## Highway 5 Survey In Donley Is Ordered

### COUNTY COMMISSIONERS SET ASIDE FUNDS FOR A SURVEY AND FINAL DESIGNATION OF STATE HIGHWAY 5

#### FIRST STEPS IN MOVE TO PAVE STATE HIGHWAYS IN DONLEY COUNTY MADE BY COMMISSIONERS COURT TUESDAY ON APPEAL OF CITIZENS—DISTRICT ENGINEER FRENCH PRESENT.

Rapid crystallization of sentiment in Donley County for paving of the state highways was officially recognized Tuesday of this week when the commissioners court voted funds for the settlement of the final routing of Highway No. 5, through the county. State and Federal engineers will do the work and their survey will come back here as the official order of the highway commission, which will set at rest all doubts as to whether the road will run through Lelia Lake, Hedley and Giles, to the east of Clarendon.

The commissioners court has been in full sympathy with the sentiment in Clarendon and this section of the county, that nothing definite in calling a bond election for paved roads should be done until every vestige of doubt concerning the routing was cleared away, it being the consensus of opinion that no voter should be asked to vote for a bond issue without knowing just where the road was to run.

District Engineer French of the Highway Department was here in conference with the court and expressed himself as being much concerned with the highway development of this county, as the state is spending more money proportionately in Donley County for maintenance than any other counties of this section with two exceptions. Mr. French says the highway commission will join with Panhandle counties to the extent of twenty-five or thirty million dollars in bonded highway construction within the next five years.

Many local citizens and a committee of the Clarendon Chamber of Commerce were present at the hearing held in the county judge's office Tuesday, and all expressed employment of engineering aid in themselves as favorable to the settling of the route of No. 5 highway through this county, as being the first step in road improvement, and before any petition is circulated praying for an election to be called for the issuance of a county-wide bond for paved highways.

According to Mr. French, the routing of Highway 66, paralleling the Rock Island railroad in the north end of the county, has been definitely fixed on the north side of the tracks, which shortens the mileage in Donley County and will probably effect some change in business locations in Jericho.

Judge Porter says that renewed effort will be made to get a designation of the route from Clarendon to Silverton, as a prolongation of Highway 88 from Pampa to Clarendon. Mr. French admits that this important route to Donley County has a fair chance of designation.

### LES BEAUX ARTS SHOW PICTURES

#### REPRODUCTIONS OF FAMOUS PAINTINGS TO BE SHOWN IN GOLDSTON BUILDING

The citizens of Donley County will receive an excellent opportunity to see a group of 150 prints taken from some of the old masterpieces when the Les Beaux Arts Club brings a selection of this nature to Clarendon on March 6th, 7th, and 8th. The pictures in the group include reproductions from both ancient and modern artists of the French, Italian, Flemish, English, Dutch, Spanish, Cornan and American Schools of Art. All of them have been reproduced directly from the originals and show the coloring and technique of the artist who painted them.

This showing will be held to obtain funds for the purchase of additional pictures for the Public Schools of the city. It is possible that some of the prints shown at the exhibit in Clarendon will be among those secured. The exhibition is open to everyone, and will prove as interesting as a trip through some of the great art galleries of the Eastern states.

Mrs. J. R. Porter visited with friends in Amarillo Wednesday of this week.

Miss Virginia Franklin and Mr. William A. Vance of Groom attended the Couch-Southern wedding here Thursday of last week.

### A-T WELL HOPES TO COMPLETE UNDER REAM SOON

The long expected fuel supply for the A-T well arrived the latter part of last week and is now in place and is being used. Operations on the well for the past week have been restricted to under reaming in an attempt to find a seat for the last string of casing that was placed in the well. Late advices state that this is expected to be finished by the latter part of this week and the casing set. If the drillers fail to secure a sound footing, they will cement the hole and provide an artificial footing and then proceed with making new hole. Local predictors who are in no manner connected with the well are stating that things are certain to happen when the work is started on making the new depth.

### LOCAL CHURCHMEN ATTEND DALLAS MEET

Presiding Elder W. M. Murrell, Rev. S. E. Allison and Judge J. R. Porter are in Dallas in attendance on a meeting called jointly by Bishops John M. Moore and Sam R. Hay, of the presiding elders of Texas and New Mexico, and one pastor and one layman from each district in the two states. The meeting is called to consider the educational institutions of the territory involved and other matters pertaining to church welfare. The Clarendon men will return Friday.

### DENVER ROAD SPEEDS TRAIN

#### NIGHT TRAIN TO GET HERE ALMOST HOUR LATER THAN AT PRESENT TIME

The following item appeared in the Amarillo Daily News of Wednesday morning and will be of interest to the readers of the News. Train service from Clarendon will be speeded up to such an extent that the train now leaving here at 7:12 P. M. will probably depart at 8:02 P. M. The hour of leaving Amarillo has been delayed one hour, and a part of that time will be made up in each sixty mile division on the road. Officials at the depot in Clarendon have not received information on this matter, and the schedule here is only approximate.

A faster schedule on the Fort Worth & Denver's overnight train from Amarillo to Fort Worth and Dallas, has been announced, effective Saturday of this week.

Train No. 8, now leaving here at 5:20 in the afternoon, will depart one hour later, or at 6:20, but will arrive at Fort Worth and Dallas at the same time as the present schedule. Under the improved service a full hour will be cut off the overnight run. The train reaches Fort Worth at 6 A. M. and Dallas at 7:45. The train will reach Amarillo from Denver at 5:50 in the afternoon.

"Unexcelled dining car service, well-ballasted roadbed and heavy steel place us in position to offer the best there is to the public," said F. B. Poole, general agent in Amarillo for the Denver road. No change in the arrival or departure of other Denver trains in Amarillo has been made. The road now operates three trains daily to Fort Worth and Dallas out of Amarillo.

### NEWS ADVERTISING RATE TO BE RAISED APRIL 1ST

On account of the increased circulation and service of the Clarendon News, a small increase in the transient advertising rate will be effective on April 1st. The rate will be raised from 35¢ per column inch to 40¢, but will not effect regular contracts now in force.

Last Fall the News spent nearly two thousand dollars to secure greater and more complete coverage of Clarendon's trade territory and to extend its area through advertising, but on account of contracts for the year no advance in rate was made. Since the first of the year the subscription list has grown every week, and most all contracts for 1928 will have been concluded by April 1st, so the effect of the raise will be negligible except to occasional advertisers, and to out-of-town concerns who buy space only occasionally. Survey of five thousand newspapers in the United States discloses the fact that the cost of handling display advertising is easily twenty per cent higher than regular run advertising.

With a list of around two thousand subscribers in the territory the News feels that the new rate is justified by every law of return and value.

### LEGION POST IS REVIVED HERE

#### SPLENDID GATHERING HELD MONDAY EVENING IN ANTRO HOTEL CLUB ROOM

A called meeting of former Legion members and ex-service men was held Monday evening of this week in the Lions Club room of the Antro Hotel with a splendid attendance. Thirty-one reported for duty, which is reported to be the largest gathering held by a body of this nature since the post was first organized.

As temporary chairman, Clyde Douglas called the Post to order and stated the nature of business to be transacted. Temporary officers were named and will be: Post Commander, Nat S. Perrine; Post Adjutant, Roy Clappitt. With Commander Perrine in the chair, a lively discussion followed in which plans were laid whereby the reorganization of the Post could be effected.

A nominating committee was named, to present the names of three men for each of the following offices of the Post: Post Commander, Vice Commander, Post Adjutant, Chaplain and Sergeant-at-Arms. Monty Garrison, Ernest Hunt, Clyde Douglas, Roy Clappitt and H. B. Spiller were named as this committee.

A second committee was named, whose duty it will be to call upon all eligible Legionnaires and solicit their membership in Aubyn E. Clark Post. This body will be composed of Charles B. Trent, Clarence E. Miller, Ralph Andis, Roy Robinson, Scott A. Burnam, F. E. Caraway and G. Lester Boykin.

March 12th was set as the next meeting date, at which time the reports of the nominating committee will be heard and the officers elected for the ensuing year and other matters of organization will be completed. It is hoped by the members of the organization that a full attendance will be had and that many new members will be in evidence at this time.

The following have signified their intention of making connection with the Post: Ralph Andis, Barcus, Antrobus, Dr. Scott A. Burnam, Prof. H. T. Burton, Roy Clappitt, Nathan Cox, Prof. L. B. Cooper, F. E. Caraway, Clyde J. Douglas, Sam Dyer, E. H. Fitzgerald, Monty Garrison, Joe Holland, Ernest Hunt, Geo. C. Jones, S. H. Jones, R. H. Jensen, Clarence E. Miller, R. W. Moore, Price Morris, Nat S. Perrine, Ernest Pope, Judge J. R. Porter, Roy Robinson, John J. Robinson, Jack Rutherford, Milton Shaver, Dr. C. G. Stricklin, Benton B. Tatum, Curtis E. Thompson and Chas. B. Trent.

### COUNTRY CLUB RE-ELECTS BOARD

#### ANNUAL MEETING OF CLARENDON COUNTRY CLUB TUESDAY EVENING

A fair attendance of the membership of the Clarendon Country Club met in annual session Tuesday evening at the Queen Theater for the election of the board of directors and such other business as might come before the body.

The old board of directors composed of J. W. Martin, H. Kennedy, F. E. Chamberlain, Phillip Gentry and W. W. Taylor was unanimously re-elected to serve for the coming year, but on account of the absence of a few of the board, its organization and election of officers for the new year was postponed until a called meeting in the next few days.

Certain improvements relating to the water system of the club were discussed and passed up to the board for detailed adoption. It is planned to increase the supply of water for irrigation of new grass set and additional flowers and shrubbery, it being the aim of the officials of the club to make the grounds second to no country club in the Panhandle in landscape beauty and cultivation. Additional fish will be secured from the state and federal hatcheries in the coming year.

The usual annual picnic for the members and their guests will be held on July 4th, and committees will be named in ample time for all arrangements for this event which has become so popular.

There are now forty-four members in the club, leaving six vacancies yet to be filled to bring the club up to full strength as provided by the charter.

### COLLEGE INSPECTOR HERE GOING OVER COLLEGE WORK

J. R. Reid of the State Department of Education was in Clarendon Tuesday and a part of Wednesday of this week looking into the records and work of the Clarendon Municipal Junior College with an idea in view of giving state recognition and affiliation for the work done in the past year. Work cannot be received from the state authorities until after Mr. Reid has reached Austin and the Clarendon people are watching the decision of the state department with more than passing interest.

### BUGBEE NOMINATED FOR POSTMASTER POSITION

An announcement appeared in the Dallas News Wednesday of this week under a Washington date line of February 28th stating that Charles Bugbee had been nominated for the place of postmaster in Clarendon. The nomination of Mr. Bugbee was made along with a number of others for the state of Texas. In almost all cases, it may be said that the nomination will take effect and that the man named will be appointed to the place.

Miss Opal Gilstrap, state inspector of public schools, Dr. Reed, college inspector and Mr. Conn rural school inspector were in Clarendon this week.

### SCHOOL BOARD VISITS LIONS

#### COLLEGE INSPECTOR AND ROAD MAN SPEAK BEFORE GATHERING TUESDAY

Attendance on the Lions Club was splendid Tuesday of this week and the spirit was found to be the very best that has been evident for a number of weeks. Thirty-four Lions and ten guests were present, with the entire school board and some other visitors above the number of Lions present.

The District meeting at Borger was mentioned and a committee composed of Lions Bartlett, Parsons, and Watson was named to build a delegation to attend the meeting and report at the next luncheon. The meeting is scheduled to hold in Thursday, March 8th and a good attendance is asked from the Clarendon club.

At this time in the luncheon, guests were introduced. They are: F. E. Chamberlain, President of the Clarendon Independent School Board, C. C. Powell, Secretary of the Board; J. W. Martin, W. M. Montgomery, W. H. Youngblood and W. W. Taylor. Introductions were made by Lion Watson, who is a member of the board. Mr. Frank L. Bynum of Amarillo, J. R. Reid of Austin, M. M. Noble and W. A. French of Amarillo were the others of the guests.

J. R. Reid of Austin, who was in the city for the purpose of inspecting the college with an idea in view of getting recognition, was allowed as much time as he chose to speak on the junior college situation in the state. Thirteen colleges have been organized in the state in the past few years and only one of them has been discontinued. The schools have met with many difficulties, most of them in the financial field, but none of them have been decided failures in the number that have been organized.

The Junior school occupies quite a unique position among the schools of the state, in that there is no legislative aid, or constitutional assistance provided for such a school since the organizers of the state had never considered the High Schools of the state going further than the eleventh grade, or filling the place now occupied by the High Schools of first rank. Ordinary towns with a valuation in the school district of \$10,000,000 and an attendance of 500 in the High School are able to support a Junior College with nicety, and with little additional cost to the tax payers of the community.

Four means are in practice in the state for maintaining these schools. The first of these is by charter, and is in effect in one school of the state. The charter was granted carrying the clause that the school should be supported by the school district in which it was organized. The second means to support the school from a large enrollment, charging a reasonable tuition and small fees. The third is to support the school partly by tuition and the other part by drawing from the available school funds. The last and fourth method in effect in some of the schools is to get the backing of the surrounding towns and

### PROGRAM FRIDAY IS THE BEST HELD

#### BEST ATTENDANCE EVER REGISTERED IS SEEN AT ANNIVERSARY MEET

The celebration staged in the Masonic Hall on Friday evening of last week in commemoration of Washington's Birthday was the best that has ever been held by that body in this city. 165 guests were served with plates before the opening of the program proper and practically the same number were served with the refreshments at the close of the hour.

The program was handled in a very effective manner by W. H. Patrick as Master of Ceremonies, not the slightest hitch being detectable throughout the entire evening of entertainment. One change was made from the program as printed in the last issue of the News, that being in the invocation, which was given by Rev. S. R. McClung in the stead of L. O. Lewis, who could not serve.

All parts of the program passed off on schedule time and the hour was not late when the final number was heard and the guests took their departure from the hall. The event was such an unqualified success that plans were immediately set in motion for a similar event in the near future when the ladies are to entertain the men.

The program committee composed of Messrs Walter Lowe and Bennett Kerbow have received many compliments on every side from those who enjoyed the meeting. Refreshments were planned and executed by the Ladies of the Christian Church and were served to the gathering under the direction of Messrs Frank Whitlock and Allen Bryan.

Informants of the News state that all portions of the program were so well rendered and that all parts of it passed so nicely that no one part was better than any of the others.

communities and ask them to sign articles that are in effect, promissory notes. When a deficit occurs, these signers are called upon to pay a percent of their note to the maintenance of the school, thus keeping the school well under way. These notes are made for two years time and will usually carry the school for a sufficient time to allow it to get on a sound financial basis.

From experience with the Junior High School plan in the state, it has been learned that the usual cost for a school of this nature will run from \$14,600 to \$20,000 per year, according to the plans carried out and the work done. Service Clubs in all parts of the state have done a great bit in working with the Junior College movement and their part in the further development is to be watched with much interest. Instance of the work of the various clubs of like nature with the Wichita Falls Junior College was given due place.

Mr. Reid asked that the club ask some one of the members of the present faculty to speak before the club and give the needs of the school that the club might have some idea as to what was needed and where their assistance would be more needed.

W. A. French of Amarillo, District Road Engineer was another guest of the day. He stated that more money was spent on the roads of Childress, Donley and Wheeler Counties each year than any other counties in the Panhandle. He further stated that the use of this money could show no results since the soil conditions of the counties mentioned was such that roads would not stand. Later in his speech stated that he expected to see as much as fifteen millions of dollars spent in the Panhandle in the next five years for road work and that if Donley should not hard surface her roads, that the county would be entirely surrounded by counties with such roads and that the location would not be the best in the world.

F. E. Chamberlain was then called to the floor and stated that he was presenting the thanks of the school board for the work that had been done for the college and that the school would be further assisted in the future. The school is here to stay and the people will be given a better school than in the past.

Messrs Frank Bynum and M. M. Noble were each given an opportunity to speak and took the remainder of the hour. Announcement was made of the appearance of W. H. Patrick on the agricultural matters he has promised the club for the past few weeks.

Adjournment in the usual manner.

### GOLDSTON FARM PAYS DRY YEAR

#### DROUTH HAS NO EFFECT ON LIVING FOR DIVERSIFYING FARMER

A farm in the Goldston community to the North of Clarendon did not suffer the past year for lack of moisture. This report comes to the News from a man who asks that his name not be used in connection with the story, although he gives permission to tell the name should any reader be skeptical and wish to question any part of the story.

This man reports that not a kernel of grain or a lock of cotton was raised on his place during the past year. They are far seeing people however, and had put enough feed back to carry them over the present cropless season and give them a surplus at the end of this time. It will be remembered that this immediate section of the country was one that did not receive any rain for seven months, thus preventing the growing and harvesting of any feedstuff. This family were undaunted by the lack of rain, and when the moisture was received in the Fall, they made some hay and raised a few vegetables in their garden although there was not sufficient to make any great surplus.

A steady sale of cream, poultry and eggs brought a steady income all through the dry months and provided a living for the family in question. Six cows were milked all season, 140 laying hens were on the farm in addition to chickens, turkeys and capons for the market. From cream, they received \$261.80. Eggs brought in an amount of \$255.12. Poultry brought an additional amount of \$250.27. These amounts were sold in addition to all that was used on the farm.

Later, this farmer stated that last year was the first they ever attempted to use diversification methods on their place. They further stated that it was also the only time they have ever been able to pay for what was bought as the need arose.

### GIRLS' COUNCIL MEETING CALLED FOR SATURDAY 3RD.

The Council of Girls' Clubs of Donley County is called for a special meeting in the office of Miss Eula Key in the courthouse on Saturday, March 3rd. Every Club member of the county is asked to be present at this meeting as some very important matters will be discussed at this time.

Eula Key, County Home Demonstrator.

Edwin Patterson of Dallas spent the week end with his parents, Mr. and Mrs. G. S. Patterson.

Mrs. Ida Couch visited friends in White Deer the past week.

### NINETY ONE PER CENT TAXES IN

#### SMALL PERSONAL TAXES AND POLL TAXES MAKE UP BALANCE OUT

Final reports of taxes paid into the Tax collector's office for the year 1927 were completed the fore part of this week and presented to the Commissioner's Court. This body passed on the report as submitted.

Figures for the year will show that Taxes assessed in Donley County will amount to \$181,779.25. These figures do not include the taxes which were to have been collected for automobile taxes. The amount shown included poll taxes assessed.

Of the amount assessed and put into the records of the county, \$118,694.41 was collected up to the close of the month of January. Of this amount, the county is to receive \$49,415.39. The State's part will amount to \$48,495.20, and the remainder or \$20,780.62 will be found in the District School funds of the county. The uncollected and delinquent balance will amount to approximately \$13,000.00, or a little less than nine per cent of the total assessed amount. For the conditions found in the county for the year closed, and with conditions as they were at the time of the payment of the taxes, this figure may be taken as being excellent. The greater part of this amount will be found in small personal taxes and in the poll tax columns of the books. Almost all of the property tax has been paid.

Not long, now, until city and school election time. It will be a hard matter to improve on the men who are now serving us on the city commission and school board, so if there are to be changes it isn't too early to begin now to cast about for available material.

The world is hungry for a bright, sincere and happy religion, which is the only kind of religion Jesus taught while He walked the Judean trails. There's no substitute for a glad religion of service, and no one should worry about the onslaughts of higher criticism and agnosticism against the Rock of Ages. Religion is safe—only those who doubt and mope and fail to trust need fear.

The editor of this newspaper believes in the Eastland horned frog story. There have been more miraculous things than that happen in West Texas, but we would suggest that when modern horned frogs are placed in modern corner stones that identification leg-bands or tatoos be used, so a lot of time will be saved in argument. Who's got time to argue about the Eastland frog in an election year?

And now the United States senate votes for investigation of the administrative acts and attitude of the Dallas branch of the Federal Reserve Bank, on charges that Governor Talley is not in sympathy with the rural banks of the district. Let us hope that the investigation is more productive of good than most such inquiries have proven in recent years. Really, it appears to us that the forcing of the investigation was a little premature, for Governor Talley, having been sustained by the directors of the bank on the charges, would probably have resigned in a few weeks. Now, he can't afford to resign under fire.

Companionable marriages are what this nations needs—not companionate marriages.

Had it ever occurred to you that in the past ten years The Clarendon News had entered a number of advertising, job printing and general newspaper excellence contests, and that in every contest entered it had won first, second, third or honorable mention honors against six or seven hundred other newspapers and printers of Texas? The News is not content except in front rank, which is another reason why it stands as a top-notch as an advertising medium among the national advertisers, and among the home-town advertisers. It requires a lot of hard work and constant spending of money for improvement to stay out in front, but there's a lot of satisfaction in so doing.

In a trip overland through a portion of West Texas last week, this writer saw more growth and progress than he thought was possible—and he takes some pride in keeping up with development in this section. Hamlets are becoming good towns and good towns are becoming cities, so even a pessimist would be forced to the conclusion that West Texas is yet in its infancy. Sometimes people smile at the claims and projections of the West Texas Chamber of Commerce for the section it serves, but every year proof of its claims and hopes mount up in irresistible conclusion and gives promise of the things that are yet in store. The next ten years in West Texas will unfold miracles. Are you prepared and preparing?

Recently an official of the Amarillo board of city development urged citizens of that city to attend their several professional and trade conventions more regularly and in larger numbers, saying that this was a splendid avenue of city advertising. There is truth contained in this advice, and it is something that business and professional men in any town will do well to heed. There are very few successes among men in any line of endeavor, today, who do not give their time and effort to conference and council with others employed in the same business. Travel and contact are educational and broadening, and makes for better ideals and methods in today's business and social life.

Well, there are a thousand good reasons why you should save, to every one that you shouldn't. There may be sickness, unemployment and many other uncertainties.

It is equally necessary that the average man make his thrift effective by consistently building up his savings and placing them in sound investments that will earn at least a small, regular income. Money employed in honest, successful enterprises, is the most powerful foe of dependent old age.

## \$80,000 For His Discovery

Formula for Stomach Medicine Brings Large Sum

This is G. M. Gordon, widely known Dallas, Texas, pharmacist, who spent twenty years developing "Gordon's," an Internal Antiseptic for the stomach and bowels, for which he received \$80,000 for the rights to the secret process of compounding.

"The greatest obstacle to the successful treatment of stomach troubles," said Mr. Gordon, "was fermentation (souring of food matter in the stomach and bowels), which inflames and irritates these organs and produces gas that causes much distress. Fermentation can be stopped only with an antiseptic."

"Gordon's" goes right to the seat of the trouble, as it exercises a distinctly antiseptic as well as a digestive effect. It stops and prevents fermentation, soothes and heals any irritated or inflamed condition and will bring quick relief in cases of gas, dyspepsia, heartburn, bloating after meals, excess acid, bad breath, constipation, sick headache, nervousness, when caused by faulty digestion, tone up the digestive organs and stimulate the stomach and bowels to their normal functions. A few doses will convince you. Sold by good druggists, \$1.50 per bottle of sixty-four doses—less than three cents a dose.

### MARY MARGARET UPTON

Mrs. Mary Margaret Upton, nee Brashear was born February 6th, 1843, in Hardin County, Kentucky, and passed to her reward from the home of her daughter, Mrs. Nora Cox, February 23, 1928. This made the deceased 85 years and 17 days of age. She was married to John L. Upton on November 14th, 1858. Moved to Grayson County, Texas, in 1870. She was the mother of eight children, two of whom are deceased and six of whom are still living, namely: Mrs. Nora Cox of Clarendon, Texas; J. L. Upton of Clarendon, Texas; Mrs. J. L. Finnie of San Marcos, Texas; Mrs. Annie Park of Clarendon, Texas; Rev. W. E. Upton of Waukesha, Wisconsin, and Mrs. A. C. Rippey of Amarillo, Texas.

She was converted and joined the Methodist Episcopal Church when quite a girl. During her long and useful life she remained faithful and true to her church vows and to her blessed Lord whom she served devotedly for more than three score years. During her last illness she manifested that beautiful spirit of trust that was characteristic of her entire life.

The immediate cause of her death was Flu-monia.

She reared a family of splendid children, one of whom is a minis-

ter. She was a devoted mother, a faithful friend and loved by all who knew her.

Her funeral was held at the home of Mrs. Nora Cox, conducted by Rev. S. E. Allison and W. M. Murrell and was attended by a large number of friends and neighbors.

We extend to the family our sincerest sympathy.

### LITTLE MARY RUTH JONES BURIED MONDAY AFTERNOON

Mary Ruth Jones, the little five year old daughter of Mr. and Mrs. Charlie Jones, passed away on last Sunday morning after an illness of several days. Little Mary Ruth was the youngest of twelve children. One little brother passed away in infancy. She leaves to mourn her loss her mother, father, six brothers and four sisters, besides a host of relatives and friends. The family had recently moved from the Pleasant Valley community to Ashtola, where they have already made many new friends.

The funeral was conducted by Rev. S. E. McClung, pastor of the Baptist Church of Clarendon, after which the little body was laid to rest in the Citizens Cemetery.

The many friends of this good family extend their sympathy in this sad hour.

### Couch-Southal

The marriage of Miss Essie Lee Couch and Mr. Lewis Southal was solemnized on last Thursday afternoon in the Baptist Parsonage. Rev. S. R. McClung officiated in the presence of a few intimate friends and relatives.

Miss Couch is the youngest daughter of Mr. and Mrs. Bob Couch, and has made her home in this city for the past eight years. She is a graduate of Clarendon High School and a business college in Altus, Oklahoma. Since completing her course in the business school, Miss Couch has held a responsible position with the Loving Insurance and Realty Company of Amarillo.

The groom is a young business man from Altus, Oklahoma, being connected with the Harper Grocery and Market of that city. He has been with this firm for the past five years. He is the oldest son of Mrs. Southal of that city. Following a short honeymoon trip, the young couple will make their home at 317 South Julian Street, Altus. The friends of the happy pair wish them a long and happy life.

### Bride-to-be Honored With Shower

Miss Kate Ballentine, bride-elect, was honored Friday evening when a number of her friends entertained with an elaborate and beautiful shower at the home of Mrs. J. T. Patman.

On entering the door each guest was required to register and write their favorite recipe in the register-book for future reference by the bride-to-be.

The entertaining suite was elaborately, but tastefully decorated in the bride's chosen colors, pink and white. A huge wedding bell in white hung from the double opening and added much to the attractiveness of the rooms.

A number of games and contests were enjoyed during the evening, one in particular causing much merriment was the description of "My Ideal Husband" by each guest, followed by a description of the groom-to-be, Mr. Alvin Jordan of Long Beach, California, by Miss Ballentine.

Billy Patman, a negro boy, delivered the wash to miss Ballentine which proved to be a basket filled with many useful and lovely things for the honoree.

Next the guests were invited to the gorgeously decorated dining room where delectable refreshments were served cafeteria style from the dining table made lovely by a lace spread over pink and resplendent in silver and cut-glass appointments. A bowl filled with sweet-peas and ferns served as the center-piece with lighted pink tapers in silver holders on either side.

Those attending were: Mrs. Curtis Gallaway, Miss Herloise Burrell, Miss Winnie Weatherly, Miss Norma Rhode, Miss Dewey Mitcham, Miss Opal Pyle, Mrs. T. M. Pyle, Miss Sybil Johnson, Mrs. Womack, Miss Ellen Bell, Miss Bala Key, Miss Mantle Graves, Miss Fernie Powell, Mrs. John Watts, Mrs. C. E. Griggs, Mrs. B. L. Jenkins Jr., Miss Kate Ballentine, the honoree, and Mrs. J. T. Patman, house hostess.

held their regular business and social meeting in the home of Mrs. Cap Lane Tuesday afternoon, February 28th.

Mrs. W. A. Land, President of this interesting class, called the house to order and presided over the business session.

Mrs. Curtis Thompson very ably presented the Bible lesson after which a social hour was enjoyed during which Gwendolyn Couch, Pauline Lane, and Lucile Pickering assisted the hostess in serving dainty refreshments.

Those present were: Mrs. John Draffen, Mrs. W. A. Land, Mrs. W. B. Sims, Mrs. H. C. Brumley, Mrs. Frank Whitlock, Mrs. C.

B. Owens, Mrs. E. Price, Mrs. Curtis Thompson, Mrs. H. T. Burton, Mrs. J. B. Turnbow, Mrs. R. T. Brown, Mrs. W. C. Stewart and Mrs. T. M. Couch.

**Washington's Birthday Is Celebrated In Party**

Tuesday evening, February 21, Dean and Mrs. L. B. Cooper charmingly entertained the high school and college faculty with a party, celebrating the anniversary of our first President. The attractive home was appropriately decorated and motifs of the season were carried out in the games.

Among the enjoyable features of the evening were the singing of "America" in phrases, a peanut race won by Miss Foster and Mr. Stocking, and the cutting down of the cherry tree, accomplished by Mr. Burton.

Miniature flags floated above the delectable refreshments, ice cream and cake.

These were the guests of the evening: Mr. and Mrs. H. T. Burton, Dr. and Mrs. J. W. Evans, Mr. and Mrs. J. R. Peters, Misses Worsen, Harris, Abbott, Beck, Worsham, Foster, Dennison, and Martin, and Messrs. Stocking, Hutton and J. P. Cooper.

**Basket Ball Teams Entertained**

The Clarendon basketball teams entertained the visiting teams, coaches and spectators from Amarillo Tuesday evening in the basement of the Junior High School immediately after the games.

The room was prettily decorated in the colors of both schools, the scheme being carried out in the table decorations also. Pot plants added much to the attractiveness of the table.

Each girl of both teams was given a small paper basket-ball to which the colors of both teams had been attached and were asked to select their partners for dinner (this being leap year). This feature caused much merriment which lasted throughout the evening.

**Thursday Needle Club Meets**

A most pleasant afternoon was spent in needlework and conversation Thursday afternoon when the members of the Thursday Needle Club gathered at the beautiful new home of Mrs. O. L. Jenkins.

The rooms were made very attractive by the many blossoming pot-plants which were used in every place of vantage.

Those attending were: Mesdames J. G. Sherman, J. W. Evans, B. L. Jenkins, Forest Taylor and Mrs. B. L. Jenkins Jr., as invited guests; J. R. Porter, Sam Dyer, M. L. Gentry, Selden Bagby, Chas. Trent, Earl Alexander, Homer Ellis, Clyde Price, and Miss Ineva Headrick as club members.

**A Delightful Party**

On Wednesday evening of last week Miss Helen Goldston delightfully entertained a number of her friends at the country-home of her parents, Mr. and Mrs. John Goldston.

The games of forty-two and bridge were enjoyed until a late hour in rooms made pretty with pot plants.

A delicious two-course luncheon was served later to: Misses Ruby Hall, Edith Harris, Ruth Riley, Guida Wilson, Henrietta Longdon, and Messrs J. C. Longdon, Gene Chamberlain, Royce Hall, Laverne Goldston and the two Dorsey brothers.

GOOD BUSINESS

Good business principles demand that you have a bank account. It matters not if you are conducting a business with an income of \$100 or \$10,000 per month, week or year your business methods should be sound. Even the lady who is head of the house is conducting a business that should be along sound lines.

A bank account makes for surer business transactions, more convenience and a better check on what you are doing.

"KING or COMMONER?" No. 5

ECONOMIC SIGNIFICANCE OF THE AMERICAN COTTON INDUSTRY—From latest volume in Manhattan Library of Popular Economics, republished in serial form through courtesy of Bank of the Manhattan Company, New York.

ARTICLE FIVE FROM SEED TO FABRIC

ONE of the first discoveries made by the subjects of King Cotton when at last they rose in revolt against his arbitrary methods was that of the lack of understanding which existed between different parts of the kingdom. The grower in one State knew little about the operations of those in other States or of the attempts of foreign nations to promote cotton culture; the man who would spin his cotton and the man who would weave it were strangers to him. The latter took little thought of the grower's problem; cotton to them came from bales, not from fields. The bleachers, dyers and printers were classes apart; cotton reached them in the form of textiles and there their interest began. Also there were the ginners who separated lint from seeds; the dealers in raw cotton, the merchants, commission houses, exporters, wholesalers and retailers of mill products. Each section had been going its own way, more or less. The sense of unity upon which cooperative effort depends was conspicuously lacking.

From field to fabric the cotton industry is essentially one

However, this lack of unity represented merely one stage in a perfectly natural process of business evolution. It could hardly have been otherwise, for specialization precedes cooperation and each section had been in the hands of specialists who were wrapped up in their respective problems. Small wonder if they sometimes clashed, with results that were unfortunate to all—unfortunate, yet in a larger sense fortunate, because they proved the need for cooperation. This is the way in which voluntary cooperation usually comes about. It is not voluntary until its need is apparent. At this point, it may be well to gain a reader's sense of unity by glancing at the transmutation whereby a cotton seed becomes part of a lady's summer frock, a man's shirt, a circus tent, a movie film or the cover of an automobile seat.

It all begins, of course, with the planting, when from early March, in Southern Texas, to late May in the Piedmont region of North Carolina, the seeds are dropped in parallel lines across the broad loamy acres of the cotton lands. Soon thereafter, green shoots show themselves above the soil and the plants grow vigorously under the warm sunshine and frequent showers of the region. If planted in April, the first flowers appear in June and by August have been transformed into bursting bolls of the snowy white fibre wherein Nature has packed the seeds for another crop.

Assuming reasonable freedom from boll-weevil—which is by no means a foregone conclusion but the subject of ceaseless warfare—the pickers, men, women and children, then begin to plod between the rows, expertly twitching the fleecy mass from the opened shells and stuffing it, seeds and all, into the bags or baskets they carry. This is a slow, careful and expensive

process for, even today, most of it is done by hand, although mechanical devices, now nearing perfection, are expected to revolutionize this process in the early future.

Next comes the ginning, wherein some 15,000 gins, scattered throughout the growing region, clean the cotton from the seeds and their fuzzy lint material that once were thrown away as useless waste but now are seen to be a storehouse of wealth from which come values approximating \$400,000,000 a year.

The cleaned cotton leaves the ginners in big, square bales, and these are taken to the compress where the steel jaws of a powerful press reduce them to a size for easy shipment. In this form they are received at the cotton mills where cotton ceases to be a crop and becomes a fabric. Now comes a change from the hot sun, of the cotton country and the work songs of the negro to the rumbling machinery of enormous plants in which each bale is freed from its

metal ties and its wrapping and is acted upon by machines in long rows which spin it into yarns and threads, then weave these into the innumerable fabrics that are called for by the needs of the world.

While sundry bleaching, dyeing, printing, cutting and stitching steps still intervene between the former bale and the "ultimate consumer," it already is apparent that from field to fabric the cotton industry is essentially one; its interests are essentially mutual. No step could be taken without the one that precedes it and no step would be taken except for that which is to follow. From the time that the seed is placed in the soil until the final product is purchased by the user, the process is continuous. Cooperation there must be—either conscious, voluntary and efficient, or involuntary and wasteful.

### TIRE SAVING PAYS TO PAVE

RUBBER WORTH \$9,590 MAY WEAR AWAY PER MILE OF ROAD YEARLY

No less than \$1,918 yearly may be saved on tires for each mile of high type pavement that replaces gravel or macadam roads, according to the last service bulletin of the Iowa Highway Commission, which takes as a basis the recent investigations of Washington State College. This means that where automobile traffic is heavy, the saving in the tire wear alone justifies paving.

Tread rubber on the average tire costs about \$10. per foot. The amount of rubber worn off during the life of the tire is about 3.45 pounds. It was found that on a good crushed stone macadam surface with 500 vehicles traveling over it daily the tire wear cost in the course of a year is \$2,590 per mile. The cost on rigid pavements with the same number of vehicles is only \$672.

The State College has found that a properly constructed concrete pavement may be expected to give service for at least twenty-five years. Spreading the entire cost of the pavement over this period, the average cost per year is \$1,840. This figure is actually \$78 per year less than the saving in tire wear effected through driving on the rigid pavement.

A greater volume of traffic indicates an even greater need for pavements. Where 2,500 vehicles travel daily over a mile of road, the saving will be five times as great, or \$9,590. With concrete pavements costing about \$30,000 per mile, the pavement will be paid for by tire saving alone in three years. Considering the many other factors, such as wear and tear on the car and gasoline consumption, it is obviously uneconomical to neglect paving where the community has the ability to organize its finances so that the rural roads can be made to save rather than continue wasting money.

### STATE HIGHWAY HEAD ASKS FOR COOPERATION

A letter recently came to the News office through the Highway Superintendent, Mr. T. M. Couch and will prove interesting to the readers of the News at this time, particularly when there is some discussion for a road bond election in the county. The State Highway Engineer, Mr. Gibb Gilchrist has issued the following statement that should be carefully considered by any county in the state voting bonds for the paving of their highways. The letter follows:

The State Highway Commission has many times been confronted with and still frequently meets the problem of counties voting bond issues with all or a portion of same to apply on state highways and in the bond order for such issues, the location or route of the highway or highways is often determined. In many cases the counties' funds are insufficient for their equitable share of the cost of the improvement of such highways; also in many cases such bonds are carried for highways of minor importance to the State Highway System.

It is the purpose of the State Highway Commission to use the construction funds at its disposal on such highways and in such manner and on such locations as will result in the maximum benefit to the greatest number of people of Texas. Such a purpose requires and demands attention to a cardinal or a preferred system of connected state highways and the application of a considerable portion of the construction funds on such a system.

It is also extremely necessary that the highways of Texas be on a proper location and with a proper width of right of way. By this is not meant that the local viewpoint should be ignored but rather that a location be selected that will serve the best interests of the State at large with due regard to engineering economy and safety.

The Commission earnestly suggests that the counties contemplating bond issues embracing construction of State highways, before issuing the election order, shall first submit their election plans to the State Highway Department and to confer with the Commission regarding same, this in order that the types of highways may be generally determined in advance of financing. In view of the great number of bond issues already voted and the relation of available State funds to desirable projects, the Commission desires at this time to discourage the voting of bond issues involving State highways unless and until the above suggested procedure has been carried out.

### FIRST NEW FORD DELIVERED TO CITIZEN OF PAMPA, TEX.

C. L. Young of the city of Pampa is the man who received the first of the New Ford Cars through the Clarendon Motor Company. G. G. Kemp went to Oklahoma City the fore part of last week and was one of seventy-five dealers to receive a new car from that branch. Mr. Kemp stated that the Oklahoma City branch was not manufacturing the car at this time, but that the models were received from the Kansas City branch ready for delivery. The car delivered was of the two door variety.

### TEXAN TEAM TO BE WELLED SAYS MANAGER ALLEN

If any of the players reporting to Mgr. Sled Allen this spring complain of not getting enough to eat at the training table that will be furnished by the Amarillo Baseball Club, they will be challenged by the Mgr. himself. Sled believes in a diet for a man while in training, and will offer himself as a subject if they so demand. "I have always followed a set rule regarding my food while conditioning for the long grind ahead," says Sled, "and have never failed to be in condition when the bell rings." "I don't expect them to starve, and won't ask them to eat anything that I wouldn't eat myself." A private dining room with a special cook will be established in the Carter Hotel, where the candidates will be quartered during the training season.

Long before the team is picked, the new uniforms will be ready and waiting for someone to fill

what the fans of the Panhandle want and will make every effort to supply the demand.

### FIFTEENTH MUSICAL FESTIVAL PRESENT NOTABLES

The fifteenth annual Music Festival for the Panhandle of Texas is to be held in the City Auditorium in Amarillo on March 7th, 8th and 9th with the greatest selections of musical celebrities that have probably ever been gathered into that short space. The first program will be a Children's matinee played by Gottfried Galston, leading pianist of the age. Primarily planned for children, the program will be open to all who may care to hear this celebrated pianist.

**JOHN McCORMACK, TENOR**  
making her second appearance in the City Auditorium on her farewell tour. Those of Clarendon folk who have heard this singer will appreciate her more in this final concert than at any other time. This season, in which she celebrates her fiftieth anniversary on the American stage, is predicted to be the greatest she has ever seen. Madame Schumann Heink will appear on the evening of March 7th.  
The celebrated pianist, Gottfried

Galston, will fill the evening of March 8th, and promises an evening of more than unusual entertainment.  
The third evening will be the end of the Festival for the year and will see the appearance of John McCormack. This is the outstanding American singer and his appearance in the Panhandle will be marked with enthusiasm on the part of all those who have heard his reproductions. His correct enunciation places him at the fore front and makes his hearers more impressed than any other person they may have heard.  
The contests held by the Panhandle Association of Music Teachers will be held at intervals in the Festival and the winners will be presented on the afternoons of March 8th and 9th. Clarendon teachers will have representatives in all parts of the contests.  
In addition to the appearance of the artists on the program, a lecture has been arranged for Herbert Witherspoon, teacher of Chicago. This will be held at noon in the Herring Hotel, March 9th. Season tickets have been on sale since February 15th. Single tickets may be secured after today.

## FIREMAN FUND WILL REACH \$300

FUND RAISED BY POPULAR SUBSCRIPTION IS MOST FAVORED BY EVERYONE

The list appended hereto represents the work of a committee recently appointed by the Lions Club of the city for the purpose of accepting contributions to the fund that has been turned to Fire Chief Trent for the purpose of providing some needed supplies for the volunteers who man the fire fighting equipment of the city. A total of \$281.50 is to be found on the list below, which is to remain open for an indefinite time to allow any other contributor to add his part to the list. In case there is any person desiring to make further contribution to the fund, the money may be turned to Mr. Trent or Mr. Caraway and proper credit will be given. Ducking coats and gloves will be the first items purchased, to outfit the boys and protect them from the weather when they are at work. This equipment will be placed on the truck and will be available whether the boys are at the station or at their various places of work when the whistle sounds. A part of the remaining funds will be used in outfitting the fire hall as a recreation center, and to provide materials for a room set aside for the use of the boys when they may care to gather for any sort of a meeting.

## SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce  
G. L. BOYKIN, Secretary

The work for the year is starting off fine. Committees have met with interest and a real desire manifested for the good of Clarendon and Donley county. Those committees that have not met will meet soon and outline their work for the year. Let's all put a shoulder to the wheel.

Farm work is going forward at a rapid rate. If any farmer is unable to secure pure seed this organization will help. Donley county will be represented at several fairs this fall and we need especially better corn, kafir and milo in our exhibits. Most samples we are able to get of these above mentioned grains have been replanted so many times that they have run out. Pure seed will pay you a larger return.

Clarendon yard owners should be getting their yards ready for the yard contest this summer. Now is the time to start. The Civic committee will announce the plans for this event in the near future. We hope to have a much better contest than was held last year.

There seems to be quite a few new tests for oil going down in Donley county. While no one can tell, it looks like this county is ready for her share of the oil business. This industry should be encouraged in Donley county for if there is oil here we want it.

We now have three lines out for a milk products plant or a poultry dressing plant. We will get one if we continue to try. We cannot however without local help. If you can help, please do.

An American Legion post is an asset to any town. We hope to see a permanent organization here that will do much good. As a civic and patriotic order it has no equal.

### CARD OF THANKS

We wish to thank our many friends and neighbors for their kindness in the recent illness and death of our darling little girl, Mary Ruth Jones, and our great appreciation is extended for the many floral offerings, and to extend our thanks to Dr. Stricklin for his kindness shown us.  
Mr. and Mrs. C. A. Jones and children.  
Mr. and Mrs. H. E. Parker and children.

### CARD OF THANKS

We want to thank the neighbors and friends for their kindness and help during the illness of the mother, and death of our precious babe. We find words inadequate to express our feelings of gratitude for what was done for us. May God's richest blessings be upon you all.  
Mr. and Mrs. E. P. Hahn.  
Mrs. Clara Totten.

### Bleeding Gums Healed

The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhoea Remedy on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails.  
Mr. and Mrs. Carl Saye motored to Goodnight Sunday afternoon.
