A Common Paper for Common People

County War Chest Fund Still Short As \$800 Is Needed To Fill Quota

County Chairman Walter (Bud) Knorpp announced today that the Donley County War Chest fund was approximately \$800 short of the Quota of \$2,300 for the county.

Through the cooperation of the Jr. Les Beaux Arts Club, a considerable amount of the \$1,500 was raised the past week through personal contact throughout the residential and business sections.

Mr. Knorpp stated that he intended to keep pushing the drive to raise the full amount of the quota if it took a month longer, and added that it wasn't a very worthy cause and would be of a great help to our own boys. The drive would have never started.

Our boys and our allies are looking forward for this money so that they can continue to stay in there pitching for victory, and so our boys will be able to come back home some of these days and tell how proud they were of the benefits they received through the USO and other agencies just because you were liberal enough to contribute a Texan's share.

Don't hold back because you think it is just another gimme scheme or because someone has not called on you yet. All you need to do is stop at your favorite bank or call a member of the club mentioned above and they will be glad to call for your money. Do it now and let us finish this drive before the 1st of December.

J. R. Chamberlain Passes Away Sunday

Funeral services for John Richard Chamberlain were held Monday afternoon at 2:30 at the Presbyterian church with Rev. G. T. Palmer officiating.

Mr. Chamberlain passed away at dawn November 21st, 1943 at his ranch home near the Rowe ranch after suffering a heart attack a few weeks ago.

Survivors include his wife and four sons, William Park Chamberlain, John Jacob Chamberlain, Benjamin Emory Chamberlain, Eugene Fredrick Chamberlain and four grandchildren.

Pallbearers were W. M. Pickering, Jerome Stocking, J. H. Hedrick, H. J. Derrick, Carl Naylor, and A. O. Hefner.

Honorary pallbearers were W. E. Hardin, John Hunt, W. J. Lewis, E. V. Quattlebaum, Ed Edmondson, W. C. Holland, J. H. Goldston and W. C. Culwell.

Flower girls were Betty John Goldston, Irene Rhodes, Mrs. W. M. Pickering, Mrs. A. O. Hefner, Mrs. E. V. Quattlebaum and Mrs. Donna Holland.

Burial was in Citizens Cemetery with Buntin Funeral Home in charge of arrangements.

Mr. Chamberlain was born November 15, 1869 at Wyoming, Iowa. He was the youngest of 12 children. His father was Park Chamberlain and mother, Mary Rebecca White Chamberlain. He was married March 12, 1899 to Miss Louise Staudenmayer in Chicago, Ill., and moved to Donley County May 18, 1904.

His religion was simple and his faith in the ultimate meting out of justice to all earth's creatures was profound. With little confidence in dogmas or creeds or the theories of theologians, he took as his guide in life the promptings of a charitable and gentle heart, believing that the Creator who endowed man with those sentiments which seem to all men to be good, asked little more of man than that he should follow the guide thus furnished. Having so lived he passed cheerfully and unflinchingly into the life beyond, with no complaint and a perfect resignation.

Mr. and Mrs. Rhodin Studder from Camp House at Gainesville is spending his furlough with his aunt, Mrs. A. L. Chase. They were accompanied by friends, Mr. and Mrs. Link who left Tuesday night for Washington, D. C.

NOBLITT EXPRESSES APPRECIATION

Ray J. Noblitt, owner and manager of the Noblitt Sales Company, along with the other members of that firm, wish to express their appreciation to the people of Donley County and surrounding trade territory for the warm welcome they received in opening the new business.

Mr. Noblitt stated "that he never had met any friendlier people in all his life than those who dropped by to visit them."

Receives Award

CAPT. ELERY W. WATSON
Capt. Elery W. Watson of Clarendon received three decorations from Brig. Gen. Frank A. Armstrong in a ceremony at Alexandria Army Air Base. He was presented the Distinguished Flying Cross, an oak leaf cluster to the D.F.C., and the Air Medal for outstanding achievement as a navigator in the South Pacific. He is the foster son of Dr. and Mrs. C. G. Stricklin of this city.

VICTORY EDITION RINGS THE BELL

The Leader has received many fine compliments on the Victory Edition which came off the press a few weeks back. Now comes a letter from Bill Andis, son of Mr. and Mrs. Ralph Andis of this city. We appreciate Bill's recognition of our efforts. Thanks a million Bill for your fine letter. We're behind you one hundred percent.

The letter follows:
Syracuse, New York
Nov. 14, 1943
Dear Alfred & George Wayne:
I have been intending to write you and compliment your Victory Edition. I have enjoyed it thoroughly and look at it an awful lot.

I have been transferred from Arkansas State College to Syracuse University here in New York State. It is beautiful up here; the snow has already fallen, but give me Texas any time.

I am pursuing a course in Pre-Medical and it is really going to be rough. This ASTP Program that the Army has developed is a wonderful chance for us.

Again, may I compliment you on the Victory Edition and I look forward to each edition of the Leader.

Sincerely,
Bill Andis

Processed Foods—Green stamps A, B, and C in book four, good through December 20.

MEATS, Fats—Brown stamps G, H, J, and K, good through December 4. Brown stamp L is good through January 1, 1944. Brown stamp M becomes good November 28 and remains good through January 1, 1944.

GASOLINE—A-3 coupons are now good through January 21.

Lions Celebrate 21st Anniversary Tuesday Night

Members of the Clarendon Lions club joined in a celebration of their twenty-first anniversary and Ladies night at the First Christian church Tuesday night with a large number of the Lions, their wives and guests present.

After the delightful dinner was served by the Christian church ladies, a very enjoyable program was presented. First on the program was the Lions Quartet, then several song numbers by Gene Bryan and a reading presented by Mrs. Jno. Knorpp.

The main speaker of the evening was J. R. Porter, one of the charter members who helped in the organizing of the club 21 years ago. The topic of his talk was very interesting as he centered his talk on Clarendon and went back to the year of 1909 when he first arrived in our city. He stated that he thought Clarendon was the most beautiful town he had ever seen at that time and still is.

Mr. and Mrs. Fred Cook were called upon to say a few words as they plan to leave Clarendon in the near future to make their home on the coast.

FIRE DESTROYS GRASS NEAR ALANREED

Just another time to lose grass, since there has been similar fires on the C. T. McMurtry ranch southwest of Alanreed from the same cause. That of Sunday was stopped in short order by Clarendon's fire boys and their truck with a loss of what is said to have been approximately 150 acres of grass.

The fire is said to have originated from a spark from a passing railroad engine.

RATIONING AT A GLANCE

By PEPPY BLOCKER

Official Confirmation has just been received by the local Rationing Board of the news item which appeared in the papers several days ago with reference to the issuance of the new "B" and "C" coupons.

When the "B-2" and "C-2" coupon books are issued effective December 1, 1943, those coupons nationally will have a value of five gallons. Other "B" and "C" coupons outstanding at that time will retain their two gallon value, as at present. This does not mean that additional mileage will be allowed or that the gasoline supply situation has improved. It means merely that there will be fewer coupons issued and in circulation. The circulation of coupons at the value of two gallons means, of course, considerable additional expense because of increased use of materials, increased printing costs, and higher ration banking charges. It also means considerable inconvenience in handling by Boards, Industry, and Banks.

Produce Conserve Share Play Fair

Reports have been received that the wheat symbol used for blue stamps in War Ration Book Four is causing heavy buying of cereals—the food the government is advising the people to eat as a substitute for meat proteins. Blue stamps, as you know, will be used for processed foods early in 1944 when they will be exchanged for ration tokens, and there is no thought of rationing cereals, OPA Washington headquarters advises.

Produce Conserve Share Play Fair

Hint for Victory Gardeners: If you long for the acrid smell of leaves burning in the bright No-

GRADUATED FROM RADIO SCHOOL

Word has been received that Pfc. David F. McCleskey, son of Mr. and Mrs. Geo. H. McCleskey of Clarendon has just been graduated from the radio school of the Army Air Forces Training command at Scott Field, Ill.

During the intensive training, Pfc. McCleskey received instruction in radio operation and mechanics and is now qualified for duty as a member of a fighting bomber crew.

Ennis E. Boles Buried In Richmond

Ennis Edward Boles, 60, former resident of Donley County, died in the Laura Eldridge Hospital in Sugar Land at 10:25 p. m., Monday, Nov. 15. Funeral services were held at the Wessendorff Funeral Home at Richmond, Texas Wednesday afternoon at 3:00 o'clock, and interment was in Morton Cemetery at Richmond. Dr. M. M. Wolf, pastor of the Richmond Baptist Church, officiated.

Mr. Boles was production superintendent for the Quintana Petroleum Company at Thompsons. He was a trustee on the school board at Thompsons, and a member of the Masonic lodge at Sugar Land. He was a member of Chapter 216, Royal Arch Masons and Clarendon Council No. 152, R. & S. M. at Clarendon, Texas.

Surviving are his wife, Mrs. Myrtle Lois Boles, and two daughters, Miss Dorothy McCormack of Thompsons and Mrs. Marian Patman of Bastrop; and two sisters, Mrs. June W. Taylor of Houston and Mrs. J. E. Kerbow of Dumas, Texas.

Members of the Sugar Land Masonic lodge were pallbearers.

American Legion Auxiliary Sponsors Paper And Rag Salvage Drive

Mrs. Tom Tucker, publicity chairman for the Legion Auxiliary, announced this week that the American Legion Auxiliary, in co-operation with the County Salvage committee were sponsoring a paper and rag salvage campaign for Donley county.

This drive is a part of the big national drive for old magazines, catalogues, newspapers and clean rags.

The paper is to be turned in to the mills to be shredded and made into cartons for Government use to ship various articles overseas for our men on foreign soil. The clean rags are to be used as grease rags in plants and airfields all over the country.

A collection will be made on Monday every two weeks with the first collection date set for Monday, December 6th. Anyone having any of the above items that they wish to donate to the drive may call either Mrs. C. Huffman, Mrs. E. R. Andis or Mrs. Earl Lea and they will see that someone will call for your items.

In North Africa

LIEUT. HENRY L. KIDD
Mr. and Mrs. W. D. Kidd received word that their oldest son Lt. Henry L. Kidd had landed in North Africa the 3rd of this month. Another son Pvt. Earl D. Kidd has been in North Africa one year the 8th of this month. They also have a daughter, Pvt. Mary E. Kidd, WAC, in England. All three report feeling fine and enjoying good health, but are anxious to get the job over and get back home.

ALL STORES WILL CLOSE THANKSGIVING DAY

All Clarendon business firms will remain closed all day Thursday in observance of Thanksgiving. It will give everyone a chance for a day off and a day in which to give thanks for the many wonderful things that is ours.

The Leader will come to you one day early on this account, and we wish to thank those turning in news and our advertisers for getting their copy in early in order to make this possible.

S/SGT. SAMUEL E. DAVIS AWARDED DISTINGUISHED FLYING CROSS

Lieut. General George C. Kenney, commander of the Allied Air Forces in the Southwest Pacific, has awarded the Distinguished Flying Cross to Staff Sergeant Samuel E. Davis of Clarendon "for extraordinary achievement" while participating in 200 hours of operational flight missions in the Southwest Pacific Area during which hostile contact was probable and expected. These operations included bombing missions against enemy airdromes and installations and attacks on hostile naval vessels and shipping.

Throughout these operations, the citation stated, he demonstrated outstanding ability, courage and devotion to duty.

He is on active duty with a bombardment squadron of the Fifth Air Force which is playing a major role in General MacArthur's offensive against the Japanese in the South and Southwest Pacific.

Clarendon Clinic Hospital Notes

Surgical:
Mrs. Ruth Rogers, Josephine Fulton, Mr. S. Aduddell, Lakeview; Eugene Mote, Hedley.

James Castleberry, Quanah; Pvt. Edward Arrow, Amarillo; Mrs. W. W. Adcox, Lakeview; A. L. Chase, Mrs. Sarah Jo Mosely.

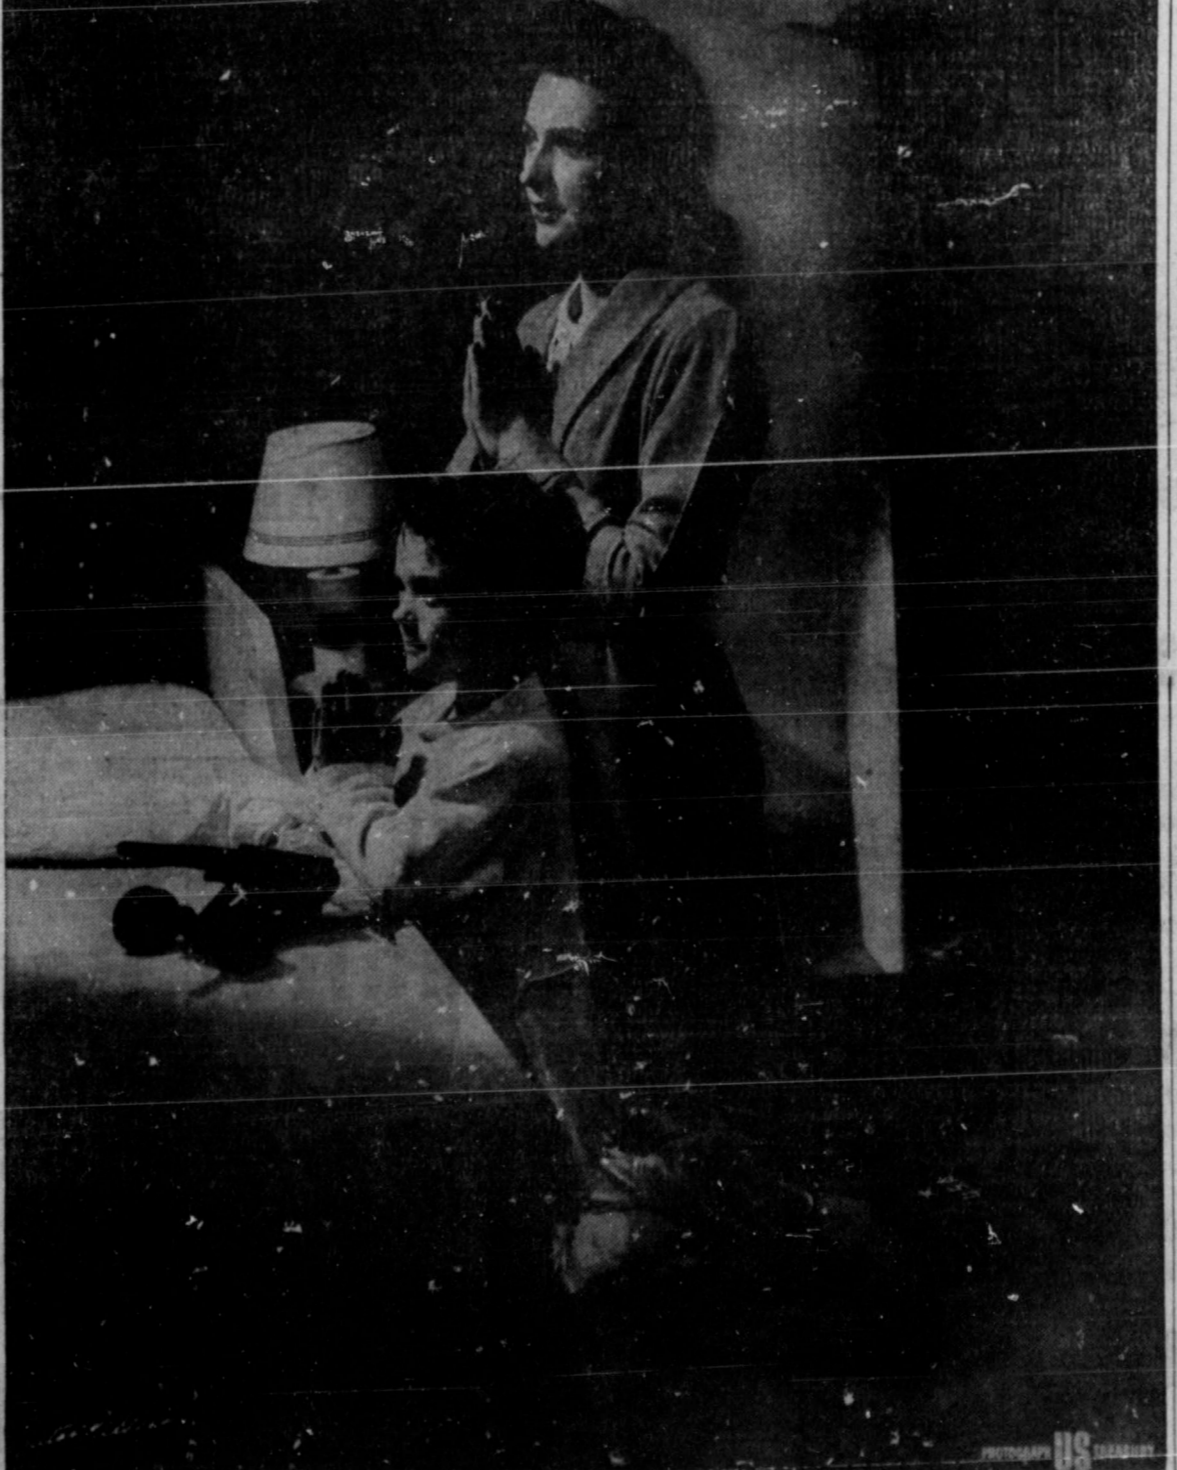

New Arrivals:
Mrs. J. N. Tidwell, Hedley, a girl; Mrs. Roma Wood, Hedley, a boy; Mrs. Harry Harlan, a boy.

RED CROSS VOLUNTEER SERVICE

Sewing
Mrs. L. M. Sims made three outfitting bathrobes for the hospitals. Three pillow tops were turned in by Mrs. C. C. Sims from Giles and two afagans were made by Mrs. Tom Bailey, Mrs. Fred Watt, Mrs. E. M. Glass, and Mrs. L. M. Sims of this community.

Knitted articles taken out this week were: One helmet by Mrs. W. T. Clifford; mufflers by Ruth McDonald and Mrs. Harold Bug-

THIS THANKSGIVING DAY—1943

• We're thankful we live in the United States and for the ideals of liberty and freedom exemplified in our form of government. We are thankful for our free institutions and our way of life. We are thankful that we are able to buy War Bonds voluntarily, so that we may have a personal and direct hand in bringing him back to us sooner. God bless him and keep him safe for us.

Plans Being Made For Honor Roll Memorial Funds

Plans for the raising of funds for the Donley County Honor Roll Memorial are going forward nicely, according to those who have been working on the proposition.

The entire county is being organized on the basis of a committee for each school district. In this way it is intended that every family will be contacted. Almost all the district committees have been formed, and some of them have already done some fine work. They report that interest is general, and that everyone seems to want to do his part.

At present the committee for Clarendon has not completed all the arrangements for soliciting those within the City limits, but it is planned to see that every part of the residential section, as well as the business district, is covered thoroughly.

Quite a number of people have already turned in their contributions voluntarily. Each bank in the county is acting as a depository for the fund, and they will gladly accept your contribution.

HEDLEY PARENT-TEACHERS TO SPONSOR SCHOOL CARNIVAL NOV. 26

The Hedley Parent-Teacher Association will sponsor their annual school carnival to be given at the Hedley High School Friday evening, November 26.

Plenty entertainment is promised for the occasion and the public is cordially invited to come out for a grand evening of fun.

YOUR ESTIMATED TAX

By J. A. WARREN
Income Tax Service,
Clarendon, Texas

Perhaps at this time it is in order to set out the requirements for filing ESTIMATED REPORTS before December 15th, as required under the 1943 Income Tax Regulations.

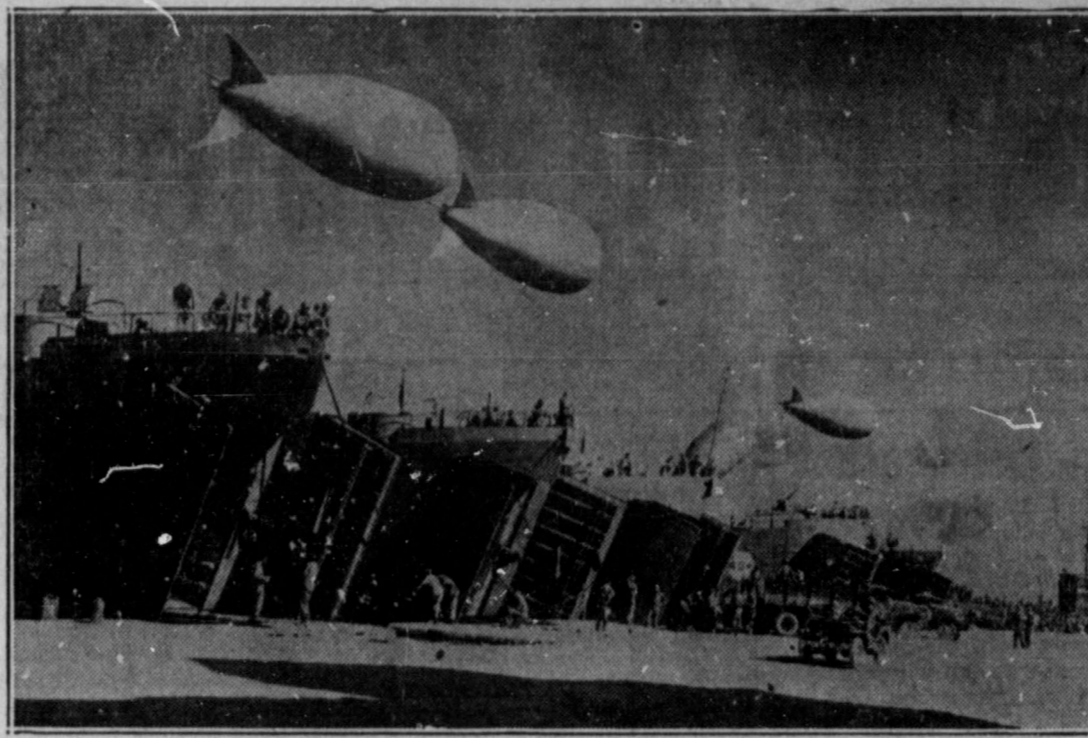

This time is set apart primarily for farmers, ranchmen and those obtaining as much as 80% or more of their income for 1943 from farms. There are also those who did not file their reports Sept. 15 because of a misunderstanding of the law, or otherwise, who should file before Dec. 15th. For example, a person who at that time, too, thought he was not required to

file, but since has discovered that in addition to his salary from which the tax is being withheld currently, he will, before Jan. 1st., have income of \$100.00 or more from other sources than salaries. In this case, such a person should file now, together with all those who are subject to filing but for any reason did not file Sept. 15th.

For those who have previously filed their Estimated Reports, Dec. 15th, is the LAST CHANCE to file an Amended Report, in case you find you have materially underestimated your tax liability.

Your liability for filing Estimated Reports is much the same as for 1942, that is, for persons other than salary earners who are subject to the current withholding tax, paying as you go, if married

and your GROSS INCOME is reasonably expected to be \$1200.00 or more or if single and your GROSS INCOME is reasonably expected to be \$500.00 or more for the calendar year, 1943, then you are required to file a report at this time. Note that your estimate must be for the entire year, not any part of it. For filing purposes, arrive at your figures from your records, that is your Gross Income and your business deductions to the time you file, then estimate the balance of the year to the best of your ability, and based on that estimate, you must pay any taxes due for 1943 at the time you file. At the time of filing these reports,

Bureau of Public Relations U. S. War Department
PREPARING FOR ASSAULT ON ITALY—A fleet of LST boats at the docks in Palermo, Sicily, have their bows open to receive a U. S. Infantry division to make an amphibious landing. Barrage balloons hovering overhead are for protection against air attacks. Jeeps, tanks and trucks as well as men are easily loaded and unloaded through the huge bow openings.

CIVIL SERVICE NOTICE

Qualified eligibles resulting from the current examination for tire inspector will be considered for this post with the Lubbock district OPA office, Elmer G. Hayes, local civil service secretary said today, advising interested applicants to secure the necessary forms from him at the post office and file them before December 2, 1943, with the director, 10th civil service region, 210 S. Harwood St., Dallas, Texas.

"Applicants must have 2 years of experience in the tire field such as that obtained in connection with a tire dealership, tire manufacturing concern, a large recapping establishment or a maintenance garage involving specialization in tire problems," Mr. Hayes said.

The tire inspector aids in the OPA rubber conservation program.

NURSE LOSES FAT SAFELY AYDS WAY
Get slimmer without exercise
Eat starches, potatoes, gravy, just cut down. AYDS plan is safe, sensible, easier. No exercise. No drugs. No laxatives.
Nurse was one of 100 persons losing 10 to 15 lbs. average in a few weeks. Clinical tests with the Ayds Plan under the direction of Dr. Von Hoover, sworn to before a Notary Public.

Douglas - Goldston Drug Co.

W. T. LINK
LAWYER
INCOME TAX SERVICE

you will have to have your 1942 Income Tax copy, if you filed for that year and paid a tax, also, as stated above, your 1943 figures, however, they do not have to be itemized as precisely as when you file your Final Report after January 1st. Just the most convenient way to arrive at your tax liability will suffice at this time.

You may file these reports at any time now, bearing in mind that December 15th, is the last and final date.

Do not confuse GROSS INCOME with NET INCOME. Your liability to file is based on GROSS INCOME and your liability to pay a tax is based on your NET INCOME, after deducting your allowable expenses, and family allowances. For example, you might have a gross income of \$1200.00, if married, and a loss of \$5000.00, say, but this would not release you from filing a report. GROSS INCOME means your entire in-

come, and that of your wife and dependents, from all sources, without any deductions whatsoever.

Lest You Forget

We still sell, and recommend Chic-O-Line Egg Mash—it is still 20% Protein, and still use yellow corn only for grain.

We have shorts, bran, mill run wheat, wheat chops, kaffir, milo, or milo chops, and still ask for your feed grinding and mixing. Chop that feed and make it go 1/2 further.

Have just unloaded 2 cars of Colorado Coal. If you want coal, buy now - we may not get any more soon.

Our new Scales will weigh any load.

The County bonded scales.

Scorn Overweight Motor Oil this Winter of War

"The Lighter the oil the better"... Discover how very light, by changing to Winter OIL-PLATING

Have you ever been a new papa? Have you ever had to enlarge the hole in the nipple of baby's bottle? The hot milk, just about as fluid as anything, barely comes through. Far "skinnier" than small holes in nipples are many of the oil spaces in your car's engine. That's still true after it is middle-aged or beyond. Any oil...any oil...has a hard enough time coming through and spreading all around. Overweight oil—easily thickened by cold—is far worse. The lightest oil your engine can use this season is rightest. And you can know that light oil will more than stand the gaff when it

includes the ability to give your engine internal OIL-PLATING.

Because a Winter change to Conoco Nth motor oil adds OIL-PLATING to engine parts, you can go your car's limit on lightness. Any good plating is a protective surface, and so is OIL-PLATING—attached all over your engine's insides, as if strongly "magnetized" there by a synthetic that's part of patented Conoco Nth. Now every moving part enveloped in its close-fastened OIL-PLATING must slide upon the rupture-resistant fluid film of Conoco Nth. Safety is multiplied!—though your economical Conoco Nth is so light that your battery, too, has every chance to outlive the Winter, and the War. OIL-PLATE at Your Conoco Mileage Merchant's—today. Continental Oil Co.

Dread Engine Acid Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

THE TEMPLE OF TRUTH
By the Apostle

WOMAN'S WORK.
"Man's work is from sun to sun, but woman's work is never done" according to the old saw. After she quits work, she turns to re-

decorating a room or trying to reform men is the principal reason.

QUALITY.
Are you made of the stuff that grinds down or polishes up when the hardest rub comes?

MECHANICAL.
Many an accident has occurred because the old boy at the wheel didn't release his clutch.

LOOKING FORWARD.
It's an easy matter to get along with Christmas without holly, but you darn sure better have the "berries."

MÓVIE TITLE.
The Bride Came C.O.D. with special shorts.

CATHANTICALLY.
"I wish we'd get a few ship-

wrecked sailors washed ashore," mused the cannibal chieftain. "What I need is a good dose of salts."

MODERN STUFF.
The teacher wrote sentences on the blackboard. "I see a cow. The cow is pretty. The cow can run." She next instructed the younger pupils to write the sentences in their own words. The kid with red

hair and flop ears on the end of the seat wrote: "Boy, lamp the sorcky. Ain't she the cat's whiskers? And how the ol' hussy can take it on the lam!"

LOGIC.
Most folks make an allowance for youth. They think that sin is more horrible when committed by a fellow after he passes fifty.

INGENUITY.
That nut on a vegetarian diet may not be a nut. His wife won't cook, and if she did he would prefer to eat it raw. It's all in getting acquainted with talent.

Cpl. Robert W. Warren was home last Friday and Saturday on a furlough from his base at Frederick, Okla. He returned to Vernon Saturday, thence on to his base Sunday.

Albert Gerner was in town Monday from Lelia Lake, attending business matters.

THE STATE OF TEXAS

TO H. B. PORTER, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 100th District Court of Donley County at the Court House thereof, in Clarendon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of December A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 1st day of November A. D. 1943, in this cause, numbered 2221 - on the docket of said court and styled Cleo Snodgrass Porter Plaintiff, vs. H. B. Porter Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce because of cruel treatment and restoration of maiden name of Cleo Snodgrass as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Clarendon, Texas this the 1st day of November A. D. 1943.

Attest:
HELEN WIEDMAN
Clerk District Court,
Donley County, Texas
(Seal) By Walker Lane,
Deputy.
(40-c)

"FORWARD INTO BATTLE SEE OUR LEGIONS GO"

Troops of a famous American division are here shown landing at Paestum, Italy, to give battle to the Nazis. They are a confident, husky lot, these American doughboys. Note the smile on the face of the second soldier from the right as he strides through the sandy beach. The Nazi hordes found that these boys have what it takes to win battles. Are you backing them up by buying War Bonds?
Army Signal Corps Photo from U. S. Treasury

GOLDSTON
Beatrice Smith

A little more came out for Sunday school Sunday morning. Bro. McAnally, the new Methodist pastor, held church services after Sunday school.

Mr. and Mrs. Al Dever of Clarendon spent Sunday with her parents, Mr. and Mrs. H. M. Stewart.

Mrs. Kathleen Yankee spent Tuesday with her mother, Mrs. Wilson Gray.

Mrs. Wilson Gray spent Thursday afternoon with Mrs. Sam Dale.

Mr. and Mrs. Edd Mooring and family entertained with a party Friday night.

Bro. McAnally spent Sunday with Mr. and Mrs. Wilson Gray.

Mr. Neely Hudson visited a-

while Sunday, evening with his sister, Mrs. C. L. Benson.

Shirley Smith and Imogene Wilson of Ashtola community spent Friday night and Saturday in the Buck Parker home.

Miss Roy Guy spent Friday night in the Edd Mooring home.

John Smith spent Sunday visiting in the Hubert Johnson home.

H. C. Smith and son Billie spent Sunday evening in the Collier Brock home.

Dan Latimer was here from the McKnight community Friday looking after business matters.

1943 KAPPA KAPPA PRESENTATION

One of the loveliest social affairs of the year for the younger set was the Kappa Kappa sorority annual presentation dance at the home of Mrs. Lena Antrobus, Friday evening, November 19.

The new members, Misses Melba Ruth Grady, Dorothy Nell Kemp, Alma Jo Mosely, Ada Sue Smith, Dorothy Jean Tatum and Klyda Fern Wilson, were presented with wrist corsages by the president, Miss Marilyn Maher. Their escorts were Billy Roy Blackman, Billy Neal Bogard, Raymond Adams, Manly Bryan, Tommy Saye and Donald Beard.

The house was beautifully decorated with quaint white chrysanthemums, tall white tapers in crystal candelabra and balloons. A red and white balloon shower bag, which released balloons of various colors during the dance, was hung in the center of the room.

The dining table was covered with a lovely lace cloth. The table decorations consisted of Priscilla and John Alden dolls on a reflector which was surrounded by autumn leaves and flowers. Mrs. Rufus White, the sorority sponsor, presided at the punch bowl.

Those attending, other than new members and their escorts, were Helen Porter, Billy Lowe, Mary Nell Keys, Billy Jack Shelley, Dorothy Ann Kennedy, Jack Riley, Francis Phelps, Pete Bromley, Elizabeth Ann Beverly, Dwight Blair, Marilyn Bartlett, Robert Naylor, Johnnie Johnson, Calvin Merchant, Ruth Patman, W. S. Carlile, Kathleen Grady, Carroll Brumley, Edith McCrary, Buddy Ryan, Beverly Stricklin, G. G. Reeves, Betty Rhodes, Lee Shelley, Jean Porter, James Vick, Cora Lee Muse, W. G. Adams, Pat Alverson, Claude Hearn, Billy Jean Howerton, Gayle Pyeatt, Tom Goodner, Max Keys, Jack Ballew, Jimmy Douglas, Paul Bradley, Cpl. Arlis Allison, J. R. Morgan, Dick Reeves, Carl Bennett, Bob Bentley and the hostess, Marilyn Maher.

Sponsors were Mrs. C. G. Stricklin, Mrs. B. F. Kirtley, Miss Maurice Berry, Mr. R. E. Drennan, Mrs. Rufus White, Mrs. Edythe Maher and Mrs. Lena Antrobus.

CLARENDON H. D. CLUB

This Club was entertained at the home of Mrs. Grover Heath Friday afternoon, Mrs. Ed Speed and Miss Ida Harned assisting hostesses.

The rooms were made more attractive with autumn vines and flowers. Club opened by President Mrs. Lea. Officers for the coming year were elected. Mrs. Lea was re-elected president; Mrs. O. C. Watson, vice-pres. and Mrs. J. C. Estlack, Sec.-Treas., re-elected.

Plans were made for a Xmas dinner Dec. 17 at the home of Mrs. J. C. Estlack, also exchange of gifts.

Delicious refreshments were served to afternoon guests Mrs. Darden and Mrs. Harry Blair; Club members, Mesdames A. L. Chase, A. H. Baker, J. C. Estlack, Karl Adams, O. C. Watson, McDowell, Van Eaton, Earl Lea, G. A. Anderson, A. W. Simpson, Ed Speed, Heath and Misses Ida and Etta Harned.

BIRTHDAY PARTY

Mrs. Dick Vallance entertained with a birthday party Saturday afternoon, complimentary to her small daughter, Cherry, on her 8th birthday. Each little guest brought a gift which was opened and admired. Various games were played on the lawn.

Candy, peanuts and punch were served to Barbara Faye and Patricia Ann Estlack, Emma Pearl and Wanda Leek, Robert Russell, Billie K. Hewlett, Bettie Pearl Jones, Nell Bentley and Patricia Murry and Joyce Birdine of Hedley, Cynthia Ann Thornberry and Cheryl Vallance.

HONORS NIECE ON BIRTHDAY

Honoring her niece, Shirley Brumley, on her eleventh birthday, Mrs. Joe Goldston entertained Monday afternoon at her home.

The little guests were seated at quartet tables where pencil dolls dressed in red crepe dresses and miniature tablets marked each place.

After a variety of contests, a large basket of lovely gifts were presented to the honoree.

Dainty refreshments of open face sandwiches, yellow birthday cake, and hot chocolate, with turkey candles as favors were served to Dorris Knorpp, Nell Bentley, Mary Edna Elmore, Mary Ladell

WACS EXCEL IN SIGNAL CORPS—Members of the Women's Army Corps are declared to be doing a first class job in the U. S. Signal Corps photographic center in New York. They perform a wide variety of essential work and many have shown exceptional skill. Left, a WAC in the photographic reproduction room places a negative in the enlarger. Right, WACS are working at a patch panel for sound.

Bureau of Public Relations U. S. War Department

TO HOLD DOWN FLOUR PRICES

To hold flour and bread prices at present levels, the Office of Economic Stabilization has inaugurated a subsidy program that will enable wheat flour millers to pay as high as parity prices for wheat (should the market go that high) and at the same time sell flour for no more than present ceiling prices. Without the subsidy, the Office of Economic Stabilization says, it would be necessary to increase present ceilings on flour, which in turn would force an increase in bread prices.

BUSY WOMENS S. S. CLASS

The Busy Womens S. S. Class of the Methodist Church met in an all day quilting and covered dish luncheon at the home of Mrs. R. T. Brown Friday with 12 ladies present. A quilt was quilted.

PATHFINDER CLUB

The Pathfinder Club will meet Friday afternoon at 4:30 at the home of Mrs. T. H. Ellis with Mrs. W. H. Patrick as co-hostess.

MARTIN REUNION

J. R. Martin of this city, had the pleasure of having all his children together Sunday for the first time in seven years. His son Lloyd, and wife, who is stationed at San Diego, is home on a fifteen-day furlough.

The reunion was held in the home of Don Martin, another son of Mr. Martin.

Those present were Don and Verlin Martin and families of Amarillo, Mr. and Mrs. Brit Melton and family of Amarillo; Mrs. Bob Cooke of Tyler, Texas; Mrs. Roy Fletcher of Raymondville, Texas; Mrs. R. C. Allison and daughters, Lila and Mary of Clarendon, and son Cpl. Arlis Allison of Del Rio, Texas. Cpl. Allison is home on a fifteen day furlough.

Mrs. Dan Evans and small daughter Mary Carlotta of Tucumcari, N. Mex. visited Mrs. F. A. Cooper and daughter, Mrs. Elsie Johnson, the first part of the week. Mrs. Evans is better known in Clarendon as the former Julia Hahn.

To Increase Allowances In Sugar

Increased allowances in sugar inventories permitted wholesalers and retailers on a temporary basis through November 15 will be maintained indefinitely, the Office of Price Administration announced today.

Temporary increases were originally allowed by OPA to take care of the anticipated demand for sugar for home canning, and were later continued in effect to supply the heavier supplemental rations allowed to bakeries, confectioners and other "industrial" users.

Since the industrial use continues heavy and at the same time

transportation difficulties make it important that adequate stocks of sugar be kept in the hands of both wholesalers and retailers, the increased allowances for inventories will be continued indefinitely. They may, however, be cancelled by OPA on 30 days' notice if such action should become necessary.

"Colonel" Lane was down from Pantex Village Monday visiting homefolks and looking after business matters.

Louise Russell of Pampa spent the week end with her father and wife, Mr. and Mrs. Fred Russell.

Lt. Earl Eudy of Chicago and Pvt. John E. Eudy of Sheppard Field visited with their mother, Mrs. John Watters, over the week end.

WE ARE THANKFUL

THANKFUL for the many things that life affords today, brought about by the doings of our forefathers back in the early days. They made a clearing and a starting place for the American civilization which has taken up the work and made the modern world of today.

We are thankful that America is still a free Country --- and thankful for our fighting men who are on the battle lines giving their lives to keep it free.

We hope that each and every one has a Joyous Day, this Thanksgiving.

Laverne McMurtry of Amarillo spent the week end with her home folks.

Mrs. Edythe Maher who has been visiting her mother, Mrs. Lena Antrobus and daughter Marilyn the past week, left for her home at Seymour Wednesday. Marilyn accompanied her home to spend the Thanksgiving holidays.

Young Turkey Prices Set

The maximum price for live young turkeys affecting consumers was listed today by J. B. Mooney, district price executive of the Office of Price Administration. Prices were listed to avoid confusion in the minds of people reading previously quoted prices which dealt with the maximum prices to be paid by wholesalers for the live young turkeys.

Producers selling to the consumer have a maximum retail price of .4394c per pound for a live young turkey, Grade A, weighing 18 pounds or less. If sold by Group one or two stores, the maximum price for the turkey would be .4461c per pound, and by Group three or four stores, .4424c per pound.

Turkeys in the drawn (oven dressed) Grade A classification, drawn weight under 13 pounds have a maximum retail price to the ultimate consumer of .6215c per pound if sold by the producer. If sold by retail stores in Groups one, two or three, the price is .6274c per pound, and those sold by Group four stores are priced at .6166c per pound. Prices for old turkeys and all lower grades are priced lower, Mooney said.

Mrs. A. L. Chase returned home Monday after a week end visit with her daughter and family, Mr. and Mrs. Keith Stegall.

Mrs. Frank White was an Amarillo visitor Thursday.

Mr. and Mrs. Glen White of Shamrock spent the week end with his parents, Mr. and Mrs. Frank White Sr.

Dorothy Scott and Pfc. Price Whitlock visited his parents, Mr. and Mrs. Frank Whitlock Sunday.

Mrs. Frank White Jr. and son Frank are at home after a weeks visit with her mother, Mrs. Blanton and sister, Mrs. Oakes at Amarillo.

Donley County Leader, \$2 a year.

Navy Needs Radio Men

Men with experience in the technical and mechanical phases of radio are being sought by the Navy for its newest arm—Ship Repair Units, it was announced today by Lt. Comdr. L. H. Ridout, Jr., officer in charge of the Dallas Navy recruiting district, which embraces the entire upper half of the state.

Radio men with experience as engineers, mechanics, technicians and repairmen are needed for such jobs as the repair and overhaul of all types of radio transmitters and receivers, and the overhaul and repair of Radar and underwater instruments.

Many a damaged vessel would have been lost except for timely repairs. Many a victory has been ours because Ship Repair Units have been on hand with the will and skill "to keep 'em fighting." That's the reason the SRU is so important to the Navy, Comdr. Ridout explained.

The Navy is calling for experienced workers from 18 up, and offers a new plan of voluntary induction for men of draft age—18 to 38. A visit to the nearest Navy recruiting station—where full information will be supplied at no obligation—may solve an important problem for the man contemplating military service, Comdr. Ridout concluded.

HERE ON VISIT

Miss Penelope Blocker arrived this morning to spend the Thanksgiving holidays with her parents, Mr. and Mrs. J. F. Blocker and her grandparents, Mr. and Mrs. S. T. Sayre. Miss Blocker is currently employed by the War Production Board in Dallas.

Dr. and Mrs. Gordon Stewart have recently occupied the Alfred McMurtry home, as Mr. McMurtry has moved to his farm and ranch interests.

Mrs. Lena Antrobus will spend Thanksgiving with her daughter and family, Mrs. Tren Stargel in Okla. City.

Fewer Coupons, But Good For More Gallons

The Office of Price Administration has announced a simplification rationing program, effective December 1, under which all "B" and "C" books issued by local War Price and Rationing Boards will contain fewer coupons than in the past, but each coupon will be good for more gallons than theretofore. No increase in the amount of gasoline allowed is involved, however.

All "B" and "C" coupons issued throughout the country on and after December 1 will be worth five gallons each, as compared with the present value of two gallons for coupons of those types in the east and midwest and three gallons in the far west.

The new supplemental gasoline ration coupons of five gallons value will be issued with the designation, "B-2" and "C-2", on their face. As present "B" and "C" coupons run out, they will be replaced by the new higher-unit-value coupons. Meanwhile, outstanding coupons issued before December 1 will continue to be worth only two gallons in the east and midwest and three gallons in the far west.

While the change does not mean more gasoline for holders of supplemental ration books, it does mean that they will receive their rations in more convenient form. It is expected that many car owners, for example, will now buy five-gallon units as they customarily did before rationing began. Consumers will have fewer coupons to endorse.

VISITS HERE

Cpl. Ruby G. Kidd, WAC, of Ft. Custer, Michigan, wife of Lt. Kidd was in town this week visiting in the W. D. Kidd home. Cpl. Kidd is on her way to Ft. Benning, Ga. to O.C.S. She reports the WAC's are doing a great job and she will be in until her husband returns after this war is ended. She enjoys her work and glad to do her part in winning this war.

Thanksgiving

Thanksgiving has a deep meaning to us. It is the day which we have especially set aside to give thanks to the Almighty for the benefits received during the past year, and on which we express the hopefulness that the next year will bring us our needs and that "Peace will reign on earth."

CLARENDON FURNITURE STORE

How many miles older is your car this week?

"Every mile you drive makes it more important than ever to Care for your Car for your Country"

IF TIRE AND GASOLINE RATIONING were removed tomorrow, no victory-minded American would permit himself one single mile of unnecessary automobile driving!

Let the truth of this fact sink in. Even if gasoline and tires were plentiful, cars are not. There will be no new cars for the duration. And every mile you drive, today and tomorrow and the day after, is an irreplaceable withdrawal from the Nation's bank of total transportation miles.

That is why your Uncle Sam is talking like a Dutch uncle when he tells you to *care for your car for your country*. You must protect and even pamper your car to coax every last bit of mileage from its aging engine and chassis.

Phillips 66 Service Wardens are pledged to do their utmost to perform all services which will improve the efficiency of your car and lengthen its life. Remember, the car which is driven this winter with tires unchecked... with battery uninspected... with friction points unlubricated... may literally be running at the expense of the Nation's war effort.

The Phillips 66 Service Warden is waiting at every Phillips 66 Service Station, ready and anxious to do his part to help you "Guard America's Mileage." Drive in soon for complete Service-Warden Service at the Orange and Black 66 Shield... sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

FOR VICTORY... Buy U. S. War Bonds and Stamps

Navy Authorizes Use of Honorable Discharge Buttons

An honorable service button to be worn on civilian clothes has been authorized for men and women separated under honorable conditions from active duty in the Navy, Marine Corps and Coast Guard.

The design is the same as that authorized by the War Department for those honorably dis-

charged from the Army, thus standardizing the emblem for all persons honorably separated from the armed forces.

The button will be issued without cost to both officer and enlisted personnel separated from the service under honorable conditions since September 9, 1939. Former Naval personnel may apply for the emblem in person at any Naval Training Station, Receiving Station, or Hospital, or in writing to the Bureau of Naval Personnel, Navy Department, Washington, D. C. Those who served in the Marine Corps may

apply at any Marine Corps procurement office or write to the Commandant, U. S. Marine Corps, Washington, D. C. Former Coast Guard personnel may call for the buttons at District Coast Guard Offices or write to Coast Guard Headquarters, Washington, D. C. They will be available for distribution after November 30th.

Former enlisted personnel must present or forward their discharge as evidence of their eligibility to receive this award. The discharge will in all cases be returned together with the honorable service button. In the case of officers the original and one certified copy of the orders placing them on an inactive status are required.

Those being honorably discharged or separated from the service in the future will receive the honorable service button at the time of their separation.

Mr. and Mrs. C. T. McMurtry left for Crowell Monday on business.

Calvin Merchant of Dallas is staying with his grandparents, Mr. and Mrs. Cal Merchant and going to school.

Lasting Peace For Democracy After War

To save the conflict between the principles of Christian democracy and patriotic loyalty to the state, the individual must exercise his "supreme function" by "sitting in moral judgment on the state's policies and program, and insisting that these shall conform to moral and spiritual principles," declared Dr. Homer P. Rainey, University of Texas president, in Austin this week.

Dr. Rainey early in November participated in a statewide 'speaking mission' at the invitation of the Federal Council of Churches of Christ, to discuss the basis of a lasting and durable peace.

Reporting results of this mission to the University Baptist Church in Austin, Dr. Rainey asserted that "there is no need to fear Communism and Fascism if Christian Democracy will only strengthen its faith in moral and spiritual values, and extend its principles to the peoples of the world."

"A great fear has gripped the American people of competition between democracy on the one hand and communism or fascism on the other," he pointed out.

"Why should we fear communism? Communism doesn't have anything to offer that can match the fundamental liberties on which democracy is based."

"Communism denies those fundamental liberties—intellectual and religious. There is no such thing as freedom in either communism or fascism. There is, instead, power imposed from above."

"Our fear arises out of the fact that we have lost some of our faith in Christian democratic principles. We need to recapture that faith, and Christian democracy will again become a great dynamic force in religion and in international life."

A second purpose of the mission, he said, was "to raise the question of what kind of peace we want."

"That peace must be just and durable, and must be founded on Christian and democratic ideals," he declared.

"It is necessary that our country assume the role of leadership and responsibility in the post-war world. There is greater danger of our slipping again into isolation and of denying responsibility for world affairs."

The United States "muffed its chance" after World War I, he asserted. "It is not often that a nation gets a second chance, but it seems as though we are going to have that second opportunity."

In calling for "unconditional

HOSPITAL BOUND

Unloading a wounded soldier from an assault boat near the front in New Guinea. This man will soon be taken out to a modern hospital where American doctors and nurses will give him the best of care. These men are battling for you in the steamy, fetid jungles of the South Pacific. Are you backing them up by buying War Bonds?

Improving Quality Of Texas Butter

Although Texas leads the nation in production of country butter it doesn't rate that high in quality, says O. W. Thompson, dairyman for the A&M College Extension Service.

Among several defects is a sour, curdy flavor and aroma caused by

the cream becoming excessively sour before churning, or by leaving too much milk or curd in the butter. This also may be caused by churning too long or, more frequently, by insufficient washing of the butter. This may be prevented by allowing the cream to ripen just long enough to get the desired flavor, and churning stopped when the butter granules are about the size of wheat grains. The butter then should be washed

sufficiently with clean, fresh water to remove excess milk or curd. Feed and weed flavors are transferred to the milk from grazing, and the especially objectionable, like garlic and wild onion, can be prevented only by eradication or keeping cows from pastures where they grow. Turnips and similar vegetables should be fed only immediately after milking. Animal and stable flavors are

caused by contamination from soiled bodies and udder of cows, by letting milk or cream sit in the barn, or by putting hot milk or cream in a tightly covered container. Remove the causes and the ill flavors will go too, Thompson says.

Although objectionable flavors are mostly noticeable in eating the butter, defects in body and structure also are objectionable and hurt the appearance of the butter. These defects are weak, greasy, salty, crumbly, and mealy bodied butter. Some of the causes of these faults are inadequate cooling of cream and excessive working of butter; working excessively while soft, too high churning temperature, or allowing the butter to get warm before working; over-working while the butter is firm, especially if worked without water; and churning sour cream which has been held at high temperature.

Sgt. Clarence Whitlock of Lubbock visited his parents, Mr. and Mrs. Frank Whitlock last week, returning Friday. Mrs. Whitlock is with her parents at Amarillo where her father, Odie Barns, is very ill.

Payments To Slaughterers Changed

A directive designed to "afford relief to non-processing slaughterers" by means of a special additional payment of 80 cents per hundred, live-weight, has been put into effect, according to information from the office of Economic Stabilization Director, Fred M. Vinson, Washington, to the A&M College Extension Service. The new order makes an important change in the plan under which payments of \$1.10 per hundred weight on all grades are made by the Deefuse Supplies Corporation to slaughterers of live cattle.

It is explained that the special payment will be in addition to this amount, and will not involve any increase in the original estimates for financing the slaughterer payment program.

The modification has three objectives: (1) To enable slaughterers not engaged in processing of beef—a group made up principal-

ly of small enterprises whose margins have been adversely affected under existing regulations—to continue in business; (2) To maintain prices of live cattle within a stated range approximating the present price levels, thus affording a support price to livestock producers and at the same time discouraging unwarranted advances in the live market; (3) To provide a more economical and effective allocation of present payments to all slaughterers by increasing the amount paid for certain grades of live cattle and reducing them for others.

It is explained further that the directive, while avoiding the disadvantages of a formal price regulation or support price program seeks to achieve the purpose of both price ceilings and support prices for live cattle. This is done by requiring deductions from subsidy payments in the case of any slaughterer whose monthly payments for live are either above or below the range of prices provided for in the directive.

Non-processing slaughterers are defined as "slaughterers who during 1942 sold, and who currently sell 98 percent or more of the total dressed carcass weight of cattle slaughtered by them in the form of carcasses, wholesale cuts, frozen boneless beef, or ground beef."

GIVE WAR STAMPS FOR CHRISTMAS

"A stamp in every stocking"—that's what the Treasury Department wants for Christmas. To encourage the giving of war stamps, many ideas for utilizing them in gifts and decorations have been suggested—war stamps attached to a cellophane bag containing a small gift; war stamp lapel ornaments; a tiny Santa Claus holding stamps; small Christmas stocking containing stamps; a baby's rattle with stamps tied on with ribbons; and children's toys, with stamps attached. The stamps may also be used as decoration on wreaths, fastened to candles, and on Christmas cards.

HOME SERVICE

Mrs. C. A. Burton
 Over 50 per cent of the Red Cross supplies shipped on the Gripsholm were destined for delivery to Philippine prisoner camps. The cargo was valued at over one million three hundred thousand dollars, partly furnished by the government and partly by the Red Cross.

From the general secretary of the World Committee of the Young Men's Christian Association comes the statement that about 75 representatives of the Y.M.C.A. visit the camps in 21 countries. A cable in July said that all 23 camps in Germany where there were American prisoners of war had been visited since May.

All materials sent from the United States by the Y.M.C.A. for its work in Europe, games, books, musical instruments and essentials for worship, are shipped to Geneva through the Red Cross. Among the hundreds or even thousands of articles sent were 42,300 phonograph records. Over 40,000 new books were sent as well as many used books and musical instruments. Material for the repair of books was included. 13,000 Bibles or Scripture portions were sent by the American Bible Society. In all the records show that more than 900,000 books, including 100,000 religious books have been sent to the prisoner of War camps in Germany. Hundreds of tools and articles for craftsmen have been sent. Books, games, musical instruments, athletic goods, garden tools and seeds have been sent to seven camps in Japan, Shanghai and Hongkong. All of this has been the work of the Y.M.C.A.

It has been found that many American Prisoners of War would

like to continue the courses of study interrupted by the war, or undertake new lines of cultural or vocational study. Arrangements are now under way with the United States Armed Forces Institute which is perfecting plans for soldiers not only to study, but also to have their work tested and accredited in the schools and colleges. Many of these courses will be made available to American prisoners in European camps.

From one German camp comes the statement that the American prisoners had learned fast the art of "Kriegie", prisoner of war cooking. Among them are one or two tin bashers who are turning out some very useful cooking utensils out of Red Cross tins.

A letter from a soldier prisoner at Stalag Luft III says, "I'm engrossed in two courses, French and the History of English Literature. At the completion of the latter, I plan to study journalism with an eye to future use. I've gone rather high brow in my reading, am reading Tolstoy's 'War and Peace.'"

Each camp elects its own spokesman from among its own number, and these men and women assume much responsibility in helping to smooth out difficulties and in trying to make conditions more comfortable.

Fire-Fighting Tanks

American light and medium tanks are the best desert fire fighting equipment in the world.

Col. Ward E. Becker, Army Ordnance Officer recently returned from Bizerte, to-day informed Captain R. M. Smith, commanding Pantex Ordnance Plant, near Amarillo, Texas, of the extraordinary overseas service of many automotive vehicles.

Fire was a constant hazard at all Ordnance ammunition dumps in North Africa, particularly when the dread African Sirocco or sand storm blew for three, six or nine days.

During the Tunisian campaign, fire started at a mammoth ammunition dump where Col. Beck-

Reinforcements to Lieut. Gen. Mark W. Clark's Fifth Army marching up the beach at Paestum, Italy, to join their comrades who were pushing the Nazis back toward Naples. Here they are slogging up the wet beach to their assembly area. Every War Bond that you buy backs up these men in their invasion of Hitler's citadel. Army Signal Corps Photo from U. S. Treasury

er was serving as Ordnance officer in a Base Section which supplied the American Second Corps. Of the total supply, more than 2,000 tons exploded, principally as a result of white-hot fragments of metal flying distances of 400 yards and successfully firing other piles of ammunition. But the bulk of the ammunition was saved by using light and medium tanks.

Ordnance officers, Captain Smith said, discovered that light and medium tanks were extremely effective in fighting grass fires which were started by the white-hot flying fragments. By running back and forth across the burning grass and stubble, the fire was quickly extinguished. This knowledge was particularly valuable in a country where water was at a premium.

Whenever a fire started in ammunition crates near the ground, tanks would be driven up full speed and then swerved suddenly

so as to kick up and shower the burning crate with dirt or sand. This novel technique smothered the fire.

It soon became normal practice at many Ordnance ammunition depots in North Africa to keep two or three tanks on 24-hour fire-fighting service, tank crews sleeping beside their vehicles. Where an ammunition depot extended for hundreds of acres, tanks could

speed to a fire with throttles wide open.

Ordnance troops saved ammunition to the value of millions of dollars as a result of vigilance and prompt action in putting out fires which were started by the terrific heat of the African sun.

Mrs. Bob Donnell and children and her mother, Mrs. Proctor of Leveland are visiting Mrs. Willie Donnell and daughter, Ruth.

Rationing—

(Continued from Front Page)

member air, and reach for a rake, stop! Your ground needs the rehabilitating virtues of those leaves. Or if you like to rake for raking's sake, go into the country and gather up piles of leaves that have been decaying for a year or so. Bring them home and spade them into the soil so that they will break down into valuable organic material, called humus, for next spring's Victory Garden.

Produce Conserve Share Play Fair

Again comes further word that the tire situation will remain "tight" for almost another year—or at best at least another six months—and that civilians need to conserve their tires more than ever until the situation improves.

In his latest report, Rubber Director Bradley Dewey said that the nonessential driver will get no new tires in the visible future, and can stay on the road only if he reduces his driving to bare necessity and recaps his tires on time. The country's crude rubber stockpile next fall will drop below the danger line, primarily because of a late start on rayon cord production, Director Dewey said. Also, since the last report, the armed forces have increased their demands for heavy duty, combat and airplane tires, while "the ineffective general manpower situation for tire manufacturing has made it difficult to man even the existing tire-building machines."

Produce Conserve Share Play Fair

Rationing will become more difficult to administer next year because of the general optimism of the public throughout the country concerning the final outcome of

the war, Col. Bryan Houston, new OPA Deputy Administrator in charge of rationing advises. The optimism is a real disadvantage, Houston says, because the necessity for rationing is not going to decrease, but instead the situation is going to get tighter. A general survey of the food rationing program is now under way, Col. Houston also advises, to simplify regulations wherever possible, as well as to correct any inequities discovered. Col. Houston, a south-westerner and native of San Antonio, recently came to OPA "on loan" from the War Department.

Volume 14 Number 40

CLARENDON, DONLEY COUNTY, TEXAS, NOVEMBER 25, 1943

A Common Paper for Common People

Synthetic Rubber Production Good; Few Tires as Yet

Although synthetic rubbers are being produced in large quantity, the tire situation will be the most serious during the next six to nine months, according to the Fourth Progress Report of the Office of Rubber Director, issued recently by Rubber Director Bradley Dewey.

By early 1944 all plants in the synthetic program will be in operation, but that does not immediately assure sufficient tires. Necessary production of tires requires plant expansions that will not be completed until well into 1944. High tenacity rayon and cotton tire cords must also be produced in greater quantity. Production of these is being expanded but the full program for rayon cord will not come into operation for almost a year.

The rubber director's goal is 30-million synthetic tires in 1944. During 1943, only 17,200,000 tires of all kinds—new, used or reclaimed—will have been distributed. Because of their starvation diet of tires during 1942 and 1943, American motorists would now buy much more than their normal peacetime consumption of 50 million tires annually if they had the opportunity.

New synthetic tires are available now only to those whose gasoline ration permits 601 or more miles of driving per month. Other motorists, including all A and B ration book holders, will have to get by on their present tires, used tires, or with recapping. For a long time recapped tires must continue to carry much of the transportation burden. No ration certificates are required for passenger car tire recapping. Camelback for recapping is now of much better quality than even a few weeks ago, being made of a combination of reclaimed rubber and 40% Buna S.

The bus and truck tire situation is extremely serious. Shortages of manpower, rayon cord, and tire building equipment for new, large sized tires together account for this situation. Overloading and speeding, especially on hot pavements, must be eliminated and every possible tire carcass must be reclaimed.

Military requirements, especially for large tires, are tremendous. One large bomber tire, according to the report, cancels several large truck tires or as many as 30 passenger-car tires.

New passenger car tires are now being made from synthetic rubber (Buna S). If properly inflated, properly loaded and not abused, these tires can be driven at reasonably high speed over smooth roads and will give 90% or more of the wear of first-line, pre-Pearl Harbor tires, but heating, speeding, and rough roads damage them more easily. Buna S tires also are standard for motorcycles, tractors, implements, wheelbarrows, bicycles, and smaller trucks and buses.

Buna S is still inferior to natural rubber for tubes. Butyl will be used for tubes, according to present data. Butyl will hold air better than natural rubber and will resist heat and tearing very well. Production of butyl is still small, however.

During the next six to nine months bus and truck operators must cooperate as never before, and every car owner must redouble his conservation efforts if there are to be enough tires for essential civilian transportation and minimum military requirements.

Petroleum Goes To War

In the first 12 months of the war, the quantity of petroleum and petroleum products sent to United States' troops was more than 80 times that shipped in the first 12 months of the last World War.

The transport of gasoline is so important that tank trucks have been cut in half, flown out of this country, and welded together again at their destination.

SHOP AND MAIL EARLY

The public is urged to complete its Christmas shopping this month and to send all packages destined to other cities, whether by parcel post or express, before December 10. Early Christmas shopping and shipping are necessary this year to enable satisfactory handling of the extra Christmas load, Joseph B. Eastman, Director of the Office of Defense Transportation, said. "Remember," Mr. Eastman added, "that the best gifts for this wartime Christmas are War Bonds or Stamps."

MORE HOSIERY FOR CHILDREN

Production of infants' and children's hosiery will be stepped up shortly as a result of priority assistance given to manufacturers for procurement of necessary yarn. The WPB action resulted from a falling supply of infants' and children's stockings.

American automobile users during 1942 cut down their consumption of gasoline by 17 per cent, according to the Public Roads Administration of the Federal Works Agency.

FARMERS TO GET BATTERIES

Approximately 20 per cent of the fourth quarter production of flashlight batteries will be distributed to farmers, according to WPB. This makes enough batteries for about normal rural consumption available through farm outlets.

Army Ordnance jeeps are now used as switch engines in Australia. Fitted with flanged steel wheels, a jeep can move loaded freight cars.

STEP UP TRUCK PRODUCTION

A four-fold increase in its 1944 civilian truck production program has been announced by the War Production Board. So important is this program that it has been given priority ratings equal to aircraft and high octane gas. Provisions are also made for production of replacement parts for civilian use. In spite of the four-fold increase, the new goal of 123,492 trucks is still far short of the pre-war production of approximately 700,000.

Connally Resolution, S. Res. 192, Declaratory of War And Peace Aims of The United States

A 62-year-old mother in an Army Ordnance depot dismantles generators and starters eight hours a day, has given blood plasma seven times, folds Red Cross bandages, knits socks and sweaters for the boys overseas, tends a Victory garden, and does all the repair work in her home.

Washington, D. C.—In the historic moment before the final overwhelming vote of Yeas, 85, Nays, 5, on the Connally Peace Resolution in the United States Senate on November 5, 1943, the senior Senator from Texas summarized the high points of the situation in clear and forceful language.

"Mr. President, it is said by some that the resolution has no power, that it has no teeth. Let me say that the resolution has in it the teeth of bayonets, if necessary, to accomplish the prevention of aggression and the preservation of the peace, if that is the ultimate remedy. It has in it the teeth of airplanes that bite with bombs and with machine guns. It has the teeth of great navies and artillery, if need be.

"But, Mr. President, its purpose is pacific. These are extreme remedies, only to be employed if peaceful measures and conciliation and diplomacy fail, and if necessary, they may be invoked, provided always their use is limited to the preservation of the peace and the prevention of aggression.

"Mr. President, I look forward with the hope that the resolution may obtain an overwhelming vote in favor of its adoption. The resolution evidences a great stride in national policy by the United States. Not only will it bring cheer to our own people whose sons are fighting on far-flung battle lines, but it will bring cheer and satisfaction to the peace-loving peoples of all the world. I trust that the Senate may adopt the resolution by an overwhelming vote.

"There is a degree of harmony and cooperation between the language of section 4 of the Moscow Declaration, which we have inserted in the resolution, and the remainder of our own resolution, that is hardly subject to criticism. "The resolution calls for a complete victory, a just and honorable peace, establishment and maintenance of international authority to prevent aggression and to preserve the peace of the world, and concurrence of two-thirds of the Senate on treaties made through the channels of constitutional processes of the United States."

As author of the Resolution and Chairman of the Senate Committee on Foreign Relations, Senator Connally has been widely commended and congratulated on the passage of the Resolution by America and Allied leaders.

MUST REPORT FOREIGN HOLDINGS

All Americans owning any foreign bonds, or \$10,000 or more in any foreign property are required to report such holdings on or before December 1 to their nearest Federal Reserve Bank. Practically every type of property must be reported—real estate holdings, cash assets, foreign currency, foreign securities, interests in foreign organizations, patent and trade mark agreements and contracts. Order can be restored more rapidly, as territories are re-occupied, if military authorities have such information at hand, states the Treasury Department. All information will be confidential and will be available only to accredited representatives of the Treasury.

REDUCE CHRISTMAS LIGHTING

The American people have been asked by the Office of War Utilities to confine Christmas lighting decorations to Christmas trees inside private homes. Saving of electricity will mean direct savings of fuel, manpower, transportation, and materials.

Four different kinds of paper are used in making the containers in which bags of gunpowder for Army Ordnance field guns are shipped overseas. Outside wrappings are coated with black asphalt to make them waterproof.

We, Too, Have Seen Much and Fought Hard and Are Thankful

Beautiful South Pacific Islands, steaming jungles, European cities, hot sandy deserts, and towns and plains of Asia have been washed in the blood of conquering and defending armies alike. Have we Americans had to search through the smoldering ruins of what was once our home?

American towns have never been

subject to such barbarism, and for this we are grateful. We are grateful, yes --- but we must show our gratitude concretely. It is not enough to give thanks for our blessings in wartime. We must back up the war effort actively. We must buy War Bonds and work harder and further our national unity in every way. That is the only way to show our gratitude.

THE DONLEY COUNTY LEADER

C. H. S.

THE BRONCHO RANGE

C. J. C.

Section, published Weekly by The Donley County Leader for Clarendon High School and Clarendon Junior College

CHAPEL

Chapel Friday was an elaborate affair portraying the growth and expansion of our country, America, and the music that appeared in each period.

The first scene, which had to do with the Indians, was given by a girls' quartette who sang "Indian Love Call," the members of which were Lois McCrary, Katherine May, Frances Phelps, and Billie Warren, accompanied by Dorothy Kennedy.

Scene two pictured the Pilgrims and their first Thanksgiving. This was represented by a group of singers who sang a Thanksgiving song accompanied by Dorothy Kennedy.

The third scene was in honor of "Old Glory" and was presented by the singing of "Yankee Doodle" by the group.

Scene four was one that ably portrayed the slow, quaint dance

of the South, the minuet. This lovely dance was presented by the following couples: G. G. Reeves and Beverly Stricklin, Elizabeth Beverly and Robert Naylor, Edith McCrary and Manly Bryan, and Ruth Patman and W. S. Carlile. In this scene, in which the participants were costumed in colonial attire, the music was furnished by Dorothy Kennedy at the piano playing "Minuet in G." To conclude this scene the group then sang the familiar, typical Negro Spiritual, "Go Down Moses."

Westward Expansion was shown in scene five by the group singing "Cowboy's Dream" and "Celito Lindo," accompanied by Dorothy Kennedy.

Scene six brought forth the story of the Building of a Nation. The group again sang, "Waiting for the Robert E. Lee," "I've Been Working on the Railroad." This scene also included a well-known

folk dance, the Square Dance. Peggy Stewart and F. G. Crawford furnished the music for this on the fiddle and guitar and played a typical tune for Square Dancing. The participants in this were: Bill Lowe and Helen Porter, Claud Hearne and Pat Alverton, Jack Shelley and Mary Nell Keys, and Mr. Drennan and Annie Ree Porter.

The Civil War and its period of destruction and reconstruction were portrayed by the singing of "The Battle Hymn of the Republic" by the same group that sang previously in the program.

The next scene gave a brief example of the kind of music that America sang in the time of the Gay Nineties. The group sang "Bicycle Built for Two," "The Bowery," and "The Band Played On."

Scene nine was the World War songs that were written to try to keep up the morale of the people then as we are striving so hard to do today in our present crisis. "Keep the Home Fires Burning," and "Pack up Your Troubles" were sung by the group accompanied by Dorothy Kennedy.

Next came the period of the Roaring Twenties. This period was ably pictured by the singing of "In the Good Old Summer Time" by the group.

Scene eleven was highlighted by a dance that is commonly known today as "Jitterbugging." This was given by Carroll Brumley and Kathleen Grady.

The program was then climaxed by the portrayal of the American spirit today. The group sang "Praise the Lord and Pass the Ammunition" accompanied by Mrs. Turner. The audience then joined the group in singing our stirring National Anthem, "The Star Spangled Banner."

Between each scene of this program a resume of what went on in America during the period to be represented was narrated by the capable reader, Charline Knox.

This group is planning to give

this "America Sings" program sometime soon at night when all the participants will be in costume typical of the period they represent.

We wish to thank all the people who worked so hard to get up such a splendid program, and we shall be looking forward to some of the new-found talent favoring us again in the future.

P. T. A. PROGRAM

Miss Rose's fifth grade class had the P.T.A. program for this month. They gave a play called, "Thankful Hearts."

Announcer—Bill Carl Pittman Characters: Neel Bently—Miss Margaret Margaret Mosely—Miss Olga Dorris Knorrp—Miss Anabel Joan Ritter—Janet Guy Alden Wright—Charles Laverne Corris—Joyce Joan Allen—Betty John Wesley Crawford—Tom Guy Lynn Tatum—Dr. Gordon Alice Lane McCrary—Miss Bushirk

Geaneta Hewett—Jennie Fanchon Allred—Judy The class sang a song, "Child Thanksgiving."

FASHION PARADE OF KAPPA DANCE

Last Friday night at the Kappa dance, there were many new formal. All the girls looked very fetching, and everyone had a wonderful time. Here are some of the more outstanding evening dresses and some of the other doings at the dance.

Marilyn Maher looked simply stunning in her ice blue satin and net dress.

Beverly Stricklin looked sweet in her white lace dress set off with pink roses.

Johnnie Johnson had a cute dress made of a purple satin bodice and white net skirt. Calvin Merchant thought she looked cute too; at least he certainly acted like it. Paul Bradley thought she looked cute, too. Gosh, we wonder how she does it.

Liz Beverly had a white lace and marquisette dress which was very pretty. She had white carnations in her hair which set her dress off perfectly. Incidentally, she was with Dwight Blair, and they were having a wonderful time.

Ada Sue Smith had on a darling yellow peasant blouse with a black dirndl skirt.

Melba Grady looked sweet in her dress of white pique bodice and plaid taffeta skirt.

Alma Jo Mosely had on a black and red taffeta dress that made her look simply precious.

Dorothy Kemp had on a sweet blue taffeta.

Klyda Wilson had on a darling pink taffeta and net dress.

Dorothy Tatum had on a cute black taffeta dress with white polkadots in it; she also wore a cute bolero jacket over her dress.

Pat Alverton had on a very becoming ice blue taffeta dress with pink carnations in her hair.

Cora Lee Muse looked simply stunning with her up-swept hair-do and her black and aqua evening dress.

Dorothy Kennedy looked darling in her yellow net dress with yellow sequins and a yellow sequin flower in her up-swept hair.

Dot and G. G. acted awfully disgusted with some people. We wonder why?

Ruth Patman was having gobs of fun in her white marquisette dress with white designs in it.

JR. HIGH

In Miss Darden's class Jerry Lagrone from Ashtola has entered school. We are glad to have him.

Park Combest visited in Olton last weekend.

Seven, one was 100% in Junior Red Cross.

We have been very busy ex-

changing pictures the past week.

Six weeks exams are over. Let's hope we all pass.

The Junior Red Cross and United War Chest drives were quite successful. The result of the sale of pictures will go into the library funds for both South Ward and Jr. High. It was increased by several dollars.

CORRIDOR COMMENTS

Why didn't Jean Williams want to go to Dalhart this week? Do you suppose it was because that certain boy in Memphis was planning to leave for the Navy soon?

Dorothy Kennedy looked darling in her yellow net dress with yellow sequins and a yellow sequin flower in her up-swept hair.

Dot and G. G. acted awfully disgusted with some people. We wonder why?

Ruth Patman was having gobs of fun in her white marquisette dress with white designs in it.

Why is it that everytime any of the Clarendon girls go to Memphis they have car trouble? I can't understand it—can you?

Jane Wright has been seen in a black Ford from Midway quite often in the last few weeks.

Why doesn't Pat Alverton like for a certain brunette to visit school?

FIRST TIME - IN 34 YEARS

We have been unable to accept new subscriptions during the

ANNUAL BARGAIN DAYS of the STAR-TELEGRAM

This year on account of the news print shortage we can not print as many copies as needed to supply the demand. We feel that our old subscribers must be served first.

Present readers have all been sent a Renewal Certificate with instructions on how to use it.

We pledge a newspaper which will supply ALL the NEWS. As the size shrinks, advertising will be cut. Thanks for past patronage.

Largest Circulation in Texas
Bring your Renewal Certificate to this office and we will send your renewal. If Certificate is lost apply direct to THE STAR-TELEGRAM for a duplicate.

An American Custom

This has been a most eventful year in the history of our Country. There are abundant reasons for Thanksgiving. The tide of the war has turned in favor of our Allies, so let's be thankful for our splendid year of crops, and for those events which leads us nearer to victory on the field of battle.

We Are Thankful, Too!

DAVIS BUMPER TO BUMPER joins with you in the spirit of Thanksgiving. We are thankful for your business considerations in the past, and hope that we may be always at your service.

"COLD" FACTS About Your Refrigerator

REDDY: Say, Lady, are you posted with the latest facts about how to keep an electric refrigerator smiling?

LADY: Why, of course not; whoever heard of keeping a refrigerator smiling? Its purpose is to conserve vitamins, and it was built to last many years.

REDDY: Exactly, but now—it's different. The war makes it impossible to predict when you can buy a new one, so it's important that you take good care of what you've got.

LADY: And how's the best way to do that?

REDDY: Defrost it regularly.

Cool food before putting it in the refrigerator.
Have motor checked regularly.

If yours has open type of mechanism oil moving parts of motor every six months.

Treat it with "kid gloves." It must last for the duration.

West Texas Utilities Company

Have a Coca-Cola = Swell work, Leatherneck

... or how to celebrate a victory at home

Returning from the South Pacific with a captured Japanese sword, the husky Marine gets a hearty greeting. Have a "Coke", says the proud family circle and it's the kind of celebration he welcomes most. At home or on the fighting fronts Coca-Cola stands for the pause that refreshes,—has become a universal symbol of the American way of life.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

class that is so interesting to Edna Lou?

Everyone is wondering where Glenda got her beautiful Air Corps' pin.

J. R. Morgan had a wonderful time Saturday night, and we wonder whom he was with.

Shirley Smith and Imogene Wilson had a swell time at Goldston over the weekend.

Evidently there weren't enough chairs at the party Friday night because Mary Williams had to double-deck.

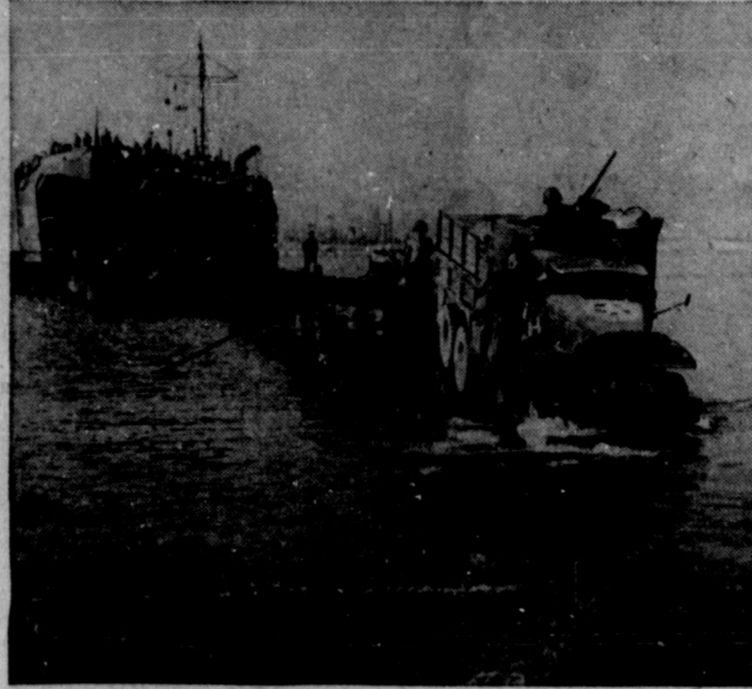

Wayne is still going strong with a certain person from Amarillo. She comes down almost every weekend.

What happened to Buddy Ryan and Edith McCrary the night of the Presentation Dance? Edith can give you all the details. Johnnie Johnson!! You were really surrounded at the dance; weren't you?

IT WAS NOT AS PEACEFUL AS THIS LOOKS

The fighting was heavy near Paestum, Italy, when this American landing barge was disgorging its men and material, and those Liberty ships in the background had brought men and supplies from Africa for the invasion. At Salerno, nearby, and at this beach, the Nazis put up a desperate fight to drive our men back into the sea. They failed. Don't fall them now. Buy more War Bonds!

Miss Mongole's room has a new pupil from Lefors, Texas. His name is Lavan Pierce.

In Mrs. Bain's room Vil Gunter is back in school. Room Mothers are giving the sixth grade a Thanksgiving party Tuesday afternoon.

Mrs. Holland's room is writing its spelling words ten times and the pupils are staying in after school until they can learn them.

South Ward has received seven of their children's books. They are very attractive, both in reading and pictures.

Miss McGowan's room presented "The Tale of Peter Rabbit" Friday.

TO STORE MEAT FOR SPRING

A wider variety of rationed meats will be available to the housewife during the low ebb of meat production next spring under a rationing plan recently announced by OPA. Meat wholesalers will be loaned points to fill their storage freezers with veal, lamb, mutton, and the lower grades of beef between now and mid-January, the peak period of meat output.

One third of all gasoline produced in the United States is now required for military purposes.

THANKSGIVING DINNERS ASSURED SOLDIERS

Army men and women will have a traditional dinner, November 25, the War Department says. On the menu are: fruit cup, roast turkey with dressing and gravy, cranberry sauce, mashed potatoes, buttered peas, corn, tomato and lettuce salad, celery, pickles, pumpkin pie, apples, grapes, candy, nuts, and coffee. Personnel overseas will be served this menu so far as operating conditions will permit.

Plenty to be Thankful for ---

We have much to be thankful for in the greatest natural resources of any nation on the Globe. We can be thankful for our fighting boys and our Allies in the present conflict and that they are now paving the way for our future freedom, the right to worship and do as a democratic nation. We can be thankful for the blessings of Him who "doeth all things well." Great is America, the land in which we live and love.

Dairy Farmers Receive \$118,783

During the first six days of November, 3,774 dairy farmers in 142 counties in Texas received \$118,783 in connection with the Dairy Feed Payment Program according to a statement released today at College Station, Texas by Fred Rennels, Assistant State AAA Administrator.

Since the date for filing an application with respect to October sales began on November 1, speed with which the dairy feed program is being handled was indicated by Rennel's statement. Payments are being made to eligible producers who file an application for payment, with the county AAA committee in the county in which the eligible dairy products are produced, during the month of November with respect to October sales and during the month of January with respect to November and December sales.

It had been reported that many producers of dairy products were operating at a loss. Especially was this true in cases in which a high percentage of feed had to be purchased and where labor costs have risen sharply. In order to offset a part of the increased cost of dairy production, the government recently announced the Dairy Feed Payment Program for the last quarter of 1943.

Drafts are being issued by the County AAA Committee direct to the producers presenting satisfactory evidence of sales. Milk statements or sales receipts issued by cooperatives, dairies, creameries, and others showing the amount of whole milk or butterfat purchased and the names of the seller and buyer will be considered satisfactory evidence of sales. If a producer is unable to furnish written evidence of sales, his certification of the amount sold, the number of cows milked, the amount of feed used and the customers served will be accepted as sufficient if such certification is consistent with the county committee's

THIS IS A CAPTURED GERMAN ROCKET SHELL

When our troops moved into Italy after the landings at Salerno the retreating, defeated Germans were unable to destroy all of their material. In one ammunition dump was found a supply of such talked-of German rocket shells. The one shown here is about four-inch size. The War Bonds you buy are "rocket shells" against the Axis.

Army Signal Corps Photo from U. S. Treasury

SIMPLIFY GAS RATIONING

All "B" and "C" gasoline coupons issued after December 1 will be worth five gallons each, compared with the present value of two gallons for coupons of those types in the east and midwest and three gallons in the far west. This means "B" and "C" books will contain fewer coupons than in the past, but each coupon will be good for more gallons than before. No

increase in the amount of gasoline allowed is involved.

In Tunisia 18,000 gallons of gasoline were consumed for every hour each mechanized division was on the move.

On a very active day in North Africa, the Allied Air Forces alone required 1,500,000 gallons of high-octane gasoline.

—On Pay Day, Buy Bonds—

Next Year Will Be Different

NEXT year will be different. Not only the weather, and markets, and the needs of the country. Our jobs will be different, too. Because next year we're going to do those jobs differently—and we hope better!

We, whose job is producing goods and services, have been making resolutions like this for years. And we've been keeping them! For in our kind of business, you either keep on finding better ways of doing things, or—you go backward! And if enough people do that, the thing we call progress bogs down.

That's why farmers keep on trying new seed, and fertilizers, and machines, and strains of stock. That's the reason industry carries on research—another name for a constant search for new knowledge and better ways to do things. Because most of us have been doing this for years, America has had the highest standard of living in the world. And it's the reason, too, that American production is doing so much today to bring victory.

After the war, America is going to need more than ever men with the courage and enterprise to invest time, money, and hard work in the search for better things. And if America's producers understand each other, and each other's problems, we'll be able to do these all-important jobs better. General Electric Co., Schenectady, N. Y.

GENERAL ELECTRIC

NEW MENDING BULLETIN AVAILABLE

A new edition of the wartime booklet, "ABC's of Mending", has recently been issued by the Department of Agriculture. The booklet gives directions with illustrations for mending household fabrics and furnishings as well as clothing. Skillful and prompt mending is encouraged, because the longer any fabric can be made to last, just so much is the burden lightened on civilian goods pro-

duction. A copy of the booklet may be had by writing to the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

Captain Taro Suzuki, commanding a company of American soldiers of Japanese descent now fighting in Italy, said that Army Ordnance 60 mm. mortars put a stop to a lot of Nazi rifle, machine gun and artillery fire.

WE HAVE MUCH TO BE THANKFUL FOR

Thursday, November 25th, is Thanksgiving Day. Despite worry about loved ones in the fighting zones, war-time restrictions on daily living customs and scarcity of many commodities we still have much for which to be truly thankful.

Let's remember, on Thanksgiving Day, that hard work, thrift and self-sacrifice established our priceless liberties and will maintain them. And let's give thanks that we are free . . . that our Army and Navy are manned by the bravest boys in the world . . . that Victory eventually will be ours because ours is the side of right and justice.

City Gas Co.

IF IT'S HEAT IT CAN BE DONE BETTER WITH NATURAL GAS.

Clarendon Hedley Lella Lake

Welcome, SOLDIER!

Every day armies of servicemen move in a never-ending line throughout the Gulf South. At nearly every stop, at railroad stations and bus terminals, these men in uniform are met by friendly volunteer workers who are ready to serve coffee and doughnuts, to answer questions, mail letters, and to help in the thousand and one other ways that mean so much to a soldier away from home.

In the small hours of morning or after a hard day of house work these volunteers give unselfishly of their time. They feel that any sacrifice of theirs is small if it makes life a little easier for thousands of sons, husbands and friends who are giving up the comforts of home to fight for Victory.

We recognize the valuable service rendered to our fighting men by the Red Cross and other organizations . . . appreciate the helping hand that America's volunteer workers daily extend to the more than 800 United men in uniform.
