

INCREASE OF ALMOST TWENTY PER CENT IN SCHOLASTIC POPULATION OF COUNTY IN LAST FIVE YEARS

FIGURES RECENTLY COMPILED BY JUDGE LINK SHOW REMARKABLE INCREASE IN SCHOLASTIC POPULATION, AND ATTENDANT HIGHER STANDARDS OF SCHOOLS. BIGGEST INCREASE IS SHOWN IN RURAL SCHOOLS.

The growth of Donley county is shown in a remarkable way by figures recently compiled by Judge W. T. Link, superintendent of public instruction for Donley county. It is shown by the record in the judge's office that the scholastic population of the county has grown from 2,199 in 1918 to 2603 in the year that is just past. In Clarendon the growth was from a scholastic census of 661 in 1918 to 750 for the year just past.

The separation of the offices of county judge and superintendent of public instruction is authorized by law when the scholastic population of the county reaches the 3,000 mark. It will be seen at a glance that if the same percentage of growth continues in the future these offices may be severed in this county in less than five more years.

By independent districts and common schools the growth is summarized as follows:

1918 Clarendon Ind. Dist.	661
1918 Hedley Ind. Dist.	362
1918 Lelia Lake Ind. Dist.	231
1918 Donley Co. common school	945
1918 Total	2199

1919 Clarendon Ind. Dist.	668
1919 Hedley Ind. Dist.	349
1919 Lelia Lake Ind. Dist.	207
1919 Donley Co. common schools	1020
1919 Total	2244

1920 Clarendon Ind. Dist.	723
1920 Hedley Ind. Dist.	393
1920 Lelia Lake Ind. Dist.	243
1920 Donley Co. common schools	1048
1920 Total	2412

1921 Clarendon Ind. Dist.	717
1921 Hedley Ind. Dist.	366
1921 Lelia Lake Ind. Dist.	250
1921 Donley Co. common schools	1088
1921 Total	2421

1922 Clarendon Ind. Dist.	750
1922 Hedley Ind. Dist.	402
1922 Lelia Lake Ind. Dist.	251
1922 Donley Co. common schools	1198
1922 Total	2421

CITY BONDS ARE SOLD THURSDAY

GOOD PREMIUM IS REALIZED ON THE BONDS FOR NEW WATER SYSTEM.

The \$75,000 issue of bonds by this city for the improvement of the water system, was sold Thursday to Crosby, McConnell and Company, of Denver; a handsome premium being realized on them. The bonds were purchased at par, accrued interest allowed, the cost of printing paid, and a premium of \$1,700 was allowed in addition.

The purchasers at this sale were also bidders at the first sale of the bonds, but the company that originally purchased them and then refused to take them bid a higher figure than were these willing to pay. Although the work on the city water system was delayed slightly by the refusal of Dunn and Carr to take the bonds, it will soon begin in earnest and will be rushed to completion.

Mrs. A. N. McCardell, who left last week for a visit with her parents at Wichita Falls, has gone and is enjoying a pleasant stay in that part of the United States.

BAKER, VENTRILOQUIST AND MAGICIAN

A master of his art. One of the first people you will meet after you are introduced to Mr. Baker is his friend, "Dummy Dennis."

Dennis is a homely chap and somewhat bashful, but after Mr. Baker has encouraged him sufficiently, it develops that he is both a musician and an orator and endowed with a very keen sense of humor.

Mr. Baker is unkind enough at times to leave Dennis alone on the stage and wanders down through the audience. This results in a lot of conversation on Dennis' part, some of it being of a decidedly uncomplimentary nature as far as Mr. Baker is concerned.

It seems that Dennis has something on Mr. Baker; he is just on the verge of telling it many times, and whether he does or not, you will wait and see.

Mr. Baker is a new comer to Chautauqua audiences. He has been a big success on some of the larger Theatrical Circuits in America. His work as a Magician is not devoted to any elaborate spectacular illusions, but he does things with alarm clocks, flags, and handkerchiefs that beggar description.

ROOSTERS ARE STILL CROWING

The Roosters are still crowing over their successes, having played three games and won every one. Their latest success was in their encounter with the baseball team of Copeland Brothers Show. The contest was held Thursday afternoon on the College Park Diamond and resulted in 6 to 2 victory for the Roosters. Batteries for the Roosters were Ozier and McKenzie.

MISS GRISWOLD TO TEACH IN CLAUDE

Miss Lena V. Griswold, the daughter of Rev. and Mrs. J. T. Griswold, and who is finishing the work of her senior year at S. M. U., has been employed as head of the Department of English in the Claude High School for the coming year. Her many friends here are glad to hear of her securing this fine position and feel that it is a reward for merit.

SLIGHT CHANGE IN SCHEDULE OF TRAINS

As announced in the last issue of the News, changes in the hours of arrival of the passenger trains were announced, although at that time the local railway officials were unable to give the exact time of the arrival of each train. By the schedule which went into effect Monday, the morning southbound passenger arrives here at 8:45. The morning northbound passenger arrives here at 10:25. The evening trains will meet here at 8:05 p. m.

Mr. Randall, of Clinton Oklahoma a former resident of Clarendon but who had not been in this city for ten years, arrived here the first of the week. He states that he is both greatly surprised and highly pleased with the progress of the city, and further says that he is proud to say that he one time lived here.

H. B. Spiller has bought a home in the southeast part of town and moved there Monday.

COMMUNITY PICNIC JULY 4TH

PLANS ARE TO MAKE THIS A GET-TOGETHER AFFAIR OF THE OLD TYPE

Independence Day will be celebrated this year by an old fashioned community get-together according to plans that are being worked out by a committee appointed to arrange for the celebration of the day. Everyone is invited to participate in a big basket dinner, and a great attraction will be friendly mixing for the day. It is also planned to secure some important speakers from over the state; and some of the candidates for the larger offices will also be glad, no doubt, to avail themselves of this opportunity to address the voters. The Clarendon Band will furnish music for the occasion; and is now going through some hard rehearsals to be in tiptop shape for the day. The membership of the organization is more than twenty-five players; and they are getting to where they play with good ensemble.

Sports of the day will be baseball in the way of games. It is now planned to have local teams who are members of the city league to play each other then; and the other plans the committee holds for the present.

A fund will be made up to place a water at convenient places. According to the plans that are being made this is not to be a wild west affair but rather a friendly get-together of the old days, and its success depends on the co-operation from everyone who enjoys such an occasion. Further plans will be announced later.

CLOVER PROVES VALUABLE CROP

MANY STOCK RAISERS PLANT GOOD ACREAGE THIS YEAR AND GET GOOD RESULTS.

Sweet clover is proving one of the most valuable crops for this county, and has been found better for hogs than any other crop of the kind. One hundred and seventy-five acres were sown this spring, and that which was planted early is already being pastured heavily. This crop is as high in protein as is alfalfa, and by actual experiment it has shown that it adds as much nitrogen to the soil and is more drought resistant; and, most valuable of all, this crop will grow on any type of soil.

County agent Hendrix states that Sweet Clover and Sudan Grass make an ideal summer pasture. Many livestock raisers have had great success in this county by turning spring pigs on this kind of crop during the summer, later putting them on a self feeder of grain and tankage. Fall pigs are placed on a pasture of peas planted every other row or every third row with some grain crop. In the spring the pigs go on a self feeder of grain and tankage, thus producing a hog that weighs from 175 to 200 pounds, the size that top the market.

By actual test in this county it has been shown that a feeder crop planted with every third row in peas produces just as much grain as where every row is planted in grain; and the success of this method joined with the sweet clover crop has been proved to a remarkable degree. Leon Henderson, one of the farmers interested in this method of raising hogs, planted three acres of sweet clover early this spring, and he is pasturing it regularly now with very few hogs, and the hogs are unable to keep the clover thoroughly eaten down. Also this spring there has been more than fourteen hundred acres of feed in this county planted with very third row in peas.

Joe Burton, of Dallas, formerly of New York, arrived here the first of the week for a visit with his father, C. A. Burton.

LOCAL BAPTIST CHURCH BUYS ENCAMPMENT LOTS

REV. FRONBARGER, OF CANYON PRESENTS THE PROPOSITION TO THIS CHURCH SUNDAY AND PURCHASE IS MADE.

Rev. B. F. Fronbarger, of Canyon, presented the proposition to the local Baptist Church of its purchasing lots in the encampment site that has recently been set aside in a large Canyon northeast of Canyon City. Four hundred of these lots have been set aside for encampment purposes for an annual assembly of the B. Y. P. U. and Sunday school workers at that place. The sale of the lots is not complete but amounts to a fifteen year lease on the lots.

Centrally located among these lots will be a tabernacle, after this year, sufficiently large for all assembly purposes; and the lots of the neighboring church will be placed near each other, so that such churches may have meetings of their own. This year a large tent will be used for the meeting place instead of the tabernacle. The assembly will take place from August 2nd to 12th.

As large springs supply an abundance of water it is planned to put in three dams to form swimming pools. These pools will also be stocked with fish. Among other things, it is planned to furnish light to the tabernacle by utilizing the water power that may be easily harnessed.

YOUNGBLOOD JOINS WASHINGTON SENATORS

Word has been received here that Chief Youngblood, the hurler who has had such a phenomenal record since he entered Clarendon College, left Greenville Saturday evening for Detroit where he joined his new club on its western tour. He sold for twenty-five hundred dollars and will draw a salary of three hundred and fifty dollars per month.

BRASWELL FAMILY SPENDING VACATION IN ARKANSAS

Editor Sam Braswell and family left Saturday morning in their car for Leslie Arkansas where they will spend this month in the Ozarks. A card received yesterday from them stated that they were at Sapulpa Oklahoma with a fine trip that far.

HAWAIIAN MUSIC

Do You Know Where the Ukelele Came From?

The ukelele was brought to Hawaii from Spain. No people have been able to make music with it except the Hawaiians and they only when it is played in conjunction with some other instrument.

Do you know the origin of the steel guitar? The guitar was also brought to Hawaii from Spain. The Hawaiians improved upon it in using the steel the way they do they are able to get these plaintive, weird melodies which distinguish Hawaiian music.

Miss Anna Myra Bennett, daughter of Mr. and Mrs. C. W. Bennett of Clarendon, has been prominent in the social activities which attended the closing days of school at Ward-Belmont, Nashville, Tenn. She attended the traditional club dinner as a member of the T. C. C. Club on Wednesday evening. In mid May she participated in the May Day festivities which were observed according to the old English custom and which were witnessed by more than two thousand spectators.—Ward-Belmont School Notes.

George Reed and Floyd Lumpkin and families left Friday for the Damits lake near Quanah where they will enjoy an outing and fishing trip for several days.

ENCAMPMENT TO BE NEXT MONTH

CLUB BOYS AND GIRLS OF COUNTY TO HAVE ANNUAL EDUCATIONAL MEET.

According to the plans being worked out by the county agents, the annual encampment of the Donley county club boys and girls will take place about the middle of next month. Although the site has not been definitely chosen, there is reasonable certainty that the dates will be either the 13th and 14th or the 14th and 15th of July. The affair will be conducted on the lines that it has been heretofore.

Part of the meetings will be held in the administration building of Clarendon College; it is there that the experts who will be here from the A. & M. College will lecture; and the display and study of the girls' domestic science and art will take place.

As well as the lectures and judging contest, there will also be a track meet in which contestants from the various communities will enter.

The encampment is one of the most interesting meetings of the club workers. Tents are usually pitched where the club members and their parents spend the time in both an outing and an educational meet.

Mr. and Mrs. L. B. Taylor and son Reid, and Mrs. L. L. Taylor and baby Mary Joe spent the latter part of last week in Wichita Falls.

Mrs. C. C. Reding, of Burkburnett, has been visiting here with her sisters, Meses. L. B. and L. L. Taylor.

GOOD PROGRESS MADE BY BAND

INTEREST OF MEMBERS INCREASES WITH EACH REHEARSAL.

Clarendon's Band is fast being shaped into a thorough musical organization, and with the arrival of summer, rehearsals are being met in better shape. The average attendance ranges from twenty to twenty-five. The first appearance of the organization was made a week ago Sunday when it furnished music for the memorial services.

At this time some good marches are being finished and work is also being done on some of the lighter concert stuff. Remarkable progress has been made by the members since the organization in February, as at that time some twenty raw recruits who knew nothing of either music or an instrument, offered themselves for the work; and by their diligence they have come to the point that they will be proud before the summer is past. The organization is being instructed by Charles Dean.

Clarendon is particularly fortunate at this time, in having a chamber of commerce that is giving the band such loyal backing. In reading the exchanges from the other towns in this part one notices that almost every paper carries some plea for support to continue a band that has been organized. But the chamber of commerce in this city is furnishing the means of making this one of the best bands in the Panhandle with a little more practice.

I. O. O. F. MEMORIAL SERVICE HERE SUNDAY

The Odd Fellows will have their memorial service here Sunday at the Baptist Church. Rev. R. C. Baker, of Memphis, will deliver the address at eleven o'clock in the morning. Everyone is invited to be present.

Bill Clifford returned Friday to this city from Dallas where he has been in banking work. He left the first of the week for Amarillo where he has an excellent position with the Amarillo Bank and Trust Co.

LOCAL CHAPTER EPWORTH LEAGUE HOST TO CONFERENCE OF NORTHWEST TEXAS LEAGUES THIS WEEK

MORE THAN TWO HUNDRED VISITORS HAVE ARRIVED TO DATE AND MANY MORE WILL GET HERE TODAY. MUCH INTEREST IS SHOWN IN SERVICES. DISTRICTS VYING TO SECURE NEXT YEAR'S CONFERENCE.

INCREASE IN THE VALUE OF FARM LANDS

It is a matter of common observation that, when any community has passed from a condition dominated by bad roads to a condition which is characterized by good roads, land values in that community advance. It is plain no system of good roads can directly improve the soil fertility or the quality of farms. It is equally true that good roads can directly improve the site value, or the value which accrues to a farm by virtue of this situation with respect to markets, schools and towns. In dealing with this matter of increased farm values from a strictly economic stand point, it has been previously pointed out and it is worth remembering that where farms have advanced in value the advance is due essentially to decreased hauling costs. The advance in farm values, in other words, measures partly the increased value of the farm as a plant for the business of farming.

That increment of value which is due to those things that are described as social advantages or improved social conditions has no numerical measure. When his road is improved the landowner appreciates the improvement and frequently sets an increased value upon his land. It is difficult, however, to analyze the entire increment of value which follows good roads. There is no doubt that the cost of good roads is met by some form of taxation, which, in many instances the landowners add to the selling price of their land that amount which they estimate the good road has cost them in taxes. The important point that is becoming more understood by landowners is that good roads require a considerable investment of capital and furthermore that such investment "is a paying one."

In determining the economic advantages of good roads to any community there are three items which must be included, but the amount is hard to estimate, such items as the wear and tear on the vehicle regardless of the kind, in other words any one used for transportation.

The question of marketing is worthy of consideration, living on two different roads but the same distance from town, they learn by phone cotton has advanced one dollar per bale. The farmer living on the bad road can haul only one third as much as the one on the good road, and maybe cannot get to town. The rise means a profit. This condition may arise at any time in any community, or if a doctor is needed.

It is reasonable to say, therefore that good roads mean that diversified farming as we have here, will be encouraged, the area of profitable marketing improved, and a more uniform distribution of farm products will be produced.

If we think these things over and be fair and recall how many of the improvements today we would have not believed if someone would have predicted them only ten years ago.

We are going to have good roads, some time. You know when? As soon as you decide to have them.

A. N. McCardell, Manager C. of C.

Miss Mary Tomlinson left Saturday for Kansas city where she will study in the Horner Institute of Fine Arts. She will take special work in expression, and will later go into the Lyceum and Chautauqua work. She was assistant teacher of expression in Clarendon College last year.

J. L. Bain was an Amarillo visitor Saturday.

The First Annual Assembly of the Northwest Texas League convened Tuesday evening with an attendance of near two hundred and fifty.

A faculty of more than thirty of the most prominent speakers and church workers in the southwest part of the United States are making the lessons of this assembly long to be remembered. Committees are looking after securing homes for the delegates and furnishing the noon day lunches at the church. Clifford B. Casey, conference executive secretary of the Epworth Leagues is acting as chairman, and Miss Llewellyn Deason, of Amarillo, is secretary pro-tem.

Following the opening song and prayer, Tuesday evening, Dean S. H. Condon, of Clarendon College, gave the address of welcome for Clarendon College. He gave a sketch of the Old Allentown Academy in the city of Old Clarendon in 1878. But Clarendon did not have a college until 1898 when Dr. J. W. Adkinson, having no connection with the Allentown scheme, but the founder of Polytchnic, laid the foundation for a college. Rev. J. T. Griswold then spoke the address of welcome in behalf of the city. Clarendon with her many fine churches, her excellent public schools, and her live business men welcomes the league conference he stated. The response was made by Rev. I. T. Huckabee, of Amarillo. He made many humorous remarks about how glad the leaguers are to come to this city, declaring that good plain food was plenty good for them if they are Christians and too good for them if they are not Christians.

After this a get-together and social hour, in charge of Miss Mabel Claire Betts, was highly enjoyed by those present. An orchestra that had its first assembly on that evening played several numbers. Yesterday morning the delegates met at the church at six o'clock for a service as they did also this morning. Yesterday morning's service was led by Rev. I. T. Huckabee, of Amarillo, and this morning's service was led by Rev. J. R. Rich, of Lelia Lake. After the morning watch, (Continued on page 5)

MEMORIAL DAY OBSERVED HERE

SERVICES ARE HELD ON COURT HOUSE LAWN SUNDAY PRECEDING THAT DAY.

The departed heroes of our wars were honored here on Sunday preceding Memorial day with services on the court house lawn in charge of the American Legion. Hon. J. V. Leake, of Memphis, was the speaker of the day.

The Legion boys formed in company in front of the Y building and marched to the court house. As soon as they had arrived, the Clarendon Band struck up the lofty strains of "Hail Columbia." Rev. Foster then led in a prayer, following which the band played a lively march.

Major E. A. Simpson then read accounts of works that are being done to honor our departed heroes; and Hon. J. V. Leake spoke for a few minutes on fitting remembrance of our dead by doing our best for the living heroes.

A firing squad in charge of Ralph Kerbow then gave the salute, after which the company, in charge of James Adams stood retreat.

(Note due to an oversight, the account of the services was omitted last week.)

Hold Back anything needed Here

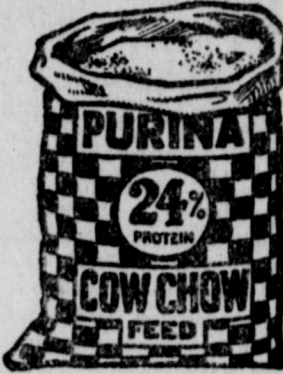

and it shows Here

A Cow can give milk to her fullest capacity only when fed the right proportion or balance of milk-making materials. Milk is made up of Protein, Carbohydrates, Fat, Minerals and Water, in proportions that, practically speaking, can't be varied. Instead of making imperfect milk, a poorly fed cow gives less milk.

Feed Purina Cow Chow

and your cows will get all the Protein and Calcium needed to balance your Carbohydrate roughness.

All we ask is that you give Purina Cow Chow a trial and let your milk scales show you why you should keep on feeding it.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

UNEMPLOYMENT DISAPPEARING

A United News dispatch from New York brings the following cheering information from the metropolis:

"The most deserted places in New York are the waiting rooms of the employment agencies.

"Where five months ago there were long lines of discouraged men waiting in line to apply for work, one now finds the offices empty and the clerks reading the newspapers.

"The reason is that in most lines there are more jobs than men, and those who are not working are going from one place to another to find the job that pays the most."

P. J. Rigney of the New York Industrial Aid Bureau called attention to the empty chairs in his outer office, which a few months ago was crowded to standing room with men looking for jobs. Roy P. Gates, director of the employment bureau of the Charity Organization Society declared yesterday that "unemployment has been reduced 42 or 43 per cent below what it was on March 1, and by June 15 it will be reduced by 65 or 70 per cent because of the harvest season."

The dispatch points out that there is a real revival behind this change of the employment situation. It says:

"That there is a general industrial revival behind the increase in employment is reflected in the grain of 15,100 in freight cars loaded over the previous week, a decrease in idle freight cars of 7,500, and increased operation in railroad shops."

It might be added that the increase in building permits in different sections of the country also shows that the revival is well under way. The old United States is coming back like a house afire.—Ft. Worth Star Telegram.

BOYS CONNECT TELEPHONE AND RADIO AS HOAX

With half the town "sending" and the other half of the population "receiving" radio messages Tuesday, Haskell, Texas, spent an evening of great excitement over the "wonderful" results of a radio experiment, until the year's best joke in that community was discovered.

J. E. Grissen and J. A. Broadus, two well known business men of Haskell, installed a radiophone receiving set in one of the local stores and were ready for a demonstration that evening.

When the shades of night fell two enterprising youths of the city who had seen the aerials erected, connected a telephone to the aerials and the fun began.

A message was heard by the expected hour and as several were in the store at the time the news quickly spread. More messages were heard, as clear as a bell and without any static. The owners were delighted and in an hour more than a hundred people jammed the store, fighting for the single receiver the machine was equipped with. Raleigh Lemmons acted as chief receiver.

Meanwhile in another store a few doors away almost as many persons in on the joke, "sending." The hoax lasted until 10:30 o'clock when someone got suspicious and discovered the joke.

The radio set is the center of interest in the city and has since caught some real radio messages from Fort Worth.—Lyn County News.

HEAD OF COTTON MANUFACTURERS SAYS SOUTH MAKE OWN COTTON GOODS

Washington, May 26.—President L. D. Tyson, of Knoxville, Tenn., told the American Cotton Manufacturers Association convention here today that the textile industry of the south could never attain prosperity or independence until the majority of the mills decided to diversify and finish their products so that they could go direct to the consumer with them.

"It is an economic crime," President Tyson said, "for the south to continue to produce goods and send them hundreds and even thousands of miles elsewhere to be advanced to manufacture, to be completed and distributed and then returned to us at an increased cost, due to public transportation charges, double and even triple overhead expenses, double selling expense and double distributing cost and more."

"What we need in the south," he continued, "is more finished fabrics ready for the trade, more bleacheries more dyeing establishments and more converters, more printing plants and mercerizing plants, more knit goods establishments, hosiery units and the like.

The southern textile industry, Mr. Tyson declared, had developed from 4,000,000 spindles in 1898 to 15,000,000 spindles in 1922, an advance of 300 per cent as compared with a 50 per cent advance over the same period in New England.

"Our selling methods must be revived," he said, "either by selling direct or by closer co-operation with our selling agents, who should maintain southern and western branches and western points of distribution.

President Tyson urged as a necessity to return to normal business conditions the restoration of the buying power of the farmers and the railroads, the need for labor to "accept recessions in wages in keeping with reductions in other lines," enactment of a suitable tariff; maintenance of merchant marine and the institution of economics in governmental affairs.

COTTON GRADING SCHOOL TO BE CONDUCTED IN LUBBOCK

We were glad to learn from J. E. Hearrell, local Government cotton grader, that he and H. O. Waters, the largest bulk buyer on the Plains, will conduct a cotton grading school in Lubbock, beginning about June 5th. It is complimentary to Mr. Waters to note that he wishes the men from whom he buys cotton to know about the kind of cotton they are selling, as is indicated in his willingness to assist in conducting this school.

The Plains are coming to the front as a cotton producing section. We have and still do contend that more dollars per acre can be made off cotton here in a series of five years, than in any other cotton producing section of the state in that period of time, and have substantial figures to prove the fact, and with this in view it is certainly well that the farmers take every opportunity to learn the cotton business, the kind most adapted to the soil, and the kind of staple they are selling.—Lubbock Avalanche.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. It also neutralizes the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in preventing kidney trouble while it is only trouble.

Rev. T. E. Shelton, pastor of the Baptist church in Claude, was in this city Friday on business.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

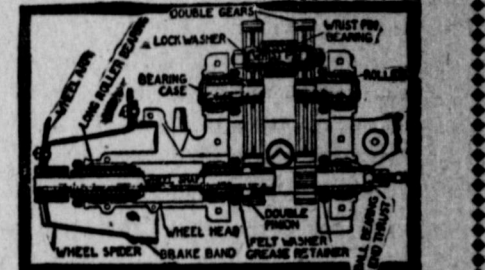

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Requires Grease Once Every Two Years

Watson & Antrobus

CASH BASIS

We are often asked why it is necessary for us to be so rigid with our collections. The reason is very easily explained. Every thing we buy must be paid in cash.

We have adopted the policy of paying cash for all material and supplies that we buy locally.

When we buy fuel we have to pay cash in advance.

Freight and express are always cash.

Labor is always cash.

Ninety-nine per cent of everything we buy must be paid for in cash.

This plant is owned by a big company, but it is operated by itself. We have to pay all expenses out of the money we collect. As all our expenses must be paid in cash it is necessary for us to have the cash to pay them.

We all know that following up delinquent accounts is an expensive process. And that if we can pay cash for what we buy and get cash for what we sell we can operate our business on a cheaper basis.

The state laws limit our profits to a reasonable return on the physical value of the property. It is to the interest of our customers to help us reduce our expenses. You can do this by paying your bill as early in the month as possible, so that we can keep our business on a strictly cash basis.

This is the reason why we ask our customers, to pay their accounts before the 10th of the month.

Clarendon Light & Power Comp'y

"And They Shall Beat Their Swords Into Plowshares"

It's a prophecy which has already come to pass. Already the mighty forces of this mighty nation have been turned from the destructive unto constructive pathways and works of peace.

For "they have beat their swords into plowshares and the plowshares are turning the fertile fields and valleys of America into garden spots that will yield up an abundance of food and feed.

To the farmers of this community we extend our earnest well wishes for a successful year, and a desire to help in every way that lies within our power.

So extra delicious With fresh fruits

No other food has such an appeal on a hot day as Kellogg's Corn Flakes! They win fickle appetites, they satisfy hungry folks! As an extra-summer taste thrill, eat Kellogg's with the luscious fresh fruit now in season. Such a diet is not only ideal from a health standpoint, but it is refreshing!

You can eat Kellogg's Corn Flakes liberally at any meal because they digest easily. Let the children have all they want.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Kellogg's CORN FLAKES

LAND FOR YOU

And a way for you to buy it. We can furnish black, black loam or sandy loam soils. Land with plenty of rainfall, moderate rainfall, or irrigable. Land that is level, rolling or hilly. Land suitable for almost any crop, fruit, vegetable or livestock. Terms easy for real farmers. Some raw lands without cash payment to those who will improve them, and long easy terms of payment. Write for our new booklet. H. M. Madison, Gen. F. & I. Agent, S. A. & A. P. Railway, San Antonio, Texas. Write Geo. F. Lupton, G. P. A., about your summer excursion. (26c)

STOP THAT ITCHING

No matter how long you have suffered from a skin disease such as Itch, Eczema, Ringworm, Old Sores, Tetter, or cracked Hands, Poison Oak, Sore Feet, or Sores on Children, we will sell you a jar of Blue Star on a guarantee. This is a scientific preparation which penetrates the skin going direct to the seat of trouble. Will not stain your clothes. Sold on a guarantee by R. A. Long Drug Co. (26c)

FRAUDULENT MASONRY EXPOSERS SENTENCED

Spurious Sellers of Fictitious "Degrees" Get Twenty Years in Jail

Washington, June 1.—The many Masons in the Senate and House of Representatives are highly gratified at the action of the Federal Court, District of Utah, which has just sentenced M. McBlain Thompson, Perrot and Dominic Bergera to two years each on ten counts each (concurrent sentence) for using the United States mails to defraud. The men were convicted of operating the "American Masonic Federation" and of having duped some ten thousand persons in this country and abroad into buying "degrees" of all kinds. It was proved the "authority" which they claimed for working the craft degrees was a negro organization in Louisiana and that the alleged Scottish organization which they claimed as authority was an organization originated by Thompson himself.

Witnesses came from all over the United States and from Scotland. The judge scored the defendants unmercifully and in addition to the jail penalty imposed a fine of \$5,000 and costs. The convicted men were not par-

ticular as to what "Masonic" degree they sold; "initiates" were made in the blue lodge, the Knights Templars, the Scottish Rite, the Eastern Star, the Mystic Shrine; all the "initiates" had to have cash.

The post office authorities are gratified to have vindicated the integrity of the United States mail, which cannot be made a tool of fraud with impunity; and all Masonic bodies will rejoice that malefactors striving to bring their organizations into ill repute have met their just deserts.

SAM JONES ON HONESTY

I'll tell you the sort of honesty I find in my Bible where Abadiah borrowed \$5000 from Ahab and died before the money was due. After his death Ahab sued the widow for the debt, and levied on her and her two children for the money. They could levy on children in those days, and they were to be sold in this case to pay the debt. The mother was in distress, and she hunted up—I had almost said a lawyer, but she never went within a mile of one, God bless you. She hunted the best old prophet on the face of the earth. She stated her case to him, and said: "My husband died, owing this money, and

BEGINNING OF PROSPERITY

Many a man has been made prosperous through an account in this bank.

First National Bank

Member Clarendon Chamber of Commerce

they have levied on my two children to pay this debt. What must I do?" The old prophet looked at her and said: "What have you in your house?" The poor woman replied, trembling: "Nothing but a pot of oil, and that is to embalm our bodies with." The prophet never said a word about the home-stead, but he said: "You go and sell that oil and pay that debt." She went home and borrowed vessels and drew enough oil out of the pot to pay the old debt, and she had

more oil left afterwards than when she commenced to draw it. That was God Almighty standing by an honest woman, don't you see? I have seen it repeated again and again, and I tell you that God Almighty will take care of an honest man, if He has to put the angels on half rations for twelve months.

Wilson Turner arrived here last week and attended business and visited with his sister, Miss Marjorie.

TO CANDIDATES

All candidates who expect to ask to have their names printed on the Democratic Ballot for the Primary Election July 22nd, 1922, must file their application on or before "Saturday before the third Monday in June" and which for this year is June 17th. Let all remember the final date—June 17th, and not fail to file by or before that date, as the law requires. Again the Executive Committee at its meeting on Monday, June 19th must pass on the question as to whether or not nominations are to be made by Majority or Plurality vote. In other words a double or single primary as to County and Precinct Officers. I am sure that the Committee will want to voice the sentiment of the people and the candidates themselves in this matter. Let Democratic voters discuss this matter with their Precinct Chairman that he may be prepared to properly represent you at the meeting when this matter is to be settled.

Sincerely,
A. M. BEVILLE, Sr.,
County Chairman.

NO REASON FOR IT

When Clarendon Citizens Show a Way There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Clarendon citizen says:

Mrs. Ellen Andreas, E. 4th St., gave the following statement on November 29th, 1915: "I have used Doan's Kidney Pills with good results, getting them at Stocking's Drug Store. I advise anyone troubled with weak back or bothered with irregular action of the kidneys to try them. They proved satisfactory for me, and I don't think there is a better kidney remedy."

GONE FOR GOOD

On April 21st, 1919, Mrs. Andreas added: "I have not had any signs of kidney trouble since Doan's Kidney Pills cured me." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SUMMER SCHOOL MEETING WITH FINE SUCCESS

ATTENDANCE AT PRESENT IS MORE THAN ONE HUNDRED AND TWENTY-FIVE WITH MORE STUDENTS ARRIVING EACH DAY.

The summer session of Clarendon College is meeting with remarkable success with the largest attendance at any summer session yet. Full courses are offered in seven different departments, and the permanent certificate ruling which allows this institution to grant permanent certificates to teachers is attracting many new and many old students alike. An interesting fact is that four states are represented by the student body.

Another fact that adds to the prestige of the college is that some students who have attended some of the biggest schools in the south have returned here to take the senior year's work that the college offers.

A fact that was for a long time believed very little is that high school graduates are far better prepared for their last two years work in the university when they do the first two years work in a junior college, for the college in large part bridges the chasm between the high school and the university; thus the percentage of failures is far lower when the students do their first college year's work in a junior college than when they do the work in a university.

Thirty-six will receive their permanent certificates at the end of the term.

FIRST CHRISTIAN CHURCH

Bible school at 10 o'clock. Preaching morning and evening. Morning subject, "Barnabas at Antioch," evening subject "The Scalet Line in the Window." Subject for Wednesday evening, "The name 'Christian.'" The public is cordially invited to worship with us all of these services.

E. L. Hughes, Minister.
Miss Annie Myra Bennett returned Saturday to her home in this city from Nashville where she attended Ward-Belmont the past year.

CLARENDON, TEXAS

STRONG SPEAKS HERE SATURDAY

CANDIDATE FOR U. S. SENATE PRESENTS HIS PLATFORM TO LOCAL VOTERS

Sterling P. Strong, candidate for United States Senator from Texas, addressed the voters of this county here Saturday afternoon for an hour commencing at two o'clock. Mr. Strong presented the issues of the campaign as he saw them, and was heard by a fair sized crowd although his coming here, through some fault at headquarters, had been unannounced.

After making some introductory remarks, Mr. Strong started a discussion of his platform in the limited time that he had. He states in the first place that he favored a change of these in control of the Federal Reserve banks today. Instead of the banks preventing a panic, he said, under the control of those who now manage them, they have made money matters worse. He stated that he would be in favor of placing on the Federal Reserve Board, men from all trades.

The speaker also declared himself in favor of the soldiers bonus, stating that it is not a bonus but an adjusted compensation for the veterans. He also offered remedies for the transportation evils as he saw them, declaring that the railroads are making far better profits than they saw.

He said that he was in favor of disarmament, stating that he believed that the longest step toward peace would be taken when no individuals or private corporations were allowed to manufacture war materials; but that such work should be done by the government alone.

As to his attitude regarding the Ku Klux, he declared that that was an issue lugged into the campaign to cloud rather than clarify. He declared that every other sort of class was organizing and trying to be the balance of power that would decide each election; and that in view of these things, he believed that native born Protestant Americans had as much right to organize for the principles of Americanism as did any others.

He declared that he is a hearty supporter of the Prohibition law, and that he considered it not so much an issue of prohibition as a matter of defending the constitution of the United States as the prohibition law has been written into that constitution.

He closed by stating that he is a believer in woman suffrage, declaring that he believed that a native American woman had as much right at the polls as the foreigner who knows nothing about our government; and has scarcely more than taken an oath of allegiance.

Due to the limited time that he has to stay in each city, Mr. Strong left immediately following his speech for Claude where he addressed the voters that evening.

MARTIN NEWS

Sunday school and B. Y. P. U. at the regular hour Sunday afternoon. M. W. Mosley and family of Lelia Lake visited with friends in this community Saturday and Sunday.

Bernice Rowland of Clarendon spent Saturday night with Ruth Talley.

Cordia Sowell spent Sunday with Isabell Bailey.

Mr. and Mrs. Loyd Moreland and daughter of the Sunnyview community and Kate Talley and Ruby Mosley spent Saturday night and Sunday in the J. F. Cannon home.

Otto and James Drake and their sisters Quater and Bonnie of Sunnyview and Polly Sowell spent Sunday in the home of W. X. Hodges.

Bertie Mae Pool spent last week with her sister, Mrs. Richard Cannon.

Tom Thomas and children and Mrs. Vaught and two children visited with their sister Mrs. McDaniels of Lelia Lake Saturday and Sunday.

Frances Cauthen of Clarendon is spending the week with her grandparents, Mr. and Mrs. J. F. Cannon. Misses Maud Person, Bernice Rowland, Ruth Talley and Messrs. Grady Parson, Chester Talley, Vestal Mosley spent Sunday in the home of J. A. Pool.

Mrs. Bob Younger, of Amarillo, visited here last week end with her mother, Mrs. W. H. Martin who has recently returned from California.

HERE'S ONE CUSTOMER WHO LEARNED A LESSON

Rumor has it that a prospective customer went into a small ready-to-wear store on Long Island, N. Y., the other day, to buy a skirt. She found the kind she wanted and asked the price. "It is \$3.85," the retailer said.

"Good gracious," replied the shopper, "my youngest son wrote to a mail order house for their catalogue and I looked through it when it came. I can get the same skirts exactly from that firm for \$3.69."

"Well, you know, I am operating a small establishment and do not employ any salesclerks and even under such circumstances I can't afford to meet the catalogue competition," said the merchant.

"I'm sorry, but I'd rather save the sixteen cents and I'll order the skirt from the mail order house," answered the customer.

Then a bright idea struck the retailer. "I want your future trade," he said in a suave manner, "and I'll give you the skirt for the same price."

"All right," said the customer, "send it to my house and charge it."

"Not on your life," replied the store owner. "No charge account on this. The mail order house doesn't trust you. I am simply meeting their price and terms. Fork over the cash."

The customer replied, "Now, let me have 2 cents more for postage and 5 cents for the money-order," said the retailer.

"What?" queried the woman.

"Certainly, you have to send a letter and a money-order to a mail-order house, you know!"

The customer, raving inwardly, handed over the money.

"Now, the skirt would have to be mailed to you by parcel post and the package would weigh about two pounds. There would be fourteen cents for mailing charges. Let me have 14 cents more."

"Lands sake alive," said the customer. But she paid it, saying, "Now hand me that skirt and I'll take it home myself and be rid of this foolishness."

"Hand it to you? Where do you think you are? You're a few hundred miles away from me. You'll have to wait two weeks for that skirt."

Whereupon the merchant took the skirt to the wrapping counter, and put the money in the cash register.

"That makes \$3.90," he said. "The skirt has cost you 5 cents more and it will take two weeks longer for you to get it than if you had bought it from your local apparel shop in the same place."

The customer appeared bewildered at the merchant. "I won't wrap it up and pile a few hundred parcels on top of your skirt until it is time for you to receive it. I'll keep it wrapped and when it is delivered to you within a fortnight it will look as fresh and clean as it is now."

The next day the merchant felt that he had taught his customer a lesson, and the skirt was delivered.

RURAL ROUTE CHANGED TO DAILY ROUTE

Beginning June 16, McLean will have a daily rural route service over the route that runs every other day at present.

This is an addition to the postal service that we have long needed. Subscribers along this route can now take the daily papers, and it will be much easier for the postmaster to handle the mail.—McLean News.

W. M. COTHRAN FOR PUBLIC WEIGHER PREC. 5

W. M. Cothran authorizes the News to announce his candidacy for the office of public weigher in precinct five, which is the Lelia Lake precinct. Mr. Cothran is one of the prominent citizens of that community and has done work heretofore that eminently fits him for the office that he seeks. He promises, should he be elected, to give his best attention to the work of the office and give everyone the best service he can possibly do. His candidacy is subject to the action of the Democratic Primary next month.

Miss Grace Kendall arrived here Friday after having spent the winter in Stratford where she attended school.

Miss Kate Allen, of Stratford, a former student of Clarendon College arrived here Friday and is attending the summer school.

Lee Pope was an Amarillo visitor Sunday.

THE "THUNDERCLAP" ANOTHER FEATURE BEING BROUGHT TO PASTIME

"Thunderclap," the big William Fox picture will open at the Pastime Theatre Monday 13th for a run of 2 days. This production brings with it some of the greatest sporting incidents that have ever been shown on the local screen as well as an excellent cast.

Mary Carr, the great mother in "Over the Hill," plays the leading part with Violet Mersereau, Paul Willis, J. Barney Sherry, John Daly Murphy and others supporting. Again the "great mother" scores, but this time she is deprived of the use of her body and speech. A great opportunity for Mary Carr and a wonderful performance by her.

Paul H. Sloane scenarist of "The Thief," "Tiger's Cub," "Over the Hill," "Beyond Price and several other successful William Fox productions, adapted the story to the screen, while Richard Stanton, a widely known Fox director, made the picture.

The truly remarkable scene showing young Tommy, on top of a board, riding a tempestuous rapids is thrill rumber one. The second is the horses race.

The picture tells the story of a convent-bred girl brought by her step-father to his gambling establishment to act as hostess. She discovered that her mother was paralyzed and unable to move or speak.

Although the girl did not know it, this injury was inflicted by her step-father because the mother threatened to reveal his crooked methods. The hero, working as servant to the gambler, rescued the girl from an opium den in Chinatown and rode his horse to victory, thus preventing his sweetheart's marriage to the gambler friend of her step-father. A customer who had found out the crookedness of the step-father killed him just as he was about to shoot the mother of the girl.

The shock of this tragedy restored the mother's power to move and speak and she is left to comfort her daughter and her daughter's sweetheart.

THOMAS FOR COMMISSIONER FROM PRECINCT FOUR

In last week's issue of the News was continued the announcement of F. B. Thomas for commissioner. However there was an error in stating the precinct in which Mr. Thomas is running. He is seeking that office in precinct four rather than in precinct one. Mr. Thomas lives in this county near Alanreed.

Miss Mildred Sparks left Saturday for Vernon where she visited the first of this week with friends.

Miss Dorothy White returned Sunday from Groom where she visited with friends the last week.

THE PRESBYTERIAN CHURCH with us.

"This May Be Your Church" The congregation of Sunday morning last was very good. There was a better percentage of the membership of the church and a good representation of visitors. The rain of Sunday evening pretty nearly spoiled the night service but we had one member of the church, five others that were not members and the preacher had a nice time together. The services of the church will be held next Sunday at the usual hours, Weatherly, Secretary; Mrs. Nora everything being propitious for them. Headrick, Treasurer; Mrs. Mittie Sunday school—for children and Baird, Conductress; Miss Mildred Martin, Associate Conductress; Mrs. Sella Gentry, Chaplain; Miss Lottie minutes to ten; you don't know how absent you are if you don't come! Morning service at 11 o'clock. Mrs. Lucile VanEaton, Ruth; Mrs. Evening service at eight o'clock. Mary Youngblood, Esther; Mrs. Mid week service at eight o'clock Lela Moreman, Martha; Mrs. Virginia Griswold, Electa; Mrs. Ascenoth We will be glad to have our friends Bromley, Warder; Mr. C. R. Skinner, engage in any worship and work Sentinel.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breat Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spots," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Frank Pounds left Monday morning for his ranch near Dalhart after having visited here for some time with his family.

Mrs. Guy A. Martin and baby returned last week from a visit with her parents at Cisco.

Mrs. A. W. Willhoite and son, Mr. and Mrs. E. L. Buntin, and C. T. Winfrey, of Grapevine, are here visiting with Mrs. A. V. Clark.

T. M. Little returned the first of the week from Mineral Wells where he has spent several weeks.

Miss Marian Brown, of Ft. Worth, arrived here Saturday for a visit with her father, Hugh Brown and family.

Rev. Robert Kruze and wife have moved to their new home which is located just west of the R. H. Beville home.

Prof. J. E. Nelson and wife left Saturday evening for Austin where they will do summer work in the University of Texas.

(Continued from page 1)

LOCAL LEAGUE IS CONFERENCE HOST

The delegates return to their various homes for breakfast; and the class work starts at eight o'clock.

Following the song service yesterday morning, Miss Florence Dial, of Greenville, made an arousing talk on the subject of Christian service; her presentation of overcoming obstacles was in such a vivid manner that one almost wished to have the privilege of facing and fighting such obstacles. The class work given below was then taken up.

Rev. L. N. Lipscomb, of Chillicothe, was the speaker at the eleven o'clock hour, and he came with a message of help to the Christian. After this lunch was served to the delegates in the basement of the church. In the afternoon, following a song service which was conducted by William Craig, Rev. J. P. Patterson made an excellent address on Methodist Doctrine and Polity.

Rev. J. H. Hicks, of Canyon, was

the speaker at the evening hour, and he held his audience with a helpful joyful message on "The Gospel of Happiness." This morning's platform hour was occupied by Rev. S. W. Hayne, of Amarillo, with an inspirational message on "The enlargement of Life."

The efficient manner in which the assembly has been conducted has been due to the excellent work of the committees. Misses Lottie Lane, Mabel Betts and Maude Shaw compose the registration committee; Misses Maud Shaw, Mabel Betts, Oma Griggs, Pansy Lane are the committee on homes for the visitors. Misses Cornelia Ratliff and Carrie Wilder are acting as pages; while D. M. Beights, and Misses Alice Mulkey, Oma Griggs and Mattie Eva Lane are the committee for entertainment and providing for the mid-day lunches which are served at the church. Carl Parsons superintended the decoration of the auditorium. By co-operation from everyone transportation has been provided for all the visitors and the splendid manner in which the business men of the

city contributing provisions and money is putting the material parts of the assembly over in fine shape.

The meeting will continue until Sunday afternoon when adjournment will take place. Everyone of the eight districts in the conference are vying with each other to secure next years assembly, and that will be selected just prior to adjournment Sunday. At present there are more than two hundred and fifty visiting delegates registered; and large numbers are scheduled to arrive here today; while it is practically certain that the influx of visitors Saturday and Sunday will run the total attendance to somewhere between five and six hundred.

George Benson, of Brice, attended business here Monday.

Hon. C. E. Thompson had business in Hedley Monday.

W. M. Nelson, of Brice, was in this city on business Monday.

What Ails Business?

--nothing much, say the men who advertise wisely

it is done by men to whom the simplest economic problem is a profound mystery.

Yet you hear them parrot what others of their kind say—"Business is rotten!"

Is it rotten? Only in spots—BADLY NEGLECTED SPOTS for the most part.

Where it is NOT NEGLECTED—where well conceived and wisely applied advertising is employed as a business stimulant—YOU WILL FIND BUSINESS GOOD. The men who are advertising wisely will be first to confirm this statement.

Don't be a curbstone economist! Don't agree that "business is rotten" just because you hear visionless men say it is! ADVERTISE WISELY, and be sure of your share of the good business that's abroad.

There are many hundred News readers who will help to make your business GOOD—or BETTER if it already is good if you will go to them with straightforward messages about what you have to sell—AND WHY THEY SHOULD BUY IT.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breat Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

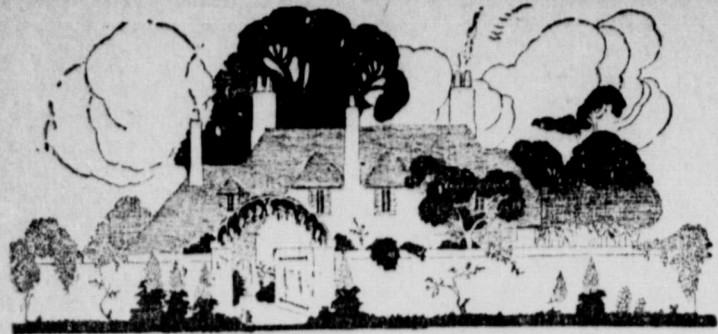

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spots," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

SPRING TIME

It is in Spring time that nature reaches that highest peak of her glory. The birds rejoice that the sun has taken off its veil and the chilly shadows of winter are over. The trees put on new costumes and the bud of the rose unfolds its beauty in colors equaled only the rainbow. Nature as manifested through plant life will make your home and premises more attractive if you will only give it a chance. The porches and lawns can be beautified by properly planned flower beds and boxes.

CIVIC CREEDS

In ancient Athens, the fathers taught their boys a pledge which, when the boys were about eighteen years of age, they publicly recited:

"We will never bring disgrace to this city by any act of dishonesty or cowardice, nor ever desert our suffering comrades in the ranks.

"We will fight for the ideals and sacred things of the city, both singly and together. We will reverence and obey the city's laws, and do our best to incite a like respect and reverence in those above us who are prone to annul or set them at naught.

"We will strive unceasingly to quicken the public sense of civic duty. Thus in all these ways we will transmit this city not only not less, but greater, better and more beautiful than it was transmitted to us."

To-day it is necessary that we pledge ourselves to keep alive the ideals of honor, truth, and right, of bravery and self-sacrifice as it was in the days of Athens the City-State. In those days the cities were small and the citizens themselves lived for the most part on their little farms amid their olives and their vines; to-day the tendency is toward crowding into the modern city with its narrow streets and its bad air, its tenements swarming with ill-nourished children whose only playground is the street.

Farseeing students of our civic

The Clarendon News' Americanization series

(Editor's Note)—The articles appearing in the above space from week to week are taken from "Americanization" by Elewood Grison, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.

ORIGIN OF SAM HILL OF THE TEXAS PRESS

(By Sam C. Hoyle)

The continued reference to Sam Hill and the insinuation that he is a member of the "Sam club of the Texas Press Association," also the motion "regulating the smell of pipes rather than a motion regulating the length of skirts" and especially the emphatic question by Editor Lee J. Rountree, "Who is Sam Hill?" have so harried my feelings that I have been caused to feel that I am doing the Sam club an injustice by withholding certain information concerning Sam Hill. Back in the good old days of prolific families in the East Tennessee mountains as well as strong pipes, long skirts and maiden modesty, a male child was born owing to the fact that his grandfather was called Samuel and the further fact that he had two uncles Sams and a number of cousin Sams it was thought wise and proper by both sides of the house to settle a long dispute by giving him the common family as well as community appellation. In fact the children were too prolific and the citizens too busy keeping the wolf from the door during these days of reconstruction to give much thought to new appellations with the result that most male children were called Sam, Bill, Tom, Jim, John, Joe, Phil and Bob with an occasional Frank or Hugh. The majority, however seemed to have caught the popular Sam.

Now there are three distinct stages in the mountain Sam family. First—the baby stage of Sammie, the day of pet names, nursing, cajoling, pampering and watchful care and last but not least, dresses. Second—That many stake when Sam stepped out into society in trousers and had budding aspirations for galluses and high topped boots, and would not take a dare.

In fact Sam was synonymous with manhood. Third—The patriarchal, revered and honored stage of grandfatherhood, when friends and relatives reverently spoke of the departed or aged living as Samuel.

In most cases, the donning of trousers soon resulted in friends and playmates gradually falling in to the abbreviated Sam, but mother's insatiate desire for curls and clean waists prevented such good fortune in my case. It soon became known that to call me Sammie would provoke a fight, and young life and a miniature Spangshool days brought the climax. Then bedlam broke loose in my fish inquisition set in. For some time I averaged three whippings each day one by my tormentor, one by the teacher and one at home for soiling my clothes and fighting. This seemed unfair to my big cousin Bill Smith, who suggested that we find a quiet place to pull off these fights after school, which was heartily seconded by every big boy in the school. It would at least have the virtue of saving a whipping by the teacher. Accord-

ingly they selected an ideal place on the top of a hill about a mile away from the main road. The hill was so steep that the modest girls would not dare climb to the top least their breath come in short pants; neither would they dare to gaze toward the top lest some inquisitive male catch a glimpse of their naked eye. Thus our sisters were prevented following and spying on us. The frequency of these battles soon resulted in the place being called Sam Hill by the knowing ones. However, the older boys were having too good a time to give the secret away and the small boys were in terror of the wrath of the large boys, consequently Sam Hill became a mystery. When taunted to the point of desperation by some grinning urchin I would deliver the challenge, "I will see you at Sam Hill." Eavesdropping sisters misconstrued this to be "I will see you and Sam Hill." In this manner bruised faces and torn clothes soon became associated with a mean mountain boy who lay in wait and beat up the innocent victim when returning from school. The boys soon caught the idea and let it ride as it saved many useless explanations and painful whippings.

For some time the fights were one-sided. My opponent made a rush, twined his fingers in my hair and slung me around at ease while I clawed at his face and hands scratched him and tore his clothes as I could not stand on my feet long enough to land a good blow. Then again big cousin Bill came to my rescue. He announced that he would get the scissors and cut my curls himself at the hill next evening so as to give me a fair show. This so delighted me that I invited a bunch of my chief tormentors in one evening to meet me at Sam Hill.

The small boys were easy victims to my insane attacks in search of revenge. I was now a man and had no curls. Clothes were torn, faces bruised eyes gouged, ears bit, etc., but victory seemed to perch on my banner and I began to feel something like cock of the walk. Emancipation from the much hated "Sammie" loomed clear upon the horizon. Finally I reached the ring leader and found that I had landed a bear cat. He was fresh and while I was worn out I was mad and was fighting for manhood's recognition among my own. Pain meant nothing to me then. The onlookers became so excited that they did not realize how badly we were pushing each other. In fact I carry a scar on my left index finger as a reminder of this momentous occasion.

When I reached home more dead than alive, mother threw up her hands and screamed "Sam Hill has ruined my boy," and fainted. Father started out to find Sam Hill as did many other fathers and mothers in the community. They determined to drive him out from the mountains. Happy in the possession of a mystery, the boys grinned and kept their secret. Many

WHEN IS A MAN A MASON?

To the question, "When is a man a Mason?" John Fort Newton replies: "When he can look over the rivers the hills and the far horizon with a profound sense of his own littleness in the vast scheme of things, and yet have faith hope and courage, which is the root of every virtue. When he knows that, down in his heart every man is as noble, as vile, as divine, as lonely as himself; and seeks to know, to forgive and to love his fellow man. When he knows how to sympathize with men in their sorrows, yea, even in their sins; knowing that each man fights a hard fight against many odds. When he has learned how to make friends and keep them; and above all to keep friends with himself. When he loves flowers; can hunt the birds without a gun; and feels the thrill of an old forgotten joy when he hears the laughter of a child. When he can be happy and high-minded amid the meager drudgeries of life. When the starcrowned trees and the glint of sunshine on flowing waters subdue like the thought of one much loved and long dead. When no voice of distress reaches his ears in vain and no hands seeks his aid without response. When he knows how to pray, how that help any man to lay hold on divine things, and sees majestic meanings in life whatever the name of that faith may be. When he can look into a wayside puddle and see something beyond mud and into the face of the most forlorn fellow mortal and see something beyond sin. When he knows how to pray, how to love, how to hope. When he has kept faith with himself, with his fellow man, with his God; in his hand a sword for evil; in his heart a bit of a song; glad to live and not afraid to die. Such a man has found the only real secret of Masonry and the one it is trying to give to all the world."

Don't let that sour stomach sour your disposition and make your life miserable, while Tanlac is ready to give you relief. Get it now. Stocking Drug Store and R. A. Long Drug Co.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

of the old settlers are still wondering "Who is Sam Hill?" and echo answers "Who is Sam Hill?" As the families began to scatter over the south and west in search of opportunity they have carried this unanswered question with them, "Who is Sam Hill?" There was a Sam Browder in that section who may be related to Frank Browder of Denton; there was also a Sam Chestnut, Sam Denton, Sam Smith, Sam Cates, Sam Cooke, and in fact a host of Sams, and probably some of them may have heard of Sam Hill before this but have feared to break the pledge of secrecy.

Editorial Note—The editor of the Eagle organized the "Texas Press Sam Club" and in the list somebody slipped in the name of "Sam Hill." The above explains who Sam Hill is and of course he will have a place with Sam Harben of Richardson, Sam Fore of Floresville, Sam Holloway of Deport, Sam Miller of Mineral Wells, Sam Roberts of Haskell, Sam Hoyle of Bryan, Sam Whitley of Italy, Sam Dixon of Houston, Sam Howell of Dallas, Sam Traylor of Strawn, Sam Winfrey of Timpson, Sam Braswell of Clarendon, Sam Fryar of Clarksville and the other Texas Sams until he is challenged for cause. Editor Sam Hoyle has cleared up the mystery for the time being.—Editor Lee J. Rountree in Bryan Eagle.

TO MAKE SUMMER RESORT OF DAMSITE

Damsite, a short distance east of Quanah, will become Lake Pauline and on its shores there will be established a colony of summer cottages when plans now being formulated by Arlie Berry, Vernon resident, are put into effect. Mr. Berry has secured a fifteen year lease on the lake and surrounding property from W. M. and J. S. Rice of Houston, owners of the Hardmean County Irrigation Co., and will erect a summer resort immediately.

A large pavilion will be built by Mr. Berry and twenty-five bungalows constructed. The latter will be partly furnished. Fifty-two boats, eighteen of them motor launches, will be put on the lake. Electric lights, water works, and a fine bathing beach will be installed; and the grounds will be completely enclosed by a fence.

The project is to be financed by means of selling privileges for fishing and hunting. Initiation fees will be twenty-five dollars a year and five dollars a year for dues. Damsite has long been a well known and popular fishing resort, and is widely patronized. The surroundings are ideal. Citizens from three counties have already indicated their desire to purchase shares or privileges.—Vernon Record.

MOUNTED MOONSHINER OUT-RUNS OFFICERS IN FORD AUTOMOBILE

Officers Thomas and Harris made a trip to a place near Ox-Bow, in search of a party wanted in connection with liquor handling, last week. On their approach to a house a party supposed to be the one sought came out and mounted a horse, which was saddled ready for the race, and left on a run. The officers gave chase and crowded him so close that he gave up an attempt to cross a fence and made his get-away across a field plowed with a lister, where the Ford could not follow.—Memphis Democrat.

Tanlac can bring health to you as it has to thousands of others. Stocking Drug Store and R. A. Long Drug Co.

TO THE VOTERS OF DONLEY COUNTY

I hereby announce my withdrawal from the race of Tax Assessor of Donley County, and in so doing wish to express my sincere appreciation for the many favors and courtesies shown me and for the loyal support of the people.

Yours truly, Harry Warren.

\$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back).

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

27 CASH PRIZES For the rhyme selected as best a prize of \$100 will be given for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand. Here's a 4-line rhyme as example:

Biscuits, muffins, pie or cake, With Dr. Price's Powder bake. The Price's Co., guarantee No alum in the cans to bake.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.

All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one free at almost any grocery. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Price Baking Powder Factory, 1003 Independence Blvd., Chicago, Ill.

BUILD In 1922

Build that house, barn or garage this year. You have put it off long enough.

SUPERINTENDENT AUTHORIZED FOR HALE COUNTY

Hale County is to have a superintendent of public instruction. This was determined upon Saturday afternoon, when County Judge L. D. Griffin ex-officio County superintendent, finished the census rolls of the schools of the county. The census was taken during the month of March, but had not been canvassed until Saturday.

It was found that there were 3004 students enrolled in Hale County. The number necessary to the separation of the County Judge and County Superintendent's offices is 3,000 scholastics, so that there was a narrow margin of four, with a supplemental list of some six students, which list the State Department of Education may or may not recognize.—Plainview Evening Herald.

"THINK ON THESE THINGS"

Discouragement is the first step toward despair.

Discouragement is the child of fear, and fear is the child of doubt and distrust in the power of good and evil.

Not only is the time lost one devotes to grieving over things he cannot help, but nerve tissue and heart courage are also lost.

Discouragement questions the truth of Him who said, "In the world ye shall have tribulation; but he of good cheer; I have overcome the world."

One is turning against himself when he minimizes the good; when he dilates upon evil and makes little or no emotion of righteousness.

He who dwells too much on the mistakes he has made becomes doubtful of his powers of usefulness, of his ability to cope with the struggles of life, of his talents and even of his integrity.

In order for one to awaken to the multitude of his blessings he must have a heart full of gratitude for them. Gratitude always gives one an appreciation of his joys and less inclination to dwell upon his sorrows.

In his gratitude for joys and blessings he who is grateful becomes oblivious of the few difficulties and trials which try to obstruct his way to the city of happiness; and even should he perceive them, it is such as he who makes them occasions for triumphs instead of trouble, for victory instead of vanquishment.

A very helpful way to brighten our lives and clarify the mental atmosphere when we feel that things are "blue" and uninviting is to recount our blessings—to realize that it is really a fact that we have much more of good than of evil, of happiness than of woe, of light than of darkness, of sunshine than of rain.

The grateful one is one who looks for the good and the true and the beautiful, and it is he who finds them. In his search for flowers he forgets the thorns and briars. In the delight of the nightingale's song he forgets there is such a thing as a hooting owl. In his admiration for the starry firmament he gives no thought to the dark caverns of earth.

There is always a reward for those who serve. In this world it is not always sufficient, and sometimes is not received at all when working for men, but in the service of the King of Kings it is always sufficient, and payday is never deferred, for "He is a rewarder of them that diligently seek him."

Wrong thinking has a toxic or poisonous effect on body as well as mind. This has proven beyond peradventure. Herein is seen the wisdom of Him who admonished us to "Trust in the Lord with all thine heart, and lean not unto thine own understanding," for he who trusts in God and in "the power of his might," has an anchorage, a stabilizer, a protection against disaster—a hope that will console him in misfortune and

comfort him in sorrow.

The pessimist is whipped before he starts into the battle. Doubt and fear have taken the place of courage and faith, which means that he has already surrendered before the fight begins. He doesn't have to wait till the battle is on to know it. He is whipped already, and knows it. His yellow streak has spread over his entire body, and his white flag is unfurled to the breeze before the charge is ordered. He gets none of the milk and honey of the Promised Land because he is afraid of the giants which always occupy such a country. He ignored or in his terror forgets, the admonition and assurance, "Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest."—Dewitt McMurray 33 Degree Hon.

MAY BEGIN NEW PAVEMENT AT ONCE

Work on paving with concrete the road extending north out of Vernon will commence Saturday if present plans do not go astray. Requisite rock has been obtained, cement is on hand, and 800 feet of forms have been put in. Work has been delayed several weeks because of rains which have tied up material. County officials are in hopes of laying at least five miles of paving

on the Colorado-to-Gulf highway ere the end of the year. Specifications are being perfected by John Nabers, county engineer, and will then be sent to Austin for approval by the State department. After being approved also by the Federal department in Texas, the plans will be submitted to contractors for bids. Submission to Federal authorities in Washington will not be necessary.

The State highway department at Austin is said to be deluged by similar specifications as those to be sent from Wilbarger, but Mr. Nabers believes he may be able to obtain a reasonably speedy consideration of his plans. Several miles of road between Vernon and Oklaunion are already being put into shape for the new pavement.—Vernon Record.

OPTIMISM SHOWN OVER PROSPECTS FOR COTTON

Prospects in Wilbarger county for a good cotton crop and price simultaneously are the most promising in years is the frank comment of local bankers and farmers on the streets of Vernon Saturday and a distinct spirit of optimism is permeating everywhere in this vicinity. With excellent crop weather during the present season farmers have been enabled to carry out their work thoroughly and painstakingly, and as a result a good crop is expected. Wilbarger acreage in cotton has been increased this year, and some of the crop is well advanced. In most parts of the county it has a good stand. Heavy rains washed out a considerable portion of county cotton, but most of this has been replanted. It is estimated that there will be more cotton in Wilbarger than in any year since 1914.—Vernon Record.

WATER SYSTEM IS NOW COMPLETED

One of the greatest achievements of our little city was fully realized Tuesday afternoon when the big 75,000 gallon water tank was filled with water from the wells and which was sent into the pipes leading over the city. The last ditch was dug on Tuesday also and the machinery loaded out. The water system is completed. We can really say that Crowell has water.

It looked good Monday when the fire plugs were all opened on Main street at the same time to flush out the pipes when from each shot an 8-inch stream of water with force enough to almost knock down the walls of a house.—Foard County News.

BRICK BUILDINGS NEAR COMPLETION

The two new buildings being constructed on the north side of the square by J. W. Allison, replacing those burned last December, will be completed by June 15. The roof was put on yesterday and the inside work will be finished up as soon as possible.

It is understood that both the buildings are already rented, one to be by a new business, that of a variety store by J. T. Carter, who was burned out when the old buildings were destroyed. He will re-establish himself in the same business. The News is not authorized to make mention as to the renting of the other building.—Foard County News.

CAPACITY OF PLANT GREATLY ENLARGED

Some who heard the fire siren Wednesday morning. It is thought, were not aware of the fact that it was a warning to citizens of Vernon that the water supply might be cut off during the day, pending the installation of large and more efficient equipment at the city water plant. This improvement, city officials say, will forestall any possibility of a water shortage during the coming summer months.

For some time the mayor and commissioners planned this temporary cutoff. Nine of the eleven wells at the local plant, from which Vernon's 6,500 inhabitants are supplied, have undergone a general overhauling and a decided improvement. Twenty feet under the surface one finds a tunnel which connects all of these nine wells that are about twenty feet apart.—Vernon Record.

QUANAH IS VISITED BY \$20,000 FIRE

Tuesday night was a bad night for many Quanah sleepers who after attending the picnic on Groesbeck had their rest rudely disturbed. A fire alarm was given shortly after seven o'clock, and the fire residence of H. Z. Williams, the

barber, on West Second street, was found in full blaze. The inmates had been awakened by the smoke, and barely saved any of their belongings. House and contents were a total loss.

It was about 2:30 in the morning when the second fire alarm was sounded. This time it was found to have originated downstairs in the Burger building, occupied by the cold drink stand of W. M. Hughey and O. J. Williams. The fire, when discovered, was too far gone to save the building, which was totally destroyed. Upstairs was Eugene B. Smith's cotton office, and the library of the Boy Scouts, everything there being lost.—Quanah Tribune Chief.

CHILDRESS BOY BATTLES WITH BIG FISH

Saturday while Louis McCaw was fishing at Damsite Lake he decided to go out into the water and hook a big one. Louis tied the fishing pole to his belt and waded out into the willows. The water was nearly to arm pits. He was using a line with three hooks and baited with three live perch. In a few minutes a big fish struck the bait and Louis went under the water. He came up to the top and grabbed the willows, the big fish pulling tight on the line. Louis began to scream and a fellow fisherman came to his rescue.

It is said that Louis was about exhausted and ready to release his hold to the willow sprouts when aid reached him. The fish was landed and it was a black bass and weighed 9-1-4 pounds. It is said to be the largest bass ever caught in that lake.—Childress Index.

HOUSTON REPORTS COTTON CROP IS 65.7 OF NORMAL

Houston, June 4.—The average condition of the Texas cotton crop on May 25 was 65.7 per cent of the normal, indicating a yield of 3,131,645 bales on an estimated acreage of 11,695,387, according to a report made public Wednesday morning by R. M. Gordon & Co., wholesale grocers and cotton factors of Houston. The increase in acreage is placed at 6.7 per cent. The report is based on 572 replies covering all cotton growing sections of the State.

NEW BRIDGE CONTRACT IS LET ON HIGHWAY NORTH OF THE CITY

The Commissioners Court has let a contract with the Austin Bridge Co., of Dallas for a new bridge over the Spring Branch at the foot of the big hill on the highway north of the city.

The concrete bridge at this point was washed out a few weeks ago. The new bridge will be 60 feet long, built of steel and concrete, and is certainly large enough to take care of all the water that could possibly come down the branch. Material is being brought to the

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist. This sulphur preparation, because of its germ destroying properties, never fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

SPECIAL

New crop Uvalde Honey, the best Texas produces.

With the opening of the canning season you will be needing more fruit jars and rubbers. We have a good stock of the standard makes.

COUNTY DEMONSTRATION WORK IS MEETING WITH THE GREATEST SUCCESS OF ITS HISTORY NOW

COUNTY AGENT R. W. HENDRIX REPORTS A GREATER CLUB MEMBERSHIP THAN EVER BEFORE, AND THE BOYS ARE SHOWING GREAT ENTHUSIASM IN WORK. DIFFERENT CLUBS SHOW THE DIVERSITY OF DONLEY COUNTY.

County Agent Roy W. Hendrix reports that this is proving one of the most successful years in the history of the club work in this county, with an active club membership of about two hundred and fifty boys. The interest in livestock among the boys is shown by the fact that one hundred and ten of them belong to the clubs raising pure bred gilts, and fifty of them belong to the fat hog clubs. Other work includes intensive study of feed crop farming.

With the boys who are members of the pure bred gilt club the contest will be held at the county fair and the prizes awarded. The object in the fat hog club is to fatten the hogs in the most economical way.

Some twelve boys also belong to the dairy calf club, and a few are members of the poultry clubs. In connection with raising the livestock, the owners are also interested in raising feed crops which consist principally of kaffir and indian corn. In the preparation of the ground, they use the lister as it is usually worked, but they continue the cultivation of the crop to a much later date than is usually done, thus conserving the maximum amount of moisture.

All boys show great interest in the lessons, especially where they receive encouragement at home; and are making fine progress. The most of the clubs this year; and many of them realized good profits from the sale of their livestock.

The value of the work will be seen from a sketch of the lessons that are given. The first lesson consisted of the basic principles of feeding, giving special attention to the growing and the fattening periods with the stock; and with this is studied how the various feeds influence the animal during each of these periods. Each boy is required to memorize the various elements that go into supplying animal in the different consistencies of his body; and as well memorizes the different common feeds that may furnish carbohydrates and fats, protein and mineral matter. Another lesson goes into the consideration of the soil, and how to maintain its facilities; thus bringing into consideration the various legume and non-legume plants which plants are Nature's chief provision for restoring the soil. Each boy memorizes a long list of legume plants that can be grown in this part of the state easily. The third lesson is on seed selection and grain judging. The fourth lesson is regarding the breeding types of hogs. Each student is given a score card describing the ideal type of hog, and after he has studied that is required to judge a ring of hogs and give reasons for placing the hogs as he does.

In this contest placing the hog in the right class counts fifty percent, and giving reasons for the classification also counts fifty per cent. Another lesson on judging hogs will be given at the county encampment which will take place about the middle of July. At that time there will also be a livestock judging contest, and from the winners of this will be picked a team that will represent this county in the various judging contests held over the state. Other lessons will be given at a later date on the judging of beef cattle.

POSTED

The pasture known as Kelly Creek is posted. No trespassing, swimming or picnicking allowed. We are forced to do this to protect our interests. Take notice and avoid trouble and expense. Our feed lot north of town is also posted. Bennett & Sims. (21fc)

NOTICE OF SALE

One building is 28x42 feet with 12 ft. walls; the other is 18x26 with 12 ft. walls. The right is reserved to reject any and all bids. W. H. Gray, Sid Harris and John Blocker, trustees. (23c)

PEARSON ENTERS RACE FOR DISTRICT JUDGE

Hon. Perry S. Pearson, of Amarillo, this week makes announcement of his candidacy for the office of District Judge of the 47th Judicial District. Judge Pearson has been a practicing attorney in Amarillo for the past eleven years, and has practiced in all courts Federal and state. He is a graduate of a three year law course from George Washington University in Washington D. C., and practiced in Atlanta, Georgia, eight years prior coming to Amarillo.

Judge Pearson has not only been successful as a practitioner but has acted as special district judge in numerous cases, and has in that capacity demonstrated both his knowledge of the law and his fairness on the bench.

He promises should he be elected to that office to put forth his every effort to administer justice, holding fast to the cardinal doctrine of perfect equality of everyone before the law.

Although he will put on a vigorous campaign, he will very probably be unable to see every voter personally, but asks a consideration in the Democratic Primary.

Miss Julia Lewis returned last night from Georgia where she has been teaching school the past term.

We're merchandising in the modern way. Giving you real goods for the money when you want them.

These goods are among the first of the new Spring and Summer suits shown in Chicago. These are business men's values. Their strongest appeal is to men who know what they should get for their money and who recognize it when they get it.

Every season we're trying for new clothes selling records by making our values bigger, better.

There is an unlimited line of fabrics in our stock. Sufficiently varied to meet all tastes. You can't go wrong on any of them.

We're promising great things. They're here.
