## PRODUCER MUST CONSIDER THE CONSUMING END

HONESTY AS TO WEIGHT, COUNT AND QUALITY MEANS MUCH TO THE PRODUCER OF COUNTRY PRODUCE.

The producer who expects to gain by the production of country produce usually considers only production and marketing. In doing so, he loses sight of one of the most vital elements that enters into his business—that of the consumer. Two commodities alone will be mentioned in this article—butter and eggs. A small matter you say, and yet over twenty thousand dollars went out of Donley county the past year in payment for these two products alone. Your banker will tell you that he considers a farm loan much safer when that farmer markets produce all through the year instead of depending upon a crop market period of a few weeks only.

The writer of this article is not a farmer and will not attempt to foist upon the skilled tiller of the soil any pet theories. On the other hand the writer is a consumer, and is in a position to speak from first hand knowledge on that point.

The sensible farmer knows how to produce butter and eggs. He needs no special instruction on that score. A large number do need to learn how to market to best advantage. This entails a knowledge of handling the product and the best time to market before the product becomes "overripe." The average sensible farmer knows how to handle his product, and some few take a decided pride in marketing the finished product in an honest way as to quality, weight and measure. On the other hand, the majority—and a vast majority—do not do themselves justice by marketing their produce in a careless manner that means a direct loss to them and to the consumer.

Some few farmers do not care what become of the consumer and in the case that must be "weeded" out of the race.

Some few farmers marketing their produce right here in Clarendon find a ready market at a price amounting to ten cents above the market price on a pound of butter or a dozen eggs simply because the consumer and the local merchant have each found his products to be on the "square." That small profit means something in the course of a year.

How shall the consumer know who produced the butter or eggs that he is buying? Simply enough—use a trade mark. How does the farmer know what he is buying when he buys flour? The trade mark on the sack tells him who stands back of the bargain. The same trade mark rule applying to all standard brands of goods that are eaten or worn by the farmer. Why? Simply because the producer wishes to protect the purchaser and build up his trade. Then why should the farmer not apply the same rule to his business? Adopt a trade mark. It would be better to adopt a name for the farm and use a printed form on all containers that are used in marketing produce from that farm. Any farmer wishing to buy hogs in the southwest may rely on getting fair treatment and a good animal when he buys from either of the hog farms bearing a name in this county. The average farmer can do as well. He can establish a reputation for his product through honest methods and a trademark just as thousands of farmers in other sections have done.

Without a trademark, the dishonest farmer comes into direct competition with the honest farmer who has ever care to deal honestly with the consumer—the real customer. Consumers of butter and eggs right here in Clarendon the past week have received stale butter and "overripe" eggs from their grocers. The grocers make good the loss and deduct an estimated loss from the price he pays the farmer. And why not? If the farmer is unwilling to help himself by selling his wares backed by a guarantee, how can he expect to compete with a system that does guarantee the quality?

Mrs. Chitwood or Mr. Hendrix either will be glad to show our producers how to handle their produce to best advantage from the first step to the consumer. Either of them will be glad to suggest a trademark, farm name or give any other information necessary. We suggest that our more progressive farmers adopt the method suggested in this article—for their own protection as well as the consuming public.

## CLARENDON SCHOOLS MAKE GOOD SHOWING AT CANYON

On last Friday and Saturday, April 15 and 16, was held at Canyon City the Panhandle District meet of the University Interscholastic League. This district comprises twenty-three counties of the Panhandle. Each county is allowed one representative in each of the following contests Junior and senior boys' declamation for rural schools, junior and senior declamation contests for both boys and girls from town schools; debate for boys, and debate for girls, together with the customary athletic contests comprising several events in both track and field work. Clarendon schools had the honor of representing Donley County in a large majority of the literary events. Bessie Alexander and Ruth Rutherford from Clarendon High School represented us in the girls' debate, Clifford Allison and James Patman of Clarendon High in boys debate, Orgie Behrens, Fannie Florence Sims and Fletcher Smith, all of Clarendon schools represented our county in senior boys', senior girls', and junior boys' declamation contests respectively for town schools. Eugene Smith and Edley Crabtree were our only contestants in athletics.

Our girl debaters lost in the preliminaries to McLean due, whom we think, to the fact that one of our girls was so hoarse she could scarcely talk above a whisper. Our junior boy compared favorably with the other fifteen declaimers in the contest, though the judges did not choose him among the three best to take part in the final contest. Our boy debaters defeated Panhandle in the preliminaries and were in turn eliminated by the strong Amarillo team. In the senior boys and senior girls contests Orgie Behrens and Fannie Florence Sims were chosen by the judges as being one of the three best declaimers among the sixteen in each contest and both took part in final declamation contests held Saturday evening. This means that each defeated thirteen of the fifteen contestants against them, a feat which considering the strong competition, was one to be proud of.

Our athletic contestants entered three contests and won a place in every one. Smith won first place in the shot put with a put of 39 feet, one inch, and second place in the discus throw with a distance of 87 feet. Edley Crabtree won first place in his squad in the preliminary 100 yard dash, and third place in the finals. Smith received a medal for winning the shot put and another for the discus throw, and Crabtree received a medal for winning in the 100 yard dash, these medals being given by the Canyon Normal each year for winners of first, second and third places in the athletic contests.

All in all, the meet was a great success from every point of view, and was highly enjoyable, except for the weather. Our marked success in athletics and our strong showing in all other contests entered have caused us to make the resolution for next year to take a full representation not only in the literary events but in all athletic events as well.

CLARENDON COLLEGE EASY WINNER OVER WAYLAND

Ball fans enjoyed all the thrills of the art on the local diamond of the college Tuesday and Wednesday of this week. The Wayland boys put up a clean fight for the honors Tuesday only to go down in defeat to the tune of 11 to 3. The game Wednesday was even more victorious for the local players when they won in a score of 10 to 1.

Windy weather, prevented any of the players doing their best. The local nine is jubilant over the victory since Wayland's nine is among the best in the Panhandle. Both sides are to be congratulated for the character of the games played, both being evidence of real sport without the unfair scrimages sometimes to be found in a contest of this kind. The Wayland bunch is made up of real sports and will likely return soon to regain some of the honors lost on the local diamond this week.

DISASTROUS FIRE OCCURS ON LOTT FARM TUESDAY

A fire damage amounting to over twenty thousand dollars occurred at the Lott farm near Brice early Tuesday morning, at what is known as the "Public Well" place. No one was at the building over night and when the fire was discovered about 2 o'clock Tuesday morning, the garage was falling in. In the garage were four Republic trucks loaded for the Quitaque ranch, a Buick sedan and an Overland car. These a total loss with the loads of feed, wind-mills and tools. The fire spread to the house and this too with all contents was destroyed. The origin of the fire is a mystery.

## POTATO CURING PLANT SUBJECT AT LUNCHEON

PRESIDENT AND MANAGER OF CURING PLANT CONCERN ARE GUESTS AT TUESDAY FEED. ASK FOR LIBERAL SUPPORT FROM CITY.

The attendance at Tuesday's luncheon was not as heavy as usual and the time for general discussion was given over to the further discussion of the proposed potato curing plant.

The ladies of the Christian church had provided a better luncheon than usual, therefore the attendants approached the subject at hand with splendid morale and good humor.

Mr. Bohart of Dallas, who is president of the Dixie potato curing association, was present with the territorial manager, Mr. Taylor, and between them these gentlemen gave further information as to the plans and aims of their company, reviewed their progress here and laid down a few proposals which they felt necessary to the building of a plant in Clarendon.

Mr. Bohart showed how that local conditions coupled with general depression made it almost impossible for the farmers who are most interested in the new movement to pay cash for the stock they were able to buy. This made it necessary for the concern to provide, or advance practically all the cash to build and equip the plant here. He insisted that the local press men of Clarendon show their support of the plant by a larger subscription, asking for eighteen hundred dollars more than had already been subscribed. If this is responded to the construction work of the plant will begin shortly after May 1st.

A number of questions was asked the promoters of the plant and it was the general view that the proposition was not a "get rich quick" scheme, but that it had all the elements of a sound business proposition. Committees are working with Messrs. Bohart and Taylor and it will be definitely determined in the next few days as to whether or not Clarendon gets the plant.

## IMPORTANT CONFERENCE WILL MEET HERE IN MAY

The annual conference of the 1st district, Texas congress of mothers meets in Clarendon May 4 and 5. A splendid program is being arranged for both days. Delegates from ninety-two counties and one hundred and thirty Parent-Teacher Associations are expected. This district meeting will prove a rare treat to Clarendon which will be enjoyable as well as educational. Wichita Falls is as near as the convention has ever come to Clarendon before and we are indebted to Mrs. John Sims, president of the local Parent-Teachers Association and who is also president of the first district of Texas Congress of Mothers for the meeting being held here this year. She worked for it knowing what it would mean for the Clarendon Parent-Teacher Association and for the schools.

Let us hope every Parent-Teacher Association in the first district will send its full number of delegates to the meeting. One delegate for every ten members being allowed. No Parent-Teacher Association can afford to miss this opportunity to receive a greater vision and new inspiration and at the same time give to the other clubs the benefit of their experience.

Plans for the entertaining of the delegates are practically completed. Clarendon people have responded readily and liberally and it is hoped the visitors will be entertained in such a manner that they will say of Clarendon nothing but the best.

Many do not know the purpose of the Parent-Teacher Association or do not understand its vast importance to our schools and children. It does not work for one child or a few but for all the school children.

Parent-Teachers Associations work to raise the standard of the schools and homes and to create a purposeful parenthood; to offer a means to parents and teachers for acquiring knowledge for child training; to promote acquaintance and understanding between parents and teachers and unite them in co-operative effort for the improvement of conditions in school and community; to recognize the teacher as a trusted friend and the home's strongest ally in instilling the principles of honesty, purity and patriotism and to form an indissoluble partnership between parents and teachers in the building of character and training boys and girls for life's service.

## PLAINS ROAD BOOSTERS CONFER WITH CLARENDONITES

A delegation of road boosters and men who do things hailing from Plainview arrived here Monday evening coming by way of Silverton for the purpose of inspecting the proposed route of the new highway that is to be established connecting Clarendon with Plainview and Silverton and other towns south of here.

The party was scheduled to arrive at 2 p. m., but experienced car trouble and did not arrive until 6 p. m. A large bunch of local road enthusiasts of the Chamber of Commerce went to the river that afternoon to meet them, but were forced to return when they had waited until near four o'clock. This is the reason the visitors were not given a royal welcome at the river twenty miles south of town instead of right in town.

The party to a man, agreed that the proposed route was practical and it was the general consensus of opinion that each of the counties through which the road passed, would aid in the building. The return journey was begun at 10 a. m. Tuesday.

Those of the visiting party included Col. R. P. Smythe, an army man of much experience and a judge of road construction, W. E. Resser, W. J. Espey, county commissioner of Hale county, John Boswell, secretary of the Plainview Chamber of Commerce, Mr. Skeen, a road enthusiast of Silverton.

## STOCK SHIPMENTS BEING GOING TO MANY POINTS

Stock shipments received an added stimulus the past week, some going to market while the big majority were shipped out to favored grass sections to be fattened and sold in late spring. The Clarendon grain company shipped out six cars of steers to the Ft. Worth market. These steers had been fattened in the local stock pens of the company the past winter. McMurry brothers shipped out 15 cars of steers Friday to Kansas grass. R. H. Muir shipped out 45 car of steers to Kansas grass on the 17th. J. W. Kent made a shipment of 23 cars of individual steers to Kansas on the 18th. McMurry & Company delivered 8 cars of yearling steers to Christie Bros., at Stratford during the week. Price not for publication. Finch brothers of Hedley shipped 4 cars of yearlings to Dalhart during the week to be placed on the grass. Other shipments to grass will be made in the near future. Very little stock is going to market at the prevailing prices.

## MUCH MYSTERY CONNECTED WITH WOUNDED MAN

STRANGER IS BROUGHT TO LOCAL HOSPITAL BEFORE DAYBREAK THIS MORNING BADLY WOUNDED, OFFICERS WORKING ON CASE.

An auto tourist said to be J. L. Welch of Breckenridge, was brought to the Adair hospital a short time before daybreak this (Thursday) morning. Upon examination he was found to have been shot in the shoulder, the bullet lodging in the spine. He is said to be in a dangerous condition. Sheriff J. H. Rutherford began an investigation immediately upon information of the arrival of the injured party. The whole affair seems to be clothed in much mystery. From the best accounts we can get from local officials, the facts are substantially as follows: Two cars of travelers passed through Claude shortly after midnight last night. The front car was driven by a man giving his name as J. Mabry claiming Breckenridge as his home. The other occupants of the car consisted of a lady and a small girl. The wounded man occupied the back seat of the lead car. A shot was fired into his shoulder from behind by one of a party of four occupying the car in the rear according to information furnished the News reporter by an official. Sheriff Rutherford took all the parties in charge, those of the car in which the wounded man was riding and the four men said to have been riding in the back car from which the shot is said to have been fired. Sheriff Lynch of Armstrong county arrived during the forenoon and he and local officials attempted to elicit some information from either party with little results. Those of the back car were said to have told conflicting stories and refused to give their names. Some of the party claimed to be from El Paso while others stated that they were from places east of here.

All of the parties connected with the affair are being held pending the joint investigation by the authorities of Donley and Armstrong counties.

## PANHANDLE PEN-PUSHERS ENJOY AMARILLO MEET

FOURTEENTH ANNUAL CONVENTION HAS GREATEST ATTENDANCE IN HISTORY. AMARILLO WINS THE 1922 MEETING.

"Pop" was the word that characterized the fourteenth annual convention of the Panhandle Press Association from the first drop of the gravel at the first session called to order by the president Friday morning, April 15th, at the First Christian church in Amarillo until the singing of "God Be With You Till We Meet Again," and a general handshaking closed the meeting at four o'clock Saturday afternoon in the banquet hall of the Amarillo Hotel.

The large attendance, unprecedented in the preceding years, the presence of the "Kansas Mocking Bird," Harry Albright, of Wichita, Kansas, the well balanced program and the wonderful fraternal spirit coupled with the generous entertainment of the city of Amarillo, made it the most remarkable meeting ever held in the Panhandle territory for the fraternity.

Friday afternoon an adjournment, the editors and their ladies were motor-driven to the Great West Mill and Elevator where Manager Humphrey had provided for a sight-seeing trip through this most modern flour mill and elevator in the entire southwest. Each visitor was given a sample bag of the mill's best flour and the ladies afternoon in the banquet hall of the form of style pencils. From the mill the party was driven to the were presented with favors in the through its cream, butter, ice-cream and cold storage rooms. These so minded were "tanked up" on all the buttermilk they could manage, and the party was also fed upon the most delicious brick-ice-cream and sabbled. The fact that the temperature was low did not lessen the quantities eaten to any noticeable degree.

Friday evening at eight o'clock the body was the guest of Hon. Marvin Jones at a banquet served in the banquet hall of the Amarillo Hotel. Congressman Jones could not be present but wired his felicitations to the scribes, leaving nothing to be desired in the way of welcome. Speakers for the occasion were Hon. Lee Satterwhite, R. H. Nichols, editor of the Amarillo News; Col. Joe J. Taylor, "state press" of the Dallas News; W. Z. George of the Texas Chamber of Commerce and Judge Walker Hall of Amarillo. Much praises for his public service was voiced for Congressman Jones. Music by the Khiva Shrine Band, and by a special male quartette led by Harry Albright were features of the occasion. Sam M. Braswell, the president of the convention acted as toastmaster.

Saturday was a busy day from the morning session until adjournment. Administrative and technical questions were the topic of the morning session and at one o'clock the body adjourned to the banquet hall of the hotel where Col. Ernest Thompson was host of an elegant luncheon. Homer Steen, past president of the organization, was toastmaster. Speakers at this hour were Billy Bates, secretary board of city development, Amarillo; Col. Joe J. Taylor of Amarillo and Col. W. Cheney "mine host," Col. Thompson. He explained the plans for his new hotel and promised the convention that the session of 1922 should be held on the roof-garden of the new hostelry.

The business of the convention was completed in the dining hall. Seth Holman, editor of the Hevel Brand, being elected as president; R. H. Nichols, vice-president; and the inimitable Frank J. Jamison, mobbed back into the secretary's job, much against his will.

Suitable resolutions were adopted and committee reports heard and approved. Harry Albright led the attendance in the closing song, "God Be With You."

It was a great meeting, and with the assistance of new members coming into the association from western Oklahoma and eastern New Mexico, an even greater is expected in 1922.

## POPULAR DRYGOODS FIRM CELEBRATES ANNIVERSARY

The third anniversary of the establishment of the well known and popular Strickland-Story's dry goods firm was celebrated Friday the 15th. Proper announcement had been made in advance of the event and a large number called at the store to purchase and assist in the celebration despite the unusually bad day. An inexhaustible supply of cakes and coffee served by Mrs. Story kept the crowd in good humor.

Large cakes ornamented with three candles had been placed in the show windows and other features added much in the commemoration of this anniversary of an establishment that has meant much to the people of this section and the business life of the "City Beautiful." On the inside of the store, suitable cards advising the prospective purchaser of special bargains for the day were displayed in artistic style. A large flashy invitation was hung in front of the front entrance over the sidewalk asking the public to lend a helping hand in the important event.

This firm, owned by Messrs. F. A. Story and R. E. Strickland has enjoyed unbounded success and enjoyed a big business due to the sterling business qualities of the men behind the business and the excellent judgment displayed in the employment of competent clerical assistance.

During the day many personal friends and customers called to pay their respects and wish the firm the success in the future deserved by a firm whose foundation rests on a "square deal," and whose motto is "quality first." Those who are intimately acquainted with the men behind the firm and know their plans for the future, predict great success in the future during the reconstruction period when men and methods mean so much to the success of any business. The firm has always been liberal in their advertising feeling that the best way to inform the buying public of real bargains is through the columns of the press. Those who buy wisely know where to look for these announcements and avail themselves of many money-saving bargains because of this diligence.

## R. DEANE SHURE MADE DIRECTOR MUSIC FOR GREAT WASHINGTON CHURCH

Friends of R. Deane Shure, who was director of music at the college here for ten years, will be interested to learn that he has been appointed director of music for the Mount Vernon M. E. Church South in Washington, D. C., and will take up his duties there on July 1st.

Mr. Shure has had two unusually successful years at Indiana, Pa., where he has conducted the well known festivals of that place. He has saved and hater over both the Pittsburgh and Cincinnati Symphonic Orchestras when his choral society sang to the accompaniment of these two organizations. Many artists of international fame were presented to Indiana thru Mr. Shure's efforts, and only last week, Charles Wakefield Calman, and the Indian Princess Tsalanna appeared there.

Clarendonites will be further interested to know that Talma L. Smith, Clarendon College graduate, is chairman of the music committee at the church in Washington, and M. Leo Rippy, is assistant pastor. The latter also being a C. C. graduate. It was thru the efforts of these two splendid types of men that Mr. Shure was induced to go to their church. Another Clarendon man, Ernest Wilson, is also president of one of the largest Bible classes of the church. Thus Clarendon will have four men who are virtually products of Clarendon College in one of Washington's most influential churches. The Mount Vernon Church was presented to the National capital by the M. E. Churches of the entire south, and is said to be one of the finest church houses in the South.

This is just another evidence of the wide influence of our local college, and in a recent letter to Mr. Shure, Mr. Rippy states that he owes his success, largely to the religious atmosphere which thrived here, and that Brother Slover has left an imprint on his life and character which has given him stability and buoyancy as he moves about meeting his religious obligations. Clarendon College has every reason to be justly proud of three sons like Mr. Smith, Mr. Rippy and Mr. Wilson, and of course, Mr. Shure, whose ten years among us is well remembered, always did what he could. Good luck to all of these Clarendon men! Their mission is a great one and it cannot fail.

## EPISCOPAL CHURCH

Sunday school at 10 a. m. Owing to the absence of the pastor on that day, there will be no services either morning or evening.

## THE MAIL ORDER BOGEY PASSING AWAY RAPIDLY

PUBLIC HAS LEARNED THAT A BETTER GRADE OF GOODS AT LOWER COST MAY BE HAD OF OUR LOCAL MERCHANTS.

The mail order houses began to become a menace to the country more than ten years ago. It was no uncommon thing for the postmaster to be suddenly deluged with a carload of catalogs. As a result of this onslaught, he was deluged with a mass of boxes, parcels, etc., some two weeks later. His troubles did not end here. Within a short time and after the mail order house had sent the end of the catalog effect, a second onslaught was made upon the dear public with a "special" catalog or a "bargain counter" offering in the form of bright colors and flaming headlines. Some of the "dear-people" soon learned to compare the "special" prices with the "regular bargain" prices of the big catalog and found out that instead of a big reduction, the prices were often "raised," the "offer" being accepted as the gospel truth by the unwary victim because it was put out by a house that laid great claim to a "square deal" and a business amounting to millions based solely upon honest methods. Some of the "dear friends," as they were addressed by the catalog houses, have not caught on to this good day—but they are rare.

It has been a favorite pastime of the mailorder houses to insult the memory of Abraham Lincoln, the Goddess of Liberty and other images sacred to American history, by using their photos in their advertising. Can you imagine a greater contrast than a photo of Lincoln in a catalog facing another page of printed matter extolling the wonderful qualities of a pair of shoes that often turn out to be flack leather with pasteboard soles? It has been done and the folks fell for it—at least some of them did for the company "waxed strong" and built houses costing millions of dollars and made the stockholders spend their winters in Florida and their summers in California.

Since the fluctuation of war time prices, the catalog houses have been unable to keep their catalogs revised. In fact they did not see their way clear to take their percentages or share of the losses as did the local merchant until it was too late. The local merchant saw the crash coming and took his loss accordingly. The mail order houses hoped to dump their war time junk on the people before the crash became generally known. When the local merchant offered his wares at half price, the mail order house was up against the real thing and as a consequence of this fact, they will not pay any dividends this year. It has been suggested by some of larger houses that they start a chain of stores over the country and make an attempt to dispose of their junk in that manner.

The fact that the buying public is buying more and more all the time of nationally advertised brands of commodities is also hurting the mail order house that always dealt in "cutlery" and "seconds." Again, the local merchants have seen the light and take more interest in advertising and also take more interest in quality that their customers will become permanent. The buying public of today demands that they get quality first, a fair price second and no substitutes. The substitute game was played by the mailorder house to a finish. They also contrived to get in debt to the buyer or have the buyer in debt to the house—either way called for a repeat order. The buyer of today should see the goods, demand a guarantee as to representations made with reference to quality, and deal with the merchant who helps to build schools, churches, roads and other public improvements that help the buyer in many different ways. In other words, the buyer is entitled to a square deal and should keep Donley county money in Donley county.

## PANHANDLE OIL WELL WILL BE PLACED ON PUMP

The Gulf No. 2 well 18 miles north of Panhandle will be placed on the pump the last of the week. Oil men in a position to speak authoritatively state that the capacity will run anywhere from six hundred to a thousand barrels per day. Other rigs are going up and the territory will be further exploited. A test is to be put down six miles north of Pampa. This test is to be backed by local capital of that enterprising little town.

Amarillo did herself justly proud in the entertaining of the Panhandle Press Association last week. The boys all appreciated the generous welcome and are glad to go back to Amarillo again in 1922. The association has grown until it is now the largest district association in point of territory and membership in the world. The organization has the "pep," too.

Thirty exhibitors of moving pictures, in convention at Sag Antonio voted unanimously to exclude Clara Hamon Smith and her pictures from their screens. That's the stuff, and that is just what hundreds of show owners who stand for the best interests of their towns and their patrons, will do. They will do it in scores of instances without voting to do it and without regard to what others will do about it. They will bar that picture because it is right to do so. The best censorship in the world is the conscientious kind put on by the exhibitors themselves.

of Texas is always sore at something that happens at Austin," but as a matter of fact it is West Texas that has had a constant right to be sore for the past thirty years. The News will never advocate state division, but we do demand that other parts of this state we are greedily holding the share of voting power in the legislature that rightfully belongs to West Texas, come clean with us and do the square, honorable thing. Then we will be able to get those things that are ours by right. Many in East and South Texas know we are right about it, and The News predicts that a proper campaign of education without bitterness, pitched upon a high plane of fair-dealing will get for West Texas the very things that we most desire—redistricting, fair representation, and equal educational advantages.

### CHURCHES AND ADVERTISING

Breaking a precedent which, according to local ministers, has been established in Selma for a great many years and in fact, for decades, the Enterprise, during the past week or so, has had occasion to refuse free publication for routine announcements for at least three of the leading local churches.

The Enterprise, in its action, was not prompted by mercenary motives. In fact, as was explained to the pastors, this office in its action was actuated by reasons of a purely unmercenary character. Our reason in refusing was partly to be consistent in a policy of refusing without favor to anybody free space to announcements of a purely advertising nature and that should be paid for; second, to impress upon the ministers and the separate churches which they represent the desirability of making a fixed allowance in the church budget for a legitimate advertising expense.

The day of the charity-supported church is fast vanishing—a thing for which every forward-looking layman and self-respecting minister should be thankful. Church organizations are beginning to conduct themselves as business institutions; ministers are being paid salaries and a few of them the very decent salaries that all ministers deserve; churches are soliciting funds on a business like manner, and the church treasurers and solicitors are going to business men and capitalists in their respective communities and are making straight-forward demands for subscriptions to the church work. And the demands are being met, and they are being met in a businesslike way—with cold hard cash.

It is this idea of paying church obligations with cold hard cash that the Enterprise likes. The grocer who years ago graciously donated to the hard-working minister's wife a basketful of half-rotten eggs and rancid butter or of wilted vegetables and hard bread—things that he couldn't or was afraid to sell to regular customers—now comes forward with real money, and the minister is able to buy his own groceries and with such choice in purchasing as he cares to exercise. The merchant formerly donated semi-annually a pair of trousers to the pastor or a pair of unsalable shoes to the minister's son or who made a generous discount on a "tacky" dress for the minister's wife and who supplemented all these other gracious contributions by taking the pastoral family out for a monthly bimonthly ride in the official surrey or who made the minister the occasional loan of a newspaper or book is now being asked to pay his obligation to the church and to the minister in cash, and the minister is buying his own clothes and the wife her own clothes and they are taking rides in a five of their own, and they are buying books and newspapers out of their own pockets. It's a great age, with a promise of an even greater time in the future.

Similarly the publisher—and thanks be to the Spirit of the Times, editors, like preachers, are fast becoming self-respecting and self-sustaining creatures inalienably endowed with the right to look the world in the face and to wear decent clothes when they feel like it and eat square meals when they are hungry—the publisher is offering to pay his church obligations with cash instead of by donating a subscription to the paper which costs him little or by donating a hunk of advertising space which he probably wouldn't be able to sell anyhow.

The modern publisher pays his church obligation in cash and expects his subscribers and his advertisers to pay theirs to him in the same manner. It's all a part of the new order in which preachers editors and everybody are going to be happier creatures.

The editor of the Enterprise has been a church contributor for ten years and a church member for the same length of time, for it's our belief that a man's obligation to the church doesn't end with his contributions even if these are made in cash. He is in hearty sympathy with the churches of Selma and with everything that they undertake to do. And the columns of this newspaper are open always to church news that is really news. We solicit such news and want it. However, when it comes to printing church announcements that are advertisements and very evidently such without charge and as news we must beg off. We must beg off regardless of what our contemporaries in other cities or our

competitors in the local field do in this regard.

Whether or not we are right in our attitude on this question of free publicity and church advertising and church contributing we are willing to submit to the decision of time. If we are proved wrong we will reverse our policy. If we are right we will feel a sense of modest gratification. In the meantime we ask the tolerance and good will of our friends the ministers.—Enterprise.

### HEDLEY'S FIRE DAMAGE IS BEING RAPIDLY REPAIRED

The old saying that you can't keep a good man down is equally applicable to a town. Hedley was a disastrous fire a short time ago—just a few days—to be more exact. The highway garage was reduced to ashes. That building is being replaced just as rapidly as workmen can do the work. Hedley may not be a large town, but it is a busy little burg and is inhabited by a progressive citizen-ship.

W. B. Franklin and Frank M. Clark of Hedley were in town Tuesday, each reporting a fine crop of spring pigs. These two men are numbered among the leading hog men of the southwest and a friendly rivalry exists even more virulent this season as to which may get the best results.

Hon. A. S. Moss of Memphis was in town on legal business the first of the week.

### PAYING SCHOOL TEACHERS

When the war with its increased salaries and increased expenses called many teachers from the ranks of the profession, because they might no longer maintain themselves and those dependent upon them, at the prices being paid by the school boards of the country, there went up a great cry of distress and many schools were teacherless, despite the best that could be done to avert it.

This state of affairs had the effect of increasing the pay for teachers until some of them really drew salaries as such things go, commensurate with their services. Then came the deflation or readjustment—many of the places and departments in which trained minds were required were discontinued, and again there reverted to the teaching field many who had temporarily abandoned it. With this return to the teaching profession by many former teachers, there came the suggestion of leveling the rates for such services, and there was a corresponding "settling."

In this connection no recognition was given to the fact that for years and years the teachers of the country have been miserably underpaid. They have been required to bring to their tastes an educational equipment in excess of that required for numerous other places in which the salaries were better. Simply because the teachers have worked for less, the presumption seems to be in the minds of many that they should uncomplainingly do so again. Fortunately for all concerned, the teaching profession does not take away the human nature of the teacher, and he realizes that while called to the performance of the most trying and the most important of tasks, he has been put in differently paid, in many instances.

The great schools of the state are engaged in turning out teachers, adequately equipped for the important task of teaching. The West Texas Normal College every year turns out a fine list of teachers, as do the other schools of this state, and these people with ability and determination to render their equipment, their natural service are entitled to adequate pay. The school boards of the cities, and the rural communities must face this thing squarely and adequately with pay for the teacher, or face it sadly with the assurance that poor equipment and poor pay, must bring but poor teaching service, with poor results for the boys and girls.

Next to preaching the gospel, there is no task of such far-reaching importance as that of teaching school, and to get the best results therefrom, real money must be invested in talent, training and equipment. The children of the country are the most important crop that is being grown, and it is very foolish to plight it by reason of putting poorly equipped teachers

in charge of the schools, simply because they may be had for a low price.

### KEEPING THE GIRLS AWAY FROM THE RAILROAD STATION

Miss Ida Reynolds, County Home Demonstration Agent in Grimes county, has taught the girls to make bread and cookies which they sell every Saturday afternoon to the town people. This money is being saved to pay the way of the fortunate winner of a trip to the Short Course at A. and M. College next summer.

Every girls' club in Grimes county has its own outfit and is preparing to raise more and better gardens, so that their pantries will be stocked with good and wholesome food. These girls are studying home management and preparation of balanced rations.

Miss Reynolds says it keeps the girls away from the railway stations and off the streets Saturday afternoons, and the writer is sure they are much happier and better contented when thus profitably employed.

### AN OMISSION

In our rush at press hour last week we unintentionally misplaced the first page of the copy of the Pageant writup. The theme of the Pageant would hardly have been clear with the part given by Mrs. A.: V. Clark and her torch bearers, Lucy Long, Thelma Weatherly, Mary Hazel, Hern and Lucile Warren. Mrs. Clark's lines explained the fact that the Old Testament is Missionary in spirit and that history, law, prophecy, and poetry made clear the coming of Christ in the New Testament.

### CHECKING CORSETS

Dry Goods Economist: "Check your hat, coat and corset at the door," is the latest adjuration of the uniformed bandits of the New York hotel cloakrooms. It's a fact. Women are not dancing in corsets any more. Special corsets to allow freedom of movement were adopted when the dance craze brought out steps necessitating unhampered action. But even these did not answer the purpose. So now these women who are so fortunately built as not to need restraining encasements are discarding them on the dance floor or rather before venturing on it. If mamma is conservative and inspects the semi-clothing outfit before it gets out of the house, what matter? The corset she insists on can be and is checked. Which accounts for the increase in sales of novelty garters. They are not doing without stockings—yet.

### WHY CERTAIN THINGS ARE LEFT OUT OF PAPERS

The Inter-Mountain Press and Printer says:

"Suppose an editor should, just for once relieve his mind by printing all the news that he happens to know at that minute! Options would be thrown up, citizens arrested, families disrupted, fights fought on every street corner, candidates resigning, ministers leaving for distant parts, lawyers talking long vacations, business men turning things over to their clerks for a season, hired girls hunting new jobs, and so on down a long list of casualties and the editor would be so mused up that his corpse couldn't be identified by his own family! A newspaper man does not know everything, but his is such that he hears a lot that common sense, common decency and common prudence keep out of the papers.

### KEEP TELLING IT

Here's one little business hint we'd like to drop for the benefit of those in Lott who have something to sell, and that is that most people can't appreciate a good thing unless they are told it is good. You've got to make them understand it's good if you want them to buy it, and once they buy and find out you're right they'll keep right on buying it—and lots of other things along with it.

The way to create a sales demand is to keep telling the story of what you're offering, in a place where the people you want to sell to will see it. Unless you impress it upon their minds you haven't told the story fairly. If the first auto Ford turned out hadn't been advertised the name wouldn't be familiar to every man, woman and child in the land today. You've got to tell the men you want to sell to that the thing you've got is good, if you expect him to buy it. And years of experimenting have proven that the newspaper is the best medium on earth for reaching him and holding his attention.—Lott Post.

### SOUND ADVICE

KEEP YOUR DOLLARS IN CIRCULATION—THIS COUNTRY IS NOT YET GOING TO RUIN! The real trouble with business today is that too many of us are suffering from an aggravated case of "nerves" or "wobbles" super-induced by a woeful lack of confidence and faith in the future.

The turn in the road from business stagnation to wholesome activity cannot be far away. One hundred and ten millions of people in the United States will continue to live, they must eat, they must clothe themselves, and consequently THEY MUST BUY SOME GOODS!—Clipped.

### WICHITA FALLS ROUND-UP WILL ATTRACT THOUSANDS

Interest in the Round-Up, which will be staged in Wichita Falls April 28, 29, and 30 is said to be greater than that shown in any similar event ever staged in this section of the state. Caze centers chiefly on the contest between Mrs. Lucie Mulhall Burnett and Senorita Donna Villa, which now seems assured, and the bull-dogging event in which Jim Massey, of Snyder, will defend his title as the world's champion bull-dogger against a score or more of the fastest steer bull-doggers of the entire West. The number includes "Slim" Caskey of Wichita Falls, the giant cowboy who has twice broken the world's record at bull-dogging, and "Shortie" Kleso of Horse Creek,

Wyoming, present holder of the world's fastest record.

The Chamber of Commerce, the Retail Merchants' Association and other bodies have appointed special committees to look after sleeping accommodations for thousands who are expected to attend the big show.

### SENATE JOINT RESOLUTION NO. 4

A Joint Resolution of the Legislature of the State of Texas amending Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas as follows: Sections 5 and 21 and 22 and 23 of Article 4, relating to the compensation of executive officers; and Section 24, Article 3, relating to mileage and per diem of Members of the Legislature; and Section 24 of Article 3 of the Constitution of the State of Texas shall be amended as to hereafter read as follows:

Section 5. He shall, at stated times, receive as compensation for his services an annual salary not to exceed Five Thousand (\$5,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same, and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Five Thousand (\$5,000.00) Dollars, and no more.

Section 22. The Attorney General shall hold his office for two years and until his successor is duly qualified. He shall represent the State in all suits pendency in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and, from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power, or demanding or collecting any species of taxes, toll, freight, or wharfage, not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of all such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor or other executive officers, when requested by them, and perform such other duties as may be required by law. He shall receive for his services an annual salary not to exceed Seven Thousand Five Hundred (\$7,500.00) Dollars, and no more.

Section 23. The Comptroller of Public Accounts, and the Commissioner of the General Land Office, shall each hold office for the term of two years, and until his successor is qualified; receive an annual salary not to exceed Five Thousand (\$5,000.00) Dollars, and no more; reside at the Capital of the State during his continuance in office; and perform such other duties as are or may be required of him by law. They and the Secretary of State shall not receive to their own use, any fees, costs or prerequisites of office. All such duties may be available by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury.

Section 24. Mileage and per diem; the Members of the Legislature shall receive from the public treasury such compensation for their services as may, from time to time, be provided by law, not exceeding Ten (\$10.00) Dollars per day for each regular session of one hundred and twenty days; and not exceeding Five (\$5.00) Dollars per day for the remainder of such session; and provided, further, that Members of the Legislature shall receive not to exceed Ten (\$10.00) Dollars per day for each special session of the Legislature that may be called from time to time by the Governor. In addition to the compensation above provided for, the Members of each House shall be entitled to mileage in going to and returning from the seat of Government which mileage shall be ten cents per mile, the distance to be computed by the nearest and most direct travel by land regardless of railways and water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by such table the mileage of each Member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 2. The Governor is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1921, at which election these amendments shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the general election laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words:

"Official Ballot." "For the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers." "Against the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers."

### SON WRITES ACCOUNT OF STORM DAMAGE

The following letter was written by Paul Dunkle to homefolks at Lelia Lake and gives one some idea of the destructiveness of what a real cyclone may do:

Waxahachie, Texas, April 14-21.

Dear Folks: Just a word to let you know I have been through my first cyclone, and came out with a whole hide. A farmer here by the name of Ballew and myself went to Melissa yesterday to buy some Jersey calves for the boy's club in this county. We had just stepped off the interurban car and went to the homes of a Mr. Graves, and while we were talking a renter of his came in and said there was a dark cloud in the west that looked much like a cyclone. We all stepped into the back yard, and sure enough an ugly, funnel shaped cloud was apparently coming our way. It seemed to be four or five miles away and we watched it for perhaps fifteen minutes. We decided it would hit the town and we hurried through the house and out the front gate. Mr. Graves and family and his renter and family remained in the house praying. We first ran south but soon discovered we were running towards the path of the storm. We then turned in the other direction towards the interurban tracks jumping fences and other small obstructions with ease and dispatch. We then thought the over-head trolley-wire and poles would offer poor protection, so we continued pell-mell towards the H. and T. C. R. R. We were running wildly, but where we did not know. We finally came to a cattle-guard and crawled under it which perhaps saved our lives. By this time houses were beginning to go up in the air. We could plainly see all that was happening as we were just at the edge of the storm. We watched the entire town demolished, like so many egg shells. Such a roar I never heard before-not even in France during the war. Will have to admit that I was badly frightened. Mr. Ballew is a large man and claims he was never frightened before, but when we found the shelter he was as white as a sheet and was so out of breath he could not speak. Immediately after the storm it commenced to hail and rain and we found shelter for a few minutes in a near-by shed. We then noticed the town was burning, and hastened over to render what help we could give. We went direct to the school building but the pupils were saved as you will see by the paper. A number of negroes were killed, but only two or three whites. We saw a number of dead cows and horses scattered about the town. It was miraculous that more people and children were not killed, as it occurred about 2:30 in the p. m. All wire communications were destroyed, telephones and interurban poles broken off at the ground and carried 30 and 40 rods, a whole freight train was turned over. I could not send word home that I was safe, so started to walk to McKinney where I could take the train to Dallas and Waxahachie. Nearly missed the interurban at both places not only then by a run of several blocks. After arriving home late at night you may be sure I was nearly exhausted and on such a nervous strain that I hope shall never be repeated during my life time.

PAUL.

Dr. Webb of Hedley came up Monday to transact personal business.

Ed and Penn Dishman of Hedley were in town Monday transacting business.

Dr. F. N. Reynolds of Hedley attended to business in Clarendon Saturday.

John Clay and Clyde Gilbert of Claude were in town on a business mission Monday.

Bob Bigger and Ralph Gatlin made a trip to Amarillo on a mere matter of pleasure Tuesday.

J. A. Kirby of Goodnight looked after personal interests in the metropolis of Donley county Saturday.

Mr and Mrs. A. N. McCordell are again home after an absence in Maryland and Wichita Falls of several weeks.

Sil Dubbs is in the Panhandle county this week seeing all that is going on and incidentally transacting some business.

John Majors, man of affairs of the Goodnight country, looked over the city Monday noting the improvements made the past week.

Hon. James V. Leake, district attorney with headquarters in Memphis, and David Fitzgerald, were in town over night Saturday.

Miss Ruby Harrison, teacher of domestic science at the high school, has been absent from her duties this week due to an attack of tonsillitis.

W. L. Butler happened to the misfortune of getting his right hand in a feed mill at his home near Lelia Monday, badly lacerating his fingers.

The water tower and tank of the Denver road that fell Friday night just as it was completed, was again erected this week on a somewhat more substantial basis.

T. A. McChristy and family of Harmleigh, Scurry county, arrived the first of the week to make their home here. Mr. McChristy will engage in the insurance business.

The top story of the two story rock building occupied by Bauer's racket store and Annis' saddlery, is to be removed and the building made into a one story for the present.

Mrs. Flora White and son Bascom returned from Denton, Texas, Thursday. Mrs. White has been preparing herself for county demonstration work in school there the past winter.

Owing to the prevalence of hailstorms in Hall county, all hail insurance companies have withdrawn from that county this season according to reports of residents of the farming sections.

J. H. Langford expects to leave soon to make his home near Springdale, Arkansas. He made a visit up there last June and when he leaves this time he will take his family along for a more definite visit.

John Craig, Jr., is having a nice home erected opposite the Ozier place. We did not learn the approximate cost, but it will run well into the thousands and will be among the best homes of the town when completed.

Miss Mayme Harrington and mother expect to leave shortly for Houston for an indefinite period for the benefit of Mrs. Harrington's health. Miss Rowell will do the stenographic work for Ryan brothers during Miss Mayme's absence.

Miss May Bonnet returned home Sunday after an absence of several weeks during which time she visited a number of relatives in Texas and a sister at Pauls Valley, Oklahoma. Miss May began her labors as bookkeeper in her father's grocery Tuesday.

A letter received this week from J. E. Walker of Los Angeles California states that he had rather trust his luck in the land of earthquakes than to risk cyclones. Mr. Walker got his information from the daily papers in which the actual facts were greatly exaggerated.

Prof. L. H. Mullins was in town Saturday coming up from Giles where he is again performing the duties of principal of the public school. Mrs. Mullins experienced some of the thrills of the recent flood in Oklahoma while visiting her daughter. Among the many scenes, she saw a train run into Elk river the engineer not being able to stop after he discovered the flood waters over the track. The bridge was gone and engine and one coach went down into the water. Fortunately, no one was hurt as all jumped, escaping death by drowning.

**POSTED**

This is to notify the public that all of the J. A. posters are posted and having, trapping or taking is not permitted and all trespassers will be prosecuted.

**DISTINCTION LIST FOR THE SEVENTH MONTH**

The seventh enrollment of the present session of our city schools closed Friday, April 1, 1921, with a total enrollment of 743 for the year and a distinction list of 210 for the month. This distinction list consisted of 50 in the high school, 47 from the sixth and seventh grades in the high school building, 113 from the Central Ward. Below are given the names of these in our city schools who made an average of 85 or more in scholarship for the month. Those making an average of 90 or more for the month are recorded with highest praise (Summa Cum Laude); those making a monthly average of 85 or more and less than 90 are recorded with great praise (Magna Cum Laude.) Every pupil in the public school, unless he has work to make up on account of absence due to sickness or other good cause, is given a report card on Wednesday after the close of each school month. Even in case where there is work to make up the report should be delayed not longer than two or three days. Every parent or guardian should insist on examining this card promptly at the time cards are given out and on failing to receive such card for any unexplained reason should call the superintendent's office for explanation. The report on the distinction list follows:

### ODD FELLOWS WILL CELEBRATE 102ND ANNIVERSARY

The 102nd anniversary of the order of Odd Fellows will be celebrated by the local lodge by a special fete at the local Christian church Tuesday night, April 26th. An interesting program has been arranged and lunch will be served. The public is invited to be present and assist in the celebration of this important event. Among those whose names appear on the program are: Jack Butterfield, who will act as "toastmaster"; Tom F. Connally will deliver the welcome address; Rev. Sam J. White will speak on the subject of the impressions of the outsider; J. E. Russell, Mrs. W. O. Butler, W. A. Walters and J. C. Estlack will each appear on the program with special subjects for discussion. Music will be furnished by the High school orchestra under the direction of J. B. Annis. The program will begin promptly at 8 p. m.

### NOTES FROM THE CHURCH OF CHRIST

The plea for primitive Christianity is finding favor with the people of this great Panhandle country. The idea of the possibility and probability of the return of all the true Israel of God to the "old paths"—to the Bible order of things, to a purer holier life, is finding a corresponding cord of sympathy in many noble hearts. "O! for a closer walk with God"

as the desire of many. In this age of high living, high heels and hy-pocrisy, it is hard to keep in the narrow way. In fact, it is hard to get some people to believe the way is narrow? They are broad-gaged-folks, hence have broad-gaged ideas and ways, therefore must run on a broad-gaged road. There is a way that seemeth right unto man, but the end thereof is death.

The splendid crowd at the service at Lelia Lake at the close of our services there, is an evidence of the interest the good people there have in the worship of God—minus the worldly element so many times put in, that mars the spiritual power, and cuts down the spiritual voltage that should be felt, and seen in the face of every true worshiper of Almighty God. What a privilege to be a christian, just that and nothing more. To be free un-bound by human fetters. Free, to teach and practice the "pure and undefiled religion" of the Lord Jesus Christ. The hypocrisy, inconsistency, and downright un-godliness of many professed christians, is the greatest hindering cause to those who would become christians today. Brother man, lets live the clean sane, sensible life. That will do more to save your own dear children and lead your neighbor to Christ, than half, yea all of the "professional" preaching that is being done.

I will be here next Sunday. Come and be with us. Morning subject "The Chinaman's Church."

### JOSEPH JOHN STANTON

With the passing of Joseph John Stanton at his home in this city, one of the oldest residents of the county answered the final summons. The subject of this sketch was born August 1, 1842 and a useful career came to a close peacefully April 14, 1921. Had he lived until the 25th of July, he would have rounded out forty years in this county, having made the journey to his first location on Barton creek northwest of town, from Wisconsin. This trip was made overland in a wagon drawn by a span of mules. At that time the nearest railroad point was Dodge City, Kansas, or Ft. Worth. After finding the desired location, he at once went to work to establish a home for his family. His was the second farm to be established in the Panhandle, the first having been put in the year before by a Mr. Cartledge on the present Goldston farm in the Goldston community. Being a Methodist minister, he often preached at old Clarendon on the river north of the present site. These journeys to fill his appointments were made on a mule accompanied by his second son. This man of God spent a life of labor in a section at a time when men's souls were tried. His advice and counsel were sought and the distressed found in him a true friend. Through all these years of faithful service he never faltered and blazed the trail for more who felt the effects of his influence and character.

To those who were privileged to know him intimately, and something of his career, his life will inevitably recall the lines of Bryant. They will not doubt that when his summons came he answered, "not like a quarry slave," "scourged in his dungeon," but, "sustained and soothed by an unflinching trust," "like one that wraps the drapery of his couch about him, and lies down to pleasant dreams." For his was a life that had earned the reward of courage for the supreme adventure of death. He triumphed over obstacles and adversities such as it is the lot of but few to encounter. He succeeded much beyond the measure of most men, but there was not a grain of his success that he had not earned by unaided struggle. Struggle and success often leave the soul scarred, but the struggle and success of Rev. J. J. Stanton came free of that price. One could not imagine him more modest, more kindly and more charitable in all the relations of life. He exhibited a character that commanded respect and won the affection of all those of intimate acquaintance. His sense of justice was austere, but it was tempered with a kindness and a sense of humor which excluded all asperity from every judgment. Notwithstanding his devotion to the impulses of his heart and the prompting of his mind, there was no element of bigotry in his mental makeup. When his age prevented his mingling with the public, his absence was keenly regretted, and since he is no longer permitted to dwell with common humanity, the loss is all the more felt. To all his friends and neighbors, his passing is cause for sorrow that cannot soon be forgotten. He was honor personified—unaffected, frank, open-hearted and sincere. A christian strong in his convictions of right and wrong and yet had every respect for those who chose to differ with him. His faith in his God, his belief in the ultimate triumph of good over evil and right over wrong was fixed in his mind and unwavering. The Decalogue contains no law that he desired to violate; the Sermon on the Mount no truth that he did not love. His life was such that one can say that he was a living confirmation of the truth expressed in the Beatitudes as to the blessedness of the meek, the humble, the pure in heart, the peacemakers, and those who "hunger and thirst after righteousness." Indeed our friend was such a man as Antony described in his eulogy of Brutus—"His life was gentle, and the elements

### CHRISTIAN ENDEAVOR

Senior Christian Endeavor president called a meeting of its executive committee Sunday afternoon to plan work for the year. Several things were under consideration. One of the features was to take up some mission work and have a definite plan who and what mission we would help. To urge the endeavors to study and prepare to teach so when any teachers were absent they would be prepared to substitute. To help in every department of the church especially the song service. One of the most interesting features was that the social committee would plan to have a senate in the near future, which will be both interesting and instructive. We would learn parliamentary rules and how to put bills before the house. The boys and girls are having a contest to see which side wins in attendance and new members; Dewey Mills captain for the boys, Meta Blackwell captain for the girls. Everybody come who will help, you will be made welcome.

Program for April 21. Subject—A Good Name. Leader—Irene Dubbs. Song Service. Scripture Reading—Prov. 22-1-25. Job 29-1-25. Leader's Talk. closed by the president. An Object Talk—Frank White. Black Board Talks: F-idelity—Walter Morman. A-bility—Dewey Mills. M-anliness—Joe Humphries. E-nergy—Major Garrett. Questions on Lesson. Volunteer Talks. Chain Prayer.

### REPORTER.

George Bugbee returned this week from California where he has been shunning the winter blasts of the Panhandle.

So mix'd in him, that nature might stand up

And say to all the world: "This was a man."

The deceased leaves a wife and the following children to mourn the loss of one whom we were all glad to call friend and neighbor: C. B. J. S., and Arthur Stanton of Sand Springs, Oklahoma; H. P. of Childress and W. M. of Goodnight; Mrs. Ruth Evert of Enid, Oklahoma. The funeral service was held at the Methodist church Saturday afternoon being conducted by Rev. C. N. N. Ferguson, pastor of that church and a very warm friend of the deceased. Interment was made in the Citizen's cemetery. Many beautiful floral offerings attested the high esteem in which he was held by those who knew him best.

Wesley Knorpp, president of the Donley County State Bank returned the first of the week from wintering in California. He says Sunny California is a great place but he is always glad to get back to Clarendon.

### MARTIN NEWS

There was Sunday school at the regular hour.

The College boys came out last Thursday evening and played an interesting game with the Martin school boys. The score was 10 to 12 in favor of the College.

Everybody reported a nice time at the party at the J. T. Bain home Saturday night.

The school is taking examination this week. We have only one more month of school.

M. W. Mosley and family spent the day with C. J. Talley and family Sunday.

Mr. and Mrs. George Bulman spent Saturday night and Sunday with the latter's father, J. F. Cannon.

There was a singing at Mr. W. E. Hodges Sunday night which everybody reported good.

Mrs. J. F. Cannon has been very sick this last week at the sanitarium.

There was a meeting held last Wednesday night to see about the building plans for building another room on the school house.

Mrs. N. J. Nelson is very ill this week.

There are several cases of measles in the community.

### RAPID GAINS

We have just received the news through some of the leading journals of the Christian Church that the past three months have been red letter ones with the Church. One journal reports more than forty four thousand additions to the church; one thousand, four hundred congregation reported this number. There are yet eight thousand churches to be heard from. The estimate is that there have been more than one hundred and twenty-five thousand additions during the three months. This report is, to say the least of it, quite flattering. It is hopeful for any nation when great numbers are turning to the Lord. It is said that there are more evangelists in this church than any other church in the world, according to numerical strength of the church. There has been no special campaign planned, but the regular evangelistic spirit prevails. It is to be hoped that all the churches in every brotherhood are doing this same thing.

Wheeler County has received word from the state highway department that aid in the sum of \$37,500 and federal aid to the amount of \$54,500 has been granted towards building a bridge over Red River just a few miles north of Shamrock, and is to replace an old wooden bridge built over the river years ago. The bridge is not anchored very deep, is low, and without railings, and the planking is now worn out. The wonder is that the bridge has stood as long as it has. The building of the new bridge will be another strong link in the D-C-D highway.—Texan.

### INTERESTING SERVICES

Last Lord's Day at the Christian Church there were two interesting services. Next Sunday the pastor will speak at the morning hour on "Old Fashioned Preaching" and at night he will use for his subject "Humanity's Headlight." The Bible pictures will be continued at the evening hour of worship, also songs. The public is showing its interest in these lessons the pastor is giving from time to time. Those who attend want to go back to hear of the Old, Old Story. The Gospel is preached with love for every human being. The services are being held now at 8 o'clock in the evening and 10:50 in the morning.

### NOTICE IN PROBATE

THE STATE OF TEXAS: TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, Greeting:

You are hereby commanded to cause the following citation to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the citation in the County of Donley, State of Texas, and you shall cause said citation to be printed once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

CITATION IN PROBATE No. 315

THE STATE OF TEXAS: TO ALL PERSONS INTERESTED IN THE WELFARE OF T. W. ROY, Insane.

On the 18th day of April, A. D. 1921, G. A. C. Roy, Guardian of the Estate of T. W. Roy, Insane, filed his application for discharge as said Guardian, together with his final report as such Guardian, and asking to be discharged as Guardian and to be allowed to turn over the property remaining in his hands to T. W. Roy, who is alleged to be restored to health and his right mind, certificate of discharge of the superintendent of the Insane Asylum at Austin, Texas, being attached to said application, and this citation is to require T. W. Roy and all persons interested in the estate of T. W. ### The Clarendon Chamber of Commerce Needs An Annual Budget of \$9,000

### That Means \$750 Per Month

### What are YOU Going to Do About It?

THE TUESDAY LUNCHEON CLUB, MADE UP OF MEMBERS OF THE CLARENDON CHAMBER OF COMMERCE GAVE THE NEW MAYOR AND ADMINISTRATION A UNANIMOUS RISING VOTE OF CONFIDENCE AND SUPPORT.

The Chamber of Commerce means business. It will get in behind every move for the betterment of Clarendon along any line where there is a reciprocal desire for team work.

But like every other enterprise that is worth anything, or accomplishes anything—IT TAKES MONEY TO OPERATE. Hot air and loose talk wont do the trick.

#### Now This Is the Proposition:

As stated above Clarendon should subscribe \$750.00 per month for the work of the Chamber of Commerce if she expects that organization to do top-notch work for the town.

That don't mean that only the man in business and the professional man must put up that amount. It means more than that.

IT MEANS THAT EVERY RESIDENT TAXPAYER SHOULD COME IN FOR A MONTHLY SUBSCRIPTION OF FROM \$1.00 TO \$25 PER MONTH.

Mr. H. W. Taylor, in a talk at Tuesday's Luncheon said: "I am nearly seventy years old. I have done everything I could for the good of Clarendon ever since I have been here. When I get too old to come down and work for Clarendon, I'll phone you about it."

"I tell you men, there is no place here for a man who won't line up with the authorities for the good of the town. I appreciate the support the Chamber of Commerce has given the old administration and as it stands for progress it deserves the support of every man in Clarendon." A GOOD, HARD, STRAIGHT TALK.

EVERY FARMER WHO LIVES HERE OUGHT TO BE A PAYING MEMBER.

EVERY COW MAN WHO LIVES HERE OUGHT TO BE A PAYING MEMBER.

EVERY SCHOOLMAN WHO LIVES HERE OUGHT TO BE A PAYING MEMBER.

EVERY BUSINESS MAN WHO LIVES HERE OUGHT TO BE A PAYING MEMBER.

EVERY PROFESSIONAL MAN WHO LIVES HERE OUGHT TO BE A PAYING MEMBER.

NOBODY BUT THE LOAFER OUGHT NOT TO BE A PAYING MEMBER.

THE NEW ADMINISTRATION APPRECIATES THE ATTITUDE OF THE CHAMBER OF COMMERCE. THEY WANT THE HELP OF THE CHAMBER OF COMMERCE. THEY ARE PAYING MEMBERS OF THE CHAMBER OF COMMERCE. THEY ENDORSE THIS PLEA FOR A GENERAL SUPPORT OF THE BODY AND RESPECTFULLY ASK THAT YOU SIGN A MEMBERSHIP BLANK PROMPTLY IF YOU ARE NOT ALREADY A PAYING MEMBER.

A. W. McLEAN, Mayor.

#### IT IS SQUARELY UP TO YOU

TULIA pays into her Chamber of Commerce \$556 per month.

WE ARE ASKING YOU FOR ONLY \$750.00. HOW MUCH BETTER TOWN DO YOU THINK CLARENDON THAN TULIA? YOUR ACTIONS WILL BE OUR ANSWER.

### LAYING OUT THE FLOWER GARDEN

If the flower garden is a distinct feature of the place and its mission is to furnish an attractive retreat and cut flowers, its general plan may be more pretentious; the straight rows may give place to irregular groups or masses, or even to formal beds and designs, so long as these are not made the leading features in the general adornment of the grounds. In fact, such a garden should be more or less inclosed from the rest of the grounds by border plantings. These need not be over 3 feet high, or they may be of the tallest growing kinds. The design within the garden may be either formal or informal, with beds and walks of formal geometrical designs of either straight or curved lines, or both; or they may be irregular in the extreme with no set design.

If the walks and beds are laid out in a formal fashion the plantings may be made in geometrical designs, as carpet bedding if desired, or it may be strictly irregular or informal. In the informal garden only irregular or informal plantings are appropriate.

A recent farmers' bulletin, No. 1171, which can be obtained free by writing to the United States Department of Agriculture, Washington, D. C., gives directions for planting and growing all kinds of annuals, how to combine annual plants of different heights and colors successfully and lists for special soil or conditions.

### AN APPRECIATION

We Clarendon high, regret the belated hour of our thanks to the merchants who were kind enough to buy suits for the team. We wish to thank them as far as possible, but feel that the best possible way is to win every game we start. The firms who gave a baseball suit were: City Drug Store, Stocking Drug Store, Ford Garage, Caraway's Cafe, Chamber of Commerce, Pastime Confectionary, Pastime Theatre, Clarendon News and Strickland and Story Dry goods. Another suit was secured by subscription: Clarendon Mercantile, \$5.00; Central Grocery, \$2.50; Pastime Confectionary \$1.50 and Bon Ton Confectionary \$1.50. Dad's Tailor Shop was allowed to put his ad on one suit in return for putting the ads on the other suits. We feel that these suits have been a great aid to the team and wish to say again that we appreciate sincerely the gift.

### CARD OF THANKS

To the kind and loving neighbors who so generously and tenderly aided us during the illness and death of our beloved husband and father, we desire to express our sincere gratitude and thanks for the many thoughtful services rendered and for the many beautiful floral offerings and all of the courteous attentions that were given out of the promptings of sincere friendship and love. Especially to Dr. Wilder for his constant and tireless efforts, to the Rev. C. N. Ferguson for his tender solicitude and to Mrs. R. H. Cline, Mrs. Jas. Patman, Mrs. David Johnson and Mrs. R. M. Morris for their loving assistance. Also to the Masonic lodge and its noble members who neglected their own personal affairs to officiate at the last earthly rites of a brother who loved them.

Words are useless to convey the appreciation of the service that only the Devine Ruler can reward.

Mrs. Emma Stanton and Children.

### FINE ART OF COOKING RICE

Rice can be cooked so that it is flaky and so each grain remains separate, say food specialists in the United States Department of Agriculture. To obtain this result wash the rice thoroughly, boil it in a large proportion of water, and do not overcook.

To 1 cup of rice, use 4 or 5 quarts of water, and 1 teaspoon of salt. Wash the rice through several waters until all the loose starch is removed, and drain it. Have the boiling water ready in a deep saucepan, add the salt, slowly drop in the rice, and allow it to boil rapidly for about 15 or 20 minutes, or until a grain when pressed between the thumb and finger is entirely soft.

In order to prevent the rice from sticking to the pan, lift it if necessary from time to time with a fork, but do not stir it, for stirring is likely to break the grains. When sufficiently cooked, turn the rice into a colander or a sieve, and after the water has drained off, cover with a cloth and set over a pan of hot water on the back of the stove or in the oven; or turn the rice into a shallow pan, cover with a lid, and place it in a warm oven for a short time. Treated in this way the grains swell and are kept separate.

### SENATE JOINT RESOLUTION NO. 1

Proposing an amendment to Section 2, Article 6 of the Constitution of the State of Texas by providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and permitting either the husband or the wife to pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2 of Article 6 of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this State one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided, that electors living in any unorganized precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in July, 1921, at which all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendments to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or

naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting." And all those opposed to said amendment shall write or have printed on their ballots "Against the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or

naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election.

(A True Copy) S. L. STAPLES, Secretary of State.

### CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Donley County—Greeting:

You are Hereby Commanded to summon W. H. Johnson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Donley County, Texas, to be held at the Court House thereof, in Clarendon, on the third Monday in July, A. D. 1921, the same being the 18th day of July, A. D. 1921, then and there to answer a petition filed in said Court on the 7th day of April, A. D. 1921, in a suit, numbered on the docket of said Court as No. 1140, wherein Mrs. W. H. Condon, a feme sole, is Plaintiff, and W. H. Johnson and Dora L. Johnson are Defendants, and said petition alleging, in substance, that on February 17th, 1920, one August Wiedman, by proper deed of conveyance, sold to W. H. Johnson, the following described lands and premises situated in Donley County, Texas, to-wit:

10 acres out of the East part of Section No. 45, Block C-6, Cert. No. 4-672, G. C. & S. F. Ry Co., described by metes and bounds as follows: Beginning at a point 592.4 vrs. South and 24 feet West of the N. E. corner of said Survey No. 45, Block C-6.

Thence South 397 vrs., to a stake, for the S. E. Corner of this tract;

Thence West 142.2 vrs. to a stake for the S. W. corner of this tract;

Thence North 397 vrs. to a stake for the N. W. corner of this tract;

Thence East 142.2 vrs. to the place of beginning and being in the North part of a 44 acre tract heretofore conveyed to August Wiedman by G. S. Hardy in deed recorded in Volume 37, page 58, Deed Records of Donley County, Texas.

That as part consideration for said conveyance W. H. Johnson gave to August Wiedman two promissory vendor's lien notes for \$500.00 each, dated February 17th, 1920, due February 17th, 1921 and 1922, respectively, bearing 8 percent interest from date until paid, providing for 10 percent attorney's fees in event of certain contingencies therein specified, and providing that in case of default in payment of the first note or any annual installment of interest on the series of notes, the holder thereof should have the option to declare the entire series of notes due and payable and providing for past-due interest to bear interest at the rate of 10 percent per annum; that to secure the payment of said notes, a vendor's lien was retained therein and in the deed of conveyance mentioned.

That on March 3rd, 1920, for a valuable consideration, August Wiedman sold and delivered said notes to plaintiff, executing to her a proper transfer of vendor's lien, which transfer is duly of record in Donley County, Texas; by reason of which plaintiff is now the legal owner and holder of said notes.

That default has been made in the payment of note No. 1 of said series and in the annual installment of interest due on both notes; that plaintiff has elected to declare both of said notes due and payable, according to the tenor and face thereof; that plaintiff has made diligent effort to collect said note No. 1 and the annual interest due on said two notes, but defendants and each of them, have failed and refused to pay same, or any part thereof, and still so fail and refuse; that plaintiff has been forced to place said notes in the hands of an attorney for collection by reason of which the 10 percent attorney's fees provided for in said notes has matured and is now payable; that the vendor's lien retained in said notes is a first lien and purchase money lien against the land above described.

Plaintiff prays for judgment for the full amount due on said notes, including principal, interest, attorney's fees; for costs of suit, and for a foreclosure of her vendor's lien against the premises above described.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in Clarendon, Texas, this 24th day of March, A. D. 1921.

W. E. BRAY, Clerk, County Court, Donley County, Texas. (16-c)

### HOUSE JOINT RESOLUTION NO. 11

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (.07) cents on the \$100.00 valuation of property in this State for the purpose of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as hereafter to read as follows:

Section 51: The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, partnership or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910 and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the states served in organization for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the states and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations

and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (.07) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the fourth Saturday in July, 1921, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows, who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

### RILEY BELIEVES IN HAMPSHIRE

Some months ago Donley county lost one of her best farmers in the personage of C. H. Riley. Everybody knew and liked Henry Riley—even after he left here and moved over near Twitty, a small burg north of Shamrock. Now it dawns upon us that our friend Riley has the hog fever. Not only has he the fever, but he also has the hogs. Big bunch of Hampshire amounting to over 200 hundred head, most of them registered and all graded stuff. He has a fine feed farm and plenty of help, skill and energy to make it a go. Henry is no doubt the biggest Hampshire breeder in the Panhandle.

# BUICK

The many telegrams from all sections of the country received by Buick during the past few weeks asking for immediate delivery of Buick cars tell a significant story.

They prove the confidence of the public in Buick. Reflected in the placing of these Buick orders at a time when sales are being made upon the basis of greater relative values and actually demonstrated worth.

In many cases, this active buying is stimulated by a realization of the periodical shortage of Buick cars and a desire to insure delivery.

Since January first, regular equipment on all models includes cord tires

### STATE SCHOOL INSPECTOR HONOR GUEST AT DINNER

During the past week Miss Mitchell, representing the state department of education was in Clarendon for the purpose of inspecting the work of Clarendon College. She found the school in a wonderful satisfactory condition and had very few suggestions to offer.

On Monday evening, the domestic science department of the college under the direction of Miss Fincher, gave a dinner at five-thirty honoring Miss Mitchell, to which Dean and Mrs. S. H. Condon, Miss Howren, and Editor and Mrs. Braswell were also invited.

The dinner was prepared and served in the domestic art rooms by the young ladies of that department and the appetizing serving testified more effectively than words to the ability of Miss Fincher as an instructor and to the aptness of her pupils. Hand painted place cards graced the beautiful table, while the table decoration was an elegant art-basket of sweet peas.

The domestic science department of the college is recognized as being one of the most complete in equipment and efficient in conduct in the school or any other competing school, and on this occasion amply proved its well earned reputation.

### RECEIVER APPOINTED

The Industrial Transportation Company store in this city was closed up Tuesday. It is one unit of a general corporation doing a cash self-sewing grocery business in Texas, Oklahoma and Kansas. The company had gone into the hands of a receiver and all of their stores were closed up pending the adjustment of their affairs. Several local people had bought the stock of the corporation and will no doubt lose most of their investment. A goodly number of Lakeview citizens have been complaining loudly of late about subscribing for stock and getting up the money, with the understanding that a store would be established there. This was never completed, but the money of the subscribers was taken and carried away.

It will take several weeks to doubt to straighten out their affairs in order that the local concern can open again.

The above statement comes from the Lakeview correspondent of the Memphis Herald. Many local citizens fell for this promotion scheme when the proposition of establishing a local store was in full blast here something like a month ago. Just another instance proving that if you have any money to invest, invest it with the local people—never enter to the outsider.

### SECOND WEEK OF BAPTIST REVIVAL NOW IN PROGRESS

The second week of the Baptist revival is being well attended. According to announcement in the beginning, Dr. McClung, who is conducting these services, will be forced to leave here Saturday. The revival will therefore close with Friday night's services. Dr. McClung is a clear, eloquent, forceful speaker and has done much good while here and has made many new friends both in and out of his church affiliations. J. C. Dalshaw has led the choir singing through the services ably assisted by a trained choir and several musical instruments.

### HOUSE JOINT RESOLUTION NO. 30

Relating to the amending of Article 17, Section 58, of the Constitution of the State of Texas; abolishing the Board of Prison Commissioners; providing for the supervision and management of the Prison System; under such laws as may be provided for by the Legislature.

Be it resolved by the Legislature of the State of Texas: Section 1. That Article 17, Section 58, of the Constitution of the State of Texas, be amended so as to hereafter read as follows: Section 58. The Legislature shall have full power and authority to provide by law for the management and control of the Prison System of Texas; and to this end shall have power and authority to place the prison system under the supervision, management and control of such officers as the Legislature may from time to time provide for by law.

Sec. 2. The above constitutional amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held on the fourth Saturday in July, 1921, at which election all voters favoring said proposed amendment shall write or have printed on their ballot the words: "For the amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners." And all those opposing said amendment shall write or have printed on their ballot the words: "Against the Amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners."

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

Sec. 4. The sum of \$5,000,000 or so much thereof as may be necessary is hereby appropriated out of the funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election. (A True Copy) S. L. STAPLES, Secretary of State.

### FAIR ASSOCIATION HOLDS BIG BANQUET

The live boosters of the Fair Association of Hedley announced a three course banquet for Thursday night. With that announcement, the entire membership of over ninety members came out to do the occasion justice. It required nine twenty foot tables to accommodate the crowd when the time came to begin the onslaught on the "cats." The Memphis band was on the job with their usual good line of music and with the combination of plenty of food and music, Hedley had one of her very best "get-togethers" in the history of the town. When the fair association started the fourteenth of March with nine members, little did they dream that the membership would climb to past the ninety mark at this early date. And she's still growing.

The Hedley live stock and fair association is not content with present laurels as evidenced by the announcement that they will hold a big picnic on the 4th of August. This association is boosting the better roads building now in progress between Hedley and Lelia Lake. They are boosting for a better fair, and anything else that will make for progress in Donley county.

### OZARK DAIRY COMPANY HAS NICE EQUIPMENT

That Clarendon has been in need of a first-class dairy for some time there is no doubt. This need has been supplied by J. T. Warren and W. D. Rumpke in the establishment of the Ozark dairy on the Ozark trail one mile east of town. All of the buildings are new, each building is separate and apart from the other to avoid any loss from fire. The living quarters of the hands is small but meets the needs for which it was intended. The milk house is light, airy and screened in and has a concrete floor. The milk is handled in the most improved sanitary manner and all vessels and containers thoroughly sterilized.

The barn is large and commodious containing the milking department of stalls fitted with feed troughs and stanchions, exercise space in bad weather and plenty of stall room for teams. Two large store rooms afford plenty of space for all kinds of feed consumed in and around the plant. A hog house has been prepared and a large pen built adjoining the hog pasture. The hog is a by product as he is the gleaner of the fed pens proper. Weaning pens and a hospital department for the care of stock that may be moved from the other stock. A chicken department has been provided for in a late improved pattern of hen house and runways. The bull leghorn thoroughbred is the breed being raised. They have both size and laying qualities and thus combine two of the most essential elements necessary to success in this industry.

The cows though of more than one breed, have been carefully selected as to both quantity and quality milk production. Jerseys and holsteins predominate the some milk Durham are to be found in the herd. Many of each breed are registered. A registered Jersey bull is maintained and it is the intention of the company to improve their herd at every opportunity. The water system is fed from an elevated tank and running water is to be had wherever needed. All troughs are of concrete and large enough and of such size as to afford plenty of room for all animals. The dairy has frequent visits from those who admire a real milk producing cow since the Ozark company keeps the best to be found in the county.

### OZIER—BLAIR

Manly Ozier and Miss Odelle Blair were quietly married at 8 p. m., Wednesday at the home of Mr. and Mrs. Roy Beeman in Amarillo, the beautiful ring ceremony being used. Dr. H. W. Virgin, pastor of the first Baptist church officiated. The happy young couple returned here today on their honeymoon trip to central and east Texas points to be away for several days. This popular couple is too well known locally to require any special enunciation and the News joins with their numerous friends in wishing them a happy wedded life.

### FIRE DESTROYED HISTORIC BUILDING AT JA RANCH

Fire of unknown origin destroyed the barns and corrals and a part of the sheds at the JA ranch early Monday morning. The fire was discovered about 1:30 and had gained such headway that it was barely possible to keep it under control without saving anything. Saddles, harness and feed stuff went up in flames. A number of horses and mules were suffocated. The loss is covered by insurance. The entire ranch force is very much distressed over the animal loss. The sheds and barns will be rebuilt at once. The buildings destroyed were constructed by Chas. Goodnight in 1882 and were among the first ranch buildings in the Panhandle.

### DR. BROOKS WILL CONDUCT METHODIST REVIVAL

The Methodist revival will begin with the service Sunday morning. Dr. Brooks of Amarillo will conduct the services. The morning service will be held each day at the college and the evening service each day at the church. This arrangement has been made especially for the benefit of the young folks. A choir of special training will assist in each of the services throughout the meetings. A general invitation is extended the public to attend these meetings.
