Clarendon Joins Panhandle in Fight to Retain College

COMMUNITY PARTY IS WELL ATTENDED

DISTINGUISHED VISITORS GIVE UNUSUAL ANNUAL PROGRAM

The 1933 Annual Community Party of the Clarendon Chamber of Commerce at the Antro Hotel drew a heavy attendance in spite of the drizzling weather, and was marked by a spirit of splendid optimism and co-operation.

Distinguished speakers from the Panhandle territory had attracted the fine attendance and made the program one of unusual interest and zest. One of the solemn features of the program was the tribute to the memory of Henry Ansley, Panhandle writer and congenial spirit, who started on his rapid road to fame at last year's banquet here when he first delivered his "I Like the Depression," address from which finally came the book which was nationally acclaimed by the date of his untimely death. His closest friend and chief, Hon. Gene Howe of Amarillo, better known as "Old Tack", the Weather Prophet, made a brief but touching memorial address, which was followed by the entire assembly standing with bowed heads in silent tribute. The short ceremony was concluded by the chorus singing "Farewell To Thee", with words especially adopted for the occasion. The father and wife of the deceased were unable to be present, but sent appreciative messages of regret.

P. B. Gentry was the toastmaster of the occasion and by his initial performance in this capacity proved his ability in handling a program. Rev. E. B. Bowen, pastor of the Methodist Church, delivered the invocation, after community singing, which followed music by the orchestra under the direction of Director Stephenson.

Secretary Manager G. L. Boykin of the chamber of commerce, brought some very startling facts concerning the dairy and poultry industry in Donley County and proved the great addition to the wealth of the county through this avenue. In round sums the total income from poultry, eggs, butter and milk to the country runs one hundred thousand dollars, according to recent estimates.

Judge H. E. Hoover, the lawyer, merchant, farmer, pioneer of Canadian and the Panhandle country,

proved just the feature of the occasion as was anticipated, when he spoke from the subject, "Cattle and Cattlemen in the Panhandle—Then and Now", and whose side-lights on the present day situation of this section were full of witty observations that cut like a two-edged sword in our relations with the federal government and the older settled parts

HON. WILBUR C. HAWK
One of the Speakers on Program Here Tuesday Evening.

LIONS CONTINUE CRIPPLE RELIEF

WORK WITH CRIPPLED CHILDREN CONTINUED AND MINSTREL DATE SET

Much of the time on the program of the Clarendon Lions Club was given over to hearing the annual report of the work of the Crippled Children's Council at Amarillo, as contained in a letter to President Ira Merchant. Following this Lion Homer Mulkey made a report on the case of infantile paralysis at Lelia Lake, giving the cost of handling according to advice of Dr. Gray at Amarillo. After some discussion connected with the financing of this case, certain Lions offered to underwrite the expense pending further funds being secured by the club and the committee was ordered to begin the work at once. Since the meeting, the child in question has been carried to Amarillo by Mrs. J. A. Thompson of Lelia Lake for examination by the surgeon, and it is hoped the work will soon be on the way to completion.

Lion Odos Caraway discussed the coming Minstrel to be staged by the club as a benefit for its humanitarian work, and the date was set for Friday night, February 3rd, as being the first available date on which the production would be ready. Rehearsals are going forward and the minstrel promises to be one of the biggest attractions ever staged in the Pastime Theatre.

Lion Connally made a brief report on the work of the jury-of-view appointed by the county to secure the right-of-way for the new highway, and spoke of the very fine co-operation the jury had met in nearly all cases. M. M. Noble, a former member of the club and also a member of the jury-of-view was guest of the day.

Lion Odos Caraway made a report on the membership drive for the West Texas Chamber of Commerce and said a large percent of the quota assigned Clarendon had been secured from the business men of the city.

Arthur Chase, Jr., delighted the club by the rendition of two brilliant piano numbers, and after the announcement of the annual Chamber of Commerce banquet the meeting adjourned.

C. B. INGRAM ABOUT AGAIN AFTER INJURY

Rev. C. B. Ingram is on the streets again after a tussle with an enraged bull on Jan. 2nd, in which he was badly shaken up and bruised. The veteran preacher says he preached several times Sunday, Jan. 1st, but the Devil got him Jan. 2nd., however he is up and ready to keep the battle going all year as usual.

CITY LIBRARY ASKS FOR BOOK SHOWER

WASHINGTON'S BIRTHDAY IS DATE SET FOR COUNTY WIDE INVITATION AFFAIR

At the first meeting of the City Library Board for 1933, held Wednesday morning at the Mayor's Office in Clarendon, a movement was launched to stage an Invitation Book Shower for the library on Washington's Birthday. Mrs. C. A. Burton, librarian and W. H. Patrick, treasurer of the board, were named by Mayor Cagle as a committee to make all plans and arrangements for the shower which is intended to add a large number of volumes to the shelves of this worthy community institution.

From the report of Mrs. Burton, librarian, it was noted that 13,355 books were loaned during the past year, an average of 1111 volumes per month. This is considered a remarkable turn-over in twelve months time, and the board feels that it is a sure indicator of the appreciation of the community.

There are 2600 volumes in the library now, there having been added 241 books in 1932, but since the income of the library is now practically nothing above the running expenses, the shower has suggested itself to the board as a means of adding several hundred volumes to the shelves during the early part of 1933, thereby giving greater range to the service of the library.

The shower will include the entire county, as memberships are accepted anywhere in the trade territory, and all are urged to bear this project in mind, with a view of donating such books of fiction, travel, etc., as one may be willing to put into the library. Further announcement will be made from time to time.

Chas. G. Speed was in Panhandle today on business.

1932 Busy Year In Children's Relief

In spite of the handicaps of short finances the work of the Crippled Children's Council at Amarillo during the past year was little short of marvellous when the number of cases treated and old cases re-observed are taken into account.

Pres. Ira Merchant of the Clarendon Lions Club, received a copy of the past year's report of the Council, and since this community and the local Lions Club has long been supporters of the worthy movement The News takes pleasure in reproducing the record of cases as follows:

New cases, 97; reobservation, 204; X-Rays, 66; photographs, 60; operations, 39; anesthetic, 32; casts, 66; new braces, 14; braces repaired, 5; hospitalization (days) 863; house visits, 63; dressings, 571; Physiotherapy Treatments, 119; Non-orthopedic cases, 3; clinics, 3.

The latter gives notice of a rising vote of thanks accorded the Clarendon Lions for their aid in 1932, by the directors of the Council in their annual meeting just held.

Popular Panhandler

HON. MASON KING
Who Came With His Bosses To Attend Clarendon's Annual Party.

ROTARIANS HEAR AMARILLO REPORT

CLUBMEN TELL OF INTERNATIONAL DIRECTOR'S ADDRESS IN AMARILLO

Friday last the regular weekly luncheon of the Clarendon Rotary Club was in charge of Rotarian Fred E. Chamberlain, and the meeting was taken up principally with the report of the three club members who represented the local club at Amarillo the previous week when International Director David J. Reese of Ventura, Calif., addressed the Rotarians of the Panhandle.

Those attending from Clarendon were Rotarians R. E. Drennan, C. C. Powell and Densil Davis, and all were loud in their praise of the magnetic personality of Director Reese and the philosophy and inspiration he crowded into his time on the program.

Odos Caraway was a visitor to the club and gave some detailed information regarding the administration of the RFC funds here in Clarendon and gave tribute to the services of the West Texas Chamber of Commerce in securing the funds for distribution in the section.

The club scored another 100 per cent attendance for the day.

Denver Head To Meet Court Here

According to advices received here yesterday, Mr. Farrington, Denver executive of Fort Worth will probably be here Friday to meet with Judge S. W. Lowe and the jury-of-view in charge of right-of-way matters on the proposed new highway. There yet remains one detail of the stock pens matter at Ashtola and it is hoped by the new administration in charge of county affairs that this item can be settled when Mr. Farrington gets on the ground and senses the fairness

Secretary-Manager

G. LESTER BOYKIN
Host For Clarendon Chamber of Commerce At Its Annual Community Party.

of the position of the county officials.

Tom F. Connally of the jury-of-view reports that the body is making steady progress and quite a number of the land owners have already signed deeds for the portion of their holdings included in the survey for the new route of Highway 5, and that every effort will be made to bring the matter to a speedy culmination.

There is a growing demand that the right-of-way be closed up without further delay so that contracts for the dirt and drainage structures can be let in February, so that actual construction may be begun in March, so that unemployment can be almost entirely eliminated in the county and the citizenship have the benefits of money turned into trade channels by this work.

CLARENDON WINS LIONS ZONE MEET

LOCAL CLUB WILL BE HOST TO GROUP 31 IN EARLY PART OF APRIL

At the January group meeting of Lions Clubs in Group 31 held at McLean Tuesday of this week, Clarendon was selected as the meeting place for the April meeting of the group organization, an invitation of Lion T. D. Nored who with Sam M. Braswell represented the Clarendon club at the meeting.

The McLean Club was host to the delegation at a noon luncheon, which was followed by the business session of the group, presided over by Chairman Fred Landers of Estelline. At the luncheon the host club presented a very entertaining program under the guiding hand of Lion Boyd Meador.

District Governor C. Herbert Walker of District "T", was present and made the principal address, laying stress on the more general use of the services provided by the International office at Chicago. Clubs represented were Estelline, Amarillo, Claude, Clarendon, McLean, Childress and Pampa.

Since the semi-annual Ladies Night of the Clarendon Lions Club falls in April, the meeting of the Lions of this group may be combined with this event bringing over a hundred Lions and ladies here for the occasion, at which the District Governor is expected to be present and make an address.

Mr. and Mrs. S. T. Sayre, of Mineral Wells, arrived Sunday for an extended visit here with their son and daughter, Mr. and Mrs. John Blocker.

Clarendon Chamber of Commerce Officials Express Disapproval of Move to Emasculate West Texas State Educational Institutions

Whereas, the Clarendon Chamber of Commerce believes in economy in state government, more especially at this time, but

Whereas, the Legislative Committee on Efficiency and Economy has in our opinion gone beyond these bounds, in urging the virtual abandonment of the West Texas State Teachers College of Canyon and of the specific functions for which Texas Technological College of Lubbock was founded, and

Whereas, we believe these institutions of higher learning have served the people of the vast area of West Texas with efficiency and effectiveness; that they represent a just return to our people on the basis of taxes paid in this section; that the region served by them is vastly larger than any other such school serves in the state, and that through its oil, natural gas, manufacturing, and agricultural resources, is enjoying a population increase which demands an expansion of its educational facilities; that these institutions are the only ones of higher learning situated so as to serve economically the young people of this section; that the West Texas Teachers College has more than justified its existence since 1900; that Texas Technological College is enjoying exceptional growth; that the standing and service of these institutions is a matter of pride and the source of gratitude to all acquainted with the true facts; and

Whereas, we believe a continuation of their fundamental functions and opportunities they offer for general education of the youth of West Texas is essential to the welfare of this section, now therefore,

Be it Resolved, that the Clarendon Chamber of Commerce disapprove of the report of the Committee as affecting these West Texas institutions, and recommend to our legislature that they oppose with all their resources any plan to take from the youth of this section the educational opportunities guaranteed by the Texas constitution and merited by the expansion of West Texas and the taxes paid by her citizens.

Adopted the 12th day of January, 1933.

Clarendon Chamber of Commerce,
E. R. ANDIS, President.
G. L. BOYKIN, Secretary.

COUNT YOUR BLESSINGS IN 1933

There's no argument in this editorial. It's merely a collection of facts, incontrovertible, eloquent facts that confound those who profess to see America slipping down into a state of effortless despair.

America's mutual savings bank deposits are \$1,223,000,000 higher than they were at the peak of the boom three years ago.

Total bank savings today exceed \$29,000,000,000, equal to more than \$1,000 for every family in the land.

Savings depositors number 52,000,000, nearly two per family.

The number of Americans owning stock has increased almost 40 per cent since 1929.

A group of 102 companies which had 5,539,036 stockholders at the end of the boom year had 7,675,143 stockholders at the beginning of this year.

One company alone today has over 665,000 stockholders, a gain of more than 195,000 since the boom. This company (American Telegraph) has assets exceeding \$3,200,000,000.

No other nation on the face of the earth can show such widespread ownership of money and stocks.

Our total stock of gold is \$4,000,000,000. No other country ever possessed so much. Britain, for example, has only \$588,000,000.

Currency in circulation aggregates \$5,464,000,000 or \$700,000,000 more than in the boom.

A recent offering of \$450,000,000 of U. S. Treasury securities elicited subscriptions totaling \$4,196,296,700—more than nine times the amount offered.

Last year \$16,500,000,000 worth of new life insurance was written.

Total insurance now carried is estimated at \$109,000,000,000, or not far short of \$1,000 for every man, woman and child in the United States.

Policies in force total 127,800,000.

One company alone (Metropolitan) has in force many more policies (44,520,810) than there are families in America.

Such safeguard, such security is enjoyed by the people of no other nation in the world.

Our total national wealth, estimated at \$329,700,000,000 is greater than that of a dozen Continental European countries combined.

The income of the American people comfortably exceeds \$1,000,000,000 a week.

The per capita income here is far greater than in any other land.

There are still six or seven persons gainfully employed for every person idle.

Foreigners owe American investors approximately \$18,000,000,000. In addition, foreign governments owe our government \$7,000,000,000 and we are still selling abroad more than we are buying.

No fewer than 25,800,000 automobiles are owned by Americans—almost one for every family.

This total is almost three times the number owned by all the rest of the world.

America possesses far more telephones (19,500,000) than all other countries put together.

Radios continue to multiply. The latest authoritative computation puts the total at over 16,545,000 representing an investment of more than \$1,600,000,000, also a record unapproached by any other people.

How many new domestic mechanical refrigerators have been bought, would you guess? A grand total of fully 3,750,000, at an estimate expenditure approaching \$2,000,000,000. And most of these have been installed in the last three years. In no other part of the globe do half as many homes enjoy such a luxury—Americans are rapidly coming to regard it as a necessity.

America has more home owners than any other nation. A recent survey of 29 typical small towns revealed that 71 per cent of the inhabitants owned their homes, that 88 per cent had electric lights, 72 per cent had baths, 51 per cent had electric washers, 55 per cent had radios, 41 per cent had vacuum cleaners.

There are more families in America than in any other land that can afford to and do send their children to high school and college.

In no other land do so many average families have the means to enjoy foreign travel.

Expansion in airplane travel—the most costly of all common forms of overland transportation—has been greater here than abroad during recent times.

The theater of the masses, the movie, still attracts a weekly average attendance of 75,000,000.

Our so called national "luxury" bill is still away up in the billions a year.

It took a billion and a quarter pounds of candy to satisfy our sweet tooth in 1931—no decrease from the 1929 total.

The percentage of our agricultural population who, despite deflation, are acquiring domestic comforts, conveniences, labor-saving devices, improved machinery, the

use of better roads, is constantly increasing.

Today more than 700,000 farms are electrified, representing an increase of 400 per cent in eight years, and the total is being swelled rapidly.

In industrial communities hard manual toil is being steadily abolished by the introduction of machinery. Each American worker now has at his command five horsepower, a record not even remotely approached outside our boundaries.

The average working-day a generation ago was ten to twelve hours. The standard in this generation is eight hours, with the trend running towards a still shorter work-day.

The work-week used to consist of six (even seven) days. Now it is five and one half days, with the five-day week coming into vogue.

America has always recovered from periods of depression and pressed forward to new heights of prosperity.

Never in the past was America so well equipped as it is today to resume an epochal forward march. Not only have we changed from a debtor nation to the greatest creditor nation on earth, not only have we vaster national wealth, not only have we unprecedented supply of gold, but we are richer in experience, richer in inventive brains, richer in scientific knowledge, richer in machinery, richer in discovered mineral and oil resources, richer in transportation facilities by land and air and water, richer in every material wealth-creating product and process, richer in craftsmanship, richer in everything.

(The above was lifted from a recent issue of *Colliers Weekly*, because we thought it might give some of us the kind of a spiritual clout on the tonneau of the trousers that is needed for the restoration of a proper perspective. With a lot of us, the optic apparatus has gotten a little out of focus. Maybe this will help cure it.)

WEST TEXAS AND COTTON

West Texas leads the list of cotton counties for 1933. Jones County grew 93,450 bales. Ellis County managed to get up to but 87,175 bales. This was the standing as of the date of the preparation of an article for the current number of *West Texas Today*. That magazine predicts that final ginning figures will put Jones County first, Lubbock County second and Ellis County third, followed in turn by Haskell and Hill.

The lower the price of cotton the larger margin of West Texas advantage, it would appear. Probably this is on account of sledding practice in West Texas, though it by no means appears that all West Texas cotton is sledded. A Taylor County man picked forty-one bales of thirty-eight acres. Sledding isn't the regular thing in cotton like that.

Incidentally the Taylor County man got \$1,081.05 for his crop, which is figured to be as good as \$1,591.85 in purchasing power as of 1929. But the average production of that year in his community was not over one-third of a bale to the acre. Figuring one-third of a bale to the acre on his thirty-eight acres, he would have to receive 17c a pound for his cotton to bring in as much cash as his cotton actually brings him this past season. That is to say the return from 17-cent cotton in 1929 on a 1929 yield would have bought approximately two-thirds as much goods as 5-cent and 6-cent cotton on 1932 yields will now buy. West Texas does not feel so bad about that.—*Dallas News*.

**You Mustn't Take Chances ...
With Children's Eyes**

Unimpaired eyesight is essential to the growing child . . for two reasons: First, because good vision enables him to keep pace with his schoolmates and his playmates. Second, because strong eyes, guarded in youth, will last a lifetime.

Improper lighting is one of the largest causes of weakened eyes. If you permit your child to study or even to play where there is not enough light, or where there is a blinding glare, you are making a mistake that may prove disastrous.

Enjoy the benefits of plenty of light . . it's ridiculously inexpensive. And, remember, new eyes cannot be bought at any price!

One of our trained employees will be happy to inspect your lighting arrangements . . . without charge or obligation, of course. Chances are, a simple rearrangement of your present equipment, with larger or smaller lamps in a few of the fixtures, is all you need. Call for an inspection TODAY.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

"VANITIES" IN AMARILLO 21ST

AMARILLO, Texas, Jan. 16.—It's going to be a gala day in Amarillo for all the Panhandle.

Saturday of this week is the day that the big-time theatrical season will be opened in the Panhandle, the ninth edition of Earl Carroll's "Vanities" will be on that day for two performances, matinee and night.

Judging from the advance orders for tickets that have been received, hundreds of visitors from every corner of the Panhandle will be in town for the festivities. Mail orders are still being received by Wilbur C. Hawk, at the Globe-News, and are being filled in the order received.

Amarillo will be the first city in Texas ever to see a genuine Earl Carroll production. The Vanities is guaranteed entertainment Mr. Hawk says. The same entertainers and the same show that appeared all last season on Broadway will be presented here. There are 100 members of the company, traveling by special train of ten cars. Thirty stage hands will be required backstage at the big municipal auditorium to move the scenery for the 55 scenes into which the show is divided.

The "Leading Men" of the production are Al Trahan, famous piano-playing master of ceremonies, and the comedy acrobatic team of Mitchell and Durant that stole the show in Kansas City recently. Then there are lancers and singers galore, good comedians, tuneful music and lots of the famous Carroll beauties.

Reservations may be made by mail order to Wilbur C. Hawk at The Globe-News or by calling Miss Lois Black, 6262.

Matinee prices are 83 cents, \$1.10, \$1.65 and \$2.20, including tax.

Prices for the night performance are \$1.10, \$1.65, \$2.20, \$2.75, and \$3.30, including tax. Postage should be enclosed with remittances in mail orders.

Molly Island, in Yellowstone National Park, is the most eastern breeding ground for the white pelican and at present has more than 250 pairs nesting there.

"HIGHWAY MONEY FOR HIGHWAYS" IS DEMAND

HOUSTON, Texas, Jan. 16.—If the highway program of Texas is to be saved, the people must speak to their legislators in no uncertain terms during the present legislative session, Judge W. O. Huggins, president of the Texas Good Roads Association, declares.

"I would emphasize that the less-populous counties have by far the biggest stake in continuing the highway program," Judge Huggins says. "The major counties like Harris, Dallas, Tarrant and Bexar have rammed through their bond issues and completed their major roads."

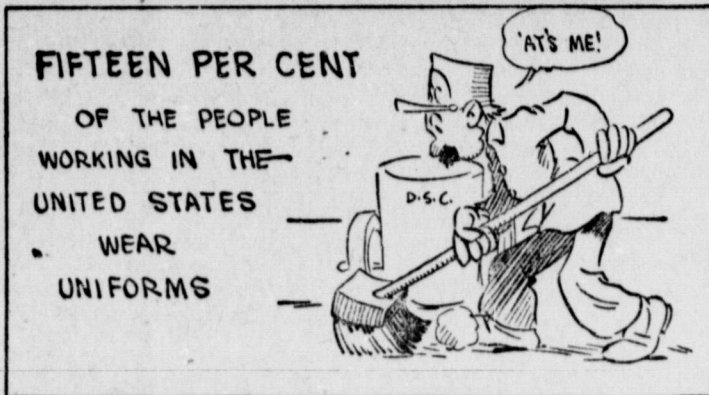

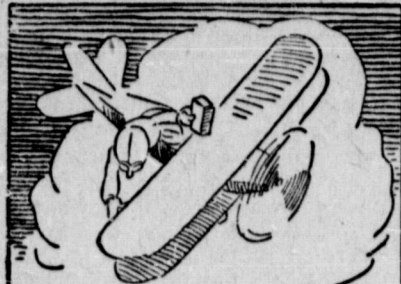

"The state has passed the half-way mark in its fight for good roads. Out of the entire system of 19,148 miles, 9,865 are hard surfaced. Naturally, the counties which did not pass early bond issues or those which have not yet voted bonds, are the ones in which the bulk of the highway work is not yet done. They need the roads as badly as the bigger ones, and will get them soon at the present rapid rate of improvement. But if the program is stopped for lack of funds, where will they be?"

There should be no lack of funds, the highway leader explains. The gasoline tax pays over 40 per cent of the state's entire revenue. It is a special road "tax," derived from road-users for road-building and road upkeep. Half of it, or two cents of the four-cent tax, already has been diverted to schools and county bonds, leaving only two cents for actual road work. This is hardly enough, but highway leaders are satisfied with it because of the hard times. It will keep up our present roads and permit enough new construction to match dollars for federal aid.

But if the legislature, casting about for money for non-earning departments, takes away even half a cent more of the gas tax, it will stop all new road building, Judge Huggins says. And if it takes as much as a cent, it will leave the state unable to maintain present roads. The people must see that this is not done.

The federal aid story has changed in the past year, also. The one-cent federal gasoline tax changed it. Texas now pays, by this tax, about \$7,000,000 in federal aid. So Texas pays its own federal aid, and will keep on paying it even if it doesn't match dollars and get the money,

ODD BUT TRUE

which then would be spent in other states.

Texas already uses more gas tax money for non-highway purposes than any other state, Judge Huggins says, and yet the highways continue to pay their own way, as well as begin to pay back early bonds issued by the various counties.

Road work is a big employment factor in Texas. Nearly 100 cents of the road dollar in Texas goes to labor, because every material for it, except steel bars, is mined or produced by human hands within the state.

Then there is the huge amount of tourist money spent here because good roads bring the travelers. This amount the Association estimates at \$51,087,400 a year. The highway department's

name of expediency, have been taking road money and using it for so many general government purposes that in some cases no one can tell just where the money has gone," Mr. Upham declares.

"Motorists are no longer going to permit their road money to be used for such purposes as these: libraries, soldiers' relief, blind relief, mothers' pensions, tuberculosis hospital fund, and a general election fund.

"Although no logical reason can be advanced, the expenditures listed above were made out of one Ohio County's share of motor license money. Of a total of \$786,000 received by this county, only one-tenth, or \$80,000, actually found its way to road construction—the purpose for which the entire sum was paid in by road

"Road users have sat surprised by while legislatures, in the

SUNNY VIEW

The school here under the supervision of Miss Gray and Mrs. Ballew is doing nicely.

Mr. and Mrs. O. D. Leisberg of Clarendon were callers in the S. S. Roberts home Sunday afternoon.

Mr. and Mrs. Millard Starks and Mr. and Mrs. Heckle Starks visited with Mr. and Mrs. Neal Bogard of Hudgins until bed time Saturday night.

users.

"Fortunately, road users are becoming aroused to the point where all or much of such diversion is going to be stopped. In Ohio, for example, storms of protests are being registered. A survey was made on Ohio highways and more than 80 per cent of the motorists questioned declared that they wanted their motor tax money spent on roads and nothing else.

"Everywhere demands are being made that the unfair misapplication of road funds be stopped.

"The motorist realizes that he must pay for roads, just as he does for his rolling stock, the automobile. He knows that his car's utility is dependent upon roads, and that without good roads his vehicle is next to useless. So when, in search of general budget funds, legislators spend his road money for something else the motorist immediately senses that his road user taxes have been twisted into class taxes.

"Class taxes cannot last long," warns Mr. Upham.

Mr. and Mrs. Sam Dale and J. R. Dale were callers in the R. A. Brame home Wednesday morning.

Lonnie Wood and A. M. Lanhams butchered some fine fat hogs Wednesday.

Mr. and Mrs. D. B. Bailey left for Oklahoma Saturday morning where they intend farming and making their home this year.

Mr. and Mrs. Neal Bogard and family of Hudgins and Mr. and Mrs. Heckle Starks were dinner guests of their parents, Mr. and Mrs. M. Starks, Sunday.

Miss Manda Lester of Hedley and her Cousin of Wellington visited Miss Pauline Brame Thursday afternoon.

Mrs. Nelson Riley returned home last week after spending two weeks with her sister at Quanah.

Mrs. Sam Roberts spent Thursday with Mrs. Floyd Parker of Clarendon.

Mr. and Mrs. Sam Dale and baby, J. R. Dale, and Vernon Brame of Goldston, called on Mr. and Mrs. R. A. Brame Monday afternoon.

Misses Pauline Brame and Manda Lester and Cousin of Wellington called on Mrs. J. H. Peebles Thursday afternoon.

Heckle Starks has been adding to his home improvements when he built a smoke house, hen house, and brooderhouse on his farm this week.

Little Dorothy Jean Bogard of Hudgins spent Saturday night with her grand parents, Mr. and Mrs. M. Starks.

A policeman of Truro, N. S., found a cow loitering in the doorway of a store and arrested it on a charge of vagrancy.

LITTLE MERCANTILE CO.

SOCIETY

LORRAINE PATRICK, Editor

Smith—Bartee

Announcement is made of the marriage of Mrs. Lorraine Thornton Bartee to Mr. Reid Smith on Saturday, January 14th, in McPherson, Kansas.

Mrs. Smith is the daughter of Mrs. M. E. Thornton of this city and has many friends here who wish her happiness. Mr. Smith is a chemical engineer, and is connected with an oil company in McPherson, where the couple will make their home.

Pathfinder Club Elects Officers

With the president, Mrs. U. J. Boston presiding, the members of the Pathfinder Club met Friday in the club room, being guests of Mrs. Fred Buntin and Miss Temple Harris. During the business session the following new officers were elected: President, Mrs. J. R. Porter; Vice-President, Mrs. Tom Goldston; Recording Secretary, Mrs. Fred Rathjen; Corresponding Secretary, Mrs. Eva Draffen; Treasurer, Mrs. J. W. Evans; Parliamentarian, Mrs. Fred Buntin; Historian, Mrs. B. L. Jenkins, Federation Councillor; Mrs. R. L. Bigger.

Mrs. J. G. Sherman led a parliamentary drill of unusual interest and Mrs. John Bass delightfully related one of the fascinating stories of O'Henry. After adjournment the usual social hour was enjoyed and delightful refreshments were served by the hostess.

The next meeting will be the regular anniversary reception which will be held at the home of Mrs. J. R. Porter on the afternoon of January 27th from 3 until 5 o'clock.

Night Club Entertained

Mr. and Mrs. B. F. Kirtley were genial host and hostess to their Evening Bridge Club and a few guests last Thursday evening when they entertained with a dinner bridge at their home.

After partaking of the sumptuous dinner, the guests enjoyed games of bridge the remainder of the evening, with Mr. Frank Stocking winning high score. Those enjoying this were: Mr. and Mrs. Simmons Powell, Mr. and Mrs. Earl Alexander, Mr. and Mrs. J. E. Teer, Mr. and Mrs. Frank Stocking, Mrs. Charlie Trent, Miss Katherine Cole, and Mr. Ernest Kent.

Mrs. Greene Hostess

Mrs. Bill Greene was charming hostess to members of the Kill Kare Needle Club on Thursday afternoon at her home.

The entertaining suite was attractive with various pot plants and ferns. A delightful afternoon was spent with pleasant conversation and fancy needle work, with a delicious salad course being served to: Mesdames M. L. Stricklin, Harry Brumley, Joe Cluck, Sam Lowe, Ben Hill, Eva Draffen, W. B. Sims, W. A. Massie, and Buel Sanford.

Contract Club Guests of Miss Cooke

Among the numerous social affairs of the week was the entertaining of the Contract Club by Miss Mary Cooke at her home on Tuesday afternoon.

Upon arrival the guests found tables in readiness for the playing and an interesting afternoon was spent in mastering the new rules of Contract. Mrs. Carroll Knopp and Mrs. Meade Haile are new members of the club, and Mrs. Haile won high score.

At the conclusion of the games the guests were ushered into the dining room where an attractive table awaited them. The table was covered with a beautiful lace cloth and centered with a bouquet of sweet peas in the pastel shades and fern. A delectable salad course was served.

Attending were: Mrs. Earl Alexander, Mrs. Kelly Chamberlain, Mrs. Charlie Trent, Mrs. T. H. Ellis, Mrs. Carroll Knopp, Mrs. Meade Haile, club members; and Mrs. J. H. Morris and Miss Nettie Sims, guests.

1926 Book Club Hear Interesting Program

With Lotta Bourland and Mae Nell Teer as hostesses, members and guests of the 1926 Book Club gathered at the Woman's Club Room Tuesday afternoon for one of the most interesting programs of the year.

Rita Foster Stocking gave a splendid dramatization of "The Fool," a play written by Channing Pollock. The story deals with a young, Episcopalian minister, who tries to live as Christ did and his difficulties in convincing people that he is sincere.

In the business meeting Katherine Stark's resignation was accepted and Mrs. Simmons Powell was given membership in the club. At the close of the meeting dainty refreshments and a social hour were enjoyed. Guests for the afternoon were: Mrs. Simmons Powell, Mrs. Basil Kirtley, and Mrs. O. L. Jenkins.

Junior Beaux Arts

The Junior Les Beaux Arts Club is planning to sponsor poster making in the South Ward and Miss Elon Akin, who will supervise this, made a talk on this project at the meeting of the club, Wednesday afternoon at the club room.

Others on the program included Dorothy Jo Taylor, who gave a summary of the poetry of Lewis, Green, and Crow; Luree Burson, who gave a talk on the life of Stephen F. Foster. Pauline Sanford played several of Foster's selections. Carroll Holder gave a summary of the life of Innis.

Misses Carroll Holder and Elizabeth Kemp were hostesses and served dainty refreshments at the close of the program. Mrs. J. W. Evans, and Miss Elon Akin were guests.

Gus Stephenson has been invited along with a few other Panhandle musicians to play with the Earl Carroll "Vanities" orchestra for the two performances in Amarillo Saturday.

Mrs. J. L. McMurtry Is Hostess

Entertaining in her usual charming manner, Mrs. J. L. McMurtry was hostess to a one o'clock luncheon Thursday honoring the Bluebonnet Club.

Beautiful bouquets of sweet peas in the pastel shades made the centerpieces, while place cards of an attractive design marked each guest's place.

In the games of bridge which followed, Mrs. R. L. Bigger won high score and received a lovely prize. Present for this delightful affair were: Mrs. F. E. Chamberlain, Mrs. W. J. Lewis of Dallas, Mrs. W. H. Patrick, Mrs. George Ryan, Mrs. C. T. McMurtry, Mrs. J. F. Blocker, Mrs. R. L. Bigger, Mrs. Odos Caraway, Mrs. C. G. Stricklin, Mrs. A. R. Letts, Mrs. C. B. McCanne, and Mrs. Homer Glascoe.

Les Beaux Arts Club Hold Election

Meeting in the home of Mrs. Charlie Trent with Mrs. Ira Merchant and Mrs. Trent as hostess, the Les Beaux Arts Club held its annual election of officers last Saturday afternoon.

Mrs. J. H. Morris will be the new President, while Mrs. F. F. Chamberlain will be Vice-President; Mrs. W. W. Taylor, Secretary; Miss Anna Moores, Treasurer; Miss Katherine Ross, Librarian; and Mrs. Charlie Trent, Parliamentarian.

Instead of a program the constitution of the club was read and explained, after which dainty refreshments were served.

Friday Bridge Club

The Friday Bridge Club were guests of Mrs. Basil Kirtley last Thursday afternoon when she entertained at her home.

Games of bridge were enjoyed throughout the afternoon with Mrs. Kelly Chamberlain winning high score and receiving a lovely prize, after which a delectable salad course was served by the hostess.

Present to enjoy this were: Mrs. Meredith Gentry, Mrs. Carroll Knopp, Mrs. J. E. Teer, Mrs. Kelly Chamberlain, Mrs. Earl Alexander, Mrs. Simmons Powell, Mrs. Penelope Blocker-Ellis, and Miss Mary Cooke, guests; Mrs. Charlie Trent, Mrs. Floyd Lumpkin, Mrs. Forest Taylor, and Mrs. Frank Stocking, club members.

1930 Needle Club

Mrs. Carlos Grisham was hostess to the 1930 Needle Club and a few friends when she entertained with a Forty-Two party at the home of her sister, Mrs. A. M. Taylor on Tuesday afternoon.

Games of forty-two were played during the afternoon. Mrs. Jimmie Moore was winner of high score and Mrs. Clarence Whitlock of the low score.

At the conclusion of the games a delicious salad course was served to: Mrs. Vada Carpenter, Mrs. Jimmie Moore, Mrs. Clarence Whitlock, Mrs. Ben Buck, Mrs. Rhea Couch, Mrs. M. W. Land, Mrs. Charlie Knox, and Mrs. Turner Kirby, club members; and Mrs. Milas Little, Mrs. Frank Heath, Mrs. Dewey Heath, Mrs. Jerome Stocking, and Mrs. A. M. Taylor.

MacDowell Club Has Monthly Meeting

Just how many kinds of music are there? One does not realize just how many different kinds has been composed until they hear the various themes on Animals and the other many subjects which have been immortalized in music. Such themes are being used by the MacDowell Club for their programs held in the ladies club room each month.

Animals in music was the theme around which Miss Barbara Smith arranged the program for last Saturday evening and it was indeed a very delightful program.

A group of animal songs by Little Miss Marilyn Merchant, Dorothy Ann Kennedy, and Master Victor Smith and Jim Boykin were enthusiastically received by the large group of guests and members present.

Other numbers appreciated were: Piano Solo, "A Burro Ride"—Pauline Shelton. Gobble Duet—Ethlyn Drennan, June McMurtry. Violin Solo, "The Swan, Joyce Link.

Piano Solo, "The Horse Race"—Mrs. Rayburn Smith.

During the business session of MacDowell Chorus it was decided to meet for rehearsals each Saturday afternoon at 5:00 o'clock. The director, Miss Moores requests a full attendance this Saturday afternoon.

A few years back we insisted that the war-weary world settle down. Now we want it to settle up.

CHURCHES

ST. JOHN BAPTIST CHURCH (EPISCOPAL)

2. The Next Step—Mr. Holtzclaw.

3. A Happy Church—Mrs. Salmon.

4. Transforming the Material Into the Spiritual—Mrs. Kate Vinson.

5. "Pay That Thou Owest"—Mrs. Holtzclaw.

"OBLIGATIONS"

Text:—"Thou shalt—Thou shalt not". Ex. 20: 3-4.

Having been conducted into the Christian Society and having learned something about the way one is to conduct oneself, obligations and duty faces the candidate on all sides. The Christian's obligation is at least three-fold.

I. OBLIGATION TO SELF.

One owes it to oneself to acknowledge debt and duty and obligation to others and to his God. His first duty would seem to be to self, however, since one can hardly perform his duty to others unless he is faithful to himself. "To thine own self be true," etc. We owe it to self to (a) preserve and maintain health, (b) to acquire knowledge, (c) to develop and to expand and to improve.

II. OBLIGATION TO OTHERS.

We must, (a) respect their rights, (b) aid them in their purposes, (c) in accord with God's plan and program, (d) love them as ourselves, (e) honor and obey the authorities, (f) hurt nobody by word or deed, (g) be true and just, (h) hear no malice, (i) refrain from stealing, evil-speaking, intemperance, immorality, covetousness, laziness and laxness.

III. OBLIGATION TO GOD.

We owe all we have and all we are to God, in whom we live and move and have our being. We owe it to Him to: (a) believe in Him. (Without faith it is impossible to please God. Heb. 11:16) (b) fear Him, (c) We must love Him with (1) All our heart, (2) mind, (3) soul, (4) and strength, (d) we must worship and give thanks to Him, (e) Trust in Him and call upon Him, (f) honor His holy name and His word, (g) serve Him faithfully and truly all the days of our life. If we continue in these things He promises to bless to forgive us our sins, and to give us an eternal home, with life everlasting.

There are many mysteries in the world and Sunday morning we will bring a message on: "The Mystery of Godliness." Men strive to secure property in this life, but Sunday night we want to tell about, "Celestial Real Estate"—W. E. Ferrell, Minister First Christian Church, Clarendon, Texas.

Sunday School Social

Miss Loree Hamm's class of the Intermediate Department of the Methodist Sunday School entertained with a party in the basement of the Methodist Church last Saturday evening.

Games which most appeal to youngsters that age, were played and everyone had a grand time. Later refreshments were served to: Pauline Betts, Avis Lee McElvaney, Elizabeth Sanders, Jeanne Jordan, Dorothy Watson, Dorothy Fae Scoggins, Miss Hamm, the teacher, Robert Nichols, Billy Cooke, Bobby Boston, and Neil Ellis.

It is a safe forecast that the fellows now looking for nickle down will later on be looking for the beer nickle.

School Notes

From over the County

That the needs of the schools are a "first charge" on the nation was the Presidents message to the 80 leaders in education, business, agriculture, and industry, who met at Washington last week to consider the crisis in education. Speakers urged states to use every effort to maintain their school systems, if necessary with the aid of Federal borrowing—rather than let education suffer because of business.

If the bill that is to be brought up before the Legislature providing a charge of \$150.00 tuition for nine months in the seventeen colleges and universities maintained by the State of Texas, should pass, it will mean \$4,025,760 that will be available for the public schools of Texas, or \$2.57 each for the scholastics of Texas and could be added to the apportionment for next year.

After all, the college student should pay part of his tuition in college. When we educate the student through high school the state is benefited, but when he is trained for a profession the one primarily benefited is the individual. Every one in Texas who is interested in the elementary and high schools should do their bit to get this bill made a law.

The County Board of Trustees in a called session ruled that the State Available, County Available, and Rural Aid should be kept in a separate fund from local Dist. Tax. The first three funds named go to pay teachers salaries and census, while the local district taxes pay for maintenance of the schools and also teachers salaries. Carl Naylor was appointed Trustee for Fairview in place of T. W. Eanes who moved out of the District. Transfer matters were also settled at this session.

Chamberlain teachers have started working on the Inter-scholastic League events.

Mrs. Bill Payne, principal at Hedley suggests as a new idea for schools in cotton areas that we start school in January and continue for nine months through September. Not a bad idea, think it over.

State aid schools should be certain that their schools meet State Aid requirements, by repairing and buying the required equipment.

Mr. Joe Baker and faculty of Giles are delighted with their prospects for winning in the Interscholastic events this year.

Mr. Gatewood of Goldston who writes "Educational Digest" says that we need some kind of teachers organization in the county.

Remember the Superintendent is in his office Monday morning, Wednesday all day, Friday afternoon and Saturday all day.

The "C. S." visited Sunnyview, Pleasant Valley, Giles, and Smith this week and found schools progressing nicely.

LIONS CLUB WARD DIES AT AUSTIN BLIND INSTITUTE

Several years ago the Clarendon Lions Club made an effort to save the eyesight and life of Jessie May Morgette, granddaughter of Rev. and Mrs. C. B. Ingram, sending her to Mayo's Clinic at Rochester, Minn., and later securing her admission to the Texas Blind Institute at Austin. The girl had been making splendid progress, but Providence willed otherwise and on December 22nd, death came to the young sufferer at Austin where her mother of Crane, Texas, had been called to attend her. Burial was had at Denton the following day. Rev. and Mrs. C. B. Ingram of this city accompanied by their son, Ralph, and daughter, Jessie, drove down to the funeral and to comfort the stricken mother.

While in that section of the state the Clarendon party visited with a son, Lane Ingram at Waxahachie, and a daughter, Mrs. Self at Dallas.

CLARENDON STUDENT GETS TEXAS LEGISLATURE JOB

Phifer Estlack, of Clarendon and student in the University of Texas, has been appointed as one of the clerks in the legislature, and will serve in that capacity while he pursues his studies. Phifer had the help of Rep. John Puryear of this district in securing the appointment. Many clerkships are held by university students as they work their way for an education, as are other part time jobs in the various departments of the capital.

MRS. STORY UNDERGOES OPERATION AT LUBBOCK

Thursday afternoon of last week Mr. and Mrs. Fred A. Story drove over to Lubbock to visit over the week-end with relatives and while there Mrs. Story went through an examination by a surgeon in that city, with the result that Monday morning she submitted to a major operation at the Lubbock sanitarium. Reports here indicate that the opera-

tion was entirely successful and that the patient is making satisfactory progress, which will be welcome news to her many friends here.

Mr. Story will return to his post with the News here the latter part of this week, while Mrs. Gussie Strickland, who accompanied them will remain there in attendance on her daughter. The relatives in Lubbock will be remembered here as Mr. and Mrs. R. E. Strickland.

From January 1st the Board will give deferred warrants for salaries and etc. until such time as the above deficit has been paid.

Respectfully Submitted,
W. W. TAYLOR, Secretary School Board.

NAYLOR

Most of our farmers have their cotton out, just a few bolls in some fields.

The ladies this week are having their hens culled, getting ready for a good fryer crop. Many good flocks are found here.

Mr. and Mrs. A. E. Tidrow enjoyed a visit from all their children Sunday. Mrs. Crites and husband of Lelia Lake, Miss Louise of Clarendon and Leroy of Hedley and the two younger ones at home, J. D. and Jo LaVerne.

Messrs W. M. Pickering and T. E. Naylor made a business trip to Amarillo Monday.

Bro. Charley Williams was with us Sunday, giving two splendid sermons. We are always pleased to have Bro. Williams with us.

Mr. and Mrs. T. B. Downing and family spent Sunday in the homes of Mr. and Mrs. Austin Selby.

Mr. and Mrs. Clyde Bain spent the week end with the lady's parents, Mr. and Mrs. A. C. Hicks near Hedley. Saturday while Mr. Hicks and Clyde were enroute to Hedley their team became frightened, throwing Mr. Hicks out of the wagon. He received a very serious head injury.

Perry Tunnell and son, Russell, of Pleasant Valley spent Sunday with Mr. and Mrs. H. C. Reid.

SYMPATHY

An old farmer went to the dentist to have an aching molar removed. The operation was completed; and the patient then in-

structed the dentist to remove the next one.
"It isn't necessary," explained the dentist. "That one only aches in sympathy."
"Yank it out then," growled the farmer. "Darn such sympathy as that."

HUDGINS

Miss Vera Garland who teaches school in Lelia Lake spent the week end with Mr. and Mrs. L. M. Putman.

Miss Lopez Whitt, primary teacher of Hudgins, entertained the pupils of her room with a party at the school house Saturday afternoon. After playing many games refreshments were served to the following: Melba Christie, Marjorie Beverly, Coranette Putman, Edna Talley, Floree Talley, Dorothy Jean Bogard, Annierce Talley, Louie Faye Wood, Freida Putman, Marzel Billie Cowan, Velma Tims, Lee Cowan, Lottie Pearl Christie, Ben Talley, Bill Perdue, John Christie, J. R. Cowan, Dan Tims, Christie, Vernon Wood and Willie Garth Christie.

Mr. Hall and W. K. Hardin and sister, Mary K. called on Mr. and Mrs. Frank Behringer Thursday night until bed time.

Miss Annie Marie Hardin, who is attending school in Clarendon, spent the week end with her parents, Mr. and Mrs. Matt Hardin.

Mr. and Mrs. Leon Foster and children of Lelia Lake, Mr. and Mrs. N. J. White and family of Clarendon, Mr. and Mrs. Jeff Talley and family, Misses Ruby Wood, Mildred and Annierce Talley, and Mr. Emmitt Thompson, spent Sunday with Mr. and Mrs. O. D. Meadors and son, William.

Mr. and Mrs. Frank Behringer called on Mr and Mrs. L. M. Putman Saturday night until bedtime.

The Hudgins basketball squad will not tell who they are going to play Wednesday and Friday. They will tell you that they are going to beat Chamberlain. Everyone is invited to come and see the game Friday, which will be played on our own court. The Hudgins squad consists of the following boys: Paul Cearley, Artie Wood, R. A. Beverley, Alton Jacobs, Tarpley Wood, Ernest and Slatison Christie, J. C. Perdue.

Mr. and Mrs. O. L. Jacobs spent Sunday with Mr. and Mrs. Frank Behringer.

Mr. R. A. Beverley and children, R. A. Jr., and Marjorie, visited Mrs. Berry, near Claude, Sunday.

Miss Lopez Whitt spent the week end with her parents at Clarendon.

Mr. and Mrs. Van Roy and children of Windy Valley attended the singing at Hudgins Sunday night.

We are sorry to report Mrs. D. B. Perdue on the sick list this week. Hope she will soon be well again.

Mr. and Mrs. Heckle Starks of

LELIA LAKE

Mr. and Mrs. Lon Bullard returned Thursday from Brownsville where they spent about three weeks with her parents.

Mr. and Mrs. W. V. Thomason and son, Russell, returned Sunday from Amarillo whe. Russell underwent a minor operation of the throat.

Mr. and Mrs. Edd Reynolds left Tuesday noon to make their home at Thoreau, New Mexico.

Mrs. Rutledge and children of Hereford are guests of her parents Mr. and Mrs. C. G. Aten. J. M. Camp and family moved from our community to Clarendon Friday.

Mr. and Mrs. Claude Morton and son, Bobbie left Monday for

Sunny View visited with Mrs. Neal Bogard Saturday night until bed time.

Mr. and Mrs. Jeff Talley and family, Mr. and Mrs. John Perdue and family, visited Mr and Mrs. Leslie Tims Saturday night until bed time.

Mr. and Mrs. Leslie Tims and family were dinner guests of Mr. and Mrs. John Perdue Sunday.

We had a good attendance at Sunday School Sunday. Everyone is invited to come to Sunday School every Sunday morning at 10 o'clock. You also are invited to singing every Sunday night at 7 o'clock. If you enjoy good singing come.

Hudgins Literary Society will meet Friday night week. A good program is being prepared by the pupils. Come and be with us.

a visit with her mother at Amarillo.

Mrs. Holden was called to Austin Saturday by the death of her father. She returned the fore part of the week after burial at Rotan.

Mrs. Simmons returned Sunday from a visit of two weeks with her daughter at Claude.

The Study Club met at the home of Mrs. D. M. Cook Tuesday afternoon. The following officers were elected: Mrs. Will Kennedy, President; Mrs. Cottingham, Vice-President; Mrs. D. M. Cook, recording secretary; Mrs. W. A. Tomlinson, corresponding secretary; program committee appointed by the vice-president: Mrs. J. A. Thompson, Mrs. D. M. Cook, Mrs. Myers and Mrs. King. One new member was added to the membership list of the club, Mrs. Grounds. Those answering the roll call were Mrs. W. V. McCauley, Mrs. C. G. Aten, Mrs. Claude Morton, Mrs. Myers, Mrs. Kennedy, Mrs. S. R. Tomlinson, Mrs. Taylor, Mrs. Cottingham, Mrs. John Gerner, Mrs. Grounds, Mrs. King and the hostess.

On last Friday evening the deacons of the First Baptist Church of Lelia Lake gathered for a business meeting in the home of Rev. and Mrs. F. N. Allen. All were gladly surprised when Mrs. Allen invited them into the dining room where awaited an elaborate turkey dinner with all the trimmings. After dinner the plans and programs of the church for the following year were discussed. Those present were E. L. Lewis, D. M. Cook, E. L. Kennedy, Kinch Leathers, Van Knox and the host. All report a social good time and a profitable business meeting.

MRS. ROXIE LEWIS MAKES HONOR ROLL

Special To The Clarendon News
CANYON, Texas, Jan. 16.—Mrs. Roxie Lewis of Clarendon was placed on the honor roll of the West Texas State Teachers College as a result of excellent grades made during the fall quarter. Mrs. Lewis is active in student affairs as well as those of the class room.

The winter quarter, which opened January 2, saw the arrival of 100 new students, skyrocketing the enrollment to one of the highest in the history of the college. Despite the increase in the number of students, the institution has put into effect economy measures that are in keeping with the business conditions of the times and has decreased

the faculty list 12 per cent, at the same time maintaining successful classes in every department.

TIME COUNTS

when you're in PAIN!

Insist on genuine Bayer Aspirin; not only for its safety, but its speed. Take a tablet of Bayer Aspirin and some other tablet, and drop them in water. Then watch the Bayer tablet dissolve—rapidly and completely. See how long it takes to melt down the other.

That's an easy way to test the value of "bargain" preparations. It's a far better way than testing them in your stomach!

Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuralgia, neuritis, lumbago, rheumatism, or periodic pain. It contains no coarse, irritating particles or impurities.

The Force that Makes the World Go 'Round

IF THE Force of Banking failed, the earth might continue to spin on its axis, but all business activity would be practically dead. Banking is a force that can of this institution, backed with years of help you in your activities. The personal experience, will consult with you at your convenience.

"The Family Next Door"
A Weekly Feature of The Clarendon News

Bits Of WASHINGTON'S Current Comment

Mr. Patrick Henry's demand for liberty or death finds an echo, though somewhat faint, in Congress this week.

The Philippine independence bill becomes a law, and goes to the President for signature. The measure still has many provisos, but the burden is less objectionable to the inhabitants of the islands than was that of the original draft. It is prophesied that the necessary John Hancock will not be affixed at the White House. (The bill was vetoed.)

Among matters that have an international aspect, it is to be noted that the last of the marines have been withdrawn from Nicaragua, where the United States has been making a sincere effort to prevent government by the people from perishing from a small part of the earth. Europe is disappointed, and some in Latin-America are saddened also. It seems that Uncle Sam now and then may be credited with good intentions, after all.

Mr. Roosevelt, no longer is governor of New York, and faces the difficulties of a new position only. Everyone realizes that many of those difficulties cannot be disposed of offhand and in the immediate future. The selection of a cabinet, however, cannot be deferred, to abide the results of a more or less distant day. Presidents have been known to work independently of their cabinet advisors, but that is the exception, rather than the rule. The country awaits the selection of a cabinet, not merely out of curiosity as to who is to have a job, but because, from the personnel of that body, some conclusions can be drawn as to the general drift of the administrative mind. For example, the selection of a free-silver Secretary of the Treasury, or a pacifist Secretary of War, would tell a story that no amount of platform declarations could negative. It should be noted that such a choice is suggested by way of illustration only.

The Moscow Daily News, a Soviet newspaper printed in English, published in Russia, and priced at "five cents" is tendered as an exchange. The effort to make the periodical palatable to American tastes is indicated sufficiently by its title, wherein the ancient city of the czars still is referred to as "Moscow." Despite the plausibility of the propaganda, here and there something crops out which seems to jar. The statement that former homeless children were instrumental in completing a stretch

of highway does not square exactly with American ideas as to what should happen to orphans in an ideal republic.

The Senate is said to be acting rapidly on wet bills. How anyone can have a wet bill at the present stage of beer legislation remains to be explained.

Tennessee inaugurates public economy by cutting the pay of its state Senators and Assemblymen. (Congressional Record please copy.)

Among the consolidation plans proposed is the combining under a single head of all Federal instrumentalities for running down wrong doers. As things now stand, the constable does his best, the sheriff steps in, the state police look into the matter, and finally it is discovered that some Federal bureau or department has an interest that ought to be protected. In the meantime, and while a half dozen groups of sleuths are working more or less independently, the trail has become too cold to follow. The army of the United States stands between the citizen and imposition for abroad. Criminals from an inter-state and indeed international body. Perhaps there is room for a Federal detective that the army or the navy exercises in its own peculiar field of activity.

King George opens the year by creating a quantity of new lords and barons, and there is a little dissatisfaction because some of the worthy have been overlooked. Speaking of the forgotten man, there should be a lordship in England, or at least a statue in this country, to perpetuate the memory of the person who did not start at least one of his letters for the current month with the date 1932.

EXAMINATION FOR ASSISTANT HELIUM PLANT OPERATOR

The United States Civil Service Commission will accept applications until February 7 for the position of assistant helium plant operator to fill four vacancies in the U. S. Bureau of Mines at Amarillo, Texas.

The last eligible register for this position was established November 30, 1929. Six appointments have been made from that register.

The salary is \$1,680 a year, less a furlough deduction of 8 an one-third per cent, and retirement deduction of 3 and one-half per cent.

Applicants must have at least six months' experience in the operation of a helium production plant or a plant requiring the application of the principles of mechanical refrigeration, or gas

ON TEXAS FARMS
By W. H. Darrow.
Extension Service Editor

A total of 107,125 quarts of food was put up in Jack County in 1932 by 69 women and 189 girls who are members of home demonstration clubs, and by 35 other families helped by them.

A bi-weekly farm market and exchange has been opened in Gonzales by the home demonstration clubs of the county.

Farm women in Dickens county last year improved 162 bedrooms to make them beautiful and comfortable, and 4-H club girls improved 114 rooms, the home demonstration agent reports. There were 46 clothes closets built, 55 mattresses made, and 95 pieces of furniture re-finished. Many rooms were prepared and the floors and woodwork re-finished.

"When Christianity and agriculture are balanced in a man's thinking and practice, and in a nation's economic system, there can be no depressions that shatter human progress," declared Rev. R. B. Morgan at a rural pastor's agricultural short course held by county extension agents in Tarrant county recently. He called for an "agricultural revival" which he said was as valuable to a local farming community as a religious revival was to the several churches in that community.

Before starting sheep on winter feeding in Menard county last year, ranchers treated 50,000 head for stomach worms by drenches recommended by the Sonora Experiment Sub-Station and supervised by the county agent. The saving was estimated at \$1575.

A survey in Hardeman county by the county agent shows that terraces and contoured land last year produced about 20 per cent more than other land.

Clarksville — Terracing still shows itself to be worth more than any other one method of taking care of the soil in Red River county, according to farmers' own figures. Martin Stiles of Annona reported to County Agent C. M. Knight that the land he terraced the fall and winter of 1930 produced one-fourth bale more cotton per acre on 40 acres than unterraced land of the same nature and

or air liquefaction, by either throttling expansion or engine expansion.

Full information may be obtained from Miss Norma Rhode, Secretary of the United States Civil Service Board of Examiners, at the post office in this city.

kind. This means an increase of 10 bales of cotton on the 40 acres. Twenty-five dollars per bale would mean an increase of \$250 on the 40 acres.

Woodville—One five-acre pasture started three years ago by R. A. Cruse of Woodville as a demonstration bringing a greater net profit per acre than any cultivated crop has opened the eyes of the farmers of Tyler county to the value of pasture work.

By Mr. Cruse's cooperation in going with B. B. Martin, farm agent of Tyler county, and pointing out pasture value, 32 farmers were enrolled to sow from one to 20 acres each last fall in clovers and rye grass, all of which are now up to a perfect stand and even after the freeze were green, with livestock beginning to graze on them.

In addition to the acreage sowed money was donated by some of the business men of Woodville and 150 pounds of clover seed was purchased, and one pound was given each farmer who would agree to feed the seeds to cows at the rate of one tablespoonful at night to each cow, watch for results and report to county agent. Already 47 reports have been made to the effect that "rapidly growing clover has been scattered all over their pastures in the manure. This is laying a foundation for a successful livestock industry and more farmers are becoming interested."

Edna—The dairymen of the Edna section of Jackson county shipped to a creamery at Wharton a little over two million pounds of milk in the year 1932, according to the report of J. A. Schofield, county agent. This has brought an income of something over \$27,000 into the county, produced almost altogether on home grown feeds and pastures. Four registered Jersey bulls were placed in that many dairy herds the past year and two trench silos were dug and filled and Mr. Schofield states that if the comments are any indication, there will be at least a dozen silos dug and filled in 1933.

To provide an outlet for surplus farm products and canned goods the Home Demonstration Council of Taylor county recently opened a farm home makers' market

ASHTOLA

There were 95 attending Sunday School here Sunday. Rev. Allen of Lelia Lake preached at 11 o'clock.

Mr. and Mrs. Grady Henson and children of the Martin community spent Saturday night and Sunday in the White home.

Mrs. Johnson and son, Paul, which is to operate every Wednesday and Saturday morning.

More than a million pounds of dried vegetables and one-third of a million containers of canned food on 1100 farm home pantry shelves in Palo Pinto county represent from \$40 to \$250 worth of food per family, reports the home demonstration agent. Many families will be able to get by on \$3 per month for food this year, she adds.

Cherokee county farm women are starting to make American cheese for home use following demonstrations in their home demonstration clubs in which 600 pounds were made in December.

In a drive for an orchard on every Williamson county farm, fruit trees are being ordered by the thousands to secure lowest possible prices, the county agent reports. It is part of a living-at-home plan sponsored by extension workers, vocational teachers, and the county agricultural club.

An average of 33.8 bushels of corn per acre was made by 60 Denton county 4-H club boys last year. The county average is between 20 and 25 bushels per acre.

A small farm cold storage plant large enough to handle from 10 to 15 hogs per day has been built by E. C. Stone, manager of the Devers Livestock Farm near Liberty. The move resulted from a meat cutting and curing demonstration staged by the county agent, and is designated to help in marketing country cured pork products. The farm recently fed out 202 head of farm raised hogs on a ration composed largely of rice by-products.

and Mr. and Mrs. Dick Scarbough of Pittsburg spent Thursday night with Mr. and Mrs. Clifford Johnson.

Misses Mildred and Betty Jo McKee spent Saturday night with Leona Ford.

Mr. and Mrs. Sam Allen and children and Lester Lawrence returned home Sunday evening from Amarillo where they were at the bed side of his sister.

F. White spent Thursday night with Charles Fifer.

Mr. and Mrs. Clifford Johnson visited Mr. and Mrs. Cook Sunday evening.

Mr. Foster Gregg spent Saturday night with Richard Hatley.

Miss Helen Bailey and Miss Hazel Cole entertained the high school with a slumber party Saturday night.

Mr. John White motored to Amarillo Saturday night.

Mr. and Mrs. S. A. Hatley and family moved Monday over on the Shenault Ranch where they will farm another year.

Mr. and Mrs. Al Henson and

children and Mr. and Mrs. Bert Eddleman visited Mr. and Mrs. Babe Eddleman of Goodnight Sunday.

Mrs. Hardie and children of Newlin spent the week end with Mr. and Mrs. J. L. Tims

We have on the sick list this week Mrs. N. L. Jones.

Mr. and Mrs. J. M. Graham visited B. L. Collier Sunday.

Miss Opal Dunning spent Wednesday night in the Leverett home.

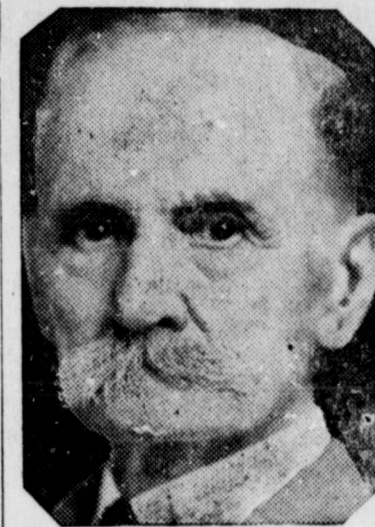

The Antelopes journeyed to Martin Friday evening to play basket ball. When the final whistle blew the scores were 42-7 in favor of the Antelopes. We are very proud of our Antelopes.

Mrs. Dewey Goodman and children visited in the Basket home Sunday.

The Sophomores of Ashtola High School entertained the high school girls and boys with a party Friday night.

They Relate Their Experience

VENABLE WILSON
Atlanta, Ga.

DAN O'BRIEN
Kansas City, Mo.

"Sargon Soft Mass Pills proved to be exactly what I needed. This is the first time in six years I don't have to dose myself with purgatives."—Venable Wilson.

"These pills are simply wonderful for stimulating the liver and ridding the system of poisons. For the first time in years I am entirely free of constipation."—Dan O'Brien.

Sargon Soft Mass Pills are not like any laxative you have ever taken. They are so gentle and thorough in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all, their directions call for a gradual reduction of the dose until the point is reached where you no longer require a laxative of any kind.

This remarkable medicine may be obtained at Douglas-Goldston Drug Co.

CHEVROLET

ANNOUNCES AN IMPROVED LINE OF SIX-CYLINDER TRUCKS SELLING AT GREATLY REDUCED PRICES

REDUCTIONS AS MUCH AS \$70

Half-ton Pick-up \$440
Sedan Delivery \$545
Half-ton Panel \$530
131" Stake . . . \$655
157" Stake . . . \$715

Again Chevrolet leads the way to economical transportation! Chevrolet announces a greatly improved line of Chevrolet six-cylinder trucks—featuring a new engine. A new rear axle. A new frame. Many progressive changes in design and construction. And selling at new, greatly reduced prices that only the world's largest builder of cars and trucks could achieve.

All 1½-ton models are now powered by a remarkable new Six-Cylinder Special Truck Engine. This is basically the same reliable power plant of last year—but Chevrolet has made it even smoother, more powerful, and more economical by the addition of 33 new improvements and refinements.

Chevrolet has also introduced an entirely new type of rear axle with the outstanding mechanical advantages of a four-pinion differential and a straddle-mounted pinion with bearing support on both sides.

In addition, the Chevrolet 131-inch truck now has a much stronger frame, with deeper, heavier side members. The 1½-ton models have a sturdier universal joint, as well as larger brakes, improved springs, and a new 15-gallon fuel tank.

Nothing that Chevrolet has ever done before in trucks can equal the importance of this announcement: A stronger, more powerful, more durable six-cylinder line. Even more economical than last year. And priced as low as \$440!

CHEVROLET MOTOR CO., DETROIT, MICH.

Clarendon Motor Co.
CHEVROLET TRUCK DEMONSTRATION WEEK—JANUARY 14 TO 21

Community Party—

(Continued From Page One)

of Texas. Speaking of the division of Texas into four states as provided by the annexation to the Union, Judge Hoover, brought round after round of applause when he dramatically shouted "How would you like to have the Panhandle as a separate state, with me as Governor?" His quaint style and original manner was most enjoyable.

When Odos Caraway was called on to discuss the RFC in West Texas and Donley County, he made a few remarks on the local phase of the work, made a brief announcement of the organization of an All-Star Band which was being organized at Wichita Falls by Paul Seed, noted director, and which planned to journey to Washington for the inaugural ceremonies in March, representing Texas in general and West Texas in particular, then introduced Hon. Wilbur Hawk, president of the West Texas Chamber of Commerce, asking him to enlighten the assembly on the plan of the RFC and its administration in West Texas. Mr. Hawk, recently returned from Washington where additional funds for West Texas had been granted, took occasion to thank Clarendon for its uniform support to the organization of which he is now president of the loans through the RFC plan. In introducing Mr. Hawk, Mr. Caraway named him as "one of the biggest men in West Texas," and he is so regarded in this section of the state.

Dean W. A. Clark of Clarendon Junior College next addressed the meeting on "Schools and Citizenship in Donley County," bringing a very lucid picture of the difficulties under which schools are now operating, with special references to the local financial condition. Linking citizenship logically with the processes of education, the Dean proved by established figures that education is worth more to the individual and to the nation than it costs. Quoting Supt. Burton, Mr. Clark said, "There can be no moratorium in education," explaining that either the child gets an education in the early period of its life or it never gets it, and pled for a greater adherence to the purposes and standards of education as now set up in this community.

Hanna-Pope & Co., were named again as winner of the loving

JUNIOR BAND IN JOINT CONCERT HERE FEB. 10TH

The Clarendon Junior Band, which is sponsored by the Sims Parent-Teachers Association, will hold a joint concert in Clarendon on February 10th, with Director Truax of the Memphis Band conducting the two bands.

The local band has made rapid progress and it will, in all probability, play in the Music Festival in Amarillo this Spring. Clarendon is proud of the work the band is doing and a large crowd will attend the concert on the tenth of next month when Memphis comes up for the concert. Later Clarendon will go to Memphis for a joint concert there.

AMERICAN LEGION TO HAVE STAG SMOKER

The Aubyn E. Clark post of the American Legion will entertain some of their non-member friends with a smoker next Tuesday night, January 24th.

All members will have the privilege of bringing one non-member as a guest. The entertainment committee has promised a lot of fun and plenty to eat.

cop offered by the chamber of commerce for the best decorated window during the holiday season just passed, and Kelly Chamberlain made the presentation of the cup in a most clever speech on behalf of the organization to Mr. Ernest Pope, who responded for his company. If Hanna-Pope & Co., can win this cup another year in succession it becomes their permanent trophy under the plan of award.

In the annual election of directors P. B. Gentry, H. R. Kerbow and Joe Goldston were elected to the three vacancies, and the new officers will be named at an early meeting of the directorate, which will be called by retiring president Ralph Andis.

Introduction of guests included the presentation of Hon. Gene Howe, Wilbur Hawk, and Mason King of Amarillo; Prof. L. F. Sheffy of Canyon; Editor Russell Clark and Mr. Flannery of Memphis; Judge H. E. Hoover and Mr. Callaway of Canadian. Each delegation responded briefly conveying their felicitations.

Much credit for the success of the occasion must go to Tom F. Connally who arranged the program, and to Mr. Stephenson's orchestra which added so materially to the enjoyment of the evening.

CROP LOAN BILL FOR 1933 PASSES

MEASURE TO RELIEVE FARM MORTGAGE SITUATION IS TO BE EXPEDITED

WASHINGTON, Jan. 16.—The directing hand of President-Elect Roosevelt appeared behind a comprehensive program of agricultural relief Monday night as the House voted new millions of Federal credit for the farmer and prepared to protect his acres against mortgage foreclosures.

While Mr. Roosevelt personally sought to remove snags from the Senate path of the much-discussed domestic allotment bill for boosting farm prices, the House under domination of the Vice President-elect, Speaker Garner, passed a bill to provide \$75,000,000 for 1933 crop production loans.

Already approved by the Senate, the bill was taken up and passed in speedy fashion under a suspension of rules procedure. Only adjustment of minor difficulties in the Senate and House versions remained between the bill and the White House.

Senate circles buzzed with conjecture, meanwhile, as Mr. Roosevelt definitely took a hand in the legislative fate of the domestic allotment bill by summoning to New York for a hurried conference the ranking Democratic member of the Senate Agriculture Committee, Cotton Ed Smith of South Carolina, who has guardedly expressed his doubts of the measure's wisdom. Until Smith's return Tuesday, the committee agreed to defer its consideration of the bill.

The Roosevelt imprint also was seen in the announcement by Chairman Steagall of the House Banking Committee that congressional action would be expedited on a temporary measure to relieve the farm mortgage loan situation.

Representative Steagall expressed a conviction President Hoover would veto anything but a temporary relief measure. A presidential veto for the domestic allotment plan should it pass the present Congress likewise is forecast, even by its staunchest friends.

FERGUSON LIST 39 APPOINTEES

F. L. DENISON OF TEMPLE TO SUCCEED CONE JOHNSON, HIGHWAY COMMISSION

AUSTIN, Texas, Jan. 16.—Gov. Elect Miram A. Ferguson Saturday announced thirty-nine appointments to serve during her second administration, which will begin when she takes the oath of office shortly after noon Tuesday.

J. H. Davis Jr., a banker of Temple, who was assistant secretary in the office of Gov. Jas. A. Ferguson, has been appointed secretary to Mrs. Ferguson. Assistant secretaries are John Wood of Shelby County; Miss Gladys Little of Bosque County, and Miss Kathleen Trigg of Temple. Miss Cora Langston of Milam County was appointed stenographer in the Governor's office.

Heath Succeeds Mrs. McCullum
W. W. Heath of Grimes County was named Secretary of State to succeed Mrs. Jane Y. McCullum, who is to retire after having served six years, through the administrations of Dan Moody and Ross Sterling. He was the first man to be appointed as head of the department in eight years. Previous to the appointment of Mrs. McCullum, Mrs. Emma Grigsby Meharg of Plainview had served two years under appointment of Mrs. Ferguson at the beginning of her first term as Governor. Heath is a former County Judge and former County Attorney of Grimes County.

A. J. Power of Fort Worth was appointed assistant Secretary of State; Henry Owsley of Denton, blue sky commissioner, and Miss Fredrick Turner of Washington County cashier of the State Department.

Headed by the appointment of Gen. Henry Hutchings of Fort Worth, a former resident of Austin for many years, as Adjutant General, a clean sweep was made in the present personnel of that department and of captains in the State Ranger force. Hutchings is a former Adjutant General, having held that post during the four-year administration of Gov. O. B. Colquitt and part of that of Ferguson. He resigned during the latter's second term in 1917 to go overseas as a Brigadier General with the American Expeditionary Forces. He is recognized as a military authority, having for many years been connected with the National Guard. Hutchings succeeds W. W. Sterling, who retired Saturday.

Ranger Captains Ousted
Mayo Neeland, Jr., of Hunt County was appointed Assistant Adjutant General and Lawrence McGee of Dallas Quartermaster General.

R. W. Aldrich of Austin, who was discharged from service at the beginning of the administration of Governor Sterling, was returned to the ranger force as a Captain. He probably will resume his work as quartermaster of the rangers, a position he held for a number of years. Other Captains appointed were J. E. Vaughan of Presidio County, D. E. Hamer of Dallas, James Robins of San Antonio, H. T. Odneal of Pecos County and W. H. Hammond of Houston.

None of these now is serving on the ranger force. It is understood there is to be a general shakeup in the rangers.

Ranger Captains who are to be retired include Frank A. Hamer, Captain of the headquarters company at Austin, and Tom Hickman, Captain of the company with headquarters at Ft. Worth. Both Hamer and Hickman have been in the service more than a score of years. D. E. Hamer is Frank Hamer's brother.

The Governor's staff includes Mrs. J. E. King of San Antonio, former chairman of the prison advisory committee; Mrs. Lyt J. Womack of Marshall, Wright Armstrong of Houston, Elbert Barron of Sherman, Will Cantrell Jr. of Greenville, J. L. Lancaster of Dallas, A. S. Rimansky of Houston, Robert Stern of Dallas, Walter Timon of San Antonio and Joe Winfree of Houston.

Flynn Is Labor Head
Jack Flynn of Houston was appointed Labor Commissioner. Flynn is head of the Building Trades Council of Houston.

R. L. Daniel of Victoria was returned to the Board of Insurance Commissioners, as Life Insurance Commissioner, a position he formerly held. He succeeds W. A. Tarver, whose term expires Feb. 10. Hunter McLean of Fort Worth was appointed Deputy Insurance Commissioner.

F. L. Denison of Temple, a highway contractor, was appointed a member of the Highway Commission to succeed Cone Johnson of Tyler.

Mrs. Ferguson, despite the naming a few days ago by Governor Sterling of three members of the board of regents of the University of Texas, appointed three members herself. They are

Groom Youngster Hitch Hikes Home

The 14 year old deaf-mute son of Mr. and Mrs. John Farley of Groom, student in the Deaf-Mute School at Austin, got homesick and ran away from the school Sunday about noon, and appeared here in Clarendon late Wednesday afternoon just as his anxious parents drove up to Caraway's restaurant.

This was the first session for the young man at the big school down at Austin and not getting to come home for the holidays, he became homesick and started out for the Panhandle after telling a schoolmate that he was going home. His parents not being able to hear from him had been greatly worried and in desperation finally started out to search for him Wednesday afternoon and as they drove up on Kearney street saw their boy walking into town, greatly to their relief and joy.

Getting five hundred miles from Austin with little or no money isn't an easy job for a grown person with a slick line of talk, and the handicapped young man has quite an interesting story of his adventures on the way home.

Tom Hardin and Clyde Sherwood of the Norris Hardware Co. of Childress were Clarendon visitors Monday.

F. E. Chamberlain and Kelly Chamberlain made a business trip to Enid, Oklahoma on Sunday, returning Monday.

Mr. and Mrs. John Sims, Jr., of Pampa are visiting their parents, Mr. and Mrs. John Sims, Sr., and Mrs. J. B. Baird.

Speculator's progress is consistent. First they are let in on the ground floors and then put out on the street.

J. Luther Stark of Orange, Dr. K. H. Aynsworth of Waco and L. J. Sulak of La Grange. The Senate has not yet considered the appointments made by Sterling.

Edwin J. Kiest of Dallas was made a member of the board of directors of the A. & M. College. Leo Callan of San Antonio was appointed to return to the chairmanship of the Live Stock Sanitary Commission. Other members of the commission appointed were Dr. E. F. Jarrall of Smith County and W. M. Glenn of Angelina County.

A Business is Usually Judged By the Stationery it Uses

Your PRINTING for '33?

—Let us remind you of the fact that our plant is equipped to take care of every Printing Need for any business in this community. We have the latest type faces and our machinery is of the very newest type for every class of printing.

—With expert workmen, and years of experience, we are ever alert to our Customers' Requirements.

—During the year of 1933, let us be YOUR printers, and you will always be proud of your Stationery and Printed Matter.

—A Phone Call to 66 will put us on the Job Immediately.
