CLARENDON NEWS OFFERING VALUABLE REWARDS FOR TIME USED IN "EVERYBODY WINS" CAMPAIGN.

MORE THAN FOUR THOUSAND DOLLARS INCLUDING TWO AUTOMOBILES WILL BE GIVEN AWAY TO THE CONTESTANTS WHO ARE ACTIVE UNTIL THE END OF CONTEST. YOUR SPARE TIME CAN BE WORTH MUCH IN NEXT FEW WEEKS.

Clarendon and this entire section are talking today over The News' great "Everybody Wins" free gift distribution. Everyone is talking but few are doing. It is not talk that The News wants. It is candidates. And candidates are slow in getting in.

It really is puzzling to the management. Why so few contestants are taking advantage of this great gift giving campaign. Over \$4,000.00 in automobiles and cash prizes is offered. Winners will get more for their efforts in the next few weeks than the average family man makes in a year. Yes and more than they can save in many years.

Active candidates are wanted—candidates who are real candidates who will get in and "Carry On"—candidates who are big enough that every little flurry will not scare them. Fighters are wanted.

What difference does it make to you, a candidate, what John Jones is doing? You don't win that way. It is what you do yourself that wins for you. Winning is positive, not negative. It is the subscriptions, that you turn in that will pile up your vote total.

It takes headwork as well as footwork. It takes foresight as well as hindsight. It takes a "Do" spirit.

All Hate a Coward
If you are in, go and get 'em. If you have been considering going after the big prizes, go after them. Everyone hates a coward. And how about a Quitter? Remember votes are what win. Promises won't get just votes.

Look at the List of Candidates and the Votes
But no matter whether there are five candidates or 500. The gifts will absolutely be awarded. That is certain.

You win if you stick. You can't lose. "Everybody Wins" is the slogan. There is no such word as can't. "You can," but you must will it so. That's the how of this campaign. There never was and never will be such an opportunity offered you. Think. Realize what this means to you. Without spending one cent you can win as high as \$1100.00 in the next few weeks. You can do it in your spare time. You cannot lose.

Means Real Money
HAVE YOU EVER BEEN OFFERED A BETTER BUSINESS PROPOSITION? Have you ever cashed your spare time for more real money? Each and every prize will be given away, absolutely free to the persons who make the effort to get them and if your name is sent in immediately and included in the list of candidates YOU can win a prize of your choice. But you must ACT NOW. The campaign is an ex-

tremely short one and will be "all out and over" in a few short weeks.

How to Enter
To enter your name and share in this big distribution of awards simply fill out the nomination blank appearing elsewhere in this paper and send or bring it to the campaign department of the Clarendon News office at once.

You Can Get Votes Easily
Your friends will save all the free coupons for you that appear in the Clarendon News every week and they will also be glad to pay up their subscriptions or subscribe for you. Votes pile up mighty fast when once you let your friends know you are a candidate, in the gift election. You will get them everywhere by just using a few moments of your spare time.

Valuable Rewards
Think of the value in good hard cash represented in the mammoth list of gifts to be given away absolutely free remember, too, that these costly prizes are to be distributed simply in exchange for votes.

Two big, beautiful automobiles, two \$200 prizes and two \$100 prizes and hundreds of dollars in cash commission prizes to non prize winning candidates who are active during the entire campaign. This is certainly substantial pay for odd moments of your spare time in gathering votes.

Will you be one of the winners? It is all up to you. The first thing to do is to rush your nomination coupon to the campaign department of the Clarendon News at once. That starts you with 5,000 votes—puts you right in line for one of the biggest prizes.

Will You Get Your Share?
If you wish your share in this gigantic gift distribution, you should see to it that your nomination is in without further delay. The campaign department is open from 8 a. m. to 9 p. m., each day to receive nominations and to answer inquiries. Be sure that your nomination is in today without delay.

EARLY RESERVATION MADE AT THE COLLEGE

One young lady, who is not a student of Clarendon College but who intends to attend the institution next year, has already made her reservation for a room in the dormitory next year. This is the first time in the history of the school that a reservation by a prospective pupil has been made this early. This is another example of the growing prominence of the school; and the prospects for next year are excellent.

Wint Barefield, prominent ranchman of west of this city was here on business Monday.

FOUR COUNTIES MEDICAL SOCIETY MEETING IS HERE

BENEFICIAL SESSION OF SOCIETY AT WHICH SEVERAL INTERESTING CASES ARE REPORTED IS HELD IN THIS CITY FRIDAY.

An interesting session of the Childress-Collingsworth-Donley-Hall Counties Medical Society was held at the Y. M. C. A. building in this city Friday. Although it was impossible for either of the essayists of the day to be there, many interesting cases were reported and a valuable round table discussion held. Those reporting such cases of interest were Dr. H. L. Wilder and B. L. Jenkins of this city; Dr. W. Wilson, of Memphis; and Dr. Wolford, of Childress.

This society meets the second Friday in each month at the various county seats of the counties included in the association. The next meeting will be at Memphis on the second Friday in April. Dr. C. F. Wilson, of Memphis, is president, and Dr. O. L. Jenkins, of this city Secretary. Those present at the meeting Friday were: Drs. R. B. Wolford, of Childress; B. L. and O. L. Jenkins, C. G. Stricklin, and H. L. Wilder, of this city; J. A. Odom and W. Wilson, of Memphis; and Miss Ella Yeager, public health nurse for this county.

GEORGE STOCKING ASSISTANT PROFESSOR IN UNIVERSITY OF PENNSYLVANIA

George Stocking a former resident of this city and raised to manhood here, being the son of Mrs. J. D. Stocking, has been elected an assistant professor of Economics in the University of Pennsylvania. This is a fine position and the many friends of Mr. Stocking are glad to hear of his being selected for that place. He took his M. A. degree from Columbia University last June and will take his Ph. D. from the same school this summer. In the University of Pennsylvania, Mr. Stocking will have one class in the graduate school and one class of seniors.

Clarendon people can well be proud of the success of Mr. Stocking as he was raised to manhood getting his early education in the public schools of this city and Clarendon College. At each of these institutions he graduated with first honors. Following his graduation from college here, he took a competitive examination for a school teacher in the Philippines and was sent there. He had been there less than a year when he was chosen as a supervisor of schools in one of the mountain provinces. A year later he returned to the United States and entered the University of Texas, taking his A. B. from that institution in 1915. He then went into the service of his country and served in the army until the fall of 1918. Following his discharge from the service in the fall of 1918, he returned to this city and served as the superintendent of schools here for the remainder of that year.

Following his entrance into Columbia University, Mr. Stocking made an excellent record for himself, and received the Garth fellowship which is the highest endowed fellowship that is given in that institution. His major work has been in Economics, and he will no doubt realize the same success in teaching as he has met as a student. The University of Pennsylvania is not only one of the best universities in this country but is one of the largest, having a student body of more than fourteen thousand. The many friends of Mr. Stocking rejoice in his success and their best wishes for higher attainments will ever follow him as he continues to mount the ladder of success.

Mrs. B. F. Gardenhire and children have left for their home at Yuma Arizona after spending the winter here with Mrs. Gardenhire's parents, Mr. and Mrs. W. R. Holder.

LUNCHEONITES DISCUSS TRADE AND BUSINESS

FOLLOWING 1922 TRADE DISCUSSION LUNCHEONITES VOTE RESOLUTIONS ON DEATH OF MAYOR A. W. McLEAN.

Tuesday's luncheon for Clarendon business and professional men was one of the most interesting enjoyed by the members for several weeks. Some new faces were present and a general optimistic spirit prevailed.

Following the menu served in usual generosity. Secretary McCordell called on W. T. Hayter to present his views on the proposition of a trades day or dollar day each month for Clarendon and her trade territory. Mr. Hayter responded in a convincing talk of about fifteen minutes in which he sounded a most encouraging outlook, declaring that "we are out of the rut" and that an era of prosperity lies ahead of us. He sketched the troubles that had confronted us in the past and said that now was the time for business in every line to get down to bed rock prices and that nothing would so advertise our city as for it to be recognized as a city in which the merchants had taken their losses and were selling goods on present day markets. The speaker declared in favor of the trades or dollar day events, but said that unless all the business in Clarendon were willing to do their part in bringing about lower price levels, such events would act as a boomerang on the reputation of the city. He ended his address with an appeal for unity in the campaign to make Clarendon the most popular trading place in this entire section, declaring that men with a vision of the future would be the ones best able to meet the problems of the day and successfully conduct their own businesses. O. C. Watson amplified what Mr. Hayter had to say and urged that each business try harder to impress the idea of friendship and service on their customers.

Secretary McCordell then called for the reading of a set of resolutions on the death of Mayor A. W. McLean of this city. They were read and adopted as follows: RESOLUTIONS: Whereas, the Divine Father in His infinite wisdom and goodness, has seen fit to take from our midst our fellow townsman and friend, A. W. McLean; and Whereas Mr. McLean has been an upright citizen and a loyal friend, always standing for Right and Honor; and Whereas, Mr. McLean labored faithfully both as a private citizen and as mayor; and Whereas, we realize our loss both as an organization and as individuals, therefore Be it resolved by the Clarendon Chamber of Commerce that we deeply feel and mourn the death of our friend, and that we extend our sincerest sympathy to the bereaved relatives; and Be it further resolved that a copy of these resolutions be sent to the family of our departed friend; that a copy be placed on the records of this organization; and that a copy be furnished the Clarendon News for publication. It was unanimously agreed that the business houses of the city be asked to close two hours for the funeral to be held Wednesday afternoon.

ADAMS TO PLAY WITH PARIS THIS SEASON
Wint Adams, of this city widely known in Panhandle baseball circles as a first baseman of the first class, has signed a contract to try out with Paris this season in the T. O. League. Adams has played with some of the best clubs in this part of the state, and his playing has attracted the attention of the larger leaguers.

LOCAL CO. GIVEN HIGHEST RATING BY INSPECTORS

PAPER WORK AND BARRACKS ARE IN PERFECT ORDER ACCORDING TO VISITING OFFICERS. APPEARANCE OF MEN COMPLIMENTED.

H Company of the Texas National Guard was given the highest rating of any company yet inspected when Col. W. L. Culbertson and his staff made an inspection of the local company and headquarters here Saturday. Col. Culbertson was assisted by Capt. Hanks, of Quanah, and Major Adams, of Crowell. The barracks and the paper work of the company were inspected at three thirty o'clock in the afternoon, and declared by the inspecting officers to be in perfect shape in every way. At seven thirty o'clock the troops were inspected, and the general appearance of the men and their work were especially complimented by Col. Culbertson, as he declared that the local company has made as much progress in three months as the usual company makes in a year. He further declared that the non-commissioned staff of this company is one of the best that he has ever seen.

Following the inspection, Col. Culbertson put the boys through a snappy drill and manual of arms. After this he and Major Adams, Hon. E. A. Simpson, and Capt. Nat Perrine addressed the boys.

DISTINCTION LIST FOR THE SIXTH MONTH

Total Enrollment of 801 and Distinction List of 146.
The sixth month of the present session of our city schools closed Friday, March 3, 1922. Reports on file in the office of the superintendent show the total enrollment up to that time was 801, and that the distinction list for the month was 146, distributed as follows: 25 from the high school, 42 from the grades in the high school building, and 79 from Central Ward. There were fifty tardies for the month, which was the fewest number of tardies for any month of the year except the month just before Christmas which consisted of only three weeks of school. Fifty tardies out of a possible 30,000 for 740 children coming to the school building twice each day for 20 days, gives a tardy per cent of approximately 1-6 of 1 per cent, or one tardy out of every 600 possibilities. Of the total enrollment of 801 for the entire year to date, 790 were actually in school during the sixth month. Owing to the prevalence of a few cases of contagious diseases in mild form, as well as bad colds, both of these, together with the cold weather operated to lower somewhat our per cent of attendance for this month.

The four rooms with the highest per cent of attendance were as follows: Mr. White's room—96.62 percent. Miss Read's room—96.33 percent. Miss Harris' room—96.24 percent. Miss Paul's room—92.62 percent. There were fifty visitors to the different schools this month. In the report on the distinction list which follows below, those who averaged 92 or more for the month are recorded with highest honors (Summa Cum Laude) and those who averaged 85 or more and less than 90 are recorded with high honors (Magna Cum Laude). The report follows:

HIGH SCHOOL
Summa Cum Laude (90 to 100)
Howard Crawford, 93 1-4; Raymond Nance 94 1-4; Ruby Lee Landers 93; Martha Ratcliff 92 1-2; Lester Schull 91 3-4; Vada Waldron 91 1-2; Ruby Gibbs 90 1-4; Cleo Cornelius 90.
Magna Cum Laude (85 to 90)
Essie Couch 89 1-2; Billie Taylor 88 1-4; Ruby McElvaney 87 3-4; Rhodin Chase 87 1-2; Cora Lee Holley Gwendal Couch 87 1-4; Stephen Russell 87; Ida Mae Holley 86 3-4; Myrtle Hall 86 1-2; Everette Clark

A. W. McLEAN SUCCESSIONS FOLLOWING OPERATION

DEATH OF MAYOR OF THIS CITY FOLLOWING SHORT ILLNESS COMES AS GREAT SHOCK TO CITY. INTERMENT THIS AFTERNOON.

Mayor A. W. McLean died in Amarillo at six o'clock Tuesday morning following an operation at one o'clock Monday morning for hernia. Complications at once set up, and in the afternoon of Monday it became apparent that his heart was failing so rapidly that life was possible for only a few hours. The immediate relatives were notified, and several of the children were able to reach Mr. McLean before his death. The body was shipped from Amarillo Tuesday evening and lay at the home in this city until this afternoon when the funeral services took place at the Methodist Church. One of the largest audiences ever seen at a funeral here was present to pay its last respects to the departed citizen. Rev. J. A. Smith, pastor of the Baptist Church, gave the prayer. Rev. W. H. Foster, pastor of the Presbyterian Church, read the first Scripture, while Rev. J. T. Griswold, pastor of the Methodist Church of which Mr. McLean was a member, read the second Scripture. Rev. J. R. Henson, presiding elder of the Clarendon District and a friend of the deceased for twenty-five years, and Dr. G. S. Slover, president of Clarendon College, and a friend of the departed for more than a dozen years made the talks. Each of them paid high tribute to the rugged character of Mr. McLean, and their words were a consolation to the family and friends. Interment took place in the Citizens' Cemetery with Masonic Rites. Just as the last bit of dirt was placed on the grave four members of the Ku Klux Klan appeared in robes, and placed a fiery red cross of roses on the grave as a tribute to the deceased brother.

Mr. McLean was born January 4th 1860 at Mobile Alabama. His parents moved to this state in 1861. In 1883 he was married to Miss Mary Bobo; to this union were born nine children, all of whom survive the father. Mr. McLean was converted and joined the Methodist church at Pleasant Grove in 1887. He joined the Masonic lodge more than forty years ago. In each of these organizations he has met his duties regularly, and no doubt was ever entertained about him as everyone who knew him knew that he would stand to the last for the right as he saw it; and honor was always the guide of his conscience.

Mr. McLean moved to Clarendon in 1892 from McDade. During this almost a third of a century, he has made scores of friends; and in April of last year they honored him by electing him mayor of Clarendon. Under his administration the Clarendon Pumping station was built, thus giving the city all night water service; and an election has been ordered to take place April 11th at which time it will be decided whether bonds shall be issued for the building of an overhead tank and thoroughly modern water system.

Those surviving the deceased are his widow and nine children all of whom were present at the funeral. The children are Mrs. W. S. McClung of Crosbyton; Mrs. C. C. Powell, of this city; Miss Mamie, of this city; Miss Wilma, of Pampa; Miss Ruie, of Mineral Wells; Miss Mary, of Garner Iowa; Miss Carolyn who has been attending the University of Iowa; and two sons, John and Bobo, of Hereford. Besides these and other relatives in this city, a nephew, Millard Benson, of McDade, was present at the funeral. It was with mourning that the news of the untimely death of Mr. McLean was received, and the many friends of the family will join in expressing their sympathy in this dark hour and in giving consolation such as is made possible only by the rich heritage left by Mr. McLean.

LOCAL LADY RE-ELECTED PRESIDENT P. T. ASS'N.

MRS. J. T. SIMS IS AGAIN PRESIDING OFFICER FOR FIRST DISTRICT. MRS. C. G. ATTEBERRY IS ALSO CORRESPONDING SECRETARY.

Mrs. J. T. Sims and C. G. Atteberry returned Sunday to their homes in this city from Ranger where they attended the District meeting of the Parent-Teachers' Associations. Mrs. Sims was again elected president of this, the First District and Mrs. Atteberry was also elected corresponding secretary. The dates of the meeting were the 9th and 10th of this month, and something like forty-five delegates were present. Among those in attendance was Mrs. S. M. N. Marrs, of Austin, state president of the association.

Many interesting topics including such as child hygiene and well-fare, social center work, and good roads were discussed and many excellent and interesting reports were made to the associated from the P. T. Associations in various cities.

Prominent speakers from the various colleges of the state and members of the State Department of Education brought before the association many important phases of the work.

Amarillo was chosen as the next meeting place of the association, and the meeting will be sometime in the spring of next year. The First District is one of the largest in the state, comprising sixty-eight counties of the Panhandle and extending from San Angelo to El Paso.

The honors conferred on the local ladies are distinct, as each of the offices is an important one. Mrs. Sims was president of this district last year, and so highly pleased were the members with her work as an executive that they elected her to the same office for the ensuing year. Mrs. Atteberry has also gained prominence by her writing for various papers, and her election as corresponding secretary is a recognition of her ability in this line. Both of the ladies attending from here report that the meeting was very enjoyable as well as helpful.

oughly modern water system.

It was with mourning that the news of the untimely death of Mr. McLean was received, and the many friends of the family will join in expressing their sympathy in this dark hour and in giving consolation such as is made possible only by the rich heritage left by Mr. McLean.

Building, painting, repairing and improving is the watchword for Clarendon in the spring of 1922.

The News doesn't believe that the proposed bonus bill of the Republicans will be of any real benefit to the soldier boys. It looks like a brave effort to side-step the issue and do nothing while appearing to do the magnanimous thing.

The Champion Fort Worth Panthers are again on the job and it is The News' private opinion added to that of many other "experts" that it is the greatest minor ball team ever gotten together and will repeat as champions in 1922.

It is reported that Oran Kelly and Tom Waggoner will sing a duet at the April meeting of the Panhandle Press Association. The officers of the association refuse to divulge the hour of this great musical treat in order that the session will not be crowded to the point that no business can be transacted.

The annual spring clean-up of our city is almost at hand and it is fitting that our people begin now to get their premises in sanitary condition, piling their trash and rubbish in ricks weighted down so that it will not blow for the wagons that will be sent around to haul off the refuse of the town. Few people estimate just how great a service is the gathering and hauling away of the accumulated trash of a city. It means a more sightly city, and what is more important it means a hundredfold more healthful place of abode. Let us make the clean-up of the spring 1922 the most thorough in the history of Clarendon. We ought to make advancement in every line this good year.

Clarendon banks are in better condition according to their statements of the 10th, inst., than they were sixty days ago. The increase shows a healthy condition and proves that Clarendon and Donley County have weathered the storm and are well out of the mire and on the firm highway of progress and better business.

Right away there is going to be a demand for more funds to keep the Clarendon cemetery clean of weeds and in presentable state. This notice is made without solicitation and without knowledge of those who have the cemetery in charge, but they are performing their duties without pay and for the regard they have for the departed ones who inhabit the city of the dead. Give them your financial support so that the work may continue and Clarendon may remain proud of her cemetery.

In the coming city election there are some signs of the brushing away of former "political" lines and a general get-together of all factions for a larger and better Clarendon. Nearly everyone has some good ideas about mastering the problems of the city and The News hopes that in the days to come there will be more unity in facing the problems peculiar to a growing city. We all love our city, therefore we ought all be able to work together for its upbuilding.

Elsewhere in these columns is an appeal for more funds to be expended for destitute and peedy families by the Goodfellows of Clarendon. There are a dozen or more members of that organization whom the treasurer of the body does not hesitate to call on when more money is needed, but he doesn't like to go to the same ones all the time. In other words, it is just as much the duty of every other citizen of this community to assist in taking care of our needy ones as it is the few. Just now when work is scarce there are more calls than usual for charity and Clarendon will not be laggard in providing for those who need the necessities of life. If the many don't do it, the few will.

Clarendon's reputation over the state is one of progress and thrift. Let us extend that good name this year.

The spirit of neighborliness ought to be better developed in Clarendon as well as in other towns and communities. There is no one attribute that so warms the heart of one's fellows as an open, throbbing spirit of neighborliness, and it is always recognized as well as appreciated. When the citizens of any given city or community show such a spirit they are creating a good-will cumulative as the years go by. Let's be more neighborly. Besides the personal satisfaction it's good town building.

It is very gratifying to anyone driving over the city to note the building and improvements that are being made already this early in the spring. On account of the general depression there was little building or improving last year therefore it is an unmistakable sign of confidence and optimism that prompts property owners to build and "dress up" this spring. As the weather becomes more open there will be more building and more painting and more improving until our city shall have the "spickest" and "spannest" appearance of any other city in the Panhandle.

Through the good work of our many contestants the News subscription list is growing largely and thereby The News is giving bigger and better advertising values than it has at any previous period of its existence. Clarendon merchants are quick to see the added value therefore we are carrying a heavy line of advertising from the best set of merchants that ever graced the advertising columns of any newspaper. 1922 must be a year of added service and The News is going to spend good, hard money to render Added Service Plus to its readers and patrons.

The annual spring clean-up of our city is almost at hand and it is fitting that our people begin now to get their premises in sanitary condition, piling their trash and rubbish in ricks weighted down so that it will not blow for the wagons that will be sent around to haul off the refuse of the town. Few people estimate just how great a service is the gathering and hauling away of the accumulated trash of a city. It means a more sightly city, and what is more important it means a hundredfold more healthful place of abode. Let us make the clean-up of the spring 1922 the most thorough in the history of Clarendon. We ought to make advancement in every line this good year.

We understand that there is a great black bass out in Medina Lake that has been there for years and is as big as a fat pig. He knows Sam Harben, Sam Fore, Sam Fryar, Sam Hoyle, Sam Holloway, Sam Williamson, Sam Braswell, Sam Hill and the other Texas press fishermen by sight and refuses to "take the hook." The Sams will never have to apologize to the game warden for catching old black bass and he will live to a ripe old age and finally go to fish heaven. There is now no bait that will tempt him and these "gentlemen of leisure" might as well stay at home this spring.—Bryan Eagle.

Lee Rountree is always presuming something and the first thing he knows his people will have him as a candidate for Congress and then he will have to stop such conduct.—Richardson Echo.

Lee might stop while a candidatt for congress, but once elected he will try to out Sam all the Sams as a fisherman and outCyclone old J. H. Davis as an orator. We think he can do the latter stunt all right, but there are a few Sams in Texas who "cast a wicked fly" and Lee will never outrank them as fishermen. We don't bet, but we'd lay a little that one of the Sams get Old Black Bass at Medina before the Ides of August.

OBITUARY

Sister Mary L. Wise was born Nov. 11th, 1837 in Henderson, Ky. She married Granson Wise in 1854. To this union were born nine children, three dead, those living are: W. R. Wise, McLean, Texas; G. H. Wise, House, N M.; J. W. Wise, Quay, N. M.; N. J. Wise, Eldorado, Okla.; Mrs. Bert Johnson, Dalhart, and Mrs. J. H. Waters of Clarendon. Sister Wise obeyed the gospel 55 years ago. Think about "walking with God" fifty-five years, a half century and more. She died in Clarendon, March the 9th, 1922. All the days of the years of her pilgrimage were 84 years and 4 months, and she passed over the river to be with the Lord and the loved ones gone before. Brother T. M. Little, one of our good and proficient Elders here made a nice talk at the home, (the writer being absent.)

"Even down to old age, my people shall prove my sovereign eternal, Unchangeable love, and when hoary hairs their temples adorn, Like lambs in my bosoms they still shall be borne."

H. W. TAYLOR ANNOUNCES FOR CITY COMMISSIONER AGAIN

H. W. Taylor this week authorizes the News to announce his candidacy for the office of city Commissioner for another term. Mr. Taylor has served in that office now for two terms, but says that he wishes to hold the office until he has done more toward supplying Clarendon with a better water system, on which bonds the election will be held next month. Mr. Taylor invites an inspection of his record in office, in asking for another term.

The Coming Of Spring

The coming of Spring with its high winds increases the liability of fire. You and your neighbors burn rubbish and trash, you and your neighbors are forced to make quick, hot fires when the late blizzards drop in on us.

THIS MEANS YOUR RISK IS GREATER
The provident man will see to it that his property is covered amply with fire and tornado insurance.

MORE AID ASKED FOR GOODFELLOWS FUND

Those in charge of the Goodfellows' fund report that there have been some heavy drains on that fund of late due to the destitute circumstances of a few families of whom the goodfellows are taking care.

As many have responded already to one or two calls, those in charge of the fund had rather not ask them again at this time, and are respectfully asking that others help out with contributions. If anyone cares to contribute to the fund, please see J. W. Watts.

THE WATER WORKS BONDS

We said in our paid ad some four weeks ago that "Clarendon could not afford not to vote the necessary bonds and extend our water mains and put up a stand pipe," making fire protection for practically all of the city. Now that the city authorities have ordered the election we appeal in behalf of it. We believe the saving on insurance premiums will far exceed the interest and sinking fund taxation for the bonds, besides the protection to property which is always for beyond the insurance carried. Reduced insurance rates will be a heavy blow to our business, but we could not selfishly oppose what we know to be to the best interest of our people. Hence we trust all our people will favor the bond issue for water-works.

NOTES FROM THE CHURCH OF CHRIST

After an absence of 20 days, attending the Lectureship at Abilene, Texas, and enjoying the distinction and honor of being one of the speakers on that occasion, and enjoying a visit to a former field of labor, with a short meeting with them, I am again back in the great and wonderful Panhandle, where snows and blows and nobody knows when he goes, when he will come again. We had a fine service in Windy Valley last Lord's day. It was decided that from this date on we would preach for them on the second Sunday in each month.

Next Sunday I will be with my people here, and shall be glad to see any one interested in the things that make for Spiritual Powers and Growth. I am especially looking for and expecting some of my 'old

Tarr-Heel friends' to be out. I discovered America in that good old N. C. state in 1871, and I have discovered several of her native children here in Clarendon. Come out boys. We will treat you nice. We have an old fashioned, big-hearted people to worship with here.

CLARENDON LAUNDRY INSTALLS NEW MACHINERY

The Clarendon Steam Laundry, under the capable management of W. A. Wilson, is equipped as well for doing work of the first class as is any laundry in the country since the installation of new machinery that has recently arrived. The last machinery installed is a collar machine and a new washer. These machines make it possible for the work to be done twice as fast as it has heretofore, and at the same time the work will be of better quality.

NEW DEMONSTRATION CLUB ORGANIZED HERE

LOCAL W. M. S. MEMORIALIZES COUNCIL ON NEED OF CHURCH SCHOOLS

There arises from time to time a different of opinion between the workers in the ranks of our churches and their governing bodies, and it has been customary that when these differences do arise that the workers present their views in the form of resolutions and memorials upon the mooted subject. Such a condition has arisen in the work of the W. M. S. and the local society of the Methodist church with a great number of other like bodies have taken issue with the Missionary Council which is the governing body of the missionary work of the societies throughout the church. The Council has projected in Texas and other states the building of dormitories for Methodist girls at state institutions, and this project has drawn the fire of those who believe that the needs of the church schools should be attended to before building dormitories at state institutions. This position being maintained by the Clarendon society the following resolutions and memorial has been adopted without opposition and will be forwarded to the session of the W. M. S. Council which meets in San Antonio, March 29th, 1922:

WHEREAS the Woman's Missionary Council of the Methodist Church, South, in regular business session passed a resolution by the terms of which the council and woman's missionary societies of the Methodist Episcopal Church, South will build dormitories around state educational institutions; and
WHEREAS, five thousand students were turned away from the ninety-three schools and colleges of Southern Methodism in 1920, for lack of dormitory accommodations; and
WHEREAS, six hundred girls were turned away from our Southern Methodist University at Dallas, Texas, in the same year, for the same reason above mentioned; and
WHEREAS, it is reliably reported that a still larger number of girls is being turned away this year for the same reason,
NOW, THEREFORE:
Be It Resolved by the Clarendon Auxiliary of the Woman's Missionary Society of the Methodist

J. L. BAIN MAKES ANNOUNCEMENT FOR COUNTY JUDGE

J. L. Bain this week authorizes the News to announce his candidacy for the office of county judge. Mr. Bain has been a resident of this county many years, and has a good understanding of the needs of the county. He feels that he is especially equipped to fill the office in view of the fact that the office of judge and superintendent of schools is combined and he has had twelve years experience teaching in Texas schools. His candidacy is subject to the action of the Democratic Primary in July.

Episcopal Church, South, at Clarendon, Texas, in business session assembled on March 8, 1922, that we present to the Woman's Missionary Council, at its coming meeting to be held in San Antonio, Texas, on March 29, 1922, the following

MEMORIAL:
Section 1. That during the year 1920, five thousand students were turned away from the ninety-three schools and colleges of Southern Methodism on account of the lack of dormitory accommodations; and

Section 2. During the year 1920, six hundred girls were turned away from our Southern Methodist University at Dallas, Texas, on account of the lack of dormitory accommodations; and

Section 3. We are reliably informed that a still larger number of girls are being turned away from the Southern Methodist University at Dallas, Texas, this year on account of the lack of dormitory accommodations; and

Section 4. That we sincerely regret and deeply deplore what appears to be a program on the part of the Woman's Missionary Council to build dormitories for young ladies around state educational institutions to the neglect of our own church educational institutions; and

Section 5. We respectfully petition the Woman's Missionary Council to stay its program for the present of building dormitories around state institutions of learning and that it spend its whole force toward strengthening our church institutions until such time as our church institutions shall be adequately supplied with dormitory accommodations, to the end that the organized hosts of Methodist women shall be organized around our own church educational institutions and not away from them.

KNIGHTS OF KU KLUX KLAN PLACE WREATH ON CASKET OF A. J. BARNETT FRIDAY.

Four members of the Knights of the Ku Klux Klan, robed in the regalia of the order, Friday afternoon at 2:10 o'clock filed into the home of Henry S. Parks, 1904 Van Buren Street, and placed a wreath of flowers upon the casket of A. J. Barnett, funeral services for whom took place twenty minutes later.

The Klansmen entered without speaking, one of them placed the wreath, in the form of a fiery cross, upon the casket. No words were spoken to them. They turned and left as silently as they came.

A. J. Barnett, who died at the home of his son-in-law, Henry S. Parks, last Wednesday afternoon 2 o'clock, was more than 86 years of age, and a Confederate Veteran. He was a member of the Masonic Lodge and the Methodist Church.

Funeral services were conducted at the home Friday afternoon at 2:30 o'clock, Rev. J. W. Story, presiding elder of the Amarillo District of the Methodist Episcopal Church, South, officiating. Services at the grave were in charge of the Masonic Order. Burial was in Llano Cemetery.

He leaves a widow, and four children, C. B. Barnett, and Mrs. C. E. Trawick, of Miles City, Mont.; Mrs. T. M. Pyle, Sanderson, Texas; and Mrs. H. S. Parks, Amarillo.—Amarillo Tribune.

Mr. Barnett was for many years a resident of this city, and it was with deep sorrow that his many friends here learned of his death.

KU KLUX MAKE DONATION TO POOR WIDOW AT GILES

Members of the Ku Klux Klan made their appearance at Giles Friday evening during the progress of a literary society and left a contribution for a poor widow there, who has five children in the scholastic age, but who would have been unable to continue sending them to school but for the contribution. The funds in the school treasury were so short that the school year was cut short. Then it was that the patrons decided to pay for two months more of school for their children. Mrs. Maddox was unable to make this payment. Friday evening right in the midst of the literary program the four robed visitors made their appearance and left the contribution and a letter. The donation to Mrs. Maddox amounted to \$41. After the secretary had read the letter, the visitors began to withdraw. Then it was that the audience burst into a hearty applause.

Maybe the reason some men don't have any scruples about gambling now—is because they were not taught that playing marbles for keeps is gambling.

AMARILLOAN FREEZES TO DEATH WHEN CAR STALLS

Joe Mitchell, traveling salesman out of Amarillo for the Gates Tire Company, was frozen to death Thursday night.

His body was found 8 1-2 miles north of Tulla yesterday afternoon at 3 o'clock by W. C. Cowan of Tulla, who was on his way to Amarillo.

Mitchell was on his way home from Plainview, according to Mrs. H. H. Stephens, 1501 Jefferson street, at whose house he roomed when in Amarillo when his Ford coupe apparently became stalled in a snowdrift 10 miles north of Tulla. He was found about a mile and a half from the stalled car, apparently having abandoned it and started walking back to Tulla.

The body was found crouched against a fence, with the head dropped down on the breast. Death had evidently been recent, for the body was not yet stiffened.

Tracks all about the car indicated that Mitchell was still alive after the fury of the blizzard had abated and the snowfall practically ceased.

The body was taken to a Tulla undertaking company, where it lies pending word from relatives. At a late hour last night no word of relatives had been received, nor in fact, were any friends of the dead man able definitely to locate his family.—Amarillo News.

"Ladies and gentlemen, you will see something fine when Willie Jones eats a whole great big box of Kellogg's Corn Flakes because that's the only kind he will eat a whole box of!"

It's a treat to sit down to a bowl of Kellogg's Corn Flakes

You'll agree that you never ate such delicious, such satisfying cereal as Kellogg's Corn Flakes! Those big, sunny-brown "sweet-hearts-of-the-corn" are so fascinating in flavor and so crispy and crunchy that you don't wonder the children are thrilled to eat them!

Compare Kellogg's with imitations to realize their quality, their appetizing appeal, their wonder-crispness! Kellogg's are never tough or leathery or hard to eat! Each heaping spoonful of Kellogg's is even more joyous and satisfying than the last!

Be sure that you get Kellogg's—the delicious Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Toasted Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

ELECTION ORDINANCE

WHEREAS, the City Commission of the City of Clarendon deems it advisable to issue bonds of the said City, for the purpose hereinafter mentioned:

THEREFORE BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CLARENDON, TEXAS, that an election be held on the 11th day of April, 1922, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Clarendon, Texas, be authorized to issue the bonds of said City of Clarendon, in the sum of seventy-five thousand (\$75,000.00) Dollars, payable serially, ten to forty years from the date thereof, with the option of redemption at any time after ten years from their date, bearing interest at the rate of six percent per annum, the interest payable semiannually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of water works improvement in the City of Clarendon, as authorized by Chapter 1, Title 18, RS 1911, and Article 882 RS 1911, and the Constitution and laws of the State of Texas."

The said election shall be held at the Mayor's office in the City of Clarendon, and the following named persons are hereby appointed managers of said election, to-wit:

W. T. Clifford.

The said election shall be held under the provisions of the said Chapter 1, Title 18, RS 1911, and Article 882, RS 1911, and the Constitution and Laws of the State of Texas, and only qualified voters who are property tax payers of said city shall be qualified to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballot the words: "For the issuance of bonds."

And those opposed shall have written or printed upon their ballot the words: "Against the issuance of bonds."

The manner of holding said election shall be governed by the Laws of the State, regulating general elections.

A copy of this order signed by the Mayor of the City of Clarendon, attested by the City Secretary of said City, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall and at one public place in each of the voting places of the City of Clarendon, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation, published in said City, and which notice shall be published once each week for four weeks, the date of first publication being not less than thirty full days prior to the date of the election.

A. W. McLean, Mayor of the City of Clarendon, Texas.

Attest:
Maude Clark Nelson, City Secretary.

How Big Are YOU??

ARE YOU TOO BIG TO EARN OVER \$1100? ARE YOU TOO BIG TO MAKE \$200 A WEEK THE NEXT SIX WEEKS? ARE YOUR FRIENDS REAL FRIENDS? EVERYTHING BEING EQUAL ISN'T IT REASONABLE TO SUPPOSE YOU CAN COMMAND THE ATTENTION OF YOUR FRIENDS? ARE YOU SO BUSY YOU HAVEN'T TIME TO MAKE MORE IN THE NEXT FEW WEEKS THAN THE AVERAGE MAN OF A FAMILY MAKES IN A WHOLE YEAR? HAVE YOU TIME ENOUGH TO MAKE MORE IN THE NEXT FEW WEEKS THAN MOST PEOPLE CAN SAVE IN YEARS AND YEARS.

Then Why Hesitate When You Can Help Yourself So Well??

THERE SHOULD BE AT LEAST AS MANY ACTIVE CANDIDATES IN THE CLARENDON NEWS GREAT DISTRIBUTION AS THERE ARE PRIZES. NONE OF THIS GREAT ARRAY OF PRIZES SHOULD GO BEGGING. THEY ARE HERE FOR YOU. YOU CAN WIN BIG. YOU CANNOT LOSE.

LOOK AT THESE AWARDS

FAILURE COMES IN "CAN'TS"; SUCCESS IN "CANS."

Do you belong to that class of people who believe it is impossible to help themselves—to make money—to win cars and cash in a liberal newspaper gift distribution? If you do, we wish we could show you the records and the prizes won by score, yes, hundreds, of candidates who have "carried on" successfully in campaigns on the same plan as the New's gigantic "Everyone Wins Something" gift distribution.

DECIDE NOW! ACT! DO! WIN!

Don't let another day slip by without seeing you active. There are fifty-seven rules for success in placing yourself among those who will make from \$200 to -1,000 per WEEK each of these next six weeks. The first is to wake up and do your best—never mind the other fifty-six. Men who TRY are infinitely better than those who are satisfied with their weekly pittance.

HOW MUCH DO YOU WANT TO MAKE?

How much do you want to make? What car do you want to win? Set your own goal. -100? \$200? \$5752.00? and \$1100.00? All right, you can make that sum or its equivalent in big, handsome, speedy motor cars—IF—you are willing to go after them! To date the response to the New's great campaign has been meager. Truly, scores are failing to take advantage of their opportunity. With so few "hitting the ball" YOU can get in now and carry on to victory without any extra ordinary effort.

OPPORTUNITY IS KNOCKING.

The grand array of cash and cars is absolutely going to be given away irrespective of the amount of business produced. Get in now. Take your pick. Cinch your prize—while the biggest vote schedule of the entire campaign is effective. Never again will you have such an opportunity!

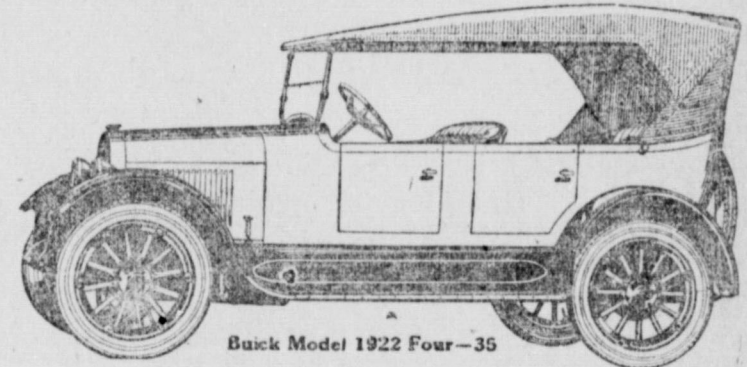

MAKE THE FOLLOWING RESOLUTIONS AND LIVE UP TO THEM and 20 per cent Commission To Active Non-Prize Winners.

- I will enter my own name in the \$4,000.00 "Everyone Wins Something" 2-automobile and purse of gold and silver election, thereby becoming a candidate.
- I will start my Campaign for subscriptions and votes.
- I will begin organizing my friends to assist me in securing the special extra gold award in my district and one of the two cars offered. The first assistance my friends can give me is a subscription to the Clarendon News.

THINK ON THESE THINGS

Surrender to sin is the most ignoble act of which a child of God can be guilty.

Life is one long drawn out battle, or rather a succession of battles, and each one is either a victory or compromise with sin, no drawn contests with evil.

Man is either overcome by evil or evil overcomes him. Every day, every hour, almost every minute, one or the other is done in something great or small; in thought, word or act.

A half-hearted, wavering soldier is not a good soldier, whether in the service of God or man—in battle with armies or with sin, for "A double-minded man is unstable in all his ways." Such a one cannot be depended upon in the hour of trial.

It is the business of life, as soldiers of righteousness and truth, to "Fight the good fight with all thy might," so that at least in a majority of instances victory shall perch upon the snow-white banner of the King of Kings and Lord of Lords.

One has to be fully determined on his course—must have his full consent to give up every sin, renounce every unrighteous alliance, which he may have. So long as there exists deep down in the heart a mental reservation that he might yield to a certain sin, he cannot be a good soldier in the great warfare of life.

Men and women boast much of their liberty and independence, when, while they boast, they are the abject slaves of one or more sins, secret or otherwise. "Of whom a man is overcome, of the same is he brought into bondage. For if they are again entangled therein and overcome, the latter is worse than the beginning."

It is too often the case that one has particular weakness an inclination toward one "darling sin," and while he wants to do right, wants to be pure and good, wants to see good triumph, he deceives himself by believing that he has given up that particular sin, and so is likely to give ground when fighting that one enemy.

In the battles against the powers of darkness one cannot surrender under any circumstances and feel justified in the act. But it is a glorious thing to know that even if the soldier of God is captured by the enemy he can, by true repentance and reformation, be redeemed by his Commander and replaced in the army of righteousness.

"To him that overcometh will I give to eat of the tree of life. To him that overcometh will I give to eat of the hidden manna. To him that overcometh will I grant to sit with me on my throne. And then this most beautiful and most glorious of all promises, 'He that overcometh shall inherit all things; and I will be his God and he shall be my son.'"

The victor is the one to be rewarded. It is for valiant service that the various crosses and other insignia indicating courage and fidelity are given. So that it is "him that overcometh," they that "come out of great tribulation," who shall hear the most joyous of all welcomes. "Well done, good and faithful servant, . . . enter thou into the joy of thy Lord."

Great reward have they who overcome. "Eye hath not seen, nor ear heard, neither have entered into the heart of man the things which God hath prepared for them that love him." It is they who love Him who are able to overcome. It is they who enter heart and soul into the struggle against sin, and it is this whole-heartedness and full determination which make them victors in the strife.

It is he who is zealous for the cause for which he is struggling who makes the best soldier. He goes forth "conquering and to conquer," because he knows that Omnipotence is on the side of right, whether it be a struggle of individuals or of nations. This is true of spiritual and moral battles as well as those in which vast armies are engaged. He who has fully decided to do right, to live a good, clean life, fully determined not to yield to the blandishments and temptations of evil, will win the fight.—By DeWitt McMurray 33 Degree Hon.

SWEET POTATO DISEASES AND CURATIVE STEPS

There are some diseases of sweet potatoes which are doing considerable damage to the potatoes in the field and while in the storage houses. The worst of these is the black rot which is being scattered over the State by infected slips and unless potatoes are carefully selected and created, it will become worse from year to year. Black rot is usually carried from the seed bed to the field by infected slips. From the field it is brought to the storage houses, where it may spread and from there it is taken back to the seed bed unless the potatoes are selected and created.

For these reasons all growers of slips whether for home use or for commercial purposes, are urged to use the following method in order to grow good healthy slips.

Before bedding, be sure to carefully select the seed potatoes and discard all that show any black spots or other signs of diseases. Then dip all of the sound potatoes for ten minutes in a solution containing one ounce of bichloride of mercury (corrosive sublimate) to eight gallons of water. This solution will kill the disease germs on the surface of the potatoes, but cannot reach those which have already gone through the skin and hence it is very important to select the potatoes carefully before being dipped.

The dipping can be easily done in a shallow vat or in barrels or half barrels. Wooden vessels should be used as the bichloride of mercury is corrosive to metal. This solution is poisonous and should not be left where livestock or children can have access to it.

A handy way to do this dipping is to place the potatoes in bushel baskets and then immerse them in the solution for ten minutes. They are then ready to be placed directly in the seed bed, after the solution has drained off. While they are being bedded another lot can be dipped. This method is very simple and extremely important to keep down serious diseases.—By E. A. Miller, Sweet Potato Specialist, A. & M. Extension Service.

LEADS WORLD IN WATER POWER

The United States leads the world in the development of water power. Forty per cent of the working water power of the world is in this country, where a total capacity of 9,243,000 horsepower has been installed, according to a report of the United States Geological Survey issued recently.

New York leads the states with 1,300,000 horsepower developed by water power and California comes second with 1,111,000 horsepower. The largest single water power plant in the world is at Niagara Falls, with 870,000 horsepower capacity, but the major part of this development is on the Canadian side.

Europe has one-third of the developed water power of the world. France, Italy, Germany, Norway, Sweden and Switzerland have each more than 1,000,000 horsepower working.

With its water power and steam generating plants the United States furnishes its people with the cheapest and most efficient electrical power in the world.—Public Service Magazine.

EFFECTIVE STREET LIGHTING CHECKS CRIME

There is hardly a phase of human life from the cradle to the tomb on which the services rendered by the public service companies do not touch directly. We use the telephone to call the physician, gas heats the food for us in childhood and maturity, we use electric transportation facilities on missions of pleasure and pain and the electric bulb lights the occasions of our joys and sorrows.

A new service has been discovered, however, in which one branch of the public service industry—the you there. Noise won't win for you. electric light companies—has been going for years, and which is constantly growing. This service is crime and accident prevention.

In Cleveland a crime investigation was made covering over a thousand cases of burglary, automobile stealing, robbery, pocketpicking and other crimes that flourish on poorly lighted streets. Lighting engineers checked up on the percentage of crimes committed at night and found that about nine out of every ten crimes occur after nightfall—only one during the hours of daylight. They also checked up on the influence of location. Taking 5 miles of downtown business streets—less than 1 per cent of the total street mileage of the city—it was found that these streets were the scene of fully 17 per cent of the night crimes. That, however, was before the complete overhauling and remodeling of the downtown street lighting. Superceding the former system, 600 ornamental posts were erected, all wires were put underground, and the posts were equipped with huge lanterns of rippled glass, each containing a lamp of at least 1,000 cp.—in some locations lamps of even 1,500 cp. were installed. Furthermore, the posts were spaced only 85 ft. apart—much closer than formerly, and were arranged in pairs—a post on either side of the street forming a "lane of light" or "white way." What were the results?

Night crimes in the downtown district showed an actual decrease during a period when crimes outside of that district increased by more than 50 per cent! In fact, there were 41 per cent fewer crimes on the "white way" than would naturally have been expected had there been no change in the lighting. Burglaries outside the "white way" increased 46 per cent, while on the "white way" they decreased 55 per cent.

As might naturally be expected from such benefits as these, Cleveland is now rapidly extending its high-candle-power gloom-dispelling system along the principal thoroughfares of the city.

It was also proved, by a separate investigation, that traffic hazard is measurably greater where there is lack of adequate lighting. A survey of the 3,549 street accidents that took place in one year in Cleveland showed that lack of illumination contributed to 38 per cent of the accidents occurring after nightfall. At least fourteen of these accidents to which lack of light contributed resulted fatally.—Public Service Magazine.

CARD OF THANKS

We desire, to thank our many friends who were so kind and attentive to us during the last illness and death of our dear mother, Mrs. Wise. May the good Lord reward you all richly for your deeds of kindness and words of love and cheer. Gratefully yours, G. H. Wise, N. J. Wise, J. M. Wise, W. R. Wise, Mrs. Bert Johnson, Mr. and Mrs. J. H. SIBLEY AND SONS PURCHASE BIG BOAR

A. J. Sibley and sons received a large Poland-China boar of the Liberator strain last month from the Golden Rule Farm at Springfield Missouri. The boar was twelve months old the 4th of March and weighs 390 pounds. Mr. Sibley and his sons own fourteen registered sows, and the addition to the herd will help toward bringing this part of the county into prominence as a hog raising territory.

CHARACTER OF WEBSTER

THOMAS F. BAYARD

In a humble farm-house in the town of Salisbury, New Hampshire, Daniel Webster was born. It was an American homestead of one hundred and sixty acres, that "quarter section," so well known to the land laws of the United States. There this great typical American first saw the light. There first he learned, from a pious mother's lips, the letters of the language that in later days, by speech and writing, he was destined to adorn. From that mother's teachings he imbibed in tender infancy those vital truths of religion and morality which formed the basis of his character, and to-day give strength and permanence to the immortal part that survives. He was born in New Hampshire, and he died in Massachusetts, but he lived and died with a love for his whole country that never knew state lines, nor paused upon the imaginary boundaries of sections. Nature had gifted him with great powers of mind coupled with warm and generous feelings. His intellect enabled him to comprehend the mighty nad manifold interests of humanity, contained within the Federal Union, and his heart was large enough to embrace them all. Before or since, New England has had no such champion or representative, but he gained no victory for her at the cost of other portions of his country; and in all the loving praise and manly defense of his own home, in no speech or letter, wherever uttered or written, not a thought or expression, belittling or derogatory or reputation, or wounding to the self-love of any other portion of his fellow countrymen, have I found.

Webster was a statesman living under a written constitution of government, and his creed may neither be stated in a breath, nor condensed into a phrase. It would be as delusive as it is unjust to try such a man by phrases torn from their context, and by chance expressions, without interpreting them by the general meaning which surrounds them. But as to some meanings there is no doubt; and that Webster was the soldier of the constitution, because it created and continued the government of "a more perfect Union," is as fixed as the everlasting hills of his native state, with a vision that was prophetic, he witnessed the growing alienation of his countrymen, and the dangers to the Union which it threatened. These apprehensions clouded his anticipations, and the recorded and reiterated warnings and deprecations against sectional animosities, that burst from his very heart are almost countless. They form part of his history, and read now and hereafter they will ever attest the sagacity of his mental vision, and the depth and sincerity of his patriotism. The veil which hides from our eyes the future, no doubt conceals, in mercy, many an assault upon the peace, law, and liberty of the land we love; and in the fisty foreground of the future, I fear there are dimly to be discerned forms and shapes of evil. But we must stand as the father of Webster stood, "a minute-man," ready for their defence, fortified, enlarged, and refreshed by the memories and counsel of our great countryman—Daniel Webster.

THIS TERRITORY VISITED BY BIG RAINS THIS WEEK

Donley county today has its usual fine prospects for bumper crops, and it seems will be up to its standard of production due to the big rains that have fallen here this week. Sunday and Monday nights good rains fell, and in some sections to the southeast of here around Lakeview, it is reported that considerable damage was done by the storms.
