Apron-String Revolt To Be Presented April 1st-2nd In College Auditorium

If you enjoy human interest situations, do not miss "Apron-String Revolt." This 3-act comedy presented by the members of the high school Junior class and directed by Mrs. Jolly Johnson, centers around a typical high school football player who resents having his hysterical widowed mother "fight his battles" for him. Driven to desperation he leaves home, but an understanding coach comes to the rescue and saves the situation for all.

Members of the cast are as follows:

- Mrs. Elizabeth Holt, young mother of a teen-age boy — Laddelle Cox.
- Miss Annabelle Madden, Elizabeth's childhood friend — Mary Neal Davis.
- Mrs. Alden, a neighbor who takes her family casually—Joveta Maxey.
- Mary Lou Perkins, a fourteen year-old—Mae Morris.
- David Holt, Mrs. Holt's teenage son—Tommy Gattis.
- Henry Fenstermacher, a football coach—Bob Clifford.
- Mrs. Lanigan, an Irish housekeeper — Margaret Ann Robertson.
- Miss Martin, reporter for the "Blade"—Patsy Blair.
- Mr. Wade, reporter for the "Gazette"—Buster Bain.
- Jack Alden, David's teammate—Joe Wayne Dilli.
- The Grocery Boy—Billy Waddell.
- The Messenger Boy—Hollis Carroll.
- Officer Clancy—Wayburn Wilson.

Music will be furnished between acts by members of the High School Band and choral club. The proceeds from the ticket sales will help defray the expense of the Junior-Senior Banquet which will be held April 16.

SCHOOL CENSUS ROUNDS COMPLETED THIS WEEK

Supt. H. T. Burton stated yesterday that the usual house to house survey had been completed in regard to the annual school census but wanted to make a last request just in case someone had been missed that is of school age or will be of school age. Each child enumerated means \$55 in cash to the local school system and it is to the interest of everyone to report their child in case they have been missed during the regular rounds.

If your child will be six years old before September 1st or will not be 18 years old before the same date, they should be counted, Mr. Burton stated, and "we will appreciate your notifying us right away if you have a child that has not been counted," he added.

SCHOOL TRUSTEE ELECTION TO BE HELD SATURDAY

The first election date of the year is only two days away. Clarendon citizens will go to the polls Saturday, April 3rd to cast their ballot for two school trustees out of a listing of three candidates. Walter Clifford and Clyde L. Price are up for re-election and Charles D. Murphy is a new candidate for one of the positions on the board. The election will be held at the School Tax office in the Farmers State Bank Building.

Following the trustee election will be the City election at which time two city commissioners will be voted upon and there are also three candidates in this race. Pete Kunz is offering for re-election and Bob N. Head and Chas. G. Speed are both new candidates. The City election will be held at the City Hall Tuesday, April 6th.

If you paid your poll tax it is your duty as a citizen of this community to go to the polls on both dates and cast your vote. Cast your ballot for the persons you think are best qualified for the job. The main thing is - go vote! This is one privilege that you must exercise yourself as no one else can do it for you.

TELEPHONE COMPANY INSTALLS TWO NEW CIRCUITS RECENTLY

Mr. Roy L. Brewer, District Manager for the Southwestern Associated Telephone Company, announced today that an additional long distance circuit from Clarendon to Amarillo and a new circuit from Clarendon to Childress were placed in service recently. With the four circuits already in use; two to Amarillo, and one each to Memphis and Hedley; there are now six circuits to provide long distance service for Clarendon. Improvement in the speed of completing long distance calls to distant points in the United States has resulted from these additions and from the establishment of an alternate route through Childress.

The Clarendon telephone system has almost doubled in number of telephones since 1932. In 1932 there were 599 telephones in service as compared to 1006 on January 1, 1948. Most of the new telephones have been added since the war; in fact, more telephones were installed in 1946 and 1947 than in a combined previous period of 13 years.

Studies are to be made of Clarendon to forecast future telephone needs so that switchboard equipment, cables, poles and wire can be made ready for expected continued growth of the city.

I don't imagine any of us would want to live over again the early thirties, with all the hardships, shortage of money, and the days and days of hard work that we put in to earn the bare necessities of life. Anyway, things begin to change in the late thirties, and then came the war. We began to make more money, to live faster, work more and do less. Go more places and visit fewer people. See more of our friends, but have less time to talk to them. If we need something we buy it, instead of borrowing it from a neighbor. All in all we seem to think we need each other less, and we put less and less into our friendships with our neighbors. I wonder if we are doing the right thing, and sometimes I long for the relaxation and joy that we used to get out of a game of forty-two with our neighbors, or taking dinner with them, butchering our hogs together, working on each others windmill, and a thousand other things that used to bring us closer together. What do you think?

I had a nice letter from Uncle Jay, and we appreciate the nice things he had to say about our feeble efforts with our little column. Also, a nice card from Mrs. Fay Carr asking us to include more poetry like the poem about Easter. If the Readers want it and the Editors will stand it, we will include a few from time to time. However, one person hurt me deeply. Poetry to him sounded like someone trying to say something and didn't know how to say it. Anyway, it is a good thing that we are all not just alike, or so many would have wanted to marry Mama that I would have been left an old bachelor. What a revolting development this turned out to be.

I have my mind made up on the Governors race for 1950, but for President in 1948 I am at a loss. I can hardly make up my mind to go for a General; Mr. Truman has offended my southern accent; Mr. Wallace has insulted my intelligence, and my grandfathers spirit would haunt me, should I even take a peek at the line-up in the Republican aisle. Anyway, it is high time we were deciding, and I will appreciate your comment.

I have been invited by the local Editors to attend the Press Association next week. Maybe they will even ask me to join. Anyway, we should find something interesting to write about at the meeting.

EASTER SPELL ARRIVES A LITTLE LATE

Our usual Easter spell came a few days late this year and was split up. Tuesday was a day that all newcomers to this area won't forget for quite some time as the sandstorm experienced on that day was the worst in a long time. Visibility was reduced to zero in many sections of the county and it was near zero every place else. Considerable damage was reported in regard to wheat crops and farming land in general.

The second part of the Easter spell followed the big blow by only a few hours and this was in the form of a hard freeze last night (Wednesday). The mercury dropped to a low of 24.5. The damage to fruit trees that have been blossomed out for several days is expected to be quite heavy but very little can be learned about the actual damage until later in the day after the sun has had a chance to warm everything up.

Mrs. Frank Thomas was shopping in Amarillo Tuesday.

Red Cross Drive Goes Over Quota This Week

Emmett O. Simmons, local Red Cross Chairman, announced late yesterday that Donley County had gone over the top with ease in the annual Red Cross Membership drive which was scheduled to end last night.

Up until that time Mr. Simmons reported a total of \$1,155 had already been collected and there were two or three communities that had not reported in and when they do, the total should jump quite a bit more. This is very encouraging as the drive last year was somewhat below par and it was only right that the deficit be brought up some this year. The quota this year was \$990.00.

Mr. Simmons stated that a final total would in all probability be ready for publication next week, and that it was their desire to publish the names of all workers who extended their efforts in order that the drive would be a great success. We want to express our thanks to these workers and also to those who gave so generously," he added.

AAA Meeting

There will be a meeting at the county AAA office tomorrow of the Donley County and the community Agricultural Conservation Program committees along with representatives from all other agencies working with the farmers in this county.

The purpose of this meeting will be to discuss changes that need to be made in the farm program for 1949. The 1948 program will be discussed in detail and constructive changes will be recommended. These recommendations will be presented at a district meeting which is to be held the latter part of this month at Childress. This county will be represented at the district meeting by the AAA Administrative Officer, who is Mrs. Mildred Ritter, and the Donley County Committee members who are Roy Jewell, William Pickering and Slaton Mahaffey.

The changes agreed upon at the district meeting will be recommended at the State meeting which will be composed of an Administrative Officer and a county committee member from each district in the state. Changes agreed upon at this meeting will be presented to congress for final legislation.

The purpose of the ACP is to assist farmers in carrying out their conservation practices. It is your duty to see that the best practices are approved. You are advised to see your committeemen and let them know the changes you think should be made. There are 8 communities in this county which are represented by 24 community committee members and three county committee members.

GIBBS FAMILY IN REUNION

Mr. and Mrs. J. C. Gibbs enjoyed all of their children over the weekend. Those visiting were Mr. and Mrs. Howard Gibbs and Mike of Melrose, New Mexico; Mr. and Mrs. Claude Parker and Sharon and Marnie of Amarillo; Miss June Gibbs of Stennitt and Mrs. John Dale Gray and Patsy of Los Angeles, Calif.

This is the first time all of the children and grandchildren have been together since the war. All children were present excepting one son-in-law, John D. Gray, who lives in Los Angeles, Calif.

Boxing Meet Here With McLean Tuesday Nite

FALSE REPORT DISRUPTS BOXING AT CANADIAN

The Clarendon boxing team was doing alright for themselves Tuesday night at Canadian until the fights were stopped at the end of the second round of the fifth fight. At this point an announcement was made that a bad cloud was moving toward Canadian and the gym emptied almost momentarily. It turned out that the report was a false rumor but it was too late then to go ahead with the fights.

Mike Davis lost his fight; Gordon Moore, Bill Hicks and Bill Noblet won theirs and Carl Morgan was in the act of winning his when the fights were stopped.

New Agriculture Buildings to House Shows and Fair

The livestock shows and fairs will have a new home in Donley County this year. Three barracks buildings have been moved from Amarillo air field to Clarendon. The Donley County show board has financed the moving of the buildings and bought six lots for the home of the new show grounds.

H. M. Breedlove, county agent and manager for the Donley County shows stated that the buildings were on the location on the Brice highway and would be ready for the spring dairy show.

J. R. Gillham, veterans vocational supervisor for Donley County and his veteran classes are placing foundations under the buildings at the present time. Mr. Gillham will also use the buildings for his classes for veterans. All livestock shows and fairs will be held in the buildings in the future. The spring dairy show will be held on May 29th and will be a one day affair. The fall fair, horse show and races will be held this fall at a date to be announced later and will be a two or three day show.

The county has something to be proud of in these new agriculture buildings and will be used by people from all over the county. Everyone is invited to drive out on the Brice highway and look over the new location for the agriculture and livestock shows of Donley County.

COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 7,455 bales of cotton were ginned in Donley County from the crop of 1947 prior to March 1st as compared with 6858 bales for the crop of 1946.

Mr. and Mrs. Hodges were in Amarillo Thursday shopping.

HIGH SCHOOL SENIORS TO HAVE FOOD SALE SATURDAY

Listen you housewives! The Senior class will have a wide variety of cookies, cakes, and good food that will appeal to the heartiest appetite on Saturday.

This sale will begin promptly at 10 a. m. Saturday morning at the Clarendon Furniture Company. Why not come down early and get something for lunch? You won't ever see such bargains again!

The Senior class will use the profits to help finance their annual Senior trip.

DR. HAROLD G. COOKE TO SPEAK AT METHODIST CHURCH SUNDAY

The announcement was received here this week that Dr. Harold G. Cooke, president of McMurry College at Abilene, will speak at the local Methodist church Sunday morning at 10:50 a. m. Dr. Cooke's background and his ability to speak is widely recognized all over this area of Texas. Everyone is cordially invited to come out and hear him speak.

Wellington Boxers Win Match 9 to 5

The smaller boys from Wellington seemed to have the upper hand in the boxing last Thursday night to give the Wellington team a good lead over the locals. They began to bog down and start losing when the matches dipped into the heavier weight bracket. The highlight of the evening was the battle royal between seven or eight of the high school boys. It was too jumbled up with too many fists flying to ever get an actual count of those in the ring. There were several knockouts, etc., during the affair and the crowd enjoyed the show immensely. The only fight that really took the limelight was the Bill Smith and Plank bout. Smith lost to Plank when they fought at Wellington, but he was well prepared to fight Plank - Plank-style, and won his fight from start to finish.

The results of the fourteen bouts are as follows with the Clarendon boxer named first: 60 lb.—Mike Davis dec. by Murdoch; Charles Roberts dec. by Phillips; 70 lb.—Gordon Moore dec. by Coleman; 75 lb.—Bill Hicks dec. by Wyrick; 80 lb.—Bob Davis dec. by Heitt; 87 lb.—Benny Edens dec. Thompson; Carl Morgan tko'ed by Harris; 112 lb.—Troy Brown tko'ed by Baird in 1st round; 113 lb.—Tuffy Moore dec. by Lampkin; 116 lb.—Ray Brown dec. Hennard; 126 lb.—Gilbert Stewart dec. Carnes; 134 lb.—Duane Littlefield dec. Harris; 134 lb.—Bill Smith dec. Plank; 155 lb.—O'dell LaGrone Ko'ed by Combs in 2nd.

The next boxing event on the schedule before the district tournament here will be a match next Tuesday night, April 6th with the leather slingers from McLean. The first bout is scheduled for 8 p. m. sharp so buy your tickets early and be all set.

This will be the first time that the Clarendon boys and the McLean team have had a chance together and is expected to be much more interesting than some of our previous fights. It is understood that there will be around 12 to 15 bouts and the majority will be in the heavier weight bracket. It was reported that there were very few smaller boys on the McLean team and it is the heavier boys that the fans like to see climb into the ring and mix it up. We understand also that the McLean boys are pretty good with the gloves and there should be some good matches between them and our regulars who have the ability to climb into the ring with most any fighters in their weight class.

Tickets for the match will be on sale Saturday at the Norwood Pharmacy, so if you want to be sure of a good seat you had better get there early and speak for the reserved seat you like best.

Date For Spring Dairy Show Set For May 29th

The Donley County show board met in the office of the county agent this past Saturday and the dates of the annual spring Dairy Show. H. M. Breedlove, manager of the shows for the county, announced that the board had set May 29th as the date for the dairy show. Mr. J. R. Gillham, superintendent of the dairy division of the shows, announced that the date set by the show board was a date that would be satisfactory with all dairymen of the county. Mr. C. L. Lewis, president of the Show Board stated that the dairy show would be held in the new show barns located on the Brice highway and would be an all day affair. Mr. Lewis also stated that it would be arranged to have a free dinner of some kind for those attending the dairy show. A good program is planned for this date and the type of program will be announced in the Leader at a later date.

The show board also discussed a program for raising more money to help finance the moving of the new buildings from Amarillo to Clarendon and a committee was appointed to contact people over the county. These buildings are for the people of the county and to help to promote livestock and agriculture of the county.

V. F. W. SPONSORING DANCE TONIGHT

The local V.F.W. Post is sponsoring an "All Fools Day" Dance tonight, April 1st in the form of an Apron and Overall dance at the Opera House. Everyone is invited and urged to attend the affair and be sure to wear your overalls and apron so you will be in style for the occasion.

Rip Ramsey and His Texas Wanderers will be here to furnish the music and as most everyone knows, they have the reputation of being able to dish it out in most any fashion that you want it. They are famous radio and recording artists and know all the tunes you like to hear and like to dance to.

The admission charge will be \$1 per person and the V.F.W.'s are requesting that you gather up a big party and join in the fun.

Douglas Lowe from Claude spent the weekend with his parents, Mr. and Mrs. Walter Lowe.

GOVERNOR BIDS "GOD-SPEED" TO SAFETY TOUR OF TEXAS MOTOR TRANSPORTATION ASSOCIATION

Pointing out that if all Texans observed "Courtesy and Safety" on the highways, Governor Beauford H. Jester tells Erwin Zunker, "Driver of the Month," that the accident frequency could be slashed in half. The picture was taken in Austin as the Texas Motor Transportation Association started a statewide safety tour to visit 65 cities. The safety exhibit consists of a truck-trailer combination containing equipment on which drivers will be given free tests in each city visited. Public demonstrations will be held, and the message of safety carried to many thousands of Texans in a practical way. The Department of Public Safety is cooperating with the transportation association on the safety tour.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

Outside activities have resulted in a slight decrease of library patrons this week. More books for little people have been issued than any other type. Adults and teen-agers have had other interests. But it is very fascinating to note that when one shows the four or five year olds books, and read as many as five titles in succession, that very often they pick them up and restate the book

titles to their mothers without further coaching.

Very few of the Library readers seem to enjoy poetry, but some well chosen volumes occupy the shelves. In the Congressional Library Bulletin that comes to our Library, the last issue stated that Robert Frost was to be presented in a public reading of selections from his poetry at the Coolidge Auditorium. He is noted for his poetry about New England, and a "four time" winner of the Pulitzer Prize in poetry. There is a large attractively bound volume of his poems at the Library, but we do not possess either of his 1947 volumes.

The high light of entertainment in several out of town study clubs recently are reviews given of a "Light In The Window" by Mary Roberts Rhinehart. This book was added to the Library in early February, and has proven to be one of the most popular editions of this prolific writer.

It is regrettable that our garden, shrubbery, and landscaping books are delayed in arriving for use this year, but it is usually six weeks or more before orders arrive after being mailed in. Patience seems to be a necessary characteristic in all phases of work at present.

European Plan Will Cost Donley Co. \$2,336,933.00 Says Senator O'Daniel

Washington, D. C. — The National Administration's give-away European Recovery Program will cost Texas taxpayers \$2,002,323,164.00. These figures have been supplied Senator W. Lee O'Daniel by the Congressional Library in a statement giving the total cost of this program beginning July 1, 1945, running up to June 30, 1947, and the present proposal commonly called the Marshall Plan.

capita of \$183.03, the cost is \$1,370,346.00. The cost to taxpayers for the Marshall Plan is \$966,647.00. These figures for the Marshall Plan are based upon a per capita of \$129.11. Senator O'Daniel caused the Library to work up the costs of the Administration's European Recovery Program so that the exact figures would be available for all who are interested and that they might know just what to expect in the way of government taxes in the future. The government tax, it will be seen,

far outranks the state, county, and municipal taxes combined. One-third of the \$17,000,000,000.00 Marshall Plan donation goes to England at a time when that country is working out a gigantic trade agreement with Russia, Senator O'Daniel says. The papers have been filled with these proposals and the Congress has telegraphic advices that the English-Russian proposal, is for England to manufacture and deliver to Russia from the North England Locomotive Works 1000 narrow-gauge locomotives at an estimated cost of \$30,000,000. England is to receive the major portion of 3,100,000 tons of steel. Other items Russia intends to purchase under this agreement will include \$600,000 worth of scientific laboratory apparatus, 2,400 flat trucks, 2,400 winches, 200 excavators, 54 caterpillar loading cranes, 250 auto timber carriers, 14 tugs and 4 dredges, 1,500 50-kilowatt mobile Diesel electric generators, 24 steam-power turbine stations, \$4,000,000 worth of plywood equipment, \$1,500,000 worth of timber-mill equipment, 48 voltage transformers, 10 sets of oil-purifying apparatus, and 300 100,000-kilowatt electric motors. Practically every item in this list of proposed purchases is made of steel of which this country is in serious need and which Senator O'Daniel says is sorely needed to properly equip and maintain a fast-moving, hard-hitting national defense. Under such an agreement, Russia will pay England for this steel which the taxpayers are giving to England under the proposed Marshall Plan, says the Texas Senator.

WHAT IS YOUR T. L. Q. ?

(Eighth of a Series) If you insist upon learning traffic laws by accidents, the best place is an intersection.

The most frequent law violation in business and residential area traffic accidents is failure to yield the right-of-way at an intersection, according to W. J. Elliott, Chief of the Texas Highway Patrol.

The Texas Highway Patrol is cooperating with a nationwide "Learn and Obey Traffic Laws" program in an effort to familiarize the public with traffic regulations and how they save lives. Of the traffic accidents which involve two vehicles occurring at intersections, Captain Polk Ivy of the Amarillo District emphasized the law concerning right-of-way at stop streets. The points to re-

- 1. The octagonal sign that says "Stop" means just that.
- 2. After stopping at the sign, you must yield the right-of-way to vehicles on the through street, unless they are far enough away that you can safely cross.
- 3. When you are on the through street, you must yield the right-of-way to a car which has stopped at the stop sign and then started to cross in the gap in traffic ahead of you.

Bank Dollars Help The Fight Against Inflation

When you spend carefully for only what you need, then build a reserve in a savings account, you help in the fight against inflation. Bank Dollars go in to only worthy projects that produce wealth, never dissipate it. Thus each dollar in your savings account protects you from this deadly enemy. Now is the time to save! We must lick inflation or it will lick us.

RETONGA AHEAD OF ANY MEDICINE SAYS TEXAN

Prominent Waco Citizen Finds Relief He Thought Impossible in Famous Gastric Tonic. Now Eats, Sleeps, Feels Fine. Declares S. E. Hardcastle

"I can now look back and see that my belief that I would never find relief was all wrong, because Retonga has given it to me," gladly states Mr. S. E. Hardcastle, prominent home-owner of 1510 McKenzie Street, Waco, Texas, in strongly endorsing this famous medicine.

"For years it seemed to me that every bite of food I ate turned against me and caused so much gas in my stomach that I often felt so bloated I thought I would pop. The pressure up against my chest often had me gasping for breath. Whatever I ate seemed to feel heavy as lead in my stomach, and every day or two I would

have to take a strong purgative to relieve my sluggish bowels.

"Retonga soon relieved me of the distress I had to endure for over eight long years," continues Mr. Hardcastle. "I have regained my appetite, food seems to agree with me, and every morning I feel refreshed instead of tired and dragged out. Constipation has been relieved, and so has the nervous indigestion. Retonga is surely ahead of any medicine in my experience. I am now on the job six days a week."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Rexall Drug Store.—Adv.

MANN'S Malted Milk Bread

Is Preferred by More and More Housewives!

"We like MANN'S MALTED MILK BREAD because of its fine texture—it's smooth, even, easy to spread." That's just a sample of comment from housewives which grocers pass on to us.

MANN'S BREAD is fresh, too, and full of nutrition and goodness. It makes perfect breakfast toast, and adds extra appeal to lunchboxes. Try a loaf today, and treat your family to good news in bread!

... you've got a date that just can't wait! So, clear out! Get down the street, where a Conoco Mileage Merchant can drain out dirty, contaminated winter oil and refill with Spring-time Conoco Nth . . . the oil that OIL-PLATES as it lubricates!

It's like this: When Nth Oil (Patented)* enters your engine, a special added ingredient fastens extra lubricant so closely to metal that cylinder walls

and all working parts are actually OIL-PLATED!

Because this extra OIL-PLATING stays up on cylinder walls . . . won't all drain down to your crankcase, even overnight . . . a Spring change to Conoco Nth Motor Oil extra-protects from "dry-friction" starts . . . from power-choking sludge and carbon due to wear!

SKYLINE TIDINGS
By DODO (the flightless bird)

Cowhands and ranchers now days have really changed since my days on the farm and ranch. Monday while I was out at the airport a Stinson Station wagon landed and taxied up to the line and out stepped two cowboys with their saddles and bridles and mounted a waiting jeep and off to the range they went. These men were Mr. Paul Long of

Adrain, Texas and Mr. J. M. Jones of Amarillo.

Mr. Boyce Edens and Mr. Leonard Parker went to Amarillo Monday and took their private pilots flight test and now we have two brand spanking new private pilots on the field. Congrats boys!!

Chester Gregory took a couple of hours of dual night flying Monday night and Chester says that this night flying is the berries.

Joe F. Jones had some of our business men and families out flying around in the beautiful moonlight Tuesday night: Dr. George Shadid and wife, Mr. Bill Whitsell and wife. It was Mrs. Whitsell's first time up and she was quite thrilled with the ride and says that people just don't know what they are missing. Dr.

Winton Welch and wife were also out.

Matthew J. Taylor and John Jay made a business trip to Lamar, Colo. Thursday morning and returned Friday night.

Joe F. Jones took Mr. F. E. Stevens plane to Amarillo Saturday to have it inspected for another year of safe and faithful service. Mr. Stevens is in the late sixties and has been flying for the last twenty one years and says there is no safer way to travel.

The sky was really cluttered up with airplanes all day Sunday. We had lots of spectators and visitors out and they were all welcome and we hope to see more next Sunday.

Carrol Deahl came out of hibernation Sunday and is ready to start flying his plane. Glad to see you out Carrol.

L. L. Wallace, Joe Jones and Matthew Taylor flew to Dumas to see some light airplane races. They had lots of fun and Joe even tried to get in the race as a spectator and if he hadn't been so loaded would have won.

Spring is here — that means love and picnics, and you lovers of flying and picnics listen to the news. A spot landing contest—some fancy flying—and after the

sun goes down the very first weenie roast of 1948 Friday, April 2nd.

ELECTION ORDER AND NOTICE

Be it ordered by the Board of Trustees of Clarendon Independent School District that an election be held at School Tax Office in the Town of Clarendon in said Clarendon Independent School District on the 3rd. day of April, 1948, for the purpose of electing Two School Trustees for said Clarendon Independent School District.

The following three persons, A. L. Chase, Mrs. B. F. Kirtley, Mrs. Bill Moreland are appointed and ordered to hold said election in accordance with the general election laws of Texas.

The returns of said election shall be made to the Board of Trustees of said district in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election, and the president shall cause notice of said election to be given in accordance with law by posting notices at three public places

within the district for at least 10 days before the date of the election.

In testimony Whereof, witness the signatures of the President and Secretary of said Clarendon Independent School District and the seal thereof hereunto affixed, this 16th day of March, 1948.

J. R. Porter

DISSOLUTION OF PARTNERSHIP

STATE OF TEXAS
COUNTY OF DONLEY.

Whereas, by agreement made on or about the 15th. day of October, 1947 Max M. Rampy and George E. Wilkinson of the County of Donley and State of Texas did enter into a copartnership and then on or about the 16th. day of February, 1948 George E. Wilkinson sold out his interest in said partnership to Max M. Rampy and Max M. Rampy sold one-half interest in said partnership to R. E. Culberson and then on the 6th. day of March, 1948 Max M. Rampy and R. E. Culberson sold said partnership to George E. Wilkinson; and said partnership was known as the Clarendon Paint and Body Works which business was all kinds of painting and repair of automobile bodies.

And, whereas, all of the said above three named persons wish to discontinue the said partnerships so entered into, to which they all agree.

And it is further stipulated and agreed, mutually between all of said parties that George E. Wilkinson do take the entire stock of goods and merchandise and

business belonging to the partnerships, at a value set and agreed upon by said parties. That the said George E. Wilkinson also have the power to collect the debts now due to the partnerships and to receive any or all part of the same in the name of the same by suit at law or otherwise and that the said George E. Wilkinson will assume all indebtedness of said partnerships and relieve the other two parties above named of any future or further liability thereon and the said business is to be continued at the same place in Clarendon, Texas by the said George E. Wilkinson.

Witness our hands this the 6th. day of March, 1948.

MAKING HIS Mark IN THE WORLD

Texas is making its mark in the cement industry, converting limestone and clays into good roads, into concrete foundations for prospering new industries, and putting them to scores of other uses that help to serve the state.

But limestone and clay, in their natural state, are of little value. They must be gathered and processed into cement which is then taken to places and used where people need it.

Natural gas is another natural resource that is worthless while it is under the ground. It, too, must be gathered, processed and transported to cities and towns where it can be put to use before it gains value. This is the job being done by the United Gas companies... giving importance and value to an otherwise worthless product of the earth. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families in Texas.

CEMENT INDUSTRY
The Free Enterprise system is well exemplified in the cement industry of Texas. Here is an increasingly important industry providing good jobs for Texas people... spending large sums of money with local suppliers of materials and equipment... paying important tax money for the support of state and local governments... providing a sound investment for private capital. It deserves your support in its efforts to build a greater Texas.

PATHFINDER CLUB

Members of the Pathfinder Club were entertained Friday afternoon, March 26, at 4 o'clock in the clubroom, with Mesdames H. T. Burton and J. R. Porter co-hostesses.

"Easter Wings" was the title of the playlet directed by Mrs. U. J. Botson. Those taking parts were Mrs. U. J. Boston as Miss Dean, Mrs. Joe Ritter as Mrs. Kenton, and Mrs. Curtis Mears as Jeanie Kenton.

After forming a large white cross, a chorus, composed of Ann Thompson, Elba Jean Ballew, Arvazene Smith, Mary Ann Landers, Jo Ann Ritter, Mary Edna Elmore, Shirley Brumley, Jane Johnson, and Jenna Sue Bain, sang the beautiful Easter hymn, "Alleluia".

Standing at the foot of the flood-lighted cross, Mrs. Rolle Brumley, in her inimitable manner, sang "The Holy City." Both the chorus and Mrs. Brumley were accompanied at the piano by Mrs. Millard Word.

During the tea hour, lovely refreshments were served to these guests: Mesdames Gordon Bain, Alvin Landers, Frank Phelan Jr., Stanley W. Hayne, Rolle Brumley, Victor Smith, E. S. Ballew, Burrell Rhea, and Miss Helen Porter, and members, Mesdames Carl Allmond, U. J. Boston, Jack Brooks, H. T. Burton, Lee Holland, Ernest Hunt, R. Y. King, Pete Kunz, O. D. Lowry, Curtis Mears, C. D. McDowell, C. T. McMurry, J. L. McMurry, Ray Palmer, J. T. Patman, W. H. Patrick, J. R. Porter, Joe Ritter, Paul Shelton, Pat Slavin, Oscar Thomas, Millard Word, Lena Antrobus, and Miss Chloe Darden.

CUE AND CURTAIN CLUB

Patsy Blair and Joan Ritter were hostesses to this club at the Blair home Monday evening. The members met at the Blair home and then went on a "Scavenger hunt". The first group to return received a prize of a box of fudge candy.

Refreshments were served to 22 members.

Mr. and Mrs. C. B. Doleay of Amarillo visited her parents, Mr. and Mrs. W. L. Landers and Mr. and Mrs. Alvin Landers and family Sunday.

PHILLIPS—BRIGMAN

Mr. and Mrs. Doyle Phillips announce the marriage of their daughter Faye to Bill Brigman of Shamrock, son of Mr. Jess Brigman of Borger. They were married Sunday, March 21, in Wheeler, Texas in Judge Hefley's home.

Those attending the wedding were his parents, Mr. and Mrs. Jess Brigman of Borger, his sister, Mr. and Mrs. Ernest Brown and Greg of Groom; brother, Mr. and Mrs. J. R. Brigman, and De Von Brigman.

Friends of bridegroom were Miss Pat Bertham, Mr. Jim Bradstreet, and Mr. Gene Hubbard.

The bride wore a street length, draped beige crepe dress with black calf accessories. She wore a corsage of six pink rosebuds.

They live at Johnson Hotel at Shamrock, Texas at this time.

WEEMS—MACE

Miss Helen Weems, daughter of Mr. and Mrs. Charlie Bodkin of Olton, and Seaman 1st Class Wayburn Mace, son of A. L. Mace of Gage, Okla. were married at the courthouse in Plainview by Justice of the Peace, Saturday morning. Witnessing the ceremony were Mr. Bruce Bodkin, brother of the bride and Miss Virginia Johnson.

Mrs. Mace was an employe for some time of the Southwestern Bell Telephone Co. at Plainview.

Seaman Mace was reared in Donley County, and is serving in the Navy based in San Francisco, Calif. They will leave Thursday for that point to make their home.

BIRTHDAY DINNER

Mrs. U. G. Koontz was honored with a birthday dinner Sunday in the home of D. R. Koontz. Those to enjoy the occasion were Mrs. Seth Swinney and U. G., Mr. and Mrs. Clarence Reynolds, Mr. Otis and Doyle Koontz, Mr. and Mrs. Curtis Moffett and Lanny, Mr. and Mrs. Glenn Sloan and Vicki, Mr. and Mrs. R. G. Eddleman and Gail of Claude and Mr. and Mrs. D. R. Koontz, Barbara, Glenda and Cleeta. All the children were present except two, Ray Koontz of Clarendon and Leonard Koontz of Anaheim, Calif. The small children enjoyed an egg hunt.

Miss Iva Hinkle from Dumas spent the weekend at home.

KILL KARE KNEEDLE KLUB

Mrs. Ed Speed entertained the club at her home Thursday afternoon. Pot plants and jonquils were used for decorations. The usual needle work and conversation were the main feature of the afternoon. Mrs. Speed was assisted in serving a lovely plate refreshment by her daughter Bettie Ann and Marilyn Bennett, to Mesdames Mulkey, White Sr., R. R. Dawkins, Major Hudson, Eugene Noland, and Misses Ida and Etta Harned.

MIDWAY CLUB

The Midway Club met last Thursday with Mrs. Glenn Williams. One quilt was quilted and some work done on quilt blocks.

A lovely covered dish lunch was enjoyed at the noon hour.

An Easter gift was given to our two oldest members, Grandmother Hardin of Clarendon and Mrs. Thomas. Mrs. Hardin being absent, her gift was sent to her.

This club will meet with Mrs. Quattlebaum on Thursday, April 8th.

Members present were Mesdames Ellen Moreland, Roxie Williams, Allie Quattlebaum, Edith Longan, Norma Chamberlain, Bobbie Longan, Nora Goldston, Emma Thomas, Lucille Luttrell and hostess, Eddy Williams.

REBEKAH LODGE

The Clarendon Rebekah Lodge No. 149 met in regular session at the lodge hall Tuesday evening.

During the business meeting, hostesses were appointed for April. They are Martha Bain, chairman, Allene Estlack and Ora Murphy.

Three applications for membership were presented the Lodge.

Lodge opened and closed in form with 12 members and one visitor, Mrs. E. J. Self, present.

JOHN W. SWINNEY ANNOUNCES FOR COMMISSIONER PRECINCT 3

In making my announcement as a candidate for commissioner of Precinct No. 3, I wish to state that I have been a resident of the County 30 years, during which time I acquired six years experience in actual road work under Les Hawkins in this precinct. Being both a resident and a tax-payer of Donley County, I feel that I am in position to serve all the people of the precinct and the county as well. I believe in economy in public affairs the same as in private business, and believe that all county problems should be analyzed and handled in the same manner that a person would handle his own business.

John W. Swinney

CARD OF THANKS

We wish to express our appreciation to all of you who joined in with the free will offering to help us repair the damage done to our home by a recent fire. Your kindness shall always be remembered and appreciated.

Mr. and Mrs. Joe Terry

Veterans' News

Q—What happens if a disabled veteran fails in his course while he is being rehabilitated under the Vocational Rehabilitation Act (Public Law 16)?

A—Generally, Veterans Administration will take special steps to enter him in another course in which there is every likelihood he will be able to complete successfully. The situation depends on the facts and the circumstances in each case.

Q—I am considered totally disabled for insurance purposes but receive only 20 percent for compensation. Can my award be increased?

A—Your compensation will be increased only if the service-connected disability is shown to have increased in severity. For insurance purpose, there may be other disabilities, not service-connected, which, combined with the compensable condition produce total disability. Facts and material for determining the existence of permanent and total disability are different in insurance and compensation matters.

Q—Will a disabled veteran's compensation be reduced because he goes into training and receive subsistence under the Vocational Rehabilitation Act (Public Law 16)?

A—No.

Q—What are the conditions of eligibility for rehabilitation under the Vocational Rehabilitation Act (Public Law 16)?

A—A disabled veteran must have had active service on or after September 16, 1940 and before July 25, 1947, with a discharge under conditions other than dishonorable. He also must have a compensable service-connected disability incurred in or aggravated by such service. He must be in need of vocational rehabilitation to overcome the handicap of his disability.

Mr. and Mrs. Luke Skelton and son Bobbie will leave Thursday (today) for a two weeks visit at Temple and other places.

Mrs. Lola Barns came home Monday from Amarillo where she has been in the St. Anthony hospital. She is much improved.

Mr. and Mrs. Joseph Bosch of Los Angeles, Calif. are visiting her parents, Mr. and Mrs. U. T. Fowler. Their daughter, Mrs. E. M. Forster and daughter Barbara Ann of Amarillo and J. M. Fowler visited Sunday with the family.

FAST SANITARY SERVICE

ALL THEY ASKED WAS AN EVEN BREAK

BUILDING a new country was no easy job. But there were men and women willing to turn their backs on the comfortable way of life and their faces toward new frontiers. All they asked was an even break.

Free enterprise is another way of saying, "an even break." Free enterprise is the basic American principle of vision and personal initiative. Just give an American an even break—a chance to get ahead—and he'll go on from there.

In West Texas—where the "frontier" is a little more than one generation removed—the West Texas Utilities Company is recognized as a real pioneer. It opened up an "electric frontier" when in 1915 it constructed the first power transmission line in West Texas. This first transmission line, which helped pave the way for the economic growth of the area, was built by a farseeing group of business men who believed that a tax-paying, self-supporting company could best supply the enormous amounts of electric power that the development of this western empire depends on... at the lowest possible cost.

Today, that original transmission line has been expanded into a power system of 2,833 miles of high power transmission lines... more than any other company in the Southwest... serving 322,000 persons with dependable, low-cost electric service in a 45,000 square mile area.

The West Texas Utilities Company, in 1947, contributed more than \$1,800,000 to local, state and federal governments... paid more than \$2,800,000 in wages to employee citizens of West Texas.

There are still new frontiers in electric living to be opened... and businessmen can do the job better than bureaucrats. Believing in the soundness of the "free enterprise system," the Company will spend \$18,000,000 during the next four years enlarging plants and existing facilities, and building transmission lines in an all-out effort to "open" those new frontiers.

FIRST BAPTIST CHURCH

Lelia Lake

A revival meeting will begin at the First Baptist Church Friday evening at 7:30, April 2nd. Every person in our community has a cordial invitation to attend these services. We want that it shall be a community wide revival. Rev. J. C. Koen will be the preacher. Bro. Koen helped us in our meeting last summer and every one was well pleased with his preaching and I am sure you will want to hear him again.

We are living in a day when there is a famine in our land; a famine of hearing the word of God. It seems that every Christian ought to be at his best in these days. This old world is reeling like a drunken man and there is nothing that will give it its bearing but the Gospel of Christ. Won't you, on behalf of your children, who may be called into military service very soon, come out and join with us in prayer for our nation, for our own coldness, and for the salvation of our lost friends and neighbors. Help to keep the peace by being loyal to God.

HENRY MOORE ANNOUNCES FOR COMMISSIONER

I have authorized the Leader to announce me as a candidate for the office of County Commissioner from Precinct 3, subject to the Democratic primary in July.

I have lived in Donley County almost four years, and lived in Hall county thirty years, before moving here. I had quite a bit of experience in road work in Hall county, Precinct 2.

I feel that I am qualified to fill this office to the best interest of the precinct and county, and will sincerely appreciate your vote and influence.

You can CASH IN ON SCRAP

STEEL MILLS NEED SCRAP METAL FROM YOUR FARM

Supplies of scrap for the steel furnaces are critically low. The furnaces thrive on a diet of about equal portions of pig iron and scrap. More scrap is urgently needed, if there is to be enough steel for making farm implements and countless other products. More than three million tons of steel scrap lie idle on America's farms, according to the latest estimates—scrap that only litters up the place, scrap that is wasted where it is. How much is there on your farm? How about the old car body, that rusted cultivator, those old plow bottoms, discarded tools? Every bit helps—and it is needed now.

IT'S HARVEST TIME FOR SCRAP

There's a bumper scrap crop to be harvested this spring—and there's money in it for you. Your scrap dealer will pay for everything usable. You can do three good turns in one scrap harvest:

1. You make some money on what you can't use.
2. You get your outdoor spring housecleaning done.
3. You help the steel mills turn out more steel for the implements and equipment you'd like to have on your farm.

Scrap means savings to you—if you'll collect it and sell it. On the first rainy day, when you can't plow or sow or cultivate, put on your oldest clothes and get that scrap together.

HERE'S WHAT TO DO

1. Pile up every bit of iron and steel scrap on your place.
2. Take a payload into town the next time you go. You'll make more money out of it that way.
3. If you can't drive it in, call your scrap dealer and ask him to pick it up.
4. If there is no scrap dealer near you, call your implement dealer. Ask him how to get your scrap started toward the steel furnaces.

MR. & MRS. WILL KENNEDY CELEBRATE GOLDEN WEDDING

The friends and relatives of Mr. and Mrs. Will Kennedy met in their home at Lelia Lake, Texas, Sunday afternoon, March 28 to celebrate their golden wedding anniversary.

The guests were met at the door by Mr. Van Kennedy, son of Mr. and Mrs. Kennedy, who presented them to his mother and father. In the receiving line were Mr. and Mrs. Kennedy, their son,

Warrar Kennedy, their two grandchildren, Dick Kennedy and Dorothy Ann Kennedy Bagwell.

The guests were invited to register by Mrs. J. R. Batson, Mrs. D. E. Leathers, Mrs. Billie Christal and Miss Chloe Darden. The beautiful hand-bound guest book was made by Rosalyn Bass Sassar of Lubbock. The book was covered with gold colored satin trimmed with a lace and ribbon bow of harmonizing color, and a large bell was outlined with gold beads and sequins. Mrs. B. J. Leathers, Mrs. Quinn Aten and Mrs. L. T.

Shelton assisted in registering the guests.

After the guests registered, refreshments of cake and brick ice cream with a gold bell molded in the center were served by Mary Ann Landers, Sandra Shelton, Shirley Aten, Marilyn Butler, Joanne and Janiece Christal.

The plate favors were facsimiles of their wedding announcements of fifty years ago. Mrs. Van Kennedy and Mrs. Warren Kennedy invited the guests into the room where the many beautiful gifts were displayed.

Music was furnished throughout the afternoon by Mrs. John Bass of Amarillo.

The entertaining rooms were artistically decorated with flowers in keeping with the occasion. A beautiful bouquet of yellow irises in an amber crystal bowl was placed on the piano and an arrangement of Easter lilies and jonquils were displayed on a console table.

The dining table was covered with a lace cloth. For the centerpiece an oval shaped bowl, covered with gold tinsel and filled with Easter lilies and other small flowers sprayed with gold dust, was used.

A decor on a reflector, flanked with love birds on miniature wedding bands, graced the top of the buffet.

Mrs. Moody Kennedy Hamil and Mrs. Lamar Aten supervised the serving. To add dignity to the occasion the members of the house party were in formal dress.

Mrs. T. B. Lumpkin and Mrs. Moody Kennedy Hamil had the honor of attending the first wedding reception of Mr. and Mrs. Kennedy and were present at the golden wedding.

Out of town guests attending were: Mr. and Mrs. Warren Ken-

ney of Wichita Falls, Texas; Mr. and Mrs. J. F. Anthony of Lubbock, Texas; Mr. and Mrs. G. M. Bass of Memphis, Texas; Mr. and Mrs. John Bass of Amarillo, Texas; and Mr. and Mrs. E. T. Bagwell Jr. and son Larry of Claude, Texas.

About one hundred and fifty guests called during the afternoon to celebrate so rare an occasion with Mr. and Mrs. Kennedy.

Weekly SURPLUS NEWS WAA

More than 80 communities throughout the length and breadth of Texas now have surplus chapels purchased through the War Assets Administration. In the state, a total of 109 churches, schools and veteran or charity groups received the chapels. Awards were approved by the office of Chief of Chaplains at prices ranging from \$271 to \$3100 per building. Top on the list for number of chapels received were Dallas and Abilene, with six buildings each. Other towns receiving more than one included Grand Prairie, Waco, Brownsville, Wichita Falls, Mineral Wells, Brownwood, Belton and San Antonio. The chapels came from 36 military installations in every section of the state.

Although priority claimants submitted purchase offers on all buildings for offsite use during a recent sale at Laughlin Air Field, near Del Rio, these claims were allowed on only 144 buildings of the total offering. A public sale scheduled at the site was cancelled due to the belief no buildings would be left for non-priority buyers. But, following the awards to priorities including 87 school districts, there were 310 buildings remaining to be sold. So War Assets Administrations will hold location sale at Laughlin Field on these buildings April 14 and 15, open to all buyers on an equal, informal bid basis. The inspection period for this sale will run from April 1 through April 13.

As the larger war surplus installations are cleared of consumers goods in the current series of War Assets location sales, additional smaller locations in North Texas and other places in the southwest will be the scenes of emergency clearance sales. The WAA advises that due to the large number of these small sites and the small amount of property, only limited advance notification of these sales will be possible. It urges prospective buyers to watch local newspapers for such announcements.

One of the major site clearances

of the region will take place in a few days at Tinker Field, Oklahoma. With veterans and others accorded preference according to the sequence of buying, \$1,750, worth of surplus will be sold by spot bidding April 8. The inspection will be April 5, 6 and 7. Among the hundreds of items will be four trucks, 12,000 raincoats, storage batteries, 500 auxiliary

light plants and office furniture. About a hundred lots will be in the offering. A final clearance of the New Orleans Consolidated Vultee plant is also being planned.

Part of the Oklahoma Ordnance Works at Choctaw will go into peacetime production as the result of action by War Assets Administration this week. The ord-

nance plant's power unit and water system was sold to the Grand River Dam Authority of the state of Oklahoma for \$3,500,000. These facilities will be connected with an electric power system supplying electrical energy to four states. Transfer of titles was made at the national capital between Jess Larson, WAA head, and Gov. Roy Turner of Okla.
