 The eternal God is thy refuge, and underneath are the everlasting arms.—Deut. 33:27.

Peddy says that inasmuch as he was not recognized as a legal candidate he doesn't believe that he is obligated to file schedule of his campaign expenses. That's the first thing he's been correct about since he "went wrong."

These trousered women who demand equality with men in every line ought to feel better. Robbers are now stealing trousers out of pullman berths which gives them an equal opportunity of waking up some fine morning "sans trousers."

Old Sam Harben, down at Richardson, says Henry D. Lindsley, Luther Nichols and a number of others who were recently heard of more than they will ever be heard of again, should go out and sing that touching little ditty, "Owhattanassami. Repeat the chorus, boys.

"Father and Son week" in Clarendon will be celebrated by a banquet Friday evening at the Denver Hotel, for the fathers and sons of the city. This is the first "father and son" banquet ever held in this city and proves that in some respects Clarendon is always abreast of the spirit of the times. Closer fellowship of fathers and sons will make for better fathers and wiser sons.

November elections reduced the Republican majority in the senate to eleven, with two contests yet to be settled. Republicans will have 52 seats, Democrats 41, Farm-Labor 1, two undecided. In the House the Republicans held only 225 seats, Democrats 207, Socialist 1, Farm-Labor 1, Independent 1. The "brutal majority" is now as soft-spoken as the narrow margin of power indicates that it should.

Our office and mechanical force are laying great plans for the publishing of the greatest special edition on Dec. 21, ever gotten out in Clarendon or any other city of the same rank. It will be read by thousands and will go to many states of the union. Advertising will be sold at the regular rates, the extra service and circulation being complimentary to the business houses of Clarendon by whose support The News is favored.

With the closing days of the year upon us and the New Year following hard behind, Clarendon merchants should prosecute their claims for business more than at any period in the history of the city. If inducements are held out to the trade for the next thirty or forty days and a follow-up campaign of intelligent advertising, backed by the friendly hand-clasp and warmly spoken word, 1923 will be one of the greatest years our city has known. Not the feverish, flushed business of the inflated years, but the safe, sane, constructive business of normal times. It will mean pleasant business, more friendships and—profit.

Next Tuesday the Panhandle Plains Chamber of Commerce will hold a special session at Hereford, at which time the location of the All-Panhandle Tri-State Fair will be settled, and other important business disposed of. This promises to be one of the most epochal meetings ever assembled in the Panhandle and The News believes that locating of the great regional fair, will mark the beginning of the greatest period of development this country has ever known. Plainview and Amarillo are straining every energy to win the location and The News hopes the one with "the longest pole gets the plum."

Now comes the president of Dartmouth, one of the old-established schools of the nation, and declares that higher education should be limited to a few. Without intending to enter into any sort of argument over how this desired condition is to be attained, we believe that all education should be practical, and that when it ceases to be practical it ceases to be educational and turns the subject into a misinformed and misguided fool. We need to raise the level of practical education throughout the nation, just as we need to reduce the number of the said misinformed and misguided fools.

The kind of employee that the boss of any business loves is the fellow who, after drawing his salary straight through the dull period, doesn't shirk or whine when the busy season comes along and gives the boss a chance to earn a little money. Co-operation is the word.

Editor Sam E. Miller of the Mineral Wells Index, says that the reason Sam P. Harben, of Richardson, is so popular is because he has so many good clothes. Sam Braswell of Clarendon says that Sam Hill is popular because of his name. At the same time we will meet the Sams at Galveston and find out "who is who." This is a serious question.—Bryan Daily Eagle.

THAT SAM BANQUET

The Texas Sam Club will gain nothing by holding its banquets, dinners, lunches and feasts surreptitiously at Galveston next June. The Eagle offers this advance information so that no mistake will be made by Sam Harben, Sam Fore, Sam Hoyle, Sam Miller, Sam Braswell, Sam Fryar, Sam Roberts, Sam Holloway, Sam Chestnut, Sam Hill or any other Texas editor by the name of Sam. Everything at Galveston must be done in the open—next June—Bryan Eagle.

Don't worry unduly, Lee over what the Sams will do in Galveston next May. We will not hold any of our banquets or luncheons surreptitiously or Sryptitiously, either, for more than half the pleasure the Sapient Sams expect to get out of them will be to watch the longing look upon the faces of such as you, Bill Edwards, Joe Taylor, Henry Edwards, Jim Lowry, J. Mortimer Lewis, and others, wearing all manner of plebian names. Everything will be done in the open at Galveston, with the possible exception of Sam Fore, Jr., going in bathing.—Sam E. Miller in Mineral Wells Index.

Seems to us that birds like Lee Rountree are wasting lots of valuable space "dipping in" on the affairs of the Sam Club. The main question that must be settled is "Who the Sam Hill is going to pay for that Sam Banquet?" That question must be answered by January first, 1923, or as secretary of the organization, we shall submit it to the spring meeting of the league of nations for early adjudication.

P. P. C. WILL MEET AT HEREFORD NOVEMBER 21

The second regional meeting of the Panhandle-Plains Chamber of Commerce has been called to assemble at Hereford on Tuesday, November 21.

The meeting in Hereford will be one of the most important sessions to be held by the organization. At this meeting the selection of the permanent location of the All-Panhandle Fair will be decided upon. Plainview and Amarillo are making it known in no uncertain terms that they are after the fair and the selection is expected to excite some lively discussion. Reports of the various standing committees will also be heard.

Quite a delegation from Clarendon is expected to attend the second regional meeting. The first meeting of this character was held in Tulla on October 19 and had an attendance of 120 delegates representing practically every town in the Panhandle-Plains section. An even larger attendance is expected at the Hereford meeting.

Arrangements are being made at Amarillo that all delegates coming through that city will be furnished with transportation from there to Hereford.

OLIN NORWOOD MARRIED AT DOZIER SATURDAY

The following announcement of the marriage of Olin Norwood, a former resident of Clarendon, appeared in the Shamrock Texan:

In the presence of only a few friends and relatives Mr. Olin Norwood and Miss Ola Honeycut of Dozier were united in the holy bonds of matrimony last Saturday afternoon, at the home of the bride.

The wedding came as a great surprise to the friends of the contracting parties in this city. The groom lived in Shamrock the greater part of his life. He is the oldest son of Mr. and Mrs. S. W. Norwood, pioneer residents of Shamrock. He has been in school for the past few years, but at the present time is assisting his father on his ranch south of Dozier.

The bride is the charming and talented daughter of Mr. and Mrs. J. A. Honeycut, who reside in the Dozier community.

The happy people are at home to their many friends at the Norwood residence.

SPILLER'S RESIDENCE IS DESTROYED BY FIRE SUNDAY

A loss of approximately \$2,000 was sustained by H. B. Spiller when his residence in southeast Clarendon was destroyed by fire about 9 o'clock Sunday night. He carried insurance for \$1,000.

The conflagration started Mr. Spiller thinks, from an oil stove. He started to put up a heater but finding that he had not enough pipe he lighted the oil stove to warm up the room before going for Mrs. Spiller who had been staying with her parents, Mr. and Mrs. W. T. Clifford, while he was away in Fort Worth. The fire was discovered about two hours later.

PRINT PAPER ADVANCING

A traveling salesman dropped in Monday and quoted print paper to us at 61-4 cents. That means it has advanced one cent in the past few days and prospects are favorable for another advance or two. One cent a pound does not sound big but it means \$20 on a ton of paper. Some people would howl their heads off if \$20 were added to their ton of coal.—Crete, (Neb.) Vidette.

"Ladies, here KELLOGG'S, look! I say I will tell you... said you could buy KEL-LOGG'S, but I could part with them? I say I will... will..."

Our word for it!

You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream! Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-time crispness! Kellogg's are never tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

A seven-year-old girl is credited with having picked 205 pounds of cotton on a farm near Slaton last week.

The Hereford public school have added Bible to its curriculum.

Work has started on Plainview's big 200,000 gallon capacity water reservoir.

The Plainview authorities are considering the proposition of paving West Seventh street from the city hall to Wayland College—a distance of something near a mile.

A man near Childress last week found a den of fourteen rattlesnakes. He killed thirteen and captured one five feet long.

Wilbarger county has let the contract for the construction of a mile of concrete road on The Colorado to Gulf highway. The new stretch will extend from the city limit westward the suspension bridge. With the completion of this project this county will have about eight miles of the C-G highway paved.

"A Gump" received 29 votes for Senator in Collingsworth county in the election Tuesday.

The Parent-Teachers Association of Hereford have instigated a movement in behalf of better spelling. A prize contest is a feature of their program.

A panther measuring nine feet long was captured near Carthage last week.

Amarillo is planning to build a gin. This is a result of the "grow more cotton" movement in Potter county.

Kenedy has accepted the plans for a new school building to be erected soon. The bonds were voted for the building some time ago but the work has been delayed on account of the high price of building material.

The Floyd County Poultry Association is to have a big show November 30 to December 2.

The body of Stanley B. Perry, 55, a brother of Mrs. G. S. Wyatt of Canyon, was found in a canyon near Lubbock last week. A bottle of chloroform found near the body led to the belief that he had committed suicide. The body had evidently been there for some two days.

Electra is planning considerable additional paved walks. Most of the new work will be done in the new Southland addition.

According to records at Brownsville, 471,624 acres of Valley land sold for \$53.62 in 1790. Some of this same land now is selling for \$1,000 per acre.

The Commissioners court has had the court house at Graham piped for gas and the building will be heated in that manner in the future.

A woman in Indiana is the mother of thirteen children all under the age of five years. The other day when she boarded a train and presented transportation only for herself the conductor protested that he could not carry a Sunday school class. She explained that the children were all hers and produced from the luggage the family Bible as evidence. She has been married ten years and has had three sets of triplets and two sets of twins, all boys, and their names all begin with A.

A poker game near Wellington was held up the other night and \$250 taken from the party.

Pampa is erecting a new 75,000 gallon elevated storage tank for its water works.

Chillicothe is now using its new water and sewer extensions. The improvements were financed by a bond issue of \$110,000.

An election has been called in Canyon to vote on \$100,000 bond issue to build a new high school.

A bunch of chickens in Dallas got on a spree the other day when they discovered a barrel of "corn mesh." A rooster led the carousal and was the first of the bunch to get drunk. He crowed loud and long until he got past going.

On Wednesday of last week a farmer reported to the court house

IT'S TOASTED
one extra process which gives a delicious flavor

the condition of the roads. Speaking of the election held on the day previous for a good roads bond issue, he exclaimed: "In order to get to my election booth I had to wade through mud more than ankle deep. Something ought to be done about these roads." And then he admitted that he voted against the bonds.

Three men in Syracuse University played pinochle for five days and five nights in an endurance contest staged at that institution last week.

The directors of the West Texas Fair Association announced that they cleared \$6,000 at the show held in Abilene recently.

A Dallas woman recently exhibited a rose grown on a thornless stem seven and a half feet long. It was of the Paul Neron specie.

Somebody "swiped" everything from the Archie Bryant Memorial Baptist church in Abilene last week but the building. The pews, chairs and light bulbs, as well as other movable property was taken.

TEXAS CENTRAL POWER CO. BUYS VERNON PLANT

Announcement comes from Vernon that the Texas Central Power Company has purchased the light and power plant of that city from the Texas Public Service company. The Central Power company now owns the plants at Vernon, Childress, Memphis and Clarendon. The Vernon plant will be added to those of this district under the supervision of Frank Houston of Childress. The headquarters plant is in that city.

ONLY BRAINS REMAIN CHEAP

"The cheapest thing in all the world is brains—brains, the principal thing upon which everything in the world depends for success," declared Daniel Webster.

Several years ago Ruskin censured the English people for paying enormous wages to men and women who merely amused them and letting their artists and others who instructed them starve.

The situation hasn't changed much since the days of Webster and Ruskin. The big salaries still go to the film stars who furnish amusement, while the lesser lights who preside in the schoolroom and the pulpit and a few other places go content or discontented with a modicum of pay.

The situation is so familiar that we forget how discreditable it is. Appeals for the teachers and other workers, who must possess and exercise some brains, cannot go unheeded. The price will be too great that way.—Exchange.

BAPTIST MOTHERS CLASS ENJOY SOCIAL TUESDAY

The Mothers Class of the Sunday School of the First Baptist Church met in the home of Mrs. C. R. Skinner, Tuesday, Nov. 14th for luncheon and a social and business meeting.

A most bountiful and delicious buffet luncheon was served at the noon hour, immediately following which Mrs. W. B. Sims and Mrs. J. R. Leathers as readers, Mrs. J. H. Reeves as soloist, Mrs. E. W. Adams as story teller and Mrs. C. R. Skinner as organ grinder, rendered a very enjoyable program. After this the regular business meeting of the class was held. In the later afternoon we took our departure, all voting Mrs. Skinner as a delightful hostess. The following ladies were present: Mmes. D. L. McCollum, M. E. Thornton, W. B. Sims, Chas. Baldwin, M. E. Jones, Eva C. Goodwin, J. R. Leathers, E. W. Adams, Mary S. Colvin, C. M. Lane, J. C. Rutherford, W. L. Martin, C. A. Bryan, E. F. Bryan, C. R. Skinner, J. H. Reeves, M. W. Andis, J. L. Smith, J. A. Smith and Doc Howard.

BULLDOGS READY FOR CANYON GAME TOMORROW

Following a week of practice as strenuous as the men could stand without weakening, the Bulldogs leave Clarendon this afternoon in cars to go to Canyon where they meet the West Texas State Normal College tomorrow. These teams have not met so far this year and the respective elevens are welcoming the opportunity to contest their mettle. The "dope" says the teams are pretty well matched and the keen rivalry between the two schools in athletics insures that the game tomorrow will be one of the best staged on the Buffalo gridiron this season.

The Bulldogs will be supported by quite a number of rooters from here for a large number have signified their intentions of going over. The Clarendon people will be supplemented by others from all over the Panhandle for the Canyon game always attracts a large crowd of the alumni from both institutions.

Next week the Bulldogs will play Wayland at Plainview and the following week, on Thanksgiving, Canyon will come here for Clarendon's "homecoming" game.

GOLDEN CROSS NOTES

The ladies of the Golden Cross met at the church last Monday afternoon in regular business meeting.

After the business of the afternoon was disposed of, plans for our bazaar, tea and market to be held the first Saturday in December were discussed and committees appointed. Our work is moving along nicely. New members are being enrolled at each meeting, and activities along lines suggested by our general and annual conference are being carried out. Next Wednesday afternoon at 1 o'clock Mrs. Boston has invited the ladies to meet at her home for an afternoon's work for the bazaar. All women interested in this are invited to bring their thimbles, embroidery hoops and needles and spend a pleasant and profitable afternoon with us. Reporter.

LIONS FAIL TO LAND PAMPA-AMARILLO GAME

Efforts by the Clarendon Lions Club to bring the Pampa-Amarillo game here Saturday were fruitless and the third contest between these elevens will be staged in Amarillo on that date. Following the announcement in papers reporting the second tie-game in Amarillo last Saturday to the effect that the third game would be played on neutral ground, the local club forwarded offers to the respective coaches but their replies said that arrangements had already been made for the game in Amarillo. It was the purpose of the Lions to use the profits of the game in their playground campaign.

SIMPSON ATTENDING CONFERENCE IN AUSTIN

Major E. A. Simpson left Sunday morning enroute to Austin where he went to participate in a conference with Adjutant General Barton and other guard officials. He expects to be gone for several days. He stopped over in Chillicothe Sunday afternoon and delivered the main address at the Legion celebration held in that city.

McLEAN HERE TOMORROW

Clarendon High school will meet McLean on the local gridiron tomorrow, Coach Carter has announced. McLean is reputed to have one of the strongest teams in this district and Mr. Carter is training his men for one of their hardest struggles. The locals have worked out some new plays and are going into the game with the determination to win. A game has been scheduled with the Memphis team to be played here on the 24th.

THANKSGIVING DINNER

Turkey with trimmings 50c at the Christian Church basement, Nov. 30. (47c)

FIRST ICE SUNDAY NIGHT

Clarendon and this part of the country was in the grip of a real norther the first part of this week. The temperature began to fall Saturday night and continued the descent until it reached the level of 20 degrees early Monday morning. This was the first time this season that the temperature has remained as low as freezing long enough to produce any noticeable amount of ice. The weather began to moderate by Tuesday and was considerably warmer by Wednesday.

“THE ONE PRICE CASH STORE”

MANY NAMES TO ROAD PETITION

VOTERS LINE UP FOR PROJECT WHEN CORRECTLY INFORMED BY COMMITTEEMAN.

“One hundred per cent for good roads.” Such is the report by T. C. Johnson, committeeman representing the Giles community in the good roads campaign. Mr. Johnson's report accompanied the petition which he circulated in that community asking the commissioners court to call an election to determine whether or not Donley county shall issue bonds to the extent of \$250,000 to spend on improving the highways. The Giles committeeman asserts that the people in that community seem to be almost unanimously for the issue. He succeeded in getting a large number of names without canvassing the voters with any degree of thoroughness.

The report from J. W. Noel, Hedley committeeman, was equally as optimistic. He says there is very little apparent opposition to the project and the movement will no doubt carry in that community.

M. M. Nobles, chairman for the county, who circulated a petition in the Goldston community reports that the voters in that section have been laboring under the delusion that the project is a scheme by the city to get its streets fixed at the county's expense and, furthermore, that residents off of the Colorado to Gulf highway will receive benefit of the bonds if, and only if, there remains any funds after the work on the main highway has been completed. After the people had been correctly informed, Mr. Nobles said, quite a number of them reversed their stand and promised to work for the success of the election.

Referring to the question as to where the money will be spent, Mr. Nobles explained that the figures for the total bond issue to be requested were set at \$250,000 after an estimate covering the improvement of the Colorado to Gulf and the secondary highways in the county had been made by the committee appointed at the first mass meeting. He stressed the fact that the estimate also included the secondary roads and added that the committee refused to work for a project that would be confined to the main highway.

The petition were prepared early this week by Judge Link and placed in the hands of the committee. None of the workers had reported the result of their efforts yesterday afternoon except Messrs. Nobles, Noel and Johnson. However, more than enough names have been obtained to the petitions to justify the commissioners in calling the election and that matter will be presented to them at an early date.

J. C. RAWLINGS AND MISS TINA SORELLE MARRIED

One of the prettiest and impressive ceremonies of the season was that performed at 3 o'clock yesterday afternoon when Miss Tina SoRelle became the bride of James C. Rawlings at the home of the bride's parents, Mr. and Mrs. W. A. SoRelle. Rev. J. T. Griswold performed the double ring ceremony before a bower of floral decorations. The wedding party entered when the wedding march was played by Mrs. J. T. McMurtry and Mrs. Helen Smith Stephens of Shamrock sang “O Promise Me.” The ceremony was performed before the immediate family and a few friends. The out-of-town guests included: Miss Ruth Norwood and Mr. and Mrs. Percy Stephens of Shamrock; Mr. and Mrs. Arthur SoRelle of Canyon; and Mr. and Mrs. Gordon Jordan of Tulla.

The young couple left immediately for Canadian near which city they will make their home on a ranch. The bride is one of the most accomplished and popular young ladies of the city. She is a graduate of Knox College at Galesburg, Ill., and was student of Southern Methodist University. Mr. Rawlings is favorably known to a number of Clarendon people. He traveled through this territory for the Darlington interests and at this time is manager of several Darlington ranches in the Canadian section.

MRS. GOODMAN TO LECTURE

CANVASSING RETURNS DO NOT CHANGE RESULTS

The returns for Donley county as canvassed and officially vouched for by the commissioners court this week do not evidence any material change from the partial report given in last week's issue of The News. The report last week did not include the boxes from Goldston. Whiteface, Hackberry, Skillet, Watkins and Wilson, and were based upon unofficial figures.

The official figures give Earle B. Mayfield a total of 877 for the county indicate that Mayfield will receive as against Geo. Peddy's 262. “Andy Gump” did not increase his total of 1. light for a general election. Out of a

Pat Neff received a total of 998 votes and his opponent W. H. Atwell, the Republican candidate, received 45. That was about the Republican vote recorded for all that party's candidates.

Nick Fryar was given a slight gain, proportionately, in the district clerk's race. Other candidates just about maintained their standing. The total vote: Mrs. White, 559; Fryar, 191; Nelson, 239; Howell, 62; Miss Lottie Lane, 4.

Late reports from over the state indicate that Mayfield will receive 125,000 majority over Peddy. The voting in Donley was unusually light for a general election. Out of a

voting strength of about 2,400, only 1,161 went to the polls. The same complaint is made all over the state, according to the newspapers.

**BULLDOGS READY FOR
CANYON GAME TOMORROW**

Following a week of practice as strenuous as the men could stand without weakening, the Bulldogs leave Clarendon this afternoon in cars to go to Canyon where they meet the West Texas State Normal College tomorrow. These teams have not met so far this year and the respective elevens are welcoming the opportunity to contest their mettle. The "dope" says the teams are pretty well matched and the keen rivalry between the two schools in athletics insures that the game tomorrow will be one of the best staged on the Buffalo gridiron this season.

The Bulldogs will be supported by quite a number of rooters from here for a large number have signified their intentions of going over. The Clarendon people will be supplemented by others from all over the Panhandle for the Canyon game always attracts a large crowd of the alumni from both institutions.

Next week the Bulldogs will play Wayland at Plainview and the following week, on Thanksgiving, Canyon will come here for Clarendon's "homecoming" game.

GOLDEN CROSS NOTES

The ladies of the Golden Cross met at the church last Monday afternoon in regular business meeting.

After the business of the afternoon was disposed of, plans for our bazaar, tea and market to be held the first Saturday in December were discussed and committees appointed. Our work is moving along nicely. New members are being enrolled at each meeting, and activities along lines suggested by our general and annual conference are being carried out. Next Wednesday afternoon at 1 o'clock Mrs. Boston has invited the ladies to meet at her home for an afternoon's work for the bazaar. All women interested in this are invited to bring their thimbles, embroidery hoops and needles and spend a pleasant and profitable afternoon with us. Reporter.

**LIONS FAIL TO LAND
PAMPA-AMARILLO GAME**

Efforts by the Clarendon Lions Club to bring the Pampa-Amarillo game here Saturday were fruitless and the third contest between these elevens will be staged in Amarillo on that date. Following the announcement in papers reporting the second tie-game in Amarillo last Saturday to the effect that the third game would be played on neutral ground, the local club forwarded offers to the respective coaches but their replies said that arrangements had already been made for the game in Amarillo. It was the purpose of the Lions to use the profits of the game in their playground campaign.

SIMPSON ATTENDING CONFERENCE IN AUSTIN

Major E. A. Simpson left Sunday morning enroute to Austin where he went to participate in a conference with Adjutant General Barton and other guard officials. He expects to be gone for several days. He stopped over in Chillicothe Sunday afternoon and delivered the main address at the Legion celebration held in that city.

McLEAN HERE TOMORROW

Clarendon High school will meet McLean on the local gridiron tomorrow, Coach Carter has announced. McLean is reputed to have one of the strongest teams in this district and Mr. Carter is training his men for one of their hardest struggles. The locals have worked out some new plays and are going into the game with the determination to win. A game has been scheduled with the Memphis team to be played here on the 24th.

FIRST ICE SUNDAY NIGHT

Clarendon and this part of the country was in the grip of a real norther the first part of this week. The temperature began to fall Saturday night and continued the descent until it reached the level of 20 degrees early Monday morning. This was the first time this season that the temperature has remained as low as freezing long enough to produce any noticeable amount of ice. The weather began to moderate by Tuesday and was considerably warmer by Wednesday.

ARMISTIC DAY PAPER RECALLS NOVEMBER 1918

Clarendon residents who thought that the holiday Saturday was in honor of some statesman's birthday were forcefully reminded of the significance of the day by an extra from the San Antonio Light hung in the window of Kerbow's hardware store. The paper was printed on the morning of Monday, November 11, 1918, and contained in big type the account of the signing of the armistice at 5 o'clock that morning, explaining that it meant the end of the World War. It also contained the picture of the victor, Marshal Poch.

The sheet attracted quite a bit of attention all day and more than one resumed the labors of the day with a renewed vision of the unbounded rejoicing and thanksgiving four years ago when he thought he would never

forget such an epochal event. Ex-service men usually opened comment by: "Four years ago today I was at—" and the war would be fought over.

DAILY TRIBUNE CARRIES PICTURES OF BULLDOGS

The Amarillo Daily Tribune in recent issues carried the picture of seven members of the Clarendon College Bulldog team. They were: Bourland, Collins, Oscar Close, Bulls, Self and the Goodwin twins. Of the Goodwin twins it said in part:

"They are twins. One weighs 181 pounds and 4 ounces and the other weighs 181 pounds and nine ounces. They are carbon copies and none of their team mates can recognize them separately. They are known as Nos. 11 and 12, which are the numerals

TEXAS CORN IS BELOW AVERAGE

DROUGHT AND HOT WINDS CUT
PRODUCTION TO 20 BUSHELS
PER ACRE OVER STATE.

The report on Texas crops as issued in Houston by the United States Department of Agriculture, Bureau of Agricultural Economics, is in part as follows:

Since the last crop report was issued beneficial rains have fallen over most of the State and the outlook for fall crops has improved exceedingly. The rains have helped to work down the seed bed where the land was plowed dry; fall potatoes, late gardens, oats, wheat, rye, barley, and alfalfa have been helped and water holes filled up. Over most of the farming sections there is now a good plowing season in the ground which should mean the completion of fall plowing early in the new year. Less than two-thirds of the usual plowing for spring crops had been done by Nov. 1, that which was possible having been mainly for winter grain.

A considerable portion of the winter wheat and oats was sown in the dust; germination was poor, few permanent roots were formed and some of that which had sprouted early dried back before the rains started. There has been an urgent demand at Kansas City for shipment to Texas and other parts of the South for red seed oats and corn.

The hot winds in July and August combined with the severe drought contributed to the reduction of the yield of corn to very close to the average of the last ten years. The west half of the State was affected worst. The average yield is estimated at twenty bushels an acre, with a production of 123,300,000 bushels. Last year's estimate was 156,920,000 bushels. The total production for the United States in 1921 was 3,080,372,000 bushels; this year's preliminary estimate is 2,896,708,000 bushels. The per cent of merchantable corn produced in the State this year is low—77 per cent—but this average is above the ten-year period. A small amount—2.7 per cent—of last year's corn was reported as remaining on the farms. Only about 6 per cent of the Texas corn crop is shipped out of the county where grown.

White potatoes averaged sixty-two bushels an acre this year, which is three bushels above the average reported during the last decade. This makes the Texas production 2,418,000 bushels in 1921 2,072,000 bushels were produced. The quality—82 per cent—is 1 per cent above last year's average. In 1921 1,109 carloads of the early crop were shipped; this year 1,443 cars. The percentage grown for market is in the neighborhood of 30 per cent of the total production is 433,905,000 bushels; the 1921 production was 348,823,000 bushels.

Due to the drought, the yield of sweet potatoes averages 82 bushels an acre this year, as against 82 in 1921 and 105 in 1920. The ten-year average is 86 bushels. Harvesting conditions have been favorable and the quality is good—86 per cent. It is estimated that 47 per cent of the year's crop was grown for market. Prior to Oct. 31, 1921, 276 carloads of sweet potatoes had been shipped; this year to Oct. 29, 326 carloads. The 1921 shipments totaled 746 carloads. The 1922 United States production is 110,359,000 bushels; in

attached to their jerseys. They are ranchers from Springfield, Colorado, and are twenty-one years of age. This is their first year of college football, but Coach Burton says they are the hardest hitting pair he has ever tutored. They will appear in the line-up against Oklahoma Junior Agricultural and Mechanical College, who meet the Bulldogs here on Armistice Day."

New Champion

Mickey Walker, 20 years old, of Elizabeth, N. J., unknown three years ago, is the new welterweight champion of the world. He defeated the veteran Jack Britton for the title. Walker is a hard puncher.

1921 98,660,000 bushels were produced.

As was to be expected, the yield of grain sorghums is very low this year. The Northwest districts, which produces four-fifths of the crop of the State, suffered one of the most severe droughts in its farming experience. In some places row crops were almost a failure, milo, kaffir and feterita making very few heads and the crop was bound or cut with heads and stacked. The average yield of grain is 20 bushels; that of forage 1.7 tons. In 1921 the grain yield was 29 bushels and forage 2.2 tons.

The yield of sorghum for syrup is 18 gallons below the ten-year average. On the basis of 69 gallons an acre as this year's yield, it is estimated that the production of syrup amounts to 2,415,000 gallons, as compared with last year's 3,045,000 gallons.

While some good yields of peanuts are reported from the important Northeast district, generally the crop has been poor. The average yield reported is 22 bushels, as compared with 24 last year and 28 bushels the ten-year average. The production in the State and in the United States is considerably below that of 1921. It appears also that imports of peanuts from abroad are already showing a decrease as a result of the increased tariff.

The pecan crop is practically a failure in most sections of Texas this year. It is estimated that there will be 6 per cent of a full crop, as against 45 per cent in 1921 and 8 per cent in 1920. Unfavorable weather conditions early in the season—freeze and excessive rainfall—was succeeded by the ravages of the case bearer, while the drought reduced the size and weight of the few nuts that escaped. Very few trees have any nuts at all, but the quality of these is generally good. The prices paid for wild pecans average 20c a pound; for improved nuts 40c. The following counties report a small per cent of a crop: Archer, Bell, Brazos, Coleman, Comanche, Coryell, Delta, Erath, Falls, Guadalupe, Harris, Kaufman, Limestone, McCulloch, Smith, Travis and Uvalde.

The 1919 Census reported 1,046,000 bearing pecan trees and 419,000 not of bearing age; 19,200 farms reported bearing trees and 9,500 reported pecans not of bearing age. The production that year totaled 16,755,000 pounds, valued at \$3,686,000 and was considered 98 per cent of a full crop, which would make a full crop in Texas approximate 520 carloads, assuming 33,000 pounds as the average carload.

Mr. and Mrs. J. L. Bagwell and children of Claude were visitors in Clarendon last week.

HONEY PHILOSOPHY

for 1922

Once upon a time there was a man named Russel Sage. He died many times a millionaire. He never spent a penny he was not compelled to spend. He bought his summer underwear in the wintertime and his winter clothing in July. He paid fifty cents for straw hats, when merchants were throwing away their left overs in September. Thus he amassed a huge fortune, which two of his nephews are now spending. They buy in season with the money Sage left and enjoy the buying with the human touch Sage could not leave. He never knew it. Buying in seasons spells universal prosperity and human happiness. But buy early. The rush stimulates prices. Everything needed for Christmas is now in stock, and the early bird catches the worm. The worm may be foolish to get up, but he's up in every store. So shop now.

REVENUE and POWER

No corporation, firm or individual can continue to succeed in any business serving the public unless he has the interest of his customers at heart. Every successful business man knows this. In cold figures we all know that if a merchant fails to make a sale he fails to make a profit.

When the lights get dim our revenue gets dim. A bright light consumes more current than a dim one. When the lights go out our revenue goes out until we get the lights back on.

Considering the matter in theory or in cold facts. It is absolutely necessary for us to give as near 100 per cent service as it is possible for us to give.

JAIL BREAKERS LEAVE ONE STUCK IN DOOR

Lubbock, Texas, Nov. 15.—Four men broke jail Sunday morning in Lubbock County, leaving one man stuck in a steel door when they escaped.

Shorty Hunter, convicted during last term of District Court, on a charge of stealing harness and a saddle from a farmer, and sentenced to four years in the penitentiary, was the leader in the jail break, it is declared. T. A. Smith, accused of stealing cotton two weeks ago, one of the men who broke jail, was awaiting trial. These two men are still at large.

A negro named Rely, charged with shooting another negro at Slaton, and Alex Sanein, a one-armed man, charged with burglarizing a hardware store, both awaiting trial, were captured at Sudan by the Deputy Sheriff of Lamb County and were returned to Lubbock by Deputies John McCullough and T. V. McKinney.

H. W. Spradling also tried to escape but the hole cut through the steel door was not large enough for him to go through. It was impossible for his companions to pull him through or to pull him back and to save themselves, they left him lodged in the hole. When found by the

Sheriff at 6 o'clock in the morning he was nearly dead.
