LEGION CHIEF TO BE IN AMARILLO

CLARENDON LEGIONNAIRES
WILL JOIN IN AMARILLO
MEETING, MARCH 17

AMARILLO, March 8th.—The largest assemblage of World War veterans the Panhandle has witnessed in recent years is expected here on Friday, March 17, when National Commander Louis A. Johnson comes to this city.

Hanson Post, American Legion, is preparing to make this a gala day, with the expectation that more than 100 Legion Posts of this territory will be strongly represented.

The National Commander will arrive about noon and will be met here by State Commander Carl Nesbitt and other high ranking officers of the Legion. His arrival will be signaled by a parade through the business district, with bands, Legion drum corps, the high school cadet corps

NATIONAL COMMANDER

LOUIS A. JOHNSON

and other appropriate units in line.

In the evening commander Johnson will speak at the Municipal Auditorium, which seats 2,800 and will accommodate 3,500, on the principles and policies of the American Legion. All citizens interested in first-hand information as to the Legion's aims and ideals in the betterment of America are invited to hear this address. It will also be broadcast jointly by stations WDAG and KGRS (1410 kilocycles), beginning at 8:30 p. m.

After the speaking, all visiting Legionnaires and their ladies are invited to be guests of Hanson Post at a reception and dance in the Legion clubrooms in the north wing of the Auditorium.

COACHES STAGE HEATED BATTLE

BILL PAYNE'S "BLACKS" WIN
34-28 SCORE IN HEDLEY
CAGE CONTEST SAT.

One of the interesting features of the Basketball Class B Tournament in Hedley last Saturday night was the affray between two teams composed of the Coaches of the county, including Roy Stargel and the County Superintendent.

Coach Tarp Newman captained the Greens composed of George Kavanaugh, and Dave Waldron, forwards, Sid Thomas and Bob Weatherly, guards, and Capt. Tarp, center. The Blacks were captained by Bill Payne and assisted by Roy Stargel and Kenny Lane, forwards with the goal being protected by Bowen, Gatewood and Jackson while the center was played by the County "supe."

The "Greens" took the lead with a long shot by Trape Newman. From that goal to the end of the game the fans were on their feet. Tarp Newman charged to the goal time and again with

CALF CLUB BOYS HAVE BUSY WEEK

SHOW HERE FOLLOWED BY
SHOW AND CONTEST AT
FAT STOCK SHOW

Four of the future cattlemen of Donley county were very busy over the week-end beginning with the local baby beef show, held here to the Lemons-Thompson Grain Company's store last Saturday.

Judging of the four entries was done by Jos M. Cluck and J. W. Morrison who placed the awards as follows: First John Blocker, Jr.; Second, Alfred McMurtry; Third, Pat Slavin; Fourth Joe Montgomery.

The Pig Club Boys also held a show, with awards being distributed as follows: First, Joe Montgomery; Second, Eugene Butler; Third, Jess Cornell; Fourth, Frank Holtzclaw.

Stock Judging Contest
With fourteen livestock judging teams in the contest Monday at the Amarillo Fat Stock Show, the Clarendon team won third place. In addition, John Blocker, the alternate allowed to the team, made the highest individual score made by any boy in the contest, his score being 368 points.

In the team contest, Sayre, Okla., won first, with a score of 1067 points; Tulla second, with 1050 points; Clarendon third, with 1032 points; McLean fourth, with 1031 points.

Individual scores of the Clarendon team was as follows: Asa Yates, 356; Alfred McMurtry, 347 points; Robert Nichols, 329; John Blocker (alternate) 368 points. Asa Yates also scored 98 points out of a possible 100 on fat heep judging.

INFANT SON OF MR. AND MRS. ERNEST TAYLOR DIES

William Taylor, infant son of Mr. and Mrs. Ernest Taylor, of the Chamberlain community, died Tuesday, March 7.

Funeral services were conducted at the family home by H. A. Harrison, layman of the same community, after which interment was made in the Citizens cemetery.

Mr. and Mrs. J. L. McMurtry, Alfred, and Laverne, were among those present at the Stock Show in Amarillo.

"America Is Not Going Out Of Business"

(AN EDITORIAL)

Our readers' attention is directed to page seven of this issue of The Clarendon NEWS, on which is printed a clean-cut statement by the banks of Clarendon relative to the banking situation. If you have not read the statement, may we suggest to you that you now read it, carefully and thoughtfully, and then turn back to this page?

"America is not going out of business!" say the Clarendon banks.

Here is a ringing challenge to the faint-hearted citizen, ear cocked for baseless rumors, fretting because his working cash funds are temporarily locked up in his bank.

Has Faint-Heart forgotten that he is a stockholder in the most solvent corporation on earth—the United States Government? . . . Has he forgotten that this GIANT CORPORATION is solemnly charged with the responsibility of protecting his person and his property? . . . Does he not realize that if each individual bank in the United States had acted on its own responsibility and relied on its own strength of financial position not one single bank in the land would have been able to escape wreckage by that deadly financial tornado, a "depositors' run?" When a "tornado" of this type strikes, the strongest banks meet the same fate as the weakest.

WHY? . . . Because no bank can so conduct its business, UNDER PRESENT RULES, that it can pay the demands of all its depositors at the same time. When gaunt FEAR stalks abroad in the land, all normal customs of calculating reserve percentages go "hay wire" and the best banker of them all lives in constant fear of the dreaded "run" on his bank. . . . He recognizes his obligation to his depositors as a sacred one, which he should do, he must forget earnings for his stockholders, must reduce lines of credit by pressing for payment of notes and by refusal of loans to surprised and deeply wounded customers, who can not understand what has happened to their credit—all this in order that swift-flying rumor, local or even across state boundaries, may not start a depositor's run which he is not in the best possible position to withstand.

"America is not going out of business!" because swift executive action, of governors and President, has protected (1) the reserves of gold which stand back of United States currency and gold coinage and which is material basis for confidence in her securities, whatever their nature or however low their interest rates, and (2) swift executive action has protected the current working funds of every American citizen who had them in a bank—protecting both gold reserves and current working funds by the modern method of preserving other perishables, literally "freezing" them by moratoria wherever they happened

to be in the circulation system of the economic body of the United States.

The light of a new confidence is shining today in the eyes of American citizens. They, too, believe, like the banks of Clarendon, that "America is not going out of business," but "going back to profitable business." BUT NOT UNDER THE SAME OLD RULES.

The old rules are out of date. Men are saying that there are safer and saner rules than the ones we have been using. The fans are clamoring for new rules and the players are even more concerned if not quite so clamorous.

The News believes that a very large percentage of the bankers of the United States would genuinely welcome reorganization of the banking structure, believing that its reorganization will restore the shaken confidence of the American people. It is clear that the banking structure, before it opens its doors for business again, MUST be able to attract to itself, by its UNQUESTIONED SAFETY, deposits which formerly fled in fright, or it will be unable to hold present deposits now in the grip of the moratorium.

And this is exactly what the people are expecting. Clarendon bankers give utterance to their own sincere hopes in their statement on page seven, when they say, "There is confidence on the part of banks and banks' customers alike that when the Moratorium is lifted banking will be established on a new and higher plane of safety."

AND SO WE SAY that the people of Clarendon and Donley county have true cause to be thankful for sound banks, managed by bankers who have never lost sight of the safety of their depositors' money. Clarendon banks will be able to fall in step with the new banking program, whatever it may be.

The business life of the community gives satisfying evidence of fundamental soundness. It waits only on the improvement of those factors over which it has no direct control, but which affect its prosperity. A fine spirit of optimism pervades the entire country and The NEWS believes that when the "Prosperity March" begins again Donley county will take position in the forefront of the parade.

In the meantime, pending opening of the banks and resumption of their normal functions, "let's swap" not only used articles, farm products and so forth, but good checks on the good money that we have in our good banks. Let's do all the business we can with what we have—and laugh about it. There are no finer optimists in the world than Americans, and they are amazing the world in these troublous times, from which the United States will emerge as a greater nation than ever, because . . .

"America Is Not Going Out of Business."

Wayland Volunteers Here Next Sunday

The special attention of members of First Baptist church, as well as the public generally, is directed to the announcement that the Wayland College Volunteer Band, of Plainview, Texas, will have charge of both morning and evening services at the local church. Everybody is cordially invited to attend.

The programs will be presented by young volunteer religious workers from Wayland College, who own their bus and present similar programs over a large part of West Texas. The theme of the morning service will be "Why Soul Winning is Wise", and of the evening service, "Christ is Knocking."

METHODISTS IN "CHURCH NIGHT"

PRESIDING ELDER BEAVERS
HOLDS SECOND QUARTERLY
CONFERENCE

The usual Wednesday evening prayer meeting service was superseded last evening at the Methodist Church when Presiding Elder M. M. Beavers conducted the second quarterly conference of the year, which was followed by brief meetings of the Sunday School Council and the board of stewards, presided over by Superintendent Ralph Porter and Chairman G. L. Boykin, respectively.

Some sixty members of the church were present and preceding the meetings an informal dinner was enjoyed, each member having brought a "covered dish". The dinner was spread in the basement of the church and a most pleasant social hour was enjoyed.

At the quarterly conference reports from the pastor, Sunday school superintendent, Epworth League, Missionary Society, Social service department, and stewards were heard and the Elder commented favorably on the state of the church.

The conference elected four delegates to the District Conference as follows: J. H. Hurn, W. T. Hayter, G. L. Boykin and Sam M. Braswell. The church has five other members of the conference by ex-officio connection.

A campaign of visitation among membership of the church, inaugurated some weeks ago was reported on and every evidence of growing interest in the various interests of the local organization was noted in every report heard.

Rev. E. B. Bowen announced the annual Spring Revival of the church to begin the week following Easter Sunday, April 16th, with Rev. W. G. Bailey, pastor of the Plainview Methodist Church doing the preaching. Further announcements will be made as the date draws near.

cart led to rail coaches of our present day.

"Another mode of travel developed was water transportation. Men probably first floated themselves and their possessions on logs before the first log was "dug out" and made into a crude canoe, the fore-runner of the boat which was fitted with sails as a labor saver. The advent of steam-powered boat, which has seen a remarkable development into the floating palaces and mammoth freight boats.

"As other means of transportation were developed, man cast a longing eye at the birds of the air and wondered why he could not affix wings to his cart and canoe and soar away at will among the clouds of the sky. During the past thirty years his dream has come true, resulting in the present-day passenger an express system of air transportation."

Mr. Chase then presented interesting historical facts which will be given to our readers in highly condensed form.

The first railroad in Texas was built from Harrisburg to Stafford, a distance of 20 miles, in 1851; later extended to Richmond and in

WANTS ALL SOUND BANKS RE-OPENED

LOCAL BANKS ARE CARING
FOR ALL FOOD AND FEED
REQUIREMENTS

Shortly before noon today President Roosevelt's message was read to Congress assembled in special session making demands for immediate action to re-open the banks of the nation which are sound, while at the same time asking for blanket authority to re-organize unsound banks for prompt re-opening. "Continuation of the strangulation of the nation's banking system is unthinkable," declared Mr. Roosevelt, as he outlined in his brief message the necessity for quick action.

Under the president's plan there is a demand for additional currency for increasing the circulating medium based on adequate security. This refuted any idea of inflation feared by conservatives and won instant approval of the Democratic and Republican leaders alike.

Congress recessed until one-thirty o'clock this afternoon in order that bills called for under the president's message could be whipped into shape for speedy passage.

The gold standard of the nation is safe and optimism prevades the capital according to expressions from leaders in both houses.

With the local banks here caring for the usual handling of funds for food and feed and certain other restriction functions, the promise of banking functions in the nation not later than Monday and with probable guarantee of deposits to the average depositor, there is full cause for optimism and the full prosecution of all forms of legitimate business.

PRIZES OFFERED ESSAY WRITERS

LIONS CLUB'S CONTEST TO
CLOSE APRIL 1. TRIP TO
ST. LOUIS IS OFFERED

Clarendon high school students are invited by the local Lions Club to enter the annual Essay Contest, for which worthwhile prizes are offered by Lions International, by District Governor C. Herbert Walker, and by the local Lions Club. The local contest committee is composed of Lions J. R. Porter, J. T. Patman and Odos Caraway.

Details as to the prize to be offered by the local club will be announced in this paper next week. The winner of the local contest will compete with other winners for the district governor's prize, a handsome gold medal. Winning district essays will compete for the International prize which will be a round trip railroad ticket, with Pullman fare and hotel and meal expenses to the Lions Clubs' International Convention to be held in St. Louis in July.

Contest Rules
SUBJECT: The essay shall be written on the subject: "If I Were a Lion, What Would I Want My Lions Club to Do For Our Community." It must contain suggestions for practical application to the local community, which might be carried on by the Club.

ENTRANTS: This contest is open to accredited high schools, or private schools with a course of study equivalent to accredited high schools. The essay must represent the student's own work.

LENGTH OF ESSAY: The essay submitted shall be limited to a maximum of 500 words. They should be written legibly in ink or typed, on one side of the paper, in English only.

Mrs. W. T. White Died At Hedley Saturday

Mrs. W. T. White, mother of F. A. White of this city and Mrs. S. A. McCarroll, of San Angelo, died March 4, 1933, at her home in Hedley, following an extended illness brought on by advancing years. She was 85 years, three months and eight days old.

Miss Anna Louise Allen was born Nov. 24, 1847, at Columbia, Ala. She was graduated in music at San Augustine, Fla. Her family moved to Texas in 1865, settling at Burton, in Washington county, where she was married on Oct. 29, 1873, to W. T. White. The couple moved to Terrell, Texas, where he engaged in one of the first mercantile businesses to be established. In 1882 they moved to McCullough county, where her husband engaged in the cattle ranching business, later living in San Saba county for five years, prior to moving to Donley county in 1891. Her husband died on Feb. 20, 1917.

Funeral services were held Sunday afternoon at 3:00 o'clock at the First Baptist Church in Hedley, where large numbers of sorrowing friends paid tribute to the life which had left its impress on all who knew her, and who sympathize deeply with the surviving son and daughter. The services were conducted by Rev. M. J. Wells. Interment was made in the Rowe cemetery under the direction of Buntin and Son, morticians, of Clarendon.

CHASE DISCUSSES TRANSPORTATION

GIVES FACTS AND FIGURES
ON DEVELOPMENT OF
TRANSPORTATION, TEXAS

Speaking on "Transportation in Texas," as his assignment on the series of "Know Texas" programs which have been presented at the Lions Club during the past few weeks, A. L. Chase brought some very interesting historical and current facts and figures to the Lions at their Tuesday luncheon last week.

He traced the development of each of the three modes of transportation—by land, by water and by air. "Man first carried his burdens on his back," he said "and in some regions, like Africa, most goods are still carried on the backs of men. When the horse was first domesticated, he was used to carry loads on his back, and it was a short step to attaching him to a sled. In time, wheels were fixed on sleds which thus became carts.

"But the wheeled vehicles demanded wider roads and better roads than foot-paths and so the improvement of roads began. With the advent of steam and internal combustion engines, as well as the electric motor, the use of animals began to give way to swifter modes of transportation. Flanges were put on wheels and tracks were laid, the

PRODUCING BUTTERFAT FOR 5.4 CENTS

With a herd of 14 pure-bred Jerseys that produced an average of about 425 pounds of butterfat each for 1932, C. C. Stewart was able to produce his butterfat at a feed cost of 5.4 cents per pound. Mr. Stewart was pronounced the "master dairy farmer of the Panhandle" in a recently ended contest. He dairy-farms in Randall county, near Canyon, as does H. R. Fulton, who finished second in the same contest.

If you are dairy-minded, you will wonder how they did it. Their county agent attributes their success to the rare combination of high producing cows, a trench silo and sudan pasture. The trench silo was filled with grain sorghums that failed to make, while a well-planned ration of wheat and sudan grass pasture, plus the really good cows, enabled them to make their cows pay handsomely even in a low butterfat market.

HONOR TO WHOM HONOR IS DUE

In common with many communities throughout the length and breadth of the United States, Donley County can count itself among those fortunate communities whose banks have stood calm and serene amidst the storm which has swept the world since October, 1929.

The banks of Donley county have been well and conservatively managed. Not all who would have done so have been able to borrow money from them, and the bankers themselves will doubtless admit that errors in this respect have been made. But if they have erred it has been on the side of safety for their depositors, according to their best judgment as each application has come across their desks.

Today they are in better position to pay the demands of depositors than at any time since 1929, insofar as cash reserves are concerned. Because of the restrictions of the moratorium, they may not meet those demands at once. But every depositor's balance is intact. Criticize Donley county bankers if you feel that you must, but don't forget that they have kept the faith with their depositors—a thing that too many bankers, perhaps unintentionally, have not done, and a thing that is the banker's sacred and greatest obligation.

It's positively refreshing to hear cheerful voices once more! What does it matter that there's no cash in the old pocket today? There's plenty of it in the banks and in the United States Treasury. And it won't be long now until it will be safe for it to get out into circulation again. . . . That's the way the average person feels and, best of all, talks now. . . . even with his money locked up in a bank and him forbidden to check it out in cash. All indications point to an early spring.

What a break, what a break it would be for the Democratic party if the date of the death of Old Man Depression goes into the histories as March 4th! It would make it mighty hard to stop the wild jackass in 1936 or 1940, and so on—until we all get prosperous again.

A banker said here this week, "We have all had the notion that it is better to have dollars than anything else. It won't be long until the fellows who have the dollars are going to be wanting farming land, cattle, hogs, business houses and so on." He's right, folks, he's right.

"ONLY THING TO FEAR IS FEAR ITSELF"

President Roosevelt's inaugural message contained in the brief sentence, "the only thing we have to fear is fear itself," the polite denomination of the disease which has been eating away at the very foundation of economic life in the United States and the World itself.

Long before the stock market crash of Oct. 23, 1929, men had begun to feel the chill of fear—well-founded fear that speculation had placed too high premiums on many securities. In too many cases the demands of stockholders for dividends impelled investment in such securities, not of the stockholders' money but of depositors' money. Thus it came about that, co-incident with the crash of stock market values, banks which had invested depositors' money in speculative securities also began to crash.

Months went by, bank after bank closing their doors, until they were counted by the thousands. One can but marvel at the magnificent loyalty of the greater part of bank depositors throughout the nation in the face of the bitter facts. Enough of them stayed by their banks to enable the well-managed banks to place themselves in strong enough position to meet almost any emergency that might arise from unexpected withdrawals of deposits.

It is probable that the recent disclosures, before the Senate investigating committee, of crookedness and sheer

dishonesty among bankers who had been implicitly trusted, bankers who were bankers for country bankers, proved the proverbial "straw that broke the camel's back."

In Michigan there began a quiet withdrawal of deposits which increased so rapidly that the governor of that state, in desperation, proclaimed a bank holiday. He explained that the banks of his state must have time to get themselves in better shape; that perfectly solvent banks would be wrecked by disorderly withdrawals of deposits.

But the fire had started, and in the tinder of dried-up confidence, fanned by the swift wind of rumor, it spread to adjoining states, reaching in an incredibly short time to our own State. Advised by the best banking minds in Texas, who saw but the one course for saving their depositors' money, Governor Ferguson proclaimed a bank holiday for Texas. Two days later the entire nation's banks were closed under holiday proclamations by both state and national governments.

The attitude of the American people toward the drastic steps which have been taken will stand forever as a tribute to their commonsense and courage. There has been an almost total lack of panic. "It was the best thing to do," was the universal comment.

They regard it so for the one reason that they KNOW that the banks can not be reopened until it is SAFE to open them. And they believe that their new President, who speaks so plainly, means to make banking ABSOLUTELY SAFE.

Once that is done there will be nothing for FEAR to feed on—and the Depression will be over. A nation that is sick and weary in the long fight against fear waits hopefully to see if the 73rd Congress will act speedily and in harmony with the President. If it can not do this, it should clothe the President with war powers which he will then expect. He read the minds of his fellow Americans rightly when he said in his address, "This nation asks for action, and action now."

Get Rid of That SORE THROAT!

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of genuine Bayer Aspirin in some water, and gargle at once. This gives you instant relief, and reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, repeat. There's usually a cold with the sore throat, so before gargling take two tablets to throw off your cold, headache, stiffness or other cold symptoms. Bayer Aspirin relieves neuralgia, neuritis, too. You may use it freely, it does not hurt the heart.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

THE FUTURE LOOKS BRIGHTER TO US

The events of the past few days point the way, we believe, to the ultimate solution of America's economic troubles. Let renewed Confidence banish Fear and nothing can prevent the return of Prosperity

ZANGARA HONORED

TEMPLE, Feb. 28—Four hundred persons including the managing editor of a daily newspaper here signed a petition addressed to President-Elect Roosevelt that he name Giuseppe Zangara, the man who attempted to assassinate

him at Miami, a member of his cabinet.

Only four persons refused to sign the document, a reporter for a local newspaper said. The name of the convicted man was included in the petition which began with a plea that the President-elect adopt a policy of economy in

government expenses. With the exception of the four who refused to sign the petition, none read farther than the first paragraph of the petition, its sponsor said. —Amarillo Daily News.

THE DAWN OF A NEW DAY?

Our neighbors are looking more cheerful, even though their banks have been temporarily closed by government proclamation. They are cheerful because they believe, as do Clifford and Ray, that forces are in motion that will set business on its feet again. Isn't it the dawn of a NEW DAY? We believe it.

SPORTS

SPORT SPUTTERS
BY O. C. WATSON, JR.

Here is news that most every sport fan has been waiting for—the date of the Clarendon Junior College Track Meet, which has been set for Saturday, April 1. We hope that you fans and merchants will get behind this meet and help put it over in a big way. Here is the plan: Each merchant or fan in the city is asked to give at least one dollar, or, if he does not choose to give a dollar, he may buy a shirt, a pair of socks, suit of underwear, a sweater, or anything in that line that a boy can wear. The money which is given by the merchants and fans will go to buy these different articles. And all of the articles bought will be given as prizes. In this meet there are to be some 36 prizes, two prizes for each event, one prize for high-point man in track and field events, and one prize for the winning team.

Chamberlain school captured the County Basketball Tournament at Hedley, Friday and Saturday. The Chamberlain boys defeating Giles in the finals, and girls defeating Lelia Lake. This makes two straight tournaments that Chamberlain has captured, both for boys and girls. However these victories of the boys' team were usually caused from the brilliant placing of one player, T. C. Isham.

Plans for the County Interscholastic Meet are getting under way. The meet is to be held in Clarendon Friday and Saturday, March 25th and 26th. The officials do not know for sure whether prizes will be given or not; probably

and Mr. and Mrs. Clark Alexander and daughters, visited Sunday with Mr. and Mrs. Richmond Bowlin.

We will have singing the first and fourth Sunday afternoons of each month at the school house and we invite every one to come and help us.

THE CHURCH LOST AND FOUND

V. "The Restoration Movement"

We have learned that during the Reformation Period of Church History, that great leaders gave their lives trying to reform the church and its program. Through many years they labored in this Reformation work. They did much and lasting good, but the movement was a failure, but it paved the way for the next great religious movement, the Restoration Movement.

The aim of the leaders of the Restoration period was different from that of the leaders of the Reformation. The aim of the Luther was to reform the Roman Catholic Church, while John Wesley lived and died in the Church of England, and had no intention of organizing another religious body. The aim of the leaders of the Restoration movement was not to reform, but to restore the New Testament Church. They sought to go back beyond England, and the Episcopal Church, they went back beyond Germany and the Lutheran church, still backward they pushed beyond Geneva and the Presbyterian Church, beyond Constantinople and the Greek Church, back of Rome and the Roman Catholic church, backward they went until they reached the starting point of the church, which was in Jerusalem.

These leaders labored to restore the purpose and the plan of the New Testament church. It's organization it was shown to be a democracy, with no place for the ecclesiastical spirit which had been handed down from the Dark Ages. The New Testament plan of congregational government, consisting of two groups of church officers, known as elders and deacons, was adopted. They diligently sought to restore the divine creed, for all could not accept the Augsburg Confession, the Westminster Confession, or the Thirty-nine Articles, or any of the many man-made creeds which were in existence at that time.

These leaders discovered that the Scriptures taught that members of the church were all members of the same family and would wear the family name. They found that the early discip-

les were called Christians, they also found that human names caused strife and jealousy among the various religious bodies, and that they were contrary to the teaching of Christ and the apostles. These leaders appealed to all religious bodies to cast off, every man-made creed, name, or doctrine and accept and hold on to the New Testament and its teachings only. (Next Week, "The Church Found.")—W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

School Notes

By SLOAN BAKER,

A number of the Donley County Schools have called meetings this week of the patrons and trustees to form petitions to be sent to their Representatives at Austin asking for some additional appropriations for the public schools next year. The present appropriation will allow but eight or nine dollars per capita next year. The schools of the county believe that the schools should be the minimum. The schools in general favor the following:

- (1) Retaining the six year age limit law.
- (2) Apportionment of a third of the gasoline tax.
- (3) A sales tax for public school purposes only.
- (4) State Apportionment based on the Census.

President Stillwell of the State Teachers Association says, "The fight for support of the schools cannot be won by any number of men working at Austin before committees or with individual legislators. It can be won only at home in the districts of the individual legislators. "We, the citizens of Donley County, should petition our Representatives and Governor for the laws that will make enough revenue available."

The Principal-Trustees Association Executive Committee has been appointed by President G. G. Reeves. On account of the distance of the schools from a central meeting place, it has been thought advisable to divide the County into five districts, with one trustee and one principal from each district on the executive committee. The President and County Superintendent have made the following divisions: District No. 1—Watkins, Skillet, Glenwood, Whitefish; with Trustee T. E. Crisp of Whitefish and Principal D. P. Smith of Skillet on the County Executive Committee; District No. 2—Jericho, Goldston, Martin, and Ashtola Schools, with Trustee Geo. Shoop of Jericho and Principal Sid Thomas of Ashtola on the County Executive Committee; District No. 3—Chamberlain, Windy Valley, Hudgins, and Barefield, with Trustee R. F. Wiedman of Barefield and Principal Clarence Jackson of Chamberlain School on the County Executive Committee; District No. 4—Smith Giles, McKnight and Bray, with Trustee B. A. Keyser, Baker, Giles, on the Executive Committee of the County; District No. 5—Fairview, Sunnyview, Pleasant Valley, and Hackberry, with Trustee K. C. Read of Fairview and M. S. John Naylor of Hackberry on the County Executive Committee. The first meeting for each district will be in the following places on the night of Friday, March 31st: District No. 1 at Whitefish, District No. 2 at Martin, District No. 3 at Windy Valley, District No. 4 at McKnight, and District No. 5 at Sunnyview. The members of the Executive Committee from each District will have charge of the organization at each meeting, and will outline the first program.

The Pleasant Valley school pupils furnished an enjoyable program for the joint meeting of the patrons of the Pleasant

Valley and Hackberry schools last Friday evening. It was decided at this meeting to consolidate these two districts and place the new consolidated school half way between the present schools. A committee was appointed to work out further plans. Mr. J. A. Meaders of Pleasant Valley is Chairman of this Committee which will meet at the home of Mr. Nelise Robinson, Wednesday night of this week.

The Class B basketball meet at Hedley last Friday and Saturday showed that there was a number of teams in the County about alike, as a number of games were won by one and two point margins. Giles Senior boys furnished the biggest thrill by beating Lelia Lake by a score of 41 to 13.

Giles Junior boys won the finals in Junior Class. Chamberlain Senior boys and girls took first honors in their class. Lelia Lake girls, Giles Senior boys and Goldston Juniors were runners up in the finals.

Interscholastic League Contestants are working hard for the meet to be held in Clarendon, March 24th and 25th.

SOCIETY

LORRAINE PATRICK, Editor

Clarendon Girls Are Honored In Amarillo

Clarendon's Princess, Julia Mae Caraway and her Maid of Honor, Wylfa Lee Alexander, were among the honor guests for several very attractive affairs during their stay in Amarillo.

Monday afternoon they attended a Reception and Tea on the Mezzanine floor of the Herring Hotel, which was followed by a rehearsal at the Auditorium. They were honored with a banquet at the Silver Grill, preceding the Pageant of Progress. The climax of the eventful day was the Queen's Ball at the Nat.

The girls were escorted by William Green and J. P. Rhode. Miss Caraway was becomingly gowned in hyacinth blue crepe while Miss Alexander was very attractive in green taffeta.

Tuesday they were among the honor guests at a lovely luncheon given for the visiting cattlemen's wives, daughters, and visiting royalty. The hostess for the affair included Amarillo cattlemen's wives and daughters.

Other attending from Clarendon were: Mrs. J. L. McMurtry, Mrs. J. F. Blocker, Mrs. C. T. McMurtry, Mrs. Si Johnson, and Miss Emma Lee Johnson.

Another local girl, Miss Roberta LaFon, who is attending West Texas State Teacher's College at Canyon, was Maid of Honor to Miss Mary Helen Hardin, Princess from that school.

Miss LaFon shared the honors with Miss Hardin, and Clarendon is proud that her attractive daughters are being recognized.

Mrs. Charles Trent Is Hostess

Mrs. Charles Trent was charming hostess to members of the Friday Bridge Club and a few friends last Friday afternoon at her lovely home.

Several games of auction bridge were enjoyed with Mrs. Simmons Powell winning high score and receiving a lovely prize.

A color scheme of pink and blue predominated in the delectable afternoon luncheon and also in the attractive tallies.

Present for the enjoyable occasion were: Mrs. Carroll Knorpp, Mrs. C. G. Stricklin, Mrs. Meade Halle, Mrs. Simmons Powell, Mrs. J. F. Morris, Mrs. Penelope Blocker-Ellis, Mrs. L. R. Porter, and Mrs. Ralph Kerbow, invited guests.

Mrs. Floyd Lumpkin, Mrs. Frank Stocking, Mrs. Forest Taylor, and Mrs. Parke Chamberlain, club members.

1926 Book Club In Session

With Luma Smith and Temple Harris as hostesses, members of the 1926 Book Club gathered at the Woman's Club Room Tuesday afternoon to hear "Cobweb House", by Elizabeth Hughes Holloway.

After the business meeting in which the president, Rita Foster Stocking was elected as delegate to the Convention at Hereford, the program was turned over to Edith Ballew, the leader, who in turn introduced Mrs. Holloway, sister-in-law of the author. Mrs. Holloway gave very interesting sidelights on Miss Holloway's life, after which Lorraine Patrick gave a summary of the book.

At the close of the study dainty refreshments and a social hour were enjoyed.

Mr. and Mrs. Gamblin Entertain

The Good Will Club members and their husbands were honor guests at a lovely party Thursday evening given by Mr. and Mrs. Claude Gamblin.

Games of forty-two were played with Mrs. Si Johnson winning high, and Mrs. Johnnie Johnson low.

After a most enjoyable evening dainty refreshments of ice cream and cake were served to: Mrs. Blanche Oden, Mrs. Claudyne Rateliff, Mr. Wilson Gray, Mr. Homer Bones, Mr. and Mrs. Fred Russell, Mr. and Mrs. Don Martin, Mr. and Mrs. Si Johnson, Mr. and Mrs. Melvin Cook, Mr. and Mrs. Lucian Bones, Mr. and Mrs. H. L. Brady, Mr. and Mrs. Will Johnson, and Mr. and Mrs. Johnnie Johnson.

In spite of all the mistakes and tragedies of love, it remains the same.

Mrs. Lenode Goldston Complimented

Among the many attractive social affairs of the week was the lovely bridge party given by Mrs. Floyd Lumpkin Tuesday afternoon, honoring Mrs. Lenode Goldston of Dallas, who is visiting here. Mrs. Goldston will be remembered as Miss Ada Benson.

When the guests arrived, tables in readiness for bridge awaited them and the playing soon began.

At the conclusion of the games, Mrs. Fred Mayer was proclaimed winner of high score, after which a delicious afternoon luncheon was served to:

Mrs. Goldston, the honoree, Miss Katherine Cole, Miss Lotta Bourland, Mrs. Meade Halle, Mrs. Barcus Antrobus, Mrs. Fred Mayer, Mrs. Carl Bennett, Jr., Mrs. Leonard Parker of Hereford, Mrs. Earl Alexander, Mrs. Charles Trent, Mrs. J. E. Teer, Mrs. B. F. Kirtley, and Mrs. Simmons Powell.

Buffet Supper

Mr. and Mrs. Carroll Knorpp were genial host and hostess to their Bridge Club Tuesday evening when they entertained with a Buffet Supper at their home.

The table was centered with a silver candelabra from which three green tapers burned. The St. Patrick motif was also carried out in the tallies.

In the games of bridge which followed the supper, Kelly Chamberlain won high score and received a nice prize.

Attending were: Mr. and Mrs. Ira Merchant, Mr. and Mrs. Kelly Chamberlain, and Mr. and Mrs. Parke Chamberlain.

Birthday Party

Louise Russell celebrated her eleventh birthday February 27th, by inviting several of her friends to her home for the afternoon.

Games of various kinds were played during the afternoon. Later Mrs. Russell served the kiddies hot chocolate and cake.

Helping her celebrate were: Ruth and Ruby Blackman, Althea Gray, Naomi Morris, Mabel Johnson, Billy Louise Gilbert, Doris Bones, Dorothy Noble, and Soxie Stocking.

Junior Beaux Arts In Western Program

The Junior Beaux Arts enjoyed a Western program at the home of Mrs. J. W. Evans, Wednesday afternoon.

Geraldine Pratt gave a history of cowboy songs, after which she read "Roll on Little Dogies," Lu McClellan sang "Cowboy Joe" and "Cowboy's Dream," the latter being composed by his grandfather, Mr. Harmon Elkins, at a camp meeting at Snyder, Texas. "Western Poetry" was discussed by Berkeley Ryan.

The club also had the privilege of hearing Harold Bugbee discuss "Western Art", which he illustrated with some paintings.

La Verne Darden Celebrates

Little La Verne Darden's fifth birthday will be long remembered by her as a very happy and festive one.

Her mother, Mrs. G. Sam Darden invited several of her little friends in and the children played games of every description all afternoon, until they were called in to partake of delicious refreshments. A huge white cake, adorned with five gleaming candles greeted their eyes and this La Verne proceeded to blow out, much to the merriment of the children.

To enjoy this festive occasion were: Elsie Norwood, Alma Louise Murphy, Marilyn Mayer, Janice and Louise Westmoreland, Kathleen Grady, Carl Marcellus Bennett, Gordon Simpson, Carl Eugene Parsons, Neil Ellis and Dewey Tom Heath.

1930 Needle Club

The members of the 1930 Needle Club were guests of Mrs. Ralph Andis at her home Tuesday afternoon.

Pleasant reminiscence and fancy needle work were enjoyed throughout the afternoon with a delicious salad course carrying out the St. Patrick motif being served by the hostess to:

Mrs. Vada Carpenter, Mrs. Turner Kirby, Mrs. Clarence Whitlock, Mrs. Rhea Couch, Mrs. Ralph Decker, Mrs. Marvin Land, Mrs. Ben Buck, and Mrs. U. Z. Patterson.

Dan Bell, resident in Clarendon from 1891 to 1907, when he moved to Amarillo, was a visitor here Friday. Mr. Bell retired six years ago from active service for the Ft. Worth and Denver railroad, and wears a 30-year service button. The Burlington Veterans Association, of which he is a member, will have its next quarterly meeting at Childress on St. Patrick's day, March 17.

MacDowell Club to Have Good Program

Mrs. Ralph Kerbow, leader for the MacDowell Club has promised a splendid program for next Saturday evening, when the club will meet in the Woman's Club Room with Miss Etta Harned and Mrs. Tom Goldston as hostesses.

With Rhythm as the theme, Mrs. Kerbow has arranged the following program which will emphasize the different kinds of Rhythms.

Roll Call—Musical terms. Indian Snake Dance—Barbara Smith.

Paradise—Vinnese Folk Song, Kreisler—Joyce Link. Spinning Song, Ellernich—Jane Kerbow.

Ereign Folk Songs—High School Spanish Class. Orientale, Cui—Mrs. G. L. Boykin.

Duet, "Over Hill and Dale." Engelmann—Dorothy Kerbow and Jane Kerbow.

My Heart is Singing, San Souci—Miss Anna Moores. The Music Box, Ladiot—Mrs. Simmons Powell.

Duet—March, Bohm—Dorothy Powell and Joy McCanne. The Clock, Sherwood, and the Bells of Saint Mary's, Adams—MacDowell Chorus.

1930 Good Will Club

Meeting with Mrs. Claude Gamblin Thursday, members of the 1930 Good Will Club spent a delightful afternoon as her guests.

Fancy needle work and pleasant conversation featured the entertainment until dainty refreshments were served to: Mesdames A. O. Yates, Si Johnson, Fred Russell, Don Martin, Lucian Bones, Will Johnson, Johnnie Johnson, Melvin Cooke, and Joe Carlile.

The Panhandle Plains wheat crop has been badly damaged by the extended dry weather and high winds, according to Tom F. Connally, grain man, who has just returned from a trip on which he inspected a large part of the crop. "A great deal of the crop has been lost by blowing out of the ground," he said.

Mr. and Mrs. J. F. Blocker, and Mrs. W. H. Patrick were Amarillo visitors Tuesday.

Pampa Business Women To Entertain Large Conference

The Pampa Business and Professional Women's club and the city as a whole will be hostesses at the fifth annual District One conference of the Texas Federation of Business and Professional Women's clubs April 22 and 23.

Delegates are expected from the Amarillo, Borger, Childress, Clarendon, Dalhart, Electra, Hereford, Levelland, Lubbock, Memphis, Plainview, Quanah, Shamrock and Vernon clubs which now comprise the district. Representatives from the state board of directors and guests from other districts in the state have signified their intention to attend.

Headquarters will be maintained at the Schneider hotel, where practically all functions will be held. Delegates attending this meeting are representative business and professional women of the Panhandle. Mrs. Irene Huber, district 1 director, of Vernon, spent the last week-end conferring with local club members. Club committees have been working on their plans for months, and only the last minute details remain to be completed before the visitors arrive.

Guests will be entertained at a dinner-dance Saturday night, an emblem breakfast on Sunday morning and at luncheon Sunday noon. The limited time allowed for the conference necessitates an almost constant session. However, guests will find time to shop and mingle with citizens.

Miss Mary O. Lilyerstrom, state president, of Beaumont; Miss Mary Jane Higgins, director-at-large, of Fort Worth; Mrs. Faye Gordon, first vice-president, of Amarillo, and Mrs. Irene Huber, district 1 director, of Vernon, will have prominent parts on the program.—Pampa Daily News.

Among Clarendon people who attended the Fat Stock Show pageant Monday night were Misses Mantie Graves, Opal Pyle and Norma Rhode, and Messrs. William Green and J. P. Rhode.

Roy Wadsworth, of Longview, Texas, who is a member of the office force of the East Texas Refining company, visited with Ray Roberts, of Clarendon, last week, returning to Longview Saturday morning.

MRS POWELL'S PUPILS IN RECITAL TUESDAY, MAR. 14

The public is invited to attend a piano recital which will be given by pupils from Mrs. Elizabeth Powell's class. The numbers on the program will be contest pieces which the pupils will play at the Panhandle Music Festival in Amarillo, March 16-17-18.

Pupils who will appear on the program are: Billie Cooke, June McMurtry, Dorothy Powell, Joy McCanne, Kathryn Cornel, Arthur Chase, Barbara Smith, Pauline Shelton, Adeline Smith and Delphia Bones. The recital will be given next Tuesday afternoon, March 14, at 4:00 o'clock, at the College auditorium.

Mr. and Mrs. Henry Tomb took three members of the Junior Band to Aarillo last Monday, the bandmen being Henry D. Tomb, Jr., John M. Bass, Jr., and Rayburn Smith, Jr. With so many "Juniors" in it, there is good reason for calling the band "the Junior Band."

W. H. Patrick was in Dallas Sunday to attend a meeting of the Federal Reserve Bank board of directors.

MRS. KATE HARDMAN DIES AT FALMOUTH, KENTUCKY

G. W. Antrobus received a wire Wednesday morning stating that his sister, Mrs. Kate Hardman, 82 years old, had died at her home in Falmouth, Ky., and that her funeral would take place Thursday.

Mr. Antrobus returned just last week from an extended visit with Mrs. Hardman during her long illness. The News joins his friends in sympathy for him in the loss of his aged sister, whose last rites he was unable to attend on account of the distance.

Mr. and Mrs. Ernest Hunt are being congratulated over the arrival of a fine 10-pound boy—Ernest Lloyd, Jr.

Richard Bell, son of M. E. Bell, and son-in-law of A. T. Cole, was rushed to this city Wednesday night for an emergency appendicitis operation which will be performed today at the Adair hospital. He was brought by his wife in three hours from their ranch home near Vigo Parg, 90 miles from Clarendon.

CLARENDON BAND GOES TO AMARILLO

On Monday, March 6, the Clarendon Band left Clarendon about 1:00 o'clock to attend the Fat Stock Show that is being held in Amarillo at the present time. On arriving in Amarillo all of the members of the band visited all of the stock buildings and side attractions. At three-thirty the band assembled at KGRS broadcasting station and spent the next hour broadcasting some very beautiful music. Later in the evening most of the members attended the auto show and enjoyed it very much. At seven-thirty they played a concert in front of the city hall. In the end all of the members were admitted free to the pageant.

JUNIOR HIGH SCHOOL

The Junior High School is planning to have a good track team this year and they are really working. Boy! We're gonna' make some strong competition for some body.

The girls have also started Volley Ball and they are "plenty good."

Play ground ball is in full swing with both the boys and girls and who ever beats us will have a swell team.

Declamation, spelling and other things are being practiced. We feel as if Junior High School is going to be outstanding in the County Meet.

Alpha Delta Psi Literary Society

The Alpha Delta Psi Literary Society met last Wednesday night with a fair attendance. After a short discussion in regard to future activities a program was rendered by several of the members.

The program was a discussion of the origin and development of various musical instruments with musical numbers at intervals. Nova Cook gave a history of the violin which was followed by a violin solo by Delphia Bones with Barbara Smith accompanying at the piano. Barbara Smith rendered a piano solo after Emily Smith had given a history of the piano showing pictures representing and illustrating the various stages of piano development. Harold Phelps told how the saxophone originated, and for the conclusion of the program Oleta Camp gave a talk "In appreciation of Music."

ESSAY AND SPELLING IN INTERSCHOLASTIC LEAGUE

Work in the Essay Writing, Declamation, and Spelling divisions of the Interscholastic League is progressing in a satisfactory manner. Clarendon is hoping to have winning students in these events.

Miss Thornton, teacher of Sophomore and Junior English, is directing the work of students entering Essay Writing. The Sophomore entrants are having to do more practice work than the more advanced students. The number of entrants is double that of those entered last year. Elois Hill, Vivian Taylor, Helen Louise Green, Jo Ella Stewart, Geraldine Pratt, and Raymond Tidwell are students entered in this event.

The declaimers, Drew Wilkerson, Bob Boston, Ruby Dell Scoggins, Rosalyn Bass, and Mary Travis Dyer, are working under the supervision of Miss Jimmie Morgan. All of these have selected their declamations and most of them have started the work

of memorizing. Miss Harris is working with a record number of entrants in the Spelling and Plain Writing Contest. The entrants are: Mary Ella Barnard, Emma Ruth Burkett, Herbert Carlson, Billy Gamblin, Beatrice Gorman, Mildred Goladay, Bonnie Hardin, Billy Johnson, Georgia Lutz, Beulah McClenny, Avis Lee McElvaney, Theodore Myers, Onnie Oakley, Ardis Patman, Dorothy Phelps, Gladys Salmon, Kenneth Sherman, Emmet Simmons, Willard Skelton, Peggy Taylor, Curtis Thomas, Callie Walters, Asa Yates, and Lucille Yates. From this number, four will be chosen to represent Clarendon in the Senior division of the Spelling and Plain Writing Contest.

AGRICULTURE REPORT

The livestock fed by the vocational agriculture boys was exhibited at the vacant lot across from the city hall Saturday. Prizes were awarded for the best fat calves and hogs shown. The calves were judged by Mr. Cluck and Mr. Morrison, who selected John Blocker's calf for first place, Alfred McMurtry's second, Pat Slavin, of Almarred third, and Joe Montgomery's fourth. Cash prizes were awarded to each. In the fat hog division Joe Montgomery won first, Gene Butler second, Jessie Cornell third and Frank Holtzlow fourth. Cash prizes were awarded to these also. All of the animals with the exception of three hogs, have been taken to Amarillo this week and entered in the fat stock show there.

CLASS B BASKET BALL TOURNAMENT

The B-class basket ball teams of Donley County held a basket ball tournament at Hedley last Friday and Saturday. There were three divisions, Senior Boys, Junior Boys, and Senior Girls. There were many very close games, some won by woin point, but Chamberlain finally won out in Senior Boys and Senior Girls, Giles winning the Junior Boys.

Palo Duro Literary Society

The Palo Duro Literary Society met Wednesday night, March 1. The attendance was very small, in fact, it was entirely too small for the Palo Duro Society. Surely the old Palo Durians are not back sliding. Interest must be revived as well as attendance; so let's all be at the next meeting to do our part.

The program was almost as short as the attendance but that did not necessarily alter the quality any. Mike Stricklin finally read that short story that the society has looked forward to for so long. It was the story itself for which the members have so patiently waited, but it was the reader who has been put on the program several times before, but who complied for the first time on Wednesday night. Fred Bourland gave a brief but interesting talk on Technocracy and its possibilities, and Josephine Murphy read several jokes. There was no music on the program for the first time this year, but this was due to the absence of one who was supposed to play.

HOME ECONOMICS

Miss Sibyl Thomas, home economics supervisor from Lubbock, visited the Home Economics department last Friday, spending the morning in the department. This was her first visit and she was gratified to find such a large and well equipped department.

The first year girls are planning to serve a series of breakfasts this week. Each class serving at one time, one being served

in the sewing laboratory and the other in the dining room.

The second year girls are making tailored silk dresses. Some of them are to be used as graduation dresses.

The third year girls are finishing their house problems. They plan to visit the furniture store this week and look over some furniture.

The boys class have finished the clothing selection unit, each having learned the most becoming colors and most suitable lines he should wear.

JUNIOR HIGH SCHOOL STUDENTS ENJOY PROGRAM

The Junior High School enjoyed a program Friday afternoon at 2:45 o'clock in the auditorium.

Mrs. Bass was in charge of the program. The audience sang several numbers first and then the program was continued by many good piano solos and duets and readings.

Readings—Sarah Virginia Mc-

Gowan.
 Piano Solo—Zelda Ruth Nored.
 Piano Duet—Zelda Ruth Nored and Phoebe Ann Buntin.
 Piano Solo—Rosalyn Bass.
 Piano Solo—Eloise Hill.
 Piano Duet—Mrs. Bass and Rosalyn Bass.

The audience sang one more number and thus ended the program. We wish to thank Mrs. Bass for this delightful program and to welcome her back to our school.

MINNESOTA IS A GREAT STATE, SAYS C. WELLS

How many people know that Lindbergh, Kellogg, Sinclair Lewis and Galli-Curci are natives of Minnesota and that this unusual state of more than 11,000 lakes was visited in 1362 by Viking explorers, hundreds of years before Raddisson, LaSalle

and Marquette were born?

The forgoing are but a few of the unusual facts about the "gopher" state to be presented to radio fans throughout the nation by Carveth Wells, Continental Oil Company radio entertainer, in his regular Wednesday night broadcast on March 15.

To provide historical spice, Wells resurrects the ghost of Hiawatha and learns why this great war chief deserted his people.

The Conoco program may be heard by local listeners who tune in on stations WFAA, WOAI or KOA Wednesday night at 9:30 o'clock.

A new feeling for men past fifty

If you've let yourself grow systematically old, here is a way to stimulate yourself without the slightest harm, and, in fact, with effects beneficial to the entire body.

This method of stimulating a sluggish system to new life is a doctor's discovery, so no one need hesitate to try it or believe in it. It is a sane, sensible way to keep keenly alive.

The only medicine you take is a most likeable and remarkable syrup made with fresh herbs, active senna, and pure pepsin. The benefits are many, and far-reaching. Its immediate effect on the lower bowel gets rid of lingering poisons better than a powerful laxative. In fact, you will need no other laxative if you take an occasional spoonful of Dr. Caldwell's Syrup Pepsin.

If you regard yourself in fairly good health now, you might still find after a week or two of this gentle stimulation that you were only in a state of half-health before. It makes an amazing difference in the way one feels, especially at an age when one inclines toward auto-intoxication. (Daily headaches, failing appetite and tiring too easily are apt to be symptoms of a toxic condition.)

Women, too, get decided benefit from a few weeks' regulation with Dr. Caldwell's Syrup Pepsin.

AMERICA IS NOT Going Out of Business!

W. H. PATRICK, President
First National Bank

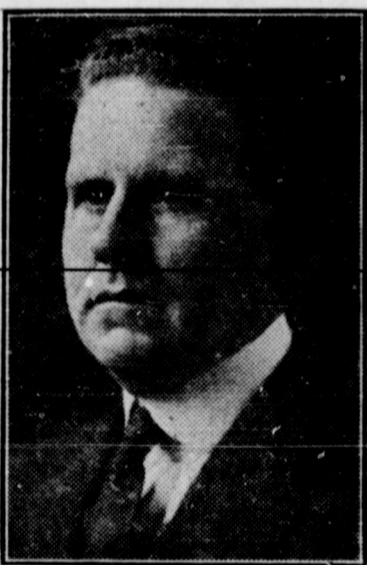

ON THE CONTRARY, America is getting ready to go back to profitable business—for the farmer, the cattleman, the merchant, the professional man and every other person who is a part of what we call the "World Market."

THE MORATORIUM was necessary to save the banks of the United States from a minority of "panicky" people, whose withdrawals of their deposits would have forced the majority of banks to close. There is confidence on the part of banks and banks' customers alike that when the Moratorium is lifted banking will be established on a new and higher plane of safety.

W. W. TAYLOR, Cashier
First National Bank

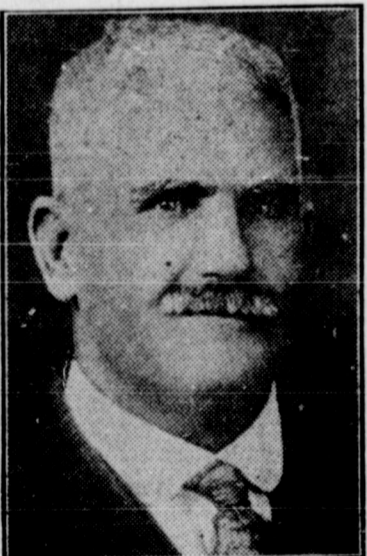

WESLEY KNORPP, President
Donley County State Bank

THIS CONFIDENCE is voiced in a nation-wide feeling that the Moratorium marks the beginning of a NEW DAY and the END of the hateful thing we know as "The Depression." The feeling is universal and so strong that the psychology of the feeling will go far toward conquering the FEAR which has been the ruling factor in prolonging the depression period.

F. E. CHAMBERLAIN, Vice Pres.
Donley County State Bank

THE BANKS OF CLARENDON feel a just pride in the fact that they are today in an extremely strong position and able to meet more than normal demands of their depositors. But it will be necessary for them to abide by the National and State Laws which apply to them and to all other banks. We bespeak a continuation of the magnificent confidence which has been bestowed upon our institutions and pledge our extension of every banking facility possible under existing conditions.

W. P. CAGLE, President
Farmers State Bank

ESPECIALLY DO WE URGE a calm confidence on the part of all the people of Donley County in the speedy and certain working out of plans for the revival of normal and profitable business. Feel assured that America is going back to profitable business!

two opponents hanging on to his arms. Bob Weatherly, of the Greens, proved himself to be a very practiced higger, drawing penalties for the same. During the entire contest Roy Stargel showed himself to be master of every phase of the game. Kenny Lane awoke, untracked and played as in former High School days, being high point man for the Blacks. Dave Waldron was the most spectacular player with his hop skip and jump and air-drome shooting. Sid Thomas, the veteran of many a basket ball fray, almost threw a goal in the third quarter. George Kavanaugh undoubled, making the longest field shot for the Greens. Baker was continually picking himself up, after the charges of Tarp, but this did not interfere with his passing to Kenny Lane. Jackson

of the "Blacks" swung the cow hide to Stargel, who chucked the ball into the hoop. Bowen was the most consistent opposition against the Greens, continually blocking players and plays. Gatewood of the Blacks kept the Green triple-thread men from scoring. The Blacks showed the excellent coaching of Bill Payne by emerging with the long end of a 34-28 score. The official of the battle was Dick Nichols, who had to make one decision by flipping a coin.

At the beginning of the Civil War there were 361 miles of railroad in Texas, and by 1870 about 700 miles. Early railroads were financed largely by land grants from the state and in some cases by bond issues by cities and counties as bonuses.

In 1890 there were 8710 miles of railroad in Texas; in 1900, 9867; in 1910, 13,819 miles; in 1920, 16,650 miles and by the end of 1932, 17,500 miles.

In addition to steam lines, there are nine interurban electric lines in Texas, with 483 miles of lines in Texas, with 483 miles of track. There are 23 electric street car systems, with a mileage of 595, of which 110 miles are in the city of Dallas.

There are 92 bus lines operating in Texas on regular schedules; 400 Class A truck lines on regular schedules and many smaller feeder lines. These carried four million dollars worth of freight in 1930. There are 350 air ports and emergency landing fields in Texas, the main routes being marked with revolving beacons for night flying.
