

SUMMER TERM OF DISTRICT COURT CLOSES HERE SATURDAY AFTER DISPOSING OF A VERY HEAVY DOCKET

THIRTY-EIGHT CIVIL AND TWENTY-SEVEN CRIMINAL CASES ARE DISPOSED OF DURING THE FOUR WEEKS TERM. GRAND JURY IS IN SESSION FOURTEEN DAYS AND RETURNS MANY INDICTMENTS. JUDGE BISHOP ON BENCH.

The summer term of district court closed in this county Saturday after having made disposition of one of the heaviest dockets ever had in this county. Thirty-eight civil and twenty-seven criminal cases were disposed of, and the case that attracted most attention was that of the State vs. Houston Upton, of Floyd county, who was sentenced to ninety-nine years in the penitentiary for murder. The grand jury, which was not discharged until next to the last day of the term, was in session altogether fourteen days; and returned sixty-five indictments, thirty-eight of which were for felonies. Besides the convictions or non-convictions, there were four forfeitures of bail bonds, and three witnesses were fined two hundred dollars each. The report of the Grand Jury appears elsewhere in this issue, and the docket disposed of was as follows:

State vs. George Dale, forgery, dismissed on motion of state; State v. R. A. Marquis, conversion, continued by operation of law; State v. Andrew Newman, theft, continued by agreement and operation of law; State v. R. R. Hamlin, violation of liquor law, dismissed on motion of state; State v. Jack Hamlin, violation of liquor law, dismissed on state's motion; State v. Jack Lichfield and J. O. Bodie, violation of liquor law, continued by operation of law; v. Dean Webster and Howard Smith, robbery, dismissed on state's motion; State v. J. F. Lindley and G. H. Brown, robbery, dismissed on state's motion; State v. H. M. and Bob Crawford, changing brand, continued by agreement; State v. Ned January, selling liquor, order for bond forfeiture revoked following defendant's appearance, and defendant permitted to go on bond again; State v. Houston Upton, murder, sentenced to ninety-nine years in the penitentiary; State v. R. G. Adamson, selling liquor, continued by agreement; State v. Charles Murray, selling liquor, sentenced to one year in penitentiary following plea of guilty; State v. Will Murray, selling liquor, motion of state to dismiss denied; State v. George Murray, selling liquor, sentenced to one year in penitentiary following plea of guilty; State v. Cal Hoggard, selling liquor, found not guilty, and other cases against defendant continued by agreement; State v. S. J. Dean, bond forfeiture, bail bond forfeited; State v. H. C. Burke, bond forfeiture, bail bond forfeited; State v. C. E. Watson, forgery, dismissed on state's motion; State v. A. W. Buchanan, swindling, dismissed on state's motion; State v. J. M. Stone, assault to murder, dismissed on state's motion; State v. Wallace Wilson, swindling, dismissed on state's motion; State v. W. C. Arnold, forgery, bail bond forfeited; State v. Roy Bird and Lee Roberts, making liquor, continued by operation of law.

The civil cases tried by a jury were: W. B. Webb v. C. C. Carter, trespass to try title, continued by operation of law; General Motors Acceptance Corporation v. W. B. Weston and G. E. Allen, suit on note, judgment for plaintiff; Farmers State Bank of Clarendon v. D. N. Beavers et al, suit on note, judgment for plaintiff; Farmers State Bank of Clarendon v. N. C. Whitlock et al, foreclosure, judgment for plaintiff; D. W. Williams v. G. O. Wood et al, foreclosure, dismissed; U. J. Boston v. Ed Evett, suit on note, continued by agreement; E. D. Martin v. Crane New York Oil Co., suit on account, dismissed following settlement; Nat. S. Perrine v. M. O. Barnett, damages, judgment for plaintiff; B. F. Morris v. F. O. Whitwell et al, trespass to

try title, continued by operation of law; State v. George Dale, forgery, dismissed on motion of state; State v. R. A. Marquis, conversion, continued by operation of law; State v. Andrew Newman, theft, continued by agreement and operation of law; State v. R. R. Hamlin, violation of liquor law, dismissed on motion of state; State v. Jack Hamlin, violation of liquor law, dismissed on state's motion; State v. Jack Lichfield and J. O. Bodie, violation of liquor law, continued by operation of law; v. Dean Webster and Howard Smith, robbery, dismissed on state's motion; State v. J. F. Lindley and G. H. Brown, robbery, dismissed on state's motion; State v. H. M. and Bob Crawford, changing brand, continued by agreement; State v. Ned January, selling liquor, order for bond forfeiture revoked following defendant's appearance, and defendant permitted to go on bond again; State v. Houston Upton, murder, sentenced to ninety-nine years in the penitentiary; State v. R. G. Adamson, selling liquor, continued by agreement; State v. Charles Murray, selling liquor, sentenced to one year in penitentiary following plea of guilty; State v. Will Murray, selling liquor, motion of state to dismiss denied; State v. George Murray, selling liquor, sentenced to one year in penitentiary following plea of guilty; State v. Cal Hoggard, selling liquor, found not guilty, and other cases against defendant continued by agreement; State v. S. J. Dean, bond forfeiture, bail bond forfeited; State v. H. C. Burke, bond forfeiture, bail bond forfeited; State v. C. E. Watson, forgery, dismissed on state's motion; State v. A. W. Buchanan, swindling, dismissed on state's motion; State v. J. M. Stone, assault to murder, dismissed on state's motion; State v. Wallace Wilson, swindling, dismissed on state's motion; State v. W. C. Arnold, forgery, bail bond forfeited; State v. Roy Bird and Lee Roberts, making liquor, continued by operation of law.

REPORT OF GRAND JURY FOR JULY TERM COURT

To the Hon. Henry S. Bishop, Judge of the District Court of Donley County, Texas.

We, the Grand Jury for the July Term, A. D. 1922, of District Court for Donley County, Texas, having been in session for fourteen days, beg leave to make the following report:

We have summoned and had before the Grand Jury about two hundred witnesses, many of whom showed a disposition to shun the WHOLE TRUTH, and who by their actions helped to defeat the object of our labors, and we therefore recommend that the Court and the prosecuting Attorneys of our County be very diligent in bringing such perjurers to a just reward.

The Grand Jury has returned into open court 38 felony indictments and 27 misdemeanor indictments. We have inquired diligently into all infractions of the law, and believe that the number of indictments that have been returned by this body are all that the facts warrant us in returning.

From our investigations of witnesses, we believe that the greatest evil we have to contend with in this community is the tendency to evade questions put to them in the Grand Jury Room, and to disregard their oaths, or to regard their answers in the light of something funny, and not due to any great amount of respect, in fact verging very closely if not entirely, upon perjury. We call attention to this for the reason that many young boys who are witnesses seem to have this disregard for their oaths, which has possibly been instilled in by older persons, and that parents may talk with their boys who may become witnesses before such bodies, and explain to them the penalties aid dishonor of such conduct.

We have examined the jail and found it in satisfactory condition, and we talked to inmates of the jail and they said that they were treated well, we also examined the Court-house and found everything in good condition, except the toilets and we recommend that the Commissioners Court have the necessary repairs made on them.

We, after having our attention called to the matter and having investigated same, recommend that the Board of Trustees of the Clarendon Independent School District have competent parties audit their books thoroughly.

We desire to thank the officials of the Court for their kind and courteous treatment, and we especially thank the Bailiffs, for their prompt and efficient service.

Having completed our labors, we respectfully ask that we be finally discharged from further attendance upon this Court.

Respectfully submitted, C. A. Burton, Foreman of the Grand Jury, Donley County, Texas.

CARROLL BALDWIN WILL MANAGE SOUTH PLAINS STORE

Carroll Baldwin left last week for O'Donnell, on the south plains, where he will manage the store of the Jones dry goods company. Mr. Baldwin has had much experience in the merchandising field, having been raised in the Baldwin Brothers store in this city owned by his father, Charles Baldwin. Two years ago Mr. Baldwin also finished a bookkeeping and business course in the Tyler Commercial College. He is a young man of ability and sturdy habits, and will no doubt make a success in his new position.

DONLEY FARMERS WILL MEET HERE NEXT SATURDAY

FARM BUREAU, SORGHUMS, COTTON, MELON, WHEAT, LIVE STOCK MARKETING ASSOCIATIONS TOLD OF BY D. P. McALIB, STATE ORGANIZER.

The Donley County Farm Bureau will meet in Clarendon, Saturday afternoon. The main purpose for which the farm bureau will meet will be to discuss the formation of the association to co-operatively market kaffir, milo, feterita, and other grain sorghums and to discuss the cotton, wheat, wool and mohair, melon, live stock and other associations, and such other matters as may come before the meeting.

Mr. McAlib will be the chief speaker at the meeting, and plans have been made for a wide attendance at the meeting to hear him. He is known over the state as one of the most fearless champions of the farmers' co-operative commodity marketing movement, and as the man who recently challenged any five "non-co-operationist" in Texas to a joint debate upon the merits of the marketing associations as organized by the farm bureau, stating in his challenge that he would give two hours to his opponents to each hour taken by himself, only requiring fifteen minutes to close the debate. It is said that up to date he has had no acceptance of his challenge.

Mr. McAlib has announced that he would request the farm bureau officers and members in Donley County to bring every possible embarrassing question confronting them to the meeting to be answered. He has laid stress on the fact that the most critical persons, who are hostile to farmers' organizations, are to be invited to the meeting for the purpose of securing authentic information. Officers of the Donley County Farm Bureau are Leon Henderson of Clarendon, president, A. L. Bruce of Clarendon, vice president, Roy W. Hendrix of Clarendon, secretary-treasurer, W. A. Johnson of Ashtola, J. B. Rindles of Lelia Lake and C. C. Philips of Clarendon, directors.

It is expected that a very large audience of farmers and their friends will be present to hear Mr. McAlib, as he is well remembered as the speaker who spoke here on "Live at Home Day," last spring.

BIG REVIVAL IS HELD AT LOCKNEY

REV. J. H. WATTS RETURNS TO THIS CITY ENTHUSED OVER WONDERFUL MEETING.

Rev. J. H. Watts returned to his home in this city the first of the week from Lockney where he attended a part of the revival meeting conducted there by his son, Rev. H. B. Watts, pastor of the Methodist church in that city. Our brother Watts reports that six and seven hundred people were in every morning service, while as many as twenty-five hundred often attended the evening services. The meeting resulted in one hundred and eighty-five conversions and one hundred and twenty accessions to the church. Rev. Flowers and wife, of Dallas, assisted the pastor in the meeting.

A fact that was remarkable in the meeting was that almost every young man in the town was converted, there being about seventy-five converts among the young men. The young Rev. Watts, is finishing his quadrupennium as the pastor of the Lockney church, and has had a wonderful success. He will be remembered as the preacher who conducted the college revival this spring, and, with the exception of about three, everyone of the college students was converted. His many friends in this city rejoice to hear of his great success in the revival meeting which he has just finished.

TWENTY LOCAL PEOPLE ATTEND BIG ASSEMBLY

MEETING HELD AT GROUNDS IN CETA CANYON PROVES INSPIRATIONAL ONE. ALL RETURN WITH MORE ENTHUSIASM.

The Panhandle Baptist Assembly held its third annual session, August 2-11 in Ceta Canyon, a branch of Palo Duro, 20 miles southeast of Canyon City. Ceta Canyon is a wonderful location for an encampment combining beauty of surrounding with plenty of cool, spring water and shade. The setting and the program were both conducive to the inspiration and training of those in attendance. The climax of the assembly both in interest and numbers was reached on Sunday. It was estimated that between 2,500 and 3,000 persons were present. 409 cars being parked on the plains while about 100 were down in the canyon. An overflow service was necessary to accommodate the crowd.

The Panhandle Assembly excelled the Lampassas Assembly in the number enrolled in study classes, thus being second only to Palacios. The B. Y. P. U. classes and conference work was conducted by Secretary A. J. Carson. Miss Lucy Specker, Junior B. Y. P. U. secretary. Mrs. A. O. Thompson of Hereford, Rev. Auleck of Canyon and Elbert Mathews of Plainview. The Sunday school classes were taught by Rev. Harlan J. Matthews of Plainview, Rev. E. D. Morgan of Canadian, Rev. L. L. Burkhalter of Waco, and Miss Vera Hunt of El Paso. Miss Jonie Swann from Fort Worth and Mrs. B. T. Johnson of Canyon directed the ladies work. Although some of the inspirational speakers were unable to fill their engagements at the assembly, nothing lacked in the spiritual atmosphere. Among those who spoke were Dr. J. D. Sandifer, Abilene; Rev. J. O. Dawson, Waco; E. B. Atwood, Plainview; Rev. Hughes, Quanah; Dr. Virgin, Amarillo; Rev. Matthews, Plainview; Rev. Ponock, Dallas; Rev. C. T. Whaley, Memphis; Rev. L. L. Burkhalter, Waco.

The following officers were elected for next year. Rev. J. R. Hicks, Dalhart, president; Rev. Harlan J. Matthews, Plainview, first vice president; Dr. H. W. Virgin, Amarillo, second vice president; Mrs. A. O. Thompson, Hereford, recording recording secretary; E. E. Dawson, Tulia, corresponding secretary; Rev. M. F. Gathright, Amarillo, treasurer; Rev. B. F. Fronabarger, Canyon, general manager.

Plans are being made for a greater assembly next year. A tabernacle, class parlors, better roads, another swimming pool, besides individual cottages are being planned. The prospects are very bright for making the Panhandle assembly the best in the state.

The local Baptist church was represented by 20 persons. The Clarendon B. Y. P. U. had charge of the 7:30 hour on Tuesday evening. Some of the state workers spoke highly of the program, saying that it was the most effective and appropriate rendered.

President Hicks urged the attendance of those present at the B. Y. P. U. and Sunday school convention to be held in Clarendon on September 28-29, saying that the Clarendon representatives had shown themselves such sports that their attendance was desired for next year.

Mr. and Mrs. Ed Carlson of the JA ranch, are spending this week in Clarendon during the former's vacation of several days. Mr. Carlson is one of the best cooks in the Panhandle, and anyone who has eaten a meal at the headquarters will attest his ability as a chef of the first class.

friends in this city rejoice to hear of his great success in the revival meeting which he has just finished.

BAPTIST REVIVAL TO COMMENCE SUNDAY MORNING

REV. H. W. SHIRLEY, OF FREDERICK, OKLAHOMA WILL LEAD IN SERVICES WITH E. L. CARNETT, OF FT. WORTH IN CHARGE OF CHOIR

The Baptist revival meeting for this summer will commence with Sunday morning's service, when Rev. H. W. Shirley, of Frederick Oklahoma, will preach. Plans are being made to have a large choir, which will be in charge of E. L. Carnett, of Ft. Worth, Texas. The morning services, according to the present plans will be held in the church, while the evening services will be conducted on the church lawn east of the church. It has not yet been decided how long the meeting will be run, but it is thought that it will be run not less than two weeks.

Rev. Shirley is a young man, said to be full of vim and enthusiasm, a pleasing and forceful speaker; and he has had a marked success in the evangelistic work. The local church feels very fortunate in securing his services in the revival. Mr. Carnett, the singer, is a member of the evangelistic force of the Southern Baptist Seminary; he is now engaged in a revival meeting in Georgia.

Although the Baptist church has been without a pastor for several months, it has been carrying on the work of the church with the exception of the preaching services, and the membership is in good working shape for the meeting. A cordial invitation is extended to everybody and a special invitation to the singers of the town to be present and to help in building up a big choir.

FORMER SENATOR TO SPEAK IN BEHALF OF MAYFIELD SATURDAY

Former senator John W. Veale will speak in this city at the bulletin board corner on Kerney Street Saturday evening at eight o'clock in behalf of the candidacy of Earle B. Mayfield for United States Senator. Mr. Veale is one of the well known public men, and his speech will be enjoyed by those present. A local committee is making plans for the occasion.

EARLY SETTLERS' HISTORY IN BRIEF

SOME EARLY DAY HISTORY IN AN APPRECIATION OF MR. AND MRS. T. S. BUGBEE.

It is not allotted to every man to live out his four score years and still remain hale and hearty. Thos. S. Bugbee, pioneer and wealthy cattleman of Donley county enjoys this distinction. Recently he and his wife celebrated their Golden Wedding, at their spacious home in this city.

Starting out at the tender age of thirteen to make his way in the world, naturally under these circumstances he received most of his education in the University of Hard Knocks.

When the war between the States was declared Mr. Bugbee enlisted and was placed in the tenth Regiment of Maine. He took part in a number of decisive engagements, among them being the second Battle of Bull Run, at Antietam, Fredricksburg, Chancellorsville, Gettysburg and Look Out Mountain. In one engagement his regiment suffered a loss of 547 men out of 760. At this time he received a flesh wound that incapacitated him for service only a short while and he was soon back on the firing line, where he remained until his time of enlistment expired.

(Continued on page 4)

WORK TO BEGIN ON EXTENSION WATER SYSTEM

MATERIALS ARRIVING DAILY AND WORK WILL BEGIN WITHIN NEXT FEW DAYS. FORTY-FIVE DAYS ALLOWED FOR COMPLETION.

With the arrival of three carloads of pipe and half a carload of fittings the past week, preparations are being made to commence the work on the extension of the city's water system within the next few days. Word has been received from the factory that the last of the pipe to be shipped, which was the eight inch pipe, was shipped the first week in this month, and it is looked for daily. The materials for the tower of the new water tank are being unloaded today, and the tank materials are ready for shipment as soon as the tank is needed.

From the assurances that have been received, it may be safely said that the work will be rushed to an early completion. As only forty-five working days are allowed from the time that the work commences, the only thing delaying the work now is the arrival of materials.

The piers for the elevated tank have been constructed and work on the tank will commence as soon as the cement has set sufficiently. This is being erected in the southwest part of town.

The halts in the bond issue have at last been cleared, the bonds approved by the attorney-general, registered by the comptroller, and a waiver has been issued by the state school board. The money on the bonds is expected within the next few days.

The 3,900 feet of 8 inch pipe, the 8,900 feet of 6 inch pipe, and the 24,500 feet of four inch pipe together with the fittings will constitute more than six hundred and fifty tons of materials.

The company doing the work will send the skilled labor, while it was agreed with the city to hire as much of the common labor as possible locally.

W. D. Howren, of Amarillo, who drew the plans, will be the city's engineer, and every bit of the work must come up to specifications to receive his O. K. With the completion of the work, Clarendon will have one of the best water and sewer systems of any city in the Panhandle.

AMERICAN STORE SALE A SUCCESS

D. T. Dewell, owner and manager of the American Stores' business in this city, says that the August clearance sale which that store conducted was even a greater success than he anticipated. Mr. Dewell says that, although he had a large number of circulars struck, he mailed out less than three hundred of them, thus relying solely on his advertisement in the News. He says that the sale soon got under headway, and that he was highly pleased with the results.

Mr. Dewell has, since he has been in business here, demonstrated that he has real insight into the most successful way to advertise; and he is a believer in advertising because he has always got results.

POPE RETURNS FROM THE EASTERN MARKETS

E. T. Pope, manager of the Clarendon Mercantile company, returned Friday from St. Louis, Chicago and New York where he laid in the fall stock for the local store. Mr. Pope states that he bought a heavy stock, although the market is pretty stiff. He says that lots of rain is falling in that country, although we are still crying for rain. Mr. Pope looks for a good business fall, and says that he bought his stock that way.

C. W. Bennett was an Amarillo visitor yesterday.

HENDRIX RESIGNS AS COUNTY AGRICULTURAL AGENT

AGENT IN DONLEY COUNTY FOR THE PAST TWO YEARS WILL GO TO SHELBY COUNTY TENNESSEE. HAS MADE FINE RECORD.

Roy W. Hendrix, county demonstration agent in Donley County since the first of January 1921, resigning to take effect the 26th of this month, and was granted his vacation. He and his family left Tuesday evening for their new home at Collierville, Tennessee. Mr. Hendrix owns a farm there, and as this place is near Memphis, he will teach agriculture and chemistry in the county school as well as do some farming and poultry raising. During his almost two years in this county, he has brought the membership of the boys' clubs to the highest number ever accomplished, and has been a great benefactor in teaching better farming methods. Before resigning Mr. Hendrix asked that the state department send a good representative to this county, and we are assured of such an agent to take the place of Mr. Hendrix.

Mr. Hendrix modestly declines to take credit for the success of the work while he has been in this county, but attributes the good results to the fine co-operation and pleasant dealings that he has had from everyone. He says that he has never been where the work of the county agent was more pleasant and everything more harmonious and expresses the wish that the people give the next agent the same degree of co-operation.

When Mr. Hendrix came to this county the first of 1921, the demonstration work had not been carried on for a year. He set to work to reorganize the work, and last year the membership of the boys' clubs which he organized reached 152; this year he has raised this figure to 245; and he has met each of the fourteen clubs in the county at least once a month. His fine work among the boys has also been a boost and material encouragement to the club work among the girls.

There are many fine results of Mr. Hendrix' work which are left as a basis for the next agent to build upon; among them these may be mentioned: the terracing work, the hog feeding work, and the vineyards established. Mr. Hendrix terraced many farms this spring, and the most satisfactory results have been realized. He has made a fine record in the hog feeding work. Last year seventy-eight gilts were placed on farms where there had never been a pure bred hog before; and this work was very helpful to the fathers as well as the club boys; many farmers fed enough hogs to receive four and five hundred dollars last year, and some of them realized as high a figure as two thousand dollars. Thus it may be positively stated that the pure bred hog industry is safely established in Donley county.

Mr. Hendrix also took much interest in the establishment of young vineyards; he helped make the cuttings and put out thirty-eight vineyards last year.

His experiments with the sweet clover as a pasture have proved successful, and one hundred and five acres were sowed in this crop last spring.

Mr. Hendrix also helped in the establishment of a bureau for the marketing of Donley county's watermelon crop, by joining the state bureau; however, the drought so curtailed the crop that the services of the bureau were not needed in this county. Added to this work also may be mentioned the thousands of minor calls that were made on Mr. Hendrix for such work as pruning the orchards, and vaccinating hogs for the cholera control.

When asked what work he thought Donley county might add in the

## THE WAY TO PEACE

Acquaint now thyself with him, and be at peace; thereby good shall come to thee.—Job 22: 21.

Some cities have anti-flirting ordinances. We have heard of a few instances where one was needed in Clarendon, and just to play safe in the future it would be well to add one to our city statutes.

Four hundred and nineteen Donley County farmers own their own farms. Three hundred ninety one are renters. It is good that the balance is in favor of the home-owners. There is no higher ambition than to own and operate a good farm in Donley County.

Donley County has eight hundred and ten farms within its borders and with the cutting up of the JA ranch will almost double that number in the next few years. Prosperity and growth cannot long be delayed in a land where nature smiles so generously.

The jury in the Upton murder case which last week sentenced the murderer to ninety-nine years in the penitentiary, is to be congratulated by all good citizens who desire the majesty of the law upheld and who believe in a punishment fitting the crime. When other juries all over the country will do as well then we will have a marked decrease in the number of homicides and all other crimes. Enforcement of the law and heavy penalties are the only safeguard of life and property.

Another thing that the unions have done that makes good people love them is the leaving of passenger trains stranded with their passengers in the sweltering heat of the California and Arizona desert. It was a fine, manly, chivalrous thing to do and little babies that suffered and sickened from the temperature ranging around 120 in the shade—and no shade—may yet live to prattle of the sweet, winning ways of the thoughtful (?) union men.

Jokes at the expense of the Volstead law and prohibition have been banned by the Keith vaudeville circuit and their allied circuits. The management of this theatrical combine announces that there has been such general complaint from the citizenship of the country that the order is effective at once. This is as it should be. The law of the land must be respected and little genuine respect can exist for any law when it is openly and publicly ridiculed. The prohibition law is as much a law of the country as is the law against murder, and those who seek to destroy its effectiveness are of the same stripe as bolsheviks.

Nobody is surprised at Jim Ferguson not being a ku klux member. It is his gang that that order professes to be after. Jim is no better than a bootlegger, because he stands for the bootlegger. Jim is no better than all other lawless elements for he stands for every thing that is low morally. His conversation reeks with the filth of his soul and the vomit of hell with which he is so thoroughly possessed. How any man who is honorable and who has respect for himself and his family can support such a vulture is the wonder of the age. And yet, some of them say they are going to vote for Jim. It must be thoughtlessness—surely it isn't the product of reason.

Nearly every day one hears complaint of persons who cannot or will not live on their incomes. Of late years this has grown to be a great evil and employers everywhere are beginning to study to find a remedy for the economic crime. If one's income is too small to subsist on then one must get into some other line of work or go to some new location where expenses are less. But if the failure to make ends meet is just the foolish extravagance of the individual, then there must be a means of checking the evil. There is a movement among employers to refuse to keep in employment those who will not live on their salaries, this being adopted as a means of mutual self protection. The News believes this ought to be the general rule, which, if adopted, would soon reduce the financial losses resulting from extravagance to the minimum and act as a great stabilizer in the credit world. All evils are not solely moral; many are economic, and must be dealt with as such.

There has never been a time in the world's history when good books are so needed and so neglected as today. There is a constant running after amusements and pleasures that admit of no time for quiet reading, yet those who read much will tell you that there is no pleasure more profitable and fascinating than selected reading. Some homes are almost devoid of books and in many instances are loaded with books of a type that were better left unread. The News feels that our schools are falling short in this matter to some extent, and believes that they would succeed much better if they would put more emphasis on contemporary reading and less on some texts that are being introduced into the curriculum. As the summer months are passing away it would be a fine program for every home to inaugurate reading for all members of the family most every evening of the week. It would mean a much happier home, a better mental attitude and a much more profitable spending of evenings than is uniformly indulged in. A reading family is a happy family.

## WHY WE SUPPORT EARLE B. MAYFIELD

The Clarendon News is supporting Earle B. Mayfield for the office of United States Senator because it purposes to act in a manner that it will always maintain its self respect—any other course with Jim Ferguson in the race would be to align with the powers of evil trying to uproot the home, the church, the school and the nation. We are supporting Earle B. Mayfield for several other potent reasons: Because he stands for the restoration of the powers of the state railroad commission, so that the people of Texas may have the benefits of a sweeping reduction of freight and passenger rates, now denied because of the interference of the interstate commerce commission that holds that regions and not states are the basis of all rates.

Because he stands for a radical reduction of the number of federal employees, that have been placed on the payroll by the recent bureaucratic administrations, and the lowering of all excessive appropriations. Because he stands for a system of longer term credits and an adequate financing of farmers and stock men, which is sorely needed by the people of Texas.

Because he stands unalterably against the disastrous deflation policy of the federal reserve system. Because he stands for state's rights and is against the pernicious Dyer anti-lynching bill—a direct invasion of those rights. Because he stands for the present "farm bloc" in the senate and will become one of its most ardent advocates for the good of the great agricultural sections of the nation. Because he admits the mistakes of union labor and in a sympathetic manner seeks to rectify them without prejudice to the general cause of the laborer, standing for a closer relationship between capital and labor.

Because he stands for the prohibition of foreign immigration for a period of two years. This is a vital matter for the nation's economic standpoint. Because he seeks to strengthen all the laws of the land and stands for enforcement through the regularly constituted channels, believing that no nation can long survive where its laws are openly flouted. Because he believes that states should control their schools, highways, health work and all other local affairs, considering the federalization of the state's powers a usurpation of state's rights.

Because he stands for separation of church and state. No good citizen would have it otherwise. Because he stands for free speech and a free press. This is vital as there are those in this country that would muzzle the individual and the press if they had the power. Because he stands for the strengthening of the present prohibition laws of the country and the making a felony of the first violation of these laws.

Mr. Mayfield is a high-toned Christian gentleman and has always stood for the best and highest in civilization, therefore The News is for him with all its strength.

God grant that no good citizen should be hoodwinked into casting a vote for his opponent—an opponent not worthy of the name of Democrat or citizen.

Miss Susie Patterson left Friday morning for a visit at College Station with her brother, after which she will return to her school at Wichita Falls.

## PANHANDLE-PLAINS C. C. AND JUNIOR C. C. MERGED

The Panhandle-Plains Chamber of Commerce and the Junior Chamber of Commerce were merged at a meeting of the Junior Chamber of Commerce last night at the city hall. The Junior Chamber of Commerce is no more, and the Panhandle-Plains Chamber of Commerce is more than it ever was before. The members of the Junior Chamber of Commerce who met in general session last night voted unanimously to merge their organization with the Panhandle-Plains Chamber of Commerce. This gives the Panhandle-Plains Chamber of Commerce a greatly augmented membership and puts it in the best financial condition it has ever been, it is said. The Junior Chamber voted to transfer all its funds to the Panhandle-Plains Chamber.

A committee composed of T. W. Cotton, J. V. Moore and O. B. Berry was appointed to draw up resolutions for the merger. This merger has been discussed for several weeks by the directors of the Junior Chamber of Commerce and was in force the Junior Chamber was organized.

A. S. Stinnett made a stirring appeal for the merger. He recited the accomplishments of the Panhandle-Plains Chamber of Commerce and said Amarillo wanted to show her interest in the Panhandle by transferring to this body representing the entire Panhandle the membership and funds already raised in Amarillo for the Junior organization. Mr. Stinnett predicted the greatest growth of the Panhandle-Plains body it has ever known.

E. O. Thompson said the development of the Panhandle meant the development of Amarillo and he declared he was glad to vote for the merger of the Junior Chamber with the Panhandle-Plains chamber because of the good Amarillo might thus do in aiding to promote the interests of the entire Panhandle.

Judge Hugh Umphres said such a merger would create more harmonious feeling and better co-operation. T. W. Cotton and M. T. O'Neill also spoke for the merger. Not a dissenting vote was raised. All apparently agreed with the idea that such a merger showed broad vision and interest and appreciation of the working for the whole Panhandle which the Panhandle-Plains Chamber of Commerce is doing. A letter from President E. E. Finley of Fampa favoring the merger was read. The Palo Duro Park committee was continued and will appear before the county commissioners to have them make an appropriation for a park. T. W. Cotton discussed an all Panhandle fair.—Amarillo News.

## WE'VE GOT 'EM

For the first time in several years the local election passed off without any body jumping on the Clarendon Chamber of Commerce. Some people either had their mind off their business or the organization must be a little lame just now. The best recommendation that a chamber of commerce can have is to be cussed by the "aginer" and reactionary element of its home community.—Clarendon News.

We didn't get by so easily in Hereford. The old streets corner bunch was on the job as usual and nominated its "Chamber of Commerce candidates." Mayor Braswell is dead right—without these social leeches the live ones in every town would feel that they did not have enough "punch" in their work.—Hereford Brand.

## RAIL SURVEY BEING MADE IN HALL COUNTY

A corps of railroad engineers are located at Turkey making preliminary surveys for a proposed railroad entering the South Plains. Citizens of Turkey are very enthusiastic over the prospects. It is said that the engineers have located a route up the Caprock that gives a 2 per cent grade. Several buildings are going up in Turkey, among them a large brick business building.—Memphis Democrat.

## AMARILLO MASONIC TEMPLE

Amarillo, Texas, Aug. 7.—Tenative plans are being made to construct a \$300,000 Masonic temple here next spring. H. A. Nobles, B. T. Ware, George Stapleton and C. B. Johnson compose the Amarillo executive committee. All Masonic bodies and the Shrine of the Panhandle will use the temple.

Sam Thompson and family, of Silverton, visited here the last week end with J. J. Taylor and family.

## POSTED

The pasture known as Kelly Creek is posted. No trespassing, swimming or picnicking allowed. We are forced to do this to protect our interests. Take notice and avoid trouble and expense. Our feed lot north of town is also posted. Bennett & Sims.

## Help Clarendon Grow

A city or town can not grow unless its business enterprises are prosperous. A business can not grow unless it is making money.

By helping each other, by saying a good word for the other fellow in business, we can build our own. By buying everything we buy in Clarendon and recommending Clarendon merchandise and Clarendon products to everyone we meet both inside and outside of Clarendon. We can help prosper the enterprises that are here, help build our own business and attract other enterprises to our town.

Ours is one of the Clarendon enterprises. We are one of you and the above is our policy, toward other enterprises.

**EARLY SETTLERS' HISTORY IN BRIEF**  
(Continued from page 1)

In 1864 Mr. Bugbee cast his first vote. It was for Lincoln. His fortunes seemed to be linked with those of Lincoln in a way he little dreamed. Leaving Washington the night that Lincoln was assassinated, he was passing through Boston when he was apprehended on suspicion of being John Wilkes Booth. He was able to prove his identity by showing his war discharge papers and was permitted to go on his way.

Arriving in Texas in 1869, Mr. Bugbee saw a great future for the cattle industry which was then in its infancy. He bought up many steers and drove them to eastern markets or to further western plains for grass. These trips often covered as many as twenty-two hundred miles and occupied three or four months. The lure of the west had its grip on his heart and in 1876, he and his wife and family came to the Panhandle country and settled on the Canadian River on what is now known as Bugbee Creek.

Mrs. Bugbee who is a typical western woman was always a friend to the cowboy. They knew they had a home with the Bugbees and they felt that Mrs. Bugbee had real interest in their personal welfare, often giving them a word of cheer that meant so much to one who was homesick for the "folks back home."

Mr. Bugbee and his wife have seen the onward march of the Indian and buffalo as they beat out a new trail to the far west to give way to the coming forward of civilization

which is the heritage of the youth of today. They have endured the inconveniences typical of all new countries and especially peculiar to the development of a cattle range into a land of farms and happy homes. Throughout all these trying times they were never too busy with their own affairs to minister to the needs of their neighbors. No truly worthy person ever came to Mr. Bugbee for help and went away disappointed. Many incidents are familiar to his friends when some man was almost to the point of complete failure financially, at this critical moment Mr. Bugbee came to the rescue. Few ever betrayed his trust and friendship. His life in an industry to the fact that he considered his wealth a trust and he the steward and when he could use it to benefit humanity he was happy.

From 1900 to 1908 Mr. Bugbee was president of the Panhandle Cattle-men's Association. In the summer of 1908 he was elected delegate to the Republican National Convention which met in Chicago to nominate Taft for president of the United States.

In 1912 he attended a reunion of the ninth and twenty-ninth regiment of Maine, which met at Portland Me.

In this community which has been the home of the Bugbees for many years their friends are numbered by the number of their acquaintances. It is the wish of all of these that this pioneer couple may be spared many, many years to enjoy the love and esteem of their children and neighbors, and that the going down of their western sun may be many moons away.

**PERSONALS**

W. S. Davis and family, of Goodnight, were Clarendon visitors Saturday.

Calvin Baker, of Douglas Arizona, visited here last week with friends while enroute to Tulsa Oklahoma.

Cal Merchant left Monday on a business trip to Amarillo and Panhandle.

W. C. Veazey, a prominent farmer of the Goldston community, was in this city Saturday.

T. M. Little was ill Tuesday but his friends are glad to see him up again.

T. H. Gatlin, one of the prominent hands on the JA ranch was in this city on business yesterday.

Mr. and Mrs. J. B. Martin, of Amarillo, are visiting here with relatives and friends.

Miss Earl Smith returned home this week from a visit with relatives at Wichita Falls.

Miss Ila Mae Wallace, of Dallas visited in this city Friday with her friend, Miss Oressa Teague, being enroute to Amarillo with her parents.

Miss Loma Madden, of Memphis, arrived here Saturday evening for a week-end visit with her friend, Miss Oressa Teague.

Carl Adams and Jephtha Fleming returned Tuesday from Denison where they had been to investigate the strike situation.

A. C. Gaede and son, of Muleshoe, were in this city yesterday preparing for the latter's entrance into Clarendon College this fall.

Mr. and Mrs. M. E. Bell, of the Bell ranch southwest of this city, were in this city yesterday visiting with friends.

J. A. Cook, of this city, returned the latter part of last week from an extended business trip through New Mexico and Colorado.

Nat Martin arrived here yesterday morning from Tampico, Mexico, where he is engaged in business. He is visiting with his mother, Mrs. N. W. Hatchett and other relatives.

Mrs. J. D. Browder, of the Browder ranch in Hall county, visited here the first of the week with relatives and friends.

Tom Word, of Chillicothe, was through this city Friday enroute to Alanreed where he will visit with A. B. Ward.

Mrs. H. C. Herndon and daughter, Miss L. V., returned home last week from Wichita Falls where they visited with relatives.

Mrs. David Johnson and children, Misses Sybil and Eunice and Master Gilbert, returned Sunday morning from an extended visit with relatives and friends in east and north Texas.

Leonard and Tom Goldston are spending this week on a fishing trip. Mrs. Tom Goldston is visiting with her parents and other relatives at Groom.

Miss L. V. Herndon will leave for Wichita Falls next week where she will study vocal and instrumental music. She will also teach a class of beginners in music and expression.

Mrs. Esther Massey left Tuesday morning with her aunt, Mrs. J. R. Griggs, on the latter's return to Vernon, and is visiting there this week.

Pete Kinney, of Childress, spent Sunday here. On his return home Monday morning, he was accompanied by his brother Dewey who visited at Memphis and Childress.

W. H. Smith, C. H. Wisdom, Nick Carter, Rev. J. R. Henson, Joe M. Warren and Carl Boston were among those who made a run to the Alanreed oil well Tuesday afternoon when it was reported that gas and oil had been struck in paying quantities.

R. A. Long, J. J. Taylor, Matt Bennett, their wives and part of the children are spending a vacation on the Taylor ranch north of Alanreed.

Major E. A. Simpson and Lieutenant George Taylor left Saturday for Denison to join the boys who are guarding the railroad shops.

Read the advertisement.

T. D. Hardwicke, of Beeville, left Monday morning for his home after having visited here with his relatives D. P. Ross and R. H. Beville and their families.

Mrs. Elvin McLean, of Amarillo, left Monday morning for her home after having visited here for some time with her parents, Mr. and Mrs. J. O. Quattlebaum.

Mrs. J. F. Draffon and little son, Jack of St. Louis, returned Monday morning to their home after having visited here this summer with the former's parents, Mr. and Mrs. W. E. Sims.

Ted Edwards, of Willard New Mexico, arrived here last Friday evening for a visit with relatives and friends. His wife and baby arrived here last evening, and they will visit in Central Texas later.

Burgher Pirtle and sister, Miss Elizabeth, of Spearman, were here for a short visit with relatives and friends Sunday. On their return home, they were accompanied by Miss Fannie Gussie Story, who will visit with her aunt, Mrs. Blake, formerly Miss Lucy Story of this city.

Rev. and Mrs. W. T. Lackey, of Dill City Oklahoma, are here visiting with the latter's parents, Mr. and Mrs. L. H. Mullins. Rev. and Mrs. Lackey have just completed a revival meeting in the Hefner church near Dill City, and report fine results.

Mr. and Mrs. J. M. Hayter, of Megargel, are visiting here this week with their sons, W. T. and Cleveland Hayter and their families and other relatives.

Roll Van Zandt, of Tioga, is visiting here this week with his sister, Mrs. Meredith Gentry.

Mrs. Jessie Wilson, of Terre Haute Indiana, arrived here yesterday morning for a visit with her sister, Mrs. Henry Williams and family. Mrs. Wilson has been visiting with relatives in Liberal, Kansas and in Dalhart. She will return to her home Saturday.

R. H. Hadley and wife, of Childress, are visiting here this week with the latter's parents, Mr. and Mrs. G. F. Lane.

W. M. Emmons returned the first of the week from Hunt county where he was called by the illness of his mother. His mother was getting some better at the time that he returned home. He says that the cotton looks well in that country although there are not many bolls, and that corn is in fine shape.

The intermediate department of the local Baptist Sunday school is entertaining the same department of the Memphis Baptist Sunday school with a picnic today on the Harry Brumley place eleven miles east of this city.

Misses Ola Grogan, of Amarillo, and Ida Lou Ellis, of Lubbock, left for their home this morning after having visited here with their friends, the Misses Bennett. They and Misses Faye and Jewell Bennett have been attending a progressive house party at Wheeler and Shamrock the past week.

George Ryan and Odos Caraway were visitors at Alanreed, Jericho and other points yesterday.

**UPTON SENTENCED TO LIFE IMPRISONMENT FOR MURDER**

The case of the State of Texas vs. Houston Upton, charged with the killing of Gladys Solomon last February, came to a conclusion Friday morning when the jury returned a verdict of guilty and assessed the defendant's punishment at ninety-nine years in the penitentiary. On first ballot, it is said, five jurors favored with death penalty. The prisoner was carried from the jail to hear the verdict, and Judge Henry Bishop in accordance with the finding of the jury, pronounced sentence on the prisoner.

The counsel for the defendant, after the denial of a new trial, gave notice of appeal; but it remains yet to be seen whether they will appeal the case, as they have ninety days in which to prepare the appeal. Venue in the case against Upton for the killing of Nell Umberson on the same night as he killed Gladys Solomon was transferred to Randall county. It is stated that the state has agreed not to prosecute Upton on this indictment if he accepts the sentence imposed for the murder of Gladys Solomon.

**GOLDEN CROSS MEETS**

Monday afternoon the ladies of the Golden Cross met at the Methodist Church. The constitution and by laws were read and adopted by section. However the completion of the constitution will not be reached until the next business meeting in September.

The new officers presided at this meeting. Mrs. J. T. Griswold, president; Mrs. Slover, vice-president; Mrs. Braswell, secretary; Mrs. Bengett Kerbow, treasurer. The president, Mrs. Griswold outlined the duties of the departmental superintendents and various officers as stated in the constitution. The vice-president will conduct a ten minute Bible study at the regular

business and study meeting. The study course will be arranged by the departmental superintendent. Four departments of the Golden Cross are orphanage, educational, hospital and local. The president appointed the following ladies superintendents of these departments: Mrs. John Lott, orphanage; Mrs. Boston, educational; Mrs. M. M. Noble, hospital and Mrs. J. W. Watts, local. The superintendent of Hospital work will supervise the organization and work of the Daughters of the Golden Cross.

Plans are under way to reach the goal of fifty members by the first Monday in September which will be the next business meeting. At every meeting new members continue to join. Five new names were

added to the roll since last week. There will be two work days each month. On these days sewing, quilting and various other lines of work will be undertaken for the various causes in which the Golden Cross is interested.

Don't miss the next meeting, don't forget the date, first Monday in Sept., and be sure to bring some one with you.

G. C. Press Reporter.

Miss Ruth Stocking, of New York City, is spending a vacation here with her mother, Mrs. J. D. Stocking and family. Miss Ruth has an excellent position with a large company that prepare statistics for reference throughout the United States. Her many friends welcome this, her first visit home in the last two years.

Will be given away at 3:00 p. m. Saturday August 19th. Building formerly occupied by Strickland-Story, next door to Little Dry Goods Co. Each lady gets a 30c pie pan free.

Wear Ever Aluminum Demonstration.

#### CARD OF THANKS

We thank the Clarendon people for the kind and courteous treatment which they have shown us during our stay while the Houston Upton trial was being conducted.  
R. L. Orman, in behalf of the people of Floyd county.

Bob Bigger returned Tuesday from a short business trip to Ft. Worth.

#### 500 DRUGGISTS STAGING SALE

Next week begins Druggists' Week throughout the length and breadth of the Lone Star State. From El Paso to Marshall and from the Panhandle to the Gulf, retail druggists in large and small cities will conduct a "Two For One Sale," which opens in more than three hundred Texas cities and towns, August 25th.  
The City Drug Store of this city, who are the local participants in the state-wide drive for lower prices, expect that the crowds of eager buyers who will throng their store from morn until night, will exceed all their expectations and the store's sales records for a single day will be broken within a few hours of the sales' opening.

### MISS CASSANDRA SIMS BECOMES THE BRIDE OF JAMES HERVEY MORRIS

An interesting wedding was solemnized at the home of Mr. and Mrs. John Thomas Sims yesterday evening at six o'clock, when they gave in marriage their daughter, Cassandra to James Hervey Morris.  
The home was beautifully decorated with ferns, lavender asters and white roses. A beautiful arched altar was arranged at the west end of the drawing room for the bridal party.

Miss Myrta Houk, accompanied by Miss Mildren Martin sang "Because", after which the bridal procession entered to the strains of Mendelssohn's wedding march. They were led by Miss Muffit Sims, attired in orchid taffeta and white lace, carrying an arm bouquet of lavender asters and ferns, she was followed by the bride and groom. They were met at the altar by the Rev. J. Sam Barcus, who had performed the same sacred ceremony for the father and mother of the bride. After the impressive ring ceremony had been read and congratulations and good wishes extended to the bride and groom, the younger guests led by the bride and groom, to the strains of Lohengrin's Chorus repaired to the dining room to cut the wedding cake, which was decorated with festoons and lilies of the valley. Much interest was manifest in cutting for the wedding emblems, after which Miss Norma Rhodes toasted the bride:

"Far off in the land of our fondest dreams,  
Where air castles, tower and battle-ment gleams,  
Each maid has a mansion she holds as most rare  
Wherein dwell fond hopes and a love she would share.

This mansion is oft to reality turned  
By one who on Love's shrine sweet incense has burned,  
And happy is she to whom comes such joy—  
May she have much to please and naught to annoy.

So this evening we are gathered with one who has learned  
The pleasure of loving and being loved in return.  
May full measure of happiness and joys not a few  
Be held in the future dear Cassandra for you!"

Following which Miss Roberta Morris toasted the girls who are left behind.  
"Everyone toasts the bride-to-be,  
But no one seems to find  
A moment to give in which to cheer  
The girls who are left behind.

Let's not begrudge the bride her success,  
Or the glory with which she's been hailed,  
But fill our glasses and drink a drop  
To the girls who have tried and failed.

Then here's to the girls—the unchosen girls,  
And many of us you'll find;  
Here's to a jolly good bunch of girls—  
"The girls who are left behind."

The bride tossed her bouquet from the stairway and Miss Roberta Morris was the fortunate "catcher." The guests were served with ice cream and angle food cake, after which they were invited to see the gifts of the fortunate couple. They were many and beautiful.

Mr. and Mrs. Morris left on the north bound train for Denver and other points in Colorado. The going away gown of the bride was midnight blue douvaine with accessories to match.

Upon their return they will receive their friends in their home at the corner of Fourth and Carhart Streets.

During the past few weeks Miss Cassandra Sims, a bride-to-be has been honored by her friends with several showers complimentary to her coming nuptial.

On Wednesday the fifth of August, from four to six o'clock Mrs. James Trent entertained with a miscellaneous shower. Upon the arrival of the guests dainty packages were handed to the maids in waiting who conveyed them to the dining room. When the honoree arrived a large basket piled with packages was brought in and placed before her, and upon opening the packages were found to contain many valuable and beautiful gifts, after being displayed and admired by the guests an iced course luncheon was served by the hostess.

Friday morning Mrs. Charles Trent entertained the Junior Five Hundred Club and a few invited guests honor-

## CELEBRATE GOLD-EN WEDDING ANNIVERSARY HERE

### CHILDREN AND RELATIVES GATHER IN HONOR OF THE FIFTIETH WEDDING ANNIVERSARY OF MR. AND MRS. T. S. BUGBEE SUNDAY.

On Sunday, August 13th, Mr. and Mrs. Thos. S. Bugbee celebrated their fiftieth wedding anniversary at their home in west Clarendon; present on that occasion were all of the children, grandchildren and resident relatives, the whole party making a total of thirty-six.

About two o'clock in the afternoon they assembled at dinner, and after a few well chosen words by Mr. Bugbee, partook of a repast that lacked nothing in point of excellence. The table decorations were golden glow flowers, which color scheme was carried out in the decorations of the dining room; place cards were hand painted sprays of golden glow with name in script gold.

After dinner the entire party gathered in the spacious library when presentation was made of many appreciated golden gifts from the children, grandchildren and relatives; after which Miss Mary Isabell Bugbee, daughter of Mrs. T. E. Bugbee, recited the following:

It was more than fifty years ago;  
That Thomas strong and bold,  
Forgot an all important axe,  
So we've heard the story told.  
And when he went to borrow one,  
Met Mary, sweet and shy,  
And he went back without the axe;  
Can you guess the reason why?  
Had captured Tom's true heart;  
Oh Tom's heart was on fire,  
Pierced by Cupid's dart.  
So soon the two were married,  
And have lived a happy life;  
Though no one can deny, I'm sure,  
There have been days of strife.

But they have been so very few;  
Considering the years,  
And love has grown the greater,  
Through gladness and through tears,  
And though it seems quite silly,  
We're glad Tom forgot, I say;  
For if he hadn't met Miss Mary,  
Where would we all be today?

So your eight loving children,  
Although one was called away,  
And your many, many grandchildren,  
Are here with you today,  
To bring you messages of love,  
And congratulations true;  
To wish so many, many years  
Of happy life to you.  
The older persons indulged themselves in many reminiscences and social diversions; the children frolicked and played through the spacious house and yard; snap shot pictures were taken of groups and families, and a general good time had while pleasure's cup o'er flowed.

About six o'clock in the afternoon the entire party motored out to the river north of town, and in the shade of the spreading cottonwood trees, partook of a picnic supper of such delicacy and completeness as can only Mrs. Bugbee prepare; after which, in the cool of the evening, the party returned home. Those present were:

Mr. and Mrs. T. S. Bugbee; John S. Bugbee; Mrs. T. E. Bugbee, of Long Beach, California; Miss Mary Isabell Bugbee; Master Thos. Bugbee 3rd; Miss Ethel Bugbee; Miss Bettis Bugbee; Mrs. Geo. T. Cook of Pebble Beach, Calif., Mr. and Mrs.

ing Miss Cassandra Sims, the bride-to-be with a handkerchief shower. A beautiful bouquet of hand made handkerchiefs were presented the honoree.

Four tables were set for the players, after the games a two course luncheon was served to the guests.  
On Saturday afternoon Mrs. W. H. Martin and Mrs. G. B. Bagby were hostesses to Cassandra Sims, complimenting her with a kitchen shower. After the bride-to-be arrived and had been escorted to the seat of honor, little Betty Bugbee presented her with a shower bouquet of kitchen utensils bearing the following inscription:

"Perhaps this bouquet will suggest each day,  
Something good to prepare for Jim,  
For after all what would life be if it wasn't only for him."

Many other useful kitchen utensils were presented the honoree. After which an iced course luncheon was served to those present.

W. H. Patrick, Miss Katherine Patrick, Miss Lorraine Patrick, Miss Elgin Patrick; Mr. and Mrs. Wesley Knorrp, Master Carroll Knorrp, Master John C. Knorrp, Master Walter Knorrp, Mr. and Mrs. T. W. Carroll, Master Will Carroll, Master George Carroll, Master Sherman Carroll, Master Wesley Carroll, Master John A. Carroll, Miss Kate Carroll, Mrs. R. L. Hearn of Seattle, Washington; Miss Mary Kate Hearn, Master Rodney L. Hearn, Jr., Mr. and Mrs. H. G. Officer, Miss Helenita Officer, Mr. H. G. Officer, Jr., Mr. and Mrs. Chas. H. Bugbee and Mr. Harold Bugbee.

Mr. and Mrs. T. S. Bugbee were married in Peace, Kansas, August 13th, 1872. Mr. Bugbee is eighty-one years of age, while Mrs. Bugbee is seventy; Mr. Bugbee is a native of Maine and saw service in the Civil War with the Union Army.

Mr. Bugbee controls a vast amount of land and cattle in the Panhandle; he started his career in the cattle business in Fort Worth, in 1869, buying cattle there and driving them overland to market in Idaho and Colorado. Mr. Bugbee was engaged in the cattle business from 1865 until 1912, when the ranch lands were made a family corporation which is now being run under the name of Bugbee Live Stock & Land Com-

pany. Having come to the Panhandle in a very early day, Mr. Bugbee witnessed the many changes that have taken place, from the open range days when there were but a few scattered ranches and less than one hundred people in the whole twenty-six Panhandle counties, to the present, when the inhabitants are numbered by the thousands.

Mr. and Mrs. Bugbee, in their declining years, possess that great satisfaction and pleasure—that secret consciousness of a duty well performed. Long may they be spared to us.

#### WEATHERLY TAKES A PATIENT TO HOSPITAL

Wallace Weatherly returned Tuesday from San Antonio where he had been to take Estel B. Miller, of this city, to the base hospital at Ft. San Houston. Miller is suffering with tuberculosis, but it is thought that he will soon be on the road to recovery under the care in the hospital.

Thomas E. Pirtle, of Spearman, has accepted a position with the Clarendon Monuments Works as a traveling salesman.

George Ryan, Odos Caraway and Harry Sitner motored to Amarillo Monday.

REV. H. W. SHIRLEY OF FREDRICK, OKLA.

## AMERICANS FOR AMERICA

LAURETTE TAYLOR

America has always been of complex population; it always will be, and should be. The six white bars of the flag represent the six different racial stocks who battled for freedom against a German monarch and his Hessian guardsmen in 1776. It is in our complexity of inheritance that America is truly great, verily the Land of the Free. Our nation was born, and has been reborn and reborn again in its immigrants. Thank God for them. But God forbid that the great principles on which the Union stands should ever be re-shaped or replaced by other principles; that our noble traditions should be warped by traditions of other lands; or that our culture and beliefs should give way to alien modes of thought and beliefs born of life in Europe which are false to the life of what is really America.

Aliens in our midst should not blame American ideals and methods of government for evils which they have brought with them to our shores. It is true that the alien has suffered from industrial exploitation; but it is also true that he has been exploited, not by Americans, but by men of his own blood. The everlasting agitators, and a certain type of sophomoric highbrow, mouth loudly and continually of "Democracy." Pity is that the ignorant and the self-seeking unite so frequently to follow such leadership.

The United States is founded on freedom to worship God as each man will, and on a perpetual guarantee to each and every man of the right to live, to enjoy liberty, and to pursue happiness. I wonder how many of those who find so much fault with this country and its system of government have ever stopped to analyze what these precious freedoms of our freedom really mean? I wonder if, in the light of an hour's quiet thought about only a few of our great national privileges, they would howl so much against our institutions, or demand in such unthinking terms an unqualified democracy? I wonder if they really know the sacred principles of Americanism or if they are too careless, too ignorant of history on both sides of the Atlantic, to treasure at their value, and to defend against every enemy, these priceless heritages of America? Or, if they are citizens, and have

not sufficient appreciation of the responsibilities of their citizenship, let them learn one lesson, the greatest I think, of all the great lessons that our country teaches us. It is this:

The government of these United States was set up, and exists, and derives its just powers from the consent of the people it governs. It is so organized, and so balanced with great care, as to secure by law to every person his inalienable right. Therefore it is a democracy. But, besides doing all this, our system of government, not content with protecting our people under its laws, is also equipped with safeguards to prevent injustice by law. If mob spirit should lead a majority to enact unjust laws, in the final analysis our highest tribunal of justice stand between those unjust laws and the man or woman who, without this check on the popular will of the many, might suffer from them.

A democracy—yes, but not a democracy like that of Danton and Robespierre, which bathed France with blood; or that of Lenin and Trotsky, which has given Russia temporarily to the dogs of fate—the United States is a democracy which recognizes that there are eternal principles of right and justice against which a majority must not be permitted to prevail—a democracy which acknowledges, as those other two would not, that above its own will stands the infinitely greater authority of Right, and the infinite principles of God Himself.

Let us not wander in quest of false ideals or give ear to empty heroics and loud imaginings.

Do not mistake the rabid vibrations of demagogues and experimentalists for the heart-beat of the American nation. That great, steady pulse throbs strong, sturdy, true. When we need guidance in Americanism—in the kind of Americanism in which our nation was conceived and born, and has grown great—let us follow our own great law-givers: Washington, Hamilton, Jefferson, Webster, Calhoun, Lincoln. God makes no man a slave, no doubter free; Abiding faith alone wins liberty.

Let us have faith in the eternal principles of Americanism, and our example, not less than our good sword, will make this world a decent place to live in.

### The Clarendon News' Americanization series

(Editor's Note—The articles appearing in the above space from week to week are taken from "Americanization" by Elewood Griscom, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.

### CAN YOU DOUBT IT?

When the Proof Can Be So Easily Investigated

When so many grateful citizens of Clarendon testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Clarendon says about Doan's Kidney Pills. Can you demand more convincing testimony?

W. H. Martin, retired merchant, 4th and Park Sts., Clarendon, says: "I found Doan's Kidney Pills good for pain and lameness in my back. I got Doan's at McKillop's Drug Store and was pleased with the results they gave me. They are certainly fine." (Statement given January 24th, 1911.)

On April 21st, 1919, Mr. Martin added: "I have not had any signs of kidney trouble since Doan's cured me. I am always glad to say a word in praise of Doan's Kidney Pills."

J. D. McCants of Giles was through this city Friday enroute home from a trip to Amarillo.

### PART OF SOLOMON'S TEMPLE NOW IN GUTHRIE, OKLA.

The longest traveled freight shipment in the history of Guthrie reached here this week, when a consignment of building stones from the Holy Land arrived, completing its journey of more than half way around the world. The stones were quarried last summer in the depths of King Solomon's quarry in Jerusalem by J. E. Douglas, 33 degree Mason of Oklahoma Consistory.

The stones, which are snow-white in color, are to be set in the new \$3,000,000 Masonic temple being completed here. They are the first stones from King Solomon's Temple ever shipped to Oklahoma, and perhaps the first to arrive in the United States. They are from the same deposits as the stones used in the building of King Solomon's Temple.

Ten trainloads of 180 carloads of cut stone were used in facing the \$3,000,000 Masonic Temple and in building the huge Greek columns which support the front of the building. The Greek columns are thirty-two feet high and weigh nearly sixty tons each. There are five huge sections in each of the big pillars besides the caps and bases. These sections weigh nine tons each and are six feet in diameter.

An unusual coincidence in connection with the building of the big temple is that the Indiana limestone used in the structure came from the former home of H. T. Swearingen 33 degree, Venerable Master of the Guthrie Lodge of Perfection, and President of the Masonic Building Association, the corporation having charge of the erection of the temple. Mr. Swearingen is a native of Bloomington, Ind., where the limestone quarries are located.—Oklahoma Consistory Bulletin.

Mrs. B. F. Brady of the RO ranch, underwent an operation at the Adair Hospital the first of this week.

### "THINK OF THESE THINGS"

We get out of life just what we put into it, and in that proportion.

We can not deposit worthless paper in the bank of life and draw out gold.

No spiritual thought is a bad thought, and no bad thought is a spiritual one.

There is no truce between vice and virtue, no compromise between right and wrong, no agreement between good and evil.

"No man can serve two masters; for either he will hate the one and love the other; or else he will hold to the one and despise the other."

One's thought is sure to portend the nature of one's effort. The individual himself decides whether or not he shall entertain angels or devils in his mental home.

Zeal for the cause of right, honesty of purpose and earnest desire are what is considered by our Employer. This holds good, whether our work be mental, physical or spiritual.

One had as well undertake to go east and west, north and south, up and down at the same time as to try to hold to God with one hand and the prince of darkness with the other.

Every day is an opportunity for work, physical, mental and spiritual. Knowing this, we are responsible to the degree of our realization of duty and our capacity for the work before us.

Often we squander our time in a way that neither plants, cultivates nor harvests, and thus not only fail to garner for the King, but gather the crop of the enemy, then reap the penalty of our folly and disobedience.

At times we neither plant nor harvest ourselves, but hinder those who are trying to bring golden sheaves into His garner. When this is true we are ideal servants of the enemy. This fact should be realized with horror, for its effects are everlasting.

There are times when we not only neglect our Father's business, but are actually engaged in the business of the evil one, whether we realize it or not. So that it becomes necessary for us to "watch and pray" at all times that we enter not into temptation.

We can not excuse ourselves by saying there was no grain to garner where we were, for His harvest field is everywhere, and He would not have us idle. There is no part of His field where there is not work to do. "Why stand ye here all the day idle?"

We can not fritter away our time and demand the fruits of the time industriously employed by others. Paul tells us that "Whatsoever a man soweth, that shall he also reap." And we can not sow tares and reap wheat; we can not sow thorns and reap fruit; we can not sow frivolity and reap spirituality; we can not sow hate and reap love.

"The human heart is deceitful above all things, and desperately wicked." This being true it is not only incumbent upon us to be alert to the subtlety of others, but also to guard ourselves against the wicked machinations of our own hearts, for we are told that "that which cometh from within, this defileth the man."

No matter how we try to camouflage our conscience, when we do not live up to the best we know, there will remain the realization that we have neglected opportunities, frittered away time, prostituted our talents and to a greater or less degree suppressed the best that is in us. For this we are responsible, and there is no evading the responsibility.

A man that is not alert soon finds itself the host of "wicked spirits" in the form of thoughts which are dishonest and impure. If one allows himself to entertain such guests often, he soon becomes accustomed to such company, and then makes little or no effort to rid himself of such associates. The result is always disaster. He who knew utterly the thoughts of men said, "What I say unto one I say unto all. Watch."—DeWitt McMurray 33 degree I. G. E.

## BAR MEMBERS WOULD TEACH AMERICANISM

San Francisco, Aug. 10.—Establishment of a bureau to further American ideals and to offset a growing tide of anti-Americanism declared to be arousing great prejudice against the courts and the constitution was recommended to the American Bar Association today by its committee on American ideals.

"We are convinced that if it could be submitted to a vote" the committee reported "a large number of our citizens would vote in favor of abolishing the constitution entirely."

The report which also denounced the proposal to clothe the legislative bodies with supreme authority was presented by Judge Martin Wade of the United States District Court of Iowa. The other members of the committee included R. E. L. Sauer, Dallas, Texas.

"Many of our people are convinced that the Constitution was intended as an aid to the rich and powerful," the report said, "that it offers unwarranted immunities to the railroads and other great corporations and is an instrument of oppression to the poor."

"They do not know that the Constitutional limitation invoked by the corporation to protect its property in time of danger is exactly the same limitation upon which the widow, the working man and the farmer rely to guard their possessions against wrongful invasion."

The committee proposed working through schools and colleges to further American ideals of citizenship and advised the creation of a "committee upon American citizenship" composed of five members representing different parts of the United States and non-Partisan in political and industrial questions to arouse public sentiment in favor of support for the Constitution.

It also urged that every newspaper and magazine establish a "department of American citizenship" and that a course in American institutions and ideals be made part of the curriculum in all schools and colleges.—Amarillo Tribune.

## FEARS THAT AGE

The other day a man reputed to be the oldest in the world died at the tender age of 134. At 125 years of age he was the father of a child. Up to the time he died he was hale and hearty and able to get about and do his work, walk long distances, carry weighty burdens, and carry on generally.

When asked how it was that he had lived so long and kept himself well and fit, he said, "by talking things as they come and never worrying."

Worry is the deadly poison that undermines and kills. Most of us carry around a flock of worries of one sort or another. If we have nothing to worry about, we are like the old woman who said, "When I feel good it makes me feel bad to think that I'm going to feel worse after while!"

The two greatest fears that age are: The fear of growing old and the fear of death. We worry so much about growing old that actually we do grow old before our time. I once knew a man who felt that he would be old at fifty, and after he had passed forty he counted the grey hairs as they came, and watched the expanding of baldness, with fear and trembling. At fifty he was an old man, and died within a few years. I knew another man who felt that he was growing younger all the time, and on his seventy-fifth birthday he performed feats that would give a man of forty a run for his honors.

People who constantly fear death usually die of old age at a time when they should be in their prime. It has been said that the things we fear most never happen, and some of us are so contrary that we believe this by fearing death most, so we'll be sure that it does happen. But the worst bridges are never crossed and the greatest calamities are always somewhere in the dim and uncertain future.

There are only two kinds of worries—worry about things that can't be helped, and worry about things that can be helped. When we reduce it to that, what in tarntation bunk is there to worry about? It is useless to worry about one and laziness to worry about the other.

If we could divorce worry, what a grand and pleasant old world this would be to live in and what a lot of fun we'd have staying young and enjoying life indefinitely.

"Kill worry before worry kills you."—Wm. J. Wyatt's "Twilight Reflections."

## MEMPHIS PAVING AND PUTTING IN WHITE WAY

The first real paving to be done in the City of Memphis was started Monday morning, Aug. 7, at 8 o'clock.

The great concrete mixer was steamed up and ready for the shoveler at the hour named. The machine was located at the corner of Fifth and Main streets near the Thompson hardware store. The mixer was put to work and soon the soft concrete was being run out over the smoothly rolled earth. The onlookers were numerous and the work was interesting. The gravel had been hauled in a long row down each side of the street. The machine was located on the north side of the street and the concrete was confined to the north half as the mixer moved forward. The work went rapidly on and by Monday night three-fourths of the block had been paved with the 5-inch coating of concrete. This is all run to a proper level and curve of the street. On the top of the concrete is put one inch of soft sifted sand. On the top of this are laid the vitrified brick. These are laid reasonably close together. After they are laid they are rolled perfectly smooth with the big steam roller.

Then there is a coating of hot asphaltum spread over the entire surface of the brick. This fills up every crevice, and allows for the expansion of the brick from heat. After the asphalt comes a light coating of soft sand to take away the sticking of the asphalt. When this is applied the pavement is complete. Gradually the sand and asphalt course wears away and the brick finally becomes quite exposed to the traffic of the street.

The City of Memphis on Monday closed the deal for the purchase of twelve thousand feet of lighting cable for street lighting in the paved area. The cables are to be installed in the paving beside each street in the paved section. The paving has not been entirely worked out, but it will perhaps contemplate three lighting posts to every block where lights are put in. These lights will be on ornamental posts and have large white globes such as are used in the white ways of the cities. The finances of the city will not justify the paying for current for a large area, but it is expected that after the cables are installed, with proper entrances that the business houses in the several blocks will assist in financing the section in which they are interested, similar to the street sprinkling arrangement. At all events a large lot of cable is to be laid and the start of a good lighting system made.—Hall County Herald.

## SOWING DRAGONS' TEETH

The following warning to the American people was unanimously adopted by the judicial section of the American Bar Association:

"The judicial section of the American Bar Association, venturing to speak to all the judges, wishes to express this warning to the American people: Reverence for law and enforcement of law depends mainly upon the ideals and customs of those who occupy the vantage ground of life in business and society. The people of the United States, by solemn constitutional and statutory enactment, have undertaken to suppress the age-long evil of the liquor traffic. When, for the gratification of their appetites or the promotion of their interests, lawyers, bankers, great merchants and manufacturers, and social leaders, both men and women, disobey and scoff at this law, or any other law, they are aiding the cause of anarchy and promoting mob violence, robbery and homicide; they are sowing dragons' teeth, and they need not be surprised when they find no judicial or police authority can save our country or humanity from reaping the harvest."

Brotherhood believes that this sober statement should appeal especially to the patriotism and loyalty of every Mason. We are vowed to support and obey the laws of our country. As Americans we are doubly guilty, when we violate the laws—constitutional as well as statutory—enacted for the benefit of the entire nation. Let us all give an example of loyalty to law.

Misses Claire Marie Braswell and Fannie Gussie Story returned Saturday morning from a visit with the Story family in Amarillo.

Editor Ed Boliver and family, of Hedley, visited with friends here Saturday.

J. H. HURN

FOR COMMISSIONER PRECINCT 4:  
F. B. THOMAS

FOR PUBLIC WEIGHER PRECINCT 5:  
W. M. COTHRAN

## SEE THE PALO DUROS FIRST

Just fifteen miles east of Canyon is to be found one of the greatest and most remarkable pieces of God's handiwork to be found anywhere in Texas. Beginning three miles north-east of town, the canyon winds in and out and grows deeper and deeper until it becomes a great chasm hundreds of feet in depth. On approaching the Palo Duro Canyons, one would not imagine that there was anything but prairies and plains within fifty miles. But, upon coming nearer, the country becomes broken, and before you know it you are standing on a precipice looking into the bowels of the earth. Far below a small creek rushes on toward the Red River and the Gulf. Hundreds of students come to Canyon, stick their noses in a book, keep them there until after examination, catch the first train for home, and fail to take advantage of the opportunity of a life-time. To miss seeing the Palo Duros is to miss seeing one of the greatest spectacles anywhere. A trip to the canyon inspires, educates, is refreshing to the mind of the weary student. Call a meeting of your class or club. Arrange a picnic. Hire a service car or a truck, if you have to do without chewing gum for a year, and go to the canyons. "All work and no play makes Jack a dull boy." Get away from civilization, the school room, and the school atmosphere. See the Palo Duros!—From The Prairie.

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brand Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieves congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## THE SPEARMAN FARM LANDS

located in Terry, Gaines and Yoakum Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landlords out of our customers instead of renters. Farmers who are anxious to own their farms, are invited to come to Spearman, inspect our farm lands, look at the crops, and talk to the men who raise them.

A card to W. A. SoRelle, General Agent, 4 Santa Fe Building, Clarendon, Texas, will bring you a descriptive pamphlet, giving detailed information about these lands and plan of purchase.

A reliable agent wanted in each county. (23-3-1fc)

# Bonds for Officials

For Sale by E. A. LONG DRUG CO. (39c)

## STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

## The Finest Model "45" Buick Ever Built

The 1923 Buick "45" has taken the country by storm. Always a favorite, this model reaches the highest pinnacles of value ever attained.

Stand off and note the snappy lines, the higher hood, the full crown fenders, sturdy artillery wheels, drum-type head and cowl lamps, the low khaki-lined top. Then sit in the car. Here is comfort equalled only in the costliest automobiles.

The upholstery and trimmings are of the finest quality, the instrument board is equipped with richly finished instruments, the control lever is at finger's end, the cowl ventilator control and windshield wiper are within easy reach.

Test the new rear cantilever springs—you will be amazed at the difference in riding comfort. Lock the handy transmission control and know that this feature, with others, gives Buick a low rating by insurance underwriters. Even the famous Buick Valve-in-Head motor shows important changes—higher cylinder block, larger connecting rods and pistons, larger crankshaft, with pressure feed to main bearings.

The Buick Line for 1923 comprises fourteen models:  
Four—8 Pass. Roadster, \$885; 5 Pass. Touring, \$885;  
5 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1395; Six—2 Pass. Roadster, \$1175;  
5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1395;  
5 Pass. Sedan, \$1585; 4 Pass. Coupe, \$1895; 7 Pass. Touring, \$1195; 7 Pass. Sedan, \$2195; Sport Roadster, \$1685; Sport Touring, \$1675.

Patman et al, trespass to try title, judgment for plaintiff; Phil Engel v. Swanson & Co. and Victor Swanson, debt, judgment for plaintiff; J. S. Forkner v. Swanson & Co., suit on account, continued by operation of law.

future to her long line of agricultural and livestock accomplishments, Mr. Hendrix stated that there is one thing that stands out pre-eminently among those that should be taken up here and that is the cattle finishing industry. He declared that if ever there were a natural place for such work it is this country; and one of the advantages that will be derived, besides the profit of the industry, will be the building up of the land; and this or some other measure must in the end be adopted to keep the land up to the fine agricultural value that it stands at today.

Though he has been a busy man on account of the many calls that were made on him, yet Mr. Hendrix and his wife have found opportunity to build for themselves a strong friendship in the entire citizenship of Donley county; and it is with deep regrets that the citizens both of the county and towns see him go; but their best wishes go with him, and they will wish for him the same success in his new work that he has realized in this county.

### HENDRIX RESIGNS AS COUNTY AGENT

(Continued from page 1)

Our new school building is almost complete and we intend moving our furniture and all school equipment from the old to the new building next Friday. All services will be at the new building hereafter.

New desks, chairs and window shades have been ordered for the new school building and will be installed as soon as they arrive.

Our teachers for the next term of school have been employed. The school will begin about Nov. 1st.

Hubert Ziegler's brother, R. S. Ziegler and family of Davidson, Okla., visited with Hubert and family Sunday. Mrs. Zeigler, mother of Mr. Zeigler returned home with her son this week.

### MISS STORY PLAYS FOR AMARILLO RADIO CONCERT

Miss Beatrice Story, of Amarillo, formerly teacher of violin in Clarendon College, but now with the Amarillo College of Music, played for the Amarillo News concert which was broadcasted from that radio station last evening. Local people are acquainted with Miss Story's excellence as a violinist, and will be pleased to learn of the success with which her concert met. Miss Story is probably the first person of Clarendon's talent to perform for the radio broadcasting stations.

### GOLDSTON NEWS

Quite a number of the community were picnicking at Troublesome Canyon Friday.

Bro. Reavis preached an interesting sermon after Sunday school Sunday.

Enoch Calloway's mother and step-father, Mr. and Mrs. Scott of Ramsdale visited Mr. Calloway and family last week, returning home Monday. Mr. and Mrs. Calloway going home with them.

Bro. Oller and Bro. Scott have been out of the community for some time holding meetings at different places. They returned home Monday and report having a nice time and good success with their work. They say its very dry and crop conditions are very bad where they have been.

The young people enjoyed a singing at Bro. Lynn's home Sunday night.

Our new school building is almost complete and we intend moving our furniture and all school equipment from the old to the new building next Friday. All services will be at the new building hereafter.
