

Donley County Fair Here Friday-Saturday

BIG RACE RED HOT AS THIRD LAP NEARS END, CRISIS AT HAND FOR CLUB MEMBERS AS CREDITS DROP

MONDAY AT 9 P. M. THIRD LAP AND 75,000 OFFER BECOME HISTORY; FOURTH AND NEXT TO LAST LAP STARTS TUESDAY AND ENDS 9 P. M. THURSDAY, SEVEN DAYS LEFT TO WIN EXTRA GOLD PRIZE OF \$50.00; ONLY NINE DAYS TO END.

IMPORTANT NOTICE

On the stroke of 9 p. m. Monday, the offer of 75,000 Extra Credits for each and every \$20.00 club will expire. From Tuesday to 9 p. m. on Thursday of next week only 50,000 Extra Credits will be issued on all \$20.00 clubs and during the Home Stretch, the last two days of next week, Friday and Saturday, \$20.00 clubs will bring only 25,000 extra credits.

The danger signal is up!

During these last three days of the third lap of the big race for that marvelous Chrysler two-door sedan and all the other valuable awards, club members are facing the biggest crisis of their candidacy.

There are several club members in the race who will never pass this crisis now at hand unless they develop considerable more speed than they have been showing in the last two periods, if they don't they are due for a terrible flop and the bitter sting of keen disappointment.

Only those who make the very level utmost of this 75,000 extra credit offer which has only three days more to run, and who exert themselves in the fourth lap and take the biggest advantage possible of that 50,000 extra credit offer on \$20.00 clubs and pile up as many clubs as possible will pass this crisis and finish the race a winner.

Most Critical Time
These two periods are the most vital and critical of all in the big race and there is a lot of talk going on around town that "so and so will never be able to make the grade and pass this crisis and come through a winner."

At every public gathering "who will win?" is the uppermost topic of conversation and for many miles around this part of the Panhandle folks are interested vitally. Several club members have some staunch friends in this territory who are pulling for them and doing their level best to help their candidate win.

Results alone count, and if you don't make good your friends' faith in you NOW—at this critical time, you not only disappoint them but you are bound to suffer a terrible shock of sickening disappointment yourself when you find that your leading during the critical stage of the race has cost you that beautiful Chrysler.

Home Stretch in Sight
With the home stretch in sight and the end of the big race only nine short days away, can you afford to let all the hard work and effort you have put forth so far go into the ash heap?

Common sense says "NO." Honors, glory, cheers and a grand spanking new Chrysler two-door sedan await the winner.

Will It Be You?
It will, if you are made of the

stuff that doers are made of, if you will put everything else under the sun aside and keep on plugging, get your name on the Honor Roll EVERY DAY from now on through the rest of the third period and all of the fourth, as after that the Roll of Honor will be abolished. Make a subscription sales report every single day from now on.

Nine Days More
Just nine short days to the finish. Lucky for you, that number nine if you will it so, by doing your very level best. And the ninth day the luckiest of all, PRIZE DAY!
Pass that crisis—NOW.

Junior High Ties Hedley High 0-0

The football team of Clarendon Junior High School had an opportunity to prove to themselves and their opponents what manner of defensive game they can play, when they clashed with the Hedley High School team at Hedley Friday. Hedley easily outplayed the Clarendon youngsters in the first quarter, after which Clarendon settled into their stride and played the game. Clarendon was exceptionally good on intercepted passes, blocking practically every one attempted by Hedley. Neither team used particularly good football judgment and each lost numerous opportunities to score. The game resulted in a 0 to 0 tie.

Clarendon's punting saved the day. One punt was good for 48 yards, while two were punted out of bounds, one on Hedley's one yard line and the other on Hedley's five yard line. Coach Carter says he is really proud of the showing the Clarendon players made and especially of the strength they showed in the defensive phase of the game. The Hedley men, he said, were about fifteen pounds heavier to the man than the Junior High School boys.

The Junior High team will meet Groom High School here next Thursday. Groom is said to have a good team this year and the game is expected to be a good one. Coach Carter urges the fans to be out to support the local team. He says the encouragement that a good grandstand gives to the young players cannot be too highly valued.

CONTRACT LET FOR SECOND ST. BRIDGE

STRUCTURE SIMILAR TO ONE ON FIRST STREET WILL REPLACE WOODEN BRIDGE.

The old wooden bridge on Second Street, crossing the big ditch east of Kearney, will be replaced shortly by a reinforced concrete structure similar to the one on First Street. Contract for the work has been let to Speed Brothers, and material for the bridge has been ordered. Work will start within fifteen days. The new bridge, according to specifications, will be built for a twelve ton load, the same capacity as that of the First Street bridge.

Coke Turner of Dallas attended to business in Clarendon Wednesday.

Stallings Rebuilds For Coming Winter

One of the indications of prosperity to be found in Clarendon on the "Bowery" of the city is the reconstruction of the Stallings coal office. The building was shortened by a number of feet and was raised enough that it will be well above the level of the flood waters of the city. The front was remodeled and will be painted into a sign to let the passerby know that coal may be obtained at that place. The remainder of the building is to receive a coat of stucco to make it one of the most complete little places of business in the city.

T. F. Connally made a business trip to Dumas Tuesday.

Work Going Forward On Power Plant

The new building to house the engines and distribution system of the Central Power and Light Company is rapidly nearing the stage where something definite can be seen. Under the direction of Mr. Lozano and his crew of men, the plant walls have been torn away, leaving the bare skeleton of the building with merely a roof to cover the panels and engines that are on the interior of the building. The bases for the walls have been poured and all reinforcement has been constructed for the other cement work that will be needed around the structure. The steel work has been on hand for some time and this week the brick for the walls is being placed on the ground for their use. The work is to be rushed to completion at an early date.

Mrs. H. A. Powers and her son, Marion Powers, of Archer City visited in the home of Mr. and Mrs. Will Dulbs Tuesday.

J. T. PATMAN
President Chamber of Commerce.

City Pump Station Add to Beauty of City

The foundation for the city pump station just west of the power plant has all been completed and the workmen were busy the first part of this week getting their forms built and other plans ready for the sudden completion of the plant. With the completion of the pumping station the city is to grade the level of the ground west of the station to a level with the now present dump around the storage tank in that part of the city and make this one of the beauty spots of the city. The structure is to be finished in face brick and will be one of the most modern stations in this section of the state when completed.

Reverend J. T. Griswold, Presiding Elder of the Clarendon district, returned Monday morning from visitations to Wellington and McLean. He attended an important laymen's meeting in McLean Sunday.

CITY HALL TO BE REMODELED SOON

BUILDING WILL HOUSE CHAMBER OF COMMERCE, LIBRARY, FIRE DEPARTMENT.

An architect is now at work on sketches to be presented to the city commissioners for remodeling the City Hall. Tentative plans are to have the building include better quarters for city officers and the Chamber of Commerce, a library and reading room, and a fire station. The commissioners have made no definite plans, but say that the fire station will probably occupy the present basketball court when the Hall is remodeled. More specific plans will be given when they are definitely known.

Moss Building Taking Shape Very Rapidly

The walls and interior structure of Clarendon's first building over the water way through the city are rapidly assuming proportions that mean for a completion at an early date. The outer walls are almost completed and the roof and interior partitions will be complete by the latter part of this week. The steel beams for the front of the building have been received and will be placed in the immediate future to allow for the completion of the brick work in that part of the structure.

James and W. C. Morgan of Hereford visited friends here Sunday.

G. LESTER BOYKIN
Secretary-Manager Chamber of Commerce.

CLARENDON HOST TO DONLEY COUNTY FAIR TWO DAYS, FRIDAY-SATURDAY

STAGE ALL SET FOR OPENING OF 1927 COUNTY FAIR IN THE MORNING AT NINE O'CLOCK. AMARILLO AND MEMPHIS DELEGATIONS HERE TOMORROW. TOWN TO DECORATE.

CLARENDON YARD RECEIVED 66 BALES—DOUBLE THIS WEEK

According to reports received this week from the cotton weigher, Rayburn Smith, the cotton yard in Clarendon had received 66 bales of the fleecy staple up to Tuesday morning. The fair weather and warm days are proving a boon to the cotton farmer of this section and many more bales are expected by the time the paper is off the press. Mr. Smith further stated that he expected the number to be doubled by the latter part of this week if the fair weather held up and let the cotton open as it should. Many farmers state that they are being favorably surprised in the prospects for the crop and almost all of them state that they will almost double their crop as expected thirty days past.

Reverend L. L. Swan, rector of St. John the Baptist Church, Episcopal, will attend the meeting of the Provincial Synod of the Southwest, to convene at St. Marks Church, San Antonio, next Tuesday and remain in session three days. The Synod covers six states.

Miss Ruth McDowell spent the weekend with her sister, Miss Clifffe D. McDowell, who is a student in S. M. U., Dallas.

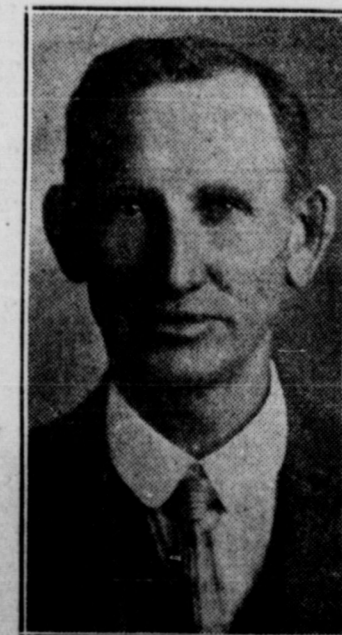

Baptist Council Met In Memphis Tuesday

The meeting of the Workers' Council of the Panhandle Baptists Association, which was held Tuesday, the eleventh, with the Memphis church as host, was marked by a large attendance and programs of unusual interest. The topic of discussion for the general sessions was the Conquest Campaign, the campaign by which Texas Baptists are removing indebtedness on all of their schools and institutions in the State. Every number on the program showed thoughtful consideration of that phase of the subject.

The Reverend T. V. Brooks was the principal speaker of the day and a visitor from outside the Panhandle Association. He talked on the subject, "Are Texas Baptists Able to Meet Their Obligations?" Other numbers on the program were: "The Layman's Part in the Conquest Campaign," J. F. Forkner, Memphis; "Perils of the Campaign," Rev. S. R. McClung, Clarendon; "Are Our Christian Schools and Hospitals Worth Saving?" Fred Landers, Estelline; "Why Baptists Should Pay Their Debts," Rev. Fulgham, Clarendon; and "Elements That Will Win the Conquest Campaign," O. C. Watson, Clarendon.

The Woman's Missionary Union of the Memphis Church served a delicious luncheon at the noon hour, following which the executive board convened for a special session. The W. M. U. program was given in the afternoon before a large number of members from all parts of the Panhandle.

Reverend and Mrs. F. T. Charlton spent a few days the first of the week with their daughter, Mrs. J. M. Wise of Amarillo.

H. C. BRUMLEY
Superintendent Cotton and Grain.

What is expected to be the first of a long succession of growing county fairs in Donley County opens Friday morning at the head of Kearney Street in the grammar school building, and will close Saturday night. President Patman and Secretary Boykin of the Clarendon Chamber of Commerce and their co-workers have been hard at work for many weeks to bring the 1927 Donley County Fair up to a high standard of excellence and with practically all exhibits in place and nearly every community in the county represented it appears that their hopes are to be realized.

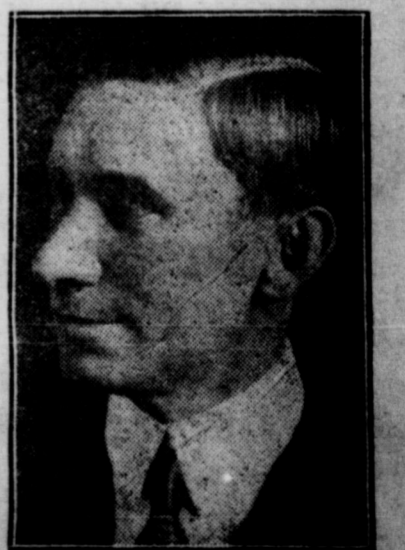

Headed by the Amarillo High School Cadet Band, the visitors will parade up Kearney Street to the Fair building where they will be greeted by Hon. Tom F. Connally, master of ceremonies, who will introduce Mayor Taylor to extend the city's welcome. Some prominent Amarillo men will make the response, then the Amarillo men will be driven over the city by Clarendon people in the "Hop in Amarillo" cars, under the direction of Odos Caraway. After lunch the visitors will view the exhibits of the fair.

Another great feature of entertainment for the day will be the football game at the College Park at 3:30 in the afternoon when the Clarendon Junior College Bulldogs meet the West Texas State Teachers College Yearlings from Canyon. This promises to be a contest that will thrill the spectators from the first minute until the whistle sounds and Coaches Stocking and Eckhardt agree that it is anybody's game. At the Fair building and grounds there will be carnival features by the Junior College and High School in addition to a wonderful array of exhibits in all departments—much more wonderful than fair promoters thought sixty days ago. The judging will begin on the first day and Saturday all winning exhibits will be designated by the blue, red and yellow ribbons.

Saturday will be a great day with visitors from all corners of the county and neighboring counties. Band concerts will feature the day and Clarendon merchants have arranged special prices for visitors on that day. All special prizes will be awarded in the afternoon at the Fair building. Admission to the Fair is free and Secretary Boykin and his department heads are hoping to see ten thousand people pass through the exhibit rooms in the two days. All set!

CLARENDON MERCHANT HAS ARTICLE IN TRADE PAPER.

The current issue of the Hardware and Houseware Merchandizing Magazine carries an article from the pen of O. C. Watson, Senior member of the firm of Watson & Antroub. The article has to do with selling hardware through work with civic enterprises and is quite an interesting story. Mr. Watson has carried out the arguments to be found in the story insofar as it is possible and the results may be seen in the attractive business he has built up through the years he has been in the hardware business here. Mr. Watson lays all claim to the writing of the article, but claims no honor for the illustrations that grace the pages of the story.

O. C. WATSON
Superintendent Fruits and Vegetables.

Get your flags out early in the morning for the opening day of the Donley County Fair.

Grand Old Texas had another honor thrust her way a few weeks back when Admiral Wiley of the United States Navy selected the battleship Texas as his flagship. The new battleship Texas has recently been remodeled into an oil burner and is one of the most effective ships in the navy. Admiral Wiley is a Texan and will feel more at home on the bridge of the Texas.

Now comes the season of the year above all others when schools and communities can best exemplify real sportsmanship. Football in its very nature can never be anything but an amateur sport and it behooves all of us to see that our teams, our schools and our citizenship uphold the highest type of sportsmanship. It never pays anyone to let down the standard even for an instant. We should love sport for sport's sake.

Until the World's Series came along we had begun to think that we were pretty smart in picking our favorites to win various athletic contests. Our Spudders won a clean-cut victory, our man Tunney won handsomely over Dempsey, but now something has happened. Our Pirates didn't get a look-in, and got all covered up in Yankee whitewash. We have just about decided that New York has what we thought Pittsburgh had—the best team in the world. Aw, well—

Discontent ruins the happiness and careers of many whose natural ability would take them far in their chosen profession were it not for this great barrier to success. In these days of easy and rapid transportation there is possibly more temptation to wanderlust than ever before, but the truth is that human nature is largely the same the world over, and there is no ideal community, anywhere. The grass is absolutely not greener in every other pasture than our own. Being satisfied is just a step away from being happy.

Dark tragedy and cumulative trouble follows in the wake of George Remus, once hailed with the title of "King of Bootleggers." A few days ago Remus shot his estranged wife to death without easing the cancer of domestic hell that has been eating his heart out for many weeks. A man of marked ability in many respects, George Remus decided to capitalize the prohibition law by violating it in a wholesale manner. True, cash profits in a large sum were his for the nonce, but slowly the inexorable hand of retribution set in, and the man who had sold outlawed liquor to his fellows began to pay just toll. First, he was convicted and sent to a federal prison where he ignominiously served a term in the stripes of disgrace. Then, financial reverses came. Still worse, the peace of his home was broken by the appearance of another man, and for months he has known all the tortures of the damned in his innermost consciousness. Now he is to be tried for murder with the certainty that his mental punishment goes on whether or not he escapes the legal penalty. Occasionally it does us good to contemplate so modern and present an example of the certain, just and sure punishment of one who deliberately sets about to break the law of the land. It is wholesome for the public to learn that even the keenest minds must bow before the majesty of law and the Eternal justice of the Most High. It is well for us to recognize that even the King of Bootleggers cannot escape the penalties of his crime and the cumulative sorrows that follow those of his type. The law must be obeyed.

Only about two weeks now until Clarendon will be burning natural gas, according to the gas company officials. More progress.

Ten years ago there were long stretches of unpaved highway on the Colorado-Gulf route, as on other Texas highways. At that time it took a very great optimist to believe that not many years would elapse before the paving would be joined. Now there are very few counties between Denver and Brownsville without paving, some are in process of laying the paving and others are planning campaigns for linking up their part of the road with their neighbors'. This brings us to the realization that Donley County cannot remain inattentive to the cry for paved roads for another ten years. It won't be long, now.

Once again it is proven that no corporation can withstand the consolidated opinion of a community it proposes to serve. Over at Wellington the State Telephone Company has not seemed to please the people and much agitation has at last brought the matter to the ears of the general management at Lubbock. A conference between the company officials and the citizenship has brought about an adjustment which promises to be mutually satisfactory. Wellington will get better telephone service and the State Telephone Company will be happy over their improvements when they are put into effect. The voice of the people cannot be stilled.

DONLEY COUNTY'S FREE FAIR THIS WEEK-END

Tomorrow and next day, Friday and Saturday, marks the opening and operation of the 1927 Donley County Fair. The Chamber of Commerce officials, merchants, farmers and others have labored earnestly to arrange a fair that would please the most exacting. How well they have accomplished their task will be seen on viewing the exhibits at the grammar school building at the head of Kearney Street where the fair is being held.

Donley County has invited the whole country to visit its fair and many have signified their intention of being present. A large delegation of Amarillo citizens are coming, many from Hall County are returning Donley County's visit during the Hall County Fair and other sections of the Panhandle will be represented.

Clarendon has on her best bib and tuck for the company that is coming and a most hearty welcome awaits all who may enter her gates.

CLARENDON DELEGATION VISITS PANHANDLE CHURCH

Twenty members of the local congregation of the First Christian Church motored to Panhandle Sunday to visit the Reverend and Mrs. A. B. Crocker and to attend services at the First Christian Church of that city, of which the Reverend Crocker is now pastor. He was pastor of the local church two years and was one of the most popular ministers in the city. He and Mrs. Crocker enjoy the same popularity in Panhandle, say the Clarendon people who attended the service there Sunday. Reverend Crocker's sermon was excellent, they report. In the Clarendon delegation were the following: Roy Clappitt, Superintendent of the Sunday School; Mr. and Mrs. O. D. Leisberg, Mr. and Mrs. J. D. McAdams, Mr. and Mrs. D. W. Clappitt, Mr. and Mrs. Nat Wood and son, Mr. and Mrs. J. B. Arnold, Mr. and Mrs. J. H. Casey, Mrs. J. R. Tucker, Mrs. F. C. Johnson, Mrs. Ed Carlson, Miss Roxie Casey, Miss Nina Arnold, and Miss Frances Arnold.

Horticulturists of the U. S. Department of Agriculture are now developing hardy chrysanthemums for gardens in the northern states. They expect to develop strains which will bloom between September 1 and 15 for gardens of the most northern states and others that will bloom between September 15 and October 1 for gardens a little further south.

THE FARM FLOCK OF 300 HENS

By F. W. Kazmeier, Bryan, Texas.
The question of farm poultry raising has been given much thought and consideration. Some claim that on every farm there ought to be a flock of chickens. We do not care to make any definite statement in regard to this at present. We believe the question of a farm flock should be answered, by asking the question, can every farmer keep a flock of chickens at a profit? We will state that the farm is an ideal place for a flock of chickens, there is probably no better place. The question we cannot answer, is the human factor that enters into this problem. Some farmers that I know would be better off without any chickens, or any other kind of livestock.

It undoubtedly can be proven that more than 80 per cent of the people living on farms in Texas and Oklahoma are not farmers at all. They just think because they are living on a farm they are farmers. What they really are is miners. In the same sense we use this word, when applied to coal miners or gold miners. The old saying "gold diggers" could be changed to "dirt diggers" and be truly descriptive of the majority of so-called farmers. A real farmer recognizes livestock as the most important factor in his farm operations. A real farmer, after he has worked his land 20 years, leaves it richer in fertility and in better shape, than when he got the farm. To our observations, there are not a dozen farmers of this kind in the average neighborhood.

In making this statement we will be liberally criticized, but that is all right, the world will go on anyway. It might be interesting to state that we were reared on a farm, that when my father sold it it was a better farm from standpoint of soil fertility than when he bought it.

300 Hens on the Farm
We believe a good farmer should keep at least 300 bred-to-lay hens of some standard variety. Not all farmers, however, should keep chickens, because they don't know the first principles of managing chickens or livestock. They don't seem to be able to learn to love good chickens, thoroughbred horses, purebred cows and swine.

A flock of 300 hens should net at least \$300 over all expenses per year after supplying the home table with fresh eggs and meat 365 days in the year, in the case of an average family of five people. The \$300 a year will go a long way to paying the grocery bills and also the clothing store bills.

House for 300 Hens
One house 30x30, is large enough to house this flock. The house may be located where the flock may be allowed free range. To do this it may be necessary to fence the garden.

It will take no longer to take care of 300 hens than 25 or 50, especially if the house is properly equipped with dry mash hoppers, drinking fountains and nests. We believe a 300 hen unit to be a profitable unit. A flock much smaller than this is not a profitable unit. Such a flock will produce a case of eggs every three days, which permits of frequent enough marketing to assure getting the eggs to the consumer in good condition. From such a flock the returns would be sufficient to give the flock the necessary care.

Feed Hoppers
At least one running foot of hopper space to every ten hens should be provided. In fact the hoppers should hold at least a three days' supply of mash. This would necessitate filling up the hoppers only twice a week. The water fountains may be large enough to hold a day's supply. With equipment of this kind such a flock will be a very profitable investment.

Breeds
We do not care to recommend any particular breed. We do not know which is the best breed. We do know that breeds like the Barred Rocks, S. C. R. I. Reds, Wyandottes and others are an ideal breed for such a farm flock. If you should be primarily interested in producing large quantities of eggs, then such breeds as the White Leghorns and Anconas would appeal to you. You will not make a mistake in selecting any one of these.

Specializing on One Breed
If it were possible it would be a distinct advantage for a community to specialize on one breed. Such a practice has never been put over satisfactorily, yet it undoubtedly would solve at least part of the marketing problem. Suppose one neighborhood had 10,000 White Leghorns, all producing the same colored eggs, all the fryers of the same color. On such a proposition it would be an easy matter to work out a marketing deal. How much more difficult the marketing problem becomes when one farmer keeps Reds, another White Leghorns, another Rocks and another Black Minorcas.

System
By following a simple plan or system one member of the family can

Next time you buy calomel ask for

J. ROSS BELL ANNOUNCES FOR CONGRESS 18TH DISTRICT

J. Ross Bell of Paducah has authorized the announcement that he will seek the nomination for Congressman from the 18th Congressional District of Texas, subject to the action of the Democratic primaries in 1928.

Mr. Bell is 33 years of age and a life-long Democrat. He is a graduate of Cumberland University with the degree of Bachelor of Laws, and began the practice of law at Paducah seventeen years ago. During this time he was District Attorney for the Fifth Judicial District of Texas for eight years, having been elected to this position for four successive terms. He enjoys an extensive law practice throughout West Texas and has many friends and acquaintances who will doubtless welcome the opportunity to support him in his race for Congress. He had considerable solicitation from over the district to enter the race for this office two years ago, but only recently did he decide to make the race.

Mr. Bell will endeavor to see as many of the voters of the district as is possible. He says he will at a later date announce his platform which will contain among other matter which he deems of pressing importance to the people of this district and the country at large:

(a) Legislation by the Congress for the benefit of the agricultural interests of the country and in this connection the passage of laws prohibiting gambling in farm products.

(b) A further restriction of immigration into this country for certain classes.

(c) A curtailment of the present tendency to centralized government at Washington, and a return to the doctrine of State Rights.

(d) Non-participation by the government in private business whereby the government becomes a competitor in private business enterprises.

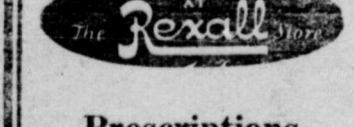

(e) The enactment of laws whereby Congressmen will be prohibited from raising their own salaries without a submission of the matter to the people who pay such salaries.

(f) Federal aid in the conservation of the water power of West Texas.

be held responsible for the care and feeding of the flock. Systematizing the work will reduce the labor to a minimum. A half hour in the morning and a half hour in the afternoon is sufficient to manage a flock of 300 hens, excepting on days of cleaning the house, which should be once a week. The fertilizer realized at these cleanings will more than pay for the trouble. On this basis an hour a day is all that is necessary to take care of this flock.

Neglect
Neglect, most assuredly, will cause trouble, disease, loss of eggs and a loss of money. It is far better not to have a flock than to have one and neglect it.

Mr. John Blocker and her daughter, Mrs. Dorris Ellis, made a business trip to Wellington, Shamrock and Wheeler Friday of last week. They also visited with relatives in Wheeler Saturday.

Prescriptions

The confidence our customers have in our prescription service has been built up by years of painstaking effort. We use only the very best of pure, fresh potent drugs, and dispense them with a system of checking that prevents mistakes. And the charges are moderate.

CHILDREN TO HAVE TWO GREAT DAYS FREE AT THE TEXAS STATE FAIR

State Fair Directors are urging every parent to bring the children to the Fair this year. There are two free days, Dallas Day, Oct. 11, and Children's Day, Oct. 14. There is a world of amusement for the youngsters and parents can enjoy themselves too in taking the children about and entering into the spirit of fun with them. There are free shows and entertainments galore, together with all the carnival shows, the rides of every description, all of which the youngsters enjoy to the fullest. There will be music, day and night fireworks, parades on Dallas Day, funny clowns and many burlesque stunts, plenty of pure food to eat and oceans of delicious drinks. There will be pop corn, peanuts, ice cream, hamburgers, hot dogs, lemonade and everything that one can think of to help the youngsters and those who come with them have the time of their lives.

First Annual Live-stock Judging Contest for Boys' and Girls' Club Members at Texas State Fair

The State Fair of Texas has just announced its first annual livestock judging contest, for Boys and Girls' Club members, another of the fifty new features added to the 1927 exhibition.

"In Texas there are several thousand boys and girls on our farms who are receiving training in livestock judging under the supervision of the extension department of the Texas A. & M. College," says A. L. Ward, one of the superintendents in the live stock department. "This training is only one of the angles of the work that is being carried on to prepare the coming generation to become more efficient farmers, stockmen and housewives."

"The directors of the State Fair are encouraging this great work by the contest now announced. The contest will be more than state-wide for both Oklahoma and Louisiana boys and girls live stock judging teams have been asked to compete for the championship of the South, and both states have accepted."

"G. L. Burleson, club leader of Louisiana, will head his team. This team is deserving of great admiration, for months the Louisiana College faculty and students and the club boys on the farms have been working hard in rescue and relief work because of the devastating floods which swept that state. Oklahoma will be led by Paul Adams and Sterling Evans will command our Texas boys and girls."

A marble-shooting tournament for boys will be one of the novel innovations at the Texas State Fair this Fall. What boy is our local champion? He should enter this contest—and win it!

W. H. Patrick attended a meeting of the Federal Reserve Board in Dallas, Friday of last week.

POSTED NOTICE

This is to notify the public that all of the J. A. pastures are posted and hunting, trapping or fishing is not permitted and all trespassers will be prosecuted.

NEWS HEARS FROM DIS-SATISFIED SUBSCRIBER

It may be there are some subscribers to The Clarendon News who, on failing to receive their papers on the dot, as some occasionally do, feel that there is something just a bit personal in this seeming slight, this lapse in the usual prompt service. That such is not the case is proved by the following model letter from an irate subscriber:

Denton, Texas, Oct. 4, 1927.
Mr. S. M. Braswell,
Editor The Clarendon News,
Clarendon, Texas.
Dear Sir:
Though I have subscribed to your paper, I have not received a single copy. Do you think that that is any way to treat your subscribers? Why, I am surprised! Now, I either want the News or my money back. I hope that you will give this your undivided attention at once.
Yours truly,
(Miss) Clair M. Braswell.

MOST CAUSES OF FIRES CAN BE REMEDIED BY CARE

The figures are given below on the five predominant causes of fires, as reported by the Actuarial Bureau of the National Board of Fire Underwriters.

1. Matches, cigars, cigarettes and other "smokes" started fires causing a loss of \$37,880,000. These are preventable.
2. Defective chimneys and flues are responsible for \$27,092,000 loss, and stoves, furnaces, boilers and their pipes caused a loss of \$25,521,000. These fire are preventable.
3. Spontaneous ignition is given as the cause of fire costing \$21,739,000 loss. Many of these fires originated in oily or paint-soaked rags, oil mops and the like. These are preventable.
4. Sparks on roofs destroyed \$18,350,000 worth of property. These fires are wholly preventable by the use of fire retardant roof covering. If your city does not prevent wooden shingles by ordinance, it should do so.
5. Electricity and electrical appliances caused a loss of \$18,961,000. Of all these fires, 46 per cent were due to carelessness with electric flat-irons. These fires are preventable. Electrical fires are largely preventable by proper wiring installations.

John S. Burgee is visiting with his mother in Seattle. Later, he and his mother will go to California for a visit with other relatives.

OUR PLAN

For cleaning your clothes will assure you that your silks and fine woollens will receive the proper attention and will be returned to you without a blemish. We have studied the plans and know what to use on the various fabrics to clean them and keep the original colors and textures.

The Clarendon News

WALTER WOOLF

Walter Woolf, the leading man in "Countess Maritza," which is to be the comedy-opera attraction at the Auditorium at Fair Park, during the State Fair of Texas, October 3 to 23, is one of those extremely rare combinations, a really good-looking young man who sings splendidly and is a natural, easy and convincing actor. He is a great favorite in New York and it is likely that Texas will take him to her heart. Mr. Woolf is unmarried and is greatly sought after as an entertainer at "stag" affairs.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912

Of The Clarendon News, published weekly at Clarendon, Texas, for October, 1927. COUNTY OF DONLEY, TX.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Sam M. Braswell, who, having been duly sworn according to law, deposes and says that he is the Editor and Owner of The Clarendon News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Editor and Owner, Sam M. Braswell, Clarendon, Texas.

2. That the owner is: Sam M. Braswell, Clarendon, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: G. W. Antrosio, Clarendon, Texas; Merchants Linotype Co., Brooklyn, New York.

4. That the two paragraphs next above,

THE ALL-TEXAS DINNER WILL BE GREAT FEATURE OF PRESS DAY AT TEXAS STATE FAIR

The "Special Days" announced for the State Fair of Texas this year are as follows: Saturday, Oct. 8—Opening Day. Sunday, Oct. 9—All-Church Day. Monday, Oct. 10—Press Day, Agricultural Exhibitors' Day, All-Texas Dinner, honoring Newspaper Men and Exhibitors in Agricultural Department. Tuesday, Oct. 11—Dallas Day, Red Men's Day. Friday, Oct. 14—Children's Day. Saturday, Oct. 15—Traveling Men's Day, All-College Day. Sunday, Oct. 16—Spanish War Veterans' Day. Monday, Oct. 17—Dairy Day. Wednesday, Oct. 19—Kentucky Day. Thursday, Oct. 20—Academy Day. Friday, Oct. 21—R. O. T. C. Day. Saturday, Oct. 22—University of Missouri Day, American Bankers' Day. Sunday, Oct. 23—Fraternity Day, American Legion Day, Closing Day. Other "Special Days" will be announced later.

The All-Texas dinner, which is to be one of the features of Press Day, Monday, October 10, will be a banquet at which everything served at the table—and there will be an astonishing variety of foods—will be a Texas product. Each article of food served will be of the very best prize-winning products, in fact, gathered for this purpose from every part of the state. This will include every variety of meats, chickens, fruits, vegetables, preserves, jellies, pastry, ice creams, sherbets and so on down the line—the best that Texas raises—the whole making a bill of fare that to print which would take about two columns in an average newspaper. The guests at this dinner will be the newspaper men and their wives and families, exhibitors in the Agricultural and Stock Departments and county agents. It is to be an annual affair of great interest.

"HOT DOG"

Where there is no vision, the forests perish—and the people.—Dr. C. A. Schenck.

READ THE ADVERTISEMENTS

FACTS ABOUT FIRE

1. The dollar loss from fires in the State of Texas for the year 1926 was approximately twenty million dollars.
2. The dollar loss in the United States for the year 1926 was approximately \$522,548,624 (Estimates of the National Board of Fire Underwriters).
3. The dollar loss in Texas from January 1 to September 1, 1927, approximately \$11,621,446.74.
4. A conservative estimate of the fires in Texas that are preventable is 85 per cent. The same per cent is estimated by the National Board of Fire Underwriters as preventable in the U. S.
5. Lives lost in Texas in 1922, 260; 1923, 240; 1924, 228; 1925, 284; 1926, 231; 1927, 126 (this is for the first six months in 1927).
6. Ten thousand lives were lost in the U. S. in 1926.
7. The percentage of fires in Texas of incendiary origin for the past five years is approximately ten per cent. This estimate was hard to arrive at, but was made from the estimates on facts that were available for use.
8. Twenty-four towns in Texas have a wholly paid fire department. Ninety-eight towns have partially paid fire departments. The protected towns that have wholly volunteer fire departments are 216.
9. The protection of the forest from fires is carried on under the United States Government. The State of Texas has made no progress in the matter of preservation of our forests. I am giving you the following information given out by the National Fire Protection Association relative to forest fires. "In 1925 we had over 68,000 forest fires, which devastated an area of 28,000,000 acres, at a cost of \$28,000,000. Our forest area at the beginning was 322,000,000 acres of virgin timber out of a total land area of 2,000,000,000 acres. The virgin stand of timber today is less than 125,000,000 acres. The average forest fire burns an area of about two-thirds of a mile in diameter. If all these forest fires were put side by side, they would reach across the United States fifteen times in flaming bands two-thirds of a mile wide."

PATHFINDER CLUB STUDIES "BEYOND THE HORIZON"

Eugene O'Neill's "Beyond the Horizon" will be the subject of study when the Pathfinder Club meets Friday, October 14. Mrs. J. T. Patman and Mrs. O. T. Smith are hostesses for the meeting, and will entertain in Mrs. Patman's home.

A flaming meteorite, 25 pounds in weight, is reputed to have caused a recent forest fire in the Walla Walla section of the Umatilla National Forest in Oregon. The meteorite, according to reports to the Forest Service, broke off a 28-inch tree 20 feet from the ground and lodged in the stump.

FACTS

-AND THE OPEN MIND

THE MOST important element in business success—and the most difficult—is to be sure that you have all the facts before you act.

TO GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof.

OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion.

Nothing counts but hard-won facts, gathered and used with an open mind.

ITEMS OF INTEREST IN DONLEY

NAYLOR

Mr. and Mrs. A. E. Tidrow had as Sunday guests, Mr. and Mrs. Frank Proctor of Memphis, also Mr. and Mrs. Luther McFarlin and Miss Rachel, daughter of Mr. and Mrs. Tidrow, who is in school at Memphis.

Rev. Baker, Baptist minister, preached for us Sunday a most interesting sermon.

Our school dismissed Friday for one month so the children could help with Naylor's big cotton crop.

Will Pickering and Rich Bowlin are this week filling their dry houses with sweet potatoes.

Mr. and Mrs. T. L. Naylor and daughter, Miss Lucille, visited with Mr. and Mrs. T. E. Naylor Sunday.

Mr. and Mrs. Tommy Bain were dinner guests of Mr. and Mrs. Tom Bain Sunday.

Mrs. Richmond Bowlin made a business trip to Amarillo Saturday.

Mrs. Claude Bain and two children spent the week with Mr. and Mrs. Tom Bain.

Our Sunday School was reorganized Sunday. Mr. Arnold was elected superintendent. We feel sure the school will be a success.

Commissioner J. R. Bain is doing some fine work on our road leading to Clarendon. Mr. Bain is a good road man. We feel sure in saying, none better in Donley county.

Mr. and Mrs. A. E. Tidrow visited the A. O. Hefner family Sunday afternoon.

Mrs. Dexter Robinson of Kansas is visiting her sister-in-law, Mrs. L. R. Bowlin.

Messrs. John Naylor and Will Pickering made a business trip to Panhandle.

The Home Demonstration Club of the Naylor community met with Mrs. Floyd Bulls, September 28.

After a short business session, Miss Key demonstrated sandwiches for the school lunch. The hostess served watermelons, which were enjoyed by all. The next meeting will be at Mrs. John Chamberlain's, October 26.

PAMPA PLANS FOR CLEAN STREETS—BUYS SWEEPER

The city council Monday purchased an Austin motor pick-up street sweeper, from the Austin Western Road Machinery Company of Chicago. The sweeper weighs more than five tons and cost \$6,800.

The council has the past few weeks been investigating all makes of street sweepers. The purchase of this sweeper was on the condition of a satisfactory performance over a five-day period.

The machine will not arrive before October 15 as it is being especially constructed at the factory for Pampa needs and will be given a three-day factory test before it is shipped.

It is claimed that the machine will pick up brick, bottles, mud or any similar material. A 42-inch rotary gutter broom operates along the curb. The broom is geared and adjustable. The rotary pick-up broom drives all kinds of trash into a self-cleaning elevator which conveys the material to a dirt carrier having a capacity of two cubic yards.

The width over all is 9 feet 9 inches while the length is 20 feet 3 inches. The speed of the machine is from 4 to 8 miles per hour. After the streets are first thoroughly cleaned, which will take several days, they will be covered daily.

A 28.9 horsepower motor which weighs 900 pounds furnishes the motive power. A water-sprinkler with the machine lays the dust. The alumite system of oiling is used.

RADIOED FROM U. S. D. A.

In a test of representative farm areas in three states it was found that more than 60 per cent of the farmers were receiving bulletins from either the state agricultural colleges or United States Department of Agriculture. Are you getting yours? More than 60 per cent of these farmers receiving bulletins said they had adopted improved practices recommended in them. Are you getting your share of the benefit?

PERMANENT WAVE

THE WAVE THAT STAYS

When we wave your hair our beauty parlor way you can rest assured that it will stay waved for an indefinite length of time. And we do it in such a way as to improve the texture of the hair. To all women who desire to retain their beauty and youthful appearance we hold ourselves ready to be of fruitful service. Try a new treatment now.

WHITLOCK'S BARBER SHOP

Get Your Permanent Wave At Whitlock's Barber Shop

PLEASANT VALLEY

Mr. and Mrs. D. C. Bennett of Amarillo took supper in the home of the former's father, W. P. Bennett, Sunday night.

Pat Longan left for Denver, Colo., Saturday night to visit his father, who has been in poor health for some time.

Misses Nathel and Juanita Lamberson spent Sunday with Miss Eula Allen.

Mrs. Longan and the little boys, Mrs. Chas. Corder, and Miss Lizzie Corder took dinner in the Potter home Sunday.

Mr. and Mrs. Zeb Morris spent Sunday in the John Taylor home.

Miss Ona Morris took dinner with Miss Henrietta Longan Sunday.

Miss Faye Franklin of McLean is visiting her sister, Mrs. Bill Meaders.

Mrs. Longan and Miss Henrietta Longan called on Mrs. John Chamberlain Monday morning.

John Goldston and family visited in the J. J. Goldston home Sunday.

Mr. and Mrs. John Lott visited in the Lamberson home Sunday.

Mr. and Mrs. Bill Meaders and Miss Faye Franklin visited in the J. A. Meaders home Sunday afternoon.

Mr. and Mrs. Ben Andis and children were callers in the Longan home late Sunday evening.

Glen Williams was called to Memphis Saturday to be with his aunt, who is very ill.

Miss Faye Franklin spent Monday night with Miss Henrietta Longan.

Mr. and Mrs. Clifford Rogers of Amarillo spent Sunday in the W. K. Davis home.

Bill Meaders and E. O. Hutton went to Wellington Monday, returning Tuesday.

AMARILLO DISTRICT WILL HOLD TRAINING SCHOOL

Several hundred Methodists are expected in Amarillo for the standard training school to be held for Sunday School workers of the Amarillo District, Northwest Texas Conference, October 16 to 21. The school will meet simultaneously with nine others in the South and will be conducted under the direction of the Reverend B. L. Nance, Abilene, superintendent of Sunday School work in the Northwest Texas Conference.

Assisting the Reverend Nance and composing the faculty for the Amarillo training school, are the following experts in Sunday School methods and religious education: The Reverend W. M. Pierce, educational director of the school and presiding elder of the Amarillo district; Reverend O. E. Moerner of the general board, Nashville, Tennessee; Reverend J. W. Chisholm, Brownfield; Reverend A. L. Moore, Clarendon; Mrs. R. H. Lewelling, Tipton, Oklahoma, and Mrs. A. H. Anglin, Wilson, Oklahoma.

CHINESE ELMS RECOMMENDED

For shade or as a windbreak, the Chinese elm has proved its value in most sections of the United States. The United States Department of Agriculture introduced this tree nearly 20 years ago and it has been growing in popularity ever since. The department recommends it as useful and suitable for many climates. The Chinese elm is especially valuable in regions where the rainfall is light and where there are wide extremes of heat and cold—in places where few trees thrive, in other words. Trials show that the Chinese elm grows even more rapidly in the relatively dry area of the Middle West than in the moister regions of the Atlantic coast.

BOOK CLUB MEMBERS URGED TO ATTEND MEETING 18TH

All members of the 1926 Book Club are urged to be present at the next meeting, which will be held Tuesday afternoon, October 18, in the home of Mrs. James H. Morris. It will be remembered that this meeting ends the first club year for the organization, and that the election of officers will be held at the first meeting in November. The wishes of the several members of the Club as to the coming year's work will be discussed Tuesday afternoon, therefore, it is urged that every member attend.

The program for the afternoon will be one of unusual interest. Texas painters and Texas composers will be studied in a program led by Mrs. Sam M. Braswell.

Slowing Up?

Waste Poisons in the Blood Make One Tired and Inefficient.

Do you rise lame and stiff? Drag through the day, listless and depressed? Evening find you all worn out? Have you given any thought to your kidneys?

Sluggish kidneys allow waste poisons to remain in the blood and make one tired and languid with often nagging headache, drowsy headaches and dizziness. A common warning of sluggish kidney action is scanty or burning secretions. Assist the kidneys with Doan's Pills. Doan's have been used since 1885. Are recommended the country over. Ask your neighbor!

DOAN'S PILLS

An Announcement

In the transfer of the local power and light company from the Central Power and Light to the West Texas Utilities Company the main change will be in the name only, as the two companies are subsidiaries operating under the same policies and as in the past we will continue to make every effort to render better service in a more satisfactory way.

There are no changes contemplated in the personnel of the Panhandle organization so far as is known at present.

West Texas Utilities Company

Phone 100

KNOW TEXAS

The following are legal holidays by statute in Texas: New Year's Day, January 1; Washington's birthday, February 22; National Independence Day, July 4; Labor Day, September 5 (1927); Election Day, November 8; Thanksgiving Day, November 24 (1927); Christmas, December 25; Arbor Day (Washington's Birthday), February 22; Texas Independence Day, March 2; San Jacinto Day, April 21; Jefferson

Davis' birthday, June 3; Texas Pioneer's Day, August 12.

East Texas has a considerable advantage in disposing of truck crops because of its proximity to large and growing markets. The principal difficulty with successful operation of truck farms in the past in Texas was the lack of market facilities. The extremely rapid growth of Texas cities in the last 10 years has done much to open the way for truck garden development.

There are in Texas about 2,350 places having postoffices. The total number of commercial centers, including everything from large cities down to the cross roads general store, is about 2,800.

NOTICE OF THE SALE OF AN AUTOMOBILE TO SATISFY A STORAGE AND REPAIR BILL THEREON

Notice is hereby given that R. L. Bigger will on Friday, October 14, 1927, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at his place of business in Clarendon, Texas, sell at public auction for cash to the highest bidder, the following described automobile, to-wit: One Ford Touring Car, Model of 1923, engine No. 7,991,812, to satisfy a storage and repair bill due and unpaid thereon, amounting to the sum of \$28.20.

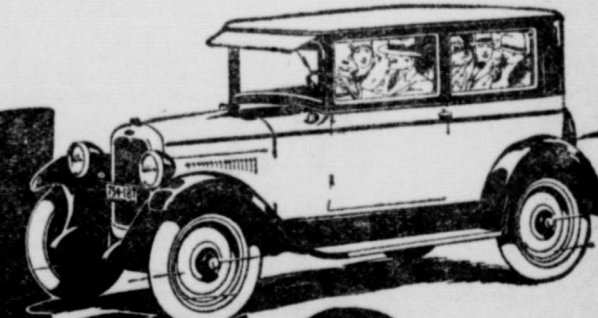

R. L. Bigger further states that the car was stored with him by unknown persons from the city of Amarillo, Texas, on May 18, 1927, and that the name and whereabouts of the owner or owners thereof is not known. This notice is given in accordance with Arts. 5508 and 5504 of the Revised Civil Statutes of the State of Texas. Witness my hand at Clarendon, Texas, this 28th day of September, A. D., 1927.

Miss Julia Lewis Becomes Bride of B. L. Jenkins, Jr.

The marriage of Miss Julia Lewis and B. L. Jenkins, Jr., was solemnized in a simple and lovely wedding at the home of the bride's parents, the Reverend and Mrs. L. O. Lewis, at nine o'clock Wednesday morning. The bride's father officiated in the ceremony, using the impressive ritual of the Methodist Church. The service was read before a beautiful altar of banked ferns and cut flowers. Cut flowers were used throughout the house. The wedding was attended by the families of the bride and groom and their most intimate friends.

Mr. and Mrs. Jenkins left immediately after the ceremony for Ft. Worth, Dallas, and other points. They will be at home in Clarendon, after November 1.

Both the bride and the groom are very popular in Clarendon, having lived here since childhood. Mrs. Jenkins is a graduate of Clarendon High School and an ex-student of Clarendon College and Peabody Teachers College, Nashville, Tennessee. She has taught in this state, Georgia, Alabama, New Mexico, and Wyoming.

Mr. Jenkins is the son of Dr. and Mrs. E. L. Jenkins. He attended Clarendon High School and Clarendon College and is a graduate of A. & M. College. He is engaged in the stock farming industry in this county, as he has, for the past several years.

Mrs. J. H. Reeves Hostess to Mothers' Class of Baptist S. S. at Quilting Party

The members of the Mothers' Class of the Baptist Sunday School and a number of their friends enjoyed an old fashioned all-day quilting party in the home of Mrs. J. H. Reeves, Wednesday, October 12. Each member of the class brought a dish and at noon a delicious luncheon was served. The prettily appointed luncheon table had a centerpiece of nasturtiums. The afternoon was spent in quilting and piecing quilts.

Mrs. Reeves' guests were: Mrs. W. T. Lowe, teacher of the class; Reverend and Mrs. S. R. McClung, Mesdames U. T. Dever, George Doshier, Mary Colvin, Crockett Taylor, J. M. Williams, B. R. Crabtree, W. A. Crider, W. B. Sims, Fannie Tatum, D. L. McClellan, J. R. Leathers, M. B. Halle, N. A. McMillin, A. M. Adkins, Joe Cluck, C. R. Skinner, W. B. Holtzclaw, A. T. Cole, W. C. Stewart, and Curtis Thompson, and Miss Dora Kelly.

Mrs. Jenkins Hostess to Friday Bridge Club, 7th

Mrs. O. L. Jenkins entertained on the afternoon of October 7, with four tables of bridge. Her guests included members of the Friday Bridge Club and a number of other friends. Mrs. Meredith Gentry made high score for club members, while Mrs. Clyde Price played high for special guests. The cut favor was drawn by Mrs. Selden Bagby. Others attending this delightful affair were: Mrs. Earl Alexander, Mrs. Nat Perrine, Mrs. Phillips Gentry, Mrs. Charles Trent, Mrs. Holman Kennedy, Mrs. J. H. Morris, Mrs. Forest Taylor, Mrs. Homer Ellis, Mrs. Sam Dyer, Miss Helen Martin, Miss Lotta Bourland, Miss Mary Cooke, and Miss Mildred Martin.

At the conclusion of the games refreshments were served in two delightful courses.

Dinner-Bridge Club Is Entertained by Mr. and Mrs. Forest Taylor Thursday

Mr. and Mrs. Forest Taylor entertained the Dinner-Bridge Club Thursday evening, having as guests the following: Mr. and Mrs. Sam Dyer, Mr. and Mrs. Homer Ellis, Mr. and Mrs. Holman Kennedy, Mr. and Mrs. Phillips Gentry, Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Nat Perrine, Dr. and Mrs. Oscar Jenkins, and Mr. and Mrs. Selden Bagby. High scores in the game were made by Mrs. Ellis and Dr. Jenkins, while Mr. Perrine drew the consolation favor.

A profusion of late garden flowers, with dahlias predominating, were used to decorate the house.

Mrs. R. A. Chamberlain is Hostess at Dinner-Bridge

One of the delightful social affairs of the week was Mrs. R. A. Chamberlain's dinner-bridge of Tuesday evening. A charming arrangement of garden flowers centered the table, and other bouquets added to the attractiveness of the room in which the card tables were arranged. Those present were: Mrs. W. H. Martin, Mrs. Kate B. Carroll, Miss Mary Howren, Mrs. G. B. Bagby, Mrs. Sella Gentry, Mrs. W. H. Cooke, Mrs. A. L. Chase, Mrs. F. E. Chamberlain, and Mrs. J. D. Browder. High score was made by Miss Howren and the consolation was drawn by Mrs. Cooke.

Mrs. F. C. Johnson Hostess to Ladies Aid Society

Mrs. F. C. Johnson was hostess to the Ladies Aid Society of the First Christian Church Wednesday afternoon. An interesting lesson on the first half of the Book of Revelations was led by Mrs. O. D. Leisner. A short business session followed the program, after which the hostess served dainty refreshments. Sixteen members were present. The next meeting of the Aid Society will be held October 19, in the home of Mrs. Lonie Hahn.

Mr. and Mrs. R. E. Duncan visited friends in Memphis Sunday

Mr. and Mrs. W. C. Stewart and children went to Dallas Saturday night to attend the Fair and visit relatives. They also went to Denton to visit Misses Mildred and Willie Mae Stewart, who are students in C. I. A.

Miss Lillian Abbott Gives Informal Luncheon Sunday

Miss Lillian Abbott entertained a number of friends with an informal luncheon at the Girls' Dormitory at the college, Sunday. Her guests were: Mr. and Mrs. Joe Goldston, Mr. and Mrs. Charles H. Dean, Jr., Miss Sarah Thompson, and Miss Lottie Lane.

Needle Club Meets Thursday With Mrs. Homer Glascoe

Members of the Needle Club enjoyed a pleasant afternoon when they met Thursday afternoon in the home of Mrs. Homer Glascoe. The afternoon was spent in sewing and chatting. Refreshments were served in the late afternoon. Those present were: Mrs. C. C. Powell, Mrs. J. R. Porter, Mrs. M. M. Noble, Mrs. H. B. Kerbow, Mrs. D. A. Kelly, Mrs. W. W. Taylor, Mrs. A. Odos Caraway, Mrs. Paul Atteberry, Mrs. Richard Wilkerson, Mrs. B. G. Smith and Mrs. Sam M. Braswell. A delicious two-course luncheon was served at the close of the games.

Mrs. Eva Rhode Entertains at Bridge Thursday Afternoon

Mrs. Eva Rhode gave one of the most enjoyable parties of the week, entertaining with three tables of bridge Thursday afternoon. Her guests were: Mrs. C. C. Powell, Mrs. J. R. Porter, Mrs. M. M. Noble, Mrs. H. B. Kerbow, Mrs. D. A. Kelly, Mrs. W. W. Taylor, Mrs. A. Odos Caraway, Mrs. Paul Atteberry, Mrs. Richard Wilkerson, Mrs. B. G. Smith and Mrs. Sam M. Braswell. A delicious two-course luncheon was served at the close of the games.

Mrs. J. T. Sims Entertains Club Friday Afternoon

Mrs. J. T. Sims very charmingly entertained her afternoon club Friday, the 7th, and in the three tables of bridge included a number of special guests. Those present were: Mrs. G. B. Bagby, Mrs. Charles Bugbee, Mrs. W. H. Cooke, Mrs. R. A. Chamberlain, Mrs. Odos Caraway, Mrs. A. R. Letts, Mrs. L. L. Swan, Mrs. James Trent, Mrs. W. G. Word, Mrs. J. L. McMurry, Mrs. R. L. Bigger, and Mrs. J. D. Browder. High score was made by Mrs. Letts and the consolation was drawn by Mrs. Chamberlain. Lovely favors were presented, and afterward a salad course was served.

Colts and Pep Squad Are Entertained Saturday

The Colts, football team of the Junior High School, and the Junior High pep squad were entertained Saturday evening at the home of Miss Mary Lowe. Games and contests furnished diversion until a late hour, when a watermelon feast was set before the crowd.

The guest list included the following: Misses Ina Este Garner, Willie Vineyard, Kitty Speed, Edith Speed, Ruby Bairfield, Mattie Parker, Viola Jones, Bernice Andis, Lena Towles, Lucille Parks, Montie Conner, and Ouida Towles of the pep squad, and Mike Beard, T. W. Whately, Glenn Allen, Johnny Tucker, Bill Goldston, John E. Wilson, Wesley Carroll, Granson Waters, Clebert McCrary, Pete Morris, J. D. Jackson, and A. G. Lane.

Ranch Picnics Prove Popular Diversion

Ranch parties and picnics, with horseback riding as the principal diversion, have become very popular with the arrival of cool Fall days. Two such picnics were given Sunday and were greatly enjoyed. Richard Morris entertained a number of friends in an all-day picnic at the Wiley Morris Ranch west of Clarendon. Lunch was cooked over a camp fire and the afternoon was spent in riding through the canyons. In this party were the following: Mr. and Mrs. Wiley Morris, Miss Elizabeth Morris, Miss Ina Este Garner, Miss Thelma Lee Rippey, Miss Rena Freeman, John Morris of Amarillo, and Louis Halloway.

Another party went to the Ryan Ranch, north of Jericho, where they were entertained by Karl Adams. Supper was cooked in a beautiful grove near the ranch house. Those present were: Miss Katherine Patrick, Miss Mae Lumpkin, Miss Helen Beck, Miss Temple Harris, Miss Mayme Seery, Miss Fannie Florence Sims, Miss Eula Key, Norwood Wright, Rudolph Wiedman, J. G. Jarvis, Walter Grogan, Harold Bugbee and Karl Adams.

LES BEAUX ARTS STUDIES COLONIAL ARCHITECTURE

An interesting study in American Colonial architecture was made by Les Beaux Arts Club at the regular meeting, Saturday afternoon. The three most distinguished types of Colonial architecture—New England, Dutch and Southern—were discussed in the program. Mrs. Frank McCrary was leader for the afternoon, and was assisted by Mrs. J. H. Headrick and Mrs. Charles H. Dean, Jr.

Mrs. J. T. Patman and Mrs. W. H. Martin were joint hostesses for the meeting, entertaining in Mrs. Patman's home. They served delicious refreshments at the close of the program.

EATS FOR THE FAIR

The Methodist Missionary Society will serve sandwiches, chili, cake, pie and coffee at the Latoon Building near the Post Office, Friday and Saturday.

BULLDOGS TRIM WAYLAND 18-0

STOCKING'S PROTEGES HIT STRIDE THAT GIVES PROMISE OF OTHER VICTORIES

The Bulldogs of Clarendon Junior College hit a stride Saturday afternoon that surprised even the most optimistic, when they defeated the hefty Jackrabbits of Wayland, 18 to 0, on the Clarendon field.

Wayland kicked off to Clarendon. The first quarter developed into a punting duel, with the odds in favor of Clarendon. The second quarter was marred by fumbling on the part of both teams. The Clarendon boys rallied at the last of the first half, and the half ended with the ball on Wayland's twenty yard line, following an attack by Clarendon.

At the beginning of the second half Clarendon kicked off to Wayland. With the exchange of several punts in which Clarendon gradually gained the edge on Wayland, the Bulldogs launched an attack by successive series of line plunges and end runs. Clarendon got the ball on Wayland's twenty yard line. A pass was completed, Blanton to Clyde Naylor, across the goal line for the first touchdown of the game. Score, 6-0, in favor of Clarendon. Clarendon failed to kick goal.

With victory in sight, the Bulldogs suddenly came to life and punctured Wayland's line for long gains. After Clarendon had carried the ball into Wayland's territory, they were held for downs and the ball went over. Wayland punted and Blanton received the punt. With splendid interference he returned the ball nearly 60 yards for Clarendon's second touchdown. Clarendon again failed to kick goal. The score stood 12-0.

Wayland kicked off to Clarendon. Clarendon took the ball, and by a series of line plunges and end runs carried the ball down the field for the third touchdown. Montgomery carried the ball over. Clarendon failed to kick goal. Score, 18-0.

Wayland again kicked off to Clarendon. At this point, Coach Stocking ran in all his substitutes. The game closed with Clarendon in possession of the ball on Wayland's forty yard line. The substitutes going in with a minute and a half to play, performed like regulars. Naylor and Blanton in the backfield and Captain Blocky Parker at center played brilliant football. Halle in the line, Montgomery in the backfield, White and Braswell at ends also played a very good game.

The Bulldog lineup was as follows: H. B. Pierce; F. B. Montgomery; H. B. Naylor; Q. B. Blanton; E. White; T. Dillard; G. Halle; H. Parker (Captain); G. W. Parker; T. Mace; E. Braswell. The substitution was, Helton for Mace, Crow for W. Parker, Steadham for Helton, Eschle for Braswell, Robertson for White, and Johnson for Pierce.

LELIA LAKE

L. Darnell of Lubbock spent several days of the past week with his brother, Roy Darnell, and family.

Mr. and Mrs. George Harp, Mr. and Mrs. Frank Harp and daughters and Carl Harp, all of Plainview, left Sunday afternoon for a short visit in the home of their daughter and sister Mrs. Doss Palmer.

W. W. Dodson and family spent Saturday and Sunday as guests of relatives at Amarillo.

Miss Ileta Mace was home for the week end.

Rev. and Mrs. Laney had for guests Sunday James and W. E. Morgan of Hereford.

Clayton Morrison left this week for Wellington, where he goes to work.

Miss Addie Holland was home for the week end.

Rev. Fulgham of Clarendon preached at the First Baptist Church Sunday morning and evening. He and Mrs. Fulgham spent the day in the home of Mr. and Mrs. Dodd.

Miss Jessie Cooke entertained her Sunday School Class of the First Church Wednesday evening. The class was organized with Miss Vera Brinson, Pres., Margaretta Christal, Vice Pres., and Gertrude Self Sec.

A party was given in the home of Mr. and Mrs. Will Mace Friday evening, honoring Miss Beatrice Heath of Hedley. Miss Heath leaves Monday for Dallas where she will work for a telephone company.

NEEDLE CLUB ENTERTAINED BY MRS. CHARLES TRENT

A gay profusion of late garden flowers made Mrs. Charles Trent's home very lovely when she entertained her needle club and a few other friends in a party Tuesday afternoon. Gorgeous dahlias, roses and zinnias predominated in the bouquets.

An afternoon of pleasant conversation was enjoyed by the following: Mrs. Selden Bagby, Mrs. Sam Dyer, Mrs. R. L. Bigger, Mrs. Homer Ellis, Mrs. O. L. Jenkins, Mrs. Holman Kennedy, Mrs. J. R. Porter, Mrs. L. L. Swan, Mrs. Nat Perrine, Mrs. Richard Wilkerson, Mrs. Earl Alexander, Mrs. Clyde Price, Mrs. Phillips Gentry, and Miss Ineva Headrick. A delicious two course luncheon was served.

PRESBYTERIAN AUXILIARY TO HAVE RUMMAGE SALE

The Presbyterian Auxiliary will hold a Rummage Sale Saturday, October 15, in front of the Presbyterian Church. (41c)

Mr. and Mrs. E. A. Armstrong of Panhandle were guests of Mr. and Mrs. Clark Hemminger Sunday.

PERSONALS

Ben Andis made a business trip to Fredrick, Oklahoma Wednesday.

T. S. Likins of Amarillo was a business visitor in this city Monday.

Mrs. D. A. Grundy and Mrs. John Wood of Memphis shopped in Clarendon Wednesday.

N. T. Thompson and C. H. Wisdom made a business trip to Amarillo and Pampa Tuesday.

Mrs. Earl Alexander and Mrs. Georgia Burrell spent Wednesday afternoon in Goodnight.

J. D. Browder of Ft. Worth was here Sunday and Monday to visit Mrs. Browder and the children.

Mrs. J. C. Donald and her daughter, Mrs. Homer Coston, of Goodnight were in Clarendon to shop Wednesday afternoon.

Mr. and Mrs. Fenn Bourland and son, Lawrence Fenn, Jr., were here Monday afternoon to visit Mr. Bourland's mother, Mrs. W. L. Bourland. They live in McLean.

Editor O. H. Foster and Clyde Chamberlain of the McLean Record were business visitors in this city Wednesday.

Mr. and Mrs. Clyde Douglas and little son, Clyde Benton, went to Dallas Friday night to visit relatives and attend the fair. They returned Tuesday.

Misses Clinty Phillips and Jessie Bursen were among the guests at the supper given by the Young People's Service League of St. Andrews Church, Amarillo, last Friday.

C. E. Killough, Doss Palmer, and Homer Mulkey went to Borger Wednesday night to assist in putting on Masonic degree work. They were joined at Groom by John Fraser and P. B. Farley, who also took part in the work.

Little Misses Josephine and Maud Estelle Browder went to Fort Worth Monday to enter a convent, after spending the summer here in the home of their grandmother, Mrs. R. A. Chamberlain.

Mr. Matt Bennett has been very seriously ill for the past week. His daughters, Mrs. J. W. Johnson of Clovis, New Mexico, Mrs. D. V. Brooks of Fort Worth, Mrs. Younger of San Marcos, and Mrs. R. G. Hughes of White Deer, arrived several days ago, and his son, Herman, arrived Wednesday night from Long Beach, California.

HOME DEMONSTRATION CLUB PLANS EXHIBIT FOR FAIR

The regular meeting of the Clarendon Home Demonstration Club, held Friday afternoon in the home of Mrs. C. R. Skinner, was devoted to making plans for the Club's exhibit at the Doney County Fair. All members of the organization were most enthusiastic and indications pointed to a very good exhibit of canned goods, vegetables and fruits and an attractive display of home improvement products, such as embroidery, rugs, and clothing.

The meeting was attended by a large number of the members, to whom the hostess served delicious refreshments at the conclusion of the business session.

Save their Eyes

No Amount of Money Can Replace Them

The eyes of children—as of adults—are subject to myopia, astigmatism and other optical ailments. Given proper attention these ills may be adjusted and completely cured. At the first sign of a squint or a complaint of headache take the child in to

FIRST BLUE RIBBON PICTURE HERE NEXT WEEK

Beginning a series of pictures chosen by the Motion Picture Theater Owners of Texas for the best all round picture of the month, "Rookies" will be shown here next Monday and Tuesday in the Pastime Theater. These pictures are chosen each month from among the pictures released in Dallas and this one was the selection of the committee for the current month. The big companies put on their star specials and advertise them for months ahead of their release, thus telling the public they may expect a big picture. The Blue Ribbon Picture may not be known for the number of stars in the cast, but it will be certain to please the entire family wherever it is shown. The Blue Ribbon Seal will be displayed when these pictures arrive for the weekly programs.

MacDOWELL CLUB TO MEET IN COLLEGE AUDITORIUM

The rapidly growing MacDowell Choral Club will hereafter hold rehearsals in the College Auditorium, meeting each Monday evening at seven o'clock, according to a decision made at the meeting of this week. All previous meetings this Fall have been held in the homes of the members, but for the convenience of all it was decided to meet in the Auditorium, where the greater number of the Club's concerts will probably be given.

The meeting of Monday evening was held in the home of Miss Helen Martin. A regular rehearsal was held and much enthusiasm was shown by the large number of members who were present. New music has been ordered for the year's work, and upon its arrival, the Club will make definite plans for forthcoming programs. Miss Ruth Denison is director.

CLARENDON BOY IS MADE PRESIDENT SENIOR CALSS

The News was informed the first part of this week that Leon O. Lewis, Jr., was recently elected to the office of President of the Senior Class of the Business Administration Department of the University of Texas. This honor follows closely on the heels of other honors that have been conferred on this young man in the past few weeks. Leon has been a student in the Department of Business Administration for the past several years and has consistently made the honor roll of the school since he has been there. Many Clarendon people are watching the progress of this young man and are glad to see that he is doing good work in the University.

METHODISTS NAME LIONS HOLD A GREAT LUNCHEON

LOCAL CHURCH MAKES FINE REPORT AT QUARTERLY CONFERENCE FRIDAY.

The fourth quarterly conference for Clarendon station was held at the Methodist Church last Friday evening, October 7, at 7:30 o'clock. Dr. J. T. Griswold was in the chair and E. P. Shelton was elected secretary. The reports from the pastor and the various departments of church work showed that the Methodists have had a splendid year. The Sunday School has gone forward and is better organized today than ever before. The Epworth League has held up remarkably well and its programs are splendid. The Woman's Missionary Society has been active and efficient in carrying out the program of the church.

In the Spring the pastor did the preaching in the revival that brought new life and salvation to people. About sixty conversions will be reported to the annual conference and one hundred and fifty additions to the church. In the Methodist Church, the pastor nominates the official board for the new year, the conference elects. The following constitute the Board of Stewards for the conference year 1927-28: J. H. Hurn, C. C. Powell, M. M. Noble, D. O. Stallings, S. M. Braswell, W. A. Wilson, Ben Andis, Lee Holland, C. M. Lowry, E. V. Quattlebaum, E. M. Ozer, E. P. Shelton, L. H. Shelton, Nathan Cox, Dr. H. L. Wilder, Lester Schull, W. W. Gorman, J. B. Bartlett, David Johnson, Cal Merchant, B. Sanford, Dr. J. G. Sherman, Tom Goldston, O. W. Latson.

Trustees of Clarendon parsonage and church property. T. F. Connally, J. R. Porter, R. H. Alexander, A. M. Beville, Sr., J. H. Hurn, J. R. Bartlett, and O. W. Latson.

Chairman of the Christian Stewardship Committee: D. O. Stallings. Sunday School Superintendent: Judge J. R. Porter. C. C. Powell was elected recording steward. M. M. Noble was elected district steward. W. T. Hayter was elected charge lay leader.

MUCH INTEREST IS SHOWN AS LIONS MEET IN NEW PLACE.

The Lions met Tuesday of this week in a new place in the Antro Hotel and were much pleased with the final results of the new place. The room that has been termed the Sample Room of the hotel was fitted up with the tables to meet the demands of the Lions and all of their insignia was moved into the place to make it seem homelike to the members.

Following the close of the meal, Boss Lion Mukey stated that the office of Tail Twister had been left vacant by the removal of the officer from the city and that the house was open to nominations for that office. The members were told that they could nominate whom they pleased so long as they voted for Lion Boykin. Needless to state, Lion Boykin was elected unanimously to the vacant office.

Followed the introduction of guests in which Mr. Young of Saint Louis told the Lions of the matter of Academic Musical Education. In addition he explained the work as done under the new system that allows a student to complete the work in six years at a much lower cost than had been afforded in the past. Furthermore, he said, the work is done at home with the consequent gain in finances over the former plan of work and future study in a school some place other than in the home town.

Messrs. H. J. Harris of San Antonio and Lion Carl Hamilton of Childress were introduced by Lion Garrison, who asked Lion Hamilton to make the Classification speech that he had been holding for the Childress Club for so many weeks past. Lion Hamilton replied that he was leaving the Clarendon territory and wished to leave a good taste and that he preferred to leave without making any speech at all.

Mr. Harris spoke a few words in behalf of the new company that is taking over the Central Power and Light Company of this city and said

COLLEGE DEBTS ARE NOW PAID

\$42,000 SCHOOL BOND MONEY PAID OVER TO COLLEGE BOARD.

All the details relating to the transaction whereby the Clarendon Independent School District voted bonds for the purchase of a part of the old Cary and College property were completed Monday morning of this week and on final passage of the title and deeds the money was paid over to the local board of Clarendon College.

On specific direction of the general board of Clarendon College, the local board began at once the settling off of all indebtedness of the school, which totaled in round figures some twenty-nine thousand dollars, leaving approximately thirteen thousand dollars after all mortgages, accounts and salaries were paid. This amount is to be applied to refunding the famous \$21,437 donation by Clarendon citizens in the early months of 1925, according to agreement by the Northwest Texas Conference, and by order of the general board of trustees of the institution.

Accordingly, sixty per cent of the individual donations will be returned to Clarendon citizens in the next few days, and a later payment will be made as soon as the remaining property is liquidated. There remains to be sold the Boy's Dormitory and nineteen lots. There is also quite a sum to be collected on accounts due the school. The local board is in hopes that the funds received from the sale of the remaining property and the accounts will pay the remaining forty per cent of the twenty-one thousand dollar refund.

Local business men report that the paying off of the debts of the school has caused a noticeable pick-up in business, and the refund of sixty per cent of the twenty-one thousand dollars will cause even a greater reaction.

that they would endeavor to render service to Clarendon in as fine measure as had the old company.

The remaining guest of the day was W. E. Elkins of Midland, who was introduced to the club by L. B. Cooper, Dean of Clarendon Junior College. Mr. Elkins happened to the misfortune of losing his eyesight to a partial extent some five years past, and is unable to see other than dimly. Not to be downed by the difficulty, the young man has graduated with highest honors from the Blind Institute at Austin and has become quite an accomplished musician, playing the saxophone with a finish that many others have never been able to attain. His selections on his chosen instrument were greatly enjoyed by the Lions, who asked for more as the first group was completed.

Lion Boykin stated that the success of the Donley County Fair was now up to the business men of the city, and that the Chamber of Commerce needed some assistance in the Fair Hall to receive the entrants and get them placed and correctly catalogued. He also announced the special train for Friday and stated that there had been a committee appointed to welcome the visitors to the city on their arrival.

Lion Chase bore heavily on the welcome for the Amarillo people and stated that he thought there would be a good attendance here on that date.

Lion Braswell stated that the automobiles of the Lions should be placed at the disposal of the committee to meet the train when it pulled into the station and carry them over the city and show them the beauty spots that abound here. The Municipal College is to be one of the first spots that will be shown the visitors.

Lion Burton announced the football game and stated that it would be an even break from the start to the completion of the season. Lion Cooper stated that the Junior College had secured the required sixty students and that all was lovely on the hill.

Lion Patman urged the merchants of the Fair to do all possible to make the Fair a success and suggested that they at least clean the cobwebs out of their places of business and wear their best clothes and above all things to attend the Fair at some time during its stay here. Adjournment was had in the usual manner.

FIRST METHODIST CHURCH

Mrs. W. J. Ball and Mrs. Blakey of Alameda returned and visited with friends in this city Saturday.

ASHTOLA OFFERS HOME ECONOMICS

HOME DEMONSTRATION WORK GIVEN AS REGULAR COURSE BY MISS OLA MAE WATTS.

The girls of the Ashtola community are enjoying this year the advantage of a home management training course comparable to the one carried on in the better town and city schools. This is made possible through the co-operation of the school and the County Home Demonstration Agent. The Ashtola School owns complete and very modern equipment for home economics, having installed it when the present building was erected. School funds, however, do not permit the Board of Trustees to employ a teacher for this subject alone; so in selecting the teachers for this term, the Board decided to elect one to carry on home demonstration work in the school, under the supervision of the County Demonstration Agent. They also made the work a required course for all girls above twelve years old who were students in the school, and left it open for other girls of the community who cared to take it.

Miss Ola Mae Watts, who holds the Bachelor of Arts degree from Clarendon College, was secured for the position and as a teacher of sciences in the high school and intermediate grades. Miss Watts had academy and college courses in home economics, hence is well informed on the subjects she teaches in connection with the demonstration work. She also is exceptionally well qualified for the social phase of the work. She took an active part in student activities at Clarendon College, being a member of the Camp Fire Girls organization, the dramatic club, the glee club, and a literary society.

Under the supervision of Miss Eula Key, Demonstration Agent, Miss Watts directs the girls club work in Ashtola, following the course of study outlined by the Extension Department of A. & M. College. This work, usually carried on in weekly or semi-weekly meetings of the Four H Clubs, includes cooking, food preservation, sewing, embroidery, home improvement, home nursing, dietetics, interior decoration and handicraft. Miss Watts holds classes of forty-five minutes each three times a week. She gives the theory of the work and occasionally a demonstration to devote her entire time to the practice work.

This system naturally gives more thorough training than that used when the work is being carried on by the Extension Department agent working alone. The arrangement is a thoroughly practical one and is proving immensely popular with the girls and all patrons of the school. Ashtola is at present the only rural school in Donley County offering home economics in any form, but the success with which this school is meeting in the present arrangement is attracting the attention of other schools. Goldston School is planning to adopt a similar system in the near future.

PERSONALS

G. G. Kemp attended to business in Memphis Tuesday.

Malone Hagen of Amarillo spent the weekend here.

Mrs. Hendrick of Alameda was a shopper in this city Saturday.

Mrs. J. J. Justice of Goodnight was in Clarendon to shop Monday.

Cap Lane made a business trip to Fort Worth last weekend.

Mrs. Kendrick Rector of White Deer shopped here Saturday.

E. T. Pope made a business trip to Dallas Saturday night.

W. J. Ball of Alameda spent Sunday here with his son, W. L. Ball.

Miss Kate Balentine spent Sunday at her home in Quitique.

D. B. Pope spent Sunday at Quannah.

Mrs. O. M. Cosby of Memphis spent Monday here with her niece, Mrs. Earl Alexander.

Mr. and Mrs. H. C. Brumley returned Monday night, after spending two weeks in Dallas.

Mr. and Mrs. Claude Miller of Hereford visited relatives in this city Monday.

Mr. and Mrs. Otis Naylor are the proud parents of a boy, born Sunday.

L. C. Parker returned Monday evening from a business visit of several days in Ochiltree County.

Cal Merchant and J. R. Porter went to the Merchant Ranch in Hutchinson County Tuesday.

Mr. and Mrs. J. B. Newton of Memphis were among the shoppers in this city Saturday.

Misses Frances and Helen Cooke, who teach in Panhandle, spent the weekend at home.

Mrs. R. L. Shore of Goodnight was among the shoppers in this city Monday.

Mike Corbin and Jack Merchant, students in McMurray College at Abilene, spent the weekend at their homes here. Mike is a member of the McMurray football team and played in the game at Canyon Saturday.

LARGE DEMAND FOR TRUCKS ENDS CHEVROLET CARAVAN

The Chevrolet Truck Caravan which was to have been in Clarendon for an hour Wednesday morning has been disbanding and plans for the appearance in this city permanently canceled, according to John T. Sims, Jr., of the Sims-Bennett Chevrolet Company. This change in the program was necessitated by the heavy demand for Chevrolet trucks, which had so decreased the number of cars in the Caravan that further appearances were impossible. As the factory was unable to keep up with the demand, it was practically forced upon the makers to sell the trucks on the road.

PRESBYTERIAN CHURCH

Regular services may be expected at the Presbyterian Church next Sabbath; and you are cordially invited to worship with us. "Serve the Lord with gladness, come before his presence with singing. Enter into his gates with thanksgiving, and into his courts with praise." (Psa. 100: 2, 4)

FRANK DOBIE TO COMPILE LEGENDS OF SOUTHWEST

A book containing "Legendary Tales of the Southwest" is being written by J. Frank Dobie, associate professor of English at the University of Texas and editor of the publications of the Texas Folk Lore Society. Mr. Dobie will spend the coming year collecting material and writing, having been granted a leave of absence from the University.

THE BATTLE OF POWDER PUFFS

Some of our young folks are growing up under the impression that life's battles consist largely of powder puff engagements.

It isn't soft as that, boys and girls!

Success comes only to those who are well equipped and only those who have learned to save money are well equipped.

FIRST NATIONAL BANK THE OLD RELIABLE

ROBERT BURNS' SON MEMBER OF THE CRAFT

Washington, D. C., Oct. 12.—Robert Burns, Jr., the eldest son of Robert Burns, the first poet laureate of Masonry, followed in his father's footsteps and became a Mason, according to an article by Dudley Wright in the London Freeman. The article states that in 1891 at the age of eighteen Robert secured a position in the Accountant General's Department at the Stamp Office, London, where he remained for twenty-nine years. In 1831, having earned and obtained a superannuation allowance, he returned to Dumfries, Scotland, to visit his mother and decided to make his residence in that city. Later in the same year he was initiated in the Old Lodge of Dumfries, now known as Dumfries-Kilwinning No. 53, and, says the Minute Book, "it was agreed as a mark of respect to his illustrious descent, to elect him without payment of the usual fees." He took an active interest in the work of the fraternity and in 1845 was installed as Master of his Mother Lodge.

It will be remembered that his father was initiated in Lodge 51, David, Tarbolton, Scotland, in 1874 at the age of 22. He was later made a Knight Templar and Royal Arch Mason. During his life he held several Masonic offices.

In the House of the Temple of the Supreme Council, Scottish Rite Masonry of the Southern Jurisdiction,

there is a collection of 5,000 volumes known as the Burnsiana, which consists of the works of Robert Burns and commentaries thereon. These volumes were collected by Wm. R. Smith, 32 degree, and donated to the Supreme Council with the provision that they be kept intact in a special room. This interesting and valuable collection is viewed daily by many visitors at the temple.

LELIA LAKE FARMER SAYS 1927 BAD YEAR FOR POTATOES

W. P. Howard of the city of Lelia Lake was in Clarendon Friday of last week with some sweet potatoes that he raised on his farm near the aforementioned city. One of the potatoes weighed three and seven-eighths pounds and is a fair specimen of what can be grown in any country when the weather conditions are best. In addition to this one specimen of potato, Mr. Howard brought two hills of potatoes to the office of The News. One of these produced seven and seven-eighths pounds and the other was somewhat lighter than the first. Mr. Howard stated that the year was not of the best for production of any crops, but from his attitude, we gathered that he expects to be among the prize winners at the Fair that will be held here Friday and Saturday of this week. He states that he will also have an exhibition of Irish potatoes to show that they can be raised in Donley County as well as the tubers of the sweet variety.

TIRE PATCHES NUMEROUS NOW

WHEN IS A ROAD NOT A ROAD IS QUESTION CONFRONTED BY SUMMER MOTORISTS.

By E. E. Duffy.

With the falling leaves of autumn comes the time of year when patches on inner tubes are thick. The avalanche of country-seeking motorists is now dwindling to a mere trickle. Aside from the dusty penants fluttering from vantage points, there is no better record of the distance covered than the rubber squares and oblongs that bring back memories of enforced stops in the chill of a midnight rain or in the heat of midday.

The touring swarm has rediscovered that map mileage and ground mileage are two widely different things, and when modern road all that has been done there is a great deal more yet to do before the nation's highway construction job can be said to be anywhere near complete. Indeed, under the stimulus of transportation needs it may be able to hope that it ever will be complete, with a total mileage now above 3,000,000, most of which is still in the map stage. Incidentally, this fact has so far escaped general notice, that within the past ten years more than half a million miles have been added to the public roadways of the country. When modern road building began ten years ago the total mileage of all highways was then estimated to be around 2,500,000. Ever since, under the pressure of automotive traffic, the mileage has been creeping up.

To get an accurate measure of the construction task which lies ahead, there is, it appears, only one rule by which to separate map mileage from actual ground mileage. That rule, to repeat again, is embodied in the fact that a road is not a road in a strictly literal sense until it has been built so well that surface upkeep and automotive power cost have each been reduced to an absolute minimum. Until that point is reached, it is still a road in process, regardless of any or all public or private opinion to the contrary. Engineering facts are always hard to adjust with perferid oratory on the subject of state achievements, or with prideful reports that smack more of political conceits than of cold truth.

With this rule as a guide, roads in process and roads actually completed and in permanent service, may be brought into comparative review. Of the grand total of 184,000 miles embraced in the federal aid system, it is recorded that almost 75,000 had been improved up to July 1, 1927.

The entire system, as will be remembered, when complete, is to cover 184,000 miles. Deducting mileage so far improved from the total the remaining job in the federal aid system is found to be more than 109,000 miles long. That is, according to a flexible use of the word improved. This use, by the way, is legitimate and accurate in view of the prior condition of the road surface, but under a less flexible use of the word, and having in mind minimum road repair and car fuel costs as the main objective in all road building, an entirely different view of the unfinished part of the job shows up.

For example, on January 1 of the present year, the status of construction on the federal aid system stood at 68,000 miles improved with federal aid. In that mileage, however, it was found that 14,600 miles had just passed the stage of grading and drainage, that 4,000 was of the sand clay type, 25,600 of gravel, with other impervious types making up an approximate total of 49,300 miles of roadway in process, but listed under the general heading of improved.

So that, in reality the amount of mileage to be covered before the system reaches the minimum repair and fuel cost stage, was a great deal more than the 112,000 miles then awaiting improvement. It is not to be inferred, however, that the unfinished process mileage is to be shoved along toward the minimum cost objective without regard to actual traffic requirements. A great deal of the mileage which is now progressing through gravel, sand, clay and other impervious types must of necessity remain in that stage for some time to come because traffic volume is not yet sufficient to warrant higher types.

In order to keep the record straight, however, the motorist who goes out touring in quest of the modernized holy grail, which is healthful and inspiring pleasure, must be reminded that it is not that he is paying for roads faster than they are being delivered, but that he is calling for more roads faster than they can be built. The unpaved part of the highway job is a big one.

WAITE HOYT, BASEBALL STAR, BECOMES MASON

Brooklyn, N. Y., Oct. 12.—Many famous, national baseball stars were present at the initiation of Waite Hoyt, Yankee pitcher, into Kings County Lodge No. 511. He received the Master Mason Degree at the Flatbush Masonic Temple.

Prior to the conferring of the degree, Hoyt was the guest of honor at a dinner in the Union League Club, at which were gathered seven members of the Yankees and nine Masonic members of the Brooklyn Baseball Club. The former, led by Past District Deputy John H. Derthick and the latter by Dazzy Vance, were given a rousing reception in the lodge room and were cordially greeted by Benjamin F. Lawrence, Master of Kings County Lodge, who termed the communication "Flatbush Masonic Baseball Night."

WHAT'S DOING IN WEST TEXAS

West Texas Chamber of Commerce

San Saba.—Native varieties of pecans will have an even break with improved or cultivated nuts in the prize lists compiled for the first National Pecan Show to be held November 8 and 9 at San Saba, Texas. Premiums range as high as \$250 and none are less than \$25. Pecan growers of eight states are already taking active interest in the exhibition, and a large attendance is expected. The show is planned by pecan experts of A. & M. College and pecan growers of the South, with whom the San Saba Chamber of Commerce is co-operating.

Lamesa.—Between 60 and 100 editors who are members of the West Texas Press Association will hold their annual convention at Lamesa October 21 and 22. Secretary Wm. A. Wilson of the Lamesa Chamber of Commerce and others are completing arrangements for entertainment of delegates. The Chamber of Commerce is offering a prize of \$50 in gold for the best article on Lamesa and Dawson County prepared by an editor of the association visiting the convention.

De Leon.—General headquarters for workmen on the Comanche County highway being hard-surfaced through the section are being maintained here. Work is to be completed by December 1.

Olton.—The star mail route connecting Littlefield and Olton has been granted by the Postal Department, and became effective October 10. The new route is twenty and one-fifth miles long and will call for three weekly trips. The route has been sought for two years.

Hamlin.—The Farm Bureau Cotton Gin is Hamlin's newest enterprise now open for business. It is a purely local business and operated on a business basis by members of the Farm Bureau Cotton Association.

Crosbyton.—Frank Corn of this place recently bought 1,200 steers,

one, two and three year olds, for a consideration of \$63,500.

McCamey.—Pecos Cavern, situated on the lower bench of a small mesa near McCamey about half a mile off the Girvin road leading into the McCamey-Yates oil field, is being explored by local parties and exploited by them as a rival of the famed Carlsbad Caverns of New Mexico. Wonderful stalagmites and stalactites have been reported to exist.

Vernon.—A scientific and industrial survey of Vernon and Wilbarger County is being sponsored by the Vernon Chamber of Commerce as a preliminary step toward a program of industrial expansion for this section. The report from the survey, which will cover agriculture, commerce, and industry, is expected about the first week of January, 1928.

Lockney.—The city of Lockney has employed a water superintendent who began duties October 1 to take care of the pump station, run the water works system, act as fire chief, read water meters, and look after other such related work.

Claude.—The Armstrong County Poultry Association is working out a system of branding poultry of its members as a means of apprehending chicken thieves.

Coahoma.—The local water works system is undergoing a thorough repair and remodeling job. A new tank of 6,250 gallons capacity is a part of the program.

Odessa.—Elliot Hotel, Odessa's new \$200,000 fireproof hostelry of 70 rooms, is now open to the public.

POOREST BUSINESS MAN IS GOVERNMENT SAYS BORAH

Denver, Colo., Oct. 12.—The poorest business man this country has yet produced is the government, said Senator William E. Borah of Idaho

PLAN FOR THE FUTURE!

Think of the goal you would attain and make your plans to reach it.

He who has succeeded will tell you that the plan of saving is the best road to follow.

THE FARMERS STATE BANK

in a speech before the International Advertising Association here.

"To find out how we shall preserve personal initiative and the fruits of personal ambition along with conservation of the public interests and the advancement of the public good is to give new assurance to democratic principles," said the senator.

"For myself, I think the poorest business man which this country has yet produced is the government. The most extravagant and demoralizing form of government with which we are throughout history familiar is a bureaucracy. Some bureaucracy we must have, some we shall always have, but in the name of humanity, how much! And yet the problem is here—what are the proper limits of the functions and agency of government? To what departments of human affairs shall government authority extend, and how far and in what way?"

"It is a sound rule that the government should not undertake to do what the citizen can do equally well or better for himself. But this sound rule the government must disregard when individuals disregard

the welfare of the nation or the public weal.

"If those in charge of our great natural wealth and our utilities do not want government interference or ownership, it is largely in their hands not to have it. It is very generally recognized as a wise rule that the interests of society are best served by leaving use and control of property to the initiative, judgment and discretion of the owner.

DISSOLUTION OF PARTNERSHIP

TO WHOM IT MAY CONCERN:
The partnership of W. J. Ball and W. L. Ball, operating the Ball Drug Company, was dissolved by mutual consent August 23, 1927. W. L. Ball taking over the business and assuming all indebtedness due by the Ball Drug Company, Clarendon, Texas.

TESTED RECIPES

Furnished The News through Courtesy of Miss Eula Key, Home Demonstrator for Donley County.

SANDWICHES

Sandwiches form the basis of most lunches.

Material for Sandwiches: Bread to cut well must be a day old, although new bread may be used. Breads used may be white, Graham, whole wheat, rye, oatmeal, raisin, nut brown or a combination of two or more.

The butter should be creamed in order to spread it easily and smoothly. Avoid spreading butter or filling over the edge.

The fillings used determine the kind of sandwich.

Shapes: Bread is usually cut thinly for sandwiches, being about one-fourth of an inch for sandwiches for school lunches and thinner (one-eighth inch) for fancy sandwiches. The shapes may be square, triangles, oblongs or circles, with or without crust. If crust is to be removed, save it for bread puddings or crumbs. Cut bread with a sharp knife and make slices of uniform thickness. If bread is to be cut in fancy cutters, one can economize in butter if the bread is not spread until after being cut into desired shapes.

To keep sandwiches moist when they are prepared some time before serving, wrap in a damp cloth, or paraffin paper until ready to use.

Serving: If sandwiches are to be served at a party, pile neatly on a doily, on a plate or basket, garnish

with parsley, lemon, celery tips, nasturtium leaves or blossoms.

Suggestions for Sandwich Fillings

Meat and Meat Substitutes

1. All meats may be used alone or mixed with seasonings.

2. Ham, chicken or veal, minced fine, seasoned and mixed with cream salad dressing, hard cooked egg, may be added. Pickles or olives give variation.

3. Thin slices of tender meat, veal, beef, chicken, veal loaf and dried beef, etc.

4. Beef or tongue chopped finely with Worcestershire sauce or horseradish sauce.

5. Sardines, salmon, etc., boned, seasoned with paprika and lemon juice or mixed with salad dressing.

6. Sardines mashed to a paste, egg yolk rubbed through a sieve, seasoned with salt, pepper, and a few drops of lemon juice. Melted butter or mayonnaise.

7. Salmon and chopped pickles.

8. One cup chopped ham, 2 tablespoons ham fat pounded or ground until smooth, add 1-3 cup butter, 2 tablespoons cold Bechamel or white sauce. Pass through a sieve; add the sifted yolk of 4 cooked eggs, 1-2 teaspoon of mustard, 1 tablespoon chopped capers and a few drops of onion juice. Spread on bread.

9. Grated cream cheese, minced green peppers and cream.

10. Grated cream cheese and pimento.

11. Equal parts of cream cheese and nuts, moistened with salad dressing. Add a little salt and lemon juice.

12. Equal parts of grated cheese and chopped olives mixed with mayonnaise.

13. Hard cooked eggs chopped, mixed with grated cheese, butter and vinegar. Chopped ham may be added or pimento.

14. Chopped egg mixed with chopped pickle or relish.

15. Grated cheese, chopped walnut meats; use four slices of white and brown bread, alternating with

the filling between, or two of white and one of brown in the center; cut through in narrow slices showing layers.

16. Salted peanuts ground fine and mixed with cream or salad dressing.

17. Chopped celery or meat mixed with salad dressing or cream.

18. Peanut butter mixed with a small amount of milk or cream.

Cottage Cheese Combination

1. Cottage cheese, plain or mixed with pimento, olives or nuts and salad dressing or cream. Dried fruit chopped, such as figs, raisins, prunes, or dates.

2. Add chopped sweet or sour pickles to well seasoned fresh cottage cheese.

3. Add chopped English walnuts to cottage cheese. This will make a dark filling but a good flavor.

4. Chopped parsley, cottage cheese and salad dressing.

5. Chopped olives added to cottage cheese.

Foundation of All Sandwiches

Salad Dressings

Cream Salad Dressing

1 egg, slightly beaten

2 tablespoons vinegar

1 teaspoon sugar

1 teaspoon mustard

1-2 teaspoon salt

Dash pepper

1 cup cream, sweet or sour.

Method: Mix and cook until thick, stirring constantly. Will keep an indefinite length of time if kept in cool place.

Thousand Island Dressing

6 egg yolks, slightly beaten

5 teaspoons flour

5 teaspoons sugar

1-2 teaspoons black pepper

1 teaspoon mustard

1 teaspoon salt

1-2 cups vinegar

1-2 cups water

1 cup Wesson oil

1 large size can Carnation milk

1 can pimentos

3 large sour pickles, chopped.

Method: Mix together all dry ingredients and add to egg yolks; add milk, vinegar, pickles, pimento and water, cook until thick. Remove from fire and beat in Wesson oil. This makes about one-half gallon. Approximate cost, 80 cents.

Bean Sandwich Filling

1 cup beans, well cooked

1 pickle, chopped

1 apple, chopped

Salad dressing to moisten.

Method: Mash beans, add apples, pickle and dressing. Any other vegetable, as peppers, tomatoes or left-over vegetables may be added to above mixture which makes a pleasing spread for a school lunch.

Steamed Fruit Sandwich

1 cup stewed fruit, prunes, raisins, etc.

1 hard boiled egg or bits of shredded cheese

Peanut butter or 1-4 cup nut meats

Salad dressing to moisten.

Method: Mash fruit and add other ingredients as named.

Other Suggestive Mixtures

Fruit: Chopped dates, butter, orange or lemon juice, raisins and nuts ground and moistened with grape juice, banana and nuts.

Stewed apricots and coconut, salad dressing. Cut fresh bread while warm, spread with filling, and tie with ribbon (for parties only).

Meat and Meat Substitute

Any cold left-over meats mixed with dressing or cream. Tongue chopped finely with relish or sauce. Salmon and chopped pickle, dressing, sardines, etc., mixed with salad dressing or lemon juice and paprika. Grated cheese and chopped pickles or olives. Peanut butter or ground nuts mixed with salad dressing or cream.

Vegetables: Lettuce and tomato. Asparagus tips, string beans and celery. Pimento and butter made into a paste. Slices of bean loaf.

Nut Bread

1 cup white flour

2-3 cup Graham flour

1-2 cup brown sugar

1-2 teaspoon salt

1-2 teaspoon baking powder

1 teaspoon soda

1-2 cup nut meats

1 cup sour milk

2 cups Graham Nut Bread

2 cups Graham flour

2 cups white flour

2 teaspoons soda

1 teaspoon salt

1 cup molasses (thick)

2 cups sour milk

1 cup chopped nut meats

1 cup chopped raisins.

Method: Mix and sift together (let all bran stay in from Graham flour), add chopped nut meats and milk; pour into oiled baking pan and let rise 20 minutes. Bake in moderate oven until brown.

"In hog raising it is not so much the kind of pasture as it is the necessity of having a good pasture of some kind."—E. Z. Russell.

WHO PAYS THE TAXES?

"Who pays the taxes anyway?" is a question frequently asked but seldom accurately answered, and one concerning which there exists in the public mind much confusion and misunderstanding.

"Certainly I am not paying any taxes," says the man who owns no real estate or property of any description, "so why should I worry about the cost of public improvements or the number of people who are on the public payroll. It's no concern of mine."

But whether he owns property or not, man must live somewhere, and he must pay rent in some form or other. Even while he is complacently dismissing from his mind all concern about public expenditures, his landlord is figuring up the cost of maintaining the property, whether it be a magnificent hotel or apartment house or an humble shack, and in that cost he invariably includes the item of taxes. Taxes are an inevitable part of his overhead cost of doing business, and he must collect them from his tenants. In this respect the landlord is merely a collection agency for the state, the county, the city and the school district, and the renter, whoever he may be, or however far he may think himself removed from paying for the cost of government, is actually paying taxes in every dollar he puts out for rent.

The renter also buys food and clothing, he attends the theater and other places of amusement. If he travels he either buys a railroad ticket or rides in an automobile. Every piece of meat he buys, every meal he eats at a restaurant, every suit of clothes, every railroad ticket, every gallon of gasoline has included in its cost infinitesimal as it may seem, an item which is actually and in reality a tax.

A few years ago a prominent merchant in this state who had called upon the governor of the state to protest concerning the valuation placed on his stock of merchandise, became very indignant when the governor asked him why he was complaining about taxes. "You don't pay any taxes," the governor said, "for you include your taxes in your cost of doing business and pass them on to your customers." It is only the ultimate consumer, the governor continued, "who pays taxes. You assess men only collect the taxes for the state, the person who actually pays them is the man who buys what you have to sell."

In every industrial enterprise the item of taxes is included in the cost of doing business. One of the first things to be determined in the operation of any property, whether it be a farm, a factory, a railroad, a mine or a store, is the amount of taxes that will be assessed against the property.

Insofar as the producing mines of Arizona are concerned, they are at a peculiar disadvantage in not being able to pass on their tax costs in selling their products. Arizona copper is sold in a world market, the level of which is fixed by domestic and foreign consumption and the cost of production in foreign countries where wages are low and taxes far below those which prevail in America. As a result the mines in this state find themselves compelled to absorb the tax burden which is placed upon them, and to the extent that it exceeds the tax burden borne by their foreign competitors, they are at a disadvantage.

The Arizona farmer, the cantaloupe and vegetable grower and the livestock raiser, whose products are sold in a national market, find themselves in the same situation with the mines. They are unable to pass on to their customers the tax burdens which they are compelled to bear, because their products are sold in markets which they do not control and whose prices they are unable to dictate. Just as the mine operator does not fix the price of the copper he sells, so the cantaloupe grower or cattle raiser is compelled to dispose of his product at the prevailing market rate in New York, Chicago or Kansas City on the day that his product reaches that market, and he cannot include his taxes in the price he is to receive.

But with the merchant, the banker, the local business man and the landlord as stated above, the amount of the tax burden is simply passed on to the ultimate consumer. In the case also of many of the large manufacturing corporations this is true, but in this state the industries upon which prosperity and industrial development is founded, namely, agriculture, stock raising and mining, find themselves by reason of the fact that they must sell their products in a market over which they have no control, compelled to accept and absorb the tax burden imposed upon them.

It rests, therefore, with every cit-

izen in this state to take an active interest in seeing to it that not a dollar is spent for public use that is not needed—that does not represent an actual necessity, or that is beyond the ability of the taxpayers to meet.

It is in the interest of every taxpayer, whether or not he owns property, and no matter how far down the line he may be, to co-operate with his fellow taxpayers in reducing the number of employees in public service to an efficient and businesslike basis, to eliminate anything savoring of pork barrel expenditures, and to have everyone in public service giving one hundred cents in work for every dollar they receive.

In the final analysis it is the man down the line, who although he may rent the house in which he lives and may own no personal property listed on the tax rolls, who is called upon, together with the producer who must dispose of his product in a world market, to absorb the entire burden of taxation represented in everything he buys, uses, wears, or eats.—Editorial, Arizona Taxpayers' Magazine.

CLARENDON FANS ATTEND McMURRAY-W. T. S. T. C. GAME

Among the spectators at the football game played by McMurray College and West Texas State Teachers College at Canyon Saturday were a number of fans from Clarendon, including: Coach J. G. Hutton of the High School, Coach Frank Stocking of the Junior College, Mr. and Mrs. W. H. Corbin, Pete Corbin, Leonard Parker, Meade Hails, Bascom White, Jim Reese, O. T. Smith, and Frank Whitlock.

This interesting game held an extra thrill for the Clarendon delegation, as the generalship of Mike Corbin, former captain of the Clarendon College Bulldogs, playing with McMurray, was the outstanding feature of the play. Corbin, quarterback of the Abilene team, directed the Indians like a young Napoleon, sending attack after attack against the Canyon defense, in search of a weakness which he located once in the first quarter and again in the third. He maintained at the same time a near perfect defense, which permitted McMurray to win, 13-0.

You see all the road when you drive a Buick

The dreaded "blind spot" is gone forever! In Buick for 1928 closed car front posts are narrowed so that all the road, ahead of you and at the side, is clear.

And thanks to the efficiency of Fisher craftsmanship, these slim corner posts have even greater strength than the type formerly used.

See a Buick for 1928 at the nearest showroom. Get behind the wheel and prove for yourself how clearly you can see all the road from the driver's seat.

SECRETARIAL SCREENINGS

CLARENDON CHAMBER OF COMMERCE
G. L. HOYKIN, Secretary

By the time this issue of The News is on the street all will about have been done that could have been done to make the Donley County Fair a success. Those in charge of the Fair certainly appreciated the co-operation from all over the county and wish to thank each and every one that had any part in the Fair in any way.

Let all start now to planning on a bigger and better Donley County Fair for 1928. This county has had

one of the best Fairs between Fort Worth and Amarillo. Let's do it again. However, let's remember it takes an entire citizenship to make a fair as well as any other community enterprise a success.

The next big move is a real honest to goodness trades day for Clarendon. Several business men have asked for it and we will get a committee to working soon.

Did you ever stop to count on your fingers the new enterprises and activities that are going on in this city? Unless you have more than the usual number you will not have enough to count them.

There are plenty signs of progress in Clarendon, if you don't believe it, try to drive your car down a Clarendon alley at night without lights.

Miss Ruella Dubbs is in Amarillo attending a business college.

CLARENDON HOLDS DISTRICT COURT PAMPA TO 0-0 TIE HAS LIGHT DOCKET

BRONCHOS SHOW HUTTON'S TRAINING, HOLDING OWN AGAINST HEAVY TEAM.

The game between the Clarendon Bronchos and the Pampa Harvesters played at Pampa last Friday ended in a scoreless tie. It was a good game from the spectators' point of view and enthusiasm was at a high pitch.

Pampa won the toss and elected to kick to the Bronchos. The Bronchos fumbled about the third play but recovered a Pampa fumble a short time later and so evened the count. The Bronchos took the ball from that point to the twelve yard line but were held for downs with one yard to go. Pampa kicked and the ball sailed back and forth for the rest of the half until the closing minutes, when the Bronchos made a decided spurt for the Pampa goal. The whistle ended their chances, however, with the ball on the fifteen yard line. These two opportunities were as close as either team came to scoring throughout the game.

Pampa outplayed the Bronchos in the second half but stubborn defense kept them from scoring, although they were around the twenty yard line twice during the half. The Bronchos reached the twenty-five yard line once during the half and tried a place-kick which fell short of the goal. Clarendon seemed to content themselves with kicking in the second half and offered a stubborn defense to Pampa's lateral pass. Darnell's kicking was one of the features of the game. He intercepted one of Pampa's passes and was clear of all except one man of the Pampa team when he was downed.

From all appearances the Pampa team outwitted the Bronchos about eight to ten pounds per man, but what the Bronchos lacked in weight they made up for in fight. It is hoped that the Pampa team can be brought down here later in the season to show them that the Bronchos can trim them in their own back yard.

YEARLINGS PLAY BULLDOGS FRIDAY.

COLLEGE FOOTBALL GAME TO BE A LEADING ATTRACTION AT THE FAIR.

Local football fans and visitors to the Donley County Fair may look forward to a hard fought gridiron contest Friday, when the Yearlings of the West Texas Teachers College and the Bulldogs of Clarendon Junior College play at College Park. In this game the Bulldogs will, as usual, be outweighed several pounds to the man, but not withstanding this handicap, the dope indicates the teams are about evenly matched. In the game between the Buffaloes and the Bulldogs two weeks ago, the Yearlings played a part of one quarter and during that time it was a tug of war between the two teams, neither being able to make any substantial gains. Tomorrow's game will not be a runaway for anybody.

The famous Gold Medal Band of Memphis, directed by Paul James, an Amarillo band, and the Clarendon Municipal Band will be on hand to pep things up for players and spectators at the game.

Everything considered, it should be one of the best games of the season. Superintendent H. T. Burton and Coach Frank Stocking solicit the support of Clarendon people for the Junior College team, and by support they mean the presence of a large crowd at this and other games the Bulldogs will play this season. The team has already shown an unexpected strength and is growing better with each day's training. What it needs most at this stage of the game is heavy grandstand support, say the coaches.

SUNNYVIEW FARMER BRINGS GRAIN SAMPLES TO FAIR.

W. C. Corder, who lives in the Sunnyview community, about six and a half miles Northeast of Clarendon, brought some very fine samples of maize into the News office Wednesday afternoon and later placed them in the grain exhibit of the Donley County Free Fair. Mr. Corder says he has twelve acres of the maize and the samples indicate that crop will compare favorably with any produced in the best of years.

DR. J. T. GRISWOLD TO PREACH HERE SUNDAY.

Dr. J. T. Griswold, Presiding Elder of the Clarendon District, will occupy the pulpit of the First Methodist Church at the eleven o'clock hour next Sunday. The Reverend Eldridge, pastor of the Methodist Church of Hedley, will preach at the evening service, which begins at 7:30. The usual good musical program of the church will be heard at both services. A cordial invitation is extended to the general public to attend the services.

CITY BUYS NEW PUMPER FOR FIRE DEPARTMENT

The City of Clarendon has let the contract for a new 600-gallon Seagrave Auto Pumper, which will be added to the equipment of the City Fire Department. The pumper is the most modern and perfected piece of machinery obtainable and will add much to the efficiency of the local fire department.

ONLY 23 NEW CASES PRESENTED FOR SIX MONTHS' PERIOD; FEWEST IN 4 YEARS.

When district court convenes here October 17, Judge C. C. Small will have before him the lightest docket the county has presented in four years. Of the twenty-three appearance cases, fifteen are suits for divorce. There are, however, a number of important cases to come up in this term, including a murder case which was transferred from Hall County on change of venue.

Criminal Docket
State of Texas vs. W. M. Jackson, incest; Jack Henderson, theft; Bob Perry, selling liquor; W. L. Gray, failing to render aid; J. B. Sparks, burglary; Charlie Robertson, transporting liquor; Margaret Knauft, selling liquor; R. L. Abel, manufacturing intoxicating liquor; J. T. Pace, selling liquor; Charlie Shaw, perjury; Raymond Everett, perjury; Grover Moore, perjury, and a murder case transferred from Hall County.

Civil Docket
Pearl W. Tarwater et vir vs. Donley County State Bank, suit for debt; J. W. Lyon vs. Dr. Wm. Gray, damages; Lillian Pitman vs. Benevolent Association, insurance; Galbraith-Foxworth Lumber Company vs. Henry Halter et al, debt and foreclosure; D. L. Walker vs. Farmers' Equity Union, suit on account; Galbraith-Foxworth Lumber Company vs. B. F. Wallin, garnishment; M. C. Coker vs. Katie Coker, divorce; Virgil Williams vs. May Williams, divorce; Texas Employers Association vs. Lula Seals et al, to set aside award.

Appearance Docket
L. B. Taylor vs. May Taylor, divorce; Hall County Investment Company vs. J. W. Crisler et al, suit on vendor's lien notes and foreclosure; Maie Beckwith vs. L. E. Beckwith, divorce; C. D. Samlinger vs. W. W. Darden et al, suit on note; International Supply Company vs. A. and T. Drilling Company, debt; B. A. Bone vs. Maud Bone, divorce; Chas. T. Sailer vs. H. C. Barber, try title; Annie Crouch vs. D. A. Crouch, divorce; Ruth Sanders vs. Wm. Sanders, divorce; Lula A. Crowder et al vs. E. P. Crowe et al, partition; Lillian Marshall vs. W. F. Marshall, divorce; E. R. Rogers vs. Marie Rogers, divorce; H. H. Reeves vs. Leila Reeves, divorce; Elbertine Thompson vs. J. A. Thompson, Jr., divorce; Roberta Wallace vs. Leo Wallace, divorce; Mrs. Lula Reneau vs. E. L. Reneau, divorce; L. R. Bates vs. Emily Bates, divorce; R. L. Morrison vs. W. B. Haile, suit for commission; Emma Kirkland vs. Guy Kirkland, divorce; W. A. Morrison vs. Jessie Mae Morrison, divorce; B. J. Wallin vs. Lou M. Warren et al, to enjoin execution.

"B" BATTERY 133RD TO HOLD REUNION AT DALLAS FAIR

The News is in receipt of a letter from the commanding officer of the famed "B" Battery, 133rd Infantry, stating that they will hold a reunion in the Dallas Fair grounds during the entire duration of the event. The tent for registration will be on the left of the entrance gate, where there will be a register and many of the old time buddies to make a reception committee. The former members of this organization in this part of the state are asked to lock up their buddies when they are at the fair.

CLEAN MILK PRODUCTION ON THE DAIRY FARM

A new pamphlet on "Clean Milk Production on the Dairy Farm," which was written by F. B. Green, D. V. M., field supervisor of milk sanitation, state department of health, is now ready for distribution, and will be sent to anyone upon request, according to announcement by Dr. J. C. Anderson, state health officer.

This pamphlet gives simple regulations governing Grade A milk production, and is so written as to be easily understood. The possibilities of Texas being the greatest dairying state in the Union are excellent, according to Dr. Anderson, as milk production in the state is greatly on the increase since the inauguration of the statewide milk sanitation program, started by the state health department some two years ago, and it was for the purpose of furthering this program that the pamphlet on Clean Milk Production was made available to the public.

P. T. A. OF JUNIOR HIGH SCHOOL TO MEET OCT. 20

The Parent-Teachers Association of the Junior High School will meet Thursday, October 20, at 3:30 p. m., for the first lesson in the new course of study, "The Child, His Nature and His Needs." The program for the afternoon will be an interesting one. All patrons of the school, particularly the parents of children in Junior High School, are urged to attend this meeting and become members of the Parent-Teachers Association.

VETERINARIAN IS CONVICTED FOR PRACTICE SANS LICENSE

A trial that has attracted considerable interest among the veterinarians of this section of the state and among the board and other officials of the State Board of Examiners was held during the past term of county court here. The defendant in the case was J. A. McBoe of the city of Memphis, who was tried for practicing without the customary license. Thompson and Myers were the prosecuting attorneys, while the defendant was represented by W. T. Link of Clarendon and Allen Grundy of Memphis. The secretary of the state board was chief witness for the state. A number of those most vitally interested in the case were in the city for the trial and watched the outcome of the case with much interest. The defendant in the case was found guilty and his punishment was set at a fine and costs of the case. This was the first offense of the defendant and the punishment was accordingly lighter than it will be in case other offenses are committed.

Mr. and Mrs. Rufus Dawkins left Friday to attend the Dallas Fair. Later, they will visit relatives in Texarkana and De Queen, Arkansas.

Mrs. Tom Kennedy returned home Thursday night, after being in a Temple hospital for several weeks. She recently underwent a major operation.

Miss Connie Davis of Quitque spent the weekend here as a guest in the home of Mr. and Mrs. W. L. Landers. Miss Ruby Lee Landers was also here from Amarillo, where she is teaching this year.

MORE THAN NINE MILLIONS SPENT ON TEXAS ROADS

CONTRACTS AWARDED FROM MARCH TO SEPTEMBER BRING TOTAL TO \$9,028,878.

Austin, Oct. 12.—From March 10 this year to September 26, the State Highway Commission has awarded contracts totaling \$9,028,878 for the construction and maintenance of highways and for bridge building, according to figures given out by R. A. Thompson, state highway engineer.

This sum was divided into \$8,188,757 for the construction of roads, including 196.8 miles of concrete highway and \$930,121 for maintenance of 393 miles of state highways. This represents the total amount expended in contracts by the present commission since their installation. The figures revealed that contracts have been awarded during the period for the construction of 265.7 miles of grading and drainage structures at a cost of \$1,491,001. Bituminous topping of 63.6 miles of state highways, according to contracts awarded, cost \$498,960. For the construction of bridges, the commission has awarded contracts amounting to \$477,949. Miscellaneous including improvement of short patches of roads, amounted to \$4,040.

Contracts totaling \$896,402 have been let by the commission for placing bituminous topping on 393.7 miles of road. Bridge repair work cost an additional \$67,718.

The present commission, consisting of R. S. Sterling, Houston; W. R. Ely, Abilene, and Come Johnson, Tyler, has awarded contracts for an average of a million and a quarter dollars a month for the six months it has been functioning.

The last statement released from the state treasury shows that the highway department still has a cash balance of more than \$5,000,000. The greater portion of the revenue of the department is derived from the three-cent gasoline tax, three-fourths of which goes to the highway commission. Another source of income is the automobile registration fee.

"B" BATTERY 133RD TO HOLD REUNION AT DALLAS FAIR

The News is in receipt of a letter from the commanding officer of the famed "B" Battery, 133rd Infantry, stating that they will hold a reunion in the Dallas Fair grounds during the entire duration of the event. The tent for registration will be on the left of the entrance gate, where there will be a register and many of the old time buddies to make a reception committee.
