow the theme of West Texas' egress from a purely cattle raising section to an area harboring hundreds of industries.

Something of the traditions of this section will be presented in the first episode, titled "Spirit of the Past—Texas under Six Flags."

For this scene the territory of the West Texas Chamber of Commerce is to be sectionized and each district will be asked to represent one of the flags—French, Spanish, Mexican, the Republic, the Confederacy and the United States. The 27 colleges and Universities which stand within the West Texas Chamber of Commerce territory are to be asked to send representatives for this court scene, also.

Miss West Texas, who is to be chosen during the next few weeks, is to be crowned elaborately and her immediate court, made up of ladies in waiting, will be chosen from Texas Technological college student body. Her coronation will be a feature of this episode.

Four divisions have been arranged for the presentation of episode 2, depicting West Texas

today, the empire that has grown out of the cattle country. All participants in this scene will pass through a huge hat, representing the West.

The first of these divisions, livestock, is to be known as a "Gala Day in the Old West" and is to show a scene of covered and chuck wagons with pioneers assembling for an early dance.

The second division is to present four products: cotton, grains, poultry and dairying, with costumed dancers passing across the stage.

Liquid gold is to be a symbol of the natural resources of West Texas. An oil derrick will be brought in by men in working clothes and young women in costumes to represent gold will appear in a symbolical dance.

The fourth division of this scene is titled "Girl of the Golden West" typifying the reign of sunshine in the empire.

The spirit of the future will be seen in the third and last episode of the pageant titled "Education and Industry". Again there will be four divisions: the arts, the sciences, professions and manufacturing. Miss West Texas will accept emblematic gifts from each of these and then retire with her court.

In addition to the Texas towns in the West Texas Chamber of Commerce, there are five affiliated cities in New Mexico and each of these will be invited to send a representative to the court. These towns are Carlsbad, Lovington, Portales, Roswell and Tucumcari.

Clarendon's princess and maid-of-honor will be selected in the near future by the local Chamber and will be announced in the columns of The News.

Judge J. R. Porter made a business trip to Dallas the first of the week.

Mrs. Cappy Stevens and young son, from California visited with friends here the fore part of the week in this city. Mrs. Stevens will be remembered by her friends here as Miss Lucille Goldston.

W. M. Patman spent the early part of this week in Amarillo, attending a Southwestern school.

Richard Wilkerson spent Wednesday of this week in Silverton visiting Mrs. Wilkerson and children.

Mr. and Mrs. O. C. Watson returned here the latter part of last week after an auto trip to Dallas where they left their son, George, for a two week's treatment.

Homer Mulkey was in Dallas the fore part of the week attending a meeting of distributors and exhibitors of the motion picture industry.
