HEADS OF RURAL SCHOOLS MEET

TEACHERS AND TRUSTEES OF COUNTY ASSOCIATION IN SESSION SATURDAY

With G. G. Reeves of Chamberlain, presiding, the Donley County Principals, Teachers and Trustees Association met Saturday afternoon at 2:30 o'clock at the District Court room, with fifty or more in attendance.

After reports were heard from the districts represented, most of the reports having been published the same week, Mr. Reeves introduced Judge W. T. Link as the speaker of the afternoon.

Judge Link, asserting his belief in the general usefulness of criticism in bringing about reforms, said that while no more money is being spent on common school education than needed, entirely too much money is being spent on "higher education." He said that the high cost of higher education could almost always be laid at the door of college-educated men. He stressed the great importance of the education given in the rural and high schools and commended the earnest study of school problems by those on whom the responsibility rests.

Robert J. Dillard, chairman of the legislative committee, reviewed the bills now before the Legislature, stating that "Most of the bills which have been favorably reported out of committee have been bills which do not benefit the rural schools," stating further that Senate Bill No. 387 was the most harmful bill of all those which have been reported favorably. He predicted that per capita apportionment for next year would be about \$8.00, "which will mean about three months of school out of Windy Valley," he said.

Sid Thomas, principal of the school at Ashtola, talked on "Inter-scholastic League Work" in an interesting way. He brought before the meeting the suggestion of County Superintendent Sloan Baker that, since the rural schools "have little chance to win in the county meet," a preliminary meet of the rural schools should be held prior to the general county meet, in which rural schools would participate, and winners to go into the general county meet. The idea was approved by the vote of the members, and Sup't. Baker later appointed the following committee to work out plan for the rural meet to be held next year: Sid Thomas, W. C. Howard, Dennis

LETTERS INVITED FROM READERS

Under the heading "Letters From Our Readers", we are publishing this week an interesting letter from Mrs. Annie Park, who formerly lived in Clarendon. Her friends will be glad to hear from her. Other who have left Clarendon could write interesting letters, too. Tell us where you are, what you are doing, etc.

The News takes delight in publishing letters from its readers, subject only to the restrictions named underneath the column heading. It particularly will welcome the views of its readers on the live issues of the day, national, state and local. Taxes, cost of government, beer, revision of laws, school consolidation—just suggestions. Discussion of live topics provokes thought—and frequently friendly argument. Make use of the column, which is open without charge to our readers, because it is yours if you will use it. Let your letters stay within the restrictions named, which is a reasonable request. But make use of the column. It's yours!

FREEZING FRIDAY

The News received a telegram today from the U. S. Weather Bureau at New Orleans, forecasting freezing weather Friday morning.

Physicians Attend 'Amarillo Convention'

Drs. B. L. Jenkins, O. L. Jenkins and C. G. Stricklin attended the Panhandle District Medical Society's convention which met in Amarillo Tuesday and Wednesday. About 125 physicians of the Panhandle were registered at the convention.

An address on the "The Family Physician" was delivered Tuesday by Dr. B. L. Jenkins, after which a discussion of the subject was led by his son, Dr. O. L. Jenkins.

DONLEY HIGHWAYS INCREASE BUSINESS

ASSOCIATION ESTIMATES \$216,000 IS SPENT YEARLY BY OUTSIDE AUTOISTS

AUSTIN, Texas, April 12.—Donley county's state highways bring \$216,000 a year in extra business to the county in the form of tourist trade, the Texas Good Roads Association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars or those of adjoining counties, which obviously would increase with improved roads.

State checkers, from four days' actual count, found the average daily traffic to be: 800 motor vehicles on Highway 5; 150 on Highway 5-2; and 300 on Highway 88.

Motor traffic in Texas is divided, the experts have found, in two almost equal classes. Roughly, half are local cars or from

These figures, which may be taken as authoritative, suggest an answer to the occasional statement that "highways are harmful to local business because of the trade that goes to the larger cities." It should not be forgotten that roads are travelled equally each way, with resulting benefit to each town and city through which they pass.

With the completion of hard-surfaced highways in Donley county, the figures quoted in the accompanying story will be increased by the large savings to Donley County car owners by fewer broken springs and decreased wear and tear and depreciation caused by "racking" precision-built autos over rough, chug-holed highways. This saving will unquestionably run into many thousands of dollars per year.

adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are

RELIEF WORKERS MEET CHIEF HERE

ELROD DISCUSSES METHODS SATURDAY WITH COMMITTEES OF 12 COUNTIES

A. W. Elrod, recently named as personal representative of Governor Miram A. Ferguson on the Texas Relief Commission, which is administering the Reconstruction Finance Corporation's unemployment relief funds, met here Saturday, at the Chamber of Commerce office, with a group of 30 representatives of county relief committees of twelve Panhandle counties.

At sessions held in the morning and afternoon, Mr. Elrod heard reports from all the committees as to the programs of unemployment relief which have been carried out in the twelve counties; outlined the improved method of accounting; answering questions relating to the work, and led a

DRENNAN TALKS ON SCHOOL WORK

DISCUSSES DEFECTS OF PRESENT SYSTEM USED IN GRADING PUPILS

R. E. Drennan, principal of Junior High School, was in charge of the program of the Rotary Club at its regular luncheon Wednesday, presided over by Dr. J. W. Evans, vice-president.

Discussing the various phases of public school work and problems, Mr. Drennan laid especial emphasis on the apparent defects of the present system of grading the work of the pupils. He said that too much emphasis was placed on the grades or marks received by the child and not enough time, attention and special training of the individual.

He suggested a new type of grading and classifying children that would mean more to the child and furnish the parents with more information regarding his knowledge and progress in school work. He made an earnest appeal for more co-operation on the part of parents in regard to children's home work requirements.

No Seed Loans Be Made After 30th.

The News is requested to notify its readers who may intend to make application for a seed loan from RFC funds that no applications can be accepted after April 30th.

Since the time remaining is short, the committee suggests that intended applications should be made as quickly as possible. Many loans have been made, and a few applications are being made each day, but the committee wishes to give warning that the time is rapidly approaching when no more seed loans can be applied for.

Mr. M. K. Brown of Pampa was a business visitor Saturday.

Mr. and Mrs. Anton Koch of Quanah were guests of Dr. and Mrs. C. G. Stricklin Sunday.

Methodist Revival Will Begin Monday

Holding his first services Monday night at 7:30 o'clock, Rev. W. G. Bailey, pastor of First Methodist church, Plainview, Texas, will begin a two-weeks' revival for the First Methodist church of this city. The pastor, Rev. E. B. Bowen, urges the attendance of the members of the church and invites all the people of the city and county to attend.

The Plainview pastor was formerly pastor of the Big Spring church and of a number of churches in the Central Texas Conference. His brother at Dalhart, a prominent attorney, is also a very active layman in local conference work.

WORKERS ATTSND DISTRICT MEETING

GROUP OF 14 BAPTISTS GO TO AMARILLO FOR SUNDAY SCHOOL TRAINING

A group of fourteen enthusiastic Sunday School workers of First Baptist church attended the convention of District No. 10, which met at Amarillo last week, concluding Thursday afternoon.

Excellent addresses on all phases of Sunday school work and teacher training by specialists were features of the convention. In addition, conferences of small groups of workers proved very helpful. The Clarendon group report that the convention was both profitable and pleasant.

Attending the convention from Clarendon were Mrs. B. N. Shepherd, Miss Gertrude Shepherd, Carroll and Roy Heltzclaw, Miss Jessie Cook, S. L. Tidwell, Lee Vaughn, Jim Cannon, Allen Bryan, Mrs. W. C. Stewart, Mrs. Geo. H. McCleskey, Mrs. Eva Draffen and Misses Marie Carlile and Christine Lamkin. The pastor, Rev. B. N. Shepherd, was not able to attend on account of illness.

Homer Mulkey, who has been confined to his bed for several days, has recovered sufficiently to resume his duties with his theatre.

PATRICK TALKS OF EARLY DAYS

LIONS HEAR OF TEXAS AUTHOR AND LOCAL REMINISCENCES

W. H. Patrick, who was in charge of the program at the luncheon meeting of the Lions Club Tuesday, presented a very interesting talk on "Texas Authors," following it with two or three humorous "yarns" about certain citizens of the early days of Clarendon.

His talk on Texas authors reviewed briefly the work of more or less well-known Texans. Among those mentioned were J. Frank Dobie, of "Coronado's Children" fame, a book which all Texans should read; J. Evetts Haley's "XIT Ranch," a history published in an edition limited to 1,000 copies and already commanding a high price; Margaret Bell Houston, writer of magazine articles; Will Porter, better known as O. Henry, whose works are ranked as the best short stories ever written by any American author; Grace Noel Crowell, author of "Silver in the Sun."

Chas. W. Ferguson, son of Rev. C. N. Ferguson and well known to many Clarendon people, is the author of "Confusion of Tongues." Ruth Cross, another nationally known Texas writer "The Golden Coccoon" and Dorothy Scarborough brought mixed fame and criticism to herself with "The Wind." (Commenting on Mr. Patrick's mention of Miss Scarborough, Judge A. T. Cole said that he was a classmate of Miss Scarborough and of her sister, Mrs. Douglas Scarborough McDaniel, of Richmond, Va., and her brother, George Scarborough, dramatist of New York City. He said that Dorothy Scarborough was born near Sweetwater and lived there until after she was ten years old.) Her book aroused a storm of in-

Former Citizen Dies at Long Beach, Calif.

Word reached here this week of the death, on April 4th, of Mrs. Rose Van Horn, at the home of her daughter, Mrs. Ida Hunter, at Long Beach, Calif. Mrs. Van Horn was 84 years old. She received injuries in a fall several months ago from which she never recovered.

Mrs. Van Horn was married at Ft. Lyons, Colo., to Major D. W. Van Horn, who operated a trading post there, and later at Mobetie. About 1896 he came to Clarendon and was president of the Bank of Clarendon until his death in a train accident at Caldwell, Kan., in 1899. In 1902 Mrs. Van Horn, who had been educating her children at Wellington, Kan., moved to Clarendon where she made her home until 1915, when she went to California to live with her daughter.

T. S. BUGBEE PORTRAIT TO BE GIVEN MUSEUM

The large oil portrait of Col. Thos. S. Bugbee, which formerly hung in Clarendon College, will be presented to the new museum of the Panhandle Plains Historical Society Friday by his daughter, Mrs. W. H. Patrick, on behalf of the Bugbee family. The portrait was painted by Harold Bugbee and was presenter to Clarendon College when it was a Methodist institution, Col. Bugbee being one of its most loyal friends and financial backers. After the removal of the college to Amarillo by the Methodists, the family again came into possession of the portrait with the intention of finally donating it to the proposed museum at Canyon.

Annual Audit City Books Is Under Way

Dempsey A. Winn, of the Amarillo firm of Dempsey A. Winn & Co., auditors, began Monday morning the annual audit of the books of the City of Clarendon. The audit will require a week or more of time, Mr. Winn states. Mr. Winn has personally audited the city's books for many years, at first in the employ of another auditing firm, but for the past five or six years for his own company.

LIONS TO THROG AMARILLO MONDAY

HATTON WILL SPEAK AT EASTER SERVICE POLK STREET METHODISTS

AMARILLO, April 12.—Lions of West Texas will gather in Amarillo by the hundreds on next Monday and Tuesday for the annual convention of District 2-T, according to advance reports reaching President S. P. Vineyard of the Amarillo Club and George Ordway, arrangements committee chairman.

Unless all signs fail the occasion will be the greatest regional convention in the history of Lionism in Texas. An elaborate program has been arranged; many Panhandle and West Texas clubs plan to send their entire membership as delegates, International President Chas. H. Hatton of Wichita, Kansas, will deliver two addresses, various entertainment features have been provided for both the men and women visitors and instructive programs have been prepared for the business sessions.

President Hatton will speak to the public Sunday night in a special Easter service at the Polk Street Methodist church and will appear on the Lion's program Monday afternoon at 3 o'clock. Model luncheons Monday by the Pampa, Colorado and Midland clubs; a banquet and dance at the Amarillo Country Club on Monday night; a president's breakfast Tuesday morning and a general luncheon Tuesday noon are some of the special features of the entertainment program. The Amarillo committee has made detailed plans for the entertainment of all visiting ladies and Lions are especially urged to bring their wives. Spirited contests over the election of new officers and the 1934 convention city are expected to add pep to the occasion.

GRAND JURY HAS BEEN DISMISSED

IN SESSION SIX DAYS AND RETURNS 4 FELONIES, AND 4 MISDEMEANORS

Having completed investigation of all cases brought before it, the Grand Jury filed its report Friday and was discharged by District Judge A. J. Fires. Four felony and four misdemeanor indictments were returned. It inspected the county jail and commended its well-kept and sanitary condition.

In the case of the State vs. W. R. Martin, charged with burglary of the Clarendon Grain Company's plant, a companion case to those of Leslie Smith and Bennie Honeycut, Martin received a three-year sentence, without suspension, plea for which was made by the defendant's counsel, Lee Pierson, of Amarillo. Notice of appeal was filed, and application for appeal bond was made, which was granted in the sum of \$2,500.

District court will convene again Monday, April 17, for the trial of civil cases. It is thought that the entire week will be required for the cases coming up for trial.

H. T. Schoffitt of Lefors was here Sunday.

HIGH HONORS WON BY PIANO PUPILS

MRS. POWELL'S PUPILS WIN HIGHER RATING AT LUBBOCK THAN AT AMARILLO

Three pupils of Mrs. Elizabeth Clayton Powell, teacher of piano in this city, who qualified at Amarillo for entry in the Tri-State Music Festival last Thursday, Friday and Saturday, brought honor to themselves and to the ability of their teacher by their winnings there.

Miss June McMurtry, daughter of Mr. and Mrs. J. L. McMurtry, won highest place in a group of eleven contestants, being given a rating of "highly superior." The piano contests were judged by Mrs. Paul von Katwijk, of Southern Methodist University. Miss McMurtry was recalled to the piano for additional renditions of certain passages of her number, and was given her rating without any minuses (criticisms).

Arthur Chase, son of Mr. and Mrs. A. L. Chase, was also winner in his group, with a rating of "highly superior," winning first place in a group of seven contestants.

Miss Pauline Shelton, daughter of Mr. and Mrs. Paul Shelton, like her fellow-contestants from Clarendon, also won highest place in her group of contestants, with a rating of "excellent."

The News joins all lovers of good music in congratulations to Mrs. Powell, her pupils, and their parents.

District Governor

C. HERBERT WALKER

The above is a likeness of C. Herbert Walker, District Governor of District 2-T, who will preside at the District Convention of Lions Clubs to be held in Amarillo, April 17th and 18th.

Amarillo is planning big things for the 54 clubs of this district. Among other things, special attention will be shown the Lions' wives or sweethearts. The entertainment will include a dinner and frolic at the new Amarillo Country Club and a matinee performance at the new Paramount Theatre.

A good time is promised for all Lions and Ladies who attend.

EGGS FOR TICKETS

If eggs are more plentiful with you than cash, you can use your eggs for the price of admission at the play to be given at Goldston Friday night, April 14. There's only one condition imposed; the eggs must be fresh, marketable hen eggs, and the hens must be chicken hens. In other words, the Goldston folk don't want duck eggs and so forth. They will accept hen eggs at the current market price in exchange for the privilege of hearing the excellently prepared play.

Mrs. Sam M. Braswell went to Amarillo Saturday to visit Mr. and Mrs. S. J. Cole, returning Tuesday morning.

TELL THEM WHAT YOU WANT

The frantic efforts of Texas "wets" to flood members of the Legislature with telegrams, letters and petitions urging the passage of the Anderson-Mathis beer bill should stir to action those who oppose the bill.

The average citizen does not believe that this method of expressing desires is the most effective; that the legislator receives them, dictates a reply that is a sort of "form letter"—and then votes as he wishes to vote.

Be that as it may, the circumstances do not warrant the "dry" to stand by and let a situation develop which will give his senator and representative no choice except that of saying, "The majority of my constituents evidently wanted beer."

Militant "drys" in many counties of Texas are organizing counter-campaigns against those of the "wets." They are letting their legislators know that they want them to defend the prohibition amendment to the State constitution by refusing to repeal the Dean law. They are letting them know that they are going to watch their voting and there is no doubt that the political future of members of the present Legislature rests upon their vote on the Anderson-Mathis bill.

ALWAYS AND ALWAYS THE BEST

And now comes news that the radio broadcasting companies are worried over reports that the cigarette companies have decided to withdraw from the radio field and concentrate on newspaper advertising in the future. Big business and small business alike experiment with various forms of advertising, always finding out in due time that an advertisement set in attractive display alongside the current news of the day or week is the least trouble to the advertiser, the most effective way to the reader's interest (because it was long ago accepted by him as wholly legitimate) and undoubtedly the least expensive of all forms of advertising. Roger Babson, a recognized authority on business trends and a firm believer in advertising, said recently, "If it doesn't pay to advertise your business, advertise it for sale."

THEY'RE NOT READY—THAT'S ALL

T. E. Johnson, in his "Plain Speaking" column in the Amarillo News-Globe last Sunday, did some plain talking about the present legislature. He called them, in effect, a bunch of loafers who have drawn their \$10 a day (except the little handful who stood by their efforts to reduce expenses and refused to accept \$10 a day) for the past three months, and have accomplished nothing worthy of a body of men who represent 5,000,000 people.

But let's not forget that each representative district and each senatorial district elected its own men. Nor that the whole group seems to average up alike—not a great deal of difference in them. It appears that the fault-finding should be directed at the choosers rather than at the chosen. Whenever the voters of Texas make up their minds that they want less expensive government in Texas, they will elect men to the legislature who are pledged to an adequate reduction. Some day a Governor will be elected who will have the qualities of leadership that can weld and unify a legislature into a legislative body worthy the name. But it will not happen until Texas voters are ready for it.

KEEPING RECORD ON IT

Now that the income tax bill has shown up in the Legislature, we may be sure that the antitax group will keep careful check on the vote. Every legislator who votes for the tax bill and who did not vote for economy in the State collegiate system, who did not vote for economy in the salary of members of the Legislature, who has consistently opposed all reorganization economies as recommended by the Graves committee, will be a marked man.

The Graves committee showed the way to economy without more taxation but the Legislature has not taken that route. In a time when the public, employer and employe alike, must struggle to stay above adversity, more taxes can not be regarded as anything but a grievous injury. Any Legislature which is identified with such an action will surely face a storm of indignation when it gets home.

When men admit that economies can be made—admit it privately, that is—and refuse to make them, they can not come home and plead necessity for more taxes when those economies have not been made. Ten dollars a day, drawn for enacting more taxes at a time like this, may seem to some gentlemen at Austin as fair pay. They may get new light on the subject when next they interview their constituents.—Dallas News.

Tips on Taxes

AUSTIN—It is known that the costs of the State Government for the next two years will be substantially lower than for the past two years. The single uncertainty is what may be done with reference to appropriations for support of the public schools. Other major appropriation bills have been finally passed by both houses of the Legislature. They represent reductions varying from 25 to 40 per cent. The aggregate reductions will probably be from 30 to 33 per cent.

However the possibility of upsetting the results of the start toward economy—and it is only a start, notwithstanding the impressive savings made—is by no means remote. There are two very pressing influences that may supply the necessary support to bring about the enactment of laws that will open new sources of revenue, which would eventually neutralize the progress already made. These are the insistent demand of public schools for liberal appropriations and the desire to balance the State budget and wipe out the existing deficit during the next year, or two at most.

Thus far, no general new taxes have been levied. The sales tax, which was the most important means suggested for raising new revenues, has been killed again. This time, its death is supposed to be final, but it is known that plans are being made to revive the idea, dress it up in fresh Spring outfit, brig it out as the angel of public school education and the Santa Claus for sadly depleted county and city treasuries, through an ingenious proposal to split the proceeds between the schools, counties and cities. Basically this is the familiar "aid" method of increasing taxes, which has been a prolific cause of the increase in the cost of government in this country for the past ten years.

Those who oppose new taxes will need to be alert during the closing days of the session of the Legislature. It is also well to bear in mind that up to the present time the fundamental

causes of high taxes have not been removed. Nothing has yet been done that will provide effective barriers against a return of extravagance, once the present emergency is passed. Changes have been proposed, which, if finally adopted, will give some degree of permanence to measures of economy. The fate of these really constructive changes is still uncertain and there seems to be possibility that some of them will fail.

The amendment in the Senate proposing to reduce the State ad valorem tax for general revenue purposes from 35 to 15 cents has been engrossed in the Senate but apparently lacks the required two-thirds support to submit it as a constitutional amendment.

An amendment placing an arbitrary limit on total expenditures of the state government have been finally passed by the Senate by the necessary two-thirds vote. It is yet to go through the House. The judiciary reorganization amendment, making drastic changes in the set-up of the courts and promising important economies, which passed the House some time ago, awaits an uncertain fate in the Senate.

Amendments proposing reorganization of costly county government are yet to be acted on. This is also true of a bill which proposes county unit system of public school administration. These latter two subjects are vital, because local taxes are much more burdensome than State taxes.

The Senate has passed unanimously a bill limiting the amount of compensation which would be allowed county and precinct officials. The reductions will radically affect official incomes in counties of populations above 25,000. The top compensation allowed any county official in Texas would be \$5,000, and this would be possible only in counties above 150,000 population. The following maximums have been set: Counties under 10,000 population, \$3,000; between 10,000 and 25,000, \$3,250; between 25,000 and 50,000, \$3,500; between 50,000 and 100,000, \$4,000; above 100,000, \$5,000. The rates do not apply to all fee officers alike. The maximums are for more important county officers. Lower figures are fixed for justices of the peace, constables, etc.

NEW FRIGIDAIRE MODEL ATTRACTS MUCH ATTENTION

An electric refrigerator which, it is claimed, uses more electricity than an ordinary house lighting bulb, is attracting much attention at the showroom of the

West Texas Utilities Company. The new refrigerator is the newest member of the Frigidaire family. It has a capacity of 5 cubic feet, with liberal space, and is extremely attractive both inside and outside. Its completely enclosed refrigerating unit is almost noiseless in operation. It is de-

livered at a price far below any refrigerator ever before marketed under the Frigidaire name.

A device for detecting the presence of carbon monoxide gas such as given off by an automobile exhaust has been placed on the British market.

INFLUENCE OF HOME

The burglar had entered the house as quietly as possible, but had made a little noise. The sound of a woman's voice floated to his ears: "If you don't take off your boots when you come into this house, there's going to be trouble and plenty of it. Here it's been raining for three hours and you dare to tramp over the carpets with your muddy boots on! Go downstairs this minute and take them off!"

He went downstairs without a word, but didn't take his boots off. He went to his pal who was waiting outside. With a tear in his eye, he said, "Slim, I just can't bear to rob dis house—it reminds me so much of home."

Murrell Receives Doctor's Degree

McMurry College, the Methodist institution at Abilene, celebrating the 12th anniversary of its founding last Wednesday, bestowed honors upon two Abilene citizens at a Founders' Day program at 10 a. m., the honorees being Rev. W. M. Murrell, presiding elder of the Abilene District of the Northwest Texas Methodist Conference, and R. D. Green, who has been superintendent of the Abilene city schools since 1917. The degrees were conferred by Dr. J. W. Hunt, president of the college since its founding.

Rev. Murrell was awarded the degree of doctor of divinity, and Mr. Green the degree of doctor of laws.

The presiding elder went to Abilene more than a year ago from Clarendon, where he had been presiding elder for four years. He has been a member of the Northwest Texas Conference since 1914, serving as pastor at Clyde and Merkel, in the Abilene district. Later he was pastor at Crowell, Chillicothe and Childress, a \$65,000 church being completed and practically paid for during his pastorate at Childress. He received his theological training at Southwestern University, Georgetown, Texas.

Rev. Murrell has a host of friends in Clarendon and throughout the Clarendon district who will be glad to learn of the honor which has come to him. Members of the Lions Clubs at Childress and Clarendon, of both of which he was a beloved member, will find it somewhat awkward to call "Bill" Murrell, as they knew him, by the distinguished title which has been conferred on him.

Jno. S. Lott Buried Here Last Friday

Funeral services for John S. Lott, well known citizen of Clarendon, who died of pneumonia last Thursday morning in a Wichita Falls Sanitarium, were held at First Methodist church Friday afternoon at 5 p. m. by the pastor, Rev. E. B. Bowen. A large audience of friends assembled to give expression of the sympathy which they felt for the bereaved family, emphasized by their numerous and beautiful floral offerings.

The beautiful and impressive burial ritual of the Odd Fellows was followed at the cemetery, Rev. W. E. Ferrell acting as chaplain, and F. O. Wood as Noble Grand. Pallbearers were fellow-lodge members of the deceased—M. W. Mosley, Elijah Dunn, Homer Bones, J. B. Miller, C. E. Lindsey and W. L. Clampitt.

John S. Lott was born Feb. 18, 1889, at Cauthern, Ark., removing to Clarendon with his parents in 1905, where he has since lived. In 1911 he was married to Miss Edna L. Bryan, four children being born to them, two of whom in addition to their mother, survive: Johnnie, aged 13, and Jessie, aged 9. Other survivors are two brothers, H. Lott, of Amarillo, and Will Lott, of Clarendon, and two sisters, Mrs. J. K. Porter, Wellington, and Mrs. R. E. Blair, of Clarendon. He became a member of the First Methodist church in 1913, during the revival held by Rev. C. N. N. Ferguson. For the past two years ill health has confined him to the sanitarium where he died. The News joins the many friends of the family in deepest sympathy.

R. W. TALLEY PAYS 54TH ANNUAL MASONIC DUES

R. W. Talley, of this city, celebrated his 75th birthday last Saturday by making his 54th annual payment of dues to the Masonic lodge. He joined the order in Obon county, Tennessee, on his 21st birthday, and has been a member of Clarendon Lodge No. 700, A. F. & A. M. since coming here to live in 1900.

Prior to that time he was interested in the Seymour Mercantile company, at Seymour, selling out there in 1900. After coming to Clarendon, Mr. Talley became a wholesale apple dealer, shipping the first carload of apples into Texas, and becoming one of the large operators in that business. His books show that he had at times as many as 22 carloads on the tracks in Texas.

John F. Cates, manager of the Gate City Creamery of Childress, visited his distributors here Wednesday. He states that his plant last year produced over 786,000 pounds of butter, and expects to produce over a million pounds this year. They employ 12 men now, having recently had to add two to their force on account of increasing business.

Mr. and Mrs. G. H. Crews, of Brice, were shopping in Clarendon Tuesday.

LORRAINE PATRICK, Editor

B. & P. Women To Memphis

The Clarendon Business and Professional Woman's Club together with Mrs. E. L. Fowler and Mrs. Charles Wooley of Pampa were guests of the Memphis Business and Professional Woman's Club on Tuesday evening, at the home of Mrs. S. B. Palmeyer in Memphis. About twenty members made the trip and report a most enjoyable time.

After all had arrived, Mildred Martin had charge of the program. This was very clever in that each member introduced herself with a little verse telling her name and where she worked. A quartet composed of Katherine Stark, Etta Harned, Lotta Bourland, and Norma Rhode, sang "Water Lilies" and later songs were sung by the entire group. Mrs. Bessie Smith gave a short talk in which she told of the accomplishments of the local club. Mrs. Fowler invited the two clubs to Pampa to the fifth annual District One conference of the Texas Federation of Business and Professional Woman's Clubs on April 22nd and 23rd.

After the program, dainty refreshments carrying out the spring motif were served. Attending were: Helen Wiedman, Gwendolyn Couch, Ruth Donnell, Julia Wiedman, Lotta Bourland, Mildred Martin, Lela Lemons, Ida Harned, Rhoda Wiedman, Julia Mae Caraway, Carrie Davis, Etta Harned, Katherine Stark, Norma Rhode, Irene Mitchell, Bea Antonibus, Mary Alice Jay, Mantie Graves, and Bessie Smith.

Mrs. M. T. Crabtree Is Hostess

Mrs. M. T. Crabtree was genial hostess to members of the Friendship Club on Tuesday afternoon at her home.

The meeting was opened with the Lord's Prayer led by Mrs. C. R. Skinner, president of the club. After the reading of the minutes and roll call, Mrs. J. D. Stocking read the Scripture Lesson. The remainder of the afternoon was spent in fancy needle work and conversation, with delectable refreshments being served to:

Mesdames C. R. Skinner, L. Ballew, J. H. Allison, H. Tyree, J. D. Stocking, M. E. Thornton, G. J. Teel, and C. E. Lindsey.

The next meeting will be April 25th, at the home of Mrs. J. H. Harris at which time the club will have a pot plant exchange.

Sims P. T. A. Have Meeting

The Sims Parent-Teachers Association held its monthly meeting last Thursday afternoon in the Southward Building.

The third grade, under the direction of Mrs. May Prewitt and Miss Edgar Mae Mongole, had charge of the Easter program. Mrs. W. G. Word sang several pretty folk songs and Mrs. H. T. Burton gave a splendid talk on what the Red Cross had accomplished in Donley County.

Mrs. Charles Trent Entertains

The Contract Club and friends were guests of Mrs. Charles Trent Thursday afternoon when she entertained at her attractive home.

Upon arrival the guests found tables in readiness and an interesting afternoon was spent in playing three rubbers of Contract, at the conclusion of which Mrs. Lenode Goldston was proclaimed winner of high score. She received a lovely prize.

A delectable salad course was enjoyed by Mrs. Lenode Goldston, Mrs. Parke Chamberlain, Mrs. Basil Kirtley, Mrs. Floyd Lumpkin, Mrs. Frank Stocking, guests; and Mrs. Carroll Knorrp, Mrs. Meade Haile, and Mrs. Earl Alexander, club members.

Episcopal Auxiliary

A splendid attendance of the Woman's Auxiliary of the St. John Baptist Episcopal Church was present Wednesday afternoon at a call meeting at the home of Mrs. L. L. Swan.

Several business matters were brought up and discussed by the members. Upon adjournment the group attended Holy Week Services at the Church.

Les Beaux Arts

"Arts in Germany" was the topic for discussion when Les Beaux Arts Club met Saturday in the spacious and beautiful home of Mrs. Cal Merchant, with Mrs. Frank Bourland and Mrs. Merchant, hostesses for the afternoon.

The leader, Mrs. J. H. Morris, told of Cathedrals and Wood-carvings of Gothic Architecture, while Miss Mary Howren illustrated her subject "Castles and Interesting Spots on the Rhine" with slides and colorful pictures. Miss Anna Wiedman told of her trip down the Rhine in a most interesting manner. Miss Anna Moores sang Sigmund's Love Song from the opera "Valkyrie" by Wagner, and also gave a sketch of the four operas along the Rhine what are called "The Ring of Nidelungs."

Dainty refreshments were served.

Mr. and Mrs. Douglas Entertain Tuesday

Mr. and Mrs. Clyde Douglas were cordial host and hostess to members of their bridge club and guests on Tuesday evening, when they entertained with a Dinner-Bridge at their home.

A sumptuous dinner was served after which games of bridge were enjoyed the remainder of the evening with Mr. and Mrs. Tom Goldston winning high score for club members; Mr. and Mrs. G. L. Boykin high for guests; and Mr. and Mrs. Rayburn Smith high for the club. Each received a handsome gift.

Participating were Mr. and Mrs. G. L. Boykin, guests; Mrs. Leah Wilkerson, Mr. and Mrs. Carl Bennett, Jr., Mr. and Mrs. Fred Buntin, Mr. and Mrs. Tom Goldston, Mr. and Mrs. Rayburn Smith, club members.

Cleo Russell Celebrates

The tenth birthday of Cleo Russell was ideally celebrated on Saturday afternoon at the home of his parents, Mr. and Mrs. Fred Russell.

The afternoon was spent playing numerous games with several of his friends who were invited to participate. He received many useful and attractive gifts, among them being a live white rabbit that proved very exciting for the children.

Late in the afternoon they were served lemonade and cake, and were given little chocolate rabbits as favors. Those present included Alton Cobb, Dan Boston, Carl Morris, Earl McKinney, Tommy Gamblin, Johnnie Grady, Donald Nored, and Soxie Stocking.

Mothers Club In Session

Meeting with Mrs. Ralph Paxson as hostess, the Mothers Study Club held its regular session Friday afternoon at the Woman's Club Room.

Mrs. Homer Gorman proved an able leader, discussing a Chapter in Child Psychology. Mrs. Will McDonald gave a short talk on "Helping a Child to Succeed," and Mrs. T. H. Ellis discussed "Heading Off Disobedience."

In the business meeting, the club voted to substitute a party for the husbands in place of the annual spring luncheon.

At the close of the study the hostess served.

The next meeting will be with Mrs. T. H. Ellis, April 21st.

Miss Chamberlain Complimented

Mrs. F. E. Chamberlain entertained with a Dinner-Party Saturday evening complimenting her daughter, Mary Jo, who was home from Canyon for the week-end.

The table was laid with a cloth of green and white damask and centered with a pretty bouquet of cherry blossoms. Surrounding this were four yellow tapers in crystals while the place markers were held by Dresden flowers.

Beside the honoree, the guests included, Miss Lorraine Patrick, Mr. Dick Ritchie, Mr. Elbert Bowen, Mr. and Mrs. Carroll Knorrp, and Mr. and Mrs. Kelly Chamberlain.

Mr. and Mrs. W. A. Clark, Jr., were in Amarillo Saturday.

Presbyterian Auxiliary Meets

Circle No. One of the Presbyterian Auxiliary met in the home of Mrs. F. E. Chamberlain Wednesday afternoon.

Mrs. J. H. Morris is Chairman of this group and Mrs. Floyd Lumpkin, Secretary. The afternoon was spent in planning the coming year's work, after which dainty refreshments were served.

Circle No. Two met at the Presbyterian Church with Mrs. W. G. Word, who is Chairman, hostess for the afternoon. Mrs. C. B. McCanne is Secretary.

MacDowell Musical Enjoyed

"Famous Bells and Chimes" was the subject of the MacDowell musical that was held in the Woman's Club Room Saturday evening with Miss Mildred Martin as hostess.

The club room was colorful and fragrant with several bouquets of lilacs. Mrs. O. T. Smith was leader and gave a paper on "Romance and Bells," after which the following program was enjoyed:

Violin solo, "Silver Chimes"—Dorothy Kerbow.

Reading, "Chimes"—Rosaly Bass.

Saxophone solo, "Indian Love Call"—Gus Stephenson.

Clairnet solo, "Maid of the West"—Bobby Boston.

Piano solo, "A child's Arrangement of 'Silent Night'"—Rosaly Bass.

Reading, "Bells of Waldenbrook"—Mrs. Frank A. Stocking.

Junior Beaux Arts Have Indian Program

The Junior Les Beaux Arts Club enjoyed a program on Indian Pottery and Poetry, Wednesday afternoon at the home of Mrs. R. L. Bigger, with Miss Geraldine Pratt and Miss Mary Howren, hostesses.

Miss Howren, who is sponsor of the club, gave a splendid talk on Indian pottery, which was followed by a vocal solo, "Land of the Sky Blue Water" by Mrs. J. L. McMurtry. Luree Burson discussed Indian poetry.

At the close of the program the hostesses served delicious refreshments.

Owissa Troop Enjoy Party

The Owissa Troop of the Camp Fire Girls spent a delightful evening Thursday at the home of Mrs. R. Wilkerson.

Games of various kinds were played throughout the evening with a dainty course being served to: Dorothy Kerbow, Frances Morris, Ethlyn Drenntin, Edith Shelton, Margaret and Lalar Belle Wilkerson, Joyce Link, Virginia Wisdom, and Pauline Barnhart.

"RED HEADED STEP CHILD" IS SHOWN AT McLEAN

Mrs. U. J. Boston and the cast which recently presented the entertaining play, "Redheaded Stepchild," under the auspices of the Methodist Women's Missionary society, went to McLean Friday night where it was presented before a very good audience. The play netted a small amount above expenses.

Mrs. Boston and the cast of players were accompanied on the trip by Rev. E. B. Bowen, Miss Katherine Bowen, and Mmes. Fred Buntin, Tom Goldston and C. W. Galloway.

HEDLEY POET TO PRESENT PROGRAM OF COMPOSITIONS

The 1926 Book Club will have "open house" Tuesday afternoon, at 3:30 o'clock at the College auditorium, when Mrs. Elvia Davenport, of Hedley, will give a program of poems of her own composition.

There will be no admission charges, of course, and the public is cordially invited to hear Mrs. Davenport's program of poems.

TO PRESENT PAGEANT AT FIRST METHODIST CHURCH

An impressive pageant, with special music and beautiful lighting effects, will be presented next Sunday night at 7:30 o'clock at First Methodist church, under the direction of Mrs. G. L. Boykin and Mrs. John M. Bass by the Junior choir.

The title of the pageant is "Jesus' Neighbors," and it unfolds a beautiful story of the intensely human side of Jesus' teachings. The public is cordially invited to attend.

D. M. Codgwell, field representative of the Agricultural Credit Corporation, met here Wednesday with J. D. Swift, chairman, and other members of the local loan committee.

SIGNATURE BOOK CREATES INTEREST

COLLECTION OF OLD SETTLERS' SIGNATURES IS PROVING VERY POPULAR

Over 1,500 letters, have been received by Miss Katherine Patrick in response to her request for signatures of early settlers of the Panhandle who came into it prior to 1900. Each mail brings still more letters.

The signatures will be arranged in a large leather-bound volume by Miss Patrick, who is the official "sweetheart" of the Panhandle Old Settlers Association, in whose name she will present the collection to the museum of the Panhandle Historical Association on the occasion of its opening, April 14th, at Canyon, Texas.

The volume, about 11x17 inches and two inches thick, was bound in heavy boards by the Russell Stationery company, of Amarillo, and covered with a fine cowhide leather on which Mrs. C. H. Bugbee hand-tooled a decorative title panel, bearing the words "Panhandle Early Settlers." Below the panel are the dates 1876-1900.

"It has been a greater pleasure than I anticipated," said Miss Patrick in speaking of the task of collecting and arranging the unique volume of signatures. "I have received some wonderful letters, rich in reminiscences and evidencing interest in the compilation of the volume. Many have sent me rare old papers and documents. I am truly grateful to all of them," she said.

The beautiful new museum into which the volume will go will be dedicated Friday, April 14th, with appropriate ceremonies which will be attended by hundreds from all over the Panhandle. The Texas Legislature appropriated \$25,000 for the building with the provision that it must be matched with a similar amount raised by private subscription. Over \$29,000 was raised under the direction of Prof. L. F. Sheffy, who is field secretary of the association.

A number of Clarendon people, including W. H. Patrick, who is one of the directors of the Panhandle Historical Association, are planning to attend the meeting at Canyon on April 14.

Play At Goldston Next Friday Night

Martin school will present their play "The Whole Town's Broke," Friday night, April 14th at Goldston. The cast will be:

William Stanley—Glen Sibley, a village banker.

Sarah Stanley—Louise Patterson, his wife.

Paul Stanley—Royce Turnbow, his son.

Martha Stanley—Bernice Self, his mother.

Mary Garner—Margaret Easterling, his secretary.

James Watkins—Ralph Shannon, a rival banker.

Florence Watkins—Freida Helton, his mother.

Betty Simpson—Margaret Lafon, the village belle.

Jack Bryan—Fred Easterling, a garage man.

Hon John Davis—Henry Davis, The county Judge.

Lanky Primrose—Luther Pittman, a colored miner.

Jerry Hanhen—Lloyd Connel, Deputy Sheriff.

Bert Ryan—Fred Helton, a laborer.

Biddy Lampert—Essie Wood, an old maid.

The admission will be 5 cents for children above primary rooms and 10 cents for adults. Hen eggs will be accepted at market price.

The play is a comedy-drama in three acts. William Stanley, a village banker, is honest but too kind-hearted for the position he holds. He invests the funds of the bank judiciously and when the bank fails he is sent to prison, while some of their former friends shun the Stanley's on account of this disgrace. Paul, the son, resolves to make something of himself and clear the family name. How well he succeeds is told in the play in the last act. There are many good parts.

Lanky Primrose, a colored servant and Biddy Lampert, a maid, furnish some excellent comedy. It is a play that is well worth while and provides two hours of wholesome entertainment for any audience.

Sam M. Braswell returned Monday night from a trip on which he visited a number of Lions clubs as International director, in company with District Governor C. Herbert Walker, of Pampa.

J. H. Hurn and his daughter, Mrs. C. J. Van Zandt, of Post City, drove to Plainview Monday where she joined her husband, who attended the Dairy Show there. Mrs. Van Zandt had visited her parents since the previous Wednesday.

Henry Williams returned Saturday from El Paso where he was called a week earlier by the serious illness of his 73-year-old sister, Mrs. W. Y. Howze. She has shown no improvement, Mr. Williams stated, and is not expected to live very much longer.

Farther FIELDS

Always look Greener

Man and beast alike expect farther fields always to look greener. Often the tall grass of the farther field is only a mirage.

Metropolitan stores sometimes feature sales with such alluring headlines as, "The Greatest Values Ever Offered", "Prices Slashed to the Core", "The Greatest Sale of the Year", etc. Some of these sales are legitimate, many are not.

After investigation, we have often found that our local stores were selling merchandise at first markup, below the metropolitan stores' price of "The Greatest Sale of the Year". . . .

Seniors Hold Two Meetings Past Week

The Seniors held two class meetings during the past week. The first was on Monday at noon to select the preacher of the baccalaureate sermon and the commencement speaker. Rev. Robert McKe was chosen for the first position and Judge Porter for the second. Both have graciously consented to speak.

On Tuesday morning another meeting was held to decide the question of whether or not to have a Junior-Senior fight on the night before Senior Day. The class voted to have the battle. This event did not take place last year as the Senior class was so small that it could not defend itself adequately from the Juniors. President McMurtry also asked the class members to be thinking of places for the destination of the trip on Senior Day, April 28, in order that this matter may be settled as soon as possible.

Sophomores and Juniors Plan Picnic

The Sophomores had intended to have their picnic by themselves but have decided to enjoy the picnic with the Juniors. The Juniors voted forty-four to four in favor of having it with the underclassmen.

This picnic will be after school Friday the 14th. It will be announced later what each pupil is supposed to bring. Every Junior and Sophomore should plan to go and have a good time.

Music Students Go to Lubbock Friday

Last Friday, April 6, three of our students went to Lubbock to participate in the Tri-State Music Festival. Those going were Pauline Shelton, June McMurtry, and Arthur Chase. June and Arthur received the grade of highly superior in a group composed of several excellent contestants. There was only one other contestant playing in the nineteen year old group and Pauline made the grade of excellent which was the higher of the two.

All these students played compositions which were difficult for their particular group and we are proud to report such good fortune of having them come home winners. The judge was Mrs. Van Katwijk of S. M. U. who is well known in the state as a brilliant musician.

Home Economics

The Home Economics club had a meeting Tuesday afternoon at three o'clock. The subject was

College Day

It has been decided by a committee that Friday, April 14 will probably be the day chosen for college day this year. A final decision will be made at the assembly of college students Wednesday, April 12. Mr. Clark has stated, however, that it will be impossible to go ahead with plans for the picnic unless at least thirty or thirty-five college students can go. The place has not been decided upon, nor has the mode of transportation been stated.

Essay Contest

This year's winner of the essay writing contest sponsored every year by the Lions Club is Miss Beatrice Gorman. The subject, which is the same as last year, is "What the Lions Club Could do That it is Not Doing." The prize given to Miss Gorman for winning first place was two and a half dollars in cash.

"NO SMOKING"

At their last meeting the School Board passed a ruling prohibiting all smoking on school property, as yet there is no penalty for smoking on the campus, but the penalty of suspension from school is to be placed upon anyone caught smoking in any of the school buildings. Later if the students do not comply with the request of the Board that there be no smoking on the campus a penalty will be put on that also. Smoking in the auditorium at play practices or other rehearsals will be stopped.

Weather Prevents Palo Duro Picnic

The Palo Duro Literary Society met Wednesday evening in the society room at seven-thirty and heard a very interesting program. A picnic had been planned for this time but due to the norther that blew up Tuesday it was necessary to postpone it until the next meeting night. The program consisted of "Fifteen Finest Short Stories," a review, given by Pauline Sanford; "As the Stars Come Out," a piano solo given by Pauline Shelton; and "Too Long Married," a short story given by Lucille Andis.

SPORTS

SPORT SPITTERS

BY O. C. WATSON, JR.

With more new recruits entering every day, the prospects for a winning Broncho squad for '33 looks brighter and brighter. The weather is ideal for spring training and the boys are putting plenty of pep and action into their workouts. A surprising feature of these workouts is that such a large number of the Junior High school boys are taking interest in football.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

DeMille Brings First Spectacle to the "Talkies"

"Sign of the Cross" Takes Place With Famous Epics, "Ten Commandments" and "King of Kings"

The first Cecil B. DeMille spectacle-drama since the advent of sound, "The Sign of the Cross," opens April 24 at the Pastime Theatre.

He made the greatest spectacles of silent pictures, the memorable "Ten Commandments," and entered the Hollywood lists anew determined to surpass even that achievement. When Mr. DeMille looked at the "rushes" of the new picture, he seemed content. Fredric March, as the heroic perfect of old Rome, sacrificing wealth, position, even life for love of a Christian martyr-maid, is said to have the most virile role of his career. Elissa Landi, Claudette Colbert and Charles Laughton have the other principal roles.

The story was adapted to the screen from the famous play by Wilson Barrett. Its principals are supported by an ensemble of 7,500 extra players, the greatest number used in any production since the days of the silent drama.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

ONE-THIRD OF ACCIDENTS OCCURRED IN HOMES

DENTON, April 10.—Of the 97,000 deaths from accident in 1931, 29,000 occurred in homes. Accidents resulting in permanent or temporary disability were 9,400,000 and homes were responsible for 4,350,000 of these. Can home accidents be avoided?

"To a large extent," answers Ruby Simpson, instructor of home economics at Texas State College for Women (CIA). She says that falls are responsible for more than half of the accidents. Dark and winding stairways, use of boxes and chairs instead of substantial ladders, highly polished floors with small rugs, broom handles and other careless arrangements are responsible for the falls.

Another cause of home accidents is burning or scalding and half of these accidents happen to children, and again it is

largely a matter of thoughtlessness. Children are curious and must satisfy this curiosity by seeing and feeling. While they are too young to be taught to leave certain things alone, the only means of protecting them from burns is to keep all possible source of burns away from them.

Each year over two thousand people die as a result of asphyxiation, proving that there is a need for more information about the correct use of gas. In most cases where death is due to gas, the person was in a room with doors and windows closed. It is seldom that a person cooking with gas is asphyxiated because that person is moving about and frequently opens the doors of the room, letting in fresh air.

Home should be the one place where a person is safe from accident. Precaution and careful arrangement will accomplish this safety.

Hello Everybody:

It seems like four months is a long time to be gone from home and familiar faces. However, it doesn't seem so long since I happened to have spent one-third of the time with my sister, Mrs. J. L. Finnie and family at San Marcos, leaving there December 31, 1932, and arriving here January 1st.

That night while we were detained at Odum, they cooled our

children, and L. P. White, and Mr. and Mrs. J. L. Tims.

A good many farmers are planting corn this week.

Misses Treva and Gladys Carper visited Jewel Smith Sunday.

Miss Della Leverett spent Sunday night with Irene Collier.

Miss Emma Sue Graham spent last week in the Collier home.

Mr. and Mrs. Bryan Johnson, who has been working on the J. A. ranch, moved to Ashtola Friday.

Mr. and Mrs. Townson and children and Mrs. Hill and Tom Ray visited in the Clifford Johnson home Sunday.

Miss Winona Ford spent the week-end with Irene and Geneva Collier.

Miss Evelyn Dunning spent Saturday night in the Leverett home.

Miss Stella Leverett spent Friday night and Saturday with Evelyn Dunning.

Sam Smith of Childress visited Fred Slater Saturday night.

Mr. Robert Holly of Brice spent the week-end with his parents, Mr. and Mrs. W. P. Holly.

Ashtola school is giving an Easter program Sunday night. You will see some very beautiful scenes. We welcome each and every one out to see the program.

Truitt Hatley, Mamie, Delta and Bill Leverett, and Clifton Dunning were visitors in the Martin community Saturday night.

Miss Marie Morris visited Ida Lee Luper Sunday.

Miss Loura Mae and Murel Harp of Goodnight attended church and Sunday school Sunday.

Mrs. John White, Mrs. Ella Payne, Mr. and Mrs. Gene Payne and Charles Fifer were visitors in Claude Sunday evening.

Elbert Bowen spent Saturday night in Clarendon.

coach off considerably, leaving us without an engine for 40 minutes, and that night proved to be the coldest weather in the Valley during the winter.

I was thrilled to note in the home paper that Donley County received a good rain, I hope that will check the sandstorms for a while at least. I am thankful we never have them here—just a little dust stirring some days.

We had a very pleasant trip to Rio Grande City recently, except that a speeding white man, just meeting us, ran over a young colt. It was apparently dead, blood oozing from its ear, but the little body began to quiver all over as we watched it for a little while. Finally the man came walking back. He said he failed to see it as another animal was standing between it and his car. He carried it out of the road and some men were helping the colt to stand on its feet when we came home that way later.

This valley is a pleasant place to live in winter, but the mercury registered 84 to 90 some days last week, usually cooler on week-ends. Today is cool and cloudy with a sprinkle of rain now and then. We have quite a lot of weeks like this. We need a down-pour.

Yesterday we saw corn with silks and tassels, and groves of citrus fruit. It's about the size of a big marble, or walnut, now. I wish you could have been here while the trees were full of blossoms. The air was so fragrant. All varieties of roses, poppies, vines, oleanders, wild olives, and all kinds of shrubs are loaded now with flowers. It is simply gorgeous.

Rev. Burt Crim recently closed a revival here of five weeks duration. The tabernacle was filled and just crowds standing around the doors. I think his meeting was successful.

I like San Marcos best in spring and summer because of its streams and large forest trees. Also magnolia, crape myrtle and cape jasmine are so beautiful and have such a sweet odor. More than likely this script will reach the waste basket.

I forgot to say I am visiting my daughter and family, Mr. and Mrs. H. R. Scurlock, and having a wonderful time. Mr. Scurlock has a neighborhood grocery store in his home. He enjoyed better business the third week in March than at any time since he located here in the spring of 1926. He operates it on a cash basis.

They live ten blocks north of main street in McAllen, the city of palms. The Clarendon News always arrives here Saturday morning brim full of news.

Library Notes

By MRS. C. A. BURTON

A recent gift book for our small readers is "The Little Mexican Donkey Boy" by Madeleine Brandeis. It is the story of a Mexican boy named Dodo, or Sleepyhead, and his funny little Mexican burro, Amigo. Dodo is just plain lazy, but he conquers his besetting sin and discovers that work you love is not work but just pleasure—after he finds he has artistic talent enough to become a real potter. A beautiful little lesson comes from the relation between Dodo and his donkey. The story gives a most interesting peep into the geography and home life of Mexico. Mrs. Brandeis has made for

his best toward God, his country, others, and himself. Also, upon his honor, he has vowed to obey his twelve great laws.

In Scouting a boy receives two kinds of exercise, (1) For the brain, (2) for the physical body. Along with these exercises come all the fun to be had by a boy between the ages of twelve and eighteen. He can tell an animal by his track; he learns the names of all the trees; he learns to be a citizen; he learns to tie all of the knots; and he learns to cook, build fires without matches, and how to treat wounds, burns, etc.

His good turn daily greatly helps the city in which he lives, because he does not let nails stay in the road, papers on lawns, or holes and bricks stay in the walk.

I believe that Scouting is the best organization in the world for the betterment of its youths. NICKY STEWART, Scout, Patrol No. 1.

herself the delightful occupation of introducing to American children the children of other lands. In writing of her journeys to Europe for material for her stories, she says, "I was accompanied by my little daughter, Marie, who guided my footsteps along the right road towards child understanding. Most books that Marie and I have read about foreign children were written many years ago, and we wanted to know about child life today. These books will show you what we saw and heard. We think the children of other lands are really a lot like us after all." We have only this one book by Mrs. Brandeis.

Do any of you have a set of "The World Books" which you will still to the library for just a little money—a set which your children no longer need because they have grown up? We need it so very much.

Wilson's Bulletin for Librarians contains the following: "What makes people read books?" E. Lanier Johnson of Stevens College conducted a survey to find out. The 487 men and women who answered the question, "How did you select your last book you read?" named twelve factors influencing their choice. They were:

1. Recommended by a friend, 29 per cent.
 2. Convenience, 19 per cent.
 3. Subject of special interest, 16 per cent.
 4. Saw book at public library, 13 per cent.
 5. Knowledge of author, 12 per cent.
 6. Saw book in store, 3 per cent.
 7. Read review of book, 2 per cent.
 8. Saw movie based on book, 2 per cent.
 9. Recommended by librarian, one percent.
 10. Book club, one per cent.
 11. Saw book advertised, one per cent.
 12. Other reasons, one per cent.
- We are especially interested

to note that the library is more successful in bringing the book and the reader together than book shops, book reviews, book clubs, movies, and book advertisements combined. Of all institutional forces that affect the prospective reader, the public library is the most persuasive."

From the same bulletin we see that more than 25,000 volumes were donated to the Los Angeles Public Library during a recent Book-Giving Week. When we compare the population of Clarendon and Los Angeles, we feel that our Book Shower with its gifts of almost 250 volumes was not

so bad! And ours continues as this little list given since last week shows:

Given by Jimmie Watters: "Five Little Peppers"—Margaret Sidney.

"Helping Himself"—Alger. By Little Marilyn Maher: "Billy Whiskers at the Fair".

We had only one "Billy Whiskers" book, and were glad of this one. The Texas Almanac—which we bought—and in which you may find anything about Texas.

A bit has been developed for drilling in corners or in other places difficult of access.

A Safe Farm Program

The present agricultural conditions and the prospects of all prices of all agricultural commodities in the future suggest that a program of "live at home" is imperative for the farmer.

We wish to point out to the farmers of this territory, as we did last year, that from our viewpoint the time has come, more than ever, when it behooves the farmer to grow his feed and food at home, consisting of fruits, vegetables, poultry, meat and milk, and have these products preserved in sufficient quantities to feed a family at least one year, and a two-year supply of feed for livestock. It is an utter impossibility to produce any one crop (particularly cotton) and meet your obligations. One-crop programs have always proven disastrous.

We have no disposition to dictate to our farmer customers, but it is our seasoned judgment and experience that unless a "live at home" policy is adopted and continually pursued, farmers can never prosper. We would respectfully urge the planting of gardens this year, and if the gardens should fail, then we would urge that farmers go to the sections of this country that raise truck and garden stuff in abundance and buy or barter for the same, thus supplying their home needs with the fruits, vegetables, etc., that they fail to raise on their farms. A good many farmers last year employed the barter system, and are this year borrowing very little money, as a result of it.

It will be the policy of the following banks to base their farm loans in the future on whether or not the farmer is following the program as outlined above.

This statement is made at this time so that farmers may plan their 1933 planting activities accordingly.

SPECIAL SERVICES AT FIRST CHRISTIAN CHURCH

The Ladies' Missionary Society of the First Christian Church will put on a special devotional service Sunday night. The general theme will be: "We Would See Jesus." Mrs. E. C. Herd, the president of the Society, will be the leader during the program and several members of the society will take important parts.

After the devotional program, Rev. W. E. Ferrell the minister of the church will bring a lesson on the subject, "We Would See Jesus, or if a man die, shall he live again?" The question of immortality is one in which all normal-minded people are interested. And at this time of the year, Easter time, people are considering this theme. Mr. Ferrell promises to bring some interesting facts regarding the immortality of the souls of men. All who are interested in this question are invited to be present. Services to start at seven-thirty p. m.

KANSAS PAPER PRAISES JONES

DECLARES HIM ORIGINATOR OF PROPOSAL TO ABOLISH FEDERAL FARM BOARD

Behind the scenes of the political show in Washington there is usually an unsung hero. In the case of the consolidation of federal loaning agencies, and in the undertaking to refinance farm mortgage indebtedness, the hero is Representative Marvin Jones, of Amarillo, Texas, chairman of the House Committee on Agriculture.

Chairman Jones' bill to take care of both of these financial

functions was introduced during the last session of Congress and according to the result of a thorough search of the records, his measure was the first to suggest the consolidation that has resulted in the abolishment of the federal farm board and the reorganization of farm loaning agencies.

Aid to Morgenthau

He has been working with Chairman Henry Morgenthau, Jr. for several weeks, perfecting the plan, and his suggestions have been carried out to a large degree. It has been Chairman Jones' contention that if the farmer were freed of the restrictive burden of short term credits, and excessive interest charges, a great part of his battle would be won.

He believes that the heavy mortgage indebtedness of the farmer retards his endeavors. He does not feel that the farmer's credit should flow to him freely and without the application of sound protection for the government.

Believes in "Free Farmers"

Mr. Jones is one of those who believe in the doctrine of the "free farmer." He contends that debts bind debtors, and that it naturally follows that farmers relieved of that threat of foreclosure and the overpowering load of debt, would be free farmers, entitled to the pursuit of happiness.

Mr. Jones says: "If it were possible for every farmer in America to be free from debt so that he could plant his crops in proper season and grow them in independence, he would advance toward prosperity. If there could be linked with his freedom from debts the removal of the discrimination against him thru trade barriers and excessive freight rates, he would have a chance for success on the same dead level with the other fellow, and a large portion of his problems would be solved."

Mr. Jones enjoys a record in the House of never having been defeated on any bill which he has brought to the floor from his committee. He has the full confidence of members of his committee and on the House, and they have habitually followed his suggestions on farm legislation.

Donley Highways—

genuine tourists.

"On this basis, some 600 outside cars cross Donley county each day," the Association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways.

"If they spend as little as \$1 per vehicle within the borders of the county, then Donley county's trunk roads mean \$18,000 in added business per month, or \$216,000 a year, exclusive of their convenience and saving to her own 10,000 people, who operate some 1,500 cars themselves."

The survey, conducted by the Association for every county in Texas, was designed to show importance of roads to each community, and thus arouse public opinion against any further diversion of gas tax money, which would cripple the highway program.

dignation in the Sweetwater country.

Another Texas writer to whom Mr. Patrick paid compliment was Hilton Ross Greer, editor of the Dallas Journal. Jan Isobel Fortune, widely known poet and playwright of Dallas, was originally a Wellington girl. He recalled the short poems, by Harry Lee Mariner, which appeared just ahead of the weather forecast in the Dallas News for about 20 years.

Highly complimentary mention was made of Harley True Burton, author of a history of the JA Ranch; of Mrs. Phoebe K. Warner, newspaper writer and columnist; Louis K. Wortham's 5-volume history of Texas. His program was greatly enjoyed by the Lions and their visitors.

President Ira Merchant directed the attention of the club to the convention at Amarillo next Monday and Tuesday, at which International President Chas. H. Hatton will speak, as will also Sam M. Braswell, international director. He urged the 100 per cent attendance of the club and named Lions Boykin, Douglas and Story as a convention committee.

Beatrice Gorman Wins Prize

J. R. Porter, chairman of the Essay contest, announced that Miss Beatrice Gorman's essay had been chosen as winner of the club's \$2.50 cash prize. It will be entered in the district contest, the winner of which will be announced next week.

Visitors were Judge A. T. Cole and O. L. Davis, of Austin, the latter being State high school inspector. Mr. Davis is a friend and former pupil of Supt. H. T. Burton, and was formerly superintendent at Claude and at Shamrock.

School Meets—

(Continued From Page One)

Smith Clarence Jackson and Robt. J. Dillard.

Frank Behrens, teacher at Hudgins, spoke on "Standardization of Rural Schools," presenting the standard score card under which a rural school may be graded, and urging that all teachers secure the blanks and themselves grade their schools with the idea of bringing them, with the co-operation of trustees and patrons, as near to the standard as possible. The score card provides for a possible perfect score of 1,000 points, of which 110 points are allowed on Plant, 190 points on Schoolhouse, 200 on Equipment, 320 points on Teacher and Pupils, and 180 points on Community," said Mr. Behrens.

He detailed the grading on each of these main divisions as follows: Plant (110 points)—location, 15; flag and flagpole, 10; playground, 20; toilets, 20; playground equipment, 15; water supply, 20; walks, 10.

Schoolhouse (190 points)—Construction, according to detailed requirements, 55 points; general repair, 30; heating and ventilation, 20; cloakrooms, 20; extra rooms, 20; auditorium, 25; building insured, 10.

Equipment (200 points)—Seating, 40 points; blackboard, 20; maps and globe, 15; window shades, 15; primary equipment, 20; library, 30; drinking and washing facilities, 25; miscellaneous equipment, 95.

Teachers and pupils (320 points)—Training of teacher, 50; certificate, 20; professional spirit, 40; experience, 20; relation to community, 30; management, 70; attendance, 30; housekeeping, 30; attitude of pupils, 30.

Community (180 points)—Parent-Teacher Association, 25 points; attitude of trustees, 25; length of term, 25; teacher's home, 25; salary, 25; community co-operation, 25.

Other Speakers

Among those who spoke briefly during the session were Glenn Churchman, teacher in Hall county, and W. C. Howard, of Bray school. County Supt. Sloan Baker requested all teachers to obtain blanks and grade their schools by the Standard and turn blanks in to his office.

He said that Ercell W. Brooks, on his recent inspection of the schools for state aid, stated that of the 23 counties which he had inspected he had, in his own mind, given second place to Donley County schools, only one other county's schools surpassing them in general excellence. He expressed high appreciation of the attendance and interest shown by teachers and trustees.

It was unanimously decided to leave the question of another county meeting for this school year in the hands of the president, G. E. Reeves, who will call a special meeting if he deems it advisable.

Frank Houston, district manager of the West Texas Utilities company, was a visitor here from Childress Monday.

School Notes

By SLOAN BAKER.

AUSTIN, April 10.—James E. Ferguson and executive committee members have gone on record, in a conference here, that unless the Legislature revives the sales tax bill it has killed, schools throughout Texas will be closed far short of the full term starting this fall.

Emphatic resolutions on behalf of more than 40,000 teachers, calling for the sales tax as an emergency measure "to prevent so serious a loss as would be sustained by closing the schools of Texas," were adopted by the teachers' executive committee.

The executive committee recited resolutions that closing the public schools will be an "unwarranted calamity" and that it believes a sales tax "is the only remedy now feasible to prevent that extreme alternative, and at the same time bring relief from burden of the general property tax on real estate and homes."

The trustees and patrons of Donley County Schools have gone on record as favoring the sales tax for public school purposes and have so petitioned their representative and senator.

The following district trustees were elected: for Sunnyview, S. W. Lamberson; for Giles, A. E. Ransom, J. A. Lemons, R. O. Proffit; for Windy Valley, Henry Stogner; for Fairview, Carl Naylor; for Goldston, L. H. Earthman, Sam Dale; for Jericho, Jodie Helm, George Shoop; for Smith, C. A. Crow, J. F. Hawkins; for Brav, L. M. Spear; for Watkins, G. W. Fowler, L. A. Kalka, G. P. Polley; for White Fish, Enlo Crisp, Gordon Thomas; for Skille, W. F. Burr, C. F. Weaver; for Ashtola, Ben Lowell; for Martin, W. F. Barker, U. G. Pitman; for Bairfield, Clarence Bairfield; for Chamberlain, Gilbert Mann; for Hudrins, L. M. Putman; for McKnight, H. W. Cauthen; for Glenwood, Marvin Hall; for Pleasant Valley, Miss Katie Meaders, M. W. Meaders.

The County Board for the next term will be W. A. Poovey, County Trustee at Large; Edwin Baley, precinct No. 1; H. T. Burton, precinct No. 2; Claude Nash, precinct No. 3; W. M. Pickering, precinct No. 4.

A number of the schools of Donley County are improving so they will be able to qualify for Standardization.

The Teachers-Trustees Organization met in the District Court Room at Clarendon last Saturday afternoon. A lively interest was shown in the discussion of school legislation and standardization of schools. Mr. Story, of The Clarendon News, invited the schools to use that paper for their community news items. Judge W. T. Link spoke to the association on the need of economy in administering school affairs. G. G. Reeves, president of the association, urged all to continue in their support of the organization as they had started out to do in the past meetings.

upon thousands of dollars for unemployment relief in these and other Texas counties has been carried on with no payment out of the funds for the personal service of those in charge of the work. The handling of the funds has been done by local committees named by the Chambers of Commerce, which report to the regional chamber of Commerce, and it in turn to the governor, who is accountable to the Reconstruction Finance Corporation.

All of the visiting committees were unanimous in the statement that real relief had been extended and at the same time the funds had been expended for public improvement which would otherwise have been left undone.

Those who attended the meeting were: From Collingsworth county—Katherine Boverie; from Roberts county—J. E. Kinney, E. F. Ritchie, J. A. Mead, Leon M. Kinney, L. G. Christopher, Chas. E. GOLDSTON NEWS

(By Mrs. G. R. Grant)

There was very good attendance at Sunday School last Sunday and arrangements were made for an Easter program.

Mr. and Mrs. Gorman and children visited last Sunday with her parents, Mr. and Mrs. Stegall at the Country Club.

Mr. and Mrs. Dyer and family visited with Mr. and Mrs. Morgan last Sunday.

Several from here attended singing at Clarendon last Sunday.

Mr. and Mrs. Elmore and Mr. and Mrs. Grant were dinner guests of Mr. and Mrs. Veazy last Sunday.

Mrs. Easterly of Martin visited with Mrs. Jordan over the weekend.

Mr. Millsap visited relatives at Chamberlain Saturday and Sunday.

Mrs. Joseph Dilli is visiting this week with her sister, Mrs. Odell Mantooth.

Mr. and Mrs. Earthman and Mr. and Mrs. Jordan were guests of Mr. and Mrs. Breck last Sunday.

Quite a number from Clarendon were out to the Country Club last Sunday.

Mr. and Mrs. Howard Stewart of Chamberlain visited relatives here over the week-end.

As the result of a contest of the Young Peoples Sunday School Class, one half of the class entertained the winners at the schoolhouse Saturday night. Refreshments were served and all report a very nice time.

Several of the neighbors went in with their teams and gave Mr. Swafford a days listing one day last week.

Mr. and Mrs. Glaznier of Jericho were in the community Monday afternoon.

NAZARENE REVIVAL TO CONTINUE NEXT WEEK

The revival services which are being conducted by Rev. S. R. Branan, of the Church of the Nazarene, at the Denver Hotel, are attracting increasing audiences. Interest is good and the general public is invited to attend the services.

Services will be continued throughout next week.
